

## City Has Varied Agenda; Includes Paving, Fixtures

Hereford City Commissioners let the bid for some 10,728 square yards of paving and 190,041 square yards of seal coating for the local airport Monday evening.

The paving will include 8,108 square yards to be laid finishing the airport paving and an additional 2,620 square yards of paving at the new city barn located at the city dump grounds.

## Group Outlines Ceremony For July Program

Hereford will join with cities throughout the nation on Independence Day to celebrate the anniversary of the signing of the Declaration of Independence.

A group of Hereford citizens launched plans last week for a July 4 ceremony on the courthouse lawn, complete with band fanfares, color guards, dignitaries speaking from the steps of the courthouse, and ceremonies featuring uniformed personnel from veterans and scouting organizations.

The July 4 celebration will climax with ringing of bells, not only at the courthouse, but throughout the city, at 12 noon.

This will be in conjunction with a nationwide movement begun in 1963 in which citizens in cities throughout the nation are being urged to join in a "ringing of the bells" to commemorate the signing of the Declaration of Independence.

Further plans for the celebration will be announced later.

## Summer Classes Opened At Hereford High

Just as most high school students have actually realized that school is out, several have packed up their books and are back in class.

Not all subjects offered for summer school at Hereford High School have had takers, but several classes have heavy enough response to become realities.

Bill Michael, principal, said that 32 had enrolled as of Wednesday morning and that students would be accepted for the first session through today.

Classes in government, American history, world history, typing, related math and algebra I have been established. One-half credit for the session which will end July 1 will be given in these subjects.

Not all students are high school students, Michael said. Some adults have been attracted to the typing classes for non-credit.

Second session for the summer will begin July 5.

## RENOVATION PROGRESSES

### Museum Donations To Be Accepted Beginning 15th

The long-sought Deaf Smith County Museum begins receiving items for display on June 15 following renovation of the museum building at Fourth and

Sampson. Officials for the Deaf Smith County Historical Society, organized recently for the purpose of bringing the museum

dream to reality, revealed this week that, beginning next week, the museum will be open all day each Wednesday to receive display items.

OFFICIALS of the historical society will be on hand to visit with anyone desiring more information concerning the museum.

Preliminary improvements on the museum building are nearing completion, officials said.

AND THE DRIVE to obtain charter memberships for the museum society is moving along rapidly. Deadline for obtaining charter memberships for the museum association is July 4.

Memberships are available to anyone at a price of \$2.50. Members are entitled to vote on all items presented for business in the society's general business session and will receive charter membership identification

See MUSEUM, Page 2

## Season's Grain Harvest Opens With Barley At Hereford, Dawn

Barley began to trickle into area elevators this week. Not considered a major crop, barley is the accepted harbinger of wheat harvest.

E. M. Green opened the season with the first load delivered to Hereford Grain Corporation Monday afternoon at four o'clock. Joe Artho received it.

Eddie Weick delivered the first received by Dawn elevators at five o'clock the same day. Bill Sooter, foreman of Trans Con-

received it. Green farms ten miles south-east of Hereford. He was first with barley last year and was first to deliver milo to Hereford in 1964.

Yield for the field is estimated at 70-80 bushels. Weick farms east of Dawn and seemed to think that his yield would be down somewhat because he did not fertilize the crop.

Both barley loads were from irrigated fields.

REMODELING BEGINS — City employs the first floor of Hereford City Hall. (Staff and carpenters begin the renovation of Photo)

## DOING OWN CONTRACTING

### City Hall Ground Floor Gets Major Remodeling

Remodeling work began Tuesday on the first floor of Hereford City Hall. The 12,000 project is being contracted by city officials in order to cut costs, according to city manager Dudley Bayne.

Two years ago the city remodeled the upper level of the building at a cost of 18,000 which included the remodeling of the police department, city manager's office and council room as well as corporation court.

The lower level of the building houses the water and tax offices.

Remodeling includes the complete renovation of the first floor and lowering the ceiling some 18 inches, as was done on the upper level.

Workmen Tuesday began tearing out partitions in the building to make way for the new ones which will include a more narrow hallway and an additional room in the rear of the building.

Temporary offices for the water and tax departments have been set up in the police station on the upper level of the building.

Contracts for the heating, air conditioning and electrical work were let Monday by city commissioners at their regular meeting.

The contract for the heating and air conditioning was let to Brown Sheet Metal. The total cost for two five-ton air conditioning units as well as a heating system and all duct work amounted to 2,000.

Contract for the electrical work was let to Kelley Electric for \$2,581.50 by the commissioners.

Commissioners considered two bids for furniture for the new portion of the building, but de-

cid to look at some of the furniture before buying.

Approximate cost of the furniture will be \$2,000 to the city.

Bayne said that the city officials decided to contract the work themselves in order to cut costs. Bayne is heading up the work.

## SWAP SHOPPERS

### Merchants Propose Shopping Survey Exchange With Dumas

Hereford retailers and service business operators have been invited to attend a luncheon meeting at noon Friday in the Hotel Jim Hill where plans for a "shopping survey" will be outlined.

Arranged by the Retailers Steering Committee of the Chamber of Commerce, the planned shopping survey will be conducted in cooperation with the Retail Division of the Dumas Chamber of Commerce.

OUTLINED at Friday's luncheon will be plans for a group of Dumas women to shop in Hereford businesses and evaluate stores in which they shop. Later, a group of Hereford women will visit Dumas businesses for the same purpose.

Participating stores will not be notified when the shopper is to visit.

ALL EVALUATIONS will be kept strictly confidential with copies going to the store owner or manager only.

After hearing details of the proposal, Hereford businessmen will be invited to participate in the survey. There will be no cost for the survey, but a participation agreement must be signed prior to July 1.

Expressed purpose of the survey is to help businessmen gain ideas towards how to better please the customer.

Mrs. C. R. Smith

### Early Resident, Mrs. C. R. Smith Dies At Age 82

Funeral services for Mrs. C. R. Smith, 82, resident of Hereford since 1901, were conducted Wednesday afternoon at First Christian Church with the Rev. Eugene Brink, pastor, officiating. She died in Westgate Hospital here Monday after a long illness.

Born in Afton, N. Y., Nov. 3, 1883, Zula Mae Vanderburg came to Deaf Smith County with her parents, Mr. and Mrs. Emmett Vanderburg, from New York in 1901 and married C. R. Smith, manager of the Escarabada Division of the famed XIT Ranch, in 1906.

She went as a bride to the home at 410 Jowell Street where she lived until she moved to King's Manor a few years ago. Her husband died March 14, 1960

See RESIDENT, Page 2

## Decide Bond Fate In Vote Saturday

### Issue Provides For 30 Miles Of FM Highway

Deaf Smith County citizens who go to the polls Saturday will see a ballot seeking approval or rejection of a proposed \$450,000 bond issue for construction of Farm-to-Market roads in the county.

Location of the proposed projects in all four county precincts — which would total some 30 miles of new pavement — was described this week.

THE ROADS would be constructed in cooperation with the Texas Highway Commission — which has allocated \$125,000 to bring the total for the proposed paving program to \$575,000.

The \$125,000 allocated recently by the highway commission is earmarked for construction of some six miles of FM road north of Hereford, beginning at the intersection of U. S. Hwy. 385 and FM 2587 and going east.

IF THE bond issue passes, the county would then extend this road five miles further east to intersect with the Dawn-to-Wildorado FM road.

Also to be paved if the bond issue carries are three other projects.

ONE WOULD provide a link between two existing FM highways by beginning at the intersection of FM 1062 and 385 at Milo Center and going west some six miles, then south to the existing FM 1057.

In precinct three, a road would be constructed north from Harrison Highway at a point 12 miles west, going north some six miles.

EXACT ROUTE of a road proposed in precinct one has yet to be determined, due to problems in locating a route with a clear right-of-way.

However, a group of farmers in an area north of U. S. See ISSUE, Page 2

### \$450,000 Paving Project Asked For County Roads

The fate of some 30 miles of proposed road paving in Deaf Smith County rides on the outcome of the voters' majority at the polls Saturday on the question of whether to issue \$450,000 in county tax bonds.

Facing voters is the proposal to issue bonds for paving of Farm-to-Market highways in all quadrants of the county.

Voters voice their opinion on the issue in balloting beginning at 8 a.m. and continuing through 7 p.m. in the county's eleven polling places.

Although the proposal — if accepted by voters — could effect all rural areas of the county, county officials are predicting a minority of citizens will decide the fate of the issue.

This indication comes from the fact that only 23 ballots were cast in absentee voting which ended Tuesday for the bond election as compared to 57 absentee ballots in last week's second Democratic primary which brought 840 persons to the polls.

The \$450,000 from bonds would be added to \$125,000 allocated by the Texas Highway Commission for a paving program totaling \$575,000, sufficient for about 30 miles of roads.

Big bonus in the proposal is the fact that passage of the bond election "would cause no tax increase," county commissioners said.

THE ROADS constructed would be taken over by the state highway department for maintenance, thus saving the county money now being used to maintain the present dirt roads which would be paved.

Passage of the issue would provide paving in each of the four precincts in the county.

The proposal is the first major bond issue for paving in the county since 1949, when voters stamped approval on \$500,000 in bonds.

TAXING TO retire those bonds issued in 1949 ends this year, and the county can easily use the tax rate used to pay off the 1949 bonds to retire the currently proposed \$450,000 issue.

Thus, it is possible to issue the bonds proposed in Saturday's election with promise of no tax increase, the commission emphasized.

ALSO NOTED was the fact that practically all of the county's current debts will be retired by 1973, with the exception of the most recent bond issue for hospital expansion. The hospital bonds will be retired in

See BOND, Page 2

Rev. Herschel Thurston leaves Hereford

### Minister Assumes Floydada Duties

Rev. Herschel Thurston, pastor of the First Methodist Church of Hereford, will be leaving to assume duties in Floydada.

The minister has served the Hereford charge for seven years and will assume duties at First Methodist Church in Floydada early next week.

Rev. Thurston announced the move to his congregation Sunday, but the move was not made official until the reading of appointments by Bishop Eugene O. Slatter at the final session of the 1966 Northwest Texas Conference in Dallas.

New minister for the Hereford church will be Rev. Clifford Trotter, who has been pastor of the First Methodist Church in Dumas for the past eight years.

The Methodist Church has been holding conference in Dallas during the week and will conclude with the noon meeting.

All of the ministers will return to their former charges to preach Sunday and then will assume their new churches during the early part of next week.

Rev. Trotter and his wife Irene have three children, Elayne, 19; Johnny, 16, and Marcia, eight.

The family will reside in the See THURSTON, Page 2

## County Hears State Officials Outline Welfare Food Plan

County commissioners heard two officials describe workings of the Texas Commodity Distribution Program for needy persons during an informal session Wednesday afternoon.

Meeting at the request of officials connected with the state commodity distribution agency, commissioners took advantage of the called unofficial discussion to consider a few other items.

Outlining the commodity distribution program were W. E. Moore of Austin, assistant director of the Texas Commodity Distribution Division, and Charles Herndon of Dallas, with the food distribution department for the U. S. Department of Agriculture.

MOORE TOLD the commission that the state commodity distribution agency had felt it appropriate to describe the commodity welfare program to the commission after working on a cafeteria program for St. Joseph's Mission at the Labor Camp.

"It is our belief that there are

many families in Deaf Smith County who could benefit from a food distribution program," Herndon stated.

He explained that the Commodity Distribution Program utilizes surplus food commodities to provide free food distribution to low-income and unemployed people throughout the nation.

THE SURPLUS FOOD would be given to the county at no cost — however, the county

would pay cost of transporting and storing food, as well as administrative costs.

Actually, officials indicated, the county would pay about 50 cents for each dollar's worth of food used in the program.

Moore said that the state sets up certain criteria regarding who would be eligible to receive the commodities — such as maximum monthly income

See COUNTY, Page 3

### County Paving Proposal Backed By Chamber Of Commerce Board

Board of Directors of the Deaf Smith County Chamber of Commerce officially cast its support in favor of the passage of Saturday's county bond election.

Acting on a recommendation from the chamber's government affairs committee, the board voted to endorse and urge an affirmative vote for the Deaf Smith County Road Bond issue to be voted Saturday.

The action in support of the \$450,000 county bond election for the purpose of paving some 30 miles of road in the county highlighted the agenda for the board.

In other business, the board agreed to hire Whitney Printing Co. of Amarillo to print the new full color chamber brochure.

Details of bond issue proposal are outlined in story at top of page.

# Museum . . .

(Continued from Page 1)

"I think it would be well for everyone in the county to obtain a charter membership in the society, for the museum will benefit the community as a whole," commented Paulmer Norton, president of the Deaf Smith County Historical Society.

Memberships are available through any board member and may be obtained at the museum building each Wednesday.

ANYONE HAVING items that would allow the museum to display is invited to bring them to the building each Wednesday," said Mrs. George Turrentine, secretary of the historical society.

"Items may be permanently donated to the museum or may be loaned to the museum on a temporary basis, according to the desire of the owner," she added.

EMPHASIZED was the fact that "the Deaf Smith County museum will be permanent and whatever items accepted by the museum will be properly taken care of . . . by opening the museum at this time, we feel that many people will be encouraged to go ahead and bring items in," she said.

Mrs. Turrentine, along with Mrs. J. H. Sears, vice president of the historical society, are in charge of obtaining display material at the present time and will be at the museum building each Wednesday.

THEY POINTED out that all items of value brought to the museum will be covered by insurance and that the building has been repaired and partially remodeled inside to handle collections.

Several repairs have been made to the building during the past few weeks and more are yet to come.

Members of the Hereford Jaycees have donated their services as carpenters and painters and the interior of the building is being repainted this week.

The Dodgers hit only 78 home runs last season, their lowest total since 1946 when they hit 55 as the Brooklyn Dodgers.

Kevin Hart of Pittsburgh, Pa., will captain Yale's 1966-67 freshman basketball team.

LAST CHANCE — Farmers, cheered by a nominal amount of rains recently, rushed into fields to complete last minute cotton planting operations. (Staff Photo)

# Resident . . .

(Continued from Page 1)

The couple was actively associated with the early growth of Hereford and with the First Christian Church. He moved from employment with the XIT to management of his own ranch served as a deputy sheriff several terms, then was in the real estate business. At various

times he was a member of school and hospital boards. A charter member of the Music Study Club, Mrs. Smith was organist and choir member of the Christian Church, interested in music and other cultural phases of the city's development. She is survived by a daughter, Mrs. Ruth Wilson, and a son, Roy Smith, both of Hereford; three grandchildren and three great-grandchildren. Another son, C. R. Smith Jr., preceded her in death.

# Bond . . .

(Continued from Page 1)

1977. At the present time, the county's net debt is \$572,000. County assessed valuation is more than \$40 million.

This gives a ratio of 1.43, comparing the debt to the taxable valuation.

COUNTY FINANCIAL advisors have stressed the fact that 1.43 debt ratio "would be envied by most counties" as an indication of sound county government spending and retirement of debts, since many of the state's governing agencies have debt ratios in the neighborhood of 9.

Overall, the county's financial condition has been described as "unusually good." Addition of the \$475,000 in bonds proposed would bring the debt-ratio to about 2.75, still low by statewide standards.

TWO YEARS ago, commissioners brought the county's general fund into the black and have kept it there. This was something of a milestone, since the general fund had operated in the red "as a matter of habit" for some 15 years prior to 1963.

Passage of the bond issue would have no effect on the general fund, of course, since bond retirement is handled from separate tax revenue. But the general fund was mentioned to emphasize the ease with which the county can retire the bonds which would be issued with a "yes" majority vote Saturday.

Commissioners said they have heard no opposition to the proposal, since no tax increase is involved.

THE ONLY "issue which has come to light is requests by some county residents for paving in their respective areas.

It was pointed out, however, that should the bond issue be defeated, a small decrease in county taxes would be feasible in the next year or two as current debts are retired.

However, pressure upon the commission during the past decade for additional paving in the county has been high and commissioners said that the proposal to provide new roads with no tax hike appears to be what the county's citizens want.

# Teacher Group Backs Governor's Water Proposal

AUSTIN — Enactment of Governor John Connally's \$3.7 billion water plan for Texas would benefit the state's local public school systems a Texas State Teachers Association spokesman declared.

The water plan drew immediate support from L. P. Sturgeon, executive director of TSTA's Governmental and Public Relations Division.

Sturgeon said one of the most serious problems facing public school education in Texas today is the severe strain placed on local communities' tax resources.

"SMALL COMMUNITIES need more industry to provide a tax base for their local schools, and it is evident that if Texas is to ever get more industry, it must first secure more water," Sturgeon said.

The 50-year water development proposal apparently meets the need for immediate and imaginative planning in this regard, Sturgeon asserted.

Sturgeon explained that the proposed interlocking system of reservoirs would not only stimulate creation of a greater industrial tax base, but would prompt tourist-related developments as well. And new businesses created as a result of a booming tourist industry will also pay their rightful share of school taxes, Sturgeon said.

"Homeowners and small businessmen are feeling the strain of the local tax problem now, and local school districts have no choice but to turn to the state and the federal government for more revenues," explained the teacher spokesman.

"Texas obviously needs greater industrial development and an adequate water supply will attract it," he said. "Rural areas need a greater water supply for irrigation and to prevent present good farmlands from becoming wastelands," he added.

"We think the plan that has been outlined by Governor Connally and the Texas Water De-

# Two In Family Receive Degrees In UT Rites

Two members of a Hereford family received degrees in University of Texas commencement exercises Saturday, when Miss Glenda Fuhrmann was graduated with a Bachelor of Music degree and John Stanley Fuhrmann received a Master's degree in the school of business administration.

Their parents, Mr. and Mrs. R. L. Fuhrmann, and other members of the family went to Austin for the graduation program.

John Stanley completed work for his master's degree last January but it was conferred at the spring commencement. He will remain in Austin this summer to continue study toward a doctor's degree.

Glenda will be at home for a visit in about two weeks, but will leave around mid-July for training to work with the Peace Corps.

# TEXAS HISTORICAL DRAMA

CANYON, Tex. — An historical drama, "Texas," is to be produced this summer in Palo Duro Canyon State Park. It is being written by Paul Green, who won the 1927 Pulitzer Prize in drama with "In Abraham's Bosom" and who has authored several pageants that are presented annually in outdoor festivals. "Texas" is to open July 1 and run through Labor Day.

Office Supplies — Printing THE INK SPOT

# Issue . . .

(Continued from Page 1)

Hwy. 60 between Hereford and Dawn have formed a committee and appear to be making headway towards obtaining promise of easements for right-of-way in that general area.

Precinct one commissioner Earl Holt has said that the road would probably be put in the area "if the county can get the easements."

It was pointed out at the same time that the county commission believes it possible "to provide more paving for less money" by constructing a road in that area, as opposed to constituents requests for paving elsewhere in the precinct.

ALL ROADS which would be paved through the proposed bond issue will be taken over by the state highway department and designated as FM highways and maintained by the state.

Routes for proposed FM roads must be approved by the state and paving construction must meet Texas Highway Commission requirements.

Commissioners said that portions of the state requirements concerning bridges and rail crossings would run the cost up considerably for paving a road south from the east edge of Hereford to Castro County and U. S. Hwy. 385.

The commission feels that it would be more practical to improve the latter road through regular operating funds as a

county road with no state participation — or state specifications to meet — thereby reducing the road, if the means are available for the county to do so.

Also, the commission has pointed out, several shorter heavy-traffic roads near Hereford are being considered for paving out of the county's regular operating budget.

Last year, the county paved two miles of road in this manner and anticipates similar work this year.

# 1921 FIGHT MADE HISTORY

NEW YORK — Boxing buffs who regard closed-circuit television in arenas and motion picture theatres as phenomenal might be interested in knowing that the pattern was set back on July 2, 1921.

That was the day Jack Dempsey knocked out Frenchman Georges Carpentier in four rounds in Jersey City. It was set up the first broadcast of a also the day David Sarnoff helped boxing bout.

Some 200,000 people heard J. Andrew White's blow-by-blow account. Some of the background of the broadcast is told in David Sarnoff's biography by Eugene Lyons (Harper & Row, \$6.95).

A mule is the mascot of the Kansas City Athletics of the American Baseball League.

Brigham Young University at Provo, Utah, was named after the man who led the Mormons into Utah.

## ONE MINUTE, PLEASE

THE CHURCH I LOVE . . . HELPS CHRISTIANS OVERCOME BY SIN (39th in a series)

"Brethren, if a man is overtaken in any trespass, you who are spiritual should restore him in a spirit of gentleness. Look to yourself, lest you too be tempted." (Galatians 6:1).

Christians are engaged in warfare, not a carnal war, but a spiritual battle. (Ephesians 6:12). We are told "Fight the good fight of faith;" (1 Timothy 6:12). Paul the Apostle encourages us, "Take your share of suffering as a good soldier of Christ Jesus;" (2 Timothy 2:3).

In this spiritual warfare between the forces of righteousness and the forces of evil, we are bound to have some casualties among the Christians. Christians may run into an ambush of temptations; they can be overrun by a horde of wickedness; or, they may be overcome by a booby-trap of greed or lust.

When this happens, the church must send spiritually strong Christians to the rescue. As we go to help the fellow-Christian who has fallen in battle, we must be alert lest we also be overcome by temptation. Let us not proudly say, "It cannot happen to me." Remember the warning, "Therefore, let anyone who thinks that he stands take heed lest he fall." (1 Corinthians 10:12).

"My brethren, if any one among you wanders from the truth and some one brings him back, let him know that whoever brings back a sinner from the error of his way will save his soul from death and will cover a multitude of sins." (James 5:19, 20).

### Graduation Exercises Set For Vacation Bible School

Temple Baptist Church will hold graduation exercises for their ten day vacation Bible school Friday night at 8 p. m. Mrs. Tommy Phelps, principal said that certificates featuring pictures of the school would be presented.

Program for the evening will be representative of the class work done by the various departments from nursery through intermediate. The joint worship service which is presented each morning will open the evening program.

After the program in which teachers and department superintendents are recognized, parents are invited to attend open house in the classrooms; work

that has been done by the children will be displayed.

#### OLDEST COLLEGIATE HIGH AND TIGHT

ST. PETERSBURG, Fla. — It was only a squad game among the New York Mets but National League umpire Augie Donatelli decided he needed some practice.

Eddie Bressoud, new Met infielder, asked the umpire which pitch is toughest to call.

"High inside," said Donatelli. "Frank Robinson made it tough. He crowded the plate and anything on the inside corner came close to hitting him and appeared to be a ball."

Donatelli's task should be easier this season. Cincinnati traded Robinson to the Baltimore Orioles in the American League last winter.

Twenty-game winner Bob Gibson of the St. Louis Cardinals had a 9-9 record against National League first division teams in 1965.

## Employment Commission Releases Wheat Harvest Survey For Texas

The wheat harvest is well underway in most areas. Recent widespread rains have caused some delay. Adequate workers and equipment are available in most areas of operations.

The following reflects the latest reports on area conditions received by Texas Employment Commission.

**DALLAS:** Harvest is approximately ten percent complete and is expected to be complete by June 10.

**McKINNEY:** Harvest is twenty-five percent complete and should be completed by June 20.

**MINERAL WELLS, EASTLAND, OLNEY, and BRECKENRIDGE:** Harvest is well underway and should reach a peak by June 15. Yields are good.

**ABILENE, STAMFORD, BAIRD, and ALBANY:** Harvest is getting underway and should be complete June 17. There is a shortage of experienced combine operators.

**BROWNWOOD, COLEMAN, and BRADY:** Harvest has made a slow beginning. Some areas have been damaged by hail.

**SAN ANGELO, BALLINGER, and MILLERSVIEW:** Harvest is underway and will reach a peak from June 15 to June 20. Yields are good to poor. No shortage of workers or equipment has developed.

**WICHITA FALLS, HENRIETTA, and ARCHER CITY:** Harvest is sixty percent complete and should be finished by June 12. Yields are generally good.

**HASKELL, ASPERMONT, and THROCKMORTON:** Harvest is thirty to forty percent complete and should be completed by June 20. Yields are average to good.

**MUNDAY, KNOX CITY, and SEYMOUR:** Harvest is forty percent complete and should be completed by June 18. Yields are from average to good.

**VERNON, QUANAH, and CROWELL:** Harvest is from fifty and should be completed by June 8.

**CHILDRESS, PADUCAH, CLARENDON, MEMPHIS, WELINGTON, MATADOR, and GUTHRIE:** Harvest is only about five percent complete but is expected to be finished by June 20. Yield is ranging from ten to fifteen bushels per acre.

**RALLS, CROSBYTON, and DICKENS:** Harvest is expected to begin between June 10 and June 15. No shortage of workers or equipment is anticipated.

**LITTLEFIELD and MULESHOE:** Recent rains have caused some delay, but harvest should get underway this week. Dry-land wheat is poor and irrigat-

ed wheat is average. **PLAINVIEW, TULLA, LOCKNEY, FLOYDADA, and SILVERTON:** Rains have delayed harvest operations about two weeks. Dry-land wheat is in poor condition, but irrigated acreage is very good. Only moderate demand for out-of-area workers and machines is expected.

**AMARILLO, VEGA, CANYON, PANHANDLE, and CLAUDE:** Harvest is expected to begin about June 15. Some areas have received moderate damage from wind and hail. Dry-land yield prospects are very poor, and irrigated acreage should yield average to above average.

**BORGER, DUMAS, DALHART**

### County . . .

(Continued from Page 1)

permitted — but that the county can write its own controls for who would receive the benefits of the program.

Commissioners outlined the current county welfare program saying that they felt it had proven satisfactory in the past.

**HERNDON SAID** that the commodity program is designed to be utilized in conjunction with other existing welfare programs in the county.

All four commissioners commented to the effect that they did not want to be putting the county in a position "of encouraging people not to work."

The officials replied that through setting up proper controls for commodity recipients, this could be avoided.

**SOME 96 counties** throughout the state are currently utilizing the commodity program, Moore said.

Herndon said that using population statistics here and comparing them with figures from throughout the state, he would "give a rough guess" that as many as 160 families in the county might qualify for the commodity program.

Commissioners said they would give careful investigation to the program before deciding whether to consider participation in the program.

The commission agreed it would discuss the matter with other area counties using the commodity food program regarding their opinion of its benefits.

In other discussion, commissioners considered the need to employ a custodian for the county-owned "Bull Barns" since use of the facilities has spiraled following the recent renovation.

Also discussed was the possibility of repairing the parking area around the Bull Barn, but no action was taken.

**CHANNING, and STRATFORD:** Harvest should begin about June 15. Dry-land wheat has mostly been abandoned, and some decrease in the yield of irrigated acreage is expected.

**PAMPA, MIAMI, CANADIAN, LIPSCOMB, SHAMROCK, SPEARMAN, and PERRYTON:** Harvest should begin about June 10. Yields from dry-land acreage is expected to range from eight to fifteen bushels per acre, and irrigated acreage from thirty-five to fifty-five bushels.

#### GENERATIONS OF MINISTERS

**FORREST CITY, Ark.** — "Red Bill," Samuel and William Watson represent one century of service in the ministry.

"Red Bill" was the Rev. William M. Watson, who began in 1886 as a Methodist circuit rider. He got his nickname from his red hair.

He served as a Confederate soldier in the Civil War and once dressed a fellow officer in woman's clothing so he could go into Northern-occupied Jonesboro to report on the number of troops in town.

The Rev. Samuel G. Watson now is 79 and lives in Paragould.

The Rev. J. William Watson, now pastor of the Forrest City Methodist Church, carries on the family tradition of ministry.

Minneapolis and St. Paul once were keen baseball rivals in the American Association.

Kansas motorists killed 562 deer during 1965 with motor vehicles.

Wichita set a Missouri Valley conference record with a home attendance average of 10,312.

LET'S COOK SOMETHING!

# Kitchen Dream Plan

By SUE COLEMAN  
Women's Editor

A dream room which came true after several years, the kitchen at the J. F. Matthews home north of Dawn was planned in every detail by Mrs. Matthews, using as a basis a model kitchen featured by Better Homes and Gardens Magazine in 1942.

ADDING HER OWN ideas to the plan, to include a wide-windowed dining alcove and a porch which is actually a small greenhouse, she has achieved a room which is a pleasant living center as well as a highly efficient food-preparation area.

Since the Matthews moved to that place in 1937 they have "done over" the house several times, usually on the do-it-yourself plan, Mrs. Matthews says. Most recent work, in addition to the kitchen, is a wing housing an entry and a large, handsome living room with stone fireplace wall.

The kitchen was pictured on the magazine cover. Suggestions had been asked from readers over the nation, naming the principal things they wanted in a kitchen, and more than 7,000 responses were received.

SUGGESTIONS WERE compiled to find the most-wanted features, and a number of architects were asked to submit plans incorporating the housewives' desires. The plan chosen from all these was the one published.

Luck was with her in finding material in just the colors and patterns she liked, Mrs. Matthews says. One of the main changes she made in the room was the addition of color; the original was in gleaming white, hers has restful tones of olive, pumpkin, browns and a pale yellow.

Floors and woodwork including cabinets which go almost to the ceiling are in the olive, waxed to a finish which does not show a finger-mark.

Cabinet hardware is in antique brass; walls above cabinets are covered with a paper in pheasant-and-fruit print; the stove, refrigerator and cabinet tops are in the pastel yellow which in some light takes on a green shade reflected from the walls.

THE PLAN is a modified L-shape with work units grouped for few steps between sink, stove, refrigerator and cabinets where food is mixed.

Touches like cabinet doors which roll up, a small cabinet just inside the door for keys, silver bins for flour and sugar; pull-out racks for hanging small saucepans, setting large utensils and filling cookie sheets and trays, are abundant. Drawers are shaped to follow cabinet contours; one turns a corner with the cabinet, another

is curved. The long wall slants to form a sharp angle in one corner. Windows are plentiful, curtained in bamboo woven with colored yarns.

ONE OUTSIDE entrance is at the long end of the L, past a large pantry and broom closet. Another is at the opposite end, where the kitchen proper widens out into the dining nook and the door leads through the brick-floored porch with glass on south and west sides and overhead.

There plants flourish and Mrs. Matthews had 65 geraniums blooming during the winter. A few are still in bloom, with petunias and begonias to vie with the colorful foliage of wandering jews.

Decor of the kitchen blends with that of other rooms, which have a distinctive early-American flavor to house the antiques which Mrs. Matthews says she has accumulated rather than collected. Some are family pieces, others she has bought over the years.

They are used with modern furniture in harmonizing style

to achieve a thoroughly home-like atmosphere.

MRS. MATTHEWS was a Home Demonstration Agent before her marriage. The former Izora Clark, she was agent in Castro and Potter Counties. She says the only part of her preaching which she practices, is including asparagus in her home garden; she grows the succulent vegetable in a 100-foot row. One of her favorite recipes is for a cake-bread which was given her by a woman whose GI husband got the recipe from a hausfrau while he was stationed in Germany. Mrs. Matthews makes it in her mixer bowl, where it can be mixed, beaten, set to rise and beaten again so there are no extra utensils to wash.

GOLDEN CAKE BREAD  
Scald 1 cup milk with 1 stick margarine. Pour into big mixing bowl and add 1/2 cup sugar.

Let cool til lukewarm, then add 2 beaten eggs (reserving 1 tbs. of the eggs), 1 tsp. vanilla and 1 tsp. salt. Dissolve 1 pkg. yeast in 1/4 cup lukewarm water and add to the above mixture.

Add 4 1/4 cups flour, enough to make a thin batter, and set aside to rise. When about doubled in bulk, beat down with spoon or electric mixer. Do not knead this bread.

Let rise again and beat down again. Pour equal amounts into two greased loaf pans. Brush the reserved tablespoonful of beaten egg on top. Let rise again and bake at 350 degrees 25 or 30 minutes.

This bread makes good French toast, or is good if the loaf is cut in thick slices and heated, then pulled apart.

## Look Who's New

Mr. and Mrs. Gary N. Caviness are the parents of a son born June 8. He weighed 6 lbs. 13 ozs.

Mr. and Mrs. Fulgencio Sambrano are the parents of a son born June 8. He weighed 7 lbs. 8 ozs.

Mr. and Mrs. Andres F. Pena are the parents of a son born June 8. He weighed 6 lbs. 13 ozs.

Mr. and Mrs. Dewey J. Taylor are the parents of a daughter, Amy Lynette, born June 7. She weighed 7 lbs. 5 ozs.

Mr. and Mrs. Pablo Murillo are the parents of a daughter, Marta Louise, born June 6. She weighed 7 lbs. 2 ozs.

Mr. and Mrs. Buddie Evans are the parents of a son, Stacey Keith, born June 6. He weighed 8 lbs. 11 ozs.

## Calendar Of Events

THURSDAY  
Hereford Duplicate Bridge Club at Community Center, 7:30 p. m.

## College News About Students From This Area

Miss Ann Gentry, daughter of Mr. and Mrs. W. H. Gentry, received a BA degree in elementary education at commencement exercises in Baylor University June 3.

Miss Gentry was a 1963 graduate of Hereford High School. Her parents were in Waco to attend the Baylor commencement.

Another county resident to graduate in the same ceremony was Lavonne Thompson Meacham, Rt. 3, who received the BS degree in nursing.

HANDSOME IS AND HANDSOME DOES — The kitchen at the J. F. Matthews home, planned by Mrs. Matthews, is both beautiful and efficient, with some unusual features to make work easier. Mrs. Matthews' sister, Miss Delia Clark, top left, is tending a plant hanging before corner windows through which more greenery in a porch greenhouse can be glimpsed as she stands at the cabinet with its curving top. Another view of the sink, with cabinets on the other side divided to store equipment where it is used in baking preparations, is shown below. The boys are Jan Mark, 7, and Jimmy Don, 4, sons of Mrs. Matthews' nephew and his wife, Mr. and Mrs. Don Clark of Canyon. They are pictured above right at the handy desk which has cookbook shelves nearby, in the doorway leading to the plant-filled greenhouse.

## Jan Wallace Receives MD Degree At Dallas

Jan David Wallace, son of Mrs. Alma L. Wallace of 122 N. Jackson St., Hereford, was one of 83 recipients of Doctor of Medicine degrees awarded in Dallas Monday evening. The announcement of degrees, was made by Dr. A. J. Gill, dean of Southwestern Medical School of the University of Texas.

Wallace was among the top 20 in the state in ratings on state board exams.

After graduating from Hereford High School, Wallace attended the University of Colorado at Boulder before entering Southwestern Medical School. He will begin his internship at Swedish Hospital in Seattle, Wash., June 24.

He is married to the former Judy Cunningham of Lafayette, Colo.

has been called for Friday, June 17. Citizens are invited to participate in the meeting set for 8 p. m. at the High School Cafeteria.

Ernest Langley, chairman of the Education Committee of the Chamber of Commerce and School Board president Labry Ballard both issued letters this week to chairmen, presidents,

## Services For R. W. Strong Scheduled Today

Rubin Wilburn Strong, 54, died suddenly Monday at his farm home seven miles east of Hereford. The coroner's verdict by Justice of the Peace C. B. Miles was death from natural causes.

The funeral will be conducted at 10 a. m. today in the Rose Chapel of Gilland Funeral Home by the Rev. B. L. Davis, pastor of First Baptist Church. Interment will be in West Park Cemetery. Don Smith, Dwaine Ridley, Morgan Smith, John Pool, Marvin Kearns and D. Richardson will be pall bearers.

Mr. Strong was born May 13, 1912 in New Mexico and came to this county in 1950 from Amarillo. He had seen duty with the U.S. Maritime Service. A son, Jackie Strong of Farmington, N. M., is the only survivor of his immediate family.

and committees of local clubs and civic organizations. Church groups, city, county and school administrators are also urged to attend the meeting the school superintendent's office said.

## Youth Invited To Hear Speaker

Young people of this area are especially invited to hear a special speaker who will appear at the Latter Day Saints Church, Country Club Drive, at 6:30 p. m. Sunday, in a service open to the public. He is Rodney Erickson of Murray, Utah.

For several years Erickson has been working with the governor of Utah in a youth rehabilitation program. He is a former convict, who spent more than 20 years in prisons before federal prison in North Carolina.

Elder and Mrs. Johnson are spending this year working in he was converted by LDS missionaries, Elder and Mrs. Earl Johnson, while he was in a the Hereford church, and invited Erickson to speak here.

## Bull Sales Noted

Conkright & Son, Hereford, Texas, has reported the sale of two registered horned bulls to the following Texas breeders. One bull each to: J. E. Brooks, Hereford; and Reeves Brown, Lubbock.

REP. ROGERS REPORTS

Domestic Spending Curtailment Urged To Meet War Demands

Washington, D. C. (Special) — Until the war in Viet Nam has ended, all non-essential domestic spending should be curtailed by our Government — and the economy of the Nation geared to wartime conditions. By attempting to maintain programs initiated in advance

of the rising demands of the war, we are risking inflation by straining manpower and material resources, we are placing a strain on the Treasury to meet all obligations without incurring enormous deficits, and we are inviting the necessity of tax increases. All of these problems can be held to a minimum by reducing expenditures in what might be termed "luxury" areas

of Government activity.

I am opposed to continuing programs that can be laid aside until the course of events in Southeast Asia is resolved. There is no question in my mind that Congress would not have enacted a number of programs now in effect had the war been raging at present levels when they were proposed and adopted.

IF THERE IS a single, paramount obligation of the Federal Government it is to maintain the Nation's security — to insure that our defenses are second-to-none in the world in order that freedom is preserved. One hundred and seventy-five

years ago, in his first annual message, President George Washington told Congress, "Among the many interesting objects which will engage your attention that of providing for the common defense will merit particular regard."

To be prepared for war is one of the most effectual means of preserving peace. This has been the policy of our Government since George Washington's time, and his words set forth the overriding responsibility of Congress — a responsibility that surpasses all others.

THE CLAUSES OF THE Constitution which give Congress authority "To raise and support

armies," "To provide and maintain a Navy," and "To make Rules for the Government and Regulation of the land and naval Forces" were not placed in the Constitution to endow the National Government with the power to do these things, but were placed there to designate the branch of government which should exercise such powers.

Although arguments have continued over the years as to whether certain governmental functions properly belong to the Federal Government or the States, there can be no question that maintaining military strength and the national security are responsibilities of the

Congress. Programs go through two stages in Congress before taxpayers' money may be spent to put them in effect. First, an authorization bill must be enacted to define the terms of the program and, usually, to place a limit on the amount of funds that may be expended. Second, the authorization act must be followed by the enactment of a specific appropriation bill.

IT IS NOT uncommon for considerable time to elapse between the enactment of an authorization bill and the actual appropriation; for example, Congress authorized the construction of the Canadian River

ten years before it approved the appropriation to begin work on the dam at Sanford and the aqueduct system.

In my view, Congress should hold the line on appropriating funds for programs already authorized but not funded unless they can survive a test of absolute necessity. To do so would mean that a number of special interests in this country would be denied funding for programs they have advocated.

Particularly vulnerable in this approach would be the Nation's largest cities, for they are leaning more and more heavily on the Federal Government to provide the money for activi-

ties many of us feel should be their responsibility and that of their State governments.

But the United States is at war. It is time we recognized that the demands of fighting the war require major readjustments — and time Congress led the way toward putting them into effect.

# Redbirds Drop 2 In Week's Action

## Men On Base; Couldn't Get Runners Home

American Legion Redbirds had everything goin' for them, but just couldn't seem to get the runners into home after getting them on base as they dropped two straight games.

**SUNDAY** THE local team traveled to Canyon where they were defeated 11-3. In the second game this week Tuesday the 'Birds were downed 9-7 by Groom.

In both games the local team was able to get runners on base, but were not able to get them home for the needed runs.

In the Canyon game 11 men were left on base during the game and Tuesday at Groom the Redbirds had 10 men left in the field.

**HEREFORD** WAS unable to score until the fifth inning in the Canyon game, while the Canyon team had already scored seven runs.

The Redbirds scored two more runs in that many innings, but were not able to pull the necessary runs to take a victory.

Lynn Betts began the pitching duties for the Redbirds, Bill Watts relieved him in the third and Ray Martinez finished out the game after taking over in the fifth. Gary Tucker was the catcher.

Tom Liar went the full distance for the Canyon team and was caught by David Rossi.

**SID SHAW** scored two doubles for the Redbirds, scoring one in the second inning and another in the seventh.

Bill Watts, who proved to be a good hitter during the Whiteface baseball season, slugged out a home run for the Redbirds.

In the Groom game the Redbirds started off with two runs and had one out.

The team managed to load the bases when Kenny Hager hit a high fly which was ruled an infield fly and was caught by the second baseman, making the second out for the inning.

**SID SHAW**, who was on first base, failed to catch the call and when the second baseman dropped the ball ran for second fearing a force out, but was tagged out at second making

See REDBIRDS Page 7

## AT ROTARY CLUB

### Buffs Prospects Said 'Exciting'

"A most exciting season" apparently is in store for West Texas State University Buffalo football fans this fall according to a WTSU official speaking at the Hereford Rotary Club meeting Monday.

College football is one of the most rapidly changing sporting events in America, and the WT Buffaloes are right in there with the pacesetters for the changes, pointed out Lou Spry, WTSU sports information director.

He referred to the increasing emphasis on "a passing game" on the college gridirons across the nation.

"**WEST TEXAS** had one of its greatest passing years last year, and we will be throwing the ball even more this year," Spry told Rotarians.

"And anytime the football is in the air, it belongs to anybody, and that makes for plenty of excitement for the fans," he commented.

Citing statistics showing the advance of the pass play from a stand-by to a standard attack for college football, Spry pointed to the Buffalo passing record during the 1965 season.

WT's dandy signal-caller Hank Washington completed 119 of 243 passes attempted during the season, to rank 12th among major college passers in the nation.

In 1961, Spry continued, the national college passing championship went to a San Jose State quarterback who won the mark with 117 completions among 197 attempts. "Only one

**SWIM PROGRAM BEGINS** — The Red Cross Summer Swim program began Monday with the Water Safety course. Above are some of the students in this class going through the necessary paces to earn the Water Safety Aid badge from the Red Cross. Other classes, sponsored by the Red Cross, will be held throughout the summer. Beginner swimming will begin Monday with two sections being held daily for two weeks. (Staff Photos by David Butler)

## 104 Players Enter Local Pro-Am Tourney Monday

Some 104 players turned out Monday for the first Pro-Am tournament of the summer at the Hereford Golf Course. Ninety of these players were amateurs and 14 were professional players.

**THIS WAS THE** second in a series of tournaments scheduled at the course this summer.

The next tournament will be held over the Independence Day weekend and will be the Men's City Championship tourney.

Play in the tournament will begin on Saturday July 2 with qualifying rounds. The championship flights will be held Sunday with the finals to be played Monday July 4.

**PAPPY TINNIN** took first place in the tournament and the other three members of his team were Juanita Sims, Butch McCaslin and H. B. Carson. These players received 35 in merchandise.

Second low team was comprised of Charles Beaston, Weldon Stephan, Cliff Arnold and Warren Tuckness. These players received \$21 in merchandise.

Two teams tied for third place in the tournament scoring a 54.

The first team was comprised of Ben Hill, Curtis Tate, Raymond Laube and Charles Kelley.

**BOB BAKER**, Cuby Kitchens, Bob Sims and Larry Rouch were on the second team. These players received \$7 in merchandise.

In the Pro-Pro action Dick Clark and Hart Warren took first place, scoring a 63. These

# Sports

footnotes by david butler

Summer is here and the hot days have arrived, but wasn't Sunday a beautiful day for outdoor activities.

The weather was perfect for the races at Hereford Speedway and the Irrigation League game.

**SOMEONE ALSO** said that the weather turned out really nice in Canyon for the American Legion game between Hereford and Canyon.

Hereford managed a split with winning the first game Saturday and losing the Sunday game.

Thinking about the next fall — season tickets for the West Texas State University football games are on sale at the WTSU athletic office.

**SEASON** tickets with a chair are \$24 and \$21 and \$18 with out the chair.

Tickets for individual games will be \$2 for adults and 50 cents for children — high school and under.

Tickets and information can be ordered from the athletic office, Box 4, W. T. Station, Canyon.

Members of the Hereford High School coaching staff have been opening up the field house on Tuesday and Thursday evenings for those boys who would like to come in and work out with the weights.

**THIS IS NOT** a required program it is just for those boys who want to stay in shape during the summer and not let their muscles turn into flab.

Many of these boys come to the field house weekly after work and exercise with the weights.

Attendance has been good, according to those coaches who are helping with the activities. We are glad to see that there are a number of boys at the school who are energetic enough to want to keep in shape for whatever reason it might be.

**JOE PARKER, VISTA** worker at the labor camp, should be saluted for his work with the Latin boys and girls at the camp.

During the winter he has been supervising a program of recreation for the boys and has recently added a program for girls.

The girls program has been aided by students from West Texas State University, majoring in physical education.

Parker said that before the program was begun that many of the children at the labor camp had never been a part of an organized recreation program.

**HE HAS BEEN** assisted in the program by the Pisano Lions Club members.

The VISTA worker will be leaving in August and we hope the program will be continued throughout the rest of the summer and into the winter.

Although the rain last week caused the cancellation of a number of Pony and Little League ball games, we have not heard anyone complaining about the much-needed moisture.

Officials from both leagues said that the games would be made up on Saturday afternoons and evenings.

**PONY LEAGUE** season is half over, but no leader has been determined in the race, due to the number of canceled games.

As of last Saturday it looked as if the lead was in a tie between the Twins and the White Sox.

The Twins had a 4-1 record and the White Sox had a 4-0 record.

One of the games which was rained out was between the two teams.

**HEREFORD** Whiteface baseball pitcher Alex Diaz continued to shine Saturday as he pitched his way to a win for the American Legion Redbirds.

Diaz showed some terrific control this year on the Whiteface squad and did a good job on the mound.

He will be a star in the crown for the 1967 version of the Whiteface baseball team.

**HEREFORD** WILL have a number of returning starters and will have some young pitching material to begin to fill the gap which might have been part of the reason for the 'Faces not being able to capture the district 1-AAA crown.

Dumas will be playing in the State University-Interscholastic League playoffs all during this week and the least they can do is to place fourth in the state.

**BASEBALL** instruction at the camp will stress basic fundamentals of all phases of the game. Instruction by position will be covered in the morning while boys will be broken down by age group for afternoon instruction and scrimmages.

In addition to the baseball offerings a complete recreational set-up is available. Boys may also participate in golf, swimming, tennis, basketball, ping-pong and badminton.

**BOYS LIVING** on the campsite will live, two to a room, in a new ultramodern dormitory at Lubbock Christian College and will be supervised by college-trained counselors.

A regular dietitian will be on duty to supervise the preparation of all meals in the new LCC Student Union-Cafeteria.

Other sessions begin June 26, July 3, and July 17. The June 26 session is a one week affair.

Twenty-six game winner Sandy Koufax of the Los Angeles Dodgers had a 10-4 record against four first division teams last season. Against the five second division teams he was 16-4.

## 200 View Races At Local Track

Some 200 spectators turned out for the third series of races at Hereford's newest sports facility, Hereford Speedway, Sunday.

**HIGH POINT** man for the day was Bobby Byers of Hereford. Byers won a number of places in the races, including first place in the trophy dash.

Several cars from Clovis and Amarillo in addition to those from the Hereford area participated in the races in almost perfect racing weather.

**A NUMBER** of new drivers were on hand Sunday for the races, including Joe Warren of Hereford.

Trophies were presented to the drivers by Beverly Barrett, daughter of Mr. and Mrs. Dick Barrett. Miss Barrett is a freshman student at West Texas State University.

Only one Hereford driver placed in the first heat. Sam Morgan took second place.

**IN THE SECOND** heat, Bill Byers, of Hereford was the first place winner and Jim Dawson was second.

Bobby Byers was the first place winner in the first semi-main race. Coy House was second, Ray Bain, was third and Joe Warren was fourth.

In the second semi-main, Bobby Byers placed second, Bill Byers, third and Jim Dawson, fourth.

**IN THE final** main Bill Byers placed first, Bobby Byers, second; Jim Dawson, third, and Sam Morgan, fourth.

Races have been scheduled at the new track for alternate Sundays.

The next racing day will be June 19.

Members of the Royal Ambassador baseball team at the First Baptist Church in Hereford won two games Saturday by lopsided scores.

**THE TEAM** is in the Amarillo Baptist Association and plays ball with many teams from churches in the Hereford area.

In the first game the local team defeated the Pleasant Valley 14-0 and in the second game the team downed the First Baptist Church of Amarillo 13-0.

Both games were called after three innings because of a 10-run rule in the association.

## RA Baseball Team Wins Two In Saturday Play

Members of the Royal Ambassador baseball team at the First Baptist Church in Hereford won two games Saturday by lopsided scores.

**THE TEAM** is in the Amarillo Baptist Association and plays ball with many teams from churches in the Hereford area.

In the first game the local team defeated the Pleasant Valley 14-0 and in the second game the team downed the First Baptist Church of Amarillo 13-0.

Both games were called after three innings because of a 10-run rule in the association.

**JERRY SPARKS** was the winning pitcher in the first game and was caught by Keith Kitchens.

James Massey doubled for the local team, Jerry Sparks tripled and David Duvall hit a home run.

Sparks allowed only three hits, all singles, in taking the victory.

**IN THE second** game Keith Kitchens and Jimmy Cornelius was the catcher.

Jerry Sparks got the only multiple base hit of the game when he hit a triple.

Kitchens fired a no-hitter in winning the game and walked only three batters.

**KEN ROGERS** is the coach for the team and is assisted by Bobby Owen and Dean Her-ring.

The team will play again Saturday.

Kansas Wesleyan and Tabor College played a foul-infested basketball game. Tabor won 93-85 but referees called 78 personal fouls, 40 on Wesleyan and 38 on Tabor.

## IL Team Takes Umbarger 8-4

St. Anthony's Irrigation League team held on to its tie in the league Sunday when they downed Umbarger 8-4.

**THE GAME** went scoreless until the bottom of the fifth inning when the local team scored three runs.

Umbarger came back in the sixth inning to tie the score 3-3. In the seventh inning the St. Anthony's team scored three more runs putting them out in front again 6-3.

Hereford scored two more runs in the eighth inning to put the locals out in front 8-3.

**THE LAST** run of the game was scored in the bottom of the ninth when Umbarger scored one run for the final 8-4 tally.

In the fifth inning Lee Roy Berend and Danny Loerwald both singled then Wakey Northcutt doubled, scoring both Loerwald and Berend.

Ken Walterscheid then singled scoring Northcutt giving the team the three-run advantage.

**BUTCH** Walterscheid began the scoring in the seventh inning when he singled. John Collier singled, bringing in Walterscheid and Willoughby.

Lee Roy Berend singled and scored John Collier.

Roger Albracht and Ken Walterscheid ended the scoring for the Hereford team in the eighth inning.

Ken Walterscheid was the winning pitcher and allowed nine hits. Andy Artho was the losing pitcher and allowed 13 hits.

**JOE MACK** Hale doubled for the locals, but was left out in the cold after a third out.

Some of the members of the

## All-Star Game Set Tonight In Nazareth

Some of the members of the Irrigation League baseball team will travel to Nazareth today for the All-Star game.

**THE GAME** will be played between a select group of players from Hereford and Umbarger and another team comprised of players from Nazareth and Silverton.

Game time will be 8:30 p. m. at Nazareth field.

Those in the All-Star lineup from Hereford are, Wakey Northcutt, John Willoughby, Chuck Diller, Butch Walterscheid, Danny Loerwald, Lee Roy Berend, Larry Walterscheid.

**ROGER ALBRACHT**, Jim Collier and Ken Walterscheid will be all-star pitchers for the league.

**CONDUCT GAME HEARING** — These four officials were at Deaf Smith County Courthouse Monday morning to conduct a game law hearing. They are, back, l-r, Dick DeArment and L. J. Peters, front, Calvin Tow and Weldon Fromm, hearing officer. The purpose of the meeting was to air new game law regulations and to hear the public's opinion about them. (Staff Photo)

## Barn Dance Set By IL Team Friday Evening

Members of the Irrigation League baseball club in Hereford will sponsor a barn dance at the Jim Marnell farm in the Progressive Community.

The dance will be held Friday evening, beginning at 7:30 p. m.

Funds from the dance will be used for equipment for the ball club.

# Hereford Rebels Down Tulia 5-2

Members of the Hereford Rebels took their sixth victory Sunday while giving Tulia its first loss in eight games when the locals came out on the better end of a 5-2 score.

**THE REBEL** team is sponsored by the Paisano Lions Club of Hereford and has been playing teams in the Hereford area. Games are played at the Whiteface Baseball Park on Sundays at 1:45 p. m.

The local team has taken victories over Friona, Dimmitt, Tulia, Amarillo and St. Anthony's of Hereford.

Members of the team will go into action again Sunday at 2 p. m. when they travel to Friona for the team's ninth game of the season.

**JULIO VALDEZ** is manager and coach of the team. Jimmy Moreno and Pepe Valdez are coaches and Fidencio Cantu is the scorekeeper.

In Sunday's action the local team started the scoring in the third inning when Joe Hernandez walked and was later batted by Gilbert Moreno.

Tulia scored in the fourth inning, but the locals came back in the fifth to score two more runs.

**LANGO CUELLA** and Gilbert Moreno scored the two runs for the Rebels.

The final score of the game for Hereford came in the seventh inning when Moreno scored again and Sammy Garza scored making the score 5-1.

Tulia returned in the top of the ninth and scored one run, but was unable to get the other necessary runs to win the game.

## 104 ...

(Continued from Page 6)

players received \$30 in cash.

Dude Kinkade and Courtney White and C. G. Griffin and Bob Baker tied for second place. These players received \$15 in cash.

In Low-Pro play Fred Bond took first place with a 67 and received \$12 cash.

**JOE HAUCK** and Courtney White tied for second place with a 68. These players received \$6 each in prize money.

Low Amateur play was won by Kenny Bailey, who scored a 67. He received \$10 in merchandise.

Dick Dyer placed second with a 69 and also received \$10 in merchandise.

Cuby Kitchens took third place in the event winning \$5 in merchandise.

BUSINESS SPENDS BIG TO FIGHT LITTER NEW YORK (AP) — Keep America Beautiful Inc. estimates that American industry is now appropriating about \$1 million a year to curb litterbugs. The national litter-prevention organization also estimates that in the past decade business has spent a total of \$6 to \$8 million on antilitter activities. Annual expenditures have been increasing in recent years, explained Allen H. Seed Jr., KAB's executive vice president. The money, he said is used to support organizations combating litter, to make antilitter movies, for literature for schools and for various types of advertising. KAB was established and is supported by large corporations and business organizations to fight litter by means of public education programs.

**VERY CONSIDERATE SCORER** POWELL, Wyo. (AP) — A four-point play in basketball? No, it isn't impossible. Chris Kelley of Greybull High School did it. Kelly, a sophomore, took the ball after a jump against Powell and dribbled in to score. But he went the wrong way and scored two points in Powell's basket. He was fouled after the shot. So Kelley hit two free throws on a one-on-one situation to complete the four-point play — two for Powell and two for Greybull.

**PLAYS MEANT FOR SHORT BROADWAY RUNS** NEW YORK (AP) — Burgess Meredith and Zero Mostel have chosen the first two plays for a Broadway repertory project they plan to launch next season. The veteran actors collaborated on a staging of "Ulysses in Nighttown" in 1958, and have picked that drama to initiate the experimental venture. A new play by Paddy Chayefsky (working title, "The Latent Heterosexual") is to follow. Altogether, the pair hope to present four plays for short engagements.

Adventures in ADVERTISING

TOMBSTONE TERRITORY

Before World War I Fairy Soap was the largest seller on the American market. Mother used it as a beauty aid. Junior used it in the bath tub. Sister used it to shampoo her hair. And father used it to wash that portion of his face which wasn't covered with mustache and mutton chops. In magazines, on bill boards and in newspapers, you would see advertisements of Fairy Soap.

During the first great war the demand for Fairy Soap was so great that the manufacturers dropped their huge advertising program with an eye to making a bigger profit. They figured Fairy Soap was so well known it would carry itself. They were wrong. Other far sighted soap manufacturers stepped in with appealing advertising campaigns and took over the market. Fairy Soap was never able to come back and today lies in the graveyard alongside the Gold Dust Twins, Saint Jacobs Oil, Melon's Baby Food, Dolly Varden Chocolates, Omar cigarettes, Maxwell automobiles and many other products that died a natural economic death due to lack of advertising.

# Small Talk

By SUE COLEMAN  
Women's Editor

There probably isn't anything that calls for more comment in press and in person than a rather drastic change of style. Witness the current rise in hemlines and the turn in men's styles.

YOU'D THINK skirt lengths had never changed before, or that men had never worn their trousers tight and their hair long. Since men's styles are always slower to change, they

could be expected to call for a few remarks, but even so, the new fashion (if it is a fashion rather than a fad) is not unprecedented.

In fact, it is only in the last century that men cut their hair short until you go back a few more centuries. Thinking over historical personages, seems to me that Julius Caesar is about the last statue with a haircut until you get up nearer than A. Lincoln.

So maybe the short hair fad

for men has run its course and they're becoming normal again. Same way with tight trousers. Until a few decades ago, men with shapely legs were proud of them, and showed them off with skintight pants or short pants.

AS FOR THE GIRLS, skirts above the knees did create a furor back in the 1920's, when women had been hiding their legs for centuries and the sight of feminine knees was considered daring or downright wicked.

But I fail to see what's exciting about a short-skirt now on girls who have all their

lives emulated their mothers by wearing short-short shorts. Anyhow, the styles are sure to raise plenty of talk, and there's one safe prediction to make. They will continue to be a topic of comment until they change, then we can talk about the new ones.

A SUPER-ELABORATE wedding cake was cut at the reception after the Alice Callaway-Hugh Latham wedding Sunday, a handsome confection which was a gift to the bride from a family friend, Mrs. Brice Glass. Mrs. Glass baked the cake and decorated it, making it in heart-shaped tiers set on col-

umns and embossed with sugar roses, wedding bells and cupid. The whole was placed on a reflector, and the roses were colored pink to match floral decorations of the wedding and reception.

DOES THE NEW telephone dial tone sound to you like an old-fashioned rural phone line on a windy day? If it does, you're probably as old as I am and feel a touch of nostalgia whenever you hear it.

This is no criticism of Mr. Bell's latest advance in telephony, you understand, because I like it.

The Hereford Brand, Hereford, Texas, Thursday, June 9, 1966

## Father Of City Residents Dies

Funeral services for H. F. Baum, 72, father of Mrs. Leroy Aven and Robert G. Baum of Hereford, were conducted in Lexington, Okla. Saturday afternoon and burial was in Lexington Cemetery. Members of the Aven and Baum families attended the rites.

Mr. Baum, who had resided at Lexington but had recently been in a rest home at Norman, Okla., died in a Norman hospital. In addition to the two children here, he is survived by two other daughters.

## Student Will Present Piano-Trumpet Recital

Before he leaves later this month with the All-Student Band U. S. A. for a tour of Europe, Jerry McCathern will be presented in recital at 3 p. m. Sunday in Hereford High School Auditorium, to play both trumpet and piano selections. The public is invited.

He is a piano student of Mrs. Ellis Coombes and his trumpet teacher is David Ritter, instructor in brass instruments in West Texas State University music department. McCathern has won awards as a soloist on both instruments.

A member of top-rated Hereford High School Band and Stage Band, he was one of a group of regional student winners in music contests who were in Austin the first of this week for state competition.

He has consistently made high ratings in annual district piano festivals and in Piano Guild auditions here, as well as in trumpet solo contests.

Son of Mr. and Mrs. J. E. McCathern Jr. of Westway, he was a 1966 graduate of Hereford High School and plans to attend the University of Houston next year on a full scholarship won for his proficiency in music. A recent award he received was the annual citation of Hereford Music Study Club.

Assisting him on the recital program will be Nicky Osborn, another young Hereford pianist who will join him for two-piano numbers; the Hereford High School wind ensemble directed by Ben Gollehon, and Jim Gardner of Amarillo, trumpeter who will play duets with him.

The program, which will be followed by a reception in Hereford Community Center with Music Study Club members as hostesses, will open with two piano solos, J. S. Bach's Two-Part Invention No. 8 and Beethoven's Rondo in C.

McCathern and Gardner will play the three movements, allegro, largo and allegro moderato, of the Concerto for Two Trumpets by Vivaldi, also a Bach composition, My Spirit Be Joyful. Mrs. Joe Hacker will

accompany the first duet on the organ.

A work of the contemporary composer Hindemith, Sonata for Trumpet and Klavier will be a solo trumpet vehicle for McCathern, who will present the first movement.

Other piano solos, the popular Claire de Lune of Debussy

and Reminiscence (Hanson) will follow, then the two-piano selection with Osborn, Ernesto Lecuona's rhythmic Malaguena.

With the wind ensemble, McCathern will play a Hayden Concerto in three movements to climax the recital.

## Ex-Resident, Aged 100, Dies

Mrs. Mary Kelly, mother of J. D. Kelly of Hereford and herself a resident here in the early

years of this century, died Monday at Stanton at the age of 100 years, 8 months. She was the oldest resident of Martin County, where she had lived since 1907.

Mr. and Mrs. Kelly moved to

lin County in 1900, taking up a claim west of Hereford, and moved to Stanton seven years later.

She is survived by three sons, J. D. Kelly, Walter and Claude Kelly of Stanton; two daughters, Mrs. Claude McClung of

Kilgore and Mrs. Neva Marchant of Electra; 13 grandchildren, 19 great-grandchildren and eight great-great-grandchildren. Her husband and one daughter, Mrs. Mamie Burcham of Fort Worth, preceded her in death.

### NEWS

Continuing a study of agribusiness, members of Dawn Boy's 4-H Club went on two tours last week. They visited the Bill Johnson tomato greenhouse at Vega, seeing plants in various stages of growth and tomatoes being washed, graded and packaged. Johnson conducted the tour.

Later the boys attended agriculture lectures and a tour of North Plains Research Field. John Shipley, coordinator of studies there, explained use of irrigation water, weed control and fertilizer use on various crops, insect problems of the area, and possibilities of improved crop varieties.

Making the tours were Gerald Witkowski, Stephen Hoffman, Kevin, Neil and Jamie McAndrews, Paul Galley, Dion Miller, Tommy and Wayne Betzen, and County Agent Justin McBride.

### VBS To Begin Sunday At Christian Church

Vacation Bible School will begin Sunday at the First Christian Church in Hereford.

"THE CHURCH and My Life" is the theme for the week of study which will end Sunday June 19.

Bible School will begin each day with worship in the chapel led by Rev. Eugene Brink, minister of the church and Bryan Felle associate minister.

Mrs. Dale Henson is the director for the training and Mrs. Tom Carnahan is her assistant.

SOME 20 teachers will staff the school for children from three years through the sixth grade level.

Classes will begin at 8:45 a. m. and will conclude at 11 a. m. each day.

# OES Installs New Officers

Mrs. Marple Cline was installed as worthy matron of Hereford Chapter, Order of Eastern Star, with other new officers in a ceremony at the Masonic Temple Saturday evening. She succeeds Mrs. Marvin Coffey in the top office of the chapter.

John Patton took office as worthy patron, Mrs. Beatrice Hutson and Bernard Roberson as associate matron and patron, Mrs. Charlie Noland as secretary, Mrs. Mack Noland as treasurer, Mrs. Art Lewis as conductress and Mrs. J. B. Noland as associate.

Mrs. Roberson is the new chaplain; Mrs. Catharine Moore, organist; Mrs. Larry Summers, marshal; Mrs. Pat Robinson, Adah; Mrs. LeRoy Boyer, Ruth; Mrs. Irene Owens, Esther; Mrs. David Yandell, Martha; Mrs. Olin Parris, Electa; Mrs. Patton warder and Mrs. A. C. Sauloy, sentinel.

Mrs. Tom Draper served as installing officer with Mrs. Vern Witherspoon as secretary, Mrs. Art Manjeot chaplain, Mrs. O. H. Culpepper organist and

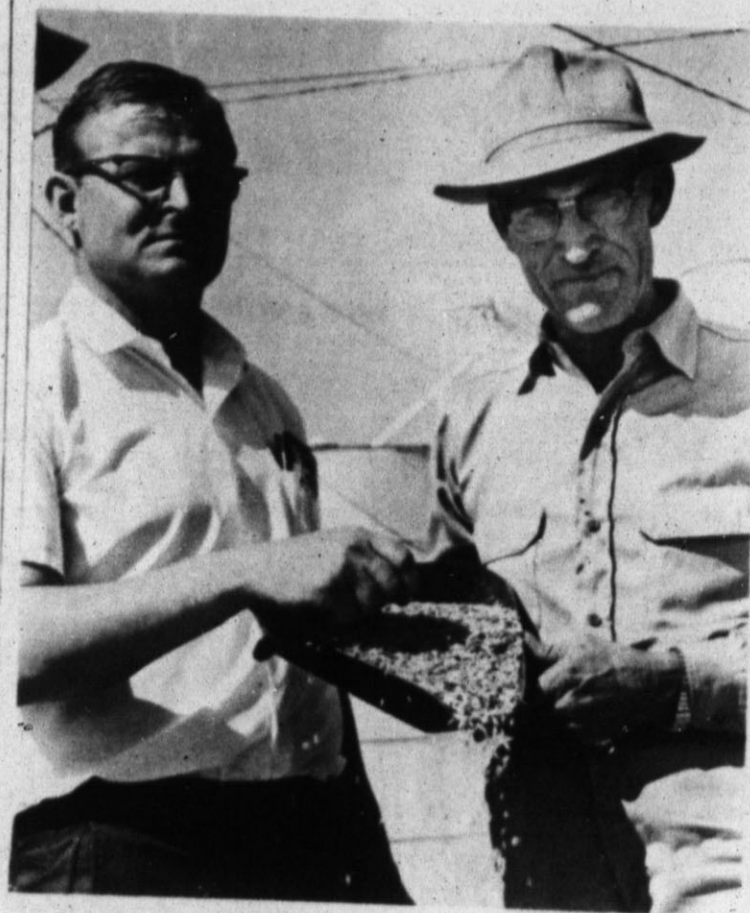

Mrs. H. L. Hershey marshal. Mrs. Coffey welcomed visitors and guest after the Bible had been presented by Mrs. Alex Thompson, who was escorted by Marvin Coffey, retiring worthy patron.

Mrs. Cline's son, Danny Strum of Pasadena, presented her a bouquet of white roses and her nephew, Raymond Straum of Broken Bow, Okla., presented the Eastern Star gavel. Her mother and brother, Mrs. Nellie Wieg, and George Wieg, of House, N. M., and her sister, Mrs. Elizabeth Strum of Broken Bow, were other special guests.

Blue and white, colors chosen by the new worthy matron, were stressed in room decorations and at the table where a three-tiered cake made by Mrs. Strum was served with punch.

Mrs. Dick Godwin sang two solos chosen by Mrs. Cline, Just the Way You Look Tonight and How Great Thou Art.

## REP. ROGERS REPORTS

### Defense Appropriations Get Congress Action This Week

WASHINGTON, D. C. (Special) — "National security comes first — above all other considerations facing the 89th Congress," Congressman Walter Rogers said Saturday. This week the House of Representatives, the Congress said, is scheduled to act on a bill authorizing the purchase in the coming fiscal year of aircraft, missiles, naval vessels and other armaments.

Congressman Rogers called the bill "extremely important because it will set the course of U. S. military weaponry at this crucial period in our history."

**THE AUTHORIZATION** bill — largest single bill of its type expected to come before Congress this year — contains a total authorization for appropriations of 17,858,059,000. The authorization for procurement of aircraft, missiles, naval vessels, and tracked combat vehicles totals \$10.6 billion, and authorization for research, development, test, and evaluation totals \$7.2 billion.

"The bill was reported unanimously from the House Committee on Armed Services, indicating the degree of Congressional agreement that the armed forces of this country must be maintained second-to-none in the world," Congressman Rogers said.

**THE WEEK'S** schedule for the Congressman calls for him to participate in continuing deliberations over two important legislative matters before committees of which he is a member.

The Committee on Interstate and Foreign Commerce, of which Congressman Rogers serves as ranking majority member, will continue to discuss legislation affecting community antenna television (CATV) systems and television broadcasting.

Congressman Rogers will again be presiding as the House Subcommittee on Irrigation and the Reclamation continues deliberations on the Lower Colorado River Basin Project authorization bill.

**ALSO THIS** week Congressman Rogers will meet with young Panhandle men and women attending the Government in Action Youth Tour, sponsored by the Rural Electric Cooperatives of Texas.

Those attending from the Pan-

handle will include the following: Deaf Smith County Electric Cooperative, Miss Joyce Beizer of Hereford and Jerry Alberant of Nazareth; Bailey County Electric Cooperative, Miss Carol Haire and John Gulley, Muleshoe; Hall County Electric Cooperative, Miss Linda Simpson of Memphis and Royce Pigg of Quitaque; North Plains Electric Cooperative, Tom Zenor of Higgins; Swisher County Electric Cooperative, Miss Rosemary Carter of Hart and Ronnie Bertelson of Tulia; and Rita Blanca Electric Cooperative, Miss Suzanne Dixon of Morse and Tommy Nisbett of Dalhart.

Among Texas chaperones will be Mrs. Nell Mays of Tulia, official photographer for the Swisher County Electric Cooperative.

# Shower Honors Linda Rickman

A dozen friends of Miss Linda Rickman entertained with a shower Tuesday evening, a courtesy for the pretty bride-elect whose wedding is planned for June 24. Miss Rickman and John Newton are to be married in Avenue Baptist Church that day.

Receiving guests with the honoree were her mother, Mrs. LeRoy Rickman; her fiancé's mother, Mrs. Rena Rae Newton, and Miss Connie Watson, who will be a member of the wedding party.

Mrs. Doug Bryan invited callers to sign the guest book. At the refreshment table were Miss Debbie Rickman, sister of the bride-to-be; Miss Carol Newton, the prospective groom's sister, and Miss Billie Goetsch. Pastel-tinted blossoms made

a centerpiece for the table, where yellow and white were the color emphasized. An umbrella was spread above the gift display table with the pastel colors repeated.

Hostesses included Meses. W. H. Goetsch, Howard Johnson, Dale Barkley, Johnny Townsend, Marti Mason, Billy Wall, Ron Harpster, Louis Olson, E. H. Green, J. A. Crofford, A. W. Self and G. W. Duncan.

## DANCERS ON PROGRAM

Hereford Sugar Squares, a square dance group here, will appear on the Golden Spread Jubilee, a regular program of western music and dancing over TV channel 10, 9:30 p. m. Friday. John Ambold is president of the Sugar Squares and Sid Perkins the caller.

## Summerfield News

By DEBORAH BAKER  
Brand's Frio Correspondent

Mr. and Mrs. R. B. Baker attended the funeral of Edwin Shackelford at Cotton Center Tuesday.

Many of the Easter Lions Club members participated Wednesday in the sale of light bulbs to raise money for a future community building.

Mr. and Mrs. Raymond Wiley were in Spade Monday to visit her parents, Mr. and Mrs. J. R. Inklebarger. They visited Mr. and Mrs. J. D. Zahn at Lubbock Tuesday.

Mr. and Mrs. Billy Baker and daughter, Britney, Jerry Don Lance and Miss Ann Scarbrough of Dimmitt went to Clovis, N. M., Sunday. Miss Scarbrough and Lance were upper guests

### Date Announced For Gymnastic Program Here

Paisano Lions Club will sponsor a gymnastic demonstration program June 23 in the Bull Barn, it was announced this week.

The program will be presented for the benefit of area Latin American youngsters participating in a recreation program being conducted by the Paisano Lions each Thursday night in the Bull Barn.

Presenting the gymnastic exhibition — featuring trampoline, tumbling, and other acts — will be teams from the nationally-famous Maverick Boys Club of Amarillo.

Proceeds from the program will be used to purchase equipment for use by youngsters in the local weekly recreation program.

of the Bakers Monday.

Mrs. Fred Smith and family of Hobbs, N. M., visited her sister and family, the Frank Huckerts last weekend. They all spent Sunday afternoon at Palo Duro Canyon.

Jerry Don Lance and the Billy Bakers were in Amarillo Tuesday and again Friday evening accompanied by Miss Ann Scarbrough of Dimmitt, to see the movie, The Sound of Music.

Mr. and Mrs. Milton Jones and children were Sunday dinner guests of her sister, Mrs. Richard McGrath, and family at Vega. They also visited her cousins, the Jack Wadells, while they were in Vega. Dan and Larry Wadell returned home with them and stayed until Wednesday with their cousin, Marvin Jones.

The Billy Bakers and the Freddie Logans of Dimmitt were supper guests Wednesday of Mr. and Mrs. Lawrence Buckmaster at Dimmitt, celebrating the birthdays of Mrs. Baker and Monique.

Mrs. Raleigh Rule, Mrs. Raymond Wiley and Mrs. Billy Baker were all birthday honorees at an informal party in the Rule home Friday.

Mr. and Mrs. R. B. Baker with their daughter, Mrs. Jackie Dulin, and her family from Plainview, spent the weekend at Uta Park, N. M.

### GYPSIES DRAFTED, PUT IN LABOR CAMPS

SETUBAL, Portugal — A funeral of an important gypsy that took place in this southern town saved many of his fellow tribes living in nomad camps around Lisbon from going behind bars.

Police agents surrounded the camps to identify the entire nomad population — estimated two thousand — only to find that most of the gypsies had gone across the Tagus River to funeral celebrations. Only 44 were arrested.

"We have started a campaign of social recuperation of the nomad population that will be extended to towns other than Lisbon," a police spokesman said.

The arrested younger males have been sent to labor camps where they will learn a craft and others were promptly drafted for military service.

### MOVIE OF 'MARAT/SADE'

NEW YORK — The motion picture version of Broadway's shocker hit, "Marat/Sade," is going to be made in London this summer by United Artists.

Members of the Royal Shakespeare Company who performed the stage version will be used, with Peter Brook again as director.

Bryan Feille  
Assistant Pastor

### Bryan Feille Is First Christian Assistant Pastor

Bryan Feille assumed duties this week at the First Christian Church of Hereford as summer associate minister.

Feille is a ministerial student at Texas Christian University in Fort Worth and is majoring in religion and minor in philosophy.

He will be serving the local church during the summer for two and one-half months and then will return to TCU next fall where he will be a junior.

Last summer he served at First Christian Church in San Angelo.

**FELLE'S HOME** church is the Woodlawn Christian Church in San Antonio.

He will aid in work with youth as well as preaching and pastoral work with the minister and serving as a counselor for summer camps.

**AUSTIN HIGHLIGHTS**

**Senate Race Moves To The Spotlight In Texas Politics**

By VERN SANFORD  
Texas Press Association

AUSTIN — Comments by legislators and water leaders generally were favorable on the \$3,700,000 preliminary "Water for Texas" plan of the Texas Water Development Board.

This massive plan calls for a "rescue operation" for the Lower Rio Grande Valley irrigated region, where a recent court decision knocked out water right of more than 100,000 acres.

Project, to be designed by the Bureau of Reclamation, would use two big reservoirs on the San Antonio River (Cibola in Wilson County and Goliad in Goliad County), two on the Guadalupe River (Confluence in Victoria County and Cuero in DeWitt County) and one on the Lavaca-Navidad Rivers (Palmetto Bend) to link to a 190-mile canal to the Lower Valley.

**WATER FROM** three watersheds could be used for a number of years. As needs in those valleys develop, a canal would be linked to the northern end of the pipeline-and-canal system which would start at Texarkana Reservoir, go west to Dallas and Fort Worth to meet their future needs, then down the Trinity, Brazos and Colorado Rivers to link with the southern portion of the canal. Then it could be said that water from Lake Texarkana was being used in the Lower Valley — after repeated use and re-use along the 980 miles of the State Water Project system. Irrigation in the

Sinton and Baffin Bay regions also would be supplied from the canal.

In addition to the 14 reservoirs connected with the State Water Project, the big plan proposed 46 other reservoirs or enlargements. These would supply in-basin needs in all parts of the state except Far West Texas, where there simply is not enough stream flow to justify reservoirs.

For that region, a massive research and development plan is proposed. First, a special West Texas office of the Water Development Board would seek ways to spread present supplies as far as possible. This would include recharge of the Ogallala formation from the 36,000 playa lakes in the High Plains, deepening of those rainwater lakes to cut down evaporation. Plan also calls for West Texas to be designated by Congress as part of a study by the Bureau of Reclamation for finding new supplies for the Southwest, in the hope of bringing water from the Columbia River in Oregon by 1985, when Plains ground water supplies are expected to become severely depleted.

**ATTORNEY GENERAL RULES**

Atty. Gen. Waggoner Carr has held that veterans and fraternal organizations may charge a service fee for serving drinks from liquor owned by members without having a private club registration permit.

In other recent opinions, Carr decided: Texas Educational Foundation, Inc., operator of Gary Job Corps Center, San Marcos, is not exempt from state motor fuel taxes.

Clarewood House, a Harris County retirement home for aged, is entitled to ad valorem tax exemption as an institution of a purely public charity.

STATE AGENCIES may pay registration fees for employees attending required courses of in-

struction in new laws, programs, etc.

Only licensed engineers are legally entitled to use such titles as "sales engineer," "safety engineer," etc.

Parolee "eloper" from another state cannot be turned over to proper authorities without usual extradition formalities. (Restate ment)

State military men on official trips are not entitled to free use of toll roads, and a law attempting to give them that privilege is invalid.

A soil and water conservation district does not have the power to create a separate, non-profit corporation for operating a natural gas distribution system.

Arlington State and Texas Western University presidents, deans of South Texas and Southwestern medical schools and the director of the Cotton Research Committee should be compensated for official travels on an actual-expense basis.

Act requiring taxing authorities using a county tax office, to place their tax rate in the hands of county assessor-collector by July 20 is constitutional.

County clerk must file and record properly acknowledge deed on request.

**COURTS SPEAK**

In a case dealing with widespread water rights interests the Third Court of Civil Appeals ruled against unrestricted construction of small reservoirs on Medina River. Court, agreeing that permit for irrigation from a 162-foot reservoir was invalid, said the dam was on the bed of a navigable stream, not private property of land owner.

Southwestern Cattle Raisers' Association had urged permit be upheld, said many small ponds, tanks and lakes are at issue. State Supreme Court stood by its earlier decision that Rice University alumni have the right to appeal a trial court decision which said the institution can admit Negroes despite provision to the contrary made by a charitable trust that established the university.

**SENATE RACE NOW SPOTLIGHTED**

Now that the Democratic primaries are over the U. S. Senate race moves to the center of the 1966 political stage.

Race between Democratic Atty. Gen. Waggoner Carr and Republican U. S. Sen. John G. Tower is billed as one of top three Senatorial battles in the nation.

It's generally rated among statehouse political pundits as very close. Each side can cite polls to prove its man is really out front.

Although the showdown election is not until November 8, both candidates are canvassing the state as though voting time were almost at hand.

Carr now will try to unite Democratic party factions behind him.

Tower's major job is to appeal to conservative Democrats and at the same time, ironically, to attract as many anti-Carr liberals as he can.

Both candidates outwardly are confident, and both are said to be well financed.

**NATIONAL GUARD**

Sunday 7,000 men from the 49th Armored Division and 5,000 members of the 38th moved into North Fort Hood for two weeks

ted and another 16,274 who had been drafted were in the armed services as of March 31.

Although racial records are forbidden in the armed forces, from the places where the 53-percent draft rejection rate of Texas are greatest, the high proportion of rejections occur among Latin American and Negro youths, who failed some service tests.

In April, Schwartz said, Texas' draft quota was only 866, and another 1,133 were inducted by 1,458 Texans volunteered for draft.

**OIL RULE CHANGES**

Oil exploration companies get their third boost of the year from the Texas Railroad Commission when the Commission increased from five to ten the number of oil wells in a new onshore field which get bonus production allowances.

This 10-well rule was urged by spokesmen for major and independent oil companies as a way to speed up identification of new reserves to meet oil supply demands in the 1970's.

Earlier this year, the Commission extended from 18 to 24 months the period during which wells in newly-found fields get bonus allowances, exempt from proration, and granted higher discovery allowances for offshore wells, to allow quicker pay-outs there.

**INDIAN BUDGET RAISE ASKED**

Texas' new Indian Affairs Commission has asked for a budget of 100,000 for the Alabama-Coushatta Indian Reservation in Polk County. Money would be used during the next two years to make the reservation a bigger tourist attraction.

Commission is seeking \$1,300,000 in state matching funds to meet hoped-for federal grant to further develop a 4,444 acre area

17 miles east of Livingston on U. S. Highway 190. Reservation now operates on a budget of \$158,000 for the current biennium.

Requests presented by Commission Chairman Dempsey Henley of Liberty, include funds for dam and lake, camping and picnic areas, trading post, shopping center, restaurant, swimming pool, logging train, and a real "Indian Village," together with 400 additional acres of land.

**DPS IN HIGHWAY STUDY**

State Department of Public Safety will participate in a nationwide study of controlled access roads.

Col. Homer Garrison says they

will seek administrative guidelines for police in determining the needs for supervision traffic and providing motorist services on the controlled access highways.

International association of Chiefs of Police research development division is conducting the project under contract with Office of Highway Safety, U. S. Bureau of Public Roads.

Texas is one of six states selected for intensified study, though all states and most metropolitan areas will be covered. DPS was picked because of "outstanding reputation in state law enforcement field," IACP spokesman said.

**SHORT SNORTS**

Cigarette tax total for May was nearly \$3,000,000 over the \$7,600,000 take a year ago, and \$1,000,000 over April of 1966. Liquor and wine tax income is down from 1965.

Texas State Teachers Association endorsed a new statewide water plan on grounds that it will promote greater industrial development and help provide local school districts more tax funds for education.

Constitution party's new candidate slate includes these nominees: James B. Holland for U. S. Senate and Jack Carwell, Houston, for governor. Conservative Party nominated Bard Logan of San Antonio for governor.

### Survey Shows Home Cures For Dallas Maladies

DALLAS, (AP) — When they get such maladies as mal ojo (evil eye) and mal puesto (hex,) many of the 40,000 persons of Mexican descent in Dallas don't call on the marvels of modern medicine.

They have their own cures. These findings were published in a recent edition of the Journal of the American Medical Association in a paper written by Dr. Harry W. Martin of the University of Texas Southwestern Medical School. He was assisted by one of his students, Cervando Martinez.

They interviewed 75 Spanish-speaking housewives in Dallas, of whom two-thirds were born in the United States.

The median educational level of the women was six years. The women said persons with "light blood" are susceptible to mal ojo — evil eye.

"The blood is believed to be heated by electricity in a stronger person's vision who looks at the afflicted admiringly or covetously but does not touch him," the authors reported.

How does one cure mal ojo? AN UNBROKEN raw egg is passed over the body, usually in the sign of a cross. The sweeping motion draws the fever into the egg, which is then broken and placed in a bowl.

The bowl containing the egg is then placed under the head of the patient's bed to absorb the remaining fever. If the cure is complete, the belief goes, the egg will be cooked by morning.

Another folk malady, the hex — mal puesto — can be inflicted on a victim by a bruja (witch) upon request, or by any person who knows the intricacies of witchcraft, the article says.

Usually motivated by jealousy, it can be imposed through food, a photograph or by means of a small effigy of the victim.

Symptoms of the hex are a bit vague, the authors say, but some manifestations are sudden attacks of screaming, crying and singing, bodily exposure and convulsions.

"One respondent refused to describe symptoms she had witnessed in two of her acquaintances because they were too embarrassing for her to relate," Martin wrote.

Cures for mal puesto are harder to come by than those for mal ojo.

Only a third of the women questioned said they even knew of a treatment for the hex. Some said a special person was needed; others believed that treatment could be administered at home by a member of the family; and still others said neither of these would work.

The article said people who believe in these maladies put little faith in the healing powers of the medical profession.

"When questioned about physicians' ability to treat folk disorders, two thirds felt that doctors do not know how to treat these problems because of a lack of knowledge, faith or understanding," the report said.

Cincinnati's Oscar Robertson still holds Missouri Valley records for career points and rebounds. He recorded the three best season scoring averages in league history — 38.0, 39.9 and 32.6 — in that order.

# FOR GOD SO LOVED THE WORLD

## The WEAK LINK

Oh, the tragedy of a weak link. For one weak link the great load breaks adrift; for one weak link my car remains in the mud; for one weak link something precious is lost.

*No chain is stronger than its weakest link. Life is of a piece... every hour, day, week, month and year counts toward the everlasting. Then, it is very important to form good habits early. Habits of prayer, reverence, church attendance and forbearance... these form the healthful air of human development. These are the strong links of moral living that forge character which will stand strain, stress and trial. These are the good chains, strong chains, useful chains, dependable chains... how priceless they are.*

*Come! Let us also go to the house of the Lord!*

**ATTEND ROUND-UP** — Just before leaving for state 4-H competition on the A&M campus, these youngsters posed with one of their sponsors, Mrs. Rita Huckert.

### Eight Represent Deaf Smith In State 4-H Competition

Eight representatives from Deaf Smith County are in College Station this week, attending 4-H Round-up. Annual competition among state 4-H clubs is held on the A&M campus. Winners in district competition are eligible for the state meet.

Cynthia Beene is participating in the foods show; Joette Hanna, money management; Jane Witkowski, clothing activity; Maura and Teresa McAndrews, team demonstration in civil defense; Steve Hoffman, farm management; Rodney Herr and Donald Vasek, team demonstration in electricity.

Mrs. Rita Huckert, assistant Home Demonstration agent, and Justin McBride, County Agent, are sponsoring the Hereford 4-H delegation.

After activities at Round-Up, the group plan a side trip to Six Flags.

### Tourism Proclaimed Lucrative Field By West Texas Chamber

ABILENE — John Ben Shepherd of Odessa, president of the West Texas Chamber of Commerce, has called a special meeting of experts in tourist development at Kingsland, Tex., on June 15 to help the WTCC further develop a tourist business which last year saw 4 million visitors pour an additional \$250 million into the economy of West Texas.

Texas' foremost authorities on tourism are being invited to Kingsland, in the Highland Lakes country, to help the West Texas Chamber develop a new program of work on tourist development and contribute their ideas and suggestions, Sheppard said.

The WTCC president has set up nine of these special idea and planning sessions during June, several of them scheduled at Lakes, recreational or historic sites. One will be in a 110-year-old restored home near Cleburne. The other sessions will deal with industrial development water resources, agriculture, state affairs, education, petroleum and chemicals, national affairs and information.

Sheppard said, "We are on the threshold of a really big tourist business in West Texas, and we are ready for it. Tourism is the most lucrative field for development in West Texas, and we are asking these experts to show us how to develop this resource."

There are 58 major water reservoirs in West Texas, plus scores of smaller lakes where thousands of pleasure boats provide recreation; there are 16 state parks in the area, plus our national parks, shrines and historic sites; 970 official historical markers and 77 historical museums which attracted more than 6 million persons last year. There are 32,160 air-conditioned hotel or motel rooms, with 428 swimming pools. There are 42 art galleries, 10 full-size zoos and countless other tourist and recreational attractions.

"There is a great increase in both in-state and out-of-state visitors in Texas. The importance of tourist development is obvious, and the West Texas Chamber of Commerce is anxious to lead the way in developing this

business as part of its program of work," Sheppard said.

AMONG THOSE invited to the meeting is the executive committee of the Texas Tourist Council; members of the Texas Tourist Development Association; key people in state agencies dealing with tourism, travel and historic survey work; leaders in tourist-related associations or businesses; airline, bus and railroad executives; oil company executives interested in tourist development; travel agency representatives; travel editors; and highway association leaders.

The Kingsland meeting will open at the Highland Lakes National Bank at 10 a. m. on June 15 and will feature a lake tour during the day. Harlan Bridwell of Bridgeport, chairman of the WTCC Tourist Development Committee, and Jack Smartt of Crane, vice chairman, will preside at the meeting.

### College News About Students From This Area

Two Hereford students, Sharon John and Mrs. Caroline Rountree, have enrolled for the first session of summer school at Lubbock Christian College.

Miss John is the daughter of Mr. and Mrs. C. N. John. A 1965 graduate of Hereford High School, she was an honor business student and member of the National Honor Society.

A sophomore at LCC, she was recipient of the Bible Class and Personal Work Award for her interest and participation in Bible class work. She is a member of the Meistersinger Chorus and is majoring in business education.

Mrs. Rountree is the daughter of Homer Brumley, 108 N. Texas. She graduated from Hereford High School in 1963.

An entomology major, she has been attending Texas Tech. She and her husband, Conny, live near Lubbock.

### Former Residents Are New Parents Of Son

Mr. and Mrs. Marvin Lane, of Phoenix Ariz., are the parents of an eight-pound boy, Gregory Scott, born Saturday, June 4.

Mrs. Lane is the former Sue Minor, daughter of Mr. and Mrs. L. E. Minor of Hereford. Mrs. Minor, her son Dale and Mrs. Minor's mother, Mrs. Carl Hughes, of New Market, Iowa, will left Hereford Tuesday to be with the new parents.

# The Texas Land Investment News

PUBLISHED BY GALAXIE LAND CORPORATION

VOLUME 1 — NO. 4  
 P. O. BOX 383, KINGSLAND, TEXAS  
 WINTER - SPRING 1966

## THE FRONTIER REAPPEARS

Land that hasn't been for sale for perhaps a hundred years was suddenly opened for public purchase this month.

Galaxie Land Corporation, with headquarters in Kingsland, has secured thousands of acres of what was formerly individually-owned giant ranches from the heirs of the original landowners.

This natural wonderland is called Royal Oaks and is located above Kingsland, where the Llano and mighty Colorado rivers join and pour into picturesque constant-level Lake Lyndon B. Johnson, formerly named Lake Granite Shoals.

The land is now being subdivided into tracts of all sizes, with sensible restrictions. Purchasers may choose from a waterfront lot to a Ranchette of 3 acres or more. Every lot or Ranchette has access to full lake facilities, including boat ramp and launching privileges.

O. E. Ainsworth, long-time Kingsland developer and president of Galaxie Land Corporation, pointed out that the land currently being developed was not available for generations.

"Indians used to roam these blue-bonnet covered hills," Mr. Ainsworth said. "And when the white man drove the last of the Indians away he established huge ranches numbering thousands of acres each. This became great cattle country."

"But after several generations, the heirs of the original owners live in other cities. It is difficult to work a ranch from a distance, and not profitable. We have obtained this acreage from these landowners and now are making it available for the first time."

"We call it the Reappearing Frontier," he continued. "It vanished once, long ago, when the white man built his fences. For awhile now, it is reappearing—but only as long as the land is available."

"Soon it will begin vanishing again as new property owners pick up their part of it. We urge every interested potential property owner to contact us immediately."

INSTEAD OF DREAMING OF PARADISE, NEW LANDOWNERS LIVE IN IT—A picturesque view of beautiful blue Lake Lyndon B. Johnson, where fishermen take out the big ones and water enthusiasts enjoy their boats and skis.
