Sights and Faces Seen

Wm. McGeehee says that if the Tri-State Fair had been looking for something really appropriate it would have had the Navy, instead of the Army, as a special guest.

First Woman's Club in Hereford to buy a defense bond is the L. A. E. Club, whose members voted this week to buy a \$5 bond.

There is a lynch on the AAA office, according to Elyse Wilkins, who would probably have no trouble in getting Virginia Eberle to agree with her.

Velma Hodges, Bobbie Roles, Irma Fay Robinson, Clara Wedel and Ruby Carmichael have started a "working girls' knitting club."

Mrs. O. G. Hill would like to get rooms for approximately 100 delegates to the Seventh District Federation Music Club Convention to be held here next week.

Mrs. Botsford's Funeral Rites Held Wednesday

Funeral services were held Wednesday afternoon at the Methodist Church for Mrs. Ida May Botsford, 83 years old, who died Monday afternoon at her farm home 10 miles east of Hereford.

Dawn School Has Cafeteria

Dawn School authorities this week stated that the school cafeteria had started Monday to serve free lunches to approximately 42 children of the community.

Kropffs Win Prizes At Tri-State Fair

A winner in the domestic arts division of the Tri-State Fair at Amarillo was Mrs. John Kropff, who took prizes in both the sewing and cooking exhibits.

Rainfall Looks To Be Hitting For 1941 Record

If five and one-half inches of moisture falls between now and January 1, the year 1941 will have equaled the rainfall record for Hereford which was set in 1928 when 32.34 inches were recorded.

Rainfall to date is 26.84 inches for Hereford, with much higher figures in other parts of the county.

Loans on the 1941 grain sorghum crop are available this year for the first time in Texas. J. A. Pitman, chairman of the Deaf Smith County AAA Committee, has announced.

The purpose of this kind of loan, which will be made to producers who complied with acreage allotment provisions, is to aid producers in holding their feed and seed supply and in marketing their surplus in an orderly manner.

Warehouse-stored grain will be about 7 cents per bushel less than farm-stored grain, the AAA official said, since storage charges will be paid by the CCC on grain sorghum delivered to the corporation.

As in the case of wheat and barley, applications for loans will be handled through the county AAA committees, and may be made to approved lending agencies or the Commodity Credit Corporation.

Cooper Dewey, surveyor with the state highway department, was in Hereford Monday on business connected with the paving of a 4 1-2 mile strip in Deaf Smith county on the Hereford-Dimmitt road.

Dewey stated that the actual surveying could be done in about a week, and that work on that phase of the job would start soon.

Financed entirely by donations, the Dawn cafeteria, according to county welfare workers, represents an ideal situation in many ways, since no child will have to pay for his lunch and there will thus be no feeling of inequality among the children.

A committee in the community started work on the plan and enlisted the cooperation of school trustees, L. A. Smith, H. H. Miller and Mrs. Frye.

Mrs. Frank Stivers will be cook and supervisor at the cafeteria. The Dawn School has provided her with an apartment at the teachers' quarters.

Mrs. Viva Mae Upton and Mrs. Hazel Atchley are teachers at the Dawn school.

Mrs. Kropff's daughters, Ruth Marie and Helen Ann, took prizes for children's sewing, Ruth Marie winning 1st on a handkerchief and 2nd for a doll's clothes, and Helen Ann placing 2nd on a handkerchief.

In the cooking division, Mrs. Kropff won prizes for doughnuts and cookies.

Designed with rounded corners to make plates wear longer, the new Wisconsin auto license tags for 1942 will be used for 1943 also.

Clubwomen Will Cooperate in Plans For District Seven Music Convention

Delegates and visitors to the Seventh District Texas Federation of Music Clubs convention which will be held in Hereford October 16, 17 and 18, will be welcomed on every hand by Hereford Club women who plan to extend friendly hospitality to the convention visitors.

Official hosts for the three day meeting include the Music Study Club, the Hereford Civic Chorus and the Voca Club; but members of all federated clubs of the county are planning to assist in the entertainment of the visiting musicians.

The convention will open officially Thursday, Oct. 16, with the board dinner complimentary to all board members of the district and state.

Delegates will register at 8:30 Friday morning at the First Methodist Church, and at 9:30 Mrs. A. O. Thompson, seventh (Continued on page 12)

Woodrow McCormack Buys Phillips Sta. No. 1

Woodrow McCormack this week took over active management of Phillips Station No. 1, on East Third St., across from Beavers Bros. Garage.

McCormack, who worked for four years at the Glenn Snyder Station, announces that he will give customers the advantage of his experience in all lines of service station work.

The station will continue to sell the Phillips line of oil and gas and will give washing and greasing service.

The new owner cordially invites the public to come in and get acquainted with the quality products and service he offers.

Pick A Date for Construction of Oldest Building In Town; Pioneers Can't Agree

One of the last landmarks of Hereford's Pioneer past is being torn down this week—and the fact that it is being demolished and that it is the oldest building in town are about the only points upon which old-timers can agree.

C. R. Smith thinks that the building was put up sometime in 1899, saying that he remembers a dance which was held in the store at about that time. The store was built by the Smith and Walker Company, wholesalers of Amarillo, who put in a store in Hereford and one in Canyon (then Canyon City) at the same time.

The Smith & Walker store carried a general merchandise line, outfitting ranches within a hundred mile radius with groceries and clothing. Smith, Bob Higgins and other pioneers who were then working on the XIT and other ranches in the territory, recall the big ranch wagons drawn up around the store loading up with supplies to last the ranch for six months or a year.

Vern Witherspoon is sure that the building was constructed in 1900. He recalls, "I was here in 1898, and there wasn't a thing about the 'town' except a tent put up where the First State Bank stands now." And in 1899, Witherspoon continues, there were

Highway Crash Injures Three

Three Hereford women were injured, one seriously, and two high school girls escaped with only minor bruises when the car in which they were driving to a football game in Canyon Thursday night skidded on damp pavement and was hit and overturned by a car going east on Highway 60, about 3 miles this side of Canyon.

The injured women were Mrs. Logan Ware, driver of the car, who had a broken leg, broken arm and fractured collar bone, Mary Virginia Eberle, who was cut on the face, and Elyse Wilkins, who suffered severe bruises. The high school girls in the car were Jenette Altman and Lois Henderson.

All three injured persons were taken to a Canyon hospital, where Mrs. Ware is still confined. Miss Wilkins was able to come home Friday morning and Miss Eberle was brought home Sunday.

Local Poultry Raisers Chalk Wins At Tri-State

Jack Wright, his daughter, Jackie Wright, and Foster and O. G. Hill, Jr., chalked up an excellent record in the poultry show at the Tri-State Fair in Amarillo last week, with Wright making a clean sweep of major awards in the solid color bird division.

Wright's awards were as follows: White Rock, 1, 2, Cock; 1, Cockerel; 1, 2, 3, 4, Hen; 1, 2, 3, Pullet.

Best 20 Birds of One Variety (solid colored); Best Pen of Solid-Colored Birds; Best Solid Colored Cock; Best Solid Colored Hen; Best Solid Colored Pullet; Best Cock, Cockerel, Hen and Pullet, One Variety, Solid-Colored.

O. G. Hill, Jr., won 1, 2, 3, 4 for Young Pen, Silver-Spangled Hamburg and rated 1, 2, on Hen, same variety.

Jackie Wright's winnings were as follows: Dark Cornish Bantam, 1, 2, 3, 4, Cockerel; 3, 4, Pullet; 1, 2, 3, Young Pen; 1, 2, Old Pen.

Golden Seibrigh Bantam, 3, 4, Cock; 4, Hen.

Silver Seibrigh Bantam, 1, 2, Cock; 1, 2, 3, 4, Hen.

Two Hereford Boys Join College Bands

Bill Smith, son of Mr. and Mrs. W. J. Smith, formerly of Hereford and now of Rudoso, N. M., and Glenn Smith, son of Mr. and Mrs. Ralph Smith, have both passed try-out tests and are now members of the Eagle Band and the Symphonic Band at N. T. S. T. C. at Denton.

Both boys are graduates of Hereford High School. Glenn entered the Denton College as a freshman and Bill, who has attended Texas Tech and W. T. S. C., Canyon, is a junior.

The Eagle Band is the regular college marching band and both boys had to compete with 345 students for a place in the 70 piece band. Bill holds third chair in the solo section and Glenn holds seventh chair in the cornet section.

Very few first year students get into the Eagle Band and still fewer students pass the tests for both bands. In addition to the band honors both boys will sing in a professional program of 215 voices and Glenn has been notified that he has been selected to appear, with others in the school, in the Dallas Symphony Chorus.

Both boys have been outstanding in music work here, and Glenn won a trip to the National Band Festival on three different occasions.

Special Allot. Feature of New Farm Program

James Elland and Cecil Boyer of the local AAA office this week attended a district meeting at Amarillo at which main features of the 1942 farm program were outlined.

Principal difference between the new program and the 1941 program, Elland states, is that the new program provides for no general allotments.

According to speeches made by Lester Young of the state AAA office and Bill Dryden, district field officer, there will be special allotments for such crops as potatoes, wheat and cotton.

After these allotments have been set, 20 per cent of the cultivated acres in the farm will be devoted to soil conservation practices. The remainder of the acreage may be planted to row crops, maize, kaffir, etc.

Complete details of the program have not yet been worked out, says Elland, but the change from the general to the special allotment system is the most important new feature of the program.

Material For 40 Comforts To Be Made up this Month

Sufficient material to make 40 comforts has been received here and letters were sent out this week to those eligible to receive the comforts to report, to the sales pavilion to work up the material.

Work is under the supervision of Mrs. Allan Bell, who announces that she will be at the pavilion on October 11, 13 and 25 and that those eligible to receive the covers can work on those dates.

Baptist Revival Will Continue Through Sunday

Good crowds are reported at the Baptist meeting which will continue through Sunday night, with Rev. Truman Crouch bringing the special messages.

Instead of morning services home prayer meetings are being held in various parts of town each morning. The meetings are convenient to persons in the neighborhood and a special invitation is extended to everyone to attend them.

As part of a nationwide movement on Nutrition For Defense, a group of home-economics graduates of the county are planning the presentation of a food show, to be held Nov. 1 at 2:30 p. m. in the high school auditorium.

Mrs. Bob Wilson, chairman of the graduates, states that all clubs in the county and home economics students of the high school will co-operate in putting on the food show, which will stress the preparation of attractive, everyday foods and will show complete meals which answer the demand for food easily prepared, rich in nutritive value and at the same time possessing the attractive appearance demanded by the American housewife.

The chairman stresses the fact that the show will be open to everyone in the Hereford territory and that men are especially invited to attend. "The defense idea will be appreciated by men," she explains, adding that the building of national health through adequate diet has now become one of the most important features of the war effort.

Though "Nutrition For Defense" is both a state and national theme, the Hereford women are among the first to do something definite to acquaint the public with the movement, and the meeting here is expected to inspire similar programs in this section.

Women familiar with the objectives of the food show will be on hand to explain features and answer the questions of visitors.

Panhandle Plays Here Tomorrow

Hereford meets Panhandle Friday night in what Coach Logan Ware says will be probably the best game so far this season.

"Panhandle is fast, and has plenty of power," says Coach Ware, and adds, "They're not much heavier than our team, which gives the Whitefaces a little better break than they have had in some of their recent games."

Concerning his team, the coach states that they have looked better in practice this week than at any time since the Sudan game, and with no men likely to be out of the game because of injuries, it looks as though the local boys will be in top form Friday night.

With interest mounting in the possibility of a district championship for the Whitefaces, whose standing in the conference thus far is high, with a paper point margin over other contending teams, Hereford fans are expected to turn out in good numbers for the game Friday night.

Halle Drug Offers One-Cent Sale

Stating that bargains offered now will look especially attractive in view of generally rising prices, Meade Halle this week announced a one cent sale at Halle Drug.

The event offers bargains all over the store, which, coupled with the well-known quality of merchandise, should be popular with customers of the territory.

Inviting customers to see the sale specials, Halle points out that the one cent event is an excellent opportunity to stock up on winter drug needs.

### Kids Would Buy Bonds Recent Poll Reveals

Washington, D. C.— If given \$100 "all his own," one out of every three youngsters in the United States would invest the entire amount in United States Defense Savings Bonds, results of a nation-wide poll just made public indicate.

William T. Reed, Chicago manufacturer, informed the Treasury that ten thousand children between the ages of eight and thirteen were included in the poll conducted by his organization with the cooperation of the Y. M. C. A. and other groups were included in the poll.

Thirty-five per cent of the boys and twenty-eight per cent of the girls, representing thirty-three per cent of all the children in the poll said they would invest the \$100 in Defense Bonds. Forty-seven per cent said they would put the money in the bank, one per cent would buy toys, seven per cent would purchase clothing, and two per cent would take "special lessons."

BY MRS. HOWARD HIGGINS

Mr. and Mrs. C. W. Botts and son, Dale, of Hereford, spent Sunday with her mother, Mrs. J. W. Vick.

There were only 17 present at Sunday School, Sunday afternoon. Next Sunday is Ray Neel's regular appointment. The time of meeting is 3:00 o'clock. Visitors are welcome.

Mrs. John Rector, Jr., and daughter, Sue, returned to their home in Detroit, Mich., Thursday after an extended visit with her brothers, O. B. Clyde and Edgar Russell and their families.

A number from this community attended the Tri-State Fair at Amarillo last week. Among those who went Friday, Hereford's Day, were Mr. and Mrs. Arnold Hershey, Mr. and Mrs. Lewis Harvey and sons, Clyde Neel, Sam and Joe Hershey.

Mr. and Mrs. Dan Higgins spent Saturday night and Sunday with her parents, Mr. and Mrs. J. A. Harris in Canyon.

This community received another shower Friday which with that received the previous week-end left things quite wet. A very hard wind all day Saturday left part of the row crops, that had not been cut, on the ground. The farmers are all busy cutting and shocking feed at the present.

Mr. and Mrs. Ira Ricketts made a business trip to Amarillo Wednesday.

Mrs. G. H. Brookes who had visited her son, E. T. Brookes and Mrs. Brookes, for sometime left recently for Oklahoma City where she will be with her daughter, Miss Virginia Brookes.

Mr. and Mrs. Horace Hershey and son, Homer, left Wednesday for Springfield, Colo., to get their household goods. They planned to return Tuesday to this community where they will

"THIS BOOK ISN'T WORTH READING . . . tear down the Library!"

One bad book doesn't make it a bad library. You wouldn't destroy the library to get rid of a few bad books.

A similar situation holds in the beer industry. The vast majority of beer retailers operate clean, decent law-abiding establishments. Now and then an occasional "black sheep" retailer turns up who violates the law or permits anti-social conditions.

The Beer Industry is now actively working to eliminate such retailers. We want to protect your right to drink good beer and our right to make it.

We also want to protect the economic

benefits of beer. Right here in Texas, beer provides employment for 31,165 persons, supports an annual payroll of \$22,076,182 and contributed \$2,273,968.64 last year in state taxes.

This state, too, has an important stake in Beer's purchases from more than 100 industries supplying the brewing industry with materials, equipment and services.

You, too, can help the cause of moderation by (1) patronizing only the reputable places where beer is sold, and (2) reporting any law violation you may observe to the duly constituted authorities.

"6" OR "8"

IN THESE UNUSUAL TIMES we invite you to inspect an unusual new car—new in its beauty, its comfort, its choice of two fine 90 horsepower engines, 6 cylinders or 8.

See it and you sense at once that here is new style that will stay good for years. On a lower, wider chassis, we have designed new long, low, wide and modern lines.

Interior treatment is entirely fresh, distinctive, pleasing. The beauty of this Ford will more than hold its own in any company.

Inside, the car is big—wide across the seats, generous in knee-room, leg-room, elbow-room. On the road this year you find the "new Ford ride" still further advanced in its softness, quietness, steadiness and all-round comfort.

At the wheel, you will find driving easier than ever. Steering, gear-shifting, action of the big and sure hydraulic brakes have all been made smoother and easier.

In quality, the car is sound to the last detail. Defense requirements have all been met without a single reduction in the basic and lasting goodness of the Ford mechanically. Some new materials have replaced old ones, usually at a greater cost to us, but in every case the new is equal to or better than the old.

If your family needs a new car, go see and drive this Ford. For what it is today and for what it will be through the years ahead, we believe that you will find in it more and better transportation for your money than you have ever found before.

## Seventh District Will Hold Two Institutes Next Week

Seventh District club women will have a choice of time and place when they attend institutes for the Seventh District, Federation of Women's Clubs which are scheduled at Pampa, October 16, and at Levelland, Oct. 17.

Because of the size of the district the two institutes will make it possible for many more club women to attend, according to institute directors who list the following highlights: Mrs. Joseph M. Perkins of Eastland, immediate past president of the Texas Federation and director from Texas to the General Federation will address both meetings on "Defense." Mrs. Meade F. Griffin of Plainview, member of the Texas defense committee, will conduct a symposium. Mrs. J. W. Walker of Plainview, president of the Texas Federation of Women's Clubs, will appear on the programs and Mrs. H. F. Godeke of Lubbock, district president, will lead a discussion on parliamentary law.

The institutes will open at 9 o'clock and lunch at Pampa will be served for 60 cents. At Levelland the luncheon will be a courtesy of the City Federation.

Clubwomen desiring to attend either of the luncheons should get in touch with their local club president.

## Junior Pioneer Club Meets At Home Of Mrs. Wayne Evans

Following outlines on "The American Home in the World Today" in the 1941-42 year books, members of the Junior Pioneer Club enjoyed a program at the home of Mrs. Wayne Evans Tuesday evening.

Roll call was answered with names of books everyone should own. Mrs. Lilburn Ray gave a three minute review of "Federation News" and two talks on the program subject "Education." Mrs. Meade Halle discussed "Adult Education—What is it and Where is it Going." Miss Edna Daughette said in part, "The task to be accomplished by adult education is one of major importance in our time. It demands the combined wisdom of the specialist and the layman; it requires the active cooperation of public officials and citizens. Given such interest and support, it is not too much to expect substantial advances in the years ahead."

Mrs. Meade Halle discussed "The Beauty of Correct Speech and Common Errors in English." Quoting from Reader's Digest Mrs. Halle said "Perhaps the greatest service rendered by the teachers of speech is not a vocal one. Even casual conversation demands that the speaker know something of his subject. Hence students in the speech classes are encouraged to read widely and think deeply."

Members present included Mesdames Homer Brumley, Willis Edelman, Meade Halle, Ralph Hastings, Frank Huckert, Lynn Kester, G. R. Lunsford, Alton Miller, Lilburn Ray, R. S. Scott, Urlin Streu, J. B. Whitlow, Linton Wilson, Miss Edna Daughette and the hostess.

## "Youth And Defense" Is Topic For Club

Members of the L. A. E. Club were entertained at the home of Mrs. Bill Hutson Tuesday afternoon.

Continuing a series of programs on defense, the subject "Youth and Defense" provided interesting topics for study. Roll call was answered with "New Careers for Youth" and Mrs. T. W. Roberson opened the program by discussing Youth in the Service. She reviewed two articles in a recent issue of Readers Digest, "And So You're Drafted" by Temple H. Fielding and "A Year Out of Your Life" by Lyle M. Spencer. Both articles dealt with the daily life of selectees, pointing out the fact that selective service doesn't steal a year of life but that selectees begin to prepare for a return to civil life when they enter the service, not when they are ready to be mustered out. Mrs. Roberson also described the religious influence being fostered in army camps.

Mrs. Jack Deah read "White Cliffs" by Alice Duer Miller. During the business session, members voted to buy a 75 dollar defense bond.

Committees were appointed to assist in arrangements for the Deaf Smith County Federation meeting which will be held at the Presbyterian Church Monday, October 13.

Those present were Mesdames Paul McCollister, George Suggs, T. W. Roberson, A. Petersen, Bob Higgins, Altus Higgins, Jack Dean, and the hostess.

## Roark Y. W. A. Has Meeting

## Bay View Club Begins Study Of The Short Story

Members of the Bay View Club enjoyed the first study program of the year Thursday afternoon at the court house.

Preceding the program Mrs. Travis Dameron, president, welcomed Mrs. R. B. Miller as a new member in the club and Mrs. Sara McLean, chairman of the far book committee, gave a brief analysis of the course of study as outlined in year books. The course of study built around "Adventures in Literature" will deal with "The Short Story," "The Novel," "Drama" and "Poetry." Special days will be observed and social features have been planned.

As a background for a series "The Short Story," Mrs. Knox had gave a brief review of the American Short Story—Yesterday and Today, naming Washington Irving as the father of the American short story. Summing up the contributions of the outstanding early writers, Mrs. Kinard said, "Irving legend, Hawthorne allegorized, Melville standardized, O'Henry humiliated, and Bret Harte localized." She told what to look for

## CHDA NOTES

By Sadie Lee Oliver

There has been much interest in the county recently on the subject of storage structures, and in line with that interest there follows a reprint of some material from a bulletin on the subject recently received at our office:

**Pumpkins and Squash.** Late-maturing varieties of pumpkin and squash as a rule keep better. Another point that will add to the keeping quality is to leave about 2 inches of stem when stored. Select those which are well ripened and matured and free from bruises. Cure in the shade for about two weeks at a temperature of about 80 degrees F. in a well ventilated place to dry the skins.

Store in a dry place at a temperature of about 60 degrees F. placed so that they do not touch each other on the slatter shelves on a deck in cellar or cave.

**PEARS** Pears have a better flavor and texture if gathered after they are mature, but still green, and wrapped and stored to finish ripening in a cool dark storage, either for canning or for eating fresh.

This stage of ripening is known as "mature green" stage. If selected at this stage and stored two or three weeks at a temperature between 60 to 75 degrees F. they will ripen in storage in a few weeks.

**APPLES** Storage for apples is similar to Irish potatoes. Select well-matured, late variety apples with good flavor and color but not too ripe. Store in baskets or crates of one bushel capacity. Store in a cool, well ventilated room just as for white potatoes.

**GREEN TOMATOES** Green tomatoes can be har-

vested and stored for a month or two to ripen.

### DIFFERENT METHODS USED

1. Pull vines before the freeze and hang tops down in well ventilated room where they will not freeze. There should be just enough moisture in the room to prevent shriveling.

2. Pull vines, place tops in bank or pit on a well drained mound.

3. Pick well matured green tomatoes and paint stem and scar with wax made by melting 1 part paraffin, 1 part beeswax and two parts mineral oil. Store in cool, well ventilated place to ripen. Place them so that they do not touch on a slatted shelf or deck in a cellar or cave.

And concerning storage structures, Mrs. Lee Cocanougher has an excellently ventilated cellar. Good ventilation will make a cellar warmer in winter and cooler in summer and will even affect the temperature of the rest of the house.

Mrs. John Kropf, who recently attended the convention of the Texas Home Demonstration Association in Beaumont reported on the meeting Wednesday at the Westway Club, which met with Mrs. Bill Rice.

BY MRS. MERLIN KAUL

Farmers are getting into the fields again after last week's heavy rains. A few still have wheat to sow. Binders are busy cutting feed which is very good this fall. With gardens still green and producing, Jack Frost will not be a welcome visitor.

The V. Skypala and Merlin Kaul homes have been redecorated with paint and paper. Mrs. Grady Wilson had new linoleum laid on her floors last week.

Several here have been suffering with severe colds. Mr. Dickson was confined to his bed Sunday attempting to recover sufficiently to be able to resume teaching Monday. Mrs. Kelly Gray and Mrs. Merlin Kaul are recent victims.

Mr. and Mrs. V. Skypala and sons attended a shower for Miss Elizabeth Wick at Umbarger Sunday afternoon. Miss Wick will be married next week to Norbert Skypala.

Albert Wolfington and Miss Buelah Mae Hollis were married last week at Clovis, N. M. They were accompanied by Buelah Mae's brother and Leola Wolfington. The couple is living at the L. B. Wolfington home at present.

We extend hearty wishes for their success and happiness. Miss Nanette Little is taking a business course from Mrs. McCullough at Hereford. After her school hours she works in Judge A. J. Schroeter's office.

School was dismissed Friday so that the children could attend the Fair. Mr. Jay drove his bus and Mr. Dickson drove his car. Accompanying the children were Mrs. Paul Rudd, Mrs. Orville House, Mrs. Louis Jay, Mrs. Merlin Kaul, Mr. and Mrs. Moody Stephan, Mr. and Mrs. Dickson. Other fair visitors included the families of Paul Mathers, Clarence Morrison, R. L. Wilson, T. B. Cox, Grady Wilson, V. Skypala, Herman Gray and Joe Landers.

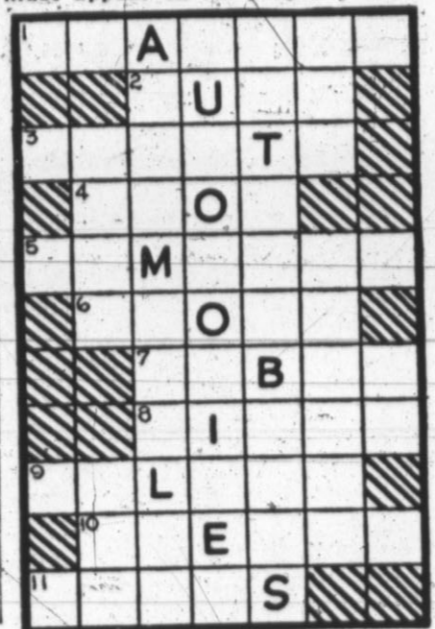

There were 63 present at Sunday School Sunday. Mrs. Elmer Winkler and son, Arnold Powelson, and Rev. and Mrs. Hardy Stevens and children, Sara Jean and Harrell, of Canyon. Loy Cook and Daniel Turrentine of Lubbock were visitors. Charley Frank Smith contributed to the birthday offering. Rev. Stevens preached Sunday morning and night. He is attending WTSC at Canyon. Loy Cook of Lubbock spent the week end with his grandmother, Mrs. H. C. Matteson. Daniel Turrentine of Lubbock spent the week end at his home here.

Mr. and Mrs. R. J. Cherry moved last week from the Louis Jay home to an apartment at Mrs. Wards at Hereford. Mr. Cherry left Monday morning for Carlsbad, N. M., where he has work. Ruth Tucker is staying in Hereford this week with Mrs. Cherry

## Campfire Girls 'Give Service'

Almost 1000 Campfire Girls will attend Camp Talualac, Arden, N. Y., this summer. "Give Service" supplies the theme for the camp, and here the importance of food conservation is taught, in a practical manner.

## Hook and Needle Club Is Entertained In Judson Skaggs Home

Hook and Needle Club members were entertained at the country home of Mrs. Judson Skaggs Friday afternoon.

Others besides the members enjoying the party were Mrs. Alton Miller, Mrs. J. T. Gilbreath, Jr., and Mrs. Ralph Hastings.

Sewing and Red Cross knitting provided entertainment for the afternoon and refreshments were served to the special guests and to club members who included Mesdames James Aiken, Wesley Higgins, A. Petersen, Frank Daniel, H. M. Redford, Robert Veigel and the hostess.

## Executive Board Holds First Session

Plans for a food show as part of the defense program, explanation of the Federation's calendar and completion of arrangements to assist in the entertainment of delegates to the Seventh District Texas Federation of Music Clubs convention, which will be held here next week, formed major topics of discussion for board members of the Deaf Smith County Federation of Clubs at the meeting held Saturday at the court house.

Mrs. Uriin Streu presided and appointed the following committees for the high tea which the County Federation will sponsor Friday afternoon, October 17, at the home of E. B. Black. Mrs. P. H. Gilliland, general chairman; Mrs. Travis Dameron,

tables; Mrs. N. E. Gass, salad; Mrs. Ralph Hastings, sandwiches; Mrs. Noah Ewton, cake; Mrs. Homer Henslee, tea; and Mrs. Alton Fraser, mints. All clubs were asked to turn in their money contributions to Mrs. Gilliland not later than Saturday, October 11.

The president announced that two County Federation committees have been combined and that Mrs. Homer Brumley will now have charge of both the finance and the budget committees.

An invitation from the Friona Woman's Club was read stating that all Deaf Smith County clubs will be entertained at the Woman's club house in Friona with a luncheon on Wednesday, Oct. 22.

Two club institutes were announced, one at Pampa on Oct. 19, and one at Levelland, Oct. 17.

Dates for club conventions were announced, the state convention at Dallas, Nov. 10-11-12, District convention at Lubbock, March 25-26-27 and General

convention in Ft. Worth in April.

Members of the board attending included Mesdames Streu, Bob Wilson, Ralph McCullough, E. T. Brooks, Travis Dameron, G. M. Hudson, J. B. Whitlow, R. G. Blue, D. H. Alexander, J. B. Noland, B. E. Roberson, W. E. Dameron, J. C. McCracken, H. L. Broadwell, R. P. Coneway and T. W. Roberson.

## Let's Cook Something

Modern cooks serve apples often for they are brimful of health-giving goodness and unmatched in savory flavor. There are dozens of apple dishes, both old and new that are really delicious, but here are two recipes that are unusual.

Mrs. Bob Wilson is a home economics graduate and keeps up with new types of cooking, new recipes and new culinary secrets. Here are two of her apple recipes, one old and one new. Try them both.

### ENGLISH APPLE CAKE

- 6 medium-size apples
- 1 cup white sugar
- 1 cup water
- Cinnamon and nutmeg

Peel and slice the apples thin into a medium-size baking dish. Pour the sugar over them and add the water. Sprinkle with cinnamon and nutmeg.

Combine: 1 cup brown sugar; 1 cup flour; 1-2 cup melted butter.

Blend together thoroughly and smooth over apples in baker. Place in moderate oven and bake slowly until brown and apples are tender.

### APPLE STRODEL

Here is a new recipe that comes from the extension department of Texas A. & M. College and Mrs. Wilson recommends it highly.

- 2 cups flour
- 1 egg
- 1-2 cup butter
- 1-2 cup warm water
- 1-2 teaspoon salt

Work these ingredients together and rest awhile-work again and rest some more and then pull out thin on dough-board. Slice unpeeled apples thin and arrange in a layer about 1-1/2 inch thick on dough. Sprinkle with 1 to 1-1/2 cups sugar (according to taste and tartness of apples) melted butter and spices. Coconut may be added if desired. Roll as you would a cinnamon roll but not cut. Bake 1 hour in a moderate oven (350-F) basting two or three times with melted butter.

This is delicious served with coffee. Each serving may be topped with whipped cream, ice-cream or with cheese.

## Mrs. Haile Has Contract Party

Mrs. Meade Haile entertained members of the London Bridge Club with a contract party at her home Thursday afternoon.

Mrs. Kellar Muse played with members of the club. High score prize winner was Mrs. R. R. Willis and Mrs. N. E. Milburn, played second high.

Those enjoying the party were Mesdames Ralph Roden, R. R. Willis, N. E. Milburn, Ernest Medkief, J. M. Posey, J. T. Gilbreath, Jr., Frank Cogdell, Mrs. Muse and the hostess.

## Phebean Class Installs Officers For New Year

Mrs. George Suggs was co-hostess with Mrs. Ira Foster Thursday afternoon when members of the Phebean Class of the First Baptist Church met in regular session at the Foster home.

New leaders for the coming year were installed with Mrs. Ralph McCullough conducting

the service. Leaders named were Mrs. George Suggs, president; Mrs. Jimmie Allred, 1st vice-president; Mrs. Lynn Kester, fellowship vice-president; Mrs. George Clark, class minister; Mrs. J. L. Matthews, stewardship; Mrs. J. B. Whitlow, secretary and treasurer.

Pollyanna gifts were exchanged and names disclosed.

Refreshments were served to Mesdames Carl Gilliland, Jimmie Allred, J. B. Whitlow, Lavene Longbottom, Ralph McCullough, Walter Ayres, L. J. Matthews, Lynn Kester, A. T. Layman, Jimmie Best, Travis Caraway, George McConnell, Geo. Clark, George Suggs, Mrs. Hudson and the hostesses.

## JOBS FOR TOMORROW

The chemical laboratories of the petroleum industry are now laying the foundation for industries of the future.

Out of their research are being created new products and more efficient ways of making old ones. Synthetic rubber, plastics, explosives, basic chemicals and scores of other essentials developed in petroleum laboratories are already being made on a commercial scale.

These scientific discoveries of materials vital to peace-time needs, as well as National defense, are opening up new fields of industrial activity.

Texas as the leading oil State is playing an important part in the creation of these new American enterprises. As a result, many young Texans now preparing themselves in our schools and colleges will find places in the industries resulting from this research.

The test tubes of today make the jobs of tomorrow.

## Wondering about the 1942 cars?

Here is Buick's superb solution to the problems posed by making our national defense, as it should be, industrial America's No. 1 job

BUICK BUILDS FOR DEFENSE

Our assignment: Building Pratt & Whitney valve-in-head aircraft engines for defense use.

IT WAS no time to duck or dodge the facts. So we didn't try.

Instead we said—these being the materials critical in the defense program, we'll do our planning for 1942 with that foremost in mind.

Not merely for an "acceptable" car—certainly not for any "ersatz" number.

We had to have a real and representative Buick. One we could be proud of. One able enough, active enough, durable enough to serve till annual new models are the rule again.

We resolved on a 1942 automobile of such merit as could carry the Buick reputation without fault until other new Buicks, however far off, could come along to refresh it.

Now we're announcing those 1942 cars.

Why waste words telling you how good they are! You can't put language in the gas tank and learn either how many or how enjoyable are the miles you'll get per gallon.

There's a better answer—you drive these cars themselves. Come on, do that! Put your own yardstick on their quality.

It would be a shame, for you and for us, to have you miss the dreadnaught Buick we've built to stand up successfully to the toughest job in years.

No other car has ALL THIS FOR YOU IN 'FORTY-TWO

- FIREBALL STRAIGHT-EIGHT VALVE-IN-HEAD ENGINE
- COMPOUND CARBURETION (standard on most models)
- OIL-CUSHIONED CRANKSHAFT PINS AND JOURNALS
- STURDI-LITE CONNECTING RODS
- STEPON PARKING BRAKE
- BROADRIM WHEELS
- FULLY ADJUSTABLE STEERING POST
- BODY BY FISHER
- WEATHERWARDEN VENT-HEATER (accessory)

# NEWS IN THE WORLD OF RELIGION

By W.W. REID

American Jews have recently contributed \$500,000 to the Jewish National Fund of America and this has been sent to the Jerusalem headquarters of the Fund as a "New Year message of encouragement." It is announced by Dr. Israel Goldstein, president of the organization in America. The Fund is used by the Jewish people for the acquisition to a nearby cornfield to He spots the squirrels when they tion and reclamation of the soil of the Holy Land as property of the race and nation.

The United Lutheran Church is considering a wide expansion of its missionary work in South America, following the recent visit to that continent of Dr. Samuel Texler, head of the United Lutheran Synod of New York, and president of the denomination's Board of Foreign Missions. Dr. Texler is also recommending that some of the young men of South America be brought to theological seminaries in the United States for training for ministry to their native countries. At the present time, the Lutherans have missions in Argentina and British Guiana under the care of a dozen American missionaries and forty national workers.

## GREAT AMERICAN FAMILY . . . By Georg.

"I wonder what makes me so tired? I can hardly hold up my head!"

A number of medical missionaries in both Asia and Africa are looking with interest at successful cures which the U. S. Indian Service has effected for trachoma sufferers among the

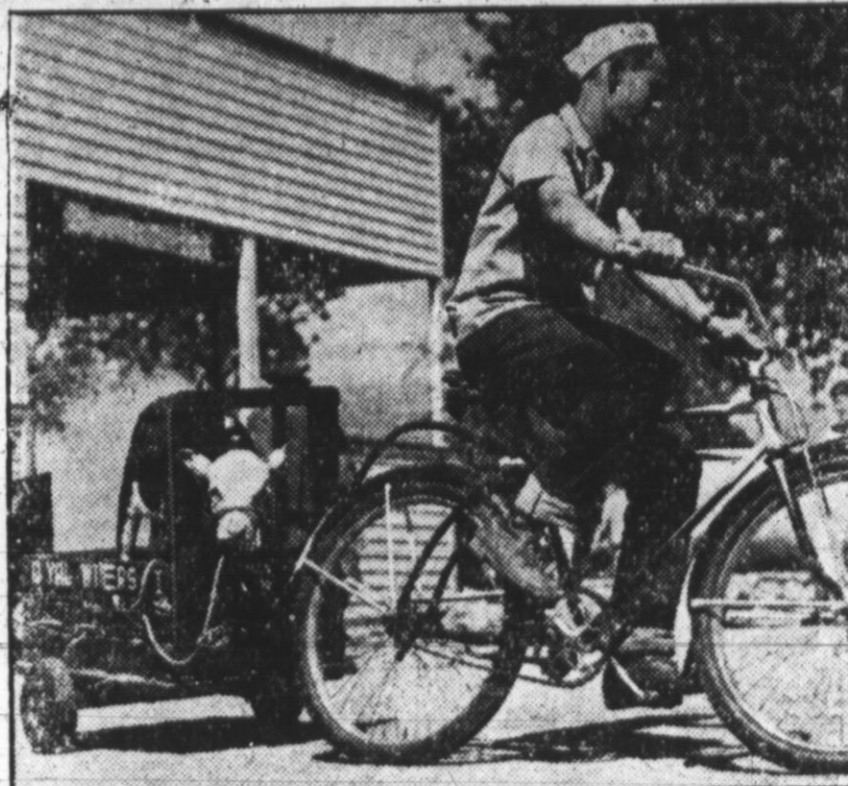

American Indians. If this treatment can be used as effectively by medical missionaries overseas, one of their great problems will be solved. Scientists say that trachoma is endemic over half the world's surface. More than half the trachoma victims in the United States are Indians. Dr. Fred Loe, for twenty years an Indian Service physician, has begun the treatment of several victims by daily doses of sulfanilamide pills taken internally. Heretofore all treatment for the disease has been external. The first Indians to whom the pills were given were discharged as "arrested" within a month. They had been under treatment externally for several years without improvement. Medical men believe this "magic drug" is on the way to conquering trachoma.

Scarritt College, Nashville, Tenn., which prepares young men and young women for Christian and missionary work, claims to have one of the most international student bodies of any school in America. Numbered among its students this fall are representative young people and missionaries-on-furlough from Algeria, Brazil, Burma, China, Congo,

Belge, Cuba, Java, Japan, Korea, Malaya, Mexico, and the Philippine Islands.

"Recent evidences of anti-Jewish prejudice in our own country compel us to speak again a word of solemn warning to the nation," says a statement of the Federal Council of Churches of Christ in America. "Divisiveness on religious or racial grounds is a portentous menace to American democracy. If one group be made the target of attack today, the same spirit of intolerance may be visited on another group tomorrow and the rights and liberties of every group thus be put in jeopardy. We condemn anti-Semitism as un-American. Even more strongly we condemn anti-Semitism as unchristian. In behalf of the Christian churches which comprise the Federal Council we voice our renewed determination to unite in combating every tendency to anti-Semitism in our country. We recognize that a special responsibility rests upon us, who belong to the numerically strongest group, to be staunch advocates of the rights of minorities. We pledge our best efforts in their defense."

**Music Study Club Has First Session In Roberson Home**

Mrs. T. W. Roberson was hostess to members of the Music Study Club at the meeting held Monday afternoon at her home. Mrs. C. R. Smith was leader of the program on American Folk Music which opened the study sessions for the year. The course of study is a continuance of the work begun last year based on "What To Listen For In Music." Programs for the year are built around Inter-American Music, International Music, Religious Music and Light Opera.

The leader for Monday's program pointed out that American Folk Music consists of several parts and so far no one division has been clearly defined. She said in part "The original American music was that of the Indian and his war dance, and next came the Negro with his peculiar rhythm, the spirituals, the work songs and the dance music; and last the cowboy of later times, who was an essential part of the west and southwest. Composers of today have brought folk music to attention by making art music out of it."

Two musical selections were presented to illustrate types of music discussed in the program. Mrs. T. W. Roberson sang "I'm Goin' Home" (Negro Spiritual) by White with Mrs. A. J. Schroeter accompanying at the piano, and Mrs. R. P. Conaway sang "A Little Song of Life" by Malotte with Mrs. W. J. Stanford accompanying.

Members attending the meeting were Mesdames J. E. Beyer, C. C. Acker, H. L. Broadwell, R. P. Conaway, C. H. Dyar, H. K. Fox, J. C. McCracken, G. A. F. Parker, S. P. Rosson, A. J. Schroeter, Glenn Snyder, C. R. Smith, W. J. Stanford, A. O. Thompson, Miss Mattie Mae Swisher and the hostess.

### Cat Prefers Squirrel Diet

The stray housecat that kills so many birds when it gets into the wild, and which has been a big hair in the conversationist's biscuit, now has had another indictment returned against him. The game warden stationed at Angleton reports that Mr. W. R. Fruit of that city has an old

tomcat that feeds on squirrels, do some feeding of their own. Old Tom creeps through the weeds until he is ready to leap, and to date he's been having plenty of luck.

Dr. Charles A. Ainslie and those associated with him in the American Hospital of the Presbyterian Mission, Guatemala City, have given Guatemala three important "firsts": they organized the nation's first school for training nurses, gave the country its first modern sanitary hospital, and introduced the first hospital ambulance. The hospital has been described as an important factor in breaking down prejudice against the evangelical gospel.

# Between the Goal Posts

By Mary Kate Brotherton

With the Canyon game postponed and no definite date set for the contest as yet, it looks like a good time to sum up conference standings and do a little guessing on the chance of the Whitefaces to repeat as district champions.

At present, the standings are as follows:

| Team     | W | L | T | Pct.  |
|----------|---|---|---|-------|
| Hereford | 1 | 0 | 0 | 1.000 |
| Canyon   | 1 | 0 | 0 | 1.000 |
| Dimmitt  | 1 | 2 | 0 | .333  |
| Friena   | 0 | 2 | 0 | .000  |
| Tulia    | 1 | 0 | 0 | 1.000 |
| Dalhart  | 0 | 0 | 0 | .000  |

Which leaves Hereford in the top bracket, and, on the basis of statistics, leader in the conference, with Dalhart having played no conference games as yet and therefore somewhat of an unknown quantity.

The Whitefaces have defeated Dimmitt, which has also been beaten by Canyon. Canyon defeated the Bobcats 25-13, giving the Whitefaces a two point margin over the Eagles. Dimmitt beat Friena 19-0, and Friena was beaten by Tulia 20-0, which gives the Whitefaces what looks to be a good chance to trim both Tulia and Friena.

Dalhart will play Tulia this Friday, with the result showing which team looks to be the stiffest competition which the Herd will meet on their way to a district title.

Since going into the football writing business, we have discovered that every writer worthy of the name—or even unworthy of it (and we are not saying what name) has a sort of guest expert, an official neck-sticker-outer, whose guesses are faithfully quoted by the writer. We are therefore announcing that henceforth all guesses on results in this column are the work of one Abercrombie, who has an intelligent face, a friendly disposition and an enthusiasm for football unmatched in the annals of guest-experts. In fact, we know of no other expert who actually eats footballs—Abercrombie's unique contribution to the story of sports. Abercrombie, while thoughtfully scratching his fleas (which are also practically unmatched) told us that in his considered, doggish opinion, Dalhart should take Tulia this week.

Concerning the Hereford game with Panhandle tomorrow night, Abercrombie is concerned with his fleas and will not be quoted. However, entirely aside from Abercrombie, we hear that Panhandle will be pretty stiff competition for the local boys. They have a heavy team, with a good backline of experienced men. The Whitefaces are going through stiff workout to present any staleness from the two weeks layoff, and fans can look for a good game at Whiteface Field Friday night.

Next conference game will be with Dalhart on Oct. 24, which should be one of the most outstanding games of the season.

## Vega News

MRS. D. E. MCKENDREE

Rain began to fall in Vega early last Sunday morning and has rained every other day or night all week, causing the farmers much delay in saving their bumper row crop, the best in 12 years.

Mr. and Mrs. Demoree Haines were hosts to the friends of Mrs. J. E. Bright, honoring her birthday. About 12 couples enjoyed the occasion. The evening was spent playing 42 and charades.

Mrs. George Bailey and daughter, Pauline, of McLean, left Friday for their home after spending a week visiting Mr. and Mrs. J. T. Shelton.

Mr. and Mrs. Raymond Godwin and daughter, Nancy Lyle, Fritch, were visiting in the J. Watkins and R. C. Godwin homes Saturday night and Sunday.

Word was received Saturday afternoon of the death at Amarillo of Mrs. Myra Balfour. Mrs. Balfour was the widow of the late William (Scotty) Balfour who was county judge of Oidham County for a number of years. Mrs. Balfour is survived by four sons and three daughters. Burial was in the Tasco cemetery Sunday.

Mrs. J. B. Mabry is visiting in the home of Mr. and Mrs. D. W. Tomlinson of Clarendon this week.

Mr. and Mrs. L. W. Landrum have as their guest, Mr. Landrum's sister, Mrs. J. W. Lane of Wichita, Kan.

Mr. and Mrs. C. N. Brewer and children visited in the home of Mr. Brewer's sister, Mrs. Bert Ballard, this week.

Mr. and Mrs. Hugh Knox and daughter, Phyllis Dale, spent Sunday visiting Mr. Knox's parents in Clarendon.

Mr. and Mrs. J. T. Richardson spent Sunday in Hereford in the home of Mrs. Richardson's

parents, Mr. and Mrs. R. L. Doss. A family reunion was held and the six sisters and two brothers with their parents were together for the first time in 28 years.

Rev. and Mrs. Phillip McGaughey and children spent Thursday night in the home of Mrs. McGaughey's parents, Mr. and Mrs. A. M. Miller, enroute to their new home in Albuquerque, N. M., where Rev. McGaughey has accepted the pastorate of the First Baptist Church.

Mrs. Bertha Finley has as her guests this week her little daughter, Jean, also her mother, Mrs. W. J. Baldwin, her brother, A. R. Baldwin and wife all of Brownfield.

Mr. and Mrs. Ray N. Ivy attended a Legion meeting in Friona, Thursday evening.

Mrs. R. M. Thompson of Dalhart visited in the home of her son, Raymond Thompson, this week.

The football game at Adrian between Vega and Adrian had a sad ending for the local boys when they came out on the short end of the score 26 to 6.

Mrs. J. C. McKenzie of Amarillo met with the ladies of the Baptist Church Wednesday in the home of Mrs. A. L. McNabb to organize a Woman's Missionary Society. After serving a covered dish luncheon the group elected the following officers: Mrs. Vada McNabb, president; Mrs. V. W. Allen, vice-president; Mrs. Roy Harrell, recording secretary; Mrs. Audie Morgan, corresponding secretary; Mrs. Owen Williams, Young People's Leader. There were 15 ladies present and many others have expressed a desire to become members.

Mr. and Mrs. Austin Hale of Fritch visited in the homes of Mr. and Mrs. J. L. Watkins and Mr. and Mrs. R. C. Godwin, last week end.

Mrs. Paul Arthur and children returned the first of the week from Kress where they visited relatives.

Dan Eshreshman this week takes over the service station located on Highway 66, formerly operated by K. E. Dygert.

Mrs. Edith Harrell returned to Vega Friday after having spent the past two months in the home of her daughter, Mrs. Arthur Folsom of Stratford.

BULL

By Jimmie Gillentine

There's something about every American which makes him root for the "under-dog." Perhaps this was more evident in the World Series of 1941 than in a long time. Everyone seemed to be pulling for the Brooklyn boys, although very few persons really thought the Dodgers would win. True to form, the Brooklyn lads played their hearts out by super-human effort they would accomplish the impossible and get on an even keel with the Yankees—only to see the mighty Yanks again forge ahead. The whole thing reminded me of my bank balance. About the time it gets out of the red and breaks even something comes along and sends it back into the hole.

Something very Un-American arrived this week in the form of an unsigned letter. The letter criticized officials and conditions in this community, yet the writer was ashamed to place his, or her, name to the letter.

ter. Fortunately the Constitution of the United States provides Freedom of Speech and Freedom of the Press, but this freedom is wasted, of course, if people don't take advantage of it. If the person who wrote this letter thinks enough of his convictions to sign his name to it, The Brand will publish it without charge. Otherwise, it looks like a lost cause, due to the lack of backbone. Is that fair enough?

A week or so ago, I attended a barbecue at Borger, honoring Gov. Coke Stevenson and Dave Warren, president of the Texas Press Association. Although I saw the Governor from a distance, he impressed me as being what we folks out in this country like—"A typical cow man." He spoke briefly, ate, then stuck a pipe between his teeth and shook hands with the crowd of 300 in attendance. Gene Worley, 18th District Congressman, was also in attendance, and I happened to ride out to the barbecue grounds with him. Gene says he likes his work, but he doesn't like the crowded conditions and high cost of living in Washington. He said he rents his home in Shamrock, completely furnished for \$20, and in turn he pays \$75 for a three-room, unfurnished apartment in Washington.

Walter David, who owns an irrigation farm in this community, presided over the affair which was given by the Huber Company of Borger.

The Governor told a story about a cowboy who was asked as to his favorite meal. The old boy said: "Barbecue, a quart of whiskey and a bulldog." The listener immediately knew

According to all rules and regulations there should be a long, loud howl about the new taxes which went on last week. It seems, however, that they must have been over-shadowed by the World Series. You hear practically no complaints as you walk into stores over town.

Sank Ramey. Bury! Elliston, and Elmer Patterson will represent this community at the Dallas Fair and will spend their time in the potato booth. Miles Roberson saw the trio together not long ago and remarked, "Folks who see the booth are not going to figure our potatoes are very fattening after they get a good look at those three fellows." The Hereford exhibit is to be more interesting than ever this year, according to sponsors, and it is expected to attract wide attention.

Last week Jim Lipscomb called my attention to an editorial which appeared in the Amarillo News. It was indeed striking. I wish everyone in the United States might read it. The editorial follows:

A LESSON IN AN AD Do you read the ads? Sometimes you find real literature-inspired commentary on the current American scene—in them. We ran across such an ad last night in last week's issue of News Week.

It was an ad of Warner and Swasey of Cleveland, maker of turret lathes. Although their output undoubtedly has been ordered for months, even years, ahead, since machine tools are among the prime necessities of the defense program, Warner and Swasey are still advertising. This particular page ad did not extol the Warner and Swasey lathe. Rather, it was a plea for national unity in defense; and more eloquent plea probably has never been penned.

The title of the ad is, "Wonder what a Frenchman thinks about." We take the liberty herewith of reprinting the "copy" that follows:

try trampled by his foreign masters.

—as he sees his wife go hungry and his children face a lifetime of serfdom.

What does that Frenchman—soldier, workman, politician or business man—think today? Probably it's something like this—"I wish I had been less greedy for myself and more anxious for my country; I wish I had realized you can't beat off a determined invader by a quarreling, disunited people at home; I wish I had been willing to give in on some of my rights to other Frenchmen instead of giving up all of them to a foreigner; I wish I had realized other Frenchmen had rights, too; I wish I had known that patriotism is work, not talk, giving, not getting."

And if that Frenchman could read our newspapers today, showing pressure groups each demanding things be done for them instead of for our country, wouldn't he say to American business men, politicians, soldiers and workman—"If you knew the horrible penalty your action is bound to bring, you'd bury your differences now before they bury you; you'd work for your country as you never worked before, and wait for your private ambitions until your country is safe. Look at me . . . I worked too little and too late."

Prices received by farmers have increased six points in the past month and are 131 per cent of the 1909-1914 parity average, the highest level in 11 years, says the Agricultural Marketing Service.

LOWE BROTHERS HIGH STANDARD HOUSE PAINT costs less per square foot of surface painted and outlasts ordinary paints—both of these merits are due to its high quality. Some low-grade paints analyzed by recognized laboratories were found to contain 63% of water and other evaporating liquids. This left only 37% of film-forming solids to protect the surface. Lowe Brothers High Standard Liquid Paint contains 90% of protective film-forming solids. Be sure of better results and more pleasing effects before you paint. ## Singers Invited To Take Part In Choir Festival

Every singer in Deaf Smith County is invited to join in the Choir Festival which will be one of the highlights of the Seventh District Music Club Convention which will be held here next week.

Rehearsal for the festival will be held at the Methodist Church next Monday evening at 7:30 p. m. Miss Mattie Mae Swisher will direct the rehearsal and Mrs. J. C. McCracken will be pianist.

Miss Swisher is urging every singer in the county to take part and assist in making the festival an outing event. She has announced that at 4 o'clock on Friday, Oct. 17, a final rehearsal will be held when singers from all over the district will take part. Prof. Emil Meyers of Amarillo will direct. The Choir festival will be presented that evening in connection with the Fine Arts Program at 8 o'clock at the First Baptist Church.

Mr. and Mrs. A. E. Gunnels and son, Leon, of Spur, visited their daughter and sister, Mrs. Jack Beechley and family over the week end. Mr. Beechley, who is attending his trap lines from Channing for the Matador headquarters there, also spent the week end with his family.

Mr. and Mrs. M. H. Zaring, Jr., and son of Santa Rosa, N.

M. spent the week end with Mr. and Mrs. M. H. Zaring, Sr.

Mr. and Mrs. Glenn Hetzler have moved a house to their place south of Adrian which they recently purchased in Canyon. Mr. and Mrs. Claude Bogle and a number of other friends called on Mr. and Mrs. Hetzler in their new home, Sunday.

Juanita Glasscock of Amarillo spent the week end with friends in Adrian.

John Cooper is visiting his son in Amarillo this week.

Due to the rainy week, a number of people did not get to attend the Tri-State Fair in Amarillo. A number of the high school students attended, Thursday, Mr. and Mrs. John Skaggs and Grady attended Friday, Misses Elizabeth Patton, Della Stagner and Marjorie Lewis attended on Friday night, and a great number of Adrian citizens attended on Saturday.

Mrs. E. N. Jacobson and daughter, Norrien, Mr. and Mrs. John Halliburton and daughter, Ruth of Vega, and Mr. and Mrs. John Skaggs and son, Grady, were visitors in the Klein home Sunday afternoon.

A number of Adrian people attended the funeral services of Mrs. Myra Balfour in Amarillo last Sunday. She was a resident of Tascosa.

The annual election of officers for the Adrian Sunday School was conducted following the Sunday school hour, Sunday. Officers were elected as follows: Frank Watson, superintendent; E. N. Jacobson, assistant superintendent; N. L. Jacobson, secretary-treasurer; E. L. Brown, song leader and Mrs. Frank Watson, pianist.

Bobby and Betty Jo Thuett spent Wednesday night and Thursday with their grandparents, Mr. and Mrs. J. W. Thuett at Vega, and with them at the Tri-State Fair.

Lowen Reynolds is assisting Mrs. C. Glasscock at her Adrian ranches.

Mrs. D. W. Foster spent the week end with Mr. Foster in Amarillo.

The Adrian school has added a sound movie machine to its list of purchased equipment. The machine is to be used in the program of visual instruction, and there will be a show given with an admission charge to the general public one night a week. The first show was given Saturday night, with a good crowd in attendance, and roller skating was held in the gymnasium.

The October meeting of the Adrian Parent-Teacher association will be held Tuesday, October 14, at 8:15 p. m. The topic, "The Home In The National

## Seniors Now Practice Law

Did you happen to look out in the hall the seventh period last Friday and see Polly Dixon and Dorothy Banner wandering around like two poor little lost children? Well, don't be alarmed. It was just because they were being cussed and discussed.

The Seniors, it seems, have been studying parliamentary law, and Miss Crawford, eager to see how much the dear little things had learned, turned the whole thing over to them and she wasn't long in finding out.

The whole thing started out when poor Harold Close was elected secretary and started to take minutes. It was all right when they had one motion before the house; but when they had two or three motions and one or two amendments to each, with all the conversation en-  
gaged in, he got disgusted and rose to ask Miss Crawford if he had to go "on in this way." Polly and Dorothy missed half of the fun; because while they were out in the hall being voted on for treasurer, someone (Miss Crawford's idea of a ragged little street urchin) suggested that we set the time of the next meeting. While the class was voting on the amendments, etc., Polly and Dorothy were still patiently waiting in the hall. When they finally were allowed to come back into the room, it was time for the bell.

The Seniors think Parliamentary Law is easy on paper; but when it is put into practice, it isn't so easy. It might be fun to look in on their next meeting, don't you think?

## 'Manners' Is Subject Of Tri-Hi-Y Group

The Tri-Hi-Y opened the program by singing "I Would Be True." Georgianne Miller gave the devotional. The program consisted of a panel discussion with Mary Lookingbill serving as chairman. Those on the program were Betty Jo Kendall discussing "Manners in the Home"; Lillye London, "Manners in School"; Nona Deen Rose, "Manners in Public"; Dorothy Banner, "Manners on the Date." The panel was then thrown open to discussion by the group.

Those present were: Dorothy Banner, Margaret Barrett, Polly Dixon, Betty Dunlap, Carlie Rae Frye, Lois Agnes Glibbreath, Norma Harman, Ruth Temple Hastings, Mary Ellen Henslee, Rachael Ireland, Betty Jo Kendall, Geraldine Kendall, Mattie Lawhon, Lillye London, Mary Lookingbill, Arline Millard, Georgianne Miller, Nadyne Newell, Margaret Olson, Rosemary Phillips, Helen Plummer, Marian Plummer, Phyllis Radovich, Seletta Robinson, Nona Deen Rose, Christene Smith, Juanita Wiseman, Miss Crawford, Barbara Robertson, Katherine Turner, Mildred Sheppard, Elinor Biggs, Billye Self, and Barbara LeGrand. There were two new members: Bonnie Miller and Ellen Posey. Miss Hall was a visitor.

## NO DEFINITE DATE SET FOR GAME WITH CANYON

Many people have inquired about the time for the postponed Hereford-Canyon game. No definite date has yet been set; but since both teams have full schedules till after November 14, the probability is, according to Superintendent Kinnard, that the game, if played at all, will be later than November 14.

## 'Put Your Best Foot Forward' Says F. H. T.

The F. H. T. girls met Wednesday evening in the high school auditorium. Evelyn Walker, program chairman, called the meeting to order.

The business which was discussed was that of the football pencils which are being sold by the F. H. T. members.

The general topic for the program was "Put your best foot forward." Those that gave short talks pertaining to this heading were Coralee Hopson, "Riding on Permanent Waves"; Naomi Brumley, "Shape Up"; Rosella Albracht, "Minor Catastrophe"; and Carlie Rae Frye, "Check on Yourself." The program was concluded by a round table discussion led by Phyllis Radovich.

The meeting was adjourned by singing "Sing Your Way Home."

The members that were present were Kathryn Acker, Helen Atker, Naomi Brumley, Coralee Hopson, Rosella Albracht, Phyllis Radovich, Ana Beth Carter, Betty Jane Robinson, Beverley Fraser, Barbara Robertson, Mary Brock, Ida Brock, Evelyn Walker, Dorothy Banner, Carlie Rae Frye, Helen Frances Elliston, Rosemary Phillips, Juanita Beauford, Marcella Blue, Doris Jo Hodges, Wanda Lee Loyd, Mona Jean Luttrell, Lonidene Martin, Arline Millard, Barbara LeGrand, Geneva Ware, Lorene Storey, Melba Sawyer, Wanda Jean Smith, and Miss Sullivan.

## Five-Point System Set-up

At a meeting in Ft. Worth, Saturday, October 27, the following five point program of work was set up by the Executive Council for the Future Homemakers of Texas:

1. To build self-defense for National Defense.
2. To organize and promote a Community Youth Council.
3. To do our part for Uncle Sam.
4. To be a good neighbor.
5. To participate in the Nutrition Program for National Defense.

The Executive Council consists of the state officers, boys and girls, for 1941-42, State Director of homemaking education, retiring state president, State sponsor, and four homemaking teachers.

## Central Chatter

Central School is glad to have a new teacher, Miss Marie Glasgow, from Ennis, Texas. Miss Glasgow graduated from Baylor University in 1939 and has taught school in Childress.

The eight A class elected officers September 30, 1941. They are president, Bonnie Lou Cooper; vice-president, Jo Ann Robinson; secretary, Jessie Ann Buckner; treasurer, Margaret Norwood; librarian, Helen Miller; caretaker, Weldon Stephen; bulletin board keepers, Don Bookout, Joan Smith, and Wilma Robertson.

Mrs. Elmer Patterson taught the sixth grade Friday, the 26th, for Miss Kirby, who was ill.

In Central School the new pupils are George Burk and Willie Earl Waits of the second grade, and Arthur Burks and Joe Hershey of the third grade.

Well! Well! Gilbert Carlie is an uncle, two nieces at that!

Judging from the number of bouquets on teachers' desk and from the number of boys and girls one sees carrying flowers to school each day, one might think Central children sing "A flower for my teacher" instead of "An Apple For The Teacher."

Many Central students and teachers enjoyed a trip to the Tri-State Fair in Amarillo last Friday. They were to be seen on all of the mid-way rides; and many enjoyed the Midget Show, Ice Palace and the Monkey Show. I wonder if they felt at home in the Monkey Show?

A. D. to Mother: "Mother, do teachers get paid?" Mother: "Yes, dear, why?" A. D.: "I don't think that's right. We do all the work."

## Citizens Contribute; Museum Grows Rapidly

Interest in the H. H. S. Museum is growing and some townspeople have already begun contributing to it. Mrs. E. J. Williams has given the museum a bronze shot-putt used in the Panhandle Christian College and an unmounted buffalo skull. Mr. Kerr has given a side saddle, and has promised two display cases that will be of value in displaying the museum articles.

Students of H. H. S. have contributed many interesting and valuable articles during the past two weeks. Among them were: a bullet mold, used for molding 38-caliber bullets, donated by Seletta Robinson; Chinese chopsticks, donated by Dorothy Banner; Chinese newspaper by Billy Ray Potts; two forty-five year old napkin rings donated by Ida Mae Conklin; a 1924 newspaper announcing the nomination of Miriam Ferguson for governor of Texas, a copy of "Pow-Wow" of H. H. S. school paper in 1926, donated by Russell Daniel; Mexican pottery donated by Edna Wilhelm; a "blue-back" speller a McGuffey Reader, two tin-type pictures, and home-made nails, donated by Clifford Vaughn; and a powder horn, donated by Billy London.

Every two weeks there will be an article on the H. H. S. Museum in the "Whiteface Round-Up."

## BOYS' HI-Y HAS SING-SONG

The Boys' Hi-Y opened the meeting with a sing-song with La Vere Fareing playing the accompaniment. Bruce Beene led the discussion on current events, especially on the war. Members joining for the first time this year and having been present three meetings were voted in.

## IN OTHER CAMPS

Tulia High School will publish an annual again this year. An extensive drive is being conducted this week by the Hornet staff to ascertain the exact demand by students and faculty members for such a book. The freshmen and sophomores will be excluded unless they cooperate.

## Debate News

The Debate Club met in room 23 last Wednesday afternoon for a debate on the question of military conscription as a permanent policy. Those participating in the debate were: Don McCullough, first affirmative; Polly Dixon, second affirmative; Richard Petersen, third affirmative; Margaret Olson first negative; Leo Rudd, second negative; Mondeleen Miles, third negative. Miss Crawford was time-keeper, and Mr. Anderson was chairman.

## How Do You Shoulder Your Responsibilities?

Did you ever stop to think that you have many responsibilities in your home? Or do you? You should have, anyway. Everyone should have his responsibilities in the home, whether he lives on farm or in an apartment, or whether he boards with another family. Are you the kind that shares responsibilities in the home, or do you shirk from your tasks? This has been one of the lessons for the past week of the Boys' Social Problems Class.

For Club day, Thursday, October 1, the class voted on a chart made out by Miss Sullivan to decide who would get to go to the State Rally in the spring. The four students who have the most points will be the ones who will go to the rally. This is the chart that the class will go by:

| Attend Area or district meetings    | Points |
|-------------------------------------|--------|
| Attend socials                      | 10     |
| Be on programs                      | 5-15   |
| Hold an office                      | 5-15   |
| Act as host                         | 5-15   |
| Participate in money making schemes | 5-15   |
| Serve on committees                 | 5-15   |
| Help in other club activities       | 5-15   |
| General Attitude                    | 5-15   |

Miss Sullivan will decide how many points each student will get for doing certain things. La Vere Wareing was elected representative to the Hereford Youth Council.

## Hereford To Put Up Big Fight With Panhandle Tomorrow

The Whitefaces are all ready for the game with Panhandle and are all working towards another victory. They have lots of hustle and are going to try not to disappoint Hereford. Every man has lots of fighting spirit.

Coach Ware says, "Panhandle has been defeated by Canadian 19-0. At the beginning of the football season, the Whitefaces scrimmaged with Canadian and beat them. Panhandle has a big, husky, fast, fighting team and seems to be ready to put up a battle." This report from Coach Ware was given at the end of another week's hard practice.

Assistant Coach Stanton says, "Panhandle plays a good football game, has a strong backfield and a heavy line, and is big." One of the captains, Clifford Vaughn, says, "It will be a tough game, but if the boys will fight together and work hard, we will come through with a victory."

Red Merrill has muscle strain in one of his legs and can hardly run; but the coaches are hoping he will recover his running ability before the game.

L. J. Clark has a bruised rib. He scored in the Sudan game and everyone is looking forward to some more good plays by him.

George Weems has been doing some nice work since his knee has quit bothering him. He didn't get to play the last game because of a bad knee.

Daniel Russell (end) has been catching the old pigskin in all kinds of positions and weather. He is really doing some nice work.

Jack London (co-captain and center) is doing nice work in putting that ball to the backfield. Jack says, "It is going to be a tough game."

## Senior Rings Ordered

The Senior class meeting started off with a bang. The bang consisted of none other than the new student council president, Mr. Jack London, giving a very interesting report on student council activities. Jack presented this in his inimitable manner. Lois Agnes Glibbreath also gave a synopsis of what is going on in the student council these days.

Miss Ramey reported that the senior ring orders were sent off Friday. One might add, seniors, that times are changing—the entire senior class actually got together on this ring business. Maybe everyone is so sure of graduating that he cannot wait until they (the rings) get here; so the money came in on time.

A program committee was chosen from this group of select scholars. Those on it were Mary Ellen Henslee, chairman; Cleon Cawthon; Benny Womble, and Anita Hale.

To terminate the meeting, Donald Ray McCollough gave a clever reading.

## New Juniors Express Opinions of H. H. S.

There are four new Juniors in H. H. S. this year. Here are a few facts about them.

From Portageville, Mo., comes Bonnie Miller. Bonnie's hobby is music. Maybe this needs some explanation; she likes to sing and likes any musical instrument. Bonnie says that she likes our school fine, and her favorite subject is English III.

"Do I like the school? Sure," answered Kenneth Dellis. Kenneth came to Hereford High from Channing, and his favorite subject is typing. Did you ever try collecting arrow heads? Well, this is what Kenneth does as his hobby.

Carlie Rae Frye said that she likes Hereford High, and her favorite subject is advanced civics. Do you like to see picture post cards? If you do, Carlie Rae collects them. She went to Dimmitt High last year.

Like the seniors, the Juniors also have a student from New Mexico. He is Billy Ray Potts from Texico. His favorite subject is physics, and he collects book matches as a hobby. He said if anyone had any book matches to exchange with him, he would be glad to exchange.

## WHAT'S YOUR NICKNAME?

Studying nicknames is a fascinating pastime. That being true, there will be, from time to time, a list of students and their nicknames.

### KEEP YOUR Bank Statements

They are important to you! Check the statement, carefully, early in the month.

File in sequence in a safe, fireproof place. It will be invaluable in many ways.

By writing in what each deposit is for you have a record of your income and expenses which will greatly assist in preparing your income tax return—and many additional people will have to file one for this year.

It contains your checks which are receipts for amounts paid, and in case of dispute, serve as proof of payment. You can't afford to be without a bank account these days, nor can you afford to lose the complete record of it—your bank statement!

# TEXAS OUT-O-DOORS

Austin.—The game department is putting final touches on plans to trap deer in heavily populated ranges and move them to depleted areas, with the expectation that at least 1,000 of the animals will be redistributed this year, the executive secretary of the department announced today.

With the aid of a new type trap that holds only one deer at a time, the department's field men last year trapped and distributed a total of 609 deer, most of which came from the densely populated Aransas Refuge.

Operations will be resumed this year on the Aransas Refuge, and in addition several hundred does will be trapped on the Carl Smith Ranch in Blanco County. A few other deer will be trapped in the Panhandle.

Additional traps have been secured. Last year the field men used 122 traps. Seventy-five additional traps are now being constructed and within a short time will be put into operation, the executive secretary said.

Trapping cannot start until the deer are out of the "velvet". This means that operations should start some time in October.

The field force to man the traps has already been designated. Plans for turkey trapping also are under way. The department trapped and released in depleted ranges a total of 352 wild turkeys last year. Other wildlife releases included 75 raccoons and about 75 beavers, the latter of which are numerous in some parts of the hill country, but are on the downgrade in Eastern Texas. In each instance the animals were removed only after consent had been given by the landowner.

No quail were distributed to sportsmen this year. In other years it had been possible to purchase wild quail from Mexican importers, and up to 20,000 had been distributed on a cooperative basis. But now the Mexican government does not allow exporters to sell quail in the United States.

**DEER HUNTERS FRIEND**  
A 10-year-old doe on the Sid Hyatt ranch near Johnson City has certainly done her part to maintain Texas' reputation as the best deer hunting state in the nation.

During her lifetime the creature has given birth to five sets of triplets and four sets of twins!

The last set of triplets was born in June.

And to make matters better, so far as the sportsman is concerned, the majority of the 23 deer this doe has produced were bucks.

**IT'S FISH, ANYWAY**  
In some Texas streams, particularly in Central and East Texas, you can catch a fish known as the bowfin.

Some people call it a grindie. The other day a fellow town at Brenham came in with a bowfin and or grindie and remarked to a friend: "Well, I just caught a fine 'Cotton-eyed Joe'."

It seems the bowfin, or grindie, is known as the "Cotton-eyed Joe" in that section.

A biologist in the game department, noticing this report, ventured the information that in Louisiana the bowfin, or grindie, or whatever it really is, is called the "Cotton fish".

Another biologist spoke up and said that in Arkansas the fish is called a "Cyprus trout".

The meat of the fish is very white and cottony, and that perhaps led to the agricultural twist to its name.

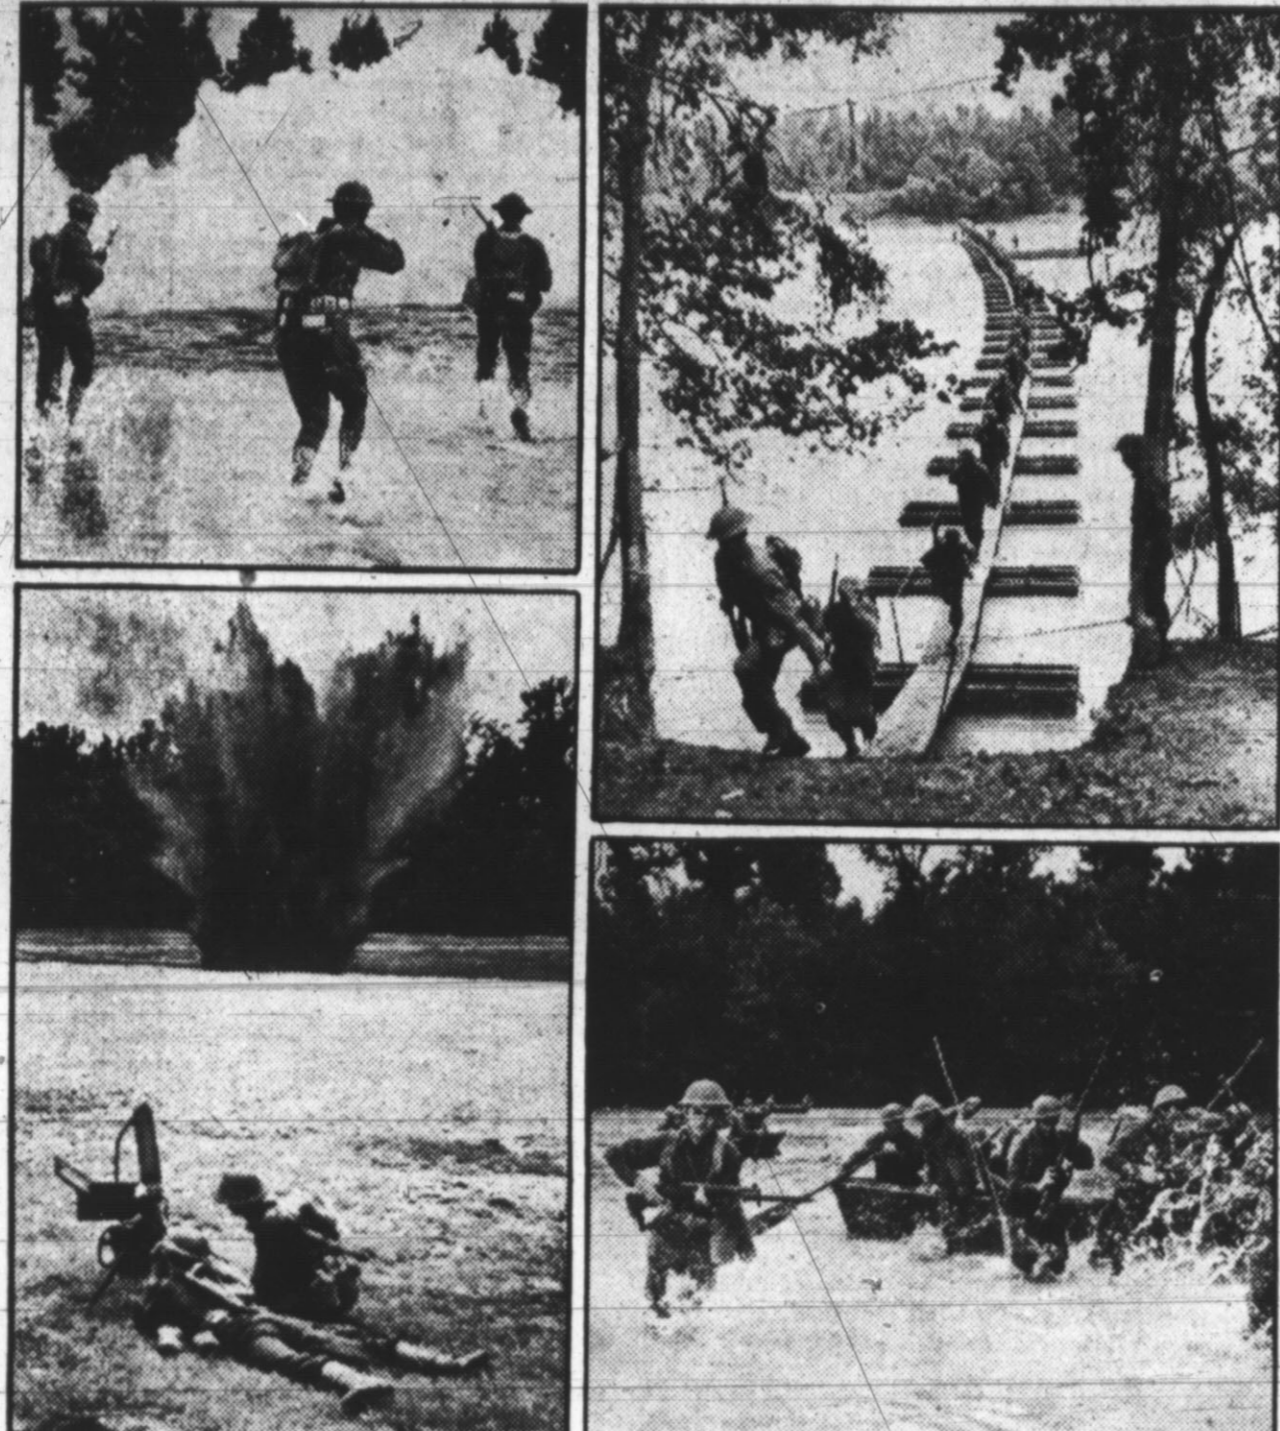

The chief aquatic biologist of the game department announced, incidentally, that the American Fisheries Society is compiling an exhaustive list of the common names of American fishes.

Sportsmen looking back over the brief white-wing dove season in South Texas are much concerned over the future of this bird despite the fact the kill of white-wings this year was relatively good.

Frankly, the executive secretary of the game department had not expected such a good kill, and weeks before the season opened on September 16th it was feared the Federal government, which regulates shooting of migratory birds, would permit no open season at all in Texas.

But the game warden captain for the Southeast and South Texas regions reported to the executive secretary today that 7,345 white-wing hunters, driving into the Valley in 2,658 automobiles, had legally killed and retrieved 72,815 white-wings, or an average of 9.65 birds per hunter during the recent open

## London Clears Her Streets

To save hundreds of thousands of tons of metal and other materials needed for her war effort, London has used the four months' lull in German air raids to clear away bomb wreckage. Four blocks of business premises demolished in the fire blitzes are being cleared here.

## Allotments For Potato Farmers In AAA Program

The Irish potato is up for new consideration under the 1942 AAA farm program, according to Fred Rennels, assistant AAA administrative officer in Texas.

For the first time, Texas potato growers will receive allotments, yields and conservation payments for complying with provisions of the AAA program, he said. The 1942 acreage allotment has been announced at 60,238 acres and a yield of 82 bushels per acre.

The allotment includes commercial and noncommercial growers but yields will be set only for commercial farms, the AAA official said. Basis for the Texas allotment is the acreage of commercial and noncommercial potatoes harvested during 1936-1940 with a trend adjustment based on the 1940 and 1941 acreage.

Rennels pointed out that commercial potato farms are farms on which an average of three or more acres were harvested during 1939 to 1941 or on which three or more acres will be harvested in 1942. Conservation payments, to be earned only on commercial farms, will be based on acreage allotments and normal yields. Deductions for exceeding allotments will be approximately ten times the regular payment rate.

Allotments will not be established for farms having harvested acreage of less than three acres and no penalties will be made on these farms, he said.

Apologies are offered to Mark Hanna, whose name was left out of the story on the Hereford exhibit at the Dallas Fair last week. Hanna contributed two sacks of fine onions, says E. B. Posey, who admits that onions should not be so easy to forget.

At all sessions there will be some form of special music featured. Luncheon for the delegates will be held at the Presbyterian Church (price of meal 75 cents.) At 1:30 the busi-

ness session will be continued and at 4 o'clock the Choir Festival Rehearsal will be held.

**Tea Is Highlight**  
Social highlight of the convention will be the high tea which will be held at the E. B. Black home, courtesy of the Deaf Smith County Federation of Women's Clubs. The tea will be held at 6:00 p. m. and one of the features of entertainment will be music presented by a Wayland College Students Organization consisting of some twenty singers.

At 8 o'clock the Fine Arts program will be presented at the First Baptist Church and will be followed by a social hour under the direction of Mr. and Mrs. J. R. Stroble.

**Junior Day**  
Saturday will be Junior Day. After registering at 9 o'clock, business sessions will be held and at 11:30 o'clock a massed District Junior Chorus will be presented. Mrs. Wendall Helney of Amarillo is Junior Counselor. At noon the Voco Club will be hosts at a luncheon (price 35 cents) and the Junior Fine Arts program at 1:30 will conclude the convention program.

Mrs. H. L. Broadwell is general chairman of the convention, Mrs. A. O. Thompson is seventh district president and Mrs. J. C. McCracken is president of the Music Study Club.
