

Communists Win Vote Majority In Prague Area

Few Changes Seen In Cabinet Since Leaders Popular

PRAGUE, May 27 (AP)—The communists emerged today as the strongest political party in Czechoslovakia on the basis of substantial returns from yesterday's parliamentary elections.

They won a plurality in Prague. Returns yet to come in from outlying districts held the answer of whether the vote of the Communists and other extreme leftists would be sufficient to gain a majority in the new assembly of 300 members.

The moderate National Socialists—the party of Eduard Benes until he became president—polled a strong vote, though it was not as heavy as expected. The comparatively conservative People's (Catholic) party made striking gains.

With about half the nation's 7,500,000 votes counted, political writers made these observations:

Czechoslovakia, by giving more votes to the Communists than any other individual party, showed that it had veered farther left. This indicated that the provisional government's policies such as nationalization of industries, social experiments, and expulsions of Germans and Hungarians are basically popular.

Consequently, there probably will be few changes in the cabinet. The vote suggested that even Prime Minister Zdenek Fierlinger might retain his post, although his Social Democrats finished in the rear. He is popular with the Communists, who may want help from his party in forming a powerful left wing.

The striking feature of the election was that the National Socialists, ordinarily considered a strong party in the cities, trailed the Communists in Prague, Pilsen, Kladno and Moravska Ostrava, although they carried Brno by a slim margin.

The assembly is expected to convene, reelect Benes president and start drafting a new constitution. Benes is widely revered as one of the founders of the country.

Circuit Court Can Prevent Evictions

WASHINGTON, May 27 (AP)—The supreme court today ruled federal courts can prevent eviction of tenants pending appeals based on OPA rules.

The justice department appealed from the Sixth Federal Circuit court at Cincinnati which said it had no jurisdiction to enjoin eviction proceedings in state courts.

In one case the government contended Robert C. Beever was evicted improperly from his apartment after the landlord brought proceedings before a Covington, Ky., justice of the peace to regain possession. The US Circuit court said it could do nothing because at the time it considered the case, the tenant had left the apartment.

In the other case OPA had sought to restrain eviction of a tenant from a Columbus, Ohio, house owned by the estate of Emma Gang. The circuit court denied OPA's request for an injunction pending the tenant's appeal.

Justice Black said the circuit court was wrong in its finding that the Beever case was moot.

Seamen On Strike

TORONTO, May 27 (AP)—Approximately 5,000 seamen were "called out" on strike today as the Canadian Seamen's Union implemented its drive for shorter hours by ordering a "complete tieup" of all Canadian lake and coastal ships.

JUST CALL THEM ALL "SOLDIERS"

G1 Gripe Board Suggests Wiping Out "Officer" And "Enlisted Man"

WASHINGTON, May 27 (AP)—The army's G1 gripe board recommended today that the very terms "officer" and "enlisted man" be abolished as one step to narrow the official and social gap between them.

Reporting to Secretary of War Patterson, on its shifting of post-war complaints the inquiry group headed by Lt. Gen. James H. Doolittle proposed a thorough review of existing differences in pay, promotion, furloughs, decorations and food. It called too for new measures aimed at raising the standard of leadership in the army.

But the big break with tradition came in the proposal that all military personnel be referred to merely as "soldiers."

AFTER MERCY FLIGHT—Mrs. J. L. Rice tenderly kisses the brow of her son, Richard, 13, as he lies in a hospital at Orange, Calif., awaiting a delicate brain operation. Richard—stranded in Arizona by the rail strike—was flown to Orange by the army so he could be in the care of a brain specialist. The boy's father is a railroad brakeman. (AP Wirephoto).

House-Approved Strike-Draft Bill In Senate Trouble

WASHINGTON, May 27 (AP)—President Truman's "strike-draft" labor program hit fresh senate trouble today, despite its quick approval by the house.

Democratic Leader Barkley (Ky.) voiced hope of pushing the proposed legislation through by nightfall, with perhaps some modifications, but a number of his colleagues spoke in terms of days.

The renewal of the soft coal crisis, however, put the element of economic uncertainty back into the picture and gave supporters of the program new ammunition. The threat shaping up to the bill is an unusual coalition of republicans and pro-labor democrats

Red Cross Far Behind Quota For Garments

Committed to supply 333 dresses toward the ARC's national campaign to ship garments to Europe's underprivileged children, the local chapter of the Red Cross hasn't yet attained half of that quota, according to Mrs. Moree Sawtelle, local director.

"We have had almost enough promises to accomplish the mission," Mrs. Sawtelle said. "However, the work is still here and indications are the deadline (July 1) will come and go before we get the clothing made and on its way."

Material for the dresses is furnished, Mrs. Sawtelle advised. All the women have to do is piece the toggery together and they can do that either by working at the Red Cross headquarters, Third and Scurry or by taking the material home with them.

"Starvation isn't the only thing staring the peoples of Europe and Asia in the face," Mrs. Sawtelle said. "If they do not get ample clothing by next winter they are in danger of freezing to death."

Several church groups have been working with Mrs. Sawtelle toward reducing the quota.

POLICE ON PROWL FOR LOST LIONS

DETROIT, May 27 (AP)—Ten squad cars of armed police prowled northwest Detroit early today for a cageful of lions reported on the loose — then learned with relief it was a false alarm.

A watchman started the hunt when he noticed a door ajar on the wagon where five lions were waiting to be loaded onto a train.

Two of the animals were poking their noses out of the door when police arrived. No one knew if any, or how many had escaped until their trainer Terrell Jacobs arrived, armed with his chair.

Jacobs counted Lions and said all were present. The animals had clawed six square feet out of a canvas covering over the wagon door and broken both inside and outside locks on their cage.

On the other side of the picture was the conclusion that "in the strict sense, the phrase, 'caste system,' is inappropriately applied to our army at the present time since the selection of individuals for commissioned rank is based on democratic principles."

The board's criticisms were tempered with the assertion that in meeting problems of a 40-fold wartime expansion, "did a truly magnificent job," and there were guarded indications that the war department was no upset by the findings.

Patterson announced that "some steps already have been taken" to remedy problems set out in the report, but he noted that congressional approval and appropriation would be required to carry out some of the suggestions.

Drop-Iran-Case Sentiment Grows Among Officials

Stettinius Favors Move If Nothing New Is Reported

NEW YORK, May 27 (AP)—Sentiment for dropping the controversial Iranian case from the agenda of the United Nations Security Council was reported to be increasing today, but there still was no indication when the council would meet.

Today's UN schedule was confined to a meeting of the economic and social council at 8:30 a. m. (CST) and a meeting of the security council's sub-committee on Spain at 1 p. m. (CST).

Sources close to Edward R. Stettinius, Jr., US delegate on the security council, said he probably would agree to close the Iranian case when the council takes it up again, unless the situation changes in Iran before then.

He was represented as being satisfied that all Soviet troops are now out of Iran, although the council still has not received a categorical statement from either Russia or Iran.

Brazilian sources said Brazilian delegate Pedro Leao Velloso was ready to go along with the United States, Poland, France and Mexico already had indicated they would be willing to drop the case. Other delegates could not be reached for comment, but it was regarded as likely that at least two of them might support a move to drop the case, providing the necessary seven votes.

Local Railroad Men Catching Up On Backlog

The long-heralded but short-lived strike of engineers and trainmen over the local picture in the T & P railway yards this morning was one of bustle but outward serenity.

Conditions are fast approaching normalcy as callers were kept busy over-the-weekend notifying crews of their assignments. It will take several days to catch up with the backlog of work which deluged the local yards during the 48-hour "holiday."

Most of the 30 "chain-gang" and eight passenger crews that work out of here, plus the dozens of men on the various extra-boards—engineers, firemen, conductors and brakemen—were pressed into service over Saturday night and Sunday.

The five switching crews here, plus the teams assigned out of here for the Colorado City, Sweetwater and Abilene yards, returned to their jobs of making up trains and clearing the yards along with the six hostlers who work regular shifts.

Also back in service were four "local" crews, three east bound, the other headed west.

Personnel of local post office started accepting parcel post again this morning as indications are that the monthly postal receipts will be no less than average due to a rush of business through the first two or three days of the week.

Open Forum To Hold Third Meet Tonight

The Big Spring Open Forum will conduct its third meeting tonight in the district court room, with discussion scheduled to get underway at 8 o'clock.

Pointing out that all forum meetings are open to the general public, J. D. O'Barr, current chairman, urged a good attendance. The meetings are arranged for conducting orderly discussion on any topics which citizens want to talk about, O'Barr said, with the hope that interest in public affairs and matters of general welfare to the community will be stimulated and that closer liaison between public officials and the general citizenship will be provided.

A committee composed of Ted Phillips, John Nutt and A. McNary was selected at the last meeting to arrange the first part of the program for tonight. The forum plans to make special arrangements to provide a topic for discussion at the outset of each future meeting, which will be followed by any suggestions that may come from the audience.

US Stops Delivery

BERLIN, May 27 (AP)—The United States will make no further reparations deliveries from its zone in Germany until the Potsdam protocol to administer the country as an economic whole is put into effect by the occupying powers. It was disclosed last night by Lt. Gen. Lucius D. Clay, deputy American military governor.

Krug And Lewis Fail To Reach Agreement In Paralyzing Strike

WASHINGTON, May 27 (AP)—The government and John L. Lewis failed again today to settle the strike that has halted virtually all soft coal production. Another effort will be made at 3 p. m. (EST).

For two and one-half hours Lewis and the negotiating committee met with Secretary of Interior Krug, federal mine boss, and his deputy, Vice Admiral Ben Moreell.

Then Lewis stalked out, referring newsmen to Krug. The secretary sent reporters this message: "We will meet again at 3 p. m."

John J. O'Leary, vice president of the United Mine Workers, will accompany Lewis to the afternoon conference.

Some indications that an agreement was in the making came from the White House steps when Senate Democratic Leader Barkley (Ky.) termed the prospects "hopeful."

Barkley talked to reporters after conferring with President Truman. The Army dispatched soldiers into Kentucky and kept other troops ready for possible strike buty in the chief coal producing states. Maj. Gen. Robert S. Beightley, chief of the Fifth Service Command, was quoted at Columbus, Ohio, as saying that if coal miners "want to work we'll see that they get to work."

Despite federal seizure of the bituminous pits, early reports from the field indicated that most of the nation's 400,000 soft coal diggers are remaining at home and possibly will until Lewis gives them the signal to return. A two-week truce ended Saturday night. Lewis showed up promptly at 10 a. m. (EST) for the conference. The meeting was arranged after President Truman's personal intervention last night failed to win a continuation of the truce.

Mr. Truman scheduled only one formal conference today — with legislative leaders — leaving him free, if necessary, to reenter the soft coal negotiations. The apparent coal shutdown, a renewal of the 42-day-long strike that ended with the truce on May 15, poised a new threat to the nation's railroads, operating again after the dramatic settlement of the rail labor dispute.

Lack of fuel might bring the coal-burning locomotives to a halt again soon.

Green Calls Truman Program "Slave Labor"

WASHINGTON, May 27 (AP)—AFL President William Green today denounced President Truman's strike-draft program as "slave labor under fascism."

Green declared in a statement that the AFL will resist the legislation, already passed by the house and now before the senate, "to its last breath." He said the same opposition will be thrown against the Case labor disputes bill.

The measure requested by President Truman at a joint session of congress Saturday, Green said, "ranges the government on the side of private industry against labor."

The legislation, against which republican senators have opened a campaign of amendments, provides among other things for the military induction of employees who refuse to work for a government-operated plant.

Green's statement was issued as Senate Majority Leader Barkley (Ky.) began on the senate floor a section-by-section explanation of the bill. He said "no one can disagree with its general statement of policy."

The house meanwhile deferred action until later in the week on the senate version of the Case labor disputes bill. Among other things, the measure would require a 60-day cooling off period.

French Reported Invading Siam

BANKOK, Siam, May 24. Delavay (AP)—Sources in the Siamese government reported today that 200 French troops invaded northeastern Siam today, crossing the Mekong river from French Indo-China.

These sources said the French occupied "habo and drove toward Nong Khai. The French were said to have used planes to support their advance and to have bombed Siamese territory before they advanced.

The only resistance was reported to have come from Siamese police forces who were stationed along the border.

(A Reuters report said a Siamese communique had announced that the government had informed the United Nations of the French action and had appealed to the British and United States delegations in Bangkok for intervention.

(During the Japanese occupation of Indo-China, prior to Pearl Harbor, the Japanese sponsored negotiations which led to the cessation of a considerable block of Cambodia in Indo-China to Siam. The French government at Vichy accepted the settlement under Duress, but French governments since the liberation have indicated a desire to reopen the question.)

New Daughter Can't Scare A Commando

PITTSBURGH, May 27 (AP)—Charles E. (Commando) Kelly taking things in stride today as the proud father of a six-pound, nine-ounce daughter.

"I have never worried in my whole life," observed the Congressional Medal of Honor winner, adding that he had wanted a boy but was "satisfied with a girl."

There are three major gifts inside each person, he listed, terming these 1) the gift of faith or the ability to yield one's life to God to be led in any direction; 2) the gift of influence or the ability of each person to affect lives of others by any decision he may make; and 3) the gift of im-

mortality or the ambition to live on after life in this medium.

He also brought out to the young people that the older members of the community were always ready and willing to help them.

W. C. Blankenship, superintendent of schools, presided at the service.

Rev. W. R. Hutchings, pastor of the Assembly of God, pronounced the invocation; Rev. P. D. O'Brien gave the benediction. Rev. W. L. Porterfield read the scripture from Second Timothy, from which the title of the sermon was taken. Special music was provided by Mable Smith singing "Consider And Hear Me," and the girls glee club singing "God Of All Nature." Jean Ellen Chowns played both the processional and recessional.

There were three major gifts inside each person, he listed, terming these 1) the gift of faith or the ability to yield one's life to God to be led in any direction; 2) the gift of influence or the ability of each person to affect lives of others by any decision he may make; and 3) the gift of im-

price boosts seen on milk and butter

WASHINGTON, May 27 (AP)—The government is on the verge of letting prices go up a cent a quart for milk and 10 to 12 cents a pound for butter.

Disclosing this today, officials who withheld use of their names, said also that cheese will cost about 5 cents a pound more.

Strike Still On

VANCOUVER, B. C., May 27 (AP)—Renewed efforts to effect a settlement in the 12-day old strike of 35,000 British Columbia loggers and sawmill workers are scheduled to begin at 2 p. m. today following Saturday's collapse of negotiations under government appointed mediator, Chief Justice Gordon M. Sloan.

tion of Italian colonies or on the matter of Italian reparations.

"On the question of former Italian colonies, it was particularly obvious that American and British delegations usually acted on previous agreement, although this ran counter to the lawful interests of other countries," he said.

"In the question of reparations, we encountered again an Anglo-American bloc which, here, too, did not wage an 'offensive for peace' but an offensive against the Soviet Union."

The foreign minister's statements were contained in a review of the Paris conference, published in Pravda and broadcast over the Moscow radio.

"It transpired that the so-called 'offensive for peace' proclaimed in certain American circles is sometimes merely expressed in a desire to impose the will of two governments on the government of a third state," Molotov said.

"Having formed a bloc in their desire to impose their will upon the Soviet Union, the American and British delegations did not wish to reckon with the most legitimate wishes of the Soviet Union and frustrated the possibility of an agreed decision on reparations as well," he said.

"Certainly no self-respecting Allied state will allow the will of another state to be imposed upon it," Molotov continued.

"The Soviet Union is just one of such states."

"Stir Up The Gift Within You," Smith Tells Seniors In Sermon

"Each person has a gift within him that is peculiar to himself," Rev. Clyde Smith reminded graduating seniors, their families and friends at the annual baccalaureate.

This gift, he continued in his talk on "Stir Up The Gift Within You," is a natural gift, born with the person, but it needs stirring or developing to reach its fruition, whether it is an aptitude for mechanics, music or housekeeping.

There are three major gifts inside each person, he listed, terming these 1) the gift of faith or the ability to yield one's life to God to be led in any direction; 2) the gift of influence or the ability of each person to affect lives of others by any decision he may make; and 3) the gift of im-

Court Decides Vets Don't Have Super-Seniority

WASHINGTON, May 27 (AP)—The supreme court today decided veterans do not have "super-seniority" rights to their prewar jobs.

The decision came on a suit by Abraham Fishgold, a Brooklyn welder and war veteran. He contended that under the selective service act, he was entitled to regular work for one year on his old job with the Sullivan Drydock and Repair corporation—even though that would require laying off a non-veteran worker with greater seniority.

Justice Douglas delivered the court's 6-1 decision. Justice Black wrote a dissent. Justice Jackson took no part.

The justice department appealed on behalf of Fishgold contending that congress intended a veteran to have unlimited right to one year's reemployment at his old job, regardless of seniority or greater skill of other workers who did not go into the service.

The AIO Marine and Shipbuilding Workers Union said such a view of the act would cause conflict with union bargaining contracts based on seniority and would "upset the whole fabric of industrial relations."

Jaycees Plan Charter Night

Charter night will be observed by the Junior chamber of commerce Monday, June 3, 7:30 p. m. at the Settles, Bill Co. president, announced at the meeting Monday noon.

Delegates from several surrounding cities will be here for the occasion, he said. The event is to be a "ladies night" affair.

Speaker for the meeting was Rev. H. C. Smith who said he felt that the public should have an attitude of friendliness toward police.

"We should be grateful to them (for protection) rather than afraid," he said. "If we are to have a good and better city, we must have a clean city."

He alluded to rumors of divergent attitudes toward the police set-up and recalled that pastors had, on the basis of an examination of records, endorsed the work. The entire matter, he continued, was somewhat new and unfamiliar to him, but he expressed the belief that "substantial people can iron out matters if needs be in a dispassionate manner."

Frank Wentz was program chairman, and Jack Thompson was named chairman for the month of June.

Five Persons Hurt As Train Derails

LITTLE ROCK, May 27 (AP)—Five persons were injured slightly as the "Rocket," east-bound streamliner of the Rock Island lines, was derailed four miles east of Carlisle, Lonoke county, Ark., early today.

Rock Island officials at Little Rock said the derailment was caused by a broken rail. Six cars left the train but none overturned.

The train carried 70 passengers. The accident occurred about 5:45 a. m., less than an hour after the train, en route from Amarillo, Tex., to Memphis, had left Little Rock. Only the engine and the front wheels of the baggage car remained on the tracks.

Passengers were moved into Memphis on buses dispatched from Little Rock by the railroad. Trucker crews were clearing the tracks this morning, and Rock Island officials said the line would be open by midafternoon.

Forsan Tests Mettle Of Big Spring Motor At 9 o'Clock

Bredemeyer-Lowe Hill Duel Looms, Fordmen Need Win

Forsan's Couden Pipelners will be all set to smash the title hopes of Big Spring Motor in tonight's Mundy softball league clash at city park.

The test, booked for 9 o'clock, pits two of the better pitchers of the circuit against each other.

The Motorists lead with their ace of aces, Glenn Bredemeyer, who last week shacked the Couden Oilers with two hits.

The Pipelners counter with Johnny Lowe, recently recruited from Sterling City.

The Pipelners appear to have the more power-laden lineup but the Fordmen's hustle and pitching may more than make up the difference.

Charley Teague's Motorists have won four of five games in circuit play to date, the Pipelners four of six.

Tonight's 7:30 go finds Big Spring Hardware in action against H. M. Rowe's Howard County Implement company. The Spartans have recently added pitching strength in Johnny Daylong and should gain the edge.

Panthers, Rebs Split As Record Crowd Looks On

By the Associated Press
Top ranking teams of the Texas league split double headers yesterday to furnish sport fans plenty of baseball but no change in league positions.

The league's top team, Fort Worth Cats, necked-and-necked a 4-3 and 3-4 thriller with the second place Dallas Rebels. An overflow crowd of 10,601 in the Dallas stadium was estimated as the largest in the circuit since 1939.

Third place Tulsa took a 7-5 off Oklahoma City, then gave back a 1-6 in the second game. San Antonio shared 10-3 and 2-4 with Houston. Beaumont took Shreveport 10-0 in a single game.

The Dallas-Fort Worth fracas featured the Cats all the way in the first eight innings of the first game. The Rebels scored three runs in the ninth to threaten. In the nightcap the Dallasites came from behind to tie in the sixth, then ran in the winning run with two out in the seventh.

Tulsa rode high in the opener against the Oklahoma Indians, but were held scoreless until the seventh in the second game by pitcher Leonard Gilmore.

San Antonio rapped out 17 hits to take the Houston Buffs in the first game. In the afterpiece they ruined a couple of chances to repeat with faulty base work.

IS GETTING UP NIGHTS GETTING YOU DOWN?

Thousands say famous doctor's discovery gives blessed relief from irritation of the bladder caused by excess acidity in the urine.

Why suffer needlessly from backaches, run-downs, feeling from excess acidity in the urine? Just try DR. KILMER'S SWAMP ROOT, the renowned herbal medicine. SWAMP ROOT acts fast on the kidneys to promote the flow of urine and remove troublesome excess acidity. Originally created by a practicing physician, Dr. Kilmer's is a carefully blended combination of 16 herbs, roots, vegetables, balsams. Absolutely nothing harsh or habit-forming in this pure, scientific preparation. Just good ingredients that quickly act on the kidneys to increase the flow of urine and ease discomforts of bladder irritation. All druggists sell Swamp Root.

Seitz, Fulenwider Hit Homers As Oilers Win

Garland Limits Lobos To Seven Blows, Breezes In

LAMESA, May 27.—Pampa's Oilers pounded out an 8-run lead in the first two innings here Sunday afternoon, and Lefty Bill Garland held the Lamesa Lobos well in check on 7 hits as the Oilers copped an easy 12 to 5 win in the series opener.

A Sunday gathering of 1254 fans watched the Pampans punnel left-hander Muley Toten and right-hander Spangler out of the box in a hurry. John Gray came in to pitch the last 7 and 1-3 innings, holding the Oilers to 8 runs and 9 hits, but the heavy damage had been done.

Manager Seitz hit a home run in the first frame with one on, and Emmett Fulenwider clouted a four-bagger with two aboard to finish a 7-run outburst in the second.

The Lobos tallied once in the second on Sturdivant's double to center and Martin's fly to center.

Barons Defeat Hobbs Baseball Team, 9-7

Frank Miller's Barons defeated a baseball contingent from Hobbs, N. M., 9-7 in a game played yesterday at North Ward school.

Catcher Frank Merritt and Pitcher Harry Dooley made two home runs, responsible for the Barons' victory.

Dooley, Miller has announced, left for Albuquerque, N. M., this morning to try out with the Fortland Tigers. Should he make the grade, he would be playing in the same league as Jesse Owens, Miller said.

LOOKING 'EM OVER

There'll be something like \$50,875 in prize money handed out at the mammoth Chicago show this year, which is a lot of mopus, even in these times.

Genial George can create more interest in his hobby than a Salvador Dali. This year he's offering 15.4 percent additional prize money for the scoring professional who will wear a number.

The PGA tried to get the boys to ankle around the courses with identification numerals on their backs last year, the same as baseball and football players use, but the pros threatened secession from the union.

Tigers Beaten In San Angelo Setto, 6-1

SAN ANGELO, May 27.—Archie Morris, recruited from Goodfellow Field, pitched and batted the San Angelo Independents to a 6-1 baseball victory over the Big Spring Tigers here Sunday afternoon.

Morris, who hails from Abilene, rattoned out nine hits. Gonzalo Arista's triple followed by Nobes' bad throw to third beat the Angelo tricer out of a shutout.

The soldier hit for the circuit in the first round after S. Guerrero was grazed by a pitched ball and Elias Gamboa misjudged J. Guerrero's long fly in center field.

Angelo tallied three unearned runs in the second stanza to ice the decision.

LOOKING 'EM OVER

George S. May, who deals in business engineering 51 weeks a year and fiddles around with a little golf tournament he cooked up and called the Tam O'Shanter taffy-pull, the other seven days, sends out a brochure this year to show that the July 25-28 rhubarb has lost none of its lustre.

There'll be something like \$50,875 in prize money handed out at the mammoth Chicago show this year, which is a lot of mopus, even in these times.

Genial George can create more interest in his hobby than a Salvador Dali. This year he's offering 15.4 percent additional prize money for the scoring professional who will wear a number.

The PGA tried to get the boys to ankle around the courses with identification numerals on their backs last year, the same as baseball and football players use, but the pros threatened secession from the union.

Now Mays is suggesting they do it, using added sugar as a lure. For example, the front running linksman, if he dons a number, reaps \$10,500 in prize money. If he turns "thumbs down" on the proffered numeral, his net will be but \$9,082.50.

The tournament won't be run on an Open basis this year. Instead, pros and amateurs will play in separate tournaments. The women entries, however, will compete in an Open show.

No less than 50 of the men pros will share in the cash awards; incidentally, proffered premiums (with numbers) range down to \$150. In addition, there'll be special prizes.

Pro breaking the course record (68) draws down \$1000. Player closest to the pin at 18th with second shot on Thursday, July 25, drags in \$100. The same money awarded for a like feat on the 28th, 27th and 28th.

A special prize of \$100 in Saving Stamps goes to any amateur who shatters the amateur course record of 67. The front-running simon-pure earns \$97.50 in stamps and a medal.

The entry fee being charged the boys will help pay the freight. The pros price is \$42.50, the male amateurs \$20, the female \$20, and the women amateurs \$10.

Pat Stasey is back in town after working out for seven days.

Senators Breathing On Necks Of Yanks, Former GI Mickey Vernon Mace Leader

By The Associated Press
Those amazing Washington Senators practically are breathing on the necks of the second place New York Yankees and have closed within 7 1/2 games of Boston's American league leaders.

Overshadowed by the Red Sox with their spectacular early-season 15-game winning streak, the Nats, after a dismal start, kept pecking away and since May 12 have won 10 of their last 12 games to climb from deep in the second division to third place.

Spearheading the Nats' advance has been their GI first baseman, Mickey Vernon. Vernon remained on the Senators' roster only because, as a returning veteran, he was entitled to a 30-day trial.

Meantime Manager Oast Bluege used Jack Sanford and Joe Kuhel at the initial sack. Then Bluege experimented with Vernon, and once in the lineup hits began flying off Mickey's bat with astonishing regularity.

The Marcus Hook, Pa., boy currently is leading all major league hitters with a .405 batting mark and has hit in 22 consecutive games.

Vernon collected three of the Nate eight hits yesterday, including his fourth home run, to pace Washington to a 3-2 triumph over the Philadelphia A's in a doubleheader.

The Red Sox, aided by Tex Hughson's masterful pitching, gained an even split with the Yankees Sunday for a 2-1 game edge in the "crucial" weekend series.

Hughson blanked the Yankees with three hits in the opener to shade Floyd Boveas, 1-0. Home runs by Joe DiMaggio and Phil Rizzuto, the latter with one on, gave the Yanks the nightcap, 4-1.

Those dashing Dodgers extended their latest win streak to seven straight by sweeping both ends of a double header from the Phils in Philadelphia 5-4 and 6-2. The twin triumph, together with the St. Louis Cards split in Cincinnati, increased the Dodgers' first place lead to two and a half games.

Cincinnati came from behind to defeat the Cards 5-4 after the Redbirds had won the opener 4-3.

The Chicago White Sox celebrated Teddy Lyons' debut as a big league manager by trimming the Detroit Tigers twice 3-1 and

Tate-Drake Ceremony Performed Saturday

Mr. and Mrs. F. G. Drake of Colorado City announce the marriage of their daughter, Cornelia, to Gary Tate of Big Spring.

The double ring ceremony was performed Saturday evening in the home of Billie True in Abilene by Prof. James F. Cox of Abilene Christian college.

For the ceremony the bride was dressed in a street length white dress. All of her accessories were in white, and she carried a bouquet of blue carnations. Eva Woodell attended the bride, and best man was Berwyn Tate, brother of the bridegroom. Following the ceremony the couple was honored at a supper in Abilene. Other than the bride party Onda Nell Tate was the only person attending the ceremony. Mrs. Tate is a graduate of Colorado City high school, and is now business manager of the telephone office there.

Tate, son of Mr. and Mrs. A. H.

Tate of Big Spring, was graduated from Big Spring high school in 1941. He served in the Army for three years, spending two years in India. He received his discharge in December. He is now a telegraph operator in Colorado City.

The couple will make a wedding trip to Carlsbad, N. M. Mr. and Mrs. Tate are making their home at 502 Walnut street in Colorado City.

Sub-Debs Honored At Buffet Supper By Mrs. Talbot

The Sub-Deb club was entertained by Mrs. C. E. Talbot in her home Friday at a buffet supper. Attending were Mary Louise Davis, Anna Clair Waters, Jean Ellen Chowns, Nina Curry, Patsy Ann Tompkins, Betty Lou McGinnis, Helon Blount, Patsy Sue McDaniel, Mary Nell Cook, Bobbie June Bobb, Billie Jean Younger, Luan Wear, Melba Dean Anderson and Beverly Ann Stulting.

Workmen Clearing Wreck From Tracks

BROWNWOOD, May 27. (AP) — Workmen are busy clearing the wreckage of 23 cars of a 39-car Santa Fe freight train which overturned 12 miles northeast of Brownwood yesterday morning. None of the train crew was injured.

Railroad officials estimated it would take four days to clear the wreckage and rebuild 900 feet of track and a 92-foot railroad bridge damaged in the accident.

The train, second to leave Brownwood after the strike settlement, was en route to Fort Worth. The locomotive, nine cars at the front of the train, and seven cars at the rear of the train remained on the track.

TO FORM NEW GOVERNMENT
THE HAGUE, May 27. (AP) — Queen Wilhelmina today invited Dr. Louis Joseph Maria Beel, a leader of the Catholic peoples party, to form a new government of the Netherlands following recent elections.

Local Churches Plan Vacation Bible Schools During June For Young People

During June the various local churches will get their vacation Bible schools underway offering instruction in Bible studies, handicraft and singing, and emphasizing planned play.

Presbyterian, First Baptist and East Fourth Street Baptist churches each will begin a Bible school on June 3 which will last until June 14.

Ernest Hock will act as principal for the entire school at First Baptist, and will be assisted by Mrs. Marie Haines, cradle roll; Mrs. J. O. Skiles, beginners; Mrs.

Ernest Hock, juniors; and Mrs. P. D. O'Brien, intermediates. The program will begin at 9 a. m. and continue until 12. In every department an offering will be collected to be used in establishing similar Bible schools in smaller churches. Mrs. Milton Meyer will be the storyteller for the general assembly to be held each morning. Mrs. C. W. Norman will be the pianist, and Mrs. Roy Rogan will be the school secretary.

George McLellan will direct the school at East Fourth Street church which will include children from 4 to 16 years. The staff includes Mrs. Wayne Johnston, beginners; Mrs. B. D. Rice, primary; Mrs. L. Knightstep, juniors; and Mrs. Bill Bostick, intermediates. Lex James will be the pianist.

Beginning at 8:30 a. m. and adjourning at 11:30 a. m., the activities will include character stories, Bible stories, handicraft and recreation.

The First Presbyterian Bible school will be directed by Elizabeth Akers and is planned to begin on June 3. The teaching staff heads include Mrs. Marvin Miller, Mrs. J. M. Woodall, Sally Norton and Agnes Curry.

Lessons, handbook and motion pictures will be featured at the sessions which will begin each morning at 9 a. m.

Plans are still being made by workers in the First Methodist church youth departments for their Bible school which has been scheduled for June 17-28. Mrs. H. N. Robinson is general chairman of the school which will include classes for kindergarten, primary and junior children. Lessons and entertainment will be included in arrangements.

Funeral To Be Held For Oil Supervisor

Abilene, May 27. (AP) — Funeral will be held here today for John E. McKenzie, 63, district oil and gas supervisor of the state railroad commission, who died in a hospital here yesterday of a heart ailment.

McKenzie came to Abilene 22 years ago from Hillsboro. He was a former Hill county tax assessor-collector. He was a trustee of Abilene Christian College 27 years and served three years as board president.

Stamford Horse Show, Reunion Scheduled

STAMFORD, May 27.—Official show of the American Quarter Horse association will be held June 2-3-4 in connection with the Texas Cowboy Reunion.

John C. Burns, executive secretary of the association, has met with reunion officials to work out prize lists and plans. A record entry list is expected. Wild Bill Elliott, movie star and quarter horse enthusiast, is due to attend the show again this year.

Garbage Pick Up For Colorado City

COLORADO CITY, May 27.—Using trucks purchased recently from a surplus commodities sale held by the army, Colorado City employees will launch a regular trash and garbage pickup in the business section of the town, beginning Monday, June 3, it has been announced by Mayor Charles Brazill. No city pickup of garbage has been in effect and merchants have had trash hauled away by individual contract with truck or team.

A recent survey among householders here to ascertain what is being paid for trash disposal was made preparatory to the town's move to extend the garbage pickup plan to all residential sections also. Permission to include an added sanitation bill with the present sanitation and water bill will be sought by city fathers, the mayor said.

B And P W Closes Amarillo Convention

AMARILLO, May 27. (AP) — The 1947 convention of the Texas Federation of Business and Professional Women's clubs will be held in San Antonio, delegates of the federation decided here yesterday.

The meeting was attended by 400 representatives of 66 Texas clubs. The incoming president is Edna Hoffman of Houston.

REDS TO SUPPLY POLES
LONDON, May 27. (AP) — The Moscow radio said today that Russia will supply Poland with arms and munitions on a long term credit basis in view of the "difficulties encountered by the Polish government in getting back Polish gold reserves which were placed in foreign banks before and during the war."

Lubbock NAA Plans Three-Point Air Show

LUBBOCK, May 27.—The Lubbock chapter of the National Aeronautics association, is to sponsor a three-point air show here June 23 at 10 a. m.

The program will consist of a display of new models of private aircraft, a model airplane show and a flying exhibition by the AAF, said Virgil Musick, head of the local NAA chapter.

John C. Burns, executive secretary of the association, has met with reunion officials to work out prize lists and plans. A record entry list is expected. Wild Bill Elliott, movie star and quarter horse enthusiast, is due to attend the show again this year.

Garbage Pick Up For Colorado City

COLORADO CITY, May 27.—Using trucks purchased recently from a surplus commodities sale held by the army, Colorado City employees will launch a regular trash and garbage pickup in the business section of the town, beginning Monday, June 3, it has been announced by Mayor Charles Brazill. No city pickup of garbage has been in effect and merchants have had trash hauled away by individual contract with truck or team.

A recent survey among householders here to ascertain what is being paid for trash disposal was made preparatory to the town's move to extend the garbage pickup plan to all residential sections also. Permission to include an added sanitation bill with the present sanitation and water bill will be sought by city fathers, the mayor said.

B And P W Closes Amarillo Convention

AMARILLO, May 27. (AP) — The 1947 convention of the Texas Federation of Business and Professional Women's clubs will be held in San Antonio, delegates of the federation decided here yesterday.

The meeting was attended by 400 representatives of 66 Texas clubs. The incoming president is Edna Hoffman of Houston.

REDS TO SUPPLY POLES
LONDON, May 27. (AP) — The Moscow radio said today that Russia will supply Poland with arms and munitions on a long term credit basis in view of the "difficulties encountered by the Polish government in getting back Polish gold reserves which were placed in foreign banks before and during the war."

Lubbock NAA Plans Three-Point Air Show

LUBBOCK, May 27.—The Lubbock chapter of the National Aeronautics association, is to sponsor a three-point air show here June 23 at 10 a. m.

The program will consist of a display of new models of private aircraft, a model airplane show and a flying exhibition by the AAF, said Virgil Musick, head of the local NAA chapter.

Scouts Attend Summer Camp At Sweetwater

Buffalo Trail Council of Boy Scouts launch a summer camping program today at Sweetwater with a full week's encampment on schedule. H. D. Norris, local scout executive has announced.

Due to a conflict with high school commencement exercises, only three boys from Big Spring planned to attend the Sweetwater event. They are Harold Berry, Reed Collins and Billy Raymond Lawson.

The Sweetwater encampment originally was scheduled to open on June 3, but was changed because of conflict with vacation Bible schools in the churches.

June 18-19-20 have been set for day camping activities for local cubs in city park. All cubs in Howard county are eligible to attend. Activities will be conducted each day from 9 a. m. to 5 p. m. except for the last day when cubs and their dads will spend the entire night in the park. Daily programs will feature softball games, horseshoe and washer pitching, field meets, swimming periods, handcraft and requirements for advancement.

The committee on arrangements includes Bill Sheppard, transportation and swimming; Elton Taylor, food; C. V. Warren and Tommy Farquhar, directors; W. D. Berry and Arnold Seydler, tents; and H. D. Norris, boy scouts.

Pete Hardeman will serve as cook. Each cub will be required to bring his own eating utensils, and complete facilities for sterilizing after each meal will be available. Details for the event were mapped at a meeting of cub leaders, called by D. M. McKinney, cubbing commissioner, last week.

Parents will be invited to eat with the cubs on the night of June 20. Camp Fawcett will be opened for scouts in this area on July 9, which will complete activities for the first half of summer.

Mr. and Mrs. R. T. Piner and Mr. and Mrs. Morris Patterson have gone to Waco where they will attend graduation exercises of Robbie Piner who will receive her degree from Baylor university.

Memorial Services Conducted For Capt. James Freeman

Memorial services were held Sunday for Capt. James Freeman during morning services at the First Methodist church.

Officially declared dead on Feb. 2, Capt. Freeman was missing from a routine flight in the Pacific in September, 1945. He received his training in Midland, was instructor in Big Spring, and later served in San Angelo. He is survived by his widow, the former Kathleen Underwood.

Rev. H. Clyde Smith read the brief obituary and a girls quartet, composed of Mable Smith, Joyce Howard, Janis Yates and Marilyn Keaton, sang "Whispering Hope."

Mount Zion Baptists To Remodel Church

Officials of the Mount Zion Baptist church here have announced plans for remodeling their building and moving to new lots now being arranged.

The church building now is located at 1000 Lancaster street. The public is being asked to contribute to a fund raising campaign now underway, with all proceeds to be used in the remodeling and moving project. Contributions may be submitted to Rev. W. W. Pettus, 100 Lancaster.

Mr. and Mrs. W. J. Garrett had as their week end guests Mrs. Garrett's mother, Mrs. W. H. Bell, her sisters, Mrs. Freeman Clark, Mrs. Allie Bilbo, Mr. and Mrs. Marcus Turner, and niece, Jeanette and Peggy Bilbo, all of Robert Lee.

MUFTI
REPAIR FURNITURE WITH MAJOR'S CEMENT

Removes many spots from dresses, suits, gloves, clothing, etc., made from a variety of fabrics.

Each cub will be required to bring his own eating utensils, and complete facilities for sterilizing after each meal will be available. Details for the event were mapped at a meeting of cub leaders, called by D. M. McKinney, cubbing commissioner, last week.

Parents will be invited to eat with the cubs on the night of June 20. Camp Fawcett will be opened for scouts in this area on July 9, which will complete activities for the first half of summer.

Mr. and Mrs. R. T. Piner and Mr. and Mrs. Morris Patterson have gone to Waco where they will attend graduation exercises of Robbie Piner who will receive her degree from Baylor university.

Basic Problem Yet To Be Solved

It is perhaps too early to appraise fully the implications and the effects of the rail strike settlement and the measure rushed through the house and now in the senate to give the president broad emergency powers in dealing with strikebound basic emergencies.

The most important fact is that the railroads are now back in operation and vital transportation is now moving again. And although there is a lot of mumbling, we believe that most folks are glad, even to A. F. Whitney and Alvaney Johnston, heads of the striking brotherhoods.

Whitney, if he was the guiding light behind the move as many give him credit, may have found himself on ground from which he could not graciously retreat. He may even have felt that an actual demonstration would carry the point, but if this were in his mind, he was too correct. He misgauged the public temper. The coal strike already had strained matters. As a result an emergency measure was started on a whirlwind course through congress.

While the bill may be effective in preventing complete production loss as in the case

of basic industries, transportation, communications, it must not be considered as a long range solution. In fact, the president pointed to the need of legislation looking toward a clearer over-all labor policy. The president also cautioned that orderly negotiations between management and labor, as private institutions, should be maintained, and the law itself is set up strictly as an emergency measure.

It is in the public interest that steps are being taken to insure that work stoppages will not be allowed to cripple the national (and even international) economy.

What is equally important, in the long run, is that there be an equitable means of negotiating and settling management-labor difficulties. Temporizing sometimes is helpful, but usually, it is not satisfactory for settlement. The problem now is in charting a course which will obviate the necessity of government seizure of industries. Unless this is done, either side can throw industry into government hands virtually at will. Thus, the cherished system of free enterprise, to which millions at least pay lip service, will be dealt serious impairment.

SELF DEFENSE IS ONE THING

Broadway—Jack O'Brian

FDR Wore Trick Ties

NEW YORK—I dropped into a fashionable Fifth Avenue tie and shirt salon and chatted for a bit with William A. Fitzgerald, the store's vice-president, about the late President Roosevelt's famed bow ties.

FDR became a regular at the store, Sulka's, through Justice Sam Rosenman. The late President liked bow ties best but was a bit impatient, tying them with the result that they would bind his large, strong neck, so much so that they frequently went bust. Sam Rosenman took FDR's tie problem to Bill Fitzgerald, who suggested the new ready-made clip-on design, and Judge Rosenman bought a dozen to try. They proved just the thing for the President's sartorial impatience, and thereafter he seldom wore any other sort.

how they match shirts, socks and suits. Gary Cooper is a pajama customer mostly. Mr. Fitz doesn't remember him buying a tie, ever. Toots Shor's taste is simple: The louder the better, but they must match his suits and shirts.

Walter Winchell is a conservative guy usually, but Lucius Beebe runs the gamut almost completely from the stiffest conservative grays and black-and-whites to some real circus affairs. Ward Canaday, of the Willys-Overland company which makes Jeeps, sent photographs of his tiny, sturdy puddle jumpers and hundreds of ties were designed with a simple Jeep motif, which made Jimmie's friends.

Frank Sinatra came in himself and designed the new, soft-silk, floppy bow ties he now is affecting. I asked Mr. Fitz how he liked them, but he wouldn't say. "If Frank likes them it's all right with me," he said.

Colorado City Sells Bonds To Syndicate

COLORADO CITY, May 27. — (Sp) — Colorado City officials announced Saturday the sale of \$325,000 worth of bonds at an interest cost of 1.68. The bonds were overwhelmingly voted in a recent city bond election calling for that amount to be expended for water, sewer, and street improvements.

Purchaser of the bonds was a syndicate composed of three San Antonio bond companies: First Texas; Roe and Company, and Rauson-Davidson Bond Company. Between 1947 and 1951 the bonds will reach maturity at 3% interest. From 1952 through 1966 interest will be computed at 1.75% interest.

MacKenzie's Column—

Rail Settlement Good For Abroad

By DEWITT MACKENZIE

Looking at our national railway strike from the standpoint of repercussions abroad, it is fortunate that it terminated so quickly because a protracted tie-up might have had a gravity adverse effect on our prestige at a critical moment in the world's post-war rehabilitation.

Our way of life is on trial in a big way in the eastern hemisphere. War shattered countries of Europe are torn between communistic totalitarianism and western democracy.

The picture of the great United States crippled by a rail strike

would make hot propaganda for those who are opposed to our form of government and economy—the sort of thing which might be used, for example, in such a general election as France is holding in a few days.

Then, too, Uncle Sam's prestige is a vital matter in the occupied countries. In Germany the nazified portion of the population is left for weak spots in the armor of the occupation contingent.

Had the strike continued it would have produced another situation which might have affected America's standing throughout the eastern hemisphere, and that is in the way of delivering food to the millions who are starving. However, with the strike ended Secretary of Agriculture Ander-

son says that the United States will set a world record for food relief shipments in the next five weeks.

"Since hungry people think of their stomachs, there is small doubt that many countries which are suffering from a shortage of food are going to judge Uncle Sam in terms of the bread which he provides for them in this emergency. The critical period, of course, is in the immediate future before the new crops are available abroad. Secretary Anderson's 400,000,000 bushels of wheat will help take care of that.

Last but not least, the foreign policy of the United States has stiffened to marked degree recently. That needs back of it all the prestige of a united country.

Interpreting The News—James D. White

Deep Tides Sway China

By JAMES D. WHITE

SAN FRANCISCO, May 27 (AP)—Strong, deep tides sway China, first toward peace, then back toward civil war.

Here's a thumbnail list of the main currents, compiled from recent AP dispatches from China. Toward peace:

1. War exhaustion, the prospect

of peaceful prosperity, the confucian impulse toward compromise and away from violence.

2. Realization on both sides, left alone, neither can win decisively.
3. American mediation efforts, personified by General Marshall.

One Chinese paper says that if he can't bring peace, no one can. Toward civil war:

1. Historic—the present communist-Kuomintang deadlock dates from 1927. It has been relayed at times but never resolved.
2. Geographic—the Kuomintang government generally controls the south, where it is at home. The communists mostly are native to the north where they are entrenched. They threaten the Kuomintang salient into the north, just as they always have.
3. Economic—the almost universal, frightful poverty of China is a source of communist strength. Much support for the government comes from elements who have fought general improvement.
4. External—the communists are backed up against Soviet Russia. The Nanking government depends on the United States. Neither Chinese faction, in safeguarding its own future, can ignore world trends.

Election Called

COLORADO CITY, May 27. — (Sp) — A city election for the purpose of electing an alderman to fill the unexpired term of Albert B. Erwin has been called by city officials here for June 7. Erwin resigned this week because of ill health. No candidates had filed campaign intentions with city Secretary Ford Merritt Saturday morning.

Washington Merry-Go-Round—Draw Pearson

Charging Labor Union As Monopoly

WASHINGTON. — This column is indebted to Judge Thurman Arnold, former assistant attorney general in charge of the anti-trust division, for additional information regarding the important question of bringing labor unions under the Sherman Anti-trust Act.

Judge Arnold, who did more to enforce the anti-trust laws than any one man in history, made four noteworthy attempts to persecute labor unions as monopolies. First and more important was the Hutchinson case, brought against Big Bill Hutchinson, head of the AFL Carpenters Union, now, though not then, an intimate friend of John L. Lewis.

The Anheuser-Busch brewery in St. Louis was erecting a new building, in the course of which some machinery was installed by members of the machinists union. Whereupon, the carpenters objected.

Anheuser-Busch had enjoyed excellent labor relations with all unions, and a contract with the carpenters providing for arbitration. However, the carpenters violated their contract and went on strike to break the machinists.

Result: Anheuser-Busch didn't get their building built, and there was an attempted boycott of Anheuser-Busch beer by the carpenters all over the country. Thurman Arnold construed this as a monopolistic attempt by one union to devour another, and in complete violation of the Sherman Anti-trust Act. He brought a criminal action against the carpenters.

When the suit reached the Supreme Court, however, Justice Felix Frankfurter wrote an opinion which said, in effect, that it was not illegal for one union to strike to kill another.

John L. Lewis's Green Light

This was the green light for every other union wanting to take advantage of it to start monopolistic expansion. It meant that the big union could raid the weak and get away with it. It meant that it could strike against a rival union, with the employer sitting helpless in between; until the smaller union was put out of business or ran for cover.

And once you had huge vertical unions, it meant that one union boss could tie up the entire industry — at times the entire country. Another case brought by Thurman Arnold which made labor history turned round the New Orleans truckers' strike. The National Labor Relations Board had certified a CIO union as the recognized union to be dealt with by the New Orleans Truckers Association. But when the Truckers Association faithfully tried to carry out the NLRB order, the AFL teamsters boycotted their trucks and refused to let them do business with New Orleans warehouses.

Again Arnold brought criminal action. Again the Supreme Court turned him down. Effect of this turnaround was to make it impossible for the National Labor Relations Board to carry out its own rulings. If a rival union didn't like the ruling and wanted to put the union designated by the NLRB out of business, the Supreme Court ruled that it was legal to do so.

This was another milestone in the monopolistic march by which strong unions got stronger, weak unions got weaker, and labor leaders were built up to a position where they could dominate the country.

Chicago Hod Carriers

Another Arnold labor case was against the hod carriers in Chicago. They had struck because concrete mixers were used on Chicago building construction. Arnold believed that much of the housing shortage and the high cost of home building was based upon the building trades unions. So he brought suit against the hod carriers.

Again the Supreme Court ruled against him. There was also the Pettillo case, Music Cesar Pettillo had been conspiring with radio networks against independent radio stations. He had been keeping high school musical programs off the air and he had been refusing to let his musicians work for certain independent broadcasters.

Again Judge Arnold challenged this as a monopoly, especially the angle that Pettillo was cooperating with the networks. But again the Supreme Court ruled otherwise.

This further strengthened union monopoly. It meant that no musician could exist, or in fact any radio station, if either challenged Pettillo's power. It meant that when Lawrence Tibbett started an independent musician's union it was doomed to failure almost before it started. For under the Supreme Court ruling, Pettillo could close down a radio station merely because it did business with a rival union — and the law would uphold him.

After Frankfurter wrote his decision in the Hutchinson case, the Supreme Court declined to hand down any more written opinions. It merely dismissed the government's case without comment. The court even refused to permit Thurman Arnold to submit a brief or to argue the case.

Congressman Monroney of Oklahoma some time ago introduced a bill placing labor unions under the Sherman act. His bill, if passed, would change completely the court's interpretation; would also block monopolistic control with big unions have over some industries; but would not interfere with legitimate strikes.

However, the labor-baiters who are now yelling so loudly for passage of the Case anti-labor bill gave absolutely no support to the Monroney bill, despite the fact that it has been gathering dust in Congress for months. Furthermore, Judge Arnold approached the US Chamber of Commerce and the National Association of Manufacturers asking for their support. He got nowhere.

At that time, big business — or at least some of its leaders — seemed content to go along with

Wooten's Honor County 4-H Boys With Picnic And Shop-Made Boots

Fifteen Howard county 4-H club boys will receive special recognition for their successful livestock showing season Tuesday night at a picnic in city park to be given as a courtesy of the Wooten Produce company and Universal Mills. The affair will begin at 6 p. m. The boys, whose animals composed the blue ribbon car-load at the annual Southwestern Exposition and Fat Stock Show in Fort Worth, are being awarded prizes by Universal for their achievements. Each has been notified to pick up a pair of shop-made boots at a local cobbler's establishment not later than tonight, and hand some hats for the entire group will be presented at the picnic. The 15 boys include Bobby Powell, Roger Brown, Lloyd Robinson, Perry Walker, Burrell Hull, Wayne White, Ray Echols, Jerry Rogers, David Newton, Jimmy White, James Coates, Louis Lovelace, James Fryar, J. O. Haney and Martin Fryar.

County Agent Durward Lester is receiving a similar award in recognition of his 4-H leadership. Families of the boys have been invited to the picnic, and several representatives of Universal Mills, including E. R. Eudaly and Frank Kelley of Fort Worth and Charlie Lipscomb of Midland will be present. Wooten Produce company, official distributors for Red Chain feeds and other Universal products for the Big Spring area, furnish feed supplies for many 4-H club projects annually. As a result the company can take pride in the numerous blue ribbons won by Howard county boys and girls during the showing season. Wooten's continually offers the most complete line of feeds and related articles available for sale

to farmers and stockmen, and their products have gained a wide reputation. A complete grocery and market, recently installed in the same building now gives their customers an opportunity to fill even more of their shopping needs at Wooten's.

Legionnaires Ask Lumber From Camps

DALLAS, May 27. (AP) — Legionnaires attending the fifth district American Legion convention here yesterday endorsed a petition to Congress to dismantle surplus army camps in Texas to make lumber and building materials available for veterans houses. The convention endorsed Bert Giesecke, Austin, for state department commander. Elections will be held in September.

Banner Company Able To Meet Milk Demands

There's plenty of milk to supply any demand at the present time, W. J. Sheppard, manager of the Banner Creameries, has announced. However, the picture may not be so bright after the summer months.

Local dairymen are supplying 40 per cent of the milk for the creameries with 60 per cent shipped in from other areas. Deliveries are made on retail milk routes three times a week, with anyone now able and encouraged to become a regular customer.

At one time ODT regulations held delivery to three times and the milk shortage restricted the taking on of new customers. Although both of these restrictions have now been removed, Sheppard finds that only three deliveries enable the company to keep the price of milk down as much as a cent a quart.

Milk is easily stored in the ice box or refrigerators every customer has so that it will not spoil between trips and the wear and tear on the dairy trucks is still an expensive item to be considered in figuring price of a commodity. Banner now has a receiving plant at Colorado City to take in milk from the Mitchell county area, which is sent to the plant here for pasteurization and distribution.

With the shortage now as critical as it formerly was, customers are asked to return bottles promptly. For several months glass factories were tied up by strikes and now are hindered by strikes in other industries. For that reason, deliveries of new bottles are slow and far between. Banner also is a major distributor for ice cream and ice in this area.

Two New Polio Cases Reported In State

By the Associated Press
Two new cases of polio have been diagnosed by Texas doctors. San Antonio's 34th case of polio since May 1, a 20-month-old girl, Sharon Billings, was reported yesterday.

Bell county reported its first case in the current epidemic—the 2-1/2 year-old daughter of a Bell county farmer. She was taken to a Dallas hospital.

As the epidemic continued, the city of San Antonio went into its third week of near-quarantine restrictions for persons under 22 years of age. Health officials continued to push the clean-up campaign and the use of DDT spray to combat the disease.

FOR SOUND SLEEP—Big Spring Mattress Factory, 811 W. 3rd, might not be properly classed as a dream factory, but it is an institution devoted to the first essential of dreaming—that of comfort and slumber. The factory is well equipped and well manned for making and renovating mattresses. Not only is it able to do quality work, but a able to give prompt service. (Jack M. Haynes Photo.)

Summer Time For Good Grooming; Modern Cleaners Perk Up Clothes

Summertime is the proving time for good grooming, when the dust and grime are soaked into delicate summer fabrics by perspiration. It takes only the best of dry-cleaning to make the garments perk up and take on original finish and bright color. Such service is provided at the Modern Cleaners at 303 East Third street.

The Modern Cleaners have the best in equipment and most expert in personnel to provide practically perfect service. The Modern workers can take a badly soiled dress of the most delicate fabric, and clean it perfectly with no injury to color or garment. Well-groomed men can take their light-colored summer wardrobe and white suits to Modern Cleaners and be positive of getting a cleaning job which will make them proud and a pressing

Shopping Service Offered To Farmers

Farmer are offered one-stop shopping service for a number of items now at the Wooten Produce company. In addition to their regular produce and feed stocks, they carry a full line of other farm needs, such as insecticides, and maintain a complete grocery and market conveniently located in the same building.

Lake Mead, backed up by Boulder Dam on the Colorado River, is the biggest artificial lake in the world—over 32,000,000 acre feet of water and 115 miles long.

Wooten Produce Has Plenty Of Poultry

Busy housewives who have difficulty in planning menus while shortages of certain foods exist can usually find plenty of poultry products at the Wooten Produce company now. Pointing out that people in the US have been urged to conserve canned goods and other food stuffs easily shipped, poultry and other farm produce can fill vital needs now, when available, the company announced.

In Java it is believed that if a husband will slit the wife's robe with a sharp knife from throat to hem without touching her, she will be freed of the pains of childbirth.

Six Persons Die In Accidents During Weekend

By the Associated Press
Six persons were killed and at least two more injured in plane and automobile accidents and a home fire in Texas over the weekend.

A women pilot and her passenger, Miss Annie Henry of Texas, and Cecil Mayo of Glendale, Calif., were killed yesterday when two planes collided in an air show at the White Rock airport near Dallas.

Several thousand spectators saw Miss Henry's plane and another in a precision flying demonstration collide in the air. Miss Henry's plane crashed near the airport. The other plane landed without injury to the pilot, Miss Mary Baker of El Paso, or her passenger, Melvyn Porter of Fort Worth.

Mrs. Curtis Sturdivant, 40, and her mother, Mrs. Jessie Daugherty, 73, were burned to death when fire swept through their home in Fort Worth early yesterday. Sturdivant, 40, escaped with severe burns on most of his body.

Francis Burch, 31, of Hillsboro, was killed yesterday morning when the automobile in which he was riding overturned near Hillsboro. D. B. Qualls, also riding in the car, was injured.

Francis Cunningham, 45, of San Antonio was found dead yesterday near his overturned car on a road south of Losoya, Texas. An inquest verdict of death due to accidental injuries was returned.

It is impossible for the same horse to win the Kentucky Derby twice, since the race is limited to three-year-olds only.

Scientist Makes Ovary Transfer Between Dogs

NEW HAVEN, Conn., May 27. (AP) — Dr. Leon F. Whitney, disclosing today "the first successful transfer of ovaries between dogs of different breeds," said the experiment "should open the way to similar transplants in other species of animals, and possible human beings."

Writing in Science magazine, a scientific publication, he said: "It affords a way of allowing ovaries of valuable aged animals to continue reproduction instead of perishing with the host. After all, biologically, the animal is only the custodian of the germ plasma contained in her ovaries."

Dr. Whitney, a veterinarian who has contributed frequently to scientific journals and is widely known as a breeder of bloodhounds, declared that "this is the first successful ovarian transplant in the higher animals. It has previously been done from one guinea pig to another and the same with mice."

"The sex behavior of the recipient is in small degree affected by the loss of her own ovaries and the receipt of new ovaries from another breed."

He reported two successful transfers in which the donors were bloodhounds and the recipients foxhounds. The operation has to be performed at a specific time in the sex cycle.

Mr. and Mrs. L. T. Saunders plan to return to their home in Smithville tomorrow after a week's visit here with Mr. and Mrs. J. H. Potter.

Mr. and Mrs. Sonny Edwards will spend the week in Midland where they will attend the Midland rodeo.

"I've managed to conceal Junior from the landlord, dear, but he certainly has a low opinion of you for writing on walls!"

Manhattans Win At Colorado City

COLORADO CITY, May 27. — Breaking out with a rash of base hits in the second inning, the Manhattan softball team of Big Spring went on to decision the White House All-Stars here Sunday afternoon, 7-2.

The Manhattans cleared the barrier by counting a brace of runs, then added four more in the second to clinch the outcome.

Billy Parker paced the Big Springers' attack with a double and two singles. Others participating in the 11-hit attack were Toby Cunningham, who collected a triple and single; Mel Simmons, who had two singles; Jim Ray Smith, Preston Dunbar and Jimmy Daylong.

Daylong limited the foe to two bare blows. The Manhattans registered a triple play in the fourth inning; their second of the campaign. Parker started it by snagging a line drive. He stepped off second base to catch a runner off that bag, then rifled to Cliff Harrison to nip a runner coming down from first.

Dickerson, Bennett To Represent City

Sponsors for two local rodeo events have been announced by the chamber of commerce. Jeanne Dickerson, who recently won third place in total time and two day money awards at the Abilene rodeo, will ride for Big Spring in the Midland rodeo, May 30-June 2. Louise Ann Bennett, who served as sponsor last year in several events, will ride for Big Spring in the Texas Cowboy Reunion at Stamford. Miss Dickerson is a student at Hardin-Simmons University in Abilene and Miss Bennett is a student at Christian college at Columbia, Mo.

Texas Students, Faculty Protest Painter Choice

AUSTIN, May 27 (AP)—A special meeting of the University of Texas faculty Wednesday called today for the specific purpose of "receiving and discussing" the report of the committee of 12 that advised with the board of regents in selecting a president. None of the 12 individuals suggested by the committee for the presidency was selected by the board, when they unanimously named Dr. Theophilus S. Painter as permanent president. Today's announcement of the meeting call was the first public reaction from the faculty. The student assembly Friday informed Dr. Painter it felt a different type of educator should have been named. After Dr. Painter accepted, James Smith of Houston, president of the student body, said no further action would be taken until the faculty's course was indicated. Dr. Milton R. Gutsch, secretary of the faculty, said he had received a petition this morning calling for a general faculty meeting. It had 100 signatures. Five signatures are required under faculty rules to call a special meeting. He said the petition stated also that "pertinent matters" relating to the advisory committee's report would be discussed. Dr. Painter was named acting president after Dr. Homer P. Rainey was discharged as president Nov. 1, 1944. At that time, he said he was not interested in the permanent presidency, and would not accept the presidency if it were offered him. The regents highly praised his services as acting president in naming him permanent president.

US Must Feed World In Next Few Years, USDA Council Says

It now appears reasonably certain that the United States will have to assume the obligation of feeding the masses of Europe and Asia for the next four or five years, according to L. H. Thomas, local head of the USDA Emergency Food council. "This campaign to ship all available food overseas cannot be regarded as temporary," Thomas said. "The situation over there will probably remain critical in one way or another for some time to come. People of Howard county can do their part toward easing the food problem by conserving on all things that use," according to Thomas. Housewives, he said, can save fats and oils and can cut down on the use of bread by serving more potatoes without endangering the attractiveness of their tables. The local council is making plans to lend new emphasis to the home canning season, which is just around the corner. Housewives will be urged to put up as much food as possible for next winter's use.

J. M. Patterson, Veteran News Man, Dies In New York

NEW YORK, May 27 (AP)—Joseph Medill Patterson, 67, founder and president of the New York Daily News, died yesterday in Doctors hospital where he had been under treatment for a liver ailment since May 11.

His body will lie in state today in the Patterson home in Ossining, N. Y. Burial will be in the Arlington, Va., national cemetery on Wednesday.

President of the News Syndicate Co., which publishes the News, Patterson guided his paper until it had achieved the largest circulation in the United States.

He was the eldest member of a publishing triumvirate whose bitter opposition to the foreign policies of President Franklin D. Roosevelt preceding the Second World War provoked violent controversies.

Colorado City Plans Memorial Service

COLORADO CITY, May 27 — With Kenn Eastin, commander of the Pond-Hooker American Legion post, presiding, Colorado City and Mitchell county legionnaires and ex-service men will observe Memorial Day here with a program at the First Methodist church at 6 p. m. next Thursday.

The Rev. R. Y. Bradford, pastor of the First Baptist church and a former lieutenant-colonel in the army, will deliver a memorial address. The invocation will be said by the Rev. Charles B. Brinkley, pastor of the Presbyterian church, the benediction by Rev. Jim Sharp, Methodist pastor. Other program plans include responsive reading of a Psalm; congregational singing, and a solo by Mrs. W. R. Martin of Loraine.

Following the church services memorial decoration services will be conducted at the Colorado cemetery under direction of the Legion auxiliary and the United Daughters of the Confederacy.

Sue Haston Likes Retail Selling

Sue Haston, among the Diversified Occupations graduates this year, has learned to appreciate retail selling as a vocation and will continue in that work.

She started her training in a department store, but is completing it with the Haston Grocery.

At one time she toyed with the idea of changing to beauty culture work, but the more she studied retail selling, the better she liked it. She has found that her work in the DO course has been of great benefit in preparing her to meet and serve the public, she says.

New Class Launched In Retail Selling

A new class of 26 members for the course on "Selling Today's Customer" was launched this morning by Thelma Boone of the University of Texas Extension Training department and the state board of vocational education's distributive training service.

Employees of Hemphill - Wells and Iva's Jewelry compose the new group. Classes are meeting at 8 a. m. each day at the YMCA, and the course will continue for eight days.

At the supervisors' class tonight demonstrations on proper introduction and interviewing of personnel will be conducted by class members. Three more sessions remain in the course.

Heard about June 30th, Joe?

Here's the story. June 30, 1946, is the last day on which you can enlist... or reenlist... in the Regular Army and still be sure of retaining your old grade and family allowance for the duration of your enlistment.

Those are two very important points. First of all, if you have served with the Army and earned a stripe or two, you can enlist within 90 days after discharge and before July 1, 1946, and be sure of keeping your grade.

And if you have a family and dependents, you can enlist before July 1, 1946, and make sure the family allowance will be continued for a 1 1/2, 2, or 3 year enlistment period.

Those hard-earned stripes mean extra pay. Why throw them away? And your family will live comfortably if you enlist now and get the advantage of the family allowance benefit.

So think it over and act today. These two points mean opportunities for advancement and added pay as well as that all-important security for your family. Stop in at your nearest Regular Army Recruiting Station today. They'll give you all the information you want on that very important date... JUNE 30, 1946.

Enlist Now at Your Nearest U. S. Army Recruiting Station
Post Office Building, Big Spring, Texas

Highlights of the Armed Forces Voluntary Recruitment Act

- Enlistments for 1 1/2, 2 or 3 years. (One-year enlistments permitted for men now in the Army with 6 or more months of service.)
- Enlistment age from 18 to 34 years inclusive (17 with parents' consent) except for men now in Army, who may reenlist at any age, and former service men depending on length of service.
- An increase in the reenlistment bonus to \$50 for each year of active service since such bonus was last paid, or since last entry into service, provided reenlistment is within 90 days after last honorable discharge.
- Up to 90 days' paid furlough, depending on length of service, with travel paid to home and return, for men who reenlist within the prescribed time after discharge.
- A thirty-day furlough each year with full pay.
- Mustering-out pay (based upon length of service) to all men who are discharged to reenlist.
- Option to retire at half pay for the rest of your life after 20 years' service—increasing to three-quarters pay after 30 years' service. (Retirement income in grade of Master or First Sergeant up to \$155.25 per month for life.) All previous active federal military service counts toward retirement.
- Benefits under the GI Bill of Rights for men who enlist before October 6, 1946.
- Family allowances for the term of enlistment for dependents of men who enlist or reenlist before July 1, 1946.
- Choice of branch of service and overseas theater (of those still open) on 3-year enlistments.
- Reserve and A.U.S. commissioned officers released from active duty may be enlisted in Grade 1 (Master Sergeant) and retain their reserve commissions, provided they reenlist within the prescribed time.
