

Federal Judge Dismisses Suit

A suit filed against Deaf Smith County Judge H. C. Williams and former sheriff Lowell Sharp has been dismissed by Halbert O. Woodward, judge of the United States District Court for the Northern District of Texas.

Gene Godwin of Hereford had filed the civil action last August because of an incident on August 26, 1965, in which he said the defendants (Williams and Sharp) and other persons unknown to him had entered into a conspiracy and violated his (Godwin's) civil rights.

The suit had asked for actual damages of \$75,000 from Williams and Sharp jointly and severally and further sought \$75,000 from Sharp and \$150,000 from Williams for punitive damages.

Judge Woodward dismissed the case on motions by Williams and Sharp which argued that Woodward's court did not have jurisdiction in the case, that the action was not constitutional and Williams had immunity because of his capacity as County Judge. Godwin was ordered to pay court costs.

OFF THE HIGHWAY — This 1962 Chevrolet owned by Harry Coffin Jr. of 911 Lafayette received an estimated \$700 damage Tuesday night when it left U.S. 60 about 9 p.m. and landed in a deep ditch near the Santa Fe Depot. Coffin told officers that

he had been traveling east on U.S. 60 in the left lane when another car forced him off the highway. There was an estimated \$150 damage caused when Coffin struck a telephone pole and two guard rails before landing in the ditch. There were no injuries.

Wheat Convention Will Be Held Here

Wheat growers from throughout the state will gather in Hereford Monday and Tuesday for the annual convention of the Texas Association of Wheat Growers.

Congressman Graham Pate will be the keynote speaker at the convention. Pate is chairman of the livestock and grains subcommittee of the House of Representatives. He will be featured speaker during the convention.

His talk will come during the convention banquet at 7 p.m. Tuesday in the Deaf Smith County Bull Barn.

Rep. Pate, from the 13th District of Texas, was keynote speaker for the West Texas Grain Elevators Association's annual meeting here in early May.

Other speakers during the meeting will be Ed Lank, deputy administrator of the Agricultural Stabilization and Conservation Service (ASCS) in Washington; E. L. Hatchel, of Lamar, Colo., president of the National Association of Wheat Growers; Charles Spencer, director of the state's Texas Wheat Association in Kansas City, Mo.; and Ervan Enche, president of the Nebraska Wheat Growers Association.

Building Permits Remaining High

Building permits totaled \$276,000 during the month of November in Hereford, bringing the total for the year to near the \$3 million mark.

Of the permits issued in November, there were 17 permits for residential construction — 11 of that total being for new homes. Residential permits totaled \$251,400.

Turkey Shoot Is Planned Sunday

The Hereford Gun Club will sponsor a Turkey Shoot beginning at 2 p.m. Sunday at the club shooting range near the Hereford airport.

Gene Cooper, club president, explained that contestants will get five shots in a group of five shooters. The best score will get the turkey and shooting will continue until there is a winner in that round.

If a winner of one round wishes to compete in another round, he must shoot from 22 yards instead of 16. If that person wins two turkeys and still wants to compete, he must shoot from 27 yards.

There will be a noon and practice session.

Six Whitefaces Are Named To I-AAA All-District Unit

Six members of the team from Hereford Whiteface football club were named to the elite I-AAA squad in a recent selection by the district coaches.

Selected to the first team offensive unit were: center, Larry Gorman; fullback, Tony Gorman; halfback, David Paetzold; quarterback, Randy Ragan; and running back, Sheldon Alexander. Gary Crum and Jeff Massie.

Cole who alternated at quarterback and halfback on offense, led the team in defensive plays with 12 had nine unassisted tackles and a total of 68 defensive plays. He was tied for the team scoring lead with 42 points in the 11 games and just missed making the first place in the All-District offensive unit.

In the running back department, Williams was second on the list with McAndrews taking honorable mention. Williams led the team in yards gained with 928 on 227 carries for a 4.1 yards per carry average. This is the second highest total of yards by a Whiteface back in the past eight years. He scored seven touchdowns for 42 points.

City Commission Approves Zoning

By TOM PORTER, News Editor

Hereford City Commissioners acted on three requests for rezoning of property in the Evans Addition during their regular meeting Monday night, approving two of the requests and turning down a third.

Approved by commissioners was the request to rezone Lots 14 through 17, Block 13 of the Evans Addition from a "D-1 Residential District" to "E-Central Business District." The request was submitted by Goble Distributing Co. and had previously been approved by the Zoning Commission.

Another of the women agreed with commissioners that some day all of that area would be business houses, but she stated "I hope it's something that won't run the value of property there now." The women agreed that they weren't objecting to a business, but the fact that it would be a garage.

City Manager Dudley Bayne and City Attorney Ernest Langley pointed out to commissioners that rezoning of the property would be spot zoning, which has been claimed to be unconstitutional and could be contested.

Commissioners Roland Barton and D. C. Kinsey stated that they were voting to reject the zoning request not because of the possible television interference or the fact that it might lower property value, but because of the "spot zoning." The Zoning Commission had also turned down the request.

Also approved by commissioners was a request from W. W. Buck to rezone the South 25 feet of Lot 13 and all of Lot 14 in the Hough Subdivision of Block 33 Evans Addition from a "B-Residential District" to "E-Central Business District." The Zoning Commission had approved the request before presentation to commissioners.

Rejected by the commissioners was a request from E. W. Lambman to rezone Lot 27 of the "A Fox Subdivision of Block 12 Evans Addition from a "D-1 Residential District" to "E-Central Business District."

Detman told commissioners that he had plans to build an automotive type shop on the property. Three women were present to voice objections to the rezoning. One of the women said she spent most of her time watching television and felt that the vehicle motors would interfere with the television reception.

Commissioners Roland Barton and D. C. Kinsey stated that they were voting to reject the zoning request not because of the possible television interference or the fact that it might lower property value, but because of the "spot zoning." The Zoning Commission had also turned down the request.

Appointed to the Board of Adjustments by commissioners was Troys Carmichael, while Jim Sears and Owen Seamonds were approved for the Zoning Commission.

In other action, commissioners agreed to sell property they own near the dump grounds and will advertise for bids on a new fire truck. The property will be evaluated by commissioners before it is placed up for bid, and Bayne said it would take about a month to work up specifications on a fire truck which can be furnished by several companies.

Visitors to the meeting were Craig Barton, 12, and LaQuinta Barton, 11, children of commissioner Roland Barton.

Health Unit Is Investigated By City Doctors

Dr. John H. McCrary reported that an investigation was being made now with the State Health Department on the feasibility of a Public Health Unit and a Public Health Nurse for Deaf Smith County.

Also under investigation by local doctors is a site for a projected city-county clinic.

Dr. McCrary was interviewed on behalf of developments begun last week for a clinic to serve the important needs of Deaf Smith County, which was attended by 30 local doctors, church leaders, civic officials and private citizens who expressed such a need here.

Dr. McCrary stated that "we are not going to let the matter die, although none of the doctors have had an opportunity to get together as yet to compile records due to their 'overcrowded' schedules." He said that a steering committee for the project has not been selected, but the investigations already underway are being conducted "to place the clinic plans on solid ground."

He said there would be no further public meetings, "but we are arranging for speakers to go before the civic clubs in Hereford in order to check the support that we will have for such a clinic."

Computer Company Announces Acquisition Of New IBM Computer

Agricultural Computing Company has announced the acquisition of an IBM 360 computer for their new agricultural data center now being developed. Agricultural Computing Company was recently formed to provide computer services for feed yards and other agricultural businesses. These time-sharing computer services are to be provided by communication lines between feed yards in the High Plains area and the data center to be located in Amarillo. The company now provides services from their Hereford facility without communication lines. The Hereford division now provides pick up and delivery computerized information services for feed yards, rural electric cooperatives and farm accounting.

Don Wilson, President of Agricultural Computing Company, said that present plans are to install the time sharing computer in the early summer of 1969 and that it will be equipped with the latest communications equipment for servicing agriculture throughout the High Plains area.

Agricultural Computing Company has recently completed a three months survey of feed yards in Texas, California and Colorado. This survey defined the management information needed by feed yards on a daily, weekly, monthly and demand basis. The system to provide this management information is now under development and is expected to be completed sometime during the summer of 1969. When completed, Wilson said this system will be the largest and most modern servicing agriculture in the United States.

Several sites for the new data center are now under evaluation. Agricultural Computing Company expects to develop the site during the spring of 1969 with operations to begin during the summer of 1969.

This modern information center will bring national recognition and leadership in agricultural management to the High Plains area. Agricultural Computing Company will also back up this information center with an agriculture research division. This research division will be responsible for the application of advanced computer techniques to the solution of agricultural management problems. This research division will be devoted solely to advanced agricultural management information systems. These systems will be projected for use in three to seven years, thus allowing Agriculture Computing Company and the High Plains area to maintain their leadership in agricultural information systems.

Roy Marion

New Patrolman Is Located Here

Roy Marion, 24, a former Childress resident, began his duties with the local division of the Texas Department of Public Safety last Friday.

Originally from southeast Colorado and southwest Kansas, Marion moved to Childress in 1963 to work with the Texas Highway Department in the engineers division.

He entered highway patrol school on July 31, and completed the course on Nov. 22. This is his first assignment, as he will be working with four other patrolmen and Sgt. W. E. Wells out of the DPS office in the Deaf Smith County Court House.

Marion and his wife, Juanita, have a daughter, Kimberly 4.

NEXT BOOSTER CLUB MEETING IS JAN. 6, 1969

Earl Stagner, president of the Whiteface Booster Club, announced at last Monday's meeting that the club will discontinue their meetings until Jan. 6, 1969.

He said the reason for this was because of the number of basketball games and the difficulty the meetings would cause the coaches. The Jan. 6 date was selected because it is the beginning of district basketball.

Fish Fry Is Friday

Delicious catfish and all the trimmings will be served to local residents from 5 until 8 p.m. Friday in the Deaf Smith County Bull Barn as the Hereford Lions Club hold their annual Fish Fry.

Lions Club officers have stressed the fact that they have doubled their cooking facilities and there will be little or no waiting in line.

Tickets for the fish fry are \$1.50 for adults and \$1 for children. They may be purchased from any Lions Club member.

Civic projects sponsored by the Lions Club are supported by proceeds from the fish fry.

ALL-DISTRICT MEMBERS — Selected to the I-AAA All-District team for the 1968 season were, from left to right at top, Jim Loerwald, offensive center; Elgin Williams, running back; Bill Cole, defensive secondary; and bottom, left to right, David Paetzold, defensive linebacker; Tony Gorman, defensive lineman; and Larry Guinn, offensive flanker.

SATELLITE PRESCHOOLERS — Shown here with one of the teacher's aides and teacher Maxine Thompson are some of the younger pupils in the Satellite Day Care class held five days each week at First Christian

Church in Hereford. Not all enrollees were present when this picture was made because "some of them are out with the chicken pox," Mrs. Thompson reported. —Staff Photo

Two Days Of Meets For Speed Reading

A Speed Reading course, designed for college-bound high school students, college students or professional people with more to read than normal, will have an orientation meeting for classes at the Hereford Community Center at 7 and 8:30 p. m. Friday, and at 10 a. m., 2 and 3:30 p. m. on Saturday.

according to the Rev. Fred Howard.

Rev. Howard said that these meetings are designed to explain the 27-hour course in detail, including class schedule, requirements, and tuition. For those who attend one of the meetings, there is no obligation to enroll in the course.

The class will be limited to 20 students, Rev. Howard said.

Class place will be reserved on a first come first served basis. Accelerated Education Schools will sponsor this course, which was originated by Wade E. Cutler, Ph.D.

Dr. Cutler, who earned his Ph.D. in Psychology, has been teaching Speed Reading for the past five years. He records over 5,000 graduates in Texas.

Dr. Cutler said that the average person today reads about 250 words per minute, but has about 60 per cent comprehension of what he reads. Following the Speed Reading course, he estimates that a person should be able to read approximately 2,000 to 2,500 words per minute, with 80 per cent comprehension.

Such an increase, he pointed out, would mean that most books of average length could be read in 45 minutes to an hour with much more understanding and enjoyment.

Rev. Howard reported that anyone who cannot attend one of the orientation meetings, or who would like further information, should call 364-0939 or 364-0146.

Park Avenue Is Accident Scene

Park Avenue, near its intersection with Avenue B, was the scene of a two-car collision Sunday afternoon which caused an estimated \$550 damage.

Involved in the accident were a 1968 Chevelle driven by George Higgins of Route 4, and a 1953 Plymouth driven by Allen Young of 401 Lawton. The Chevelle had about \$200 damage and the Plymouth \$350 damage.

Officers said Higgins had stopped for a red light facing east on Park Avenue when he was struck from the rear. A citation was issued for following too closely.

\$375 Damage Result In Wreck

A two-car accident on Grand Avenue Saturday afternoon resulted in damages totaling \$375.

Officers said a 1957 sedan driven by Mrs. Ina Thompson of Eldorado Arms was pulling into a driveway making a right turn off U. S. 385 when it was struck in the rear.

Driver of the other vehicle was Dock Roberson of 211 East Fifth. There was an estimated \$150 damage to his 1965 sedan, which was behind the Thompson car. A citation was given for following too closely.

More Festival Chili On Sale

Not all the chili prepared for the Holiday Festival sponsored by the Women of St. Thomas Episcopal Church Saturday was sold that day, and the remaining supply is still for sale at the home of Mrs. Gene Parsley, 248 Beach.

Made by Mrs. Curtis Traweck, the chili is in authentic West Texas style, and pleased customers at the Festival so that some have called for more. It is packaged in pint containers.

"For those who tried it and want more, and for those who have not tried it but should, we're delighted to offer this extra stock", says Mrs. Parsley.

Dr. J. H. McCrary — One of the local doctors involved in locating a city-county clinic in Hereford. See story on page one. Staff photo.

Hospital Notes

Hereford C of C Is Rated Special Day

Fort Worth — The Hereford Chamber of Commerce has been invited to select a "Special Day" to be honored by the 1969 Southwestern Exposition and Fat Stock Show, January 26 through February 2.

"Special Days" are our way of showing appreciation to com-

munities and people of Texas and Oklahoma for helping make the Fort Worth Stock Show Rodeo one of the worlds outstanding," said W. R. Watt, president-manager of the show.

It's a long standing tradition which has created many close friendships for the Fort Worth Stock Show, Watt commented.

The special invitation includes a reservation for a block of rodeo tickets to be sold locally. The seats are in a block to enable all residents to sit together for their spotlighted introduction at the Rodeo. A local riding club may go with the "Special Day" delegation and ride in the Rodeo Grand Entry and a Cowgirl Sweetheart can be selected to ride in the Grand Entry and be introduced during the "Special Day" rodeo performance.

Popular Fess Parker, television's "Daniel Boone," will be guest star of the 1969 Fort Worth Rodeo. Parker now into his fifth year of the NBC-TV series will be accompanied by the New Establishment musical group. In addition a number of outstanding specialty acts have been signed for the '69 Rodeo including Elaine Kramer's six horse Roman Ride and a spectacular performance by Jerry Olson and his trained buffalo.

Rodeo fans will see plenty of action as over 450 of the nations top cowboys compete for a rodeo purse of \$75,000 on some of the world's roughest bucking stock.

Doors open on the 73rd Fort Worth Stock Show at 4 p. m. Friday, January 24. Livestock entries for cattle, horses, sheep and swine close December 15, 1968. Poultry, rabbit and pigeon entries close January 15, 1969.

A female house fly lays from 500 to 2,000 eggs.

Aides Again Asked At Satellite Care

Mrs. Raymond Higginbotham, volunteer coordinator for the Satellite Day Care classes in Hereford for preschool and post-school retardates, reported that classes are nearing the end of its first quarter and volunteer teacher's aides will again be needed for the second quarter beginning January.

Mrs. Higginbotham was high in her praise toward the volunteers who donated their time during the first quarter and that classes for the children are

working out "just real fine." But she explained that volunteers are only asked to contribute their time for three-month, one morning or afternoon-per-week and new aides will be needed for January, February and March.

Satellite Day Care classes are conducted in the facilities of the First Christian Church five days each week on a 12-month basis, Mrs. Higginbotham said that those who would like to volunteer could reach her at 364-1545.

She also reported that Satellite Day Care will observe the same holidays as the public schools here (except for the summer months.)

Mrs. David Thompson is the teacher.

By MELVIN YOUNG
Bob Spangler, the jeweler, cornered and caught what he thought was a wild coon Saturday night and in the process of getting him caged, was bitten on the hand by the pesky little animal.

Concerned about the wound, Bob called the clinic Monday morning to see about getting an appointment for a tetanus shot. The lady answering the telephone, wanting to know a little more about the deal to determine the seriousness, asked the obvious question.

"What happened?"
"I was bitten by a stray coon," Spangler replied.
"Was it a fat coon?" the lady asked.

Somewhat taken by this impertinence, Spangler replied, "yes, it was a fat coon."
"Good," the lady replied. "He belongs to my children and we've been looking all over for him."

To be sure, the little fellow turned out to be a pet coon and was only frightened by Spangler's efforts to corral him. He belonged to the Armon Lauderbacks who live at 140 Beach St., not far from the Centre street location of the Spangler residence. He had gotten out of his cage and wandered off. Mrs. Lauderback is a receptionist at Family Medical Clinic.

Spangler's wounds will heal in due time and he's mighty glad the little coon is back at home where he belongs.

Paul Crume, in the Dallas Morning News, tells the story of the father who censored his young daughter about the length of her dress and the following morning found the dress hanging on a rack with the following note pinned to it:

"This poor little dress by the squares was condemned. They overlooked its style, looked instead at its hem."

It took the father all of one lunch hour to compose a great ode in reply, reports Crume, but he managed it:

"A square I may be, and a square I'll remain. . . But the length of your skirt is still my domain."

The funny thing about it, reports Crume, is that neither poet seems to have resented the other's verse.

Business has been brisk in local stores and it looks like a fine Christmas season is coming up for the merchants. Many people are already busy filling their Christmas gift lists and that sure is fine, 'cause it will leave less crowded conditions on Christmas Eve when we start our shopping. And less selection too. There's nothing worse than going into a store and having so many things to choose from that we can't make up the feeble mind what to buy. And that's the secret that makes men better shoppers than women. They just wait until the selection is smaller — so the gift has to be right.

And the Topeka State Journal reports that "Students used to go to college after a degree — BA or BS. Now some of them seem to prefer LSD or SDS."

Again, our congratulations to

the Hereford Whitefaces for their fine showing against Kermit Saturday.

By the way, there are some action pictures of that game on Page 1, Section 2 of today's paper.

Psychology tells us that it is

bad to be an orphan, terrible to be an only child, damaging to be the youngest, crushing to be the middle, taxing to be the oldest. There is no way out except to be born an adult.

And in spite of all the reports coming out of Chicago over the

events surrounding the Democratic National Convention, Mayor Richard J. Daley still has the support of the people. That's the way it should be. We could use a few more mayors and a few more big city police forces with the gumption to keep order.

Mrs. Earl Poarch is interested in trying to do something about the fate of the boys on the Pueblo. If you're interested in signing a petition to help get the crew of the U. S. S. Pueblo released, or at least let the administration know what the

thinking of the people is at this time, then contact Mrs. Poarch. Phone 364-1015 and she will bring the petition by for you to sign.

Advice to all eaters: If you are thin, don't eat fast. If you're fat, don't eat. Fast.

Shooting The Bull At HHS

By BETTY HODGES
After the well deserved Thanksgiving holidays, and the shock of the 2nd six weeks report cards, Hereford High is trying to settle down once more. But not for long because Christmas is drawing near.

Among many Hereford spectators in the Jones Stadium at Lubbock Saturday was the maroon and white clad pep squad. Under the direction of Mrs. Huntsinger and Mr. Michaels, the 38 member pep-squad was formed last week to add extra enthusiasm to the bi-district action. Even though the scoreboard did not show Hereford at the top, the student body knows that the Whitefaces are at the top on their list.

Next issue of the WHITEFACE is Dec. 20 — the last day of school before the Christmas holidays. All contributions need to be into the WHITEFACE staff by Dec. 16.

On Friday the 13th, the A Cappella choir will make a 20 minute video tape at KGNC, which will be played during the Christmas holidays. "Oklahoma" try-outs were held Mon. and Tues. afternoon. Results will be soon; then the hard work but hidden fun will begin. A joint choir and band Christmas concert is scheduled for Dec. 19 at 7:00 P.M. in the high school auditorium.

Coming up soon — FHA Christmas party on Dec. 16 to honor the foreign exchange students.

Mr. Buff Morris, WT financial loan chairman for college students, gave a program to the juniors and seniors Monday about college loans. Mr. Morris and his assistant remained at HHS Monday to counsel students about their future plans.

The next SAT test will be given Jan. 11, and seniors need to be registered by Dec. 7. Check with the Counselor's Office for the ACT testing dates.

With the end of football season tied up, the HHS Cagers have already played four of their approximately 26 games under the guidance of their coach, W. H. Kitchens. Varsity players for the '68-'69 season are Dusty Duncan, Russell Phillips, Santry Rush, Denny Hicks, Jim Rakestraw, Rusty Smith, Marsh Pitman, Jerry Bill Russell, Jim Scott, and Bill McNim. The basketball schedule follows.

Dec. 3, Clovis, at Hereford; Dec. 17, Littlefield, here; Dec. 20, Phillips, here; Dec. 26, 27, 28, Borger Tournament, Borger

and Jan. 3, Lubbock-Estacado, here.

Jan. 4, B Team Tournament, Tullia; Jan. 7, Clovis, Clovis; Jan. 10 Lubbock Estacado, Lubbock; Jan. 14, Tullia, Tullia, and Jan. 17, Perryton, Perryton.

Jan. 21, Canyon, here; Jan. 24, Muleshoe, here; Jan. 28, Dumas, Dumas; Jan. 31, Tullia, here; Feb. 7, Perryton, here; Feb. 11, Canyon, Canyon; Feb. 3, Muleshoe, Muleshoe, and Feb. 18, Dumas, Hereford.

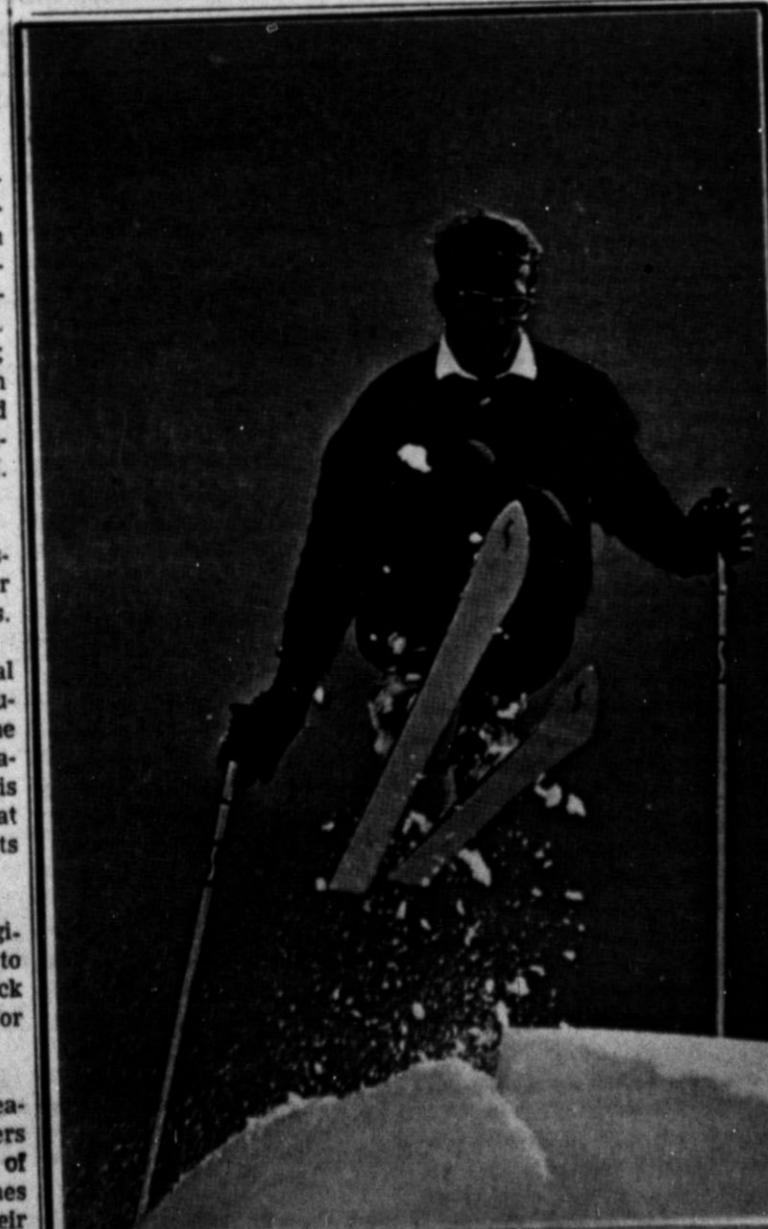

Best of luck to the B team and varsity this weekend as they compete in tournament play. The B team journeys to Phillips, and the varsity journeys to Plainview.

Various nominations for the Koobraey Assembly have been held the past three days in HHS. Results will be announced in the annual Koobraey assembly, Dec. 16. Annual staffers have been making preparations for Stunt Night, Dec. 14. Each club, and organization needs to have a skit or stunt to present at this time.

The Cords will be playing in the mall Saturday night from 9:00 — 12:00 to take the boredom from Saturday nights. The dance is sponsored by Gaston's Teen Board, and each teen board member and her date will get in free. Boys — take advantage of this bargain. The admission charge is \$1.00 and any high school student may come.

Only 19 days until Christmas!

READ THE WANT-ADS.

Whiteface Cagers Defeat Littlefield For First Win

The Whiteface basketball team collected their first non-conference win of the season Tuesday night when they rumbled past the Littlefield team, 55-39.

Hereford jumped out front in the first period of play against the Littlefield team with a slim two point margin of 12-10. Dusty Duncan and Percy Mays combined their shooting abilities to net half of the 12 points as they

both hit on a field goal and free throw each.

Littlefield then began hitting from all over the hardwoods in the second quarter as they netted 12 points to the Whitefaces six, giving them a four point advantage as the first half ended. Jim Rakestraw hit for four of the locals six points in the second stanza while junior Mike Wartes collected the remaining two.

Following the halftime break, the Herd surged back on the boards with the determination of an angry bull and hit for 19 big points in the third quarter while limiting the host team to only six this time. Junior Marsh Pitman hit for six of the 19 and Bill McMinn managed five to lead the scoring attack. Rakestraw and Wartes accounted for the remainder.

Walcott Cagers Defeat Farwell

Walcott cagers kept their district hopes alive this week by downing the Farwell boys and girls teams Monday night at the Walcott gymnasium.

The girls, who held only a two-point lead of 12-10 at the end of the first half, surged back in the second half to win their game 21-13. The boys, who have been pulling two-point squeakers out of the bag all season, clipped the Farwell boys to the tune of 42-36.

Monday will mark the final home game of the season for the Walcott cagers before their Jan. 24 basketball tournament. Monday they will meet the Bovina team with the girls to begin play at 5:30 and the boys immediately afterwards.

Memorial Rose Garden Is Dedicated

The Memorial Rose Garden at First Baptist Church, the feature this year in a three-year landscape plan for the church grounds, was dedicated at the close of the Sunday morning worship service, and a bronze plaque, engraved with 46 names of persons memorialized was unveiled.

The Rev. Gerald Mann, pastor, presided over the brief service. Mrs. O. G. Hill Sr. gave the dedicatory message and Marlin Gilliland the prayer. Mrs. R. L. Ethridge unveiled the plaque after a song, "Near To The Heart of God," by a women's sextette.

A fountain centers the garden, in which nine dozen named varieties of roses are planted with evergreen shrubs to make the garden a beauty spot in winter as well as during the warm months. The garden, and the three-year plan, is a project of the Baptist Garden Group, of which Mrs. A. L. Manjeot is chairman.

The garden is a feature of plantings on the church ground which won for it the designation as non-residential beauty spot of the month for November, from Deaf Smith Chamber of Commerce civic beautification committee.

Rotary Screens FAA Color Film

Rotary Club members saw a color film titled "Charlie," filmed by the Federal Aviation Administration on the subject of the dangers of flying after drinking and taking a cold compound, during their Monday noon meeting at the Hotel Jim Hill ballroom.

"Charlie" told the story of a Dr. Charlie Preston, a brain surgeon in the Oklahoma City area, who violated rules on his FAA pilots license by flying while in a condition "which could result in injury."

While no visible effects could be seen, the doctor's condition prior to flight, the story traced his disaster to a point where he was caught in a storm front moving toward Oklahoma City from Amarillo and could not coordinate in the emergency.

Program chairman Dr. Joe Whitley introduced the 22-minute drama.

Carmichael Is "Realtor Of The Year" Here

Troy Carmichael was presented a plaque as "Realtor of the Year" by the Hereford Board of Realtors during their installation dinner held Tuesday at the Country Club.

Carmichael was also presented a key chain during the ceremonies.

Harold Kids was installed as president, with Mutt Wheeler as vice-president and Betty Cope as secretary. Don Mason, incoming state president of the TREA, was in charge of the installation here.

The Spiritual Swingers supplied the entertainment. Present were Merlin Webber,

Rev. Heine Is Elected HMA President

The Rev. Simeon Heine was elected president of the Hereford Ministerial Association for the coming year at their Tuesday morning meeting.

Rev. Heine, who has been pastor of St. Anthony's Catholic Church since September of this year, will follow outgoing president Rev. Clifford Trotter, pastor of the First United Methodist Church.

Other officers elected were Rev. Homer Goodwin, pastor of the Assembly of God Church, vice-president; Rev. Herman Schelter, pastor of Immanuel Lutheran Church, secretary; Rev. Fred Howard, vicar of St. Thomas Episcopal Church, treasurer; and Bob Wert of the First Methodist, coordinator of radio assignments.

Wert served as secretary during the past year. The late Rev. Eugene Naugle and Gene Brink, pastor of First Christian Church, were vice-presidents. Rev. Howard was re-elected to office.

The Rev. Heine has attended New York University and later the Catholic University in Washington, D. C. He studied psychology and theology and was ordained Feb. 21, 1948. For fifteen years, he was director of Graymoor Friars Vocations. Afterward, he was pastor of a church for two years in British Columbia. He also spent a year as missionary to Japan and taught math for a year at Graymoor Minor Seminary, before coming to Hereford.

Experts Overlook Whitefaces Again

By MARSHALL DAY
Sports Editor

When it came to predicting winners this year, the experts should have stayed home when they delved into district 1-AAA and came up with a card reading Hereford as the third rate district team, one to finish behind Perryton and Dumas.

Though finishing with a not too impressive record for eleven games, including the bi-district tilt against Kermit, the Whitefaces came through with one big win late in the season that provided the path to the state playoffs. A game-by-game account can verify the improving done by the Whitefaces as the season wore along.

PAMPA — It was the season opener for both teams and the class AAAA Harvesters, aided by an injury plagued group of Whitefaces with early season jitters, clipped the locals, 12-6. A sharp passing game by the visitors proved too much for the Whitefaces to handle as both the Pampa TDs came through the air.

PLAINVIEW — Another AAAA team, the Plainview Bulldogs offense ground out 28 points against the over-matched Whitefaces. While the 'Dogs continued to move throughout the game with their offense, their defense held the locals to less than 100 yards for the entire game.

SEMINOLE — A straight and true point-after-touchdown provided the margin of victory for the Indians from Seminole as they edged the Herd, 7-6 in a defensive struggle. Both teams scored their touchdowns in the first half of the game and the Whitefaces went for the two point conversion and it failed. A 17-yard field goal late in the first half veered away from the uprights, just keeping the locals from a tasty win.

PHILLIPS — One of the top ranked teams in AA football during most of the season, the Blackhaws of Phillips knocked the Whitefaces into the dirt for the fourth straight time in as many weeks. A couple of bad breaks on a punting situation and a Hereford punt reception gave the Hawks the edge in a close ball game, 16-0.

DALHART — Things finally got going right for the Herd as they hit the winning note with a 27-13 win over the Dalhart Wolves. Dalhart, the "winningest high school in the state" over the past five years, had their

record marred as they met defeat for the first time this year, at the hands of the locals.

CANYON — Looking stronger and stronger as the weeks passed, the Whitefaces' true ability shined through in their district opener against their district rivals, 46-0. Six different Whitefaces chalked up touchdowns in the run-away game.

PERRYTON — It was homecoming and the Whitefaces were playing the number one ranked team in the state on a drizzly November night. Rated as the underdogs by a huge margin, the Whitefaces' defense performed its most brilliant task of the season by holding the Rangers throughout the contest. The 13-12 win for the Herd was highlighted by a 97-yard touchdown drive that provided the margin of victory. Following the game, the locals found themselves sharing the district lead with Dumas with both clubs holding perfect marks in district warfare.

MULESHOE — By far the hardest hitting team that the Whitefaces had faced all season long, the Mules finally bowed out in the last half 29-0, becoming victim number four for the locals. The Mules had held the Whitefaces to a slim 7-0 halftime lead before the Herd exploded in the second half for 22 points.

TULIA — Hereford held a 9-0 lead at the end of the first half

of the Hereford-Tulia district game, then stormed back with a field goal and two touchdowns in the second half to ice the game, 25-0. The shut-out of the Hornets made it only 12 points having been scored against the Herd in District play, and those 12 came in the Perryton upset.

DUMAS — Though the Whitefaces lost for the 12th straight time to the Demons, coach Larry Wartes' coin flip gave the Whitefaces the right to represent the district in the bi-district game. Hereford led only one time in the close-scoring game and that was by one point, 6-5. The Demons got a safety and field goal and the locals managed a TD with the PAT failing. Dumas scored late in the game for the win. The Whitefaces were also hampered by a water soaked field at Dumas as they fell in their quest to end the 12 year Dumas jinx.

KERMIT (bi-district) — After trailing 14-0 and only minutes left in the game, the Whitefaces staged a comeback to tie the score at 14-14. On a fourth and short yardage play, and the Herd secondary playing in the Kermit field general went for the pass that wiped the game out of the Herd's reach, 21-14.

Some 20 seniors saw their last game in a Whiteface uniform last Saturday in Lubbock and include Randy Ragan, Bill Cole, Bill Russell, Oren Davis, Steve McAndrews, Lynn Betts, Donnie

Fangman, Elgin Williams, Danny Boyer, Jim Loerwald, Billy Ohlig, Jeff Massie, Gary Crume, Sheldon Alexander, Sheldon White, Ricky Blakely, Wayne Winget, Jim Scott, Larry Guinn and John Stagner.

GIFT TRACTORS
CHANDIGARH, India — Indians living in Britain soon may be helping India's drive to overcome hunger.

Punjab Finance Minister Jagjit Singh Chauhan said the government will allow customs-free gifts of agricultural implements, including tractors, to Punjab peasants from their relatives in Great Britain.

He expressed confidence that the number of gift tractors in the next year would reach 20,000.

FOREIGNERS IN INDIA
NEW DELHI — India had 60,773 foreigners registered as residents in India during 1967, an increase of about 3,000 from the previous year. The figure does not include the large number of Britons and other Commonwealth subjects, who are not required to register.

The largest groups were Tibetan, 26,742; Chinese, 8,177; Iranian, 4,406; American, 3,193; Russian, 2,769; Afghan, 2,212; Burmese, 1,608; German, 1,604; Thai, 1,547; and French, 1,254.

Change of beneficiary on a G. I. life insurance policy may be made by simply writing the office where premiums are paid.

AUSTIN HIGHLIGHTS

Smith Plans Gala Inauguration Fete

By VERN SANFORD Texas Press Association AUSTIN, TEX. — When Preston Smith becomes governor on January 21, it will be to the tune of marching bands and at least five dance orchestras.

Letters To Santa

Dear Santa I want a Mighty Mike Jeep and a Road Racing set and a spirograph drawing set, because I was good. Love Randy Harris 400 Star.

Dear Santa We have been good boys. My little brother can't write yet but he would like to have some Cowboys and Indias, also some trucks, please.

I would like a B B gun and an electric football game. And also I would like a horn, light, and a speedometer for my bike. Thank you very much. Love, Ronne and Mike Harris

Dear Santa Claus I didn't want to write down what I wanted so I cut out the pictures.

(Editor's note: Color Show Set, Play Tape, Playhouse with table set, record player, sewing machine and a nurses kit.) From Janann Bullard

Dear Santa Claus My name is Tonya Landers. I am a little girl and I am eight years old. I have been a pretty good little girl. Santa Claus will you first take toys to children who are poor. I would like to have a watch and a majorette-suit and a stroller and a baby small walk and a story book doll.

I hope this is not too much to ask for. Love you very much From Tonya Landers Love whole bunch whole bunches

Parties Precede Vows

Final parties preceding the wedding of Miss Royce Ann Gilliland and James F. Piper Jr. Saturday evening, were a bridesmaids luncheon at noon that day and the rehearsal dinner Friday evening. Mr. and Mrs. Piper are spending a honeymoon in New Orleans and will live in Dallas.

His parents, Mr. and Mrs. James Piper of Dallas, were hosts for the rehearsal dinner with members of the wedding party and families of the couple as guests. It was given in Hereford Country Club.

Tables were covered with green cloths and centered with gold mums to emphasize colors which appeared in wedding decorations.

Mrs. Jay Boston complimented the bride and her attendants, Mrs. Wade Wolfe of Dallas and Miss Gail Howard of Sherman, at the Saturday luncheon, also at the Country Club. Again, the green and gold theme was repeated in table decor.

Party Marks Birthdays For Two Young Honorees

Two small playmates celebrated their birthdays together Tuesday afternoon when Lee Ballard, son of Dr. and Mrs. Noble Ballard, and Whitney Parris, daughter of the Walker Parris, were honorees at Hereford Country Club.

Lee was three years old and Whitney four. A score of friends were invited to join them for games and refreshments of cupcakes and punch in the Country Club teen room. Parris took moving pictures of the group as

at noon that day, and after a brief rest Governor and Mrs. Smith will lead off the dancing at a grand ball. They'll be honored with at least four other balls during the evening.

Last time the capital witnessed such a celebration was when Price Daniel took office in 1957. Then more than 20,000 well-wishers danced 'til dawn. But inaugurations have been rather sedate since then. Governor Smith said he'd reveal more details of his inauguration in a couple weeks.

SMITH PREPARES FOR OFFICE — Gov. Elect Preston Smith says Harold K. Dudley, will be his top assistant and that he will be up on the Texas governor's staff dealing with federal programs.

Dudley, 44, Smith's chief campaign organizer, was manager of the Wichita Falls Chamber of Commerce.

Smith said he "will have to have some additional" staff members to work with rapidly-expanding federal-state relations issues. He revealed that Wayne Gibbens of Breckenridge, who is Governor Connally's Washington liaison man, can stay on if he wants to (as can several other middle-echelon Connally aides), but that the Washington office must be expanded to do an effective job.

Sen. Dorsey Hardeman of San Angelo may also be tapped for government duties in the new administration, Smith indicated though probably not as secretary of state. He is considering "three or four" for that post. Smith pledged to continue his "open door" policy as governor and to hold regular weekly news conferences.

COCKTAIL CLUBS — Proposed new rules for drinking clubs were shelled in public hearing by 11 bistro operators who urged different categories of regulations for a wide variety of establishments catering to the cocktail trade.

Texas Liquor Control Board took the issue under advisement and will hand down its ruling at an early date. Meanwhile, its proposed requirement that payment for mixed drinks be made in case and strict definition of club "guests" remains under court attack.

Witnesses at hearing in the state capitol made these principal suggestions:

"That rules be geared to types of operations in 335 clubs over the state (44 of which are in dry areas).

"That record-keeping requirements be kept as simple as possible.

"That they be punished only for 'knowing' violations.

"There are obviously several kinds of private clubs, all trying to operate under one broad definition. Comprehensive regulations might include clear-cut definitions of the various kinds or classes of clubs. This would, of course, involve a classification system" testified Royce Chaney of Dallas, representing the Texas Lone Star Chapter Club Managers Association of America.

Other club operators suggested separation on lines of non-profit and strictly-business clubs — or those which have relatively static membership and the rapid-turnover clubs such as those in motels and hotels.

"No matter what regulations are adopted," maintained the president of a large San Antonio club, "there will be confusion under present laws." He suggested liquor-by-the-drink legalization is the only answer. A new push for that (probably via constitutional amendment)

is expected to be made in the next legislative session which starts next month.

COURTS SPEAK — Federal judge here dismissed the suit by a Fort Hood nuclear weapon repairman to keep his commanding officer from transferring him to Fort Sill, Okla. Employee claimed his security clearance was being taken away without due process of law.

Court of Criminal Appeals applied retroactively a U. S. Supreme Court decision that indictments must have legal counsel in all stages of criminal proceedings, and granted a new trial to a San Antonio man sentenced 13 years ago to life imprisonment for robbery by assault.

State Supreme Court upheld an injunction against a Lubbock man for engaging in the unauthorized practice of law.

Court of Civil Appeals here declined to enjoin Tarry House Inc. from operating as a private club in a Lake Austin residential area.

CANAL SYSTEM PROPOSAL — Texans and their Legislature will be asked to give approval and support to the huge \$10 billion Texas Water Plan through legislation and a vote in November of 1970.

Texas Water Development Board plans to reveal details of the plan this month. It is known that it will propose two huge canal systems to carry surplus water across North Texas to the Plains, and down the Gulf Coast to the Lower Rio Grande Valley.

Both canals will be federally-financed, if they prove feasible. But state money will be needed to help finance them and companion reservoirs which will be needed to meet the water needs of a Texas with 30,000,000 people in the year 2020.

Board asked a legislative study committee to endorse a proposal to increase the present \$400 million water development fund bond program to a figure in the range of \$2 to \$3.5 billion. It said it wanted advice from legislators on how much state financing, through loans, should be put into the program, before setting a precise figure. But it did suggest that the matter be submitted to the voters for approval or disapproval at the election in November, 1970.

It also asked that the Legislature make a number of policy decisions giving the board and other state agencies the authority, and the direction, to carry our jobs of pollution control, recreation and park development, water rights control, planning and contracting for the massive job which lies ahead.

If the water is to be where it is needed in the years ahead, to allow all parts of Texas to grow and prosper, detailed planning work must be begun in 1969, the board said. The Texas Water Plan will be the biggest public works job ever undertaken, nearly four times as large as the \$2.5 billion California water project now under construction.

A legislative committee headed by Rep. Bill Clayton of Springlake took the request under study. It will make its recommendations to the Legislature in January.

ATTORNEY GENERAL RULES — Atty. Gen. Crawford C. Martin held House committee probing amusement vending machine operators' connection with taverns is legally constituted and can issue subpoenas for witnesses.

In other recent opinions, Martin concluded that: "Roman Catholic diocese property used for bishop's residence and containing a chapel may be exempt from property taxes.

"There are no statutory requirements for deputy constables or other deputies under the election code.

CONSTITUTIONAL REWRITE DONE — Constitutional Revision Committee completed work and will report to Governor Connally on December 12.

Under recent changes in the proposals, homestead exemption would be limited to \$25,000 for those homes acquired after the new constitution is adopted.

Commission wants to allow use of general revenue funds for construction of college buildings.

It also came out for protection of personal property of

heads of households and unmarried adults from forced sales.

JUVENILES' DRUG USE CAUSES CONCERN — House Committee on Juvenile Crime and Delinquency spent two of its recent public hearings listening to testimony about teenagers' use of drugs and marijuana. While the committee has been advised that this is not the main juvenile problem, you can bet it will make recommendations to the Legislature on the subject.

Jack Reville, chief of the Criminal-Law Enforcement division of the Texas Department of Public Safety, said the major problem is that the state has only 25 narcotics agents. "Eight of them are in training," says Reville, "and we need to double that to make a dent."

JURY SNUBS CHARGES — Travis County grand jury found no legal basis for action in Republican party charges that employees of the State Agriculture Department were pressured for campaign contributions.

GOP spokesmen agreed that action now would be "untimely and precipitous" but said it will continue to investigate reports. Grand jury called five witnesses, including a former state employee who gave the GOP a statement that he was squeezed for campaign contributions but got his money back through bogus expense accounts approved by his superiors.

Agriculture Commissioner John C. White said he was pleased that the jury had investigated the charges and found them "to be false."

WORLD'S LARGEST — Both UT's scope and its telescope were increased with a formal dedication at the McDonald Observatory near Fort Davis.

Built for the University with support by the National Aeronautics and Space Administration and the National Science Foundation, the third and largest of the University's huge telescopes atop Mount Locke has now been dedicated. More than 200 scientists, University officials and their guests witnessed the ceremonies.

According to Dr. Harry Ransom, UT System Chancellor, the new, 17-inch telescope is expected to play an important role in investigating the atmospheres of Mars and other planets for NASA. With a lens 100 times the size of the amateur cameraman's lens, the scope is housed in a 10-story, steel and concrete domed structure high atop the 6,791-foot mountain.

SHORT SNORTS Kenneth W. Cook has been named acting assistant administrator of the Texas Liquor Control Board, and Rayford W. Walker, chief of staff services.

State Building Commission is proposing a \$4 million state building to house library records, mail services and a parking garage for state employees.

Speaker Ben Barnes and Governor Connally address a national conference of legislative leaders in Honolulu this week. Application has been filed with the State Banking Commission for a Jetero State Bank charter at Westfield in Harris County.

State Securities Commissioner William M. King revoked the secondary trading exemptions of Industrial Instrument Corporation of Austin and American General Resources Corporation Houston.

Shower Honors Lately-Adopted Son Of H. Bruns

A shower for the lately-adopted baby son of Mr. and Mrs. Herbert Bruns was given Tuesday afternoon when Mrs. Hubert Stoerner and Mrs. Jim Hill were hostesses in the Stoerner home.

Five-month-old Hal Ray came last week to the Bruns home. He was presented a number of gifts which guests at the informal party admired as Mrs. Bruns opened the packages. Refreshments were served afterward.

Guests were Mmes. Herman Schelter, A. H. Janssen, Arthur Tiefert, George Tiefert, Glen Osborn, Molly Achgill, Owen Andrews, Dennis Folly, Albert Drager and J. E. Springer.

ANIMAL HEALTH PLAN VIENNA — An Austrian insurance company plans to introduce a health insurance for domestic animals. A 40 Schilling (\$1.60) monthly premium would ensure free veterinarian treatment and cover expenses for a stay in an animal hospital.

Volunteers at Veterans Administration hospitals have a choice of some 30 VA programs in which they can contribute vital services.

An aggregate of 48 months of educational assistance is now available to veterans eligible under two or more Veterans Administration programs.

War widows in need of regular aid and attendance are eligible to receive \$50 per month in addition to any pension they may receive.

War veterans who are 65 or over are presumed to be totally and permanently disabled for purposes of eligibility for pension benefits.

Glady's Garden

By Gladys Howton Manjeot

CHRISTMAS LEGENDS
CHRISTMAS — the name dates to the 11th century Cristes Maesse — literally Christ Mass.

The joyous season of the year is fast approaching. We feel it in the air; we note it in the hastened footsteps, light hurried and happy; the twinkle of eyes, especially little children as they talk with Santa and look at the many, many toys; and voices are resounding with the joyfulness.

In our Christmas preparations we should never lose sight of the greatest message the world has ever known. It is a message of love and peace. . . . And there were in the same country shepherds abiding in the fields keeping watch over their flocks by night. And lo, the angel of the Lord came upon them and they were sore afraid. And the angel said, 'Fear not, for behold I bring you GOOD TIDINGS of great joy which shall be to all people. For unto you is born this day in the city of David a Savior, which is Christ the Lord'.

What means this to YOU? The joyfulness of the glad season should ever be emulated in our deeds and thoughts, as we prepare for Christmas Day. So many of the things which we do at Christmas time in the observance of Christ's birthday, reverts back to legends, and to the scripture. Hoping that it will be helpful, and that we may al-

so observe the wonderful Christmas time more meaningful, I give you some of the legends which have lived throughout the years.

CHRISTMAS TREE: deeply rooted in old legend, it is said that the real reason it has become a symbol of Christmas is that it protected Joseph Mary, and the Infant Jesus from Herod's soldiers. Some say that if we cut small cones in half from the pine tree, we may still see the imprint of His hand.

Another, is that the Lord sent heavenly messengers to earth to find a tree 'as high as Faith, as eternal as Hope and as widespread as Love' to symbolize the birth of Jesus. They chose the balsam fir, which the story goes, had all these qualities and bore many crosses on each branch.

Symbolically, the tree reminds us of Christ — the top of it pointing to heaven, the lights denoting the Lights of the World, and the presents beneath it reminding us that all good gifts come from above.

Stars, on that wonderful night, were shining through its branches, thus it made the pine tree the first lighted tree. . . .

History reveals that Martin Luther, had the first Christmas tree which was lighted. This was in Europe where Martin Luther organized a church and served as its pastor. The story goes that one winter night, just before Christmas night, Martin Luther became so restless that he decided to take a walk in the forest. It was while on this walk, when he saw the beautiful trees pictured against the star-lit sky. He conceived the idea of having a tree in the home, and light it with lighted candles on Christmas eve. He selected a pretty evergreen tree (pine) and took it home to his children and they helped him decorate the tree and light the candles. As they worked he re-told the wonderful story of Christmas to hid children.

The story of the Christmas tree reached America. Today it is one of the most used of the Christmas symbols, in America. History also tells us that the first electrically lighted Christmas tree was enjoyed by the large family of President Teddy Roosevelt, in the Whitehouse. It was so arranged that the passers-by could enjoy the beauty of it.

CHRISTMAS WREATHS: The wreath is a symbol of everlasting life. The roundness of it and endlessness is significant of the everlasting love of Jesus for his people, and that it never will be an end of His love for us.

Another teaching taken from the wreath is that it is a representative of the Crown of thorns pressed on the brow of Jesus as He hung on the cross, giving His life for all. He shed great drops of blood, which is portrayed by the red berries used in the evergreen wreaths.

HOLLY: Holly from time immemorial has been a symbol of peace and good will. Ancient Christians referred to Holly (Holly) as the Christ-thorn. Other legends have it that a spray is sent to friends as a token of good will and best wishes. It was also used in early days, in England, in the windows to indicate Christian worship. The red berries were representative of the shed blood of Jesus for the remission of the sins of the world. It was also believed that if it was used in the windows, and as other decorations it would keep away evil spirits.

Corsages made of Holly are the only corsage which can be worn upside down. This is permissible in that the berries have no set pattern in their growth, and the leaves are not so prickly when worn downward. (Other corsages should be worn with the flowers UP, as that is true to their growth habit, and the keeping qualities of the floral materials are better retained.)

MISTLETOE: Usually when we mention mistletoe, we think romantically when it is used in Christmas decorations, which hang over the head, and tradition teaches that the men can steal kisses from their lovers if found under the mistletoe. However before the Christmas era, enemies meeting beneath a spray of it, would drop their weapons and embrace in friendship. (This reminds us of the cease fire on the battle front during the Christmas time, then resuming war-fare when they have passed. We people are strange beings.)

Mistletoe was sacred in many ancient religions. The Druids of England cut it with a golden knife and hung it over their doors, believing that only happiness could pass under their branch. They also used the mistletoe in their marriage ceremonies, and it was the English who started the custom of kissing under the mistletoe. It is also believed by the early Christians that Mistletoe had a healing power. The English Saxons gave it its name, and they wore it as a charm or hung it in their doorways for good luck. It is also believed by others that it has healing power, and where this belief is practiced it is representative of the love and healing power of Jesus, and to Him they dedicate its use.

Many are the legends which are connected with traditional materials used at Christmas time. This is a topic which is most interesting and one to which we should give more research.

THIS AND THAT: To our friends who are interested in organizing a Violet Study Group, we are glad to report that it is CATCHING ON and probably after the Holidays, we will all get together and organize our group.

Hope your violets are blooming profusely. I am pleased with mine, and must tell you that the prettiest one I have now is 'Black Cherry' the blossoms are very double and ruffled, and a beautiful deep red-purple. The growth habit of this violet is very good. I am sure enjoying it very much. Thanks friend Bessie for giving me such a lovely plant.

Some of the loveliest colors, are at the Hardwick home, 1203 Park Avenue. The nandinas are beautiful, and the hedge is a

mass of colors. There are many beautiful nandinas in town, and most of them have a bounteous crop of berries. It is also called Christmas Berry. Speaking of hedges, I saw something different Saturday as Art and I were going to Clarendon. One of the urban homes we passed was neat and very attractive, and I particularly noticed the landscaping. They had planted a very nice hedge around the barn. It was probably the first one which was built when the home was new, and is not used very much now. It was gray and aged. The hedge had been well cared for, and interspersed in its planting were pretty golden chrysanthemums.

Art and I are getting ready to improve our lake-site and I was really thrilled that there is a lovely mesquite tree on the location. It is all gnarled and twisted, and it will sure receive much attention.

Thanks Lucille for the clippings. Aphids have certainly been one of our worst enemies this last year.

May the true meaning of Christmas be in our hearts and minds. Glad.

Next Shop-Show Here On Dec. 21

Following what Star Theatre Manager Francis Hardwick termed a very successful free Shop and Show matinee at this theatre on the day after Thanksgiving where mothers could leave their children as they began their Christmas shopping here, he said that the next one is booked for Saturday, Dec. 21.

Like the first one, it is also sponsored by the First National Bank in Hereford and there will be no admission charge.

The feature will be shown twice on that day, he said, but not at the same times as scheduled for the original matinee. This time the feature, 'Clarence, the Cross-Eyed Lion,' will begin at 10 a. m. and 11:50 — both prior to the usual matinee at regular admission at 1:45 p. m.

'Clarence, the Cross-Eyed

Lion' is the original 1 hour 38 minute theatrical version which became the springboard for televisions 'Daktari' series. It is in Metrocolor and stars Marshall Thompson, Betsy Drake, Richard Haydn, Cheryl Miller and Clarence.

A young actor once embarrassed and scorned by Hollywood producers has carved a new career for himself as the result of a single motion picture role.

Like Ben Turpin, the silent screen comic, he suffered from a malady known as "internal strabismus" — crossed eyes. Also like Ben Turpin, he turned the handicap to advantage in winning his starring role.

The actor is Clarence, the cockeyed king of beasts who lives at Africa U. S. A., 42 miles from Los Angeles. Its a ranch where almost 150 actors, from

Clarence — Star of the next Shop and Show matinee, free for children, on Saturday, Dec. 21, at the Star Theatre in Hereford.

tigers to chimpanzees to elephants, are taught the "animal method" in preparation for roles in movies.

Still a youth as lions go, Clarence was born in the United States. Trainer Ralph Helfer and Producer Ivan Tors, co-owners of Africa U. S. A., didn't realize that the animals' eyes were crossed when they purchased him.

However, Tors, a man of imagination, had his own ideas when the discovery was made. The idea was the motion picture "Clarence, the Cross-Eyed Lion."

As it was later in the "Daktari" series, young Cheryl Miller plays "Dr." Marshall Thompson's daughter, who lives in a study center for animal behavior in Africa.

The third and last Shop and Show free matinee will be shown on Monday, Dec. 23, at 10 a. m. and 2 p. m. at the Star. Hardwick reported that it will be a science fiction feature in color titled "Battle Beyond the Sun" with Edd Perry and Aria Powell.

VOE STUDENT OF THE WEEK is Lenn Sambrano, daughter of Mr. and Mrs. Frank Sambrano of 226 Ave. D. Miss Sambrano is employed at Steve Messenger and Co. under the Vocational Office Education program at Hereford High School where she is a senior. Upon graduation she says she might attend a business college. Pictured with Miss Sambrano is her employer, John Messenger. —Staff Photo

The American Geographical Society library of 160,000 volumes, 300,000 maps and 4,000 atlases and globes constitute the largest nongovernmental geographical collections in the Western Hemisphere.

Holiday Entertaining, Giving Planned By BSP

Two phases of holiday activity, entertainment for themselves and special gifts to Girlstown residents as a part of their principal service project of the year, were planned in meetings of all three Beta Sigma Phi Chapters Tuesday evening.

Decoration of the Christmas tree which will stand in the clubroom at Community Center throughout the season was completed by members of Kappa Iota Chapter, which each year performs this service for groups which meet in that room.

Mrs. Duke Powell and Mrs. Charles Cabbinness were hostesses to the chapter, which held a brief business session before the decorating party began.

The Christmas party planned by members will be a dance Dec. 11 at the Music Stand, with their husbands as guests. Also, Xi Epsilon Alpha Chapter will be invited to join in this entertainment.

Meeting in First National Bank's Community Room, XEA Chapter had Mrs. C. D. Fitzgerald Jr. and Mrs. Howard Gore as hostesses. Discussion of the gift to Girlstown featured the business period.

The social committee, with Mrs. John Gilliland as chairman, will make definite plans for the chapter holiday party which will be held Dec. 17. The invitation from KJ Chapter to its Dec. 11 party was received.

The program was one of a series on home furnishing and decoration which the chapter

presenting this year. Mrs. Fitzgerald discussed Modern Furniture, telling of contemporary trends in furniture as well as of styles evolved during this century.

Mrs. Ollene Williams showed pictures of new types of floor coverings as she spoke of traditional coverings in wool and those developed in plastics and artificial fibers, comparing the wearing qualities and appearance of the various kinds.

Members of Alpha Alpha Chapter, meeting in the home of Mrs. Carl Hollingsworth, decided to postpone its holiday party to January and invite members of the other two chapters as guests. Gifts to Girlstown were planned by this group also.

Present were Mmes. R. J. Cramer, Bob Huddleston, Bill Kendall, Chuck Laing, Hicks Roberson, Max Stipe and Hollingsworth.

Christmas Songs Heard By Club

Songs of Christmas were heard by La Plata Study Club members as a guest group, the Spiritual Swingers, gave the program at the club meeting Tuesday evening in the home of the president, Mrs. Ansel McDowell.

Exchanged as gifts were "white elephants" which members brought to the party. Each contributed the price of a gift to a fund which will buy food at Christmastime for a needy family. The club also will make a cash Christmas gift to a home for retarded children.

Plans were made to send a home-baked cake each week for the next two months to the day care center here.

The McDowell home was beautifully decorated for the holidays, with a large white tree ornamented with glittering butterflies in the living room, and a green tree in the den surrounded with gift packages.

Members present included Mmes. Jay Boston, Jack Brown, J. D. Neill, Frank Prowell, Emil Dettman, Pat Hughes, Tom Harkey, Larry Dippel, Louis Woodford, Harlan Vander Zee, Merle Campbell, Urlin Streu, Philip Shook, Raymond White, Lloyd McGee, A. J. Schroeter, M. H. Richie and Kenneth Rogers.

Birthday Party In Home Surprises Mrs. Lemons

A surprise birthday party honored Mrs. Walter Lemons at her home, 501 North Lee, Tuesday afternoon, when friends whom she had invited for a sales party turned the afternoon into a celebration of the birthday.

Last-minute plans for the party were made after some of the prospective guests learned that it would be the hostess' birthday. Mrs. J. B. Haile had made a cake, which was served with coffee. Each one presented Mrs. Lemons a gift, some of them joke gifts in whimsical packages.

Guests for the informal party were Mmes. H. S. Fuller, H. S. Fuller Jr., Luther Lesly, W. H. Gentry, Alfred Smith, Walt Beavers, W. P. Caldwell, C. W. Parker, Andy Keyes, J. G. Gandy, Ed Lemons, Curtis Brinkley, J. T. Gilbreath, E. M. Green, J. M. Waller, Merl Bridges, James A. Brown, John Sooter and Miss Thornton Shirley.

said property and ordering foreclosure of the constitutional and statutory tax liens thereon for taxes due the plaintiff and the taxing units parties hereto, and those who may intervene herein, together with all interest, penalties, and costs allowed by law up to and including the day of judgment herein, and all costs of this suit.

Issued and given under my hand and seal of said court in the City of Hereford, Deaf Smith County, Texas, this 29th day of November, A. D. 1968.
Lucille Posey Clerk of the District Court, Deaf Smith County,

TAX MAN SAM SEZ:

During 1967 Internal Revenue audited the tax returns of 3.1 million taxpayers. 52.4 percent or 1.6 million were found to owe an additional \$3,313,800,000. However, 40.2 percent, or 1.3 million, had no change in their returns. (These people had obviously kept good records and followed the tax instructions.) About 200,000 or 7.6 percent of those audited had the happy experience of receiving refunds amounting to \$190,600,000. (Of

course these taxpayers had overpaid their tax to start with and would never have known of the \$190 million if they had not had the good fortune to get a tax audit.) Correcting tax returns is a necessary part of the Internal Revenue Service's business to assure that each of us pays his fair share. However, if 7.6 percent of us pay more than we owe, the Internal Revenue Service may not find time to audit our returns and send the money back. It just might be a good idea to read the instructions a little more carefully this year.

Texas, 69th Judicial District.

Kermit Nips Whitefaces, 21-14

In Bi-District Encounter

PAYDIRT PLUNGE — Kermit quarterback Tim Penden drags a couple of Whiteface players with him as he bulls his way into the end zone for the second touchdown for the Kermit Yellowjackets.

THROWING A BLOCK — Bill Cole (15), attempts to knock a Kermit player away from ball carrier Randy Ragan as he goes looking for daylight in a fast closing hole. Ragan accounted for one of the two Whiteface touchdowns in the bi-district loss.

BROUGHT DOWN — Elgin Williams, (40), is brought down by two Yellowjackets in Saturday's bi-district game in Lubbock. Williams was the leading ground gainer for the Whitefaces as he collected 101 yards on 13 carries in the 21-14 defeat at the hands of Kermit.

ROUGH GOING — Randy Ragan (11), finds the going a little rough in the Hereford-Kermit game last week as he is met by a group of Yellowjackets after a slight gain.

AGONY OF DEFEAT — With only moments left in the bi-district clash Saturday, the Whiteface defensive unit sits on the sidelines in dismay, hoping the offense might provide the winning play that never came.

Cub Leaders Session Set For Saturday

Cub Leaders Training Session will begin at 12:30 in the Hereford Community Center on Saturday, according to District Scout Executive George Ochs. Registration is scheduled at this time.

Ochs said the session was for all pack committeemen, Cub masters, assistant cub masters, den mothers, assistant den mothers, and Webelos leaders.

He also announced that baby-sitting will be provided by the Camp Fire girls. Mothers should bring their children to the Camp Fire Lodge. The charge will be 25 cents per child.

For further information regard to the session, Ochs said people may contact Oliver Streu at 364-2220.

Shower Honors Renee Malouf

A holiday bride-elect, Miss Renee Malouf, fiancée of Roy Kuper, was honoree at a shower Tuesday afternoon in the Flame Room of Pioneer Gas Company.

Red and white, colors to be used in the Christmastime wedding, were emphasized in party decor. The table was laid with white lace over red and in the center were two tall candles arranged with angel-hair and red glitter balls.

Miss Malouf received guests with her mother, Mrs. Hanna Malouf, and Mrs. Walter Kuper, mother of the prospective bridegroom. Her sister, Miss Carmen Malouf, registered callers and

Miss Jeanette Walterscheid recorded the gifts.

Miss Doris Walterscheid and Miss Souad Malouf served refreshments and Mrs. Allen Evers directed a series of games.

The honoree wore for the party a knit dress of off-white shade, belted in red.

Shower hostesses were Meses. James Paetzold, H. E. Miller, W. J. Lueb, Andrew Shuval, S. T. Loerwald, Johnnie Dupnik, Marcel Fischbacher, Ike Mar-nell, Lester Wagner, Henry Kuper, Joe Schulte, A. H. Husmann, Calvin Goodin, Pat Barrett, F. J. Walterscheid, Kenneth Walterscheid and Evers.

Linda Boardman Psi Chi Member

Linda Boardman of Route 3, Hereford, who is a junior student at Texas Technological College at Lubbock majoring in Psychology, has been honored by selection of membership in Psi Chi, National Psychology Honorary Society, an affiliate of the American Psychological Association.

Miss Boardman, a 1966 graduate of Hereford High School, is the daughter of Mrs. Irene Boardman.

One qualification for receiving this honor is that she had to be in the upper 30 per cent of her class scholastically.

She was nominated for membership by the president of the Texas Tech chapter. It was ap-

proved by the faculty sponsor and the chairman of the psychology department.

Psi Chi serves two goals. The first is to encourage scholastic achievement and the second is to nurture the professional growth by offering a climate of creative development.

Her initiation will be held today in Room 4 of the Tech Psychology Building at 4:30 P. m. according to Nancy Jetton, chapter president; Richard Lee Wall Ph. D.; and Theodore Andreychuk, chairman of the Department of Psychology.

Miss Boardman's membership in Psi Chi will be a permanent part of her academic record, which is announced as a lifetime advantage in her chosen profession.

She was home for the Thanksgiving holidays.

Linda Boardman

Mrs. Otto Olson
... candy recipes tried and true

LET'S COOK SOMETHING!

Sweets For Christmas

By SUE COLEMAN
Women's Editor

Holiday time is candy making time in most homes, with certain favorite sweets elevated to the status of a tradition in some families. For mealtime desserts serving to visitors, and gifts, a good supply of confections becomes a necessity of the season.

MRS. OTTO OLSON, a longtime Hereford resident, has eight good reasons for making plenty of Christmas candy — her grandchildren. Adults in the family, too, expect her to make their old favorites as well as some new kinds that she usually likes to try.

She has recipes for divinity and date loaf "so old that they are new to a lot of young people now," tried and true through many a Christmas season. Then there is one for popcorn cake which she discovered only a year or two ago and has used enough to be sure it is reliable.

DIVINITY

- 2 1/2 cups sugar
- 1/2 cup white corn syrup
- Salt
- 1/2 cup water
- 2 egg whites
- 1 tsp. vanilla
- 1 cup nuts, chopped.

Boil together sugar, syrup, salt and water until it spins a thread when poured from a spoon. Have egg whites beaten very stiff, and pour half of hot syrup over the egg whites.

Return remainder of mixture to stove and cook until it will form a hard ball when dropped in cold water, then pour into egg white mixture, add vanilla and continue beating until creamy. Stir in nuts, pour into plate and cut in squares.

MRS. OLSON says the secret of good divinity is, "Don't stop beating." From the time you begin beating the eggs, while the first half of the syrup is poured in, while the remaining syrup cooks and after it is added, continue beating the mixture, she warns.

DATE LOAF

- 3 cups sugar
- 1 cup milk
- 1 pkg. dates
- 2 cups nuts

Cook milk and sugar together until soft ball will form when syrup is dropped in water. Just before removing from the fire, beat in dates which have been cut in small pieces, and chopped nuts. Beat until creamy.

Form into a long roll on a damp cloth, wrap cloth around roll, chill and slice.

POPCORN CAKE

Two-thirds popcorn popped in 3 lb. oil or shortening to make 3 quarts popped corn.

1 large pkg. marshmallows
1 stick butter (1/4 lb.)
Vanilla.

Melt butter, add marshmallows and let them melt, then add vanilla. Let cool a little and pour over popped corn. Stir well to mix together.

Pack mixture in loaf pans or

other pan to shape. After it is cool, remove from pan and decorate with colored sugar or candies, or any decoration desired.

ANOTHER CANDY Mrs. Olson likes is Texas Millionaires, made by the recipe given by Argen Draper, County Home Demonstration Agent, in her last Sunday column in the Hereford Brand.

She made some of those candies last year to take on a holiday visit to her daughter's family in Phoenix. Lacking time to dip them in chocolate, she planned to do that after she got to Arizona, but when she went to get the candy she found that the family had already eaten it all, minus the chocolate coating.

The Olsons make a habit of visiting in Arizona with their daughter, Christine Pettyjohn, unless the family from Phoenix comes to Hereford. It includes two grandsons, and there are six grandchildren in the home

of the Olsons' son, Lloyd, who lives here.

MRS. OLSON was a small child when her parents moved here with hopes of benefiting her mother's health. At the age of 89 the mother, Mrs. Mary Bodkin, is still a Hereford resident and until about two years ago was well and active. She and the Olsons share a home at 407 West Fourth.

The house is just across the street from Central School, where Mrs. Olson started to school and where both her children began their schooling also.

She spent her freshman year of high school in the same building, but finished high school and was graduated from the old Hereford Christian College building which housed high school grades here for a few years.

Her native state is Ohio; she was born in Athens.

SHE HAS BEEN a member of North Hereford Home Demonstration Club since 1936,

Past Matrons To Make Calls During Holidays

Replacing their customary holiday gift exchange, a series of visits and gifts to shut-in friends was planned at the December meeting of the Past Matrons Club of Hereford Order of Eastern Star.

Members had lunch at the Caison House at noon Monday, heard a program of Christmas stories and planned the visits, each selecting a person to re-

ceive a call before Christmas.

Mrs. A. O. Thompson, president, conducted the meeting. She had decorated the table in holiday colors, with a gay centerpiece and Christmas candles set down the center.

Mrs. W. C. Hromas told two stories, one of them an account of the writing of the popular children's tale, Rudolph The Red-Nosed Reindeer, and its spectacular success as a story and as a song. Mrs. O. G. Hill Sr. read the account of the first Christmas as told in the Gospel of Luke.

Others present were Mes. Vivian Major, R. B. Hutson, Lee Curry, John Patton, Marvin Coffey and H. L. Hershey.

Nun Calls For Farmers To Join Forces In One Group

AMARILLO — A Catholic nun, one of the featured speakers during the 30th Annual Stockholders' meeting of Producers Grain Corporation, stated Monday that farm organizations should unite on the county level into one harmonious group, "say a prayer and sock it to 'em" in the battle for recognition.

Sister Thomas More, OSF, chairman of the History Department at Holy Family College in Manitowic, Wis., was final speaker during Monday's activities of the annual meeting. Revealing a wit equal to that of any show business personality, Sister More kept the large audience captivated throughout her talk, and received a standing ovation for her efforts.

She explained that some time ago she had begun a study of farm organizations active during a period of 1900 to 1930, and recently had added the National Farmers Organization to the other three in the study — Grange, Farmers Union and Farm Bureau.

One thing kept cropping up during the study, said Sister More, and that was the demand for unity, for the organizations to join together in a federation. It has been demanded for years, but hasn't been done, she pointed out.

Referring to the AFL-CIO as an example of an organization which can unite to such an extent that only the government is able to control its actions, Sister More asked why the agriculture people haven't been

able to bury the hatchet and form a power structure.

Most arguments are that the farmer is so independent he won't join with others, she said, but it is her feeling that misunderstandings are the reasons for no unity.

"Too many farmers have a one-sided view of the economy," she declared. Farmers don't understand their own organization, don't know how to organize effectively and don't know how to keep control of the organization when they do get set up.

Selfishness also plays a big role in the failure of farmers and farm groups unite. "Many feel that they are responsible only for their own acreage. They don't care for the consumers or the cooperative," continued Sister More.

In the early days, farmers produced to the market, not for the market, therefore ignoring the consumer, she pointed out. "Now the consumer returns the favor." Also, it's not enough to be consumer conscious. The farmer must make every effort to reach the consumer through research of old and new goods, and advertising.

Farm products should be advertised, she said. That usually is left to the processor, but it should be done by anybody who makes a profit on the product. "The farmer weasels out of this."

Sister More explained to those in attendance that the law of supply and demand does not work for the farmer because he won't get in and get involved in

Sister Thomas More . . . PGC speaker.

Voting On Cotton Quota Ends Friday

Deaf Smith County cotton growers have until Friday to vote by mail on marketing cotton for their 1969 upland cotton crop.

Frank J. Bezner, chairman of the Agricultural Stabilization and conservation county committee, explained that quotas by law must be proclaimed by the Secretary of Agriculture in years when the total cotton supply exceeds the normal supply. "That is the case this year."

According to Bezner, the 1969 program has been designed to produce sufficient cotton to meet expected demand and to encourage the production of a higher percentage of the medium and longer staple lengths.

Deaf Smith County has a total of 9,471.8 acres available for allotment to growers of upland cotton for 1969. This represents the county's share of the national acreage allotment of 16 million acres (the smallest permitted under law) plus the national acreage reserve of 20,000 acres to take care of minimum farm allotments. Notices of individual farm allotments have been mailed to operators of upland cotton farms, said Bezner.

By law, if at least two-thirds of the growers voting in the referendum approve quotas for the 1969 upland cotton crop, growers who plant within their allotment will have available

Farmers Must Work Toward Own Interests, Expert Says

Farmers must recognize their own interests and work toward them in their cooperatives, stockholders of Producers Grain Corporation were told during the organization's 30th Annual Meeting in Amarillo Monday.

Dr. Kenneth D. Naden, executive vice president of the National Council of Farmer Cooperatives, Washington, D. C., spoke during the Monday afternoon session on "Capturing Tomorrow's Markets" because "that's the business of Producers Grain if they are to serve farmers."

Dr. Naden stressed the need for strong commodity organizations to deal for goods, but also pointed out the need for the National Council of Farmer Cooperatives to see that the organizations operate and do so under a "good climate" with the federal government.

"The most important trend is closer coordination and closer independence in all activities of agriculture," pointed out Dr. Naden. He went on to explain that farming and agriculture are not identical.

"Cooperative corporations are of the farmer, by the farmer, for the farmer and no other corporation can say the same," declared Dr. Naden. "They are different in terms of who gets the benefits, who controls them."

Another trend today is from subsistence farming to commercial agriculture and to industrialized or integrated agriculture. Most of the farming today is commercial, and integrated agriculture is the biggest challenge to cooperatives and the farmer.

General diversification of general business and agriculture are big reasons for the trend, along with the profit. Many corporations think farming can be done for a profit and are getting into it, said Dr. Naden.

How fast is integrated agriculture going on, Dr. Naden asked. Quoting from an expert, he explained that it is "proceeding at a revolutionary pace."

In most areas, the profit is now in the farmer's hands, Dr. Naden pointed out. "Can they keep it? If they're smart enough and fast enough."

"Farming can be made profitable by proper coordination with other segments of agri-

Dr. Kenneth Naden . . . calls for unity.

ATTEND CONVENTION — Shown here are three of the Deaf Smith County residents who attended the 30th annual Stockholders Meeting of Producers Grain Corporation in Amarillo Monday and Tuesday. From left to right seated are Leo Witkowski, Mrs. Andrew Kershen and Kershen, Austin Rose Jr., president of the Hereford Grain Corporation, also was present.

Finding Water Is Massive Problem

There is only so much water available and inevitably every proposed diversion project raises the controversy over taking water away from one place to help another.

Usually the first argument being to move the people to the water rather than water to the people. This really turns into no argument as people will live where climate, economic opportunity and way of life appeals most. They then expect water to be furnished to meet their reasonable needs.

Surely water that is needed in the source basin is not available for diversion. There are certain criteria which must be met before interbasin diversion should be considered.

These are: (1) The water must be truly surplus now as well as surplus to the projected needs at the source. Water is a valuable asset and have-nots cannot expect the halves to squander these assets just because they have water. (2) There must be some benefit to the exporter as well as the importer. Giving away an asset should produce benefits equal to excess in value to the assets given away. Navigation, flood control, recreation, water supply, river regulation and all assets that will accrue to the exporter. (3) The water must be capable of being moved from the source of supply to the area of use at a price the user can afford to pay. We visualize the greatest use, quantity wise, to be irrigation. The price the farmer can pay for water is considerably less than municipal and industrial users can pay. Every means available must be used to make irrigation water available at the cheapest possible rate. (4) An agreed water withdrawal schedule from the source will have to be in force before interbasin diversion can be expected. Possibly no stream in the U. S. has a surplus of water through the 12 months of the year. Withdrawal for diversion can be expected only during those months that a true surplus exists. This implies possible upstream flood water storage sites for release during low flow

Several Are At Convention In Austin Today

The 69th annual convention of the Texas Farmers Union will be attended in Austin by several members of the Deaf Smith County Farmers Union when it opens today.

Delegates to the three-day convention, as chosen by the local chapter members, are Alfred Smith, A. J. Bezner, Edward Vinson, Robert Strain, Andrew Kershen, Ralph Mitchell, Leo Witkowski, Louis Woodford and S. A. McCathern. Their wives were chosen as alternates.

To be held in the Terrace Motor Hotel in Austin, the convention is expected to attract over 500 delegates and members of the statewide general farm organization.

During the convention, a president and vice president will be elected for the coming year. The election of three delegates to the National Farmers Union convention also is on the agenda.

This County Included Importance Of Irrigation Is Shown In Recent Study

What has more influence on High Plains agriculture than irrigation?

In fact, more and more people, agencies, industry and every segment of area economy have taken note that there is a necessity for good irrigation utilization — for the welfare of all.

With an economy geared to agriculture, and an agriculture geared to irrigation, it behooves us to take a long, hard look at the several aspects of irrigation.

One of the foremost ways of prolonging the water supply for you — and for myself and our neighbors — is to get maximum benefit from all our available water.

The proper use of playa lake or tailwater run-off water is a mighty good place to start in prolonging the life of our agriculture economy.

As of 1960, tailwater, pit and lake recovery systems were a rarity in High Plains Counties.

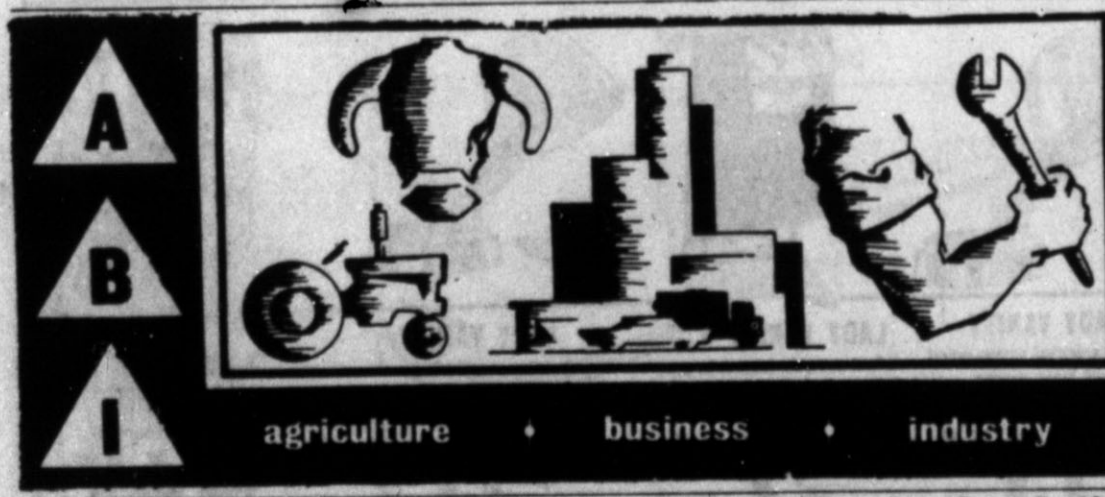

In 1963 the High Plains Water Conservation District began an intensive water management study to determine the actual amount of water each well would contribute to tailwater, also to see how much silt and fertilizer was being lost.

Not only has your Water District been instrumental in bringing about ways and means of water conservation on the High Plains of Texas, but a lot of folks have recognized the sheer necessity of turning to playa lakes and tailwater as a valuable supply of water as the water table in the Ogallala Formation constantly declines.

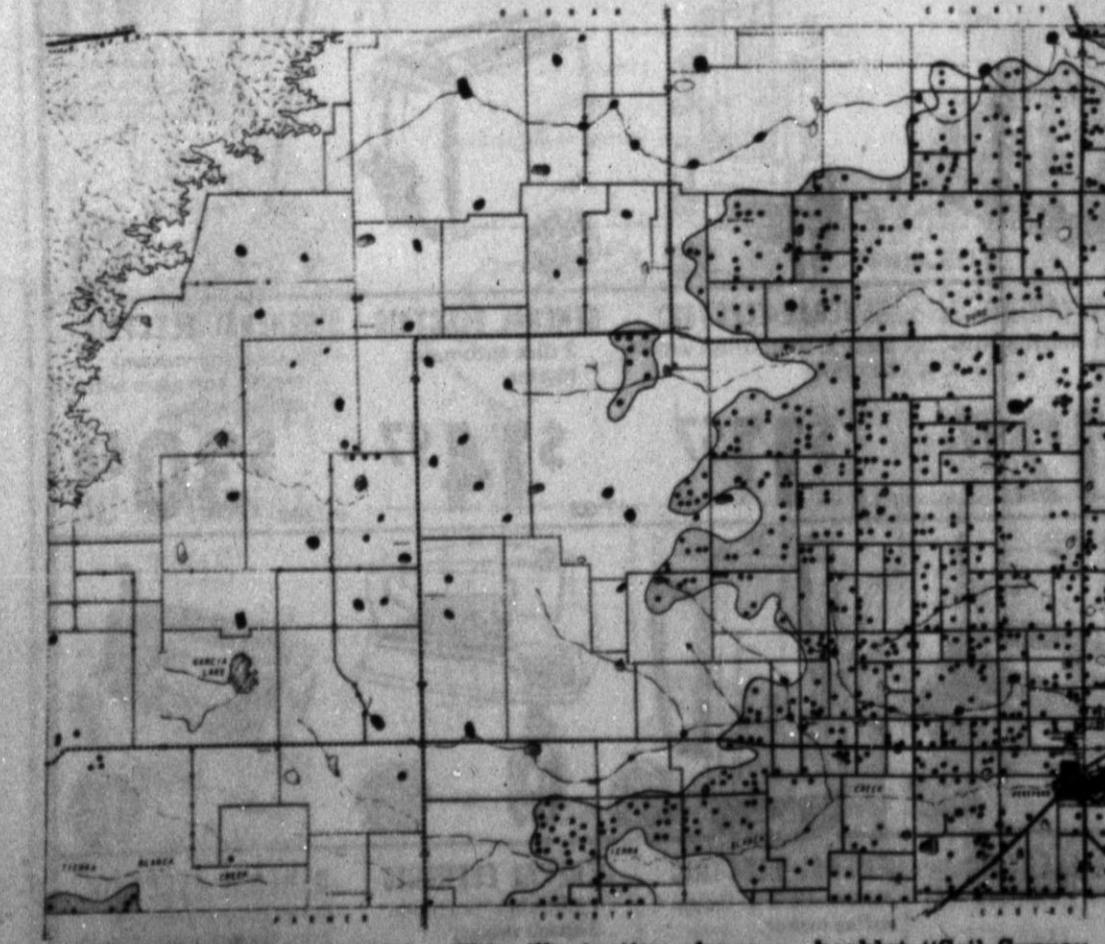

The thousands of playa lakes on the High Plains collect about 1 1/2-million acre-feet of water in years of average rainfall, one study revealed.

Proper use of this water, together with tailwater, provides a bonus that cannot be overlooked.

Listed below are some answers found in the intensive studies of the District on tailwater pit and lake recovery systems. It is the hope of the District personnel that this com-

COUNTY IRRIGATION — This illustration shows the irrigation wells in Deaf Smith County, with practically all of them being in the eastern half of the county. The illustration is only a part of the information packed into the recently completed

booklet "Soil Survey, Deaf Smith County, Texas." The booklet may be picked up at the Soil Conservation Office Service, or from any member of the Tierra Blanca Soil Conservation District.

Pork Symposium Set For Monday

The Southwest Pork Symposium will be held Monday at the West Texas State University Student-Union Ballroom in Canyon, with activities to begin at 9 a. m.

During the morning session, topics to be discussed include "Area Pork Industry Growth and Development;" "Comparing Pork Production Systems;" "Comparison of Returns from Feeder Pig — Pig Finishing — Farrow to Finish;" and several others.

The symposium will be centered in the afternoon around "Synchronization of Estrus and Artificial Insemination;" "Practical Health Techniques for the Swine Herd;" "Developing the Hog Market;" and "The Grain Sorghum Situation."

Around 3:10 p. m., a panel discussion will begin, and the symposium will adjourn about 3:45 p. m.

Registration fee for the all-day symposium is \$3 which includes lunch and a copy of the proceedings.

For God So Loved The World

do unto
you

...the last on the Golden Rule. "Do Ye Even So Unto Them." We often paraphrase the Rule but it is extremely doubtful whether one could say it better than King James. There is the milk in the cocoanut. And the above portion of the Rule is the climatic phrase. We have declared what others should do, which is to say what is my duty... what I must do. We are bound up together. Then "together" is the significant word. There are rules in every game and the Golden Rule is simply saying play, but be fair about it. "Even So," makes it pretty limited. The patrolman allows no special privileges. I keep the common laws of the highway or I am denied the privilege of driving. Long, long ago a thoughtful man declared that God shows no partiality... He has no favorites. Any man who reverences Him and lives a good life is welcomed by Him. Therefore, the proposition is made. The challenge is before you to "DO UNTO OTHERS AS YOU WOULD HAVE THEM DO UNTO YOU."

\$391,280. annually. PITS: 7,280 tons of silt kept on the land, and 1,040 acre feet of water recovered. Tailwater value alone: \$41,600; nitrogen, 31,200 pounds; value of nitrogen: \$2,028; plus, 150,800 pounds of calcium, and 195,520 pounds of magnesium.
DEAF SMITH COUNTY
179 return systems, 91 lake systems, 9,100-acre-feet of lake water at value of \$364,000. PITS 100,240 tons of silt kept on the land annually; plus 14,320 acre-

feet of tailwater valued at \$572,800. Nitrogen: 429,600 pounds valued at \$27,924; plus 2,076,400 pounds of calcium, and 2,692,160 pounds of magnesium.
PARMER COUNTY
186 tailwater pits, 121 lake systems, 12,100 acre-feet of lake water at value of \$484,000. PITS: 194,160 tons of silt; 14,880 acre-feet of tailwater with \$595,200 value; 446,440 pounds of nitrogen for \$29,016; 2,157,600 pounds of calcium; and 2,797,440 pounds of magnesium.
SAILEY COUNTY
4 lake systems, 8 return systems, 268 acre-feet of lake wa-

ter at value of \$10,720. PITS: 4,480 tons of silt; 640 acre-feet of water at \$25,600; 19,200 pounds of nitrogen for \$1,248; 92,800 pounds calcium; and 120,320 pounds of magnesium.
FLOYD COUNTY
159 lake systems and 72 tailwater pits, 10,653 acre-feet of lake water valued at \$426,120. PITS: 40,880 tons of silt retained; and 5,840 acre-feet of tailwater with value of \$233,606. Nitrogen, 175,200 pounds valued at \$11,288; 846,800 pounds calcium, and 1,097,910 pounds magnesium.

CASTRO COUNTY
140 lake systems and 135 return systems, 14,000 acre-feet of lake water valued at \$560,000. PITS: 75,600 tons of silt; 10,800 acre-feet of tailwater with value of \$432,000; 324,000 pounds of nitrogen at \$21,060; 1,565,000 pounds of calcium; and 2,030,400 pounds of magnesium.
The High Plains Water District No. 1 is glad to assist in YOUR water recovery system, giving you benefit of the many man-hours of study it has conducted, and spelling out

benefits in hard dollars and cents.
The findings spelled out in the brief paragraphs above indicate that water utilization is more than a "fringe benefit" — it is a very real part of a good and necessary over-all water use plan.
Additional and more detailed information on the subject can be obtained from your Water District office, 1628 15th St., in Lubbock. We are glad to join with every one of you in conscientious efforts to solve the problems of irrigation tailwater losses and its recovery.

King Antiochus left inscriptions explaining that he chose his grave site the "utmost ridge" of his Kingdom and "in closest proximity to the heavenly throne of Zeus." This is believed to be Nemrud Dagh in southeast Turkey.
