## Adult Education Classes To Begin

Adult education classes are to be offered by the Hereford Independent School District beginning with enrollment on November 7, 8:00 to 10:00 p. m., in the Hereford High School, according to Bob Holman, assistant superintendent in charge of curriculum. Holman said a variety of courses will be available initially with additional courses offered as interest warrants.

Courses will be offered in typing, bookkeeping and shorthand; all of which are beginning courses that will be taught approximately 100 hours. Shorter courses of approximately 30 hours will be offered in

welding, operation and maintenance of farm machinery, small and large engine repair, engine transmissions (automatic and electrical systems and tune-up, conventional), crafts (furniture repair and finishing, woodworking, etc.), and similar courses that are designed to prepare an individual for employment or to train or retrain a person to increase his occupational knowledge and skills in his present job, Homan said. All classes are subject to a minimum enrollment of ten (10) persons and the employment of a qualified instructor.

In as much as the named courses are designed to prepare individuals for employment or to improve the occupational knowledge and skills in the individual's present employment, all are approved by and partially financed by the Texas Education Agency. Because of the financial support from the Texas Education Agency and the willingness on the part of the local district to furnish equipment and facilities, the cost to students has been greatly reduced, he said. The cost to the individual, Holman pointed out, will be dependent on class enrollment but in no case will it exceed twenty cents per clock hour of instruction. The exact cost will be determined after enrollment with those having the largest enrollment having the least tuition cost. Thus, a course of 50 hours in length could not cost the individual more than \$10.00; but, it may cost less. In addition to tuition cost, a student will be expected to purchase any consumable supplies needed for his personal use.

For adults who are not necessarily interested in improving knowledge and skills for employment purposes adults who would want a course simply for enjoyment or self-improvement courses will be offered if a group of ten or more are interested. Initially, courses in art, advanced English, conversational Spanish, amateur radio communication, recreational physical education, speed reading, Bible study, and basic elements of flying (aero-space education) are to be offered. Tuition for these courses will necessarily be more than the vocational courses since no funds are available from the local school or the Texas Education Agency for courses of this type. Tuition will vary from \$25.00 to \$35.00, depending on length of the course, according to officials of Hereford Schools.

One of the most popular courses being offered in adult education in Texas, if the number of enrollees is a criteria, Holman said, is a course designed to teach reading, writing, speaking the English language, and fundamental skills of basic arithmetic. This program is called Basic Adult Education and is wholly financed by the Texas Education Agency. At the present time the approval of this program is pending the outcome. See ADULT Page 2

## Sheriff Speaks To Paisano Lions Club

Members of the Paisano Lions Club were urged during their regular meeting Monday night to help keep Latin Americans in Hereford the year around, making them useful citizens.

Deaf Smith County Sheriff Ed Roberson explained that "the days of immigrant labor are coming to a close due to mechanization" and members of the Paisano Lions Club could help the Latin American people make the transition.

Roberson stressed the importance of getting the Latin American youngsters interested in the school sports, band and other activities. "There is a gold mine in the people there and we're not taking advantage of it in many cases."

## Construction To Start On Road

Work will begin October 30 on new highway construction project on FM 2587 from the intersection of that route and U. S. 385 to FM 809, the Dawn-Wildorado road, according to an announcement from the Texas Highway Department. The construction will consist of grading, structures, base and surface treatment, the announcement said. This is part of a three-phase Farm-to-Market road construction program instigated last year by the Texas Highway Department and the Deaf Smith County Commissioner.

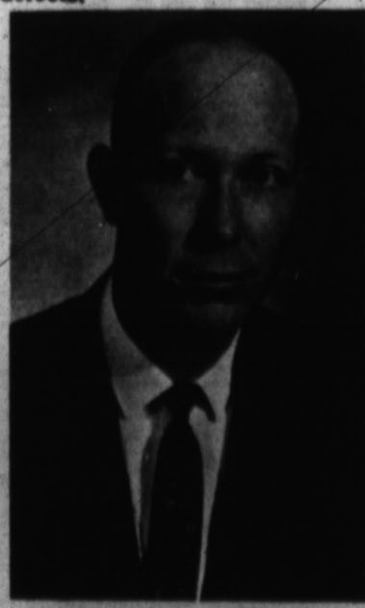

The Texas Highway Department and the Contractor, Gilvin-Terrill Inc. of Amarillo, stated that the construction will be completed by February 15, 1968. William V. York, Resident Engineer of the Texas Highway Department in the Hereford area explained that traffic will be routed through the project. Mr. York pointed out that barricades and warning signs will be prominently displayed, but motorists should exercise extreme caution in passing through this area.

## Russell Named To Head Fund Drive

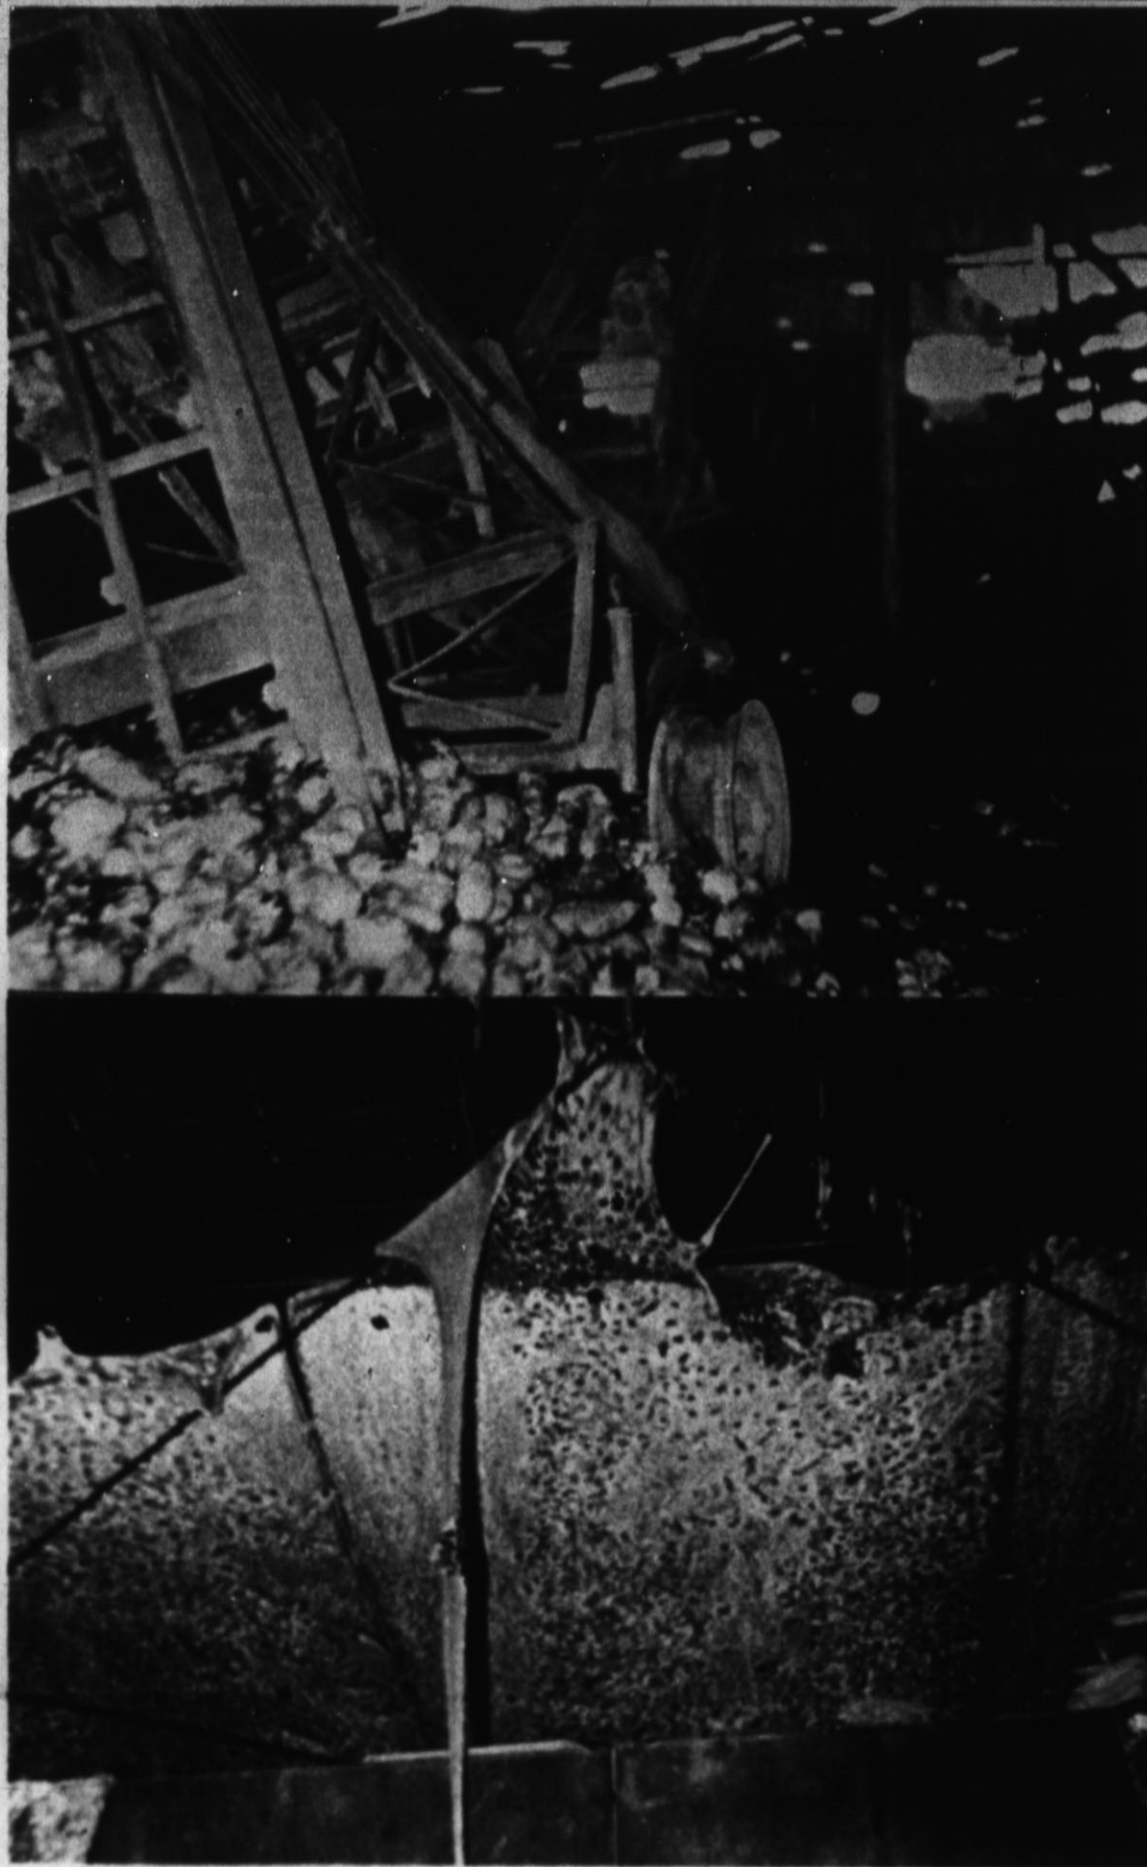

W. C. Russell, partner in the accounting firm of Brown, Graham and Glover, has been named fund drive chairman of the 1968 March of Dimes campaign, according to John D. Alkin, National Foundation County Chairman.

Russell, a resident of Hereford since 1959, is a graduate of West Texas State University, receiving his B. A. degree in the Spring of 1959. He is married and has one daughter, Vicki, a second grade student at Northwest Elementary. Russell is a member of the local Lions Club.

In preparation for the campaign, which will be held during the month of January, Russell will attend a meeting in Denver, Colo., November 16-17, sponsored by the National Foundation for drive chairman. Russell said Wednesday that workers for the campaign had not been picked at this time, but would be prior to the January fund drive. He said that he would make plans to include the annual Mother's March

DAMAGE SCENES — A minor portion of the damage caused in a fire at the Jorde Potato Company shed Monday night is shown. The top picture shows one piece of equipment badly damaged and possibly destroyed by the fire. The lower photo was taken in a small building next to the fire and shows the melted insulation which had also lined the walls of the larger building.

## Damage Heavy In Potato Firm Fire

A large metal building and numerous pieces of equipment owned by the Jorde Potato Company were destroyed in a major fire Monday night which Hereford fireman described as creating "unbelievable heat!"

Damages from the fire, which may have been going for many hours before it was found after 7 p. m. Monday, were estimated at approximately \$35,000. The building had been evaluated at about \$16,000 and the remainder being in equipment and the produce in the potato shed at the time.

Firemen for a time could not understand why the fire had been so hot and how it had covered the entire building. While they were inspecting the destruction Tuesday morning, Fire Chief J. W. (Jap) Dickerson and Fire Marshal Terry Hale were told that the entire building had been insulated with styerfoam about two inches thick.

There was no trace of the insulation in the large building, but much was found in the smaller building immediately south. A match was placed to some of the insulation by the firemen to see what would happen. The styerfoam was slow in starting to burn, but became hotter as it spread and then began dripping fire, which burned for a long period of time.

Dickerson and Hale theorized that during the fire Monday the insulation had caught fire and spread throughout the building, dripping fire. The heat was intense enough to warp the steel girders, turn the metal building a glowing red during the height of the blaze, and damage the cement flooring in spots.

The fire was believed to have originated in or near bales of sacks in the southwest corner of the building and spread from there. Firemen said sacks piled in such a manner have been known to smoulder for hours before breaking into flames. Many of the bales were still in the wreckage Tuesday, with some of the sacks only singed around the edges.

Workers had been processing potatoes earlier in the day so many piles of the produce were ruined by the fire. Many of the potatoes were still on the conveyor belts which were heavily damaged.

When firemen arrived at the scene, the 100-by-40 foot building already was an inferno. They began fighting the blaze immediately and the combination of heat and the cool water caused

one flare up when an electrical unit was sprayed.

## Chartered Buses Perryton Bound

At least one bus and probably two will be chartered by the Hereford Whiteface Booster Club for the trip to Perryton Friday night for the football game between the Whitefaces and the Rangers.

Plans call for the buses to leave from behind the high school building promptly at 3:45 p. m. The buses will be ready for loading at 3:15 p. m.

Debbs Knox, Booster Club treasurer, said Wednesday afternoon that if one bus had been filled by noon today (Thursday) he would order another one at that time.

Price of the round trip tickets is \$6.90 per person and includes all the chicken the passenger can eat. There also will be other food and soft drinks. The bus is expected to arrive in Perryton shortly before 7 p. m.

Reservations may be made by calling Knox at the Hereford Bakery.

## Mother Rescues Children From Burning House

A near tragedy was averted early Sunday when a mother carried two of her children from a smoke-filled home at 232 Avenue J.

Eveyn Rutherford said she awoke about 8 a. m. to find the house "real smoky. I tried to get down the hall to the kids rooms but I couldn't see or breathe."

Mrs. Rutherford then went back to her bedroom, raised the window and knocked out the screen. She went first to the room of her son, Rusty, 5, because she had thought the fire was in his room. She pulled the screen off there and brought him out.

Rusty was sent next door to tell neighbors to call the fire department while Mrs. Rutherford went to the room of her oldest daughter, Ricci, 10. The girl also was awakened and brought out through the window. Another daughter had spent the night with a girl friend.

When they arrived, firemen found a fire in the living room centered around a sofa. Destroyed was the sofa, tables, radio and stereo, while there also was considerable smoke damage.

Firemen theorized that a cigarette had dropped onto the sofa and had been smoldering for hours. All units of the Hereford Volunteer Fire Department answered the call and remained at the scene about an hour.

TOTAL LOSS — This 1966 Opel Cadet was considered a total loss following an accident in the 200 block of Avenue K about noon Tuesday. Two Hereford High School students were injured in the accident, with one of them being placed in the hospital.

## Two High School Youths Injured

One person was hospitalized and another treated for injuries following a one-car accident at 11:48 a. m. Tuesday on Avenue K, just south of the intersection with Grand Avenue.

Wesley D. Carter, 17, of 209 Avenue K, was listed in good condition before noon Wednesday in Deaf Smith County Hospital where he was receiving treatment for lacerations of the head. Released after treatment for lacerations of the forehead following the accident was Lenory Petree, 17, of 213 Avenue K. Both are Hereford High School seniors.

Police said Carter was driving a 1966 Opel Cadet east on Grand Avenue, made a right turn onto Avenue K and crashed head-on with a tree on the west side of the street 189 feet south of Grand Avenue. There were no skid marks except those made by the turning car, said officers.

The vehicle, owned by George E. Brashear, was considered a total loss, as damages were approximately \$1,400. The youths were injured when they struck the windshield of the car, which had been borrowed so they could go home for lunch.

## Commissioners Offer \$200 Reward For Vandalism Info

In an attempt to stop the destruction and vandalism to county equipment, Deaf Smith County Commissioners voted Monday to offer a \$200 reward for information leading to the arrest and conviction of anyone causing such damage.

Commissioners said that numerous county signs have been heavily damaged recently from being shot, the heavy machinery has been shot, the windshields broken and signs often are stolen.

"The expenses incurred by the vandalism are bad enough," said one commissioner, "but it's very dangerous to traffic when we put up a sign and someone tears it down." Commissioners said no questions would be asked of the person who submits the information about the vandals.

Deaf Smith County Judge H. C. Williams presented commissioners with a detailed notice from the Texas Water Quality Board in Austin informing the commissioner that Caviness Packing Co. of Hereford has filed an application for a permit to discharge water from the meat processing plant, located a mile west of the Hereford city limits.

According to the notice, Caviness Packing Co. is asking permission "to discharge up to an average of 20,000 gallons per day of industrial wastes from a meat processing plant. . . . The wastes are discharged into oxidation ponds adjacent

to the plant site in Deaf Smith County, Texas in the Upper Red River Basin and are to be used as land irrigation."

"There will be no overflow to Tierra Blanca Creek," the notice stated.

A conference with a Hearing Examiner of the Board will be held at 9 a. m., Nov. 7, in the Board Room of the Water Quality Board, 1108 Lavyaca Street, in Austin, "at which time interested persons may appear and present data and information concerning the application."

Hugh Yantis Jr., executive director of the TWQB, stated in the letter to commissioners that "persons desiring to comment on the granting of the application should file written statements with the Board office and with the applicant at least five (5) days prior to Nov. 7, giving the information required by Board Rule 320.3."

"Anyone desiring to file a statement is urged to base the information presented upon facts and data related directly See COMMISSIONERS Page 2

## Balloting Starts On Amendments

No absentee ballots for the Nov. 11 voting on constitutional amendments had been received at the Deaf Smith County Clerk's office by Wednesday afternoon.

Absentee voting began Monday and will run through Nov. 7, four days prior to the voting. Any person 21 years of age or older having a registration certificate is eligible to vote.

Amendments to be voted on by qualified Texas voters include:

Amendment No. 1 — Authorizes Counties to put all county tax revenue into one general fund without regard to source or purpose.

Amendment No. 2 — Permits municipalities, political subdivisions and state supported entities located within a hospital district to participate in the establishment and operation of mental health, mental retardation and public health services.

Amendment No. 3 — Extends the Veteran's Land Program by

authorizing the sale of \$200 million of state bonds to purchase land to be sold to veterans and expands the program to include veterans of Vietnam.

Amendment No. 4 — Authorizes counties to pay medical, doctor and hospital bills of county law enforcement officers for injuries received in line of duty and to continue to pay salaries of injured officials during period of incapacitation.

Amendment No. 5 — Authorizes the Parks and Wildlife Department to issue and sell general obligation bonds in the amount of \$75 million to finance acquisition and development of lands for state parks and recreational areas.

Amendment No. 6 — Permits non-elective state officers and employees to serve in other non-elective positions under the state or United States government where there is no conflict of interest and where the state will benefit.

 to the pollution effects of the proposed waste discharge on the uses of the waters in the state. Under the Water Quality Act of 1967, determinations by the Board must be confined only to those matters which may affect water quality, and any other basis for protesting is beyond the jurisdiction of this Board.

"The Examiner will prepare a written report for the Board prior to submission of the application to the board for decision. In making a decision, the Board will consider the factual data and recommendations which are contained in the Hearing Examiners' report as well as any timely filed written exceptions to this report. A copy of this report may be obtained upon request to the Board."

"Information on procedures for making exceptions to the findings and recommendations in the Examiners' report will be furnished on request. The Hearing Examiner may continue the conference on this application from time to time and from place to place as may be necessary to develop data and information material to this application," stated Yantis.

"No additional formal notice of any further proceedings on the application will be given except in limited situations."

The application submitted by the Caviness Packing Company states that the industrial waste (waste water containing blood and grease) will be discharged into a three pond oxidation system.

In other action, commissioner met with Wandell and Arno Massie of Clovis, N. M., to discuss purchasing of land east of the city along U. S. 60. Commissioners told the brothers

(Continued from Page 1)  
 of allocations to programs that were approved in early summer. The Hereford School District has made application but will not know for two or three weeks. According to Holman, nearly 374,000 adults have taken part in this program during the last two years in the United States, of which 85,888 were Texans. Many of the participants learned to read, write, and or speak English for the first time. It is proposed that three classes will be offered in this program: (1) one class (basic level) for adults who read and write little or not English, who could be classified on an instructional grade level of zero to third grade—(2) class two (intermediate level) designed for adults who have competencies of fourth grade level to sixth grade level—and (3) the third class (upper level) for adults who have sixth grade competencies but lack skills comparable to eighth grade level. The major objectives of this basic program will be to teach adults not only the skills of communicating in English but competencies in basic education that will enable each to become more knowledgeable in areas of citizenship responsibilities, family and community relationships, employment and occupational opportunities. Holman said, and training requirements and availability of training programs designed to prepare individuals for job opportunities. Again this phase of the program has to be approved by the Texas Education Agency, and there is a possibility that this could be delayed for some time or not be allowed.

### Twenty-eight To Receive Communion

Twenty-eight children will receive their First Holy Communion at the 8 o'clock Mass on Oct. 29. A breakfast will be served at the school auditorium to honor the boys and girls, as well as their teacher, Sister Celine, and the very Rev. Father Angelus Delahunt, S. A., who will celebrate the Mass.

Coffee, juice, and rolls will be served in the cafeteria for the parents and families of the honored guests.

 tric Cooperative was summoned to the scene and used to combat the fire from above. The fire had burned out the skylights and firemen used the hcles in the roof to spray the flames.

Holes also were knocked in the building at strategic points so firemen could bring the blaze under control. Flames and smoke from the fire could be seen from more than three miles away and hundreds of Hereford residents rushed to the scene to watch.

Firemen had the fire extinguished shortly after 9 p.m., but remained at the scene some two more hours making sure there would be no more outbreaks and reloading their trucks.

A 15-20 mile an hour wind slightly hampered firemen during the fire. They also had to pump water from an irrigation ditch and make trips to water

### FIJI FAMILY PLANNING

SUVA, Fiji — The Fiji Family Planning Association reported some success in its effort to reduce this colony's high birth rate.

It said in its annual report that attendances at the British colony's family planning clinics were good in 1966 when the birth rate was 34.87 per 1,000 of population. Ten years ago the rate was 41.91.

The association said its target was to reduce the rate to 25 per 1,000. (Rate in the United States in 1965 was 19.4 per 1,000.)

Just over half of Fiji's 483,000 people are of the Indian race.

### RATS WORSENEED FLOOD

NEW DELHI — Rats were blamed for some of India's flood problems during the 1967 monsoon.

Irrigation Minister K. L. Rao visited one area where a canal embankment gave way, flooding a large area. He said the bank had been weakened by rat holes.

**MAILBOXES**

Constantly I am looking watch ing, and studying on things that can be done to make our town more beautiful and attractive. Recently I took time to drive about town, and I looked and looked. Some things were pleasant and brought pride to my heart, others . . . not so good.

Perhaps the biggest eye-sore noted was the vacant lots which shows they have had no care at all. There is a residential lot, near mainstreet that is real un-sightly. It is located near one of the loveliest buildings in town, and in a very well kept part of town. It is completely covered with weeds, and other abnoxious growth, parts of an old broken tree, papers blown by the many winds, and other debris. Not only is it most unsightly, but it is a fire hazard. It also is a de-traction to the entire sur-rounding area. Each time I note such, I am reminded of a club motto; which is "Civic beauty is a civic DUTY."

Another detracting item that could be turned into beauty spot are the mail boxes and their surrounding area. This is also applicable to the rural mail boxes. Any receptacle that is used for the handling of the USA Mail is important, and should be so treated.

In recent magazine there was an article written by Alice Up-ham Smith, in which was ex-pressed the same line of think-ing.

"MAILBOXES CAN BE BEAU-TIFUL. Along suburban streets and rural roads mail boxes are a standard part of the scenery, and a necessary item. Little has been done over the years to make them a help to the land-scape." Some are well cared for, have been attractively plant-ed around, . . . while others are unsightly, and harbor weeds (in which snakes can hide) grass es, etc. Some are dilapidated looking, rusty and just plain ug-ly.

Why not plan the planting around the mailbox to harmo-nize with the landscaping of the house, and its architecture. Make it a part of the landscape. This is a small area in which a little imagination can go a long way.

One of the first considerations is that the box and its structure should and must be sturdy. It is required that it be entirely functional for the mailman, and meet standard requirements. The mailbox is used twice daily once by the mail man and once by the recipient. Therefore it should be sturdy and usable for all.

The mail box and its ac-cessories should be included in the over all landscape plan. There-fore any planting or structural materials should be harmonious. The base plantings should be low enough and small enough not to get in the way of opening the box. Use dwarf or very slow growing shrubs such as box-wood, pigmy Barberry, prost-rate junipers, such as 'Andorra' or 'Procumbens' informally.

Ground covers are suggestive plant materials, some of those which are recommended are Ajuga, Vinca minor, English ivy (the later can be used to trail low or to cover the uprights, but should be restrained, so that it will not interfere with mail de-livery). For color accent petunias, dwarf marigolds, ornamen-tal peppers, and periwinkle Vin-ca, a good variety is Rose Car-pet. Bulbous plants may also be used, such as Emperor tulips, grape hyacinths, and daffodils. If the mailbox is located some distance from the house in an urban area, one does not want to invite vandalism by using planting materials that are too expensive and would be easy to lift by the passers by.

The chief idea is that the plant-ing, structure and box be at-tractive, and as carefree as possible. Some native plant-ings are adaptable for such, which have attractive heads or foliage and yucca. Another plant-ing which would be interesting and pretty are grains, wheat and millet both have attractive foli-age and the grain heads are pretty.

Another important item rela-tive to the mailbox is that the NAME be legible and large enough print to be easily read. It is real interesting to drive in the rural area and note the names, and when one locates a friends home it is real thrilling. On the other hand it is frustrat-ing to not find a name on the box, if one is looking for a cer-tain family or person. So wheth-er in town or in the country have the name well printed and large enough to be read easily. This should be in keeping in color and style to the structural part, and the plantings.

For a house decorated with wrought iron, repeat the wrought iron pattern in the mailbox sup-ports. (My sister Mrs. Pink H. Gilliland of Amarillo, has used wrought iron mount to her house number. It is very pretty) Set the wrought iron in the center of a square of gravel, un-der which tar paper or polyethy-lene has been used to keep the weeds from growing through. Add brick for a facing, laying the brick flat (this makes it easy trimming for the highway men).

If in an area which is arid and one easy to maintain, make a circle, square, rectangle, or whatever design you choose, of gravel or chipped marble in a metal rim buried in the ground. Set three 6 inch tiles sunk at different level in the gravel bed, and plant in these succulents, or other plant materials of your choosing. Other containers may be used, it is suggested however that they be sturdy and of ma-terials which would not draw heat or cold, and would not hold excessive moisture from rain or snow.

It is advisable to use care in the placement of your mailbox, making sure that there is good drainage around the entire area so that the person picking up the mail will not return to the house with muddy shoes.

In our locale, an interesting arrangement could be made of driftwood, properly placed with plantings of cacti or succulents around the base. In selecting the succulents select some that have pretty blossoms.

So lets make Hereford more attractive by doing some plan-ning and planting around the mailboxes. It is very unsightly to pass by a lovely home which has attractive grounds, and see RIGHT out in FRONT an, un-sightly mailbox in an old tin bucket or some other ugly con-tainer, weeds growing around the base, perhaps a ricketty post and an unpainted mailbox. It is a pleasure to create beauty. . . and it is catching.

Have you seen the beautiful willow tree on the north east corner of the Courthouse ground It is a beautifully formed tree and will be really pretty when it takes on its autumn dress. Take care in noting the yards and gardens that show, contin-ued maintenance and beauty, even though the season is wan-ing. It is a temptation to let down when the summer is past, but our fall flowers should have loving care and attention too.

**Plant Tour Highlights Meeting Of Garden Club**

A tour of Holly Sugar factory was the feature of Bud To Blossom Garden Club's meeting Friday morning, following a brief business and report session in the home of Mrs. Bob Cooper.

Mrs. Bruce Brown presided for an informal report by Mrs. Hubert Stoenner on a trip to Lub-bock made by a number of club members the previous Saturday.

A highlight of the trip was a

visit with Mrs. Doug Lively, the former Jo Steele, who was a Bud To Blossom Club member when she resided in Hereford.

Mrs. Lively conducted the Hereford group on a private tour of the Lubbock Garden and Art Center, where rose gardens and display of blooming chrysan-themums were much admired.

A flower show staged by Lub-bock garden clubs proved inter-esting, with numerous hortical-tural entries and fall flower arrangements. Another beauty spot was the home of Mrs. Bill Nelson with a "magazine pic-ture" backyard, green lawn and a low border of white mums around flower beds with red cockscomb in the background. Guests who accompanied club members on the Holly plant tour were Mmes. Lloyd Neville, Jess Robinson, Herman Schelton and G. S. Wheeler.

**Square Dancers To Organize**

An effort is now being made by local square dancers to form a club for Hereford. All inter-ested square dancers, new or old are cordially invited to meet Friday, Oct. 27, at IOOF Hall at 8 p. m.

The caller will be Bill Her-rick of Amarillo. All new mem-bers should meet with the cal-ler to set time and date for les-sons. Everyone is urged to bring friends and neighbors as they will help decide if a club can be formed. For further infor-mation, contact Jack Ambold, 364-2746.

this in the yard and gardens, be sure and check the alleys. . . they need attention too.

If you wish to conserve some of the chrysanthemum blossoms, break off long sturdy stems, re-move all the lower foliage, and place in deep water in a cool place. These will stay pretty for several weeks. And you will be GLAD you did.

Mrs. Ray Polan is leader of the group.

**Carroll Attends Water Meeting**

Onias R. Carroll, Water Superintendent for the City of Hereford has attended a meeting of the executive board of the Texas Water and Sewage Works Association, held October 18 in Oklahoma City.

The matter of a critical shortage of qualified and skilled water utility employees was brought before the 5,000 member association as a matter of urgency. Water Utility members report shortages during the past twelve months have increased from 20 to 50 percent.

Haskell R. Street, President of the Texas Water and Sewage Works Association, called the meeting of the board at the conclusion of a 3 day meeting of the Southwest Section of the American Water Works Association.

**Hereford Boys Take Top Honors In Area Punt, Pass, Kick Contest**

Hereford's six entries in the district Punt, Pass and Kick contest at Amarillo Saturday walked away with a major portion of the top awards, winning three first places, on second and two thirds.

Winning the right to compete in the regional contest this weekend in Oklahoma City were Terry Scott in the 12-year-old division, Gregg Dameron in the 11-year-olds and Mike Munnerlyn, 10.

Keith Crum of Dimmitt won second place and Bruce Barrett and Kent Herring, both of Hereford, won third places.

Sponsored by the Ford Motor Company, the contest is held annually for boys of ages 8 through 13. Eighteen trophies were presented in the local contest, which was sponsored by Orval Watson Ford.

All expenses incurred by the boys and their parents during competition are paid by the Ford Motor Co.

Winners at Oklahoma City will compete in the Cotton Bowl at Dallas and then the finals in Miami, Fla., on national television. The contestants are judged on how far they punt, pass, and kick.

# Annual Show Date Is Fixed

Annual art show of the Hereford Art Guild, open to all area artists who wish to display their work, will be held Dec. 2 and 3 in Sugarland Mall, it was decided at the Guild meeting Tuesday evening at Community Center.

Mrs. Juston McBride will be general chairman of show arrangements and Mrs. Ernest McGee is in charge of entries. Those who wish to make show entries are invited to telephone Mrs. McGee. Entry fee will be two dollars.

Mrs. Bruce Brown gave the program Tuesday on two contemporary painters, Peter Hurd and his wife, Henrietta Wyeth, Hurd, whose home is near Roswell, N. M., and who paints the Southwestern scene in a simple style which shows his affection for the land, began his professional career as an artist as a boy in 1916, when he sold a painting for \$10. Mrs. Brown said.

Only a few years later he earned a substantial cash award in a national contest and was launched on a path toward national note. He has been in the news lately as painter of a portrait which President Lyndon B. Johnson rejected as "ugly."

Miss Wyeth is known in her own right as a painter, and is a member of a family famous in American art.

Paintings by Mrs. E. A. Guinn and Mrs. McGee were exhibited for criticism by members, Mrs. Alex Petersen and Mrs. Henry Weemes were hostesses.

Two new members, Mrs. Luther Norvell and Mrs. Si G. Darling, were enrolled and Mrs. Eunice Woodford was a guest. Other members present included Mmes. Hilrey Aven, Ray Coneway, Joe Wade, Jim Higgins, Mark Schaffner, Ruby LeHickman, Opal Elliston, S. O. Wilson, Alvin Smith, Ben Childers, Leo Harper, Robert Veigel, and E. W. Young and Miss Lucille Park.

## Letter To The Editor

An Open Letter to Leonard Gross, Chief European Editor for Look Magazine.

Your recent trip, with ten other Americans, to the Soviet Union where you found the system "wheezing" with life is, but a mirage - or you may have seen one or two oases in the midst of a vast desert. You and your friends did not roam freely, as you were not aware that certain spots have been selected for you to see.

The Orientals and semi-Orientals have a custom and an adage that says: "Feed the stomach and you will silence the tongue". The Communists who "guided" your tour and offered vodka and caviar for your meals did not silence your tongue - rather, they twisted it.

What counts in the life of man Mr. Gross, is freedom of the spirit. That's what Pasternak wished to say and that's what Svetlana Stalin longed for.

Yours very truly,

## Local Man Is Charged With Felony Theft

A 20-year-old Hereford man was charged with felony theft Monday by local authorities in connection with the theft of a automobile transmission.

Paul Hubbard of 815 South Lee was arraigned before Justice of the Peace Ernest Wade, who set bond at \$2,000.

Hubbard is charged with taking the transmission from a 1957 Chevrolet parked in the 200 block of Avenue A and owned by Robert Treadway. The incident occurred last week.

## Apartment Complex Announced

W. E. Matlock, Lubbock builder, announced plans this week to begin construction on the first phase of a four-plex apartment complex to be built adjacent to Sugarland Mall.

According to J. F. Fisher, associate of Matlock, phase one of the construction will include four buildings, each containing four two-bedroom apartments, featuring carpets, refrigerated air, and all built-in appliances. Each of the apartments will have a fully utilized 800 sq. ft. floor space.

Construction is scheduled to begin the first part of November, with a completion date of January, 1968.

Future plans of the company call for a complex of nine, possibly ten, apartment buildings, all located on Avenue B, between 13th and 14th Streets, with a cooperative swimming pool and playground area.

## CUB SCOUT PACK TO MEET

The October Pack Meeting of Cub Scout Pack 151 will be at 7:30 p. m. today in the First Christian Church.

All Cub, Webelo Scouts and parents need to be present as rechartering and setting the Pack and Dens in order will be done.

Membership in the Super Market Institute is limited to super markets that meet the Institute's requirements as to sales volume and type of customer services rendered, and qualified grocery wholesale buying headquarters that offer management and merchandising services to super markets and other retail customers.

## Two Viet Nam Veterans At Home Again

Pfc. Abelardo Lafuente, son of Mr. and Mrs. Pedro Lafuente, 302 Norton, was expected to return to Hereford this past week end from service in Viet Nam.

Lafuente volunteered for service in October of 1964, and received his basic training at Ft. Polk, La. He received paratrooper training at Ft. Campbell, Ky. and was stationed in Qui-Nhon and Bien-Hoa, Viet Nam, in July, 1965. He received his discharge from active duty on Oct. 20 of this year.

Lafuente was reared in Hereford, and attended Hereford High School.

Sp-4 Johnny Y. Vera, son of Mr. and Mrs. Frank Vera, 329 Ave. E., arrived in Hereford Saturday after having served in Viet Nam four months.

Vera received his basic training at Ft. Hood, Texas, after which he was stationed at Ft. Bragg, N. C. for 15 months. He was scheduled to receive his discharge from active duty on Oct. 20.

Vera resided in Hereford before his service, and attended high school here.

## Employers, Secretaries Swap Views In Forum

Employers' views on office diplomacy expected of a secretary were given by two guests, Dale Young and Ernest Langley, in informal discussion at the meeting of Hereford Chapter, National Secretaries Association, in the REC. Building Monday evening.

Members participated in the discussion after the two men had spoken. Florence Robinson was in charge of the program and introduced the guests.

Jean Kennedy presided for business. Fund-raising activities were planned, with a bazaar and bake sale scheduled Nov. 18 at Sugarland Mall. The chapter will also operate a booth at the Halloween carnival sponsored by the Citizens Band Radio Club Oct. 31 at the Little Bull Barn.

Reports were made by committees working to promote enrollment for a Leadership Symposium for club officers and

members, to be held Nov. 6 and 7 under sponsorship of the NSA and the County Program Building Coittee.

Refreshments were served by Jean Haney, hostess, to those named and Alice Rudd, Janie Victor, Faye Dirks, and Mary Beth Edinger.

By MELVIN YOUNG  
The fourth edition of the new Southwest Heritage magazine is now on the newsstands, and we might say that this edition is even better than the three preceding ones, containing such stories as Gettysburg of the West, last of two parts on the Civil War campaign in New Mexico; Battle of Palo Duro Canyon by Bill Knox; Salts' Roost, the Story of Old Clarendon, by Jerry Sinise; Mighty Hunters of The Plains by George E. Turner and The Gem That Sparkles Yet by Harry Gilstrap. Gilstrap also wrote the first story mentioned.

The editors have, as we said before, topped anything they have accomplished yet in this beautifully done edition. Included in this edition by the way, is a reproduction of a watercolor by Eugene Pierrot, a 37-year-old private in Company F of the Fourth Regiment, Texas Mounted Volunteers (Cavalry), who fought so gallantly at the Battle of Glorieta. The watercolor has been gathering dust in the Archives of the University of Texas Library and has not been previously published. Other art in the magazine is by George Turner of Amarillo.

By the way, a limited number of Volume I, Number 1 has been reprinted and is now being made available at the single copy price of \$1.75 each. The reprint was made so the readers whose subscriptions began too late for them to receive the first issue now may complete their file. The reprint is the same as the original; only changes are that the SPECIAL COLLECTORS' EDITION line has been removed from the cover and a reprint date added to the title page.

A detailed order card is attached in this issue of the magazine for your convenience.

Mr. and Mrs. John D. Aikin are leaving Friday for a trip to Boston where they will visit their son Jack who is a student at MIT.

The Aikins will return Sunday.

November 11, as most of you know, Veteran's Day. If you're a little older you may remember it as armistice Day. But whichever you call it, it's still the same — a day dedicated by a grateful nation to the Veterans of all wars in appreciation of their efforts in behalf of our continued freedom.

For Texas Veterans, November 11 could mean much more. For this year, on November 11, Texas Veterans will have the opportunity to go to the polls to reinstate or extend the Veterans land program by authorizing the sale of \$200 million of state bonds to purchase and to be sold to veterans and expands the program to include veterans of Vietnam.

This program, instigated after the close of World War II, does not cost the taxpayer one thin dime, and that's a lot more than we can say about most state and national pro-

grams. It will, rather, produce an eventual profit from the sale of the bonds. The difference in interest paid on the bonds and that received from the veterans puts the program on the credit side of the ledger. If, for no other reason this program should be continued, we feel that this is sufficient.

Certainly there are some arguments against the program as there is against any program. There have been abuses of the program, and there will continue to be, but over the long haul it has been a good program and one that has returned the state of Texas more than it has put out and we sincerely hope that this amendment (No. 3) will be approved by the voters, Saturday, November 11.

Incidentally, absentee balloting has already opened at the Clerk's office in this election, and if you're going to be out of town on Nov. 11, we would suggest that you drop by today and vote. Make sure your wishes are known by casting your ballot.

And Saturday marks the end of Daylight Saving Time in Texas. The politicians' folly will officially end Saturday night and we can again set up by Central Standard Time Sunday morning.

Congratulations to the bands of La Plata Jr. High School and Stanton Jr. High. Both bands, participating in the Regional Interscholastic League marching contest at Buffalo Bowl Tuesday received Division I ratings.

And we've noticed that Hereford High School will remain in Class AAA for the next two years due to a ruling last week by the Texas Interscholastic League, but the Whitefaces are having schedule problems.

Hereford coaches are looking to Amarillo for an opponent to replace Levelland who recently voted, with other members of its conference, to play 10 district games.

It was a farewell dinner for the minister, who was being transferred to another parish. A little old lady was saying goodbye to the gentleman and concluded: "I'm sorry you're going. I never knew what sin was until you came here."

A SOBER STIFF MEMPHIS — As far as Bruce A. Leach is concerned, the pre-wedding prank pulled by eight buddies was a case of bad casting.

They held him down while one buddy, a hospital resident, rolled Leach into a full body cast from ankles to wrists. Then they propped him up through the sunroof of a small foreign car, drove him back to his apartment and left him on the floor where two puppies took turns licking his face.

The cast was removed the next morning just in time for Leach to make the 9:30 a. m. ceremony and exchange vows with his bride.

# Minister Guest For Veleda Talk

Title of a book he is writing, Fellowship of Believers, was the subject of a talk by Gene Fooks, Central Church of Christ minister here, to Veleda Study Club Tuesday evening. He was introduced as guest speaker by Mrs. Joe Frank Clark, hostess in her home.

General theme of the book is "unity in Christ," and the minister pointed to a section of the Collect for Clubwomen, which members repeated to open the meeting, as a graphic illustration of that theme.

"Grant that we may realize that it is the little things that create differences, that in the

big things of life we are at one," says the collect, which is generally used in women's club over the nation. Fooks stressed that point as he advocated informal discussion groups to exchange views in attempts to achieve unity in Christian churches.

He and Mrs. Fooks were guests at the meeting. Mrs. Robert Willmot conducted a brief business session, in which members decided to send regular cash allowances to five children in the State School for Mentally Retarded at Abilene as one phase of their assistance to that school this year.

They agreed to contribute individually, rather than as a club, in response to a request from the Migrant Ministry for cash and clothing for use in its work among migrant farm workers here.

Announcement was made of the Leadership Symposium for club members, scheduled Nov. 6 and 7 and open to all interested in club committee work and other phases of leadership.

Members present included Mmes. Hugh Clearman, Ronald Harpster, Gid Brown, Bill Brady, Don Baugous, Dale Barkley, George Ritter, Gene Parsley and George Olson.

# Jr. High Bands Earn Division I Ratings Tuesday

Two bands from Hereford, the Stanton Jr. High Band and the La Plata Jr. High Band, received Division I ratings Tuesday in the Regional Interscholastic League marching contest at Buffalo Bowl.

Thirteen of the 40 area high school and junior high bands participating in the meet won Division I ratings. The schools were participating in the Class C, CC, and CCC division of junior high schools and Class B, A and AA divisions for high schools.

Judges for the marching were Gerald Hemphill of Enid, Okla., Eldon Janzen of Irving, and Norvall Howell of Clovis, N. M. Band director for La Plata Jr High is Lynn McLarty and Jim Priest is band director at Stanton.

# Funeral Service Held At Mission

Funeral services for Mike Luna Martinez, 34, of 318 Ave. I, were conducted at St. Joseph's Catholic Mission Monday afternoon by the Rev. Raymond Gillis. Burial was in St. Anthony's Cemetery, directed by Gilliland Funeral Home.

A resident of Deaf Smith County since 1953, when he came from Del Rio, his birthplace, he was employed as a laborer. He died Saturday in Del Norte, Colo. His wife and three children survive.

# District, State Lodge Officers At Meeting

Officers on state and district levels were special guests of the Rebekah Lodge here Tuesday evening, when Hereford, Dimmitt and Friona Lodges met together. Visitors from two Amarillo lodges were present. Mrs. A. W. Rogers, Noble Grand of

the host lodge, presided. Although Mrs. Nettie Morris of Waco, state president scheduled to be here, canceled her visit because of her mother's serious illness, other high Rebekah and IOOF officials took part in the program with Hereford members filling the ceremonial chairs.

They included Tim Schuster of Amarillo, grand marshal of the Texas IOOF; Mrs. Schuster, a member of the youth council; Ben Conklin of Hereford, past grand patriarch of Texas; Mrs. C. M. Ford of Amarillo, past state president of Rebekahs, Mrs. Sam Williams of Friona, deputy president for District 5.

Mrs. Williams presided for a short program, a regular meeting was held and then a salad supper was served. Members voted to send a cash gift to the state president's fund for charitable use.

On the hostess committee were Mmes. Conklin, Sam Smith, Ed Clark and Archie Love. Places at supper were laid for 29 Hereford members, four from Dimmitt, 21 from Friona and five from Amarillo.

# Hereford High Will Remain Class AAA

Hereford High School will remain in Class AAA for the next two years due to a ruling last week by the Texas Interscholastic League, but the Whitefaces are having scheduling problems.

Although the TIL made drastic changes in the Class AAA, they did very little to the other classes. Under the new revisions, there will be 209 schools AAAA next year, and increase of 23; 147 schools in Class AAA, an increase of 15; 206 schools in Class AA, an increase of four, and 208 schools in Class A, an increase of five.

Hereford also will be in the same district — 1-AAA — for the next two years unless the TIL decides differently in a special session. The teams include Hereford, Dumas, Perryton, Canyon, Muleshoe and Tulia.

Other moves affecting Pan-

handle teams include dropping Childress from Class AAA to AA, Sanford-Fritch from AA to A, raising Lubbock Estacado from a junior varsity schedule to Class AA, and moving up of Class BB schools Vega and Happy to Class A.

Competing in District 3-AA will be Abernathy, Dimmitt, Floydada, Friona, Hale Center, Lockney, Olton and Ralls. District 2-A teams will include Claude, Clarendon, Happy, McLena Wheeler and Vega. District 1-A teams will be Bovina, Springlake, Farwell, Kress, Silverton and Sudan.

One of Hereford's 1968 football opponents — Levelland — voted with other members of its conference Monday to play 10 district games. Hereford coaches, therefore, are looking toward Amarillo for an opponent.

**LARGEST RECORDED AT CONCHAS** — Ky Lawrence of Route 5, Hereford, exhibits an 11-pound, 32-inch Pike taken recently from Conchas Lake, near Tucumcari, N.M. The fish, largest Pike recorded on charts at the lake, was caught on an artificial lure.

## Five Games Slated For Weekend Play

Five games featuring local football teams are on tap for tonight and Friday, with four of the games to be played away from Hereford.

Beginning at 6 p.m. today,

### WT Homecoming Pits Buffs, Rebs

CANYON— Offensive-minded West Texas State will seek to re-discover its scoring touch Saturday when the Buffs entertain undefeated University of Texas at Arlington in Buffalo Bowl. The Rebels, ranked as the nation's sixth-leading small college power in last week's AP poll, will bring a 6-0 record into the game. Kickoff is set for 7:30 p.m.

West Texas State will enter Saturday's homecoming contest with a 4-2 slate after dropping a frustrating 31-10 decision to New Mexico State in Las Cruces Saturday night. The Buffs controlled the game, running 90 offensive plays to 71 for the Aggies and amassing 461 yards to 359 for the Aggies, but two Buff scoring drives were halted by

fumbles, and another by a 15-yard penalty.

About as big a blow as losing the game was the loss of full-back Duane Thomas for the season.

The 6-2, 215 pound sophomore gained 165 yards rushing before suffering a broken bone above the left ankle in the closing seconds of the game. Thomas entered the New Mexico State game ranked as the nation's 12th leading rusher with 431 yards. He closes his sophomore season with 596 yards rushing and five

### Billy Graham Film To Be Shown Today

A new Billy Graham feature-length color motion picture Lucia, will be shown at 7:30 p.m. today at Summerfield Baptist Church, with the public invited to see it.

The film was made in Buenos Aires by World Wide Pictures, directed by Dick Ross. Gaucho folk music and impressive South American scenery add to the plot, which is the first of the Billy Graham films to enter into the area of domestic discord and the romantic triangle.

The movie emphasizes the Bible message concerning emotional problems of an individual in the 20th century.

touchdowns. Arlington State, defending champions of the Southland Conference with Lamar Tech, returns 26 lettermen from last year's 6-4 team.

### Stanton Wins 2, La Plata Splits

The conference races for local junior high schools became a little tighter Tuesday night as Stanton 7th and 8th grade teams won two games and La Plata teams split their games.

The Stanton 7th graders beat Tulia 6-0 to remain unbeaten in three games this season. Following the opener, the Stanton 8th grade rolled over Tulia 22-0 to bring their record to 4-0-1 and a tie for the conference lead with La Plata 8th graders.

The Dogies scored in the first quarter when David Spain rammed over from the 3. A run for the extra points failed. Eugene Suttle scored from the 4 in the second quarter and then picked up the extra points as the Dogies took a 14-0 lead which they kept until seven seconds remained in the game. As Tulia attempted a pass, Spain intercepted and raced 47

yards for the tally. Mike Dawson picked up the extra points for the final score of 22-0.

In the La Plata 7th grade game, Canyon scored in the first and second periods and then held on for a 16-0 victory. Coaches said the Mavericks played good in the second half, but had let down in the first half to allow the scores. The Mavericks moved to the Canyon 10 at one point but could not score.

La Plata's 8th graders came

away with a 22-6 victory in the second game. Quarterback Charles Allison scored in the first period from 5 yards out and John Page picked up the second touchdown before the half with a 15-yard run.

Gary London got the Maverick's last touchdown on a 10-yard gallop in the fourth stanza. Page and Ralph Waits scored on the extra point tries for the other scoring. Canyon got its touchdown in the third period.

### Whitefaces, Perryton Clash Friday In Important Conference Game

Two hot teams will collide at 7:30 p.m. Friday when the Hereford Whitefaces travel to Perryton to take on the unbeaten Rangers in an important District 1-AAA contest.

Winners of six straight games this season, the Rangers will be attempting to keep the string going and their chances for a conference title alive. The Rangers won their first district game Friday by edging Tulia 15-14.

The Whitefaces also have a mild streak going as they have won their last two games by one-sided scores. Hereford won its district opener Friday night against Canyon 32-0.

Perryton's victims this season have included Pampa, 21-0; Panhandle, 14-0; Liberal, Kan., 40-0; Woodward, Okla., 41-0; Caprock of Amarillo, 34-13, and Tulia. Pampa and Caprock are Class AAAA teams, while Panhandle is Class AA.

Following Friday night's game with Liberal, a sports writer from the Kansas city stated that Perryton had the best high school team he has seen this season. The Rangers

returned 13 lettermen from a team which had a 4-6 record last season. They also had an undefeated freshmen team moving up this season, as Don Smith took over as head coach.

Leading the Rangers, who were picked second in pre-season polls and now are the choice for the top spot by many fans and coaches, are Halfbacks Steve Simpson and Al Rupperecht, Quarterbacks Mike Hargrove and Dickie McWhorter, End Bob Gobin and Tackle Rodney Hall.

The Whitefaces are expected to be at full force, with Quarterback Jim Childers being able to run at full strength for the first time since he sustained a leg injury in the Hale Center game, Sept. 22.

Last season, the Whitefaces blanked the Rangers 10-0 in a grueling game at Whiteface Stadium.

Bud Grant, new coach of the Minnesota Vikings of the National Football League, spent 10 years as a coach in the Canadian Professional League.

# The Hereford Brand

SECTION TWO

The Hereford Brand, Hereford, Texas, Thursday, October 26, 1967

Hereford High School was a beehive of activity last week as preparations were made for homecoming. Photos by Brand staffer Tyler Vance show a portion of the activities. The scenes are from the pep rally, bonfire, football game, parade and halftime program. The 1967 Homecoming Queen, Joyce Bezner, is shown during coronation ceremonies, and the top float in the parade, prepared by the junior class, also is pictured.

LET'S COOK SOMETHING!

# Chili For Chilly Days

By SUE COLEMAN  
Women's Editor

Frosty weather is chili weather, in the opinion of most West Texas oldtimers who value special chili recipes and respected good chili cooks.

**MOST OF THEM** agree that the proper flavor is never quite achieved in canned and boxed chili, so a cook can still win applause with a good homemade version of the popular Mexican dish.

And where better find a recipe than in that fascinating cookbook which members of the J. C. Womble clan compiled, of favorite foods from six generations of one of Deaf Smith County's first families?

His method of making chili which he served to Main Street cafe customers for years in the early days of Hereford, was left by the late Guy Smith to his family. His daughter, Mrs. Dub Curtsinger, still uses it, and as a great-granddaughter of the Wombles, gave it to the cookbook.

"A CAFE IN THOSE DAYS was known for its good chili, much as one now for its good would choose a place to eat where they could get good chili, coffee and pie. Those foods were much in demand at the cafe I remember my father operating when I was a child, and at a smaller place he previously had."

Although Mrs. Curtsinger says her father did not measure all ingredients carefully — he made the chili so often that he could estimate the amount of seasonings needed for the amount of meat he was using — this formula makes chili with the flavor she remembers.

She uses garlic powder instead of the garlic buttons, and says the amount of chili powder and garlic may be varied to suit individual tastes. Time of cooking is not given, but oldtimers insist generally that "the longer it's cooked, the better it is."

### GUY'S CAFE CHILI

- 2 lbs. beef (chili ground)
- 3 medium size onions
- 3 buttons garlic
- 3 tbs. lard
- 2 tsp. salt
- 1 No. 2 can tomatoes
- 1 No. 2 can Mexican beans
- 2 tbs. powdered cumin
- 3 tbs. chili powder.

Lightly brown meat in lard. Add all ingredients and simmer slowly on back of stove. Serve with oyster crackers.

**GUY SMITH** was a native of Tennessee, born in 1892, but came with his parents to Hereford in 1899 and called this city his home until his death here Oct. 13, 1968. In government employment, he traveled for 20 years, but considered Hereford his home city, and returned here when he retired. Mrs. Smith survived him two years.

Their daughter Wilma, Mrs. Curtsinger, and a son, Loy, are surviving children, both still Hereford residents. When she was a child, the family lived several years in an apartment over a Main Street store.

The Curtsingers live in the old Smith home at 501 West Third, a hip-roofed gray stucco house that has been modernized at intervals, but still has the gracious high-ceilinged rooms and the shady front porch that extends around the north and east sides.

It had been the Baptist parsonage before the Smiths bought it. Wilma Smith and Dub Curtsinger exchanged their marriage vows in a home wedding there.

He is also a member of a longtime Hereford family, and both finished school work here. They have two sons, Jerry, now in the Army and stationed in Kentucky, and Jim, basketball coach at Idalou High School. Both are married and the Curtsingers have one grandson.

Since their sons were athletically inclined, the Curtsingers have naturally become sports fans and find their chief recreation in watching Hereford High School games. They worked with Little League programs and similar organizations for boys while their sons were growing up.

Owners of Park Avenue Cleaners, they work together in oper-

ation of the business. It demands much of their time so, except for membership in First Baptist Church, they make no attempt to be active in organizations now.

Wilma Curtsinger says she appreciates her home even more since she works outside it, and enjoys the routine tasks of

homemaking.

Although she did not learn to cook until after her marriage, she likes cooking, "because I like to eat, I guess, and because my active sons had good appetites and always ate with relish. Maybe it encourages the cook when her meals are always eaten enthusiastically."

## Club Announces Open Concert

Presenting George Eason of West Texas State University music faculty as guest pianist, Music Study Club will be hostess for a Sunday afternoon concert at First Baptist Church Nov. 12, inviting music lovers of the area to hear the program.

Plans for the guest day concert, which will replace the club's regular second-Monday meeting in November, were completed in the business session Monday at the home of Mrs. Dale Young. Mrs. Bob Wert was hostess with Mrs. Young.

Mrs. Dick Godwin presided for business and Mrs. W. S. Fisher was leader of the program, continuing a study of music through various periods, titled *Overture To The Baroque*.

Pianist George Eason has been an instructor at WTSU since 1962, has appeared in a number of solo and chamber music recitals in this and other areas, and is a member of a piano trio, one of three recently-organized chamber music groups among WTSU faculty members.

Music Study Club will sponsor his concert here as its annual open program in which outstanding musicians of the Panhandle-Plains area are brought for the pleasure of members and their friends.

Mrs. Fisher discussed pre-baroque composers, Bach, Handel, Scarlatti and Monteverdi, who worked during a period of change, an advance in music following the Renaissance.

It was marked by beginnings of the opera, which first consisted of broad dramatic situations with music used to intensify expression of emotions she said. The oratorio was opera with a religious motif.

Instruments of the period were also described. The harpsichord was used chiefly, and in opera it accompanied voices, with the orchestra providing a background. The violin came

## Small Talk

By SUE COLEMAN  
Women's Editor

Moving day is a harrowing event just in the family, and when it's in the office there are hardly words strong enough to describe it. We've just had one here at The Brand.

**IN FACT IT** isn't over yet, as everybody knows who has moved. We are still looking for various things that became dislocated in the shift and the customers are looking for us at our new locations.

Most of the moving was done on the weekend, but came Monday and not all was serene. For instance, I learned the full meaning of the term, long-distance telephoning, when I sat at my desk in its new spot away back here, and the phone would ring for me away up yonder.

**COMPLICATING IT ALL** is the fact that the building is being remodeled and redecorated while the moving is under way. Painters, electricians, carpenters, plumbers and telephone men, with their helpers, have not quite finished in a room as we move in, but are already beginning their work in a room before we move out.

A few more days and we should be basking in our handsome new surroundings. Open house is planned soon, when you'll be invited to call and help us admire them.

Meantime, just drop in as usual, keep looking for us until you find us and don't trip over any coils of electrical wire or walk under any ladders occupied by painters with drippy brushes.

**LATELY, SEVERAL** people have called our attention to beauty spots in Hereford with the remark that this or that corner of someone's yard deserves to have its picture taken for our paper.

But they forget that the beauty of that corner is in its autumn color and we can't reproduce it, unfortunately. A sumac bush is a glorious thing just now but in a black and white picture it looks just like it did all summer, when its inconspicuous green foliage wasn't even noticed.

Somebody mentioned the sumac at the George Suggs home on Ranger, and there are several bushes, bright red, in the side yard of a house on Bennett Street at the corner of Third. Virginia creeper on the east fence at Mary Carter's home on Third is also putting on its fancy dress, and so is that on Mrs.

Bill Dameron, Joe Hacker, Richard Jackson, Sam Long, Paul Lyons, J. C. McCracken, Carl Mountz, T. W. Roberson, A. J. Schroeter, Lowell Sharp, A. O. Thompson, R. P. Coneway, J. T. Gilbreath, D. W. Palmer and S. O. Wilson.

Clara Loerwald's porch, Fourth and McKinley Streets.

And the plum bushes which foamed their white blooms last spring across the rock wall at the back of the house at 311 Lawton now offer as spectacular a sight since their leaves are turning scarlet.

**SPEAKING OF** fall color, Mrs. T. W. Roberson certainly was looking pretty in purple when she stopped at the office the other day. A heather sweater and blending shades in skirt and blouse made a most becoming outfit.

**SHARI JO CARMICHAEL** made a flying trip to California last week to meet her fiancé, Ensign Wiley F. James of the U. S. Navy, whose ship came into port after a tour of duty in Viet Nam waters. They arrived in Hereford the first of the week and are to be married in First Christian Church here Friday.

It isn't only on the front pages of newspapers that you notice more and more that we really are at war. Society pages tell the same story, with a military title for more and more bridegrooms.

Girls of this generation are learning as their mothers and grandmothers did, what it means to be a "war bride," an expressions that carries an aura of sadness and bravery.

## Local Student Listed In Who's Who

David Kendall, son of Mr. and Mrs. Ernest Kendall, 240 Elm, has been chosen among thirty-five Southwestern College Weatherford, Okla., students for listing in "Who's Who Among Students in American Universities and Colleges," according to W. C. Burris, dean of students.

Kendall is president of Phi Chi, vice president of Phi Delta Chi, and member of Pi Rho Epsilon and A. Ph. A. He is a senior pharmacy major, and has been listed on the Dean's honor roll.

Each department of the college suggested three to five candidates, and a faculty committee appointed by the dean of the college made the final selection.

Scholastic performance, character, citizenship, contribution to the college and leadership ability were criteria for the nominations.

Certificates of recognition will be awarded at the Duke Awards assembly there next spring. Nominations are made annually by four-year degree granting institutions throughout the United States. College juniors, sen-

## Miss Kuper Is Candidate For College Honor

Kathy Kuper, daughter of Mr. and Mrs. Walter Kuper, Rt 5, Hereford has been selected as a candidate for "Miss Marymount" at Marymount College, Salina, Kansas.

Miss Kuper, was selected along with four other candidates to compete for the honor.

The identity of "Miss Marymount" will be announced Nov. 11. Marymount Day is celebrated on or near Nov. 15, the anniversary of the day word was received from the Kansas State Department of Education that Marymount had been placed on the accredited list of colleges. Marymount was recognized as a four-year liberal arts college in 1926 when its first class of seven graduates received their A. B. degrees.

"Miss Marymount," elected by student vote, embodies the characteristics of scholarship, loyalty, spirituality, cooperation, and leadership. It is the highest honor a Marymount student can receive.

## Afternoon Tea-Shower Compliment To Bride

A bride visiting in her husband's home town after their recent wedding, Mrs. Mickey Bonasio was complimented with a tea-shower Saturday afternoon in the home of Mrs. G. D. Caison.

Miss Michael Ann Dougherty of Austin and Bonasio, who grew up here, were married earlier this month at Kerrville, and will make their home in Houston. Following a New Orleans honeymoon they came to Hereford for a visit with his family.

Receiving guests with Mrs. Caison and the pretty honoree were the bridegroom's mother, Mrs. E. S. Ireland, his Mrs. Charlie Holt; his aunt Mrs. Donald Henslee, and his mother, Mrs. E. S. Ireland. His cousin, Mrs. Mike Moore, was at the guest book.

Yellow and bronze mums brought the wedding colors to the serving table, which was

laid with ecru lace. Misses Merle Carmichael and Nancy Martin poured punch which was served with dainty sandwiched and mints.

Organ music by Miss Dee Anne Caison supplied a background for teatime conversation Mrs. Irene Boardman and Mrs. L. W. Combes were at the gift display tables.

They were among the hostesses, who included Mmes. Cawthon Bryant, Mary Carter, Dale Tinnin, Jim Neill, Don C. Martin, Merlin Kaul, A. T. Mims, J. C. Reese, George Warner, Jim Bookout, Fred Mulkey, Buford Crosthwaite and Miss Vida Hicks.

## El Llano Club Program Surveys Hippie Scene

The Hippie Generation was El Llano Club's program topic Monday evening in one of a series of surveys of current scenes. Mrs. O. G. Hill Jr. was hostess at her home.

She offered the El Llano "hippies" pastel-tinted cigarettes or long black one tipped with gold as an atmospheric touch as they entered the room. Mrs. Jesse Geron was the speaker, presenting the hippie movement as a

## County H. D. Council Re-Elects Its Officers

Mrs. O. L. Williams was re-elected chairman of Deaf Smith County Home Demonstration Council for a term beginning in January, 1968, at the October meeting in the county courtroom Monday afternoon.

Other officers returned for the term which will run with the calendar year are Mrs. J. G. Gandy, vice chairman; Mrs. Jimmie Bradley, recording secretary; Mrs. H. L. Hershey

correspondent; Mrs. John A. Smith, treasurer; Mrs. E. C. Hammett, parliamentarian; Mrs. Frank Broman, reporter.

Mrs. Gandy gave a tentative outline of the 1968 yearbooks which are being prepared by a committee she heads.

Other varied reports were heard by the Council. Mrs. John Hill told of attendance by a number of clubwomen from this county at annual Rural Home-

makers Day activity in Amarillo Oct. 12. Mrs. E. C. Hewitt Jr. reported that Wyche Club, of which she is a member, acted as hostess to a group of Carson County H. D. Club women who toured Hereford industries last week.

Argen Draper, County H. D. Agent, urged members to attend the Leadership Symposium which the County Program Building Committee and National Secretaries Association will sponsor here Nov. 6 and 7 with assistance of the Texas Extension Service.

She also gave the 4-H Club report, saying that 4-H courses

have been given recently to fifth and sixth grade pupils at St. Joseph's Mission school, instructing girls in foods and clothing, boys in science. Mrs. Draper has recently given talks on club organization and protocol to 4-H Clubs of the county.

The Council meeting opened with repetition of the club collect. Mrs. Hewitt led the group in a game. Announcement was made that clubs are to make their annual reports to the Council in November.

Those at the meeting included Mrs. Viola Williams, Paul M. Hoff and Martha Lueb of North Hereford Club, Mrs. Char-

lie Burk of Bippus, Mmes. Andrew Kershner and Albert Lamb of Westway, Mmes. J. D. Love and Louie Olson of Cultural Club, Mrs. Charles Packard of Wyche, Mmes. Carlos Vaughn and Blanche Hardin of West Hereford, Mmes. Elmer Northcutt and J. E. Sorrells of Messenger Club. Ford and Progressive Clubs were also represented in the list of officers.

### NO DICTATORSHIP PEACE

BOSTON — The state motto of Massachusetts translated from the Latin, means: "By the sword we seek peace, but peace only under liberty."

## Art Studio Is Meeting Place For L'Allegra

The studio of a local painter and art teacher, Mrs. Ernest McGee, was the meeting place of L'Allegra Study Club recently, when members varied a study series on art by viewing work of artists of this area.

Paintings of several types, portraits, landscapes, still life and abstracts, and in several media including oils, tempera and watercolors, were seen in Mrs. McGee's studio adjoining

her home on the Vega Highway. Paints, easels, brushes and other equipment were also studied. Work of Mrs. McGee and several other Hereford painters was on display, and in her home Mrs. McGee showed paintings she owns, hung appropriately for study.

Mrs. Jimmy Conkright was hostess for the meeting, which included a brief business session devoted to plans and re-

ports on the tasting luncheon which the club will sponsor Nov. 2, an annual event to raise funds for its service projects. Soup to Nuts is the luncheon theme, and Mrs. John E. Smith is general chairman of arrangements. Each club member will prepare special dishes in categories based on the courses of a meal, to be served at Community Center through the luncheon hours. Tickets are on sale now by club members.

Note to the Postmaster General: Why not place litter barrels in post-offices for the trash mail before it is delivered?

# Talk of Texas

By JACK MAGUIRE

**GHOST WATER** — Boulton Lake, eight miles east of Zavalla in the Angellina National Forest, offers the visitor camping, picnicking, fishing and —so local legend says — a ghost.

Campers say that on nights when the moon is bright and the owl is flying in the East Texas pines, a ghost wearing a flowing gown flits over the lake. The story has been around a long time.

Legend says that the lake was formed on just such a moonlit night when an owl flew over a long ox wagon in which a farmer and his daughter rode. Suddenly the earth opened and the wagon and its occupants disappeared. Searchers, so the story goes, followed the wagon tracks until they disappeared into a new lake which hadn't been there the day before.

**FOOTNOTE TO HISTORY** — Sidewalk cafes have never been popular in Texas, but for 200 years, San Antonio had an equivalent gastronomic delight in the chili stands that once dotted its plazas.

Historians say that the first sidewalk chili stands appeared in Military Plaza in the early 1700's. By the middle 1800's, the stands — presided over by women who were dubbed 'chili queens' — lined all four sides of the Plaza. In the evenings, they were the center of San Antonio's social life.

In 1939, the stands were closed when San Antonio adopted a new city health code.

**TOWN STANDARD** — Denison, in Grayson County, is one of the few cities in Texas to have an official municipal flag.

In 1872, city officials adopted a flag with the upper field in green representing the grass of the Indian Territory, lower field of white for the cotton of Texas. The fields are divided by a horizontal stripe of red representing the Red River and a vertical stripe of black for the railroad that connected the Indian Territory and Texas.

A gold star in the center represents Denison, described by the flag-makers as "a jewel at the crossroads of a great river and at the interweaving of two great sections of the country."

**SIDETRACKED** — A 47-year-old Baldwin steam locomotive — one of the last of its kind — is a tourist attraction at Trinity, in deep East Texas.

The old steam engine and a caboose are the only rolling stock left from the Waco, Beaumont, Trinity & Sabine Railroad, once an important 115-mile freight and passenger line that served the piney woods.

Known locally as the "Wobbly" because of its uncertain schedules and frequent wrecks, the little railroad operated from 1923 until 1959.

**WHAT'S IN A NAME?** — Fairy, in Hamilton County, claims no leprechauns in residence and takes its name from the daughter of its founder.

Captain Battle Fort settled there in 1873. When the settlement got a post office 11 years later, Fort named the town for his daughter, Mrs. Fairy Phelps.

## Fertilizer Course Set For Dimmitt

**DIMMITT** — The Dimmitt High School cafeteria will be the scene of two meetings in November concerning up-to-date information on soil fertility and fertilizers.

Aimed primarily at fertilizer dealers, the short course will be held on Nov. 13 and 27. It also is expected to attract a number of agency personnel, County Program Building Committee members, and producers.

The short course, jointly sponsored by the Extension Service and the Texas Plant Food Educational Society, will include presentations on fertilizer needs for the area and pertinent fertilizer research findings. Functions of nitrogen, phosphorus, secondary nutrients and relationships and detection of micro-nutrients, soil-plant-water nutrient deficiencies will be discussed.

Similar meetings will be held in Plainview, Levelland and Lamesa. The first meeting will begin at 7:30 p.m. and the second meeting at 6:30 p.m. They will adjourn at 10 p.m. Registration fee for the short

course is \$5 and will be collected at the first meeting. The fee include a notebook of the proceedings and a dinner at the last meeting.

## Buff Information

The West Texas State coaching staff named two Buff defensive players to receive most outstanding defensive player awards for their performances against San Jose State. Named were junior linebacker Jesse Powell and senior safety Steve Haterius.

Powell was cited by head coach Joe Kerbel as turning in one of the greatest games he has ever witnessed by a Buff defensive performer. Jesse made six unassisted and 14 assisted tackles, blocked a punt, recovered a San Jose fumble in the end zone for a touchdown, and broke up a pass.

Haterius, who has been consistently effective throughout the season, intercepted two Spartan passes, made two unassisted and two assisted tackles and broke up two passes. Steve entered the San Jose State game ranked second nationally in interceptions with four.

Sophomore flanker Charles (Hotfoot Charley) Henderson was named as the most valuable offensive player against the Spartans. Charley caught five passes for 132 yards and two touchdowns.

West Texas State should have numerous players among the nation's statistical leaders when this week's NCAA stats are released.

Prior to Saturday game, W's junior halfback Eugene (Mercury) Morris should again rank in the top five in rushing and in the top 20 in scoring. Morris has now gained 621 yards rushing. He's also caught 5 passes for an additional 138 yards. Buff quarterback Roy Winters should again rank among the nation's leaders in total offense. Roy has passed for 896 yards and rushed for an additional 44.

**LOO TOO IDLE** — NEW DELHI — Indian government employees have been asked not to play cards in public places during office hours.

The Home Ministry said the large numbers of civil servants who rush to nearby parks and lawns to play cards during lunch or tea breaks presented an "undignified" appearance.

# FOR GOD SO LOVED THE WORLD

## "This Way"

"My boy," a proud father shouts. And a delighted lad takes his first steps to open arms of love and support.

How marvelous if this relationship can last through all the years. Why not? They are and they will remain father and son. And a good father, like God, never fails his children even when he cannot understand them.

These two make a team and likely will need each other for a long time. Then, frame the picture and give it a prominent place so each could think.

"That's the way we began together."

Trust and confidence and church-going leadership mark the older man.

But eager effort and glad cooperation for the high and the good will glorify the son. Father and mother, when they start stepping,

it is time for you to start helping.

"In all thy ways acknowledge Him, and He shall direct thy paths."

Prov. 3-6.

## Check SS Status If Nearing 62

If you are nearing age 62, it is time for you to check into your social security status. Deaf Smith County social security representative Bruce Grady stated today.

It is quite possible that you can continue working and still receive at least some of your social security benefits. An individual can earn up to \$1500 a year and still receive all of his social security benefits.

If he earns over \$1500 a year, he gives up only \$1 in benefits for each \$2 he earns between \$1500 and \$2700. For every dollar earned over \$2700, he gives up \$1 in benefits.

Regardless of how much a person earns in a year, he can still be paid a full social security check for each month in which he does not earn more than \$125 in wages and is not working in his own business. Thus, it is possible for a person to earn much more than \$1500 and still receive some social security benefits, explained Grady.

If you will soon be age 65, it is doubly important to visit the social security office. In order for a person's medical insurance to be effective with the month he becomes 65, he must sign up or it sometime during the three months before the month of his birthday. Grady added.

If it is not convenient to go to the social security office, it may be possible to meet a travelling representative of that office. Bruce Grady will be in Hereford at the courthouse on Tuesday.

TOP STEER AT STATE FAIR. — the Texas State Fair in Dallas. Judges Johnny McNey, son of Mr. and Mrs. John McNey of Hereford is shown with his prized steer, which won first place in the lightweight Hereford division at the Texas State Fair in Dallas. Judges said the animal exhibited all the essential characteristics of the modern type steer.

Area Youth Take Top Awards At State Fair Livestock Show

Deaf Smith County exhibitors took several of the top awards in the State Fair of Texas over the past weekend. Top awards went to Joyce Bezner, who was presented the showmanship award after her heavyweight Hereford won a blue ribbon in the market Steer Division, and Johnny McNey, who showed the first place lightweight Hereford. Also in the Market Steer Division, Tommy Bezner showed a blue ribbon middleweight Short-horn steer and Kay Atchley had a blue ribbon heavy-weight Angus. In the Market Steer Division, a blue ribbon represented superior, red ribbon meant choice and the white ribbon represented good. Judges of the contest considered that Miss Bezner's heavy-weight Hereford and McNey's lightweight Hereford exhibited all the characteristics of the modern type steer. Johnny McNey also exhibited the sixth place short-horn; Jimmy McNey had the seventh place Short-horn; Julie McNey showed the second place Short-horn division; Steve Olson had the fifth place lightweight Short-horn and the 16th place winner in the middleweight Hereford, and Charles Atchley owned the third place heavyweight Angus. Kay Atchley had the fifth place heavyweight Angus; Cheryl Cole had the fourth place heavyweight Hereford; Beverly Cole had the 31st lightweight Hereford; Donna Olson exhibited the 19th place lightweight Hereford and Joyce Bezner had the 12th place lightweight Hereford. Martha McBride, Jerry Sublett and Jim McNey exhibited white ribbon winners in the market Steer Division. Sale price on the steers ranged from 32 to 41 cents per pound.

Holly Selects New Sugar Plant Site

COLORADO SPRINGS, Oct. 19 — The North Dakota side of the Red River Valley has been selected by Holly Sugar Corporation as the site for a new sugar beet processing plant. The \$20,000,000 factory will be built a short distance west of the Red River, between Harwood and Argusville, Dennis O'Rourke, Holly Chairman of the Board announced today. Earlier in the month, Holly announced it would build a plant in the Red River Valley but had not selected a site. The new factory is expected to be ready to harvest the 1969 beet crop. O'Rourke emphasized that while the factory will be in North Dakota, it also will draw heavily from Minnesota for beets, labor and marketing outlets so that economic benefits will be shared by both states. "The entire valley area, of course, is tributary to trade and financial centers of Minneapolis-St. Paul," he said. "If, as we expect, demand for beet acreage continues beyond processing capacities, consideration will be given to further expansion in the area," O'Rourke said. Holly now has 11 plants in California, Texas, Montana, Wyoming and Colorado and is the country's largest independent sugar beet processor. Its headquarters is in Colorado Springs.

Former Resident Buried Tuesday At Amarillo

Mrs. Elsie Coulter Stocking, a Hereford resident half a century ago, died at the age of 85 Monday at an Amarillo convalescent home. The funeral was conducted Tuesday morning in Blackburn-Shaw Chapel at Amarillo and burial was in a Lubbock cemetery. Mrs. Stocking's husband, the late Roy Stocking, was a partner in ownership of a drug store here about 50 years ago, and she was an early-day member of Music Study Club of Hereford. She moved to Amarillo from Plainview in 1944 after her husband's death. A native of Arkansas, Mrs. Stocking was a member of the first graduating class at Clarenden College. She was active in Polk Street Methodist Church and a life member of its Woman's Society of Christian Service. Surviving her are a son, Jerome Stocking of Amarillo three grandchildren and four great-grandchildren.

Raiders, SMU Clash In Dallas

LUBBOCK — Texas Tech and Southern Methodist clash in a Southwest Conference contest as the Red Raiders visit the Cotton Bowl Saturday. Kickoff is set for 7:30 p. m. Southern Methodist, who opened the season with a thrilling 20-17 win over Texas A&M, has lost to Missouri, 21-6; Minnesota 23-3; Army, 24-6; and Rice 14-10. The Mustangs threw a scare into the high-flying Owls before bowing. Coach Hayden Fry is expected to use quarterback Mike Livingston and Ines Perez in an aerial bombardment of the Red Raiders. SMU still has Jerry Levis, a top back who can break up a tight game. The Mustangs spoiled homecoming for the Red Raiders last year with a 24-7 victory before 40,354 fans in Jones Stadium. After a convincing 52-4 win over Iowa State and a superb 19-13 victory over Texas, Texas Tech has been derailed by Mississippi State, 7-3; Texas A&M, 28-24 and Florida State 28-12. Coach J. T. King hopes to get the Red Raiders back in the victory column with a strong running attack complimented with improved passing by quarterback John Scovell. Reporting Wages Important To All

Employment does not become self-employment merely because the employer fails to report wages paid, observes Social Security Representative Bruce Grady. Even though the employer and employee agree that the social security taxes shall not be withheld nor reported by the employer, the employee cannot obtain credit by reporting his earnings as self-employment income. (This would deprive the social security trust funds of nearly one-fourth of the correct amount which should have been reported by the employer.) Bruce Grady pointed out that self-employment income is net profit of \$400 to \$6,000 per year from operation of one's own trade, business, farm or ranch. It should be noted that the employer is responsible for reporting wages covered by social security, and for paying the total social security tax at that time. The employer is authorized to withhold the employee's portion of the tax from his wages. If the employer fails to do so, he is liable for payment of both his own and the employee's social security tax.

### Washington Report

From Congressman  
**BOB PRICE** FIFTH DISTRICT, TEXAS

1322 LONGWORTH OFFICE BUILDING, WASHINGTON, D. C. • 205-3706

House Republicans were joined by enough Democrats — mostly southerners — to finally put a lid on Federal spending for the 1968 fiscal year.

In a stormy 8 hour session, amendments and a substitute resolution to a continuing appropriations bill were engineered and directed by Republican Frank Bow of Ohio and Democrat Jamie Whitten of Mississippi.

The bill as it was passed will require federal agencies to limit expenditures this fiscal year to last year's levels, regardless of how much money Congress appropriates.

If the House action is sustained by the Senate, net reductions of between \$5 and \$7.5 billion will be made in funds already appropriated or projected in the President's budget.

Exempted from the hold-down were trust funds, the Viet Nam war, interest on the public debt, social security payments, veterans and other retirement benefits, medicare and old-age assistance payments.

Amendments to the resolution included a \$1.2 billion limitation on the Office of Economic Opportunity (last year \$1.7 billion) and a \$2 billion ceiling on Foreign Aid (last year \$2.9 billion).

These are realistic cuts and cuts that must be made if we are ever to stop the inflationary spiral that has not reached an annual rate of more than percent.

In fiscal year 1960, non-defense spending by the Federal Government was \$48.6 billion. The estimated non-defense spending for 1968 before the limitations

were voted is \$55.6 billion, an increase since 1960 of 97 percent. During the past 5 years alone, the Federal Government has spent \$60.487 billion more than it has taken in.

Only last January the Administration forecast a deficit of \$8.7 billion for fiscal 1968. In June this figure was completely discredited when the Administration was forced to obtain from Congress a borrowing authority that would accommodate a deficit of \$29 billion. However, it was not until August 3, that the Administration finally acknowledged the precarious state of the economy and the obvious and continuing threat of runaway inflation.

On that date, the President forwarded a message to Congress wherein he urged the immediate enactment of a 10 percent surtax. In this message it was stated that unless expenditures were tightly controlled and the tax increase imposed the deficit for 1968 could be more than \$28 billion.

Almost without exception, those testifying before the House Ways and Means Committee on the President's proposed tax increase said that government expenditures must be reduced. It also was noted that

a reduction in expenditures has a far greater dampening effect on inflationary forces than an increase in taxes.

In fact, the distinguished Chairman of the House Ways and Means Committee, Rep. Wilbur D. Mills of Arkansas, stated recently that he thought the first order of business, even though action on appropriations bills has not been completed, is to relay to the Government departments instructions that they must reduce spending by a fixed amount.

Even President Johnson has joined those who are concerned by the present inflation when he said recently: "All taxes are burdensome but the cruelest tax of all is the inflation tax."

Both the President and the heads of the various government departments apparently got the message when Chairman Mills joined Republicans and other Democrats in voting for the spending restrictions.

The 239 — 164 vote was a real victory for Republicans and the economy-minded Democrats who joined them and may be the first step in some sensible budget reforms in both the Executive Branch and the Congress and a return to some semblance of fiscal sanity.

## Sharp Completes Six-Week Course

Lloyd B. Sharp of Lone Star Agency, 601 Main Street, Hereford, Texas, was awarded a certificate of merit Oct. 20 upon the completion of an intensive six-week course conducted by The Continental Insurance Companies at their New York City home office. Presentation of certificates to the 27 graduates was made by William E. Matchett, president of Continental. The award ceremonies were followed by a dinner held at the Drug & Chemical Club.

The purpose of the School of Insurance is to bring local Continental agents up to date on recent developments in the increasingly competitive insurance industry, particularly in the area of multi-peril insurance packages. In a program of lectures, classroom discussions, tests, field trips, and interviews with company executives and technical specialists, the agents completed 210 training hours covering all phases of property and casualty insurance. Special emphasis was given to the group's Comprehensive Business Policy.

The Continental school is held annually. Selected applicants receive expense-paid scholarships

for the six-week period in New York.

## Genealogical Society Holds Open House

The Amarillo Genealogical Society, in observance of its tenth anniversary will hold open house in the form of a tea and exhibit at the Wolfen School Auditorium, 2026 S. Hughes Street in Amarillo, Sunday, October 29, between the hours of 2 p. m. and 5 p. m.

This event will appeal to those interested in family history and will show artifacts and antiques, family heirlooms preserved from earlier days. Everyone is invited to attend, according to Mrs. Forrest Doshier, of Amarillo, Publicity Director for the group.
