Shopping Center Opening Slated

Seven Units Schedule Opening In Complex

By WAIN MILLER
News Editor

Hereford's push to become an area trade center gets one of its most powerful boosts this week as Sugarland Mall Shopping Center marks the opening of seven retail stores under one five-acre roof.

Grand opening of the north Hereford complex being built at a cost of \$1.2 million starts Wednesday with a ribbon-cutting ceremony at 8:45 a.m.

Shortly thereafter, doors will open for four retailers in addition to the three which have been opened previously.

The shopping center opening comes close on the heels of last summer's completion of Downtown Variety Park — a Main Street sprucing-up project.

The seven stores opening this week are the first completed of 13 businesses which have contracts signed for space in Deaf Smith County's most unique shopping complex. A formal grand opening for the center is slated for July after all stores are open.

SPOKESMEN for the shopping center said that all 13 stores will be open prior to May 1, and that negotiations are currently nearing finalization for several other businesses to be located in the center.

A year-round climate-controlled and enclosed mall provides access to all businesses in the complex, which is surrounded by parking for 869 autos.

ALL STORES are under one roof, which has a total area of 160,000 square feet, or some five acres, 19,300 square feet of which is devoted to the spacious and unobstructed mall. Parking area pushes the total area of the complex to 16 acres.

Open as of Wednesday morning will be: —J. C. Pennys, which will become Deaf Smith County's largest retail store with 28,500 square feet of space in the department store located at the north end of the mall, plus an additional Auto Service Center with 4,000 square feet.

—Furr's Super Market, with 18,000 square feet, which was the first unit of the shopping center to open.

Ramsey Pleas Guilty

Garrett Milton Ramsey entered a plea of guilty in district court here Saturday to a charge of burglary in connection with a \$9,000 safecracking theft at Cooper's Market in Hereford in 1961.

ENTERING the plea before District Judge Harry Schultz, Ramsey appeared in court here while out on bond from Weatherford on another charge.

Formal sentencing of Ramsey is not scheduled until March 17, but a judgement filed in the district clerk's office here Saturday said he would be ordered to serve three and a half years in the state penitentiary.

ONE TRIAL had been held here for Ramsey in 1961, but an error caused a retrial to be ordered.

Before Ramsey was returned to Deaf Smith County for retrial, he was sentenced to a prison term in California.

A sheriff's office spokesman said that the district court jury venire ordered to appear in district court Monday would be excused as a result of the guilty plea.

The plea entered in court Saturday. See RAMSEY Page 2

Filing Deadline, Registration Rulings Near

Thursday and Friday are final days to file for upcoming Hereford school board and city commission elections.

Thursday at 5 p. m. is the deadline for filing for the April 2 school trustee election.

Tax assessor-collector Orpha Click said that only persons to file this far for the school board election are three incumbents — Hugh Clearman, Bill Gentry, and Olin Parris — whose terms expire.

Friday is deadline for placing names on the ballot for the April 4 city commission election.

INCUMBENTS Albert Maxwell and Lloyd Sharp are the only candidates announced thus far.

Filing for that election may be done by contacting the city secretary or Mayor Ray Covert.

Meanwhile, local officials are awaiting word on the date of the 15-day voter registration period, according to Mrs. Nell Miller, county tax assessor-collector.

Mrs. Miller also pointed out that those persons over the age of 61 who received exemptions last year should come to the tax office in the courthouse in order that precinct designations may be updated for the redistricting which became effective Jan. 1.

Deaf Smith County citizens increased their per capita giving to the 1965 United Fund Drive by 72 cents over the per capita donation in 1964 to reach the UF goal for the first time in several years.

Figures released Friday by the Texas United Fund, Inc., showed that the per capita contribution to the Deaf Smith County United Fund in 1965 was \$2.25 — just one cent below the national median for cities of less than 25,000 population.

But the 1965 per capita gift figure far surpassed the 1964 mark of \$1.53 for this county's contributions to the United Fund.

THE INCREASED per capita giving brought the 1965 United Fund Drive contributions over the \$30,180 goal by more than \$100.

It marked the fourth time in the nine-year history of the local UF that its goal was reached.

The \$30,758.87 collected in 1965 went to support nine member agencies.

BENEFITTING from the increased per capita giving were: Hereford Little League, Salvation Army, Camp Fire Council, Council on Alcoholism, Pony League, Boy Scouts, Red Cross, Amarillo Cerebral Palsy Center, and the USO.

President of the 1965 United Fund was Clint Formby, Drive chairman was Ed Skypala.

WORK HAS already begun towards the 1966 United Fund appeal with the naming of Mel-

vin Jayroe to head the organization at a recent meeting of the UF board.

Hereford's per capita average gift to the United Fund in 1965 was compared to other area

towns and cities: Amarillo, \$3.81; Lubbock, \$3.74; Plainview and Pampa, \$2.26; Lamesa, \$2.16; and Odessa, \$2.28.

Per capita amounts were based on population figures reported

by the communities, the Texas United Fund release said. The national average of \$2.26 for cities of less than 25,000 was provided by the United Community Funds and Councils of America.

AT WATER POLLUTION BOARD MEET

Pollution Conference Set

(Special To The Brand)

AUSTIN — A massive effort to set a "reasonable policy" for the cleanup of pollution conditions on Tierra Blanca Creek was launched Thursday by the Texas Water Pollution Control Board.

Board member Sam Wohlford, former state representative from Stratford, was named to present the state position in a conference with cattle growers, feed lot men, members of the packing industry, vegetable processors and state, local and federal officials.

THE BOARD staff is to contact Hereford industries and officials to schedule such a conference. City officials of Hereford and Canyon are expected to be invited to take part, as will representatives of Texas A&M University and Texas Technological College. Date for the conference has not been announced.

WPCB board chairman Joe Moore called Tierra Blanca an "increasing problem because of the area's expansion." State Health Department member D. F. Anderson said a recent survey indicated the problem was

caused by many sources in addition to feed lots.

"VEGETABLE processing plants, packers and others should be required to have permits," Anderson said. "We have a list of these and many do not."

Moore said staff letters were sent to some operators and replies have shown a good response toward cooperation.

"SOME CORRECTIONS have been made," Hugh Yantis, chief engineer, said.

"WE WANT everyone to be included in our talks with Mr. Wohlford," Moore instructed. See POLLUTION Page 2

ROOM FOR 1800 — La Plata Junior High School, currently under construction in northwest Hereford, is rapidly taking shape, as this photo from the air shows. The large wing of the building at lower left is for the gymnasium, which will be home for Hereford High School basketball games following completion. The dotted line shows the approximate area of the basketball court. Remaining portion of the vast wing will house seating for some 1,800 persons or more. Dressing rooms will be constructed beneath the seating stands. The gym will also be home for the La Plata Junior High School Mavericks athletic teams. Completion is scheduled for July. MUSEUM STILL TALKED

County Historical Projects Listed

Members of the Deaf Smith County Historical Survey Committee are currently in the process of obtaining additional markers denoting sites of local historical interest.

THIS, PLUS the fact that the committee is still working towards establishment of a county museum, were pointed out Saturday in an interview with Mrs. Elmer Patterson, chairman of the county's historical survey committee.

Members of the committee are planning to attend a regional meeting Saturday in Canyon, where officials of the Texas State Historical Survey Committee will outline the statewide "RAMPS" program.

"Recordation, Appreciation Marking, Preservation, and Surveying" of county historical sites structures, and landmarks is the goal of the RAMPS program, pushed by the statewide committee which is an official arm of the State of Texas.

And the Deaf Smith County Historical Survey Committee is

cooperating wholeheartedly, Mrs. Patterson said.

SHE POINTED out that an official Texas Historical Marker has been ordered, which will be placed near Hereford High School to mark the site of the former Add-Rann (Panhandle Christian) College, which functioned in Hereford from 1902 until 1912.

The county committee is cooperating with the ex-students of the college to obtain the marker.

MacKenzie Trail will also be marked with a plaque obtained by the committee. Mrs. Patterson said that this marker has already arrived and will be placed south of Hereford on U. S. Hwy. 385, where the famous Indian-fighter Randall MacKenzie is believed to have passed while patrolling this area in the mid 1870's.

The committee last year placed markers on the county courthouse in connection with the program.

Chamber Officials Attend Workshop

Several Deaf Smith County Chamber of Commerce members and officials will attend the second in a series of four Leaders Workshops for local chambers and other community organizations in the 132-county West Texas Chamber of Commerce area to be held Wednesday in Canyon.

The program is sponsored jointly by the WTCC and the Canyon Chamber of Commerce.

Oliver Streu, member of the DSC Chamber membership committee and recipient of its 1965 award for outstanding membership development will speak on selling and retaining chamber members.

KEYNOTE speaker will be John Sheppard of Odessa, vice president of the WTCC, former attorney general and secretary of state for Texas, president of the Texas State Historical Survey Committee and member of

the Texas Industrial Commission.

His subject will be "leadership responsibility."

The workshop will open for registration at 9:30 a. m. in the lounge of the Student Union Building, West Texas State University. Opening session will begin at 10 a. m. with Charles D. Lutz, president of the Amarillo Chamber of Commerce, presiding.

Invited to attend the meeting. See CHAMBER Page 2

District Court Sentences Five On Guilty Pleas

Five persons were sentenced by Judge Harry Schultz in district court here this week after entering pleas of guilty.

Two persons charged with forgery were placed on three years probation. They were Jose Vigil Garcia, Laredo Hotel, who was arrested Dec. 30 by sheriff's deputies; and Mario Carzales Zamora, 307 Ave. F., arrested at the same time.

Ordered to serve 18 months in county jail after pleading guilty to charges of driving while intoxicated, second offense were George H. Carlyle, 865 N. Lee, arrested December 14 by the Highway Patrol; and Eska Lee Rogers, 521 Ave. K, arrested Dec. 2, by city police.

Placed on three years probation on a charge of driving an auto without the owner's consent was Willie Lee Lawson of Marrison, Ark., arrested Jan. 9 by the highway patrol.

WT Symphonic Band In Concert Here Monday

The 65-member West Texas State University Symphonic Band will perform in a concert at 7:30 p. m. Monday in the Hereford High School auditorium.

Band members are a select group and they will perform 14 concerts during a five-day tour of the area.

Gary Garner is the conductor of the bands at WTSU and will be the director during the local concert.

The symphonic band will also appear in Friona, Tulia, Amarillo, Dumas, Stinnett, Spearman, Perryton, Borger, Plainview, Memphis, Vernon and Wichita Falls.

CLIMAXING the tour, the group will perform in concert for the regional contention in Fort Worth of Tau Beta Sigma and Kappa Kappa Psi, national fraternities for women and men in band.

Assistant directors Donald Baird and David Ritter will appear on the program as baritone and trumpet soloists.

ceremony at 8:45 a. m. will be attended by officials of merchants in the center. Mayor of Hereford Ray Cowser and City Manager Dudley Bayne, Chamber of Commerce President Raymond White and chamber manager Bill Thompson, other dignitaries, and representatives of the press, according to Clete Corlis, manager of the Sugarland Mall Merchants Association.

The project was organized by W. B. (Dub) Rushing of Lubbock, who took over preliminary work towards the center by Jack Bradley of Hereford.

Henry Huneke, also of Lubbock, is president of Sugarland Mall Shopping Center, Inc. Joe Agular of Lubbock handled financial arrangements; Gordon Denton is secretary-treasurer, also of Lubbock.

Jack Carnes, project co-ordinator, said some 85 percent of the total space in the center has been leased to 13 stores, which in addition to the ones mentioned above, are:

The Pants Cage, Mode-O-Day, King's Candy, Mademoiselle Coffures & Fashion Wigs, Sugarland Fabric Care Center, and the Hickory Log Restaurant.

CURRENTLY under negotiation are leases for a jewelry store, a gift shop, a high-fashion department store, several ready-to-wear shops, a men's store, and a barber shop, Carnes said.

All stores in the center are expected to be open by mid-summer, with a formal grand opening for the complex planned in July or early-August.

General contractor for the mall is James E. Walker Construction Co. of Lubbock.

THE MALL will be kept at a year-round temperature of 72 degrees and will also feature music from speakers in the ceiling.

Carnes said there will be no merchandise displayed in the mall; which will be a clear span reserved for shoppers and decorative plants and shrubs.

Concerning the stores open this week, it was pointed out: J. C. PENNY Co. has closed its downtown location and moved to a six-times-larger store, which will feature a greatly-expanded inventory in all departments, plus the addition of many new departments.

Included is a Penneys Auto Service Center, located apart from the mall itself. This facility will offer a full line of auto services, and special emphasis on tires, batteries, and accessories.

In the 28,500 square foot Penneys department store on the mall, departments in addition to those existing downtown include garden furnishings and equipment, Hallmark greeting cards, jewelry, records, men's suits, shoes, drapery supplies, kitchen utensils and cookware, paperback books, a western

wear department, and luggage. Penneys manager Clete Corlis said Wednesday's shopping center store opening falls on the same day as the nationwide J. C. Penny Co. 64th Anniversary celebration. Penneys had been at its downtown location here since 1931.

DUCKWALL'S Variety Store opening here will make the 98th store in the chain, which has headquarters in Topeka, Kan.

Hal Linquist, Duckwall's manager, said the store will offer all traditional variety store lines and will feature household goods, toys, wearing apparel, shoes, stationary, sewing goods and accessories, peice goods, infants wear, and a large line of decorative items.

ROGERS-MILLER Walgreen Drug is operated by Grady Rogers and Robert Miller. Rogers has closed his downtown store. Miller formerly operated a pharmacy in Park Avenue Shopping Center.

The drugstore in the shopping center is twice as large as the former downtown location, which Rogers operated for 19 years.

Three pharmacists, Rogers, Miller, and John Tomasi, will be on-duty at the store, which will also feature an enlarged gift department in the near future.

MONTGOMERY Ward Catalogue Store has also moved from a downtown location where it had been housed since 1955.

Lonnie Isch, Wards manager, said that the new location will house twice the inventor housed downtown, while retaining the catalogue service.

Wards will open Monday at 9 a. m. and will participate Wednesday in the mall opening celebration. Isch said Wards will expand its Hereford inventory of appliances, radios, televisions, tires, and batteries, and will expand its service and delivery offerings.

KIRBY'S SHOES, also locating in Hereford for the first time, is the latest unit in a chain of more than 100 stores located in California, Texas, and New Mexico. Headquarters is Los Angeles, Cal.

Manager is Lupe Uellar. He said the store offers a full line of shoes for the entire family, as well as matching accessories.

FRONTIER STAMPS Redemption Center has been open for several weeks in the mall and is managed by Mrs. Alvis Jolly.

The redemption center carries a wide variety of items listed in the Frontier Stamps Catalogue, and can obtain those not in stock, Mrs. Jolly said. Featured are household goods, toys, and decorative items. Frontier Stamps headquarters is in Lubbock.

Included is a Penneys Auto Service Center, located apart from the mall itself. This facility will offer a full line of auto services, and special emphasis on tires, batteries, and accessories.

In the 28,500 square foot Penneys department store on the mall, departments in addition to those existing downtown include garden furnishings and equipment, Hallmark greeting cards, jewelry, records, men's suits, shoes, drapery supplies, kitchen utensils and cookware, paperback books, a western

VFW Post Officials Comment On Membership Regulations

Charlie Morris, Commander of Veterans of Foreign Wars Post 4818 of Hereford, announced Friday that the annual election of officers for the post will be held at the regular meeting to be held on April 21 at 8 p. m.

Nominations for officers will be accepted at the Post's regular meeting on April 7 at 8 p. m.

MEMBERS or officers who have not yet paid their 1966 membership dues are delinquent and forfeit right to participate in any club of Post activities, including elections, he pointed out.

Eligible veterans were reminded that the VFW encourages new ideas concerning the Post's undertakings.

Quartermaster John Green said that "The present membership includes many veterans from surrounding communities, such as Dawn, Bovina, Friona, and others.

"WE ENCOURAGE this membership because of the impact of Veterans legislation on a national scale and the importance of each individual veteran.

"Membership in organizations such as ours has much to do with how such legislation is shaped up in Congress and the greater the membership, the more influence it can exert to present

Weed Control Meeting Cited By County Agent

Deaf Smith County Agent Juston McBride encouraged Hereford area farmers interested in learning about latest techniques in weed control to attend the 19th Annual WEED Control Conference Thursday in Amarillo.

"INASMUCH as there will not be a weed control conference in Hereford this year, we feel it is important to farmers of this area to give consideration to attending the district weed control conference in Amarillo," McBride said.

The conference is sponsored by the Texas Weed Control Association and Texas AYM University.

It will get underway at 9 a. m. Thursday and conclude with a noon luncheon in the Holiday Inn West in Amarillo.

Numerous agricultural experts and weed control specialists will appear on the three-hour program to discuss various types of weed control techniques with all crops grown in the area.

DEMONSTRATES METHODS — Howard Casey demonstrates the different methods of calling animals with different devices. Casey is president of the National Varmint Callers Association and presented a demonstration and film to some 40 area sportsmen Thursday in Hereford. Casey has used this method of hunting all over the United States. (Staff Photos)

Area Sportsmen View Animal Calling Film

Approximately 40 area sportsmen turned out Thursday evening to view a demonstration and film on the sport of animal calling presented by Howard J. Casey, president of the National Varmint Callers Association.

Casey demonstrated how a call similar to a duck calling device can be used to

attract almost any kind of animal for a number of different reasons.

A hunter may use the call for killing purposes or he may want to hide in the brush and call the animal up close to him so the animal can be photographed.

The call device looks and sounds much like a duck call, only is pitched somewhat higher.

Casey explained how the device worked. When the hunter blows the device properly, it sounds like a distress call of the jackrabbit.

THIS CALL will attract many animals out of hunger, such as the coyote or the bobcat. These animals will run up on the hunter thinking they are in for an easy meal, Casey explained. Other animals will come to

the aid of the animal, such as another jackrabbit, but other animals come to the call out of curiosity. Casey said that of times he has called up deer and other such animals.

The film which was presented at the program was taken in south Texas and the Big Bend Country.

IT SHOWS the actual use of the call and how the hunter can attract different animals.

Casey said that the varmint calling is a hobby for him and he has spent many hours working on the call and has many trophies for animals which he has called up and shot.

The callers association now has a contest running for hunters and photographers who use the call.

HUNTERS WILL be given so many points for each animal

they kill after calling them up and the photographer will be given an award if he has the best close-up photo of a wild animal. Casey also spends a part of his time writing for "Tam" magazine which is the official publication for the association.

Racing Group Sets 'Go Woah' Contest Today

Area drivers will get a chance to test their driving skills this afternoon in the Hereford Racing Association's "Go Woah" contest at 2.

THE CONTEST will be held on a country road one mile south of Hereford on Hwy. 384 and a quarter mile west.

"Go Woah" is a test of driving skill in which drivers compete against elapsed time on a 100-yard course.

Object of the event is to travel the 100 yards in the fastest time, but the "catch" is the rules that the autos must not spin tires when taking off or skid

when coming to a stop, with the front tire resting on a mark 100 yards from the starting point.

EACH DRIVER will be given three tires and may drive any license vehicle.

Trophies will be presented to winners.

Admission for spectators is 50 cents and an extra 50 cents will be charged for those who wish to compete in the contest.

Proceeds will go to the Hereford Racing Association for construction of an oval dirt race track.

After 22 games last season Sandy Koufax of the Los Angeles Dodgers had a 16-3 record and a 2.02 earned run mark. At season's end his record in 43 games was 26-8 and his ERA 2.04. He was 19-5 in the second half.

WIN INVITATIONAL MEET — These four members of the Hereford Whiteface golf team comprised the winning scores to take a win at the Hereford Invitational tournament Saturday. Pictured are Jimmy Young, Mike Horton, Andy Channer and Roger Owen. Steve Hendon also played on the team, but his score was eliminated. Five players were entered from each of eight schools and the top four scores counted toward the total. Hereford players will go into action again next Saturday when they travel to Muleshoe for their first conference tourney. (Staff Photos)

Baseball Positions Told For 1966 Whiteface Team

Good weather this week allowed the Hereford Whiteface baseball team to get in some good work outs as the date of their first game approaches.

HEREFORD WILL tangle with the Pala Duro Dons a week from Tuesday here at 4 p. m.

Coach Don Dorman made his position assignments last week and will be deciding on the starting lineup during the first few days of this week.

Catcher will be Steve Hodges and Phillip Cain.

At third base will be Ray Martinez and Cain.

SHORT STOPS will be Robert Wagner, Alex Diaz and Bill Watts.

Brant Knox and Gene Duvall will man second base during the spring season.

Barry Johnson and Leaton Noyes will cover first base for the Whitefaces.

Ed Mims, Lynn Betts, Diaz, Johnson and Noyes will be taking turns at the pitchers' mound for the local nine.

WATTS, KELLY Tyler, Kenney Hager and Greg Richards will play in right field.

Gary Tucker, Roger Beasley, Mike Banner and Gary Richardson will be in center field.

Robby Lemons, Mike Davis and Ralph Loerwald will man the right field.

From all these players coach Dorman will select a starting line up for the first game, March 8.

DORMAN ALSO said he will have to narrow down the number of boys who travel with the team. He expects to travel with 12-15 players out of the 22 out.

Hereford has a tough non-conference schedule with the first eight games scheduled with 4-A schools in the area.

Dorman said he expects the

first eight games will really bring the men around and help shape them into top-notch team.

ONLY THREE schools in the district are sporting baseball teams this year. This will be the first year for the Canyon Eagles in the district competition.

Dumas and Hereford are the only other two teams in the district.

Each of the district teams will play each other three times to decide the winner of the conference crown.

of doubles targets with three classes.

SHOOTERS WILL be able to use one of two traps, with one of them just being installed this week to help accommodate the growing club.

This is the first of three shoots scheduled on the last Sunday of the month.

The next shoot will be held the last Sunday in March.

Lehigh University has won the Eastern intercollegiate wrestling championship 17 times.

Registered Shoot Set Today By Local Gun Club

Action in the Hereford Gun Club's first registered shoot of the year will get underway at 10 a. m. today at the shooting range at the municipal air port.

THREE HUNDRED targets 116 feet away will be on the program with four classes in this division.

There will also be 100 handi-cap targets set up and 50 pair

Whiteface Duffers Win Hereford Invitational

spts set 7 repro 2-24-whiteface Hereford golfers took first place in the Hereford Invitational golf Meet Saturday at the local course.

NINE TEAMS were entered in the event with two teams representing the Whitefaces.

Each team was comprised of five players with the top four scores counting toward the total score.

Jimmy Young and Andy Channer were the low men for the Whitefaces with a four-over-par 74 on 18 holes in the tournament.

Roger Owen was the third on the list with a six-over-par 76 for the day.

MIKE HORTON shot a seven-over-par 77 on the course for the fourth position on the Whiteface team.

Steve Hendon shot a nine-over-par 79 on the 18 holes for the fifth spot on the local team.

on the team for the first time this year.

Roger Thompson of Olton was the medalists in the event with a two over par 72 in the event.

THIS WAS the second non-conference meet for the Whitefaces and this was the first win for them this season.

Last week the locals took fifth place in the Roswell Invitational at Roswell.

The team competed with 10 other teams all of which were 4-A schools.

Clovis took second place in the Saturday event and Amarillo High School took third.

OTHERS PLACING were Pam pa, fourth; Pala Dro, fifth; Olton, sixth; Friona, seventh; Tullia, eighth, and Hereford B-team ninth.

Hereford duffers will travel to Muleshoe next Saturday to begin conference play.

All of the schools in the dis-

Both Horton and Hendon are champion this year and most of their starters are returning.

Only three players hit two National League home runs against Dodger Sandy Koufax during 1965. They were Dick Stuart of the Phillies, Mack Jones of the Braves and Cap Peterson of the Giants.

ONE MINUTE, PLEASE

THE CHURCH I LOVE
REJOICES BECAUSE OF THE DWELLING OF THE HOLY SPIRIT (11th of a series)

"You are on the spiritual level, if only God's Spirit dwells within you; and if a man does not possess the Spirit of Christ, he is no Christian. But if Christ is dwelling within you, then although the body is a dead thing because you sinned, yet the spirit is life because you have been justified. Moreover, if the Spirit of him who raised Jesus from the dead dwells within you, then the God who raised Christ Jesus from the dead will also give new life to your mortal bodies through his indwelling Spirit." (Rom. 8:9-11) NEB)

"Surely you know that you are God's temple, where the Spirit of God dwells. Anyone who destroys God's temple will himself be destroyed by God, because the temple of God is holy; and that temple you are." (1 Corinthians 3:16, 17) NEB)

"Do you not know that your body is a shrine of the indwelling Holy Spirit, and the Spirit is God's gift to you? (1 Corinthians 6:19) NEB)

"I mean this: if you are guided by the Spirit you will not fulfill the desires of your lower nature. That nature sets its desires against the Spirit, while the Spirit fights it." . . . But the harvest of the Spirit is love, joy, peace, patience, kindness, goodness, fidelity, gentleness, and self-control . . . If the Spirit is the source of life, let the Spirit also direct our course." (Galatians 5:16-25) NEB)

The Holy Spirit is given as an indwelling power to the obedient. "Repent," said Peter, "Repent and be baptized, every one of you, in the name of Jesus the Messiah for the forgiveness of your sins; and you will receive the gift of the Holy Spirit." (Acts 2:38) NEB)

"And we are witnesses to all this, and so is the Holy Spirit given by God to those who are obedient to him." (Acts 5:32) NEB)

"And may the God of hope fill you with all joy and peace by your faith in him, until, by the power of the Holy Spirit, you overflow with hope." (Romans 15:13) NEB)

YOU ARE ENCOURAGED TO STUDY

Our Thanks To You...

Mr. & Mrs. Grady Rogers

as you close Rogers Drug and begin a new business and congratulations to you as you enter your 20th year of pharmacy service to the people of Hereford.

Your untiring devotion to your work and to the welfare of each and every person who enters your place of business has made our association with you a relationship which is something more than that of employer and employee. Your constant concern for our well-being and the enthusiasm with which you help us has given you our loyal and loving devotion.

As we begin a new challenge together, we want to publicly thank you for our well-being and pledge ourselves to work with you the best we know how. As always, the welfare and satisfaction of our customers is our main concern.

Thanks again, Grady and Claudine Rogers, and may God bless you.

Hasn't the weather the past few days been nice?

WE HAVE GOTTEN out and really enjoyed ourselves. Friday afternoon we visited with coach Don Dorman on the baseball field and watched some of the players at the home plate.

Steve Hodges looks like a good prospective slugger.

Ed Mims is shaping up as a pitcher. In fact the whole team is shaping up real well.

They really have a tough schedule ahead of them. The first eight games are with 4-A schools.

Saturday morning was almost perfect weather for the first local golf tourney of the year as the Whitefaces chalked up a win for themselves.

IT LOOKS as if all the local duffers are shapping up good for the coming conference tournaments.

And of course the thincads have been out and about and entered their first competition Saturday at Fort Stockton.

Booster Club members will be back on their regular schedule Monday evening when they meet at the Community Center at 8 p. m.

The club did not meet last week so the members could attend the Fabulour Magicians basketball game.

SPEAKING of the Fabulous Magicians. We understand that the Hereford Lions earned a good deal of the necessary money to buy the new scoreboard for the La Plata Gym.

We were out at the construction site earlier this week and were surprised to find that the gym looks huge as compared to the old Whiteface Gym.

We understand that the new facilities will seat some 1,800 to 2,000 persons for the Whiteface games next year.

This will surely be an im-

provement over the seating capacity in the high school gym.

SEVERAL TIMES this year there was standing room only for the spectators of the games.

We also found that the press facilities will be much roomier than in the past. We won't have to straddle the table leg next year for the home games.

It sounds as if the local coaches are in for a real treat when they attend the West-Texas State Coaching Clinic the weekend of March 11-12.

We have read where they will be hearing some of the top athletes and coaches in the clinic. **ALL OF THE** coaches from Hereford will be attending the clinic, according to coach Jack Meredith.

Coaches from Hereford are Meredith, Willie Williams, Joe Brooks, Clyde Coleman, Don Dorman, Harold Sides, Cuby Kitchens, Ray Don King, Pat Pri-vett and Don Taylor.

Members of the Hereford Gun Club will be getting into full swing today as they kick off their first registered shoot of the year.

THE MEMBERS will also be shooting at other meets over the area.

We understand that the club is sporting some real marksmen.

PRIESTLY GARB SCARES BABIES

DUBLIN — Priests should be given a chance to escape from drab, old-fashioned clothing, suggested Father Jerome Toner, O. P., writing in the Dominican magazine Irish Spotlight.

"We should be ministers of joy and light and why should we look gloomy and drab?" he asked. "Even babies are frightened when a huge black shadow bends over the pram."

Walter Rogers Participates In Minerals Review

Congressman Walter Rogers will take part this week in a sweeping review of Government policies affecting the minerals and metals stockpile program — and the impact of stockpile sales upon the domestic mining industry.

Congressman Rogers, a member of the Subcommittee on Mines and Mining of the House Committee on Interior and Insular Affairs, said the public hearings will constitute "one of the important studies to be undertaken in this Session by any Committee of Congress. The Nation's security and the well-being of our domestic mining and minerals industry are highly dependent on the sound administration of policies affecting the \$8.1 billion stockpile."

Hearings will be held Tuesday, Thursday, and Friday, Congressman Rogers said.

"**MATERIALS** valued at \$4 billion are now considered by the Office of Emergency Planning to be excess to presently determined needs. The way in which this excess is disposed of is of primary importance to the

domestic mining industry," Congressman Rogers said.

He pointed out that the stockpile of such minerals as aluminum, copper, lead, zinc, and mercury was created for use in a national emergency. "The stockpile is not maintained to be used as a source of cheap minerals for the advantage of anyone or to the detriment of the mining industry, and it was not intended to be used as a means of indirect price control."

On Monday, Congressman Rogers will preside as another subcommittee of the House Interior and Insular Affairs Committee receives testimony on the saline water program proposed for the fiscal year beginning July 1. Congressman Rogers is subcommittee chairman.

Meanwhile, the House Committee on Interstate and Foreign Commerce, on which Congressman Rogers serves as ranking majority member, has scheduled two days of hearings on a bill introduced by Congressman Rogers to free railroads and other common carriers from punitive taxation policies.

Among measures scheduled to come before the full House of Representatives this week is the defense authorization bill providing supplemental funds with which to conduct the war in Viet Nam.

Former Resident Of City Is Dead

Sunday afternoon funeral services are planned for Raymond Reford West, 52, former Hereford resident who died Friday in his home at Amarillo. The Rev. Carlos McLeod, pastor, will officiate at rites in San Jacinto Baptist Church at 3 p. m. today.

Burial will be in Dreamland Cemetery at Canyon by LaGrone Funeral Chapel of that city.

West was a member of the I. I. West family, Hereford residents during his boyhood, and he attended schools here until the family moved to Amarillo in the early 1930's. He was a World War II veteran, holder of seven Bronze Stars and a Distinguished Unit badge.

Survivors are his wife, his mother and two sisters, Mrs. J. D. Burton and Mrs. C. C. Hamilton, of Albuquerque. Mrs. Tom Hargrave of Hereford, is a cousin.

USDA Advises Same Acreage For Potatoes

Texas growers will plant the same number of acres to early-summer potatoes in 1966 as they did in 1965, if they follow the guides suggested by the U. S. Department of Agriculture. Such plantings, when added to acreages recommended for other states, should provide enough potatoes, without excess, for all our needs, points out the Texas Agricultural Extension Service. In 1965, Texas growers planted around 11,900 acres to early-summer potatoes. The USDA acreage-marketing guides also suggest that plantings in some fall-crop states be reduced, to bring about an overall cut of 6 percent. If per-acre yields are near normal, specialists of USDA's Consumer and Marketing Service explained, the recommended summer and fall production in 1966 would total 232.2 million hundredweight. This would be about the same as the 1964 and 1965 average. These guides, coupled with those for winter and spring crops, call for total U. S. potato plantings for 1966 of 1,357,970 acres — about 5 percent less than in 1965. The recommendations anticipate that demand for food potatoes — especially for processed potato products — will increase for a new record.

Legal Notice

THE STATE OF TEXAS — GREETING: To any Sheriff or any Constable within the State of Texas —

You are hereby commanded to cause to be published once each week for four consecutive weeks, the first publication to be at least twenty-eight days before the return day thereof, in a newspaper printed in Deaf Smith County, Texas, the accompanying citation, of which the herein below following is a true copy.

CITATION BY PUBLICATION

THE STATE OF TEXAS

TO: FLORENCE PARCELLS, also known as FLORA PARCELLS, and husband FRANK B. PARCELLS, and the unknown heirs and/or assigns and legal representatives of the said Florence Parcells and husband, Frank B. Parcells, Defendants. Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable District Court of Deaf Smith County at the Court-house thereof, in Hereford, Texas, by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days

from the date of the issuance of this citation, same being the 28th day of March A. D. 1966, to Plaintiff's Petition filed in said court, on the 9th day of February A. D. 1966, in this cause, numbered 5067 on the docket of said court and styled, TOMMY D. CARNAHAN and JAMES P. CARNAHAN, Plaintiffs, vs. FLORENCE PARCELLS et al, Defendants. A brief statement of the nature of this suit is as follows, to-wit:

COUNT I.

In trespass to try title whereby Plaintiffs claim to be the owners of the E/2 of the South 437.87 acres of Section 17, Twp. 2 North of Range 5 East of a Capitol Syndicate Subdivision, Deaf Smith County, Texas, and that Defendants ejected them and withheld possession, and that Defendants claim some right, title or interest in and to said land and that Plaintiffs are the fee simple owners in and to all of said land.

COUNT II.

Plaintiffs claim fee simple ownership in said land above described by reason of the Statutes of Adverse Possession of the State of Texas, and seek to cut off any possible interest on the part of Defendants, or either of them by virtue of an erroneous acknowledgment of Florence Parcells in deed from Florence Parcells, et al, to J. K. Gray bearing full and complete title in said land to Plaintiffs, free and clear of any claim or interest on the part of said Defendants, or either of them, or their heirs or assigns, as is more fully shown by

Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Hereford, Texas, this 9th day of February A. D. 1966.

Attest: Lucille Posey Clerk, District Court Deaf Smith County, Texas. By Juanita Owen, Deputy. S-33-4c

High Plains Research Reveals Test Learnings

It has long been shown that a crop will produce up to its maximum potential only so long as none of the essential growth factors is limiting. A most important limiting factor is soil moisture. With grain sorghum, maximum yielding hybrids when grown under optimum irrigation may not produce comparatively high yields when moisture is limiting. In fact, it is possible that shorter maturing strains may out-produce long season hybrids under limited soil moisture conditions.

IN THE High Plains many irrigation wells are not producing adequate water for optimum summer irrigating. This is a recent condition, and is becoming more prevalent. Therefore, it would be of great value to the grower to know the adaptability of grain sorghum hybrids under varying moisture conditions.

The High Plains Research Foundation initiated a grain sorghum variety test in 1965 in which entries were tested for their yield potential under limited irrigation. Thirty-five varieties and hybrids were evaluated and yields ranged from 3,301 to 4,952 pounds per acre, with an average of 4,029.

The test was planted on May 17, 1965. All entries received a preplant fertilizer application of 124 pounds of 11-48-0 per acre followed by a sidedress application of 50 pounds of nitrogen from anhydrous ammonia.

THE TEST was given a pre-plant irrigation of 6 inches, followed by a summer application of 97 inches on July 6. A total of 12.83 inches of rain was recorded during the growing season with half of the total coming in June. The plants received a total of 24.53 inches of moisture from all sources.

The yields of the top seventeen hybrids were not statistically different from each other. From first year results, the trend seemed to be toward short-season hybrids as being the highest producers under limited water conditions. Because rainfall is so important in an evaluation of this sort and is so variable, this test will be repeated in future years.

Further information regarding this test can be obtained from Howard Malstrom, Associate Soil Scientist, at the High Plains Research Foundation. The full record of performance of the 35 hybrids under limited irrigation is in Report No. 164 of the 1965 Research Report book which will be delivered to all members of the Foundation by March 1.

Casa De Amigos Sponsors Varied Program In Week

Activities as varied as a Cub Scout meeting and a sewing class have been in progress at Casa de Amigos the past week, with staff members and VISTA workers assisted by volunteer helpers. Other activities were conducted by the same workers in other parts of the city.

Eighty boys attended the sports night program in the County Bull Barn directed by Joe Parker, VISTA worker, who had six volunteer helpers. Two bus drivers gave their time to transport boys from the Labor Camp.

Parker also was in charge of the Cub Scout session and gave driver instruction to four students. Misses Wanda Nelson and Ellen Pinnell of VISTA, Miss Eunice Vasquez of the Casa staff and Parker were guests at First Christian Church family night Wednesday.

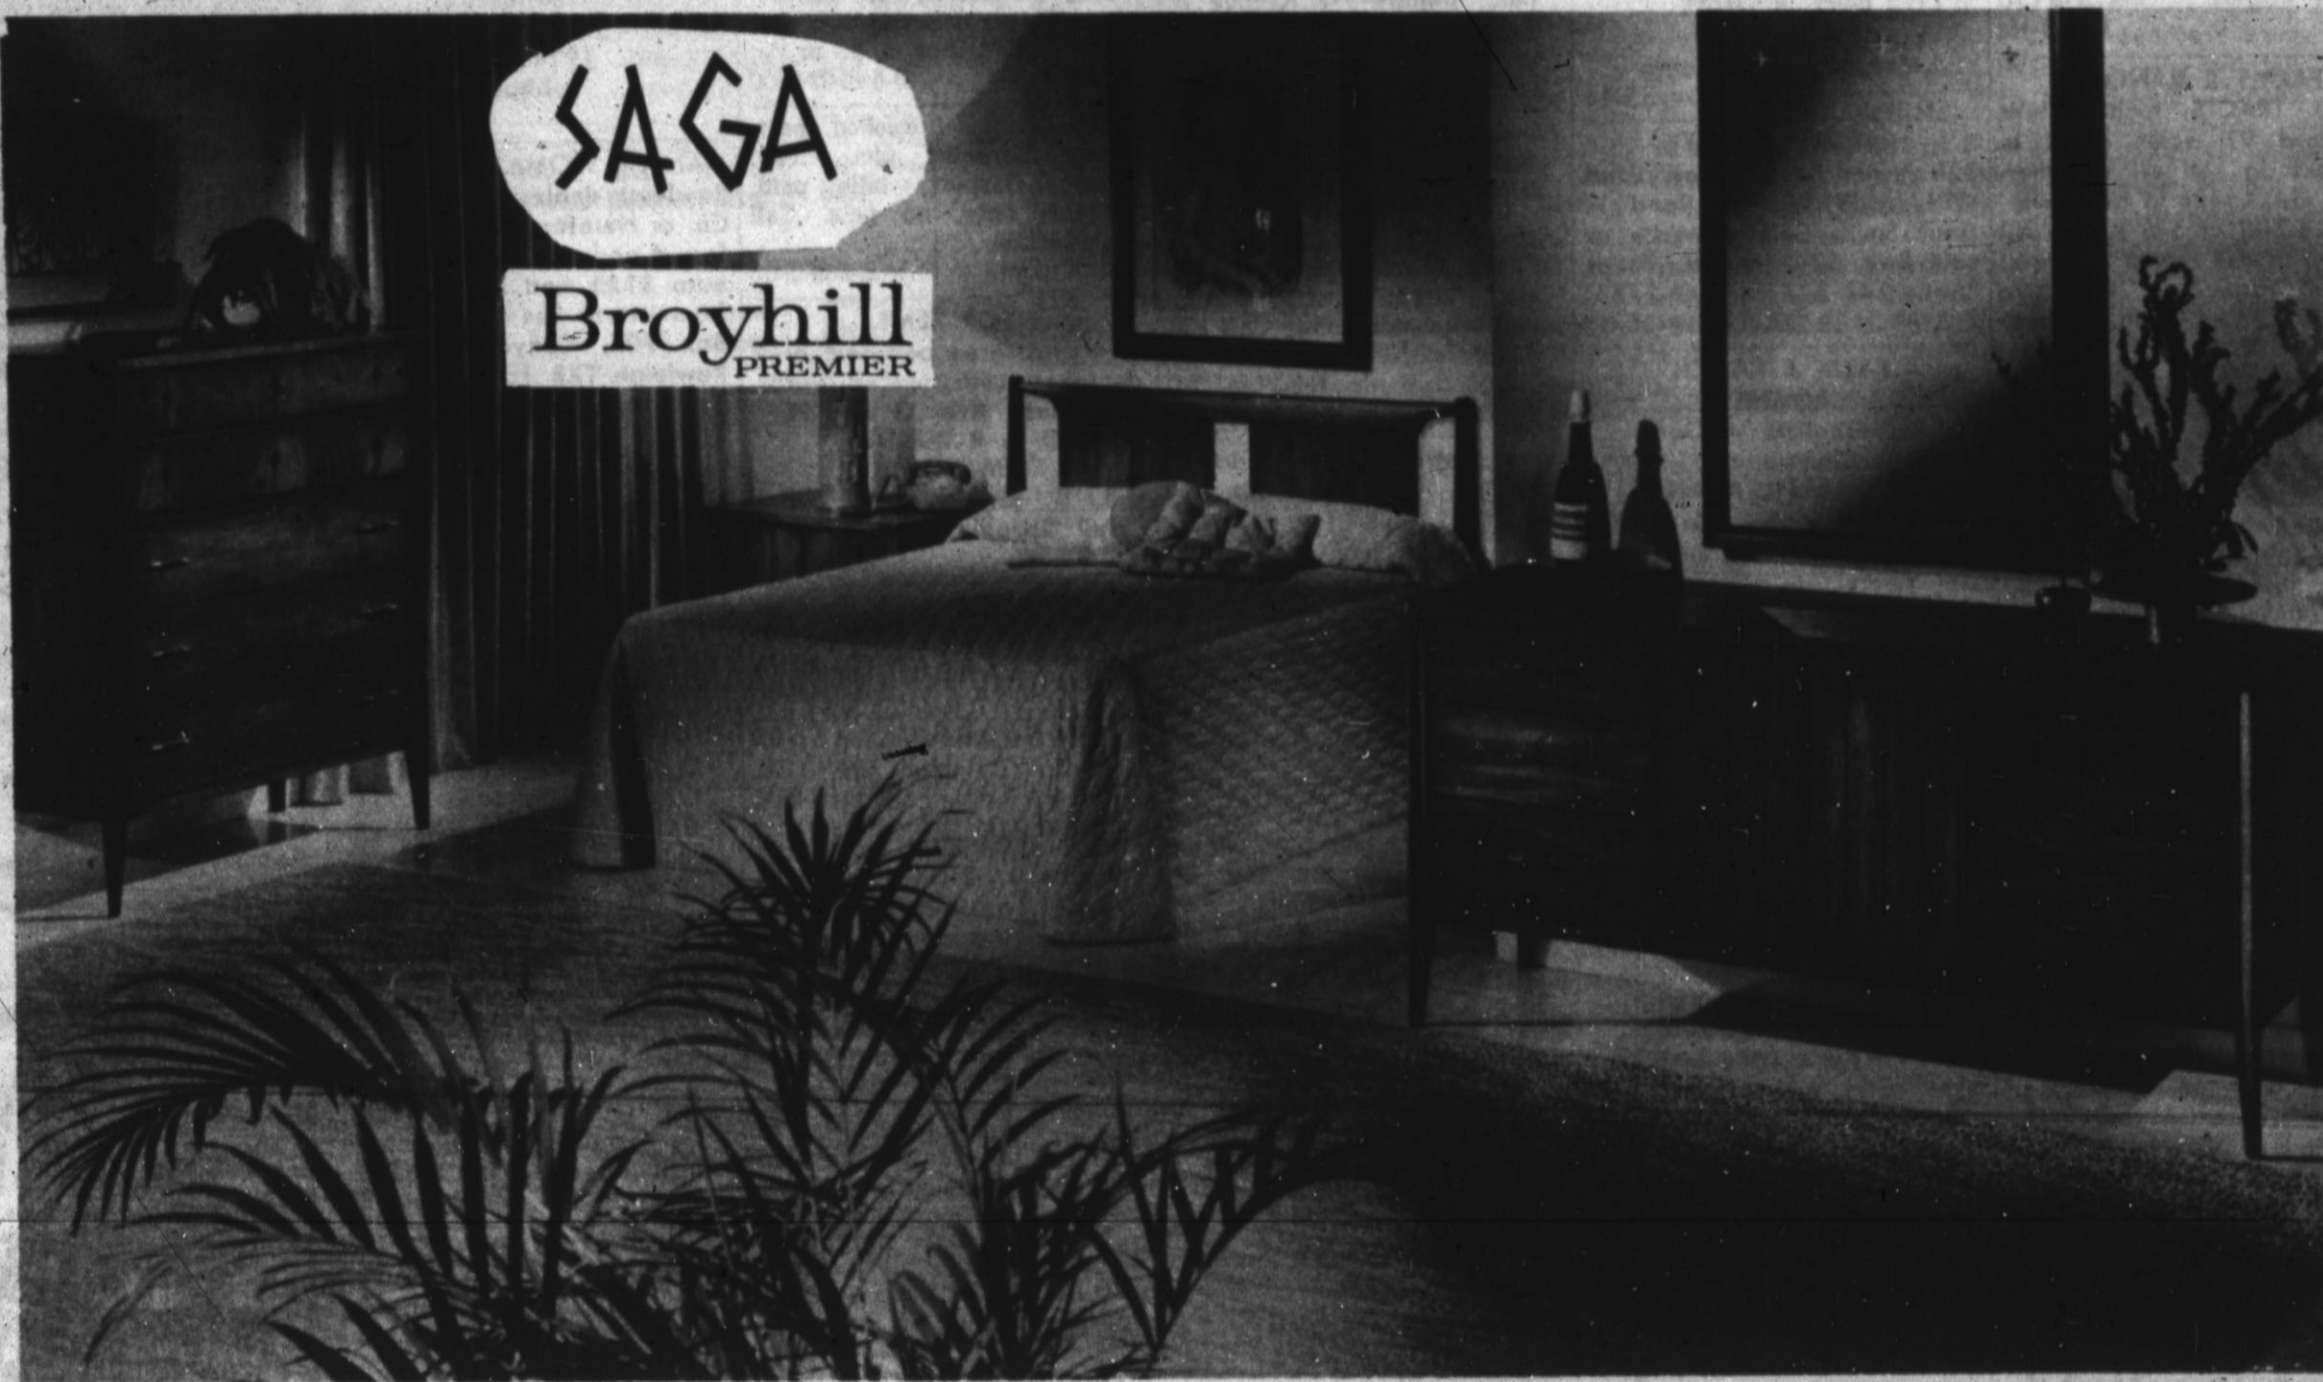

Miss Nelson teaches English to a group of pupils at Shirley School four days a week, and also gives lessons to an adult. Misses Vasquez and Pinnell are teachers for 13 pre-schoolers each morning. Miss Pinnell took ten children from St. Joseph's Mission to a school nurse for an eye examination.

She assisted Bob Wert, director of music in First Methodist Church, in conducting choral practice for a group of Labor Camp residents.

Mrs. Bertha Alfaro is supervising a sewing class which meets in the Casa to give training in simple sewing and mending to women of the camp. Mrs. Bill Walden is a volunteer helping with this class.

A flock of starlings in flight crowds in at the sight of a peregrine falcon. The predator can catch a flying bird only by speed, but when the birds are densely flocked the falcon may veer off to avoid a collision.

New Flower Art Ideas Presented

New ideas in the art of flower arranging, and new requirements for judging arrangements were presented to Hereford Garden Club as Mrs. A. L. Manjeot reviewed the latest edition of the standard flower show handbook at a called meeting Friday afternoon in Pioneer Flame Room.

Mrs. Manjeot, a club member who holds Master Judge rating, reminded the group of basic points in judging arrangements as well as the changes to be considered.

Hereford Garden Club is preparing for its spring flower show of May 20, when members will enter arrangements in competition. Mrs. Ben Childers, schedule chairman, distributed copies of the completed schedule. Mrs. Ray Johnson was in charge of business and stressed an announcement of a flower

show school to be held in Amarillo April 26-28, open to interested gardeners here.

Cake and coffee were served by Mrs. Johnson to members and guests who included Mmes. Bill Shelley, Melvin May, Al Brown, B. E. Cooper and Ray Polan of Bud to Blossom Garden Club, and Mrs. Lemons.

Members included Mmes. W. C. Hromas, J. N. Jacobsen Jr., O. G. Hill Sr., Emmett Hale, J. H. Craver, Ray Carlile, W. T. Axe, D. W. Allmon, R. W. Mitchell, G. W. Newsom, R. L. Ethridge, A. M. Stoy, Alfred Smith, S. S. Williams, R. L. Wilson, and A. O. Thompson.

Mike Caruso, 123-pounder from Newark, N. J., is the first sophomore ever to win a national wrestling title at Lehigh University. He won last March at Laramie, Wyo.

Mrs. Hanna Leads Area Workshop For American Legion Auxiliary

Mrs. Grant Hanna of Hereford, 18th District president, conducted an area workshop for 25 members of American Legion Auxiliary units of nearby cities, at Colonial Inn in Dimmitt Friday afternoon. Various service projects of the Auxiliary were discussed.

Mrs. Jack Flynt, legislative chairman in the Department of Texas, and Mrs. Ira Ott, hospital representative, assisted by presenting their work aims. Mrs. Ott stressed needs of patients in VA hospitals.

Related to World Day of Prayer observance, Mrs. Hanna opened the meeting with a meditation from the booklet, Service to God and Country, saying that God is the source of all our lives and services, social and political.

Review of the Auxiliary Handbook was given by Mrs. Hanna, briefly discussing each program listed and giving chairmen of the various programs a better understanding of their duties. She explained two programs in detail.

Operation Hometown Newspaper, she said, offers any serviceman in Viet Nam a subscription to his home newspaper if he request it through national Auxiliary headquarters, which in turn notifies his local Auxiliary unit.

The second program, Operation Show Your Colors, emphasizes the wearing of U. S. Flag pins to demonstrate support for men in military service in Viet Nam.

Announcement was made of the 18th District convention of Legion and Auxiliary members, to be held in Hereford April 30 and May 1 with headquarters in Jim Hill Hotel.

Mrs. Hanna said the sale of all-occasion cards will continue, to supply funds for Legion projects endorsed by the Auxiliary, and it was decided to also sell jeweled flag pins as a money-making project as well as for Show-Your-Colors emphasis.

Luncheon was served in the

Colonial Inn dining room. An eye-catching decoration before the speaker's stand was an Uncle Sam hat in red, white and blue, the brim wreathed with poppies made by disabled veterans.

Hereford members attending the workshop were Mmes. Bill Gilliland, Ralph Smith, Alice Swigert, F. S. Smith, Hanna and Ott. Mrs. Hanna conducted a similar workshop in Childress Saturday.

Trio Of Guests Share Program Of Wyche Club

Three guests met with Wyche Home Demonstration Club in the home of Mrs. Ira Ott Thursday afternoon, when Mrs. Norman Hodges gave the program on making two-crust pies.

She demonstrated making pastry with liquid shortening and served the pie she made. Recipes for that crust, and another made with solid shortening, were given to those present.

Mrs. E. C. Hewett Jr. was in charge of the business session.

Mrs. Wayne Burger, Mrs. Lurline Smith and Mrs. Zora Jones were guests. Other members present were Mmes. Charles Packard, Leroy Bodkin and W. P. Axe.

Duplicate Games Held

High score in duplicate bridge at the Hereford Country Club Friday was made by Mrs. F. W. Hill and Mrs. Wheeler Sears, playing in the semi-monthly morning games there.

Mr. and Mrs. Wayne Thomas took top honors in Thursday evening play at the Community Center.

Hereford duplicate players conduct the two series of games, both open to all residents who pay duplicate bridge or wish to learn to play. The evening sessions are held weekly in Community Center.

CÔTE d'OR

Thomasville
FURNITURE INDUSTRIES, INC.
THOMASVILLE, NORTH CAROLINA

The fabulous Riviera is the inspiration for Thomasville's new collection of bedroom, dining room and living room furniture. Adroitly blending elements of Italian, French, and Spanish, designer Irving Sabo has fashioned a vivid new Mediterranean group in pecan veneers with accents of cherry and acacia burl. There is dramatic impact in the boldly-shaped drawer moldings, the pierced latticework and the impressive overlays. Wrought iron openwork, with its strong Mediterranean flavor, appears on some pieces... spindles add a note of mellow-antiquity. Bedroom case pieces stand on low tapered legs. Dining room cases are flush-to-the-floor. A subtle design element is found in the bands of cherry which forms intricate patterns of inlay in tops of dining and occasional tables. Luxurious Italian slate tops are optional on serving pieces. The Cote d'Or Collection is warm, vibrant, alive... it will intrigue homemakers who want memorable furniture. Pecan veneers for tops, ends and drawer fronts. Pecan solid moldings, posts and all other exposed solid parts. The Dowry finish was developed by Thomasville's master finishers to highlight the natural beauty of the woods and to achieve the worn, rubbed look of cherished heirlooms.

Local Student Aids In Map Stone At WT

Jerry Don Whitaker, freshman art student from Hereford at West Texas State University, is making a plaster model of a sand design for a relief map of the Panhandle, which will be carved in stone and placed at the entrance of the Pioneer Amphitheater.

Whitaker's work is the subject of a story and picture in a recent issue of The Prairie, WTSU campus newspaper. The plaster model he makes under direction of Dr. Emilio Cabalero, art department head, will be used by a Clarendon monument firm in making the stone carving. The original sand design is by O. P. Cowart of Canyon.

The carved map is being presented to the Pioneer Amphitheater in Palo Duro Canyon by children of the late Dr. and Mrs. W. A. Warner, longtime residents of Claude as a memorial to the couple.

Whitaker is the son of Mr. and Mrs. Charles Laing, 402 Blevins.

Young As Springtime

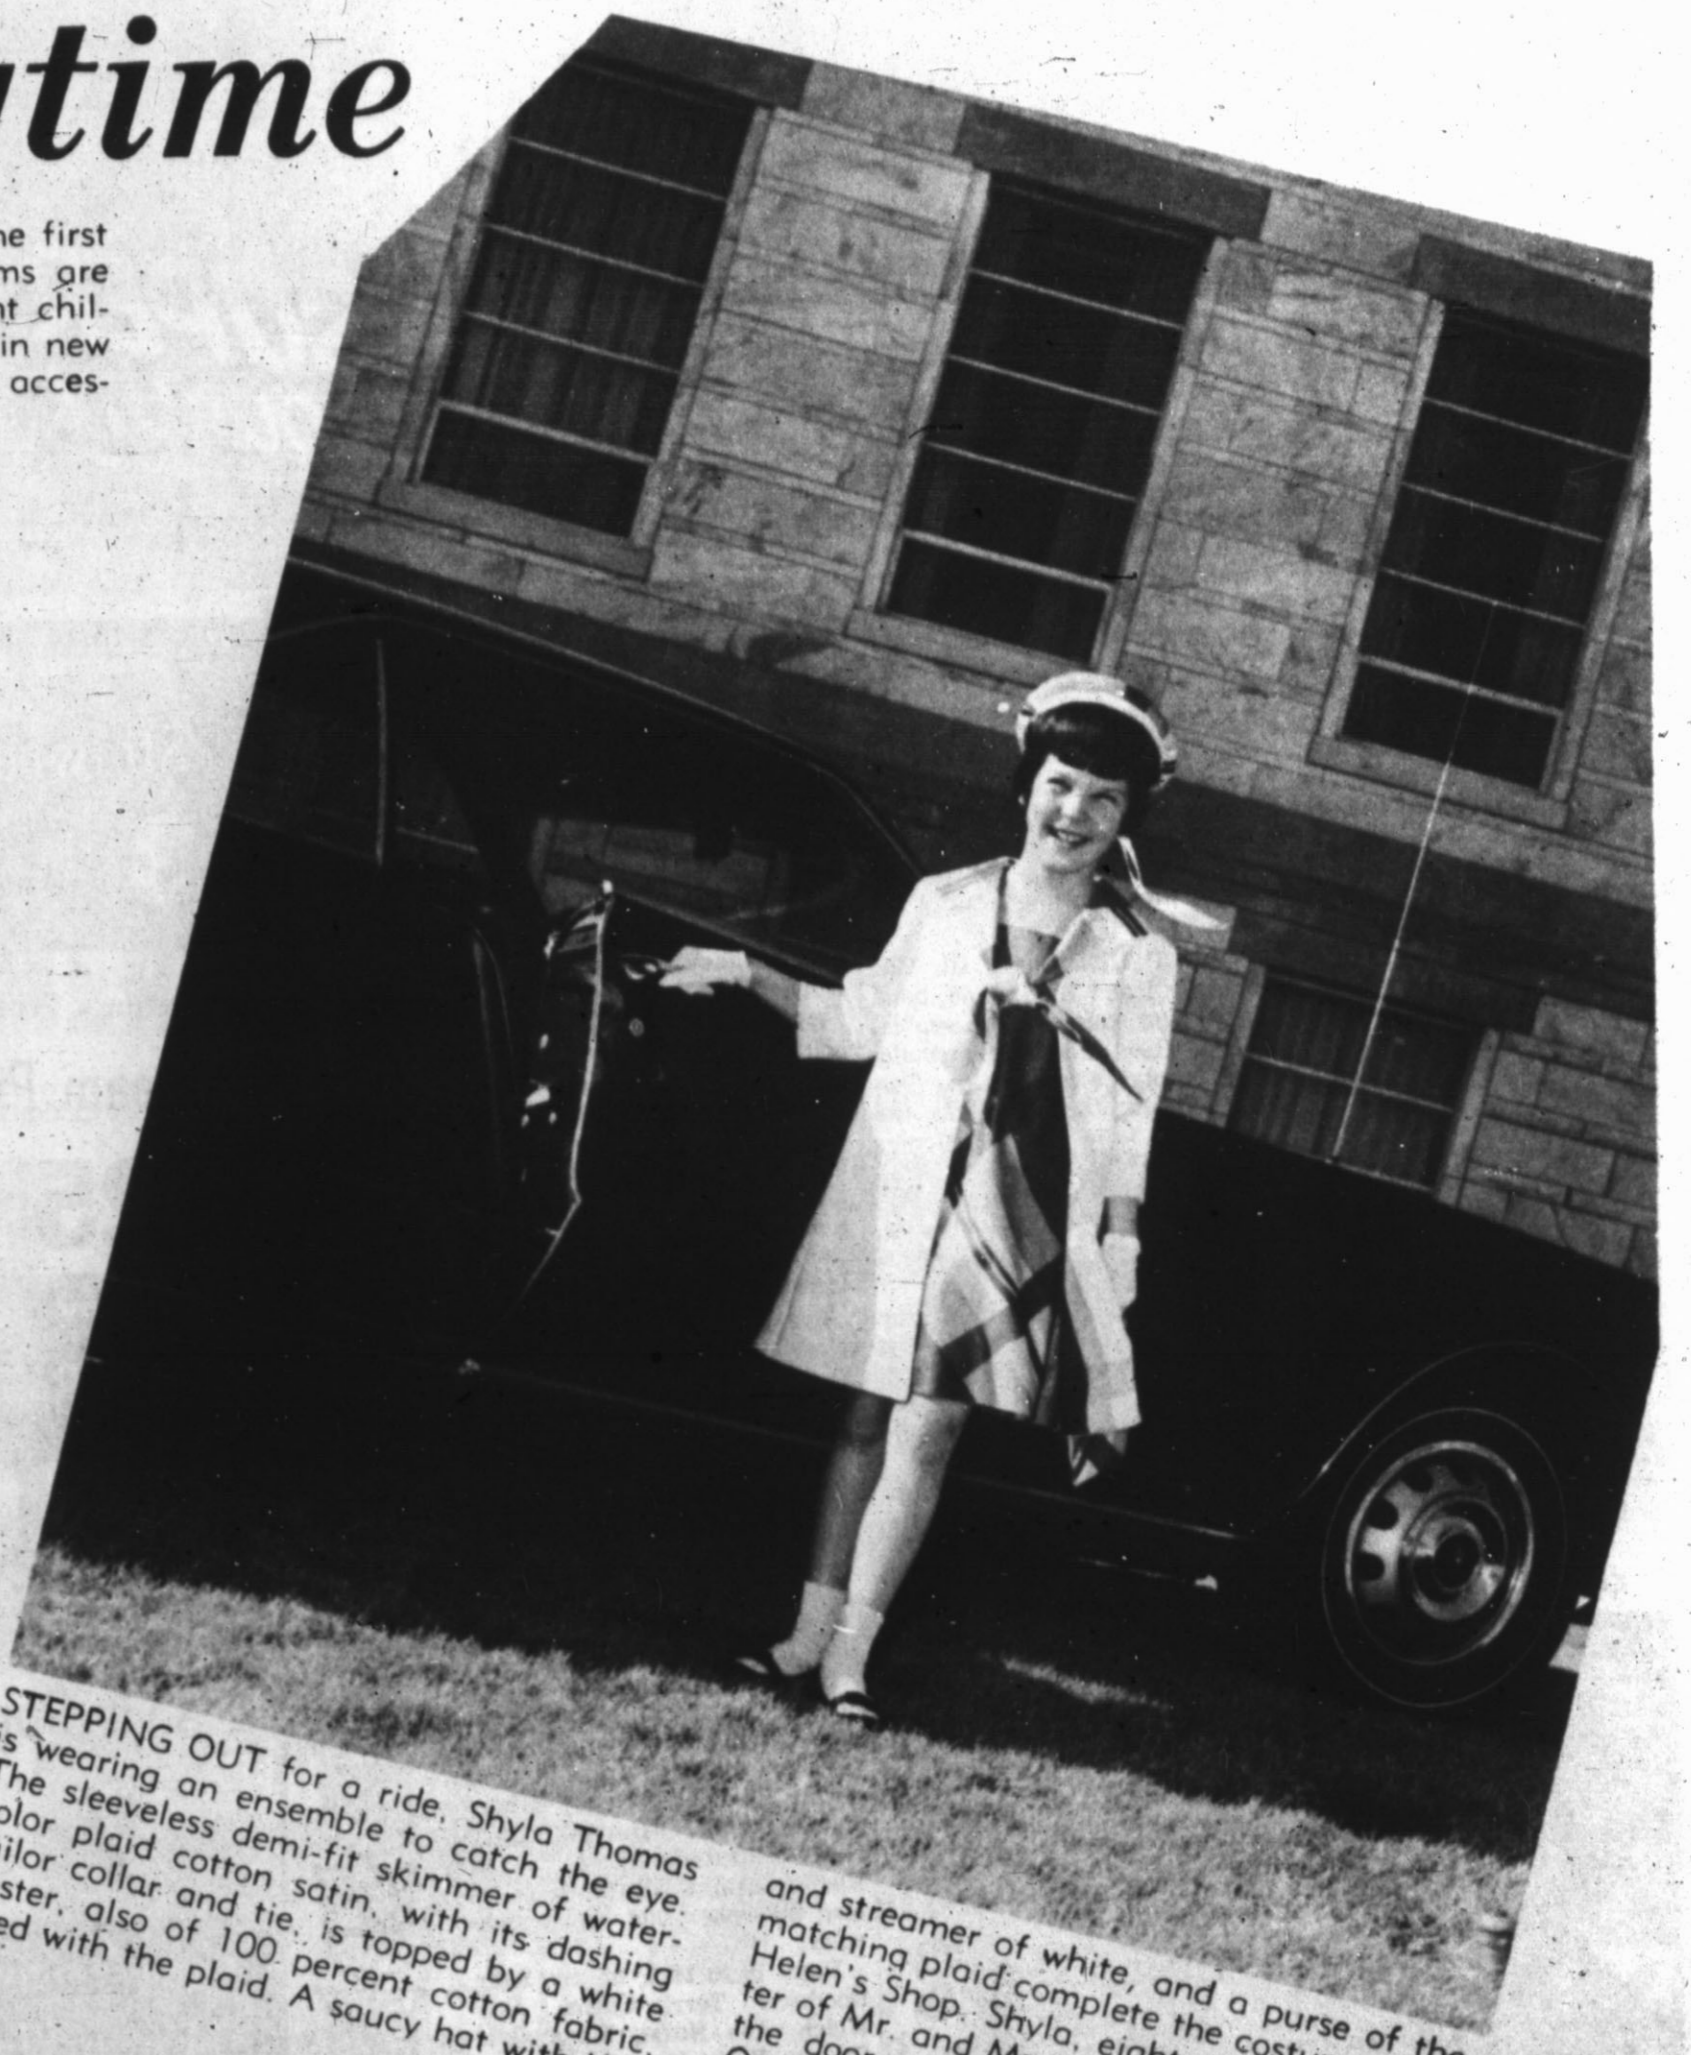

PERKY AS THE NEW SEASON itself, fashions for smart juveniles as well as their elders brighten shops in Hereford these days with a look toward the dress-up day of the year, Easter. Colors that suggest spring gaiety, yellow of sun-

light, the sky's deepest azure, green of the first leaves and all the shades of tulip blooms are reflected in easy-care fabrics that delight children and their mothers. Glints of patent in new shoes and touches of white in trim and accessories are other signs of spring.

BEST FOOT FORWARD in downtown Variety Park, Randy Hopson presents shoes for spring and later, fashioned of shining black Corfan and white elasticized buckskin. They and the striking black and white

bag are from Glenn's Footwear, where new spring shoes show a trend toward gracefully shaped, lower heels and prettily rounded toes. Straps, ties and sandals compete with the classic pump for feminine favor.

STEPPING OUT for a ride, Shyla Thomas is wearing an ensemble to catch the eye. The sleeveless demi-fit skimmer of water-color plaid cotton satin, with its dashing sailor collar and tie, is topped by a white duster, also of 100 percent cotton fabric, lined with the plaid. A saucy hat with bow

and streamer of white, and a purse of the matching plaid complete the costume from Helen's Shop. Shyla, eight-year-old daughter of Mr. and Mrs. Wayne Thomas, opens the door of a sleek new Toronado from Orsborn Chevrolet-Olds, on the courthouse lawn.

A SWING IN THE PARK shows off lace-trimmed frocks worn by Joan, daughter of the Carl Sciumbatos, and Sandy, daughter of Mr. and Mrs. Robert Chavarria, also a smart blue suit which Dean Soto, the Joe Soto's son, is wearing. The outfits are from Anthony's; Sandy's pink nylon dress is a model from Dolly Textiles of Hereford. Lace edging and tiny flower clusters rayon linen in A-line cut with beige lace ruffles on the elbow sleeves. Her black patent sling pumps have polka-dot bows. Dean's man-tailored suit is of a processed cotton fabric and so is his white shirt.

CLIMBING UP TO SEE better on nearly-finished Sugarland Mall, two-year-old Kellie D Howell poses on some of the left-over construction material at the J. C. Penney Store, where she was dressed up in an Easter-type sunny yellow frock made by Dolly Textiles. The ruffled creation is of dotted nylon organza. With her is her mother, Mrs. Eldon Howell, wearing a two-piece dress of whipped cream fabric, white with mint green floral stripe. Trim at the low waistline and wrists is green crochet.

165 JUNIOR ENTERED

Music Festival Slated

With 165 entries received, the annual Junior Festival of section one, First District of Texas, National Federation of Music Clubs, will be held next Friday in First Baptist Church. Mrs. A. J. Schroeter of the Music Study Club is festival chairman.

STUDENTS FROM Friona, Dawn and Walcott as well as Hereford have entered for piano, vocal, folk song, cornet, French horn and brass quintet performance.

Five Amarillo musicians who will act as judges are Caroline Goodnow, Robert Goodnow, Inez Jacquot, Carol Lynn and Ardath Johnson. After the festival, opening at 8:45 a. m. in the church auditorium, students will go to different parts of the church to play or sing before judges.

Entrants are listed in five groups and judging will be conducted simultaneously. The schedule follows:

HELLO, MAMIE

NEW YORK — That exuberant lady of best-selling novel and hit play, Auntie Mame, is due for another whirl as the heroine of a musical comedy.

With abbreviated title, "Mame," the show is booked to reach Broadway in May, starring Angela Lansbury. Attending to the adaptation are Jerome Lawrence and Robert E. Lee. Penning the music is Jerry Herman, composer of "Hello, Dolly!"

Miss Sharon Weds Charles Justin Knibbe

Mrs. Charles Justin Knibbe nee Miss Sharon Hill

(Angel Photo)

White tapers lighted the altar of the First Methodist Church Saturday evening as Miss Sharon Jeanene Hill, daughter of Mr. and Mrs. Elmer Lee Roy Kimball of 521 Star, repeated marriage vows with Charles Justin Knibbe, son of Mr. and Mrs. Lawrence Knibbe of Spring Branch.

The Rev. Wilfred Bigott of Kerrville, Lutheran pastor, and the Rev. Herschel Thurston, First Methodist Methodist minister, officiated for the double ring ceremony.

Bridal attendants were Miss Jeanette Roth of San Antonio, maid of honor, Misses Suzanne Langley, Rebecca Meadows of Midland, Deanna King of Fort Worth, and Mrs. Lynton Allred of Lubbock, bridesmaids. Lana Campbell of Lubbock and Jana Shambeck of Canyon, the brides' small cousins, were flower girls.

Larry Hill acted as best man, with Lee Kimball, Lester Frantzen of Fredericksburg, Bill Mayer of Houston and Rodney Ruppel of New Braunfels as groomsmen. Paul Gyson of Miami, Fla., head usher, served with Lynton Allred and Jack Bennett of Lubbock, Gary Druessedow of Haskell, Dave Bronsted of Fort Worth and Dave Fetter of San Antonio.

Traditional wedding songs and marches were by Miss Rita Reynolds of Wichita Falls and John Stern of Houston, soloists; a quartet comprising Stern, Gyson, Ruppel and Frantzen; and Cecil Bolton of Lubbock, organist.

Given in marriage by her father, the bride wore a formal-length candlelight ensemble. The cap-sleeved sheath dress of French corded lace had scallops around the portrait neckline and the hemline. Over it the coat in empire style parted at center front and flowed into a chapel train. Its sleeves were long, with petal points, and the neckline scooped to show lace scallops of the dress.

Her chapel length mantilla was of appliqued Alencon lace and her bouquet a white cattleya orchid surrounded by roses and stephanotis, carried on a white ribbon. She wore an heirloom jewel, her grandmother's ruby and pearl lavalliere.

All her attendants were dressed in empire styled frocks with skirts of powder blue crepe and bodices of sky blue embroidered lace. Headpieces, framed in powder blue illusion, were silk roses in the same color centered on tear-drop petals.

Bridesmaids each carried a long-stemmed white rose and the flower girls had white lace baskets trimmed in blue, filled with rose petals.

Mrs. Kimball chose for her daughter's wedding a Dior blue straight skirt and sleeveless overblouse with rolled collar. Accessories matched and her flowered hat was in tones of blue. An ice blue dress with jeweled neckline and short sleeves and a pill box hat in the same shade. Both had white orchid corsages.

The church altar was centered with a cross above a sunburst of greenery, white stock and mums.

Wedding tapers were held in spiral candelabra on either side and the altar was flanked with pairs of seven-branched candelabra and repetitions of the flower arrangements.

The couple knelt on a white wrought-iron bench. Aisle candelabra held crystal votive cups with greenery and satin bows.

After the ceremony Mr. and Mrs. Kimball were hosts for the reception in Hereford Country Club. In the house party were Mrs. Leroy Aven, Misses Suzie Nelson, Penny Hill, Sue Scovall of Lubbock and Barbara Langley. Miss Carolyn Aven was at the register.

Two half-circle tables were used, and between them tall candelabra were set in greenery. On the bride's table roses and ivy twined silver candelabra at either side of the three-tiered colonnade wedding cake, which was ornamented with white roses, edged with blue and topped with wedding bells.

The groom's table held a double ring chocolate cake decorated in moss green and blue. Blue mums and candles in brass holders formed the centerpiece.

For a wedding trip to New Mexico Mrs. Knibbe wore a petal pink knit suit with off-white accessories and the orchid from her bouquet. After March 2 the couple will be at home at 2314-15th, Lubbock, where the bridegroom is a senior sociology major in Texas Tech.

The bride received a BS degree in applied-arts from Tech in the January graduation program. She was a member of Kappa Kappa Gamma, Angel Flight and Phi Upsilon Omicron, was chosen a yearbook beauty.

Sociology Club. He and the bride both did summer study at SWT-SU in San Marcos, and she at Colorado University.

Pre-nuptial parties for the bride ended with the bridesmaids luncheon in the home of Mrs. H. L. Thurston. The bridegroom's parents were hosts for the rehearsal dinner Friday at the Caison House, where blue and white stock, mums and carnations decorated the tables.

Wedding guests from Lubbock included Messrs. and Mmes. Tom Loyd, L. D. Fletcher, Lenzo Keeton, Burnell Mueller, Wallace Wardrup, Melvin Sanders, Cecil Bowles, Alvin Shambeck, Bill Shambeck, and Bob Cassidy, Mmes. Shirley Bowman, Elner Campbell, Elsie Shambeck, and Frieda Schaffner.

Also Carol and Lisa Fletcher, Kent Keeton, Sherri Mueller,

Debra and Brenda Shambeck, Claudie Welch, Ann Lewis, April Bowman, Kerry, Dana, Kim and Lana Campbell, Harold Dutton, Dr. Bill Welch, Don Simpson and Jimmy Adams.

From other cities were Mr. and Mrs. Jack Kassah and Jan of Shallowater; Mr. and Mrs. Louis Shambeck, Mark, Laurie and Jana, Mr. and Mrs. John Harper of Canyon; Mr. and Mrs. Henry Druessedow and Pam of Haskell, Mr. and Mrs. Tom Wood of Sudan, Also Mr. and Mrs. Lyle Busby of Burlington, Colo.; Mr. and Mrs. Edmund Maeker of Wilson; the Walter Hills and W. T. Mauks of Littlefield, Messrs. and Mmes. Louie Karlin and L. D. Karlin of Amarillo, Messrs. and Mmes. Hugo Beyer, Don Carpenter and Rayburn Carpenter and families of Dimmitt.

Recitals Are Scheduled

Two recitals this afternoon will present pupils of Mrs. W. T. Thompson in varied programs of piano music ranging from compositions of Bach to the moderns. The public is invited to hear the recitals in the Presbyterian Church.

To appear in the first program, beginning at 2 p. m., are Carol Ann Bavousett, Cathy Young, Karen Gilbert, Linda Jacobsen, Shelley Hacker, Martha Baker, James Aikin, Luanne Kindsfather, Debbie Hale, Brenda Formby and Tonya Jayroe. Students to be heard in re-

cital beginning at 3:30 p. m. are Wesley Owen, Nancy Laurie and Mike Young, Craig Baugous, Charles Hackley, Carolyn Langley, Clifford Higgins, Donna Olson, Ginger Goodin, John and James Jorde, Debbie Slaughter, Becky Oglesby, Marsha Horton and Karen Kitchens.

Mrs. Durham Is Guild Hostess

The school dropout problem and ways it is being met in some communities was the subject of a talk by Mrs. Jim Bookout, followed by general discussion at the meeting of First Methodist Wesleyan Ser-

vice Guild Wednesday evening. Mrs. J. J. Durham was hostess in her home.

Miss Hilda Havens, vice president, was in charge of a short business meeting. The spring Guild Conference meeting was announced for March 19-20 in Sweetwater.

Assisted by Mrs. Mildred Elliott and Mrs. Byrdie Fellers, the hostess served cake and coffee to Mmes. John Jacobsen Jr., L. W. Metcalf, M. H. Richie, W. B. Dowell, Herschel L. Thurston, Floyd Coleman, E. E. Doak, H. V. Crawford, Irving Willoughby, Bookout, Misses Ona Hammer and Havens.

Late Styles Reviewed

Notes on spring fashion showings in Paris and their reflection in the fashions offered to American women this year, were given in a recent talk by Mrs. Irving Alexander to Hereford Study Club members meeting in Mrs. Labry Ballard's home.

Mrs. Alexander, guest speaker, was introduced by Mrs. C. R. Winget. She spoke of style trends based on creations of designers in Paris and Rome, adding that such extremes as thigh-high skirts and peek-through cut-outs are not to be expected immediately, at least, in the American woman's dress.

A nominating committee to present a slate of officers for next season was appointed by Mrs. Baxter London, president, in the business session. Mrs. Winget is chairman, with Mrs. Marvin Knox and Mrs. Ed Wilson Jr. as other members.

Mrs. Ollie Freeman, Mrs. Irene Ballard, Mrs. Chapman and Mrs. Alexander, guests, and 19 members were served refreshments during an informal social period.

—Small Talk—

By SUE COLEMAN
Women's Editor

A small item of news this week said that dogs are no longer the most popular household pet in this country; cats have displaced them. Reasons advanced were the fact that cats are more independent, self-sufficient and don't require space for exercise, so they are more adaptable to city life.

LEAVING OUT all such questions as how on earth do the census takers ever get the dogs counted, much less the cats which are likely to be lurking in the alley or under a bed, the report is no comfort to us dog lovers. However, it isn't the quantity of dogs which makes them appealing, it's the quality which is still there.

Lately I've met some very friendly Hereford dogs who could never be replaced by cats in my estimation. There is the Al Browns' Taffy who has lost a leg as the result of an injury but gets around to welcome you politely without any trouble.

And Champ, the pup at the E. E. Suttles' house at Dawn, who is going to be a big dog and is now a big pup, so enthusiastic he almost sweeps you off your feet.

AND SILVER, Mrs. D. W. Palmer's beautiful dog which helped her greet every guest at the door when the Music Study Club met in her home last week, then sat quietly and listened to the program.

And the two dogs at the Paul Corbett place, which bark wildly when a visitor drives up, as good farm watchdogs are supposed to do, then come up with tails wagging so you can tell they really don't intend to bite you if your intentions are above-board.

But I'm better acquainted with a neighbor, Butch, the Ellis Coombes family's (or maybe just Dorothy's) bulldog who is my back-door visitor nearly every evening, willing to come in and pass the time of day, and perhaps share a snack.

It wouldn't be nearly so pleasant a world without a few canine friends and I'm sure some will be around a long time, statistics or no.

TALKING WITH friends who called at a tea Wednesday to tell Carol Engler how much they will miss her after she moves to Montana next month, she assured them that she does not expect to feel isolated nor lonely away out in the open spaces of that state.

RAISED ON A Nebraska ranch she takes for granted things like driving 25 miles on unpaved roads to get to town. Besides the Englers' ranch house near Wyola is close to the oiled road traveled by the school bus which will pick up the younger children.

Oldest son Mike, a high school freshman, is already in school at Canon City, Colo., no farther by air from Wyola than from Hereford, Carol explained.

She expects to find community organizations in her new home where she can work as she did for things like the Red Cross, her church and 4-H Clubs here.

Fellow members say the Montana organizations will be lucky to have the willing service which vivacious Carol always gives.

MRS. J. D. LOVE'S friends who want to wish her a quick recovery after recent surgery may write to her now at 1326 West Jefferson, Lake Charles, La., the home of her daughter, Mrs. Orville D. Gaither.

Mrs. Love has been in Lake Charles since the first of the year, and is due to leave a hospital there this week after surgery.

JOE C. CHILDERS, Hereford freshman at Southwestern State College in Weatherford, Okla., has lately been initiated into the SSC campus chapter of Tau Kappa Epsilon, a news note from Weatherford says. He is the son of Mrs. Ella Mae Childers, 1008 Grand.

After graduation from Hereford High, Joe enrolled at SSC as a pharmacy major. His fraternity is the largest international social frat, but relatively new at Southwestern where the chapter was founded in 1956. The initiation was held at the Teke House in Weatherford.

Lubbock Meeting Outlines Water Depletion Rules

Clarence P. Brazill, Jr. president of the Texas Tech Tax Institute, today announced plans for a special meeting to be held March the 11th in the Student Union Building on the Tech campus.

Highlight of the event will be the discussion and explanation of the calculation of the water depletion deduction for Federal tax purposes.

REPRESENTATIVES of the Internal Revenue Service, Texas Water Development Board, High Plains Underground Water District, and Texas Technological College will deliver the program.

Individuals attending the conference will be shown the materials and taught the method that can be used and will be accepted by the Internal Revenue Service in calculating water depletion allowances on the Southern High Plains of Texas.

Brazill emphasized that all interested landowners, farmers, tax accountants, attorneys, businessmen and even housewives are welcome.

Registration for the conference is \$5.00 which includes the cost of the noon luncheon.

Reservations for the conference, which starts at 12:00 noon, may be made by writing Haskell Taylor, Texas Tech Tax Institute, Box 4129, Tech Station, Lubbock, 79409. Advance registrations are requested.

Sugarland Mall Opens Vistas For Continued Area Growth

Hereford will take its first important step toward moving from the "town" status to that of the "small city" this week when Sugarland Mall officially opens its doors.

Unlike many other small town shopping centers, Sugarland is first class all of the way with controlled climate, expanded merchandising facilities, and excellent construction. Another important difference lies in the fact that only two of the Sugarland firms will be transplanted from downtown — and both of these are tremendously expanded in scope. Consequently, the Hereford shopper for the most part will still retain all of his old haunts, plus several new ones.

Among other things, this condition emphasizes the fact that shoppers will find a variety never before offered on such scale in the community. In addition to serving this particular territory, Hereford is also in a position to reach out into other areas and compete with such places as Amarillo, Lubbock and Plainview. Even the downtown merchant can become stronger with the new resources which will contribute to an overall greater shopping community for Hereford.

Competition on the local level is another factor which always contributes toward establishing the entire community as a good place to trade, because it invariably creates better service, more reasonable prices and a greater variety of merchandise.

During the past decade Hereford has grown from 5,000 population to somewhere around 12,000. Some new retail outlets have been established, but until recently in proportion to the overall growth. Last year, for instance, the square footage of retail food space came close to expanding by 300 per cent. Hereford's present business firms are well housed, modern in most respects, and generally competitive.

The new shopping center improves our overall retail picture by a tremendous margin. No longer should anyone be forced to drive 100 miles or further to find everyday retail needs. What's more, our store operators and clerks can be classed as efficient and friendly, factors not always encountered in the larger cities where difference is often apparent.

All in all, it seems to us that Here-

ford has come a long way during the past decade. More important, we are still growing like made — and the opening of Sugarland Mall is a step which should contribute extensively to future growth and expansion as a community.

It is a pleasure, therefore, to bid these newcomers welcome. The people of Hereford look forward to the time when we will know you more intimately as friends, neighbors, and customers.

How Important Is Industry?

Despite the fact that Deaf Smith county is first and foremost an agricultural area, we do recognize the ever-growing importance of industry in the community. Consequently, we are happy to join the Chamber of Commerce in stressing this important economic phase in the continued expansion and development of the territory.

The proposed observance of Industrial Week is, of course, justifiable and merits general support. At the same time, it seems to us that the organization might go into the program a little bit further and look to the future to include several phases which might attract additional industry.

Railway trackage, for instance, is one phase which seems to have been neglected. Except for two or three sites, a small industry finds itself with trackage problems. This situation, though of no great importance to a giant industry such as Holly Sugar, could be most important to a smaller industry which might not possess extensive resources. If nothing more, land for an industrial area might be secured with the idea of building railroad trackage to the area when volume and demand justify the move. In this manner, the community could at least offer the smaller industry a practical location at fair and reasonable prices, whereas owners might otherwise seek prices as steep as the traffic would stand. This has occurred in other places.

Transportation, another factor under C-C study currently, is pretty well the life blood of industry. Light freight, air mail and connection with Dallas, Ft. Worth and other downstate points are some of the inconveniences which Hereford industry faces at the present time in the form of 12 to 24 hour delays. In some cases the condition can be improved, in others possibly not.

Labor, another important key to industrial growth, has so far managed to meet the challenge, although some key personnel has been imported, and we presume this would be the pattern, regardless of where an industry locates.

Hereford does have many advantages in the form of ample water, dependable power at reasonable costs, unlimited gas supply, and an atmosphere of progress. In addition, the major part of our previous industrial growth seems to have centered around consumption of local products, which affords the manufacturer an advantage in being situated in this particular community. Good schools, better than average living conditions and a competitive retail market are factors which seem to go a long way toward attracting new industrial growth.

Hereford will probably never become one of the nation's leading industrial centers, but it does have an excellent start along the line of industrial expansion, and this is one of the reasons the community has grown in size while the majority of America's small towns have consistently declined over the past decade.

Survival Of The Chuckle

Recently 38 Omaha Girl Scouts spent 30 hours in a fall-out shelter. What impressed us wasn't so much what they did during the survival test as what one of them said when it was over. She observed:

"Survival is not so bad, but I'm glad it's only 30 hours."

As a song writer said, thank heaven for little girls!

The Overdoer

The liberal Reporter magazine, we are glad to note, was as dazed as we were by the sheer breadth and sweep of President Johnson's State of the Union message. Says its awed editor, Max Ascoli, in the magazine's lead editorial: "He is not just a doer, but an overdoer. This man is not a visionary or a radical. He is an exuberant middle-of-the-road extremist."

Grass Roots Suffers From Reapportionment

By BERT MILLS

Washington, D. C. — Reapportionment is one of those big words that is difficult for most people to comprehend. Yet it goes to the very roots of our democratic system in which the right of self-government is inherent.

Reapportionment has been big news at both the national and local level since 1964 when the U. S. Supreme Court shattered its own hands-off precedent by rendering an historic decision which decreed "one man, one vote."

THIS DECISION affected every voter in the nation. It had a special impact on small towns because it meant that many of them would lose their local representation in state legislatures. With population substituted for geography as the basis for electing state legislators, the cities gained a vast advantage over non-urban communities.

Plans were completed today for the town-wide church census which will be sponsored here Sunday afternoon by the Ministerial Alliance.

Members of the Veterans of Foreign Wars and the American Legion voted two to one Monday night in favor of granting the City of Hereford underground water rights in most of Veterans' Park.

Naming of voting precinct judges took up most of time at the regular meeting of the Deaf Smith County Commissioners Court here Monday, but Commissioners also discussed a right-of-way dispute and the possibility of reviewing all county insurance.

A special commission Tuesday awarded two Hereford firms \$4000 each in a condemnation hearing involving the City of Hereford.

Burial rites for Colonel W. S. Williams, 87, of Amarillo were held here Tuesday afternoon in West Park Cemetery under the direction of the Blackburn-Shaw Funeral Home.

ery voter in the nation. It had a special impact on small towns because it meant that many of them would lose their local representation in state legislatures. With population substituted for geography as the basis for electing state legislators, the cities gained a vast advantage over non-urban communities.

About 30 state legislatures have now bowed to the Supreme Court edict by reapportioning seats in the state legislature strictly on a population basis. Some elections have already been held under the new "one man, one vote" system. But the fight against the new order is far from over.

Last August, the U. S. Senate voted 57-39 in favor of a Constitutional amendment which calls for the people of each state to vote every 10 years as to whether they wish their state legislature to be apportioned on a strict population basis or whether membership in one house shall be determined on a geographical basis.

DESPITE the clear majority of 18 votes for the Constitutional amendment, it fell seven votes short of passage because of the requirement of a two-thirds majority to amend the Constitution. Even if Congress adopts the amendment, it will take effect only after ratification by 34 states — another two-thirds majority.

Battle Joined Anew
Now the Senate is about to reconsider the reapportionment question, possibly for the last time. As more and more states bow to the Supreme Court decree, it becomes more difficult to upset the far-reaching decision. It appears to be now or never for opponents of the "one vote" philosophy.

As more and more city politicians take office in state capitols, chances of ratification of any Constitutional amendment sent to the states by Congress will diminish. A "fait accompli" is in the process of being achieved. But the battle has by no means been surrendered.

REAPPORTIONMENT is not a partisan issue but leadership of the campaign to gain adoption of a Constitutional amendment has been assumed by the Republican Senate leader, Everett Dirksen of Illinois. Despite

Crash! A ball came sailing through the kitchen window and landed at the feet of the mistress of the house. She rushed to the door only to find the street deserted. About half an hour later there was a timid knock and the scared voice of a small boy said: "Please, missus, here comes father to mend your window."

She looked up the road and saw a man with a piece of glass approaching, without further ado returned the ball and praised the boy for being so honest.

It did not take the man long. He turned to the woman and said, "That'll be \$4."

"What," she exclaimed, "Wasn't that boy your son?"

"Golly, ma'am," said the man. "Aren't you his mother?"

A master sergeant is addressing a group of privates in the Army whose reenlistment time is approaching . . . and he says.

"This is the way it is done in the Army. There are 365 day in each year. You are entitled to 30 days leave annually, and a 3-day pass every six weeks. This is a total of 56 days, leaving 309 days.

There are about 16 national holidays, and 104 Saturdays and Sundays. That narrows the balance down to 189 days. You sleep approximately eight hours daily (off duty) which takes another 126 days and leaves Uncle Sam with 63 days.

If you take an hour a day for coffee and incidentals, that's 15 more days a year used up, leaving 48 days. Twenty-six days are set aside for TI lectures, character guidance, etc., leaving 22 days.

Of these 22 remaining, 12 are paydays, and you know how much work is accomplished on paydays. That leaves 10 days.

Statistics show that an average persons spends two days a year in the dental clinic, and seven days undergoing medical treatment. This leaves the balance at one day.

If a person can't get off that one day — its his own bad luck. You never had it so good, so reenlist!"

Abraham Lincoln, famed as an example of a self-educated man who read by firelight, would have had trouble in 28 Texas counties today. His trouble wouldn't be with the light; it would be finding books.

Twenty-eight counties have no public libraries, and their residents are among almost a million Texans whose public library is so close to being non-existent (one day a week operation in some instances) that they would have to be listed as virtually without public library service.

While the rest of the nation spends \$1.50 per person on libraries, Texas spends 84 cents per person. And even that national average figure is nothing to brag about. The number one professional association for libraries, the American Library Association, says it ought to be \$3.50 to \$4.

THE BOOTLEG —Philosopher

Editor's note: The Bootleg Philosopher on his bindweed farm has discovered an interesting piece of news, his letter this week reveals.

Dear editor:
According to a newspaper which once more I had to go to town and buy, this makes twice this year and proves for sure these are uncertain times we're living in, the newest suggestion out of Washington is that everybody ought to have a guaranteed income.

While it's still only in the planning and talking stage, as I understand it the Federal government would guarantee that everybody has an annual income of at least \$3,000. I don't know how the figure of \$3,000 was decided on, but I wouldn't quarrel with it, it's a good round sum, although actually you can print \$4,000 or \$5,000 in the same space, doesn't cost anymore from a printing standpoint and would produce a lot more buying power.

The article I read said the details haven't been worked out yet, and this is what worries me.
What I mean is, say they settle on \$3,000, I won't argue about that, I not only never did like to look a gift horse in the mouth, I've never been very fond of looking any horse in the mouth, in fact I've never even been fascinated by looking under the hood of a car. No use worrying about the figure, if one man can get elected Congressman promising \$3,000, another can beat him promising \$4,000, the idea is to get the program going, when we need the figure increased somebody will be around to run on it, everybody knows dependability is supposed to be awarded with a raise. But it's the details that I'm interested in.

For example, how do I know some smart alec in Washington isn't going to say, look, if we're going to guarantee him an annual income, why shouldn't we make him work for it? Why not a minimum of 40 hours of work a week?

That's what I'm talking about. A guaranteed minimum income is one thing, but requiring so many hours of work a year to get it is none of the government's business. Haven't we still got free enterprise in this country? Why should the long arm of Federal intervention be reaching out to check on how I spend my time? Hasn't Washington got something else to do? I tell you, Federal encroachment on the individual has got to stop.

After we get the work angle eliminated, you reckon there's any chance of getting a guaranteed free subscription to a newspaper included in the bill?

Yours faithfully,
J. A.

KNITTING IS HOBBY

Needles Kept Occupied

By SUE COLEMAN
Women's Editor

Knitting is very relaxing, Mrs. Al Brown says of the hobby which provides her with a handsome wardrobe, colorful afghans for her home and gift items which are always welcome to the recipients.

SHE BEGAN it some 20 years ago when her twin sons were babies and she felt the need of relaxation at the end of every day. Although the handwork was

calming, it was never boring and she continued to practice it until she is something of an expert, who even originates many of her own patterns.

The twins, Morry and Terry, are students in Texas Tech now, majoring in architecture. Some of their drawings, watercolor paintings and maps decorate the den of the Brown home at 107 Fir, where their father's gun collection is displayed to complete a show of family hobbies.

When the Browns came here two years ago from Hardin, Mont., the ranch-style home was built for them. Brown is with the Holly Sugar Corp. and both he and Mrs. Brown grew up in Montana. Her birthplace was in Wisconsin, but she attended school in Hardin, her home for years.

WITH HER KNITTING needles she fashions such high-style garments as a full-length coat, a blue Chanel suit of brushed mohair, a jacket in two-color jaquard pattern and numerous sheaths, skirts, sweaters and shells in colors becoming to her dark eyes and hair.

Sweaters for her husband and sons are also products of her skill and for something simpler she knits afghans, presently working on one of multi-color squares, each in a different pattern. For such work as this she invents new patterns.

Of course there is not really any new stitch in knitting," she explains. "There are only variations of old ones" — a comment which could be made about almost any art.

In addition to knitting, Mrs. Brown likes to sew and to work with plants. She is a member of Bud to Blossom Garden Club in which she furthers her knowledge of gardening and flower arranging and is recording secretary this year.

She worked with such organizations as the P-TA and Boy Scouts while her sons were growing up, and served as Worthy Matron and in other offices of the Hardin Eastern Star Chapter. She also was active in the Congregational Church there; since Hereford has no church of that denomination her mem-

Weed Control Outlined At Amarillo Meet

Weed control recommendations for cotton and grain sorghum will be a major feature of the 19th annual Weed Control Conference to be held Mar. 3 at the Holiday Inn West here.

Technical talks on weeds will be presented by 10 scientists, educators and industry leaders during the meeting, which will start at 10 a. m. and continue through a noon luncheon.

The Director of the Texas Agricultural Extension Service, John E. Hutchison, of College Station, will talk on "The Importance of Extension and Research to Plains Agriculture" at the luncheon.

Dr. A. F. Wiese, a Texas A&M researcher at the Southwestern Great Plains Research Center, Bushland, and member of the conference planning committee says that the session is designed as an opportunity for farmers and agribusinessmen to learn of the most practical and economical methods of controlling weeds.

CHEMICAL weed control will receive extensive coverage during the conference, he said.

Sponsors of the event are the Texas Weed Control Assn., which has membership in 54 plains counties, Texas A&M University and the Amarillo Chamber of Commerce.

Five scientists and technicians will present brief summaries of results from studies conducted throughout the Panhandle and South Plains during a special one-hour session starting at 11 a. m.

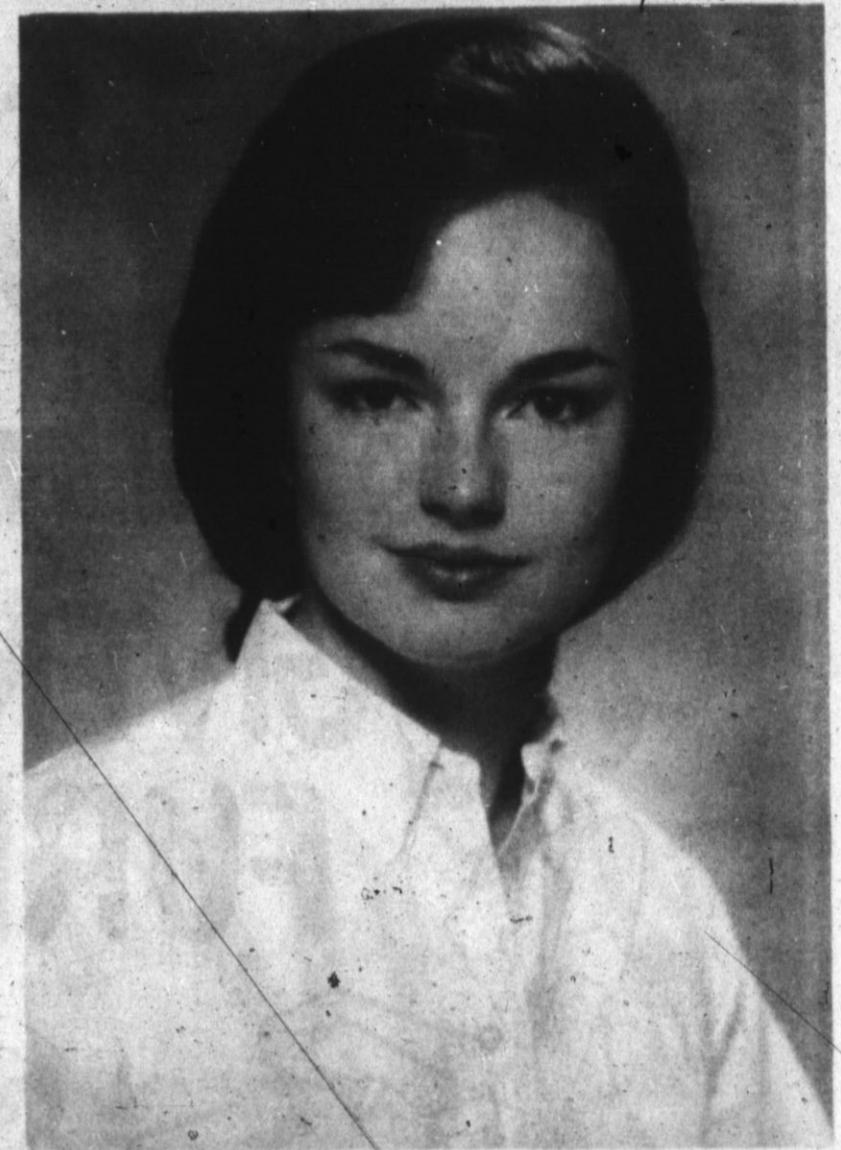

Extension Plant Pathologist Dr. Robert Berry, of the South Plains Research and Extension Center near Lubbock, will present a talk titled "Weeds — Vectors of Plant Diseases."

ECONOMICS of weed control will be discussed by Art Bralley, vice-president of the American National Bank of Amarillo.

Pesticide residue will be the topic of a speech by Sam Fine, who is with the U. S. Food and Drug Administration in Dallas.

Extension Range Specialist G. O. Hoffman, of College Station, will discuss poisonous plants around the farm.

Taking part in the research reports will be: Wise, R. G. Davis and M. L. Weir, all of the

The major lobbying group pushing the Dirksen amendment has an interesting name: "Committee for Government of the People." It has produced a red, white and blue pamphlet entitled: "Let the People Decide."

Where does Lyndon B. Johnson stand on this question? He has not taken sides, at least publicly. A number of members of the Democratic party are co-sponsors of the Dirksen resolution, Senate Majority Leader Mike Mansfield (D., Mont.) voted for it last year.

Membership is in First Methodist Church.

YOU SAVE ENOUGH TO BUY

WHEN YOU DRY WITH GAS

TWO MONTHS SUPPLY OF MILK

SAVE ON INSTALLATION AND MAINTENANCE, TOO. A GAS clothes dryer costs less to install and maintenance costs are the lowest of any dryer. A GAS burner, the heart of your dryer, carries a lifetime guarantee.

When you dry your clothes with GAS, you can save \$29.76 a year on your utility bill! That's enough to buy twenty-five gallons of milk — a two months' supply for an average family of four. You get quality performance, too. GAS dries your clothes faster yet gently and leaves them as fresh as springtime.

Workshop On Publicity Planned To Help Clubs Tell Their Story

Publicity for community activities of various types, with emphasis on reports from club and church organizations, will be the subject of one of the workshops in free leadership training sessions offered March 21 and 22 in Community Center.

from the Texas Extension Service will conduct workshops in five fields on each of the two evenings beginning at 7:30. Business and Professional Women's Club is sponsoring the leadership training, under auspices of Deaf Smith County Program Building Committee, and is accepting registration for the workshops.

The one on publicity will be conducted by Melvin Young, manager of The Hereford Brand, and Clint Formby, co-owner and manager of Radio Station KPAN. Both are well-known in Hereford as businessmen and in civic activities.

Club reporters or publicity chairmen, those serving now and those elected for next year, are especially invited to enroll for the workshop to learn the best methods of telling the public about their organizations' programs and projects.

The workshop leaders, widely experienced in coverage of community news by their respective media, will be prepared to offer suggestions and answer questions to help reporters, not only those elected by clubs but anyone interested in better publicity for any cause.

Pre-registration for the workshops, open to all area residents will continue to March 10. Members of most organizations here have received registration cards but anyone who has not had an opportunity to register is invited to telephone Mrs. J. K. Baker, B&PW Club president, to assure enrollment in the workshop of his choice.

NEWS

Preparing for the county 4-H Club Bake Show, a lesson making buttered rolls was given for Merry Maidens Club at a recent meeting in Community Center. Mrs. Bud Paetzold gave the demonstration. Mary Kay Wagner and Connie Walker were hostesses and Jane Witkowski the presiding officer.

Linda Fisher was a new member. Visitors were Mmes. Paul Engler, Lester Wagner, John Warren, Leo Witkowski and Linderman; also Jo Ann Wagner, Jennifer, Mark and Matthew Engler.

Other members present were Karen Scott, Christine Marnell, Taffy, LaNita and Patricia Herr, Margie and Patsy Paetzold, Sandra Fry, Anita Warren, Sandra Yocum, Julia Urbanczyk, Teresa Engler and Mary Linderman.

Happy Hustlers 4-H club welcomed Louis Orleans as a new member at their regular meeting February 17 at the community center.

During the business session with Jackie Woodward presiding, reports were given on the following activities: Rodney Brooks, livestock show; Donna Woodward, horse club; Rodney Goheen, entomology; Charles Atchley, boys cooking; Rodney Herr, electricity; Kenneth Justice, public speaking.

Bill Cole and Steven Olson were commended for winning at the livestock show and Rodney Herr was congratulated for being Farm Bureau Citizen of the month.

Several visitors were present including Mrs. J. E. Brooks who served refreshments to the group.

Miss Wanda Gray to wed Ed W. Thomas

Ex-Resident Will Marry OSU Coed

A June 19 marriage to Ed W. Thomas of Houston, former Hereford resident, is planned by Miss Wanda Gray, graduate student at Oklahoma State University and the daughter of Mr. and Mrs. Carl S. Gray of Clinton, Okla.

Thomas, an auditor for Humble Oil Co., is the son of Mr. and Mrs. Henry P. Thomas who reside northeast of Hereford. The marriage is to be solemnized in First Methodist Church at Clinton.

Miss Gray expects to receive the master of science degree in May from OSU, where she is studying on a National Science Foundation grant after taking a B. S. degree last spring. She was selected as the school's outstanding woman graduate of 1965 by Theta Sigma Phi, journalism society.

She is secretary of the Mary Stewart Memorial Foundation, has held offices in Kappa Alpha Theta and the Student Senate, was an honorary cadet colonel for the Air Force ROTC.

Other campus memberships include Mortar Board, Phi Kappa Phi and Education Student Council. She was listed on the president's honor roll. She and Thomas were both named in Who's Who in American Universities.

He received a degree in accounting in 1965, was president of Beta Gamma Sigma and the Fellowship of Christian Athletes, vice president of Omicron Delta Kappa, member of the Varsity football squad and "O" Club, Business Student Council, Beta Alpha Psi, Delta Sigma Pi and Sigma Phi Epsilon.

A graduate of Hereford High School in 1961, Thomas was on the dean's honor roll at OSU.

Church Honors Retiring Head Of Officials

Honored for his services as branch president of the local Church Jesus Christ of Latter Day Saints, Dale Hallows was presented gifts when the congregation entertained with a party at the church Wednesday evening. The Primary and MIA organizations were in charge. A covered dish dinner was served.

William Earl Johnson, who with Mrs. Johnson recently came here as a missionary to work in the relatively new Hereford branch, has taken the president's office as successor to Hallows.

A gift was presented also to Mrs. Daniel J. Larsen, one of the founders of the church here, who was recognized as branch mother.

Announcement was made that Jack T. Boles of Lubbock will be guest speaker at the church Sunday.

Mr. and Mrs. Johnson will leave Sunday for a four-day conference of missionaries from over Texas, at Austin. The group will include 30 retired couples who, like the Johnsons, are giving one or two years to work in the church's mission field at their own expense.

Residents of Provo, Utah, the Johnsons are working in their second mission; the first was in North Carolina.

Local Students On Honor Roll

Penny Jones and Jerre Shultz, freshmen students from Hereford, have been named to the dean's honor roll listing 394 students for the fall semester at Eastern New Mexico University announced by Dr. Gail Shannon, dean of academic affairs.

Heading the list are 45 students with a 4.0 or straight "A" average. The top-ranking students include 166 seniors, 85 juniors, 73 sophomores, and 116 freshmen.

Students at Eastern are graded on a 4-point scale with an overall average of at least 3.25 necessary to be on the dean's list.

Honor students must also be enrolled for credit in 12 or more semester hours of study during the term.

HUMOR

Hank Ketchum, creator of Dennis the Menace, has done a travel story entitled "I Wanna Go Home." It is as clever as his cartoons, and his story is fast moving, well written, humorous, and most-informative. It is different from any travel story we have read.

The book is illustrated in his

familiar cartoon style throughout. And for a man who had never been farther than the three mile limit of the United States he covers a lot of Europe and Asia in a few months time.

THE FACT that his wife, Jo Anne, had been quite a traveler before they married makes it even funnier. She had worked for both the airlines and travel agencies to cover many countries.

They said on a giant ocean liner and spend time sight seeing and promoting his Dennis the Menace cartoons in countries which did not already have them. One main objective is the to trade humor with Russia.

Their tour included London, Copenhagen, Helsinki, with twenty days in Russia, mostly Leningrad and Moscow. But other cities under the Russians were in the itinerary. They traveled by ship, train, bus and plane to cover areas including Taskent, Samarkand, Tbilisi, Sochi, Yalta, Odessa, Kiev, Vienna, Bucharest, Prague and finally Paris.

IT WAS during the last-part of the tour of Russia, when they grew tired and homesick that he said, "I Wanna Go Home." They ended the tour in Paris by seeing the many shows and eating at the many places which they had been told were good. They were ready for good food after the tour of Russia where most of the time the food was scarce and often poorly prepared and served.

In some of his contacts with foreign cartoonists, Ketchum mentions other cartoonists and

stressed some of his favorites among whom is New Mexico's Bill Mauldin.

In our library are a number of Mauldin's books. The most famous is Up Front with the Willie and Joe characters. We would recommend his first one of his early days-which is the hilarious story of his boyhood in New Mexico. It is entitled A Sort of Saga. And his most recent one, new on the shelves is I Have Decided I Want my Seat Back. Librarian Lorene Newman states that Mauldin is her favorite cartoonist and during the time her sons were in service, she bought and sent his war books to them.

Books on humor brighten our days and help to develop a sense of humor if we do not have one. In these days we certainly need such a saving grace.

Rites Held For Resident's Kin

Funeral rites were said for Mrs. Emma Bourland of Flomot, mother of Mrs. Belmont Watson of Hereford, Friday afternoon in the First Baptist Church of Flomot. Burial was in East Mound Cemetery at Matador.

In addition to Mrs. Watson, the 86-year-old woman is survived by three daughters and two sons. She had lived in Flomot more than 60 years. Her death Wednesday was in the home of a daughter, Mrs. Molly Simpson, at Northfield.

Annual H.D. Lunch Set For Monday

Appreciation to county residents who have assisted in their program, and to their own pioneer members and present leaders, will be expressed by Deaf Smith Home Demonstration Clubs at their annual appreciation luncheon in the Bull Barn tomorrow noon.

County commissioners, other officials and persons who have supported the clubs in their work the past year will be guests. From members nominated by eight clubs as H. D. Club Woman of the Year, a county recipient of that honor will be elected.

Mrs. H. L. Hershey will briefly sketch the early history of H. D. Clubs in this county, and introduce present and former members over the age of 65. Mrs. E. C. Hammett, County H. D. Council president, will be master of ceremonies. The Rev. Don Davidson will give the invocation as the luncheon begins at 12 noon and the program is to close by 1 p. m. to fit the schedule of business people.

The Council's Education Committee, with Mrs. J. D. Gilbert Jr. as chairman, has made arrangements for the yearly event.

Goodbyes Said At Informal Tea

Mrs. Paul Engler, who will leave early in March for a home in Montana, was bidden goodbye by a number of friends from over the county at a tea Wednesday afternoon in First National Community Room.

Masons Hold Washingtons Day Dinner

In an annual observance of George Washington's birthday, Masons and their wives were entertained by the Order of Eastern Star at a dinner in the Masonic Temple Tuesday evening, when some 65 persons were present.

A large picture of Washington on a wall backing the tables, and silhouettes on the tables set the decorative keynote. U. S. flags and miniature logs with hatchets were set down the tables where dinner was served under direction of the social committee, Mrs. Marjorie Cline, and Mrs. C. T. Worthan.

Mrs. Tom Draper was program chairman, and presented Susan Neill of Friona in pantomimes and a trio, the Three Wishes, in a musical skit. Trio members are Misses Sylvia Phipps, Nancy Smith and Jo Ellen Hamilton.

Decorations were arranged by Mrs. B. E. Roberson and Mrs. J. B. Noland.

Hostesses were members of organizations in which she has been a valued member during her residence here, the Red Cross Club and adult workers with 4-H Clubs.

Mrs. Clarence Betzen poured coffee from a table covered in white lace and centered with a low arrangement of pink roses.

Mrs. Jim McAndrews and Mrs. Tony Hoffman alternated at greeting guests and assisting at the table, serving party sandwiches, cookies and salted nuts to callers whom Mrs. Ray Polan invited to register.

The Engler family will move to their ranch near Wyola, Mont. where they have previously spent considerable time in summers and school vacations.

The family includes Mr. and Mrs. Engler and the children, Mike, a freshman in high school at Canon City, Colo., Theresa, in the fifth grade, Matt, third grade, and Mark, second grade, all at St. Anthony's School here, and Jennifer, now 6 years old.

Mrs. Engler has been active in the organizations of which she is a member, accepting officer and committee responsibility. She has assisted both girls' and boys' 4-H Clubs and been on the Leaders Council. Also a member of St. Anthony's Parish Council, she has served in various ways and has taught sewing classes at St. Joseph's Mission.

Savings Bond Interest Hike Is Announced

WASHINGTON, D. C. — President Johnson recently announced a new and higher interest rate to be paid holders of all U. S. Savings Bonds. The new rate is 4.15 per cent.

In announcing the interest hike President Johnson emphasized that it will benefit holders of all bonds.

THE INTEREST rate is effective as of December 1, 1965, and it applies to all Series E and H Savings Bonds outstanding for their remaining period to maturity, as well as those to be purchased in the future.

The new rate will reduce the maturity period for Series E Bonds (those most frequently purchased) to seven years. Under the old 3 3/4 per cent rate, a bond purchased for \$75, for example, could be redeemed at \$100 at maturity — seven years and nine months. For Series H Bonds, which are bought at face value, the interest is paid semi-

annually, and those payments will simply be increased to the 4.15 per cent rate.

Johnson noted that between 30 and 40 million Americans who hold more than \$49 billion in Savings Bonds will automatically enjoy the rise in interest.

The President pointed out that this year marks the 25th Anniversary of the Savings Bonds program. It was May 1, 1941, when President Franklin D. Roosevelt bought the first Series E Bond from Secretary of the Treasury Henry Morgenthau.

Savings Bonds originally paid 2.9 per cent. They were redeemable after a 10-year maturity period at a face value 1/3 higher than the original purchase price.

As the interest on similar investments increased through the years, the yield on Savings Bonds was also raised.

THE FIRST increase came in May, 1952, to 3 per cent. The rate was raised again, in 1957, to 3 1/4 per cent; in 1959, to 3 3/4 per cent.

Those increases were accomplished by reducing the maturity period of E Bonds and rais-

Care Of Plants In House Told By Club Speaker

Selection of plants which like the environment where they are to be kept, was suggested as a secret of house-plant culture by Mrs. John Hill, speaking to Bippus Home Demonstration Club in her home Wednesday afternoon.

She said several plants grouped together hold humidity, and plants get needed humidity if they are kept above the kitchen sink. Most plants need night temperature of 45-50 degrees, she added, and all need fertilizer occasionally.

Planter boxes should have a layer of gravel in the bottom, Mrs. Hill said, then peat moss into which the potted plants are set.

Mrs. Jimmie D. Bradley was nominated by the club as one of the county delegates to a district Home Demonstration Association meeting at Dalhart April 28. Mrs. C. F. Burk presided for business and Mrs.

Mrs. Hromas Again Head Of Art Club

Mrs. W. C. Hromas was re-elected president of Amarylils Porcelain Arts Club, a group of some 90 china painting enthusiasts from over the Panhandle and in nearby states, at a recent meeting in Amarillo.

Plans were made for representation at a state convention to be held in Austin April 28-May 1. A bus will be chartered to take 30 members.

All the Hereford members, Mmes. O. H. Culpepper, John Robinson Lurline Smith, L. H. Lookingbill Sr., Lottie Wertemberger and Hromas, plan to have work included in the convention exhibits.

clubs. The Amarylils Club has members from Miami, Canyon, Stratford, Mobeetie, Happy, Pampa, Gruver, Spearman, Claude, Amarillo and Hereford, also four from Tucumcari; N. M., one each from Liberal, Kan., Oklahoma City and even in Mexico City and Lamas, Mexico.

The club meets monthly, usually with a guest artist as speaker.

New Colors Fit Name Of Depot

By Mrs. Argen Draper
Home Demonstration Agent

The depot with its new repairs and pretty colors makes an impressive and artistic sight. "Always, I have felt dark red is the tried and tested color for brick and felt a little disappointment when I saw the brick being painted."

Now I see how fitting the lovely buff and turquoise combination makes for the Santa Fe. Both are typical Indian colors and favorite of Indians around Santa Fe.

When thinking of turquoise, I admire Mrs. Faust Collier and Mrs. John Hickman in turquoise color. Their pretty eyes are enhanced by the interesting blue. This blue-green is flattering to many people as it is made of a combination of colors. The mineral turquoise has a little copper in it and is valued as a gem.

CONGRATULATIONS to the flag committee that puts up the flags on special days. The cluster of flags on Main Street is especially interesting.

With the passing of Texas' own Chester Nimitz, I think of the many outstanding war heroes that Texas has produced. All people in this state should be proud of the heritage given us by our ancestors.

Music Program Presented At Kiwanis Club

Members of the Hereford Kiwanis Club were feasted to a special program Thursday when Woody McDermitt hosted a "Memories in Country Music" program.

McDermitt began with country music in 1946 and came up to the present time when Tex Rhodes, a member of the band with McDermitt, sang his new song which he recently sold in California. The title of the song was "Beyond Those Heartaches."

Leland Duggan also participated in the program as he accompanied McDermitt and also sang a few of the songs. McDermitt pointed out the changes in country music which have taken place during the past 20 years.

THEY PLAYED songs by such famous artists as Hank Williams, Buck Owens and Bob Wills. Charlie Duvall was presented a plaque for his outstanding work while he served as president of the organization.

Duvall is the past president of the club and is now serving on the achievement committee. Program director for the month of February was Ray Todd.

Formby made on distasteful things about a budget are that it causes family trouble and it is a system of worrying before the money is spent.

The dangers of failing to plan the spending are that some have the easy come, easy go attitude and think the future will take care of itself. There are, however, some good points in favor of a budget. It keeps people on their toes and is good training in self control.

The conclusion: Self-discipline in one phase carries over into other phases of life and over-spending is folly. Thanks, Clint, for the idea and do keep up the good work.

GOVERNMENT EMPLOYEES have been urged to get Medicare information to all persons. It is hoped that no one will be disappointed by missing the sign-up date. An important date for all persons over 65 years is March 31, 1966.

Seven community meetings are being held to explain the program. People have been so nice to cooperate. M. W. Blankenship will make arrangements for the building at Sims; we will eat lunch at the Walcott Cafeteria and hold the meeting at 1:00 p.m. Bob Strain is president of the Dawn Community Club and arrangements have been made with him; Mrs. Raymond Smith will have the Ford Community House ready for the meeting and Paul Abalos will give news coverage for the Spanish meeting and also will interpret for us.

The Tom Collins are at Walcott School this Spring semester as well as Paula Green.

500,000 IS THE NUMBER of children that accidentally ingest poisons each year in this country. Ninety percent of these reasons are five years of age and under.

Poisonings is now the most common medical emergency among young children with deaths exceeding those from polio, measles, scarlet fever and diphtheria combined.

Pesticides account for about five percent of the cases, whereas aspirin accounts for twenty percent. Household chemicals account for approximately ten percent of the cases. Thus, this is a program that should be directed to every home in the state. Isn't that terrible?

Nancy Follis of Dimmitt gave me this pie recipe:
Cherry-O-Cream Cheese Pie
1-9 inch Graham cracker crumb pie crust
1 can Eagle Brand milk
1-8 oz. cream cheese
1/3 cup lemon juice (fresh or bottled)
1 tsp. vanilla
Soften cream cheese at room temperature. Whip until fluffy. Add Eagle Brand milk, whip, add lemon juice and vanilla. Mix

well. Pour into crust and chill 3-4 hours.

Cherry Topping
1 cup cherries-drained
1/2 cup cherry juice
2 tbs. sugar
2 tsp. corn starch
Few drops of red food coloring
Mix corn starch and sugar. Add cherry juice and cook until thick. Add cherries and red food coloring. Cool and top pie.

Sparkman Jr., Earnest Harder, Joe Abtry, Larry Dobbs, Frank Robbins, James Dobbs, Leo Hall, Susan Ogan, Chesley Johnson, Floyd Cole and Owen Andrews.

Gerald Harder came home Saturday night to spend a two-week leave from the Army with his family, the Earnest Harders. They met him at the bus station in Amarillo.

The Harders entertained several of Gerald's friends at lunch Sunday. Present were Mr. and Mrs. Joe Andrews, Valerie and Elizabeth, Mr. and Mrs. Tommy Sparkman and Kevin, Mr. and Mrs. Eugene Baldwin and Robin, Mr. and Mrs. Larry Dobbs and Sheri, Mr. and Mrs. Chesley Johnston and Sheldon, Mr. and Mrs. Kenneth Frye and Shelly, Kerry Struve, Darlene Sparkman, Mr. and Mrs. T. L. Sparkman Jr. and Mrs. Herbert Hasehoff.

Mr. and Mrs. James Dobbs visited her relatives, the Wade Gibbons and Allen Wilsons, in Amarillo Sunday while they were there to visit his father at the hospital.

T. L. Sparkman went to Amarillo Saturday and brought Ed East to drive around this area and see his cattle, being pastured on the Charles Frye place. Mr. and Mrs. Sparkman took him home. The Easts are old-time residents of this area who have lived in Amarillo several years.

Visiting the Eugene Baldwins and T. L. Sparkmans Monday were Mr. and Mrs. Bugs Nail and son of Albuquerque. Mrs. Nail and Mrs. Baldwin were college friends when both attended Hardin-Simmons.

Mr. and Mrs. Chesley Johnston and Sheldon, accompanied by Miss Alma Andrews, visited the Charles Kings in Amarillo Friday. The Johnstons returned home Sunday and Miss Andrews remained until Thursday.

Mr. and Mrs. Eugene Baldwin are parents of a son, born Feb. 24 at Deaf Smith County Hospital. He weighs 8 lbs. 5 ozs. and has been named Brett Howell. Grandparents are Mrs. B. H. Baldwin and Mr. and Mrs. T. L. Sparkman Jr.

Among those attending an Evangelistic conference at First Baptist Church, Amarillo, Thursday were the Rev. Sam Ogan, Messrs. and Mmes. Harlan Barber, Gary Mason, Eldon Stephan, Bill Williams and Jack Rogers.

The children of the Gary Masons spent Thursday evening with their grandparents, the R. M. Masons, of Westway. Gary's brother, James, accompanied the Masons to the evangelistic conference.

New Hymnal Due Here For Methodists

For the first time since 1935, members of Methodist Churches all over the world will get a look at a new Methodist Hymnal.

The new hymnal will be ready for use in the churches on May 1 and is a new innovation in hymnody for the Methodists.

This hymnal is designed to give a more prominent place for Wesleyan hymns. It will include some of the older hymns which were not in the old hymnal, according to a local Methodist spokesman.

IT WILL give a good representation of new texts and will reflect the world church and world concerns.

The book will also make needed corrections in texts and tunes which are in the present book. It will provide for the inclusions of more gospel hymns and will replace difficult melodies with new ones.

Officials began planning the new book several years ago and have done much research in providing a much better hymnal than is now available to Methodists.

IN THE present hymnal the songs are listed by classification rather than by title and the new book the songs will be listed by title.

Another change in the hymnal will be in the Communion Service, which is printed in the

back and in the responsive readings.

In the past, the responsive readings have been long paragraphs for the minister and members to read, but in the new book the readings will be comprised of short sentences only.

A sample of the new hymnal was passed out to those Methodist who attended The Northwest Texas Annual conference in Lubbock this spring. The book was used in some of the services during the conference.

More than 11,000 pastors cooperated in a careful study of what would best serve the wide variety of local churches throughout the denomination. An equally extensive survey was conducted among the professional musicians serving the church were examined. Officials also examined some 65 hymnals on other denominations.

IT WAS decided by members of the Commission on Worship to use a larger print in the hymnal so that it would be easier to read.

One hundred-nineteen tunes will appear for the first time in the American Methodist Hymnal and 15 of these tunes have never before been published in any hymnal.

Bob Wert, music director for the First Methodist Church, said that the new books will be bought by the congregation and will be used as memorials. Inside each hymnal a gold sticker will be placed telling who purchased the hymnal and for whom it is given in memory.

He showed films of actual automobile wrecks and their causes, spoke and answered questions. John Gilliland, who is conducting a Red Cross first aid course in the club, introduced Birchfield.

Highway Safety Film Shown Madre Mia Club

A highway safety lesson on film was presented to La Madre Mia Club Thursday evening at a meeting in the Commission Room of City Hall. Dick Birchfield of the Texas Highway Patrol's safety education office in Amarillo was the guest speaker.

He showed films of actual automobile wrecks and their causes, spoke and answered questions. John Gilliland, who is conducting a Red Cross first aid course in the club, introduced Birchfield.

Mrs. Bill Nelson, hostess, served refreshments to them and to Mmes. Gerald Martin, Bill Lankford, Dean Herring, Joe Hacker, Charles Frye, Harvey Penner, Don Taylor, Ron Zimmerman, Ray Don King, Eugene Sparks, John Smith, Bobby Owen and Harold Morton.

K of C Change Name To Honor First Chaplin

Members of the Hereford Knights of Columbus have changed its name to the Father Nathaniel Council No. 2778.

IT WAS FATHER Nathaniel Madden who organized the council in 1937, and served as their first chaplain until 1943. During his six years as pastor, he also organized the St. Anthony's Parish Council, St. Anthony's Guild, the Confraternity of Christian Mothers, and the League of the Sacred Heart of Prayer.

He served as assistant pastor at three different intervals. Through his efforts, a good foundation was laid for St. Anthony's.

ON TUESDAY NIGHT, the council held a memorial service in tribute; in keeping with the custom that one be given for a deceased Brother Knight.

Father Nathaniel was born in Chicago, Ill. Jan. 1, 1900 and passed away on Dec. 18, 1965 in Peekskill, N. Y. The burial was in the Graymoor Friars Cemetery on Dec. 21, 1965.

DON ROBINSON HONORED FOR LIFE POLICY SALES

Don Robinson of Hereford, a member of the Amarillo agency of American Founders Life Insurance Company qualified in 1965 for the President's Club, highest rank agents may attain, it was announced Friday in Austin at the company's annual awards presentation banquet. Agents are rated in terms of volume of insurance sold, premium production, percentage of insurance remaining in force, and number of lives insured.

William Howard Taft is the only man who served both as President and as Chief Justice of the United States.

FOR WTCC

West Texan Of The Month Honor Goes To Cattle Raisers' Prexy

Fred Wulff of Brady, president of the Texas and Southwestern Cattle Raisers Association, has been named West Texan of the Month for February by the West Texas Chamber of Commerce.

The announcement of Wulff's selection appeared in the February issue of "West Texas Today," official publication of the WTCC.

The influential Brady rancher, who has a hand in operating nearly 80,000 acres of ranch land in McCulloch, San Saba, Menard and Concho counties, will complete his second one-year term as president of the TSCRA in March. He is the 33rd president of the 89-year-old association and has been closely connected with it since 1948.

Wulff is actually an attorney by profession, having received his law degree from the University of Texas in 1938. He has continued to practice some law during the years but has been primarily a rancher since returning from service in World War II.

HE SERVED in the Pacific in World War II as a Marine, saw service in the Solomon Islands, Peleiu and Okinawa, was awarded the Bronze Star Medal and emerged as a first lieutenant. Wulff operates 13,000 acres of

his own land on which he runs Angus cattle, sheep and goats. He also is executor and manager of two other estates, the 22,000-acre C. T. White Estate and the 44,000-acre G. R. (Rollie) White Estate. He runs Hereford cattle, sheep and goats on the White estates.

ETHICS IN AGRICULTURE

NEW YORK — American agriculture, which has taken giant strides in techniques of increased food production, must now give serious attention to the moral and psychological questions raised by an abundant food supply, the Rev. Dr. Victor Obenhaus of Chicago Theological Seminary, writes in the United Church of Christ magazine, Social Action.

Quality Printing at the Ink Spot

may be channeled toward the feedlots.

Wulff has been interested in water conservation for years and says the TSCRA has a special interest in water. "I feel that one of the big areas of work for the association is the protection of individual rights in matters concerning the use of water," he said. He says the individual rancher or farmer could easily be ignored amid the conflict between the states and the federal government regarding water.

HE SAID West Texas must learn to re-use its water and combat pollution from all sources if it is to conserve its water supplies.

Wulff sees a bright future for Texas. He said we haven't even tapped the surface yet on utilizing the products grown right here in the state. "We have a long way to go yet, but Texas is the spot. We've got manpower, a fair price structure, water, and other ingredients," he said. He said West Texas has vast potential in the business of processing basic products such as mohair, wool, oil, agricultural products, and others.

Wulff served on the Governor's Water Committee during Gov. Price Daniel's administration and presently is a member of the Texas Agricultural Water Committee and the Texas Water Coordinating Committee.

His wife is the former Emily Marshall of Dallas. They have a son who is a sophomore at Yale University and a daughter who is a freshman in Brady High School.

Wulff has played an active role as a member and an officer in the TSCRA's programs to help with screwworm eradication, limit the import of beef, in combatting hoof and mouth disease in the 1950's, in eliminating OPA price controls at the end of World War II, and in the continuing effort to prevent cattle thefts. These programs have been carried on by TSCRA and other organizations with similar interests.

Wulff sees a bright future for the cattle business in West Texas — and also changes in its methods of operation. "We're going to have to keep abreast of the times in our methods of production, our modes of operation, and in our marketing procedures. Good management is more essential than it ever has been," Wulff said in a recent interview with "West Texas Today."

NEW TRUDAN 2 IS HERE!

Trudan 2, Northrup King's new true hybrid sudangrass, is an exciting forage. Unlike sorghum-sudangrass hybrids, Trudan 2 produces fast growth without coarseness... the finest-stemmed, highly palatable plant yields high TDN. Trudan 2 grows back fast with lower prussic acid content. Great for grazing, hay or silage. Trudan 2 can mean more beef or milk per acre. In tonnage trials, Trudan 2 has out-yielded sorghum-sudangrass hybrids.

Order NEW Trudan 2 now. Supplies are limited.

NOTHING THAT BIG IS "HARMLESS!" MAYBE IT THINKS WE'RE INSECTS!

I SEE WHAT IT'S AFTER! OH-NO! LOOK OUT--!

MOSQUITOES-- AS BIG AS PIGEONS!

OH!

THE SOONER WE GET INTO YOUR COPTER-- THE BETTER!

YES! TWILIGHT'S COMING! EVERYTHING THAT FLIES OR CRAWLS IN THIS PLACE WILL BE OUT!

NOW-- FROM THE CAVE-- A GREAT SILENT CREATURE--

UH-- THAT'S THE THING THAT WAS IN THE CAVE! RUN FOR YOUR LIVES!

MOTHER, I THINK IT'S NICE OF FATHER TO VISIT MR. HI BRACKETT IN THE HOSPITAL EVERY DAY--

I WONDER--

I'M NOT SURE IT'S MR. HI BRACKETT HE VISITS! BUT I'M GOING TO FIND OUT!

I HOPE YOUR HUSBAND HAS A GOOD NURSE, DEAR--

HE PICKED HER HIMSELF-- A BEAUTIFUL BLONDE, OF COURSE!

OH, HELLO! YOU'RE NEW HERE, AREN'T YOU?

YES-- I JUST CAME ON THIS CASE TODAY--

5A

YOU KNOW HOW TO PICK 'EM, HI! SHE'S EVEN PRETTIER THAN THE BLONDE NURSE YOU HAD!

INSECT! I KNOW WHY YOU GO TO THE HOSPITAL SO OFTEN-- TO SEE THAT BLONDE NURSE!

YOU'RE ALL WRONG, DARLIN--

SHE'S NOT THERE ANY MORE--

SHE ISN'T?

BUT JUST THE SAME, I INTEND TO VISIT MY FRIEND HI EVERY DAY!

FORGIVE ME, DEAR, FOR BEING SUSPICIOUS!
