Wallace to Speak Monday Afternoon

Henry A. Wallace, secretary of agriculture, will address farmers and citizens of this area next Monday at Amarillo. He will be the first member of the New Deal Cabinet to appear in the Southwest. The talk will be given at the city auditorium at 3 o'clock in the afternoon.

"Agriculture is facing many difficulties and it is important to know what our secretary has to say," said Grover Hill, chairman of the committee sponsoring the program for Mr. Wallace.

"People will want to see and hear the man under whose management they have received wheat and cotton allotment checks, feed and seed loans. There will be a tremendous interest throughout the country in this address, because the Department of Agriculture has become the most important in government and its policies affect 40 millions of persons."

The visiting cabinet member is a real dirt farmer and developed Wallace corn, one of the most popular varieties in Iowa. He also operates a dairy, feeding out Panhandle cattle every year in his lots.

Several farmers and agriculture leaders of Hereford and Deaf Smith county as well as the surrounding country will go to Amarillo to hear Mr. Wallace.

Lions to Sponsor Boy Scout Troops

Ray Coneway will organize a Boy Scout Troop under the sponsorship of the Lions Club. He was appointed at yesterday's luncheon. It was also decided that the club will back another troop, to be organized by Jerry Behrends. Youngsters interested in becoming Scouts are asked to get in touch with Coneway or Behrends.

The club is to back the Scout organizations financially, furnishing money for national affiliation and incidentals. Coneway and Behrends will work out the details together.

At yesterday's luncheon Miss Lillie Hostetler talked on the Texas Centennial next year. Miss Ruby Thompson and Mrs. Margaret Schroeter sang duet numbers, and Arthur Thompson, Jr., played a cornet solo.

Mr. and Mrs. Harry Fritts and daughters, Henrietta and Nina, returned Sunday night from St. Louis, Missouri, where they visited Mrs. Fritts' parents. Miss Henrietta had been visiting there for several weeks, and returned with her parents.

C. D. Spencer Is Suicide Victim

A self-inflicted gunshot wound brought death to C. D. Spencer, 54-year-old farmer living 11 miles southeast of Hereford, late yesterday. No reason for his despondency could be given by his sons.

Shortly after 6 o'clock yesterday afternoon Spencer drove to the neighboring home of Horace Baird where he borrowed a .38 calibre pistol. He was found in his car later by Baird's family a few hundred yards west of the house, shot through the head and clutching the pistol.

Mr. Spencer leaves four sons, Jack, Bradford, Marvin and Earl. All but Marvin, who is in the army in Wyoming, live in the community. There is a sister in Wellington, Texas.

He left a note to the boys instructing them on handling the property and expressing regret at going. Funeral services will be held at the Baptist church here Friday afternoon at 3:30.

The Spencers have lived in this country for 12 years. Mrs. Spencer died three years ago.

ASK PARENTS TO REPORT RURAL SCHOOL TRANSFER

Parents of children who will attend county schools in Deaf Smith during the coming year after a change of residence are urged to notify County Judge C. W. Humble at once. This action is sought so that transfers can be made.

If transfers are not made after a change of residence parents must pay tuition. State school apportionment is based on scholastic population, and transfers must be recorded for a school to receive its money.

Firemen Vanquish Lions In Close Go

In the very best ball game of the "whole season the Firemen opened the last half with a 2 to 0 win over the Lions last Thursday afternoon. Pitchers had all the better of it as Kester hurled a masterful one-hitter for the winners and McWilliams allowed the Firemen only a pair of bingles.

Two errors were registered, both by the Lions, and each resulted in a run. In the opening frame Babe Russell, first batter of the game, reached first on an error and was advanced on a walk to Carroll. Babe scored on Kester's fly to right after going to third on an infield out. Carroll made the other marker in the third when he scored on a scratchy single by Jess Russell after reaching first on an error.

Charley Bennett got the only hit for the Lions, a clean single

CCC UNIT SCHEDULED TO BE MOVED AWAY ON OCTOBER 1

Aid of Congressman Marvin Jones, D. E. Colp of the state park board, and F. H. Gott, district inspector for the park service, is being sought in obtaining a swimming pool for the state park here. The local park committee and the county commissioners are taking the steps.

A modern concrete swimming pool was specifically promised when the park was designated and the state board was asking the county to furnish the land. Since that time park officials have been completely vague about the swimming pool and have at last announced that federal park funds cannot be expended for such a purpose.

The park committee is also petitioning Mr. Colp to make application for the CCC company to stay here another six months period after the termination of the present period, October 1.

"We aim to make every effort," said County Judge C. W. Humble, "to keep the CCC Company until the park is finished and to get the swimming pool. The county spent thousands of dollars in getting the park site and we will feel let down if they do not give us the swimming pool."

Gott was here Tuesday and met with the court and local committees where it was agreed that the pool was an outstanding need. Attending the meeting were Prentice Rosson, Nestor Gass, George Muse, Jonathan Pitman, members of the court, Gott and Howard Trigg, superintendent of the park.

BOARD MEMBER FAVORS POOL

Judge Tom L. Beauchamp, member of the State Parks Board, and E. W. Rice, both of Tyler, visited the Hereford Park Tuesday afternoon. It was Judge Beauchamp's first trip to the park.

"I am certainly opposed to moving the CCC Camp until your park is finished," Beauchamp declared. "Furthermore, you need a swimming pool badly in order that your park will have some source of revenue to help pay costs of maintenance."

He promised all assistance possible in getting the pool and keeping the CCC unit. Both Beauchamp and Rice want the park completed. They suggested several additional projects to provide revenue.

A large amphitheatre where outdoor entertainments and programs could be held was among the favored projects. They also suggested that the creek be rid of turtles and made into a reef fishing ground by liberal stocking.

"People are becoming park minded in this country and it would be a shame not to complete a thing as well started as this park," Beauchamp declared.

Mr. and Mrs. L. H. Davis and family and G. D. Aterburn of Amarillo visited in the home of Mrs. Efa Rutherford last Sunday.

Board Chooses Teaching Staff For This Year

THREE NEW INSTRUCTORS NAMED TO FILL VACANCIES

Faculty for the Hereford schools for the coming year has been completed, announces Superintendent C. H. Dillehay. Four vacancies occurred, but only three will be filled unless enrollment makes additional teachers necessary.

The last two vacancies resulted from resignations of Misses Edith Shields, principal of the Central School, and Carey Estes. Miss Shields will teach in Canyon and Miss Estes in Dallas. Misses Julia McCown and Bess Westbrook declined to accept contracts rendered last spring.

Jimmy Gammill, a graduate of Texas Tech, is the new principal of the Central School. He was formerly elementary principal at Meadow. He was president of his graduating class at Tech, and was included in the "Who's Who of American University and College Students." He was also president of the International Relations Club and a member of various college clubs.

Grand Jury's Report Is Due Today; Court Term Opened Monday

BURGLARS ENTER BUT TAKE NOTHING

This is the story of burglars who did not burgle. Sunday night one or more burglars gained entrance to the Lambert building, and went to considerable trouble getting out. They went over the roof and down into the Star Theatre building where they did not take anything as far as could be determined.

Monday morning, people doing business in the Lambert office building found the place badly messed up. Judge Slaton's office had been entered by force, as had several vacant offices. It appeared the burglars only wanted Slaton's desk so they could stand on it and reach the skylight. They failed to get out through the skylight, however, and effected their egress through a window on the south side by spreading the bars with a crow bar.

From there they went across the roof and entered the theatre from above. So far as Charley Hardwick, manager, could determine nothing was taken. The marauders were unable to reach the theatre office.

C. R. SMITH IS FOREMAN OF JURY; CIVIL SUITS HEARD

No report had been made by the grand jury at noon today, although they were expected to come in before the day is over. Several criminal cases were under consideration, including the hijacking early this year of an aged farmer near Dawn, burglary of a Dawn store, theft of hogs from G. W. Brumley and the recent theft of O. E. Sherman's automobile.

Meanwhile the court is hearing civil cases. There are a number of divorce actions and several litigations involving land and property titles.

With C. R. Smith as foreman, the grand jury in Sixty-ninth District Court was sworn in Monday morning by District Judge Reese Tatum and immediately retired to consider criminal cases to be handled by the court at this term.

A routine charge was given the jury by the judge. Comprising the jury are Alton Fraser, Jim Clark, John Patton, Frank Gyles, Earl Wilson, Frank Givan, E. C. Eubanks, Ab Thompson, G. W. Wilson, H. H. Miller and J. S. Orr.

NEXT WEEK'S JURORS NAMED

Petit jurors for the second week of District Court have been summoned and will report next Monday morning at 10 o'clock. They will hear civil cases.

In the group are L. H. Alkman, Lee Conklin, R. Lee Howard; Ben McBrayer, A. B. London, Lee Lambert, J. K. Gray, R. R. Jackson, Mont E. Baker, John Olson, Elmer O'Farrell, W. J. Stewart, J. L. Fuqua, Roger Corbett, Fred Collett, L. Leub, J. E. Blakemore, Henry Brorman, H. E. Dauforth, Owen Neel, E. L. Bradley, A. W. Hicks.

Griffin, Family Go To Arkansas

Rev. W. M. Griffin of the Presbyterian church, and his family departed today for Kingston, Arkansas, where he is to take charge of a mission field under the Board of National Missions of the Presbyterian Church.

Kingston is located approximately 50 miles east of Fayetteville in the Ozark country. The field has a small hospital of six beds with a nurse in the field. School facilities, according to Griffin, are limited. The church provides a high school. There is also a community cannery. All the projects are under the direction of the minister in charge.

"Our stay in Hereford," Mr. Griffin said, "has been a pleasant one, not only in the associations of the Presbyterian church, but of all the churches. We could not hope for a more congenial place to live, nor a more friendly and gracious reception at the hands of any people. So may those abiding things make life rich for the people of Hereford."

Reverend Griffin became pastor of the church here in February, 1934, coming from Dexter, Missouri. There are two sons, Warren and Martin.

Extend Crop Loan Time to August 15

Extension of time for farmers to apply for wheat loans has been announced by the local office. The deadline is now August 15. Applications may be made at the chamber of commerce office in the city hall.

Farmers may obtain loans for summer fallowing or fall planting or both. The limit for one farmer is \$500 for all seed loans combined. He gives a lien on the crop as security for his note, which will be due August 1, 1936.

Death Takes Will Womble Last Monday

PIONEER CATTLEMAN IS VICTIM OF HEART SEIZURE

Deaf Smith county lost another of its real pioneers with the death last Monday, July 29, of Will T. Womble, cattleman and farmer, who as a member of one of the earliest families here came in 1891.

Working in his garden Monday morning at the ranch home, 16 miles north and four east of Hereford, Mr. Womble became ill. Complaining that he did not know what was wrong, he went into the house and Mrs. Womble decided to bring him to town.

They met a son, Elmer, and transferred to his car to make the trip to Hereford. But it was no use. Mr. Womble was dead when they reached the hospital.

Will Womble was born in Chatam county, North Carolina, December 23, 1879, a son of Mr. and Mrs. J. C. Womble. When he was two years old the family removed to Tennessee. They came to Deaf Smith in 1891 when he was 11 years old.

In the family were five boys, Troy, Will, Gran, Clarence and Mack. Clarence died here in 1905. Gran lives in Humboldt, Missouri. Mack and Troy are residents of Hereford. There were also five girls. Mrs. W. B. Phillips, the eldest, died last year. The others are Mrs. L. R. Bradley and Mrs. W. T. Smith of Hereford; Mrs. G. B. Combs of Canyon, a twin sister, and Mrs. M. O. Meeks of Amarillo.

Surviving are Mrs. Womble and three children, Elmer, Lawrence and La Verne, who is Mrs. S. L. Harman, Jr. All live here. The Wombles had a home in Hereford as well as the ranch home. Mrs. Womble was Miss Eula McAtteer of Hereford before their marriage on July 7, 1904.

Mr. Womble was a member of the Baptist church since early manhood. He was also an outstanding Mason, taking all the work up to the Scottish Rite. He served as county commissioner from his precinct from 1928 until 1932. Following ranching and farming since growing to manhood, Mr. Womble was considered one of the leading breeders of purebred Herefords in this county.

Friends will remember that he was struck by lightning in the summer of 1932 while working on the ranch. For a long time it was thought he would not survive, but he had apparently recovered entirely.

Funeral services were held Tuesday afternoon at the Baptist church by Rev. B. N. Shepard, pastor. Burial was in West Park Cemetery. Pallbearers were Jonathan Pitman, H. G. Conkright, George Muse, Mal Stewart, Wirt Phillips and Earl Wilson.

CANNING DEMONSTRATION TO BE GIVEN NEXT WEEK

A free demonstration in preserving of meats, fruits and vegetables will be given next Tuesday and Wednesday afternoons at the Texas Utilities Company by Mrs. Arvee French, well known home economist, who will represent the Ball Brothers Company. The Ball company, makers of glass jars, are sending demonstrators all over the country to show housewives approved methods of steam pressure, hot water and open kettle canning.

Mrs. French has been conducting these schools and demonstrations in Oklahoma and Texas the past four years for the Ball company. She has been in the work for the past 15 years. Attendance prizes will be given at the demonstrations and Mrs. French will answer questions.

Former Pastor Dies

Rev. J. R. Henson, pastor of the Methodist church here more than 25 years ago, died on Sunday, July 21, at Sweetwater. He had been in poor health for several years. Mr. Henson superannuated after living here and had been inactive in recent years. Many friends in Hereford mourn his passing.

NEW FISH ARE PLACED IN CREEK LAST WEEK

More than 1,000 bass were planted in the Tierra Blanca last week. They were furnished by the state hatchery. All were placed in the creek east of Hereford.

The usual shipment of young fish will be sent here in the fall, according to Homer Fox. A standing application is at the hatchery for fall delivery of bass, crappie, bream and perch.

THE DISAPPEARING DUCKS

In a booklet issued by the National Association of Audubon Societies is the following statement:

"J. N. Darling, chief of the United States Biological Survey, who is in a more advantageous position than anyone else in the United States to know, estimates (Bird-Lore, May-June, 1935) that there are one to twenty million ducks left on the North American continent. Approximately 600,000 'duck stamps' were purchased during the 1934 hunting season. On that basis, for every licensed hunter of wild waterfowl in the United States, less than 40 birds remain.

"Mr. Darling has also publicly estimated that during the 1934 open season from 8,000,000 to 9,000,000 birds were bagged by man. Any business man—any biologist—considering these figures, would immediately reach the conclusion that bankruptcy lay 'just around the corner'."

In fact, the danger point in the duck situation was reached years ago. What the country faces now is a condition of plain foolishness. The danger has been pointed out repeatedly in the last ten years, but measures to combat it have been far from adequate.

The drought took terrible toll of ducks. That was a natural force at work, but it was working on an already greatly decimated number of birds. The toll taken by the hunter in connection with severe reduction of breeding areas for the birds is perhaps the most serious danger. The point has now been reached where some kinds of ducks must be right now in extreme danger of extinction.—Borger Herald.

A LONG TIME AGO IN HEREFORD

(From The Hereford Brand, August 5, 1904.)

No doubt about it, declared representatives of the Department of Agriculture, Deaf Smith county and the surrounding area was better suited to the growing of cotton than any other spot in the South. "Cotton can be grown successfully in Northwest Texas, beyond the boll weevil district, with less labor and more certainty than in any section of the South" said a report.

Castro County was planning the annual picnic and reunion at Dimmitt.

James Cardwell had purchased the grocery business of D. E. Weaver.

S. J. Williams of McCloud, Oklahoma, had bought the John C. Johnson ranch northwest of the city and the residence and home site of G. R. Jowell in the city.

The Santa Fe was contemplating construction of a line to the South Plains and one westward to Bellevue. Hereford's leading citizens regarded this city as the logical point from which to go south and west, too. "Hereford would then become the city of the Plains—the hub about which other towns would rotate."

J. R. T. Bassett and Miss Vashti Slade were married here.

E. F. Connell had purchased the home of H. D. Davis, the latter removing his family to Indian Territory.

(From The Hereford Brand, August 7, 1914.)

Europe was in a state of war. Austria-Hungary declared war on Serbia after the killing of Archduke Ferdinand. Russia's mobilization and moving troops did not suit Germany so the Fatherland declared war on that county. Within the week France and England were in the conflict and Belgium's neutrality had been violated. The conflict, said the Brand, "threatened to involve the whole of Europe in a war which will ex-

BEGIN NEW ENTRANCE TO PARK; ROOF ON BATH HOUSE STARTED

Work was started this week on the new grade crossing over the Santa Fe right-of-way, with a crew from the railroad company assisting a detail from the camp in making the change. The new crossing will be a continuation of Tenth Street across First and over the railroad. It will cross at right angles.

Sheathing for the new roof for the bathhouse has been completed and shingling was under way. New spring boards have been installed at the pool and are receiving enthusiastic use. It is planned to install a diving tower and another spring board on the east side of the park above the picnic unit. This will be for swimmers only.

National Park Inspector Francis H. Gott spent Tuesday and Wednesday going over the park site.

T. J. Ellison, motion picture operator for the National Park Service, showed several reels of motion pictures at the mess hall Tuesday evening. The subjects were shorts of wild life and educational features. The show was well attended.

J. H. Russell of the National Guard in magnitude anything of past history."

Mrs. Woodrow Wilson, wife of the President, had died August 6.

Miss Grace Hopkins had become the wife of Leslie Borden.

A Brand editorial took up a couple of columns explaining why Jim Ferguson had beaten Tom Ball in the gubernatorial election.

Mr. and Mrs. A. H. Elliston had returned from a visit in Arkansas.

Miss Laura Edwards was a member of a Missionary Party touring the Orient and Europe. The war had interfered with her plans for returning home.

Park Service, photographer has been here this week taking pictures of wild life in the park. Mrs. W. D. Twitchell and family of San Angelo visited her brother, Superintendent Howard T. Frigg, the latter part of the week. Work on the combination building has been speeded with the

SUB-DEB CLUB ENJOYS SWIM
 Members of the Sub-Deb. club enjoyed a swimming party and watermelon feast Monday evening. Members met at the home of Mary Tiefert and went in a body to the creek in the park. After a swim they enjoyed ice-cold watermelons.
 Those enjoying this delightful outing were Mary Tiefert, Henrietta and Nina Lee Fritz, Helen Ann Snyder, Elsie Wilkins, Edith Jackson and her guest, Ida Jane Latta, of Terre Haute, Indiana.

AND OLD FOLKS PARTY
 Last Friday a number of old friends enjoyed a party at the home of Mrs. Walter Stone, honoring Grandmother Callahan, age 80. She is quite active for one of her age—can read, piece quilts, almost without the aid of glasses.
 Harley Stone sat at the guest register. Misses Louise Jacobsen and Oline Ramey were on the entertaining list and sang a duet. Miss Ramey gave a reading to the guest of honor, also one entitled "Our Dear Friends."
 The minister who was conducting a revival at the Church of Christ, spoke kind words of encouragement to the aged ladies, assuring them if they kept the faith as Paul of old, there was laid up a crown for them, and all who live Godly in this present world.
 Several of the ladies attending had passed the 80 mile stone and all seemed to have a jolly time. Refreshments were served to Grandmother Callahan, honoree; Mmes. Orr, Harvey, Vaughn, Smith, Winterhodge, Nibelo, Giles, Hammer, Knox, Bantum, J. A. Callahan, McElroy, Bell, Callo-way and Misses Oline Ramey and Louise Jacobsen; James O. Wilburn, minister, Walter Stone and son, Harley, Mrs. Walter Stone and Mrs. E. Ramey, joint hostesses. Mmes. Walker, Boone, Williams, Stallings and Boren received invitations but failed to attend.

Does Poultry Pay?

SURE IT DOES, IF YOUR HENS LAY LOTS OF EGGS WHEN EGG PRICES ARE GOOD!

—And the way to make your hens shell out the eggs is to feed them

Purina Lay Chow

THE OUTSTANDING VALUE IN LAYING MASHES

—It's an economical mash, built to produce more eggs at the lowest cost per dozen. It furnishes the white and shell making materials that the usual grain and mashes lack and provide a balanced egg ration.

—Keep PURINA LAY CHOW before your hens all the time. Don't wait until Fall and Winter to do this.
