Boiler Blows

A 1,000-pound boiler flew through the air for more than two blocks Monday after it explosed inside Hereford Pure Milk Company. The boiler landed on Sampson Street, bounced up and sliced the telephone pole in half before stopping on East 2nd Street behind the drive-in windows of Hereford State Bank. Passersby are shown looking at the deformed boiler. Photo at bottom was taken from Pitman Elevators and shows the milk company immediately after the explosion.

That feller on Tierra Blanca Creek says the number of people in a community isn't nearly as important as the type of people in the community.

THE EXPLOSION at Hereford Pure Milk Monday interrupted the business routine of the community to a greater extent than any event in some time. The miracle is that no one was seriously injured or killed . . . we have to consider ourselves very fortunate.

The story of the accident is well covered in today's Brand, but we'd like to add a comment on the great work of the city crews and the utility companies. The clean-up around the disaster area was accomplished quickly and efficiently by city workers and volunteer firemen.

Utility crews were fast to react to the accident and were at the scene within minutes to cut off electric and gas connections that could have been dangerous elements. Law enforcement personnel also moved in quickly to direct the flow of traffic. We salute all these men whose work is too often taken for granted.

NOTHING helps soothe feelings more in an ag-oriented community after a long dry spell than a good rain. That was the case around Hereford Sunday after rainfalls measuring from half an inch up to 3 inches were reported around the

The moisture apparently covered the general area, alghough the rain was light in some spots. Some hail piled up in places, but no one was complaining—everyone wanted some moisture in any

A big sports weekend looms in Hereford with a baseball tournament starting today and ending Saturday, and the Deaf Smith C of C hosting a big track and field meet Saturday. The track meet will give sports fans the first opportunity to see an event on the new all-weather track facility at Whiteface Stadium.

There's more to being a good teacher than a knowledge of the subject.

THE HEREFORD Kiwanis Club will hold its annual Broom Sale Friday and Saturday, with headquarters on the Gibson parking lot. All products are

Explosion

Blast At Milk Plant Rocks City, \$100,000 Damages

By DON RICHARDS Brand News Editor

Shortly after 11 a.m. Monday a group of kindergarten students from the First Baptist Church toured the five-month old facilities at the Hereford Pure Milk Company

One of the pieces of equipment the students saw was a 1,000-pound boiler. Less than 30 minutes after the kindergarten students left, that boiler ex-

Less than 30 minutes after the kindergarten students left, that boiler exploded, blowing off the back half of the building, injuring one milk plant worker and shattering windows within a fiveblock radius in downtown Hereford.

The explosion was of such magnitude that the boiler itself flew more than 300 yards in the air before it struck a building, bounced off the ground, and sliced a telephone pole in half before

coming to rest two blocks away on 2nd Street near Hereford State Bank.

ESTIMATE of damages caused by the explosion passed the \$100,000-mark late Tuesday. The milk plant itself suffered about \$75,000 with the rest coming from the resulting damages in the area surrounding the plant.

Three persons were in the building at the time of the explosion, but only one required hospitalization. Edward Green, an employee at the plant, was in the middle of the building when the explosion took place and received superficial burns from ammonia fumes. He was admitted to Deaf Smith General Hospital, but was not listed in serious condition.

HUGH KIRKLAND, owner of the plant, along with Andrew Gutierrez, were in a reception room at the front of See EXPLOSION RIPS Page 16 the Hereford Brand

Where Were You At 11:58?

By KERRIE WOMBLE Brand Staff Writer

In 10 years, most Hereford residents will be able to tell you what they were doing at 11:58 a.m. on March 11, 1974.

A tooth-rattling explosion at Hereford Pure Milk Company will serve as a bookmark, notching that moment in the

minds of local citizens.

The scope of the incident became evident after hearing some of the freak occurrences which took place in those few colorful minutes.

Several Hereford folks related their personal accounts of the story that could have easily become a grisly to?

ORVAL WATSON: "It scared the hell out of us. I was sure our shop had blown up. That is a constant fear in our business.

"I ran out into the showroom and saw all the windows falling from their casings. When I went outside and saw all

See More Pictures
Page 1, Section Two

the debris down the street, I figured out what was happening.

"I could see water spirting about 12 feet high at the milk company and the first thing that ran through my mind was that there was probably electric lines down. I also knew that there was also a possibility of a broken gas line. I sensed

"I couldn't see anyone in the building

and then the sirens went off. I got away from there."

A SECRETARY at John Orsborn Buick Pontiac: "The windows by my desk caved in and everyone in the office jumped away from the flying glass. At first we thought our shop had exploded, but it was soon evident that was not the ."We just couldn't imagine what was happening."

A FIRESTONE employe: "It seemed like everything was falling down on our heads. We lost nearly every window in the place."

MRS. DORRIS DICKERSON, a drivein window teller at Hereford State Bank: 'The little building I was in really See WHERE WERE Page 16

DON LANE

Lane Promoted At Hi Plains

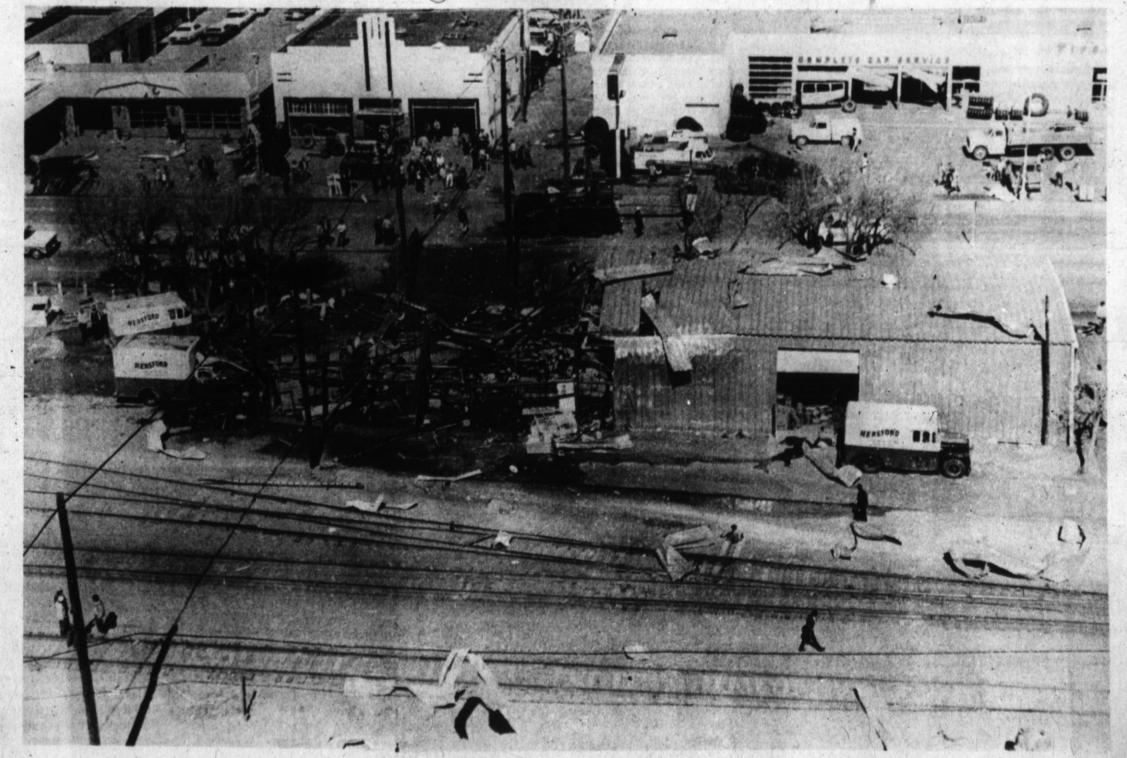

Don Lane was named Tuesday as executive vice president and acting manager of Hi Plains Savings and Loan Association, replacing Myron E. Morgan who resigned, it was announced by Jimmie Allred, board president.

The resignation of Morgan and election of Lane was announced in a brief press release after a board meeting Tuesday. Morgan said he had no immediate plans to announce for the future. He had been with Hi Plains for more than 13 years.

Lane graduated from Texas Tech University with a BBA in accounting. He came to Hi Plains as vice president in 1967 after working as an examiner for the Texas Savings & Loan Department. Other previous employment included Western Savings & Loan in Fort Worth and First National Bank of Lubbock.

Morgan joined the association in 1960 as executive vice president, manager and a member of the board of directors. During his tenure as manager, Hi Plains has grown in assets from under \$2.5 million to its present total of approximately \$17.5 million in assets.

The association also built new office facilities in 1963—the building now occupied by Hi Plains. A branch office was also opened in Dimmitt.

Teachers Rehired

By DON RICHARDS **Brand News Editor**

Teachers in the Hereford School system were re-elected to another year by the Hereford School Board of Trustees Tuesday night after trustees met in executive session for an hour and a half with the school principals

Supt. Roy Hartman said all teachers were rehired with only those who are retiring not included in the list.

Trustees met behind closed doors with each principal individually before approving the election of all teachers in a single motion.

IN OTHER action the board approved the use of Whiteface Stadium for one of the spring scrimmages by West Texas State University football team. The Hereford Noon Kiwanis Club is sponsoring the scrimmage and made the request to the board. A minimal charge of \$50 was levied by the board to cover the utility expenses of the Stadium

The scrimmage will be similar to the one sponsored last year by the club and is used as a fund-raising project. Howard Birdwell, Kiwanis president, met with the board to ask the approval

Cecil Rusk, executive director of the Texas Association of School Boards (TASB) talked with board members about the services offered by TASB and about his visits with other school boards

RUSK SAID the job of school board members is going to become much more difficult:

The TASB executive addressed many of his comments to the six school board candidates who were in attendance

'School superintendents and

proposed relocations

school board members will be changed quite a bit in the next few years because people in the communities don't realize the

FOUR TEACHERS involved in the Coordinated Vocational Academic Education program also addressed the board to talk about the teachings they are

Mrs. Louise Witkowsky, Mrs. Joy Barkowsky, Johnny Matthews and Tommy Saul, all teachers in the junior high grades in Hereford, told the board about the functions of CVAE. The four explained that the program was meant for those "people who would otherwise not be in school because they had dropped out."

The teachers said the program allowed them to teach the students some type of skill that could be used after the student has left the school. The four said many of the students previously would have dropped out of school, but that the program gives them an interest to continue

Both women teachers explained that their programs involve teaching 8th and 9th grade girls basic homemaking skills that could be used to gain some type of job.

Both men said basic use of tools, power and hand, are taught along with the basic mechanics and the maintenance of machinery.

IN OTHER action the board adopted a textbook list for the coming school year. Administrative Asst. Jim Holmes recommended the list of textbooks from the Textbook Committee which had studied

Holmes explained that

would be used but that it gave the school a good choice to pick

Holmes also told the board that Hereford's request for Plan A assistance from the state had been approved.

The plan consolidates the plans of Hereford, Vega, Boys Ranch and Adrian under one plan and gives added school personnel to all schools. Holmes said new special education units will now be allowed at the four schools with additional funds from the state.

Hartman commended the effort of Holmes in getting the additional Special Education units. The addition of the three schools to Hereford allowed the four schools to pick up 20 additional teaching units.

IN OTHER action at the

-Hartman reported school

probably not all books on the list enrollment down about 17 students from this time last

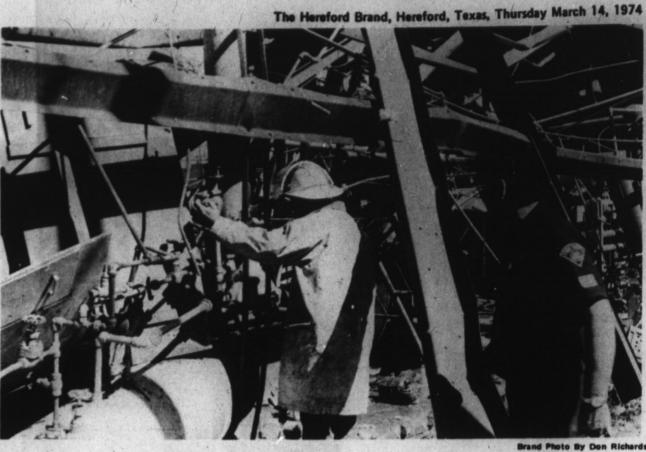

-Hartman added that average daily attendance also is below last year at this point by about three per cent.

-Tax Assessor-collector Orpha Click reported about 95.4 per cent of the tax roll collected and added that \$12,650 in delinquent taxes had been collected in the month of

-The board re-appointed Ralph Owens, Rocky Lee and Frank Zinser to the Board of Equalization which will meet in

-Reported that the entire school system will return to an 8:30 a.m. to 3:30 p.m. schedule beginning April 1.

All board members were present at the meeting. Six of the eight school board candidates were among the some 25 guests present at the meeting.

Examine Explosion Results

Hereford Fire Chief Max Stipe, left, and Jay Spain, Fire Marshal, examine the plant machinery Monday afternoon following the explosion of a boiler of Hereford Pure Milk

Company. More than \$100,000 in damages resulted from the blast which rocked the city during the noon hour Monday.

Chamber office, from members of the booster club. Owens, presently a resident of Phoenix, Ariz., is con-

each. Adult tickets will be available at both banks, the

sidered by many sports experts to be the greatest track and field star of the half century. The famous Olympian is currently making public appearances on behalf of and conducting speaking engagements before youth groups, civic meetings, sports banquets, and giving commencement addresses at various schools and colleges throughout the

HE IS ALSO a representative of the Ford Motor Co. in its marketing division, and Sears, Roebuck & Co., speaking on behalf of these companies to sales groups, marketing people and other various functions.

In 1955, the U.S. State Department delegated Owens as America's "Ambassador of Sports" and sent him on a twomonth goodwill tour of the Far East. The following year he went to Australia as one of the personal representatives of President Eisenhower at the 16th Olympiad. He was honored guest of the German people at the 1972 Olympics held in

TODAY, more than 35 years after earning the title of the 'World's Fastest Human'', the same Jesse Owens continues in the front ranks of athletes, and was acclaimed in 1960 as "The Champion of the Century"

He has gained respect and honor, not only for his achievements as an athlete of unparalleled skill and ability, but also because of his many and varied activities in community services. He has been named chairman of the 1974 Boys' Basketball International.

At the 1936 Olympic Games, held in Berlin, Germany, Owens gained international distinction with a dramatic feat by setting new Olympic records in winning individual titles in the 100-meter, 200-meter and broad jump, and running on the victorious relay team. His Olympic broad jump record was not surpassed for 24 years.

OWENS' athletic career began in 1928 at Cleveland, Ohio, where he set new world records for junior high schools by jumping 6 feet in the high jump and 22-1134 in the broad jump. During his high school days in Cleveland, Owens won all of the major track events, including the state championship for three consecutive years.

At the National Inter-Scholastic School meet in Chicago, during his senior year, he set a new world record for high schools by running the 100-yard dash in 9.4 seconds-tying the accepted world record, and he created a world record in the 220-yard dash by running the distance in 20.7 seconds.

A WEEK earlier he had set a new world record in the broad jump with a leap of 24-11%. During his freshman year at Ohio State University, Owens set a world record in the 60 meters at 6.2 and created a new record of 6.1 in the 60-yard

As a college sophomore, he had the distinction of being the only track athlete in history to set three world records and to tie a fourth in a single track meet. He ran the 100 in 9.4 to tie a mark and set new records in the 220 at 20.2, the 220 low hurdles at 22.6, and the broad jump at 26-81/4.

In the 17th and 18th centuries, bagpipes were outlawed in Scotland, as seditious instruments of

Herd Golfers Not 'Up To Par'

Get Off To Bad Start In District

Hereford's Whiteface golf team had a disastrous start on the District 4-AAAA tournament series the past week at Snyder, posting a team total of 347 to wind up 41 strokes behind first-round leader Snyder.

The tourney series moves to Lubbock Friday, where teams will play on the Meadowbrook Golf Course. Hereford coach Terry Russell hopes his team will be able to make up some strokes in the second round. District golf teams compete four times-in each league city-to determine the

Coach Russell reported that most of the schools had a 'bad' day, but it wasn't due to the weather. The first round was played last Friday, and Russell was surprised the home team at Snyder didn't score below the 300 mark.

Snyder tabbed a 306 team score, and Monterey was next at 317. Coronado grabbed third place with a 320, followed by Plainview (323), Hereford (346) and Lubbock High (355). Each team has five golfers, and the low four scores go on the

Hereford's individual scoring at Snyder showed three members with 86 totals - O.H. Seamands, Shane Lockhart and Joe Priddy. Sophomore Curtis Stoerner, who usually leads the team, came in with an 89. Tom Coneway, the fifth member, shot a 92.

The Hereford JV team also posted a high score, coming in with a 406. Individual scores: Rex Lee 91, Billy Word 100, Larry Vigil 105, Dan VanderZee 110, and Kelly Lea 114.

Canyon Nabs Two Wins Over Herd Nine

The Canyon Eagles got ahead the loss. Canyon got their 10 of the Hereford Whitefaces early in separate games Monday and Tuesday and handed the Herd two losses to bring the Faces record to 2-5.

The Eagles bombed the Herd for five runs in both the first and fifth innings Monday and went on to a 10-4 wins before turning back the Herd 6-3 in a game Tuesday.

In the game Monday, played at Whiteface Stadium, Mike Crim started at the mound for the Herd and was credited with

runs off only three hits and had only two errors in the game.

Six Eagles walked in the initial period and then six others walked again in the fifth inning. Lynn Tarr relieved Crim in the 2nd inning and went until the 5th when Harvey Torres came

in. However, Torres was also relieved in the same inning by Albert Gonzales who finished the game. Hereford got its four runs off three hits and had three errors.

Three runs came in the 2nd inning and the final run was in Crim doubled to lead off the 2nd inning with Gonzales following with a ground out to

the third baseman. However, Crim advanced to 2nd base on the play. Doug Charest then reached first on an error and David Artho walked to load the

Pete Hale then got on on an error as Crim scored. Lynn Tarr reached first as Hale was out at 2nd on a fielders choice. Charest had scored on the play and then Artho scored when Torres followed with a single.

In the one-run 7th inning Torres led off with a walk. Steve Loerwald flied out to shortstop and Dave Loerwald struck out at the plate. Crim then drew a walk and Gonzales singled in Torres for the final run.

In the game Tuesday in Canyon, the Eagles won off six hits and had five errors. However, the Herd managed only three runs off two hits and had one error. Dave Loerwald was credited with the loss for the Herd.

Canyon slammed in five runs in the ititial two innings and Hereford couldn't make up the difference.

Herd Trackmen Nab Second Place

Whitefaces Edge Snyder and Big Spring for Runner-Up Position

The fast-improving Hereford track team edged Big Spring and Snyder for runner-up team honors in the Mustang Relays at Andrews Saturday, while Odessa Permian finished first.

With James Harris taking individual honors while scoring 23 points and Chuck High tying a meet record and racking up 20 points, the Herd cindermen tabbed 88 points in the meet.

Permian won the title with 141 points. Following Hereford were Big Spring (81), Snyder (79), Carlsbad (51), and Odessa High (49).

HEREFORD went into the final event, the mile relay, needing to beat Snyder and finish in the top four to claim second place in the meet. Harris anchored the mile relay team with a great 50.3 lap, pulling Hereford from fifth to third

Hereford picked up eight addition points in the field events as senior Jim Marsh made his first appearance and took third in the discus and fifth in the shot put.

THE WHITEFACES had only two blue-ribbon winners-Harris in the long jump and High in the 120-yard high hurdles. High upset Permian's ace hurdler Steve King in the highs, tying a meet record of 14.1 seconds. The mark also tied the school record. Harris had a 21-41/2 effort in the long jump.

Softball League **Plans Discussed**

Directors of Kids, Inc. of Hereford are checking into the possibility of forming a girls' softball league, it was announced this week by Greg

In order to determine the interest in such a program, girls and parents are asked to send a post card to Box 1945 if they would like to see a league organized. The program would be for girls from age 8 to 14.

If you, as a parent, are interested in the program and would be willing to help in some capacity, indicate this on a post card and mail it to the above box number. The organization also needs to determine if enough girls desire to participate in the summer softball program.

Buddy Peeler Elected President Of Rotary Club For Next Year

A state of new officers and Jones, treasurer directors, headed by Buddy Peeler as president, was elected Monday by the Hereford Noon Rotary Club.

The new officers are scheduled to take office in June. Peeler, who is employed at Radio Station KPAN, will succeed Marc Hoelscher, who is the present president. Other officers elected with Peeler include: Johnnie Price, president elect; Stanley Simmons, secretary; and Lynn

Elected as new directors were Buff Benson, Charles Wagner, Larry Uppel, Don Richards, Roger Ruland, Alex Schroeter

Roy Faubion, president of the Deaf Smith County Chamber of Commerce, was guest speaker at the meeting and asked Rotarians to join him in getting Hereford "to put on a new suit."

and Marc Hoelscher.

"We have had some erosion of beauty in our town," Faubion said. "We need to put pressure

on ourselves and on others to clean up our town, give it a face lift ... a new look."

"People judge us, not by our intentions, but by what we do," he started his talk. 'T'm asking our town to awaken, and put on a new suit . . . brighten up things and show we have a town we are proud of."

The Chamber president outlined each of the committees of the Chamber and many of the duties and functions of each. He also told the club about many of the projects of the Chamber, including the bringing of several major sports events and tournaments into the city.

Faubion was introduced by Rotarian Jack Wilcox, who was in charge of the program for the meeting.

Roads Get New Coat

The Texas Highway mission Thursday approved seal coat work on 150 miles of Panhandle highways and farm to market roads.

The work will repair winter damage as well as protect the pavement and provide a better traveling surface.

Estimated cost of the work is \$727,000. In Deaf Smith County, the work involves Spur 211, from

U.S. 385 to U.S. 60, 1.2 miles; also FM 1058, from FM 1412 to U.S. 385, 23.3 miles.

Three airlines reinstating canceled flights.

Credit Study Slated

Everything from sources and and types of credit to shopping for. and keeping it will be covered in a "Come and Go Credit Experience," Monday at West

Texas State University. On hand to advise and consult during the special occasion will be representatives of the credit bureau and credit agencies, as well as credit analysts.

The activity, according to Mrs. Becky Hall, Randall County Extension Agent for Home Economics, is cosponsored by the Randall County Family Living Committee of the Extension Service

he WTSU School of Guests will be able their own credit situation. selecting one of 10 "case problems" similar to theirs, following it through as a credit

experience, says Mrs. Hall.

The workshop's emphasis is on "Sources of Credit," "Understanding Types of Credit," 'How to Get and Keep Credit Rating," and "Guidelines for Shopping for Credit."

The event is expected to draw some 500 university students and area consumers, she adds. Analyzing the credit decisions

will be Lynn Bourland, home management specialist with the Texas Agricultural Extension Service at College Station.

expect this workshop to offer a unique opportunity for area consulta to broaden their credit experie. "Mrs. Hall emphasizes. "Inc. idual gredit problems will not be concern, but rather we want to share the 'how to' aspect of

credit.' The event is from 9 a.m. to 3 p.m. in the WTSU activity

center ballroom.

Tech Alters Spring Dates

The 1974 spring commencement at Texas Tech University has been rescheduled for May 11, and several other major changes have been announced for the spring calendar.

The commencement exercise had originally been scheduled for May 18. The new schedule calls also for shifting final examinations forward into the preceding week, and a detailed final examination schedule will be published soon.

The schedule changes follow recommendations made by the Commencement Committee which were endorsed by the Academic Council and approved by President Grover E. Murray.

The recommendations were aimed at 'developing more meaningful commencement activities and stimulating increased participation by graduating students and faculty," said Dr. William R.

Johnson, interim vice president for Academic Affairs.

"The committee recommended that commencement be held closer to the end of final examinations, that in addition to the university ceremony, the various colleges should conduct appropriate ceremonies in which individual students would be recognized, that commencement should be scheduled in the morning hours if possible, and that actual diplomas be awarded to students at the time of graduation."

The 1974 spring calendar as revised, is as follows: April 18, last day to drop a course; May 1 day of no classes; May 2-8, final examination; May 9, noon, grades for graduating seniors due in the Registrar's Office; May 11, commencement; and May 13, final grade reports due in the Registrar's Office and spring semester ends.

Journey Open To Public

Spend the Spring holidays floating down the Colorado River and exploring the Grand Canyon with the Student Activities Council at West Texas State University, April 8 ough 12.

trip, according to Jim Holsion WTSU program director, till begin in Moab, Utah, and with finish five days later 100 miles a hwnstream on Lake Powell. Any interested perse

would like to go on the trip need only clothing, personal items and a camera (water proof camera boxes will be provided).

The cost is \$145 per person (priced based on 13 passengers per boat), which does not include transportation. "This has not been a problem,

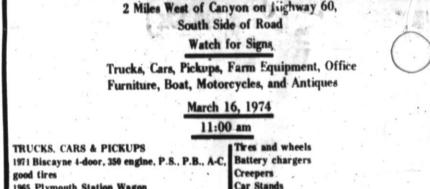

as many will be able to share rides," Mr. Holston explained. "If enough WT people are interested, we might charter a bus," the director added.

"All equipment is provided and the cooking will be done by the boatmen," Mr. Holston said. Activities planned are hiking and Indian rowing, but "it is mainly an adventure, to get out in the wilderness where there are not too many people," the director said. The expedition will be con-

ducted by Jack Tillinghast, WT physical education instructor.

GED Tests Given Here

Robert Thompson, high school counselor, announces that General Education Development (GED) tests will be conducted at 9:30 a.m. Monday and Tuesday mornings at the school administration building.

A satisfactory score on the tests will signify the equivalency of a high school education. Those passing the examination will receive a certificate similar to a high school diploma from the Texas Education Agency.

A \$10 testing fee will be required.

U.S. limits availability of of criminal data.

Veleda Club Hears Unusual Book Review

Penitentes Of The Sangre de Cristo written by Bill Tate was the book reviewed by Mrs. Gwynne Owen to Veleda Study Club Tuesday evening in the home of Mrs. Hugh Clearman.

Tate worked with the small religious group in Las Truches, N.M. before his death. This group with the dying religion came from Spain over 350 years ago and was under the Third Order of St. Francis.

Mrs. Owen commented that she had personally known John Abbot, a Spanish-speaking missionary from Espaniola, N.M., who also knew about the group.

Before the short business meeting in which a thank-you card was read from Mrs. Howard Birdwell who had been hospitalized, the roll call was answered by naming most influential American religious

Refreshments were served to members present. They included Mmes. Bill Bradly, Gid Brownd, J.D. Gilbert, Armon Lauderback, Richard Ottesen, John Poindexter, George Ritter, Laurence Ruther, Bill Walden, Glenn Watts, Frank Zinser, Jr. and Lloyd Crume.

WT Chamber Seek Changes To OSHA

The West Texas Chamber of Commerce has recommended the West Congressional Delegation that they work for necessary amendments to the Occupational Safety and Health Act (OSHA) of 1970 that would produced changes to make the provisions of the act workable and make it possible for the average business to comply with the provisions.

WTCC believes that changes should be made in some of the provisions to produce changes in standard-settings, compliance inspections, citations, and on-site consultation that will result in a fair and

Joe Collyns of San Angelo, Texas Chairman of WTCC's National Affairs Committee, says that "the administering agencies in their zealousness have often overstepped the bounds of reasonableness in prescribing standards, or implementing inspection procedures.

The very real technical problem's faced by employers in complying with this huge and highly complex law are being largely ignored by the agencies responsible for the administration of OSHA. There is a very critical need to find practical and reasonable corrective measures without sacrificing job safety.'

Teachers Leave For State Convention

Twenty Hereford educators are leaving today for the 95th annual state convention of the Texas State Teachers Association at the Fort Worth-Tarrant County Convention Center

They will be among 10,000 TSTA local association mem-

bers and guests expected to attend. Bobby Boyd, Bera Boyd and Roy Hartman will be official representatives to the 1974 TSTA house of delegates. That is the state association's governing body, which will meet three times during the convention to act on proposed mendments to the TSTA constitution and to conduct other business.

The 1,540 official delegates are elected from the 484 TSTA associations through the state. They are certified by districts on the basis of one delegate per 100 members or major fraction of 100, to represent the 151,000 members TSTA. Every local association is entitled to at least one official delegate.

The Hereford delegation will include Hartman, the Boyds, Carolyn Waters, Sidney Kerr, Roland Hairgrove, Jo Ann Hairgrove, Reese Whittington, Rodney Gordon, Debra Gordon, Reuben McGilvary, Carol McGilvary, Shirley Barber, Gene Brock, Alice Thompson, Pat Pruitt, Bonnie Masten. Tommy Rosson, Robert Thompson and Nancy Richie.

Parity Creeps Up Again . . . Fuel Situation . . . Turkey Poult Hatch Increases . . . Broiler Hatchings Also On The Rise.

Farm parity as of February 15 is 95. That's up one point from January and is up 13 points from a year ago. Agriculture is five points away from being on an even financial par with the rest of the economy.

Only one category of livestock-sheep-is at or above parity. Wheat, corn, oats, rice, and grain sorghum are above effective parity levels. Cotton is still a big exception. Parity is 67.58 cents per pound, but the average price as of February 15 was 54 cents. -

Hogs at \$38.40 average are almost \$2 under parity. Beef cattle at \$43.80 are \$4.70 under parity. Calves at \$51.30 average are \$8.30 below parity. Lambs at \$39.20 are about \$2 under parity. Sheep at \$21.50 are \$8 above

Eggs average 63.9 cents per dozen, which is three cents a dozen under parity.

Wool averaged 85 cents per pound compared with

\$1.84 parity. Wheat as of February 15 averaged \$5.29; parity is

\$3.74. Grain sorghum averaged \$4.63 while parity is \$4.23.

Rice at \$16.70 compared with parity at \$11.10 per hundred pounds. Hay prices as of February 15 averaged \$41.50 per ton which is \$1 higher than a month ago.

The all farm products index of prices received by Texas farmers is one per cent below the previous month but 40 per cent above a year ago.

The livestock and livestock products index is down three per cent from last month but is seven per cent above February 15 of 1973.

WILL YOU get enough fuel to produce and harvest this year's crops? It depends on what you do. The first thing you should do (if you haven't already done so) is to tell your distributor how much fuel you will need this year to plant and harvest your crops.

If you have trouble during the season getting sufficient fuel, you should contact your county Agricultural Stabilization and Conservation Service office, ASCS county office has been designated as the agency for farmers to contact regarding their fuel problems for 1974. ASCS offices are to have the latest information relating to energy supplies and are to be in a position to provide you with the answers you'll need.

Agriculture does have a priority for 1974 for fuel, but it's up to you to first tell your distributor how much you will need, and you will also be required to practice fuel conservation measures.

The Texas Department of Agriculture has a booklet available for you giving you information on how to conserve energy. You can get a topy by writing Texas Department of Agriculture, Box 12847, Austin, Texas

A 13 PER CENT increase in turkey poult hatching is noted for Texas during the recent week. Eggs placed in incubators at 483,000 are the highest reported so far this season. This set is 21 per cent above 1973 and 18 per cent more than a week ago.

Nationwide, an increase of 12 per cent is reported in hatchings. The set of eggs was two per cent above the previous week.

BROILER hatchings also show an increase. Texas hatcheries placed 3,712,000 broiler chicks, which compared to a year ago is eight per cent more. The total hatch was up six per cent from a week ago,

In the 21 leading broiler producing states, a nine per cent increase is reported. Eggs placed in incubators, which is up two per cent from 1973, is only slightly above the previous week.

'Smell Of Success' Turns Faces Green

cooking on the grill is something no one complains about. But the smell produced by beef on the hoof in stockyards and cattle Center at Amarillo feedlot feedlots is an entirely different

Controlling feedlot odors is a major concern for both cattlemen and their neighbors.

Odor control methods must be effective and economical to be practical. One method meeting both criteria may be treating cattle wastes in feedlots with

Dr. Robert C. Albin, professor of animal science at Texas Tech University, is conducting experiments with gypsum in cattle feedlots at the Texas Tech University Center at Amarillo and in a commercial feedlot operation near Lubbock.

sulfate, or gypsum, will react with bacteria in the organic compounds of feedlot wastes to change the bacterial population, according to Albin.

Reactions produced by bacteria cause feedlot odors. Hopefully, by changing the bacterial population, the objectionable odors will be reduced," Albin said.

The smell of a juicy steak applying gypsum in waste to gypsum rations of 10 to one and five to one, both in controlled conditions at the Texas Tech facilities and on a larger scale in an actual commerical feedlot

situation.

Samples of wastes from the feedlot pens used in the study will be collected and analyzed regularly to determine the quality of odor emitted, the organic composition of the waste after gypsum treatment, and the amount of waste accumulation per treatment. All costs associated with the treatment will be monitored to determine the economic

feasibility of the treatment. Laboratory analyses, and a panel of volunteers using nasal detection methods will be used to evaluate the odors of treated Indications are that calcium wastes throughout the ex-

experiment will continue through December 1974 to determine seasonal and weathering effects on the treatment.

We are in a dry period right now," said Albin, "and odors are not too great a problem. But when it rains, bacterial action increases and odors become a The experiments include much greater problem. Water

After passage at this stage, again by a majority vote, the article and alternate proposals are sent to the Submission and Transition Committee, which will determine how the document will be submitted to the people of Texas.

It then will submit the

"Submission Resolution" which must be passed by a two-thirds majority by the Convention.

The Submission and Transition Committee also will coordinate the transition from the present 1876 Constitution to the new Constitution.

The electorate must pass the proposed Constitution by a simple majority.

Chamber Industrial Committee To Meet At 7:30 P.M. Today

The Industrial Development Committee of the Deaf Smith County Chamber of Commerce has arranged a 7:30 p.m. meeting today in the Flame Room at Pioneer Natural Gas for representatives of the Small Business Administration, banking and financing officials, Chamber, city and county officials, realtors, and interested business people.

Purpose of the meeting is to discuss long term financing for new and present business expansion and loans for rural industrial development. The conference is designed to assist in determining present capabilities, establishing priorities for community, business and industry projects, and assistance available for an economic development program.

Discussion will include increased size eligibility under the Small Business Administration Community Development Program which permits size eligibility of a business or industry which does not have more than \$7,500,000 in assets, a net worth of not more than \$2,500,000 and profits of not more than \$250,000 average over the past two years-after taxes. Loans up to \$700,000 on land, buildings and equipment may be available in Small Business Administration guarantees with

Also to be included will be advantages of organizing a local development company and handling of the Small Business Administration Community Development Loan Program. A question and answer period will follow the presentation

Chairman, Earnest Langley, invites all interested business people to attend.

Composer's Contest **Invites Amateurs**

Aspiring songwriters in every city and hamlet in the United States now have an open chance to win instant fame and fortune in the form of a 1974 American Song Festival.

Sponsorship of the nation's first international music competition has been announced by Sterling Recreation Organization, a radio station, movie theater and recreation center conglomerate headquartered in Seattle.

According to Malcolm C. Klein, Sterling vice president and festival president, the newly founded event comprises a multifaceted music talent hunt in which winners will receive a total of \$128,000 in cash prizes and have their songs

sung by leading recording

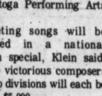

Different from established festivals in Italy, Lebanon and Brazil, entries are being accepted from amateur composers as well as professionals.

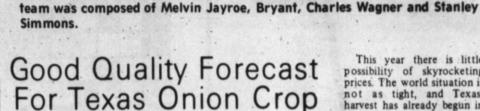

Contestants may seek recognition and commercial success in one or more of six music categories: (1) rock, (2) pop-middle of the road, (3) soulrhythm-blues-jazz, (4) folk, (5) country-western and (6) gospelreligious.

Entries on recorded cassettes will be screened by a select panel of songwriting experts, Klein said. Three semifinalists in each category in separate amateur and professional divisions will eventually be moninated.

The 36 semifinalists will each receive \$500 and an expensepaid trip to Saratoga Springs, N.Y., where final judging will be held Labor Day weekend at the Saratoga Performing Arts

Competing songs will be performed in a national television special, Klein said. Twelve victorious composers in the two divisions will each be awarded \$5,000.

AUSTIN-"Our onions are the sweetest in the country. You can eat 'em like an reports a fan of South Texas spring onions, which will be on their way to market soon.

C OF C WINNERS

Though apple lovers might disagree with the comparison, Texas onions do have a reputation for sweetness. This year's crop is expected to be high in quality, according to Agriculture Commissioner John C. White. White added that it is too

early to determine onion tonnage, but it is expected to be down slightly from last year when 14,900 acres were harvested.

The South Texas onion season is relatively short starting around mid-March and running through mid-June. During that time most of the onions sold in the country are grown in Texas. It is an in-between period. Storage onions sold through the winter are usually depleted and fresh onions from other parts of the country have not been

Ray Chambliss and Kathy Johnson hold prizes they were presented Tuesday

membership drive just concluded. Chairman Ed Coplen made the presen-

tations. John D. Bryant was the grand champion, winning a stereo set. Winners were treated to a steak dinner at the Country Club Tuesday. The winning

> harvested yet. Before Texas onions hit the market, prices go up because of short supplies. Last year storage supplies were practically exhausted by March and, except for Mexico, foreign onions were unavailable. The result was a worldwide shortage.

Meanwhile, adverse weather conditions delayed the Texas harvest and disrupted shipping schedules. All of these factors caused a meteoric price rise from \$4.85 per hundredweight to \$16.90. Texas onion farmers reaped the benefit.

This year there is little possibility of skyrocketing prices. The world situation is not as tight, and Texas' harvest has already begun in spots. It is expected to be in full swing by April 1. Yellow Grano (round) and

Granex (flat) are the main onions grown in the state, but Texas also produces small amounts of red and white onions. Most of the green onions in grocery stores are babies which were picked before maturity.

Statistics Tell Not-So-Tale

looking up to your children may

That's the comforting news from a life insurance company for mothers and dads who find it difficult to lay down the law about the family car to teenagers who tower over them.

The not-so-tall story is that a recent National Health Survey produced no evidence of the tendendy, noted in earlier

youngsters were some decades

average height for 17-year-old boys, who have not quite atslightly over 69 inches in the years 1963-70 - a figure comparable to that recorded in 1954

Parents, relax. The days of studies, for each generation to in a study done in the state of be taller than the preceding one. Michigan. Girls who, at age 17, But young people today are, on are more likely to have car the average, heavier than achieved maximum growth, have also experienced a leveling off in height, with an statisticians report that the average height of somewhat iverage height for 17-year-old over 64 inches registered both in 1954 and in 1963-70. A similar tained maximum height, was leveling off in growth among younger children was also reported.

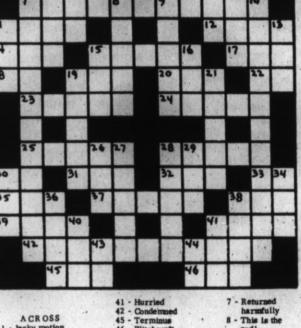

psyc Ross State

Greater height at maturity, notes the report, has in the past been attributed to several factors, notably improved health care and diet, and the tapering off in height increases may well indicate that the nutritional quality of young people's diet has reached a plateau. However, the statisticians say, further increase in height at maturity may still be possible if environmental and genetic factors become more subject to human control.

The trend toward earlier maturation, especially among boys, appears to be continuing.

The greatest annual change in average heights of boys now occurs at ages 12 and 13 rather than between ages 12 and 14 as it did in 1954. Girls on the average experience an "adolescent growth spurt" at ages 11 and 12.

This earlier maturation of children may be responsible for the heavier average weights of children. Statisticians also suggest that in an era when Twiggy has already become passe, a few extra pounds may also be considered attractive, even among the younger set.

Dr. Kubler Analyzes Human View Of Death

Dying is the biggest crisis that man has to face, said psychiatrist Elisabeth Kubler-Ross recently at West Texas State University as she lectured to approximately 600 students.

faculty and others on death and

'People are basically afraid of the catastrophic destructive force bearing down on us and we can't do a thing about it," said the author of On Death and

It is "a fear of total impotence in the face of a catastrophic destructive weapon."

Dr. Ross began the study of death eight years ago at the University of Chicago's Billings Hospital, where she joined the faculty in 1965. A native of Zurich, Switzerland, she was

trained at the University of

"We are a very death-denying society. When people die we put makeup on them and put lipstick on a dead man's face, use slumber rooms and make them look like they're only asleep.
"We do not allow children to

visit the hospitals. They do not grow up anymore knowing that death is part of life, which is very sad," commented the

In response to an audience question, Dr. Ross said that conclusions from her work at the Chicago hospital were "that when people were religious they had more problems (dying) because in addition to all the other problems, they worried about the punishment after death and that they weren't

house calls I saw a very different cross section of the population. I saw for the first time genuimely religious people who did not talk about Jesus and hell and life after death all the time, but had internalized their religious faith and really lived this way, and died with fan-

tastic peace. "It does not matter what you are in terms of religious denomination," she continued, "but whatever you are you must be genuine and authentic, and have an internalized faith.

"People who are a little bit religious or have an extrinsic faith have it much worse than if you are nothing at all," she said. Dr. Ross was asked if she believed in euthanasia or mercy killing. "Euthanasia if you

Mark Anniversaries

The U.S. Postal Department has introduced two commemorative mail articles in observance of historic dates. In conjunction with the 100th running of the Kentucky Derby, the 10 cent

stamp on the left will be issued May 4. The air mail letter honoring the 25th anniversary of the North Atlantic Treaty Organization (NATO) went into effect March 2.

West Texas Drought Threatens Wheat Crop

AUSTIN--A prolonged drought over vast areas of West Texas is threatening the 1974 wheat crop and creating prospects of dust storms, Agriculture Commissioner John C. White

said recently.
White reported that chances for a good crop in the Panhandle are all but gone. "Rain can revive prospects in other areas, but there is no way we can expect to come close to our 1973 production figures," he

Production for 1973 totaled 98,600,000 bushels. A decline of 20 per cent was forecast earlier this year, and prospects have worsened since then.

Moisture in the High and Low Plains during 1973 ranged from 12-16 inches, which is below normal. The season began with wet soil, however, and crop

production was high. A large percentage of available moisture was extracted from the soil during the growing season. This was followed by a dry fall and mild winter. Large areas of the High and Low Plains, Trans-Pecos and Edwards Plateau have had little or no moisture since last October. "Official records now

show that the current dry spell in that part of the state is as critical as it was in the late 1930's," White said. He warned that this factor plus the return of several hundred thousand acres of land to production could bring on

In 1779, English lawmakers introduced into Parliament a bill for the punis

women who "shall betray into matrimony any of His Majesty's subjects" by the use of

"scents, paints, cosmetic washes" and other beauty aids. The marriages would be null and void and the guilty females would be prosecuted for witchcraft.

Some land that has been in grass for several years also has been returned to production, and White noted that it "should remain in

grass."
'It is time to be concerned about the situation," he said. "It would appear that some of the glowing forecasts about wheat production may be

VA Sheds Light On Benefits

EDITOR'S NOTE: Veterans and their families are asking thousands of questions concerning the benefits their have to file annual income Government provides for them questionnaires? through the Veterans Administration. Below are some representative queries. Additional information may be obtained at any VA office.

Q-About six months ago, the Veterans Administration issued me a Service-Disabled Veterans Insurance (RH) policy. Does this policy pay dividends?

A-No. Dividends are payable only on National Service Life Insurance and N.S. Govern-ment Life Insurance policies with "V" or "K" prefixed policy

Q-As a World War I veteran drawing compensation from the Veterans Administration for a service connected disability, automobile allowance?

A-No. This benefit is restricted by law to eligible veterans of World War II, Korean Conflict, Post Korean period, Vietnam Era and servicemen currently on active

Q-Do persons 72 years old or more who draw pensions from the Veterans Administration

A-No. But while a recent law excludes these pensioners who have been on the rolls during two consecutive years from filing questionnaires, they still

Explosion Rips Through Hereford Pure Milk Company

Continued From Page 1

the building and were not injured. Both were hit by flying debris but were able to run safely from the building, which is located on Main Street and U.S. 60.

The "twin explosion" rocked downtown Hereford and shattered windows within a five-block radius. Reports of blast indicated it was heard several

METAL SIDING, broken machinery and debris covered the immediate area around the building and U.S. 60 was closed and traffic re-routed for about an hour until emergency workers could begin clean-up work.

'I don't understand it yet why more

persons were not injured or killed," said Jay Spain, Hereford Fire Marshal. "With all the flying metal and that boiler, it's just hard to believe that someone wasn't

WITNESSES reported that parts of the building flew more than 300 feet straight up. Several persons also reported narrowly escaping injury by the flying pieces of the building.

Officials theorized that a "pop-off" safety device on the boiler was the initial cause of the blast. They also indicated that "twin explosions" then caused the damage to the surrounding buildings.

The twin explosions resulted first from the initial explosion and then from the repercussion of the blast off of Pitman Elevator, located just south of the milk plant.

Most witnesses testified to two consecutive concussions which caused their building to vibrate.

THE BOILER, located to the back of the milk plant building, exploded and first blew out the back and sides of the back-half of the building. Two milk service trucks parked in the rear of the building received heavy damage and were shoved back several feet by the force of the blast

The boiler itself then went up heading in a northeast direction. A tree located just outside the building was cut down first by the boiler before it started its two-block flight.

MRS. DORRIS DICKERSON, bank teller at Hereford State Bank drive-in window reported seeing the boiler come spinning through the air from the south-west. She said as it came down it clipped over" by the blast. the top off the Tucumcari Industries

where it ricocheted off a chain-link fence. She said it then flew up and cut a telephone pole into before hitting the street, bouncing off a pickup and finally stopping to the side of 2nd Street, just 50 feet short of her drive-in windo

building, landed across Sampson Street

THE BOILER carried much of the tree with it and dropped huge chunks of wood all along its 300-yard flight. Pieces of conduit pipe and electrical meter boxes were found thrown through a glass doorway two blocks away. One large piece of pipe crashed into the front of a car on display at Milburn Used Car Lot near several bystanders who were looking at another car. Heavy damage was done to the car hit.

Pitman Grain Elevator reported a total of 104 windows knocked out by the blast. Windows as far away as the Civic Club Center and over to Central

Elementary were shattered by the sound and wave concussion.

One piece of metal from the explosion ricocheted off the Fire Department building on Miles and 2nd Street and rammed through the back windshield of one of the fire truck units.

SEVERAL local residents reported being "knocked down" by the blast and

came in the window of her car, narrowly missed her and lodged in the back seat. Another man said his car was "moved

Most heavily damaged building other than the milk plant were those located north across U.S. 60 from the plant. Valdez Texaco, A-Z Tire and the Firestone Store all reported heavy damage to the front of their buildings. Almost all windows in a direct line from the explosion were shattered.

KIRKLAND said milk service to all local customers would continue on schedule despite the loss of the building. He said two milk service trucks have been rented to store fresh milk and that other local dairies have offered their storing services.

He added that repairs to the building will begin immediately and that it will be rebuilt in phases. He said the plant will remain in its present location, but that the building will be completely redone.

Where Were You At 11:58?

Continued From Page 1

rocked. I looked up and saw the boiler and chunks of metal flying through the

"I was petrified, but it really didn't occur to me that I might get hit. I was more worried about it smashing into my

"It (the boiler) nicked a corner off the roof of Tucumcari Industries and broke a nearby telephone pole like it was a matchstick. The pole fell against a car and the boiler grazed a pickup before it landed in the street (2nd Street).

'It's really a weird sight to look up and see a boiler flying through the air like that. I was rooted to the spot."

BENNY WOMBLE of Womble and Simpson Oil Company: 'There was just a terrific concussion which seemed to literally move the walls of our building. Everything was knocked off our top shelves.

"My first thought was of a train collision when I looked out and saw all the dirt and steam in the air.

The noise was so loud that my ears rang for several hours afterwards.

PITMAN GRAIN employe: "I had just walked out of the building (Pitman's) when it blew. I wasn't facing the right direction to see the explosion but the air was full of dirt and scraps of tin and iron.'

A SECRETARY at First National Bank: 'Of course, it was frightening. We were afraid we were going to lose all our

'It was a very severe shock. I have lived in Kansas and am accustomed to sonic booms. But this was at least 40.

times stronger.' Helen Smith, also of First National Bank: "Myself and Dub Hair had just stepped out of the bank when these chunks of galvanized pipe started falling around us. We tried to protect ourselves from the falling debris.

"From outside, it sounded like it was about 1/2 block away."

SEVERAL ladies at the Telephone Company: "We nearly died. We were scared to death because we thought the boiler in our basement had exploded.

"It was utter pandemonium. The alarms in the business office went off when the electricity was interrupted. One of us was ranting and raving. Everyone was terrified. The scene was mad.

'Our operators upstairs did not see the explosion when it went off and they were extremely busy afterwards. The switchboard lit up with calls from local people wanting to know what had hap-

THREE PEOPLE witnessed the explosion from their automobiles as they drove near the milk plant:

Jacky Messer: "I was about two and one-half blocks away when I saw the milk company building swell like a mushroom and then erupt. A huge brown cloud of dust rose to the top of Pitman Grain Elevator. Then I heard the sound of the

explosion. It was like hearing 300 pounds of nitrogen going off."

RAYMOND HIGGINBOTHAM: "I had just turned the corner by Pitman's when I felt the whole body of my pickup move. I thought I had gotten two flat tires. But then I saw the dust erupt and the metal started to fall around me. I thought something had happened at the

MRS. KEN KENDALL: "The whole scene was so terrific that it's really hard for me to explain my impression of the

"I was stopped at the intersection facing the milk plant when it exploded. I

A Dream House Or Haunted House

Events her alded by the

mysterious appearances of a

In Witch by Barbara that crowede around her. Michaels, Ellen March's just remodeled home was a silent refuge until strange terrifying events started occurring with each appearance of a white cat. Tim, the nephew of one of her new friends, seemed to be the center of it all, but what motive would he have?

The Deaf Smith County Library is open to the public free of charge on weekdays from 9 a.m. until 5 p.m. and Saturdays until noon.

WITCH By Barbara Michaels

It was a dream house, and Ellen March wanted to buy it the instant she saw it. She would have it-in spite of the work that had to be done on it, its isolation, and even the legend of the witch who had lived there and whose familiar-a white cat-was rumored to haunt the environs.

At 38, she was able for the first time to do what she wanted. For almost ten years, she had been a full time housekeeper and mother for two families-her own daughter Penny and the three sons of her dead sister. And Jack. But Jack was her sister's husband, and it would do no good to examine too closely her feelings for him.

Now they were all going away: Jack to a European assignment for the government agency he worked for, the youngest boy to join his brothers in college and Penny to boarding school. Ellen was on her own for the first time since her disastrous early marriage and subsequent divorce.

After two hectic months, everything was done. Ellen moved in, helped by her family, and told them goodbye with only a few tears. No, she promised them she was sure she would not be lonely. And she was not.

Almost immediately, her only neighbor came to call! Norman McKay was handsome, cultivated and shared Ellen's love for books. And Edward Salling-the town eccentricwas a dependable ally when Ellen's first efforts to become accepted in the tiny community nearby met with such cold

Until the horror began. Tim-Norman McKay's nephewseemed to be at the center of it all. The boy was as wild and as beautiful as a woods animal. And as dangerous

Ellen's beautiful house changed from refuge to prison as she tried to understand the strange and threatening events

A charter plane trip to the to leave Amarillo at 1 p.m. April Texas CowBelles' state con- 21 and return at 7 p.m. April 23, vention in San Antonio April 22 are asked to notify Mrs. N.E. Tyler, president of the Hereford

Regular round-trip fare to San Antonio is \$87.28; for a group of 35 or more it would be \$66.28, local CowBelles have been informed.

The convention is scheduled during annual Fiesta Week in San Antonio, and fiesta events are included on the program, Members' husbands are invited to all events. Headquarters will be in the historic Menger Hotel in downtown San Antonio.

Business meetings and workshops are scheduled Monday, April 22, with a Mexican fiesta dinner at 6 p.m.

After a general meeting Tuesday morning and a lunchean, visitors will be free to explore the city and fiesta.

El Llano Club Takes Trip

conducted by El Llano Study Club Tuesday evening in the home of Mrs. Fain Cesar before members went to Amarillo for dinner and to see the play, The Prisoner of Second Avenu

Questionnaires were handed to members concerning a YMCA in Hereford which is part of a survey conducted by the Chamber of Commerce office. of Germany, a house guest of Mrs. Elmer Kimball.

Members present were Mmes. Ben Childers, Labry Ballard, Ivan Block, Jim Bookout, Olen Caviness, Pete Caviness, R.W. Eades, Boyd Foster, Tom Hamlett, John Jacobsen, Kimball, Lloyd

Guests present were Mrs. Kirkeby, Melvin Thompson, Dick Winget and Christel Wich Raymond White and Joe White.

MAIL X-RAYED

Postal officials have been quietly X-raying mail of Sen ators and some members of the House in recent months for possible explosives, a congressional spokesman reports.

Benefit Fun Night Set Next Week

Kings Manor Auxiliary has set dates for two events next week, the semi-annual membership meeting March 19 and a benefit bridge—42 party March 22. Both are scheduled in Lamar Garden Room at the Manor, Mrs. J.J. Durham,

Auxiliary president, announces Tickets are on sale by members now for the benefit fun night, which will raise funds to complete a project of hanging new draperies in two wings of Westgate unit. The Auxiliary executive committee toured ese rooms at a recent meeting to see improvements made by

new paint and draperies.

Proceeds of a style show in December went to this project, and other gifts were received including \$100 from 1 a Affiliate. including \$100 from La Afflatus Estudio Club. Tickets for the fun night are priced at \$2; the public is invited to attend. At the membership meeting,

committee chairmen will report their activities and an orientation program for new members will be announced, Mrs. Durham said.

The spring membership drive is to be held soon, preceding open house May 5 on Kings Manor campus. This will be a Sunday afternoon event with the public invited to visit all sections of the campus and see the Manor's facilities.

Auxiliary membership is open to interested persons who wish to aid in any way its program aimed at improving the quality of life for residents of the retirement home. Artscrafts classes, transportation and social activities are important phases of the program, directed by various com-

common-sense law of life warns us not to do it. To do so proves just how weak and small we really are. It is vulgar. It is a Bible command. We are warned "not to take the name of the Lord Thy God in vain." Just why do we do it?

Is your soul calloused? Do you associate with wicked people? Do you mistakenly think it is smart? Do you own a dirty vocabulary? Just explain why you do it!

Your best friends don't like it. Your office associates hate it. Your family and even the stranger on the street condemn you for it. Why on earth do you do it? The Lord will not hold him guiltless that taketh His name in vain.

You never solved a problem, never gained a friend nor proved a reason for using swear words. You are losing your honor. God requires better of you. Regular worship in church will help you break the terrible habit. Learn to respect and honor God. Don't swear!

The Church in You for good. Every men, women and child needs the influence of the church. So, come let us go into the house of the Lord. Let us FIRST METHODIST CHURCH

Next Play, Other Spring

Events Set By Players

Non-Profit Theater Players are invited to present a

Association's spring meeting in brief dramatic skit for a

Representation at the Texas

Reading for parts in the next Chamber of Commerce discussed; several members Community Players production Women's Division. began Monday and will continue this evening and Sunday afternoon, open to any interested persons. The three-act comedy, The Paisley Convertible, is scheduled for April 19-21, under direction of Rosalind Rush.

Cast of the play includes two women and two men in the 20-30 year age range and an older woman. Tryouts will begin at 8 p.m. today and again at 2:30 p.m. Sunday, in the fellowship hall of First Christian Church.

The comedy by Harry Cauley takes its title from a couch-bed in the one-room city apartment of Amy and Charlie Rodgers. Charlie is a young intern in a nearby hospital and Amy an artist; a former romantic interest of each is also involved in the plot, with Amy's mother.

Readings began in Community Center Monday after the March board and membership meetings of the Players. Dates for the play were set to include a Sunday matinee, the first for Hereford Players.

Plans were made for the annual membership dinner on the opening night, with attendance at the play as the entertainment after dinner in Hereford Country Club.

This event climaxes the yearly membership drive and a package fee of \$10 will include a year's dues, the dinner and play, for both new and old members. Mrs. Jack Wilcox is chairman of arrangements for the evening.

Announcement was made that members are invited for a seminar on amateur theater, sponsored by Amarillo Little Theatre March 22 when its production of the comedy, Any Wednesday, will open. Incidentally, this is a play which Hereford Players staged last

Participation in the Com-munity Fine Arts Festival March 30 and 31 was planned, with a scene from The Paisley Convertible to be presented as the Players' contribution to this annual event sponsored by the

The Greek historian Herodotus and the Hebrew historian Josephus both mention a race of men in Libya who had no heads. They did, however, sport faces on their chests!

Alma Bailey, who had lived here since she was 12 years old. Martin was a barber in Hereford until his retirement a few years ago.

The Martins' one child is Lonidene Edmonson, who teaches at Tierra Blanca School. Ther are two grandchildren and a small greatgrandson. A grand-daughter and her husband, Mr. and Mrs. Don Maxwell of Amarillo, were here for the Sunday dinner. The other grandchild lives in Dallas.

GUEST MUSICIANS - Music Study Club and about 100 guests heard a special program Monday afternoon by a rock-folk group frm Amarillo, The Windmill, introduced by Mrs. Allen Cansler, center. Greg Jackson and David Quisenberry entertained with songs, several of their own composition.

Pop Group Heard By Club, Guests

Stage band members of Hereford High School were among special guests for an unusual program of the Music Study Club Monday afternoon at Community Center; presented by The Windmill, a popular music group from Amarillo. Approximately 100 members and guests heard the program. It featured original compositions of the young musicians, a folk-rock trio whose relaxed rhythmic style was applauded by the teenage

guests as well as the club members who more often hear classical music on their programs. The audience comprised listeners from eight months to 80 years of age. Texas Composers Day was

being observed by the club with this special guest day program. Mrs. Allen Cansler was the leader who introduced the entertainers. Greg Jackson, David

Quisenberry and Randy Brown are the trio members; the latter, a student at West Texas State University, was ill of a throat infection and unable to make the trip to Hereford. The two who appeared are both residents of Amarillo, who teach and play professionally.

go, shan surfachat in Hostesses for the afternoon were Mmes. W.T. Carmichael, Dale Young, Ellis Coombes, Dolson W. Palmer and J.C. McCracken. They served tea from a table covered in pale gold lace over taffeta, with shamrocks scattered over the surface and a large green Irish hat in the center.

Look Who's New

Mr. and Mrs. Rosalio Macias Valle are the parents of a son, Jesus, born March 11. He weighed 8 lbs. 4 oz.

Not everyone who plans a life can live it.

Hosts"Career Day"

Ageneral assembly at 10 a.m.

in the SPC Auditorium will kick

off the program. Two 'interest

sessions" are planned for 10:25

and 11:15 a.m. During the

sessions, students will be able to

talk with SPC faculty and staff

South Plains College in Levelland has extended an invitation to all area high school students to attend "Career Education Day" on Wednesday, March 20, scheduled in conjunction with Gov. Dolph Briscoe's proclamation of March as "Career Op-portunities for Youth Month."

Sessions with information on college courses and the careers they lead to and tours of the campus will highlight the day's events, said Don Melton, director of guidance at SPC and a coordinator of the program.

Régistration will begin at 8:30 a.m. in Texan Dome. Tours will originate from the Dome during sign in until 9:50 a.m. Students, teachers and others will then

hate the smell of fish. Every

get a chance to visit with several SPC representatives. available to students who enter any number of fields

Lunch will be from noon to 12:45 p.m., followed by a program of entertainment. The day concludes with visitations, tours and conferences starting at 1:30 p.m.

Mr. and Mrs. Elisha Bridges . . . to celebrate 50th anniversary

LEON RICHARDS SUGGESTS

Consolidate ...and get your bills under full control

Gather, up those nagging bills, those dragging charge accounts, your lagging expenses...bring them to financial bouse! Let us show you how to add them all together (consolidate!), pay them off in one convenient loan. Your payment may be less than your total monthly

Come in...call us. Consolidate to a larger loan... \$1000 ... \$1500 ... \$2000 or more. Act today!

> Leon Richards, Branch Manager 615 So. 25 Mile Ave. 364-4432

Cora Johnson reports.

Bessie and Elmer Patterson are a retired couple who give much of their time to church work, often going to places where the Church of Christ is starting new congregations, and helping launch their programs.

Mrs. Johnson had another piece of new from California. Her daughter Elaine, Mrs. Sam Hoover of Arcadia, won a trip as a salesman for World Books. and spent last weekend at a company conference in San

THE HONOR list at Texas Woman's University for the fall semester included the name of Lanita Herr of Hereford, a freshman at the Denton school. She is the daughter of the Raynold Herrs of 103 Aspen.

ONE of 17 students at Mc-Murry College, Abilene, who will go to Mexico during spring break to work with a church congregation near Puebla is Charles Allison of Hereford, a sophomore who majors in political science.

He is the son of Daisy Allison of 107 Beach, and a Hereford High graduate. The McMurry students will form a work group to remove a condemned building from church property so the congregation can rebuild. A similar outreach team from the college performed a similar Christ at Ventura, Calif., service for a church at Wednesday of last week, so Miraflores, Mexico, last spring.

Reception Marks Golden Anniversary

Friends and relatives of Mr. including one daughter, Linda and Mrs. Elisha Bridges of 220 Brevard are invited to attend a reception to honor their 50th wedding anniversary Sunday from 2:30 until 4:30 p.m. in the Medallion Room of Deaf Smith

Residents of Hereford since 1927, Bridges and Sadie Horn were married at Spur in Dickens County on March 17, 1924. The couple had 13 children

Kay, who is deceased. There are 25 grandchildren and four great-grandchildren.

Their children will host the reception. They include Loyd, Joe Billy, Merl, Edwin, Ronald, Donald and Jimmie Bridges of Hereford; Juanita Phillips and Betty Turner of Amarillo; Lucille Harper of Logan, Okla.; Earl and Frank A. Bridges of Casa Grande, Ariz.

Coupons Requested By BSP Council

to start saving Betty Crocker coupons to be donated to Girlstown in Borger for the purchase of a pickup.

A goal of 600,000 coupons was set up by Beta Sigma Phi City Council at a meeting Monday evening in the Community Room of First National Bank.

The coupons will be collected over a period of 18 months. The local sorority will launch a drive in the next few months.

Also, during the business session, members scheduled Beta Sigma Phi ritual night for

Hereford residents are asked 7:30 p.m. April 16 in Community Center, at which time preceptor and exempler chapters will be hostesses.

> Punch and cookies were served to members present. They included Mmes. Sparky Stephens, George Bullard, Ken Wiley, Chick Holbert, Kenneth Glenn, Fred Mulkey, Hicks Roberson, Joe Story, Johnie Burkhalter, Ken Walser, Max Stipe and Carla George.

Culture is the art of being unselfish with some of your

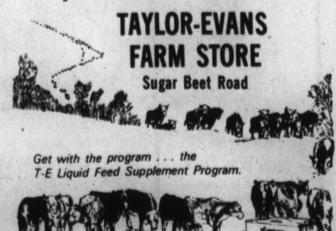

When the quality of your grass goes down, UP YOUR PROTEIN

with our special **Liquid Feed Supplement 32**

> The nutritional value of grass varies from time to time and from place to place. That's why T-E has developed a complete line of liquid feed supplements to meet all the conditions faced by cattlemen.

> T-E Liquid Feed Supplement 32 is the one to use when the grass is dry or poor. It delivers protein, phosphorus, vitamins, trace minerals. And it delivers the energy to make them get out and rustle for what grass there is.

Community Gift Is Made By Club

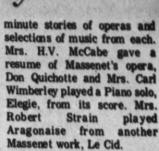

Gift of \$300 to the Dawn Community Association for its building fund was reported by Dawn Music Club when it met Tuesday afternoon in Mrs. Don Middleton's home. Support of this community project is a major activity of the music club this year.

Plans were begun for entertaining the annual fall convention of District I, Texas Federation of Music Clubs, in Dawn next Nov. 9. Delegates from clubs over the Panhandle will be present for the meeting.

Officers for the coming twoyear term have been elected in the club, with Mrs. Gerald Parker as president. Mrs. R.E. Curtsinger was named vice president, Mrs. Middleton secretary, Mrs. Edgar Sowell treasurer, Mrs. Dwane Nelson choral director, Mrs. Clarence Betzen reporter.

Mrs. Carl Kleuskens, president for the current term, will become parliamentarian. The new officers will be installed in May.

Subject of the program Tuesday was Opera, featuring

Mrs. Middleton told the story of Humperdinck's children's opera, Hansel and Gretel. The resume of Samson And Delilah, by Saint Saens, was given by Mrs. Alfred Smith and a familiar aria, My Heart At Thy Sweet Voice, was sung by Mrs. Ray Stewart with Mrs. Strain as accompainist.

A selection postponed from last month's program of American music, Somebody Loves Me (Gershwin) was presented by Mrs. J.B. Caraway, accompained by Mrs. Wimberley. Mrs. Smith told the story of the Hymn Of The Month, Holy Spirit Truth Divine, and the entire group sang it.

BACKBONE OF CAMPFIRE — Leaders of Campfire Girl groups on all age levels, the adults who work directly with girls in the program, are the ones responsible for its success in a community. Hereford leaders are directing plans for the annual celebration of Campfire Birthday Week beginning with church attendance Sunday. This group was honored at the recent Campfire Father-Daughter dinner, each receiving a pin denoting seven years as a Campfire leader. From left are Mmes. Dwain Walker, Vincent Walterscheid, Luther Lesly, Jerry Hix and Johnny Dupnik. A 10-year pin went to Mrs. Glenn Watts, not pictured.

International Tea Given

romen from other countries who live in Hereford, had Pioneer Study Club members as ostesses in Community Center Tuesday afternoon.

Honor guests were from four different countries, with Germany the native home of five: Mmes. E.G. Hill, Douglas Kelley, Leonard Click, Bill Kester and Erica Durham.

Three from Canada were Mmes. Robert Mayfield, Dick Coupe and Rudy Metz. Mrs. Emily Jones is from Hawaii and Mrs. Ludwig Kovaks from Jugoslavia.

Mrs. Herman Ford, program chairman, introduced the guests, who had registered at a table where Mrs. Ralph Mc-Cullough presided.
Mrs. H.E. Miller, public

relations chairman, welcomed the women who have brought glimpses of other cultures to West Texas homes, and each spoke briefly, telling something of her native country and of her residence here.

Miss Roberta Campbell, club president, expressed members'

Tea was served by the hostess committee, Mmes. Ted Panciera, Paul Rudd, William Wimberley and R.L. Wilson, Mrs. Wimberley played piano selections as a background for casual talk.

A flag of the United Nations was set in the center of a bouquet of red and white car-

was placed against one of the tall glass doors in the room. On either side of the flowers were mounds of fern in which a collection of tiny flags from countries all over the world were displayed.

Members present included Mmes. L.H. Lookingbill, Tandy Legg, W.F. Ball, John Heard C.L. Craig, O.G. Hill Sr. and

Sharon Hagans Is Shower Honoree

Sharon Hagans of Amarillo, a former Hereford resident and March 30 bride-elect of Bob Robinson of Amarillo, was honored with a bridal shower Sunday afternoon in the home of Mrs. Larry Summers of 500 E.

Bride-Elect Is Honored

Teresa Leon, April 5 bride-elect of Gary Williams, was honored with a miscellaneous bridal shower recently in the home of Mrs. F.H. King.

Miss Leon received guests with her mother, Mrs. Max Leon, her fiance's mother, Mrs. Charlie Williams, and Mrs. King. Each was presented a daisy corsage by the hostess. Karen Walden invited guests

to register and Lily Lyons, Kay Blasingame and Barbie Brown served punch, sandwiches and coffee.

Hostesses included Mmes. Fred Sims, C.T. Guseman, Carl McCaslin, J.M. Posey, Billy Wall, Kellar Muse, Joe Locke, Ronnie Traylor, Warren Koelzer, Bill Walden, S.S. Dodson, Ray Smith and Arnold

Justice is the goal, not necessarily the product, of

Miss Hagans' sisters, Mrs. Earl Jackson of Amarillo and Tammra Hagans of Cleburne served punch and white and green decorated cakes.

A white satin cloth with a net overlay covered the refreshment table and it was centered with an arrangement of white carnations and daisies with touches of lime green.

Out-of-town guests included the bride-elect's mother, Mrs. Preston Hagans of Cleburne, Robinsons's mother, Mrs. Glenn Robinson, and Mrs. Ocie

Dell Boyd both of Happy.
Hostesses assisting Mrs.
Summers were Mmes. Ray Boyer, Howard Gore, John Schneider, R.P. Glenn, Ronnie Houston, Charles Laing Jack Mitchell, Fred Mulkey, Jr., Richard Winget, Earl Stagner, Bill Kendall, Sam Long, also Jo Carter and Sharie Dameron.

NOTICE OF PUBLIC MEETING The Texas Highway Department wll conduct a public meeting in the District Courtroom of Deaf Smith County Courthouse in Hereford, Texas on March 19, 1974 at 7:30 P.M. The purpose of this meeting will be to gain knowledge to be used in a report to Congress on the Feasibility and necessity for constructing to appropriate standards a route from Amarillo, Texas or its vicinity to Las Cruces, New Mexico or its vicinity with the alignment to serve immediate locations or vicinities thereof of

Hereford, Texas and other towns and cities in New Mexico. This alignment will be generally along U.S. 60. This meeting will pertain only to that portion of this route in Randall, Deaf Smith, Castro, and Parmer Counties in Texas. All interested individuals and groups are requested to be present at this meeting. Come prepared to submit all pertinent data which you may have, both oral and wrtten, that would have any bearing on this

> NOTICE OF CITY OFFICERS' ELECTION

feasibility study.

City of Hereford Notice is hereby given that a City Officers' Election will be held on the 2nd day of April, 1974 in the above named city for the purpose of electing the following officers for said city: Commissioner Place 3 and Commissioner Place 4, Said election will be held at the

COMMUNITY CENTER

BUILDING The polls at the above designated polling place shall on said election day be open from 8:00 o'clock a.m. to 7:00

The absentee voting for the above designated election shall be held at City Hall Building, in said city, and said place of absentee voting shall remain open for at least 8 hours on each day of absentee voting which is not a Saturday, Sunday or an official State holiday, beginning on the 20th day and continuing through the 4th day preceding the date of said election. Said place of voting shall remain open between the hours of 8:00 o'clock a.m. and 5:00 o'clock

Dated this the 18th day of February, 1974.

PUBLIC HEARING NOTICE

OWNED

Street, Hereford, Texas 79045, has applied to the Texas Water Quality Board for an initial permit pertaining to a variable amount of rainfall runoff water containing wastes from the cattle holding pens (500 head). which are located at a point 2.3 miles northeast on U.S. Highway 385, then 0.5 mile south on a county road, adjacent to the east city limits of Hereford. Deaf Smith County, Texas. The rainfall runoff water containing wastes will be collected in holding ponds and utilized for irrigation. There will be no discharge to the surface waters of the State. A public hearing on this application will be held in Council Chamber, Room City Hall, 916 Texas Ave. Lubbock, Texas, 10:00 a.m. -

April 16, 1974. to receive

may be issued, and to determine whether State Certification in accordance with Section 401 of the Federal Water Pollution Control Act Amendments of 1972 may be issued. Preliminary information available to the staff of the Texas Water Quality Board indicates that a waste discharge conforming to the conditions shown in the Fact Sheet would not unreasonably impair the quality of waters in the State. Additional data will be developed at the hearing, but further technical information concerning any specific aspect of the discharge, if available, can be obtained by writing the Texas Water Quality Board, P.O. Box 13246, Capitol Station,

Austin, Texas 78711.
