## Hereford Sale In Preparation For Jan. 28

W. T. Womble, sales manager of the Fifth Annual Hereford Breeders Auction, says that preparations are nearing completion for the big event to happen here on Thursday, January 28. The big sales pavilion, remodeled last year, has been put in readiness, and the fine, pure-bred animals will be brought in now as weather and conditions permit, to get them in final shape for the auction. Fifty registered bulls of the anxiety 4th blood line will be sold. Col. Fred Heppert, veteran livestock auctioneer, who has for years conducted the Hereford sales here, will again be present as chief salesman, assisted by Ray Barber, and other experienced auctioneers.

Local breeders who are consigning bulls to the sale this year are Mrs. L. B. Brady and Sons, George Burch, R. L. Campbell, Travis Dameron, Ed East, J. B. France, T. H. Hines, T. C. Ivey, D. L. McDonald, T. E. Seigler, Leo N. Wolfe and W. T. Womble and Sons.

The annual event of the registered Hereford sale is an important one in local history. Buyers come from all over the United States and oftentimes from Canada. Bidding is usually spirited, and it is a treat, even to spectators, to watch the beautiful specimens of the highest type of beef cattle as they are brought in the sales amphitheatre, and listen to the acclaim of the partisans as their leaders bid for possession of the animals.

Citizens of the city and county do well to take at least part of Tuesday as a holiday to visit the pavilion and catch the atmosphere of the auction.

## Johnnie Biggs Asks That He Be Chosen As County Clerk

Johnnie Biggs, good-natured assistant for the past several years at Sprowls-Cronin's, throws his hat into the political ring this week by announcing for county and district clerk. So far as the Brand has been able to learn, Johnnie is the first native-born Deaf Smith citizen to ask for an office at the hands of the voters. He has lived his whole life here, is a graduate of Hereford high school, and has led a life of moral force among the younger people of the county. His ability is testified to by the positions of responsibility he has held and the satisfactory service he has given his employers. Of a clerical disposition, clean living, high in the estimation of his fellow citizens, deserving of any trust conferred upon him, Johnnie is qualified to serve the people well if they choose him as their next clerk.

He is fully entitled to say as he solicits, "Just ask anybody about me, they all know me," and they do, and like him.

## LITTY IS SELECTED AS NAME OF NEW STORE

Ralph Barnett's new drug store received so many suggestions for a name, in response to his advertisement last week, the committee was at a loss which name to choose, but yesterday afternoon decided that The Quality Drug Store was the most fitting and appropriate name to use. Four ladies, Mrs. E. E. Standifer, Mrs. V. M. Cloyd, Mary Lou Hamilton and Mrs. C. B. Eubanks, each had submitted that name, and Mr. Barnett says it will be up to them to divide according to their own notions the \$10 he offered as a prize for the accepted name.

Nearly 800 names were submitted, and Mr. Barnett said yesterday he expected to toss them yesterday into one of the display windows so folks could see just how many there were. Interest in the naming of the new drug store was heightened, no doubt, by the beautiful fixtures and decorations put up when the building was being remodeled for it. The most beautiful modernistic lighting fixtures and skillfully designed and ornamental fountain equipment makes the store very attractive. Ollie Fox, who took pride in keeping the color scheme of the decorations harmonious, is responsible for the painting.

## THIS IS HEREFORD BRAND BIRTHDAY ISSUE

With this issue of the Brand the paper begins its thirty-second year of service to Deaf Smith County. The volume number of the paper changes this week to 32 and the issue will be number 1.

The coming year of the Brand's existence will probably be a trying one owing to the peculiar trend of the times that used to be called a "depression", yet the paper faces the year full of confidence in the community and its possibilities during 1932, believing that good service will be justly rewarded by a fair-minded people.

The Brand is proud of its environment, and looks forward with pleasure to its association with Hereford and Deaf Smith County affairs, hoping the next 32 papers whose pages will record the history of this region will tell of a steady advance in the benefits and relief from care to which all are entitled.

## Woody Vaughn Asks To Be Sheriff Of the County

The first announcement for sheriff to be given the Brand comes from Woody Vaughn, and his statement will be found elsewhere in this issue. He presents credentials as a successful peace officer in other places, and asks the consideration of the voters on one of the most straight-forward platforms for service the paper has ever printed.

Mr. Vaughn has been a citizen of the county since 1906, coming here with his parents, Mr. and Mrs. D. P. Vaughn, who live northwest of town, and with the exception of six years spent away from here, has been living in the county continuously. Testimonials commending his ability as a peace officer come from county officials at Amarillo, Clarendon, Memphis, Claude, Panhandle and Canyon, where his work brought him in association with law enforcement officials.

His statement to the citizens of the county outlines the policies he would expect to enforce if elected to office, and its clean-cut expressions reveal a knowledge of the needs of the position, not gained except through actual work.

## John B. Miller Out For Re-Election As County Sheriff

John B. Miller, present sheriff of the county, is this week making his official announcement for re-election to the office, asking the consideration of the voters at the coming Democratic primary on July 23.

Mr. Miller is asking for the office again on the strength of his past administration, and states that the experience gained gives him better qualifications than ever to be of service as sheriff of the county.

Beside in his official capacity as chief officer of the county and tax collector, he has made a very public-spirited citizen by accepting civic responsibility for the community, among these being treasurer of the independent school district and treasurer of the city charities committee.

## KATHLEEN CRONIN MAKES HONOR ROLL

With the first post-Christmas issue of the Houstonian, student newspaper at Sam Houston College, came the announcement of the honor roll of the fall quarter. On this honor roll is found the name of Kathleen Cronin, daughter of J. T. Cronin, of Hereford, whose high record is three A's and two B's.

## PARENT-TEACHER ASSOCIATION MEETS TUESDAY

Owing to bad weather, the regular meeting of the Parent-Teacher Association the first Tuesday was postponed until Tuesday January 19. Mrs. Harry Fritz and her co-workers will present the program. Parents should show their loyalty to their school by attending these programs at Central school at 8 p. m.

## County Commissioners and C-C Directors Join In Highway Program

Further progress in the movement looking toward paved highways for Deaf Smith County was made this week when the board of directors of the chamber of commerce met with the county commissioners in regular session last Monday. Both bodies of men were in accord concerning the importance and expediency of the road program, and joined hands in pushing the work forward with all speed and accuracy.

A joint meeting of the two bodies will again meet Friday afternoon of this week with J. H. VanLondon, district state highway engineer, to arrive at costs and methods of making the preliminary survey of proposed routes, availability of caliche deposits, location of the pits, and estimation of the entire cost of the proposed program, so as to establish the amount of the bond issue for which to call an election.

The commissioners court does

not feel it lays within its duties to designate the routes for the proposed paving, and has turned to the chamber of commerce directors the task of making the locations. That board is desirous of getting the opinions of all interested citizens relative to the direction the paving will extend.

County Judge Earl W. Wilson today assured the Brand that every precaution was going to be taken to make the proposition as fair and square as it will possible be. All contracts, estimates, specifications, credentials, etc., that will come in contact with the spending of any of the people's money will be thoroughly investigated and will be permitted only through reliable sources properly bonded to protect the expenditure.

Five members of the chamber of commerce directors made a trip to Clovis Wednesday to visit C. E. Mauldin, caliche highway contractor of years of experience and now member of the New Mex-

ico Highway Commission, and inspector of all highway construction on the east and south parts of that state. Mr. Mauldin took the committee over several projects that have been completed near Clovis, both with and without the penetration top of asphalt, and of different years of building and use. W. E. Dameron, A. H. Streu, C. H. Dyar, R. J. Richardson and J. D. Buchanan made up the party.

Information gained will be of great benefit in Deaf Smith county's program in many ways, one of which was Mr. Mauldin's observation concerning the caliche material here. "You have so much of it, and are so used to it, you don't think as highly of it as you should," he said. "It is splendid caliche you have over there." Several samples from the roads there and other sources were brought back by the committee to compare with local deposits.

## 1931 Rainfall Record Plenty But Not Great

The publication of statistics of rainfall at various points over the Panhandle during 1931 aroused the curiosity of E. E. Ramsey, weather gauge authority in Hereford, and he submitted to the Brand this week a compilation of the precipitation in Hereford in the respective months of the past year. Mr. Ramsey keeps accurate data on the weather and has the record for many years back.

Month	Rainfall
January	3.0
February	1.1
March	1.6
April	2.9
May	3.8
June	2.2
July	1.9
August	3.1
September	1.3
October	0.6
November	1.7
December	1.7

Total 29.2  
Other portions of the county received more and some parts less than here at Hereford. This can be understood when one remembers Deaf Smith County is 30 miles wide and 50 miles long.

## W. B. Phillips Asks Re-Election As Commissioner

County Commissioner W. B. Phillips is authorizing the Brand to announce his candidacy for re-election to the second term of office as commissioner in Precinct No. 2.

Mr. Phillips has been in close contact with county and community affairs and knows the possibilities of his office to serve the people. He has been at the post of authority during the several years of business depression and says he feels that if re-elected his past experience will enable him to serve still better.

## LIONS CLUB ENTERTAINS LADIES WITH PROGRAM

The regular weekly luncheon of the Lions Club was changed to a night session this week, and wives and friends of the members will be honored guests at a dinner and program in the First Presbyterian church tonight. D. H. Alexander is in charge of the incidental happenings of the evening, several entertaining numbers from outside the club will be given, and a good time is expected by those who attend.

Mrs. Raymond Cone, Mrs. J. C. Parker and Miss Willie Allen spent Thursday in Lubbock visiting relatives.

## CATCHING JACKRABBITS WITH BARE HANDS

The Brand is indebted to Lester Galley, 11 miles northeast of Hereford for an unusual story of events at his choice dairy farm, pertaining to the snow storm of last week. Mr. Galley says the Brand didn't report the snow deep enough, according to appearances around his place, and he thinks there were 10 to 12 inches on the level wheat fields where there was nothing to catch or hold the snow. In other fields where stalks, stubble or weeds, the snow was an average of nearly two feet in depth.

The long legs of the jackrabbits did not do them much good for speed, according to Mr. Galley, and he says the rabbits buried themselves in the snow. By walking cautiously it was possible to locate the places their breath came up, and the sport of the occasion consisted in falling on the spot and trying to catch the jack with the hands before he could burst out and get away.

The average was about an even break, some times the rabbit would win and some times he would get caught. A person wonders what would have happened had the breathing hole been made by a skunk.

## THRIFTY BUYERS ARE PURCHASING NOW

Not for many years has it been possible for thrifty buyers to make savings in the purchase of needed supplies as at the present time. A journey down Hereford's Main Street or any cross business street will soon convince anyone who has a tendency to recognize the quality of merchandise offered and will compare the price asked with what the same grade of material would have cost even a year ago.

This is true in all lines of merchandise. The heads of great statistical bureaus have said that the crisis of the depression has been reached, some say it has been passed, and all agree that the future holds better conditions for every walk of life, whether agricultural, mercantile, manufacturing, transportation, craftsman or laborer. Those who can are taking advantage of men's \$40 suits selling for \$10 to \$15, ladies' silk dresses selling for one-fourth their former price, shoes selling for one-third to one-half price, piece goods selling for one-half price or less, etc. They realize that present prices cannot last, and very soon will be considerably higher. One dollar will buy as much now as two dollars will possibly buy one year from now. It is economical to buy merchandise of staple quality now; it is entirely probable the saving cannot be as great again for years.

## Clovis B.Y.P.U. Gives Program Here Sunday

About 30 members of the Clovis Baptist Young People's Union will be in Hereford next Sunday evening as guests of the local organization. The Gardner group of the First Baptist church will be in charge of the program.

The guests and local members will assemble in the church basement before the regular B. Y. P. U. hour and refreshments will be served. At the usual hour the Hereford members will present a B. Y. P. U. program, and immediately following that all will go to the church auditorium to be joined by the entire congregation and local visitors to hear the inspirational services the Clovis members will give.

It is expected that the entire auditorium of the church will be filled for the occasion, which will take the place of the regular Sunday evening church services.

## C. W. Humble Again Is Candidate for Judge of County

C. W. Humble is this week joining the ranks of candidates asking consideration at the hands of the voters at the Democratic primary July 23. Mr. Humble aspires to the office of county judge and ex-officio superintendent of schools.

Mr. Humble made the same race two years ago, and it was the closest one of the county. When the total of 1550 votes was tabulated he was but 30 behind the winner. He says he feels encouraged in again making the race this year from the returns and general aspects of the election then. To this may be added the solicitation of many friends who have encouraged his candidacy.

Mr. Humble is well known throughout the county from the race before, and he had credentials then that found much favor in opinion of the citizens. He has lived in Deaf Smith county seven years, and is a straight-forward, clean-principled young man of remarkable ability. Since coming here as a vocational agriculture teacher, Mr. Humble has become a property and land owner, and taxpayer, determined to cast his lot with the people of Deaf Smith County.

He is well equipped to occupy the position for which he asks. His teacher's training and practice in agricultural lines specially fits him to supervise and carry forward the instruction of the youth of the county to make the best use of their environment, and grow to lead happy, beneficial lives. His mercantile business experience, and the administrative principles bringing to successful conclusions various Red Cross, American Legion, County Health and other civic organization county leaderships are evidence of the qualifications and ability of Mr. Humble.

## G. A. F. PARKER REPRESENTS HEREFORD AT WTCC MEET

G. A. F. Parker, delegate from the Hereford chamber of commerce to the West Texas chamber of commerce, was in Sweetwater Monday attending a meeting of the latter organization. Hereford has been out of the W. T. C. C. for the past year, but reinstated last week when Wilbur C. Hawk, vice-president of that organization, was here on other matters.

Mr. Parker reports the session at Sweetwater an enthusiastic one dealing largely with matters relative to oil interests. While there Mr. Parker introduced and received the unanimous endorsement of a movement designed to have the apportionment of school money over the state to be determined from the attendance records of the schools rather than by the population of the districts. The idea has several very beneficial points, and it is not improbable much discussion will be heard later relative to it.

## Ezra Norton Makes Announcement for Sheriff's Office

One of the outstanding personalities of Deaf Smith county steps forward into politics this week when Ezra Norton announces his candidacy for sheriff and asks the support of the voters to assist him in being elected.

His experience as a former deputy with the office should make him well acquainted with the responsibilities and the detailed work of the office, and the prominent part he has taken in public and business events of the community makes him well informed of the needs of the people. His opinion on matters of wide-spread concern is sought and has influence with people of all walks of life here. A usual inquiry relative to some new thought of community interest is often heard, "What does Ezra Norton think about it?"

If elected, Mr. Norton should make the county a sheriff to fill the office with dignity, honor and ability in the fullest measure of service to its constituents.

## W. D. Kellehor Out For Commissioner In Precinct Two

The announcement of W. D. Kellehor for county commissioner in Precinct No. 2 will be greeted with acclaim by many friends. It is at their insistence that he has decided to make the race.

He says he has been here for forty years, and there are few who have priority of right to question him. Mr. Kellehor has seen many changes made in the civic life of the county since his coming, and those who know him best feel no hesitancy in believing he took a decisive part in bringing the better things to pass.

Always associated with business and agricultural affairs of the county, he has kept an alert interest in all events dealing with the public welfare, and taking an active part in the promotion of circumstances beneficial to the community.

Should the voters of Precinct No. 2 choose Mr. Kellehor as their representative in the administration of county affairs, they may be assured they have elected a commissioner with a practical viewpoint whose best efforts will be devoted to serving the county and its citizens in a progressive, businesslike way.

## USE TRACTORS-GRADERS TO OPEN COUNTRY ROADS

The mail routes of Deaf Smith county have been made passable this week by the county road workers using tractors and graders to get the deep snow pushed aside so traffic could be resumed.

In some places the snow was piled six feet deep on east and west roads by the recent storm, and caterpillar-type tractors had to run back and forth over the routes before the scrapers could be dragged along and move the snow aside.

## SANTA FE CHANGES NOON TRAIN SCHEDULE

The east-bound train of the Santa Fe that has been making Hereford at 11:55 for the past several years has changed its time beginning last Sunday, to 10 minutes earlier arrival, according to announcement made the first of this week. The scheduled arrival now is 11:45.

## Tax Penalties and Interest Are Cancelled

Following the State Supreme Court's decision of last month over-ruling Attorney General Jaa. V. Alred's opinion, tax assessor's over the state have been notified that all penalties and interest on past due or delinquent taxes will be cancelled if the taxes for any or all back years are paid before February 1.

No matter how much penalties or interest have been assessed against unpaid old taxes, under the ruling of the past session of the legislature, the whole debt may be wiped out by paying only the past due taxes.

Not much time is left in which this may be done, however, if the taxes are not paid before the end of January, the penalties and interest will be reinstated and the total amount due will increase to an enormous extent.

Several tax payers who paid off delinquent or past due taxes before the supreme court's decision was given, were charged the penalties and interest, and it has been ruled that this portion must be returned to them.

## W. Frank Ball Announces For Clerk of County

W. Frank Ball comes out this week with an announcement asking the voters of the county to elect him county and district clerk. He is so well known that little the Brand can say about Frank Ball would be news to its readers.

His business associations during the years he has lived here has given him as wide an acquaintance as any man in the county, and his genial personality, coupled with his shrewd ability has made him a welcome visitor everywhere.

From the qualifications evidenced by business contracts with him and the good word spoken for him by his friends, the Brand can commend Frank to the earnest consideration of the voters for the office to which he aspires.

## Mack Beach Asks For Re-Election As Tax Assessor

Mack Beach, present county tax assessor, is announcing through the Brand this week his candidacy for re-election to his second term of office. Mr. Beach has made the county a very acceptable officer during the past year when his first assessing was done.

He has served at a trying time and the number of his friends who praise his understanding and helpful assistance is testimony of his ability. He has worked hard at his task—the coming year promises to be still more arduous because of added responsibilities placed upon tax assessors without additional pay, yet he has prepared to meet the new requirements as he has gone about his work since the first of this month.

## COUNTY AGENT DUNKLE ATTENDS PAMPA MEETING

R. O. Dunkle, county agent, spent Monday and Tuesday in Pampa, in attendance at the gathering of county agents for a school of instruction in meat cutting.

Specialists from A. & M. College directed the demonstration, the work being done by the county agents, to learn better methods of cutting and curing pork and beef for home consumption.

Mr. Dunkle says he will hold demonstration schools at various communities over Deaf Smith county, the time and locations to be announced later.

## CLAUDE LONGBOTTOM BUYS CHOCOLATE SHOP INTEREST

Claude Longbottom, former Hereford business man and at one time manager of the "M" System Grocery here, has purchased the interest of L. H. Fuqua in the Chocolate Shop. Claude has been farming north of town and operating a store at Wesley for the past year or more, and his many friends are glad to see him around town again.

Nearly everyone is aware by this time that 1932 is election year and there will be candidates galore for all remunerative offices of which the term expires.

Two years ago the present management of the Brand was too new to the community to discuss county affairs in more than a general way, and had little or no knowledge of the individual merits of the respective candidates for the offices for which they announced.

Seriously, the people of Deaf Smith county should consider carefully the qualifications of those for whom they will vote for officials for the next two years. It is not hard to tell what type of administration a candidate will observe if he is elected, if you know what type of person he has been before and who and what his associates are and do. This year is the choosing time, and all the dissatisfaction of the next two years in county affairs can be largely eliminated by choosing the proper officials this summer.

Every adult in the county knows the kind of administration they would like to see, yet it is probable there will be no two who will see alike. In the general run of affairs, most people recognize their common interests, but when the unusual circumstance occurs, differences arise, and much distress and disorder is the result.

Nearly all voters cast their ballots for their friends, or who they feel to be their friends. The politics of the American people are the anguish of the European mind because of the evident and sudden friendships developed just before and until just after election day.

The Brand has nothing at stake in the coming primary except to serve Deaf Smith County to the best of its ability, and there may be some who will disagree with that, but if the paper can foresee circumstances in the county's affairs for the next two years that the Brand feels would be harmful, it expects to work to defeat those things. The time to do it is during the coming campaign. Forward-looking citizens will, we believe, appreciate these efforts.

As when it considered it necessary to take a definite stand heretofore, the Brand expects to do this in a general way and with no personal feelings in the matter. If necessary, we will go to the records to make our contentions clear. We do not expect to make hazardous guesses, but will have our facts in hand before making any observations.

**THE THOROUGHBRED**  
BY WATER HARRISON

"At Saratoga, New York, a fortnight ago, during the running of a steepchase, a thoroughbred failed to clear a water jump, fell heavily, struggled to his feet and careened down the stretch an eighth of a mile on his three good legs. He finished. The injured leg was hanging twitching and useless. His handlers made a quick examination. The shoulder had been broken squarely, from point to point. The noble animal was put out of his misery with a shot below the ear.

Horse lovers can tell a thoroughbred as far as they can see them. Sharply cut about the throatlatch.

**Twenty-One Years Ago In Hereford**

(From Files of The Brand, January 20, 1911.)

Sixty men and women gathered for a "Talk-Fest" at Dad Baker's Arcadian Cafe to discuss whether or not local interests would take part as a community in the Panhandle Publicity Association being formed at Amarillo. Hereford was asked for \$500 as its part of the program.

A broom factory was located at Hereford and its product put on the market without anyone knowing the business had been established. Home-grown broom corn was used as the material and a local industry encouraged.

The "causeway" over Tierra Blanca Creek on South Main street had been completed to give South Hereford and Castro county a direct and easily traveled street in to the city from the south. Over 12,000 cubic yards of earth were used in building up the immense grade, which is still doing duty 21 years later. It was a joint county and city program, the city

making the cut and fill on the north side of the bridge and the county doing the work on the south end.

L. F. Landrum, Hereford nurseryman, was a speaker before the State Horticultural Society, to meet in Austin one week later, his subject being the fruit possibilities of the Plains country.

A comparison of grocery prices at that time with those of today reveals that present day prices are considerably lower. Flour sold for \$1.40 a sack, potatoes 2 cents a pound, matchless 24 cents a carton, dry salt meat for 16 cents a pound, 7 bars laundry soap for 25 cents, etc.

The editor obligingly ran stories from the Kansas City Star bragging enthusiastically on the Panhandle and its glorious features, and from the Atchison, Kansas, Globe telling how water was selling for 50 cents a gallon here, cattle dying from thirst, railroads couldn't haul water fast enough to supply needs and ALL Texas was at a standstill

for want of water. Editor Elliott notified his readers the Atchison story was a lie.

Alex Thompson was still advertising horses and mules for sale at his lumber yard.

The City Tailor Shop was advertising they paid cash for eggs.

The editor referred to one of the Santa Fe trains as the "Merry Widow". The present local accommodations are getting known as the "Doodle-Bug" and the "Leaping Lena".

Troy Wombie was advertising as a windmill expert, either for new work or repairs.

Jno. Slaton was a member of a delegation from Panhandle towns before state authorities in an effort to organize a new court of civil appeals by dividing the Fort Worth 94-county district so it would retain 48 and let 46 counties go into the new division, in which the nearest town to Fort Worth would be 175 miles away.

**GARDEN PROFITS PAY FAMILY GROCERY BILLS**

Mrs. C. C. Shirwood, year round garden demonstrator of the Katemayo home demonstration club, Mason county, has had from five to fifteen vegetables growing in her garden all the year. From this garden, besides furnishing fresh vegetables for a family of five, she has sold more than \$50 worth of fresh vegetables and has filled a pantry with products valued at \$400, according to the report of

Faye Kemp, Mason county home agent.  
With the year round garden, two milk cows, three hogs and two beavers to butcher later, and a flock of poultry for meat and eggs, Mrs. Shirwood states that the grocery bill to supply her family with an adequate diet for the year will be less than \$100 and that more than enough home grown products will be sold to pay for that.

Tapering muzzle. Eyes that burn. The carriage of royalty. Clean cut fetlocks, dainty smooth legs with steel pistons for tendons. Bunchy driving muscles around the rump, strips of Damascus through the shoulders that push and pull that slim barrel of a body forward at tremendous speed. Breeding has made a thoroughbred like Twenty-Grand out of generations of selection. A thoroughbred will do his best. He will finish if he has enough good legs to hold him up. He will stagger up with the pains of hell running through his body and pound on, on, on, toward the wire until he drops. What an inspiration for weak man is a thoroughbred."

**Some More Beatitudes.**

The West Texas Chamber of Commerce beautification campaign is fraught with great possibilities. The Dixie County, Florida, Advocate, without thinking of West Texas, nevertheless says some things in a novel way that apply with merit to the project which the regional organization seeks to accomplish. Its series of beatitudes follow:

1. Blessed are they who plant the long-lived tree and shrub; for generations shall rise up and call them blessed.
2. Blessed are they who are owners of flower gardens, for in the heart of a flower may be seen its Creator.
3. Blessed are they who appreciate Nature's gifts, for they shall be known as lovers of beauty.
4. Blessed are they who clean up the highways, byways and home grounds, for cleanliness is next to godliness.
5. Blessed are they who brighten and freshen their buildings and fences with paint, for improvement and the praise of many people shall be their reward.
6. Blessed are they who war or signs and unsightly billboards along the rural highways, for they shall be called protectors of roadside beauty and landscape scenery.
7. Blessed are they who stand against friend and relative in the protection of Nature's gifts to our nation, for they shall be recognized as true patriots of America.
8. Blessed are the towns with planning boards, for great beauty prosperity and peace shall descend upon them.
9. Great shall be the reward of those who protect our forests from fire, for the birds shall continue to serve him and the fish and animals to furnish him food.
10. Whoever conserveth our national resources serveth himself and the generations following.—San Angelo Standard.

Contributions may be left with J. E. Cockrell, caretaker, or with any county employee at the court house. Articles will be called for, if notice is given to County Judge Earl W. Wilson, Sheriff John B. Miller, any pastor in the city, or the Hereford Brand. Someone greatly needs what you have to spare!

**CITATION BY PUBLICATION**

THE STATE OF TEXAS. To the Sheriff or any Constable of Deaf Smith County, Greeting: You are hereby commanded to summon Julia Sunderland, and the heirs and legal representatives of Julia Sunderland, deceased, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Deaf Smith County, to be held at the Court House thereof, in Hereford, Texas, on the first Monday in February A. **COMING THROUGH**

With dependable constant day in and day out service during a series of cold waves is no easy task.

Our distribution system must be an elastic one. It must expand to serve the heavy peak demands of winter's cold waves. And the same system must contract to absorb the slack demands of Summer's warm weather.

We believe we are "coming through" with such a service.

**STATE OF TEXAS**

To the Sheriff of any Constable of Deaf Smith County, Greeting: You are hereby commanded to summon O. H. Peterson, Randolph Holland, Edith Bergh Holland, Jesse Harrington, each of whom are non-residents of the State of Texas, and The Godfrey Investment Company, a non-resident of the State of Texas, and which is a foreign corporation, incorporated under the laws of the State of

Oklahoma, with its office and place of business in Oklahoma City, Oklahoma, and Elmer C. Holland, Bernice J. Holland and Leigh F. Watson, whose residences are unknown, by making publication of this citation, to appear at the next regular term of the District Court of Deaf Smith County, Texas, to be held at the Court House in the City of Hereford, on the First Monday in February, 1932, being the 1st day of February, 1932, then and there to answer a petition filed in said Court on the 30th day of December, 1931, the file number of which is 1935, in which suit Guy R. Varnum is plaintiff, and W. E. Stevens, W. S. Day, Claude Higgins, H. W. Engle, The First National Bank of Hereford, a corporation, O. H. Peterson, Randolph Holland, and wife, Edith Bergh Holland, Elmer C. Holland and wife, Bernice J. Holland, Leigh F. Watson, Jesse Harrington, and The Godfrey Investment Company, a corporation, are defendants.

The Cause of action alleged in said petition is substantially as follows, that:

The defendants, Elmer C. Holland and wife, Bernice J. Holland, executed and delivered to defendant, The Godfrey Investment Company, payable to its order, on the 1st day of May, 1935, a real estate first mortgage bond, dated April 15, 1925, said bond bearing interest from May 1, 1925, to maturity at the rate of 6 1/2 per cent per annum, interest payable annually, on May 1, 1926, and on the 1st day of each May thereafter until maturity of said bond, and as evidence of said interest installments said defendants, at the time said bond was executed and which were attached to said bond, executed and delivered to said defendant, The Godfrey Investment Company, payable to its order, ten interest notes or coupons, each for the sum of \$202.50, said interest or coupon notes maturing, one on May 1, 1926, and one on May 1, of each succeeding year thereafter until and including May 1, 1935, and that said bond and each of said coupon or interest notes provide that it shall bear interest after maturity at the rate of ten per cent per annum, and said bond provides that if default be made for ten days in the payment of any sum, either principal or interest after due, then the holder thereof, at his election, may declare the entire amount of said bond due and payable and that such election shall be made and evidenced by written notice thereof, transmitted to the makers thereof by registered mail, and said bond provides that if it be placed in the hands of an attorney for collection, after its original or expedited maturity, the makers thereof shall pay the legal holder thereof, as attorney's fees, the additional sum of \$450.00.

That as security for the payment of said bond, defendants, Elmer C. Holland and wife, Bernice J. Holland, executed and delivered to J. A. Huser, as trustee, a deed of trust, dated April 15 1925, recorded in Deed of Trust Records of Deaf Smith County, Texas, in book 28, at pages 287 to 290, conveying to said trustee, all of the following described lands situated in Deaf Smith County, Texas, to-wit:

The N 1/4 and the SE 1/4 of Section 86, Block K-4, Certificate No. 1-389, F. S. & F. Survey, containing 488.8 acres.

That on April 15, 1925, said defendants, Elmer C. Holland and Bernice J. Holland, executed and delivered to J. A. Huser, as trustee, a second deed of trust on said land, which is recorded in Book 28, at page 290, Deed of Trust Records, Deaf Smith County, Texas, to secure payment of two notes for the respective sums of \$100.00 and \$75.00 each, executed by the defendants, Elmer C. Holland and Bernice J. Holland, and payable to the order of the defendant, The Godfrey Investment Company, said notes dated April 15, 1925, and due May 1, 1926, and May 1, 1927 respectively, and said deed of trust specified and provided that it was subordinate and inferior to the said deed of trust lien on said land securing the payment of said bond for \$4,500.00.

That after said bond for \$4,500.00 was so executed and delivered to defendant, The Godfrey Investment Company, it, for a valuable consideration paid by the Citizens Saving Bank and Trust Company, a corporation, endorsed, sold, assigned and delivered said bond and transferred and assigned the said deed of trust lien on said land securing said bond, to said Citizens Saving Bank and Trust Company; and thereafter, before May 1, 1931, for a valuable consideration paid by plaintiff, to it said Citizens Saving Bank and Trust Company sold, assigned and delivered said bond and all interest installments notes or coupons to plaintiff, who is the legal and equitable owner and holder thereof.

That after said bond and said two deeds of trust had been executed, filed and so recorded, defendants, Randolph Holland and Edith Bergh Holland by a written instrument, dated April 15, 1927, recorded in Deed Records of Deaf Smith County, Texas, in book

56, at page 113, for a valuable consideration paid by defendant, Leigh F. Watson, sold and conveyed to said Watson, all right, title, interest and estate in and to a 1-82 royalty of all the oil and gas produced and saved from the following portions of said lands so covered and conveyed by said deeds of trust, to-wit:

An undivided Northwest quarter of the Northwest quarter of the Northwest quarter of said section 86.

That on February 5, 1930, by deed of that date, recorded in Deed Records of Deaf Smith County, Texas, in Book 63, at page 535, defendants, Elmer C. Holland and Bernice J. Holland, Randolph Holland and Edith Bergh Holland, sold and conveyed to Karl D. Engle all of said lands covered and conveyed by said two deeds of trust, but in said deed they reserved and retained an undivided 1-8 of all the oil and gas and other minerals in and under said North one-half of said Section 86 and as part of the consideration for the purchase price of said land, the said Engle executed and delivered to defendant, Randolph Holland, payable to his order seven notes, all dated February 5 1930, one for \$1150.00 due May 1, 1930, and six for \$496.00 each, due on or before 1, 2, 3, 4, 5, and 6 years from their date respectively and in addition to the vendor's lien retained in said deed to the said Engle to secure the payment of said notes, said Engle executed and delivered to J. E. Hill, as trustee, a deed of trust on said land, which is recorded in Deed of Trust Records of Deaf Smith County, Texas, in book 33, at page 603.

That by deed dated April 10, 1930, recorded in book 64, at page 373, Deed Records of Deaf Smith County, Texas, said Karl D. Engle and Hazel J. Engle, sold and conveyed all of said lands covered by said two deeds of trust to defendant, W. E. Stevens, and as part payment therefor said Stevens assumed the payment of said bond for \$4500.00, which assumption was recited in the said deed of conveyance and executed and delivered to defendant, H. W. Engle, payable to his order, seven notes, each for the sum of \$632.28 all dated April 10, 1930, and due 1, 2, 3, 4, 5, 6, and 7 years from March 22, 1930, and a vendor's lien was expressly retained in said deed to secure the payment of said notes.

That the defendant, The Godfrey Investment Company, is claiming a lien on all of said lands included in said deed of trust securing said \$4500.00 note; defendant Randolph Holland is claiming a vendor's lien and deed of trust lien on said land to secure the payment of said notes executed by said Karl D. Engle; defendant O. H. Peterson is claiming some interest in said notes; defendants, Elmer C. Holland, Bernice J. Holland, Randolph Holland, and Edith Bergh Holland are claiming some interest or title in and to an undivided 1-8 of all the oil and gas and other minerals in and under said North one-half of said section 86, by reason of said reservation in said deed from them to said Engle; defendant H. W. Engle is claiming a vendor's lien on all of said land covered by said deed of trust, securing said bond by reason of the seven vendor's lien notes so executed to him by defendant, Stevens; and defendants, The First National Bank of Hereford, W. S. Day, Claude Higgins and Jesse Harrington, are each and all claiming an interest in said seven notes so executed to defendant, H. W. Engle as well as the vendor's lien on said land securing their payment.

That plaintiff's deed of trust lien on said land is superior to said deed of trust lien thereon, securing said notes for the respective sums of \$100.00 and \$75.00 each; is superior to all rights and title of defendant, Watson in and to said land acquired by him in said mineral deed from defendants, Randolph Holland and Edith Bergh Holland; is superior to the vendor's lien and deed of trust lien on said land securing the payment of the said seven notes so executed by said Karl D. Engle; is superior to the mineral rights reserved in said deed to defendant Karl D. Engle; and is superior to the vendor's lien on said land securing the payment of said seven notes executed to defendant, H. W. Engle; and is superior to any rights that defendants, H. W. Engle, The First National Bank of Hereford, W. S. Day, Claude Higgins and Jesse Harrington, and either of them, have or own in and to said seven notes or the vendor's lien on the land securing their payment.

That the interest note that matured May 1, 1926, 1927, 1928, 1929, and 1930, have all been paid but default was made in payment of said interest note due May 1, 1931, and that said interest note, no part thereof, and said bond and no part thereof has ever been paid to plaintiff's damage; and after default was made in payment of said interest note, and more than ten days after its maturity, plaintiff, the legal and equitable owner and holder thereof, at said time and who is now such owner and holder, on account of said default

declared said bond due and payable, and as evidence thereof, transmitted to each of said makers and defendant, W. E. Stevens, in the registered mail of the United States, at their respective Post Office addresses, a written notice that plaintiff had so declared said bond due and payable, and thereafter placed said bond in the hands of his attorney for collection, and agreed to pay said attorney the attorney's fees provided for in said bond, and for that reason said attorney's fees are also due and unpaid.

Plaintiff seeks to recover judgment against all of the defendants for the full amount of said bond, principal, interest and attorney's fees, for costs of suit; a decree that his deed of trust lien securing said bond is superior to any rights, title, interest, claim and estate in and to said lands, or liens thereon, of each and all of defendants and for foreclosure of his deed of trust lien on said land, as to and

against each and all defendants and for special and general relief. You are hereby commanded to summon said defendants, O. H. Peterson, Randolph Holland, Edith Bergh Holland, Jesse Harrington, The Godfrey Investment Company a foreign corporation, Elmer C. Holland, Bernice J. Holland, and Leigh F. Watson, and each of them, and to serve this citation by making publication of this citation once in each week, for four consecutive weeks previous to the return day hereof, in some newspaper published in your County; but if there be no newspaper published in your County, then in any newspaper published in the nearest county where a newspaper is published. Herein, fail not, but have you before said Court, on the first day of the next term thereof, this writ with your return thereon, showing how you have executed the same on, of each and all of defendants and for foreclosure of his deed of trust lien on said land, as to and

Given under my hand and seal of the District Court of Deaf Smith County, Texas, in the City of Hereford, Texas, on this the 30th day of December, 1931. (Seal) L. H. FOSTER, Clerk, District Court, Deaf Smith County, Texas. Issued December 30, 1931. L. H. FOSTER, Clerk, District Court, Deaf Smith County, Texas. 51-4c

I will appreciate your vote and help in the coming year and respectfully solicit your support. Sincerely,  
1p JOHN B. MILLER.

## TO THE VOTERS

I am asking the consideration of the citizens of Deaf Smith County as a candidate for county and district clerk, subject to the action of the Democratic Primary July 23.

I have lived my entire life among you, and most of you probably know as much about me as I do myself. I am a graduate of Hereford high school, well qualified for clerical work, and my association with business interests here gives me confidence in my ability to care for the duties of the clerk's office in a way thoroughly dependable and just and fair to the people.

I am a property owner and taxpayer, well conversant with the civic affairs pertaining to the county as a whole, and assure you my best efforts will be given to the administration of the office should you choose to elect me. You are privileged to ask anyone you meet concerning my dependability. I solicit your influence and support.  
1-1p JOHNNIE BIGGS.

## ANNOUNCES FOR SHERIFF

I am placing my name before the voters of Deaf Smith County as a candidate for sheriff, subject to the action of the Democratic Primary, July 23.

I have been a citizen of the county for the past 33 years, and have served for six years as deputy under former administrations. I believe I thoroughly understand and appreciate the responsibilities to the people and the work connected with the office, and if elected, promise to devote my entire time to it. My association for the past several years with the business and civic affairs of Hereford and Deaf Smith County has kept me in close touch with conditions here, and will enable me to serve in an understanding, fair and impartial way.

I solicit your consideration, influence and support.  
1-1p EZRA NORTON.

## TO THE VOTERS

I am announcing my candidacy to the office of County Judge and Ex-Officio Superintendent of schools of Deaf Smith County, subject to the action of the Democratic primary, July 23, 1932. The returns of the election two years ago when I was also a candidate, together with the general aspects of the campaign then, has encouraged me to again announce for the office.

My experience in school instruction and administration, especially with regard to vocational agriculture work, and my business experience, I believe, qualifies me for the position, and my life among you for the past seven years should enable you to judge of my moral integrity.

I favor an economical program for Deaf Smith County for the next several years, to be governed by the administration of county affairs in a way most beneficial to our people.

Your vote and consideration as a citizen is respectfully solicited.  
1-1c C. W. HUMBLE.

## FOR SHERIFF

In announcing my candidacy for the office of sheriff of Deaf Smith County, I feel in a way that I need no particular introduction, in that I moved to Deaf Smith County in 1906, and have been a resident continuously except for six years. I feel that I am well qualified for the office, having been a peace officer in Amarillo, Texas, for two years. While my experience as peace officer has been sufficient, yet I do not feel that the length thereof has been such as would so harden me that I could not at all times be just and fair to all classes of people. During my residence here,

as a good many people know, I have been engaged in farming and ranching. I am forty years of age, and am a man with a family. I have never before sought a public office at the hands of the people.

If I am elected to the office of sheriff, which I consider to be the greatest gift within the power of the people of this county, I will pledge myself to an honest, fair and impartial administration, and I will, at all times, conduct myself in a manner suitable to the position which I shall seek to hold.

I expect at the hands of the voters on July 23 an honest and impartial consideration.  
1-1p WOODY VAUGHN.

## TO THE VOTERS

I am placing my name before you as a candidate for nomination as county and district clerk, subject to the action of the Democratic Primary, July 23.

I have lived five years in Deaf Smith County, am a property owner and taxpayer, and believe I am qualified to serve you well in the office for which I am asking. My association with various business firms of the county, which kept me well informed of conditions and affairs of the people as they affect the public welfare, together with my pleasant relationships with most of you, encourages me to believe I can do the job to your complete satisfaction. Most of you know me well and are able to judge for yourselves whether I am morally qualified for the position.

I desire your earnest consideration and will greatly appreciate your influence and vote.  
1-1p W. FRANK BALL.

## MAKING THE FARM A MEAT FACTORY

R. W. Snyder, Extension Meat Specialist.

Bill Smith sold a choice live hog weighing 200 pounds for \$12. His neighbor just across the road sold a litter mate weighing exactly the same for \$22. In fact he received almost twice as much for his pig.

Mr. White sold his hog made up in hams, bacon, lard, sausage and the choice loin was cut into chops and roast. He produced from his 200 pounds of pig two cured hams, weighing 12 pounds each, two cured bacons weighing nine pounds, two shoulder butts weighing eight pounds each. The lower parts of the shoulders were ground into sausage with the other lean meat trimmings, making 20 pounds of sausage. The two choice 12-pound loins were sold as pork roasts and chops. All the fat was rendered making 24 pounds of lard.

Quality pigs fed a good ration, such as corn, grain sorghum, barley or wheat, with some protein supplement as cotton seed meal and tankage in equal parts, will produce a quality of fresh and home cured meats that will be in demand, especially if properly handled when killed and cured. Many times more cured meat could have been sold at the Lubbock Meat Show than was available for sale.

To produce a high standard quality cured product hogs should be killed on a clear cold day. They should be allowed to hang over night to allow the meat to cool well thus making the carcass firm before cutting.

The most attractive and best shaped hams, bacon, shoulders and loins can be cut by splitting the hog down the center of the backbone. The pieces to be cured should be trimmed free of all excessive fat and made to look very smooth.

The cure White used was the famous old sugar cure method. Eight pounds of salt, two pounds sugar and two ounces of salt peter were used for each 100 pounds of meat cured. The cure was mixed well and then one-half rubbed on the meat. For best keeping this meat was then packed in a barrel with the skin side down. In just a week the bacons were taken out, but the remaining meat was rubbed with the rest of the cure. In just 30 days from the time the hams were salted they were taken out of the cure and soaked in water to remove the surface salt. These hams were cured just 2 1/2 days for each pound in the piece as they weighed just 12 pounds.

Pecan wood was the handiest wood that Smith's neighbor had, so he used that to smoke his cured meat. His smokehouse was almost crack proof so that flies and dirt could not get on the meat. For attractiveness the meat was almost perfect. It smelled most appetizing, with a rich reddish-brown color.

Bill's neighbor proved to many of his near-by friends that it paid to sell his hogs prepared as meat rather than as live hogs.

### JESUS AND NICODEMUS

John 3:1-16

1. Now there was a man of the Pharisees, named Nicodemus, a ruler of the Jews;  
 2. The same came unto him by night, and said to him, Rabbi, we know that thou art a teacher come from God; for no one can do these signs that thou doest, except God be with him.  
 3. Jesus answered and said unto him, Verily, verily, I say unto thee, Except one be born anew he cannot see the kingdom of God.  
 4. Nicodemus saith unto him, How can a man be born when he is old? can he enter a second time

into his mother's womb, and be born?  
 5. Jesus answered, Verily, verily, I say unto thee, Except one be born of water and the Spirit, he cannot enter into the kingdom of God.  
 6. That which is born of the flesh is flesh; and that which is born of the Spirit is spirit.  
 7. Marvel not that I said unto thee, Ye must be born anew.  
 8. The wind bloweth where it will, and thou hearest the voice thereof, but knowest not whence it cometh, and whither it goeth; so is every one that is born of the Spirit.  
 9. Nicodemus answered and said unto him, How can these things be?  
 10. Jesus answered and said un-

to him, Art thou the teacher of Israel, and understandest not these things?  
 11. Verily, verily, I say unto thee, We speak that which we know, and bear witness of that which we have seen; and ye receive not our witness.  
 12. If I told you earthly things and ye believe not, how shall ye believe if I tell you heavenly things?  
 13. And no one hath ascended into heaven, but he that descended out of heaven, even the Son of man, who is in heaven.  
 14. And as Moses lifted up the serpent in the wilderness, even so must the Son of man be lifted up;  
 15. That whosoever believeth in him shall have eternal life.  
 16. For God so loved the world, that he gave his only begotten Son, that whosoever believeth on him should not perish, but have eternal life.  
 Golden Text: God so loved the world, that he gave his only begotten Son, that whosoever believeth on him should not perish, but have eternal life.—John 3:16.

occasion of the first passover of his ministry, a passover signified by his driving from the temple the money changers and the traffickers in sacrificial animals and birds who were desecrating the courts of the Lord's house. During the three years of Christ's ministry this profitable business crept back again into the temple, so that the scene of the mighty wrath was repeated during the last week of the Saviour's life. At this passover Jesus worked many miracles quietly, and won many followers thereby.  
**Jesus and Nicodemus.**  
 The first public appearance of Jesus in Jerusalem during Passover, 27 A. D. (Usher), must have made a wide and deep impress, for it reached through the masses into the Sanhedrin winning even there a secret disciple of the Messiah in Nicodemus who had a memorable night interview with Jesus. Many notable conversations have been reported to the world, such as those of Socrates, and of Samuel Johnson and his friends; but none of these compares for a moment, in weight of thought, beauty of expression, and vital importance, with the conversations of Jesus recorded in the Gospels; and of these conversations the chief, as probably all Christians will agree, is that with Nicodemus which we are to study today.  
**A Man of the Pharisees.**  
 "Now there was a man of the Pharisees. The leading sect among the Jews of Christ's time was that of the Pharisees. Their name means "Separatists", those who kept themselves separate from everything that might contaminate, a man closely akin to that of the Puritans of England during the seventeenth century. They were close students and observers of the Mosaic law, to which they had added many hair-splitting refinements. The Pharisees scorned all who did not join their body, and bore themselves arrogantly in public places, making their religion as conspicuous as possible. They looked ardently for the prophesied Messiah, who was to be, they held, a secular conqueror, and a deliverer from the foreign oppressor, but they did not accept Jesus as the Messiah.  
**Verily, Verily.**  
 "Jesus answered and said unto him, Verily, verily, I say unto thee." Verily translated the Greek word Amen, so be it, a strong affirmation. A single amen is the synoptic Gospels, a double-amen in John's Gospels marks one of Christ's utterances of special earnestness and importance. "Except one be born anew, he cannot see the kingdom of God." By "see" is meant partake of it, become a citizen of it, be incorporated in God's realm of righteousness and peace and love.  
**All Men Need the New Birth.**  
 Nicodemus needed the new birth, and we all need it. D. L. Moody said: "I am so thankful that our Lord spoke of the new birth to this ruler of the Jews, this doctor of law, rather than to the woman at the well of Samaria, or to Matthew the publican, or to Zacchaeus. If he had reserved his teachings on this great matter to these three, or such as these, people would have said, 'Oh, yes; these publicans and harlots need to be converted, but I am an upright man, I do not need to be converted.'"  
 "You might as well try to lift yourself by pulling at your bootstraps as try to generate within yourself the quality of life that will lift you into the kingdom of God."—Rev. William E. Blederswolf, D. D. "You must take Christ—you must let Christ take you and draw you down into him, that you may see everything in him. The life that you then live in the flesh, you will live by the faith of the Son of God. You will have been born again; you will have entered into the kingdom of God."—Phillips Brooks.  
**The One Thing Needful.**  
 "Marvel not that I said unto thee, Ye must be born anew." "A sculptor spent months in carving a statue of physical perfection. When he had completed his work, he invited a friend to view his finished product. Removing the veil from the marble statue he said with an air of pride, 'Is not that perfect?' 'No, it is not,' replied the friend, 'It lacks one thing.' 'What is that?' asked the sculptor, manifestly disappointed. 'Life,' answered the friend. 'You may have everything else—education, money, friends, and yet if you do not have spiritual life, you have nothing.'—Rev. Milford Hall Lyon, D. D.  
**The Serpent in the Wilderness.**  
 "And as Moses lifted up the serpent in the wilderness." The reference is to an act of the great lawgiver whom Nicodemus venerated above all others, who, when a plague of poisonous serpents came upon the Israelites in their wilderness wanderings (Num. 21:4-9) to punish them for their complaints against God, was bitten by Jehovah to make a brazen serpent and elevate it on a standard. This he did, and all who were bitten by the snakes, if they looked on the brazen serpent, lived. "Even so must the Son of man be lifted up." "The Son of man," a term derived from the prophecy of Daniel, was Christ's favorite name for himself, signifying the incar-

nation of Deity in man; so that Christ was representative man and yet was God. He was lifted high on the cross of shame and agony. "And I," said Christ later, "if I be lifted up from the earth, will draw all men unto myself," referring to his crucifixion (John 12:32).  
**The Bible's Central Verse.**  
 "For God so loved the world." This verse is the greatest sentence in the Bible. Inasmuch as the Bible is king in literature, this is, therefore, the greatest sentence in all literature.—Rev. James G. E. McClure, D. D. Luther called this verse "the Little Gospel" or "the Little Bible." Henry Morehouse once preached for seven consecutive nights on the one word "So" contained in it. Dr. Alexander McClaren calls this clause "so loved"; the Lake of God's love; "that he gave His only begotten Son" is the River through which we discover the lake; "that whosoever believeth" is the Pitcher halting the operation of the love of God; and "should not perish, but have eternal life" is the Draught, the individual appropriation of the Lake. God is love! "Let us tell it out among the nations, and let us not selfishly cling to this priceless possession, but share it with all the children of men."—Rev. Hugh T. Kerr, D. D. "That he gave his only begotten Son." "We may be puzzled at the suffering and the pain of the world. But, then, let us remember that at Christmas was born the Prince of sufferers, that he came into the thick of the world, and bore the worst." Concerning the Prince of sufferers the verdict of God rang clear. "This is my beloved Son, in whom I am well pleased."—Bishop A. F. W. Ingram.  
 An evangelist reduced this verse to an acrostic:

God so loved the world, that he gave his only begotten Son, that whosoever believeth on him should not perish, but have eternal life.

### Educational Systems.

Chicago seems to have plenty of and on political conventions, if she have been reading the papers, she is having a hard time fighting up anything for education. Now she proposes education by way of the radio. The system might work if they had a system.

The Hoosier schoolmaster had a system, one all his own. And Ed Crane had a system, even if he did not "get it across". But Chicago, a city of about five million people, teaching school children! We are very glad the experiment, if it is to be tried, is attempted there and not here.

### Positions for Studying.

**Editor's Note**—This article, with exception of a few words, phrases and sentences, was copied from the high school page, edited by an Illinois county newspaper. The facts were so applicable that I just copied the whole story. Positions for studying seem to be their standardized, don't you think?

If you should, by any chance, see around you while in the study all you would see many interesting examples of how different students study.

Here is a boy in the farthest row to my left who turns around in his seat and studies with his back on the seat behind him. A girl up in front pauses in her studying just now to run a comb through her hair and dutifully powder her nose. A little freshman on my right considers it much easier to study, it seems, by laying her head on her left arm and holding her book up in the air with her right. A boy in the far corner of the room is very lazily taking a snooze every now and then. A boy in the west section is sitting up in his seat as stiff as a ramrod, to use a colloquial expression, but, as it appears he is not exceedingly brilliant, from that I gather that correctness in posture doesn't necessarily mean correctness in school work. There are several persons, including both boys and girls, who have slid down in their seats as if they were feather beds, and are resting the backs of their necks on the backs of the seats. This is very bad; for, supposing the roof should cave in, then their necks might easily be broken. One boy up in front is playing tricks with his ten fat, little babyish digits and is enjoying it very much—so is the girl behind him. Strange to say he is an upper classman. A girl up in front is bent over with her head almost on her knees, and is studying. A boy and a girl on my right seem to be chiefly concerned with passing notes to each other.

It is generally conceded that only girls have a high sense of vanity, but here are three boys in different sections of the hall who are exceptions. They are all combing their hair. A student on my left is wholly absorbed in tossing paper pads like his hawkwell. What an interesting occupation for a senior in high school. One of the smallest of the freshmen keeps on fixing his bicorne, evidently he doesn't yet quite realize his great strength.

A couple of supposedly very intelligent sophomores are highly engrossed in seeing who can make the goofiest faces. The blonde one wins with an impersonation of Stan Laurel. A boy in the row of seats next to me is tying and untying his shoestrings. He got one of them in a hard knot and had a difficult time getting it undone, even after using his teeth on the knot. In doing this he went through some very excellent acrobatics.

Why do some people insist upon tearing up all waste paper instead of wadding it up? A really bright girl just tore up a sheet of paper into half-inch bits. In a little while she did the same thing with some more. Surely she must have a mania for doing things like that. From this article you will probably get the impression that there are no "students" in the high school. There are approximately 800 persons in the school, and of course only a very small per cent study in this manner. And another thing, this may have been written by a student taking an unfair advantage of the students concerned, for the band was playing down in the auditorium this assembly period, and I do not see how anybody could possibly study with that going on.

 Just one rose I'd press

 And not to make you blue,

 Says that under certain conditions a boy under 14 years of age has to stay out of school to support a family.

Upon the first day God made the world and rested; upon the second day God made man and rested; upon the third day God made the mistake of his life—he made woman, and neither God, the world nor man has rested since.

The civics class was talking about idiots, imbeciles, morons, etc. Johnnie W.: What would you call a guy who got hit on the head and knocked crazy?

It is still a mystery whether Betty Ruth got the ring or not. Owen was seen buying for her before Christmas.

Why didn't Collins get to the party at Violet's Saturday night?

**Milton:** Well, what numbers have you?

**Central:** Number, please?  
**Milton:** What number would I have to call to get 288?

There are still a few people who don't know why Jack R. and Sherry Collins left Hereford during the Christmas holidays with so many good looking girls here. Well, if you don't know it's time you were finding out.

We were beginning to think, before the holidays, that Robert Bell and Jack Gilliland wouldn't be friends Christmas, but they were.

Another mystery: Who is the studious one who collects all kinds of books. Also why Kellar has so much theme paper.

The phone rang at June's uncle's house and the person said, "Is Lueta Borden there?" "No," was the reply, "No one is boarding here."

While in Amarillo last week Mary S. Stanford visited in stores. After looking about for a while she became thirsty. Going to the back of the store she found two

The following poem was written by the honorable and distinguished Piebus Ray. One question I would like to ask. Where did you get all the inspiration, Ray? Here it is: Some day when you have forgotten me, you will sit and listen to the rain; and what you have never thought to see, you will see again.

I warn you, if you watch the black, and rainy window blur, the lips you kissed will kiss you back, and you will see me dear.  
 Oh, when it rains you will recall, the lashes that were wet, then dear, you'll see I'm not at all so easy to forget.

Ruth Marie: I want you to have a piece of my 17th birthday cake. Lueta (taking a bite): It tastes about like a piece saved from your first birthday cake.

A question: Are Jack Russell and Punk Gilbreath well acquainted?  
**Answer:** No.

A high school boy's prayer:  
 Lord, send these college boys away, and if they do come home again, please don't let them stay, or else bring with them a girl. Amen.

Sally Gilbreath tried to tell me something about parking ten miles out of town, but I don't believe her.

It has been rumored that Gus Baker likes Coney Islands.

We wonder what all the crash was on the second floor of H. H. S. Friday night and later why Jack Russell was running madly down the stairs.

Ask Brunell Climer if light bulbs pop when they burst.

It was seen, has been reported, and rumored that Butch West was out riding with Beatrice Sunday night. Butch, you know you should have been at church.

It is still a mystery as to what that note said that was found by Mr. Hudson in Owen's physics paper with Betty Ruth's name signed.

We are still wondering if Wilma Jo's and Violet's Amarillo boy friends ever saw a rabbit.

The first time in years: Jack R.'s hands had no finger nail marks on them after going out Friday night; Jack R. was seen with his little blonde Sunday night after the college boys had left; Jack R. James: I don't either; I believe in turning them over.

### THE POETS' CORNER

**Poet's Introduction.**  
 Now listen to this poet,  
 These few lines I have wrote,  
 Not to get your goat,  
 But just because I like to quote.  
 As I anchored my dream boat  
 The world was all dull and gray.  
 And white snow still afloat  
 Between my thoughts fell this way.

**Winter Solitude.**  
 I see a winter drawing, bleak and bitter,  
 As storm clouds scud across the sullen skies;  
 And brooks take on a frosted, frozen glitter,  
 As serene and stricken every flower lies.  
 When leaf and bud are stilled in deathly sleeping,  
 And from haunted lanes the birds have fled,  
 While hills lie in the drifted snow's white keeping,  
 And all of life and hope and happiness seems dead,  
 Under a sullen sky of everchanging blue,  
 You stood with splendid head up lifted,  
 Just dreaming dreams as we all do,  
 Of our sullen thoughts so lifted,  
 Such are the memories of mid-winter winds clamor,  
 Persuading me that spring will lend more;  
 As the earth has lost all it's ancient glamor,  
 In our hearts will hold such memories in store.  
 —Libburn Ray.

**Warning!**  
 We hereby take this means of warning you to lock your car and tie it to a tree, carry in your spare tires, lock your gasoline tank, tie down your motor, disconnect your lights, remove your distributors, and apply mud remover on your car when you attend a party in the future. This is necessary in order to come out and find your car safe when you start home.  
 (Signed) ONE WHO KNOWS.

**Bridge Party.**  
 On Saturday evening, January 2, Lueta Borden and Violet Marra gave a bridge party at the home of Violet Marra. The party was controlled by "pick-a-prize" bridge. So many of the guests picked a prize that it was a hilarious affair. After about two hours of bridge, delicious refreshments were served to about 20 guests. Those present were Virginia Line, Jack Russell, Eric Marie Foster, Brunell Climer, Effie Whitsett, Kellar Muse, Wilma Jo Jones, Robert Bell, Zelma Ruth Shore, Woodrow Gilbreath, Ardelle Foster, Sherman Morgan, Addine Hastings, Jack Gilliland, Ruth Marie Mounts, June Allred, Violet Marra, Burl Alexander, and Lueta Borden.

## Juniors '31.

In the days of '31  
 The Junior class was begun,  
 True to the sponsor and true to the school,  
 The Juniors obey every rule.

We are the largest by far this year  
 And the best, we hope, for we are sincere.  
 And when a fellow classman is in need  
 Go ask a Junior, then you'll succeed.

The Freshmen are green, but growing,  
 The Sophies are forever blowing,  
 The Seniors claim themselves smart, but hence  
 You'll have to hand it to the Juniors for good old common sense.

But fellow classes, we're pulling strong,  
 Hoping you the very best all year long,  
 We'll be the best, seniors, you'll confess,  
 Because we are Juniors of H. H. S.

September came and found us reporting,  
 October came and found us smorting;  
 Then November came and took its place,  
 And now we have New Year starting us in the face.

So teachers, student body and all,  
 The Juniors have thought of it this fall.  
 With all of our hearts we wish to extend  
 The best "Happy New Year" to every friend.

### —SHORTFELLOW.—

(Rival of Longfellow.)  
**Sunday School Class Party.**

Both classes of the 16 year old girls of the Baptist church and their invited guests were entertained at the Wink Valentine home January 7. A number of delightful and new games were played during the first part of the evening. Popcorn balls and homemade candy made by the girls themselves were served as refreshments. Besides the class members and their guests, Mmes. Cloyd and Durham, teachers, and Mr. Durham were present.

### Whitefaces Rate All District.

Everyone is very proud that some of the Whitefaces made the all-district football teams this season.  
 Richard Stone made the first all-district tackle and Jack Russell made the second all-district team, filling one of the backfield positions.

Then two more of Hereford's players made the honorable mention team, Brunell Climer made first team and Habermacher made the second all-district honorable mention team.

This shows how the Whitefaces stand in the district.

## Announcements.

The entire student body extends deep sympathy to Mr. C. H. Dillehay in the death of his brother, and to Mr. E. H. Hopkins in the death of his mother.

### Announcements.

We wish to take the pleasure of announcing the accepted name for "Terror". We have selected "Boswal Pillroskey" for his name for the paper and things put in the paper by, or about him. Mr. Piebus Ray received the grand prize that was given. Percy Harris received honorable mention for submitting a second best. The prize given Mr. Ray was one gallon of gasoline, which he can use when he runs out of gas five miles west of town again. He can use this most any night. Mr. Ray wanted a gallon of B. & S.'s Special, eleven years in a tub, instead of the gasoline, but we were afraid this would make his car fly instead of driving along on the road. We are sorry we couldn't get his picture but the studio was not working today.

### Watch Party.

One of the most unusual and entertaining affairs of the holiday season was a watch party given by Spaulding Bartley and Virginia Barnett at the latter's home on December 31. The guests assembled and played bridge until time for the midnight pre-view. Lovely refreshments were served to Katherine Miller, Don Allred, Virginia Line, Reaford West, Nancy Conkwright, W. J. Fellers, Betty Jones, Robert Hough, Betty Ruth Pickett, Owen Miller, Lueta Borden, June Allred, Virginia Barnett and Spaulding Bartley.  
 The new year rolled in while all were very absorbedly watching the motion picture, but all present vowed that they noticed how "different" the general atmosphere seemed afterwards.

### Freshmen Select Motto.

The freshmen have been rather slow in getting started this year it seems, but one can never judge the finish by the start. The truth about the motto is this: The class was determined to select a motto that was worth while, and naturally took a long time in selecting it. They got what they worked for though, and are now proud to acknowledge the following as a motto:  
**F-idelity**  
**I-ndividuality**  
**S-ervice**  
**H-onor.**

The freshmen class is going to step out of it now and strive to make as popular a class, and as high a scholastic and social standing as any class in the school.

## Week-End Results.

During the week end the Whiteface basketballers played two games. Portales came Friday night and "caged" the local squad with a 23-13 score. A fairly good crowd witnessed the game which shows that the local fans are becoming more interested.

Saturday night the town team won a game from the high school team by a narrow margin.

This seems a poor way to start the new year, but maybe the locals will get settled into better players and come out in the season, as it has just started.

### Bridge Party.

Wednesday afternoon, December 31, Addine Hastings entertained with three tables of bridge. During the playing popcorn and apples were served to Zelma Ruth Shore, LaVerna Womble, Eric Marie Foster, Maurine Spradley, Ardelle Foster, Della Weeden, Wilma Jo Jones, Virginia Barnett, Opal McMahon and Emma Jackson. Eric Marie Foster won high score.

### Dinner Party.

On Tuesday evening, December 22, Burl Alexander and Kellar Muse had a birthday dinner at the home of the latter, beginning at 6:45 o'clock. After dinner was served, bridge was played by the following: J. C. McCullough, Maurine Spradley, J. C. Line, Louise Jewell, James Cloyd, Virginia Line, Reaford West, Ardelle Foster, Sherman Morgan, Wilma Jo Jones, Robert Bell, Violet Marra, Kellar Muse, and Burl Alexander.

### Seniors to Play '32 Squad.

The rivalry between the seniors and the next year's football prospects has already begun. Next spring before school has ended, but after spring football practice is under way, the senior football team will play the 1932 squad. The seniors would have a good squad this year as nearly every position is filled by this season's first string men.

The line-up that has already been decided is: Backfield, Bartley, Collins, Habermacher and Kropff; center, Cloyd; guards, McCullough and Hartman; ends, Wilson and Muse. This leaves only the tackles undecided. Jack Cartwright, who is a junior, but will be ineligible next year on account of his age, will play one of the tackles, and the other tackle will be filled with a senior or another ineligible.

The seniors are expecting their team to win but the coach says that he is going to beat them. If he does, he is sure to have a championship team next season.

Don't anyone say anything about Ardelle's neck.  
 We noticed that Jack Gilliland has adopted the football yell for his motto: "Hold that Line."

# The Issues of Today

Address of  
Congressman Marvin Jones.

Our government has passed thru the formative period. Its foundations were properly laid. The past at least is secure.

But the present and future hold the things that are real moments to those who are living today. It is fitting and proper that we should study the lessons of the past and that we should profit by the experience of those who have gone before.

But with these lights before us we must meet the present day problems.

This is the strangest time in American history. With only six per cent of the world's population and one-twentieth of her geographical area, we produce one-half of the world's finest steel, 60 per cent of her cotton, 60 per

cent of her telephones and 80 per cent of her automobiles. There is an abundance of food, feed and clothing within the four corners of this fruitful land.

And yet business is at a standstill. Many people are in want and millions tramp the streets in idleness. The prices of farm products are far below the cost of production. It is a time to analyze, to take stock, and to endeavor what is wrong with our system of distribution. We cannot blame all of our troubles on world conditions.

### Centralization.

It is apparent that there has been too much centralization in government. It is growing top-heavy. It is too expensive. These expenses must be cut. Bureaus must be eliminated. The same applies to state governments and the subdivisions thereof. Some of these have increased in even greater proportion. There must be a revival of old-fashioned economy all along the line.

There has been much talk of this over-centralization in government, and properly so. I am glad to note that there is a swing back in sentiment.

But there has been an even greater centralizing in business. It has stripped the centralization in government. In fact, the ever narrowing control of money and business has been largely responsible for the centralizing of government. At least the two have gone hand in hand.

This has tended to destroy individual initiative. It is gradually taking away personal opportunity.

The philosophy of Alexander Hamilton, carried to the extreme by the Mellon financial regime, is responsible for much of our present day conditions.

There has been much talk of doing something for foreign countries, or moratoriums, loans and financing, and not enough of placing our own house in order. Our primary responsibility is to ourselves and our own people, although of course the foreign contacts cannot be ignored.

### Special Advantages.

For many years the manufacturing interests of America have been laboring under the banner of protection. During all these years the farmer and ranchman have had very little protection.

We produce a surplus of cotton, a surplus of wheat, and a surplus of other major farm commodities. No direct tariff can place these commodities on a basis of equality with other tariff-laden articles.

The entire system should be readjusted in such a way as to remove, in so far as possible, this inequality, and restore to the farmer what is now taken away from him in the form of increased prices on tariff-laden articles.

When you destroy the purchasing price of agriculture, a slow, creeping paralysis will naturally begin to affect other portions of the economic body.

There are discriminations in our freight rate system. When industrial commodities are shipped abroad, the freight rate is reduced to encourage exportation.

One of two courses should be pursued: Either agriculture should have similar reductions, or the reductions now accorded industries should be removed, so that the entire freight structure may be readjusted, and thus all commodities treated alike.

If it is right to encourage the exportation of iron and steel and farm implements by reducing the railway rates on exportation, why would it not also be wise to make these reductions apply to wheat and cotton?

A long-established wrong does not become a vested right.

Behind tariff discrimination, behind a discriminatory freight rate system, in the shadow of a non-functioning department of justice, in the presence of a silent chief executive, this country has developed too many mergers, combinations and trusts. The law is being flouted and almost wholly disregarded. These are not idle words—they are cold facts.

### Financing.

Too much of the financing of the country has been by the issuance of excessive bonds, excessive common stock, the pyramiding of holding company upon holding company and the selling out of these stocks and bonds in such a way as to require excessive charges if returns are to be paid on this system of financing. Some of these stocks and bonds have been sold throughout the country, which complicates the situation.

The decentralization of business as well as of government, the restoring of individual business opportunity, the placing of small factories in the outlying sections alongside the farm community, the uniting of the two in mutual interest, the stopping of excessive short selling, the entire revamping of the money system so as to do away with the control and dictation of a few men are some of the things that must be brought about. Here lies the sheet anchor of our Republic.

In the readjustment, there should be a greater amount of local control of local ownership, and local production of the needs of the country.

This statement is not made in hostility to any business concern or institution, big or little; but the large concerns, as well as the smaller ones, should comply with the laws of the country in carrying out their business operations.

### Immigration.

We decry Communism, and properly so. Any person, who being unable to persuade the majority to accept his theories, advocates the use of the bomb or the torch or other violent means of forcing his ideas upon an unwilling majority should be deported. The further admission of such characters should be prevented under immigration laws, which should be strengthened in every possible way. About either of these propositions there is no difference of opinion among good citizens.

### An Equal Chance.

But while doing this without stint or limit, we should use every effort to remove from our laws those injustices which are sometimes a fruitful cause of discontent. A country in which every

citizen has equality of opportunity is not a fertile soil for wild theories.

The gravest danger of our country is not the soap-box orator, but as he sometimes is. Let us not mistake the form for the substance. The most insidious danger is the selfish, complacent man who undertakes to get an unfair advantage in the economic fabric of the country.

These matters are not mentioned for the purpose of discouragement, but to stimulate thought. All of us have been in some degree responsible. We have been living in a jazz age, with a spirit of "Sally in the moonlight by the watermelon vine". But people are thinking and are becoming more interested in the principles of government. This is encouraging, as governmental affairs are always better-administered when the people take an interest.

However, if all discriminations were removed the problems would be only half solved. After all, people must work out their own salvation.

Artificial methods usually fail. This is the experience of our own as well as other lands.

After equality is established a real contribution can be made toward the solution for the farm problem by the promoting and finding of new markets for farm products and the waste products of the farm. The great packers have made most of their money out of the by-product of their industry. The same program can be applied to farm production. Local factories should be established throughout the Nation near the centers of production of our great raw materials, so that these may be put into the finished form without expensive long shipments. Industry and agriculture will thus dovetail into each other and will furnish an immediate market for each other.

It will do no good to whine about conditions. We have the resources, the production, the genius and the energy. There is no shortage of labor or supplies. We have mastered the machinery of production. The problem of this day is the mastering of the machinery of distribution. I have explicit faith in the history, traditions and institutions of America, and in the mettle and stamina of her people. She will meet this problem face to face and solve it.

## County Health Activities

MISS GRACE BUZZELL  
County Health Nurse

By GRACE F. GUTHRIE  
Publicity Chairman, County Health Committee.

New assurance of the importance of the Deaf Smith county health program and complete confidence in the administration of its tri-maintained service was gathered from the regular monthly meeting of the committee Friday afternoon, reports on the various phases of the work being most encouraging.

Dr. G. W. Heard, local dentist and member of the committee, in a convincing talk established the fact that the good already accomplished by the health service is not inconsiderable. He pointed out a marked improvement in the condition of the children's mouths, reporting 46 per cent peeding no corrective work while out of 412 months examined the teeth of only 27 were affected by brown stain. This decrease in disease he attributed directly to the health work. Another interesting fact noted was that the teeth of smaller children were in better condition than those of high school age, that among the latter there is yet a good deal of pyorrhea evidencing lack of nutritive foods and proper care of the teeth. During December, 15 clinics were held and 463 examinations made, both Drs. Wiltshire and Heard giving their services to the work.

## 1931 IS PAST HISTORY

This portion of our country made a good yield of crops last year, for which we are all thankful—even though the prices were low.

Let's buckle up and take courage and resolve to make this one of our very best years. Your success as well as your prosperity will depend upon your own efforts.

We think the opportunity of our people in this locality is wonderful. We invite you to join hands with us in making 1932 just what it ought to be.

We shall do everything in our power to merit your goodwill as well as your patronage in business.

We are determined to serve you better with the passing of the years and we guarantee that no one anywhere will sell you merchandise as cheaply as we will.

You will note that we are entering our thirty-first year of business among you. We thank you for all the success our business has enjoyed in the past years.

As a remedy to improve conditions, let everyone buy all he can afford, and do all the improving possible, and we will see times get better fast.

Yours for a good year,

**E. B. BLACK COMPANY**  
WE ARE SATISFIED WITH SMALL PROFITS

A noteworthy item in Miss Buzzell's report was that out of 100 children inspected, 115 defects were found. Four local physicians were reported cooperating with the health examinations and assisting with the work in general. Five adult health clubs with a total attendance of 44 women were reported by Miss Buzzell and also an increasing interest and co-operation among parents in having corrective work done. The extent of her work is shown in the fact that during December she visited the following schools: Dawn, Dean, Sims, Thomas, Walcott, Westway, Daniels, Bippus, Valentine, Progressive and Fairview.

Dr. Morgan, educational advisor of the committee, gave an excellent informative talk in which he answered a number of pertinent questions relative to health work, particularly as it applies to this community.

### MODERN FURNISHINGS MAKES FARM HOMES MORE ATTRACTIVE

While the rugged, sturdy farm home of the 19th century had a charm of its own, modern equipment makes the present farmhouse a far more pleasant place in which to live. This is the opinion of M. S. Winder, executive secretary, American Farm Bureau Federation.

"Furnishings of moderate price, selected with care and arranged for the greatest beauty, now adorn most farm rooms," Mr. Winder said. "Break parlors drove many families into the kitchen in former years, but interesting living rooms which are both comfortable and useful have supplanted them. Twentieth century efficiency which pervades the business world has invaded the home in both city and countryside."

Mr. Winder, member of a sub-committee of the National Committee on Wood Utilization of the Department of Commerce, which sponsored a recent booklet, "Furniture, Its Selection and Use," feels that there is an increasing farm interest in the subject of home planning and furnishing. He cited the use of this bulletin by 1400 home demonstration agents of the U. S. Department of Agriculture, as proof of his contention.

"Because of the deep desire for real facts, together with the many opportunities now offered rural home-makers, you will find most of the women on our farms being informed on home furnishing and

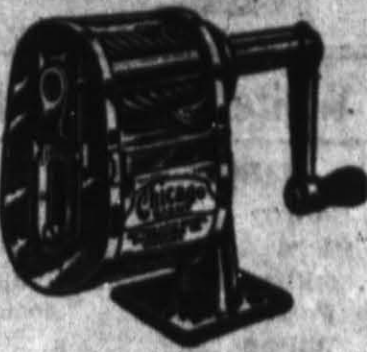

decoration," he pointed out. "They have found that the time and energy spent in acquiring knowledge of wise selection and good arrangement is well expended; that pleasing homes attract interesting people and that families reflect the warmth and charm of their surroundings."

Men and women of the farms appreciate this booklet, because it helps them to secure comfortable, correctly furnished homes, satisfying to their artistic senses and their needs.

"Furniture, Its Selection and Use" can be obtained from the Superintendent of Documents, at Washington, D. C., or from district offices of the Bureau of Foreign and Domestic Commerce, in principal cities. It sells for 20 cents a copy. The National Committee on Wood Utilization has prepared a study course based on the bulletin, which it will supply to leaders of groups which care to study the subject.

Mr. and Mrs. B. H. Hopkins were called to Taylor Thursday last week by the sudden illness and death of his mother.

OF A RANGE ROUSTABOUT

'Twas a hot summer day and Pat come out of the house with his coat, vest and overcoat on and a can of LOWE BROTHERS' paint in his hand. A neighbor asked him why he had so many coats on. "Shure," said Pat, "the directions on the can sez ter put on three coats fer the best result, but O'er that me vest, coat an' overcoat wud do." I'd better tell ye thets my joke this week so yu'll kno. But say Dog Bite my Hide, I never knoed that a leetle paint cud make as much difference in a plaz until Art an' that feller Fox got thru with our offis. Say, yu jest otter see it. Even the lades like it. Its jist as purty as a speckled pup under a leetle rd wagon. We want yu to com in an' see it fer yerself, cuz we kno wen yu do yu'll want ter paint yer own plaz up and of course yu'll want ter use our paint. Faller wuz tellin' us tother day that paint what costs more fer a gallon is cheaper than that what costs less. Here's th' way he sez, cuz I writ it down: High Standar Paint, thet's ourn, costs \$3.50 fer a gallon, an' it'll cover three hunder-fifty feet of surfas with two coats. Yu see that wude meen thet one hunder feet with two coats wud cost a dollar. Take a cheap paint fer \$2.65 fer a gallon an' it wud cover two hunder fifty feet of surfas two coats en' that wud make one hunder feet two coats cost yer a dollar an' six cents, so yu see, the high priced paint costs less, an' then it lasts longer and looks better as long as it lasts. Thar aint no water in High Standar Paint nuther.
