

ELEVATORS KEEP PACE WITH CROPS

BOTH OF LOCAL FIRMS MAKE SUBSTANTIAL ADDITIONS

MORE ROOM NOW

Future Harvests Can be Taken Care of For Years to Come

One of the most convincing evidences that the Panhandle country is gradually, if not rapidly, changing from a cattle range to a farming country is to be seen in the many grain elevators that are raising their heads above the surrounding buildings at nearly every railroad siding. Not many years since, the traveler by rail could tell when he crossed the line from the Panhandle into Kansas or Oklahoma by the number of large elevators that at once showed at a distance along the skyline. Now the boundary is not so easily marked, for every town of importance has from one to half a dozen of these depositories of the golden harvest.

The farmer with his tractor driving a straight furrow, often for a mile or two, is displacing the old-time cowboy with his spurs and chaps.

Deaf Smith County, while a little tardy in coming to the front as a farming country, is at last availing to the great possibilities along that line as shown by the vast quantities of grain that are coming in an almost steady stream, from every direction to the elevators at Hereford; and it is gratifying that the construction of elevators has kept pace with, and even anticipated the wants of the grain farmers.

The elevator now owned and operated by the Great West Mills and Elevator Co. was the first to be built here. At that time its capacity was only about 10,000 bushels. Now they have a storage capacity of 40,000 bushels, having just completed an addition of 30,000 capacity. The equipment is modern in every respect with dumping bins and electric power machinery.

E. W. Harrison has also found it necessary to enlarge his plant. He is just completing an addition of some 60,000 capacity. The addition is about 50 ft. above ground, besides the underground bins. Its extreme height makes it the first building seen when approaching the town and it can be seen for miles. The entire structure is covered with heavy galvanized sheet iron and is as nearly fireproof from the exterior as such a building can be made.

Complete, its capacity will be something near 100,000 bushels. By far the most imposing business structure in town it stands as a prophecy of the future of grain farming in this section.

W. L. McINTOSH GOES TO MIDLAND

W. L. McIntosh and family left Sunday by automobile for Midland, where they will make their home, he having already transferred his local interests to that community.

With his brothers, Mr. McIntosh has been associated for year in operating one of the biggest cattle ranches in the country, running thousands of head of cattle. Since the sale of this ranch, they have secured large holdings in New Mexico.

The family home on Twenty-Five Mile Avenue has been sold to R. H. Gaylor, who will take possession at once.

MRS. F. T. ROLOSON RETURNS FROM VISIT

Mrs. F. T. Roloson returned Thursday from a several weeks' visit with relatives in Illinois, Indiana and Ohio. Enroute she visited the family of J. P. Snyder, in Kansas City, and that of J. W. McQueen, in Muskogee, Oklahoma. In the latter city she, also, spent some time with Miss Helen Lea, formerly primary teacher here, who now has the same work in the Muskogee schools.

REVEREND NANCE LITTLE IMPROVED

Reports from the bedside of Rev. T. S. Nance, who has been confined to his bed for the past two weeks, state that his condition remains practically the same with occasional changes from worse to better and the reverse.

His son, Walter Nance, an express messenger on the Santa Fe, came over from Albuquerque Wednesday and remained until this morning. A daughter, Mrs. Harry Johnson, of Amarillo, has also been with him this week.

District Court Is Adjourned at Noon Thursday

The District Court adjourned on Thursday, Nov. 18, until Monday, Dec. 6th. The Jury, which was summoned for November 22nd, is ordered to report December 6th, at 10 o'clock a. m.

Judge Reese Tatum and District Attorney Clifford Braly left Thursday afternoon for their homes at Dalhart.

The Grand Jury made their final report Monday evening and were discharged. They returned seven true bills, of which two were for felonies and five were for misdemeanors.

The following cases were disposed of since last week:

Tiefel Bros. vs. W. E. Neal. Suit on contract and for damages. Verdict returned by jury on special issues in favor of plaintiffs.

Dunlap Hardware Co. vs. E. F. Elmberg Mfg. Co. Suit for damages. Judgment by default in favor of plaintiff and a foreclosure of attachment lien.

Goldie Oney vs. Guy Oney. Suit for divorce. Judgment in favor of plaintiff and divorce granted.

R. F. Spees vs. Julia Spees. Suit for divorce. Judgment in favor of plaintiff and divorce granted.

Two felony cases were disposed of by pleas of guilty entered by the defendants. The jury assessed the punishment at two and three years respectively in the state penitentiary, but recommended that the sentence be suspended, which recommendation was granted by the Court.

P. B. FUQUA WINS VARSITY LETTER

P. B. Fuqua, now of Amarillo, but whose home was in Hereford until within the last year, has been winning laurels as a football star on the University of Oklahoma's Freshman football team. A despatch from Norman, Okla. gives the following:

"NORMAN, Okla., Nov. 12.—University of Oklahoma's 1920 Freshman football eleven have been awarded letters for their work in whipping the varsity into the Missouri Valley championship class. The Boomer tackle, P. B. Fuqua, Amarillo, Tex., formerly tackle on the New Mexico Military Institute eleven, has been one of Edgar Meacham's, freshman coach, most promising forwards. Fuqua and Jacobsen, also of N. M. M. I., have made freshmen letters

MRS. HODGES AND BABY IMPROVING

Mrs. B. F. Hodges, who went to Battle Creek, Michigan some three months ago to place her baby under the care of physicians in the sanitarium at that place writes that the baby is somewhat improved and that she expects to be able to return home within the next week.

Shortly before leaving here Mrs. Hodges suffered a broken arm which continued to give her trouble and upon examination there, it was found that the fractured bone was not uniting and that a grafting of bone tissue would be necessary. Accordingly, a piece of bone from the leg was grafted to the injured member, since which time improvement has been rapid and complete recovery soon is assured.

HEREFORD PUBLISHER BOOSTS PLAINS FAIR

Seth B. Holman, newspaper publisher at Hereford, accompanied by Mrs. Holman, stopped a short while in Fort Worth Saturday en route to Temple. Mr. and Mrs. Holman formerly resided in Fort Worth.

"Our country is growing faster and stronger than ever," Holman said. "Our Hereford fair has become more than a local institution—it's now getting into the sectional class and soon will be a Statewide affair."—Fort Worth Star-Telegram.

Oscar Seagle

Oscar Seagle to Appear in Hereford December Second At Presbyterian Church

The great American baritone, whose portrait is shown above, will appear in Hereford on the evening of Dec. 2nd, under the auspices of the Music Study Club. The recital will be given in the Presbyterian Church.

Oscar Seagle needs no encomiums in Hereford, for he is no stranger to many who will hear him on Dec. 2nd, and who have been most enthusiastic in bringing him here. He is one of the people—a son of the Southland—born in obscurity among the mountains of Tennessee. His wonderful voice is a gift of providence and his character is such that fame and honors can make of him only a plain, simple, American, gloriously singing a gospel of the fatherhood of God and the brotherhood of man.

The following appreciated tribute to Mr. Seagle came to the Music Study

Club unasked and is gladly made use of.

"To Mrs. C. C. Ferguson, President, Music Study Club:

"I knew Oscar Seagle several years ago when he devoted his whole time to vocalistic singing, during the years when he traveled with the late Rev. P. M. Fitzgerald. I heard him sing then, and have heard him sing since his years of study in Paris. It is my honest conviction that as a concert singer he has no equal on the American continent.

"I congratulate your Club on being able to secure an artist of such high ideals and noble impulses. I commend Oscar Seagle and his work to Hereford and community. I would gladly pay the price of a ticket just to hear him sing 'The Ninety and Nine'."

"J. R. Sharp, Pastor of the Presbyterian Church, Hereford, Tex."

Health Entertainment Given by Miss Hyer was Unqualified Success

That the public health work of Miss Hyer made a strong appeal to the children of the community and through them to their parents, was evidenced in the large audience of both little folks and grown-ups that greeted this popular heroine of Hereford children, when on Friday evening, in the high school auditorium, she gave a most delightful finale to her work here.

The small children occupied seats near the stage and their rapt attention throughout the evening was a forceful lesson in pedagogics.

But it was a transformed Miss Hyer, whose dazzling loveliness called forth so many "ohs" and "ahs" from the

kiddies, for the appearance of a real flesh and blood fairy in these prosaic days is no ordinary event, even to their imaginative natures; and as she came forward, in veritable story-book costume, her gossamer wings gleaming under the tinted lights, and proclaimed herself the "Health Fairy," all the lessons of the previous weeks took on a new meaning to the boys and girls.

The attractive and appropriate stage setting was a strong feature of the impersonation, "Fairy Health," in her delightful little monologue, seeming the natural outgrowth of her environment. The little cottage peeping out from a wooded glen, where blooming flowers and trailing vines grew in luxuriant profusion, furnished a home in keeping with the character of the dainty nymph who dwelt there, and who explained that its building was made possible only by the children's eating the right kind of food.

Her graphic picture of the injury wrought by old witch "Ignorance" contained much of value to the parents as well as the children. At the close of the program Miss Hyer invited the audience to come up on the stage and be shown through her home. Here were illustrated—the correct posture for sleeping and various other health facts. On a table an attractive collection of essential health foods, and correct food combinations, were shown, cardboard favors, each bearing a simple health rule being presented to all who went to the platform.

The entertainment was Miss Hyer's dramatization of the charming story of "Cho Cho and the Health Fairy," published by the Child Organization of America, and was given by her here for the first time with only a few days preparation. However, had she worked from the beginning with the aim of

(Continued on page 6.)

CHRISTMAS SEAL SALE TO FIGHT GREAT WHITE PLAGUE THROUGHOUT U. S.

SALE TO BE HELD DECEMBER FIRST TO TENTH COUNTY CHAIRMAN HAS APPOINTED LOCAL EXECUTIVE COMMITTEE

MOVIES, PULPIT AND SCHOOLS AID

Seals Formerly Sold Under Red Cross now Called Tuberculosis Christmas Seals. Ninety-Five Per Cent of all Money Raised Will be Kept in State

Christmas Music Rehearsal to be On Next Sunday

The initial rehearsal of the community Christmas Chorus was attended by a larger percent of the membership of the choir of town than was any single practice last year.

The interest and enthusiasm manifested is very encouraging to Miss Swisher, who has every reason to feel that this year's concert will eclipse that of last year, both in the number of singers and in the quality of the music. A cantata entitled, "The Bright and Morning Star," by Ira Bishop Wilson, has been chosen and Miss Swisher assures the singers that regular faithful practice can make of it a most attractive musical program, but that such practice will be absolutely necessary.

There are still a few vacant places in the choir, but it is probable none will be filled later than next Sunday afternoon at which time a second rehearsal will be held. The singers are asked to meet promptly at 2:45 and the rehearsals will be conducted just as speedily as possible.

MISS WALKER OF DALHART SPONSORS U. S. STEAMSHIP

The U. S. shipping board steamship, "City of Dalhart," to be launched at Tampa, Fla. on Saturday, Nov. 27, will be sponsored by Miss Marcella Walker, of Dalhart.

It will be remembered that to Dalhart, in Dallam Co., was accorded the honor of christening a steamship because of her excellent record in the Fourth Liberty Loan Campaign. Dalhart was one of ten cities in the Eleventh Federal Reserve District to be so honored, the city going 78 per cent over her quota.

Miss Walker is a student at the state university at Austin.

CHAMBER OF COMMERCE ENDORSES SEAGLE CONCERT

The regular Monday luncheon of the Hereford Chamber of Commerce was up to its usual form in "pop" and push, though the attendance fell below normal, only twelve being present.

The coming of Oscar Seagle, under the auspices of the Music Study Club, received the endorsement of the chamber, each member present pledging himself to buy at least one ticket.

The matter of making the roundup a permanent institution and assuming the management and direction of its activities, was discussed and taken under advisement.

A good roads meeting is being arranged for the near future, the plan being to have a joint meeting of the county commissioners and farmers with the Chamber of Commerce at the weekly luncheon. Definite plans, however, have not been formulated.

BEAU REX HAS WON HONORS AT ROYAL

The Kansas City Times of Nov. 16, in speaking of awards made at the Royal, gave the following:

"Awards for the best Hereford steers were: Two years old and under three, 1st, E. M. Cassidy & Sons, Whiting, on Golden Boy; 2nd, J. H. Bowers, Hereford, Texas, on Beau Rex."

Beau Rex was the winner of the blue ribbon in his class at the recent Hereford Fair.

MRS. HOLMAN HAS SURGICAL OPERATION

Mr. and Mrs. Seth B. Holman went to Temple the latter part of last week where Mrs. Holman underwent a surgical operation.

Friends have been advised that the operation was entirely successful.

The work of the campaign for the sale of Christmas seals, was inaugurated in an enthusiastic meeting of the executive committee, with the county chairman, Mrs. J. Frank Potts, on Monday afternoon.

A detailed outline of the plans that will be used throughout the state and nation, was given by Mrs. Potts and the local work placed in charge of the executive committee, who will secure other helpers.

Publicity will be given through the press, pulpit, moving picture, screen, window posters and by speakers who in four-minute talks will present the work at the various women's meetings of the city at the Sunday Church services and other public gatherings.

Through the teachers of the schools of the county, the rural districts will be reached and the county's quota of \$200 will no doubt be obtained within the first few days of the campaign.

The executive committee and the organizations they represent are as follows:

- U. D. C.'s—Miss Mattie Woodburn, School Board—Mrs. B. F. Guthrie, Christian Church—Mrs. C. R. Smith, Baptist Church—Mrs. W. E. Hicks, Pres. Church—Mrs. Geo. Gulim, Methodist Church—Mrs. I. H. Spratt, Catholic Church—W. D. Kelleher, Mother's Club—Mrs. Mat Gilliland, Music Club—Mesdames H. H. Hawkins and Elmer Dameron, Delphian Club—Mrs. Ray Barber, Boy View Club—Mesdames Geo. Garrison and Elmer Dameron, Parent-Teacher Club—Mrs. J. B. Jones.

- Boy Scouts—Beryl Witherspoon and George Parker, Girl Scouts—Louise Rayzor, Y. E. M. S.—Anita Parker, Publicity Dept.—Mr. Seth B. Holman.

Business section—Mr. G. A. F. Parker and Mr. J. Frank Potts.

The following explanatory article is furnished from campaign headquarters.

"The idea of the Christmas Seal as a means of financing the war against tuberculosis was originally brought from Denmark, where the children, by selling little stamps of Christmas cheer, were enabled to raise funds for a children's hospital.

"The Christmas Seal idea for America was worked out first in Delaware during the Christmas holidays of 1907, when little stamps of good cheer were sold to finance tuberculosis work in that small state.

"Ever since that time, for 12 years, Christmas Seals have been sold in the fight against tuberculosis for the betterment of the health of the people. During eight years they have been sold in Texas.

"Everyone knows the little Christmas Seals. They have been used on packages during the Christmas Holiday Season year after year. They have been sold for a penny each, and bring many pennies' worth of health to the State.

"The seals are no longer known as the Red Cross Seals, as the National Tuberculosis Association and its 1,000 affiliated organizations have taken over the seal, with the best wishes of the Red Cross, and the proceeds of the seal sale are entirely used for anti-tuberculosis and other health work. They are now the Tuberculosis Christmas Seals."

"In Texas, 20,000,000 Christmas Seals will be placed on sale during the Christmas Seal Sale, December 1st to 10th, by the Texas Public Health Association and its local organizations all over the State.

"Ninety-five per cent of the money raised in the Christmas Seal Sale will remain in Texas, for the Lone Star State's fight against tuberculosis. The other 5 per cent goes to the National Tuberculosis Association."

FORMER TEACHER WINS FELLOWSHIP

Ernest Atkins, who received his degree from the West Texas State Normal College last summer, holds a fellowship in the University of North Carolina this year—another Normal student succeeding.—The Prairie.

Mr. Atkins will be remembered as teacher of science in Hereford high school last year.

Ideal School Board Outlined by M. P. Shawkey

LITTLE ROCK—An ideal school board should have in its membership a physician because of his knowledge of human nature, a banker for his keenness of perception, a farmer for his determination and a real estate man because of his imagination. M. P. Shawkey, superintendent of public instruction of West Virginia, this morning told county school superintendents here for the annual meeting of the Arkansas Educational association.

Teachers, preachers, lawyers, politicians and tax hawks should not be put on school boards," he said. "Teachers, he continued, "are prejudiced; preachers are prone to believe a good Sunday School teacher or a singer in a church choir would make a good school teacher, and lawyers, politicians and tax hawks have too many axes of their own to grind."

The Marchers

TO ALL AMERICANS:

"We are coming, Father Abraham, two hundred thousand strong."

How that patriotic cry, borne on the lips of song, inspired the hearts and nerved the arms of many thousands more, a half century ago!

And when the Great War summoned ten times that quota of this nation's best manhood three thousand miles across the seas, how instantly the cry rang out, "We're coming, two million strong."

Two million strong! The best and bravest; those fitted to do the nation's hardest work; the flower of our youth, the brains, the brawn, the manly beauty. No other troops in Europe were pronounced finer physical specimens, and none surpassed them in intelligence, enthusiasm and morale. They went to finish the biggest piece of military work ever attempted by mankind.

Two hundred thousand strong! That is a goodly quota of perfect manhood. See them march past. Ten thousand men will take an hour in passing; so multiply the time and in your imagination see the parade of the nation's pride.

Two hundred thousand weak! That is a different story. The sight is far from an inspiring one. It so depresses that at the thought you turn away and try to think of something pleasant and diverting.

Two hundred thousand sick! Let us not think of them. They are a governmental responsibility.

Two hundred thousand suffering! And what are you, for whom they have given their health, doing about them?

Two hundred thousand! Let them march past. How few of them can march today! Thin and emaciated they stagger—those who so blithely sped away in 1917 to their great mis-

son. Now they creep painfully along. The first detachment. Those boys—50,000 of them—all with tuberculosis. They bear the marks of poison gas; of damp and muddy trenches; of terrible exposure. In the front ranks are those nearing the end of their hard journey—the boys without hope of recovery. Back of them march many thousands of those who have a fighting chance for life—clinging to the faint hope that still is theirs.

Then follow 50,000 wild-eyed, sad, pitiful paraders, the shell-shocked and mentally affected. Much can be done for them. Nothing responds more promptly to the right methods and treatment, and nothing requires such expert handling as this form of affliction. They need great institutions, splendid hospitals and the best mental experts. You can see that they have them.

Behind them limp the thousands of those who go on crutches. Poor shattered bodies pieced out and plastered up and bound to give their owners no reprieve from pain until they finally bid them adieu. These thousands of young men are already old in suffering; can you glance at them coldly now that you see them on parade? They are not merely the wards of the nation. They are the ghosts that will rise to confront your souls, at the end, if you ignore them now.

And at the end of the procession come the long line of ambulances! The brave young fellows who marched away with elastic step and high spirit will never march again. Many of them would far rather sleep under the white crosses overseas, but they must go on suffering to the end. Surely they lack nothing? Do you believe that? Visit them, find out their needs and supply them comforts. That procession will never end until, for each sufferer, the "Largo" sounds softly.

If you can watch such a procession

—a procession of your own—and are not moved by it, then you are neither men nor women, but "stocks and stones and worse than senseless things." If you can let go the vision of such a sad parade you are not the citizens you showed yourselves in 1917 when you gave both your hearts and your dearly beloved to the great cause. You are not insensible; you are just thoughtless, diverted by many little things, ignorant of the facts, and Heaven forbid your ignorance.

The procession has passed, and there are two things you can do, should do, MUST do. Go individually and minister to those in hospitals and institutions. Or stand behind the work of the Red Cross, which is the one official agency outside the government discharging the vast work of ministering to the ex-service man in home and in hospital; bringing him comfort and relief, aiding him to secure his rightful compensation. It is today the champion, the comforter, and the best friend of that sad procession.

Two hundred thousand weak. Two hundred thousand reproachful sufferers.—Important Items.

Urges Oil Tax

Austin, Tex., Nov. 12.—Taxation of all oil and timber shipped out of Texas to raise funds to provide buildings for the main University of Texas at Austin was suggested by O. A. Coon, of New Orleans, who, during a recent visit to the University here, was impressed by the number of wooden shacks on the campus. Mr. Coon declared that Louisiana now derives approximately \$2,500,000 each year, which is devoted to educational purposes, and he estimated that a similar tax in Texas would yield more than \$4,000,000 annually.

Home Service is still a necessary function of the Red Cross, for there are thousands of families of soldiers and sailors which are still in need of friendly counsel and relief.

What's Inside

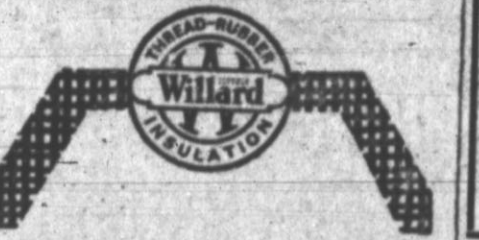

Inside your battery box are rubber jars.

Inside the jars is the solution.

In the solution are the positive and negative plates that supply current.

The job of Threaded Rubber Insulation is to keep the plates insulated and yet permit free flow of current for starter, lights and ignition. Threaded Rubber Insulation is the kind selected by 152 manufacturers of passenger cars and motor trucks.

HIGH PRICES

High prices mean cheap dollars. Cheap dollars induce speculation. Speculation is fine so long as prices soar—but look out for the DROP.

Here is our advice in times like these: Avoid debt, for the debtor may have to pay back these cheap dollars with dear ones. Avoid speculation. Above all, SAVE, now while money is plentiful and prices are soaring. The cheap dollars of the present will be more valuable some day. Grab them now and hold onto them. It is the chance of a lifetime to save. Use our Bank as a depository. Every dollar entrusted to us will be carefully safeguarded.

Christmas Seals

Austin, Texas.—Five hundred miles of Christmas Seals will be placed on sale in Texas during the Christmas holidays. If all the seals printed for Texas should be placed end to end they would make a line one inch wide and five hundred miles long. This is the statement made by the Texas Public Health Association, which directs the Christmas Seal sale in Texas.

Enough tuberculosis Christmas seals have been printed and distributed by the National Tuberculosis Association to reach more than half way around the world. Nine hundred million seals have been distributed to the forty-eight state tuberculosis associations and more than eleven hundred local anti-tuberculosis associations scattered throughout the United States. If placed in a row these seals would measure fifteen thousand miles.

The penny seals will be used in the

support the National, state and local anti-tuberculosis associations in the country.

Ninety-five percent of the money raised through the sale of Christmas Seals will remain in the Lone Star State for the fight against tuberculosis and other public health work of the Texas Public Health Association and its local societies all over the state.

BETTER FEELING NOW IN MEXICO

Decade of Revolution Leaves Sincere Affection Between Mexico and U. S.

Galveston, Tex., Nov. 12.—A paradoxical aftermath to a decade of revolution in Mexico is reported by Meade Fierro, Mexican consul here. Mr. Fierro accompanied a group of trade excursionists composed of American business men on a three weeks' trip to all the principal cities of the southern republic recently.

Despite the hostility which has existed toward Americans during the past ten years in many parts of Mexico, Mr. Fierro asserts that there is coming into existence a sincere affection between the peoples of the two great republics. Much of this, he believes, is due to the thousands of Mexicans who have returned home after years of work in the United States. Another reason for the changed attitude, Mr. Fierro says, is the fact that the Mexican nation is now earnestly at work in an effort to repair damage brought about by long years of destructive war.

Large orders for agricultural implements were taken by several of the American excursionists during the trip. It is reported.

Cuts of the Double-Barred Cross have been sent to practically every newspaper in the State, daily and weekly. Pictures of this cross are appearing in many of the newspapers of Texas, with press stories sent out by the publicity and educational department of this Association.

The Texas Public Health Association hopes to make the Double-Barred Cross, and its message of the fight against tuberculosis, known to every Texan.

The negro spirituals, which Mr. Seagle explained had but recently come into their own, due to the influence of Dvorak and his conception of their important place in the world's folk songs, were gems. Mr. Seagle, having been reared in the South, can interpret these songs as they would be given by the originals. "I Want to be Ready to

FOX MERCANTILE COMPANY HEREFORD, TEXAS

PARMER COUNTY Growers Combine To Treat Wheat

BOVINA

Charles R. Taggart, the man from Vermont, appeared in the first lyceum number ever given in Bovina, last Wednesday night. A large and appreciative audience was present.

Mrs. Roy Esell has gone to Lubbock in response to a message stating that her sister is to undergo an operation at a sanitarium in that place.

J. C. Bullock and son, Ray, and F. W. Jersig were Amarillo business visitors Tuesday of this week.

Mulkey Ezell, who is attending Clarendon College, spent Saturday until Tuesday with homefolks. A good report comes from the officials of that school, of Mulkey, and his friends are expecting him to continue to make good as he progresses in school work.

Mr. and Mrs. Roy Hecox left this week for their new home in Arnett, Okla. They have been among Bovina's best citizens and we regret our loss, but wish for them many good things in their new home. Mrs. Hecox was for a number of years a teacher, and for one term, principal, of Bovina schools, and Mr. Hecox was operator for the Santa Fe. The latter now takes up the study of law. Aubrey Sprawls, who has been making his home with them, will batch in the Berggren residence.

The new garage, barber shop, and short order establishments are running in full blast.

J. W. Lovelady has gone to Hereford to work for the Santa Fe.

The friends of Virgil Cunning will be pleased to learn that he has been granted a certificate in pharmacy, and is now at work in Hereford.

The new settlement east of town is taking definite shape.

Mr. and Mrs. O. J. McLean were business visitors in Hereford last Friday.

Mr. and Mrs. Berggren and sons, Leroy and Ronald, were up from Farwell Saturday and Sunday.

The first large-scale attempt at community treatment of seed wheat with combined copper sulphate and milk of lime method has just been completed in Madison County, Ill., where approximately 15,000 bushels were treated at a central treating plant under the supervision of representatives of the Bureau of Plant Industry, United States Department of Agriculture.

In the spring of 1919 leaf smut or flag smut was discovered in wheat fields in Madison County, Ill. This disease had long been known as destructive in Australia and elsewhere, and its introduction to Illinois was considered a source of great danger to American wheat growers. The United States Department of Agriculture immediately made a survey of infested farms and a local quarantine was placed on an area of 47 square miles by the Illinois State Department of Agriculture.

Some of the wheat varieties grown in Madison County are very resistant to the smut and the farmers are cooperating gladly in sowing only such resistant varieties. To prevent infection by spores in the soil it was required that all wheat sown this fall should be treated. A central treating plant was established and equipped in an old potato-ship-

ping shed, where approximately 200 farmers had their seed wheat treated. With the apparatus provided, four workmen were able to treat approximately 1,000 bushels a day.

Editors Co-operating In Health Work

Over 200 editors of Texas newspapers have offered their co-operation in furthering good health in Texas, and will assist this Association in the fight against disease. Cuts of the 1920 Christmas Seal are being sent to these editors, and the cherry little seal of good health will be printed in the newspapers all over the Lone Star State. It is this co-operation of the State press that makes possible successful health work.

For Sale

900 acres good level land, well located, Price \$20.00 per acre.

320 acres well located, all good land, fair improvements. Price \$35.00 per acre, third cash, balance 1 to 4 years.

320 acres mile from town, good improvements, all good land, a nice home and can be bought right.

Let Us Hand You This Bag of Money
—It Represents the Big Saving in Fuel You Can Make With Cole's Hot Blast in Your Home

OUR GUARANTEE

1. We guarantee a saving of one third in fuel over any lower draft stove of the same size, with soft coal, lignite or slack.
2. We guarantee Cole's Hot Blast to use less hard coal for heating a given space than any base burner made with same size fire pot.
3. We guarantee that the rooms can be heated from one to two hours each morning with the fuel put in the stove the evening before.
4. We guarantee that the stove will hold fire with soft coal or hard coal from Saturday evening to Monday morning.
5. We guarantee a uniform heat day and night with soft coal, hard coal or lignite.
6. We guarantee every stove to remain absolutely airtight as long as used.
7. We guarantee the feed door to be smoke and dust proof.
8. We guarantee the anti-puffing draft to prevent puffing.

The above guarantee is made with the understanding that the stove be operated according to directions, and connected up with a good flue.

Cut Shows No. 116

REMEMBER to ask your grocer for Calumet Baking Powder and be sure that you get it—the Indian head on the orange label. Then forget about bake day failures. For you will never have any. Calumet always produces the sweetest and most palatable foods. And now remember, you always use less than of most other brands because it possesses greater leavening strength.

Now Remember—Always Use

CALUMET BAKING POWDER

There is no waste. If a recipe calls for one egg—two cups of flour—half a cup of milk—that's all you use. You never have to re-bake.

Contains only such ingredients as have been officially approved by U. S. Food Authorities, is the product of the largest, most modern and sanitary Baking Powder Factories in existence.

Found can of Calumet contains full 16 oz. Some baking powders come in 12 oz. instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet
Columbia
Muffin
Recipe

—4 cups sifted flour, 4 level teaspoons Calumet Baking Powder, 1 tablespoon sugar, 1 teaspoon salt, 2 eggs, 2 cups of sweet milk. Then mix in the regular way.

EEF SHORT-AGE FEARED

farmers Are Urged to Feed Cattle During the Winter

Ponca City, Ok., Nov. 12.—Farmers everywhere are being urged by livestock associations, packing corporations and other organizations to hold onto and feed a few cattle at least during the coming winter. This plea is issued because of the shortage in beef supply, brought about by so many cattlemen and feeders in particular going out of the business.

One livestock man, who has recently completed a tour of the old time cattle country of western Kansas and Oklahoma, declares the condition is serious in an area where in former years there were thousands of cattle, there are now but a few, although grass never was better and range conditions in general never more ideal.

Survey of the range country in Kansas and Oklahoma, which was made recently by the livestock representative, shows that there are thousands of acres of excellent grass upon which no cattle are feeding. In four counties in southwestern Kansas there were only a few scattered bunches of cattle.

It is maintained also that together with the present movement on foot to hold crops for a greater price, particularly corn, the other movement to feed cattle could be taken on easily and in this manner at least a portion of the corn could be sold on the hoof.

In this particular locality the only range left is in the western Osage. It is said, however, that practically every cattleman in the district lost money this year. Some are reported to have sold their herds in the market at a less price per head than was paid for them.

HUNT THIEVES BY PLANES

El Paso Police Firm Believe in the Modern Method

El Paso, Nov. 12.—Hunting automobile thieves from the clouds is the newest departure of the Detective department here. Detective Captain Claude Smith was asked recently to locate seven youths wanted for the theft of four automobiles. Two of the cars had been abandoned near Deming, N. M., and it was thought the boys were walking back to El Paso. At the suggestion of a local aviator an airplane flight was made to Deming by Captain Smith and every road between the two cities was searched carefully. Although the youths were not found, Captain Smith declares he is a firm believer in the possibilities of the airplane for police work.

MALE AND FEMALE and FATTY ARBUCKLE, Thanksgiving Day at the STAR THEATRE.

The American concert baritone soprano, the Richard Mansfield of the concert stage—that is what an audience that filled the City Temple aud-

itorium Friday night thought of Oscar Seagle, celebrated American baritone, who was presented for the benefit of the Mothers' Club of the Rainbow Division. To enumerate the fine qualities of Mr. Seagle's work that were the most outstanding throughout the evening would be almost a herculean task, but probably the most noticeable was the humanness of his appeal, his sincerity, personality and spirit and the way he put his whole heart and soul into whatever he sang, whether heavy or light, serious or amusing.—Dallas Daily Times Herald, Feb. 7, '20.

An Extra Pair of Pants
With Every Suit Order
Without Extra Cost to You!

Here's the REAL cut in prices at last—an actual Saving of from
\$15.00 to \$35.00
on your Winter Suit.

Through an offer made us by one of our wholesale houses we are enabled to actually offer one pair of extra pants with every suit order sent in up to November 30.

Extra trousers free means two suits for the price of one.

It means double wear. It actually means two suits for less than what one suit costs today. It means two years wear.

Remember! This offer ends Nov. 30

A Cash Basis

We have had to come to the cash basis—for our own protection and yours. It means better service and better value to YOU—it means the saving of lost accounts and overhead to us, and therefore, a sounder basis on which we can serve you.

Mothers' Club

A meeting of exceptional interest is planned for the Mothers' Club on Tuesday. Since the last two meetings have necessarily been postponed, a double enthusiasm and full attendance is desired.

Club Women Meet

The 23rd annual convention of the Texas Federation of Women's Clubs held its opening session in San Antonio on Wednesday of this week.

Mrs. Thomas G. Winters, of Minneapolis, president of the national federation, is in attendance, as well as many prominent club women from all parts of Texas, including Mrs. Florence Flood, of Cleburne, state president. Hereford is sending no delegates this year.

Everybody's going. Where? To hear Oscar Seagle.

Bay View Club

The history of the Federation proved an interesting study for the members of the Bay View Club at its meeting on Thursday.

The assignments were well prepared, a paper on the "Development of the Woman's Club movement," by Mrs. John McLean being of exceptional merit.

An impromptu program in observance of Armistice Day was added to the regular program.

Work on Othello will be resumed at the next meeting.

Do you love music? Hear the best. Oscar Seagle, Dec. 2nd, Presbyterian Church.

Class Supper

An evening of much pleasure was enjoyed by the young people of Rev. Asbell's class in the Christian Sunday School, on Thursday, when the class was "At home" to a number of guests in the basement auditorium of the church.

The delightful informality that obtained and the pleasure of preparing the delicious eatables that furnished the "just as you like it" supper were thoroughly enjoyed, as well as the miscellaneous program.

The extremely inclement weather interfered with the attendance, but about twenty-five young people shared the evening's pleasures.

Afternoon Party

The spirit of rejoicing incident to Armistice Day was given full sway on Thursday afternoon when Miss Mildred Cross entertained a party of friends with an informal program of miscellaneous amusements.

The bleak afternoon made especially grateful the cheery open fire and welcoming hospitality reflected in the exceedingly pretty rooms, bright with late autumn flowers and handsome pot plants.

A pop corn feast prepared by the girls themselves, provided a jolly hour whose pleasures were supplemented by a variety of games interspersed with musical numbers.

Enjoying the afternoon were Misses Dorothy Shore, Anita Parker, Frances Wilson, Lulu Orr, Gertrude Williams, Lewis Anthony and Mildred Cross.

Parent-Teacher Club Program
Dec. 3rd, 1920

Song—Second Grade.
Piano Solo—Frances Guinn.
Reading.

Talks:
Christmas Seals—Mrs. Potts.
Hot Lunches—Miss Williamson, Mrs. B. W. Hawkins.

Music YOU can appreciate. Oscar Seagle, Dec. 2nd, Presbyterian Church.

Bridge Party

One of the very pretty parties of the week was the Wednesday evening bridge given by Miss Douglas Wilson to the devotees of this alluring diversion.

The welcome of charmingly arranged

the church work, including: Mr. J. A. Hughes, Sunday School Superintendent; Mrs. D. F. Ashbrook, Choir leader; Mrs. D. F. Ashbrook, Missionary President; Judge J. P. Slaton, Lay Leader; Mr. Henry Wilkinson, Chairman Board of Stewards; Mr. D. W. Hawkins, Superintendent; Mr. W. E. Dunlap, District Steward.

The guests were welcomed at the door by Mrs. Roy Stocking and shown down the receiving line by Mesdames W. B. Farmer and J. Frank Potts.

A "get acquainted" game in charge of Mrs. John McLean performed the double service of furnishing a great deal of pleasure and of removing any feeling of formal restraint. By its rules each guest was required to mold in chewing gum the likeness of some animal whose name had been drawn in a distribution of cards. Then the following program was given:

Sextette—Evening Hymn, Dudley Buck—Mesdames Parker, Hawkins, Ashbrook, Stocking, Spratt and Miss Swisher.

Vocal Solo—Sing Again That Song to Me, Stults—Miss Swisher.

Piano Solo—Valse Caprice, Newland—Miss Williamson.

Reading—When the Minister Comes to Tea—Gwendolyn Price.

Piano Solo—Scherzo, Mendelssohn—Miss Elizabeth Black.

Refreshments of cake and chocolate or coffee with whipped cream, served at the close of the program closed a delightful evening, another episode of which was the taking to the parsonage during the progress of the party a large number of gifts as a surprise "pounding" when the family should return.

This charming courtesy extended to Rev. Beavers provided an evening of much pleasure for the large number of persons who were present and a most auspicious opening of his pastorate here.

A great man, a great singer, a great American. Oscar Seagle, Dec. 2nd, Presbyterian Church.

The following clipping from the Wichita Daily Times will be of interest to many friends of Mrs. R. T. Evans and Mrs. J. H. Massie, both of whom formerly lived in Hereford.

"A hundred guests were received and entertained with charming graciousness Thursday afternoon of last week by Mesdames R. T. Evans and J. H. Massie, at the home of the latter on Twelfth street.

The guests were met by Mesdames W. R. Duke and R. E. Strange and presented to Mesdames Evans, G. C. Wood, T. T. T. Reese, C. E. Basham, Claude Miller, C. D. Shamburger, L. D. Parnell, J. H. Massie and J. D. Parnell in the living room. The presence and perfume of dozens of beautiful pink roses, in vases, tulle-tied baskets and pots, made the living room a most inviting place. The dining room, where Mesdames J. A. Anderson and C. J. Barnard presided, and into which the guests were conducted by Mrs. W. R. Ferguson after a visit with other friends in the music room, featured a color scheme of yellow and white, beautifully carried out with yellow plume chrysanthemums and snowy napery. The dining table was centered with a cut glass vase of the flowers, with ivy attractively intertwined about the base and trailing on the chum centerpiece over yellow satin. The lovely colors were further carried out in the refreshment offered the ladies—a salad and sandwich course with yellow and white nints, tea, etc. Mesdames Anderson and Barnard were assisted by Mesdames Leonard French, Joe E. Daniel and Harry Mason, of Vernon. A string orchestra furnished music during the afternoon in the music room, where

Mrs. W. T. Danforth presided over the guest book.

Get other prices and then come to us and we will make the sale. The Fair Market Store.

Mould will grow in the bread box as long as the smallest particle remains in it. It will also grow in ice chests, unless they are scalded often. Boiling and cauldng kill mould.

Hot-house people are like hot-house plants; they cannot stand exposure to severe weather.

Health Entertainment Given by Miss Hyar

(Continued from page 1.)

directing her work toward this as a closing number, she could hardly have improved it, for throughout her vivid portrayal of the story, the outstanding features of her work were emphasized.

If it be true, as authorities assert, that two-thirds of an individual's knowledge comes through the eye, then, the effectiveness of Miss Hyar's work in Hereford was greatly augmented by her closing number. As a pleasing entertainment and as a "clincher" to her health program, "The Health Fairy" was a brilliant success.

In reply to a letter of appreciation sent the state health association by G. A. F. Parker, president of the school board, the following has been received:

November 12, 1920.
"Mr. G. A. F. Parker, Pres., The Western National Bank, Hereford, Texas.

My dear Mr. Parker:
"Your letter of November 8th is greatly appreciated. We are always glad to hear such splendid reports from the work the staff is doing on the field.

"I feel sure that Miss Hyar's success in Hereford was due in a large part to the wonderful co-operation that she had there.

"We were especially glad to hear of the success of the little play, "The Health Fairy." We in the office are anxious for Miss Hyar to put it on so we can see her. It is splendid that the proceeds from the play were large enough to buy scales for the school. That certainly is a fine step forward in better health for the Hereford school children.

"Assuring you that if at any future time we can be of assistance to you, we will be glad to have you call upon us.

"Very cordially yours,
"Winnie Bracy, Assistant Secretary."

Mr. Seagle is known as the "Southern Baritone" and he sang to an audience which was from the first delighted both with him and his program. In voice, style and interpretation he rises far above the average concert as-

plaut. It has been said of him that "his voice is the servant of a musical intelligence," and this is a striking impression of his work. He interprets with his wonderful tone melody the feelings of an artist, one who is in sympathy with the writer and composer, which results in a triad of harmonious interpretation.

An old Irish song, "By Bendemeer's Stream," was the very peak of tuneful

simplicity. Especially appealing was the group of negro "spirituals" which perhaps were the most warmly received of all his repertoire. They were rendered by a man familiar with the primitive melody of a naturally musical race and also with the people who best understand that race, the Southerner. They "struck home" instantly in his Waco audience.—Waco News-Tribune, Feb. 13, '20.

BALL BAND

For Fit and Comfort

Swift Tells Feeders to Hold Cattle Louis F. Swift of Swift & Co. comes out flat-footed in a positive and unequivocal statement advising owners and shippers of stocker and feeder cattle to hold the animals while the present condition as to prices exists and to feed them for the winter and spring markets, when better financial results may reasonably be expected, considering the abundance of feed in the country and the low prices at which it is being marketed. Swift believes there should be no liquidation in the cattle industry at the present time except along normal lines.—The American Hereford Journal.

U. S. RAISES 5 RECORD CROPS

Corn Leads all Staples According to Report of Government

Washington. — American farmers broke production records of five crops this year.

Preliminary estimates announced today by the department of agriculture, show the corn, tobacco, rice, sweet potato and pear crops surpassed in size those of any previous year in the country's history.

In addition, very large crops were grown, in some instances, closely approaching records, in oats, barley, Irish potatoes and hay. Final crop production figures will be announced next month. Corn, king of all crops, of which the United States grows more than seventy per cent of the world's output, reported the enormous total of 3,199,126,000 bushels.

This is 75,000,000 bushels more than ever before grown in any year.

This is the third corn crop to exceed three billion bushels, the previous record having been made in 1912, while the crop of 1917 was the record largest.

In point of value this year's corn crop will be equal to that of last year. Based on the December 1 price which was \$1.33 a bushel, it was worth \$3,934,234,000. The crop of 1912 was valued at \$1,520,454,000 on the December 1 price of 48.7 cents a bushel, and the 1917 crop at \$3,920,288,000, with the December price almost \$1.30 a bushel.

The value for this year's corn crop, based on the November 1 farm price, which was 87.3 cents a bushel, is estimated at \$2,797,837,000.

Iowa's corn crop is the largest of any state, at 441,000,000 bushels. Illinois ranks second and Nebraska third.

The tobacco crop this year, placed at 1,476,444,000 pounds by the preliminary estimate, is 87,000,000 pounds more than grown last year, when all previous records were broken.

Production of rice this year exceeds by 12,000,000 bushels the largest crop in 1917.

The output this year is placed at 32,298,000 bushels, almost half of which is grown in Louisiana.

The sweet potato harvest will show 105,076,000 bushels, which is 2,000,000 bushels more than grown last year, when the crop exceeded all previous year's production. Alabama's output is larger than any other state. The crop of pears this year is placed at 15,558,000 bushels.

Get other prices and then come to us and we will make the sale.

The Fair Racket Store.
Keep your eye on your Brand label, when the time is up the paper will STOP.

THE DOUBLE BARRED CROSS

The double-barred cross, which is known also as the anti-tuberculosis cross, is called "The world-wide symbol of a world-wide fight against tuberculosis."

This cross is the combination of the Croix de Lorraine and the cross of the Greek Catholic Church. It was first introduced by Dr. G. Serarion of Paris, France, at a meeting of the International Anti-Tuberculosis Association at Berlin in October, 1902.

The double-barred cross was adopted by the National Tuberculosis Association to represent the American fight against the "Great White Plague" in 1906, and at the present time symbolizes the activities of that Association and its 1,000 affiliations in all parts of the United States.

In Texas, the "Crusade of the Double-Barred Cross" is carried on by the Texas Public Health Association and its local organizations in many cities and counties in the State, through its activities against tuberculosis and other preventable disease. These activities are made possible wholly through the sale of Christmas Seals.

Over 20,000,000 Christmas Seals will be placed on sale in Texas during the Christmas Seal Sale, December 1st to 10th.

FIFTY-ONE NATIONS REPRESENTED

League Will Hold Assembly in Geneva November 15

Fifty-one nations, large and small, and inhabited by peoples of every race, color and creed, will be represented at the first League of Nations Assembly at Geneva, November 15.

Chinese, Japanese and Arabs will rub elbows with Britons, Latins, and Celts. French and English will be the medium of language thru which business will be transacted, altho many of the delegates will understand neither tongue.

Of the nations represented at Geneva, eighteen, including the five dominions of the British Group, became members of the League automatically thru the coming into effect of the Treaty of Versailles on January 10, 1920.

Eight other countries ratified the pact subsequently and are considered as charter members. Thirteen states, neutrals during the Great War are members thru accession under invitation extended in conformity with the Annex to the covenant.

China, alone, derives her membership rights by virtue of being a signatory to the Treaty of St. Germain.

Eleven other countries, some of which have only de facto governments, have officially applied for membership. Their applications will be acted upon at the Assembly meeting, as will be those of Germany, Austria, Hungary and Bulgaria, if they are received

officially before the date of the meeting.

The only nations which will not be represented at Geneva, either officially or semi-officially, are the United States, Turkey and Mexico.

RED CROSS HELPS FLOOD SUFFERERS

A practical demonstration of the need of an active and alert Red Cross organization was given in Oklahoma City on the eve of the Fourth Roll Call when the North Canadian River went on the worst rampage of its history.

With many blocks flooded on either side of the river, hundreds were forced from their homes. As the homes in the lowland are mostly those of poorer people, many would be destitute and helpless but for the aid given under the direction of the Red Cross.

At a community house set up by

the Red Cross from 65 to 70 people have been cared for constantly since the flood waters rose. Food, clothing and beds were provided for these people as well as many more who preferred to remain in tents in higher

portions of the city. The Secretary of the Oklahoma County Chapter of the Red Cross immediately opened the Red Cross emergency supplies and distributed blankets, towels, sleeping garments and

bedding. A Red Cross nurse was placed in charge of the community house. A singer with America ideals and understanding, Oscar Seagle, Dec. 2nd, Presbyterian Church.

Tired

"I was weak and run-down," relates Mrs. Eula Burnett, of Dalton, Ga. "I was thin and just felt tired, all the time. I didn't rest well. I wasn't ever hungry. I knew, by this, I needed a tonic, and as there is none better than—

CARDUI The Woman's Tonic

"I began using Cardui," continues Mrs. Burnett. "After my first bottle, I slept better and ate better. I took four bottles. Now I'm well, feel just fine, eat and sleep, my skin is clear and I have gained and sure feel that Cardui is the best tonic ever made."

Thousands of other women have found Cardui just as Mrs. Burnett did. It should help you.

At all druggists.

God Help Us

TO "DO UNTO OTHERS AS WE WOULD THAT THEY SHOULD DO UNTO US"

GRASP OPPORTUNITY BY THE FORELOCK

We now have an opportunity to save our customers thousands of dollars on their dry goods purchases made during the next two weeks, and regardless of the fact that others continue to get a good profit on their merchandise we are living by **THE GOLDEN RULE** and giving our customers **PRICE REDUCTIONS** that we do not believe have been equalled anywhere by anyone. We can, and are selling cheaper than most other merchants because we had a **TREMENDOUS UNLOADING SALE** early in September, when we sacrificed our stock which we had bought on a high market, then re-bought our Fall Stock on a declining market, thereby gaining a great advantage over those who bought their entire fall stocks when prices were at their highest and still own them at those high prices.

**Of Course We Can Sell Cheaper
AND WE ARE DOING IT**

**READ ON
THE HALF HAS NEVER YET
BEEN TOLD**

Sure this is only an advertisement, whose sole purpose it is to increase our business and bring us new customers. But, **LISTEN**, it contains facts representing the real "dope" on the situation and is worth **THOUSANDS OF DOLLARS** to the people of the Hereford trade territory who are taking advantage of this wonderful

HALF OF WAR DEBT IS PAID

Two Foremost Leaders in War Ready to Step Back Into Private Life

Washington.—On the second anniversary of the signing of the Armistice that ended the World War, America's two foremost leaders in that conflict are making ready to step back into private life.

Just two years ago President Wilson, standing in the House of Representatives, read to an assemblage of Congressmen, cabinet officials and diplomats the terms of the document the Germans had been forced to sign. Today, the President—a white haired invalid—a casualty of the Great War he helped end, his friends say—is making ready to leave the White House for some quiet home where he probably will write a history of the great events in which he stood as a leading figure.

General John J. Pershing, head of the American Expeditionary force, soon will put aside the khaki. The first full general since Grant, has finished his reports. His work in connection with the army reorganization act is practically over. The General expects to take a trip to South America as an official representative of this country. Beyond that his plans are not known.

Along with President Wilson will retire several cabinet members who helped carry the burden of America's war effort. Secretary of the War Baker and Secretary of the Navy Daniels are two of these. Secretary of Labor Wilson, who helped keep the country free from labor troubles during the days of conflict; Postmaster General Burleson, who managed the telegraph and telephone lines, and Secretary Houston, now in the treasury and formerly at the head of the Agricultural Department, will also leave the cabinet.

But if the war leaders are passing, America still has before her sufficient reminder of the days when the German hordes were turned slowly back.

Throughout the country on last Sunday memorial services were held for more than 100,000 American soldiers who were killed or died of disease—114,465 is the exact number, according to Government statistics. President Wilson officially proclaimed last Sunday as the day for memorial services.

Nineteen thousand five hundred men wounded and disabled, many of them crippled for life, are still in Government hospitals undergoing treatment, according to figures of the War Risk Insurance Bureau.

Some American troops are still in Europe. They constitute the army of occupation, 15,000 strong at Coblenz, Germany, where the American forces

were assigned under terms of the Armistice.

And according to all reports, these soldiers are living a vastly different life than those who tramped through the mud and lived in dugouts. Because of the decline of German money, the American soldiers with their \$30 a month are in the millionaire class. Germany not being dry, a large glass of beer can be obtained for one cent in American money. Other prices are in proportion.

Nearly half of the cost of the war to America in actual dollars has been paid, according to the Treasury Department figures. This, however, is exclusive of the \$10,000,000,000 loaned to the allies.

Exclusive of that \$10,000,000,000, former Secretary of the Treasury Glass estimated the war cost this country \$28,007,000,000. Of this, \$11,180,000,000 was paid in taxes during the course of the war and afterward. Two and a half billion more has been paid since the Armistice—a total of \$13,680,000,000 paid.

Under present plans of retiring the debt it will take about twenty-five

years to retire the remainder of the war debt.

Get other prices and then come to us and we will make the sale. The Fair Racket Store.

AN ORDINANCE TO BE KNOWN AS ORDINANCE NO. 144, PROTECTING SIDEWALKS AND PENALTY FOR INJURING THEM.

Be it ordained by the Board of Commissioners of the city of Hereford. Sec. 1. If any person shall hereafter drive or cause to be driven any wagon, truck, tractor, engine or vehicle of any kind over, across or along any sidewalk or alley crossing in the City of Hereford without first protecting such sidewalk or alley crossing from being broken or injured, shall be guilty of a misdemeanor and on conviction thereof shall be punished by a fine in any sum not less than five dollars and not to exceed two hundred dollars.

Adopted: October 29th, 1920.
MABEL SCHWARTZ, City Clerk.
Approved: October 29th, 1920.
WM. M. KNIGHT, Mayor.

BUICK

TO be bought by business men for business use is as good a recommendation as a car can have. The affairs of executives, engineers, salesmen, contractors are vitally important. They rely upon Buick because of its capacity for swift, dependable transportation.

Among the Nineteen Twenty One Models, the Five Passenger Open Car, combining Buick power with beauty and riding comfort, makes it an ideal choice for the family, too, for the hours of rest and recreation.

An authorized nation-wide Buick service doubly insures Buick dependability.

The Coming Club Ground of the Panhandle

The well known Sulphur Park Farm, on the Tierra Blanco and Frio creeks four miles from Hereford, is now being sold for a club ground. This will be one of the biggest, most beautiful and attractive club grounds in Texas. The capital stock is divided into 400 shares of the par value of \$250.00 each, making \$100,000.00 which pays for the 1280 acres of land, leaving \$20,000.00 in the treasury for improvements in addition to those already on the farm.

Among the many unique features of this club, it is planned to buy a few buffalo, deer and antelope, and once each year have a wild game feast for the stockholders.

The club will own the land in fee, together with gas and mineral rights, except 1-2 of the 1-8 royalty.

Those who buy stock in this club will not have to be driving up and down the creeks this summer, or any other summer, asking private owners, "Please let me fish?" Instead you will be fishing, boating and bathing under your own vine and shade tree, enjoying life to the fullest extent.

There will be golf links, tennis courts and other amusements to make everyone enjoy a real outing.

Speak for your stock now and arrange for easy payments.

HOOSIER

SAVES MILES OF STEPS

—and Hoosier saves time, too. Its orderly arrangement, its oversize drawers and compartments, its many exclusive features, save backache and prevent "kitchen fag."

In a word, the Hoosier Kitchen Cabinet—used and approved by two million women—is America's foremost kitchen convenience.

If you would get out of the kitchen earlier each day—would coin some of your hours of drudgery into "time off" for rest and recreation, come to our store; sit before the Hoosier; notice how naturally and logically Hoosier's arrangement responds to your desire for kitchen shortcuts. See how much needless stooping, reaching and walking it will eliminate. And then—order it sent home.

Every Hoosier Cabinet in our Store will be sold at a discount of from \$7.50 to \$10.00.

Every Bedroom Suite sold at big discount, from \$50.00 to \$75.00 off.

Every article of Furniture in our Store—and Rugs as well—will be sold at a big discount.

Our loss is your gain.
