TUESDAYS—TWICE-A-WEEK—FRIDAYS

22nd YEAR, NO. 21.

HEREFORD, DEAF SMITH COUNTY, TEXAS, TUESDAY, APRIL 4, 1922.

## OLD COMMISSION IS AN EASY WINNER

RE-ELECTED TUESDAY BY OVERWHELMING MAJORITY

## WOMEN SUPPORT

Helped Ticket Greatly. Concentrated Fight Made On the Mayor

What promised early in the day to be a tight battle wound up in a rout during the afternoon and Hereford's old board of City Commissioners was swept back into office in Tuesday's election by an overwhelming vote. The results given below are a study in organization as well as emphatic announcement that Hereford's home loving population stands unshaken by the prevailing unrest and unreasonableness, and is determined to "carry on" its municipal government on the plans proven by time to insure moderate progressiveness and the maintenance of the municipal credit. The ladies of Hereford had a large share in the result and showed their appreciation of Mayor Knight's stand for suffrage by rallying to his support Tuesday in large numbers.

The opposition was centered on Mayor Knight and apparently the forces opposing him paid small attention to the other two offices involved.

Election Judge Al Miller, assisted by Col. E. T. Woodburn, Cliff Acker and Phil Arthur, announced the result as follows:

For Mayor:	
W. M. Knight	183
H. B. Webb	62
D. L. McDonald	7
For Commissioners:	
Homer Wilkinson	243
D. F. Ashbrook	238
S. J. Williams	2
H. B. Webb	2
T. M. Palmer	2
F. H. Britain	2
W. W. Bennett	2
A. H. Elliston	1
D. R. Gass	1
J. O. Newell	1
E. B. Posey	1
Troy Womble	1

## JUDGE GOUGH WILL PRESIDE AT MEETING WHEAT ASS'N

Judge L. Gough went to Amarillo Monday morning to attend the organization committee meeting of the Texas Wheat Growers Ass'n, to be held Monday afternoon. The purpose of the meeting is to prepare for the coming election of delegates to represent the Texas Wheat Growers' Association of the Panhandle country. This election will take place next Saturday, April 8, with twenty delegates to be elected. Judge Gough is vice chairman of the "organization committee," and will preside at the meeting Monday afternoon.

## HEREFORD PRODUCE MOVES INTO NEW HOME THIS WEEK

The Hereford Produce moved into its new location, opposite the Hardwick Theatre, on the corner, the first of the week. The building was completely renovated and repaired following the recent fire, and looks like a new building entirely.

## TWO DELEGATES GO TO PRESBYTERY AT MIAMI THIS WEEK

Rev. J. R. Sharp of the Presbyterian church, accompanied by Roy Nunn, left for the Presbytery meeting at Miami, Texas, Tuesday morning.

**WHAT'S THE USE?**  
 What's the use of getting mad because you run your hand down a banister on your way down stairs and get your hand soiled by the dust your wife forgot to brush away. When you brush it off you're really only compromising—putting it somewhere else that it don't belong, so every carpet and every plant on which it falls has just as much right to kick as you have. Dirt is nothing but matter out of place, so before you lose your coat divide the dust into it particles and put them back where they fit and will be happy. When you have done that you qualify to grow. Before that all you ought to do is to think.

## ALWAYS FIRST

Miss Sylvia Thurlow, of Philadelphia, has never failed to win first place every year throughout her school life. This year she has been awarded a scholarship at Bryn Mawr college. When she was graduated from high school, she won the Bryn Mawr scholarship.

## Gorgeous Rain is Best Thing That Has Hit Here Yet

Uncle John Estes boldly told The Brand Saturday that "it is going to rain." Also that he was willing to take the consequences for such a prediction. The Brand disclaims any responsibility in this statement. All weather inquirers are hereafter respectfully referred to Captain John Estes, Hereford, Texas.

A glorious rain that began falling Sunday night and lasted at intervals through to Tuesday noon has insured the grass, row crops and optimism in the Hereford country for this spring, at least. Spring wheat and new gardens will be benefited immensely, and there are quite a few that believe a good deal of the winter wheat will yet be saved by the moisture.

The heaviest precipitation occurred Sunday night, the gauge showing a total of an inch and a quarter Monday. The city's streets were full of water at that time. Reports from all over the country indicate that this rain was general in the Panhandle, with regular floods in central and south Texas.

It misted and rained slightly Monday morning, held off in the afternoon, drizzled during Monday night, rained lightly nearly all Tuesday morning, and then cleared up. The gauge shows a total all told since Sunday night of one and four-tenths inches.

The rain has been of incalculable benefit in every way, means a lessening of the tension, and should start business to humming in every line of local endeavor.

## PETE MURPHY HAS OPERATION; WILL BE HOME SATURDAY

Mrs. Albert Murphy received a wire from her husband on Monday that an operation would be performed on his brother, Pete, at Mayo Bros. Tuesday. A second wire stated that the operation had been completely successful and that he would start home Thursday with his brother, arriving here Saturday morning.

This is considered to be a remarkable performance, considering the badly fractured state of Mr. Murphy's leg, and the sufferer's friends in this community will rejoice at the happy outcome of what at first appeared to be a permanent injury.

## THE PROGRESSIVE SCHOOL HAS HIGH HEALTH CREDITS

Mrs. Pearl Hyer Hazel, Public Health Nurse, who installed health- and hygiene-competition in the schools of the county last year, informs Mrs. Rayzor of the Progressive School near Hereford that the pupils of this rightly-named neighborhood have won highest grade honors in the state and national competition. Details are not yet available, but will be published when received.

## MRS. COX CALLED HOME BY NEWS OF MOTHER'S ILLNESS

Mrs. D. N. Cox, Hereford, Postmaster, was suddenly called to Granbury, Texas, Sunday morning by news of the serious illness of her mother.

## MRS. HAMMER GOES TO BEDSIDE NIECE SILOAM SPRINGS, ARK.

Mrs. J. B. Hammer left Sunday for Siloam Springs, Ark., where she was called by the serious illness of her niece, Miss Penelope Draper.

## Seven Young People Narrowly Escape Tragic Death When Auto Climbs a Tree and Does Stunts

They say that an automobile cannot climb a tree, but there are seven young people of this vicinity who will never believe that assertion again.

For a new Buick car, carrying the seven young people referred to, tore up one good sized tree by the roots, literally climbed another twenty feet high, and brought up, what was left of the car, all standing and without turning over, Sunday afternoon about five o'clock.

The car, the property of Ed Smith of Dinamitt, was driven by Miss Maud Daiton, who was accompanied by Clarence Smith, the owner's son, Misses Jewell Porter, Lulu Orr and Mildred Rambo, Ira Connell and Donald Williams. The party was returning from a ball game at Summerfield. While running at a high rate of speed the turn at the railroad crossing just outside of town was made and the car left the road. Although the emergency brake was thrown on the speed of the car was evidently not checked a particle, as otherwise it could not have shown the power it did. Several posts and three strands of the wire fence alongside the car were torn out, a tree five inches in diameter pulled up by the roots, the machine scooped up a second tree, jumped several feet without touching the ground, hit a third tree, and never turned over.

The third tree was all in the world that saved seven young folks from a tragic end, in the opinion of spectators. The Buick was literally torn to pieces, very little of it remaining that will be of use. Five of the party were thrown all over the landscape, and yet, miracle as it seems, none was seriously injured, although all were severely bruised and shaken up.

The second tree, the one the car climbed, must have broken off under ground and been bent down, as it straightened up somewhat afterwards, while the branches away up in the air, show the marks of the flying car.

It is the most remarkable escape from sudden death that has occurred locally, and there are seven young people in this community this week who have taken solemn vows never to run a car again above a safe and sane speed.

## Paris Man Looking For Building For a Shoe Shop

J. A. Thurman, of Paris, Texas, brother of the local photographer, M. S. Thurman, arrived in Hereford Tuesday morning and is seeking a business location for a Shoe Shop.

Mr. Thurman is a young man and brings excellent recommendations from former business connections.

## JUDGE KIMBROUGH, WELL KNOWN LAWYER, DROPS DEAD

Tuesday morning's daily papers carried the news of the death of Judge W. H. Kimbrough of Amarillo, who dropped dead in Dalhart Monday while arguing a case before a jury.

Judge Kimbrough, who was sixty years of age, had been a resident of Amarillo for many years, had appeared in court in all the Panhandle counties at various times, and was well known all over this section. His death will be regretted by a wide circle of friends and acquaintances.

## Summerfield Was Nosed Out After A Tight Scuffle

A Hereford baseball team nosed out a nine at Summerfield Sunday afternoon by the close score of 7 to 6, after an even and exciting battle. Made the fact that four Lookingbills played for Summerfield had something to do with the tight battle the Hereford men had to face. A return game is to be arranged between these two diamond outfits in the near future.

Features for Hereford were a sensational catch by Porter in the outfield and a double steal pulled off by Curtisinger and Carl.

Lineup: Hereford, Lewis, cf, London, 1b, Carl, 3b, Curtisinger, p, ss, Robinson, sp, R. Albin, 2b, C. Albin, c, Porter, rf, Carroll, lf, Summerfield: Cannon, ss, Loyd Lookingbill, c, Alton Lookingbill, cf, Loys Lookingbill, rf, Johnson, 3b, Ceell Lookingbill, p, Stanley, 3b, Lawhorn, 2b, Moore, cf.

Score by Innings:

	R	H	E
Hereford	0	0	2
Summerfield	0	0	1
Batteries	Hereford: Curtisinger, Robinson and C. Albin; Summerfield: Ceell Lookingbill and Loyd Lookingbill.		

## Jeff T. Gilbreath Purchases Former E. H. Norton Farm

One of the largest property sales reported here in some time was given out Monday when the real estate firm of Byrd & Hill announced the sale of the old E. H. Norton property, one mile west of Hereford, to Jeff T. Gilbreath. The consideration was private.

This well improved farm home contains 1290 acres and is one of the most desirable properties in the county. Mr. Gilbreath still retains his six section ranch in Castro county.

## WOULD SEND CONGRESS DEBATES BY WIRELESS

Congressman Vincent Brennan of Ohio proposes a powerful radio broadcasting station be installed at Washington so that people all over the country can listen to debates on important legislative measures.

## BROOKLYN MINISTER HEALS SICK

Spiritual perception which makes possible physical healings seem to be developed with more frequent regularity of late years, as indicated by newspaper reports in world affairs. The most recent is by Rev. Charles W. Dane of St. Mark's Congregational Church in Brooklyn, N. Y., whose cures by simply laying on the hands has aroused considerable attention throughout the east.

## Weekly Luncheon Carries on Routine Club Work

While not as large an attendance was recorded at the weekly luncheon as the Monday before a very fair crowd discussed pending routine matters.

The matter of sending the Hereford Band to the Plainview convention of the West Texas Chamber of Commerce in May was discussed. It was agreed that a good delegation would go from Hereford on that occasion and that it would be a good advertisement for the town to have the band along. It was voted to take the band. Plainview is offering substantial cash prizes for the leading bands at the convention. The Hereford Band is admittedly a good one and should have an excellent chance to cop first money.

D. E. Ashbrook and J. S. Jones were elected chairman and secretary-treasurer, respectively, for the forthcoming Chautauqua, which will begin on or about May 22. These two gentlemen were hold-over officers from last year and made such a splendid record that they were unanimously reelected. A meeting will be called soon to select chautauqua committees. The coming School Fair and the Cleanup campaigns were gone over and other routine matters considered.

**LITERARY STRENGTH**  
 In the everlasting tussle with the literary jinx, we need a heap more muscle than the average poet thinks. I allers have contended, that there's nothin' in a "gift" when you want to build a poem that can punch as well as lift.  
 I never had much patience with the literary hen, that dreams of hatchin' emstars while she's settin' on her pen. But the verbal sausage-stuffer, with the devil in his arm, is the everlasting duffer that can boost as well as charm.  
 I couldn't play a dew-dad that a teller has to pick. But they allers hears my how-gag, when I welt her with a stick—an' I've got a sneakin' notion, that the rhyme the country needs, ort to sparkle with devotion an' reverberate with deeds.

## SCHOOL TRUSTEE REGULAR TICKET WINS

NOMINEES OF MASS MEETING WILL SERVE TERM

## WAS WARM FIGHT

Opposing Forces Put Out Ticket And Worked Very Hard

The school trustee ticket nominated by the mass meeting of last Monday carried Saturday's election after a warm fight in which the opposition put out additional candidates of their own. The heaviest vote for a school trustee election in years was recorded. The opposing forces were on the street in force all day and both did effective work.

H. B. Webb was judge of the election, assisted by Col. E. T. Woodburn and Messrs. Ines Ricketts and Helen Pfelebe. The official returns show the following vote:

C. J. Padlock	183
F. H. Oberthier	129
W. A. Miller	117
G. A. F. Packer	104
E. B. Posey	88
J. O. Newell	74
W. H. Ray	65
Jeff Gilbreath	6
W. E. Hicks	3

## All Dressed Up And Rarin' For The School Fair

Final preparations for the Deaf Smith County School Fair Friday and Saturday, April 7 and 8, are nearing completion. The manual training class of the high school, under personal direction of Professor Prewitt, are busily draping the frames for the display booths in the basement of the courthouse. The merchants have offered special prices on many commodities for those two days. The Parade committee is decorating floats for the parade Friday afternoon, which will be led by the Hereford Band. The pupils are busily engaged in putting final touches on the exhibits of their handiwork of the past year for exhibition. Athletes are tuning up their muscles for the contests in the field.

The first Fair was a success, although the people had hardly waked up to the merits of the exhibition. The second effort promises to be an eye-opener. Remember! Next Friday and Saturday!

## JOHN CUNNINGHAM CALLED HOME BY DEATH OF FATHER

John Cunningham has gone to Childress, Texas, his former home, upon news of the death of his father. It is understood that the elder man's death occurred last Friday, March 31.

## Mid-western Folks Lose Lives in Sea Plane

Mr. August Bulte

Mr. Lawrence Smith

A determination to live up to the letter of his responsibility in caring for his passengers is the reason seaplane-pilot Robert Moore lives to tell of a thrilling 56-hour struggle in the gulf stream off the Florida coast, in which five pleasure seekers from mid-western states lost their lives.

Mr. and Mrs. August Bulte, Mr. and Mrs. Lawrence Smith of Kansas City, and Mrs. J. S. Dickson of Memphis were those lost after a heroic effort against waves, storm and exposure.

They were passengers on the seaplane "Miss Miami" which made 40-minute trips between Miami, Fla., and Bimini, West India Island. When within three-minutes of their destination on Wednesday, a pro-

Robert Moore, pilot

PELLER blade broke, forcing the seaplane down. The craft landed within a mile of a fishing boat, but, caught in the gulf stream, it was carried north, signals for help being unheeded. One of the seaplane's pontoons sprang a leak, and in the heavy sea the plane was overturned. The passengers were thrown into the sea. Moore succeeded in getting Mr. and Mrs. Smith and Mrs. Bulte back on top of the wreckage, but Mrs. Dickson and Mr. Bulte were lost. Then started the battle against wave and a storm which came in the night. The two women died from exposure. Smith died on Thursday, Moore was found Friday by a passing fishing boat, strapped to the wreckage, and unconscious.

The Denver, Colo., Real Estate Exchange is planning a \$15,000 advertising campaign with a view of increasing the population of Denver to 500,000 in 1922.

The average temperature at Amarillo in 1921 was 58.9 degrees. There were 220 clear days, 122 partly cloudy days, and 23 cloudy days. Rain or snow fell on 74 days. The total rainfall in 1921 was 25.24 inches. Since observations have been taken the wettest year was 1885, with 37.07 inches, and the driest was 1910, with 11.15 inches.

THE STATE OF TEXAS TO THE SHERIFF OR ANY CONSTABLE OF DEAF SMITH COUNTY, GREETING:

You are Hereby Committed to summon ZORA WHITE, by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County, where a newspaper is published, to appear at the next regular term of the District Court of Deaf Smith County, to be holden at the Court House thereof, in Hereford, on the First Monday in May, A. D. 1922, the same being the 1st day of May, A. D. 1922, then and there to answer a petition filed in said Court on the 22nd day of March, A. D. 1922, in a suit, numbered on the docket of said Court No. 1342, wherein T. N. WHITE, is Plaintiff, and ZORA WHITE, is Defendant, and said petition alleging that plaintiff and defendant were married July 25, 1900, and lived together as husband and wife until on or about March 1st, 1919, when without fault on plaintiff's part the defendant voluntarily abandoned the plaintiff and has continuously from said plaintiff failed and refused to reside with the plaintiff as his wife, and has permanently abandoned the plaintiff.

The plaintiff prays for divorce and that said marriage be in all things dissolved, and for all relief in law and equity, special and general he may be entitled to.

Herein Fall Not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

GIVEN UNDER MY HAND AND THE SEAL OF SAID COURT, at office in Hereford, Texas, this the 22nd day of March, A. D. 1922.

(SEAL) A. L. BIGGS, Clerk of the District Court, Deaf Smith County, Texas. 19-21-23 25

CITATION BY PUBLICATION THE STATE OF TEXAS TO THE SHERIFF OR ANY CONSTABLE OF DEAF SMITH COUNTY, GREETING:

You are Hereby Committed to summon J. B. Mullin and Ira Morton, by making publication of this Citation once in each week for four successive

weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 09th Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 09th Judicial District, to appear at the next regular term of the District Court of Deaf Smith County, to be holden at the Court House thereof in Hereford, on the 16th Monday after the Second Monday in January, A. D. 1922, the same being the 1st day of May, A. D. 1922, then and there to answer THE STATE OF TEXAS is a suit numbered on the Criminal Docket of said Court, No. 370, as follows:

WHEREAS, on the 4th day of April, A. D. 1921, in a certain prosecution pending in our District Court of Deaf Smith County, Texas, wherein the State of Texas is plaintiff and Hubert Mullin is defendant, the said defendant did enter into a Bail Bond, with J. B. Mullin and Ira Morton, as sureties, in the penal sum of Five Hundred (\$500.00) Dollars, conditioned that the said defendant, should make his personal appearance before the said court on the second day of May, A. D. 1921, then and there to answer the STATE OF TEXAS upon a charge by complaint, duly presented in said court, wherein Hubert Mullin, the said defendant, is charged with the offense of "THEFT OF CORPoreal PERSONAL PROPERTY OF VALUE OVER FIFTY (\$50.00) DOLLARS, A FELONY", and there remain from day to day and term to term until discharged by law; and whereas, on to-wit, the 6th day of June, A. D. 1921, before said Court, then in session for said Deaf Smith County, said prosecution was called for trial, and the said Hubert Mullin wholly failed to appear and answer said accusation against him and thereupon said Bail Bond was duly declared forfeited by said Court, and it was ordered, and adjudged and decreed by said Court that the State of Texas do have and recover of the said Hubert Mullin, as principal, the sum of FIVE HUNDRED (\$500.00) DOLLARS, and of J. B. Mullin and Ira Morton, as sureties, the sum of FIVE HUNDRED (\$500.00) DOLLARS, each;

and it was further ordered and adjudged that said judgment should be made final, unless good cause should be shown at the next term of said Court why the said defendant did not appear; You are, Therefore, Committed that you summon the said J. B. Mullin and the said Ira Morton, sureties as aforesaid, to be and appear before our said District Court of said Deaf Smith County, at the next term thereof, to be begun and holden at the Court House

of said County, in the City of Hereford, on the 1st day of May, A. D. 1922, then and there to show cause why said forfeiture should not be made final.

Herein fall not, and of this citation make due return as the law directs.

Witness my signature and seal of office, on this the 3rd day of March, A. D. 1922.

### FRIONA

Mrs. Symson and Mrs. White returned Sunday morning from Illinois. They report that during their stay of two weeks it rained almost continuously. They seemed pleased to get back to the plains country.

At least a part of the owners who lost their property by the fire last week are planning to rebuild and the talk is mostly in favor of fire-proof material. If this idea is adopted by all who rebuild it will add materially to the beauty of the town and reduce the danger from fire to a minimum. There are also rumors that others are contemplating replacing their present wooden buildings with fire-proof structures. One of the benefits to result from the recent disaster may be a "Better and more beautiful Friona."

One of R. H. Kinsley's trucks returned from Amarillo Saturday with a large steel tank of 150-barrel capacity, which he proposes to place on the top of his water tower. He also has in mind the plan of extending the height of his tower to sixty or perhaps ninety feet. Such a tower would give sufficient pressure to throw water with considerable force to the top of the highest building in Friona. Mr. Kinsley is both optimistic and progressive in his business enterprises.

The Farmer county track meet will be held in Friona on Friday of this week. A good program has been arranged for the occasion and some excellent contests will be given in the various seats. A large attendance is expected and everybody is welcome. Orders have been given for seven hundred lunches and the Ladies' Aid of the Baptist church will serve them.

The returns of the trustee election held here Saturday showed a total of 76 votes cast which shows that a large percent of the voters of the district were at the polls and cast their vote for their favorite candidate. The candidates were O. G. Turner, Elmer Euler and John White. Mr. Turner received as many votes as both Euler and White which proves his vastly superior popularity. One peculiar incident of the election was that the man who showed the most interest in getting out the vote and seeing that they cast their votes intelligently, was a man of mature years who has no children in the school and might, therefore, be judged to be among those who would naturally have the least interest in any matter connected with school affairs, while those who have children in attendance at the school showed practically no interest in the result of the election.

About an inch of rain fell here Sunday night and more on Monday night. This, beyond a doubt, places an abundance of moisture in the ground for spring farming and vouchsafes a good start for the young crops. It also appears that there will be much more wheat grown here than has been expected.

Mr. and Mrs. O. C. Schlenker of Bovina, passed through our town Saturday enroute for Hereford. They state that they expect soon to leave Texas to make their home in Kansas City, where Mr. Schlenker will have a better opportunity for the manufacture and sale of the rim shrinker for automobiles which he has recently invented and patented. His many friends here surely wish Ott the greatest success in his venture.

A Mr. Carter, of Ft. Worth, was here last week with some prospective purchasers, visiting our real estate dealer, M. A. Crum, and viewing some ranch property south of town with a view to buying same.

A better Friona! Boost your town!

### Dawn

We have a real bronco-buster at Dawn now, as Tom Dinsmore, of McKinney, Texas, has proven to all of the doubters that he can ride, especially to "Woolly Mary," and incidentally, to one "Straw-boss" Osburn. Also Tom says he can ride anything with four legs, so boys, bring your outlaws-out and see them "topped."

Dawn is organizing a baseball team and thinks she will challenge the New York Giants as the first victim.

The Dawn Literary Society is still going strong and also the Sunday School. The Sunday School will have an Easter Egg hunt with dinner on the ground, Easter Sunday. Everyone is invited to come and bring a well filled basket.

W. E. Neal and wife are on a trip to Belton, Tex., on business. Mr. Neal says they will be gone for about a month.

An oil well drilled in 1890 in Pennsylvania is still producing oil. It was recently drilled to the third sand and shot and is producing about ten barrels daily.

## INTERSCHOLASTIC LEAGUE MEET AT CANYON, APR. 21-22

Frank R. Phillips will be in charge of placing the visitors in homes in the city of Canyon during the interscholastic meet which will be held in Canyon, April 21-22.

The Director General of the meet insists that County Directors make a list of the ladies and gentlemen, including the students, who will take part in the meet, and mail the names to Mr. Phillips.

This will insure better accommodations to the visitors and will aid the local authorities in placing them.

It is expected that all the homes will be filled because the meet will bring many visitors to Canyon.

Livestock shipments in 1921 from West Texas towns, totaled 2,172 cars, according to reports from the Texas and Southwestern Cattle Raisers' Association. The shipments averaged 41 animals to the car, which would make a total of \$9,000 head.

"If you would have anything well done, do it yourself, and do not leave it to others."

The Educational Column last week was conspicuous for its absence.

Miss Grace Elden, one of the teachers in the fifth grade, left for her home in Florida on Thursday of last week. Her place in the school will be filled by Mrs. James Black.

Chas. M. Rogers, State Inspector of Schools, spent the whole of last Friday in the Hereford schools.

Miss Veita Squyers, of Weatherford, is visiting her sister, Miss Valda Squyers, who teaches the Rice School.

Dr. Atwood, of Wayland College, Plainview, visited our school a few days since.

Recently at the Central School there have been two spelling matches between the two sixth grade rooms. The contest was from a list of about five hundred words selected from the following subjects, which the grades has been studying during the term: Texas History; Physiology; Geography.

A grade of 100 percent in Spelling for the month was offered to those who remained standing when the opposing side were all "spelled down." In the first contest, the following girls remained standing till the close: Margaret Hallsell, Ida Mae Knox, Pauline Garton, Annabel Sawyer, Nellie Dunn and Pauline Wilson. In the second contest: Ida Mae Knox, Pauline Garton, Lucile Jackson.

Parents, as our school term is fast approaching the end, it is very necessary that your children be in school every day if possible. Good, faithful work now in most cases means promotion at the close of school. There are only six weeks more of school after this one.

As will be seen in another column of The Brand, our County School Fair will be held Friday and Saturday of this week. The school children all over

the county are working hard on their exhibits, and are anxious to make a success. Parents, and all others interested in the lives of boys and girls, plan to spend some time Friday and Saturday with us at our School Fair in Hereford. I'm sure you will be interested in every program the pupils are in, and it will give you great pleasure to examine in each booth samples of school work that has been carried on throughout the year.

Also on Friday at 3 p. m., President Hill of the West Texas State Normal College, will address the people in the District Court Room. It is hoped that Mr. Hill may have a good hearing.

**FEW STEERS ROAM TEXAS RANGE NOW**

Cattlemen at Amarillo have compiled figures on the range situation in the Panhandle that afford the basis for an estimate that the number of three and four-year-old steers on grass in that section this year is not much in excess of one-third the normal supply. The estimates indicate that more than 70,000 are being wintered in the Panhandle this year against 200,000 aged steers in the same territory in 1919.

In price the difference is even more staggering. The 1919 supply of 200,000 steers had an estimated value of \$20,000,000, while the 70,000 head at current values would bring considerably less than \$4,000,000 or a difference of more than \$16,000,000.

The statement that has been issued says:

"Where has that money and the cattle gone? I do not know. But I do know that we have only one-third of the normal number of aged steers and that those steers are worth only half of what they were not long ago."

The shortage of aged steers has come about more or less gradually, it is said, but the sharpest decrease has been within the past year. Drouths in Southern and Western Texas, New Mexico and Arizona several years ago began to reduce breeding herds and generally deplete the ranges.

The same man finds in his figures hope for a buoyant market "that must inevitably respond to this situation by a proportionate rise in the price of beef cattle." He estimates that the range cattle have been depleted by in excess of 50 per cent though admitting that the United States Department of Agriculture may differ from his figures which have been compiled from investigation in range states.—The Cattleman.

Miss Ida M. Farrell, veteran editor of the plains of Texas, is again issuing the Review at Glazier.

Colorado Springs, Colo., likely will handle \$100,000 worth of lettuce, raised in the Pikes Peak region this season. Lettuce growing is a new industry in that section. The yield is heavy, the quality excellent.

**Fowl Cholera Contagious**

Fowl cholera is a germ disease which is very fatal, says Harry Embleton, head of the Poultry Department of the Oklahoma A. and M. College. A fowl showing no symptoms of the trouble may be found dead under the roost next morning. All affected birds do not go in this way. Some may linger a few days, showing a great thirst, due to fever, also a loss of appetite. The bowels will appear very loose, the bowel discharge being of a greenish-yellow color.

This trouble is contagious and can be carried on the feet of fowls and man. If this trouble is apparent a thorough cleaning up of the premises should be made, and the house thoroughly cleaned and disinfected. The ground around the house should be plowed and cultivated. All affected birds should be killed and burned.

Lubbock built more than 150 homes in 1921. The building activity continues, and it is expected that \$1,000,000 will be spent in building during 1922.

**THE STATE OF TEXAS TO THE SHERIFF OR ANY CONSTABLE OF DEAF SMITH COUNTY, GREETING: YOU ARE HEREBY COMMANDED**

TO cause to be published in a newspaper of general circulation, which has been continually and regularly published for a period of not less than one (1) year in Deaf Smith County, Texas, at least once each week, for a period of 10 days, exclusive of the day of said publication, the first publication to be made at least 10 days before the return day hereof, a copy of the following notice:

**STATE OF TEXAS.**  
To all persons interested in the estate of C. R. Moreman, deceased, Mary B. Moreman has filed in the County Court of Deaf Smith County, Texas, an application for the probate of the last will and testament of C. R. Moreman, filed with said application, and for letters testamentary, of the estate of the said C. R. Moreman, deceased, which will be heard at the next term of said court, commencing on the first Monday in April, 1922, the same being the first day of said month, at the Court House in the City of Hereford, Deaf Smith County, Texas, at which time all persons interested in said estate may appear and contest said application, should they desire to do so.

Herein fail not; but have you before said court on the said first day of the next term thereof, this writ with your

return thereon, showing how you have executed the same.

Given under my hand and seal of said court at my office in Hereford, on this the 18th day of March, 1922.  
(SEAL) A. L. BIGGS,  
Clerk of the County Court, Deaf Smith County, Texas. 17-19-21

### FOR EVER AND EVER, AMEN!

Judge Frank Irvine of Ithaca, New York, formerly dean at the law school of Cornell University, who now seeks a seat in Congress from the Empire state, discusses the farm bloc in a direct manner—expressing his unqualified disapproval of organized minorities that seek to accomplish for selfish purposes through an artificial balance of power. Quite apart from any political affiliations or consideration it seems amazing that so warped a vision could find place in the make up of any man of mental training. If the distinguished jurist would hark back to his college days and review his logic surely he would see that his conclusions spell direct opposition to the very foundation of the American nation. If it had not been for an organized minority there would be no American republic today. How striking a contrast to the remark of Judge Irvine is that of Grover Cleveland, who in the midst of the Venezuelan controversy when this country verged on war with Great Britain stood firm upon the principle that "there is no calamity so great as supine submission to wrong." Judge Irvine knows that the heart of this nation is the farmer. He knows he would never have had the opportunity to twiddle his thumbs on the bench in drowsy ease while lawyers argued back and forth were it not for the farmer. He must know the American farmer has been the victim of gross injustice and exploitation, and if he will consider the political machinery of which he hopes to be a part he will see that the farm bloc was born of oppression, that it was nurtured in desperation, and that it has thrived in the sunlight of a more prosperous condition from coast to coast. It will be a sad day if America ever bows to the perpetual rule of the majority without opposition from an organized minority.

County School Fair April 7 and 8.

### THE WORLD OF WIRELESS WAVES

The spectacular development of the wireless telephone commands more serious attention than any discovery within the recollection of the present generation. That it is bound to prove the greatest civilizing influence of the century there can be no doubt. It will far outstrip the talking machine and even the motion picture because its potentiality lies nearer to the root of things. When the American farmer can be brought into conversational contact with the remotest part of his country things are going to move. What is to happen to the local band when the boys and girls of every town and hamlet dance to the music of the world's greatest masters of the jazz broadcasted from a central point. Business men will do well to give serious and immediate thought to this new development. Already the effect of the wireless is being felt in the talking machine industry. True human nature likes to pick concerts to its own liking, to "put on" the record that pleases for the moment, but when the standard of the ready made concert, as it will, takes into consideration the variety of tastes and wishes the home reproducer is destined to the discard.

Quite apart from its commercial aspect, however, let us hope the government will not let slip by unused this great potential service for the people. Wireless communication can be made to lower the death rate, it can be made to check the growth of insanity, it can be the means of making healthier and happier mothers and children, it can spell the spread of sanitation, it can cure the cold and halt the fever. Its blessings can be reflected in the remote hamlets where plain God fearing American people find their homes and do the work of the hour far removed from medical skill and simple social science. For the farmer the possibilities are limitless. Five years or even less should see in the cabinet of the United States a Secretary of Communications—the biggest job in America.
