1967 Building Permits Include 155 New Homes

And they said the building boom in Hereford was leveling off! Someone should tell the persons who got permits to build 155 new homes in the city during 1967.

After three straight years of a building boom which began in 1962, city officials predicted at the start of 1966 that the construction would level off. It did for 1966, as permits for that year totaled only about \$2,135,000.

Activity picked up again early in 1967, however, and permits for the entire year have totaled \$3,962,130. Of that amount, \$2,413,537 was for residential construction. Except for one duplex and four 4-plexes (16 apartments) totaling just under \$100,000, all of the residential amount has come for new homes.

Figures gathered at City Hall show that the construction actually began slowly and ended the same way. Permits issued in January totaled \$165,500 and those in December (as of 4 p.m. Friday) accounted for \$146,400.

But in between those two months was action aplenty. February building permits totaled \$447,700, although only \$154,200 was for residential construction. Contract for erecting the new vocational building at Hereford High School gave the permits a \$260,900 boost.

Month by month then, the permits included March, \$312,500 with 10 new homes included in \$201,200 for residential work; April, \$93,400 with seven new homes included in \$145,600 in residential construction; May, \$290,300 with 13 homes in the \$233,500 total for residential work; June \$254,200 with 12 new homes included in the \$214,800 total for residential; and July, \$274,900 with residential work totaling \$259,200 and 15 new homes.

The August total for building permits was \$278,900 with residential construction being \$257,500 and 18 new homes; September, \$224,700 with 11 new homes included in the \$206,500 for residential work; October \$269,100 with the residential work totaling \$257,400 and 13 new homes.

Permits of every kind totaled 233 in 1967, as compared to 207 in 1966.

In 1962, a total of \$1.7 million in permits was issued. The figure soared to \$4,379,720 in 1963 and kept rising to \$4,498,600 in 1964. The peak came in 1965 when permits totaled \$5,313,010. However, residential construction during that year totaled only \$2,051,950.

Several annexations by Hereford City Commissioners in 1967 have brought the total land area in the city to 2,980.50 acres, or more than 4.65 square miles.

During a two-year period between January, 1966, and December 31, 1967, a total of 126.10 acres has been added to the city.

Students Return From Holidays

Christmas holidays will be brought to an end Tuesday as school will resume its regular schedule again and students will be returning from a diet of presents, holiday parties, and fun to another semester of school activities.

The calendar shows Jan. 15 as the next school holiday for the students teachers will be required to report in for record work.

A Teachers meeting March 8 will also result in another free day for students.

Easter vacation follows the March break with school dismissing at 2:30 p.m. April 5. School children will have a ten-day break at that time unless bad weather results in a school closing. Make-up days then will be required.

The second semester is due to end May 24, with classes to be dismissed for the summer on that day, unless bad weather again forces a shake-up.

St. Anthony's School is also scheduled to resume Tuesday.

Fire Losses Lower In '67

By PENNY YOUNG
Staff Writer

Fire losses for the City of Hereford in 1967, officials say happily, couldn't even start to compare with the estimated damages of 1966.

In 1966, Fire Marshall Terry Hale stated, fire losses were \$85,606.80 in the city. This past year, however, the figure came down quite a bit as the losses were figured to be \$32,520.07.

County and city losses for his past year combined were \$82,520.07.

In all, the number of runs made by the Hereford Fire Department were 205. Included were 77 general runs, and 126 six men runs. Forty of these were residential, 22 were commercial, 39 of the calls were vehicle, 88 were country, 69 were small fires as trash and grass, and five were false alarms.

In January, the estimated losses were \$757.66, this including two residences, one on Ave. B, caused by a water heater, and one on Kibbe caused by cleaning a carburetor in the kitchen.

The Butcher Boy Market fire was considered one of the largest and most costly fires of the whole year, and the largest for the month of February. Damages on the building were estimated at \$9,833.43.

A general insurance agent in Amarillo said that the contents and fixtures of the building carried an insurance policy of \$20,000 for one year and was in effect at the time of the fire. Insurance, however, was not paid on the contents of the building because investigation proved the case to be arson.

Mrs. Corrine Moore, owner of the building had leased it for a two-year period to two men, Joe Umsted and Bill Hartsfield.

Floyd Lebow, 18, of Amarillo, was found at a service station severely burned, after he had admittedly thrown gasoline all over the store and tried to escape the fire that he hadn't planned on so soon. Lebow pleaded guilty, and was put on five-years probation. Umsted was sentenced to 2-years following a trial and Hartsfield has not gone to trial as yet.

Three residential fires at 301 W. 6th; 2nd and Roosevelt, and at 222 25 Mile Ave. added See LOSSES Page 3

Girls Lead In 1967 Births, Watch It Boys!

Males of the future will be in great demand, if the birth records from the last two years are any indication.

In 1966, the girls outnumbered the boys by 20 per cent, and this past year, 218 girls have been born, as compared to 181 boys. Total for 1967 is 399 babies for the year. Last year, 437 babies were born.

The 1964 edition of the Deaf Smith County Technical Survey estimated 351 babies to be born in 1967. For 1968, it projects a figure of 367 for this City of Hereford, and 611 for Deaf Smith County.

Recordings For Year Are Typical

The Deaf Smith County Clerk's office, still completing its records for the year, has labeled 1967 as a typical year — beginning with a big bustle and then slowing down during the year.

Shortly before closing time Friday, there had been 2,161 deed recordings for 1967. Last year there were 3,168.

Financing statements totaled 3,649, about the same as last year according to County Clerk B. F. Cain.

Although figures still were incomplete on deaths in 1967, the total is expected to be about 117. There were 99 in 1966.

Cain explained that the full county report will be ready for publication by Jan. 10.

Businesses To Observe Holiday

Activity will be at a standstill until Tuesday in the city as offices and most businesses close to usher in the new year.

All county offices, both Hereford banks and all city offices are included in the closing, with the Post Office handling only special deliveries.

The largest number of persons ever to attend a Tierra Blanca Boy Scout district awards banquet was present in Hereford High School Cafeteria to hear former Attorney General Waggoner Carr speak.

Former County Commissioner J. T. Guinn was the first candidate to announce for county office in 1968 elections, when he threw his hat in the ring as a contestant for the Precinct 3 commissioner's post.

Hereford Ministerial Association elected the Rev. Clifford Trotter, First Methodist pastor, president for the coming year.

Places on the All-Regional Band were won by 14 members of Hereford High School Band, five of them achieving first-chair places.

Salary increases of about 5 percent for each office were granted county employees by Commissioners Court action.

Earnest L. Langley was elected 1968 president of Deaf Smith County Chamber of Commerce, to take reins of office after the annual banquet Jan. 18.

Voters approved a \$130,000 bond issue for new x-ray equipment, a second furnace, more storage space and other minor items.

City Commissioners called a special election on the one percent city sales tax plan, and set Jan. 23 as election date.

Highway improvement projects totaling almost \$900,000 on highways 385 and 60 in this county were among those approved by the Texas Highway Department for a two-year program.

The Santa Fe Railway announced plans to construct a \$2 million-plus pipeline from Amarillo to Clovis, N. M., basically following the rail line through this county. Plans also call for a pipe-coating yard here.

The city closed down for a generally safe and happy Christmas holiday as the year drew to its close.

Losses

(Continued from page one)

\$1,382.56 to the February losses. March brought a small loss of \$31.45 to Gaston Baer's clothing store downtown, and in April and May, there were no fire losses. In June, the estimated total was \$6,527.79, the first fire being at the Cafe Sugar Shack on West 60. The cause of this fire was lighting. A garage that burned at 302 East 3rd brought \$192.95, and a residence at 508 Pr yard brought a loss of \$115.74 for the J. M. Hambys. July fire losses totaled \$308.69.

Spurred on by spilt gasoline and other inflammable materials, the Airspeed Truck Center at 703 W. 1 was ravaged by a fast moving fire in August.

An early estimate of damage caused by the fire was set at from \$15,000 to \$20,000. Included in the estimate was a 1963 Ram-ler which had been in a service room in the rear of the building.

The blaze started when station employees were taking the Ram-ler off the grease rack and the gasoline tank ruptured. Gasoline poured over the area and was somehow ignited. On this call, the fire department used all six units and fought the blaze hard for 15 minutes before it was controlled. There was extensive smoke damage to all large service room was a total parts of the building and the loss.

Mr. and Mrs. W. J. Albracht had several of their children home for the holidays. Dr. Bill Albracht from Stevenville visited and left Wednesday for San Francisco to visit with his sister Karen. Albracht volunteered his services in Vietnam and left after a brief visit with his sister. Sister Thomas came from Kansas City Mo., where she is teaching school, and Fred Al-

bracht came from Austin where he is attending St. Edward's College. The Albrachts also visited their grandmother, Rosa Albracht, Mrs. Rosa Albracht's nephew, Father Harold Heiman, came from Subiaco Ark. to visit, also.

Mr. and Mrs. G. J. Bumpass spent Christmas holidays in Wichita Falls with their daughter and family, Mr. and Mrs. Grady McDaniel son Jim, and Anne, born December 5th.

Hedge Cafe on 513 East 1st, caused by grease on the stove brought \$3045.03 worth of damage.

In September, a resident fire at the A. L. Manjoet home totaled a loss of \$143.96.

A large metal building and numerous pieces of equipment owned by the Jorde Potato Company were destroyed in a major fire in October, with estimated damages at approximately \$35,000. The building had been evaluated at about \$16,000 and the remainder being in equipment and the produce in the potato shed at the time.

The fire was believed to have originated in or near bales of sacks in the building and spread from there to the styerfoam insulation where it became extremely hot and dripped fire to other parts of the building. Two other small fires one a residence

Local Cagers Win Over Canyon Team

Hereford's varsity romped over the Canyon cagers at Borger, 70-63 after losing to the Borger team 56-31 in the first two games of the Borger tournament.

The Herd played their final game of the tournament Saturday afternoon against Phillips, but the results were not available by press time.

The win over Canyon and the loss to Borger gives the local five a season record of 5-8.

Bobby Burwick lead the scoring in the victory over Canyon with 31 points. David Kelly lead in the game with Borger with 9 points.

Next Tuesday the Herd travels to Morton for a game with the Indians there. Friday they have an open date, but will start district play on Jan. 9, meeting Tulsa here. Game time for the Jan. 9 clash is 6:15 for the "B" teamers, and 8 p. m. for the varsity cagers.

Cage Tournament Is Set At Walcott

Seven boys teams and three girls teams will compete in the annual Walcott Junior High Basketball Tournament, to be held Thursday, Friday and Saturday.

Action will begin at 7 p. m. Thursday when the Walcott cagers take on the La Plata Junior High 8th graders. Stanton Junior High 7th graders will meet Bovina at 8:15 p. m. Thursday, with the Walcott and Bovina girls capping the night's activities with a game at 9:30 p. m.

Stanton 8th graders and La Plata 7th graders will begin Friday's games at 1 p. m. Winner of the Walcott-La Plata contest will play Bushland at 2:15 p. m. Friday and winner of the Bovina-Stanton game and the La Plata-Stanton game will play at 3 p. m. Friday.

Finals in the boys bracket will be at 8 a. m. Saturday, while the girls' finals will be 6:45 p. m. Saturday between the Walcott-Bovina winner Bushland.

Loser's games are scheduled

Early Morning Fire Hits Home

A fire early Saturday morning at the Melvin Knowles home near the intersection of U. S. 385 and the Labor Camp road did approximately \$4500 damage, according to J. W. (Jap) Dickerson, Fire Chief.

Dickerson said the alarm was turned in at 12:22 a.m. The front bedroom of the home received the most extensive damage, and firemen theorized that an electric heating pad had been left on.

The Knowles family was away on vacation when the blaze occurred, and had not been reached by press time Saturday.

Heat from the fire melted plastic flowers located in all parts of the home. The interior also received extensive smoke and water damage.

Firemen fought the blaze for some 15 minutes before it was brought under control and they could enter the home. All units of the Hereford Volunteer Fire Department answered the alarm, however, two of the units returned to the station shortly after arriving on the scene. The last fire unit returned to the station at approximately 4 a.m.

for 6 p. m. Friday, 1 p. m. Saturday.

New Driving Safety Laws Become Effective Monday

Local authorities have reminded Deaf Smith County residents that several new changes in the Texas laws concerning driving and the licensing of drivers will go into effect Monday.

Already, Corporation Court Judge Jim Neil has received information on the fines to be

\$2450 Raised By Auxiliary

Total proceeds of Project Christmas card this year amounted to \$2450. Mrs. A. T. Mims, president of the sponsoring Hereford Medical Auxiliary, announces.

The money was raised by contributions from area residents and will be used for purchase of hospital equipment and a scholarship for a student nurse.

The amount plus \$916 left from last year's total of some \$2900, will provide a \$400 scholarship for a 1968 graduate of Hereford High School who plans a nursing career, with the remainder going toward purchase of a central alarm system for monitoring intensive-care patients at Deaf Smith County Hospital.

Each year the project adds a piece of needed equipment which cannot be provided in the regular hospital budget. Sums raised in past years range from \$1506 in 1962 to more than \$4,000 in 1957, the project's first year when Auxiliary members made a house-to-house canvass.

Cotton Growers Vote In Favor Of 1968 Marketing Quotas

Preliminary returns show that growers of upland cotton in a mail referendum on cotton-producing States Dec. 4-8 approved quotas for the 1968 crop by a 95.3 percent favorable vote, the U. S. Department of Agriculture reported today.

Returns showed a total vote of 276,330. Of this total, 236,399 voted for and 12,31 voted against.

Growers of extra long staple (ELS) cotton approved 1968-crop marketing quotas by 87.5 percent favorable vote. Of 2,186 votes cast, 1,912 were for and 274 were against.

These preliminary results of the two referenda on quotas for upland and ELS cotton compare with results of the last referendum Dec. 5-9 1966, when 276,205 growers of upland cotton, 91.6 percent voted in favor of quotas, and 25,237 were opposed. In the ELS cotton referendum 2,205 growers, 78.4 percent, approved quotas, and 608 opposed quotas.

Since more than the necessary two-thirds of the growers

charged for violation of the new laws. All of the fine on laws have not been received by the Judge as yet, but are expected to come in this week.

Pertaining to driving without a license, a first offense will bring a fine from \$1-\$200; a second offense \$25-\$200, and a third offense \$50-\$500, or a 72-day-six month jail sentence — or both.

Motorcycle riders, as well as riders of motorbikes and the like, must wear protective helmets approved by the Texas Department of Public Safety. According to Judge Neil, these approved helmets will be so marked when sold, so that purchasers will be sure they are getting the right helmet.

Passengers on motorbikes and cycles must also be wearing approved helmets. A fine of \$25-\$200 can result from not wearing an approved helmet. As always, motorcyclists must have the proper license.

Procedures have changed for renewing licenses. They will no longer be renewed through the mail, however a card will be sent to persons whose license is about to expire.

The person will then bring the card to the office, and have a color photo taken. He will also have his eyes checked.

The new cards that are mailed to drivers should not be bent, as they will have to be inserted into the photo machine. The local office will be closed Monday, but the new licensing operation will get underway Tuesday.

The licensing law raises minimum age to 16 for those who have completed a driver's education course and to 18 for those who have not. The minimum age for a motorcyclist is 15 years.

All licenses issued to persons under 21 will be stamped "provisional" and can be suspended if the driver is convicted of two traffic law violations in a 12-month period.

Thumbprints will be required on all original applications.

Hereford Man's Relative Dead

Funeral services for George P. Shackelford, 74, who died in a Nocona hospital Friday, are to be conducted in the Methodist Church of that city at 2 p.m. Monday. He was the stepfather of Jack Nunley of Hereford.

A former county commissioner of Montague County, Mr. Shackelford lived on Route 2, Nocona. He was a native Texan, born Aug. 4, 1893 in Vernon. His affiliations included the Methodist Church, the Masonic Lodge, in which he was a Past Master, the American Legion and Veterans of Foreign Wars.

The funeral service will be followed by burial in Nocona Cemetery directed by Daugherty Funeral Home.

Surviving are the wife, a daughter, Mrs. Ruth Little of Cincinnati; a son, Venson George Shackelford of Tulare, Cal.; six stepchildren, Mrs. Leola Dowdy of Amarillo, Oliver Nunley of San Diego, Mrs. Geraldine Dutton of LaJunta, Colo., Charles R. Nunley of Jacksonville, Ark.; Mrs. Audrey Robinson of Brownwood and the Hereford man.

Funeral Slated For Brother

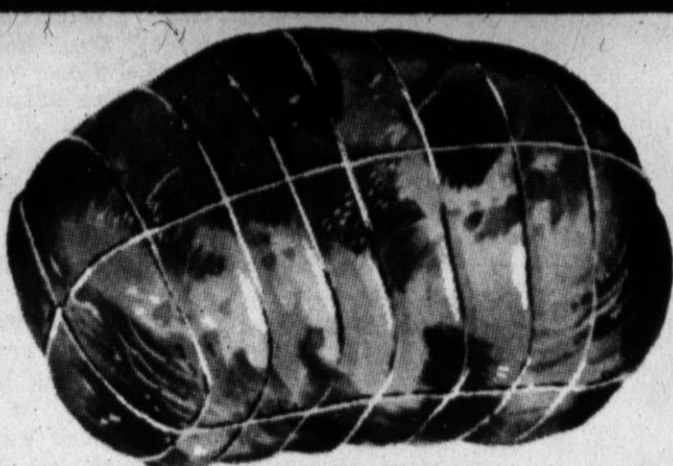

Funeral services for Herbert E. Walters, 64, will be conducted at 1:30 p.m. today in Crozier-Pearson Funeral Chapel at Cleburne, his home city, and burial will be in Rose Hill Cemetery there.

Mr. Walters was the brother of Mrs. W. J. Smith and the brother-in-law of Mrs. Leona Glenn of Hereford, and has frequently visited here. He died early Friday in a hospital at Borger, where he had gone on a holiday visit to his only daughter, Mrs. Earline Schroeder.

A native of Dodge City, Kan., he was a cabinet maker and had lived in Cleburne since 1944. He is survived by his wife, the daughter, six sisters and a brother. Mrs. Smith is not attending the funeral because of her husband's illness.

By MELVIN YOUNG

Tomorrow is January 1 — New Years day. A few people will be making New Year's resolutions; some will have the traditional dinner of blackeyed peas — but most all will settle down before the television set to watch the annual New Year's day classic — the Cotton Bowl game at Dallas. This year's contest features Paul "Bear" Bryant's Alabamans and the boys who never cease to amaze even their most ardent backers — the Cadets from Texas A & M. The Aggies picked themselves up from four straight losses,

including one conference tilt, to capture the Southwest Conference crown and the hearts of a lot of people who heretofore recognized the college only by the latest Aggie jokes.

Granted, the Cadets will have a rough row to hoe tomorrow. Alabama has a tough team and will be in there to win. But win, lose or draw in the Cotton Bowl, the Texas Aggies have already redeemed themselves in the eyes of a great bunch of exes who remained staunch supporters throughout some less spectacular seasons.

In the past, it's been something like farming in West Texas — there's always next year.

By the way, we had nothing to do with that cartoon on the editorial page today. That comes via Dale Young, the Brand's cartoonist, who is also District Manager of Pioneer Natural Gas Company. Dale is a graduate of Texas Tech, which earlier this year took a licking at the hands of the Aggies in a razzle-dazzle finish at Jones Stadium in Lubbock. Like many other Tech fans, Dale was on hand to see that game and we're sure it hurt to lose in the last seconds.

As a matter of fact — have you ever seen a grown man cry?

And speaking of crying, we're sure that Neil Cooper, felt like shedding a tear or two this past week when arriving at the store he found that he could not open his safe.

Some years ago, a safe cracker who has since been convicted on several other counts, came through the roof of the store, and in what police estimated to be less than an hour, opened and emptied the store's safe. Upon the insistence of the insurance company, Cooper then purchased a safe that most people considered burglar-proof. A massive piece of solid steel that just couldn't be "cracked". And they were almost right. After discovering that the safe could not be opened the conventional way, Cooper immediately called a representative of the safe company to get the door open. An expert was dispatched to Hereford and started work. Hours later he was still working. At half past eleven Thursday night, he decided to call it quits and go home. He was back Friday working again — all the time catching the barbs from store employees who suggested a call to the state prison for a real professional.

Meanwhile Cooper could not even check his daily business because "everything was in the safe". As in most businesses, there are usually more important papers in the safe than money since it happens to be fireproof. The modern bank's night depository has generally replaced the store safe for keeping the store receipts, but most records must be kept in the store for easy access.

Cooper undoubtedly considers this one the "safest safe" anyone ever bought. But we're betting that he will have a word or two for the company concerning the reliability of the combination knob on the next one he buys.

The prognosticators are busy predicting prosperity for 1968, but out here in our farming community, you can count your money after the crops are in — regardless of the situation elsewhere in the U. S. And even with the advent of additional industry the general economy of Hereford and surrounding area depends largely on the farmers. Bumper crops and fair prices for the goods produced make the cash registers ring in local stores.

Even the industry that has been located in Hereford is tied directly, or indirectly to agriculture. You just can't get away from it.

So we'll take the experts predictions with a grain of salt, pray for rain and hope for the best. This may be the year.

—HB—

By the way, politically, 1968 is going to be the most interesting year we've seen yet. And that is the lone prediction from this department.

—HB—

The way traffic is nowadays you can't blame police cars for hiding at the side of the road.

North Carolina's basketball team has four starters returning for the 1967-68 campaign. They are Larry Miller, Rusty Clark, Dick Gruber and Bill Bunting.

ORDINANCE NO. 841
AN ORDINANCE ORDERING A SPECIAL ELECTION TO BE HELD IN THE CITY OF HEREFORD, TEXAS, ON THE QUESTION OF THE A-

DOPTION OF A ONE PERCENT (1) LOCAL SALES AND USE TAX WITHIN THE CITY; DESIGNATING THE DAY OF THE ELECTION AND THE POLLING PLACE; APPOINTING ELECTION OFFICIALS THEREFOR; PROVIDING THAT ALL DULY QUALIFIED RESIDENT ELECTORS SHALL BE QUALIFIED TO VOTE; PRESCRIBING FORM OF BALLOT; PROVIDING FOR NOTICE OF ELECTION; CONTAINING OTHER PROVISIONS RELATING TO SAID ELECTION; PROVIDING FOR SEVERABILITY; AND DECLARING AN EMERGENCY.

WHEREAS, Article 1066c, Vernon's Texas Civil Statutes (acts 1967, 60th Legislature, Regular Session, Chapter 36, Page 62) authorizes the governing body

of any city, town or village in Texas to call an election for the purpose of adopting a local sales and use tax within such city, town or village; NOW, THEREFORE, BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF HEREFORD, TEXAS:

SECTION 1. That a special election shall be held in and throughout the City of Hereford, Texas, on the 23rd day of January, 1968, at which election there shall be submitted to the resident qualified voters of said City, for their action thereupon, the following propositions:

"FOR adoption of a one percent (1%) local sales and use tax within the City."

"AGAINST adoption of a one percent (1) local sales and use tax within the City."

SECTION 2. That said election shall be held at one polling place for all qualified voters of said City, and the polling place and presiding officers for said election shall be, to-wit:

POLLING PLACE

City Hall - 239 North Mills Avenue, Hereford, Texas

PRESIDING OFFICERS

Robert Veigel, Presiding Judge
Lloyd Pool, Alternate Presiding Judge

The Presiding Judge at such election shall appoint two clerks.

SECTION 3. That said election shall be held in accordance with the Constitution and Laws of the State of Texas, and all duly qualified resident electors of the City of Hereford, Texas shall be qualified to vote.

SECTION 4. That the ballots of said election shall conform to the requirements of Section 2,

Subsection G, of Article 1066c, Vernon's Texas Civil Statutes (Acts 1967, 60th Legislature, Regular Session, Chapter 36, Page 62), and to the requirements of Chapter 6 of the Election Code of the State of Texas, as amended, and the language to be printed thereon shall include the following:

OFFICIAL BALLOT

INSTRUCTIONS: Place an "X" in the square beside the statement indicating the way you wish to vote.

() FOR adoption of a one percent (1) local sales and use tax within the City.

() AGAINST adoption of a one percent (1) local sales and use tax within the City.

SECTION 5. That election judges and clerks are directed to comply with Article 6.06, Election

Code of the State of Texas, as amended (Section 2 of House Bill 181, Acts 1967, 60th Legislature, Regular Session, Chapter 452, Pages 1026, 1028), which provides that a square shall be placed beside each proposition in which the voter is instructed to place an "X" or other clear mark to indicate the way he wishes to vote; but which also provides that the failure of a voter to mark his ballot in strict conformity with the directions on the ballot shall not invalidate the ballot, and the ballot shall be counted if the intention of the voter is clearly ascertainable, except where the law expressly prohibits the counting of the ballot. It is specifically provided that the election officers shall not refuse to count a ballot because of the voter's having marked his ballot by scratching out the state-

ment of proposition for which he does not wish to vote.

SECTION 6. That notice of the election hereby ordered and called shall be given:

(A) By publication on the same day of two successive weeks in a newspaper of general circulation published within said City, the date of the first publication to be at least twenty-one (21) days prior to the date set herein for such election; and

(B) By posting of such notice at the polling place at the City Hall of the said City not less than twenty (20) days prior to the date set herein for such election.

It is hereby found and determined that the HEREFORD BRAND and the SUNDAY BRAND are newspapers published within the City of Hereford, Texas, and are newspapers of general circulation within

said City.
THE ABOVE and foregoing Ordinance was introduced upon the motion of Commissioner Barnard, seconded by Commissioner Sharp and by unanimous vote of the City Commission, was passed and approved, this 18th day of December, 1967.

Life Never Dull With Hales, Fire Marshal Enjoys Job

By PENNY YOUNG
Staff Writer

TERRY HALE AND HIS WIFE JUDY relax in their home with their three dogs in between the fire alarms. Shown with them is one of the dogs, Mary.

Most businessmen enjoy the same comfortable working hours every day. However, there is one man who never seems to have any leisure time, stays on the job constantly — and likes it.

Terry Hale, Hereford Fire Marshal, is usually the first one to be seen at the scene of a fire, whether it be in Hereford, or the rural area. Hale conducts his home life around this. His wife, Judy, accepts it as his job; "something he wouldn't trade for any other job."

"When we met through a mutual friend," she explained, "Terry was working for H. K. Ferguson. Before that he had been a fireman in the Navy in Alaska. Working in the Fire Department is something that he likes and enjoys. We talked about it some before we were married but we never dreamed that he would be Fire Marshal. It really didn't worry me."

The Hales have been married for three years, and reside with their three dogs, Mary, Peckie, and Muttie, at 213 W. 3rd, the home being a part of City Hall. — Hale originally from Turkey, Texas has been Fire Marshal in Hereford for about three years.

Miss Sanders, a student in West Texas State University, is to be married at the end of this semester to Maurice D. Yeargood of Hydro, Okla. The wedding is planned for Jan. 28.

Gifts packages were presented and opened at the shower, and refreshments of spiced tea, coffee and cake were served informally. Chosen wedding colors blue and white, were used on the table.

Guests included Misses Gwen Cargio, Carolyn Boynton, Betty Bridges, Becky Long, Shirley Simpson, Barbara Brook, Martha Kate Aikin and Ellen McGowan.

The Big Ten's Academic football team, selected on the basis of classwork, includes quarterbacks Dean Volkman of Illinois, Harry Gonso of Indiana, Gerry Ehrsam of Ohio State and Mike Phipps of Purdue.

"We don't have too much social life," stated Mrs. Hale, "I enjoy just staying home. Just me and Terry."

The wives of the firemen help immensely when there is an all-night fire, by buying sandwiches and coffee from a local restaurant and serving them to the firemen, as they work.

"My job consists mainly of answering all calls, keeping up with the fire loss reports, and keeping up with all required inspections," answered Hale.

"When Terry has to leave for a fire in the middle of the night, I don't usually wait up for him," continued Mrs. Hale. "Sometimes, I don't even hear the alarm. If I don't go to bed early and I happen to be up when the alarm goes off, then I wait up for him. I try to have a warm bath ready for him because he usually smells like smoke."

"One amusing incident that happened not too long ago," Hale laughingly explained, "was when the fire alarm went off one night and I jumped out of bed, threw on my overalls, and ran out the door. The sudden shock of cold cement on my bare feet made me realize my error in forgetting to put on my boots. Judy will get up sometimes when I have to go. She hands me my boots while I'm on the phone. Most of the time she's half asleep while she goes through the motions of walking. A lot of the time she doesn't even know that a fire has taken place until the next morning."

"Another amusing incident happened when the fire alarm went off and I jumped up and threw back the curtains to look out the window. Judy finally had

Illegal Turns Are Being Made

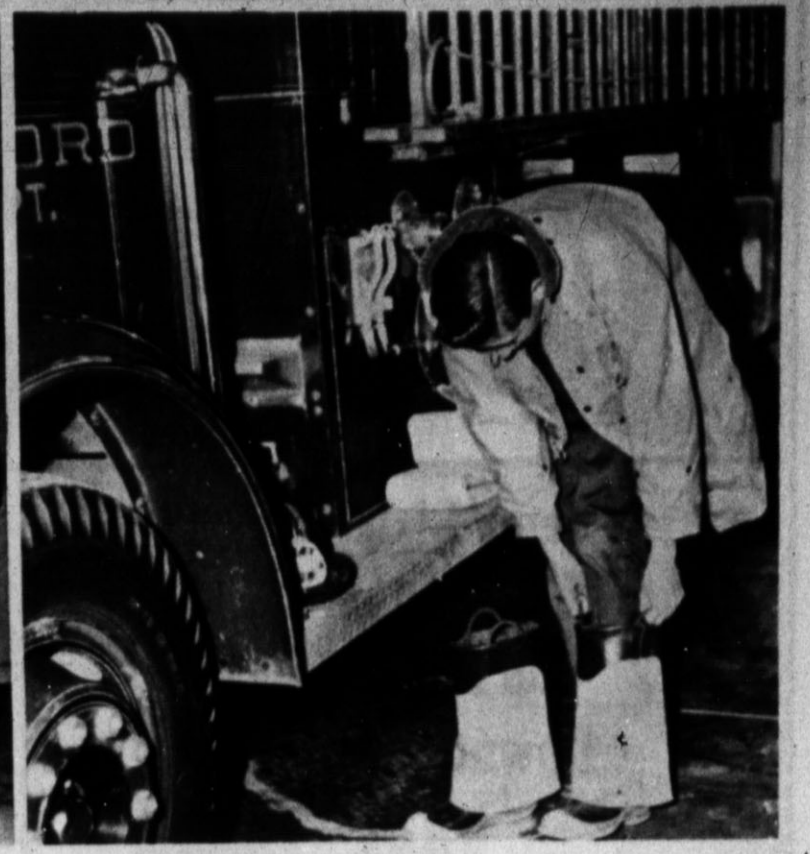

Whether it be knowingly or unknowingly, numerous Hereford residents have been violating a state driving law, city officials stated Friday.

Corporation Court Judge Jim Neill said several tickets have been issued lately to persons who make a right turn at a red light.

"The only time a person can turn at a red light is when the sign says so," emphasized Neill. "This is a state law, not a city law." Most of the citations given recently, said Neill, were for violations on Park Avenue.

TERRY HALE, Hereford Fire Marshal is shown here standing by his truck in front of the firehouse. In order to be prepared for a fire, Hale wears his overalls at all times during the day. Coat, hat, and

boots are a part of the garments worn by the firemen when they are on a run. Hale goes through this routine quite frequently.

Bride-Elect Is Honoree At Shower

In the college holiday period while Miss Colleen Sanders and several of her close friends were at home, she was complimented with a pre-nuptial lingerie shower in the home of Mrs. Arnold Powell.

Other hostesses were Mrs. Powell's mother, Mrs. Thurman Atchley, and her sister, Miss Kay Atchley.

Concerning Veterans

EDITOR'S NOTE: Veterans and their families are asking thousands of questions concerning the benefits their Government provides for them through the Veterans Administration. Below are some representative queries. Additional information may be obtained at any VA office.

Q — I am attending business school under the G.I. Bill. Recently I received a monthly attendance certification card to fill out. I was under the im-

pression that these monthly certification cards had been discontinued.

A — Monthly certification cards are still required of those veterans training in programs other than in college.

Q — I was retired from service for disability and now the VA has awarded me compensation. Can I draw both?

A — No. You may receive whichever is the greater amount or you may waive a portion of retirement to receive compensation.

Q — I am attending school full-time under the G. I. Bill and have 5 dependents. Will the increase in allowance for additional dependents above two be han-

dled automatically by VA?

A — No. The VA should be notified of all dependents and any additional dependency documents not previously submitted should be sent to VA.

Small Talk

By SUE COLEMAN
Women's Editor

A reason for parties during the holidays isn't necessary, but there have been reasons that added extra sparkle to Christmas-New Year entertaining this year — visitors a housewarming, an anniversary, weddings galore.

Tradition was the reason for the Country Club membership party Friday night; it's an annual custom to hold a holiday party, usually on New Year's Eve but since that is on Sunday the date was changed a little.

DATES WERE SHIFTED for some other parties, too, since the holiday eves fell on Sundays. For instance, the annual family party for "the kids" at the F. W. Hills. It is a night for "kids from babes in arms to teenagers", Wilma Hill explains.

There were other parties at the Hill home. They and the John E. McCleskeys were hosts on the McCleskeys before Christmas with a buffet supper, a court-

CARD OF THANKS

Our heartfelt gratitude can never find words sufficient for expressions but we want to convey as well as we can the deep appreciation we feel for the many kindnesses and friendly services which made our lives easier during Jo Ann's recent long hospital stay. We are so thankful for the visits, cards, gifts, flowers, prayers, food and most of all for the closer friendships that they created. May God bless each of you.

Newlyweds At Home In Muleshoe

Mr. and Mrs. Dewey West Jr. will be at home after this week at 5 Brisco Apartments in Muleshoe, after their recent marriage in Calvary Baptist Church in Friona. The bride is the former Miss Katherine Ann Pemberton of Friona.

Parents of the couple are Mr. and Mrs. Robert Pemberton of Friona and Mrs. Jack Ratford of Muleshoe. The Rev. Jake Armstrong officiated for double ring vows at an altar decorated with white roses.

Honor attendants of the bride were Misses Sherylene Clayton of Friona and Miss Gale Newson of Lubbock; other bridesmaids, Misses Janet Melton, Kay Davis and Linda Pemberton.

Bobby Pemberton served as best man, Mike Sneed of Anton, Don Pemberton, John Thomas Pemberton, Troy Douglas Clayton and James Noey as groomsmen. Randy Pemberton carried the rings and Joyce Pemberton was flower girl.

The bride's gown was of white lace over satin and her veil of silk net, held by a coronet. She carried a New Testament, a memento which at one time belonged to the well-known singer, Jimmy Dean of Plainview. Her gloves, hand-crocheted, were owned by the bridegroom's grandmother.

Bridesmaids were dressed in blue and carried single carnations. Pat Sneed was organist and Mrs. Troy Clayton sang wedding solos.

White roses centered the reception table at the Pemberton home and the cake was trimmed with blue and silver. Misses Leta Mow of Plainview, Freda Ponder of Lubbock, Margaret Robbins and Maxine Davis served cake and punch.

The couple left immediately for week's visit in Odessa. The bride attended Plainview and Friona schools, and the bridegroom, now employed by an elevator firm at Lariat, attended Hart High School and was on the football team.

easy to Mr. and Mrs. John McCleskey who were married a few weeks earlier. It introduced a number of their friends to Mrs. John McCleskey, who was Mrs. Adelaide Lloyd of Dalhart before the marriage.

Then Mrs. Pat Robbins was hostess with Mrs. Hill at a novel cookie exchange party Tuesday. Guests brought samples of their favorite cookies which were tasted at the tea hour, and also brought along the recipes for swapping.

SEVERAL PARTIES, small and larger, grew out of the visit of Glenn Toomey of Seattle with his mother, Mrs. D. W. Palmer. They were hosts at a dinner in her beautiful home early in his visit, the meal starring fresh king crab which he brought from his coast home.

The Dick Godwins gave a dinner for the visitor, and the Bill Damerons entertained for him before they left on a Colorado ski trip. Out-of-town guests of the Keith Jordes were entertained in the Palmer home before dinner Thursday, and a number of visitors from Amarillo on Saturday evening.

After spending New Years Day in the J. D. Pitman home, Toomey is to leave Tuesday for Seattle.

THE JORDES' VISITORS, who came for a house warming party in the new home on the Harrison Highway Friday evening, were honorees at some other events also, including Brunch Friday morning in the Warren Jorde home, 148 Mimosa.

FORMER RESIDENTS visiting here from Fort Worth, Mr. and Mrs. Ancil E. Jackson celebrated their Silver Wedding anniversary while they were guests in the home of their son, Earl Jackson, and Mrs. Jackson.

The Preston Hagans, the Jimmy Jeskos and the Earl Jacksons honored them with an informal coffee in the Hagans home, 504 Ave. I, inviting close friends and relatives.

The couple, who married on Dec. 24, 1942, lived in Hereford a number of years before they left in the summer of 1966 for Fort Worth. Mrs. Jackson is the former Miss Christine Floyd.

Rites Held For Mrs. Joe Brooks

Funeral services for Mrs. Donna Brooks, wife of Joe Wayne Brooks, were held Friday in the Silverton Baptist Church. Burial was in Silverton.

Mrs. Brooks had been ill with multiple sclerosis for a period of seven months after the family had moved to Belton from Hereford. She and her family had flown to Silverton over the holidays to visit with relatives there and she became seriously ill Monday morning. She was taken to an Amarillo hospital where she died Wednesday.

The family had lived in Hereford since 1960, when Brooks became assistant football coach and track coach at Hereford High School.

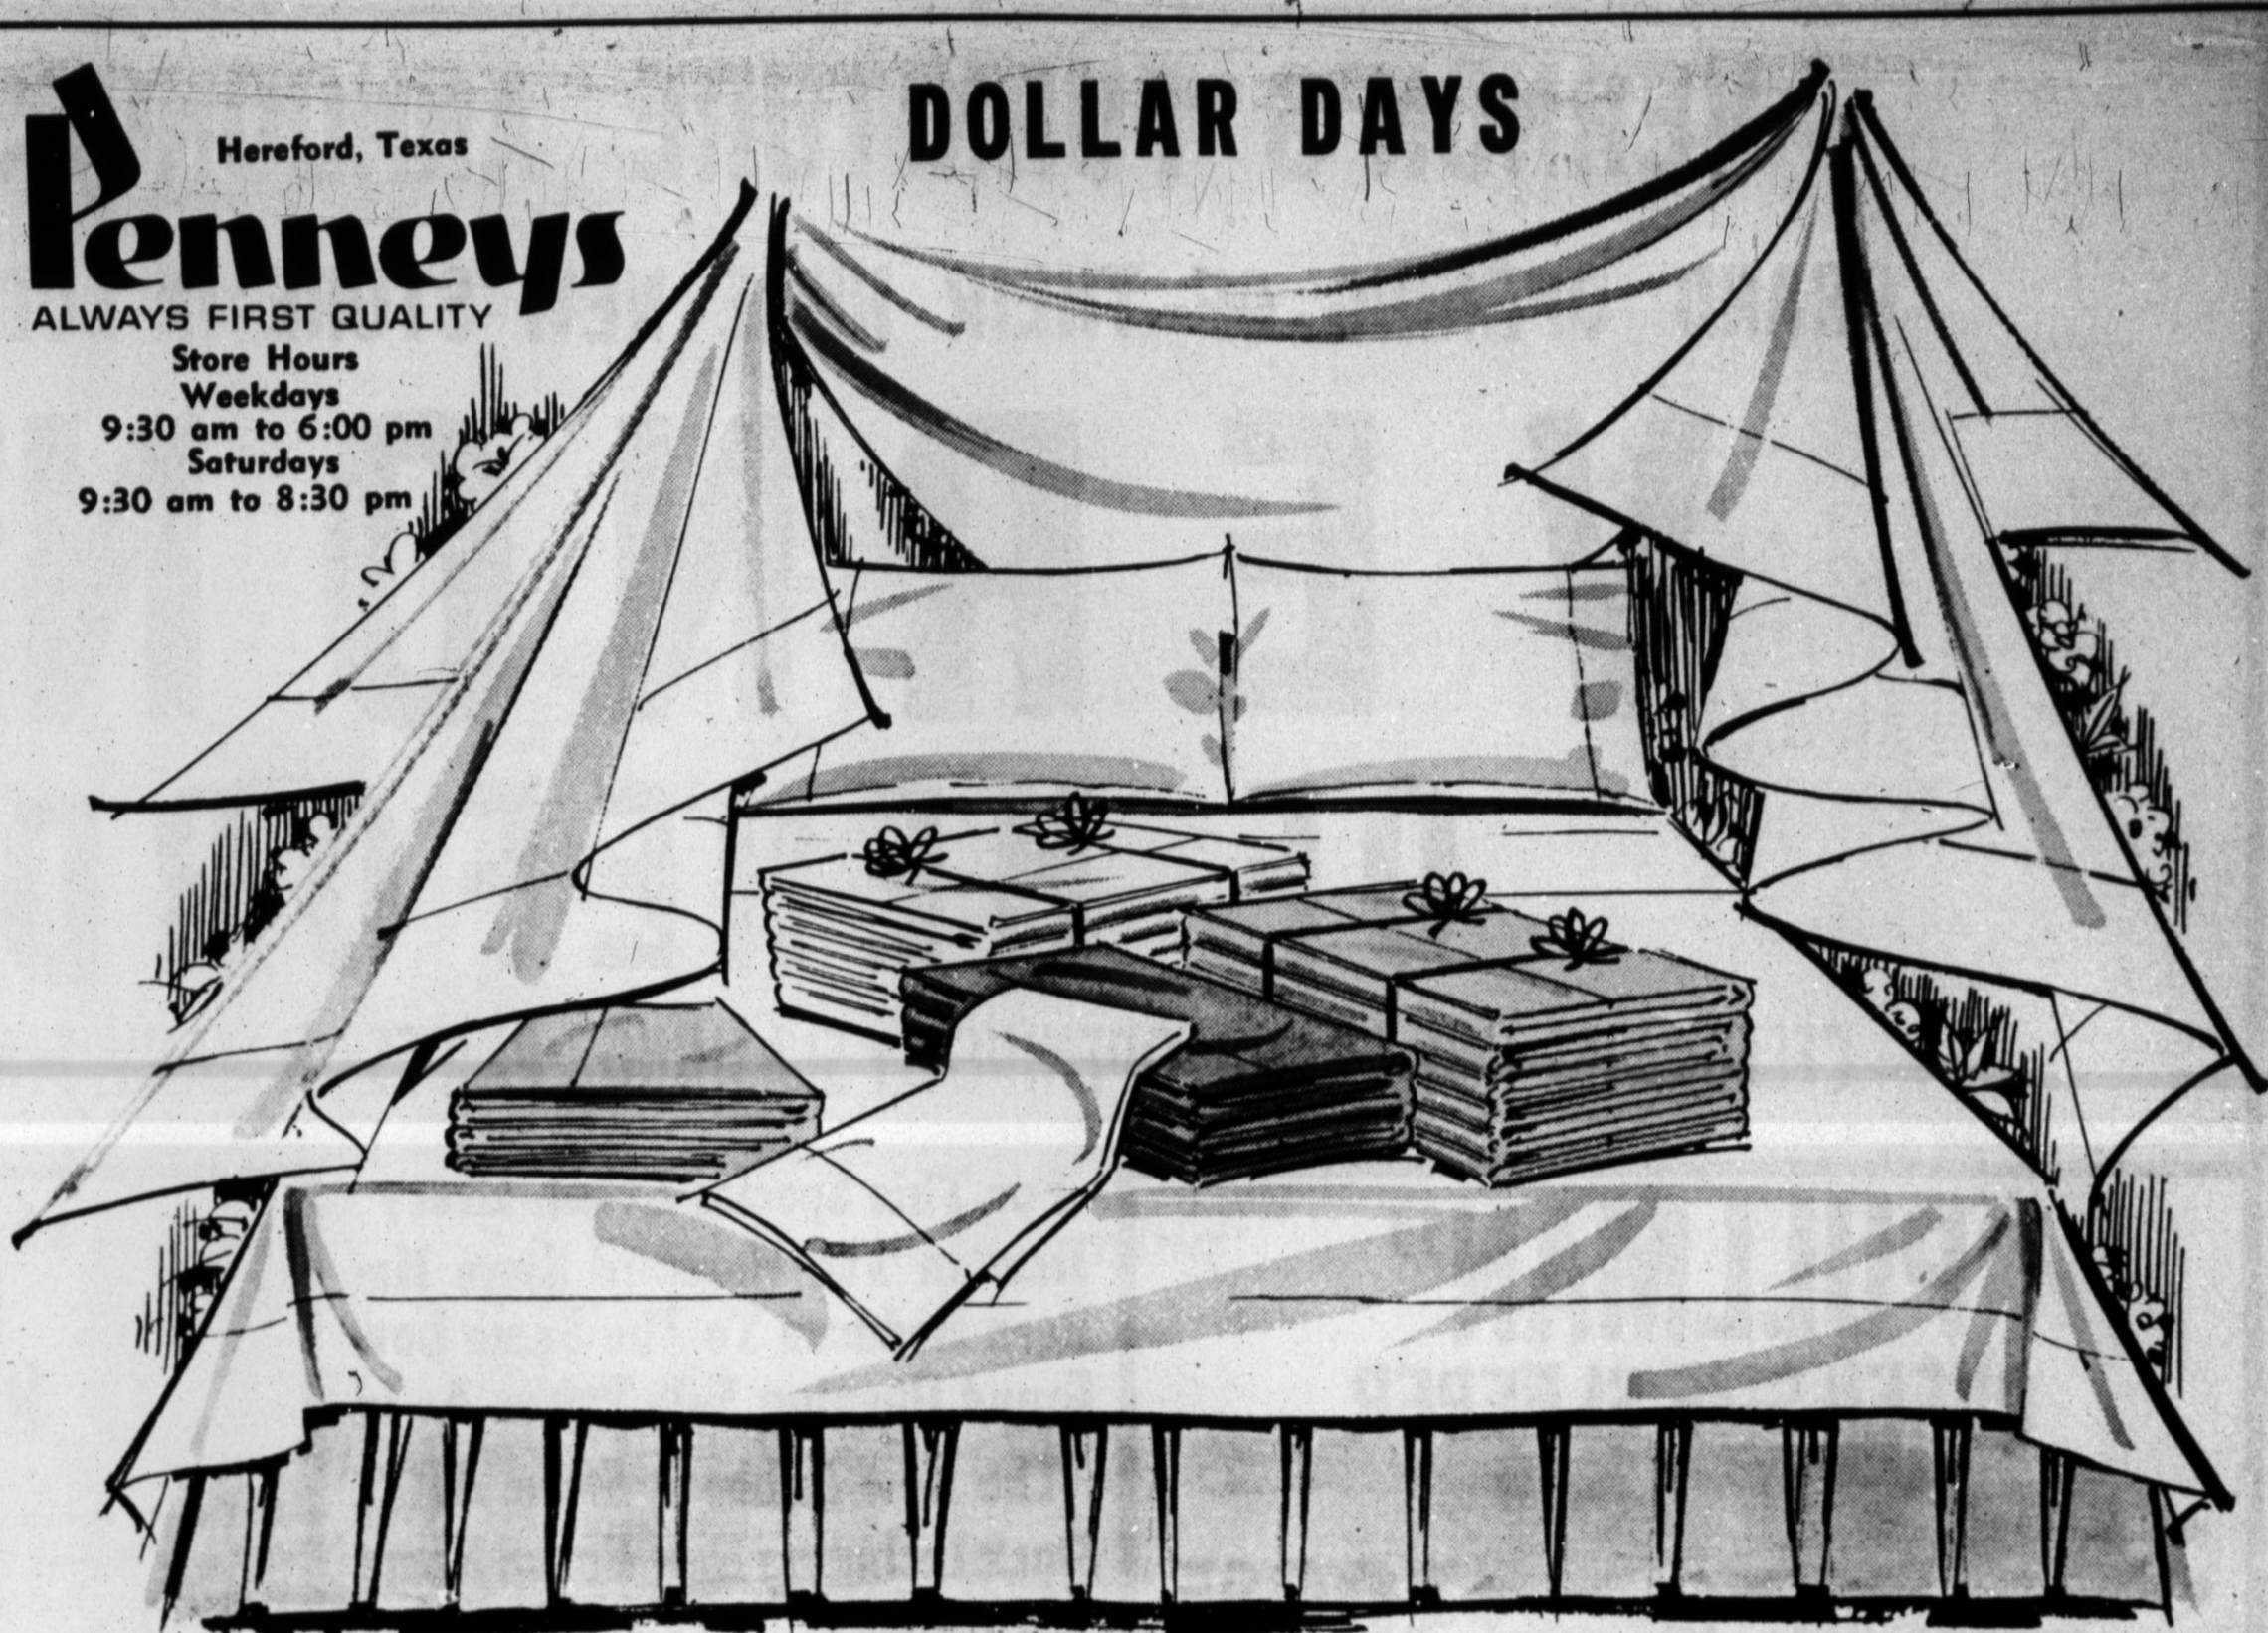

A native of Silverton, Mrs. Brooks graduated from West Texas University along with her husband in 1957. The couple married in college. She taught elementary school while in Hereford.

Survivors of Mrs. Brooks include her husband, sons, Mark and Kelly; her parents, Mr. and Mrs. Roy Mayfield of Silverton, and a brother, Charles Wayne Mayfield of Hartley.

CARD OF THANKS

We wish to express our deep appreciation to the doctors, the nurses and the entire hospital staff, and to the many friends during our recent loss. A special thank you to all our friends who expressed so sweetly their love and sympathy in the many flowers, food, visits, letters and cards. May God bless each and every one.

During Holidays

For Keith Jordes

A DREAM HOME for the Keith Jorde family, set on a stretch of grassland at their place west of Hereford, was completed just in time for celebration of Christmas and entertainment of a bevy of out-of-town guests on the couple's fifteenth wedding anniversary Friday.

BEIGE BRICK and contrasting dark wood blend the big house into its background and the long roof-line ties it firmly to earth although it rises two full stories. The walled court across the front has a scattering of plants and a fountain playing over volcanic rocks beside the front door. The balcony opens into upstairs bedrooms.

FAMILY GROUP is posed, upper left, in the master bedroom and reflected in the dresser mirror. The Jorde children, in order of age, are baby Andrea Jo, Paul, Marta, Ellen, John and Jim.

TAKING A CALL in the bedroom, Jorde talks while Paul and Marta are busy investigating packages, second photo from top, right. A ceiling canopy over the bed has a border of antique needlepoint, a gift from a friend, with a rose pattern which sets the color scheme of the room. The bedspread and hangings are a deep rose-red.

EARLY ARRIVALS of the party guests were in the home when it was photographed Thursday. They include the Jim Jordes of Cando, N.D., who were accompanied by three of their five children; Messrs. and Mmes. James W. Campbell, T. B. Arledge, C. C. Bearden and V. C. Bilbo, all of Dallas. Arriving later were the Don Marritts of Corsicana, the Bill Burns of Raymondville, the David Parkes of East Grand Falls, Minn., and the C. L. Whitehills of Minneapolis. A number of friends came over from Amarillo Friday evening.

FAMILY ROOM FIREPLACE, second from top, left, is a center of activity for the Jordes and visitors. It shares the center of the house with the living room, also shares the huge central chimney. Its ceiling is two stories high and there is a balcony above the fireplace which leads to second floor bedrooms. The long wall opposite the fireplace is almost solid glass, opening onto a terrace and the backyard.

FROM THE BALCONY the photo at left, second from bottom, shows another view of the room, with glimpses of Andrea's cradle and an antique carved chest which fit comfortably into the modern setting.

OPPOSITE NUMBER to the family room is the living room, second from bottom, right, where the formal fireplace is faced with black marble veined in gold and furniture is of dark wood or upholstered in black leather and dull gold.

RIGHT FOR JUNIOR MISS is Ellen's bedroom, left, with frills and a lacy look, and space for her stuffed toy collection.

FORMAL DINING ROOM, far right, opens into foyer with a rock garden suggestive of oriental planting. The good-sized family dining room is on the other side of the kitchen and like it is a wood-paneled. Adequate work and storage space features the big L-shaped kitchen area.

A TOUCH OF THE OLD in the new house is the stained glass panel beside the front door, with a bright design of poinsettias. It came from an old house which was wrecked in Amarillo, and was one of four depicting the seasons. This is the "winter" panel.

ORIGINAL DESIGN of the house was by Rorer Rasback of San Antonio, although it was adapted by the Jordes to their own needs and likes.

Kathy McMillan Weds Mr. Allison Saturday

The marriage of Miss Kathy McMillan and Edward Allison was solemnized in the Presbyterian Church at twilight Saturday, in a ceremony marked by simplicity in every detail. The Rev. Russell Wingert, pastor, conducted the double ring service.

Miss McMillan is the daughter of Mr. and Mrs. Edmond James McMillan of Lubbock, former Hereford residents, and Allison is the son of Mrs. Daisy Allison.

The bride, one of triplets,

was attended by her two identically-aged sisters; Miss Roxana McMillan was maid of honor and Miss Martha McMillan bridesmaid. The other bridesmaid was Mrs. William Dyess of Alexandria, Va., sister of the bridegroom.

Charles Allison was his brother's best man. Ushers were Don Massengill of Eastland, Dan Massengill of Eldorado, Okla., Pat Smith and Stan Metcalf.

Wedding music was by Mrs. Joe Hacker, organist, and Ben Gollehon, soloist.

Green foliage was banked around a pair of seven-branched candelabra at the altar, and yellow roses were arranged in front of the cross at the back.

A gown of white silk peau de soie and re-embroidered Alencon lace was worn by the bride. In empire silhouette, it was designed with scallops of the lace at the neckline and lace appliques drifting over the skirt. Sleeves were long and fitted. A Watteau train swept from the yoke to chapel length.

Her imported silk illusion veil was caught to a peau de soie and lace Dior bow which was ornamented with seed pearls. She carried yellow roses and white carnations with trailing branches of English ivy.

Bridesmaids' dresses were in avacado green, floor length, with bracelet sleeves, and their headpieces were matching Dior bows. Their bouquets were of

yellow carnations, the matron of honor's with yellow satin streamers, the bridesmaids' with green.

The bride's parents were hosts for a reception after the wedding at Hereford Country Club. Miss Jan Story was at the guest registry. Two refreshment tables were laid in white and centered with gladiolas and carnations in soft yellow shades.

For a brief wedding trip, Mrs. Allison traveled in a navy and red knit ensemble, wearing a corsage of yellow roses. The couple will live in Hereford.

Parties preceding the wedding ended with the rehearsal dinner Friday evening at the Country Club.

Vows Spoken By Agnes Brorman, Jack Galaway

A nuptial mass was read for Miss Agnes Brorman and Jack Galaway Jr., both of Amarillo, by the Rev. Angelus Delahunt in St. Anthony's Catholic Church late Wednesday afternoon.

The bride is the daughter of Mr. and Mrs. Joe Brorman of Hereford. The bridegroom's parents reside in Borger.

Richard Paschel and Michael Spinhirne served as acolytes for the mass. Mr. Brorman gave his daughter in marriage in the double ring ceremony conducted before an altar where poinsettias added holiday color.

Miss Kathy Marnell was Miss Brorman's maid of honor and Helen Brorman, her sister, was bridesmaid. A small niece, Rita Paschel, was the flower girl. Mike Bezner acted as best man, Lawrence Brorman as groomsmen, Alfred Brorman, and Johnny Parkhurst of Amarillo as ushers.

Mrs. Elbert Vance sang the wedding songs, accompanied by Mrs. Jim Cramer who played

traditional marches also. Solos were On This Day O Beautiful Mother, O Perfect Love and Mother at Thy Feet.

The bride was lovely in a gown of snowflake peau de soie, designed with Sabrina neckline, sleeves pointed at the wrists and controlled skirt fullness. Inserts of re-embroidered Alencon lace decorated the front and a chapel train fell from the shoulders.

Her veil of imported illusion was caught to a crown of seed pearls and she carried a bridal bouquet of feathered carnations.

Bridesmaids and flower girl were dressed alike in avacado green brocade, floor length and cut on simple lines. Dior bows of the dress fabric were worn in their hair and they carried long-stemmed carnations.

A reception honoring the couple followed the ceremony. Miss Helen Beckman registered guests; Misses Barbara and Margret Paschel, nieces of the bride, served at the bride's

John-Munro Marriage Takes Place On Campus

Miss Sharon Ann John and Robert Keith Munro, both students at Oklahoma Christian College the past semester, were married in an evening ceremony Friday in Mabey Center at Lubbock Christian College, where they are former students.

Dr. C. L. Kay, assistant president of LCC, conducted the double ring ceremony in which C. N. Jones, Route 1, gave his daughter in marriage. The bridegroom is the son of Mrs. Ed Munro and the late Mr. Munro of Mt. Vernon, Wash.

Candelabra set in greenery and flanked by baskets of white gladiolas and satin bows formed the background. Centered behind the couple were three candles, the middle one unlighted until vows were spoken, then the bride and groom extinguished the two and lighted the one.

table.

For the wedding trip Mrs. Galaway wore a three-piece green costume with beige accessories and a corsage from her bouquet.

The couple will live in Amarillo, where both are employed, he with Panhandle Electronics Inc. and she with a bottling firm. She was graduated from Hereford High School in 1966 and he from Borger High School a year earlier.

Miss Janice Nichols was maid of honor and Mrs. Jerry D. John matron of honor. Both are Lubbock residents. Jimmy Parr of Albuquerque attended the bridegroom as best man and Jerry D. John, brother of the bride, as groomsmen.

Candles were lighted by Misses Denise John, the bride's younger sister, and Lisa John, her niece, and guests were seated by Lester Perrin and Larry Rogers of Lubbock.

Wedding solos were Bless This House, by the bride's brother, Marion John, and Whither Thou Goest by Lester Perrin. A vocal group, directed by Charles E. Cox and including Mr. and Mrs. Marion John, sang other selections and the marches.

Miss John was gowned in lace and taffeta, the fitted bodice of lace with long sleeves and scalloped neckline. Lace motifs embellished with sequins and beads were appliqued on the softly controlled front fullness of the skirt, which widened into a chapel train.

Her fully gathered tulle fingertip veil fell from a cluster of white organdy roses. Her bouquet of white roses and satin streamers cascaded over a white Bible.

Empire dresses of apple green taffeta were worn by her attendants, the bodice overlaid with

lace and the long skirts of A-line design. Each wore a matching taffeta rose in her hair and carried a long-stemmed white rose.

Candlelighters' frocks were of similar cut, of apricot taffeta accented with bows and streamers of apple green velvet. Hairbands were of the velvet and their corsages of white carnations.

Mabey Center library was the scene of the reception, with Miss Elisa Kay at the guest registry, Misses Joyce Hale, Cheryl Christian and Connie Collier serving punch and the wedding cake which was baked by Mrs. Jimmy Stringer of Lubbock.

Leaving for a short trip, after which the couple will be at home in Lubbock, Mrs. Munro wore a rose velvet sheath with long full pink chiffon sleeves, black and beige accessories and a white rose corsage. The ensemble was made by her mother.

The bride, a Hereford High School graduate in 1965, was a member and officer in the Meistersinger Chorus during her two years in LCC. Munro was employed by Radio Station KDAV while he was a student there, managed the campus station KLCC and was involved in other speech activities. He completed high school work at Sedro-Woolley.

Dinner Honors Couple Before Weekend Wedding

Miss Kathy McMillan and Edward Allison, who were married here Saturday, were guests of honor at a dinner given by Mr. and Mrs. James Witherspoon Wednesday evening at Hereford Country Club. Out-of-town relatives here for the wedding were also complimented.

Four long tables were placed in E-shape to seat about 60 guests. Centering each table was a low oval arrangement of yellow mums with fern leaves and a trio of candles burning in green glass cups. White and gold holiday decorations in the dining room, including a tall white-flocked tree at one end and branches around the walls, complemented the table motif.

Miss McMillan wore a simple-cut black dress, sleeveless and with high-rolled collar. The hostess chose an A-line dress of hunting pink with sharp color contrast in a scarf.

A black suit with flower-printed scarf was worn by Mrs. Ed McMillan of Lubbock, mother of the bride-elect, and a deep blue dress with collar pointed at center front by Allison's mother, Mrs. Daisy Allison.

In addition to Mr. and Mrs.

McMillan, Misses Roxanne and Martha McMillan of Lubbock, guests from other cities included Mrs. William Dyess of Alexandria, Va., Mr. and Mrs. Ed Anderson, who live in Florida, Mrs. Verna Lyons of Amarillo, a former Hereford resident, Mrs. Ruth Budlong of Miami, Fla., and Mrs. Ann Summerford of Tulsa.

Income Tax Facts

Not only are more wives becoming wage earners, but they reported \$3.3 billion of the \$8.6 billion in dividends of married taxpayers filing jointly for 1965.

This information is part of the Internal Revenue Service publication, Statistics of Income — 1965, Individual Income Tax Returns, available now for \$2 from the Superintendent of Documents, U. S. Government Printing Office, Washington, D. C. 20402.

Kovacs-Shelton Wedding Solemnized In Church

Miss Anneliese Kovacs, daughter of Mr. and Mrs. Ludwig Kovacs, 709 Knight, and Gary M. Shelton, son of Mrs. W. G. Crow, Star Route, were married in a simple ceremony Wednesday evening in the First Presbyterian Church.

The Rev. Russell Wingert, minister, read the marriage service and the couple's only at-

tendants were Mrs. Jacob Kohler, matron of honor, and Bud Thomas, best man.

Dressed in a white brocade dress and coat ensemble, the bride wore a small white hat and a corsage of yellow flowers.

A reception was held at the Kovacs home after the ceremony, for members of the two families.

PRE-WEDDING PARTY — One of the entertainments honoring wedding principals, which have made the holiday season a gay one here, was a dinner at Hereford Country Club Wednesday night with Miss Kathy McMillan and Edward Allison as the complimented couple. Mr. and Mrs. James Witherspoon were hosts to some 60 diners. At upper left are the honorees, who were married Saturday. Up-

per right, the bride's father, Ed McMillan of Lubbock, stands between the hosts. The bridegroom's sister, Mrs. William Dyess of Alexandria, Va., and his mother, Mrs. Daisy Allison, are at left below, while at right the Witherspoons share a joke with the bride's sisters, Misses Roxanna and Martha McMillan, who were her wedding attendants.

Tea-Shower Is Bridal Courtesy

Parties for Miss Judy McCarver preceding her Jan. 20 wedding, continued Friday afternoon with a tea and shower in the home of Mrs. W. Glenn Williams, 131 Juniper. Miss McCarver is to marry John Edward Meador of Eldorado in Hill Chapel at Canyon.

Tea guests, greeted by Mrs. Williams, were received by the bride-to-be; her mother, Mrs. Bill McCarver; her fiancé's mother, Mrs. Jerry Pennington, and her sister, Mrs. Ronnie Thomason. Miss Joyce Warren was at the bride's book where callers registered.

Serving refreshments were Mrs. Roger Albracht, Misses Merle Carmichael and Lyn So-

were iced in pink and the punch was of garnet hue.

A large arrangement of white mums was in the gift display room, and other flowers in other rooms.

Hostesses with Mrs. Williams were Meses. Elmer Kimball, J. R. Johnson, Walt Warren, James Edmondson, W. T. Carmichael, Luther Lesly, Irving Alexander, J. B. Sowell, Pete Carmichael, Clyde Sherrieb, Richard Jowell and John Channer.

More menhaden are caught in the U. S. than any other species of fish. They are used chiefly for animal food and as a source of fish oil.

The table, laid with ivory linen, emphasized chosen wedding colors, pink and garnet, with a center bouquet of carnations in the two shades, in a white bowl held by cupid figurines. Cakes

Property Tax Problems

Ochiltree County Herald (Perryton)

The rapid acceptance of the sales tax for the cities of Texas has come as somewhat of a surprise, if not a downright shock, to a lot of people.

The sales tax was fought bitterly in Texas for years. W. Lee O'Daniel ran successfully for governor on a platform that included a violent antagonism toward the sales tax which he said "would hit the little people." A "transaction tax" nearly passed in his legislature but was finally defeated.

Times have changed. Texas enacted a state sales tax a couple of years ago, and it has been accepted by the people. This state sales tax has boosted state coffers and led to a surplus in the state treasury after the first full year of sales tax collections.

As is always the case, however, surpluses in state or national treasuries get spent and now the state faces the prospect of digging up another \$150 million or so to cover spending programs passed but not financed, in the last session.

A great many legislators are looking at a sales tax boost for the answer. So the base of taxes has shifted somewhat from the property tax to sales tax. As long as 20 years ago there were experts in the tax field who maintained that the property tax ought to be abolished. Other sources could be found that would raise more money and be a fairer tax, they said.

However, the property tax has not been abandoned. It has been slowed in the rate of taxes levied, but no property tax has been dropped. The state has talked about dropping the ad valorem tax but still likes the money it brings in.

The property tax is somewhat of a nightmare to a lot of people. Tax collectors on the local level have to have

steel nerves and a strong digestive system to weather the complaints that hit their office at tax collecting time.

It is hard to levy a really fair and equitable property tax. More than likely the taxpayer has some grounds for discontent.

In some communities the tax structure is altered so that a new industry coming in pays no taxes for a stipulated number of years. This done not sit well with the established businesses who continue to pay their taxes at the same rate as before.

In Texas, the property tax varies widely from county to county. In fact, it varies within the county.

The Ochiltree county tax roll varies from the city tax roll in the value placed on taxable property. The school district values property at a different rate from the county.

Most property owners want to be treated fairly, and will pay their taxes even if it seems that the taxes are too high. But let them have an indication that their neighbor is getting by with less taxes and things are bound to get stirred up.

The usual basis for assessing property is on the basis of its current market value. This is a flexible yardstick and one that is often unrealistic like local cattle on the roll at \$10 a head or farmland at \$7 an acre or a city house at a small percentage of its actual value.

Personal property is even more of a headache. A large percentage of property taxes levied on automobiles goes unpaid unless the owner also owns real property that he can't move.

The property tax can be a nightmare. But it is so important that it is nearly impossible to abandon it. People need to think about it.

TRY TO RELAX DEAR... JUST ONE MORE DAY TO WAIT...

People With Answers Have Missed Out

A quick glance at December newspapers shows that Vietnam has taken the spotlight as 1967 draws to a close. Average weekly casualties have doubled for the Americans this year. At home, civil disobedience and general disgruntledness are the vogue.

So what have we done with 1967? Cynics counting success and failure in time spans of 365 days might consider 1967 as really botched, as though all problems can and should be solved in less than a year, or in even hundreds of years. It took more than 175 years after the first Englishmen settled in America for our constitution to be put into effect. How can we expect today's problems to be worked out at any faster rate? Patience and perseverance alone can conquer some of this world's problems.

Rabid war mongers and naive peace demonstrators have all had their swing at Lyndon Johnson this year. They all want an answer, to have any problem solved, right now... they just can't wait. Imagine what patience the President must have to listen to the complaints day in day out.

Just because a new year has arrived doesn't mean that answers to today's problems have arrived too. Decisions have to be made concerning problems that are just as muddled today as they were yesterday. So many of them carry complexities and subtleties that often it is not a question of "right" and "wrong". It is question of judgement and evaluation.

People with "just because" decisions and pat answers to the problems at hand are missing out on one of the great benefits of living in a democratic state. Every discussion group, every civilized demonstration, every intellectual stimulation demonstrates an awareness in our citizens that the United States is a government of, by, and for the people.

Cynics may sneer and discount such idealism. They have what they think are "answers" to the problems surrounding us. But they are impatient; they haven't taken time to benefit from the turmoil of the year.

Larry Fuhrmann

... from the Brand's files

50 YEARS AGO

Everybody was busy during the few days immediately preceding Xmas Day. The merchants announced a tremendous business, and all worked early and late to accommodate the shoppers.

Perhaps the busiest office force during this rush was that at the local Post Office. An unprecedented mass of Christmas presents, packages, post cards, letters, parcels — everything under the shining sun — descended upon the heads of Postmaster Stegall and his assistants. The small space allotted them for work was crammed to the roof with a miscellaneous assortment of everything. Mr. Stegall had prepared new shelves in the only available space left him, but his relief was only temporary. The force worked night and day, ate and slept when they could, and managed by some hook or crook, to "get by."

Some few people complained of delays in getting their mail and packages. Could these people have seen the discouraging circumstance under which the Postmaster worked they would have changed their complaints to condolences. As high as 24 sacks of mail were sent out at one crack on the evening train and the daily run was between 80 and 100 sacks.

There can be no higher type of patriotism than unselfish public service in times of national emergency. Such service calls for sacrifice of time, personal feelings, finances.

The splendid showing made by Deaf Smith County in the recent Red Cross Christmas drive is a source of pride and congratulations to go to every loyal citizen of the county.

But the Committee feels that it would not be showing justice where justice belongs if they did not publicly call attention to the astonishing work of the county's leader in the great drive — Mr. R. T. Evans.

The county's quota of members was set at 1200 by the Amarillo district headquarters. Thus the county more than doubled the highest figure given it and wound up with a percentage of 213.7 instead of 100, by bringing in 2,565.

25 YEARS AGO

The home of Mr. and Mrs. F. R. Reid was the scene of a very informal and jolly affair given to the younger set. Tables were placed for that ever old new fascinating game of "12". After many progressions amid the laughter and bright repartee, the hostess served delicious refreshments of sandwiches, pickles, and hot chocolate.

In the Around Town column in the Brand it said "Speck Lunsford, formerly manager of the Star Theatre here, was in town yesterday. Speck, who went from Hereford to Spur, is now living in Olney where he has motion picture theatre interests."

The Hereford Firemen are sponsoring a New Year's Dance tonight at the Fire Hall, it was announced today.

Music will be furnished by a nickelodeon, the firemen stating that transportation difficulties have made it almost impossible to get an orchestra for local dances.

Deaf Smith County is "out in front" so far as vital statistics for 1942 are concerned with births for the year totaling 118 as compared with 28 deaths. Both marriages and births are up from 1941 and the death total took a decided downward curve during the past year.

Hereford was again scheduled to have milk delivery service from the Cream O'Plains Dairy this week as it was announced that delivery on a new basis will start tomorrow.

Stony Corner, in charge of the new service, states that deliveries will be made each afternoon except Sunday.

The regular price of 12 cents per quart for pasteurized milk will continue and a monthly charge of 35 cents for delivery service will be made.

Lt. Bill Stanford who is stationed at Camp Carson, Colo., arrived Monday to visit his parents, Mr. and Mrs. W. J. Stanford for a week.

Snow which fell early Sunday morning and continued to come down nearly all day, measured nearly seven inches on a level here and was reported general throughout the country.

Mrs. A. L. Manjeot, Deaf Smith County Federation of Women's Clubs defense chairman, is urging all women of the county to turn in all silk hose past wearing to the defense chairman of her club, who in turn will see that they are in Mrs. Manjeot's hands by Nov. 11, which is the final day of the collection.

The Vocal Few

A RASH of reports of protests and demonstrations at American colleges sometimes gives the impression that almost American students are in violent revolt. A recent dispatch from The News' Austin Bureau shows how misleading this impression can be.

The News' Kathy Stephenson reported that the editor of the University of Texas student newspaper and other students have estimated that the number of leftist protesters at the university is about 150. Though this small group stays constantly in the public eye with various publicity stunts, it apparently represents about one half of 1 per cent of the 30,000 students there.

But if the members of the activist group are few, they are exceedingly busy. Their ranks include, as the student editor put it, "the most vocal" individuals on the campus.

The vocal few on the campus demand and get far more attention from the public than is given to the quiet majority. This situation is not peculiar to the college campus, for radicalism is usually noisy and spectacular.

Extremes in behavior or opinion generally arouse more comment and receive more space in the press than the ordinary moderation of the average citizen. To a large extent, modern communication media aid the radical in drawing attention to himself. One peacenik burning his draft card is the sub-

ject of coast-to-coast press and television coverage — the hundred students working their way through college do not mention rate.

But the fact that the majority is quiet should not cause the press and the public to forget that it exists. Though the majority speaks seldom, what it says with its votes and its actions means far more than the noisy nattering of the headline-hunting few.

Our system is founded on a faith in the decency and wisdom of the quiet majority. It proceeds from the thesis that most of the people most of the time will do the right thing. And over the long span of almost 200 years this faith in the majority has been justified. Though it has gone astray at times, the system has been able to correct its errors through the sober second thought of the majority.

And so there is little point in despairing for the Republic because of the irresponsible antics of the noisy few. Though its voice is now silent amid the shouts of the splinter groups, the majority will be heard from — and when it is, what it says will ultimately be the law.

Splinter groups, like splinters, can be a nuisance or a painful irritation, but they are rarely fatal to a healthy nation.

Examples Of Fact Gathering Are Presented In Detail

By BERT MILLS

Washington, D. C. — Tax dollars are spent for many purposes, among them the collection of a vast array of facts and figures. Some are vital to government operations and some are simply interesting. Here are recent examples:

Contrary to popular belief, farmers generally are no older than other comparable groups of businessmen and workers. In fact, the more successful farmers — those with annual sales of \$10,000 or more — tend to be somewhat younger than their counterparts in other occupations. And these farmers in the over \$10,000 bracket account for more than 80 percent of total farm output.

When the 56-year-old Postal Savings system was closed

down last June, some 600,000 depositors failed to collect nearly \$53 million. Five months later the Treasury Department still had almost \$38 million waiting to be claimed. The Post Office Department has not sought missing depositors or their heirs.

A 1952 law requires aliens in the U. S. to report their addresses each January. Only exceptions are those with diplomatic status. Most aliens visit their local Post Office to file their report, and at least 3,657,000 reports are expected in January 1968.

Catalog of the Government Printing Office includes 27,000 titles. Last year GPO sold 66.6 million publications; at an average price of 22 cents. Most sales are by mail, and more than 1 million people subscribe to lists of U. S. publications. Book stores making over-the-counter sales are operated in Washington and Chicago, and a new one is planned in Kansas City.

Auto Travel Up 4 Per Cent

Automobile travel in 1967 rose about 4 percent and totaled around 967 billion vehicle miles. The average passenger car covered 9,506 miles in 1966, consuming 679 gallons of gas, at an average of 14 miles per gallon. About half of annual travel is on city streets, which have only 14 percent of total road mileage.

U. S. Mint has proclaimed an end to the coin shortage. Popularity of vending machines, plus inadequate productive capacity, caused the problem. A new mint in Philadelphia, to be in full operation in 1969, will produce 1 million coins per hour — 8 billion per year.

Thirty-six out of every 100 persons released from jail are back in trouble with the law within a short time. But South Carolina has been able to cut the figure to 8 percent, through a vocational rehabilitation program which continues until the ex-convict is established in a job. Incidentally, it costs about \$2,500 in tax dollars to keep a man in jail for one year. And if he has a wife and one child and they go on welfare while he is incarcerated, the cost to taxpayers is another \$2,000 per year.

Americans ate an average of more than 175 pounds of red meat in 1967 — an all-time consumption record. A 10 percent See MAIN STREET Page 6

THE BOOTLEG — Philosopher

Editor's note: The Bootleg Philosopher on his bindweed farm faces the new year about like he always has, his letter this week indicates.

Dear editor:

At first I thought I was facing the new year completely out of luck. Here was this newspaper which had been used as packing around a Christmas present to keep it from breaking with an article in it that almost threw me. On top of that it didn't work, the present was broken anyway.

According to the article, some agricultural scientists have discovered that you can grind up old newspapers, add molasses, and feed it to cattle and they thrive on it as well as they do on grain.

If this gets out, I thought, it'll ruin my source of reading matter. Who's going to throw a newspaper away if he can pour molasses on it and feed it to his cow?

Like it is, most people with cattle spend more time working for their cows than their cows do working for them, it's sort of like the government, but, I said to myself, the cows are going to get my newspapers to boot, 1968 looks mighty dismal. Television and radio are all right, but for solid news give me a newspaper.

Then I got to thinking. I'm not in this by myself. If paper and molasses will fatten a cow, sooner or later some smart scientist is bound to figure out that it's unscientific to run a piece of paper through a press first, what does a cow care whether it has printing on it or not, just stir blank paper and molasses together and save the printing costs. You can't beat scientists for thinking things through, given enough time and appropriations.

But, you're bound to see this immediately, where does that leave you?

You going to shut down your printing press and go into the feed business?

You going to change your firm's name to The Hereford Brand And Molasses Depot?

We'd both better get to work and change the direction of this movement. Get the scientists to develop a cow that'll thrive on weeds and vines and leave the newspaper business alone.

Let's start a rumor that the hoof-and-mouth outbreak in England was started by a cow's eating a copy of the Amarillo Daily News.

Yours faithfully,
J. A.

Young Heroes

One of the first things a youngster should be taught today is how to use the telephone. Even before learning to read and write, each child should know how to reach the operator. As case histories of the National Public Safety Council's publication "Family Safety" show, even a little four-year old saved her mother's life because she knew how to reach the telephone operator.

Every child of three or older can be taught to speak his name and address clearly and should know how to make an emergency phone call. The simple act of dialing "0" might save his life or make it possible to save yours.

Every child old enough to be away from home should be checked out on the use of a pay phone. He should be taught to lift the receiver off the hook, drop the coin in the slot that matches it in size, listen for the dial tone, and then dial or punch "0" and wait for the voice of the lady who will always be able to get the needed help.

We all should take similar precautions and insist that each child has at least one dime in change — reserved for that all-important telephone call.

Remember that dime — in a real emergency it could save a life!

Adrian News

By ANN BEAVERS
Brand Correspondent

There was a short Christmas program in the school auditorium Wednesday afternoon on Dec. 20. Santa Claus was there and treats were given to all the children. These treats were furnished by the Adrian Lions Club. School was dismissed at 2 p. m. and will resume on January 2, 1968.

Mr. and Mrs. Gordon Moore and children spent the holidays with Mr. and Mrs. Doyle Walls and family at Floydada and with Mr. and Mrs. Carroll Lewis at Clarendon.

Hellen Violet Ray of Amarillo and Eugene Blay of Adrian were married Friday evening in a single ring ceremony in Amarillo. Justice of the Peace Bonita Potter performed the ceremony. Donna Harris and Carroll Weidner were their attendants. The couple will be at home in Adrian, where he is employed at the 66 Service Station.

Mr. and Mrs. Russell Rhineholt of Muleshoe visited Saturday with friends and relatives here.

Mr. and Mrs. John Horton and family and Mr. and Mrs. Bob Gruhkey and family spent Christmas day in Amarillo with Mr. and Mrs. C. G. Pond Jr.

Mr. and Mrs. Chet Kidder of Denver spent the holidays with the Jack Fincher family and the Luther Wagner family.

Mrs. Julia Fincher spent the holidays with her son and family, the Sonney Finchers at Channing.

Mr. and Mrs. Speck Cox of Lubbock spent the holidays with the Jake Fortenberry family.

Perry Gruhkey visited with Phillis Lloyd in Perryton on Monday.

Mr. and Mrs. Dick Rich and family visited with relatives in Wichita Falls, and then in Oklahoma during the holidays.

Mr. and Mrs. Floyd Lane of Albuquerque spent the holidays with Mrs. Bessie Spande.

Mr. and Mrs. Herman Sifford and Mr. and Mrs. Wayne Sifford and Kevin spent the holidays in Oklahoma with relatives.

Mr. and Mrs. Ted Boydston and family of Santa Rosa, Mr. and Mrs. Neil Pounds and family of Earth, Mr. and Mrs. Moran Pounds and family of Westherford, Oklahoma, and Mr. Minor Pounds and family of Lubbock spent the holidays with the E. B. Pounds.

Mr. and Mrs. Gene Hammitt and family of Holly, Colo. visited.

rise in pork production helped swell the total. Beef output rose only 2 percent but set a new record. Production of veal and lamb was down.

Harlem Is Congested
Census figures show that population density in Harlem is more than 122,000 people per square mile. If all 200 million Americans were jammed up like Harlem residents, the entire U. S. population could be squeezed into Long Island.

Per-student expenditures on public school library books almost doubled in a single year when U. S. funds became available for book-buying in 1966. Ninety percent of the Federal money went for library books, only 10 percent for textbooks and other instructional materials. Elementary schools got nearly two-thirds of the new money.

Efforts of the Federal government to reduce cigaret smoking have been a dismal flop. Cigaret production hit a new high in 1967 and per capita consumption rose slightly from 1966. A further increase in consumption is forecast in 1968 by the U. S. Department of Agriculture.

ed here with the Hoarce Betts family.

Mr. and Mrs. Pat Maupin of Santa Rosa were here for the holidays with his mother Mrs. Millie Maupin.

Buddy Briggs of Wilcox, Ariz. passed away Wednesday following a long illness. The funeral was held Wednesday morning at Lazbuddie. He was a brother to W. C. Briggs of Adrian.

Hoss Collins spent the Holidays in Hartshorne, Okla. with the Homer Collins family.

Rev. and Mrs. Dave Sellers and family are in Ft. Worth with the D. F. DeFiles family for the holidays.

Mrs. Slim O'Brien is visiting her daughter in Wichita Falls for the holidays.

Mr. and Mrs. Darrell Sewell and family of Odessa were here with the Elmer Weidner family.

Mr. and Mrs. Kippy Morgan are parents of a boy, Ronald Thane, born Saturday in a Canyon hospital. Paternal grandparents are the Don Morgan of Adrian. Maternal grandparents are the Gwen McFarlands of Happy.

Mr. and Mrs. W. T. Wright of Odessa and Mr. and Mrs. Milton Fox of Lubbock were holiday guests of the Don Morgan family.

Mr. and Mrs. P. N. Johnson and Mr. and Mrs. Grady Pridmore and family and the Cotton Johnsons of Stinnett got together at the Bill Johnsons and the Bill Sterlings in Canyon for Christmas.

Pat, Paula, Preston and Nina Haberman of Canyon are spending the week with the P. N. Johnsons.

Mr. and Mrs. Grandy Pridmore and Linda and Mrs. P. N. Johnson visited Mrs. Johnny Cavitt in the Amarillo Hospital Sunday.

Mr. and Mrs. Grady Pridmore and Mr. and Mrs. R. Lee Petty and family were visiting Mr. and Mrs. Joe Harris and family in San Diego, for the holidays. They all went to Santa Paula to visit other relatives when Hardy fell and broke a bone in his back, and now has to lay flat on his back for a week.

Guest Presents Program In YHT

A guest speaker, Mrs. Tom Draper, gave the program for Young Homemakers of Texas here recently at a meeting in the high school homemaking rooms. Mrs. Draper, County Home Demonstration Agent, spoke of new no-iron fabrics and their care.

Mrs. John Nishimura was hostess. In a short business session members discussed sending delegates to the annual YHT convention to be held in Austin Jan. 12 and 13.

Kiwanians Review 1967 Activities

The Hereford Kiwanis Club held their regularly scheduled meeting Thursday and Dean Herring, outgoing president, read a list of the committees and achievements of the Kiwanians for the past year of 1967.

About 17 committees were assigned to members in order to promote the Kiwanians symbol. A committee on boys and girls work was formed with the theme of "Today's Challenge to Youth." This committee presented a \$250 scholarship to Lee Robinson, a pre-med student, and sponsored a show for kids. During the show, members served ice cream, and charged the admission of a broken toy per child. The toys were presented to the VFW. The committee also gave an annual children's Christmas party with 94 children in attendance, and provided transportation for the Rainbow girls to their State Convention. The Key Club Committee, with the theme of "Build Indi-

vidual Responsibility Though Kiwanians Guidance," attended the high school Key Club meetings with an average of about fine Kiwanians members per meeting.

The Committee of Guidance and Vocation worked with drop-outs to help keep them interested in activities in school so they might remain, the Agriculture and Conservation Committee supported the water use program, Public and Business Affairs committee promoted a safe driving program for high school students, and presented a film on bicycle safety to 2250 elementary children.

Kiwanis, Herring said, is considered the "Greatest Growing Club in the Country and seem to prove this with their many other committees and activities such as Support of Committee on Achievement, Churches and Spiritual Aims, Committee on Finance, Committee on House, Committee on Law and Regulations, Committee on New Club Buildings, and Committee of Public Relations.

After the report on the past years activities, the outgoing president was given a big hand of appreciation.

Eugene Naugle was selected as Kiwanian of the Month. Next week, Ray Todd will preside as president.

A VERY SPECIAL BOOK DONATION

According to Mrs. Newman, librarian, our library has just received as a donation, a kind of a memorial, a book which she believes many in the area will want to read. It especially will appeal to veterans and-or their families.

Entitled Five Years, Five Countries and Five Campaigns With The 141st Infantry, it was compiled by men of that military group after WW II. The plan was that all men of this group were to receive a copy when it was completed. After this was worked out there were some 300 which could not be found to receive the book, so it is now being sent to chosen libraries, of which ours was one.

For those interested in "cloak and dagger" episodes dealing with governments of the world, there is a most timely book, White Tie And Dagger, by Andrew Tully. He has a number of novels and non-fiction books which deal with the political scene so he is accepted as a fine writer in this class.

This one deals with the intrigue of Embassy Row in Washington D. C. The first chapter makes the book worth reading. Since many have wondered what happened to the elections in South Vietnam when every thing went so smoothly and Nguyen Cao Ky, the man whom we wanted in control, won the place. Little or no Communist resistance was made until too late.

How this was worked out by a meeting in which President Johnson suggested if only the Reds could be made to think that the elections and the man were unimportant to us. A few chosen men took over to develop the idea and a group of young government diplomats carried out the strategy. How they worked is most enlightening. They approached men whom were supposed to be neutrals but who were working for both sides. It took great tact and knowledge of these men and their way of life to find the right one to put this idea over to the Reds. One misstep would have ruined the whole plot.

And whether or not you like Johnson as president, this kind of strategy is his best talent and something perhaps he should resort to more often in dealing with the Communist.

Karate, meaning "empty hand," developed in the Orient. Chinese peasants, plagued by bandits, learned to use feet, elbows and knuckles as a means of fighting effectively without weapons. From China, the art of karate traveled to Okinawa and Japan.

The strongest eagles can lift a weight of 10-12 pounds, but probably cannot move it more than a few feet at a time.

Job Corp Program Described By Three Hereford Trainees

By TYLER VANCE
Staff Writer

Impressions of life in the Job Corp program were revealed by Job Corp trainees from the local area during an open house at the Texas Employment Commission Thursday.

Roy and Richard Nanes, brothers from the Hereford area, recently returned from Camp Gary in San Marcos, where Roy is training as an auto mechanic and Richard as a radio and television repairman. Camp Gary is the largest Job Corp center in Texas, and ranks among the largest centers in the nation. Some 4000 students are training at the camp.

The Nanes brothers have been at Camp Gary for the past six months. Both are members of the Corpsman Security at the base, a job corresponding to M. P.'s in the army.

The men rise at 6 a. m., get their dormitory ready for inspection, and eat breakfast. Then comes a day of classes, including morning sessions on math, English and other academic subjects, followed by the afternoon sessions in which each student studies his particular occupation. Some 39 occupations are available to Job Corp students to learn. They range from computer work, to auto mechanics.

Students at Camp Gary are allowed off the base on Tuesday and Wednesday after classes, and on the weekends. They come home for the Christmas and New Year's holidays. When leaving the base, the boys must sign out, telling where they are going.

Salaries for Job Corp students are determined by their achievements. "The harder you work, the more you get," says Roy. Roy receives \$13.44 every 15 days, while Richard receives \$15.48. Each boy sends \$25 home each month, and this total is matched by the government, making a total of \$50 sent home by each boy every month.

All food, and sleeping accommodations are provided by the government, but each student at Camp Gary is given \$170 for civilian clothes. The longest period time students can train in

a Job Corp center is two years. After that, he either finds himself a job, or is placed by the placement service at the base.

The brothers agree that the corp is, "A good program for dropouts, and gives you a chance to learn something."

GIRLS TRAIN TOO

But the Job Corp program is not limited to only boys. Several girls are in the program, one of them from Hereford.

Mary Lou Zepeda, 18, was one of the girl students home for the holidays. Mary is training as a nurses aid at a Job Corp Center in Clinton, Iowa. She has been in the program for five months now, and says she likes it very well.

"The directors are not as strict with girls as they are with boys," notes Miss Zepeda. This fact is seen in her schedule. She starts her day at 7 a. m., straightens her room and eats breakfast. Her classes also run from 8:30 a. m. — 3 p. m.

However, Mary unlike the Nanes brothers, studies only courses related to nurses training. She doesn't have to sign out and can leave the campus anytime except during classes. Her curfew for Saturday night is 1 a. m., and 10 p. m. on school nights. She receives \$9.80 every two weeks, and also sends \$25 home every month. This is matched by the government, making a total of \$50 sent home every month. Mary is allowed \$140 per year for civilian clothes.

Mary said she blended in well with the 900 girls at the center, but that the first two weeks are the hardest for a new Job Corp student.

Job Corp students are recruited by the local Texas Employment Commission, and given tests for placement in the centers. No boy who has completed high school will be accepted by the agency, although some girls who have graduated have been placed in centers. Students may leave the centers and quit the program at any time.

According to Lester Rape, office manager of the local TEC and boys are now needed to fill openings at several centers around the nation. Any boy be-

tween 16 and 22 is eligible. Already some 30 boys have completed their Job Corp training and are working in the three-county area served by the local TEC. At the moment, no openings for girls are available, however, there will be near the end of January.

Seat Belt Use Is Emphasized

Sergeant W. E. Wells, Highway Patrol supervisor for this area, said that experience in previous Christmas and New Year holiday periods and other statistical factors indicate 100 persons will be killed in motor vehicle traffic accidents during the two week-end holiday season.

Sergeant Wells would like to encourage the use of seat belts in your driving during this most dangerous time of the year. "Of course, a seat belt cannot prevent an accident," says the veteran sergeant, "only safe driving can do that, but in accidents, which can happen to a good driver through no fault of his own, the seat belt has an outstanding record for preventing serious injury and death."

"A recent study of 250 traffic fatalities indicates that 100 would have survived if they had been wearing seat belts and 130 if they had been wearing seat belt, shoulder belt combinations. It is estimated, on a national scale, the use of seat belts alone might have prevented more than 10,000 of last year's 53,000 traffic deaths in this nation," the sergeant stated.

In re-emphasizing the use of seat belt's, Sergeant Wells says that approximately 20 per cent of the predicted 100 deaths, due to traffic accidents, during this holiday season, can be saved by simply buckling your seat belts when driving.

Navy's football squad includes four Californians. They are defensive backs Wade Roberts of Edwards Air Force Base and Tom Sher of San Francisco, and ends Rob Taylor of Palo Alto and Ben Tucker of Northridge.

JOB CORP TRAINEES — Three Job Corp Trainees were present at an open house at the Texas Employment Commission Thursday. On the left is Mary Lou Zepeda, training as a nurses aid and Roy and Richard Nanes. Roy is training as an auto mechanic and Richard is training as a radio and television repairman. (Staff photos)

Postage Machines Are Being Changed

Nearly 10,000 postage vending machines located in the Hereford Post Office, will be converted over the next three months to reflect the new postage rates, Postmaster Nolan

Grady said today.

New postage rates go into effect Jan. 7, the postmaster noted. The new rates raise first class postage to 6-cents an ounce, air mail to 10-cents an ounce, and postal cards to 5-cents.

The job of converting the thousands of vending machines found in post office lobbies from coast to coast is so massive that it will take several months to complete, the postmaster said. Five different types of machines are involved.

Most of the machines now provide 5-cent and 4-cent stamps for a nickel, quarter or dime. After the conversion, the machines will provide 5-cent and 6-cent stamps.

The postmaster said that the vending machines located in the lobbies of post offices are not to be confused with commercial stamp vending devices found in many stores. Such commercial machines provide a margin of profit and are not controlled by the Post Office Department.

The vending machine in the Hereford Post Office averages approximately 2,000 stamps per week which proves to be a big convenience to the postal patrons by permitting mailers to purchase stamps after the service lobby is closed.

ALDERWOMAN FREED

ROBINSON, Ill. — Mrs. Kenneth Freed has become the first woman alderman in this southeastern Illinois community in 52 years.

Mayor Carl Zwermann named her to fill a vacancy on the city council. She will serve until the next regular city election.

WT Growers To Meet At Bull Barn On Jan. 9

The sixth annual West Texas Vegetable Growers Conference will be held at the Bull Barn Jan. 9 and will be made up of growers from the Panhandle and the West Texas area.

The Deaf Smith County Vegetable Committee sponsors the conference, along with the vegetable growers of the area. The program will feature subjects pertinent to vegetable production and marketing, and all interested vegetable farmers are urged to attend.

Registration will begin at 9:30 a.m. with a fee of \$3 which includes lunch.

Applications Due Tuesday For Transfer Of Cotton Allotments

Applicants for the transfer of cotton allotments for the 1968 crop should be filed no later

than Tuesday, farm operators in Deaf Smith County were reminded.

Aoudad Season Begins Saturday

SAN ANGELO — The open season on aoudad sheep in the Texas Panhandle begins Saturday and runs through Jan. 10 in counties having surplus animals which have resulted from stocking efforts by the Texas Parks and Wildlife Department, according to a Department spokesman.

Bag limit on the aoudad is one per hunter; and they may be hunted by permit only.

The counties in which the season applies are Armstrong, Briscoe, Donley, Floyd, Hall, Motley, Randall, and Swisher. The counties of Armstrong and Briscoe were stocked 10 years ago with 44 aoudads, and the herd has spread and is now estimated at more than 600.

The Parks and Wildlife Department makes an aerial survey of the herd each year and issues permits to the landowner based on how many sheep he has on the ranch.

In counties other than the ones mentioned above, there is no bag limit and no closed season. Some private landowners have stocked the sheep on their ranches to add variety to the hunters' game bags.

Aoudad sheep are natives of the Atlas Mountains of North Africa. Weighing from 250 to 400 pounds, they have ruddy or buff colored coats, a fringe of long hair around the throat extending down to the forequarter and horns on both sexes.

Forty-four aoudads were stocked in the Palo Duro Canyon area in the Panhandle in 1957. This area abounds with a variety of hardwoods and juniper and seems to be nearly ideal country for the sheep.

"Notices of the cotton allotment and the projected yield for individual farms have already been mailed to county farmers," explained Frank J. Bezner, Chairman, Agricultural Stabilization and Conservation County Committee, "so farm operators now are in position to make their production plans for next season."

In Deaf Smith County, growers, voting in a special referendum earlier this year approved transfer of acreage allotments by sale or lease-out of the county, so the transfer of allotments locally may be made from one farm to another within the State. In no case may allotments be transferred to another farm outside the State.

Transfer of allotments from one farm to another within the county and the transfer of allotments between farms (within the State) which are owned or controlled by the same owner are both authorized by law and not subject to approval in a referendum. However, it is necessary that such transfers of allotments be filed with the ASCS county office before the January deadline.

Tuesday's deadline, therefore, applies to all transfers of 1968 cotton allotments for Deaf Smith County farms whether by sale, lease, or the owner.

TEXAS HIGHWAY DEPARTMENT
NOTICE TO
BUILDING CONTRACTORS

Sealed proposal addressed to the State Highway Engineer of Texas, for the construction of a General Maintenance Building to be located on the property of the Texas Highway Department on U. S. Highway 385 in Hereford, Texas State Project MC-4-M-9, Deaf Smith County, will be received at the office of the State Highway Engineer, Room 508, 11th and Brazos Streets, Austin, Texas, until 2:30 P. M., January 18, 1968, and then publicly opened and read.

The building is constructed of lightweight concrete masonry units, bar joists and metal deck roof structure, built-up roofing, and concrete foundation and floors.

Plans and specifications including minimum wage rates as provided by Law will be furnished to any Contractor desiring to submit a bid and must be secured from the Chief Engineer, Maintenance Operations (File D-18, Room 507), Texas Highway Department, Austin, Texas, OR from Mr. Charles W. Smith, District Engineer, Texas Highway Department, Amarillo, Texas 79105.

Usual rights reserved.

A 1965 agreement transferred to Jordan 2,300 square miles of virtually uninhabited territory. Virtually uninhabited change for 2,700 square miles of equally desolate land which went to Saudi Arabia. But Jordan acquired 11 new miles of shoreline along the Gulf of Aqaba, crucial for future development of the nation's only port, Aqaba.

Uncle Sam's Selective Service

When a man is classified by the draft board, that classification is not permanent. It may be changed when, in the judgment of the local board, the classification is no longer warranted.

Each classified man and each person who has filed a request for the man's deferment must report to the local board in writing any fact that might result in the man's being placed in a different classification. This must be done within 10 days after the change occurs.

The local board may reopen and consider anew classification of a man (1) upon his written request, (2) written request of a person who claims to be his dependent, or (3) any person who has on file a written request for the man's occupational deferment. This can be done, provided the request for reopening is accompanied by written facts not considered when the man was first classified, which, if true, would justify a change in his classification.

Draft regulations say that the "classification of a registrant shall not be reopened after the local board has mailed to such registrant an order to report for induction, unless the local board first specifically finds there has been a change in the registrant's status resulting from circumstances over which the registrant had no control."

Colonel Morris S. Schwartz, state draft director, points to two things which might happen to a man beyond his control: (1) a serious accident, or (2) death of his father, resulting in his becoming head of the family.

The local board must always reopen a case at either the request of the national or state directors of Selective Service and must cancel any order to report for induction if that is involved in the case.

Agricultural Briefs

JANUARY NATIONAL EGG MONTH - Since January is National Egg Month, it's a fine time to consider all the many uses which can be made of eggs in menu planning. Eggs, add taste and nutrition to any meal, says Marshall Miller, Extension poultry marketing specialist at Texas A & M University.

LOOSE STACKING OF HAY - The old practice of stacking loose hay in the field is making a comeback. With the equipment now available, Dr. Neal Pratt, Extension pasture specialist, says it is one good way to reduce harvesting and storage costs. Also he notes that relatively little labor is required when hay is fed from a loose stack.

THE STATE OF TEXAS
TO: Halstead C. Terry, Elton H. Terry, Ralph H. Terry, D. O. Williams and Frank Glasspell, and their respective unknown spouses, if any of them be deceased, their respective heirs, unknown heirs and legal representatives, and if any of their respective spouses be deceased, the heirs, unknown heirs and legal representatives of such deceased spouses, Defendants, Greeting:

You are hereby commanded to appear before the Honorable District Court of Deaf Smith County at the Court House thereof, in Hereford, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 29th day of January A. D. 1968, then and there to answer Plaintiff's Petition filed in said Court, on the 14th day of December A. D. 1967, in this cause, numbered 5407 on the docket of said court and styled Robert Draper and J. D. Dupree, Plaintiffs, vs. The persons first named in this citation and to whom it is directed, Defendants.

A brief statement of the nature of this suit is as follows, to wit:

Plaintiffs are suing Defendants in trespass to try title to the title to and possession of the North One-Half of the Northeast Quarter of the J. S. Richards 640 acre tract out of Capitol Leagues 409 and 410, in Deaf Smith County, Texas, and are also claiming title to said land by reason of having had adverse possession thereof for a period of over ten years preceding the filing of this suit, under the ten year Statute of Limitation and adverse possession of the State of Texas, and for judgment divesting title to said property out of Defendants and vesting same in Plaintiffs.

As is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Hereford, Texas this 14th day of December A. D. 1967.

Talk of Texas

By JACK MAGUIRE

Footnote to History - One of the most fabulous New Year's Eve parties in history was staged by a Texan in Hollywood because he was piqued at a movie.

The host was D. D. Feldman, Dallas oil man, and the movie that angered him was "Giant," based on Edna Ferber's satirical novel about Texas millionaires.

Feldman decided to show the world that Texas can compete with the best in gentility. He rented a Hollywood restaurant and spent \$75,000 redecorating it to look like New York's famed Delmonico's did in the 1900's. Then he spent another \$50,000 for food and entertainment for a guest list that included most of the stars of motion pictures.

The date of the party was December 31, 1956, but it is still remembered in Hollywood.

What's in a Name? - Elysian Fields, in Harrison County, was so named because its founder decided it was the nearest thing to heaven on earth.

When Edward Smith founded the town in 1832, he was so taken by the tall pines, beautiful streams and lush meadows that he decided to name it after the Greeks' legendary Paradise, Elysium.

Texans at Work - Making saddle trees is the sole industry in Gruene, a Comal County village. One of about a dozen such manufacturers left in the U.S., the Gruene industry sells its products all over the country.

Traveling Texas - A few miles east of Carthage, on U. S. 79 in Panola County, there is a new memorial that already has become one of the state's outstanding tourist attractions. It is a life-sized statue marking the grave of Jim Reeves, the East Texas singer of country music, who still ranks as the number one performer in the field although he has been dead more than three years. Seven of his records have been released since he was killed in a plane crash, and six of them have ranked first on the country music hit parade.

There are no signs or markers pointing to his grave, but thousands of visitors find it. One fan gave up smoking in order to save enough money to travel from her Oslo, Norway, home to Texas and lay a wreath on Reeves' grave.

The Big House - Texas is going to have the world's largest jail. On 24 miles of East Texas wilderness, 18 miles northwest of Palestine, the state is carving out a prison farm so large that it will require 30 miles of roads just to connect its components.

Named the Coffield Unit (after H. H. Coffield of Rockdale, chairman of the Prison Board), the farm will house 2,000 convicts when it is completed in 1975.

Frontier Pharmacopoeia - In the cholera epidemics of the 1830's, a popular remedy called for parched flour and milk mixed together and fed, a teaspoon at a time, to the patient until he got well. He rarely did.

LITTLE IODINE

EVERY OTHER GUY PLAYS GOLF AND POKER... YOU DON'T LET ME DO ANYTHING.

WELL, PLAY GOLF THEN AND POKER TOO FOR ALL I CARE! I'M NOT STOPPING YOU!

ANOTHER THING... I'M NOT CARRYING A LUNCH TO THE OFFICE ANY MORE! I'M EATING IN A RESTAURANT LIKE THE OTHER MEN!

WELL, ALL RIGHT... DO WHAT THE OTHER MEN DO...

NOW I'LL TELL YOU HOW NICE OTHER WIVES HAVE IT IN THIS NEIGHBORHOOD...

DO YOU KNOW MR. CRILLY NEXT DOOR HELPS HIS WIFE WITH THE COOKING AND HOUSEWORK? TREATS HER LIKE A QUEEN...

WELL, DON'T I ALWAYS ASK IF I CAN HELP YOU? HERE! I'LL GET DINNER READY... YOU GO IN AND SIT DOWN... GO ON!

MRS. SHARKEY'S HUSBAND SERVES HER BREAKFAST IN BED EVERY SATURDAY AND SUNDAY.

OKAY... OKAY! IF IT'LL MAKE YOU HAPPY, I'LL GIVE YOU BREAKFAST IN BED...

MOMMY AND DADDY... RED CRILLY'S MOTHER AND FATHER LET HIM WATCH THE LATE SHOW FRIDAYS AND SATURDAYS...

SHALIMAR SHULTZ'S PARENTS GIVE HER AN ALLOWANCE OF \$5 A WEEK, AND THE SHARKEYS LET THEIR KID CHARGE ALL THE RECORDS HE WANTS TO BUY... SO COULD...

WHAT OTHER PEOPLE DO IS NO CONCERN OF YOURS! WHO ARE THEY THAT YOU SHOULD HOLD THEM UP AS AN EXAMPLE?

IF SHALIMAR AND RED AND SHARKEY JUMPED IN THE LAKE, WOULD YOU JUMP IN, TOO?
