HEREFORD, DEAF SMITH COUNTY, TEXAS, MARCH 20, 1919.

NUMBER 8.

RED CROSS CAMPAIGN FOR CLOTHING AT HAND

County Is Called Upon To Aid The Stricken People of Europe By Contributions

Beginning Monday, March 24th, and extending through the following Monday, March 31st, the great Red Cross Clothing Collection Campaign for the suffering people of Europe will be waged from one end of the land to the other.

Deaf Smith county's quota is 975 pounds of clothing. The General Chairman in charge of the work in Hereford will be Mrs. George Garrison. Five District Chairmen under her leadership will be announced before the drive begins. The city is to be split into four parts, converging at the intersection of Main and Fifth streets, each under a District leader. The fifth district will be South Hereford. Collections in the county, outside the city, are to be made through the schools, and every teacher in the county is appealed to do his or her part in each school precinct during the week. Deliveries of all donations should be made at the Red Cross rooms at the Court-house.

American Red Cross headquarters states that "this is a time when we have no right to withhold anything from those who fought our fight and still suffer."

What To Collect
Since the clothing will be subjected to the hardest kind of wear, only garments of strong and durable materials should be sent. It is useless to offer to my afflicted population garments of flimsy material. Make the gifts practical.

Underclothing, either though worn or shrunken, in particular is welcome since the women can make children's and babies' clothes out of them.

Every kind of garment, for both sexes and all ages, is urgently needed. In addition, piece goods, light, warm, cotton flannel and other kinds of cloth from which the women of Europe will make garments for the new born babies; bed ticking, sheeting and blankets; shoes of every size are asked for. Scrap leather is needed for repairing footwear. In short, send woolen goods of every variety, especially knitted clothing such as sweaters, mufflers, socks, caps, etc. They are asking for any kind of soft hat or caps, such as winter felts, etc., but nothing tiff or made of straw.

What NOT to Collect
Ball dresses, flimsy dresses, high hats, Derby hats, straw hats, trimming for hats, feathers, umbrellas, mattresses, clocks, glassware, toys, collars, neckties, shoe trees, crutches, canes, parasols, pillows, crockery, rugs, carpets and foodstuffs.

Chairman Baker of the local Red Cross Chapter earnestly asks the cooperation and active aid of every man, woman and child in the county to make this drive the usual successful one for Deaf Smith county.

MRS. DR. GABBERT ON EXTENDED TRIP

Mrs. W. Floyd Gabbert left Saturday for an extended visit with friends. Mrs. Gabbert will visit for a week in Dallas and Rosebud, Texas, the latter being her home before moving to Hereford. She will then go to Lexington, Ky., for an extended visit with her mother, Mrs. Sallie Singleton, then to New York City to await the return of her husband from Brest, France.

G. A. F. Parker was a Summerfield visitor Tuesday of this week.

OUR GIRLS WIN BUT OUR BOYS ARE NOSED OUT

To use the sporting vernacular, the double-header basket ball game last Friday between Hereford and Tulia resulted in a "fifty-fifty split." In other words our girls licked the Tulia girls, while the Tulia boys nosed out winners by the narrow margin of one point.

Both were battles, but the girls, with magnificent team work, had a comparatively easy time with their opponents, while our boys fought a hard, uphill game from start to finish. The girls showed some fine coaching on the part of someone, as their work was cool, easy and smooth. The score was 28 to 18.

In the first half our boys were handicapped by having older and more experienced opponents, and the last half closed with the score 18 to 12 against them; but in the last half they came back with blood in their eyes and played the huskies from Tulia off their feet. At one time, just a moment before the whistle blew, they led the opposition by one point, but a lucky basket from the field just before time was up gave the game to Tulia 24 to 23. It was anybody's game until that whistle blew.

There was a big crowd out, and everybody enjoyed the affair. The local lineup: Boys: William Baker and Ernest Corn, guards; Frank McMinn, center; Earl Nunn and Bruce Guthrie, forwards.

Girls: Olive Wilson and Hazel McQueen, guards; Eddie Connell and Mattie Mounts, centers; Sena Mae Mounts and Letta Brazil, forwards.

ANXIETY 4TH HERD HAS A HISTORY

I will endeavor to tell the readers of the Brand when and how I got started to breeding Registered Hereford cattle.

It was some time in the winter of 1914 that I visited Mrs. Bradley's herd. My brother, Jim, was working for her at that time.

He was showing me the cattle when we came to one little heifer calf about 5 months old. He just stopped and started telling me what a fine bred animal she was, but went ahead to explain why she didn't look any better. He told me the mother of the calf got crippled and they had to ship her out and they never had any nurse cow to put the calf on, and that was the reason why she didn't show up any better.

But Jim told me she was bred right and with the proper care she would be a show heifer.

Well, the heifer looked good to me then and I told him that if she could be made to look any better I sure would like to own her.

Well Jim says: "Let's buy her and you take her home, and don't be afraid to feed her, and we will see what she does." We agreed on this and gave Mrs. Bradley \$100 for her. And the next summer I gave Jim another \$100 for his half interest in the heifer.

Along in June I met Rat Jowell on the street and asked him if he knew where I could sell 30 head of good grade calves; that I would like to buy a few more registered calves. He asked me what I wanted for my calves, I told him \$30.00 Rat spoke up and says: "I will trade you Registered cattle for them." He had at the time two

nice yearling heifers, one he had selected out of Mrs. Bradley's herd, the other out of Will Womle's herd, and was fitting them for the Amarillo Fair, and they sure did look good to me.

I traded with him; gave him \$500.00 for the two calves and \$300.00 for a 4 year old cow and heifer calf. So you see I didn't get but \$100 difference between 30 head of grade calves and four head of registered cattle. That looked awful high then, but the same kind of a trade today would take some difference the other way. I showed the three heifers at Amarillo in the fall and my little heifer Jim and I got from Mrs. Bradley took the Blue Ribbon in her class over the other two, and I still have her in my herd.

In the summer of 1916 I sold my grade cows and bought ten head of the Gudgell and Simpson cows from Rat Jowell, paying him a fancy price for them. I also contracted a bull calf from him at \$600.00 before he was born, the highest price he has ever sold one under the same conditions. I selected a Domino cow that was bred to Beau Randolph and was to pay \$600.00 for the calf at 30 days old if it was a bull. It was and I am now using him for my present herd bull. He will be three years old in May and is proving to be an awful good sire. I have several of his calves now.

I have sold some cattle for good prices in the last three years and have paid good prices for some. I have a few head of both sexes for sale most of the time. My motto is "It is better to handle a few of the better kind and take care of them."

S. G. SANDERS.

BOARDMAN WELL NOW FINISHED

The end of this week or at least the first of next week, will see the completion of another irrigation well in the Hereford field. The drilling crew of D. L. McDonald will probably start pumping out a new hole on the H. H. Boardman farm, one mile east of the town section Saturday.

The well is 47 feet to water, and shows a good formation all the way down to the bottom, a distance of 120 feet. It will be pumped by a 50 horsepower Bessemer engine.

As soon as this well is turned over to the owner the drilling crew will be moved north to the Matador Ranch, about thirty miles northwest of Vega, where a well will be drilled for this big ranch and cattle company.

To the Citizens:

The request to clean up the business part of town this week, and to remove the unsightly trash and junk from it has not met with the prompt and encouraging response hoped for.

Nothing provokes so much adverse criticism and unfavorable comment as an untidy and slovenly condition of the business section of a small town.

Also, such a condition is a great handicap to the City authorities when they make efforts to persuade non-resident property owners to make improvements.

This condition has been thrown up to your City officers MORE THAN ONCE.

There are back lots in the business section of this town that are in a deplorable condition. They are every day advertising the town most unfavorably.

I wish the tenants and owners of every block would work together to rid the community of these unsanitary eye-sores.

Wm. M. KNIGHT, Mayor.

Rev. W. H. Terry returned home Thursday after a short visit to his ranch near Seminole, Texas. He left Monday via automobile, accompanied by his son Lee, a young business man of Amarillo.

TO DISCHARGED SOLDIERS AND SAILORS.

All officers of the military and naval forces, all soldiers, field clerks and nurses of the army, enlisted men of the regular navy and marine corp, and all reserves who have received honorable discharges since April 6, 1917, are entitled to \$60.00, in addition to the pay received while in the service. This amount however is not payable to one who did not report for duty at his station prior to November 11, 1918. All persons mentioned above, except men in the navy and marines, discharged prior to the 24th day of February, 1919, should write to the Zone Finance Officer, Lemon Building, Washington, D. C., stating the extent of service since April 6, 1917, the date of discharge, present address, and with this letter inclosed his discharge certificate of the military order for discharge, and both if both were issued (originals must be sent, or certified copies from an army recruiting officer. The discharged will be returned with the \$60.00.

Men in the navy and marines discharged prior to February 24, 1919, must present their claims with their discharges to the Disbursing Officer, Bureau of Supplies and Accounts, Navy Department, Washington, D. C., that they may be compared with the enlisting records on file in the Bureau of Investigation, and the Disbursing Officer's certificate obtained that the comparison has been made and the bonus is due and unpaid. This certificate with your discharge will be returned to you and the certificate with the discharge will then be sent you to the Zone Finance Officer and that Officer will return you your discharge with the money.

This should be attended to at once, as remittance will be made in the order in which the claims are filed. If you desire further assistance or advice in regard to getting this money arrangements have been made with Mr. Gilliland, a member of the Home Service Committee, to advise and assist you without charge, and you should feel no hesitancy in calling upon him at his office.

MRS. L. R. BRADLEY, Home Service Chairman, Deaf Smith County Chapter of American Red Cross.

Mr. Property Owner:

Have you rendered your City Property for your 1919 taxes? The time is nearly gone. It cannot be extended just because it is you, or because you forgot, or were busy. The Ordinance making "failure or refusal to render property" a penal offense, makes no special provision for YOU. If you have not rendered, DO IT NOW!

PARENT-TEACHERS FAVOR A HOSPITAL

The Parent-Teachers Club endorse the following resolution:

We feel that it is time we were doing something to show our respect to our heroic dead. What Memorial could be more in harm, any with the spirit with which they fought than a Hospital.

It stands for peace, quiet and the preservation of a nation; the very principles for which they fought and died.

Therefore, Be It Resolved, that we, as a Parent-Teachers Club, do heartily endorse the movement to establish a Memorial Hospital.

Be it also Resolved, that we not only endorse the movement, but that we agree to work for the success of same.

And, Be it further Resolved, that we pledge to furnish and equip a room, in said Hospital, to be known as the Parent-Teachers Room.

(Signed)

Mrs. Madames McQueen
George Barber
Brownlee
Committee.

FATHER & SON BANQUET BIG SOCIAL SUCCESS

HYDROPLANE BIG FACTOR IN SAVING A SOLDIER

Mr. and Mrs. R. N. Mounts are in receipt of a letter from their daughter, Miss Elzina, who is undergoing training as a nurse in St. Luke's Hospital, New York. The young lady's many local friends will be glad to hear that she is well and much interested in the work.

The letter contains an interesting account of a most unusual occurrence. Recently a troop ship homeward bound from France, had aboard a Lieutenant who was critically ill after being severely wounded. When the ship was out from New York he suddenly took a turn for the worse, and the ship's Doctor decided that a delicate operation, not possible on board ship, was necessary.

A wireless was sent to New York and a Hydroplane answered the emergency call. The wounded boy was strapped in the plane and brought via air to the Hudson river, where the machine took the water to the 96th street landing, and he was then transferred to St. Luke's ambulance. He was rushed to St. Luke's, an operation was performed, and at last accounts he was doing well.

TRAIN SERVICE BEING STUDIED

There is a bare possibility that Hereford may secure one of the through California trains from the East. "Possibility" is a good word in this story, and no assurance is felt at present that it will become a fact immediately. But the powers that be are figuring on it, so to speak.

Recently the Chamber of Commerce, Mayor Knight and Agent Garton have all taken an interest in securing additional and sorely needed passenger train service for this line between Amarillo and Clovis. This week Mr. Garton met General Passenger Agent Gallaher of Amarillo at the depot and the two had a conference with the Mayor.

It seems that the Santa Fe is perfectly willing to aid, although not yet convinced of the desirability of reinstating the local train which has plied back and forth heretofore, before the war. They say that train does not pay, which raises another argument to be discussed later. But they are considering how to give additional passenger train service. Possibly, one of the through California trains, now being routed via Newton, Kansas, and Colorado may be diverted through this way; or perhaps the night train may be run from Amarillo to Clovis, and return the next p. m.

Such matters take time to adjudicate, and there is nothing sure what will be done. Still it indicates that we MAY have some more train service in the future, and that Mr. Gallaher is wide awake and anxious to look after the interests of the patrons of his part of the line.

CITY TREE LINE

The City ordinance have established the tree line ten feet from and parallel with the property line. To plant trees on any other line in the streets is a penal offense.

Mrs. Hicks Daniels of Amarillo, arrived Monday for a visit with her father R. H. Womack.

Christian-Presbyterian Congregations Enjoy Big Feed and Strong Addresses

One of the best planned and most successful get-together banquets that has been staged here in some time was the "Father and Son" gathering at the Christian church last Thursday night, March 13. The ladies served a most delicious lunch, while the program was strong and entertaining.

Judge I. Gough presided as toastmaster with grace, and a large touch of humor. B. F. Guthrie handled the main talk entitled: "The Father and Son Movement," and handled it in a powerful and thoughtful manner. W. E. Dameron claimed he did not understand the significance of his subject, and talked along another line, being subjected to a lot of good-natured chaffing thereby. The two pastors spoke feelingly of the work of their churches, and following the set program a lot of fine impromptu speeches were extracted from the audience, among them the Mayor, D. L. McDonald, W. A. Stewart, A. W. Gregg, J. H. Foster, and others. Upon special request Judge Gough delivered his famous "Colored Sermon."

This kind of meeting is good for us all; we need more of them in all our various lines of activities. Let's try to have some more of them.

PROGRAM

The Father and Son Movement
—B. F. Guthrie.
"Finding Dad"—Rev. W. M. Baker
"If Not, Why Not"—W. E. Dameron.
Invocation—Rev. T. G. Nance
"Pals"—Rev. J. M. Asbell.
Open Parliament
Toastmaster—L. Gough.

MENU

Cocktail, Turkey, Dressing, Gravy, Creamed Potatoes, Celery, Pickles, Coffee, Brick Cream, Angel Food Cake.

5TH LIBERTY LOAN DRIVE IN APRIL

Just one month from Friday, or April 21, the campaign for the largest Liberty Loan yet attempted by the Government will begin in earnest. The amount will be \$7,000,000, it has been announced.

The quota for Deaf Smith county has not yet been received, although the Federal Reserve Bank at Dallas is busy figuring on the matter. Early this week they wired here for our total bank resources and deposits, which would indicate the basis of their figuring. The Brand has received advance advertising material for the Drive.

Those who have studied the matter express the hope that the present financial condition of this country be taken into account in fixing our quota, and the grim determination to keep the country's record spotless, whatever the quota may be, if it is at all financially possible to do so.

E. H. Roberts left Tuesday for Ranger, Texas, where he expects to locate however Mrs. Roberts and daughters will remain in Hereford until Mr. Roberts has found comfortable living quarters.

Dr. E. F. Lanham, of Amarillo, was a business visitor in Hereford Wednesday of this week.

Entered April 17, 1901, in the postoffice at Hereford, Texas, as a second-class mail matter. First number of the paper issued Feb. 23, 1901, as the Hereford Reporter; first number of The Brand issued March 21, 1902.

Subscription Price \$2.00 a Year Strictly in Advance

ADVERTISING RATES—Locals 10 cents per line first insertion, 7 cents per line subsequent insertions (no ad taken for less than 25 cents.) Classified: first insertion 1c per word, minimum 25c; subsequent insertions 1c per word, minimum 25c. Professional cards \$1.00 per month for one inch space. Display advertisements 15c per single column inch per week. Special rates for time contracts.

The National magazine "Life," in its issue of March 13th, has the following under the heading "A Resolution," which seems so strangely to fit our local Hospital situation, and is so aptly put, that The Brand reproduces it:

"WHEREAS, the American Expeditionary Force, realizing from past war that it is the nature of the American people to wish to honor their soldiery,

"And realizing also that in the past this desire to honor has taken the form of sundry monuments, statues and kindred memorials,

"And having to gaze through its youth upon said monuments statues and kindred memorials, hereby

"Resolves: That it will be a further service to humanity if the number of such monuments, statues and kindred memorials is not increased;

"That, having looked upon such statues, monuments and kindred memorials as the Hun has left unspoiled in Europe, it realizes the pitiful inadequacy of American art, architecture and sculpture, and while it honors and reveres the noble sentiments that prompted the erection of the memorials to our soldiers of the Revolution, War of 1812, Civil War and Spanish-American War, yet it prefers that none of similar design and sculpture be erected in honor of the American Expeditionary Force, and therefore respectfully

"Requests that such memorials may be erected in memory of our heroes take the form of hospitals, summer recreation camps for city children and dependent mothers, and open squares and parks."

The position taken by the advocates of a Memorial Sanitarium for Deaf Smith county is also seconded by the good ladies of the city of Amarillo, who have just held a mass meeting and announced a drive for a Community House for that city, instead of a monument or statue. The idea that there must be a "service to

humanity" in any community testimonial to our heroic soldiers is steadily and rapidly gaining ground everywhere.

One of the most notable and significant conversions to the League of Nations idea is that of Mr. Wickersham, Mr. Taft's Attorney General. It is true that Mr. Wickersham never formally declared his opposition to that idea, but he included Mr. Wilson's purpose to bring about the organization of a League of Nations in the comprehensive and severe indictment which he brought against the peace policy of the President and against him because of his decision to go to Paris. No one cried out against that decision more bitterly than did Mr. Wickersham, and in the heat of

his indignation he denounced pretty much everything it was known that the President intended. As to the League of Nations idea itself, Mr. Wickersham was highly skeptical, at the least. He seemed to think that, at best, it would prove worthless, and, at worst, dangerous. It was under the prepossession of those feelings that Mr. Wickersham hid himself to Paris about the time the President departed. He went nominally as the correspondent of a Republican newspaper, and his mission was to publish to the world the blunders and follies he was sure the President would commit and expose the dangers he was expected to lead the country into unless balked. Mr. Wickersham's earlier dispatches from Paris bore witness that he lost none of his distrust and dislike of the President during the voyage.

Now Mr. Wickersham is back home, and what he has had to say as a citizen, through the medium of an interview, shows that, with respect to the President's paramount purpose at least, his ideas and sentiments have undergone a radical change. He retains his former theories, but, he explains, events "have proved stronger than theories. The development in the world conditions since the declaration of the armistice in November last have, it seems to me, forced upon the United States the absolute necessity of uniting with the allies for the preservation of the fruits of the victory to which America arms so greatly contributed. Unlike any war in the past, the conflict into which the United States was drawn more or less involved in its onward movement every nation in both hemispheres, and with the practical surrender of the German forces the world is confronted with a state of social demoralization more far-reaching than any heretofore known." These and other considerations, in Mr. Wickersham's opinion, show "the necessity of a League of Nations in which the United States of America shall be a partner."—Dallas News.

FROM TUCKER WYCHE

Delayed letter
Merach Luxemburg
Nov. 28, 1918.

Dear Father:
At last I can tell most anything I wish, so I am going to write a letter just to see how it goes.

At present I am a tiny atom on one knuckle of the mailed fist the allies are showing through Belgium and Luxemburg to the Rhine. I am Captain of Co. "A" 2nd Engineers; and the 2nd Engineers are the divisional engineers of the 2nd Division regular army, and now assigned to the 3rd army corps. The 3rd corps is in the 1st American army.

The 2nd Division has been through six campaigns, and (we think) has the best record behind it of all others in the A. E. F., not because it belongs to the regular army or has a different personnel, for through the replacement system it is now made up almost entirely of drafted men and reserve officers, but because its opportunities for making a record were better than most any other division.

We were over here with the first hundred thousand and since last February have been almost constantly at the front, so I guess we are more happy than any others that it appears to be all over now.

Have been resting here for about a week giving the German army time to fall back to the Rhine, and expect to move forward again in about three days.

The civil population in Belgium and Luxemburg are very happy at the beginning of events, and have given us a regular "Hall the Conquering Hero" reception most every where we have gone. We rather expected the cold shoulder in Luxemburg but such was not the case, for though they would rather not have Luxemburg occupied by any one, they much prefer an American army of occupation than a German army.

I saw Stapler for the first time on 12th of October, north of Chalons, France, near St. Etienne; his division (the 30th) relieved ours on that front.

I saw him again, and Henry McKinley, a few days later for a few minutes. They were still with the 111th M. I's, but expected to be transferred to an infantry regiment in a few days. They were both looking fine, and I think army life is doing them both good.

The Texas boys struck their first fight there, and it was a hard one. I had the privilege of seeing part of it, and I have been strutting around telling everyone I am a Texan ever since; for they stood up wonderfully well under difficult circumstances.

I lost sight of them then for my division hurried down to get in the Argonne fight, and when that ended we were at Beaumont, and since the signing of the armistice have come here.

Every one is anxious to go home. Those of us who are headed towards the Rhine want to see that first, and then home. We are all "fed-up" on war, and I for one, know I never want to see another.

No, Capt. Prowell was not my Captain, he was formerly a lieutenant in my company. My Captain was killed on July 1st at Veaux (Morre) France, and since that I have been in command of the company, though I did not get my promotion until August.

I would regret very much leaving my company but I expect to make an effort to get leave to go home if the peace conference drags out too long.

Hoping you are all well and happy.
Your son,
Tucker.

GREAT FIST FIGHT

IN NEW REID FILM

In "Alias Moran," one of Paramount's latest picture productions, Wallace Reid gets into one of the most exciting fist fights ever witnessed on the screen. Mr. Reid plays the part of Larry Young, a slacker who changes

Meal and Hulls

Already Mixed

Cold Pressed Cake, Meal and all kinds of Feed and Grain

McQueen Grain & Coal Co.

Telephone One

his name to circumvent the draft. He leaves his home town on account of this and gets work in a distant seaport at a shipbuilding plant.

While working there one of his fellow workmen insults the French flag. This incident is the turning point in the slacker's life. It arouses him to action and he wades into the workman and a fight ensues that will make you hold on to the arms of your seat. From that day on he is a changed man. He immediately enlists and goes to France.

A beautiful romance is woven into the story and it ends with a pleasant surprise. "Alias, Mike Moran" will be shown at the Star theatre next Monday and Tuesday, March 24 and 25.

Mr. Reid is supported by a notable cast including Anna Little, who plays the female lead, Emory Johnson, Charles Ogle, Mythe Chapman, William Elmer, Winter Hall, Jean Calhoun, and Guy Oliver. James Cruze directed the production.

lin to fill vacancy caused by D. M. Ballard's failure to qualify.

J. C. Winn who is employed with the Interstate Commerce Commission with headquarters at Slaton was home on a visit Sunday.

The date for the regular election of school trustee is drawing near, and each voter should deem it his duty to visit the polls and cast his vote for some candidate. The outgoing trustee, Mr. W. E. Goodwine, has made a most efficient and capable school officer and is one who has the interest of the school at heart and can be depended upon to do his full duty as the good of the school demands. The patrons of the school cannot do better than to re-elect him for another term.

There will be a literary program followed by a box supper at the school house this Friday night. Proceeds for school benefit.

Harry Hughes was a business visitor in Clovis on Thursday of last week.

Miss Cullum was greatly surprised by two of her brothers from Amarillo calling on her at the school one day last week.

Mrs. Kinsley, Mrs. Henschel and Rev. and Mrs. Willman drove to Hereford Monday on a business mission.

G. W. Turner received a telegram calling him immediately to his home in Iowa. He departed Sunday morning.

G. W. Davison has leased a part of the Hanson farm adjoining town from W. H. Warren and is preparing it for row crop.

Albert Wildering arrived in Friona last week for a short visit with his aunt Mrs. A. N. Wentworth.

DEATH OF T. S. BARNETT

The Whitesboro, Texas, News-Record of February 28, has the following account of the death of Mr. T. S. Barnett, father of Ralph Barnett of Hereford, which occurred on February 20th. Mr. Barnett was formerly a resident of Hereford and part owner of The Brand, and leaves scores of old friends in this section who mourn his loss.

"Last Thursday morning, Feb. 20th, at about 11 o'clock death claimed one of Whitesboro's oldest and most respected citizens, Mr. T. S. Barnett. Mr. Barnett was 83 years of age at the time of his death and had been confined to his home for several months past on account of failing health. He was a man of strong conviction and for many years had been active in the development of this community. He was a member of the Methodist church for a number of years and lived an upright christian life.

Funeral services were held Friday afternoon at the Methodist church by Revs. D. F. Fuller and J. H. Scribshire, following which the body was laid to rest in the City cemetery under the auspices of the Masonic Lodge, of which body he had long been a member. T. S. Barnett was born in Madison County, Alabama January 5, 1836 and came to Texas sixty years ago, coming direct to Grayson county. Soon after his coming he joined Col. Bonland's company of Texas Rangers and gained a slight idea of warfare by conflicts with the Indians before his Civil war experience. He joined the Confederate army at the outbreak of the civil war and was a member of the 11th Texas Cavalry, Co. A., which was organized near Whitesboro. He was made second Lieutenant and later promoted to 1st Lieutenant, was wounded at Alton, S. C. February 11, 1865 and was still on crutches at the time of the surrender.

"Mr. Barnett was married to Miss Mary Roberts in 1867, whose father, T. C. Roberts, was an old settler of this county, and Whitesboro has been his home throughout their married life.

"Eight children were born to this couple seven of whom are living, all of whom were with their father at the time of his death, except he oldest son Lee Barnett, of Orange, Calif. The other children are Brick Barnett and Mrs. C. C. Shamon, Whitesboro; Mrs. J. Ray, Amarillo, Texas; Ralph Barnett, Hereford, Texas; Frank Barnett, Kingsville, Texas and Paul Barnett of Houston, Texas. Mr. Barnett's brother Mate Barnett, of McKinney, Texas, was also here at the time of his death.

"It was pathetic that in his extreme old age, Mr. Barnett's final sickness was of a nature that months of intense suffering had to be endured, yet never was heard to murmur of his fate and his great patience could not be surpassed.

"The entire community deeply sympathizes with the bereaved wife, children and grandchildren."

TYPICAL STONE STUNTS

In "Johnny Get Your Gun," the new Artercraft picture in which Fred Stone is starred at the Star theatre Friday and Saturday, March 28 and 29, that famous comedian does his dance routine, a celebrated acrobatic dance that won him the praise of the greatest critics, and then follows it with an extraordinary roping stunt.

With his usual agility Fred finishes the dance, which takes place on a ballroom floor, jumps to a balcony, seizes a rope, and swinging it through an open window, lassos the Count of Bullion-aka, as the latter is about to leave on an elopement party. It is the most daring piece of acrobatic fun seen here in some time.

Program for the Brotherhood of American Yeomen Social

The Brotherhood of American Yeomen social to be given at the

I. O. O. F. Hall, Tuesday night March 25th.

Piano Duet—Audrey Carroll and Mabel Barnhart.

Reading—Ruth Lee

YOU'LL LIKE HEREFORD OCEANS OF WATER

KIDNEYS WEAKENING?

LOOK OUT!

Kidney troubles don't disappear of themselves. They grow slowly but steadily, undermining health with deadly certainty, until you fall a victim to incurable disease.
Stop your troubles while there is time. Don't wait until little pains become big aches. Don't trifle with disease. To avoid future suffering begin treatment with GOLD MEDAL Haarlem Oil Capsules now. Take three or four every day until you are entirely free from pain.
This well-known preparation has been one of the national remedies of Holland for centuries. In 1896 the government of the Netherlands granted a special charter authorizing its preparation and sale.
The housewife of Holland would almost as soon be without food as without her "Real Dutch Drops," as she quaintly calls GOLD MEDAL Haarlem Oil Capsules. They restore strength and are responsible in a great measure for the sturdy, robust health of the Hollanders.
Do not delay. Go to your druggist and insist on his supplying you with GOLD MEDAL Haarlem Oil Capsules. Take them as directed, and if you are not satisfied with results your druggist will gladly refund your money. Look for the name GOLD MEDAL on the box and accept no other. In sealed boxes, three sizes.

Chinese doctors prevent illness

SOCIETY AND CLUBS

MISS CECIL GILLILLAND, Phone 30

BAY VIEW CLUB

On Thursday of last week the Bay View Club met at the public library with a splendid attendance. Continuing the study of Bernard Shaw the following program was exceptionally well rendered, with Mrs. Geo. Garrison as leader.

Shaw's A Discussion Dramatist, his Prefaces and his Stage Directions—Mrs. Seth B. Holman. A contrast of Shaw's "Caesar and Cleopatra" with Shakerspear's "Antony and Cleopatra"—Mrs. B. F. Guthrie.

Shaw's Attitude toward Marriage—Prepared by Mrs. Oscar Cardwell and read by Mrs. Seth B. Holman.

The next meeting will be with Mrs. John McLean with the lesson on "Synge."

The ladies of the Presbyterian Aid and Missionary Society met in an all day session last Tuesday at the hospitable home of Mr. and Mrs. W. A. Stewart. The morning session was devoted to the last chapter of our Study "The Path of Labor."

Miss Jane Gregg and Mrs. Ezra Norton each gave solos which were enjoyed by all. Devotional services closed our morning session.

Then came the good dinner. The long tables in the dining room were most inviting, spread with the most delicious of things out of the culinary department. As we enjoyed this feast together, we forgot about the war or that Mr. Hoover ever existed.

The afternoon session begun by joint talks by Mr. Baker and Mr. W. A. Stewart on the new Era Movement. The ladies then gave

a vote on the new Era movement to endorse it and to pay our apportionment through the Missionary society.

New officers were elected as follows:

Mrs. Holman, President
Mrs. Alice Lea, Vice-President.
Mrs. Vernon Witherspoon, Secretary.

Mrs. Geo. Garrison, Treasurer. Review of the study was highly interesting for more than one hour. Mrs. Homer Fox then sang "Come Holy Spirit." Miss Jane Gregg favored us with several sweet songs that were greatly enjoyed by all. We had most excellent music through the day and as we finish or study "The Path of Labor" we prayed to be a stronger spiritual asset that we may be co-laborers together with God.

With Mesdames L. H. Shore, Grover Sanders and Edgar Johnson as the hostesses for the evening the members of the E. D. C. club, with a few invited friends, had a most enjoyable social at the E. B. Black home last Monday evening March 17th. In keeping with the day the house was most beautifully decorated in "Green", the many pot plants, ferns and cut flowers made the guests feel that "Old Ireland" was not so many steps away. The entertainments for the evening had been planned so as to exactly suit the ages of the different members, some of the younger ones passed the evening away playing "42's" where Shamrocks were used for score cards, while the older ones sat by the open fire and enjoyed the games that had been planned for them. Delicious ice cream and angel food cake was served to about fifty guests and very small Shamrocks served as the favors for the evening.

On Saturday afternoon from two to five o'clock Mrs. J. W. Hough entertained a number of little folks, in honor of Miss Jacquelin and Master Clyde Pogue's birthdays, after having a happy time by playing various games—delicious refreshments of fruit salad and wafers were served my Misses Mabel White and Mary Belle Hamm. After a short time spent in more games the little folks departed for their homes each wishing for Jacquelin and Clyde many more pleasant birthdays.

Mr. Property Owner: Have you rendered your City Property for your 1919 taxes? The time is nearly gone. It cannot be extended just because it is you, or because you forgot, or were busy. The Ordinance making "failure or refusal to render property" a penal offense, makes no especial provision for YOU. If you have not rendered, DO IT NOW!

Bush Velvet Bean a New Variety.

The bush velvet bean, a selection from the Alabama variety now being produced on a commercial scale in Georgia, is being distributed in trial lots by the United States Department of Agriculture. This differs from all other velvet beans in cultivation, as it is a bunch bean instead of a vining variety. It grows to an average height of about 3 feet. It makes rather less growth than either the Alabama or Georgia varieties, while its character of growth increases the difficulty of harvesting seed. The amount of herbage is somewhat less than the average production of the velvet bean family.

The special advantage of the bush velvet bean is that it does not twine on corn and hence does not tend to pull down the stalks, while it is also valuable for planting in orange and other fruit-tree groves where a non-vining bean is desired. Like cowpeas, this bush bean may also be harvested as hay, as the absence of twining stems eliminates the common difficulty which occurs in mowing the ordinary twining varieties of velvet beans. Bush beans are planted about the same time as cotton, when the soil is thoroughly warm, the seeds being dropped 2 or 3 feet apart in rows 3 to 3 1/2 feet in width and covered the same as corn. It is customary to plant the beans either alone or in the same

rows with the corn. One bushel of seed will plant 2 to 3 acres. After planting, the crop should be cultivated about like cowpeas.

Soy Beans as Green Vegetables.

Hahto soy beans, introduced from Japan, are excellent for the production of green beans similar to lima and butter beans. About 115 days are required for the bean to make sufficient growth for use as a green vegetable. Although the Hahto bean is best adapted for growing in the southern States, it may also be successfully produced as a green vegetable during favorable seasons throughout the cornbelt according to specialists of the United States Department of Agriculture. Being a bush variety, it also is adapted for forage production, its yield of green feed or seed being superior to many other varieties on the market. In a dry form the Hahto bean cooks up easier than other varieties and has a better flavor. This bean is to be grown extensively by boys' and girls' gardening clubs in the southern States during the coming season.

Food-Saving Lesson Remains.

The "gospel of the clean plate" was preached so thoroughly during the war that youngsters in the United States still have a guilty conscience of they waste food. The home demonstration agents sent out by the United States Department of Agriculture and the State colleges emphasized in their talks last year the need of conserving food. In Washington Parish, La., a little girl recently took more food on her plate than she could eat. Valiantly she strove for a clean plate, in accordance with the teachings of the home demonstration agent in that parish, but in the end failed. Thereupon she folded her hands, closed her eyes, and said, "Oh, Lord, please don't let Mr. Hoover or Miss Wolff hear of this. I want to go to heaven if I've got to go any place."

Colds Cause Grip and Influenza
 LAXATIVE BROMO QUININE Tablets remove the cause. There is only one "Bromo Quinine." E. W. GROVE'S signature on box. 20c.

ARE YOU GENUINE OR A CAMOUFLAGE PATRIOT—WHICH?

Analyze yourself!
 Are you a real red-blooded American or are you a camouflage patriot? Do you really appreciate the great victory that our Government and our boys won for you? Do you realize that everything you have would be worthless or taken away from you and that you would have been little more than a slave if this victory had not been won? Have you stopped to think that thousands of men—big, strong, able-bodied men—have gladly died on the battlefield to give you the blessing of peace and victory? They gave everything—life, home, loved ones. Do you realize that there are thousands of mothers and sisters in our country who are broken-hearted today because they have lost their loved ones, but who proudly gave their sons and husbands to protect you and yours and bring victory?

Now, then, are you showing your appreciation? Are you holding your War Savings Stamps and Liberty Bonds? Are you saving your money and lending it to your Government through the purchase of 1919 War Savings Stamps in order that the victory bill may be paid and the boys brought home?

Every time a War Savings Stamp is cashed that much money is drawn directly out of the United States Treasury—money that the Government had counted on using to pay the victory bill—a bill contracted in order that this would be a safe country for you to live in—money that it expected to use in feeding a soldier or sailor and bringing him back to the home-folks in Texas, Louisiana, New Mexico or Oklahoma. A wise Government has made it possible for the owners of War Savings Stamps to cash their War Savings Stamps at the postoffice after giving ten days' notice. If one has had misfortune and has urgent need of his money all he has to do is ask the Government for it and back his money will come with interest for every day it has been left to the Government.

As an American, a patriot, one who loves his country, do you think the person is a real patriot, a sur-enough American, who at this time of the Government's great need cashes his War Savings Stamps if it is possible for him to hold them? Do you think he shows the proper appreciation of victory?

It was easy to be patriotic when the boys were in the thick of the fight, when the drums were booming the battle call, but the real test of patriotism is what one does now. Every person who can should hold his War Savings Stamps until the maturity date. Do you think a real American would cash his War Savings Stamps unless he was in dire need of the money?

War Savings Stamps are the safest investment in the world. They increase constantly in value and this constant increase is guaranteed by the Government.

Buy 1919 War Savings Stamps. They pay good interest. Save and have.

CANADIAN AVIATORS PROVED WISE BIRDS

When the members of the Royal Flying Corps who trained in the Eleventh Federal War Savings District, returned to Canada, many of them had become enthusiastic buyers of War Savings Stamps. Having been given a taste of buying Government securities for small amounts, they became so insistent that the Canadian Government inaugurated a system of War Savings Stamps, similar to that in the United States.

"The leading men of the world today," recently declared a Canadian financier, "those charged with directing its affairs, realize that the exercise of thrift is absolutely necessary for the restoration of normal conditions in all countries."

"It is to be observed also that those men consider it as necessary for the people of the United States and Canada—countries undamaged by the war—to save as 'it is' for those of France and Belgium to do so. It is the condition on which financial and industrial recovery is based."

PATCHES

Are Unnecessary all-the time

It was all right to make patches popular as a measure of war economy, but you don't want to wear patched clothes all the time—

And you don't need to.

The Strong Withstand the Winter Cold Better Than the Weak
 You must have Health, Strength and Endurance to fight Colds, Grip and Influenza.
 When your blood is not in a healthy condition and does not circulate properly, your system is unable to withstand the Winter cold.
GROVE'S TASTELESS CASH TONIC
 Fortifies the System Against Colds, Grip and Influenza by Purifying and Enriching the Blood.
 It contains the well-known tonic properties of Quinine and Iron in a form acceptable to the most delicate stomach, and is pleasant to take. You can soon feel its Strengthening, Invigorating Effect. 60c.

Less Trouble with Traitors.
 It takes about 2 1-2 gallons of fuel an acre to run a tractor for plowing in the Dakotas, according to reports from several hundred farmers received by the United States Department of Agriculture. Bulletin 1095, cover 2, 3, 4, and 5 plot tractors of various makes.
 Slight differences in fuel consumption are found between machines of different makes, and there is usually a slightly lower consumption where gasoline is used than where kerosene is used. These differences, however, are so small that the average of 2 1-2 gallons may be taken as coming very close to the actual acre consumption for any type or size of machine.
 The more recent reports received in this regard indicate that farmers are having much less trouble than formerly in handling kerosene-burning tractors. Nearly two-thirds of the tractors on the Dakota farms reporting burn kerosene, and the results are apparently satisfactory, particularly in view of the fact that the present price of kerosene is just half that of gasoline. However, the advantage of gasoline in ease of operation and in the additional assurance it gives that the engine will keep running steadily makes many men prefer the more expensive fuel.

Less Cholera—More Hogs.
 An important result of hog cholera control work, begun by the United States Department of Agriculture in 1913, and which has resulted in a steady decline of the disease, has been the stimulus given the development of swine raising in the South. With other activities of the department in this line, the assurance given to southern farmers that hogs can be produced without fear of losses from cholera has encouraged growing not only larger numbers of animals but also better types. This has been noticeable particularly in Georgia. A few years ago that State purchased about 40,000,000 pounds of pork more than it produced annually. But efforts for the control of hog cholera have gradually extended over the entire State, with resulting confidence in hog raising. By 1918 Georgia was producing pork enough to make shipments to outside points besides supplying a large number of hogs to local slaughtering establishments. Similar progress has been made in Mississippi, Alabama, and Florida.

A good appearance is a valuable asset.

ERNEST WOODBURN SENDS ITINERARY

Headquarters, 142d Infantry,
A. P. O. No. 706 A. E. F.
30th Division.

Dear Folks:

Well, we are all well and hope that you are the same. Still having pretty weather.

Papa, you ask me to send you a complete list, from the time that we left Camp Bowie, up to where we are stationed at the present time. This is the most complete list that I could get. Not all of this pertains to me. I will show you the first time I got with the Division after I got across. Now I will tell you the name of the places I went before I got with the Division:

Left Camp Bowie, on July 4th, 1918, arrived in St. Louis on the 6th from

there we went to Detroit, Michigan, from there to Niagara Falls, Canada, then to Buffalo, N. Y., and then on into N. Y. City. Stayed there until 14th of July, and sailed on the Great Northern. Arrived in France July 22, 1918. Stayed at Brest, France, one month and from there we went to Bar Sur Aube, where we joined our Company. You will notice on the list the town of Bar Sur Aube, and I want you to get a map and locate all of these towns. We hiked from the town of Chuffilly to Flogny. Some hike.

Well, this is about all the information that I can give you. I want you to put the list in the Brand and tell them that it is best Diary that we have.

With love to all,
Sergt. Ernest R. Woodburn.

Stockmen Sell Hogs Cooperatively.

Recently more market hogs accumulated in the Newlands Irrigation project, formerly the Truckee-Carson project, in Nevada, than could be handled by the local slaughterers. As a result a representative of the United States Department of Agriculture advocated cooperative shipments to be marketed in San Francisco. He arranged with the farmers to deliver their surplus porkers on a certain date, so that the animals could be shipped in carload lots. The total shipping and marketing expenses ranging from 1-4 to 1-2 cents in profit, so that producers realized a greater net income than from hogs sold at home. This initial shipment was so successful that henceforward the general farmers of the Newlands project intend to market all their surplus live stock in this manner.

Animal "TB" Works Under Cover.

No cattle owner can afford to live in doubt as to whether his animals are afflicted with tuberculosis, say officials of the Bureau of Animal Industry, United States Department of Agriculture. Unlike most other infectious diseases, tuberculosis has an insidious way of working under cover, and oftentimes animals of the most healthy appearance are found to react to the tuberculin test prescribed by the bureau. When slaughtered, the final proof that the tuberculin test was accurate is found in the diseased organs of the animal.

Careful experiments in practical work have shown that tuberculosis can not be detected to any great extent among animals by physical examinations. The most reliable methods is the tuberculin test applied by a trained operator. Tuberculin, while regarded as the most accurate diagnostic agency known to science, is safe operator who is acquired with its limitations and with the symptoms it produces in the animals to which it is applied. The tuberculin test is prescribed by the Bureau of Animal Industry in the cooperative campaign it has begun to eliminate tuberculosis as an animal disease in this country.

In order that all orders for the University of Texas Community Song Book may be promptly filled it is necessary that the sum of 10 cents be enclosed for each copy.

Grove's Tasteless Chill Tonic restores vitality and energy by purifying and enriching the blood. You can soon feel its strengthening, invigorating effect. Price 60c.

PRINCE ALBERT

the national joy smoke

LAY your smoketaste flush up against a listening post—and you'll get the Prince Albert call, all right! You'll hunt a jimmy pipe so quick and get so much tobacco joy out of every puff you'll wish you had been born twins! For, Prince Albert puts over a turn new to every man fond of a pipe or a home made cigarette. It wins your glad hand completely. *That's because it has the quality!*

And, right behind this quality flavor and quality fragrance is Prince Albert's freedom from bite and parch which is cut out by our exclusive patented process. We tell you to smoke your fill at any clip—jimmy pipe or makin's cigarette—without a comeback!

Toppy red bags, tidy red tins, handsome pound and half pound tin humidors—and that clever, practical pound crystal glass humidor with sponge moisture top that keeps the tobacco in such perfect condition.

R. J. Reynolds Tobacco Co., Winston-Salem, N. C.

ANOTHER LETTER FROM THE LUTHERS IN THE FAR-OFF ORIENT

Kulungon, Amoy, China
Dec. 22, 1918.

To our dear loved ones—

This is to be the first copy of the NEWS LETTER which is to be written monthly. Now you may not appreciate this, but the circumstances are these: There is Papa and Mama Luther in San Antonio, Mama Ward and the children in Hereford. We don't know yet where Leslie is. We want Mama Ward to forward her copy of this letter to him where he is, when she is through, and let us know at once where he is, so he can get a copy next month. Everett is in San Francisco, Arthur is in Keene, George is in San Pedro, Ruth and Cory in Lawrence and Aunt Lou and Uncle Walter, who want to hear from us regularly, are in Los Angeles. Now all of you want to hear from us and all the news each month. We are having experience and seeing things now and will continue to do so that you will want to know, but if we attempted to write and tell you

all about it separately, it would take all our time writing letters, then you would not get as much news probably as you would this way, so we thought of this plan. This letter is written in carbon copies, enough copies made to send one to each one, then we can write this letter once a month and you all have the news of us. Then of course we will write each one a short personal letter and mail with this letter, but what we mean is the long part of the letter or what would be the long part of the letter to get all the news to you all, will be in this letter. Does that suit? We might say right here though that we are going to expect long letters from you, because you don't have as many that you have to write to, and probably have more time to write too, because this is a place to keep busy.

You have all heard from us since we have arrived in China, telling you of our trip, of the sickness and of the different countries through which we passed. We have tried to keep from being homesick, but have to confess that we are broken out once or twice since being here, due to the fact that we could not hear from you, knowing as we did, the sickness going around the country and not knowing whether you had escaped or not, and oh, just lots of things. However we have be-

gun hearing from you now, and are beginning to feel lots better. Am going to say right here too, that if any of you get behind in your regular once a month letter, you will be told about it in this letter, so everyone will know about it. Don't get behind.

We went up to Canton about the first of December to wait for the meeting to be held there, from the 10th on. This was a conference meeting for all South China, and all the workers in this Union. I mean American workers or foreign workers as we are known here, were at this meeting. There were about 55 foreigners in all, including children, and we spent a very pleasant time together. A large straw mat-shed was erected for a dining room and we all ate together there. There is a large boarding school for boys on the Cantonese compound, so we had plenty of places for the foreigners to sleep, also the girls boarding school and two large two story brick buildings in which the workers are located there live.

The conference work was taken up and disposed of. The Committee elected us to Amoy, me to be Secretary-Treasurer of the Fukien Mission, my work to begin at once, so that definitely settled our field of labor. Let us say here that we have a very pretty place to live, will include a picture of it later, and the finest people to work with you ever met. The Supt. of the mission, Elder Hankins, and the man in charge of the large boys school here, Mr. Bates, a young man about 26 years old, just ordained, and their wives, are fine, they love us and we love them. We did not think we would be sent to Amoy, in fact the president of the Union told us we would not be, but the work was so needy here and Elders Hankins and Bates pulled, so hard for us that the Committee elected us for this field and we are now in Amoy, full of hope and courage and anxious to get to work.

While waiting in Canton for the general meeting, I was invited to go with the Supt. of the Cantonese field and the man in charge of the book work in South China, Elder Ham, and Mr. Rebok to go for a four-days trip interior. I accepted with pleasure, for I wanted a chance to see some of real China. Well, I saw it. We went up in the evening, an over-night trip on one of the Chinese boats. I couldn't very well describe it. Dirty! Oh my, I mean the boat, however we managed to get one of the two or three little rooms on the boat, with some boards nailed down like a bench, which is the Chinese native bed. We had our own bedding with us, which we fixed down on the boards and tried to sleep. Mr. E. L. Longway who is on this way to Sham, went with us, so we all four tried to sleep on those boards. One bench was about four and one half feet wide and about 5 feet long two men slept on that. The other one was about two and one half feet wide and about six feet long. Brother Rebok and I slept on that. One of us had to sleep with his feet one way and the other one with his feet the other way. 2-1-2 feet, you can imagine what it was. The other bed five feet long, the men who slept there had to double up. We went to sleep about 11 o'clock and the boat left about 2 A. M. When the boat started, the little oil lamp in our room hanging on the wall, flared up

and began burning the wall. Mr. Longway woke up in time to see it and in trying to get it down, knocked it off the wall onto the floor. Oil ran all over the room and it caught fire. Longway, about half awake grabbed up a Chinese pillow (a Jun tow) made of porcelain, about 6 inches long, 4 inches wide and 3 inches thick and began beating the fire with that and broke the lamp to pieces. Elder Ham got his senses together in time to smother it out with a comfort off the bed, without much damage, then the laugh on Longway after the excitement was over. The next morning we arrived in Hock-ai, and went about 5 miles on the train to Sunnei. We went to our Chapel there and stayed with the Evangelist. He gave us a room with two beds (Two benches made of wood about 1-2 feet wide with nothing over it but a small piece of regular matting like you have in the States). We placed our bedding on that and slept there three nights. We ate Chinese food during this time, with chopsticks. The Chinese people eat every part of the chicken, inside and out, except the feathers, also the same of fish. They eat their chicken all chopped up, intestines and all after being cleaned, so you can eat it with chopsticks, and you have to fish around and find what you want of it and leave what you can't or won't eat. Then they have rice, greens, eggs, and some chopped beef, that is what they served us, although they don't live that good themselves. The ordinary Chinese the average live on not over \$4.00 a month, Chinese money. We stayed with them three days. Needless to say we were glad to get something to eat and a place to sleep when we got home. However we had some good meetings there, spent Sabbath there and had a baptismal service. They had the baptism in the Chapel right on the street, and quite a crowd from the street, not believers came in. They always do, when they see a foreigner, in fact they follow you down the street in swarms, as though they had never seen a white person before. When we opened the baptistry, we could hardly keep them out, they seemed to think we were opening up a place to take a bath, really they had no idea what it could be for except that. They got up on each others shoulders and on the seats, trying to see it all. When the Minister lowered the candidates in the water, from the looks of their faces, they probably thought we were trying to drown them. It is pitiful thought to see these natives in the midst of their heathenism.

We came back to Canton from Sunnei in the daytime. The country is beautiful. That is the farming district. Each man only has a very small patch of ground, and he works it in perfection. They work very hard, and they have their ground and crops without a single weed of any size, not a one. You can go for miles and not see a weed. Even the mountains, where they are not solid rock are terraced

Continued on page 8.

THRIFTGRAMS

Nobody ever got rich tomorrow. Begin saving today.

Savings crank up the prosperity engine.

All the wealth in the world is what has been saved by some one.

Savings beget more when they are invested; War Savings Stamps are the finest investment in the world; Thrift Stamps are first aid to investments.

Money saved is money earned. Buy War Savings Stamps.

Sharing in the Government is good citizenship. You do that by investing in War Savings Stamps.

Wise buying makes wages count more. Saving is the quickest road to opportunity. Spend wisely, save sanely, invest safely. Buy War Savings Stamps.

NINETEEN SAVINGS RESOLUTIONS FOR NINETEEN-NINETEEN

- Here are the Nineteen Savings Resolutions for Nineteen-Nineteen. Every one of them good! Pledge to observe them throughout the year, and live up to your pledge. To have one must save. Save and Have! You are your biggest asset! Capitalize yourself! Take the it-out-of-life and put it in Thrift!
1. I will not quit, but will push my personal job in helping clean up the war.
 2. I will buy wisely, save sanely and invest securely, and will insist upon getting 100 cents value for every dollar spent.
 3. I will take the "it" out of Life and make it build up Thrift.
 4. I will have a personal share in my Country's victory finance.
 5. I will have enough sand to hold on to the slippery dollar.
 6. I will increase my savings, not tomorrow, or next day, but now!
 7. I will capitalize myself through saving. I am my own biggest asset.
 8. I will not sell my War Savings Stamps or other Government securities for a mess of pottage.
 9. I will join the "Get Ahead" movement, such as one of the Government's War Savings Societies.
 10. I will not let the "War-is-Over" idea make me grateful to those who have fought and bled for Liberty.
 11. I will be behind our end of the Peace Table with my heart, brain, labor, encouragement and money.
 12. I will employ all practical means of stopping the foolish drip from the pocket-book which undermines the foundation of Family Success, and save through War Savings Stamps, Thrift Stamps, and other Government Bonds.
 13. I will make Thrift a honey habit and a solid business which secures continuous profit from the spending of money wisely.
 14. I will remember that Thrift is one of the great lessons taught by the war.
 15. I will not set aside my newly-acquired habits of Thrift and Sacrifice, but will "carry on" with greater zeal and enthusiasm than ever before.
 16. I will keep a written account of what I buy, study it weekly, and try to reduce my foolish spending, and increase my ability to buy wisely.
 17. I will look ahead and not allow my impulse to spend thoughtlessly rob me of some big opportunity or advancement which may come in the future. I will save for a "Turn Around Fund" which will enable me to meet an unexpected need, or better, an unexpected opportunity.
 18. I will save—not through miserliness or to support future laziness—but to live well now and in the future.
 19. I will conserve my time, my energy, and my money that I may work without financial worry, with a clear head and fresh vision.
- Pledges made in 1918 to invest in United States Government War Savings Stamps, but which, for any reason, could not be met by December 31, 1918, may be fulfilled and the Government expects that they shall be fulfilled by the purchase of 1919 War Savings Stamps.
- A War Savings Pledge is a personal, binding obligation. Save and have!

The City of GOODRICH Akron, Ohio

No More Days Of Less

Meatless, heatless, wheatless are days of the past; but the thrift born of them is with us to stay.

To demand the utmost for a dollar is one great lesson the world has learned. Along with other days of less, it has cancelled days of less service.

Service has always been the Goodrich measure of the value of tires; that is, what a tire proves itself worth you in service on your car, and on the road.

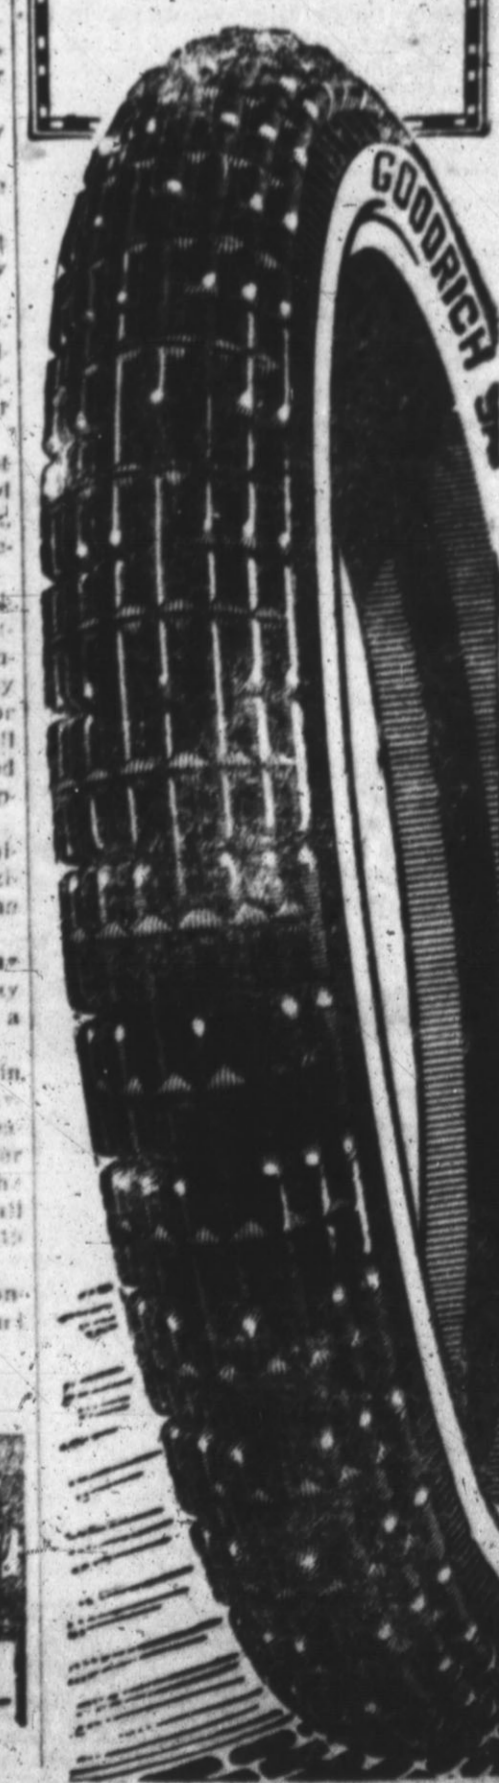

You see promise of service in the burly, full rounded bodies of Goodrich Service Value Tires; and their thicker SAFETY TREADS, extra wide to fortify the sidewall against rut grinding.

You get fulfillment of promised service value in their dependability and durability wherever you take them.

Buy Goodrich Tires from a Dealer

GOODRICH TIRES

"BEST IN THE LONG RUN"

WHAT IF YOU CAN'T GET A NEW CAR?

Over 800,000 went to the scrap heap in 1917

Steer Away From the Scrap Heap

KEEP the car on the job, and "fighting fit." It has given you loyal service. It is capable of giving you lots more.

Show your appreciation. Fit it out with a new battery and it will romp through 1919 as happy as a two-year old.

The Eveready is the battery for you, and the 1 1/2 year guarantee means shelving all worry onto our broad shoulders.

Electric Service Station

EVEREADY Our repair work is fully guaranteed

Habitual Constipation Cured in 14 to 21 Days

"LAX-POS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It stimulates and regulates. Very Pleasant to Take. 60c per bottle.

Helps Sick Women

Cardui, the woman's tonic, helped Mrs. William Eversole, of Hazel Patch, Ky. Read what she writes: "I had a general breaking-down of my health. I was in bed for weeks, unable to get-up. I had such a weakness and dizziness, ... and the pains were very severe. A friend told me I had tried everything else, why not Cardui? ... I did, and soon saw it was helping me ... After 12 bottles, I am strong and well."

TAKE CARDUI

The Woman's Tonic

Do you feel weak, dizzy, worn-out? Is your lack of good health caused from any of the complaints so common to women? Then why not give Cardui a trial? It should, surely do for you what it has done for so many thousands of other women who suffered—it should help you back to health.

Ask some lady friend who has taken Cardui. She will tell you how it helped her. Try Cardui.

FROM THE LUTHERS

(Continued from page 7.)

and have crops planted on them. I mean by that they cut into the mountain and level it off, spaces of about 30 to 50 feet and the hills look beautiful.

ful. River after river running all directions through all parts of China. The country is very rich and the possibilities are wonderful from a commercial point of view as well as spiritual. However while the Chinese are very very hard workers they are by no means progressive. If they can get enough to eat they seem to be satisfied. That is the big majority. There are some of course who are rich, very rich. The principal worship here is ancestral worship and as long as they worship something on an equality with themselves, you can't expect them to progress much. They are beginning to take to western education though now, and they are becoming easier to reach, and there are wonderful prospects of a bountiful harvest of souls in China.

On this trip to Sunnai, we passed through one of the most dangerous parts of all China in which to travel. This course is thick with bandits and robbers, who come on board the little boats and rob you of everything you have, killing those who refuse them anything. The boats are guarded with soldiers however, four or five soldiers going with every boat, but they don't seem to have much success in warding off robbers when they come on as strong as they do usually. We were fortunate in not meeting with any going both ways, for which we were of course thankful.

Another sad thing you see so much of here that impresses us is the miserable condition of so many of the people. I refer in particular to the diseased. You see any amount of Leprosy, you see it all around you until you almost fall to notice it. People with their legs, arms and faces or hands being eaten away, they are out on the streets begging. Makes your heart ache for them, and to think they are beyond any physical relief.

We have not been in any fighting between the north and south yet. Hope we will not be. They expect to come to some peace terms this spring at a peace conference they are to have in Shanghai, although it will be some time before it will be safe to travel, on account of the many men who have joined the army, become in possession

of a gun, then deserted and went to the mountains and become bandits, these men will have to be cleared out before it will be entirely safe. One thing you notice here; there are no rural residents, no rural population. Everyone lives in villages, for protection from robbers. All the interior towns or villages of any size have large walls around them, and the houses, and business houses, we noticed particularly in Sunnai are heavily barred with iron bars, then with high bamboo bars about 6 inches in diameter, from top of the door to the bottom, 8 or 10 in each door which are placed in place at night for protection. Everyone lives in constant fear of the bandits, although the authorities and officers are doing all they can against it.

Well, we must tell you something of Amoy and where we live. Amoy itself is an island, rather a large island, but where we live, Kufungsu is an island just a little ways from Amoy island. Kufungsu is a very small island only about 5 miles around it. You might call it a foreign concession, an International port. All nationalities who are in business in Amoy, usually live here. Of course there are Chinese on the island, a few Chinese villages, but every nationality lives here. There are some very nice houses here on the island, the mission compound has some very nice buildings, two school buildings, and the house Brother Bates lives in, where we are staying now. Brother Hankins owns his own house, right around the point from where we are. Our house will no doubt be built right beside Brother Bates, on a little knoll, although it probably won't be built until the middle of 1920. We will stay with Brother Bates probably until summer, when there is a little house which we hope will be vacant then into which we might move. Brother Bates house is small too small for two families during the hot season. If the little house we hope for is not vacant then, we will move to Elder Hankins house which is larger. Rent is awfully high here, this little house I spoke of three rooms upstairs and I think two rooms in the basement, rents for \$30.00 a month. The mission pays all over a certain amount which we pay, so you can see it is the advantage of all concerned that we build our house as soon as

money comes for it. We still pay rent of course on the house that is built for us. Kufungsu island is a pretty island, but one lives on the watch for thieves all the time, must keep two or three dogs, and you must have a wall around your house to keep the thieves away.

Our mission, the Fukien Mission is the largest in South China. Of a church membership in South China of about 1200, Fukien Mission has a membership of about 500 of that. We have about 30 workers in our Mission. The boys school here has a membership or enrollment of about 75 students. My work as Secretary-Treasurer of the Mission as well as the treasurer work of the school with the language study for the first year or two, I expect will keep me pretty busy, and I may teach one or two English classes in the school besides. Claudia with her superintending the house work together with St. Bates, and her language study and probably teaching one or two classes in the school will keep her mind occupied too, we are sure. Our salary for this year is \$15.00 a week gold. The exchange rate now is, you can buy one Chinese dollar for about 78 cents gold, but the mission pays us on the rate of two for one in other words my salary as I receive it is \$30.00 a week. They say from Jan. 1st, it will be \$16.00 gold or 32.00 mex. have not seen it yet, will know for sure later. \$30 mex goes just about as far here though as \$15.00 does in the states, the salary is based on just what it takes to live comfortably, and we are satisfied.

Well, will leave anything else to news that we might think of until next time. Don't forget to write often. We are all well, and think of you often and need your prayers for us in our work over here in China.

We are including you a picture of the meeting in Canton. We are marked. Can you see the monkey in my arms.

We have a letter in Canton from you but won't get it for 3 or 4 days. My but it takes a long time to hear from home.

Lovingly,
Glenn and Claudia.

The Home Life

It means that you have a stake in the community, and the community interests are yours. In olden times, few but the wealthy had real homes, and these homes were really castles or fortresses to protect them from the violence of enemies. With the advent of Law this was changed, and the home became more universal. Now, the man without a home is the exception.

OWN YOUR HOME

Rockwell Brothers and Company

CHURCH NOTES

Methodist Church.

Follow the crowd to the Methodist church next Sunday. Fine crowd—fine music—good old fashioned Gospel preaching morning and evening. Do you good: Sunday school is growing, and Epworth League at 4:00 p. m. is booming. Our great Centenary Campaign is going fine, too.
W. H. TERRY, Pastor.

Baptist Church.

We were glad to hear of the two good services last Sunday and appreciate Brother White preaching for us. I enjoyed my trip to Amarillo and had the pleasure of preaching to the good church there. I also met some of my old time friends of early days from old Independence. We will have our regular service next Sunday Sunday school at 9:45, preaching at 11 a. m. and 7 p. m. We want to thank our people for the many compliments of the pastor's sermons. Christ shall be held up at every service and you will find a welcome and if you do not feel at

home it will not be our fault. Come praying and take part in all our services.

J. E. McClurkin, Pastor.

Ho!—Presbyterians—Ho!

1. Last week was a good week for us, because of:

First: The splendid dinner for Missionary Society at Mrs. W. A. Stewart's, the review of the "Study Book," the large attendance of women, and the election of officers for the year;

Second: Because of the splendid, well attended, enthusiastic "Father and Son" banquet for Presbyterian and Christian church men at the Christian church. The men of the Christian church were social and entertaining, which was shown in their good handshakes and ready wit, expressed in conversation and speeches. The women were very pleasing with their words and smiles and beautiful faces, and immensely charming with dishes and plates of nectar, turkey, ice cream, cake, and other good things to eat;

Third: Because of the Social for the Junior C. E., given by Mrs. Anderson Witherspoon.

which was well attended and enjoyed by all the children present;

Fourth: Because of the good and well-attended services on Sunday.

2. On Sunday, March 23:

First: The usual services, at the usual hours;

Second: A "Billy Sunday" Evangelistic Sermon at 11:00 a. m. Will begin on time and quit on time. Don't miss it;

Third: The Union Service at 7:00 p. m., will be at our church—a hot number also.

COME TO LEAGUE

It is very encouraging to have such large crowds attending League and the interest that is being shown.

We had an excellent program last Sunday which was very interesting as well as helpful. Be sure and come again next Sunday and bring some one with you. Let's all work together for a better League.

If you can't be a Leager come be a welcome visitor. Especially do we invite the strangers in town. Let's all come to League.

C. E. Program March 23rd.

Topic—The Art of building Character.

Leader—Elizabeth Tatman
Opening Song service followed by a prayer.

Information Committee's report.

Talk—Mrs. W. A. Stewart.
Scripture Reading—by leader and comments by members.

What happens to a character built on a wrong foundation—Lena Bodkins.

Illustration by some bible character building—Frankie Mae Baker.

Piano Solo—Leland Gilbreath
What part has the Bible in character building—Viola Nunn.

Talk—Mr. Fertsch.
Song and closing exercises.

Missionary Program, By The Ladies Sunday Morning at The First Christian Church

The ladies of the Christian Women's Board of Missions have prepared an interesting program which will be rendered Sunday morning at 11 o'clock. Our Missionary Ladies don't do things by halves, so we may expect something worth while.

Bible school begins at 9:45. C. E. at a quarter of six. Mr. Travis Dameron is to be the leader, the program committee met Monday night in the church office and planned an interesting and instructive program. The Union Service will be at the Presbyterian church, and my friend Baker will preach. Mr. Asbell will preach Sunday at 3 o'clock at the Dawn school house, he will take the Christian church choir with him and several cars of people besides, if the day is nice and you want a trip, you will be welcome to join our party. Let every church member get on the job, good and early. We had quite a few tardy folks last Sunday, and it did not look good, religion needs promptness and business applied to it the same as other phases of life. My what good times we are having, come and enjoy your self with us next Sunday.
J. M. ASBELL, Pastor.

U. D. C. PROGRAM

All Texas Heroes' Day March 14, 1919, at Home of Mrs. J. J. Clark.

Prayer—Captain Walker.
Keep the Home Fires Burning—By Chapter.

Boys of 1845—Mrs. Nertsch.
Birdseye View of the Boys of 63—Mrs. D. C. Laird.

and making an appropriation to pay necessary expenses hereof.

Be it Resolved, by the Legislature of the State of Texas:

Section 1. That Section No. 5 of Article IV of the Constitution of the State of Texas be so amended as hereafter to read as follows:

Section 5. ARTICLE IV. GOVERNOR'S SALARY AND MANSION.

He shall at stated times receive as compensation for his service an annual salary of ten thousand dollars, and no more, and shall have the use and occupation of the Governor's Mansion, fixtures and furniture, and this clause shall be self-enacting.

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors for members of the Legislature at an election to be held throughout the State of Texas on the fourth Saturday in May, A. D. 1919, same being the twenty-fourth day of May, A. D. 1919, and the Governor of this State is hereby directed to make the necessary proclamation for said election and to have the same duly pub-

lished as required by the Constitution and laws of this State. Said election shall be held under and in accordance with the general election laws of the State and the official ballot shall have printed or written thereon in plain letters the words, "OFFICIAL BALLOT," and also the words, "For the amendment to Section 5 of Article IV of the Constitution of the State of Texas in regard to the salary of the Governor of the State of Texas," and also the words, "Against the amendment to Section 5 of Article IV of the Constitution of the State of Texas in regard to the salary of the Governor of the State of Texas."

All voters favoring such amendment shall erase by making a mark through the words "Against the amendment to Section 5 of Article IV of the Constitution of the State of Texas," and all voters opposing such amendment shall erase by making a mark through the words "For the amendment to Section 5 of Article IV of the Constitution of the State of Texas."

in regard to the salary of the Governor of the State of Texas." If a majority of votes cast shall be "For the amendment to Section 5 of Article IV of the Constitution of the State of Texas in regard to the salary of the Governor of the State of Texas," said amendment shall be declared adopted. If a majority of the votes cast shall be "Against the amendment to Section 5 of Article IV of the Constitution of the State of Texas in regard to the salary of the Governor of the State of Texas," said amendment shall be lost and shall be so declared.

Sec. 3. There is hereby appropriated out of the funds in the State Treasury, not otherwise appropriated, the sum of Five Thousand Dollars (\$5,000.00), or so much thereof as may be necessary to cover the necessary expenses attached to the proclamation and publication of this amendment, and the Governor shall issue the necessary proclamation and cause the same to be duly published. (A true copy.)

GEORGE F. HOWARD, Secretary of State.

Making Both Ends Meet Depends Largely Upon Where You Trade

This store makes a point of serving you both economically and well. It keeps the goods that you want, of the quality and serviceability that you require, and sells them at a margin of profit so close that the prices are fair to everybody concerned.

Hence, "Making both ends meet" in these days of sky rocket prices is not such a difficult matter when you buy from us.

Pianos For Sale

You should not lose sight of the fact that we are Big PIANO dealers.

We have sold many carloads of Pianos during the last five years to multiplied scores of well-pleased customers.

The success which we have attained in the Piano business has been due to the fact that we have sold first-class, dependable lines of Pianos at reasonable prices.

We have on hand at this time a number of first-class Pianos and Player Pianos which we contracted for and bought more than a year ago. Since that time Pianos have advanced in price over 50 per cent—So long as our present stocks lasts we will sell them at old prices. You should avail yourselves of our present low prices and liberal terms of payment and get that much-needed piano for your home.

A Piano now worth \$500.00 will be sold for the low price of \$375.00 on terms to suit YOU.

We have a good second-hand piano for sale cheap, or will rent it.

Let us figure with you on a PIANO, PHONOGRAPH or SINGER SEWING MACHINE—sold on YOUR terms.

Lice

MANY CATTLE ARE DYING NOW FROM LICE AND THEY WILL CONTINUE TO DIE EVEN IN GREATER NUMBERS IF THE LICE ARE NOT KILLED—

WE ADVISE ALL OWNERS TO EXAMINE THEIR CATTLE, AND IF LOUSEY TO DIP AT ONCE.
