Jewish Refugee Ship Challenges Blockade

JERUSALEM, July 18. (AP)—Some 4,500 angry Jewish immigrants aboard a refugee ship used tear gas, smoke bombs, steam jets and other weapons today in a vain battle against a 50-man British boarding party off the Palestine coast, British authorities announced.

(The President Warfield, an 1,814-ton steamer, was identified in Baltimore as a former excursion boat which saw service in the Normandy invasion in 1944 and later as a troopship.)

Committee Asks Cut In Foreign Aid Funds

Slash Of 195 Million Made By Committee

WASHINGTON, July 18. (AP)—A 12.6 per cent cut in the administration's \$1,548,361,400 foreign-aid spending program for this fiscal year was recommended today by the House appropriations committee.

Part of the reduction apparently was intended to express Congressional annoyance at Russia's ability to persuade Poland and Hungary to boycott the Paris European recovery program.

In recommending a total outlay of \$1,333,024,900, of \$195,336,500 less than President Truman asked, the committee said there "is a limit to the resources of this country, and the governments of other countries must not expect that relief from the United States is limitless."

The committee's action came after several high-ranking Republican members first publicly predicted and later privately disclosed drastic cuts in the program. Secretary of State Marshall made a personal appeal for GOP leaders last week.

On the four major items in the immediate foreign-aid program the committee recommended this action in an overall \$1,602,199,094 supplemental appropriation bill:

1. Aid to Greece and Turkey: the full \$400,000,000 previously authorized by Congress.

2. Relief to war-devastated countries (Poland, Austria, China, Greece, Italy, Trieste and Hungary): \$32,000,000 of the \$350,000,000 requested.

The \$18,000,000 cut, the committee said, "represented the sum intended to go to certain countries which have not shown a disposition to comply with the requirements of the act authorizing the appropriation."

The committee did not name the countries, but members had threatened to curb aid to Hungary and Poland, Russian satellites that have boycotted the European economic conference.

3. International refugee organizations: \$71,024,900 of the \$73,361,400 sought for U.S. participation in this organization set up to aid displaced persons. The committee said the reduction of \$2,336,500 represents obligations "not mandatory x x x under the international agreement."

4. Endowment Funds High At TCU

FORT WORTH, July 18. (AP)—"More individuals have set up permanent endowment funds to establish named scholarships at TCU during last year than ever before in the school's history," states President M. E. Sadler.

The donations for the last fiscal period, July 1, 1946, to June 30, 1947, total \$88,800.

"Only scholarships of \$5000 or more are placed in this classification," President Sadler said.

Condition Of Crash Victims Critical

Condition of Frank Goodman and Billy Hopper, who were rushed to a local hospital after they were injured in an auto-truck crash early Thursday morning, remained critical this morning.

Relatives of Goodman said he had improved slightly. Hopper reportedly had never regained consciousness.

Both men suffered internal injuries, hospital attendants said.

Mill, Warehouse Former Texan Burn In Austin

AUSTIN, July 18. (AP)—The mill and warehouse of the Capital Prefabricators, Inc., plant, one of the largest of its kind in the nation, lay in ruins today following a fire last night that caused damages estimated at \$1,000,000.

Fire Chief John Woody said it was not immediately determined how the fire started.

A nightwatchman discovered the blaze in the long, low warehouse. It quickly spread to the mill with the aid of a wind from the east.

The blaze was one of the largest in the history of the city. The plant was constructed in 1940 and was capable of producing 300 housing units a month. General Manager J. K. Eichelberger said the plant would be rebuilt soon.

The buildings, situated on the highway to Dallas, snarled traffic for several hours. No one was injured in the blaze. Firemen brought the three-alarm fire under control within three hours.

U. S., Russia Clash Over Balkan Check

U. N. Plunges Into Final Talks On Plan

LAKE SUCCESS, July 18. (AP)—The United Nations security council ended its general Balkan debate today and plunged immediately into the final phase of the case—a detailed discussion of the conflicting American and Russian plans of action.

As the general discussions came to a close, French Delegate Alexandre Parodi called on the representatives of Greece, Albania, Bulgaria and Yugoslavia to give assurances of their cooperation and good will.

Each of the four in turn expressed a desire to see the problem settled peacefully, and Parodi voiced his satisfaction that the debate had ended on a peaceful note rather than a note of mutual accusation.

Meanwhile, the United States was reported ready to introduce a revised version of its original resolution, bringing it into line with suggestions offered by France and other delegates during the general debate. It was emphasized, however, that no changes in the substance of the resolution were contemplated.

The new draft was considered at length in a pre-session conference of the British, French and American delegations in the delegates' lounge this morning, but the actual changes were not made public immediately.

Most delegates were reluctant to anticipate what Russia would do when the council came to a vote on the American proposal for a commission to stand guard over the Balkans and settle disputes.

The general feeling, however, after the speech yesterday by Soviet Deputy Foreign Minister Andrei A. Gromyko was that Russia might abstain from voting and thus permit the establishment of the commission.

Some delegates felt that Russia still was hoping for delays which might produce some type of compromise and open the way for Gromyko to abstain.

American sources said, however, that the U. S. delegation would not budge in its position and would not accept any compromise that would weaken its proposal.

Senate To Act On Vet Bonds

WASHINGTON, July 18. (AP)—Senate leaders today added legislation to permit immediate cashing of veterans' terminal leave bonds to their preadmission list but clinging to July 26 as their hoped-for quitting date.

Chairman Taft (R-Ohio) reported the senate policy committee decided to press for a probe of last year's Kansas City Democratic primary and push through a series of veterans benefit bills.

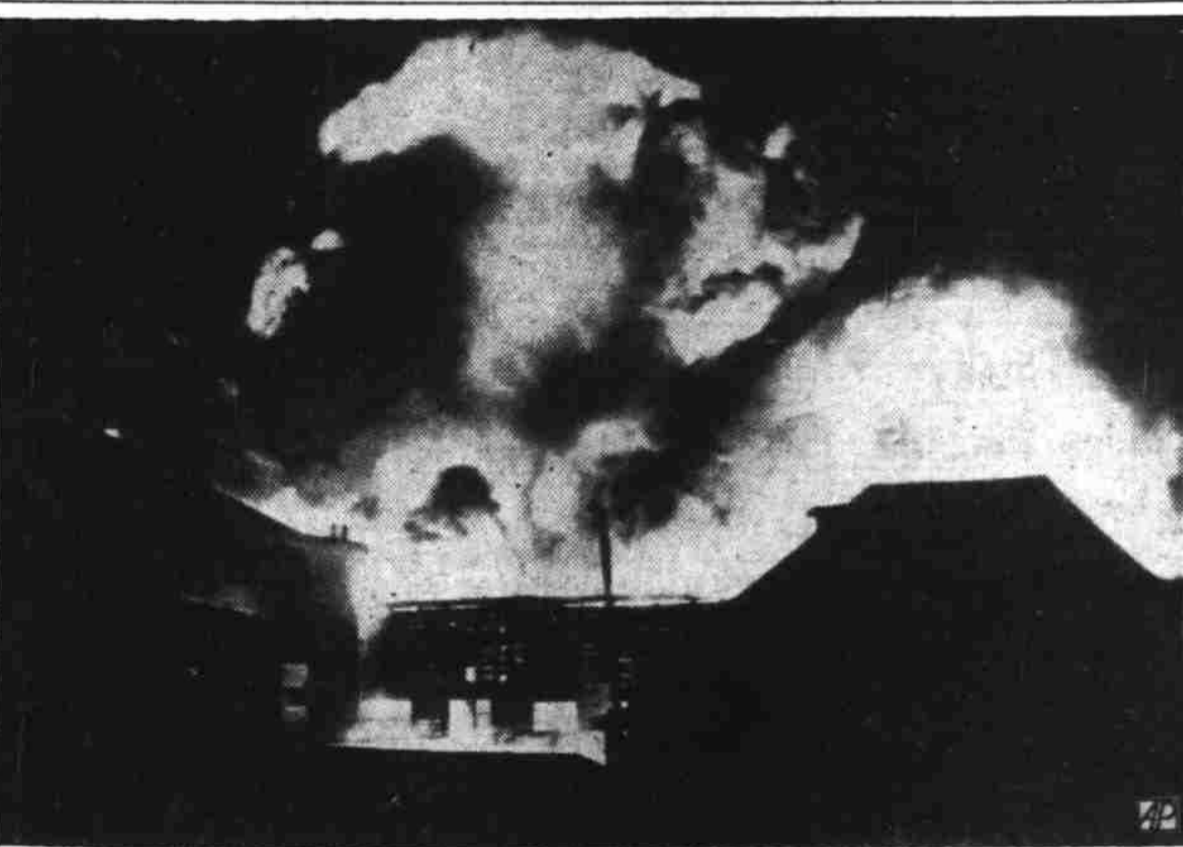

"If necessary we will hold night sessions next week," Taft said. "I see no reason why we should not finish next week."

At the same time he said a delay in adjournment still is a possibility. "We are not going to let somebody hold a gun at our heads," he told reporters after the closed-door strategy session.

The Republican policy chairman said that senate Democrats "appear to be engaging in a near filibuster" against Republican demands for a probe of justice department investigations into the primary election last year in President Truman's home state.

The terminal leave pay plan, already approved unanimously by the House, calls for immediate cash payment of some \$1,800,000,000 in bonds issued to World War veterans as compensation for earned leave which they were unable to take.

LAKE CHARLES, La., July 18. (AP)—Jimmy Monsur, 40, manager of a night club dining room, was charged with manslaughter here yesterday in the death of John L. Blackburn, 19, of Port Arthur, Texas.

Blackburn was shot to death, sheriff Henry A. Reid said, after he had hurled a saucer across the dining room in a "flying disk" prank.

The shooting occurred Saturday night.

Brothers Meet After 50 Years Of Separation

Two brothers greeted each other for the first time in over 50 years last night, when G. W. Couch of Lamar county, Alabama, arrived to visit G. J. Couch.

It was the first time the two brothers have been together since Christmas Day of 1896.

G. J. Couch came to Texas, arriving in the eastern part of the state on Jan. 1, 1897. He came on to Coke county the following December, and then moved to Howard county in 1923.

G. W. Couch lives near Vernon, Ala. and his current trip is his first to this section of Texas. On one other occasion he travelled through East Texas and Dallas and Fort Worth en route to visit a sister in Pauls Valley, Okla.

SPEAKER JOE MARTIN IS NOW NEXT IN LINE FOR PRESIDENCY

WASHINGTON, July 18. (AP)—President Truman today signed the presidential succession bill placing Speaker Joseph Martin (R-Mass.) in line to replace him in the event Mr. Truman is unable to complete his term.

The legislation, which Mr. Truman requested immediately after he entered the White House and vacated the vice-presidency, was signed as part of the presidential routine.

There was none of the ceremony that sometimes accompanies the signing of important measures. Press Secretary Charles G. Ross, who told reporters of the signing said he knows of no plans to assign a secret service agent to protect Martin.

Secret Service agents also said they know of no such intention.

Until Mr. Truman signed the legislation, Secretary of State Marshall had been next in line to the presidency.

The new bill outlining order of presidential succession places the speaker immediately behind the vice-president.

The president pro tempore of the Senate—now Senator Vandenberg—is next in line of succession after the speaker of the House.

Cabinet officers starting with the secretary of state, follow in order provided by previous law.

Greek Planes Blast Fleeing Guerrillas

ATHENS, July 18. (AP)—A Greek communique said today Nationalist planes were inflicting severe losses on guerrillas who were fleeing northeast of Ioannina before pursuing ground forces and ravaging villages on the way.

Minister George Stratos said another and larger guerrilla offensive was expected along the northwest frontier. The Greek government said the first Guerrilla band "invaded" Greece from Albania with the aim of setting up a separate communist government.

"Bandits passing through villages have committed crimes of unimaginable brutality," the communique from the Greek eighth division said. "Villages have been pillaged and many inhabitants killed."

Loyalists asserted the irregulars had been cut into small units which were scattered in an arc over a wide, rugged area 16 miles northeast of Ioannina near the villages of Frangadhes, Elatohori and Dholianini in the foothills of Mt. Timfi.

An unconfirmed report said 245 bodies were found in the ravine and that army units captured 300 more of the estimated 800 rebels under fire.

Board To Act On Newton Clemency

AUSTIN, July 18. (AP)—The State Board of Pardons and Paroles expects to decide by the middle of next week whether it will recommend pardon, as requested by 1,000 letters and petitions bearing some 20,000 signatures, for Dr. W. R. Newton of Cameron.

Dr. Newton, sentenced to two years in prison on a charge of assault to murder Dr. Roy Hunt of Littlefield, personally brought most of the letters and petitions to the board last week. Abner Lewis, board chairman, said Newton is on 30-day emergency reprieve granted by Gov. Beauford Jester so as not to jeopardize lives of the Cameron physician's patients, some said awaiting major surgery.

The court of criminal appeals on April 23 had affirmed Newton's conviction, his second after three trials.

Measure Faces Crucial Test Before Senate

WASHINGTON, July 18. (AP)—President Truman's veto of the tax bill, overridden by the House 299 of 108 with plenty of votes to spare, reached the Senate at 11:42 p. m. (CST) today. Senator Taft (Ohio) and other Republican leaders expected to press for a prompt vote and indications the Senate would sustain the President and thus kill the bill.

Voting to uphold the veto here were 105 Democrats, two Republicans—Hull of Wisconsin and H. Carl Andersen of Minnesota, and the one American Labor party member, Marcantonio of New York.

In announcing the results of the vote, Speaker Martin (R-Mass.) said the bill is passed "notwithstanding the objections of the President."

Chairman Taft (R-Ohio) told reporters the Senate Republican policy committee will press for a vote later today on the veto.

A powerful Republican-Democrat coalition rolled up in the House the more than two-thirds majority necessary to overthrow the veto.

The House roll call showed a substantial shift of Democrats in support of the measure, which provides for tax reduction effective Jan. 1, 1948. The chamber previously had voted 268 to 137—two short of the required two-thirds—to sustain Mr. Truman's veto of the first bill which would have made the cuts effective last July 1.

Just as he did in vetoing the first bill, Mr. Truman again said the tax legislation provides the "wrong kind of tax reduction at the wrong time."

If the Senate should upset predictions and vote to override, the bill will provide cuts ranging from 30 percent in the lowest taxable incomes to 10.5 percent on incomes over \$302,000.

Republicans virtually conceded the Senate will pitch the new measure in the scrap heap. The chamber voted 60 to 32 to pass the bill—two votes short of two-thirds majority that will be required to make the bill law over the veto.

GOP leaders say failure of the Senate to override will erase all prospects of relief for 49,000,000 income taxpayers next year. They promised to throw the tax issue into the 1948 presidential campaign.

Republican National Chairman Carroll Reece said "it will be quite satisfactory from the Republican standpoint to have Mr. Truman campaign next year for a fifth term for the new deal with the slogan, 'Relief For Everyone But The American Taxpayer.'"

Mr. Truman said in his veto message that when the time comes to lessen the wartime tax burden it should be reduced "on a basis that is fair to low income groups as well as to high income groups."

He did not specify when he thought the time would be ripe for cutting taxes, but added:

"I am unequivocally committed to the right kind of tax reduction at the right time."

"The right kind of tax reduction must be based upon a careful consideration of all elements of our tax structure," he added.

Buying Surges In Wool Market

BOSTON, July 18. (AP)—The return of the "free market" in the wool industry through the removal of government controls has opened up one of the greatest upsurges in buying in recent years, a spokesman for the industry said today.

C. Willard Bigelow, secretary-treasurer of the Boston wool trade association, said that, with the government now on the outside and with foreign wool clips unavailable until possibly September, the demand for domestic wool had caused widespread activity.

Key Man Behind New Labor Law Praises It

WASHINGTON, July 18. (AP)—Robert N. Denham, newly-appointed key man behind the Taft-Hartley labor law, predicted today that "under proper administration the new act will do a great deal to benefit both labor and industry."

As President Truman's choice for the powerful post of general counsel to the expanded national labor relations board, the 62-year-old republican told a reporter:

"I believe the labor situation will clear itself up much more rapidly than some people believed."

Denham said he had "thought I hit a bump."

Baptist Delegation To World Convention Sails For England

WASHINGTON, July 18. (AP)—Baptist clergy and laymen from all over the world are converging on Copenhagen for the seventh Congress of the Baptist World Alliance, opening July 29.

It will be one of the largest religious meetings since before the war, with between 4,000 and 5,000 delegates attending.

From the United States alone 60 Baptists are going to the meeting. Many already are enroute. The largest group sailed on the Queen Elizabeth July 17. Many will go by plane later.

Headquarters of the alliance

here said delegates had no difficulty getting passports visased for Denmark. The country was spared the ravages of war and food and accommodations for the vast assemblage are adequate.

Two of the foremost decisions to be made by the congress are:

1. Election of a president to succeed the late Dr. J. H. Rushbrooke of London.
 2. Determination whether alliance headquarters will return to London or remain in Washington.
- Dr. Rushbrooke died last winter. Headquarters for the organization were moved to Washington in 1941 because of the bombing of London and because Dr. W. O. Lewis of the United States, general secretary, could not be in London due to wartime travel restrictions.
- It is considered likely that headquarters will be returned to London.

The 70-year-old president will retire Sept. 1. He will be succeeded by Dr. James Gee, dean of the college, Sam Houston State, Huntsville.

Ferguson has been 22 years at East Texas State, serving as dean of faculty until his appointment to the presidency following the death of Dr. Sam H. Whitley Oct. 2, 1946.

Brink Family Leaves Phoenix

PHOENIX, Ariz., July 17. (AP)—The Brink family—father, mother and nine children—picked up \$39,82 from the chief of police today, ate a big breakfast and started on the second lap of their journey from the relief rolls of Los Angeles to their old home town, Bartlesville, Okla.

The money was the second installment of \$379,27 Los Angeles county has provided for their trip.

Other funds will be awaiting them at El Paso and Abilene.

Papa James Brink is driving his family back to Bartlesville in an old model sedan.

Los Angeles county financed the Brink's departure because its public assistance division reported the family had been drawing an average of \$278 a month in relief for two and a half years.

This Brink denied, saying, "I've gotten a little relief money in the past two months. I needed it because I couldn't work and look for a house at the same time."

States Planning FM Radio Chains

WASHINGTON, July 18. (AP)—Federal Communications Commission said today that a survey shows some 23 states working on plans for state-wide FM radio networks for educational purposes.

Such use of FM—providing high-fidelity, static-free reception is already well underway on a local basis under sponsorship of educational institutions.

The network operation, to spread this form of extension education by air, involves the use of relay facilities, to cover wide areas.

FCC's survey shows that in California, Pennsylvania, South Carolina, Virginia and Wisconsin, the network plan for educational broadcasts has already reached the legislative stage.

Planning committees are actively at work in Geo., Ill., Kentucky, Louisiana, Michigan and Texas, and interest is also being shown by groups in Alabama, Iowa, Ohio, Oklahoma, Tennessee, Missouri, New York, Tennessee, Indiana, Maryland, Montana and New Jersey.

June Was Truly Month Of Weddings

June, the traditional month of weddings, lived up to its reputation as 37 couples applied for marriage licenses at the Howard county clerk's office but July bids fair to eclipse that figure.

With the month a little more than half gone, 23 marriage certificates have been issued, five of them Wednesday. Those applying for papers yesterday were Jerome Nagorsky, Eri, Pa., and Ina Ma Williford and Evelyn Frances Hutcheson, both of Coahoma; James Ernest Felts and Debra LaRue Bradford; George Bert Richardson and Doris Spain; and Bartolo Morcado and Elena Melendez, all of Big Spring.

The applications bring to 184 the number issued here since Jan.

Rizley Bill Tabled

WASHINGTON, July 18. (AP)—The senate interstate commerce committee voted 6-5 Thursday against recommending senate passage this session of the Rizley bill to amend the natural gas act.

Members said, however, that the vote is subject to reconsideration later.

The bill, by Rep. Rizley (R-Okla.), was passed by the House July 11. Among other things it would prevent the Federal Power Commission, in administering the gas act, from exercising jurisdiction over the production and gathering of natural gas; permit the voluntary operation of interstate natural gas pipe lines for hire as common carriers; and require the FPC to allow as an operating expense in rate-making the prevailing market price of gas.

VA Warns Vets To Pick Up Uncashed Allowance Checks

Uncashed readjustment allowance checks, outstanding for six months or more, will be cancelled on Aug. 1. L. O. Connally, manager of the Texas Employment Commission, today warned veterans in the Big Spring area.

Veterans' checks for both unemployment and self-employment will be affected by the order.

The Employment Commission is taking the action on new orders from the Veterans Administration in Washington, Connally said. As Texas agent of the VA, the commission administers Title V of the GI Bill of Rights, which provides financial aid to unemployed and self-employed veterans.

Connally said today that he had just received notice from the state office of the commission in Austin that checks six months old or older will not be valid after the Aug. 1 deadline. He suggested that all veterans holding such checks cash them immediately.

There are no existing records showing how many checks are outstanding in particular localities, Connally said, but throughout the state more than 2,000 warrants, unless cashed this month, will be affected by the order.

Dapper Mexican Playboy Is Convicted On Murder Charge

MEXICO CITY, July 18. (AP)—Leopoldo Rodriguez Espinosa, dapper 25-year-old son of a wealthy Yucatan henequen grower, began serving a 30-year prison term to Thursday on a conviction of murdering comely Mrs. Molly McLaughlin Price of Corpus Christi, Aug. 27, 1945.

Sentence was passed on Rodriguez yesterday by the second penal court.

The court absolved Rodriguez of a charge of armed assault with a deadly weapon in connection with the wounding of Eleanor Shuster of Clinton, N. J.

Rodriguez and a friend, Jaime Diego Fernandez, accompanied the two young women to El Tepozteco near Tepostlan in the state of Morelos on a sight seeing trip. The shooting occurred after the four had stopped near a ravine to admire the scenery.

Rodriguez faced a possible death penalty under Mexican laws in force at the time of the shooting. During the war, individual constitutional rights were set aside and the death penalty put into effect.

However, with the end of the war the emergency act was withdrawn and the district court said that the sentence would be the maximum for murder—30 years—plus a fine of 3,863.14 pesos (\$772.63) which included the value of jewels stolen from Mrs. Price.

Rodriguez' lawyers set up a defense of temporary insanity and during the two years the case was in the courts numerous reports were filed by psychiatrists and the young man was placed in a mental hospital for observation.

The Merida, Yucatan, playboy testified before Judge Julian Rodriguez in 1945 that "I did not know what I was doing" when he shot the young woman. He told the court "while the two women and Jaime Diego Fernandez went into a saloon and drank abundantly, beer and mescal (a strong Mexican drink). Afterwards I smoked a marihuana cigaret that I found in my pocket.

"In this condition, I approached the women and suggested that we go to the foot of the hill to see a beautiful panorama. Then I shot them, crazily."

Atom Data Theft Needs Probing

WASHINGTON. — Capital observers who have seen a lot of probes launched by Congress on relatively unimportant matters are wondering why the Senate war investigating committee has failed to probe the recently disclosed leak of atomic-bomb secrets.

court justice, war mobilizer and secretary of state. "I have never forgotten the struggle she had," Byrnes mused to a friend recently.

gan and Barkley of Kentucky also expressed doubts that the bill would "have a change" in the Senate—though they agreed it stood a better chance there than in the House.

If anything is important to the national security, it is atomic-energy secrets, and the fact that they were so loosely guarded by the military certainly would appear to be something a war investigating committee should investigate.

However, the current silence of the old Truman committee—now the Brewster committee—has led Capitol Hill observers to speculate as to whether senators want to protect the Army—which happens to have been responsible for the atomic leak.

Whereupon Vandenberg, with a side glance at Martin, quipped: "Thanks, Mr. President. But if you take any long plane trips, I hope you take Joe along with you."

Should the Brewster committee later decide to probe, it would discover some startling facts; namely that atomic security under the Army was woefully lax, also that security was so bad Lillenthal hired Frank Wilson, former head of the secret service, to reorganize the atomic setup inherited from the Army.

Broncs, Tribe Open Three Game Set Here Saturday

Pilots To Lead With Hill Aces

Midland's Indians and the resident Broncs open what gives promise of being the most important series of the Longhorn league campaign with a single game here at 8:30 o'clock Saturday night.

The two teams play here again Sunday afternoon and Monday night and indicates the Hosses will have to win two of those outings to hold onto first place.

Harold Webb, Midland skipper, will probably lead with his ace, Claude Gray, while Broncs Manager Pat Slaney is due to counter with Lloyd "Pat" Patterson.

In 13 games played between the two teams to date, the Tribe holds a 7-6 edge in contests won.

Cayuses Stage Sixth Inning Rally To Win

BALLINGER, July 18. — Gerry Rodriguez chalked up his sixth pitching victory of the 1947 season here Thursday night as Big Spring turned back the Ballinger Cats, 8-6, and evened the current series.

Rodriguez had one bad inning—the first—but steadied to pitch nine hit ball while the Hosses leveled their sights on big Steve Kolesar and two successors to pull the decision out of the fire.

The Cayuses took the lead with a three-run sixth inning and Rodriguez nursed the advantage the remainder of the distance.

Orlando Moreno and Jake McClain continued their terrific hitting. Each collected two bingles. Moreno has now hit in 26 consecutive contests, McClain in 19. One of McClain's blows Thursday went for three bases.

TEAM MATES

AP Newsfeatures
These athletic couples have teamed up in life. Babe Didrikson, great woman athlete, is wed to former wrestler and now Denver fight promoter George Zaharias. Mrs. Kovacs, wife of the pro net star, is Virginia Wolfenden, also a tennis player. Hank Greenberg, Pittsburgh hitting star, last year wed Carol Gimbel, housewife who has won many championships.

LOOKING 'EM OVER

Had the Big Spring Broncs been able to play the brand of baseball on the road they have exhibited before the home folks, the Longhorn league race would, for all intents and purposes, be over now.

In 38 starts in Steer park, the Hosses have managed to win 30 decisions for a .789 record. Away from their friendly park, the Cayuses have succeeded in winning only slightly more than half their starts—gathering 23 decisions while dropping 19 for a .547 record.

(Those figures include contests played through Wednesday night).

The Hosses have a total of 27 contests booked for the home orchard between now and the end of the campaign. Twenty others will be played away from home. Seven of those home bouts, including the three-game series coming up this weekend, will be against the second-place Midland club as against five in the Indians' tepee.

Ortilleo Bosch, who hung around the local baseball camp for ten days without getting a chance to play, departed with Bob Huntley's Vernon Dusters and became a regular the first night. Against Midland Wednesday Bosch—a Cuban who came here on his own—made a brace of errors while approaching nine chances and collected one hit in five trips to the dish.

Persons who are interested in attending the Longhorn league's All-Star fracas at Ballinger next Thursday night can get their tickets through Bill Moore, president of the Ballinger club.

According to Howard Green, Longhorn loop proxy, Moore is supervising the construction of extra bleacher seats in the Ballinger plant, raising the seating capacity of the stadium to 5,000 fans.

Many local fan has expressed disappointment that Our Town's Jake McClain wasn't chosen to the All-Star team. Jake isn't the best fielding keystone in the family, but he's outshining all the others at least 50 points.

Too, McClain is experienced, would no doubt do well in the clutch.

Sammy Sain, Our Town's baseballer of another era, likes to tell the story about an athlete named Bailey who played with him at Abilene in the old West Texas league in the late '20's.

Bailey, it seems, had seen more prosperous days. Although he had spent most of his career in the minor leagues, he had made a cup of coffee stop with the New York Giants. It was an experience that rankled him no little, subsequent developments proved.

One day Sain and Bailey were walking down the street engaging in friendly and pointless conversation when what looked to be a pedigreed bird dog, amiable and harmless, trotted by.

Bailey's face immediately clouded. Up he rushed to the unsuspecting canine and kicked him viciously. The creature yelped in mingled pain and surprise and beat a hasty retreat.

"Now what did you do that for?" questioned Sain, when he finally caught up with Bailey. "The dog wasn't bothering us."

"Well, I'll tell you Sammy, that's a long story. When I was with the Giants, John McGraw was running the club. I thought I was doing pretty good. Well, McGraw, he was an outdoor sportsman who loved to hunt. One day he upped and traded me for a bird dog, and I've hated them ever since."

Panthers Gain On Buffaloes With 8-4 Win

By The Associated Press

Houston's skidding Buffs held a lead of only 13 percentage points in the battle for the Texas league top today but they had one consolation: They had their troubles from only one direction.

Third and fourth place Shreveport and Dallas were not ready to seriously challenge the Buffs.

Fort Worth's Cats exploded for four runs in the tenth to lick Shreveport 8-4 last night and advance within a half-game of Houston which dropped its third straight in slipping before Oklahoma City Indians 3-1.

Dallas downed Beaumont 7-1 and San Antonio whipped Tulsa 3-1 in other games.

Whumping and Vic Johnson allowed Houston only five hits and it required three walks and an infield out for the Buffs to score.

Home run leader Nick Gregory put one over the fence in the third with the bases loaded to give Shreveport a 4-4 tie with Fort Worth at the end of nine innings. The Cats then proceeded to club their way to victory in the extra frame.

Floyd Giebell pitched five-hit ball for Dallas while the Rebels got eight blows off Lefty Kent Stelling of Beaumont. Only 21 batters faced Giebell in the first seven innings.

Pitching also featured the battle at San Antonio with Marlin Stuart of the Missions limiting Tulsa to two hits. Meanwhile the league cellar-dwellers spiked the pan for two runs in the first inning and kept pecking away at Tom Warren and Felix Penso.

Lubbock Man Held

HOUSTON, July 17. (AP) — A 38-year-old Lubbock man was being held in Harris county jail today for Lubbock police following his arrest here late yesterday in connection with investigations of 25 stolen automobiles.

Deputy Sheriff Vic Park and V. J. Donnelly said the man was arrested on information from State Ranger Raymond Waters of Lubbock and State Highway Patrolman E. D. Carnichael.

Pipeliners, San Angelo In Sterling Title Test

Cosden Edges AB Club, 5-2

STERLING CITY, July 18. — Cosden Pipeline and Telephone Minor at San Angelo, the tournament's dark-horse, advanced into the finals of the Sterling City Invitational softball meet by scoring semi-wind-up victories here Thursday evening.

The Pipeliners, who headquarters at Forsan, subdued American Business Club of Big Spring, 5-2, behind the three-hit hurling of L. D. Cunningham after the Telephone gang had upset Big Spring Hardware, 4-2.

The Big Spring Spartans loaded the bases in the final inning but Johnny Daylong, hurling for Angelo, subdued the rally.

Jimmy Daylong, pitching for Hardware, limited the Telephone gang to two safeties but his brother was tighter in the clutches.

Cunningham struck out 12 men in his test, bringing to 20 the number he has whiffed in the show.

Angelo and the Cosden club meet in the title game at 9:40 p. m. Saturday, immediately after the contest for third place between AB Club and Big Spring Hardware.

Sluggers Meet Stamford Tribe

LeRoy Modkins' Colored Sluggers, local baseball nine, take on the Stamford Black Indians in an exhibition game at Steer park around 8:15 o'clock tonight.

The Sluggers were booked to play Lamesa last night but the Loboes did not put in an appearance.

Legion Baseball Team Disbands

Activity of the Big Spring American Legion baseball squad has been terminated for the season due to schedule conflicts, Legion officials announced today.

Practice sessions for the squad were cancelled last week, and when attempts to locate a suitable practice diamond proved fruitless, officials decided to suspend play for this season.

Squad members have been requested to prepare articles of uniform and equipment for collection. T. A. Thigpen will begin checking in the equipment within the next few days.

Speaker Demands More Research In Cotton Industry

DALLAS, July 18. (P-M. K. Horne, Jr., of the National Cotton Council of America, said here today that if cotton could hold its present quality advantages its markets would be relatively secure, but warned:

"At the present time the research programs devoted to the improvement of cotton's competitors are disproportionately large. Paper and synthetic fibers have made great strides in research and they can with good reason be expected to make further strides. Their research programs are aimed directly at overtaking cotton in those quality advantages on which it depends for its markets."

In an address prepared for delivery before the eighth annual meeting of the Cotton Research Congress, Horne said cotton, at 25 cents per pound, might lose all its markets in the course of time unless a really adequate effort is made through research and developmental work to keep cotton abreast of its competitors in quality improvement.

The three-day meeting, attended by about 400 cotton industry representatives from 21 states, closes tonight. The Congress is sponsored by the statewide cotton committee of Texas.

Dusting of grass weeds and shrubs with DDT will kill dog ticks which spread Rocky Mountain spotted fever, the U. S. Department of Agriculture reports.

EUROPEAN TRIP FOR O'BRIENS IS CANCELLED, PASTOR TO TAKE REST

As they stood on the threshold of realizing a cherished hope, the dream of a trip to Europe shattered Tuesday for Dr. and Mrs. P. D. O'Brien. Dr. O'Brien, pastor of the First Baptist church, was advised by a New York physician, on the eve of their sailing for Copenhagen, Denmark and the World Baptist Alliance, to take an extended rest. Presumably, they are enroute to some point in the Ozarks while hundreds of their fellow Baptists, including Forrest Gamble, their son-in-law, point toward London aboard the Queen Elizabeth. "We did get a glimpse of the Queen Elizabeth," Dr. O'Brien wrote almost wistfully. "She is really a honey."

Texans Swelter, Relief Sighted

By The Associated Press

The part of the thermometer that hangs down below the 100 mark could have been chipped off and thrown away in Texas yesterday—it wasn't needed. Almost every reporting city said it was 100 degrees or above. Cooler weather is expected this week-end. Yesterday, hottest was 113 degrees at Henrietta; but you couldn't call these cool:

Seymour 110, 7 Bridgeport 109, Graham and Llano 108, Childress, Dublin and Quanah 107, Memphis and Fallurrias 106, Carrizo Springs, Eastland, Encinal, Spur, Paris and Waxahachie 105, Brownwood and Laredo 104, Lampasas, Ballinger and Taylor 103, and Brownville, Abilene and Bevelille 102. Big Spring had 101.

Cooler spot today was Dalhart with 61 degrees.

Showers fell in scattered areas, bringing a forerunner of the slightly cooler weather forecast for most of Texas tomorrow and Sunday. Heaviest rainfall was 1.90 inches at Clarendon. Dalhart had 1.37 inches. The Amarillo section had .71 early today and it was still cloudy and damp. El Paso reported .66, Miami .65 and Muleshoe .60 inches.

Cattlemen Hit 'Buffer' Zone System

Texans Call Hoof And Mouth Fight In Mexico Inadequate

WASHINGTON, July 18. (AP)—Two Texas cattlemen say the joint program of the U. S. and Mexican governments against foot-and-mouth disease in Mexico is not tough enough. They advocated slaughter of all animals in infected areas, and criticized the system of quarantined "buffer" zones being maintained by Mexican army troops. Their opinions were made public in hearings published today as the House appropriations committee presented a supplemental money bill for the current fiscal year. Discussion of the foot-and-mouth eradication program came up when the agriculture department asked for \$65,000,000 to carry on the work. Congress appropriated \$9,000,000 in February to get it started.

Former Congressman Robert J. Kieberg, Jr., president and general manager of the famous King Ranch, and Thomas R. Armstrong, part owner of the Armstrong Ranch in South Texas, were the two critics.

Kieberg told the committee that quarantine zones never have been effective in fighting foot-and-mouth disease. He objected also to the processing of any meat from animals slaughtered in the quarantine.

He urged "complete slaughter" and burial of all animals in the infected sections, despite Mexican government disapproval of this procedure.

Mexican authorities have been allowing some meat from infected areas to be sold, he said, and are using proceeds to help finance the eradication work.

"It is my feeling," he testified, "that since foot-and-mouth disease endangers our entire agricultural economy and finally our national economy generally, the Congress is justified in appropriating whatever moneys are necessary to clean up the actual infection."

Armstrong added, "eradication by slaughter and burial on the premises is the only sure method. This is a time-tried measure having a scientific basis."

General operation of the joint program was commended by Joe G. Montague, general counsel for the Texas and Southwestern Cattle Raisers Association, who told the committee he saw "absolutely no evidence" of graft on a trip through Mexican disease areas this week.

"It would be impossible to exaggerate the danger of an outbreak of that disease to this country," he said. "I felt very much encouraged about the work that was being done, and about the possibility of eradicating the disease in Mexico."

Blue Sox Lose To Lamesans

By The Associated Press

Amarillo's Gold Sox gained on Lubbock in the West Texas-New Mexico league chase last night by being idle.

The Gold Sox' game with Borger was postponed because of rain but Lubbock unfortunately got in five innings before the rains came and lost to Pampa 10-5.

Today Amarillo is only one game behind Lubbock.

Pampa scored seven runs in the fifth on six straight hits to beat Lubbock.

Bill Jones notched his fifteenth pitching victory as Lamesa won over Abilene 11-8.

Albuquerque beat out Clovis 14-13 in the other game of the evening. It was Clovis' Twelfth straight lick-

COUNTY IS CHOSEN ON COTTON STUDY

The Bureau of Agricultural Economics has selected Howard county as one of 10 within the state in which to make a study of "cotton yield variability," M. Weaver of the local AAA office has been notified.

The University of Virginia is co-operating with the BAE on a survey of the entire south, Weaver was informed.

E. L. Barber, representative of that agency, will arrive here within a few days to confer with Weaver and begin the study.

Tickets Offered On Time Plan

Americans—accustomed to buying washing machines, homes and automobiles on the installment plan—may now take a vacation trip on time.

Effective Thursday, the Texas & Pacific Railway company made available an installment plan for buying tickets.

The plan works like this: Any person planning a business or pleasure trip where the first-class fare is \$50 or more, exclusive of federal tax, may make application for installment buying of his transportation at any T & P passenger agency where the arrangement is in effect.

When the applicant's credit standing is approved, the passenger agent issues the ticket upon receipt of a down payment of not less than 25 per cent of the ticket's total cost. A promissory note, payable in consecutive monthly installments for six months, is signed. A two per cent service charge on the unpaid balance is assessed.

The arrangement is designed particularly for vacationists and therefore applies to round-trip fares only. Destinations may take the passenger over other roads, but this is part of the plan. To use the plan, however, trips must originate at Abilene, Dallas, El Paso, Fort Worth or Texarkana in Texas.

Yankees Extend Victory Streak With Twin Win

By The Associated Press

The New York Yankees' merciless victory march in the American league had even the rival National league clubs jittery today.

With 19 straight victories under their belts to tie the American league consecutive win record, the Bronx Bombers are casting covetous glances at the only two winning streaks exceeding theirs—the 21 straight by the 1935 Chicago Cubs and the major league record of 26 polled by the New York Giants in 1916.

The Yankees made it 19 in a row yesterday when they defeated the Cleveland Indians in both ends of a double header 3-1 and 7-2 at Cleveland's Municipal Stadium. The double victory enabled them the equal the 41 year old standard set by the Chicago White Sox in 1906.

The double win enabled the Yanks to maintain their 11 1-2 game lead over the second place Tigers. The Bengals came from behind twice to capture both ends of a double header from Washington 7-5 and 4-3.

The Red Sox remained a game behind the Tigers by winning two from the White Sox in Chicago 4-1 and 6-3, the second game going 11 innings.

Norred Reports On AB Club Meet

Neil Norred, local American Business club delegate to the National AB Club convention in Dayton, Ohio, July 10-12, told club members Friday of new rulings enacted by the convention.

Included in the voting was a motion to up national dues five dollars. Some 250 delegates attended the convention from 36 clubs over the nation, according to Norred. Seven represented Lubbock and there was one from Amarillo. The '48 ABC convention will be held in Savannah, Ga.

Charlie Staggs, program chairman for the Friday meeting, introduced a quartet of vocalists accompanied by Mrs. Ann Houser. Composing the group, which sang three selections are Barbara June Greer, Ann Crocker, Susan Houser, Wanda Lou Petty and Kitty Roberts.
