Police Chief's Report Shows Work Increase

LOOT RECOVERED

Eight Boys Admit Series Of Thefts

A six-month-long series of bicycle and other minor thefts and at least one vandalism incident were cleared by Hereford police this week as eight juveniles were arrested and turned over to juvenile court.

RANGING in age from 10 to 16, the boys admitted thefts after a series of arrests by policemen.

The officer making the arrests said the boys apparently did not work together in the thefts, but traded stolen items among themselves and to other youngsters.

Recovered were 11 bicycles "in fact," although most had been painted, as well as parts from at least three other bikes, plus other items, including a wrist watch and assorted tools.

NINE OF THE recovered bicycles have been returned to owners, but identification is yet to be made on the remaining bikes.

Police pointed out that about the only permanent identification for bicycle is serial numbers, and urged parents of bike owners to record serial numbers to help identify stolen or lost bikes in the future.

One of the youths also admitted damaging large plate glass windows at McGee Furniture Store by shooting them with B-B guns.

OTHERS ADMITTED taking items from several places, including Rockwell Bros. Lumber Co., Jacobsen Bros. Machine Shop, and Surplus City, in both break-ins and shoplifting.

The youths, appearing as a group in juvenile court Tuesday morning, were placed on strict probation and returned to custody of their parents.

They appeared before County Judge H. C. (Hank) Williams who serves also as juvenile court judge.

FOR MOST of the boys, it was their first time to be in juvenile court.

Among terms of probation were the requirements that each of the boys attend church each Sunday, report to the county judge each Wednesday, attend school without fail, attempt to find a job after school, not be seen associating with each other, and not drive an auto.

Summer School Expansion Plan Denied By TEA

Hopes for expanding a Hereford public schools summer school for non-English speaking students were quelled this week when the Texas Education Agency denied the local school district's request for state funds to supplement the program.

However, a summer school program for non-English speaking six-year-olds who will enter the first grade next fall will be conducted by the local district.

DATES FOR the classes are tentatively set for June 13 through August 12.

Local school officials said that the district had applied for funds from the Texas Education Agency to expand the summer school, which has been operating since 1954.

See SUMMER Page 2

Traffic Law And Criminal Arrests Up

The Hereford Police Department Annual Report for 1965 submitted to city commissioners Monday night reflected the growth of the city as traffic violations and criminal cases in most categories handled by police showed a continued increase.

The report, submitted by Chief of Police Marshal Padgett, backs up figures recently reported by the Deaf Smith County Sheriff's office, showing that the work for law enforcement agencies spirals with the city's growing population.

As in each of the preceding three years, total number of citations issued for moving traffic violations climbed by slightly more than 200, reaching a total 2,217.

Total number of criminal arrests by police was down slightly in 1965 as compared to 1964. This resulted mostly from changes in certain patrolling duties between police and sheriff's deputies, however.

One entry in the annual report showed an almost 90 percent drop in number of cases handled in 1965 as compared to 1964 — that being a drop from 11,464 overparking citations issued the previous year to 1,444 in 1965.

OBVIOUS REASON for the decline was the removal of parking meters from the city on April 27 in conjunction with the Downtown Variety Park project.

However, a total of 185 overparking tickets have been written since the removal of parking meters, it was pointed out.

The number of auto, residence, and business burglaries reported in the city during 1965 was 53, as compared to 62 in 1964. Burglary losses during '65 were considerably higher than in 1964, however.

Police estimate a total of \$32,851 lost by burglary thefts last year, as compared to \$27,588 in 1964.

POLICE RECOVERED \$14,352 worth of goods stolen last year, however, reducing losses to \$18,599 in 1965, as compared to \$14,076 for '64.

The report pointed out that national averages for burglaries solved in cities below 10,000 is 32 percent.

For Hereford, the percentage in 1965 was 45 percent, as compared to 38 percent in 1964, the report continued.

TOTAL NUMBER of moving traffic violations climbed from 1,684 in 1962, to 1,847 in 1963. See POLICE Page 2

NEW QUEEN — Miss Donna Gohlke, senior at Phillips High School, presented this picture of happiness shortly after receiving the District 2T-1 Lions Clubs Queen title here Sunday. —Staff Photo by Wain Miller

Name Lion Queen, Elect 2T-1 Chief

By WAIN MILLER
News Editor

The 900 persons in town for the annual District 2T-1 Convention of Lions International topped the whole three-day fling off with the coronation of a new queen and election of a district governor here Sunday afternoon.

But before the show was all over, thanks had come manyfold for members of the Hereford Lions Club, the Easter Lions Club, and the Piasano Lions Club, and to the city of Hereford as a whole for what was termed "the best convention possible."

IT WAS Hereford's first major convention undertaking in many years and the Lions of District 2T-1 voted the city a gold star for the effort in a rousing hand of applause as the convention came to an end Sunday afternoon in the Hereford High School Auditorium.

The audible congratulations for a job well done to all those having a hand in the convention came moments after W. L. (Preach) Edelman of Friona took over reigns as new district governor for 2T-1 Lions.

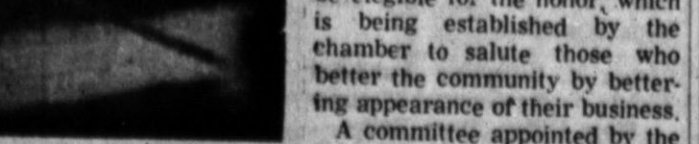

AND THIS was just on the heels of the coronation of Miss Donna Gohlke of Phillips as District Lions Club Queen.

She received the honor in competition with 50 contestants from throughout the Panhandle.

In other convention wind-up activities, Lions selected Dumas for the site of the 1967 convention, with Pampa losing its bid in that vote.

City OK's Bids For Barn, Autos

District Court Sentences 10 On Guilty Pleas

Two persons were sentenced to the state penitentiary, seven placed on probation, and another assessed time in the county jail after entering pleas of guilty to various charges in 69th Judicial Court here this week, with Judge Harry Schultz presiding.

Sentenced to three years in prison was a 33-year-old Negro, Melton Putney, who listed a Buena Vista address in Hereford when arrested August 31, 1965.

HE WAS CHARGED with forgery and passing following arrest by a sheriff's deputy.

Sentenced to one year in the penitentiary on a charge of driving while intoxicated was John Ray Shackelford, 66, of 205 Ave. H. He was arrested Nov. 26 by city police.

Placed on probation for a period of eight years was Dondle Rhea Thompson, 27, of 410 Avenue K, who was charged with assault with intent to murder in connection with a New Year's Day incident 16 miles west of Hereford.

ORDERED to serve two years in the county jail on a felony charge of driving while intoxicated was Pete Encinas, 46, of 609 Miles, arrested April 6 by the Highway Patrol.

Three persons were placed on See DISTRICT Page 2

Maxwell Is Voted Mayor Pro-Tem

Hereford City Commissioners waded through a rather heavy agenda which included the acceptance of a bid for replacing the recently-burned city barn Monday evening.

Other items included the purchase of new police patrol cars, approving a zoning change, and buying other equipment for police and fire departments.

Commissioner Albert Maxwell was elected mayor pro-tem for the coming year, replacing Lloyd Sharp.

THE BID accepted for construction of the new city barn on a site yet to be determined was submitted by an Amarillo firm.

Cost will be \$28,107 for an all-metal structure to be constructed by Thrifty-Built Construction Co.

Bids were also received for four new police patrol cars. Low bid was submitted by Stephens-Hudson Motor Co. of Hereford for \$4,645.56 with trades.

Commissioners voted to replace two outmoded police radios with the newer transistor-type radios which are now being used by many departments in the area.

THE FOUR commissioners and the mayor passed a resolution to return taxes which were assessed in error to area residents.

A request by the fire department for four quick hook-up valves with 15-foot hoses was granted by the commission.

A ZONING change for the 200 block of Norton St. was granted by the commissioners.

B. M. Wiltshire requested that the zone be changed to an "E" central business district. See CITY Page 2

Sherman Firm Has Low Bid For Post Office

General Services Administration in Dallas received a total of 13 bids for remodeling and enlarging the Hereford Post Office Tuesday, with a Sherman, Tex., firm submitting low bid.

Everett Mitchell Construction Co. submitted a low bid of \$218,132.80 for the work.

The General Services Administration has 30 days in which to award a contract for the improvement of the Hereford Post Office.

Included in plans for the project are a major remodeling of the interior of the present structure, plus erection of a wing to the north of the present building. See SHERMAN Page 2

Rites Pending For Mrs. Hicks

Funeral services for Mrs. John C. Hicks, wife of a local farm supply dealer, were pending late Wednesday.

Mrs. Hicks died Wednesday afternoon in Deaf Smith County following a long illness. Funeral arrangements were pending with Gilliland Funeral Home.

Born Nov. 16, 1906, at Summerfield, she married John C. Hicks on Oct. 29, 1927 in Canyon. They moved to Hereford in 1931 from Canyon. The family resides at 210 Avenue A.

Services are planned in the First Methodist Church here, of which she was a member.

Survivors include her husband; four sons, Leo of Dallas; Claude of Adrian; Douglas of Amarillo; and Edward of Hereford; a brother, William L. Roberson of Amarillo; two sisters, Mrs. Claudiola Brown of Hereford and Mrs. George Story of Amarillo; and seven grandchildren.

Wheat And Barley Deadline Changed

A change in deadline for reporting acreage of fall-seeded crops for USDA programs was announced this week by Faust Collier, manager of the local agricultural Stabilization and Conservation office.

FARMERS HAVE until May 15 to make final acreage report for wheat and barley, according to a new ruling. Previous deadline was May 1.

However, the extended deadline for reporting does not alter the April 30 deadline for removing livestock from acreage to be diverted, Collier said.

Collier explained that the deadline extension results from later harvests locally than in other portions of the state. IT WILL particularly benefit See WHEAT Page 2

FOR DEMOCRATIC PRIMARY

Eleven Votes Are Cast In Absentee Balloting

Absentee balloting for the May 7 Democratic Primary got underway here this week with eleven votes cast by Wednesday afternoon.

County Clerk B. F. Cain said that absentee balloting for the primary will continue in his office in the courthouse until May 3.

Local offices to be elected this year are county judge, county clerk, justice of the peace, county treasurer, district court clerk, county commissioners for precincts two and four, district judge, state representative, and U. S. representative.

Incumbents seek re-election to all offices, with opposition only in the elections for county judge, justice of the peace, precinct four commissioner, district judge, and U. S. representative.

Numerous statewide offices will also be filled this year, with high rivalry existing among primary contenders.

Annual Children's Clinic Medical Staff Announced

Twelve out-of-town specialists plus all local doctors will be on hand for the 11th annual Oasis Shrine Club Children's Clinic, which will be held in Hereford on May 14.

Specialists from Houston, Dallas, Lubbock, Denver, Denton, and Amarillo will be on hand to examine the children at no expense to the children's family.

Those who intend to go through the clinic must go to their family doctor and have him fill out the proper forms prior to the clinic.

THE FORMS will have a medical background of the child, as well as any medical abnormalities which the doctor feels need checking out.

All of the local doctors as well as local nurses and Shrine Club members will participate in the clinic, which will begin at 8 a. m. and will continue until all children have been examined. Some 150-200 children from 38 counties and three states participated in the clinic last year and the local club is expecting about the same number of children this year.

CHILDREN to be examined by the specialists during the clinic are to meet at the Community Center and transportation will be furnished for them to the Hereford Medical and Surgical Clinic, where the event will be held. After the examination the children will be furnished transportation back to the center.

Lunch will be served to the children, parents, nurses and doctors in the high school cafeteria.

IF TREATMENT is needed by children and the parents are not able to pay for the care, the Shrine Club will provide for the treatment.

In the past 11 years, the club has spent some \$100,000 for treatment of these children. See ANNUAL Page 2

DALLAS DISASTER — Tornado which struck the Texas city in April, 1956, as recorded in WFAA-TV newfilm shown to Hereford "weatherwatch" officials. (Staff Photo)

TO HONOR BUSINESSES

Beautification Award Approved By Chamber

Members of the board of directors of the Deaf Smith County Chamber of Commerce approved Wednesday the rules for a business property beautification award to honor local firms who make substantial property improvements.

The "Business Property Beautification Award," in the form of a permanent plaque, will be presented local businesses who make improvements to existing property.

ALL IMPROVEMENTS commenced after Jan. 1, 1966, will be eligible for the honor, which is being established by the chamber to salute those who better the community by bettering appearance of their business.

A committee appointed by the chamber board will judge all applications for the honor, which will be presented to any and all firms which makes improve-

ments deemed suitable for the honor by judges.

OTHER CHAMBER board business at the Wednesday morning meeting included discussion of Christmas decorations and promotions, a proposal to change the date of election of chamber officers, a report on action at

a recent meeting of the Texas Industrial Development Council and the Texas Mortgage Bankers Association, and discussion of recommendations of the Retail Merchants committee concerning its desire to seek changes in state hot check laws.

The board directed the Christmas decorations committee to give consideration to the purchase of appropriate decorations to be installed on U. S. Hwy. 385 in front of Sugarland Mall. DECORATIONS committee chairman Harold Kilds reported on a recent meeting of the committee, at which the group decided to drop expenditures in its annual budget for the hiring of a Santa Claus and the purchase of Christmas candy for Santa to distribute. The board concurred in this move. The committee had also discussed See BEAUTIFICATION Page 2

Little League Try-Outs Start Here Today

Hereford Little League tryouts will begin today at 6 p. m. and will continue Friday afternoon at St. Anthony's Catholic School playground.

Boys between the ages of eight and 12 years old are eligible to participate in the baseball program, sponsored by the local United Fund.

Little League president Art McQuary said that all boys desiring to participate in the program should be on hand for the tryouts — except those who played on a "major" league Little League team last year.

Major league boys are automatically reassigned to their last year's team, McQuary said. Eight major league and eight minor league teams will be organized for the season. Last year, some 320 youngsters participated in Little League.

City...

(Continued from Page 1)
Although no location has been selected by the commission for the new city barn, which will replace the one which was recently destroyed by fire, the commission granted the contract for the construction of the \$28,107 structure. This price includes the inner offices.

A BID of \$27,991 was submitted by the company for the metal structure, but the commissioners voted to use colored steel, which added an additional \$478 to the cost of the building.

Commissioners also had an option of steel or wooden doors for the building. The group voted to use wooden doors, since they are less expensive to repair and the upkeep is not as costly.

THE NEW building will be 60 by 100 feet and will be completely insulated.

Heating will be provided for the shop and air conditioning will be provided in the office portion of the building.

Several locations were discussed at length by the commissioners for the building, but no site was decided upon at the meeting.

The Amarillo Construction company said in the bid that they could order the materials and construct the building in 80 days.

FIVE OTHER construction companies bid on the structure. Only two of the bids were from Hereford firms.

Stephens-Hudson Motor Company was awarded the contract to furnish the city with four 1966-model Ford police car a cost of 4,645.56.

The Ford bid was the lowest of five bids from local motor companies.

The four old police cars will be traded in on the newer ones. The local motor company sold the present 1965-model vehicles to the city last year.

TWO NEW transistor-type police radios were purchased from Motorola at a cost of \$1,488 to replace two which were becoming obsolete.

Parts for the old units have been almost impossible to find and soon many of the tubes in the radios will be out of production.

Commissioners granted a request by the local fire department for four new fire hoses and quick hook-up valves for their pumper trucks.

SOME OF THE fire plugs are now more than 10 feet from the curb and the pumper trucks are having to jump the curb to get to them, which could cause damage to the trucks.

Albert Maxwell, on the behalf of the fire department, requested that 15 foot hoses be ordered for either one or both of the trucks and also that the hoses be equipped with quick hook-up valves.

Cost of the hoses was \$385 per side per truck, since a hose is required for both sides of the pumper trucks.

The Hereford fire department now has two pumper trucks in

use and hoses were bought for both sides of both trucks.

In closing, the commissioners reviewed the 1965 police report which was prepared by the Chief of Police Marshal Padgett. (See story on page one.)

Bank and the Lions Crippled Children's Camp completed action of the convention.

J. W. Robinson of Hereford, who completed his term as district governor Sunday, said the convention "exceeded fondest expectations" of the District 27-1 Lions, who apparently turned out in larger number than ever before for a District 27-1 meet.

Edleman, who replaces Robinson as district governor, has 25 years of Lion-hood behind him.

A graduate of Texas Tech, he became school superintendent at Friona in 1938 and three years later became the charter president of the Friona Lions Club, which celebrates its 25th anniversary in June.

In 1942, he left the school system to take over farming and business interests which he still maintains in the Parmer County City.

THE FRIONA club is also homebase for Miss Sheryl Long outgoing 27-1 Lions Queen, who passed the crown on to Miss Gohlke Sunday afternoon.

A Phillips High School senior, Donna is active in band, twirling, choir, and student council. Last summer she attended Girls State in Austin.

SHE PLANS to major in elementary education at Texas Tech in Lubbock next fall, but between now and then she will attend the state Lions convention to seek the Texas Lions Club Queen title.

Annual...

(Continued from Page 1)

Out-of-town doctors who will be participating in the program are: Dr. Arthur Sarris, Dallas, orthopedics; Dr. James Bertz, Dallas, oral surgery; Dr. Robert Leachman, Houston, cardiology; Dr. Dean Harris, Dallas, audio and speech;

Dr. R. Parker Allen, Denver, radiology; Dr. Don Rya, Denton, speech and hearing; Dr. Willard Sellman, Dallas; plastic surgery; Dr. J. Albert Loveless, Lubbock, orthopedics; Dr. Norman Wright, Amarillo, ENT; Dr. Tom Nash, neurosurgery; Dr. Maurice Dyer, Amarillo, pediatrics and nutrition.

Also, all of the local doctors will be participating in the clinic.

All of the costs of the clinic is paid by the Oasis Shrine Club of Hereford.

United States stamps are being printed with a special ink — a luminescent coating — which glows under ultra violet light from new mail-handling machines. The devices sense the ink and face all envelopes in the same direction and cancel 30,000 an hour.

Beautification

(Continued from Page 1)
cussed the possibility of once again staging a Santa parade to open the Christmas season, but no action has been taken by the committee.

In other action, the board tabled action on proposals concerning changing chamber officer election date and the merchants' study concerning hot check laws.

Police...

to 2,900 in 1964 and 2,217 in 1965.

Similarly, the number of miles patrolled by city police units has risen from 123,232 miles in 1963 to 149,520 miles in 1965.

Number of persons ticketed for speeding in 1965 was 928, with department and 810 persons found guilty.

TICKETS FOR failure to yield right-of-way and running stop signs and stop lights totaled 261, which was lower than last year's mark "but still high for a city of Hereford's size."

Percentage of conviction on traffic charges in local courts was 90 percent in 1965, as compared to 87 percent in 1964 and 89 percent in 1963.

In 1965, there were a total of 366 traffic mishaps reported to police, causing property damage estimated at \$93,208.

ACCIDENT FIGURES have climbed continually since 1962, when the total number of crashes was 192 and damage was 156,489.

Concerning criminal arrests, it was pointed out that the number charged with drunk was 230 last year, compared with 120 in 1962; and for DWI, 38 last year as compared to 12 in 1962.

NUMBER OF juvenile arrests by police in 1962 was 86, in 1963 was 62, in 1964 was 77, and in 1965, 80.

Total number of criminal arrests for the years 1962 through 1965, respectively, was: 386, 531, 698, and 654.

HER FAIR LADY

EDINBURGH, Scotland (AP) — Miss Louise McVicar of Edinburgh thinks she may have set up a record for moviegoers and Julie Andrews fans.

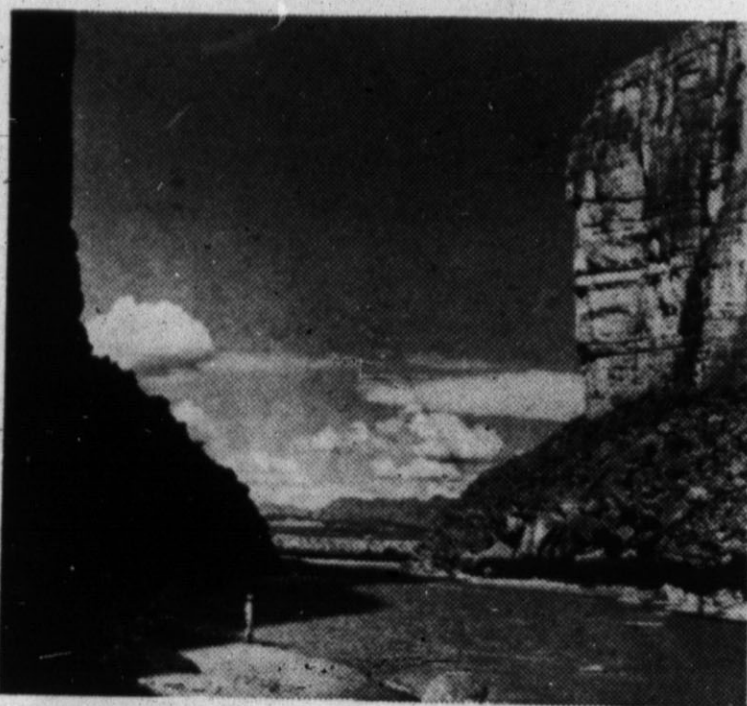

Miss McVicar, 32, has seen the movie "The Sound of Music" in which Julie stars, 100 times, has paid 27 pounds 10 shillings (\$ 77) for tickets and 10 pounds (\$ 28) for fares to get to the movie theater.

She maintains it was well worth it and told a reporter: "As far as I am concerned, I just can't get near enough to the screen to see her. I hope one day we will meet."

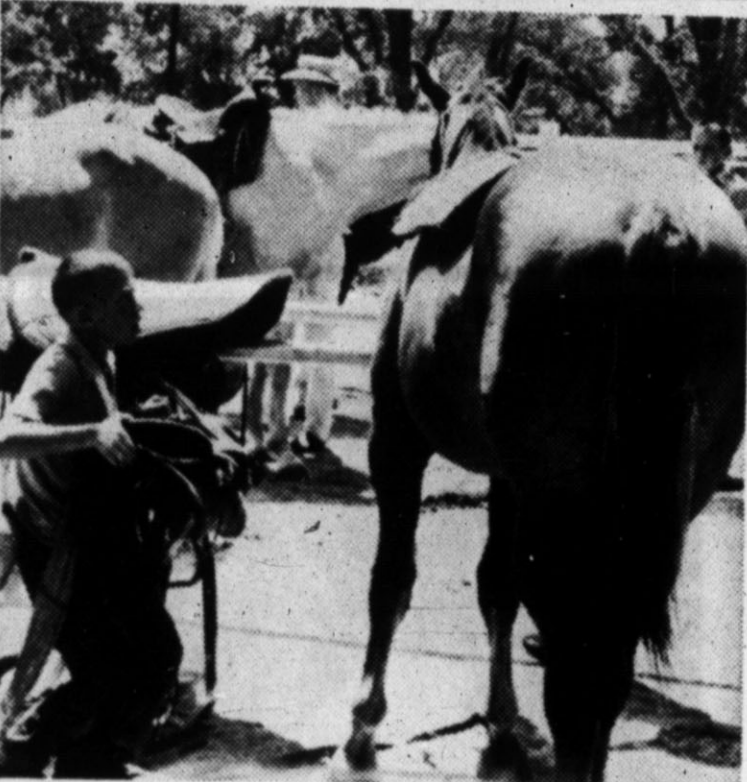

REMOTE CONTROL

WICHITA, Kan. (AP) — Mrs. Hubert Maack turns on her television set simply by entering her front door.

Through some quirk in the mechanism, she said, the TV occasionally turns itself on when someone slams the front door of her house.

Views Of India Given To Club

Glimpses of life in India, as well as a background sketch of that ancient country's history, were given Mon Amis Club members Tuesday afternoon by Mrs. Gene Parsley, who spent a number of years as a member of an English family living there.

Mrs. L. C. Hewitt, who like Mrs. Parsley has lived in London, assisted with the program, showing slides of scenes from India. A highlight of the program was a demonstration by Mrs. Parsley of wrapping an Indian sari, the graceful native dress of the women.

The speaker answered questions after she had outlined the history of India since its beginnings about 600 B. C. and told of the development of its religious and culture.

In a business period with Mrs. David Hutchins presiding, plans were made for the club's final meeting of this season, a luncheon in the home of Mrs. Cliff Almon May 10, when officers elected last month will be installed. Mrs. J. D. Greason is to be the new president.

The Tuesday meeting was in her home, with Mrs. D. L. Thomason as co-hostess. In addition to those on program, guests were

Mrs. Dale Christie, Mrs. Fate Shannon and Mrs. Bob Noland.

Other members present were Mmes. Billy Bell, Roy Botkins, Jamie Clearman, Jim Lookingbill, Jerry Terrell and Raymond Wiley.

County Judge Hears Three Guilty Pleas

Guilty pleas on charges of driving while license suspended, driving while intoxicated, and simple assault were heard in county court by County Judge H. C. Williams this week.

Fined \$75 on a charge of simple assault was Oscar Alvarez, 17, of Hereford.

Aristeo C. Alaniz, 25, of Hereford, was sentenced to one year probation on a charge of DWI in lieu of 20 days and fine of \$50 and cost. He was arrested Sunday at Highway 60 and Lee by the Highway Patrol.

Fined \$25 and court cost was Lee Warren Jones, 26, of Dimmitt, arrested near Hereford Saturday by the Highway Patrol on a charge of driving while license was suspended.

Museum Toured By Local Group To Gain Ideas

Members of the board of directors of the Deaf Smith County Historical Society made the first of several planned trips to area museums Tuesday to gain insight into setting up the proposed local museum.

Board members of the organization recently formed for the expressed purpose of bringing a local museum into being toured the Crosby County Historical Museum in Crosbyton.

Several Crosbyton residents who have played key roles in the development of the museum there served as hosts for the Hereford group, explaining how the museum was established and is maintained.

Included were Mr. and Mrs. Jon Harvey, directors of the Crosby County Museum.

Members of the local Historical Society board making the trip were Mrs. Jack Renfro, Mrs. George Turrentine, Mrs. Henry Sears, Palmer Norton, Gene Fooks, Lincy Danies, and Frank Ball.

Charter Program Is Held By NSA

Charter of the new Hereford Chapter of National Secretaries Association was signed, a dozen charter members were initiated and officers were formally installed at a program in the ballroom of Community Center Sunday afternoon.

Avis Northcutt took office as the first president of the chapter, Florence Robinson as vice president, Jean Kennedy secretary and Faye Dirks treasurer. Helen White of Dallas, first vice president of the Texas-Louisiana Division, NSA, officiated for the installation and initiator.

She presented greetings from the national organization and told briefly its purposes and its program designed to raise standards of secretarial proficiency. Mrs. White is herself secretary to the executive vice president of a Dallas insurance firm.

Standing around a long table

covered in red and gold, NSA colors, and centered with the association's emblem, the members conducted a candle-lighting ceremony at the initiation, which was directed by members of the Palo Duro Chapter from Amarillo, sponsors of the new chapter. Edna Sandlin was speaker for the sponsoring group.

Mayor Ray Cowser had welcomed the new organization and W. T. Thompson, Chamber of Commerce manager, spoke briefly of management's view of NSA. Refreshments were served after the program to a number of guests.

In addition to officers, charter members of the Hereford Chapter are Carolyn Copeland, Mary Kaye Everitt, Thelma Lamm, Barbara McGuffin, Alice Rudd, Virginia Stevens, Wanda Truelock and Janie Victor.

NEW CHEERLEADERS — Cheerleaders for 1966-67 at Hereford High School were elected last week and announced at the school. They are, from the left: bottom row, Donna Hill, Charlotte Hill, and Cindy Jones, all juniors; center row, Debbie Ogan, sophomore, and Gwen Cargo, junior; and at top, Kandis Hill, a sophomore. Charlotte and Kandis are sisters and both were elected cheerleader for the first time this year. (Staff Photo by Tyler Vance)

News About Area Men On Duty

Sgt. 1/C and Mrs. Ebb Martin left the first of this week for Missouri, where Sgt. Martin will be stationed at Ft. Leonard Wood. They visited his mother, Mrs. Bonnie Martin, 303 Ave. A; his sister, Mrs. Guy Hudson, and brother, Johnny Martin, and other relatives here.

They had just returned from Germany, where Sgt. Martin had four years of Army service.

Man Treated For Gunshot

A Hereford man was treated at Deaf Smith County Hospital Tuesday afternoon for gunshot wounds in the leg which apparently resulted when a .22 caliber pistol he was holding discharged.

E. W. Dungan, 610 Avenue K, was injured as the pistol he was holding accidentally discharged, sending a bullet through his right leg.

Police were called to his home and the man was taken to the hospital for treatment. The wound was described as not serious.

WHISKY TOWN

DUFTTOWN, Scotland (P) — This ancient Highland town is getting a new coat of arms — featuring a whisky distillery.

Sir Thomas Innes of Learney, the Lord Lyon of Scotland whose function it is to look after coats of arms and other heraldic business, suggested the new coat of arms at the request of the Dufftown city fathers. Dufftown is a distilling center.

Leaders Named For Club Year

Mrs. Joe Frank Clark was elected president of Velela Study Club for next season, at a called meeting Tuesday afternoon in the home of Mrs. Armon Lauderback. Plans were completed at the meeting for the annual fund drive for the American Cancer Society, April 25.

Other officers chosen, to be installed next month, are Mrs. Gid Brown, vice president, Mrs. Robert Willmot, secretary, Mrs. Melvin Jayroe, corresponding secretary, Mrs. Lauderback treasurer; Mrs. Johnny Clark, historian. Mrs. J. R. Oglesby, retiring president, will become

parliamentarian. Velela Club is in charge of the cancer fund campaign, and each member has been assigned an area to serve as section leader in a canvass of the city. Workers in the drive are to meet at 6:30 p. m. Apr. 25 at First National Community Room, to begin the drive.

Any Hereford residents who will assist with the drive, but who have not been contacted by a club member, are invited to notify a member, or to simply report at the meeting place that evening.

Tickets to the WTSU Opera

Workshop production, Carusel, which members will attend in a group this evening, were distributed at the meeting. For the drive to Canyon, members are to meet at 7:15 p. m. today in the home of Mrs. L. J. Clark and leave together.

The annual installation dinner, May 10, was set for 7:30 p. m. in the Caisson House.

'Tell Your Neighbor' Cancer Crusade Slated Here Monday

What type of cancer is increasing most rapidly? Which kinds take the most lives? What are the symptoms of cancer, and what can you do to protect yourself?

Hereford residents will receive the answers to these and other such questions during the American Cancer Society's annual Cancer Crusade this April, according to Mrs. J. R. Oglesby, House to House Chairman.

TO HELP more citizens reach an awareness of the personal responsibility factor in cancer control, the Deaf Smith County Unit of the ACS has recruited and trained a task force of volunteers for special duty during the house-to-house phase of the Crusade, which will be held Monday night.

Each crusader will leave with every family on his or her beat a copy of an educational leaflet titled "Cancer and You — Facts That May Help Save Your Life."

"TELL YOUR Neighbor" is the slogan for this accelerated effort to put more life-saving educational materials directly into Hereford's homes. According to Mrs. Oglesby, it is designed to increase the educational effectiveness of the Society's annual fund-raising campaign.

"Half of today's cancers are curable by known forms of treatment," Mrs. Oglesby points out, "but cure depends on early detection, and early detection is a possibility."

"THE PURPOSE of the 'Tell Your Neighbor' program," she explains, "is to indicate where this personal responsibility factor begins and ends."

The cancer crusader who calls will also be helping to raise funds in support of the American Cancer Society's national programs of research, education and service to patients. Mrs. Oglesby urges those who are able and willing to contribute what they can to help bring the nation's No. 2 killer under control.

"But principally," she concludes, "we want all our fellow citizens to have the knowledge they need to have about this disease, and to know what we mean by personal responsibility. The life of each individual, or someone close to him, may one day depend upon it."

Who can organize a kitchen... with all this to store?

You can... easily. Thanks to Rubbermaid Kitchen Organizers!

Cup 'n' Plate Carousel. Organizes crowded cabinets for safe storage. Spins cups to front capacity. Colors: White and sand. Size: 9 1/2" diameter x 6 1/2" high. \$2.99.

FOR KIWANIANS

Program Switch Slated Thursday As Clubs Exchange Members

Members of the Hereford Kiwanis Club will see a "switch" in program at the group's regular Thursday noon meeting in the I. O. O. F. Hall.

The "switch" involves an imported program from the Jacinto Kiwanis Club of Amarillo, while several members of the Hereford club travel to Amarillo to present a program the

same day. LOCAL CLUB president Gene Campbell said the two clubs will exchange programs Thursday to promote interclub relations.

The Hereford Kiwanis Club recently transferred from Texas Division VII, where the club was affiliated with Lubbock area Kiwanians, to Division VI, the Amarillo territory.

The club president sweetheart Ann Mercer, past Kiwanis District Lt. Gov. Clint Formby, and several other representatives of the local club will present the program in Amarillo.

A similar delegation from the Amarillo club will be in charge

of the local program Thursday. Also upcoming from local Kiwanians is a "Ladies Night" program on Thursday, April 28 at 7:30 p. m.

Kiwanis Club Members Show Church Support

Hereford Kiwanis Club members and their families attended Sunday morning church services in the First Christian Church as a group to demonstrate their support of local churches in conjunction with an objective of the national Kiwanis organization.

Kiwanians attended church as a group in order to vividly illustrate the club membership's

Kiwanians To Observe Special Week

Kiwanis International, which is spearheading the 43rd annual observance of Canada-U. S. Goodwill Week, next week, is also marking the 50th anniversary of its service in both the United States and Canada.

KIWANIS WAS founded in Detroit, Mich. in 1915. The first club in Canada was founded in Hamilton, Ontario in 1916. "Thus Kiwanis has grown up simultaneously in both these nations," said Eugene Campbell, president of the Kiwanis Club of Hereford.

practice of support of local churches.

He went on to say that Apr. 28, which falls within Canada-U. S. Goodwill Week, is the 149th anniversary of the signing of the Rush-Bagot Agreement which demilitarized the 3000 mile border between Canada and the United States; hence the dates selected for the "week."

To dramatize the peaceful nature of this coast-to-coast boundary line, Kiwanians in both countries have worked together to set up some thirty-five "peace markers," one at each principal part of entry.

"KIWANIS has worked constantly in this, and in other ways, to cement even further the good neighborliness which is the hallmark of Canadian-U.S. relations," Campbell added. Canada-U.S. Goodwill Week, which is now widely observed, was established by Kiwanis. President Lyndon B. Johnson,

B&PW Club To Assist Pioneer Registration

An annual activity of Hereford Business and Professional Women's Club members, assistance in registration of area old-timers at the Pioneer Day program May 30, was planned at the club meeting Monday evening in Community Center.

Lucille Park was appointed chairman and C. Ora Cockrell co-chairman of the registration. Kathleen Baker presided for the business session and was hostess with Doris Ravizza at the

commenting on Canada-U. S. relations, has said, "On that border we have no soldiers. We have no weapons. We have only long and enduring friends."

social period afterward. Members discussed representation from the club at the yearly convention of Texas B&PW Clubs, to be held June 3-5 in San Antonio. Delegates are to be appointed at the next club meeting, and will probably join others from clubs in this area to go by chartered bus from Amarillo.

Proposed amendments to the state constitution and by-laws state constitution and by-laws are to be acted on at the convention, and some of the meeting time was devoted to a general discussion of the suggested changes.

ANCIENT HIPPO
ATHENS (AP) — The lower jaw, teeth and part of the bones of a fossilized hippopotamus have been found in a lignite mine at Kymi on the island of Euboea. Prof. J. Melendis, archaeology lecturer at Athens University, said the hippopotamus belonged to a species which existed in Europe 25 million years ago.

By MELVIN YOUNG

With all the publicity recently concerning the number of people killed in Vietnam, we thought it might be interesting to make a few comparisons — war vs. the highway death rate.

The "peace at any price" pacifist would have us believe that the flower of American youth is being slaughtered on the battlefields of Southeast Asia, fighting a battle without popular support or even a cause.

To be sure, every life lost in this battle is a tragedy. But before we push the panic button concerning the cost of the fighting in Vietnam, let's take a look at this:

In all the wars between 1775 and 1965 only 1,130,393 Americans have been killed. This total includes the Revolutionary War (4,445); War of 1812 (2,260); Mexican War (13,283); Civil War (529,332); Spanish American War (2,446); World War I (116,563); World War II (407,828); and the Korean War (54,246). Almost half of the million plus died in the Civil War, since casualties from both sides were Americans. World War II ran a close second.

Now let's look at the traffic toll over the past 65 years.

Between the years of 1900-1965, 1,559,960 Americans, men, women and children, have died in U. S. Highway accidents. Almost 400,000 more lives lost to highway accidents in a relatively short time than have been killed in all the wars for the past 190 years.

We do not believe that we must resort to a comparison such as the above to justify the fighting in Vietnam. We think that it is in the best interest of this nation to maintain the fighting against the forces of Communism whenever and wherever practical.

We would however, like to use this comparison to bring home the fact that the death rate on our nation's highways is deplorable. Not only in the senseless loss of lives, but also from the strictly financial standpoint.

What does this cost in dollars and cents?

Let's figure it this way.

The playing area of a football field measures 300 feet by 160 feet. United States currency measures about 2 5/8 inches by 6 1/8 inches. If a football field was completely covered with one dollar bills, then a layer of two dollar bills, then a layer of five dollar bills, then a layer of ten dollar bills, then a layer of twenty dollar bills, then a layer of fifty dollar bills, then a layer of hundred dollar bills, then a layer of five hundred dollar bills — now on top of these eight layers of paper money, dump 5,945 tons of silver

dollars and the money on that football field would represent the economic loss we suffered in Texas alone for the year 1965.

The \$498,087,000 estimated loss for this one year would buy — 10,000 homes at \$20,000 each... 10,000 refrigerators at \$400 each... 10,000 electric ranges at \$350 each... 10,000 TV sets at \$350 each... 10,000 dishwashers at \$300 each... 10,000 automobiles at \$3,000 each... 10,000 central air conditioning units at \$1,400 each, and furnish the head of each of the 10,000 households with a bank account of \$24,000.

Makes you stop and think doesn't it?

—HB— A recent statewide survey made by the Houston Chronicle seems to indicate that the "John Connally team" will win all the marbles in statewide political races this year, and particularly in the Democratic primary.

Here are the results, as indicated by the survey made late in March by the Chronicle:

"Landslide victories for Gov. Connally and Lt. Gov. Preston Smith in their bids for the Democratic nomination for re-election to third terms.

"A slim possibility that Crawford Martin may win the Democratic nomination for attorney general without a run-off against Sen. Franklin Spears of San Antonio.

"An almost-certainty that Martin will defeat Spears if a run-off is necessary — unless Spears gets big money for a statewide television blitz.

"Promotion of Atty. Gen. Waggoner Carr to the U. S. Senate as a conservative Democrat in place of Tower — if Carr does not antagonize liberal-labor Democrats too much between now and November.

The Chronicle survey indicated that Lt. Gov. Preston Smith may run up an even greater margin in the primary than Connally. His opponent, Rep. Bill Hollowell of Grand Saline remains virtually unknown to many voters.

As of today, Attorney General Waggoner Carr is seen as a 53-47 victor over Republican Senator John Tower in the November contest, based on a predicted vote of 2,335,000.

Observers do not think the addition of 635,000 voters during the recent 15-day free registration will change the result of any statewide primary contest.

Virtually all those who pick Carr, according to the Chronicle, are careful to hedge their appraisal. Many feel that developments between now and November, such as the course of the war in Vietnam, increased inflation of the national econ-

Proteges Give XEA Program

Girls of Tan Da Camp Fire Group, which has been sponsored since its beginning as a Bluebird Group by Xi Epsilon Alpha Chapter of Beta Sigma Phi, gave a program for the chapter at a meeting in Community Center Tuesday evening.

In addition to the special program, sorority members had an important business meeting, voting to send funds for support of the state BSP project, the Children's Medical Center in Dallas; planning for the annual Founder's Day dinner Apr. 29 and balloting for the chapter's Girl of the Year who will be honored then; and choosing delegates to the state BSP convention in Corpus Christi June 24-26.

Annual observance of Founder's Day will be held in the Caison House with Mrs. Irving Alexander, City BSP Council president, as master of ceremonies. A program will be given by chapter members; Mrs. Harold Beauchamp will present a trophy to the one chosen by secret vote as Girl of the Year, based on her worthy contribution to activities of the past year.

A chartered bus is being con-

sidered to take area representatives to the state sorority convention in June, and the chapter voted to have its delegates included. Mrs. Howard Gore presided for business.

Mrs. Chuck Laing, program leader, introduced Camp Fire Girls who gave the program featuring native songs and dances of nations around the world. The Wind Jammers, a singing group, closed with a medley of tunes popular with American teenagers.

Claudia Loerwald voiced the group's appreciation for Xi Epsilon Alpha Chapter's continued interest and support. Mrs. Bill Cargo, sponsor, accompanied the girls.

They included Sidnye Davis, Margaret Adams, Kandy Hill, Edith Davis, Pam Winget, Shelly Rush, Ruth Davis, Jean Robertson, Gwen Cargo, Cynthia Knox, Linda Lynch, Sharon Garrison and Charlotte Hill.

Hostesses for the social hour was Mrs. Walter Kirkland. Other members present were Mmes. Max Stipe, John Schneider, Hick Roberson, Bob Huddleston, Nolan Grady, R. J. Cramer, Clete Corlis, Doc Carter, Charlie Bell, Delbert Bainum and Alexander.

FUNERAL IS HELD

The funeral of Wade Alfred Majors, father of O. H. Majors of Hereford, was conducted Tuesday afternoon in First Methodist Church of Paducah, and burial was in Garden of Memories Cemetery at Paducah. Mr. Majors died Sunday at the age of 78. He was a farmer in the Dunlap Community near Paducah. Two daughters also survive him.

ANNUAL SURVEY SHOWS Visitors To State Top 12.5 Million

AUSTIN - The Texas Highway Department's annual survey of the travel industry shows a record 12,688,000 out-of-state persons travelling by automobile visited the State last year. A second record was set as this group's expenditures broke the \$613,148,000 mark, a 16.8 per cent increase over 1964.

While the total visitors represented an impressive eight per cent gain over last year, the biggest plus for Texas was in their total expenditures. The fact that the average visitor remained in Texas a full one-half day longer than in 1964 accounted for a large portion of the \$88 million increase.

IN ADDITION, the Texas Tourist Council, an Austin headquartered association of travel-related businesses, estimates that over four million visitors came to Texas via commercial carriers, adding more than \$293 million to the automobile total spent for Tourist services.

In its survey to secure data on the State's rapidly developing Travel Industry, the Department analyzed information from nearly 14,000 questionnaires returned by automobile visitors. These questionnaires provided data regarding expenditures, length of stay, purpose of visit, number in party, income groups, age groups and other key information.

Returned questionnaires indicated that over half of Texas' visitors in 1965 listed vacations as their primary purpose for visiting the State. Nearly one-third came to visit family and friends, while 19 per cent said they were in the State for business reasons.

Motels were the favorite for overnight accommodations by the highway traveler. The group staying with friends and relatives was second in number. The remainder used hotel, trailer, camping and other facilities.

AVERAGE SPENDING per day for each visitor was \$7.87, while the average spending per party was \$23.60. Although the amount spent per day per visitor was down 10 cents, the average visitor's stay in Texas last year was 6.1 days compared to 5.6 days in 1964.

Over half of the State's automobile visitors last year listed their family incomes in the above \$8,000 bracket. About one-third placed themselves in the \$5,000 to \$8,000 range. Only 15 per cent listed their family income under \$5,000.

Over two-thirds of the State's visitors last year listed their vacation period as two weeks or less. By far the most popular was one week which was recorded by 45 per cent. However, the survey revealed vacation periods are lengthening with three and four week vacations becoming much more common.

THE SURVEY revealed the peak travel period in Texas is during the months of June, July and August. Parents and children traveling together as a family unit make up the typical travel party during these months. At other times during the year travel parties are composed primarily of adults and the average vehicle occupancy is lower than for summer vacation traffic.

It is a well-established fact that visitors to Texas contribute a great deal to the State's economy. The out-of-state visitor dol-

lar circulates just like any dollar spent on Main street. Retail and service establishments at the visitors' destinations as well as along their routes are the first to feel its impact. However, as these businesses purchase supplies, services and meet payroll, this new money becomes a vital asset to the entire economy of Texas.

A 1962 study by Texas A&M University indicates the travel dollar in Texas is spent this way: Automobile, 30 cents; Food and Refreshments, 27 cents; Lodging, 24 cents; Clothing, nine cents; Souvenirs, four cents; Entertainment, three cents; Drugs, one cent; and other expenses, two cents.

THROUGH ITS Travel and Information Division the Texas Highway Department strives to bring out-of-state visitors to Texas in ever-increasing numbers and to keep them within the State's borders the longest possible time.

During 1965 the Department's Tourist Information Bureau played host to 753,000 travelers. This total is 133,000 or 17 per cent greater than during 1964.

The Department's eight Travel Information Bureaus are located at key points-of-entry and in the rotunda of the State Capitol in Austin to provide professional travel counseling to the public. Visitors are provided with current travel information, literature on points of interest, travel maps and information about Texas' attractions. Current road condition reports are also available to motorists stopping at the Bureaus.

A NINTH Tourist Information Bureau is scheduled for completion this fall by the Department at Amarillo. It will be located to service southbound traffic entering Texas on U. S. Highway 87 and 287 as well as east-west traffic on Interstate Highway 40.

Last year the Travel and Information Division, in addition to assisting over 3/4 million visitors, also received and processed 224,000 mail inquiries for information and literature on Texas. Of this number 16 per cent or 35,000 were coupons received by the Texas Tourist Development Agency as a result of its

media advertising program. A record 3,575,000 pieces of travel materials were distributed by the Travel and Information Division during 1965. Of this total, 2,000,000 were published by the Texas Highway Department and the remainder provided by chambers of commerce and allied groups.

During the year color slides and film strips were furnished to more than 227 organizations. In addition, the Travel and Information Division's travel film, "Texas - Land of Contrast" was viewed by some 278,000 persons. The film is now being produced with Spanish, French and German narrations for showing in foreign tourist markets.

TOURISTS visiting Texas by commercial carriers must be incorporated into the automobile totals to complete the picture of impact of the travel industry on the State's economy. Although new business generated by commercial carriers is much smaller than the automobile totals the American Automobile Association reports that 90 per cent of the nation's tourists use automobile for transportation.

Their contribution is very significant. The Texas Tourist Council compiled the following estimates on the numbers and expenditures of those visiting Texas during 1965 by buses, railroads and airlines.

According to the Council's estimate, total out-of-state visitors arriving by commercial carrier last year was 4,200,000. AIRLINES WERE credited with bringing 2,100,000. Bus lines added an estimated 2,000,000 while the railroads' declining passenger service accounted for only 100,000.

Airline visitors spent an estimated \$188,500,000 while within the State's borders. Although the average stay of four days for air visitors was one-third less than for other forms of transportation, spending per day was much higher. The Council study pegged it at \$22 per day.

Even though buses accounted for nearly as many visitors as the airlines, the Council reported this group's estimated spending at \$99,200,000, just over half of the amount spent by air visitors.

Railroads rounded out the role of the commercial carriers by adding 100,000 visitors with spending \$5,800,000 while in Texas. Private craft and commercial ships brought additional thousands of visitors to the state during the year. However, this group could not be included since figures were not available.

TO TRAVEL TO REGIONAL — These six boys plus Robby Lemons who is not pictured will leave this afternoon for the Region I track meet in Odessa. Each of the boys placed in the district meet last weekend at Odessa. They are bottom row, left-right Larry Champ, Billy Frank, Gary Goodin

and Ricky Fangman; top, Greg Richards, Coach Joe Brooks and Mark Hicks. Champ, Frank, Goodin and Richards are all on the sprint relay team; Goodin also runs the low hurdles; Fangman will be hurling the discus and Hicks will be on the high jump. (Staff Photo)

Golfers To Enter Regional Meet

Hereford golfers will travel to Odessa Thursday for a two day region I tournament after winning the district crown last weekend.

THE GOLFERS will play 72 holes of golf to determine the regional winners.

Competition at the meet will be tough with Andrews High School sporting a tough golf team this season.

Hereford began the conference season with a win at Muleshoe. The next weekend in Dumas the locals placed third narrowing their lead to only five strokes.

The following weekend the golfers traveled to Tullia where they took first place, but gained only three strokes for an eight stroke lead.

BUT THE NEXT week was the break the locals needed when they played on home territory and gained 40 strokes over second-place Muleshoe for a 48-stroke conference lead.

Hereford continued to gain strokes in the final two meets to come out with a 64-stroke lead over second-rated Muleshoe.

BOTH THE medalist player and the runner up medalist player from each district travels to the regional event for the competition. Sam Johnson of Muleshoe was the runner up for the medalists honors in District 1-AAA.

Those who will be playing in the regional meet for the Whitefaces will be Young, Roger Owen, Andy Channer, Mike Horton and Steve Hendon.

Hereford took first place in the district with a low 1918 total. Muleshoe was second with Hereford B-teams tallied 2,092. Perryton accumulated 2,095 points. Tullia had 2,110 and Canyon did not place since they failed to show up for the final meet in Perryton.

Seven Students Enter UIL Region Contest

Seven Hereford High School students will travel to Odessa this weekend to enter the Region I University Interscholastic League contest.

ONE STUDENT will enter the literary events portion of the contest. He is Tommy Betzen. Randy Tooley will enter the Number Sense competition and Richard Brown will enter the slide rule event.

Linda Brooks will enter the typewriting competition and Sandy Thomas and Susan Bradley will enter the journalism events. These students will compete with students from all the schools comprising the four districts in Region I.

STUDENTS will be judged in their ability to use these tools or in their speaking ability. This will be just a part of the regional contests which will be taking place in Odessa over the weekend.

1ST OF 101ST

FT. CAMPBELL, Ky. (AP) — The license number of Maj. Gen. Beverley Powell's auto identifies his position as commander of the 101st Airborne Division. It's 101-001, ordered especially by Gov. Edward T. Breathitt because of the post's hospitality to Boy Scouts.

Stanton Runners Finish Season In Plainview

Stanton Junior High School thinclads will travel to Plainview for their final tournament of the season this afternoon.

THUS FAR in the season the seventh graders have a perfect record, taking first places in all their meets.

Eighth graders have taken second place in all of the tournaments in which they have entered except the Hereford Triangular when they downed the Muleshoe eighth grade.

The meet will begin this afternoon and will continue through tonight.

Coaches for the junior high track program are Ray Don King, Don Taylor and Pat Priett.

Hereford Area Women Bowl In State Meet

A number of women from the Hereford area traveled to Austin last weekend for the Texas Woman's Bowling Association Tournament.

THE TOURNEY began in February and held its final round of play last weekend.

Many records were set in this year's competition and a record number of women attended the meet.

Those attending from the Hereford area were Mrs. Maggie Anderson, Mrs. Alice Lueb, Mrs. Clea Weems, Mrs. Jean Watts, Mrs. Marion Park, Mrs. Virginia Owens, Mrs. Reva Snyder, Mrs. Alice Lamb, Mrs. Betty Kelly, Mrs. Marion Park and Mrs. Wilma Clark.

ENTERED in the class C doubles were Mrs. Anderson and Mrs. Lueb, Mrs. Weems and Mrs. Watts and Mrs. Park and Mrs. Owens.

Entered in the class D doubles were Mrs. Snyder and Mrs. Clark.

The rest of those attending were entered in the singles events.

Frosh To Travel To Plainview For Final Meet

Freshman thinclads will travel to Plainview Friday for their final tournament of the season.

THIS MEET will close a successful season for the group with the thinclads taking a number of seconds in events and a first in the Hereford Triangular last week.

Coach Clyde Coleman said he has been well pleased with his runners this year.

Donnie Fangman has shown some real promise in the discus competition, breaking the record at the Hereford Track and Field Meet earlier this season.

The meet will begin Friday afternoon and continue into the evening.

Seven Local Thinclads To Travel To Regional

A delegation of seven Whiteface thinclads will travel to Odessa Thursday afternoon for Region I track competition.

HEREFORD TOOK third place in last week's district track meet at Perryton when they gained 90 points in the conference tournament.

Dumas won the district title with 146 points and Muleshoe was second with 130 points.

Hereford began its season in February at Fort Stockton gathering a minimum number of points, due to the cold weather in the panhandle.

The local thinclads took second in the Wayland College Meet at Plainview and won the Hereford Invitational meet only one week before traveling to district.

FIRST PLACES in many events were at a premium, according to coach Joe Brooks, with top-notch runners representing all of the schools in the conference.

Brooks said that the district is stronger in a number of events than in past years.

Larry Champ will represent Hereford in the regional meet running the 440-yard dash.

Members of the spring relay team will also travel to the Odessa meet. The members are Billy Frank, Gary Goodin, Robby Lemons and Greg Richards.

HEREFORD'S brawny weightman, Ricky Fangman will hurl the discus in regional competition.

Mark Hicks will travel with the team to the meet to represent the Whitefaces on the high jump.

Gary Goodin, who is only a

sophomore will represent the team on the low hurdles at the regional meet.

Those that win in the events at the Odessa meet will represent the school in the state track tournament in Austin the following weekend.

Brooks said he felt that the competition would have been keener had it not been for the 35 mph winds which hampered runner's efforts in many of the events.

Fuel cells are in use in space now but some day they may power everything from rockets to the family television set. The cells convert fuel and oxygen directly into electricity. The nice part is that theoretically any fuel will do: ammonia, alcohol, sawdust, decaying leaves, or even rotten coconuts.

Area Press Gets Musical Preview

With a Hereford student in one of the principal roles, West Texas State University Opera

FFA Students Take Honors In District Contest

Members of the Hereford High School Future Farmers Club attended their district meet Saturday in Canyon where two of their judging teams took second places.

THE CONTEST is an annual event to test the FFA members knowledge on how to judge good animals.

Hereford sponsor Richard Robinson works with the boys throughout the year prior to the contest.

The Crops judging team took a second place. The team is comprised of James Simpson, Lance Houghtling and David Vines.

MEMBERS OF the poultry team also took a second division. Those were David Buse, Elvis Hudson and Bill Kuykendall.

Simpson and Houghtling were named third and fourth respectively in the crop judging and Joe Bowery was named second in the dairy cattle judging competition.

Workshop's production of the musical, Carousal, opened Wednesday evening in the Branding Iron Theatre on the Canyon campus.

A preliminary showing was given Tuesday evening to an invited audience comprising the area press, WTSU faculty and members and patrons of the Opera Workshop.

An expertly directed student cast, handsomely mounted sets and eye-catching costumes did justice to the tuneful Rodgers-Hammerstein version of a double stage vehicle to win solid applause from the pre-first night audience.

Performances will continue through Saturday evening, then be repeated Tuesday through Saturday of next week.

The comedy lead is played by Joe Ella Cansler of Hereford as Carrie Pipperidge, pert New England factory girl of the 1870's whose gay personality is a contrast to the ill-fated heroine who is her best friend.

Mrs. Cansler not only decorates the stage, but contributes a pleasing voice and bright sense of comedy in the role. Another Hereford student, Ken Betzen, is one of a quartet which adds songs and comedy to the effective crowd scenes.

Luman Harris, who managed the Houston Astros last season, is now one of their scouts.

AT DE BANQUET — Randy Hopson, left, was named Outstanding Distributive Education Student and Wayne Stephens, right, Outstanding DE Employer at the annual Hereford High School DE Banquet held Tuesday night at the Caisson House. Guest speaker for the event was John Gilliland, shown in photo at bottom. (Staff Photos)

AT ANNUAL BANQUET

D. E. Club Honors Student And Boss

Hereford High School Distributive Education Club staged its annual banquet Tuesday night at the Caisson House. The affair was highlighted by presentation of the organization's annual "Outstanding D. E. Student" and "Outstanding D. E. Employer" awards. Receiving the student honor was Randy Hopson, a senior, employed by the Hereford Brand in the advertising department. Her "boss," Brand advertising manager Wayne Stephens, was awarded the employer honor. The organization also presented a special award to radio station KPAN in honor of its continued cooperation with the DE club, and in particular its gesture in allowing the club to present the annual DE Radio Day. **RADIO DAY** is the sole DE fund-raising project of the year, it was pointed out. Accepting the award for the station were Darrel Rose and Don Chaney. Appearing on the program was a high school girls' musical comedy trio. Speaker for the evening was John Gilliland, who gave a description of the not-so-grave aspects of the life of an ambulance driver.

Youth Charged After Fires In Portales

A Hereford youth was one of two Eastern New Mexico University Students charged Monday with setting five fires in Portales, N. M. Terry Hill, 18, of Hereford, and David League, 21, of Carlsbad, were arrested in connection with setting fires causing damages estimated in excess of \$12,000. The fires were reportedly set by "molotov cocktails," as bottles filled with kerosene and a wick attached were found at the scene of the fires.

Industrial Arts Class Takes Top Fair Honor

Hereford High School Industrial Arts Department won the "All School Trophy" at the Industrial Arts Fair held at West Texas University Saturday. Hereford accumulated a total of 186 points to win first place in Panhandle competition. The industrial department placed second last year at the fair. Richard Kuper took Reserve Grand Champion honors with a hand-carved grandfather clock, a project he has been working on since the beginning of the school year. Richard also won first in Division III in wood working. Wayne Reinart was first in Division VII in metal working, his entry being a sheet metal ice chest.

270 Persons Attend TSTA Annual Banquet

Some 270 persons were on hand Monday night in the high school cafeteria for the annual banquet of the Deaf Smith County Chapter of the Texas State Teachers Association. The industrial arts projects from all over the Panhandle are displayed at the fair, sponsored by the Industrial Arts Student Club at West Texas University. First place winners will represent Hereford in the State contest at Texas A&M on May 10. The Industrial Arts Fair is held each year at the Student Union building of West Texas University. Industrial Arts projects from all over the Panhandle are displayed at the fair, sponsored by the Industrial Arts Student Club at West Texas University.

RECEIVE AWARDS — Col. Charles B. Ling-amfelter of Amarillo Air Force Base presents General Billy Mitchell Awards to Cadets Ray Oglesby and Galan Evans of the Hereford Composite Squadron of the Civil Air Patrol in a ceremony in the Bull Barn Monday night. Two other local cadets, Dale Minor and Chuck Schneider, now students at North Texas State University in Denton, have qualified for the award, but were not able to be present at Monday night's ceremony. The Mitchell Award is one of the highest honors bestowed upon CAP Cadets. (Staff Photo)

Local Attorney Reported In Good Condition

John Aikin, Hereford attorney was reported in good condition by Deaf Smith County Hospital officials Wednesday after suffering a sudden illness. He was hospitalized Tuesday afternoon. Officials said he would be out of the hospital and back in his business very soon. Members of the school board and their wives were guests of honor. Miss Della Stager, current president of the local chapter, introduced officers elected recently for the coming year. New officers are Ray Todd, president; Bill McCarley, first vice president; Mrs. J. D. Neill, second vice president; Mrs. Carolyn Waters, secretary; and Tom Templeton, treasurer.

Beef For Boys Ranch Day Set For May 2

Three hundred sixty-five boys, together with the staffs and their families, eat a lot of beef each year, but not since 1951 has Cal Farley's Boys Ranch bought a beef. That was the year the Boys Ranch Beef Club came into existence. **THE FIRST** Monday in May is the annual Beef For Boys Ranch Day. Supporters of Boys Ranch, located at Old Tascosa north of Vega, stage the event at the Amarillo Livestock Auction Co. Persons wishing to donate beef to Boys Ranch may do so on May 2 by purchasing cattle at the auction or by bringing a steer to the sales pavilion. Since the advent of the Beef For Boys Ranch Day, Boys Ranch has become known as the only place on earth where a 14-year-old boy who weighs a hundred pounds can butcher a steer which weighs a ton.

ONE MINUTE, PLEASE

THE CHURCH I LOVE HAS ENTERED THE KINGDOM OF GOD. (25th in a series).

I Corinthians 6:9-11, "Do not be deceived; neither the immoral, nor idolaters, nor adulterers, nor homosexuals, nor thieves, nor the greedy, nor drunkards, nor revilers, nor robbers will inherit the kingdom of God." Note the apostle Paul made the following statement, "To the church of God which is at Corinth." (I Cor. 1:2), "And such were (in time past) some of you."

What did these Christians do to get rid of their former sins and transgressions, that they may enter the kingdom of God? "But you were washed, you were sanctified, you were justified in the name of the Lord Jesus Christ and in the Spirit of our God." (I Cor. 6:11).

"He (God) has delivered us from the dominion of darkness and transferred us to the kingdom of his beloved Son, in whom we have redemption, the forgiveness of sins." (Colossians 1:13, 14).

"He made us to be a kingdom." (Revelation 1:6). Peter wrote to Christians, "But you are a chosen race, a royal priesthood, a holy nation, God's own people, that you may declare the wonderful deeds of him who called you out of darkness into his marvelous light. Once you were no people, but now you are God's people; once you had not received mercy, but now you have received mercy." (I Peter 2:9-11).

"Therefore let us be grateful for receiving a kingdom that cannot be shaken, and thus let us offer to God acceptable worship, with reverence and awe." (Hebrews 12:28).

CENTRAL CHURCH OF CHRIST

PLAINS & SUNSET DR., HEREFORD.

Now, prompt, courteous truck service need no longer be wishful thinking.

We've expanded our facilities. Now when you come in to buy a GMC Truck, we're better able to serve your needs. Why? It's very simple. First off, we have more room to stock more trucks. There's nothing like seeing the merchandise before you make up your mind. And when a person has more room to work in, he'll generally do a better job. Which is the case with our mechanics. Now they have the elbow room to really put your truck in tip-top shape before it is delivered—and keep it that way after it has been delivered. They've been trained in one of the toughest training schools in the industry—ours. We are also firm believers in the Golden Rule. You do business with us, and we'll treat you like we would want to be treated—fairly, politely and promptly. Come on in and see our new facilities. Let's celebrate with a good deal on a new truck.

HEREFORD, TEXAS, 79045, THURSDAY, APRIL 21, 1966

Small Talk

By SUE COLEMAN
Women's Editor

Just after loud applause had been given all the Deaf Smith County Lions who were hosts at the district convention last weekend, somebody called for all their wives to stand so everyone could see the ones who had really done the work. Applause was even louder.

NOT TO BELITTLE the hard work of a lot of club members before and during the convention, tributes to the women was certainly deserved.

Drifting through the three-day sessions, I couldn't help admiring the ubiquitous Lionesses, always looking freshly dressed, always smiling cordially at visitors arriving for each meal, although they had been working like ditch-diggers shortly beforehand, getting the room ready for that meal.

Three meals a day can be a chore in an ordinary family; think about three a day for about 800 people, tables all to be cleared and redecorated, tables to be made ready for an early breakfast after a late night session — and keep that up for three days.

THAT WAS JUST one task; there were visiting wives to be entertained; some of the women had out-of-city guests in their homes; and most important, each Lion needed a gracious wife at his side at each meeting.

Table decorations excited comment at every meal. Western symbols at the barbecue Friday night were succeeded by flowers Saturday and Sunday, sometimes real blossoms picked from Hereford yards and sometimes graceful branches blooming with — popcorn! They looked like forsythia sprays, but some of the most attractive "flowers" were popcorn grains dyed yellow, impaled on the thorns of bare branches.

Not all the flowers were on tables; orchids bloomed on many a shoulder at the Governor's Banquet Saturday night, and all the other blossoms in the catalog on hats at the Sunday luncheon. One of the prettiest spring bonnets was worn by the Governor's lady, Mrs. J. W. Robinson, with flowers in shades of blue set off by her dark eyes.

CLUB PRESIDENTS' wives were always in evidence. Mrs. O. Z. Golden was an attractive sight at the banquet in white sparkled with silver, a simple dress with big triangular scarf.

Mrs. Bill Gentry at lunch Saturday in vivid orange linen.

Mrs. Joe Soto at the Sunday luncheon cool and crisp in a sheer white shirtwaist dress.

Mrs. Roy Botkin in turquoise brocade at the banquet, with a gold ornament holding her blond hair in a French twist, and the reigning district queen, Sheryl Long of Friona, accepting a plaque with other notables at the banquet, dressed in a pastel sheer frock with bateau neckline.

A FAMILY OCCASION with a few friends included was a birthday celebration for Jo Ellen Hamilton when she turned 18 last Thursday. Her grandparents, Mr. and Mrs. Phillip Miller, were hosts at dinner

at their ranch home west of Hereford.

It wasn't a formal party, but there was a vase of red roses in the center of the cutwork-covered table, and decorated cards to mark places. There was also a handsome birthday cake to top off a menu of Jo Ellen's favorite food.

Her parents, the Joe L. Hamiltons, and brother Paul were among the diners, with a couple of neighbors who are old friends of the Miller and Hamilton families. Charlie Burk and Johnny Hill. Mrs. Burk was another dinner guest, in a way. Dinner was sent to her at Deaf Smith County Hospital, where she is recovering from automobile-accident injuries.

Women Golfers Lunch

Prizes won by Ladies Golf Association members in their latest play day, Apr. 5, were presented at their luncheon Tuesday in Hereford Country Club. Mrs. O. B. Trimble received the award for low score and Mrs. H. B. Thomas for second low.

Announcement was made that Mrs. Albert Hudson and C. P. Worthan were winners of the "racehorse tournament" held by the association last month. Plans were made for Ladies Scotch foursome handicap play next Tuesday, beginning at 9 a. m. on the Municipal Golf Course.

Present for luncheon were Mmes. Joe Easley, Jim Easley, Jack Corrothers, Meredith Ireland, Bernice Hill, Joe Butler, John McNey, Trimble and Thomas.

The Riverside Church in New York has a 20-ton Bourdon (hour-bell), the largest and heaviest tuned bell in the world.

Guests Speaks To Dawn H.D. Club

A guest speaker, Mrs. H. L. Hershey, spoke of The Christian Family and Its Aged Members to Dawn Home Demonstration Club at a recent meeting in the home of Mrs. Dick Golden.

Mrs. Hershey, a member of Progressive H. D. Club, discussed the life of the elderly in today's society, in their own home and in retirement homes such as King's Manor, the home which the Methodist Church built in Hereford.

In the business meeting, plans were made for a cookout to entertain members' families at the next meeting, May 6, at the Ray Stewart home.

Cub Scouts Are Unusual Pupils In Cooking Class

A cooking class with unusual students, Cub Scouts of Den 1, Pack 151, started Wednesday afternoon and will continue through six weekly meetings. The first lesson was devoted to learning how to keep a clean kitchen, and how to use accurate measurements.

In addition to Mrs. Hershey, guests were Mrs. H. V. McCabe and Mrs. Virgie Cornett. Six members were present for the program and a recreation period.

Actual cookery will be part of the course later, taught by a home economist at Southwestern Public Service Co. kitchen. Mrs. Dennis Lomas is leader of the Cub Scout group.

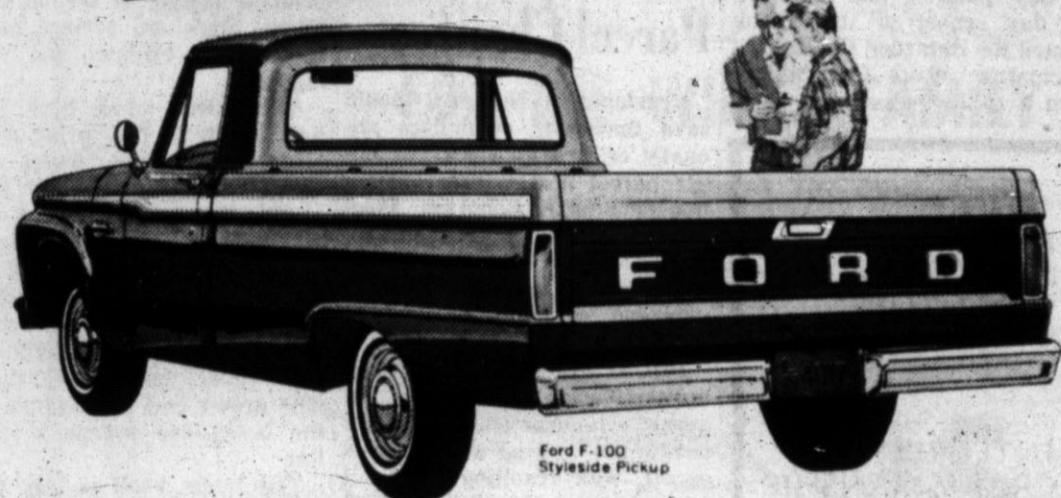

Members are Mike Fewell, Kirk Pitman, Truman Ragan, Rob Lomas, Jay Williams, Jerry Roberts, Jay Boren, Stan Frye, Billy Grove. The den chief is Terry Rich.

FATHER IS DEAD

The funeral of Ralph Barclay, 68, of Canyon, father of Ray Barclay of Hereford, was conducted in a Canyon funeral chapel Monday by Herman Alexander, Church of Christ minister. A retired farmer, Mr. Barclay had lived in Canyon 20 years. Burial was in Sweetwater, Okla. Monday afternoon.

Letter To The Editor

Dear Sir:

Recently, several civic groups in this community have inquired regarding the establishment of blood bank facilities for use at the Deaf Smith County Hospital, particularly in association either with one of the commercial or one of the non-profit type blood banks in surrounding towns. The

medical staff of the Deaf Smith County Hospital believes that several points of information may be due the citizens of our county.

For many years now Deaf Smith County Hospital has utilized the so-called "walking blood bank" method. This, of course, simply means that a patient requiring blood for transfusion is supplied blood by his friends, or relatives or, in many instances, complete strangers.

The concern that many civic-minded citizens have expressed is that there could be occasions

in which a seriously ill person might require blood for emergency use and none could be obtained, or at least not obtained at an immediate and crucial time. This, of course, is a real and valid cause for concern.

The medical staff, after careful study of this problem, has concluded that in no instance has a lack of available blood caused a patient to be in jeopardy. This has given the medical staff and the hospital a great deal of gratification, and pays high tribute to the selfless and benevolent spirit that pre-

THE HEREFORD BANKS

Will Be

CLOSED

Today, April 21st

in observance of

SAN JACINTO DAY

HEREFORD STATE BANK

FIRST NATIONAL BANK

of Hereford

vails in our community. This was exemplified in several recent cases where as many as 15 pints of a relatively rare blood type were available for extremely sick patients, and available as needed. The donors have been willing, and eager, to donate their blood at all hours of the day and night, often to strangers, and without any payment other than the personal satisfaction of helping a fellow man.

This ready-availability, along with the very real superiority of fresh blood over blood that has been stored, even for a few days, leads the staff to believe that our present system is much to the greater advantage to residents of this county than any other plan.

It may well be true that as our community grows the "walking blood bank" may also become outgrown, but for the foreseeable future our sincere belief is that our facilities offer more than average coverage for this problem, and that our citizens have a safer and equally-available blood supply as do those in any area of the country.

Sincerely yours,
Medical Staff
Deaf Smith County Hospital

Organ Concert Open To Public

A Panhandle musician who has been praised as a soloist in numerous concerts in West Texas, Margaret Harris Heiny of Amarillo will be presented in a program of organ music at the Presbyterian Church at 4 p. m. Sunday.

Hereford Music Study Club invites the public to hear the concert without charge, and to attend a reception afterward honoring the soloist, in the church fellowship hall.

Modern composers for the organ are represented on the program, as well as the classic. From the surging melodies of a Bach fugue to a jubilant religious work of Karg-Elert and a dreamy tone poem by Stoughton, the concert will encompass a variety of organ moods.

Mrs. Heiny's opening num-

bers will be the Toccato in E Minor and Chromatic Fugue of Pachelbel, followed by Fantasy in A Minor and Little Fugue in G Minor of the master classical organist, Bach.

Next she is to play the Karg-Elert number, Praise the Lord With Drums and Cymbals: Prelude on Brother James' Air (Wright), For a Festive Occasion (Rawley) and Solemn Melody (Davies). Final numbers are Dreams (Stoughton) and the Toccato from Widor's Symphony No. 5.

A teacher of piano and organ in Amarillo, Mrs. Heiny received advanced training at Sherwood Music School in Chicago after study at the Institute of Music in St. Louis. She has been an artist-student of Leo Podolsky, eminent teacher.

She is organist at First Church of Christ Scientist, and has played at other Amarillo churches, and is president of Amarillo Music Teachers Association.

Sponsorship of the Sunday afternoon organ concert is one of the continuing activities of Hereford's Music Study Club in bringing music by outstanding performers to this city. Mrs. Bill Brady is president of the club this year.

College News About Students From This Area

Butch and Jerry Don McCaslin, sons of Mr and Mrs Carl McCaslin, 409 E. Fifth, and students at the University of Texas, are both members of Phi Delta Theta social fraternity which conducted its annual community Service Day Apr. 23.

Members of the fraternity in Austin chose as their project for the day, painting and repairing the day school of the Austin Council for Retarded Children, a psychiatric school for children from 3 to 12 years old.

Postmasters Back Proposed Parcel Changes

Residents of Hereford would save thousands of dollars annually on heavier packages under parcel post reform legislation pending in Congress, Postmaster Nolan Grady said today.

The saving could be \$2 to \$3 a parcel, or more, he explained.

EQUALLY significant, Postmaster Grady said, there are many instances where mailers decide not to send such parcels at all, with resulting losses of much business by the Hereford Post Office.

Postmaster Grady's report was based on a new analysis of parcel post reform legislation, H. R. 12367, sent to him from Washington, D. C., by President James O'Toole of the National Association of Postmasters.

At the same time, the postmaster reported the parcel post reform measure would help the Post Office Department reduce the postal fund deficiency to its lowest level since enactment of the Postal Policy Act in 1958 — from the present \$376 million deficit to \$187 million.

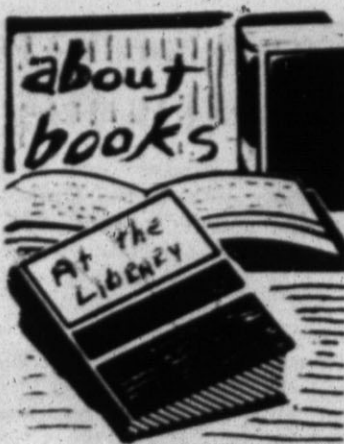

ON BEHALF of the Postmasters Association, which has thrown its full support behind legislation introduced at the request of Postmaster General Lawrence F. O'Brien, Postmaster Grady made these points of particular interest to residents of Hereford:

As a first class post office, the local office cannot accept most parcels of more than 20 pounds or more than 72 inches dimensions if they are going to another first class post office 150 miles or more away.

Such parcels sent by private express, at much higher charges, often cost several dollars more than by parcel post.

However, H. R. 12367 would provide new parcel post limits of 40 pounds and 100 inches, with resulting savings for mailers at the Hereford Post Office.

AN INCREASE of 14 cents a parcel would be needed to offset the parcel post deficit, but,

LIGHT BOOKS FOR SPRING MOODS

"The Sweet of the Year" by R. Palmer Baker, Jr. is a book for anybody who likes fishing and his fishing equipment — such as flies, wading boots and necessary items for various kinds of fishing. Even the name of the story is a well known phrase among fishermen, fitting the season which usually arrives in April.

"The 'complete angler' know the kinds of fish and where to catch them. He knows by the feel and smell of the breeze when it is time to bring out his gear to catch the waiting fish.

"FISHERMEN often specialize in certain kinds of fishing. The author tells mostly of his experiences of trout fishing in the Eastern United States and Canada.

He begins with boyhood memories and writes through to the present time. He tells of his cronies, old and young; of many shared experiences — and even of some good fisher-women, including his wife.

Besides the portrayal of the rural country-side, which will bring a feeling of nostalgia to many, there are several small sketches to brighten the writing.

A SECOND small book is a gay one to fit the spring mood also. "Flapdoodle, Trust and Obey," by Virginia Cary Hudson is the light sounding title and indicates what is to come.

The author at the age of ten wrote the well-received book of "O Ye Jigs and Juleps" which suggest the southern setting of both books. And though she is now grown and a grandmother, the books are somewhat similar.

The latest book is less than a hundred pages including the cartoon-like illustrations of the early 1900 era. It is in letter form using letters written to her daughter.

Her creed for living might be summed up in these words, "I have spent a life of laughing and cutting up to keep from crying. I know it can be done. I have achieved mastery of this necessary art." She laughed and kept from crying when the going got tough and said, "Laughter on the lips and faith for the heart are the best tonics."

—Corinne J. Neely

If H. R. 12367 is enacted into law, a much more moderate increase averaging 8 cents a parcel would be provided, Postmaster Grady said.

More than 100 smaller size post offices are raised each year from the second class to first class. When they are raised, parcel mailers under the present restrictions must often suffer added costs involved in private express company handling of the heavier parcels.

Residents of smaller post offices enjoy limits of 70 pounds and 100 inches for parcel post packages.

IN A RECENT typical example, Roanoke, Alabama, a second class office, was raised to first class. A parcel of 21 pounds was formerly sent to Bainbridge, Ga., about 155 miles away, for \$1.59. Now, if it is sent at all, it is sent by a more expensive means. In the case of the Railway Express Agency, it would be \$4.70.

Residents of small communities who do not have the limitations imposed on first class post office mailers suffer nevertheless as a result of the limitation on parcel post, provided 14 years ago under a law favoring REA, the NAPUS report indicated.

BECAUSE of lost volume in first class offices — which today serve 140 million Americans — parcel post rates (or taxes) for everyone have been raised about \$500 million since 1951. Overall increases in parcel rates have totaled about 130 per cent.

Some post offices more than 150 miles away from Hereford which are now affected by the limitation here include: Dallas, Houston, Denver, Kansas City & Chicago.

The parcel post reform legislation would go a long way toward correcting parcel mailing problems and reducing expenses, the Postmaster noted.

For parcels going less than 150 miles, the present 40-pound limit would be retained, but a new size liberalization to 100 inches from the present 72 inch limit would be beneficial for these parcels, the Postmaster explained.

Dear Friends of Deaf Smith County:

The duties of my office keep me from seeing each of you personally as this office has grown from gross paid to the County in 1955 of less than \$9,000.00 to fines and costs paid to the County in 1965 of more than \$46,000.00. So I take this means as a solicitation for your vote. I am running on my past record — no promises. I have tried to be fair, honest, impartial and courteous, and I have tried to enforce the law of this state and the United States as I swore to do when I took office. The experience of the last 10 years makes me qualified, so on May 7, 1966, I hope that you will cast your vote for me as your Justice of the Peace of Deaf Smith County.

YOUR SUPPORT GREATLY APPRECIATED

L.Z. Oldhams Honored On 50th Anniversary

Mr. and Mrs. L. Z. Cap Oldham were joined by their three sons and all their families at a reception Sunday afternoon celebrating their golden wedding anniversary, after a family dinner at noon and morning church attendance.

About 175 friends called during the afternoon at the reception in the Cawthon Bryant home, where the couple and their sons, Clyde Oldham of Newhall, Calif., Carl Oldham of Woodward, Okla., and Dr. Earl Oldham of Grand Prairie, greeted them.

At the guest registry table were granddaughters, Miss Kenny Oldham of Grand Prairie, Mrs. Bruce Jones of Enid, Okla. and Mrs. Jerry Allenbaugh of Northridge, Calif.

The three daughters-in-law and a niece, Mrs. Orville Deaver of Amarillo, presided in turn at the refreshment table, assisted

ed by Miss Darlene Deaver and the couple's grandsons, Randy and Robert Oldham of Woodward, John Oldham of Grand Prairie, and Jerry Allenbaugh.

Others in the house party with Mr. and Mrs. Bryant and son, John David, were Mmes. C. Ora Cockrell, R. G. Blue, Robert Veigel and Carl Williams. The Oldhams' only great-grandchild, Tracy, daughter of the John Oldhams of Grand Prairie, was also in the family group.

A wedding cake topped with white bells and the gold numerals, 50, its three tiers wreathed with yellow sugar roses, was set at the head of the refreshment table, opposite a crystal bowl of orange punch. An oval gilded bowl held yellow roses in the center.

Yellow roses circled the base of a huge candle on the registry table; yellow mums and oth-

er flowers were arranged in living room and den. House party members wore gold carnation corsages or boutonnieres.

Mrs. Oldham's corsage, of yellow roses, were pinned on the jacket of a two-piece apple green knit, worn with a silk blouse ruffled at the wrist and throat. She was Miss Nellie Perriraz before the marriage 50 years ago at Port Lavaca.

In addition to the children and grandchildren and their families, out-of-city guests included Mr. and Mrs. L. C. Meacham of Salt Lake City, Mr. and Mrs. Leon Perriraz of Georgetown, Mr. and Mrs. Gene Osburn and sons, Gary, Charles and Kenney of Colorado Springs, Orville Deaver, Mr. and Mrs. Roy Deaver and Dessira of Amarillo, Mr. and Mrs. Weldon Knight and sons, David, Tony and Paul, of Pampa.

Portrait painter Rembrandt Pearle is credited with founding the gas industry in America, in 1816, with a company that provided gas lights for a few Baltimore streets.

Summerfield News

By DEBORAH BAKER
Brand Correspondent

Easter Lions Club at their meeting Monday night saw a film of Australia. Those from Summerfield attending were Lions Billy Baker, Kenneth Frye Raleigh Rule, Wayne Walsler, Ray Bolinger, Raymond Wiley, David Hutchins and Fate Shannon.

Mrs. Lucille Hutchins of Canyon spent the weekend with her son and family, the David Hutchins.

Daivd Hutchins and his brother, John of Littlefield, were in Austin over the Easter weekend visiting relatives.

Mrs. Armavena Buckmaster and her mother, Mrs. Addie Stringer of Lubbock were guests Easter Sunday of her daughter and family, the Billy Bakers.

Mr. and Mrs. Jim Lookingbill and children were guests Sunday of the Bill Lookingbills of Bovina.

Waide Lookingbill is doing nicely after a case of chickenpox.

Mr. and Mrs. Billy Baker and Brittney visited Wednesday in the home of Mr. and Mrs. Freddie Logan of Dimmitt.

Mrs. Billy Baker was visited Monday afternoon by two of her high school friends from Dimmitt, Misses Georgene Blanton and Carolyn Godfrey.

Mrs. B. E. Sinclair celebrated her birthday Sunday in Amarillo. Several friends and her children, the Fate Shannons and Kathy, Mrs. Flo Linnen, Kathy and Shirley of Dimmitt went to Amarillo to be with her.

The 27-1 Lions convention was held in Hereford last weekend and Summerfield residents attending some or all the meetings were the Kenneth Frys, Billy Bakers, Fate Shannons, Raleigh Rules, Guy Walsers, David Hutchins, Jerry Terrels and Clarence Behrends. Ray Bolinger was in the bowling event of the convention.

Mr. and Mrs. Ray Bolinger left this week for a weekend in Houston for a bowling tournament.

Mr. and Mrs. Clarence Behrends and children spent Easter with her parents, Mr. and

Mrs. T. B. Dyer of Springlake.

The Bill Lookingbills of Bovina spent Easter with his parents, Mr. and Mrs. L.-B. Lookingbill.

Mr. and Mrs. L. B. Lookingbill were in Amarillo Sunday visiting and attending church with their children, the Bradley Lookingbills.

Mrs. L. E. Lookingbill and daughter Mrs. Jamie Clearman of Hereford were in Amarillo shopping last Thursday.

Mr. and Mrs. L. B. Lookingbill were in Bovina Saturday for the formal dedication of the new post office. The guest speaker was Congressman Walter Rogers.

Mr. and Mrs. Jack White and children were in Hereford Easter visiting his brother and family the Ross Whites.

Mr. and Mrs. W. L. Bolinger left Sunday for Bentonville, Ark. to visit his sister Mrs. Ivy Tyson who underwent surgery Saturday night there.

Valerie Christi had Miss Jamie Pitman of Hereford as a weekend guest.

Jimmie Christi, Randy Allmon and Mike Dawson were at the Royal Ambassadors camp last weekend at the Baptist camp ground near Canyon. After camping out the boys held a track meet. Sponsors going with the boys were Wayne Walsler and George Frye.

Mr. and Mrs. Kenneth Frye and Shelly went to Slaton over the Easter holidays to visit with her parents, Mr. and Mrs. C. E. Hogue.

Mr. and Mrs. Billy Bell had Mrs. Bell's brother and wife, Mr. and Mrs. L. G. Blake of Stratford, as visitors last week.

Mrs. Opal Bell traveled to Amarillo Thursday for shopping. She was joined by her mother, Mrs. L. B. Blake from Stratford.

Mr. and Mrs. Otis Cowin of Fresno, Calif. and Mrs. Jacky McCaffety of Amarillo spent Thursday night with the J. C. Clearmans. Otis Cowin is a cousin of Mrs. Clearman and her sister, Mrs. McCaffety.

Gains Neil and Otis Neil of Slaton visited, their nephew, J. C. Clearman, last week.

Mr. and Mrs. H. G. Behrends and Mable and Juanita Ewing of Dimmitt went to Billings, Okla. for the Easter weekend.

Mrs. H. G. Behrends underwent surgery Tuesday morning in Plains Memorial Hospital in Dimmitt.

Mrs. T. S. Buckmaster of Lubbock was guest on the weekend of her daughter and family, the Billy Bakers, and her husband, who is staying with his daughter after suffering a heart attack.

Riding Mishap Fatal To Small Boy At Adrian

ADRIAN — Funeral services for three-year-old Scott Glenn Boydston, son of Mr. and Mrs. Ted Boydston, were held in Adrian Baptist Church Tuesday morning with the Rev. Dave Sellars, pastor, officiating. Burial was in Vega Cemetery.

The child was killed Sunday afternoon in a fall from a horse. Boydston said he and the boy had been riding for some time before the accident, and as they approached a group of cattle a cow darted out in front of the boy's mount, causing the horse to rear and throw him.

Scott Glenn was born Aug. 5, 1962 in Amarillo. In addition to his parents he is survived by a sister, Renee, and grandparents, Mr. and Mrs. E. B. Pounds of Adrian and Mr. and Mrs. Glenn Boydston of Vega.

More than 8 million cars and 33 million visitors crossed the borders of the state of Salzburg in Austria in 1965.

Farm And Ranch Members Meet

Mrs. W. B. Nunley was hostess to Farm and Ranch Club at the Flame Room of Pioneer Gas Co. last Thursday, an informal afternoon meeting replacing the usual monthly luncheon of the club.

Plans were made for the final luncheon of this season, to be held May 19 in the home of Mrs. Elmer Combs. After that meeting the club will be in recess until September.

Card Of Thanks

We are most grateful for all the expressions of sympathy from all our friends and relatives at the illness and recent death of our father and husband. The many comforting messages and visits were deeply appreciated by all the members of the family.

Mrs. George Larson
Mr. and Mrs. Paul Giltner
Mr. and Mrs. Joe Broman
Mr. and Mrs. Quinton Conn

RHV Club Plans For Season End

Mrs. Davis Sawyer and Mrs. Clifton Robinson were hostesses to Rural Home Variety Club in the Sawyer home recently, when a short business meeting was followed by an informal afternoon of conversation and bridge.

The final meeting of this season was planned for May 12, at the home of Mrs. Lewis West with Mrs. Bill West as co-hostess. Mrs. Boyd Foster conducted business.
Others present were Mmes. Jack Coleman, Joe Hysinger, Bill Roberts, Dale Hallows, Jack Williams, C. P. Worthan, Fred Boren and Cliff Hutson.

The New Code Of Criminal Procedure

We have heard and read much about the New Code of Criminal Procedure that went into effect January 1, 1966. The old Code was already complicated and highly technical. Then the New Code made more than 200 changes in court procedure in criminal cases.

To be well prepared to deal with these changes, Judge Schultz, at his own expense, attended a 3 day Institute on the New Code at the University of Texas at Austin in November.

With the rapid increase in population in this district there has come a proportionate increase in the number of criminal and civil cases. The type of cases coming before our district court for trial have also increased in complexity.

These things call for all the experience and know-how the district judge can command. They also require aggressive scheduling of cases for trial and the use of pre-trial procedures to get cases prepared for trial and to begin proceedings as soon as possible.

Judge Schultz's record shows that he has the ability to handle the increased problems of our District Court.

FOR GOD SO LOVED THE WORLD

LEAD ME

... what an opportunity for God, when a man makes himself ready to be led. What a privilege for a lad like this, when a man is willing to lead. God has led youth and age to peace and victory — He will lead you when you are but willing. Wonderful things have been done by those who have heard His invitation — "Take My Hand." Man may lead man to a place where he can reach God's hand but he can't do his reaching for him. The stony road of indecision and moral depression is way out on the fringe... it does not lead to God. But man chooses the fringe area himself. God is waiting to be our Teacher, our Friend, our Comforter. He will be our Comrade if we will become as little children.

He will be our Lord whenever we can say to Him, — "Lead Me."

YOU IN THE CHURCH THE CHURCH IN YOU

Church is a by-product of the church. It is here that young and old alike are showered with benedictions, prayers, and influence for a better tomorrow and a stronger democratic character. In the church the minister and the layman share the responsibility of leadership and the church alone can furnish leadership to handle the affairs of state in these perilous times. There we find our children should go to the church of our choice on Sunday. You in the Church and the Church in you. GOEE and a daily BIBLE READER.

LET'S COOK SOMETHING!

Tacos Easily Prepared

By SUE COLEMAN
Women's Editor

Spanish food prepared in traditional style is a specialty with many West Texas cooks, but it is generally considered a cuisine which requires much time if it is to have the genuine flavor.

NOT ALWAYS SO, says Mrs. Gilbert Diaz, wife of the pastor of San Pablo Methodist Church here. If an authentic Spanish dish is wanted but time is short, she suggests tacos, which can be made so quickly and easily that they are her stand-by as the main dish of a meal for unexpected company.

With frijoles, Spanish rice and a guacamole salad they make a complete Spanish meal, but they are equally delicious served with ordinary vegetables and salad. As Mrs. Diaz makes them they are not too highly seasoned to please the average American taste.

She gave some thought to exact measurements as she gave the recipe, saying that she seldom measures any of the ingredients since she makes tacos often, and learned to make them when she was a youngster by watching her mother.

AS THE OLDEST child in a family of 12, she was born in Big Spring, spent her school days and was married there. Assisting her mother with meal preparation and housework was a regular home task for Maria Rodriguez as she grew up, and she can hardly remember when she began to learn to cook.

The Rev. and Mrs. Diaz have been in Hereford almost three years, after living in Midland for a time. Their only child, 13-year-old Olga, is a student in Stanton Junior High now.

The minister's wife helps him in visits to homes as well as in the church, where she teaches a class of intermediate-age children and is active in the Woman's Society of Christian Service. She is also a member of the Ward Circle of WSCS at King's Manor.

Her service extends into the larger organization of the Woman's Society, and she is now treasurer of the sub-district and

Mrs. Gilbert Diaz
mistress of parsonage kitchen

secretary of missionary education in the district WSCS. Parsonage hospitality is another customary duty of a pastor's wife, which gives Mrs. Diaz a liking for the type of food which can be readied in a hurry for unexpected guests. This recipe, she says, is for that sort of food "and it will feed a lot of people!"

SPANISH TACOS

1 1/2 pound hamburger meat
1/2 cup finely chopped onions
1 tsp. salt — or salt to taste
1/2 tsp. black pepper
Dash of garlic salt
1/2 cup canned tomatoes

Packaged tortillas
Finely chopped lettuce and tomatoes

Place meat in sauce pan, add onions first, then salt, pepper, garlic and tomatoes. Let simmer for about 45 minutes.

In another pan heat about 1 cup vegetable oil. Place tortilla in hot oil and fold while still in the oil. Tortilla may be fried until crisp, or removed at an earlier stage of cooking if desired. When the tortilla is taken from the hot oil, place on paper towel or napkins to let the oil drain.

Put a portion of cooked meat inside each folded tortilla and

REP. ROGERS REPORTS

Exports Increase Aids Area Farms

Recently in this newsletter I again stated my emphatic opposition to expanding trade in any way, shape, manner, or form with Communist nations, which are bent on freedom's destruction and which seek to be strengthened toward that end by obtaining manufactured and agricultural products from the West. While continuing my vigorous opposition to trade with Communism, I am in full support of cooperative efforts by Government and private enterprise to expand trade with our friends in the world.

Dramatic gains have been made in U. S. agricultural exports. Latest estimates are that our agricultural exports in the current fiscal year will reach a record high of \$6.5 billion — and some believe that by 1970 our annual exports of farm products could grow to \$8 billion.

EXPORTS NOW account for one out of every six dollars that American farmers earn from the sale of their products. Exports of farm products constitute about one-quarter of all U. S. exports — and, obviously, are very important in the nation's balance of payments situation.

Farm products sold for dollars totaled \$4.5 billion last year when our dollar-costing imports of agricultural products totaled \$4.1 billion. The 1966 ratio is forecast at \$4.7 billion in dollar-earning exports to \$3.9 billion in imports costing U. S. dollars.

Japan at one time received massive donations of U. S. food. Its economy is now booming and Japan is now the No. 1 foreign buyer of the products of American farms. Its food purchases are soon expected to top one billion dollars a year. Japanese feed grain imports this year will be about 5.4 million tons, of which the U. S. will supply about 3.9 million tons.

top with the chopped lettuce and tomato.
This recipe makes about 18 tacos.

THE AMOUNT we will supply is alone more than the Japanese expected their feed grain imports to total in the year 1970. In Japan as elsewhere in the world rising incomes are enabling more and more millions to enjoy better diets; the upward trend of gross national product in major industrial countries such as Japan is paralleled by the upswing in our dollar exports.

Another important factor in the increase in farm exports is the increase of world population. The threat of famine hangs over some areas, such as India, where in addition to supplying vast quantities of grain we are seeking to encourage programs to increase India's production of greater proportions of needed foodstuffs.

I have continually urged the Department of Agriculture to push our overseas sales efforts, and very important to the present level of exports has been the work of groups such as the Grain Sorghum Producers Association headquartered in the Pan handle. There is a total of 45 agricultural and trade organizations cooperating with the Department of Agriculture to promote exports in some 70 countries.

While this effort has been going forward, the Department of Commerce in March took a backward step by imposing export limitations on cattle hides, calf and kip skins, and leathers made therefrom. The regulations were put into effect by the Department of Commerce, which holds authority to grant export licenses, in order to "protect the domestic economy from the excessive drain of scarce materials," according to its announcement.

The reason for the restrictions apparently is mainly a desire by leather goods manufacturers to have a ready supply of raw material at low prices. At any rate, I protested strongly to the Secretary of Commerce as did other Members of Congress and cattlemen and others whose livelihoods were affected.

Because of the protests, the Department of Commerce has called for a hearing in Washington on April 18, and I hope very much that following the

hearing the Department will rescind its March order. At a time when we are doing our best to encourage dollar exports of farm products, the action affecting hides is directly contrary and damaging to the livestock industry.

Man Draws Fine On Liquor Law

A 38-year-old Hereford man was fined \$100 and ordered to pay court cost after entering a plea of guilty to a charge of illegal possession and transportation of alcoholic beverage in a dry county in county court last week.

Fined was Jesse S. Selaya, 214 Catalpa. He was arrested four miles east of Hereford by a deputy sheriff on April 7.

According to a Greek myth, the Pleiades originally were seven sisters who were changed into stars.

Local Student Appears In Lead 'Carousel' Role

CANYON — Jo Ella Cansler, Hereford, will perform in a lead role in the spring musical at West Texas State University, "Carousel," by Rogers and Hammerstein.

The gay, sad, moving musical will be presented by the Opera Workshop in the Branding Iron Theatre April 20-23 and 26-30 at 8:15 p. m.

Mrs. Cansler, daughter of Mr. and Mrs. Lloyd McGee, 428 Star will be featured as the wife in the Enoch Snow family which represents New England solidarity in the play.

THE STARRING roles of the blustering barker, Billy, and the innocent romantic, Julie, will be played by Terry Milligan of Tullia and Nancy Davis of Canyon.

The enthusiasm and heart-break of love will again reach out through such songs as "June Is Bustin' Out All Over" and "You'll Never Walk Alone"

as sung by Nettie, played by Elsa Porter, assistant professor of music.

Reservations are recommended for all performances, according to Royal Brantley, director.

The box office in the Fine Arts Building is open from 11 a. m. to 5 p. m. Monday through Saturday, through April 30. Phone: OL 4-7141, Ext. 2224.

Card Of Thanks

We would like to extend our very deep thanks to all our friends and to all Ruben's friends for all your flowers, cards and many deeds of kindness rendered during the illness and death of our Big Brother.

May God's richest blessings be upon each of you.

Easter News

By RUBY STONE
Brand Correspondent

A small fire Thursday night caused some excitement but little damage to a hired hand's house on the Dan Heard property when a stove was being installed. The Dimmitt fire department was called but the fire had been quickly extinguished prior to their arrival.

Mr. and Mrs. Trent Downing and Laura returned home Sunday from Lawton, Okla. where both were attendants in the wedding of Mr. Downing's sister.

Mr. and Mrs. W. A. Epperson had as guests Easter Sunday Mr. and Mrs. Ben Medley and Sandra Kay, Mr. and Mrs. Ray Howell and her mother, Mrs. Hood, Mr. and Mrs. George Millard, Mr. and Mrs. Eldon Howell and Kellie and Mrs. Addie Minor of Hereford, and Harry Smith.

The Leo Halls visited their daughter and family in Arizona over the Easter holidays.

Mr. and Mrs. William Moss visited relatives in Memphis last week.

Mr. and Mrs. Trent Downing and Laura were in Amarillo Thursday on business.

Sunday guests of the J. H. Floods were their sons and families, the Ernest Flood's of Westway community and the Edwin Floods of Amarillo.

Mr. and Mrs. Loy Stone were in Lubbock last weekend on business.

Denise Stone went to Abernathy Saturday to enter the Interscholastic League Contest. She represents Dimmitt Junior High in the declamation division.

William Moss and a group of men from the T&T Gin went to a lake close to Brownwood on a fishing trip this past weekend.

Mrs. W. A. Epperson has been ill the past week with flu.

GROUNDWORK FOR BEAUTY

Members of Bud to Blossom Garden Club spent their meeting time Friday morning preparing the ground and setting plants for bloom this summer in a plot just north of the main building at King's Manor. Mrs. W. H. Gentry is chairman of this beautification project, in which some residents of the Manor assist. In the picture above, from left, are Mrs. Lou Orleans, Mrs. Gentry, Mrs. Bob Cooper and Mrs. Melvin May, trimming and thinning old border plants. Below, colorful plants are set by Mrs. Melvin Cordray, Mrs. R. N. Yarbrow and Bill Nelson. After the work hour, refreshments were served in the Manor dining room by a group of the residents with Mrs. Ola Davis as chairman. Mrs. Sam Long presided for a brief business session.

AUSTIN HIGHLIGHTS

State Agencies Prepare Extensive Water Plans

By VERN SANFORD
Texas Press Association

AUSTIN — As State agencies charged with meeting the Federal deadline of submitting a Texas Water Plan by June, 1967, "wade" through all obstacles in the path of that plan, "water" is the topic at every turn in the capital city.

An unique statewide water plan of importance to all areas of Texas will be unveiled within the next few weeks.

IN A BRIEF preview, water experts revealed that the overall 50-year plan will cost more than 2,000,000,000. Joe M. Kilgore, chairman of the comprehensive water planning advisory committee, said the proposals are "broader than every before attempted by any government."

Joe G. Moore Jr., executive director of the Texas Water Development Board, said the plan will propose redistribution of water from surplus areas of north-eastern Texas. Recommended diversion would follow the Trinity River, the Brazos River and a canal down the Texas coast.

Moore estimated cost of waste treatment facilities alone to bring stream "return flow" for reuse to acceptable standards at 740,000,000. Figure would include regional treatment systems for both municipal and industrial wastes.

NO OTHER state, said Chairman Kilgore, has attempted to do all aspects of water planning touching on its entire economy and cultural life.

ATTOENEY GENERAL SPEAKS
State Savings and Loan Department has authority to decide whether a business not under its regulation may use the term "savings" as part of its name, Atty. Gen. Waggoner Carr ruled.

In other recent opinions, Carr concluded that:

Newly-authorized farm machinery exemption from motor vehicle inspection requirement does not necessarily include trucks and jeeps primarily used on farms.

Board of Economic Opportunity of Laredo and Webb County can hire relatives of its members without violating the State's nepotism laws.

A CONSTABLE who advertises he won't work traffic accidents has not neglected his duty, but an actual refusal to attend such accidents where there is reason to believe a violation has occurred does constitute neglect.

A justice of peace may appoint counsel for an indigent in an esau ining trial, but a section of the criminal code permitting inclusion of fees for appointed lawyers in court costs is unconstitutional.

Appropriation for construction of a museum building at Washington State Park cannot be used for repairing or restoring his-

toric buildings already at the park.

A PERSON placed on probation cannot get fine and court costs back on completion of probationary period.

Unclaimed property in hands of peace officers for 30 days is to be sold does not apply to intoxicants or autos).

Wilbarger County Hospital District but not county commissioners) has authority to buy land for community center for mental health and retardation services to be operated by the state.

July 20 deadline for setting tax rate is applicable to Brazoria County.

APPOINTMENTS
Gov. John Connally appointed Lewis H. Bond of Fort Worth, Robert W. Whipkey of Big Spring and William B. Blake-more of Midland to new State Judicial Qualifications Commission.

Connally named representative to the 15th annual Legislative Work Conference on Southern Regional Education, July 27-30.

Sens. Tom Creighton of Mineral Wells, Jack Hightower of Vernon and Culp Krueger of El Campo and Reps. Don Cavness of Austin, Lee Duggan Jr. of Houston, Gene Fondren of Taylor, James E. Klager of Corpus Christi, Felix L. McDonald of Edinburg, Rayford Price of Frankston and Reed Quilliam of Lubbock.

Joe Edgar Wright, formerly of Brownwood, succeeds George L. Larver, who retired April 15, as head of the Texas Highway Department Planning Survey Division.

HEARING SET
State Supreme Court agreed to hear arguments on May 11 on petitions of two sulphur companies that Land Commissioner Jerry Sadler should be required to file their Pecos County Claims. Sadler maintains Duval Corporation of Houston and Piper Petroleum Company of Delaware are trying to get authority to mine sulphur for 50 cents an acre on state land worth 2,000 an acre. He also contends 1895 and 1919 State laws under which the companies filed no longer are applicable and were replaced by sealed-bid statutes in 1931.

Court ordered Sadler to postpone his scheduled May 3 opening of bids until it reaches a decision on the May 11 hearing.

DRAFT QUOTA DROPS
Texas' draft quota for June is the lowest in a year — 712. Last June's quota was 670, according to Texas Selective Ser-

vice headquarters. Allotment ran to nearly 1,000 for seven months starting in September, dropped to 979 in April and rose to 1,642 for May.

Nationwide quota during June for the Army) is 15,000.

PLANNING PROGRAM LAUNCHED
First of "exploratory conferences" with major state agency heads will begin April 26 as a step toward development of a coordinated state planning program for greater economy and efficiency in overall governmental administration. Study was authorized by the 1965 Legislature.

Members of the governor's staff and the planning consultant firm of Harold F. Wise/Robert Gladstone and Associates will conduct interviews with Department directors. Firm was employed with part of funds from a \$65,744 Federal grant for purpose of developing basic information for the planning program.

SHORT SNORTS

More than \$136,000 for state Parks and tourism already has been netted from the new \$10 prestige license plates made lawful last year, says the Texas Highway Department.

Texas counties, cities, school districts and other political subdivisions sold a record high of \$746,977,452 in bonds for community projects during 1965, says W. E. Tinsley, executive director of the Municipal Advisory Council of Texas.

Texas Employment Commission reports 56,627 non-farm job openings in March, compared to 47,842 last March, while applications by job seekers remained virtually unchanged at 50,235.

APPLICATION of Texas State Bank of Corpus Christi has been filed with State Banking Department with proposed capital of \$200,000, surplus of \$200,000 and reserves of \$100,000.

Texas Highway Department reports \$70,900,000 spent during March in continuation of its four-year, \$310,000,000 accident prevention program which calls for correcting highway danger spots.

Regional Office of Economic Opportunity announced approval of new war on poverty grants for Texarkana, Marshall, Crowell, Laredo and Eagle Pass. Rep. George Hinson of Min-

cola has proposed a state-supported orientation school for new school board members.

Texas Liquor Control Board will hear arguments on April 25 on a proposed regulation to allow telegraphing an alcohol gift.

Combined Garden Clubs of Texas adopted landscaping of the Governor's Mansion as a statewide project.

FOREIGN DIRECTORS PROJECT EXPANDING

NEW YORK (AP)—An expansion of activities next fall is planned by the Institute for Advanced Studies in the Theater.

The organization brings directors from leading foreign theaters to demonstrate techniques and stage workshop productions with Broadway actors. For five years the project has been carried on in quarters above a small playhouse on West 42d Street. It will move into larger facilities.

The final two experimental presentations in present quarters are to be "The Duches of Malfi" staged by Desmond O'Donovan of England's National Theater, and "The Butterfly Queen," a Chinese classic, directed by Mrs. Timothy CLhen.

By ANN BEAVERS
Brand Correspondent

The senior class is now taking orders for 1966 high school annuals which will be delivered late in April. They are \$4.50 per copy. Anyone who would like to order an annual may do so from any member of the senior class. Suzzette Sisk, Jolene Betts, Phyllis Heaton, Linda Pridmore, Marsha Burns, Carroll Weidner, David Whitten, George Harwood, Mike Horton and Tommy Loveless.

Mr. and Mrs. Charlie Pulliam, Charlene and Larry were Sunday dinner guests of Mrs. Alice Morrell, with Mrs. Morrell's son and family, Mr. and Mrs. Frank

Barker of Lubbock.

Mrs. Harry Whaley of Walsh, Colo. visited the John Whaley family and the Joe Tofoya family last week.

Mr. and Mrs. James Harris and children of Amarillo visited Sunday with the Hardy Harris, Wilbur Harris and R. Lee Petty families.

Dexter and Kurt Sasser of San Jon, N. M. visited over the weekend with their grandparents Mr. and Mrs. Manuel Loveless.

Mr. and Mrs. Horace Betts and children visited in the Butch Betts home at Glenrio Sunday afternoon.

Lloyd Homfeld of Amarillo visited the C. F. Homfeld family Sunday.

Joe Speed and Dude Speed were at Ute Dam Sunday boating and fishing. Others there were Carroll Gruhky, Tom

Fields and George Gruhky.

Mr. and Mrs. P. N. Johnson attended the Golden Spread Coon Hunt Sunday at Cliffside in Amarillo. Mrs. Johnson won the Big Trophy of the Year for having the most points.

Mrs. Ella Jones of Glenrio, was dismissed from an Amarillo hospital Thursday and is home and doing fine. She underwent surgery Friday morning.

Mr. and Mrs. John Horton and Mike were in Big Spring over the weekend.

Adrian P-TO met Monday and Tuesday night in the school house. Miss Higganbotham and some of the F. H. A. girls were in charge of the program. Business discussion concerned the awards banquet.

Hereford High-Jinks

by Randy Hopson

Congratulations to the newly elected 1966-67 H. H. S. cheerleaders. Leading the student body yells during the next school year will be Cindy Jones, Gwen

dy since they have a big job ahead of them. Congratulations again, girls!

Each time the school song is sung at the close of assembly it seems as though it gets a little weak toward the end. Could it be that there are lumps in the throats of the Seniors? It's only a little more than a month until graduation.

Fifteen "rah's" should be given on behalf of our golf team. They have won the district crown and will enter regional competition in Odessa this coming weekend. The entire team

is to be commended but Jimmy Young should receive a little extra applause since he took district medalist honors.

FASTLY APPROACHING is district baseball. You might say the Herd has just been warming up for the all important games. Continue to support the team, at all games, here or there.

If you see a little green panel truck coming toward you, don't feel that it's the produce peddler, it will only be Mike Paschal. Mike obtained the "car from who-knows-where and is

really enjoying it.

TONIGHT is the night to attend the Tower Drive In. Mr. Frances Hardwick was good enough to allow the Seniors to sponsor the double feature that will show tonight. The proceeds are going toward the purchase of the Senior Class Gift.

The time is fast approaching for Student Council and Class Elections. Don't neglect to support your candidate and especially don't fail to vote!

NAMES ARE interesting, especially when you wonder how

they originated. It was brought to one of the government classes' attention that Williams is an original Indian name. Of course, it really isn't, but Coach Williams got quite a laugh anyway.

Seniors, have you approached a Junior lately and said "What are you doing?" Chances are the reply has been, "Stuff." Especially if you ask Claudia Loerwald, Junior Class President. It seems that every time I see "Claud" she is very busy, but all she will tell me is that it's "stuff" she's working on. Would you believe that

the Jr.-Sr. banquet is just around the corner.

LAST WEEKEND several Key Club members attended the annual Key Club Convention. To hear only a few of their experiences you can tell they really had a good time. Some of the boys brought back "gifts" to their friends.

Carmen Betzen was recently named a finalist in the area A. Sweetheart contest, which named a finalist in the area F.F.A. Sweetheart contest, which is only natural since Carmen is one of the three Most Beautiful

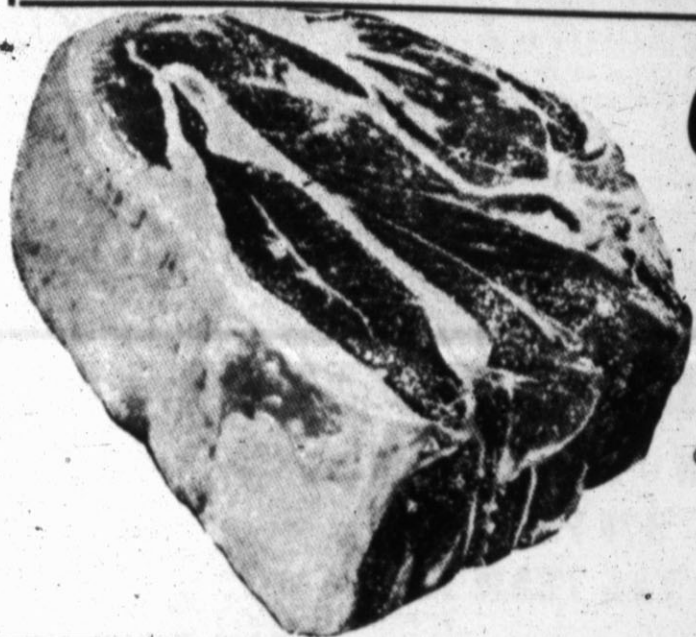

Candidates. Congratulations Carmen.

It is easier not to speak a word at all than to speak more words than we should.
