

The Hereford Brand

VOLUME 16

HEREFORD, TEXAS, THURSDAY, OCTOBER 19, 1916.

NUMBER 28

REPUBLICAN CANDIDATE COMING

R. B. Creager, Republican Candidate for Governor, will Be Here Friday at 2 p. m.

Unless plans fall, Hereford people are to have the opportunity tomorrow at two o'clock of hearing the first Republican speech ever made in Deaf Smith county.

R. B. Creager, Republican nominee for governor, will be here to address the voters and others. He is expected to flay the Ferguson administration.

A Republican speech should be of sufficient novelty to draw a crowd.

"Sweet Shop" Opens

Mr. Lester Wilkinson opened his new confectionery last week in the new Wilkinson building next door to the Brand office. This is one of the best and most up-to-date confectioneries in town. Everything is new and of the very latest and best, from the handsome fountain to the chairs.

Mr. Wilkinson has named his place of business, "The Sweet Shop." He carries the famous Kipling candy, made at Roswell one day and here the next, fresh from the factory. Mr. Wilkinson is a well-known young business man and will doubtless enjoy a good patronage.

Opens Store Here

J. O. McCreless, formerly of Wichita Falls, has moved his family here and opened a grocery store. Mr. McCreless comes here with the best of credentials from where he has been in business. Mr. McCreless and family will find a warm welcome among Hereford people.

Scherer Vicinity

Miss Howton went home Friday evening and had to come back Sunday in a buggy on account of the mud.

Mrs. J. U. Kirkman and little son, accompanied by her mother-in-law, Mrs. Kirkman, went to Amarillo Saturday to remain for a few weeks' visit. Mr. J. U. Kirkman will join his wife soon.

Jim Allen of the Sachse ranch, took dinner at Fulkerson's, Sunday.

Miss Howton and Mrs. Fletcher Rogers were callers at Fulkerson's on Sunday afternoon.

Mrs. Vance visited at Glavas' Sunday.

Frank Fulkerson, wife and baby, Francis, visited the new baby at Will McIntosh's Sunday afternoon.

Mrs. Will McIntosh is getting along nicely.

Mr. Hood was a guest at the Rogers home Sunday.

Will McIntosh went to Hereford, Saturday, on horseback to remain a few days and look after business interests.

Mrs. Burch and father, Captain Trow, have been running her father's ranch while Mr. Burch with his Canranza crew cut feed at the Burch place.

John Burch and family, accompanied by Mr. Trow, attended the fair at Hereford, Monday.

Many from here were disappointed Saturday by not getting to attend the barbecue and fair, but most all enjoyed the parade Monday.

Mrs. Mal Stewart went to Amarillo, Tuesday afternoon, and from there will go to visit her relatives.

Mrs. Glava of the Bassett Ranch, accompanied Mr. and Mrs. Stewart to Amarillo to visit her daughter, Bess.

The latest news from North is that Boss Jackson has taken unto himself a wife. We extend our congratulations.

Noah Labidi is again in this locality.

Cotton Made Without Rain

One of the rarest things ever heard of in West Texas is that cotton will make without a single season from the time it is planted. W. B. Boyd, 8 miles west of Hamlin, brought his first bale in Wednesday and got \$16.27 1/2 and \$45 per ton for seed. He says his cotton will make about eight bales and it has grown without rain. A few light showers have fallen, but some were an injury to the cotton. His first cotton was haled out. Other farmers in the same community will have the same good luck.—Hamlin Herald.

A Big Bale of Cotton

J. M. Johnson, who lives in the Moon settlement, was here a few days ago with a bale of cotton that the cotton alone brought him \$162.00. The bale weighed 640 pounds. The seed brought something over \$20 after the ginning had been paid for.—Paducah Post.

W. E. Trammel bought 300 head of yearlings from Mrs. Thomas, of Big Springs, this week.—Lamesa Leader.

EMPLOYS A COMMERCIAL SECRETARY

The Board of Directors of the Young Men's Business League at a special meeting this week, employed Mr. Joseph H. Allman as commercial secretary for the organization. Mr. Allman comes here from McKinney, Texas, where for some time he was secretary for the chamber of commerce. He comes highly recommended for this work. He is a former newspaper man.

The commercial club has taken a most important step in this matter.

Football

On Friday evening, the football game matched between Clovis and the Hereford Highs was played as scheduled, the game resulting in a score of 6 to 0.

The Hereford boys were simply in bad form—hoodooed, doubtless, by the drizzling rain which portended calamity for the fair, for the football boys are nothing if not loyal to their home town and its interests.

Unable to rally from the depressing effects of defeat, on Monday they again fell before the onslaught of the local "citizens" team, to the tune of 19 to 7. The latter outweighed the school boys and the snappy work of Pleas Watson in intercepting forward passes also gave valuable assistance to the work of the town team. Both games attracted large crowds.

Wyche-Lakeview Locals

L. L. Cannon of Hereford, W. High and Charles Paddock have gone to Colorado for a few days to look at the country.

Bob and Lym Axe spent Sunday afternoon with the High boys.

Chas. McNeerney and family and Mr. and Mrs. D. L. Hooper spent Sunday with Mr. and Mrs. K. McNeerney and F. W. Curtis.

C. C. Slaughter had the misfortune to lose a valuable horse last week.

A. F. Wood and family, J. M. Smith and family, Mr. and Mrs. C. C. Slaughter and son, Mr. and Mrs. J. S. Wyche, Mr. and Mrs. W. M. Cogdell and son, Arthur Tilman and John Gray were entertained Sunday in the Bridges home.

The Thursday Club met Thursday, October 5th, with Mrs. L. N. Wolfe.

A large number were in attendance and a short business session was held. Mrs. J. A. Wear and Mrs. Conley Bryant and son, of Hereford, and Mrs. Brennan, were visitors. The usual social hour was enjoyed and at the close of the afternoon, the hostess served dainty refreshments. The next meeting will be held Thursday, October 19th, with Mrs. W. High.

Mrs. S. Brown and Mrs. Orville Kinney spent Friday afternoon with Miss Elsie Smith.

Mr. and Mrs. F. J. Axe were callers in the J. E. Edwards and High homes Sunday.

Mrs. John Jennings spent Sunday with Mrs. W. High.

Another Prize Baby

Mrs. Paul Barnett and son, master Paul Thomas, of Amarillo, attended the fair and remained for a visit with Mrs. Barnett's parents, Mr. and Mrs. J. M. Boone.

In the better babies examination, Master Paul Thomas scored 99 1/2 per cent, the highest score made. Owing to the fact that his parents moved to Amarillo about two weeks ago, he was declared ineligible and thus lost the distinction of being the prize baby.

Unusual Accident Near Littlefield

A very peculiar auto accident has just happened here. County Judge C. H. Carl and his wife and some friends were returning from Plainview at night. A prairie chicken flew up in front of the car and evidently became blinded by the lights, flew directly at the car, struck the windshield with great force, broke it all to pieces. Flying glass struck Mrs. Carl in the face, badly cutting and bruising her. Judge Carl was cut on his ear and neck. Both parties barely missed serious injury. The prairie chicken was killed by the impact, landing in the rear seat of the car, and was eaten for dinner the next day.—Plainview News.

Topped Fort Worth Market

W. Y. Price, of south of Plainview, had a carload of hogs on the Fort Worth market Monday, which topped the market for the day. The shipment consisted of eighty-two hogs, they averaged 230 pounds, and sold for \$9.60 per cwt.

Quisenberry & Sanders of Hale Center, Crockett Cattle Co., and W. A. Watson, each had a load on the same market for which they received \$9.50.—Plainview News.

Paducah will have a rural route out of that city in the near future.

THE HEREFORD FAIR A GLORIOUS SUCCESS

MAGNIFICENT EXHIBITS; ARTISTICALLY DECORATED BOOTHS, AND A STREET PAGEANT OF SURPASSING BEAUTY PLACE THE HEREFORD FAIR IN A CLASS BY ITSELF

IMMENSE CROWDS. BIG BARBECUE

Hereford and Deaf Smith county is a combination which, in future, shall be the perfect symbol of things accomplished, of purposes fulfilled. The indomitable energy and unwavering determination which brought to glorious culmination the epochal event of last week proves the spirit unconquerable—the spirit that does and dares—which ever dominates a progressive citizenry.

This spirit has always characterized the people of the plains but owing to the vicissitudes of a not always kind fortune it has, at times, become dulled into a pathetic indifference. From each defeat, however, it has invariably risen, phoenix like, from the ashes of its dead self to greater ideals and achievements.

Less than three weeks ago a small company of individuals—people, with a vision met to discuss the needs of this immediate vicinity. Of this meeting was born the Deaf Smith Co. Fair Association, the product of whose unflinching faith in the people of Deaf Smith County was the "Hereford Country" fair, which was a surprise to even its promoters and was the forerunner of that stronger, permanent association which shall make possible a similar event each year.

The confidence of the association in the people of the town and county was well founded. As a unit they expressed their approval and desire to co-operate. There was no hesitancy, no discord, but with unanimous accord they lent their influence and assistance to such purpose that the big fair was brought to perfect and complete success.

The value of the fair to the whole people can not be overestimated. To know this country is to believe in the assuredness of her prosperity and it is an unquestioned fact that, prior to the fair, the majority of even the home people did not know the possibilities of this country in a season of unusual drought, to say nothing of what might reasonably be expected under favorable conditions.

The range stock brought in just off the range with absolutely no feed except the native grass was an eye-opener to those who have hitherto questioned the nutritive value of the grass which covers the vast plains of the Panhandle. To the surprised stock division was a showing that would have been creditable at a world exposition.

The fact that such a display was gotten together in little more than two weeks, speaks volumes for this great country and her greater people to whom the success of this Hereford's first fair, shall ever be a worthy monument.

The visitor to the fair was impressed, first, with the attractive setting for the displays which was furnished by Deaf Smith's beautiful capitol. The magnificent building with its stately marble columns and wide galleries lent itself perfectly to its unusual adornment within and without.

Above the main entrance was an appropriate decoration of grains arranged with perfect color blending and artistic design. Just inside was the display of far products. A display wonderfully complete and most tastefully arranged, it was a fitting introduction to the panorama of beauty which unfolded from this point of vantage.

To the right, was the beautiful exhibit of the Hereford Light and Power Company. Here myriad colored lights, glittering and twinkling, created a fairyland of color a handsome electric heater and other homey furnishings. The color scheme of purple and white carried out in walls and ceiling, completed a fascinating picture. Hot Point Irons and electric cleaners were specialized.

Next to this booth was that of the Dunlap Hardware Co., featuring the Coles Hot Blast stoves. An elegant line of these famous stoves were displayed. The booth was uniquely shaped

and its coloring of blue and white was most effective.

The flower booth beggars description. The uninitiated had feared that owing to the advanced season this display would be seriously handicapped. They were most agreeably surprised, however, on seeing a most bewildering array of pot plants, cut flowers, hanging baskets and ferns in wonderful variety and numbers. In the center of the booth a stairway covered with vines and ferns descended from a miniature lake upon whose banks stood the time honored mill and water wheel. Mirrors skillfully placed made of this booth a most enchanting picture.

Next was the booth of Jacobs Bros., of Black, who showed to advantage their elegant new model Studebaker car, amid a setting of the national colors.

In front of this booth was a symphony in yellow which housed the display of the Broadwell Sanitary Steam Laundry. Gorgeous yellow chrysantheums used in lavish profusion were extremely decorative and dainty garments showing the excellent work of the laundry were exhibited.

The Parent-Teacher booth was very attractive. Rectangular in shape, its lattice work of blue and white was particularly pleasing. Inside roomy openings many varieties of articles for sale were temptingly displayed. The walls were decorated with specimens of school work, each grade being represented. Some very excellent product maps were shown by the 7th grade. The outside of the booth showed a decoration of grape leaves arranged very effectively with Kate Greenaway and Mother Goose figures, the work of the little folks, grouped among them.

The Cardwell Grocery Co. had an excellent exhibit showing a complete line of the grocery brands in which they specialize.

Opposite Cardwell's was the booth of the Corner Drug Store a creation in pink, white and pale blue, that was one of the very prettiest booths in the building. The harmonious blending of colors, the dainty furnishings, and tasteful arrangement marked it as an especially artistic booth. The Rexall goods were featured and gay souvenirs created much merriment.

Next was the Hereford Brand in a purple and white booth with arched ceiling and entrance. It was arranged as a rest room with chairs, desk, visitor's register, etc.

The Civic Club had a pretty booth in white and yellow where they exemplified their characteristic energy by selling sandwiches and coffee.

To the left and occupying the largest space of any of the booths, was the magnificent art display. A railing covered with trailing green vines enclosed the exhibit.

The collection of pictures, while not large, was excellent and artist in character—more so than in many large exhibits. In oils, Mrs. Chas. Donald showed a fine collection.

Mrs. J. E. Crouch's tapestries were beautiful and much admired. There were many single entries in oils and water colors of special merit.

The China was unusual for a county exhibit. Probably there are few places in the United States where there are more good workers in China. The beginners table did not suggest amateur work in any particular—not a faulty piece was shown.

Among the most notable exhibits was a collection by Mrs. Crouch. In this was conventional, naturalistic and luster work; etchings and engravings.

Mrs. Hicks showed a beautiful tray in enamel, a chop dish in conventional, and some smaller pieces.

Mrs. Ferguson an elaborate table top in peacock design, a bowl in enamel, a vase in red roses, and other pieces.

Mrs. Christal, a handsome tank art, Mrs. Estes several striking and attractive pieces.

This collection was not featured for prizes.

A booth that attracted much attention was that of the manual training department of the high school. The booth was fitted up with the neatness and exactness that characterizes the work of this department. With no decorations except that afforded by the entries themselves, this was one of the most attractive booths shown.

In addition to its value to the fair in general, and the art students in particular, this booth served another good purpose. It proved conclusively that art doesn't necessarily imply a lavish expenditure of money. The entire cost of staging it did not exceed fifty cents, a fact much appreciated by the finance committee.

On the right of the west entrance the Miller Garage exhibited a handsome Dodge car. The booth was gay with the red, white and blue and was very attractive.

Next came the booth of the Geo. E. Burns Pharmacy. This, also, was decorated with the national colors and contained in addition to other pretty furnishings, the new musical instrument recently installed by that store.

The department of domestic science and arts had a large and handsome booth to the right of the main entrance. The pretty display of canned goods was temptingly shown from tiers of graduated shelves, which, in their elaborate decoration of black and yellow, were ornamental within themselves. Bread, pastry, candies and other culinary products, all of excellent quality and appearance, added to the attractiveness of the booth, while the textile department contained a large and beautiful display.

One of the very pretty booths and one that was of greatest interest perhaps, to feminine fair visitors, was that of the textile department. A color scheme of green and white made a pretty background for the large display of beautiful fancy work. Ferns and pot plants added to the decorative effect. In addition to the very unusual and beautiful work shown by home artists, there were some rare specimens of oriental embroidery that attracted much attention. There were something more than three hundred and fifty entries and the committee is very grateful for the cooperative interest which brought so many contributions to this department.

The Big Parade

Anything so elaborate as the Industrial parade staged by the fair is seldom attempted in a town the size of Hereford. As a visitor remarked, "Hereford is surely a town with big ideas and judging from this parade its ideas materialize most wonderfully." The most sanguine were unprepared for the large number and exquisite beauty of the floats, cars, and other entries. There was not an inferior

entry in the entire parade. As it came down Main St. headed by the Hereford band, deafening applause expressed the pleasure of the crowds that thronged both sides of the streets.

After the band came the Civic Club float representing the "City Beautiful." It was truly the personification of beauty. A dainty bungalow, its glistening whiteness, gleaming effectively from amid a profusion of yellow chrysanthemums, had trailing green vines interlaced over its porch railing and roof. Inside were fifteen pretty children in white dresses with yellow sashes and yellow chrysanthemum wreaths around their heads.

The Hereford Hog Farm of Mr. D. F. Vaughn was represented by one of the most elaborate and handsome floats in the parade. It showed a stock farm neatly fenced, the fencing completely hidden beneath a covering made of grass grown on his own farm. Farm products were arranged with an eye to artistic effect. The grain trimmings showed a perfect blending of colors. One of his famous Duroc Jerseys occupied a prominent place, and the watch dog was perfectly at home. The farm name was beautifully wrought in grass at one side of the float.

The 7th grade represented the Mikado's empire. Their float was trimmed with Japanese decorations, lanterns, etc. Brunette beauties carrying Japanese parasols and wearing the quaint Japanese kimono were most realistic orientals. This was an especially attractive and very unique float.

The juniors had a beautiful float, one of the very prettiest in the parade. The class colors, white and yellow, converted a big farm wagon into a royal equipage. A beautiful maypole surrounded by pretty girls in white costumes with yellow trimmings, completed the picture.

The 9th grade had a most creditable entry. Runging in the national colors was draped artistically over the body of a pretty new Overland car. A bow wrapped in the same favored colors extended across the car. The wheels were solidly covered with bunting and the whole effect was amazingly pretty.

It is due the other two high school classes to explain why they were not represented in the parade, as it was through no lack of loyalty nor through fault of their own. The seniors had hoped to capture the \$25 offered for the best Ford and had worked early and late to have their car in readiness. A framework in the shape of a big basket was fitted over the car and decorated in the class colors, red and white. Immense American Beauty roses were arranged on a back ground of white, the effect being rich and beautiful. (Continued on page 2)

We have always advocated raising live stock and assisted our customers to get their needed stock.

Our cattlemen now take the front rank. The raising of hogs has developed faster than any other business in our country. This has settled the question of a market for our crops. We can feed at home all we raise.

We are anxious now to see the dairy interest develop and will gladly assist farmers who want to buy dairy cows.

THE HEREFORD FAIR
(Continued from page 1)

Unfortunately, in driving from the garage, a "chug hole" precipitated the basket into the mud, leaving the seniors "just a plain little black Ford." The car, prior to the accident, was really very handsome, and would have been a close competitor for the prize.

The freshman class had engaged the services of Mr. Scott, the decorator, who had promised them something out of the ordinary. He kept his promise to the letter, for about eleven o'clock on the day of the parade he announced to the class that owing to the fact that he had already decorated one car, he was under obligations to decorate no other, at least to decorate it only indifferently. The Freshman class are made of different metal, so they declined to enter the parade without a worthy representation.

An exquisitely beautiful creation was the Collins car, decorated by Mrs. Collins. It represented the "Flight of the Butterfly," and just in front, over the radiator, was a gorgeous yellow butterfly, its gauzy wings flecked with black spots. So lifelike was its appearance and pose that one almost expected it to take flight. The body of the car was draped with yellow bunting caught with yellow chrysanthemums. At the back, these same pretty blossoms were formed into an immense star. This was one of the most admired cars in the parade.

A very pretty car was shown by Mrs. L. H. Shore. It was covered solidly in pink and white, festooned with beautiful effect. A pleasing feature of this car was its clever handling of these two colors which were not used on any other car.

Mrs. Wink Valentine entered a prettily decorated Dodge car, representing Uncle Sam. It was decorated with the national colors and was driven by Miss Flossie Valentine. Its rich coloring was most effective and its arrangement especially pleasing.

The Fox Mercantile Co. had a striking and beautiful turnout representing their Buster Brown line of shoes and hostery. Amid a setting of red white and blue, Master J. M. Stephens made a most captivating Buster Brown, and the entire equipment was much admired.

The car shown by Mr. and Mrs. Carl Shirley was very beautiful. A deep, indigo blue, with white, made a charming color combination which showed to advantage the fluffy white cotton bolls used with such decorative effect.

Gass & Son had a most attractive car. Its color scheme of olive green and red was carried out in the beautifully designed car trimmings which covered the entire car. The effect was heightened by the deep crimson costumes of the young ladies occupying the car. This car had many admirers.

The Civic League car was covered with white tissue ribbon with yellow streamers. The artistic arrangement of the ribbon was exquisite, the car being one among the very handsomest shown. Five ladies wearing white dresses and white picture hats with yellow plumes, occupied the car.

The Parent-Teacher Club had a Ford car with an artistic decoration of grains. The body of the car was covered solidly with gray kafir heads, and draped with green sudan grass. It was lined with dark green bunting. In front, in pretty lettering formed of red cane seeds was the word "peace", while on each side was the word "prosperity". The word "Ford" was also shown in the same lettering. This car was very unique and pretty.

The car entered by the First State Bank was expensively lovely. The body of the car was outlined with yellow chrysanthemums in a setting of white. A snow-white dove, poised as for flight, just above the flower-covered radiator, gave the artist's touch to a beautiful picture. This car ranked among the really beautiful ones in the parade.

Miss Elsie Smith had a most attractive turnout. She drove a Ford runabout, beautifully decorated in purple and gold, a combination strikingly beautiful.

A pretty car showed an elaborate and tasteful decoration of cosmos.

A very neat and pretty car was driven by Mrs. Carter. It differed from the others by having its top up, making a pretty contrast. This car was decorated with red, white and blue.

Mayor Knight represented the municipal authority in a car appropriately decorated with the national colors and driven by Mr. H. L. Rice.

The Better Babies car represented a bassinet, daintily trimmed in white and yellow. Two pretty nurses and a number of Hereford's prize babies occupied the car. This was an unusually pretty car as well as one of the most unique.

The decorated bicycles were a very pretty feature of the parade. Several colors were shown. All were beautifully decorated and added much to the parade.

The Hereford Brand was represented by Master Keith Guthrie and little Miss Fannie Marie Foster, each riding a shetland pony. The bridles, blankets and other trappings of the ponies were in purple with silver trimmings. The children wore white costumes with purple and silver caps.

The clown float by the boys of the central building was a winner. The ludicrous costumes and comical "stunts" gave variety and won much applause.

Robert Sisk, driving two small, perfectly trained calves was about the cutest thing imaginable. His entry was a favorite, as was also that of the boys driving the typical balky burro.

Garrison Bros. Hardware was represented by a shining new farm wagon to which was hitched four beautiful big black horses, making a most attractive turnout.

Betts-Clark had prepared a very elaborate float but it met disaster in a strong wind just prior to the parade and was not entered.

Another car that attracted much attention was the Overland of W. A. Vaughn. It was loaded from "stem to stern" with jolly school boys and added variety and interest to the parade.

Boys and girls on ponies, horse back riders and a number of citizens in care completed the big parade—a parade that would have been creditable in a city many times the size of Hereford.

Better Babies Contest
The Better Babies contest was an event in Hereford history. The people of this community realize that a country is only as great as its people and that intellectual and moral growth depend largely upon physical fitness, hence, the very gratifying interest of the citizens generally in the Better Babies contest.

The affair was most ably managed by the committee which was composed of Mesdames Oberthier, Stephens, Arnold and Koloson. The local physicians, dentists and nurses rendered valuable assistance. They gave their services freely during the examinations and made many helpful suggestions to the mothers. Dr. Crume of Amarillo, eye, ear, nose and throat specialist, very ably and generously assisted the local talent, conducting the examination in his special field.

The program was given exactly as announced and was fully up to the high standard of the other features of the contest. Elsewhere in this issue, appears the address of Dr. Gabbert. Below is a complete list of the high scoring babies, none of whom ranked lower than 85.

Division A, 6 to 12 Months

Boy—Plas Richard Baker, Score 99—Blue Ribbon.

Girl—Elizabeth Jane McSpadden, Score 98—Blue Ribbon.

Boy—Emery Loyd, Score 96—Red Ribbon.

Girl—Mary Nadine Arnold, Score 95—Red Ribbon.

Boy—Robert Brack Williams, Score 95—Yellow Ribbon.

Boy—C. H. Fallwell, Jr., Score 95—Yellow Ribbon.

Girl—Mary E. McSpadden, Score 93.5—Yellow Ribbon.

Division B, 12 to 24 Months

Boy—Raymond Rudd, Score 98—Blue Ribbon.

Girl—Wilma Joe Jones, Score 97.5—

Blue Ribbon.

Boy—Junior Hopper, Score 97.5—Red Ribbon.

Girl—Mary Lou Harris, Score 96.5—Red Ribbon.

Boy—Walter Milton Orr, Score 97—Yellow Ribbon.

Girl—Janelle Edwards, Score 95.5—Yellow Ribbon.

Division C, 24 to 30 Months

Boy—Kenneth Loyd, Score 95.5—Blue Ribbon.

Girl—Fern Williams, Score 92.5—Blue Ribbon.

Boy—Robert Jonathan Sanders, Score 94—Red Ribbon.

Boy—Jack Gilliland, Score 94—Red Ribbon.

Girl—Dorothy Harrison, Score 91—Red Ribbon.

Boy—J. W. Witherspoon, Score 91.5—Yellow Ribbon.

Girl—No entry.

Medals

Highest scoring boy in Hereford Country—Plas Richard Baker.

Highest scoring girl in Hereford Country—Elizabeth Jane McSpadden.

Special Prizes

For babies entered outside of Hereford Country.

Paul Thomas Barnett, Amarillo, Tex., score 99.5—White Ribbon.

Dvid B. Anthony, Oklahoma, score 98—White Ribbon.

The following names scored very little lower than the others but did not win a ribbon:

Robert Dunlap Hough.

Lester Junior Vaughn.

William Smith Brownlee.

Elizabeth Cordella Stephens.

Wesley Eugene Harrison.

Lois May Short.

Richard Lupton.

Charles Montague Purcell.

Estelle Gilliland.

Ben Harrison, Jr.

Ruby Rudd.

Josephine Crouch.

Ruth Marie Mountz.

Jack B. Williams.

Mary Luellen Parker.

Jack Robinson Russell.

Elizabeth Davis.

Francis M. Bell.

A. C. Bryant, Jr.

Florence Elinor Boardman.

Billy Bob Potts.

Jonathan Purser Burns.

Edna Lucille Hill.

Gilbert Marshal Purcell.

Live Stock Department

The showing in horses was a surprise even to those who were expecting the most, as this has not generally been considered a horse country. However, it is seldom that a better lot of horses is seen at a county fair as was shown

here. Both in the registered and grade classes the exhibit was one that would have done credit to a state fair, in quality at least, and the numbers of entries was good considering the time given to prepare for it.

In the registered class, Messrs. Neal & Son won first on stallion on their gray horse. First and second on best mare three years and over.

1st and 2nd on 2-year-old mares.

1st and 2nd on yearling mares.

Norton Bros., won second on their fine black stallion. The showing in this class was so good and evenly matched that the judge, Mr. Metcalf, had considerable difficulty in deciding.

Others in the registered stallion class making entries that are worthy of special mention were the Friona Horse Improvement Company, who showed the fine coal black stallion, India.

In the grade stallion class, Lloyd & Sons won 1st, and F. W. Curtis 2nd.

On grade mares the awards were:

Welliver & Pollock 1st; Lloyd & Sons 2nd.

Best brood mare and colt, J. H. Harris won 1st, R. A. Frye, 2nd.

Best draft horse colts, Charlie Jewell won first and second.

Best draft mare colts, R. A. Frye 1st, J. H. Harris, 2nd.

On all-purpose colts, W. A. Vaughn 1st, Mr. Daugherty 2nd.

Best horse mule, Sam Wales 1st Welliver & Pollock 2nd.

Best mare mule, Welliver & Pollock, 1st.

Best jack, Norton Bros., 1st, Mr. Hardeman, 2nd.

It was in the registered cattle department that the fair reached its climax, so far as livestock is concerned.

There were nine different firms or in-

Lectures on Sweet Clover.
C. A. McNabb, the U. S. Agricultural Agent for Northwest Oklahoma, has been studying the development of the sweet clover as a pasture crop for that section and particularly for the semi-arid portion of the Southwest. Recently he has been giving lectures at different points in that part of Oklahoma, illustrated with slides showing actual fields. Sweet clover is a crop that is well adapted to the dry-farm but it has, up to the present time, been neglected. Mr. McNabb's campaign in its behalf will no doubt cause an increase in the acreage devoted to the plant and where once tried, there is little danger of its being overlooked in the future.

To Bridge Red River.
The citizens of Hall county and particularly the south part, are very much elated over the recent action of the Commissioners' Court in establishing a bridge over Red river, thereby enabling them to get to their county seat without going all the way "round Robin Hood's barn." The Court not only voted for the bridge but awarded the contract for its construction on the spot, thus making a record in court proceedings. There will be two bridges costing \$30,000. The one across the Big Red will be 2260 feet long while that across Little Red will be 640 feet long. They will be built one mile east of Ox Bow crossing.

Woodward Men Liberal.
In Woodward 23 men gave \$100 each to build a good automobile race track for the fair grounds there.—Mangum Star.

A Model Country School House
The Pearson Valley school district in Roosevelt county, N. M., is just completing what is probably the most modern and well arranged country school house in that state. The building is 24-48 feet with a four foot extension for a stage at each side of which is a dressing room. The four foot room immediately back of the rostrum and the cloak rooms next, the entrance are connected with the main auditorium by folding doors so that when it is desired to use all the space, it can all be thrown into one room, making a convenient place for holding meetings and entertainments. It is also provided with a scientific heating system such as has been adopted in the school buildings of the older sections and is, indeed, a credit to the people of that section.

Maize Nets \$15 Per Acre
Arthur Byars, who farms near Lockney, made a fine maize crop this year which netted him \$15 per acre.

Panhandle Woman Honored
To Mrs. W. A. Warner, of Claude, belongs the distinction of being the first woman to be invited to address the members of the Dry-Farming Congress now in session at El Paso. We of the Panhandle have long ago accorded Mrs. Warner a place among the best speakers of the state and it is with very great pleasure that we see her thus honored. We who know her have no doubts but that she will "make good" and extend our congratulations.
Out of seven premiums offered at the Dallas State Fair, Panhandle counties won five. This is the first time in history that so many honors have gone to West Texas and will go a long way toward securing the coveted West Texas A. & M. for us. The counties winning prizes were Hall, Floyd, Wilbarger, Armstrong, and Wichita. Potter was 13th and Randall 14th on the list. Everybody will want to come to the Plains now.

The Crop Outlook
(From Southwest Plainsman)
Not for more than a year has the Plains been so thoroughly and so generally "soaked" as, at the present time. There have been but few severe storms but the moisture has fallen steadily and persistently with only a few hours of sunshine between showers. It has been the kind of rain that causes the farmers to smile in an expansive smile.
Last year's experience emphasized what most farmers already knew, but which many did not heed, that it does not pay to plant winter wheat late. Fields were planted as late as February, last season, though the first of December should be the limit and the longer before that time the wheat is planted, the better. This fall, the farmers have not only put forth an extra effort to get their seed in early, but they have very generally prepared their ground better, too, and everyone feels confident of making a crop. Much of the wheat has been up soe time and the stand is reported fine. A number of farmers have begun to pasture their fields.
The sorghum crops, broomcorn and beans are still being harvested and both yield and quality are surprising, the growers while the prices are altogether satisfactory.
The cotton farmer is the only man that objects to the rain and it will doubtless spoil some cotton, but even the cotton farmer needs the rain for his other crops and his range and is glad to see it in anticipation of next year's needs.

Freak Calf Sold
The famous two-legged calf, raised by Mrs. Abe Hixenbaugh, was sold last week to Manager S. B. Kinney, of the concessions which appeared at Albuquerque during the fair. The calf was seen by many hundred State Fair visitors while on exhibition there. Although but six months old, the calf weighs 500 pounds and is able to get around, kangaroo style, about as lively as the four legged kind. Unlike the fate meted out to most calves, the Hixenbaugh calf is doomed to a happy existence as a freak attraction to a side show.—Raton (N. M.) Range.

Three Big Silos Filled with Feed.
R. W. Crawford, one of Hall county's prosperous farmers, living in the Pleasant Valley community, has just finished cutting and gathering his feed crop and has three 230 ton silos filled with kaffir corn and sorghum.
Mr. Crawford recently purchased a large tract of land near Dalhart, Texas and is preparing to put the large steam plow at work, breaking out a big tract for farming purposes.—Lakeview Promoter.

Alfalfa Makes Five Cuttings.
The last cutting of alfalfa is being put up now which makes the fifth for this season in this community.—Black correspondent in Cordell Beacon.

Shipped Fine Steers
Ben Evens shipped out a bunch of steers last Friday, that averaged eleven hundred twenty-five and a quarter pounds. There were three hundred and eighty of them. One steer weighed sixteen hundred and a quarter. They were bought by Oscar Anderson and Ben F. Kelly, and went to Kansas.—Glazier Review.

Convicted—Gets 25 Years
Honey-Richard and W. H. Wagner, accused of attempting to rob the Korn, Okla., bank, were convicted at Cordell, last week, and condemned to 25 years in the pen.

To Cure a Cold in One Day
Take LAXATIVE BROMO Quinine. It stops the Cough and Headache and works off the Cold. Druggists refund money if it fails to cure. E. W. GROVE'S signature on each box.—2c.

Record Price for Bull
At the Midland Fair and Inter-State Stock Show, 64 head of registered Hereford cattle were sold for \$19,285. The highest price paid was for Hector, a bull belonging to Henry M. Half, of Midland, and purchased by B. M. Aycock & Son, of the same city, for \$3,500. J. S. Sanders, of Hereford, bought the top cow for \$700. It was formerly the property of Jowell & Jowell, also of Hereford.

Fire Burned Home
Bob Lawing had the misfortune Wednesday evening to lose his house by fire, the origin of the fire being unknown. Mr. Lawing was in town at the time, and the house burned so rapidly that the family was able to save practically nothing.—Hagerman (N. M.) Messenger.

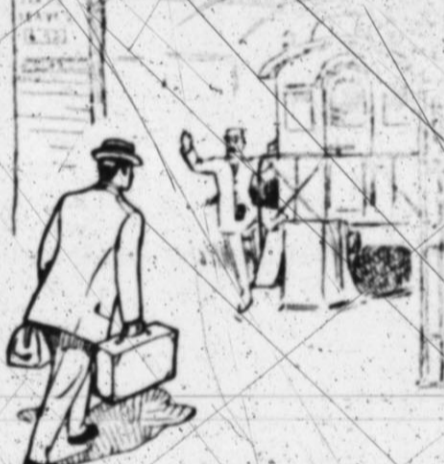

Some Roberts' County Wheat Crops
Frank Holland was in yesterday and states that he now has 300 acres of wheat planted and it is up and looking fine. He expects to plant 200 more.
Alfred Gill, in conversing with a Chief writer yesterday stated that he had about 400 acres of wheat up and looking good.
R. D. Dunivan was in this week with a big smile over the good rain that fell Tuesday over 1150 acres of his wheat, which is up and looking fine. He expects to plant 250 acres more.—Miami Chief.

Raising Spuds on the Mesa
Pink Gunn is the champion potato raiser of the mesa this season. He brought us a sample of potatoes which grew last year in his patch volunteer, with no care whatever. The three potatoes weigh three pounds and are good for their part of three square meals. They grew in furrows where last year's crop was covered with straw and conditions were just right this year. He has several hundred pounds of fine spuds.—Roy (N. M.) Spanish American.

D. C. Trigg, of Fort Worth, has sold a bunch of 1150 3-year-old black steers, to Price & Jones, of Kansas, for \$60,000.

Drives Out Malaria, Builds Up System
The Old Standard general strengthening tonic, GROVE'S TASTELESS CHILL TONIC, drives out Malaria, enriches the blood and builds up the system. A true tonic. For adults and children, 50c.

Novel Building Material
A farmer out in Logan county has a house made of straw and cement. The bales of straw are laid in place like brick, and are cemented over inside and out. The house is 48x18 feet and contains six living rooms having the appearance of a solid concrete structure. It has a shingle roof, plastered walls and ceilings, is well lighted and presents a fine appearance. Pebble stones were added to the last outside coat of cement. Aside from the doors, windows, roof and flooring, this house required 240 bales of straw, 100 sacks of

cement and thirty loads of sand. The farmer did all the work himself and the cash outlay was \$270. Who can beat this with a house that will last longer than the men who built it?—Denver Field and Farm.

Tried Out Sweet Clover
A C. Brubaker, 8 miles southeast of Woodward, gave sweet clover to tryout in 1915-16. This year his returns for forty acres was \$2,832 in seed and a lot of good pasture for his stock.—Woodward (Okla.) Democrat.

Shooting Scrape Near Hammon
Willie Williamson and Webber Allen were incarcerated in the Custer, Okla., county jail, last week, on a warrant charging them with assault with intent to kill on the person of N. V. Parks. A dance was being given at the Parks home and the young men, who were probably under the influence of liquor, went there and raised a disturbance on the outside, attacking Mr. Parks when he undertook to remonstrate with them. Mr. Parks was cut and shot and was in a critical condition.

THE HEREFORD BRAND

B. F. GUTHRIE, Editor

Entered April 17, 1901, in the Postoffice at Hereford, Texas, as second-class mail matter. First number of the paper issued February 23, 1901, as the Hereford Reporter; first number of the Brand issued March 21, 1902.

Subscription Price \$1.50 Per Year, Strictly in Advance

There will doubtless be errors and omissions in the fair reports this week, as it is next to impossible to secure so much information from such a variety of sources without mistakes of some nature, to say nothing of typographic errors. We will be glad to make any corrections to which our attention may be called, next week.

SPECIAL MENTION

Without any intention of doing discredit to the good work done by many others during the past three weeks, in getting ready for the fair and making it a final success, there are two men that seem worthy of special mention.

Mr. D. L. McDonald, who as president by his enthusiasm welded the whole into an efficient working body. Mr. McDonald as a man and progressive citizen, merits the high esteem in which he is held.

Another man whose good work is worthy of special mention, is Mr. J. A. Stegall, who had charge of the agricultural department. His keen interest in getting the display here and the tasteful arrangement of it made that department one of the most attractive of the entire fair. Mr. Stegall's good work at Amarillo in arranging the booth and his interest in starting a movement to get up an exhibit for next year, had awakened interest to a degree that made a better exhibit possible here. Mr. Stegall is deserving the commendation of all Hereford's good people.

TO THE CATTLE MEN

Without any intended disparagement to any other class of citizens, we desire to take this occasion to pay a well deserved tribute to a class of men who have been pioneers in wresting these broad plains first, from the buffalo and red man, and later overcoming the obstacles of early day civilization, laying the foundation for a permanent and prosperous civilization. The early cowboy was sufficiently unique in character and habits to constitute a distinct class, whose deeds of daring and generous hospitality was the theme of many a story, and furnished the sentiment for many a song. His sins were as many and as varied as his virtues. The old time cowboy soon disappeared after the Indian and the buffalo. His modern counterpart is the cowman of today who seems to have retained all his virtues with none of his vices.

The cattlemen of this section are as broad and liberal in their hospitality and general good fellowship as were the old time cow boy, and to this, they have, as a class added the code of ethics of the true Christian gentleman. They are progressive in the best sense of the word, in that they are ever ready to share their prosperity with their community and those around them.

In the fair just held here, none contributed more liberally of their time and means and enthusiasm than many of the cattlemen. It was largely to their generous hospitality that the Hereford barbecue was possible. Not only did they furnish the cattle and sheep, but gave freely of their time in trying to make it the success that it was. Their enthusiasm for and interest in good stock, did much to make the fair a success in the livestock department.

Long live the cattlemen and especially those who are laying broad and deep the foundation for better stock and paving the way to make the Hereford country the center of the best pure bred cattle country in the Southwest.

Mrs. Mildred J. Cheney, of the Southwest Plainsman, passed through Hereford Tuesday morning enroute to El Paso, where she goes as special correspondent of several papers, to attend the International Dry Farming Congress and Soils Products Exposition. She will be joined at El Paso by Mrs. W. A. Wagner, of Claude, and together they will visit the dedication of the Elephant Butte dam. They will make an effort to organize a woman's department of the dry-farming congress and will doubtless be instrumental in advancing the work very materially.

Rye on the Farm

There are many excellent reasons for growing rye on the farm, according to specialists of the U. S. Department of Agriculture, even though in most localities it is less profitable as a grain crop than wheat. Rye is hardier and can therefore be grown as a winter grain in cold, exposed places. It will do well on sandy, poor or acid land. It may be sown later than wheat, thus fitting well into the farm schedule, especially when there is a rush of work in the fall. It is attacked by fewer insects and diseases than wheat, produces more valuable straw, requires less fertilizer, and being earlier, is better as a forage crop. In addition,

in some sections, the production value per acre from rye actually exceeds that of wheat. This was true in the five-year period from 1909 to 1914 in South Carolina, Alabama, Texas, Minnesota, North Dakota and South Dakota. The production in the whole United States is only 3 per cent of the world's production. The largest rye crop produced in the United States was in 1915, when the yield was estimated to be over 49,000,000 bushels.

Rye can be used to fill the gaps between other crops. Sown early or late in the fall, on land either rough or well prepared, it can be depended upon to make a good growth in almost every instance, at the same time conserving fertility and preventing washing during the winter. It may be given the same fall and winter treatment whatever use is to be made of it, and the farmer need not decide until spring whether to pasture it, cut and feed it green, plow it under, or harvest it as a straw and grain crop.

Like all other grains, rye is best grown in rotation. Although rye will grow on very poor soils, large yields cannot be secured from soils not of good fertility. The soil should not be exceedingly rich, however, for grain production, and not much nitrogenous fertilizer should be used. Stable manure is the best fertilizer. Some phosphate should be used also. Seed should be thoroughly cleaned. They also should be tested carefully, as rye loses its germinating power more rapidly than most other cereals. The rate of seedling should depend on the showing from the germination tests. When intended for grain production sowings should be made about September 1, in the northernmost parts of the country, and should range from this date to the latter part of November in the extreme south. Rye may be sown from one to two weeks later than wheat. If the rye is to be used for pasture it should be sown from two weeks to a month earlier than when sown for grain crops. On fertile land the fall sowing may be later than on poor land. Spring rye may be sown as early as spring oats or as soon as the soil becomes warm and dry enough to be worked.

The principal plant pest of rye is wild onion or garlic. The onion bulbs are about the same size and shape as rye grains, and, reaching maturity at the same time, are often threshed out with the grain. The presence of onion bulbs reduces materially the price that may be secured for rye. If such land must be used, the rye should be sown late, the land being plowed and prepared just before planting.

The diseases which may attack rye include stem and leaf rust, flag smut, anthracnose, and ergot. The latter is the most serious. It is dangerous to feed rye affected with ergot to livestock. Treatment of rye seed with formaldehyde, as for oats and wheat, will reduce the likelihood of the occurrence of most grain diseases. Ergotized grains may be removed by passing the seed through a 20 per cent solution of common salt, the diseased grains floating while the normal grains sink.

More Good Roads Enthusiasm

Towns along the possible route of the proposed Ozark Trail, vied with each other in doing honors when W. H. (Coin) Harvey passed through them on his recent trip over this section of the highway. Wellington gave him a rousing reception which Mangum promptly tried to eclipse. Then Hobart went Mangum a few better giving Hobart first position in the matter of good roads enthusiasm. Later in the week, however, Mangum had another "crack" at Col. Harvey and got up a monster parade with 106 autos in line, carrying 500 good roads boosters. The parade was followed by a banquet at which 300 plates were laid and then a big meeting at the court house. A feature of the parade was a float bearing two negroes, four hounds and four possums and labeled "Hunting on the Ozark Trail."

Rural Credits Swindlers

The federal loan board has asked the department of justice for help in forestalling the development of what it considers one of the most gigantic financial frauds ever perpetrated in the United States. It is said that illegal organizations have sprung up all over the country whose purpose it is to rob the farmers through their ignorance of the Rural Credits Act. Farmers should know that the federal land banks have not yet been established and will not be until January 1st at least. Until the banks are established no money can be secured under this act and farmers would do well to inform themselves in regard to forming organizations of their own so that there would be no need of the services of a "promoter" who may or may not be honest in his intentions.

WOMAN ALL RUN DOWN

Waynesboro, Pa.—"I was all run down after a hard spell of bronchitis so it was hard for me to keep about. I had pains in my chest and took cold easily. A friend asked me to try Vinol. I did, and it built me up so I am strong and well and I am able to do my housework which I had not done for three months before taking Vinol."—Mrs. Y. R. Homan, Waynesboro, Pa.

Vinol creates an appetite, aids digestion, makes pure blood and creates strength. Your money back if it fails.

Dr. Lewis Speaks

Dr. H. W. Lewis, Prohibition candidate for Governor, spoke last week at Bonham, Ector, Sherman, Van Alstyne, Ama, Melissa and McKinney. This week Dr. Lewis is to speak at Ferris, Corsicana, Mexia, Navasota, Bryan, Alvin, Temple, Waco, Hillsboro and Venus. Preparations are being made for a great rally in Dallas about October 23rd. After that date the candidate will probably speak at Stamford, Seymour and several other nearby West Texas points, and then probably down into Central Texas for the closing days of the campaign.

County Settling Up Fast

The editor saw F. W. Cooksey, formerly of the Stoneback community, in Floydada Saturday. Mr. Cooksey moved to the Baker community two or three years ago, buying a half section. He now has accumulated 1,200 acres of land, which he is farming and raising stock on. He is doing well, and his community is settling up fast, especially of late have many people bought land and begun to open farms.—Plainview News

Experiments in Hog Feeding

B. E. Griswald of the extension service of the federal bureau of animal husbandry, has been here the past week, arranging the details of some experiments in feeding balanced rations to hogs the coming winter on the farms of A. L. White and W. E. Lovelless, where some sows are to farrow soon, after which the pigs will be weaned and a portion of each litter fed in the regular way on kafir and milo maize alone, while the other pigs will be fed on kafir and milo tankage. Dr. Hare, county agricultural agent, will help in the experiments and much interest will be manifested by hog growers in this section.—Plainview News

Indians Kept the Arrows

(From Southwest Plainsman)

In writing to thank the editor for the write-up of the "Last Buffalo Hunt" which appeared in the Southwest Plainsman last week, Col. Goodnight says: "The Indians returned all of the arrows to me, even the broken one, but knowing that they would appreciate them more than they would their own souls, I gave them back to them as keepsakes. The buffalo was really shot with my own bows and arrows. The Indians claimed that my bow was the finest that they had ever got on a horse with, and wanted to change with me. It is a Pueblo bow which I had always thought very ordinary, though sinew-lined, and they say that it is exceptionally fine. My arrows, being heavier than theirs, I had them select the best for the occasion."

Pig Boys Make Good Records

The boys in the Floyd county Pig Club made most excellent showings with their pigs, net profits of a big margin being shown in each instance. Fourteen boys finished in the competition. The prize winning pig owned by and fed by Frank Fawver, weighed 308 pounds on the day the prizes were awarded, and was valued at \$30.80. The pig weighed 92 pounds when Frank began feeding him, and made a daily gain of two and four-tenths pounds. The net profits from the feeding operation was \$16.47, after deducting an expense of \$14.32, figuring feed at prevailing market prices.—Floyd County Hesperian.

WITH THE CHURCHES

An enjoyable feature of both services at the First Christian church last Sunday was the special music by Mrs. Baird's quartette, which consists of Misses Merrill Granger, Louise Oberthier, May Pratt and Roscoe Spencer. The beautiful music rendered so faultlessly was a fitting accompaniment to the forceful sermons both morning and evening.

The pastor's theme at the morning service was, "Let Us Hear the Conclusion of the Whole Matter: Fear God and Keep His Commandments," and at the evening service, "How Shall We Escape If We Neglect so Great Salvation?"

Next Sunday morning, Miss Oberthier will sing "The Holy City."

Some Dry-Farm Turnips

J. T. Brown bought three turnips to the store Monday morning that he pulled out of his garden that will do pretty well for "dry land farming" raised. One weighed five pounds and the three together weighed thirteen pounds.—Stratford Star.

Special Election Notice

PURSUANT TO AN ELECTION ORDER issued by the Commissioners' Court of Deaf Smith county, Texas, Notice is hereby given that a SPECIAL ELECTION will be held on SATURDAY, the 18th day of November, A. D. 1916, at the regular polling places in

each election precinct in Deaf Smith county, Texas, for the purpose of determining by vote whether a majority of the property tax paying voters of this county desire the issuance of bonds in the amount of Twenty-five thousand (\$25,000.00) dollars due in forty years from their date and bearing six per cent interest per annum, payable annually, to provide funds for the erection and equipping of a County Hospital for Deaf Smith county, and to determine whether the Commissioners' Court of this county shall be authorized to levy, assess, and collect annually while said bonds or any of them are outstanding, a tax upon all taxable property in Deaf Smith county, sufficient to pay the current interest on said bonds and provide a sinking fund sufficient to pay the principal at maturity.

All persons who are legally qualified voters of this State and of this county, and who are resident property taxpayers of this county, shall be entitled to vote at said election.

Said election was ordered by the Commissioners' Court of this county by order made and entered on the minutes of said court on the 10th day of October, A. D. 1916, and this NOTICE is given in pursuance of said order.

Dated this 14th day of October, 1916.

JAS. A. HUGHES,
County Judge, Deaf Smith county,
Texas.

Studebaker's

For the United States Army

For sometime after the present Mexico Expedition was launched there was a great deal of concern among automobile enthusiasts as to what car the Government would choose to withstand the severe tests it would have to undergo over the roughest roads in Mexico. This question was soon settled, however, when it was announced officially that Uncle Sam was convinced after severe tests that it took STUDEBAKER QUALITY TO ANSWER THE DEMAND.

Every American citizen knows that Uncle Sam always DEMANDS THE BEST, and that's why he is using STUDEBAKERS. We are glad to reproduce here with a message received at El Paso, Texas Aug. 24, 1916, addressed to Studebaker Corporation of America, Detroit, Michigan. It reads as follows: "STUDEBAKER CARS HAVE WITHSTOOD THE MOST SEVERE TESTS THAT THE GOVERNMENT COULD PUT THEM TO OVER THE ROUGHEST ROADS IN MEXICO. MAJOR WHITMAN, QUARTERMASTER, COLUMBIA, PHONED EL PASO TO THIS EFFECT. GOVERNMENT PURCHASED TODAY THREE SIX TOURINGS, ONE FOUR ROADSTER. CONGRATULATIONS ON TEST." Signed J. S. WEISE.

On August 8, 1916, another order was received at El Paso to send ONE STUDEBAKER CAR TO COLUMBUS, NEW MEXICO, AT ONCE FOR USE OF

GENERAL PERSHING. When this car was delivered from El Paso to Columbus very bad roads and a cloudburst were encountered, but the car arrived in Columbus on time and incidentally on the trip an order of SIX ADDITIONAL STUDEBAKERS WAS RECEIVED.

Uncle Sam has also recognized the utility and reliability of the STUDEBAKER COMBINATION EXPRESS AND PASSENGER TYPE by putting them into the United States Marine Corps Recruiting Service and into the work of the United States Coast and Geodetic Survey. These cars were purchased in the open market after the most severe tests, in which many representations of the automobile industry participated. In EVERY CASE, Studebakers carried more than the required load and passed through every test with power in reserve.

GOVERNMENT ORDERS, AFTER TEST, AND REPEAT ORDERS SUCH AS THIS ONE FOR GENERAL PERSHING, AFTER THE CARS HAVE UNDERGONE THE HARDEST KIND OF USAGE UNDER THE MOST TRYING CONDITIONS, ARE THE MOST ELOQUENT TESTIMONIALS OF THE STERLING QUALITY OF STUDEBAKERS THAT ANY PROSPECTIVE CAR OWNER COULD POSSIBLY DEMAND. Act wisely—follow the example of your Government and make that new car a STUDEBAKER.

Second hand cars for sale. A Cadillac and a 45 h. p. Overland, either one at a price cheaper than the cheapest new car. Barnhart & Rice. 382f

Mr. R. G. Bader, of the east part of county, was a business caller at the Brand office Tuesday. Mr. Bader is advertising a farm sale at his farm east of Canyon, for the 25th of this month.

For the best service try Hereford Sanitary Steam Laundry. Phone 246. 29tf

Mr. P. P. Scott, who was instrumental in making of Hereford a "City beautiful" in celebration of the big fair, did his work most satisfactorily to the fair association and to the Civic League ladies who were the real sponsors for the fair. The business section with its streamers and festoons of bunting, all in the national colors, would have kindled the fires of patriotism in the most unresponsive breast. The booths that were built and decorated under his supervision were real triumphs of the decorator's art and attested the unusual skill of Mr. Scott in this line of work.

Comfort and economy make happy homes. You get both by using Cole's Hot Blast Heaters. 11

Did you see W. A. Vaughn's Overland in the parade with its load of boys? Don't you think it takes a mighty well built car to carry a load of nearly a ton and a half? 33

You get a ticket on the 42-piece dinner set with every 25 cent purchase at C. A. Skelton's. 11

Mrs. W. E. Neal, and daughter, Miss Vinnie, returned Friday from an extended visit in Lawrenceville, Ill.

Try some of our fresh hot tamales. Take them home with you. Priced right 15c per dozen. Sweet Shop. 11

SOCIETY AND CLUBS

Mrs. C. R. Smith, who for two weeks, has been a guest at "Wind Hill" the palatial home of Mr. and Mrs. R. W. Stubbs, at Lawrence, Kansas, returned Friday. During her stay in Lawrence, Mrs. Smith was the recipient of many social courtesies and enjoyed a most pleasant visit. The following clipped from the Lawrence Daily Gazette, and the Journal-World, will be of interest to Mrs. Smith's Hereford friends:

"Mrs. W. R. Stubbs entertained at thimbles this afternoon at her home, Wind Hill, in honor of her guest, Mrs. C. R. Smith of Hereford, Texas. The out-of-town guests were Mrs. Robert Stewart, of Topeka; Mrs. J. C. Searles, of Kansas City, and Mrs. R. A. Adliss, of Seattle, Washington."

"Mrs. C. R. Smith, of Hereford, Texas, is a guest of Mrs. W. R. Stubbs, for the week. Mrs. Smith is here to attend the cattle show in Kansas City."

"Mr. and Mrs. W. R. Stubbs, Mrs. C. R. Smith and Mr. and Mrs. Robert Stewart, of Topeka, will motor to Kansas City today to attend the Royal Stock Show."

"Mrs. W. R. Stubbs entertained a thimble party this afternoon from 3 to 6 o'clock in honor of Mrs. C. R. Smith, of Hereford, Texas. The rooms were decorated with autumn leaves and flowers. The afternoon was spent very informally and late in the day, light refreshments were served. Mrs. Robert Stewart, of Topeka, was an out-of-town guest. About fifty guests were present."

At twelve o'clock today, in St. Joseph, Mo., will occur the marriage of Miss Blanche Esther Kinney to Mr. Cliff M. Heathman, of St. Joseph, Mo.

The wedding will be celebrated at the First Christian Church, the pastor of that church officiating. The bride will be attended by her sister, Mrs. L. V. Killburn, of Laredo, Mo., as matron of honor. After the wedding the young couple will be at home in apartments already prepared for their home coming.

The bride has lived in Hereford only since last April, but has endeared herself to all by a most lovable personality. Of a distinct brunette type of beauty, her physical charms only accentuate those of disposition and character. She is a vocalist of more than ordinary ability and her talent has given pleasure to many Hereford audiences. She is the daughter of Mr. and Mrs. W. H. Kinney, who are prominent among the best citizens of Hereford.

Mr. Heathman is employed with Swift & Co., of St. Joseph, and in every way worthy of his charming bride. The happy pair will be attended to their new home by all good wishes for their happiness and prosperity.

AGED FARMER
Made Strong and Well by Vinol
This letter proves there is nothing equal to Vinol to create strength for weak, run-down conditions.
Vestal Centre, N. Y. - "I am a farmer 74 years of age and got into a weak, run-down condition as a result of the Grippe. Our druggist suggested Vinol to build me up and I noticed an improvement soon after taking it, and it has restored my strength so I can now do a good day's work. My wife has also taken Vinol for a run-down condition with splendid results."
-H. W. Lester.

Wyche-Lakeview Locals

Mrs. Marvin Goodloe and children, of Summerfield, are visiting in the R. C. Bridges home.

Mr. and Mrs. W. A. Ricketts, of Hereford, spent Monday with Ira Ricketts and family.

G. R. Conklin shipped two cars of cattle to Kansas City, Thursday. Mr. Conklin accompanied the shipment.

John Gray spent last Sunday at Friona with his parents, Mr. and Mrs. Frank Gray.

Mr. and Mrs. C. C. Slaughter and son visited Sunday in the Ira Ricketts' home.

School opened Monday at Lakeview with 17 pupils enrolled, an dMiss Waldine Wilson, of Hereford, as teacher. T. B. and C. C. Slaughter have purchased 100 cows and calves at Lubbock which will be delivered in about ten days, to the ranch here and at Canyon.

Nearly everyone from this neighborhood attended the fair at Hereford, which, in spite of the rain, drew good crowds each day.

Mr. and Mrs. J. A. Wear spent the week end in the home of their daughter Mrs. L. N. Wolfe and family.

New Dairy Breed for Texas
Texas is to have a new breed of dairy cattle. The Ayrshire, one of the best brands of the north and east, will be introduced into Texas this fall by the A. & M. College dairy farm. J. W. Ridgway, professor of dairy husbandry at the college, left Saturday for Springfield, Mass., where he will attend the National Dairy Show, October 12-20. The Official Dairy Instructor's association will be in session in conjunction with the dairy show October 16-17.

Big breeders of Ayrshire cattle will be visited by Professor Ridgway. He will buy four registered females and

one registered male. The Ayrshire came from Scotland, originally. In Massachusetts and New York especially, they have proven highly profitable. They are a red and white cow, with upturned horns, resembling those of a deer, and are a combination-Jersey and Holstein, with reference to production and richness of milk. Mr. Ridgway believes that they will be well adapted to Texas. They will be used also for instruction. That will give the college registered stock from the four recognized breeds, Jersey, Guernsey, Holstein and Ayrshire. The college has one of the most modern farms in the south.

OCTOBER 13

OCTOBER 13

**BIG ANNUAL FAIR
CELEBRATION SALE**

The Big Store with the Little Price

E. B. Black Co.

Values

When we first saw these new SERIES 17 Studebakers, we just stood speechless at the values represented. We have never seen cars to equal the new 40 h.p., 7-passenger FOUR at \$875 and the new 50 h.p., 7-passenger SIX at \$1085

And mind you, this isn't merely enthusiastic talk about goods that we have to sell. It's VALUE that we can show you and PROVE to you whenever you'll take time to come in. We can show you how to buy MORE value for every dollar you put in a car. Come in today and see.

Jacobs Bros., Dealers

Rate Meeting at Amarillo

(From Southwest Plainsman)
The meeting called for the purpose of organizing the Panhandle and Plains country to fight the proposed change in freight rates which is scheduled to go into effect November 1st, was attended by representatives from most of the leading towns of this section. Those present were earnest in their determination to stop, if possible, the perpetration of what they consider the most destructive blow ever aimed at the Panhandle country and a number of speakers set forth the importance of immediate action.

J. Bryant, director of transportation for the Amarillo Board of Development, presided at the meeting, and A. S. Stinnett, who served as representative of this section at the rate hearing held last year, gave a history of the famous "Shreveport case." The work of the Texas Railway Commission and the Interstate Commerce Commission in this connection, were also noted and Mr. Stinnett said that the fight would be a long one.

W. H. Fuqua declared that the people of this section are not antagonistic to the railroads but they decline to be imposed upon. The present rapid development of the Panhandle is leading the railroads to look to this section for revenues.

W. H. Patrick, of Clarendon, said that Donley county people were anxious to cooperate with Amarillo in its effort to forestall the rate increase. While the whole of Texas would suffer under the proposed rates, three-fourths of the increase would be paid by the Panhandle, and only one-fourth by the rest of the state.

Wallace Brance, of Texhoma, stated that the towns in his section would support Amarillo's position in opposition to the rates which the railroads are holding as warranted under the recent ruling of the Interstate Commerce Commission.

R. R. Hammond, of Chicago, who owns land near Pampa, M. C. Nobles and others, spoke of the enormous increases that would follow the inauguration of the new schedule. Mr. Bryant said that it would be necessary to raise in the neighborhood of \$25,000 to use in the waging of the contest and that two of the leading lawyers of the United States have already been retained to fight the matter in the courts.

An organization was effected by electing A. S. Stinnett, president; W. H. Patrick, of Clarendon, vice-president; Hamlin Parmer, secretary, and Ford Brandenburg, treasurer.

Some Unusual Cotton

An unusual cotton crop has been grown by J. F. Walker, who lives on one of T. J. Richard's farms near town. He has 74 acres of cotton that were planted June 1st. It has been raised without any rain and the stalks will average twelve bolls. He is now gathering it and having it ginned, and is making a fine sample. He is going to get a quarter of an acre on the acre on most of it.—Paducah Post.

McKinley Ranch Sold

The Peter McKinley ranch, located fifteen miles south of San Angelo, on Lipan creek, has been sold to F. P. Green, lately of Burnett. The property brought \$96,000. The place was sold by R. A. Hall and J. J. Nel, trustees for the estate, in favor of Henry McKinley, of Hoboken, N. Y.

Amarillo Delegates to El Paso

(From Southwest Plainsman)
J. F. Ross, superintendent of the U. S. Cereal Station at Amarillo, left last week with an exhibit from the station for the Soils-Products Exposition at El Paso. Besides Mr. Ross, Amarillo was represented at the opening of Elphab Butte dam by C. T. Herring, P. H. Lanergin and J. L. Nuffin. Last Tuesday, the Amarillo delegation was augmented by Mrs. Mildred J. Cheney, editor of the Southwest Plainsman, who goes as an accredited representative to the Dry-Farming Congress which held sessions on Thursday, Friday and Saturday of this week.

Poultry Association Issues Catalog

The Panhandle Poultry Association has issued the catalog of their poultry show which is scheduled to take place in Amarillo, December 5 to 9. The catalog contains an attractive list of premiums, there being a number of special prizes in addition to the splendid list of regular premiums and the Association is looking forward to the best and biggest show in the history of the organization.

Boys Club Banquet

The members of the Floyd county Boys Pig Club who exhibited pigs at the fair with their leader, Dr. Hare, County Agent, were given a banquet on the last day, by John N. Farris, of Floydada.

Grading Two Miles per Day
The R. R. grade is nearing the town at the rate of two miles per day. They are about twenty miles from town and coming steadily along.—Seminole Sentinel.

What One Club Boy Did
What a small lad can do in the practical handling of farm animals is strikingly shown in this year's accomplishment of Robert Richardson, of Dedman, a lad only ten years of age. Robert raised this year ten fine Duroc pigs, which he cared for entirely himself, keeping almost a perfect record of their feeding and handling. He won a trip to the Albuquerque State Fair for the excellence of his club work, but did not exhibit his pigs there. He did bring them with their mother to the Northern New Mexico Fair, however, where they were shown and awarded five first prizes and two second prizes, for which he received \$33 cash money. He sold two of the pigs while here for \$25 each, cleaning up in all, from the prizes and the sale, \$83.—Raton (N. M.) Range.

Panhandle Counties Win Premiums Bought Big Grazing Tract
A deal comprising the transfer of 12,000 acres of fine grazing land twelve miles south of Miesse was closed at Deming, N. M., recently, when Edwin Earl, a capitalist of Los Angeles, California, and Attorney Shibley Ward, of that city, made the purchase from a California syndicate which ought the land two years ago.

Auto Runs Over Boy
While passing the home of Will Graham, between Nolan and Levy, N. M., J. A. Crow and family, of Texas, ran over and killed the 3-year old son of Mr. Graham. As the auto party passed the house, the 6-year old brother of the little fellow killed, ran in front of the car and the smaller child following his example, was caught and run over, his head being crushed. Mr. Crow rendered all possible aid and remained in Wagon Mound several days pending the investigation.

Road Work in New Mexico
The surfacing with gravel of the El Camino Real, leading south from Raton is steadily progressing, and soon will be completed to the three-mile hill. The grading camp has established its headquarters for the next two or three weeks in the long lane opposite Otero, and is securing a fine quality of gravel from the bed of Red River about one mile west of the highway. The next camp will probably be made near the Stockton ranch, 8 miles south, where an abundance of good shale and gravel is available.—Raton (N. M.) Range.

Bring your hides to McQueen Coal and Grain Co. We pay the top cash price for them, green, dry and old hides. 40f

Lax-Fos, A Mild, Effective Laxative and Liver Tonic
Does Not Grip or Disturb the Stomach.
In addition to other properties, Lax-Fos contains Cascara in acceptable form, a stimulating Laxative and Tonic. Lax-Fos acts effectively and does not grip nor disturb stomach. At the same time, it aids digestion, arouses the liver and secretions and restores the healthy functions. 50c.

Makes Every Acre Pay and Saves Its Cost
THE MARTIN will save enough to pay for itself several times during the first season. It saves time, labor and real money, but what it earns for you is more important.
Martin ditched farms pay from \$10 to \$30 more per acre. This machine reclaims waste land and makes every acre pay. We don't ask anyone to take our word for these things, but we ask you to try.

HC Martin
Farm Ditcher and Road Grader
for ten days. Put it to work. See what it is worth to you.
It cuts a V-shaped ditch, cleans out old ditches, throws up the banks, levels and levels ditches, fills gullies, grades roads, reverses them, throws dirt to either side, adjustable for narrow or wide cuts. Also a caterpillar wheel attachment.
Garrison Bros.
Hereford, Texas
Made by
Owensboro
Ditcher and
Grader Co., Inc.
Owensboro, Ky.

Widow is Fleeced
A slick grafter is said to have "fleeced" a widow at Hallinger out of ten dollars recently, and it is reported that the same scheme was worked on a lady at Brownwood, and no doubt in other towns in this section. The grafter posed as a representative of a big ladies' clothing house, and appointed the lady as local representative with a guarantee of \$10 per week and a big commission, requiring the lady to put up a forfeit of \$10 for samples and supplies which she was told would come by express.

Broomcorn in New Mexico
Several of the farmers have contracted their broomcorn at \$150.00 and \$175 per ton. There will be several car loads shipped from Logan this year.—Logan (N. M.) Leader.

New Hotel for Glenrio
Henry Streu and Arron Terrell completed the excavation for the basement of the new hotel last week. The order for the bulk of the material to be used was placed with Brazelton Pryor & Co., for immediate shipment by Contractor Hearn, and upon its arrival, possibly in ten days or two weeks, actual work on the structure will begin.—Glenrio (N. M.) Tribune-Progress.

Prince Albert gives smokers such delight, because

- its flavor is so different and so delightfully good;
- it can't bite your tongue;
- it can't parch your throat;
- you can smoke it as long and as hard as you like without any comeback but real tobacco happiness!

On the reverse side of every Prince Albert package you will read:
"PROCESS PATENTED JULY 30th, 1907"

That means to you a lot of tobacco enjoyment. Prince Albert has always been sold without coupons or premiums. We prefer to give quality!

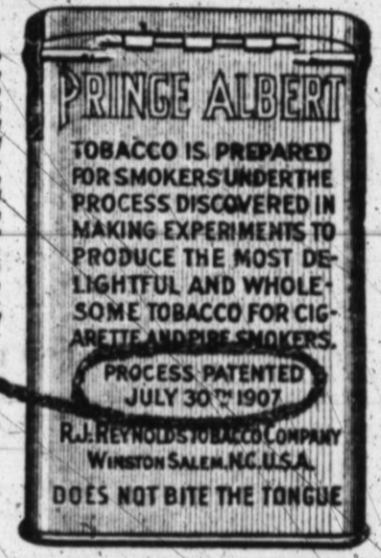

PRINCE ALBERT
the national joy smoke

in goodness and in pipe satisfaction is all we or its enthusiastic friends ever claimed for it!

It answers every smoke desire you or any other man ever had! It is so cool and fragrant and appealing to your smoke appetite that you will get chummy with it in a mighty short time!

Will you invest 5c or 10c to prove out our say-so on the national joy smoke?

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

This is the reverse side of the Prince Albert tin. Read this "Patented Process" message to you and realize what it means in making Prince Albert so much to your liking.

We Don't KEEP Groceries We SELL THEM!

Our prices are so attractive that our customers won't let us keep them. We are selling for SPOT CASH only. Every one knows that those who sell for cash have no bad debts or large idle capital and can sell for less. Why should you help pay the other fellow's grocery bill?

We have opened our Cash Grocery Store in the new Wilkinson building. Everything is new and clean. We are going to turn our stock often, and everything will be fresh.

If you will give us a chance we will not only sell you good groceries, but guarantee to save you from 15 to 25 per cent. And in these days of soaring prices that's a good deal.

We are new here, but not in the grocery business. We want to get acquainted with you, whether you buy from us or not.

On large ranch orders we will make you special fancy prices.

J. O. McCRELESS

Saved Girl's Life
"I want to tell you what wonderful benefit I have received from the use of Thedford's Black-Draught," writes Mrs. Sylvania Woods, of Clifton Mills, Ky.
"It certainly has no equal for la grippe, bad colds, liver and stomach troubles. I firmly believe Black-Draught saved my little girl's life. When she had the measles, they went in on her, but one good dose of Thedford's Black-Draught made them break out, and she has had no more trouble. I shall never be without

THEDFORD'S BLACK-DRAUGHT
in my home." For constipation, indigestion, headache, dizziness, malaria, chills and fever, biliousness, and all similar ailments, Thedford's Black-Draught has proved itself a safe, reliable, gentle and valuable remedy.
If you suffer from any of these complaints, try Black-Draught. It is a medicine of known merit. Seventy-five years of splendid success proves its value. Good for young and old. For sale everywhere. Price 25 cents.

County of Deaf Smith)
In Commissioners' Court, October Term, A. D. 1916.
Whereas, on the 9th day of October, 1916, a petition was presented to the said Commissioners' Court, asking for a Special Election to be held in said county on Saturday, the 18th day of November, 1916, to determine whether or not a majority of the property tax paying voters of this county, voting at said election, desire said county to issue bonds in the sum of twenty-five thousand (\$25,000.00) dollars, maturing in forty years and to bear interest at the rate of six per cent per annum, for the purpose of erecting and equipping a County Hospital under the provision of Chapter 39, Acts of the Thirty-third Legislature of Texas, and it appearing that the said petition bears the requisite number of signatures of property tax paying voters of said county and being in every respect in conformity with law; it is therefore ordered by the Commissioners' Court of Deaf Smith county, Texas, that a Special Election be held in each and every voting precinct in said county at the regular polling places, on Saturday, the 18th day of November, 1916, to determine whether a majority of the legally qualified property tax paying voters of said county desire the issuance of bonds on the faith and credit of said county in the amount of twenty-five thousand (\$25,000) dollars, payable forty years from their date and bearing six per cent interest per annum, payable annually, to provide funds for the erection and equipping a County Hospital, under the provisions of Chapter 39, Acts of the Thirty-third Legislature, and to determine whether the Commissioners' Court of this county shall be authorized to levy, assess and collect annually while said bonds or any of them are outstanding, a tax upon all taxable property in said county sufficient to pay the current interest on said bonds and provide a sinking fund to pay the principal at maturity.
It is further ordered that the presiding officers, heretofore appointed to hold the general election, are hereby appointed to hold this Special Election, and they shall within five days after said election has been held, make due return thereof to the Commissioners' Court of this county as is required by law for holding a general election.
The ballots for said election shall have written or printed thereon the following:
"For the bonds."
"Against the bonds."
All persons who are legally qualified voters of this State and of this county and who are resident property tax payers in this county shall be entitled to vote at said election.
The sheriff of this county shall give notice of said election by posting notices at each voting box in said county for thirty days before the election.
Done in open Commissioners' Court, this 10th day of October, 1916.
JAS. A. HUGHES,
County Judge, Deaf Smith Co., Texas.
I, A. O. THOMPSON, Clerk of the County Court and ex-officio clerk of the Commissioners' Court of said county, do hereby certify that the above and foregoing is a true and correct copy of the order of the county judge of said county, dated the 10th day of October, 1916, ordering an election in said county on the question of issuing bonds for said county and levying a tax for said bonds, as appears from the original order on file in my office.
Given under my hand and seal of said court this 10th day of October, 1916.
(L. S.) A. O. THOMPSON,
Clerk Commissioners' Court, Deaf Smith County, Texas.
By J. S. Jones, Deputy.

Parrott News Notes

Rain and mud, then more rain and still more mud ever since our last report, went to press. Sunshine this Tuesday morning looks good to all.

Frank McCall and daughter Myra returned Saturday morning from their visit to Wisconsin.

Mr. and Mrs. B. F. Neely and Ned called at H. F. Neely's Sunday afternoon.

Roy Wagner spent the day Sunday at J. W. Hanlan's.

Jacob Wagner is quite lame again with rheumatism.

Mable Hacker has received her first grade teachers' certificate which is good for three years from date of issue.

Mr. and Mrs. A. H. Elliston, of Hereford, visited Friday night with his brother here.

Mrs. Frank Shepard and Clyde visited recently in Dimmitt with Mrs. Douglass.

Hazel Hacker is preparing to enter school in Dimmitt to take up a review work preparatory for higher work another term.

Percy Shepard got one of his ribs broken last Wednesday. While branding some calves a cow attacked him and he being in close quarters was unable to get out of the pen.

Floyd Hacker and Mr. Kopp were dinner guests at B. F. Neely's Sunday.

Despite the rainy weather several of our people attended the fair and pronounced it fine.

Charlton Neely would offer a suggestion on domestic science. He says there is one thing he can't eat and that is an apple cobbler with no apples in it. He directed the making of one for Sunday dinner and says it was a decided success.

Mrs. Joe Birkenfeld and daughter visited from Friday until Sunday at the home of her parents.

Mr. and Mrs. J. W. Hanlan and Earl called at B. F. Neely's Sunday evening.

Mr. and Mrs. Orle Renfroe visited over Sunday in Hereford.

It will be several days yet before farmers can get into their fields with a binder.

H. D. Neely returned to his home in Omaha Saturday after a visit of five weeks on his ranch here.

Mr. W. E. Hacker is considering a sale of his place here to a Mr. Harding of Lubbock.

Mr. and Mrs. J. F. Hacker visited Saturday afternoon at J. W. Hanlan's.

Miss Gladys Ivy did not have school Monday, thereby giving all the pupils an opportunity to see the display at the fair.

Mr. and Mrs. Elmer Noble, Mr. and Mrs. Edgar Noble and little daughter visited Monday at Ben Tall's.

Bought Bulls for J. A. Ranch.
Mrs. C. Adair, of the J. A. Ranch, has bought 50 registered yearling

Hereford bulls from Perry Bros., of Alta Vista, Kansas. The animals brought \$200 each and the total cost was \$10,900.

Shipped Cattle to Ranch
R. B. Masterson, of Amarillo, has shipped from his 100,000-acre King county ranch, about 500 head of his polled Angus cattle to northern markets.

Coldwater Looks for Oil
The people of Coldwater, Kansas, have the oil fever and the Coldwater Oil and Gas Company is busy as a bee putting down prospect No. 4.

Catarh Cannot Be Cured
with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarh is a blood or constitutional disease and in order to cure it you must take internal remedies. Hall's Catarh Cure taken internally, and acts directly upon the blood and mucous surfaces. Hall's Catarh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarh. Sent for testimonials, free. F. J. CHENEY & CO., Prop., Toledo, O. Sold by Druggists, price 75c. Take Hall's Family Pills for constipation.

W. E. Trammel bought 300 head of yearlings from Mrs. Thomas, of Big Springs, this week.—Lamesa Leader.

Paducah will have a rural route out of that city in the near future.

OUR GUARANTEE

On Each
Cole's Original Hot Blast Heater

Your Money Back!
You get back the original cost of your stove in the fuel money saved each winter. Could you ask for more?

1. We guarantee a saving of one-third in fuel over any lower draft stove of the same size, with soft coal, lignite or slack.
2. We guarantee Cole's Hot Blast to use less hard coal for heating a given space than any bare burner made with same size firepot.
3. We guarantee that the rooms can be heated from one to two hours each morning with the fuel put in the stove the evening before.
4. We guarantee that the stove will hold fire with soft coal or hard coal from Saturday evening to Monday morning.
5. We guarantee a uniform heat day and night with soft coal, hard coal or lignite.
6. We guarantee every stove to remain absolutely air-tight as long as used.
7. We guarantee the feed door to be smoke and dust proof.
8. We guarantee the anti-puffing draft to prevent puffing.

All we ask is that the stove be operated according to directions and connected with a good flue.

(Signed) COLE MANUFACTURING CO. (Not Inc.)
(Makers of the Original Patented Hot Blast Stove)

This guarantee cannot be made on any other heating stove. If you want comfort and economy put one of these heaters in your home.

**CALOMEL IS MERCURY! IT SICKENS!
ACTS ON LIVER LIKE DYNAMITE**

"Dodson's Liver Tone" Starts Your Liver Better Than Calomel and Doesn't Salivate or Make You Sick.

Listen to me! Take no more sickening, salivating calomel when bilious or constipated. Don't lose a day's work! Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with your bile crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out," if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour just take a spoonful of harmless Dodson's Liver Tone on my guarantee.

Here's my guarantee—Go to any drug store and get a 50 cent bottle of Dodson's Liver Tone. Take a spoonful tonight and if it doesn't straighten you right up and make you feel fine and vigorous by morning I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine, entirely vegetable, therefore it can not salivate or make you sick. I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless, doesn't gripe and they like its pleasant taste.

1915
MISS DETROIT

1916
MISS MINNEAPOLIS

For the past three years the Gold Cup—the most cherished trophy in the motor boat racing field—has been won by a boat using **TEXACO MOTOR OIL**.

This continuous performance speaks well for the quality of **TEXACO MOTOR OIL**, and its ability to maintain full power and high engine efficiency at all times.

A trial in your car will prove its value to you in a very concrete way. It will show a reduction of gasoline consumption through increased compression, lower operating costs, means of less frictional wear and easier riding because of the clean, carbon-free condition of cylinders, piston heads and spark plugs.

Use it with **TEXACO GASOLINE** and get more miles at less expense. You can procure **TEXACO MOTOR PRODUCTS** from the **TEXACO** dealer in your area.

THE HEREFORD FAIR

dividuals with entries ranging in number from one to four with a total of thirty-one head.

Among the well known herds of this county showing, was that of Mrs. L. R. Bradley, who had three entries as follows:

Lady Repeater and Miss Valse in the two-year-old heifer class, and Lilly in the heifer yearling class. Perhaps no stock at the fair attracted more attention than the two-year-old heifers. With their fine form, perfect markings and great size, they would have attracted attention in any show. Lady Repeater was awarded first in her class, first for senior champion cow, and grand championship. Miss Valse won second in her class, and Lilly first in hers as junior yearling heifer.

This herd is the pioneer herd of registered cattle in this section, and the herd for which the town of Hereford was named. This herd is demonstrating the fact that among the many things that woman can do well in the breeding and rearing of fine cattle.

Messrs. Jowell & Jowell, who have one of the best herds of registered cattle in the Panhandle, if not the best, only made two entries, in Beau Chief and Ruth Randolph, the latter winning the blue ribbon in the class of senior heifer calves. She is not only bred in the purple, but is a fine individual.

Another herd that, although not established long, is winning recognition on its merit, is that of C. R. Barber. For some time, Mr. Barber has been carefully laying the foundation for a herd, that in a short time, promises to be second to none. Mr. Barber had three entries as follows:

Domineer, in the two-year-old bull; Pathfinder in the junior yearling bull, and Ginger Stowaway in heifer calves. With the three entries, the herd succeeded in capturing one first, one second senior champion, and grand champion, the last two honors going to his two-year-old herd bull, Domineer, an animal that seems capable of measuring honors with the best of them.

Another herd that has recently been established here is that of Walter Lupton, and while this herd was entered as registered range cattle without any fitting they succeeded in taking three ribbons.

Beau Matador was 1st in aged all class, and this same herd won 1st and 2nd on aged cows on animals just off the range. Mr. Lupton has certainly laid the foundation for a great herd. Mr. C. H. Lupton, another breeder that is a new comer here, had a good herd, although only a few individuals, they succeeded in getting first on senior yearling bulls and second on year-old bulls, the latter going to Domino Jr.

Another breeder, that while young in the business has a herd that is coming to the front is Mr. C. C. Bowman. He had four entries, all in this year's calves, and succeeded in getting second in Junior heifer calves. Mr. Bowman's stock all were just off the range without fitting.

Mr. E. H. Norton, with two entries, Lord Rex and Hopeful Button, took first and second money on junior bull calves.

Two young breeders that are likely to be heard from in the future are Messrs J. C. and Grover Sanders. Mr. Grover Sanders had two entries and won two premiums, first on Junior yearling bulls and first on Junior heifer calves. Mr. J. C. Sanders with three entries won first on senior yearling heifers, second on junior yearling heifers and Junior Champion female.

Another making a creditable showing was Leo Wolf who had three entries and with better fitting could easily have gotten in the winning class.

In the range cattle division there were some excellent entries, in fact had these cattle, many of them, been fitted they could have passed for good registered stuff.

In this department the winners were as follows: Group of five yearling heifers, A. G. Ratliff, first; C. C. Ferguson, second.

Five heifer calves, C. R. Barber, first; C. C. Ferguson, second.

Five heifer calves, C. C. Ferguson, first.

Best two-year-old heifer, C. H. Pratt, first.

Best dry cow, C. C. Ferguson, first.

Best yearling heifer, C. C. Ferguson, first; C. H. Pratt, second.

Best group wet cows, C. C. Ferguson, first; C. R. Barber, second.

The hog industry in this section is one of the newest stock industries. Up to a few years ago there was scarcely a hog in Deaf Smith County. In recent years this industry has made great advancement. However it took this fair to demonstrate that it is not only in numbers that advancement is being made, but in quality as well. With little fitting there were some as fine hogs there as can be seen in any country.

Those having hogs entered were Welliver & Pollock, W. A. Vaughn, B. L. McDonald, C. O. Norton, Dumas Hall

D. P. Vaughn - S. E. Williams, L. Gough. The winners were as follows: Aged boars, D. P. Vaughn, first; D. L. McDonald, second.

Best aged sow, first and second, D. L. McDonald.

Sow and pigs, any age, D. A. Hall, first and second.

Pigs, five gilts, D. P. Vaughn, first; Welliver & Pollock, second.

Two best fat hogs, any breed, Welliver & Pollock, first and second.

Best general exhibit, D. P. Vaughn, first; Welliver & Pollock, 2nd.

Perhaps the display that attracted as much attention as any other from the general public was the poultry and pet stock show.

There was at all times a crowd around the poultry pens.

There were 31 entries in this one department.

The name of the exhibitors in this class were as follows:

J. D. Thompson, S. C. R. I. Reds. Mrs. Fred Davis, R. C. R. I. Reds.

J. I. Walker, R. C. R. I. Reds. Ralph Barnett, R. C. R. I. Reds.

O. E. Schmidt, R. C. R. I. Reds. Geo. W. Smith, R. C. R. I. Reds.

P. C. Long, S. C. White Rocks. L. P. Landrum, S. C. White Orpington.

Dr. J. W. Hicks, S. C. White Leghorn. Mrs. E. F. Connell, S. C. White Leghorn.

Mrs. W. A. Stewart, S. C. Buff Orpington. W. H. Doughter, S. C. Barred Rocks.

Donald Williams, S. C. Barred Rocks. Mrs. J. E. Walker, S. C. White Rocks.

T. E. Shacklet, S. C. Partridge Wyandottes. Mrs. J. I. Walker, S. C. Partridge Rocks.

George Fain, White Jay Games. J. A. Buckner, Gray Pit Games.

Dean Walker, brown Leghorn Bantams. Robert Lamkin, Brown Leghorn Bantams.

Buster Lewis, White Leghorn Bantams. Jack Fuqua, Silver Wing Bantams.

J. I. Walker, Mallard-Indian Runner Ducks. Joseph Weaver, Bronze Turkeys.

Vern Witherspoon, Bronze Turkeys. E. W. Morgan, Bronze Turkeys.

R. T. Mooney, Bronze Turkeys. Bob Renfro, Fox Squiggles.

W. C. Fallwell Jr., Armadillo. The awards were: Turkeys—Best and largest pen, E. W. Morgan, first.

Vern Witherspoon, second. Joseph Weaver, third.

Chickens—There were 24 pens, 14 different varieties and 145 birds.

J. I. Walker, best ten birds, first. J. D. Thompson, second.

Ralph Barnett, third. P. C. Long, best five birds, first.

Dougherty, second. Mrs. Fred Davis, third.

Bantams—Best selection: Dean Walker, first.

Jack Fuqua, second. Robert Lamkin, third.

The exhibit that spoke most eloquently for the future greatness of this Hereford Country was the agricultural department. This was arranged in the south hallway of the court house and was in charge of J. A. Stegall who knows so well how to display and care for an agricultural display. There were about 70 different products of the farm and garden

ranging all the way from the 60 pound pumpkin to two entries of luscious strawberries. Nearly all this stuff was raised without irrigation save what was done by the wind pump. Considering that this was all gotten together in two weeks after the real crop season was passed it was the most wonderful collection ever gotten together in the Panhandle.

The awards in this department were as follows: Wheat, W. A. Stewart, 1st; A. W. Gregg, 2nd.

Oats, R. C. Bridges, 1st. Rys. O. W. Smith, 1st; R. C. Bridges, 2nd.

Sorghum seed, Lloyd & Son 1st; J. H. Copeland, 2nd.

Milo maize seed, Roy Bergeman, 1st; J. H. Copeland, 2nd.

Alfalfa, A. B. Schultz, 1st. Best plate pie apples, Mrs. R. J. Kibbe 1st and 2nd.

Best grapes, G. A. Stambaugh, 1st and 2nd.

Best Irish potatoes, J. E. Walker, 1st.

Best sweet potatoes, C. P. Arthur, 1st; H. L. Rice, 2nd.

Best beets, Mrs. Troy Womble 1st; W. T. Smith 2nd.

Best 2 heads cabbage, J. L. Park 1st; Mrs. J. C. Womble, 2nd.

Best dozen sweet peppers, A. F. Murchison, 1st. Mrs. C. E. Walker, 2nd.

Best one-fourth bushel kafir, J. H. Copeland 1st.

Best top stalks corn, Geo. Smith, 1st. Best three bunches celery, H. L. Rice 1st.

Best ten heads red milo maize, Frank Owen 1st; B. L. Cobb, 2nd.

Best ten heads white maize, Frank Owen, 1st; R. C. Bridges, 2nd.

Best collection garden vegetables, W. Washkashki, 1st.

Best Hubbard squash, T. S. Watts, 1st.

Collection field products, W. A. Stewart, 1st; J. H. Copeland, 2nd.

Art Department Best oil painting, Mrs. Chas. Donald 1st; Mrs. H. H. Hawkins, 2nd.

Best Water color, Mrs. Stocking. Best collection of China by worker of less than six months' experience, Maggie Roy Stanley 1st; Miss Bradley 2nd.

Best single piece by worker of less than six months' experience, Miss Betts 1st; Miss Blanche Pollock 2nd.

Best collection of China by worker of more than six months' experience, Mrs. H. B. Stephens, 1st; Miss N'Anna Elliott, 2nd.

Best single piece of china, Mrs. H. B. Stephens, 1st; Mrs. B. S. Arnold, 2nd.

Best original design under sixteen Emma Jean Donald, 1st; Ruth Davis, 2nd.

Manual Training Bench Work—Chas. Caylor \$2.00

Lathe Work—Jonathan Ptman, \$1.00. Second, Bruce Sullivan, ribbon.

Flowers Premiums awarded were as follows: Best collection pot plants, \$1—Mrs. Dameron.

Second, ribbon—Mrs. Lester Weaver. Best collection Geraniums, fancy bowl, C. A. Skelton—Mrs. Britton.

Second, ribbon—Mrs. Geo. Burns. Best collection of chrysanthemums, pair kid gloves, Gass & Son—Mrs. Dameron.

Second best, ribbon—Miss Clara Dunlap.

Best collection of foliage plants, silk auto cap, Mrs. T. N. Helfner—Mrs. Briggs.

Second best, ribbon—Mrs. Lester Weaver.

Best hanging basket, salad bowl, The Fair—Mrs. Luther Hough.
