

## Driver Crashes Motel

Family members of Vernon Rein, owner-manager of Plains Motel, narrowly escaped injury Friday morning when a late model vehicle came crashing through the motel lobby.

Traveling at a high speed, the vehicle had jumped the curb on West Hwy. 60, in the 500 block. Going west, the car sheared shrubbery alongside Chateau Inn before speeding on across sidewalks and a paved area into a window at Plains Motel. The force was severe enough to send the car all the way into the motel's lobby.

Rein's mother-in-law, who had just entered the room and had walked across, was just six feet away from the automobile when it came careening across the parking lot.

Damages, all totaled, added up to almost \$5,000.

The accident occurred at 11:27 a. m., as Henry Delapaz of Raymondville was driving west on U. S. Hwy. 60.

Delapaz evidently lost control of his 65 sedan as he looked out the window to see friends. The car jumped a curb on the right side of the pavement, running along a paved area between the Chateau Inn and the street before driving into the Plains Motel.

As the automobile careened down the side of the Chateau Inn, it knocked down a traffic sign and also collided with several small trees, taking some with the vehicle. The car went some 275 feet before coming to a halt in Plains Motel's lobby.

Witnesses at the scene said the vehicle was traveling well over the 30 miles per hour speed limit; official reports list the

### MERCHANTS PLAN

## County Promotion Discussed By Group

Hereford merchants met for lunch Friday to talk over and define the merchants, responsibility to the community.

Bill Thompson, manager of Deaf Smith County Chamber of Commerce presided and related some of the fears that had been expressed by individuals to him.

Thompson said that some had been afraid that the city is losing its community spirit. He said that by getting together on community projects, the community spirit can be kept alive or re-kindled — whichever is needed.

Presenting ideas and projects on which they desired community help were Bill Beyer speaking in behalf of the speed bowl and Jerry Fowler, representing the Jaycees, discussing a farm and home show.

The group split into brainstorming groups and after group discussion came up with two ideas that might be considered as community projects — one, the sponsorship of a one day affair that would attract area residents such as a professional golf match, and the other the sponsorship of the Latin American festival so that it could be an

area drawing card.

Beyer, in his discussion, pointed out that the speed bowl attracts drivers and their families and friends from Amarillo and Clovis as well as closer towns. He thanked the merchants for making door prizes available.

The group, in considering the promotion of the speed bowl, suggested that more effective advertising methods be used and

that the quality of drivers be up-graded. Beyer noted that the area drivers are inexperienced and that they are gradually improving. The group is gradually gaining acceptance, Beyer said. An indication of this acceptance was the parade downtown Hereford Saturday afternoon and the display of stock cars on the Sugarland Mall parking lot.

Fowler said that the Jaycees had considered a farm and home show for several years and had contacted professional booth display companies and that the idea is feasible for use in the Bull Barn. He said that one of the problems encountered by the Jaycees was general acceptance by the community. That and the question of having enough Jaycees to handle the promotion were the two main stumbling blocks, Fowler said.

Named by Thompson to committees to study the proposals developed by the group discussion were Bob Bingham, Irving Alexander and Helen McCauley to work on the one day promotion idea. Albert Hudson, Max Leon and Hal Linquist were named to study the promotion of the Spanish Festival.

### FASHION SHOW SET

Sugarland Mall will be a scene of fashions for fall and back to school in an exhibition planned Thursday evening.

Scheduled to get underway at 8 p. m., merchants in the gigantic shopping center will jointly sponsor the event. Models will be furnished, and the show will be directed, by the Jeanne Campbell School of Charm.

Clete Corlis, manager of the Penney's store in Sugarland, said the show will probably last about an hour. The public is invited to attend the modeling exhibition, to be held in the middle of the mall in north Hereford.

## School Costs Told Farmers Sponsor Queens

### School Board Will Get Proposed Cost Figures Tuesday Night

Deaf Smith and Oldham County Farm Bureau has moved its queen contest and talent final program up to Tuesday night Aug. 16.

The competition will begin at the Hereford High School auditorium at 8 p. m. with girls in the queen competition entered in formal competition only. There will be no bathing suit competition.

To be eligible for the queen title, a girl must be between the ages of 16 and 22 and the daughter or sister of a Farm Bureau member actively engaged in farming.

For the Talent Find Program the boy, girl or group must be between the ages of 17 and 30 and the daughter, son, sister or brother of a Farm Bureau member actively engaged in farming.

Winners in both contests will represent the local Farm Bureau in district competition.

The purpose of the two programs is to give recognition to farm and ranch boys and girls. Young people meeting the requirements are encouraged by the Farm Bureau to enter the competition. Entries can be made by contacting Edwin Axe at 614 Park Ave. or 364-1786, or at the Farm Bureau office on West Harrison Highway, 364-1070.

Entries must be in by Aug. 15. The public will be invited to attend the contests.

Hereford school taxpayers will have a first-hand explanation of the budget for the 1966-67 school term at the budget hearing to be presented at the regular monthly meeting of the Hereford school board Tuesday evening.

Increased expenses are in store for the district this term, as the Hereford school staff gets an upward boost in numbers. Also contributing to increased obligations will be the opening of the new junior high school, La Plata, located in northwest Hereford.

Superintendent of Schools Johnny Clark said final figures would not be available until the board meeting, explaining that some last minute work would have to be completed to get the budget into its final form.

Last year the Hereford school system spent somewhat over \$3 million. At least 10 new teachers will be added to the curriculum this fall, with several being above the state foundation level; full salaries come

from the local fund for positions exceeding the state minimum.

Biggest item in the 1965-66 budget was salaries, which took almost \$1.5 million. Of this amount, teachers received \$1,353,821.

Some \$1,179,000 made up the capital outlay from the building funds, the second biggest item in the budget. Last year \$306,750 was budgeted for the retirement of bonded indebtedness.

An increase in funds needed to retire this year's bonds also is a factor in increased budget needs.

Last year operations required \$115,905 transportation, \$79,940 administration, \$96,707 maintenance, \$29,165 student body activity, \$11,000 (inclusive of athletics) health service, \$7,254 fixed charges (insurance) \$3,421 attendance, \$1,209 and capital outlay from local funds, \$14,198.

Several new positions had to be opened with the inclusion of La Plata Junior High School in the system. These include another band director, choir director, another principal and assistant principal, besides the additional classroom teachers to be staffed.

Maintenance of the new school building will also add to the See BUDGET Page 2

## Boys' Club Proposal Told At Chamber Meeting

Jim Sperring, a regional supervisor for Boys' Club of America, told a small group of citizens here that a Boys' Club has a potential of 1,000 members in the City of Hereford.

Sperring, in an attempt to interest citizens in establishment of a branch of the Boys' Club here, pointed out benefits of the informal organization in helping reduce delinquency rates among juveniles.

A club, if organized here, is almost completely independent of any regional, state or national bureaucracy, Sperring told the seven gathered in the Deaf Smith County Chamber of Commerce office.

"Ninety-nine per cent of your

ing population figures for Hereford in excess of 11,000.

"Boys of school age from all walks of life have a place in this organization," he went on.

"Ninety-nine per cent of your

money stays in the local community," he explained. "The regional and national organizations are only acting as advisory agents, leaving each club to act independently in its community." Only one per cent of funds raised are used in national work, he told the group.

"All we in the regional and national offices do is assist and guide," he commented.

A Boys' Club has to have a broad program of diversified activities, he pointed out, explaining that there must be something there to appeal to just about every boy. The broad program also is necessary to at-

## Summer School Prepares Tikes

The regular summer program for teaching non-English speaking six year olds closed this week.

Conducted by the public school system of Hereford, the program was extended this year and facilities were rented from St. Joseph's Mission to house two of the four classes, school officials said.

Previous years have shown the benefits of the program, similar in intent to the 'Head Start' program used in other communities. The Hereford pro-

gram is done however as an extension of the regular school year and is not financed under the Head Start plan.

Tom Harkey was principal for the summer school with one unit in Central taught by Mrs. Mary Carter, one in Shirley taught by Mrs. Bill McCarley, and two in St. Joseph's Mission at the Labor Camp taught by Mrs. Marian Davis and Mrs. Dottie Darden. All are regular teachers in the Hereford schools during the winter term.

Bus service was run to the in-town classes. Children from around the area were taken to the Labor Camp in the Mission bus as it made its rounds, Mrs. Davis said.

Designed to teach enough English to make the child function in a normal first grade class, the classes also taught games, included stories for children, music and art — all in an attempt to enrich the backgrounds of the Latin American children.

A long session from 8:30 to 11 a. m. was broken with orange juice and milk breaks as well as play periods.

All supplies used by the 67 children enrolled at the Mission school were supplied by the public schools, as were the desks, chairs, and other physical needs.

The two Labor Camp teachers said that they had better response the first part of the session and that the last few weeks seemed to drag for some of the children. This year's program was longer than the schools have been sponsoring they said.

Care of the school room, how to use crayons, scissors, pencils and paste — kindergarten type activities were incorporated into the daily routine to aid the children in pre-school preparation.

Language taught is basic to the children's welfare in an English speaking situation. They learn to speak in complete sentences and to tell who they are. They are taught common phrases that facilitate normal classroom procedure.

### Deaf Will Learn In Local Class

Deaf children will be able to attend classes in Hereford Public School this year, according to school officials.

In the past, the children were forced to attend classes in Amarillo because the local schools could not find qualified personnel.

Mrs. Bessie Louise Squires will teach the class. After Johnny Clark, superintendent, had her transcript evaluated, plans were made for the class.

Eight children are known to need the facility which will be set up in an elementary school under the special education program.

Residents of Dimmitt, Hart, Friona, or any rural community can transfer their children to Hereford for the class, the superintendent said.

The audiology teacher comes from Dalhart. She holds a B.S. degree from West Texas State University where she majored in history and minored in education. She attended McMurry College and North Texas State University. She has taught first, second, and third grades in Dudley and fourth grade in Munday. In Stamford Junior High, she taught social studies and has been special education teacher at Hartley and recently has been speech correction teacher in Texas County schools.

Parents of children needing this type teaching may enroll their child by contacting the Hereford schools.

## LaPlata Junior High Is Newest Addition To Hereford Schools

The 1966 phase of Hereford Public School building program is completed for all practical purposes. LaPlata Junior High School will open as the largest and most modern phase of the over two million dollar building program begun several years ago. Cost of the junior high unit is over \$1,050,000. This includes landscaping and band uniforms as well as fixtures.

Bluebonnet Elementary opened last fall and the School Board is considering plans for either a vocational school and/or an elementary school to pick-up where LaPlata leaves off.

Located in northwest Hereford the new junior high school becomes part of the extended campus including Northwest Elementary School and Whiteface Field along with the field house.

The gymnasium in LaPlata will be used by the high school basketball teams since it will accommodate larger crowds.

The gym has a second level that will incorporate folding bleachers that retract and leave a play area that will be used by girls' gym classes, Jerry Don

George, principal, said. The modern brick building will have a faculty of 31 with Alex Glass as assistant principal and also working as athletic director.

New in the curriculum will be a simulated team teaching situation. Designed to function for students with conflicting schedules, the class will include typing, English, and social studies in the length of time normally allotted to two classes, plus a home room period.

Maximum capacity for the building is considered 900 students, George said that he expects 600 this fall.

Accommodating the students will be sixteen regular classrooms. These include four math units that have especially equipped chalkboards for mathematics and one room that can be used either for math or science since it is plumbed and equipped for either.

There are four rooms equipped for science, two for special education and a block for homemaking.

## Reading Confab Set In Canyon

People interested in the teaching of reading will have an opportunity to attend the Fourth Annual Reading Conference in Canyon next Tuesday, Wednesday and Thursday.

Under the sponsorship of the Texas Association for the Improvement of Reading, the three-day conference is under the direction of West Texas State University. Serving as the local planning committee are Mrs. Hazel Sunderman, area vice president of TAIR, Dr. Ruth Lowes, head of the education department at WTSU, Kenneth R. Skinner, Amarillo and Mrs. Naomi Hopson, Hereford.

Designed for teachers-all levels, teachers aides, parents, or study clubs devoted to child study, the conference brings noted reading authorities to lecture and offers sectional meetings to cover specific subjects.

Dr. Arthur Heilman, director of the Reading Center at Penn State University, will discuss the philosophy and practices of a sound reading program Tuesday afternoon.

Dr. Trevor Serviss will return this year. Last year he was present for a brief talk and the conference declared him so inspirational that he was invited to return. He is vice president and chairman of the L. W. Singer Company, a division of Random House.

Dr. Kate Bell, president of TAIR will also speak.

Registration is open to any interested person and may be made in the student union building at the opening of the conference or on any subsequent days.

Mrs. Maxine Hartman of Hereford is conducting a sectional meeting on audio-visual aids and is also chairman of the evaluation committee.

Entertaining on Tuesday afternoon will be the Windjammers, a folk singing group from Hereford. In the group are Charlotte Hill, Kandis Hill, Jean Roberson and Margaret Adams. Shelley Rush is still in France and Nancy Smith is working so they will not sing with the group.

tract the boys to the club.

"This is no one-day-a-week business," Sperring asserted. "Someone has to be available to take care of these youngsters for several hours every day." The club would have to be open at least three hours a day, five days a week, and would probably require the expense of having a paid staffer keeping activities organized.

Dues vary for the boys, he explained, ranging from 25 cents to perhaps 75 cents for a year. "But you'd be surprised how hard it is for some boys to get just 50 cents," he said. An alternative is made for the boy in such a position, he went on, saying that there is some odd job usually found that needs to be done.

A building with about 2,000 square feet is necessary to start a club; included in clubs are game rooms, a place for physical fitness, arts and crafts, and in general anything that would appeal to boys.

Equipment can be obtained for almost nothing, he exclaimed, since much can be obtained from government surplus.

If a Hereford club were opened independently now, it would require somewhere in the neighborhood of \$10 to \$12 thousand. However, alternatives are available which help cut this expense, Sperring told the group.

By opening as a branch of

the Amarillo Club, some financial assistance would be available. Although the organization would act almost completely independent, the club could "borrow" the name of the Amarillo group.

Another cut in expenses could be had by only hiring a part-time organizer to keep the club running. Sperring suggested an elementary teacher, or anyone who would have after-hours time corresponding to the free time of boys. The part-time agreement would greatly help in reduction of salary expense, he pointed out.

Seeing another Panhandle city Boys' Club operation in action was suggested by one present; Sperring cited examples of Boys Clubs now set up in various Panhandle cities, many with memberships well over 500 or 600. The organization is not intended to replace other youth organizations, Sperring told the group. "We're not in competition with any other youth group. We're merely an all-hours program," he said.

A Boys' Club steering committee was suggested as the proper channel in establishing a club here. A tentative date was set, Tuesday evening Sept. 27, when Sperring would again be in Hereford for another session.

The one per cent figure that Sperring quoted as going to the national organization benefits the local organization by distribution of literature and other services which the club here would have a common need for along with clubs in other cities.

Listed among the services are "in field service" (councils, assistance to new clubs), help with Boys' Club personnel, training programs, publications, national programs, year-round publicity through the national organization, help in building, supplies, finance, and the ability to purchase government surplus property available to accredited members of Boys' Clubs of America.

The first Boys' Club was founded in Hartford, Conn., in 1890. Today, Boys' Clubs are located in more than 365 cities and towns throughout the country. The national organization was founded in 1906 by the existing Boys' Clubs for their mutual benefit and the further promotion of their work.

A Congressional Charter was granted Boys' Clubs of America by the United States Congress in 1956.

Jay Taylor, prominent Amarillo agriculturist, serves on the board of directors of the national organization. Richard M. Nixon serves as chairman of this board, a position formerly held 23 years by the late Herbert Hoover.

The homemaking unit has an arrangement that resembles three rooms. One is similar to a living room, and the sewing and cooking rooms have several small compact units for groups.

One room each is devoted to art, vocational agriculture, industrial arts, band and choir.

The cafeteria doubles as an auditorium. George said that this fall, when weather permits, they hope to be able to use the courtyard in the center of the building during the lunch hour.

Offices include space for the principals, the general office and a counselor's bank which is three small rooms with storage facilities for files.

The nurses office also has two student lounges for students who

become ill during the school day.

Interiors of classrooms are in soft shades of yellow, brown and green. A willow green vinyl in a burlap texture covers some of the walls wainscoting height.

Other rooms feature a pale yellow sunlight yellow. Halls in the class areas have tile on the walls. In the entrance area, the halls are faced with brick.

Girls and boys dressing rooms are under the bleacher areas of the gym.

The girls dressing room features a three way arrangement for two girls — a private dressing room on either side of a shared shower. Colors are light and cheerful.

Faculty members for LaPlata are: Mrs. Inez Welch, Mrs. Carolyn Robbing, English; Judy Creel, English and social studies; Mrs. Geraldine Hodges, reading; Pat Privett, math and coach; Bill Hofmann, math.

John Murdock, science; Mrs. Claude Ola Brown, general business and English; Mrs. Margaret Bell, English and reading; Mrs. Glayds Legg, math; Mrs. Leona Miller, science and homemaking; Mrs. Norma Gripp, social studies; Joan Watson, social studies; Rodney Laubhan, boys' physical education and social studies; Jo Masters, typing and journalism; Fred Mercer, science and math; Bill Deavers, choir; Lynn McLarty, band; Mrs. Lottie Wertenberger, art; P. Misses Marlene Legg and MariHoward Apel  
hostess and honoree

## Here and There

with Mrs. Merlin Kaul

Miss Marlene Legg, teacher in San Jacinto school in Amarillo, honored a fellow teacher and her roommate of last year, Miss Mari-Howard Apel, with a kitchen shower Tuesday morning. The event was held at the home of her parents Mr. and Mrs. Tandy Legg on Fir Street. Miss Apel will be married soon to Ronald Engelbrecht, Spearman.

The occasion was also a "summer coffee break" for Miss Legg and the teachers with whom she teaches at San Jacinto. The teachers carried out a "Farm" program with "country style" broom people, a hog calling contest and a Farm Skit for Miss Apel who will live on a farm after her marriage.

Jo Crump, Amarillo poured coffee and Marie Smith served lemonade to the guests along with a fruit bowl, rolls, bread, and cheese.

Those who signed the bride's book included the hostess, her mother, Mrs. Tandy Legg, Marjorie Ewing and Velma Holman, Panhandle, Mesdames J. E. Englebrecht, Jo Crump, Roberta Burton, Edna Earle Barton, Gladys Chambers, Frankie M. Dixon, Maxine Faulkner, Elizabeth Gahn, Leona Jories, Sylvia Prince, Grace Sampson, Marie L. Smith, and Adella Ruth Turner all of Amarillo.

Miss Irene Crawford, Amarillo, who is teaching the Reading Clinic at WTSU Canyon this semester, was a guest Tuesday night in the home of Mrs. W. E. Dameron. Also a guest in the Dameron home to have a visit with Miss Crawford was Naomi Hare, who is here on vacation from her work in Chihuahua, Mexico.

Mrs. Ernie Dettman accompanied Mrs. Marie Ratcliff to Portales, N. Mex. Thursday.

Mrs. Ratcliff is attending school there this summer and Mrs. Dettman went to visit a cousin Charles Marks and his family.

Mrs. Kenneth Durstine came from Topeka, Kan. Saturday to accompany her daughter Lynn back to Topeka after she had spent the past two weeks visiting her grandparents Mr. and Mrs. Ralph Durstine at Friona. They also visited in the Glenn Hetzler and Merlin Kaul homes.

The Open Door Class, First Methodist Church, met Tuesday night for a hamburger supper at the home of Mr. and Mrs. L. D. McCauley, Avenue G. Besides hamburgers, home made ice cream and cake made up the menu.

Conversation and domino games provided entertainment. A gift was presented to newlyweds Mr. and Mrs. Will Blaylock. Mrs. Charles Bell is the teacher of the class.

Those present included the hosts, their grandson Jimmy Hester, Scottsdale, Ariz. Miss Susan Lair, Canyon, Mr. and Mrs. John Torbett, Mr. and Mrs. Charles Bell and family, Mr. and Mrs. Cawthon Bryant, Mr. and Mrs. Charlie Holt, Mr. and Mrs. Bryant Powell, Mr. and Mrs. Virgil Walker, Mr. and Mrs. Merlin Kaul, Mr. and Mrs. Charley Sowell, Mr. and Mrs. Will Blaylock, Rev. and Mrs. Clifford Trotter and daughter, Mrs. Atha McJiver, Mrs. Delbert Ruland and children, and Mr. and Mrs. Ole Larson.

Mr. and Mrs. T. J. Parsons, who had planned to attend the event, were called to Amarillo by the serious condition of his nephew who was injured in a car accident soon after noon Tuesday.

Mr. and Mrs. Lynton Allred

and baby son Michael, Lubbock are spending the weekend here with her mother Mrs. Allene West and brother Johnny and with his parents Mr. and Mrs. Jimmy Allred.

Mrs. John Vaughn and Mrs. Ben Boddy, Albuquerque; New Mex. were guests Wednesday night of their cousin Mrs. Maurice Means and family.

A housewarming which developed into a family reunion was held Sunday for the Bill Simpsons at their new home southeast of town. Members of the Witherspoon and Hartman families who came for the occasion attended church services Sunday morning and all met for a basket dinner at 1 o'clock.

Those attending included Mr. and Mrs. Leo Hennington and Suanne, Scottsdale, Ariz., Mr. and Mrs. Buddy Witherspoon, Neill, Albuquerque, N. M., Mr. and Mrs. Dwight Wilson, Terri, Ron, and Kaye, Leavenworth Kan. Mr. and Mrs. Elynn Hartman, Mr. and Mrs. Orville Houser, Leon Hartman, and Howard Rhodes all of Friona, Mr. and Mrs. Beryl Witherspoon, Lubbock, Mr. and Mrs. Gene Pugh, Spencer and Stacy, Borger, Mrs. Lucy Cowart, Plainview, Mr. and Mrs. Fred Drake, Lockney Mrs. Raymon Childress, Coleman, Mr. and Mrs. Liston Wilson, Mr. and Mrs. Vern Witherspoon, Mrs. Myrtle Witherspoon, Hereford and the Simpson family, Nina, Bill, Betsy, Mickey and Benny.

The Buddy Witherspoons, along with their granddaughter Suanne Hennington and nephew Mickey Simpson came Thursday from Albuquerque via Red River where they had gone fishing.

Mickey and some friends were riding bicycles when at Red River, when he had an accident while coming down one of the hills. He slid several feet on the shale and Buddy had to take him to Taos to a doctor. Several stitches were required to close the wound on his knee after the doctor finally got it clean of shale. The Witherspoons were guests while here in the home of his parents Mr. and Mrs. Vern Witherspoon. On Saturday night Mrs. Raymon Childress, formerly of the Westway Community and while here a Brand correspondent, arrived and was a dinner guest in the Witherspoon home.

Mrs. Leo Hennington, daughter of the Buddy Witherspoons, received her Master's Degree in Education from the University of Arizona this summer. She is a teacher in the Scottsdale schools. She and her family went from here to Carlsbad and Albuquerque, N. Mex., and from thence to Monte Vista, Colo. to visit Mr. Hennington's parents Mr. and Mrs. Vance Hennington.

The Dwight Wilsons were guests of his parents the Liston Wilsons while here for the reunion.

## Three Wrecks Do Slight Damage

The intersection of Park Avenue and Kingwood was the location of an accident Thursday morning.

A 1966 pick-up, driven by Jimmy Addison Dooley, Rt. 4, tried to pass Antulio Gamez's 1966 pick-up, while Gamez was attempting a left turn from the inside lane of Park Avenue.

The two cars collided causing \$500.00 damage to Dooley's vehicle and \$300.00 to Gamez's. Dooley was driving a 1966 pick-up. The pick-up driven by Gamez belongs to Isaias Gamez, 316 Higgins. No injuries occurred.

Boyd's Enco Station at the intersection of 385 and Highway 60 is now minus one pump. Sally Schmidt, 3rd and Miles, was backing out of the station's garage and collided with one of the gas pumps. The pump was

knocked down and burst into flames. Damages amounted to \$250.00.

An accident occurred at the intersection of Park Ave. and Ave. K, Saturday during the noon-hour traffic rush. The accident occurred when a 1963 pick-up driven by Clifford S. Johnson, 410 Ave. K collided with Adan Quintana, Route 2, who was driving a 1964 sedan owned by Warren Brothers Motor Company. Johnson was traveling north on Ave. K and collided with Quintana who was going east on Park Avenue when Quintana failed to stop for a red light. Johnson's vehicle suffered \$200.00 damages.

Just for a change, season cooked snap beans with a sweet-sour dressing made from bacon drippings, sugar and vinegar. The drippings should be white in color and mild in flavor — and they will be if you save the fat from bacon that is cooked over very low heat.

## Hereford, Adrian Students Going To FB Seminar

Pamela Winget of Hereford and Etta Gale Gruhkey of Adrian will represent Deaf Smith and Oldham Counties at the fourth annual Texas Farm Bureau Citizenship Seminar on Baylor University campus at Waco Aug. 9-13.

Robert Jacobson, president of Deaf Smith Oldham Farm Bureau, which will sponsor their attendance, announces the choice of these two high school students.

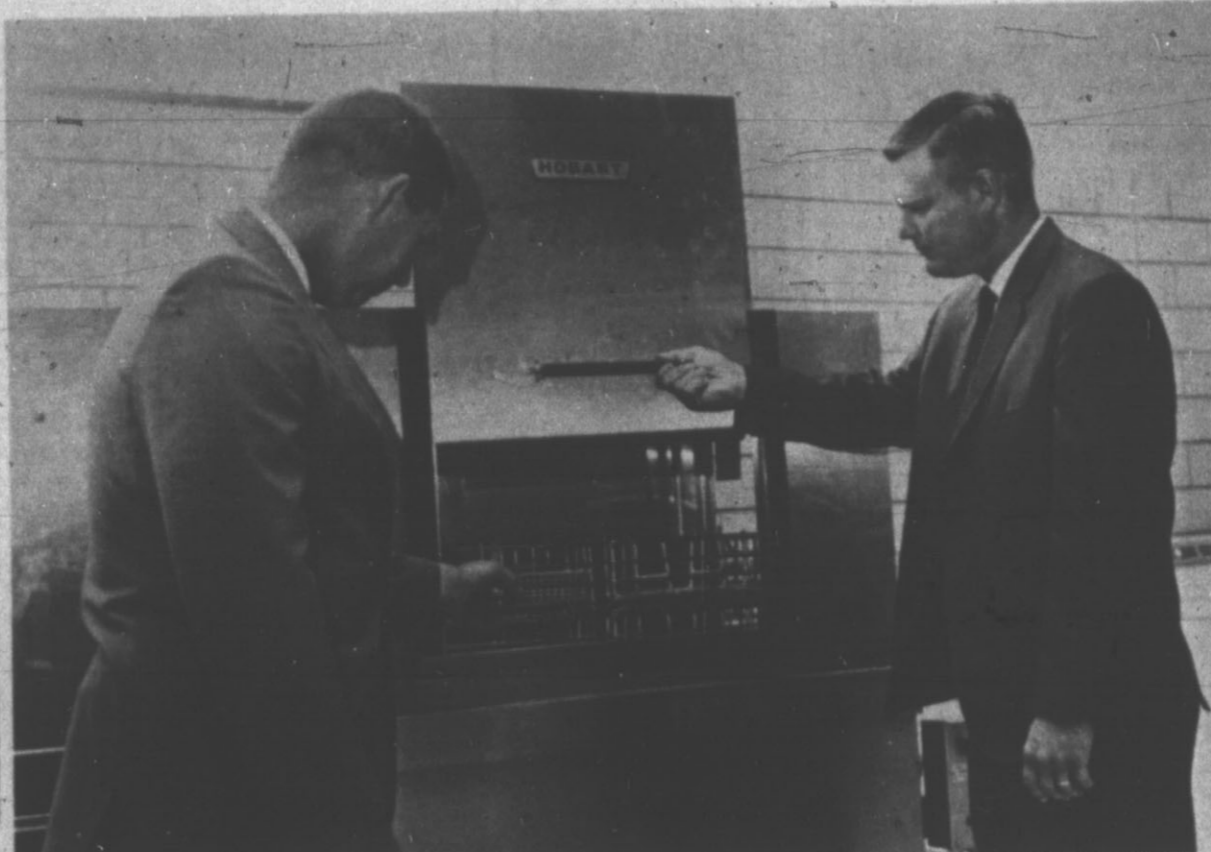

Purpose of the seminar is to give students a better understanding of the American system and way of life, he adds. Emphasis is on economic, moral and social aspects of the society in which we live, which were envisioned in the U.S. Constitution and Bill of Rights. Nationally known speakers

scheduled to address the 350 Texas high school juniors and seniors are Dr. C. L. Kay of Lubbock Christian College, winner of awards including a special citation from former President Eisenhower; Dr. Clifton L. Ganus Jr., president and head of the department of history and social sciences at Harding College, Searcy, Ark.; Herbert A. Phibbrick, former counterspy for the FBI; and Cleon Skousen, author of The Naked Communist and former FBI agent.

### OLD BRIDGE BECOMES PIER

MINOCQUA, Wis. — This northern Wisconsin resort community has decided to make good use of the old Highway 51 bridge across Minocqua Lake.

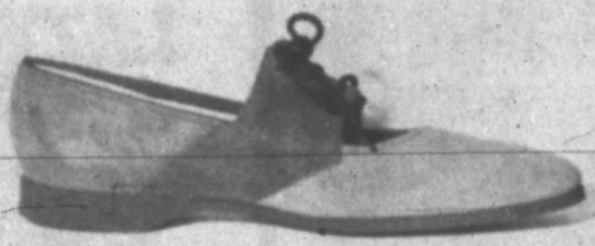

With the cooperation of the state conservation and highway commissions, Minocqua will save the north 300 feet of the bridge for use as a fishing pier. Railings and lights will be installed and seven slips for parking 14 boats will be constructed near the shore end.

**LONDON'S LAST YEARS**  
 NEW YORK — A play based on Jack London's career is planned for Broadway production; this fall to commemorate the 50th anniversary of the novelist's death.  
 The script, entitled "Dear Comrades," recently was tested by a community theatre group in California, and received favorable comment from one of the writer's daughters, Mrs. Joan London Miller. Written by Margaret Norton, the drama covers the last 16 years of life of the author of "The Call of the Wild."  
 Six French divers have lived and worked on the ocean floor for three weeks without surfacing.

**AMARILLO WOMAN WRITES HER SECOND NOVEL**

Lorna Novak's new novel, has the amusing title of *How Amelia Secured The Tie That Binds With a Very Loose Knot*. There seems to be a trend in the kind of title for books, plays and songs the past year.

If you did not read her first book, *Does It Make Into a Bed?* you will probably wish to do so after you read this one. The two books are different in story but in both of them Mrs. Novak writes in her light, gay, sophisticated manner.

The town of Smedley, Texas might be Amarillo and the heroine just possibly might have characteristics of the author. It is said most novels are autobiographical, more or less. In any case Amelia is an attractive, clever, amusing red-head who wears emeralds with aplomb. If this description does not tempt you to read the book then the theme surely will.

You might call it a project of Amelia's, which is to marry off her orphan niece, who lives with the family, to the right man. This is not easy since Sally is one of those smart girls and at times smart-alec. With her wisdom, out-spokenness and plan to find a soul mate, she is far from practical and runs off all the best material. Her current boy-friend is not her choice, he is too "just-every-day."

It takes Amelia, her husband, and his ex-girl friend, Amelia's ex-boy friend, aunts, uncles and theirs (and yours) she falls in love with "a snake" (Amelia's name for him.)

And true to expectations, other well meaning people through many adventures — some almost slip-stick, to get Sally on the right track. And then it was through her own realization more than what they have attempted to do, that clears the air for Amelia's last maneuver or strategy to get her safely and well married.

**South Plains Society Sponsors History Meeting**

Mrs. Lucile Boykin, head of the Texas history, local history and genealogy department Dallas Public Library, will be special guest director of the genealogical workshop presented by the South Plains Genealogical Society, August 19-20 at the Municipal Garden-Arts Center, 4215 College Ave., Lubbock.

Mrs. Boykin will speak to the general assembly at 10 a. m. both Friday and Saturday. At 3 p. m. Friday, she will speak and conduct a question and answer program. At other times during both days, Mrs. Boykin will hold informal sessions for special groups and beginning researchers, says Mrs. Carl H. Gelin, workshop chairman.

Books, maps and other research materials for use during the workshop will be furnished from the collection of the South Plains Genealogical Society and by its individual members. Other persons having books which they would like to lend to the workshop are welcome to do so, Mrs. Gelin said.

Mrs. Boykin, who has conducted genealogical workshops in Kansas, Oklahoma and elsewhere in addition to the Dallas Library, holds a bachelor's degree in library science from State Teachers College, Emporia, Kansas and a master's degree from the University of Denver in Colorado. She has been a member of the staff of the Dallas Library since 1954 and has been head of the history and genealogy department there since 1963. She spent the year of 1962 with the U. S. Army Library Service in Korea.

Among the topics discussed by Mrs. Boykin at the Lubbock workshop will be time-saving methods for locating materials and records in libraries; how to use such materials most effectively; basic needs in genealogical research, and how-to-go-about-it techniques.

For a quick relish, cook a package of frozen artichoke hearts and cover them with a hot sugar-vinegar solution that has been made with pickling spices. Cover and chill overnight to allow flavors to blend before serving with cold meat.

**BIRTHDAY DOUBLY CELEBRATED** — F. H. Oberthier will be honored with a reception today in observance of his 97th birthday, after a surprise party Thursday afternoon, the actual birth date. His daughters, the hostesses, stand behind their father's chair at the party in Westgate retirement home, Mrs. V. O. Hennen of Hereford at the right and Mrs. Wilbur Gaines of Millburn, N.J. left. A number of friends have been invited to the reception for the Hereford pioneer in the Hennen home this afternoon.

## Oberthier Celebrates 97th Birthday Today

"Come back in three years and we'll have a real celebration!" F. H. Oberthier jauntily told guests at a surprise party on his 97th birthday Thursday afternoon.

His daughters, Mrs. V. O. Hennen and Mrs. Wilbur Gaines of Millburn, N. J., entertained in his honor at Westgate, the unit of King's Manor retirement home where Mr. Oberthier has resided the past two years.

A reception in the Hennen home, 703 N. Lee, this afternoon will continue the birthday observance for the alert gentleman who has lived in Hereford since 1908. Invitations have been sent to a number of friends, including members of the First Christian Church in which he has been active.

Other residents and staff members at Westgate gathered in the dining room for the surprise party, at which birthday cake and punch were served.

The honoree chatted with the guests and swapped stories with Dr. Don Davidson, King's Manor director, as he received congratulations on the anniversary.

Although his sight has failed in recent years, Mr. Oberthier enjoys good health and remains vitally interested in current affairs and in his fellow townsmen. Staff members at Westgate remark on his unflagging courtesy and manners typical of the old-time southwestern gentleman.

Born in Rusk County Aug. 4, 1869, he moved westward to Comanche County with his parents at the age of seven. The family traveled in covered wagons to the new home. He married Miss Amanda Holmesley in Comanche in 1894.

Purchase of ranch land in Castro County in 1901 brought him to this area, and he moved to Hereford to care for his property. Soon after moving here he built the town's first electric power plant, which he operated until 1925.

He has served on the local school board, and as a deacon in his church. Mrs. Oberthier, who was also active in church and cultural organizations here, died in 1957. In addition to Mrs. Hennen and Mrs. Gaines, another daughter is Mrs. Dewey Lawrence of Tyler.

## Anniversary Party Is Attended By 85 Honoring Senior L. J. Jones

Mr. and Mrs. L. J. Jones Sr. received congratulations from 85 guests on their Golden Wedding Anniversary at open house last Sunday afternoon in the home of their son, L. J. Jones Jr., and Mrs. Jones.

Their daughters, Mrs. W. S. Ingram and Mrs. Kenyth Cass of Friona, Mr. Ingram and Mr. Cass were other hosts. Cindy Ingram, a granddaughter, registered guests while grandsons Jerry Cass and Steve Jones displayed gifts.

Mrs. George S. Price of Madill, Okla. served the three-tiered anniversary cake and Mrs. Robert H. Osborn of Friona the punch. Also in the houseparty were Misses Teresa Ingram of Friona and Nancy Jones. All are granddaughters of the couple.

Gladiolas, mums and roses decorated the rooms and yellow roses graced the serving table, which was covered with reem-broidered Alencon lace. Mrs. Jones was dressed in blue lace and her corsage was of yellow rosebuds.

She was Hattie Gollighugh before the marriage at Wellington in 1916. The Rev. L. B. Smallwood officiated in a home ceremony and the couple spent a honeymoon touring Palo Duro Canyon in a covered wagon. They moved to the Plains in 1944 and Mr. Jones farmed until his retirement; they now live at 225 Elm.

Out-of-town relatives and friends who registered at the reception included Messrs. and Mmes. Carroll W. Jones, J. J. Jones, R. D. Jones and Mike Gaffard of Brownfield; Mrs. Herman Rogers, Jimmie Rogers, Mr. and Mrs. Ross Gladney of Amarillo.

Mrs. Roy Bell, Argyle; Mr. and Mrs. Winston Jones of Ropes; Mr. and Mrs. W. A. Gollighugh, Mr. and Mrs. W. F. Howard of Quail; Mr. and Mrs. J. W. Gollighugh and Mrs. John Ingram of Wellington.

Miss Sheree Brady of Mineral Wells; Mr. and Mrs. Buster Jones, Mr. and Mrs. George Corning of Hollis, Okla.; Messrs. and Mmes. John Gunter, Zed Robinson and Bob Adams of Enochs.

## Formby Head Of Century Club

Nationally known financier Troy V. Post of Dallas will address the annual Century Club banquet of the Texas Tech Students Association on Oct. 21. Association Executive Director Wayne James announced Thursday. The banquet is to be held on the Tech campus.

Post, a well known business executive, has been the subject of numerous articles in national publications and is highly esteemed by prominent businessmen.

Clint Formby, Hereford radio station operator and Century Club chairman, noted that the Association was "fortunate to secure a speaker — a native West Texan — of Mr. Post's reputation and ability."

Past Century Club speakers have included President Johnson then the Vice President, Rep. George Mahon, television newsman Frank Blair, "Tex" Thornton, Chairman of the Board of Littion Industries, and Ford Motor Company Vice President E. F. Laux.

NEW YORK (AP) — The hot box office success of "Annie Get Your Gun" is making Ethel Merman rescind a vow.  
The veteran musical comedy star agreed to a six-week revival at Lincoln Center's State Theater, plus a short tour, but voiced firm determination to stay clear of longer commitments.  
The demand for tickets, has been such, however, that the tour has been increased from four to six weeks and a return New York engagement slated to start Sept. 19.

REP. ROGERS WRITES

# Defense Appropriations Considered Important

The House of Representatives recently voted overwhelmingly to approve what most of us believe should be termed the most important single bill to come before us this Session — the appropriations bill to provide funds for military activities in the 1967 fiscal year, which began July 1. It is the largest defense appropriations bill since World War II.

Defense expenditures must come first in any consideration involving government spending. The old "guns versus butter" argument is not an either-or proposition. The maintenance of our security is the paramount problem for the United States — the principal responsibility of the Congress and the Administration — and unparalleled military power is an absolute necessity.

The defense appropriation bill passed by the House called for additional military spending authority of \$58.6 billion. The Defense Department had on hand, when the last fiscal year ended June 30, approximately \$42 billion in unexpended funds, most of it earmarked for specific obligations in weapons procurement, research and development, and the variety of other commitments entailed in our defense program. Therefore, there will be available for defense purposes in the current fiscal year (assuming the Senate confirms the House action) a total of \$100 billion, although, again, part of this money will not have been expended by the end of the year. Some is for "lead-time" items, such as ships.

Our defense cannot be conducted in this modern age without huge outlays of money. We cannot economize where economy brings risks of disaster and defeat. Despite the uninformed statements of persons who, for their own devious reasons, would seek to have their neighbors believe that disarmament is imminent, the Congress has held un-

swervingly to the position that defense comes first — and annually acts accordingly by voting military appropriations bills by majorities such as the House recorded on the current measure: 392 to 1. There is nothing new about this. For the four fiscal years 1962-65, the Congress provided for the military functions of the Defense Department a total of \$198.2 billion, compared with \$156.8 billion provided for the four fiscal years 1957-60. (Fiscal Year 1961 is omitted from the comparison because it was the transition year between administrations and 1965 is used as the terminal date because it immediately preceded the major deployment of U. S. troops to Vietnam.) The United States spent \$41 billion more for defense purposes in the 1962-65 period than in the 1957-60 period.

**SEES HAWAII** — Janell Avery, daughter of Mr. and Mrs. Harold Avery of San Antonio, formerly of Hereford, has returned from a month-long vacation in Hawaii, a graduation gift from her parents. Her mother is the former Dorothy Nell Adams, who graduated from Hereford High School and was manager of Western Union here before her marriage. Avery was stationed at the Prisoner of War Camp during World War II. They married in First Baptist Church of Hereford in 1945. Janell has traveled with her parents as Avery was stationed in various places, including three years in Germany. He served in Italy and Korea before his retirement from the Army last year. Mrs. Avery recently visited her brother, Bob Adams, and his family at 309 Ave. J.

The fact that we have spent money for military purposes at a high level over recent years has permitted us to avoid having to go into a "crash" program to meet increased requirements brought on by the war in Vietnam. We are spending billions more because of Vietnam, but the impact on the economy — and the taxpayer — has been lessened because of the steady preparations made through heavy expenditures of earlier years.

The men and women who serve in the Congress are determined to keep this Nation strong, the strongest in the world.

The bill voted by the House contained a variety of provisions. One provision of particular interest to the Panhandle area, because of B-52 Strategic Air Command operations at Amarillo Air Force Base, called for the retention of 45 of the huge B-52 bombers originally scheduled to be phased out in 1967 and to maintain our B-52 fleet at the 600-bomber level. The bill also provided funds to support additional development work on an advanced manned strategic aircraft, the possible successor to the B-52 as our big manned bomber.

### Student Tourists Are Welcomed In France By Former Schoolmate

Several Hereford teenagers recently went to France for an exciting tour. Gerald Dingus, local French teacher, and his wife accompanied them as chaperones.

While in France the group visited with Rene Batard in Nantes. Rene was an exchange student to Hereford, living with the Gid Browns during his stay. The following messages were sent to the Browns from the Hereford tourists:

Dear Mr. and Mrs. Brown, You simply could not imagine what a lovely time we have been having here in Nantes with Rene and his truly gracious family. They all send their highest regards. We hope to see all of you at home soon.

Sincerely, Barbara Zinser  
Rene and his family are wonderful. Nantes is really an amazing town. Our "guide" is showing us quite a time.  
Sincerely, Penni Jones

We're having the most wonderful time. Rene has been the perfect host — Food was just great! France is so beautiful. Wish you were here.

Mary Lynn Gibson  
Sherri Marsh  
Rene has been so great to us. His parents are really nice. We surely appreciate everything they've done. We enjoyed it so much!

I do not know you, but we share a common friend. Rene is a wonderful person to know!  
Paula Nelson

Have seen a great many things very different and interesting. Hope you like picture on card.

Charlie Dones  
Dear Mr. and Mrs. Brown, We have had a wonderful visit with Rene and his family this weekend. He showed us all the sights around Nantes.

Ann and Gerald Dingus  
We are having a wonderful time here with Rene and his people. They are wonderful people.

Cynthia McMinn  
We have had a wonderful time in Nantes. Rene has been so helpful.

Steven Thornton  
It is so beautiful here. We are traveling beside the Loire which is really more beautiful than Hereford will ever be. Sure

wish you were here. Shelley Rush  
Rene also wrote to the Browns concerning France's invasion by Hereford tourists. He said that they had spent two weekends with him and that he had gone on some of the trips with them.

On the first weekend visit July 14, Rene met the bus of Hereford friends at St. Malo. Rene, amused to find that they were baffled by the franc, negotiated their purchases of shampoo, hair spray, stamps, etc. He delighted himself and his friends by acting as "guide" to the island and chateau.

On the second visit, July 30, the gay group had champagne at Rene's home at noon. They took a boat ride, ate at a restaurant in the country, and saw Nantes by night on the first evening.

The next morning they had breakfast at Rene's, saw the zoological garden, and heard mass sung in Latin in one of the cathedrals. They had a picnic in the country, went to a museum, saw the Valley of Loire, and gathered many more lovely memories to bring home with them.

They are not the only ones with nostalgic memories, however. Rene's stay in Hereford seems to be memorable to him. In writing the Browns he said, "Oh, I shall never repay enough what I have been given in Hereford by you (the Browns) and all the people."

In another letter he asked "Could you please tell everybody that I like them a lot, that Hereford is a wonderful town, that I shall never forget the good times I had there? Just to spend a few days with the Hereford kids has given me such good memories."

**MICKEY OUTDOES TED**  
BOSTON (AP) — When Mickey Mantle of the Yankees began his home run spree here in late June, a check of records showed that the Yankee center fielder has hit more home runs at Fenway Park than Ted Williams hit against the New Yorkers.

In 16 seasons against the Red Sox, Mantle has hit 38 home runs here. Williams, in 19 seasons against the Yankees, hit 30 Fenway Park homers.

**PATIO PREVIEW** — The inner courtyard of LaPlata is planned for some lunch time activities during good weather school officials say. These students will enroll for LaPlata classes the end of August. Getting an early look are Donny McDermitt, son of Mr. and Mrs. Woodie McDermitt; Jeff Deavenport, son of Mr. and Mrs. Joe Deavenport;

Chip Formby, son of Mr. and Mrs. Clint Formby; Ricky Lee, son of Mr. and Mrs. Rex Lee; Sherry White, daughter of Mr. and Mrs. R. C. White; Pat Neff, daughter of Mr. and Mrs. Ernest Neff; Ginger Lyons, daughter of Mr. and Mrs. Joe Lyons; and Janet Baker, daughter of Mr. and Mrs. Orville Baker.

**SHRINE CAN BE TOO GRAND**  
LONDON (AP) — The fact that Westminster Abbey had become a national shrine is both a blessing and a curse, the Rev. Eric James, director of the Church of England's Parish People Movement, said in a sermon.  
"A national shrine, with its royal occasions and its graves and memorials, in the main for top people, can so easily miss the heart of the gospel, which speaks of a carpenter's Son whom church and state reject and killed," he said.

Mrs. Jimmy Joe (Sue) Clifton comes to Hereford from Vega. She brings with her a BBA degree from West Texas State University. Her student teaching was done in the business department of Amarillo High School.

Mrs. A. J. (Rita Gaye) Dye brings with her a BS degree from West Texas State University.

Mrs. Gerald F. (Mary) Hale, 326 Star St., holds a BS degree in elementary education from West Texas State University. She has also attended Texas Technological College.

Mrs. James Alfred (Frances) Williams lives in Hereford with her husband and three children. She has attended Texas Christian University, West Texas State, and Sul Ross State College, majoring in elementary education. She received her BS degree from Sul Ross this year and will teach in one of the elementary schools.

Miss Frances Judy Creel, Graham, will be teaching in Hereford this year. She holds a BA degree from Texas Technological College with a major in English and a minor in history.

Billy J. Devers will receive his BME degree from West Texas State University this summer. His major is music education.

Horace T. McGuffin will be teaching English and speech in Hereford during the 1966-67 term. After obtaining a BS degree from North Texas State University, McGuffin taught ninth grade English in Friona High School.

Mr. and Mrs. Grady Cope are another man and wife team scheduled to be working in the 1966-67 school term at Hereford. Grady has been teaching since 1933 and, for the past five years, he and his wife have taught at Olton. He obtained his BS degree from Stephen F. Austin State Teachers College. Kathryn C. Cope received her degree from Stephen F. Austin also.

James Henry Hofmann, Fort Worth, brings with him a BA degree from Arlington State College. He majored in French and minored in math.

Mrs. D. R. (Joy) Hammock, Littlefield, received her BS degree from Texas Technological College in 1964. Her major was elementary education. She has taught first grade in Lubbock and Littlefield schools and fifth grade in a Spade elementary school.

Mrs. John (Joyce Arlene) McNeely will be teaching in one of the Hereford elementary schools this year. Mrs. McNeely lives with her husband and three children at 527 West Haven. Obtaining a BA degree in elementary education from Colorado State College, Mrs. McNeely began teaching at Beach Court, Denver. Since that time she has taught in several elementary schools the grade ranging from first to fourth.

Mike Mills, Albuquerque, is qualified to teach high school mathematics and science. Mills attended Amarillo Jr. College and received his BS degree in mathematics from Texas Technological College. He has taught algebra and general math in Valley High School, Albuquerque. He is married and has three children.

Mrs. Curtis Gene (Daisy Nell) Huntsinger comes from Moody, Texas. She holds a BA degree in Chemistry from Mary-Hardin-Baylor and has taught three years in Temple High School.

Teachers training programs and actual classroom practices suggest that listening ability is taken for granted. Children come to school with the ability to listen and it is sometimes assumed that they are listening whenever they are not involved in some overt ego-involved behavior. Studies indicate that the school does relatively little to help improve the listening abilities of pupils.

**NEW LEGION AND AUXILIARY OFFICERS** — Among 1966-67 officers of the American Legion Post and Ladies Auxiliary, installed in separate meetings this week, are these: Dr. Milton C. Adams, left above, is the new commander of the Legion, shown with S. T. Wiseman, vice commander, and Gene Fooks, chaplain. Grant Hanna, past district commander, installed the officers, who include L. R. Burges, adjutant; Cecil Wilkins, treasurer, and Lawrence Carlson, sergeant-at-arms. Mrs. Bill Gilleland holds the gavel as president in the Auxiliary as she begins her second term in that office. Mrs. Ira Ott, right, conducted the installation. New officers are Mrs. Hanna and Mrs. J. D. Love, vice presidents; Mrs. Leroy Williamson, secretary-treasurer; Mrs. J. E. Young, sergeant-at-arms; Mrs. Charles Hood, assistant; Mrs. R. E. Drager, chaplain, and Mrs. Mabel Wagner, reporter.

Mr. and Mrs. John Leonard Davis open house honorees (Bradly photo)

## Davises Observe Golden Wedding

Children of Mr. and Mrs. John Leonard Davis invite friends of the couple to call during open house from 2 to 5 p. m. this afternoon in the Odd Fellow Temple, 205 East Sixth, honoring the couple's fiftieth wedding anniversary.

Mr. Davis and Miss Alta Farris were married in Hereford August 19, 1916 and have lived here during the 50 years of their marriage except for a short time at Shallowater. Both are members of old-time Deaf Smith County families. Her parents were Mr. and Mrs. R. F. Harris and his, Mr. and Mrs. W. H. Davis. They were married in the Presbyterian manse by the Rev. Mr. Baker, then pastor of the church here.

Their children are Wilbur Davis of Hereford, Pete Davis of Fort Worth and George Davis of Clovis, N. M. They and their wives will be reception hosts today.

The family now includes a granddaughter, Debbie, the Pete Davis' daughter; a grandson, Robert Leonard Davis II of Brunswick, Ga.; and a great-grandson, Robert Leonard III.

The Davises are members of Calvary Baptist Church. She has been active in the Veterans of Foreign Wars Auxiliary, of which she is a past district president and now local unit secretary. She is also a member of the Rebekah Lodge.

THE CHURCH I LOVE IS PASSING THROUGH ITS PROVING GROUND

The Old Testament prophet stated concerning the coming of Christ, "He will sit as a refiner and a purifier of silver, and he will purify the sons of Levi, and refine them as gold and silver; and they shall offer unto Jehovah offerings in righteousness." (Malachi 3:3).

Peter wrote, "Beloved, do not be surprised at the fiery ordeal which comes upon you to prove you, as though something strange were happening to you. But rejoice in so far as you share Christ's sufferings, that you may also rejoice and be glad when his glory is revealed." (1 Peter 4:12-13).

We, who are on the earth now, are passing over our proving grounds. In a sense, we are going through the refiners fire to prove what kind of mettle we have. These fiery trials are designed to prove our faith and convictions.

The Lord our God allowed Satan to tempt Job. This faithful man withstood the test. The Devil also tempted Christ. (Matthew 4:1-11), who withstood the adversary triumphantly.

Now we are being tempted and tried. If our faith in God is strong, we shall be able to hold out; assuming we accept God's grace. For God has promised He will not allow us to be tempted above that we are able to bear. (1 Corinthians 10:13).

"Blessed is the man who endures trial, for when he has stood the test he will receive the crown of life which God has promised to those who love him." (James 1:12).

### City To Employ Ten Youth Corp Students Soon

The City of Hereford will cooperate with West Texas State University at Canyon this fall as it hires local youth in the Neighborhood Youth Corps, a federal project designed to give school drop outs a chance to work and also further their vocational education.

City Manager Dudley Bayne expects the program to be in effect at the first of the upcoming school term, but final plans are being made by the university at Canyon.

The program, designed for school dropouts, is intended to provide work for about 10 students here. The students will be from this area, Bayne said.

Working 32 hours every week, the youths enrolled in the federal project would spend eight hours every week in some type of vocational training, to be furnished by West Texas State University or arranged by that school. The program is designed for 16 or 21 year olds.

Bayne said the students working for the city would be employed in various capacities, including work in the water department, construction and maintenance. One would probably do clerical work, he said.

The jobs are not being created, Bayne pointed out. "These jobs have always been there. There just hasn't been the money available to fill them," he said.

Financing of the project will come through the federal government, with the city not picking up the tab for the work costs. Pay for those participating will be \$1.25 an hour.

### Final Red Cross Swim Classes Open Wednesday

Final classes of this summer in the Red Cross swimming program will begin Wednesday at the city pool, Mrs. Bruce Miller, chairman, announces. A fourth session of children's classes will start at 9 a. m. and an adult class at 6 p. m.

The children's lessons will be only for those in the Beginner One class, who have had no swimming instruction. Size of the class is limited to those who registered last week.

Adults will register at 6 p. m. Wednesday for their class, which will also be limited in number, Mrs. Miller says.

**MISSION IN MEDICINE**  
CHICAGO (AP) — The National Catholic Conference for Interracial Justice has launched a new project to push for equality for Negroes in all phases of medical care and public health. Raymond M. Hilliard, conference chairman, said the new program aims to "bring an end to discrimination in the field of medicine."

**CHAPEL FOR ALL**  
LONDON (AP) — The Roman Catholic Church and the Church of England have each given \$63,000 towards the new interdenominational chapel to be built at London Airport. London has also made a donation — the first in its history for a building which will be outside the city limits. Work on the \$252,000 chapel will begin in a few months. It will be underground so as to be free from the noise of jet aircraft overhead.

**Martin Named To Law School Research Board**  
C. D. Martin, Hereford student in the University of Texas Law School, has been named to the Student Legal Research Board of the University, a selection based on a candidate's solution of a test problem and his ability to do research and write a legal memorandum. Qualified students of the Law School are given the opportunity as members of this board to gain practical experience in researching legal problems from across the state. It is open to senior and mid-law students who must submit solutions to the test problem in a specified length of time.

Martin, son of Mr. and Mrs. D. C. Martin, is a Law School senior, due to receive his LB degree next May. He was graduated from Hereford High School in 1961 and took his BA degree from North Texas State University.

At NTSU he served as president of Pi Alpha Theta fraternity and was a member of Pi Sigma Alpha and Kappa Delta Phi. He is now affiliated with Phi Delta Phi, international law fraternity.

### Young Named As Press Director

Melvin Young, general manager for the Hereford Brand, was elected to the board of directors of the West Texas Press Association in San Angelo yesterday during its 36th annual convention.

Young will serve a two year term for the organization that encompasses cities from El Paso through Wichita Falls and north through the Panhandle.

Comprised of six members, the board of directors has three incoming members each year. Re-elected after having served a two year term was Harold Hudson of Perryton.

The Press Association sponsors a scholarship for journalism students. They have four students in college at this time, Young said. One is added each year as part of the Association's encouragement for young journalists.

Featured speaker for the three day convention was Joe G. Moore Jr., executive director for the Texas Water Development Board.

Bob Craig, Hamlin, was elected president for the coming year.

### Seven Hereford People Receive Degrees In Rites

CANYON — Seven persons from Hereford are among 290 candidates who expect to receive degrees at West Texas State University's summer convocation Aug. 25.

The summer commencement will be at 8 p. m. in the fieldhouse, and speaker will be Dr. Lester E. Harrell Jr., Assistant Commissioner of Higher Education, Coordinating Board, Texas College and University System.

President and Mrs. James P. Cornette will honor graduating students at a reception at 8 p. m., Aug. 25, at their home.

From Hereford are, for the Master of Arts degree, Ilene Young; for the Master of Education degree, Ronald Jones, Earl Keese, Lloyd Payne, and Dennis Richardson; and for the Bachelor of Science degree, Joanne Bouldin and Kathleen Owen.

### Drunken Ire Brings Police

A Friday night affray near the Red Rooster Restaurant on U. S. Hwy. 60 brought city policemen, who have charged James B. McGoughy with drunkenness. Another charge for malicious destruction of property was also made against the man.

The complaint came to an officer's attention that night by Latin Americans, who said they had picked McGoughy up as a hitchhiker. After getting out of the car, he slammed the door with excessive force, breaking the window, the occupants of the car said.

McGoughy was picked up near the scene. He was placed in jail after posting a bond. He is an out-of-town truck driver, officers said.

Damage to the vehicle, owned by Ricardo Perez, was \$14.

Living in Hereford eight years, George has served as High School coach one year, Jr. High coach three years, and assistant principal the past four years. Coming to Hereford in 1958 with a BA degree in social sciences from Texas Technological College, he has since earned his MA degree in school administration from West Texas State University.

Jerry Don and his attractive wife, Sue, have three children, Mitchell, Don, (6), Monica (2), and Steven Wallace (1). Mitchell will be in the first grade at Shirley Elementary School.

C. D. Martin

Working closely with George will be Alex Glass as assistant principal, Mrs. Roy Hartman as librarian, and Mrs. Mary Duval as counselor. Mrs. Hartman was formerly librarian at Stanton. She holds a library of science degree and is currently doing work on her Master's degree. Mrs. Duval was dean of girls at Stanton during the 1965-66 school term and will complete work on her Master's degree this summer.

The Georges were married in Turkey, which is both their home town, shortly before they moved to Hereford in 1958. Sue George attended Tech one year and works part-time as a beautician.

Being athletically minded, George's hobbies include golfing and most other sports. He played baseball and football in high school and one year of baseball in college. He also enjoys farming part-time during the summer months. Upon coming to Hereford as a coach, he started the school's baseball program at Stanton and promptly entered the team in regular league competition. That first year they tied with Dumas and Levelland for district championship.

George firmly believes that every school system should "try to develop each student to his fullest potentials." He stated that he felt that it would be the desire of the entire faculty to set up an education system which would deal with the problems of all levels of student intelligence, rather than catering to a high (or low) level student and neglecting the other.

In order to maintain a balanced staff at both junior high schools it was necessary to divide the faculty at Stanton. This was done last spring and the teachers assigned to LaPlata were consulted in ordering various materials for the new school.

Both Junior High schools will be operated on virtually the same policy as in the past. A few changes are being made however. One semester of Typing I will be required for all eighth graders and a journalism course will be offered at the ninth grade level.

Each school will have full time band and choir directors. In speaking of Hereford, George stated that the town was "young and growing." He said that since he moved here eight years ago the town has almost doubled in size and industry. He believes that the people of Hereford are industrious and progressive.

Farmers are growing a new hybrid of corn only five or six feet high, about half as tall as standard varieties. The short, sturdy stalk lends itself to mechanical picking.

# SEND A BRAND-GRAM TO A FRIEND OR RELATIVE IN VIET NAM

The Hereford Brand, in co-operation with the Military Affiliate Radio System, now makes it possible for you to send a message to a friend or relative in Viet Nam, free of charge.

The coupon below, mailed to the Brand, starts a 6,000 mile communications chain to send your 25-word message. The message will be relayed to a MARS station and transmitted to Viet Nam.

In Viet Nam, your message will be decoded and delivered to the serviceman. If he's in an inaccessible area, it will be read to him over the telephone.

If you want to send a message, fill out the coupon and mail it to the Brand. Be sure to include your serviceman's full name, rank, serial number, and the name and number of his military unit and APO number.

The message and signature should be no more than 25 words, not counting the address.

This Brand public service is not intended for emergency messages, but only those of a personal or "morale-building" nature.

While neither the Brand nor the MARS network can absolutely guarantee delivery in that volatile area, every effort will be made to do so, if the form is filled out completely. Messages can be delivered to land-based operations only, and not to ships in waters off Viet Nam.

Mrs. OWEN ANDREWS  
Brand Correspondent

Frio Jolly Workers 4-H Club had a picnic, as is its custom annually, at the Jaycee Park in Hereford. A wiener and marshmallow roast was followed by games. Visitors were Mr. and Mrs. Ben Medley, Sandra and Shelley, Mrs. Derrall Culp and Keith. Others attending were Mr. and Mrs. Bill Warrick, Raymond and Eugene, Mr. and Mrs. Leo Hall and Ronnie, Mrs. Frank Robbins, Genie, Gerry and Patti.

Mrs. Derrall Culp and Keith of Wilcox, Ariz., recently visited several days with her parents, the Leo Halls. The parents had visited the Culp and she returned with them. While she was here they all went to Wellington to attend the wedding on July 23 of Hall's niece, Miss Linda Karnes, to Oliver Bishop. Then on July 24 they attended a family dinner at Wellington Community Center honoring Hall's father, W. O. Hall, on his 80th birthday. About 40 relatives attended.

Debbie Ogan returned Monday from a week's Cheer Leader School held at Thunderhawk Activities of Oklahoma University, Norman.

Mr. and Mrs. Clint Ward, Kay Lynn, Jerry and Ronnie and Mrs. Ward's mother, Mrs. W. C. Skeen, recently returned from several days travel into the Colorado mountains, going as far as Estes Park.

Mr. and Mrs. Johnny Robinson, Stacy and Gregg visited Robinson's parents, the Roy Robinsons at Wilson last weekend. A sister and her family from Houston also was visiting there. Staci remained longer and on Wednesday, Mrs. Robinson, Mrs. David Yandell and Mrs. G. W. Parker went after her. They also visited Mrs. Parker's sister, Mrs. Dovie Isabel, at Tahoka.

Jan Hammit of Ft. Worth, is spending several weeks in the home of her cousin, Mrs. Sam Ogan.

R. A.s from Frio Baptist church attending camp at Floydada July 25-27 were Rocky Andrews, Raymond Warrick, Eugene Warrick, Sammy Ogan, Gary Robbins, Ronnie Hall. Sponsors attending were the Rev Sam Ogan and Clark Andrews.

The Rev. and Mrs. Sam Ogan attended funeral services July 27 for Bernard Gray 43 at Olton First Baptist Church. Mr. Gray was a deacon at Beuna Vista Baptist Church, Borger, when Rev. Ogan was pastor there. He died at Seattle July 23 after a lingering illness. The family lived in Great Falls, Mont.

Mrs. Lloyd Payne and young son, Marcus, were honored with a shower at Frio Church Tuesday. Hostesses were Mmes. Homer West, Chesley Johnston, Eugene Baldwin, Earl Harkins, and Charles Self. Others present were Mmes. Tommy Sparkman, Frank Robins, Andy Axe, T. L. Sparkman Jr., Floyd Cole, Weldon Stephan, Clark Andrews, Mrs. Sam Ogan; Misses Alma Andrews, Jana Cole, Genie Robbins and Jan Hammit and Mrs. Louella Sykes, who was visiting her granddaughter, Mrs. Self.

Mrs. Kenneth Cox, Larry, and Mrs. Louella Sykes of Bellflower, Calif., visited the Charles Self home Sunday. Mrs. Self and children visited the Cox home Wednesday and also saw an aunt, Mrs. Bill Mallard and Mr. Mallard, who had come from California to get Mrs. Sykes for the return home.

Mrs. Richard Price came home Monday from Northwest Texas Hospital, Amarillo, after four days of treatment. She was considerably improved.

Mrs. John Felton, former Hereford teacher now of Seminole, Okla., visited the W. H. Andrews home Wednesday. Mrs. Felton visited friends and relatives in this area and went on to attend a family gathering at Quitaque.

Mr. and Mrs. W. H. Andrews visited last weekend with relatives including a sister, Mrs. J. C. Lamb, Mr. Lamb and their mother, Mrs. Herbert Adkinson, all of Marlowe, Okla. They all went to Ft. Worth where they visited another sister, Mrs. Bill Mallard and Mr. Mallard and went to Six Flags over Texas.

The Earl Harkins were called to Abernathy the last of last week by the tragic death of

Mrs. Harkin's sister-in-law. She was Mrs. Donald Gartin, 28, who was killed in a car accident north of Lubbock. She died in Methodist Hospital, Lubbock, Thursday afternoon.

Critically injured were two of her sons, Monty Jay, 8, and Wyndell Steve, 6. Also a niece was badly injured. All the children suffered broken bones and other injuries. Another son, Gary Don, 10, was not with them. The young driver of the other car involved was also seriously injured.

Funeral services for Mrs. Gartin were held at Abernathy First Baptist Church Saturday afternoon with the Rev. Boyce Evans

of Lubbock, former pastor, and Rev. Hubert Long, pastor, officiating. Several from Frio attended the funeral.

One of the children, Steve, was able to be taken home this week. The other two remained in serious condition—the little girl facing further surgery.

Frio Intermediate G. A.s met at the home of Mrs. Charles Self, Thursday, and gathered peas to shell and with the help of Mrs. Self and Mrs. Harkins, to can for the family of Mrs. Harkin's brother, Donald Gartin. This was a special project of the group in showing consideration for others.

Paul Newberry, Hale Center, has spent two weeks visiting his uncle, Homer West, and family.

Visiting the Olin Parris home last weekend were his mother, Mrs. H. A. Parris, Lubbock, his sister, Mrs. W. W. George, San Antonio, and an aunt, Miss Marty Poindexter, Lubbock.

Mr. and Mrs. Joe Andrews, Elizabeth and Valerie, left Wednesday for a few days vacation in the New Mexico-Colorado mountains.

Mr. and Mrs. Elmer Williams and daughter of Ardmore, Okla., visited her aunt, Mrs. G. W.

Parker and Mr. Parker, Tuesday night.

Leon Martin came this week to spend several days vacation with relatives before going back to Hawaii to resume his duties with the Navy. His family, Mrs. Martin, Stephanie and Danyell have been visiting their relatives in this area since June 1. Leon was in Albuquerque several weeks taking special training, and has spent weekends here also. The family will return to Hawaii within a few days.

Recent visitors to Ft. Worth to visit Six Flags over Texas were the Weldon Stephan family.

Mr. and Mrs. Wayne Watts and Mrs. Allie Burris, Texico were recent visitors of W. H. Andrews Mrs. Watts is the former Wanda Raye Burris. Watts was on leave from Navy duty, while he transfers to Beville.

About 85 attended a reception honoring the 25th wedding anniversary of Mr. and Mrs. Earnest Harder Sunday afternoon in the home of Mr. and Mrs. T. L. Sparkman Jr. Mr. and Mrs. Harder and sons, Gerald, Norman and J. D. went to Clinton Okla. Friday, to visit relatives, including Mrs. Harder's parents, the D. F. Schmidts, who will have a reception hon-

oring their golden wedding anniversary on Sunday, at Clinton. Gerald Harder will not remain for the occasion, as he left Saturday to report back for Army duty at Ft. Stewart, Ga. After a few days there, he expects to be flown to the West Coast for reassignment to the Far East Command.

A group of G. A.s including, Diana Adams, Andrea Axe, Lillie Faye Manion, Genie Robbins and Rhonda, Stephan had a swimming party at Friona Thursday night. Adults accompanying them were Mmes. Joe Autry, Earl Harkins and Frank Robbins. Also going were Carol Rob-

bins, Darlene Sparkman, Jill Stephan, Patti Robbins and Russell Harkins.

**PLANNING COMES FIRST** — Before leaving today with Hereford Camp Fire Girls on their annual trek to summer camp, leaders must make detailed plans for transportation, cabin assignments, counselors' duties and other phases of the program at Camp Gooch. Summer life near Taos, N.M. As they check over completed lists of prospective campers, Mrs. Lewis Lea, who will again be camp director, points out a change to Mrs. Delmo Williams, Mrs. Art Stoy and Mrs. John M. Gooch.

**GIRLS' CAMP DIRECTOR**

**Taste For Outdoor Life Formed On Family Trips**

By SUE COLEMAN  
Women's Editor

What makes a busy housewife leave her comfortable home in the middle of a hot summer to go off to camp with about a hundred assorted-size girls whom she will have to teach, counsel, mother, herd and comfort through a stay in the outdoors which is strange to many of them?

**WHY IS SHE** willing to sleep on a bunk in a cabin with a detachment of the girls, eat camp food with them, guard them against a youngster's natural bend for falling into a creek or finding poison ivy, bandage their cut fingers and ease their homesickness, as 10 Hereford women will do during the Camp Fire Girls' annual stay in Camp Summer life beginning today?

Mostly, they say, it is because they have daughters, although some of the leaders who will go as camp counselors have no daughters. Partly, they remember their own young enthusiasm for tastes of camp life when they were in girls' organizations, and want to pay back the adults who made it possible in the only coin acceptable. **FOR NITA LEA**, who for the

second year will be the camp director for Hereford Camp Fire Girls, it is those reasons, and also the fact that camping, in girls' groups or with her family, was so much a part of her growing up in Salt Lake City, where the nearby mountains supplied many camps to be visited for overnight fun or summer weeks with the Girl Scout troop of which she was a member.

She has been working with Camp Fire Girls here since she moved to Hereford five years ago from Lamesa. The Leas had lived there two years after coming to Texas from Utah. The group of which she is leader, and which she had directed through their years in junior high school, will next year be a Horizon Club, the Camp Fire organization for high school girls.

Oldest of her three daughters, Cynthia, 14, will be a Horizon Club member as a ninth grader; Sheila, in the sixth grade is in a Camp Fire group and the youngest, Stacy, second grade, will begin as a Bluebird this fall.

**THE LEAS ALSO** have two boys, nine-year-old twins Kelly and Kevin. Since they are old

enough now to be Cub Scouts, they will call for some of Mrs. Lea's energy in a new direction; she is slated to be a Den Mother this year.

Under her leadership her Camp Fire group has planned, saved money and taken several interesting trips, with Six Flags and Carlsbad Caverns as high-point destinations. They are staying at home this year, except for the annual camp outing, saving up for a really big trip and having fun in advance deciding where they will go.

In addition to household duties and Camp Fire work, Mrs. Lea assists her husband, Lewis with the paper work in his business, a roofing firm. She serves her church, First Christian, as Sunday School kindergarten superintendent, and has been chosen leader of her group in the Christian Women's Fellowship.

**SEVERAL OF THE** adults who will assist on the camp staff this year have records of Camp Fire leadership longer than Mrs. Lea's. Mrs. Art Stoy will be camp nurse for her fifth or sixth year — she isn't sure just which.

That job began for her when the Hereford girls used to go to Capitan for their camps, with more primitive facilities than they enjoy at the present New Mexico location. She is working in her tenth year as leader of a group which is now a Horizon Club.

**MRS. JOHN M. GOOCH**, who will direct outdoor activities as her special job at camp, has been a counselor two years, and is a Horizon Club leader with six years' background.

Mrs. Delmo Williams is not a group leader, but a member of the Camp Fire Board, the adult

**Anniversary Celebrated**

Mr. and Mrs. Ernest Harder were honored at an early celebration of their Silver Wedding anniversary last Sunday, when their three sons were hosts at a reception in the home of Mr. and Mrs. T. L. Sparkman Jr. They were married Aug. 24, 1941 at Indianapolis, Okla. and moved to Hereford in December, 1952. The oldest son, Gerald, was at home on leave from Army duty at Fort Stewart, Ga., and the anniversary party was advanced so he could be included.

The other sons are J. D., who will be a Hereford High School junior next term, and Norman, who will enter West Texas State University as a freshman. Mrs. Tommy Sparkman and Miss Darlene Sparkman served punch and the anniversary cake from a table centered with a tall arrangement of white mums with the silver numerals, 25. Mrs. Eugene Baldwin assisted

group which is responsible for directing the organization's work here. This will be her fourth year as a camp counselor and recreation leader.

Their records are typical of most of the other leaders who will accompany the girls to camp this week. In the group are Mmes. Ernest Langley, John E. Smith, L. J. Livesay, Bill Dameron, Carl Hollingsworth and Jack Allen.

by registering gifts.

Mrs. Harder, who was Miss Annie Schmidt before her marriage, wore a knit suit in two

shades of blue, a white orchid pinned at the shoulder line. Out-of-town reception guests were Mr. and Mrs. Roy Dris-

coll and Marcia of Clinton, Okla. long-time friends of the couple.

# Pete Progress

speaking for the Deaf Smith County Chamber of Commerce

Pete's enthusiasm is inclined to carry him away with the subject of the moment. He came into the office this morning sporting shoulder length hair and carrying a violin case and speaking in Shakespearean accent. We knew what the subject would be before Pete began his discourse.

"I have just attended a meeting on 'The present state and future of cultural development in West Texas,'" Pete announced. "The meeting was held in Amarillo under the sponsorship of the West Texas Chamber of Commerce. It was announced as a brain-storming session of experts to determine if there was an area of needed activity for the West Texas Chamber of Commerce in this field.

"The discussion lead off with the question being asked, 'How can West Texas business and industry be made to better understand the value of community cultural activities...' and real-

ize the need for their increased...  
 "They are also an inducement to the tourist to stay an extra day or night when well promoted and presented as the attendance at the performance of Texas at Palo Duro has proven. Generally it was agreed that the most effective selling can be done from one businessman to another — that representatives of the arts are often not able to talk the language of the businessman and do a poor job of selling.

"A second question was 'should tax funds be used to supplement private support of cultural activities to sustain and support cultural pursuits.' Here there was, surprisingly almost unanimous agreement that tax support should be made available that legislation is needed to clarify the tax position relative to local and state ad valorem taxes on property owned by non-profit corporations such as little theaters and music ensembles of various types. Also the very great cost of transporting and maintaining theater and music groups can only be made economically feasible by some type of government support if such live performances are to be carried to the smaller cities. The statement was made that pure economics and geography are causing many of the smaller cities to exist in a

'cultural vacuum.'  
 "Coming in for comment and constructive criticism were the news media for failing to provide some leadership to bring people out of the 'Cultural Jungle,' that the news media should lead taste, not follow it — through providing editorial columns on the fine arts, through providing opportunity to hear the classics of music, drama and literature as well as see it.

"The schools, too, lack the support to provide special teachers in the primary grades where the real cultural heritage is best taught. 'Children must be given the opportunity to hear good music, to learn appreciation of art and drama from the earliest grades if they are expected to develop and have any appreciation of the arts in later life — young people cannot be expected to step out of school at 18 or 22 and suddenly by some miracle understand and appreciate the fine arts. All they have been exposed to is rock and roll for music and comic books for art and literature,' it was stated. Teachers of the so called cultural arts should have the same support of the state foundation program as do the sciences and language.

"Many other questions were asked and covered in the day-long discussion but the conclusion of the meeting, as a recommendation to the West

## County Club Federation Plans Made

Dates for quarterly meetings of the County Federation of Women's Clubs and subjects of the programs have been announced with hostess assignments for the season which will begin in September. Mrs. C. D. Kelton is president of the Federation for the coming year.

The fall meeting will be on Sept. 30 with Texas Heritage as the subject. Hostess clubs will be Lone Star Study, Bud to Blossom, Summerfield Study and El Llano Study.

A book review is scheduled Jan. 31, when a local reviewer will be presented. La Affiliatus

Estudio, Hereford Garden and Music Study Clubs will be hostesses.

Customarily, a fine arts program closes the year. It is slated for April 29 with Pioneer Study, Garden Beautiful, B&PW and La Plata Study Clubs as hostesses.

as Chamber of Commerce, was that a 'Cultural Affairs Committee' be created in the West Texas Chamber to provide a vehicle for continuing study of the needs of the fine arts in West Texas, to better publicize the existing cultural activities in West Texas and to encourage through legislative remedy if necessary the further development of cultural opportunities in West Texas — a big order for any group.

Yes, Pete, we agree — and it is going to take a type of dedicated leadership with a high degree of diplomacy and salesmanship to achieve those objectives. We shall recommend to the Board of the Deaf Smith County Chamber that it appoint a similar committee on the local level to analyze the situation here.

**RESERVES DOWN**

**GSPA Requests Additional Acres**

The Grain Sorghum Producers Association has called on Secretary of Agriculture, Orville Freeman, to release at least 10 million acres of feed grains from the government program for the production of corn and grain sorghum for the 1967 crop. The association, through its executive vice president, Bill Nelson, made the appeal in Washington this week and presented the following reasons for the appeal:

- (1) Severe depletion of reserve stocks.
  - (2) Prospects for a short feed grain harvest this fall because of reduced acres and deteriorating crop conditions.
  - (3) Increased feed grain use at home and abroad.
  - (4) And the need for rebuilding adequate stocks.
- In reviewing the feed grain stocks situation, the association executive pointed out that as of July 1, 1966, Commodity Credit Corporation inventory of corn was 21 million bushels compared to 477 million just a year ago. In reference to grain sorghum, Nelson said that July stocks in all positions were 534 million bushels, down 19 percent

from the 659 million bushels figure just a year ago. Of the current stocks of grain sorghum, CCC owns 355 million bushels as compared to 560 million in July, 1965. Nelson said that on casual observation it may appear that since grain sorghum stocks are equal to almost one full year's production that stocks would be adequate; but there are new disappearance and use figures to look at, he says.

For instance, livestock feeding in the sorghum belt is up 45 percent over a year ago, while the increase is only 11 per cent nationwide; in addition exports of

grain sorghum during this marketing year ending September 30, are likely to be at least 100 million bushels larger than that of a year ago, he explained. He said that these facts coupled with the fact that since there is a shortage of wheat (and grain sorghum is the nearest grain in supply that can be substituted for wheat) along with the fact that there is a shortage of corn (and substitute for corn) that it can be reasonably expected that in the months ahead there could be a "run" on grain sorghum stocks.

GSPA President, Elbert Harp, at his farm near Abernathy, indicated that this early appeal is being made to USDA in order that farmers may plan next year's cropping systems and so that commercial firms serving the feed grain industry may be prepared for any expansion that may be forthcoming; particularly it is recognized that the seed industry will need to take the utmost care in preserving and distributing seed stocks, and the equipment and fertilizer industry alerted early to increased demands placed on these segments of the grain producing industry as well as long

**FROM ILLINOIS TO ALABAMA**

UNIVERSITY, Ala. (AP) — Two star high school basketball players from Illinois have signed scholarships at the University of Alabama. They are 6-foot-7 Dave Curry of Windsor, Ill., and 5-foot-9 Terry Thompson of Ridgeway, Ill.

Curry averaged 27 points a game last season while leading his team to a 20-6 record. Coach Hayden Riley of Alabama reports that 75 colleges were after Curry.

Thompson averaged 28 points a game and is noted for his ball handling ability.

NEW INSURANCE PLAN

Everyone Benefits  
— Except Customer

Texas has some new-fangled insurance laws which many people are inclined to herald as the solution to all of our troubles. We wonder, though, how many have taken the time to think the new laws through.

Although the new regulations seem to get quite a distance away from the original conceptions and intentions of insurance, they do have some merit in that they place a penalty on accidents. This is highly important in view of the fact that many accidents can be attributed on a percentage basis to specific groups.

On the other hand, the placing of responsibility and the dispersal of traffic tickets is not what the average buyer of insurance has in mind when he pays for insurance protection. If the man who has the accident is charged back for the loss in higher cost premiums he may, sooner or later, wonder if he should carry collision insurance at all, in view of the fact that he has to pay for his accident anyway, plus other charges. Many larger firms and corporations already prefer to "carry their own" insurance.

Traffic tickets may, in theory, be coupled with accidents — but they contribute no specific or actual costs for any insurance firm. Consequently, we find the insurance companies once again involved in the executive branch of our state and city governments, rather than in the insurance business.

Another questionable phase in the new charge-back system is that it places far too much responsibility on the average policeman. They say that no one is perfect,

and we presume this applies to cops as well as other people. Add to this the fact that many policemen are underpaid and often poorly trained in the field of insurance damage, and we have placed an extremely powerful weapon in the hands of a minority.

To say the least, if we must have the sort of insurance program in which our policemen serve as judge and jury, it appears that their salaries should be boosted to a parallel with school teachers and other professional people. Furthermore, the insurance companies, which benefit most at the expense of these public servants, should pay the additional costs. Needless to say, if the average traffic policeman underwent the same training and was selected through the same system as members of the Texas Highway Patrol, the new insurance plan would serve the people far better than under existing conditions.

What about the insurance companies? We do not know if they asked for this new system, or if it was forced upon them. It may prove a bonanza to the companies for a few years, but it could also boomerang from several angles, when considered on a long-range basis. What is to keep the state or federal government from ultimately deciding that, since they are doing the work and making the decisions, they not establish a government owned insurance plan? This happened in neighboring Mexico and, under the present program, it might be eminent in Texas.

Frankly, we think that there is a place for the insurance company, just as there is a place for the Department of Public Safety. They should work together, but under the new Texas plan, we wonder if the first step has not been taken toward an expanded and a deeply concentrated socialistic state.

Hereford Boasts  
Good Food Spots

Hereford is one of the more fortunate small towns in the nation, when it comes to food. And, after all, what is more important?

As a starter, the square feet of grocery space in Hereford has almost tripled during the past 12 months, including addition of three modern delicatessens. What we really had in mind, though, was the sort of food where you walk in, grab a knife and fork, and start eating; primarily, cafes, restaurants and clubs. Honestly, we do not believe you will find them much better, regardless of the size city involved.

Whereas, small towns are universally notorious for the poor food accommodations usually found, we frequently encounter people who drive to Hereford for the sole purpose of enjoying a delicious meal. Many salesmen make it a point to stay overnight here, due to good food and first class accommodations, and tourists likewise have often heard of Hereford as a stop-over point, some occasionally even write back to express appreciation for the condition.

Our food service is far from perfect, and the operators would be the first to recognize the point. We do not afford the variety of specialty places found in the larger cities but, all in all, our prepared food outlets are so far ahead of what one expects that many of our shortcomings are overlooked. To say the least, we do not know of any other town of equal size which rivals Hereford.

Certainly, it is a point in which we may all take pride — and pleasure.

Who Will Follow  
Walter Rogers?

Walter Rogers decision to retire as Democratic nominee of the 18th Congressional district came as a shock to his many friends and boosters in this area, and apparently much the same reaction was seen throughout political circles across the nation.

In our opinion, Mr. Rogers has served the district well. Often he has faced severe pressure and difficult decisions. Coming from a conservative district frequently placed him on "the spot" when he had to divide his loyalties between ultra-liberal policies of a Democratic administration, and the desires of "folks back home". This condition, no doubt, contributed in some extent to his decision to return to private law practice; furthermore, it may also have contributed to the fact that he did not receive a life-time federal appointment as did some of his successors.

What the Democratic Party will do for a nominee remains to be seen, but we do believe that there is one important factor, which every voter should consider extensively, based on success of the 18th district in years past:

With the exception of Republican Ben Guill, this district has elected a Congressman — and kept him in office long enough for him to be effective. Consequently, we have seen our Congressmen become national figures, including Marvin Jones, Eugene Worley and Walter Rogers; they have held important posts, have been awarded strong committees, and have contributed tremendously in the welfare of the United States. At the same time, their prestige and power placed them in a position to serve the district more efficiently.

Some people say it requires 10 years for a Congressman to really know his way around in Washington. This may, or may not, be true, but we do know from experience that the longer a Congressman stays the more value he is to his district and to his country.

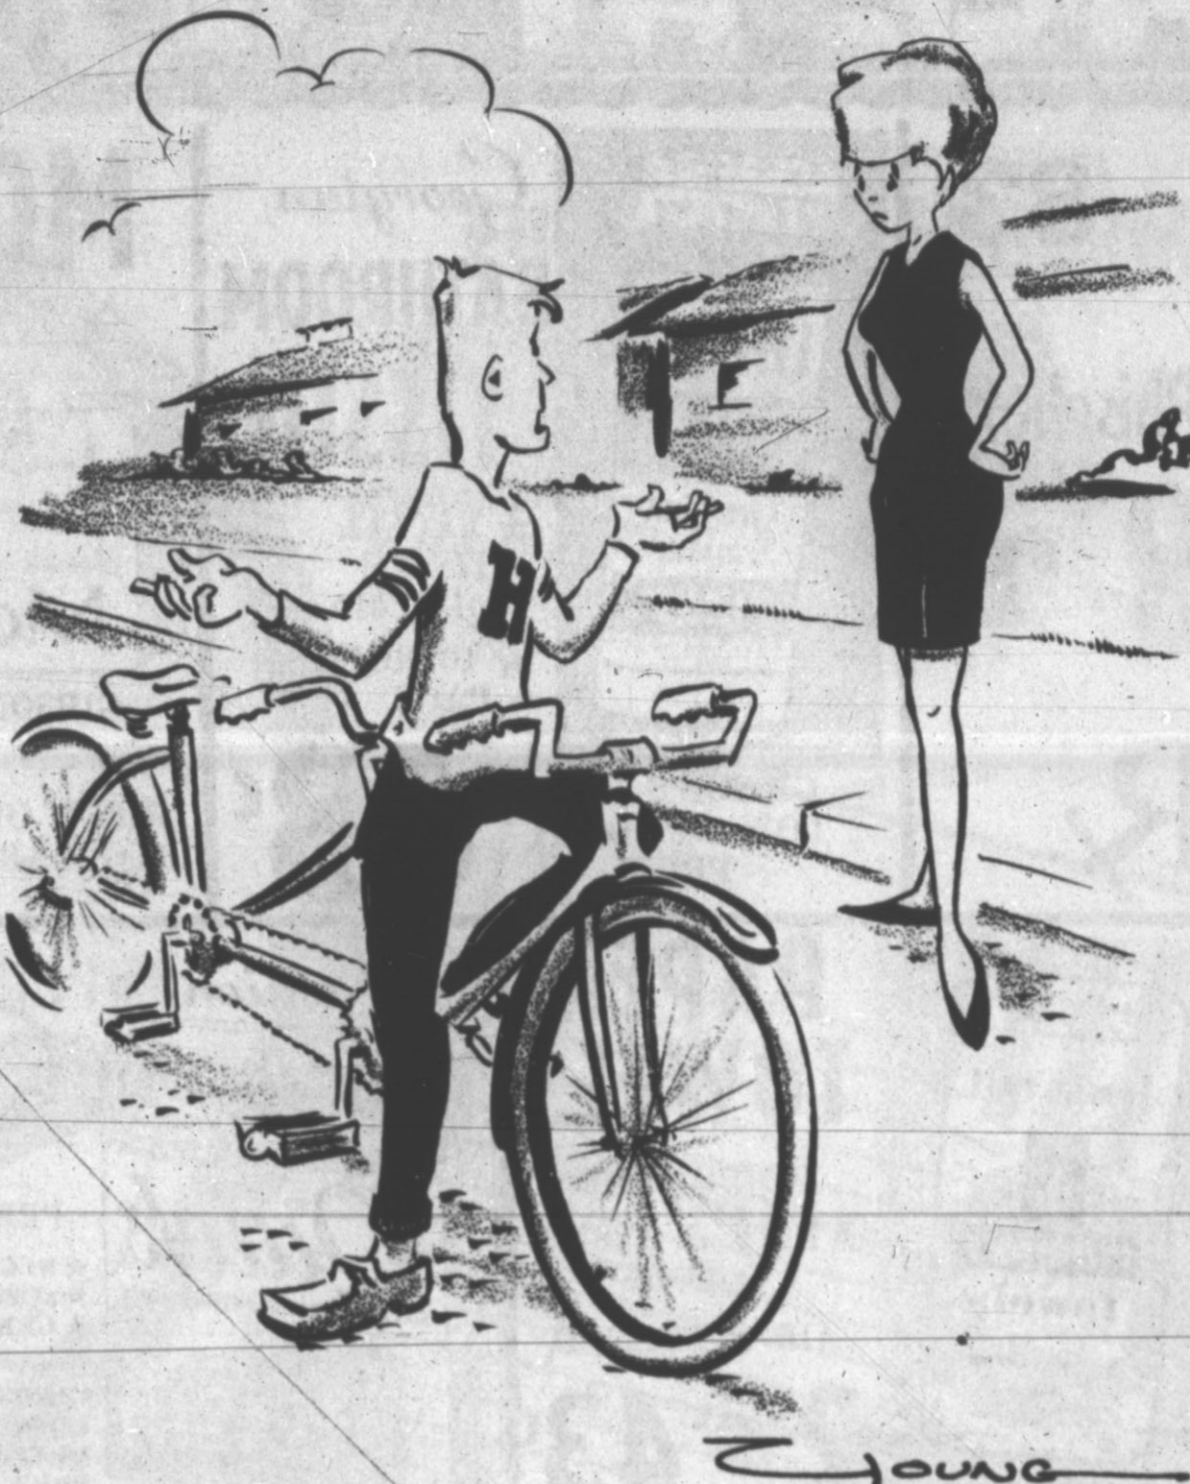

The trouble with the Republican party is it has too many Republicans who would rather switch than fight.

It was one of those days. The office was jam-packed with patients, including crying babies and "active" children. The phone was ringing off the hook. And the secretary didn't show up for work.

The doctor was doing his best to maintain a semblance of order in the waiting room, answer the most persistent callers on the telephone, and see as many patients as he could.

Is it any wonder, in the midst of this confusion, that when he put his stethoscope to a child's chest he inadvertently said "Hello." — Ontario Medical Review

Poor Need Worry No More  
If Uncle Sam Takes Over

By BERT MILLS  
WASHINGTON, D. C. — Income maintenance is a problem for most everybody but if poverty planners have their way the poor need worry no more. Uncle Sam will simply pay the bills for all of those in need of money.

This dream of some influential economists is not going to be enacted by Congress tomorrow or the day after. The idea is still a little too advanced for even the most left wing legislators. Paying people for not working, even though able to work, is a notion that will take

some selling. Nevertheless, the proposal for the Federal government to make direct cash payments to those in need of money ought to be taken seriously. Not long ago it would have seemed absurd to think that the U. S. would pay part of the rent of those city-dwellers wanting a better apartment. It is doing just that today under the rent subsidy program.

Fancy phrases used by proponents tend to conceal what are essentially simple ideas. For example, the most common term for the latest giveaway plan is

a "negative income tax." This wordage dispenses with such bad-sounding terms as "subsidy." Advocates of the cash-for-the-needy scheme make a point of tracing the ancestry of the "negative income tax" to Professor Milton Friedman of the University of Chicago, who was an advisor to Barry Goldwater in the 1964 Presidential campaign.

Happy April 15th! Prof. Friedman and his supporters believe that every American has a legal right to a minimum level of income to escape poverty. Friedman is supposed to have some unusual reasons why a conservative economist embraces a program which seems radical to most Americans. He regards the plan as the least among evils.

While the plan is vague and has not been reduced to a specific bill ready for introduction in Congress, the idea is that taxpayers would file their Federal income tax returns as usual on April 15 or before, and non-taxpayers would file their non-tax returns. Internal Revenue Service would simply mail a check to those who had not earned enough to be above what the U. S. decided was the "poverty level."

There would be no discrimination among payees. Those capable of holding a job would be paid along with those with an excuse for being poor. The lazy would be rewarded along with the unfortunate. Willingness or ability to work would not be a criterion. Presumably, those willing to stay poor could count on a Federal subsidy for life, although the plan includes a "work incentive" feature.

How much would it cost? Nobody is talking much about that at this point but poverty planners say there are at least 34 million poor people in the U. S. today, including children. That is more than one-sixth of the population. Obviously, the cost of paying "minimum incomes" would run high.

There are about 50 million individual taxpayers now, most of them families with children. Their tax dollars would be doled out by IRS to those too poor to pay taxes. The unhappiness of those paying taxes each April 15 would be countered by the delight of those who have a subsidy check coming because

Texas farmers will receive more than 23.8 million in payments for land placed in the soil bank acreage reserve program.

Just back from a trip that covered a broad swath of the North American continent, Mr. and Mrs. Johnnie Havener of Springlake visited in Hereford Sunday and told his mother of the sites they saw between Mexico City and Fairbanks, Alaska.

Farmer's Home Administration manager Walter Johnson this week reminded farmers the application deadline for drought relief feed is August 31.

The need for rigid patrol of the streets surrounding Hereford's schools was debated at length on Monday night by members of the City Commission.

William Henry Craig, 67, died in his home at 233 Avenue E on Tuesday after several months' illness.

Enduring aches, pains and sore muscles, two all-star, "professional" Little League Dad's teams will take the field at Little League Baseball Park tomorrow night in a benefit softball contest.

Little League president Ray Cowser told a meeting of Lions and Little Leaguers Wednesday that he thought an "\$8,000 or \$10,000 investment for recreational facilities for all Hereford youngsters" would be worth the money.

Interest has apparently mounted here in the Democratic Primary runoff election set for Saturday.

A well informed source said Wednesday that sponsors of the local option election petition have collected more than 900 signatures for presentation today to county officials.

Chief of Police, Leo Box stated Wednesday that he plans to present findings in the A. B. Damron death of last April 22 to the Grand Jury at its next session, scheduled to convene on Sept. 6.

Editor's note: The Bootleg Philosopher on his Bindweed farm seems to be discussing the unemployment situation, although we're not sure.

Dear editor:

As I understand the present boom times, nearly everybody who wants to work is working and a lot of people who don't are, but still shortages crop up. For example, I read in a newspaper yesterday afternoon which a neighbor left on his tractor seat to keep the sun off while he went to the house for a drink of water and the wind blew off, that President Johnson is having a hard time finding enough experts on foreign affairs to fill some job now open on his staff.

I do not understand this. Clearly he's not looking in the right place. If he will come out to this area, I can show him dozens of experts on foreign affairs, in any direction he wants to go.

I don't mean one-sided experts. We've got experts on every side of any question about any country, whether we've heard of it before or not, the same as the U.S. Senate. You don't have to be able to pronounce a country's name to know what we ought to do about it.

Studying the country you're hiring out as an expert on doesn't mean anything. There are men in Washington who have spent years studying China, they can read and write the language and pronounce the names, and half of them say China will attack us if we keep bombing Hanoi and the other half says she won't. You get exactly the same vote out here, where most of our information is limited to what we think up on our own. As I found out long ago, never call on more than one expert for advice on one problem. If you get two, you'll wind up with opposite advice and be about where you were before you started.

However, if President Johnson hasn't filled those jobs for foreign affairs experts yet, he can find plenty around here, although actually he can find just as many right there around Washington who are fully as capable as we are.

Yours faithfully,  
J. A.

OPINION POLLS  
AND PRESIDENT

POPULAR OR NOT,  
TRUMAN WON OUT

By HENRY CATHCART  
Central Press Washington Writer

WASHINGTON — When he was President, Harry Truman would shrug off public opinion polls that showed him to be unpopular in the White House. Truman maintained, with what proved to be remarkable accuracy, that when the voting public had to make a direct choice between him and an opposing candidate, he would capture a majority of the votes.

Truman based his opinion on his belief that in times other than a presidential political campaign, the public viewed the White House incumbent against their abstract ideal of how a chief executive should perform. When they had to judge between two men and two political parties, it was different.

This theory stood President Truman in good stead during his White House years. It not only kept the public opinion polls in proper perspective as factors in national life, but it gave Truman a ready, logical answer to questions concerning public opinion that kept his name out of the headlines during times when the polls showed him to be relatively popular.

President Johnson's contrasting attitude toward these polls is making the public even more conscious of his declining popularity. Johnson started out by reading the polls closely, carrying them with him, and referring to them to show public support for his policies and programs. Now that they show his popularity has dropped sharply, he is hard pressed to answer questions concerning them.

It sounds a little hollow for the President to find virtue in a 55 per cent figure on grounds that Eisenhower's similar percentage of the vote in 1952 was called a "landslide" when his own vote in 1964 was 10 percentage points greater.

● THE COMMON TOUCH — Rep. Clarence Long, D-Md., is one of the most educated and erudite members of the House of Representatives. He is a former economics professor at Johns Hopkins University, boasts a string of degrees, and is the author of seven books.

One would think that a man of his attainments would lean toward the scholarly and sophisticated approach to politics. But Rep. Long has the common touch. His slogan is as earthy as that of any successful business. It is: "If something goes wrong Call Congressman Long."

● FOREIGN AID BLUES — President Johnson's foreign aid request is in deep trouble in Congress. In typical Johnson style, he suggested that Vice President Hubert Humphrey invite the 100 senators to a meeting to be briefed and have questions answered by a top AID administrator.

One of the senators attending fell asleep and awoke with a start exclaiming "What's happening?"

Unfortunately, nothing much. Only about 21 senators showed up, questioning was placid, and the Johnson administration is groping for another way to sell its cause to the solons.

Cheering at softball games is a recreation favored by Mrs. Don Haynes this summer, be-

cause her husband plays on one of the City League teams and like any good Jaycee-Ette she believes in supporting activities of the Jaycees, especially the one in her family.

Mrs. Haynes is the new president of Hereford Jaycee-Ettes, elected to the office to fill a vacancy after serving as treasurer last year.

She was a member of the organization, composed of Junior Chamber of Commerce members' wives, when she lived in Lamesa a few years ago, and joined the local group soon after moving here from Amarillo about 18 months ago.

Regular meetings are recessed for the summer but will be resumed next month. Mrs. Haynes and other officers are planning now for a membership drive to follow that of the Jaycees, to recruit wives of the young men to aid in carrying out Jaycee Community projects.

As Judy Carlton, Mrs. Haynes grew up in Stamford and graduated from its schools, then studied two years at Texas Tech. Haynes was also from Stamford and they had known each other from childhood, but had never dated until they were in college.

After their marriage, as Haynes completed his final semester of study Mrs. Haynes was employed on the campus, in the placement office. She has devoted her time to her family since. The couple has two sons, Danny, who will be four years old later this month, and Bryan, age four months. The family

(Continued from Page 8) they did not learn enough to have to pay a tax.

Just as a wild guess, suppose that the plan worked out so that every one of the 34 million poor received a "negative income tax" averaging \$1,000. If so, the cost would be \$34 BILLION annually — about one-third of our present Federal budget. If these figures are even close, income maintenance would be mighty expensive.

**White House Agency Asks Study**

In its annual report, the President's Council of Economic Advisors urged this concept be studied. The Office of Economic Opportunity, which runs the present poverty program, is all for the idea. The Joint Economic Committee of Congress recently asked the subject be studied. The National Commission on Automation, a group created by Act of Congress and appointed by President Johnson, proposed earlier this year an intensive investigation of what it called a "minimum income allowance" program.

So a guaranteed income for everybody, even if paid from the U.S. Treasury is a serious suggestion with important backing. It is time for every American to start thinking about a proposal that seems to top the do-gooders' best efforts of the past.

**Bay View Club Drafts Program For 50th Year**

Its fiftieth anniversary as a federated club will be marked by Bay View Study Club in the coming season, with programs aimed at "capturing the heart, spirit and stirring traditions of America, past and present," in the words chosen by the year-book committee to express their purpose.

Mrs. Juston McBride and Mrs. Dexter Lillie are serving with Mrs. Colby Conkwright, chairman, on the committee which completed its program-drafting task early, and has put the year-book copy in the hands of printers.

Mrs. Ansel McDowell, beginning the second year of her term as president, worked with the committee.

With a forward look they added the motto, "We Work Together Toward the Future," to the statement of purpose. The program emphasizes the attitude

of the American woman as an important factor in today's world, with topics concerning the status of women in public affairs, home life, education and Christianity.

Highlights of the club's 50 years in the Federation of Women's Clubs will be reviewed at the first program meeting by Mrs. A. M. Jones, a charter member who is still active. Bay View Club was federated in 1917, eight years after its organization in the young town of Hereford.

This program will be given in October, when a guest speaker is also scheduled. The season will begin with a brunch Sept. 15 in the home of Mrs. Howard Gault with the social committee as hostess. Mrs. Will S. Kerr is chairman, Mmes. Earl Holt, E. J. McMillan, H. L. Benefield and Gault other members of the committee.

**Wedding Vows Repeated In Ceremony At Church**

The marriage of Mrs. Naomi Merrick and Pete Curtis was solemnized in an evening ceremony Friday in Calvary Baptist Church, with only relatives of the couple attending. The Rev. Clarence Powell, pastor, conducted the wedding.

Mrs. Calvin Alexander of Portales, sister of the bride, was her matron of honor and Mrs. Alexander the best man. Mrs. Merrick wore a forget-me-not blue suit.

Mr. and Mrs. Curtis will be at home here. She is an employee of the Hereford Clinic and he

is with Holly Sugar.

Before the wedding, Mrs. Merrick was complimented with a shower Wednesday evening in the home of Mrs. Gary Kelley, 841 Blevins. Mrs. Don Daugherty assisted Mrs. Kelley in serving cake and punch to friends who presented gifts for her new home to the bride-elect.

Red roses were arranged with red candles on the white-covered refreshment table, and the red rose motif was repeated on cake decorations.

## Chicken Tops Summer Foods

By Mrs. Argen Draper  
Home Demonstration Agent

Chicken is a favorite summer food and suggestions for having cooked chicken when needed will help in easier management of summer meals.

**HOW OFTEN** have you discovered a recipe that promises a refreshing entree for your summer-weary family only to find that you lack the "cooked poultry" it requires?

Here's how you can be sure of a supply of cooked chicken for these summertime treats.

Buy several birds now and freeze them. Prices are hovering around the lowest point of the year, according to the Consumer and Marketing Service.

You can save food dollars as well as time. When you buy whole birds, the cost per pound is less, says the U. S. Department of Agriculture. Furthermore, you can take advantage of using the meaty pieces for frying, broiling, barbecuing or smothering and using the bony pieces for "cooked chicken."

**REGARDLESS OF** whether you divide the meaty and bony pieces, cut the chicken so you can separate the meat from the bone easily when it has cooked tender.

Use just enough water to cover the chicken. Simmer until the meat is tender. Then remove the bones. Pour the meat with the liquid into meal-size containers. Chicken won't keep once it thaws, so you should be able to thaw only the amount you want to use immediately.

If you wish to cook the entire chicken for freezing, you'll find that a 3-pound bird will yield about 5 or 6 cups of cooked meat plus liquid. Use the cooked frozen chicken within a month. If you keep it longer, it may lose some of its flavor.

Be sure to thaw cooked frozen chicken in the refrigerator as thawing at room temperature invites spoilage. Freeze the meaty pieces raw. Wrap each

separately in cellophane to prevent freezing together. Place in meal-size packages. Freeze promptly and keep at zero degrees F.

**THESE RECIPES** have a different flavor that your family enjoy.

### LEMON LELANI BAKED CHICKEN (3 to 4 servings)

- 1 broiler-fryer — 2½ — 3 pounds cut into serving pieces
- Salt and pepper
- 2 — 3 T. salad oil
- 1 medium onion, chopped
- ½ C. chopped celery
- 1 — 8½ oz. can crushed pineapple, well drained
- 1 t. grated lemon peel
- 1 1/3 C. Fresh lemon juice
- 1/3 C. hickory flavored catsup
- 2 T. brown sugar
- 1 T. prepared mustard
- 2 t. soy sauce
- ½ t. salt

Season chicken with salt and pepper. In hot salad oil saute chicken on all sides until golden brown; transfer to shallow baking dish. Add onion and celery to chicken drippings, adding additional oil, if necessary.

Saute vegetables until soft, but not brown. Thoroughly combine remaining ingredients; add to vegetables and bring to a boil. Pour hot sauce over chicken. Bake, uncovered, at 350 degrees 50 to 60 minutes or until tender.

### CRUSTY LEMON-PARMESAN BAKED CHICKEN

- 1 broiler-fryer, 1½ to 2½ pounds cut in half
- 1 t. grated lemon peel
- 1/3 C. Fresh lemon juice
- 2 T. water
- 1 T. salad oil
- 1 t. oregano leaves, crushed
- 1 t. garlic salt
- ½ t. salt
- 1/4 t. pepper
- 1 t. Worcestershire sauce
- 1/4 C. grated Parmesan cheese

Dry chicken halves and place cavity side up in shallow glass

**50-YEAR MARRIAGE CELEBRATED** — Mr. and Mrs. Alfred Boyd London will be honored at an open house this afternoon from 3 to 6, when their children will be hosts in the home of Mrs. London's nephew and niece, Mr. and Mrs. J. W. Robinson Jr., on Harrison Highway. Both long-time Hereford

residents, they were married here Aug. 5, 1916 and have lived here through the past half century. The inset photograph of the young couple was made shortly after their marriage; the current photograph is by Brady Studio. Their friends are invited to call during reception hours.

dish. Combine rest of ingredients, except Parmesan cheese; pour over chicken. Marinate at room temperature, turning once. Line a shallow baking pan with aluminum foil. Place drained chicken halves, cavity side up in pan; pour over half the marinade and sprinkle half the Parmesan cheese. Bake uncovered, at 400 degrees for 30 minutes.

Turn chicken; pour over remaining marinade and sprinkle with remaining cheese. Bake an additional 30 minutes, or until well browned and tender.

### LOVE SONG FOR A WATER TOWER

**SPOKANE** — Residents of the Shadle Park section of the city gathered around a steel water tower recently and the high school band played "You Made Me Love You."

When the tower was being constructed, petitions were circulated and hearings were held to protest it as a probable eyesore.

But the tower went up with 15 vertical cones around it and Sylvania Electric Products lighted it for a night as well as daylight spectacle.

And the community decided, at a recent ballgame, to express its change of opinion publicly.

## Simple Wedding Read For Couple

Miss Lu Anne Higgins, daughter of Mr. and Mrs. A. B. Higgins, Route 4, and Carl Kent Black of Paducah were married in a simple ceremony at First Methodist Church late Saturday afternoon with the Rev. Clifford Trotter, pastor, officiating. Only family members and close friends were present for the double ring service in which the bride's father gave her in marriage. Her sister, Miss Janie Higgins, and Wade Smith of Paducah were the couple's attendants.

The bride will teach Spanish and government in Paducah High School next term. She is a graduate of Hereford High School and Texas Technological College.

A native of Paducah, son of Mr. and Mrs. Carl Black of that city, Mr. Black is a stock farmer in Cottle County. The couple will live in Paducah.

A wedding dinner at the Hickory Log Restaurant followed the marriage ceremony.

Out-of-town wedding guests included the bridegroom's parents, Mr. and Mrs. Smith, Mr. and Mrs. Don Brothers, Mr. and Mrs. Gene Bristo of Paducah and Miss Elaine Crider of Lubbock.

A pre-nuptial party for Miss Helen Davis, bride-elect of Gayle Singleton of Briscoe, was given by Misses Beverly Barrett, Wanda Holt and Jo Frances Deavenport Saturday evening in the home of Miss Barrett's parents, Mr. and Mrs. Dick Barrett, 210 W. Fifth.

The Davis-Singleton marriage is planned for Aug. 28 in St. Thomas Episcopal Church here. Both are students in West Texas State College.

Close friends of the bride-to-be were invited to the informal Saturday party, a lingerie shower. The hostesses served punch and cakes from a table decorated with summer blossoms in pink and white.

Members voted to assist with a Center for Development of Human Potential which is being organized here to work with handicapped children, and which is asking the aid of women's organizations.

Plans for other activities of the coming year were discussed informally, with emphasis on a fall membership campaign. After the summer recess, Jaycee-Ettes will resume regular meetings the first Monday in September with a business session at Community Center.

## Are there really any sound reasons for buying a Chevrolet in August?

During August, it's as easy to own a Bel Air 4-Door Sedan as getting in the car.

Wait till you see how sporty you look sitting in your Impala Super Sport.

### In a word: Six

1. Have you ever known the instant delight of selecting a new Impala Super Sport in the color you want, slipping into its Strato-bucket seats, and driving it home from the showroom the same day? Now's your chance. Your Chevrolet dealer has a big choice of models on hand with small August price tags.
2. More than likely, your present car will never be worth as much in trade as it is right now. Money—another good reason to buy a Chevrolet this month.
3. Read those articles about when to buy a new car and they'll tell you that August is one of the best months. And your Chevrolet dealer is ready to show you why... with buys that are better than ever.
4. If you think winter's tough on an old car, believe us, so is summer. There's added strain on the engine because of vacation driving. Greater tire wear. The cooling system has to work extra hard. A new Chevrolet can save you a lot of trouble.
5. You do a lot of driving for pleasure so why not ride on Chevrolet's Full Coil suspension. Let your feet feel that deep-twist Chevrolet carpeting. August is to enjoy.
6. Make your summer driving safer by driving by taking advantage of the eight standard safety features built into every new Chevrolet. If your present car doesn't have seat belts, back-up lights, outside rearview mirror, padded instrument panel, look into a new Chevrolet.

Women's Editor

A trip the remainder of the way around the world will start for Mary Helen Fisher after she attends a Methodist Church Convocation in London this month. She is flying to Ireland, then will travel in Scotland and parts of England before going to the international meeting of Methodists.

THE HEREFORD woman will then join a tour party to con-

tinue eastward, circling the globe.

Bringing about a new grandson who arrived Tuesday are Mr. and Mrs. John P. Robinson. The boy, John William, was born to the Rev. and Mrs. Bill Robinson of Rosenberg and weighed 7 pounds, 10 ounces. The father is minister of the Christian Church at Rosenberg and the family includes a three-year-old daughter.

THE SISTER of Ansel McDowell, Mrs. S. B. Owen of Wellington, returned to her home Wednesday after visiting a week with Mr. and Mrs. McDowell, 207 N. Texas.

VISITORS LAST week in the Cliff Hutson home, and a weekend trip for the Hutsons, were in connection with the sixtieth wedding anniversary celebration of Mrs. Hutson's parents, Mr. and Mrs. J. F. Carpenter, at Elk City, Okla.

The anniversary will not be until Dec. 5, but the celebration was scheduled so their children who live on the west coast

could be here on vacation. The family will attend First Baptist Church services at Elk City, and a reception will be held this afternoon in the church fellowship hall.

Mrs. Hutson's sister, Mrs. Ted Strelay of Merced, Calif.; her brother, Fred Carpenter of Wasco, Calif., with his wife, daughter and her two children, visited here last week and went on to Elk City Tuesday. While they were here another sister, Mrs. Billy Seals of Muleshoe, Mr. Seals and their son, Mack, and his family, came over.

Mr. and Mrs. Hutson and their two sons and the Seals family

went to Oklahoma this weekend. A sister who lives at Leveland, a sister and brother living in Oklahoma complete the roster of the Carpenter children, all expected for the reception with most of the 20 grandchildren and 22 great-grandchildren. This will be the first time in 10 years they have all been together.

No part of the anniversary entertainment, but a pleasant coincidence for the Hutsons was a banquet Saturday night for ex-students of the Foss School, held at Clinton, Okla., at which they were among the guests.

SOMETHING SHOULD be done, Helen Cherry thinks, about mothers who leave small children shut up in cars these blistering days, on parking lots at grocery stores, with the sun sizzling in through the windows and the youngsters helpless to do anything but yell, which they often do.

She finds me in complete agreement, but wondering if parents who are completely callous about their children's comfort can be appealed to in any ordinary way.

It would be nice if they could be punished to fit the crime, and it wouldn't take long to figure

out the sentence — shut 'em up in cars they can't get out of, on parking lots where the temperature is over 95 degrees in the shade but there isn't any shade, and leave 'em while the grocery shopping is being done, in leisurely fashion.

WIRE AND PIPE GONE

SALINA, Kan. (AP) — Pat F. O'Connor believes thieves will steal anything.

He opened his business one morning, flicked on the TV set and got no picture. He investigated and found the wire connecting the set to an antenna

had been stolen. Along the way, he found someone had taken the drain pipe from his building's rain gutter.

Just CUT DOWN the COST...  
NOT the FOOD!!!

Does he holler every time you cut down his portions just to save a few pennies on your food bills? Can't say that we blame him — because you CAN cut the cost without putting your family on short rations. It's as easy as shopping at COOPER'S!! — Try us and be convinced! Buy the fine foods your family likes best — all you need to satisfy their big appetites... then, compare the low, LOW TOTAL YOU DID IT — cut the cost but not the food... and doesn't THAT make Pappy happy!

CHAD CALVO IS PORT AGANA'S NEW STROLLING MUSICIAN, BUT OTHER ACTIVITIES HAVE GOT HIM BANNED FROM MANY A PORT ON THE CONTINENT —

HE SEEMED SO GENTLE ... IT'S PART OF HIS DISGUISE, I SUPPOSE —

OH, CALVO HAS MADE NO ATTEMPT TO DISGUISE HIMSELF.... HE PLAYS THE VIOLIN IN PUBLIC.... BECAUSE HE LIKES TO!

COULD YOU BE WRONG ABOUT HIS ALLEGED CRIMINAL PAST?

NO, HE ARRIVED WITH MOST OF HIS GANG, A MISERABLE LOT, AND NOT MUCH OF A THREAT WITHOUT CALVO'S BRAINS —

A SEAPORT LIKE OURS IS A GATHERING PLACE FOR FUGITIVES.... I CAN'T SHIP THEM OUT UNTIL THEY MAKE TROUBLE!

CALVO DIDN'T SHY AWAY FROM YOU OR THE UNIFORM... PRESS YOUR LUCK AND TRY TO CONTACT HIM AGAIN —

YES, SIR!

LATER

TIM, IT WAS ALONG IN HERE WE MET CALVO —

I HEAR HIS VIOLIN!

HEY! A YELL FOR HELP!

AND THE MUSIC STOPPED ABRUPTLY!
