Newest Industry

Salt To Be Mined Locally

—Hereford Brand Photo
HEREFORD SALT, INC. officials Rex Lee center and A. L. Hickerson, right examine a 50 lb. bag of Solat Salt, a product of Hickerson's Odessa operation, while Lowell Sharp looks on. Sharp plans to use this salt in his water softener.

Believe it or not, ground was broken here this week for what may be the most unique industry to ever locate in Hereford.

Two local men, Lowell Sharp and Rex "Rocky" Lee along with A. L. Hickerson, President of Stockton Salt Corp. of Odessa as well as other investors are responsible for the formation of a new company to be known as Hereford Salt, Inc. which will construct a plant on land located some 5 miles southeast of Hereford on the Frio Draw. First phases of the construction started Friday morning when Walco Drilling Co. of Hereford pulled their rigs onto the location and started drilling a shaft that will go to a depth of 2000 feet. The salt will be mined by

pumping fresh water into the hole and subsequently dehydrating the salt in large tank type basins. The salt will be used as an ingredient for cattle feed and will supply the demand of the expanding cattle feeding industry in the Hereford area.

"We do not plan to go into the table salt business," A. L. Hickerson said Friday morning, "although the quality of the salt mined would be suitable for this." Most of the salt mined at the Hereford location will be used commercially in the cattle-feeding industry, he said.

Hickerson told the Brand Friday that salt formations covered much of the underground area from as far south as El Stockton, Texas to a point in

Kansas. He noted that at points the salt formations were thicker than at other places, and the Hereford location had two excellent layers of salt underneath.

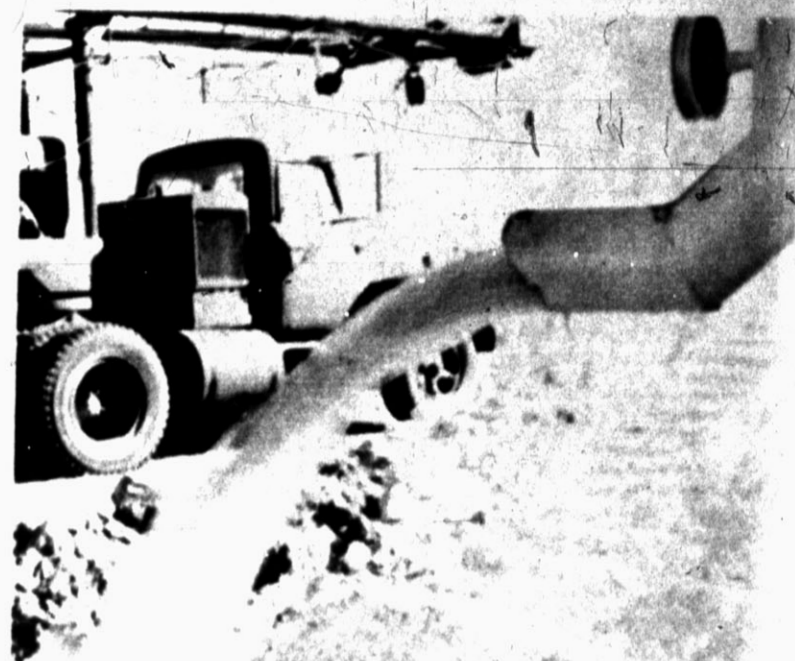

"We can mine in this spot for 30 years," Hickerson said, and not have a cavity in the ground bigger than 100 feet in diameter. The Odessa salt processor said that salt is presently hauled in to the area from Kansas, New Mexico and East Texas.

Hickerson and Sharp both worked for Phillips Petroleum Company a number of years ago and became friends during that time. "When Al called me and asked if anyone up here would be interested in mining salt," Sharp said, "I told him I had some land near town that

sure wasn't worth much for anything else." Hickerson made a trip to Hereford and the forming of Hereford Salt, Inc. was the result of that visit.

The plant, when completed will be staffed by about ten employees, Hickerson said, and will ultimately cost in the neighborhood of \$300,000. The plant will have a producing capacity of 3000 tons of salt per month. Completion is scheduled for early 1968, Hickerson said.

The property where the mine will be located, originally belonged to Lowell Sharp and is located about 5 miles southeast of Hereford, along the Frio Draw. About 40 acres will be used for the mine and processing plant.

UF Drive Set For Kickoff

The Deaf Smith County United Fund will get off to a good start tomorrow morning at 10 a.m. as some 500 motorists will be reported during the kickoff drive.

The drive will be served coffee and donuts at the Methodist church which will be held at 10 a.m. at the church. Workers will pick up their contributions and will receive final instructions for the drive which is expected to be completed by the end of the week.

The goal for the drive this year is \$12,000, a sum higher than the \$10,000 goal that was set last year. The drive is being held to help pay for the purchase of a new ambulance for the Deaf Smith County Hospital. This is particularly true, drive chairman Dean Herring said, in our youth organizations, such as Camp Fire, Boy Scouts and the baseball leagues. All have reported an additional number of youngsters entering the program in these programs for the coming year.

A new organization joined the drive this year, the Deaf Smith County American Legion, which is a new organization. The new organization was formed by the merger of the Deaf Smith County American Legion and the Deaf Smith County American Legion Auxiliary.

The drive will be held from 10 a.m. to 6 p.m. each day. The drive will be held in the Magic Triangle area, which includes Hereford, Dalhart and Dalworthington Falls. The drive will be held in the Magic Triangle area, which includes Hereford, Dalhart and Dalworthington Falls.

AN ESTIMATED \$100,000 in damages was done to the store from the top. The damage was done by the fire of Gibson's Discount, discovered Friday morning. See story on page 1 for details. (This is a reproduction of the photo from the paper.)

Farm Bureau Elects Six Directors And President

The Deaf Smith County Farm Bureau held its annual convention in Dalhart, Texas, Saturday, Sept. 30, and elected six new directors and a president for the coming year.

The new directors are: Edwin West, Wes Fisher, Robert Jacobson, Adam Richardson, Vera and Mark Koenig. Eric, the directors will serve for a three-year term.

Bill Walden was elected from the board to head up the organization for the next year. He is the Robert Jacobson of At York, who has served for the past 12 months.

New directors elected at the convention were: Edwin West, Wes Fisher, Robert Jacobson, Adam Richardson, Vera and Mark Koenig. Eric, the directors will serve for a three-year term.

Walden was named president by the Board in a special session held immediately following the general business meeting. Other new officers will be named at the next regularly scheduled directors meeting.

Approximately 250 people were served barbecue at the annual convention which witnessed the passing of the introduction and acceptance of a number of resolutions as well as the election of the new directors and officers. The group also viewed a film presented by Ray Simpson of Deaf Smith County Electric Cooperative, Inc. concerning the North American Water and Power Alliance.

The group voted Thursday

Rural Electric To Reduce Rates Jan. 1

Area farmers received a financial boost Friday morning when the Deaf Smith County Electric Cooperative announced plans for a six and two-third per cent rate reduction and cash returns to the membership amounting to nearly \$250,000.

The rate adjustment, which will amount to nearly \$40,000 in savings to its members per year, will go into effect Jan. 1, 1968. It will include reductions in three categories—farm home rate, small commercial rate and irrigation rate.

Leo Forrest, Co-op manager, explained that the Cooperative has been returning capital credit checks to its members on a 10-year pay back schedule for the past six years on a first in—first out basis.

Now the Board of Directors has adopted a by-law change which will allow the Cooperative to pay up to 50 per cent of the total cash paid back from the most recent years patronage. Therefore, at the annual meeting in April of 1968, over \$145,000 in capital credits for the year 1956 will be returned. In addition to this amount, approximately \$100,000 in refunds will be paid on patronage for the year 1967.

This will make approximately a quarter of a million dollars in cash available to members of the Cooperative plus \$40,000 in savings in rate decreases, continued Forrest. In effect this will put nearly \$300,000 into the hands of farmers, which should have a tremendous impact on the economy of the area. The directors believe these funds will help relieve the financial strain placed on area farmers by depressed market prices and high farm operating costs.

The Deaf Smith County REC covers three counties — Deaf Smith, Castro and Parmer — explained Forrest. There are approximately 3,300 members in the cooperative owning some 5,200 meters. By law, rural cooperatives are not permitted to operate in a city with a population exceeding 1,500. The cooperative does serve Nazareth.

Forrest, when asked by newsmen, stressed that the recent requests for rate increases by Pioneer Natural Gas Co. and Southwestern Public Service Co. had nothing to do with the director's action. "It was Oct. 5, 1965 when I first wrote the Rural Electrification Administration to ask for a rate study. In its 30 years of operation, the Cooperative has never had a rate increase. As a matter of fact, the only rate adjustments have always been decreases."

Continuing to explain the changes, Forrest said "In order to reduce the cost of electrical energy for irrigation pumping, two additional months of one cent electricity have been added. This makes electricity cost the farmer 1 cent per kilowatt hour during the months of October, November, December, January, February and March."

During the months of April through September, the cost will be 1 1/2 cents per KWH. By reducing the cost from 1 1/2 cents per KWH to 1 cent per KWH in the months of October and March, irrigators should be able to save a substantial amount of money each year.

Members of the board of directors, who are elected by

the coop members, include Sloan H. Osborn, and A. W. Anthony of Friona; Noel Gollehon of Dimmitt; Tom Draper and Raymond Higginbotham of Hereford; Eldred Brown of the Walcott community and Raymond Annen of Nazareth. Osborn and Higginbotham, the president and vice president respectively, had previous business commitments and could not attend the meeting.

James Witherspoon, who was first attorney for the cooperative when it was formed, lauded Forrest for his work with the cooperative. "I believe I speak for all the directors when I say that whatever success the cooperative has enjoyed in recent years has been due to management."

Forrest had explained that members of the Deaf Smith County Electric Cooperative already enjoy the lowest electrical irrigation rates in the Southwest. He added that members of the cooperative at present have 47.5 per cent equity in the \$6.5 million cooperative investment.

Founders Dinner Scheduled For Monday Night

Fellowship Hall of the First Methodist Church will be the scene of the fifth annual Kings Manor Founder's Dinner Monday night, when Dr. Jordan Grooms, superintendent of the Brownfield District of the Methodist Church and former pastor of Polk Street Methodist Church of Amarillo, will speak to approximately 150 persons expected to attend the event.

The 7:30 dinner will, hopefully, according to Rev. Don R. Davidson, executive director of the Manor, raise some \$25,000 for the home. An average of \$100 per plate is desired.

Purpose of the dinner is the raising of money for the home and the education of the public as to the purposes and achievements of the retirement center.

Master of Ceremonies for the affair will be Rev. Clifford Trotter, pastor of First Methodist Church of Hereford.

Founded in 1962, King's Manor is a retirement home for senior citizens, and with the addition of the hospital unit, Westgate, offers complete care for all residents. Funds from the Founder's Association have provided \$40,000 over the last two years in subsidy funds for residents unable to pay the full cost of care, and about \$40,000 in contributions to the overall programs of the Manor.

Hugh Clearman is president of the Founder's Association; Vice President is W. W. Hawkins, and Mrs. Nadine Wade is secretary-treasurer.

Wheat Growers Elect Officers

The three officers of the Deaf Smith County Wheat Growers Association were re-elected for another term and two new directors put in office during the annual meeting of the organization Thursday night.

Re-elected by acclamation were Frank Zinser Jr., president, Eldred Brown, vice president, and Jay Boston, secretary-treasurer. The new directors elected by the association members are George Ritter and F. L. Eicke, who replace Billy Wayne Sisson and Shirley Garrison.

Other members of the board of directors are Raymond Schlabs, Andrew Kershen, F. A. Marnell and E. M. Jack and Leo Witkowski.

Approximately 35 persons attended the meeting, which began with Zinser discussing the events which have happened in the wheat industry since the meeting last December.

Witkowski presented a report on legislation which has been passed or is now in committees affecting the wheat industry. He urged adopting a resolution favoring an export certificate of about 75 cents per bushel on

Jantis-Clayton To Meet With Industrial Group

Hugh Jantis, executive director of the Texas Water Quality Control Board, and Rep. Bill Clayton will be in Hereford Tuesday to discuss pollution control and the current survey on Terra Blanca Creek and the Buffalo Lake National Wildlife Refuge.

Wayne Thomas, chairman of the Deaf Smith County Chamber of Commerce Industrial Committee, said correspondence between Rep. Clayton and Jantis has led to the meeting here.

Jantis suggested that it might be preferable that he meet with the Industrial Committee and any interested or affected parties before writing the entire Water Quality Control Board.

The meeting, which is open to any interested persons, will begin with a luncheon meeting at the Hickory Log at noon and continue as long as necessary.

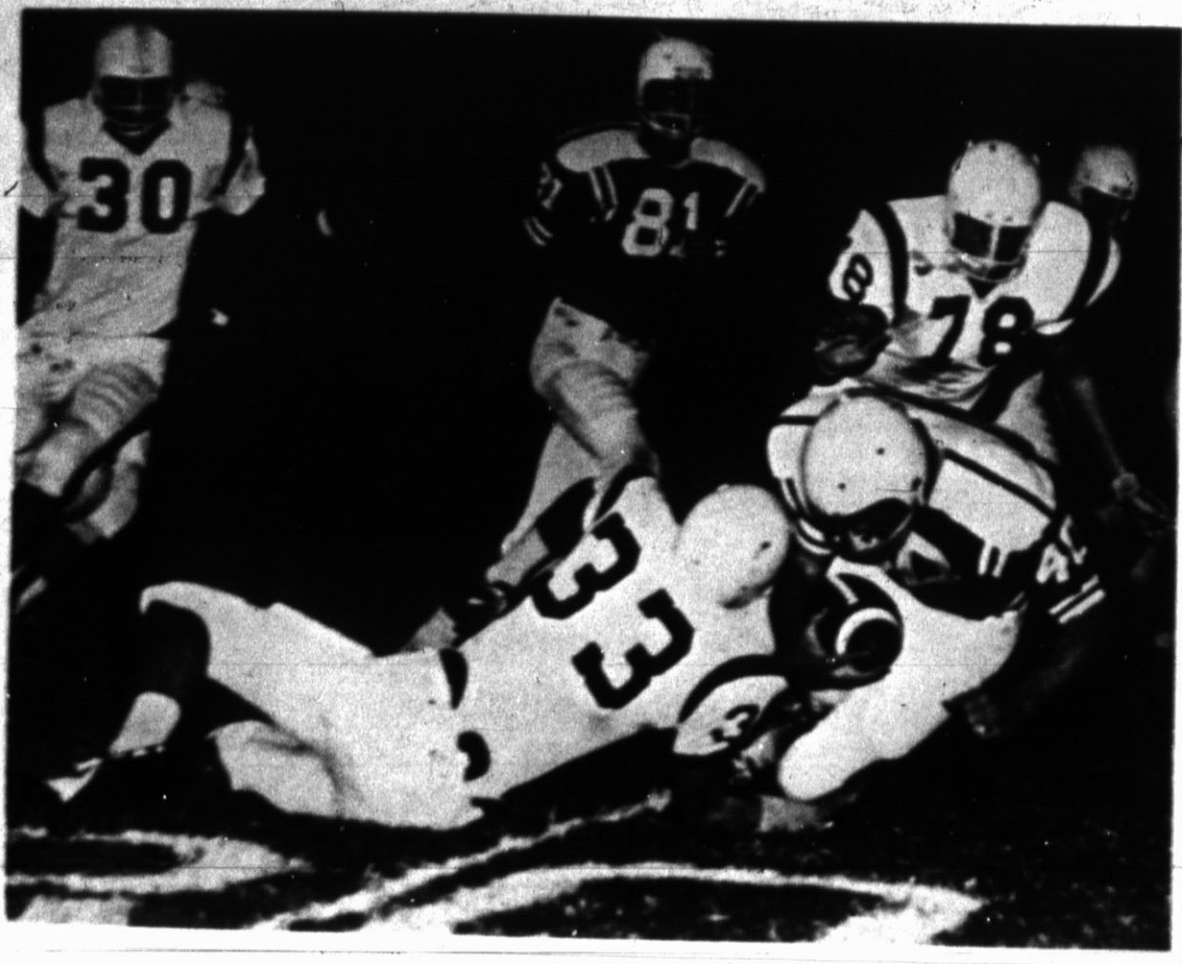

Bill Walden named FB president

Farmers Union Members To Meet Thursday

The Deaf Smith County Farmers Union members will meet Thursday, October 5 at 8:00 p.m. in the Community Center to elect officers and directors for the ensuing year. Resolutions will be adopted and delegates to the state convention to be held in Lubbock, October 26-28 will be elected.

Leo Witkowski, County President, extends an invitation to all interested persons in the community.

FRENCH DOWNS LOBO — Defensive ace Karl French puts the stop on a Monahans lobo as teammates Johnny Cornelius (78) and Tony Malouf (30) come up to help. The Lobos weren't stopped often enough however as they charged to a 27-7 victory.

Farm...

(Continued From Page 1)

years and that action be taken to strengthen the economic position of the farmer such as: all farm produce disposed of in foreign commerce shall be at a price that reflects the true cost of production to the American farmer.

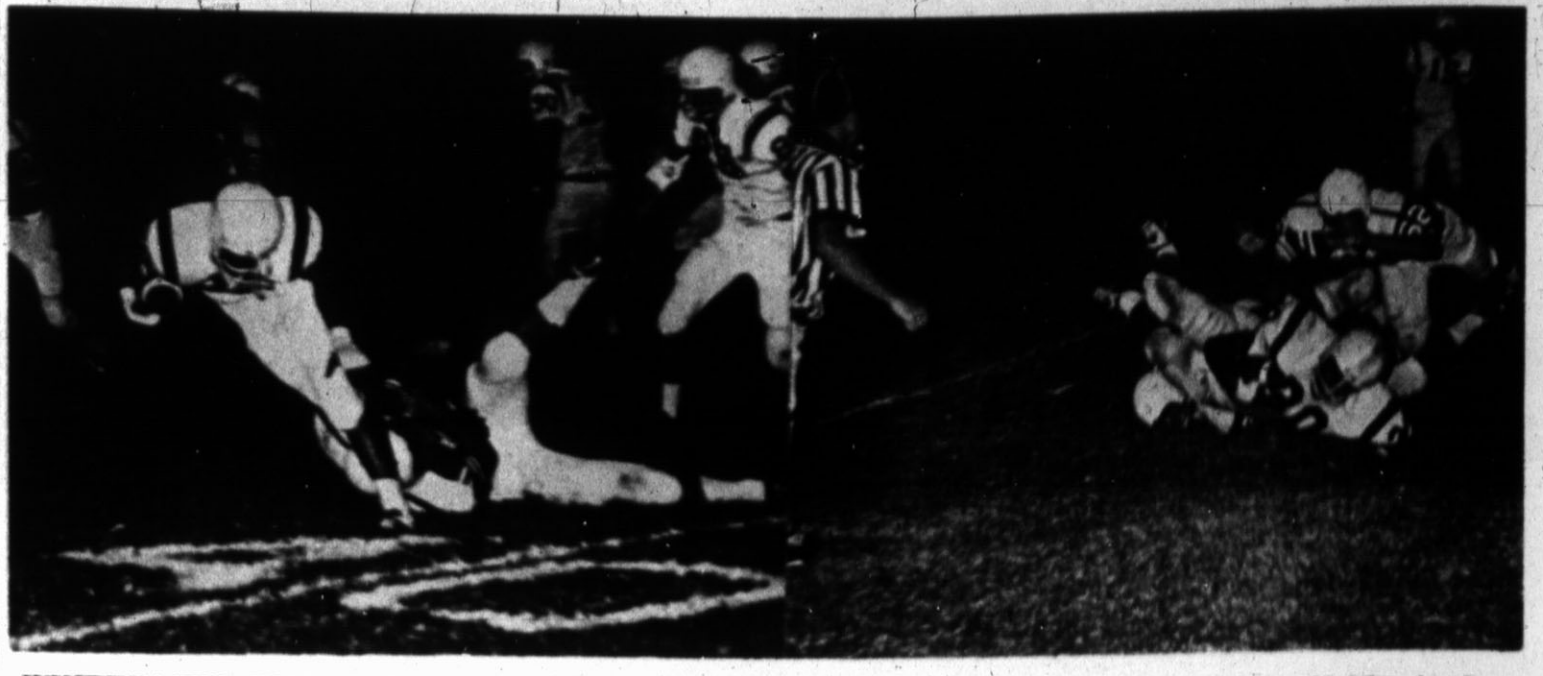

2. Call upon the Johnson administration to stop pressuring Congress with additional spending measures, and try to straighten out the jumble of conflicting overlapping and confusing programs which have been passed during the past three years.

3. Encourage all levels of government to support law enforcement agencies and to exert leadership in solving social problems with effective programs and local responsibility, rather than pie-in-the-sky promises.

4. Encourage congress to pass laws necessary to limit excessive concentration of power, whether it be in big business, big labor or big government.

5. Recommend that the Texas Farm Bureau and the American Farm Bureau work in all ways to aid in the securing and making available any and all funds to small banks by exploring the possibility of having government guarantee on large Certificates of Deposits which might make it attractive for insurance companies and others to deposit funds in rural areas.

6. That the Texas Farm Bureau oppose any increases in cotton acreage that would lead to an estimated 13 million bales crop in 1968.

WHITEFACES TRY — Members of the Hereford Whiteface varsity gave their all Friday night in Monahans, but the tough Lobos ground out a 27-7 victory over the Herd. The tenacious Lobo defense is evident in the photos which show Halfback Gary Goodin, left, attempting to shake loose and Fullback Tony Malouf hitting the ground hard.

Monahans Dumps 'Faces

The Hereford Whitefaces had only one consolation after their game with the Monahans Lobos Friday night. They were the first team to score against the unbeaten Lobos this season.

Playing the entire game without the services of Jim Childers and the final quarter without Gary Goodin, the Whitefaces could not muster their forces and fell before the Lobos 27-7 at Monahans.

The Lobos looked strong the first time they got the ball, taking the opening kickoff back to the Hereford 40 and then powering to the Whiteface 14 before they were stopped. A 5-yard penalty against the Lobos helped stall the drive.

Taking over at that point the Whitefaces lost four yards in three plays before punting from their own 10 to the 49. The Lobos wasted little time then as they scored in five plays, including an incomplete pass. The touchdown came on a 34-yard pass from Quarterback David Williams to Halfback Joe Ortiz. The extra point kick was good and Monahans led 7-0 with 4:36 left in the first period.

The Whitefaces could do no better on the next series of downs. Goodin ran the kickoff back 21 yards to the Hereford 41 and Fullback Tony Malouf moved the ball three yards before a pitchout went awry and the Whitefaces lost four yards. An incomplete pass followed and then the Whitefaces punted to the Monahans 47.

In one play the Lobos were on the Hereford 35, but on the next play an alert Whiteface fell on a fumble at the Hereford 37.

Hereford could move only to the Monahans 39 however, before they bogged down and the ball went over as a fourth down gamble failed.

The Lobos moved from that point to the Hereford 42 before the Whiteface defense arose and forced them to punt. Hereford got the ball on the 20 as the ball went past the end zone.

Cranking up quickly, Quarterback Sid Shaw put the ball in the air for a 33-yard toss to Fullback Karl French, who gathered it in on the Monahans 47. The Whitefaces moved the pig-

skin on down to the Lobo 28 before they ran out of steam.

When he didn't find a receiver on the first play at his own 28, Lobo QB Williams ran through the Whiteface defense for 37 yards and a first down on the Hereford 35. Williams then ran 22 yards to Hereford 13. The Lobos got to the line and Jack Blanchard took the ball for a score with 2:56 left in the first half. The kick was good and Monahans led 14-0.

The Whitefaces couldn't move again and were forced to punt to the Monahans 48. The Lobos moved to the Hereford 9 before they received a 5-yard loss and were forced to try a field goal from the 20. The kick which came with seven seconds left in the half, was no good.

In the first half, the Lobos rushed for an unofficial 156 yards while holding the Whitefaces to 39. Things got only slightly better in the second half.

The Whitefaces fumbled the opening kickoff, but the ball was covered at the 11 before Monahans could take advantage of the miscue. The Herd could move only to the 33 before they were forced to punt — a punt which traveled only four yards. The Lobos gave the Whitefaces a first down on the Hereford 37.

Striking hard, the Lobos scored in only four plays with Terry Hartwell coming over from the 15 with 4:57 left in the third period.

Hereford next took over on their own 20, ran two plays for a nine-yard gain and then fumbled the ball away to the Lobos on their own 30. Fighting for every yard they got the Lobos moved inside the Hereford 5 before the defense set Monahans back nearly 10 yards and Karl French pounced on a Lobo fumble on the Hereford 10.

Hereford gained nine and then punted to the 50 where the Lobos again began to drive. On the ninth play of the drive, Blanchard ran over from the 15 with 7:56 left in the game. The kick was no good and Monahans had a 27-0 lead.

With only seven seconds left in the third period, Hereford's Goodin had to be rushed from the field in an ambulance after he had sustained a hip injury. His condition and the extent of his injury was not known at press time Saturday.

The injury of their teammate seemed to put a spark in the Whitefaces as they drove to the Monahans 7 on a 47-yard pass from Shaw to Fullback Donnie Fangman. Two incomplete passes and a running play later, Shaw tossed a bomb to End Lenny Petree and the Whitefaces had the first score made against Monahans this season. Jim Loerwald booted the extra point and the score stood at 27-7 with 6:03 left in the game.

There was only one other serious threat in the game as the Whitefaces moved to the Monahans 18 on a 46-yard pass from Shaw to Petree. The ball went over on downs there however, as the Whitefaces couldn't push it across.

On the final play of the game, the Lobos rubbed more salt in the Whitefaces wounds as they intercepted an aerial by Shaw. Unofficial final statistics showed the Lobos rushed for 263 yards and completed three of seven passes for 68 yards. The Whitefaces had 86 yards rushing and completed 6 of 14 passes for 137 yards.

The Whitefaces will attempt to get back on the winning track this Friday night when they entertain Portales, N.M., in Whiteface Stadium.

Saratoga National Historical Park has a monument to a wounded leg but not its owner. A stone slab bears a relief of foot and epaulet symbolizing his victory against the British at the Battle of Saratoga. A shot fractured Arnold's leg in the battle. The memorial bears no name because Arnold later betrayed America to the British cause.

Ken Waiser Is Soldier Of The Month

Ken Waiser, son of Mr and Mrs Guy Waiser, Frio, has received designation of Soldier of the Month. A member of the 259th Engineer Group, he is airman stationed at a base near Saigon. In another examination pertaining to the above honor will go before a Brigade Board in October, and if this examination is successful he will be the winner of a pass to Vung Tau, a watch and \$25.

Having twice been named Super Numerary, the most recent honor, makes a total of three times Waiser has been recognized. The Super Numerary designation, given for general excellence in the discharge of assigned duties, carried a three day pass for the man. He was allowed to accompany

Committeemen Are Elected

The members of the new Deaf Smith County Agricultural Stabilization and Conservation (ASC) Committee who will be responsible for administering farm-action programs in the County for the next year, are Frank J. Bezner, chairman; Billie C. Hodges, vice-chairman, and P. B. Sowell, member. The men were elected at the County Convention Wednesday at the County ASCS Office.

Terms of office for County Committeemen are on a three year basis, with one new member normally being elected each year at a convention of newly elected ASC Community Committeemen. The situation varies, however according to the number of actual vacancies on the committee. In addition first and second alternates are elected for one year each.

Sowell is serving his second year of a 3-year term. Hodges is serving his third year, and Bezner was elected this year. The newly elected alternates are C. L. McBroome and Frank Zinsler Jr.

The ASC farmer-committee system is unique. Bezner explained. No other group of citizens has so direct a voice in developing and running Government programs. Farmers eligible to take part in programs administered by the Committee first elect Community Committeemen who in turn elect County Committeemen. While the County Committee is in actual charge of administering the programs locally including expenditures of Federal funds, the Community Committeemen lend operating assistance where needed and are particularly responsible for keeping their neighbors informed about the programs available.

The ballots of the mail election held for Community Committeemen were tabulated Monday, and the results of this election were as follows:

Community A: T. J. Parsons, chairman; A. J. Bezner, vice-chairman; Alfred Reinart, member; Robert R. Straun, 1st alternate; and Clyde W. Russell, 2nd alternate.

Community B: S. A. Fangman, chairman; George E. Turentine, vice-chairman; Gerald McCathern, member; Tony Hoffman, 1st alternate; and W. W. Thomas, 2nd alternate.

Community C: Eldred A. Brown, chairman; Elmer Northcutt, vice-chairman; Billy Wayne Saxon, member; and Lewis Smith, alternate.

Community D: Jim Perrin, chairman; Leland C. Burns, vice-chairman; chairman; M. W. Blapkinship, member; R. L. Pinnell, 1st alternate; and C. F. Homfeld, 2nd alternate.

Community E: Wayne Richardson, chairman; George Casetty, vice-chairman; B. T. Spear, member; Joe F. Brorman, 1st alternate; and Bill Cleavinger, 2nd alternate.

The Soldier of the Month on a pass to the Mekong Delta the first time he took the title.

Waiser, 24, is a graduate of West Texas University, where he took his degree in Industrial Arts. He was employed with Poarch Bros before his departure for service and received his basic training at Ft. Belvoir near Washington, D.C.

In a letter home, Waiser mentioned to his parents that because his duties with the intelligence branch of the engineer group demanded his full time attention, he would no longer have guard duty, KP, or charge of quarters. He had however often been on guard duty as enemy territory lies a short distance from the boundaries of his base.

GOODIN STUNG — Whiteface Halfback Gary Goodin is jarred loose from the ball as he is hit by a Monahans Lobo during action Friday night which saw the Herd lose its second game of the year. Goodin was hurt just before the final period began and left the field in an ambulance.

JV'S ROMP TO WIN — The Hereford Junior Varsity picked up their third straight victory Thursday night with a 28-8 win over the Lubbock Monterey Plainsmen JV. The top photos show Bobby Burwick scoring on a 32-yard gallop and the bottom photos were snapped as Lynn Betts took off on a 42-yard jaunt.

men JV. The top photos show Bobby Burwick scoring on a 32-yard gallop and the bottom photos were snapped as Lynn Betts took off on a 42-yard jaunt.

JV's Drop Lubbock Junior Varsity

By JERRY ODOM
Brand Staff Writer

Last Thursday night, the highly rated and praised Lubbock Monterey Junior Varsity was clouted by the Hereford Junior Varsity by the outstanding score of 28-8.

The Whitefaces were never behind in the contest and always showed tremendous offensive and defensive ability.

The Herd got off to a good start very early in the game as the Monterey Plainsmen fumbled the opening kickoff. On the next series of plays Bobby Burwick raced 32 yards for the first six points. Burwick also put the ball, through the uprights to make it 7-0 in favor of Hereford.

The second time the Herd gained possession of the pigskin Lynn Betts followed in Burwick's steps and also scattered for a touchdown on a 42-yard run. The conversion attempt failed.

As the second half started, the Whitefaces decided to add six more points to their score as Burwick again showed his tremendous speed as he returned the opening second half kickoff 99 yards with fabulous blocking on the part of his teammates.

This time the Herd decided to go for two points as they pitched out to Burwick.

With a Monterey Plainsman all over him, Burwick still came through for Hereford as he dived across the goal line.

The Plainsmen finally got on the scoreboard as Halfback Richard Schere went across from the one-yard line. Schere also picked up the extra two points for Monterey.

Burwick climaxed his night with a 60-yard punt return for his third touchdown of the evening. He also kicked the "extra point" to make the final score 28-8.

Hereford picked an unofficial 350 yards rushing. The leading rusher was undoubtedly Bobby Burwick with 207 yards.

There were three fumbles recovered by Hereford. They were made by Tackles John

Frank Martin and Tony Gorman and Cornerback Lynn Bett. Other outstanding defensive players were Ends Tom Timberlake and Rodney Dearing, Middle Guard Steve Watson and Tackle John Seiver.

The only intercepted pass of the contest was picked off by Hereford Halfback Paul Hendon.

The victory over Monterey was the third straight for the Hereford Junior Varsity.

Burglaries Keep Sheriff's Office Busy During Week

The Deaf Smith County Sheriff's office dealt mainly with burglaries and burglaries during the past week, making three arrests and investigating five break-ins.

A burglar alarm in Hays Implement Co., located on the Dummitt Highway, led to the arrest Friday night of Lorenzo Hernandez, 39, of Alpine.

The burglar alarm, officers said, sounded at 8:52 p. m. Friday at the police station. Three units from the sheriff's office, two Highway Patrol units, a

unit from the Liquor Control Board and two police cars converged on the business in minutes.

A rear window on the north side was found to be open and the owner of the business summoned. Officers entered when the owner arrived and Hernandez was arrested at the scene. He will be arraigned before Justice of the Peace Earnest Wade Monday.

John Leisure, 54, and Larry Dean Brown, 28, who were living in the 200 block of East 2nd,

were charged with the Tuesday night burglary of the VFW Hall.

Taken in the burglary, which occurred between 12 and 12:30 p. m. were three fifths of whiskey and \$25 in change. There also was \$46 damage done to the building.

Deputies said entry was made by prying open the front door, kicking in the inside door and tearing the lock off the safe.

Bond for Brown was set for \$2,000 and for Leisure at \$1,000. Brown also is under a \$5,500 bond in California.

Investigation still is going on in burglaries at the Dawn Co-op, the Garza Garage and Pioneer Fertilizer, deputies said.

Taken from the Dawn Co-op, located north of the Dawn community, on Wednesday night were boxes of sparkplugs, \$7 in change and an office calculator.

Entry was made by breaking a glass in the front door. Pioneer Fertilizer was entered

Notify SS Early On Becoming 65

Deaf Smith County residents should get in touch with their social security representatives before the month they become 65. That's the advice of Bruce Grady, social security field representative, who will be in Here-

during the night Thursday and a citizen band radio, 17 German-style pocket knives and approximately 50 cartons of cigarettes, taken. Entry was made in the building by kicking out the boards on a back door which had been boarded up.

An undetermined amount of tools, a cutting torch and 25 feet of hose was taken from Garza's Garage in the Hereford Labor Camp during the night Friday. The burglars entered through the south door of the garage.

ford at the Court House on each Tuesday from 9:00 a. m. until 11:00 a. m.

Eligibility for full medicare coverage is assured only if an application is filed during the three months before the month a person becomes 65, according to Grady. Even if one is still working, with no plans for retirement, or if one has never worked under social security, this deadline applies.

Duffy Daugherty of Michigan State has coached the east team on three occasions in the East-West Shrine Game at San Francisco.

Uncle Sam's Selective Service

Editor's note: Below are questions now being asked at draft boards. The answers are by Col. Morris S. Schwartz, State Selective Service Director, 702 Colorado Street, Austin, Texas 78701. He will welcome your questions.
Q—We have a farm, most of which is planted in wheat. Should there be a shortage of wheat this year, would this be a factor for receiving an agricultural deferment?
A—Under the new law, surpluses and shortages of agricultural commodities may now be considered by a draft board in reaching its decision on agricultural deferments.
Q—How do I apply for deferment as an undergraduate college student?
A—You can get a convenient form called "Request for Undergraduate Student Deferment" (SSS Form 104) from your draft board. Some college registrars also have it. A letter to your draft board requesting student deferment will also be accepted.
Q—My father, an Army sergeant, is being transferred outside the U. S. I won't be 18 until after we've departed the country. What do I do about registering with Selective Service?
A—On your 18th birthday, or within five days thereafter, present yourself to the nearest diplomatic or consular officer of the United States and he will register you.
Q—Are 19-year-olds inducted first under this new law?
A—No, not now; but they could be later.

In his first two years at West Point, Carl Woessner of Dayton, Ohio has caught 34 passes for 329 yards. He played end as a sophomore but Coach Tom Cahill moved him to half-back last season.

By MELVIN YOUNG
Sign at Tradewinds Airport seen by motorists as they are leaving the field and entering the highway traffic stream: You are Now Beginning The Most Hazardous Part of Your Journey.

Which reminds us of the airline stewardess who tells departing passengers to be careful on the way home.

And another sign of the times could well be the message seen recently on KGNC-TV, channel 4.

It's 11 o'clock. Parents, where are your children?

The harassed businessman who refers to his establishment as "the salt mine," may well have to find some other expression now that Hereford had actually acquired a salt mine.

Lowell Sharp, Rex Lee and A. L. Hickerson this week announced the formation of a company to be known as Hereford Salt Inc. and the beginning of preliminary work leading to the eventual construction of a salt processing plant about 5 miles southeast of Hereford on property owned by Sharp.

Walco Drilling Co. of Hereford pulled its trucks onto the property Friday morning and started sinking a shaft into the ground from which the salt will be mined. This is done by pumping fresh water into the hole and out, again, then dehydrating the salt in large ponds. It's a simple operation apparently, but one that takes time and money.

Hickerson is president of a salt mining operation in Odessa, and he and Sharp worked together many years ago while both were employed with Phillips Petroleum Co.

The salt will be used pri-

marily by cattle feeding operations. Although the quality of the salt would be acceptable, the company does not anticipate getting into the table salt business.

The salt will be bagged in 50 lb. bags, although some will be sold in bulk.

The company expects to be in operation sometime early in 1968, according to Hickerson.

The folks up at Boys Ranch were holding a grand opening Saturday on their new museum and our friend Byrle Elliston was on hand for the dedication. And he well should be. Better than 50 per cent of the artifacts in the museum came from Elliston's collection.

Elliston has one of the best collections in the county and has been showing to school students for the past 20 years.

It is fitting too, that Elliston's collection should be located at Boys Ranch. Byrle has always been interested in the young people in the community, as well as the young men who make their homes at the Ranch.

The little Hereford Brand pocket books that are so popular with our advertisers did not arrive this month in time to be included with the statements. We hope to have them in by Monday and those who want one can come by the Brand office and pick it up.

Don't forget to make your contribution to the United Fund. The drive will officially begin Monday, although some \$6000, in advance gifts has already been collected.

The reason some people get so lost in thought is probably because it's such unfamiliar territory.

VELEDA PRESIDENT HOSTESSES — Browsing in a gift shop was enjoyed by Velede Study Club members at a recent meeting, when they saw imported objects such as the exquisite music box held by Mrs. James W. Durham, hostess, for the admiration of Mrs. Robert Willmot, club president, in the Chandeliers Shop.

ETIQUETTE PRACTICE — Girls of the Fun-Loving Bluebird group had a lesson in dining-out manners and in table settings and service, when they met in the Caisson House this week. One members is carefully placing silverware at a place at this table while two others study the menu to decide on their orders. Mrs. Ray Polvadore is leader of the group, which is sponsored by Hereford Citizens Band Radio Club.

Minor Injuries In Collision

A two-car collision at the intersection of McKinley and Fifth Street Wednesday afternoon resulted in minor injuries to a

small boy. Timmy Dodson, 6, of 406 McKinley was treated in the emergency room at Deaf Smith County Hospital and released. Police said a 1959 Chevrolet driven by Charles Danley of 1011 Park Avenue was going west on Fifth Street and a 1955 Oldsmobile driven by Hattie Dodson of 406 McKinley was going south on McKinley when the vehicles collided. There was an estimated \$100 damage to each car. A citation was issued for disobeying a stop sign. The accident occurred at 3:40.

—Hereford Brand Photo
FARM BUREAU Members and their families fill their plates with barbecue in the upper two photos. Approximately 250 people attended the Thursday night meeting. At lower left, Clint Holmfeld of Adrian seems to be preoccupied with his food while Cecil Rockwell, at right, has a few choice words for the photographer.

Expect Action At Speedway

A Powder Puff Derby and Grudge Race are expected to create action aplenty today at the Hereford Speedway.

The Grudge Race will pit Red Easton in car No. 66 against Bob Campbell in No. 14. "After the flag drops, anything goes," said one Speedway official. "They will be cutting all types of capers in an effort to outdo each other."

The ladies will cap the day's activities when they don the racing gear for another Powder Puff Derby. Action begins at 3 p. m. with admission \$1 for adults and children admitted free when with an adult.

In last Sunday's action, David Watson and Max Bridges were awarded Championship trophies for being high point cars for the final half of the season.

Champions for the day were Jim Dawson and Bill Paetzold,

who collected the most points in their respective classes. In the races, winners included **B TROPHY** — Wayne Smith, first, and Gary Easton, second. **A TROPHY** — David Watson, first, and Don Loafman, second. **FIRST HEAT** — Travis West, first; Henry Elizondo, second, and Paetzold, third. **SECOND HEAT** — Jim Dawson, first; Gil Swift, second, and Homer Morrison, third. **FIRST SEMI** — Bobby Bradley, first; Paetzold, second and Bill Byers, third.

SECOND SEMI — Byers, first; Loafman, second, and Burns, third. **THIRD SEMI** — Burns, third. **THIRD SEMI** — Dawson, first; Bob Cody, second, and Ace Eakins, third. **FIRST MAIN** — Paetzold, first; Byers, second; Bridges, third, and Don Roberson, fourth. **A MAIN** — Jim Culpepper, first; Dawson, second; Watson, third, and Byers, fourth.

The special Demolition Derby was won by Bud Godwin in a Cadillac.

KICKOFF GETS AWAY — A spiralling, wobbly kickoff traveled through the arms of End Ralph Loerwald during action Friday night in Monahans. The White-faces weren't hurt by the incident, however, as the ball bounced out of bounds before it could be recovered by anyone.

Deaf Smith County Water Group Holds Breakfast Meeting Friday

Members of the board of directors and other interested persons heard committee reports from five committees Friday morning at a breakfast meeting of the Deaf Smith County Water Association, Inc. President R. C. "Dick" Godwin presided over the meeting which was attended by about 30 people. The meeting was held at the Calson House.

Reporting on committee work were Austin Rose Jr., chairman of the Membership Committee; Charles Hoover, chairman of the Information Committee; Leo Forrest, chairman of the Research Committee; Ray Cowser, Chairman of the Importation Committee and Andrew Kershen, chairman of the Conservation Committee. The group also heard a report by President Godwin who has recently returned from a trip to Sulphur, Okla. where he met with the Oklahoma Water Association. Deaf Smith County Water Association now has 196 members, according to Rose and many more are expected to come into the association in the near future. The group is interested in the importation of water from sources outside the state as well as from East Texas, and are also working on ways and means to conserve the water that we now have as well.

"It may be 20 to 30 years before we can expect water to be imported into the area," Godwin said, "and we should use all means at hand to conserve the water we have."

Godwin is also a member of the board of Water, Inc., an organization that he was instrumental in founding.

Burglars Try To Enter Through Roof

An estimated \$1,000 to \$1,500 damage was done to the roof of Gibson's Discount Store sometime during the night Thursday by persons apparently trying to gain entry to the store.

Jerry Thompson, store manager, told officers he was walking down the aisle Friday morning when he noticed insulation dust on the floor. An investigation led to the discovery of the damaged roof.

An air conditioner on the roof was heavily damaged by the burglars and a strip of the roofing about two feet wide and some 30 feet long torn up. The culprits apparently were frightened off or gave up in disgust. No instruments were found at the scene, but officers theorized that a hammer or crowbar could have been used.

Registration To Begin Tomorrow

Voter registration will begin tomorrow, according to an announcement by Mrs. Nell Miller, Deaf Smith County Tax Assessor-Collector. Mrs. Miller warned however, that all persons, even those over the age of 60 years will be required to register this year before being eligible to vote. In the past, those over 60 were not required to register annually, only to show an exemption slip when they cast a ballot.

She also emphasized that those who will become of voting age next year will be able to register now, although they cannot vote until they reach the age of 21. Mrs. Miller stated that these new voters may register any time during the year as long as it is at least 30 days prior to an election in which they wish to cast a ballot. All others must register before January 21, Mrs. Miller said.

Dec. Deadline Set For Filing Plan Of Payment

The fate of Bravo Smokes, Inc. appeared to be as much in the air as a puff from the nation's first tobaccoless cigarette following three days of action involving the company during the past week.

On Thursday — after hearing from officers of Bravo and its creditors for portions of two days — Federal Bankruptcy Referee Frank Murray set Dec. 4 as the deadline for filing of a plan for payment of creditors. Murray also set Dec. 20 as the date for confirmation of the plan by creditors. The two largest creditors of the firm — General Nutrition Corp. of Pittsburgh, Pa., and Rumrill-Hoyt, Inc. of New York — requested during the hearings Wednesday and Thursday that if the plan submitted by Puzant Torigian, president of Bravo, is not acceptable then the firm should be thrown into bankruptcy.

On Friday, General Nutrition Corp. filed a civil suit in U. S. District Court in Amarillo again collect \$125,000 which the corporation says it is owed by Bravo.

In its suit, General Nutrition says that Bravo breached its contract by filing for a bankruptcy arrangement plan earlier this month. Listed in the suit as owing the corporation the \$125,000 is Tobaccoless Smokes Inc. and Deaf Smith County Development Corp., both of Hereford and National Smoking Fibers, Inc. of Pennsylvania.

Since Bravo Smokes and Bravo-Uvalde Corp. are now in bankruptcy, the other three firms are obligated to pay the \$125,000 which was loaned to Bravo in June, the suit says.

Torigian filed two petitions of voluntary bankruptcy in U. S. District Court in Amarillo on Sept. 5. One petition for Bravo Smokes, Inc., lists assets of \$848,699.84 and liabilities of \$705,546.75. The other petition for Bravo-Uvalde Corp. lists assets of \$89,786.94 and liabilities of \$221,263.41.

During the first day of hearings Wednesday, Torigian detailed the history of his lettuce cigarette, describing it as "an undercapitalized company. Constant search for money led me to General Nutrition as a distributor," he told those attending.

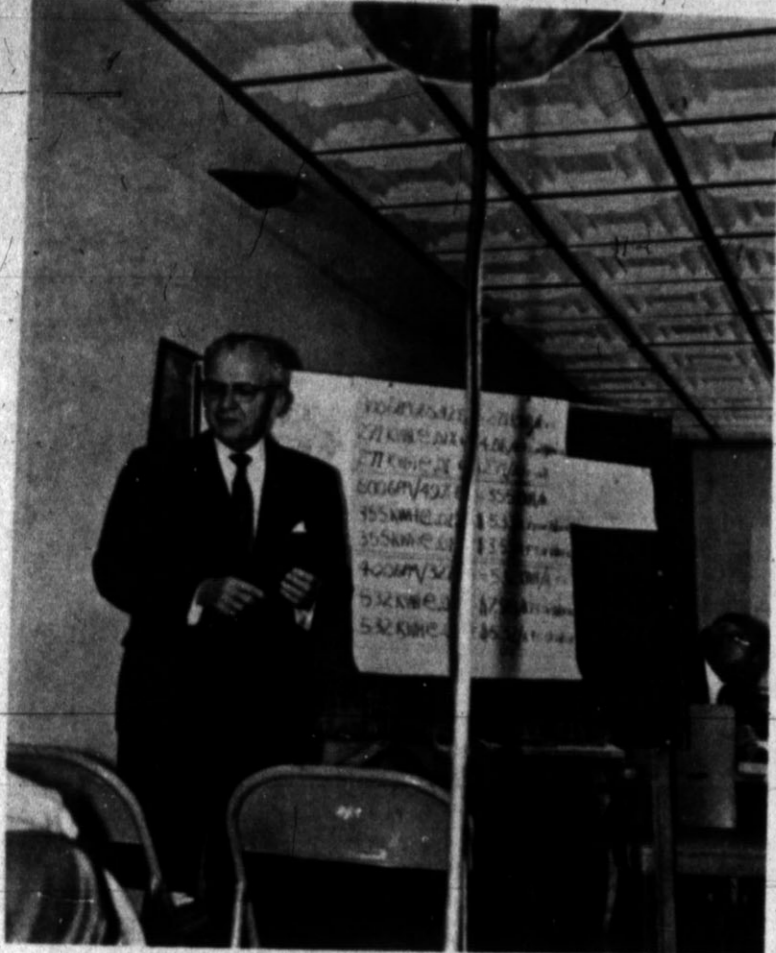

The money invested by General Nutrition turned out to be a liability, he continued, because he had delegated some of his authority in return for the investment.

Torigian emphasized that he could keep the company going and would repay 100 cents on every dollar if given the opportunity. "We're not in bankruptcy," he stated, "we're going strong."

Torigian, who spent about six hours on the stand Wednesday, said that General Nutrition agreed on June 19 to get out of Bravo and let him run it as he saw fit, provided he pay off the indebtedness.

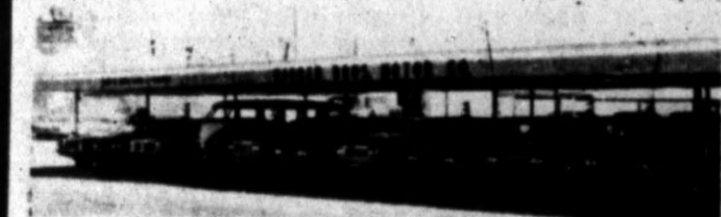

In action Thursday, Torigian told the creditors that he would not be willing to reassign the patent to Bravo as long as creditors claims are in jeopardy. "That patent is valuable only as long as I'm around, even if they (General Nutrition) would like to get hold of it and do something without us."

W. S. Wells of Dallas is temporary receiver in the case.

FORREST DISCUSSES REDUCTIONS — Leo Forrest, manager of the Deaf Smith County Electric Cooperative, was surrounded by television lights and charts as he explained the proposed deduction in rates and the return of cash refunds to the co-op members Friday morning.

CLOSED SUNDAYS

NEWLY ELECTED directors of the Deaf Smith-Oldham County Farm Bureau are from left to right: Wes Fisher, Hereford; Robert Jacobsen, Adrian; Edwin Axe, Westway; Mark Koenig, Frio; Don Richardson, Vega and Clint Holmfeld, Adrian.

Miss Bezner Wins 4-H Award

Joyce Bezner, Deaf Smith County 4-H Club girl, is one of 12 Texas winners of 1967 Santa Fe Educational Awards announced Saturday on the eve of National 4-H Week observance. Four-H Clubs here are joining those of all 50 states in making the week, Sept. 30-Oct. 7, with public exhibits and programs. A 4-H carnival next Saturday will be a new feature of the week here.

Miss Bezner, daughter of Mr. and Mrs. A. J. Bezner, Route 1, receives a trip to the National 4-H Club Congress in Chicago Nov. 26-30 as one of the state winners of the much-sought Santa Fe award. Another winner in this area was Melvin Young of Tulsa.

Two other Hereford 4-H Club girls are entrants in state contests this fall. Cynthia Hanna will leave Thursday to compete in the State 4-H Dress Revue at Dallas, and Jane Witkowski has sent her record books to College Station for judging in the leadership contest.

The Council on Alcoholism has a wide membership, and meetings are open to the public. Purpose of the council is the education of the public on the problems of alcoholism and the referral of persons needing advice to related groups.

Regularly scheduled meetings are held on the Wednesday morning before the last Thursday of the month. The next meeting will be held on Oct. 25, at La Cafe Hacienda.

Mrs. J. G. Hill Sr. is chairman of the group, and Gene Fooks is vice chairman.

DSC Council On Alcoholism Met Wednesday

The Deaf Smith County Council on Alcoholism met at La Cafe Hacienda Wednesday morning for their regular monthly breakfast meeting. Speaker for the 7:00 meeting was Mrs. R. L. Ethridge, who gave a report on the 10th Annual Institute of Alcoholism Study which she attended in Austin

won county and district contests in their fields. Deaf Smith County's entrant in the district 4-H Bake Show conducted during the recent Tri-State Fair in Amarillo, took third place.

Local observance of National 4-H Week begins today with group attendance of club girls and boys at services in the Church of the Nazarene. Displays in windows of business firms are already in place in Downtown Variety Park and Sugarland Mall.

These displays, to remain through the week, are in the Hereford Texas Federal Credit Union, First National Bank, Yardstick, both Anthony stores, Ben Franklin Store, Tannahill's Fabric Mart and at Northwest School. They illustrate a number of the many activities of 4-H members.

Closing the week, a 4-H Car-

nival will be held Saturday evening in Community Center. Arrangements are directed by the County 4-H Council, of which Rodney Goheen is chairman. Carnival events will begin at 7:30 p. m.

LEGION-AUXILIARY MEET
A joint meeting of the American Legion Post and Auxiliary will be held at 8 p. m. Tuesday in the Legion Building, with Tom Kendrick, Hereford attorney, as guest speaker. He is to discuss Texas Constitution which are to be voted upon this year.

DON'T FEED CONTAINERS
NOVA LISBOA, Angola — An autopsy conducted on a dead elephant in the local zoo revealed that a small plastic food sack gobbled up by the elephant blocked his intestine and killed him.

How to Retain—or Regain—A Young Throatline.

While even the girl of twenty worries about laugh lines, most women forget that some of the most telling signs of age show up in the neck and throat area. The neckline loses its sleek grace; the contour becomes soft and slack. To help you retain—or regain—the beauty of a young throatline, an easy-to-use treatment by Frances Denney is recommended.

Disabled Should File Promptly

Some disabled people lose social security benefits by not filing an application promptly, according to Bruce Grady, social security field representative.

"In other cases, by putting off filing, there is a delay in receipt of the first benefit check that could have been avoided had an application for benefits been filed shortly after the person became disabled," Grady said.

Further information may be obtained from Grady, who will be in Hereford each Tuesday from 9:00 a. m. until 11:00 a. m. at the Court House.

WHEAT GROWERS OFFICERS AND MEMBERS — Approximately 35 members of the Deaf Smith County Wheat Growers Association gathered for their annual meeting Thursday night and during business elected new officers. They are, left to right seated, Frank Zinser Jr., president; Jay Boston, secretary-treasurer, and Eldred

Brown, vice president. The directors are, left to right, E. M. Jack, Lee Witkowski, George Ritter, Raymond Schlabs, Andrews Kershen and F. L. Eicke. Ritter and Eicke are new directors. One of the speakers for the meeting, R. C. "Dick" Godwin, front row on right, is shown talking with members before the meeting.

Lutherans To Install New Minister Today

Rev. Herman Schelter will be installed today at a special 2:30 p. m. worship service at Immanuel Lutheran Church, and a

Rev. Herman Schelter

reception for the new pastor and his family will be held immediately afterwards.

Conducting the altar service will be the Rev. Glenn O'Shoney, vacancy pastor of the church for the past twelve months, while Dr. Carl A. Heckmann, President of the Texas District of the Lutheran Church — Missouri Synod, will install the new pastor, as well as deliver the installation message. Lutherans from neighboring congregations are expected to attend the services.

A 1944 graduate of Concordia Seminary in Springfield, Ill., Rev. Schelter has served parishes in Arenzville, Ill., Burk Burnett, Cypress, and Walburg, all in Texas. Pastor and Mrs. Schelter have two children, one who attends college in Austin, the other attending high school in St. Paul, Minn. They will reside at the church parsonage, located at 303 Western.

Mr. and Mrs. Hubert Stoerner of Hereford are in charge of the installation arrangements. Organized in 1914, Immanuel Lutheran Church is located at the corner of Park and Avenue B.

Veterans Administration Information

EDITOR'S NOTE: Veterans and their families are asking thousands of questions concerning the benefits their Government provides for them through the Veterans Administration. Below are some representative queries. Additional information may be obtained at any VA office.

Q — Please clarify who receives the death gratuity in the case of a serviceman who dies while on active duty.

A — Each of the military services — Army, Navy, Air Force Marine Corps and Coast Guard pays this benefit in cases of deaths of its servicemen. The amount is equal to six months pay, but not less than \$800 or more than \$3,000. The money must be paid to the servicemen's surviving spouse, or secondly, to surviving children. Servicemen who do not have a sur-

living spouse or children may designate parents, brothers or sisters in any combination to receive the money in case of death.

Q — I have been on active duty for 21 months. Am I now eligible to go to school?

A — No. You need full two years to qualify if on active duty.

Q — I have been on active duty for the past eight years.

A — Yes.

Am I eligible to go to school?

Sweden changed from driving on the left-hand side of the road to the right-hand side on Sept. 3. This leaves the United Kingdom as the only major holdout.

Children Will Lead Folk Mass

Approximately 120 children from the fifth through the eighth grades at St. Anthony's School will lead a Folk Mass at St. Anthony's Catholic Church beginning at 10 a. m. today.

Directing the singing will be Sister Aquinas. There will be copies of the folk songs throughout the church for anyone who wishes to sing along.

The Rev. Father Timothy Mac Donald, S. A., will be in the rear of the church to assist with the singing. Father Timothy assisted with the Youth Club in a Folk Mass last Sunday.

The Rev. Father Angelus Delahunt, S. A., will celebrate the mass. The music will include Phillip Sciumbato on the electric guitar, Albert Sciumbato on the electric organ and Donald Huckert on the drums. The parents are urged to have their children to the service on time.

No. 2 quarterback Coley O'Brien of Notre Dame tied a school record last season when he completed 21 passes against Southern California. John Huarte completed the same number against Stanford in '64.

The clergy of St. Anthony's Catholic Church are the Rev. Father Angelus Delahunt, S. A. pastor; the Rev. Father Aedan Davis, S. A., associate pastor; the Rev. Father Timothy Mac Donald, S. A., associate pastor, and Brother John Pojcia, S. A., Assistant. The clergy of St. Joseph's Mission include the Rev. Father Raymond Gillis, S. A., pastor, and Brother Luke MacDonald, S. A., assistant.

WORK-STUDY PROGRAM — Six Hereford High School girls are enrolled this year in Cooperative Home Economics, a part-time training program in which the student is employed in a job requiring knowledge and skills in home economics subjects. She spends a minimum of three hours a day on the job and attends regular high school classes half of each day. Dorothea Prowell, high school homemaker instructor, is coordinator for the program; in its second year here. Aim of the program for the student to develop basic skills in the occupation of her choice while working for pay. Pictured on the job are, from left above, Donna Parker, a junior who has had two years of homemaking classes, working as a child care

aide at Dinona's Play School; Linda Shoemaker, a senior who worked under the program last year also; assisting in the alteration department of Gaston's Popular Store; Carolyn Collier, senior student, assisting Mrs. Melvin Lomeniek as a child care aide in a nursery school. Lower photos, from left, show Bertha Garcia, senior, with a pre-school student at Central Elementary School, where she works as a child care aide; Joyce Loflin with children at Mrs. Don Baugous' kindergarten, working as a child care aide; Patsy Daniels, a junior, a home furnishings aide at Beauty-Pleat Draperies, where she is learning to measure and cut material and sew.

may be filed with USDA up to Oct. 2. Four copies should be submitted to the Hearing Clerk, Room 112-A, U. S. Department of Agriculture, Washington, D. C. 20250, where they will be available for public inspection.

USDA Invites Comments On Suspension

The U. S. Department of Agriculture is considering suspending a provision in the Texas Panhandle federal milk marketing order, and has invited comments.

USDA's Consumer and Marketing Service officials said the proposed action would suspend for September and October 1967 all limitations on diversion of producer milk to nonpool outlets. The order now limits such diversions to 15 days a month. Texas State health regulations recently were changed to require inspection by Texas health authorities of farms outside the State supplying milk to Texas consumers. Until the inspection is completed, milk from producers' farms outside of Texas, received at pool plants under the Texas Panhandle order, must be moved off the market. The suspension would permit the milk to continue to be pooled and priced under the order during this interim, officials said.

Notice of the proposed suspension will be in the Federal Register Sept. 28, and comments

sided. Mrs. Alexander was assisted by Mrs. Clyde Sherrieb, who spoke of fashion forecasts in children's clothing and showed a number of new styles for junior ages.

Costumes for various occasions were displayed by Mrs. Alexander as she spoke of fashion changes with the changing times. This fall's look, she said, is one of balance, with harmonized skirt length, heel height, hat size and hairdo.

Color is accented, she continued, and the entire effect is definitely youth-slanted.

"Nothing reflects current world conditions more than today's fashions," the speaker emphasized.
 Mrs. Cain served refreshments after the program. Members present included Mmes. Hazen Woods, George Warner, Sam Self, Wes Owen, M. W. Nobles, J. T. Gilbreath Jr., Roy Grubbs, Sue James, Ansel McDowell, D. C. McWhorter, A. T. Mims, Clyde Cave, Paul Conaway, C. J. Crump and Cameron Gault.

It's true that swimmers cannot sink in the Great Salt Lake, but they do risk choking for the water is eight times saltier than the ocean.

Law Officers Give Program At Club

Law enforcement was the order of the day Thursday as the Hereford Kiwanis Club heard comments from several members of Panhandle and state law enforcement agencies.

Speaking before a capacity crowd, Major Luther Moore, Lubbock based district supervisor of The Department of Public Safety, outlined some of the things a citizen can do to aid law enforcement, while Wiley Alexander, Chief of Police of Amarillo Police force commented on Amarillo problems concerning riot control. Also on the program were Chief Deputy Sheriff Bill Rowland of the Deaf Smith County Sheriff's office and Al Bagwell, Hereford city patrolman.

Governor John Connally recently told law enforcement officers that law and order will not break down in Texas and Colonel Homer Garrison reaffirmed this stand by declaring the Department of Public Safety to be ready to assist all local law enforcement officers in any situation that may arise.

Moore said that some 900 to 1000 officers can be mustered in a short time from the Texas Highway Patrol, the Texas Rangers and the State Narcotic Division in the event a situation should arise demanding their use. "But there are some things that private citizens can do to help these law enforcement officers," Moore said. High on the list of helps, according to Moore are:

"Don't repeat rumors. Most rumors, Moore said, are unfounded and you as a citizen should do everything within your power to dispell these unfounded rumors.

"Report any unusual incident to the police no matter how minor you may think it is. Police had rather check out a dozen situations that prove to be legitimate, rather than pass one that might lead to the arrest of a known criminal or prevent a crime.

"Report strangers that might be out late at night.

"Report strangers loitering around business houses for long periods of time. You may prevent a burglary.

"Report any item that might be stolen regardless of how minor. This knowledge might help law enforcement officers in detecting a criminal and preventing a more serious incident.

"Report any open doors at business places at night.

"Report loiterers around schools, movie theatres, etc.

"Report any accosting of children, no matter how minor.

"Report any driver who appears to be intoxicated.

"Protect your own property by locking cars and resident doors, etc.

"Be sure to lock car doors when driving alone. This is especially important for women and girls driving alone at night. Many incidents have occurred where a woman was stopped at a stop sign and someone got into the car with her.

"Become involved in county and state government.

"Support your police and courts.

"Train children to respect law enforcement officers.

Agriculture Meeting Thursday

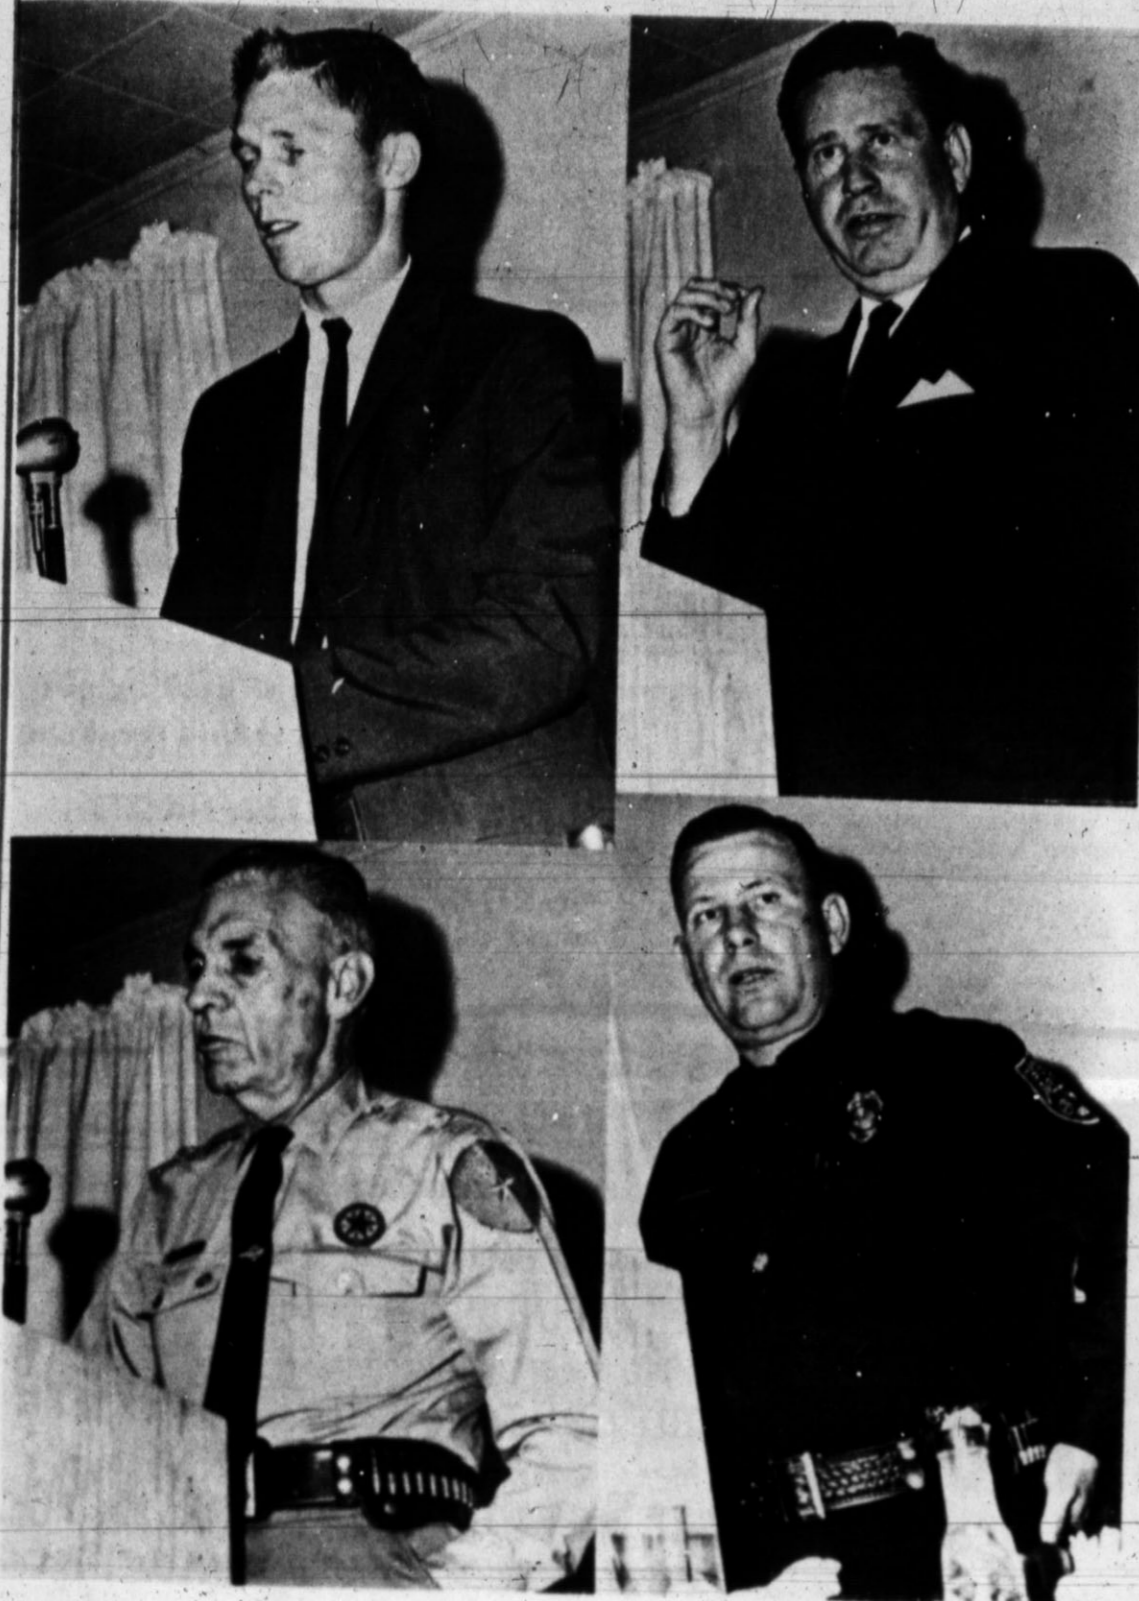

The Agriculture Committee of the Deaf Smith County Chamber of Commerce held its regular meeting on Thursday at 6:30 a. m. in the Cason House at which time several items of business were discussed.

The committee recommended that support and further consideration of a weed control district be dropped until such time as the County Commissioner's Court sees a need for such a district. At that time, the committee will reconsider the proposal.

Also suggested at the meeting was a recommendation to the County Commissioner's Court that a system of designating all County roads be adopted. A subcommittee, to be headed by Bob Williamson, was formed for the purpose of devising a system of presentation of the proposal, as well as study of sign costs.

Present at the meeting were Virgil Marsh, Agriculture Committee Chairman, Chamber President Neil Cooper, O. Z. Golden, Bobby Owen, R. L. Williamson, Jay Boston, Rocky Lee Joe Artho, Ed Wilson, Jr., Waldo Baxter, Bill Lyman, and chamber manager Bill Thompson.

Troubled Hong Kong, the home of some 3,800,000 people, including more than a million refugees from Communist China, is the industrial capital of Southeast Asia. The 398-square-mile British Crown Colony makes everything from drip-dry shirts and steel bars to cotton cloth and canned fried rice. Hong Kong ranks fourth among world movie producers.

Western Michigan football coach Bill Doolittle was 1966 Coach of the Year in the Mid-American Conference.

Following Moore on the program Thursday was Amarillo Chief of Police Wiley Alexander who touched briefly on the controversy arising from the Police Reserve organization that recently raised the ire of leaders of the Negro Community. Bad publicity and poor communications were blamed for the controversy.

Al Bagwell, patrolman for the City of Hereford and Bill Rowland Chief Deputy at the Sheriff's Department commented also on ways and means of helping you local police department to keep law and order.

Neither Rowland nor Bagwell anticipated racial troubles in Hereford, although Rowland emphasized that some problems may arise from labor agitators who have been in town and who will probably return at some later date.

Alexander, in speaking of the racial situation in Amarillo, stated that the city had a few agitators, but that the majority of people in the Negro community were solid, law abiding citizens who would not listen to the trouble makers.

Alexander emphasized however, that his department was trained in all phases of riot control and would be ready for any eventuality.

All four officers reported that their departments were amply equipped and staffed for riot control as well as situations arising from natural disasters.

Sgt. Bill Wells of the Department of Public Safety is program chairman. Other guests included Captain Blackwell, DPS Department Commander from Amarillo, Robert Sanders, local DPS patrolman, Lt. J. H. Dumas of Amarillo and Emmett Duke, local deputy sheriff.

Daringly new! Chevrolet's new line of Super Sports for '68.

Computer-tuned suspension systems. Improved shock absorbers. New double-cushioned rubber body mounts. They all team up to bring you the smoothest, most silent Chevrolet ride ever. A fresh new idea in ventilation comes standard on every 1968 Camaro and Corvette. It's Astro Ventilation, a system that lets air in, but keeps noise and wind out. You'll appreciate all the proved safety features on the '68 Chevrolets, including the GM-developed energy-absorbing steering column and many new ones. More style. More performance. More all-around value. One look tells you these are for the man who loves driving. One demonstration drive shows why!

Officials Oppose Views of Clark

An organization of over 1,000 federal career employees, active in law enforcement, today broke with the Johnson Administration on the question of court-authorized electronic surveillance. The group voiced support for legislation which would permit court-supervised wiretapping and bugging in the investigation of certain major crimes.

Rep. Bob Price, a member of the House Republican Task Force on Crime, today released the text of a statement by the Association of Federal Investigators on electronic surveillance. "It is enormously significant that this Association supports legislation which would give law enforcement a vital investigative tool under strict court control and that, at the same time, they deplore the Attorney General's obstructionism towards federal investigations," Price said.

"Until now the only federal spokesman on this issue has been Attorney General Clark," Price said. "But now, a group of more than 1,000 federal ca-

reer employees active in law enforcement has spoken out in direct opposition to his view.

"The statement of the federal investigators is plain, clear, and unequivocal. Evidently when the Attorney General speaks on this issue he speaks for himself and himself alone. To me, the federal investigators have utterly destroyed any basis for the Administration's position."

John P. Diuguid, counsel to the Association, told Price "From the experience of the membership" electronic surveillance "devices are necessary, useful and effective investigative weapons particularly where organized crime cases are concerned." The Association's statement called the Republican sponsored Electronic Surveillance Control Act of 1967 "a major step" in the war on organized crime.

In a related matter, Rep. Louis C. Wyman (R.-N.H.), also a Crime Task Force member, told the House that the National Association of State Attorneys General had also re-

PALMER NORTON, Publisher of Irrigation Age Magazine, spoke to Hereford Lions Club Wednesday, giving Lions some of the more interesting facts concerning the publication.

cently adopted a formal resolution supporting eavesdropping legislation conforming to Republican proposals. He urged the House to enact this legislation,

cospponsored by Price and other Republicans, as a matter of priority and before the end of the current session.

Local Red Cross Will Handle Donations For Victims Of Hurricane

Disaster-stricken south Texas continues to face new emergencies daily from flooding of diversion irrigation dams caused by the record rainfall following Hurricane Beulah. Flooding is expected to continue through the week in the area around Harlingen and Red Cross emergency care is being provided as more disaster sufferers are forced to flee their homes.

Many agencies, including the local chapter of the American Red Cross have offered assistance, according to J. R. "Monk" Johnson, president of the local group. The Hereford office, he said, is now taking cash donations from those interested in helping the stricken valley residents.

South Texas is the scene of a triple disaster, according to Red Cross disaster experts on the scene — the hurricane, over 50 tornadoes which were spawned by Beulah, and widespread flooding caused by the torrential rainfall. Thirty-five Red Cross chapter areas have been affected by the disaster.

Since the hurricane first struck Texas on September 20, Red Cross has sheltered some 132,000 people and have fed more than 175,000 persons, Johnson said.

Permits Show Residential Building Up

Residential construction dominated the building picture in Hereford during the month of September as permits for 10 new homes were issued.

Permits for both residential and commercial construction during the month totaled \$193,170, with the residential construction accounting for \$178,000 of the amount. The permits were tabulated by the Brand before noon Friday, with about five hours remaining in the month.

For the first nine months in 1967, building permits in Hereford have totaled \$2,370,100. During the same period in 1966, the total was \$2,191,700.

Although the flooding has hampered the work of Red Cross survey teams, the disaster is expected to be a multi-million for Red Cross.

President Johnson this week designated the area a disaster area, and some help will come from federal sources. Others throughout the area, including local Seventh Day Adventists as well as the Paisano Lions Club have pledged their help, but more funds will be needed to handle the thousands of families driven from their homes by the flood waters, Johnson said. Cash donations can be made through the local office, Johnson said, or directly to the chapter or sent to the Red Cross Disaster Headquarters, Hurricane Beulah DR 814, Greyham Bldg., 1208 South Staple Street, Corpus Christi, Texas.

WONDERFUL WATCHDOG

HILLSBORO, Ill. — John Cobetto's dog failed to respond when burglars invaded his coin shop and took more than \$2,000 worth of his collection of coins and bills.

But when Sheriff J. S. Keller came to investigate, he was bitten by the dog and required treatment in Hillsboro hospital.

Hereford Citizen Uses 190.82 Gallons Per Day

During 1966, the average amount of water used per day by each person in Hereford was 190.82 gallons. There also were 801 million gallons of water pumped by the city, which received 12.97 inches of moisture — or 1,006,396,200 gallons of water within the city limits.

The report shows that the city has 20 wells capable of pumping a total of 9,060 gallons per minute, 13,046,400 gallons per day — or 4,761,936,000 gallons per year.

One of the five new wells has not been put in use as yet. Detailed in the report are pumping tests on each well. For example, the No. 1 well drilled in 1935 was tested in 1937 and the pumping level was 100 feet, the static level 80 feet and the well was pumping 600 gallons per minute. The pumping level had dropped to 135 feet in 1960, the static level was 98 feet and the gallons per minute were still at 600.

YOUR HOUSE PLANS SHOULD INCLUDE OURS

We have just the plan to protect that new home of yours. It's the State Farm Homeowners policy—a single, low cost package policy that provides broader coverage for your home and personal belongings. And, it protects you in case of lawsuits, too. So protect your new home from the ground up. See me today about a State Farm Homeowners policy designed to fit your needs.

JERRY SHIPMAN
SUGARLAND MALL

STATE FARM FIRE AND CASUALTY COMPANY • HOME OFFICE, BLOOMINGTON, ILLINOIS

month was February when 33 million gallons were pumped.

Totaling 801 million gallons of water used last year, the report shows that the gallons used monthly in millions included January, 38; February, 31; March, 65; April, 56; May, 81; June, 93; July 129; August, 84; September, 80; October, 56; November, 34, and December, 54.

The "average per capita per day consumption for 1966" of 190.82 gallons was based on a population of 11,500.

In reporting on the "Booster Stations," Bayne detailed equipment at each station. The "C" Street Station has two 2,500 (GPM) gallon per minute booster pumps, and one 1,500 GPM Booster Pump. The station serves seven wells with a total production of 2,890 GPM.

The New York Station has two 2,500 GPM booster pumps and one 750 GPM booster pump which is equipped with auxiliary gasoline standby engines. The station handles eight wells with a total production of 2,400 GPM.

The West Station has two 2,500 GPM booster pumps and one 1,000 GPM booster pump with the auxiliary gasoline standby engine. The station takes care of four wells with a total production of 2,400 GPM.

The city has a total booster capacity of 18,250 GPM, 26,280,000 gallons per day and 9,592,200,000 gallons per year.

Under facilities, the report shows 19 wells producing water, with 18 of them in the Ogallala formation and one in the Santa Rosa formation. There are three masonry booster stations, two 1 million gallon concrete ground storage tanks; one 1 million gallon steel ground storage tank; one 250,000 gallon overhead storage tank; one 400,000 gallon overhead storage tank; two standby engines for booster pumps; four centrifugal booster pumps, 2,500 GPM each; two pot type booster pumps, 2,500 GPM each; one centrifugal booster pump, 1,500 GPM, and one centrifugal booster pump, 750 GPM. The booster stations also are equipped with recording equipment and automatic well starting controls.

During the fiscal year 1966-67, there were 47,584 feet of water lines installed in the city at a cost of \$156,659.22. The lines measured about 10 miles in length. There also were 25,310 feet of sewer lines and 70 manholes installed at a cost of \$99,

Frio News

By MRS. OWEN ANDREWS
Brand Correspondent

Mr. and Mrs. Eugene Baldwin Robin and Brett, and Mrs. B. H. Baldwin are visiting relatives at Dallas, Houston and Austin this week.

Floyd Cole accompanied his father, Earl Cole, to Houston Tuesday for medical attention. Mr. Cole underwent surgery for an artery blockage at a Houston hospital Thursday and was improving the last of the week. Mrs. Earl Cole went to Houston to be with him Thursday and Floyd returned home Friday.

Mrs. H. M. Mobley, Mrs. D. C. Miller and Beverly Cole spent the weekend with the Earl Remos of Midland.

Mrs. H. M. Mobley is spending this weekend visiting her mother, Mrs. Leila Taylor, at Throckmorton. This is a special occasion, when Mrs. Taylor's children gather to celebrate her birthday.

Attending the associational WMU annual meeting at Farwell Thursday were Mrs. Frank Robbins, Mrs. Sam Ogan and Mrs. Charles Self and daughters Jenness and Tori.

Chad Stephan was honoree on his first birthday recently, when relatives and friends took supper with the Stephans. Those attending were Mr. and Mrs. Dale Wright, Judy and Dawn, Mr. and Mrs. Nelson Reiger, Melette and Lanis.

Frio Jolly Workers 4-H club met Friday at Easter Community Center. The program was on Animal Health by Dr. Gene Cope. Mrs. Irene Keating Castro County H. D. Agent, also attended. Club members present were David Hutchins, Bob and Earl Behrends, Raymond and

FHA Project To Supply Gifts For Servicemen

Next project of the Future Homemakers at Hereford High School will be a "salute to soldiers," in which members will purchase such articles as razor blades, soap, toothbrushes and toothpaste, also popcorn and powdered fruit drink mixes.

These will be sent to Viet Nam to be given to American servicemen on duty there.

First project to be completed in this school term was the pre-game salad supper at the school cafeteria Sept. 22, when approximately 700 persons were served. Salads were made by girls in high school and junior high FHA chapters.

Nearly \$500 was realized from this fund-raising project. A major use of the money will be support for a foreign student attending HHS under the American Field Service program.

Chapter officers and sponsors announcing result of the supper project added expressions of appreciation to the public for co-operation in the annual fund-raising effort.

POSTERS ON THE LINE

ALBUQUERQUE — Imagine 200 wet posters hanging on a clothesline to dry.

This was the solution for Mrs. John Diggs and Mrs. John Dixon for silk-screened posters to be distributed in time statewide for advertising the New Mexico Arts and Crafts Fair in Albuquerque.

"They just had to dry," explained Mrs. Dixon.

Reviews Board Stand On Adult Education

A review of the school board's standing on adult education was among the topics discussed at the meeting of the Education Committee of the Deaf Smith

County Chamber of Commerce in a noon meeting at the Hickory Log Restaurant on Friday. Also discussed was a request for committee assistance in surveying community human resources for lectures in special fields of interest and information. The committee moved to undertake a community survey to uncover people who might have special information for students.

Present for the meeting were Leo Forrest, chairman of the committee; Bob Holman, Dr. David Hamblen, Justin McBride, Bob Jones, Andy Shuval, Keith Seroyer, Mrs. Jimmie Gillentine, Hazen Woods, Mrs. James McAndrews, Earnest Langley, Gene Brink, Roy Hartman, John Clark, Jr., and Chamber Manager Bill Thompson.

North Hereford Club President Is Re-Elected

Returned to the office for another year, Mrs. Paul Hoff was elected president of North Hereford Home Demonstration Club Thursday at a meeting in the

The Sunday Brand, Hereford, Texas, Sunday, October 1, 1967

home of Mrs. Roger Williams, who was named vice president. Mrs. Clinton Ward was elected secretary with Mrs. Otto Olson as assistant, Mrs. A. E. Hodges treasurer, Mrs. W. J. Lueb council delegate and Mrs. Hodges alternate, Mrs. Viola Williams reporter.

Mrs. Tony Hoffman gave the program on Clothing Storage. She urged that old and unused clothing be cleared out, remark-

ing that "Any garment which was not been worn in the past year probably will never be worn again."

Others present were Mmes. R. A. Fullwood, Otto Massie, C. L. Whitehead, O. L. Wimmians, Velma Salvino, Philip Gregory and Miss Roberta Campbell.

Veterans In Hospital Are Guests At Party

VETERANS' ORGANIZATIONS and Auxiliaries in Hereford are hosts for monthly parties at the Veterans Administration Hospital in Amarillo, supplying game prizes and refreshments for the patients. The camera went with a host group to the hospital recreation room at a recent party given by the Veterans of Foreign Wars and Ladies Auxiliary.

A PATIENT FROM HEREFORD, Archie Hill, has been served refreshments by Mrs. Wayne Driskill, Auxiliary president, in the candid shot upper left.

WOMEN ARE VETERANS, too, although there are comparatively few among patients in the Amarillo hospital. Marjorie Walker Prewitt of Eldorado, Okla., upper right, says she felt ill at ease when she first entered the hospital, but after becoming acquainted she enjoys the parties. She smiles appreciation of the coffee, cake and ice cream bar served for refreshments.

The Sunday Brand

BASKETS EMPTY, Wayne Driskill, commander of the VFW Post here, John Green and Norman E. Gilmore return to the recreation room from a tour of the hospital where they took candy, gum and snacks as they visited patients unable to leave their rooms.

PROFESSIONAL WORKERS, Frank Ackley, standing right, director of VA Volunteer Services, and John M. Widiczky, assistant, talk over plans for future parties with Mrs. Nola Ralston of the Hereford VFW Auxiliary. The men work with various volunteer groups and individual to make hospital life more pleasant for the ailing veterans.

ALL READY TO PLAY, a patient looks over his bingo card during a game conducted by C. L. Walker, just visible in the background.

CHECKING GAME RESULTS, Mrs. Henry Murrell helps in the entertainment with other Auxiliary members before serving the homemade cakes and other refreshments they took for the party.

PAST PRESIDENT of Hereford VFW Auxiliary, Mrs. Orpha Nickerson is usually one of the hostesses when members from this city entertain the veterans.

ART GUILD OFFICERS — Paintings done by Hereford Art Guild members during the vacation months were on view at the first fall meeting this week. Mrs. A. E. Guinn, vice president, Mrs. Hilrey Aven, president, and Miss Lucille Park, reporter, examine Mrs. Aven's painting on velvet of a Scotch piper, one of the numerous works shown. Not pictured is the Guild secretary-treasurer, Mrs. Mark Schaffner.

Women's Rights Backer Cheered

Holding the attention of some 50 persons, members and guests of Deaf Smith County Federation of Women's Clubs, Hermine D. Tobolowsky of Dallas related Friday noon a series of actual cases illustrating her plea for a change in Texas laws to give women equal legal rights. Applause and a period of eager questioning followed the talk by the woman-lawyer who has become nationally known as a champion of women's rights. She cited numerous instances of tragic injustice to women and

their children under present state laws, some of which date back to the mid-1800's when Texas became a state. She insists that piecemeal changes in the law is too slow, and that a bill for equal legal rights which has come before the Texas legislature at several past sessions should be passed. Cases appealed to federal courts under the plea of equal rights for all citizens now are being decided in favor of women, she says, but she hopes that instead of federal courts over-

riding state laws, the Texas lawmakers will themselves solve the problem by changing laws which she calls unjust and obsolete.

As one questioner inquired, "What can we do about this?" she urged that women check the record of their legislators and be prepared to vote in the next election for lawmakers who will back the equal rights bill.

Mrs. A. B. Higgins, program chairman of the county federation, introduced the speaker. Mrs. C. D. Kelton presided at the luncheon in Community Center. A few men were among the guests who heard the speaker.

Hostess clubs were Hereford Garden, LaPlata, Pioneer and La Aflatus Estudio. This was the fall quarterly meeting of the federation, which will have its next program Jan. 30.

Officers Of Night WMS Installed At Church

With Mrs. B. A. Reddell as president, officers were installed in Night Circles of First Baptist Women's Missionary Society at a program in the church Thursday evening. Mrs. Gwynn Owens conducted a joint installation for Day and Night Circles. Officers were charged with

their duties before a lighted cross. They include Mrs. A. O. Thompson, vice president; Mrs. Otis Lee, secretary-treasurer, and Mrs. Clyde Rayburn, pianist.

Also the chairmen: Mrs. L. H. Lookingbill Sr., program; Mrs. Lynn Kester, prayer; Mrs.

J. O. Clark, mission study; Mrs. Sam Morgan, community mission; Mrs. Cecil Oglesby, benevolence; Mrs. Clinton Jackson, publicity; Mrs. Cecil Braly, stewardship; Mrs. Clyde Rayburn, social.

Each member was asked to invite a prospective member to the next meeting, a salad supper at the church Oct. 12. Women of the church who cannot attend daytime meetings are all invited to the Night Circles.

Homes Tour Schedule Completed

Homes to be toured in the annual flower show event sponsored by Garden Beautiful Club Oct. 13 will be those of the L. O. Wilsons, 322 Centre; the Frances Hills, 217 Ranger; the Raymond Fries, 148 Liveoak, and the C. F. Newsoms, next door at 150 Liveoak.

Tour arrangements are being made by the club's flower show committee, with Mrs. Ray Cow-

sert as chairman, and ways and means committee headed by Mrs. Leo Witkowski.

Tickets are on sale by Garden Beautiful members and the tour is open to all area residents. Flower arrangements made by members will be placed in appropriate settings in the four homes.

Mrs. Roy Smith is finance chairman and Mrs. Tom Carter advertising chairman for the tour. On Mrs. Cowser's committee are Mmes. Homer Newton, E. W. Young and Carl Swanson; serving with Mrs. Witkowski are Mrs. Deward Robertson and Mrs. J. Howard Walker.

PICNIC TABLES FROM PEN

FRANKFORD, Ky. — Prisoners at Kentucky State Penitentiary are building 1,500 picnic tables to be used at state parks and shrines.

Club Holds Meeting In Fabric Shop

Three new members received in Young Mothers Study Club at its meeting this week are Mmes. Travis McPherson, Gary Price and Chesley Johnston. Mrs. A. T. Griffin was hostess at Tannahill's Fabric Shop.

Mrs. Maurice Tannahill was the guest speaker who showed new fabrics and new sewing aids to club members. Mrs. Ray Simpson presided for business.

Mrs. Wilton Green and Mrs. Charles Brown were guests, and 15 members were present.

Officers Installed And New Members Welcomed By Guild

At the initial meeting of a new year, officers were installed in St. Anthony's Guild at a Thursday evening meeting in St. Anthony's Catholic Church. Mrs. Elmer Reinart became president, succeeding Mrs. Ed Bezner.

Mrs. George Turrentine installed officers, presenting each a religious medal attached to a card with a Bible verse pertaining to her duties. The Rev. Angelus Delahunt, Guild moderator, thanked retiring officers for their services and welcomed the new.

Mrs. William Gilleland is the vice president, Mrs. Frederick Haug secretary, Mrs. E. N. Reinart treasurer, Mrs. Leon Vinton Parliamentarian and Mrs. C. P. Urbanczyk reporter.

New members welcomed at the start of a year are Mrs. Tony Hoffman, Carl Kleuskens, Mark Koenig, Carl McFaul, Raymond Paetzold, Howard

Walker, Joe Schumacker, Oscar Schwertner and Raymond Schlabs.

Yearbooks with programs for the coming months were distributed. Hostesses, Mmes. John Dupnik, Walt Warren, Ha old Kreighshauer and Mat Jesko served refreshments to a guest, Mrs. V. L. Almanza, and 37 members. The door prize went to Mrs. Mabel Wagner.

CARD OF THANKS

To the many friends whose visits, messages and flowers were so welcome during the illness and at the death of Fred Higgins, we wish to express our most sincere thanks. We appreciate the services of doctors and nurses, and the kindness of neighbors who visited in our home and sent food for our meals. May God bless each of you.

The Higgins Family

Correction Made

A "dropped line" in an accident story in Thursday's Hereford Brand left some confusion as to how the two car wreck could have happened.

A paragraph stated that "officers were told that the Noggler vehicle was going east on Lake Street when they collided at the intersection."

The story should have read "officers were told that the Noggler vehicle was going south on Knight Street and the Martinez car was going east on Lake Street when they collided at the intersection."

CARD OF THANKS

I am most grateful for calls, flowers and cards from friends during my recent stay in the hospital. Your thoughtfulness was most comforting and helpful, and I take this means of thanking each of you. Especial thanks are due Dr. Ballard and the efficient personnel at the hospital whose work contributed to my recovery.

Mrs. Fred Higgins.

Members Become Sudden Speakers

Assigned topics for three-minute speeches, with no advance notice, members of La Madre Mia Club presented an amusing if not informative program at their meeting Thursday evening. Mrs. Lee Drake and Mrs. Ben Scott were hostesses in the Drake home.

Mrs. Herschel Black, leader of the program with the subject, Potpourri, explained that the word implied a wide variety of topics and began reading from the dictionary. At her fellow-members' laughing protests she gave them the speech topics.

Talks were heard on Cattle Judging, How a Sky-Diver Feels, How To Bait a Fishhook and other subjects of which the speakers knew little.

Assistance in an inter-club project for giving chauffeur service to residents of Kings Manor was planned in the business

period, with Mrs. Harvey Penner presiding. Club members also voted to sponsor a Bluebird group in the Camp Fire Girl program, and to contribute to the United Fund drive. A rummage sale was slated to raise funds.

Mrs. Waldo Baxter was a guest at the meeting. Members attending included Mmes. Don Walsler, Travis Taylor, Eugene Sparks, John E. Smith, Bobby Owen, Harold Morton, G. C. Merritt, Bill Lankford, Ray Don King, David Honea, Dean Herring, Joe Hacker, Charles Frye, Jon Cranford, Carl Carlile and Lynn Allred.

ROAD TO WHITE HOUSE
QUINCY, Mass. — John Adams, second President of the United States, began his career as a surveyor of roads in Braintree, Mass.

IN MOD MODE — Frantic prints in startling colors made the mini-skirted frocks worn by hostesses at Hereford Study Club's first fall meeting recently in Mrs. Labry Ballard's home. Dangling earrings added a further mod touch to their costumes as they greeted guests for a spaghetti supper. From left are Mrs. Elmer Kimball, Mrs. Ballard and Mrs. Richard Winget.

National Award Given News Media

Citations from the National Federation of Music Clubs for publicity on the observance of National Music Week in Here-

ford last spring have been presented to The Hereford Brand and radio station KPAN this week.

Denoting an Award of Merit in public relations, the certificates were given to Mrs. A. O. Thompson, board member of the Texas Federation of Music Clubs, at the fall board meeting in Kerrville recently, for delivery to the recipients.

News stories and a picture page in The Brand, announcements and a series of musical programs on KPAN called attention of area residents to Music Week in May. Arrangements were made through the Music Study Club of Hereford, Dawn Music Club and directors of music in schools and churches of the city.

Appreciation To Merchants

By Mrs. Argen Draper
Home Demonstration Agent

Our many things to the 31 merchants who cooperated with 4-H clubs in subscribing to the farm magazine. The drive was completed Friday noon and 4-H leaders were pleased with the response.

APPROXIMATELY 310 persons will be receiving the complimentary magazine. The merchants would like to know if you get the magazine, your feelings about it and naturally your expression of thanks for it.

The most satisfying thing about this project was the sincere appreciation expressed by the merchants for the value of 4-H work in the county and the area. The many youth organizations in Deaf Smith have the devoted support of people because so many worthwhile things are being done by many interested adults. Thanks, folks!

NATIONAL 4-H WEEK is being celebrated in a variety of ways in the county. I hope all of you will observe and study the exhibits around town and other ways the members are telling you of their work. If you miss 4-H members and leaders in their regular church pews Sunday morning, it will be that members are attending services in a group at the Church of Nazarene. The arrangements were made by Melvin Jayroe, who is a strong supporter of youth work.

I think you will agree with the theme: "4-H, A World of Opportunity."

WEDNESDAY, THE District Extension Agents for District I were in Hereford appraising the county program. After checking the files, reports and accomplishments of County Program Building Committee, the county got a good report.

It seems that the Program Building Committee and PEP are out in front in doing some outstanding work. Sam Morgan, Leo Witkowski, and Mrs. Bess Werner were invited in to meet with the committee to tell some of the activities.

CARROTS being a gamour food, here are some interesting recipes using these nutritious vegetables. There is a very good leaflet of carrot recipes in the office.

Sift together:
1 1/2 cup flour
1 tsp. cinnamon
1 tsp. soda
1/4 tsp. salt
Add: 1 c. brown sugar to

Key Club To Hold Meeting

1 tsp. salt
Grind pears and vegetables.
Cook 1 hour, stirring often. Oh boy! My family really goes for this.

held Monday night at 7:30 p. m. according to Don Maxwell, President of the organization. The meeting will be held at the Hickory Log restaurant.

The Key Club is sponsored by the local Kiwanis Club and all Kiwanians are welcome to attend, Maxwell said.

Migrating whistling swans fly so high and fast that they are almost invisible from the ground.

Main Street

member of the Finance Committee which approved the campaign subsidy plan. He favors the tax credit for small contributors but terms the direct subsidy from The Treasury "outrageous."

He said: "At a time when the Federal deficit is \$25 billion to \$30 billion and we are talking about increasing taxes, it's unbelievable that Congress and the Administration would ask their grandchildren to finance the 1968 election. The money isn't in the Treasury." Long Sees Corruption Ended On the other hand, the chief proponent of the bill, Sen. Long, sees the plan as a means to

end dependence on big donors, who expect and often receive favors in return for their financial aid to candidates for office. "Until today," he said, when the bill was approved by his committee, "the financing of political campaigns was the shadowy, backroom skeleton in the closet of American government. With this bill, we prepare to put it honestly and unashamedly in the full light of day on Main Street."

His bill, he argued, "is no pious pretense as has too often occurred in the past. This is the hard-headed judgment of practical men in government as to how best to eliminate corrupt and improper influences."

Another advocate who led the fight against an earlier Long subsidy plan is Sen. Albert Gore (D., Tenn.). He called the bill "an historic measure, the most far-reaching electoral reform since the Constitutional amendment providing direct election of Senators."

Engagement Announced

Mr. and Mrs. C. N. John, Route 1, announce the engagement of their daughter, Sharon Ann, to Robert Keith Munro, son of Mrs. Ed Munro of Mt. Vernon, Wash., and the late Mr. Munro. Miss John and her fiancé are students at Oklahoma Christian College, Oklahoma City.

The marriage is planned for Dec. 29 in the Mabee Building on the campus of Lubbock Christian College, which the couple formerly attended. Lubbock is the former home of the John family and the bride-elect spent most of her school years there, although she was graduated from Hereford High School.

Casa de Amigos

The tutoring projects that have been flourishing across the United States have a twofold purpose. The first is centered around academic improvement and the second is concerned with the establishment of a beneficial, personal relationship for the underprivileged child.

With the great demands made, in recent years, on the educational system of the United States, many children have become underachievers. This is especially true in school systems that are faced with the problems associated with poverty. For various reasons these children fail to maintain adequate scholastic standing and fall behind their grade level. Interested citizens have formed numerous volunteer groups aimed at combatting this problem. They have given money, materials, and most important of all, their time to the improvement of the potential ability of these children. They are known as tutors.

The tutor may be a high school student or a college student, a housewife, an employed or retired adult. Tutoring may take place in private homes, churches, libraries, or any other suitable study place. The tutor and child usually meet about twice a week for an hour at a time. Tutoring is not a school project and is done during the tutor's free time. He chooses the time, place, and kinds of things to be done.

The tutor attempts to relate, on a one to one basis, with a child in need of help. Because of his many failures in school and social life this child needs to be accepted and respected by an interested person. A tutor can answer this need by giving of his time and by encouraging self respect in the child.

By helping with homework or remedial math and reading, the tutor provides necessary supplemental education for the child. This additional help may eventually enable the child to achieve his potential in school. This could mean attainment of his normal grade level.

There are many children from Spanish-speaking homes in Hereford that are in need of tutoring. Because they lack a basic background in English when they begin school, they rapidly fall behind their English speaking classmates. They lack the home and family background that encourages school participation, attendance and homework. Precious class time is also lost, as families move several times during the school year to follow the crops. The difficulties school presents become a series of defeats that reinforces an already negative attitude toward school.

Tutoring is needed in all elementary subjects, but especially in the area of English usage and comprehension. For example, a child who cannot read his fourth grade reader cannot possibly comprehend his fourth grade geography, science or history book.

In March of 1967, such a tutoring program was established under the direction of the Casa de Amigos. It was set up in accordance with similar projects located in other communities across the nation. The program was concerned mainly with children from St. Joseph's School, because of its close association with the problems just mentioned. Approximately twenty-five Hereford students took part in the tutoring project.

The tutors consisted mainly of Hereford High School students and several interested adults. They picked up the school children once or twice a week in the late afternoon. These afternoons were spent in various places and were concerned with academic improvement, broadening cultural background and developing better personal relationships. Changing the attitudes of one of these children towards school and society may result in academic interest and improvement without further tutoring.

The Casa de Amigos is once again sponsoring a tutoring project for the children at St. Joseph's School. Several VISTA workers are recruiting volunteers from various youth groups. The need for tutors is great. Anyone interested in tutoring can obtain further information and help by contacting one of the VISTA workers (364-4457).
Mary Shinnick

School Menus

—Small Talk—

By SUE COLEMAN
Women's Editor

Probably there are good reasons in every case, but it has bothered me that so many big trees in the older parts of Hereford have been cut down in recent months. Now I just hope that young trees will be planted to replace every one that was taken out.

LANDSCAPE EXPERTS don't agree at all, but after spending all my life in tree-scarce West Texas any tree in any location looks good to me and there would have to be an extraordinary reason to gain my consent to cut one.

Nothing that a civic beautification committee can do to make a town more attractive, can provoke more favorable comment than tree-lined streets, so I'm sorry that trees along curbsides are not stylish just now, and there will be fewer and fewer streets of the future overarched with trees.

NEARLY ALL THE people in other towns whom I've heard say "Hereford is a pretty town to drive through," go ahead and add, "It has so many pretty trees." They are talking about trees along the streets, where

they show up to people driving through.

So I'll continue to hope that people plant trees on curbs where the experts say not to put them, instead of all in backyards where they do make nice backgrounds for the houses but don't do a thing to shade the streets.

SAW MRS. R. L. WILSON in a grocery shopping encounter the other day, and she says she is nicely settled in her new house, the furniture is in place and the house looks great. But not the yard, she said with a change of tone.

The yard she left on Star Street was a gardener's showplace, with blooms almost the year around, huge trees, thick grass and plenty of shrubs.

Now she is starting from bare ground to build up a new one — and since a genuine gardener is never happier than when he is making things grow where none did before I'm sure Mrs. W. is enjoying the work. Especially as she is moving a good many of her choice plants from the former home.

DROPPING BY THE office to leave some information about the Garden Beautiful home tour which is less than two weeks away now, Mrs. Leo Witkowski mentioned that a recent letter from her son Gerald, a freshman at A&M this fall, indicated that he is bugged by biology.

He told his family that he drew an instructor whose classes are reputed to have a high mortality rate, and to make things worse it isn't wise for a student to complain to the teacher that the textbook doesn't make the subject clear. The teacher wrote the book.

Gerald is in an Air Force ROTC Unit and his mother suspects that he is having to work pretty hard there, too — and that it's good for him.

READING FOR PLEASURE

Lady In Arms is a true story told by an army-career man's wife, Virginia Weisel Johnson, covering a period before WWII to present retirement.

In spite of the seriousness of the matter presented — and her husband was very serious about his career and duties — it is gayly written. It is told with a freshness one might expect from a western woman. She was born and reared in Montana, which is the site of their present home.

The years in service sent them to many states and to foreign lands. They met many famous personages both in and out of the military world — a group all its own.

Military regulations at first did not bother her very much in spite of the fact that to her husband every command was a law to be obeyed faithfully.

Because of his ability to organize, carry out orders and his love of his work he was often able to bring order out of chaos. She resented the fact that he did not always get credit. But he did not seem to mind. She could not understand how an army man could be so honorable about this and other personal accomplishments.

She learned in time to be a first-rate army wife and to accept responsibility and leadership of his position; and she also came to love army life.

In the fiction class, in the best seller group, and every popular is the romantic novel of **The King of the Castle** by Victoria Holt.

Some unusual slants, such as the location in an old castle of France surrounded by vineyards add interest to the love story. The heroine is of French-English descent with the training of an art restorer and an interest in historic buildings such as the castle. The hero has part-time characteristics of a villain. And there is a mystery element, all of which makes it a fast moving romance.

Sunshine Club To Make Gifts

Plans for sending a box of sweets to a soldier in Viet Nam, and Christmas gifts to Boys Ranch, were made at a recent meeting of the Sunshine Club in Mrs. C. E. Watts' home. Mrs. M. J. Koelzer presided.

A Thanksgiving supper was scheduled for Nov. 14 with Mrs. George Miner as hostess. The next meeting, Oct. 10, will be with Mrs. Clint Lundry. Mrs. Clois Kemp received the hostess gift and Mrs. Miner the penny ante gift.

Club officers elected at a previous meeting for next year are Mrs. Elmer Jones, president; Mrs. Lundry, vice president; Mrs. Miner, secretary-treasurer; Mrs. Watts, reporter. On the gift committee are Mmes. Harold Jacks and Pete Carmack, recreation committee Mmes Koelzer and Merl Findley, Food committee Mmes. Edith Sheppard and Kemp, year book committee Mmes. Jacks and Findley.

TSTA To Meet Monday, Oct. 9

The first meeting of the school year of the Texas State Teacher's Association will be held on Monday, Oct. 9, at the High School Auditorium, according to Gary Billingsley, publicity chairman for that organization.

Guest speaker at that time will be Harry Vanderpool, minister of Polk Street Methodist Church in Amarillo. Mr. Vanderpool is a frequent speaker at educational meetings in this area.

The public is invited to attend.

HIGHLIGHTS AND SIDELIGHTS

Five Senators Complete Committee Membership

By VERN SANFORD
Texas Press Association
AUSTIN, Tex. — Constitutional Revision Commission is busy revising or rewriting the basic document which has governed Texas since 1876.

Before it could start, it rounded out its membership by naming five senators.
L. Gov. Preston Smith refused to name the Senators. He says the Commission was not legally authorized. It was created by a simple House resolution and the Senate did not concur.

Senators chosen by the Commission itself were A. M. Aikin of Paris, Grady Hazlewood of Amarillo, J. P. Word of Meridian, Don Kennard of Ft. Worth and Henry Grover of Houston.
Gov. John Connally opened the Commission's meeting by urging its members "to make some very profound recommendations about the structure of Texas government without removing fundamental safeguards."

Connally said the commission should "eliminate those portions (of the Constitution) which are outmoded and no longer applicable."

Commission Chairman Robert Storey, a Dallas attorney, said the 25-member commission, which will report to the 61st Legislature in 1969, should try to write a brand new constitution.

Recommendations of the Commission must go first to the Legislature. If two-thirds of the lawmakers agree that the proposed revision is worth submitting to voters, a statewide election will be required before any changes can go into effect.

Larry Temple, executive assistant to Governor Connally, was designated secretary and chairman of the drafting committee. San Antonio Mayor W. W. McAllister was named vice-chairman.

Legal or not, the group will devote 14 months to the project. Eight committees were named to study various parts of the Constitution — executive, legislative, judicial, political subdivisions, bill of rights, education, revenue and taxation, and drafting.

HURRICANE ACTION

SERVICE-TOONS

by Corinne Moore

"I know giving credit sometimes BREAKS UP a friendship... but after all, we're not VERY good friends anyway!"

See how friendly our credit policy is... and our service is the friendliest in town.
Moore Bros. Shamrock Service phone 364-0003 "Where Hiway 60 Meets 385"

be sought by Governor Connally for Rio Grande Valley and Texas coastal areas ravaged by Hurricane Beulah.

Small Business Administration early declared SBA relief loans were available to firms in the hurricane-devastated sections.

State Insurance Board dispatched experts to the Valley to help interpret the fine print of policies. Insurance companies, which paid out \$120,000,000 in Hurricane Carla losses six years ago, moved to implement "catastrophe plans" for speeding claims handling.

Board officials advised that Texas insurance policies do not cover losses due solely to flood waters or wave damage, although some do provide coverage against wind-driven rains, as well as wind damage.

Source of controversy surrounding Carla policies mainly involved losses caused by both wind and water and assessment of that portion attributable to hurricane winds.

Railroad Commission delayed setting oil allowable for October pending a survey of how Hurricane Beulah affected Gulf Coast refining capacity.

GOOD WATER FOR BAD

A new federal government policy demanding commitment of water in order to control states stream pollution may leave Texas no water for its cities industry and agriculture.

Governor Connally told a conference on regional planning and development that the U. S. Army Corps of Engineers wants the state to guarantee release of 1,400,000 acre feet of water per year into the Red River for the next century so as to upgrade quality.

A head-on clash between the state and federal government arose over a contract for the Cooper Dam and Reservoir in Northeast Texas. Corps of Engineers demanded that the state allocate 63,370 acre feet of water a year from Lake Texarkana to control Red River pollution.

At the time the contract was signed, Texas Water Development Board informed President Johnson that the state faces potential permanent loss of 192,000 acre feet from the Red River area below Lake Texoma and possible ultimate loss of 1,500,000 to 2,000,000 acre feet from all Texas waters to federal jurisdiction if the Corps policy stands.

Board claimed the policy would further invalidate any planned major redistribution of the state surface water supply proposed in its \$3,600,000,000 water plan.

"If that policy stands," Connally said, "there will be no water left for cities, industries or agriculture. If the water quality controls that Texas is asked to guarantee are put into effect, all present and prospective edams on the San Antonio River would not meet these requirements, let alone needs of the San Antonio area."

Atty. Gen. Crawford Martin has been asked to rule on validity of the Cooper Reservoir contract because of the provision giving federal agencies the right to release Sulphur River water for water quality control. He is expected to rule that the Water Development Board had no authority to sign it. Nobody seems quite sure what will happen after that.

Executive Director of the WDB, Joe G. Moore Jr., says conflict over the stream-flushing requirement will have to be settled at top state-national level.

Reps. Bill Rapp of Raymondville, Charles Finnell of Holliday, Gerhardt Schulle of San

Marcos, Toney Dramberger of San Antonio and Bill Pickett of Karnes City were named by Speaker Ben Barnes to House Interim Committee on Importation and Grading of Eggs.

Dr. H.R. Byers of Texas A&M University, Plainview farmer F. F. Calhoun, Southern Methodist University Law Professor Dr. Howard J. Taubendorf, State Sen. J. F. Christi of El Paso and Dallas Engineer George M. Parker were appointed to the Water Development Board's Weather Modification Advisory Committee.

Reps. Carl Parker of Port Arthur, Fred Orr of DeSoto and David Crews of Conroe are new members of House Interim Committee on Uninsured Motorists.

MUNICIPAL RIGHTS DIVISION

Texas Water Rights Commission, in effect, reversed a district court decision when it approved 18 applications for Rio Grande Valley water rights.

In bypassing the decision of Judge J. H. Starley of Pecos (in Edinburg's 93rd District Court), the Commission assured water supplies for most R.G. Grande Valley cities for populations double those of 1965.

Starley had allocated water on the basis of acreage. Commission allocated it on the basis of population.

Even with the Board's decision, irrigation rights still are unsettled in the now famous Rio Grande Valley water dispute.

"Only when the suit is final," says Commission Executive Director Frank Booth, "will irrigation rights be established. Municipalities, however, always will get the water first, and irrigation will be subordinate to that."

WELFARE BENEFITS INCREASE
More than 240,000 needy Texans will get small raises in their welfare checks effective October 1.

Burton G. Hackney, commissioner of State Department of Public Welfare, says old age assistance recipients will receive \$4 a month more and those eligible for aid to the permanently and totally disabled \$5 more.

New maximum OAA grants will be \$104 a month and disability top grants, \$79 a month. Increases will benefit 228,567 on OAA rolls and 11,450 on disabled rolls.

Legislature this year made raises possible by increasing appropriations for OAA by \$6,500,000 and aid to the disabled by \$1,000,000.

ATTORNEY GENERAL RULES

House Bill 78 of the 60th Legislature, which would repeal certain fees for attorneys and physicians under court appointment, is unconstitutional, says Attorney General Martin.

In other opinions Martin held that:
*State Water Quality Board has authority to enforce water control standards adopted last June by its predecessor agency the State Water Pollution Control Board.

*Law setting fees for county clerks and recorders did not repeal provisions for state apportionment of funds to county officers salary funds for services rendered.

*Four years is the limit for deficiency determination and suit to collect state sales tax.

*State is required to pay filing and recording fees on tax liens.

BOARD APPROVES TRACTS
Texas School Land Board has approved several tracts for sealed bid oil and gas leasing on November 7 with the standard one-sixth royalty and annual rental requirements. Oil and gas lease sale will include 163 tracts of 146,000 acres in the Gulf of Mexico, 222 bay tracts of 119,000 acres, 53 upland tracts of 20,000 acres in West Texas and 42 riverbed tracts of 3,500 acres.

Board also will offer for sulphur leasing one 50-acre tract in Brazoria County and 23 upland tracts in Reeves and Culbertson counties.

APPOINTMENTS
Reps. Bill Rapp of Raymondville, Charles Finnell of Holliday, Gerhardt Schulle of San

L. J. Clark Is Bowler Of Week In Major League

L. J. Clark was named "bowler of the week" in the Major League during the past week as he rolled a 662.

Clark had the best "High 3 Games" with a 569; L. V. Watts had the best "High Single Game" with 220; Hacker and Son Meat Co. had the "High Single Team" with 1108, and also the "High 3 Game Team" with a 3197.

Results of the games Tuesday night included Summerfield Fertilizer, 4-0 over Boyd Machine Shop; Hacker and Son Meat Co. 4-0 over Hereford Flying Service; West Park "66," 4-0 over Sunset Lanes; Klub Island Capri, 3-1 over Hedrick Dodge, and Ink Spot, 3-1 over City Cab Co.

The league standings include Ink Spot, 8-4; City Cab Co., 8-4; West Park "66," 7-5; Hacker and Son Meat Co., 6-6; Summerfield Fertilizer, 6-6; Klub Island Capri, 6-6; Sunset Lanes, 5-7; Hedrick Dodge, 5-7; Hereford Flying Service, 5-7; and Boyd Machine Shop, 4-8.

Talk of Texas

By JACK MAGUIRE

ADD HISTORY'S MYSTERIES — Why did Captain James Hughes Callahan and his Texas Rangers burn the town of Piedras Negras, Mexico, on October 6, 1855?

Most history books say that Governor E. M. Pease ordered the Rangers there to stop marauding Indians. Others, however, believe that Hughes and his men crossed the border as paid vigilantes for rich Texas slave-owners.

During the 1850's, an estimated 4,000 Negro slaves fled from their Texas masters to sanctuary and freedom in Mexico. Many Texans — including Sam Houston and John S. (Rip) Ford — demanded that force be used if necessary to get them back. Ranger Captain Callahan himself was among those who had lost many slaves to Mexico.

Whatever his reasons for invading Mexico may have been, Callahan and his Rangers were defeated by a force of Seminole Indians and Negroes. To cover his retreat, Callahan burned the town of Piedras Negras.

PORKER TOWN — Hogs once were permitted to roam the streets of Dallas at will, but dogs could do so only if a tax was paid on them.

Originally, Dallas had city ordinances requiring hogs to be penned. In 1871, however, the citizens demanded that both the hog and the dog laws be repealed. The Board of Aldermen voted unanimously to repeal the hog law and let porkers root anywhere they pleased. But by a 3 to 2 vote, they decided that dogs should be kept in a pen — unless an annual tax was paid on them.

BIG COOLER — Houston's Astrodome is the only air-conditioned stadium in the world.

THE PASTRY WAR — A unique "war" between France and Mexico gave the community of Flour Bluff, on Corpus Christi Bay, its name.

In the mid-1830's, a Frenchman who operated a bakery in Mexico had his shop looted of goodies by some Mexican soldiers. He appealed to his government for redress. France responded by sending marines to Vera Cruz and blockading other Mexican ports. The incident is remembered by history as "The Pastry War."

No battles were fought, but Mexico did find itself short of flour as a result of the blockade. In September, 1838, Texas soldiers surprised a band of Mexican smugglers loading flour on a merchant ship in Corpus Christi Bay. The smugglers fled, leaving 100 barrels of flour behind. The site of the incident has been known as Flour Bluff since.

TRAVELING TEXAS — It's possible to visit a jungle, dense with tropical plants and alive with the sound of exotic birds, almost within the shadows of Houston's skyscrapers.

Hermann Park Zoo's unusual "Rain Forest" was created near the heart of Texas' largest city by the use of air conditioning and careful humidity control. The jungle includes hundreds of species of uncaged birds, tropical plants from all over the world and even a two-story high waterfall. (Copyright, 1967, by Jack Maguire)

Edward Adams Participates In Vietnam Action

U. S. ARMY, VIETNAM (AHTNC) — Army Private First Class Edward E. Adams, 27, son of Mr. and Mrs. Lyman H. Adams, Friona, Tex., is participating in "Operation Wheeler" in Vietnam, with other members of the 101st Airborne Division's 1st Brigade.

Wheeler, which began Sept. 12 near Chu Lai, is the fifth

operation the brigade has been in since joining Task Force Oregon in May.

In four months of action, the men of the Screaming Eagle brigade have accounted for more than 1,300 enemy killed.

Pvt. Adams, an ammunition Headquarters Company, 2nd supply specialist, is assigned to Battalion of the brigade's 327th Infantry.

Dog-loving Berliners have a bathing beach just for their pets. On hot summer days, hundreds of dogs are brought to swim at the Hundebadestelle

Five Games Set For This Week
 More outstanding football will be on tap for local fans this week as five games are sched-uled.
 The action will begin at 6 p. m. Tuesday when the Stanton Junior High 7th and 8th grade teams open their season by hosting Littlefield. La Pla-ta's 7th and 8th grade teams have the week off and begin play next Tuesday in Tulla.
 At 6 p. m. Thursday, the Stanton Junior High Freshmen will play host to the Plainview Red Pups in Whiteface Stadium. La Plata's freshmen will be idle until Oct. 12, when they play Dimmitt in Hereford.
 The Hereford "B" team will travel to Clovis, N. M. Thurs-day for a 6:30 p. m. (MST) game with Clovis.
 Also Thursday night, the Hereford Junior Varsity will travel to Hart for a 7:30 game with Hart.
 Climaxing the week's play will be the Hereford Whiteface-Portales, N. M. Rams game in Whiteface Stadium at 8 p. m. Friday.

24, Blk. 11, Original Town.
 Roy M. Cline Jr. to Ronald L. Zimmerman; The W. 60 ft. of the E. 310 ft. of Lot 1, Thun-derbird Addition.

EVERYBODY READY?

OKAY, I'M TURNING OUT THE LIGHTS NOW!

LET'S ALL SETTLE DOWN AND GET SOME SLEEP

SIGH! I CAN'T SEEM TO RELAX

TRY COUNTING HOW MANY TIMES YOU'VE BEEN ON K.P.

DON'T FORGET... TOMORROW'S MY TURN TO BE FIRST AT THE SINK

HEY, DID YOU HEAR THE ONE ABOUT THE MONKEY AND THE EGG?

YEAH! EVERYONE'S HEARD THAT ONE!

DID YOU GUYS SEE OLD HALTRACK IN SWIMMING TRUNKS TODAY?

MAN, AM I POOPED!

I HOPE IT RAINS TOMORROW

MAN, THAT WAS LOUSY CHOW TONIGHT UGH!

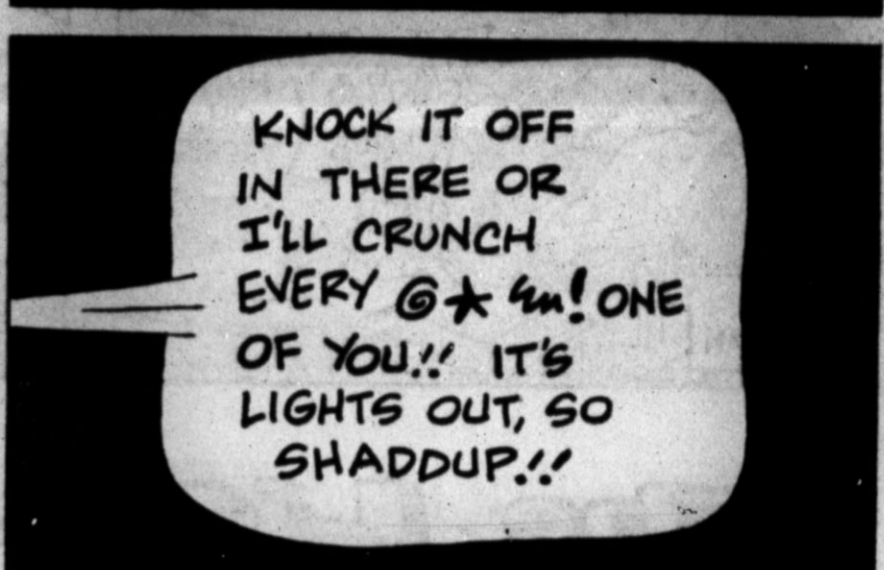

GOOD MOVIE, THOUGH

DIDN'T DO MUCH FOR MY STOMACH

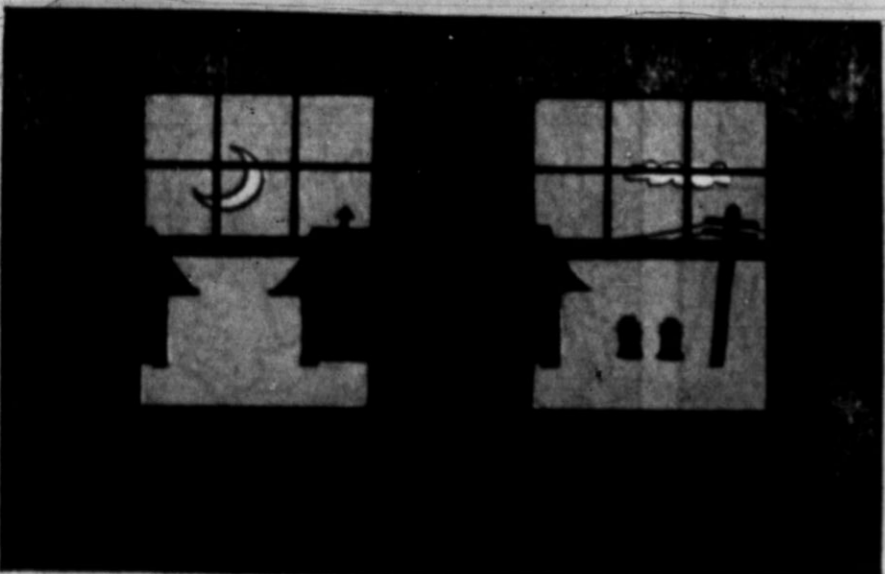

WHO'S GOT SOMETHING TO EAT?

I HAVE SOME COOKIES FROM MY OLD LADY

NO, YOU DON'T. WE ATE THEM ALL

KNOCK IT OFF IN THERE OR I'LL CRUNCH EVERY @*%#! ONE OF YOU!! IT'S LIGHTS OUT, SO SHADDUP!!

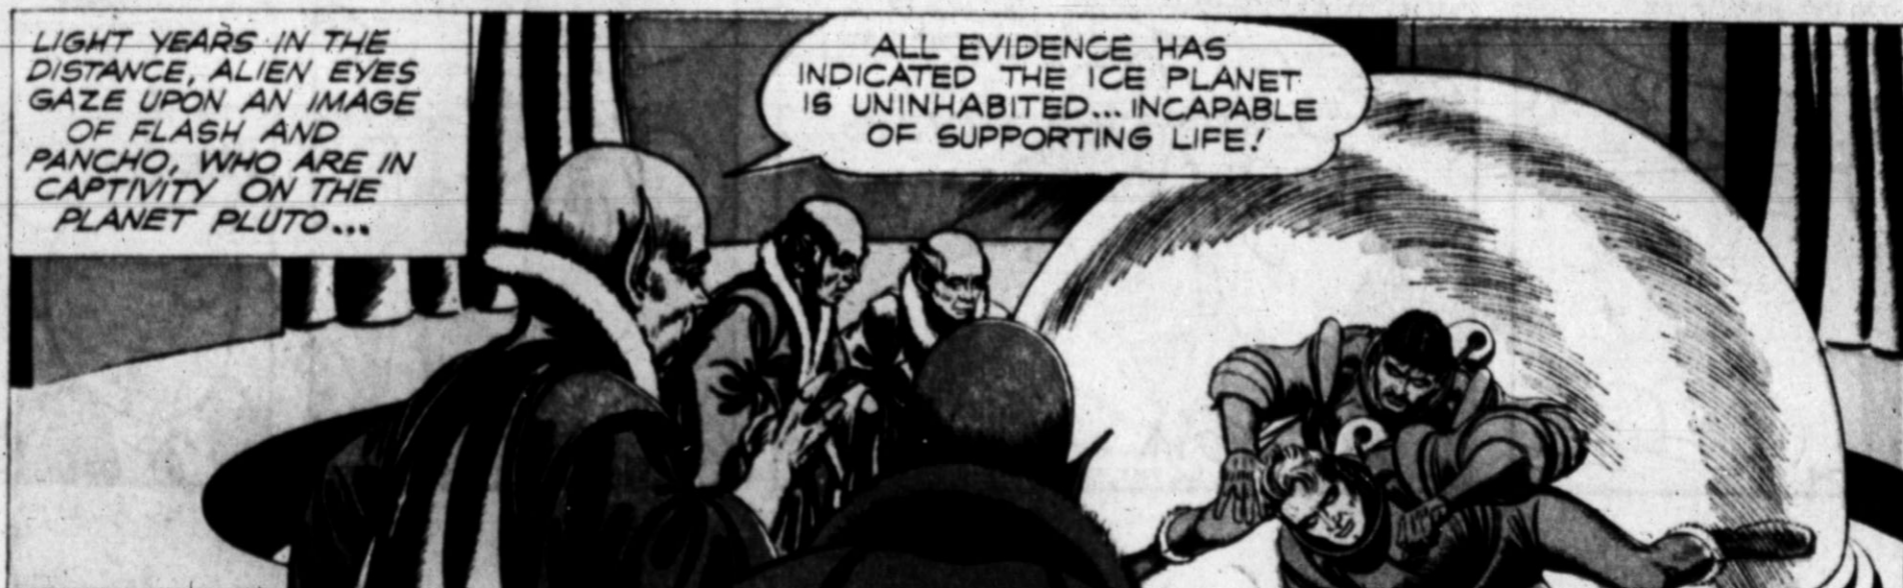

SNORKEL READS COLORING BOOKS

ALL RIGHT, WHO SAID THAT?!

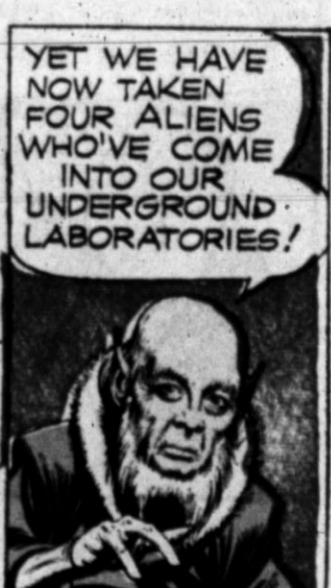

FLASH GORDON

by MAC RABOY

LIGHT YEARS IN THE DISTANCE, ALIEN EYES GAZE UPON AN IMAGE OF FLASH AND PANCHO, WHO ARE IN CAPTIVITY ON THE PLANET PLUTO...

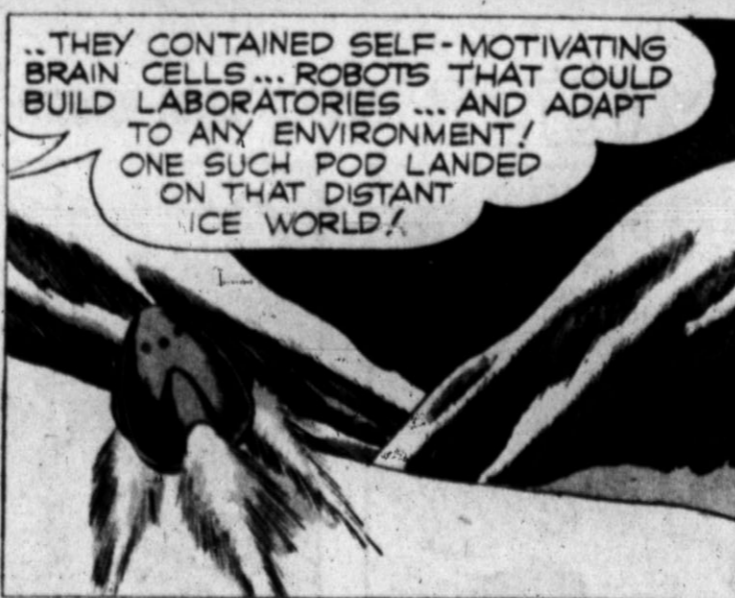

ALL EVIDENCE HAS INDICATED THE ICE PLANET IS UNINHABITED... INCAPABLE OF SUPPORTING LIFE!

YET WE HAVE NOW TAKEN FOUR ALIENS WHO'VE COME INTO OUR UNDERGROUND LABORATORIES!

LET US REVIEW, BROTHERS! A GENERATION AGO OUR UNIVERSE-PROBE PODS WERE LAUNCHED TO MANY FAR CORNERS OF OUR GALAXY... AND BEYOND...

...THEY CONTAINED SELF-MOTIVATING BRAIN CELLS... ROBOTS THAT COULD BUILD LABORATORIES... AND ADAPT TO ANY ENVIRONMENT! ONE SUCH POD LANDED ON THAT DISTANT ICE WORLD!

THE PLANET WAS DEAD, COLD AND AIRLESS! THE ROBOTS BUILT THEIR VAST OBSERVATION STATIONS FAR BENEATH THE ICE SURFACE, AND FILLED THEM WITH THE OXYGEN THEY USE FOR FUEL!

WE HAD DECIDED THE PLANET WAS UNWORTHY OF OUR ATTENTION... WHEN A MANNED MISSILE ARRIVED THERE FROM SPACE!

THEN CAME ANOTHER SHIP! ITS ENGINES OPENED THE ICE OVER OUR LABORATORIES! OUR ROBOTS DECIDED TO TAKE ONE OF THE ALIENS FOR TESTING!

ARE THEY ALIENS, BROTHER, OR MERELY CLEVER ROBOTS?

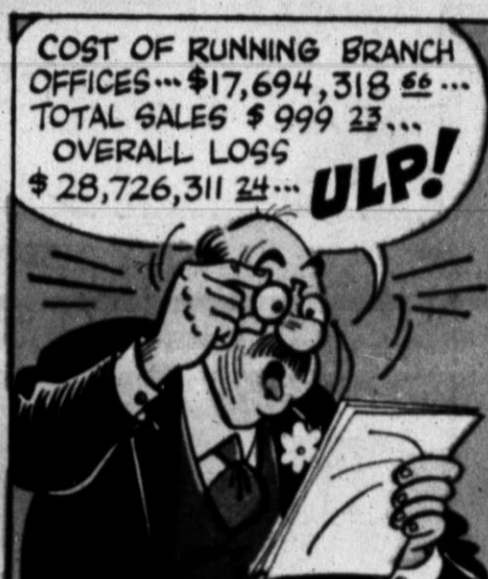

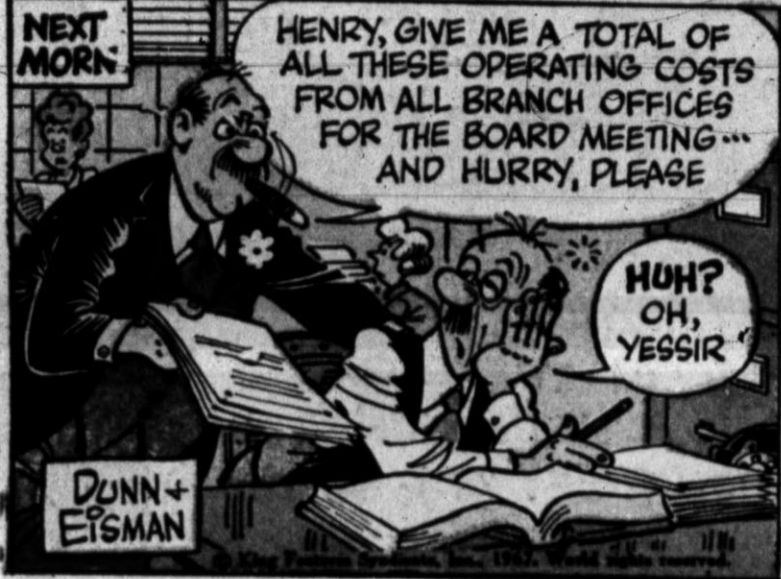

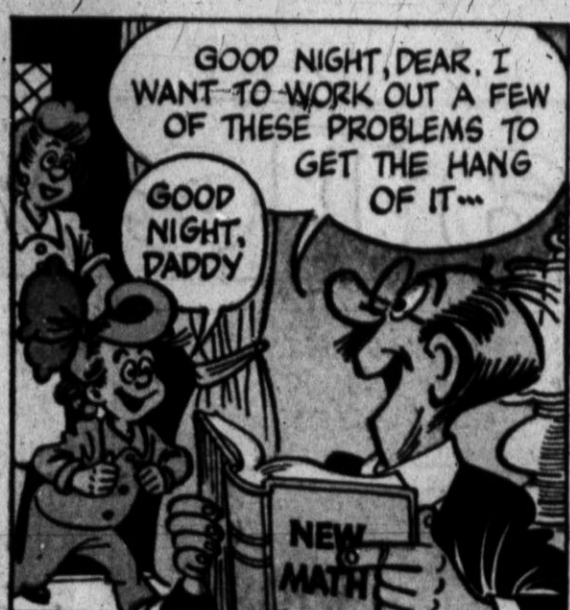

ROBOTS DO NOT CONJURE UP VISIONS OF FOOD AS THESE DID! YET THEIR INTELLIGENCE IS LIMITED...

...THEY MUST HAVE COME FROM A WORLD NEAR THE ICE PLANET! A WORLD THAT IS WORTH OCCUPYING, BROTHERS!

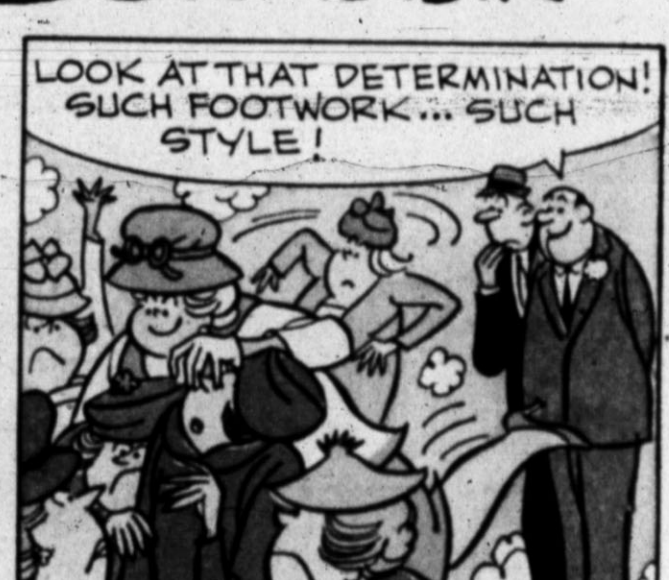

NEXT WEEK: PLOTTERS OF FATE!

LITTLE IODINE

The Little Woman

by DON TOBIN

WALT DISNEY'S UNCLE REMUS

AND HIS TALES OF BRER RABBIT Adapted from the stories by JOEL CHANDLER HARRIS

The LONE RANGER

by Charles Flinders and Paul S. Newman

MY BOYS WILL SEE TERRY NEVER REACHES THE COULEE SIOUX TO TRY TO CLEAR HIS NAME--AND BLACKEN MY BROTHER'S!

WHY HAS GRADER GOT US GUNNIN' FOR THE CASHIERED COLONEL?

DO YUH REALLY CARE AS LONG AS THE PAY IS GOOD?

NEXT DAY... WELL, TONTO?

IT BE INDIAN CAMP SITE ALL RIGHT! BUT NOT SEE ANY SIGN THAT SAY IF COULEE SIOUX CAMP HERE!

HOW LONG AGO DID THEY CAMP HERE?

FROM WAY ASHES LOOK, MAYBE ONE OR TWO DAYS AGO, NOT MORE!

MEANWHILE... THREE HORSES--AND THEY'RE SHOD!

COULD BE TERRY AND HIS TWO PALS! KEEP RIDN' AND LET'S EARN OUR FEE!

LATER... THAT'S TERRY! TOO FAR OFF FOR A SURE SHOT. WHILE I PIN 'EM HERE, YOU TWO CUT LEFT SO YOU CAN GET A CLEAN SHOT AT HIM!

WHAT IN THUNDERATION---

FIND COVER--

CONTINUED...

WALT DISNEY'S DONALD DUCK

THAT TOUGH NEW KID IS HEADING THIS WAY!

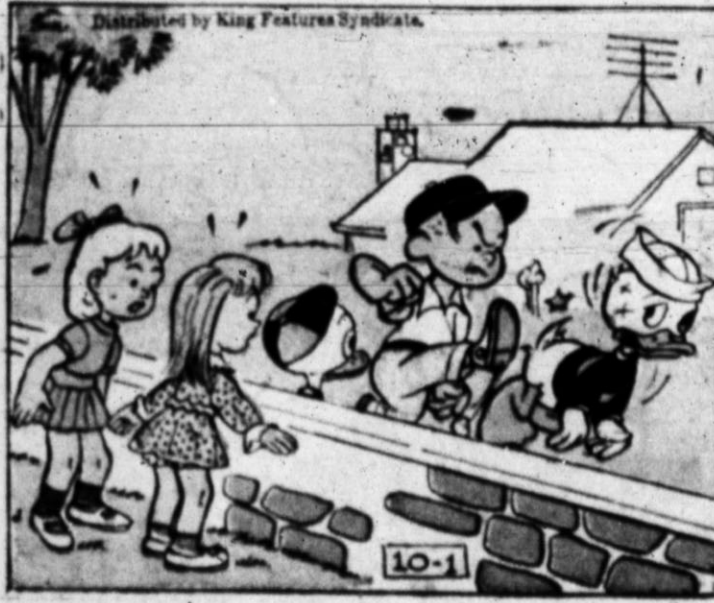

BIG DEAL! WHO'S SCARED OF HIM?!

OKAY, PUT 'EM UP, TIGER! I'M GOING T' TEACH YOU THE MANLY ART!

SMACK!

HE DIDN'T CRY ONCE!

MY HE'S REALLY BRAVE!

I WARNED YOU ABOUT GETTING INTO ANOTHER FIGHT!

YES, SIR...

WAA-HALP! POLICE! HE'S KILLING ME! WAAA!

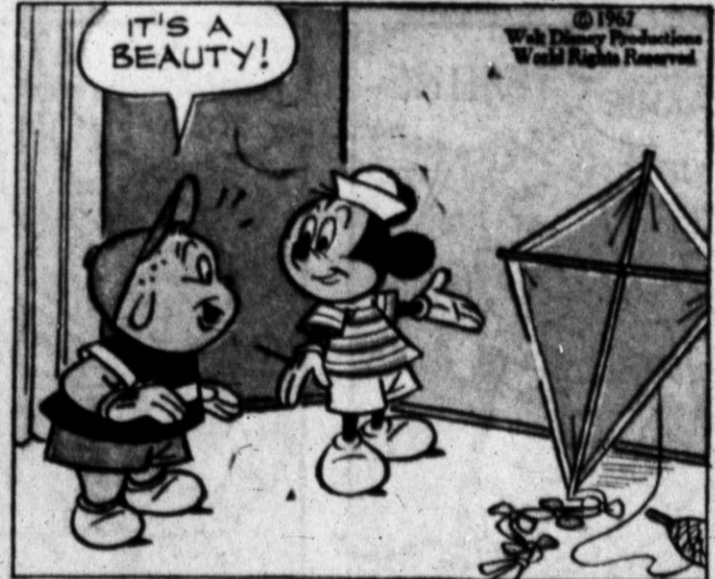

LOOK, I HAVEN'T TOUCHED YOU YET!

WALT DISNEY'S MICKEY MOUSE

MY UNCA MICKEY MADE ME A KITE!

CAN I SEE IT?

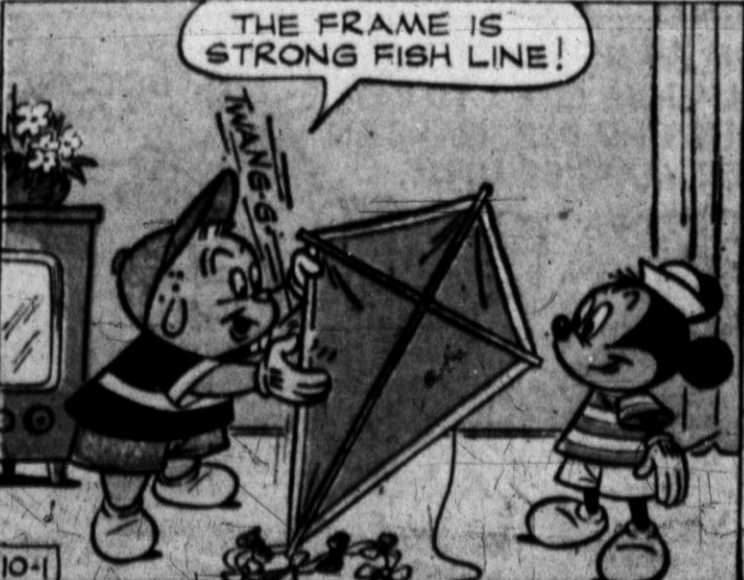

IT'S A BEAUTY!

HE DID A SWELL JOB ON THE STRUTS!

BOY, WHAT HIGH-QUALITY PAPER!

THE FRAME IS STRONG FISH LINE!

PERFECT BALANCE!

BUT THERE'S ONE THING ABOUT IT...

...IT WON'T FLY!
