PUBLISHED EVERY THURSDAY

WHEAT NEAR HEREFORD ABSORBS SUMMER RAIN.

## 'DROUGHT' FINALLY ENDS

—Staff Photo by Tyler Vance

# Fireworks, Downpours Hit Area

Booming thunderstorms flashed their way across Deaf Smith County and the Texas Panhandle Wednesday night, with a prelude of gusty winds beneath ominous clouds and an aftermath of wet cropland.

The storms, which prompted issuance of a severe weather

alert for the northern Panhandle at 8:45 p. m., dumped at least half an inch of rainfall on many portions of the county.

**THEY FOLLOWED** a gentle and widespread rain for the area Tuesday night, which offered as much as an inch of water for the thirsty western half of the

county. Showers continued late into the night Wednesday, as moisture totals mounted past the half-inch mark reported in many areas of the county by 9 p. m. Wednesday.

**NO SEVERE** weather had been reported in the county at

that time, but the series of thunderstorms stretching in an almost solid line from Kansas to New Mexico through the Hereford area, had not cleared the region.

The rains, coupled with others received here Saturday, have broken a dry-spell stretching back to October for much of the area.

Hail had been forecast in Wednesday night's fireworks and downpours, but no damage had been reported at press time.

In Tuesday night's slow-falling soaker, rainfall was more-or-less general in the county, although amounts were heavier to the west of the city — in dryland areas, where it was most needed.

**MEASUREMENTS** of an inch or more were common in an area centered 20 miles west of the city, in the heart of the area's rangeland and dryland cropland region.

The city recorded just .42 from the Tuesday night showers, according to radio KPAN, while the Summerfield area — which was on the heavy end of Saturday's rains — recorded from a-half to an inch of rainfall.

**MOST OF** the southern half of the county recorded a half inch of water Tuesday night.

Phillip Miller, at his government gage 18 miles west and six north of Hereford, saw a .92 reading Wednesday morning fol-

## VOTING SET JUNE 11

# Road Bond Proposal Facts Show No Tax Hike Needed

With apparent light interest in next week's county bond election, county officials this week have emphasized that the proposed construction of some 30 miles of paved Farm-to-Market roads in the county brings with it no increase in taxes.

Only 14 absentee votes have been cast in advance polling for the June 11 election, which will decide the fate of the county commission's proposal to issue \$450,000 in tax bonds for the projects.

**DEADLINE** for absentee balloting is Tuesday.

If okayed by voters, the bonds will be used to construct paved roads in all four county precincts.

Commissioners have pointed out that the proposed paving would be the first major farm road construction project in the county since 1949, when voters approved \$1/2 million in bonds for FM road construction.

**BONDS USED** for that project will be retired soon and the proposed \$450,000 can then be retired with the same tax rate formerly assigned for that purpose.

Thus, commissioners said, the currently hoped-for issue will

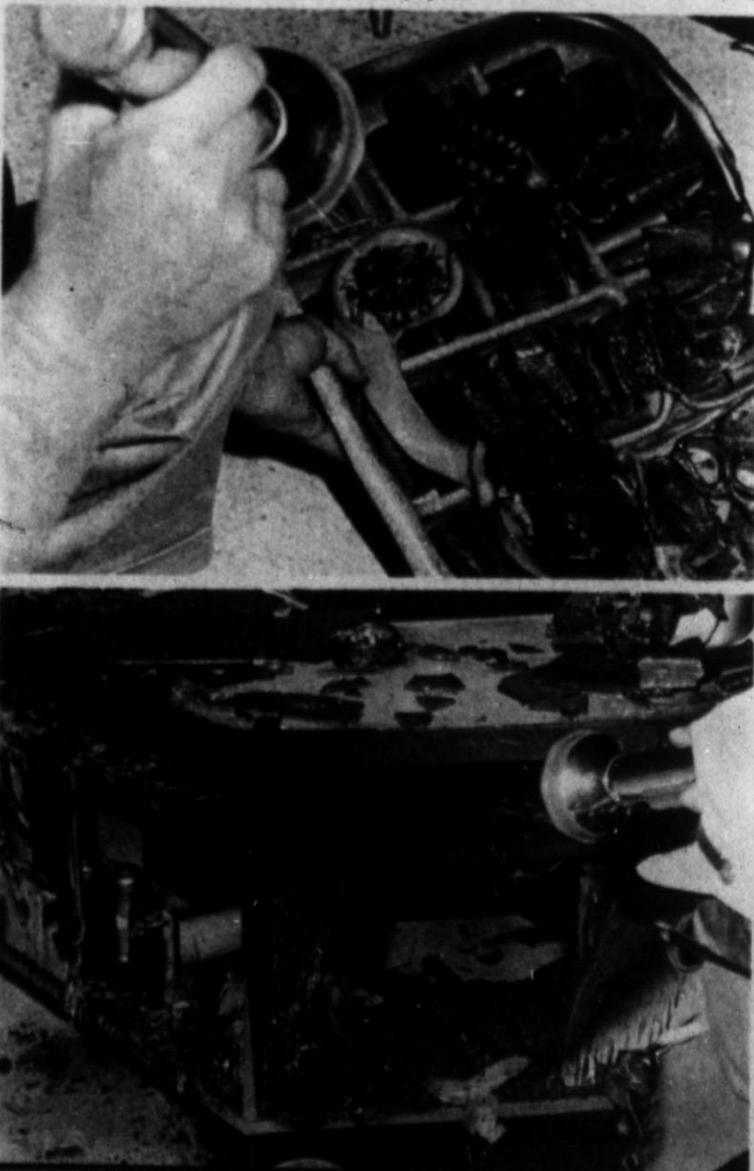

bring no additional tax burden to county taxpayers.

**PRACTICALLY** all of the county's present debts will be retired by 1973, with the exception of the most recent bond issue, which went for hospital expansion. Those bonds will be paid off in 1977.

At the present time, the county's net debt is 572,000.

County assessed valuation is more than \$40 million.

This, compared to the net debt, gives a ratio of 1.43 percent, a mark which would be envied by most Texas counties, commissioners said.

**FIRE DAMAGE** — Fire Chief J. W. (Jap) Dickerson points out damage caused by a Sunday night fire at the Le Coiffeur Beauty Salon. At top is melted hair curlers and, below, exploded cans of hair spray. See story at top of page. (Staff Photos)

## Library Sets 'Trail Drive' For Youngsters

A summer reading program for children of the second through sixth grades, the first ever conducted in Deaf Smith County Library, will begin June 6 with a Trail Drive theme. Mrs. Lorene Newman, librarian, announces. All youngsters in the county are invited to participate.

Maps of a cattle trail from Hereford to Abilene, Kan., attractively colored, will be given to each participant who reads a stated number of books, the reader will continue to count books and mark his progress up the trail.

**EACH ONE** who completes the reading program by Aug. 15 will receive a certificate. Registration will begin at 9 a. m. Monday and continue during the program. Fast readers may begin late in the summer and still read the number of books required for a certificate. Mrs. See **LIBRARY** Page 2

## 4-H Bake Queen Winner Revealed

Cheryl Cole of Willing Workers 4-H Club was crowned the 1966 4-H Bake Queen at the annual contest held in Community Center Wednesday afternoon. She will represent Deaf Smith County in a district contest at the Tri-State Fair in Amarillo next fall.

She made top score on her record book, also on batter rolls which she made for judging in the contest. High score on pies was made by Dorothy Marnell, a member of Merry Maidens 4-H Club.

# Second Democrat Ballot Saturday

## AT BEAUTY SALON

# Blaze Losses Set At \$9,500 Here

Losses were estimated at \$9,500 in a Sunday night blaze which came as Hereford's second major fire in two weeks. Heavily damaged by the blaze which was first reported at 7:40 p. m. Sunday was the Le Coiffeur Beauty Salon, located on the ground floor of the Hotel Jim Hill.

**THE FIRE** followed a \$40,000 blaze May 19 at the Hacker and Jesko Meat Co., and separate blazes on March 17 and 19 causing total losses of \$28,000. These fires have interrupted a two-year period in which Hereford saw no major fire losses.

Cause of the fire at the beauty salon Sunday night has not been definitely determined, but firemen theorized flames may have erupted from a short in wiring of electrical equipment.

Mrs. Verna Terrett, who has operated the salon for the past six years, estimated losses at \$8,000 to equipment and supplies and other estimates ran the total to \$9,500 for damage to the building, including some smoke damage to the hotel lobby.

**FIREMAN** were greeted by dense smoke following the general alarm.

"The fire had gone so long that it was playing out for lack of oxygen," Fire Chief J. W. (Jap) Dickerson said.

**"IT LOOKED** as if the heat was almost sufficient to explode

windows as we arrived, and spray cans in the shop were going off so fast it sounded for a moment like somebody was beating on something to get out," he continued.

The fire was cooled down in three to four minutes and brought under control in about 20 minutes, Dickerson said. See **BLAZE** Page 2

## How Many Nails Does A 'Nail Picker' Pick?

How many flat tires will two tons of nails spread throughout the alleys of the city of Hereford make?

Well, city officials don't know the answer to that one but they figure it would be quite a few.

**MAYBE** these flats won't happen, however, since a "nail picker" combed all of the alleys in town last week, picking up 4,500 pounds of metal debris.

"I'd say 4,000 pounds of it was nails and tacks," a city employe said.

The nailpicker consists of a huge magnet mounted on a truck, which picks up nails See **HOW** Page 2

## Light Vote Forseen At Local Polls

Deaf Smith County voters go to the polls Saturday to choose between four candidates for two posts in the second Democratic Primary.

With only 57 absentee votes cast for the primary, a light turnout is expected in Saturday's balloting to select the Democratic nominee for offices of Texas Attorney General and Deaf Smith County Justice of the Peace.

Polls open at 8 a. m. and remain open until 7 p. m.

**BOXES WILL** be located at the same locations as during the May 7 primary, which narrowed the field from three to two candidates each for the posts to be filled in Saturday's voting.

Incumbent C. B. (Berry) Miles faces former businessman Ernest Wade in the run-off for justice of the peace, while Crawford Martin meets Franklin Spears in balloting for attorney general.

**ALTHOUGH IT** won't be official until the November general election, winners of Saturday's primary will probably take office Jan. 1, 1967.

There is no Republican opposition for the JP post, and the state's Democrats forsee no trouble in electing the run-off winner, although Rob Stewart of Dallas County will be listed See **SECOND** Page 2

## MORE THAN 500 ATTEND

# Pioneer Day Events Draw Largest Crowd In History

A record 550 pioneers from eight states attended the Mid-Plains Pioneer Day celebration in Hereford Monday.

The day was highlighted by the dedication of a historical marker, the election of new of-

ficers for the Mid-Plains Pioneer Association, two class reunions, and lunch for all in the Bull Barn.

**CEREMONIES** were held to dedicate a Texas Historical Marker telling of Hereford Chri-

stian College, which opened in 1902 as a coeducational public school and remained in operation until 1912.

Officers were elected for the coming year for the Mid-Plains Pioneer Association.

The elected officers are Mrs. Reed Williams, president, Frank Ball, vice president, and Mrs. Jennie Carter Buckner, secretary-treasurer.

Members of the steering committee are Mrs. Lucille Olson, Baker Womble, J. R. Allison, Mrs. Art Manjeot, Frank Benner, Mrs. Homer Fox and Mrs. Ralph Sears.

Past officers were Ezra Norton, president; Charles Newell, vice president, and Mrs. Jennie Carter Buckner, secretary-treasurer.

Steering committee for the past year was George Staubaugh, Mrs. Corrine Neely, Mrs. Suzy Lipscomb, Bob Wilson, M. L. Simpson, Mrs. Roberta Wilson and Glenn Witherspoon.

**CLASS REUNIONS** were held for the Hereford High School class of 1919 and the Overstreet Class. (See stories and photos inside.)

Persons attending Pioneer Day from the states of Texas, Washington, California, New Mexico, Colorado, Kansas, Missouri and Oklahoma.

Members of the Pioneer Study Club and the B&PW Club assisted with the reunion at the Bull Barn.

Mayor Ray Cowser welcomed the old timers to the reunion. See **PIONEER** Page 2

**PIONEERS' HIGHLIGHTS** — A record crowd of more than 500 attended Mid-Plains Pioneer Day here Monday. Top photo shows the noon luncheon. At bottom, Ezra Norton, outgoing president of the Mid-Plains Pioneer Association, greets one of the many out-of-town guests. At right, Mrs. Alex Thompson speaks during the dedication of a Texas Historical Marker commemorating the former Panhandle-Christian College. (Staff Photos)

(Continued from Page 1) union during the annual meeting.

Miss Lillie Hostetter, of Kings Manor, was the oldest woman present and R. M. Gunn, Rt. 1, Hereford, was the oldest man attending the event.

Mrs. Tom Vaughn and Mrs. Ida Schultz Clay were the women who traveled the farthest distance to the reunion. They were both from Tacoma, Wash. Tom Vaughn, also from Tacoma, Wash., was the man who had traveled the farthest.

The first six persons who registered in the 70-year bracket were Mrs. Roberta Nance Wilson, Claude Higgins, J. G. Fortenberry, John H. Patton, Vern Witherspoon and Ky Higgins.

**DEDICATE MARKER** — Ex-students of Panhandle Christian College on hand for dedication ceremonies Monday for a Texas Historical Marker commemorating the former Hereford school were, from the left, Arthur Thompson, Roberto

Dire, Clara Shore, Audrey Thompson, Claude Ricketts, Glenis Carlson, Nona Jewell, Vern Witherspoon, and Roy Jewell. (Staff Photo)

### Press Stipend Winner Named

An 18-year-old El Paso girl has been named winner of the West Texas Press Association \$600 journalism scholarship.

The winner is Mary Ellen Botter, who recently completed Austin High School, El Paso, in the top two percent of her class. She plans a major in journalism at Texas Western.

ANNOUNCEMENT of the selection was made by Bill Turner, publisher of the Olton Enterprise, chairman of the WTPA scholarship committee.

Mary Ellen was selected from a field of 18 applicants from throughout West Texas. First alternate named by the committee is Sheila Looney of Odessa, who plans to major in journalism at Texas Tech.

The WTPA scholarship winner will be awarded \$150 annually, \$75 per semester during her four years in college, providing normal progress toward a degree is maintained.

THIS YEAR'S award is the ninth annual by the West Texas Press Association. Four students are enrolled in area colleges and universities using these scholarships enrolled in area colleges and ships and several have graduated.

Among qualification for applicants are a standing in the top 25 percent of the graduating class, a demonstrated ability in newspaper journalism and a desire for a newspaper career.

Mary Ellen, besides working on the staff of her school newspaper the past three years, worked three afternoons per week on the El Paso Times' "Teen-Times," a teenage news supplement.

While maintaining a high scholastic average, she tutored two elementary school boys as a part-time job while a senior at Austin High.

She was named the outstanding Teen-Times reporter of the year earlier this month by the El Paso newspaper.

### Field Day Set Friday At Etter

Hereford area farmers have been invited to Etter Friday for a field day at the North Plains Research Field.

SMALL GRAIN research will be stressed at the meeting along with a number of other topics which will be discussed.

John Shipley, coordinator of studies at the field, will be in charge of the event which will include six short talks by researchers and a tour to view projects and facilities at the site.

Shipley has been studying the yield increases gained through added irrigation on wheat and he will report on preliminary results at the field day.

IN TRIALS last year, Shipley grew more than 75 bushels of wheat-per acre on one heavily irrigated plot.

"This is the kind of yield many

farmers are trying to grow," he said, "but these studies show the bumper yields are not most profitable if a farmer has another crop that can better use the irrigation water."

Other short talks will be on the following topics:

**WEED CONTROL** - in grain sorghum; insects and related problems on the North Plains; small grain improvements and hybrid wheat possibilities; and the overall research program at the field.

Anyone in the Hereford area interested in attending this field day can meet the County Agent, Justin McBride, at the parking lot on the north side of the Courthouse at 10 a. m.

Further information can be obtained from the County Agent's office.

### Library...

(Continued from Page 1) Newman says, although early registrants will have an advantage.

Rules are framed to encourage a variety of reading. Two types of books, mysteries and the stories of Dr. Suess, may not be counted in the program — because they are so popular that some readers might read nothing else all summer!

A reader must have a library card and must register for the reading program. Each must read books in his grade level or above in order to count them in his total. Children in grades two and three must read 20 books in order to receive a trail map; those in grades four to six must read 25.

Adding Machine & Typewriters  
**THE INK SPOT**

### Second...

(Continued from Page 1) as a GOP candidate for the office on the general election ballot.

Miles outdistanced Wade by 1,021 votes to 804 in the county's primary balloting; however, obtaining the majority of the 572 votes which went to first primary contestant Charlie Sowell could win the JP post for Wade.

LOCALLY, Martin was widely favored by Deaf Smith County residents in the attorney general first primary balloting.

Martin drew 1,255 votes, as compared with 594 for Spears. Third in the first primary attorney general count was Galloway Calhoun, with 448.

More than 2,400 participated in the May 7 primary, and state

election bureau officials are predicting less than half of the first primary voters will return to the polls Saturday.

**HOLDER** of the office of justice of the peace for the past ten years, incumbent Miles seeks re-election for the second time. A Hereford resident since 1929 Miles was a farmer prior to assuming public office. He and his wife reside at 403 East Fourth. He is the father of three children and is a member of the Baptist Church.

**OPPOSING** is Ernest L. Wade. Wade, a Hereford resident since 1918 was a member of the Deaf Smith County sheriff's department until a few months ago. He had worked there for four years.

Prior to that time, he operated a dry cleaning business in the city for some 30 years.

A member of the First Methodist Church, Wade and his wife reside at 600 Union. They have one daughter.

**IN THE STATEWIDE** race, campaigning has been at a torrid pace for Martin and Spears. Martin won the endorsement of his first primary contender, Galloway Calhoun, and has mustered much support from a committee of state senators and has emerged as the polls' pick to win the post vacated by Waggoner Carr.

However, contender Spears charges Martin is being forwarded by "a clique headed by Gov. John Connally," Spears, in the May 28 edition of the "Texas AFL-CIO News," was lauded as "the voice of the people," based on his past voting record, which supported such items as the minimum wage law and the state labor relations act, and his leadership in the fight for permanent voter registration in the recent special session of the legislature.

### Set Historic Conclave Methodist Conferences

A number of area Methodist will be traveling to Dallas and Southern Methodist University, Monday for a historic joint convocation of the eight annual conferences of the Methodist Church in Texas.

**ONE OF** the highlights of the event will be a speech by Texas Governor John Connally and an anniversary pageant on Wednesday.

The five Texas conferences of the South Central Jurisdiction, the two conferences of the Central Jurisdiction and the Rio Grande Conference will comprise the eight groups meeting simultaneously.

**THE EVENT** will be held to celebrate five great anniversaries in the Methodist Church: 200 years of Methodism in America, 100-year anniversary of the Northwest Texas, and North Texas and the Central Texas Conferences and the 50-year anniversary of Southern Methodist University.

Hereford is in the Northwest Texas Conference and its sessions will be held at the University Park Methodist Church in Dallas.

**SOME** 5,000 clergymen and laymen are expected to attend the event on the college campus.

Announcement of appointment of approximately 2,500 pastors is scheduled at the final joining session on Thursday evening.

Attending the meeting from Hereford will be Rev. Herschel Thurston and Ernest Langley from First Methodist, Rev. Gilbert Diaz and Mrs. Gutierrez from San Pablo Methodist Church and Rev. Noah Armpriester of Wesley Methodist Church.

REV. Armpriester said that he would also have a lay delegate attend the conference with him but the person had not been to notify him yet.

### How...

(Continued from Page 1) and other metal as it is driven over a road.

**SO STRONG** is the magnet that it latched on to a few manhole covers along with the nails, tacks, cans, and wire which it unearthed. The round covers were returned, but the nails weren't.

City manager Dudley Bayne said the city contracted with the owner of the device to run it over all the alleys in town, and the 4,500 pounds of metal debris was picked up as a result.

### First Methodist Sets Vacation Bible School

Plans were announced this week for Vacation Bible School at the First Methodist Church in Hereford.

June 4-12 has been set as the date for the school, which is to begin at 3 and continue until 5 p. m. each afternoon.

Nursery 1, will study the program, "God's Plans for Families," while the elementary group will undertake the courses "World of Differences," "Christian Community around the World," and "Living as Christians in a World of Conflict."

Project offering is the Mobile Medical Clinics in the Philippines.

### Blaze...

(Continued from Page 1) He pointed out that losses would probably have been much greater had it not been for the fire department's self-contained breathing apparatus, which allowed firemen to get to the fire through the dense smoke.

Mrs. Terrett told the Brand that she plans to reopen the shop following renovation.

**ONE MINUTE, PLEASE**  
THE CHURCH I LOVE IS GUIDED BY PRINCIPLES. (37th. in a series).

In the Old Testament there is a long list of "thou shalt not" statements. Many of these dwell with the moral and social activities of the people. This was an imperfect law (Hebrews 8:7), therefore a New Testament was needed.

In the New Testament this long list of "thou shalt not" statements are conspicuously absent. In their place Christ has given principles to guide us in the Christian life. Some of these principles are:

"... keep oneself unstained from the world." (James 1:27b).

"... Abstain from every form of evil." (1 Thessalonians 5:23).

"Do not be deceived: Bad company ruins good morals." (1 Corinthians 15:33).

"Look to yourself, lest you too be tempted." (Galatians 6:1b).

"Do not be deceived; God is not mocked, for whatever a man sows, that he will also reap." (Galatians 6:7).

"Examine yourselves, to see whether you are holding to your faith. Test yourselves." (2 Corinthians 13:5).

An activity may be all right within itself, but, if it causes another to fall into sin or to stumble, we must refrain from it. Jesus said, "Whoever causes one of these little ones who believe in me to sin, it would be better for him to have a great millstone fastened round his neck and to be drowned in the depth of the sea." (Matthew 18:6).

In 1 Corinthians 8, Paul wrote that Christians were at liberty to eat things sacrificed to idols. Then he warned that some do not understand being weak in faith. "Only take care lest this liberty of yours somehow become a stumbling block to the weak." (Vs. 9). Remember Christ died for this weak brother. (Vs. 11). "Therefore, if food is the cause of my brother's falling, I will never eat meat, lest I cause my brother to fall." (Vs. 13). Apply this same principle to strong drink, speech, attitudes, failure to attend worship, smoking, dancing, etc.

### Free Clothing Shortcourse Will Be Conducted Here Next Week

Open to all interested residents, a Clothing Shortcourse will be conducted in seven sessions during June, under sponsorship of the clothing subcommittee of Deaf Smith County Program Building Committee. Local and guest instructors will be in charge.

The free course in basic planning and construction of clothing will open next Tuesday at the County Bull Barn, where all sessions will be held from 2 to 4 p. m.

Registration will close Monday. Prospective students may register at the office of Mrs. Argen Draper, County Home Demonstration Agent, or at local stores which are cooperating and will have exhibits at the program.

for You, Mrs. D'Lyle Blackmon, Lubbock High School home making teacher; Fabrics, Mrs. Draper.

June 9, What's a Good Fit?, Mrs. Barbara Truitt, adult home making teacher at Amarillo College, who will also discuss types of patterns and measuring for pattern size.

June 18, Using Attachments and Putting in Zippers, Miss Elton Tinsley of a Dallas commercial firm, who will also conduct the June 14 session on Altering Patterns.

June 16 and June 23, Demonstrations in Dressmaking by Mrs. Draper.

June 21, Demonstrations in Care of Clothing, Woodie McDermitt.

All the instructors are well experienced in their fields. Mrs. Prowell has been a home making teacher 11 years after five years in Extension Service work. She holds a BS degree from New Mexico State University and MS from Texas Woman's University.

In connection with her work in the high school here, she conducts summer classes in dressmaking for adults, one currently under way.

Mrs. Draper has been in Extension Service work some 20 years and has assisted in the clothing department at Texas Tech, where she received her BS degree. She was granted the MS degree from Texas Woman's University in 1964.

grams and led youth recreation programs in the YMCA four years.

Before she went to Amarillo College, Mrs. Truitt taught at Canadian, Clarendon and Amarillo High Schools. She has studied at North Texas State University and Texas Woman's University after receiving her MS degree at WTSU in 1963.

McDermitt, a member of the clothing subcommittee, is manager of a cleaning plant here and has had much training and experience in care of fabrics.

Mrs. Blackmon has BS and MS degrees with majors in clothing, textiles and applied arts. She has taught in Cooper, Plainview and Lubbock, directed summer arts and crafts pro-

grams and led youth recreation programs in the YMCA four years.

### First Baptist Sets Summer Bible School

Bible School at the First Baptist Church in Hereford will begin Monday and will continue through Wednesday June 15. Hours will be 8:30 a. m. to 11:30 a. m.

PLANS WILL be laid for the school at a Preparation Day Friday at 9 a. m., according to Zack Pannell, director of music and education.

The program will be built around Bible study, character building stories and creative handiwork.

One of the special features of the school will be a church drama produced by the Junior High Department.

ANOTHER feature will be a night time program for high school students called, "Teen Time at Night."

The teen program will provide a brief period of Bible study, films, panel discussions, recreation and refreshments.

Eighteen separate departments will be included in the Bible School which will be staffed by a total faculty of 94.

WORKERS will make an effort to exceed last year's figures of 349 enrolled with an average attendance of 292.

The school is open to all boys and girls ages four through 16.

### Mothers Invited To Campfire Tea

A tea for mothers of members will be combined with an awards program by Tanda Campfire Girls at 3 p. m. Friday in Community Center.

Despite recent illness of both their leader and assistant girls of the group have completed requirements for awards, with the "good neighbor" assistance of two other Campfire leaders, Mrs. Lewis Lea and Mrs. Kenneth Gooch.

Mrs. William Seyfert, leader, and Mrs. Gale A. Turner, assistant for the Tanda Group, have both been ill this spring, and so were unable to accompany the girls on a hike and trip which were required for some awards.

The other leaders took them for a hike, and Mrs. Lea accompanied them on a train trip to Clovis.

Mrs. J. M. Langford collects old housewares

LET'S COOK SOMETHING!

## Kitchen Supplies Gifts

By SUE COLEMAN  
Women's Editor

A cookie or a piece of cake to offer a caller, a small gift that may perhaps be tucked into a letter — these are ways of saying "I love you," says Mrs. J. M. Langford, who is always looking for ways to tell people she loves them.

SHE JUST LIKES people, the sprightly octogenarian admits, and cites her neighbors as examples of how fine people really are.

Then she adds that she has always been fortunate in having good neighbors, and that the

people with whom she was associated in business in past years were the likeable type.

It's apparent that she finds good in everyone she meets. So she makes a hobby of showing her neighbors and friends how she feels about them.

Her cookie jar is usually well-stocked so a young caller may have a treat, and she is fond of children although she is childless. As a teacher before her marriage in 1908, she learned to understand and love youngsters and says that she has an impartial affection for them all.

USING A VARIETY of hand-

work and scraps of material, she makes numerous small gifts for acquaintances old and new, or perhaps to hand to someone who has served her well, as a gesture of appreciation.

More than 300 holders for purse-size packs of tissues have been given in this way, each one made differently of a piece of attractive fabric, trimmed in a bit of braid or lace.

"And I can just slip one of these into a letter," she explains. Gay, useful pot-holders are other welcomed small gifts.

MUCH MORE ELABORATE gift items are made for fam-

ily members or close friends and these she sometimes sells. They range from stuffed toy animals to fabric bags in the shape of trousers with pockets, to hold shoes and hose packed for a trip, or velvet pincushions that fill a high-heeled slipper which has been gilded after having macaroni glued in a pattern to give an embossed effect.

A whimsical bit of decoration is added to many of the useful things she makes, and also to some of the old-time household utensils she collects, such as a spray of flowers on the handle of an old crockery churn, or a blossom-decked velvet cover on a flatiron which is used as a doorstop.

Most of her collection, including items now classed as antiques, are pieces which she or some of her family has used — curling irons which were heated over kerosene lamps to put a fashionable wave into ladies' hair back in the early years of this century, button-hooks to fasten the high button shoes of that era, horseshoes, a butter mold, glassware which she used when she began housekeeping, a handsomely carved small table with onyx top.

SHE PRIZES A china replica of a bantam hen, almost life-sized, which has been broken and mended but still keeps its colors. Her father who was sheriff of her home county, bought it for her when she was two years old.

Born in Marquez, Leon County, Mrs. Langford moved with her family to Johnson County, near Cleburne, when she was 14. After her first marriage, she lived a number of years at Maxwell, N. M., and there she operated a cafe and bus station.

After her husband's death she went back to north-central Texas and was a Fort Worth resident until her marriage to J. M. Langford four years ago. Their home is a ranch-style brick at 322 Star.

SHE WAS NOT a complete stranger to this area, though, as her brother, the late L. J. McKenzie, had lived at Friona and his daughter, Mrs. Hubert White was a Hereford resident until her death.

Mrs. Langford likes recipes for the food that she likes to share with friends, such as the carrot cake which can be taken from the freezer and sliced to serve with a friendly cup of coffee.

"It's a wonderful keeper in the deep-freeze," she says, "but it's hard to keep it in there!" This is her recipe:

**CARROT CAKE**

Beat together 1½ cups salad oil, 3 eggs, 2 cups sugar and 1 tsp. vanilla.

Add 1 small can crushed pineapple, 1 cup chopped dates, 2 cups grated carrots, ½ cup coconut, 1 cup chopped nuts, 2 tsp. orange rind or juice of 1 orange.

Sift together 3 cups flour, 1 tsp. soda, 1 tsp. salt, 1 tsp. cinnamon. Mix with the other ingredients.

Cook in well-greased and floured loaf pans or angel food pan for an hour and 15 minutes, at 325 degrees.

**LARS SCHMIDT MANAGES PARIS THEATER**

PARIS — Lars Schmidt, Ingrid Bergman's husband and a leading show producer, has taken over management here of the Montparnasse Theater.

Schmidt currently has three productions on in Paris, "Luv," "Who's Afraid of Virginia Woolf?" and "Girl From Maxim's."

AUGUST BRIDE-ELECT — The engagement of Miss Shirley High to Billy Gene Redman is announced by Mr. and Mrs. Wesley High Sr. The couple is planning an afternoon marriage ceremony at 3 o'clock Aug. 18 in Mt. Sinai Baptist Church, 307 Knight.

## Miss Rhodes Is Honoree At Shower

An informal lingerie shower for Miss Barbara Rhodes, June bride-elect, was given by a group of girls, many of them her classmates among the 1966 graduates of Hereford High School, in the home of Miss Randy Hopson Monday evening.

Miss Rhodes and James Michael Ranspot are to be married here. She is the daughter of the I. D. Rhodes.

The house party for the shower included Misses Carmen Betzen, Cynthia Leasure and Jo Ann Ferguson. Bouquets of honeysuckle and columbines in the room emphasized white and yellow, colors which the honoree has chosen for her wedding.

Opening and inspecting the gifts supplied entertainment. Cream puffs and coffee were served.

## Choir On Tour Is Served Lunch At Reddell's

Luncheon guests in the B. A. Reddell home Tuesday were the 26 members of the Youth Choir from South Texas Children's Home at Beeville, in this area on their spring tour, with their director, Mrs. Ezra Morgan, her husband and the adult accompanist.

Mr. and Mrs. Reddell and Mrs. Sam Morgan were hosts to the group with a backyard lunch at the Reddell home, 413 Ave. K. The choir sang in Littlefield Monday evening and at Gruver Tuesday evening.

The South Texas Home is maintained by the Baptist Church. Choir members range from 14-year-olds to students who were graduated this year from high school.

**BIRTH ANNOUNCED**

A son, Taylor Ray Gibson, was born May 31 in an Amarillo hospital to Mr. and Mrs. David Gibson of Hereford. The baby weighed 8 lbs. 3 ozs.

OVER HOLIDAY WEEKEND

# Lubbock Man Wins Local Tourney By Five Strokes

Connard E. Young of Lubbock took first place in the Championship Flight Monday in the "Golf Begins at 40" tournament at the local golf course.

WAYNE LeGate of Amarillo was the second place winner in the tournament.

Jess Sorrells, last year's winner, won third place in the top flight of the tournament.

Each of the flight winners received prizes with the first place winner taking a \$40 pair of golf

shoes, second winning a golf bag and the third place winner taking a set of club covers.

Young won the tourney when he scored a four-under-par 66 in the final flight. He scored a three-under-par 32 on the front nine and a one-under-par 34 on the final nine.

LeGATE scored a one-over-par 71 for the second place position, scoring a par 35 on the first nine and a one-over-par 36 on the last nine in Monday's

play.

The tournament began Saturday with a round of Medal play, but many of the players were run off the golf course by light thundershowers which dumped .17 of an inch on the city.

John Douglas Pitman, of Hereford took first place in the President's Flight.

EARL STAGNER was the second place winner and Sam Long took third. Both of these men are from Hereford.

Buss Dragger of Amarillo was the winner in the first flight and John E. McClesky, of Dimmitt was the second place winner. Owen Seaman, Hereford, took

third place in this flight.

Three Hereford men won the second flight with Walter Seed taking first, Clyde Schmer, second, and Ed Line, third.

IN THE third flight Rankin Eisenburg was the first place winner, Clyde Miller, of Hereford, was second and Palmer Norton, also of Hereford, was third.

This was the first in a series of tournaments which are scheduled for the local golf course this summer with the next tournament scheduled Monday.

The tourney will be a Pro-Am event, beginning Monday morning.

**TOURNEY WINNERS** — Connard E. Young, right, and Wayne Le Gate shake hands after taking first and second places, respectively, in the "Golf Begins at 40" tournament Monday. The tourney was played at the local golf course over the holiday weekend. Young is from Lubbock and LeGate is from Amarillo. Last year's winner, Jess Sorrells took third place in the tournament. (Staff Photo)

**MERSEY CLUB FOR SEAMEN**

LIVERPOOL, England (AP)—The Roman Catholic Apostleship of the Sea is starting work this spring on a new 170,000 pounds (\$476,000) residential club for seamen visiting the Mersey docks.

The club, sited at nearby Bootle, will be called Stella Maris. Accommodations will include 40 bedrooms, a ballroom, chapel, restaurant, bar, lounges and games room. Most of the cost will be met by voluntary subscriptions.

## IL Team In Tie For First Place

Hereford Irrigation League baseballers took their fourth win in five outings Sunday when they downed Nazareth 4-1.

**THE WIN** put the local team in a tie for first place with the Nazareth team.

In their second outing the St. Anthony's team lost to the Nazareth nine.

The only score of the day for the Nazareth team came in the fourth inning when Norbert Gerber hit a home run.

**HEREFORD** started the scoring in the second inning when Chuck Diller scored on a single by LeRoy Berend.

In the third inning, Butch Walterscheid scored on a hit by Larry Walterscheid.

As the fourth inning began the locals held only a one-point advantage over the Nazareth team, but then rallied to score two more runs.

**WAKEY** Northcutt scored first then Butch Walterscheid scored again to put the icing on the cake for the day.

Hereford will go into action again Sunday when they tangle with Umberger on St. Anthony's field at 2:30 p. m.

Team officials said that here will be plenty of room for every-

one this week with the addition of new seating facilities.

**AS BATTING** averages begin to shape up in the league Wakey Northcutt leads the local team with a .500, hitting eight times in 16 times at bat.

John Willoughby is second on the list with a .440. He connected 11 of 25 times at bat for the team.

Chuck Diller is third with a .334. He got seven hits in 23 times at bat.

**JIM COLLIER** is fourth and Butch Walterscheid is fifth in the lineup.

Collier has a .320 average and Walterscheid has a .300 for the season.

## Holly Appoints Research Head

Dr. Donald D. Dickenson, 41, has been appointed director, agricultural research for Holly Sugar Corporation, according to Glen W. Yeager, vice president — agriculture. Dr. Dickenson succeeds Dr. A. R. Downie, who resigned earlier this month.

A native of Paris, Illinois, Dr. Dickenson received the B. S. (1949) and M. S. (1950), degrees in agriculture from the University of Illinois, and the Ph. D. degree in plant genetics from the University of Minnesota in 1953.

Since 1953, Dr. Dickenson has been associated with the agricultural research department of Holly Sugar in Tracy, California, where he has been chiefly concerned with new beet varieties. He has been assistant director of agricultural research since 1962.

As director of agricultural research, Dr. Dickenson's prime responsibilities will be the development of improved varieties of sugar beets adaptable to the wide range of environmental conditions existing in the nine states in which beets are grown for Holly. He will further be concerned with research relating to improved growing practices, fertilization, weed control and disease and insect control.

Dr. Dickenson is a member of the American Society of Sugar Beet Technologists, American Society of Agronomy, Crop Science Society of America, the Genetics Society of America, and the American Phytopathological Society.

Dr. and Mrs. Dickenson, and their three daughters, reside at 1440 Coolidge Avenue, Tracy, Calif.

## Demons Win First Game In Quarter-Finals

The Dumas Demons continued toward the state baseball championship Tuesday as they downed the Snyder team 5-4.

**DUMAS WON** the first round of play over Kermit as they defeated the team in the first game 4-3 then lost the second game 7-1 and pulled the series out of the fire with a 10-5 win Saturday.

The Demons will travel to Snyder during the last of the week for a doubleheader for the final two games in this series.

**IF THE** Demons win the quarter-finals they will continue into the semi-finals next week.

Dumas now has a 27-4 record for the year. Hereford doled the Demons two of the losses during the conference season.

## Buffalo Second Area Lake To Receive Walleye

**CANYON** — Buffalo Lake, near Umberger, has been experimentally stocked with 400,000 walleye fry by the U. S. Fish and Wildlife Service, according to Leo Lewis, regional fishery supervisor for the Texas Parks and Wildlife Department.

Buffalo Lake was stocked about a year ago with northern pike fry, but the fighting predators failed to become established.

If the experiment is successful, Golden-spread sportsmen will have two walleye lakes in their immediate area.

Two weeks ago the Parks and Wildlife Department flew in 2,000,000 Iowa walleye fry for Lake Meredith.

The walleye fry, about the size of mosquito larvae were, distributed in protected coves in all portions of the new lake.

Walleyes released in Meredith now total 2,500,000 counting the 500,000 released last year.

**Be Sure To Vote - June 4, 1966**

I will not have time to see and visit all of you personally as most of my time is taken by duties of the office you, the people, have trusted to me. Since in office, I have filed over ten thousand misdemeanor cases, 986 felonies, 660 civil cases and 1969 small claims suits. As you can see this office takes much of my time and I think this experience qualifies me for this job.

I have tried to be fair, courteous and impartial to everyone and if re-elected I will continue to do my best.

My thanks go out to everyone who supported me in the past and I ask for your continued support and vote on June 4, 1966 for the office of Deaf Smith County Justice of the Peace.

**RE-ELECT C. B. (Berry) MILES**  
**JUSTICE OF THE PEACE**

"THERE IS NO SUBSTITUTE FOR EXPERIENCE!"

"Public affairs cannot be run like private business. It takes training; an honest, trained man is more valuable than an inexperienced one."

## Look Who's New

Mr. and Mrs. Norman B. Bookout are the parents of a daughter, born May 31. She weighed 8 lbs.

Mr. and Mrs. Flavio Benavidez are the parents of a son, Flavio Jr., born May 31. He weighed 6 lbs. 13 ozs.

After winning only 9 of their first 32 games last spring the Pittsburgh Pirates reeled off 12 straight victories. They climbed from 10th place to seventh. They finished third, seven games out.

### Recital-Tea Planned For Two Singers

A recital-tea by Misses Connie Bryant and Linda Brooks will be a Thursday evening event in the studio of their voice teacher, Mrs. D. W. Palmer, 149 Liveoak, one of a series of spring programs presenting her pupils.

Families and invited guests of the two young vocalists will attend the recital. Tea will be served afterward from a table decorated with pink roses and tapers.

Miss Brooks is the daughter of Mrs. Willodyne Brooks, Miss Bryant of Mr. and Mrs. T. L. Bryant. Each will sing a group of solos then they will join for folk songs in duet, accompanying themselves with ukeleles.

Miss Bryant's solos are Prayer Perfect (Guion), All in the April Evening (Diack) Se Tu M'Ami (Pergolesi), My Johann (Greig), Down in the Forest (Charles), A Birthday (Woodman), Homing (Del Riego), The Lilac Tree, Black Is the Color (arr. Niles) and Cuckoo (Lehmann).

Songs by Miss Brooks will be an aria from Handel's oratorio The Messiah, He Shall Feed His Flock; another Handel air, Caro Selve; and Bois Epais (Lully), Let My Song Fill Your Heart (Charles), A Birthday (Woodman), Homing (Del Riego), The Lilac Tree, Black Is the Color (arr. Niles) and Cuckoo (Lehmann).

### Club Sends Gifts For Girlstown

A station wagon packed full of linens, clothing, food and other gifts was driven to Girlstown Tuesday by Mrs. Alex Schroeter and Mrs. Richard Pickens of L'Allegria Study Club, an organization which is continuing this summer its project of aid to girls' home at Whiteface.

Supplies for general use at Girlstown were donated by business firms and individuals in addition to club members, in a broadening of the original project to assist one resident there.

Last fall the club "adopted" 14-year-old Lawanna Lambert, and has given her special assistance during months while she has been convalescing after spine surgery. Among the gifts taken down Tuesday were draperies and a bedspread for her room made by L'Allegria members.

Women from the club have visited Lawanna several times during the year and are proud of their pretty protegee, who has kept up her school work during her illness and plans to go ahead with her class next year. She is able to be out of bed now, and expects to be freed from a cast within a few weeks.

L'Allegria members are planning to entertain her here as soon as she is well enough to travel.

Mrs. Schroeter is president of the club and Mrs. Pickens is chairman of the project committee. Mrs. Dwayne Walker was president the past season, when the project was begun.

Hereford businesses which contributed to the gifts for Girlstown are Piggly Wiggly, Hereford Bakery, Cooper's Market, Taylor and Sons, Hereford Fruit Market, and Troy Moore Station, Mrs. Pickens announced.

**FOOT ODOR HOW TO KILL IT.**  
CAUSED BY A GERM. Kill the germ, you kill the odor. You can't smell it. Your FRIENDS CAN. Ordinary antiseptics are no use. Apply T-4-L POWERFUL GERM KILLER. Kills smelly, sweaty, itchy feet. If not pleased OVERNIGHT, your 48¢ back at any drug counter. NOW at Rogers-Miller Walgreen Drug

### Card Of Thanks

We would like everyone to know how much we appreciate the diligent effort our doctors and nurses made for the life of our beloved brother and uncle, Fred Baird.

Drs. Rush, Mims and Nobles and nurses were without exception kind, thoughtful, dedicated and thorough in everything they did. We do want them all to know how thankful we are for them and how grateful we are to them. God's blessings on each of you.

Mr. and Mrs. H. C. Baird  
J. R. Baird  
Mrs. Mary Ann King

### NEW UNITY CENTER

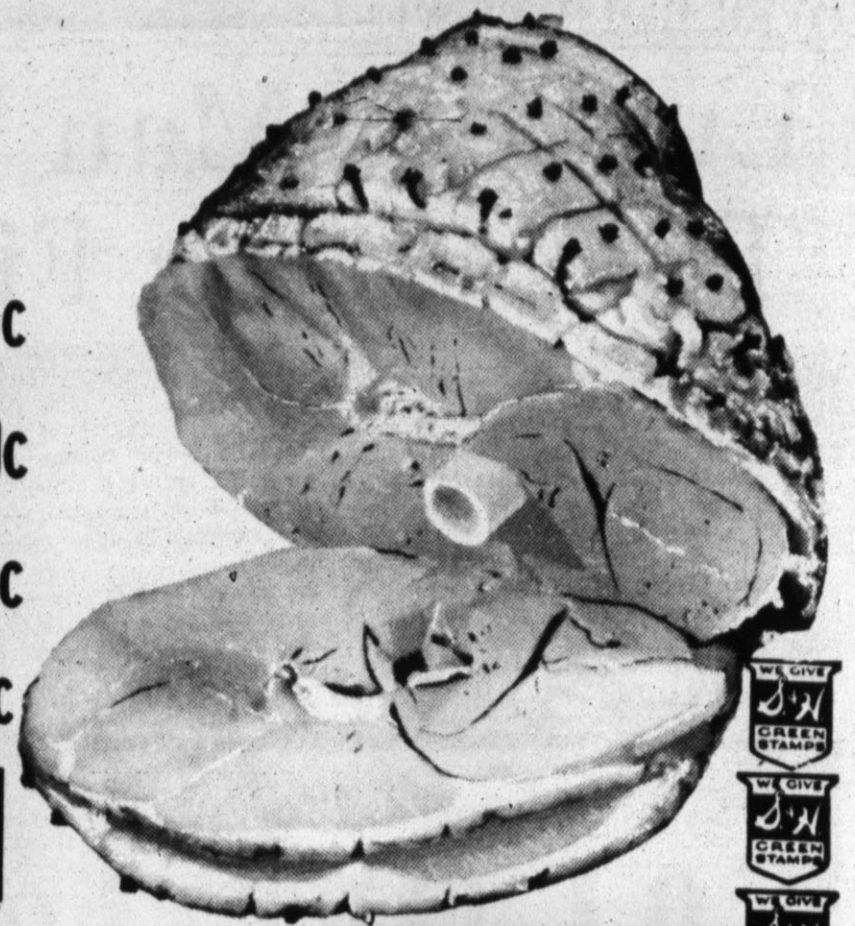

LONDON — Roman Catholicism's Westminster archdiocese has set up an ecumenical center in London to train clergy ed March 1.

and laity in Christian unity work and to carry on discussions with Anglican, Orthodox and Protestant churches. It opened Marcy 1.

**New Device Cleans Water Wells With Sound Waves**

By WAIN MILLER  
News Editor

A Hereford irrigation well drilling firm has recently acquired the second franchise in the nation for a device which shows promise of becoming widely revolutionary in the field of water well cleaning.

Success of the device — which cleans wells with a combination of sound shock waves and pulsating gas pressure — has been proven for more than a decade in California.

Owners of Walco Drilling Co., Hereford, obtained the franchise after first learning of the device known as "Sonar-Jet" through reading of its California successes in a trade journal.

Immediately Paul Coneway and Bill Wall, co-owners of Walco, contacted the developer of "Sonar-Jet" and went to the West Coast for a demonstration. "I HAVE never seen anything like it," said Coneway, who has been in the well business for 20 years.

The device was used last week for another city well, this one located just south of the intersection of New York St. and South Main.

ALTHOUGH results were not quite so spectacular, the work is credited for bringing that well's production up from some 400 gallons per minute to 600 and pumping level from 250 feet to 240.

On both city wells, pumps received some repair, it was pointed out.

However, observers said that increased efficiency of the pumps could not normally account for the large production increase coupled with the decrease in drawdown, resulting in the rise of effective pumping level.

IN AN operation requiring only 90 minutes to complete, "Sonar-Jet" cleaned the city well on South Main last week as several bystanders watched.

A small trailer, housing electrical controls and a small winch, was positioned near the well resembling heavy electrical wire attached to the bottom of a thin metal cable was lowered into and a 50-foot section of cable the well.

Coneway pressed a button and a series of sounds resembling three short blasts of a machine gun were heard. After

ALTHOUGH PUMPS were removed for the work on wells here, Challacombe said that he had worked on many wells without removing pumps and even cleaned a few wells while pumps were running, where the pump base allowed a place through which to insert his half-inch-thick cables.

Challacombe said that Sonar-Jet has raised production in most of the more than 1,000 wells in which it has been used.

"Sonar-Jet cannot raise the water table, mind you, but it can raise a well's pumping water level. This makes it possible for the existing pump and motor to deliver more water and consume less power," Challacombe said.

"IT DOES this by allowing the water to enter the well more

freely, even in areas of severe water table recession," Challacombe said.

He pointed to an instance in California when he used Sonar-Jet in one well, while another well was running about 125 feet away.

"When we activated Sonar-Jet in the well we were cleaning, we saw the water in the nearby well start pumping sand. Owners later told us they believed production of the other well was increased accidentally," Challacombe said, illustrating the effect of cleaning action beyond the casing of the well being cleaned.

Coneway was asked by the Brand reporter what other means are available to achieve the same results as Sonar-Jet. "AS FAR AS I know, there is

nothing else that will do the same thing Sonar-Jet will," asserted Coneway.

"Chemical and mechanical cleaning methods help but I have never seen them do all that we have seen done with Sonar-Jet," he said.

"Of course, we don't expect spectacular results on all wells... we can produce no more than the water-bearing formation," Coneway emphasized.

"AND THE OTHER thing to consider is that how much improvement we get depends upon what condition the well was in to start with... you can't expect much improvement from cleaning a well which is already clean to start with," Coneway commented.

At any rate, however, based upon experience of Water Well Redevelopers, Inc., in California, and Walco Drilling Co. on the few wells in which Sonar-Jet has been used in the Panhan-

die, cleaning wells with sound offers promise of becoming a widely-used practice which may offer new hope for many of the area's declining wells.

by david butler

Hereford Whiteface spring athletes were feted to a fine picnic — inside the Community Center — Tuesday evening by their mothers.

IT WAS an enjoyable event for the athletes, their dates, their parents and the coaches and we certainly had a fine time too.

Hereford can be proud of its athletic program and its coaches as well as the athletes participating in all the sports.

We recently heard of a nearby school which was slowly cutting out baseball to give the school more time to work with football.

THIS TO US is hurting the school much more than it is helping — how many boys would not be able to play football, but would enjoy baseball? — and this is not fair to those students.

Hereford has an outstanding program for all boys interested in athletics — everything from football to golf.

All nine months of the school year there is some athletic activity in progress at Hereford High School — and truly this is the way it should be.

BEGINNING in August, football gets underway. Basketball begins almost immediately following football.

Before basketball season is finished the baseball, track and golf participants are out practicing during the warmer days.

And these three sports finish out the spring with golf ending earlier than the other two and baseball lasting right up to the last few days of school.

No boy who attends Hereford High School can ever leave saying he did not receive a fair chance at sports.

RECENTLY members of the government have been talking about government controlled sa-

fety measures in automobiles and many are asking "why?" Monday's accident in the number one turn at Indianapolis involving 16 cars should answer the question for most of the persons asking the why for the controls.

We would not like to imagine the results of an accident involving 16 regular automobiles at speeds of 100 miles per hour plus on our highways.

THERE WOULD probably be few survivors to tell of the sorry, whereas all 16 drivers in the Indy race walked away from their vehicles.

Of course, the common working man could not afford to have his auto built around him and his family like these racers are, but he could take a number of safety precautions.

Seat belts or shoulder harnesses will cut down greatly on the number of persons injured in accidents.

STRONGER support for roofs in the cars — as compared to the roll bars in these racers — also provide a lot of protection.

We really feel that even if the government does impose these safety specifications for the cars in the future that they will never be able to do anything about the nut behind the wheel.

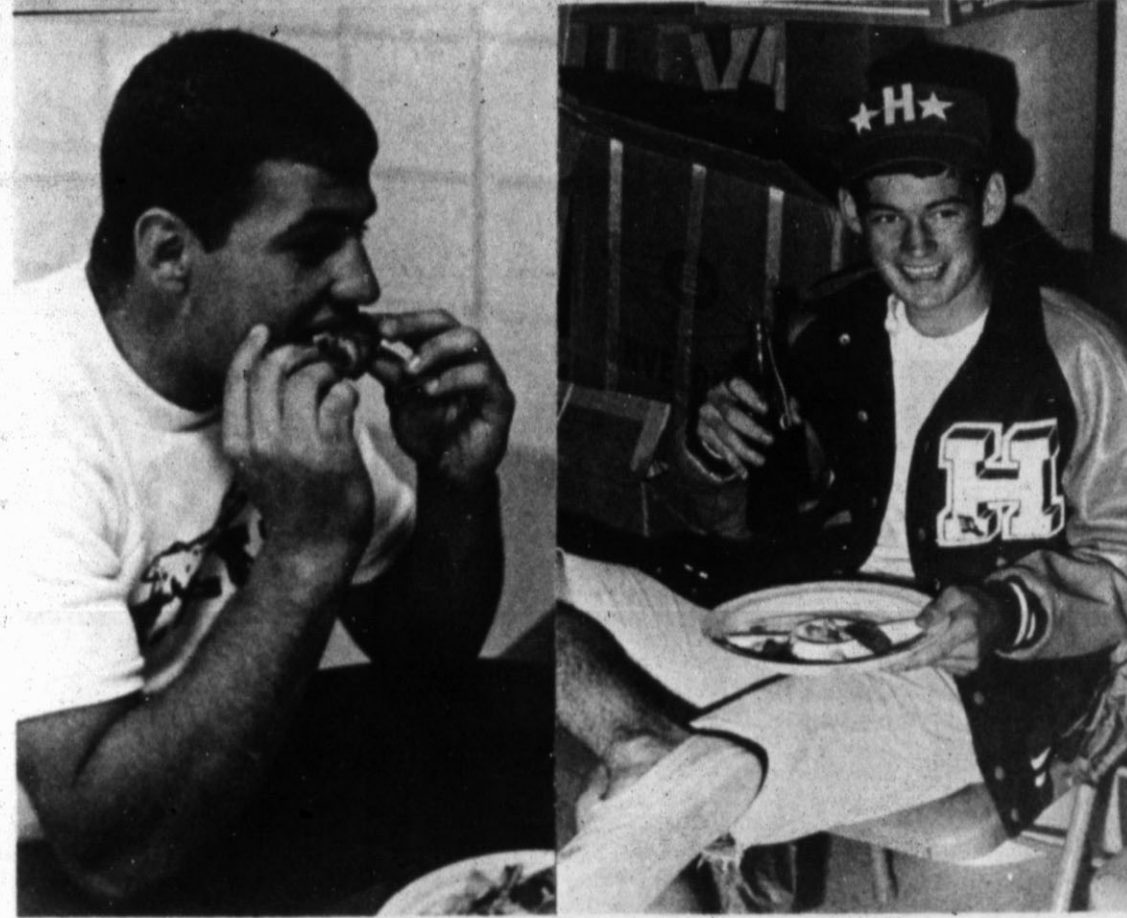

\*\*\*\*\*

We made an error in listing home runs for the Irrigation League game in last week's edition of the Thursday Brand.

WE SAID that only one person hit a home run and the scorekeeper told us this week that three fellows hit five home runs in the game.

Jim Collier and Wakey Northcutt both hit two each and John Willoughby hit one.

Eliwood (Skip) Skypala has been doing a fine job of reporting these games to us and as far as we know any of the mistakes which have gotten in-

ENJOY SPORTS PICNIC. — Athletes who participated in spring sports at Hereford High School were feted to a picnic — compliments of their mothers — Tuesday evening at the Community Center. Rain drove them inside, but Tony Malouf, left, and Lennie Peiree, as well as a number of others enjoyed the meal. (Staff Photos)

to the write ups have been our fault.

\*\*\*\*\*

ANOTHER tournament is planned Monday at the John Pitman Golf Course.

It is a Pro-Am event and will begin Monday morning.

This is the second of many such events planned at the local golf course this summer.

Rain in the past week has really added to the already beautiful golf course — it certainly looks tempting every time we drive by.

Kansas State has drawn more than 1 1/2 million basketball fans to its home games in the past 15 years and averaged better than 10,000 a game during that period. Kansas holds the Big Eight one-season record of 15,500 per game in 1957.

## AL Baseball Players Start Season Saturday

Hereford American Legion baseball players will begin their season Saturday afternoon at 3 p.m. when they clash with the Canyon team.

The local team will play on Whiteface field during the season which ends July 9.

Sunday Hereford will travel to Canyon for a rematch of the two teams at 3 p.m. at the West Texas State Field.

Tuesday the local team will clash with Groom there at 7:30 p.m.

### A SILENT FIGURE

ST. PETERSBURG @ — A few years ago when Hal Smith signed his contract with the St. Louis Cardinals, then general manager Frank Lane said:

"There will be no announcement of terms. This will be our secret."

"You don't have to worry about me," replied catcher Smith. "I'm just as ashamed of the contract as you are."

DURING 1966 SEASON

# Whiteface Baseball Stats Show Good Performance

Although the Whitefaces failed to win the District 1-AAA title from the Demons, they did post some impressive statistics.

**DURING THE** season Hereford won 13 games and lost 10, with an 8-7 non conference record and a 7-3 district slate.

Only four seniors were on the team this year, meaning that Hereford will field an experienced team for the 1967 season.

Those graduating were Steve Hodges, Brant Knox, Robby Lemons and Ed Mims.

Hereford's biggest problem during the season was lack of experience and developed pitching material.

**THE WHITEFACES** began the year with only three players with any experience. Steve Hodges missed the first half of the season while recuperating from windstorm while cut visibility to surgery on his right elbow.

Hereford fielded only two pitchers this year, Ed Mims and Alex Diaz. Mims was lost just as the conference season began leaving Diaz to handle most of the pitching duties—during the remainder of the season.

The herd played respectable ball against a number of AAAA foes, but won only one of eight games from these schools.

**ONLY ONE** game could have been considered a nightmare—a 12-2 loss to Caprock in a windstorm which cut visibility to almost zero.

One of the more disappointing losses during the non conference season was a 2-1 loss to Plainview in 10 innings.

Hereford then took seven straight games from smaller schools with some close games and a few run-outs, enabling the Whitefaces to develop as a team as they entered district play with as good a hitting and fielding team as Hereford has had in the past years.

**SEVEN** Hereford players showed excellent fielding averages for the season.

Barry Johnson played in 23 games for 136 innings. He put out 119 opposing players, assisted in six other outs and committed five errors for a .962 average.

Ray Martinez also played in 23 games for 135 innings. He was responsible for putting out 11 opponents while assisting in 35 other outs. He committed nine errors for an .836 average.

**GARY TUCKER** played in 21 games and 129 innings. He was responsible for 110 opposing outs and assisted on 12 others. His average was .984.

Bill Watts played in 23 games for 128 innings. He was responsible for 13 outs and assisted in three others while committing only two errors. His average was .889.

Gene Duvall played 23 games and 125 innings. He put out 20 opposing players while assisting in 23 other put outs. He committed seven errors and his average was .860.

**BOB WAGNER** played in 22 games and 124 innings. He was responsible for putting out 15 opposing players while assisting in 38 other outs and committed 12 errors. His average for the season was .815.

Robby Lemons played 22 games and 120 innings. He put out 16 opposing players and committed two errors. His average for the year was .889.

The team average was .912 while their opponents averaged only .886. Team members put out 442 players and 157 other were assists.

Alex Diaz pitched 14 games and 75 innings. He faced 321 batters, walked 24, struck out 102 and allowed 58 hits and 39 runs.

**ED MIMS** pitched nine games and 40 2/3 innings. He faced 183 batters, walked 24, struck out 68, allowed 26 hits and 26 runs.

Barry Johnson led the Whitefaces in hitting with a .413 average.

Gene Duvall had a .397; Bill Watts, .391; Robby Lemons, .379; Ray Martinez, .361, and Gary Tucker, .250.

The Whitefaces played only two games which went into extra innings.

Seven games were called at less than seven innings due to the 10-run rule.

**OVERSTREET CLASS** — Present for the annual Overstreet Class reunion in conjunction with Mid-Plains Pioneer Day Monday were, from the left: seated, Verna Randall, Mrs. Maggie Morris, Mrs. Merlin Newell, Claude Norton, Ester Belle Cash, and Ida Vaughn; standing, Bob Fullwood, Vern Witherspoon, Maggie Burns Hopper, Clara Brady Shore, Ezra Norton, and Ky Higgins. (Staff Photo)

### TEACHERS PRESENT ALSO

## Fifteen Class Of 1919 Grads Reconvene For Reunion Here

Fifteen graduates of Hereford High School in the class of 1919 met for an informal reception, business period and dinner Monday, after they had attended the Mid-Plains Pioneers Association meeting and lunch earlier in the day.

Teachers who joined their former pupils for the reunion were Miss Frances Damron, Mrs. Roberta Humphrey of Clovis and L. M. Fertsch of Austin, who was superintendent of Hereford schools while the class was in high school.

Members who came from other cities some accompanied by husband or wife, were Mrs. Kate Lock, Bert Lester and John R. McDonald of Amarillo; Forrest U. Randall and Mrs. Randall of Long Beach, Calif.; Mrs. Roy T. Nunn and the Rev. Nunn of Tecumseh, Okla.; Caldwell Hicks and Mrs. Hicks of Garden City, Kan.; Mrs. J. Lester and Mr. Lester of Topeka, Kan.; Mrs. Olive Wilson Morris of Vega.

Class members who live here, who were present with husbands or wives, were Mrs. Dock Roberson and Mr. Roberson, Mrs. Corinne Jowell Neely, Mrs. Brucie Brady Rose, Jeff Roberson and Mrs. Roberson, Mrs. Otto Olson, and Mr. Olson, George V. Stambaugh and Mrs. Stambaugh.

Mrs. Fred Higgins, who was in school at the same time but was not a 1919 graduate, was a visitor. The class met in the afternoon at Community Center, then had dinner at the Calson House.

## College News About Students From This Area

**SHERMAN** — Woodrow Michael Bonesia of Hereford received his bachelor of arts degree at Austin College commencement exercises Monday.

A government major, Bonesia is the son of Mr. and Mrs. Charles Holt of 122 Avenue D in Hereford.

## Game, Fish Regs To Be Discussed

The greatest, boom-or-bust, natural attraction in Texas is due for the perennial preliminary treatment by the state's myriad sportsmen, or their representatives Monday at 10 a. m. in the Deaf Smith County courthouse.

**THIS WOULD** mean the upcoming formal consideration of hunting and fishing provisions in the 184 counties placed by law under the Texas Parks and Wildlife Department for direct wildlife harvest arrangements.

The Department has regulatory responsibility for setting seasons, bag limits and means and methods for taking game birds, game animals, fur bearing animals and fish in a majority of Texas counties.

It has formally set up a schedule of public hearings in the affected counties for the period from June 6-9.

**OUT OF** these meetings which will be conducted by Department personnel will come the first recommendations for harvest provisions for the next year.

This, of course, means recommendations from the landowner and sportsmen level, filtered through the Department's broad facility, for next fall's hunting seasons.

Counties not designated by the Legislature for having their fish and game managed directly by the Department, follow harvest procedures set up the Legislature itself. Here is the statewide schedule of meetings:

## Mothers Fete Athletes Tuesday Evening

Athletes participating in spring sports at Hereford High School were feted to a picnic Tuesday evening by their mothers.

**DUE TO** the rain the food was served inside the Community Center to the athletes, their dates, their parents, booster club members and coaches.

Members of the golf, baseball and track teams attended the event.

**COACH DON** Dorman passed out the baseball jackets to the players and said that those players who were not there could pick up their jackets at his house.

Coaches for the spring sports Joe Brooks, Willie Williams and Clyde Coleman, track; Coby Kitchens, golf, and Don Dorman and Harold Sides, baseball.

Approximately 250 persons were on hand for the event.

Wedding Invitations Printed THE INK SPOT

## Local Speedway Set For Third Session Sunday

Hereford speedway will be open Sunday for the third racing session of the season.

**APPROXIMATELY** 25 cars are expected to participate in the event.

Racing officials said that approximately 700 spectators have been being on hand for the races and they are expecting about that many Sunday.

**TIME** trials will get underway at 12 noon and racing will begin at 2 p. m.

The track is located one mile east of the city adjacent to Hereford Feed Yard.

Daryl Spencer, former player with several major league clubs, has played infield for the Han-kyu Braves of Osaka, Japan, in recent seasons but maintains a home in his native Wichita, Kan. and spends a part of each winter there.

**HONORED GUESTS** — Recognized at the annual Mid-Plains Pioneer Day here Monday were: top photo, Miss Lillie Hosteller and R. M. Gunn of Hereford, oldest pioneers present; and, bottom photo, from left: Mr. and Mrs. Tom Vaughn and Mrs. Ida Schultz Clay of Tacoma, Wash., guests who traveled the farthest to attend the event. (Staff Photos)

By MELVIN YOUNG

It's vacation time and comes the mass exodus from the homes to the beaches, the mountains, the trout streams and mainly to the highways.

Now you realize the seriousness of the population explosion since its all 'exploding' out on the highway — all go-

ing in different directions.

Many of the folks around Hereford took advantage of the Memorial Day weekend to do a little fishing over at Conchas Lake. Among those fishing there were Mr. and Mrs. Paul Harvey and Mike. Paul has a new boat and has really been anxious to try it out.

He isn't however, talking too much about the fish he caught. It seems that Margaret turned out to be the best fisherman in the crowd and this has Paul upset somewhat. In fact, so much so that Margaret now has to bait her own hooks and take the fish off when she reels them in. Paul is not being a bit "sporting" about the deal.

The Harold Westers also visited the lake over the weekend. Harold admits he caught about 30 fish — and a pretty good "head cold" to boot.

We suspect there were many, many others at the lakes.

And speaking of lakes, the one that's really coming to the forefront lately is Ute Lake up by Logan, N. M. We now find about as many Hereford residents going to Ute as to Conchas. J. R.

Oglesby and Jack Allmon are a couple of regulars, as well as Lynn Kester. These are just a few of the many who now do their fishing at Ute rather than the larger lake up river. Most reports that we get indicate that fishing is good at both places. Either the locals are not taking advantage of Lake Meredith up by Borger, or else we're just not getting the reports, but we've heard of very little activity up that way.

Apparently the folks from this area plan to leave Meredith Lake to those who reside a little closer. And we suspect that is a pretty good idea. There would be enough fishermen and boats in Amarillo alone to cover the new facility.

The Memorial Day weekend also saw one of the largest crowds ever to turn out for the

Mid-Plains Pioneer Day celebration. And apparently a fine time was had by all.

Our congratulations go to Pioneer Association president Ezra Norton for the tremendous job he did in organizing the meeting and getting a crowd out for the deal. We believe everyone enjoyed it very much.

A device which "cleans" irrigation wells with sound has been obtained by Walco Drilling Co. of Hereford and, according to reports of its use on two wells owned by the City of Hereford, its success promises to offer new hope for many of the area's wells in which production has declined in recent years.

Called Sonar-Jet, the device uses sound shock waves and expanding gases to gently loosen deposits which actually plug up

wells, allowing water to flow more freely into the well and therefore increasing production.

Paul Coneway and Bill Wall, co-owners of Walco, first learned about the device developed in California through reading about it in a trade journal. They decided to give it a try on a Texas well, and, after seeing the results, purchased a franchise for Sonar-Jet for the Panhandle area.

Only three of the small devices are in existence, thus far, and Walco is the second company in the nation to put Sonar-Jet into use.

Coneway, who has been in the well business 20 years, says he knows of no other well-cleaning method which will produce the same results as the sound-cleaning system.

By loosening water-bearing sand outside the well, as well

as cleaning the well and pipe perforations themselves, Sonar-Jet use results in a raising of the pumping water level, thus reducing strain on pumps and motors and saving money.

Walco officials say they figure their Sonar-Jet device will be kept busy if all wells in which they utilize the device show the same benefits as those cleaned for the city.

A story describing the device appears elsewhere in this edition.

Help! We're going to be in trouble again. The little Pocket Book that The Brand mails with the statements arrived late this month, and consequently was not included in many of the statements. If you missed yours and want it, you may pick up a copy at The Brand. After all,

without the Pocket Book, a lot of good speeches would be minus some pretty good jokes.

What a blessing it would be if we could open and shut our ears as easily as we do our eyes.

The St. Louis Cardinals drew one million fans for the first time when they won the 1946 National League pennant.

Former Cleveland Indian coach Elmer Valo will manage Du- buque, Iowa in the Midwest League this season.

SECTION TWO

HEREFORD, TEXAS 79045, THURSDAY, JUNE 2, 1966

Scenes on a sultry summer afternoon...

Staff photos by Tyler Vance

# Small Talk

By SUE COLEMAN  
Women's Editor

Those traffic signs warning of Children at Play need to be posted in practically every block now that the young, younger and youngest sets have been freed from school by vacation and from house detention by warm weather.

**THEY'RE POPPING** in and out of houses, dashing across streets — usually accompanied by a dog or two — wheeling about on bicycles and doing a lot of things that are a joy to watch. But they need to be watched very closely by motorists; this is the season for extra careful driving in town.

Monday afternoon I saw two girls in the under-ten bracket, "dressed up" in ground-sweeping frocks which they were gracefully holding above their ankles while they paddled with bare feet in a stream of water made by a lawn sprinkler. And one day last week the Justin McBride yard was full of youngsters playing baseball, McBride himself wielding the bat.

**ANOTHER** noticeable thing, when you drive along streets with older houses which have front porches, you see girls and boys sitting in swings, on railings, in porch chairs, enjoying the shade and the breeze.

Most of them are in the early teens or younger, the right age to know just what they like and not old enough to have been sold on the idea that porches are out of style, impractical, unfunctional and obsolete.

They can tell by the feeling that a good shady porch in summer is cool, comfortable, handy and a perfect spot for keeping in touch with all the other kids in the block.

**THEIR ELDERS** have pretty well accepted the architects' dictum that a porch is tacky and should be replaced by an open patio which will allow the sun to blister you, but at the same time be fenced off so the neighbors can't speak to you. That makes you exclusive and is good for your status.

But you'll notice that with the passing of the front porch went the pleasant neighborliness which old-timers recall with nostalgia as part of their happy lives back in the first 35 years or so of this century.

It isn't just that the town has grown; all towns were more friendly when residents customarily spent a lot of the summer sitting on front porches.

**EVEN BIG-CITY** residential areas were neighborly, as talk and laughter from a group on one porch drifted across to others, and there was every reason to stroll down a block or two for a little visit with the Joneses when you could see them on the porch, ready for a friendly chat. On the way you could speak to people on every porch you passed.

East porches were especially prized, because they were shady in the afternoons, but any exposure was fine after sundown. And side porches, or those heavily shaded by honeysuckle vines, were social assets to girls who weren't eager to sit where all the neighborhood could see when their beaux came calling.

Maybe they were the ones who supported the enclosed patio fad, along with the outdoor chefs who are too restless to just sit and enjoy life, but prefer to be scorching a steak. Oh well, everybody to his taste!

**MR. AND MRS. Jimmie Allred**, 129 Ave. D, have returned from a trip to the Northwest which permitted them to visit a number of relatives. A good deal of the time was spent with their daughter, Mrs. J. T. Cronin of Corvallis, Ore., her husband who is completing work this summer for a Ph.D. degree in oceanography, and their two sons.

They visited Allred's sister, Mrs. Garland Mayo, and her family in Seattle and stayed a few days in Portland, to which they flew from Denver.

They started the trip by driving to Denver, taking Mrs. Allred's mother, Mrs. Florence Hogg of Claude, to visit her son in Colorado Springs. On their

way home, the Allreds took time for a visit with relatives in the Colorado cities before driving on home.

DREW KERSHEN

## College News About Students From This Area

Drew L. Kershen, son of Mr. and Mrs. Andrew Kershen of Hereford, will receive his A. B. degree in humanities at Commencement for the University of Notre Dame on June 5. He will graduate magna cum laude with a cumulative average above .5. Following graduation at Notre Dame, he will study law at the University of Texas, beginning the summer session on June 8.

Lynton Allred, son of Mr. and Mrs. Jimmie Allred of Hereford, received the BBA degree in marketing from Texas Tech in commencement exercises Saturday night. Allred was listed on the Dean's Honor Roll for the past semester.

After graduation from Hereford High School, Allred attended Hardin-Simmons University and West Texas State University before enrolling at Tech to complete work for his degree. He will be employed by a Lubbock insurance firm.

### NEWSPAPER IN CHINOOK SHORTHAND

**NELSON, B. C.** — A complete set of one of the most unusual newspapers ever published has been donated to Notre Dame University here. The paper, called "The Wawa," is not only printed in shorthand but it's in the Chinook language of the British Columbia Indians. "Wawa" is a Chinook word meaning to speak, talk or echo.

The donation was made by Kay Cronin, author of the book "Cross in the Wilderness," which recounts the deeds of early Oblate Fathers in the B. C. bush country.

One of the Oblate priests, Father Jean Marie le Jeune, was the originator of the Wawa. He created it by adapting phonetics to the Chinook jargon in order to instruct the Indians in easy phonetic writing. In the first issue, which came out in Kamloops in May 1891, and in the next eight monthly issues, Father Le Jeune presented the rudiments of phonetic writing. These issues comprised the first Chinook reader.

The last regular edition of the Wawa came out in December 1904, but Father Le Jeune continued to publish issues from time to time until 1917.

**MARRIED, SINGLE OR OTHER** — Internal Revenue men making out tax returns for women taxpayers of

ten are as puzzled as the persons they help. Here are two examples: "Are you married?" an IRS man asked the first woman.

"No I'm separated," she said. "Are you legally separated?" he persisted. "No, I'm illegally separated," she answered.

Another woman wanted to know: "These boxes are driving me crazy. I am divorced, so I am really not married, therefore,

am I married or am I single? Do you think it would help if I got married again?"

with Mrs. Merlin Kaul

The Annual Mid-Plains Pioneer Day which brought many early settlers of the area together at the Bull Barn Monday was also the occasion of a number of social events and family reunions.

Perhaps the largest gathering of descendants and friends were those of the W. A. Witherspoon family, formerly of La Plata. The group meets each year during the Mid Plains celebration and this year there were 51 in attendance. They gathered at the home of Mr. and Mrs. Glenn Witherspoon on N. Miles Avenue for a picnic supper Sunday evening.

Out-of-town guests included Mr. and Mrs. Tom Vaughn and Mrs. Ida Clay, Tacoma, Wash.; Mr. and Mrs. Walter Schultz, Concord, Calif.; Mr. and Mrs. Cecil Wilson, Mr. and Mrs. Bob Virgil, Beatrice Massengill, Vera Mae Smith, and George Wilson, Truth or Consequences, N. M.; Kevin Sherman, Albuquerque, N. M.; Mrs. Bill Reinauer, Teri, Jan, and Vicki Reinauer, Estancia, N.M.; Mr. and Mrs. Charles Lee Wilson, Carlsbad, N. M.; Mr. and Mrs. Allen Truett and Ray Truett,

Roswell, N. M.; Lonnie Kelly, Pecos; India Kelly, Odessa; Mr. and Mrs. George D. Young, El Paso; Mr. and Mrs. Charles Marshall, Don Katla, and Kristy, Mr. and Mrs. Kay Baird; Mrs. Lucille Starkey, Amarillo; Mr. and Mrs. L. M. Fertsch, Austin.

Those attending from Hereford included Mr. and Mrs. W. O. Riddle and Gary, Mr. and Mrs. J. W. Witherspoon, Billie Jo, Mr. and Mrs. Ronald Matthews, Mr. and Mrs. Vern Witherspoon, Mr. and Mrs. Willard Witherspoon, and Mr. and Mrs. Glenn Witherspoon.

Claude Norton of Weatherford was host at a luncheon Saturday noon at the Caisson House.

His guests included Mr. and Mrs. Tom Vaughn and Ida Clay, Tacoma; Mr. and Mrs. Walter Schultz, Concord, Calif.; R. D. and Wynona Norton, San Bernardino, Cal.; Lucille Starkey, Amarillo; Mr. and Mrs. Wood Vaughn, Mr. and Mrs. Ronald Matthews and Ezra Norton.

Dick Norton, here for the reunion from Monette, Mo., visited members of the Ezra Norton family. Dick raises cattle on his place near Monette and there must be plenty of rain as he says the grass is "knee-high." However, along with this he says there's all those chiggers and ticks-even though one has been so sure he's used enough insect repellent. But too — he says — we always have plenty of FISH — to offset the discomfort of the pesky little creatures. So everybody's invited to "come fishin."

Rev. and Mrs. Noel Bryant, Denton came for the Reunion and visited his mother Mrs. D. H. Bryant at Kings Manor and his brother Cawthon and Mrs. Bryant. They will go to Tulla Wednesday where Rev. Bryant will officiate at the wedding of his niece, Sara Ann Taylor, daughter of Mrs. Sara Agnes Bryant Taylor and the late Rev. Lester Taylor. The Cawthon Bryants and John David and Mrs. D. H. Bryant will also attend the wedding which will be held at the First Methodist Church.

Zerrell Thomas, Lamar, Colo. visited in the home of his son, Wayne Thomas and attended the Reunion. The family formerly farmed in the Simms Community.

Mr. and Mrs. Sam Steele, Ft. Sumner, N. M. spent the weekend in the home of his sister, Mrs. J. C. McCracken. He and his wife, who was Frances Wilson, attended the reunion.

The Jowell family had a Reunion dinner Sunday evening in the home of Corinne Jowell Neely on B Street. Guests included sisters Mabel and her husband Fuzzy Randall, Long Beach, Cal.; Mrs. Glen Roberson and husband and daughter Marie, and the brothers, George Jowell with his wife Betty and Richard and Wilda Jowell.

Mr. and Mrs. A. B. Schultz came to Deaf Smith County in 1909 from Leavenworth, Kan. They lived at Escabada Ranch and farmed for two years, then bought two dairies — the Weaver and Christian College dairies — and went into business two miles east of Hereford on what is now known as Dairy Road.

They continued in the diary

business and after he died in 1929, Mrs. Schultz continued at the farm until she moved to a home on McKinley Street in 1936. Mr. and Mrs. Schultz had six sons Harry, Fred, Herman, and Hereford (born at Escabada and named for the town of Hereford) who are deceased and Walter, now of Concord, Cal. and Clarence, Hereford. The daughters were Anna (Mrs. Tom Vaughn) Ida (Mrs. P. G. Clay) Tacoma, Wash. Edna (Mrs. Carl Hurd), Sumner, Wash., and Leona (Mrs. Ronald Matthews).

Of the Schultz children who survive all were present for the Reunion except Edna Hurd, Sumner, Wash., whose husband has been ill. Joining the group here last week were some cousins Charles Hitzeman and his wife, Tonganoxie, Kan. and Charles Seifert and wife from Leavenworth, Kan.

Anna and Ida (Schulz) recall that the family lived at Escabada and the girls came to Hereford to attend Hereford Christian College. They worked in the college dining room for their room, board, and tuition.

Tom Vaughn, who married Anna Schulz, was the son of Mr. and Mrs. D. P. Vaughn. They formed north of town and then moved to town and bought the house now known as "La Hacienda." Old timers remember it as the Vaughn place. La Hacienda is now owned by Mr. and Mrs. Gerald Wilson.

Mrs. Lucille Weems Starkey, Amarillo and Mrs. Roxana Weems Schultz, Concord, Cal. have been visiting members of the Henry Weems family. The family farmed at Westway and a school house known as the Weems School was located six miles west and four miles north of Hereford on the Weems land. In 1923 this school and a school on the Grady Wilson land 12 miles west of Hereford were consolidated and became Westway, located where the Westway Community Building is now. The school became a part of the Hereford School System in 1947.

The Mooneys from California felt quite at home Monday at the Bull Barn — it is located on what used to be their land. The Nortons and Gilbreaths formerly owned the land where the Sugar Mill is located.

Jim Gillum, Goodland, Kan.; Jerry Kemp, Springfield, Ohio; Joe Graham, Joliet, Ill. were guests last week of Dan Thomas in the home of his parents Mr. and Mrs. T. B. Thomas, Jr. at Westway. The boys have been students at Sul Ross, College Alpine the past school year, and were en route to their homes.

Mrs. L. G. Thuet of Post came last week to attend graduation activities of her granddaughter, Sandi Thomas, daughter of Mr. and Mrs. Ben L. Thomas. She was accompanied by Mrs. George Carpenter who visited her daughter Mrs. Gene King and the girls.

Ben Thomas, who with his family is moving this week to New Braunfels, came from there to attend commencement activities for his daughter Sandi. The Thomas family has lived at Westway for several years where Ben raised and showed quarter horses.

Mrs. George Turrentine and daughters Jan, Carol, and Patti and Alma Paetzold went to San Angelo Friday where they were weekend guests in the home of an aunt, Mrs. Frances Spairs. On Sunday they visited the Gene Roach family in Odessa. Mrs. Roach is the sister of George Turrentine.

Mrs. Fred Burns and children and Mrs. Harold Burns, Lakin, Kan.; Mrs. D. F. Henson and daughter Elisha, Hobbs, N. M., spent the week end here at the W. J. Frost home and visited Mrs. Frost at Deaf Smith County Hospital.

Mr. and Mrs. Joe Paetzold and John Paetzold visited a brother, Henry Paetzold, in Harrison, Ark. last week. Mr. Paetzold, who was very ill, died soon after the Hereford relatives came home. John Paetzold returned to Harrison for the funeral.

Mr. and Mrs. Reed Brown, Plainview, were guests last week of Mrs. Bess Werner. They were en route to Farmington, N. M., to attend the high school graduation of a granddaughter.

Mr. and Mrs. Edwin Morrison

Sr. visited in the home of her father, Jess Frost, in Stepehenville last week.

Mr. and Mrs. S. L. Gilley and children of Kilgore visited her mother Mrs. Zoe Inman and other relatives and friends on the weekend. Mrs. Gilley, the former Dora Ruth Inman, has been a teacher at New London. She has received a Fellowship to attend NTS at Denton where she will teach and work on her Master's Degree in business.

She will attend school there this summer and the two children will spend several weeks here with relatives. Mr. Gilley, who travels most of the time, is still to be located at Kilgore. He and his family visited his parents at Claude

en route back to Denton and Kilgore.

Mr. and Mrs. Robert Boyd are visiting in Corpus Christi with their son, Francis Boyd, their daughter, Mrs. Ernest Adams, and families. At Kingsville they visited son Frank and family. The children are all Hereford High graduates. Frank has been teaching at Texas A&I at Kingsville but will move this summer to Houston, where he will be employed at NASA and will begin work on his doctor's degree in electrical engineering.

# FOR GOD SO LOVED THE WORLD

## The VERDICT!

Some things are so final. One of them is judgment. But whether we like it or not, it is coming. The child at school knows a test is set—he must make ready for it. The man at his bench knows the work must get done, and on time. All life should help us face the coming verdict. The wise person gets the better of it by setting his own judgment at the close of every day. Life is made up of years, of months, of days.

Why wait for luck or chance which might make an escape possible? **YOU CAN'T BEAT THE VERDICT.** God will allow you to reap only what you have sown. You write your own verdict... *God announces it.* Go to church every Sunday. Confess your sins to God. Write a clean page. Keep the record clear. Then the verdict will be well with your soul.

**AUSTIN HIGHLIGHTS**

**Texas Water Plan Outlined To Legislators By Board**

By VERN ANFORD  
Texas Press Association

AUSTIN — That mammoth Texas Water Plan was laid out Monday by Gov. John Connally and the staff of the Texas Water Development Board at a special meeting with members of the Legislature.

It shows how Texans can save and improve their water supplies to meet the needs of the 30,000,000 Texans expected by the year 2020.

**THIS PLAN** has been called the most comprehensive and far-reaching yet undertaken by a state. It calls for 54 more major reservoirs, for \$1,000,000 worth of waste treatment facilities in the 21 major metropolitan areas alone to clean up waste water, and a \$1,500,000 system of pipelines and canals to move surplus water from the Red River Basin in Northeast Texas.

This transfer can only be described as fabulous. First the surplus water would be moved to the Fort Worth-Dallas region. After use, it would be purified and then go down the Trinity River. At a point below Waco, some of it would be moved to the Brazos River to bolster its flow. Near Eagle Lake, some would be moved to the Colorado River to meet downstream irrigation and industrial needs.

Finally, water would be moved into a canal from the Colorado down the Gulf Coast to the Lower Rio Grande Valley region, to provide irrigation and industrial water for the vast South Texas region.

By supplementing the flows of the Trinity, Brazos, Colorado and Nueces Rivers near their mouths, the plan would make possible the holding of water in the upstream regions of the Brazos and Colorado Basins to serve needs of that West Texas area.

Tightly put together, the plan released Monday is but a summary of the conclusions proposed by the Development Board's staff. Hearings will be held in 27 cities to get other ideas and suggestions, or criticisms. Series of hearings will begin on June 17 with the presentation of the West Texas portion of the plan at Lubbock.

Then the Board's staff will begin river basin hearings on June 20 at Longview. When the series is completed in August, the Development Board will adopt the final version of the plan. It will become a flexible guide by which the cities, river authorities, water districts, and state and federal agencies will develop the resources of Texas streams.

Before any project actually can be undertaken, its individual feasibility and a method of financing must be shown to the Texas Water Rights Commission, which will approve and grant permits for each project.

**COURTS SPEAK**

State Supreme Court threw its weight behind the decision that once-submerged lands (mud flats) rising from the floor of La-

guna Madre in Cameron County are not vacant and unsurveyed public school property subject to sale or lease on application. Ruling, affirming lower courts, upheld position of land Commissioner Jerry Sadler in refusing to accept application to purchase a tract 15 miles northeast of Brownsville.

Third Court of Civil Appeals sustained transfer of two small sections of land from Frenship Rural High School District to Shallowater Independent School District of Lubbock County.

Same Court said the Pennsylvania Insurance Company cannot get refund of \$101,589 in gross premium taxes paid under protest for a firm acquired in merger.

Third Court of Civil Appeals directed Savings and Loan Commissioner James O. Gerst to reconsider his denial of a charter to Northwest Savings Association of Houston.

**APPOINTMENTS**

Mrs. Raybourne Thompson of Houston, Wendell W. Mayes of Brownwood, and E. Gary Morrison of Austin have been appointed by Governor Connally to Board of Regents of Texas Woman's University. Reagan Houston III of San Antonio has been reappointed.

Mrs. Gladys Drake, assistant professor of education of the deaf at Texas Woman's University, has been appointed by Lt. Gov. Preston Smith to Citizens Advisory Committee to work with the Texas Legislative Council's Study Committee on Services for the Deaf. Findings are to be reported to the 60th Legislature in January, 1967.

**TEXAS DEFENSE SPENDING UP**

State's share of defense contract spending is increasing. Defense contract work for first three quarters of present fiscal year is up to \$1,500,000,000 or 7.5 per cent of national total. This compares with \$1,100,000,000 and 7.3 per cent of U. S. total for same period in fiscal 1965.

Texas bases cleared for construction work by Senate were Fort Bliss, 4,900,000; Fort Hood, 1,800,000; Bergstrom Air Force Base, 4,400,000; Carswell AFB, \$1,20,000; Kelley AFB, \$450,000; Laredo AFB, \$22,000; Laughlin AFB, \$675,000; Randolph AFB, \$236,000; Sheppard AFB, \$1,900,000; Perrin AFB, \$61,000; Reese AFB, \$546,000; Webb AFB \$226,000 and Naval Auxiliary Station, Chase Field, \$93,000.

**ATTORNEY GENERAL RULES**

Fees of \$3 should be taxed against drivers arrested and convicted for misdemeanor traffic offenses, and court costs should be added in peace bond proceedings, Atty. Gen. Waggoner Carr has ruled.

In other opinions, Carr concluded that:

Old iron fence which once surrounded capitol ground, and now in storage, can be used at governor's mansion without conflicting with state law.

University of Houston construction projects are not regu-

lated by Houston, LaMarque or Clear Lake City building ordinances.

Texas Education Foundation, Inc., engaged in the operation of the Gary Job Corps Training Center, is not exempt from the payment of taxes imposed on the use of motor fuel.

**UNLINED PITS BANNED**  
Use of unlined disposal pits for oil field brine was barred by the Texas Railroad Commission in 13 West Texas counties over Ogallala Underground Water Formation.

In three separate orders, Commission said pits were polluting underground water. Agency threatened to sever pipeline connections of oil and gas operators who did not fill pits by deadline in Hemphill, Swisher, Bailey, Cochran, Dawson, Gaines, Hale, Hockley, Lynn, Terry, Yoakum, Andrews and Martin Counties.

**SHORT SNORTS**  
Attorney General Carr assign-

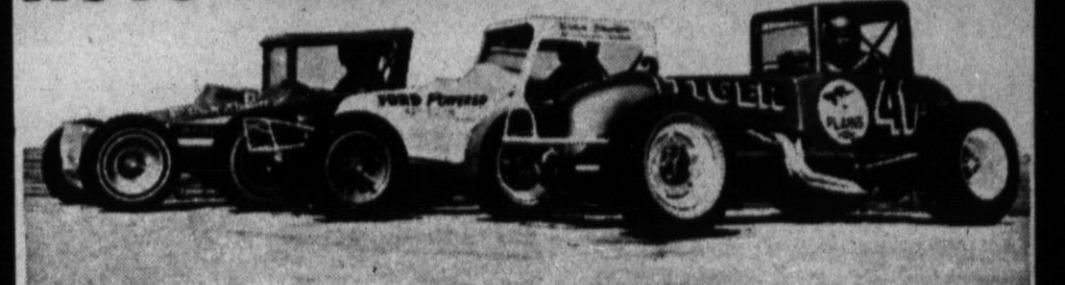

ed Howard M. Fender chief of his enforcement division, to work with Limestone County Attorney Holloway Martin Jr. on Martin's request to join him in investigation of alleged irregularities at Mexia State's School for mentally retarded.

Texas needs a wholesale reduction in the number of independent school districts, according to Dr. J. W. Edgar, Texas Commissioner of Education, and he thinks districts with less than 500 scholastics should be merged with other districts.

Game and fish regulations for 184 counties under Parks and Wildlife Department management will be aired in public hearings over state on June 6-9.

Although business activity declined one per cent last month, April value of index was highest for the fourth month since World II and second highest in history of the measurement.

**Tried Touch-Tone Phones?**

If you haven't tried the new Touch-Tone telephone, you have a treat coming. With this brand new phone you just tap out the number you want on push buttons instead of dialing in the usual manner. Musical electronic tones speed your call on its way. You just "touch and talk."

Touch-Tone calling is so convenient and easy to use, once you try it you'll want this modern service for your home or office. You can choose from a variety of colors and styles . . . and the cost is only slightly more than the conventional dial phone.

Why not stop by the business office to see and try Touch-Tone phones?

You can order Touch-Tone phones from the business office, EM 4-1000, or from any telephone service man.

**Protecting your tomatoes**

against anthracnose, blight (early and late), and gray leaf spot can be a lot of work and worry. But it doesn't have to be. A new Niagara fungicide, Polyram, gives excellent control and has long residual action. (Lessens chance of disease sneaking in.)

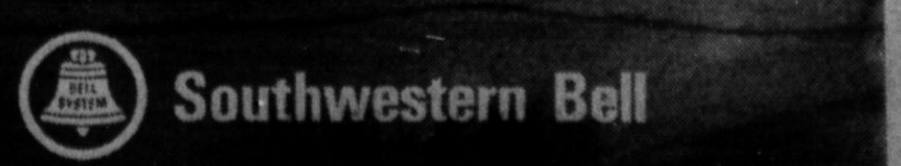

Put it in your disease prevention program. Start applications 10-14 days after field seeded tomatoes emerge, or soon after transplanting.

Polyram mixes easily. (Compatible with tomato insecticides.) Sprays freely. (Won't clog nozzles.) And covers evenly. (Stays in suspension.)

OK to use up to 30 days of picking.

**Polyram**

Polyram is a registered trademark of Rodiche Anlin & Soda Fabrik, A.G. FAIRFIELD CHEMICALS • NIAGARA CHEMICAL DIVISION • MIDDLEPORT, N. Y.

## Former County Resident Is Married At Midland

Mr. and Mrs. Roland Dale Sipes will be at home next week at 725 Beechwood, Midland, after their marriage Saturday evening in the patio of the Paul E. Myers home there. Mrs. Myers is a sister of the bride, who was Mrs. Wilma Moore Chunn, daughter of Mr. and Mrs. W. R. Moore, northeast of Hereford.

The Rev. Carroll Holtzclaw, pastor of the Baptist Church at

Prayer. The bride wore a white silk suit and carried orchids with multi-colored streamers on a wedding Bible. Her attendant was dressed in a spring green suit with white orchid corsage.

Parents of the couple assisted them in receiving guests at the informal reception after the ceremony. Mr. and Mrs. Sipes left for a Colorado honeymoon from which they are to return this weekend.

Mrs. Sipes, who was graduated from Hereford High School and attended West Texas State University, is employed by El

Paso Products Co. at Odessa and is a member of the Midland Desk and Derrick Club. Sipes is with Pioneer Natural Gas Co. at Goldsmith.

### WATERED WINE

ROME — An Italian Appeals Court has ruled that Milan innkeeper Antonio Costa did not violate the country's pure food laws by watering down flasks of Grottaglie red wine he served his customer.

The court accepted his argument that wine is 80 per cent water anyway and adding a little more did not constitute selling impure products.

## County Federated Club Schedule Is Outlined

Quarterly meetings of Deaf Smith County Federation of Women's Clubs were scheduled, and programs tentatively planned at a meeting of executive board members recently in the home of Mrs. D. C. Kelton, president for the 1966-67 season.

The new year will begin Sept. 30 with a program on the subject, Texas Heritage. Hostess clubs are Lone Star, Bud to

The Hereford Brand, Hereford, Texas, Thursday, June 2, 1966

sional Women and La Plata Clubs are slated for hostess duty.

Clubs in the Federation work together on projects of county wide interest and hold quarterly meetings for programs and business after covered dish luncheons. Community Center is the usual meeting place.

In addition to the member clubs, individual members are enrolled. Any woman in the county is eligible for membership on payment of a small fee.

### THORNE SMITH NOVEL TO BECOME MUSICAL

NEW YORK — Thorne Smith's novel "Rain in the Doorway" is to be the basis of a Broadway musical next season. The adaptation is by James Lensor, whose own novel "Passport to Oblivion" was made into a film recently, and the score is by Jordan Ramin, who plans to double as producer.

Another Smith novel, "Topper," previously was the source of both a movie and long-run TV series.
