ROCK PILE

Mrs. George V. Stambaugh thinks rocks of any kind have no place in anybody's back yard. She came to that conclusion one day last week when she stepped on a rock just outside her back door and twisted her ankle, resulting in a bad strain. Now it's the rock pile for George, who is busy doing away with all the rocks in, near, and around about the Stambaugh premises.

Mr. and Mrs. R. S. Scott have installed a telephone in their new home but Tuesday Mrs. Scott forgot all about it and drove down to the Brand office, as usual, to find out when Mr. Scott wanted to come home.

New "Messiah" Choruses Are To Be Practiced

Study of new choruses to be presented in Handel's "Messiah" was begun Monday night as the Hereford Civic Chorus met in regular practice. J. R. Strobbe assisted in the new studies.

Several new members were out for the practice, which is being held every Monday night at the First Methodist Church at 7:30. Because of the new choruses, Miss Mattie Mae Swisher, director, is urging that every one attend future meetings.

Several civic choruses from other towns will aid in the Hereford presentation on December 8, Miss Swisher said.

Annual roll call of the Red Cross was begun Tuesday morning of this week with indications that a large majority of Hereford persons were contacted on the first day of the call. H. V. Hennen, chairman, announced today.

"Despite the bad weather, it looks like we have made a mighty strong start," Mr. Hennen said.

The roll call is being carried through by more than 200 workers this year, and a good response is being given by persons approached.

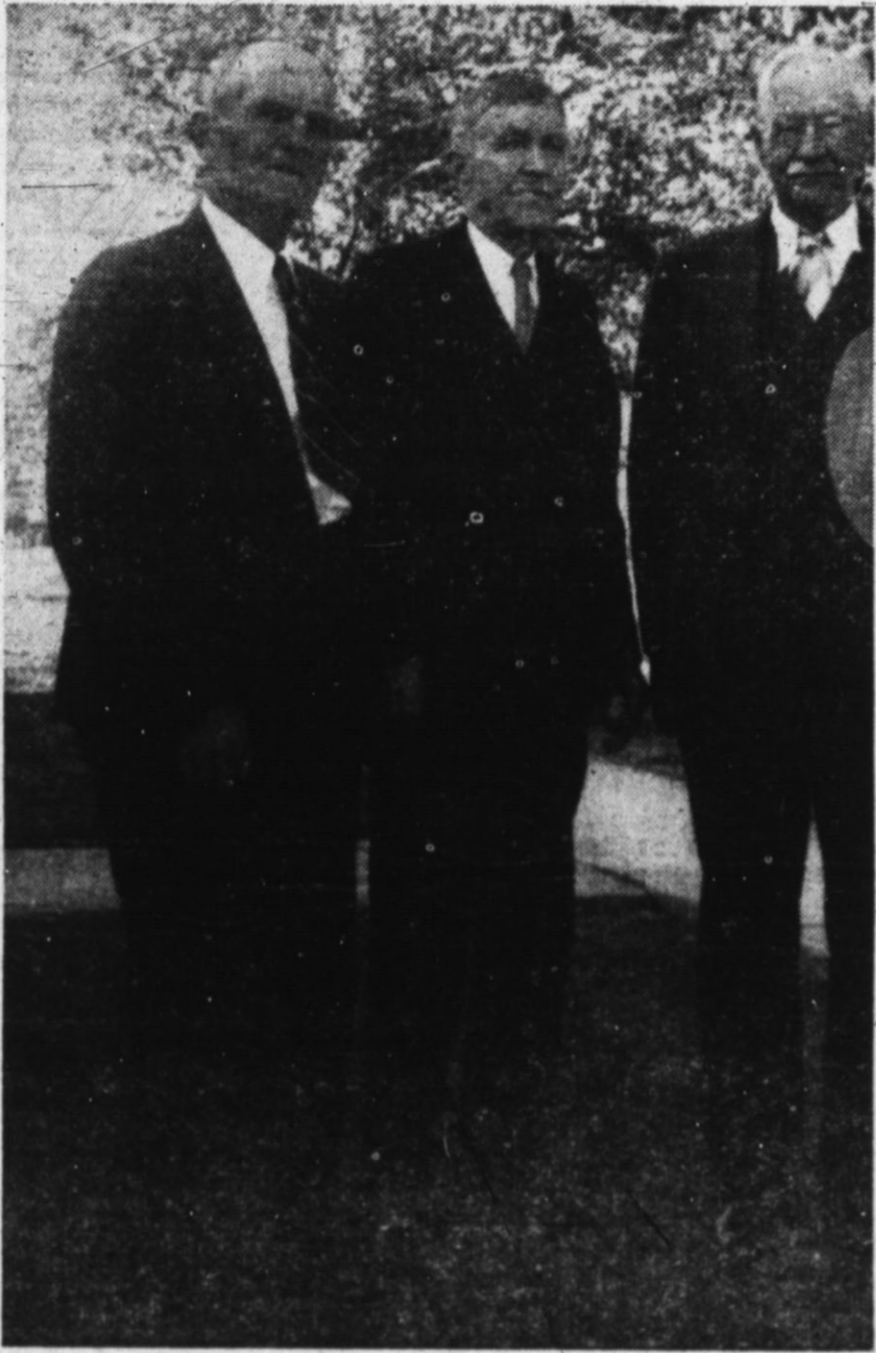

Hard-Boiled Legion Judge Rivals Roy Bean

They're All Guilty! Fines Collected To Aid School Cafeteria

By LEONARD FOSTER A regular session of the Hereford Post No. 192, American Legion Police Court, was begun and held at its station on the corner of 2nd and Main on Monday morning, November 11th, with the Hon. Chas. W. Bennett, Police Judge, present and presiding. Arch Dobbins, Harry Taylor, Albert Saltzman, Herschel Miller, and many other legionnaires, with little blue bands around their left arms, lettered "M. P.", acted as sheriff and deputies to bring all violators of the law before the bar to face the stern and hard-boiled Judge, whose sentences and decisions reminded one of that noted jurist, Roy Bean, in the "Law West of the Pecos," and many there were who endeavored to present their motions for appeal or renderings only to heard the harsh voice of the presiding judge saying: "Them's my rulin's and this judgement is final!"

An unusually heavy docket was before the Court, and the following cases were disposed of before adjournment was made about 4:30 in the afternoon: Joe Sheppard, failure to close on Armistice, 35c; Mrs. Willoughby, holding out on Meade Halle, 25c; C. M. Carpenter, raising too many onions, 50c; Pick Harmon, rolling up the awning, 25c; Lee Conklin, rent on sorry table, 25c; Rat Roe, stopping on bus stop, 25c; Lyle Blanton, working on Armistice, 25c; Abe Martin, vagrancy, 15c; Cliff Acker, stopping on bus sign, 25c; Colby Conkright, stopping on bus sign, 25c; Louis Woodford, gambled, 1.00; Tom Carroll, working for Hudson Grocery, 50c; Chas. W. Cogdell, for being smart, 60c; W. F. Hickman, jaywalking, 50c; James C. Gilliland, working on Armistice, 25c; Pleas Turnbow, celebrating on armistice, 25c; C. J. Paddock, being short, 10c; Mrs. Virginia Wallace, using finger in coffee for sugar, 25c; Speck Lunsford, operating pie-

Nancy Binford And "Kentucky" To Represent Hereford At Fort Worth

Fort Worth--Make way, Mr. and Mrs. Fort Worth and Mama Texas--Kentucky's comin' to town. No, he's not the bewhiskered colonel you see on bottles (in windows, only, of course), but he's something better, all on account of who's coming along with him to the All-American Rodeo and Horse show, which will be here Nov. 15-24.

For your information, Kentucky is just about the prettiest five-year-old chestnut-colored horse you've ever seen.

Right now he's in school--at least he's with his mistress who is attending Texas Technological College at Lubbock, and who, incidentally, will accompany her here to take part in the festivities of Will Rogers Day, Nov. 15.

Her name? Oh yes, it's Nancy Binford, who will represent her home town of Hereford in the queen's contest.

She slings mean tennis racket and aspires to be a tennis coach in a girl's camp. She'd like to coach horseback riding, too. Nancy will be busy in the morning and up until parade time attending breakfasts, luncheons, coffees, teas and what have you. In the parade the 200 queens and equally as many society girls of Fort Worth will ride alongside celebrities. More than 1200 persons will be on horseback in the parade, and that's to say nothing of numerous visiting bands, sheriffs, police and state highway men. They'll mingle with the celebrities at a buffalo barbecue and then take part in the color-

Girls Glee Club To Present Concert Tonight

"American Life in Song" is the title of the concert which will be given tonight by the high school Girls Glee Club, under direction of Miss Thelma McMinn, in the high school auditorium beginning at 7:30. The public is cordially invited. Miss McMinn announced, and there will be no admission charge.

The club will present the different stages of American life from the Colonial days to the present, through their songs. There will be characters from the old Negro mammy to candied dolls and wooden soldiers. The program consists of chorus numbers, solos, quartets and a chalk talk. Some of the numbers on the program are: After the Ball, I Dream of Jeanie, Grandfather's Clock, Parade of the Wooden Soldiers, St. Louis Blues, Short-nin Bread, Barcarolle from Tales of Hoffman, and others.

Girls taking special parts include Troyce Stambaugh, Frances Erdman, Jean France, Agnes Albracht, Mildred Bowsher, Polly Dixon, Phyllis Radovich, and Mr. Ralph Smith, violinist.

County Road Bond Election Being Talked

Due to considerable discussion, pro and con, some saying that Deaf Smith county is "sticking its neck out" and others saying that the county has "everything to gain and nothing to lose," the Brand reprints below from the petition to the Commissioners' Court the statement regarding state assumption of the bonds.

"But it is herein expressly stipulated that if the proposition for the issuance of the proposed bonds is approved by the necessary vote of the qualified electors of said county at such election, the bonds will be issued and sold and the tax levied in payment thereof when and only when the county receives from the State Highway Commission and the Board of County and District Road Indebtedness definite assurance that the roads hereinabove described will be taken over, acquired or purchased by the State of Texas, and that the principal of and interest on said bonds will be paid out of funds lawfully appropriated or set aside for that purpose by the proper state agency; provided, however, that nothing herein shall be construed as releasing the Commissioners' Court, or any other County officials, from discharging and performing any and all duties devolved upon them by law in respect of

the roads hereinabove described. (Continued on Page 12)

Memphis Cyclone To Renew Old Rivalry With Whitefaces In Game Here Friday Afternoon

Phillips Likely To Be Winner In District 2-A

Hereford's opponent in the Bi-District Championship clash is almost certain to be the Phillips Blackhaws, according to all available dope. The Blackhaws have a record of eight straight wins this season with no losses. Their wins include a 14-6 tilt over Panhandle, previously considered to be one of the title contenders and a 16-0 licking they handed the Perryton Rangers last week. Phillips has yet to win over White Deer and if they beat the Bucks they will have clinched championship of District 2-A. Phillips has a good edge over White Deer. Panhandle beat the Bucks 7-0. Canadian also walloped the Bucks and Phillips beat Canadian. Phillips also holds a victory over Dumas.

Whiteface Champs Ready For Invasion From District 3-A

The Memphis Cyclone will hurl a starting line-up averaging 162 pounds against the Champion Hereford Whitefaces on White-face Field Friday afternoon at 2:30 in what may be the fans last opportunity to see the "Champs" in action on the home gridiron.

The game will renew the rivalry of 1928 when Hereford and Memphis played to a 6-6 tie at Memphis. Not only was the score a tie, but the downs and penetrations were also a tie. Memphis came to Hereford then and the Whitefaces won the game by one touchdown for the Bi-District title, 13-6.

Squad average for the Cyclone is 156 as compared with Hereford's 153, which is just about what the Whiteface starting

Volunteers May Fill Quota In Draft Call

Deaf Smith County's draft quota in the first call is two, Frank E. Civan, chairman of the local board, announced this week. This quota will probably be more than covered by the four registrants who have volunteered since the order numbers were assigned.

Two hundred and fifty questionnaires have been sent out, the board announced this morning, and they are being promptly returned. Each registrant is allowed five days to fill out and return his questionnaire. Time is counted from the time the questionnaire is mailed, and is counted against a registrant even if he fails to receive the questionnaire. Questionnaires have been mailed in this county to registrants with order numbers up to and including 250.

Registrants who have offered themselves as volunteers are Ervin Hiram Ward, order number 273; Douglas Wilson Beene, order number 362; Randolph Hyde, 592; and J. B. Joiner, 705.

The following persons constitute the Advisory Board for Deaf Smith county. These persons will advise with, and assist registrants in filling out the questionnaires: Cliff Estes, R. L. Thompson, J. C. Ricketts, C. W. Cogdell, Jimmie Giltentine, A. (Continued on Page 12)

Parking spaces at the Memphis-Hereford game will be sold at 25c each. G. M. Hudson, high school principal, announced today. All parking reservations made at the first of the season are now void since Hereford's scheduled season is over. However, persons desiring to keep their present spaces may reserve them by calling the high school, 379, by Friday (tomorrow) noon. All spaces not reserved by that time will be offered for sale to the general public.

A petition was being circulated this morning asking that business houses close tomorrow from 2:30 to 5:30 for the ball game and it is thought likely that most stores will close.

line-up will average. Despite a slight advantage in weight over the Whitefaces the game Friday afternoon is expected to be one of the best played on the local grid this season and will probably compare with the Dumas and White Deer games for thrills and closeness.

The Cyclone, in District 3-A, a rough and tough district, holds wins over Mobeetie, 6-0; Lakeview, 12-0, and ties with Wellington, 0-0, and Lefors, 13-13. They lost a game last week to the Clarendon Broncs, probable champs of that district, 6-0.

Memphis will be playing in Hereford in a post-season game for them, with everything to win and nothing to lose and reports from Memphis indicate that the Cyclone is in a mood to blow the high flying Whitefaces off the gridiron.

Hereford, now that they've clinched the district title, are ready to show the home folks (Continued on Page 12)

## Ruth Easter's Marriage To J. R. Hays Is Held

The marriage of Miss Ruth Easter, daughter of Mr. and Mrs. Walter Easter, and J. R. Hays, son of A. C. Hays, took place Saturday evening at 7:30 o'clock at the First Baptist Church. Rev. Marver Upton, ministerial student at Wayland College and former school mate of the bride, performed the ceremony.

Attending the couple were Miss Ruth Harding, Vondel Houser, Miss Laveda Cox and James Barnett of Black.

The bride was attractive in a soldier blue suit made with fitted coat. She wore a tall turban in black and wore black accessories. Her flowers were gardenias showered with tuberose which she carried on a white prayer book, the gift of an aunt and uncle, Mr. and Mrs. James L. Green, of Dallas. Her something old was a diamond brooch, also a gift of the aunt who wore the brooch when a girl, and who gave it to her namesake, as a wedding gift. The bride's borrowed something was a ring belonging to a cousin.

After the ceremony Mr. and Mrs. Hays left for Denver, Colo., on a short wedding trip after which they will be at home at the Hayes home on Avenue G.

Mrs. Hays graduated from Hereford High School in 1936 and attended a business school in Amarillo. At the time of her marriage she was employed at the Rosson Implement Company.

Mr. Hays attended school at Bailey, Texas and he is employed as parts man at Rosson Implement Company.

## Debate Featured At Club Meeting

"The Public Health is the foundation on which rests the happiness of the people and the welfare of the nation" is the quotation heading the Nov. 12 program in yearbooks for the Pioneer Study Club. The meeting was held at the home of Noah Ewton with Mrs. Carl Frye assisting.

The central theme dealt with "Co-operative Medicine in the United States" and the highlight was a debate; "Resolved: That Socialized Medicine would be of benefit to the American people." Mrs. B. E. Roberson and Mrs. H. D. Reed spoke on the affirmative and Mrs. E. S. Ireland and Mrs. J. M. Gilliland presented the negative viewpoint. Judges were Mrs. Al Werner, Mrs. Carl Frye and Mrs. Sam Hunter, who decided in favor of the affirmative.

Mrs. O. G. Hill reviewed the book "A Doctor for the People" by Dr. M. A. Shadid, who advocated socialized medicine.

So much interest was evinced in the program that it was decided to entertain husbands in the near future and repeat the program.

During the business session the club adopted a family for which members will arrange a basket at Thanksgiving time.

Attending the meeting were Mesdames Horace Baird, Noah Ewton, Burl France, Carl Frye, N. E. Gass, J. M. Gilliland, O. G. Hill, E. S. Ireland, J. B. Jones, Marvin Norwood, H. D. Reed, B. E. Roberson, T. E. Siegler, Frank Terrell, Al Werner, and Sam Hunter, a new member.

## Armistice Day Celebration Is Legion Event

Twenty second annual celebration of Armistice Day was held by the American Legion and the Auxiliary at the Presbyterian church Monday evening.

The observance was in the form of a banquet with Reed Williams in charge of arrangements. The program was arranged by Ralph Smith. The decorating and table committee consisted of Mesdames Paul Mathers, N. E. Milburn, Frank Gyles, James Aiken and Will S. Kerr.

Decorations were in keeping with commemoration of the occasion with large American flags displayed about the church and the Legion colors of orange and white used in the program and menu. The Legion emblem in black marked the programs on the outside. Small American flags were at each place and dark red and white chrysanthemums centered the three long tables which were arranged for over 100 guests.

Rev. H. M. Redford acted as toastmaster and J. C. Ricketts gave the invocation. "America" was sung in unison by the entire group and special music was furnished by Miss Ruth Harding, accordionist, and Darrell Harkins.

Mrs. Hettie Cochell was introduced as the "Gold Star Mother" and an informal series of questions and answers were directed by the toastmaster who succeeded in bringing to light the whereabouts of each legionnaire on the eleventh day of November twenty two years ago.

The benediction by Rev. Redford closed the patriotic affair. Out-of-town guests were members of the Friona Post from Friona and Farwell.

Because through education over half of these deaths may be prevented.

Because in every crisis where human life has been at stake women have never failed to respond. The Women's Field Army—a nation-wide organization—sends out a call to women all over the land to join its ranks in a campaign to save human lives.

Through the State Divisions and local units all groups as well as individuals will be given an opportunity to serve. In each state a State Commander has been selected who in turn has appointed County Captains in each county and they are busy organizing and planning a systematic educational program which will have for its chief objective the reducing of cancer

## "Skin Deep" Is Reviewed For Summerfield Club

Many cosmetics when examined are found to contain injurious ingredients. Preparations which are sold for as much as a dollar have been found to contain only a few cents worth of materials.

These facts were brought out at Thursday afternoon's meeting of the Summerfield Study Club at the home of Mrs. A. L. Behrends, by Mrs. Tandy Legg, who reviewed "Skin Deep" by Mary Catherine Phillips.

Mrs. Legg quoted the author who says the book is addressed to the women who, following the dictates of fashion, are pouring their money into the coffers of the cosmetic manufacturers for inferior, and often harmful, preparations.

Mrs. Chas. Noland, magazine reader for the program, chose "Let Yourself Go-Relax" by Leonard Allen found in the September Hygia. She quoted Mr. Allen who says "Make physical

### Let's Cook Something

The housewives of old Mexico are cooks supreme. To them cooking is a ceremony and must be done with painstaking care.

Hot tamales are favorites with Mexican families and some Americans are especially fond of them.

Twenty two years ago some Mexicans were picking cotton for the O. E. Sherman family in Vernon and because they were all fond of Mexican food Mrs. Sherman asked one of the Mexican women to tell her how to make hot tamales.

#### HOT TAMALES

- 2 lbs. beef (flank or neck)
- 2 cups corn meal
- 1 cup flour
- 1 tablespoon chili powder
- 1-2 teaspoon cayenne pepper
- 1 teaspoon garlic or onion salt.

Cook meat in salted water until tender (there should be about four cups of liquid left when meat is done) and grind in sausage mill. Bring a part of the liquid, in which the meat was cooked, to a boil and stir into the meal and flour which have been sifted together.

### Betrothal Announced At Dinner Ceremony To Take Place Dec. 24th

Mrs. H. D. Reed entertained with a dinner Thursday evening at her home, announcing the engagement and approaching marriage of her daughter, Miss Virginia Erle Reed, to Darrell P. Stagers, son of Mr. and Mrs. T. F. Stagers of Sherman.

The wedding will take place at the home of the parents of the bride-elect on December 24. Green and white, the bride-elect's chosen colors, were used in decorations.

### "To Have And To Hold American Democracy" Theme For Texas Federation Women's Clubs

Among the two hundred fifty or more Seventh District women who are attending the forty-third annual convention of the Texas Federation of Women's Clubs which opened Monday in the state house at Austin, are ten Hereford women who boarded a special chartered bus at Canyon Tuesday morning.

The first contested president's race in a number of years promised to eclipse the business and program sessions of the convention in interest.

The two candidates, Mrs. J. W. Walker of Plainview, Seventh District's candidate, and Mrs. O. H. Carlisle of Houston have been carrying on active campaigns since the district conventions in the spring.

### Mrs. Lipscomb Is Named President Of Garden Club

The home of Miss Sadie Lee Oliver was decorated throughout with chrysanthemums in shades of red, orange, rust and gold, combined with delphinium and gallardia when Mrs. Clyde Coganougher was hostess there for the regular meeting of the Garden Club.

Mrs. N. E. Gass, president, presided over the business meeting when members voted to federate the club with the State Federation of Garden Clubs. New officers were elected.

Installation rites for the new officers will be conducted at the next meeting which will close the year's work. The luncheon will be held at the home of Mrs. Gass on November 22.

The program for the afternoon was built around Christmas Lighting Decorations. Roll call featured gift suggestions for the gardener.

Miss Oliver told of indoor lighting arrangements, suggesting the use of light as a symbol, not just an arrangement. She spoke of the candle in the window, which bespeaks love and peace.

Members of the club also voted to co-operate with the Lions Club in sponsoring an out-door decorating contest for homes at Christmas time.

### Chorus Elects Officers

The all-girl chorus of the Baptist Church which has recently been organized, elected officers at the last meeting. The chorus is made up of girls between the ages of 13-20.

### Why does Phillips 66 Poly Gas start cold motors faster?

Because it is higher test... more volatile! Not merely higher-test than other gasolines which sell at the same price, but actually higher test than most premium gasolines which sell for 2¢ more per gallon.

IMPORTANT NOTE:—This remarkable fact was proved by scientific laboratory study of 303 separate samples of 19 different premium gasolines.

Is volatility important? Here is what the impartial Petroleum Marketer Magazine says, August 1940 issue, page 9:

"...the successful operation of a gasoline in an automobile engine depends more upon volatility than upon any other factor."

So when you want faster cold-weather starting, remember that Phillips 66 Poly Gas is higher test, more volatile, than others. Loaded with extra instant-firing elements. Ready to vaporize more quickly.

Why don't you have to pay extra for this extra high test? Because Phillips is the WORLD'S LARGEST PRODUCER of natural high test gasoline.

CHUKARS MAY HAVE ONE CHANCE

After experimenting with the Chukar Partridge for more than two years in all sections of Texas, State Game Department biologists have reached the conclusion there is but one area in Texas in which the birds have a good chance to spread and populate the country side.

The Chukar was imported from India and attempts to adapt them to the United States is being made by more than a score of states. Birds were planted in many areas in Texas and various methods of propagating

Pioneers In Christian Church

Part of a group of pioneer members of the First Christian Church are shown above. Seated, left to right, are A. H. Elliston, and R. H. Norton. Standing, left to right, are C. R. Hill, Ben Wright, J. H. Head, C. H. Dyar, C. R. Smith, F. H. Oberthier, E. E. Ramsey and the pastor, H. M. Redford.

And Thanks, God, for a Safe Crossing

them attempted. However, in most sections they disappeared. A few times they appeared forty to fifty miles from where they were liberated.

Plantings in Brewster County were made fairly near ranch houses and the birds have gradually spread until they are now in areas two to three miles from the ranch houses and are apparently prospering. Biologists, while now believing this is the only area in which the bird may do well, are withholding final opinion for at least another year.

WINTER FOOD FOR QUAIL

This is the time of the year when landowners should start thinking about feeding quail during the rugged days of winter and the time when sportsmen should urge the owners of their favorite quail shooting grounds to help the birds.

With a marked increase in Bobwhites being reported from many sections of Texas, it is more necessary than ever to leave food standing for these birds. It is pointed out by the executive secretary of the Game Department. A few rows of grain left standing at the field edges, close to natural cover, is the best insurance possible for carrying over the game and insectivorous birds into next year.

Emergency feeding is not nearly as effective as proper preparation against food shortages, the executive secretary pointed out. One of the best plans is that of leaving small grains near the edges of fields. Hundreds of farmers in Texas are building shelters for quail under supervision of the Game Department.

G. M. Hudson is another man who is breaking over and admitting that he understands how I feel when folks say they can't see how I was young enough to register. Mr. Hudson even sympathizes with me. It seems he is in about the same shape. People can't understand why he is not a member of the American Legion—and he says he was a very small lad at the time of the World War I. He says it is really embarrassing to have people think he is older than he really is. I told him if he was a little boy during the war he sure has grown a lot since it ended.

Here are a couple more sketches telling where World War veterans were when the Armistice was signed: "I was about 17 miles out of Metz, France, on the front. Company L, 58th Infantry, 4th division. It was good news to me." —Chas. E. Heed "I was stationed at Romante, France, in Company 1106, Air Sq. on guard duty when word was received of the Armistice." —Otto Z. Chitwood

You can chalk up the joke of the week against City Marshall Ed Curtisinger. In the discharge of his official duties Ed made a mistake last week and he has been keeping it plenty quiet. He saw a fellow leave Main Street and start up Third Street Saturday morning and noticed that the fellow was somewhat faltering in his gait. Ed figured that an intoxicated man should be in jail, so he went over and took the fellow by the arm. The man, who turned out to be A. N. Hopson, protested a little and said, "Let me explain." "You can explain to the judge," Ed retorted and continued dragging Mr. Hopson up the street. By the time they got to the REA office, Ed realized something was wrong and released Mr. Hopson for a little discussion. Ed was finally convinced that Mr. Hopson underwent a brain operation in 1934 and that he was really paralyzed on his right side, causing an impediment in his walk.

It was a sheepish City Marshal who turned his victim loose, but Mr. Hopson just laughed about the whole matter. He says that he was arrested once before by Mr. Mathes. He says it's embarrassing to him, but he always gets the last laugh. Mr. and Mrs. A. C. Bryant of Clovis visited his grandfather, D. H. Bryant and family Sunday. Returning home, they ran into a parked car in the sandstorm. Mrs. Bryant sprained an ankle and has been forced to use crutches to get around.

## Program Is Enjoyed By Study Club

An interesting lesson was enjoyed by members of the Bay View Study Club Thursday at the meeting held at the Court House.

Four, eight minute talks dealing with life in Arizona were featured. Mrs. J. W. Spradley, leader, opened the program with a talk on "Broken Pots and Prehistoric People," which had, to do in the main part, with a study of prehistoric people and their culture. She said that there was no interest manifested in prehistoric people until after the Civil War and brought out the thought that Arizona is populated with people wanting to get rich rather than those who sought culture.

Mrs. E. B. Hedrick brought to light facts showing that the wealth in Tucson is due largely to the Dude Ranches which bring in a revenue of more than four million dollars annually. Some of the ranches rent for a thousand dollars per month. Mrs. Hedrick described in detail the beauty spots and climate of Tucson in her article on "Tucson, Deserts and Dudes."

Mrs. Essie Cardwell gave the history of Prescott, Ariz., as presented by two women; one a secretary of the Prescott Chamber of Commerce and the other a pioneer woman who played an integral part in the early development of Prescott.

In discussing "Phoenix and the Desert Reclaimed" Mrs. H. G. Konkright compared that city with cities of its size in California. She also told how that part of Arizona had been reclaimed by irrigation.

Mrs. J. B. Stoker read, "The Rummy Kid" by Ross Santee, in a clever and interesting manner.

A postponed number "Fred Harvey, Civilizer" was presented by Mrs. G. A. F. Parker who told how Fred Harvey helped to bring civilization to New Mexico. She described him as a horse wrangler, cow-puncher, and pioneer who played an important part in the development of the Southwest.

During the business session plans were discussed for the annual Junior-Senior Bay View entertainment which is scheduled for December 9.

Members voted to extend assurances of cooperation from the club to the Music Study Club when the annual Seventh District Music Clubs Convention convenes in Hereford next fall.

Attending the meeting were Mesdames D. H. Alexander, C. R. Barber, H. L. Broadwell, Essie Cardwell, R. P. Coneway, Colby Konkright, T. M. Dameron, H. G. Konkright, E. W. Harrison, G. W. Heard, E. B. Hedrick, A. M. Jones, Knox Kinard, J. W. Kirby, Paul Mathers, Clara McLean, C. F. Moore, G. A. F. Parker, J. P. Slaton, J. B. Stoker, J. W. Spradley and Bob Wilson.

## Christian Women Hold W. M. S. Meet

Mrs. A. Petersen gave the book review and Mrs. C. D. Kelton was leader of the program which was built around the theme "I will build my church so that I may have an abundant life." Mrs. Kelton discussed the topic and gave the devotional.

Eighteen members were present. The next meeting will be held on the first Wednesday in December at the home of Mrs. N. E. Gass.

## Mrs. Rockwell Is Luncheon Hostess

A table of guests was entertained with members of the Wednesday Luncheon Club last week when Mrs. C. C. Rockwell was hostess, at her home on Miles Avenue.

Carrying out today's trend of bright colors in decoration, Fiesta ware in five lovely colors created a charming table effect for the luncheon.

After the incheon high scores in bridge games were made by Mrs. Jimmie Gillentine and Mrs. H. K. Fox.

Special guests included Mesdames Fox, S. P. Rosson, A. R. Bateman and Oscar Easley.

Club members present were Mesdames W. L. Davis, Jimmie

Gillentine, W. M. Emmons and Alton Fraser.

## SEWING CLUB HAS MEETING

The Jolly Workers Club was entertained at the home of Mrs. Harold Wester Thursday afternoon. Members present included Mesdames Jack Wright, H. M. Wiseman, J. W. Terry, Steve Williams, Chas. Calloway and the hostess.

The afternoon was spent embroidering for the hostess.

The next meeting will be held at the home of Mrs. Steve Williams and all members are requested to bring a covered dish for the luncheon at noon.

## JAVELINAS ARE INCREASING

Javelinas, also called Collard Peccary, the only native North American wild hog are increasing in Texas, reports of game managers to the executive secretary of the State Game, Fish and Oyster Commission, indicate.

The increase is largely due to the protection given this game animal by a state law which went into effect last year. It is now unlawful to shoot Peccaries except during the opening season of Nov. 15 to Dec. 31. It is permissible to kill two during a season.

Javelinas are more common in Southwest Texas counties. They formerly ranged in far more areas than they do now, but killing of them for meat, for their hides and for their bristles threatened the extinction of these animals.

Judging from requests for information concerning javelinas hunting received by the Game Department, a large number of hunters from other states will invade Texas seeking Javelinas during the open season. Their heads are regarded by many sportsmen as a finer trophy than deer heads.

## His Royal Highness Opens Legislature

The duke of Windsor, governor of the Bahamas, opens the island legislature in Nassau, capital of the islands. He is shown delivering his message, outlining issues for the consideration of the government during the session. Up for consideration is the establishment of U. S. naval bases in these strategically important islands. The duchess of Windsor can be seen at the right.

**British Flyer**  
Harper, John R. Armstrong, Frank Seale, and others. These meetings are sponsored by the three leading farm agencies of the county, namely the AAA, Farm Extension Service and Farm Security Administration. An effort is being made to make these programs interesting and diversified. On November 21, a similar yet entirely different meeting will be held in the Oklahoma Lane community, with the sound movie altogether different and the feature event of the evening, a boxing bout by some of the 4-H Club boys of the county. Both meetings will be worthy of every farmer's presence.

**Frona News**  
MRS. H. L. SETTLE  
An announcement has been made this week that a Farm Townhall Meeting is to be held in Frona on November 22, beginning at 8 o'clock. Agricultural sound-movies will be the feature of the evening's program, but no less interesting will be the "Questions and answers" part of the program to be conducted by Jason O. Gordon. These questions will be concerning farm problems, and prizes will be awarded similar to the radio contests of quiz program. Short talks will be made by such speakers as Ruth Boyd, Garlon A.

Miss Eva Settle was in Raton, N. M., and other points in New Mexico last week end. She reported a grand trip.

Mr. and Mrs. Glenn Riley of Bovina were in Frona one day the past week visiting friends. A meeting of draftees of this vicinity was held Friday night in the local high school for the purpose of explaining to those of draft age, how and when to fill in their questionnaires, and general information concerning the Selective Service. Sam Aldridge, county chairman of the Draft Advisory Board, said in discussing the meeting, "The meeting is not compulsory, but it will be the only one held in this community and the draftees are responsible for the proper filling out of the questionnaires and it is advisable that all of draft age regardless in which classes they may fall, to be present." It is uncertain just how many men Farmer County will have that will have to send in questionnaires right away.

Reverend and Mrs. Joe E. Wilson of the First Baptist Church are in Houston where they will attend the General Convention for Baptists. They plan to return November 18. While they are away, Rev. W. R. Triplett of

Plainview is taking the local minister's place.

J. B. Crow and "Buck" Fallwell were home for a visit the past week end. They are in training for the army. Both looked swell and evidently army life is agreeable to the two.

On Sunday at 7:30 o'clock the churches and the American Legion of Farwell, Bovina and Frona met in the Bovina High School auditorium in a joint Armistice Day meeting. Special music was presented by the Frona and Bovina bands. A quartette from the Frona high school also produced a number. The principal speaker of the occasion was S. H. Condron, professor of economics and government of the West Texas State College at Canyon. His talk was well worth listening to. A special number on the program was a whistling number by Mrs. Cleo Richardson of Dimmitt. The county-wide program was both interesting and patriotic.

Frona will soon boast a very modern and convenient Cottage Camp, which will be located on the highway running through Frona. The camp will be clean, neat and very attractive, with special emphasis on comfort and desirability to patrons. J. P. Wil-

son is at present erecting these cottages beside the new large building only recently completed, and which will house a garage, machine shop, and filling station. In the back part of the building, he also has a grain storage and feed house, which really makes a very large building. The Dwigths Garage moved into the new location on Saturday, Nov. 9.

The Red Cross Drive opened Monday, November 11, and the local chapter has been busy assigning their captains and co-workers to their various territories. The captain is Rev. Carl Dollar, an experienced Red Cross worker. He will head the largest group of workers in the county under the direction of County Roll Call chairman, Mrs. H. Y. Overstreet. His workers will cover all of Frona, Black and Rhea territory. W. O. Cherry, school superintendent of Bovina school has the chairmanship of that community. Mrs. Finis Jennings is chairman of the Lazbuddy community, and Mrs. D. K. Roberts is chairman of the Oklahoma Lane community. On Thanksgiving Day the drive closes and it is expected to have the largest membership of any

by-gone years. It is well to remember that out of every dollar, fifty cents remains in the community in which it originated. It is well also to remember that in these trying times, with thousands of boys being likely to be drafted for military service, the Red Cross will be called upon for heavy demands, and the local chapter as always wants to be way toward the top with their quota of memberships. So when called upon, let's join willingly, knowing that the cause is one worthy of the effort.

A patriotic and beautiful parade was held in the city of Frona on Monday, November 11 with bands from over the county playing and colors flying. The American Legion post, and other civic organizations sponsored the parade thru the cities of Farwell, Bovina and Frona, where the final parade and program was held. Legionnaires from over the county participated in the event. The annual parade has grown to be one of the important dates for Frona citizens. "Welcome" banners appeared on the business houses and streets as early as Saturday. The general public turned out for the parade and program.

Hereford High School Needs Left-Handed Chairs

We have left-handed monkey-wrenches, left handed tooth-brushes and scissors; why not left handed chairs? Teachers invariably write "in-ex" on papers that are not neat. Many of the papers are written by left handed people. J. P. Jones said that he knew this notebook would be better. Charles Hill promised that his paper would be neater. These are only two such people. There are many more in our school. A school should give all of its students the same opportunities. How can left-handed people be expected to do their best work under this handicap?

Around the Campfire

Please do not tread on me. Instead step lightly as a fawn; For, as Garbo has often said, "Aye want to be a lawn." Nit. What's a metaphor? Wit: For cows to graze on. Us is broom mates; We sweep together, Dust us two! This space is reserved for Yehudi. Tom, Tom, piper's son. Stole a pig and away he run. The pig was eat and Tom was beat, I never sausage fun. Teachers have ceased worrying about burning the school down to get a few students out of here. The draft act will take care of that. The 1920 ghost said "Boo!" but the 1940 ghost says "Boo-git!"

What The Well Dressed H-H-S Student Wears

Did any of you ever wonder about that thing that looks like an overgrown collar on girls' dresses or jackets? These girls have so many different articles attached to their clothing this year, that we decided it was high time the boys learned what they are. Since turn about is fair play, the girls should learn about the boys' dress too.

That thing around the neck of a dress or jacket is not a collar, but a hood, which is certainly handy to the girls. It can be worn over the head when it is cold or windy weather; and indoors on a sunny day, it can be thrown back and used for decoration, or, some of them are detachable and can be taken off. Sweaters and more sweaters seem to be the answer to any school girl's wardrobe question. For every sweater and skirt a girl has, it makes two costumes, (economy, huh?). Slip overs are popular, but the rage is sweaters that button or zip all the way down the front. These can be worn as blouses or jackets, (more economy.) Skirts just can't be beaten anytime, but the latest is the flared skirt of one bright color with a lining of another bright color. The butterfly skirt and the pleated skirt come in for a fair share of recognition too.

Did I hear someone say, "socks?" Yes, those knee-length socks are all the rage this year too. They seem to have a tendency to match either the color of the skirt or the lining. Some of you boys may not like these socks, but you haven't heard the last verse yet. I don't see how you could expect us to buy hosiery to wear to school all winter; but since you boys have never had to buy hosiery, you wouldn't appreciate the cost of these socks.

Shoes? Saddle oxfords is the answer. Black and white, brown and white, brown and tan, or two shades of brown, they are still saddle oxfords and can't be beaten. And color! Bright colors for everything. It looks as if this color-mad generation can't be satisfied.

As for the boys, their costumes change very little from year to year. However, it is noticeable that peg-top trousers are in style again. And for school, slack suits can't be outdone. Bright colored jackets and sleeveless sweaters are popular too.

The one big change that I have noticed is the socks. Some of the boys come to school looking as if they hadn't got enough sleep. Well, if they sleep in their socks, no wonder they don't get enough sleep, because the boys' socks or are so loud that they would keep anybody awake.

Allmon And Lucas Speak On Monetary Problems

Jack Allmon and F. L. Lucas were the chief speakers on the program at the latest regular meeting of the H-Y. They discussed how to spend money and how to save it.

The H-Y cards and card fees were due the past Tuesday night. All who did not pay their fees are no longer considered members. A list of new members will be in the next issue of the paper.

The H-Y Boys were invited to attend the Tri-Hi-Y induction service. Calvin Brumley, Carrol Newsum, Wilbur Harman, and George LeGrand were late to the meeting. The first three mentioned members gave reasons for being late and, thus, were not liable to the five cent fine. The last named member had to pay his fine.

OVERCOMING STAGE FRIGHT

Do your knees tremble, your arms run races with each other? Does your stomach feel like lead, your mouth feel like the Sahara desert, and your heart like a bird that really needs salt put on its tail? If so, you should have been at the regular meeting of the Debate Club Wednesday at four o'clock, room 23. Ways of overcoming stage fright were discussed, and the book "Stage Fright and What to do About It" was thoroughly explained and discussed. Numerous syllogisms were made, and the members learned how to detect fallacies in every-day conversation and sales talk.

After a short discussion of the assembly program which is to be the 28th of November, the club adjourned.

Central Chatter

All rooms in Central School are having special periods each day devoted to the observance of American Education Week.

Mr. Allison has asked that all pupils who miss school because of a contagious disease do not return without a written certificate from a doctor stating that the period of contagion is over. This is necessary for the protection of the other students, and the cooperation of the parents in carrying out this regulation is earnestly sought.

The Gas House Gang, which has several members from Central School, played their football game last Thursday against Horace Mann School of Amarillo.

An order of new art supplies has initiated the study of soap carving in the art classes this week.

Roosevelt and Willkie both had rabid supporters in Central School before election day, but the great majority of the students were strong for Roosevelt.

Mary Jane-Cayton is a little first grade girl who attracts much attention from the first grade boys.

Kenneth Williams, diminutive fifth grader, has many calls from outside school to demonstrate his very unusual tap-dancing ability.

Billy Lewis Bradley is doing the best work of his school career this year.

New equipment received this week includes new lockers for rooms 4B and 5A, new desk drawers for the first grade rooms, and six new chairs for the art and music rooms.

Joan Adams claimed a wedding ring which Mr. Allison brought to 7B to find the owner. Why doesn't Joan tell us these things?

Room 7B had a pet last week. A small sparrow was in the room. It stayed in the room several periods.

FHT Begins Drive For "Community House"

Committees for the coming joint F. H. T. and F. F. A. barn party reported their plans, Wednesday, November 6, at the regular meeting of the Betty Chapter of F. H. T. Miss Sullivan gave a short talk on "What F. H. T. means to every girl," and Troyce Stambaugh gave a talk on "Courtesy." The theme of the program was "Dear Diary," and a number of

Keep Physically Fit And Strengthen National Defense

Our first job in National Defense, according to a bulletin prepared by the Bureau of Home Economics and issued by the Future Homemakers of Texas, is to keep physically fit by eating the right food, which builds and repairs the body, keeps it in good running order, gives energy for work and play, and helps prolong life. We should include in our meals every day these foods: milk, one pint to one quart; green or yellow vegetables, one or more servings; oranges, grapefruit, tomatoes or raw cabbage, one or more servings; other vegetables and fruits, two or more servings; eggs, one; lean meat, poultry, fish, peanuts, dried peas, and beans, or cheese, one or more servings; whole grain cereals or bread, two or more servings; butter or other fats; sweets; water, four or more glasses.

We can help strengthen National physically fit, eating the right foods, planting gardens, preserving surplus foods, eating breakfast each morning, eating a healthful lunch each day, and sponsoring radio, assembly and service club programs on better nutrition.

Tri-Hi-Y Holds Induction Services

"And Jesus increased in wisdom and stature and in favor with God and Man." This was the theme of the Tri-Hi-Y Induction service, Tuesday, November 5, in the auditorium.

The president gave the meaning of the Tri-Hi-Y which was followed by a talk by Mary Lookingbill on the purpose of Tri-Hi-Y. Next, were four talks on: "And Jesus increased in wisdom" by Ruth Temple Hastings; "and stature" by Margaret Olson; "and in favor with God" by Betty Dunlap; "and man" by Betty Jo Kendall.

After these talks, Kathryn Henderson gave a short talk and gave the pledge which the girls repeated. The candidates sang "Just As I Am" which was followed by an explanation of the Tri-Hi-Y pins. The candidates' candles were lighted, and their pins were pinned on. Rachel Ireland sang "My Creed," after which those who were inducted gave the prayer "Others." The Induction Service was closed with the friendship circle and the Tri-Hi-Y benediction.

Those girls who were inducted were Lurline Dixon, Mattie Lawhon, June Dameron, Troyce Stambaugh, Vesta Mae Landers, Arline Millard, Barbara Robertson, La Nelle Farmer, and Lilye London.

girls gave a page from their diary.

June Dameron represented the state of Texas at the state rally at Alexandria, Louisiana. The rally began November 9.

The Betty Chapter is planning to sponsor a club council which will be composed of the presidents and sponsors of the young people's clubs, and for recreation the club is planning to help in a drive for a "Community House." This will aid in finding a little more recreation. Jean France, Margaret Higgins and Kathryn Acker were appointed to see Mrs. Bradley about the "Community House."

Students Receive Privilege Cards

Since the spring of 1936 the high school has had the practice of using privilege cards. Students making an average of B, with no grade lower than C, and not receiving more than one hour in detention hall are entitled to receive these cards.

The first time one receives a card, he gets A privileges which entitle him to go to his locker without permission and go to see teachers without signing out of the study hall.

If a student gets a card two consecutive six weeks, he retains his A privileges and gets, in addition, B privileges, which entitles him to go to the county library if he has a study period. The third consecutive time a person gets a card, he has A, B, C privileges, which means that he still has the use of the A and B and is given the C privilege which permits him to be absent from the first or the last study hall in the morning or the afternoon.

Those getting cards based on the first six weeks' grades and receiving A privileges are: Marie Compton, Robina Culpepper, Lee Etta Hopson, Marjorie Malm, Marjorie Morrison, Vera Rea, Edna Wilhelm, Gene Hall, Bobby Jennings, Elmore Nunn, G. P. Owen, Tom Wilson, Edward Young, Kathryn Acker, Dora Mae Hagans, Nettie Hood, Arline Millard, Bobby Davis, Donald McCullough, Mary Ellen Henslee, Rosalie Urbanczyk, Billy Dameron, Marie Moreman, La-Nelle Farmer, Billie Zoe Smith, Christine Smith and Ruth Tucker.

Those getting A, B, privileges are: Helen Cross, Georganne Miller, Nona Dean Rose, Evelyn Walker, June Dameron, Mildred Bowsler, Lois Agnes Gilbreath, Ruth Temple Hastings, Mary Lee Hood, Mary Lookingbill, Robert Elliston, Felix Pyka, and Marcella Koelzer.

Those getting A, B, C, privilege cards are: Billie Louise Davis, Wilma Higgins, Jack London, Gloria Cross, Katie Jean Cross, Rachel Ireland, Mattie Lawhon, Lilye London, Nancy Olson, Betty Jo Potter, Rena Rae Renfro, Mary Ann Acker, Billie Louise Crawford, Margaret Olson, Phyllis Radovich.

S. F. A. To Supply Code Of Ethics For Classrooms

The Student Council is going to supply The Code of Ethics for every classroom by the end of the semester. The council will also put The Code under "Prince Hereford." The purpose of this is to improve the standards of the student body.

The Council would appreciate it if the students would return the bottles to the Cocoa-Cola machine.

HOLIDAYS The Board of Trustees and Mr. Kinard announce the following holidays for the Hereford Schools: Thanksgiving November 21-22; Christmas dismiss the afternoon of December 20— resume work January 2; Easter April 11 and April 14.

New Faces Are Seen In School

Four new students have enrolled in the high school in the past two weeks.

Ada and Zada Mears are twins from Thalia, Texas. They are fifteen years old. Ada has brown eyes and is five feet and three inches tall. (Or is it Zada? Oh, well.) Zada has blue eyes and is four feet eleven inches tall. Yes, I said they are twins in spite of their differences. Ada's favorite subject and hobby are biology and volley ball. Zada's are algebra and music. They said they like Hereford high school fine. Lets' make them feel welcome here.

Have you met the new Junior girl? Her name is Jane Wilson. She is here from Sherman, Texas. Jane is fifteen years old, has brown hair, hazel eyes, and is five feet five in. tall. Her hobby

Tulia Bows To 14-0 Defeat

Friday night a new champion was born on Younger Field at Tulla. The occasion was the annual Hereford-Tulia gridiron classic; at stake was the Championship of District One A. Hereford's charging maroon team powered to a 14 to 0 victory over the stinging Tulla Hornets. Hereford easily made ten first downs while Tulla struggled for three. Hereford gained 224 yards rushing and lost 14 yards from scrimmage. Tulla gained 47 yards rushing, 17 yards passing, and lost 8 from the line of scrimmage.

Hereford's first score came in the first quarter as a result of a blocked Tulla punt. Hereford had surrendered the ball on Tulla's two yard line. As Flink of Tulla attempted to kick out, Hereford blocked the punt over the goal line where Vaughn recovered for a score. Ford converted. Hereford's second touchdown came in the fourth quarter when Fox on a double reverse ran 20 yards around right end to score standing up. This drive started from about the 50 yard line with Johnson pounding the line with Worley plowing through Tulla's forward wall; and Loerwald knitting off tackle to set up the chance for a score. Brock converted. Hereford 14-Tulla 0.

Both teams had their hearts set on this game. For Hereford it meant an immediate championship. If Tulla had won it would have thrown this district into a muddle that only a wizard could decipher. Dumas beat Tulla, Canyon Beat Dumas, Hereford defeated Dumas, and if Tulla had won over Hereford, Hereford would have had to play Canyon or Dumas again. Fortunately, Hereford won all conference games and therefore is the 1940 District One A Champions. This is Hereford's first district title since 1935.

is collecting novelty pins. When asked how she liked our school, she said, "I think it's swell."

George Wilson is the other new student. He is fourteen, has blond hair and hazel eyes, and is five feet tall. He is a freshman. George's hobby is collecting stamps. (Incidentally girls, you had better take a look at him. Mmm.)

ful tribute to Will Rogers in the memorial coliseum that evening. Following the show, which will include the World Champion Rodeo and Horse Show, the Queens will be taken to the Pioneer Place where they'll see the Top Hat and Stetson Revue in which movie stars will take a part.

Last, but certainly not least, will be the announcement of the winner of the Queen's contest—the name of the All-American girl of the Southwest. She'll be rewarded with a six-day, all-expense paid plane trip to Hollywood. While there she'll be snored through the studios with no less than the top-ranking stars of Hollywood.

Soon thousands of Texas tenants will be on the move and thousands of Texas landlords will be selecting new tenants for 1941.

# 4 Out Of 10 Tenants Will Move This Year

At least part of the blame for this situation can be placed on the forms of leasing or rental agreements in use in Texas, almost all of which have four common faults:—failure to put the terms of the lease on paper; short—usually one-year—leases; heavy emphasis on cash crop farming; and failure to encourage improvement of the farms.

The need for introducing or adding cattle, sheep and swine on tenant farms, the necessity for soil conservation and soil improvement measures in most sections of the state, and the need for crop rotation extending over a period of years all make it imperative that the turn-over in tenants be slowed down.

That is the way Tyrus R. Timm, extension economist in farm management, sums up the situation in announcing that the U. S. Department of Agriculture and the Texas A. and M. Extension Service have worked together to prepare five lease forms calculated to meet almost all situations.

Copies of the agreements can be secured free from county agricultural agents, he said. The forms include a Standard Flexible Farm Lease, a Flexible Share Lease, Flexible Share-cropping Agreement, and supplements to the share and share-cropping agreements.

"We realize, of course, that these lease forms are not in themselves the solution to the tenant problems as a whole or to individual problems between landlords and tenants, but they are instruments through which these problems can be approached in a definite and concrete way," Timm pointed out.

# JAVELINA CAUGHT IN TRAFFIC

Houstonians are still wondering just how a javelina, the only native wildhog in North America, found its way onto the streets of Houston, recently. The javelina was dodging in and out of traffic during the morning rush hour when it was finally caught by F. L. Dotson. It was presented to the Houston zoo. Just where the wild hog came from is still a mystery. Most javelinas in Texas are found in the southwest portion of the state, a considerable distance from Houston.
