## "LIBRARY WEEK" HERE IS VIGOROUSLY PUSHED BY BOARD AND OTHERS

NEEDS OF THE LIBRARY ARE SET FORTH IN GRAPHIC STYLE. BENEFITS THAT ACCRUE FROM GOOD BOOKS

## NEXT SATURDAY TO BE "TAG DAY"

Committees From Ladies' Organizations, Members of the Library Board, and Citizens Interested Will Sell Tags for Needed Finances

This week is "Library Week" for Hereford and members of the Library Board and others interested in building up the city library are working hard to interest the people in the affairs of the organization. Saturday will be Tag Day, when tags will be sold from which funds are to be realized for the support of the Library. The Library Board, through Mrs. W. A. Price, has given The Brand the following sketch of the needs for a real Library and statistics as to the books now available:

The libraries of a community are the foster mothers of intellectual prominence. Many of the foremost statesmen, historians, poets and orators of America have been Massachusetts men—the product of a state that boasts the great libraries of Cambridge and Boston and where nearly every village has a public library.

Brancroft, Prescott, Motley, Parkman and Flak, as historians; Bryant, Longfellow, Lowell, Holmes, Emerson, and Whittier, as poets; Winthrop, Choate, Everett, Sumner, and Wendell Phillips, as orators, have brought imperishable fame to themselves and the Old Bay State. Ohio has already taken rank as a mother of presidents.

In fostering a library designed to aid in these great accomplishments, we are helping upon its career an educational institution whose silent, but wholesome influence will extend through all the future.

As said by Senator Hoar, of Massachusetts, "The opening of a library is an event of the highest importance in any community. It is one of the institutions which tend to build up and adorn the local life. There is no city so great and renowned that it does not wear its library as the chief jewel of its crown. There is no town so humble that a good library will not raise it to distinction and honor. However excellent may be their schools, however admirable the training that the children get at home, the community where there is no good library is but half educated."

Thoughtful parents and teachers, who realize the evils of indiscriminate reading on the part of children, will appreciate the value of access to a well selected library. A child's taste in reading is formed, as a rule, in the first ten or twelve years of its life, and experience has shown that the childish mind will prefer good literature to any other if access to it is made easy.

It will inspire them with a love of good reading, which is the best possible result of any elementary education. Children do not apprehend the evil in the bad mental pictures with which we foolishly supply them; but what should we think of a mother who gave her children dirty milk, on the theory that the children would not assimilate the dirt? Should we be less careful about mental and moral food materials?

The Library Board feels that every citizen should be interested in helping to make our Library a power in this community and asks for their hearty cooperation on Tag Day—Saturday, April 23. Let every man, woman and child wear a Library Booster Card—and really boost for the Library.

The Tag Day will be in charge of Mrs. Chas. Donald, as Captain; Mrs. Ray Barber, Miss Edith Rayzor and Mrs. A. C. Thompson, Lieutenants.

## COLLIN CO. MEN PROSPECT HERE; LIKE THE PLAINS

R. L. Hight of McKinney, Texas, and A. L. Springfield of Howe, Texas, spent several days in Hereford and vicinity this week prospecting. Mr. Hight was raised with Walter Spradley of Hereford and the gentlemen were being entertained and shown around by Mr. Spradley.

## GOOD ROADS RALLY AT COURTHOUSE TO BE HELD FRIDAY

The final rally to discuss the election next Saturday for good roads will be held in the District Court room Friday night, April 23, beginning promptly at 8:00 o'clock, new time.

Everybody in Hereford and vicinity, interested in good roads, cordially invited to be present.

## BIG ROOSTER HAS FLOCK OF CHICKS HE MOTHERS WELL

Ever see a large, over-size rooster, with flowing tail and fully developed spurs mothering a brood of little chickens, clucking quite naturally and taking excellent care of its adopted family?

It's an accomplished fact in Hereford. If you don't believe it journey round to Dr. W. F. Gabbert's back lot and have a look at a curious natural phenomenon.

Or you can also look across the alley from the Doctor's place and catch an other rooster doing the same stunt. Or you can find four of them at work on Everett Kinney's poultry lot.

They are capons. And Doctor Gabbert claims he has solved the brooder problem for all time. Poultry Journals have carried pictures and stories of such things, but this is the first time, it is believed, that it has actually happened in Hereford.

Dr. Gabbert's Buff Orpington cock has a big bunch of chickens of all ages and sizes, fights the hens for all they have and is as proud of his step-children as an old hen could be of her new babies.

## Half the People Here Turn Out in Cemetery Cleanup

A triple significance is attached to the date Thursday, April 21. It is San Jacinto Day for all Texans, it is the anniversary day of the beginning of the Spanish-American war of 1898, and it is the day set aside by the citizens of Hereford for a general cleanup of the Hereford Cemetery.

Last Monday a large special committee, headed by F. H. Britain, was appointed to solicit teams and workers to go to the cemetery April 21 and finish the work so ably commenced by Mr. Britain and others. The committee made splendid progress between Monday and Thursday, with the result that half the population, it appeared from the crowd, gathered for this patriotic task. Twenty-five teams were pledged in two days.

The good ladies of the Mothers' Club, the U. D. C.'s, Bay View Club, and the church organizations of all churches, joined hands and furnished lunch on the grounds free to the volunteer workers. The cool wind from the north lent zest to the work, and from all indications Thursday morning a very fine job would be finished before nightfall.

## Panhandle Press Gang Enjoys Big Amarillo Meeting

The Fourteenth Annual convention of the Panhandle Press Association, held at Amarillo last Friday and Saturday, was marked by the largest attendance in its history as well as a constructive program and unusually enjoyable entertainment features. The city of Amarillo paid the expenses of the visitors, as they did in 1920, and captured the 1922 convention by unanimous vote in competition with Portales, N. M. and Woodward, Okla.

Two splendid banquets, tendered by Congressman Marvin Jones and Col. Ernest Thompson of the Amarillo Hotel, featured the meeting. Harry Allbright of the Western Newspaper Union of Wichita, Kansas, electrified the members and kept "pep" on tap from daylight to the wee hours with his singing. J. J. Taylor, the famous "State Press" of the Dallas News, delivered two addresses—in the same vein in which he writes.

Those in attendance from Hereford were A. A. Foster, White Face Printing Co., and W. B. Steckman and Seth B. Holman of The Brand. Officers elected for the ensuing year were: Seth B. Holman, president. R. H. Nichols, Amarillo Tribune, vice president, Frank Jamison, Amarillo, secretary-treasurer.

## FIRE BOYS JUMP ON TWO BLAZES IN SINGLE AFTERNOON

The fire department made two fast runs last Monday afternoon. The first alarm was caused by fire in the coal and chicken house of Jeff Thompson, caused from burning trash. The fire boys were highly complimented upon the fast connection made. The blaze was extinguished with only a partial loss.

A little later in the same day the company responded to an alarm from the home of A. A. Godwin in east Hereford. The place was too far out for water connections, but the enterprising men of Chief Rockwell turned the chemical hose and fought with buckets and garden hose. A tool and work-house was destroyed, together with some implements and tools inside. It is presumed that some passerby carelessly threw a cigarette under the door which ignited shavings lying about.

## "LOCK UP AUTOS" SHERIFF ADVISES; THIEVES ARE BUSY

"Car owners in Hereford have been exceedingly lucky to date," says Sheriff C. S. Purcell. "The daily list of car thefts all over this country is becoming alarming. Hardly a night passes that I am not notified by fone or wire to watch the roads leading into and out of Hereford for missing cars."

"Amarillo is losing them at the rate of about two every night; Clovis is being hit almost as hard. Both Wildorado and Vega have lost one each."

"I spend a large part of my nights watching the roads. It's a dangerous business, too. Most traveling men go armed these days, owing to the hold-up epidemic all over the country. And if I step out in the dark and hold-up my hands I am very likely at any time to stop a load of shot from some nervous driver. And if the driver happens to be a real thief then I am almost sure to get run over or shot, one or the other."

"For some reason we have been overlooked so far, but we cannot be lucky always. Some of these dark nights someone is likely to 'lift' some of these cars left standing in front of houses. And only a few stolen cars are being recovered, as the thieves have it down to a science now and are getting away with it, in spite of the best officers in the land."

"My advice to the people of Hereford, and I cannot make it too strong, is for them to lock up their cars at night, and DO IT NOW, if they don't want to lose them. The officers are doing all they can, but this epidemic is a hard one to stop. If the people will help the Night Watchman and myself by helping themselves we may get by without loss."

In the same connection the Sheriff warned merchants about accepting checks from persons with whom they are not acquainted. Only recently he was compelled to bring back a man who passed a lot of worthless paper here. The losses were made good and the man released, but this is another piece of luck. "Careful with the kind of checks you accept," ended the Sheriff.

## Baylor's College Girls Delight A Large Audience

A capacity house greeted the Baylor College Choral Club when the organization, 34 in number, made its appearance at the Methodist Church Tuesday evening.

The pretty new auditorium had just been completed and was being used for the first time. The singers were all in white and when the large chorus was grouped upon the platform the effect was wonderfully pleasing; then, when they sang, without music, the opening number, "Bridal Chorus from the Rose Maiden," in perfect time and rhythm and with beautifully blended voices, seemingly carrying out instinctively the slightest suggestion of the director, the audience was enraptured and gave them a perfect storm of applause.

The chorus work throughout was remarkable and demonstrated the value of efficient and thorough training. Always the attack was perfect—a simultaneous burst of harmony that was delightful—and the characteristic voice blending was charming.

Miss Beatrice Doyle, flutist, did some very pleasing work and the readings of Miss Cleo Dawson were received with favor.

Dean Lovette, at the head of the College of music is a pianist of rare power and technique with exceptional tone quality. His work was especially favored.

Mrs. Allie Coleman Price is a masterful directress and to her ability much of the club's excellent work was due. A popular number was "Sonny Boy," sung by Miss Eddie Connel, a Hereford girl and first year student at Baylor. Her singing delighted all and was heartily encored.

After the close of the program, Mrs. W. E. Hicks expressed the thanks of the Baptist ladies for the use of the splendid auditorium granted by the Methodist Church authorities, and the audience was dismissed with the W. M. U. salute.

## WHEAT GROWERS TO MEET ON TUESDAY AT COURTHOUSE

The Hereford Chamber of Commerce received this week a notice of a meeting to be held here next Tuesday, April 26, at 3:30 p. m., by officials of the Texas Wheat Growers Association. The notice was signed by C. C. Dodd, secretary of the organization committee.

Mr. Dodd asked that the wheat growers of the county be invited to attend this meeting, that a hall be secured, and that the dodgers be filed in with these details and distributed.

The County courtroom has been designated for the meeting. Remember the date, Tuesday, April 26, and the hour, 3:30 p. m.

## Hereford Changes Time; Santa Fe To Shift May 1st

The announcement that Amarillo had gone to Central Time April 17, owing to changes by the Ft. W. & D. C. and the Rock Island railroads, while the Santa Fe would not change until May 1, caused a lot of confusion locally. On Monday the schools opened on Central time, with the result that many pupils were tardy. Some merchants went to the new time, others did not. At the Chamber of Commerce luncheon Monday it was voted to go to the new time at once, as it would have to be done anyhow on May 1.

The Santa Fe Railway announces that a new time card will be effective May 1 for the entire system. The new card will be ready for publication in a few days.

An important change is the return to the use of central time on the Plains and Slaton divisions. During Federal control of railroads the dividing point between the central and mountain time zones was changed from Clovis, New Mexico to Wynoka, Oklahoma. This change was unsatisfactory to the people of northwest Texas and Congressman Marvin Jones secured the passage of a law to return northwest Texas to the central time zone.

The enforcement of the law was placed with the Interstate Commerce Commission. But no order to change the time was issued by the Commission until recently. When the Santa Fe Railway published a new time card for the Plains division March 27, no order had been received.

When the order was issued by the Commission, no date was fixed for the change of time. When the order was received the Santa Fe had under consideration a new time card for the system to be in effect on May 1. It was decided not to issue an extra time card just for the short time intervening.

On May 1 Clovis, New Mexico, again becomes the dividing point between the central and mountain time zones. All trains on the Plains division from Wynoka to Clovis and on the Slaton division from Sweetwater to Clovis and Canyon will be operated on central time after May 1.

## MONDAY LUNCH IS CONFUSED BY NEW CHANGE IN TIME

Monday's luncheon, held at the Stockmen's Cafe, was somewhat curtailed in numbers, owing to the confusion growing out of the change in time. Many of the business men came to lunch on the new time, and others came on the old schedule, with the result that several went home before lunch was served. By resolution it was resolved to adhere to the new time hereafter.

Questions pertaining to holding a Roundup this summer, head and foot stones for the cemetery graves, together with a cleanup day Thursday, the status of the coming road election, and many other matters were taken up and discussed. The lunch will be held at the City Cafe next Monday. Those present Monday were:

Mayor Knight, J. H. Wagner, C. H. Dyar, H. L. Broadwell, D. L. McDonald, Homer Wilkinson, E. B. Black, A. M. Jones, Ralph Barnett, R. R. Johnson, D. F. Ashbrook, A. A. Foster, Leonard Foster, W. B. Steckman, Charlie Bennett, C. C. Rockwell, Sherman Williams, A. A. Ott, Judge L. Gough, F. H. Britain, E. W. Harrison, F. H. Oberthier, C. A. Skelton, Seth B. Holman, J. E. Crouch, Lee Biggs, Homer Fox, W. A. Massey.

## MAYOR KNIGHT IS BACK FROM JAUNT TO TEXAS POINTS

Mayor William M. Knight returned to Hereford Monday from a ten days visit to Dallas and other Texas points. The Mayor reports Dallas busy and building as usual. He seems much improved in health from the vacation and change, and is wading into the city's affairs with renewed vim.

The question of whether or not women who have paid their poll taxes will be able to vote in the elections next Saturday and the following Saturday having been raised, a ruling on that point has been obtained from the Attorney General by the school board.

The Attorney General rules that women who pay their poll taxes and are otherwise qualified have the right to vote the same as a man, if they are property tax payers, and further holds that a married woman whose husband is a property tax payer can vote under the community property law.

On Saturday next, April 23, the voters of Deaf Smith county will determine among themselves by ballot whether or not they desire a permanent system of good roads or whether they prefer the present unsatisfactory state of patched stretches, mud holes when it rains, and flocked trails off the main thoroughfares.

As is usual in all elections, opponents of the measure are putting out campaign arguments to influence votes against the measure. Among others, The Brand has heard the statement advanced that the bonds will have to be sold at a discount on account of the present financial situation. That is plain rot, as the law does not allow bonds of this nature to be sold at less than par. Another argument is that more maintenance tax will have to be allowed. The voters themselves will determine this Saturday, and any additional maintenance tax above the fifteen cents voted would have to be voted upon again by the people, if the question ever came up. That point is merely campaign material being used by the opposition.

There are innumerable arguments of the sort being raised by the opposition in effort to defeat the measure, but The Brand will not believe for one moment that the people of Deaf Smith county, the most progressive and enlightened in the state of Texas, will be blinded by such arguments and vote down a forward step of such significance to the future development of the county.

Good roads are to any county what the railroads are to the nation. Without either, all transportation is paralyzed. The nation is suffering right now from the tie-up of the railroads through labor trouble. The farmer cannot ship his grain or cattle with any profit, and therefore cannot meet his obligations. The banker cannot liquidate his notes because the farmers and cattlemen cannot ship their stuff at a profit, and therefore the merchant cannot get financial accommodation.

All this misery caused by transportation troubles.

A county without an adequate system of good roads is in the same position, internally. School children cannot get to the schoolhouse of the county in comfort. Farmers pay an exorbitant price in marketing their products due to bad roads. Time and profit and efficiency are all wasted pulling bad roads. And just as bad roads effect the farmer and stockman, so do they effect the merchant, as bad roads stagnate business.

Bad roads always tax the people much more heavily than establishing good roads. There is no sound argument against this statement.

Tax money on this issue, if carried, will not be payable until 1922. And the amount to be paid then, per head, is insignificant when compared with the benefits to be derived. The men who pay the most of this tax are the ones best able to pay—don't forget that.

There is a famous advertisement which reads: "Eventually—why not now? Good roads MUST come to this county if new settlers buy our lands and bring their families here. There is no hope of proper development without these roads. Property owners who want to sell their lands for settlement and who vote against this measure are deliberately opposing their own interests, as good roads invariably increase the value of property and make it more desirable.

If you believe in going forward instead of standing still, vote for the bonds and tax next Saturday.

## The School Fair

Did you see the schoolfolks' Fair?  
I'm sure friend you were there.  
Did you dream such talent grew  
Here in the midst of you?  
From the wee beginner's days  
To the senior's tangled maze;  
Results were on display  
Of the schoolfolks' work and play.  
The orator has won his place;  
The athlete has run his race;  
And every one has lent his aid  
Until the Fair's success is made.  
An architect foundation lays,  
Saw you his stuccoed house of maize?  
The youth of brilliant butterflies,  
Where many a winged ambition lies;  
The bluebird too, was want to float  
Where the music class had left its note,  
While History turns our minds once more  
From modern times to day of yore.  
In English there were many themes  
That far surpassed the teacher's dreams.  
And Science displayed works of art  
In cooking, sewing and—don't start,  
The reptiles that you saw are dead,  
"They're pickled," so the teacher said.  
We think that artists must abound  
From posters, drawings, cartoons  
around.  
Oh tell me not the mathematician  
Has not been fired by great ambition;  
For row on row of cube and square  
And planes and angles wrought with care.  
Present the Algebraic pride—  
And prove the Geometric side—  
And show us where the High School  
Joys  
Are filled with tests for girls and boys.  
The merit of this Fair is due  
To students and, parents, to you,  
But the greatest credit shall be given  
To the teachers who have toiled and  
striven  
To guide the feet and train the mind—  
To help the one who lagged behind—  
To bend the talent that might stray  
From the rocky course of wisdom way.  
For they have earned a great reward  
Cooperation, love, regard.  
Oh Hereford town, you saw the Fair,  
Realized the genius pictured there,  
Will you stop short of aught to aid  
Material from which the great are  
made?  
Will you not give them every chance

## TUCUMCARI WELL SHOWS OIL; MUCH EXCITEMENT RESULT

Considerable excitement prevails in Tucumcari this week on account of the discovery of oil in a well south of Hanley on a place owned by Mr. Warner, the SW 1-4 Section 8, Twp. 9, Range 28. The well is producing about one gallon of crude oil a day and the oil is of extra good quality.

It seems that a well was drilled on the place years ago which showed oil and gas but as the land had not been proved up on it is said the hole was filled up and not much publicity made of the discovery. About eight years ago another well was drilled and gas was said to have been struck and again the hole was filled up. The place was sold to Mr. Warner and he heard of the oil findings years ago so with the aid of other men it seems in January they started cleaning out the hole. At the depth of 254 feet they encountered gas. Last Thursday it was noticed oil was coming in the hole and considerable gas was evident. The hole was plugged and sealed. Sunday they went to the well and again tested the flow. They found a foot or more of oil had come in. They again sealed the well and made another test on Monday afternoon finding another gallon had come into the well. Thursday it was standing between three and four feet deep in the well.—Tucumcari News.

## NOTICE OF BOND ELECTION

Notice is hereby given that an election will be held in Deaf Smith County, Texas, on the 23rd day of April 1921, to determine whether the bonds of said county shall be issued to the amount of Fifty-thousand (\$50,000.00) Dollars, payable Forty (40) years from their date, and bearing interest at the rate of Six (6 per cent) per cent per annum.

for the purpose of improving and maintaining the public roads of said County. Said election shall be held at each of the regular voting places in the different Precincts of the county, and the following qualified voters of Deaf Smith County, Texas, are hereby appointed Presiding Judges of said election:

Geo. Garrison and E. B. Black, Precinct No. One.

### HERMIT

(Too Late for Last Week)

Miss Daisy Womack left early Wednesday morning for Hampshire, Wyo. She has been living out a homestead there for the past three years, and after several weeks visit with her parents, she has returned to Wyoming to prove up. Miss Womack has a six hundred and forty acre tract of good land within forty-five miles of New Castle, Wyo., a good oil town, and has been offered twelve dollars an acre, but will not sell at that. She states that it takes a lot of nerve to go out and live three long years alone, and she expects to hold the place for better profits, as they are in view.

Bill Ewers and Baxter Easter are working on J. C. Knox's well this week.

Mr. and Mrs. Sid Sheffer spent Saturday night with Mr. and Mrs. J. C. Knox.

Mr. and Mrs. John Flanigan have recently moved into their home, after having it remodeled.

Dr. Miller reports the arrival of a fine baby girl to Mr. and Mrs. Bob Miller.

### Dr. Miller's Entertain

Dr. and Mrs. Mayes Miller entertained a number of friends at dinner Saturday evening, the honored guests being Mr. and Mrs. Galley, of Chicago, and Dr. Miller's sister, Mrs. Doubleday and family, of Amarillo. Dr. and Mrs. Miller were guests of Mr. and Mrs. Galley while attending summer school in Chicago last year.

The home was beautifully decorated with cut flowers and an elaborate dinner was served promptly at seven o'clock, after which dancing was in session for the younger set.

A lively domino game was enjoyed by Messrs. Gally and Womack, R. Patton and Mrs. Carter, which ended 50-50. Little Miss DeAlva Doubleday entertained all with her clever dancing, not to make mention of her elder sister, Miss Oildine, who has studied fancy dancing in New York.

The party broke up at midnight, after congratulating the Millers on being royal entertainers.

Among the guests were: Mr. and Mrs. Gally, of Chicago; Mr. and Mrs. Fred Gally and family, of Dimmitt; Messrs. and Mesdames Ralph Patton, I. B. Brooks, Sid Sheffer, J. A. Womack, Donald Durce; Mesdames Jim Carter, George Douglas, George B. Doubleday, Connie Clahan; Messrs. and Misses Lester Womack, Ethel Montgomery, Buck Crum; Murna Montgomery, Glen Smith, Margaret Boyd, Arthur Patton, Oildine Doubleday, Bob Doubleday, Little Miss DeAlva Doubleday, Jack Womack, Pie Montgomery; R. A. Womack of Lamesa, Texas and John Knox.

One who enjoyed the evening, Mesdames Tate and Brooks Entertain Mrs. Cleve-Tate and Mrs. I. B. Brooks entertained Wednesday evening in honor of the Gallys. Several games were enjoyed by the elder set, while dancing was in session for the younger couples.

About eleven-thirty a lovely lunch was served by the hostesses to more than twenty couples. Everyone reports a grand and glorious time.

SENATE JOINT RESOLUTION NO. 1.  
Proposing an amendment to Section 2, Article 6 of the Constitution of the State of Texas by providing that only native born or naturalized citizens of the United States shall be qualified electors in this State, and permitting either the husband or the wife to pay the poll tax of the other and receive the receipt therefor, and permitting the Legislature to authorize absentee voting.

SECTION 1. That Section 2 of Article 6 of the constitution of the State of Texas be so amended as hereafter to read as follows:

Section 2. Every person subject to none of the foregoing disqualifications, who shall have attained the age of twenty-one years and who shall be a citizen of the United States and who shall have resided in this State one year next preceding an election and the last six months within the district or county in which such person offers to vote, shall be deemed a qualified elector; provided, that electors living in any unorganized county may vote at any election precinct in the county to which such county is attached for judicial purposes; and provided further, that any voter who is subject to pay a poll tax under the laws of the State of Texas shall have paid said tax before offering to vote at any election in this State and hold a receipt showing that said poll tax was paid before the first day of February next preceding such election. Or if said voter shall have lost or misplaced said tax receipt, he or she, as the case may be, shall be entitled to vote upon making affidavit before any officer authorized to administer such oaths that such tax receipt has been lost. Such affidavit shall be made in writing and left with the judge of the election. The husband may pay the poll tax of his wife and receive the receipt therefor. In like manner the wife may pay the poll tax of her husband and receive the receipt therefor. The Legislature may authorize absentee voting. And this provision of the Constitution shall be self-enacting.

## WHY THAT LAME BACK?

That morning lameness—those sharp pains when bending or lifting, make work a burden and rest impossible. Don't be handicapped by a bad back—look to your kidneys. You will make no mistake by following this Herford resident's example.

Mrs. E. C. Carter, says: "About a year ago I was troubled with my back and kidneys. My back was sore and lame most all the time and ached. There was a dull, piercing pain through my shoulders and at times I felt dizzy and weak. My kidneys were also weak and irregular in action. I was advised to try Doan's Kidney Pills and began using them. In a short time they entirely cured me of all the trouble. I am glad to recommend Doan's Kidney Pills to anyone I hear complaining of kidney complaint."

without the necessity of further legislation.  
SEC. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of the State at an election to be held throughout the State on the fourth Saturday in July, 1923, at which all voters favoring said proposed amendment shall write or have printed on their ballots the words: "For the amendment to Section 2 or Article 6 of the Constitution of the State of Texas providing that only native born or naturalized citizens of the United States shall be qualified electors in this State, and providing that either the husband or wife may pay the poll tax of the other and receive the receipt therefor, and permitting the Legislature to authorize absentee voting." And all those opposed to said amendment shall write or have printed on their ballots, "Against the amendment to Section 2 of Article 6 of the Constitution of the State of Texas providing that only native born or naturalized citizens of the United States shall be qualified electors in this State, and providing that either the husband or wife may pay the poll tax of the other and receive the receipt therefor, and permitting the Legislature to authorize absentee voting."  
SEC. 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and have the same published as required by the Constitution, and existing laws of the State.  
SEC. 4. That the sum of Five Thousand (\$5,000) Dollars, or so much thereof as may be necessary is hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated to pay the expenses of such publication and election.

## Entertain for Mrs. Oberthier

The social calendar for this week has scheduled nothing more enjoyable than the delightful afternoon given Friday when Misses Vivienne Steckman, Douglas Wilson, Cotta Slisk, Mrs. John Williams and Mrs. Homer Wilkinson were joint hostesses at a "show-er" honoring Mrs. Fred H. Oberthier, Jr., who, until Saturday, was Miss Bonnie Chamness.

The pretty home of Mrs. Wilkinson chosen for the afternoon, seemed an ideal place in which to welcome the "Bonnie" bride. Cheerful and dainty and bright with flowers it was charmingly suggestive of the nature of the occasion.

After an informal welcome the bride was given the seat of honor around which the guests gathered, all being supplied with needles, thread, and unhemmed tea towels with which busy fingers piled merrily as the guests progressed from time to time to a seat next the honoree. Here they were privileged to regale the bride with original experiences, bits of admonition, counsel and advice, the novel entertainment proving the jolliest sort of fun.

When the towels were finished, Mrs. Wilkinson, in an appropriate toast presented them to the bride. They were W. E. Dameron toasted the bride with a clever verse and Miss Olive Wilson remembered the groom very charmingly. A knock at the door announced the presence of Miss Eloise Pitman, who asked the bride to go with her and share a secret of much interest. She then led the way to the dining room where a beautiful array of gifts were attractively displayed. Expressions of delight brought the other guests to the scene and all enjoyed with the bride the pleasure of viewing the many tokens of the love and esteem which are hers.

The serving of a delicious ice course consisting of brick cream with angel food cake, was followed by a toast to the girls left behind by Mrs. W. A. Price, this entertaining number closing the program.

The afternoon was enjoyed by about thirty ladies.

## Kleiman-Wagner

All the charm of an elaborate church wedding was expressed in the beautiful marriage service which, on Tuesday, April twelfth, united the lives of Miss Loretta Wagner, of Parrott and Mr. Arthur Kleiman, of Nazareth. The wedding was celebrated at the Holy Family Catholic Church at Nazareth, Rev. Father Conrad, O. S. B. performing the marriage rites.

The bridal pair were attended by Miss Alvina Huseman and Mr. Harry Kleiman, a brother of the groom.

The bride wore a charming wedding gown of heavy white satin combined with georgette with tulle veil held in place by a wreath of orange blossoms. She carried a bouquet of white carnations with fern. The bridesmaid wore pale blue crepe de chine.

Following the ceremony, a wedding

breakfast was served at the home of the groom's parents, the bridal party driving later to the home of Mr. and Mrs. Jacob Wagner, the bride's parents, where a wedding dinner was served.

Both of these young people represent families of prominence in their respective communities and enjoy the esteem of a wide circle of friends. The bride is a charming young woman, cultivated and attractive. The groom is a prosperous young farmer with a fine farm southeast of Nazareth, where the young couple will establish their home.

## Mrs. Coulson Honored

Friends of Mrs. T. M. Coulson enjoyed a delightful day in her home Monday, the happy event celebrating the birthday of the hostess.

Expecting only a few close neighbors to spend the day, Mrs. Coulson was indeed surprised at the coming of so many guests, her extreme pleasure in the surprise being more evident with each arrival. By noon twenty-one friends were assembled and a lovely dinner, brought by the guests, was spread. The elaborate feast, so attractively prepared and arranged, was such as to have delighted the heart of an epicure and was a real tribute to those who prepared it as well as to her whom it honored.

The occasion, with its hours of congenial companionship and pleasant association of friend with friend was enjoyed by: Mesdames T. M. Coulson, Oliver Christy, Homer T. Walker, Jeff Gilbreath, C. E. Lester, C. M. Hicks, J. H. Bowers, J. W. Henry, D. P. Vaughn, W. O. Purcell, A. Lowther, H. L. Rice, T. G. Nance, E. E. Ramsey, C. O. Lee, L. Gough, A. H. Elliston, J. B. Phillips, S. E. Askren, J. T. Jowell, R. J. Kibbe and Reece Hough.

## Bay View Club

Thursday's lesson on "Taxes" furnished the closing number of the Bay View Club's course in citizenship and proved a most interesting and instructive topic.

Preceding the regular program, an excellent paper, "Rights of Women in Texas," by Mrs. Chas. Donald disclosed the interesting fact that in Texas, under the law, women lose their identity in marriage and have few legal rights other than those accorded to idiots, paupers and lunatics. The paper gave some illuminating sidelights on the regular program numbers, which were especially well handled as follows:

"Federal Taxes"—Mrs. W. A. Price.  
"State Taxes"—Mrs. Steckman.  
"Municipal Taxes"—Mrs. F. T. Holson.

"Reforms needed in this community and how can we have laws passed to bring them about," was the subject of a round table discussion led by Mrs. Guthrie, which brought out some pertinent facts relative to needed legislation and law enforcement in the community. Well-prepared numbers under this head were:

"Unenforced City Ordinances," Mrs. Ray Barber.  
"Speed and Traffic Laws"—Mrs. Harrison.  
"Billboards"—Mrs. Donald.  
"Compulsory School Law"—Mrs. C. S. Garrison.

"Cigarette Law and Women's Attitude toward the Ballot"—Mrs. Guthrie. The program was one of especial interest and helpfulness.

## See "The Creation"

A number of Herefordites enjoyed "The Creation" given at Canyon by the college chorus of the Canyon Normal, Thursday evening. The party went by automobile, enjoying a picnic luncheon and a diversity of thrills incident to muddy roads, enroute.

Mr. and Mrs. Homer Wilkinson, Mr. and Mrs. Hedy Wilkinson, Mr. and Mrs. Stocking, Josephine Stocking, Mr. and Mrs. A. O. Thompson, Mr. and Mrs. E. W. Harrison, Mattie Lou Harrison, Mr. and Mrs. G. A. F. Parker, Mrs. W. A. Price, Mrs. C. C. Ferguson, Mrs. Arth Collins, Mrs. E. V. Allen, Mrs. Guthrie, Misses Swisher and Williamson made up the party.

## Surprise Birthday Dinner

Another of those pleasant affairs characteristic of the Witherspoon-Estes class of the Presbyterian Sunday School, was enjoyed Sunday, the occasion honoring Mesdames W. G. Ross and W. M. Cogdell, both prominent members of the class, in observance of their birthdays.

The honor guests had accepted an invitation to dinner at the home of Mr. and Mrs. L. F. Boyd going there immediately after the morning church services. They were followed by the other members of the class and their families, swelling the entire number to eighty-one persons. The surprise was complete and added greatly to the

pleasures of the day.

The dinner was classified by one of the guests as a "typical Presbyterian dinner" which, to the uninitiated, implies a feast of the most elaborate kind. It was arranged cafeteria style and was heartily enjoyed as was the social afternoon following.

The day with its pleasant associations evidenced the sincere regard felt by the class for two of its most estimable members.

## Presbyterian Missionary Society

Mrs. Edgar Ireland was hostess to the Presbyterian Missionary Society at its regular social meeting Wednesday of last week.

About forty ladies gathered for the afternoon and after a brief business period, enjoyed an excellent program of readings, special music, and a unique guessing contest directed by Mrs. C. C. Ferguson featuring the various parts of a shirt waist. Mrs. Hugh Witherspoon was chairman of the program committee and Mesdames Laird, Cobb and Gilliam assisted the hostess.

Sandwiches, ice cream and cake were served during the social hour.

At their meeting this week the study of the missionary text, "Church and Community," was completed and a profitable business session was held, after which the society was dismissed with prayer by Mrs. H. H. Boardman.

## Thousands of OilPulls Used in Road Work

Thousands of OilPull owners who are using their tractors in road work have found that the OilPull increases the volume of work and at the same time decreases the cost.

Look the OilPull over and you will see how strong and powerful it is built. The 16-30 OilPull in the average road-bed pulls a 24-foot road maintainer or an 8-foot grader, the 20-40 pulls a 10-foot grader and the 30-60 easily handles a 12-foot grader. The 25% overload capacity gives the additional power needed in the pinches.

Talk with OilPull owners and they will tell you of a saving of at least 50% compared to the cost with horses.

They'll tell you it is dependable. Seldom a stop for repairs. Never a stop from overheating, for the OilPull is cooled with oil, not water. No freezing in winter and no boiling in summer. A feature of the OilPull cooling system is that the harder it works the cooler it runs.

There is a size for every road job—12-20, 16-30, 20-40, and 30-60 H. P. Have us give you full particulars.

C. C. McNeerney,  
Frank Jesse.

Mrs. Chas. McNeerney  
Following an illness of little more than a week, Mrs. Charles McNeerney died at the sanitarium in this city Monday evening. She had been suffering from appendicitis and had been brought to the sanitarium from her home south of town for a surgical operation; but while undergoing preparatory treatment, peritonitis was developed, death resulting within a short time.  
Funeral services were conducted from the Christian Church, of which she was a member, Wednesday morning, after which the body, accompanied by the husband, brother, mother and little son of the deceased, was shipped to Mexico, Mo. her girlhood home, for interment.  
Rev. Sharp had charge of the services and a quartette of women's voices furnished music. The casket was covered with flowers bearing their silent tribute to the beautiful life lived out and dutifully expressive of the love and sympathy of a community of friends, many of whom were in attendance at the services.  
Rev. Sharp spoke feelingly of the attributes of character that had endeared this splendid young mother to so many and dwelt upon the spirit of unselfish service which characterized her life—a life in which he found exemplified, Solomon's picture of a virtuous woman, Proverbs 31. This chapter formed a part of the scripture lesson and together with Whittier's "At Last," furnished the theme for an inspiring message of hope and comfort.  
From the church the body was taken to the Santa Fe station, the funeral party leaving on the 10 o'clock train. Pall bearers were Messrs. Leonard Ricketts, Chas. Paddock, George Smith, Leo Wolfe, J. A. Wear and Ira Ricketts.  
Mrs. McNeerney leaves, besides her husband and three small children, her mother, who lives in Mexico, Mo., and a brother, Frank Jesse, of Hereford.

Mr. and Mrs. J. I. Phipps and son, Wallace, and Chas. Troxell of Spring Lake, were in Hereford transacting business Thursday.  
F. A. Bone evidently believes there are a few horses left in the Hereford country—he has erected an old fashioned hitching rack on the lot back of his grocery store.

 "My People Are Destroyed For Lack of Knowledge"

The last meeting of the Methodist Missionary Society, April 13, was one of the most interesting of the year.

The lesson was a study of Jesus ministry and life and teachings, and the lesson to us.

Short talks were made on each of the following subjects and the lessons were well brought out by scripture, observation and experience.

Baptism of Jesus—Mrs. Ashbrook.

Temptation in the Wilderness—Mrs. Bryant.

Testimony Concerning Christ—Mrs. Ashbrook.

First Disciples Chosen—Mrs. Bowsher.

First Miracle—Sister Beavers.

Jerusalem, First Cleansing of the Temple—Miss Lula Edwards.

Story of Nicodemus' Coming to Christ—Mrs. Heard.

Mrs. Fox made a short talk on Jesus and John, Baptizing, the witnesses of the Baptist, Ministry in Judea.

Imprisonment of John the Baptist—

and, Jesus Leaving Judea, was well disposed of by Mrs. Harrison.

Jacob's Well, the Samaritan Woman was the lesson assigned to Mrs. H. H. Hawkins.

Public Teaching in Galilee, was beautifully impressed upon us by Mrs. D. W. Hawkins, who brought to us from the scripture our duty today, as laid down by these wonderful teachings of the Greatest Teacher.

The program closed with a musical selection by Mesdames Parker and Stocking. This special music is always much appreciated. After the lesson and a brief business session, the society was dismissed with the Lord's Prayer.

Any lady missing the study will not get the connection and one great good—the lesson to us—much less, all the information given out. Every woman of the church or town is invited to come and assist. Give us your ideas. Don't miss these lessons, if everything else isn't done.

Next Wednesday the regular business and social meeting. All come with your report written.

## Some FACTS About

# Ford

THE UNIVERSAL CAR

Here are authentic figures from the Ford factory at Detroit. They show you just how many Ford cars and trucks have been built each month since January 1, 1921 and how many have been sold to retail customers, in the United States.

	Produced	Delivered to Retail Customers
JANUARY	29,883	57,208
FEBRUARY	35,883	63,008
MARCH	61,886	87,221
Total Production	127,074	Total Retail Sales 208,032

showing that actual sales for the first three months of 1921 exceeded production by 80,958 Ford cars and trucks!

April requisitions already specify 107,719 additional cars and trucks and the estimated April output of the factory and assembly plants combined calls for only 90,000!

These facts clearly show that the demand for Ford products is growing much faster than manufacturing facilities to produce and were it not for the dealers limited stocks, which are now being rapidly depleted, many more customers would have been compelled to wait for their cars. It will be only a matter of weeks, therefore, until a big surplus of orders will prevent anything like prompt deliveries.

If you would be sure of having your Ford car or truck when you want it, you should place your order now. Don't delay. Phone us or drop us a card.

## VEGETABLE GARDENS FOR FOOD SUPPLY

Home vegetable gardens will be just as important in stabilizing the food supply in 1921 as they have been at any time during the past few years, say garden specialists of the United States Department of Agriculture. Urgent need for increased production of food during the war caused thousands of rural and urban residents to plant gardens, which resulted in establishing the gardening habit. This year, specialists say, home gardens will play an important part in thrift and economy. Thousands of acres of uncultivated land in and about large cities will be utilized this year to furnish employment and vegetation to home gardeners who know that by raising their own supply of vegetables they can materially reduce their living costs.

One-tenth of an acre of fairly good ground—a square about 65 feet each way—will supply the greater part of the vegetables needed by the average family, say garden specialists of the department. The cost of all seeds and fertilizers for a garden of this size should not exceed \$15 or \$18, and may not cost more than \$5 or \$10. Experience has shown that not more than 400 hours should be required for planting and caring for a tenth-acre garden. This time is so distributed throughout the season that the work can be easily done by most persons working in factories, stores, or offices. It means an average of about 5 or 6 hours a week for a period of 20 weeks, or merely enough time for proper outdoor recreation and exercise necessary for good health. More time will be required early in the season while the garden is being prepared and planted than during the summer, when not more than 2 or 3 hours a week will be necessary to keep the garden in good condition.

A little time during the mornings, evenings, and on holidays spent in the garden is a good investment. A garden is like a farm, however, in that it produces according to the attention given it. A well-cared-for garden will produce much higher yields than one which is neglected. The average return in money value from a tenth-acre lot of ground usually is about \$85 for season.

Plenty of fresh vegetables direct from the garden to the table is of vast importance than the money value, the cutting out of middleman's profits or transportation problems. The question of saving and cost, however, is a very important factor before the close of another year. Already there is much unemployment of labor and the local or home production of food in the garden is the surest way of safeguarding the family food supply. It is said that the farmers of the country could cut themselves off from the rest of the people and live comfortably for an indefinite period, because they can produce practically everything they need. Gardens furnish an important part of the living of families in farms and the same principle will apply to people who live in cities, towns, and villages who have access to all tract of land on which to grow garden.

There is no more healthful exercise than that of working in the soil. The doctor who advised the dyspeptic man had the right idea. So simple as hoeing or raking the garden is, it is a play muscle of the body that seldom do any work. The exercise, coupled with the breathing of pure outdoor air, and with the effect of the sunshine, is to promote health.

There is nothing connected with the cultivation of a garden that has any tendency to injure the health unless overindulgence is indulged in. Persons habitually work indoors should be careful when they first begin to work in the direct sunshine. When a person first started the muscles are weakened from inactivity and it is necessary to go slowly until they get into play. Very few cases of heat prostration among gardeners have been reported. A little work in the beginning will ward off the possibility of heat injury. Gardeners should begin early in the springtime when the weather is pleasant, and by hot weather begins the gardeners have accustomed themselves to conditions, so the heat will have no effect upon him.

Health and health go hand in hand, and reports have been received from the Department of Agriculture of giving results of garden work on farms where men do labor of preparing the garden and light work in the garden at the same time. The duties of a woman often keep her too busy in the house and she needs an opportunity to get out into the open air and sunshine, and half of the work of growing vegetables is done by the women, and they would have no outdoor work if it were not for this work.

**SENATE JOINT RESOLUTION NO. 4**  
A Joint Resolution of the Legislature of the State of Texas amending Sections of the Constitution of the State of Texas as follows: Sections 5 and 21 and 22 and 23 of Article 4, relating to the compensation of executive officers; and Section 24, Article 3, relating to mileage and per diem of members of the Legislature of said State.

Be it resolved by the Legislature of the State of Texas: SECTION 1. Sections 5 and 21 and 22 and 23 of Article 4, and Section 24 of Article 3 of the Constitution of the State of Texas shall be so amended as to hereafter read as follows:

Section 5. He shall, at stated times, receive as compensation for his services an annual salary not to exceed Eight Thousand (\$8,000.00) Dollars and no more, and shall have the use and occupation of the Governor's Mansion during his term of office.

Section 21. There shall be a Secretary of State, who shall be appointed by the Governor, by and with the advice and consent of the Senate, and who shall continue in office during the term of service of the Governor. He shall authenticate the publication of the laws and keep a fair register of all official acts and proceedings of the Governor, and shall, when required, lay the same, and all papers, minutes and vouchers relative thereto, before the Legislature, or either House thereof, and shall perform such other duties as may be required by law. He shall receive for his services an annual salary of Five Thousand (\$5,000.00) Dollars, and no more.

Section 22. The Attorney General shall hold his office for two years and until his successor is duly qualified. He shall represent the State in all suits and plead in the Supreme Court of the State in which the State may be a party, and shall especially inquire into the charter rights of all private corporations, and, from time to time, in the name of the State, take such action as may be necessary to prevent any private corporation from exercising any power, or demanding or collecting any species of taxes, toll, freight, or wharfage, not authorized by law. He shall, whenever sufficient cause exists, seek a judicial forfeiture of all such charters, unless otherwise expressly directed by law, and give legal advice in writing to the Governor or other executive officers, when requested by them, and perform such other duties as may be required by law. He shall receive for his services an annual salary not to exceed Seven Thousand Five Hundred (\$7,500.00) Dollars, and no more.

Section 23. The Comptroller of Public Accounts, the Treasurer, and the Commissioner of the General Land Office, shall each hold office for the term of two years, and until his successor is qualified; receive an annual salary not to exceed Five Thousand (\$5,000.00) Dollars, and no more; reside at the Capital of the State during his continuance in office; and perform such other duties as are or may be required of him by law. They and the Secretary of State shall not receive to their own use any fees, costs or prerogatives of office. All fees that may be payable by law for any service performed by any officer specified in this Section, or in his office, shall be paid, when received, into the State Treasury.

Section 24. Mileage and per diem: The Members of the Legislature shall receive from the public treasury such compensation for their services as may, from time to time, be provided by law, not exceeding Ten (\$10.00) Dollars per day for each regular session of one hundred and twenty days; and not exceeding Five (\$5.00) Dollars per day for the remainder of each session; and provided further, that Members of the Legislature shall receive not to exceed Ten (\$10.00) Dollars per day for each special session of the Legislature that may be called from time to time by the Governor. In addition to the compensation above provided for, the Members of each House shall be entitled to mileage in going to and returning from the State Government which mileage shall be ten cents per mile, the distance to be computed by the nearest and most direct travel by land regardless of railroads and water routes; and the Comptroller of the State shall prepare and preserve a table of distances to each county seat, now or hereafter to be established, and by such table the mileage of each Member shall be paid; but no Member shall be entitled to mileage for any extra session that may be called within one day after the adjournment of a regular or called session.

SECTION 2. The Governor is hereby directed to cause to be issued his necessary proclamation for an election to be held on the fourth Saturday in July, 1921, at which election these amendments shall be submitted to the qualified electors of this State for adoption or rejection and shall make the publication required by the Constitution and laws of the State. Said election shall be held under and in accordance with the general election laws of the State, and the ballots for said election shall have printed or written thereon in plain letters the following words: "OFFICIAL BALLOT." "For the amendment to Sections 5 and 21 and 22 and 23 of Article 4 of the Constitution of the State of Texas providing for compensation of executive officers." **HOUSE JOINT RESOLUTION NO. 11**  
Proposing an amendment to Section 51 of Article 3 of the Constitution of the State of Texas to provide that the Legislature may grant pensions to Confederate soldiers, sailors and their widows, who have been citizens of Texas since prior to January 1, 1910, providing that all soldiers, sailors and their widows eligible under the provisions hereof shall be entitled to be placed upon the rolls and participate in the pension fund created hereunder; leaving a tax of seven (7.00) cents on the \$100.00 valuation of property in the State for the payment of such pension, providing that the Legislature may reduce the rate of pension for such purpose, fixing a time for the election to be held on such amendment, and making an appropriation to pay the expense thereof.

Be it resolved by the Legislature of the State of Texas:

SECTION 1. Section 51 of Article 3 of the Constitution of the State of Texas shall be amended so as to hereafter read as follows: Section 51: The Legislature shall have no power to make any grant or authorize the making of any grant of public money to any individual, association of individuals, municipal or other corporations whatsoever, provided, however, the Legislature may grant aid to indigent or disabled Confederate soldiers and sailors, who came to Texas prior to January 1, 1910, and to their widows, in indigent circumstances and who have been bona fide residents of this State since January 1, 1910, and who were married to such soldiers or sailors prior to January 1, 1910, and to indigent and disabled soldiers who under special laws of the State during the war between the States served in organization for the protection of the frontier against Indian raiders or Mexican marauders and to indigent and disabled soldiers of the militia of the State of Texas who were in active service during the war between the States and to the widows of such soldiers who are in indigent circumstances and who were married to such soldiers prior to January 1, 1910, provided that the word "widow" in the preceding lines of this Section shall not apply to women born since the year 1861, and all soldiers and sailors and widows of soldiers and sailors eligible under the above conditions shall be entitled to be placed upon the pension rolls and participate in the distribution of the pension fund of this State under any law or laws hereafter passed by the Legislature, and also to grant aid for the establishment and maintenance of a home for said soldiers and sailors, their widows and women who aided in the Confederacy under such regulations and limitations as may be provided by law, provided the Legislature may provide for husband and wife to remain together in the home. There is hereby levied in addition to all other taxes heretofore permitted by the Constitution of Texas a State ad valorem tax on property seven (7.00) cents on the \$100.00 valuation for the purpose of creating a special fund for the payment of pensions for service in the Confederate army and navy, frontier organizations and the militia of the State of Texas, and for the widows of such soldiers serving in said armies, navies, organizations or militia; provided that the

Legislature may reduce the tax rate herein levied, and provided further that the provisions of this Section shall not be construed so as to prevent the grant of aid in cases of public calamity.

SEC. 2. The foregoing Constitutional amendment shall be submitted to a vote of the qualified voters of this State at an election to be held on the fourth Saturday in July, 1921, at which all voters shall have printed or written on their ballots: "For amendment of Section 51 of Article 3 of the Constitution authorizing the Legislature to grant aid to Confederate soldiers, sailors and their widows who have been a resident of this State since January 1, 1910," and "Against amendment to Section 51 of Article 3, of the Constitution, authorizing the Legislature to grant aid to Confederate soldiers and their widows."

SEC. 3. The Governor is hereby directed to issue the proclamation for said election and have same published as required by the Constitution and laws of this State, and the sum of Five thousand (\$5,000.00) dollars or so much thereof as may be necessary is hereby appropriated out of the general funds of this State not otherwise appropriated for expense of publications and elections thereunder.

**HOUSE JOINT RESOLUTION NO. 38**  
Relating to the amending of Article 17, Section 58, of the Constitution of the State of Texas; abolishing the Board of Prison Commissioners; providing for the supervision and management of the Prison System, under such laws as may be provided for by the Legislature of the State of Texas.

Be it resolved by the Legislature of the State of Texas:

SECTION 1. That Article 17, Section 58, of the Constitution of the State of Texas, be amended so as to hereafter read as follows: Section 58. The Legislature shall have full power and authority to provide by law for the management and control of the Prison System of Texas; and to this end shall have power and authority to place the prison system under the supervision, management and control of such officer or officers as the Legislature may from time to time provide for by law.

SEC. 2. The above constitutional amendment shall be submitted to a vote of the qualified electors of this State at a general election to be held on the fourth Saturday in July, 1921, at which election all voters favoring said proposed amendment shall write or have printed on their ballot the words: "For the amendment of Article 17, Section 58, of the Constitution, abolishing the Board of Prison Commissioners." And all those opposing said amendment shall write or have printed on their ballot the words: "Against the Amendment of Article 17, Section 58, of the Constitution, abolishing the Board of Prison Commissioners."

SEC. 3. The Governor of this State is hereby directed to issue the necessary proclamation for said election and have the same published as required by law.

SEC. 4. The sum of \$5,000.00 or so much thereof as may be necessary is hereby appropriated out of the funds in the Treasury of the State not otherwise appropriated to pay the expense of such publication and election.
