

## You Pull... You Struggle

Pioneer Lamplighters and Hereford Jaycees struggled and pulled in a tug-of-war match across Tierra Blanca Creek Sunday afternoon before the Jaycees finally pulled the gasmen over. The match was a challenge match between the Brothers of the Brush chapters and is part of Hereford's 75th Diamond Jubilee Celebration fun activities.

## Harvest

### Onion, Potato Crops Delayed By Weather, Truck Shortage

Truck shortages and rain are hampering the local potato and onion crops, but local shippers report that the crop is expected to be good, despite troubles. The 1973 potato and onion crops are slightly under last year's yield, but the quality of both are good. The price also is reported to be good, even though it is not a bumper crop like last year. The railroad car shortage is not as big a problem for potato and onion harvesters as it was for wheat harvesters, but a shortage of trucks has caused some definite problems for the vegetable producers.

Trucks are available in the northeast sections, but there is a noticeable shortage in the southeast. The shortages are blamed primarily on the gas shortage and on heavy truck usage in other parts of the state. Other factors reported to be contributing to the shortage is that new trucks are too expensive and fewer people are returning to the trucking business this year. There is a labor problem, as there seems to be every year, but it is mostly felt in the fields, and not in the sheds. The greatest worry of vegetable producers in the Hereford area, besides trucks, is the weather. Onions can not dry because of the rains, and this delays the harvest. If the damp weather continues too long, it could damage the crop.

### Branding Time

By Speedy Nieman

That feller on Tierra Blanca Creek says too much talk loses most arguments.

THE WATERGATE affair is a scandal and a disgrace, but we hope someone is working on solutions to our economic problems. In far too many areas, the soaring prices are not questioned anymore—it's just a question of whether you can get items at any price. And, we're referring to basic items like food, steel, paper, etc.

All of us in Hereford were proud Saturday night when two of our girls made the top 10 in the Miss Texas Pageant. Congratulations, again, to Sandy Cason, Miss Hereford, and Sherry White, Miss Lubbock this year and last year's Miss Hereford! The two young ladies have much talent and beauty, and are great ambassadors for the community.

THE LIONS Club big carnival is underway this week at the Bull Barn, and this is one time when you can be entertained and still know the money is going for good community projects. Tonight will be "Buddy Night" on the rides, with two going for the price of one!

We're sure many readers of The Brand still recall the "Hereford Bull" column which was written for many years by former publisher Jimmy Gillentine. We've invited Mr. G to write a special column for the Jubilee edition, and we think a host of readers will find it particularly interesting.

The souvenir edition for the Diamond Jubilee will be published as our regular Thursday paper on Aug. 23. It'll be a paper we think you'll want to keep and read over again and again!

THE JUBILEE Celebration planning and activities continue to mount, with announcement expected soon on the "official drink" for the 75th anniversary event. The big Rocking Chair Marathon starts tomorrow night, after the Kangaroo Kourt holds its first session, and the Jubilee Queen Contest is drawing more interest since the age limit was extended to 160!

More than 30 area residents, ages 6 to 67, will try to keep their cool and stay on their rockers this week-end as they battle each other for the top prize of \$300 in the Diamond Jubilee Rocking Chair Marathon.

The marathon, sponsored by the Hereford Jaycees gets underway at 8:30 p.m. Friday following a promenade through downtown Hereford and the first session of Kangaroo Kourt.

The promenade will begin at 7 p.m. at the chamber of commerce building and proceed down Main Street to Jubilee Headquarters where the first session of Kangaroo Kourt will be held.

THE BACK and forth contest will surely have its ups and downs as strict rules will be enforced by the Jaycees.

Rockers must rock continuously except during the break time, which comes for seven-minutes in two-hour intervals. Participants must remain in rockers all other times with persons late getting to their chairs after a break being penalized five minutes for every minute they were late. A 15-minute eating period will be allowed immediately after each seven-minute break. However, chairs must keep rocking while participants are eating.

THE MARATHON will be held outside on the block of Sampson Street, west of the courthouse, in spite of weather.

As of press time, persons entered in the marathon and their sponsors were David Thomas, self-sponsored; Leona Rhodes, Shoup Brothers; Ruby Sanders,

Caviness Packing Co.; Steve Olson, Wac Seed Co.; Oretta Wilhelm, Warren Brothers; Nancy Baker, Farr Better Feeds; Ruth Dobbs, New Holland-Hereford and Steve Brashear, Imperial Livestock Supply.

Also, Ted Tiefel, Carl McCaslin Lumber Co.; Helen Bridges, Morman Manufacturing Co.; Terry Owen, Owen's Electric; Randy Jones, Hereford Jaycees; Jenene Herrington, Pioneer Natural Gas; Doug and Juanita Northcutt, self-sponsored; Lily Muller, C.R. Anthony's; Mark Strange, Clarks House of Flowers; David Foreman, Thames Pharmacy and David Campos, Star Theatre.

Also, Gary London, First National Bank, Eugene Suttle, E-Z Way Market; Rita Sims, Gibson's Discount Center; Sina Sims, Loraine Newman; Barbara Owen, Noon Kiwanis Club; Cindy Hairgrove, Evening Lions Club; Roger nd, Holly Sugar; Jenene Suttle, Pants Cage Plus; Larry Driver, Harold Close Drug; Dorothy Guggemons, The Brogue and Nita Whitaker, Boots and Saddle Western Wear Store.

Oretta Wilhelm, 67, is the oldest contestant entered and six-year-old Doug Northcutt is the youngest. Miss Guggemons and Miss Whitaker are the only out-of-town entrants, the former from Nazareth and the latter from Clovis.

MARATHON officials remind everyone that the entry deadline is 5 p.m. today, however all entrants are urged to report to jubilee headquarters by 4 p.m. today for a brief orientation.

## Grand Jury Meets Today

Grand jurors of the 69th Judicial District are scheduled to convene today in final session to consider cases that have twice-been postponed. However, the report of the jurors will not be issued until Monday when Judge Archie McDonald will be in court here.

The next term of the grand jury will begin Tuesday. The session of the jury was postponed once because of illness of the district attorney and was postponed the second time after a quorum of jurors could not meet.

## County Okays Grant, Studies Food Stamps

By O.G. NIEMAN  
Publisher

Monday just wasn't a good day to have business with the Deaf Smith County Commissioners Court.

Commissioners approved a pay raise for the sheriff's deputies in the form of a clothing allowance, but it was somewhat shy of Sheriff Travis McPherson's request; the court declined to offer free office space for the new food stamp program; they held up acceptance of a federal grant to secure more details, and the day ended with a closed-door session where the topic concerned the Criminal District Attorney's office.

THE FEDERAL grant was formally accepted, however, when the commissioners' court held a special meeting Tuesday morning. It is a \$12,000 award from the Criminal Justice Council for the purpose of making a study on jail planning and management improvements.

County Judge H.C. Williams called the closed-door discussion, and City Mgr. Dudley Bayne was asked to meet with the court. The two voiced disappointment that several cases concerning assault of officers were not filed by Criminal District Attorney Andy Shuval. All commissioners expressed concern about the matter, but no action was taken.

IN OTHER business Monday, the court turned down, "with regrets and for legal reasons," a request from King's Manor to help pave a driveway and parking area; approved easements for a water line in Precinct 4 and an electric

cable in Precinct 2; and okayed use of the Bull Barn for the Mexican Independence celebration Sept. 15-16. On the latter request, it was pointed out that a dance was not allowable on the 16th, since it was a Sunday.

W.L. Patterson and Jerry Adams, state welfare officials from Lubbock, appeared at the commission meeting to discuss the Food Stamp Program which will be initiated in Deaf Smith County Nov. 1. Patterson said office space would be needed, but if the county could not provide the office, the agency could lease the space.

COMMISSIONERS asked the men for information concerning employment procedures for the local office, and they were told the office manager here would have to come from the State Merit System register. They added that local persons on the register would be given consideration, but no guarantee could be made to employ a local resident.

Commissioners informed the men that the county had an experienced person available, and they thought the job could be handled more efficiently by a qualified person here than by a stranger coming to take the job. The commissioners also asked the pair to "pass on" some of their sentiments about the bad points of the commodity program which continues through October.

Adams, who handles the food stamp program, told the court he didn't know how much it would help, but the stamp program has some good eligibility requirements. Persons must normally be certified every three months, if they are ages 18-65 and able to work. They must register, with the Texas Employment

Commission, and can be denied food stamps if they turn down a job offer.

AFTER discussing the matter, commissioners authorized the county judge to write a letter to the agency that space was not available. The court also indicated that it was not receptive since the county had no voice in the office operation here.

On the federal grant matter, the court felt it needed more information on the obligations of the county. C.L. Abernethy, coordinator of the Criminal Justice Council, met with the commissioners to explain the situation.

He informed the court that the grant award was for a \$16,000 total, with the county obligated for \$2,000 "in-kind" and \$2,000 cash. The in-kind portion will include work hours put into the study by county officials. The \$14,000 cash goes to the consulting firm for preliminary drawings, architects' designs, cost estimates and recommendations on the jail planning and management improvements.

ABERNETHY said it was up to the county, after the study is completed, whether to continue with any, or all, of the recommendations presented. He added that another grant application was dormant at present, and advised the court to wait before taking further action. The other application is for a study on management of the sheriff's office.

Commissioners feel the jail facility here, built in 1960, is a good one but may

See COMMISSIONERS Page 3

## Commissioners Vs. Sheriff

Sheriff's deputies got a pay raise in the form of a clothing allowance here Monday, but the action drew an immediate "not acceptable" response from Sheriff Travis McPherson.

Deaf Smith County Commissioners Court approved a pay raise for deputies in the form of a \$100 allowance for uniforms the first month (August), and \$25 per month clothing allowance thereafter. The sheriff had asked for a pay raise for deputies several months ago, and it had been under consideration by the court, which had asked McPherson to consider not filling a vacancy when a deputy resigned recently.

McPHERSON had appeared before the court last week to request a \$75 per month raise for the three chief deputies and \$50 a month for the other two aides. During several discussions of the pay raise matter, the subject of uniforms and clothing allowances had also been mentioned.

Although he was out of town this week attending a sheriff's conference, Travis McPherson sent word that the pay raise approved by Deaf Smith County Commissioners Monday was "not acceptable to my department, and I feel the court should proceed with the salary adjustments as they agreed to do."

THE SHERIFF claimed that his request of a \$75 pay raise was never meant to be a clothing allowance, but was "an adjustment in the department salaries to make them equitable to those of other agencies." He added that deputies are the only county employees

who work six days a week and that their normal day is from 10 to 18 hours. McPherson's statement was presented to The Brand Tuesday by a deputy who had talked with the sheriff by telephone.

When the salary discussion opened on McPherson's recommendation, Judge Williams said he thought it was "ridiculous" to consider a \$75 per month clothing allowance. Commissioner Earl Holt pointed out that he felt the court wasn't just considering an allowance for clothes, but a raise in pay.

HOLT ADDED that he thought commissioners had generally agreed to effect a pay raise for the deputies if the sheriff operated without filling the vacancy created by the resignation of a deputy. He added that the raises proposed by the sheriff would still be less than the pay of an additional deputy.

AFTER SOME discussion on whether or not to provide an allowance for uniforms, the court approved the motion for the \$100 uniform allowance the first month and \$25 a month thereafter. The action did not include the sheriff, and it was understood deputies would be expected to wear uniforms.

The top three deputies presently receive \$664.58 per month salaries, and the other two receive \$600. The sheriff's salary is \$889.33 per month.

## Two More Meetings Planned

## Civil Defense Seminar Held

By STEVE CONNELLY  
Staff Writer

Two members of the Division for Defense and Disaster Relief from Austin, and the Regional Liaison Officer from Lubbock had a workshop-seminar with city representatives in an effort to plan Civil Defense measures for Hereford and Deaf Smith County.

Ashley Eledge and Robert L. Orton, of Austin, and M.A. (Jack) Schlueter of Lubbock headed the program which was attended by approximately 10 local people.

The course will be in three segments during the next week, and is called a Plans and Operations Course.

THE MAIN objective of the course is to teach Hereford citizens to be prepared for any emergency, whether it is a nuclear attack, tornado, or a gas pipeline explosion.

They will devise a plan for the city to follow in any emergency, and will create an Emergency Operations Center (EOC) which will be the communications and planning center during a disaster.

Eledge stated the purposes of the plan, and then the members of the city on hand began compiling a committee to be workers in the EOC, when emergency might occur.

THE EOC will cover all branches of communications, transportation, health and medical aid, and repair during an emergency.

Eledge said that the usual amount of police, fire and emergency equipment were not always enough to handle a real emergency, and plans are needed to have an effective Civil Defense operation.

Persons at the meeting began to define the duties of each person in each department of the EOC and to appoint people to these positions.

EMERGENCIES such as tornadoes, blizzards, strong winds, truck accidents involving combustible materials, and natural gas pipeline explosions were discussed as possibilities of disasters, and provisions for handling such disasters will be discussed.

The second and third parts of the seminar will be scheduled later in the week.

# Jubilee Parade Takes Shape

By KATHY MARGRAVE  
Staff Writer

Counting the number of entries and checking on planned themes and various preparations, it seems that a very impressive parade is in store for area residents as the Diamond Jubilee Celebration is kicked off August 25.

Harold Wheeler, parade chairman, said that at present there are more than 45 entries in the parade "with more coming in."

HIGHLIGHTING the parade will be Texas Governor Dolph Briscoe, acting as parade marshal. Other area, state and national officials have also been invited to take part in the week-long celebration.

Entered in the parade so far are 30 floats with themes ranging from 'then and now' gas appliances and farm equipment to 'then and now' family unity and church worship services.

There are also eight saddle clubs entered with three antique autos, including one antique 'fire truck', two bands and four miscellaneous entries including bicycle riders, a boat and trailer, trail bike group and a drill team.

INDIVIDUALS, clubs and organizations who have entered floats are Gristown, USA of Whiteface; Hereford State Bank; Frio Baptist Church; Easter 4-H Club; Deaf Smith County Sheriff's Department; Hereford Jaycee-Ettes; Pitman Grain Co.; Larrymore Dance Studio; Temple Baptist Church and St. Joseph's Catholic Mission, Catholic Youth Organization.

Also, Avenue Baptist Church, Young Homemakers of Texas; Deaf Smith County 4-H Club; American Legion

Auxiliary; Wesley United Methodist Church; King's Manor Retirement Center; Deaf Smith County Library; Merry Mixers Square Dance Club; Hereford Rainbow Girls and Hereford CowBelles.

Also, Women's Division, Deaf Smith Chamber of Commerce; IOOF and Rebekah Lodge; Big Texas Steak Ranch and CowBelles; La Madre Mia Study Club; Pioneer Natural Gas Co.; Oglesby Equipment; Pioneer Study Club; La Plata Study Club; First United Methodist Church and Home Demonstration Club.

SADDLE CLUBS entered in the parade are Boys Ranch Roughriders; Rowland Roust-A-Bouts; Texas Rangers; Hereford High School Rodeo Team; Deaf Smith County 4-H Horse Club; Kart Patrol—Khiva Temple of Lubbock; North Amarillo Prairie Riders and Patrol — Khiva Temple, Lubbock.

Antique auto entries are those of El Lano Study Club, Dawn Music Club and Dr. Fox and Firehouse Fifteen, which is a '1929' fire truck which comes equipped with a medicine show and live music.

The two bands entered are the Boys Ranch Marching Band and Khiva Temple of Amarillo.

MISCELLANEOUS entries include a decorated car and bicycle riders entered by Kappa Iota — Beta Sigma Phi; a boat and trailer entered by Jack's Marine Supply; the Deaf Smith County 4-H Trail Bike Club and the Hereford High School drill team, the High Steppers.

No deadline date has been set for parade entries and Wheeler emphasizes that there is no fee required of parade participants. He invites those who have plans for entering the parade, or anyone having questions about an entry, to contact him.

NGUYEN VAN THIEU  
On June 27, 1972, South Vietnamese Senate granted President Nguyen Van Thieu authority to rule by decree for six months.

In 1972, a lawyer and his wife asked they be allowed a depletion allowance on their bodies and skills as oil well owners are on their wells. It was not granted.

REBELS RETURN  
The former Confederate states of North and South Carolina, Georgia, Florida, Alabama and Louisiana were readmitted into the Union on June 25, 1868.

## Realtor Courses To Be Offered

Men and women interested in gathering the latest information on current real estate transactions and much-needed basic knowledge in the profession will be able to choose from three different Realtors-Institutes in different parts of Texas in August and September, it was announced here by Gene Campbell, president of the Hereford Board of Realtors.

"Course I will be offered twice in August. On Aug. 12-18 it is scheduled for Corpus Christi,

and on Aug. 19-25 in El Paso. Then Sept. 16-22 Austin will be the site of Course I, II and III.

This means that a student could enroll and complete satisfactorily Course I in Corpus Christi or El Paso and then come to Austin for Course II. The Texas Association of Realtors which is the sponsor of these Institutes tries to present these unique educational packages in the most compact and effective way possible. It's important to remember that Course I is open to the general public as well as members of TAR, and that it attracts very large numbers of students.

"Those attending the Corpus Christi session will be housed in the beautiful Holiday Inn, Emerald Beach, and in El Paso the participants will be in class in the Holiday Inn, Downtown. Not only does the student have the chance to open the door to presentations on appraising, construction, marketing, law,

commercial property finance, tax planning, and office administration, but he is brought in touch with some of the most respected and successful men in real estate. It is a total experience," said Campbell.

Here in Hereford, the board education chairman, Melvin Jayroe explained that the fees for the Institutes are \$100 for non-members of TAR and \$75 for TAR members. The fees are to be mailed directly to the TAR office, P. O. Box 9907, Austin 78766.

Benny McMahan of Dallas is the chairman of the education committee of TAR which plans the Institutes with the assistance of Tony Meeks, TAR education director, and E.W. Luedtke, the TAR executive vice president of the association.

They were established in 1957, is approved by the Texas Real Estate Commission and upon completion of the 90-hour

requirement, the National Association of Real Estate Boards awards the designation of "Graduate, Realtors Institute," or GRI, regarded as prestigious in the real estate industry.

Many real estate salesmen register for Course I as a means of meeting the Texas Real Estate License Act requirements for license renewal.

### TSTI Representative To Recruit

#### In Hereford Today At CC Building

Victor Smith of Texas State Technical Institute in Amarillo will be in Hereford from 10 a.m. to 5 p.m. today to recruit students from the Hereford area.

Appearing at the Deaf Smith County Chamber of Commerce, Smith will outline the varied

courses to be offered on TSTI's fall term beginning September 4. Smith also will explain TSTI's different financial plans to assist those who cannot afford to attend college or technical schools.

# Marijuana Charges Filed After Police Search House

John Fred Conyers, 720 Ave. G., was charged with possession of marijuana this week after he was arrested by Hereford law officers early Saturday morning following a search of Conyers' house. Bond was set at \$2,000 for the 24-year-old Hereford man and he had posted bond and was free early this week. Hereford City Police officers

and Deaf Smith County Sheriff's deputies served a search warrant to Conyers about 2 a.m. Saturday at his trailer house on Avenue G. Officers then turned up four small bags of marijuana and marijuana seeds at different locations in the house during the search. Officers originally went to the home about 12:30 a.m. Saturday but found Conyers was not

home. The officers then waited about an hour and a half before Conyers returned.

Conyers was arrested and taken to the sheriff's office and placed in jail under the possession of marijuana. He was later freed after posting the bond.

The case presently is still under investigation by local officers.

# Commissioners Okay Federal Grant

(Cont'd from Page 1)  
need some "updating."  
ON THE King's Manor matter, Jim Conkright, board president; Mark Benefield, grounds chairman, and Richard Snow, administrator, had appeared before the court last week to

request help in paving a drive and parking area in front of the Manor. The court indicated, at that time, a willingness to help but felt it should check the legal aspects.

Commissioners decided Monday that it would be in violation of state law to use

tax money for such a project. Any church, or other non-profit organization, would appear to have equal right to ask for support of similar projects, commissioners felt. The court termed it a "worthy cause" but declined participation.

## Letters To The Editor

### Express Appreciation

Dear Editor,  
On behalf of the Women's Division of Deaf Smith County Chamber of Commerce, we would like to take this means of publically expressing our appreciation to those who helped us sponsor the cable tv showing of the Miss Texas Pageant Saturday night.

First, we want to thank Hereford CableVision for providing the hook-ups at the Community Center. Manager Roger Hale went "above and beyond the call of duty" to help us. It was regrettable, but no fault of the local company, that a storm affected the circuit between here and Fort Worth.

Also, we extend thanks to Roberts Appliance and to Taylor Furniture for providing the television sets at the Community Center. All of this was at no cost, and we appreciate their public service.

Helen Lee, President

**Antique Show**

Plans are being made for an Antique Show to be held in conjunction with Ladies Day of the Diamond Jubilee Celebration.

The Antique Show, located at 303 Westhaven, will be included in a Tour of Homes planned for 9-12 a.m. Wednesday, August 29.

Persons interested in entering a display or individual item are asked to contact Mrs. A.L. Manjeot, Mrs. John Winder, or Miss Roberta Campbell before August 1.

Judging will take place on Tuesday afternoon, prior to the Antique Show on Wednesday. Each display or item entered must be accompanied by a written description of the objects complete with age and other pertinent information.

**COIN SETS**

Persons who purchased matched sterling silver and bronze numbered coin sets are asked to pick them up at Jubilee Headquarters. About 35 sets are still available for sale.

**Hospital Notes**

Mrs. Dickie Gerie  
... with children

### Let's Cook Something

## Residence In Europe Gave Tour Opportunities

By SANDY INMAN  
Brand Staff Writer

"I HAVE LOVED every place we have lived," says Mrs. Dickie Gerie enthusiastically. She has had the opportunity to live in a foreign country during her marriage and has toured other European countries. Gerie was stationed in Germany while in the army and she joined him after their daughter was born. "My husband was assigned to his post for one year and I loved it there."

"We lived with the German people instead of on base and we were able to see firsthand how different their lifestyle is from American people."

"THERE WERE NO televisions, phones or radios and we more or less had to entertain ourselves. We lived in the building along with several other American families and we all depended on one another."

"Since we weren't able to go home to spend holidays with our families, we would get together with the friends we had made and prepare meals on Christmas and Thanksgiving. "When you are that far from your families you learn to rely on one another and it really brings you closer together. Under the circumstances, we made the best out of the situation."

The Gerie's bought a Volkswagen and traveled extensively through Europe visiting Holland, Switzerland, Italy, and France. "The countries were beautiful."

THEY BROUGHT back china, seven clocks, and dolls representing the countries they had visited. They have refinished a lovely old grandfather clock and have it displayed in the front room of their home. "Dickie hopes to

have a hobby room someday for his clocks."

They have also refinished an antique table they bought in Arkansas and a large upright piano.

The pretty young homemaker has been re-decorating their home at 202 Douglas where they have lived for five months. She has done her daughter's bedroom where she arranged the dolls on a shelf that extends above the bed and along one wall of the room.

HER SON'S BEDROOM has been done in several shades of blue. Hues of dark blue and baby blue are attractively brought out in the bedroom. She covered the headboard of his bed in a pale blue material to match the bedspread she made.

"I like to sew for myself and my children and we all enjoy fishing and skiing."

After leaving Germany, their next assignment was in Washington state where they made their home for one year. "We had a magnificent view from our home of Mt. Rainier and took advantage of the beautiful scenery in Canada."

Mrs. Gerie was Glenda Taylor of Stamford, before her marriage seven years ago. She met her husband while enrolled at West Texas State University. BOTH ATTENDED school at New Mexico State University in Las Cruces after their marriage. Gerie worked on his masters degree and had an assistantship there.

They have two children, a daughter, Tammy who is five years old, and a 13-month-old son, Greg. They have lived in Hereford four years. Her husband is employed as a loan officer at First National Bank.

She and her husband take an active part in community projects. She is a member of La Madre Mia Study Club, where she is on the parade float

committee for Diamond Jubilee celebration, and he is a member of Lions Club. They attend First Baptist Church.

Mrs. Gerie enjoys preparing quick, easy meals for her family. Two dishes she particularly likes are Mexican Casserole and Jiffy Chocolate Cake.

**MEXICAN CASSEROLE**  
1 lb. of hamburger  
2 cups cream of mushroom soup  
1 can tomato soup  
1 cup water  
1 cup peppers  
1 lb. grated American cheese  
1 pkg. tortilla chips  
Saute hamburger meat. Add cream of mushroom soup, tomato soup, water and peppers. Let simmer. Grate cheese. In a casserole dish arrange one layer of tortilla chips, meat sauce, cheese, etc. Top with chips and cheese. Put in 350 degree oven for 20 minutes.

**JIFFY CHOCOLATE CAKE**  
2 cups flour  
2 cups sugar  
1 teaspoon soda  
1 stick margarine  
1/4 cup chocolate syrup  
1 cup water  
1/2 cup cooking oil  
1-3 cup buttermilk  
2 eggs  
1 teaspoon vanilla  
Combine all dry ingredients; set aside. Heat margarine, syrup, water and oil. Pour hot mixture over dry ingredients. Mix well. Add remaining ingredients. Blend thoroughly. Pour into well greased pan. Bake 20 minutes at 400 degrees.

**Don't Scratch That Itch!**  
**USE ITCH-ME-NOT**  
Contains 6 ITCH-STOPPERS to quiet itching in minutes; antiseptic kills germs, speeds healing. Fine for eczema, foot itch, insect bites, poison ivy, other surface rashes. In 15 MINUTES the Itch is GONE or your 50c back. Ask for ITCH-ME-NOT. NOW at: Harold Gloor, Walgreen Agency Drug

### Democratic Barbecue Postponed

The planned barbecue Saturday in Amarillo by the Panhandle Democratic Party has been postponed until sometime in October, party officials announced this week. State Chairman Calvin Guest, who was to speak at the barbecue, has been hospitalized and had to cancel his appearance and thus prompted local Democrats to postpone the barbecue.

Tickets sold to the barbecue will be honored in October when the barbecue is re-scheduled or will be refunded from the worker who sold the tickets or from Andy Shuval, Deaf Smith District Attorney.

### LEON RICHARDS SUGGESTS

## Consolidate ...and get your bills under full control

Gather up those nagging bills, those dragging charge accounts, your lagging expenses...bring them to financial house! Let us show you how to add them all together (consolidate!), pay them off in one convenient loan. Your payment may be less than your total monthly payments!

Come in...call us. Consolidate to a larger loan... \$1000...\$1500...\$2000 or more. Act today!

### All-Day Meeting Slated At Church

An all-day fellowship meeting with ministers and church representatives from nearby towns is scheduled for Saturday in the Pentecostal Church of Jesus Christ, corner South Miles and Gracy Streets. A covered dish lunch will be served at noon.

J.M. Myers, pastor, invites the public to attend services beginning at 11 a.m. and 7:30 p.m., with "preaching of the present day truth concerning the time in which we live. Come and enjoy a blessing of the Lord in word and spirit."

Singing of old and new songs will be a part of the day's program.

### Youth Choir Will Appear In Church

A choir of young singers from the Duncanville Baptist Church will be in Hereford Friday, to present a concert at 8 p.m. in First Baptist Church sanctuary. Jerry Howe is director of this Evangelistic Youth Choir which is appearing in churches on a tour. The public is invited to hear their songs.

When in doubt it's always a good idea to stick to the truth.

Liquor is a lubricant only if you happen to be going downhill.

Misery may love company, but never expects very long visits.

**FORWARD THRUST SOLE**  
A BETTER WAY TO WALK

1. Unique arch-support area assures proper distribution of body weight.

2. Taper begins here — extends and quickens the step — reduces the walking effort required

3. Continuing taper decreases degree of bend — preserves new appearance by minimizing usual creases in the vamp.

Represents an extraordinary advance in basic shoe design. As the foot pivots forward, the sole adds effortless inches to a normal stride. The "dynamic balance" of design seems to generate its own energy with a remarkable reduction in foot and body fatigue. Forward Thrust has become the answer for millions of men for day long comfort without sacrificing good looks. Try a pair in Black grain.

# Lions Carnival -- Something For Everyone

By STEVE CONNELLY  
Staff Writer

The Lions Club Carnival is the place to be this week for entertainment, and to get away from the TV set.

It was hard to tell who was enjoying the carnival more: the people that come to the carnival, or the sponsoring Lions Club members and their wives. The residents of Girlstown were the special guests of the Lions Club Tuesday night and

the members and their wives escorted the girls through the carnival, giving them some spending money for the rides. There were 43 girls from the Whiteface camp, and 19 from the Borger camp at the carnival.

THE LIONS Club treated them to supper — then came the fun the girls had been waiting for. One girl rode the same ride eight times, she liked it so much. Marcia Wilson, age 10, of

Girlstown, fell down and dislocated her thumb, went to Deaf Smith General Hospital and was treated; and then came back to the carnival and used the rest of her tickets, not wanting to miss any of the fun. Another girl boasted that "I added three horses to my collection" from the game booths.

Mr. and Mrs. Marshall Cooper and Mr. and Mrs. Clifford May, led the Whiteface

camp, and Mr. and Mrs. Robert Wilson led the girls from the Borger camp during the carnival.

THE RESIDENTS of Girlstown were not the only ones having fun at the carnival. A few hundred others came to enjoy the games and rides, and to enjoy the company of other people.

One game in particular was enjoyed by the men. This game involved throwing a baseball

which triggered a board to drop Leo Club president Libby Word into a water tank.

Many other rides did as well as the baseball throw, and all are a test of physical ability. Most of all, they are all fun.

The carnival lasts through Sunday, and Nolan Grady, general chairman of the carnival, expects the crowds to build during the week, with the largest crowds on Friday and Saturday night.

## Young Asks Rotarians To Get Involved

Dale Young, general chairman of Hereford's Diamond Jubilee Celebration, asked Rotarians to "get involved" in

### Man To Tell

### Life Story

### Of Crime

Jack Burbridge will tell his life story from the time he was in a federal penitentiary through his love of God at 7:30 p.m. tonight at the Christian Assembly Church.

Burbridge has spoken to more than 300,000 young people since his release from prison in 1971 concerning his former life of crime and drug abuse.

### Teachers To

### State Meet

A state board member, Mrs. Frank Prowell, is among homemaking teachers from Hereford public schools who will go to Houston next week for the state meeting of Vocational Homemakers of Texas.

Others expected to make the trip are Mmes. M.T. Burelsmith, Gene Barkowsky, Joe Bradley, Gene Brock and Leo Witkowski. Sessions will begin Tuesday and continue through Aug. 3.

The board of directors will meet Monday, preceding the general meetings. Their guests will be several women from Japan, members of the Japanese Home Economics Method Research Group who are in the United States to study out-of-school training in home economics.

The homemaking teachers' conference will be a part of the state meeting of all vocational teachers from Texas schools.

### Look Who's New

Mr. and Mrs. Roy Walter Kuper are the parents of a son, Steven Bernard, born July 25. Mr. and Mrs. Lucio Garcia Vasquez are the parents of a daughter, Cindy, born July 23. She weighed 6 lbs. 14 oz.

### did you know?

That the North Atlantic Treaty Organization, founded 25 years ago, still is a fundamental element in the building of a lasting world peace, guarding freedom, dignity, and security for all its member nations?

That NATO can be described best as a collective defensive security arrangement of 15 European nations pledged to bind themselves in a defensive alliance?

That the mission of NATO today is the same as it has been for 24 years—to deter aggression but, if deterrence fails, to defend NATO nations as far forward as possible?

A balanced American force contribution in Europe—one not substantially less than we have today—is essential to the continued existence of a strong collective force; it is essential to the continued effectiveness of NATO, and, therefore, it is essential to our security interests in the United States.

That you can get a free reprint of a magazine article about NATO as a force for peace? It's available by writing to: Reprint Editor, American Defense Preparedness Association, 819 Union Trust Building, Washington, D.C. 20005.

activities of the upcoming 75th Diamond Jubilee Celebration during the noon luncheon Monday.

"Service above Self" is the Rotary Club motto and it is also a very good motto for working with the Celebration," Young said. "There will be a lot more benefits derived from this celebration than just the individual fun you can have."

"How much money do you think each person from out of town will leave in Hereford

during this 10-day celebration the last of August? Each will probably eat, buy gas, maybe spend the night or go to the Hereford Spectacle each night. We had 10,000 come to watch the parade here in 1948 during the 50th celebration. We plan on having 20,000 at least for this parade."

Young said the Spectacle, a play which will tell the historic story of Hereford, will be the highlight of each day of the celebration and will bring

national attention to the city. Young said Gov. Dolph Briscoe will be in town along with other government officials and "maybe astronaut Edgar Mitchell," who was born in Hereford.

"What good can be done if all the civic clubs here start an all-out effort to work together," Young said. "they could challenge each other in different contests or sponsor contestants in contests just as Rotary has done here today

with the Rocking Chair contest."

Young suggested all civic clubs in Hereford and Deaf Smith county sponsor each individual club's sweetheart as an entry in the Jubilee Queen's contest. He said winner in the Queen's contest would get an expense-paid trip to Miami Beach, Fla., for seven days and six nights.

"Let's boost Hereford," Young said as he closed his talks.

**GLOBALLY, LIFE IS A MANY-LANGUED THING**

History's greatest linguist was Cardinal Giuseppe Casper Mezzofanti (1774-1849), the Vatican library's chief keeper. He spoke 60 languages fluently and 11 other passably and understood 20 more. He could translate 114 languages and 72 dialects. Not many American travelers are so gifted. That's why key personnel at Holiday Inns in 30 countries and territories speak English as well as the local language. Globally, there are over 1,000 "speech communities" - some with only a few dozen disciples. The languages spoken by the greatest number (50 million or more) are North Chinese, followed in order by English, Russian, Cantonese and German.

**Nelson Takes Cruise On Navy Ship**

Glen Nelson, Deaf Smith County Justice of the Peace took a cruise aboard the U.S.S. Lexington aircraft carrier this week as part of planned Civilian Orientation Cruises sponsored by the Navy. Nelson left Amarillo early Tuesday morning for U.S. Naval Air Station in Kingsville where he was to be briefed concerning the cruise. He was then to be flown to Corpus Christi and then to the carrier later Tuesday evening. He was to return to Hereford late Wednesday. Nelson said the trip will provide him a unique "first" in his life. Having spent 28 months active duty in the Navy Nelson admitted, "This will be my first time ever on board a Navy ship."

# Herd Picked As 'Rebuilders'

DON RICHARDS  
Brand News Editor

Hereford's Whitefaces have been picked as rebuilders during the 1973 football season. At least that is the opinion of Dave Campbell in his annual "Texas Football" magazine preview for the upcoming season.

Campbell forecasts the Lubbock Monterey Plainsmen as the team to beat in District 4-AAA this year with Snyder's Tigers and Lubbock High's Westerners as tough contenders. Lubbock Coronado is expected to be strong on the ground with Hereford in rebuilding stages and Plainview undergoing an overhaul.

THE PREDICTIONS by the well-known sports magazine is a change from last year's prognostications when Plainview and Hereford were expected to take top honors in the district. However, Monterey took the

crown after the Herd dropped district games to Monterey and Lubbock High.

Campbell forecasted two years ago in his 1971 pre-season picks that the Whitefaces would finish last in the district pile. The Herd that year stampeded all the way to the state quarterfinals before falling to Wichita Falls, the state's No. 1 ranked team.

In his "Texas Football" magazine, which just hit the newsstands this past week, Campbell says Monterey should win the title this coming season with the Snyder Tigers just out of first.

Lubbock High and Lubbock Coronado are expected to finish high in district with Hereford and Plainview rounding out the placings.

"THE TITLE will probably remain in the Hub City again since Monterey appears especially well equipped in experience and

ability," says Campbell. "Snyder suffered some hard knocks in its first year of AAAA ball — but now is ready to issue a few of its own."

"From a runnerup to champion isn't all that great a gap . . . at Lubbock," says Campbell about the Westerners.

"Chunks of ground yardage are likely to be ripped off by a blue-ribbon corps at Coronado . . . in a championship crusade," the writer says of the Mustangs.

"HEREFORD WON a district title in 1971, posted a dandy 8-2 mark last autumn and still has some superb individuals among two offensive and two defensive holdovers . . . Other upcoming players . . . are the other notable keys to rebuilding."

Plainview returns only one starter from the 1972 season but the magazine says " . . . Optimism surrounds the overhaul . . ."

## Texas Hunters Bag 7.1 Million Doves In 1972

Texas bird hunters harvested an estimated 7.1 million mourning doves during the 1972-73 season.

Last year's season was a split one, that is, it was divided into a fall segment and a January winter segment.

According to Ken Gamble, Parks and Wildlife Department biologist in charge of statewide dove research, some 91 per cent of the total harvest — 6.5 million birds — were killed in the fall segment of the season.

Only 671,248 mourning doves were killed in the statewide Jan. 6-21 portion.

"We have requested a second year of the experimental split dove season from the federal government," said Gamble. "January weather during last year's season was so bad that few hunters got out and went hunting."

Gamble said that the first split season was not a good test and offered little information as to its effects on hunting doves later in the year.

North Zone hunters accounted for 5,235,704 mourning doves and those in the South Zone bagged 1,866,756 birds.

The Cross Timbers and Prairies ecological zone of North Texas yielded the most doves: 1,268,435.

"We conducted our annual 'call counts' May 20 — June 10," said Gamble. "The counts record calling male birds and provide an index to the breeding population from which we can estimate population changes. The index is down some 14 per cent from last year."

Gamble pointed out, however, that last year's counts showed an increase of 34 per cent over the previous year's index.

Gamble is hesitant about making any predictions for this year's season.

"This year's nesting season is a long way from being over," he said, "adverse weather could hurt the hatch or any of a number of things could happen."

Wing surveys during the 1966-68 hunting seasons showed that the normal statewide nesting season has its peak hatch in July. The bulk of production is over by the end of August.

Nesting peaks two to four weeks later in the South Zone than in the North which is justification for the later fall opening in the South.

The 1966-68 study showed little variation between years in periods of peak production.

Another wing collection study is planned to begin this hunting season.

It is designed to establish age ratios in harvested birds, give indications of the season's production and when the hatches occurred.

# Local Runners Bring Home Lubbock Ribbons

Hereford Bantam division runners brought home 14 ribbons from a Lubbock track meet as three other runners ran into trouble at Regional AAU Track Meet in Waco over the weekend.

The five Hereford tracksters going to Lubbock placed well even though the boys bantam team missed first-place honors in the 440-relay for the first time this season.

In the boys long jump, Allen Harris placed fourth and Steve Barrett finished sixth.

In the girls long jump division, Jolisa Barrier got fifth place.

Allen Harris took 1st place and Wayne High got third place in boys bantam 50-yard dash and Jolisa Barrier got sixth place in girls 50-yard dash.

Allen Harris grabbed another first place in boys 100-yard dash with Steve Barrett finishing third and Wayne High finishing fourth.

Jolisa Barrier then nailed down fifth place in the girls 100-yard dash.

## Hereford All-Star Bronco Teams Lose To Altus Here

Hereford's two Bronco League All-Star teams couldn't combat the hitting of the Altus, Okla., team this past week end as both local teams lost the bid to the regional tournament to the visitors.

ahead 5-0 at one point in the final game, but then held off a rally by the Hereford team.

Altus now enters the regional playoffs in Oklahoma City.

The Altus team defeated Hereford's American League team 12-7 last Thursday night in the first game of the double elimination tournament. The Oklahoma team then beat the Hereford American team 5-0 Friday night.

Substitutes can be found for many things, but there is none for reliability.

Strike out on your own — it's your responsibility to make your mark in this world.

Hereford's American team then beat the National team 11-6 Saturday afternoon to get another shot at Altus Saturday night. However, Altus again defeated the American team 7-5 Saturday night. Altus was

Everything seems to go wrong for the fellow who is headed in the wrong direction.

If a speeder could see himself as others do many highway accidents could be avoided.

THE BANTAM BOYS 440-yard relay then settled for second place for the first time this year when a dropped baton dropped them down from the top spot to second below a Lubbock team. Relay team members are Mike Spangler, Steve Barrett, Wayne High and Allen Harris.

Hereford participants ran into all sorts of technical problems in Waco's Regional AAU Junior Olympic track meet as officials unexpectedly combined the Intermediate and

Senior Divisions. James Harris placed fourth in the long jump with a leap of 20 feet, 10 1/2 inches and also placed fifth in the 120 yard high hurdles.

Suzanne Duvall, who usually runs intermediate class, put in her fastest time ever of 65.0 seconds in the 440-yard dash but lost the race to several runners of senior division.

Bobby Fields grabbed second place in the mile run at the Borger Regional meet and thus

qualified for Waco. However, officials at the Regional meet said only first-place district winners in the mile event only would be able to compete. Thus Fields was forced to watch the race from the stands.

David Varner qualified for the Regional meet but was unable to attend.

An awards banquet is being planned for the young tracksters, but no date has been set, according to Sam Kurt-singer.

## Pony League Playoffs

Hereford's Pony League All-Stars began play Wednesday evening in a double elimination district tournament in Lubbock.

The Hereford team was to have played an Abilene team Wednesday evening, but results of the game were not in by press time.

Winner of the double-elimination tourney will go on to the regional tournament next week. Manager of the All-Star team is Joe Arho. Games are being broadcast live over Hereford's KPAN radio.

## New Pastor And Family Welcomed

A welcome to the Rev. Doug Manning, new pastor of First Baptist Church, his wife and four pretty daughters was given at reception hosted by church members in the fellowship hall Sunday afternoon.

The Mannings have moved to the Hereford parsonage from Tulsa, where the pastor served Southern Hills Baptist Church the past 10 years.

The daughters range in age from Sandra, 11, to Glenda, an 18-year-old who is a student in Baylor University. The in-betweens are teenaged Cindy and Cathy.

At the reception Mrs. Manning was presented a corsage of roses to wear while she met scores of members and friends of the church, while the girls had clusters of daisies pinned at the shoulder line of their frocks.

Rev. Manning is an Oklahoma native, born at Frederick, and has been pastor of First Baptist Church in Custer City and in Weatherford. He attended Hardin-Simmons University at Abilene, Oklahoma Baptist University and Southwestern Oklahoma State at Weatherford, receiving the MA degree from the latter school.

Often invited to speak in colleges and high schools, he is also in demand as a counselor. He was chosen to deliver the annual sermon at the Oklahoma State Baptist convention in 1969. He was a member of the Tulsa Youth Council this year.

He participated in follow-up meetings to the Billy Graham campaign in the Philippines in 1963 and held a revival in Hawaii in 1966.

**FAMILY AT RECEPTION** — The Rev. Doug Manning and his family were honored at a reception Sunday afternoon in the fellowship hall of First Baptist Church, where he has just assumed the pastor's duties. From left are Sandra, Cindy, the pastor and Mrs. Manning, Cathy and Glenda. The Mannings moved to Hereford from Tulsa.

## Farewell Lunch Is Given For Ricketts

The Albert Ricketts family, moving this week to Garden City, Kan., was honored with a covered dish lunch Sunday in Temple Baptist Church, where they have been active members for a number of years.

Ricketts is a deacon and has served as Sunday School superintendent, while Mrs. Ricketts has been church pianist and organist about 17 years.

Parts manager for an implement firm in Garden City, Ricketts went to his new job the first of this month and was here for a weekend visit.

Mrs. Ricketts and the two younger children, Tony and Zane, are to leave tomorrow while the oldest son, James, will remain to complete a summer job and the daughter, Kerri, will go to camp with Hereford Campfire Girls and then to the new home.

The former Jean Glass, Mrs. Ricketts came with her parents to Hereford when she was in high school. She taught in the public school system 11 years, was a member of professional organizations and the local

chapter of Delta Kappa Gamma.

Her civic activities have included membership on the Community Concert Association board; she has been accompanist for Stanton Junior High choir and singing groups. Last year she was named Hereford's Mother of the Year by Radio Station KPAN.

Ricketts has been an active member of the Lions Club here. He is a member of a family long resident in Hereford, a grandson of Mr. and Mrs. Ira Ricketts.

### REAL ASSET

### ONLY SOLUTION

Peace has its roots in mutual faith and understanding — not in arms or alliances.

### FIND ANSWERS

After all it isn't revolving, but solving, that really makes the world go around.

## New Baby Honoree

A three-week-old newcomer to Hereford, Leah Suzanne Huckert, was guest of honor at a pretty pink-and-blue shower Tuesday morning in Hereford Country Club. She is the adopted daughter of Mr. and Mrs. Joe Frank Huckert, who arrived at their home Friday.

Hostesses for the shower were Mmes. Lewis Block, Eddie Reinauer Jr., Bill Reinauer, Kenneth Artho, Gary Kreighauser, Don Lowder, Bill Warrick, Charles Cabbiness and Jim Marnell.

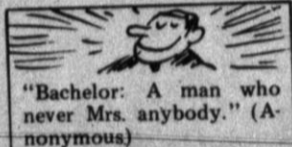

They greeted approximately 30 guests who enjoyed meeting the small honoree. Mrs. Huckert opened the gift packages as a casual hour of visiting was enjoyed.

Refreshments were served from a table centered with

flowers and a fruit piece made of watermelon cut in the shape of a baby carriage, with pineapple slices for wheels.

### OLD BONES

Most textbooks state that Homo erectus, the earliest man, walked the earth about one million years ago. But that theory may have to be revised sharply, the August Reader's Digest reports. Bones dug out of deposits in the East Rudolph Basin in Kenya are more than twice as old. Radioactive dating of these bones place their age at some 2.6 million years!

## CowBelles At National Meet Lately

Four members of the Hereford CowBelles attended the American National CowBelles' Midyear Workshop in Vail, Colo., last week, joining in give-and-take discussions designed to help members from over the United States in planning and carrying out their programs.

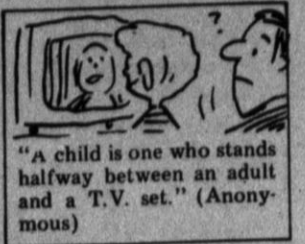

Mrs. Jack Carrothers, president of Texas CowBelles, was one of the Hereford delegation, and served on the national membership committee. Mrs. Bob Josserand,

local president, was on national committee for ideas, decisions and action.

Also attending from Hereford were Mrs. Reece Lawson and Mrs. Bob Spangler. Theme of the meeting was Enthusiasm Makes The Difference.

CowBelles here are not holding regular meetings during the summer but are planning a float to be entered in the Diamond Jubilee parade next month. Monthly luncheons will be resumed in September. Mrs. Lawson and Mrs. N.E.

Tyler gave a program for the Evening Lions Club recently, with the subject, Nothing Beats Beef. The club makes programs of this type available to civic clubs of this area.

Highlights And Sidelights From Austin

# Pollution Controls Hit Snag In Public Hearings

By — Bill Boykin

Federal Environmental Protection Agency proposals to cut auto pollution smog in Texas ran into opposition in public hearings last week.

EPA proposes to put the smog control plans into effect August 15 unless convinced it should alter or delay them.

Here's what the controls would mean, with variations from area to area:

-Special traffic lanes for buses and car pools on freeways.

-Installation of anti-pollution devices on pre-1968 cars.

-Elimination of downtown parking in major cities like Houston and San Antonio.

-Gasoline quotas.

-Reducing gasoline fumes in some areas (like Austin-Waco) by improved storage tanks and tighter gasoline delivery trucks.

A Texas Good Roads Association spokesman assailed the idea of special traffic lanes as potential contributors to all-time record traffic pile-ups.

A Texas Air Control Board representative also challenged constitutionality of EPA recommendations to require owners of seven-year-old (and older) cars to install anti-smog equipment.

The latter requirement, said the Board spokesman, places an undue and discriminatory burden on the poor and raises questions under due process and equal guarantees of the fifth and 14th amendments.

Air Control Board spokesmen have contended emission control devices would cost

Major Texas daily owners of old cars \$300 million and would affect one per cent of the total pollution problem.

PRICE INCREASES CONTINUED

The Texas Department of Agriculture reports dramatic

increases in prices of eggs, pork and other commodities throughout the state.

TDA estimated the egg price increase at 10 cents per dozen this week on the retail level, and grade A large eggs could sell for 85 cents a dozen.

Potatoes are expected to increase from \$1 to \$2 per hundredweight.

Pork prices are up 10 cents a pound, and lamb prices are also soaring.

The Agriculture Department said some smaller packers are contemplating discontinuing cattle slaughter. Distributors were said to be seeking additional supplies of vegetables since they are permitted to raise prices.

A major problem is a shortage of trucks to move grain.

REIMBURSEMENT FOR CITIES

Cities which constructed sewage treatment plants between July 1, 1966 and July 1, 1972, without benefit of full federal construction grants can get reimbursements.

Texas Water Quality Board Executive Director Hugh C. Yantis Jr. said applications for the reimbursements should be made to the Environmental Protection by October 17.

Yantis also suggested cities which constructed plants as far back as July 1, 1966, without full federal grants should make applications for reimbursement in case regulations are changed to qualify them.

BRISCOE WEALTH ESTIMATED

Major Texas daily newspapers came up with estimates that Gov. Dolph Briscoe owns more than 300,000 acres of land in South Texas and has assets of over \$40 million.

The Governor paid \$113,309 in dramatic taxes on his land in 1972.

"What we assess him, he pays," said Dimmit County Tax Assessor-Collector Mrs. Jeanne John.

Through leases, in addition to his holdings, Briscoe is said to control a million acres of land.

COURTS SPEAK

Third Court of Civil Appeals agreed with lower court that St. Mary's University of San Antonio owns the Laredo Archives and other documents in the Sebron S. Wilcox collection.

The same court dismissed South Texans' suit for hunting rights in Uvalde, Dimmit and Zavala counties river beds.

Affirming an intermediate court, the State Supreme Court backed a new trial for a candy flavoring mix company's suit to collect insurance on ice cream unit for consumption.

The Third Court of Civil Appeals affirmed a district court verdict that a miscarriage by an Austin woman was not caused by an auto accident.

OIL PRODUCTION WIDE OPEN

For the 17th straight month, the Railroad Commission has

directed 100 per cent oil production during August.

Crude oil buyers' request for more than 3.78 million barrels daily was slightly less than the record for July, however.

Exceptions to the wide-open order were allowed for East Texas field (86 per cent), Kelly-Snyder of West Texas (84 per cent) and Tom O'Connor Field (70 per cent).

Commission Chairman Jim C. Langdon said state crude reserves dropped 13.1 million barrels since July, 1972.

AG OPINIONS

Atty. Gen. John Hill conditionally approved the state's \$5 million tuition-equalization grant program for private college students but warned that rules must be framed to meet U.S. Supreme Court tests of aid to parochial schools.

In other recent opinions, Hill concluded:

-A college professor cannot be employed simultaneously as an assistant state district attorney.

-Residence of a minor for purpose of school attendance is normally that of his parents.

-Texas Water Quality Board

has authority to require feedlot owners to submit evidence that wastes from their operation will not cause pollution of ground or surface waters.

APPOINTMENTS

Allen Eugene Richardson, a native of Bailey County, is new executive director of Texas Water Rights Commission, and Clinton R. Miertschin of La Grange will be the agency's acting chief engineer.

Governor Briscoe appointed Don Carroll of Tyler as district judge of the Seventh District Court in Smith County, replacing R.P. Power who resigned.

Briscoe named LeRue Dixon of Jacksonville as district attorney in Cherokee County. Governor Briscoe placed Frank Barron of Fort Worth

and Robert T. Mattox of Crockett on the Trinity River Authority and reappointed Guy C. Jackson III of Anahuac, and Amon G. Carter Jr. of Fort Worth.

Sam Damron of Muleshoe and Albert Hopkins of Houston were picked by Briscoe to serve on the State Board of Pharmacy, succeeding John Fowler of Memphis and Eugene Wilson of Dallas.

Mrs. Blake Sparenberg of Austin is the Governor's choice for the State Board of Canners.

SHORT SNORTS

The State Board of Insurance set an August 2 public hearing here to consider adjustments in Texas Workmen's Compensation and Employers' Liability Insurance rates to

meet new changes in law.

Harry Hubbard defeated Roy Evans for presidency of the State AFL-CIO, and Sherman Fricks won his race for secretary-treasurer of the big labor organization over Lanny Rogers.

Hunting fees ranging up to \$10 a day for deer will be charged for public hunts at Parks and Wildlife Department game management areas.

Ronald Earle won July 17 special election to fill an Austin House of Representatives vacancy, Republican Maurice Angly and Democrat Lloyd Doggett went into a runoff for the Austin district 14 state senate vacancy.

House Speaker Price Daniel Jr. announced his availability for chairman of the 1974 constitutional convention, and Sen.

Tom Creighton of Mineral Wells announced he will nominate Sen. A.M. Aikin Jr. of Paris for the post.

A House interim committee has recommended removal of the capitol press room to a nearby office building and placing legislative reporters in the gallery instead of on the House floor. The same committee recommended purchase of a \$7.3 million office building and television coverage of House proceedings paid for with tax money.

Former Rep. Hudson Moyer of Amarillo got a 10-year probation sentence on charges he stole \$5,000 worth of postage stamps.

Legislative lobbyists reported spending more than \$107,373 this year to directly influence outcome of legislation.

"Such is the human race. Often it does seem such a pity that Noah and his party didn't miss the boat." (Mark Twain)

### The Consumer Alert

# Injunctions Gained Against Fraud 'Pest Controls'

By JOHN HILL  
Atty. General

You might imagine that people who deal with consumer complaints every day would gradually get used to hearing about troubles.

But that doesn't seem to happen. The assistant attorneys general who work in our Consumer Protection and En-

vironmental Protection divisions, where complaints of abuse are received frequently, never appear to look upon anybody's problems as "commonplace."

I have observed that this is true, also, among personnel in other agencies involved in problem-solving.

PERHAPS, it is because this type of work attracts persons who are compassionate and concerned. And, perhaps, it is because one never ceases to be amazed at the many ways in which true con-men can perpetrate fraud, and the problems they can cause.

One example of this un-

fortunate brand of ingenuity was evident recently when a North Central Texas trial judge granted our Environmental Protection Division's request for a contempt of court order for a consumer fraud which was disguised as a "pest control" service.

Before discussing this case, let me emphasize that most licensed pest control operators are serious businessmen, trying to offer a needed service, and depending upon return customers who expect reliable and expert help.

IF SOMEONE offers you pest control service, ask to see his Texas Structural Pest Control Board identification card — the card which is issued by the board to show an authorized operators license number,

driver's license, social security and other dependable information. Be certain that the date of the license is current.

If the operator cannot show you that license, that should be enough of a warning not to do business with him.

There were several complaints involved in the North Central Texas case — including the report from one woman that the defendants had charged some \$600 for spraying her house for pests, and another's charge that she had paid more than \$1,000 for so-called "structural repairs" to termite damage, only to learn later that there were no termites, and, in fact, no repairs actually had been made.

These people were elderly, and physically were unable to crawl under their houses or up

in their attics to see with their own eyes if destructive insects were endangering their homes. They had trusted the words of the operators.

INSPECTORS for the Texas Structural Pest Control Board, which licenses and regulates legitimate pest control service operators under a law the Legislature passed in 1971, tell us that preying upon older homeowners is standard operating procedure for those who pose as pest control specialists, but are operating outside the law.

Some of them offer "termite inspection" services, which turn out to be an excuse to gain entry, and, often, to sell "structural repair" services. There have been instances, we have learned, in which the

operator would conceal a vial of sawdust and insects on his person as he began an "inspection," then tell the homeowner he had found this "proof" of pests.

OUR OFFICE, acting on behalf of the Texas Structural Pest Control Board, has gained injunctions in several parts of the state against unlicensed operators, and we are cooperating with the board in the preparation of several other suits.

Oftentimes, a consumer complaint can be settled with the help of our office or the Structural Pest Control Board. In just the past two months, the board's personnel have cured a dozen complaints by effecting licensee agreements to re-treat a house, or to reimburse a

disatisfied consumer. Since the state board grants licenses, it can take them away. Several times, compliance with state standards has been achieved after a license was suspended.

But that sort of action is the exception, rather than the rule. If you do run into difficulty, however, do not hesitate to contact the Structural Pest Control Board, Chevy Chase Building, Austin, 78752, or the Environmental Protection Division of the Attorney General's office.

## FB President Thanks Administration For Recognizing Fallacy Of Controls

Texas Farm Bureau President J.T. Woodson said farmers and ranchers are grateful that the Administration recognized the "fallacy" of price controls on raw farm products in the new Phase 4 economic controls.

"A free agriculture can and will produce adequate supplies of food for this nation with enough left over for export to help strengthen our economic standing around the world," Woodson said.

The farm leader said it is "regrettable" that beef will remain under the freeze until Sept. 12. This will cause many producers to hold their cattle off the market until that time, he said.

"We believe that wage and price controls are bad for any and all segments of the economy," the head of the 145,000-member farm organization said. "We look forward to the day when this country can return to an unrestricted economy."

Woodson praised the President for aiming for a balanced budget in the current 12 months.

"The most powerful fuel behind our inflation is wasteful, deficit spending by our federal government," the TFB President said. "It may be that in the long run our current fears over the economy will be beneficial if all Americans learn this one fact of life and quit expecting government to spend money it doesn't have."

Woodson said that, barring

unforeseen weather factors, the production of food in this country will increase substantially this year.

He quoted the U.S. Department of Agriculture as

predicting that corn supplies will be up 6 per cent over last year, soybeans up about 24 per cent, grain sorghum up 5 per cent and wheat supplies to increase by some 13 per cent.

# 'No-New-Taxes' Important Legislative Act

At The Library

## Refugees Fight For Survival

By BILL HOBBY  
Texas Lt. Gov.

Now that the headlines generated by the 63rd Legislature have faded, it is perhaps a good time to take a closer look at the very substantial accomplishments of this past session.

Without question, the single most important act of this legislature was the writing of a no-new-taxes budget for the next two years.

It was not easy. It required the strictest applications of sound business principles to insure that each tax dollar was allocated effectively.

While there is no fat in the

new budget, it represents a good balance between the services Texans demand and their equally strong feelings that government spending should be curbed.

Understandably, the no-new-taxes budget did not receive as much public attention as the reform issue.

Working under the handicap of an emotion-laden atmosphere, this legislature was able to adopt a series of reform bills in which we all can take pride.

We now have new legislation in the areas of ethics for public officials, campaign disclosure, lobby regulation, open meetings, open records, and legislative bribery.

Of course, laws will not make an honest man of one determined to deceive. But I believe we now have the necessary laws to provide a new era of openness in state government and to protect

against the very few who would abuse their public trust.

Other major accomplishments of this legislature include penal code revision, drug reforms, consumer protection against deceptive trade practices, insurance reforms, equal rights for women, and majority rights for 18, 19, and 20 year olds.

Adoption of the penal code was the culmination of many arduous hours work by the state's leading lawyers, district attorneys, and judges.

The drug reform bill, while lessening the penalty for simple possession of marijuana, cracks down hard on the pushers who profit in ruining the lives of our young people.

The Deceptive Trade Practices Act gives Texas consumers much-needed protection from unscrupulous businessmen. At the same time, the bill guards against undue hardships for the state's

thousands of honest businessmen.

Competitive insurance plans approved by this legislature already have resulted in the lowering of premiums for some policyholders, and hold out the promise of further reductions in

## Albright Attends C of C Seminar

W.L. Albright of Hereford is among some 200 Chamber of Commerce executives from a 21-state area participating in the sixth annual Southwestern Institute for Organization Management being held this week at Texas Christian University.

Planned by the Chamber of Commerce of the United States, the annual and sequential

the months to come. The 63rd Legislature passed many other progressive bills, too numerous to discuss here. I believe we have dealt with many substantive issues vital to its continued prosperity of our state.

program of personal development and advancement offers voluntary organization executives the knowledge and skills needed for success. Theme for the week-long seminar, now in its 53rd year, is "An Investment in Excellence" with the purpose of providing opportunity for in-depth study of current issues and latest management philosophies.

The struggle for revival and equality is brilliantly portrayed in *The Beggar*, one of the books of the Deaf Smith County Library is presenting this week.

This factual book is about a small blind boy who tries desperately to face life, its victories and its hardships, without losing faith in mankind.

The *Golden Soak* takes the reader into the primeval boundaries of western Australia with Alec Falls, a man whose spirit has been broken, but has one last hope to hold on to, that of finding his fortune in the barren land. This book is a gripping novel of suspense and mystery.

The library offers the use of its facilities to the public free of charge and is open on weekdays from nine until 5 p.m. and Saturdays until noon.

THE BEGGAR  
By A.H. Schulz

In 1962 the Au family was smuggled into Hong Kong by sympathetic farm workers. They came to find a better future. Instead they faced the indifference of a great city already crowded with other Mainland refugees, with unemployed with poor, with beggars.

Au and his wife had even less chance than most, for their only child, their son Po, was blind. He was a quiet, helpless boy, but a boy willing to do anything to earn the right to be treated as a human being, a member of the family. He becomes the beggar of the book's title.

This is a story of survival, of the small victories that keep a person alive, and the routine

humiliations that break the spirit.

It illuminates the misunderstandings between Orientals and Westerners, and the harm done by the vestiges of colonialism — to the Westerner as much as to the Oriental. It is a story based on real events.

It has been many years since Western readers have been offered a novel that takes them into the daily life of Chinese society. The author has lived among Chinese of all classes and understands their family pride, suspicion of foreigners, and resilience in hardship.

In particular, he worked in a school for the blind to learn more about boys like Po. Journalism can tell a reader much about the externals of Chinese life, but it is the special aim of fiction to give insight into the thoughts, hopes, and anxieties of others — to bring to life another point of view.

THE GOLDEN SOAK  
By Hammond Innes

From the master of high adventure! With all of the color, verisimilitude and unceasing excitement that have drawn millions of readers to such books as he has already written

*The Wreck of the Mary Deare* — and others.

Hammond Innes now gives us *The Golden Soak*, a superb novel of peril, mystery and revelation that carried the reader from the ordered world of Cornwall to the primeval vastness of Western Australia.

At the heart of the story one man, Alec Falls, tough, ambitious, once a prosperous mining director, is now bankrupt and abandoned by his wife, with no true ties to anything or anyone, no chances, no hopes — except one final, ruthlessly inspired bid for fortune.

A continent — huge, sprawling, barren, a land of native shrubs and grasses tough enough to flourish in the harsh arid heat of its burning deserts; its untapped mineral treasures and strike-hungry mining towns

Finally, looming over its grasping despoilers and dreamers, clouded in secrecy and intrigue, the vision of *McIlroy's Monster*: a mine with enough legendary promises of untapped ore to destroy as many men as it seduces into the wild red expanse of outback country; located (if it exists at all) in the impenetrable and mortally dangerous desert.

The breathtaking re-creation of the Australian wilderness and the powerful and prideful character of Alec Falls — these are the elements which Hammond Innes brilliantly brings together to make *The Golden Soak* even more than a gripping, intricate web of plot and counterplot.

As Alec Falls passionate quest for "the big strike" erodes and he enters into the lives of the people of Jarra Jarra — the homesteaders, the speculators, the aborigines — the novel races toward its extraordinary climax with all that it has to say about greed, about regeneration, about the very nature of survival.

## THE STANDOUT

When you pray do you position yourself as bold men of God have done through the centuries? Do you kneel, bow your head, close your eyes to the world, or, do you disregard these accepted conformities and bark your prayers erect? Do you pray with sincerity of soul or do you petition to be heard of men as did the Pharisees?

Are you a "Standout?"

If so, you may have spiritual paralysis. You may lack the sincerity-of-soul necessary to move mountains with your prayers. You may be a pauper in things religious. Jesus and the Prophets had ideals. They believed... they lived... they prayed so God would hear. They had religion with emotion.

Do you feel God when you pray?  
Or, are you a Pharisaic Standout?

**Weekly Market Report**

# 'Real Specials' Hard To Find

Meat prices hover at ceiling prices, and "real specials" are hard to find, Mrs. Gwendolyn Clyatt reported this week.

The consumer marketing information specialist, Texas Agricultural Extension Service, Texas A&M University System, listed beef-department best values as chuck cuts, round steaks and ground beef.

"A substitute hamburger is available in some stores," she said.

"This is ground beef with a soy protein added. Its price is substantially lower than

regular ground beef; however, this may increase some as the price of soy beans continues to rise. Its protein is about the same as regular ground beef—and fat is lower."

In pork, Mrs. Clyatt recommended Boston butt roasts, quarter-join sliced and rib-end roasts.

"Fryer chicken and egg prices remain about the same as a week ago with large-size eggs in best supply, while turkeys have increased a bit. Fryer chickens are still good buys in most markets even

though prices have advanced considerably in the past few months.

"For economy and good eating, invite friends over for backyard barbecued chicken. Cheese products also are at high levels."

Mrs. Clyatt cited supply-demand factors as one reason for rising prices, noting "this is true not only in this country, but throughout the world—most of these products aren't in large

enough supply to keep pace with consumer demand."

She suggested dry beans as "summertime must," served hot to accompany chilled salad plates boasting seasonally available fresh fruits and vegetables.

"Many vegetables are behind schedule due to the wet weather earlier, but quality is generally good," she said.

"Dry onion and potato supplies continue on the light side

with relatively high price tags, and carrot supplies are less than usual at this season.

"Fresh fruit and vegetable items in best supply at the most reasonable prices include bananas, oranges, cherries, cantaloupes and watermelons.

"Also peaches, grapes, nectarines, celery, okra, black-eye and purple-hull peas, hard-shell squash, cabbage, corn, radishes, bell peppers, green onions and cucumbers."

Joann, went to Arlington last weekend so he could attend the reunion of his World War II outfit, the 62nd Armored Field Artillery.

They dropped over to Dallas and picked up Mrs. Wagner and brought her home. It sounds like a better way to see a whole family than having them all come to one place.

ANOTHER OF MY periodic (sort of) desk cleanups last week uncovered some recipes that I've had quite a while, left over from our weekly stories about this county's good cooks and their recipes. Two are for dressings just right for summer salads.

- SISTER'S SALAD DRESSING**  
(Mrs. Boyd Collins)
- 1 egg, well beaten
  - 4 tb. sugar
  - 4 tb. cream
  - 4 tb. vinegar
  - Dash of salt
- Mix ingredients and cook until thick. Perfect to serve over leaf lettuce.

- CUCUMBER DRESSING**  
(Mrs. Neal Foster)
- 1 cup grated cucumbers (remove seed)
  - 2 cups mayonnaise
  - 4 tb. lemon juice

## Clayton Studies Land And Water Problems

In two separate meetings over the past week, State Representative Bill Clayton (D-Springlake) studied proposed state and federal regulations dealing with land and water problems.

Meeting in Washington at a seminar sponsored by the Interstate Conference on Water Problems and the Environment, Clayton discussed with other state and federal legislators the effects of a projected freeze on funds for water resources development projects. Clayton, who serves as chairman of the conference dealing with water problems, stated that such a water fund freeze would severely hamper

the efforts currently underway to curtail a predicted national water shortage in the near future.

Following the Washington conference, Clayton returned to Hot Springs, Ark., where he attended a meeting of the Southern Legislative Conference. While in attendance at the conference, Rep. Clayton, who serves on the executive board of the S.L.C., was elected as one of two at-large members to represent the Southern Region on the Governing Board of the Council of State Governments.

After a two-day study period, the S.L.C. membership passed several resolutions, including

measures urging the federal government not to pre-empt the rights and predominant role of the various states in enacting land use legislation, an appeal for adequate financing of the Rural Development Act of 1972, and a mandate to require immediate research to find energy crisis solutions.

# Cattle Brands Featured On New Phone Books

Twenty-five Texas cattle brands are included in the four-color artwork on the cover of the New Hereford telephone directory.

Mail delivery of the new directory will begin Friday and should be completed shortly afterward, said Mike Patrick, manager for Southwestern Bell.

The book includes 41 pages of alphabetical listings.

**THE COVER** painting features the 25 brands burned into the wood of an old-time blacksmith shop. The painting, by Dalhart Windberg of Victoria, is an original commissioned by Southwestern Bell specifically for the directory cover, Patrick noted.

Titled "The Blacksmith Shop," the cover picture does not exist as Windberg

Painted it. It is a composite of three shops the native Texas artist found still open for business as he traveled across the state doing research for the painting.

Windberg said that he attempted to capture the blacksmith shop on canvas as he visualized it might have been during the days of the early west.

**THE ARTIST** was intrigued with the Blacksmith's habit of burning a mark on a door or wall of his shop to test a newly forged branding iron. No painting of a Texas smithy would be complete without the brands, Windberg said of his work.

While many famous Texas cattle brands can be found in the painting, not all could be depicted by the artist. "I chose a few brands still in existence and

some that may be recognized by many Texans" Windberg said.

WINDBERG spent 100 hours researching and painting the scene used for the directory cover. He made more than 50 photographs and sketches of the three blacksmith shops and cattle brand collections before final painting began.

The artist said that while researching the painting he found the blacksmith a vanishing part of the American scene, much like the cowboy after the turn of the century.

He pointed out that legibility of a brand depended greatly on the craftsman forging the iron. Cattlemen jumped at a chance to use the skill of a blacksmith to produce a stamping iron that left a neat, clear mark.

Artist Dalhart Windberg selected 25 Texas cattle brands from the 250,000 registered in the state for inclusion in the 1973 telephone directory cover painting. In the upper right, each brand symbol is shown along with the brand's name,

W	Running W King Ranch, Kingsville.	EL	Letters E L Elsinore Cattle Company, Fort Stockton.
C	Backward C W. T. Waggoner Estate, Vernon.	T	No Queen Sabe E. H. & Joe Kirk Fulton, Lubbock.
U	Four Sixes S. B. Burnett Estate, Guthrie.	06	O Six H. L. Kokernot & Son, Alpine.
A	J. A. Connected J. A. Cattle Company, Paloduro.	6	Rafter O Jay Taylor, Amarillo.
SM	Swenson Land and Cattle Company, Stamford.	5	Figure Five Scharbauer Cattle Company, Midland.

X	XL Exell Cattle Company, Amarillo.	TW	F. H. Windberg, Goliad.
		T	Tom O'Connor Estate, Victoria.

owner, and location. In addition to the brands on the doors, a close look will reveal four brands in the shadow on the wall to left. These are the O Two, the Diamond Tail, the Letter C, and the T W, the registered brand of the artist's father.

## Skating Rink Burglarized, Several Accidents Reported

By STEVE CONNELLY  
Staff Writer

There were several wrecks over the weekend, and one burglary reported to the Hereford Police Department. The Playhouse Skating Rink was burglarized and was reported about 1 p.m. Friday by E.C. Hewitt, owner of the business.

Officers investigated, and found that someone had gained entry through the west side of the building. About \$30 in change was taken from the soft-drink machine, and about \$50 in change was taken from a "rinket" machine. Officers are still investigating the incident.

An accident on U.S. 385, about 200 feet north of Park Avenue occurred Friday, at 11 a.m., involving two cars.

A 1969 Dodge, driven by Arturo De La Cerda, 321 Ave. J, was going north on U.S. 385, and a 1967 Ford, driven by Thekla Marie Hund, Rt. 1, Hereford, was going south on 385. Mrs. Hund was attempting a left turn when the two cars collided.

ANOTHER accident Friday occurred at the intersection of U.S. 385 and Moreman Street. A 1973 Chevrolet driven by Janite M. Vines, 296 Elm, was attempting a right turn onto U.S. 385, and a 1972 Western Flyer Bicycle, operated by

Ronda Whitmer, 436 Ave. , was going north on U.S. 385 in the south bound lane. The car and the bicycle collided at the intersection. No injuries were sustained by either of the persons.

An accident happened at the intersection of U.S. 385 and Higgins Street at about 6:45 p.m. Friday, involving two cars.

A 1972 Chevrolet driven by James Brent Sweeney, 628 Ave. G, was going south on 385 and was stopped at the intersection. A 1968 Peterbilt truck, driven by Bobby Wayne Richie, Box 1875, Vernon, Texas, was going north on 385, and was attempting left turn onto Higgins and collided with the left rear end of the Sweeney car.

AN ACCIDENT occurred Sunday, about 5:10 p.m. at the intersection of 3rd Street and Main Street involving two cars.

A 1973 Ford driven by Pablo Liscano, Jr., 804 Irving, and a 1968 Pontiac, driven by Rene Contreras, 317 Dayton St., were both going north on Main Street in the 300 block. The Liscano car stopped, and the Contreras car collided with the rear end of the Liscano car.

Little more than an hour later, an accident occurred at the intersection of Park Avenue and U.S. 385, involving two cars. A 1969 Pontiac, driven by Larry Eugene Wade, 512 Ave. G, was going south on U.S. 385, and was attempting a turn onto Park Avenue. A 1969 Ford, driven by Mamie

Edwards Moton, 322 Ave. E, was going north on 385, and the two cars collided.

Mrs. Voton received slight injuries, but no hospitalization was necessary at the time.

THE HEREFORD Police Department also reported several family disturbances, one obscene phone caller was arrested, three arrested for

being Drink In Public were made, along with two arrests for Driving While Intoxicated (DWI).

The Hereford Fire Department answered two calls during the weekend, one was a false alarm, and the other was an electrical fire at a residence, which was quickly extinguished.

### Two Plead Guilty In District Court Monday

Two persons pleaded guilty to felony charges Monday before 69th District Judge Archie McDonald.

Eustacia Casarez also pleaded guilty to a DWI-subsequent charge and received a sentence of 18 months in jail.

Zacky T. Romero entered his plea of guilty to a driving while intoxicated (DWI)-subsequent charge and was sentenced by McDonald to three years probated.

# Beat Borers

Stop grain and silage losses with **FURADAN 10 Granules from Chemagro.**

A new infestation of Southwestern corn borer is spreading northward. It is likely to be a new problem in this area this year. An infestation of borers now and wet weather this fall could mean serious lodging and the heavy losses and harvesting problems that go with it. With the high price of corn and the shortage of quality silage, this is one year you can't afford any lodging losses.

Check your fields now. Inspect them regularly. When you find borers, call your chemical dealer or aerial applicator for **FURADAN 10 Granules** from Chemagro. Chemagro Division of Baychem Corporation, Box 4913, Kansas City, Missouri 64120.

**FURADAN 10 Granules** from Chemagro stop southwestern corn borers.

- Convenient aerial application.
- Economical 10 lb. per acre application does the job.
- Broadcast into whorl when eggs begin to hatch. Make a second application 10 to 14 days later if young larvae and egg masses are present.

FURADAN is a Reg. TM of FMC Corp. 73172

AUTHORIZED DEALERS CHRYSLER MOTORS CORPORATION

**Here's a big point about the beautiful 1973 Plymouth Fury you probably didn't know...it runs on regular gas.**

Fury is not only a beautiful car, it's strong, solid and reliable, with such great engineering features as an Electronic Ignition System. What's more, Fury is engineered to run on regular gas. And that means a lot these days. There's a lot of value built into a Fury—all part of a plan to win you over. And now that you can get a Fury at year-end prices—well, it seems like a real good buy to me.

So if you're looking for great value in a car, I'd advise you to spend a few minutes with your Chrysler-Plymouth dealer.
