

The Hereford Brand

TUESDAYS—TWICE-A-WEEK—FRIDAYS

HEREFORD, DEAF SMITH COUNTY, TEXAS, FRIDAY, JULY 28, 1922

22nd YEAR, NO. 54

HISTORICAL FACTS SHOW IN THIS MAP

TRAIL OF EARLY SETTLERS TRACED BY THEIR MOUNDS

FEAR OF INDIANS

Proved Unfounded, Only Wild Horses Causing Vigilance

J. Frank Potts, abstractor, and also county surveyor, has just received a copy of his new maps of Deaf Smith County and is placing them where ordered. The new map is undoubtedly the most complete thing of the kind ever attempted in this section and shows the results of long and patient detailed work. There is always interesting history connected with the making of any map. In discussing his latest production Mr. Potts said:

"In the year 1906, Chas. W. Hays, Civil Engineer and County Surveyor of Deaf Smith county, compiled much information and drew the best map of Deaf Smith county that had been compiled. This map has been used as a basis for the construction of all maps of this county from that time up to the present, but for the past six months I have been working constantly, at odd times, to compile a map showing all recently surveyed and subdivided tracts. This map has been completed, showing all the townships in Deaf Smith county, named for either the men who have been identified with the development of that particular township, or where such was not available, then some man's name who has been identified with the development of the county was used. While the name of the township is not at this time a record officially recognized, it will soon be from the fact that at this time the description of lands in that part of this county is confusing, whereas by name, they will soon become familiar to everyone, just as the names of towns, or the schoolhouses. Another feature in the name placed on the schoolhouses all over the county, with their location. (Continued on Page Five).

A Chicken-Eating Contest Shrine's Picnic Feature

The Shrine's Club entertained at a picnic on the creek Friday evening. It was purely a social affair, attended by several out-of-town guests and the wives, families and sweethearts of the members.

It is understood that Secretary Albert Herbst was scheduled to deliver an address of welcome and a chicken-eating contest between Messrs. Johnathan Pitman and A. Lawrence was to be a feature. The Club is considering holding similar social meetings every month.

BAND CONCERT IS ENCORED BY BIG CROWDS THURSDAY

The streets about the Magnolia Filling Station were jammed with automobiles Thursday night, filled with Herefordites who listened appreciatively to the regular weekly concert of the Hereford Band. This is a splendid location for these concerts and the courtesy of Manager Kelleher permits the use of his fine lighting system. The band is steadily improving from week to week and the membership is being constantly augmented by new talent.

GOLDEN RULE WILL MOVE TO OLD PALMER LUMBER YARD

The Golden Rule Produce is preparing to move to the T. M. Palmer building formerly occupied by the Palmer Lumber Co., across the street south from the Courthouse. The Golden Rule Produce has long felt the need of larger quarters for their expanding business. Other lines will probably be added to the business as the demand grows.

J. M. Murchison is New Clerk at Post Office

J. M. Murchison has been appointed auxiliary clerk of the Hereford post office, and assumed his duties last Wednesday morning. Charles Gager formerly held that position.

A BOY CHAMPION FOR 1922

Gene Sarazen, of Pittsburgh, Pa., not yet 21 years old, is the new, open golf champion of the United States. Four years ago he was a caddy. He played 72 holes in 288 strokes to win his laurels in the national tourney at Glencoe, Ill.

Dimmitt's Picnic Is Announced For Saturday, Aug. 12

That annual Dimmitt Picnic, famous all over the Plains for its attendance, joys and "eats," will be held this year on Saturday, August 12, according to announcement made in Hereford Friday by the committee in charge, Messrs. W. A. Tate, J. E. Turner and J. W. Bell. There will be very little, if any, speaking, but the day is to be devoted to clean sports, social intercourse and the consumption of huge quantities of the best food in the world.

The committee states that beef, bread, pickles and coffee will be furnished, but asks everybody to bring their baskets. The sport program will start at 1:30 p. m. and will consist of a tournament race, goat roping, one eighth mile pony race, bronco busting, cigar race, potato race, one fourth mile sweepstake cow pony race, girls' saddle horse race, and mule riding.

Everybody is invited with characteristic Castro county hospitality, and if history is repeated this year they will be there, too.

JAPS EFFICIENCY SHOWN IN PACKING IMPORTED CHINA

The economy, thoroughness and completeness of Japanese workmanship was perhaps never better exemplified to Texas people than when several boxes of imported Nippon china were opened by the C. O. Lee Hardware here this week.

The fragile china came across the ocean, through the custom house, and then on here direct without breakage, due to the marvelous wrapping enclosing the separate pieces. Rice straw was used exclusively. The ends of the boxes were encased in inside buffers of rice straw mats, cunningly woven together to stay woven, and rice-straw partitions, painstakingly interwoven with rice-straw string, preventing slipping and moving about. These strings, by the way, are of extraordinary strength, as was proven when tested out.

The Japs utilize every little thing and waste nothing, and what they do, they do thoroughly, if this shipment was a fair sample.

C. H. CARL PURCHASES CITY CAFE OF ALBERT MURPHY

Albert Murphy announced this week that he has sold the City Cafe to C. H. Carl and that the latter will take charge August 1.

The building and fixtures have been the property of Mr. Carl all along, who originally ran the Cafe. Mr. Carl is known as an experienced and successful restaurant man who will give splendid service in the future as he has done in the past. Mr. Murphy will devote his entire time until the second primary to his race for tax assessor.

LEE SATTERWHITE TO BE CANDIDATE FOR SPEAKERSHIP

Hon. Lee Satterwhite of Panhandle, Texas, state representative from this district, is spending a few days this week visiting his daughter, Mrs. Jim Sanders.

Mr. Satterwhite, who was chairman of the powerful Appropriations Committee of the House last term, is a candidate this time for Speaker of the House, and the dope all points to his selection for that important office when the legislature meets next time.

WALTER ORR BROKE HIS ARM CRANKING A CHEVROLET CAR

Walter Orr had the misfortune to break his right arm Wednesday afternoon. The arm was broken at the wrist while cranking his Chevrolet. The fracture was attended to at once and Mr. Orr is resting easy at this time.

GUARDSMEN IN A FAREWELL DINNER

BIG BANQUET DANCE BEFORE DEPARTING SOUTH

Company E, 142nd Infantry, Thirty-Sixth Division, Texas National Guard, departed in special chair cars for Camp Mabry, Austin, Texas, via Texaco and Sweetwater, Thursday morning. Fifty-seven strong, the bunch exhibited lots of pep and enthusiasm and, if not switched off onto strike parole duty, anticipate a splendid recreational time in camp maneuvers and sports.

Wednesday night the company gave a big banquet at the Stockmen's Cafe. A number of local civilians were present and the affair was a gorgeous success from every standpoint. Lieutenant Harrison presided as toastmaster at first, during the temporary absence of Captain Morris, who was detained on official duties and came in a little late. Judge Jno. P. Slaton delivered the opening toast, paying a high tribute to the soldier boys and touching on the stern duties devolving upon them, the obligations the Guard carries with it and the protection it affords. Dr. W. F. Gubbert spoke of the long service he has given in the various military organizations and of the duties and amusements arising from connection with the military branch of the government. Captain Morris and Lieutenants Hughes and Harrison also made brief talks. Music was furnished by Smith's Jazz Orchestra.

Following the banquet the crowd adjourned to the Armory, where the evening's pleasures were wound up with a delightful dance.

DIMMITT PARSONAGE TO BE FITTED UP IN REAL STYLE

Mesdames J. R. Hastings, Joe Howard and Mayes Miller, all of Dimmitt, were in Hereford Thursday purchasing wall paper and furnishings for the new parsonage at Dimmitt. The enterprising ladies of Dimmitt are fitting up the Parsonage in a style worthy of the spirit of progress for which the Castro folks are famous and when completed the ladies intend that the entire county shall be proud of the job.

E. S. RELAND AND WIFE RETURN FROM CALIFORNIA TRIP

Mr. and Mrs. Edgar S. Ireland came home Wednesday morning after a sojourn in southern California. Mr. Ireland spent four weeks in Porter Sanitarium for his health and was joined there by his wife. He reports improved conditions, with an increase in girth and weight.

Denton, Texas, People Leave After a Visit

Mr. and Mrs. G. D. McLeod of Denton, Texas, left Hereford Thursday morning for Sudan, Texas. They have been visiting in the home of Mrs. J. W. Malone, and are looking up a new location.

COMPLETES 50 YEARS TEACHING AT 81

There are very few persons in Little Rock, Ark., who have not come in contact with this very successful woman. She is Mrs. Bessie B. Sterling, who now at 81 years of age has just completed fifty consecutive years of teaching in the public schools there. She started in 1872. It is estimated 5,000 pupils have been in her classes.

Lots of Fun With Those New Post-Office Fixtures

The Hereford Postoffice was moved Wednesday from its old location in the rear of the First National Bank to the new Farmer building.

And there's been lots of fun and confusion since that time. Customers were given new boxes they could not find; the combinations on the boxes are different and hard to work in most instances, and the lobby has been jammed all day ever since with folks trying to get their mail. Most of them are good-natured. A few curs a little. The postoffice force is tired and worn out trying to get everything ship-shape and give service under the conditions. It's been worth as much as a circus to stand around and watch the show.

The fixtures were second hand and many of the boxes had to have their combinations sent in for repair while those in use are in many instances hard to work at first. It is believed and hoped that the confusion will soon subside and the little wrinkles ironed out and peace and joy again reign around the place where Uncle Sam does his daily business in Hereford.

RADIO RECEIVING SET INVESTIGATED BY THE FIRE BOYS

Chief Rockwell, W. H. Steckman and several other members of the Fire Department, as well as Mayor Knight and several interested citizens, have made different trips to Amarillo the past week investigating the possibility of installing a radio outfit in the Firemen's Club here. While no definite decision has been reached as yet, it is understood that final decision will be held up for the present while a minute study of radii work will be undertaken. W. H. Ray, who is versed in the art, is assisting the firemen in their investigations.

EARLY PLOWING WHEAT ADVOCATED

JULY PLOWING WILL INCREASE YIELD 2-TO 7 BUSHELS

NOT TOO DEEP

Don't Plow too Shallow or Too Deep—From 6 to 7 Inches

The Southwestern Wheat Improvement Association of Kansas City is putting out posters containing information on wheat growing—that sounds good. Here's what the posters say:

"One hundred dollars an acre more without a single dollar more invested was made in eleven years on a wheat belt farm. Early plowing for wheat was the method used in obtaining these increased returns. Two different pieces of the same ground were used in making the comparison at Manhattan, Kansas. One was plowed in July each year; the other in September, the usual time on the average farm.

"Based on August 1 prices in Kansas City the total value of the wheat from September plowed land in eleven years was \$173.00 an acre. From the July plowing the return in eleven years was \$271.91. This is a profit of \$104.22 an acre. The land was in wheat continuously.

"Eighty acres plowed in July for eleven straight years would produce \$5,327.00 more wheat than the average farmer got in that time.

"Eleven years ago two farmers lived side by side. Both were in debt. Each sowed eighty acres of wheat each year. One plowed his land in September, following custom. The other plowed in July, and drilled pure seed. The first made a living for his family and still is in debt. The second made a living and has paid for his farm. His method has paid for his farm. (Continued on Last Page)

Roloson Received 106 Votes Saturday's Election

In reporting the results of the election last Saturday the figures on the county attorney's race were not correct. F. T. Roloson received thirty votes in box one, seventy-four in box two, and two in box four, making a total of 106 all told instead of the thirty-two originally credited to him. Outside of this error it is believed the tabulated report was correct.

Local citizens are badly divided on the senatorial race in the second primary, and debate is hot over the question. Candidates for sheriff and tax assessor are also busily at work and prospects are that the pot will be kept boiling from now until August 26.

JNO. N. JACOBSEN'S TWO BROTHERS ON SHORT VISIT HERE

C. M. and Marcus Jacobson, of Lovelock, Denton county, Texas, drove in overland Thursday for a visit of several days with their brother, Jno. N. Jacobsen.

C. M. Jacobsen, the eldest brother, is past seventy years of age but does not show it. He came to this country from Denmark many years ago, and was later followed by his other brothers and one sister. Three brothers and a sister reside in New York state.

INCREASING INTEREST IN PROPOSED HOG DISPLAY

Increasing interest is being manifested from day to day in the proposed Hog Show this fall. Many inquiries are reaching The Brand from breeders who want to know the date so that they can begin to feed for the show.

No definite date has been set as yet, but it is believed the time will fall around the middle of latter part of September. The committee in charge will give definite advice regarding the matter shortly.

Cross Plains Girl is Here to Visit Sister

Miss Gladys McDermott, of Cross Plains, Texas, arrived in this city Thursday morning and will visit in the home of her sister, Mrs. R. H. Womack. Miss McDermott is the youngest daughter of Mr. and Mrs. J. C. McDermott.

Whose Summer Picnic Is This?

Our Neighbors

were: Misses Frankie Kerr, Mary and Helen Cowart, Louisa and Lake Woodburn, Myrtle and Willie Johnson, Mildred Woodlee, Tommie Hastings, Rosella Bell, Gladys Hastings, Leola Shuford and Clara Turner; Messrs. Clyde Shuford, Joe Gollehon, Billie Hudnall, Ray Shetty, Carlos Reynolds, Joe Johnston, Floyd Reynolds, Jim Van Zandt, Ester Nobles, Jewell Tate, Roy Bell and Ayers.

HART

This section of the country would be glad if rain would fall here again. Crops are not so much in need as the range. Cattle and horses are still looking fine.

Mr. Griffin, who resides in Tulla, is summer-tilling his 350 acres of land from which he has just harvested a splendid crop of wheat. Mr. Griffin has erected two granaries, dug a well and erected a mill on his land this summer. His new Ford truck is making two trips daily to the road with grain.

Mrs. Hankins spent a few days of last week in Dimmitt visiting in the home of her son, O. B. Hankins.

Candidates Judge B. D. Woodlee, E. O. Dixon and Mr. M. Hippey made flying trips to this section of the county the latter part of last week.

Miss Mary Belle Hamm of Mulkey community spent the week-end with Miss Viola Job.

Harvesting is about finished here. Mr. and Mrs. Verne Dust of Big Square visited the Louisa near Hart the latter part of last week.

Miss Lois Bransent is visiting with her sister, Mrs. Verne Lust at Big Square this week.

Rev. Lemons, of Plainview, who preaches at Sunnyside, began a series of meetings at Sunnyside Sunday morning.

111 cigarettes

They are **GOOD!** 10¢

Buy this Cigarette and Save Money

ing. He had not secured a minister to aid in this work, but expected to get some one soon. The meeting will probably last two weeks.

Miss Alice Hardy of Tulla, is visiting in the job home.

Since there was no preaching service at Hart Sunday evening, a crowd gathered at the Hancock home and sang the Sunday School songs. It is hoped a real choir practice for Sunday School and Church, as well as pleasure, may follow these services.

Mr. and Mrs. Bruten are elected to teach the Hart school the coming term. Mr. and Mrs. W. A. Rutherford and family were in Tulla Saturday buying supplies and casting their votes.

NAZARETH

Albert Schulte and Thomas Ansen attended the show at Tulla Saturday night.

Billie Stork was in Dimmitt on business Wednesday.

Edward Kiegan was in Tulla Tuesday.

Mr. and Mrs. Joseph Hilfers, of Clovis, N. Mex., are visiting with the Frank Venhaus family for a few weeks. It is reported that the Tulla ball

team will be at Nazareth next Sunday to play a game with the Nazareth team.

Misses Lizzie Miller, Emma Ansen and Rosa Litch, and Messrs. Thomas Ansen, Daniel Fehr and Frank Ansen attended the show at Tulla last Friday night.

Dr. and Mrs. R. A. Miller passed through Nazareth last Monday on their way to their home at Dublin, Texas. Dr. and Mrs. Mayes Miller accompanied them as far as Tulla. Dr. and Mrs. R. A. Miller had been visiting for a few days at Dimmitt with their son, Dr. Mayes Miller, and wife.

Dimmitt Methodist Church
 Preaching at 11 a. m. and 8 p. m. first Sunday.
 Preaching at 8 p. m. fourth Sunday, Sunday School every Sunday at 10 a. m.
 Everybody is invited.
 Rev. G. R. Fort, Pastor.

DIMMITT

The streets and courthouse yard were crowded Saturday night with people from different parts of the county waiting to get the returns of the primary election. The following will be in the second primary: County Judge S. Ray Shetty and B. D. Woodlee; County Clerk—Joe Hastings and Helen Cowart; Sheriff—Bill Burnam and W. L. Pickett; County Commissioner—W. A. Tate and Maud Rippey; Tax Assessor—Emmitt Dixon and I. B. Brooks.

The Methodist Missionary Society served throughout the day Saturday, July 22. Their course consisting of ice cream, cake, pie, ice tea and lemonade, and sandwiches. Over a hundred dollars were taken in, the proceeds to be used in fixing up the Methodist parsonage. We thank each and every one of you for your help and patronage.

Miss Bartie Bell from the Rance community, was visiting in Dimmitt Tuesday.

Miss Frankie Kerr of Canyon spent the week end with relatives and friends in Dimmitt this week.

Several people of our community attended the show in Hereford last week. All reported a grand and glorious time.

Misses Frankie Kerr and Helen Cowart and Messrs. Carlos Reynolds and Ester Nobles were dinner guests in the J. E. Turner home Sunday.

Miss Mildred Woodlee gave us a splendid program at the Epworth League Sunday evening.

Everyone enjoyed the talks given by Rev. Tilson of Plainview, and the prospective County officers Friday afternoon.

Dimmitt was well represented at the Singing Convention Sunday which took place at the Jumbo Schoolhouse. The singing was great and the ladies of Jumbo community were complimented very highly for the good things to eat and I am quite sure no one could complain of not having enough to eat or what they wanted, as there was plenty and then some for all present.

Mrs. Edwin Ramey returned home Sunday from the Plainview Sanitarium where she was operated on several weeks ago for appendicitis.

Bruce McLean and children and his sister, Alice, motored to Plainview Sunday for a few hours visit with Mrs. McLean at the Plainview Sanitarium. Mrs. McLean is getting along nicely and expects to return to her home in Dimmitt soon.

Mrs. Helen Hodges of Lubbock is visiting at home of her mother, Mrs. C. E. McLean, and other relatives this week.

Misses Clara Turner and Frankie Kerr, Messrs. Ester Nobles, Carlos Reynolds and Foyd Reynolds were invited to eat ice cream and cake on the Cowart lawn Sunday afternoon, after which Miss Helen Cowart joined them and they motored to Big Square, spending the evening at the home of Mr. and Mrs. Roy Haberer.

Mrs. Frank Shepard will lead the Missionary lesson at the church Wednesday afternoon.

Mrs. O. B. Hankins is entertaining her mother, Mrs. Lawler of Lubbock, this week.

Mrs. Fritchard, of Amarillo, spent the week end with her sister, Mrs. B. A. Fuller.

Mr. and Mrs. George B. Doubleday and daughter, DeAlva, and son, George B. Jr., of Amarillo, visited at the home of Mrs. Doubleday's brother, Dr. Mayes Miller Saturday and Sunday.

Dr. and Mrs. R. A. Miller, of Dublin, Texas, left Monday for their home, after a few days visit in the home of their son, Dr. Mayes Miller of Dimmitt. They will visit relatives in Plainview and Tahoka on their way home.

Miss Mildred Woodlee and Miss Edna Galle spent the week end in Hereford visiting friends.

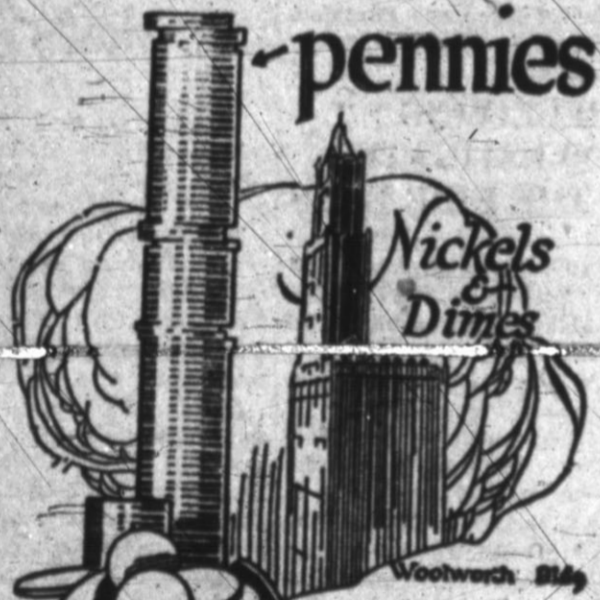

Mrs. Moor, who lives east of town, has been quite ill this week, but is now improving.

Mr. and Mrs. Claude Newsom spent the week end on the Waldrop ranch.

Dr. and Mrs. Miller motored over as far as Tulla with Dr. and Mrs. R. A. Miller Monday afternoon.

Mr. and Mrs. Leonard O'Neil entertained a large crowd of young people Saturday night with a Forty-two party.

Punch was served throughout the evening and a very enjoyable evening was reported by all. Those present

SOVERTOWERING the tallest building in the world, The Woolworth, a monument to nickles and dimes, is a phantom structure of 1c pieces which shows the might of pennies; if we will all but pause, think, act.

A great International banker estimates that the United States carries fortunes around in its work pockets every day, year in and year out. The average is \$3.50 each for every soul of our 105 million population.

That means 315 million dollars, idle dollars, which should be earning \$12,000,000 annually—or \$1,200,000,000 pennies, which would pile higher than the Woolworth Building.

That great sum represents only the normal 4 percent earnings of

money we carry in our pockets as loose change. Think of the wheels of industry the principal would turn if deposited in banks and put to work.

You owe it to the nation, to your own prosperity, to put all loose change to work.

It will create a reserve fund of surprising strength for you in a very short while, if you make deposits regularly.

Then comes intelligent invest-

MR. OUSLEY

Commenting on the senatorial contest, Clarence Ousley said:

"I am not surprised at the result. I saw the outcome three weeks ago, but the only becoming course for me was to 'carry on' and accept the consequences of a combination of circumstances, emotions and passions with no relation whatever to real issues and entirely beyond control.

"I made an appeal to reason at a time when the people were not in a reasoning mood. Men of thought and sentiment had been stripped by business disaster and past events, that they were slow to act until it was too late. The prejudices of old contests had not entirely subsided as I had hoped. Then came unexpectedly the Ku Klux frenzy, the anger of the railway strike and the fierce resentment roused from brooding discontent over real and imaginary wrongs and rashly resolved to attempt the impossible.

"I do not regret defeat as a matter of personal loss. I shall be happier and more comfortable in private than in public life. I regret most the postponement of a decision upon the economic policies I advocated. But they will survive until a calmer judgment and will ultimately prevail. The producing classes upon whom we all depend must have the relief of more ample and adaptable credit and must enjoy the benefits with burdens of trade and taxation or we will suffer disaster as the penalty of violating our great principle of equality before the law. We must recover control of our regional, state and local affairs or become the subjects of a central empire.

"I beg those who are in accord with the views I presented to be of good cheer. We have only lost a present opportunity to put them into effect. Our duty as citizens is to be patient and to persevere. Office holders come and go but truth goes on forever.

"Words fall me to express my gratitude to the friends who made sacrifices in my cause. I can only hope that they face the future as cheerfully and resolutely as I do."

Badly beaten, Clarence Ousley has

laid the promise for future political history. He made a remarkable race when an analysis is made of the whole campaign. It was a campaign of personalities, or straw men, of religious issues, of klan and anti-klan, of vindictive and of sentiment for the "old man of the Senate." Ousley made his race as a student of Statecraft and as a man who often said in his speeches that "winner or loser, I know that I shall have to live with myself in the future, and I shall do nothing which shall forfeit my own respect for myself." Lacking an organization, and personally lacking those qualities of campaigning that attract sensation-loving people, he made a splendid campaign.

Clarence Ousley perhaps has pointed the way to a new era in Texas politics. Certainly he has done this: There will not be a political campaign in the future history of Texas politics that will not see the tariff issue an important one where congressional candidates are concerned.—Ft. Worth Star-Telegram.

GEORGE GOULD WILL SAY GOODBYE

The report that George Gould will live permanently abroad with his old friend and new wife, when the Gould affairs shall have been settled in this country, causes no astonishment among those who know the house of Gould has wined under publicity that has engulfed the family name in sensationalism.

Notoriety and the Goulds have been almost anonymous ever since the elder Jay Gould barricaded himself in the Grand Opera House, New York, years ago to escape the murmurs of an excited populace.

The experience of Anna Gould with her funny little busted French count, the battle over the Castellane children, the alimony controversy, Countess Anna's second marriage to a slimy pure prince, the internal squabble over the manner in which brother George handled the Gould monies and other incidents have served to keep the family before the public in an unfortunate light for years.

Previously the experience of George Gould with the dainty but determined Zella Nicolaus gave even more sensational reading to a gossip-loving public. Indeed, it was not until an actress Edith Kingdon, entered the family that the Gould name was restored to the higher public regard.

Perhaps no woman in recent times performed a duty as wife and mother so sweetly, so splendidly as Edith Kingdon. Her lonely death on the golf links seemed a poor reward for the nobility of her service.

The American nation probably will say good-bye to George Gould with passing interest, but the stage should remember him.

He has been the vehicle through which a maligned profession can point to the fact that actresses can be splendid types of womanhood even if there be black sheep and loose morals herded side by side with them.

STATE OF TEXAS
County of Deaf Smith
In The District Court, Deaf Smith County, Texas.

JOSEPHUS C. SKINNER et al.

VS

WALTER E. SKINNER et al.

WHEREAS, by virtue of an order of sale issued out of the District Court of Deaf Smith County, Texas, on a judgment rendered in said court on the 9th day of May, 1922, in favor of the plaintiffs Josephus C. Skinner, Mary E. Idelwine, Floyd O. Scudder, Mary Ruth Scudder, Clarence E. Skinner, Charles Skinner, Emma King, Robert E. Skinner and William R. Skinner and against the defendants, Lura Webb, Walter E. Skinner and Walter St. Clair, in cause number 1206, on the civil docket of said court, which said judgment ordered the sale of the hereinafter described land for the purpose of partitioning the proceeds thereof among the respective plaintiffs and defendants according to their respective interests therein.

AND WHEREAS, said judgment and order of sale directs me, as sheriff of Deaf Smith County, Texas, to seize and

sell said land as under execution for said purpose, I, the said C. S. Purcell, sheriff aforesaid, did on the 11th day of July, 1922, at 10:00 a. m. levy upon the following described tract of land described in said judgment and order of sale to wit:

All of the N. E. 1/4 of Section 28, township 2, north of range 4 East, of a Capitol Syndicate Subdivision; as shown by the plat thereof of record in the deed records of Deaf Smith County, Texas, in book 19 at pages 25-31. Located about 20 miles West of Hereford and known as the Skinner land.

And on the first Tuesday in September 1922, the same being the 5th day of said month, between the hours of 10:00 a. m. and 4:00 p. m. on said day, at the Court House door of said County, in the City of Hereford, I will offer for sale and sell at public auction, for cash, to the highest bidder all the right, title and interest of the said plaintiffs and the said defendants in and to said property.

Dated at Hereford, Texas, on this the 11th day of July, 1922.

C. S. PURCELL, Sheriff.

50-52-54 Deaf Smith County, Texas.

Acresage planted to cotton this year is estimated at 34,852,000 acres, as compared with 31,678,000 acres the same date last year.

India is the world's greatest opium producer and the sale of the product is a government monopoly.

Car Washed?

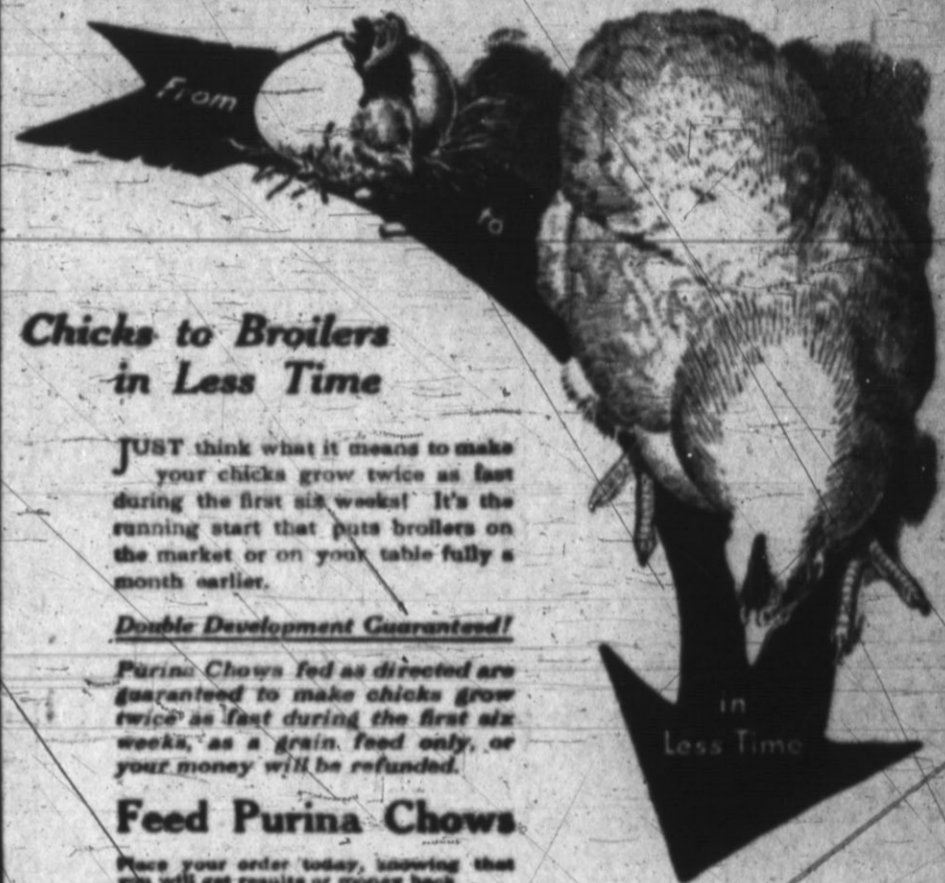

We make a specialty of washing cars. And we do the job right.

Washing your own car is a long and unpleasant job. Very often you haven't the time to do it well.

Bring your car to our garage. We have all the facilities, and can give you complete satisfaction.

No trouble to you—and very little expense.

THE GROCERY QUESTION

TUESDAY, AUGUST 1 SPECIALS

Selecting and buying groceries for a home is a much more difficult task than purchasing in any other commodity. When one buys a new pair of shoes, an automobile, or a coat, the problem comes only at long intervals.

But with groceries, every rising sun presents new problems of "what to have" for breakfast, dinner and supper. No wonder the grocery question is the housewife's biggest problem.

There is an answer. It is to be had at this store. We specialize on tempting foods and in such large variety that planning a meal no longer carries a dread.

For Tuesday, August 1, these special prices:

Ball Mason Fruit Jars.	Kerr Mason Jars, Quarts only, \$1.25
Pints, 85c doz.; Quarts 95c doz.	Delmonte Peas, 35c grade .25
Half Gallons, \$1.25 doz.	Pauls B. Berry Jam, only \$2.00 per gallon.
Goblin, Mt. View and Onliwon	Evangeline Syrup, only 65c per gal.
Corn, 7 cans for \$1.00	

Frank A. Gyles, Grocer

American Soldiers in World War

There were 43,000 American soldiers killed during the winter months of the World War. During this period here were 132,000 persons in the United States killed by ordinary accidents. Our Policies cover all accidents and illness.

CHURCHLESS CHILDREN

There are twenty-five million boys and girls outside of the Sunday School in this country. Every child in America should be in some Sunday School every Sunday morning. Every child should be accompanied to Sunday School by his parents.

The mother who doesn't bring her child to the world dedicated to God has committed a crime against the child. The father who doesn't lead his child to the altar of worship, reverence, and devotion has committed a crime against his child and against society; for he has left out of the child's training the greatest factor.

Parents who refuse to bring their children to church, and who refuse to allow their children to unite with the church and become devout Christian workers are stumbling blocks; they are curses to their children.

There is but one remedy for the condition in this country, and that is salvation by Jesus Christ. There is but one place in which that salvation can be found, and that is in God's infallible Word. There is but one institution authorized to teach that Word, namely the orthodox Christian church.

Every child should be in Sunday School and in the church pew on Sunday morning sitting beside his parents.

Children are never too young to be saved, but if they are neglected and grow to be old men and women hardened in sin they may become too old

to be saved. It is extremely expensive to the government for a child to grow to be old in sin and crime. It costs millions to save an old man from the error of his way. A child can be saved at the threshold of childhood and thus save his soul and society untold expense.

The father who uses his automobile on Sunday to take his child away from the church not only breaks the Ten Commandments, but he is a curse to the child and a menace to this government.

The father who spends his Sunday on the golf links is a fraud so far as a religious influence is concerned, and he is a menace to the spiritual development of his child.

It is the business of the father to be in the Sunday School with his child, and it is the business of the child to be in the church pew by the side of his father.

Why do people neglect to bring their children to Christ and into the church? Such parents and such neglect are bringing untold sorrow and expense and reflection upon this country. The juvenile courts and the penal institutions are full of the children who come from such homes.

Parents, you are either a curse or a blessing to your children. If you neglect your Sunday duty you are a curse to them. Children ought to be in the Sunday School and church if the nation is to be saved.

Another Goodyear Masterpiece

Like the All-Weather Tread Cord which leads in quality and value, the new Cross-Rib Cord perfected by Goodyear embodies features which make it another Masterpiece giving to the public again the greatest value in its price class.

This new Cross-Rib Cord has a long-wearing semi-flat tread—with the tread rubber extending from head to head.

The carcass is made of long staple Arizona and Egyptian cotton built up on the exclusive Goodyear "Group-Ply" principle.

The Cross-Rib Cord is cured on air—reducing to a minimum chances of hidden defects.

We have these new tires in all popular sizes at these prices which are unusually low for a standard recognized brand.

PRICES OF THE NEW CROSS-RIB CORDS

30x3 1/2 Clincher	\$13.50
32x3 1/2 Straight Side	19.75
32x4 Straight Side	25.45
33x4 Straight Side	26.80
32x4 1/2 Straight Side	31.45
33x5 Straight Side	39.10

From Neighboring Towns

(Continued from Page 2)

DAWN

Jess Perkins and family and Miss Bertha Frye went on a picnic, north of Vega last Saturday. They brought back the plums and said there were still more left there.

Tom Dinsmore and Paul Frye left for Amarillo Tuesday where they will entrain for camp Mabry where they will spend a few days with the National Guards at the encampment.

Pete Hapcock and Henry Ingram are moving their farm implements to Silverton this week. Pete has taken charge of his father's farm for the coming year.

The row crops are needing moisture very badly in these parts.

Some of the Dawn ball players went up to help Umberger "lick" the Nazareth nine last Sunday, but didn't have much luck. The Nazareth boys hammered out a 17 to 2 victory.

Henry Tiefert and family were visitors in Dawn last Sunday.

FRIONA

The primary election here Saturday was, in some ways, the most warmly contested of any held in recent years. The candidates had all been working faithfully for several days past and their friends here were busy all day. The Friona box was carried by Judge Hamlin by a majority of 15 votes, while Martin for sheriff carried it by 125 votes. Potts for assessor carried by a small majority and Lunsford and Savage led for treasurer. Graham for clerk carried by a good safe majority. In the County, Judge Hamlin beat Dixon by five votes, Martin beat Aldridge by over 200, Graham won out over McCann for clerk by 40 votes, Potts beat Little for assessor by 30 and Savage beat Lunsford by 3 votes. Efforts are being put forth for a re-count of the votes for County Judge in the hope that Dixon may be given the majority over Hamlin.

A letter was received by the school board from Prof. Buckner, recommending the application of Miss Brown of Canyon as teacher of the Home Economics Department and Miss Rose as one of the grade teachers. Acting on this recommendation the board promptly signed contracts with these two young ladies and thus added two more to the faculty for the coming term. It is not decided whether or not they will be able to add the extra year's work to the high school course before the new building is ready for occupancy.

It is only two weeks since we had a good rain, but the hot sun and the rapidly growing crops are fast taking the moisture from the ground and another good soaker in the near future would be very beneficial.

Mr. and Mrs. Floyd D. Golden and Miss Lucy Goodwine of Canyon, spent Saturday night and Sunday as guests at the Goodwine home. They came down to attend the "Womanless Wedding" which was announced to occur at the schoolhouse on Saturday night, but which had to be postponed on account of the election.

Miss Ruth Livings was hostess to a select number of the Friona young

people at a party at her home Saturday in honor of Miss Frances Drake's birthday.

Several of our young folks motored to Hereford Saturday night to attend the play given by Brinks' Comedians. They were highly pleased with the entertainment.

Fred Boehm met with a very painful accident Saturday while loading a Clastrac tractor on a truck. One of the skids gave way and allowed the tractor to turn over, catching Fred in such a way as to badly bruise and lacerate one of his legs. Dr. Hicks of Hereford was called and the cut was sewed up and other necessary treatment given and the patient is now getting along nicely.

PROGRESSIVE

Threshing is the order of the day. Fall crops need rain.

On Friday Mrs. Otto Massey entertained the Junior Winners in her home. At two o'clock the boys and girls began to arrive, some on horseback, some in buggies and a few in cars. The social hours were most pleasantly spent in playing games. Joy reigned supreme thruout the afternoon. As one energetic boy expressed it, "I sure am glad I belong to this class." Refreshments of delicious cream, cake and doughnuts were served to sixteen guests.

Some of our people attended the singing convention at Jumbo and report a large crowd and a fine time. Dinner was enjoyed under the shade of trees.

"General Hamilton took his hat off to his life because he didn't want those more polite than he was."

Saturday at the Misses Park opened the doors of their home to the young folks of the community, inviting also a number from Jod and some from town. Music, game and the cheerfulness of the guests made the social one long to be remembered by those present. Home made frozen cream and delicious white cake were served.

"There is a law in physics to the effect that action is equal to reaction. The ball rebound from the wall with the same force with which it was thrown against the wall.

If I am cheerful, cheerfulness is handed me by others. If I am grouchy and snappy they will bite me."

Miss Mary Hatfield has been visiting friends in Hereford.

HISTORICAL FACTS THRU MAP MAKING

(Continued from Page One)

There being 21 such places at this time. There is a small strip of unlocated land in Deaf Smith county, which has not been classified by the Land Commissioner—no other map has shown this land as such. The improvements

on the lands have been designated by a small rectangular dot, and while in this short time with very great expense, it will not be possible to show them all. This map shows about 90 per cent of such places. The acreage of all resurveyed blocks is shown on each section.

In the year 1876, John Summerfield, for whom the town close by was named, came into Deaf Smith county when there was nothing of a permanent monument erected by man, and established a mound close to the center of the east part of this county, which mound is now recognized as the S. W. corner of section No. 34 in Block K-4. From this point he ran a line due south, crossing Tierra Blanco Creek a distance of fifteen miles, and there erected another mound, which was afterwards recognized as the southwest corner of section No. 134 in Block M-7. From this point he ran a line due southeast across what would be twelve sections and there established an earth mound which was afterwards adopted as the southwest corner of section No. 347 in Block M-6, which land today is the W. B. Dameron pasture in Castro county. All these points are recognized by the General Land Office at Austin as basic points and are shown on the new map of Deaf Smith county.

There is an interesting little story linked about this last named earth mound in Castro county. There was organized at Sherman, Texas, during that year a surveying party equipped to run two lines and two sets of sur-

MONUMENTS

 Will erect same.
P. R. PURCELL
 Hereford, Texas.

veys. They traveled by wagon and came to this mound, around which was located Block M-6, containing 360 sections of land. When this party reached Ft. Elliott, from which point all surveying parties were directed by the Panhandle country, they were advised that there was a band of Indians, about 100 in number in this part of the Plains country and to be on their guard as they were hostile and liable to attack any time. Aside from a number of scars from wild horses and a band of Mexican hunters, probably mixed with Indians, and occasional signs of Indian pony tracks, they reported no disturbance.

"All public roads now open or soon to be opened are shown, and where a

Mrs. M. A. Collier and Miss Pauline McAdoo arrived in Hereford Thursday morning from a visit with relatives in Roswell. Mrs. Collier and Miss McAdoo were met in this city by Mr. Collier and all went overland to their home in Adrian.

SEVERAL SOCIAL AFFAIRS OFFERED HERE THIS WEEK

On Tuesday afternoon the home of Mrs. L. I. Garton was the scene of a delightful "Shower", honoring Mrs. C. C. Cox, formerly Mrs. Mary Smith. Hostesses of the occasion were Mesdames A. C. Thompson, Geo. Muse and L. I. Garton.

On their arrival the guests were served delicious punch. The afternoon was spent informally, visiting and contests furnishing most enjoyable entertainment. The following program was rendered:

Violin Solo—Mrs. A. C. Thompson. Reading—Sarah Bontwell. Solo—Mrs. Carl Mountz. Duet—Mrs. Garton and Pauline Garton.

Following the program, little Mary Francis Garton, dressed in a blue crepe paper dress and drawing after her a little wagon covered with blue crepe paper, entered and, stopping in front of Mrs. Cox, gave the following toast:

"Here's to our loving Mary, the shy little fox. We hope she will always be happy, while she lives with Mr. Cox."

Mrs. Cox was then presented with the contents of the wagon, and many and varied were the lovely tokens of appreciation given by her friends.

A refreshment course, consisting of angel food cake and ice cream, was served at the close of the afternoon.

Mrs. J. A. Stegall's Sunday school class of boys were entertained by the girls' class of Mrs. Mary Monday, both of the Methodist church, at the home of Mr. and Mrs. Bobo McLean Thursday night, about sixteen being present. The evening was spent in games of various kinds. Light refreshments were served.

Mrs. Homer Fox entertained the Bridge Club Tuesday morning at the City Club. Six tables were filled and

the usual snappy games were in evidence. Mrs. Luther Hough won high score. The invited guests were Mesdames W. F. Gabbert, J. L. Fuqua, R. T. Evans, Ollie Fox, and Mrs. Waller of Ft. Worth; Misses Mary Fox, Catherine Wilson, Virienne Stockman and Elizabeth Hughes.

Ice cream and cake were served for refreshments.

the plowed ground as often as necessary to prevent weed growth.

It is agreed by all good wheat farmers and by the Experiment Stations of the Southwest that it does not pay to plow too shallow nor too deep for wheat—from 6 to 7 inches deep gives best results.

If plowing cannot be done right away after harvest, the land should be double disked—to do this immediately and plow later gives almost as good results as to do all the plowing early.

Listing is more rapid than plowing. Where listing is practiced; cultivate as often as necessary to prevent weed growth. Double listing or splitting the ridges has been less profitable than single listing.

To prevent blowing in the western parts of Kansas and Nebraska, the Panhandle of Texas, and eastern Colorado, the ground should be disked rather than plowed when it is loose. After plowing it should be cultivated with implements that leave the fields furrowed and the surface rough. In this western district it does not pay to plow for wheat at all unless it can be done early, and if it is absolutely necessary to prepare land late, double disking will prove about as good a method as any.

Grow wheat in rotation with other crops; it increases yield and lessens the expense of preparation.

Look for good seed. It makes no difference how much seed is given to seed-bed preparation. Similar care is not enough. Selection of the seed is the most important

the usual snappy games were in evidence. Mrs. Luther Hough won high score. The invited guests were Mesdames W. F. Gabbert, J. L. Fuqua, R. T. Evans, Ollie Fox, and Mrs. Waller of Ft. Worth; Misses Mary Fox, Catherine Wilson, Virienne Stockman and Elizabeth Hughes.

Ice cream and cake were served for refreshments.

the plowed ground as often as necessary to prevent weed growth.

It is agreed by all good wheat farmers and by the Experiment Stations of the Southwest that it does not pay to plow too shallow nor too deep for wheat—from 6 to 7 inches deep gives best results.

If plowing cannot be done right away after harvest, the land should be double disked—to do this immediately and plow later gives almost as good results as to do all the plowing early.

Listing is more rapid than plowing. Where listing is practiced; cultivate as often as necessary to prevent weed growth. Double listing or splitting the ridges has been less profitable than single listing.

To prevent blowing in the western parts of Kansas and Nebraska, the Panhandle of Texas, and eastern Colorado, the ground should be disked rather than plowed when it is loose. After plowing it should be cultivated with implements that leave the fields furrowed and the surface rough. In this western district it does not pay to plow for wheat at all unless it can be done early, and if it is absolutely necessary to prepare land late, double disking will prove about as good a method as any.

EARLY PLOWING OF WHEAT ADVOCATED

(Continued from Page One)

ods were not copyrighted nor were they a secret.

Early, deep plowing in July saves the moisture and makes soil conditions more favorable for manufacturing and storing plant food for the coming crop. It gives the soil plenty of time to settle into a compact seed-bed. This causes early germination of the seed wheat—a quick start and immediate growth—all of which is necessary to insure big yields and good quality, as well as excellent pasture.

It has been repeatedly demonstrated that July plowing will increase the yield from 2 to 7 bushels per acre over the same kind of plowing done in September. These results have been obtained by thousands of successful wheat growers and by all of the Experiment Stations in the states of Missouri, Nebraska, Kansas, Oklahoma, Colorado and Texas.

Plow the ground early. Cultivate

the plowed ground as often as necessary to prevent weed growth.

It is agreed by all good wheat farmers and by the Experiment Stations of the Southwest that it does not pay to plow too shallow nor too deep for wheat—from 6 to 7 inches deep gives best results.

Finis Owen is Home From Tennessee Visit

Finis Owen arrived home Wednesday morning from his vacation trip to his

old home in Murfreesboro, Tenn. Mr. Owen visited in the home of his parents and with friends.

Memphis Banker Here For Camping and Fish

W. C. Milan and family, of Memphis, Texas, is spending this week at Sulphur Park, camping, fishing and visiting. Mr. Milan is a banker and a live wire in the affairs of his home town.

D. F. Ashbrook left Hereford Thursday morning for Spickard, Princeton and Trenton, Mo., on a business and pleasure trip. Mr. Ashbrook has long felt the need of rest and will make an extended visit.
