

REBEKAHS REGISTER — Members of the Rebekah Lodge from Hereford and the surrounding area began registering Friday afternoon for the 64th annual convention of the Panhandle Association of the IOOF Lodge and Rebekahs. The convention ends tonight. (Hereford Brand Photo)

IOOF And Rebekahs Convene

New officers of the Panhandle Association IOOF, which is holding its 64th annual meeting at the Lodge Hall in Hereford, will be installed about 5 p. m. today.

The convention, which began with registration Friday afternoon, ends tonight. Approximately 250 IOOF (International Order of Odd Fellows) members and Rebekahs gathered for a banquet and ball Friday night. Business sessions were held throughout the day Saturday. Church services will be held

at the lodge this morning, conducted by the Rev. Eugene Brink, pastor of the First Christian Church. Another business session is planned for this afternoon.

George Robinson of Shamrock, presently vice president of the Panhandle Association of IOOF, will be installed as president of the Odd Fellows today and Mrs. Avell Leake, also of Shamrock, will be installed as president of the Rebekahs. Mrs. Leake is now vice president.

Outgoing officers are Tom

Pearson of Borger, Odd Fellows president, and Mrs. Ruth Lawley of Pampa, Rebekahs president. Secretary for both organizations is E. C. Rupp of Pampa.

Mrs. Vera Cole of Amarillo is chaplain for both groups. Members of the board, which has the outgoing president as chairman, are Sam Smith of Hereford, Wanda Perkins of Amarillo and E. E. Bishop of Hereford.

To be elected Sunday afternoon are presidents and vice presidents of both groups, a se-

cretary and a chaplain. Those elected will preside at the 1968 convention.

Playing for the banquet Friday night was the Glen Nelson band of Hereford.

There are some 25 lodges in the Panhandle Association of IOOF. The Hereford Lodge, which organized in 1890 and received its charter on Feb. 20, 1900, presently has about 200 Odd Fellow members and 125 Rebekahs. The Rebekahs were organized on July 24, 1902.

Two Boys Drown Late Saturday In City Lake

TRAGIC AND NEAR TRAGIC SCENES — Hereford firemen and policemen made every effort to save the lives of two small boys who fell into an old lake at the west end of Catalpa, but both boys drowned. Administering mouth-to-mouth resuscitation are kneeling, left, A. J. Dickens; center, Al Bagwell, and right, Gerald Wilson. Also pictured is the scene on Catalpa where the fire department pickup collided with a car while enroute to the hospital. (Hereford Brand Photos by Tom Porter)

Annual REC Meeting Planned For Thursday

DEAF SMITH COUNTY ELECTRIC COOPERATIVE is to hold its 29th annual membership meeting in Hereford on April 27th.

The yearly event is expected to attract over 1500 co-op members and guests. An outstanding program is planned for the enjoyment and information of those attending. The meeting will begin with registration at 10:00 a. m. in the Bull Barn.

Members who were receiving electrical service in 1966 will be able to pick up their patronage refund checks at the registration desk. Nearly \$146,000 in capital credits will be returned to members this year.

A large number of the area appliance dealers will be on hand to display and explain their appliances between 10:00 a. m. and 12:00 noon. Most of the dealers plan to have door prize drawings for patrons who visit their display booths.

A barbecue lunch will be served at noon and will be catered by the Hereford Rotary Club. The Rotary has served the meal for several years and always does an excellent job.

The meeting will be called to order at 1:00 p. m. with business and entertainment to follow. The featured speaker will be Mr. Jim Morris, Information Director for Texas Electric Cooperatives in Austin. T. E. C. is the statewide association for electric cooperatives in Texas.

Mr. Morris is to speak about the Supplemental Financing Bill that is now being considered in the House Agricultural Committee. This subject will be of prime interest to each electric co-op member.

The business session will include a recap of the past year's operation and the election of three directors. Directors whose terms expire this year are Sloan

H. Osborn of Friona in Farmer County, Noel Gollehon of Dimmitt in Castro County, and Tom Draper for Deaf Smith County. Each of these directors are seeking re-election. Other nominees are Charles Packard for Deaf

School Is Out Early Monday

School will be dismissed at 2:30 p. m. Monday so that teachers will be free to attend sessions of an awareness conference slated for that afternoon. The sessions begin at 3:00 p. m. at La Plata Junior High School.

Fire Truck In Collision During Rescue Effort

By TOM PORTER
Staff Writer

A mild, sunny afternoon ended in tragedy Saturday as two small boys drowned in a small lake on the west end of Catalpa Street.

The two Latin American boys were identified as Jesse and David Gonzalez, ages 8 and 11, respectively, of 409 Ninth Street. Officials at the hospital said the boys were dead on arrival there.

Another near tragedy occurred as one of the boys was being rushed to the Deaf Smith County Hospital by ambulance. As the ambulance left the scene behind Fire Marshall Terry Hale, a 1961 Mercury pulled into the path of Hale about two blocks from the scene.

The vehicle, believed to have contained two persons, was knocked up on its side and the fire department pickup front

end extensively damaged. Hale was being checked at the hospital but an official there said he had walked in so the injuries were not believed to be too serious.

The Deaf Smith County Sheriff's office received a call about 3:30 p. m. that the boys had fallen into the lake. Members of that department, the Department of Public Safety, Hereford Police Department and the Volunteer Fire Department rescue unit were rushed to the scene.

City Policeman Al Bagwell, who said he was the first at the scene, said he and three other men jumped into the water immediately and began searching for the boys. "We found them over there," said Bagwell, pointing to the far side, "about two-thirds of the way across." The

Rotary Convention Packed Three Days

Rotarians wound up their three-day convention in Hereford Saturday afternoon with an informal viewing of the Buffalo Follies in the High School Auditorium.

Representatives from over 40 Rotary clubs in the district convened in Hereford beginning Thursday as the annual convention of District 573 opened.

Activities moved from one hall to another as many of Hereford's convention facilities were put into use.

Registration was held throughout the day Thursday at Hereford Country Club. Officers past and present of the district met for a formal dinner at the Cason House that evening. Rotarians and their wives had dinner at the Country Club Thursday evening and spent the rest of the evening getting acquainted and hearing special entertainment brought by various clubs for the event.

Friday morning, various regions met in groups for breakfast at both Jones Restaurant and at Caisons.

Business sessions were held at the High School Auditorium with a lunch break for a western barbecue Friday at noon.

More than 240 club members and their guests were fed during the All Conference Luncheon at the Deaf Smith County Bull Barn at noon Friday.

The Spur Rotary Club was host for the luncheon and served barbecue cooked by the Chuck Wagon Gang.

Wick was introduced by District Governor Wilbur. He extended official greetings from International Rotary President Richard Evans. Wick said in his thick Austrian accent, "your district already has made history with this convention, and will continue to make history today and tomorrow. You can be proud of your district and Utah to be here."

Describing some of the heavy snows and other bad weather he had seen in the past week, Wick said "they told me that the weather would be perfect when I got here. I love the clear skies of your country. You must have wonderful connections."

Wick described some of the advances being made in all fields and stated "Rotary is fortifying itself to meet the space age by continuing to grow. Changing the rules of the organization to cope with the changing times in only one solution."

"Each member must become an active leader," he said. "There are 600,000 Rotarians with clubs in 138 countries of the world. Impressive figures, but they have meaning only if the individual Rotarian is ready to be transformed the figures into

Earnest Langley Named Regional School Leader

Deaf Smith County will have a representative on the board of directors for the Education Service Center being established in the Panhandle. Earnest Langley is one of seven area men chosen for the board.

The center will be part of a statewide program established by the Texas Education Agency to become regional education media centers and to work as coordinating centers for the districts' schools.

Texas has been divided into 20 districts and this district is designated as district 16 with Amarillo to serve as center of the district or headquarters for district offices. District 16 includes all counties of the Panhandle, 26 in all, from Parmer across to Childress and north to the Oklahoma line.

The board of directors was selected by representatives from all schools in the area. A board member cannot be directly associated with the schools in either a professional or trade capacity. The members will serve as a board of trustees for personnel operating the office of the district.

Plans called for a rapid organization of districts to be in operation by school opening next September. Over 70 school men met in Amarillo Friday and selected the board to oversee this district. Representatives to the Friday meeting were cho-

Extensive Damage Is Result Of Barn Fire

A fast-moving fire destroyed a barn, tractor, pickup and other farming equipment Thursday afternoon near Summerfield before firemen from Hereford and Friona could bring it under control.

Approximately \$8,000 damage was caused at the Kenneth Neill farm, located three miles west and one mile south of the Summerfield community. The blaze broke out about 8:30 p. m. and firemen left about three hours later.

Hereford Volunteer Firemen dispatched six men, two trucks and a power plant to the scene, while the Friona Volunteer Fire Department sent 12 men and the

Water Group Is Organized Here

R. C. (Dick) Godwin of Hereford was elected chairman of the newly organized Deaf Smith County Water Association during a meeting of the group Thursday morning.

Elected vice chairman was Wilburn Axe. Air Executive board, to be composed of officers and committee chairmen also was formed. Committee chairmen and their committees are Charles Hoover, public information; Percy Rosenow, sources investigation; Larry Ballard, organization; Bruce Burney, financial research; Dennis Pulliam, political, and Andrew Kershen, water conservation.

Two proposals were passed unanimously by the estimated crowd of 45 attending the meeting. The proposals were "that

sen by individual school boards — both independent and county boards. Deaf Smith County had two representatives, Johnny Clark Jr. and Grant Hanna. Clark, superintendent of Hereford Independent Schools, was named by the Hereford Independent School Board and Hanna, a member of the Deaf Smith County School Board, was named to replace Judge H. C. Williams, County Superintendent who was unable to attend.

Clark had said that he felt the county would indeed be fortunate to secure anyone from Hereford on the board since the area is so large. Hanna stated that having two votes during the meeting was helpful in placing Langley on the board.

Clark told the assembled administrators that Langley understood school business, having formerly been attorney for Hereford schools. Clark told the group of Langley's association in business with John Alkin, brother of Senator A. M. Alkin, known for his long and hard battles for school welfare in the state.

Chosen for the board were Langley, M. E. Cleavinger, Dimmitt; Charles Rogers and Charles Lutz, Amarillo; Joe Gibson, Canyon; Andy Rogers, Childress and Aubrey Steele, Pampa.

When established, the center is hoped to be a service center

Brand Is Awarded Honors

The Hereford Brand walked away from the Panhandle Press Association Convention Saturday morning with three first place awards and one second. The contest had six divisions and the Brand entered five.

The Brand won first in "Best News Photos," "Best Women's Page Features," and "Special Editions." The second place award was presented for "General Excellence."

Judges of the contest told Brand General Manager Melvin Young that the Hereford paper was beaten out for the "General Excellence" award because the first place winner has an editorial page twice a week while the Brand has a page only on Sunday. The Littlefield paper took that top award.

HEREFORD MEN NAMED TRUSTEES

Leo Forrest and Leo Witkowski of Hereford were among 16 area men elected to the board of trustees for the High Plains Research Foundation Friday.

Witkowski also was elected chairman of the Wheat and Small Grains committee, one of seven new research committees created by the Board of Trustees for the development and promotion of research projects at the Foundation.

BARN HOLOCAUST

Destroyed in the blaze was a pickup built about 1962, a used tractor and machinery. Several butane tanks were also destroyed and threatened for a time to explode. A man who had been at the scene when the fire started said one of the tanks had gone up very rapidly, but had not exploded.

Firemen were told that an employee had been cleaning the carburetor with gasoline when a spark apparently ignited the fluid and the fire quickly spread. "The whole thing went up in a minute," a man and the scene said. "I've never seen anything burn so fast."

same type units.

Approximately \$8,000 damage was caused at the Kenneth Neill farm, located three miles west and one mile south of the Summerfield community. The blaze broke out about 8:30 p. m. and firemen left about three hours later.

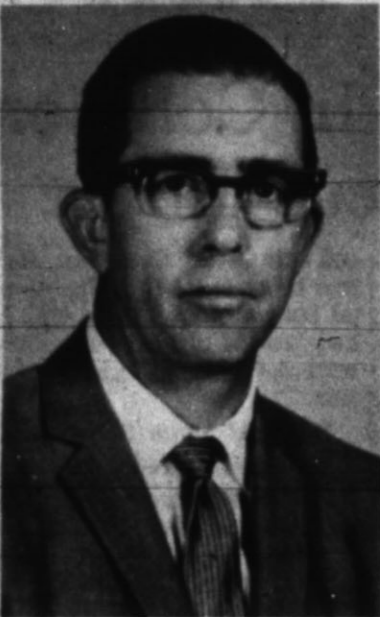

Hereford Volunteer Firemen dispatched six men, two trucks and a power plant to the scene, while the Friona Volunteer Fire Department sent 12 men and the

damage was believed to have resulted in the fire, which kept firemen from Hereford and Friona at the scene about three hours. (Hereford Brand Photos)

AWARENESS CONFERENCE — Virginia Gollehon, secretary to PESCO area director Roy Hartman, completes details for the awareness conference planned for Monday in Hereford schools. Teachers will attend sections discussing particular areas of instruction related to their teaching fields. Specialists will present new ideas and educational innovations in an effort to help teachers keep abreast of modern teaching trends. (Hereford Brand Photo)

Methodist Name Hospital Head

Manson D. Waits

Manson D. Waits, prominent hospital administrator of Lubbock, Texas, will join the staff at King's Manor as Chief Administrator of the Methodist program there. This announcement followed a recent meeting of the Trustees whose president is W. Walker Watkins of Ralls, Texas.

The post which Waits assumes is a new executive office designed to place all operating program and service in the hands of Waits, the administrator, and all promotion and religious activity in the hands of Dr. Don R. Davidson, who retains the position of Executive Director. Watkins describes the change as a part of the long term plan to make King's Manor increasingly significant in the Southwest.

Manson Waits has been well known to Lubbock hospital administrators since 1953. He served since 1953 as Administrator of the University Hospital in Lubbock. He received training in the Naval Hospital Corps School in San Diego and was on duty in a hospital ship off the shores of Normandy on "D" Day. For over 20 years he has been employed by hospital services.

Waits and his wife and their two sons, Ralph, age 13, and James, age 11, are active in the Methodist Church and in the Boy Scout Program. Waits is

Water Group . . .

Continued From Page 1 — the purpose of DSCWA shall be to solve water problems and fulfill water needs of Deaf Smith County," and "that in the execution of its purpose, the intention of DSCWA shall be to work with any and all area water organizations in which Deaf Smith County is included, through cooperation and coordinated efforts with such area water organizations for the mutual benefit of all communities involved, provided that equal or reasonable benefit shall accrue to Deaf Smith County."

Godwin stated that "the formation of a water district is the primary and immediate task facing everybody in the High Plains and adjacent areas who desire the importation of supplemental water. Nobody today is unaware of the fact that economic survival of our area depends on supplemental water."

"It is up to everyone — regardless of whether he is a farmer, operates another business or is a wage earner — to work in cooperative efforts to sell our area and the State of Texas on the necessity of maintaining our economy for the economic benefit of our state and nation."

Continuing, Godwin said, "national leaders are becoming increasingly aware of the agricultural value of our area as a requisite to the task of feeding the nation and the entire world. The organization of an area water association is the first step toward the organizing of a water district."

Before being elected as officers, Godwin and Axe acted as co-chairmen. Godwin presented a report on the progress of organizing a committee to establish an area wide water association. The organization committee, explained Godwin, has di-

rectly a member of the South Plains Council — in the Longhorn District as a Cub Master. He is treasurer of the Agape Methodist Church in Lubbock, and is quite active in the Masonic Lodge with membership in the Wichita Valley Scottish Rite Association. Waits will come to Hereford on May 1st and the family will follow after school closes. They will live at 414 Sunset Drive, the residence now used by the Don Davidsons.

ROTARY BREAK — Three Hereford Rotary Club members were caught in the act Friday just prior to the All Conference Luncheon at the Bull Barn. Caught sampling the goodies were left to right, Melvin Young, Gaston Baer and Bill Davis. (Hereford Brand Photo)

Pre-Registration Set At Levelland

LEVELLAND — Pre-registration for the 1967 fall semester at South Plains College will begin May 8 by contacting John Yates, SPC Counselor and Guidance Director, or Charles Sylvester, Registrar.

Students with no grade below "C" at nine weeks will be requested to make an appointment, fill out all forms, select classes and classtimes and pay registration fee. This student will be through until time to pay fees, tuition, room and board, etc. in September.

Students who posted a grade below "C" at nine weeks, beginning May 22, may fill out a trial schedule and complete all registration forms. Within the first two weeks of June (1st through 16th) and after he receives his final marks, must return to the campus to complete registration. He will finalize his schedule and pay the registration fee.

It has been pointed out that there is a possibility of not getting the instructor the student

provided into public information centers for the purpose of securing members for the area water association. Also, the organizing committee has separated into subcommittee functions for the purpose of handling the task of holding an organizational meeting for the association.

selects. The Registrar cannot predict marriage, job-changes, death, and other factors. Every attempt will be made to give the student the classes and instructors he selects.

The fee of five dollars for registration is non-refundable.

Summer registration for beginning students and new students will begin on June 12th. The college will contact new students and will inform them when to report for pre-registration. This appointment will be made only after the college has the following items on file: Application to attend South Plains College; Final copy of the high school transcript or previous college work; and test scores from S. C. T. or C. E. E. B.

Further information, application forms, etc. may be obtained by contacting Mrs. Billie Burton in the Academic Dean's Office at the college.

MOSQUE DESPITE RACE LAWS
JOHANNESBURG, South Africa — Johannesburg's new Moslem mosque, built in contravention of government race laws, has been completed.

It stands on the edge of downtown Johannesburg in what is proclaimed a white area under the Group Areas Act. This means that all buildings in the area must be occupied by whites although nonwhite labor is allowed there.

Hundreds of Moslems pray daily at the 50,000 Rands (\$70,000) square mosque, which has one minaret. It replaces the

HUMORIST TALKS ROTARY — Ed Harding of Washington, N.C., in light coat, relaxed with laughter throughout his talk, Hereford Rotary President Alex Schroeter is at right. (Hereford Brand-Photo)

Drowning . . .

Continued From Page 1 lake is about 20 yards wide at the spot indicated and the water about four feet deep.

According to Bagwell, Gary Rowell found both of the boys in the water and they were brought to shore. There, policemen Bagwell and A. J. Dickens administered mouth to mouth resuscitation and the fire department emergency equipment was put to use.

It was all in vain, however,

mosque which was built on the same site 50 years ago, long before the introduction of the Group Areas Act.

Work on the new structure began without the government being aware it was in a white area.

When it was half built the government realized this would mean nonwhites occupying the building, and declared it illegal. But because of government policy of no interference in religion, it was granted a reprieve and work was allowed to continue.

as the officers could find no spark of life. "I believe they were gone," said Bagwell. "I never did feel a pulse or get a heartbeat."

One of the boys was rushed on to the hospital by the ambulance while the mouth to mouth resuscitation continued on the other. Shortly after, a police car was backed down to the edge of the lake, where the boys had been placed, and the second victim placed in the rear seat for the race to the hospital. Even as the trip to the hospital continued, Dickens kept up his efforts.

Dozens of cars and even more people lined the streets for several blocks in an effort to view the scene. Officers said this was the reason the accident occurred on the way to the hospital.

Assisting Bagwell in the lake search for the victims was Rowell, Gerald Wilson and another unidentified man.

Officers said the lake has been in Hereford for years and people have slowly filled it in with trash and dirt.

Small Towns Are Being Studied

AUSTIN — Governor John Connally was presented the first copy this morning of the comprehensive report on the problems and potentials of small towns released for publication Chamber of Commerce.

State Representative Bill Clayton of Springlake, member of the W. T. C. C.'s Small Towns Task Force stated, "Because of your expressed interest in the survival and preservation of the small towns in Texas as a vital part of our state's economy and heritage, it is a great pleasure to present you with the first copy of this important study concerning the problems and potentials of small towns in West Texas."

HONORARY TEXAN — Wolfgang Wick of Austria, visiting dignitary to the District 573 Rotary International, salutes club members just after he was presented a Stetson hat. Leo Forrest of the Hereford club made

the presentation. Dr. Wick also was presented a "Hereford Bull" by Neil Cooper, president of the Deaf Smith County Chamber of Commerce.

CARD OF THANKS

We would like to express our appreciation for all the wonderful flowers, food and acts of kindness shown us during our

recent sorrow.

ARMSTRONG
NURSERY AND GARDEN CENTER

The Small Towns Task Force is a blue ribbon panel of twenty-three West Texas leaders. Their report is the result of the compilation of community surveys of cities with population under 12,000 and numerous public hearings with reams of recorded testimony. It represents seven months of intensive work and detailed study.

Divisions of the study include the small towns' industrial, recreational, tourist and cultural opportunities and the role of metropolitan areas and local, state and national governments in their development.

The study also includes a discussion of small town leadership and a method of implementing a program for the development of a small town. This procedure is labeled "STEP" — Small town leadership and a method of implementing a program for the development of a small town.

Simultaneously with the presentation to Governor Connally, the study was presented to members of the West Texas Chamber of Commerce in convention session in Del Rio.

Statement of Governor John Connally upon being presented the West Texas Chamber of Commerce Report on Small Towns in West Texas (The Small Community in West Texas.)

"For many years I have been concerned with the plight of small towns in Texas. Many have lost population, lost the economic reason for their existence, or have lost the leadership who is so vital to any town's existence.

"The State and Federal Governments can be of some assistance in preserving these important economic segments of our State, but nothing can be

WON'T BE STOLEN FROM ANTAR

CAIRO (AP) — The Cairo's Zoo lion called "Antar" is in charge of the Mosque's amplifier used for the Muezzin prayers.

During the holy month of Ramadan fast, a thief absconded with the amplifier.

Contributions were made by many Moslems which endowed a new one.

The zoo manager, in order to

forestall another theft, placed the amplifier in Antar's cage.

TACTFUL TIEK

BEAVER DAM, Ky. (AP) — A small boy that Dorothy Gentry knows was being kept for the day by a friend of his mother.

At lunchtime, the boy had trouble cutting his meat and the hostess asked if she could help.

"That's all right," the boy said frankly. "We have meat this tough at home sometimes."

accomplished without the dedicated leadership of their community.

"The West Texas Chamber of Commerce should be commended for its foresight and perception in recognizing the importance of the small towns to the strength and stability of the State and its dedication to the task of assisting these towns in the attainment of their potentials.

"This is the first intensive effort on the part of any State or Regional organization to get down to the bedrock problems of the small community and offer methods of solving some of the basic problems.

"As pointed out in the study, 'The Small Community in West Texas,' these solutions will not solve the problems. Solution will come from the efforts of dedicated, informed leadership of the community.

"Small towns of the State can profit by a study of this report."

61-YEAR RECORD

LOUISVILLE (AP) — Chester R. Snyder still remembers that first Sunday in 1906 — it was the day he last missed Sunday School.

Snyder, now 75, has had a perfect attendance record since then, attending Sunday schools from New York to Texas.

At present, he is teacher and superintendent of the adult school at Baptist Tabernacle here.

RARE SHARK

DURBAN, South Africa (AP) — Durban angler Frank Rattray reeled in a rare leopard shark while fishing at the city's La Lucia Beach.

A short time later the shark was swimming around in Durban's Cenotaphy Aquarium — thought to be the only one of its species in captivity.

The leopard shark, also known as the zebra shark and monkey-mouth shark, is said to be sluggish and harmless to man, living mainly on crustaceans and molluscs.

Britain once considered the 34-square-mile island of Ascension, in the South Atlantic, as a man-of-war with a naval officer as governor. Today several nations have communications facilities on the isle. It plays a vital role in the United States space program as a missile tracking station on the Eastern Test Range.

Junior, Senior Queens Named

Miss Toni Beauchamp has been elected Riders Club Queen for the year 1967. She is the daughter of Mr. and Mrs. Harold Beauchamp 502 E. Third. She is queen of the senior club.

Toni is a senior at Hereford High School and is a member of the Future Teachers Association, Future Nurses, Tri-Hi-Y and choir. She is a pink angel at Deaf Smith County Hospital.

Her hobbies other than horsemanship are sewing, cooking and dancing.

Toni plans to attend South Plains College after graduation. She joined Hereford Riders in 1959, being a charter member of the junior riders. She has been a play day participant each year and has competed in the state finals each year. She has also competed in rodeos. She will be competing in the area this year on July 4 for the title of Range Riders Rodeo Queen.

Miss Debbie Stringer was elected junior queen for 1967. She is the daughter of Mr. and Mrs. George Stringer, Rt. 4, Hereford. Debbie is 10 years old and has been a member of riders for a year. She is a member of Campfire and has as her hobbies playing the piano and her horse. She has been competing in rodeos for 5 years. She competed in the state play day finals in Dallas last year. She will reign as Junior Queen for the Junior rodeo to be held in Hereford May 28, 27, 29.

Both girls participated in a parade in Friona during April.

ARMY INDUCTS TWO — Four men were called for induction by the local draft board in April. Two were found not qualified and two were inducted into the army. Manuel S. Zepeda of Hereford and Alfredo Mesza of Bovina were inducted.

Scientist Rejoins High Plains Staff

Dr. Douglas F. Owen has rejoined the staff of the High Plains Research Foundation in the position of Agronomist. His assignment at the Foundation will be research in Oil Seed Crops.

He was one of the early scientists at the Foundation, joining the staff as Assistant Agronomist in May, 1957. He participated in research programs in Grain, Forage Sorghum, Cotton Soybeans, Casorbeans, Corn and Wheat during his original service at the Foundation. In September, 1959, he received a leave of absence from the Foundation to pursue further education. He accepted a position as Research Assistant in Agronomy at Oklahoma State University at Stillwater, Oklahoma. He received his Masters Degree in Agronomy at Oklahoma State University in May of 1961. He continued his studies at the University on a grant from the National Cotton Council and received his Doctor of Philosophy Degree in Genetics and Plant Breeding in May, 1965.

Dr. Owen joined the staff of the Texas Technological College Research Farm at Pantex in July, 1964 serving there as Agronomist in charge of Agronomic Research and Crop Production and Assistant Superintendent until he rejoined the staff

at the High Plains Research Foundation on April 17, 1967.

Dr. Owen was born in Olton where he finished High School in 1947. He attended Texas Technological College at Lubbock, receiving his degree in Agricultural Education in 1951. He was employed as Cashier at the Western Cotton Oil Company at Littlefield, Texas from 1951 until 1955. His Army Service in the Counter-Intelligence Corps was performed from 1955 until 1957. Dr. and Mrs. Owen have

GIRLTOWN REPRESENTATIVES — Mrs. Viola Williams, standing, and three residents of Girltown, U.S.A., were guests of the Hereford Optimist Club Thursday. Mrs. Williams, of Hereford, gave a progress report on the home and the girls described their activities and daily duties. (Hereford Brand Photo)

Girltown Report Given Optimists

Hereford's representative to Girltown, U. S. A., and three residents of the home for girls

were guests of the Optimist Club during the regular noon luncheon Thursday.

RURAL ELECTRICITY helps America grow...

Placing power lines where they are needed is fun for a child, but it is a big job for the nation's power industry. Today, consumer-owned electric systems such as ours serve 54% of the rural population, and the demand doubles every seven years. Meeting the rising power needs and preparing for tomorrow takes the best efforts of the entire power industry. In our area we are proud to be carrying our share of the load.

Deaf Smith County ELECTRIC COOPERATIVE, INC.

Mrs. Viola Williams of Hereford made a progress report on the home and thanked the Optimists for their recent contributions. She said funds at the home were so low about Christmas time that closing seemed eminent. Then, such organizations as the Optimist Club began to help out and the home is now running at full capacity and is in good financial standing.

Mrs. Williams urged the club members to continue their support in any way they saw fit and added that contributions may be sent to Girltown, U. S. A., Box 35, Whiteface, Texas. Mrs. Williams invited Optimists to bring their families for a visit to Girltown any Sunday.

Bill Byers, track manager of the Hereford Racing Association announced during the meeting that tryouts for the racing season are scheduled to begin at 3 p. m. Sunday. The season will officially begin April 30 and run each Sunday through September or October.

Optimist Club members voted to operate the concession stand at the race track again this season.

It was announced during the meeting that the club's entry in the district Optimist Oratorical Contest, held April 23 in Amarillo, had not placed in the event. The entry, Kevin Young, 13-year-old Stanton Junior High student, had been penalized two points for speaking over five minutes and club members said they felt the penalty had cost him a high standing.

Few sea animals move faster than squids, the National Geographic says. Some squids can shoot 30 to 40 feet out of the water, gliding over the waves for more than a hundred feet.

Area Bands Rated Here Thursday

Five Sweepstakes Awards were presented to area high school bands during the Non-Zone Band Concert and Sight Reading Contest for Class-A and AA at the Hereford High School Thursday.

Class A bands receiving the coveted awards were Sunray and Gruver, while Sweepstakes Award winners in Class AA were Phillips, Memphis and Spearman. Bands must receive

a I rating in concert, sight reading and marching to get the Sweepstakes Award. Marching competition was held during the summer.

Ratings by the judges Thursday in Class A were Claude High School, III in both concert and sight reading; White Deer, II in each category; Clarendon, II in concert and I in sight reading; Sunray, Sweepstakes; McLean, II in each cat-

egory; Stratford, II in each category; Canadian, III in concert and I in sight reading, and Gruver, Sweepstakes.

Class AA rating were Amarillo Carver, V in each category; Panhandle, I in concert and II in sight reading; Sanford-Fritch, III in concert and IV in sight reading; Dalhart, II in each category; Phillips, Sweepstakes; Stinnett, III in each category; Memphis, Sweepstakes; Spearman, Sweepstakes; Shamrock, II in each category and Wellington, I in concert and II in sight reading.

STICKY SITUATION — What do you do when about 100 gallons of molasses is running on the ground? Employees of Beefmaster Livestock Supply Co., 205 S. 25 Mile Avenue, knew what to do Thursday morning. They called the Fire Department. A rule which prevents the department from assisting in such ways almost kept the molasses on the ground, but when the liquid began to run onto the highway and could have proven hazardous it was hosed down. Fire Marshall Terry Hale and a Beefmaster official survey the area. (Hereford Brand Photo)

Mrs. Kelton extends to any woman who is interested an invitation to bring a covered dish and join the member clubs at the luncheon starting at 12:30.

Mrs. A. B. Higgins, program chairman, announced that Miss Mary Rando of Friona will be featured on the program, beginning at about 1:30. The talented high school student will give three patriotic readings.

A free will offering to benefit Miss Rando's college fund will be taken following the program, Mrs. Higgins said. Mrs. Richard Jackson will present two vocal solos.

Hostess clubs for the final meeting are Pioneer Study Club chairman, Garden Beautiful Club, and La Plata Study Club.

Dr. Zimmerman Is Guest Speaker For Antonians

Dr. R. L. Zimmerman was guest speaker for the Antonian Circle meeting Thursday night.

He discussed the care and attention needed for children's teeth, showing slides to illustrate the points he was making.

After his discussion, the meeting was opened to a question and answer period concerning specific dental problems.

During the business session, presided over by Mrs. Morris Hacker, the group voted to donate \$50 to the center for the Development of Human Potential being established in Hereford.

Mrs. Hacker won the evenings gift. Hostesses for the evening were Mmes. Johnny Cloud, John Nishimuta and William Kahlich. 20 members were present.

The next meeting will be the election of officers.

Culture Survey Results Given

DEL RIO — "A cultural survey just completed refutes the too prevalent belief that West Texas is a cultural wasteland," Mrs. B. F. Seay, Andrews, vice-chairman of the Cultural Affairs Committee of the West Texas Chamber of Commerce told that organization's board of director here Sunday afternoon in her committee report.

The report which the vice-chairman made to the board

of directors was based upon 166 communities in West Texas, which represent a cross section of all facets of the economy and geography of West Texas.

"Significant findings by the committee revealed cultural assets beyond the imagination of those who are generally well informed on such subjects," the speaker reported.

The survey figures used in the report did not cover the ten

metropolitan areas of West Texas and their 10 symphony orchestras, 45 art galleries, 68 art museums, and 29 community theatre groups and the many creative artists who reside in those ten areas.

Mrs. Seay listed some of the cultural activities as follows: 21 fine arts festivals, 54 cultural lectures, 42 dramatic productions, 100 art exhibits, 49 choral concerts, 13 ballet performances, 77 craft shows, 20 book fairs, 48 art contests, 18 musical comedies, 13 jazz concerts, 17 modern dance performances and many hobby shows.

In addition there are 138 professional illustrators, cartoonists

lithographers, engravers, etchers and others in related fields.

Over 3,800 ceramicists and more than 3,500 amateur artists top the list of individuals involved in creative arts, according to the survey. Professional artists and sculptors and virtually countless professional musicians add to the opportunities for cultural advancement and participation by interested persons.

Significant collections abound in West Texas, with 833 major collections cataloged by the survey workers. These collections cover 92 different types of memorabilia.

History lovers have great op-

portunities for expression in the 186 towns. There are 46 historical museums and 103 historical preservation societies to assist in these artistic pursuits.

"The findings of this survey are startling," Mrs. Seay said. "We knew that a great deal of cultural activity existed, but we are amazed at the extent to which even the smallest towns provide cultural opportunities for participants as well as those whose activity is limited to pure enjoyment of the arts."

John Ben Shepperd, WTCC president of Odessa, stated, "The survey shows that even the small towns have an atmosphere that not only allows, but encourages creative thinking.

GSPA Names Peeler Director

R. G. Peeler of Hereford was re-elected as a director of the executive committee of the Grain Sorghum Producers Association of Amarillo during the association's annually spring meeting in Amarillo Friday.

Peeler will be joined on the committee by Elbert Harp of Abernathy, president, and A. W. Anthony Jr. of Friona and Pat Northcutt of Silverton, directors. All were re-elected. Mabry Foreman of Felt, Okla., replaced Frank Moore of Plainview on the board.

The 50 directors attending the meeting also voted to continue working toward passing House Bill 457 in the Texas legislature. If passed, the bill would authorize farm commodity producers to assess themselves at first point of delivery of agricultural commodities for research and promotion.

The association took a position that no further acreage of feed grains acreage by released by the U. S. Department of Agriculture for production unless similar increases are made in

the loan rates to protect grain prices and incomes of the farmers. It was agreed to continue working with the USDA relative to grain stocks and acreage needed for the nation's annual supply and consumption.

KINSEY-OSBORN MOTORS

140 Miles Street Hereford, Texas

Hi,
Student Council and class presidents were elected in an assembly Wednesday morning. They are: student council president — Jimmy Bayne; vice-president — Lanny Buck; junior class president — Wayne Winget; and senior class president — Tommy Betzen. Several people were overheard remarking about there not being any gum or candy in the lockers this year. Wonder what happened?
Are the annuals in, or are they? This time of year everyone is anxiously waiting to get

them. Mark Hicks offered Cynthia Knox and Gene Sparks a truck to go get them. If they do not show up soon, no telling what will be done to hurry things up.
The last three days of this week should be a little quieter around HHS. The band and choir members will be gone to Corpus. The band will be playing in the Buccaneer Music Festival. These trips are just another sign of the nearing of the end of the school year.
The Junior-Senior Banquet will be May 6, just two weeks away. Several of the junior class will

be very busy these next two weeks preparing for the banquet.
Saturday there was a dance at the community center. The Notations played. The next dance schedule at the community center will be May 13, with The Reasons Why playing.
A pretty girl entered a dress shop and said to the manager: "May I try on that two-piece dress in the window?"
"Go right ahead," the manager replied. "It might help business."
Cheryl Solomon

Ex-Resident Will Marry

Of interest to friends in Hereford is the announcement by Mr. and Mrs. Jack N. Holmes, 2406 Terrace, Wichita Falls, of the engagement of their daughter, Carmen, to Lieut. Richard Joe Bloodgood, former Hereford resident.
He is the son of Mr. and Mrs. G. R. Bloodgood of Earth. A graduate of Hereford High School in 1963, Bloodgood attended North Texas State Uni-

4-H News

Happy Hustlers 4H met this week with 16 members present. Donna Woodward led the pledge to the flag and Charles Atchley led the group in the 4-H ritual. Mrs. Tab Atchley presented the program.
Guests at the meeting were university and is now with the United States Army at Fort Sill Okla.
Miss Holmes, a junior in Midwestern University at Wichita Falls, was graduated from Wichita Falls High School in 1964. The wedding is planned for May 3 in Wichita Falls.

Mrs. E. W. Cawthon and Mrs. Jim Easley. Mrs. Easley and Mrs. Reynald Herr furnished the refreshments for the meeting.
Members present were Charles Atchley, Kim Blackwell, Rodney Brooks, Rodney Douglas, Steve Easley, Dennis Gary, Jim and Rodney Goheen, Kenneth Justice, James Lee, Larry Justice, Rose Twig, Donna Woodward, Lynette Cawthon and Elda Esqueda.

TAX MAN SAM SEZ:
If you filed your tax return at the last minute don't expect that refund check to get there in a few days. It takes longer for Internal Revenue to process the flood of returns that come in at the last minute. Last minute filers tend to make more errors in the excitement of meeting the deadline. This further delays the refund checks. The best policy is to be patient. If you haven't heard from Internal Revenue by July 1, write and ask them what happened.
Angus bull from Andrews and Andrews, Hereford, Texas.

FRIDAY SOCIAL EVENT — Dancing followed a banquet Friday evening at the IOOF hall for local and visiting IOOF members and Rebekahs. Friday was registration day for

the three day convention. The banquet was served earlier in the evening in the Lodge meeting hall. The last picture shows E. E. Bishop presenting a personalized gift to Bill

Phipps who was master of ceremonies for the evening. (Hereford Brand Photo)

FIRST LAPLATA ANNUAL — Laquita Robinson, editor of LaPlata Junior High's yearbook, "Maverick," presented the first annual to the school library Friday afternoon. Accepting the book for the student body was Jerry Don

George, LaPlata principal. The students also got their last two periods off Friday to sign the yearbooks. (Hereford Brand Photos)

College News About Students From This Area

FORT WORTH — Phillip Thomas Cain of 104 Elm Street, Hereford, Texas, has been awarded a Harvey and Elizabeth Herd Grant-in-aid at Texas Christian University for the 1967-68 academic year. Announcement of the award was made by Logan Ware, director of scholarships and stu-

dent financial aid. Scholarships, grants and awards, made on the basis of financial need and academic excellence of the student, vary in amount from \$250 to full tuition. Activity awards in band, orchestra and a cappella choir are made on the basis of interest and ability, as well as outstanding achievement and performance in the field of music.

Home Economy Workshop Topic

COLLEGE STATION — Research in home management will be featured when Texas A&M University hosts its third annual Home Management Workshop, May 1-5, says Mrs. Doris Myers, Extension home management specialist and general chairman.

The special training session will draw 31 county home demonstration agents.

Keynote for the workshop will be Dr. Margaret Liston, head of the Home Management Department, State University of Science and Technology, Ames, Iowa. Lecturing on "Management in Our Changing Environment," Dr. Liston will discuss the meaning of home management, patterns problems, new dimensions in values and goals, managerial processes and applications, and the future of management.

Extension agents taking part in the workshop will interpret and apply these concepts during work sessions, and use them in their individual county fieldwork.

Dr. Wathena Temple, head of the Home Economics Department at East Texas State University, will address the assembly on "Values in Relation to Socio-Economic Class," and "The Impact of Environment on the Family."

Dr. Helen Frances McHugh, associate professor of home economics at the University of Texas, will speak to the group on "Building an Individual Family Spending Plan," and "Consumer Choice Making."

Mrs. Myers stated that the objectives of the workshop, basically are to develop an in-depth understanding of management and to learn to apply the concepts and principles to a variety of socio-economic groups. She added that the workshop should increase understanding and skills in making consumer decisions and achieving family goals.

MALL RACEWAY? — Sugarland Mall was converted to a raceway during the latter part of the week as members of the Hereford Racing Association announced the upcoming grand opening of the Hereford Speedway. Tryouts will begin at 2 p.m. today and races will begin April 30. (Hereford Brand Photo)

Hurd Paintings To Be Shown In Philadelphia

A painting by noted artist Peter Hurd, from the permanent collection of the West Texas Museum, is on loan to the Philadelphia Museum of Art for a special exhibition to be held May 11-June 11.

Hurd and his artist wife, Henriette Wyeth, are exhibiting almost fifty works in the show, including the egg tempera painting owned by the Museum, entitled "Moonlight," which was painted in 1945.

A point of interest in the exhibition will be Hurd's portrait of President Johnson, which was

recently exhibited in Lubbock.

Other works from area collections being shipped to the Philadelphia Museum of Art for the exhibition include an oil, "Pennsylvania Landscape," by Henriette Wyeth, owned by Mrs. Helen DeVitt Jones of Lubbock, eight paintings from the Baker Gallery, Lubbock, a group of a half dozen lithographs from the 1930's owned by artist John Meigs of San Patricio, N. M., three Peter Hurd paintings from the Roswell Museum, and two recent large temperas owned by Patrick Leonard of Dallas.

Other paintings from private collections in the Fort Worth-Dallas area are being shipped for the show.

Lt.-Gov. Makes Statement About Appropriations

By PRESTON SMITH
Lieutenant Governor of Texas
I met with Senator A. M. Aikin, Jr., chairman of the Senate Finance Committee, and members of his Appropriations Subcommittee early this morning. They will proceed at once to re-examine the Senate General Appropriations Bill in the light of Governor Connally's call for one-year appropriations.

The first job is to determine the mechanics of reducing a two year bill to one year. Then a decision will have to be made as to changes in content under the Governor's plan of using the accumulated surpluses and unexpended balances in the present biennium for the first year of the next biennium — thus making it unnecessary to

have a new tax bill at this time.

We must not forget, in the process, that there will be a day of reckoning in 1968. I do not think this temporary relief should be considered an invitation to spend more freely than is absolutely necessary to carry on the State's work until August 31, 1968. My personal feeling is that all of the surplus we can spare should be devoted to school teachers' salary raises.

I have contended that it is possible to cover all of our essential expenditures except teachers' salaries for two years with available revenue. Now that the Comptroller's official estimate apparently can be revised upward, we certainly could do it. In a sense I look upon the Governor's approach as at least a partial recognition that our financial salvation does not necessarily and exclusively lie in passing a big tax bill at this time. And I hope that by wise management of our resources we can avert a similar catastrophe in 1968.

The one-year approach is a new one and inevitably brings up legal questions. These should be resolved at once and a clear understanding reached by all concerned as to the procedure that will be necessary to accomplish the Governor's objectives.

The members of the House of Representatives and the Senate must realize that this unusual approach will have to be worked out within the remaining 40 days of this session. It is never easy, nor simple, for a legislative body to effectively work out such a dramatic innovation within this limited time.

As Lieutenant Governor of Texas, it is my personal desire to cooperate with Governor Connally, the Senate, the Speaker and the House in every reasonable and proper way for the best interests of the people of Texas.

Sorority Forum Set For Seniors

An informative forum on college sororities sponsored annually by the Amarillo City Panhellenic, composed of alumnae from National sororities, will take place Sunday, June 11, at 2 p. m. in Tascosa High School Commons, 3921 Westlawn Amarillo.

All college or university-bound girls who graduate from city and area high schools this spring or are junior college students, and their mothers are invited to attend.

The program will feature an informative film on sorority life, and a panel of active sorority members who will discuss campus sorority membership in detail, and answer questions. Represented on the panel will include a member from Alpha Gamma Delta, Chi Omega, Delta Gamma, Kappa Alpha Theta, and Phi Mu sororities, five of the twenty seven sororities in the National Panhellenic Conference.

All graduating seniors and their mothers who are interested in participating in sorority rush during the 1967-68 school year are urged to attend the forum and register with Amarillo City Panhellenic. Each girl is asked to take a billfold size photograph of herself to the meeting, and have in mind her high school activities and hon-

THURSDAY EVENING — An evening of relaxing started social events with Rotarians gathering for dinner and conversation at Hereford Country Club. Present and past officers met for a dinner at Caison House (center picture) and the bottom picture shows Dr. and Mrs. Wolfgang Wick being greeted at the officers dinner. Dr. Wick was a special guest from Austria. (Hereford Brand Photos)

it to the 242 persons who attended the luncheon. (Hereford Brand Photos)

Whitefaces Batter Rattlers 18-2

Smarting from a district loss to Dumas Tuesday, the Hereford Whiteface baseball team battered the Tucumcari Rattlers 18-2 Friday afternoon in the New Mexico city.

The Whitefaces scored 11 runs in the first inning, four in the second and three in the fourth inning as they banged out 20 hits. Included were home runs by Alex Diaz, Bill Watts and Robert Wagner, and a triple by Sheldon White.

Coach Jack Waggoner said he had played his first team only the first 2 1/2 innings of the game. Barry Johnson was the game for his third victory of the year against two defeats.

Hereford is now 11-8 for the season, with two of the defeats being absorbed by the "B" team. The team is 1-1 in District 1-AAA competition and will face Canyon on the local diamond at 4 p. m. Tuesday.

ter plays drums while District Governor Earl Wilbur takes over the brass. The bottom picture is a close-up of International Representative Wolfgang Wick, Rotarian visiting the convention from Austria. (Hereford Brand Photos)

Peoples Natural Gas Builds Line

Peoples Natural Gas of Amarillo began construction this week on 40,000 feet of natural gas distribution pipeline to bring gas to irrigation wells two miles north of Umbarger.

A total of 20 irrigation wells and various domestic services will be connected to the system. Gas will be tapped from a 24" transmission line which passes just to the west of Umbarger.

Bryant Brothers Construction Company of Hereford is building the project which is due for completion in the next few weeks. Gas deliveries will follow the completion of construction.

The Umbarger project is a part of Peoples regional natural gas distribution development, bringing gas to irrigation wells on the High Plains from Kansas near Guymon, south to the Permian Basin at Pecos.

Harold Autry, Peoples Natural

of the 242 persons who attended the luncheon and a Hereford band which furnished entertainment. (Hereford Brand Photos)

Top Honors Are Won By Both Junior Highs

Hereford bands continued to excel during the past week as Stanton Junior High copped a Sweepstakes Award and LaPlata Junior High a Special Award in a Non-Zone High Band Concert and Sight Reading Contest at Amarillo.

Directed by Jim Priest, the Stanton band received ratings of I in each category Thursday to go along with a I rating in marching received last fall. Comments made by the judges in describing the band's playing were "I enjoyed your performance very much. It was a pleasure to hear you." "Band plays very musically and is technically clean. Shows the result of careful rehearsal and good practice." "Band plays with good musical taste. Enjoyed hearing you play. Congratulations!"

The LaPlata band, directed by Lynn McLarty, received I ratings in concert and sight reading at the Amarillo contest, but a II rating in marching received last fall set the band up for a Special Award. The Hereford High School Whiteface band received its fifth consecutive Sweepstakes Award April 12.

Comments made about the playing of the LaPlata band by the judges included "This is an outstanding band — fine job! It is hard to give too many specific criticisms on these numbers — I enjoyed them too much! You have as mature a sound as I have heard in a long, long time. A terrific job. Bravo!" "Fine band. Excellent teaching is evident."

Members of the Stanton band are Jack Ambold, Keith Anderson, Connie Bainum, Jack Beasley, Elise Beene, Truitt Bradley, Mary Bran, Alan Brooks, Tony Carter, Mike Click, Pat

Cooper, Mike Dawson, Jana Denton, Oliver Eastman, Annette Emmons, David Fanning, William Gabberry, Cecelia Gomez, Ray Garza, Deborah Gholson, D. K. ROTARY EXHIBITS — Arts and artifacts were displayed by visiting Rotarians in Deaf Smith County Museum here this week during the District Rotary Convention in Hereford. Painting of noted artists were displayed in the parlor room of the museum courtesy of the Midland West Rotary Club. The O'Donnell Rotary Club arranged a collection of gifts from many nations around the world. Shown is a western landscape typical of the fine paintings displayed and a tiny Chinese woodcarving. — one of dozens of the items illustrating the international aspect of Rotary. (Hereford Brand Photos)

383,000 TEXANS PREFER STATE FARM

HERE'S WHY:

When Texans choose one brand of insurance over another, as they have with State Farm, they must have some pretty solid reasons. Take cost, for instance—State Farm's dividend—paid to eligible policyholders for 32 years—has made the actual net cost of State Farm car insurance lower than most other companies. And, service State Farm has more agents in more places to provide more service than you'd find almost anywhere. With State Farm you get the kind of value in protection and service that made it the world's largest auto insurance company. Car insurance due? Check with me before renewing your present policy.

Memo To Secretaries:

Today Begins Your Week

NATIONAL SECRETARIES WEEK, April 23-29, will get special attention from Hereford members of the National Secretaries Association, with plans which include other women in their profession. Closing its first year, the local NSA chapter stresses the organization's aims of developing better secretaries to serve American executives. Steps toward that goal, listed by the NSA, are illustrated in photographs posed by Hereford members.

WORK WITH OTHER secretaries to raise standards of performance is exemplified by Jean Kennedy, top left, newly-elected president for next year, as she examines reference books with Billie Herrington and LaVerne Kimball. All three are secretaries in county courthouse offices.

LEADERSHIP ABILITIES are developed through serving in chapter offices. Avis Northcutt, charter president, at top right is signing application for membership for a fellow employe, Jane Majors, left, while their boss, Charles Cabiness looks on approvingly.

SHARING COMPANIONSHIP with secretaries having similar interests includes outdoor recreation, so Barbara McGuffin and Virginia Stevens are enjoying the swing after a backyard committee meeting, left center.

ASSURING MANAGEMENT of NSA influence in developing more capable secretaries, Florence Robinson in photo at lower left is giving her boss, Sheriff Ed Roberson, a sales talk on the organization's aims as she informs him of the special week.

COMMUNITY SERVICE by the group is an emphasis in NSA, and the young organization here is beginning service projects. One is cooperation in playing host for the new Deaf Smith County Museum's open hours, Janie Victor points out to Alice Rudd some turn-of-the-century office equipment used in early-day Hereford, now on display at the museum, as they visit the building, lower center. And the secretaries agree that they are glad improvements have been made since the day of the "lady typist."

AID TO SECRETARY TRAINEES is another objective of the NSA. Thelma Lamm, lower right, encourages her daughter, Sharon, to continue secretarial studies in preparation for a possible business career. A senior in high school this year, Sharon is a student of clerical practice and it employed part time as a receptionist in an optometrist's office.

PERSONAL DEVELOPMENT in professional attitudes, skills and poise is designed for making the secretary more helpful to her employer and his clients with whom she deals. Faye Dirks, center photo, demonstrates as she introduces a patient, Mrs. John Frazier of Friona, to her boss, Dr. Wes Owen.

The Sunday Brand

SECTION TWO

HEREFORD, TEXAS, 79045, SUNDAY, APRIL 23, 1967

SPRING STYLES WITH FLOWERS — The stage of Stanton Junior High was brightened with red geraniums, Hereford's 1967 flower, for a parade of spring clothes made by girls in homemaking classes. Entering the flower-wreathed door are, from left, Cathy Crist, Becky Wilson, Ann Mims and Linda Kleuskens. The group around the table, upper right, includes Wileta Wyly, Vickie Ganna, Vickie Kendall and Mary Keyes. Seated, lower left, are Elise Beene and

Dianna Golden, while Janice Galley and Lois Arnpriester are standing. These four girls, and Becky Wilson, made their garments as home experience projects; others were made in class. Girls from the eighth grade are lower right, Brenda Saul wearing a dress with neckline bow, the others in colorful pants and tops, from left, Toni Phillips, Elizabeth Gandy and Kaylannette Battenfield. The other groups are of ninth-graders.

Work Project Is Held In Garden

Work in flower beds at Kings Manor occupied members of Bud to Blossom Garden Club Friday morning, an annual task in which beds at the residence home and flower boxes at its hospital unit are replanted for summer and fall bloom.

Plants which a number of residents have grown in their rooms during the winter were placed outdoors, with chrysanthemum plants and the seed of annuals.

Club members also conducted their spring plant exchange, with Mrs. Bill Shelly as chairman. Mrs. Frann Battenfield and Mrs. Jim Conkwright were in charge of arranging the work session.

After the work hour, the group went to the Manor dining room where Mrs. Lena Menefee, a resident who is the mother of Mrs. Sam Long, Bud to Blossom president, acted as hostess for coffee.

A brief business session was held also, and plans made for a workshop meeting May 5, when each member is to bring flowers and containers to practice flower arrangement in Mrs. Battenfield's home.

Those who joined in the dirt-gardening session were Mmes. Delmo Williams, Louis Orleans, Bill Nelson, Long, Ernest Ken-

dall, W. H. Gentry, Calvin Edwards, R. A. Daniels and Bob Cooper.

School Head Is Speaker

New trends in education which aim at the best training for students on all levels, were discussed by Johnny Clark, superintendent of Hereford schools, guest speaker to LaPlata Study Club this week.

He said special education for the slow to learn, as well as regular classroom programs, are well established in schools here and an accelerated program for the bright pupil is now developing. He explained new teaching media used in the rapidly-changing schools, and added that the pace of change is due to continue so that schools of a decade hence will be very different from those today.

Mrs. Frank Prowell introduced the speaker. Sixteen members were present to hear his talk.

BRIDE-TO-BE — Miss Kathleen Jean Colgrave of Midland is the fiancée of Drew Lloyd Kershen of Hereford, her parents, Mr. and Mrs. L. F. Colgrave, 4320 Country Club Drive, Midland, announce. Both students at the University of Texas, the couple plan an early June wedding in St. Mary's Cathedral at Austin. Kershen, son of Mr. and Mrs. Andrew Kershen, 201 Ranger, is enrolled in the university's School of Law after graduation from Notre Dame University. His pretty bride-to-be is a senior student.

Secretaries Observing Their National Week

"Secretaries don't tell the boss what to do, but they prod him and a wise boss usually takes the hint. . . Take a man who knows his business, and a woman who knows her business and his, and you get a great team and a lot of headroom for progress."

Quoting W. M. Kiplinger, noted Washington editor, the Na-

tional Secretaries Association cites the value of secretaries to business and professional men of the nation, as the observance of Secretaries Week begins today.

The week is sponsored by the NSA, which has 25,500 members in 565 chapters throughout the world. Hereford Chapter of the NSA is calling attention to the national week with special publicity and a dinner set for Secretaries Day, Wednesday.

Jean Kennedy, the chapter's president-elect, is chairman of plans for the observance. Avis Northcutt, president, and Faye Dirks are serving on a committee with her. The week has been proclaimed locally by Mayor Ray Cowser.

The 25th anniversary of the NSA's organization is a special point of observance this year, the 16th annual National Secretaries Week.

STEP ON IT, DIRT INGESTED

MIDDLETOWN, Ohio — Floors of future homes will have a tremendous — but healthy — appetite for dirt.

So say students of Philadelphia College of Art, participating in a study sponsored by Armo Steel Corporation.

will obsolete today's manual devices. Tiny cells activated by easy pressure, such as walking, will suck in the dirt and transfer it to ducts under the floor, where forced air will carry it off.

Weddell seals are believed to dive as deep as 1,500 feet in search of food.

DO YOU KNOW THAT
The Hereford Benefit Association is one of the oldest institutions in Hereford and Deaf Smith County. It was organized in 1908 by a group of local people to provide help for members in time of need—up to as much as \$1000.
A limited number of members can now be accepted.

Hereford FHA Member Receives State Honor

Claudia Loerwald of Chapter I, Hereford High School FHA, received the State Degree in homemaking at the Texas convention of Future Homemakers of America in Dallas this weekend.

Members of the girls' organization from high school, LaPlata and Stanton junior high schools attended the state meeting with their sponsors, leaving Thursday.

Susan White, chosen from this area as a candidate for the National Choir, went by plane with her mother, Mrs. Raymond White, and faculty sponsor, Mrs. Frank Prowell, to be there in time for choir tryouts. Others went by chartered bus with other Panhandle girls.

The honor received by Miss Loerwald is conferred for outstanding work as a homemaking student and as a leader in the FHA. She was chosen for the award earlier this term, on the basis of records covering several years' work.

Others who went from the high school were Charlotte Hill and Roberta Albracht of Royal Rose Chapter, Chris Loerwald and Joyce Bezner of Chapter I, and Mrs. J. J. Durham, faculty sponsor.

Going from Stanton Junior High were Debbie Gholson, Cindy Lee and the sponsor, Mrs. Joe Bradley; from LaPlata, Betty Hodges, Connie Hoover and their sponsor, Miss Marie Horn.

Three others in high school earned points required for the trip, but did not go to Dallas. Glenda Landers, tops in points, and Terry Townsend, runner-up were disqualified because they attended the state meeting last year; Wanda Fuhrmann did not go because of a conflict with other school activities.

The Smithsonian Institution held its first kite festival on the four Saturdays of March. The event was climaxed with a grand flying of kites over the Mall between the Capitol and the Washington Monument.

Mrs. Hewitt Gives Program In Wyche Club

Mrs. W. P. Axe was hostess to Wyche Home Demonstration Club Thursday afternoon, when the program was given by Mrs. E. C. Hewitt. Her subject was Your Teenager and Smoking.

Members voted to cooperate with other clubs of the county and serve in turn as hosts during open days of Deaf Smith County Museum. Mrs. Carroll Newsom reported on plans for the club project, entertaining visiting H. D. Club women who come to Hereford.

Guests were Lucille Kelley and Betty Packard. Other members present were Mmes. Wayne Jones, Charles Packard, G. W. Duncan, Bill Ellis, Leroy Bodkin and Cliff Williamson.

4-H Team On Program Of H.D. Club

A 4-H Club girls' team which recently won first place on a safety demonstration in the junior division of county contests, presented the program for North Hereford Home Demonstration Club Thursday afternoon. Mrs. A. J. Bezner, adult leader, accompanied them.

Susie Hickman and Beth Bezner gave the program on prevention and control of grass fires. They named several common sources of such fires, including carelessly-tossed cigarettes, and said that a fire in dry grass may even be started by the sun's rays concentrated by a piece of broken glass.

Mrs. Paul Hoff was chosen as

Small Talk

By SUE COLEMAN
Women's Editor

Vacation talk is in session now, and some of the earliest I've heard is from a couple of businesswomen who are charting their route to Montreal. Bruce Carter and Hilda Havens plan to make the Canadian world fair, Expo 67, their destination.

LOTS OF OTHER people will probably go in that direction for summer trips this year; advance publicity makes the Montreal exposition sound like something worth going to see. The Hereford women will drive, and are looking over highway maps to choose a scenic route going, and a different one coming back.

CONVENTIONS ARE also in season and will take several residents downstate in the next few days, just after a busy convention weekend in Hereford.

Both the Texas Federation of Women's Clubs at Dallas and Texas Garden Clubs Inc. at Houston will convene the first three days of May. That just might leave a difficult choice up to some clubwomen who could want to go to both state conventions.

At any rate, Mrs. O. G. Hill Sr. and Mrs. A. L. Manjeot, ardent garden clubbers, have made their choice and will go to Houston. Mrs. L. H. Lookingbill Sr. expects to be winding up a visit with her daughter and family in Baton Rouge, La., about May 1, and plans to stop in Dallas on her way home.

Even I have a convention in view, and plan to be in Dallas tomorrow when the American Red Cross opens its national meeting there, the first time in many years it has been held in the Southwest. Visiting with relatives in that area is also in my plans for this weekend.

Pam Miller will go from Hereford to represent the Red Cross Youth, making the trip with other youth delegates from over the Panhandle.

MY FAVORITE beauty spot of this week is in a rather unlikely spot, an alley. Tucked away modestly at the back of the lot at Mrs. Clara Loerwald's place, 405 N. McKinley, is an old-fashioned locust tree in bloom, smelling like heaven.

There are a few other locust trees scattered over the older parts of town, and this is the time of year they come into their own. Imagine what perfume filled the late April air in Hereford back when practically all the shade trees were locusts, as the old-timers report.

Of course I know they are susceptible to borers and other pests, and that many had died or were dying when homeowners began replacing them with Chinese elms back in the 1920's or thereabouts. But they still appeal to me, and it's worth the trouble of caring for it, to have one locust tree to bloom every spring.

WONDER WHY OTHER drivers always remain stopped at an intersection light, waiting until I make the right-hand

turn I'm signaling, before they proceed straight across? Maybe it's for the same reason I wait to see if another driver is going to do what he signals.

That's no doubt because you so often see the opposite, or watch someone driving for blocks down the street, a signal blinking futilely. Reading some of those statistics on traffic accidents I note that misuse of signals or failure to use them at all, account for a large percentage of the crashes, and I'm not surprised.

Many people seem to use signals strictly by whim, and please don't somebody remind me of that statement next time mine are used absent-mindedly.

NOTE TO ALL COOKS: If you tried Mrs. Cuby Kitchens' recipe for chocolate cake which was published Thursday, you have noticed that the instructions say to add the water, but the list of ingredients does not include water. Our error.

The amount is 1 cupful. Good old-fashioned cake makers probably just put in enough water to make the batter thin enough — but not too thin — as some old-fashioned recipes instructed. However, there's nothing like knowing how much is really needed.

Use Of LAE Club Fund Is Studied

Choice of a service project to receive a contribution from La Afflatus Estuido Club is to be made by the close of the season next month, members decided at a meeting this week in the home of Mrs. A. B. Higgins.

Mrs. Sam Morgan and Mrs. B. A. Reddell were appointed to investigate several projects and make a recommendation for use of the service fund in the club treasury.

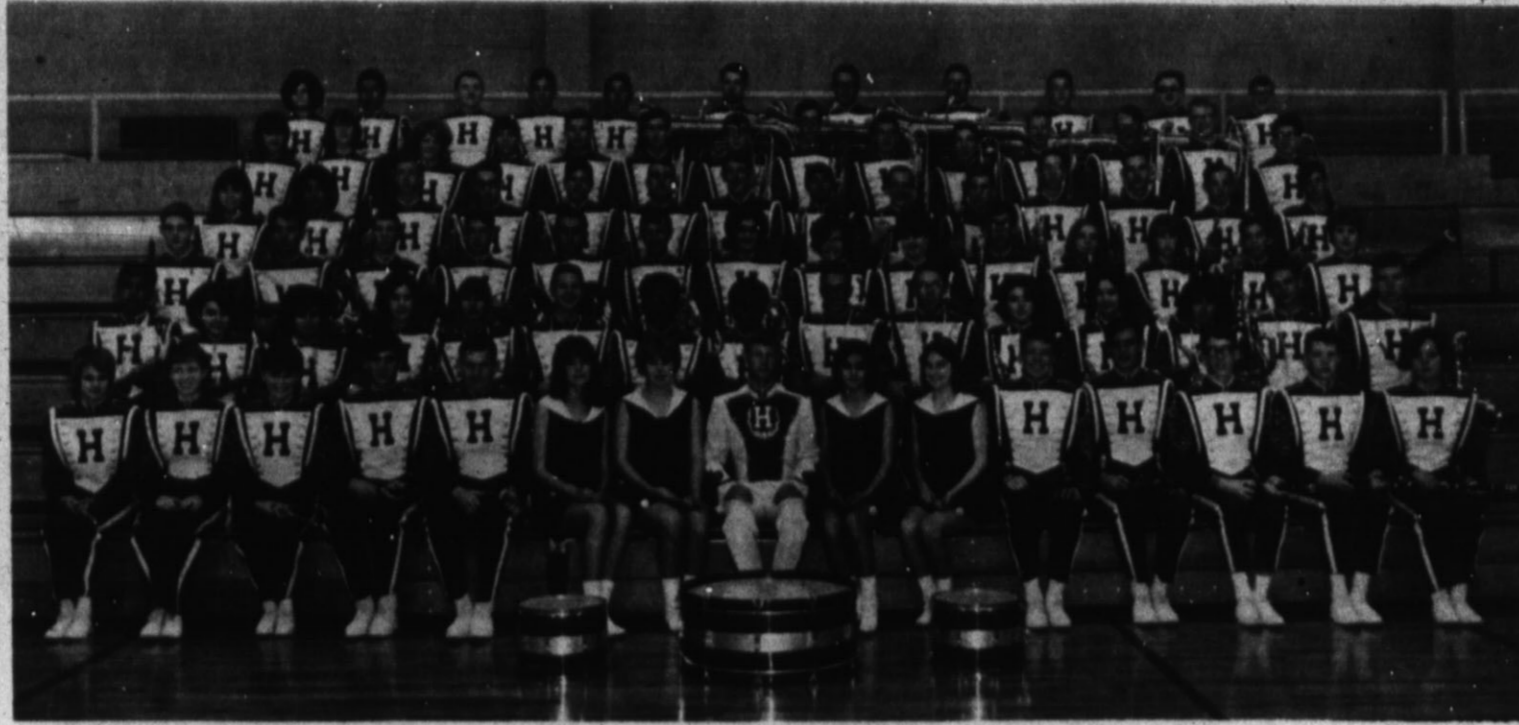

Dates were assigned for club members to serve as hosts at Deaf-Smith-County-Museum. Announcement was made of the County Federated Club luncheon, Apr. 29 in Community Center.

A buffet luncheon at the Caisson House was planned for May 2 as the final event of this club season.

For the program, Mrs. Morgan showed and talked of her husband's collection of rocks. Rough stones, some cut and polished, some made into costume jewelry, were shown and discussed.

Mrs. Emmett Hale presented the thought for the day, and Mrs. Reddell directed several games in a recreation period. Refreshments were served to 10 members.

MOST IMPROVED BOWLERS AWARDED
Trophies for the Most Improved bowlers in Kings and Queens Mixed League were among those presented at a recent session. Rudy Metz was winner for the men, with 13 pins, and Jayne Heard for women, with 12 pins.

CORPUS CHRISTI BOUND — The Hereford High School Whiteface band, recent winners of a fifth consecutive Sweepstakes Award, will be leaving Wednesday to participate in the Buccaneer Festival at Corpus Christi. Also scheduled to participate in the festival is the HHS choir.

On April 12, the band received 1 ratings in the Non-Zone Band Concert and Sight Reading of the Interscholastic League to win a Sweepstakes Award. Only concert playing will be done at Corpus Christi. (Photo by Angel)

BOOKS ON OTHER LANDS

Ever since we saw the movie, Anna and the King of Siam, we have been interested in that country, now called Thailand. A recent book by Robert M. Wulff has this background. The author spent six years not far from Bangkok and from a diary which he kept he has written Village of Out Casts.

After the first two or three chapters, when we, along with the author, got over the shock of existing conditions of the outcasts — the people with leprosy — we enjoyed the story.

College News About Students

AUSTIN — Four University of Texas College of Business Administration students had top scholastic records for the first semester.

They are William P. Schoenfeld Jr., and Stephen N. Shapu, both of DALLAS; James Craig Bartlett of HOUSTON, and Michael O. Rosenwasser of TYLER. Business Administration Dean George Kozmetsky made public the list of honor students including: Carl George McCaslin, Jr.

ing: a worthwhile way of life. He set out to rehabilitate these people into a colony. And what he accomplished makes a remarkable story — only a little short of miraculous.

His work was similar to that of the present sincere Peace Corps workers, now in many countries around the world. His differs in that he had no sponsor and no source of income except his own funds in the beginning. Later his home town church in the United States was able to help on a small scale.

In this book we get a good picture of the country and people as a location of some of our military bases of the present war.

Another very different story of an American family in a foreign land is entitled Children of Allah with a background in Libya. Agnes Newton Keith, who writes the book, is there with her husband. His soil conservation government-program is similar to that of the Carol Millers in Afghanistan (a story recently told in The Hereford Brand as a feature story.)

The ever encroaching Sahara Desert and the loss of the vegetation near and on the desert keeps the husband busy. They

strive to replace plants and trees and add new ones in needed areas.

The natives with whom Keith works are educated and informed in the work but others in remote areas have a primitive way of life. The author, Mrs. Keith, often travels with her husband to the towns and isolated desert areas but most of her experiences are in the town in which she lives. The people make interesting reading mostly because of her colorful house-boy and his family who adopt the Keiths. This family

depends on the Keiths for guidance and material aid; and they furnish many situations of tragedy and comedy.

The Keiths also meet many interesting Anglos who live and work in the country. Their adventures would also make a book. But living in strange lands is not new for the author and husband and she has written other books about those lands. Perhaps the best known is, Three Came Home, a story of her life in a Japanese prison camp.

ONE MINUTE PLEASE

THE CHURCH I LOVE . . . IS SAVED BY THE GOSPEL
"Now I would remind you, brethren, in what terms I preached to you the gospel, which you received, in which you stand, by which you are saved, if you hold it fast—unless you believed in vain." (Corinthians 15:1-2).

The Gospel is the "good news." Especially, is it good news, to the people who recognize that by their sins they are "separated from Christ, alienated from the commonwealth of Israel, and strangers to the covenants of promise, having no hope and without God in the world." (Ephesians 2:12). In other words, those lost in the labyrinth of sin. This includes all of us one time or another.

"For the Son of man came to seek and to save that which was lost." (Luke 19:10). All who are now in the church were at one time in the lost state. But Christ came preaching the gospel which saves. "Now after John was arrested, Jesus came into Galilee, preaching the gospel of God, and saying 'The time is fulfilled, and the kingdom of God is at hand; repent, and believe in the gospel.'" (Mark 1:14, 15).

After our Lord's resurrection, he told his followers, "Go into all the world and preach the gospel to the whole creation." (Mark 16:15). Paul tells why it is so important for all to hear the gospel, "For I am not ashamed of the gospel; it is the power of God for salvation to every one who has faith, to the Jew first and also to the Greek (gentile)." (Romans 1:16).

Paul, who said of himself, "I have fully preached the gospel of Christ (Romans 15:19b), wrote the following to show it is Christ's gospel that saves and not another: "But even if we, or an angel from heaven, should preach to you a gospel contrary to that which we preached to you, let him be accursed." (Galatians 1:8).

"In him (Christ) you also, who have heard the word of truth, the gospel of your salvation, and have believed in him, were sealed with the promised Holy Spirit, which is the guarantee of our inheritance until we acquire possession of it, to the praise of his glory." (Ephesians 1:13, 14).

WIN FHA TRIP — Connie Hoover and Betty Hodges were among the homemaking students from Hereford schools at the state meeting of Future Homemakers of America in Dallas this weekend. They were high point winners in classes at LaPlata Junior High to earn the trip to Dallas.

New School Is Shown To Club

School was never like this when they were pupils a few years ago, members of Hereford Study Club agreed after their meeting in Aikman Elementary School Thursday evening.

Mrs. M. C. Kaul, a club member who teaches at Aikman, was hostess in her classroom and presented the program concerning reading stations operated in schools here under PESO — Panhandle Education Service Organization.

Assisted by a guest, Mrs. Emil Dettman, and another member, Miss Gladys Setliff, both teachers who use the equipment, she demonstrated machines which aid children who have reading or language difficulties, explaining that the aim of the program is to find the pupils' interests and change their attitude toward learning.

In the bright, cheerful classroom, an attractive setting for

study, the club members tried out the equipment, recorded and played back their own speech. They were especially interested in the tach-X machine, which flashes numbers on an overhead screen for instant recognition.

Final plans for the next meeting, when members will have supper in the Caison House at 6 p. m. and then go to Canyon to see the WTSU production of the musical play, Camelot, were made.

It was announced that June will be Hereford Study Club's month to supply hosts during open hours at Deaf Smith County Museum.

Mrs. Richard Winget and Mrs. Kaul, co-hostesses, served sack lunches, in keeping with the school days theme of the program.

Guests in addition to Mrs. Dettman were Mrs. Elmer Patterson, a former member of the

Calendar Of Events

MONDAY
 Music Study Club in home of Mrs. D. W. Palmer, 149 Liveoak, 2 p. m.
 El Llano Study Club in Mrs. Cecil Hart's home, 8 p. m.
 County H. D. Council in county courtroom, 2:30 p. m.
 World War I Veterans and Auxiliary in Community Center, 7 p. m.
 TOPS Club at Bluebonnet School, 4 p. m.
 Rotary Club lunch at Jones Restaurant, 12:05 p. m.
 Odd Fellows Lodge at IOOF Hall, 8 p. m.
 Easter Lions Club, ladies night at Easter Community House, 8 p. m.
 Citizens Band Radio Club, REC Building, 8 p. m.
 Paisano Lions Club at Hotel, Jim Hill, 7:35 p. m.

TUESDAY
 Hereford Art Guild, "Paint-out" at Jeanne McGee's studio on Hy. 385 North, beginning at 5 p. m.
 Veleda Study Club, election of officers, home of Mrs. Johnny Clark, 8 p. m.
 West Hereford H. D. Club in home of Mrs. Addie Duncan, 2:30 p. m.
 Rebekah Lodge at IOOF Hall, 8 p. m.
 Hereford Jaycees lunch at Jones Restaurant, 12 noon.
 Young Mothers Study Club at First National Community room, election of officers, 8 p. m.

WEDNESDAY
 National Secretaries Association chapter, dinner observing Secretaries Week, Caison House.
 Avenue Baptist WMU at church, 7 p. m.

THURSDAY
 Madre Mia Study Club in First National Community Room, election of officers, 8 p. m.
 Calliopean Club in home of Mrs. David Gibson, 8 p. m.
 Hereford Duplicate Club at Community Center, open to all interested bridge players, 7:30 p. m.

FRIDAY
 Club, and Miss Bonnie Ivy, once a pupil of Mrs. Kaul's and now a United Airlines hostess, visiting relatives here from her base at San Francisco.

Synopsis Given Of Texas Novel

Texas Heritage Day was observed in Bay View Study Club Thursday afternoon, with glimpses of a Texas author and his latest book given by Mrs. W. J. Gilliland.

She sketched the career of Benjamin Capps, a native Texan who was educated at the state university and Texas Tech and who is now in the first rank of novelists chronicling events of the old Southwest.

His latest book, *A Woman of the People*, is a story of the Comanche Indians in the final days of their glory, as seen through the eyes of a white captive. Capps depicts the Indians neither as brutes nor as noble savages, Mrs. Gilliland added but as humans who adapted to a difficult existence in a harsh land.

The meeting was in the home of Mrs. Juston McBride. Mrs. R. B. Miller presided in the absence of Mrs. Ansel McDowell, president.

The closing meeting of this season, on May 4, was set for 11:45 a. m. at Hereford Country Club. Social committee members will be hostesses for the luncheon and 1967-68 officers will be installed.

FRIDAY
 Ceramic Arts Club in home of Mrs. O. H. Culepper.
 VFW Auxiliary at VFW Clubhouse, 8 p. m.
 Anderson Circle of First Baptist WMU in home of Mrs. R. B. Hutson, 7:30 p. m.

THURSDAY
 Kiwanis Club in IOOF Hall, noon lunch.
 Optimist Club, lunch at Jones Restaurant, noon.
 Toastmasters Club at Ward's Restaurant, 7:30 p. m.

SATURDAY
 County Federation of Women's Clubs, covered dish lunch at Community Center, all women of area invited, 12 noon.

SUNDAY
 All Beta Sigma Phi chapters, dinner observing Founders Day, Ward's Restaurant, 6 p. m.

College News About Students From This Area

Van E. Smith

CLAREMONT — Van Smith, student body president at Claremont Men's College, is one of 75 college seniors throughout United States and Canada who have been awarded a one-year trial seminary Rockefeller Brothers Fellowship, granted through the Funds for Theological Education.

The announcement of this group of Fellows was made by President Nathan Pusey of Harvard University, chairman of the Funds.

Purpose of the grants is to permit Fellows to attend any accredited Protestant seminary in the United States and Canada for one year, without expense and without obligation, to consider the organized ministries of the Christian Church.

Smith, a history major, is the son of Mr. and Mrs. Joe H. Smith Jr., 216 Avenue B, Hereford, Texas. He plans to attend Yale Divinity School.

School Menus

Week of Apr. 24-28

THE INK SPOT

Dr. Davis Is Guest Speaker

Dr. Gilbert Davis, Jr., minister of the First Christian Church here from 1957-62, will be the featured speaker during Monday and Tuesday at the First Christian Church.

Dr. Davis is at present minister of the Kings Highway Christian Church in Shreveport, Louisiana. He received his degree from TCU and was awarded an honorary Doctor of Divinity degree by the university in 1966.

He will be featured during the 11:00 a. m. and 7:00 p. m. services today and both the 7:30 p. m. services on Monday and Tuesday.

CARD OF THANKS
 To our many friends, who remembered us in our sorrow by their prayers, their presence, the beautiful cards, the food and all other acts of kindness, we wish to express our appreciation.

May God Bless you.

AS SEEN ON TV

What about college?

We have arranged for high school distribution of the booklet: **"WHAT ABOUT COLLEGE?"**

The booklet shows students WHY a college education should be their goal and how this can be accomplished. It anticipates all their questions about college: WHERE to get information, WHEN to take action, HOW to make decisions.

Leading educators agree that far more students should go to college. At least 100,000 high school graduates in the top quartile do not. Many regret it all their lives.

At the time they do not appreciate the advantages of higher learning. They do not know how to finance themselves through college.

Guidance counselors believe that a considerable percentage of the student body can be helped by this compelling presentation of the facts.

For our part, a single student influenced to enrich himself in higher learning will justify the expense.

We are happy to cooperate in providing this service to the young people of our community.

Sincere Congratulations to the 1967 Senior Class of Hereford High School

HEREFORD STATE Bank

FROM OUR AUSTIN BUREAU

Black Power Is Hurting Advancement Of Civil Rights

By LARRY FUHRMANN
Hereford Brand
Austin Bureau Chief

The "Black Power" movement in the United States — the movement intended to stir Negroes into a powerful, forceful and rebellious organization — may be achieving some of the goals it has set up for itself. Particularly the goal of gaining publicity and inciting people into spur-of-the-moment rebelliousness.

Those civil rights workers who in the past have been so willing to give of their time, money and effort find their feet dragging when black power takes over. They don't care to be there when the Molotov cocktails are thrown and the riots begin.

"The educated populace should consider itself fortunate," says one college professor. "For too long, we have had to confine our laughter to only one set of racial bigots. Now, the Black Power crowd has offered us an alternative choice."

"In joining the demagogical hypocrisy in gutter fighting, they have denied the issue deeper social and philosophical meaning. Thus, they mistake etching eternal verities on stone tablets with chalking dirty slogans on sidewalks."

Stokely Carmichael, well known Black Power Leader, claims the only solution to the racial problem is to abolish it. Carmichael's actions are creating enough hate to forestall any solutions for some time. He cuts

down civil rights workers by proclaiming, "If one listens to some of the moderate Negro leaders, he would think the Negroes want to be abolished."

As national chairman of the Student Non-Violent Coordinating Committee, Carmichael says the Negroes strike against "white imperialism" lay in organization. The "white racist press" is responsible for unfair reporting of the Black Power movement, he believes — but if someone can find a way to make Carmichael's words look good on paper, perhaps that can be changed.

Unless the Negro race is organized independently of other groups, it will be pushed around, Carmichael asserts. "Then if they throw us out, we can destroy them." This Black Power leader claims to be opposed to violence. But his statements are ones that create the riots, that set blood to boiling before time has been given a chance to have its usual rational effect.

The Negro's independence, he says, will not only show his strength, but it will also make it difficult for the white community to talk of prestige and patronism to a few select Negroes.

Stokely Carmichael is opposed to violence; yet he has publicly urged Negroes to burn down the Nation's Capital if they don't get home rule. In Harlem, he has said that dynamite will have to be used for destructive purposes if the Molotov cocktails aren't powerful enough. "In choosing sensational even-

ing rather than humanitarian reason, Black Power leaders gather a following of the emotional and ignorant. But they also lose their power of influence, and alienate the rational, lawful, and mature," asserts an educator. "In their youthful naivete, the Black Power herd are having fun, getting rich, and gaining notoriety at the expense of historically important social issues."

Before Carmichael's speech on the University of Texas campus at Austin, the Negro Association for Progress staged a rally with some 300 students, both black and white, participating; the demonstration was planned to promote spontaneous audience participation in the expression of grievances. Several Negro students voiced complaints and disappointments in the supposedly integrated school; needless to say, their grievances will receive no attention whatsoever.

Stirring the group was Lee Otis Johnson of Houston, who has been closely associated with Carmichael. Johnson says the Negro need not accept "Gifts" from the white man — but that he should reach out and take what is justifiably his. He has to elevate himself to the same plane as his white "cousin."

The cause of human rights is something to die for, Johnson reminded the students gathered. "If you don't have something to die for, then what are you living for?"

for slaughter during January through March totaled 5,247,000 head-up 6 percent from the same period in 1966 in the 32 States.

Cattle feeders plan to market about 5,202,000 head during April, May and June. The anticipated marketings are 4 percent of those actually sold during the same period last year.

The Texas sports fishing license fee is \$2.15 for each year ending August 31.

Kiwanians See On The Square

"On The Square," a film which was made during a tour of Norway and Russia, last year was shown to members of the Kiwanis Club during their weekly luncheon meeting Thursday.

The film was directed and narrated by Cotton John, director of the farm and ranch department at KGNC in Amarillo.

Dean Herring, president of the club, announced that a divisional inter-club meeting will be held during the Ladies Night Banquet next Thursday night at the County Club. At the same banquet, perfect attendance awards to local Kiwanians will be presented, along with the presentation of the Kiwanian of the Month.

The film which was shown Thursday dealt with the living methods of Norwegians and Russians.

In Norway, it was pointed out that about 68% of the people are engaged in agriculture. Farms consist of about 25 acres each. In Russia, about 35 percent of

the population deals with farming as compared to 7 percent in the United States.

As for transportation in Moscow and Leningrad, both major cities in Russia, cars are very limited to the people. Moscow, which consists of some 5 1/2 million people, is the 5th largest city in the world, and even though it has a tremendous population, only about 1,000 people own automobiles.

Service stations are limited as only about 2 or 3 are in operation. Since the automobile is in such small numbers, only some half dozen traffic lights are required.

Many other interesting aspects about the way of life there were also discussed by Cotton John in the film.

Duke Powell is program chairman this month and was responsible for bringing the film into the club.

Truman Ragan was awarded the friendship dollar by Ed Robinson.

REGIONAL QUALIFIERS — Hereford White-face trackmen who qualified for the regional meet in Odessa Saturday paused from their workouts for a moment this week to accommodate the photographer. Kneeling, left to right, are Mark Hicks, Billy Frank, Jim Childers and Bobby Burwick. Standing are Charlie Inman, Gene Duvall, Roger Suttle, Gary Goodin and Ronnie Jones. (Hereford Brand Photo)

Area FHT Activity Day Slated

Activity Day for Young Homemakers of Texas from over Area I will be held in Deaf Smith County Bull Barn Apr. 28, members of the Hereford Chapter were reminded at this week's meeting at the high school home making room.

Members from over the Panhandle and South Plains will be here for the day of talks, demonstrations and a salad luncheon. The day is sponsored by the county Rural Electric Co-operative.

Mrs. Raymond Gerk was hostess to the chapter. A guest, Mrs. Ross Cooley, presented the program on The Art of Papier-Mache. She demonstrated the making of ornamental objects and costume jewelry from the paper mixture.

Mmes. Clark Andrews, James Dobbs and David Brumley, a committee which has drafted

amendments to the chapter constitution, presented their report for approval of the members. Another committee, Mmes. Gerk, James Dobbs and Larry Dobbs, was named to nominate officers for the annual election May 16.

Guests present were Mmes. Don Chapman, James Hill, John Nishimoto and Nancy Walker. Other members at the meeting were Mmes. Jerry Don Glover, Howard Hunter, J. J. Durham and Joe Bradley.

Bufs Rally To Last Minute Win

CANYON — The West Texas State University Buffaloes rallied for five runs in the seventh inning to defeat Southwestern Oklahoma College 7-4 and earn a split in their doubleheader here Saturday afternoon. The Buffs dropped the first game 17-6. West Texas' record now stands at 7-10.

A single by rightfielder Jerry Simpson drove home the Buffs winning run in the second game

World War II Medals Unclaimed

Millions of unclaimed medals earned by World War II and Korean War servicemen are stacked up in warehouses around the country, according to the Veterans Administration.

Jack Coker, Manager of the VA Regional Office in Waco, revealed that the Army alone has some 800,000 pounds of metals in a Philadelphia warehouse.

Among the medals there are over one-and-a-half million Victory Medals, a decoration earned by almost everyone who served in World War II.

The VA Manager said that veterans interested in securing medals to which they are entitled should write a letter to the military branch in which they served.

Letters should contain full particulars about their military

service, units to which assigned and above all, the letter should contain the veteran's complete name and serial number.

To write for medals, Coker said, use the following address:

ARMY: The Adjutant General Decorations and Awards Branch Department of the Army, Washington, D. C. 20300.

AIR FORCE: Director of Military Personnel, Attention: Awards Branch, Headquarters, U. S. Air Force, Washington, D. C. 20330.

MARINE CORPS: Commandant, Headquarters, U. S. Marine Corps, Washington, D. C. 20300.

COAST GUARD: Commandant (PMM), U. S. Coast Guard Headquarters, Washington, D. C. 20300.

NAVY: Commandant, Head-

quarters, U. S. Navy, Washington, D. C. 20300.

Livestock Review

Number Of Cattle On Feed Studied

Cattle being fed for slaughter market totaled 653,000 head on April 1, according to the Texas Crop and Livestock Reporting Service. This is 23 percent above the 530,000 head on feed a year earlier; 4 percent below the 679,000 head on feed March 1; and 3 percent below the 674,000 head on feed January 1.

"Large" feedlots held 607,000 cattle being fattened for slaughter market. Of the 281 large feedlots, only 224 (80 percent) had cattle on feed April 1. The 281 feedlots with a reported capacity occupancy. "Small" feedlots held 46,000 head — which is 7 percent of the total number on feed April 1.

Steers accounted for 336,000 of the cattle on feed. Heifers represented 316,000 head, and cows and other 1,000. Of the 653,000 on feed, the weight distribution is as follows: 17 percent less than 500 pounds; 36 percent 500-699 pounds; 30 percent 700-899 pounds; 15 percent 900-1099 lbs. and 2 percent 1100 pounds and over.

Sixty percent of all cattle and calves on feed April 1 had been on feed less than 3 months; 39 percent had been on feed 3-6 months; and 1 percent on feed over 6 months.

Cattle marketed out of Texas feedlots from January 1 to

March 31 at 427,000 head were 12 percent above marketings same period a year earlier but 32 percent above marketings October 1 to December 30, 1966. There were 160,000 head marketed during March.

Feedlot operators reported intentions to market 400,000 cattle between April 1 and June 31 (excluding short-feds). This would be 61 percent of the number on feed April 1 and would be 22 percent more than marketed during April-June quarter last year (excluding short-feds).

Cattle and calves on feed for slaughter market on April 1, 1967 in 32 major feeding States totaled 10,496,000 head, 3 percent more than a year earlier, according to the Crop Reporting Board. Most of the increase from a year earlier was in cattle weighing over 900 pounds. The number on feed decreased 6 percent from January 1 to April 1 this year compared with a 2 percent decrease during the same quarter last year.

There were 4,634,000 cattle and calves placed on feed January through March in the 32 States — a decrease of 3 percent from the same period in 1966. Compared with a year earlier, placements were down 3 percent in the North-Central States. Marketings of fed cattle

FHA CONFERENCE GROUP — Members of Hereford High School Future Homemakers of America who attended the state FHA conference in Dallas this weekend include, from left above, Charlotte Hill, representing Royal Rose Chapter, Roberta Albracht, Royal Rose president-elect; Claudia Loerwald, who was a recipient of the State Degree for outstanding work; Chris Loerwald, delegate, and Joyce Bezner, president-elect of Chapter I. Susan White was also in the HHS party chosen to try for a place on the National FHA Choir. Girls who earned points required for the trip, but who did not go because of school activity conflicts or because they attended the state conference last year, are, below from left, Glenda Landers, Terry Townsend and Wanda Fuhrmann.

Former Bricklayer Chooses Bricklaying For His Hobby

BALCH SPRINGS — "I'll keep on laying brick as long as I can lift one," says E. L. Beam. "It's what keeps me alive."

Beam, now retired at 76, has left a trail of bricks from the jungles of Luzon to the top of the Empire State Building, from Boston to the Dallas suburb of Balch Springs, where he now

lives. For a man who had laid untold millions of bricks in his career, it was only natural that he should look around for some sort of a hobby to keep him busy when he retired six years ago.

What hobby did he choose? Bricklaying, what else. Beam and his wife live in a

labyrinth of brick that defies description.

He has covered the small frame home with a brick veneer. The entire lot has been surrounded with high brick walls. An all-brick porch lines the house on two sides. A brick addition has been added to the rear.

A brick double garage has sprung up. All the floors inside the house are brick.

Outside are brick driveways, brick walks, a brick patio, a brick storage shed.

"I figure," says Beam, "that there must be upwards of 200,000 brick here. And I hauled every one of them from the brickyards in the back-end of an old Dodge sedan."

A North Carolinian by birth, he served with the U. S. Army Engineers in the Philippines in 1911, as a bricklayer, of course. Then he went into the theatrical business: building brick theaters.

In 1940, he helped lay brick for an extension of the Empire State Building in New York, the world's tallest structure.

He moved to Texas after World War II. Most of the bricks he uses as a hobby on his property were discarded which Beam picked up free a few dozen at a time at brickyards. None is perfect but most are "just nipped a little," he says.

Beam says he is too old to work full-time, although he wrestles heavy timbers by himself when working on his home projects. He also digs and pours his own foundations.

Here and there in the backyard rise thin brick columns. "This stuff is here to stay," he says, gesturing at his brick battlements.

FRANK STRAINS HARD — Billy Frank, versatile athlete for Hereford High School, runs hard during the 220-yard dash at the district track meet in Dumas Saturday. Frank won fifth in this event, and ran a leg on both the 440-yard relay and the mile relay teams. (Hereford Brand Photo)

Land Bank Is For Farmer Help

The Federal Land Bank Associations were cited by Governor John Connally as he declared April "Federal Land Bank Month." In an Official Memorandum, the Governor praised the Federal Land Bank System and called upon all Texans to pay tribute to those engaged in farming and ranching.

The Federal Land Bank System, encompassing 73 local associations in Texas and 700 associations throughout the United States, is observing its 50th Anniversary this year. The Anniversary Year is dedicated in America's Farmers: Providers of Plenty.

The Federal Land Bank Association of Hereford is participating in the year's activities by recognizing the farmers and ranchers of Deaf Smith and Parmer counties.

April 1, 1917, marked the beginning of the Federal Land Banks, thus providing the first nationwide means of making private capital investment available to farmers and ranchers so that their holdings could be

improved and the productive capacity expanded. The Federal Land Bank of Houston made its first loan on May 22, 1917, and from a modest beginning the 73 local associations today have recorded long term real estate loans of more than \$1.1 billion to 185,000 Texans.

The Federal Land Bank Association of Hereford has 267 members, and current loans amounting to \$8,957,200. Dividends paid to member-borrowers since the association was founded amounts to approximately \$214,654 with the first dividend being paid on January 7, 1922 (C.H. Dyar-President).

The Federal Land Bank of Houston — which serves all of Texas — ranks among the leaders in providing long term real estate financing on farms and ranches. The history of The Federal Land Bank of Houston and its 73 associations closely parallels the agricultural growth of Texas, and the dynamics of agriculture are such that great strides are anticipated for the state.

College News About Students

Among the 88 members of the April graduating class at Oklahoma State Tech, Okmulgee, to be named to the Director's and Registrar's Honor Rolls for outstanding academic achievement is Patty Schulte, Hereford Texas.

Twenty students who completed vocational or technical studies this spring are listed on the Director's Honor Roll for maintaining a grade-point average of 3.5 or higher out of a possible 4.0. Those listed on the Registrar's Honor Roll have an average of above 3.0 to 3.4.

Miss Schulte, who is completing a course in Accounting, is listed on the Registrar's Honor Roll.

TEXANS IN WASHINGTON

Congressman Poage Wants City Folks To See Farm Life

By TEX EASLEY
WASHINGTON — After approximately four months as chairman of an important congressional committee, Democratic Rep. W. R. Poage of Texas says he finds adjustment to the demands on his time the most difficult part of the job.

With the convening of the 90th Congress in January, he assumed chairmanship of the House Agriculture Committee. Work with the committee itself hasn't increased so much, for he has served as vice chairman for years and headed important subcommittees.

"But as chairman you have to spend a lot of time receiving spokesmen for various farm and spokesmen for various farm and consumer organizations," Poage said. "They are continually coming to your office to express the views of the people they represent."

"I don't criticize them for this and I'm glad to listen, but it does take a world of time. And there are speaking engagements that a chairman is asked to fill."

Already noted for his early-to-work late-to-leave hours Poage now reaches his Rayburn Building office between 6:30 and 7 a.m. each day, walking the three blocks from his handsome two-story white-painted brick house near the Library of Congress.

"That's about the only time I can get my regular congressional district matters attended to," he added. "I go through my mail and get a lot of it cleared out of the way before people start coming in."

Like most Texas congressmen Poage has had a realignment of his district as a result of

population changes. It now includes Bell, Bosque, Coryell, Falls, Hood, Limestone, McLennan, Milam, Parker, Robertson and Somervell Counties.

Poage, 67, calls his native city of Waco home, but he spent his youth on a ranch and received his early education in Throckmorton County. He served in the Texas Legislature, both House and Senate, before entering Congress Jan. 3, 1937.

Poage is a lawyer, but his deepest interest has been farming. He is recognized as probably the most knowledgeable individual here or anywhere else on agricultural problems.

His 11-county Central Texas district includes both urban and rural areas, and in the speeches he makes throughout the nation, Poage stresses the interdependence of the farming and non-farming segments of

American society. Poage says he wants city dwellers, since they comprise the overwhelming majority of the population, to understand the farmer's present economic plight.

"Agricultural commodities actually are bringing 5 per cent less today than they were 20 years ago," he noted.

"Meanwhile, all the costs that go into production of a crop have soared. Labor is up, the cost of a tractor is about three times as much as it was 20 years ago. Pesticides and fertilizers cost more."

The inevitable long-range effect of this situation, if it continues, is that production will drop as demand increases with a booming population growth, he said. And, as a consequence, food prices will rise.

Ott To Represent Bank At Houston

Ira Scott will represent the Federal Land Bank Association of Hereford at the Annual Stockholders' Meeting of the Federal Land Bank of Houston. The meeting will be held in Houston on Friday and Saturday, April 28-29. Woodrow Wilson, Manager of the Federal Land Bank Association of Hereford, will also attend the meeting.

Representatives from 73 Texas Federal Land Bank Associations will attend the meeting which will be held at the Shamrock Hilton Hotel. This year's meeting is of particular interest as it marks the 50th Anniversary

of Land Bank Service to agriculture. The Land Bank system is dedicating its Golden Anniversary to America's Farmers: Providers of Plenty."

Hal Weatherford, President of the Houston Bank, will report on the year's business activity.

Also appearing on the program will be Mr. Fred W. Gilmore, President of the Union Stockyards Company of Omaha, Nebraska; Mr. Charles N. Shepardson, Member, Board of Governors, Federal Reserve System of Washington, D. C.; and Mr. Ben H. Carpenter, President, Texas and Southwestern Cattle Raisers Association of Dallas.

Frio News
By MRS. OWEN ANDREWS
Attending Vacation Bible School instruction clinic at First Baptist Church in Littlefield Monday were Mmes. Earl Harkins, Floyd Cole, Carl Andrews, Frank Robbins, Larry Dobbs, Dee Taylor, Gary Mason, Charles Self and Owen Andrews. Mrs. Harkins will be the principal of the Frio Bible school, to be held June 5-16 from 3 to 6 p. m.

Larry Dobbs and Kim Gripp were separate accident casualties Tuesday. Dobbs received a deep gash in his foot when he stepped on a spike on a rotary hoe. The puncture was through a boot and required several stitches to close. Gripp received a broken bone in his foot in a fall from a horse. He is wearing a cast and using crutches but was able to return to school on Thursday.

College News About Students From This Area
Two Hereford students have been elected to student government posts in recent all-school elections at Hardin-Stimmons University.
Kenny Justice, son of Mr. and Mrs. Virgil Justice of 210 Ranger, was voted Varsity Cheerleader for 1967-68; and Paul Christian, son of Mr. and Mrs. Fritz Christian of 114 Ave. A; was elected senator-at-large by the entire student body.
Justice and Christian are graduates of Hereford High School. Justice, a member of Sigma Delta Sigma, men's social club, is a business and finance major. Christian is majoring in general business.
Passat, the last great square-rigged sailing ship to engage in commercial trade, was retired in 1949. It is now berthed in Hamburg, Germany.

Conservation Fund Released
The U. S. Department of Agriculture has informed Senator Ralph Yarborough (D., Tex.) that it is releasing \$2.3 million in funds for the Great Plains Conservation Program. The funds had been appropriated by Congress but impounded by the Bureau of the Budget.
On April 6 Senator Yarborough had written President Johnson asking that these funds be released. He had pointed out that Texas alone, with 99 counties in the official Great Plains area, could use all of the impounded funds. The backlog of requests in Texas totals over \$3 million.
"It is important that we save this valuable farmland for the use of future generations," Senator Yarborough said. "We should learn a lesson from the experience of the dust bowl days and be vigilant in protecting this rich soil which, once washed or blown away, can be reclaimed only at tremendous cost."
"I commend President Johnson and the Bureau of the Budget for releasing these funds," Senator Yarborough added. "They are especially needed now with the terrible drought we are experiencing in the Southwest."
Great Plains conservation funds are used in 494 counties of the 19 Great Plains States for conservation practices so that the country will never again suffer an experience like the dust bowl of the 1930's. Practices such as the establishment of permanent vegetative cover, the re-seeding of rangeland, the construction of terraces, and dams and many other conservation practices are undertaken in a cost-sharing arrangement under the program.

Young Talent Is Blooming

By Mrs. Argen Draper
Home Demonstration Agent

The Drapery Style Show was viewed by approximately 175 persons. There were many compliments on the show and on the talent specials.

THE WINDJAMMERS were good as ever as the girls are so pretty and talented. Too, they had new peach colored dresses with sun-tan backs. Kandi Hill, Shelly Rush and Margaret Adams are juniors and we hope will have a singing group next year.

The seniors will be missed as the group has been so willing to give of their time for programs. I hear Nancy Smith and Pam Winget are planning to attend Arlington State next fall, as roommates.

Nancy Fisher and Janet Miller played a flute duet; Joy McCathern, piano solo, and Judy Hollingsworth sang. Sharon Cramer furnished background music and organ specials.

A surprise visit was made by a group of Monkeys. The disguises were very good and the four were introduced as Mickie, Peter, Mike & David. Edward Dziuk was the casting director or electronic engineer.

Wanda and Don Baugous expressed very sincere thanks to everyone concerned for the response in the support of the Revist Center. There is no place like Hereford for the exhibit of community spirit.

THE DAZIES, another singing group from high school are making some appearances. I think they are very good and entertaining and I appreciated them very much for helping with a program.

Girls are getting prettier and smarter all the time. The Dazies are Judy Hollingsworth, Penny Young, Levenie Benefield and Connie Bryant and they have a

selection of interesting songs.

CONGRATULATIONS to the National Secretaries Association for their celebration this month. I hear by eavesdropping that there are some new members and some other interesting things happening.

Edna Lee Collier, a former citizen of Hereford, now living in Redlands, Calif. was interested in the progress of the NSA Chapter and sent a congratulatory note to the local paper. It is nice for good work to be recognized and appreciated.

PROGRAMS IN CLOTHING will begin in May. This release on permanent press and interfacing is timely as home sewers will probably want to use the new durable press fabrics for those "wear once and wash" summer outfits. You'll save time, money and nerves if you have all the facts about the nature of the material BEFORE you begin.

The appearance and performance of a durable press garment are affected if the interfacing or interlining is not completely compatible with the fabric.

Therefore, points out Rhea Boyles, Extension clothing specialist at Texas A&M University, an interfacing must perform the same as the outer fabric in shrinkage, color retention, and sewability.

Interlinings must have the correct stiffness and tensile strength with the right weight to provide a particular styling result and to add life and stability to the garment.

There is no such thing as "partial compatibility" between outer fabric and interlining or interfacing fabrics. This is due to several factors:

1) If shrinkage and sewability

are not compatible, wrinkles, paneling, or puckering will result;
2) If tensile strength is not compatible there will be variances in wear;
3) If color or whiteness are not compatible, discoloration will result.

Without true compatibility between fabric and interlining, true durable press garments cannot be achieved.

PLASTICS REQUIRE special cleaning treatment, according to Extension specialists in home economics at Texas A&M University.

Plastics should never be cleaned with a solvent. To remove dirt and grime, sponge with warm water and mild detergent, allow to soak for a few minutes so the dirt will loosen, then rub briskly. Rinse and wipe with a damp cloth until nearly dry. Wax to restore luster.

Nail polish and remover, shoe polish and ball point pen ink will cause permanent damage to plastics and should be removed as quickly as possible with a clean cloth.

To remove paint, wipe off with a clean white cloth dampened with turpentine or kerosene. Do not use paint remover on plastics. Use care when using turpentine, and test it on a small inconspicuous area.

Sulphide stains, from atmosphere permeated with coal gas or direct contact with hard boiled eggs, permanent hair wave solution, and other sulphur solutions, use six percent hydrogen peroxide. Place a clean white cloth over the spotted area and pour a liberal amount of the peroxide, available at drug stores, on the cloth. Allow it to remain on the spot from 30 minutes to an hour. If the spot persists, allow the cloth to remain over night. Do not let the hydrogen peroxide solution come in contact with stained or laquered wood, or permit it to seep into the seams of upholstery, since it will weaken cotton thread.

To remove tar, asphalt and creosote, wipe off as quickly as possible with a cloth dampened with kerosene or naphtha. Tar left for any length of time will produce an indelible, yellow-brown stain.

To complete the list of 1967-68 officers, Mrs. Bill Wheeler was elected secretary and Mrs. Kenneth Christie historian. Officers headed by Mrs. Billy Bell are to be installed at the next meeting, May 10, a dinner at the Caison House.

The fashion show, featuring casual costumes for summer wear, was presented by the Cinderella Shop. Mrs. Billy Baker directed the business period. Members present included Mmes. Jamie Clearman, J. D. Greeson, David Hutchins, Jim Lookingbill, Bob Noland, Dale L. Thomason, Bell, Wheeler and Kenneth Christie.

Monday's program at the Memorial Student Center involved local high school students who participated in a clothing panel with Dr. Maynette Derr, Texas Tech School of home economics.

Dr. Derr commented that the youngsters had "candid, intelligent answers" to her questions on teen clothing. The associate professor also spoke to the assembly on "Attaining Self-Development in Today's Environment."

Monday afternoon's meeting heard Dr. Gregory P. Stone, sociology professor at the University of Minnesota speak on "Clothing and Early Socialization."

The workshop, conducted by the Texas Agricultural Extension Service, continues through Friday. Miss Mary Routh, Extension clothing specialist, is the workshop chairman.

Mon Amis Club Tours Library

A tour of Deaf Smith County Library was taken by Mon Amis Club Thursday, in observance of National Library Week. Afterward members went to First National Bank Community Room for a business session and a fashion show.

On the first floor of the courthouse, pointing out its facilities for club program reference as well as for recreational reading. Members were particularly interested in the new section on the subject of genealogy, and later voted to give \$20 for purchase of another volume of interest to persons tracing genealogies.

Modern Trend Is Individual Look

COLLEGE STATION — The "nowness" of today's female fashions is "a pin prick in the posterior of the Establishment," said a leading clothing coordinator at Texas A&M University Tuesday.

Mrs. Daisy Goldsmith of the New York fashion office of Montgomery Ward, was a guest speaker at a week-long Extension Service clothing workshop assembly.

"Clothes today involve wit, humor, involvement. Clothes are something you are. If you don't have this attitude, you don't connect," she continued.

The fashion coordinator noted that where fashion used to be "a gentle rain from heaven," trickling down from high-finance salons, today's "look" is a volcanic eruption — sudden and barrier breaking.

Mrs. Goldsmith pointed out that barriers of seasonal colors, economic class, age, fabrics, and sex have tumbled in the wake of the youthful couture. The speaker also noted that the reason boys look like girls and girls look like boys today is that they are involved in the same activities.

The second Tuesday morning speaker was Wayne Holsinger, national retail merchandiser and coordinator in men's and boys' wear for Sears, Roebuck and Company. Speaking to approximately 40 clothing specialists and Extension home demonstration agents, Holsinger traced 75 years of men's fashions — noting the striking similarity of many trends.

The coordinator pointed out that, where women thrive on the new and changing, seldom settling for the same style, men are far more conservative. A change in lapel, shoulder line, vent, and cuff break are a few of the more drastic changes in

the past 20 years. However, today's men are accepting more ideas than previously, particularly the younger set.

Monday's program at the Memorial Student Center involved local high school students who participated in a clothing panel with Dr. Maynette Derr, Texas Tech School of home economics.

Dr. Derr commented that the youngsters had "candid, intelligent answers" to her questions on teen clothing. The associate professor also spoke to the assembly on "Attaining Self-Development in Today's Environment."

Monday afternoon's meeting heard Dr. Gregory P. Stone, sociology professor at the University of Minnesota speak on "Clothing and Early Socialization."
