POTATO HARVEST — Workers for Barrett Produce Co. were busy harvesting potatoes in a field just west of LaPlata Junior High Friday. Rains let up enough during the latter part of the week to allow most of the produce companies to begin harvests of potatoes and onions.

Potato Prices Strong As Harvest Season Begins

Growers Concerned About Onion Quality

Most of the local produce companies shifted into high gear Friday and Saturday as fields dried out enough for onion and potato harvests to begin.

Deck Produce Co., located southeast of the city limits in the fast growing industrial area, began harvesting onions in small portions July 8, picked up during the week and was going strong by the weekend.

Don Deck was not optimistic about this season's onion crop, stating that rains have caused much delay and the yellow and white grano have gotten over-ripe. "The quality of the whites is so poor," said Deck, "that most of the fields are being abandoned. There are a lot of rejections when they reach the destination."

Those onions that can be harvested, Deck explained, are grading out at 350 to 450 bags per acre for the yellows, while the whites have a greater percentage of culls and are averaging from 200 to 250 bags per acre. The onions are put in 50-pound bags.

Market price for the onions is about \$1.75 to \$2 a bag for the medium yellows and \$1.50 to \$1.75 for the jumbo yellows. The whites are bringing from \$2 to \$2.50 a bag. "It's not good at all," said Deck. Good weather prevailing, Deck will begin harvesting potatoes Monday.

Market price on the average red potatoes, an official at Howard Gault Company said Friday, is from \$4.50 to \$5 per 100 pounds. The price is better than usual. Friday was the first day for the company to begin harvesting the potatoes and they had no average yield at that time.

Dick Barrett Produce Inc. also had workers in the fields just west of LaPlata Junior High Friday gathering potatoes and Jorde Potato Co. was expected to begin their harvest near the plant Saturday morning.

Local companies apparently are having little trouble finding workers as the Labor Camp and Buena Vista addition are filled with the migrant laborers.

Feeders Propose Study

A special commission made up of representatives from governmental agencies involved with the pollution of Buffalo Lake and the representatives from industries affected was recommended Wednesday by the Texas Cattle Feeders' Association.

"The purpose of this commission," Lloyd Bergsma, TCFA executive secretary, told newsmen, "would be to study evidence available and make additional studies if deemed necessary. The commission would make specific recommendations for correcting the present situation and make specific recommendations for measures to prevent recurrence of problems in the future."

Speaking for Jack Carrouthes of Friona, TCFA president, Bergsma stated "accusations have been broad and many, that feedlots located on the watershed of the lake are a major cause of the lake's polluted condition. These accusations have been made with little evidence of where the undesirable materials are coming from."

"Some of these charges have been issued by government officials who have not visited the area in question and are generalizations which have resulted in bringing the wrath of public opinion down on the feeding industry without contributing to the solution of the problem."

Continuing, Bergsma said "many of the feeding operations in the Buffalo Lake watershed area have spent considerable sums of money on control facilities. It seems unfair to denounce an entire industry before the evidence is in on any segment."

"The cattle feeding industry is a multi-million dollar industry in the Panhandle area and contributes substantially to the economy of the region. The industry realizes it's responsibility to the general public. The Texas Cattle Feeders' Association and the individual feeders involved, are willing and ready to cooperate with local, state and federal officials in determining the source of the lake pollution and in correcting the situation. Continued unfounded statements will serve no worthwhile purpose."

The TCFA hired a team of scientists from the Texas Tech Agricultural engineering department in Lubbock in late June to make a survey of Tierra Blanca Creek in the Hereford area. The results of that survey still are not known.

NEW BUSINESS ADDITION — Two 25,000 gallon underground storage tanks are being covered at the construction site of Pacific Molasses Co. as railroad tank cars stand by to take the first load. Unofficially, the thru-put station will begin operation Wednesday.

Friends Aid Farm Couple

Help for a young couple who lost all of their belongings in a fire near the Bootleg community Wednesday night continued to come in Saturday from the Hereford and Friona areas.

Morris Deaton, his wife and two-year-old son, had only the clothes they were wearing following the destructive blaze. Included in the loss was a new bedroom suite, new refrigerator and new stove.

Having spent the night in Friona because of a heavy storm, the couple did not learn of the fire until Thursday morning. Cause of the fire was not known.

Hearing of the incident, friends from Hereford, Friona, the Bootleg Community and points in between began to organize in efforts to help.

Members of the Carvery Baptist Church in Friona announced that they planned to have a shower for the Deatons in the church from 3-5 p. m. Monday, add to couple burned out.

The Messenger Home Demonstration Club of the rural area will have a shower for the Deatons beginning at 5 p. m. Friday at Walcott School. Items for the shower also may be left at the County Barn in the Bootleg community, Walcott School or the homes of Mrs. Bill Page, Mrs. Elton Wyly and Mrs. J. E. Sorrells.

Sizes of the family and other information also may be obtained by calling the women and contributions may be sent to them for the Deatons.

Walcott School is some 31 miles northwest of Hereford. Those wishing to attend the shower should go west on Harrison Highway 24 miles to Bootleg Corner, turn north and go 7 miles.

Flying Operations Controlling Fungus

Continuous rainy weather in the Hereford area this summer has sent airplanes to the fields in efforts to eradicate any cases of leaf spot showing up in sugar beets and potatoes.

Although the potato crop is just about out of the ground, sugar beets alone will keep pilots spraying for at least two more months as the beets mature. The leaf spot, a result of damp weather, can start on the sugar beet top and grow even if the only contributing factor is humidity.

Last year, leaf spot took a tremendous toll in the sugar beet fields, cutting down sugar content considerably. Attacking the leaves, the spot will defoliate a plant, diverting plant growth from the valuable root to the manufacture of new leaves.

Most sugar beet farmers are on a spraying program which gets their fields covered every 10 to 14 days. The wetter the weather, the shorter the interim period between sprayings, according to sprayer Gerald Martin of Hereford Flying Service. The crop has to be sprayed four or five times to effectively control the fungus.

Insecticides, on the other hand have not been used to near the extent they were a year ago; as a matter of fact, Ray Frye of American Dusting can hardly recall a year when problems with bugs have been so light. This condition might be attributable to the freezes which came late in the spring.

The curly-top virus in sugar beets is substantially down; no comparison could be made between this year and last.

Spraying on the potato crop has been aimed at late blight, a problem which often accompanies late rains on the crop. Late blight, in comparison to the early variety, has to be caught in its beginning stages to keep it from attacking the potato root. This virus has not been significant here, although sprayers will keep up their work until all the crop is out of the fields, which may be as long as three more weeks.

Weeds have been sprayed in milo fields. Milo is starting its boot stage, forming heads, so spraying of that crop is coming

to a close. Martin pointed out that a separate plane is used in spraying operations for weeds.

Also coming under the cloud of dust have been onions and some cabbage. Lettuce, highly susceptible to pests, will be given

en a lot of attention as soon as it is planted.

Frye and Martin both said that an appreciable part of the weed control problem had been taken care of with pre-emergence treatments.

PRETTY AS A PICTURE in a paper bikini, Miss Alana Cromer smiles for the photographer as she prepares to take a dip in bikini swim suit manufactured by Dolly Textiles, Inc. of Hereford. The local firm plans to put the swim suits on the market soon.

Local Firm Markets Paper Swimwear

The itty bitty teeny weeny yellow polka dot bikini will soon hit the markets — in paper, for the girl who's willing to trust the paper makers and Dolly Textiles at least once in the water.

Definitely wet strength, the bathing suits are designed as a disposable garment to be shed to the trash can following one round. But chances are that a girl can safely take her chances

in the suit more than once, Herschel Black, manager of Dolly Textiles, believes. The local company is manufacturing the suits for a Dallas firm, and hopes to be finished with the order next week.

Shipments have already left Hereford, bound for Ohio, Indiana, Kansas, Arizona and New Jersey. When all is done, there will be 8,000 of them to sell (See BIKINI, Page 2)

Sustain Injuries

Two Hereford men were sent to Deaf Smith County Hospital Thursday morning as the result of a car-pickup collision on North Street.

Raymond F. Paetzold, 46, of Route 1, was in satisfactory condition Saturday with a head injury. Nathan Marcus Oldfield, 41, of 715 S. 25 Mile Ave., driver of the car, was treated for a head cut and released.

Officers said Paetzold was driving his 1963 Chevy half-ton pickup south on Front Street about 10:30 a. m. when the collision occurred. Oldfield was traveling west on North Street, and was almost through the intersection when his car was struck in the right side, according to the police report.

Damage to Paetzold's pickup was estimated by police at \$600, and Oldfield's car at \$400.

Rides, Games and Lots of Fun

Lions Get Set For Carnival

Booths are going up, rides are soon to arrive, all to make the grounds at the Bull Barn a carnival of color and festivities as the annual Lions Club fling gets underway next week.

Tuesday night the rides will open, with booths ready to do business on Friday the 21st. Lions have been at work at the carnival site, erecting booths from prefabricated steel panels in preparation for the fund-raising project.

Lions past president Bill Gentry says that the carnival last year brought in net approximately \$7500 for the civic projects undertaken by the club.

The carnival will close on Saturday night, the 29th. It also will be closed on Sunday the 23rd.

Proceeds from the Lions carnival in the past have gone to such causes as Girls' Town, Boys' Ranch, Boy Scouts, the United Fund, the museum, and numerous other small charitable causes, including purchase of eyeglasses for needy children.

Also at the carnival will be a booth sponsored by the Future Homemakers of America at Hereford High School. Proceeds from that booth will go to the FHA, which uses the money in sponsoring a foreign exchange student each year. The Lions also sponsor a foreign exchange student of their own.

Games-players will have a choice of bear pitch, basketball, glass pitch, coke bottle, bingo, cork gun, balloon darts, cigarette board, doll rack, number darts or keg pitch.

General chairman of the carnival this year has been Bill Gentry; he has been assisted by B. F. Cain, purchasing agent; Ed Skypala and Fred Fox; lighting; Ray Simpson, John

Messenger, Bill Shore, Don Chaney, Joe Shollenberger, Rocky Lee and Major Schroeter, finance; Labry Ballard, prizes; and Tommy Braddy, Virgil Walker and Dean Stallings, property.

Other operations chairmen are R. C. McGilvray, N. D. Bartlett, Johnny Clark, Don Zimmerman, Nolan Grady, Lloyd Poof, H. A. Cavness, B. E. Cooper, Melvin Jayroe, Benny Wombie, C. R. Brandon, Phillip Shook, Jim Hale, Raymond White, Wayne Lawrence and R. L. Ethridge.

Bikini ...

Continued From Page One through hotel and motel media throughout the nation.

The bikini will be a boon to the traveler who has left her suit at home; the paper bikini can be bought in the neighborhood of \$2.

Fabric in the suit is not quite paper, Black explains that it is a blend of synthetic materials specially designed to keep a girl well covered when she steps into the water.

Also coming off the assembly line at Dolly Textiles have been men's suits made of the same type paper material — in a seersucker print. The ladies' bikinis are all of pink, green and yellow polka dots on a white background.

Legion Team In Tourney

The Redbirds, Hereford's American Legion baseball team, will compete for the Legion District championship Thursday, Friday and Saturday at Potter County Stadium in Amarillo.

Couch Jack Waggoner said Friday that the team was in second place behind Amarillo at that time, but had games remaining Saturday and Sunday with Amarillo Palo Duro and Canyon. "If they lose one of their games and we win both of ours," said Waggoner, "we would tie them for the south zone championship."

Burglars ...

Continued From Page One the bottom, but the person or persons apparently were scared off.

The coke machine in the building was entered and approximately \$10 taken. Nothing else was taken.

Merchants Fast Motor Lines Inc., also on the Dimmitt highway, was entered through a window. Heavy damage was done to the coke machine and about \$10 taken in the burglary which was discovered about 4:45 a. m.

Services Pending For Elmer Cook

Elmer Dewitt Cook, 51, a Deaf Smith County resident nearly 20 years, died Saturday morning in Deaf Smith County Hospital following a short illness.

Funeral service time had not been set early Saturday afternoon, but they will be held in Rose Chapel of Gilliland Funeral Home with the Rev. Clifford Trotter, pastor of the First Methodist Church, officiating. Burial will be in West Park Cemetery.

Born Oct. 26, 1913 at Eldorado, Okla., Mr. Cook came to Deaf Smith County in 1967 from Dougherty and farmed. A member of the First Christian Church, he married Frankie Wisdom on Dec. 19, 1951, in Matador.

Survivors include his wife and four aunts, Mrs. E. A. McNeese.

Vista Worker Plans To Stay

The tenure of Denise Waltman, one of the four VISTA workers in the Labor Camp, ends July 29 but the well-liked, hard-working Calistoman has decided to stay in Hereford.

Denise, who is 24, has spent the past year in the Labor Camp working with the Latin American residents as a VISTA worker.

Present plans call for Denise to take a couple of weeks off to visit her home state and then return to prepare for the new job as sixth-grade teacher at St. Anthony's School.

PHILIPS PUT 'EM UP
TYRONE, N. M. — Days of through west were relieved when two masked horsemen halted their mounts on the new Burro Mountain-to-Tyrose spur railroad line. They were attempting to slow a train which carried a passenger car.

The businessmen fired their guns into the air and one of them boarded the passenger car and accosted the startled passengers.

The gunman strode up to Bernard Ponnosa, of New York City, general traffic manager for Phelps Dodge. Instead of demanding the man's watch and other valuables, he extended a scroll which read:

"Welcome to Grant County." Phelps Dodge owns the spur right-of-way. Last March 1 it completed construction of a 11 1/2-mile line connecting with the main Santa Fe Railway line into Grant county with Tyrone. At Tyrone, Phelps Dodge is in the process of reopening a copper mine as an open pit operation at an estimated \$100 million cost.

Denise has completed 3 1/2 years at San Jose State College in San Jose, Calif., and the University of California at Davis, Calif. She will be attending night school at West Texas State University in Canyon this fall.

Other VISTA workers presently in the Labor Camp are Pris Choate, Keith Schroyer and Martin Winch.

The VISTA workers are sponsored by the Hereford Migrant Ministry, which is made up of five local churches and the United Church Women.

SIGN OF PROGRESS — Construction at the location of new facilities for Pacific Molasses Co. was expected to have been completed Saturday and ready for operation this week. The thru-put plant includes the 25,000 gallon tank in the picture and two similar ones underground.

Local Business Expands

The new thru-put plant for Pacific Molasses Co. is expected to be unofficially opened Wednesday at its site on Progressive Road.

Jim Leatherman, terminal manager of the Hereford and Guyton, Okla., plants, said Saturday that "there still are several things we have to do out there before it goes into full operation, but we should have it open by Wednesday."

Located between Farr Better Feeds and Deck Produce in the industrial area, the new facilities are easily recognizable by the raised 25,000 gallon tank which will be used for loading trucks and railroad tank cars. Not visible are two other underground storage tanks of the same size each. Each of the tanks holds enough to fill about four trucks or two tank cars from the rails.

The molasses is used as nutrients by feed lot cattle owners. Pacific Molasses will serve many of the feed lots in the area reaching as far as Lub-

Cattle Group Plans Activities

Three big state-wide field days for the Texas Junior Hereford Association will be held in different locations July 24, 25 and 26.

On Monday, July 24, the first field day will be held near Follett; the second event will be at Sweetwater the next day, and the final event will be near Fort Davis.

All adults and juniors interested in good Herefords are cordially invited to attend one or all of these three big field days, said Deaf Smith County Agent Juston McBride.

Class Picks Officers For Year's Term

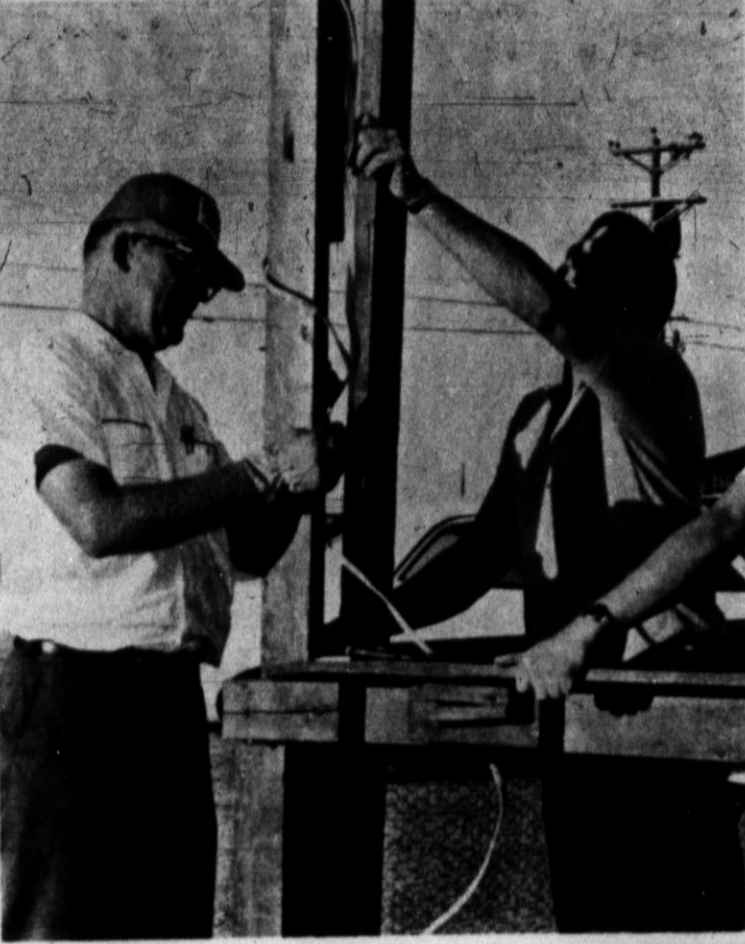

Officers for a new year were elected in Victory Class of Avenue Baptist Sunday School Thursday morning at a brunch in the home of Mrs. LeRoy Rickman. Mrs. Carlyle Sargent was chosen president.

Mrs. Johnie Townsend was re-elected teacher of the class and Mrs. Pearl Boyer, who has been class Mother several years, was again chosen.

Mrs. Bill Wall is the new vice president, Mrs. Rickman secretary, Mrs. Clois Kemp recording secretary, Mrs. Marvis Southward treasurer, Mrs. G. W. Duncan class mistress and Mrs. Townsend reporter.

Group captains are Mrs. C. E. Coleman and Mrs. Townsend. The president appointed Mrs. Charlie Riggins and Mrs. Coleman to the social committee.

Plans were made for the annual family picnic at the Duncan home August 10. For a devotional talk, Mrs. Townsend presented Mrs. Billy Graham's article titled "Husbands, Children and God."

Barn Committee Finalizes Plans

The Deaf Smith County Chamber of Commerce Bull Barn Committee met in session at noon Friday in an effort to finalize recommendations for additional equipment at the Bull Barn. The committee is making a study of the needs at the Bull Barn and will make its final recommendations in the form of a letter to the Deaf Smith County Commissioners, complete with estimates of cost for the equipment.

Included in the recommendation will be a large commercial size dishwasher, warming ovens, a walk-in cooler and sufficient place settings for 800 people, secure storage for place settings, 6 foot work tables, garbage disposal, hot water booster heater, coffee equipment for serving as many as 1,000 people, additional folding chairs, additional tables, a portable stage, and a screen (20 x 20) with remote electric drop.

Members of the committee present for the Friday luncheon were J. W. Robinson, Jr.; Mrs. Clint Formby, Charles Bell, Neil Cooper, chamber president, Dean Herring, committee chair-

Progressive Reunion To Be Held Today

The 8th annual reunion of the Progressive Community residents is being held today in the community center from 10:00 A. M. to 3:30 P. M.

Basket lunches are being furnished by the families. Entertainment after the meal will include the Gregory brothers quartet, scheduled to sing along with several other quartets.

After the quartet entertainment there is to be group singing, visiting, a silent moment in memory of those passed on, and the election of new officers, Lucille Park, secretary and H. F. Benson president, are this year's officers.

H.D. CHATTER

Patterns Make The Rounds

By Mrs. Argen Droper
Home Demonstration Agent

My vote to Lois Ehridge for being a most versatile person and a good manager. Lois has made about 40 of the three-sleeve dresses. She made me a voile that has gotten a lot of comments. A number of people are making these dresses with the three armseyes, and some have sleeves. Lois got the pattern from a friend in California and being generous as she is, has given the pattern to many people. "Cutting off" a pattern is not odd to some of us who can remember when there were very few commercial patterns. Commercial dressmakers designed patterns and persons would exchange patterns with their friends and neighbors. It takes a lot of resourcefulness to use a neighbors size 12 pattern and make a size 18 garment, but people have done it always. In our sewing classes now we ask members to use one pattern and not change the original design and to change only to adjust for size. You know, rules must be learned before they can be successfully broken.

A food preservation packet of bulletins has been assembled at the office. It contains Home Canning, B-194; Frozen Foods, B-175 from Extension. In the office, we have compiled instructions for making pickles and making preserves. The pickles included Virginia chunk sweet pickles, ice water (sour) pickles, dill and kosher pickles (short method), bread and butter, sauerkraut and pickled okra.

The sweets for the family table include jelly, jam, conserve, marmalade, butters and preserves. These are made without commercial pectin. If you want to use commercial pectin, follow the instructions on the box. Mrs. Bess Werner is chairman of the Foods Committee and she reminds me how much demand there was for the preservation packet when the Foods Committee had this before. Call 364-3573 and Jean Kennedy will mail you a packet or come by the office.

These are classifications for

Jelly is made from fruit juice, the product is clean and firm enough to hold its shape when turned out of the container. Jam, made from crushed or ground fruit, tends to hold its shape, but generally is less firm than jelly. Conserves are jams made from a mixture of fruits, usually including citrus fruit; often raisins and nuts are added. Marmalade is a tender jelly with pieces of fruit distributed evenly throughout; a marmalade commonly contains citrus fruit. Preserves are whole fruits or large pieces of fruit in a thick syrup, often slightly jellied. Butters are made from fruit pulp cooked with sugar until the mixture has a uniform thick consistency that is soft enough to spread easily when cold.

This recipe is not listed with the pickle recipes.

PICKLED CANTALOUPE
2 lb. cantaloupe, peeled and cubed.
2 C. white vinegar
1 stick cinnamon, broken up
2 C. white sugar
2 T. mixed pickling spices
Tie the mixed pickling spice in cloth bag.

The cantaloupe should be firm (not too ripe). Measure after the cantaloupe is peeled and cubed. Soak the cubes in the vinegar overnight. Drain and save the vinegar. Combine the vinegar and sugar, add the spices (tied in bag) and bring to a full rolling boil. Add the cantaloupe cubes and simmer until transparent. Pack in hot sterilized jars and seal. For hors d'oeuvres, serve on picks.

Next time you serve canned snap beans, you might like to offer them this way. Add chopped onion and celery to the bean liquid and cook down rapidly in a saucepan to a little less than half the original amount. Add the drained beans and butter and reheat.

Church Members Honor Pastor

Celebrating the 14th anniversary of their pastor, the Rev. H. B. Whitten, members of Mt. Sinai Baptist Church will participate in a luncheon at 1:30 p. m. today in the church cafeteria, with a service following at 3 p. m.

The minister came to Hereford June 16, 1953. The first service was conducted in a private home where seven persons formed the church body. Formal organization of Mt. Sinai Church was effected on Sept. 16 of that year, at a meeting in Avenue Baptist Church.

Rev. Whitten has served as its pastor since. He has filled a term as president of the Hereford Ministerial Association, has appeared an church-sponsored radio broadcasts, and has cooperated with other ministers of the city on church projects.

Born at Marshall, in East Texas, Feb. 6, 1899, he attended Bishop College two years after completing high school, and in 1939 he had six months special training at Jarvis Christian College.

His ministry began in 1909 and he was ordained at Hawkins Tex.

CHOIR TO REPAY VISIT — The youth choir of First Baptist Church at Garland will present a concert in First Baptist Church here at 7:30 p.m. Wednesday, with the public invited. The appearance here will be in exchange for a concert given recently in the Garland Church by the local First Baptist Youth Choir, directed by Zack Fannell. With 74 members, the Garland group is under direction of Harrell Slack, and will stop in Hereford on the way home from the Baptist camp at Glorieta, N.M., where it is taking part in annual music week programs July 13-19. Fifteen adults accompany the choir on the tour. All will be entertained in Hereford homes Wednesday night.

Strong potato prices as the harvest season gets underway is indeed encouraging to a section that has been beset with many agricultural setbacks this year.

Prices on the spuds ranged from \$4.50 to \$5.00 per hundred — a figure that will put some profit into the farmers pocket, and in turn will help business up and down main street.

Although it is too early to get a true picture on yields, all signs point to better than average production.

Onions, on the other hand, have been damaged by excessive rain and produce men and growers alike were not so optimistic.

Meanwhile, the high potato prices overshadowed pollution talk around town Friday.

Mayor Ray Cowsett is not on to knuckle under easily and he demonstrated his ability to hold his own recently when an Amarillo acquaintance was giving him a bad time about the pollution situation in Hereford.

"Don't worry," said the mayor. "We'll get even with Amarillo."

announced the birth of a daughter July 14. She weighs 7 pounds, 5 ounces and has been named Carla Delaine. Grandparents are Mr. and Mrs. Harland Frye and Mr. and Mrs. C. E. Hogue of Slaton. The Fryes have a daughter, Shelley, who is two years old.

A group of former high school chums, now all married, got together for a visit at the home of Mrs. Jackie Morgan at Friona Tuesday. Mrs. Morgan, whose husband is a teacher and coach in Friona schools is the former Dianne Clearman.

The others in the group were Mrs. Eugene Baldwin (Bonnie Sparkman), Mrs. Tommy Sparkman (Patsy Evesay), Mrs. Chuck Moore (Linda Stephan) and Mrs. Don Walsler (Nikki Bradford) Also a total of seven children visited together.

The city man thought this quite amusing.

"That's silly," he replied. "A little town like Hereford can't do anything to a city like Amarillo."

"Well," replied Ray. "That's what the Arabs thought about Israel."

He made his point.

Ray, incidentally, performed well before the television cameras Thursday and very effectively told Hereford's story about the pollution problem.

But the best rebuttal to the unfair charges leveled against our citizens is the 10" catfish that young Lyle Taggart caught Thursday afternoon in Tierra Blanca Creek. And if you saw Taggart and his fish on television, you'll understand what we're talking about.

That fish was very much alive and still kicking.

Received a nice note from E. S. Ireland recently when he sent in his subscription renewal to the paper. It follows:

"I'm enclosing check for \$4.95 renewing my subscription to the Brand. It has been coming to me ever since it was born, and I have seen it grow and develop into what it is today. The

best in its class, and I couldn't get along without it. That's the kind of mail we really appreciate.

When summer finally arrived, it really did.

But the thing that has been bothering most local people is the unusually hot nights. It just isn't normal in Deaf Smith County to have to run an air conditioner all night.

We presume that will change shortly.

However, it has been excellent weather for cooking — and perhaps that makes up the deficit.

Dolly Textiles is moving into a new field. An interesting one if somewhat dangerous.

The local dress factory is now producing a "paper bikini" swim suit. See story on page 1, this issue.

The suits are guaranteed to hold up for at least one swimming season.

We presume the second is at the swimmers own risk.

But it's quite a novelty item and should sell well in motels etc. for that one time splash when mildy has forgotten her bathing suit.

Life, we're told, is just one foot thing after another; love is just two foot things after each other.

Don't forget the big Lion's Club carnival which will open at the Bull Barn Tuesday. There'll be fun for all ages.

The weatherman is right 80 per cent of the time — it's the weather that's wrong.

Five Accidents On Highways In Deaf Smith

The Texas Highway Patrol investigated five accidents on rural highways in Deaf Smith County during the month of June, according to Sergeant W. E. Wells, Highway Patrol Supervisor of this area.

These crashes resulted in one person killed, five persons injured, and an estimated property damage of \$7,465.00.

The rural accident summary first six months of 1967 shows a total of 39 accidents resulting in three persons killed, 17 persons injured, and an estimated property damage of \$33,350.00.

The number of traffic deaths in Texas continues to rise. For the first six months of 1967 there have been 1,476 traffic deaths compared to 1,396 traffic deaths for the first six months of 1966. This six per cent increase is very alarming, and chances are it will become very critical because of vacation months and holiday periods still ahead to intensify the magnitude of the accident picture.

This alarming increase of accidents can be reduced by drivers knowing and obeying traffic laws, being a defensive driver and being a courteous driver. The Sergeant stated, "Courtesy is contagious — try it."

VISITS RELATIVES

Mrs. Elizabeth Kalet visited in the homes of her brother Paul Corbett and her niece and nephew, Mrs. Tommy Carnahan and Wayne Phillips last week.

TAX MAN SAM SEZ:

If you have a Federal estate tax problem you may want to give part of your estate to your heirs. If the estate is a community estate you do not have to file a Federal estate tax return unless the estate has a fair market value of \$120,000 or more on the date of death of either spouse. The Federal gift tax rules allow you to give anyone — including an heir — \$3000 tax free each year. A husband and wife can give \$6000 to each heir tax free. You also have a separate \$30,000 lifetime exemption for each spouse. You can give this amount to one person or many persons. There are many ways that you can give your estate away, but you must do it three years before the date of your death to avoid IRS questioning the gifts.

OUTDOOR ART

The Greenwich Village neighborhood of New York City is also the world's largest outdoor art gallery. Twice each summer the Washington Square Outdoor Art Exhibit shows off over 9000 paintings water colors sculptures and other creations of some 800 artists. The show covers a 66-block area.

Resident Returns From Kansas Visit

Mrs. W. H. Awtry Sr. returned Wednesday from a two-week visit in the home of her son, W. H. Awtry Jr., at Ulysses, Kan. Her granddaughters, Rhonda Kay and Gene Gay Awtry, came home with her to spend two weeks here.

Wheat harvest had been completed on the Awtry farm before her visit, with a good yield, she said. Rain had been falling afterward and fields were too wet for plowing when she left.

WINS TRIP

Mr. and Mrs. Jimmy Roberts have recently returned from a trip to Las Vegas, Nev.

During their stay in Las Vegas, the Roberts attended several shows which included the Milton Burt show and the Steve Rossi show.

Mr. Roberts won the trip through a Whiffpool Sales contest for an outstanding sales record.

Two community youngsters received broken bones in separate accidents this week. On Tuesday afternoon Kim Gripp had an arm broken in an accident with a tractor at the Conway farm of his grandmother. Mrs. A. G. Gripp. His father, Spicer Gripp, took him to an Amarillo hospital for treatment. Mrs. Gripp, who was at home when it happened, went immediately to Amarillo.

Jill, daughter of Mr. and Mrs. Weldon Stephan, received a broken leg while attending camp at the Floydada Baptist Assembly Wednesday. She had gone with the group of juniors from Frio Baptist Church. The leg was treated at the Hereford hospital Wednesday and she was released to go home Thursday.

Others in the hospital include T. L. Sparkman Sr., who went in on Sunday, and R. L. Mason of Westway, father of Gary Mason who was admitted Monday. Both are improving.

Attending Junior camp at Floydada Baptist Assembly Tuesday and Wednesday were sponsors, Mrs. Frank Robbins and Mrs. Sam Ogan, and Patty Robbins, Jill Stephan, Gheri Mason, Kathy Waldrip, Beverley Cole, Virginia Newberry and Melissa Johnson.

Intermediates who went Wednesday until Friday included sponsors, Mrs. Charles Self and Homer West, and Billie Faye Manion, Cheryl Cole, Genie Robbins from the Frio Church. Guests going with them were Maxine Hix, Judy Hix and Lana Church Hereford and Brenda Moody from Trinity Baptist West, also of Hereford.

Ralph Cole and sons, David and Stephen, of New Orleans, and Thurman Cole, Yuma, are here visiting relatives. On Friday, they and Floyd Cole went

SAILING IN THE SUN

Sailboats in high and dry Arizona? Yes, indeed. Planners of Litchfield Park, a brand new town now under construction on 12,000 acres of farmland near Phoenix, have included a large man-made lake with sailboats in their layouts for the city. A survey of Arizona residents revealed that 60 per cent would like to live near a lake.

The city is expected to have a population of over 75,000 when completed in about 20 years. Each of the 12 villages around the central core will be centered around a different recreational facility — the lake, a golf course, or some other suitable community play area.

to Duncan, Okla., to visit an uncle, Virgil Cole, who is ill.

Mrs. H. M. Mobley went to Odessa Friday for an appointment with a medical specialist and also to visit her brother, J. W. Taylor and Mrs. Taylor.

Frank Robbins, Mrs. Weldon Stephan and Rhonda and H. D. Robbins attended funeral services Monday at Albuquerque for I. H. Hathaway. They also visited H. D. Robbins' brother, L. D. Robbins there. Hathaway's wife is the former Lorenne Robbins, niece of H. D. Robbins, who grew up at Canyon.

Attending music week at Glorieta Baptist Camp are Mrs. Earl Harkins, Mrs. Richard Price, Nancy Axe and Jana Cole. They left Thursday.

Mrs. Lee Roy Williams, from near San Francisco, came Saturday to visit this week with her parents-in-law, Mr. and Mrs. Bill Williams. Lee Roy is in Viet Nam.

Mrs. Bill Williams, Mrs. Travis Stafford and Kim of Amarillo and Mrs. Lee Roy Williams visited Wednesday and Thursday at Lubbock with Mrs. Bill Williams' mother, Mrs. Ralph Brown, and also with her sister, Oma Dell Franklin, who was visiting their mother. Miss Franklin is Baptist Student Union Director at Judson College, Marion, Ala.

Mr. and Mrs. Arthur Blackburn and Mr. and Mrs. Ralph Paul ate together at an Amarillo restaurant and then visited

the Paul's son, Homer, at his new home in Amarillo.

Linda Blackburn is taking a planned three-week vacation visiting relatives, including Mr. and Mrs. Raymond Sargent at Denison and the Blackburn relatives at Dallas and Sherman

Mrs. Jack Andrews is now employed at the Vogue in Hereford. She is living with her parents, the Sam Ogans, while her husband is overseas with the Navy.

Mr. and Mrs. Jim Brooks, their daughter, Mrs. Deward Taylor and Robin of Friona went Saturday to Comanche to visit relatives. They went by way of Amarillo and picked up a nephew Craig McClennen who had been visiting relatives in Colorado, and took him to his home. On Sunday, they attended a Mitchell family reunion at Nocona, where about 60 relatives were gathered. Also attending the family gathering were Mr. and Mrs. D. O. Benson and their daughter, Mrs. Wiley Sims, of Amarillo.

Mrs. Era McClennen, mother of Mmes. Benson and Brooks, returned home with them to spend the summer with the various relatives in this area. Mrs. McClennen, who is 89, usually spends several weeks during the summer visiting her children here.

Mr. and Mrs. Glenn Andrews and sons of Etter spent the weekend with the Owen Andrews and others of the family here.

Wife Of Bank Officer Is Native To Plains

Plains-born and raised, Mrs. Harlan Vander Zee feels right at home in Hereford since making the short move from Tulla recently when her husband became president of Hereford State Bank.

AMONG THE FRIENDLY residents she has found here, she says she keeps meeting people who know her friends in other towns, so she is having no difficulty getting acquainted fast.

Describing herself as a woman with no real hobbies — "I don't even play bridge!" — attractive Donna Vander Zee says the activity she likes best is taking care of her family.

In addition to her husband it includes two sons, 11-year-old Dan and Dirk, 9. Because of the boys' interest in Cub Scouting she has served as a Den Mother.

HER EDUCATION led to a teaching career, and she taught in elementary grades before the birth of her sons. She is a native of Plainview, nee Donna O'Daniel, and grew up in Tulla, graduating from high school there.

She majored in elementary education at North Texas State University, Denton, and met her husband there. The first year after their marriage both taught at Monahans, in the West Texas oilfields, then he had two years service in the U. S. Air Force.

Six months of that time they lived in Illinois before Vander Zee was sent to Japan for overseas service.

THE FAMILY AND the boys' pets are now comfortably settled at 213 Ranger, in a house they have rented while they consider whether to buy a home or have one built to their own plans.

Pets are an inescapable adjunct to her family, Mrs. Vander Zee says, and the boys were unhappy because they were not able to bring with them a calf they had at Tulla, in a home at the edge of the city.

They are making do at present with three dogs plus three young puppies, and an equal number of rabbits. One dog is a Chihuahua, she adds; the others are "boys' dogs."

PARENTS AND SONS all enjoy bicycling, and blue-eyed Mrs. Vander Zee has a becoming tan from that and other outdoor pursuits. She likes to work in her yard, for one.

Another interest is refinishing furniture and she has in the home several pieces she has done over. In a class she studied some fine points of using paint on the surface of furniture, or to make decorative designs; a miniature chest in the living room gives a sample of that skill.

She has taught in Sunday Schools, usually in children's departments since her training and experience as a teacher was with that age group, but at Tulla she tackled work in a new college-career department and found it "certainly something different" and interesting.

The family holds membership in First Baptist Church.

Hereford Girl In Production

Casting is complete and rehearsals are underway for the presentation of the smash-hit Broadway musical "How to Succeed in Business Without Really Trying." The musical will be the annual production of the summer Opera Workshop at Eastern New Mexico University, according to Don Moore, workshop director and assistant professor in music.

With performances scheduled July 27-29, the musical is the story of the phenomenal rise of an enterprising young man from a job as window washer to chairman of the board of the World Wide Wickets Company. Chuck Rives, Santa Fe, is cast as J. Pierrepont Finch, a charming and shrewd young man who beguiles his rivals as he swiftly climbs the executive ladder.

Judy Fitz, Clovis, plays the secretary who envisions herself as Mrs. Finch and is "Happy to Keep His Dinner Warm." J. B. Biggley, the loud, blustering president of World Wide Wickets, is portrayed by Clyde Powell, Clovis, and John Sullivan, Portales, is cast as Bud

Frump, Biggley's nephew who never hesitates to use family connections to advance in the company.

Other major roles include Lynn Thacker, Roswell, as Bratt; Becky Hamilton, Tucumcari, as Smitty; and Helen Carr, Portales, as Hedy.

Cast in supporting roles are Gene Harrell, Portales, as Jenkins; Cy Moore, Portales, as Johnson; Ron Hardin, Eunice as Matthews; Ralph King, Roswell, as Tackberry; Susan Hunter, Festus, Mo., as Miss Jones; Don Bailey, Portales, as Mr. Twimble; Patsy Schlenker, Portales, as the scrubwoman; Judy Tyler, Amarillo, as Miss Krumboltz; Gerald Hawk, Portales, as Womper; and Bill Stockton, Portales, as Ovington and the off-stage voices of the book and a television announcer.

Appearing in the production as secretaries in the office of World Wide Wickets are Jackie Scott, Alamogordo; Claudia Willette, Clovis; Kay Doebler, Portales; Sue Martin, Lovington; Jean Ragsdale, Santa Fe; Mary Lynn Gibson, Hereford, Texas; and Carol Strickland, Dora.

Dancers in the musical include Margaret Gallman, Santa Fe; John Markham, Churchrock; and Elvin McAlister, Portales.

Rainbow Girls Taking Part In Area Assembly

Service as officers in an area assembly of the Order of Rainbow at Silverton Monday is in prospect for three Hereford members.

Lynda Jacobsen, worthy adviser of the Hereford chapter, will fill the office of hope, while two past worthy advisors, Becky Long as musician and Carroll Todd as immortality, will also act in area offices.

A number of girls from Hereford Assembly 137 will go to Silverton, where the area assembly will be under direction of Mrs. Glenn Dowlin of Canyon. She was appointed at the recent Grand Assembly in San Antonio to serve another year as grand visitor for this area.

Of Dollars, Rubels, And Yen...

By LARRY FUHRMANN
Glancing through an old government book of mine, I came

upon a most profound little tid-bit that perhaps says in a nutshell just what is causing all this tension in the world.

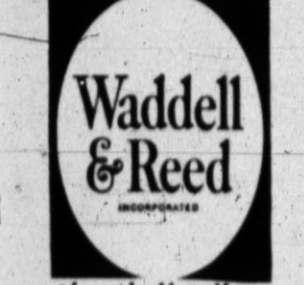

When the Strategic Air Command was still on the drawing board, it seems that what the United States Congress was looking for was "more bang for the buck."

It was a time when the United States, if it wanted to, could simply make a few threats of massive retaliation in order to achieve its goals within the world neighborhood.

But alas those times are gone, and the yards have gotten smaller. For as our country grew in might, getting "more bang for the buck," it seems that others were trying to achieve the same ends.

According to one professor, it appears that Russia was simultaneously working for "more rubble for the ruble." Meanwhile, Mao Tse-Tung is determined to get "more yelp for the yuan," etc. I suppose. Which keeps us on a pretty big merry-go-round of diplomacy and po-

NEW TELEPHONE DIRECTORIES — Mrs. Opal Elliston, employee of Southwestern Bell Telephone Company, checks the number of 1967 directories which will be available to new customers moving here and for replacement in heavily used locations. More than 6,000 directories were mailed out Friday morning, said Bob Tarbel, manager. The new directory has the same cover as the 1966 directory, but the color has changed from blue to grey.

to add water to powder and get some day soon you'll be able mayonnaise.

Interest in dehydrating food ingredients through the spray drying method is growing. This method gives products longer shelf life and helps reduce packaging costs.

Transportation savings can be considerable too. A truckload of conventional shortening shipped from Chicago to New York would cost about \$375. In powdered form it would occupy only about one-half of a truckload.

HELICOPTER FAMILIES

BOMBAY, India — U. S. Secretary of State Dean Rusk has given Indian officials a "gimmick" for popularizing and speeding up this country's family planning program, according to Health Minister Sri Pati Chandrasekhar.

Chandrasekhar told newsmen Rusk was rushed by helicopter to the funeral ceremony of Jawaharlal Nehru in 1964 and that many thousands of peasants in the crowd watched, fascinated by the aircraft.

The cabinet officer theorizes that movement of family planning would not only attract many villagers, but would also enable the teams to cover more villages.

TEARFUL TOUR

BRATTLEBORO, VT. — A group of junior high school students was given a tour of the police headquarters at Brattleboro, VT., and before the tour was over the kids were in tears.

Police unlocked a storage cabinet for tear gas canisters and, a bit too late, discovered some of the canisters were leaking.

A GREAT PACER

YONKERS, N. Y. — Romeo Hanover, a 4-year-old probably will fall heir to Bret Hanover's title as No. 1 pacer.

When he won the International Pacehere it marked his 21st straight victory.

News About Area Men On Duty

Airman I. C. Robert L. Austin, son of Mrs. Lois Austin Bates of Hereford, will return to Guam July 29.

Austin joined the Air Force in October, 1965, and received his training as a jet mechanic at Chanute, Ill. He was stationed at McCoy Air Force Base in Florida until he went to Guam in September, 1966.

The Hereford man was a bombardier on B-52s during his seven-month stay in Guam. He was shipped back to Florida in March for three months and recently re-enlisted.

licking as we try to keep the situation in hand.

President Johnson would probably be happy if South Viet Nam could just get "more punch for the piaster" in licking the commies. And on the home front, the taxpayer might like a little less dicker over his dollars.

All-Star Game Here July 23

The Hereford Rebels, preparing for an All-Star game to be held here next Sunday, will host the Plainview Astros at 1:30 p. m. today on the high school field.

Currently sporting a record of 5-3, the Rebels will be attempting to avenge an earlier loss to Plainview. There are six more games on the Rebels' schedule, four of them to be home games.

Eight teams will be represented in the All-Star game here next Sunday. Representing the north zone will be Hereford, Amarillo, Muleshoe and Friona. Teams from the south zone will be Lubbock, Plainview, Tulia and Dimmitt.

Just prior to the All-Star contest, a game will be held between boys between 9 and 12 years of age.

Frye are the parents of a daughter, Carla Delaine, born July 14.

Mr. and Mrs. Ronald W. Johnson are the parents of a son, Ronald Wayne Jr., born July 13.

Mr. and Mrs. Pedro M. Sanchez Jr. are the parents of a son, Robert Manuel, born July 12.

PHILLIE FANS ARE TOUGH

ATLANTA — Bob Uecker, recently traded by the Philadelphia Phillies to the Atlanta Braves for catcher Gene Oliver, says:

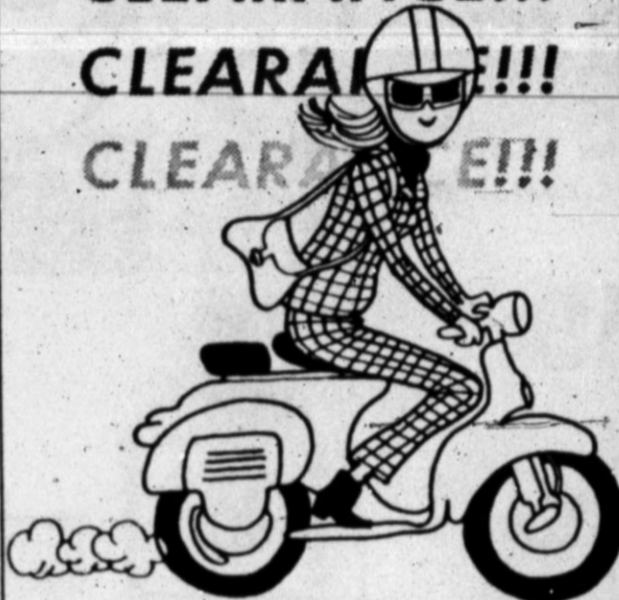

"Rich Allen hits 40 homers and drives in 100 runs and the Philly fans boo him. The fans in Philly are the toughest anywhere. They probably go down to the Schuylkill river and boo the scullers. They'd even boo an Easter egg hunt."

The Braves wanted Uecker because he has a reputation as a knuckleball catcher, and the Braves have a few of them.

Dinner In The French Manner

PLEASANT ASSIGNMENT -- Ending a summer class in French at Hereford High School, students prepared and served dinner with a menu taken from French cuisine, and table conversation in the language they have been studying under direction of Nancy Walker. The gala dinner was given in the home of Donna Olson, a member of the class, and her parents, Mr. and Mrs. George Olson.

MENU SPECIALTY -- French bread ready for serving is sampled by Steve McAndrews, photo at upper right, and Susan White reaches for a morsel from the tray held by Jan Turrentine. McAndrews, only boy in the group, had plenty of attention from the mademoiselles and first choice at the food.

FRENCH ELEGANCE -- Rose patterned plates, snowy linen, candlelight reflected in crystal and silver, all contributed to the elegant setting for the five-course meal. Theresa McAndrews, left, and Donna Olson confer on placement of dinner napkins in the photograph above left.

FLORAL APPETIZER -- Flowers on the dinner table added to enjoyment of the food. Mrs. Walker, in the photo at right, completes the arrangement of summer blossoms in an oval basket, assisted by Brenda Brock. The dinner menu included a consomme, salads, meat casserole with souffled vegetables, strawberry mousse, demi-tasse served with cheeses.

TABLE TOPIC -- Subject of much conversation at the dinner was a letter the class had just received from Rene Batard, French student who attended Hereford High School two years ago, and who has carried on correspondence with the group to help them learn his native language. Mrs. Gid Brownd, in whose home Batard lived while he was in Hereford, and Laurel Davis examine the latest letter, photo at far left.

FRENCH FRIEND -- Batard, now serving his period of military training in the French army, sent the snapshot at immediate left, taken in the office where he is on duty at Coetquidan. He is reading a copy of the Hereford Brand which the Brownnds sent him, as he has written them he always wants news of Hereford and his friends here. He did not explain the reason for the bicycle in the office.

Small Talk

By SUE COLEMAN
Women's Editor

For a reason that escapes me, July seems to be the least favored month for weddings. There is even a drop in engagement announcements, and it's all more noticeable coming right after the annual epidemic of June weddings which fill the society pages.

A NICE QUIET month suits me alright, for a rest before the usual end-of-summer rush to the altar. By the time June is over, a society writer had as soon spend her time on family reunions and Sunday School watermelon feeds for a while.

Writing about weddings is a pleasant task, up to a certain number of weddings. Trouble is, there are styles in weddings, and whatever decorations and bridal attire are stylish this year are repeated so often they grow tiresome after the umpteenth ceremony.

THERE ARE ALWAYS, in the annual crop, a few weddings planned with such poor taste that you don't like to even think about them, much less write about them. Some appear less a religious ceremony than a stage spectacle, badly over-

done. Some sentimental couple will want the wedding music to include "our song," even if it's one of these popular things suited only to an all-drum orchestra. Some exhibitionist bride or groom will sing at his own wedding. Some retread bride a bit too old for girlish trappings will wear them anyway.

Sometimes there is a solid reason for these things, known only to the persons concerned and nobody else's business. The etiquette book doesn't cover all the circumstances that may affect wedding plans.

However, there are too many instances where a brief review of Amy Vanderbilt's notes on wedding etiquette would prevent a gauche moment in an otherwise beautiful ceremony. And the book is on loan, for free, at your neighborhood library.

THERE IS ONE MAWKISH gesture which has become customary at weddings in some sections, but has never been used here to my knowledge, and I hope never is.

That's where the bride detours on her way to the altar to give a flower from her wedding bouquet to her mother, then stops

the recessional to give another to her new mother-in-law. It's supposed to symbolize some daughterly consideration, I'm sure, but actually it must have been thought up by a mother who insisted on taking center stage, even at her own daughter's wedding.

A wedding is no place to observe Mothers Day, and if I were the bridegroom I'd think twice about a girl who couldn't keep her mind on me at least through the ceremony. There is such a thing as a bride being too devoted to Mama — or Mama-in-Law.

Symphony-under-the-stars is a novelty in the Pahaude, I believe, but it is planned for the next three Tuesday nights in Palo Duro Amphitheatre. The Amarillo Symphony will provide the music.

The concerts will be held on nights when the Paul Green musical, Texas, is not playing. Time is 8:30 p. m. and tickets will be available by mail from Starlight Concerts, Box 2552, Amarillo.

"Good, pleasant music of the family entertainment type... popular classics to the top forty" will make up the program, the concert management announces. Light and sound effects which are unique to the amphitheatre will be used.

Oh, yes... informal dress is

Receive Notes From Students

Notes from the two foreign students who were guests in their home recently have been received by Mr. and Mrs. W. J. (Bill) Smith, 513 Ave. J.

The boys were among a bus load of American Field Service students who spent a weekend here enroute to the east coast. They wrote from Memphis, Tenn.

Tetsuo Hasui, a Japanese youth, wrote, "First of all, let me express my thanks to you for taking care of me for the two nights. I really enjoyed you, your town, and Palo Duro Canyon."

"I'm now staying in Memphis. It's been very cloudy and very wet over here. As we are going on a boat ride on the Mississippi tonight, I sure hope it won't rain tonight."

"In Cushing, Oklahoma, we went to see fire works because it was the Independence Day. "Well, thanks again and good luck to you." The Smiths' other guest was from Thailand. Charvalit Cert-

radi's letter follows: "Dearest the Smiths, "Hi! How are you? I'm fine well. I left from Hereford to Cushing, Oklahoma, at night. We celebrate Independence Day by "playing fireworks" everything is just marvellous. From Cushing to Memphis, Tennessee, where I have many rendezvous with floods, smoggy. Any how everything is wonderful, especially sitting on the Memphis Queen II, floating above the Mississippi River. Beautiful!"

"I would like to say, "Thank for your hospitality of Texas!"

Third Session Courses Begin

The third session of the Red Cross swimming courses will be held at the city pool Monday, July 17-28. This session will include, beginners, advanced beginners, intermediate swimmers and junior and senior lifesaving. A small fee of \$2.25 will be charged in order to pay the city pool. No fee will be charged by the Red Cross.

Half Million Vets Enter Training

More than one-half million veterans entered training during the first year of the educational program under the 1966 GI Bill, Jack Coker, Manager of the Veterans Administration Regional Office in Waco reported to day.

He predicted an even more successful program in fiscal year 1968, with well over 600,000 veterans expected to enter colleges and universities throughout the country. The peak enrollment month during fiscal year 1967, saw 323,000 students on campuses, but that figure is certain to be exceeded during the coming year, Coker said.

The average GI Bill student during FY 1967 was 28 years old, and 45 percent of the students had one or more dependents. Seventy-six percent of the veterans entered courses at the college level, compared to about 30 percent during the World War II GI Bill program and 50 percent when the Korean GI Bill was in effect.

Approximately 15 percent embarked on graduate studies. Statistics show that 93 percent of the veteran-students had completed four years of high school. For 35 percent of the students it was their first year of college, Coker said.

BRINGS PROGRAM — V. G. Berry, third from left, president of the San Jacinto Kiwanis Club of Amarillo, supplied the program to local Kiwanians Thursday while local Kiwanis President Dean Herring presided over the meeting of the San Jacinto Club. Shown with Berry are: l. to r., Jan Coffman, Ron Reed and Linda Adams, all members of the cast of the "TEXAS" production.

San Jacinto, Hereford Clubs Trade Programs

Exchanging programs and officers with the San Jacinto Kiwanis Club in Amarillo, Hereford Kiwanis enjoyed an impressive program of music and humor presented by the cast of the Palo Duro production, "Texas." The three members of this cast were Ron Reed, Jan Coff-

man, and Linda Adams. Officers from the San Jacinto club were, V. G. Berry, President and Amos Wilson, program chairman. Other members from the San Jacinto Kiwanis Club and the Amarillo Kiwanis were present at the meeting. Fleet Swoon, winner of the Florida Breeders' Futurity at Fla., was purchased for \$71,000 at the Hialeah Sales last winter. He is owned by George R. Wallace of Fitchburg, Mass.

Price Endorses "War On Waste"

Congressman Bob Price joined with other House members Wednesday in introducing legislation known as the War on Waste; Price said the bill was necessitated by the Administration's Wars on everything else — except waste and duplication.

The "War on Waste" bill would create a ten-member Commission to be known as the "Commission for the Elimination of Duplication and Waste," to investigate the present organization and methods of operation of the Federal Government, and to make periodic recommendations to Congress and the Appropriations Committees of the House and Senate.

Members of the commission shall include six persons from private life, two appointed by the President and two each by the Speaker of the House and the President of the Senate. The other four members would consist of two Senators and two Representatives; one from each of the two parties. The bill directs that the Speaker of the House and President of the Senate choose Congressional members from those who have been outspoken in their criticism of waste and duplication in government, thereby insuring a complete and thorough investigation of government operations.

Congressman Price said, "This bill is the response to a long-overdue need for Congressional action. The American tax-programs, inflation and now a possible Federal income tax increase, seeks relief; relief from the red tape and waste that constitutes a constant drain on the taxpayers' hardearned Federal taxes."

The Congressman concluded, "The need must be met by Congress; there is no reason why the Legislative and Executive branches of Government can't operate with the same economy that a private business must operate with."

TO MAKE STUDY
A study of irrigation in the Hereford area will be made July 27 by six persons from the country of Turkey. Wilton Green of the Soil Conservation Service, said the visitors will be in Canyon on July 26, in Hereford in next day and in Dimmitt July 28.

Casa de Amigos

By MARTIN WINCH
ENGLISH

English instruction for adults has been offered sporadically at the Casa de Amigos since the Hereford Migrant Ministry constructed the facility in the summer of 1960. Classes in English have been most successful during the winter and the spring when work is slow.

During the past seven years, many volunteers have given instruction in English at the casa under many different methods. Learning a new language is a large undertaking, particularly for those adults who cannot read or write Spanish. In few cases have either the volunteer teachers or the students felt fully satisfied. On the other hand, definite advances in learning are realized and the process of learning is itself stimulating.

In recent years at the Casa de Amigos, English instruction has been attempted in a larger sale

than before. But it still attracts proportionately fewer persons than do most of our other programs. From January through May of 1965, fourteen Spanish-speaking adults regularly attend two evening English classes per week at the casa.

While enrolled at WEST TEXAS STATE UNIVERSITY, the former Patsy Campbell suggested service projects at the CASA DE AMIGOS to her friends at the Baptist Young People's Union in Canyon. With the cooperation of Truett Fogle, of the Amarillo Baptist Association and Mrs. O. G. Hill Sr. of Hereford, a group of about eight students came to the Labor Camp twice each week to give instruction in English to these 14 adults. Mrs. Hill and Mr. Fogle tutored the Canyon young people in the Laubach method of instruction, which was used in the classes in conjunction with pictures, objects and act-

ing. In July, 1965, Mrs. E. W. Dettman and Virgil Dodson started the next English class at the Casa. They used pictures and objects in their instruction, which lasted into August. Lindo Cobelo, a guest of Mrs. Jack Renfro, assisted in the program. In January 1967, another English program began at the Casa de Amigos. This program is still in operation, although the present enrollment includes few of the original students. Classes meet from 8:30 until 10 every Tuesday and Thursday night. The class has to date involved twenty-three Spanish-speaking adults and young people.

Until April, instruction was supplemented with Sunday afternoon sessions in the Laubach method at the Goodwill Center. About seven students enrolled in the Casa de Amigos classes at the Casa de Amigos classes at the Casa de Amigos. Mrs. Hill supervised instruction in the Laubach method, as she has for the past seven years. Also giving individual instruction whenever possible were Mrs. Aubrey Cook, Miss Vida Hicks, and Mrs. Walter Lemons. Miss Hicks was sometimes able to instruct her pupil during the week at the Casa.

At present, eight Spanish-speaking adults and young people are regularly attending English classes each Tuesday and

Thursday night at the Casa de Amigos. All but one of the present students live in the Labor Camp. Instruction is given by the VISTA workers and Miss Vasquez. In addition, there are three elementary school pupils regularly attending for remedial reading.

In our classes, we try to tailor the instruction to the needs, interests and abilities of the individual students. Books available at the Casa suit the elementary children in their voluntary reading improvement program. Several beginning English students are strictly following the Laubach method to learn the English sounds and symbols. A feed lot employee is learning from a manual on farm and ranch Spanish, as spoken in this area. Several housewives are improving their English while reading from consumer education leaflets. A housewife and a field laborer are practicing with a conversation manual. A teenage girl is working on a girls' novelette. We have also used pictures, objects, acting, and movies.

We and our adult students discover that learning English must be easier — and certainly is more fun — in pre-school.

Starter George Palmer is in his 30th year as an official at the Delaware Park racetrack.

LCC Registration Completed For Summer Session

Final registration figures for the second summer session at Lubbock Christian College shows 131 students enrolled. Students represent 8 different states and from foreign countries. These foreign countries represented are Brazil, Nigeria, Japan and Hong Kong. Students come from New Mexico, Oklahoma, Ohio, California, Tennessee, Illinois, Arizona and Texas.

LCC offers an extensive curriculum of classes during the summer, including business machines, Spanish, speech, algebra, chemistry, music theory, government, physical education and engineering graphics.

This term the classes will be held for the first time in the fully carpeted and air-conditioned Mabee American Heritage Building. Classes began Tuesday and will terminate with finals on August 16. Graduation exercises for those completing their work in the summer will be conducted at 10:30 A. M. Aug. 15 also. Fall enrollment will begin Sept. 11-14.

PROVE IT FIRST...

Prosperity Brings Problems

Things are constantly changing in this world which we live and, once in awhile, the changes seem for the better. Observers tell us, for instance, that within the next few years (probably around the mid-1970's) that our two greatest problems will be how to spend our additional money,

and what to do with all of our extra spare time.

Up to now, these two problems have not been too pressing, especially for a married man with several children. However, if one compares today's income with that of the 1930's, the trend is definitely with us — and the observer could be right. Working wives account for a portion of the increase which some observers feel will give an income of \$7,000 to two-thirds of the nation's families. Monthly, the variation is expected as a result of higher salaries and shorter work weeks.

This new condition, pleasant though it sounds, is predicted to create radical changes in our behavior. Once we have our food, lodging and clothing out of the way, we are expected to go in for frivolities and higher quality. We are also expected to demand more conveniences, better service, fewer repairs — and variety. We will sink a wad on education for our youngsters, but we will also buy more boats, more camping equipment, more golf clubs, and more, wickered, homes, we will go to the beauty shop regularly, see the men shun the old barber shop for the "male salon" and, in general, live it up as never before in history. Furthermore, we are projected to spend for greater amounts on medicine and pills for a host of complicated ailments.

None of the observers predicted it, but it is safe to guess that we can also expect more divorces, more highway accidents, and possibly even less happiness. Such, at least, seems to be the pattern of our previous prosperity as a nation. What's more, it is probable that we will still find ourselves "short" when it comes bill paying time at the end of the month — just as we do today.

The big point rests in the fact that the average American will no longer be truly concerned with meeting life's essentials. Instead, his major worries will center around the little things, not the big ones. How we meet the situation, depends on us as individuals but, to say the least, we have come a long, long way from the early times when our forefathers struggled 24 hours a day for mere existence.

Is The Grass Greener....?

There is an old saying that people want most the things which they do not have, and perhaps the adage also applies to free enterprise.

In the United States, for instance, our trend is toward more government controls while Russia, in direct contrast, is turning to incentives to encourage workers on state and collective farms to produce more, according to Duane Howell, farm editor for the Lubbock Avalanche Journal, who says:

"It will may be that Communist planners have learned their lesson from the small back-yard plots which they permit people to cultivate. Produce from these plots, which comprise less than five percent of Russia's arable land, accounts for about half of the country's milk, meat and vegetables. The produce is sold on the free market there.

Under the new system in Russia, managers of state and collective farms will have increasing responsibility and freedom to make decisions."

No one with a knowledge of Communism would seriously argue that the Soviet Union is evolving toward a capitalist free enterprise system. The commissars are learning, just as Western civilization learned over the centuries, that human beings produce more efficiently when given an incentive and not prodded by force. With the Russians, adoption of the incentive plan is a matter of life or death. For Communism, as an economic system, is a demonstrated failure.

It is ironic that as Russia eases toward more freedom of choice in its economic system in order to survive, this nation moves gradually in the other direction to provide more "equality" and "security."

AUSTIN, Texas — The Belgian government will participate in HemisFair '68 next year, Gov. John Connally announced Wednesday. This brings to 19 the total of nations which will take part.

"We are most pleased to welcome Belgium to HemisFair, where her flag will join with those of the progressive nations around the world," Connally commented.

"The exposition will be enriched by the cultural contribution the Belgian people will bring to us."

Congress Flirting With Uniform Holiday Idea

By BERT MILLS
WASHINGTON, D. C. — Congress is flirting with the idea of junking tradition in favor of uniform Monday holidays. Pending legislation would create as many as six three-day weekends each year.

February 22, May 28, July 4, November 11, and Thanksgiving on the fourth Thursday in November. Easter, Christmas and New Year's Day would be left undisturbed because they are religious holidays.

Our present calendar now guarantees only one three-day weekend a year. Labor Day is always the first Monday after the first Sunday in September. This year, Washington's Birthday fell on Wednesday, Memorial Day and Independence Day on Tuesday, and Veterans Day will come on Saturday.

No new holidays would be created under pending proposals. Some pending bills would not tamper with celebration of Thanksgiving on Thursday, and some others would change only Memorial Day and Independence Day.

Chief booster of uniform Monday holidays is the Chamber of Commerce of the U. S., which polled 18,000 of its members, 85 per cent of whom endorsed the plan. Various other trade groups are equally enthusiastic.

A national newspaper Sunday supplement which published an article on Monday holidays invited readers to clip and return a ballot. There were 130,000 replies — 85 percent of them supporting the idea.

State Cooperation Needed
Congress lacks the power to set holidays, except in the District of Columbia and for Federal employees wherever located. Thus, Federal legislation would only encourage the states to follow the U. S. example.

The broadest bill pending in Congress is S. 1217, sponsored by Sen. George Smathers (D., Fla.). His state is heavily dependent upon the tourist dollar and would benefit from long holiday weekends. His measure suggests five changes.

Washington's Birthday, now observed on February 22, would be redesignated President's Day in honor of all Presidents, and would be celebrated on the third Monday in February. Memorial Day, instead of being tied to the May 30 date, would fall on the last Monday in May.

Independence Day would come on the first Monday in July, Veterans Day on the last Monday in October, and Thanksgiving Day on the fourth Monday in November.

One alternative to the Smathers plan would be a radical change in the date of Veterans Day. Better holiday balance throughout the year would be achieved by moving it to the third Monday in March, as the U. S. Chamber has suggested. Otherwise, there would be a 97-day no-holiday period between

PERHAPS ROCKY WILL BE REPUBLICAN CHOICE

GOP CRYSTAL-GAZERS SEE ROMNEY SLIPPING

By HENRY CATHCART
Central Press Washington Correspondent

WASHINGTON—The current jockeying among Republican big names for the 1968 GOP presidential nomination is fascinating to watch. The performance bears more overtones than a who-dunnit.

The principal topic among Republican political crystal-gazers is the rising speculation on the possibility of the big prize going to New York Gov. Nelson A. Rockefeller. The implication behind the increasing prominence of the Rockefeller name is that Gov. George Romney of Michigan is faltering in his own all-but-announced bid for the nomination.

Rockefeller practically admitted as much recently when he said that he would not refuse to be the New York favorite son candidate for the GOP presidential nomination. Rockefeller hastened to add that he would not permit his name to be entered into the 1968 presidential primaries of any other states, but this is the first time that he has publicly permitted his name to be linked even that closely to the nomination contest.

Rockefeller is an avowed supporter of Romney's candidacy. The New Yorker has lent his material support in the way of personnel and advice. But the Rockefeller statement clearly implies that he doesn't think Romney's chances of capturing the nomination are as bright as they were heralded as being only a couple of months ago.

If Romney should be removed from the running, it is almost certain that Rockefeller would ease up even more on his current attitude against contesting for the GOP nomination. The principal reason is his conviction, and that of many influential backers in his wing of the Republican party, that neither Richard M. Nixon nor Sen. Charles Percy of Illinois, could carry the party to an election victory next year.

THE END—Perhaps the most widely used bit of government public-relations is the use of the word "finalize." In government it seems someone almost always is "finalizing" something or other. An official of one government agency has vowed to do something about it.

Robert C. Wood, undersecretary of Housing and Urban Development, became acutely aware of the overuse of the word one day when he noticed its use in six successive agency press releases. Wood says that he will complete, end, conclude, finish or terminate the careers of any of his agency's press release writers who don't stop using "finalize."

Wood made his position-known in a tongue-in-cheek memo which won the laughter of most HUD workers, but there were a few who took the whole thing seriously and muttered about bureaucratic tyranny.

DIPLOMATIC ALERT—One key to State Department insiders for judging the crisis level of diplomatic activity is to watch the cafeteria. During the Middle East crisis the cafeteria went on an around-the-clock basis. Another key is for these insiders to check in at the operations center of the department. It has a little board hanging on the wall with the heading "TODAY'S CRISIS."

50 YEARS AGO

TOPEKA, June 30 The draft for the first army will probably come within the next ten days. The local exemption boards have been directed by the secretary of war to have all the registration cards numbered and in the hands of the adjutant general by July 7. As soon as those cards are received the draft can be made.

The drawing will take place in Washington, but it will be by number instead of names. This will dispel all fears of favoritism so far as the drawing is concerned. The government will decide how many men each county shall furnish. Then it will put numbers equal to the number of men registered from each county in a wheel and then draw out the number needed for the first army. The list of numbers drawn out will be transmitted to the various counties and the name corresponding with those numbers on the registration card will be drafted.

That the Hereford Country has produced a harvest in excess of the expectations of many of the farmers themselves is the assurance given on by those who are already at work in their wheat fields.

Wheat on the farm of W. M. Cogdell is being harvested this week and the yield is proving very good indeed considering the drought during the wheat-growing season.

Hereford has received during the week rainfall to the amount of six-tenths inches. Neighboring communities report amounts varying from 3-4 inches. The heaviest rains are reported east and northeast. In the Wyche neighborhood and nearby communities the rains were accompanied by destructive hail which is said to have done considerable damage to wheat.

25 YEARS AGO

Some 65,000 pounds of scrap rubber had been turned in at Hereford filling stations this week, in a response which dwarfs contributions to any previous salvage drives held here. Tuesday, June 30th, is the last day of the period proclaimed by the president for national scrap rubber collection but indications from most of the nation were that the collection exceeds most expectations. No report on the collection for the nation as a whole will be available until released by the White House, but response throughout the Western States is excellent.

The scrap rubber drive, catching Deaf Smith County in the midst of a huge wheat harvest, has nevertheless received good co-operation from local people, most of whom feel that a huge collection of scrap rubber will serve to postpone gas rationing in gas producing areas.

Hail, accompanied by heavy rains, again Tuesday hit part of the Deaf Smith County bumper wheat crop, leaving heavy damage in the Westway sector and farther toward the western part of the county.

Rain varied from one and one-half to nearly three inches in the sections hit by the storm, with hail very light around the Westway Store and getting heavier farther west.

Offices of the employment service are now open in the building next door (north) to the Texas Theatre and J. J. Boley, director in charge, asks that persons wanting work or farmers wanting to hire labor get in touch with this office where contacts are made.

The employment office is a free government service designed to help keep a steady labor supply during the busy harvest months. Thus far, labor supplies have been sufficient, but the harvest was slowed up this week by heavy rains in parts of the county. The office here will be open for several months and will help with labor problems during potato harvest as well as during wheat har-

President's Day and Memorial Day, not counting Easter Sunday.

Some Dates Are Wrong Now

One argument against Monday holidays is that tradition dictates celebrating a certain anniversary date. But some of these dates are historically incorrect. George Washington was born on February 11, under the calendar then in use. The resolution of independence was approved by the Continental Congress on July 2, not July 4.

Memorial Day has been observed on May 30 since 1868 but originally it commemorated only the Civil War dead. Now it honors the casualties of all subsequent wars. Veterans Day was originally Armistice Day, marking the end of World War I, but

since 1934 the occasion honors veterans of all wars.

Thanksgiving is a traditional celebration but not on any particular date. In 1863, it was observed on August 6. Only since 1941 has the fourth Thursday in November been standard — and Congress took that action to end confusion caused by President Franklin D. Roosevelt's advancing of the date.

Anybody who thinks six Monday holidays per year is either a good or a bad idea should register his views with the Senate and House Judiciary Committees. Those groups have custody of the pending bills.

Planning to serve scrambled eggs for brunch? Add minced chives to creamstyle cottage and fold into the eggs toward the end of the "scrambling" time — just as egg mixture is undergoing its final setting. If the cheese is cooked for any length of time it will make the eggs watery.

HOT WEATHER, HOT CAR — This car was one victim of the heat Sunday, as the motor caught fire and flared up briefly. Owners of the car, a Clovis couple, said they believed something had happened to a part of the air conditioner, causing the fire. The Hereford Fire Department answered the call, but the blaze had been extinguished by shoveling dirt on the motor. Damage was slight and a new hose allowed the couple to continue.

PERSONALS

Charles Bell, representative for the Southwestern Life Insurance Company was informed this week that he had led the company's Amarillo territory in ordinary sales volume for the month of June.

Mr. and Mrs. Justin McBride recently took a trip to Colorado Springs in order to pick up their daughter Martha Ann and another girl, Suzanne Solomon, from camp.

Justin said that a religious camp in Colorado, run by the Navigators, had purchased the Glenn Erie castle which was built by a General in 1874.

Visiting Mr. and Mrs. Alvin Smith, is John Kyle from Longbeach. John's brother Frank was also here for a while but has now returned home.

Willodyne Brooks is away on a trip to California. With her are her two children Linda and Allen. Also her two grandchildren Mike and Michelle.

Last Thursday, 7:30 p. m. in the Community Room of the First National Bank, Merle Carmichael showed films of her trip to Europe. Pictures were shown of Austria, Spain, Germany, Switzerland, and France. Some of the towns in Spain that were shown were, Seville, Granada, Cordoba, Toledo, Barcelona and Madrid.

Pictures were also shown of Christa Hoelzl from Austria.

Mrs. L. E. Roach, a long time graduate of Hereford High School, is visiting her mother Mrs. Bess Werner. Mrs. Roach is staying until her husband returns from a business trip in Idaho.

Ralph Fullwood, former resident of Hereford and son of Mr. and Mrs. R.A. Fullwood recently sent several clippings from the Los Alamos paper concerning a wild west movie being filmed there in August.

Filming of the western movie entitled "Man Without Mercy," is to be started in the canyon immediately west of the firing range on east Jemez Rd.

in Los Alamos, and was selected because it has a gentle slope at one place which will be needed for a shoot-out chase scene.

The filming is expected to take six weeks and could possibly star Mickey Rooney.

Already signed to appear in the movie are Scott Brady, Jim Davis, and John Carradine.

Colorado Springs? It seems that everybody has an urge to visit the picturesque state of Colorado. This is the way it was with Mrs. Stella Davis accompanied by Mr. and Mrs. C. R. Wilder and their children Tanya and Steven.

Seven Falls in Colorado Springs proved to be very impressive to the visitors. In the daytime, there are steps to walk to the top of the falls and by night, the waters are lighted with colors of the rainbow.

The highlight of the trip, said Mrs. Davis, was the train ride through the mountains from Durango to Silverton. A fifty three mile train ride that took all day!

The Mesa Verde National Park of Colorado provided interesting sight seeing for the tourists. This park is nearly 2,000 years old. Even back then Indians in the "Four Corners" area of Colorado, Utah, Arizona, and New Mexico were practicing agriculture.

Evidence of that ancient occupation is seen today in ruined villages dotting the mesa tops and valley floors and in cliff dwellings throughout this canyon country.

Visitors to Mesa Verde who can momentarily live and think in the past will enjoy a glimpse of life in those Prehistoric times.

Mrs. Davis and her family left Hereford July the 5th, enjoyed their trip immensely and returned on the 12th.

Sandra Huckabee Bride Of Gerald Leatherman

Mrs. Gerald D. Leatherman nee Miss Sandra Huckabee

Miss Sandra Kay Huckabee returned to Hereford, her former home, from Dumas for her wedding in Central Church of Christ Friday evening, when she became the bride of Gerald D. Leatherman.

Her parents are Mr. and Mrs. Earl Huckabee of Dumas and the bridegroom is the son of Mr. and Mrs. J. L. Leatherman, 605 Blevins.

Candles lighted the church for the twilight ceremony conducted by Gordon Downing, Church of Christ minister, using the double ring service. Her father gave the bride in marriage.

Two pairs of candelabra were ranged on either side of the arch of greenery tied with white satin bows to form a background for the wedding party. Judy Leatherman and Tommy Newton lighted candles.

Miss Jane Messick of El Paso was maid of honor, Miss Kathryn Edwards of Littlefield the bridesmaid, Melinda Herr the junior bridesmaid and Nona Jenkins of Dalhart the flower girl.

The bridegroom's attendants were John Newton, best man; Ernest Flood Jr., groomsman, and Kim Young, junior grooms-

man. Mike Kattaer of Lubbock carried the rings. Serving as ushers were Steve Myrick of Clovis, Darrel Flood, Jimmy Campbell and Ken Stark.

Mrs. Dale Young was the soloist whose selections included Because, One Hand-One Heart, and the prayer solo, Be With Us Lord.

The bridal gown was of snowflake crepe and Chantilly lace, empire style, with a lace chapel train attached at the shoulder line with twin bows of the crepe. The lace bodice had a Sabrina neckline outlined with scallops.

A scalloped edging of lace finished the tiered illusion veil which was held to her dark hair by a coil of lace and illusion petals, and fell elbow length.

Her grandmother's wedding ring was tied into her cascade bouquet of white orchid and stephanotis as a luck piece.

Feminine attendants were dressed alike in floor length frocks of powder blue satin, the empire waistline circled with matching velvet ribbon. Blue tulle was fluffed over their pillbox headpieces and they carried white carnations tied with blue ribbon.

For the wedding and the re-

ception afterward, the bride's mother wore an all-pink costume, with a scalloped jacket matching her lace dress. The bridegroom's mother chose a mist green lace dress with beige accents. Both had corsages of pink roses.

In the church fellowship hall, the couple and their parents received guests while Mrs. John Newton ladled punch and Miss Sherian Sevier served the four-tiered wedding cake.

Tulle over a blue taffeta cloth covered the table, crystal candelabra held six tapers in the center, arranged with blue and white carnations. The cake was decorated with touches of blue.

A trip to Colorado Springs began for the couple after the reception. Mrs. Leatherman traveled in a blue knit suit with matching accessories. The orchid from her wedding bouquet was pinned on the jacket.

The newlyweds' home will be at 307 Ave. K. The bride attended Lubbock Christian College as a business major after graduation from Hereford High School in 1966. Leatherman, an employe of American Dusting Company, was graduated the previous year from HHS.

VFW Ladies Report Aid To Veterans

Men's clothing, eyeglasses and books are being collected by the Ladies Auxiliary, Veterans of Foreign Wars, to be taken to the Amarillo-Veterans Hospital for use of patients.

Reports on this project and on a recent party given for the hospitalized veterans were made at the Auxiliary meeting in the VFW building Thursday evening. Mrs. Wayne Driskill presided.

Mrs. J. A. Ralston told of the party at the VA hospital, when a dozen members from the Hereford VFW post and auxiliary were hosts. Games of bingo entertained 33 patients and gifts were taken to the bed patients. Ice cream, cake and coffee were served.

Announcement was made of the District 13 convention to be held at Childress Sept. 2 and 3.

Mrs. Leonard Johnson of Friona was elected to membership. Others present were Meses Clarence Hollabaugh, Orpha Nickerson, Leonard Davis, Harry Coffin Jr. and Don Nielsen.

Next time you serve raisin sauce with smoked tongue, you might enjoy adding slivers of crystallized or preserved ginger to the sauce.

Cities Considering Levy Of Sales Tax

By VERN SANFORD
Texas Press Association
AUSTIN, TEX. — Within the next few months, residents of several cities in Texas may vote local sales taxes on themselves. Some of the larger cities are considering elections under the new law which permits a community to levy a one per cent sales tax, if its citizens approve. This is in addition to the state's two per cent sales tax. In Austin, a group of businessmen and city leaders are urging the city council to call a sales tax election.

A statewide survey indicates that Houstonians — where the proposed tax could bring in as much as \$14,000,000 a year — will be among the first to vote. Mayor Louie Welch said the city council will be asked to call an election on the issue this fall. San Antonio Mayor W. W. McAllister expressed support for the local sales levy and said a vote could be scheduled after September 29. Without the additional revenue, he said, San Antonio would have to reduce municipal services or inaugurate more service charges.

City officials in many smaller towns, on the other hand, indicate they have no intention of rushing into sales tax controversies. One, who probably represented views of many said city governing bodies ought to wait on a call by citizens, through

petitions or other formal requests, before setting any elections to impose new forms of taxation.

AUTO INSURANCE GOING DOWN
Starting August 1, Texans will be paying slightly less for their auto insurance on a statewide average.

Some will pay considerably less, some more. But overall, the State Board of Insurance maintains that motorists will pay \$4,200,000 less in premiums. Average statewide saving will be about one per cent for all classes of coverage combined.

Board adopted, with minor changes, the recommendations of its staff as submitted at a public hearing on June 30. Changes related to commercial and miscellaneous classes for bodily injury, property damage liability and physical damage coverages.

At the same time, the Board authorized a study of so-called "good student" credit. Latter would make some reduction in stepped-up rates charged young males under 25, provided they are students in the upper scholastic achievement bracket. Board said it is strongly inclined toward allowing such a discount.

Another study will explore the possibility of creating additional statistical territories.

APPOINTMENTS

Gov. John Connally reappointed to the Board of Regents of State Senior Colleges J. C. Kellam of Austin, Emil C. Rasmann of Midland and William C. Donnell of Marathon. Board generally supervises East Texas State, Stephen F. Austin State, Sul Ross State and Angelo State College.

Among other recent reappointments were: Scott L. Hartgrove of Paint Rock, E. H. Swain and James L. Daniel of Eden to Lower Concho River Water and Soil Conservation Authority board of directors;

H. D. Stewart Jr. of Big Spring to State Board of Barber Examiners; Virgil Versaggi of Brownville to Gulf States Marine Fisheries Commission;

William C. Richard of Athens and E. M. Decker Jr. of Jacksonville to the board of managers of the Texas State Railroad (a five-mile state-owned line in East Texas).

HUNTING SEASONS SET
Texas Parks and Wildlife Commission decided deer hunters can shoot on New Year's day next year.

But the Commission trimmed two days off the white-winged dove season. Deer hunting for most areas will be November 11 through January 1 — two days longer than last year. A special experimental season of November 18 through January 7 was set for deer and turkey in Frio County. A short, November 25 through December 10, season was retained for Trans-Pecos, but the district bag limit was increased to four deer, including an additional white-tailed buck.

Commission decided the white-wing season should be held to the weekends of September 2-3 and 9-10 this year. Reason is the 17 per cent decline in bird population, a big kill in Mexico and experimental permission for shooting in the old white-wing sanctuary along the border in Starr, Cameron and Hidalgo counties.

COURTS SPEAK
Texas Supreme Court upheld the state savings and loan commissioner's grant of a charter to the Trinity Valley Savings and Loan Association of Cleveland. Suit was brought by a Livingston group, unsuccessful applicant for a charter of its own.

A Lubbock woman won a new trial from the Supreme Court in her damage suit resulting from discovery of a surgical sponge alleged to have been left in her body during a Caesarian section in 1959. In directing the second trial, the Court departed from a 25-year old rule that such suits must be filed within two years.

Houston engineering and construction firms failed to get a high court review of their dispute over adequacy of the giant

gates fabricated and installed for Canyon Dam in Comal County.

Supreme Court upheld a finding by the Fourth Court of Civil Appeals that transactions between parties in violation of antitrust laws are void and unenforceable.

GRANTS CLEARED
Anti-poverty grants totaling more than \$9,000,000 to find jobs for 10,000 hard-core Texas unemployed have been cleared by governor.

Connally waived power of veto over the "concentrated employment programs" which will operate in Houston and San Antonio.

Houston project will receive more than \$4,000,000. San Antonio, \$4,100,000. Local contributions also will go into programs concentrated in cities' worst slum areas and providing counseling, training and job placement services.

BUSINESS ACTIVITY UP
Texas business activity reached another record high in May — five per cent over previous month and 10 per cent over May, 1966.

Average annual growth rate of Texas business activity during first five months of 1967 was nine per cent, according to the University of Texas Bureau of Business Research.

Industrial production index maintained a fairly steady rise throughout 1966 and jumped again in May after leveling off early this year. Bureau also reports a 20 per cent construction gain during May and predicts continued growth.

STUDENT AID PLANNED
Some 1,350 "high potential" June graduates of Texas high schools who planned no college careers will be offered financial aid and encouragement to pursue higher education after all.

Members of selected group are being contacted by the Coordinating Board for Higher Education, interviewed on their college and course preferences

and need for assistance. They will then be placed in contact with college authorities who will attempt to work out satisfactory arrangements. Governor's Committee on Public School Education arranged the project with the Coordinating Board and administered tests to 67,000 seniors.

IRRIGATION WELL PROBLEMS?

Give us a chance to increase your water production by the latest methods of chemical analysis on your individual well. We believe we may be able to help you, regardless of whether your well is choked down with algae, clay, rust, calcium deposits or other clogging material. It is quite possible that your well does not need an acid treatment, but needs a newer and more modern treatment formulated by our company chemist for your special problems. The old fashioned method of giving a well a "shot of acid" can often be detrimental to your well and pumping equipment. Let our chemist check your well in a scientific manner and dispense with guess work.

SIR, IT IS STILL POSSIBLE THAT FEDDERS AND CLAWSON KNOW WHERE THE DIAMOND IS, BUT WE HAVE NO SOLID EVIDENCE TO DETAIN THEM!

WE DO NOW, TYLER!

THEIR CHECK FOR THE DIAMOND IS WORTHLESS - AND THEY ARE WANTED FOR FRAUD ELSEWHERE, TOO!

THAT'S NOT TOO MUCH OF A SURPRISE!

SO, WE HAVE PRISONERS, BUT WHERE IS THE DIAMOND?

SIR, THERE IS ONE ANGLE I WANT TO CHECK OUT!

GO AHEAD - BUT LOCK UP FEDDERS FIRST!

WE COULD HAVE BEEN OUT OF TOWN WITH THE DIAMOND IF YOU---

I HAD THE STONE FOR TEN SECONDS! HOW WAS I TO KNOW THE STUPID BIRD WOULD GRAB IT!

MY THEORY IS ONE OF THE OSTRICHES GOT HIS BEAK INTO THE POST AND FOUND DR. PAUL'S BIG GEM!

DOES AN OSTRICH WITH A MILLION-DOLLAR DIAMOND IN HIS STOMACH HAVE A SMILE ON HIS FACE OR A PAINED EXPRESSION?!

HE HAS NEITHER, SPUD - THAT'S OUR PROBLEM!

TO BE CONTINUED!

WHY DO YOU ALWAYS READ THE CAMP NEWSPAPER? YOU KNOW HOW ANGRY IT MAKES YOU

I KNOW, BUT I GOTTA FIND OUT WHAT'S GOING ON IN MY CAMP

I THOUGHT YOU SAID THAT WAS JUST A SCANDAL SHEET

WELL, MOST OF THE TIME THEY PRINT A LOT OF LIES AND UNFAIR REMARKS ABOUT THE WAY THE CAMP IS RUN

BUT EVERY FEW WEEKS IT SEEMS LIKE THEY COME OUT WITH SOME REAL FINE STORIES

HEY! I DIDN'T HEAR ABOUT THIS

I SURE HAVE TO BE ALERT TO KEEP TABS ON THINGS

WHAT'S THIS ALL ABOUT?

THAT'S OUR HUMOR ISSUE, SIR

HUMOR ISSUE?

YES, SIR. EACH MONTH WE WRITE THE MOST RIDICULOUS THINGS WE CAN THINK OF AND PRINT A WHOLE ISSUE OF SATIRE

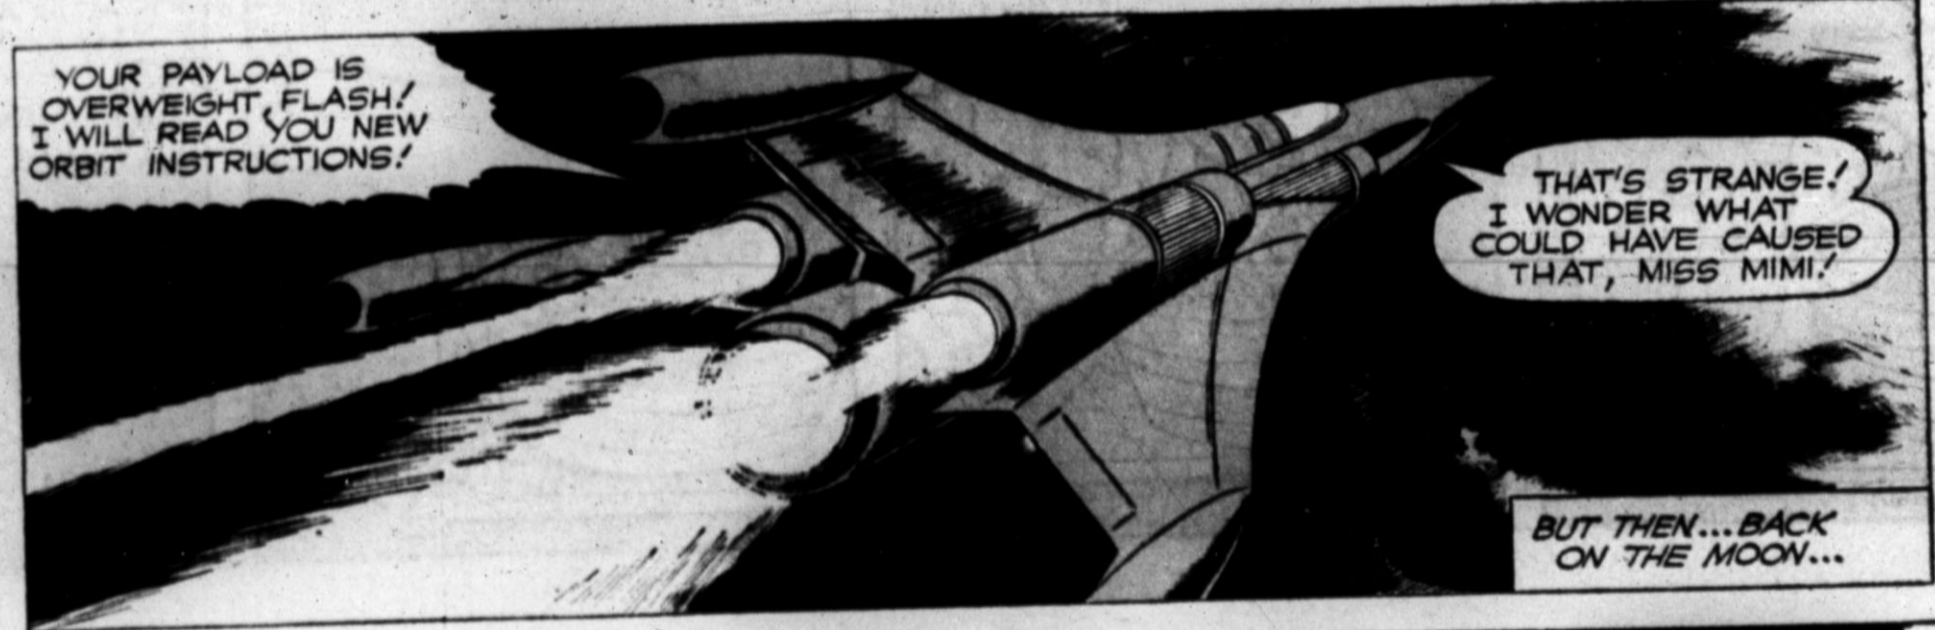

A MONTHLY HUMOR ISSUE?

YES, SIR. WE'VE BEEN DOING IT FOR YEARS

NOBODY EVER TELLS ME ANYTHING AROUND HERE

YOUR PAYLOAD IS OVERWEIGHT, FLASH! I WILL READ YOU NEW ORBIT INSTRUCTIONS!

THAT'S STRANGE! I WONDER WHAT COULD HAVE CAUSED THAT, MISS MIMI!

BUT THEN...BACK ON THE MOON...

YOUR LAUNCHING RAMP IS NOW COMPLETED!

THE TROOPER...

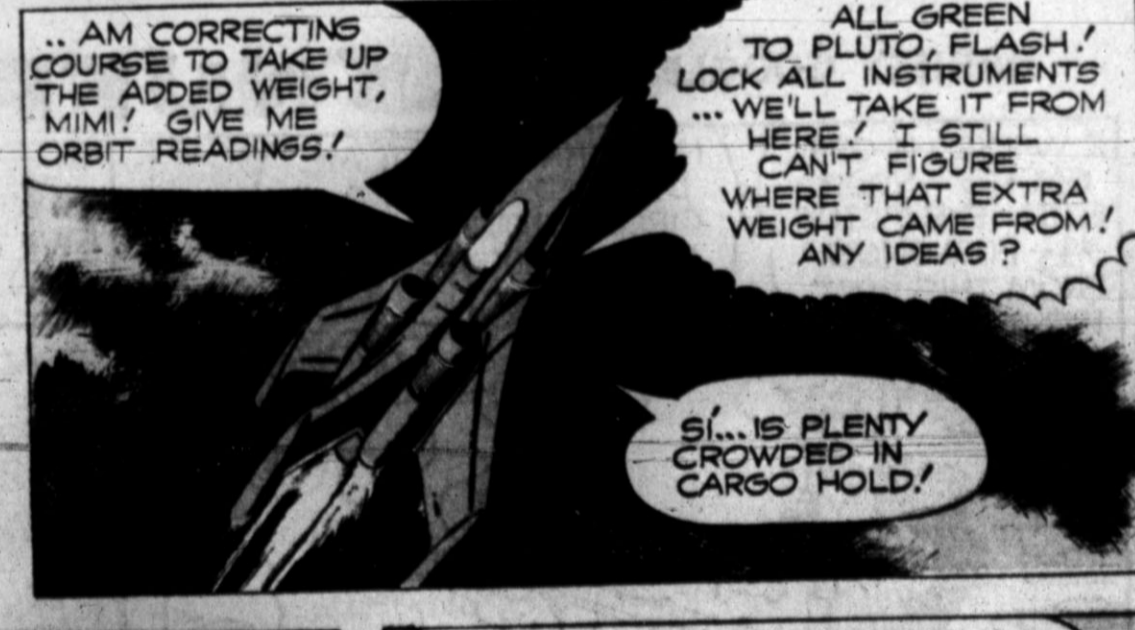

SORRY MR. LEDGE - I LET PANCHO STAY TILL YOUR LAUNCH RAMP WAS FINISHED. NOW--I'VE GOT TO TAKE HIM IN!

I HAVEN'T SEEN PANCHO ALL DAY! WHERE'S HE GONE TO?

HE CAN'T HIDE ON THE MOON, LEDGE! AFRAID I'LL HAVE TO SEARCH THE LIVING COMPOUND!

.. AM CORRECTING COURSE TO TAKE UP THE ADDED WEIGHT, MIMI! GIVE ME ORBIT READINGS!

ALL GREEN TO PLUTO, FLASH! LOCK ALL INSTRUMENTS ... WE'LL TAKE IT FROM HERE! I STILL CAN'T FIGURE WHERE THAT EXTRA WEIGHT CAME FROM! ANY IDEAS?

Sí... IS PLENTY CROWDED IN CARGO HOLD!

WHA-- YOU...? PANCHO?!

Sí, SENOR FLASH--- I THINK MAYBE YOU BE LONELY.. ALL THE WAY TO PLUTO...NO?

SO... PANCHO HE COME ALONG? MAYBE YOU NEED HELP TO RESCUE CREWMEN THERE? NO?

GODFREY LEDGE-- YOU CHECKED OUT THE CARGO HATCH BEFORE COUNTDOWN, DIDN'T YOU?

YES--AND IT BEATS ME!

HOW COULD I HAVE MISSED A STOWAWAY OF THAT SIZE? WELL... THERE'S NO WAY TO CALL THE FLIGHT BACK NOW, MIMI... IS THERE?

IF NIGHT BIRD IS RIGHT AND SWIFT WING HAS ANGERED THE SKY GODS, THIS RAIN WILL SWEEP AWAY OUR PUEBLO!

BACK! RETURN TO THE PUEBLO AND BE READY TO ABANDON IT!

I KNOW HOW YOU FEEL, SWIFT WING, BUT YOU HAVE TRIED TO KEEP THE FLOOD FROM UNDERMINING YOUR PUEBLO! NOW YOU MUST WAIT AND SEE IF YOUR PLAN WORKS!

FOR HOURS, LIGHTNING CRISSCROSSES THE SKY OMINOUSLY AND WATER PUMMELS THE PLAINS...

HOW MUCH RAIN HAS FALLEN SINCE WE CAME?

TWO INCHES, DAN! NOW LET'S CHECK THE MARKER I SET UP ON THE PLAINS BELOW!

AND IF THE WATER ON THE GROUND HAS RISEN MORE THAN TWO INCHES ON YOUR MARKER--

THE EARTH BARRIER ISN'T DIVERTING THE FLOOD FROM HERE, AND THIS PUEBLO IS DOOMED!

WELL?

JUST TWO INCHES! IF THAT BARRIER CAN CONTINUE KEEPING THE WATER BEYOND IT FROM SWEEPING DOWN HERE--WE'VE WON!

HERE'S THE SYNTHGRATOR. DID YOU FIND A NICE CLEAN SPECIMEN OF YOUR MONEY?
ER... IS THIS FIVE-DOLLAR BILL OKAY?
IT'S THE LARGEST BILL HE HAD.

THAT'LL DO NICELY. JUST PLACE IT IN THE CENTER OF THE TABLE.
OH, DEAR. I HOPE IT WON'T DAMAGE THE TABLE-CLOTH.

NO, THE SYNTHGRATOR'S ABSOLUTELY HARMLESS. THERE, THAT OUGHT TO DO IT!
LOOK! IT'S GLOWING!
HOLY SMOKE!
ZAP!

NOW WHAT?
SIMPLY ROLL IT UP NEATLY AND PLANT IT IN A NICE SUNNY SPOT. IT'LL SPROUT QUITE RAPIDLY.

EXACTLY! IT IS A SEED NOW. JUST WATER IT ONCE A DAY. IT'LL TAKE ABOUT A WEEK BEFORE THE FIRST PODS DEVELOP.

PODS?
YES, YOU'LL FIND THE MONEY INSIDE THE PODS. DON'T PICK THEM UNTIL THEY'RE 4 INCHES LONG OR THEY MAY BE BLURRY.

YOU MEAN I'LL ACTUALLY BE ABLE TO PICK REAL MONEY FROM A TREE?
HOW THRILLING!
WELL, I HAVE TO BE GETTING BACK, FOLKS.
G'BYE, AND THANK YOU!
OH, BOY! WHERE'S MY SHOVEL? I'M GONNA PLANT THIS \$5 BILL RIGHT NOW!
DON'T FORGET TO BUY ME SOME NICE DIAMONDS.

I JUST FINISHED PAINTING MY ROWBOAT AND I WANT TO TRY HER OUT!
WONDERFUL!

MEET ME DOWN AT THE PIER IN AN HOUR!
I'LL BE THERE!

HOW THRILLING! HE WANTS TO SHARE A BEAUTIFUL MOMENT WITH ME!!

TRUE LOVE IS SHARING EXCITEMENT AND PLEASURE WITH THE ONE NEAREST AND DEAREST TO YOU!

IT'S TIMES LIKE THIS THAT MAKE ME REALIZE HOW MUCH THAT SAILOR BOY NEEDS ME!

YOO-HOO, POPEYE!
I'M HERE!

by DON TOBIN

EMILY - YOU'RE GOING TO BE SICK IF YOU EAT THAT WHOLE BOX OF CANDY!
I'LL JUST TAKE ONE MORE PIECE.

AND ONE MORE - AND ONE MORE! - I KNOW YOU... YOU HAVE NO WILL POWER!
I DO HAVE WILL POWER - I SAID ONE MORE PIECE AND I MEAN IT!

NOW WHAT SHOULD THAT LAST PIECE BE?
I THINK IT SHOULD BE A CHOCOLATE CARAMEL.

HM-M-M - THAT'S NOT A CHOCOLATE CARAMEL -

AND THAT'S NOT A CHOCOLATE CARAMEL -
I KNOW THERE'S ONE IN HERE SOMEWHERE -
BUT THAT'S NOT ONE EITHER.

NOR IS THAT!

NOR THAT!
NOR THAT!
NOR THAT!

FINALLY! A CHOCOLATE CARAMEL!

NOW, JUST TO SHOW YOU HOW MUCH WILL POWER I HAVE...
I WON'T EAT IT!
