

Nations Still Far Apart On Atomic Plan

Soviets Offer Their First Proposal

LAKE SUCCESS, June 12. (AP)—Russia and the western powers were still poles apart today in their views on atomic control, but some United Nations delegates expressed belief that Soviet proposals submitted yesterday at least offered the basis for a new approach to the problem.

While there were no signs that the 11-month deadlock in the U. N. Atomic Energy Commission was any nearer the breaking point, the delegates had before them for the first time a detailed Soviet plan for atomic control.

The plan, unfolded by Soviet Deputy Foreign Minister Andrei A. Gromyko, went to the commission's working committee today for consideration and discussion. It left the fundamental differences between Russia and the majority of the commission unchanged, but the Soviet views were more clearly defined than at any time previous and some delegates expressed hope that perhaps these differences might be reconciled.

The fundamental difference are: 1. The Soviet plan would separate the atomic problem into two parts. The first would be an immediate convention or treaty to outlaw atomic weapons. The second would be a convention or treaty establishing international atomic controls. The majority of the commission favor a single document embracing prohibition and control.

2. The Soviet plan provides only for "recommendations to governments on questions relating to production, stockpiling and use of atomic materials and atomic energy." This would mean placing these matters under national auspices as opposed to the majority opinion that an international agency alone should deal with them.

3. Russia's plan would also provide that the International Control Commission recommend to the Security Council (where the veto exists) action against violators of control agreements. The United States insists that the veto must not be used to prevent violators of atomic crimes from escaping punishment.

Buccaneer Days Start At Corpus

CORPUS CHRISTI, June 12. (AP)—Remember the famous pirate, Jean LaFitte, who operated in the New Orleans area early in the 18th century? Well, he showed up today in Corpus Christi and "captured" the Gulf Coast city.

It wasn't old Jean LaFitte, of course, but it was a reasonable facsimile, with George Jones playing the role of the famous pirate. And he didn't actually take over Corpus Christi by force—the city surrendered willingly to Jones and his crew of 200 so that the "Buccaneer Days" celebration could be formally opened.

"Buccaneer Days" is a three-day event given over to fun and gaiety and which Corpus Christi hopes to develop into a South Texas Mardi Gras. Townsfolk and visitors were apt to run into trouble if they appeared in public without being attired as pirates. A kangaroo court is in operation in the downtown section.

Large Crowds See 4-H Steers

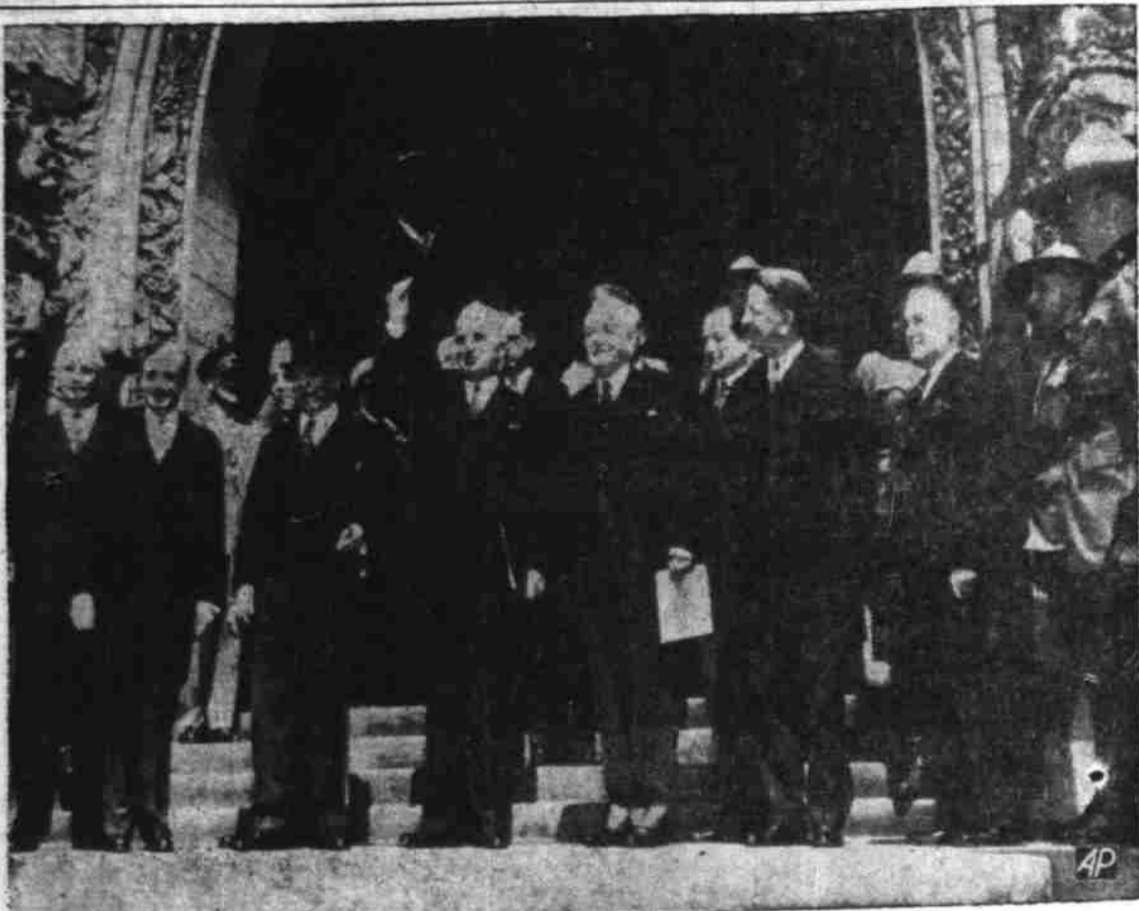

Well over 1,000 persons, representing points over a considerable area of West Texas, witnessed an exhibition of Howard county 4-H club steers at a field day and demonstration program sponsored by the Big Spring Junior Chamber of Commerce at City Park Wednesday.

Visitors from neighboring counties joined local farmers, ranchers and business men and extension service officials at the event, which was the first of its kind ever staged here.

In addition to inspecting more than three-score 4-H club calves on feed for the coming livestock showing season, the visitors witnessed several other demonstrations. Range grass demonstrations were conducted under supervision of the Soil Conservation Service, and methods of dressing animals for showing were demonstrated by club members and adult leaders. There were also exhibitions of wool graders, and ribbons won by 4-H clubbers during the last showing season were displayed.

George W. Barnes, extension service animal husbandman, reviewed the steers, and gave an oral analysis of beef and showing qualities.

The Jaycees served a barbecue luncheon to the club members and visitors during the noon hour.

TRUMAN IN CANADA—In the top photo, President Truman waves his hat as he stands with Canadian Prime Minister MacKenzie King and Canadian senators and members of Parliament.

The prime minister is at the president's right. Lower photo, Mr. Truman inspects a combined guard of honor of the Canadian army and Royal Canadian Air Force at Government House, Ottawa. The president is accompanied by Capt. E. K. Wildfang (right), commanding officer of the honor guard. (AP Wirephotos).

Communist Probe Set For June 23

WASHINGTON, June 12. (AP)—The House Committee on Un-American Activities decided today to start hearings June 23 on what Chairman J. Parnell Thomas (R-N.J.), described as "infiltration of communists into the labor unions."

Witnesses, Thomas announced, will be members of the CIO Electrical Workers Union from Bridgeport, Conn., Schenectady, N. Y., and New York City.

Thomas announced also that the committee unanimously approved a report on the Southern Conference for Human Welfare which will be released to newspapers for publication Sunday.

The committee plans to send several observers to a meeting here Monday, sponsored by the conference, at which Henry Wallace will speak.

The committee in 1944 had reported the Southern Conference was a Communist front organization.

Thomas also announced: 1. Upon recommendation of a subcommittee on Fascism, "there will be instituted an all-inclusive program of investigations and hearings on Fascism." Dates have not been set. Additional members will be added to the committee staff to help on the inquiry.

2. Victor Kravchenko, former Russian Army officer who worked for the Soviet Purchasing Commission in New York, will be heard by the committee on June 26.

Thomas said Kravchenko will "tell us how Communism operates in Russia and what we can expect here under Communism. Kravchenko gave up his job with the Russian government and wrote a book called "I Choose Freedom."

3. Commenting on Wallace's presidential aspirations, the source declared: "Things have not yet jelled to the point where we can make a formal announcement. The people who are doing it are trying to make out as strong a coalition as possible."

12 Million Allotted For Flood Control

WASHINGTON, June 12. (AP)—The house passed and sent to the senate today a \$70,856,257 deficiency appropriation bill after adding \$12,000,000 for emergency flood control work in the midwest and west.

The bill carries a provision permitting federal agencies to incur legal obligations after June 30 of this year if their regular 1948 supply bills have not been enacted when the present fiscal year ends on that day.

FUNDS TRANSFERRED WASHINGTON, June 12. (AP)—A House armed services subcommittee today approved legislation transferring \$1,200,000 earned by war-time conscientious objectors to the United Nations International Children's Emergency fund.

Truman Turns Tourist For A Day In Canada

OTTAWA, Ont., June 12. (AP)—President Truman wound up his trip to Canada with a holiday from starting back to Washington tonight for vital decisions on labor and tax cut legislation.

Turning tourist for a day, the United States chief executive took his official staff for an outing and a view of the Canadian country side around Ottawa.

The whole party planned to attend a luncheon at the exclusive Sejmory Club, 45 miles away. The holiday followed a busy day yesterday in which he brought a cheering Parliament to its feet by declaring that the United States intends to help those nations that want to live in peace with their neighbors without coercion or intimidation.

He went from this ovation to a luncheon at which he toasted Parliament and reminded its members he had "never in my life had a more cordial reception."

The state visit ends tonight when he boards his 11-year special train at 11:05 o'clock for the trip back to Washington via Toronto, Buffalo and Niagara Falls.

The chief executive will view the famous falls from his private car when his train halts for ten minutes at 7:05 A. M. Friday for an operational stop. He is due in Washington at 7:15 P. M. that night.

Rodeo Plans Being Shaped

Plans for setting up sub-committees to handle various arrangements details for the annual Big Spring Rodeo, scheduled for Aug. 6-9, were made at a joint meeting of the rodeo association and the chamber of commerce rodeo committee Wednesday afternoon.

Preliminary arrangements for the event are taking shape, officials said, but the special sub-committees will be needed to handle advertising, the big opening day parade, ticket sales and various other tasks.

Marion Edwards presided at the meeting. Attending were Charles Creighton, chairman of the chamber of commerce rodeo committee; Tom Good, president of the Big Spring rodeo association; Morris Patterson, T. H. McCann, Rufus Stallings, D. D. Douglass, E. W. Lomax, Dale Douglas, Frances Weeg, E. T. O'Daniel, Leland Wallace, Harvey Wooten, R. V. Middleton and Jack Smith.

Radio Licenses

WASHINGTON, June 12. (AP)—The Communications Commission today granted construction permits for these new standard stations:

Top of Texas Broadcasting Co., Amarillo, Tex., 1010 kilo cycle l. e. s., 1000 watts, daytime only.

Texas City Broadcasting Service, Texas City, Tex., 920 kilocycles, 1000 watts, daytime only.

Provided for the Big Spring state hospital. Psychiatrists, under terms of the law, may be physicians who have had "not less than five years experience in treatment of mental diseases."

The salary schedule for the Big Spring state hospital for each year of the biennium follows: Superintendent and medical director, \$5,000; assistant superintendent and clinical director \$4,200; physicians \$267 to \$287 per month or total of \$7,000 per year (this means two and not more than three). These full time workers are to be furnished housing, utilities, laundry.

While the legislature for the first time made provision for psychiatrists at state hospital, none was

Reds Included In Marshall's Co-Op Program

Would Put All Nations Into Joint Program

WASHINGTON, June 12. (AP)—Secretary of State Marshall said today that when he proposed European nations get together on an economic program he was thinking of Russia and Great Britain as well as other nations.

Marshall made the proposal in a speech at Harvard university a week ago. He was bombarded with questions about it at a news conference today, his first since the speech.

In his replies, the secretary of state disclosed that Winston Churchill's urging of a United States of Europe had influenced his developing the idea that the Europeans should work out their own economic recovery plans and that the United States should extend financial help to put them through.

He gave no estimate today of how much financial assistance might be required but other state department officials have been talking in terms of billions of dollars a year over the next several years.

A reporter told Marshall that when Churchill talked about a United States of Europe he was talking about political organization of the continent. He asked whether Marshall advocated that.

The secretary replied that he and his associates were talking about some way of the Europeans getting together for a solution of their economic problems on which their political future depends.

Marshall reiterated what he said at Harvard—that the initiative in working out a program is entirely up to the Europeans as far as he is concerned. He said he had not formally heard from any European nation about his idea.

Pressed for an explanation of what greater plan might be behind his Harvard speech he said that if he had some plan behind it he was not going to talk about it now.

Marshall was asked what he meant by the term "Europe." He said that he meant the whole of the continent west of Asia, and in response to a further inquiry declared that includes both Russia and Britain.

Livestock Prices Are Soaring Again

CHICAGO, June 12. (AP)—The bawling steer and the grunting hog jumped back again into the public spotlight today and there were innumerable charges and counter charges in explanation for the sudden boost in meat prices in livestock markets and in butcher shops.

Average price of steers and yearlings at Chicago yesterday rose to an all-time record high at approximately \$25 a hundred pounds, according to the Department of Agriculture. This topped the peak of

\$25.40 established last October immediately after OPA ceilings were removed. For the first time since March 5 the top reached \$30.

Live hogs have not advanced as sharply as beef cattle, the top here yesterday being \$24.75 a hundred pounds compared with \$30 on Feb. 25.

Cattle receipts at Kansas City yesterday, the largest for a June 11 in 25 years, advanced to the best price since January.

While the price for top grade cattle is lower, the Department said steers of medium and low goods are higher than last October. A smaller percentage of strictly good and choice cattle are arriving and the price spread between various grades is narrowing.

Meanwhile, retail meat prices also advanced during the past several weeks and representatives of butchers in the east blamed the meat packers. In Newark N. J., butchers threatened to close shop unless prices come down.

Guard Placed At Air Field

A security guard for patrol work on a 24-hour a day schedule at the Big Spring Army Air Field has been employed by the War Assets Administration, Barney Waltz of the WAA real property division announced today.

Waltz said four men had been hired and they will begin their duties on Sunday. Headquarters for the guard detachment will be established at building 609 at the post, where they will operate under supervision of Robert Nelson Hill, facility manager.

The patrolmen have been recruited by WAA not only to guard property there which is in custody of the government disposal agency, but also to serve as escorts around the field for persons who call at the post on business.

Henceforth, persons who have business to transact at the field are advised to call at Building 609, Waltz said.

Would Extend Credit Curbs

Truman Requests Congress Action

WASHINGTON, June 12. (AP)—President Truman recommended today that Congress pass a bill permitting continuation of controls on consumer credit in peacetime.

Unless Congress does this, Mr. Truman said he plans to end the present regulations, based on wartime legislation. These regulations, under executive order, fix the size of down payments and fix the length of time in which the balance due must be paid by installments.

These controls affect purchases of such things as household goods, refrigerators and automobiles.

Mr. Truman's views were stated in a letter to Marriner S. Eccles, chairman of the Federal Reserve Board, which wields the controls on installment-buying credit. Eccles read the letter to the House Banking Committee.

Eccles has asked the committee to pass a measure giving the Reserve Board power to continue operation of controls in peacetime. Mr. Truman's letter said:

"I hope that the Congress will enact the necessary legislation to retain restraints upon excessive expansion which results in excessive contraction of consumer credit thereby making for economic instability, reduced production and unemployment.

"If the Congress does not see fit to provide the necessary legislative authority, it is my intention to vacate the executive order because I do not believe that such regulations should rest indefinitely in peacetime on emergency or war powers after the Congress has had ample opportunity to consider the subject."

In announcing the agreement late yesterday Senator Buck (R-Del.) said members of the conference will take a final look at the bill at another meeting, probably this week, before reporting it to their respective chambers.

The present rent control law expires June 30.

The length of the extension was the final major point agreed upon yesterday. The conferees accepted the Senate-approved date of Feb. 29. The House okayed a 12-month extension to Dec. 31, with a provision that the president could proclaim an additional three-month extension if he considered this necessary.

The House also gave way on a Senate provision that the new law should be administered by the Office of the Housing Expediter. The House wanted to turn it over to a permanent government agency to be designated by the president.

The House also gave way on a Senate provision that the new law should be administered by the Office of the Housing Expediter. The House wanted to turn it over to a permanent government agency to be designated by the president.

Vincent Road Is Up For Bids

A portion of the Big Spring-Vincent state highway (No. 350) is up for bids, asked by the State Highway Department for June 24-25.

The highway department included the 12.9-mile project in advertisements for bids covering 495 miles of primary and farm-to-market highways.

Right-of-way for the project has been secured by the Howard county commissioners court from a point on the Gail road a mile and a half north of Big Spring to the Mitchell county line, east of Vincent.

The south portion of the road, however, is the portion up for letting on June 24-25, and it would give paving from the Gail road at point of take-off in a direct north-easterly direction to below Vincent, near the Jerry Buchanan place, where the Coahama-Vincent road intersects.

Bids will be asked for grading, structures, select material and single asphalt surface treatment. Roadway for the project was secured last autumn and the first three months of this year after the routine had been accepted. It is envisioned as a link in an eventual connection of Big Spring and Snyder with an all-weather road.

Group Ousted From Bulgarian Govt.

SOFIA, Bulgaria, June 12. (AP)—The Bulgarian Grand National Assembly last night expelled its 23 legislators of the Agrarian party, who formed the chief opposition to the communist-dominated Fatherland front bloc.

The Assembly voted that the 23 had resigned voluntarily, but all 23, in a final statement to Parliament, contended that "we do not resign."

Nikola Petkov, now under arrest on charges of plotting against the state, is the party's general secretary. The Assembly adopted a resolution saying that the Agrarians, "owing to voluntary resignations, have lost prestige and are no longer members of the Grand National Assembly."

Brownwood Man Convicted Of Murder

BROWNWOOD, Tex., June 12. (AP)—Convicted of murder in the death of a two-year-old child, Freddie Kinner, negro, was assessed a sentence of 16 years in the penitentiary here yesterday.

He was charged in the death of Mary Frances Moffett, daughter of Mary Frances Moffett, Kinner's common law wife.

The state contended that the child was kicked and beaten to death March 30, and asked the death penalty. The mother was sentenced last month to five years in prison in the same case.

Rent Control Extension Gets Committee OK

WASHINGTON, June 12. (AP)—House-Senate conferees have agreed on a bill extending rent control through next Feb. 29 but permitting "voluntary" increases up to 15 per cent if landlords and tenants sign leases running through 1948.

Senator Taylor (D-Idaho) told newsmen President Truman should veto the bill to place responsibility for destroying rent control where it belongs, squarely on the Republican Congress.

But Senator Sparkman (D-Ala.) said "it looks like that bill or nothing."

Before it reaches Mr. Truman's desk, the measure still must receive approval of the full House and Senate.

In announcing the agreement late yesterday Senator Buck (R-Del.) said members of the conference will take a final look at the bill at another meeting, probably this week, before reporting it to their respective chambers.

The present rent control law expires June 30.

The length of the extension was the final major point agreed upon yesterday. The conferees accepted the Senate-approved date of Feb. 29. The House okayed a 12-month extension to Dec. 31, with a provision that the president could proclaim an additional three-month extension if he considered this necessary.

Confession Entered In Murder Case

NACOGDOCHES, June 12. (AP)—The murder trial of blonde 23-year-old Dorothy Stokes was continued here today after a session yesterday highlighted by the admission into evidence of a confession.

The confession was that Mrs. Stokes poisoned buttermilk in the icebox of her 20-year-old sister-in-law, Mrs. Dorlene Garrett.

"I hated her," Deputy Sheriff Roy Hargis quoted the defendant as saying. "I never did like her."

Sheriff Hagan Parmley, Harris, and Dorothy Dick, Middleton and R. D. Holliday testified that the confession was not obtained under coercion or duress as insisted by defense attorneys Hosea L. Edwards and A. W. Bell.

Sheriff Parmley testified that after she admitted poisoning Dorlene, I asked her to tell the whole truth." He quoted her as saying "she couldn't tell it."

No Major Rush At Sugar Counters

On the whole, Big Spring housewives reacted with commendable restraint Thursday to news that sugar rationing had ended Wednesday midnight.

Most stores reported little or no substantial increase in the amount of sugar customers, but there were exceptions. One large firm said that the tempo of purchases picked up so much that it was obliged to impose a rationing system of its own—10 pounds to the family.

In general, couples without children seemed to be hardest hit on sugar supplies. Those with several members of the family, for the most part, had sufficient supplies.

Plans More Flights Around The World

DALLAS, June 12. (AP)—Two more spectacular flights are planned by Bill Odum, who piloted Pen-Maker Milton Reynolds around the world in 78 hours recently.

Odum said here he intends to fly the A-26 Bombshell around the world by himself and follow that up with another world trip by flying over both poles.

Arrivals, Departures Highlight News Happenings In, Near Forsan

FORSAN, June 12. (Sp1)—Mr. and Mrs. Bill Henry Campbell returned here Friday from a two-weeks trip through New Mexico and Mexico. The Campbells, residents of Augusta, Me., are guests in the home of Mrs. B. H. Campbell.

Mr. and Mrs. G. D. Kennedy have as guests her parents Mr. and Mrs. D. H. Palmer of Bronte. G. D. Kennedy and son, Gerald, have returned home from a visit to Waco.

Mrs. Muriel Bailey and son left Saturday for a weekend with relatives in Matador. Mrs. Bailey will be a summer student at West Texas State College, Canyon.

Mr. and Mrs. G. B. McNallen were recently visiting in Amarillo. A guest in the Rayford Liles home is Arthur Pletz of Mt. Vernon, N. Y.

Darrell Adams will be enrolled for summer courses at Texas Technological College, Lubbock.

Mr. and Mrs. Fred Green were in Lorraine and Westbrook recently visiting with relatives.

H. W. Gist has returned to Beeville following a short visit here with his daughter, Mrs. Robert C. Ewell.

Mr. and Mrs. E. N. Baker have been Fort Worth visitors.

Mrs. Harry Boyd and children have returned home from Bangs, where they visited her parents.

Haroldine West, Evva and Gene Smith, and Donald McAdams of Big Spring attended the Midland rodeo Saturday evening.

Flo Theime of Sterling City was here for a few days recently with Mr. and Mrs. Frank Theime and Peggy Painter.

Stanton Homemaking Girls Take Group Trip To Christoval

STANTON, June 12. (Sp1)—The Stanton Homemaking girls club spent the weekend in Christoval as their annual group trip.

Boating, horse back riding and swimming provided recreation.

Girls making the excursion were Belle Jones, Dixie O'Brien, Betty Ellsard, Bobbie Jean Davenport, Dorothy McMurray, Yvonne Avery, Betty Carroll Bennett, Mary McMurray, Mary Frances Burchett, Colleen Langley, Faye Montgomery, Lola Faye Rohus, Betty Lou Overby, Roselle Appleton, Billie Jean Carrille, Evelyn Mills, Mrs. Jack Jones and Mr. and Mrs. H. G. Hamrick.

Public Affairs Forum Organized For Young Adults

A group of young adults met Wednesday evening in the YMCA for the purpose of discussing the organization of a public affairs forum.

The forum group will be for informal discussions and debates concerning current topics of the day. Students home from college, high school graduates, students in the Howard County Junior college and interested young adults may become members of the forum which will be sponsored by the YMCA.

The group will meet at 8 p.m. Wednesday for the first forum which will be on "Are Present Prices Forcing a Depression?".

Present at the organizational meeting were J. N. Young, Dorothy Sue Rowe, Lynn Martin, Billy Clanton, Zack Gray, Keith Slaughter, Billy Coleman, Joe Bruce Cunningham, Irma Gideon and W. R. Dawes, YMCA director.

YOUNG DRESS . . . Blue denim play outfit from California, with bare midriff, bertha collar, and white embroidered ruffles with bright brass braids.

EYELET EYEFUL . . . Dance dress of eyelet pique with black taffeta bustle bows, worn by Jinx Falkenburg.

Coahoma News Items

COAHOMA, June 12. (Sp1)—The Rev. and Mrs. A. B. Cockrell and family left Thursday for Post where the Rev. Cockrell has accepted pastorate of the First Methodist church. He has been associated with the Coahoma Methodist church for the past three years.

Louis Loveless, recently elected president of the Presbyterian Youth Fellowship at a meet in Lubbock, is attending the organization's annual conference in Kerrville. Margaret Stamps and Jane Echols accompanied Loveless as representatives of the local Presbytery.

Mr. and Mrs. Bruce Mayfield left Thursday for Dallas.

Mrs. Dallas Thompson and son, Dwane, spent last week visiting her parents in Spur.

Mr. and Mrs. Walter Woodson and Walter, Jr., Mr. and Mrs. Paul Woodson and Ronny were guests recently in San Angelo.

Mr. and Mrs. Jimmy Irwin and children of Hamlin visited friends here Wednesday.

Ray Hall is spending several days in Long Beach, Calif., where Winston Hall is in the Naval hospital.

Mrs. Virginia Kidd and Betty are in Lorraine for a two-weeks visit with relatives and friends.

Mr. and Mrs. Leslie Adams and children spent last week fishing on the Pecos river.

Sunday guests of Mr. and Mrs. Donald Lay were Mrs. Lay's brother, Alex Arthur and Ella Analey of Odessa.

Mr. and Mrs. Dan Borger have as guests this week, Mrs. Borger's parents, Mr. and Mrs. Albert Haacker, and sons of El Campo.

Mr. and Mrs. Henry Jackson of Rotan spent the weekend here with Mrs. Stella Jackson, who returned with them for a visit.

Mr. and Mrs. L. H. Stamps and June were guests of Mr. and Mrs. Bradley McQuay in Abilene Sunday.

STUDY IN BLACK AND WHITE . . . White diagonal stripes of eyelet embroidery lash a black cotton dress for striking town wear.

TAILORED WHITE . . . Summer hit style—trim suit of crisp white eyelet pique with a parky double peplum, and a golden belt.

Tired, "All-In"—Listless Feeling Brought To Halt

As Vibrant Energy is Released To Every Muscle, Fibre, Cell

Do you get up in the mornings still tired, feel down-and-out all day? Have you checked-up on your blood strength lately? Overwork, undue worry, cold, flu or other ills often wear down the red-blood-cells.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or weakly—thus the stomach will have little cause to get balky with gas, bloating and give off that sour food taste.

Don't wait! Recharge your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

Home Demonstration Club In Knott Has Auction At Meeting

KNOTT, June 12. (Sp1)—"Grab bags" were auctioned to the highest bidder Tuesday afternoon when the Knott Home Demonstration club met with Mrs. Hershel Smith.

Following business reports by Mrs. O. B. Gaskin, the members voted to work as a group to complete a chenille bedspread which will be used to net funds for the club treasury.

A group quiz provided additional entertainment.

Domestic flowers provided interspersed with fernery in house decorations.

Mrs. Dick Clay, Mrs. P. P. Coker, Mrs. J. Burrow and Mrs. Frank Hodnett were visitors, and new members included Mrs. H. R. Coffey and Mrs. Elsie Smith.

Members present were Mrs. Jim Pardue, Mrs. C. A. Burks, Mrs. Fred Roman, Mrs. E. L. Roman, Mrs. L. C. Matthews, Mrs. Robert Brown, Mrs. O. B. Gaskin, Mrs. R. H. Unger, Mrs. H. B. Pettus, Mrs. W. A. Burchell, Mrs. J. B. Sample and Mrs. J. T. Gross.

Early Summer Travel News Claims Interest In Knott

Louis Harlee and children have returned from Colorado City where they visited her parents, Mr. and Mrs. W. J. Hogue.

Mr. and Mrs. Lem Stallings of San Anselmo, Calif., are guests here with Mr. and Mrs. Rufus Stallings.

Mr. and Mrs. Fred Roman and Jerry spent the weekend in Cross Plains with her parents, Mr. and Mrs. R. T. Reid.

Mr. and Mrs. W. M. Johnson of Ackery were in Merkle Sunday to attend a family reunion.

Elizabeth Louise Anderson left Saturday for San Antonio and Bastrop to spend the summer with relatives.

Sunday visitors of Mr. and Mrs. C. A. Burke were Mrs. Bestie O'Stein of Bastrop and Mr. and Mrs. Leonard Smith of Fairview community.

Mrs. Mittle Shories returned here Saturday following a visit in Ranger with relatives.

E. L. Roman III of Odessa is a guest here with Mr. and Mrs. R. L. Stallings.

T. M. Robinson and Lloyd Robinson were in Fort Worth on a business trip last week.

Recent guest of Mr. and Mrs. Lee Cole were their son, Harry A. Cole, Connie Dean Whitfield, both of Ballinger, and Mrs. S. A. Smith of Coleman.

Ronnie Cole and Mrs. Fred Thomas both are convalescing at their homes following treatment in Big Spring hospital.

Mrs. O. B. Nichols are visiting in Seminole this week with a daughter, Mrs. Marvin Manning.

Weekend guests of Rev. and Mrs. E. G. Newcomer were their daughters, Thelma Newcomer and Mrs. T. A. Christman, both of Lubbock, and their son Earl Newcomer and Mrs. Newcomer of Welch.

Mr. and Mrs. Lloyd Nichols of Brownfield visited relatives and friends here Sunday.

Mrs. J. D. McGregor and daughter Barbara left Saturday to visit her parents in Arkansas.

O. B. Nichols of Knott and Mr. and Mrs. Earl Diny of Seminole are vacationing in the Big Bend area this week.

Parish members of the Missionary Baptist church have voted to name their new church now under construction the First Baptist church.

Mr. and Mrs. Bill Conger and children are on vacation in the Davis mountains.

Mrs. Clarence Cox, Juanita and Jackie are visiting relatives in Breckenridge.

Mr. and Mrs. Jack Keith have as guests Mr. and Mrs. F. E. McCaskey and son of Los Almos, N. M.

Mr. and Mrs. O. L. Fletcher and daughters have returned from a vacation trip to St. Elmo, Ill.

Wayne Monroney is a new relief employe for the Sun Oil Company.

Mr. and Mrs. M. M. Hines have been in Carbon for a short visit with his mother.

Guests of Mr. and Mrs. E. C. Sewell over the weekend were their children Mr. and Mrs. Calvin Sewell of Colorado City, Mr. and Mrs. Gavin Wright, Juanita and Joyce Jean Sewell of Big Spring, and Mr. and Mrs. Fred Andrews of Odessa.

Mr. and Mrs. Les Duffer and children are home after vacationing in East Texas.

Dorothy Gressett returned to Canyon Sunday where she is enrolled in the summer session at West Texas State College.

Mr. and Mrs. Tom Smith and Patricia have as guests, Winnie Ruth and Anna Lou Boone of Robert Lee.

Bobby Baker is attending the American Legion's Lone Star Boys State convention in Austin.

Mr. and Mrs. John Cardwell and Mrs. Gladys Cissna left Saturday on an extended vacation through central Texas.

Jan Livingston, home from college at San Marcos, is now visiting an aunt in Wichita Falls.

Mrs. Harold Anderson and daughter of Las Vegas, N. M., are here with Mr. and Mrs. E. K. Sawdy.

A revival conducted at Chalk by the Rev. Cecil Rhodes, pastor of the Big Spring West Side Baptist church, was concluded Sunday evening. Mr. and Mrs. E. N. Baker directed music. H. W. Bartlett of Big Spring, a student at H-SU, is pastor of the Chalk church.

Mr. and Mrs. H. W. McGonia and family of Cleburne were guests here recently with Mrs. McGonia's sister, Mrs. Herman Puckett.

Rev. and Mrs. E. G. Newcomer spent Tuesday in Terry on a business trip.

Maxie Roman is in Austin where he is attending a week-long school in government along with other boys from over the county.

Mr. and Mrs. L. C. Matthews and Mr. and Mrs. Jim Pardue visited Sunday afternoon in Midland with Mr. and Mrs. Bill Mathies.

Mr. and Mrs. R. H. Unger spent the weekend in Levelland as guests of Mrs. Unger's sister, Mrs. O. A. Warren. A niece, Velva Warren, accompanied the Ungers home for a visit here.

Sunday visitors with Mr. and Mrs. Herman Puckett were her parents, Mr. and Mrs. E. M. Massey of Lenora, and Mr. and Mrs. W. E. McGee, Lamesa.

Members of the IOOF met Tuesday evening to elect officers for the coming lodge term, which begins July 1. Mr. Bass will serve as Noble Grand and Bob Creswell was named Vice Grand.

Others present at the meeting were R. H. Unger, J. T. Gross, P. Coker, Dick Clay, Jimmy Clay, Milton Gaskin and J. A. Iden of Big Spring.

Bobby Roman was a business visitor in Fort Worth last week.

Sew And Chatter Club Plans Picnic Dinner

Plans were made Wednesday for a picnic dinner at the C. Y. Clinkscapes home when members of the Sew and Chatter club met with Mrs. R. F. Bluhm. The dinner to coincide with the club's regular meeting next week, will honor Mrs. Iris Campbell, and husbands will be special guests.

Mrs. Gene Anderson was a guest at Wednesday's session and members present were Mrs. C. Y. Clinkscapes, Mrs. R. F. Bluhm, Mrs. H. V. Crocker, Mrs. W. M. Gage, Mrs. Herbert Johnson, Mrs. Lewis Murdock, Mrs. Garner, Mrs. McAdams, Mrs. Laura Anderson, Mrs. Iris Campbell, Mrs. M. Weaver, and Mrs. H. J. Lightfoot.

Friendly Neighbors Sewing Club Meets

Mrs. G. B. Roberts entertained members of the Friendly Neighbors sewing club Wednesday in the home of Mrs. Dan Scott, 707 Douglas street.

Those present were Mrs. M. A. Magee, Mrs. H. M. Wilkerson, Mrs. A. F. Johnson and two guests, Mrs. L. P. Forrester of Fort Worth and Mrs. D. B. Roberts.

Mrs. C. W. Sherrubel will be hostess for the June 25th meeting.

Mr. and Mrs. S. B. Dillingham of Phoenix, Ariz. are visiting Dillingham's sister, Mrs. Tom Amerson and Mr. Amerson, 1105 1-2-Austin.

Community Theatre To Present Comedy, 'You Touched Me'

"You Touched Me," a romantic comedy by Tennessee Williams Donald Windham will be presented by the Big Spring Community Theatre June 19 in the Municipal Auditorium.

The two leads in the play are Hadrian to be portrayed by Charles (Lanny) Line, and Matilda by Joy Lane.

Other members of the cast include Mrs. E. B. McCormick, Neil Barnaby, J. N. Young, Irma Gideon and Charles Davis.

"You Touched Me" will be the second production by the Theatre group. The first was "Dust of the Road" presented on Easter Sunday.

The play is under the direction of Ralph Cathey.

Mr. and Mrs. Cecil B. Bell have returned from a week's visit in El Paso with relatives. While there they also visited with Bell's sister, Mrs. C. W. Cunningham, Colorado Springs, Colo. Mrs. Cunningham is a former resident of Midland.

Patty Lane Weds C.R. Lawdermilk Jr.

Announcement has been made of the marriage June 5 of Patty Lane, daughter of Mrs. Odie Lane, to C. R. Lawdermilk, Jr., son of Mr. and Mrs. C. R. Lawdermilk, Sr.

The single ring rites were read by the Rev. T. R. Hawkins, pastor of the Station First Baptist Church in his home in Stanton.

The bride wore a blue and white two-piece dress with white accessories.

Attending the couple were Stella Stewart and Arnold Fields.

The bride attended Big Spring high school, Lawdermilk is a veteran of four years in the Navy. The couple is living in Big Spring.

Four Couples Host Roundelay Dance Club Entertainment

Dancing and a wolver roast at the Scenic drive pavilion were entertainment features Wednesday evening for members of the Roundelay Dance Club.

Hosts were Mr. and Mrs. Don Burke, Mr. and Mrs. Steve Baker, Mr. and Mrs. Roy Bruce, and Mr. and Mrs. Bob Ballinger.

Music was provided by juke box and approximately 30 couples attended.

Appropriation Cuts Threaten Farm Price Protection Plan

WASHINGTON, June 12.—Secretary Anderson declared today that sharp house cuts in the agriculture department's appropriation for 1948 would force his agency "to break promises to farmers which congress had plainly directed us to make."

We said the house action slicing \$540,000,000 from the depart-

ment's budget estimate of \$1,188,600,000 would deprive it of funds "essential in carrying out the work assigned to the department by congress."

As an example, he said congress established a soil conservation program as part of agricultural policy in 1936 and last year "committed itself firmly to provide \$300,000,000" for the purpose in the fiscal year starting July 1.

"Now," Anderson said, "comes this appropriation bill in which the house has noted not \$300,000,000 but around \$165,000,000. The bill would provide for payments to farmers of \$150,000,000 instead of \$267,500,000 on which plans have been made. It would cut national and state administrative expenses under the program from the required amount of almost \$8,500,000 down to one and a third million. It would cut the funds for county committees from the \$22,500,000 required to a little over \$11,000,000."

If the bill stands, Anderson continued:

"First, we would have to reduce the announced rates of payment by about one half.

"Many farmers have already received payments in the form of advances of materials and service from them we would have to collect millions of dollars representing the difference between their share of the cost of such materials and services at the announced rates of payment and their share at the reduced rates.

"If the difference could not be collected in cash, we would have to place the farmer on the register of indebtedness.

Anderson said the bill would "wipeout" the farmer-elected committees of the county agricultural conservation associations which "administer not only the conservation work but also the price supporting commodity loans marketing quotas which are voted into effect by farmers under certain conditions, and other authorized farm program work."

This, he contended, "would in effect wipe out the federal farm price protection program, entirely before there is real assurance of enacting any program to take its place."

Turning to crop insurance provisions of the bill, Anderson told the subcommittee:

"The bill provides an even one million dollars, compared with the budget estimate of \$9,330,000. I am at a loss to understand what the one million dollars is for. After paying off employees who would have to be discharged, we would have little left to liquidate the existing program, let alone to operate an experimental program (as) the house committee suggests."

Regularly scheduled coast to coast sleeping car service was first established in the United States March 31, 1946.

Belgium was the diamond cutting center of the world before World War II, but many of the diamond experts came to the United States during the war.

FACES A BARBER FACES PUT SCREWY FACE ON LIFE SCENE

NEW ORLEANS.—Bill Laurent has seen a lot of hair fall on the floor in more than three decades of barbering and he's come to this decision:

The only folks screwier than barbers are the customers.

Laurent, a mild gray-roofed little man, has served rich men and poor men, palsied men and dead men, Indians and Mexicans and Chinese and Russians and even a few Republicans who strayed afield.

"Naturally," Bill Laurent says, "I've had time to do some thinking."

"Lately I been pretty busy trying to figure a guy who wants the tonic on his shirt."

"When I finish with him and start to put the stuff on his hair he raises hell. He says what do I think he is—a hick? On the shirt, he says. Always on the shirt, he says. What else could I do?"

"There is another one comes in with a diagram of a haircut. He is off a ship and can't speak English and I paste the diagram on the mirror and out his hair by it.

Bill believes the reason Chinese seldom look sad is "because they got no slack in their faces to look sad with. They got no more slack in their faces than a flower vase."

This same unfortunate lack of

slack makes dead men a problem to him. And because more than a few of his customers leave instructions that Bill Laurent give them their final shave, it is an

ever recurring problem. He once had a Negro assistant to help him through these delicate situations, but the Negro quit during a thunderstorm which pinched out the lights—with a customer but half shaved.

"I wouldn't minded his leaving so much. But he was in such a rush he took a window frame and screen with him."

Also difficult to shave are pro-

fessional fighters. Their faces are lumpy and the scar tissue makes them sensitive. Furthermore, they have tricky tempers and the artillery to back them up, says the veteran scrape-and-snip artist.

Prewar per capita consumption of petroleum products in the United States was 367 gallons a year, that of England 87 gallons and of Germany 28 gallons.

Spain established a port at Cartagena, Colombia, in 1533.

Mead To Be Called As Garsson Witness

WASHINGTON, June 12. (AP)—Defense attorney, said he will ask war fraud trial today got a subpoena for former Senator James M. Mead (D-NY) to testify next Tuesday and to bring along documents allegedly "with-held" from the defense.

The attorneys acted shortly after Justice Henry A. Schweinhaut gave them permission to call Mead for limited questioning.

Charles J. Margiotti, chief defense attorney, said he will ask advance court permission to call Mead for questioning "about his motives" in handling a 1946 senate probe of the \$70,000,000 Garsson munitions combine.

Margiotti declined to identify in advance the other politicians he requested Justice Henry A. Schweinhaut to allow to testify. Andrew J. May, wartime chairman of the house military committee, and munitions-makers Henry and Murray Garsson are on trial together charged with bribe conspiracy. The government has contended in the eight-week trial that May took \$55,000 from the Garssons for government favors for their firms.

Mead was chairman of the senate war investigating committee which investigated the May-Garsson case last summer. The New Yorker ran for governor in his home state in November but lost to Gov. Thomas E. Dewey.

Margiotti told reporters he intended to show through Mead that the senator used the May-Garsson investigation to advance "his own personal ambition to become governor of New York, with his eye on the White House."

"While he was a candidate for governor," Margiotti said, "he

Senate Checks Foreign Radio Broadcast Plan

WASHINGTON, June 12. (AP)—Senators decided today to make their own study of the state department's controversial information and cultural relations program without waiting for the house to give it legal sanction.

But Chairman Ball (R-Minn.) of a senate appropriations subcommittee decided to call outside witnesses ahead of William Benton, assistant secretary of state in charge of the program.

Two radio network officials who have been aiding the "Voice of America" program, based at Moscow and other parts of the world, were asked to testify today.

They are William F. Brooks of NBC and E. A. Chester of CBS. The department's budget contemplated spending about \$14,000,000 of the \$31,000,000 total asked for the program on the foreign broadcasts.

The house, however, struck out the entire fund on the grounds that the war-born activities had not been authorized by congress, were "slightly out of tune with American precedents" and that the government "should get out of the news business."

But Secretary of State Marshall told Ball's committee earlier this week that the program is "essential to the conduct of our foreign relations" and should be "restored in its entirety."

The House action threatened to halt the "Voice of America" broadcasts at the end of this month, when the department's fiscal year funds run out. But Marshall urged that the broadcasts should continue until congress at least has had a chance to act on permanent legislation.

This has been offered by Rep. Mundt (R-SD) but has run into stiff opposition in the house although leaders still hope to get approval Friday and send it on to the senate.

Three Found Dead In Arizona Mine

GLENDALE, Ariz., June 12. (AP)—Three boys were found dead early today at the bottom of an abandoned mine shaft, about 12 miles northwest of here.

They were Gordon Clark Read, 18, son of Mrs. H. H. Hudlow, Richmond, Calif.; Bruce McDonald, 18, and Robert Holly, 17, of Glendale.

Woman's Skull Added To Links Of Missing Men

PRETORIA, South Africa.—Dr. Robert Broom, anthropologist and paleontologist, of the Transvaal Museum, Pretoria, believes a skull he found at Sterkfontein will show more definitely than ever that man is closely related to the ape. He says it is the best-preserved skull of the pre-man period ever found.

Dr. Broom has removed from the skull part of the rock in which it was imbedded. He says it is that of a female and is about the same age as the skull of the Sterkfontein Man.

The new skull, says Dr. Broom, is much more valuable than the original since it is all in one piece. The skull of the Sterkfontein Man had to be pieced together.

Unfortunately, the bone is very rotten and the stone in which it is imbedded is very hard.

"Enough of the face has been cleared," he said, "to show that it is remarkably human, apart from the small brain. The eyes are large and rounded and the eyebrows wide and overhanging. The cheeks are wide and the front of the jaw projects, but not more than in some human beings."

"The brain is small and will probably not be bigger than a 400 cubic centimeter. In structure there are a number of typically human and non-anthropoid characteristics."

"Though the teeth are lost, the sockets, by human standards, show, with hardly a doubt, that it is the skull of a woman perhaps 50 or 60 years of age."

SPRING CLEANING—It's that time of year, so Connie Thomas (left) and Rusty Fortner give a hand to Stephen Kovar (top) and Robert Havlicek (on ladder) as they refurbish a stuffed African elephant in the Natural History Museum in Chicago.

NAGY AND CHILDREN IN SWITZERLAND—M. Ferno Nagy, former prime minister of Hungary, pauses during a stroll with his 5-year-old son, Ladislav, and his daughter, Juliet, at Geneva, Switzerland. Nagy resigned after communists seized the Hungarian government and he was warned not to return to Budapest from Switzerland where he was vacationing. (AP Wirephoto).

Swedish Official Killed By Soviet Sentry At Border

VIENNA, June 12. (AP)—Russian soldiers fired on a Swedish relief mission car last night and killed Arne Carlsson, Vienna chief of the Swedish Save-The-Children organization.

A Swedish legation spokesman here described the shooting as a deplorable accident, and said no protest would be lodged with the Russians in Vienna. He added that a full report would be sent to the Swedish foreign office.

Carlsson was killed by a rifle shot fired by a Russian sentry near the Czechoslovak border. Dr. Thorsten Arneus, chief of the Swedish relief mission to Austria, was injured slightly in the right hand by flying glass.

Carlsson's wife and three-year-old son, riding in the back seat, escaped injury.

NEW CONSULATE
WASHINGTON, June 12. (AP)—The State Department today received Soviet Russian approval to open a new United States consulate in Leningrad.

There are more than 20,000 employees in the U. S. railway mail service.

Revolt Of Filipino 'Huks' Brews In Rice Paddies North Of Manila

MANILA, (AP)—The pulse of a simmering agrarian revolt beats around a mountain called Arayat, rising out of the rice paddies north of Manila.

Philippine government military police knifed into this mountain stronghold of the Hukbalahap guerrillas early this month, but the armed peasants were reported fighting a rear-guard action westward into historic Bataan Peninsula.

The "Huks" are now trained fighters in an organized movement that has just observed its fifth birthday. They bear long-standing grudges.

Their grudges against landlords, landlord armies, and the recognized government of the world's youngest republic they inherit partly from their ancestors.

Not enough has changed in the rice paddies since their ancestors were given in serfdom by Spanish kings along with generous estates. The United States left the land tenure system such as the Spanish had run it from the 17th century on. The peasants want land, or lower rents, or protection from plundering troops—maybe all three.

It was the same seventeen years ago when the late Dwight Davis, former governor-general and donor of the famous Davis cup of tennis fame, said this of Filipino farmers:

"The relations between landlords and tenants are a potential source of grave danger." He said the land problem even then was "dangerous" and warned of "an oppressed peasantry."

His prediction has come true. The gravest danger faced by the government of President Manuel Roxas is that of its own organized peasant people.

"Only this time they have guns," is the way one American military observer described the difference today.

They know how to use them, too. Even while Japanese tanks were rolling into Manila in 1942, men who were to lead the Huk guerrilla war were learning guerrilla warfare from a Chinese Communist officer who had been caught in the islands by the outbreak of war.

The military strategy and tactics of such famous Chinese Communists as Mao Tse-tung and Chou En-lai were soaked up by Filipino peasant leaders who quickly learned how the Japanese Army looked a food-producing area.

The Chinese guerrilla organization which this same officer formed later broke with the Huks and retired to another part of Luzon to wage its own campaign against the Japanese. Today, Huk supreme (leader) Luis Taruc asserts he has no aid either from Chinese or Russians. At one time he may have belonged to the small Filipino

Communist Party. Today he says he is a socialist.

Taruc is 33 years old, a widower with one child whom he keeps carefully hidden against kidnapers. He was educated in the Filipino school system which follows an American pattern.

Throughout the Japanese occupation constant turmoil prevailed in the six big rice-growing provinces of Luzon where Huks were active.

More than 2,000 skeletons of suspected Huks were exhumed by American investigators when they took over one Japanese thought police headquarters at San Fernando, Pampanga Province, in 1945.

Exams Offered For Federal Job At Los Alamos

Examinations have been announced for filling of security inspector positions with the US Atomic Energy commission at Los Alamos, N. M.

The security force is a uniformed enforcement organization whose principal function is to safeguard critical and top secret installations, materials and information under jurisdiction of the commission. Salaries range from \$3,021 to \$3,772 a year and advancement salary is provided for on a systematic basis. Age limits are 21 to 35 and will not be waived.

Applications must be on file with the office of the thirteenth U. S. Civil Service Region, 144 New Castlehouse, Denver 2, Colo. Information may be had from A. A. Porter at the local postoffice.

Conference Called Evening Classes On Scheduling Of

A meeting to determine demands for evening classes at the Howard County Junior College has been called at the college for 8 p.m. today.

Interest in this field has been mounting, but the difficulty to date has been a wide divergence of demands for courses. The meeting this evening will be an attempt to ascertain in what particular subject fields there is sufficient demand to warrant classes.

Meanwhile, enrollment in the regular summer session of the college increases. President E. C. Dodd said Thursday that approximately 85 persons had enrolled to date and that the final figure might approach 100. Numbers of students in other colleges are enrolling for summer courses while home on vacation.

Total all salaries \$165,204.

The \$175,000 for support and maintenance is mostly for food, utilities, supplies, etc. A \$300 fund for traveling expense of the superintendent and \$200 for sociologist is set up.

Under terms of the bill, doctors will be encouraged, by paid leaves of absence, to "keep abreast of new developments in their fields." This also will apply to nurses. Recognized authorities in the field of medicine, psychiatry, nursing and abnormal education may be employed part time by the board of control to facilitate clinical studies.

Ex-Senator Walsh Taken By Death

BOSTON, June 12. (AP)—Former U.S. Senator David I. Walsh, democratic veteran of more than a quarter century in the national legislative body, died yesterday of a cerebral hemorrhage at St. Elizabeth's Hospital.

Death came to the wartime chairman of the powerful senate naval affairs committee at 3:40 P. M. (CST), shortly after funeral services had been held for his sister, Mrs. Nellie E. Dooley, who died at her Boston home Sunday.

The veteran of almost 50 years in Massachusetts politics died a week from the day he was admitted to the hospital for observation of high blood pressure. His condition became serious Monday and took a sudden critical turn Tuesday night.

Penny for penny, your best food buy is

MILK!

Stop just a minute and think about the most important food in the world—milk.

Milk does more for the young, the old, and all the ages in between than any other food. In fact, it is THE most nearly perfect food.

And indispensable as it is, milk costs you the least money for the most nutrition. It's the one very best food buy. One quart of milk supplies almost one half (45%) of the daily food needs of a man of average activity.

Make milk an essential part of your family's diet—it's the food you can least do without.

Serve wonderful-tasting Borden's milk every day to everybody in the family. Remember MILK, your best food buy!

Milk gives the most nutrition for the least money!

Ask for Borden's

One quart of BORDEN'S MILK gives you all this!

THE CALCIUM in 3 pounds of broccoli. CALCIUM builds strong teeth and bones.

THE PHOSPHORUS in 2 pounds of whole fish. PHOSPHORUS helps rebuild and repair body cells.

THE ENERGY VALUE of 10 slices of bread. ENERGY is important for morning-to-night activities.

THE THIAMINE (Vitamin B₁) in 4 ounces of liver. THIAMINE encourages healthy appetites and helps nerves.

FOR SAFER CYCLING — As a free public service to promote safety, the American Business Club is arranging to install reflecting tape to bicycle frames so that phosphorescent glows quickly herald the presence of a bike user when headlights of an automobile play on the tape. All bike riders are urged by Ray Griffin, club president, to call at the fire station where city firemen will make the installation free of charge. Photo at left shows how a bicycle appears in daylight, and right how it appears to a motorist at night.

"Scotchlike" Tape Offered For Bikes

As a safety move, the American Business Club is offering to fix, free of charge, reflecting tape on all bicycles in this area.

Cooperating in the move, the city firemen have agreed to make the installation as rapidly as children bring their bikes to the fire station. Only a brief time is required for treatment of the wheel.

The tape, called "Scotchlike" is fixed on the bicycle so that it will reflect light at any angle at night. Thus, motorists are forewarned of the presence of a bike the moment their lights pick up a section of the tape.

Plans call for installation of strips on the handle bars and the area just above the fork so that the bicycle is clearly shown by reflection.

From the rear two strips are installed on the fender in a sort of V-shape. Then strips are placed on the frame so that light will be reflected from the side.

Firemen are familiar with methods which will insure longevity of the tape job and to give it maximum effectiveness.

Ray Griffin, ABC club president, urged parents of all children with bicycles to see that the riding devices are brought to the fire station for treatment. He pointed out that ordinarily it is most difficult to see a bicycle at night unless and until the driver is almost on top of the bike rider. The reflecting tape overcomes this to a large extent and can easily be the means of averting accidents, he said.

HUNGRY RATS AND PEOPLE DECLARED NARROW MINDED

BERKELEY, Calif. —The behavior of hungry rats running through mazes of trick passages in search of food may hold a lesson for statesmen seeking territory or security for their respective countries in the labyrinth of power politics.

When an extremely hungry rat is put into a maze through which he must find the way to food, he doesn't learn much about its zig-zag tunnels and blind alleys, but if not too hungry at the outset he gets a broader picture of his surroundings, says Dr. Edward C. Tolman, University of California psychologist.

Then if the original route to food is blocked and a new one is made and the rat with the broader learning has little trouble in learning the new path to his goal.

Similarly, Dr. Tolman suggested, a nation or its leaders should be

able to reach their goals by rational, roundabout methods rather than by force or aggression if at the outset they are not too hard-pressed from within by some sort of hunger or fear.

Dr. Tolman, who specializes in animal behavior experiments for whatever value they may have in helping to form an understanding of human conduct, told of the rat tests in a special all-university lecture.

The rat which is forced to learn the route while experiencing the pangs of extreme hunger gets a vivid impression of the food path fixed in his brain. If the path is changed it is difficult for him to re-learn.

A well-fed rat, placed in a maze which has food at the end of one route and water at the end of another, apparently learns nothing

Coming Events

THURSDAY
SYCTA CLASS of the First Baptist church will meet at the church at 7:30 p.m.
ROYAL NEIGHBORS meet at the WOW hall at 2:30 p.m.
LYE CLUB will meet for regular session at the Crawford hotel at 7 p.m.

VARIETY SEWING CLUB will meet in the home of Mrs. J. D. Davis at 3 p.m.

Carol Robinson Feted On Birthday

KNOTT, June 12. (Sp) — Carol Robinson was entertained Sunday afternoon with a birthday anniversary party at her home.

Games were played and refreshments were served to Mary Frances McClain of Big Spring, Thelma and La Veta Anderson, Wanda Jean Roman, Mary Ann Spaulding, Walton Burchell, Roger Brown, Le Verne Gross, Wanda Lee, Joyce and Lloyd Robinson, Bobby Roman, Mr. and Mrs. Albert Anderson and Mr. and Mrs. Robinson.

Texas Butane Men Elect New Officers

GALVESTON, Tex., June 12. — (AP) — Gus J. Moos, Austin, today assumed his new duties as president of the Texas Butane Dealers Association. He was elected to the office at the closing session of the group's second annual convention here yesterday, succeeding Lyle Blanton, Hereford.

Other nominations included: Mr. Blanton, first vice president; W. M. Foster, Marshall, second vice president; Ray Wolff, Fairburn, third vice president; R. W. Wright, and H. B. McDougal, San Antonio, secretary-treasurer.

A wire rope used in a Central American mine is four and one-half inches thick and is credited with a pulling strength of 1,600,000 pounds.

In 1930, U. S. airlines used 136,000 gallons of fuel for every million passenger miles flown. In 1945 the figure had dropped to 38,000 gallons.

ing because he is neither hungry nor thirsty.

But if he is kept out of the maze until hungry or thirsty and then returned to it, he quickly finds his way to food or drink, because, says Dr. Tolman, while not under too great pressure to reach his goal, his brain during the previous experience formed a broad "Cognitive map" of the maze.

A hard-pressed human being, like a hungry rat, may become frustrated from over-intense striving along one narrow course toward a goal, and may "take it out on some other person or group by becoming aggressive," Tolman asserted.

Performs Amazonian Feats In Sports

Texas' Babe Leaves Britons Bug-Eyed

NEW YORK, June 12. (AP) — a spoon or brassie, the Babe is somebody should have warned the British about Babe Didrikson Zaharias, the Texas tomboy whose Amazonian feats of derring-do have been amazing Americans for the past 15 years and today brought her the British women's amateur golf title.

She is the kind of a woman who would pass up a new dress to buy a set of golf clubs. In fact her golfing career dates from just such an incident in 1931.

Walking down the main street in Dallas, looking for a new party dress, the Babe's attention was arrested by a green-trimmed golf bag and a shiny set of steel-shafted clubs. The result was inevitable.

Babe's first round of golf was an encouraging 95 which faded to 83 within a month and has been dropping lower with every round. Her drives are up with the men pros and usually 100 to 150 yards ahead of her woman opponents. When her foe usually is swinging

had inquired about a reported exhibition bout with Young Strickling's brother, "I'm going to be a lady now. I'm 19 years old, you know."

She was a one-girl track team, running and jumping, putting the shot, tossing the javelin and throwing the baseball. As a member of a Dallas team in 1930 she once threw a baseball 296 feet in a national championship at Jersey City. Some managers would settle for an outfielder who could do as well.

No shrinking violet, the Babe wants to be remembered as the stand-out woman athlete of all time.

"This is the only major women's golf title I have left to win," she remarked in her deep voice as she departed from the Queen Elizabeth for the British championship.

British golf fans were bug-eyed at her driving feats and a beaten first round foe, retired unnoticed to the clubhouse while the Babe

gave a trick shot exhibition in finishing her round Monday.

"It seems cruel to send our girls out against a game like that" one observer said.

When they asked her how she did it, the Babe grinned and said, "why, I just loosen my girdle and let the ball have it."

Rifle Association To Elect Officers

An election of officers will be conducted in this evening's meeting of the Howard County Rifle association, which will be held at the Dora Roberts citadel beginning at 7:30 o'clock.

Definite steps will also be taken toward organization of several rifle teams.

The Ruhr coalfields normally account for three-fourths of Germany's coal supply.

THIS is easier than **THIS**

All the first fellow has to do is get the snowball started rolling.

From then on his savings will take care of themselves—automatically, almost painlessly—growing bigger and bigger.

That's how easily it can be done with U. S. Savings Bonds.

You sign up with your employer or your bank—and forget about it. From then on the money just saves itself, so much per week, or so much per month.

And every three dollars invested in this automatic saving grows to four dollars in just ten years.

Ask about it today—where you work or where you bank.

Save the easy, automatic way—with U.S. Savings Bonds

FATHERS OF THE YEAR—Babe Ruth (right), former baseball home run king, and John Van Hoose, Richardson, Ky., railroad worker, display their medals in New York after Ruth was chosen "Sports Father of 1947" and Richardson named "Worker Father of the Year." The awards were made by the National Father's Day Committee. (AP Wirephoto).

Seek Basis Of Settlement Of Oakland Transit Strike

OAKLAND, Calif., June 12. (AP) Three East Bay city managers and U. S. Conciliator William J. Curtin put their heads together today to try to figure out a way of settling the disruptive Key System transit strike.

John F. Hassler, of Oakland, John D. Phillips, of Berkeley, and Don McMillan, of Alameda, met with Curtin yesterday. Hassler requested the meeting to "discuss in general the aspects of the situation in order to ascertain some method of bringing together the parties involved."

The city officials and Curtin hoped to bring the disputants together some time today for further discussion of the workers' wage demands.

Although the paralyzing strike left more than a half million persons without their usual mode of

transportation, expected traffic jams failed to materialize.

The 3,000 AFL bus, trolley and bridge train operators walked out at 12:01 Wednesday in support of their demand for a wage boost of 36 cents an hour. The present wage is \$1.20 an hour. The company offered six cents more and agreed to submit to arbitration the difference between \$1.26 and \$1.35, the wage granted workers on a subsidiary of the National City Lines in Los Angeles. National City owns Key System.

The union offered to return to work provided all issues were submitted to arbitration, or to arbitrate the difference between the company's \$1.26 offer and \$1.56.

Both sides offered to arbitrate whether the work day should be eight hours in a spread of 10, or eight hours in 12 as at present.

Baptists Rap Liquor Bill

DALLAS, June 12.—The executive board of the Baptist General Convention of Texas was on record today as opposing house bill No. 727, which could permit wet precincts in dry counties.

The Baptist board at a quarterly meeting yesterday adopted a resolution asking that a telegram be sent to Governor Jester urging that he veto the bill.

The board voted to commend to the Baptist convention in November a four million dollar budget to set in motion plans to help churches over the state to enlist 200,000 new tithers.

Dr. J. Howard Williams, executive secretary of the board, said that ten regional stewardship rallies would be held during the first two weeks in September for the purpose of stimulating larger gifts to the churches and to the mission program of the convention.

The meetings will be held in Amarillo, Midland, Abilene, Wichita Falls, Dallas, Beeville, San Antonio, Houston, Waco and Tyler.

Two Headed Calf Cleans Up Feed

ANNVILLE, Pa., June 10. (AP)—A Holstein calf on the nearby farm of Harvey Sweigert has a head start on the other animals when eating time rolls around—it has two mouths.

The calf, born Sunday, has almost two complete heads. Each head has a nose, mouth and two eyes but only one ear. The heads are joined together where the respective left and right ears normally would be.

Sweigert said the animal is able to take nourishment in both mouths at the same time.

Reaction To Anti-Deficit Provision Varies Greatly

By PAUL BOLTON
Herald Austin Bureau
AUSTIN, June 12. (AP)—Experience of the 50th Texas Legislature offers the first real test of the so-called anti-deficit-financing provision of the Texas Constitution, and the official reaction has been extremely varied. Here are some of the objections which became increasingly apparent during the final days of the session:

1. It concentrated in the hand of one official — Comptroller George H. Sheppard — an unprecedented responsibility and power. One less conservative with public money than Sheppard might easily have led the state into great depths of spending.

2. It asked of the comptroller-statisticians the solution of a veritable riddle. In a mathematical computation you have to have at least one or two constants; but figuring the state's probable income two years in advance, the boys who handled the pencils had nothing to guide them except variables. If the comptroller and his aides had the financial acumen attributed to them by their duties, they'd clean up in the stock market.

On the credit side, the amendment has offered, for the first time, a pattern for spending — something the state never before has had. Heretofore, operating on a deficit, there was never any attempt to make income and outgo even approximate each other. It was all hit-or-miss.

One of the most interesting aspects was the large number of variables with which the comptroller had to deal. There was, for instance, the employer's retirement bill.

At the lag end of the session, the legislature sent to the governor's desk a bill setting up a state retirement fund for all state employees. This bill provides that contributions by employees to their retirement fund shall be matched by the state of Texas. To complicate matters still further, the matching funds are to be paid out of the various funds from which salaries are paid — as for example, highway department employees are paid out of highway funds, therefore the retirement matching must come out of highway funds. Now when Comptroller Sheppard made his estimate of income, should he deduct the approximately \$2,000,000 from his estimate of available funds? The bill was on the governor's desk — but unsigned. The comptroller took the position that he was not going to try to read the governor's mind, and disregarded

A similar situation was the constitutional amendment which will be submitted to a vote of the people on August 23 of this year. It provides that 5 cents of the 35-cent state ad valorem, or property tax, shall be set aside for the purpose of constructing college buildings. A minimum estimate is that it will subtract \$1,500,000 a year from general revenue — and from the Comptroller's estimate of general revenue. But the Comptroller said he had no right to anticipate an advance that the voters will re-ject, or accept, this amendment. Therefore, he did not consider the 3,000,000 which may be subtracted from his estimates.

Walker Quits As Commander Of Natl. Guard

AUSTIN, June 12.—The resignation of Lieut. Gen. Fred L. Walker as commander of the Texas National Guard, effective July 31, has been accepted by Gov. Beauford H. Jester.

Walker said in his letter of resignation which was made public yesterday that he had accepted the appointment to the position from former Gov. Coke Stevenson as a temporary assignment.

"I feel that the job I accepted in April, 1946 will be completed by July 31, 1947," the former commander of the 36th division said. Walker reported that by July 31

more than 100 of the 283 national guard units allotted Texas will be organized. Total strength of the organization will be approximately 7,000.

He said plans had been completed for the training of about 3,700 national guardsmen at Camp Hood and Fort Bliss during August.

Walker said he was resigning to attend to personal business.

False Teeth Have Some Competition

OSWEGO, June 12. (AP)—"Gosh, Doc, my false teeth are hurting me like thunder," a patient of Dr. F. J. Faulkner said as he crawled into the dentist's chair. Examination showed the patient was cutting a wisdom tooth beneath his plate.

Oxygen is the most abundant among the 92 elements in the things which man uses.

Philips Named On Committee To Aid DP's

Shine Philips, Big Spring, has been listed among 21 West Texans included in the Texas Citizens Committee on Displaced Persons.

The score of representatives from this area will join with others in the state under Robert S. Strauss, Dallas, executive secretary, to secure expressions from Texans to congressional representatives in support of temporary emergency legislation which would permit the US to receive a rightful share of Europe's displaced persons.

"We are supporting HR 210, a

bill which would provide for entry into this country of 400,000 of these homeless people during the next four years," said Strauss. They would be subject to existing controls such as health, political affiliations and all other present restrictions." He added that of 850,000 now homeless in Europe, 80 per cent of Christian faiths and 20 per cent are Jews. More than 150,000 are children under 18, half of whom have been born in concentration camps.

Among others in this area who have been named to the committee are Dorrance D. Roderick, El Paso, Dean Chenoweth, Houston, Harte and Claude W. Meadows, Jr., San Angelo, Dr. James F. Cox, Mrs. Ethel Haskins Swain and French Robertson, Abilene, and Arch S. Underwood and Raleigh Martin, Lubbock.

Markets

WALL STREET
NEW YORK, June 12. (AP)—Selected stock leaders extended their recovery in today's market although many pivoted and sold.

After an active opening, the pace slowed at times and some initial gains were shaded or converted into losses. Near Midday the list had a well-mixed appearance.

On the upside were Remington Rand (on a proposed 3-for-1 stock split), American Woolen, Air Reduction, Johns-Manville, J. C. Penney, International Harvester, International Telephone and Telegraph, American Telephone (at a new 1947 low on an ex-dividend basis), U. S. Steel, Chrysler, Western Union 'A', J. I. Case and American Can.

POINT WORTH, June 12.—Cattle 4,000; calves 1,300; medium to choice fat steers and yearlings 18.00-25.75; good fat cows 16.50-18.00; common to medium cows 13.00-15.25; bulls 10.00-15.00; good and choice fat calves 18.00-22.00; common to medium calves 12.50-15.00; steer calves, yearlings and steers mostly 15.00-20.00 few best to 21.00 and above; stocker cows 10.00-14.00.

Sheep 23,000; medium to choice few show; few early sales of spring lambs and show lambs 25-1.00 lower; some bids under Tuesday's level; good and choice spring lambs 20-25.00; common to medium spring lambs 14.00-19.00; good and choice show lambs 17.50-18.50; common to medium show lambs 11.00-16.00; stocker lambs 10.00-15.00.

COTTON
NEW YORK, June 12.—Cotton futures declines were mixed today with activity centered in nearby July futures. Short covering and mill buying was less aggressive than in recent sessions and rallying tendencies were discouraged by profit taking and favorable crop reports.

Greece Plans Army Expansion With Help

ATHENS, June 12.—The Greek army today called up all men in military classes of 1941 to 1945 inclusive. Greece has asked American approval for the expansion of her army with U.S. loan but an official U.S. military source said no action had been taken yet.

The prewar price of gasoline in Berlin was 50 cents a gallon.

Ex-Austrian High Official Acquitted Of Treason Charge

VIENNA, June 12. —A Vienna peoples court today acquitted Dr. Guido Schmidt, the Austrian foreign minister before Anschluss, of high treason charges.

The five-man court ruled that charges accusing Schmidt of betraying Chancellor Kurt Schuschnigg and engineering the 1938 Austrian link with Germany to advance his own interests had not been proven.

"It is not the place of this court

to determine the rightness or wrongness of your pre-Anschluss foreign policy," the court said.

"Our task here is to determine the guilt or innocence of this one man."

The court said Schmidt never had been a member of the Nazi party and that he had not profited personally by Anschluss.

Schmidt first became state secretary for foreign affairs in the Schuschnigg cabinet in November, 1938. Later, however, Schuschnigg took over the post himself and held it until Feb. 15, 1938, when he relinquished it to Schmidt after Adolf Hitler's bloodless coup in Austria.

The Austrian provisional government arrested Schmidt on Dec. 5, 1945, the day after he was accused as a war criminal.

Colorado Gets Latest Snow On Record

The nation had a diversified weather diet today, ranging from snow in the Rockies and rain in the flooded midwest to unseasonable heat in the east.

The latest spring snow in the 75 year history of the Denver, Colo., weather bureau was reported there. Lander, Wyo., had six inches of snow and Cheyenne, Wyo., five with temperatures dropping to around 30 degrees. Mountain highways, however, were reported open to traffic.

The U. S. weather bureau in Chicago forecast continuing fairly heavy rain for much of the midwest which will add a new burden to the already flooded rivers.

In the east the mercury was somewhat above normal, the weather bureau said, after record breaking heat yesterday in some eastern points. Richmond, Va., had a high of 97 degrees yesterday and New York 95.

The deep south also reported warm and humid weather but the southeast coast region experienced rain with fairly low temperatures.

Compton Urges Army Training

WASHINGTON, June 12. —Dr. Karl T. Compton urged congress to speed military instruction for the nation's youth, saying it would not be "safe" to count upon international disarmament.

Dr. Compton, chairman of President Truman's special commission on universal training, told the house armed services committee that it would be "too late" to muster a big army in the event of a sudden attack in another war.

"We'll need trained men and we'll need them fast," he said.

Short Courses Start At A&M

COLLEGE STATION, June 12. —Approval of annual summer short courses has gotten into full swing at Texas A. & M. College with over 400 enrolled the first week.

Courses opening last week included: cotton short course; dairy herd improvement association; poultry husbandry; artificial insemination; and airport managers conference.

'Keep Persecution In Own Borders' U. S. NAVY RACIAL TROUBLE CRITICIZED BY THE SWEDES

STOCKHOLM, June 12. —U.S. Minister Louis G. Dreyfus said today he was filing a report to Washington on a recent dancehall fight between U.S. white and negro sailors during a visit to the Swedish Port of Malmö.

In a statement to the Swedish press Dreyfus said he "deplored manifestations of racial discrimination" evidenced during the incident and added:

"I am reporting the entire matter to Washington for such action as may be possible following the return of the individuals involved to American jurisdiction."

The disturbance was the subject of adverse comment at the time in the Swedish press, the Stockholm newspaper Expressen declaring that "the Americans must keep the persecution of negroes within their own borders."

"American crews should be told that the Swedish people do not discriminate against human beings because of race and color

and will not approve the import of such uncivilized manners from the west," the paper said editorially.

BOAT CHRISTIANED
SEATTLE, June 12. —The city has a new addition to its fleet, the "Culicide." The craft will be used for spraying mosquito areas in Seattle's navigable waters.

Mrs. William F. Devin, the Mayor's wife, christened the boat by smacking it over the prow with a bottle of DDT.

The olive tree does not produce profitably before its seventh year nor fully until its thirteenth year. It produces plentifully after that.

The excavations of Pompeii have proved that olives can be preserved indefinitely when properly steeped in brine.

Whee... it's really thrilling

Scout Camp Set In August

The Buffalo Trail Council, Boy Scouts, has made arrangements to conduct a summer camping program at Camp Louis Farr near Mertion in August. H. D. Norris, local scout field executive, announced today.

The council originally planned to use a site in Aguja canyon, southwest of Balmorea, but that area was not available for the current season.

Camp Louis Farr is the permanent camping area for the Concho Valley council. All troops in the Buffalo Trail council which planned camp at Aguja will be included in the program between Aug. 4-18. Several troops in the council had made previous arrangements to camp at other sites, however, and they will proceed with original plans.

Calves, Yearlings In Good Demand

Stocker calves and yearlings were in good demand, but receipts were short at the West Texas Livestock Auction company's weekly sale Tuesday.

Total receipts, including other stocker classes and butcher animals held up well, however, with approximately 1,000 offered to bidders.

Hereford cows and calves steered at \$120 to \$135 a head, while mixed pairs went at \$75 to \$130. Fat cows brought 13.00-17.00; fat yearlings, 18.00-22.00; fat calves, 19.00-23.50; stocker calves, 11.00-14.00; stocker calves and stocker yearlings, 18.00-21.00; canners and cutters, 7.00-11.50; bulls 11.00-14.00. Hog consignments totalled 46 head, with the market steady at 24.15.

Episcopal Bible Chair Set At UT

AUSTIN, June 12. —An Episcopal bible chair will be inaugurated at the University of Texas this fall.

The Rev. Gray M. Blandy, formerly rector of St. Peter's Church, Pasadena, Texas, will serve as instructor.

The addition supplements bible chairs maintained at the university by Roman Catholic, Methodist, Disciples of Christ, Baptist and Presbyterian groups.

Do Housewives Realize That Modern Life Has Its Blessings In Cooking?

Are you conscious of the many things which make housekeeping easy every day? When you get breakfast, for instance, you draw fresh, pure water from the faucet. You put it into a sauce pan that fits the burner on the range, and a twist of the wrist furnishes immediate heat. Fruit is taken from a gleaming refrigerator; the coffee goes into a modern coffee maker; the cereal is ready to eat and carefully protected by a well designed package.

Ready-to-eat cereal is one of the greatest timesavers credited to the early part of this century. Thoroughly cooked and toasted in the factory, crisp and golden brown, it has an appeal with which few other foods can compete in the morning. Eaten with milk as is customary, its contribution to the day's nutritive requirements.

Breakfast is not the only meal at which cereal appears. Crisp flakes, either whole, crushed or rolled into fine crumbs, are convenient for topping casserole dishes, covering chops, croquettes or fish balls. And the best recommendations are that their color is attractive even before the food is fried and that they absorb little fat—a good idea these days when fats are relatively scarce.

Baked Eggs
6 eggs
1-2 cups cheese sauce
1 cup corn flake crumbs
1 tablespoon melted butter or margarine

Grease 6 individual baking dishes. Break eggs and slip one carefully into each dish. Cover eggs with sauce and sprinkle each dish with cereal crumbs which have been mixed with butter. Bake in moderate oven (375 degrees F.) about 15 minutes, until eggs are firm.

Yield: 6 servings.

Cheese Sauce
3 tablespoons butter or margarine
3 tablespoons flour
2-4 teaspoon salt
1-3 teaspoon pepper
1 1-2 cups milk
1 cup grated cheese

Melt butter or margarine in sauce pan and stir in flour and seasonings. Add milk slowly, stirring constantly over low heat until mixture thickens and boils. Add cheese and stir until cheese is melted.

The above sauce with 1-2 teaspoon prepared mustard and 1-2 teaspoon Worcestershire sauce added is delicious to serve on cooked asparagus, cauliflower or broccoli.

Dress Up Your Meals With Variety

Does your family like variety in the meals you serve? If the members are predominantly masculine, in all probability they are set in their food habits and look with suspicion on anything new. The feminine members are more adventuresome as to new recipes.

Many homemakers find that the way to please everyone is to have a basic recipe and vary it from time to time. Ginger cake is a good example. Even the ginger can be omitted and other spices added in its place. Bran may replace part of the flour, to produce cake of different texture and added food value. Take your choice of nuts, raisins, figs, dates or prunes to provide variety.

A basic cookie recipe may be used with many variations. The one given here is for macaroons which call for egg whites. Put the yolks in a custard or salad dressing.

Bran Ginger Cake
1-3 cup shortening
1-3 cup sugar
2 eggs
3-4 cup molasses
3-4 cup boiling water
3-4 cup bran
2 cups sifted flour
1 teaspoon baking powder
1 teaspoon soda
1-2 teaspoon salt
1 teaspoon ginger
2 teaspoons cinnamon

Blend shortening and sugar; add eggs and beat well. Stir in molasses. Four boiling water over bran and add to first mixture. Add flour sifted with remaining ingredients and stir until batter is smooth. Spread in greased pan, with waxed paper in the bottom. Bake in moderate oven (350 degrees F.) about 45 minutes.

Yield: 12 servings (9x9 inch pan). Variations: Add 1-4 cup chopped dried fruit or nuts to flour mixture before combining ingredients.

Corn Flak Macaroons
2 egg whites
1-2 cup brown or granulated sugar
1-2 teaspoon vanilla
2 cups corn flakes
1-2 cup chopped nuts
1 cup shredded coconut

Beat egg whites until stiff but not dry. Fold in sugar; add flavoring, corn flakes, nuts and coconut. Mix carefully. Drop by spoonfuls onto well greased baking sheet. Bake in moderate oven (350 degrees F.) 15 to 20 minutes. Remove immediately from pan on damp towel and remove macaroons, using spatula or sharp knife. If macaroons become hardened to pan, they may be returned to oven for a few minutes to soften.

Yield: 2 dozen macaroons 2 1-2 inches in diameter.

In World War II the US Army discharged 70,000 enlisted personnel and 5,000 officers without honor. The naval services discharged 40,000 enlisted men for reasons of bad conduct, undesirable or dishonorable, and 1,500 officers for disciplinary reasons.

Modern Steel Building Can Withstand Tornado, He Says

TOPEKA, June 12.—In a contest between a tornado and a modern structural-steel construction building, S. D. Flora, veteran federal meteorologist says he'll take the building.

Such a collision, happily, has never yet occurred and Flora acknowledges that his opinion is nothing more than an opinion, based on many years of study of the freakish, violent windstorms which occur most often in the spring months and in the midwestern states.

The Kansas weatherman, whose collection of photographs of more than 200 tornadoes is probably the world's most extensive, he says:

"One of these days a tornado is going to hit a modern building. It's just luck that it hasn't already happened. My guess is that the windows will be blown out and debris blown in, that any structures in the nature of roof gardens or penthouses will be swept away and cornices ripped off. But I think that the building proper will be able to withstand the tremendous buffeting."

On the other hand, Flora stresses that a tornado is the most terrific force in nature with the speed of its whirling winds estimated at around 500 miles an hour and its terrifying vacuum which makes frame structures literally explode.

The colossal force of a tornado is exemplified by one which hit Mankato, Minn., Aug. 17, 1946. That storm, which killed 11 persons, picked up a 27-ton road grader and hurled it 100 feet.

Although no modern office building or hotel has been in the direct path of a tornado, these storms have not spared large cities.

Chicago, St. Louis, Omaha, Kansas City, Minneapolis, St. Paul, Louisville—even Brooklyn—have lost life and property from tornadoes. The Brooklyn storm caused a property toll of \$500,000 but but no loss of life, although the same day, Jan. 9, 1889, 40 persons were killed by a tornado in Reading, Pa. St. Louis, Omaha and Kansas City have each had two visits.

Kansas City, in fact, has a special warning network of volunteer observers west, southwest and south of the city who have instructions to telephone the weather bureau if they should see a tornado approaching.

"The city folks are in much more danger from a tornado than the farmer," Flora says. "The

city man doesn't have the same chance to see or hear it coming, and he's not as smart. Your country man during the tornado season sleeps with his eyes open and his ears up."

The tornado funnel itself moves usually at only about 45 miles an hour, giving any person who sees it time to seek protection. There have been many cases of telephone girls in rural communities telephoning to farms and to other communities in the path of a twister.

The storms usually travel from southwest to northeast and the southwest basement corner is considered the safest spot in a frame house. If an ordinary brick building furnishes the only cover that can be reached, Flora advises lying against an inside partition on the ground floor.

CHURCHILL HAS RESTFUL NIGHT

LONDON, June 12.—Winston Churchill's doctors reported today that the 72-year-old former prime minister, who underwent a hernia operation yesterday, "had a good night and his general condition is quite satisfactory."

Air Crash Kills Texarkana Trucker

TEXARKANA, June 12 (AP)—Funeral arrangements were pending here today for Willard J. Branch, 29, killed instantly yesterday when his single winged plane crashed in a pasture near Foreman, Ark.

William C. Lowery, 21, a passenger in the plane, was hurt critically. He suffered a crushed chest, internal injuries and fractures of both legs. Attendants at the Michael Meagher hospital here described his condition as "grave."

Branch, a Texarkana resident, operated a small trucking line between here and Foreman. Lowery lived in Foreman with his parents, Mr. and Mrs. George Lowery.

It was not until five hours later that Taranow was captured in a secluded dell not far from the scene of the shooting.

Wire rope was being made mechanically in the United States in 1846.

STRIKE AVERTED—Briggs Manufacturing Co. and CIO United Automobile Workers reached an agreement in Detroit which averted a strike of 22,500 workers which was to begin a short time after the agreement was reached. Shown just after signing, left to right: Tony Czerwinski, president of Local 212; Emil Maszy, UAW International; Fay Taylor, Briggs director of personnel and W. O. Briggs, Jr., vice-president, Briggs Mfg. Co. (AP Wirephoto).

Rendition Will Avoid Confusion

Short reminders that Saturday is the deadline for property owners to make tax renditions may have escaped many, and it may not have impressed many more.

It is, nevertheless, important, both to property owners and to tax collecting agencies. Rendition is the means by which the owner has an opportunity to make his declaration of value. It does not follow necessarily that the declaration stands, but most people are fairly well in line with their estimates of values. The board of equalization always has the privilege of reconsidering, but its job is equalization, not declaration.

Individually, it also has the advantage for many property owners of making sure

that property they have sold is no longer assessed against them. Unless records are corrected by rendition, a nice tax bill may be run up against a person who no longer is owner.

From this point, it is important to tax collecting agencies to get renditions. No little of the confusion at taxpaying time results from the fact that too many people await that moment to explain that they no longer own real or personal property shown on their tax statement.

Thus, it would save much time and confusion if people, who have not already done so, would make a personal rendition of their property to the county, school and city tax offices by Saturday evening.

Conciliation With Question Mark

At first blush, Russia's plea for "strict international control over all facilities engaged in mining of atomic raw materials and in production of atomic materials and atomic energy" may seem that the Soviet is softening.

Soviet Deputy Foreign Minister Andrei A. Gromyko told the 12-nation UN Atomic energy commission that for him it was a day "full of compromises." If this may be taken for its face value, there is reason for hope that more genuine progress toward atomic control can be had.

But on one of the major issues, Gromyko did not yield. He contended for the commission to function within the framework of the council where the veto power still may be applied. Under the Baruch plan, one of the key points was a commission which would be free to func-

tion without the barricade of a veto.

Gromyko apparently yielded on the issue of inspection, but not all the way. One of the tenets of the plan advanced by the US in pressing for world control of atomic energy was that there should be unhampered inspection to verify data. Gromyko called for "periodical inspections of facilities for mining and production of atomic materials." There is a marked difference between the two conceptions of inspection. Gromyko apparently places great reliance on the furnishing of complete data, reports and research, but without some free device to verify these reports, there is nothing to give assurance that all reports will be complete and accurate. The move may be taken as conciliatory; also as an inkling that Soviet atomic research isn't making the progress Russia had indicated.

The Nation Today—James Marlow—

Deadline For Truman, Taxpayer

WASHINGTON, June 12. — Monday, June 16, is a double deadline for several million taxpayers and President Truman. It's a double deadline by accident but, just because of that, it may mean a problem for those several million taxpayers.

Here's why:

By Monday midnight those several million must make the second quarterly payment on their estimated income tax for 1947.

And by Monday night President Truman must approve or veto the new income tax bill.

The problem of the taxpayers and the answer follow.

In 1947 most people will have their full income tax taken out of their wages and salary.

But some don't have any tax taken out of their income during the year and some know they'll owe more tax than is taken from them.

The two groups in the paragraph above—there are several million of them—had to do something special last March 15. It was this:

They had to make the first quarterly payment on the dif-

ference between the tax withheld from them, if any, and the total 1947 tax they'd owe.

For those people the total tax they figured they'd owe this year is called their estimated tax.

As noted, the first payment was due March 15. The other payments are due June 15, Sept. 15 and next Jan. 15.

But June 15 is a Sunday. The Internal Revenue Bureau makes allowance for that.

Instead of making midnight Sunday, June 15, the deadline for paying the estimated tax, the Bureau will allow people to pay up to midnight Monday.

But this is where the problem for some of those taxpayers starts:

Congress has passed a bill cutting income taxes this year and sent it to Mr. Truman to sign into law or veto.

Strictly by accident, and not by intention, the deadline for his signing or vetoing falls on Monday, June 16.

Will he veto it? It's widely believed he will. What will that mean?

It will mean no tax cut at all this year unless Congress, by a

Hal Boyle's Notebook

Cut-Rate Check-Up

LOS ANGELES. (AP)—I've had a chance to buy a wife in Shanghai and a Cobra in Calcutta.

A soldier in Belgium once wanted to teach me how to be a swimming pool salesman; a man in Budapest said he would make my fortune if I would get him a jarful of saccharine—he wanted to grind it up and sell it for dope.

I suppose I can mention right here, too, that my wife is currently negotiating with a financially-strapped lady rider in New York for the purchase of half a saddle horse. Whether the horse is as yet unspecified in the contract.

Traveling around you get all sorts of odd propositions.

But this is the first place where a man ever offered to take my blood pressure for a quarter.

He was Dr. Joseph G. Galceco, a pleasant dark-faced little man who operates a sidewalk blood-pressure-taking shop on South Hill Street. It is near the subway terminal where trolley cars take off for the community.

Traveling around you get all sorts of odd propositions. Now tired businessmen, instead of trotting off to a bar for a bracer, can drop in and have their blood pressure taken before hurrying out to their little white ranch houses in the suburbs.

The shop is slightly larger than a telephone booth, and smaller than a nearby shoe shine stand. It holds a chair, a nail—and Dr. Galceco.

I hung my coat on the nail, sat down in the chair, and the doctor—professional-looking as

Washington Merry-Go-Round—Draw Pearson

Clark Answers "Whitewash" Charge

WASHINGTON. — Attorney General Tom Clark was listening to a barrage of criticism from republican senators during the hearing on the Kansas City vote scandals—particularly criticism from the junior GOP senator from Missouri, James Kem. Specifically, Kem accused the attorney general of whitewashing democrats.

"Whitewashing!" snapped Clark. "Was it whitewashing when I prosecuted the democratic congressman from Massachusetts, Mayor Orley, and convicted him?"

"And was it whitewashing when I prosecuted Congressman May of Kentucky, another democrat?" continued Clark. "And was it whitewashing when I prosecuted an assistant to President Roosevelt for income-tax evasion? Is that what you call whitewashing democrats?"

IRISH HEADACHES

It is sometimes said among diplomats that relations between Ireland and the USA are so salubrious that the only job of the American minister to Ireland is to attend the Dublin horse show and help friends get Sweepstakes tickets. This, of course, is a slight exaggeration.

But the other day, delightful Mrs. George Garret, wife of the newly appointed minister to Ireland, was complaining to a friend about the headaches involved in becoming hostess of the American legation in Dublin.

"You know," she said, "Few people realize how much work I'll have in Dublin. And my biggest headache is keeping track of all my friends who want tickets on the Irish Sweepstakes. I've got a list this long..."

"Certainly, darling, I'll be glad to add your name," continued Mrs. Garret. "I'll put you at the top of the list."

SECRET HOUSING SQUABBLES

Without benefit of much publicity, congressional conferences have been taken place which affect housing for several million veterans, and the rents paid by several million others—both vets and non-vets.

Part of these talks have been held secretly inside the joint House-Senate conference committee, of which two veterans with opposite points of view are members. One is Senator Bill Knowland of California, who has worked for veterans' housing. The other is Senator Joe McCarthy of Wisconsin, who sides with the real-estate lobby against

veterans' housing. Both are republicans.

Before the housing bill got to secret conference, however, another senator who is not a veteran had dealt it a body blow on the senate floor. He is affable Senator Douglas Buck of Delaware, who married a daughter of the millionaire Du Ponts, and who made the amazing proposal to substitute the house housing bill for the senate bill—except for the senate provision to raise rents 15 per cent. (The house bill contained no housing controls in favor of veterans.)

Several senators who had been closely following the housing debate immediately protested, among them Flanders of Vermont, a republican, and Sparkman of Alabama, democrat. They pointed out that the senate banking committee had not even considered ending housing controls. Nevertheless, the Buck proposal was passed. This meant the end of housing controls in favor of veterans.

At this point, War Vet Knowland of California tried to undo the work of his non-vet republican colleague from Delaware. He offered an amendment that housing controls be continued until December with the office of housing expediter also continued.

Behind this move is the fact that at present the housing expediter can hold up materials for unnecessary building and allocate them to veterans housing. About two billions of commercial construction was diverted to home construction as a result of these controls last year. Knowland wanted to continue this preference for veterans. And the senate voted to support him.

However, when the housing bill went from the senate floor to the secret house-senate conference, some strange things happened.

In the secrecy of committee, Rep. Jesse Wolcott of Michigan, long close to the big real-estate interests, knocked out most of the work of his fellow republican from California.

At the first meeting of the conference, Wolcott paused significantly as he came to the Knowland amendment continuing housing controls. He turned inquiringly to Senator Buck as if to ask: "Do you really want to hold on to this?"

The Du Pont son-in-law did not reply. But Senator McCarthy of Wisconsin volunteered that the Republican Senators

didn't want it. Knowland was not a member of the committee, so could not be present to defend his amendment. And his GOP colleague from the neighboring state of Washington, Harry Cain, did not support him.

Discussion has sea-sawed back and forth for some days since, with Democrats Sparkman of Alabama and Taylor of Idaho trying to put housing controls back into the bill.

WOLCOTT KEEPS HIS WORD

Back in February, Rep. Wolcott spoke in Chicago before the National Association of Home Builders, one of the most effective of the real-estate lobbies. Said he: "I know that you feel at liberty now, as you perhaps never have before, to sit down with the members of the House and Senate Banking and Currency committees. I know that we can be mutually helpful."

"It is my purpose to introduce legislation within the next week which repeal, with two minor exceptions, the Veterans Emergency Housing Act of 1946..."

Significantly, the Congressman added: "I know that you appreciate the seriousness of the problem, how necessary it is that we proceed cautiously."

It looks as if the Congressman from Michigan has now kept his word.

CAPITAL CHAFF

If the Taft-Hartley bill becomes law, unions won't be able to hire radio commentators any more, though the National Association of Manufacturers can. The law prohibits use of union funds for political purposes. Almost anything "political" can be called "political" . . . Through the way is long over, France, England and Russia are still hoarding hundreds of thousands of German prisoners of war. Iowa's Republican Congressman, Karl E. Compton, chairman of a House election subcommittee, is pushing up a vote scandal in an Atlanta Congressional district where Mrs. Helen Douglas Mankin was knocked out of her congressional seat although she got most of the votes. Ku Kluxers and Columbians burned down 30 acres of Mrs. Mankin's farmland recently because of her vigorous opposition to the hooded order. . . . Meanwhile GOP congressional committee probes West Virginia and Maryland, but shuns Georgia. (Copyright, 1947, The Bell Syndicate, Inc.)

In Hollywood—Bob Thomas

Movie Public Getting Choosy

In the past few months, observers have suspected that something new was happening to the movie industry. Tyrone Power thinks he can put his finger on it:

"The studios have discovered that they can no longer dictate to the public."

The Cincinnati-born actor viewed the matter economically, pointing out that during the war people planned to pay \$100 for needed items, such as refrigerators.

"Now they find that such items cost \$225," he declared on the "Nightmare Alley" set. "So, to help pay for these necessities, they have to cut down on other expenses, such as the movies. They go only once in a while, instead of several times a week. And when they do go, they are choosy, and rightly so."

Studios cannot force a second-rate picture on the public, said Ty, nor a second-rate star.

"There was a time when they could plaster the billboards with a new personality and make him a star," he said. "But the boys have found out when the public doesn't see anything in this personality—he doesn't sell."

The studios are now keeping a weather eye on preview reaction cards and fan mail, he added. When the people ordain "We'd like to see more of so-and-so," they get more of "so-and-so." There is no more arbitrary estimation of the public, he said, citing a graphic illustration.

"This studio lost a million dollars," he said, as a 20th-Fox rep-

resentative winced, "in their advertising for 'The Razor's Edge.' They made their mistake by calling it the best film ever made. (It wasn't—Ed.) That's all the public has to hear to stay away in droves."

Those brilliant, over-colored films ("Duel in the Sun" was the worst offender) may be on the decline. Lewis Milestone says he is filming "The Red

Affairs Of The World—DeWitt MacKenzie

Communism Hits Asia Interior

By GLENN BABB
AP Foreign Affairs Analyst

If the alarms being sounded in Nanking prove true, the worldwide struggle against the spread of communism has extended to the great interior plateau of Asia, the roof of the world. That is an area where nearly all the Red forces; there is little anti-communist elements can do to oppose any advance.

The Chinese official news agency's version is that troops of the Mongolian People's Republic (outer Mongolia), supported by four planes bearing Soviet insignia, crossed the border into Sinkiang, or Chinese Turkistan, and marched some 200 miles before meeting opposition. That would be easy enough in those distant, desolate wastes.

The reason for the invasion, if such it is, remains obscure. Doubtless if there is military action in progress we shall have

shortly some account from the other side, some familiar story of border violation or other justification for punitive action. It is doubtful that the outside world ever will know much about what really is happening.

However, it is impossible to separate this flare-up on one of the world's most isolated frontiers from the worldwide pattern of Russian pressure and expansion. Outer Mongolia ostensibly is an independent republic, having won its freedom from China late in 1945 as the result of a plebiscite which followed the Soviet model of near-unanimity. The plebiscite itself was one of the concessions the Kremlin wrung from China in the treaty signed just as Japan was collapsing and which carried so many seeds of Russian-Chinese discord.

But Mongolian independence is strictly qualified. The first major act of the infant republic was to sign, on Feb. 27, 1946, a treaty

Texas Today—Jack Rutledge

"Little T&P" Line At Longview

E. B. (Burke) Campbell of Longview retires from the "big" Texas & Pacific Railway Friday 13th to launch and operate the "little" T. & P.—a railroad all his own.

He has been railroadroving for 38 years, and is one of five unbroken generations of railroad men. He was born in Longview in 1891. His colorful career includes telegraphy, operating a motion picture projector in one of the first nickelodeons, and newspaper work.

He has ridden in class in special trains (once with his uncle Tom Campbell, who was governor of Texas) and has been jailed for riding freights.

He says he has shot at and been shot at on Longview's main street, and "I've been whipped on every street corner in town."

First of the five generations of railroad men was a great grandfather. Fifth in the unbroken chain is Campbell's son B. B. (Blakeley) Campbell's chief

clerk in the general passenger agent's department of the MOP lines at Palestine.

He has looked forward to retirement and his own line, into which he has poured \$25,000 of his life's savings.

The Little T. & P. is located on the eastern outskirts of Longview and is just eight miles from Hallsville, where Campbell began railroadroving as a telegraph messenger boy. It was 1,292 feet of track, about a quarter of a mile.

The locomotive is a faithful replica of the well-known "770" of the T. & P. with everything true to scale. It is 48 inches from rail to top of stack. It is 17 feet long with its tender. It burns oil, and is powerful enough to pull the train of two passenger cars with east for 30 persons.

A bridge, water tower and station complete with eating house and telegraph office are part of his little T. & P. the roll-

Steeds Open Crucial Series With Midland Tribe Tonight

Rodriguez Due To Take Slab

Leading the Longhorn league standings by a single game, the Big Spring Broncs advance upon Midland tonight to open a three-game set with the second-place Indians.

The Hoses have recaptured the lead since they hit the road and will depend upon Gerry Rodriguez, a righthander, to keep them there.

After wiping out a six-game lead and leading by one game last week Harold Webb's Midland charges experienced an 'about-face' performance and lost three in a row to Odessa. At the same time, Big Spring was taking two out of three games from Vernon.

Capacity crowds, a good number of them from Big Spring, are due to watch the series between Big Spring and Midland.

VERNON, June 12.—Lloyd "Pat" Patterson failed in his bid for his ninth pitching victory of the year as Vernon defeated the Big Spring Broncs, 6-3, here Wednesday night.

Patterson limited the Dusters to nine hits but was betrayed by five fielding misuses. He also issued seven passes.

Jim Tidwell, a recruit from the Big Spring sandlots, made his debut in a Bronc uniform and came up with a single in four trips.

Gasper Del Toro collected three blows in the Hoses' 12-hit assault.

Vernon earned but four runs off the tall Big Spring righthander, Grady Isbell, Bob Jones, Morris Kowser and Carl Kott each collected two safeties for the Vernons.

Bill Gibson, on the rubber for winners, shut the Steeds out until the eighth.

Babe Zaharias Wins Crown

GULLANE, Scotland, June 12. (AP)—Mrs. Babe Didrikson Zaharias of Denver, became the first American ever to win the British amateur golf title today by defeating Jacqueline Gordon of London, 5 and 4, in the 36-hole final.

The Denver girl's triumph, fulfilled the worst fears of the British, who now do not retain a single one of their own golf titles on their side of the ocean. Only two weeks ago Willie Turnesa of New York City, won their men's amateur crown in a final due with Dick Chapman of Pinehurst, N. C.

Sam Snead of Hot Springs, Va., won the men's British Open crown a year ago but will not return to defend his laurels next month.

Mrs. Zaharias, winner of 15 straight tournaments in the United States before she came here for the "only major title I have left to win," consistently outdrove her opponents all through the tournament.

LOOKING 'EM OVER

With TOMMY HART

Pat Stacy and his baseball Broncs received cheering news Wednesday.

The straw boss was informed by Claude McAden, club president, that at long last a pitcher is on his way here from Cuba to lend help to the local mound corps, which has been working under a handicap since Jose Traspuesto bowed out with a sore arm and went back to Havana.

Joe Cambria, Washington scout, sent McAden word via letter that he was sending out one Raul Villamea Lago, in his words, "a righthander with definite possibilities". Cambria went on to say in the message that Paul was underweight and could not be expected to be in tip-top shape upon his arrival but would not be long in attaining it.

Lago is a friend of Andy Viamonte, the local short stop who has been riding the bench because of a knee injury. Handy Andy gives Raul his stamp of approval, says he will win in this league.

With a five-man pitching staff, the Hoses expect to scrap any team in the league for the top rung. Cambria added in his note that he is looking around for still another hurler, that the locals can expect him later on.

Incidentally, Viamonte expects to return to the Bronc lineup around Sunday. His knee, injured when he collided with Mario Varona while chasing a fly ball, is coming around. He's sent to Cuba for a brace.

Andy was tagging the ball at about a 350 clip when he first left the lineup. He tried to play again some ten days ago and his batting average plummeted because he wasn't in good condition.

Kirk McKinnon, who has been serving as the assistant football coach at Lamesa for the past two years, is now in the drug store business. He recently purchased the Huddleston Drug in the Dawson county city.

Before accepting the coaching

Both Muncy softball league games booked for the city park diamond tonight have been postponed due to a conflict in schedules with the newly organized Church league.

In last night's games, Big Spring Motor and American Legion chalked up victories but the latter's win did not count in that the Legionnaires were forced to use several ineligible men.

The Motorists coasted to a 4-0 victory over ABClub behind the one-hit pitching of 15-year-old Connie Morrison. The youngster struck out six men and was never in trouble.

Charley Teague, Bill Brown, Billy Mims, J. Blackwell and Morrison connected safely for the Vbers.

Moore's Bulldogs chalked up their first Muncy win the easy way and that by forfeit.

Jewelers Play Roscoe At 8:15

Big Spring's baseball Jewelers, smarting from five successive killings, are set to take on the Roscoe All-Stars of the Cotton Belt semi-pro league this evening at Steer park.

The gem Setters dropped a 10-1 decision to San Angelo last Tuesday, causing Manager Freddy Aceton to issue an order for additional hitting practice.

Either Bill Brown or Wayne Johnson will hurl for Big Spring this evening.

All-State Hill Ace To Pitch Here Friday

George Hart, named to the all-state American Legion Junior team last year, is scheduled to take the hill for the Lamesa Legionnaires in their game here Friday night at the Steer park. Game time is 8:15 o'clock.

Hart recently made an appearance against a respected Carlsbad team and paced the Lamesans to an easy 15-9 win, striking out 11 men along the way.

Other members of the starting lineup for the Lamesans are due to be Lee, if; Watson, ss; Massengale, 1b; Rose, cf; DeVore, rf; Bizzell, c; Lattimore, 3b Phillips, 2b.

Several of the boys who will play here were members of the Lamesa high school baseball team last season.

The locals have been working out all week and will be in fair physical trim for the outing. However they will probably go into the contest as underdogs since they have not yet played a game this season.

Sports Advance On Loop Leaders With 7-3 Win

Houston may find things a bit crowded in the Texas League if Shreveport keeps on nudging closer to the first place perch.

The second place Sports found Tulsa fairly easy pickings on the home diamond, winning 7-3, while Houston bowed to a fighting crew from Dallas, 2-1.

Third place Fort Worth also came out on top last night, edging San Antonio 4-3.

Beaumont defeated the hapless Oklahoma City Indians, 3-0.

An outfield error in the first inning gave Dallas the two runs it needed to take out Houston. In the initial stanza Markland walked and the next two popped out. Then Hirshon lined a single to right. Vaughn Hazen let it get through him and both men came around. Houston tallied in the fifth from a walk, an error and a single.

Shreveport beat the Tulsans ergly through air-tight pitching with runners on base and timely hitting with men on the bags. Nick Gregory smacked out his fourth home run of the season in the opening inning for the sports with a drive over the left field wall.

San Antonio, things looked rather gloomy for the Fort Worthers until Danny Ozark's homer with one man on in the eighth. Those were the last two runs of the night—but proved enough to give Fort Worth a one joint win the series opener.

The Oklahoma City Indians, at the bottom of the loop, got a spanking in the first game of a short series at Beaumont. Burton Barkley shut the Indians on seven scattered hits to give the home club the game. Frank Stone homered in the fourth inning to deliver Beaumont's first score.

The same schedule will be followed tonight.

Lamesa Blanks Lubbock, 3-0

By The Associated Press

Clayton Fries was the man of the hour in the West Texas-New Mexico league today.

The Erger pitcher won two games in one night, going 13 2-3 innings and turning back Clovis 4-1 and 7-5 to push his club up to fifth place in hurling the first seven-inning tilt and all except one out of the seven-inning night-cap he gave up just nine hits and allowed only six runs. He struck out 16, walked four and hit a home run in the first game.

Clayton was a busy young man.

Leading Amarillo gained ground on second-place Lubbock by dividing a twin bill with Albuquerque, taking the second game 6-3 after dropping the opener 10-5. Lubbock lost to Lamesa 6-0. In the other tilt of the night Abilene broke its six-game losing streak by downing Pampa 10-9.

More than 100 million bushels of U.S. shelled corn are used annually to make starch, corn syrup and corn meal.

Pitching Improves Boston Sox's Flag Outlook In Junior League

By The Associated Press

Things were looking up for general Joe Cronin and his Boston Red Sox today.

Back in undisputed possession of third place, and in the midst of their longest winning streak in a month, the American League champions are beginning to look like the club that swept through the circuit like a prairie fire last season.

The old slugging bunch of Ted Williams, Bobby Doerr, Dum Dum Magglio and John Pesky still in the throes of a puzzling batting slump, but the pitching department appears to have taken a new lease on life.

The biggest lift, however, has been the return of lefthander Mickey Harris, and not because he is the court jester of the club either. The 20-year-old Southpaw, one of last year's Big Four, hadn't seen an inning of service on the mound until yesterday.

Making his first appearance of the '47 season, Harris pitched seven scoreless innings as the Red Sox won their third straight over the Cleveland Indians 3-0. Not since May 14 have the Red Sox won that many in a row.

The victory put the Sox only 2½ games in back of the league leading Detroit Tigers who divided a double header with the Philadelphia Athletics. The Bengals easily won the first game 7-1 behind the seven hit pitching of big Al Benton, but were shut out 4-0 in the nightcap by Carl Scheib, a 20-year-old unheralded rookie who was making his first major league start.

The split, however, dropped the A's into fourth place.

Another rookie hurler, Frank Shea of the New York Yankees, had his seven game winning streak broken when Don Kolloway tripled and George Dickey singled in the 11th inning to give Joe Haynes and the Chicago White Sox a 3-2 win in Chicago. The victory moved the White Sox into fifth place, six percentage points ahead of the In-

Bobby Locke Favored To Win USGA Open Golf Tournament

ST. LOUIS, June 12.—They tee off today in goldform's most grandiose show, the 47th United States Golf Association Open with South African Bobby Locke slightly favored to mow down 165 tense rivals on the short but deceptive St. Louis country club course.

Mustachioed 150-pound Lloy y d... Mangrum was defending his title in this 72-hole blue ribbon scramble, but the fellow to beat obviously was the red-hot importation from Johannesburg. South Africa, Arthur D'Arcy (Bobby) Locke.

Cloudy weather with occasional thundershowers was predicted as the phalanx of golf's big and little shots swarmed over the snug, narrow par-71 course which has plenty of trouble lurking in a 6,532-yard meander.

Locke, 29, winner of \$8,437 and four titles in seven U. S. meets within two months, was the favorite although Mangrum, leading P.G.A. money winner, Jimmy Demaret and Ben Hogan also got respectable nods from the bet makers.

The quest for a slice of a \$10,000 purse (for professionals) and the call for 18 holes today and tomorrow, when the field will be trimmed to 60, and a 36-hole windup Saturday.

Lloyd Mangrum Seeks To Repeat

ST. LOUIS, June 12.—They tee off today in goldform's most grandiose show, the 47th United States Golf Association Open with South African Bobby Locke slightly favored to mow down 165 tense rivals on the short but deceptive St. Louis country club course.

Ackerly Triumphs Over Lamesa, 16-8

ACKERLY, June 12.—Ackerly turned back Lamesa, 16-8, in a softball exhibition played here Tuesday night.

Leonard Higgins hit a brace of home runs for the home town team while Ed Hall, Skinny Higgins and Alton Lewis banged out one each.

Townie, Lamesa player, banged out a grand slam homer for the losers in the sixth frame.

Lamesa..... 010 106 0-8
Ackerly..... 610 306 2-16

Hancken Named Feline Pilot

BALLINGER, June 12.—Buddy Hancken, who received a major league tryout before his entry into the armed forces, has replaced Stu Williams as manager of the Ballinger Longhorn baseball league club.

Williams, the league's leading hitter, will remain with the Felines, according to club president Bill Moore.

Hancken saw service in the Texas league, American Association, Pacific Coast league and International league. He had a brief trial with the Philadelphia.

Red Paper In Greece Hits U.S.

ATHENS, June 12.—The communist organ Rizospastis today attacked the American program for aid to Greece, describing it as "crude, uncoincidental intervention" and declaring it was designed to make Greece "anti-Balkan and anti-Soviet."

The paper also referred to Dwight P. Griswold, chief of the American mission to Greece as the American "Gaulther"—a term applied by the Nazis to German governors of conquered territories.

Methodist Camp Plans Proposed

HOUSTON, June 12, (AP)—Plans for a Texas conference Methodist camp which will ultimately house \$500,000 worth of installations were presented to the annual session of the conference in First Methodist Church.

Deed to the 400-acre camp site county was presented to the conference by a committee of citizens from Anderson county this morning. The campsite committee asked for \$66,150 to bring the camp into operation.

Approval of \$123,000 for Wesley student center foundations was requested by the committee on the foundations. The more than 600 clerical and lay delegates also were to hear a report today on a \$1,800,000 campaign for the new Methodist hospital in the Texas Medical Center.

Pert Time Bouncing By Police Cancelled

PASSAIC, N. J., June 12.—Police chief Edward Boyko won't let his men take off-duty jobs as bar room bouncers any more. Too many have been beaten up, he said, causing a manpower shortage on the force.

Salary Boosts Granted—

French Railroad Strike Ends

PARIS, June 12 (AP)—The French government granted French railroad workers salary boosts today, thus ending a six-day national rail strike, the worst transportation tieup in the country's history.

The railroad workers union ordered its members back to work after an all-night series of conferences at which agreement was reached for settling the work stoppage, and five minutes later Premier Paul Ramadier and Transport Minister Jules Moch signed the accord, making its terms official.

Under the agreement, the government promised to increase rail workers' salaries for the last half of 1947 by a total of 9,900,000,000 francs (about \$83,000,000). The figure represented a compromise between union demands for 12,000,000,000 francs and a government offer of 8,000,000,000.

Railroad management also agreed to push a reclassification survey which would be put into effect Jan. 1, 1948. Entailing other salary increases for workers

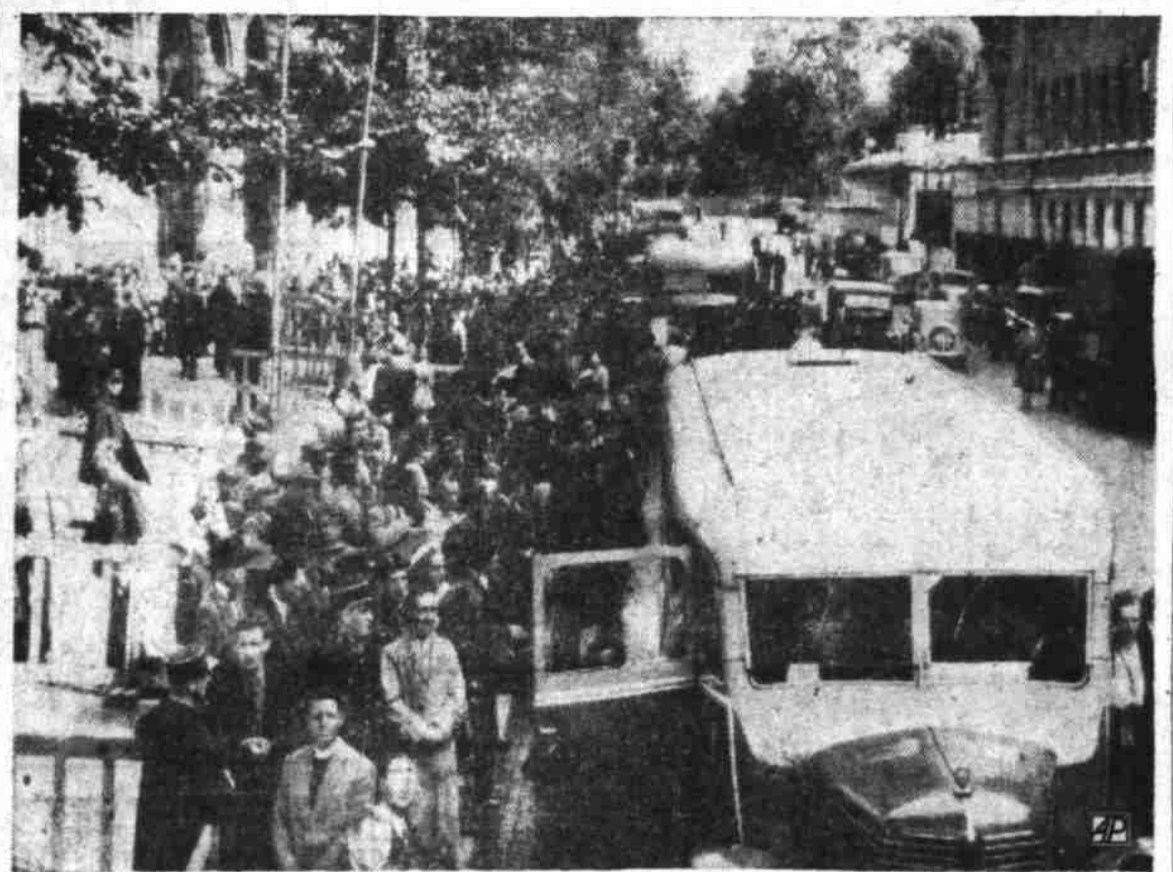

advanced in classification, and promised improved working conditions.

Although the order for the trains to start running went out at 4:45 a. m., officials said they

expected it would be two or three days before service was back to normal.

Ramadier achieved a technical victory in the settlement. He had insisted throughout the strike

that he would not negotiate "under the menace" of transportation paralysis—that is, until the unions ordered the men back to work.

BUSSES CARRY STRIKE-BOUND PASSENGERS—Travelers heading for such towns as Reims, Orleans, Lille and Calais crowd around privately-operated buses at Invalides railroad station at Paris as the general strike stopped nearly all trains in France. (AP Wirephoto).

Aleman Checks Foot And Mouth Disease Fight

MEXICO CITY, June 12.—President Miguel Aleman smoothed out rough spots in the fight against the foot and mouth disease among cattle in 16 states in nearly a week's first-hand inspection completed yesterday.

The president drove over affected ranches, talked directly with big cattlemen and with families that have one or two cows, which serve also to pull plows and haul crops. He quelled the fears of the little fellows by guaranteeing they would get mules, horses or healthy cows if theirs were slaughtered and he exacted pledges of full cooperation from some reluctant ranchers who doubted the need for killing thousands of cattle as a preventive measure in some areas.

The president, who is head of the foot and mouth disease campaign was able to convince many of the need for prompt action by showing good results in certain districts where the disease appears halted and by the example of the United States which is paying half the cost to make sure the disease does not spread northward.

\$22.50 'Just To Be Sociable'

MIDWESTERNER HAS A PHONE CHAT WITH RUSSIA'S MOLOTOV

OELWEIN, Ia., June 12.—M. E. Schroeder, 30-year-old railroad fireman, told today how he put through a long distance call to Russian Foreign Minister Molotov "just to be sociable."

"It was the best \$22.50 (plus tax) I ever spent," Schroeder said in recounting the conversation which took place Sunday.

Schroeder said he reached Molotov at the Kremlin after a four and a half hour wait.

Molotov, he said, sounded somewhat surprised and asked: "Are you in politics—Do you

want to talk about international affairs?"

"No, I'm just an ordinary fellow who wants to be sociable," Schroeder said he told the Soviet diplomat.

"We talked about railroading briefly and then Molotov asked about the place I was calling from," Schroeder continued. "I told him about the Midwest."

"Then he turned the phone over to his secretary and three or four other girls in his office butted in on the call."

Reds Say US Wants Empire

MOSCOW, June 12.—Trud, Soviet trade-union newspaper, reported today "appeals to interference in the internal affairs of the Hungarian Republic" had been published in the United States press.

"The foreign friends of Hungarian people from now on will more readily defend the country from efforts to make it into a vassal."

Trud noted that the U.S. had withdrawn a \$15,000,000 credit to Hungary since Ferenc Nagy of the small landholders party had re-the premiership. It said the Hungarian public had asked, "does not this decision mean that some American circles have placed special hopes on Mr. Nagy as executor of their expansionist plans in regard to Hungary?"

Pravda, communist party newspaper, said the U.S. in "offering its 'aid'" to Turkey was showing a "complete disregard for Turkish Sovereignty, authorizing special military plenipotentiaries not only to determine the program but even the leadership of its fulfillment."

In an article written by Commentator Vershinin, Pravda declared that Americans were "stationing themselves in the country as masters" and that "the prospect of becoming an American colony deeply worries Democratic circles in Turkey." He noted that two military missions and two high naval officers from the U.S. had gone to Turkey and said:

"It is well known that the Americans are seeking a base for a fleet in the eastern Mediterranean... visualized as an American Singapore."

Verdict Asked For Against Japanese War Criminals

TOKYO, June 12. (AP)—President Sir William Webb told defense counsel today that unless rules of the international military tribunal are obeyed, "we may have to close" the 14-months old war guilt trial and "come to a verdict."

The admonition prompted defense counsel Owen Cunningham of Des Moines, Ia., who has clashed frequently with Sir William, to withdraw an affidavit of Yoshie Saito, legal advisor to the late Foreign Minister Yosuke Matsumoto.

Cunningham had complained that despite the best efforts the defense staff in the trial of Ex-Premier Hideki Tojo and 24 co-defendants had been unable to eliminate opinions and conclusions from the affidavit testimony of Japanese witnesses.

He asked the court to disregard opinions and conclusions and admit Saito's affidavit, saying he could see no other way of presenting evidence under the circumstances.

"I make no charges and I voice

no suspicions," said the tribunal president, "but if the defense wants to prevent us from ever reaching a verdict, this would be the way to do it."

Cunningham opened defense testimony on the 1940 tripartite pact between Germany, Italy and Japan with introduction of a series of diplomatic exchanges between Japa and Germany in 1938 and 1939. He sought to show the Nipponese felt the Nazis showed bad faith in concluding a non-aggression treaty with Russia in 1939.

The attorney declared the Japanese were forced to turn to alliance with Germany and Italy to strengthen her international position because the United States had failed to "reciprocate" when Japan sought to improve relations with America.

Ft. Stockton Group Advertises Show

A delegation composed of 10 residents of Fort Stockton, headed by Paul Counts, chamber of commerce manager, visited briefly in Big Spring this morning to advertise the annual Fort Stockton Water Carnival scheduled for June 19-21.

Others in the party included Sam Lloyd, Darrell Smith, Harrison Bullock, C. T. Messary, Mr. and Mrs. J. M. McDonald and R. A. Cleveland, all of whom are engaged in business at Fort Stockton.

Mrs. R. D. Blaydes of the Red Cross and Mrs. Counts, while in Big Spring, they called on local merchants and the chamber of commerce to distribute placards and posters advertising the water carnival.

Hambrick Trial Nears Jury Stage

The trial of Dean Louis Hambrick, charged with driving while under the influence of intoxicants, neared the jury in county court this morning.

Members of the state highway patrol, the arresting officers, and a Rev. Jones of Lamesa, a witness for the defense, paraded to the stand before Judge Walton Morrison called a noon recess.

Donald Hall Burrus, Colorado City, was acquitted of a similar charge in a case completed late Wednesday.

Contractors Paid \$15,000 For Work

Contractors doing work for Howard county farmers and ranchers under the government purchase order plan have been paid \$15,330.26 since Jan. 1, according to a statement issued by the local AAA office.

Of this amount, \$7,390.76 went for terraces, \$3,252 for dams, \$2,052 for wells and \$2,635.50 for the elimination of cacti and mesquite.

Clark Investigates Gas Prices In West

WASHINGTON, June 12. (AP)—Attorney General Tom C. Clark said today a Federal grand jury at Los Angeles will investigate increased gasoline prices in the mountain states and Pacific coast area for evidences of monopolistic activity.

Clark said that since price control on gasoline was removed last July, average prices in those areas have gone up approximately three cents a gallon.

"Since a comparatively small number of companies occupy a predominant position in the two areas," Clark said, "considered action to restrict competition may place in the hands of a few companies the power to fix monopolistic and noncompetitive prices on the sale of gasoline."

Sheriff Wolf Gets Thieves At Canyon

Sheriff Bob Wolf departed this morning for Canyon where he was to pick up two men wanted here in connection with the theft of six pigs from the Big Spring State hospital.

The two, E. C. Parker and John Cantrell, recently received prison terms of four years each on similar counts in Canyon.

Social Security Applications May Be Filed Monday

George Clark, manager of the Social Security Administration's San Angelo office, will be in Big Spring Monday to take applications for benefits under the Federal old-age and survivors insurance program and to conduct other business connected with the Federal family insurance program.

Clark has urged all employees of industry or commerce who have reached the age of 65 to confer with him on the advisability of filing applications for retirement benefits for which they may be eligible.

Clark is scheduled to arrive at the Texas State Employment Service office, 112 West Second street at 10 a.m. Monday. Where wage earners in employment covered by the Social Security Act have died, members of the families should inquire at the earliest possible date about filing applications for benefits, Clark said.

Monthly benefits are payable retroactively for a maximum of only three months before the date of filing. Therefore, any long delay in making application will result in loss of benefits, Clark pointed out.

Venezuela derived its name from early explorers who found its dwellings built on piles similar to those in Venice; hence "Little Venice" or "Venezuela."

MANUFACTURED BY GREAT LAKES STEEL CORP.

From where I sit... by Joe Marsh

Here's to the Women-Folk!

There's a line at the heading of the Woman's Column in my paper that reads:

"Women through the years have stood keepers of the flame..."

Pretty easy to see what it means; whether it's the flame on the hearth, or the candle in the window, or the feeling of warmth that surrounds a home.

It's the women who are guardians of the things we cherish about homelife—who are tolerant of ashes on the rug; the rings a glass of beer can leave on tables; or the comfortable but too-worn chair that we can't bear to throw away.

From where I sit, those little satisfactions become more and more important in this world of strife and change. Smoke rings curling from a mellow pipe; a glass of beer; a comfortable chair before the fire. And I'd like to salute the housewives—"keepers of the flame"—whose tolerance and understanding helps preserve them!

Joe Marsh
