XIT LANDS FOR SALE CHEAP

At \$3 to \$4 per acre and up

ON ACCOUNT OF THE CAPITOL SYNDICATE COMPANY'S (better known as the XIT's) intention to discontinue their cattle business their large ranch, consisting of over 3,000,000 acres and situated in the best part of the Texas Panhandle, will be sold in any size tract—to suit the purchaser.

This land is all fenced and has numerous wells and windmills, and other similar improvements which make it the best in the Panhandle. Improvements on land purchased will be sold to the purchaser at the actual cost to the Company.

Nearly 2,000,000 acres of this great ranch has been sold and it will be only a few months until the stock farmer of one or two sections

will have the one million acres left in beautiful homes and farms.

It has been demonstrated that the small stock farmer can make more money compared to his investment, than can the large ranch owner, and the splitting up of this large ranch (until recently the largest ranch in the world) will be a great boon to this class of farmers.

The Pecos Valley railroad (a branch of the Santa Fe System), the Chicago, Rock Island and Pacific and the Fort Worth and Denver City Railroads are now intersecting this great ranch and the Choctaw road is now building from Amarillo to Tucumcari, N. M., and will traverse the entire Deaf

Smith county portion of the ranch. It is also expected that the Santa Fe branch, running to Albuquerque, N. M., will be built from Bovina in the near future.

This land, being situated in the western part of the Panhandle, lies close to the mountains of New Mexico and therefore is more susceptible to good rains than is land farther east.

This section of the Panhandle is noted for its mildness and even temperature—both in winter's cold and summer's heat—and has the right altitude for an invigorating and dry atmosphere. The nights are always cool, insuring sound and refreshing sleep.

Ware, 370; for the constitutional amendment requiring a poll tax

receipt before being allowed a vote, 212; against the amendment, 40.

While the returns from the different counties in the district have not been received it is conceded that Ira Webster has been elected to the district judgeship by a large majority, and that Henry S. Bishop carried the district for district attorney.

In Castro county the following county officials were elected:

Judge, C. F. Kerr; sheriff, Press Burnam; clerk, Harvey Cash; treasurer, Thomas Turnbow; assessor, J. E. McEntire; surveyor, John Flannigan; commissioner precinct No. 1, W. A. Tate; precinct No. 2, James Oden; precinct No. 3, F. H. Britain and W. A. Odell tied; precinct No. 4, M. F. Barber; justice of the peace, precinct No. 1, W. H. Maddox; constable, precinct No. 1, G. H. Beach.

Card of Appreciation.

I wish, through the columns of THE BRAND, to sincerely thank my friends for the earnest support given me in my candidacy for treasurer of Deaf Smith county. For those who did not see fit to support me, I have but the kindest feelings, believing that they voted as their conscience dictated. In accepting the office to which the voters of this county have elected me, I can only say that I will do my utmost to discharge the duties of the office in an efficient and faithful manner. The English vocabulary has not words which will

properly express my appreciation for the favors bestowed upon me during my residency in Hereford.

Sincerely your servant,
C. L. DAVIS.

Stonewall County Calf Freak.

While in the western part of the county last week we had the pleasure of viewing that wonderful three-legged calf belonging to J. A. Kidd, mention of which has been made heretofore. It is indeed a curiosity and is worth the while of any person to go to see it. It has three well developed legs, and at the point where the fourth leg should come out is a shoulder blade as natural as can be. Where the tail should be there is no more tail than a spirit—not even the slightest resemblance of a tail. It is of both sexes, and at present is in good bodily condition and as lively as a cricket. We see no reason why it should not live and make a grown animal and be worth lots of money to Mr. Kidd.—Aspermont Star.

Public School Notice.

On account of the overcrowded condition in the primary department of Public School, I am compelled to announce that no more pupils under the state scholastic age of eight years will be admitted. I deem this to be for the best interest of the school. There are now over seventy children enrolled in the primary department, which is more than one teacher can do justice to, and until additional house room is provided and an additional teacher employed, we will receive none under the legal scholastic age.

HEREFORD COLLEGE LETTER.

A Few Items of Interest From the Campus.

The third school month began Wednesday. Monthly reports will be sent to parents or guardians each month.

Miss Evangeline and Ruth Hanaford, late of Chicago, matriculated this week and are boarding at the Girls' Home.

A pleasant evening was spent Hallowe'en at the Girls' Home by the pupils of the college and other young people of the town.

A waterworks system is being put in. The bottom of the tank is to be 18 feet from the ground, which is high enough to run the water to the second story of the dormitory and of the college.

The building association purchased six oil stoves to be used until the steam heat is put in. These are greatly appreciated, and together with the ones loaned by friends, add much to the comfort of the Girls' Home.

For Sale.

A well improved place in Hereford, Texas, including a good seven-room house, a wind mill, 3-inch cylinder, barn, shed, hen-house, with orchard started, 20 acres land, all fenced, well situated. Come and see or address J. C. COKER. 31tf

THE NEW YORK WORLD.

Read Wherever the English Language is Spoken. Thrice-a-Week Edition.

The Thrice-a-Week World was a brilliant success in the beginning and has been steadily growing ever since. Time is the test of all things, and has set its seal of approval on the Thrice-a-Week World, which is widely circulated in every state and territory of the Union, and wherever there are people who can read our mother tongue.

This paper for the coming winter and the year 1903, will make its news service, if possible, more extensive than ever. All events of importance, no matter where they happen, are reported accurately and promptly.

The subscriber, for only one dollar a year, gets three paper every week and more news and general reading than most great dailies can furnish at five or six times the price.

The Thrice-a-Week World is absolutely fair in its political news. Partisan bias is never allowed to affect its news columns, and democrat and republican alike can obtain in its pages truthful accounts of all the great political campaigns.

In addition to all the news, the Thrice-a-Week World furnishes the best serial fiction, elaborate market reports and other features of interest.

The Thrice-a-Week World's regular subscription price is only \$1.00 per year and this pays for 156 papers. We offer this unequalled newspaper and THE BRAND together one year for \$1.75.

The regular subscription price of the two papers is \$2.00.

Do you want a Fine Home in the Panhandle?

I have for sale one of the best improved sections (640 acres) in the Panhandle of Texas, situated three miles east from Hereford, the county seat of Deaf Smith County. This section is in the valley of the Tierra Blanco river, which intersects it, and contains over 275 acres which will grow alfalfa profitably without irrigation, making it the best dividend paying section of land in the Panhandle. There are 55 acres in alfalfa at the present time, which will cut three crops each year. For the past nine years an average of 100 tons of valley hay has been cut from this land yearly, which readily sells at \$10 per ton.

...Improvements...

Among the improvements on this place are: A modern \$2500 8-room residence, modern \$500 2-story barn—26x46 feet in dimensions with 16-foot walls—corrals and out-buildings. Has a 75-foot well, containing 35 feet of pure water, with a 10,000 gallon storage tank and a water-works system supplying house and barn with water. A 16-foot Eclipse windmill with 6-inch cylinder supplies ample water to irrigate a 20-acre garden patch. This property would be an ideal one for party wishing to engage in the fine stock business. My reason for selling is that other business demands my attention.

Editor and Publisher

AGAIN we say incorporate! INCORPORATE!! INCORPORATE!!!

THE "Salt River" men can congratulate themselves on one thing—they had a beautiful day to take their rail.

YOUR support for incorporation is a duty you owe to the health of yourself and of those around you. Hereford has a reputation for morality—she should also have a reputation for cleanliness.

GIVE your undivided support to Hereford and her enterprises. Patronize your home merchants in all things, for it is them to whom you look when in need of finances for your different contributions.

NOW that the election is over let everyone work for the upbuilding of Hereford and the surrounding country. One of the greatest movements toward the upbuilding of Hereford would be incorporation.

HEREFORD needs electric lights, a water works system and more sidewalks. Do you, as citizens, wish to assist in securing these enterprises? If so, help to secure incorporation. Without incorporation these needed enterprises will not be obtained.

ARE you a constant reader of your home papers? If not, you had better subscribe for one or both at once and keep posted on the events happening in and around Hereford. The cost is nominal and in doing so you are helping to support one of the greatest institutions for town-building.

CITIZENS of Hereford, do you realize what an impetus to the growth of your city the Hereford College and Industrial School has been and will continue to be? If not, ask the real estate dealers' opinion on the subject. They are in daily converse with the prospectors, most of whom are brought to this particular portion of the Panhandle solely on account of the college. Then, after you have satisfied yourself on this point, ask yourself the question: Have I invested as much as I ought in this great enterprise, and have I paid what I DID' invest? If the answer is not satisfactory to yourself do your duty at once.

THE BRAND wishes to congratulate the people of Deaf Smith county for the efficient corps of officers that they have elected for the ensuing two years to serve the county. We believe that every man of them will do his utmost to discharge the duties of his office in a faithful manner and to the credit of himself and his constituents.

STILL Hereford continues to grow. New residences are being built in all parts of the city, and most of them are of the substantial, modern style.

NOTES AND COMMENTS.

Pot Pouri of the Political World at Home and Abroad.

Republican harmony in Delaware is as ostentatious as ever.

Republican prosperity means wealth for the few and poverty for the many.

The people of Ohio may "stand Pat" but it is doubtful if they will much longer Mark (Hanna) time.

President Roosevelt's definition of a sociologist will add one more to the literary curiosities of the day.

Lying is the most unprofitable vice, and pretension to knowledge not possessed is a common form of lying.

Of course, now that Attorney General Knox has pointed the way to trust control the republicans in Congress will hasten to take it. Of Course!

There is no man more torn between a desire to protect his Wall Street friends and a determination to corral the popular vote, than the Hon. Tom Platt.

Senator Proctor does not believe there is any general demand for tariff revision. But then Senator Proctor has spent his summer stalking the innocent moose.

President Roosevelt may mean well but so long as he dare not declare his conviction, that the tariff should be revised, the public will withhold its full confidence.

They are experiencing the full benefit of "republican prosperity" in the South. That is what is compelling hundreds of little children to labor ten and twelve hours a day in the cotton mills.

One locomotive pulled a freight-train of 104 loaded cars, containing 4,013 tons between Sayre and Weldon, Pa., recently, making three stops, a distance of 82 miles in 6 hours and 7 minutes.

The President condemns the publication of voluminous and expensively illustrated government documents but has he the courage to denounce the members of Congress who are responsible for these publications?

The Secretary of the Treasury is going about the country announcing that the Star Spangled Banner is a "republican campaign song" and paving the way for the ship subsidy bill. But then it is not surprising that the republicans should imagine that they own the earth.

How about those democratic senators who countenanced Senator Quay's little scheme to make political credit for himself and, through the accidental failure of Quay to keep his promise, imposed a duty on anthracite coal.

Secretary Shaw is a remarkable physician. He says the finances of the country are sick. The remedy is more money. The cause is abundant prosperity. He might as well say, the man is sick, the remedy is more blood. The cause is abundant health.

According to President Baer's own figures his miner employees receive wages amounting to \$296.20 per year. From this amount comes rent, cost of powder, oil, company doctor, etc., leaving \$148 net., a little over \$2.76 per week, and some miners pay life insurance, made doubly necessary by their precarious employment, and also doubly expensive, out of this small income. What prosperity!

Senator Spooner is finding it a difficult task to save his friends, the railroads, from a \$1,000,000 increase in taxes—and incidentally to save his own political head.

The haste which the republicans in Alabama have made to exclude the negroes from their state convention furnishes excellent evidence of the sincerity of republican love for their colored brethren.

When the administration and the public realize that to use the people's money to take a census and then "juggle" the returns is unmitigated dishonesty, a long stride will have been made towards national honor.

Mr. S. D. North, chief statistician for manufacturers in the Census Bureau, says over his signature, "Any comparison of the statistics between the two censuses—that of 1890 and that of 1900—would be practically worthless" and "It is impossible to ascertain by ordinary census methods whether or not the average earnings in any industry or in the country as a whole have in-

TO THE CITIZENS OF HEREFORD AND SURROUNDING COUNTRY

It gives me pleasure to announce that I have leased the entire Dr. Johnson block, and am now making preparations to enlarge my office to better accommodate my patrons and facilitate my work. There are hundreds of better equipped offices in the United States than mine, but I have the best equipped office on the Plains of Texas and the best this side of Fort Worth, and if my practice is an index to my reputation as a

DENTIST

I am perfectly satisfied with it. As a first-class mechanic I am prepared and qualified, also, to see the defects in a piece of work and will not let it leave my parlors unless it is perfect. Why? Because my reputation is at stake and it is my stock in trade, and I am going to protect it. How is the best way to protect it? Is it by trying to cast reflections on some other dentist's work? No, it is not. My experience taught me long years ago that the way to get business was to do good work, and the way to hold business was to do better work, so with that for my motto I have the distinction of being a dentist of ability among men of the profession that have state reputations. I will confess that I am human, but it is one of my business principles to do high-grade Dental work and above all things to get a liberal fee for my services.

creased or decreased." Director Merriam evidently understands his business. "Abundant prosperity," as a result of republican administration, must be shown, regardless of the facts.

The democrats have long held that a protective tariff was an interference with individual liberty and an inducement to commit crime. Now Secretary Moody announces that the tariff on anthracite coal was "smuggled into the Dingley bill," another evidence of the correctness of the democratic contention.

"Stand Pat" and the Hon. Tom Johnson have evidently proved too much for the Hon. Mark Hanna. His doctors have ordered him to seek absolute rest. The bereaved public will not mourn and the republican leaders will have occasion to rejoice at the enforced immunity from the Hon. Mark's breaks.

Helpful Reading.

Some newspapers print matter to fill up space. Much of this is really harmful reading. It is the aim of the Semi-Weekly News to give helpful reading. Thousands will testify to its helpfulness to them. Ask your neighbor.

The farmers' department has helped many. It is not the theory of farming written by college professors and others up north on conditions that don't fit Texas. It is the actual experience of farmers here at home who have turned over the soil.

SPECIAL OFFER: If you are not taking THE BRAND you should be. It is helpful to the best interests of your town and county. For \$1.75, cash in advance, we will mail you THE BRAND and the Galveston or the Dallas Semi-Weekly News for 12 months. Both papers stop when your time is out.

No Cotton Gins Here.

Davis E. Decker, the democratic state senator from this district, in an interview with a Dallas News man, among other things says:

"I am very much interested in the doing away with the lease system in Texas, and I will do what I can in that direction in the next legislature. We need more farmers, and good farmers, up in our section of the country. We are raising cotton, and lots of it. Quanah, for instance, will sell 10,000 bales of the fleecy staple this year, and there are cotton gins at Childress and as far up the Denver as Hereford."

We will show you one of the best agricultural sections in Texas within a few years, and it will be as prosperous, if not more so, than any other portion of the state. There is no reason why it should not be. With the farmer, who will also be the small stock farmer, there is reason to believe that we will always have money in the bank in our country."

Mr. Decker has evidently been misinformed as to the cotton situation in and around Hereford. There are no cotton gins here nor will there be any in the near future. Our farmers can make more money raising other farm produce and the White Faced calf. He is also in error in regard to the geographical situation of Hereford, as this city is not on the "Denver" road, but is on the Pecos Valley.

Our ladies shoes are the latest most up-to-date line in town. Call, see, and be convinced.

Reasons for Buying a Deering Corn Binder

- BECAUSE It binds corn while lying in a horizontal position.
- BECAUSE Its wide frame gives steady motion.
- BECAUSE Long, short, down or tangled corn are all bound with equal facility.
- BECAUSE It is thoroughly equipped with Deering roller and ball bearings.
- BECAUSE It is provided with Deering covered oil cups.
- BECAUSE Of the large space between deck and drive wheel.
- BECAUSE Of its enclosed gear drive and immediate and direct distribution of power.
- BECAUSE It has self-aligning boxes held in position by bracket supports.
- BECAUSE It uses but a small amount of chain, only one-third of that required on other binders.
- BECAUSE The band can be placed on the bundle exactly where desired.
- BECAUSE A fly wheel running on ball bearings steadies and governs the knife.
- BECAUSE The knife can be easily removed.
- BECAUSE Only one-half as much power is required to operate it as with other corn binders.

 Childress this week and he said,
 speaking of the water supply for the
 railroad, that it is a question that is
 occupying the attention of the Den-
 ver officials, which, he thinks, virtu-
 ally will be the moving of the shops
 to a town where water can be ob-
 tained. The Hornet hopes they can
 solve the problem and not move the
 shops, but in the event the shops
 will have to be moved, that Vernon
 will get them, as she has plenty of
 pure water for dozens of railroads.
 —Vernon Hornet.

Nat Slay has been busy the past
 ten days delivering a part of his
 surplus kaffir corn crop. He only
 had in forty acres this year but he
 made so much he hasn't surplus
 ground enough on which to stack the
 stuff and is forced to sell to make
 room for his sweet potatoes. Mr.
 Slay only has a half section of land
 and on this he has raised enough to
 support his family handsomely, feed
 all the stock his pasture will carry,
 and have as a surplus over one hun-
 dred tons of kaffir corn. Can any
 cotton raiser equal this?—Claude
 News.

Two new automobiles in town this
 week have caused considerable com-
 ment as they are rather scarce in
 this part of the Panhandle. They
 are owned by Mr. Spital, who intends
 putting them on as passenger con-
 veyances between Canyon City and
 Plainview and intermediate points.
 This is something of an experiment,
 and it will be a great convenience if
 it is successful. While the auto-
 mobile doesn't take the place of a
 railway train, still it is a great im-
 provement over a hack line. If the
 machines can stand our roads dur-
 ing the winter they will be O. K. in
 every respect.—Amarillo Record.

For Sale.

MEDICATED SALT

MEDICATED SALT

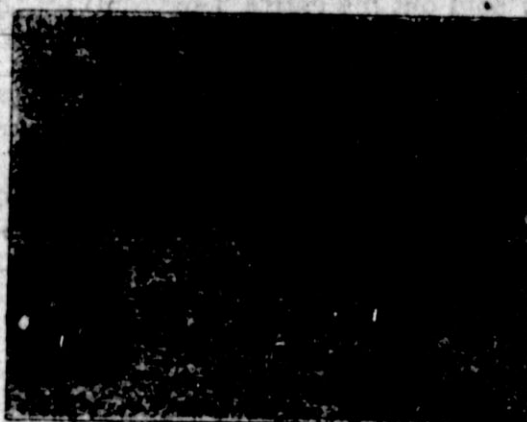

The Stockmen's Life Long Friend

WE DESTROY NO CATTLEMAN'S GODS. Incorporated with the purest of salt is saltpetre, sulphur, ashes, bone meal, nuxvomica, gentian and other important ingredients generally overlooked by the majority of cattlemen. The result is perfect satisfaction. Medicated Salt is put up in block form, 20 lbs. to the block. It is convenient to use and impervious to rain. Once used and you will not do without it.

The Only Medicated Salt Made

We quote you price of \$1.75 per 100 lbs., f. o. b. Colorado, Texas, less than car load lots. \$1.50 per 100 lbs., f. o. b. Colorado, Texas, in car load lots. Money must accompany all local orders.

It Destroys Ticks

BEWARE OF IMITATIONS
It prevents Blackleg, kills stomach worms. Prevents all diseases cattle are subject to, and never fails to build up run down stock of all kinds.

STOCK SALTED AND MEDICATED AT THE SAME TIME

The Greatest Triumph of the Age

"TO WASTE NEITHER THE CATTLEMAN'S Time or Money" is our motto. Our product is used with marked satisfaction by the stockmen of this part of the State. With our new factory now in operation at Colorado City, where salt is manufactured in the natural state, we are better prepared than ever to supply the demands of our patrons. Satisfaction guaranteed. Prices quoted on application.

The Only Medicated Salt Made

Remember, Medicated Salt is not an experiment, but a demonstrated success. Present prices place it in the reach of all, and the wise stockman is the one who always provides against emergencies.
