Electronic Banking To Be Considered by Voters

AUSTIN, Texas (Ap) - Texans get a chance Nov. 8 to say if they want to do their banking at the neighborhood grocery store by pushing a button instead of writing a check.

Indirectly, they will be deciding if they like to write a check on Friday and have it "float" until the bank starts work on Monday.

Proposition No. 6 to authorize off premise electronic banking is one of seven proposed constitutional amendments placed on the ballot by the 1977 Legislature.

Other proposals would expand the Court of Criminal Appeals from five to nine judges, extend the authority to deny bail to persons already convicted of felonies, provide an additional \$200 million for the Veterans Land Fund, provide tax relief for cultural, historical and natural history resources, allow assessment of fees by agricultural or marine commodity groups and change the name

and powers of the State Judicial Qualifications

Eight other amendments proposed by the 1977 Legislature will be on the 1978 general election

The electronic banking amendment would not put anything into effect if it passes. It would, however, authorize the 1979 Legislature, if it wishes, to allow state and national banks to use electronic devices off their physical premises. It also would provide for the sharing of such devices among banks.

The current constitutional provision prohibits branch banking and says each bank must conduct business at only one place.

If the amendment is adopted, banks could be authorized to set up electronic fund transfer EFT terminals at remote locations. AN EFT terminal at a retail store would allow a customer to pay for merchandise by instantly transferring money from a bank account to the store's account.

It also would allow bank customers to make withdrawals or deposits at any time of day or night by inserting a plastic card in an unattended

There are forecasts that the system might be

extended to nationwide use in the future

The Texas Bankers Association, prime movers for the amendment, say it will not bring about an abrupt change in present banking procedures - just make them simpler and quicker. Those who prefer cash or check can continue to use them, or in combination with the electronic transfers

Opponents say the amendment is the first step in elimination of the checking system. It also will, they say, eliminate the "float" - the time between writing checks and the bank deducting it from the account. Some statistics show that about seven percent of the checks presented to banks do not have funds available to pay them. A much larger percentage of checks are written without funds immediately available but with the knowledge and hope the funds will be there when the check is

Proposition NO. 2 on the ballot would make an additional \$200 million available for the 30-year-old program to allow military veterans to buy farm and ranch land with small down payments, low interest and long repayment terms.

The first issue of \$25 million in Veterans Land

Fund bonds in 1946 provided about 5,000 tracts for veterans' purchasers. About 17,000 veterans purchased land from a \$100 million authorization in 1956. About 20,000 veterans bought land from the \$200 million authorization in 1967. Another \$100 million authorized in 1973 is nearly exhausted.

In addition to making another \$200 million available the proposed amendment would make the unmarried widow or widower of any veteran who dies in the line of duty eligible for a land purchase.

Proponents say the state has seen fit to make the land purchase benefits available to veterans of World War II and the Korean conflict and now is the time to be sure all Vietnam veterans have their chance. They argue the program is self-sustaining with any defaulted land being quickly resold to other

Opponents claim the program has outlived its original purpose and overlaps and conflicts with federal veterans programs. Continuing the program now just makes it more difficult to end in the future,

Proposition No. 4 would allow future legislatures to provide tax relief to preserve cultural, historical and natural history resources. Under current

practice, some historical sites owned by nonprofit organizations receive tax exemptions from property taxes. The amendment would authorize tax relief for all such sites, regardless of ownership.

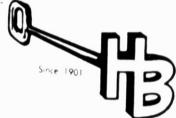

Proponents say such tax relief would significantly contribute to preservation of the cultural and historical natural resources.

Opponents say it would be just another chip at the tax rolls of school districts and local governments, particularly for some of the state's oldest central cities where many historical sites are located. They also claim it violates the basic concept of Texas law that property taxes must be equal and uniform.

Proposition No. 5 would allow the legislature to authorize formation of associations for agricultural and marine commodities and the collection of assessments on their product sales voted by the producers themselves.

Proponents say the commodity boards would be worthwhile ventures and the money collected would be used to increase sales.

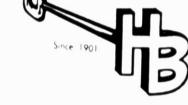

Opponents claim that mandatory assessments actually are a tax on agriculture which is prohibited by the consitution. They say the costs eventually will be borne by the consumer in higher prices for food.

Inflation Rate Grows Slowly for 2nd Month

WASHINGTON (AP) - Inflation held to a moderate rate last month as consumer prices rose by only three tenths of 1 percent, the same as in August, the federal government reported today.

If averaged over the entire year, the September increase would mean a 3.6 percent annual rate of inflation, a sharp improvement over the 10 percent annual rate recorded at the beginning of the

Prices have increased at an annual rate of 4.2 percent over the last three months, compared with an 8.1 percent rate in the second quarter of the year and a 10 percent pace during the first three months.

The improved inflation picture has been satisfying to the Carter administration which has been criticized for its economic policies because high unemployment persists and the rate of economic growth slowed over the

Food prices rose only one-tenth of 1 percent last month, following an increase of three-tenths of 1 percent increase in August. Prices actually declined for pork, poultry, fresh fruits, eggs, coffee and dairy products, helping to offset

increases for fresh vegetables and beef. Non-food prices also continued to moderate last month, rising by only two tenths of 1 percent, about the same as the three previous months. The cost of services rose five tenths of 1 percent, the

same as in August. The Labor Department said the concumer price index stood at 184.0 in September, meaning that a market basket of goods and services selling for \$100 in the 1967 base period now costs

The index also showed that consumer prices in September were 6.6 percent

Despite the improvement in the pace of inflation, the government said the price rise last month and fewer weekly work hours combined to chip four tenths of 1 percent from the purchasing power of the average worker's take home pay.

Compared with that of a year ago, real spendable earnings were up 3.7 percent, largely because of the increase in the federal tax deduction that reduced withholding taxes in June.

Donor Project The Hereford and Whiteface Kiwanis Clubs are sponsoring an organ donor program with a goal of finding kidneys for 17 people in the Panhandle.

One of the persons seeking a kidney is from Hereford.

The two clubs officially kicked off this year's program Thursday in cooperation with the National Kidney Foundation.

Committee members for the project from the Hereford Kiwanis Club include Ron Smith, J.W. Dickerson, Lavon Padget, Marvin Swanson, Allen Brown, Wayne Swopes, Juston McBride, D.R. Vandiver, Richard Kendrick, Dick Montgomery and chairman Rodney Laubhan.

Goals of the committee include obtaining sponsorship of the organ donor program by all Kiwanis Clubs in the Texas-Oklahoma District and ultimately seeing adoption of the program by the Kiwanis International Organization.

Kidney donor cards are available from members of the Kiwanis clubs, and information on programs for civic clubs and other organizations may be obtained from Kiwanis members.

Businesses which have brochures on the organ donor program and kidney donor cards include McCaslin Lumber. J.J.'s Hair Fashions, Edwards Pharmacy, Park Ave. Barber Shop, Western Auto, Flowers West and Plains Insurance.

Brochures may also be obtained from Deaf Smith General Hospital, the Hereford Medical and Surgical Clinic and the Deaf Smith County Court House.

Kiwanis have already been involved in the organ field, having providing four kidneys from two donors since the program began.

Skyjacker Lands, Kills Himself

ATLANTA (AP) - The skyjacker who commandeered a jet in Nebraska for a cross-country dash to spring a friend from jail and then killed himself "made a value judgment" between prison or suicide. says his lawyer.

Thomas Michael Hannan, 29, had released his 13 hostages but was still talking to his lawyer aboard the Frontier hours earlier Thursday when he just sat down and pulled the trigger." said James Dunn of the FBI

The sudden gunfire ended a long day of quiet negotiation in which FBI agents carefully stalled Hanan over a ground-to-airport radio hookup, and Hannan, although occasionally bristling with impatience, returned polite "Yes. sir" and "No, sir" responses.

Hannan had hijacked the jet in an attempt to free George David Stewart - whom police identified as a fellow homosexual - and to get a \$3 million

Both Stewart and his attorney, J. Roger Thompson, had urged Hannan to surrender. Dunn credited both with helping and the day-long drama with no other injuries.

House Gives Okay For New Wage Law

WASHINGTON (AP) - A bill giving nearly five million workers fatter pay checks the first of the year is now awaiting President Carter's signature.

The President is expected to sign the bill, which won final congressional approval Thursday on a House vote of 236

The bill provides gradual increases over the next four years. The first takes effect Jan. 1, pushing the minimum from the present \$2.30 an hour to \$2.65.

Republicans argued the increases would be inflationary and put thousands of persons out of work. But democrats said they would help bring low-paid workers a living wage, although it still is not above the poverty line for a family of

After the initial increase on Jan. 1, the minimum goes to \$2.90 an hour on Jan. 1. 1979, and to \$3.10 on Jan. 1, 1980, before reaching \$3.65 on Jan. 1, 1981.

Formby To Get Baptist's Award

DALLAS- A Hereford broadcaster who has held some of his industry's highest offices for his leadership in quality, responsible use of the air waves, has been named to receive the 1977 Texas Baptist Communications.

Clint Formby, partner and manager of four Texas radio stations will be honored at the annual Convention of the 2-million-member Baptist General Convention of Texas in Fort Worth Nov. 1.3

The award is given annually by the BGCT's public relations advisory committee for outstanding contributions to Christian causes through media, said Richard T. McCartney, director of public relations for the denomination

Formby's contributions to broadcasting were recognized by his fellow broadcasters when they named him president of the Texas Association of Broadcasters and chairman of the radio board of directors of the National Association of Broad-

Formby got his start in radio when he was asked to build Station KPAN in Hereford while junior in Texas Tech University, Lubbock.

Initially, he had planned to be a lawyer, but World War II interrupted his education. After the war, he decided to study communications. Radio. which was beginning to boom. challenged him.

After opening KPAN, Formby went on to build and become the 'first voice' of stations in Snyder. Colorado City. Tulia and Seminole.

Now he is a partner and managing director of Radio KPAN, Hereford; KLVT, Levelland: KTEM. Temple; and KTBB, Tyler.

Doug Manning, Formby's pastor at First church, Hereford, describes him as "a Christian gentleman who bears witness wherever he goes."

Men like Formby are needed

"who give themselves to making the world a better place," said Manning. Formby served as chairman of the Texas Tech board of regents

while the school was going through the building of a medical school, the hiring of a new football coach and the appointment of a new University president

Last year he was named Panhandle Citizen of the Year" by the Amarillo Chamber of Commerce. He served four years on the advisory committee of the Southern Baptist Radio and Television Commission. Also, he has served on the panel of judges selecting broadcasters to receive the Radio-TV Commission's annual Abe Lincoln Awards.

KPAN, which has twice been named the outstanding public service station in Texas by the Texas Association of Broadcasters, reflects Formby's conviction that media should deal with key public issues. "Let's make people think about it," he says.

For 20 years, KPAN has featured the "Day by Day Philosopher. a five-minute program in which Formby gives lines for living, reads poetry and seeks to provide his listeners day's experiences and news to with inspirational thoughts.

BE ENCOURAGED

BY BOB WEAR

DISCOURAGEMENT IS RA-MPANT, and its devastating effects can be seen everywhere. It is admitted that there are reasons for discouragement, but we must surely know that we cannot afford to let the feelings of that, intermingled with the happenings and situations which may cause discouragement, there are many sources of encouragement.

WE MUST SEEK ENCOUR-AGEMENT. Otherwise, it is obvious that we will be overcome by the ravages of discouragement. We find ourselves in a situation in which we must make some very important choices. Most any one of us can have the choice between struggling under the burden of increasing discouragement. Yes, we make the choice.

OUR SENSE OF VALUES is the controlling factor in choosing between being discouraged and being encouraged. There is enough in any one discourage us, if we choose to let these things take first place in our thoughts. On the other hand, if our minds are wisely attuned to the other side of life. we can find enough to encourage us. There must be deliberate, continuous and informed effort; but this effort is more than justified. Try it.

WHEN WE RELATE to others, in the very best way we can, many of them will encourage us. This is one of the blessings in pleasant and mutually understanding associations with our fellowmen. It

Department To Conduct

is helpful to know that, one way or another, everybody can provide some degree of encouragement; and will do so when we keep an open door.

We must, of course, use every opportunity we have to encourage others. We can do this by word and deed, and this action by us will become one of the ways by which we are encouraged.

"I BELIEVE THAT ANY MAN'S LIFE will be filled with constant and unexpected encouragement, if he makes up his mind to do his level best each day, and as nearly as possible, reaching the high-water mark of pure and useful living." Washington.

WE CAN ENCOURAGE OURSELVES by using all available sources; and one of the most certain and dependable source is in our encouragement of others. When we encourage others, we are going to be encouraged.

WE MUST ALWAYS RE-MEMBER that we live in an imperfect world (a world of imperfect people), and therefore we must condition ourselves so that we can be realistic in our expectations. We are imperfect, too; and therefore, we must be reasonable and honest in the expectations we have for ourselves. Many people are constantly discouraged just because they expect too much of others and of themselves.

WE CAN BE ENCOURAGED or discouraged. Let us be

LE MINH XUAN, Vietnam AP) - The tough new frontier of Vietnam begins in the marshes just west of Saigon.

Under the iron rule of a Communist party cadre, thousands of former city dwellers are digging new canals, preparing fields for fruit plantations and building thatched huts.

The German tourist group I accompanied on a recent visit was allowed to go to one such 'new economic zone," Le Minh Xuan, named after a national hero who died in battle against the Americans in 1972.

It is one of many zones created in former no-man'slands devastated by the

Vietnam War. Officials said the new somes are the Communist regime's answer to the overcrowding of the cities caused by the war and the increasingly severe food shortages that followed the war's end in 1975 and the termination of American aid. The govenment plans to move one third of South Vietnam's urban populations to the new nic zones.

Le Minh Xuan is one of nine new zones in a green beit around Saigon, which the Communists now call Ho Chi Minh City. Van Dai, the vice president of the people's planning committee for the former South Vietnamese capital, said in a newspaper interview that 700,000 people have already left the city for the new zones and their native

Officials hope to raise 300,000 ons of food annually in the green belt to feed a population of 1.5 million in Saigon. This will be less than half the lation jammed into the city the end of the war.

magnitude of direct control that cadres from North Vietnam are exercising over the South Vietnamese to implement the

The chairman of Le Minh Xuan is Ho Van Thiet, a stocky, short man with strong hands. He is a northerner who headed a cooperative in the Red River Delta near Hanoi.

Thiet, who has the manner and the power of a military field commander says of his zone: War started in this area 10 miles west of Saigon in 1961 and continued almost without letup until 1975. This was a major assembly area for the liberation

It was here, on the road between Duc Hoa and Saigon, that Spec. 4 James T. Davis of Livingston, Tenn., officially became the first American soldier to die in the Vietnam War on December 21, 1961. A truck in which he was riding with 10 South Vietnamese soldiers was ambushed.

Le Minh Xuan was for years a free-fire-and-kill zone within the rocket belt" around Saigon...

"At the end of the war the former agricultural area was totally neglected, the fields had turned into marshes, salty and sour," said Thiet. "We had to start from the begining.

The party decided to create 6,500 hectares 16,000 acres of pineapple fields. We made plans for some agriculture-related industry and production for domestic use and exports We planned for at least 10,000 people to live and work.

'At first youth brigades worked day and night to revitalize the irrigation in the area and build new canals. The salty, sour earth had to be flushed out with sweet water. The Communist built provisional shelters for the first inhabitants '

The shelters are low, thatched longhouses. The workers live and work in spartan, military fashion, and each gets a monthly salary equivalent to \$23-28.

reports that some of the first, hardest work here and in the other new zones was done by

projects. While irrigation projects were still in progress we built the first homes for the inhabitants that now came from the city." Thiet continued.

are worked regularly on labor

They are simple huts, lined up along the roads or. waterways, without electricity or running water. But "each house has an individual plot of 2,000 square meters nearly half an acre," the chairman said. The workers can grow their own vegetables and rice here. For the first six month the state provides subsistence for each worker and his family. Thereafter he is on his own. But we help in emergencies."

Thiet said in 18 months, 3,000 of the zone's 16,000 acres have

250 acres has been planted. "We have already provided homes for 1,200 families and 10,000 people," he reported. We have had setbacks, but we are overcoming them."

The large-scale resettlement of people from South Vietnam's cities has a certain surface similarity to the wholesale removal of the urban population which Cambodia's new Communist rules are reported to have carried out. But the Vietnamese Communist apparently are not acting with a host of reports say the Cambodians used. And the Vietnamese program is designed to clear the over-crowded cities of the hordes that the war drove into them or American dollars

attracted, not to decimate them. Thiet makes no secret of the fact that the Communist party is the boss at Le Minh Xuan and that dissent is neither encouraged nor permitted. But he insists that every inhabitant of the zone came voluntarily.

Lone Star Gae Ready for Winter

DALLAS (AP) - Lone Star Gas Co. says it's ready for Ol' Man Winter just as long as the expected "nip" in the air doesn't become a toothy 'chomp" like last year and the federal government keeps its hands off southwestern gas

'We don't anticipate the same amount of curtailment this year as last, but then, we don't anticipate a winter like last year either," said Lone Star vice president Harry King.

The company announced its underground storage supplies between Athens and Corsicana now contain about 2% billion cubic feet of natural gas, or 4.6 percent more than last year at

This means an increased daily gas availability for Lone customers," said King. "We injected gas into our storage areas earlier than in our previous years' storage injection

'In addition, the Federal Power Commission approved the company's plan to serve the Wichita Falls area from its intrastate system, which will improve service in that area and will provide the available interstate gas to fewer custommers on the interstate system."

King said the additional gas supplies would not have made any difference in last winter's curtailments of some businesses and schools in Wichita Falls because they were on the nterstate system, which has a limited supply."

Reasons for the increased gas availability, according to King, include expansion of a gas treatment plant at Teague east Waco and increased gas supplies anticipated from sup

It has been shown that influenza A and B viruses change their genetic make-up slightly each year. These annual changes are known as "drifts." A major shift which occurs at approximately 10-year intervals has been observed only for influenza

These genetic changes have posed a special problem for developers of vaccines. As the virus changes or "drifts." immunity created by previous infection or vaccines becomes less effective. When a completely new virus strain appears, there has not been sufficient time to produce the quantities of vaccine needed.

New strains of influenza A virus may cause a major outbreak about every 10 years. For example, in 1957, it was the Asian flu and in 1968, the Hong Kong. Influenza caused by type B virus may have widespread occurrence, but the disease is generally milder. Type C viruses never have been connected with a larger epidemic.

Four Local Teams Lose; Maverick 8th Gets Win

Five local football teams continued action Thursday, including the Herd JV, but only one, the La Plata 8th grade Mavericks, could manage a victory over its opponent.

The Maverick 8th grade team ousted Canyon Purple 31-13 to headline play, while the HHS JV dropped a 19-6 decision to ock Estacado, the La Plata resh fell to Canyon Purple 28-22, and the Stanton 8th and 9th grade teams lost 16-8 and games to Plainview

We played the best game we have all year." Herd JV coach Kenny Barnes said Friday morning. "I was even more impressed with our kids than I was after our win against Lubbock last week."

The coach reported that the

combined with a returned kickoff to hand the JV its sixth loss 1. seven tries.

'We ran all over them, and didn't have to punt until the fourth quarter, but all of our drives but one were killed by fumbles inside their 20," the coach added.

Tony Garcia scored the lone Longhorn touchdown on a one-yard run with about three minutes left in the game. "We tried an onside kick after that which didn't work, but they fumbled the ball right back to us," Barnes said. "But, we ran out of time on their yard-line."

At Whiteface Field Thursday afternoon the La Plata 9th grade played well in the middle quarters, but gave up 16 points in the first period and 12 more in the final stanza to drop a 28-22

decision to Canyon. "Turnovers hurt us a lot, Maverick coach Eddy Helms said. La Plata lost two fumbles halted a Maverick drive.

The clincher was an intercep tion by Canyon with just 35 seconds left, however. The play came as La Plata was driving for the tying points, and the Eagles took over to win the contest after picking the Maverick pass out of the air on the Canyon one-yard-line.

The 8th grade Mavericks got two touchdowns out of Bruce Clark to race by their Canyon for 31-13 in Canyon. "We also nad three touchdowns called back as well as two long-gainers," Maverick coach Asher

Clark tallied on runs on five and 60 yards, while La Plata quarterback Alan Wartes hit Joe Soliz for a 60-yard score, Mike Mason recovered a blocked punt in the end zone. and Julius Sanders capped the day off with a 40-yard TD burst late in the game.

"They shut us off early, but we began to run our outside option and opened it up some." Isaacs revealed. "Then we started going off tackle, mixing those plays with our option."

Defensively the coach praised the TNT trio fo Aubrey Richburg, Barry Josserand, and

Stanton suffered two losses Thursday as the 9th grade team was shut out 35-0 by Plainview. We just played awful in the first half, but came back some in the final two quarters." Dogie

coach Larry Sowers said. Plainview raced to a 28-0 lead at the half. "We fumbled the ball away the first time we had it and they scored real quick," the coach added. "After that the kids just seemed to go flat in the first half."

Dogie quarterback Bill Dirks was one bright spot for Stanton in the game. "Dirks played very well. He has surprised us this year with his passing ability." Sowers said.

Coach Dan Guilison's 8th graders "Played about as well as they could," according to the coach in their 16-8 loss to Plainview at La Plata Field. "Overall our defense played pretty good, but we lost a lot of chances offensively with at least four fumbles and a lot of

penalties," the coach said. Wayne High gave the Dogies all of their points with a 10-yard TD run in the final quarter. High added the PAT run to

Bell, Butler Square Off In Rushing Duel

By BOB NIGH **Brand Sports Editor**

The Hereford Whitefaces try to avenge a 10-7 loss to the Coronado Mustangs a year ago tonight when they travel to Lubbock's Lowery Field to meet the Ponies in a must-win game for the Herd if they want back into the District 4-4A grid race.

Coronado's Chuck Johnson gave the Mustangs a 10-7 victory last year at Whiteface Field with a 37-yard field goal with just nine seconds left in the game. Paul Bell, then a sophomore, capped the game with a 16-yard return of the Mustang kickoff following that stunner.

This year Bell will be a key factor in the Herd's bid to upset the Mustangs, a 13-point favorite in the contest according to the latest Harris Rating System poll. The speedy HHS junior leads District 4-4A in rushing with 847 yards, and will be in a head-to-head challenge with Coronado's Mark Butler, the loop's second-best runner with 601 markers.

Bell won't be the only Whiteface with pressure on him. The Herd as a whole will be trying to end a victory

at the beginning of the season. "We won't be trying anything new this week," Herd head coach Fred Upshaw said Thursday afternoon. "We'll just keep doing what we have been, and hope to get some

breaks early and build some

momentum.

Despite the five losses the players are in good spirits according to the coach, "These kids just never get down on themselves or their teammates," he said. "They go into each game knowing they have a chance to win."

The Herd will be in good shape physically this week with split-end Robert Graves back full strength. The only two players expected to miss the game were tackles Doug Josserand and Mike Keer, both out with injuries.

Graves may be spectacular this weel after an explosive showing last week while coming back off a knee injury. "We were impressed with Robert last week." Upshaw said. "He came on stronger than we expected."

Graves latched onto a pair of Kelly Kitchens passes against Plainview for a total of 75 yards. drought which has lasted five He now has a total of five snags games after two impressive on the year for 113 yards, fifth wins over Pampa and Palo Duro best in the district in yardage.

Herd tight end Greg Brockman gives HHS another loop leader this week. The touch senior co-captain, who has played virtually in every position for the Herd over the past two season, has 11 receptions this year to lead the district along with Plainview's Jay Miller. Brockman holds the edge in yards, however, 189-171 over the Plainview end.

Upshaw expects the Herd to continue throwing the ball tonight, something they have done more of lately. Quarterback Kitchens is second in the district in passing yards with 457 to Ron Reeves of Monterey's 509, and has completed 31 of 78 attempts for three touchdowns while having just four aerials intercepted.

A win over the Mustangs tonight would place the Herd back in the thick of things for the district championship, providing the Monterey Plainsmen can beat Plainview in getting Brownfield on Saturday afternoon.

"We're down to the point them the rest of the way." Upshaw concluded. "If we can win tonight and Monterey beats Plainview, we'll have some hope

Cubs Added To Herd Schedule

The Brownfield Cubs. members of District 3-3A. will host the Hereford Whitefaces in the first of a two-year series of grid contests next October 13, Hereford High School Athletic Director and head football coach Fred Upshaw has announced.

"We have agreed to play Brownfield beginning next year on a home-andhome basis for two seasons," Upshaw said in making the announcement. The Cubs will be replacing the Dumas Demons on the Herd schedule the next two years. Dumas pulled out of the HHS schedule after the recent UIL realignment, which added an additional District 1-3A game to their state.

"We feel real fortunate our schedule," Upshaw added. "We were going to have a tough time finding one to fill out our 1942, h pulled out, but it just and 1954 [33-13].

Shut Out 'Faces The Tascosa Rebels proved to be too much to handle for the Hereford tennis teams Tuesday afternoon. Tascosa handed both the HHS boys and girls 9-0 setbacks, the 'Faces' first defeat after two straight wins without as much as losing a match.

"We had some tough matches, especially in the boys play, which helped us a lot," HHS coach Sheila Watley said. "We had four split-set matches in the boys play, and overall we were very close."

The Herd fems were hardpressed to win a game, againstthe stronger Rebel girls. however. Patricia Grimsley proved to be the most formidable of the HHS girls. finally losing her match 6-3, 7-6 in singles play. Lisa Blakely also played well before losing a 6-1, 6-3 decision.

Hereford's bill Bayne and Tascosa's Shane Sasser had probably the finest match of the day. Sasser won the initial set 7-6 before Bayne came back to win the second 6-3. Sasser then won the rubber set 7-5.

Rebel Victor Hands also had to go three sets to defeat Hereford's Ruben Vargas. Hands won the first set 6-0, and then saw Vargas nab the second 6-3. The final set went to Hands by a 6-4 count.

The other two split-set decisions came in boys doubles

play where Tascosa's Hands and Greg Stevens downed Vargas and Eddie Castanada 6-3, 3-6, 6-3, and Rebels Sasser and Mike Perkins dealt Jimmy Ramirez and Roy Rodriguez 6-4. 3-6, 6-4 setback.

Dibiase Bans Dillon From Mat Showdown

Teddy Dibiase asked that Brute Bernard and Manager J.J. Dillon be barred from the Bull Barn this Saturday night in lions club wrestling's main event. The 245-pound pex-West Texas gridder is meeting another of Dillon's henchmen, The Angel.

The Angel, 225 pounds, professes to come from Bordeaux, France. Dibiase indicated that his opponent came from a lower, hotter place. His encounters with the Angel, Bernard, and Dillon, in the last two weeks at the Bull Barn, have led to nothing but mayhem and pandemonium.

In semi-main action, Rip Hawk meets newcomer Don Kernodle. Hawk is the squat, apelike 245-pounder who once coached amateur wrestling. A man of undoubted skill, he prefers barroom tactics and street fighting techniques. He long tag-teamed with the huge Swede Hanson, who left for a tour of Japan and Korea, and who sought sunnier climates on, his return to the states.

Of Kernodle little is known. He wrestled with distinction in the Mid-Atlantic states, chiefly the Carolinas, and is said to weigh an agile 235 pounds. A win over Hawk in his debut might give him a chance at

Another grappler unknown to Panhandle fans, Randy Alls, will be appearing at the Bull Barn Saturday night. He is coming in from Dallas to try the mettle of popular Reggie Parks. Parks, known to fellow matmen as "Mr. Condition." will be giving away poundage at 228.

The opener will see Bobby Pico of Mobile, Alabama, going against Jessie Hernandez. Pico. hardly more than a light heavyweight, delighted sports buffs at the Bull Barn a couple of weeks ago with a surprise

Jerry Kozak. Pico will be spotting Hernandez over forty pounds. The newcomer steps on the scales at 250, and in addition to wrestling on the west coast he worked the ranch of his foster father, Oregon Promoter Don Owen.

Last week's action saw only one straight win in four matches, largely owing to the presence and tactics of Dillon and his two wrestlers. The first match saw Nashville's Johnny Starr battle to a draw with Hawk. Starr tickled youthful fans after the match by standing outside the dressing room door and doing a shuffle-off-to-buffalo and he sang "Give My

Regards to Broadway." The Angel defeated Parks with a claw hold. The Brute was disqualified over Ricky Romero for interference of manager Dillon, and Cyclone Negro was disqualified in main event action when he saved himself by boosting Dibiase over the top

Action at the Bull Barn will commence at 8:30 p.m.

Because we see the greenest grass In someone else's yard.

The magic thing we call success Eludes us, come what may:

Reality Is In Jackson Story

A couple of seasons later, when Rocke was looking for a team to play on the West Coast, Jones accomodated him as the new Southern Cal coach.

That's how the Notre Dame-Southern Cal football series started in 1926.

Fueled by the spirit of those two inspirational coaches, the rivalry soon developed into one of the most passionate in America, and Saturday it's Game No. 49 in the historic series, at South Bend, Ind.

As generally is the case, both teams are ranked in the Top 20 - Southern Cal at No. 5 and Notre Dame at No. 11. And as usual, both teams are ready to go for each other's throats.

"No one has stopped their offense this season," says Notre Dame Coach Dan Devine, fearful of anintimidating Southern Cal team that is ranked No. 2 offensively in the country. "They have a super offense with skilled people at evey position."
Two of the skilled people are

Charles White, another in a long list of fine Trojan tailbacks, and quarterback Rob Hertel. White has rushed out of USC's destructive I-Formation for 696 yards and Hertel has completed 66 of 116 passes for 1,031 yards and eight touchdowns.

Notre Dame isn't short on talent, either. The offense is keyed by Jerome Heavens, who set a single-game school record

yards against Army. The defense is buttressed by Ross Browner, one of the country's

Top-ranked Michigan, meanwhile, figures to have an easy time with its opponent. The Wolverines, one of only two undefeated and untied teams in the Top Twenty, have outscored six teams by an average score of 32-7. The Minnesota Gophers, on the other hand, have had it tough scoring at all and only one time this season have they

managed to get more than one touchdown in a game. Second-ranked Texas, the other Top Twenty team with a perfect record, plays at SMU in what appears to be another mismatch. The Longhorns have beaten two of the nation's top clubs in Oklahoma and Arkansas the past two weeks. Third-ranked Alabama ap-

an easy game. Elsewhere, No. 6 Oklahoma hosts No. 16 Iowa State; No. 7 Colorado visits No. 18 Nebraska: No. 8 Kentucky tackles Georgia; Houston plays at No. 9 Arkansas and No. 10 Penn State entertains West Virinia.

In the rest of the Top Twenty. it's No. 12 Texas A&M at Rice; Syracus at No. 14 Pitt: No. 15 California at UCLA; No. 17 Brigham Young at Wyoming: Tennessee at No. 19 Florida and North Carolina State at No. 20

Miami Happy

By HAL BOCK **AP Sports Writer**

He's no Larry Csonka or Jim Kiick or, for that matter, Mercury Morris. But the Miami Dolphins are perfectly happy with Benny Malone, thank you.

Malone operates out of the same backfield where Csonka, Kiick and Morris once worked, and he has an opportunity Sunday to accomplish something that no member of that other trio ever did.

With two straight 100-yard rushing games, Malone goes for No. 3 and a line in the Dolphins' record book when Miami faces the Seattle Seahawks. Those other guys all had 100-yard games, but no Miami runner ever has put three of them in a

Mrs. Harkins Reinstated As Auxiliary President

Mrs. Earl Harkins received a later time. vote of approval from members of King's Manor Auxiliary Tuesday afternoon when she was asked to continue serving as their president for another term. The auxiliary unit held their semi-annual membership meeting in the Manor's Lamar Memorial Garden Room.

Other officers elected and installed included Nadine Hill, vice president; Ruth Robbins. er, treasurer. The installation a money-making project. was conducted by chaplain Dewitt Seago.

The slate of officers were nominated by a committee composed of Marguerite Cole, Pat Fisher, Margie Mims, and Joanne Simmer.

Pat Fisher read the minutes of the Auxiliary's March meeting

for approval. Mrs. Harkins appionted a committee to decorate the Bull Barn for the Founder's Day Dinner on Nov. 15. Names for this responsibility were Amy Gililland, Nancy Perrin, Nancy Duncan and Betty Martin,

Numerous committee reports were presented by their respective chairmen. Ruth Gandy reported that more volunteers are needed to assist with the arts and crafts sessions held on the second and fourth Wednesdays of each month.

Representing the resident aid committee, Joanne Simmer announced that Mary McWhorter, a new member of the Auxiliary, is now being trained to read newspapers for Manor residents each Monday.

A progress report was heard from Della Stagner in behalf of the transportation committee, which offers conveyance for Manor residents. Also, Annie Ruland of the social committee stated that arrangements for monthly birthday parties at Westgate have been made for this year.

Halloween Garb Worn By Sorority Sisters

Disguised by colorful Halloween costumes, members of Xi Epsilon Alpha, Beta Sigma Phi Sorority, met Tuesday night in the home of Jan Walser. Karren Ruland's clown outfit was recognized as the best costume.

The efforts of Cheryl Bullard and her committee were cited by members as an aftermath to the chapter's recent food certificate drawing. Mrs. Bullard reported that Glen Laing was the recipient of the \$100 food certificate to be spent at Furr's Supermarket.

Service chairman Karren Ruland asked her sorority sisters to bring boxes of facial tissues to the chapter's next meeting. These aticles, and future items, will be sent to residents of Girlstown.

President Mary Sledge announced that the chapter would be assisted by members of Alpha lota Mu Chapter in furnishing refreshments for BSP Fall Rituals on Nov. 15.

The second part in a series of programs on Mahatma Gandi was presented by Karren Ruland and Marilyn Bell. Describing his campaign for non-violence, they stated that demonstrations, strikes and world peace talks were

XEA members in attendance were Sandy Owsley, Ilajean Brinkman, Toni Jones, Pam Fogo, Kee Ruland, Nan Gauthreaux, Alene Mason, Lillie Shipman, Barbara Burkhalter, Betty Barrett, Phylis Neil, Opal Glenn, Beverly Davis, Linda Thorell and those previously mentioned.

Oven Meals Discussed

Members of Cultural Home Demonstration Club met last week for a program on slow cookery and oven meals in the home of Mrs. Burke Inman.

Several recipes were prepared to illustrate the program, which was presented by the hostess. The dishes were served as refreshments afterwards.

Club president Mrs. M.W. Sumner called the business session to order and the opening

exercise was a poem "An Old English Prayer," read by Myna Mae Love. Roll call was answered with ideas relating to

the afternoon's program. Louise Smith of Granbury was welcomed as a guest by the nine members attending.

Mrs. John Hunter will be hostess in her home at the club's next scheduled meeting on Oct. 28.

The Wa-Ca-Tawasi Camp Fire group met Wednesday at the Community Center where they joined with the E-Ha-Wee group in making decorations for the Halloween party at Westgate Nursing Home.

Both groups also formed committees to plan their own Halloween party, scheduled oct. 29 at the Camp Fire Lod

Holly McNeese furnished refreshments for the following members: Sandra Rodriquez. Teresa Carr, Laurie High, Shirley Morrison, Tanya Jones, Trixie Sisk and leader Betty Jones.

On Monday, all members of the group attended the Hand-in-Hand orientation program at Westgate. Also, the Camp Fire Girls also recently entertained Nancy Waltens, a 13-year-old girl from Belgium. Nancy and other members of her family are acrobats on tour of the United States with the Southern Assemblies program. The performers were featured at local schools last week.

The E-Ha-We Camp Fire group met Wednesday at the Community Center with the Wa-Ca-Ta-Wasi group to make

Ann Landers Plants Can Kill

DEAR ANN LANDERS: Last year my mother bought a Ricinus Communis plant, commonly known as the castor oil plant. The salesperson assured her it was not poisonous. My three-year-old brother ate the large seeds off the plant and died. Mother went to pieces after my little brother's death and has been under psychiatric care ever since.

Because of this tragedy I have done a lot of research on plants and was shocked to learn that there are a lot of poisonous plants in homes with small children. Unfortunately, many plant shops employ people who are uninformed. So, will you please warn your readers to check with a knowledgeable horticulturist or with a poison control center before they buy a house plant? I wish my mother

The following ARE poisonous if eaten in large amounts and will result in death: The berries of the daphne

The bulb of the hyacinth

The leaves and branches of he oleander. The green berries of the red

sage plant. The berries and foliage of the

yew plant. Sign this letter - One Less In The Family

DEAR ONE LESS: Thank you for a letter that may save many lives. Too bad you had to lose your little brother, but hopefully you will have saved someone else's.

Buy Family Circle magazine today and read the candid and provocative article by Ann Landers - "How Much Do We Owe Our Children?"

DEAR ANN: My wife is 27. 1 am 29. We have been married five years. From the beginning I knew Martha had emotional problems but was sure that with a lot of love and understanding we could work things out. Everything was fine until last

January when our little girl was born. Martha became depressed, couldn't do much housework and wanted nothing to do with me sexually. I got her to go to a counselor. It helped.

In May Martha announced she was switching to an unlicensed hypnotist. Since that day she has become stubborn

and unpleasant. She phones the hypnotist several times a day and can't make a decision on her own. She has a bad cough but won't go to a doctor - says the hypnotist is curing her. What can I do? - Stymied

have agreed to go by what you good friend (a boy) didn't know birthday present. Buy what you want. I can't think of anything."

My mother did not like the idea. She says it is not proper for a young boy to give a girl money as a gift. I think it's more sensible to give money than buy something dumb. Please settle this. - Only Friends

DEAR ONLY: I'm with your mom. If the friend couldn't think of an appropriate present. he should have given you a gift certificate rather than cash.

\$7.50 a copy, it isn't going to be a best seller. Free, it wouldn't be a best seller.

DEAR STY: If the hypnotist is unlicensed and practicing medicine (which he seems to be doing) he should be reported to the County Medical Society and to the district attorney at once.

DEAR ANN: My mother and I just had a big argument. We both respect your advice and say. Here is the problem: A very what to buy me for my 15th birthday, so he handed me a \$20 bill and said, "Here is your

WASHINGTON (AP) - At can sequel to the list of Carter campaign promises prepared by

Presidential Evaluation

Is No GOP Best Seller

That's because the Republican National Committee's promise-by-promise recital of what President Carter has and hasn't done is about as dramatic as a telephone directory.

Nonetheless, the GOP "presidential accountability project" has its moments. It lists campaign promises kept, broken and in five other categories. Sometimes they overlap.

Take the Republican assessment of Carter's promise to pursue budget and money supply policies so as to perk up the economy, "with some deficits if necessary, to reduce unemployment more rapid-

According to the GOP score-keeping system, this composite campaign pledge has been broken, kept and not kept, depending on which phase is under appraisal.

"Mr. Carter appears to have shown a little timidity here." the Republicans say, showing some themselves, since they can't decide whether that promise is broken, met or meaningless.

The GOP appriasal notes that Carter began by adding \$19.4 billion to the projected deficit, but that cancellation of his proposed \$50 tax rebate reduced that sum, and a lower-than-expected rate of government spending will reduce it still

The Republicans have cited some clear reversals of Carter's campaign pledges, notably his statements that he would not relinquish U.S. control of the Panama Canal, and that he favored deregulating the price of newly discovered natural gas. They also contend that the tax

provisions of his energy program break his promise not to increase taxes on lower-and middle-income Americans.

All of this goes on for 205 pages in a blue-bound Republi-

the White House

According to the Republicans. that list and others add up to 612 Carter campaign promises. By Republican accounting, he's kept 107 of them and broken 77. The rest are pending or impossible to classify at this

It seems a little early for a box score on an administration that has not yet presented such major elements of the Carter program as tax reform and national health insurance.

But the Republicans aren't resting on their dossier. They plan to keep it current, and probably will issue a new edition early in the 1978 congressional

campaign year.
Copies of the GOP appriasal, called "Promises, Promises," have gone out to Republican members of Congress, GOP governors and members of the national committee. The party is advertising the book to its workers and donors at \$7.50 a

issue in 1978. And by 1980, he said, the Republicans will have an ele exhaustive accounting of Carter's performance in office. ready for their candidates to use. "This is the beginning of that effort," he said.

The White Huse is not mpressed. David Rubenstein, who edited

the compilation of Carter campaign pledges, said he hadn't seen the Republican catalogue.

"We haven't bothered to get copy," he said. Nor is the White House trying to keep score against the promises list.

"It wasn't intended to be a checklist." Rubenstein said. He also said Carter never got ni around to reading the compila-

> WASHINGTON (AP) - The House completed congressional action Thursday on a bill raising the national minimum wage from the current \$2.30 an hour

to \$3.35 an hour by 1981. Nearly five million workers will get increases in their paychecks Jan. 1 when the first stage of the four-step. 45-percent increase takes effect, going up to \$2.65 an hour.

The House voted 236 to 187 to send the bill to the White House, ignoring arguments John from Reps. John Ashbrook. R-Ohio. and John H. Rousselot, R-Calif., that the bill would put hundreds of thousands of workers out of jobs.

Rep. J.J. Pickle, D-Tex., had asked the House to reject the compromise worked out by a Senate-House conference committee because it greatly weakened a House provision exempting more small businesses from paying the

minimum-wage benefits. The House showed no inclination to push harder for its position, however, and with its vote ended a six-month fight for the minimum wage increase by organized labor and others.
