Graduation Events Highlight School End Activities

Baccalaureate and Commencement for 174 graduating seniors in the class of 1966 at Hereford High School highlight end-of-the-year activities for area students this week.

Baccalaureate Program will be held today at 8 p.m. in the high school auditorium. Classes end this week for all students in the county.

Commencement for the Hereford High graduates will be held at 8 p.m. Thursday at Whiteface Stadium.

OTHER AREA end-of-school activities include Crowning and Graduation for 34 St. Anthony's School eighth graders at 4 p.m. today and graduation for 15 Walcott School eighth graders at 8 p.m. Tuesday.

Delivering the Baccalaureate sermon to HHS seniors tonight will be the Rev. Noah Arnpriester.

Presenting musical selections for the program will be the Hereford High School Acappella Choir, under direction of Richard Jackson.

Organ processional and recessional will be by Mrs. Evelyn Hacker. Invocation will be by the Rev. Angelus Delahunt and benediction will be by the Rev. James G. Martin.

CLASS SONG is "Climb Every Mountain", class colors are yellow and white, class flower is the yellow rose, and class motto is "We have conquered the foothills; the mountains lie beyond."

Valedictorian is Randy Tooley and Salutatorian is Tyler Thompson.

President of the class is Virgil Barber; vice president is Barbara Zinser, and secretary is Jon David Miller.

See **SCHOOL Page 2**

Seniors Reveal College Plans, Stipends Listed

Three-fourths of the Hereford High School seniors graduating this week plan to continue their education in colleges, universities, or business schools, it was announced by school officials Friday.

And 24 of the 174 graduates are recipients of scholarships or stipends for their higher education, it was revealed.

A SURVEY of the senior class shows that 131 students will attend accredited colleges and universities, twelve will attend business schools, and one has been accepted for chiropractor school.

This gives a total of 144 who will continue their education, or 82 percent of the class.

School counselor Robert Thompson said this is a six percent increase over 1965 graduating seniors enrolling in college.

SCHOLARSHIP WINNERS, as announced at last week's awards assembly at the school, are as follows:

Tyler Thompson, National

FIRST CALL — Hereford Mayor Ray Cowser made the first phone call on "Touch-Tone" Southwestern Bell Telephone Co. office, telephones in Texas Thursday afternoon at 2 p.m. from offices in City Hall. Looking on was Vance Smith, manager of the local Southwestern Bell Telephone Co. office. (Staff Photo)

FIRST IN TEXAS

'Touch Tone' Arrives

Hereford Mayor Ray Cowser picked up a phone receiver from a desk in City Hall Thursday afternoon, punched a few buttons, and before you could say "boo" was talking to someone at Amarillo Mayor H. V. Wallace's office.

When he was put through to the Amarillo official, the Hereford mayor announced that he was making the first telephone call on a "Touch-Tone" telephone in the state of Texas.

Then, city manager Dudley Bayne punched some buttons on the portion of the telephone which heretofore had held the "dial" and musical notes comprising the first few bars of

"Mary Had A Little Lamb" were recognizable.

"HE'S NOT too good yet, but we just wanted to show you what our new phones are like down here," the Hereford Mayor told the Amarillo mayor. "We don't want you and the good people of Amarillo to be discouraged, though... when your city grows a little you'll probably get some of Mr. Bell's modern equipment," he kidded.

And thus, push-button telephones were introduced in Hereford by Southwestern Bell Telephone Co.

TELEPHONE company crews will begin Monday to install the

new phones in local businesses and residences.

Orders for the new phones have been coming in since the day Southwestern Bell announced that the first "Touch-Tone" service in Texas would be made available here, beginning Monday, at a slight additional charge according to Vance Smith, manager of Southwestern Bell here.

On Touch-Tone phones, ten push-buttons replace the rotary dial. Calls are made by tapping out the number on the buttons, much like using an adding machine.

THE OPTIONAL service is

Rains Dot Area With Light Fall

BY WEATHER BUREAU

Tornado Safety Rules Listed

By DAVID BUTLER
Staff Writer

What should you do if you see a tornado?

How can you know if a twister is coming at night?

What precautions can be taken?

THESE ARE the three questions which are most often asked by persons to the United States Weather Bureau officials in Amarillo.

Many "wives tales" circulate throughout the midwest which answer these questions in one way or another, but only a person who knows and understands tornadoes can give the correct answers to these questions.

Every year in the months of April through September persons in the Hereford area often find themselves under severe weather or a tornado alert.

WHEN THIS happens people begin to watch the skies for the terrifying funnel clouds which have been responsible for millions of dollars of property damage and taken hundreds of lives.

When a tornado or severe weather alert is given for Hereford, residents should tune in either the local radio station or any

one of the three television stations in Amarillo.

EACH OF THESE broadcasting facilities have weather wires and services which provides them with instant news reports. All of the television stations and the U. S. Weather Bureau have radar units which can spot a thunder cell for a radius of nearly 200 miles around Amarillo.

When a person spots a tornado, whether on the ground or in the air he should call either the local police department, sheriff's office, or the weather bureau. See **TORANDO Page 2**

Cotton Transfer Vote Deadline Due Wednesday

Cotton producers in Deaf Smith County were reminded by Frank J. Beizer, Chairman of the Agricultural Stabilization and Conservation County Committee, that May 25 is the last day to cast a ballot on the transfer of upland cotton allotments outside the county.

Ballots were mailed early this month to all known cotton producers, and the referendum has been under way since May 15.

Ballots may be mailed or delivered in person to the ASCS county office, but they must reach there by Wednesday, May 25. A ballot in an envelope post-marked May 25 will not qualify as "eligible" unless it is in the county office before the close of business on that day.

THE VOTE will decide only the question of whether a farm-

See **COTTON Page 2**

Spotted rains passed over Hereford Friday afternoon, whetting residents' appetites for more of the much-needed moisture.

Parts of the city measured as much as .36 of an inch in the storm, while other parts got only sprinkles.

One Hereford businessman was quite surprised when he found that his neighbor, only a block away, had water standing around his house while his block was bone dry.

THE RAIN brought Hereford's total to 1.71 inches for the year, which is much below the average for this part of the year.

Forecasts for today indicate no change in the unseasonably warm weather with cloudy to partly cloudy conditions to continue this evening.

There is a possibility for more scattered thunderstorms for the area this evening.

Friday was the second time this spring that the area has been under a severe weather alert, but the only "weather" was scattered rain, lightning, and dust.

DURING THE PAST week, temperatures ranged in the high 90's in the Hereford area with some cities reporting temperatures as high as 104.

Many of the temperatures have been record breakers for this time of the year.

Even with the showers Friday, the humidity Saturday in the Hereford area was a dry 17 per cent.

DRYLAND farmers in Deaf Smith County report that there

CofC Committee Schedules Busy

Five committees of the Deaf Smith County Chamber of Commerce meet this week to conduct business related to their various areas of work.

Meeting at various times from Monday through Thursday will be the recreation, industrial, water resources, retailers, and aviation committees.

IT WILL BE the first meeting of the year for the recreation and water resources committees which will lay plans for their work this year.

Other committees will continue study of numerous plans adopted earlier.

Starting the week will be the meeting of the recreation committee at 10 a. m. Monday in

500 Expected For Pioneer Day Here May 30

Plans are complete for the May 30 Mid-Plains Pioneer Day in Hereford. A crowd of some 500 people is expected, according to officials of the association.

Schedule for the reunion sponsored by the Mid-Plains Pioneer Association lists activities beginning at 9:30 p. m. in the Deaf Smith County Bull Barn. As in the past, members of the Mid-Plains Pioneer Association will conduct their morning business session.

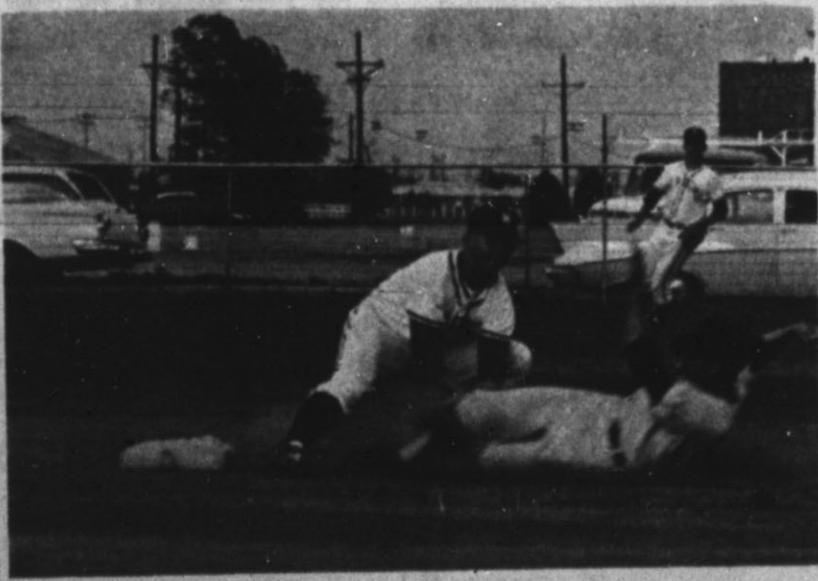

A NOON basket luncheon will be hosted by Hereford area residents, with out-of-town guests to be guests of honor.

The day's highlight will be the afternoon session set aside for just plain visiting.

President of the association is Ezra Norton.

It was also announced that transportation will be provided to and from the Bull Barn for those wishing to use the service. Persons desiring transportation to the Pioneer Day may obtain it by calling EM 4-1945 on the morning of May 30.

Also to be held later the same day will be a Class of 1919 reunion for members of the class "and anyone else" who attended Hereford schools with the class.

LAST GAME — Hereford Whiteface baseball team staged a seven-run rally in the bottom of the last inning with two away in the game to decide the District 1-AAA championship here Thursday afternoon. But the Dumas Demons had the trophy on an 8-7 note. In photos above, the Herd's Gene Duvall puts the tag on a Dumas baserunner in one of many key plays in the game. Below, disappointment registers on faces as the team leaves the field following the climatic play. See story inside. (Staff Photos)

'EXCITING COMMUNITY'

Fort Worth Editor Describes Visit To Hereford, Panhandle

(Editor's Note: A former Hereford resident sent the following article from the Thursday, May 19, edition of the Fort Worth Press, in which editor Walter R. Humphrey described his visit here Tuesday, when he was featured on the program for the Fort Worth Press Soil Conservation Awards Banquet. His comments in his editorial page column, "The Home Towner," appeared under the heading "Dust, Beauty, Prosperity on the Plains.")

HEREFORD, Deaf Smith Co. — A cool breeze whipped over the high plains today and sent dust whirling over the green fields.

There is dust in the Panhandle because there's a drought up here... just an inch of rain in the past six months! The heavy rains we got in north, central and south Texas didn't reach the Plains.

But this is great and beautiful country, stretching out in irrigated greenery 4000 feet above sea level. They say the under-

ground water reserves which supply the beautiful crops of the Plains are dwindling steadily, but so long as there's water there, it's wonderful.

THIS PRETTY and bustling city of 12,000 is just a hop, skip See **FORT WORTH Page 2**

See **RED Page 2**

MUNICIPAL POOL SETS OPENING ON JUNE 1

Hereford's municipal swimming pool will open June 1, according to Lloyd Payne, manager.

Pool hours are the same as last summer, 2-8 p. m., with the pool being closed on Mondays.

Admission prices are 30 cents for children under 12 and 35 cents for those 12 and older.

Payne also announced that the pool would again be available for private parties from 7 to 9 a. m. any evening by reservation.

Red Cross Sets Planning Meet For Swimming

Hereford Red Cross workers will lay plans for their summer swimming program Friday at 10 a. m. in the Community Center.

Classes will begin early in June and during the summer instruction will be offered in every category from beginners through senior life saving.

A NEW feature this year will be a session held to train water safety aides. This class will be open to all persons 14-17 years of age who have received their Red Cross Cross swimmer certificate and a junior or senior lifesaving certificate.

The new program is designed to help the Red Cross chapter meet the community needs for swimming instruction by enlisting the aid of capable young persons.

THOSE WHO acquire the water safety aid level can easily move into the position of water See **RED Page 2**

FOR 1965 UF DRIVE

Unanimous Firms Get Certificates

Deaf Smith County United Fund — which reached its goal for the first time in four years during the October, 1965, drive — pays tribute this week to

those who were in the vanguard of support for the effort.

Framed certificates will be presented to owners of almost 100 businesses where all employees, as well as the business itself, contributed to the drive. **GOAL FOR** the 1965 drive was \$30,100 — but county citizens didn't stop at that. Contributions totaled \$30,758.87.

Already plans are underway for the 1966 drive in October and certificates are being presented at this time to call attention to the organization's supporters.

Officials of the United Fund will distribute the framed certificates, beginning Monday. President of the United Fund for 1965 was Clint Forby, drive chairman was Ed Skypala, and Publicity chairman, Dale Young. Elected to head the UF in 1966 was Melvin Jayroe.

IN FULL swing at the present time are summer activities sponsored by several United Fund member organizations, including Little League, Pony League, and Red Cross.

Other member agencies of the Deaf Smith County United Fund are Boy Scouts, Camp Fire Council, Salvation Army, Cerebral Palsy Center, United Service Organization and Deaf Smith County Council on Alcoholism.

The county's United Fund originated in 1957 and made its goal in 1957 and 1958, but the goal was missed by three percent in 1962, ten percent in 1963, and some 12 percent in 1964.

Success of the 1965 drive was attributed largely to overall increased participation by the county's residents, as exemplified in the many 100 percent participation businesses.

RECEIVE CERTIFICATES — Deaf Smith County United Fund 1965 Drive Chairman Ed Skypala presents a certificate to Debs Knox, owner of Hereford Bakery, whose firm was the first to become a 100 percent contributor to the 1965 United Fund drive. Looking on is UF official Dale Young. The almost 100 framed certificates shown in the foreground will be presented this week to all local firms whose employees participated unanimously in the drive. (Staff Photo)

Tornado . . .

(Continued from Page 1)
east in Amarillo giving the location and direction of movement of the cell.

ONE SHOULD NEVER tie up lines to any one or these three facilities for any other reason other than to report severe weather activity.

Any information the weather bureau has is immediately relayed to the broadcasting stations.

A barometer can be a man's best friend at night when under a severe weather alert.

If a tornado is approaching the area there will be a rise in pressure when it is about two miles out and then a sudden drop — seven to eight hundredths every 15-30 minutes a sit moves closer.

If this drop is noted one should take cover for a tornado, because there is one in the immediate area.

ONE OF THE MANY thoughts about tornadoes is that just before they hit, the weather suddenly becomes quiet, but according to weather bureau officials a tornado can strike during the most torrential rain and hail storm.

There are a number of precautions which can be taken to preserve both lives and property.

The most important thing is to save one's life. This can easily be done if one has access to an underground storm shelter, but if there is no shelter of this type, there are still ways of finding a safe place. At all times, keep a battery operated radio nearby, officials recommend.

One should try to get into a small room away from windows or doors. The smaller the room the less the chance is of getting hurt, since most injuries are caused by flying debris.

A SMALL CLOSET near the middle of the house would be best, but a bathroom also serves very well for a shelter, weathermen said.

The smaller the room the less roof space is spanned which could possibly fall in on a person.

TO LOWER the damage done to a home or any kind of building, a window should be opened facing the tornado. At night, one would be wise to open both a south and west window. Weather bureau officials say that 90 percent of all tornadoes in this area come from either the southwest or the south.

A tornado suddenly lowers the pressure — if there is no outlet for the air inside the building to come out when the pressure is reduced, it may rip apart at its weakest points.

MANY OF THE structures in this area can endure the winds inside the tornadoes, but cannot withstand the sudden drop in pressure, weathermen continue.

The most important things to remember during a tornado alert are to keep listening to either a radio or television station and to report any severe activity as soon as possible to the proper authorities, giving the direction in which the tornado is moving.

SHOWS CHAMPIONSHIP WORK — Charles H. Smart displays an art piece called "The Chief" which was made by a process called Intarsia. This is the art of cutting stones and fitting them together to make a picture in a jig saw manner. Smart has twice won the U.S. championship award at the American Federation of Mineralogical Societies show. (Staff Photo)

VISITS HEREFORD RELATIVES

Lapidary Expert Shows U. S. Champion Artwork

By DAVID BUTLER
Staff Writer

Lapidary — Intarsia — Epoxy — are all strange words to many people, but to Charles H. Smart these are a part of his every day vocabulary.

All of these words are connected with an art which is relatively new in the U. S., but dates back many years in Italy.

The art is the cutting of stones and fitting them together — in a jigsaw puzzle manner — to form a beautiful picture. These rocks must fit together perfectly and then they are polished to a shiny smooth surface.

Smart was visiting with relatives in Hereford during last week on a return trip from Las Vegas, Nev. where he had just won the U. S. award for Lapidary work.

HE WON IT three years ago, but the rules in the event preventing a past winner from entering for three years after the win.

Intarsia is the name for this art which produces beautiful work and shows great skill on the part of the worker.

Smart had three pictures of ducks and one picture of a plains Indian which he had put on display in the Lapidary exposition.

The rocks are to a one-eighth inch thickness and then are cut to fit into the space provided. After being fitted into the picture they are glued to a board with a special cement which is called epoxy.

SOME OF the rocks are large and easy to handle, but some of the rocks are one-thirtieth of an inch thick at the thickest part and taper off to nothing.

The picture of the plains Indian contains 12 different kinds of rocks and about 900 pieces. Smart said it took him some 1,400 hours to complete the picture and it is valued at approximately \$7,000 by him.

The pictures of the ducks contain approximately 500 pieces and required somewhat less time to put together than the Indian. Smart valued the ducks at \$1,500 each.

"**I NEVER** spend more than three hours a day working on the projects — if I do I sometimes become tired of working and miss up a part of the picture," Smart said.

He said that only about 12 persons in the U. S. are active workers in this art and most of them enter in the American Federation of Mineralogical Societies show each year.

SMART AND his wife live in Minneapolis, Minn. where he works on this art.

His first award won at the AFMS show was in 1963 in Oklahoma City, Okla.

Smart's wife is the sister of Leon Coffin of Hereford.

CofC . . .

(Continued from Page 1)
the need for a year-round indoor swimming pool, over-night camping and picnic facilities, lighting the high school baseball field, and several other proposals.

The committee is also expected to discuss recently-discussed needs such as enlarging cultural-recreational activities in the city through such proposals as an adult theater, adult musical group, or a knife and fork club.

INDUSTRIAL committee meets at Tuesday noon at the Hereford Country Club to continue its discussion towards the feasibility of a local industrial foundation and observance of a week set aside to pay tribute to local industry.

Water resources committee, in its first meeting, will set up its program of work for the year at 10 a. m. Wednesday in the chamber office.

Of particular interest will be the review of the water storage proposal for Tierra Blanca Creek.

The committee will also be asked to recommend to the chamber's board of directors that a strong resolution be forwarded to elected representative in Washington urging that the High Plains be included in the North American Water and Power Alliance (NAWAPA) plan.

RETAILERS steering committee meets at 10 a. m. Thursday in the chamber office to continue planning its shopping research project in conjunction with the Dumas Chamber of Commerce.

The local chamber board has endorsed the plan to "trade out" evaluations of retail stores, with a committee from Dumas surveying local businesses and a Hereford group evaluating stores in Dumas.

Aviation committee members meet at noon Thursday at the country club will continue discussion of several projects for airport improvement, and will also begin planning to host the All-Texas Air Tour which will stop for coffee here on Oct. 3.

Ron Hansen of the Chicago White Sox set a major league record last season by accepting 28 chances at shortstop in a doubleheader.

Red . . .

(Continued from Page 1)
safety instructor.

A special certificate is given to all those who complete this safety aid course satisfactorily.

There is also a need for adult volunteers, according to Mrs. Bruce Miller, water safety chairman for the Deaf Smith County chapter.

These volunteers will help in the program for two-week periods during the summer. Those interested in helping are requested to meet at the Community Center.

No previous experience is required of these volunteers to help with the program.

Local Church's Leaders Named

Officers and board members were elected Wednesday evening by the members of the First Christian Church of Hereford.

JOHN D. ALKEN was elected chairman of the board for the coming year. Robert Veigel was named vice chairman; Mrs. Walter London Jr. secretary and Mrs. Ivan Block, treasurer.

Three persons were nominated and elected to complete the list of nine Elders for the church. They are R. G. Blue, Bert Brown and Bruce Coleman. These three persons' terms will expire in 1969.

Eight persons were selected to complete the list of Deacons, including Dr. Ron Zimmerman, Ted Panciera, Dr. Noble Ballard, J. P. Brogdon, Lawrence Carlson, Walter London, Bob

Veigel and Robert Veigel. **MES. ROY** Jowell and Mrs. A. Peterson were elected Deaconesses for the next three years.

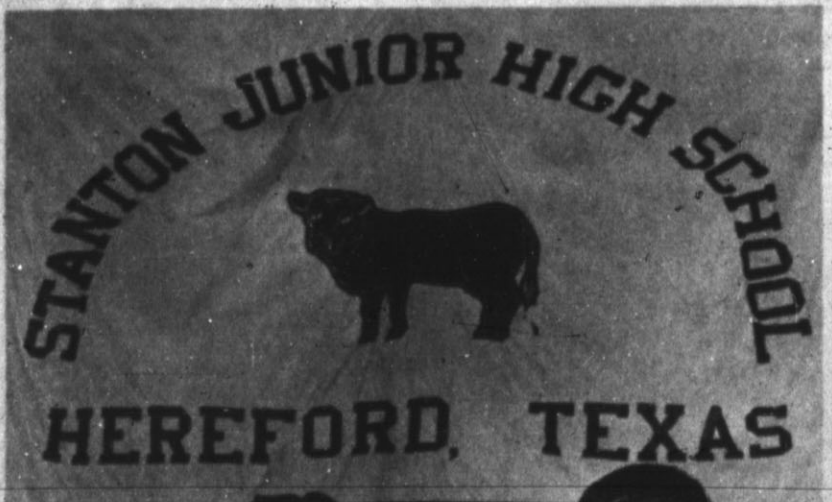

John Aikin and Dr. Clyde Rush were elected to the trustees. Dr. Rush filled the vacancy left by Bruce Coleman.

Junior Deacons for the year are Jack Aikin, Phillip Cain, Monte Gripp, George Bullard, David Brink, Pat Higgins, Russell Phillips and Gregg Bullard.

W. G. Harris and F. H. Oberthier were named Deacons Emeritus and Ira Ricketts, Ellis Coombes and A. Peterson were named Elders emeritus.

Honorary Deaconesses are Mrs. Burl Elliston, Mrs. A. M. Jones, Mrs. Ira Ricketts and Mrs. C. R. Smith.

Rev. Gene Brink is the minister of the local Christian Church.

WIN HONORS — Betty Hodges, daughter of Mr. and Mrs. Joel Hodges, and Santry Rush, son of Dr. and Mrs. C. E. Rush, received American Legion awards presented annually to two students at Stanton Junior High School. Recipients are selected by the faculty on the basis of citizenship, leadership, congeniality, scholarship, and other factors. The American Legion has presented the awards annually for the past 25 years, and last week made similar presentations in 700 Texas junior high schools. Making the presentation at Stanton's Awards Assembly last week was Gene Fooks. (Staff Photo)

Fort Worth . . .

(Continued from Page 1)
and a jump from New Mexico, and it's one of the boomiest little cities you'll see.

They used to promote Hereford as the "town without a toothache" but its boom today is based on many other things.

Grain sorghums and wheat, of course, for they are its big crops, but more versatility than that springs from this High Plains city.

Two years ago, Holly Sugar Co. built its first sugar plant in Texas right here and the plant has been through two sugar beet "campaigns" and is going strong.

Four counties (23,000 acres in all, one of the four in New Mexico) ship their sugar beets to Hereford to provide 50,000 tons of refined sugar annually.

Down the road from this handsome new plant is Holly's venture into diversification: it has feeding lots for 8,000 cattle, which it buys and sells.

And this, too, is big business for Hereford. They claim Deaf Smith County is the biggest in the state in the feed lot business. 200,000 head of cattle a year, as many as 80,000 at one time.

This also is the vegetable bowl of the Plains. . . and the potato business is big. . . also onions, carrots, others.

THIS EXCITING community is moving in all directions. It has fine schools. It has just completed a million and a half dollar shopping center with covered malls, completely bigtime.

And downtown, the city has worked on both beauty and comfort. Last fall, four blocks of Main street were given the treatment.

At each of four intersections, the corners are decorated with semi-circular covered seats. . . on opposite street corners. At the other two points of the intersection, attractive planter boxes have been entered.

So, coming down Main street, I was impressed. . . and impressed that a city would be considerate enough of shoppers to provide them a place to sit!

WE DROVE across the High Plains from Amarillo to Hereford and then south and southeast across the South Plains.

Beautiful, green spring wheat was leaning in the brisk wind. Fields had been cultivated for cotton and sorghum. Every place it was a picture for the books.

The Plains country is full of mirages on a hot day. And always, those cinders of wheat elevators and bins at a distance suggest you are coming to the skyscrapers of another city.

Everybody doesn't irrigate, for there are many dryland farmers. But I wonder what would happen to this garden country if it ever ran out of water.

Ditto for all of us. . . in any section.

IT WAS almost 800 miles to Hereford and back. . . a good chunk of Texas.

We headed to Jacksboro, on past places like Squaw Mountain and Windhorst, to Archer City. Electric and up the long familiar highway to Colorado which took us to Amarillo. Everything was green and lush until we got to the High Plains, where the dust hit.

I remember always, crossings like that of the Prairie Dog Town Fork of the Red River, this week barely wet. . . but I have seen it miles wide.

There were long patches of fireweed blossoms and other wildflowers as we left the low country and sailed through the rugged hills that took us up onto the Caprock.

The highway become freeway now takes you right around Amarillo and on to Canyon, thence to Hereford.

WE ADDED variety on the return trip. . . hitting south on Dimmitt, to Plainview to Floydada, all prosperous country seats, south to Ralls, then east to Crosbyton on U. S. 82 until we dropped off the Caprock again.

We took a farm-to-market road in the Haystack mountain country, cutting through some rough, eroded hills and gorges and southeast to Spur, Texas agricultural experiment station home which I've heard of all my life and had never seen before. . . then to Jayton, Aspermont, Old Glory, Rule, Haskell, Graham and home.

This entire country was the prettiest I've ever seen it. Crops looked good. The wildflowers were the thickest I've seen in West Texas. . . miles and miles, with the accent on yellow, then white. . . and occasionally a brood field of scrub oak and mesquite with the ground carpeted with yellow.

And abandoned railroad tracks of a by-gone era. you never seem to lose them.

Seniors . . .

Carmen Betzen, \$100 from the Thespian Troupe.

Retha Kelly, \$100 from the American Legion Auxiliary.

Linda Lohr, \$100 from the West Texas State University Extension Association.

Lonnie Coker, \$75 from the Hereford Music Study Club.

From an anonymous donor, \$300 has been placed on deposit at the Hereford Federal Credit Union to be divided \$100 each to Vicky Koelzer, Carol Brashear, and Lucille Self.

Kindergarten Pre-Enrollment Slated Monday

Pre-enrollment for the fall term of a Latin American kindergarten will be held Monday at 9-12 a.m. at the Hereford Goodwill Center, located at the corner of 5th and Sampson St.

The only cost will be two dollars a month to help pay for materials used. Children will be taken to the kindergarten and returned home by bus each day and refreshments are served by the school.

This kindergarten has been in successful operation for four years.

The kindergarten school will be limited to the first forty children to enroll.

Cotton . . .

(Continued from Page 1)
er in this county can sell or lease his cotton allotment to someone who would use it in another county of this State. In no case can transfers be made outside the State. A two-thirds affirmative vote will permit such transfers during the next 3 years.

Farmers are cautioned to follow all instructions in marking their ballots. The certification on the back of the envelope sent to producers must be signed or the producer's mark witnessed as evidence that the ballot was marked by the producer personally without undue influence by any person. Ballots are kept secret, although the counting of the ballots is public.

This public counting of the ballots will take place on May 26th at 9:00 A. M. in the ASCS County Office. Anyone who wishes may watch the counting.

Because the transfer of cotton allotments is so important to growers, it is hoped that a large percentage of the county's cotton producers will cast their ballots. Any cotton producer in the county who has not received a ballot by mail is urged to get in touch immediately with the ASCS county office.

ONE-SIDED ACTION

DENVER — The University of Denver soccer team has won 17 successive games since 1963! The team was undefeated in its seven games last fall.

CONTEST WINNER — L. T. Sparkman, Rt. 2, Hereford, was the winner of \$1,000 in Joe Sebastian, manager of the local Furr's the Furr's Lucky Sweepstakes game this store. (Staff Photo)

Paisano Lions Set Charter Night Activities

Members of the Hereford Paisano Lions Club will hold their Charter night activities Friday evening in the Calsion House at 8 p. m.

LIONS STATE secretary Tom Kirkham, of Austin, will be the principal speaker for the function.

The club has 24 members, 21 of which are charter members of the club.

Joe Soto is president of the local club, Abel Ortiz, first vice president; Noe Salinas, second vice president; Elov Valdez, third vice president; Paul Abalos, secretary-treasurer; Bobby Hernandez, Lion Tamer, and Richard Exquivel, Tail Twister.

Directors for the club are Gilbert Diaz, Martin Musquiz, Joe Soliz and Ernest Castaneda.

Ex-Resident Dies In Kansas

Mrs. G. H. Womble of Mission, Kan., former Hereford resident, died Thursday. A memorial service was conducted Saturday morning in Kansas City and graveside rites followed at Wichita, Kan. Mr. and Mrs. E. W. Curtsinger of Hereford attended the services.

Mrs. Womble is the former Miss Delia Cassell, daughter of the late Mr. and Mrs. C. W. Cassell. She grew up in Hereford and her husband was a member of a pioneer Deaf Smith County family. A number of nieces and nephews living in this county are among her survivors.

Members of her immediate family are all deceased. They included her sister, Mrs. Guy Smith; brother, Malcolm Cassells, and her husband's brothers and sister, Troy and Mack Womble and Mrs. Bradley, all well-known residents here.

Kindergarten Pre-Enrollment Slated Monday

Pre-enrollment for the fall term of a Latin American kindergarten will be held Monday at 9-12 a.m. at the Hereford Goodwill Center, located at the corner of 5th and Sampson St.

The only cost will be two dollars a month to help pay for materials used. Children will be taken to the kindergarten and returned home by bus each day and refreshments are served by the school.

This kindergarten has been in successful operation for four years.

The kindergarten school will be limited to the first forty children to enroll.

Graduation . . .

(Continued from Page 1)
SENIORS completed classes and final exams Monday and Tuesday.

Hereford elementary and junior high school students have classes through Tuesday, are out Wednesday, and return for report cards and checking in books on Thursday.

At St. Anthony's, eighth graders will be honored at a graduation party at 1:30 p.m. Monday and the school's awards assembly will be Tuesday morning. School will be dismissed at noon Tuesday.

Walcott School will graduate its largest class in history Thursday night. Speaker for the graduation program will be the Rev. James Martin, pastor of the Westway Baptist Church. Diplomas will be presented by J. V. Perrin, president of the Walcott School Board; and awards, by J. G. Hobson, principal.

Look Who's New

Mr. and Mrs. James C. Clearman are the parents of a daughter, Kristi Ann, born May 20. She weighed 8 lbs. 15 ozs.

Dr. and Mrs. J. H. McCrary are the parents of a daughter, Patricia, born May 19. She weighed 7 lbs.

Mr. and Mrs. Stephen E. Melwes are the parents of a son, Michael John, born May 19. He weighed 6 lbs. 6 ozs.

Mr. and Mrs. Arthur L. Duggan are the parents of a daughter, Myra Susan, born May 19. She weighed 6 lbs. 10 ozs.

Mr. and Mrs. Otis H. Davis are the parents of a daughter, Kim Elizabeth, born May 18. She weighed 8 lbs. 5 ozs.

Mr. and Mrs. Reynaldo M. Marquez are the parents of a daughter, Carol Cara, born May 15. She weighed 5 lbs. 14 ozs.

Mr. and Mrs. Gary F. Price are the parents of a son, Cary Lin, born May 15. He weighed 5 lbs. 14 ozs.

Mr. and Mrs. David L. Patterson are the parents of a daughter, Paula Jean, born May 14. She weighed 8 lbs. 7 ozs.

First . . .

(Continued from Page 1)
available to all Hereford telephone customers with one and two-party lines who wish to order it at a moderate monthly rate, Smith said.

Addition of Touch-Tone calling will not effect regular dial telephone service, as equipment has been installed to allow Touch-Tone and dial customers to operate on the same facilities.

TOUCH-TONE used musical tones, rather than electrical impulses, to direct calls through telephone switching equipment. Callers are able to hear the tones generated as they push the buttons to "dial" calls.

Expected to be generally available throughout the nation in ten years, Touch-Tone is being added to telephone exchanges on a gradual basis, and Hereford is the first city in Texas and the second in the Southwestern Bell system to receive the service.

Hereford was also the first city in the region to receive direct-dialing for long distance calls several years ago.

Rains . . .

(Continued from Page 1)
will be no wheat crop and the ground is too dry to plant grain sorghum at the present time.

Eldred Brown, 28 miles west of Hereford, reported that he did not receive any rain at all in Friday's activity and that there had been little measurable moisture on his land this year.

Jim Monroe, nine miles northwest of Bootleg, said that there was no rain there Friday and that the land was getting dusty.

Carl Wimberly, one and one-quarter miles northwest of Dawn, reported .07 in the showers, bringing this year's total to 1.59 inches.

Leon Coffin, six miles north-northeast, said that he got "a few drops" in the shower. He added that he could see it raining in town, but it didn't reach him.

Officials at Holly Sugar reported .14 during the short shower and a 1.42 inch total for the year.

Gene King at Community Grain, Easter, reported 1.0 of an inch in the rain Friday and said that he has measured 1.4 inches during the year.

Veteran Smoky Burgess of the Chicago White Sox broke the major league pinch hitting record last summer when he hit a double for his 108th pinch hit. The previous record of 107 was set by Red Lucas in 1959.

Whiteface Rally Too Late, Demons Win District Crown

Duvall, Hodges Hit Back-To-Back Homers

By DAVID BUTLER
Sports Editor

A comeback — but too late.

This was the story of the Hereford-Dumas baseball game Thursday in which the Demons took the District 1-AAA crown in a "Do-or-die" game for both teams by a 8-7 advantage.

Hereford was shut out of the game for six and two-thirds innings and then came alive with two back-to-back homers and seven runs only to have the rally stopped one heartbreaking point short of the Demons.

Gene Duvall and Steve Hodges scored back-to-back homers in the final inning to bolster the locals' spirit and to boost the score closer to the Demons'.

THIS WAS the first time in a number of years that the Whitefaces have not won the district championship in baseball.

Last year the Whitefaces wound the district competition up in a tie with the Demons and a sudden death playoff game was held and Hereford won.

The next week the Whitefaces were defeated by Kermit in Regional play.

Hereford took the conference lead early this season when they downed the Dumas Demons 7-4 — the second loss for the Demons in 23 games.

The Whitefaces ran into problems when they were left to face the remainder of the season with only one experienced pitcher.

ED MIMS WAS taken out for the last two weeks of play with an injured eye, leaving Alex Diaz to hold his own for the Faces.

The pinch was first felt when the locals traveled to Dumas for a twin bill and lost the second

game 10-8 to the Demons for the Hereford's first conference loss of the season.

Hereford was still leading the district, but had to face the Canyon Eagles and the Demons one more time each.

A victory by the Eagles over the Whitefaces threw the conference into a tie between the Whitefaces and Demons making the Thursday battle a "Do-or-die" affair for both teams.

DUMAS DID and the Whitefaces couldn't seem to get the hits needed in the first of the game.

Dumas scored two runs in the third inning, two in the fifth and four in the seventh to put them out in front 8-0.

As the Whitefaces came to bat for the last time in the game they began to set the diamond on fire as they scored seven runs with two outs.

Ray Martinez led off and grounded to second and was thrown out for the first out in the inning.

Kenny Hagar, pinch hitting for Bob Wagner walked, Gary Tucker singled.

ROBBY LEMONS bunted on the next play and was thrown out

SECOND HOME RUN — Steve Hodges rounds third base as a bevy of ball players congratulate him after he hit the second home run of the day for the Whitefaces as they clashed with the Dumas Demons. Hodges hit his homer on the next bat after Gene Duvall who also hit a homer. (Staff Photo)

at first, Barry Johnson singled bringing in Hagar and Tucker.

Bill Watts was the next batter hitting one straight to the shortstop, who fumbled the ball and Johnson came home and Watts traveled to third.

A home run on the part of Gene Duvall brought in Watts and added two more runs to the growing list.

Steve Hodges, next batter, slammed a homer over center-field fence for one more point.

The Whitefaces were not able to keep up the pace as Martinez hit a short fly to the pitcher for the final out of the game.

ALEX DIAZ went the first four and one-third innings for the Whitefaces and Barry Johnson finished up the pitching duties for the locals.

Billy Wayne McVickers went the full distance for the Demons.

Dumas will clash with the District 2-AAA winners this week for the bi-district title.

GAME AT A GLANCE
DUMAS 002 020 4 — 8-9-1
HEREFORD 000 000 7—7-3
Billy McVickers and Gary Smith; Alex Diaz, Barry Johnson (5) and Gary Tucker.

COACHES' ADVICE — Hereford baseball coach, Don Dorman gives some last minute advice to Gene Duvall before he goes to bat for the Whitefaces. Duvall hit a home run which contributed two runs to the Whitefaces' rally. (Staff Photo)

IL Team Set For Road Game Today

Members of the St. Anthony's Irrigation League baseball team will travel to Silverton today for their fourth game of the season at 2:30 p. m.

Hereford downed Umbarger 6-0 last week in play giving them a 2-1 win loss record.

The win came when Ken Walterscheid along with good infield defense shout out the Umbarger nine for the victory.

The following week the local team will be back on home territory for the first time since the first game of the season.

Little Leaguers Finish Second Week Of Play

Little League baseball players entered their second week of competition this week as the season got well underway.

MONDAY evening in the majors the Giants defeated the Cardinals, 10-8 and the Braves took the Cubs, 19-14.

The Cardinals over ran the Giants in minor league play, 21-8 and the Braves took a victory over the Cubs, 22-8.

Tuesday evening in the major league the Dodgers won out over the Yankees, 6-0 and the Colts defeated the Angels, 11-9.

IN THE Minors the Dodgers took a victory over the Yankees 12-10 and the Colts downed the Angels, 14-5.

Thursday the Braves upset the Giants, 4-1 and Cardinals won over the Yankees, 10-8 in the major league.

Minor league play saw the Braves slip past the Giants, 16-10 and the Yankees ran past the Cardinals, 15-6.

THE COLTS downed the Cubs, 13-4 Friday evening in major league play and the Angels over ran the Dodgers, 20-3.

In the minors the Colts edged past the Cubs, 13-8 and the Dodgers shut out the Angels, 8-0.

Lubbock Man Earns WTCC Monthly Award

ABILENE — Garland Newsom a Lubbock paint manufacturer, civic leader and retailer is West Texan of the Month, selected by the West Texas Chamber of Commerce.

Newsom is president of Caprock Paint Manufacturing Co. of Lubbock, a firm that caters to the West Texas trade area. In 31 years, Newsom has built an original investment of 4,000 into a wholesale-retail operation with annual gross sales exceeding 2 million.

Newsom is described by his pastor, Dr. Paul Bumpers of First Methodist Church in Lubbock, as an "invaluable churchman." Newsom hosts an annual Thanksgiving occasion for his employees, and when he opened his new plant last year he held a special prayer dedication in addition to the official activities.

SINCE MOVING to Lubbock from Paducah in 1920, Newsom has served on the Lubbock City Commission, on the original executive committee of Methodist Hospital in Lubbock, the official board of First Methodist Church and the original board of directors of the YMCA. He also has been connected with several charitable organizations in Lubbock.

He was one of the first students to enroll at Texas Tech when the school opened in 1925. While he was studying at Tech, he took a part time job with a Lubbock paint and wallpaper company and remained in the paint business after graduating from Tech in 1930. He began his own business in 1935 in partnership with another man but purchased it outright in 1942.

In 1956 he expanded his interests into paint manufacturing as well as retailing, and in 1965 he transferred operations to a new 400,000 facility. Newsom also has a venetian marble manufacturing company.

Newsom is a dyed-in-the-wool West Texan. "When anyone asks me about the future of West Texas, I tell him it has as great a potential as any spot in the world," he says.

Newsom makes use of several West Texas products in his paint manufacturing, including petroleum solvents, cellulose and castor bean oil.

Newsom and his wife have two sons. Royce, 27, is vice-president and secretary of Newsom Paint and Supply Co., and Bobby, 24, a student at Tech, is a part-time salesman at the retail firm. The Newsom's only daughter, Mrs. Jim Tapp, lives at Quanah where her husband is executive vice-president of Security National Bank.

He Mays models," said Schumacher.

Advocator, winner of the 1965 Cowdin Stakes at Aqueduct, is a son of Round Table — Delta Queen.

He Jr., winner of 2-year-old stakes races at Keeneland, Churchill Downs and Arlington Park during 1965, was foaled in Oklahoma.

AT HEREFORD SPEEDWAY

Racing Club Sets Second Race Day

Hereford's newest sport facility will open up for the second time this summer today. Hereford Speedway will be opened for the second series of races this season.

THE SPEEDWAY opened May 8 with approximately 1,400 spectators and 50 drivers participating in the opening day activities.

Members of the Hereford Racing Association began the track earlier this year as a means to give the young people of the city a place to race.

The track was finished earlier this month and the opening proved successful for the local group.

receive no profit from the facility — all the profits are reinvested in the track for better facilities.

DURING THE opening day races two trophy dashes were held and the trophies were presented to the winners.

Cars from Hereford, Clovis, Amarillo, Farwell, Canyon, Bushland and Friona were entered in the first day of racing and many of the drivers are expected to return.

Admission to the races is \$1 for adults and children under 12 are admitted free.

SHOPPING IS FUN IN DOWNTOWN VARIETY PARK

By MELVIN YOUNG

Have you heard the latest? Now the men are having their hair styled.

Jim Cherry, has recently remodeled a portion of the City Barber Shop and has installed a "hair styling center," complete with hair dryers, a chair for trimming and shaping, etc. And believe it or not, he's bringing in the customers.

Jim tells us that he already has a substantial list of customers and more are getting interested every day.

Some of course, will try it for a lark. But many are coming back week after week. Some who are skeptics at first, discover that it isn't "all for the birds" and that a little "styling" can turn a bushy head into a well groomed top, or cover a bald spot.

We understand also that if

you don't like the curls in your hair, Jim can straighten them out. If you don't have curls and want them, then he can put them in.

Move over ladies. Now, while you're at the beautician having your hair set, hubby may be around the corner in curlers too.

It's a changing world.

—HB—

Every 60 seconds a new fire starts in an American home. Total fire losses for the past two years amount to more than \$1.3 billion. Smoking and carelessness with matches are the major causes of fire, starting about 500,000 of them a year. An average of 400,000 electrical fires are caused by some form of frayed insulation or overloading of wiring. Other primary causes — careless storage of flammable materials, spontaneous combustion, defective heat-

ing units, lightning and vandals.

—HB—

And here's another item that might be of interest. For every \$4 spent buying new homes, Americans spent \$3 fixing up old homes — which won't come as news to anyone who owns an old home.

—HB—

And this little item will be of more than passing interest to the housewife.

The economic research department of the Chase Manhattan Bank says a wife is worth a cool \$8,285 a year, if she is paid at the going rate for all the work she does around the house. They itemize it this way: as a nursemaid — \$55.63 a week; dietician — \$3; food buyer — \$4.95; cook — \$32.75; dishwasher — \$9.30; housekeeper — \$26.25; laundress — \$11.21; seamstress — \$3.25; practical nurse — \$1.20; maintenance man — \$3.83; gardener — \$3.58; chauffeur — \$4.40. All of which adds up to a total of \$150.34 a week. Gads. We can't afford it.

—HB—

Two documents which have contributed most to our government says the man on Main are Forms 1040 and 1040a.

—HB—

The 20th summer of horse racing at Ruidoso Downs will begin May 28 and will end Sept. 5 with the running of the All Am-

erican Quarter Horse Futurity.

Horse racing has become about as popular as boating and fishing with many folks in this part of the country, due primarily to the fine track at Ruidoso Downs and the track at Raton.

Being a little short on natural recreational areas, the Panhandle and West Texas area people flock to New Mexico by the thousands every season, not only to take in the races but to fish and hunt as well. As a matter of fact, the "Tourist" might well be New Mexico's major industry.

—HB—

Been wondering about the rock marker now under construction on the high school grounds at the end of Avenue G?

That's the official marker of the old Panhandle Christian College and it is being constructed from stones taken from the old college building. It will be officially dedicated during the Mid-Plains Pioneer celebration May 30.

—HB—

We've heard it said that the only person who listens to both sides of an argument is the woman in the next apartment.

Easter News

By RUBY STONE
Brand Correspondent

Congratulations to graduates in our community. Ann Scarborough and Gary Moss graduate from Dimmitt High School this week.

Miss Louise Stone was in Amarillo on business Tuesday.

End of school activities are keeping students and their parents busy. Thursday night several youngsters in the community took part in the Dimmitt Band concert. They included Gary Moss and Ann Scarborough in the high school band; Denise Stone, and Lonnie and Kathy Markley in the Junior high band; and Sharon Stone and Ronnie Hall in the fifth grade band. Parents of the students also attended, and Mr. and Mrs. Edgar Row and Jeanette of Hereford joined Mr. and Mrs. Sam Scarborough to attend.

On Friday night, Mr. and Mrs. Wendell Markley attended a Dimmitt piano recital in which their children, Lonnie, Kathy and Sonia, took part.

Mrs. William Moss and sons, Gary and Jeffrey, visited in Hereford last Wednesday with her sister, Mrs. Henry Solomon.

Mrs. Bill Struve and Mrs. Leo Hall spent Saturday in Plainview shopping.

Sharon and Denise Stone and Sherry, Sheila and Shelly Barton were among students of Keith Taylor in Hereford who took part in a dance recital Saturday night.

Mr. and Mrs. Sherman Tipton of Albuquerque spent Saturday night with his sister and her family, Mr. and Mrs. Leo Hall. The Tiptons are visiting relatives in this area.

Ensign and Mrs. Joe Cowen of Pensacola are visiting their parents, Mr. and Mrs. Cowen and Mr. and Mrs. Haislip and other friends in the area.

Gary Moss and Ann Scarborough were among students in the Dimmitt band who went to Six Flags over Texas recently.

Carolyn Scarborough was in Farwell Friday night with David McDonald and his family to attend graduation exercises.

Mr. and Mrs. Loy Stone attended the meeting of the South

Plains Professional Photographers Association in Lubbock Thursday night.

Mrs. D. H. Strickland and Linda visited Thursday with Mrs. Sam Scarborough. All of the Strickland family visited with the Scarboroughs Tuesday night.

Mr. and Mrs. William Moss and Jeffrey spent the day with their mothers May 8. They visited Mr. and Mrs. Grover Moss and Mr. and Mrs. J. R. Mitchell in Memphis.

Loy Stone, Ensign and Mrs. Joe Cowen were in Clovis on Tuesday.

Mr. and Mrs. Henry Scarborough of Petersburg and their son Charles, a Texas Tech student, had Sunday dinner with Mr. and Mrs. Sam Scarborough. Jeanette Row of Hereford visited later in the afternoon.

Mrs. Jewel Turner of Ventura, Calif. who has been visiting Mr. and Mrs. W. A. Epperson, spent several days in Hereford last

week with Mr. and Mrs. Ben Medley and Sandra.

Mrs. Trent Downing and Laura visited in Lubbock Saturday with Susi Lindsey, student at Texas Tech.

Donald Scarborough of Ft. Bliss called Sunday to wish his parents a happy anniversary. Mr. and Mrs. Scarborough report that Donald is doing well and enjoying his work.

The Easter Community Ladies' Club will meet May 26, at the home of Mrs. Leo Hall. This will be the last meeting until September.

Card Of Thanks

I wish to take this means to thank the volunteer fire department, the sheriff's department, the police department, the highway patrol and all the others who helped the night of the fire at Hacker and Jesko.

American Legion Ball Tryouts Set This Week

American Legion tryouts will be held Tuesday and Wednesday evenings beginning at 6 at Whiteface Field. Johnny Honey, manager and Rocky Lee, coach, will then announce the names of the members of the team Thursday.

Practice will begin following the tryouts and selection and the season will begin around June 1, according to Lee. There are 12 teams in the district which is divided into the northern and southern divisions. Hereford plays in the southern half.

Competition in the southern division includes Hereford, Canyon, Groom, Caprock, Tascosa and Sandies. The northern division is comprised of Pampa, Borger, Dumas, Perryton, Carver and Palo Duro.

New Walleye Shipment Set For Meredith

This could be the weekend that was for the walleye worshippers in Texas, a comparatively new group of sporting hopefuls looking ahead to the

time when the popular game fish will be added to the state's already famed angling facilities. A TEXAS Parks and Wildlife Department plane is scheduled to leave for Iowa Friday to pick up another 2,000,000 walleye fry consignment for Lake Meredith, new Canadian River improvement near here where a substantial number of the 500,000 walleyes planted there last

year apparently have survived. Last week, Federal authorities released 500,000 walleye fry in Buffalo Lake, also in the Texas Panhandle. The Department flying schedule, subject to weather, calls for the return trip Friday or Saturday to the local airport where a Department tank truck will be standing by to rush the oxygen-charged plastic bags and VIF (very important fish) contents to the huge lake.

THE FRY will be picked up at the Spirits Lake, Iowa, state fish hatchery in exchange for Texas wild turkeys. Leo Lewis, inland fisheries supervisor, will again handle the assignment.

He said biologists checks indicate the year-old walleyes in Lake Meredith are thriving and that some taken in the test nets are approaching one-foot in length.

Last year, a 2,000,000-fry consignment was divided among Meredith, Postum Kingdom west of Fort Worth and the new Canyon Lake north of San Antonio. Fate of the fish placed in the last two named lakes has not yet been determined.

ANOTHER possible source of stocking the predacious walleyes in Lake Meredith is the Canadian River which also is linked

YOUR PRICELESS FREEDOMS FREEDOM TO KEEP and BEAR ARMS

"A well-regulated militia being necessary to the security of a free State, the right of the people to keep and bear arms shall not be infringed."

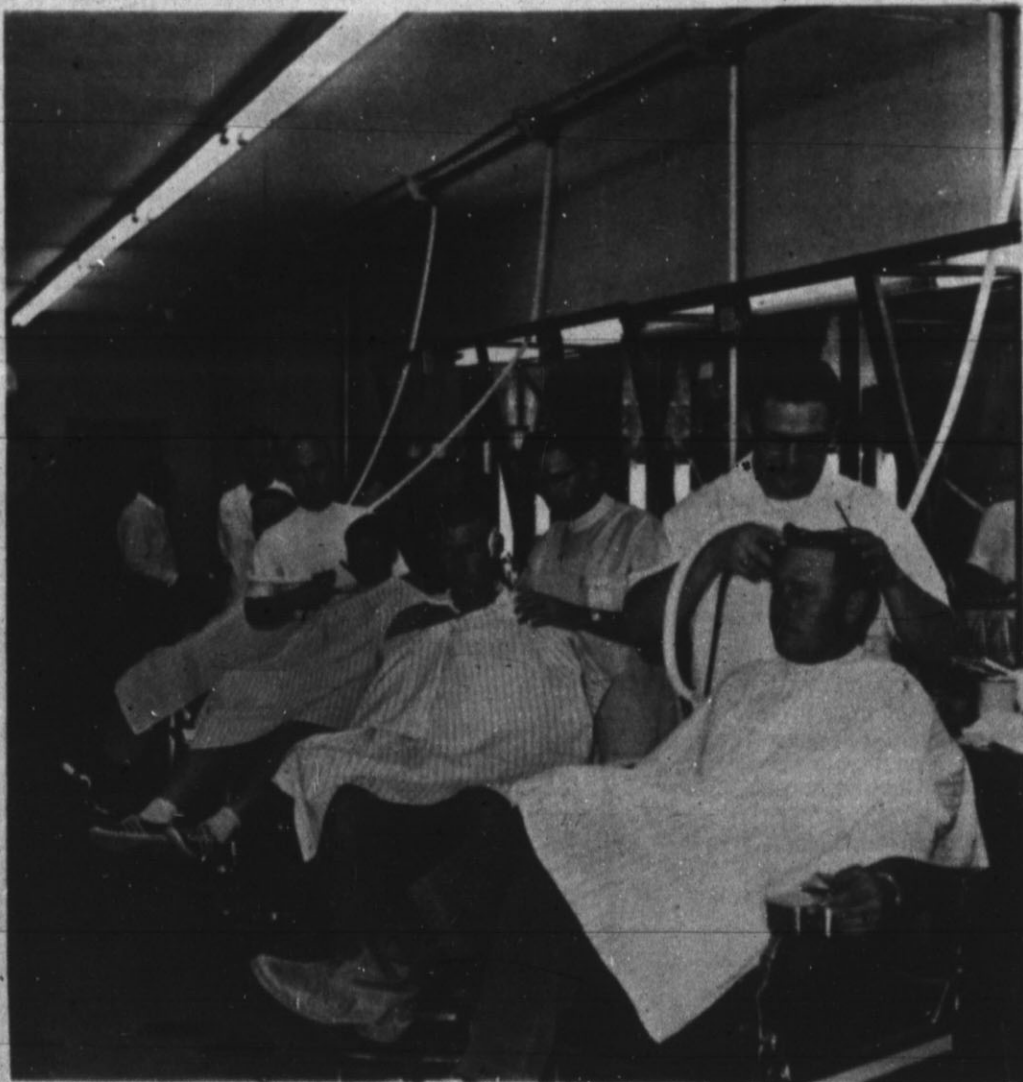

From the Second Amendment to the Constitution (part of the Bill of Rights)

Like all privileges, this one must be tempered with judgment. The federal government can regulate the purchase, possession and use of firearms—for the protection of the public. This is one of your priceless freedoms. Understanding all of them is imperative if they are to be preserved. Learn about your freedoms—and support them.

This message from your Kiwanis club,

Fashion's viewpoint on spring clearly involves Socialites new "Clear View" styling. Now—quite open in the back . . . rounded closed toe . . . smart contrast stitching . . . flattering T-strap . . . charming little heel — all combined with Socialite magic touch of superb fit. Socialites crafts "Clear View" with soft cushioning, luxury leather to make it feel as light and lifting as it looks! "Choose It'n Charge It!" at Gaston's in red, black, or platinum. **\$15**

The "Tangier" sounds exciting . . . and it is! No wonder so many women collect every color in this wonderful shoe . . . it's today's smartest transportation for dashing, doing scheduled! Very light and supple. Cushioned soft on a spiced stacked heel. And it's slinging T-strap. Betty makes you love it! Select Black Patent or Textured Leather in Platinum, Black . . .

FLOWER SHOW WINNERS — Specimen blossoms and arrangements which were among those rated in first place at Hereford Garden Club's flower show Friday afternoon are shown by members who entered them. In the horticulture division Mrs. John Jacobsen Jr., left, took the blue ribbon on iris, Mrs. Ray L. Johnson on peonies and Mrs. Emmett Hale on roses. Those were the flowers entered in greatest numbers in the display. Mrs. R. E.

Lance Jr., a new member of the club who entered as a novice, won one of the first places in artistic arrangements with a composition of pink flowers with which she is pictured, standing. Mrs. J. H. Craver's colorful array of vegetables in a wooden bowl took first place in its class, a contrast to the dainty arrangement of flowers which is typical of the variety in the show.

New Year Faced By Gray Ladies

Beginning July 1, a new year on the Red Cross Gray Ladies' calendar will be directed by officers elected at the May luncheon Thursday. Mrs. Marvis Southward was named chairman to succeed Mrs. C. A. Saulcy. Mrs. Cornell Davis is vice chairman, Mrs. Alex Petersen secretary-treasurer. Mrs. Southward will represent the Gray Ladies on the County Red Cross Chapter's board of directors.

Cooperation in a national project to send layettes to Vietnamese mothers, and assistance in entertaining an area Red Cross meeting here next month, were planned as projects of immediate interest.

This Red Cross chapter has been asked to supply a number of the layettes each month, to be distributed through hospitals in Viet Nam. These include the basic necessities for new-born babies and may be assembled at a cost not exceeding five dollars, or if the donor does some simple sewing the cost is less. Other women's organizations

in the county will be asked to assist the Gray Ladies in this project; some Home Demonstration Clubs have already agreed to supply layettes. Mrs. Ray Carlile was appointed chairman of the project.

The meeting here on June 14 will be for the combined service territory which comprises 30 Panhandle counties. It will be held at Hereford Country Club beginning at 9:30 a. m., and continue through afternoon sessions.

A public relations director from the Red Cross area office will be here to conduct a part of the meeting. Anyone interested in Red Cross work is invited to be present. Gray Ladies will assist with registration and serve coffee to those registering.

Luncheon will be available at the Country Club to those at the meeting, for a charge of \$1.65. Persons who plan to attend are asked to make reservations at the Red Cross office here.

Cultural H.D. Club Has Lunch And Game Hour

Only a brief business session was held by Cultural Home Demonstration Club at a social meeting Friday in Mrs. George Olson's home.

After a salad luncheon, members played bingo. Prizes went to Mmes. P. M. Houser, J. G. Gandy, J. D. Love and Grady Parsons.

Announcement was made of a clothing short course to be conducted in June for all women of the county, also of the Monday luncheon at the County Bull Barn preceding the County H. D. Council meeting. Members were asked to join in a campaign for beautification of rural boxes.

Other members present were Mmes. Ira Scott, Pat Robinson, Roy Thompson, George S. Parker and N. W. Sumner. The next meeting will be in the home of Mrs. Robinson May 10.

Flame Tree, a son of Count Flame — Linden Lane, was foaled at Ocala Stud Farm in Florida. In 1965 he won the Dover at Delaware Park and the Sanford at Saratoga.

To our friends and customers in the area:
Your response to our announcement that

Hereford Garden Club Holds Show

An unusual flower show, for club members only, was staged by Hereford Garden Club Friday afternoon in Community Center with a handsome display of blossoms from local gardens and varied arrangements.

Because of weather conditions this spring which delayed the blooming season of many plants, the show was limited to members and no award list was announced.

Judging was by four club members who are national judges. Each was assigned a section of the show to judge, and other members were divided into groups, each to accompany one of the judges as she made her decisions.

Later, each judge commented on the awards she had made. The judges were Mrs. John N. Jacobsen Jr., Mrs. O. G. Hill Sr., Mrs. A. L. Manjeot and Mrs. R. L. Ethridge.

A Day in the Garden was the theme of the show. Arrangements were grouped to carry out the idea of morning, noon, afternoon and evening. Garden furniture and accessories added color to the setting.

Arrangements varied from dainty bouquets suitable for tea trays to abstracts, and dioramas titled Through the Kitchen Window, which included a replica in miniature of Mrs. Jeff Roberson's backyard rock garden.

Mrs. Ray Carlile was show chairman and many members served on committees.

The flower show closed a season for the club, of which Mrs. Ray L. Johnson is president. Present officers will serve another year to complete a biennial term.

LOST ALL RECRUITS

AUBURN, Ala. (AP) — The Confirmed Bachelors' Club at Auburn University appears to be fighting a losing battle against the lure of matrimony. "This could be the beginning of a great movement," lamented club founder Doug Jones of Atlanta, Ga., "except for the fact that we can't keep our members." The club started with four members — and at last count they were the only ones left in it.

TIP-TOP OIL CO.

Your Friendly Shell Jobber

Invites You To Take The New 1966 National Drivers Test.

The folks at Tip-Top Oil Company and your friendly Shell Dealer, in appreciation of your fine business over the years brings you the 1966 National Drivers Test and invite you to hear this informative program Tuesday night. If you need more blanks, you're invited to stop by one of your Shell stations in Hereford and pick up a supply.

OFFICIAL TEST FORM THE NEW 1966 NATIONAL DRIVERS TEST

TUESDAY, MAY 24TH,
ON THE CBS TELEVISION NETWORK

Over 50 million people watched the first National Drivers Test last year.

Now you can try to improve your first-time score and, more importantly, your driving skills.

Compare your answers with those of a studio audience of motorists, with friends' and family scores, and with correct answers provided by expert drivers and consultants.

Be sure not to miss the new 1966 National Drivers Test on May 24th. Make a note of the date on your calendar today. That's May 24th, the Tuesday before the Memorial Day Weekend. (Consult your newspaper or TV-Guide for local time and channel number.)

Fill in blanks with T or F (True or False), Y or N (Yes or No), A, B, C or D (multiple choice), or appropriate word. Opinion questions are not scored.

VICKIE INMAN

Hereford Girl Earns Stipend For Journalism

CANYON — A 200 scholarship, sponsored by the Cabot Corporation of Tampa, has been awarded to Vickie Inman, Hereford freshman, for 1966-67 at West Texas State University.

The Cabot Corporation presents two journalism scholarships annually at WTSU. The one awarded Miss Inman goes to the journalism student at WTSU named for outstanding work in the WTSU department. The second goes to a high school graduate to begin work in journalism at WTSU.

Daughter of Mr. and Mrs. Burke Inman, 416 Star in Hereford, Miss Inman is a journalism major. She compiled a 2.8 grade point average, of a possible 3.0, the first semester at WTSU. She has been a reporter during the spring semester for The Prairie, WTSU semi-weekly.

She is a member of Mu Kappa Delta, journalism fraternity, and the Mary E. Hudspeth Honor Society at WTSU, and is secretary for the News Information department.

Winner in 1965 of the Dorinda E. Bond trophy, given annually to the Panhandle's outstanding high school journalist by the Panhandle High School Press Association scholarship, Miss Inman was a runner-up for the West Texas Press Association scholarship. She was editor of The Whiteface at Hereford High School, where she was also a member of the student council, National Honor Society, Future Teachers of America, Future Homemakers of America, and other organizations. She was one of the top five graduating seniors at Hereford High School in 1965.

SECOND HOME SHUTOUT

BOULDER, Colo. (AP) — When Colorado defeated Oklahoma 130-0 last season it was only the second time in 23 years Big Eight Conference football foe had shut out the Sooners in Norman.

to purchase pesticide in many forms that will supplement our housekeeping practices to "pest proof" our homes, and in general, make life worth living.

Pesticides are designed to cripple and kill pests. But these same materials can be dangerous to humans and pets, too, if handled carelessly. When you make a pesticide purchase, you also assume the responsibility to use the product correctly as directed.

Basic rules for the product's use are found on the label, along with other timely information about the pesticide. Additional helpful information is available on pesticide at our office.

"Pest proofing" is a constant job. Who has a sure remedy for roaches? There are many complaints of their persistence. Should we offer a prize for the best remedy? This is a common problem and one that is difficult to control.

SALAD LUNCHEON HOSTESSES — Bud to left they are Mmes. Hubert Stoener, Lou Orleans, Gentry, Melvin May and Ray Polan. The handsome centerpiece of irises was repeated in miniature on quartet tables new members of the club. Pictured from where guests were seated for lunch.

New Members Club Hostesses

New members of Bud to Blossom Garden Club, those added in the current season, were hostesses with Mrs. W. H. Gentry in her home Friday noon for a salad luncheon closing a year. Sharing hostess duties were Mmes. Hubert Stoener, Lou Orleans, Melvin May and Ray Polan. They decorated quartet tables where members sat for lunch, with center bouquets of irises and snowball blooms. Place mats were yellow paper-lace over white, a color note deepened by the amber glassware.

Officers in this club serve a two-year term, and are at the midpoint of their terms in office.

Members present for the luncheon were Mmes. Fran Battenfield, R. N. Yarbro, Calvin Edwards, Ernest Kendall, Delmo Williams, Al Brown, Long, R. A. Daniel, Bill Nelson, Bruce Brown, Jim Conkwright and Bob Cooper.

Calendar Of Events

MONDAY
County Home Demonstration Council, salad luncheon at County Bull Barn, 1 p. m.
Ladies Auxiliary to World War I Veterans, Community Center, 7:30 p. m.

FRIDAY
Morning Duplicate club group at Hereford Country Club, 10 a. m.
Messenger H. D. Club in home of Mrs. H. D. Buse, 2:30 p. m.

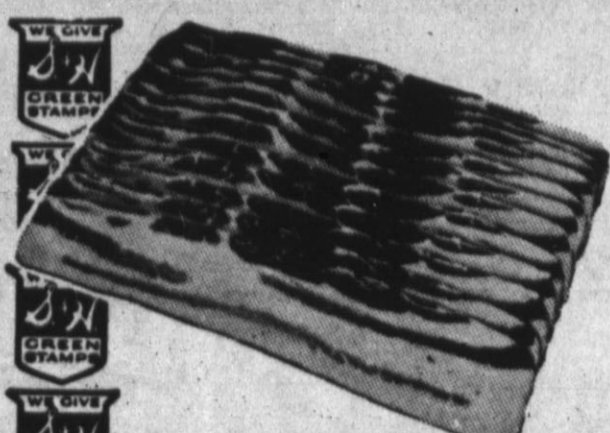

Ford Club Plans To Be Hostess At Family Party

An ice cream supper for Ford Home Demonstration Club members and their families was planned for June 10, in the business period of a meeting Wednesday in Mrs. John A. Smith's home. Mrs. Raymond Smith was co-hostess, and served as presiding officer.

The family party will be in Ford Community Building at 8 p. m. The next club meeting, June 1, will also be in that building with Mrs. Frank Brorman as hostess.

Mrs. C. G. Heard was assisted by Mrs. John A. Smith in the demonstration on Outdoor Cookery. Mrs. Heard advised a time schedule to make cooking easier outdoors as well as in. She said heavy foil, or a double thickness, should be used, and plenty of butter should be used to produce tasty, juicy food.

Strawberry shortcake and punch were served. Visitors were Mmes. Joe Fishbacher, O. B. Kent and Argen Draper. Other members present were Mmes. Harry Brorman, Leroy Edwards Raymond Flores, J. C. Gossett, A. J. Brzee Hicks, Reece Lawson, Troy Waller, John Brorman, A. G. Filppin and Frank Brorman.

Legal Notice

Notice is hereby given by the Parks and Wildlife Department that a public hearing will be held at 10 A. M. on June 6, 1966 at the County Courthouse at Hereford, Deaf Smith County, Texas for the purpose of gathering information concerning proposed hunting, fishing and trapping regulations for the above-named county.
As the result of action by the Texas Legislature, the Texas Parks and Wildlife Commission is responsible for the setting of seasons, bag limits, and means and methods of taking certain game, fish and fur bearer species in Deaf Smith County. All interested persons are urged to attend and comment upon the proposed regulations.

OPEN GIFT SHOP — Miss Alma Paetzold, left, and Mrs. Jack Renfro have opened the Chandelier Gift Shop in Sugarland Mall Shopping Center. The shop, which features a wide variety of unusual gift and decorative items, is elaborately styled in Williamsburg decor. (Staff Photo)

IN SUGARLAND MALL
Gift Shop Features Unusual Selection, Elaborate Styling

The Chandelier Gift Shop, formerly located at 603 North Main has moved to its new location in Sugarland Mall Shopping Center.
Owned and operated by Mrs. Jack Renfro and Miss Alma Paetzold, the shop offers a wide selection of personal gifts for both men and women, decorative items, and selections in numerous other categories.
NOW OPEN from 9 a. m. until 6 p. m. Monday through Saturday. The Chandelier Gift Shop is housed in an elaborately styled Williamsburg decor, and features selections of an unusual and varied nature from countries throughout the world.
A sidelight to the shop comes in the fact that many of the displays are placed upon rare furniture from various countries, with pieces dating to as old as 400 years. These items, from the private collections of the owners, are not for sale but are used to enhance the atmosphere of the unusual shop.
AS DENOTED in the name, the shop offers an extensive selection of chandeliers. But this is only one of hundreds of decorative items available.
Other stock categories include personal gifts for men, women, and teens, party decorations, and greeting cards imported from England and France at moderate prices.
The shop is also equipped to monogram in order to personalize gifts.
Recently added is an engraving service for stationary, announcements, and cards of all types.

Funeral Held
For Dimmitt
Crash Victim

The funeral of John Guy Davis Jr., 48, Dimmitt businessman and farmer who was killed in a crash on Highway 385 Thursday night, was conducted in First Methodist Church of Dimmitt Saturday afternoon and burial was in Castro Memorial Gardens under direction of Dennis Funeral Home.
A Dimmitt resident for 40 years, Davis was active in civic affairs there and was a director of the Hereford Country Club. He was owner of D and D Aerial Spray Inc. and operated a charter flight service.
He was killed about 10:30 p. m. Thursday when his car rammed into the rear of a loaded oil-tanker just north of Dimmitt. The truck driver was Richard Moore of Dimmitt.
Davis was a veteran of Air Force service. He is survived by his wife; three daughters who are all college students, Keitha at medical school in Galveston, Suzie at North Texas State University and Janis at Texas Tech; and two sisters, Mrs. Albert Smith of Big Spring and Mrs. Ina Richardson of Andrews.

A museum tour and picnic entertained Happy Hustlers 4-H Club Thursday. Members met at Community Center and went to the Barn Museum on the Turrentine-Werner farm. Mrs. Bess Werner and Janice Turrentine showed them through the museum, assisted by Carol and Patti Turrentine.

After the tour they went to Dameron Park to play games and eat a picnic supper.

Members in the group were Kay, Charles and Sue Atchley, Tracy, Todd and Eddie Burgess, Bill Cole, George Dakil, Dee Ann and Rodney Douglas, Steve Easley, Dennis, Gary and Rodney Goheen, Kenneth Justice, Benny Kriegshauser, Tom McGowan, Rita Ranspot, Colleen and Roger Sanders, Terry and Monte Campbell, David Cooper, Louis Orleans, James Lee, Edgar Warren, Rodney Brooks.

Leaders, Mrs. Thurman Atchley and Mrs. C. T. Goheen, were also present, and visitors were John Wilson, Mike Corlis, Nancy Jones, Ginger Lyons, Tom Myers, Keith and Jim Goheen, Martha Ann McBride, Kevin Sanders, Mr. and Mrs. Joe Frank Huckert, Mr. and Mrs. Justin McBride, Mrs. Bud Burgess and Mrs. Dane Justice.

Piano Students
Present Recitals

Piano pupils of Mrs. Sam Long were presented in recital at First Baptist Church last Sunday afternoon, when a number of family members and friends heard them play. Another group of her pupils appeared in recital at Walcott School Friday evening.

The Sunday program was given by Joan Waters, Ann Frye, Sharon Dearing, Denise Melton, Barbara Brown, Becky Long, Janet Frye, Ricky Long and Margaret Minks.

Titled Hero, winner of \$101, 076 last year as a 2-year-old, was foaled in Canada. The black colt is a son of Canadian Champ — Countess Angela.

Guy K. Horton Services Held In Chapel Here

Funeral services were conducted for Guy K. Horton, 72, in Rose Chapel of Gilliland Funeral Home Friday afternoon with the Rev. B. L. Davis of First Baptist Church officiating.
Mr. Horton, farm and ranch owner who lived at 407 Wither-spoon, died Wednesday in Deaf Smith County Hospital after a long illness. He had been a Hereford resident since 1952.
He was born Sept. 7, 1893, in Navarro County and married Miss Oma Stanley July 19 in Joshua. The family went to Lubbock from Joshua in 1925 and he resided there until the move to this county.
In addition to his wife he is survived by three daughters, Mrs. Guyrene Carter and Mrs. Jeff Martin of Hereford and Mrs. Bob Park of Lubbock; a brother, Karl P. Horton of Sacramento, Calif.; a sister, Mrs. Roxie Sanders of Mountainair, N. M.; eight grandchildren and three great-grandchildren.
Interment was in Rest Lawn Cemetery. Pall bearers were John Douglas Pittman, Edwin Morrison Charles Hoover, Tom Draper, Carlos Anderson and O. L. Bybee.

Kiwanians Hear Stanton Mixed Choir Thursday

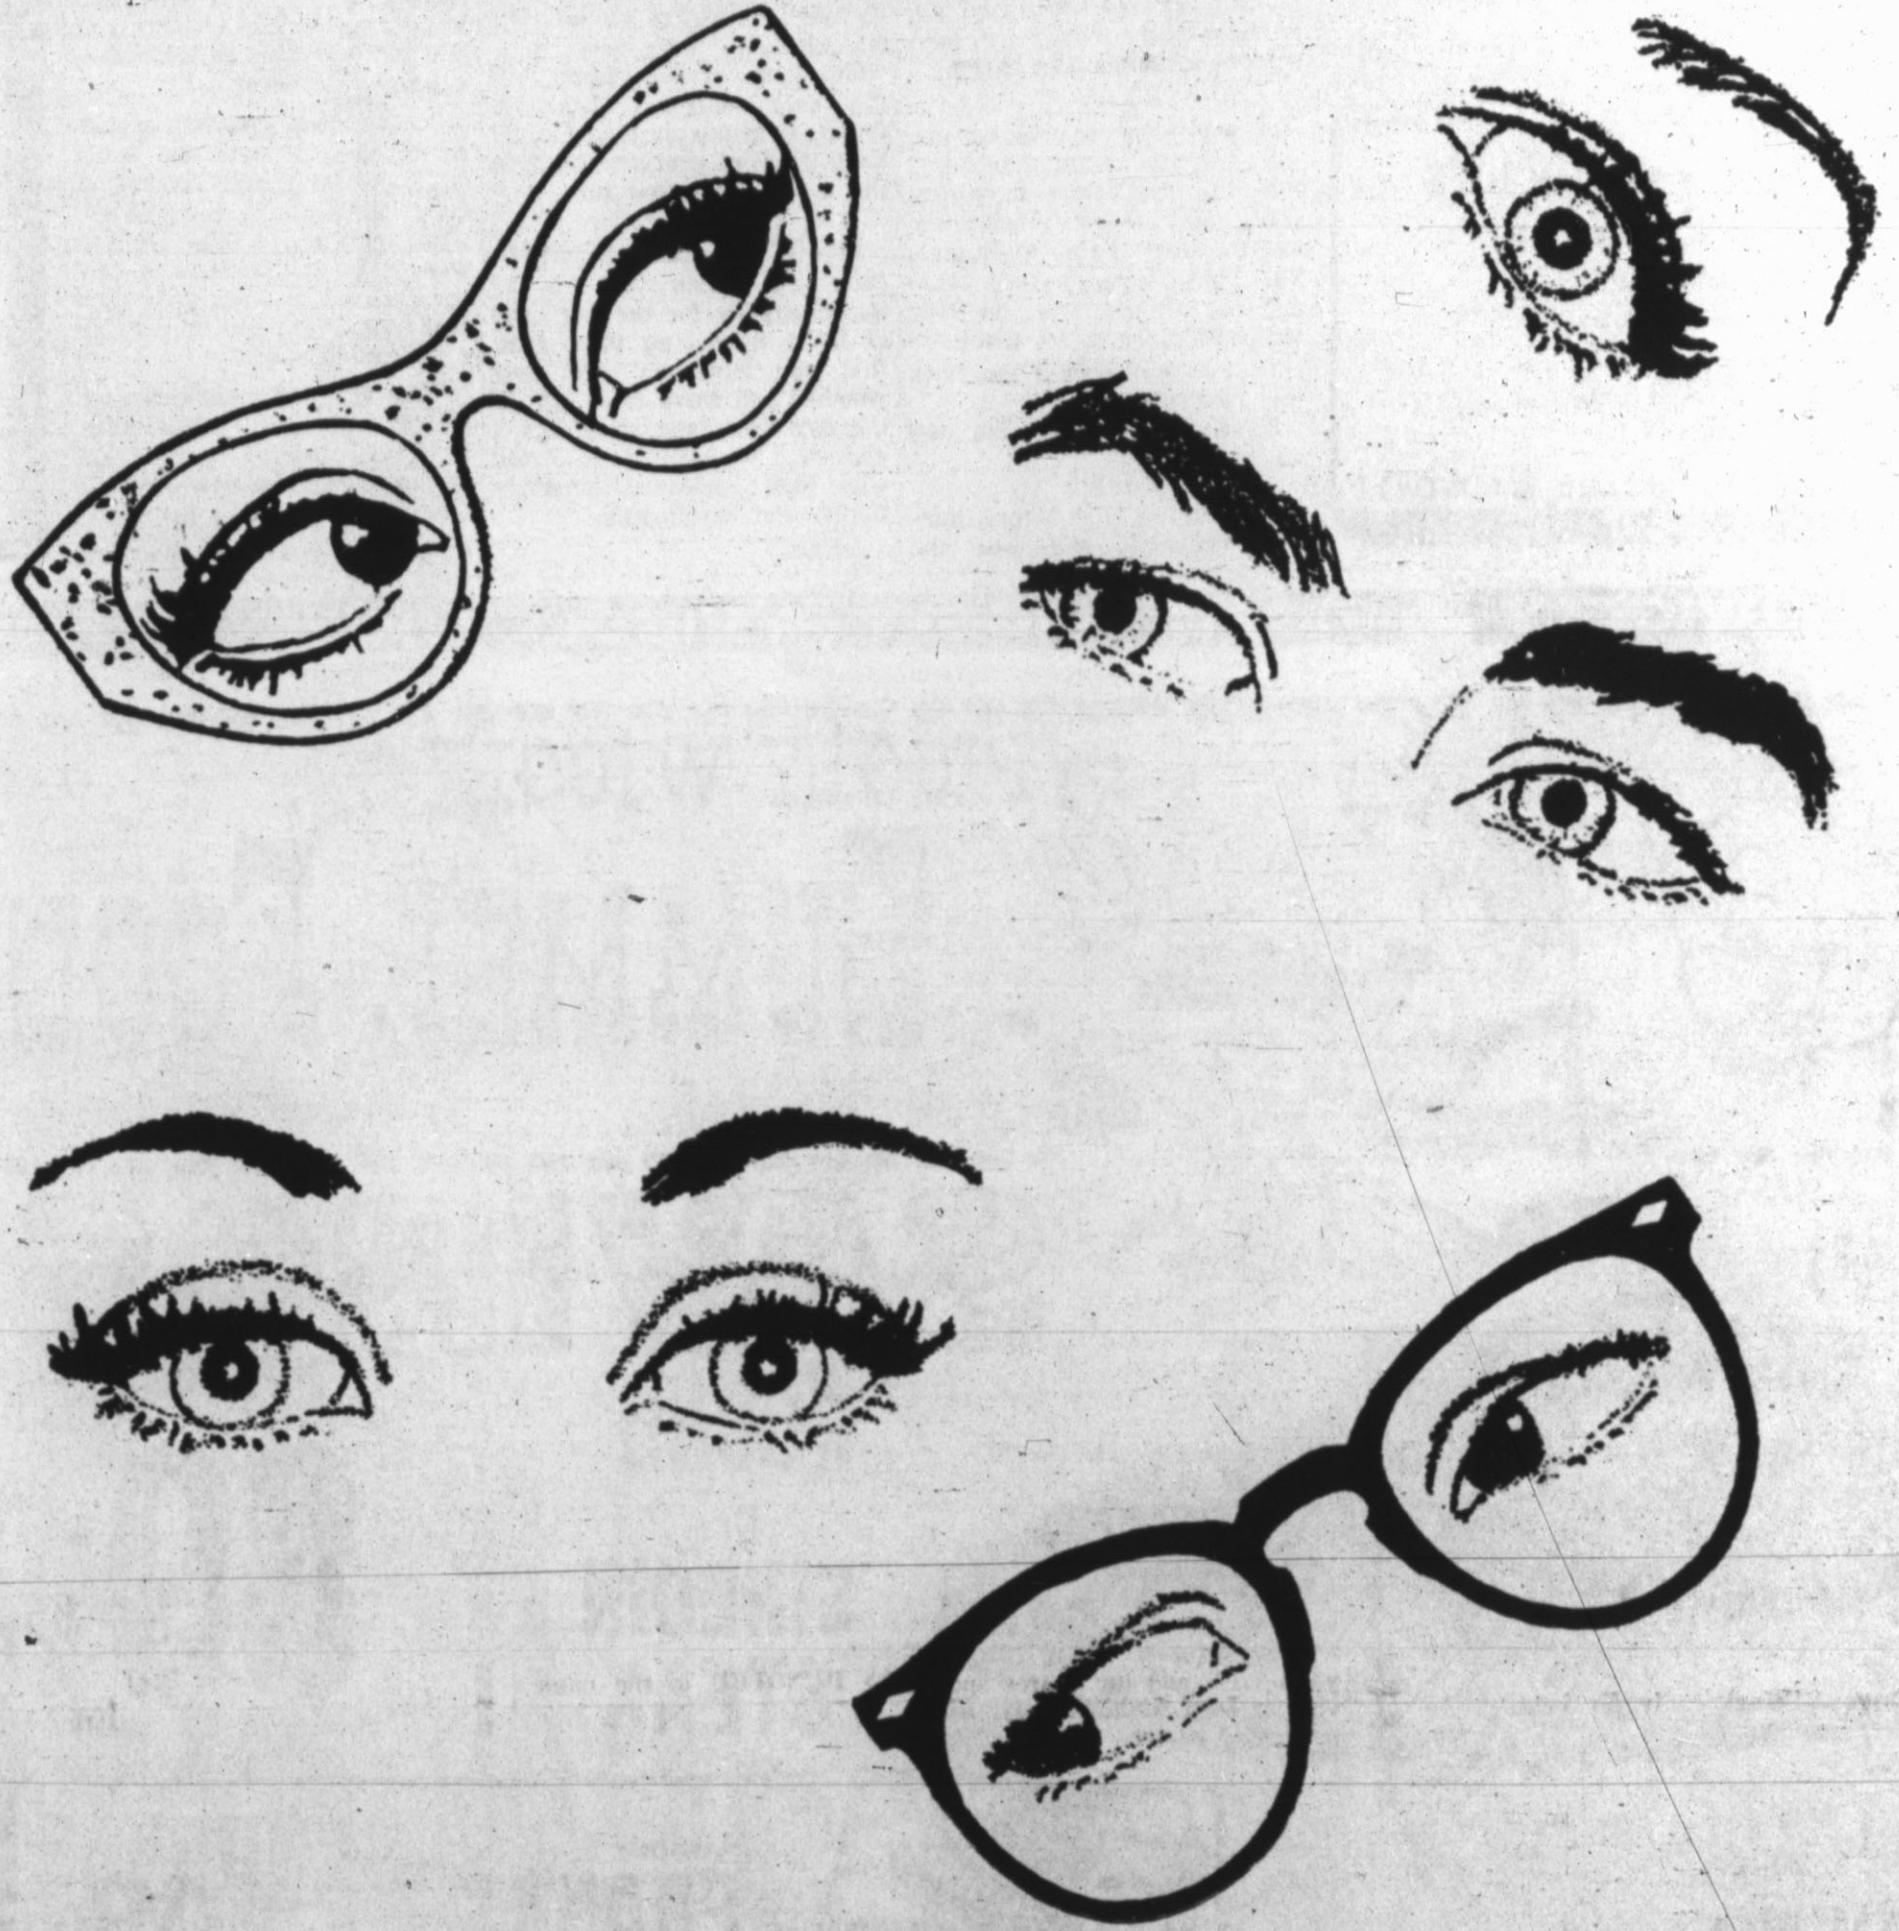

Hereford Kiwanians were entertained Thursday by the Stanton Junior High School mixed choir in a special program.
The choir sang numbers from their Tuesday evening choir concert at the school.
During the meeting club president Gene Campbell presented Miss Ann Mercer to the club. She has been the sweetheart for the club for the past year and earlier this week she was presented the \$250 scholarship by the club.
Plans were also made for a number of the members, along with their wives to attend an interclub meeting with the Vega Club at Boys Ranch May 29.
Those attending the interclub will eat lunch at the scenic ranch and then will be given a tour of the facilities.

Member Gives H.D. Program

Mrs. Charles Packard gave the program for Wyche Home Demonstration Club in the home of Mrs. G. W. Duncan recently, preparing a meal in a sandwich and giving other suggestions for hearty sandwiches.
She used French bread for layered sandwiches one with mustard butter, Canadian bacon, cheese and relish, the whole wrapped in foil and baked. Another had sour cream as the spread on one layer with blueberry preserves on the other.
Mrs. E. C. Hewitt's mother, Mrs. Urban, was a guest. Other members present were Mmes. Leroy Botkin, Norman Hodges, Charles Newsoms. Mrs. Don Cocanougher will be hostess in Mrs. Worthan's home for the next meeting, when Mrs. Argen Draper will present the program.

You Bet Your Life

Careless walking killed or injured more than a quarter of a million people in 1965.

Hereford High-Jinks

by Randy Hopson

Seniors have finished classes and Monday and Tuesday are scheduled for finals for the underclassmen.

Don't forget Baccalaureate to-night at 8:00. It may be a little crowded but you can get a seat if you arrive early.

Friday night the 1965-66 Cheerleaders had a slumber party for the new Cheerleaders, Cynthia Leasure was hostess for the event.

A LOT OF people have helped to make this a year to remem-

ber for the Seniors. One person stands out as having done a lot for the Class of '66. Mrs. Billye Buck has gone to a lot of work and effort to make this year successful. Thank you, Mrs. Buck.

Many people have unusual habits but some are just pretty ridiculous. Robby Lemons enjoys sitting at the stop lights on Park Ave. listening to them "buzz, whirr, and click" as the light changes. What some people won't do for entertainment.

Charlee Hill has finally named her pup. It's a complicated story behind the name the poor thing has finally been given.

IT WAS heartbreaking but you can't say the team didn't try. For the first time in several years the H.H.S. baseball team lost the district title to Dumas. The boys played a fine game and had all spectators on their feet during the entire game.

The support behind the boys was tremendous. I guess it just wasn't our day for winning.

It won't be long before summer vacations will take the

REP. ROGERS REPORTS

Congressman Cites Opposition To Broadcasting Censorship

WASHINGTON, D. C. (Special) — Congressman Walter Rogers said Saturday he will continue to express his "adamant opposition to any attempt to turn over to a Federal bureau the

place of studies. Maybe then we can all rest up and get acquainted with each other. It's odd but you can even lose track of your relatives in a school the size of H.H.S. Every once in a while I see Donna Olson and it's like a "long lost" has been found. It seems as if you could keep track of everyone because the school isn't that large.

Life is adventure in experience, and when you are no longer greedy for the last drop of it, it means no more than that you have set your face whether you know it or not, to the day when you shall depart without a backward look. Those who look backward longingly to the end die Peattie.

—Randy

right to tell an American citizen what he can or cannot receive on his radio or television set."

SEVERAL PROPOSALS affecting community antenna television (CATV) and radio and television broadcasting are now before the House Committee on Interstate and Foreign Commerce, on which Congressman Rogers serves as ranking majority member and chairman of the Subcommittee on Communications and Power.

Congressman Rogers has stated repeatedly that "the basic of government and control of communications." He added, "The question is this: Do you want a Federal bureau to censor directly or indirectly what free people can see or hear on radio and television?"

"The Communications Act expressly prohibits censorship. However, Federal bureaus are constantly seeking to control the information they give to the average citizen. This is abhorrent

to me — and I will continue to fight it," Congressman Rogers said.

THIS WEEK'S agenda for the other committee on which Congressman Rogers is a ranking member, the Committee on In-

terior and Insular Affairs, calls for a Mines and Mining Subcommittee hearing on bills relating to the disposition of geothermal steam resources on U. S. public lands. Legislation scheduled to come

before the full House includes the minimum wage bill (postponed from last week) and a bill to aid in rehabilitation of narcotics addicts.

Small Talk

By SUE COLEMAN
Women's Editor

Club installations are usually ceremonies of considerable dignity, often with sentimental themes and impressive language. At least that is the aim of most of them; even when it falls a little short.

BUT EL LLANO Club's installation this week was on a refreshingly different plane. Did you ever see a study club's officers sitting on a blanket in the floor, with feathers in their hair? El Llano members viewed their new officers in that position.

Ann Meredith was in charge of the program and she gave it plenty of original touches. She used an Indian theme and wedged in a few serious thoughts, but on the whole the ceremony was certainly in the informal category, and it's likely to be the one that those present will never forget out of all their club-going.

NOTE ON PEOPLE and dogs: Mrs. John Patton at a club luncheon remarked that she had lately done her first baby-sitting with a dog, her grandson's baby poodle. The talk turned to some joking comparisons of the dif-

ferences in young dogs and young humans and which are the easiest to care for.

Someone volunteered that humans offer some satisfactions not gained from dogs, "because they finally do grow up," and Mrs. Patton provoked the laughter that ended the discussion when she quickly retorted, "Yes, a dog does grow up."

MARGARET DURHAM, busy with end-of-school affairs, will take time out to talk about her new grandson, James Douglas Bartlett, born May 4 to Mr. and Mrs. Norman D. Bartlett of Lubbock.

The mother is the former Mary Durham, daughter of Margaret and J. J. Durham. Norman is also from Hereford, son of the N. D. Bartletts.

MR. AND MRS. RAY Miller of Santa Cruz, Calif., have been visiting in the Joe Reinauer home, on their way back to the West Coast from Marietta, Ga., where they visited a son who is working on the CS-A project.

Being ignorant about that project, I assume it is something hush-hush on the list of government works. The Millers are Mrs. Reinauer's parents.

SEVEN MEMBERS of Hereford Garden Club went to Canyon last Sunday afternoon to see the flower show staged by Canyon Garden Club. They said it was a very good show, and they should know because four of the group are national judges.

In the party were Meses. O. G. Hill Sr., John Jacobsen Jr., R. L. Ethridge, A. L. Manjeot, R. E. Lance, Alfred Smith and Emmett Hale.

A LOCAL FLOWER show is at its height now in the backyard of Mrs. Alex Thompson's home at 208 Ave. E. and if you haven't seen that display of blooming iris you should drive by before it is gone.

ADD RECITAL announcements: Piano pupils of Mrs. Ellis Coombes will play in a double recital at First Christian Church this afternoon. Hour-long programs by two groups of students will begin at 2:30 and 3:30, with the public cordially invited.

BILLIONS FOR RELIGION NEW YORK (AP) — Of the \$10.6 billion given by Americans last year for philanthropic purposes, 49 per cent was earmarked for religious groups, the American Association of Fund-Raising Counsel Inc. reports.

TFWC Prize-Winning Art In Guild Exhibit

Paintings which won sweepstakes awards and blue ribbons for three Hereford women in Texas Federation of Women's Clubs competition at the state convention in Lubbock last week are among those on display in an exhibit sponsored by Hereford Art Guild in Sugarland Mall.

The exhibit, which opened at noon Thursday, will hang through today in the northwest section of the mall, and the public is invited to visit it.

Awards in the art contest were among those received by Federated clubwomen here at the convention, which was attended by four members of local clubs.

Mrs. Juston McBride's abstract oil and Mrs. Earl Holt's watercolor landscape were sweepstakes winners in their divisions. Both painters are members of Bay View Study Club. A portrait of her granddaughter won a blue ribbon for Mrs. Bess Werner, Pioneer Study Club member. Mrs. McBride also received a first place on an oil landscape.

All three of the prize-winners are members of the Art Guild, and have other work on display

In addition to the pictures which took the state club awards.

An honoree at the convention was Mrs. Lee Curry of Summerfield Study Club, who was selected as one of two Top of Texas club "jewels" at a dinner in Lubbock. Mrs. Curry was chosen as the long-time Summerfield Club member who has contributed most to her club and the Federation.

She was accompanied to Lubbock by her daughter, Mrs. Guy Walsler, another Summerfield Club member. Mrs. Ansel McDowell, president of Bay View Club, attended some of the convention sessions.

Mrs. L. H. Lookingbill Sr., Pioneer Club president, was there for the entire convention as well as a preliminary meeting for board members and district officers-elect. She is the new third vice president of this district and was district chairman of community improvement last year.

Top of Texas District was a leader in the state in community improvement last year.

Top of Texas District was a leader in the state in community improvement. Pioneer Study Club took first place on histori-

cal museums for its report on the Barn Museum on Mrs. Werner's farm; second place on gardens and beautification and honorable mention on club reports.

Educational projects of TFWC were stressed in the convention addresses by the new state pre-

sident, Mrs. B. F. Seay of Andrews and a national vice president, Mrs. E. D. Pearce of Miami, Fla.

Amo Bessone, Michigan State hockey coach, earned letters in baseball and basketball at Illinois.

COMPLETE SCRAPBOOKS — Junior Red Cross members at Stanton Junior High and High School Red Cross chapter at Hereford High have prepared scrapbooks to be exchanged with schools from foreign countries. Shown with scrapbooks depicting life in Deaf Smith County are Gary

Goheen, of the Stanton chapter, and Lynda Kuper and Sue Aichley (left to right) of Hereford High. The books will be sent to Turkey and Germany, respectively. (Staff Photos)

Tour Made, Another Is Planned For YHT

Tour of an underground home in Plainview was made by a group of members from the Hereford Chapter, Young Homemakers of Texas, Wednesday, and another tour, of Deaf Smith County industries, was planned for the next meeting, June 13.

Residence of a Plainview family, the underground home is situated on a landscaped lot with only the garage above the surface, the touring party discovered.

It is a large home with even a patio and walkway beneath the ground, equipped with its own electrical system so that it would be an adequate shelter from atomic fallout.

The housewife mentioned that dust was no problem underground, but she said as many as 50 neighbors have taken refuge there during tornado alerts. The trip was made by Mmes. Edwin Axe, Clark Andrews, Lewis Block, Bud Thomas and Layton Sawyer.

It followed the Tuesday evening chapter meeting at the high school homemaking department, where Miss Della Stagner, elementary coordinator of Hereford schools, was guest speaker on Mental Illness. She was intro-

duced by Mrs. J. J. Durham, chapter adviser.

The speaker gave facts about mental illness in the United States, stressed the part of parents in assuring mental health for their children, and said recent studies show improvement in the number of cases of mental disturbance in children.

Mrs. Raymond Gerk was hostess. Plans were made for the June 13 meeting, a salad luncheon in the high school food lab followed by a tour of the brick plant, Dolly Textiles plant and county museum.

TEMPERATE 'COCKTAILS'

WASHINGTON (AP) — "Drinks that are different." That's the name of a colorful booklet put out by the American Council on Alcohol Problems, and it aims to "provide new creations in nonalcoholic beverages for those who wish to entertain without the crutch of intoxicants." It offers such exotic concoctions as "Globetrotter punch" — unspiced.

First Methodist Women's Groups Install Officers For New Year

Preceding the start of a new year June 1, women's organizations in First Methodist Church installed officers Wednesday. Mrs. Robert Strain is president of the Woman's Society of Christian Service and Miss Hilda Havens of the Wesleyan Service Guild.

The Rev. Herschel Thurston, pastor, installed WSCS officers at a coffee in Ward Parlor Wednesday morning. Mrs. Roland Hairgrove is the new vice president, Mrs. A. T. Mims secretary, Mrs. Ed Warren treasurer, Mrs. B. E. Cooper chairman of local church activities, Mrs. H. Lee Benefield, retiring president, chairman of Christian vocations.

In the Guild, Mrs. Thurston conducted the installation at an

evening meeting in Ward Parlor. Mrs. L. C. Thomas took office as vice president, Mrs. E. E. Doak as secretary, Mrs. Byrdie Fellers as treasurer.

Special memberships were presented to Miss Havens and Mrs. Irving Willoughby, in whose names extra contributions to missions will be made by the Guild. A pledge service followed the installation.

In addition to officers in the WSCS, a new group of secretaries of work divisions and new circle leaders will begin the 1966-67 year.

Secretaries are Mrs. J. Frank Ford Jr., Christian social relations; Mrs. Don Davidson, spiritual life cultivation; Mrs. Bill Waldon, Missionary education and service; Mrs. Charles Sprin-

ger, membership; Mrs. S. L. Garrison, campus ministry; Mrs. Joe Hamilton, supply work; Mrs. Ray Simpson, program material.

Mrs. J. C. McCracken is cheer chairman and Mrs. John Jacobson Jr. coordinator for the Guild.

Circles have recently reorganized for a year and chosen officers. Mrs. David Brumley heads the Slaton Circle; Mrs. David Hutchins, Black Circle; Mrs. Bob Wert, Brumley Circle; Mrs. Clara Fry, Alice Ward Circle; Mrs. Glenn Al Hunter, Dorcas Circle.

College News About Students From This Area

CANYON — Two Hereford students were honored at the recent annual ROTC Awards Presentation Program at West Texas State University.

They are Don Hensell and Jerry Ross.

Hensell, son of Mr. Donald D. Hensell, 133 Beach, is a sophomore pre-law major at WTSU. Squad leader of the third squad, third platoon, he received the award given to the Best Drilled Squad.

Son of Mrs. Laura Walker, 209 Catalpa, Ross was a member of the team that won the Drill Team Proficiency award. A freshman at WTSU, he is a music major.

PLAINVIEW — Alyce McClain daughter of Mrs. Virita McClain, Route 1, Wildorado, has been appointed as a summer missionary by the Home Mission Board of the Southern Baptist Convention.

Miss McClain is a junior majoring in elementary education at Wayland Baptist College, Plainview.

For ten weeks this summer she will work in Rochelle, Ill., helping with Vacation Bible Schools, study courses and other phases of church work.

At Wayland Miss McClain is a member of Volunteer Mission Band and Texas Student Education Association.

Invoice Scheme Working Again, Chamber Warns

The Deaf Smith County Chamber of Commerce has warned that invoice-like forms are being received in this area to induce busy, unsuspecting businessmen to pay or list in directories they didn't order and don't want.

Bill Thompson, Manager of the Chamber, said this directory scheme is aimed particularly at company employees responsible for approving invoices for payment and often creates the impression that the solicitation forms represent a renewal of the company's listing or advertisement in the local telephone directory or other established directory.

IF CAREFULLY read, said Thompson, the forms reveal that they are solicitations for purchasing listings or advertising space in directories. He noted that in the past some directory promotions have failed to publish a directory. In other cases, small paper booklets were issued which did not measure up to what was expected. A local business firm was victimized in this manner last year. A sample of the "directory" published is on file at the Chamber office containing the \$100 plus listing.

According to the National Better Business Bureau, with which the Chamber is affiliated through membership, literally thousands of business directories are pub-

Garden Contest Open To Youths

Growers of the biggest pumpkin and the largest sunflower heads grown in the 26 northern-most counties of Texas will be rewarded with cash prizes by the Men's Garden Club of Amarillo in competition open to all residents 16 years of age or younger.

The pumpkin contest is part of a national project of the Association of Men's Garden Clubs and the regional winner will compete nationally for a \$25 U. S. savings bond. Entries are to be submitted to the Amarillo club, 3513 Milam Street, by Nov. 1.

to make even a cursory investigation as to whether anyone ordered a directory from the specific company whose name appears on the solicitation form.

Thompson said the NBBB recommends that businessmen and their invoice-paying employees:

1. Read in its entirety each invoice or solicitation for directory listings received.
2. Find out whether anyone in the company ordered or authorized a listing in the directory in question.
3. Secure full information about the reliability of any company publishing a new directory in which a listing may be under consideration before remitting on any invoice-like solicitation form.

IN CONCERT TODAY — Nicolas Osborn of Hereford will play piano solos in one of the Sunday Afternoon Concert Series at the Federated Woman's Club recital hall in Amarillo at 3 p.m. today. The young pianist is a music student of Virgean Latson of Amarillo and the son of Mr. and Mrs. Glen Osborn. The public is invited to the matinee concert at the hall in Wolflin Village.

lished annually, many of them by well-established, reputable firms.

The Federal Trade Commission and the Post Office Department have curbed some of the deceptive directory promotions, noted NBBB but many others continue to flourish largely because businessmen and their employees who handle invoices fail

BETROTHAL ANNOUNCED — Miss Jeannette Cook's engagement to Peyton Ramey of Farwell, son of Mrs. S. C. Ramey and the late Mr. Ramey of Hereford is announced by her parents, Mr. and Mrs. Ben F. Cook of Quanah. A wedding in the chapel of First Baptist Church at Plainview is planned for June 25. Miss Cook teaches in Estacado Junior High School at Plainview. She is a graduate of Hardin-Simmons University and Texas Tech. Ramey, who received a degree from Texas A&M, is employed by Golden West Seed Company at Texico.

North Hereford H.D.C. Member Gives Program

Mrs. O. L. Williams presented the program on Outdoor Cooking for North Hereford Home Demonstration Club this week, preparing hamburger patties, vegetables and baked banana cooked in foil wrap.

She gave suggestions for varied food which can be cooked in foil for outdoor meals, and said the foil should be well buttered before food is placed in it.

Members were reminded of the salad luncheon in the County Bull Barn Monday, when reports from the district H. D. Association convention held in Dalhart last month will be heard preceding a County H. D. Council session.

Mrs. F. A. Baca and Mrs. Bobby Kendricks were visitors. Other members present were Misses Otto Masie, C. E. Whitthead, Mary Bodkin, Otto Olson, Charles Russell, Roger Williams, Velma Salvino, O. C. Williams, R. A. Fullwood, W. J. Lueb, Paul Hoff A. E. Hodges and Clinton Ward.

College News About Students From This Area

LUBBOCK — J. F. Carter, Texas Tech sophomore from Hereford, has been awarded a Scholarship, Military Science Prof. Col. B. W. Paden, announced Thursday.

Carter, the son of Mrs. Guggrene H. Carter of Hereford, was among 79 second year Army ROTC students in the Fourth Army area receiving the honor.

The award selection is based on academic excellence, extracurricular activities, College Entrance Examination results, and personal qualities, including appearance, motivation and leadership potential.

ATLANTA, Ga. — James E. Useton of Hereford is among 23 theology students honored at Emory University's Candler School of Theology by election to Theta Phi, the international honor society for ministers and religious workers.

The new members were recognized at Honors Day services at the school at which the Rev. Dr. Harry A. Field, pastor of Atlanta's First Presbyterian Church, spoke. Emory's theology school produces more Methodist ministers than any Methodist seminary in the country.

MINISTER WAS IN HOSPITAL

DECATUR, Ala. — You've heard of weddings where either the bride or groom was ailing so the ceremony had to be performed in a hospital. Linda Faye Adams and Lee Ackland Parsons added a new wrinkle. When their wedding date arrived, the minister was in Decatur General Hospital with a pancreas ailment.

The bride said she would be married by no one else but the Rev. Elam B. Kuykendall — so the vows were exchanged in the hospital chapel.

HALLMARK OF BRAINWASHING

LOUISVILLE — A woman telephoned the reference room of the Public Library and asked

for tips on how to write a thank-you note.

"Tell me," she asked, "Does it have to rhyme like the ones you buy in card shops?"

ONE MINUTE, PLEASE

THE CHURCH I LOVE . . . IN SPIRIT IN TRUTH (34th. in a series).

"But the hour is coming, and now is, when the true worshippers will worship the Father in spirit and truth, for such the Father seeks to worship him." (John 4:23). Christ also stated, "You shall worship the

Lord your God and him only shall you serve." (Matthew 4:10).

In worshipping our eternal God, we are participants, not spectators as in a stage show or movie. If we do not participate to the best of our ability, the spiritual value of worship is doubtful.

Man is made up of body and spirit. The body needs physical food regularly to sustain it. The spirit of man needs the spiritual food, which is the word of God and communion with our Creator the source of all food. The body without food dies; so the spirit without food dies. In worship we drink deep of "the water of life," and feast upon the "bread of life." Jesus said to them, "I am the bread of life: he that cometh to me shall not hunger, and he that believeth on me shall never thirst." (John 6:35).

To worship God in truth is to worship him according to his word, "Thy word is truth." (John 17:17). We cannot afford to worship according to the dictates of our own conscience. Our conscience may be "defiled" or an "evil conscience." In as much as our worship is directed toward God, to give him praise, honor and thanksgiving, we must worship according to his will.

Paul sheds some light on worshipping God in spirit and in truth in 1 Corinthians 14:15. "I will pray with the spirit, and I will pray with the understanding also: I will sing with the spirit, and I will sing with the understanding also." "Wherefore, receiving a kingdom that cannot be shaken, let us have grace, whereby we may offer service well-pleasing to God with reverence and awe." (Hebrews 12:28).

Vocational School Addition Opens New Education Doors

In calling a citizen review meeting the Hereford public school trustees apparently view the proposed expansion into vocational education with mixed emotions, and certainly their reactions are similar to those of many school patrons in the district.

No one is anxious to dig up the necessary \$250,000 to move into the program, despite the fact that around 50 per cent of the money will be provided from state and federal levels. This is due, in the main, because of extensive expansion which our school system has faced during recent years and in which it is currently engaged.

On the other hand, when one stops to ponder the options involved, there seems to be little choice. Sooner or later we will be forced into the vocational phase of education and, believe it or not, this may well be the salvation of the American educational system. Consequently, the wisest thing we can do today is move into the program full force, become established as an area vocational point, and reap the benefits of our pioneering efforts.

U.S. public schools have previously been involved chiefly in the pursuit of so-called arts and sciences. We have always prepared our graduates for college and consoled ourselves with the theory that we taught them to "think." Those who chose to enter trade and service fields, we de-

clared, could learn under the apprentice system, which we inherited from England along with the first Pilgrims who landed on these shores.

Like everything else, the apprentice system is wrought with problems and faces drastic changes. It is no longer adequate to meet the demands of modern day living. England, France and other Continental countries have long since switched away from the system to which we have clung so tenaciously. As a result our nation is filled with unemployed, while employers scream to high heaven for trained workmen. This shortage, at the time, has boosted the earning power of workmen to the point that the white collar class, mostly our "trained thinkers," find themselves taking a back seat when it comes to remuneration for services.

Compared to Hereford's investment in school buildings and equipment the necessary \$250,000 is merely a drop in the bucket, even if we had to pay all instead of half the bill. The estimated \$30,000 designated for vocational classroom equipment is not so much when you compare it with the \$26,792 which our trustees voted to spend on bleachers for the new junior high school gymnasium. Instead of providing exercise for 50 students each year, the proposed vocational program would actually train hundreds of youngsters in courses through which they will support themselves and their families. We suppose it all depends on what one considers the primary function of a public school but, to us, the vocational program outdistances basketball by a long, long margin.

Also to be weighed in the question of vocational training is shift in area population. Growth and industry have brought into the area thousands of people. No longer are we primarily engaged in educating the sons and daughters of ranchers and large-scale farmers; today our schools are filled with a cosmopolitan population which compares with many cities. Through economic requirements, if nothing else, our percentage of graduates who attend college is beginning to fall. What's more, it will likely continue in this direction.

Our best answer, therefore, is to have both scholastic and vocational training. Those who wish to pursue higher learning will slant in this direction, while those who choose vocational work will slant their last two years in high school toward this goal. All graduates would, of course, continue to receive parallel required training in English, history, math and other basic subjects.

Texas Education Agency, along with other educators, has undergone extensive change in thinking along these lines in recent years. Not until we are able to satisfy the demands of modern day living can we boast that our school system is adequate, and this new phase of vocational training appears to be the best thing we have yet seen on the horizons of public education. We hope the Hereford district will be one of the first to take advantage of the opportunities which it affords.

Area Farmers Merit Plaudits

Once again Deaf Smith County has been privileged to host a delegation of foreign visitors, interested this time in grain sorghum production and its application to feed lots. The group included six representatives of Italy's Ministry of Agriculture; previously we have entertained other visitors from over the entire globe.

Because our primary business is agriculture and its allied phases, we wonder if the people of this area actually realize what a compliment is paid to the community when these groups consistently select Deaf Smith as an inspection point. Our inclusion in the itinerary, among other things, says that our operators are among the best to be found in the nation; it also says that we are going through with the entire job — growing, feeding and finishing — and that our achievements are among the best.

Add to this thought the fact that agriculture and farm production are the one big difference between the U.S. and other nations of the world, especially Russia, and the obvious conclusion is that Deaf Smith County boasts among its citizenship the outstanding producers of the world. You might even say that our people represent the big difference between the free world and that of Communist domination.

Seen from this angle, we have plenty about which to be proud. The fact that we are willing to share our knowledge, to pass along the important "know-how," and once again you find that big difference in nations and people. Once again, you will note the free world attitude reflected for the welfare of all mankind.

On every hand, this part of the country is filled with capable, energetic people, but we can all take off our hats to the farmers and feeders of Deaf Smith County. They are the boys who have really set an all-time, world record.

Youth Clinic Area Tribute

Of all the drives, community services, and public benefits sponsored in the Panhandle, we can think of none which excels the annual Children's Clinic sponsored in Hereford each year by the Oasis Shrine Club.

The clinic this year handled 155 youngsters and provided 340 separate examinations. Included in the group were boys and girls from all walks of life and, as in past years, we feel sure that many of the youngsters will be enabled to live more normal and complete lives as a result of the Hereford Clinic. Needless to say, these youngsters come from all over the Panhandle and Eastern New Mexico.

Although sponsored by the Oasis Shrine Club, much credit for the annual clinic also goes to the Hereford Clinic, which cooperates fully, and to the visiting specialists who contribute so much in time and knowledge to making the event a success.

So long as America has such interest on the part of professional men and local citizens, we doubt that socialized medicine will ever crowd out our present system. The results, in any case, are far ahead of any other system we have ever seen. Most of all, and this includes all concerned, are the tremendous benefits which result for the 155 boys and girls, their parents and their friends.

We've said it before, and we say it again: "Congratulations to the Oasis Shrine Club upon the completion of their 11th annual Children's Clinic. It is one of the finest, one of the most humane projects on record in the Panhandle today."

Some time you have to go out on a limb. That's where the fruit is.—Richfield (Minn.) News

MAIN STREET, USA

Campaign Expenditures Eyed By Committees

By BERT MILLS

Washington, D. C. — Most Americans would dearly love to receive a \$30,000 annual salary, plus a fat expense account and numerous benefits including a liberal pension after only short service. The average person therefore finds it hard to understand that any member of Congress needs more money than the government pays our legislators.

Sen. Milton R. Young (R., N. C.) put the problem in proper perspective recently when he told a reporter: "I'm satisfied with what the people are paying me. They never begged me to take this job. I asked for it." True enough and so did the other 534 Senators and Representatives.

THE QUESTION of pay for politicians and their outside in-

come has been raised again by a current Washington scandal involving Sen. Thomas J. Dodd (D., Conn.), charged with diverting to his personal use funds raised at testimonial dinners, and not paying income taxes on the money collected. No guilt has been proved. A special Senate Committee and Internal Revenue Service are investigating.

Sen. Dodd has yet to make his detailed answer to the charges against him but his defenders have argued that he used the proceeds from fund raising events to defray necessary political expenses, even during a period when his next election campaign was years ahead. It has also been contended that Dodd's dinner money was a tax-free gift and not a political contribution.

The amount involved in the

Dodd case is no trifling sum — as much as \$200,000. Lyndon B. Johnson helped draw the crowds that paid the money by speaking at two Dodd dinners, which LBJ thought were intended to raise campaign funds.

THOSE \$100 per plate dinners have become common occurrences, in Washington and around the country. Most of the tickets are bought by lobbyists for business or labor — people with an interest in the votes of the politician being honored.

Public Left Out

The average voter has never made a campaign contribution in his life. Nevertheless, every citizen has a stake in the problem of financing political candidates. It takes a huge sum to finance a congressional campaign now and the cost is constantly rising. The money has to come from source.

THE DAY could come when only rich men can hold high public office. Already the candidate who is independently wealthy has a huge advantage. Many able men are discouraged from running for office for financial reasons.

It was for that reason that Congress raised its salary level to \$30,000 per year. It was recognized that a Federal legislator must maintain two homes, incur unusually high travel expenses, and meet campaign expenses every two years if a Representative and every six years if a Senator.

A substantial number of House and Senate members live comfortably on their salaries. Many others do not. Some still maintain law practices and earn legal fees, often for doing no more than lending their names to a law firm.

Almost all prominent members of Congress make speeches or write articles to earn extra money "Honorariums" is the word used to describe sums received for addressing a business group. Some top Senators are paid as much as \$1,500 for a single speech. Often at least a draft of the text is supplied by the press agent of the group being addressed.

Disclosure Laws Evaded

There are laws requiring disclosure of campaign contributions but they are so loosely drawn they are easily evaded. For example, a statute requires every candidate for Federal office to disclose his contributions. See MAIN STREET Page 7

TEN YEARS AGO

Dudley Bayne Named As New City Manager

Dudley Bayne, Hereford's new city manager, will take over his duties June 15. Now city secretary and acting city manager in Canyon, he is a graduate of West Texas State. He and his wife are the parents of four children.

For the first time since Oct. 19, 1901, Deaf Smith County faces the possibility of a local liquor option election.

The House of Representatives passed the compromise farm bill by a vote of 304-59 at noon Wednesday and sent the bill to the White House where, it was presumed, the president would sign it soon.

Not one absentee ballot had been cast in the proposed City of Hereford Charter Amendment election, scheduled here for Saturday.

A survey of local dry cleaning plants indicates that merchants expect to effect an approximate 25 per cent drop in cleaning prices, effective immediately.

Lester Jones, president of the Optimist Club, appointed his committee chairman Tuesday when the group held their weekly luncheon meeting at the Western Wheel Inn.

Three applications for zoning changes will be heard by the City Zoning Commission within the next two weeks, according to hearings scheduled at City Hall.

Following through on a meeting last week with the C-C Civic Improvements committee, the City Commission Monday night named five citizens as a special body to study the needs of a long-range planned recreational program for the community.

Some machines in science and industry are extremely sensitive, reacting to the least stimuli. I am convinced however that no machine is as sensitive as the New York Stock Exchange.

The stock market has been fluctuating up and down for the past two weeks. The slightest announcement from industry, such as the safety emphasis in automobile companies, sends it spiraling downward. Bad news on Wall Street spreads more rapidly than giggles in a room-full of junior high girls.

Some machines are so delicate that situated in the US they can detect earth tremors in Outer Mongolia. But the stock market heralds a crisis if the President sneezes.

—Portales News-Tribune

A farmer was delivering produce to an insane asylum when one of the inmates approached him and said, "Say, I used to be a farmer, too."

"Is that so?" replied the farmer sputteringly. "Yep," declared the other. "Say, friend, did you ever try bein' crazy?"

"No, I never did," responded the farmer, moving away nervously.

"Well, you oughta try it," called the ex-farmer. "It's got farmin' beat all hollow."

—Lvelland Sun-News

The month of May 1966 may go down in the record books as one of the strangest months ever recorded as far as the weather is concerned. Early this month the temperatures dipped into the high 30's at least two nights and the days were cool. However Tuesday of this week may have just set a record for the highest temperature. The thermometer at the bank hit 104 degrees Tuesday afternoon.

To use the words of some knowledgeable sage — "If you don't like the weather, just wait a minute and it will change."

—Olney Enterprise

Nine months of "better than average" working conditions find the new Ochiltree General Hospital approximately 59 per cent completed.

The new health structure begins to loom high on Perryton's southeastern horizon with the completion of the second story "pent house" addition designed to house the major air moving units for heating and air conditioning and building.

Construction and completion of the mechanical room marks near total completion of the brick and masonry work scheduled for the plant.

—Ochiltree County Herald

Although the warmth of the season may already have come to much of the country, the days of summer begin officially June 21, 1966 at 3:33 p.m., Eastern Standard Time. Edith Warton, writing some years ago expressed the feeling that touches us all: "Summer afternoon — summer afternoon; to me those have always been the two most beautiful words in the English language."

For most of us, summer will bring days of vacation away from the usual routine of school or job. There will be some time again to appreciate the beauty of the words "Summer Afternoon." The feeling of the sun and the blueness of the sky, the buzzing of insects and the fragrance of lush summer growth, the smell of fresh cut grass, the warm lengthening shadows that gradually merge into a late evening with the light still not gone from the sky — such are the quiet charms of summer.

—Lamb County Leader

What this country needs is family trees that will produce more lumber and less nuts.

—Andrews County Leader

"Everybody hates to repeat gossip," says the Second Street Philosopher, "but what else can you do with it?"

—Canadian Record

THE BOOTLEG

—Philosopher

Editor's note: The Bootleg Philosopher on his Sinfed farm has found out about the car safety controversy, his letter this week indicates.

Dear editor:

In nearly every newspaper I've gotten my hands on in the past two weeks there has been at least one article on the big controversy over whether cars are safe, and while I'd prefer to have the argument going on over whether tractors are safe, if you know what I mean, still I have followed the hearings closely.

According to a report at one session of the Senate Investigating Committee, 8 million cars in the last few years have been found to have defects, out of the 40 or 50 million produced. Of course that included everything, such as a horn that stuck and a windshield wiper that went too slow.

Understand, I'm not in favor of cars' having defects, I'm not even in favor of having one with a tail pipe that will rust out or oil that needs changing and I think a fender ought to snap back into place when you graze it on a fence post, but you can carry statistics too far.

For example, I would not be interested in seeing a Senate Investigating Committee come up with the figures on how many human beings have defects.

Out of the 200 million people produced in this country in the last decade, how many of us you reckon would really pass a safety inspection?

If checking up on that many people is too big a job for the Senate and it decided to narrow the field and get closer to home, how many Senators you reckon would show up without a defect?

I don't have the figures, but it would be interesting to see which are multiplying faster, garages or hospitals. At any given moment, are there more cars in garages than people in hospitals?

I'm not saying I'm typical, but out of the next 365 days, there will be more days when my car and my tractor are in better shape to start than I am.

But let's keep talking about car defects. Anything to get the spotlight off of human defects.

Yours faithfully,
J. A.

Women Invited For Workshop In Dressmaking

A dressmaking workshop open to interested women of any age will open Monday in the home-making department of Hereford High School, with Mrs. Frank Prowell as instructor. Seven lessons will comprise the course, which is offered free of charge.

Enrollment for the workshop may be made in advance with Mrs. Prowell, or at the home-making department at 2 p. m. Monday.

Basic dressmaking lessons are included in workshops, with individual help for either the beginner or the experienced dressmaker who has specific problems. Classes will begin at 9:30 a. m. on Tuesdays and Thursdays during June.

Main Street

(Continued from Page 6)

eral office to file a report itemizing contributions he has received.

This is sidestepped regularly through the creation of committees, which receive and expend funds, rather than have the money go to the candidate himself. Some candidates have a string of committees collecting money.

MANY CONTRIBUTORS do not want to have their names appear on any public listing, and make anonymity a condition of tendering a gift. The committee device helps to open new sources of political dollars.

Financing of political campaigns is a national problem crying for solution. Perhaps the Dodd case will lead to that result, for new guidelines are badly needed.

Native Street, a 3-year-old gray filly, is a daughter of Native Dancer — Beaver Street. She was bred by C. F. Kieser at Ocala, Fla.

TEA HOSTESSES — Two of the girls in the third-year home-making class at Hereford High School who were hostesses at a tea honoring senior girls this week, are Loretta Hoffman, left, and Jana Cole. They and other class members served in turn at the punch bowl and with other hostess duties at the party in the homemaking rooms. Girl graduates and their mothers were guests.

Senior Girls And Mothers Guests At Homemaking Class Spring Tea

Girl graduates of 1966 in Hereford High School, and their mothers, were entertained at a tea by third-year homemaking classes in the homemaking parlor Wednesday afternoon.

Flower table decorations blended pastel colors in a centerpiece and in trimming of the cakes and cookies. A silver epergne held pink carnations, white stock and lemon yellow mums with pink candles. The cloth was pale yellow nylon over li-

nen.

Cakes made and decorated by Mrs. George Zetzsche in a class demonstration and frosted cookies which were a contribution of Louie Kovacs to the party, were served with pineapple punch. The flower arrangement was a gift of Mr. and Mrs. W. K. Lankford.

Students who took turns ladling punch were Carolyn Boynton, Janice Smith, Jana Cole, Loretta Hoffman, Ann Mercer,

Along The Frio

Mrs. OWEN ANDREWS
Brand's Frio Correspondent

The home of Mr. and Mrs. Julian Johnson is again a show place — the iris is blooming profusely against the backdrop of evergreen trees, protecting them from spring winds. Mrs. Johnson has been showing visitors through her gardens almost every day. She estimates she has about 800 different varieties, some of which she developed herself, through hybridizing to develop new colors and shapes. Several plants are of rare and prize winning quality and many are gifts from distant lands. Mrs. Johnson knows her flowers by name and speaks of them as familiar friends. Among visitors at the Johnson gardens were Elder and Mrs. Earl Johnson of Provo, Utah, who are presently missionaries at the Latter Day Saints Church, Hereford.

Vacation Bible School Preparation Day at Frio Baptist Church will be May 27, beginning at 3 p. m. The school will be May 30 through June 10, with commencement on the final evening. Mrs. Clark Andrews will be principal of the school, assisted by the pastor, the Rev. Sam Ogan.

Mr. and Mrs. T. L. Sparkman Sr. were surprised Monday morning when they drew the 1,000 ticket at the check stand at Furrs Super Market. Mr. Sparkman says that in 75 years a fellow should be allowed one surprise.

Mrs. T. L. Sparkman Jr. was honored at a surprise birthday party in the home of her sister, Mrs. Elmer Jones, Monday afternoon. She was presented with gifts and refreshments were served to Mmes. Mearle Findley, Tommy Sparkman, Eugene Baldwin, Chesley Johnston, Laura Littrell, George Zetzsche, Herbert Bruns, Joe Andrews, Ernest Harder, Ray Stewart, T. L. Sparkman Sr. Owen Andrews,

Carmen Betzen, Connie Watson and Linda Sims.

Those who assisted in cutting and serving the cake and cookies were Barbara Buck, Adair Melton, Inez Sambrano, Cynthia Beene and Jane Wilhelm. Guests registered at a table where Judy Fetsch and Retha Kelly presided in turn.

In the hostess group were Barbara Gholson, Betty Drager, Gloria Greenwood and Linda Rickman.

Misses Darlene Sparkman and Alma Andrews.

Frio Homemakers Club met Tuesday in the home of Mrs. Herbert Bruns. The program was a demonstration in cake decorating, by Mrs. George Zetzsche. She decorated a cake shaped like a baseball glove, with a ball in the palm. The second cake was a Fathers Day cake, with red roses, and third a doll cake, with the entire cake as the ruffled dress of the doll.

Others attending the meeting were Miss Alma Andrews, Mmes F. Y. Moreman, Frank Robbins, Jim Hill, T. L. Sparkman Jr., Eugene Baldwin, Chesley Johnston, Edgar Vinson, Earnest Harder, Henry Andrews, Sam Ogan,

Harlan Barber and Owen Andrews. The next meeting is scheduled June 7 at the home of Mrs. Johnson.

Russell Harkins has recovered from measles and two sisters, Sandra and Terry are taking the disease. They have light cases. They are the children of Mr. and Mrs. Earl Harkins.

Earl Harkins visited his parents, the F. B. Harkins at Plainview Sunday. On Wednesday, Mrs. Earl Harkins accompanied her mother, Mrs. A. McDaniel of Edmonson, to Lubbock to be with an aunt, Mrs. Alton Childix, as she underwent surgery in a hospital there.

Mr. and Mrs. Glenn Andrews,

Quilting Is Set By Club

A quilting session to complete a quilt donated for Girlstown was planned for June 16 in the home of Mrs. C. N. McClure, by members of Mothers Needle Club who met this week in Mrs.

Hal, Clint and Lynn of Etter came Friday night to the Clark Andrews home. Mrs. Andrews and the boys visited relatives on the weekend attended church at Frio, while Glen and Clark went to El Paso. They took a man who works for Glenn there to get his wife and baby to go live at the farm at Etter.

Haskell Benson's home.

A quilt top has been donated by Mrs. Walter Johnson and the lining by Mrs. A. T. Jones. Club members will put it together and send it to the home for girls at Whiteface.

The recent meeting was for a

covered dish luncheon. Present were Mmes. Luther Ellis, Adam Flowers, W. T. Gunstenson, H. E. Lindley, Ralph Paul, L. J. Shirley, Lloyd Battey, May Green, S. H. Sides, W. H. Awrey, Jones and McClure.

TOUCH-TONE® PHONES!

It's here — the latest in modern telephones from Southwestern Bell. On Monday, Hereford will be the first city in Texas with the all-new Touch-Tone telephone with push buttons in place of the familiar dial.

Imagine the convenience of simply tapping out the number you're calling on the buttons of this attractive new phone. Each button sounds a musical electronic tone to speed your call. You just "touch and talk." Using a Touch-Tone phone is so quick, easy and convenient it makes calling fun. Touch-Tone phones are available in a variety of styles and colors. You can choose one that's just right for every telephone location in your home or office. The cost is only slightly more than the conventional dial phone.

Order Touch-Tone phones from the business office, EM 4-1000, or from any telephone service man.

You can see and try Touch-Tone phones at the telephone business office.

VISITORS ENTERTAINED — While their husbands were busy with the annual Oasis Shrine Club Children's Clinic last weekend, wives of out-of-city Shriners and doctors were guests of their Hereford counterparts at an informal reception-tee at the Caisson House Saturday afternoon. Mrs. Palmer Norton, whose husband was general chairman of the clinic, greets a visitor at the entrance, left, while Mrs. Harold Harvey of Amarillo chats with Mrs. Milton Adams at one of the tables.

Palmer Norton, whose husband was general chairman of the clinic, greets a visitor at the entrance, left, while Mrs. Harold Harvey of Amarillo chats with Mrs. Milton Adams at one of the tables.

Supper Ends La Plata Club Season

A sale of favorite recipes was conducted by La Plata Club members to raise funds for its project of placing a historical plaque at the new La Plata Junior High School, when the final meeting of this season was held in the Ansel McDowell home this week.

Mrs. A. J. Schroeter was hostess with Mrs. McDowell at a salad supper. Members' husbands were guests. Games of bridge and 42 entertained the group after dinner was served to 11 couples.

Club officers for next season were installed at an earlier May

REPORT

A puppet show originated by girls of the Oh-Ta-Wa-Ten-Ya Camp Fire group was presented

meeting in the home of Mrs. Clint Formby. Mrs. Philip Shook is the new president and Mrs. Bill Michael left that office to become parliamentarian.

Other officers are Mrs. E. D. Hopson, vice president; Mrs. Roy Harris, secretary; Mrs. Kenneth Rogers, correspondent; Mrs. Jack Brown, historian-reporter.

BEGIN TERM — Officers were installed for the 1966-67 term in L'Allegra Study Club at a luncheon Thursday. Mrs. Alex Schroeder, president, is seated between Mrs. Noble Ballard, left, secretary, and Mrs. Dennis Lomas, vice president. Standing from left are Mrs. Dwaine Walker, retiring president who is the new parliamentarian; Mrs. Jim McDowell, treasurer; Mrs. Howard Johnson, historian; Mrs. John Smith, corresponding secretary, and Mrs. Bob Sims, reporter.

Summer Work On Project Planned By L'Allegra

Continued work through the summer club recess, on a welfare project of L'Allegra Study

Club, was planned at the final meeting of the season Thursday, when new officers were installed at a luncheon in Hereford Country Club.

Mrs. Alex Schroeter took office as president and announced committee appointments for the coming year. Mrs. Dwaine Walker, ending a year as president, conducted the installation with an unusual theme using the work of a seamstress to symbolize duties of officers.

Mrs. Dennis Lomas, the new vice president, heads the year-book committee which includes Mrs. Gene Cope and Mrs. Cameron Gault. As treasurer, Mrs. Jim McDowell is on the finance committee with Mrs. Jim Conkright and Mrs. Ronald Zimmerman.

Mrs. Noble Ballard is the secretary, Mrs. John Smith corresponding secretary, Mrs. Howard Johnson historian, Mrs. Bob Sims reporter and Mrs. Walker parliamentarian.

Committees include: Telephone, Mmes. David Gibson Bill Warrick and Sims; social welfare, Mmes. Richard Pickens, Lomas and W. C. Russell; civic welfare, Mmes. Johnson, Bob Viegler and Smith; cheer, Mmes. Ballard, Tommy Carnahan and Pat Robbins.

The project to be carried on this summer is aid to a resident of Girlstown at Whiteface whom the club has "adopted." She is recovering from spinal surgery and L'Allegra members are supplying her special needs.

A group of members recently visited her and reported on her progress toward recovery and on the things she needs now. Another group plans to visit soon. The club will collect linens and food for use at Girlstown, in addition to their aid to the "adoptee."

Announcement was made that there will be a summer meeting, probably in July of the entire club.

Mrs. James Higgins and Carnahan, hostesses for the luncheon decorated the table with spring flowers.

News About Area Men On Duty

HOMESTEAD, Fla. — John A. Newsom, son of Mr. and Mrs. G. W. Newsom of 130 Avenue C, Hereford, Tex., has been promoted to major in the U. S. Air Force.

Major Newsom is a KC-135 Strato Tanker aircraft commander at Homestead AFB, Fla. He is a member of the Strategic Air Command which keeps the free world's mightiest missile and jet bomber force ready to counter the enemy threat.

The major, a graduate of Hereford High School, attended Texas Technological College. He was commissioned through the aviation cadet program.

His wife, Trudy, is the daughter of J. W. Barrett of Cotton Center.

Club Name Symbolized In Luncheon Decoration

Farm and Ranch Club's name supplied the decorative motif for the table at a luncheon Thursday in the home of Mrs. Elmer Combs, which ended a club year.

Plastic figures of cowboys, horses, overalled farmers and tractors were placed down the length of the table. Smaller figures decorated the place cards. Members planned a mid-July

social meeting with their husbands as guests, as the only summer activity. The club will resume semi-monthly meetings in September when present officers will begin the second half of a two-year term. Mrs. Phillip Miller is president.

Mrs. John E. Hill presented the program on flower arrangement. Using multi-tinted iris, roses, columbines and other blossoms from her yard, she made several arrangements suited to various purposes, and explained some of the principles of flower arranging.

Other members present were Meses Jack Weaver, W. W. Thomas, Paul Rudd, W. B. Nunley, G. V. Hall, R. W. Hairgrove and Glenn Burrus.

Three states were once independent nations — Hawaii, Texas and Vermont.

Circle Has New Leaders

Mrs. Morris Hacker will succeed Mrs. Leander Reinart as president of the Antonion Circle of St. Anthony's Catholic Church, when meetings are resumed in September after a summer recess. New officers were chosen at a meeting in the school auditorium Thursday.

Mrs. John Tomasi will be vice president, Mrs. Jim Clarke secretary; Mrs. Melvin Kalka treasurer; Mrs. Donald Meyer parliamentarian-reporter, Mrs. Allen Evers chairman of religious articles.

Hostesse were Meses, Larry Walterscheid, Gary Kriegshausser and Evers. The program was by Mrs. Ed-

Madre Mia Club Officers Named

To be installed June 2, officers of La Madre Mia Club were elected at a salad supper in First National Community Room Thursday. Mrs. John E. Smith will become president, following Mrs. Gerald Martin in the office.

Date for the installation was advanced to the first week of June to avoid conflict with end-of-school activities next week. The ceremony will be conducted at a dinner in La Cafe Hacienda. Named to serve with Mrs. Smith for the 1966-67 year are Mrs. Ray Don King, vice president; Mrs. Bill Nelson, secretary; Mrs. Harvey Penner, correspondent; Mrs. Bill Lankford, parliamentarian; Mrs. Ronald Zimmerman, historian; Mrs. Dean Herring, reporter. In addition to the business session featuring the election, a

social evening was spent by members. Supper was served at tables brightened with spring blossoms. Port Wine, winner of California stakes at Hollywood Park last summer, is a son of Porterhouse — Hukilau.

NEW! The BIG one from FORD!

The better you know combines, the more you'll like the NEW FORD 640

Giant size of the Ford 640 impresses you at a glance. Headers up to 20 feet. A separator more than four feet wide. Straw walkers nearly 12 feet long. Separating and cleaning areas total over 89 square feet (12,856 sq. in.). Powered by a Ford 100 horsepower six-cylinder engine. Look, and you know, the 640 is built for capacity!

Features to add grain-saving efficiency. Headers are extra deep, with exclusive fold-over auger fingers. The concave, extra-rugged designed for grain or corn. Convertible threshing plate easily engaged for extra-aggressive threshing. Beater and cylinder speeds synchronized. You'll find detail after detail to help you master every harvest condition.

You'll appreciate the built-in brawn. This six-ton-plus giant takes rough fields in stride—even with two-and-

one-half tons of grain in the tank and a rugged four-row corn head out front. Dozens of life-extending details. Nodular iron pulleys. Roller chain elevators. Extra big shafts in sealed, pressure-lubricated bearings. Look closely. Your combine experience tells you that this machine is built to last.

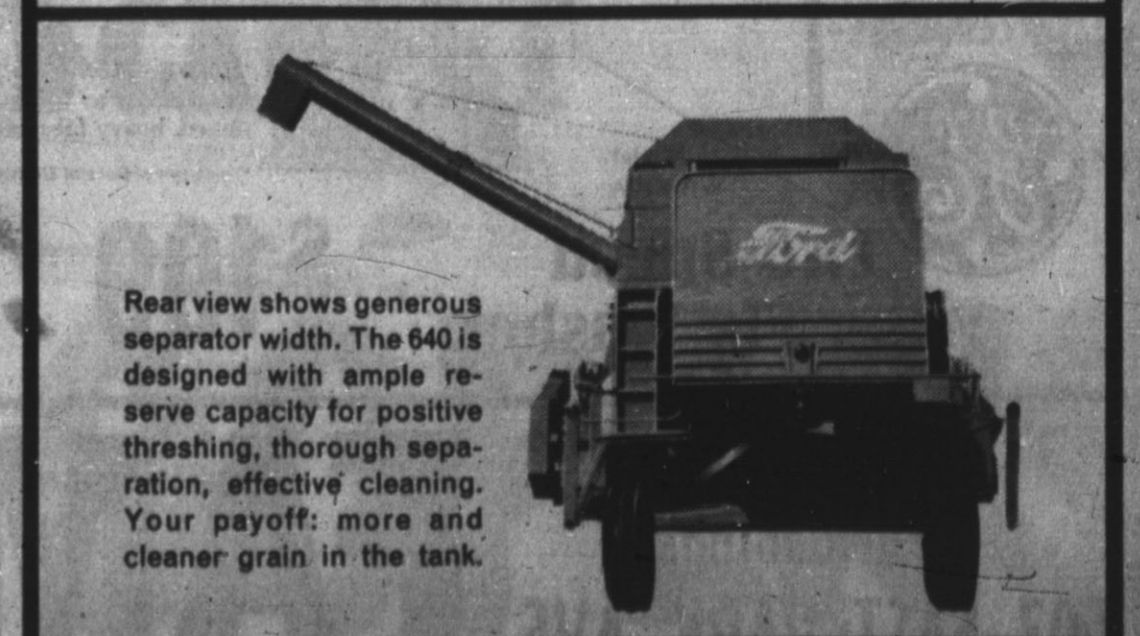

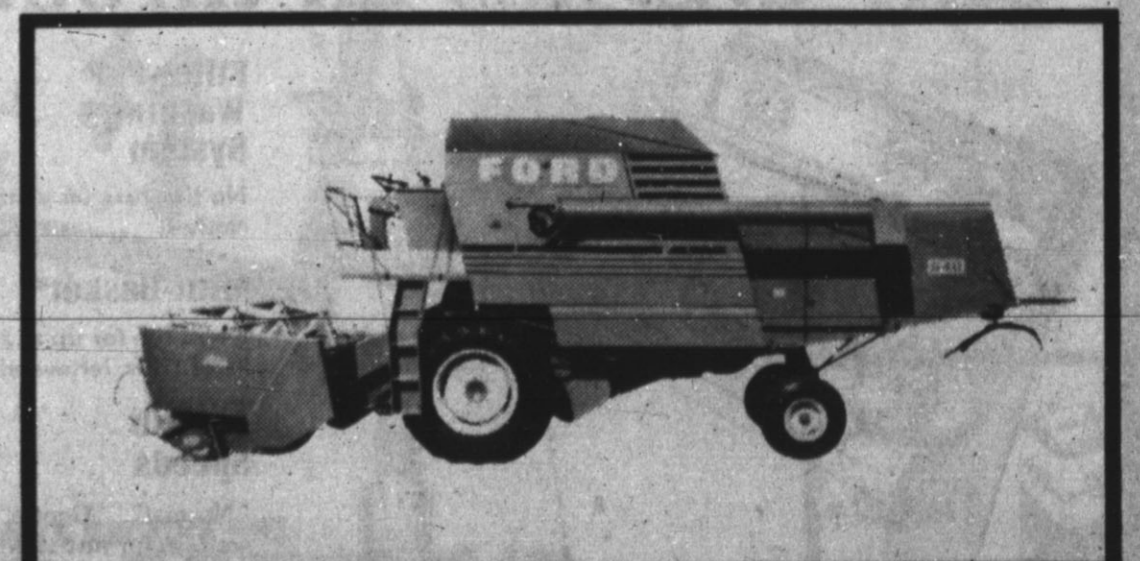

Good combining is easier with a Ford 640. Convenience and comfort of the operator's platform beats anything you've seen. On-the-go control of reel height, reel speed. Cylinder clearance and speed adjusted right from the seat. In easy view, a travel speed indicator. And cylinder tachometer. Hydrostatic steering, too. All standard. The Ford 640 puts you in command of the harvest as never before.

You can see grain-saving capacity in great separator length. Big 91-bushel grain tank is well forward, to keep weight on the drive wheels. Hinged grain tank cover is one of many standard features on the Ford 640.

Come in—see for yourself!
