

The Hereford Brand

21st YEAR, NO. 10. HEREFORD, DEAF SMITH COUNTY, TEXAS, MARCH 31, 1921. TWO DOLLARS A YEAR.

THE HEREFORD BREEDERS' SECOND ANNUAL SALE WILL BE HELD IN THE PAVILION NEXT MONDAY BEGINNING AT 1:00 P. M. A SUCCESSFUL SALE MEANS MUCH TO HEREFORD—BOOST THE SALE!

BLOOD LINES SHOULD DRAW LARGE CROWD

PAVILION IS PREPARED FOR BUYERS FROM EVERYWHERE

A scene of bustling activity prevails all day, and part of the night, within the capacious walls of the new Breeders' Pavilion and Sale barn. Everything is to be rapidly whipped into shape for the big Sale which will be held by Auctioneer Gross next Monday afternoon, when 61 head of fine registered Herefords will be sold to the highest bidder.

Stalls are being made ready and many of the offerings have already been brought in and bedded down for the big event.

A second coating of stucco was applied to the exterior of the big barn the last week. It adds greatly to the appearance of the structure, as well as adding strength, durability and tightness to the building. It is understood that another coat of asphalt roofing is due soon. This barn has become famous all over the Panhandle as a model of its kind, and the local breeders intend to maintain its reputation in looks and durability as well as in convenience and architectural design.

Water and Power Rate New Puzzle For City Fathers

The Hereford City Commission is facing another puzzle just now. The question is how to furnish plenty of water for all, at a fair price to the consumer, and at the same time do justice to the Hereford Light & Power Co., which pumps the water for the city.

The present rate was made long and mean while costs have risen. Objections are being made to show that this year will cost him fifty per cent more than in 1920, due to increased miners' wages and road rates, and that the coal bill for pumping is more than he receives in return from the city.

TO LINE TAKES PLACE PASSENGER TRAIN TO CANYON

Following the pulling off of the two Santa Fe trains last Sunday the local service firm of Smith & Thomas announced that they would run a regular auto transfer line between Hereford and Canyon; both ways for accommodation of the traveling public. Connection is made with the afternoon train from Canyon into Amarillo with the night train from Amarillo to Canyon.

It is a very enterprising piece of work on the part of these Hereford men and is much appreciated by business men and especially by the young men who make this territory.

Rat Campaign Needed; Boyd Kills 73 Rodents; Rat Gnaws a Lead Pipe

On first thought probably nine men out of ten in Deaf Smith county would say that there are few rats in this neck of the woods and that the state campaign now on against these destructive rodents is unnecessary here. But a second thought and a little looking about usually changes this view.

For instance: L. F. Boyd and two sons, Robert and Roy, who live near Hereford, aided by a dog and a house cat, killed no less than 73 husky rats last Saturday and Monday morning. The pests were discovered under an old wagon bed full of grain. Gloves were used and the rats caught by hand. All that escaped were captured by the dog, Old Tabby grabbed one for herself.

And The Brand has heard that last week a rat gnawed a hole in a lead pipe leading under one of the local soda fountains and put the fountain

out of business for the time being. Last Monday at the luncheon J. Frank Potts asked for a Rat Campaign here, representing Mrs. Chris Garrison and other ladies interested in the health work of the county. President McDonald has appointed a committee of three active young men to work out the campaign and get rid of all the rats in the county. The committee consists of Johnathan Pitman, Cliff Acker and Claude Ricketts.

Detailed plans have been worked out in many other Texas towns, including Canyon and Plainview, and thousands of rats destroyed. Experience has shown the way elsewhere and the local committee is expected to get hold of these facts and weld them together for a successful local Rat Campaign.

Further details will be announced as soon as the committee has evolved the plan.

Bunch of Laughs, Athletic Stunts Features Fracas

A bunch of laughs, some nifty athletic stunts for untrained amateurs, some nice music and an all-around enjoyable evening's entertainment was the result of the first Fireman's Fracas, held in the stock Pavilion last Friday night. About 500 people attended, and if anyone failed to get their money's worth The Brand was not so informed.

D. L. McDonald presided as master of ceremonies. After a short introductory talk he presented Mayor Knight, who made one of his usual happy short speeches. The Hereford Band gave a selection after which five negroes (all home talent) were brought in in barrels. A battle royal followed which was a scream. After three rounds of hilarious combat Ito Chamness was given the judge's decision. Another selection by the band.

Omer and Monte Baker, brothers, then put on a fast four round bout, decided to be a draw. Miss Swisher's chorus then sang one selection and responded to an encore.

Captain Bob Elliott, said to have been a champion wrestler in France, took two falls from Captain Rockwell of the Fire Department, after several minutes of grueling work. "Rock" was good and knows the game, but was short on wind. This match was heartily enjoyed and heartily applauded.

A fast and furious four round bout between "Dubs" Pitman and Melvin Standifer followed. Both boys were on their toes from start to finish and split the verdict. The chorus gave another splendid selection and encore.

The grand finale brought down the house. The small sons of Messrs. Rockwell and R. H. McDonald, announced as Jim Jeffries and Tom Sharkey, wearing gloves as large as themselves, were introduced and the crowd had a spasm.

It was a bully good show. The house brought in about \$168, which is to be used in defraying the expense of fitting up a gymnasium for the boys and incidental expenses.

FIREMEN TO STAGE ANOTHER PROGRAM ON MONDAY NIGHT

The success of the Fireman's Fracas last Friday night has led to a request that another similar program be given next Monday night following the Second Annual Sale of the Breeders' Association.

Rev. Asbell Has Decided to Move To Alva, Okla.

Formal announcement of the resignation of Rev. John Meyer Asbell as pastor of the Christian Church here was made from the pulpit Sunday morning his resignation having been previously presented to the board and accepted. Rev. Asbell resigns his pulpit in order to accept a call to the church at Alva, Oklahoma. He will close his work the second Sunday in April and take up that of the Oklahoma city immediately.

Rev. Asbell is one of the most universally liked ministers that have held Hereford pastorates and it is with genuine regret that the community at large learns that he is not to remain here. He has just closed his pastorate with the Hereford Church. Coming here from another state, an entire stranger, today there are few men who enjoy a wider acquaintance throughout the county and this section of the Panhandle than does he. He is pre-eminently a mixer and at all times has been actively interested in community affairs. He is a member of the Chamber of Commerce and Chairman of the Deaf Smith County Chapter of the Red Cross.

His innate liking for and interest in young people have had a marked influence upon his work. He is a familiar figure in the public schools and knows by name a large per cent of the boys and girls in both high school and grades—knows them in their school work and in their homes. He is a member of the Banquet Committee and teacher of the young people's class in the Sunday School.

His work in the church has been eminently successful. During his pastorate the church has more than doubled in numbers and has prospered in every way. His pulpit work has been along progressive lines and his cordial relations with the other pastors of the town has strengthened the bond of fellowship between his congregation and others.

Mrs. Asbell is truly a co-laborer with her husband. A modern doctor, she is a welcome and frequent visitor in the homes of sickness, sorrow, or need. She is a leader in church activities.

Alva is a thriving town of 7,000 people with a strong and active church and, while regretting the departure of this estimable family, the community will be glad of this recognition of their worth.

DISPOSAL PLANT IS TO BE REMODELED FROM EXPERIENCE

Henry Exall Elrod, consulting engineer of Dallas, whose firm built the sewerage disposal plant, spent Tuesday in conference with city officials. Some minor defects in the disposal plant were found and Mr. Elrod made suggestions which the commission believes will remedy all complaint and make the Hereford plant entirely satisfactory for years to come.

3 TRUSTEES RENOMINATED AT MEETING

SCHOOL TAX ELECTION ORDERED BY BOARD OF TRUSTEES

Last Saturday afternoon a meeting was held by representative citizens of the Hereford Independent School District at the Court House in the County Court room at 4:00 p. m.

The purpose of the meeting was to nominate three qualified citizens of the district to be placed on the ballot for the election which is to take place Saturday, April 2. Mayor Wm. M. Knight was prevailed on to act as chairman and, after a few well-chosen remarks, he put before the convention the work it had before it. A motion was made to nominate the three outgoing trustees, Messrs. B. F. Guthrie and E. W. Harrison and Mr. A. O. Thompson. This motion was seconded and carried unanimously.

Immediately after this the chairman gave instructions to have the three nominated trustees placed on the ticket. After a few remarks by the President of the Board, G. A. F. Parker, and D. F. Ashbrook, the meeting was declared adjourned.

From Mr. Parker

At a meeting of the School Board held last Monday night a petition was presented to the board signed by about sixty taxpaying voters asking that an election be held to determine whether the board shall be given power to levy a tax rate for school purposes not to exceed one dollar upon every one hundred dollars valuation of property located in Hereford Independent School District.

The board unanimously favored the petition, and an election was ordered as is announced elsewhere.

Should the people, by their votes, confer this power upon the board, it does not mean that the school tax will be one dollar upon the one hundred dollars valuation, but that it shall not exceed that amount and the board will fix only such rate as may be necessary to properly maintain the schools.

Our schools are growing. More teachers are needed. Some teachers now have as many as fifty pupils, which is more than they can teach to the best advantage.

More equipment is needed and soon more school room will be needed. The law recently passed by the state legislature putting into effect the amendment to the constitution adopted by the people last November, gives to us the right to tax ourselves in any amount not in excess of one dollar upon the one hundred dollars valuation for the support of our own schools.

If the qualified voters of Hereford Independent School District confer this power upon the board, the board will most certainly use this power to give the children better schools.

Are the children worth the money?
G. A. F. Parker,
President School Board.

CEMETERY COMMITTEE APPOINTED TO PLAN FOR FUTURE

The question of an adequate Cemetery Association was brought up at last Monday's luncheon. F. H. Britain, who had led in the work of cleaning up the cemetery, was present and talked on the present situation and the needs for the future. A committee consisting of Mr. Britain as chairman, E. B. Black, J. F. Ashbrook, J. O. Newell, and Roy Tocking was appointed to investigate the entire matter, formulate a practical plan, and report back at the luncheon to be held on Monday, April 11.

FURCELL ARRESTS 3 MEN; ACCUSED OF STRIPPING CAR

Hubert Mullens, Herschel Mullens and V. E. (Jack) Johnson are in the Deaf Smith county jail, charged with theft, following the stripping of the car of E. A. Comer on the night of March 1 and some clever detective work on the part of Sheriff C. S. Purcell. Examining trials in Justice Farmer's Court have been waived and the men are still in jail pending the making of bond.

Some one entered the garage of Mr. Comer, who lives on the George Higgins place, ten miles north and two miles west of Hereford, during the night of March 1 and after rolling his car out about 200 yards entirely stripped it of all castings, accessories, etc. The Sheriff was soon on the scene and tracked the car of the supposed thieves through Hereford across the line into New Mexico. He was accompanied on the trip by Jim Lipscomb and Ernest Comer. They discovered a house where the stuff had gone and, securing a warrant, entered it. No one was at home, and the party then trailed the same car back to Hereford by the peculiar treads on the wheels. Here Hubert Mullens was arrested by the Sheriff. Information secured from him and other sources caused the Sheriff to wire to peace officers in Oklahoma with the result that the other two men were held by the sheriff at Enid, Okla. Mr. Purcell went to Oklahoma City, secured extradition papers, and brought the men back here last Tuesday.

Easter Cantata Very Beautiful Choir Rendition

Few sermons could have told more impressively the resurrection story than did the Easter cantata, "The Resurrection and the Life," given under the direction of Miss Swisher at the Christian church Sunday evening the choir of the various churches participating. It was a beautiful rendering of a beautiful service—beautiful with a solemn sacredness that thrilled the listeners.

The setting could scarcely have been more nearly perfect. At the rear of the pulpit and suspended above it was a white cross studded with electric lights. In clear relief it stood out—the central figure in a majestically beautiful picture whose background was formed of snow-white calla lilies. Over the white panels of the baptistry fell glistening fronds of fern while near its base and all around the pulpit, white carnations, lilies and orange blossoms were massed.

At the beginning of the service all the lights, except those on the cross, were thrown off, the effect being at once impressive and beautiful.

Miss Williamson was accompanist and played as professional, "Christ Arose," the choir singing the refrain before being seated. The hymn, "All Hail the Power of Jesus Name," sung by the audience, prayer by Rev. Atwood, announcements and offering preceded the program proper.

All of the choruses were effectively sung, the men's chorus, "The Earthquake," being especially pleasing. Another especially delightful number was the obligato solo, "Fear Not Ye," sung by Miss Swisher with double quartette. The solo, "The Lament of the Women," sung by Miss Lambert with chorus of women's voices was a beautiful number, as was also the solo, "Let Not Your Heart be Troubled," by Mrs. Mountz, and the baritone solo, "Our Savior Lives," sung by Mr. Gough. The chorus, "Victory," was the grand finale in which all the beauty and grandeur of the preceding numbers seemed blended.

Notwithstanding the disagreeable weather the large auditorium and gallery were comfortably filled and all pronounce the program the best yet given by the community chorus.

SALE PRIZES ARE MEANS OF DRAWING VERY LARGE CROWD

Roger Corbett captured the \$50 first prize offered by the Merchants' Bureau of the Chamber of Commerce at the windup of the big nine-day Fellowship Sale last Saturday afternoon, with No. 4531. J. O. Miller took second prize of \$25 with No. 28428, Joe Elliott third prize of \$15 with No. 19416 and Mrs. L. R. Brady fourth, \$10, with No. 2044.

One peculiarity of the drawing, which was held in front of the Chamber of Commerce, was the fact that the first number drawn in each instance took the money, all winning ticket holders being present.

TWO TRAINS MATTER FOR ADJUSTMENT

SANTA FE GOES TO COURT TO STOP COMMISSION

Before the Railroad Commission of Texas can pass on the question of restoring Santa Fe passenger trains Nos. 117 and 14, between Amarillo and Clovis, recently removed by the railway, the matter will have to pass through the District Court of Travis County, Texas, according to information received here Thursday.

The serious crippling of development work locally by removal of these trains was discussed last Monday at the luncheon of business men and, by a vote of 4 to 1, the meeting went on record as opposing the removal and of taking steps to have them reinstated. Tuesday a committee composed of E. W. Harrison, D. F. Ashbrook, L. H. Spratt, W. F. West and the Secretary, went to Amarillo and joined other towns along the line in laying the foundation for a hearing before the Railroad Commission. The matter is to be handled for all by the Panhandle-Plains Chamber of Commerce. The committee also called upon T. B. Gallaher, General Freight and Passenger Agent of the Santa Fe, and explained the attitude of the Hereford business men. Mr. Gallaher told the committee of the troubles now being experienced by the railroad, and the committee told Mr. Gallaher the troubles occasioned here by the absence of trains. The meeting was harmonious and cordial and it was agreed that friendship should prevail, whichever side won.

Thursday morning the Hereford Chamber of Commerce was advised by the Railroad Commission that the Santa Fe had applied to the District Court of Travis county, at Austin, for an injunction restraining the Commission from reinstating these trains.

The next step is problematical: The local committee awaits advice from Amarillo as to the best method of procedure.

Halsell Acquires Bruner Ranch of Over 2,000 Acres

On February 24 announcement was made in The Brand of the sale of a ten section ranch by Shore Bros. to H. H. Halsell, of Deatur, Texas, and of another deal then pending in the amount of about \$75,000, bringing Mr. Halsell's total investment here to \$140,000.

The pending deal has been closed and this week Barnett & Thurmond, who handled both transactions, announce that Mr. Halsell has purchased the R. K. Bruner ranch, known as the old Shelton place, amounting to a total of 2,055 acres.

Mr. Halsell is reported to be a man who does things on a large scale and does them right, and his large land acquisitions in the Hereford country would apparently mean that much of his own time and attention will be devoted to improving and making them pay.

HOG SALES BRING FINE ANIMALS TO HEREFORD FARMS

Two hog sales the past week, one at Plainview and one at Happy, resulted in some good registered hogs being brought to this county. At Plainview the Heien Temple Duroc Jersey farm held a big sale and T. K. Wilson bought a fine animal there. At Happy on Tuesday, Ludwig Iribeck, the enterprising Poland-China breeder, entertained a huge crowd in his private sale pavilion and sold 49 sows and gilts for an average of \$133.70, the top sale being \$360, together with a good sale of boars. W. B. Williams, of Hereford, was one of the auctioneers and Grover Sanders bought five splendid young sows to begin his hog farm work at Hereford.

C. H. BARRETT IS ACQUITTED WHEN TRIED AT DALHART

The trial of C. H. Barrett of Hereford, held at Dalhart last week, resulted in acquittal for Barrett in thirty two minutes deliberation by the jury. Barrett was charged with the killing of W. B. Sowell on the Barrett ranch north of Hereford. Jno. P. Slaton of Hereford was Mr. Barrett's attorney, and Carl Gilliland assisted in the prosecution.

The Hereford Brand

HOLMAN & STECKMAN, Props.

Published every Thursday by
BRAND PUBLISHING COMPANY
Phone 30

Entered April 17, 1901, in the post-office at Hereford, Texas, as second-class matter. First number of the paper issued Feb. 23, 1901, as the Hereford Reporter; first number of The Brand issued March 21, 1902.

Subscription price per year—\$2.00
STRICTLY IN ADVANCE

STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACT OF CONGRESS OF AUGUST 24, 1912

Of The Hereford Brand published weekly at Hereford, Texas for April 1, 1921.

STATE OF TEXAS, COUNTY OF DEAF SMITH, ss.

Before me, a Notary Public in and for the State and county aforesaid, personally appeared Seth B. Holman, who, having been duly sworn according to law, deposes and says that he is the Editor of the Hereford Brand and that the following is, to the best of his knowledge and belief, a true statement of the ownership management (and if a daily paper, the circulation) etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 443, Postal Laws and Regulations, printed on the reverse of this form, to-wit:

1. That the names and addresses of the publisher, editor, managing editor and business managers are: Holman & Steckman, Hereford, Texas.

2. That the owners are (Give names and addresses of individual owners, or, if a corporation, give its name and the names and addresses of stockholders owning or holding 1 per cent or more of the total amount of stock.) Seth B. Holman, Hereford, Texas; Walter H. Steckman, Hereford, Texas.

3. That the known bondholders, mortgagees, or other securities are: (If there are none, so state.) B. F. Guthrie, Hereford, Texas; Mergenthaler Linotype Co., New York, N. Y.

4. That the two paragraphs next above, giving the names of the owners, stockholders, and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association, or corporation has any interest direct or indirect in the said stock, bonds, or other securities than as so stated by him.

Seth B. Holman
Sworn to and subscribed before me this 25th day of March, 1921.
Helen Jenkins, Notary Public.
(SEAL) (My commission expires June 1, 1921.)

SPRING LAKE (Too Late for Last Week.)

Mr. and Mrs. Packard have returned from California where they have been spending the winter. They were delighted with California.

Mr. Troxell made a flying trip to Dimmitt Saturday.

The Literary at Spring Lake in the way of a social affair was quite a success. The ladies served cake and cocoa. Wallace Phipps and Miss Velma Reed were shopping in Dimmitt Saturday.

Messrs. Luther Hough and Walter Dunlap were in this community this week on business.

The Rogers Brothers and their mother, of Muleshoe, were the guests of Mrs. J. I. Phipps Sunday.

Mr. Hudnall and wife are staying at Mr. Reddington's while they are improving their new place west of Spring Lake.

Mrs. Cleavinger, Mrs. Trumbull and Miss Walker were the guests of Mrs. Earnest Jones Saturday.

Irvin Hamilton and family passed through Spring Lake Sunday on their way to Lubbock to visit relatives.

Mrs. McClung, who has been visiting relatives in East Texas for the past three months, has returned to the home of her daughter, Mrs. Sam Layman.

Willie White and family spent the day Sunday with Mrs. Cleve Hamilton, Frank Vance, of near Hereford, was

in this neighborhood Friday and bought J. I. Phipps' steers.

Quite a few attended the all day singing at Cleo and were splendidly entertained.

The Bales Brothers have started north for the summer. They may not get farther than Dimmitt.

Certain railroads have sent out messages to their employees demanding that they get back to pre-war standards of courtesy in the treatment of patrons of the roads.

NOTICE OF BOND ELECTION

Notice is hereby given that an election will be held in Deaf Smith County, Texas, on the 23rd day of April 1921, to determine whether the bonds of said county shall be issued to the amount of Fifty thousand (\$50,000.00) Dollars, payable Forty (40) years from their date, and bearing interest at the rate of Six (6) per cent per cent per annum, for the purpose of improving and maintaining the public roads of said County.

Said election shall be held at each of the regular voting places in the different Precincts of the county, and the following qualified voters of Deaf Smith County, Texas, are hereby appointed Presiding Judges of said election:

- Geo. Garrison and E. B. Black, Precinct No. One.
- D. C. Laird and Homer Wilkinson, Precinct No. Two.
- J. H. Patton, Precinct No. Three.
- J. M. Chapman, Precinct No. Four.
- Ira Allred, Precinct No. Five.
- R. E. Dyer, Precinct No. Six.
- J. N. Messenger, Precinct No. Eight.
- D. L. Rutter, Precinct No. Nine.
- J. H. Daniels, Precinct No. Ten.

Said election shall be held as nearly as may be possible in conformity with the general election laws of the State, and no person shall vote at said election unless he be a qualified voter under the Constitution and laws of this State, and a property tax payer in said county.

Those in favor of the issuance of the bonds shall write or print on their ballots "For the issuance of Bonds" and those opposing shall have written or printed on their ballots the words,

"Against the issuance of Bonds."

Said election was ordered by the Commissioners Court of Deaf Smith County, Texas, by order passed on the 14th day of March, 1921, and this notice is issued pursuant to said order. Dated this 19th day of March, 1921.

W. M. MCGERT,
County Judge.

NOTICE OF A SPECIAL ROAD TAX ELECTION

Notice is hereby given that an election will be held in Deaf Smith County, Texas, on the 23rd day of April 1921, to determine whether there shall be levied upon the property within the said county by the Commissioner's Court, for the current year and each year thereafter, a Special Road Tax not to exceed Fifteen (15) Cents on the One-hundred (\$100.00) Dollars worth of assessed property, under the provisions of Art. 7042 of the Revised Statutes of Texas.

Said election shall be held at each of the regular voting places in the different Precincts of the county, and the following qualified voters of Deaf Smith County, Texas, are hereby appointed Presiding Judges of said election:

- Geo. Garrison and E. B. Black, Precinct No. One.
- D. C. Laird and Homer Wilkinson, Precinct No. Two.

J. H. Patton, Precinct No. Three.

J. M. Chapman, Precinct No. Four.

Ira Allred, Precinct No. Five.

R. E. Dyer, Precinct No. Six.

J. N. Messenger, Precinct No. Eight.

D. L. Rutter, Precinct No. Nine.

J. H. Daniels, Precinct No. Ten.

Said election shall be held as nearly as may be possible in conformity with the general election laws of the State, and no person shall vote at said election unless he be a qualified voter under the Constitution and laws of this State, and a property tax payer in said county.

Those in favor of the issuance of the bonds shall write or print on their ballots "For the issuance of Bonds" and those opposing shall have written or printed on their ballots the words,

"Against the issuance of Bonds."

Said election was ordered by the Commissioners Court of Deaf Smith County, Texas, by order passed on the 14th day of March, 1921, and this notice is issued pursuant to said order. Dated this 19th day of March, 1921.

W. M. MCGERT,
County Judge.

Precinct No. Two.

J. H. Patton, Precinct No. Three.

J. M. Chapman, Precinct No. Four.

Ira Allred, Precinct No. Five.

R. E. Dyer, Precinct No. Six.

J. N. Messenger, Precinct No. Eight.

D. L. Rutter, Precinct No. Nine.

J. H. Daniels, Precinct No. Ten.

Said election shall be held as nearly as may be possible in conformity with the general election laws of the State, and no person shall vote at said election unless he be a qualified voter under the Constitution and laws of this State, and a property tax payer in said county.

Those in favor of said Tax shall write or print on their ballots the words, "For the Tax"; and those opposing shall have written or printed

on their ballots the words, "Against the Tax."

Said election was ordered by the Commissioners Court of Deaf Smith County, Texas, by order passed on the 14th day of March, 1921, and this notice is issued pursuant to said order. Dated this 19th day of March, 1921.

W. M. MCGERT,
County Judge.

on their ballots the words, "Against the Tax."

The Selfish Bankers

Bankers are best and most beneficial to the public when they are most selfish. The more money they persuade other people to save the more credit they can give their clients for building up business and industry.

What is the religion of a banker? It is popularly supposed that he worships Mammon, but that is a libel. He does not worship money; he treats it too familiarly for that. He looks on it as his stock in trade. When a banker gives away a dollar he is really more charitable than ordinary people who give ten, because the banker realizes more than they the earning ability of his dollar and its habit of doubling itself in a few years at compound interest.

United States Strongest of Nations

Before the world war, many nations were thought to be and were financially solvent. After the war practically every nation, except the United States is bankrupt.

Before the great conflagrations of Paris, Texas, San Francisco, Chicago, Baltimore and Philadelphia, many Fire Insurance Companies were thought to be and were strong enough for ordinary fire hazards, but after these fires only the strongest survived.

HAIL INSURANCE

We write our Hail Insurance in the Largest and Strongest Fire Insurance Companies in the world. It costs no more. If you are approached for hail insurance, ask him if he represents this Agency. You need our Hail service. You'll like it.

Strongest in the Panhandle.

The T. K. Wilson Insurance Agency

JOEL

Mrs. Nonn Cabot and Mrs. Floyd Mitchell, of Wildorado, spent the day last Friday with some of the neighbor women at the C. P. Galley home. Those present were Mesdames C. V. Walker, Ray Herdsey, S. J. Rice, Joe Bodkin, Hollis Galley and family, Lester Galley granddaughter of Grandma Childs and Grandma is spending the winter with her in Wildorado.

Easter day was duly observed at our Sunday School by having an all day program with dinner served on the grounds. Tho the day was rough there was a good attendance and the Easter program was a delightful uplift to the spirit of mankind. The little folks certainly did fine. The lesson, as taught by Mr. Sharp to the Bible class, was an inspiration. The school is growing in attendance and interest. Come all ye and enjoy it.

The literary program of the Excelsior Community Literary Society will be given on Friday evening of this week at the school house as usual. A cordial invitation is hereby extended to all. We are trying to make this community worth living in. Come and join us.

We are glad to report a new family and the opening of a new farm. Mr. Bromley, of Missouri is opening up the quarter section just west of Troy Womble's farm house. He has built a new house and moved in.

Clem Dugan and wife have moved onto the Charlie Ferguson ranch and will work for him this season.

Have all the folks left Cleo or is the correspondent too full for utterance? We like to hear from the folks there.

A Chicago man who was to have been hanged for murder but got a last minute stay and a new trial in which he was found not guilty, has asked for the rope which was to have hanged him, saying that he wanted to build a giant swing for the children in his neighborhood. His request was granted.

Notice to Bankers

And other business men who send out much mail. Since we have but one train going east, and that one is in the forenoon, bring your letters before 9:30 a. m.

For west-going mail, any time before 6:00 a. m. of the day you want it to go will be all right.

The letter box is cleaned out every two hours all day, so your drop letters will be taken care of as usual.

Now, just a word about another side of the Post Office day: We sometimes get the lines crossed and put a letter in a wrong box. This does not happen every day, but we know, and you know it does happen occasionally. Please help us, and be honest enough to return the letter un-opened. At least 75 per

ITCH!

**SATURDAY, APRIL 2nd
 We Will Sell Shoes at
 Special Bargain Prices**

We carry the celebrated Hamilton-Brown line of shoes for Men, Women and Children—none better and few equal to it in quality and workmanship.

Come in Saturday and get a pair of them at a special bargain price for that day only.

**HUGHES &
 CROUCH**

"Hereford's Low Price Store"

**Titan Tractor
 Back to the Old
 Rock-Bottom Price**

WE have reduced the price of the Titan 10-20 Tractor to its former low figure. This is the same Titan tractor which 75,000 farmers have put into remarkably successful service—the same standard power, PLUS 1921 IMPROVEMENTS AND ADDITIONS.

A full set of removable extension angle lugs sold as extra equipment under the former low price is now included without extra cost. Fenders, Platform, Angle Lugs, Throttle Governor, Friction Clutch Pulley, Wide Range Adjustable Drawbar, Water Air Cleaner—all are included without any extra charge.

**International 8-16 and 15-30 Tractors
 Also Reduced in Price**

Farmers who want a lighter tractor, built like a high-grade automobile but with the same sturdiness and reliability of the Titan, can now get the International 8-16 also at a much lower figure. We have long restricted the sale of this model to a limited territory, but increased production enables us to release it to all sections of

the United States. The International 15-30 tractor has been reduced along with the others.

Bear in mind that we give unequalled service, made possible through 92 branch houses and thousands of local dealers, to every International tractor owner, no matter where located.

Prices of Other Lines Reduced

Prices have also been reduced on chilled plows, tractor plows, cream separators, kerosene engines, seeding machines, International threshers, harvester-threshers, wagons, hay presses, and a number of other lines on which your dealer can give you full information.

Society

Mrs. R. F. Guthrie, Editor,
Phone 126.

Bay View Club

An instructive lesson in citizenship having for its subject, "Law Making," occupied Thursday afternoon's meeting of the Bay View Club.

Federal laws, State laws and municipal laws were interestingly dealt with by Miss Clara Dunlap, Mrs. George Garrison and Mrs. W. R. Steckman, respectively. "The Initiative, Referendum and Recall" was the subject of an excellent paper by Mrs. J. E. Ferguson. A good attendance added interest to an excellent meeting.

Music Study Club

The bi-monthly meeting of the Music Study Club was held Monday afternoon at the home of Mrs. Guthrie, with the vice president, Mrs. W. E. Dameron, in the chair and Mrs. Broadwell in charge of the program.

The sonata constituted the lesson subject, a brief description of this important musical form being given by Miss Helen Lambert, who followed with piano illustration. Mrs. Hawkins gave an interesting life sketch of Beethoven, while Mozart was the subject of a similar sketch by Miss Swisher.

Other illustrative numbers were given as follows: Allegro and Andante Movement—Opus 14, No. 2, Beethoven—Miss Tatman.

Andante and Var. 1, 2, 3 and 4, Sonata No. 9, Mozart—Mrs. Stanford. Presto and Adagio Movements, Sonata No. 7, Haydn—Mrs. Monday.

Movement from Third Sonata, Mendelsohn—Mrs. Dyar.

The leader, by her evident careful preparation and thorough knowledge of the subject added strength and interest to a most enjoyable afternoon's study.

Easter Party

An Easter party at the home of Mrs. W. H. Rayzor with little Miss Marguerite Rayzor as hostess furnished a jolly evening on Friday for about twenty boys and girls.

Just after the close of school the little folks gathered on the big lawn at the Rayzor home where they were told to search for hidden eggs. Fleet-footed and merry-hearted, they scampered over the yard and through garden and orchard until a great pile of rainbow hued eggs smiled invitingly upon them. These were again hidden and found, after which they were divided among the eager hunters.

A number of other out door games completed the very pleasant affair.

Little Folks Entertained

The tiny tots of the Christian Sunday School were given a happy afternoon Saturday when their teachers, Mrs. A. M. Jones and Miss Lollie Shore, entertained them with an Easter party and egg-rolling.

The home of Mrs. Jones was chosen for the occasion, its pretty lawn making an ideal playground where the gay company of little folks enjoyed hunting the dozens of eggs, all in their Easter dresses of bright spring colors, that were hidden in the velvety grass. A number of games played with the eggs were so new and so jolly as to bring forth peals of merriment from the delighted children.

The serving of ice cream marked the close of the afternoon's joys which were a real treat to about forty children.

Surprise for Miss Casebolt

Miss Jewell Porter was a charming hostess on Friday evening to a company of merry maidens who enjoyed with her an old time candy pull.

The occasion was planned as a surprise to its honor guest, Miss Ruth Casebolt, whose bewilderment at being greeted by a jolly bunch of girls instead of her hostess only, set in motion the spirit of fun and frolic that characterized the delightful evening.

A number of games supplemented the entertaining program which gave pleasure to: Misses Ruth Casebolt, Mildred Cross, Lois Brazil, Lucille Megert, Zephia Valentine, Geraldine Feehan,

Floyd Wilson, Lulu Orr, Mabel Jewell, Virginia, Morgan Corinne Smith, Maude Dalton, Audrey Carroll, Jewell Porter and Mossie Hill.

Boys' Class Entertained

Among the numerous jolly Easter parties enjoyed by the children of the various Sunday Schools none occasioned more genuine fun than that of Saturday afternoon which had for its hostess, Mrs. W. A. Ricketts, and for its guests the boys of her Sunday School class.

The Ricketts home is ideal for entertaining a bunch of rollicking, fun-loving boys. A typical farm home, its wide-spreading orchard trees all abloom, fascinating barn yard with alluring big haystacks and broad acres on every side inviting to ball games, blackman, races and all sorts of athletic stunts, it furnished a real "field day" for the boys who thoroughly enjoyed every minute of their first spring outing.

The egg hunt was perhaps the most exciting feature of the afternoon, the gayly-colored eggs having to the eager boys all the meaning of real trophies.

The hostess, with as complete understanding of boys' appetites as she has of their dispositions, served a refreshment course at once delicious and substantial. It included hot chocolate, sandwiches, pickles and doughnuts.

Members of this fortunate class of boys are: Woodrow Gilbreath, Paul Wright Barnett, Waid Garrison, Thomas Elliston, Thomas Robinson, Earl McDermott, Jim Ricketts, Keith Guthrie, Richard Barnard and Arthur Jewell.

Class Party

One of the pleasantest of the children's Easter parties was given on Friday afternoon at the home of Mrs. R. A. Brand, who entertained the members of her Sunday School class.

Outdoor sports, including an egg hunt furnished delightful diversion while a kodaking party concluded the afternoon's program. A delicious refreshment course was an added pleasure.

The favored girls who comprise this class are: Aleith Elliston, Velma Hughes, Wanda Purcell, Edith Henry, Nannie May Reufro, Arlina Savage and Hazel Megert.

Entertains for Cousin

Mr. Delma Rayzor entertained a party of young people on Friday evening in honor of his cousin, Mr. S. J. Robertson, of Colorado Springs, who was his guest for the week-end.

The guests chose their own games making a most enjoyable program which was supplemented by piano and victrola music. At its close sandwiches and punch were served.

Enjoying the pleasant occasion were Misses Mildred Cross, Gladys Beams, Dorothy Shore, Bessie Sanders, Virginia Morgan, Edith and Louise Rayzor; Messrs. Lester Chamness, Keith Bruner, Ira Connell, Paul Smith, Claude Forson, Jack Chandler, Kenneth Gardwell and Emlyn Albyn.

Mrs. Burns Hostess to W. M. U.

The joyousness of the Easter season was felt in every detail of the beautiful afternoon enjoyed by the Baptist W. M. U. Wednesday at the home of Mrs. George E. Burns with the ladies of Circle 1 as hostesses.

The lovely new home, profusely decorated with blooming pot plants, seemed in itself a harbinger of nature's resurrection. It formed a perfect setting for the beautiful pre-Easter program on "American Christianization" the topic being a practical application of the fact of the resurrection and its attendant call "Go ye unto all the world."

The devotional which included two hymns, scripture reading, prayer by Mother LeGrand and special prayer by Mrs. Suggs, was led by Mrs. A. E. Chamness. This was followed by a solo, "The Star Spangled Banner," charmingly sung by Mrs. Homer Wilkison.

A delightful reading by Miss Bruce Brady and an instructive paper by Mrs. W. E. Hicks, both in line with the central thought of the afternoon, were enjoyed after which a quartette composed of Mesdames Wilkison, Chamness, Johnson and Pitman, effectively sang, "Give Me Jesus."

A special guest of the afternoon was Rev. Nallor, field worker of Oklahoma,

who made a brief address.

A short business session followed the program. Circle reports were received and the society voted to bring to Hereford sometime in April the Baylor College Glee Club numbering thirty-two girls. This organization is a very popular attraction and its appearance here is anticipated with much pleasure.

A delicious refreshment course included ice cream, angel food cake, and black coffee, violets providing dainty favors.

Mrs. Moreman Honored

A beautiful tribute to the life and worth of a loved friend and neighbor found expression on Friday, March eighteenth, in the surprise birthday dinner given at the home of Mr. and Mrs. E. B. Black, the occasion celebrating the seventy-fourth birthday of Mrs. C. K. Moreman.

The company of friends had gathered previous to the arrival of Mrs. Moreman whose pleased surprise as she greeted one old friend after another was in itself a pleasure.

The beautiful big home seemed to have caught the spirit of the hour. Its sunny rooms were bright with flowers, their festive note speaking at once welcome and congratulation. The dining room was especially lovely, the long table, so beautifully appointed, having for its centerpiece a handsome bouquet of cut flowers, which shared honors with the birthday cake—a dazzlingly white creation surmounted by seventy-four candles.

The menu included a wonderful variety of toothsome dishes. It was served informally to the accompaniment of cheery conversation and an atmosphere of genial neighborliness that was thoroughly enjoyable. The afternoon was equally delightful. Other guests of special honor were Captain and Mrs. Trow and Colonel Woodburn. These, together with Mr. and Mrs. Moreman, formed the center of a group of long-time friends who enjoyed each other's companionship until early evening. Just before the company dispersed, photographer McGhee took several pictures of the entire assemblage, about thirty in number, which will in future serve as mementoes of a day most delightfully spent.

HERE'S NEWS WORTH WHILE

S. & H.

Of What Value are S. & H. Stamps and How Do I Profit by Saving Them?

S. & H. Green Stamps have a guaranteed value. Every article given in exchange for them is merchandise you would expect to find in the better class of Department Stores. All S. & H. Premiums are made by reputable and nationally known manufacturers.

Not only in the value of merchandise obtained with S. & H. Stamps do you profit, but you aid your self and your merchant by paying cash as you go. With cash in hand you discount his bill and take advantage of markets where only cash is effective the merchant is enabled to buy more advantageously and thereby offer his stock at more reasonable prices than the merchant who does a credit business, loses through bad accounts, and is handicapped by lack of cash when an advantageous market presents itself. To have cash on hand when needed is why progressive merchants offer S. & H. Stamps as a discount on cash business and is why banks offer interest on the money you save. The only difference in the method of merchants offering S. & H. Stamps as a discount for cash business and banks offering interest is that the merchants pay you interest on the money you SPEND and the banks pay you interest on the money you SAVE. Which is the larger of the two, your Savings or your Expenditures?

S. & H.

What Are Stamps And How Do I Obtain Them?

S. & H. Green Stamps are a National Institution and are insured by merchants all over the U. S. as a discount on CASH purchases. One stamp is issued on each dime represented in a cash purchase so the customer may be rewarded in exact proportion to his or her purchase. The notable feature of this discount or premium plan is that the stamps obtained from all merchants giving them may be combined in the same book or books toward getting any desired article shown in the S. & H. Co.'s Premium Catalogs or Redemption Stores, thus enabling the person collecting S. & H. Stamps to obtain an article of real value much sooner than ordinarily is the case with most premium plans used individually by merchants. To facilitate the collection and convenient preservation of the stamps little books in which to paste them may be obtained from any merchant using S. & H. Stamps.

These books each hold 1,000 stamps and when one or more of them is filled the holder may make his or her choice from the hundreds of premiums shown in the company's catalogs or Redemption Stores.

Second Annual Sale of The

HEREFORD BREEDERS' ASSOCIATION OF HEREFORD, TEXAS

In the Sale Pavilion at Hereford, Texas, Monday, April 4, 1921

**60 Carefully-Selected Lots
 45 Bulls - - 15 Females**

These cattle represent the best herds in the Southwest, many of the most prominent breeders in the Panhandle Section having contributed to this sale. We have endeavored to make selections suitable for this season of the year and have consigned a line of bulls suitable to the farmer and ranchman who desires the best blood and individuality for his herd. The offering of bulls also includes a few suitable for herd-bull purposes, the entire offering running largely to Anxiety 4th blood, with a few of the Fairfax strain also listed. The offering of females, while not large, will be above the average even of last year's consignment, which was said to be the best ever seen in an association sale.

Come to Hereford, the Hub of the Hereford Cattle Industry of the Southwest

The bulls and females represented in this sale are sired by such bulls as Don Arthur, Glasco, Georgianus, Modest Randolph, Persuader, Beau Randolph 1st, Beau Randolph 4th, Don Carlos Jr., Beau Gudgell, Criterion Fairfax, Beau Carlos 18th, Beau Randolph 2d, Beau Converter, Beau Randolph 3d and others. Can you beat this line-up of blood?

 Song—Gwendolyn Spradley, Mary Wilkinson, Wanda Wilkinson, Willie Mae Beavers and Lamoine Shaw.
 Song.
 Closing Prayer.
 Leader—Durward Harper.

I. C. E.
 March 3, 1921.
 Topic—Thy Kingdom Come. 4. In My Community.
 Song service.
 Prayer.
 Leader—Roy Boyd.
 Scripture—Matt. 6:7-15.
 How do you define a community?—Ida Hopper.
 Does Sunday School better our community?—Willard Witherspoon.
 What perils threaten our community?—Lonise Hopper.
 How can the social life of our community be bettered?—Beral Witherspoon.
 What changes would come to our community if every one was a Christian?
 Business.
 Song.
 Benediction.

Methodist Missionary Society
 The Methodist Missionary Society met in a business and social session March 23. Sister Beavers led the devotional. Then followed the reports of officers and committees. Good reports

show good interest.
 The hour of meeting was changed from 2:30 to 3:00 o'clock due to change of time. A short time was given to payment of dues and pledges and collecting money for our orphans at Waco.
 After the business session, delicious refreshments of angel food cake and cream were served by the hostesses, Mesdames Stegall, Purcell, Beavers, Borden, Rockwell, Hughes and Bowers. A pleasant social hour was enjoyed by all.

Program for April 6, 1921.
 Song.
 Prayer.
 Devotional—Israel, a Missionary Nation in Purpose and Function.
 Our Lesson—San Antonio.
 Facts about San Antonio and the Establishment of our Missions—Mrs. Harrison.
 This will be followed by a meeting of the San Antonio Board of City Missions. Mrs. W. A. Price will be president of the board and the workers will give reports.
 1. Report of head resident—Mrs. Jones.
 2. Report of Club Worker—Mrs. Williams.
 3. Report of Kindergartens—Mrs. Parker.
 4. Report of Treasurer—Neil Wyche.
 5. Committee Reports:
 Clubs and Kindergartens—Mrs. D. W. Hawkins.
 Deaconess—Mrs. Seed.
 Library—Mrs. Newell.
 Playground—Mrs. Skelton.
 Home Committee—Mrs. Welliver.
 Publicity—Edith Rayzor.
 Bible School—Mrs. Thompson.
 Concert Committee—Mrs. Purcell.
 Reading—"Scum O' the Earth"—Mrs. Stocking.
 Prayer for Mexican People.

Topic for general discussion—Internationalizing the country community.
 Special music—Mesdames Beed, Jones, Spratt and Rice.

 April 6 and 7
 in

"His Wedding Night"

This is another of those good Arbuckle Comedies, which you will greatly enjoy. Don't miss it, for it's a dandy.

The C. O. Lee Hdwe.
 of Hereford, says:

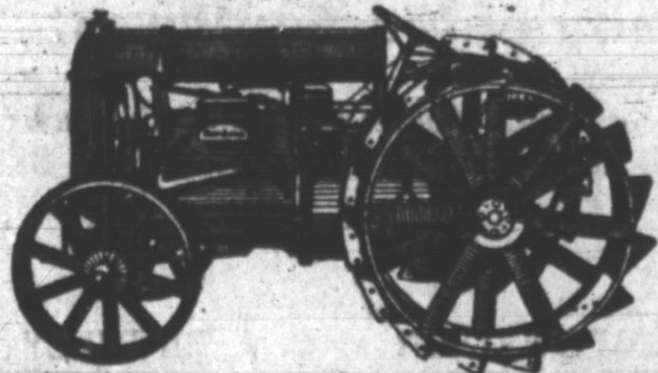

A De Laval
 Cream Separator
 will last a lifetime

MANY DE LAVAL Cream Separators have been in continuous service for twenty, twenty-five, and even thirty years.
 In fact, we never hear of De Laval's wearing out. At most they are outgrown and replaced by new De Laval's of greater capacity and later design.
 De Laval durability is due to simplicity of construction, low bowl speed, high-grade materials and careful workmanship. Every bearing surface of the machine is oiled from one oil cup. This insures correct lubrication, lessens wear on parts, and helps to make the De Laval easier to turn.
 Because of its greater durability, the De Laval is the least expensive cream separator to own.
 We'll gladly show you why the De Laval lasts so long.

Sooner or later you will buy a
De Laval

Fordson

A mighty valuable booklet just issued by the Ford Company. It is yours for the asking. Drop in and get one or drop a card or letter and we will mail you a copy free.
 This book is not what the Ford Motor Company has to say about the Fordson Tractor, but what the tens of thousands of users have to say. Get the book! It is yours for the asking. Keep in mind the fact that behind every Fordson Tractor are all the resources of the great Ford Motor Company, likewise that reliable "Ford After-Service" which assures the keeping of the Tractor in working order every day in the year. Remember also that the Fordson Tractor, like the Ford car, is simplicity itself in design and construction; easy to understand and easy to operate. Come in and let us tell you more about it. It is more important to the farmer today than anything else.

HELP

Rat a Dangerous and Destructive Pest

By Manton M. Carrick, State Health Officer.

The rat is the worst animal pest in the world and Texas is just beginning to realize this fact. The rat infestation of our State is greater this year than ever before known, due to favorable climatic and food conditions, and the war against this filthiest of all creatures must be waged with greater vigor than ever before. Organization is essential for the extermination of the rat, for he is the wariest of animals and one of the most difficult to eradicate. The rat most common in this section is the Brown Norway rat (*Mus Norvegicus*), which is said to be the worst mammal pest in the United States. In some communities it has nearly exterminated its less vigorous relative, the black house rat (*Mus rattus*), and has steadily increased in numbers until now the losses caused by its destructive habits are estimated to be more than the losses from all other injurious mammals combined. The rapidity with which the animal breeds increases the difficulties and the necessity of eradication. Females breed when only three or four months old, and their litters, produced about every six weeks, contain, on an average, ten young.

Destruction of Property

The economic destruction caused by rats can scarcely be estimated, but it is said that in the United States rats and mice each year destroy crops and other property valued at over \$200,000,000. In Texas alone the damage to the grain crop is enormous. In West Texas, rats invaded a field of grain and trucks and cut down thirty acres of it in one night. They came in such numbers that dogs, poison, and guns could not stop them. According to Representative Burmeister, rats have been known to cut down grass in a pasture, destroying grazing. Not only in the fields, but in the home, does the work of these pests cause destruction; they have been known to cut holes through lead pipes, ruining the plumbing and flooding the home. All are familiar with the fact that rats cause conflagrations; destroy eggs and poultry, and damage flooring and woodwork in general.

The rat besides causing loss amounting to millions of dollars yearly by its destructive habits, is a menace to the public health. It is known to be an active agent in the spread of infectious diseases, such as the deadly Bubonic plague, or "black death" of history, of which the rat is the chief carrier.

This past year, Texas was threatened with a Bubonic plague epidemic, and only a prompt and vigorous rat-eradication campaign, headed by the State Board of Health, saved the people of the state from the terrible scourge which has taken over 25,000,000 lives in the past.

A few words concerning precautions to take regarding suspected plague rats may be said here. When a dead rat is discovered, and it is presumed that death occurred from natural causes, it is well to be sure that it has not died from Bubonic plague. Take or send this dead rat to your County Health Officer for laboratory examination.

Whether suspected of plague infection or not, all dead rats should be picked up by the tail, dipped in kerosene, and then buried or burned.

Rats are subject to a leprosy-like disease, closely resembling the leprosy which attacks man. A number of other diseases are common among rats, the germs of which are believed to be capable of producing human diseases.

Harbor Parasites and Disease

Rats are also the hosts of numerous internal parasites which are dangerous to man, among which is the trichina or flesh worm, which causes the disease known as trichinosis. It has been said

by a reliable authority that "this disease (trichinosis) will probably never be eradicated from man until rats and mice have been practically eradicated."

Many external parasites, such as fleas, lice, mites and ticks infest the hairy body of the rat.

Inhabiting as it does the sewer and dirt dumps of all kinds, the rat is one of the filthiest of all animals which come in contact with man, and it destroys by pollution "Ten times as much as it actually eats."

It behooves us, then, to unite—neighbor with neighbor, town with town, county with county, until a State-wide organization is perfected that will rid Texas of the most active and most virulent of her health problems.

Disratization

Owing to its tremendous fertility and its ability to survive under the most unfavorable circumstances, extermination of this dangerous and destructive pest is not an easy matter. By its close association with men, the rat has acquired a wary intelligence and cunning which must be taken into consideration in the adoption of means for its destruction.

Rats are numerous where food exists in abundance and where they can find suitable breeding and nesting places. In the extermination of them, therefore, it is of first importance to keep the house and premises free from anything rats can eat (except, of course, in places not accessible to them) and to exclude them from places where they can find food and a safe retreat for rearing their young. If such precautions are not taken, poison, traps and other means of destruction give very poor results.

Campaigns against rats, to be effective and lasting, must aim not only to destroy the greatest possible number of those living, but, what is more important, must prevent the possibility of further breeding and the ingress of rats from other localities. Rats are great travelers; they have been known to be transported from a Gulf State to Chicago in a box car. They move from one vicinity to another, using telephone cables, or anything that will support their weight and afford a claw-hold. It is necessary, therefore, to not only eradicate rats on your own premises, but on those of your neighbor as well. If your community is to become rat-free. Experts agree that the only way to get rid of rats permanently is to "build them out of existence."

Rats may be destroyed by trapping, poisoning, fumigation, by drowning (closing up their holes and flooding with water) and by natural enemies, such as the cat, dog, ferret owl etc.

Trapping the Rat

In the use of any kind of traps, it should be borne in mind that the rat is extremely cautious, and is frightened by anything in the least out of the ordinary from his usual environment. Place the trap where the rat usually goes for food and change the surroundings as little as possible. In daylight, the rat's vision is somewhat defective, and he depends on his vibrissae to guide him. For this reason, rats avoid large open places and run along side walls or in narrow runways.

The bait in the trap should always be adapted to the surroundings in which the trap is placed. It should be some

odorous article of food which the rat is not in habit of getting. For instance, where grain is plentiful the best bait is meat or fresh vegetables. The following varieties of food make good bait: fish, fresh liver, cooked corned beef, fried bacon, apples, carrots and corn.

Before being set, the trap should be dipped in boiling water or smoked with a piece of burning newspaper to kill the smell of human hands or rats which have been previously caught in it.

Cage Trap

Cage traps were not found as efficient as snap traps in recent large trapping operations; however, when live rats are desired for experimental purposes the cage trap is recommended. They should be disguised by being covered, except at the entrance, by some of the material in which the trap is set, such as hay, straw or wood, or else covered with a piece of sack or placed in a dark corner or beneath the

floor. Steel traps have not been found practical except in trapping on garbage dumps for very large rats.

Snap Trap

Snap or spring traps should be placed in a corner or close to the wall on a flat, hard surface, so that the rat cannot spring it with his tail or by walking on it. The bait, such as fried bacon, tough meat or stale bread, should be tied to the trap, so that the rat cannot get it without pulling hard enough to spring the trap. Snap traps should be deodorized by flaming to remove the human scent, and traps should always be boiled after each catch. In order to prevent rattling and to remove the noise, the trap should be dipped in lubricating oil. The trigger should be adjusted by filing so that the slightest disturbance of the bait will spring the trap.

Barrel Trap

The barrel trap is said to give good results in warehouses and granaries

where rats are abundant. It consists of a barrel or keg, partly filled with water and having a carefully balanced metal top. The bait, preferably a piece of strong cheese, is placed on the middle of the cover. A plank is laid from the floor to the edge of the barrel at the proper side, and as soon as the rat lands on the balanced lid he is precipitated into the barrel and drowned in the contained water.

Success in destroying the rats has

been obtained in some instances by placing a tub of water in a place frequented by rats, which has its surface covered with some floating material such as cottonseed or oats, with rat food in the center of the cottonseed or oats. The rat trying to get the food in the center of the cottonseed will break through and eventually drown.

H O M E

The most magical word in the English language is "HOME." Within its four letters it carries all human ambitions.

Poultry Pointers

The inexperienced man cannot make money keeping poultry in the opinion of Adam Dinges, local grocer and raiser of fine chickens. Mr. Dinges believes that the business of poultry raising is just as serious an undertaking as any other enterprise, and the man who is not acquainted with the details to be met and overcome is at a real disadvantage. Mr. Dinges has successfully raised chickens in this county for a number of years, and has raised birds at various fairs with a marvelous degree of success. A Buffington cockerel belonging to the local grocer took first prize at the Plainville fair last fall.

Mr. Dinges' remarks concerning successful poultry raising are as follows: Can the inexperienced make money raising poultry? No. Why?

Must Understand Business

"Like every other business one must understand the proposition to succeed. A novice goes into the poultry game with more money than brains, he will end up with less money and more loss after a lot of hard work.

"The only way to make poultry pay is to start in a small way. Buy some good birds and do not be afraid to pay good price for them for you must have good stock if you wish to make a profit. It is best to start with a few and get your blood line started and build them up. Keep them exercising, keep them on the go for only an hour a day and only a few chickens will lay. The best exercise for any hen is make them scratch in deep litter for every bit of it they get.

"Specialize in only one breed and get the one that appeals to you. Move quietly along them as fright is not good for

them and make them know you. Weed out the poor laying hens. To make a success one must have a liking for fowls and not be afraid to work.

"It is best to do your hatching along about March 15 or early in April, when you know the cold weather is over for if a chick gets chilled they will seldom mature effectively. The thing to do is to start them off right and keep them going. I am often asked what can I do about vermin among my chickens. I say do not let them get that way. If you spray your poultry houses as you should with some good spray which you can get at most any drug store, you will never be bothered with vermin.

Must Get Good Mate

"Be sure and mate hens with a good cock bird. Get a bird that is high bred from some reliable breeder. Ask him about the egg record of his stock. Get stock that is bred to lay and you will be surprised at the eggs you will get. You cannot buy a good bird to head your flock for the small sum of \$2.50. You must not be afraid to pay as much as \$5 or \$10. Any breeder that knows his business will say this is a small sum to pay for a bird. You must know that the male at the head of your flock is what will make your chickens pay. The thing that disgusts a breeder most is to see a nice bunch of hens headed by a scrub male bird.

"And bear in mind to make poultry pay you must give them the same attention you do the other stock around the place. Any old cow will give milk but with proper care and feed she will give more milk. The same applies to your poultry, try it out and you will find it pays.—Vernon Record.

Bring your Job Work to The Brand.

ATTENTION—Jersey Breeders
PRINCE FERN'S GOLDIE OX FORD 187847. A fine-bred Jersey Bull. Sire: Prince Fern of Kennamer 107142, prize winner at Dallas and other fairs. Wheels on a track with Cletrac way—the best power.

The Cletrac Works the Year 'Round

Your Cletrac gets off to an early-season start. It works steadily every day and stays on the job in any weather the year round. Makes all-year production possible. The Cletrac turns under last year's cotton and corn stalks and makes quick work of early spring "middle busting" on listing. It sows fertilizers, fits the seed bed and hustles the planting.

Four to eight animals are replaced by one Cletrac and the tractor does more work and better work. It burns "gas," kerosene or distillate and a boy can run it.

Come in and look the Cletrac over. See for yourself its sturdy construction. Let us show you what it will do for you on your own farm.

D. L. McDonald
 Hereford, Texas.

CASTRO COUNTY

CLEO

Our Easter cold snap, blew up from the north Saturday night about eight o'clock and has been rather cold every since. We fear that the fruit crop will be destroyed.

There were a number of visitors from Spring Lake, Dimmitt and Hart in attendance at the Cleo Literary last Saturday night. Among the visitors from Dimmitt were Mr. Morris Kimble and Miss Rosalie Bell, who rendered some fine music on the piano and guitar which was greatly appreciated and enjoyed by all.

Messrs. Dunn and Mahusen, of Crosbyton, Primitive Baptist preachers, came to Cleo last Friday and held a three days' meeting beginning Friday night and lasting until Sunday at 11 o'clock. Mrs. J. F. Waldrip and Mrs. J. C. Wilson, of Dimmitt, were present at each service, being the guests of Mr. and Mrs. J. D. Burch.

Mr. Hilliard and family from seven miles east of Tulla, were also in attendance Saturday night and Sunday.

The all day singing at Cleo on Sunday, March the 20th, was a great success. Also the dinner. We wish to thank the good ladies of Cleo and surrounding communities for the bountiful supply of good things to eat. The day being fine and warm brought us a large crowd. I heard one man from Dimmitt say there were about eighty cars on the ground and, estimating five passengers to a car, including children, would make 400 people who spent the day very pleasantly singing and talking. As there were people present from all parts of Castro County, also some from Randall, Swisher and Lamb counties, we went into an organization of a Castro county Singing Convention by electing the following officers: F. J. Taylor, of Blue Ridge, president; J. R. Gollehon, of Dimmitt, vice president; Mrs. J. R. Gollehon, of Dimmitt, secretary. W. W. Wimberly, J. R. Gollehon and W. S. Dixon were appointed by the president to draft a constitution and by laws for the convention, also to select a song book for this year. Dimmitt and Sunny Side asked for the next meeting. A vote was taken which resulted in Dimmitt's favor. It was decided to have our next meeting on the fourth Sunday in May. We hope every community in the county will organize

a singing choir and come into the County Convention.

Mr. Harvey Cash and daughter of Canyon and Mr. and Mrs. Lovett of Umberger were among the visitors on the 20th.

Mrs. Joe Hastings and son, Alvin, spent last Saturday and Sunday with relatives in Cleo.

MAN STEALS OATS

IN BRISCOE COUNTY

A young man by the name of Roberts who lives in Briscoe county, was arrested here last Friday on a charge of stealing a load of oats. The oats were stolen Thursday night from the granaries of John Burson, banker, of Sil-

verton, and freighted to Lockney. Sheriff Minor Crawford was here, and he in company with Deputy Sheriff Harve Holla took the man in charge just as he was leaving the First National Bank after cashing his check.

He was taken back to Briscoe county. He was out on a suspended sentence for another criminal offense. The trail of this party was followed in Lockney, he having spilled the oats all along the road. He evidently got greedy and loaded his wagon too heavily.—Lockney Beacon.

A college for brides is in session at the Y. W. C. A. in Chicago. The course consists of mastering a variety of

menus and learning attractive methods of serving meals. They will be taught how to make a family budget, how to buy wisely and how to make all manner of attractive clothing. The art of conversation, story-telling and better English are also included in the curriculum.

Lightning struck a powder plant containing six tons of powder in Nashville, Tenn. The plant burned without explosions until consumed with its contents.

Five Threaded Rubber Reasons

1. Willard Threaded Rubber Batteries are standard on 175 makes of motor cars and trucks.

2. Most of the important battery improvements originated with Willard, and are today found in the Willard Threaded Rubber Battery.

3. Threaded Rubber Insulation saves you money because it does not warp, puncture, crack or carbonize. It outlasts the plates.

4. Threaded Rubber Insulation—found only in the Willard Threaded Rubber Battery—permits "bone-dry" shipment that keeps the battery new.

5. As an authorized Willard Service Station we offer to every Willard user the benefit of the broad Willard policies.

Hereford Light & Power Company

THE CHILD'S FEET ARE GROWING EVERY MINUTE
GET THE SHOES LONG ENOUGH

Comfort in Educator Shoes is only Surpassed by a Barefoot Condition

FOR THE WHOLE FAMILY
Rice & Hutchins

EDUCATOR SHOE

As nature forms the child's foot, each toe lies flat and straight.

Nature thus provided the human foot with the power to balance the body and the spring to make walking easy.

Unfortunately, few children reach maturity without cramped, pinched and misshapen feet.

This is usually caused by the shoes sold by unscientific shoemen to unthinking parents.

Could parents be brought to realize the importance of starting the child's feet right, there would be little or no suffering in later life from the foot ailments that many men and women are subject to.

The human foot should be allowed to grow naturally. To shape it to the changing fashions is to force the soft, pliable, growing bones, cords and muscles into unnatural deformed shapes.

The foot, thus pinched from its natural shape, is often a source of suffering in later life.

To make a nation of men and women to whom walking will be a pleasure, and with whom perfect feet will be the rule rather than the exception.

is the mission of the Educator shoe.

The Educator, as its name implies, is designed by students of the human foot to permit the growing bones and muscles to develop as nature intended.

It is not designed to be a cheap shoe but the best wearing shoe possible to produce by the most advanced shoe-making methods.

The Educator costs a few cents more than the ordinary child's shoe, but these few cents are in the shoe and mean to the purchaser double service and wear. The price is as low as is consistent with the cost of good material and labor.

The soles are carefully selected for flexibility as well as durability, avoiding all unnecessary clumsiness, and the uppers are of the highest class. The inner soles are smooth and soft to the feet.

If you would have your child thank you for perfect feet in later life, buy these nature-shaped Educators.

Educator Shoes are made by the Goodyear Welt process, which insures the wearing qualities and makes repairing easy.

The EDUCATOR SHOE is made for boys, misses, women and men. They have the same superior qualities as the smaller shoes described, but are made in sizes, widths and shapes suitable for older feet. They have all the excellencies of stock, finish and wear found in smaller EDUCATORS that "let the child's feet grow as they should." These larger EDUCATORS let the grown foot take a comfortable position in the shoe.

Four Act Play

The Parent-Teacher Club of Vega has arranged to present a 4-act play entitled "Jack and Mabel" at The Star Theatre on Friday, April 18. The cast consists of ten people. Further details will be announced later.

100 SACKS OF FLOUR TO BE GIVEN AWAY FREE

On Monday night, April 4th, at the Star Theatre, to the first 100 women who buy a ticket will be given free a sack of flour. The flour is made by the Great West Mill and Elevator Company of Amarillo and is the best grade flour on the market. If you wish to secure a sack of flour free, be sure and be on hand and see the flour display which will be given on the stage, showing the best flour ever made.

A SAFE TEST

For those who are in need of a remedy for kidney troubles and backache, it is a good plan to try Doan's Kidney Pills. They are strongly recommended by Hereford-people. Ask your neighbor!

Mrs. T. B. Reector, Hereford, says: "Doan's Kidney Pills have been used in my family for some time for weak and disordered kidneys. Some time ago my back was giving me trouble, was sore and ached a good bit right through the small of it. My kidneys also acted too frequently and caused me considerable trouble at night. Whenever I have felt any symptoms coming on I have started using Doan's Kidney Pills and in a short time they have relieved me. Another member of my family has also used Doan's Kidney Pills with good results."

47 BUSHY MEN ARE PRESENT MONDAY AT C. OF C. LUNCH

Forty-seven men put their feet under the tables at the Morrison Cafe last Monday at noon and discussed the needs of Hereford while they ate their noonday meal. It was the largest weekly meeting to be held yet.

The loss of two passenger trains was discussed at length, resulting in a resolution opposing this move of the railroad and declaring for an effort to have them reinstated.

The Secretary reported a rumor afloat that the Express office up-town might be moved back to the depot. This was condemned and the Secretary instructed to ascertain the facts and report back.

C. P. Galley made a short talk thanking the Chamber of Commerce for assistance rendered his neighborhood in getting the Joel road opened. He also briefly discussed the probability of a cheese factory being put in here.

J. Frank Potts, acting for Mrs. Chris Garrison and other ladies interested in health measures, asked that the Chamber of Commerce institute a rat campaign. He also advocated that this year's Chautauqua be held on the edge of the big lake north of the courthouse in order to take advantage of the slope in the ground for the seats. This was referred to the grounds committee of the Chautauqua association.

Superintendent Fertsch of the public schools delivered a brief address on the school situation. G. A. F. Parker reported that the necessary signatures for calling an election for a raise in the tax rate for the district had been secured and the necessary steps to hold the election were being taken. E. W. Harrison reported progress in road work and in the campaign for the road tax and bonds. Mr. Parker caused a ringing cheer by stating that Mr. Harrison had won his vote for the road measures. C. A. Skelton gave a synopsis of the Fireman's Fracas of Friday night.

Owing to the fact that the Breeders'

Sale falls on next Monday it was voted to pass the Monday luncheon on that account and all hands go out and boost for the success of the Sale.

NEW HOUSES ARE CONTRACTED; BIG ACTIVITY COMING

Building activity in Hereford begins to show signs of picking up. Our local architect, W. F. West, has just completed plans for a modern five-room bungalow for Claude Ricketts, which will be built on East Third street. Construction work is to be started at once. Mr. West also has plans under way for an up-to-date home for J. M. Phillips. Several other people are said to be about ready to start building operations.
