

Well Worth The Time

By BARBARA SWIMMER
Staff Writer

Mrs. Lewis Lea, the only paid employee of the Hereford Council of Camp Fire Girls Inc., and a volunteer worker for the organization for over six years, says "it's well worth the time spent working with these girls when you are at the end of a long dark road, if just one girl comes to you with a word of appreciation and encouragement."

Mrs. Lea's life centers around her family and the work she and her husband are doing with the Camp Fire Girls and Boy Scouts. They have three lovely daughters who are all members of the Council and 11 year old twin sons Kelly and Kevin, who are members of Troop 151.

Nita says "my life's dream is to have 3 Wo-He-Lo medallion winners and 2 Eagle Scouts. It is something they will have to do on their own," she says, "and it is our job to build the foundation for them to want to."

The Hereford Council of Camp Fire Girls boasts of 35 registered groups with 464 girls and 35 leaders. Over three-fourths of the leaders

have assistants to help them in their work.

They are recruiting new girls every day and are working full speed towards attending camp in July. "The full year it takes to get ready for camp," says Mrs. Lea, "and it's all over in one week, but the satisfaction you get from observing the girls and what you might have done for them, really makes it worthwhile."

The first Camp Fire group organized in Hereford was in 1928 with Mrs. W. H. Dowell, who now lives in California, as leader. The small groups worked independently with many dedicated women keeping it going until the Council was formed in 1945.

Mrs. Lea is very proud of the new Camp Fire Lodge which they moved into last September. "If you could see the old 'Hut' which used to house the girls, you could see why," she said. "The old one was so tiny, we just naturally called it 'Hut' but when the new one was built we had to find a new word to use. Going back into the old Indian Lore,"

related Mrs. Lea, "Camp Fire tries to stress our American heritage with the lovely meaningful Indian things and words so we used a

beautiful Indian word 'Lodge' for our new establishment.

The building, located in the North Park, houses four roomy meeting

rooms, a massive community room with a fireplace, a kitchen with modern facilities, two restrooms, office and storage room.

Funds for the community project were furnished by the Rotary Club, who sponsors the Council, the Hereford Lions Club, the Jim Hill Estate and other local organizations and people. Furnishings were donated by the Kiwanis Club.

The Lea's three daughters are all active in Camp Fire, each in a different level. Divisions range from the second grade through high school.

All three girls, Cindy, a junior in high school; Sheila, an eighth grader; and little Stacy who is in the 4th grade, are anxiously anticipating July when they will go to camp. This is the first year for young Stacy to attend.

The entire family are active members in the First Christian Church of Hereford. Nita is the church kindergarten superintendent and serves as treasurer for the Christian Women's Fellowship.

Husband, Lewis, who owns and operates Leaway Roofing, is institutional representative for Troop and Pack 151 which are sponsored by the

First Christian Church, a member of the Llano Estacado Council and has been the camping chairman on the Camp Fire board for four years.

The Leas are also Future Homemakers of America Chapter parents. Nita says they have to "spread themselves pretty thin" because of being "involved" as she said smiling, "when you have five children, you can't help getting involved."

Mrs. Lea especially enjoys talking about the work the senior girls, members of the Horizon Club, are doing with the Migrant Ministry group. The group, formed when the Migrant Ministry was still in force, is headed by Mrs. Vance Crume, a working mother who has devoted so much of her time to the Council. She is working toward her 15 year pin in the organization.

Mrs. Lea was very modest when talking about her years of devotion to the service yet she was full of praise when talking of the volunteer workers helping with the Camp Fire Girls. She tried to make it plain to this reporter by saying, "It is not I who keeps this organization going, but all of the many other leaders who volunteer for the job."

Patton Files for Place 1 Vacancy

Bill Patton

At the close of city offices Friday afternoon, officials announced that Bill Patton, owner of the Double K Drive In, was the final person to file for a post in the upcoming city election.

Patton will be opposing Troys Carmichael who is also seeking the post of commissioner, Place 1 which has been vacated by Dick Barnard who elected not to run for another term.

Born in Hereford, Patton attended and graduated from Hereford High School, then attended Texas A&M University where he received his B. S. in economics. Following his graduation, Patton entered the service where he spent 4½ years.

He and his father founded and operated Plains Insurance here in Hereford for 21 years before he became involved in the drive in business. He has been the owner of the Double K Drive In for the past five years.

He and his wife Helen have three sons, Lisle, Richard and Kevin. They reside at 312 Star St.

Others seeking election to vacated city posts include J. H. Sears, Jr., who is running unopposed for mayor and Don Baugous, who is running unopposed for commissioner. Place 2 Sears is seeking the post being vacated by J. B. Pool who was installed as mayor upon the resignation of former mayor Ray Cowser last year.

D. C. Kinsey and Dick Barnard, commissioners, decided not to run for re-election, thus creating vacancies for Place 1 and 2.

The remaining two commissioners who will serve out the remainder of their terms include Roland Barton, who took the place of Pool when he became mayor, and Bartley Dowell.

City officials remind voters that absentee voting will begin 20 days prior to the election and will end three days before the election. The election will be held Tuesday, April 1.

Bids for the new Tierra Blanca Elementary School and the football stadium improvements will be opened Thursday, March 27, at 5 p. m. in the Hereford High School cafeteria.

Hereford independent School District Board of Trustees agreed on this date at a special meeting held Friday morning in the Cason House.

They are trying for a completion date of the stadium on August 1. The school building will not be ready until the end of the year or early January, the trustees reported.

Plans were also discussed at the meeting for a baseball field at the football stadium site. It is to be located east of the football stadium behind Northwest Elementary School with home plate facing the south east.

Herbert Brasher of Brasher, Govette and Rapier Architects in Lubbock reported that the school plans are now complete and the stadium plans should be complete by Wednesday.

Tierra Blanca Elementary School will be located in south Hereford. Its cost will be approximately \$600,000. Football stadium improvements will run approximately \$150,000.

FFA Team Wins At Houston

Members of the Hereford chapter of the Future Farmers of America, who competed in the annual Houston Livestock Show and Rodeo, Feb. 19 through March 2, brought home numerous high placing ribbons and trophies from the show.

Steve Olson, junior at Hereford High School, won first place in the Junior Commercial Steers Show last Wednesday in competition against some 89 other contestants showing a total of 365 animals. Olson received \$1,000 first place premium and was honored at a banquet by Armour and Company Wednesday evening. James Simpson, another FFA'er was fifth.

Olson also displayed the third place Lightweight Shorthorn in competition Thursday. His animal, bred by his father George Olson, placed in competition against 30 other animals from throughout the state.

Jimmie Christie was another first place winner representing the Hereford FFA as he took honors in the Heavyweight Hereford Steer class. He was competing against 100 other entries with a steer bred by T. L. Spark-

E. M. Hoffman Rites Planned For Monday

The funeral of Edward Michael Hoffman, 53, of 327 Star, will be conducted at 11 a. m. Monday in St. Anthony's Catholic Church, of which he was a member. The Rev. Simeon Heine, pastor, will officiate and burial will follow in St. Anthony's cemetery, directed by Gilliland Funeral Home.

Mr. Hoffman, owner of a cleaning plant here, died Friday after a short illness. He had lived in this county since 1922, when he came from Happy, and was a veteran of military service in World War II.

He was a native of Indiana, born July 7, 1915 at St. Henry. He married Rita Guggemos Jan. 9, 1943 at San Antonio.

Survivors include his wife; three daughters, Peggy and Loretta Hoffman of Hereford and Mrs. Lee Chamlee of Odessa; a son, Dennis, of Oklahoma City; five sisters, Mrs. Edna Schulte and Mrs. Lucille Digby of Hereford, Mrs. Annie Schaefer and Mrs. Josephine Guggemos of Nazareth; three brothers, Tony Hoffman of Hereford, R. L. and Fritz Hoffman of Claremore, Okla.; and two grandchildren.

He entered the hospital Monday and will be confined there until Tuesday or Wednesday. His room number is 228.

Church Census Set For Today

Almost all local churches will participate in a church census beginning at 2:30 p. m. today, being conducted by the Hereford Ministerial Association.

This is the first major religious census in Hereford in more than five years.

According to the association spokesman, the purpose of the census is to see where the religious preference rests with the community and all information will be kept confidential within the Ministerial Association of Churches.

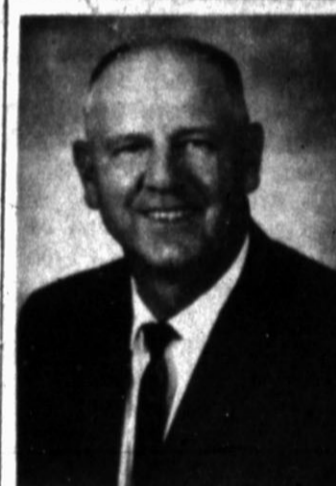

Response to a previous census was reported as very good.

A census card produced in last Thursday's issue of the Hereford Brand may be filled out as completely as possible and left in the door or near the mailbox Sunday for those who will not be at home or in the event someone cannot meet the census taker.

Information needed on the card is the family name, home address, telephone number and the post office where they receive their mail.

They also want to know the given name of each family member, the date of birth and what grade the children are in school. They need to know where you have membership in a church and if you are a member of a Sunday School. The card asks whether your attendance is weekly, monthly, seldom or never and what your local church preference is.

Hereford Ministerial Association requests that all census takers from each church here to meet in the fellowship hall of the First Christian Church at Park Ave. and Church at 2 p. m. today.

Lowell Sharp

Lowell Sharp Enters School Board Race

Lowell Sharp, Hereford resident for 23 years, has filed for a place on the Hereford Independent School District Board of Trustees.

Sharp attended school at Texaco, N. M. and came to Hereford in 1946 from Portland, Ore. where he had worked for Kaiser Shipyards during the war years.

He served as Deaf Smith County Sheriff for 12 years before resigning his post to become adult probation officer for the 69th Judicial District.

Mr. Sharp and his wife live five miles east of Hereford on Austin Road. They have one married daughter and four grandchildren who attend Hereford schools.

Two candidates have already filed their intentions to run in the Hereford Independent School District Board of Trustees election. Both incumbents, they are Olin W. Farris, current president of the board, and Hugh L. Clearman, immediate past president.

Three positions are to be filled in this election. The third trustee, Bill Gentry, decided not to run for re-election. See SHARP, Page 2

Johnny Clark, superintendent of the Hereford public schools, has announced that final plans and drawings for the new football stadium are expected to be completed this week.

Due to much interest by local persons concerning chair type seats, Clark announced that a public survey will be conducted in order that persons wishing that type of seat may indicate such. He also pointed out that each of the seats of the chair type will cost about \$20 extra each and rather than to reduce the total capacity of the stadium, the School Board has authorized the selling of 10-year seat options to raise the additional cost.

The holder of an option shall be entitled to their seat for ten years by the purchase of a season reserve seat ticket. Clark emphasized that the contractor must be paid the extra cost at the conclusion of the construction and to determine whether or not the chair seats are to be included, a sufficient interest must be indicated as soon as possible.

Bids will be drawn to provide for this alternate seating plan, but the final decision must be made when the bids are let, which will be sometime within a month. Only as many chair type seats will be provided as there are options purchased at the time of the survey, Clark said.

In addition to the chair type seats, Clark said, there has been some indication of people desiring electrical outlets in the stands. The architect has estimated the cost at about \$20 for a double plug or \$10 per seat. At this cost the Board will not give it further consideration unless there is a definite demand for the electrical outlets.

Clark pointed out that the Board has elected to let the community decide on the chair type seats and electrical outlets, and cooperation from local citizens in the survey will be needed.

Options sold will be payable on or before July 1, Clark said, in order that the completion of the new stadium facilities will be on time for the next football season.

RED CROSS DISPLAY — Rodney Laubhan, assistant principal at Bluebonnet Elementary School and local public relations man for the American Red Cross, is shown with Mrs. Ray Carille, Red Cross volunteer, at a display which has been erected at the school. March is Red Cross month, they emphasized, and reminded that there are now contests for posters and essays going for all students in Deaf Smith County schools. —Staff Photo

Red Cross Has School Contest

The Deaf Smith County chapter of the American Red Cross, and the service clubs of Hereford, Dawn and Easter, are sponsoring a poster and essay contest in connection with Red Cross Month (March), according to Rodney Laubhan, assistant principal at Bluebonnet Elementary School and in charge of public relations here for the Red Cross.

Laubhan also reported that today is the official Red Cross Sunday. A Red Cross program is planned at Hereford High School Thursday, and March 31 has been designated Doctor's Day — when cake and refreshments will be served to the doctors in the hospital here by Red Cross volunteers.

For the contest, students in grades one through 12 who attend schools in Deaf Smith County are invited to participate.

Deadline on entries is Friday, March 14.

The contest is divided into three divisions. Elementary schools, which are classified as Division I, will enter a poster. Students in Junior High School, Division II, and High School, Division III, will write essays under specified titles.

First, second and third place prizes will be awarded to winners in each division.

Donating the prizes are Hereford Kiwanis Club, Easter Lions Club, Dawn Lions Club, Hereford Paisano Lions Club, Hereford Optimist Club, and Hereford Rotary Club.

Laubhan listed the contest

requirements:

ELEMENTARY SCHOOLS

A. Entry will be a poster on white poster board measuring 22 inches by 28 inches. B. The subject is to be in some area of Red Cross service or safety. Suggestions may be obtained from the American Junior Red Cross News magazine located in the schools. Name, grade and school should be written on the back of the poster. C. Cut-out and paste as well as coloring is acceptable. But nothing may be pasted on the poster which extends out more than one inch from the surface of the poster.

Prizes are (with first through third grades separated from the fourth through sixth graders with duplicate prizes in each grade bracket) first \$10; second, \$7.50; and third, \$5.

JUNIOR HIGHS

A. Entry is to be an essay not less than two typewritten pages or four pages long-hand. B. Subject is: What Red Cross Means to Deaf Smith County. C. Essays will be graded Information, 50 per cent; Originality, 20 per cent; Length 15 per cent; and Form, 15 per cent. Name, grade and school should be written on the last page.

Prizes listed are first, \$25 United States Savings Bond; second, \$10; and third, \$5.

HIGH SCHOOL

A. Entry is to be an essay not less than two typewritten pages or four pages long-hand. B. Title or subject matter is "What Red Cross Means to My Country." C. Essays will be graded Information, 50 per cent; Originality, 20 per cent; Length, 15 per cent; and Form, 15 per cent. Name, grade and school should be on the last page. D. Typed paper with double spacing is preferred but not mandatory.

Prizes are first, \$25 United States Savings Bond; second, \$10; and third, \$5.

Mrs. Genevieve Miller, executive secretary of the Deaf Smith County Red Cross, reported that she would be happy to give information which might help any contestant write an essay paper. The Red Cross office is located at 319 Sampson. Laubhan reported that he has contacted all schools here concerning the contest.

Mop, Broom Sale Is Set

The annual Mop and Broom Sale, sponsored by the Hereford Kiwanis Club, has been set for March 7 and 8, club president Bobby Owen announced.

Filing deadline is Thursday. Election date is set for April 5.

At press time, only three candidates had filed for trustees on the Deaf Smith County School Board, according to County Judge H. C. Williams' office. All three are incumbents. However, no one has filed for the one position on the Walcott School Board.

County board candidates are Robert Strain, precinct 1, Grant Hanna, precinct 2; and L. J. Straufuss, precinct 4.

Outgoing member on the Walcott board is Jim Monroe.

Filing deadline for these two boards is Tuesday. Their election is also scheduled for April 5.

SBA Loans Now

The Small Business Administration has released information that due to the adverse weather conditions of 1968, businesses in Deaf Smith County that have been adversely affected may apply for SBA loans.

SBA released the information that "many areas had substantial damage to 1968 crops as a result of various adverse weather conditions including severe drought, excessive rainfall, floods, hail and wind damage. To give relief to businessmen who have suffered economic injury as a result of the adverse weather and to aid these businesses to continue in operation, the Small Business Administration is permitted to make economic injury disaster loans."

Efforts had been put into motion by County Commissioners Court here to have a disaster area by the state due to drought conditions, last month for farmers here.

Small Business Administration has authority to make either direct loans or loans in participation with banks or other lending institutions. Any small business concern in this county should apply to the Lubbock Small Business Administration's Regional Office at 1616 Nineteenth St. or phone area code 806-765-8541 extension 262.

Other Texas counties in this emergency relief are Armstrong, Gray, Ochiltree, Carson, Hale, Oldham, Castro, Hall, Sherman, Childress, Hansford, Swisher, Cochran, Haredman, Terry, Collingsworth, Hartley, Gaines, Crosby, Hutchinson, Haskell, Dallam, Lamb, Knox, Lipscomb, Mitchell, Donley, Lubbock, Dawson, Floyd, Lynn, Dickens, Foard, Moore, Howard, Garza, Motley, and Parmer.

Public Schools Celebrate Now

Public Schools Week in Texas will be honored by local schools with various activities set to begin Monday and will continue through Friday, according to the principals of each of the educational institutions.

Principals have invited — even urged — parents to participate in these activities. They believe parental participation is equally as vital as the education of the child.

AIKMAN

Program, Open House and PTO meeting is scheduled at 7 p. m. Tuesday, principal D. C. Martin reported. Fifth graders will present a musical program under the direction of teacher Judy McLarty, following the brief PTO meeting. Afterward, a tour of the rooms with teachers present will be conducted. Room visitation will begin at 8 p. m. and be concluded no later than nine.

BLUEBONNET

The fifth grade will give a demonstration of activities done in Physical Education classes. Speakers who will be available are Miss Imogene Bagwell, director of Special Education; Miss Naomi Hopson, counselor and Kindergarten adviser; and Mrs. Wanda Payne, kindergarten teacher. Miss Della Stagner, principal, reported these programs will be made available with no specified time for parents. But third graders will present a patriotic program at 2 p. m. Tuesday in the auditorium and first graders a sing-song at 2 p. m. Wednesday.

CENTRAL

Principal Ray Todd reported that Open House will be conducted throughout the week during regular school hours, with nothing planned at night. Parents are welcome to visit the rooms and dine in the cafeteria.

HEREFORD HIGH SCHOOL

Principal G. W. Michael announced that Open House will be conducted from 7:30 to 9 p. m. Monday and that teachers will be on duty in their rooms. Members of the Future Teachers Association will serve as guides.

NORTHWEST

Highlighted will be the unusual Physical Education pilot program, according to principal Charles Duvall. Performances are set to begin at 7 p. m. Tuesday in the cafeteria. Third grade will perform from 7 to 7:20, fourth grade from 7:30 to 7:50, fifth grade from 8 to 8:20, and sixth grade from 8:30 to 8:50.

SHIRLEY

Principal Phillip Shook reported that Open House is scheduled from 7 to 9 p. m. Monday. It is designed for parents to meet the teachers. All rooms will be open, he said, and the children's work will be on display.

STANTON JUNIOR HIGH

Open House is scheduled throughout the week during class time, according to principal Don T. Martin. (Stanton's family open house night is at the early part of the school term.) Martin said that students have been given individual folders on the planned school activities at this time.

WALCOTT

Plans for Open House are to be held in conjunction with the PTO meeting on March 21, according to principal L. B. Russell.

La Plata Junior High School held their Open House last Thursday night. Sister Trotesia, principal at St. Anthony's School, reported their Open House was held during the opening of the new science building in January. Sister Yvonne, St. Joseph's Mission School principal, said that since there are only seven children enrolled now together with the flu epidemic nothing has been planned.

However, all local school principals have stressed that parental involvement in the schools and school programs is not limited to Public Schools Week in Texas. They have invited all the people, whether they have children enrolled or not, to come into the schools at any time. They point with pride to the fact that Deaf Smith County schools are rated high throughout the state.

Beautification Committee To Meet Monday

The Beautification Committee of the Deaf Smith County Chamber of Commerce, women's division, will hold an organizational meeting Monday at 4 p. m. in the Chamber office, according to Mrs. Pete Caviness committee chairman.

The anti-litter program will be discussed and further planning for landscape details for Windmill Park will be made.

Beauty spot arrangements will also be made according to Mrs. Caviness.

4 School Men Now In Frisco

Four Hereford Independent School District educators are now in a meeting of the National School Principals Association at San Francisco, Calif.

Assistant superintendent Roy Hartman is there with G. W. Michael, Hereford High School principal; Don T. Martin, Stanton; and Jerry Don George, La Plata principals.

The meet began Saturday and will conclude on Wednesday.

It is described as a workshop for principals from all over the world. An annual meet, it affords them the opportunity to get together and work out mutual problems and learn new administrative methods.

One of the primary points to be discussed at the San Francisco meet is the student protests and unrest which has grown into riot proportions in some of the larger cities. Although such a condition has not been a part of the Hereford school system — nor is it expected to be in the future — the local personnel might have pointers on the situation through which others might benefit.

They plan to tour some of the schools there. Administrators and principals have discovered through tours of other schools in the past that

Holman In Two Executive Meet For Chamber Women Tues.

Hereford Schools assistant superintendent Robert Holman is set to make two different pilot program presentations in separate cities this month.

Holman has accepted an invitation to appear in Austin at the Conference of Supervisors of English and Reading on March 18 and 19. Title of his presentation at this time is "Secondary Project English Pilot Programs Units" which will be made to two different groups of supervisors.

He will then go to Dallas for the March 20-24 National Science Teachers Association meet where he will present an AAAS science program.

Calendar

The Community Calendar, which includes major events which will be of interest to Hereford and residents of the immediate area, will run in each issue of the Brand. The calendar will include events for the coming six months, and all individuals and organizations are urged to write or mail their event for inclusion.

TAILWATER RESERVOIR — Arnold King, left, of the Soil Conservation Service, is shown talking with Bill West concerning the tailwater recovery system West has installed on his farm. —Staff Photo

Tailwater Plan Is Used By West

A complete soil and water conservation plan has been developed on the Bill West farm located five miles north of Hereford. West believes that there are more ways than one to improve the efficiency of an irrigation system.

Arnold King, of the Soil Conservation Service, says that West has made a sizeable investment to improve his overall system. With technical assistance from the Soil Conservation Service, West has installed a tailwater recovery system and about 2500 feet of underground irrigation pipeline, that has eliminated some "bad" ditches, and tied his water supply together.

The tailwater pit is situated so that it catches all of West's tailwater and several

acres of his neighbors. The water is stored in the reservoir and pumped back into the mainline by a gas powered power unit and a centrifugal pump that pumps about 350 gallons per minute. In the field that has light soil, West has cut his runs down from 2000 feet to about 625 feet. This, in combination with his tailwater recovery system, has improved the irrigation efficiency in this field about 30 percent. In this same field, a cover crop of rye was planted to prevent wind erosion and help conserve rainfall and snow.

West bought the farm, and he and his family moved on it about four years ago. Since then, he has carried out an intensive stubble management program and says that he has noticed a steady im-

provement in the soil which was previously abused as a vegetable farm with very little residue returned to the soil.

Permits Down Slightly For First Of Year

Building permits for the first two months of 1969 dipped slightly under 1968, with a total of \$469,270 filed at the close of February compared to \$470,400 at the end of February last year. Total for the month of February was \$189,270.

Of the total permits issued during the first two months of 1969, 28 were for new homes totaling \$369,270. A total of \$14,000 was spent for residential additions and \$82,000 being spent on commercial buildings. Forty-two permits were issued during January and February of 1968.

Pickup Makes 180-Degree Turn Crash

An automobile-truck accident was reported by Hereford police at Park Ave. and Aspen at 12:35 p. m. Saturday, which resulted in the truck being spun at a 180-degree angle.

The GMC pickup, driven by James A. Haney and owned by Hereford Irrigation, was reported as traveling west on Park carrying welding equipment. A 1960 Oldsmobile, driven by Virginia Gollehon, traveling south on Aspen, attempted to stop but did not through faulty brakes.

Front of the sedan struck the rear wheels of the pick-

Family Attend Funeral Service

Hereford relatives have returned from Farmersville, where they attended the funeral of Stevie P. Shelton, a resident of that city who formerly lived in Deaf Smith County, on Feb. 22. Mr. Shelton farmed in this area for some time about 15 years ago.

He was the father of Mrs. Bud Thomas and Gary Shelton of Hereford; another son, Jackie Shelton, lives in Farmington, N. M. The Thomas and Shelton families here attended the funeral, as did Mrs. Elton Houston, a sister-

ter, Mrs. Tony Walker, at Stockton, Calif.

Born Dec. 5, 1908, at Pampana, she married Leonard Click at White Deer in 1926. They came to this county in 1929. She was a member of the Baptist Church.

Survivors in addition to the granddaughter are a great-grandson, Michael Walker of Stockton; three sisters, Mrs. Johnny Ruth Harper of California, Mrs. Mary Lou Ford of Delaware and Mrs. Earnestine Tibbitts of Albuquerque, and a brother, Taylor Scaggs of California.

Look Who's New

Mr. and Mrs. Andrew Jackson Shuval are the parents of a daughter, Sonia Elizabeth, born Feb. 28. She weighed 7 lbs. 8 ozs.

Mr. and Mrs. Pablo Galtan are the parents of a daughter, Raquel, born Feb. 27. She weighed 6 lbs. 6 ozs.

"I HAD A HUNCH HE'D NEVER LEAVE"

Talk of Texas

By JACK MAGUIRE

FOOTNOTE TO HISTORY — When Texas celebrates the 133rd anniversary of its independence from Mexico on March 2, few will recall that one Thomas William Ward gave an arm and a leg for that freedom. Strange as it seems, Ward's sacrifices came five years apart!

In 1836, Ward lost his right leg to a Mexican cannonball when he followed Ben Milam into San Antonio in the Siege of Bexar. He recovered, stayed on to fight at San Jacinto and later became a successful Houston architect. Nicknamed "Peg Leg" Ward, he entered politics, served as mayor of Austin and was named commissioner of the General Land Office in 1841.

Shortly after assuming that office, he led a group of Austinites in a wild celebration of March 2 — Texas Independence Day. Traditionally, a cannon is fired and "Peg Leg," being an old artilleryman, was given the honor.

Exactly what went wrong is lost to history, but something did. And "Peg Leg" managed to blow off his right arm when he fired the cannon.

LOVE HAS MANY FACES — When the Ellis County courthouse was being built at Waxahachie in the 1890's, the stone mason on the job fell in love with Miss Myrtle Frame, the beautiful telegraph operator at the railroad station.

As a result, he preserved Miss Frame's face for posterity. The mason carved it into columns at almost every entrance to the building.

WHAT'S IN A NAME? — The pecan, official state tree of Texas, was given its name by Indians before the white man came to America.

The word "pecan" literally means "bone" — because the Indians decided that the shell of the native variety was as hard as a bone. The pecan is, in fact, a member of the hickory family.

Thomas Jefferson was an early fancier of the nut and planted pecan trees at Monticello. He gave some to George Washington who is said to have carried some in his pocket forever after, munching them as between meal snacks.

TRAVELING TEXAS — San Antonio as it might have looked in the 1870's is one of the state's newest tourist attractions.

Located on 11 acres off Highway 90 in the northwest part of the Alamo City, Old San Antonio Western Village is an authentic restoration put together mostly from bits and pieces of old buildings that once stood on the site of HemisFair. The village, which opened last summer, includes almost every business that operated in early Texas cowtowns. There is even an opera house that features live can-can girls.

CONTINUING EDUCATION — Long before study courses at home became popular, a private Texas University was offering adults a chance to earn college degrees by mail.

Add-Ran University (predecessor of Texas Christian University) began offering correspondence courses in the 1890's. It actually awarded 28 master of arts, eight doctor of laws and three doctor of philosophy degrees to students who successfully completed the required home study.

65 YEARS AGO — 1904

After Prof. Carson's introductory remarks Friday night at the College chapel, he said, "You people, living where I believe that after getting the rainfall that you do, can grow almost any crop that can be grown in the state. As you are interested in cotton, I will speak on that line. I can say that I see no reason why the Panhandle could not be one of the greatest cotton-raising countries we have." Prof. Carson is from the A&M College.

50 YEARS AGO — 1919

About ten years ago D. L. McDonald put into operation about three miles south of Hereford the first irrigation farm supplied with water by pumping in the Panhandle of Texas, and since that time he has installed for himself and others in the vicinity of Hereford about 50 plants.

35 YEARS AGO — 1904

A county credit council composed of representatives of the wheat board, hog board and a dairy farmer has been named here. Duties of the council will be to certificate application of farmers for loans through the Farm Credit Administration. On the council are J. A. Pitman, president of the wheat board; George Brumley, hog grower; S. O. Wilson, dairy farmer; and Jim Lipscomb, secretary of the wheat board.

25 YEARS AGO — 1904

Rev. S. E. Eldridge, new pastor of the Assembly of God Church, took over duties of the Hereford church when the former pastor, Rev. Homer T. Goodwin, left to enter the foreign mission field. . . . A check for \$179.33 was turned over to H. A. Close, chairman of the Deaf Smith County Infantile Paralysis drive, Wednesday by Charles Hardwick, local theatre manager. The check represents one-half of \$368.65 contributed by the theatregoers of this community during the March of Dimes drive in January. The remaining half will go into the national fund.

15 YEARS AGO — 1904

Such culinary items as pickles, mustard and vinegar have been put far back on the shelf during the last few days, as a mild epidemic of mumps has put a number of children, and even a few adults, to bed with aching glands. One estimate was that there are about 50 cases of mumps in Hereford and vicinity now. First grade at Shirley School has been affected most.

10 YEARS AGO — 1900

Three major issues hang in the balance Saturday when the qualified voters of the county trek to the polls. The special election will determine the fate of funds sought for highway right of way purchase (\$200,000), and renovation of the courthouse (\$185,000).

Sales Tax Will Grow

Reaction to Governor Preston Smith's \$261.5 million new revenue program to balance his general revenue budget recommendations totaling more than \$1.4 billion is varied throughout the state. Few however, expect the \$148.8 million direct biennial tax bill submitted by the governor to pass the legislature as proposed.

Smith has suggested ways in which the extra money could be raised, but some of these are already controversial.

One, of course, proposed to divert all but 27 1/2 percent of the revenues from the public school lands into day-by-day state aid to schools. This would pull an estimated \$71.6 million in two years which otherwise would go into the permanent school fund. Under present law, all the income from school oil and gas leases goes into the permanent fund and is invested. Income from the investments is distributed among schools on a per capita basis.

Smith's other revenue proposals are these:

*An increase from 11 to 14 cents a package in taxes on cigarettes, to raise \$45 million in two years.

*An increase in the tax on other tobacco products, to raise \$6 million.

*Extension of the sales tax to cover services such as laundry, dry cleaning, repairs, parking and cable TV, to raise \$48.8 million.

*Extension of the sales tax to cover wine, beer and liquor, to raise \$40 million.

*Extension of the sales tax to the purchase of cars and other equipment bought for rental purposes, to raise \$9 million.

*Putting an additional state fine of \$10 on all moving traffic law violation cases, to raise \$38.5 million.

*Raise notary, corporation charter and uniform commercial code fees, to raise \$2.6 million.

*Increase fees paid to the Secretary of State, to raise \$2.6 million.

As you can see, the bulk of Smith's new revenue will come from either an increase tax on tobacco or the extension of the sales tax. Tobacco, and liquor, have been fair game for many years for the lawmakers, but they have now found a new plum in the sales tax legislation.

Beginning as a two percent tax on selected items, the revenue measure

has now grown to 3 percent and the base is being widened yearly to cover more and more goods and services. In due time, we will see the bill extended to cover not only the services listed above, but to also include hair cuts, permanents, carpenter work, perhaps even attorney's and doctor's fees. And if the cost of state government continues to rise at its present pace, it is entirely possible that the percentage of taxation through the sales tax will grow to as much as 5 per cent.

Many cities throughout the state have jumped on the bandwagon also. Once the sales tax is voted, it becomes an easy source of that grows as the city grows and generally is accepted with only mild complaints when the same revenue garnered from property taxes would bring a storm of protest to city hall.

Texas managed to grow and prosper for many years without sales tax while other states were taking advantage of this juicy source of revenue. As a matter of fact, the state as a whole seemed to take pride in the fact that we did not have a state sales tax or state income tax. However, the sales tax is with us to stay — and grow. Taxes, once levied, have a way of moving in and making a home. Besides, with the number of lobbyist in Austin representing special interest groups, it appears that the general population of the state may be the only ones without representation.

Remember The Philippines

While we've been jetting around the globe, passing out foreign aid right and left, trying to win friends in the name of world peace, out in the Pacific we've let one of our closest friends and ally come mighty close to getting away from us.

The Philippines, once proud of the fact that an alliance existed with the U. S., is now taking a very close look at this relationship.

Here is a country that 22 years ago was given independence by the U. S. after 48 years of American rule.

Yet President Ferdinand Marcos has already said that Asian countries should "arrive, for their own survival, at a 'modus vivendi' with Red China."

Prominent Philippine citizens have openly talked of withdrawal of American power.

Just recently Carlos Romulo, who has been in the past a very good friend of the U. S., said he wants to talk with Washington about possible withdrawal of American forces.

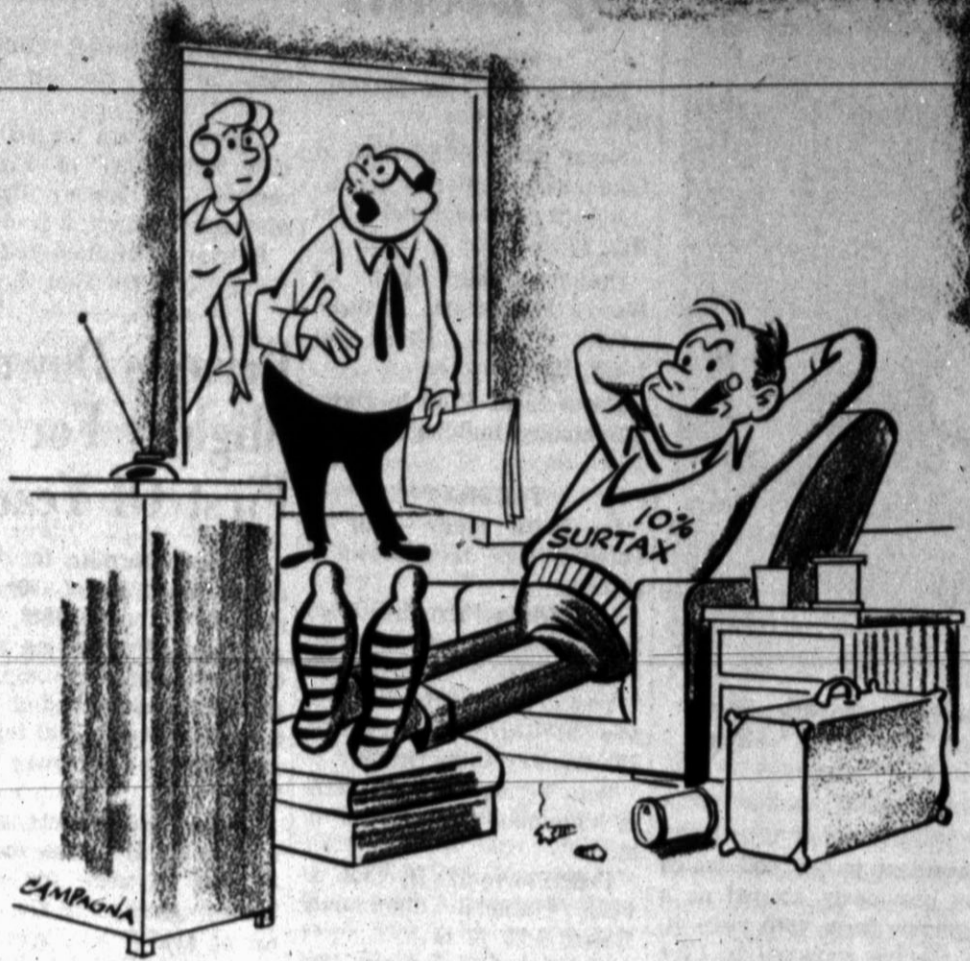

If the U. S. has to withdraw from the Philippines, it is going to be a rough blow in the Pacific, a financial blow to the islands and detrimental to our plans for maintaining world peace.

Subic Bay is the largest American naval base outside the U. S. and Clark Field is one of the most important air bases in the area.

The Philippines stand to lose over \$100-million annually which is a hunk of support to the economy of the islands. That is, if the bases go.

Perhaps the U. S. has been negligent in trying to maintain better relations with the Philippines all the while beating our brains out on a hopeless situation somewhere else around this big, round globe.

For one thing, our State Department might have encouraged the importation of some of those Philippine cigars to our shores. They'd be better than some of the stogies we're getting today. TOPS News Service

New Policy Applies To Executive Branch Only

By BERT MILLS

Washington, D. C. — Congress has decreed a Freedom-of-Information policy for the departments and agencies in the executive branch of the government but still does much of its own work in secret.

During the 90th Congress which ended last year, there were 3,080 committee meetings, and 1,328 of them were closed to the public. The breakdown was 57 percent open, 43 percent closed. The Senate was much more secretive than the House with 52 percent of its committee meetings held in private. Only 31 percent of House meetings were behind closed doors.

If Congress tend toward secrecy, the downtown departments and agencies spew out a constant stream of facts and figures, of which

the following are a sample:

About 100 million automobile tires are discarded annually in the U. S., adding 1 million tons to the national junkpile. A research project by the Bureau of Mines, in cooperation with Firestone Tire and Rubber Co., shows promise of reclaiming valuable materials from discarded tires.

In one test, shredded tires were fed into a reactor and heated until they broke down into chemical compounds. One ton of tires produced 140 gallons of liquid oils, plus 1,500 cubic feet of gas useful for heat and power.

If you want to see tall mountains but remain in the U. S., go to Alaska. There are 88 mountains in the nation which tower more than 14,000 feet above sea level, but the 16 tallest are all in Alaska.

Atoms Toughen Eggshells

About 3 percent of all eggs are broken during processing at an annual loss of \$25 million. So the Atomic Energy Commission and the Department of Agriculture developed a process using beta particles to gauge the thickness of eggshells, allowing the diet of chickens to be regulated so they lay eggs more resistant to breakage.

Benefits are being paid by the Veterans Administration to more than 1,500 widows and children of Civil War veterans, two Indian War veterans and 250 dependents, and more than 10,000 Spanish-American war survivors and 50,000 of their dependents. All told, VA has \$4 million pensioners on its rolls.

When Pat Nixon toured her new home, she found the family living area on the second floor of the White House contains 14 rooms, with six bedrooms and six baths. The third floor, used for guests, has nine more rooms and seven more baths.

Dancing is being subsidized by Uncle Sam to the tune of at least \$132,700 this year. Grants totaling that sum were made by the National Council on the Arts to 15 choreographers. The money goes for creating new dance works and for salaries of dancers during a four-week rehearsal period.

"Peaches" Heads ICC

Our major regulating agency is headed by a Chairman who answers to the name "Peaches." Heading the Interstate Commerce Commission is Mrs. Virginia Mae Brown, an ICC member since 1964. She is 45 and acquired her nickname in college. Her colleagues on the Commission are 10 men.

Explanation of those airport delays is to be found in Federal Aviation Administration statistics. In 1968, air traffic control centers handled 17 percent more aircraft than in the previous year. Until 1968, none of FAA's 27 centers had ever handled more than 1.5 million aircraft operations, but Chicago New York, and Cleveland all topped that mark last year.

Out-of-season vacations have become so popular that only half of pleasure trips are now taken during the summer. A Census Bureau study of 1967 travel showed 12.7 percent of vacation trips taken during the first calendar quarter, 20.8 percent during the spring quarter, 49.7 percent during the summer, and 17 percent in the fall.

About one of ten Americans now qualifies as a senior citizen. The over-65 population is about 20 million. Only about 10 percent receive Old Age Assistance payments averaging \$70.25 per month, but about 90 percent are covered by Medicare.

THE BOOTLEG — Philosopher

Editor's note: The Bootleg Philosopher on his Johnsongrass farm offers some free advice to the post office department this week. There are times when it's hard to follow him.

Dear editor:

I've always figured the U. S. Post Office Department is like the U. S. Weather Bureau, if a forecast is right 70 per cent of the time and the mail is on time about the same percentage, everything's normal, but according to articles I've been reading in all the newspapers I've seen lately, there's a move on to improve the postal service.

Critics say it's old-fashioned, it doesn't use modern streamlined business principles, you never hear of a postmaster getting so good in one town he's promoted to a bigger town, you never hear of a rural carrier forging ahead, going into business for himself, and opening up his own route.

I don't know about these criticisms, I know that about the only time I fail to get my copy of The Hereford Brand out here on this Johnsongrass farm is when I fail to pay for it, but there are some modern ideas the post office department no doubt could try out.

For example, take the money order business. The post office department doesn't push this line hard enough, doesn't use modern merchandising methods.

Like it is now, you go in the post office and ask for a money order and what happens. They want all cash. How many cars, television sets, speedboats, sets of furniture, and such like would, car dealers and big stores and mail order houses move today if they had such an old-fashioned policy?

Why I guarantee if the post office would get abreast of the times and start selling money orders for ten per cent down and 36 months to pay the balance, it'd double or triple or maybe even quadruple its business in that one single department. At income tax paying time, business would skyrocket.

And stamps. Did you ever hear of the post office holding a Spring or Fall sale on stamps?

And packages. Sure, they ask you to mail early, but do you know of a single post office offering trading stamps for mailing early?

It's going to be interesting to see what the new Postmaster General does about some of these hide-bound customs at the post office.

Yours faithfully,
J. A.

Washington Report

From Congress
BOB PRICE WITH DISTRICT, TEXAS

1222 EDGEMOOR OFFICE BUILDING, WASHINGTON, D. C. • 205-2706

In concluding his testimony recently before the House Subcommittee on Education, Dr. S. I. Hayakawa, President of strife-ridden education has been vastly underestimated by a majority of the people. . . If we are to end campus rebellion without destroying educational institutions, we must redirect our energies. We must look beyond the day-to-day combat to the reasons underlying this higher education."

As to those underlying reasons, I asked a young man now studying for his doctorate in education here — his wife is one of my secretaries — for his comment; the following is what he wrote:

One of the chief forces behind this campus revolution is the SDS (Students for a Democratic Society). The organization has some 6,000 dues-paying members in 300 to 400 chapters across the nation, and commands a following of ten to fifteen times their membership (Fortune, Jan. 1969). It was Mark Rudd of SDS who led the now infamous assault on Columbia University last spring. Basically, the movement has evolved from a reformist organization to one that is essentially revolutionary. This revolutionary spirit is buttressed by their devotion to the works of Karl Marx, Mao, and Herbert Marcuse (a Marxist college professor at the University of California in San Diego). They contend that since the "system" (elementary and secondary schools, colleges, universities, churches, and the "military-industrial complex") cannot be reformed, it must be abolished. Closer to home, they demand parity on university committees that decide on curriculum and academic procedure. When these demands are not met, riots, seizure of buildings, and wholesale disruption of academic life follows. Furthermore, they are in the process of organizing SDS chapters in the high schools which in turn will make similar demands of the school administrators.

Finding fault with the existing "system" has not and will never tax man's powers of reason. However, finding reasonable and rational solutions to admitted problems demands patience, perseverance, and faith in an already workable system. Statesman George Kennan has warned students about developing a "kindergarten mentality" and even the liberal Arthur Schlesinger, Jr., insisted that ideas rule the world — and to turn from ideas and reasoned analysis to passion would mean eventually that the world would be turned over to the unreasonable. Our Constitutional Republic provides for reasoned improvement and refinement of our society and takes into account the consequences. SDS and similar groups believe only in the omnipotence of the deed and the irrelevance of the goal — they would and could only replace the "system" with a form of outright tyranny — the tyranny of the minority.

in an atmosphere of reason, free of passion. Understanding can never be achieved under threat of intimidation and guerilla tactics. As President Nixon has recently said: "Order without progress is tyranny, and progress without order is anarchy."

The Rev. Theodore M. Hesburgh, President of the University of Notre Dame, warned of on-the-spot expulsion for any student or faculty member who disrupts normal campus operations. "Without the law," said Father Hesburgh, "the university is a sitting duck for any small group from outside or inside that wishes to destroy it, to incapacitate it, to terrorize it at whim. Somewhere a stand must be made."

Other besieged universities must make the stand, as Notre Dame has, but the Congress and the President have a clear responsibility to put "law and order" ahead of anything else and to enact and enforce stringent laws to deal with Communist conspiracies as well as the flagrant disregard of the individual rights. Unless the stand is also made in Washington, these well organized militants will make good their threats to burn our schools and universities to the ground if their impossible demands are not met.

Cultural Club Meets In Home Of Mrs. Love

Opening the program, Mrs. Burke Inman read a humorous verse, Poor Old Adam. In the business session with Mrs. Paul Corbett presiding, members voted to supply chauffeur service for shopping trips of Kings Manor residents one month this summer.

\$1,000 Taken In Burglary

In a burglary at the home of Juan Rodriguez, 305 Blewins, reported February 18 Texas H. D. Association at Amarillo March 25, its sessions open to all H. D. Club members.

Entry was gained by breaking a door glass on the back of the house. The subject or subjects literally tore the house apart, wiping their muddy feet on the carpet, tearing drawers and cupboards open, scattering articles throughout the house. Taken in the break-in was a wide range of items including furniture, tires, medicine, paintings, clothes, dishes and linens. The burglar exited through the front door.

'Loves Children' Just Like My Own

By BARBARA SWIMMER Staff Writer

"I love those children, each one as if they were my own," says the soft spoken silver haired Aikman School patrolman who has worked there for the past ten years.

In his middle seventies, A. L. Crissy speaks with pride of his perfect record at Aikman and his eyes fill with love when he talks of 'his children,' whom he protects with his life, three times a day, five days a week.

Even though Mr. Crissy is justifiably preoccupied with the illness of his wife, who suffered a heart attack the first day of January and is still critically ill, he deftly carries out his vocation and is always steadfast on the job of protecting 'his kids.'

"Oh man, I wish you could see the photographs my kids have given to me," said Mr. Crissy, with a delightful twinkle in his eye, as he recalled the many friends he has made over the years of patrolling the Aikman area.

Methodist To Hold Revival

The First United Methodist Church will hold a revival all Sunday, March 2 through Thursday, March 6 at the church in Hereford.

Dr. Gaston Foote, pastor of the First Methodist Church of Fort Worth, will be the guest preacher.

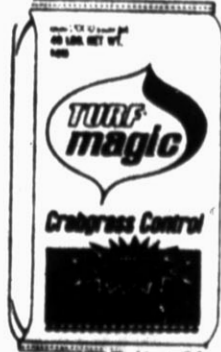

The Rev. Clifford Trotter, pastor of the First Methodist Church here, invites the public to attend.

The revival will open with a service at 7 p. m. Sunday. A reception honoring Dr. Foote will be at 8 p. m. in the Fellowship Hall. The Woman's Society of Christian Service will be the hosts.

Breakfast will be at 6:30 and lunch will be served at 12:05, Monday through Thursday, with a sermon by Dr. Foote at each. The evening services will be at 7:30. Nursery care will be provided for all services.

Think Clothes

By Mrs. Argen Draper Home Demonstration Agent

Rita Huckert gave an unusually good radio program Thursday. I asked if I might repeat it. It is a new concept in clothing and it is exciting.

THINK CLOTHES: take time and thought. A re-thinking of words like basic... right... appropriate.

Think spring is different. It demands a new approach. Think spring is a continuation of the new mood in fashion that started last fall. Think spring confirms completely the New Freedom, the Real Woman, the Know Look, Softness.

It's a more intellectual approach to dressing, to pulling clothes together. The days of a new season being a whole new thing are over.

THE INDIVIDUAL... designer and customer... have taken over. Think clothes are personal clothes... Think clothes are an outward projection of an inner mood, never an absolute dictum of "rightness."

Think clothes are part of the new way of living. Money has nothing to do with it. "Chic" and "in" have nothing to do with it.

Think clothes are part of the life lived on a more intimate and personal scale.

Think spring designers are working on a new scale.

COLLECTIONS are more

cohesive than ever. They are a totally personal statement of thought-out clothes for day, for night, for sport. Collections of mood, not collections of every "new" idea around.

There are no more basics... there is the way you want to look.

There is no fashion safety... there is complete fashion freedom.

Think about a new concept of femininity... lithe, easy, casual, elegant. All female. Think about non-constructive... a general loosening of all the rules. Clothes that are made to move with the body... cut for closeness and ease.

THINK BIAS cutting, blouson, sleeves — full, bias cut, raglan, kimono — wrapped waist, soft and pleated skirts, plunged necklines.

Look back to the glamorous '40s... the boyist '20s, the sexy '30s... but update the message to pure '69.

The look is a long look... a narrow look. That begins and ends with pants. Pants are the polarization of spring... fitted and flared from the hips, the knees and the thighs. Pants are stretching out over the whole fashion spectrum.

Long jackets, belted and tied. Skinny coats, the '40s topper, pulled down tunics and naturally dresses. Spring is colored with a soft and quiet palette.

THE SUBDUED no-color pastels... greige, beige, putty, mushroom... blend into deeper echoes of themselves... somber brown, steelgray, navy, white and black, black, black.

Then, the muted old world colors... purple, mauve, plum turn up in prints and alone. The only noise comes with the accentuations... bright yellow, red, grass green. The edge is off the colors... and it is off the fabrics too. Soft lines demand suppleness and subtlety. Subtlety.

Silky fabric for day: Jerseys, slinky shiny acetate and nylon knits; silk surrah and broadcloth, crepe, pongee and tussah.

Thin gossamer fabrics for evening: organza, chiffon, georgette, crepe, voile and the newest prints are the smallest prints.

THE HOME MANAGEMENT correspondence course is being finished on schedule. Those enrolled are doing real well. Most all of the enrollees think parents have the responsibility in teaching money management to children. Schools and youth clubs could supplement the home training.

The current lesson is to figure the true rate of interest charged on installment payments, etc. In my opinion, the course has been well received and has been good.

Official Month For Eye Bank

GREETINGS: Eye banks contribute immeasurably to the cause of better sight among all Americans furthering research in eye diseases and by helping to restore sight through the services they perform in corneal transplant operations.

The eye banks of our state, as exemplified by the Hi-Plains Eye Bank, Incorporated, which serves Amarillo and the Panhandle area of Texas, have done much to help combat the problems of sight in our state by research and assistance in eye surgery.

March has been designated as National Eye Bank Month in recognition of the progress and importance of eye bank program.

Therefore, I, as County Judge of Deaf Smith County, Texas, do hereby designate the month of March, 1969, as EYE BANK MONTH in Deaf Smith County, Texas, and urge appropriate recognition thereof.

In official recognition whereof, I hereby affix my signature this 28th day of February, 1969.

(Signed): H. C. Williams, County Judge, Deaf Smith County, Texas. (Seal.)

On the heels of a similar proclamation issued by Texas Gov. Preston Smith, Judge Williams made Eye Bank Month official here in the presence of Hi-Plains Eye Bank secretary-treasurer H. A. Cavness of Hereford and Ray Moore, president of the Hereford Lions Club, one of the Lions Club sponsors of the project.

Cavness, a local dentist, was delegated to speak to Gov. Smith concerning the issuance of the original proclamation. When he was successful in his statewide mission which reportedly required no prolonged argument with the governor he contacted Judge Williams, who was equal in his endorsement of the project and the organization.

In 1961 it was brought to the attention of the Lions Clubs of the Texas Panhandle that there was a great need for an eye bank to be located in Amarillo. In September of that same year, the Hi-Plains Eye Bank, Inc., was chartered there.

Month's Events Are Outlined For St. Anthony's PCCW

March dates of interest to women of St. Anthony's Catholic Church were listed at a Parish Council board meeting in the home of Mrs. Freddy Cooper Friday afternoon. Mrs. Paul Zinser presided.

Church Women United of Hereford will conduct a program Friday observing the World Day of Prayer. Mrs. Wern Koelzer, delegate from St. Anthony's parish to CWU, announced. A state assembly of CWU will be held in Amarillo March 12-14.

Next open meeting of the Parish Council will be at 7:30 p. m. March 13, and the Deanery Council of Catholic Women will meet in Umbarger March 26. The Rev. Si-meon Heine, pastor, reminds members of the religious census to be taken in the county today under direction of Hereford Ministerial Association.

Reports from the various clubs and commissions which make up the Parish Council were heard. The pastor spoke of the various ways women may help the parish and the community, saying there is a task for everyone who will accept her part of the work. Fund-raising plans were discussed and Mmes. A. C.

Stengel, Johnny Jesko, Marcel Fischbacher and Kenneth Walterscheid were named as a committee to complete plans for a bingo social. Mrs. Fischbacher is a new member of the board, replacing Mrs. Bob Baker who recently moved to Amarillo.

Others present for the business discussion and refreshment period were Mmes. La-

rry Walterscheid, Elmer Reihart, Edward Schilling, Gene Loerwald, Jimmie Jesko and Thomas Albracht.

Sharon Watson Talks to Club

Informality and humor enlivened the talk about her home country, England, as Sharon Watson spoke to La-

Madre Mia Study Club Thursday evening. Mrs. Harvey Penner introduced Miss Watson, one of the local students attending Hereford High School under the American Field Service program. Mrs. James Gentry was hostess to the club in her new home, which members

inspected during the social period following the program.

The student speaker told of her home and of other parts of England, showing slides of pictures she had taken in her own town and on holidays in Wales as well as England. Club members presented her a bracelet charm as a memento of her visit.

Other guests at the meeting were Mrs. Terrell Hodges and Mrs. Jerry Don Glover, while Mrs. C. D. Adams was welcomed as a new member.

Also present were Mmes.

Herschel Black, Wayne Lady, Charles Frye, David Honea, Don Walser, Walker Parris, G. C. Merritt, Eugene Sparks, Waldo Baxter, Bill Lankford and Ray Don King.

Club Trip To Convention Is Scheduled

All members of Messenger Home Demonstration Club plan to go together to Amarillo March 25 for the district convention of Texas H. D. Association in the Herring Hotel. Plans were made at a meeting Friday in Mrs. Bob Hammock's home.

A special work day was slated for next Tuesday in the home of the president, Mrs. Bill Page, where members are to work together making stuffed toys and pillows for a gift to children in Abilene State School.

The program was on Costume Accessories. Mrs. Elmer Northcutt spoke of choosing suitable gloves for various occasions, and care of gloves. Mrs. N. A. Brown gave similar pointers on buying and wearing hose.

Mrs. Richard Fortenberry and Mrs. Eldred Brown were guests; other members present were Mmes. Gene Bradley, H. D. Buse, S. N. Thweatt and George Bumpass.

Youth Rally Successful

The high school students of the upper Panhandle district held an Ecumenical Youth Rally at the First Christian Church in Amarillo on Feb. 22.

Rev. Gerald Mann of the First Baptist Church in Hereford and Rev. Fred Howard of St. Thomas Episcopal Church conducted a dialogue with the high school students using as a guide the topic of the teenagers relationship the clergy.

Father Daniel Egan, S. A., talked about the problems of high school and college students of today. His talk covered dope, LSD and the generation gap of high school students and their parents.

Afterward the gathering broke up into small discussion groups in order to continue to talk on those topics that were discussed in the general assembly.

A closing prayer service was conducted by Rev. Gene Brink of the First Christian Church and Rev. Si-meon Heine, S. A., of St. Anthony's Catholic Church, both of Hereford.

Martha Kate Aiken, Debbie Walden, Patsy Paetzold, Thelma Warren, Michelle Beckman, James Loerwald, Jane Zinser and Brother John Poncia, S. A., were representatives of the Hereford area to set up the program for the rally.

Soil Survey Aids Irrigation Plans

LUBBOCK — A real boost has been given to farmers in a 14-county area on the High Plains in planning irrigation applications to the coming season.

A survey containing data compiled during last fall and this winter is now ready and shows the total amount of available moisture in the soil to a depth of five feet.

"The survey serves as a guide for farmers and may be used to estimate the pre-plant irrigation necessary to produce optimum soil moisture conditions," explained Oliver H. Newton, advisory agricultural meteorologist, U. S. Weather Bureau, headquartered at the Texas A&M University Agricultural Center north of Lubbock. "It shows that about 80 percent of the total area has more than two

inches of available moisture. Even in the drier sections, only a few locations showed no available moisture."

Counties reported in the survey include Lubbock, Cochran, Hockley, Crosby, Lynn Dawson, Terry, Lamb, Bailey, Hale, Floyd, Parmer, Castro and Swisher.

MAP IS KEY

The key portion of the survey is a map of the 14 counties on which the levels of available soil moisture are indicated, points out Newton. Three moisture levels are mapped—high, indicating four to six inches of available moisture; medium, two to four inches; and low, none to two inches.

"With this information and the type of soil (hard, sandy or mixed), we are able to suggest specific types of irri-

gations," the meteorologist explains. Assisting Newton in preparing the irrigation recommendations were Dr. Otto C. Wilke and J. S. Newman, researchers in soil and water and irrigation, respectively, at the Texas A&M Center.

Preplant irrigation suggestions in the survey are listed as light, one to two inches; moderate, two to four inches; and heavy, four to six inches.

NEUTRON DEVICE USED

In compiling the information on available soil moisture, data were obtained with a neutron soil moisture measuring device. This provided a quick and accurate measurement of the total moisture in each foot of soil from about 12 inches to five feet in each of the more than 110 locations.

"Available moisture was then determined by drying soil samples from each soil type at an established temperature," explains Newton. "This procedure made it possible to determine the amount of available moisture in all types of soils."

The meteorologist emphasizes that the amounts of available moisture and the suggested amounts of preplant irrigation represent average conditions for average soils within the area. Late and heavy irrigations to soybeans or grain sorghum may result in a wetter soil profile than shown in the survey. Wheat fields which were not cropped and irrigated during the summer may be much drier.

FARMER SHOULD TEST SOIL

Because of the possible variations from field to field, Newton encourages each farmer to make field tests for moisture in the top two or three feet. If a farm is indicated to have two or more inches of available moisture, the soil at 12 to 18 inches should feel fairly wet. If this test shows rather dry soil, then that particular farm does not fit the moisture pattern in the survey.

"When irrigation time comes, each farmer should know the pumping rate of each well in order to apply only that amount of water needed," emphasizes Newton. "The survey contains information for determining that amount."

Copies of the survey are available from local county agricultural agents in each of the 14 counties and from the A&M Center, adds Newton. "Now is a good time to get the jump on planning this year's irrigations."

Concerning Veterans

EDITOR'S NOTE: Veterans and their families are asking thousands of questions concerning the benefits their Government provides for them through the Veterans Administration. Below are some representative queries. Additional information may be obtained at any VA office.

... Q — I have just completed three years of Army service and plan to enter college under the G. I. Bill this coming fall. If I work while attending college, will the amount of money I earn be deducted from my G. I. Bill allowance?

A — No. The amount of G. I. Bill education allowance paid by the Veterans Administration is determined only by the amount of schooling you receive (i. e. full-time or quarter-time training), plus the number of your dependents.

Whether you work or have other income does not affect your VA allowance.

However, an outside job could affect your school schedule — that is whether or not you will be allowed to carry a full-time course.

Q — My pension from the Veterans Administration was increased the first of the year. Was this an automatic cost-of-living increase and will the pension be raised again next year if living costs continue to rise?

A — The increase in your VA pension was not automatic. It resulted from a law passed by Congress last year restructuring the VA pension program and providing for increases depending upon the amount of the recipient's income. Since it is not automatic, any future increases in pension amounts must be legislated by Congress.

Q — When I was discharged from the Army a couple of months ago, I converted my \$10,000 Servicemen's Group Life Insurance policy to a permanent policy. I have recently been advised by the Veterans Administration that I can apply for up to \$10,000 government life insurance since I have a service-connected disability. Can I obtain this insurance and keep my converted SGLI policy also?

A — Yes. SGLI is not issued by VA but by private insurance companies. National Service Life Insurance is issued and administered by the VA and is also available to veterans with a service-connected disability who were separated from service on or after April 25, 1951.

You must apply within one year from the date VA determines your disability to be service-connected.

\$10,000 is the maximum amount of Government life insurance any veteran may have, but this is in addition to the SGLI.

Q — Will I receive educational assistance allowance from the Veterans Administration for my wife and two children if I am enrolled for less than half-time in school?

A — No. You will be reimbursed for the cost of the course only, with monthly payments not exceeding \$60

for less than half-time or \$30 for quarter-time or less.

Q — I am under age 60 but old enough that my World War II G. I. term insurance is already very expensive. I know that I cannot afford the even higher premiums that will be due in the future. However, I still need his insurance protection. Can the Veterans Administration suggest a solution to my problem?

A — Happily, yes. The Modified Life Plan offers the lowest premium permanent plan protection. You must convert to this coverage before age 61. While the amount of insurance is halved at age 65, you will still have the option then of replacing the reduced half of your coverage with ordinary life insurance.

For additional information and assistance in this matter, check with your nearest VA regional office.

Q — In determining a veteran's entitlement to a non-service-connected pension, does the Veterans Administration consider the veteran's gross income or his taxable income?

I am over 65 years of age and have no dependents. I have not applied for a pension previously because my income was above the \$1,300 limit. This year, however, I expect to incur unusually heavy medical expenses that will bring my taxable income under that limit.

Will this make any difference?

A — Entitlement to a VA pension is based on gross income from which certain exclusions are deducted by the VA. If you file a claim, list your gross income and its sources — all legal exclusions will be deducted.

Medical expenses do not reduce your gross income except where they are related to a condition for which you are receiving disability retirement benefits.

However, since the income maximum for a veteran with no dependents was increased from \$1,300 to \$2,000 a year on Jan. 1, check with your nearest VA regional office.

TAB And Baylor Have Workshop

WACO — The Texas Association of Broadcasters (TAB) and Baylor University will sponsor a summer radio-TV workshop for high school students.

Clint Formby, owner-manager of Radio Station KPAN

in Hereford, is the president of Texas Association of Broadcasters.

The workshop will be conducted at Baylor by the Division of Radio-TV-Film, June 22 through 28. James McElhaney, director of the division, said.

Objective of the workshop will be to interest young people in broadcasting careers.

The institute will offer study in programming, management, rules and regulations of the Federal Communications Commission (FCC) writing and performance.

"We have as an ultimate goal of the workshop to have the students on the air from sign-on to sign-off," McElhaney said.

The students will receive instruction in radio-television utilizing the facilities of KW-BU-FM, Baylor's fully-equipped and operating educational radio station, 107.1 on the FM dial.

The member stations of the TAB will select high school students in their area to participate in the workshop. McElhaney said the maximum number of participants will be 25. "If there are more applicants, then we will schedule more workshops," he said.

Instruction will be given by the faculty of Baylor's radio-TV-film division with commercial broadcasters contributing to various lecture sessions.

The highly-concentrated course of study will be held from 9 a. m. to 9 p. m. daily, Monday through Friday.

The workshop is funded by the TAB.

Additional information is available from local TAB station affiliates. KPAN is an affiliate.

Twenty-five registered Hereford bulls, from Collard and Bidegain pens of Hereford, were bought for breeding purposes by CIA Gaudera de Atotonilco, Yerbani, Durango, Mexico, it was announced recently.

Purchase of the bulls was prompted by a 50 pound per head increase in calf crop pay weight in the past four years due to the use of registered Hereford bulls. The 25 from Collard and Bidegain were part of 100 that the ranch bought with others coming from R. H. Odom, Jr. of Snyder and Walter Graham of Happy.

Two Promotions By Santa Fe R.R.

W. E. Story, assistant superintendent of safety, Albuquerque, N.M., has been promoted to assistant to general manager at Amarillo. F. N. Stuppi, general manager, announced today.

At the same time, he also announced the transfer of N. F. Young, safety supervisor, Albuquerque, to the same position at Slaton, Tex. Both moves are effective March 1.

According to Stuppi, Story will be responsible for safety education and instruction on the road's Western Lines. Similar appointments on other grand divisions of the railroad are part of the company's stepped up safety program, he said.

"We have always stressed safety on the Santa Fe," Stuppi declared, "with effort directed at the environment in which our people work as well as toward their mental attitude. We are strengthening that effort in several ways, including a 30 per cent increase in full time safety specialists and implementation of computerized records that will enable us to isolate the situations and conditions that cause injury and accident, and take corrective action."

As part of the invigorated safety program, an officer on the staff of Lawrence Cena, vice president-operations in Chicago, will be directly responsible for safety throughout the railroad. In addition to the three new assistants to general manager (one to each grand division), safety supervisors have been assigned to each division superintendent and in each of Santa Fe's five major shops.

Cena recently met with operating supervisors across the railroad, emphasizing to them their safety responsibilities. "I am going to zero in on safety every day of the year, and I look to you for results," he said. "From strictly a humanitarian point of view, we have a responsibility to provide our people with the safest possible working conditions. While that is of first importance, it is also true that a safe operation is an efficient operation, so safety is one area that unquestionably benefits both employe and the company."

To promote the program, each superintendent and general manager was presented with a miniature Santa Fe freight diesel. A freight car will be added for every month with an unblemished safety record, with a caboose coming at year-end. "The supervisor with the longest train wins the contest — but more importantly, the people under his supervision are the big winners," Cena concluded.

Letter To Editor

Dear Editor:

Last Sunday evening our community enjoyed the visit of a gifted and dedicated man. Father Daniel Egan, "The Junkie Priest," urged us to build a bridge across the generation gap, by means of "communication." I was very proud of the panel of four teenagers for their courage and intelligence. It was no easy task to stand before a predominately adult crowd and still clearly air their "gripes" about the older generation. May we have more dialogues between these age groups!

I feel that the citizens of Hereford have already laid the foundation for this bridge. It was evident, from observing the size of the crowd (approximately 400) and the variety of ages, that we are concerned about our young people and also concerned about the problem of drugs, which is now a local problem. It was most gratifying to see such an outstanding response to the opportunity of hearing such a talented man as Father Egan.

I also attended the Ecumenical Youth Rally last Saturday in Amarillo, at which the Hereford Youth were well represented and took an active part. There, too, the teenagers were given a chance to air their gripes, and I had to admire their grasp of current problems. I come to realize the depth of their thoughts that should urge adults to listen more. For myself, I feel — understand and appreciate these teenagers much better this week than I did last week.

Lastly, I believe that Hereford can be classified as a town with people who care. In general, as a result of the strong ecumenical spirit in our community, there is a great hope for solution of our many problems, as we come together.

With my compliments to you, for your excellent coverage of Father Egan's appearance, I remain Sincerely,
Mrs. Werner Koelzer,
424 Ave. J,
Hereford.

Relaxation Equals Health

Why is relaxation so important to the health and comfort of the body?

When the same set of muscles is used every day in work and play, with little time for them to relax, muscle spasms may occur. The muscles must be given a chance to stretch out to their full size. Otherwise, there may develop painful and unpleasant spasms.

Continued emotional tension can also tighten and stiffen the muscles, causing them to lose their supple, elastic quality.

At the first indication of these spasms, consult a chiropractor. His thorough understanding of the muscular and nervous system enables him to use natural corrective techniques to bring you relief. He will not only remove the pain, but will work to remove the underlying cause of discomfort as well.

World War II Is Book Setting

Germany is the setting for a big suspense novel about a man's search for the woman he loves. Another new book at the Deaf Smith County Library is about the brutal murder of a young Indian couple.

William Harrington's THE SEARCH FOR ELISABETH BRANDT — brilliantly recreated the strange mood of pre-war Nazi Germany, charged with hysterical elation, oppressed by irrational power, haunted by fear. Against that background, this story of strong sexuality and haunting tenderness has striking intimacy and power.

In 1939, Arthur Pomeroy fell in love with Elisabeth Brandt. He was an American businessman who had been living in Germany for several years as the representative of a big American corporation. He was an attractive, cheerfully cynical man. She was his secretary, a gentle German girl who was proficient in English.

Because he used his position to flout the Nazis, he became the target for an ambitious Gestapo official. When war was declared, he had to flee to the U. S. A. Despite his desperate efforts to take her with him, Elisabeth was trapped in Germany. War closed the doors between them.

Six years later, in 1945, Pomeroy had become a congressman from the Midwest. He now had the influence to force his way into just-defeated Germany and to compel a thorough search for his Elisabeth in the ruined industrial city where they had lived.

The Allied occupation forces were pressed into service to help him. People who had known Elisabeth were searched out; records were pieced together; small clue after clue was uncovered. Pomeroy began to learn about the woman he had loved, about the Nazis he scorned, and about the romantic illusions he had cherished.

Step by step, the suspense novel becomes a breathless

search for true motive as much as a hunt for Elisabeth herself. The inexorable brutal facts emerge: Elisabeth Brandt had been a Gestapo captive; she had been a Gestapo spy; and in 1939 she had been ordered to spy on her lover, Pomeroy.

He begins to wonder: If she is still alive, if he finds her, does he want her? Does he know her? Did he ever know her?

Who is Elisabeth Brandt? The answers make for a strong, dramatic climax to the long, strange search.

TARGET: CHARITY ROSS
By Jack Bickham

Jimmy Walking Stick and his wife were brutally murdered. There was no apparent motive, few clues, and the sheriff reckoned that the killer of the young Shawnee couple would never be caught.

But the sheriff reckoned without Charity Ross. Jimmy had been one of her best hands and the widow Ross, as hard-headed as she was beautiful, was determined to find the murderer — even against the strongly worded advice of her foreman, Dan Six.

The trail of the killer led straight into the shadowy underworld of early day Oklahoma City where Jimmy had been selling buttons of the hallucinatory peyote — where a knife was slipped between Dan's ribs — where the word went out, "Get Charity Ross!"

Here is mystery, suspense and fast action on the rough and tumble Oklahoma frontier of the 1890's.

Walcott PTO Is Seeking Entries For Tourney

In a meeting of the Walcott PTO last week, the group voted to sponsor a men's and women's volleyball tournament, March 27-29.

Any town, business or group wishing to participate in the tournament may do so, but it was pointed out that the first eight men's groups and first eight women's groups that enter will

be the ones to participate. Any other entries will not be accepted following the first eight.

An entry fee has been set at \$6 per team and the deadline for entering is March 17. The games will be played at the Walcott gymnasium.

Anyone seeking additional information concerning the tournament may call 388-8330.

Following the regular meeting of the PTO, Mrs. George Brakebill's first and second period classes to presented a play to conclude the meeting.

Small Talk

By SUE COLEMAN
Women's Editor

Saying goodbye to the David Dowell family, who are moving to Carlsbad, N. M., a few of their friends had dinner Thursday evening in the home of the James A. McNells. Dowell is being transferred to the New Mexico

city with Southwestern Investment Company.

MR. AND MRS. EARL JACKSON of Hereford, Mr. and Mrs. John A. Mann of Canyon were the other dinner guests. Gifts were presented to the Dowells as mementos from the friends they are leaving.

The Dowell family includes a daughter, Tracy Michelle.

SUDDENLY IT'S March, so we can stop saying that we're having unusually warm weather for the winter months, and just get to work in the yard as though it is really spring—unless, that is, we get one of those March blizzards next week.

Anyhow, it looks like spring with a lot of daffodils joining the crocuses in bloom on the south sides of houses and fences around town.

A LITTLE MORE comment on the spring flowers is in order, since the Brand's garden columnist is absent this week, but my remarks wouldn't be backed by the knowledge and experience of hers.

You probably know that Gladys Manjeot is in Amarillo where her husband, Art, recently underwent surgery. Friends who visited them the last of the week reported that he hoped to be out of the intensive care unit this weekend, and expected to if he continued to improve.

The Manjeots' son, Lt. Col. Lloyd Manjeot, came in Monday from Okinawa, where he is stationed, for a visit with his father.

CARD OF THANKS

I wish to thank everyone for the prayers, visits and all the other acts of kindness that were extended me since my accident. I'll never forget them.

Sweet-Fancy Club Welcomes New Members

Two new members were welcomed in the Sweet and Fancy Decorating Club at its meeting in Community Center Friday. They are Mrs. Jay Kerr and Mrs. Lloyd Smith.

Mrs. Richard Sims gave the program, demonstrating use of sugar molds to make two-toned leaves and petals for cake decoration. Mrs. Leroy Edwards displayed a heart-shaped cake with basket weaving and sweet peas, and Mrs. J. A. Crofford showed a cake she made with decoration of curtained stage and ballerina figures.

Members decided to continue club meetings through the summer, and to allow the club to buy material for cake decoration for resale to members.

Those present included Mmes. Jerry Carr, Albert Edwards, Leroy Edwards, Roy Botkin and Lynn Pittard.

April Brides-Elect

APRIL WEDDING PLANNED — The engagement of Miss Sammie Kay Lane, daughter of Mr. and Mrs. Sam Lane of Dimmitt, to Jerry Don Lance, son of Mr. and Mrs. Earl Lance Sr. of Summerfield, is announced by her parents. The couple plans to be married April 18 in a ceremony at the Assembly of God Church in Dimmitt.

SPRING BRIDE-ELECT — Miss Julia Gail London, daughter of Mr. and Mrs. Walter London, 226 Ranger, and Paul Eugene Hubbard, son of Mr. and Mrs. L. E. Hubbard, 815 South Lee, plan to be married late this month, her parents announce. The wedding is to take place March 30 in First Christian Church of Hereford.

Hunter-Meisenbach Vows Are Solemnized

The marriage of Miss Evelyn Ann Hunter of Amarillo, daughter of Mr. and Mrs. John Hunter, 237 Avenue J, and John Arthur Meisenbach of Tampa, Fla., son of Mrs. Helen Meisenbach of Peru, Ill., took place in a first-of-March ceremony at First Christian Church here.

The Rev. Gene Brink, minister, conducted the afternoon service at an altar decorated with a large bouquet of gladiolas flanked by paired candelabra.

The couple left after a reception, on a trip which will take them this week to Tampa, Fla., to make their home at 1729 Watrous Avenue.

Matron of honor was Miss Hunter's sister, Mrs. Stella Nelson, while George Meisenbach of DeKalb, Ill., was his brother's best man.

Another sister and brother of the bride, Mrs. Leroy Wilkins of Angleton and Howard Hunter, acted as bridesmaid and groomsmen, and Herbert Halm of Peru as usher.

Laurie Hunter was the flower girl and David Hunter the ring bearer; both are children of the Howard Hunters. Mrs. Joe Hacker, organist, played wedding music.

Given in marriage by her father, the bride wore a peau de soie gown fashioned on slender lines. Alencon lace embroidered with seed pearls and crystals was applied on the front of the empire bodice and in a scalloped pattern above the hemline, finished at center front with a flat bow of the fabric.

A full chapel train was attached at the shoulder line

in the back. A flower and pearl headpiece held the illusion veil which extended below the waist. She carried white roses on a bridal Bible and wore her great-grandmother's gold wedding band on her right hand.

Her attendants and the small flower girl were dressed in red velvet with white trim, floor length, and carried long-stemmed white roses.

Parents of the bride were hosts for the reception in the church fellowship hall. Mrs. Howard Hunter served the cake, which she had made, and Mrs. George Meisenbach ladled punch.

The bride's bouquet was laid in the center of the table, which was covered in a lace cloth. Candles burned in holders trimmed with red.

For travel the slender blonde bride changed to a green plaid wool suit and wore the corsage from her bouquet.

She has been employed by Amarillo National Bank, and is a graduate of Hereford schools. After service in the U. S. Air Force, the bridegroom is currently employed by Agency Printers of Tampa. He was graduated from LaSalle-Peru High School.

Wedding guests included the bridegroom's mother, the Leroy Wilkins family of Angleton and Mrs. John Trebusak of La Salle.

CORSAGE FOR HONORFE — Miss Jane Stoker of Wilson, fiancée of Larry Hill, smiles as Mrs. Earnest Langley, one of the hostesses at a luncheon honoring the bride-to-be Thursday, pins a cluster of flowers on her shoulder. Mrs. Elmer Kimball, mother of the bridegroom-elect, is at Miss Stoker's left; other in the hostess party look on.

Couple Live At Lubbock After Vows

Mr. and Mrs. Phillip Don Perry are at home at 2410 — 10th, Lubbock, after their recent marriage in First United Methodist Church here.

Mrs. Perry is the former Miss Jacquie Renee Hysinger, daughter of Mr. and Mrs. Joe Hysinger, 237 Ave. B.

The bridegroom is the son of Mr. and Mrs. Al Perry of Fort Worth. He is a pre-med student in Texas Tech, and a graduate of Paschal High School in Fort Worth. The bride has attended Hereford High School.

The Rev. Clifford Trotter

read the marriage service. Miss Vickie Hysinger attended her sister as maid of honor and Rob Perry of Ft. Worth was his brother's best man.

The bride wore a white satin gown with Venise lace ruffled down the back of the skirt, at the wrist and the Victorian neckline. A lace circlet held her brief illusion veil. She carried a Bible with a bouquet of canations and stephanotis surrounding an orchid.

Her parents were hosts at their home for the wedding reception. Mothers of the couple and Miss Vickie Hysinger served punch and the two-tiered cake which was placed on the table with an arrangement of candles and daisies.

Junior Music Festival Scheduled Next Friday

The annual Junior Festival of First District, Texas Federation of Music Clubs, will be held in First Baptist Church here Friday, with 146 entries reported by Mrs. A. J. Schroeter, chairman. Events will begin at 8:45 a.m. with an assembly in the church auditorium.

During the day four groups of young music students will be performing simultaneously in various rooms of the church, for four judges. Entries have been received in piano solo, piano concerto, folk song, vocal solo and vocal ensemble.

Judges will be Marie Gardner, Beulah Burnette, Carol Lynn and Mark Lynn, all of Amarillo. They will be honored at a noon luncheon in Hotel Jim Hill, to which all interested adults are invited. Mrs. A. O. Thompson is in charge of arrangements.

Other music club members assisting with the festival will be Mmes. W. T. Carmichael, Wesley Fisher, John N. Jacobsen Jr., Sam Long, Paul Lyons and Lowell Sharp of the Music Study Club of Hereford; Mrs. Ray Stewart and Mrs. Carl Wimberley of Dawn Music Club.

Mrs. R. C. Godwin will lead the group in singing Texas Our Texas at the opening assembly, with Mrs. Long as accompanist.

The festival promises to be a bigger event than last year's for which 133 entries were received and 126 students performed with 44 making superior rating. Eight of these were given gold certificates as third-year superiors and one received his second gold certificate, marking six years of superior ratings.

Lunch Honors Bride-to-Be

Preceding her wedding next Saturday, Miss Jane Stoker of Wilson, fiancée of Larry Hill, was complimented with a luncheon-shower in Hereford Country Club Thursday noon.

The party was one of a series being given for the bride-elect by friends here, in her home town and in Lubbock, where she and Hill have been students at Texas Tech.

Ice blue and moss green, colors chosen for the wedding, decorated luncheon tables which were covered in the green. Double heart outlines frilled with ice blue tulle stood on bases of white carnations with bows and greenery at intervals down the tables. Votive candles were spaced between these arrangements.

Gifts for the bride-to-be were heaped on a table under a pair of white pleated parasols with satin bows atop.

Hostesses were identified with corsages made of tiny Indian brass bells tied with green ribbon and blue tulle.

They were Mmes. Orpha Click, Richard Barnard, Shirley Garrison, Earnest Langley, Hugh Clearman, Gid Brown, Joe Reinauer, O. W. Parris, Cecil Hart, Leroy Aven, Lee Benefield, Palmer Norton, A. T. Mims and Pete Caviness.

Miss Stoker, dressed in pale green, was assisted by her fiancée's mother, Mrs. Ernest Kimball, in receiving the guests informally.

Mrs. Kimball has attended several of the parties in other cities, including a dinner at Hillcrest Country Club, Lubbock, Tuesday evening. Dinner for 12 was served at green-covered tables centered with white mums and blue candles.

Hostesses were Mrs. Jack Kassahn and Mrs. Cecil Bowles. Guests included the

honoree's mother, Mrs. W. P. Stoker of Wilson, the prospective bridegroom's mother and grandmother, Mrs. Elsie Shambeck of Lubbock.

Miss Williams Is Bride In Ceremony At Church

Miss Sharon Kaye Williams and Eddy Dean Monk exchanged wedding vows in a mid-afternoon ceremony Saturday in the Assembly of God Church, with the Rev. V. W. Marcontell of Waxahachie, former pastor here, officiating.

Parents of the couple are Mr. and Mrs. Leonard Hobby Williams, 345 Avenue G, and J. E. Monk of Decatur, Ark. The bride's parents gave her in marriage.

The wedding party stood before a background of greenery with white satin roping.

Mrs. Sandy Williams of Waxahachie attended the bride as matron of honor and her brother, Ronnie Williams, was best man.

Miss Suzanne Rulo was bridesmaid, the Rev. Sandy Williams, brother of the bride groom, Donnie King and Charles Treadway ushers.

Wedding music was by Robert Bell, organist, who played a medley of love songs and the marches, and the Rev. Mr. Williams, who sang The Lord's Prayer.

A gown in the romantic tradition was worn by the bride, the lace bodice fitted at the waistline and the wide skirt made of gathered tiers of lace. Elbow-length gloves complimented the short sleeves.

Her illusion veil fell over the shoulders from a seed pearl coronet. Her bouquet was a cascade of feathered white chrysanthemums.

The matron of honor wore a floor-length dress in orchid, with front panel in a lighter shade. The bridesmaid's dress had an orchid skirt with white lace bodice. Each carried a single orchid mum with white streamers.

A reception in the church fellowship hall followed the wedding. Miss Sallieann Scott served the three-tiered cake. Miss Kathy Keyes and Mrs. P. L. Burell the punch, assisted by Mrs. Dwayne Worley.

The table, covered with lace over orchid, was centered by the decorated cake.

Mr. and Mrs. Monk left on a trip to Oklahoma City, the bride wearing a wool dress of vivid pink with patent accessories and the corsage from her wedding bouquet. After March 5 they will be at home at 422 Avenue E.

The bride, employed in a beauty shop here, is a 1968 graduate of Hereford High School, where she was a member of FHA and VICA. The bridegroom is an employe of the W. T. Garage. He was graduated from high school in Decatur, then from Nashville Auto Diesel College.

Out-of-city guests in addition to the bridegroom's father included Mrs. Marcontell, Mrs. Buster Coffey of McLean and relatives from Dexter, N. M.

Open House Will Honor Couple

Mr. and Mrs. Foster W. Yeager, 307 Ross, will be honored on their Silver Wedding anniversary with a reception this afternoon in Plainview, their home city for many years before they move to Hereford last September.

A dozen friends will be hostesses for open house from 2:30 to 4:30 p. m. in the Flame Room of Pioneer Gas Co. at Plainview.

The Yeagers moved here when he became manager of Hi Plains Laboratory; he had been chief chemist for Harvest Queen Mills at Plainview 17 years. They had been active in First Christian Church of that city and Mrs. Yeager was a member of Business and Professional Women's Club.

They were married at Asherville, Kan., March 4, 1944, and honeymooned in Georgia. Yeager was attending the Army Officers Candidate School in Fort Benning, Ga., at that time. The couple has two children, Bobbi Marie, in the second grade, and Jimmy, an eighth grade student in Hereford schools.

Members Make Auction Items To Aid Guild

An auction of handcraft articles and baked goods made by the members proved an entertaining occasion as well as a profitable one for St. Anthony's Guild Thursday evening, at a meeting in the parish school auditorium.

The Rev. Simeon Heine, pastor and moderator of the Guild, served as auctioneer. Mmes. Jimmie Jesko, S. T. Loerwald and Alfred Reinart of the ways and means committee were in charge of arrangements.

The auction replaced the usual Guild program. The pastor spoke briefly on the topic, Our Role in the Community. He also announced plans for a religious census of Deaf Smith County to be taken Sunday under auspices of the Hereford Ministerial Association.

Refreshments were served by the hostess committee, Mmes. Matt Jesko, Norbert Skypala, Gerald Banner and Theresa Kubacak.

March Social For Community Is Club Plan

A community social March 22 with Ford Home Demonstration Club as hostess was planned at a club meeting Wednesday afternoon, when Mrs. Frank Borman and Mrs. W. A. Carter were hostesses in Ford Community Building.

That building will be the scene of the social, to which all residents of Ford community are invited. Plans were made in a business session with Mrs. Tex McKnight presiding.

The first program in a two-part study of colors was presented by Argen Draper, County H. D. Agent. She outlined principles of color theory, using a color wheel and brightly-hued swatches of fabric to demonstrate color value and intensity, also the effect of colors on each other.

Members were asked to analyze the color of their skin, eyes and hair before the next program.

Those present included Mmes. John Borman, J. Raymond Flores, Joe Gonzalez, J. C. Gossett, A. B. Kent, D. B. Roberson, John A. Smith, Raymond Smith, Steve Meives and Joe Meyers.

Bill Thompson Is Attending MARS Meeting

Deaf Smith County Chamber of Commerce manager Bill Thompson is at Fort Sam Houston this weekend in his capacity as state deputy director for training for Army MARS. (Military Affiliate Radio System).

The meeting is primarily for planning for emergency communications. Thompson returned Tuesday from Austin where he attended a Civil Defense meeting. Thompson said the highlight of the meeting was a speech by Col. Edwin T. Cooke, Department of Neuropsychiatry U. S. Army Medical Field Service School at Fort Sam Houston. Cooke spoke on the reactions of people in times of emergency and the small percentage of any group that will make an intelligent reaction in times of emergency. 10 per cent of a group will react intelligently to a crisis within 15 minutes with 50 per cent reacting intelligently in an hour. The remaining 40 per cent may not recover their faculties for a week. Col. Cooke pointed out that extreme care must be taken to prevent key people from being the weak links in the organization.

Bill Thompson also saw a filmed documentary of Hurricane Beulah entitled "It Happened in Texas."

Chicagoan New Here

By SUE COLEMAN
Women's Editor

She admits with a laugh that she has "a lot of adjusting to do" before she is a thorough-going West Texan but Mrs. Tom Graver, who has just moved here from Chicago, is happy now about one thing — the absence of snow.

HER ADMIRATION of the sunny February weather since she came a few weeks ago was not even dimmed by a dust storm which was a new experience for her. But changeable weather is nothing new; that's typical of Chicago, too, she says.

Mrs. Graver is a native of that city and has spent practically her entire life there, so the move to a town as small as Hereford, in an area with a population as scattered as in the Panhandle, is another matter for adjustment.

Attractive, friendly Mrs. Graver foresees no problems, though, and to the present is enjoying the process of getting settled in her new home at 500 Westhaven while workmen are still finishing a few details of the construc-

tion. HER THREE SONS are getting acquainted in school, Michael at LaPlata Junior High, Daniel and Matthew at St. Anthony's.

There are others in the big, lively family of Gravers, two children in college who are expected here for the summer, two in jobs in Chicago and a son who is a Navy pilot. One son is to be married next month, the first marriage in the family, and Mrs. Graver is going back to Chicago this week to be a guest at some of the pre-wedding entertaining.

"Then we'll go back for the wedding, and the children say they are coming down Easter, and it won't be long then until summer vacation, so we won't have time to miss them so much," she continues.

MRS. GRAVER HAS spent some time in Hereford before the recent move, ever since her husband came down last May. He is with Missouri Beef Packers, Inc., in charge of beef sales for the firm which opened its new plant at Friona last year. House-hunting at that time

failed to produce a place to the Graver family, so they decided to build and then move.

Mrs. Graver says her activities outside her home have mostly been those related to her children, in organizations of mothers associated with school or church. Other spare-time enterprises include "a little bridge and a little knitting," she smiles.

Jehovah's Circuit Assembly Will Be In Dumas, March 14-16

Information has been received by George Humphries, local presiding minister of Jehovah's Witnesses concerning the program, participants and departmental overseers in connection with the "Make-Wise Use of the Remaining Time" semi-annual circuit assembly of Jehovah's Witnesses to be held in Dumas, March 14-16 at the Moore County Community Building.

Humphries said he had received an assignment to give the discourse, "We Have What They Need — John 17:3" at 2:05 Saturday afternoon. He and his wife attended the Missionary School of Gilead, now located in New York City, in 1960 and afterwards served as missionaries in Chile for three years.

"One of the reasons that 800 people from 30 congregations are able to get together and have a very smooth running and finely coordinated assembly is due to the 21 different departments staffed by over 150 volunteer work-

ers. Locally, Jerry Johnson has been assigned by the Watchtower Society headquartered in New York to assist in the installation of all facilities for the meet. Johnson is a maintenance technician for the Holly Sugar Plant. Humphries assists in the Volunteer Service Department, which handles all personnel for the assembly.

"Both the program participants and departmental heads have been working several weeks so the program will be very beneficial spiritually to the group gathered," according to Humphries. The programs are always designed to deal with Biblical answers to problems which are of great concern to the public. As an example is the highlight talk to be given Sunday at 3 p.m. "Law and Order — When and How?" which is a matter of widespread interest to day. Lester M. Dugan, the speaker for this talk will show God's answer to this question by Bible prophecy.

Glady's Garden

By Gladys Howton Manjeot

WHISPERINGS OF SPRING

Have just come into the house after changing the water hose. Was watering the front lawn, and as I walked across the grass, my attention was called to the sweet golden crocus buds, which were peeking through the grass. Near the edge of the sidewalk there was a lovely 'bouquet' of yellow, white, and blue crocus in full bloom. Yes they are the harbingers of spring.

In this season, as signs of spring become more evident (the roses have tiny new leaves) it is a good time to establish some definite plans for the coming season of gardening. It is a time for us to say to ourselves... Be patient... fill in the spare time studying the new catalogues, making a landscape plan for the new plantings, and changes you plan to make in the garden this year.

Read some new garden books. A fascinating and instructive study is that of the rose. The constant charm of the genus Rosa is never ending, for no other plant has been so celebrated in song and story, art and literature, and more to the point, in the gardens of flower lovers all over the world. The first record of the wild rose was found on fragments of a bronze-age fresco on the island of Crete. Roses were grown in Egypt for the Me-

American Bronze winner for 1968, Chicago Peace is a very nice blend of pink and yellow and is an excellent rose for our gardens, some prefer it to the Peace rose.

Floribundas: Betty Prior, medium pink, 9.0; Red Glory 8.7; Little Darling yellow blend, 8.6; Border Gem, pink blend 8.4; Iceberg and Ice White, both all white; and Spartan, orange, this one is rated high in the color selection.

Grandifloras: (cross between the Hybrid Tea and the Floribunda) First on this list is a great favorite and an excellent rose for our locale, it is Queen Elizabeth, medium pink 9.3. It grows high, and has nice long stems, therefore is good material for arranging. Its keeping qualities are very good if properly conditioned before used in an arrangement. Has a profusion of flowers, and blooms constantly during the flowering season. Montezuma, orange 8.6 is another favorite, it too grows high with sturdy stems, which are real fine for arranging, it is rated high as to color. Others which have high color rating are Carrousel, deep red. This is my favorite Grandiflora. It blooms profusely, and is a good keeper (Is difficult to find this rose for planting, it has been a popular rose for many years). Camelot, medium pink is well liked because of its lovely color, and its growing habits. Another favorite of mine is the Roundelay. One of the reasons I like it so well is that it has a beautiful color, deep red - almost black... and it is a very fragrant rose. This rose is the predominate planting in the Peace Rose Garden at Hereford High School. Mrs. McCullough, who is one of our best rosarians named this as one of her very favorite roses. She has grown it for many years.

Climbers: City of York, white 8.6 and Chevy Chase, deep red, 8.1. The Peace climber is an excellent rose and will give an abundance of bloom, it is a bi-color of yellow and pink. White Snow is a beautiful Floribunda Climber, and in truth bears out its name in the wealth of blossoms.

Another rose that is becoming popular, and is versatile in its uses, is the Miniature. The high rated miniatures, are: Starina, light red, 9.01; Cinderella white, and Purnilla, dark pink, both rating 9.00 - and Dwarfing,

medium yellow and Pink Cameo, medium pink, both rating 8.7. Mrs. Hromas, is probably the first gardener to try the Miniature Roses in Hereford. Her favorite is Rose Elf, a pleasing pink. The bush grows larger than most miniatures, but the blossoms are tiny and sweet. She says it is the best keeper of any rose she has ever grown, and that it produces many blossoms. Other miniatures which I know to be good are Red, Imp, Twinkles, bi-color pink and white, and Border Gem, a geranium pink. In growing the Miniature rose one quickly notes that the buds are much darker in color than the open flower, and the perfection of the flower is amazing. They can also come in miniature climbers, but I hesitate to recommend a climber. Many grow the miniatures as potted plants, and enjoy their blossoms during the shut-in months.

They are also used much on patios in pots and other interesting containers. Do not hesitate to grow them in the garden, they respond well, and will give the gardener added joy.

I have just touched the surface in naming roses that grow well here, if you wish to know about other favorites of our locale call 364-1343, or most any of the Garden Club members.

CAUTION: Plan and plant in your mind and on paper, but don't get in a hurry to start outside... flower beds should be well spaced, and now is the time to spray with dormant spray as a preventive for the growing season. Check garden tools, and motors, and read some good garden books. One I would like to recommend is, "How to

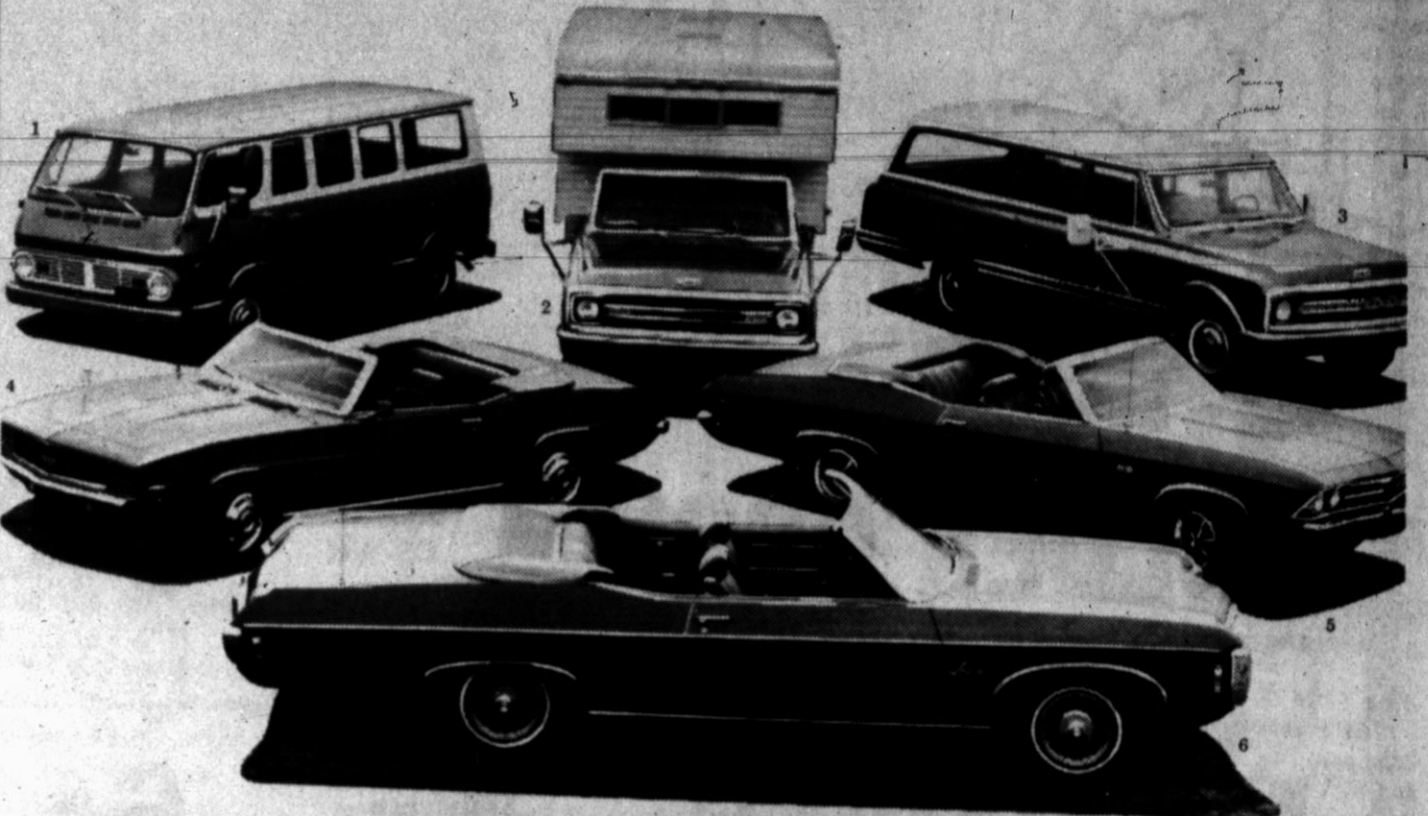

Plan and Plant Your Property" by Alice Becknagel, this is recommended by a landscape critic, and is adaptable for most gardeners of landscape designs.

Check on stored tubers and bulbs as they may need to be lightly sprinkled with tepid water.

If you have a desire to do some pruning, prune the Russian Olive trees, as they can

be pruned any time during the year. Really, to keep them in the best condition it is well to prune some after each season. All branches that wilt and brown out in mid-summer should be removed back to healthy wood. This is a shrub that can be grown here, it is especially good because of its color. Contentment comes from keeping busy. Glad.

Putting you first, keeps us first.

Dimmitt Tot Dies Wednesday; Father Employed In Hereford

Sharon Rieves, 3-year-old Dimmitt tot, whose father is employed in Hereford, was killed Wednesday afternoon when she ran into the street in front of her home into the path of a car. Driver of the vehicle was Keri Jo Kirby, 16, of Dimmitt.

Sharon is the daughter of Mr. and Mrs. Donald Rieves, residents of Dimmitt. Mr. Rieves, employed by D. R. Florence Construction Co. has been working at Deaf Smith County Electric Cooperative in Hereford.

The child had apparently been playing in front of her

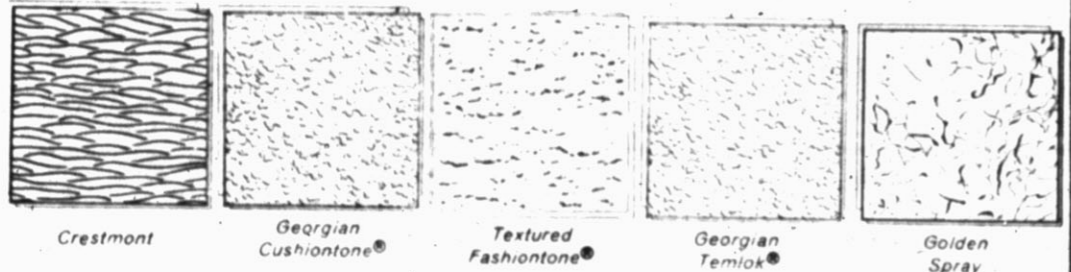

home with her tricycle when she attempted to cross the street to her grandmother's house and darted into the path of the oncoming car.

Both parents were working at the time.

Funeral mass was read Thursday in the Immaculate Conception Catholic Church with the Rev. Raphael Chen, officiating. Burial was in Memorial Garden Cemetery.

Survivors other than the parents include a brother, Donald, of the home, and grandparents, Mr. and Mrs. Mike Nino of Dimmitt.

Student Love Teacher? Important, Holman Says

By EARL MOSELEY
Staff Writer

Robert Holman, assistant superintendent in the Hereford Independent School District, has been questioned on the importance of one human emotion which can often be found in the classroom — love.

"So much has been said and written about the subject of love, the power that it can generate, and the havoc it can cause," Holman began. "Some of our greatest values in life are expressed through its use — love of country, love of God, love of flag, love of mankind. We read from the literature of ancient Egypt, from the translations of Hammurabi and Homer, the great power that love had in determining the relationships between men. From the Old Testament comes the haunting words of 'Thou

shalt love thy neighbor as thyself' and 'Thou shalt love the Lord thy God with all thine heart. . . ."

"And who cannot meditate long on the subject of love without remembering at least a few of the many uses of the word by Shakespeare? 'We that are true lovers run into strange capers.' 'Love all, trust a few, do wrong to none.'"

"And what can exemplify more the power of love than the strength displayed in a mother's love for her child?"

Holman continued, "It is true we bandy the word about in jest and fun. And we only have to listen to the words of most songs to be aware that the subject of love plays a prominent role in our social existence. Many are the times have we seen love render strong men helpless and turn them into abject fools. Fortunes have been lost and homes have been torn asunder through the strange but powerful influence of love."

CHILDREN IN LOVE

"One of the most heart-warming effects of love in the lives of school children is often observed in the relationship between a child and his teacher," Holman pointed out.

"It is difficult to believe that a child exists that did not some time in his school career fall in love with at least one teacher."

He gave examples of this love:

"A true story exists of a fifth grade boy who loved his teacher so much that her every word was truth personified. It was during the days of the Great Depression and money was a luxury to most people. Christmas was coming on and the boy was desperately scheming for a way to finance a Christmas present for his teacher. But funds did not materialize for the boy and time was running out.

"The next day at school he slipped a package under the Christmas tree with a homemade tag that read, 'I love you, teacher.'"

"That afternoon the teacher passed out all the presents to the students and she had something for each child. She opened her own presents before the class and warmly thanked each child whose present she opened.

"She finally came to a

clumsily wrapped package — dull looking and unattractive. It was wrapped in plain brown paper, and it did not even have a ribbon, some child observed. With a warm smile on her face, the teacher opened the package as gently as if it was precious gems. The wrapping came off to reveal a quart jar of homemade chow-chow.

"The teacher was obviously very pleased, but the children started laughing. The little boy ran out of the classroom, out of the schoolhouse, down the road on his way home seven miles away. Without coat or hat and bitterly crying, the boy ran blindly down the country road.

"He had traveled less than a mile when a car came up alongside him and stopped. It was his teacher. She took the boy in her arms and soothed him with words of kindness and assurance. She recognized not only the extreme embarrassment of the boy but his love for her."

CAREER DETERMINED

The love for a teacher has often determined the career of some students, Holman stated.

"A seventh grade boy was deeply impressed by the kindness and attention shown him by his English teacher," he related. "Everyday the teacher had a smile and a kind word for him. Never did she unduly scold or scold. She found something good in him each day. The boy tried harder — his assignments were always on time and completed to the very best of his ability. Some of his other courses might be neglected, but not this one!"

"This teacher honestly loved him. The boy did not note that the teacher did the same for all students, but he thought she had eyes on only for him. It was sad when the school year ended and the teacher left the community. But her mark had been made. The boy became an outstanding student of English and taught in one of the large universities."

Holman asked, "Who knows the full effects that could result in a positive rapport of child with teacher?"

"Many parents have observed that their boy or girl — especially in grades five through seven — began shining their shoes, carefully

selecting their clothing, studying more without being told, acting more calmly and sedately. Rest assured that in most cases some teacher has caused a change.

"David was a slightly built boy, somewhat withdrawn, when he entered the sixth grade. He was of average ability, achieving slightly better in math and science than in the language arts areas.

"He stood on the sidelines and watched his classmates participate in the strenuous sports. He was always chosen last when the class chose sides for athletic as well as social activities. He worked through fractions and decimals without too much struggle, but his interest began to pick up when he noticed that his young teacher started discussing with him on an individual basis ratio and proportion.

"Now this was not in his text book. She was telling him something that she did not tell anyone else in the room.

"David began to hang around after school to ask her about more math. She started giving him books and working assignments to take home with him. Some time during the day she would find time to check his extra work and to encourage him.

"His big moment came when one day she asked him to demonstrate before the class his work with algebraic equations. He was a shining light that day and he literally walked on air. His classmates looked up to him.

"The boy graduated from Rice University with honors in math and physics. And he swears that he owes it all to his sixth grade teacher with whom he fell in love at the age of twelve."

FORGOTTEN SORROWS

Holman asked other questions: "How many children have forgotten their sorrows, their inadequacies through the love shown them by a teacher? How many children have forgotten their shabby clothes, their hungry stomachs, their fear of the unknown through the love of a teacher? How many children have forgotten some physical impairment that is detrimental to social acceptance through the kindness of a teacher? How many children have learned to stand straight and tall, and look at anyone full in the eye and say, 'I can do this now because I had a teacher who really cared?'"

"We will never know just how many, but we would like to think that all children are made to feel this way."

Love can move mountains and sustain the hungry and lame, Holman said, and love can motivate children to perform beyond expectancy.

"If a child could express himself in describing the classroom that would best feed such love, we are sure that he would say: I like a classroom where children are happy; where children show very plainly that they receive more pleasure in carrying on the order of business than the business of disorder.

"Could he not say the same of his home?"

Holman said, "I like a classroom and a home where children are the most socially prominent people present; where children, rather than subjects, are taught; where the child is not merely an empty mold for receiving adult ideas.

"I like a home and a classroom where the mother and the teacher like their work — and their enthusiasm for it is catching — a place where the mother and teacher apparently would rather be at the moment than anywhere else in the world.

"I like a classroom that is cheerful, that shows the work of a student, that reflects change occasionally; where the old is made new; where the children do for themselves all they can; where calmness is the chief ingredient; and where commendation is frequently given.

"But above all I like a home and a classroom where love, kindness, and deep concern for every child is the order of the day."

Holman concluded: "Give me these things and I will be a credit to the community."

Letter To Editor

Dear editor:

First I would like to say thanks to the Hereford Brand and Radio Station KPAN for their wonderful cooperation in helping us with our supper at Saint Anthony's Cafeteria on Feb. 14. We would also like to say thanks to the youth groups who helped serve at the NAACP dinner: Mrs. Mary Sledge, Camp Fire group; Beatrice Martinez, Beverly High, Betty Martinez, Mrs. Jack Allen, Camp Fire group; Gaye Wesson, Debbie Walterscheid, Rose Mary Dupnik, and Dr. John Hamblin's Boy Scout Troop 50; Keith Gooch, Rex Barber, Hank Stringer, Charles High, Oscar Martinez, and Raul Gomez.

Thank you all very much for making our dinner a success. We raised about \$250 or more — they are still collecting on tickets. After our expenses are deducted we hope to have at least \$150 or more left.

We want to say thanks to all the fine people at St. Anthony's for the use of the cafeteria and to all who gave contributions toward our scholarship fund.

Many, many thanks. The Hereford Authorized Chapter of NAACP, Sylvia Mae High, president, Barbara Williams, secretary, Semmie Peters, treasurer.

PUBLIC HEARING NOTICE

Southwest Feed Yards, Inc., P. O. Box 873, Hereford, Texas 79045, has applied to the Texas Water Quality Board for a permit relating to waste disposal from its cattle feedlot facility. Southwest Feed Yards, Inc., proposes to retain any waste in a holding pond on company property for the irrigation of grass or other crops. This feedlot will be located approximately four miles northeast of the City of Hereford, Deaf Smith County, Texas and approximately 2,900 feet north of U. S. Highway 60. If any overflow occurs from the holding pond it will flow through a dry creek into Tierra Blanca Creek, thence into Prairie Dog Fork of the Red River. A public hearing on this application will be held in the Auditorium on the Fourth Floor of the Diamond Shamrock Oil and Gas Corporation, First National Bank Building, Amarillo, Texas at 10:00 A. M. on March 25, 1969 to determine the conditions,

if any, under which the permit may be granted. Additional data will be developed at the hearing, but further technical information concerning any specific aspect of the discharge, if available can be obtained by writing the Texas Water Quality Board, 1108 Lavaca Street, Austin, Texas 78701. Issued this 19th day of February, 1969.

PROGRESS

Walco Drilling Inc. Has Just Purchased The Pump Store Of Clowe & Cowan Inc.

Clowe & Cowan Inc. is pleased to announce the sale of their Hereford Pump Store to Walco Drilling Inc. They send their best wishes and thanks to all their customers during the last 22 years and invite them to contact Walco Drilling for their finest pump requirements and service.

The people at Walco are water-specialists. Machines drill holes in the ground but it takes a water engineer to bring in an optimum well. Walco has been doing this for 20 years.

Walco equipment drills all the water test holes with electric pumps. The completed well has a pumping unit installed.

Walco Drilling Inc. is purchasing Clowe & Cowan Inc. Pump Store, now has complete facilities for all your well & pump requirements from test hole drilling to installation of fine pumping equipment. When you need water, give WALCO a call.

PHANTOM'S TALE - 1494 -

WHY ARE THEY BOWING, KIT?

I DON'T KNOW, CARIBO. WE MUST APPEAR UNAFRAID. KEEP WALKING--

I'M TOLD TODAY THERE ARE CARVINGS OF THE GOLDEN-HAIRED GOD IN THE RUINS. COULD BE KIT.

FANTASTIC! YOUR ANCESTOR! THEN WHAT HAPPENED?

THAT IS NOT THE CITY OF GOLD MY CAPTAIN SEARCHES FOR, CARIBO.

WHEN I WAS A PRISONER - I HEARD THEM TALK OF A GREAT CITY TO THE NORTH - CALLED TENOCHTITLANA - CITY OF THE EMPEROR!

THEY SAID IT WAS A CITY OF GOLD!

CITY OF THE EMPEROR - THAT MUST BE THE PLACE! NORTH WE GO, CARIBO!

"KIT AND CARIBO WOULD NEVER FIND TENOCHTITLANA, THE ISLAND CITY OF MEXICO."

"THERE WAS MUCH GOLD THERE! CORTEZ WOULD FIND IT 25 YEARS LATER!"

THEY'D FOUND SOMETHING MORE AMAZING THAN ANY GOLDEN CITY - BUT THEY DIDN'T KNOW IT-- AMERICA!

ARE YOU GOING OUT TONIGHT, JIGGS?

YEAH--I'M GOING TO STEWY'S STAG PARTY--

I'D LIKE TO GO! HAVE YOU AN EXTRA TICKET?

I COULDN'T GET ONE MYSELF! DINTY GAVE ME HIS--

I'LL JUST MAKE SURE I GET HOME BEFORE MAGGIE GETS BACK FROM HER BRIDGE GAME--

HEY! MY TICKET'S GONE! MAGGIE'S BROTHER MUST HAVE STOLEN IT!

HOW WAS YOUR BRIDGE GAME?

FINE!-- OH, THERE'S THE PHONE-- I'LL ANSWER IT--

JIGGS, ISN'T THIS DREADFUL?! MY BROTHER BIMMY WAS ARRESTED AT A NOISY STAG PARTY!

GEE, THAT'S AWFUL--

I HOPE THE JUDGE WILL LET HIM OFF WITH A LECTURE--

THERE'S THE DOORBELL! MAYBE THAT'S HIM NOW--

JIGGS, I WANT TO THANK YOU FOR TIPPING US OFF ABOUT THAT NOISY STAG PARTY! THEY ALL GOT TEN DAYS!

SEE THOSE SQUIRRELS ON OUR BIRD FEEDER, STRIPE?

THEY'RE SCARING ALL THE BIRDS!

GO OUT AN' GET 'EM, STRIPE

G'WAN, STRIPE, GO GET 'EM!

SEE 'EM?

RIGHT ON OUR BIRD FEEDER!

THE BIRD FEEDER, STUPID!

DID HE SCARE 'EM OFF?

YUP...

COMPLETELY!

HEY!

ZIP AND LAG...!

WANT TO SEE A SIGHT?

GRANDMA'S TRYING TO FLY HER KITE!

OH, YOU'RE MISTAKEN... THAT'S IMPOSSIBLE!

SHE TOOK A BAD TUMBLE DOWN HER BASEMENT STAIRS THIS MORNING!

TRUE... BUT SHE'S NOT LETTING A LITTLE THING LIKE THAT STOP HER!

YES, TONTO, I'M SURE DAN RODE OFF EARLY SO THAT I COULDN'T CAUTION HIM AGAIN AGAINST RETURNING TO THAT OLD MINE!

WHEN HE RESCUE HIM, HIM SAY HE SEE FRESH FOOTPRINTS INSIDE! THAT MUST BE WHY HIM GO BACK!

THAT'S IMPOSSIBLE, TONTO! HE SAID THE TRACKS CAME FROM THE REAR OF THE MINE, BUT THE SPANIARDS FLED FROM IT HUNDREDS OF YEARS AGO AND THEIR REBELLING INDIAN SLAVES RETURNED TO THEIR TRIBAL CAMPS!

MEANWHILE... I WAS RIGHT! BUT BEFORE I RETURN TO MY UNCLE AND TONTO--

--I'M GOING TO FIND OUT WHERE THESE TRACKS LEAD TO AND WHO MADE THEM! LUCKILY, THEY'RE EASY TO FOLLOW!

SLOWLY, DAN RED WINDS HIS HAY POWNY THE DARK, ANCIENT SHAFT...

LIGHT!

WHY, THE MINE OPENS OUT INTO SOME HIDDEN CANYON! AND IT IS SO DEATHLY SILENT HERE!

THEN, SUDDENLY... N-HELP--

WALT DISNEY'S DONALD DUCK

MY JOB TEST, UNCLE SCROOGE. HAND IT OVER.

DO I PASS?

BARELY, AND FOR JUST ONE REASON-- YOU'RE MY NEPHEW!

YOU'LL GET \$30 A WEEK AND LUNCHES.

\$30! ARE YOU SURE YOU CAN AFFORD IT?

WANT TO GO TO LUNCH WITH ME? I HATE TO EAT ALONE.

YES! I'M STARVED!

Reitz

A DOUBLE FILET MIGNON, BAKED POTATOES, ASPARAGUS TIPS, BABY PEAS, A GREEN SALAD, PIE A LA MODE AND A GOOD IMPORTED CHEESE!

THAT WILL BE \$30, SIR.

ADD 15% FOR A TIP AND CHARGE IT TO SCROOGE, MC DUCK!

I'M RAISING YOUR SALARY TO FIFTY A WEEK--AND NO LUNCHES!

WALT DISNEY'S MICKEY MOUSE

WHAT'S THAT, GOOFOY-- YOU HAVE A SICK PIG?

I WON HER AT THE COUNTY FAIR! BUT SHE WON'T EAT, AND I'M WORRIED!

WHAT DO YOU THINK, MICKEY?

I THINK SHE IS LONESOME!

SHE NEEDS ANOTHER PIG FOR COMPANY!

THE PET STORES ARE CLOSED, BUT I KNOW ANOTHER PLACE THAT MIGHT HELP!

KEEP GERTRUDE COMPANY UNTIL I GET BACK!

LATER

IT'S ME, MICKEY! THE COSTUME SHOP WAS OPEN!

GOOFOY!

I'LL KEEP HER COMPANY UNTIL I CAN BUY A REAL PIG IN THE MORNING! OINK!

OINK!
