

# Wet Conditions Cause Cotton Seed Shortage

Weather conditions on the South Plains this summer and fall have been anything but ideal for producing quality planting seed. Now, a good possibility exists that cotton seed of acceptable quality from this year's crop will be in short supply.

"There are two big reasons for this gloomy outlook," says Dr. Bob Metzger, area agronomist with the Texas Agricultural Extension Service. "First, the early freeze resulted in immature seed by stopping lint and seed development in northern portions of the High Plains. Secondly, the exposure of mature seed to prolonged wet spells in open cotton was equally detrimental.

### County Awards

County awards were provided and made possible by various businesses in and around the Hereford area including Orval Watson Ford, International Harvester Company, Firestone Tire and Rubber Co., County Leaders Council, Coats and Clark Incorporated, Carnation, Simplicity Patterns; Hercules Inc., Amchem Products, Inc., Kerr Glass Manufacturing Corp., Montgomery Ward, S & H Foundation, Tupperware, Merck & Co., Inc., Allis Chalmers Farm Equipment, Sears-Roebuck Foundation, and Union 76 Oil Company.

Those receiving these awards were Tommy Bezner, Steven Olson, and Dennis Goheen, achievement; Charlotte Bezner, Kathy Jagels, David Cooper, and Jim Goheen, agricultural; Mickey Ginn, automotive; Martha Ann McBride, Beth Bezner, Beverly Cole, and Jimmy Christie, beef; Monica Herring, Debbie Stringer, Lynette Clearman, and Nina Gilliland, clothing; Donna Walterscheid and Vivian Burgess, dairy foods; Carmela Burges, Joanne Wagner, and Linda Sciombato, dress revue; Randy, Ricky, and Rudy Coleman, entomology; Rodney Brooks, field crops; Layne Young, food preservation; Patsy Paetzold, home economics; Christine Marnell, home improvement; Jane Witkowski, home management; Bill Martin and Lyle Taggart, horse; Tommy Marnell, horticultural; Kay Atchley and Joette Hanna, leadership; and Ed and Sandra Stallings, public speaking. Also Method Demonstrations county winners were Brenda Owen, Donna Hamilton, Winette Hill, Twanha Kendrick, Kevin Fox, Jimmy McNeely, Jamie McAndrews, Melissa Miller, Jenine Bradley, Diana Egbert, Cheryl Cole, Bill Cole, Twig Rose, and Jimmy Clark.

### BRITAIN'S FOREIGN DOCTORS

LONDON — Almost half of the doctors training in British hospitals are from overseas, according to a Government report.

The Digest of Health Statistics said the proportion has risen from 40 per cent in 1964 to 48 per cent in 1969. The main increase was in the Senior House Officer grade which rose from 55 to 66 per cent.

While excessive moisture is the main culprit that has brought on seed deterioration, we are fortunate that the temperature was relatively low during these wet periods," adds Metzger. "Otherwise, the results have been disastrous."

Early preliminary tests of new crop cotton seed indicate higher than normal free fatty acid content. Since this type acid is an indicator and by-product of seed deterioration, it may serve as ominous warning of things to come, the agronomist points out.

A free fatty acid content of one percent or more indicates some degree of deterioration. Such seed will not only be more sensitive in storage but will also be more susceptible to mold growth during germination and to seed decay organisms in the field.

Free fatty acid does not tell the whole story. But Metzger urges producers to use this test as a preliminary guide for rejecting or keeping a seed lot for planting purposes so that any sub-standard seed can be sold for milling purposes. Also, they should get a germination test as quickly as possible on any seed to be saved for planting.

"Several other points should receive careful attention in preserving seed quality," adds Metzger. "When harvesting make

sure the cotton is dry. This means removing all green material that carries moisture. About eight percent moisture is desirable for seed cotton. Cotton with a moisture content above 12 percent left on a trailer for even short periods can cause heat and ruin good seed quickly, especially since most seed has had some previous deterioration in the field."

Ginning is another area where steps can be taken to preserve quality. Operating with a tight seed roll and excessive fan speeds often contribute to mechanical injury of seed. Such seed are more susceptible to further damage when exposed to acid in the delinting process.

Another aspect of seed quality is varietal purity, points out the agronomist. Variety mixtures can be avoided by ginning in larger lots of 10 bales or more. Seed rolls should be dumped and other equipment cleaned between varieties. Of course, this problem can be solved best with one-variety gins or block-ginning procedures. Failure to clean tr-

### LEARN TO READ

OLDHAM, England — Five-year-olds in the tiny village of Denshaw, near here, surprise their parents by being able to read after only three months at the local school.

The staff at the 145-year-old village school, headmaster Michael Woods and teacher Mrs. Renee Beswick, who takes the five to seven-year-olds, says the secret of success is the small number of pupils, 36 for the whole school.

"It means I can give each child individual attention," says Mrs. Beswick. "Each child can progress at his own rate."

ailers also results in mixtures. "Furthermore, once the seed is in the bag, make sure it's stored in a dry place away from harmful chemicals. We can do nothing to reverse seed deterioration that has already occurred in the field, but close supervision will go a long way toward delinting, cleaning and seed treatment operation."

(Continued from Page 1) accepting the course."

The matter was tabled by the board until further study could be conducted into the matter.

Holman also presented the board with a report on the overview and direction of the total curriculum, stressing to the group that "education has a tendency to remain 20 years behind technological advancement, which is making tremendous changes."

"When textbooks are put on the market, they are," he said, "about seven years behind, and if we use the books anywhere from five to ten years, we are even further behind."

"What we are faced with today that is most important," he added, "is 'How Do Children Learn Best?', 'How Do Children Acquire Skills?' and 'How Do They Best Apply These Skills?'"

Will It Happen Again Next Spring?  
Buy "Wet Field" Insurance...  
**PLOWDOWN NITROMITE THIS FALL**

If the big rains come again next Spring, you're safe — with nitrogen already in the ground to give young plants a strong start. And you get the job done when the product, labor, and equipment are readily available. No last minute rush.

Even if you graze stalks this fall, there'll still be lots of crop residue left in the field. NITROMITE plowdown will aid decomposition of this residue, releasing valuable nutrients for new plants in the Spring.

The clincher is at harvest: if ever there was a good time, this will be the year to give your crop a great big shot in the yield with NITROMITE. Shamrock's fine brand of anhydrous ammonia — 82% nitrogen for bigger, high protein yields.

Fight back. Fight for your share of the big new year. **PLOWDOWN NITROMITE THIS**

# Thinking Aloud

By BARBARA DRYDEN

I read an article that was published in an issue of Nation's Business Magazine, written by Oscar Sussman, a veterinarian and lawyer with a degree in Public Health from Yale's School of Medicine. He says the Wholesome Meat Act of 1967 is a fraud.

The law was enacted on the basis of half truths, partial fact and some outright lies, he says. The public has been told to buy only U. S. Inspected meats and poultry because such products are free of disease-producing organisms. Nothing could be farther from the truth. As a result the average housewife is so frightened that she will not normally purchase any meat or poultry unless it has been stamped "U. S. Inspected." Housewives aren't told of the hazards to their families in the U. S. Inspected meats. No present method of U. S. meat or poultry inspection can assure disease-free, noncontaminated raw meat or poultry. Reliance by the housewife on the U. S. Inspection legend can cause countless cases of food infections such as salmonellosis and trichinosis.

Elimination of such hazards lies in proper food processing, food handling and cooking techniques. The housewife must guard her family against these disease carrying bacteria.

Proper cooking, of course, kill them. But the danger is that they may be transferred in the kitchen, to food that's served uncooked. For that reason, the housewife must always wash her hands —after handling raw meat or poultry —before touching other foods. She must always scrub a cutting board or drainboard, which raw meat or poultry has touched, before placing salads or other uncooked foods on it. Preferably she should not use the same surface.

Don't let this frighten those of you who like your steaks rare.

## Legal Notice

THE STATE OF TEXAS  
COUNTY OF DEAF SMITH  
NOTICE OF PUBLIC AUCTION  
OF COUNTY REAL ESTATE

Pursuant to Article 1577 of the Revised Civil Statutes of Texas, Notice is hereby given that the Commissioner's Court of Deaf Smith County, Texas determined that the following described real estate in Deaf Smith County should be sold, and the said Commissioner's Court did on October 27, 1969, by an order entered on its minutes, appoint the undersigned, ARVELL WILLIAMS, Commissioner to sell and dispose of the following described real estate of the County at public auction, to-wit:

Being all of Lots 68, 69, 70, 71, 72, 73 and part of Lots 74 and 75 of the Higgins Subdivision, Block 9, Womble Addition to the Town of Hereford, Section 80, Block K-3, A. B. & M. Survey, Deaf Smith County, Texas, per Deed from the State of Texas dated June 23, 1959, filed of record, on June 30, 1969 in Volume 259, at Page 352 of the Deed Records of Deaf Smith County, Texas,

and the said Commissioner's Court of Deaf Smith County further ordered that notice of said public auction be advertised at least 20 days before the day of the sale thereof, by having the same published in the English language once a week for 3 consecutive weeks preceding such sale, in a newspaper in Deaf Smith County, Texas. NOTICE IS HEREBY GIVEN that the said property shall be sold at public auction at the Courthouse door in Hereford, Deaf Smith County, Texas, at 11:00 o'clock a.m. on Tuesday, the 25th day of November, 1969. All bids made are and will be subject to the approval of the Commissioner's Court of Deaf Smith County, Texas.

IN TESTIMONY WHEREOF witness my hand this 29th day of October, A.D., 1969.  
ARVELL WILLIAMS, Special Commissioner

# Tax Hike And Housing Shortage Are Expected

By VERN SANFORD  
AUSTIN, Tex. —Prospects of whopping new tax bills in a face Texans in 1971, 1973 and 1975 and a critical housing shortage within the next decade is likely.

Texas Research League heard the bad news at its 17th annual meeting here.

James W. McGrew, new Executive Director of the League and one of the state's top fiscal authorities, warned of the coming "decade of tax crises" like that of 1950's.

McGrew sized up the 1971 tax bill as at least \$270 million and maybe as much as \$400 billion. Furthermore, he predicted, a bigger one will be in store two years later and one not quite so big in 1975.

Standby sales tax (now at four and a quarter per cent in many areas) may be near its "political limitation." Implication was clear that new tax trails will have to be blazed.

Gov. Preston Smith said half the state's 2,83,000 housing units are "inadequate or substandard." He requested the League to study the problem and come up with recommendations as to the state's role in the housing field.

Housing shortage may reach "crisis proportions" in two years, Smith told League members. Needs over the next decade, he forecast, will demand \$1.5 billion worth of construction a year in Texas. Within the same period, he said, housing will have to be found for 875,000 new Texas families, and slums and overcrowding must be eliminated.

Greatest prospect for solving problems of slums, contended the governor, lies in "effective programs of governments to assist slum residents in becoming home owners." Public housing and rent supplements, he maintained, "tend to isolate, segregate and spotlight the poor, while providing no long-range changes in their situations."

Smith suggested a statewide building code may be needed and State Housing Authority may be helpful to coordinate efforts of the U. S. Department of Housing and Urban Development with local governmental units.

APPOINTMENTS — Governor Smith has nearly 1,000 appointments to make to more than 100 State boards, commissions, and study committees.

It is a difficult time-consuming task. In most instances, his trouble is in finding a capable "can-

do" type of man or woman who will or is allowed to accept an extra job, which is usually a non-paying one.

Here are some of the major, new appointments made by the Governor:

Chairman, Board of Mental Health-Mental Retardation: Ward R. Burke, Lufkin attorney.

Texas Air Control Board: Dr. Willie Lee Ulich, Texas Tech Engineering Professor.

Texas Liquor Control Board: Joe W. Burkett Jr., Kerrville Attorney; (reappointment).

Board of directors of the Red River Authority: Joe B. Wolverton, Wichita Falls, and Jim Beeson, Memphis.

Private Employment Agency Regulatory Board: Mrs. Carrie Lou Brandon and Miss Jacqueline Virginia Johnson of Dallas, Mrs. Geneva B. Boren of Lubbock, Victor L. Koenig of Houston, Comer Leon Slaton of Fort Worth, Joe Earl Lassiter of Abilene, Berlin Vance of Amarillo, M. David Lowe of Houston and Vard Langdon Miller of Fort Worth.

Texas Southern University Board of Directors: Dr. Raymond D'Hart Douglas of Jefferson, Rev. Marvin Collins Griffin of Austin and Andrew Leon Jefferson Jr. of Houston.

Texas State Board of Licensure for Nursing Home Administrators: Mrs. Wanda Morgan Iltis of Gonzales, James Pascal Baker of Lufkin, Francis Austin Flynn of Austin, Dr. Wilfred George Millington of Nixon, Mrs. Johnnie Marie Benson of Fort Worth, Virgil Newton Maxwell of Houston and Arthur B. Taylor of Vernon.

State Board of Plumbing Examiners: William Howard Williams of Houston.

BALLOT SPOTS PICKED — Proposed constitutional amendment to legalize the sale of liquor by the drink will be in the second spot on the Nov. 3, 1970, general election ballot.

Here's how drawings for other ballot places by Secretary of State Martin Dies Jr. came out last week:

No. 1 — Provision for removal of court judges and justices of the peace by a new Judicial Qualifications Commission.

No. 3 — Uniform method for assessing farm, ranch and forest lands on a capability to produce basis.

No. 4 — Making the State Building Commission a three-member appointive agency.

No. 5 — Authorizing counties to issue road bonds up to a fourth of assessed valuation on vote of taxpayers.

No. 6 — Increasing value of homesteads exempt from forced sale.

No. 7 — Providing for consolidation of local government functions and inter-agency contracts for performance of governmental services.

Disappointing lease sale — School Land Board got disappointing results from its sealed bid oil and gas lease sale on public school lands. High bids averaged only \$36 an acre, lowered by the \$15.52 per acre average of over 16 thousand acres leased in El Paso County where there is no oil or gas production.

Land Commissioner Jerry Sadler said the indications from Congress that the 27.5 per cent depletion allowance will be cut undoubtedly hampered bidding. Also, sales scheduled for Louisiana and heavy spending on Alaskan leases cut the bids.

Of 770 tracts offered, only 184 drew bids. Total high bids were \$4,113,368.84.

COURTS SPEAK — Supreme Court split six to three in upholding the constitutionality of the controversial Saturday-Sunday closing laws. Chief Justice Robert W. Calvert wrote the dissenting opinion, contending that the statute prohibiting the sale of 46 items on consecutive days of weekends should be knocked out.

High Court granted a writ of error and agreed to hear oral arguments on December 10 on Houston landowners' complaints that the YMCA should not be allowed to erect a building in Houston's Post Oak Estates subdivision where lots are a minimum of three acres in size.

Supreme Court rejected the appeal of a Dallas man who claimed part interest in vast holdings of oil-businessman J. D. Wrather Jr.

Reversing an intermediate court and affirming a trial court, the state's top civil court held that neither party in a Gregg County auto accident case was entitled to damages.

Court of Criminal Appeals affirmed a 30-year sentence of black militant Lee Otis Johnson of Houston, convicted of posses-

### Hopeful News In Medicine

Dr. Coleman

Dr. Coleman medicine and science. Penicillin is probably the most outstanding illustration of this concept.

A recent serendipitous finding occurred when a group of doctors found that an alcoholic, when treated with a kidney dialysis machine, sobered up for an unexpected period of time. Dialysis is a remarkable method by which the blood is cleansed and purified of toxic substances in people who have chronic kidney disease. It has saved the lives of hundreds of sufferers who might have succumbed to uremia—a complication of kidney disease.

The use of dialysis to remove ethanol, the alcohol ingredient, from the blood has been found to be most successful in sobering up the alcoholic quickly and avoiding the complication of delirium tremens so dangerous to the alcoholic.

Perhaps, in some way, this innovation will eventually lead to a better understanding of the sufferers of alcoholism and help control the devastation of this disease.

The full growth and stature of an adult plays a most important role in his social and business relationships. The

handicap of markedly stunted growth, unfortunately, is felt by many who are so affected.

A hormone produced by the front portion of the pituitary gland is known as the human growth hormone and is understood to be responsible in some instances for relatively slow development.

It has been difficult to obtain this scarce hormone, for use generally to help the more rapid human development. A great accomplishment of modern science came to light when Dr. Choh Hao Li, a foremost authority on the pituitary gland, believed that the hormone could actually be manufactured in a synthetic form to furnish enough for clinical use in short-statured people. The process of synthesis is progressing rapidly and when all the experimental safety factors are studied it is hoped it will be available for general use. The social significance of this great scientific advance is apparent to all physicians who have been faced with the difficult problem of stimulating growth in slow-growing youngsters and adolescents.

It is also hoped that these brilliant researchers may eventually prevent some of the more severe growth abnormalities that are noted at birth.

**SPEAKING OF YOUR HEALTH:** Always question the reliability of anyone who has "his own special form of treatment." Reliable medical knowledge is known to all doctors everywhere.

These columns are designed to relieve your fears about health through a better understanding of your mind and body. All the hopeful new advances in medicine reported here are known to doctors everywhere.

Your individual medical problems should be handled by your own doctor. He knows you best.

(© 1969, King Features Syndicate, Inc.)

sion of marijuana after he gave a "cigarette" to an undercover police agent.

U. S. District Court in Tyler ruled that a teacher cannot be dismissed from a job because of political activity.

#### SHORT SNORTS

Governor Smith received a \$500,000 check representing the federal government's share of the purchase of a 1,950-acre Galveston State Park (formerly the Maco Stewart Ranch) with matching funds to come out of the \$75 million state park bond issue.

ABC

## What is the A.B.C.?

Chatting with a merchant the other day, we mentioned our "ABC figure."

"What," he asked, "is an ABC figure?"

Perhaps what we told him will also interest you.

This newspaper is a member of the Audit Bureau of Circulations, an independent, nonprofit organization of nearly 4,000 advertisers, advertising agencies, and publishers.

Its purpose is to provide accurate and factual reports on the circulations of member publishers. In the advertising and publishing industry, the ABC insignia is often referred to as the "hallmark of circulation values."

At regular intervals, an ABC traveling auditor visits our office to check our records. The findings of this physical audit are embodied in an Audit Report published by ABC — the report literally tells us what our circulation is.

Virtually everything an advertiser should know about our circulation is found in this report, facts and figures without opinions.

Few retailers bother to ask to see a copy of our report, yet we want you to know one is available anytime you are interested in the quality and quantity of our circulation audience — the audience for your advertising messages.

What is an ABC figure?

It is our way of assuring you that you get full measure for your advertising dollar in this newspaper.

By MELVIN YOUNG

The grain sorghum is really rolling in as area farmers take advantage of Indian Summer to complete harvests. However, some are still finding it difficult to get into the fields because of the wet ground. A few more days of sunshine would help and would probably give us the time needed to finish up. Cold weather won't hurt particularly, but more moisture at this late date could be rough.

Sugar beet harvest will probably continue through March since wet weather has delayed the harvest a minimum of 30 days. If the memory serves us correctly, harvest was not completed last year until about the middle of February and the present delay will more than likely keep crews working until the middle or March, or later. Another round of moisture would also cause further delays.

There were probably more flags flying in Hereford Tuesday (Veteran's Day) than at any other time in the history of the city. The great silent majority, as some have labeled the ordinary, somewhat patriotic American citizen, doesn't participate in street demonstrations, riots, sit-ins, bombings or draft card burnings, but they do show their love for their country by displaying the National Emblem. They also go about their daily lives trying to better the community in which they live, working to support their families as well as the federal government, doing research to eradicate disease, developing better farming methods in order to feed the world's masses and other similar things that the demonstrators would so doubt consider unimportant.

And here's a note for the ladies. Those who are concerned about hubby's health that is.

It's almost time for the snow to fly and the American Medical Association has sent out a word of caution for the snow-shoveling season.

As snow piles up, so do related problems, according to AMA. Among these every year is the collapse of a number of snow-shovelers.

If you're sure you're physically fit, the AMA says, go ahead with the job, but if there is any doubt, get the job done some other way. Hire someone, they say, or use power equipment.

Good advice. And if and when the snow piles up in our driveway, it's going to have to stay there until it melts. We wouldn't dare risk a heart attack to do a job that the sun can do much better — if given enough time.

And remember ladies, don't force hubby to shovel snow. It'll melt in time, and it's a lot more fun to watch the Cowboys on TV than to hazard a heart attack shoveling the white stuff.

A rabbit farmer we're told, is a Hare raiser.

It's called the "pu, and take game." After the government takes enough to balance the budget, you have the job of budgeting the balance.

And we taxpayers are lucky, we're told. We don't have to pass a civil service examination to work for the government.

### Attend District Meeting

Attending the North Zone District I Garden Club annual board meeting held Wednesday in Pampa, were Hereford Garden Club members, Mrs. O. G. Hill Sr., Mrs. Ray Johnson, Mrs. Luther Norvell, Mrs. R. L. Ethridge and Mrs. A. L. Manjeot.

The meeting consisted of work shops relative to Garden Club projects and an illustrated lecture on abstract arranging, given by Mrs. Thelma Bray and Mrs. O. V. Osborn.

Mrs. Manjeot is district press and publicity chairman and Mrs. Hill is presidents book chairman. Mrs. Norvell is club president. On Friday, Nov. 7, Mmes. Nor-

### Carolyn Kubacak Named Bowler Of Week In Sunset Keglers Play

Carolyn Kubacak, with 107 pins over her average, was named the "Bowler of the Week" in Sunset Keglers action last week.

Jean Watts wound up with the "High Individual Game" with a 527 and Anne Radney won the "High Individual Game" with a 213. Hereford Insurance won the "High Team Series" with a score of 2774 and Rutherford and Company won the "High Team Game" with a 957.

Getting 200-or-better games was Mrs. Radney, with a 213 while 50-or-better series were Mrs. Radney, 525; Bonnie Baumann, 526 and Jean Watts, 527. Carol Dyer, bowling as a substitute for Hereford Spa, had a 533 series with a 21 game.

Converting splits were Stella Varner, 3-10, twice; Carrie Shirley, 3-10; Alice Lueb, 4-5-7; Doris Wilson, 2-7; and Bertha Arnold, 3-6-8-10.

Action last week had Justice Realtors won 4 and lost 0; B. J. Weaver, Chiropractor won 0 and lost 4; Hereford Insurance won 4 and lost 0; Medics won

0 and lost 4; Hereford Spa won 3 and lost 1; Justice Realtors won 0 and lost 4; Village Beauty Shop won 2 and lost 2, Rutherford and Company won 2 and lost 2; Hereford Welding, incomplete; and The Pants Cage, incomplete.

Standings show Justice-Realtors, 29-11; Hereford Insurance, 28-11-1/2; Rutherford and Company, 25-15; Village Beauty Shop, 23-17; Hereford Spa, 22-18; Jones Restaurant, 2-18; Medics 15-25; Hereford Welding, (incomplete), 13-23; The Pants Cage, 12-1/2-23-1/2; and B. J. Weaver, Chiropractor, 6-34.

**TOP SCHOLAR**  
AIR FORCE ACADEMY, Colo. — Cadet Steven Sturm, 22, of Tyndall Air Force Base at Panama City, Fla., was the top man in this year's graduating class at the U. S. Air Force Academy. He was named a Rhodes Scholar and won four honor awards at the academy.

### Watson Gets Board Post

AUSTIN (sp1) — ORVAL WATSON of Orval Watson Ford Sales in Hereford, has been appointed to the key post of Area Director of the Texas Automobile Dealers Association.

H. C. Pittman, TADA executive vice president in Austin said Watson will report to the TADA Board of Directors on all phases of activity relating to the motor vehicle buying public in the Hereford area.

"Mr. Watson will work closely with legislative and other governmental officials on all matters pertaining to the industry and the auto buying public," commented Pittman.

"The job of Area Director is one of the most important in our giant statewide association," said TADA President Ben Bock, New Braunfels, "and

### Farmers Meet To Elect Officers

The annual convention of the Deaf Smith County Farmers Union is scheduled to begin at 8 tonight in the Bull Barn.

All members are urged to attend to help elect new officers. Outgoing officers include: Leo Witkowski, president; Alfred Smith, vice-president; and Mrs. Andrew Kershen, secretary-treasurer.

Refreshments and entertainment will be provided.

We are confident Mr. Watson will serve with distinction."

### Buffaloes Looking For Another Win

CANYON, Tex. — West Texas State University's Buffaloes won their third straight football victory Saturday in Klamazoo, Mich., and pushed their season mark to 5-3.

Coach Joe Kerbel's Buffs used the bull-like rushes of fullback Duane Thomas and the gifted quarterbacking of Clarence Redie, plus clutch defensive performances, in beating Western Michigan, 28-20.

The Buffaloes closed their home slate at 2 P. M. Saturday in Buffalo Bowl, hosting strong Bowling Green. They wind up their season Nov. 29 in Hattisburg, Miss., against Southern Mississippi.

Thomas rambled for 169 yards in 25 efforts and scored three touchdowns as the Buffs scored all of their points in the second and third quarters. Redie was the second leading ball carrier with 45 yards in 14 carries and completed five of 10 passes for 106 yards.

Thomas, the Dallas senior, pushed his season total to 778 yards, thus insuring himself of his finest season at West Texas State in three years. He totaled 596 yards as a sophomore and last season ran for 708 yards. His three year total is 2,982 yards and he stands in fifth place among the school's all-time rushers.

Charles "Wire" Wright is in fourth place in the school's rushing leaders with 2,126 yards, 44 yards in front of Thomas. Pistol Pete Pedro's career total of 2,167 yards is also within easy striking distance of Thomas.

Both Redie and Thomas are close to entering the school's top 10 scoring leaders. Jerry Richardson, who last played in 1963, has 110 points to hold the 10th position and Bob Ratliff, a 1959 graduate, has 115 points for the ninth slot.

Thomas presently has 110 points, counting his nine touch-

downs this fall. Redie, who has 40 points this fall, has 107 points and is only in his second season as a Buffalo.

Paced by the linebacker play of Bill McKinney and Windy Williams, two intercepted passes and standout efforts by tackle Stan Hansen, the Buffalo defense rose to halt Western scoring efforts in key spots.

McKinney was credited with five unassisted and 16 assisted tackles and picked off one Western Michigan pass. Williams, a Panhandle sophomore, was in his first start and he made two unassisted and 14 assisted stops. Williams replaced injured Jeff Mailliard.

Hansen, who started at linebacker last fall, had his best day at tackle. He had five individual and nine assisted tackles. Troy Anderson provided the second interception, bringing his season total of thefts to six.

### Teacher Attends VEO Meeting

Mrs. Pat McDonald, Vocational Office Education Teacher-Coordinator at Hereford High School attended the Area IV In-Service Workshop in El Paso for VEO and Data Processing teachers on Saturday, November 8. Speakers for the workshop included Dr. John McFarland, Dean of Education, Dr. Gerald Barber, Asst. Dan of Education, and Dr. Lola B. Dawkins, Dept. of Business, also of the University of Texas at El Paso.

Approximately 50 area teachers attended the one-day workshop which was held at the Sheraton-El Paso Motor Inn under the direction of Floyd Pannell Area VEO Consultant from Big Spring and Everett Fuller, State Director of VEO from Austin.

## For Local Teacher

# Travel Proves Interesting

By JERRY ODOM  
Staff Writer

Traveling is the most enjoyable past time of Miss Sally Graves, first grade teacher at Bluebonnet Elementary School. She has visited most of the countries in South America and Central America. She has also traveled throughout fifteen countries in Europe.

Miss Graves finished high school at San Marcos Academy and went on to graduate from college at Wayland Baptist in Plainview.

In August of 1967 she traveled to the country of Paraguay with a group known as the Missionary Journeymen which is sponsored by the Baptist demonia-

tion. The Missionary Journeymen is an organization similar to the peace corps except that it is church related.

While in the country of Paraguay she taught school children of many nationalities. "The teaching," she said, "was itself in English but most of the outside activities were communicated in Spanish."

Miss Graves taught the 7th and 8th grade levels and all subjects except math.

Asuncion, the capital, was her home while in Paraguay as she worked somewhat with the Baptist mission there. For a year she was the only member

of the Missionary Journeymen in the city. After about twelve months a young lady arrived from the states to help her out.

Last July Miss Graves returned to Texas to begin preparation for the coming school year. She is a teacher in the bilingual program at the elementary school. This is a program designed to educate the children in both Spanish and English. "The object is to teach all the subjects to the Spanish children in Spanish because they will understand everything better in their own language. It also teaches the Anglo-American children the Spanish language at the beginning of their school years.

In other words neither nationalities of children will get behind the other in their work."

She commended the Hereford school system by saying, "Children are very lucky to have the opportunity of taking the bilingual program here. There are many schools in the area that don't have it. Conducting the class in Hereford are two rooms at Bluebonnet, Central and Shirley."

Miss Graves explained more thoroughly how the class is conducted. "We have both Spanish and Anglo-American children in the same room. Quite often two teachers are working at the same time with these children.

When this is the case the teachers alternate around to different groups teaching subjects such as art, music, and the basics in both Spanish and English. The remainder of the time all of the children are instructed at the same time on one subject."

People that speak one language will of course think and concentrate in only that language. This is not true for this particular elementary teacher. She said, "I think in both languages and sometimes even dream in both. When days are very frustrating I often get my thoughts confused with the two speeches."

Although she has lived in the states most of her life she has lived in South America on three occasions prior to her last trip with the Missionary Journeymen. She has lived in Costa Rica one year, and Argentina twice each time for a period of a year and a half. Her parents have lived in Argentina for the

past fifteen years.

During the times of her visits and residences she has collected various items, of lacework, dress material, and wood carvings. The dress material, nicknamed Aho Poi, is all hand woven while the wood carvings are of a typical South American lumber.

The lacework she has obtained has the special name of Nanduti which translated in English means "spider web lace." Miss Graves told an interesting story pertaining to the lacework and how it got its name.

"A long time ago an Indian went hunting and failed to return home. When he didn't come back his wife went looking for him. She found him lying dead. She discovered that the spiders had woven an intriguing web over his body. She duplicated the design in memory of him."

The lacework and other items she either bought or were given

to her as gifts. She has recently decorated a showcase at Bluebonnet with some of these attractive pieces for the interest and enjoyment of everyone.

Miss Graves described the life of the South American people as being very different from those of West Texas to say the least. "There they have a much more easy going life with a different culture. Their climate is almost the opposite. The wind is a lot stronger on the high plains but the temperature in South America gets a lot warmer. It sometimes will range from 115-

130 degrees and very humid. It very seldom gets below 35 degrees in the winter time."

"One thing she agreed was similar about the two places was that the people are all very friendly."

"This is one of the reasons she said she liked the Hereford area besides the wide open spaces that keep her from getting the "cramped up feeling."

"I plan to go back to Paraguay some time in the future," she said, "but for the coming year I want to see many of the sights in the states."

## Teenagers Spend Lots Of Money

NEW YORK — Deaf Smith County's teen-agers, who represent a larger proportion of the local population than ever, have become a consumer group to be reckoned with.

An estimated \$1,912,000 a year is being spent by them for clothing, records, beauty supplies, radios, paperbacks, snacks and for their various other needs and wants.

The findings are based upon facts and figures gathered by the Institute of Life Insurance, the Rand Youth Poll and others, covering the nation as a whole.

They show that America's teen-agers now have a personal income of more than \$20 billion a year, which includes their weekly allowances and their after-school earnings — from baby sitting, lawn mowing and other jobs. Back in 1950, by way of comparison, they had only \$5 billion to spend.

Those in the 16 to 19 age group are the wealthiest. Boys in this bracket average \$18.35 a week, says Rand, and girls, \$19.50. The younger children have much less — boys \$5.65 and girls, \$5.80.

On this basis, in Deaf Smith County, where there are some 2,300 teen-agers at present, it amounts to approximately \$1,912,000 a year.

This is an amount of buying power that is of considerable importance to local retail merchants. And, they are aware, it is money that gets spent quickly.

A breakdown by the Rand Poll shows how the average teenager in the 16 to 19 group allots his weekly spend. Among girls the largest item is personal grooming, \$4.00. Next comes clothing, \$4.20, and movies and entertainment, \$2.15.

The top item for boys is movies and dating, which takes \$4.45. This is followed by car costs, \$3.25, and clothing, \$3.10.

Of still greater interest to merchants and manufacturers is the other family purchasing, estimated at close to \$40 billion a year, over which the teen-agers have a direct influence.

Whether it be the type of car that is bought, or the home furnishings or the food that is served, they have a big voice in the decision.

In Deaf Smith County, in line with the findings nationally, this influence affects purchases estimated at \$3,796,000 a year.

### Income Tax Facts

TAX MAN SAM SEZ:

This year is the 50th Anniversary of the Intelligence Division of the Internal Revenue Service. Six Post Office Inspectors became the first special agents under ex-Post Office Inspector Elmer L. Irey in 1919. Even though the six men have grown to a force of approximately 1900 highly qualified and trained special agents, they still represent a very small part of the 65,000 total tax people in IRS.

During 1968 there were 9739 tax fraud investigations. Subjects of tax fraud investigations included a cross section of taxpayers in all strata of society and all walks of life. Types of violations successfully prosecuted included income tax evasion, willful failure to file a return, false claim for refund, and other tax law violations. During 1968 the special agents secured 1,026 indictments, and 638 taxpayers pled guilty or nolo contendere during the year. There were also 118 taxpayers convicted after trial, and 39 were acquitted.

The good tax folks would be the first to admit that this is a very small part of the taxpayers who signed 72 million tax returns. IRS is proud of the voluntary compliance by most taxpayers, but they are also proud of the fine work done by the special agents during the past 50 years. Their fine work may have helped encourage voluntary compliance.

Another snack has been born for snacking Americans? crisp, dry celery. The dehydrated vegetable is processed by explosion-puffing. U. S. Department of Agriculture scientists say it retains good flavor, texture and color. It is ideal for dehydrated soup mixes and other prepared foods.

## USDA Announces 1970 Cotton Loan

The U. S. Department of Agriculture, on October 31, 1969, announced 1970-crop upland cotton price-support loan and payment rates.

The national average price-support loan rate for Middling 1-inch cotton at average location has been set at 20.25 cents per pound for the 1970 crop. Price-support loans available to program co-operators for different individual qualities will be based on the Middling 1-inch rate. This is the same rate as that applicable to the 1969 crop.

The price-support payment rate to program co-operators has been established at 16.80 cents per pound. This payment is in addition to the price-support loan. It is the amount necessary in addition to the loan to provide producers at least 65 percent of parity on cotton produced within the acreage permitted under the program. The payment is made to co-operators on acreage planted within the domestic allotment which is 65 percent of the total farm allot-

ment. The 1970 rate compares to a 1969 program price-support rate of 14.73 cents per pound.

Today's announcement, along with previous determinations, gives cotton producers basic information on next year's program prior to a mail referendum, December 1-5, on 1970-crop cotton marketing quotas. In the referendum, at least two-thirds of the upland cotton growers voting must approve marketing quotas before the essential features of the program can go into effect. If more than one-third of the growers vote "no," the only cotton program will be price support at 50 percent of parity for growers who do not exceed their acreage allotment.

The 1970 loan rate was established under legal provisions calling for a level which will reflect — for Middling 1-inch upland cotton at average location in the United States — not in excess of 90 percent of the estimated average world price for the 1970-71 marketing year. The loan rate announced October 31, will continue "one-price" cotton making it possible for U. S. cotton to move in either domestic or export channels without an export payment.

The carryover of upland cotton as of August 1, 1970, is expected to fall to the lowest level since 1953. In view of the small carryover, payments will not be offered in 1970 for diverting acreage from cotton. Special provisions for small farmers, however, will be continued.

Small farms, that is, farms with allotments of 10 acres or less or with projected production from the allotment of 3,600 pounds or less, may plant the entire farm allotment and, in addition to the price-support payment on the domestic allotment, receive payment of 11.95 cents per pound on the projected yield of 35 percent of the farm allotment.

Previously announced were upland cotton quotas, national and State acreage allotments, national and farm domestic

allotments, national and State projected yields, skip-row planting provisions, the lease and sale of allotments, and the national export market acreage. Payments under the program would be subject to any limitation that might be required by Congress in the Department of Agriculture appropriations.

## Watson Gets Board Post

AUSTIN (sp) — ORVAL WATSON of Orval Watson Ford Sales in Hereford, has been appointed to the key post of Area Director of the Texas Automobile Dealers Association.

H. C. Pittman, TADA executive vice president in Austin said Watson will report to the TADA Board of Directors on all phases of activity relating to the motor vehicle buying public in the Hereford area.

"Mr. Watson will work closely with legislative and other governmental officials on all matters pertaining to the industry and the auto buying public," commented Pittman.

"The job of Area Director is one of the most important in our giant statewide association," said TADA President Ben Bock, New Braunfels, "and we are confident Mr. Watson will serve with distinction."

**ICT STUDENT OF THE WEEK** — David Arellano, 17-year-old son of Mr. and Mrs. Gilbert Arellano, is this week's ICT student of the week. Arellano, a senior at Hereford High School, is employed under the Industrial Cooperative Training program at the Hereford Brand where he is apprentice printer. After graduation he plans to continue his training as printer and make a career of it. Pictured with Arellano is shop foreman, Jay Spain. —Staff Photo

**REACHED GOAL** — Mrs. Frank Short, left, and Mrs. Willis Duggan were named KOPS at a meeting of the TOPS Calorie Patrol held Tuesday. They have reached their weight loss goal and have maintained it for three months. Mrs. Short has lost 173 pounds in 14 months and Mrs. Duggan has lost 25 pounds in three months. —Staff Photo

## Players Of Week Are Announced

When an entire football team merely trounces its opponent by the score of 49-0 is hard to select two distinct players for special honors. Greg Whitaker and David Paetzold were announced as the most outstanding in the run away.

Greg Whitaker, for the defense, stopped Muleshoe runners nine times last week from his tackle position.

Paetzold did a little of everything against the Mules. Although he won offensive player of the week by grounding out 105 yards rushing playing tailback, he also intercepted a pass and ran it back for six points to distinguish himself on defense as well.

David Paetzold

Greg Whitaker

**UNEMPLOYED**  
PRETORIA, South Africa — South Africa had 11,213 unemployed at the end of June — 483 less than in the previous month. The Labor Department reported 4,521 of these were whites, 4,294 Colored (mulatto) and 2,398 Asians.

One man's tragedy, the loss of his son in an accident, was responsible for the founding of the nation's largest voluntary organization treating the crippled the Easter Seal Society which is 50 years old this year.

## Calorie Patrol Recognizes KOPS Members

Mrs. Frank Short and Mrs. Willis Duggan were recognized as KOPS, (Keep-Off Weight Sensibly) at a Tuesday morning meeting of the TOPS Calorie Patrol held at the Community Center.

They have reached their goal and maintained the weight control for a three month period, thus receiving the honor.

Mrs. Short has lost a total of 173 pounds in the last 14 months and Mrs. Duggan has lost 25 pounds in three months.

Preceding a salad luncheon, held at noon, Mrs. A. L. Betzen was crowned Queen of the Month for a weight loss of 10 1/4 pounds. Miss Joe Hill was runner-up with 6 1/4 pounds loss.

Guest speaker for the day was the Rev. J. L. Bozeman, pastor of the Temple Baptist Church, who presented an inspirational program.

LET'S COOK SOMETHING

# Fruit Relish With Pork

By CECILY BROWNSTONE  
Associated Press Food Editor  
A friend of ours concocted an interesting no-cook fruit relish made with little sugar, and she brought us a jar for tasting. We think the recipe is worth passing along to you.  
The main part of the relish is

made with dried apricots, raisin and onion. The marinade contains curry powder, salt, sugar, ed wine vinegar and tea. Don't be surprised at that tea; it adds excellent flavor and color. Old-fashioned cooks used to steep prunes in tea and that's what inspired our friend.

This relish is fine to serve with a pork loin roast. And here's where we'd like to remind you that government cooking and research specialists now tell us that pork loin needs only to be roasted to 170 degrees to be safe to eat. The recommended temperature used to be 185 so

nowadays you can cut down on roasting time. A pork loin roast that weighs 3 to 5 pounds and is at refrigerator temperature can be roasted at 325 degrees to a temperature of 170 degrees for 2 to 3 1/2 hours.

### CURRIED DRIED FRUIT RELISH

- 1 package (11 ounces) tenderized dried apricots
- 1 cup raisins
- 1 tablespoon instant minced onion
- 1 tablespoon curry powder
- 1/4 teaspoon salt
- 1/4 cup sugar
- 2 cups boiling water
- 3 teabags
- 1/4 cup red wine vinegar

Into a medium bowl snip apricots into 5 or 6 pieces each; toss with raisins and onion. Sprinkle with mixture of curry powder, salt and sugar.

In a small bowl pour boiling water over teabags, cover and brew for 5 minutes; discard bags. Pour tea and wine vinegar over fruit. Cool.

Marinate, covered, in refrigerator for at least 18 hours, stirring once or twice. Keeps well for weeks in refrigerator. Nice stored in wide jar or jars (ceramic or glass) that can be brought to the table. Makes about 3 cups.

## Funeral Rites For Pearl Boyer Conducted Here

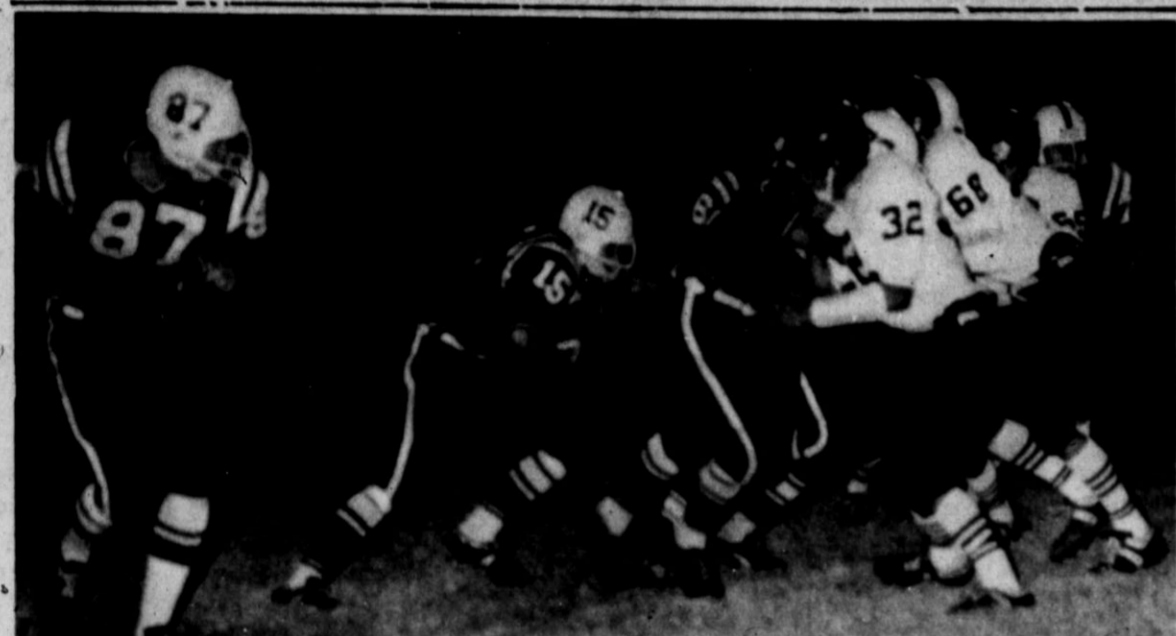

Last rites for Mrs. Pearl Boyer, 81, a pioneer resident of Hereford who died Monday morning in an Amarillo nursing home, were conducted at 10 a.m. Wednesday in Avenue Baptist Church with the Rev. Gerald Mann officiating.

Burial was in Buffalo Cemetery at Sweetwater, Okla.

Mrs. Boyer was born in Arkansas and came to Hereford in 1930.

Survivors include four sons, Cecil and LeRoy, both of Hereford, Bill of Lancaster, Calif., and David of Amarillo; eight grandchildren and 11 great-grandchildren.

Wife dragging sleepy husband from bed: "You know the rules—this is a no-parking, tow-away zone from 7 a. m. to 9 p. m."

HERE WE GO AGAIN — It seemed as though every time the Herd attained possession of the football in last week's game with the Muleshoe Mules they romped and romped. It also seems that every time the Mules got the pigskin they were stopped

time and time again. Mike Martes, 15, top, is pictured picking up a substantial gain behind his excellent blocking. Jeff Loerwald, 37, bottom, comes up to make the tackle on a Muleshoe ball carrier. Hereford won the game 49-0. —Staff Photo

# Simple solution to rising car prices.

## The Simple Machine. Ford Maverick. Still \$1995\*

Our small car has scored a big success. And the reason is simple—solid value. Now, with other car prices going up all around it, Maverick is going its own Mavericky way. It still costs \$1995\* and that's still a small price to pay for a car that's simple to drive... simple to park... simple to service... simple to repair... and simple to own.

**Simple to drive.** Turn on the engine and you turn loose the power of 105 horses. Yet Maverick rivals the economy imports in gas mileage.

**Simple to park.** Maverick can U-turn in a tighter circle than the leading import. It can nip around corners and slide into tight parking spaces with amazing agility.

For more information about Maverick see your Ford Dealer or write: Maverick Catalog, Dept. N-1, P.O. Box 1503, Dearborn, Michigan 48121.

**Simple to service.** Maverick is easier and less expensive to maintain than an economy import. Maverick requires fewer oil changes, fewer chassis lubrications, too. You save time and money.

**Simple to repair.** The Maverick Owner's Manual has 24 pages of instruction for routine maintenance jobs you can do yourself like change spark plugs, adjust ignition timing, and more. Fenders and grille can be replaced in a matter of minutes.

**Simple to own.** The simple machine can start solving money problems for you right now. Check it out at your Ford Dealer's. The price that made it famous now makes it a better buy than ever.

\*Ford's suggested retail price for the car. White sidewall tires are not included; they are \$32.00 extra. Since dealer preparation charges (if any), transportation charges and state and local taxes vary, they are not included, nor is extra equipment that is specially required by state laws.

Ford gives you Better Ideas. It's the Going Thing!

## Americanism Is Pioneer Study Club Program

"We are living in very tensed times and we must keep our 'cool' and unity, staying together or we will divide" according to Bruce Miller, local attorney who was guest speaker at a Pioneer Study Club luncheon held Tuesday at the Caison House.

The program, given in conjunction with Veterans Day, was on the Bill of Rights, which Miller read to the group. He said they were one of the great cornerstones of our republic.

He told of the six hijackers who returned to the States even though they knew of the punishment they faced.

Hostesses for the meeting were

Mrs. O. G. Hill Sr., Mrs. Fred Barrett and Mrs. John Patton. The invocation and benediction were presented by Mrs. Bess Werner.

In a brief business session, Mrs. Ted Panciera gave a report on the museum, saying that a representative of the Amarillo Globe News had visited the museum and is preparing a story on it.

Mrs. Delmar Sigle gave a report on the district meeting held recently at Canadian which was attended by Mrs. Sigle, Mrs. L. H. Lookingbill, Mrs. Ralph McCullough and Mrs. Bill Mantilly.

In other business, a report on

gifts sent to the Veteran's Hospital Gift Shop was made by Mrs. M. L. Simpson. In addition, members voted to send fifty pair of houseclippers to the hospital.

A book, entitled "Garden Under Glass" has been presented the library by the club in memory of a club member who passed away recently, Mrs. J. E. Beyer.

Attending the meeting were Mrs. O. A. Brents of Morrellan, Ark. who is Mrs. Sigle's mother, and Mmes: Barrett, Herman Ford, Buri France, Henry Hastings, Hill, W. C. Hromas, Ray Johnson, Lookingbill, A. L. Manjeot, McCullough, H. E. Miller, Panciera, Patton, Paul Rudd, Mary Sigler, Sigle, Simpson, P. B. Sowell, Werner, R. L. Wilson and Miss Roberta Campbell.

## Revival Is Now Through Sunday

The Rev. Fred Montero, of Houston, will be the evangelist during the week-long Latin American Revival being held now at the Thompson Memorial Baptist Church on North U. S. 385.

Rev. Montero, who was born in Spain and educated in Mexico at the Saltillo University, attended the Campo Redondo Baptist Seminary Saltillo Coahuila, Mexico.

The revival began Monday and will continue through Sunday with Sunday School beginning at 9:45 a. m. and services at 11 a. m. and 8 p. m. each day.

## Cub Scouts Of Pack 51 Meet

Mrs. Morris Hacker was honored on her birthday recently by Cub Scouts Den 1, Pack 51 in the home of Mrs. Leonard Walterscheid.

A new scout, David Parsons, was recognized and the group worked on their Christmas projects.

Refreshments were served by Jimmy Bryant.

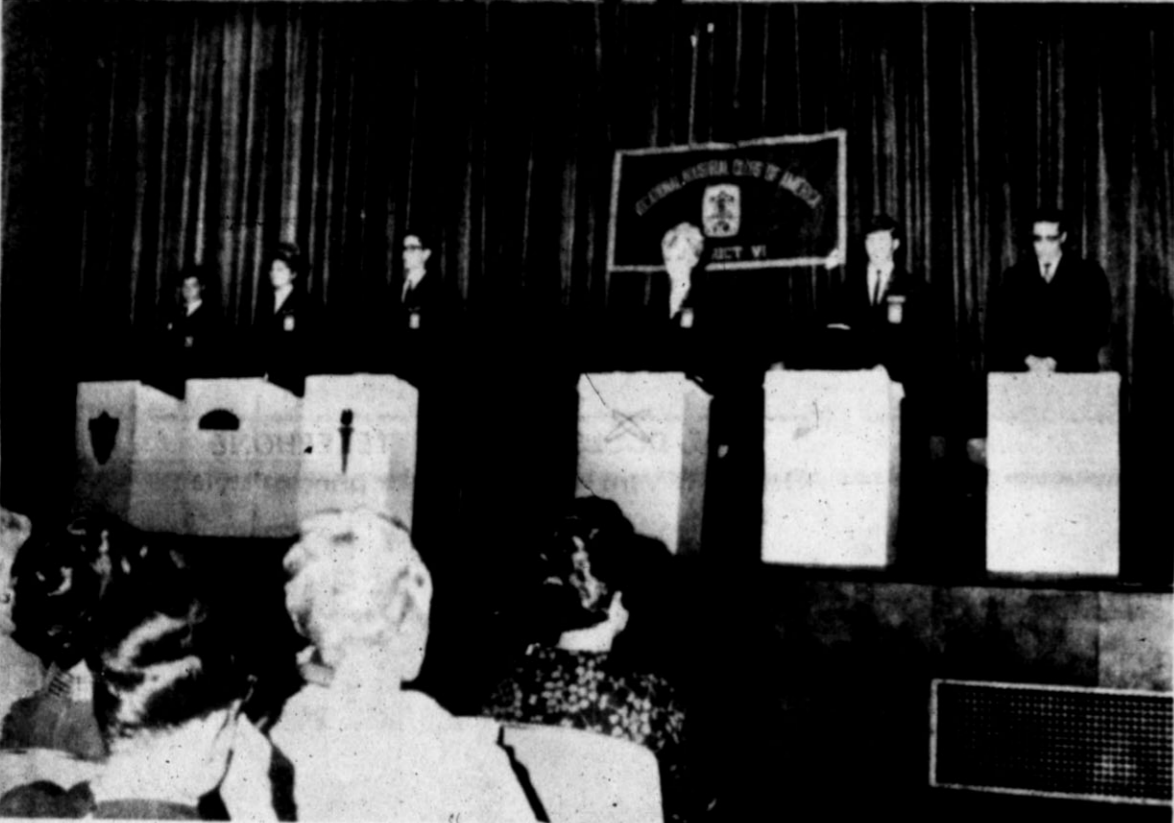

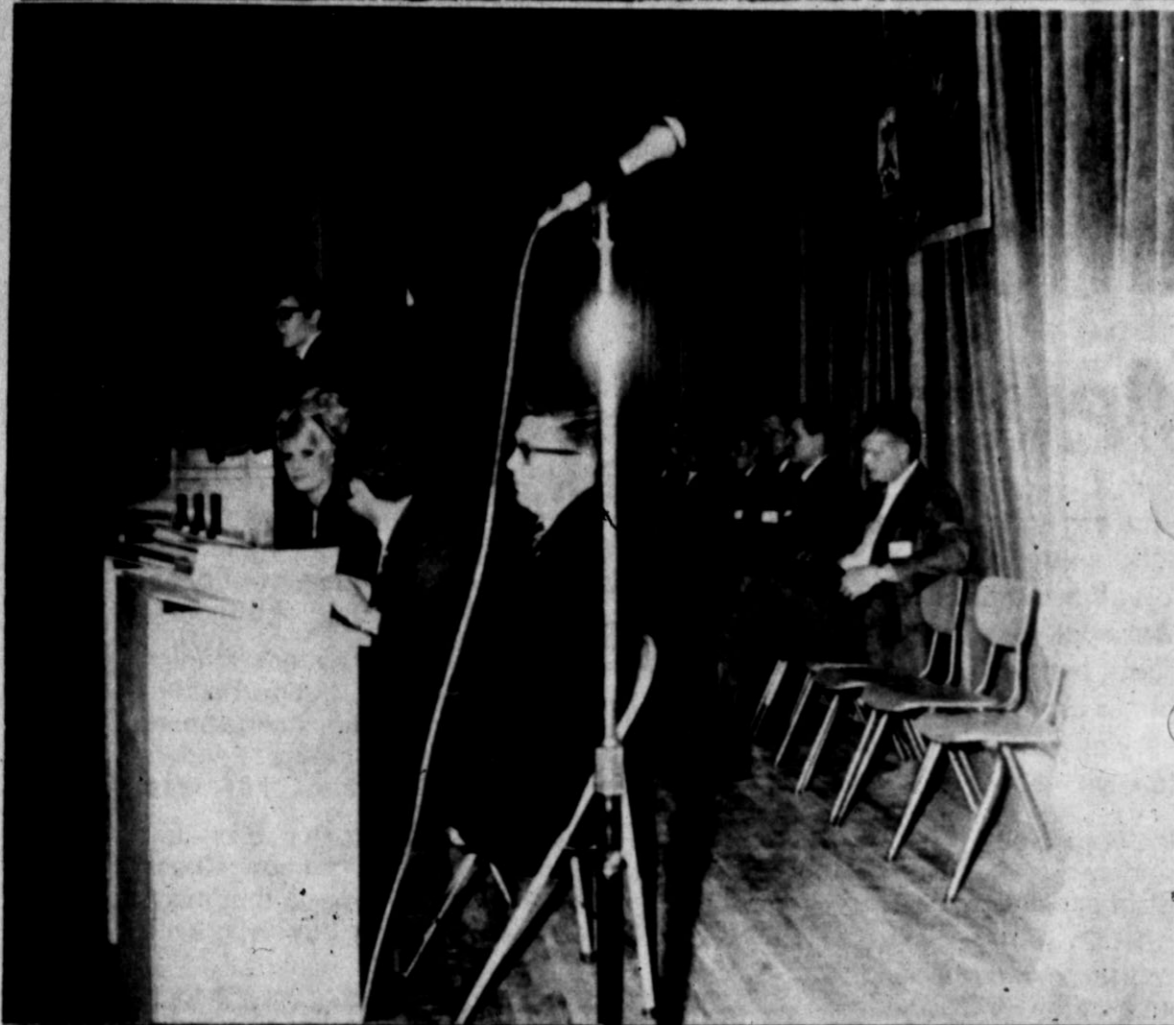

Scouts present at the meeting were Jimmy Bryant, Mike Hacker, Robert Lindsey, Gerald Petty, Randy Carnahan, Gary Cornelius, Rodney Miller, David Walterscheid, Bud Warren, and David Parsons.

#### THRUWAY BANS

ALBANY, N.Y. — Nearly 5,000 vehicles have been denied entry to the N.Y. State Thruway since the superhighway began spot checks for mechanical defects three years ago.

The Thruway Authority reports it has inspected slightly over 100,000 vehicles during this period and turned back 4.1 per cent of them as unsafe for travel.

The most common defects were badly worn tires, faulty directional signals and defunct brake lights, the agency said.

## Forensics In AAAA Tourney

Hereford High School's Forensics team journeyed to Lubbock Nov. 7 and 8 to compete in the Hub of the Plains Tournament at Coronado High School. The Hub of the Plains is classified as one of the most difficult of the AAAA tournaments in the area.

The Hereford team under the sponsorship of Mal Manche came through quite well in the event. The boy's debate team consisting of Steve Ray and David Thomas qualified for the quarter finals as Diana Adams and Mary Keyes of the girl's team did the same.

Kenneth Justice graduated to the semifinals in informative speaking while Sharon Readhimer, Pam Campbell, and Kevin Young were semifinalists in persuasive speaking.

Finalist from Hereford were Susan Rudd in informative speaking and Bob Nelson in prose interpretation.

The Hereford Forensics team will compete next in Friona on Jan. 10. On Jan. 31 they will host the Hereford tournament of which a possible number of 21 schools may attend.

From one society the Ohio Society for Crippled Children, founded 50 years ago has grown a nationwide network of 2,000 Easter Seal societies with 2,500 facilities and programs to treat the handicapped.

AREA WORKSHOP — Students from throughout the area converged on Hereford last Saturday to attend the annual District VI VICA workshop

which was held all day. Highlight of the event was the crowning of the District Sweetheart, plus discussions with several noted persons. —Staff Photos

## Beet Processing Clicking Along

According to Bob Ginn, agriculture manager at Holly Sugar here, processing of beets was begun Tuesday morning at 8 a. m. and prospects for continued processing is looking good.

Ginn stated that the present deliveries are sufficient to keep the plant going at a steady pace, provided the area does not get any additional moisture.

The first loads since the closing of the plant recently were brought in last Friday, and Ginn reported that all sections of the plant are now in operation. "We have received about 13,000 tons since last Friday," he said, "and 6,000 tons of that total was brought in Tuesday."

It was pointed out that 13 per cent of the beets have been harvested at this time, but due to the fact that a good bit of the area is still too wet, over half of the farmers are still waiting.

"The half that is delivering," Ginn stated, "is delivering a sufficient supply for the time being."

#### NAMESAKES

FRANKFORT, Ky. — Lee County in Kentucky was named in honor of the famed Confederate general, Grant County in Kentucky was named after Samuel Grant, killed by Indians on the north bank of the Ohio River, not after the famed Union general.

# SUPPORTING YOUR TOWN

"No business man in any town should allow a newspaper published in his town to go without his name and business being mentioned somewhere in its columns. This does not mean you should have a whole, half or even a quarter page ad in each issue of the paper, but your name and business should be mentioned, if you do not use more than a two-line space.

A stranger picking up a newspaper should be able to tell what business is represented in a town by looking at the paper. This is the best possible town advertising. The man who does not advertise his business does an injustice to himself and the town. The man who insists on sharing the business that comes to town but refuses to advertise his own, is not a valuable addition to any town. The life of a town depends on the live, wide-awake and liberal advertising business man".

P. S. How many new residents and out of town shoppers saw your name and business today; this week?

Please take notice that on the 23rd day of November, 1969, at 7:30 P. M., in the offices of the City Commission in the City Hall in the City of Hereford, Texas, the Zoning Ordinance of the City of Hereford will be amended to include the following districts of the following described property which is proposed to be annexed to the City of Hereford, by petition filed with the City Commission of said City, and that the Petitioners for annexation have requested that such property be annexed as subject to the following zoning ordinance:

Lone Star Club Hears Of Waste Disposal Problem
Lone star club 2x24
Members of the Lone Star Study Club met Tuesday in the home of Mrs. R. B. Blue for a program on "Problems of Waste Disposal" presented by Mrs. Ed Warren.
Mrs. Warren told of the problems confronted in larger cities of our nation and explained the method and cost of Hereford's own disposal of trash in the city.
She stated that each individual should be taught to have pride in their city.
Refreshments were served by Mrs. Blue to Meses. Hardy Benson, Opal Bookout, Ila Chapman, Thelma Chisum, Jim Higgins, C. D. Kelton, Vivian Majors, C. O. Phillips, S. S. Williams, and V. E. Dodson.
The next meeting scheduled for Nov. 25 will be hosted by Mrs. Ray Suit.

## Mrs. Roy Boyd Is H.D. Club Hostess

The home of Mrs. Roy Boyd was the setting Tuesday for a meeting of the West Hereford Home Demonstration Club when Mrs. Argen Draper presented a demonstration on the making and serving of fondue.

The home of Mrs. N. B. Hood. The program will be "Art in Christmas Ideas." Each member is asked to bring a homemade gift for display.

Others attending were Mmes. Carl Schroeder, Blanch Hardin, W. H. Awtryer, Hood, Alice Cox, John Jacobson Sr. and Misses Mary Brady and Evelyn Bell.

Any topping for ice cream, Mrs. Draper stated, makes a good fondue dessert of bite size food. Foods suited for dessert include marshmallows, pineapple chunks, grapes, sponge cake cubes, apple and pear wedges, banana breads and gingerbread.

Final plans were made for the club's Thanksgiving dinner scheduled at noon Nov. 25 in the home of Mrs. N. B. Hood. The program will be "Art in Christmas Ideas." Each member is asked to bring a homemade gift for display.

### McLarty Wins Cramer Shoot

Lynn McLarty clipped 89 out of a possible 100 targets in a Saturday to win the R. J. Cramer Trophy Shoot, which was held at the Hereford Gun Club range near the airport.

Jim Lassiter was second in competition, hitting 77 out of a possible 100 targets while M. C. Knox and Eldon Owens tied for third with 76 out of a possible 100.

David Henslee, a 16-year old, was fifth in competition with a score of 71 out of 100.

This Sunday, the Gun Club will have a turkey shoot which will begin at 2 p. m. following practice shooting which begins at 1 p. m.

Refreshments and 12 gauge shotgun shells will be available at the club house during the shoot Sunday, it was announced.

### REPORT ON JAILS

FRANKFORT, Ky. — A report by the Kentucky Crime Commission says 84 per cent of the state's 170 local jails either are unfit or obsolete. However, security and food received comparatively good ratings.

### COAL HISTORY

MADISON, W. Va. — The first recorded reference to coal in what is now West Virginia, the largest coal-producing state in the nation, was in 1743 when explorer John Peter Salley wrote in his diary that his party had found coal along a small stream near here.

8 - 4" Irrigation Wells. All connected to underground pipe. One or all wells can be used any where on this farm. These wells are all equipped with motors on Natural Gas.

IMPROVEMENTS

One 5 room and bath House  
 One 3 room and bath House  
 One storage warehouse 30' x 50'  
 One three building 30' x 50'  
 One pressure water system for houses and barns.

TERMS

There is a Prudential Loan of \$85,000.00, 30 yr. at 7 1/4% int. \$5,000.00 per yr. and int. One-third Cash on closing deal. Buyer will assume the loan and the seller will carry the balance 10% here at the time of sale.

POSSESSION

On closing of deal. The abstract will be delivered to buyer day of sale. Can be closed in 30 days or before.

NOTE

We think you will say this is one of the finest sections of land in this area. There is not a foot of waste land on this farm. Finest of Soil. During the year of 1969 Mr. Fraser spent several thousand dollars drilling wells and repairing pumps on this farm. This farm is well watered. Equipment is in first class condition. It is estimated that this farm will carry 1900 head of calves this year. Some of the very finest grazing of wheat and rye is now ready. This is a real opportunity to buy one of the finest farms in West Texas. Some one is going to own this farm. It might as well be you. We insist you look it over. You will be pleased.

### Washington Report

From Congressman  
**BOB PRICE** NEW DISTRICT TEXAS  
1322 LONGFORTH OFFICE BUILDING, WASHINGTON, D. C. • 205-2764

**FOOD STAMP:** The House adopted by a voice vote last week a resolution authorizing an increase from \$34 million to \$610 million for the Food Stamp Program this fiscal year. This provides all the money Secretary of Agriculture, Clifford Hardin, says can be efficiently spent in the remaining months of Fiscal 1970 which ends on June 30.

The Agriculture Committee has recently completed hearings on a bill to make the program permanent beginning in Fiscal 1971. The Food Stamp Program allows poor families to buy stamps at less than their total value. They may then be used to purchase groceries at participating food stores for the full face amount of the stamps.

**BANK HOLDING COMPANIES:** The House approved by a vote of 315 to 24, a bill to prevent large banks from owning such non-banking businesses as real estate, life and health insurance sales, farms or ranches, travel agencies, and other similar activities.

Proponents of the measure pointed out that when a large bank with millions of dollars in assets invades an industry, it can ruin competition and drive out small businesses by its size and economic power. In addition, the large bank, through its lending and financing activities has the power to force suppliers and other businessmen to give it preferred treatment.

**AIRPORT IMPROVEMENTS:** The House also approved last

week a bill to improve the airport facilities of our country. This bill was proposed by President Nixon, initiated by the Department of Transportation, and drafted by the House Committee on Public Works.

The bill is designed to provide Federal assistance to states and local governments for the purpose of improving existing airport facilities and creating new airports where needed so that our Nation can adequately handle our growing air problem. The funds for these projects will come from taxes on the users rather than from general revenue.

Those who have travelled in an airplane recently realize full well the overcrowded conditions of our airports and the hazardous conditions that are created by our overcrowded skies.

**RECENT WASHINGTON VISITORS:** Mr. & Mrs. R. C. Jordan of Amarillo; Mrs. Clyde Pugh of Darrrouzett; Mrs. O. Winfred Nowlin of Perryton; Mr. and Mrs. Malcolm Hinkle of Pampa; John L. Hannum of Amarillo; and Senator Grady Hazelwood.

### Ticket Sales Now Underway

Tickets go on sale this week in Panhandle grade schools for the annual Young People's Concert sponsored by the Amarillo Symphony Guild. The Amarillo Symphony Orchestra will perform in a concert for children December 13 at 3 p.m. in the Amarillo Civic Center Coliseum. Children from 6 to 12 years of age and their chaperones are invited to the concert.

Dr. Thomas Hohstadt will conduct the Amarillo Symphony Orchestra in a musical tour of masterpieces old and new. The symphony will play melodies originating from the American theater themes from contemporary movies, and arrangements from well known classics. A conductor will be chosen from the young audience to lead the symphony orchestra in a familiar song.

Selections from the concert will include excerpts from the "West Side Story", "The Colonial Bobey March", the "Theme

from Romeo and Juliet", and the "Overture from Hansel and Gretel". Guest artist for the concert will be the November winner of the Amarillo Symphony Orchestra's Student Soloist Auditions.

Over 7000 school children are expected to attend the concert. Tickets for the non-profit concert may be obtained through teachers in the public school system. Admission prices for the performance are 75 cents.

### BAN BOOK COVER

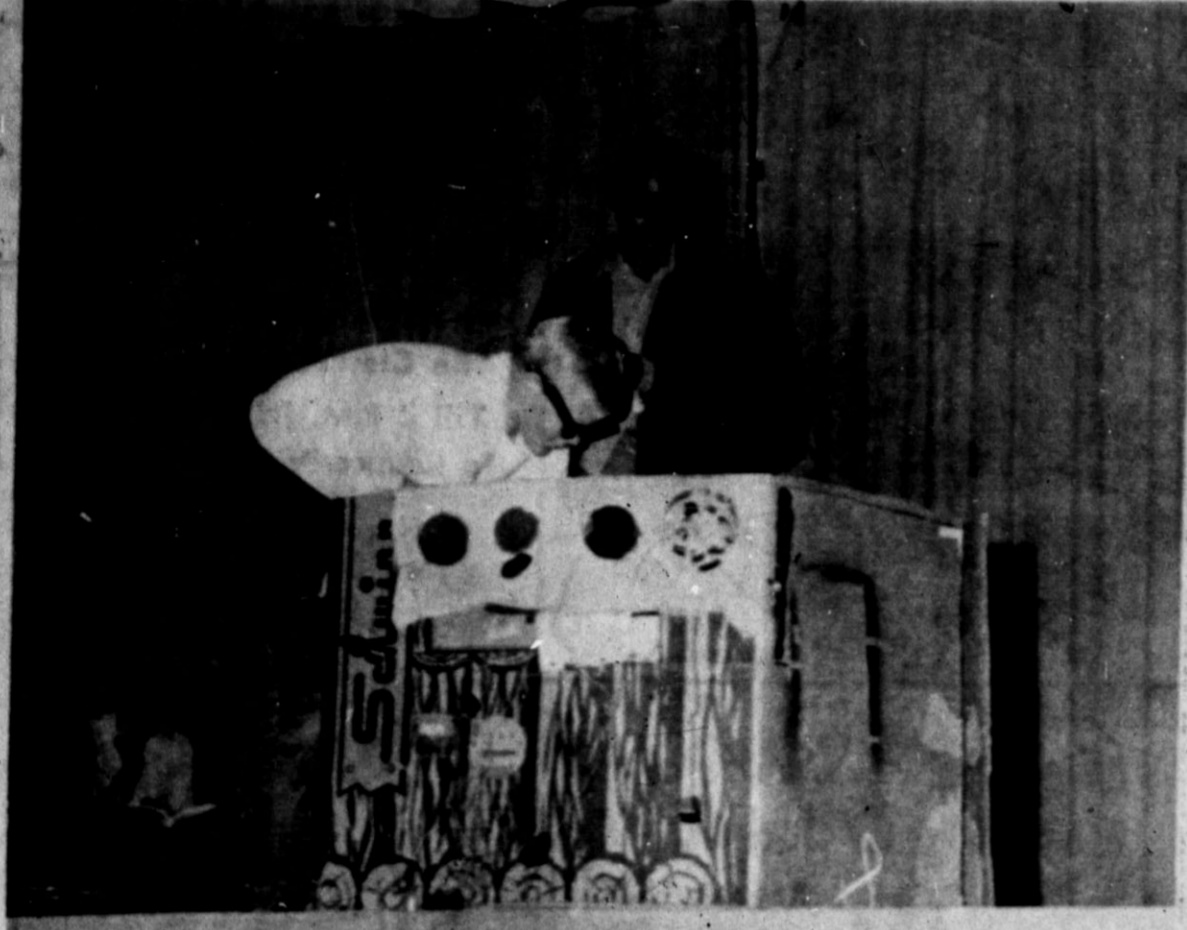

CAPE TOWN, Johannesburg—Spanish painter Goya's famous painting of the Duchess of Alba has fallen foul of the censors here. The Publications Control Board banned a reproduction of the painting on the loose cover of the best-selling Goya biography "Rage in Silence," by British author Donald Braider. Cape Town publisher Howard Timmins said arrangements were being made to print another cover before stocks of the book arrive from London. Most art books in this country include reproductions of the same painting.

**RED CROSS ASSEMBLY** — Eight classes at La Plata Junior High School put on skits for the student body at the annual Red Cross Assembly

held last Friday. Above are two of the skits that were presented. —Staff Photos

## Highway Patrol Releases Figures

The Texas Highway Patrol investigated 18 accidents on rural highways in Deaf Smith County during the month of October according to Sergeant W. E. Wells, Highway Patrol Supervisor of this area.

These crashes resulted in one person killed, seven persons injured and an estimated property damage of \$13,045.00.

The rural accident summary for this county during the first ten months of 1969 shows a total of 143 accidents resulting in six persons killed, 94 persons injured, and an estimated property damage of \$279,59.00.

Traffic wise, November and December are noted as dangerous months for pedestrians. During the last two months of 1969 in Texas there were 86 pedestrians killed and 843 injured in collisions with motor vehicles. Some of the attributing factors are: Longer hours of darkness, bad weather, holidays, and lack of drivers' and pedestrians' attention.

The veteran patrol supervisor listed some tips to aid both pedestrians and drivers. Always wear something light colored when walking after dark. If possible carry some kind of light and walk on the left side of the road facing traffic. If you have a dark colored raincoat or overcoat, put a strip or two of reflectorized material across the back and front when walking on the street or highway.

road facing traffic. If you have a dark colored raincoat or overcoat, put a strip or two of reflectorized material across the back and front when walking on the street or highway.

## KNOWLES AUCTION SERVICE

HEREFORD, TEXAS 364-4630 MULESHOE, TEXAS 272-4311 BROWNFIELD, TEXAS 637-2888

### Earl Prather Buried Tuesday

Funeral services for Earl Prather, 45, of Dallas, son of Mrs. Lela Mae Prather of Hereford, were conducted Tuesday morning at Singleton Chapel of the Chimes in Muleshoe.

The Rev. Joseph DeGrado of the Faith Temple at Richardson, officiated. Burial was in Bailey County Memorial Park Cemetery.

A former Lazbuddie resident, Mr. Prather died Saturday at his home after a long illness.

He was born in Hollis, Okla. and was a sales representative for Chrysler Motor Corp. Survivors include his wife, Helen; two sons, Mike of Fort Worth and Ted of Denton; his mother, one sister, Mrs. Otto Gilliland of Dalhart; and two brothers, Robert of Coleman and Clyde of San Antonio.

Easter Seals, 1919-1969 Fifth Years of Faith, Hope and Therapy for the crippled are being celebrated this year nationwide.

Adams. —Staff Photo

**Kings, Queens Name Winners**

Edward Vaught, with his 620 handicap, and Margaret Collins, with her 600 handicap, were named "Bowlers of the Week" in Kings and Queens action last week.

Wilma Clark had a 186 high single game for the women and Buck Baumann had a 200 for the high single game for the men. Sunset Lanes rolled the high series of 2321 while the Cougar Club had an 820 for the high game.

Picking up splits were Ed Kluesner, the 3-10; Leroy McDonald, the 5-7-10; Audine Dettman, the 5-7; Anne Radney, the 4-7-9-10; Carl Hoffman, the 6-7; Bertha Arnold, the 3-10; Wilma Clark, the 3-10; and Stella Warner, the 5-9.

Service won 3 and lost 1; Reeves Chevrolet-Olds won 0 and lost 4; Vance Hall Sporting Goods won 2 and lost 2; Cougar Club won 2 and lost 2; Sunset Food Center won 1 and lost 3; Weatherford Gin won 1 and lost 3; and Sunset Lanes won 3 and lost 1.

Standings show Sunset Lanes, 23-9; Sunset Food Center, 22-10; Cougar Club, 21-11; Vance Hall Sporting Goods, 21-11; Team Number 1, 18-14; Hereford Janitor, 17-15; Claudes Mobil Service, 16-16; Stricklands Shell Service, 9-23; Reeve's Chevrolet-Olds, 7-25; and Weatherford-Gin, 6-26.

**Hereford Whitefaces**  
**1968 RECORD 5 WINS 6 LOSSES**  
**Friday, NOVEMBER 14th.**  
**GAME TIME 7:30 P.M.**

The Hereford Whitefaces, who are sporting one of the best records ever by a local high school team, go looking for win number eight Friday night when they journey to Hornetland for a 7:30 p.m. game.

Looking as if they might be in full force for the game Friday, the Whitefaces will go into the game as favorites but will have to play heads-up football to win, as the Hornets will be looking to upset them.

Following the slaughter of the Muleshoe Mules, the local will be up again and the Hornets had better look out for an improved Herd offense which put 49 points on the board last week. It seems that the Whitefaces have finally found the key to an awesome offense, and they can be expected to exploit it Friday night in Tulia.

Though already looking to the November 21 encounter with the Dumas team, the Whitefaces had better look out for the Hornets.

As of this week, the Whitefaces, who have ridden the middle of the area Top Ten AAA list all year, have moved up to the number three spot behind number one Lubbock Estacado and number two Dumas. Estacado stands at 8-0-1 and Dumas at 6-2 and Hereford at 7-1. Title hopes for the Whitefaces may also be determined this week when the Dumas Demons face the potent Perryton Rangers who the locals nudged 9-8 two weeks ago in Perryton.

The "experts", as they call themselves, have already picked the Demons to wrap up the title in district 1-AAA, but they cautiously added that the "fickle finger of fate may see otherwise."

Whatever the outcome of the season, the next game is always the most important and Hereford will be seeking their wins as they come when they meet Tulia Friday.

# Tulia HORNETS

1968 RECORD 4 WINS 4 LOSSES

## Lets Go To Tulia And Support Our Team

Tulia's vastly improved Hornets will entertain the highflying Hereford Whitefaces this Friday, with upset intentions fogging their minds when the two teams collide at 7:30 p.m. at Tulia.

The Hornets, who got off to a bad start this year, have come along considerably in the past few weeks, having given other 1-AAA teams a run for their money.

Standing at four wins and four losses, the Hornets have put up tough fights with Muleshoe and Perryton and Dumas this year. They blasted the hapless Mules, 69-0, were shut out 16-0 by the Rangers, and scored 19 points against the powerful Dumas defense in their 44-19 loss last week.

Tulia is considered the most improved team in the district, having started from scratch at the beginning of the year, and taking several beatings from smaller schools. But, this has all changed since the first of the year. Though they are not considered contenders, they are considered capable of spoilers and could do just that when they host the Whitefaces Friday.

Spearheading the attack for the Hornets will be quarterback Steve Burrow, halfbacks Jerry Dickens and Odell Moffett and fullback J. K. Milan. Along with these will be tackles Malcolm Hefley and Lonnie Treadway and guards Gerald McClanahan, Stanley Ebeling and Randy Pope.

Though returning seven offensive and eight defensive starters from their 0-10 team of 1968, the Hornets have been plagued severely this year by close defeats, and will be looking to change that when they meet the locals Friday.

### At The Library

## Novel Destroys Slavery Myths

At the Deaf Smith County Library this week is the involved and startling account of slavery and the part it plays in the lives of two youths; a story destined to horrify its readers.

An Affair of Honor, by Robert Wilder, is an explosive story of ruthless power and insatiable greed; of lust and the conflict of passions. Set in the beautiful Bahamas, it is the story of Maximilian Hertog, whose hands reached out to touch and manipulate the destinies and shape of the islands which stretch as a magnificent silver and jade necklace from Turks Island in the south to Grand Bahama, some seventy-five miles east of Palm Beach. It is also the story of Max Hertog's lovely and unconventional daughter, Jan; of Royal Keating, the black man who walked among the whites in Nassau with the pride of a descendant of African Kings; of Sir Stephan Simon, a sinister and omnipresent shadow; and of Carol Wainright, Hertog's lovely and patrician secretary. The story, laid in the lush and fragrant setting of New Providence Island with its old capital of Nassau, drives relentlessly toward its violent conclusion.

If he had been born three hundred years earlier, Maximilian Hertog might have sailed into Nassau's harbor flying the pirate's skull and crossbones, to loot and sack the town, rape the women, and drive the men to walk the plank. As it was, he achieved much the same ends but in a less bloody and spectacular manner.

Maximilian Hertog regarded Nassau and the Out Islands as his by right of conquest, driving with heavy boots over those of the old first families who would stand in his way. His home, Windmere, at Lyford Bay, was one of the showplaces of Nassau. Here he and his daughter, Jan, lived in a state of easy companionship. Jan had her lovers, Max his mistresses, but each had a high regard for the privacy of the other. Presiding over Windmere with an awesome majesty was the huge black woman Big Maum. She had worked and saved all her life so her son, Royal, could be educated in England. Now Royal had come home to his native islands, an engineer by profession. Slowly, relentlessly he is drawn into a fierce contention with the whites who have long dominated the life and wealth of the Bahamas. On a more personal issue Royal and Maximilian Hertog meet, and the conflict moves implacably to a furious conclusion.

Combining the newspaper-headline relevancy of Robert Wilder's all-time best-selling novel written on the wind and the lush Bahamas setting of his most recent best seller, Wind from the Carolinas, An Affair of Honor is his writing and his exciting best.

SLAVE SHIP  
By Erick Corder

A major novel of the American slave trade that annihilates the myths of black African docility and white humanity on an unforgettable nightmare voyage that takes the reader into the hearts and minds and private hells of the slavers as well as the enslaved.

At a time when nearly every civilized nation, including the U. S. A., had outlawed the trade, the American flag still flew from the masts of hundreds of slaving ships off the west coast of Africa. Aboard one such ship, the Jubilation, is Captain Edward Horneby, a quietly lethal man to whom slaving is a way of life and chance to play God. Below decks, in a hold overflowing with degradation and death, is Osai Adoko, a proud Ashanti warrior who waits to prove that chains do not make a man a slave.

And there are Hollister and Dunbar — one, a sadistic youth who uses slaves to cure his boredom; the other, a sensitive journalist traveling incognito who intends to expose the atrocities of the trade, yet is forced himself into becoming the owner of a beautiful child-woman.

The action moves swiftly, from a ruinous jungle slave factory to an opulent African court, from a bizarre shore leave, to a bloody sea battle, to rampanted depravity aboard the Jubilation itself. With mounting tension between whites and blacks, the book builds toward a brilliant, horrifying climax. Eric Cord er brings an era of shame into true perspective in a novel of startling powerful significance.

### Elu-Can-Da Election And Installation

The freshman Elu-Can-Da Camp Fire group met recently to elect and install club officers. Those elected and installed were Cheryl Smith, president; Grace Vargas, vice-president; Libby Word, secretary; and Iris Garcia, treasurer.

Several committee chairmen were also appointed by the president. These were Sheila Lea, programs; Georgette Malouf, finance; Pam Garrison, membership; and Nancy Brink, publicity.

### CAR COLLISION

NAPIER, South Africa — Two cars collided in the main street of this small Western Cape Province town. The two drivers got out, walked up to each other — and kissed. Mrs. C. van Dyk later explained she recognized her father-in-law, Hendrik van Dyk, immediately after the accident. It just seemed natural they should get each other before inspecting the damage — which wasn't serious, anyway.

# For God So Loved The World

## STRIVE for PEACE

**"Try to be at peace with all men" (Hebrews 12:14).**

We are forever talking of peace, but we continue to quarrel. We think we must fight. We demonstrate with hate and destruction as our motivating force. How shall I change it? What is my next step? How do I become a real peace maker? The Scriptures clearly give the message. "Thou shalt love thy brother." Then, if I am serious, I must answer. I must put love in place of hate. I must frankly face the fact that I actually hate or despise another man who also is a son of God. That is my sin. Immediately I must look into his life and discover some good I must love him.

Do not hate a Democrat, or Republican, or a Black man, or a White man, or a Jew, Catholic, or Protestant. Other people love those guys, why can't I? I too must discover some good which I don't know about, if I am to set myself free of hate. Then, I must seriously set out to live

Highlights And Sidelights

# Tax Hike And Housing Shortage Are Expected

By VERN SANFORD  
AUSTIN, Tex. —Prospects of whopping new tax bills may face Texans in 1971, 1973 and 1975 and a critical housing shortage within the next decade is likely.

Texas Research League heard the bad news at its 17th annual meeting here.

James W. McGrew, new Executive Director of the League and one of the state's top fiscal authorities, warned of the coming "decade of tax crises" like that of 1950's.

McGrew sized up the 1971 tax bill as at least \$270 million and maybe as much as \$400 billion. Furthermore, he predicted, a bigger one will be in store two years later and one not quite so big in 1975.

Standby sales tax (now at four and a quarter per cent in many areas) may be near its "political limitation." Implication was clear that new tax trails will have to be blazed.

Gov. Preston Smith said half the state's 2,83,000 housing units are "inadequate or substandard." He requested the League to study the problem and come up with recommendations as to the state's role in the housing field.

Housing shortage may reach "crisis proportions" in two years, Smith told League members. Needs over the next decade, he forecast, will demand \$1.5 billion worth of construction a year in Texas. Within the same period, he said, housing will have to be found for 875,000 new Texas families, and slums and overcrowding must be eliminated.

Greatest prospect for solving problems of slums, contended the governor, lies in "effective programs of governments to assist slum residents in becoming

home owners." Public housing and rent supplements, he maintained, "tend to isolate, segregate and spotlight the poor, while providing no long-range changes in their situations."

Smith suggested a statewide building code may be needed and State Housing Authority may be helpful to coordinate efforts of the U. S. Department of Housing and Urban Development with local governmental units.

APPOINTMENTS — Governor Smith has nearly 1,000 appointments to make to more than 100 State boards, commissions, and study committees.

It is a difficult time-consuming task. In most instances, his trouble is in finding a capable "candidate" type of man or woman who will or is allowed to accept an extra job, which is usually a non-paying one.

Here are some of the major, new appointments made by the Governor:

Chairman, Board of Mental Health-Mental Retardation: Ward R. Burke, Lufkin attorney.

Texas Air Control Board: Dr. Willie Lee Ulrich, Texas Tech Engineering Professor.

Texas Liquor Control Board: Joe W. Burkett Jr., Kerrville Attorney; (reappointment).

Board of directors of the Red River Authority: Joe B. Wolverton, Wichita Falls, and Jim Beeson, Memphis.

Board: George J. Laughead of Egg Marketing Advisory San Antonio and John H. Nash Jr., Austin; Jack M. Dubose, Gonzales; Boyd H. Hilley, Lamesa, Gary H. Pace, Fort Worth, and D. W. Reneau, Seguin, (reappointments).

Private Employment Agency Regulatory Board: Mrs. Carrie Lou Brandon and Miss Jacqueline Virginia Johnson of Dallas, Mrs. Geneva B. Boren of Lubbock, Victor L. Koenig of Houston, Comer Leon Slaton of Fort Worth, Joe Earl Lassiter of Abilene, Berlin Vance of Amarillo,

M. David Lowe of Houston and Vard Langdon Miller of Fort Worth.

Texas Southern University Board of Directors: Dr. Raymond D'Hart Douglas of Jefferson, Rev. Marvin Collins Griffin of Austin and Andrew Leon Jefferson Jr. of Houston.

Texas State Board of Licensure for Nursing Home Administrators: Mrs. Wanda Morgan Little of Gonzales, James Pascal Baker of Lufkin, Francis Austin Flynn of Austin, Dr. Wilfred George Millington of Nixon, Mrs. Johnnie Marie Benson of Fort Worth, Virgil Newton Maxwell of Houston and Arthur B. Taylor of Vernon.

State Board of Plumbing Examiners: William Howard Williams of Houston.

BALLOT SPOTS PICKED — Proposed constitutional amendment to legalize the sale of liquor by the drink will be in the second spot on the Nov. 3, 1970, general election ballot.

Here's how drawings for other ballot places by Secretary of State Martin Dies Jr. came out last week:

No. 1 — Provision for removal censure or retirement of appellate court judges and justices of the peace by a new Judicial Qualifications Commission.

No. 3 — Uniform method for assessing farm, ranch and forest lands on a capability to produce basis.

No. 4 — Making the State Building Commission a three-member appointive agency.

No. 5 — Authorizing counties to issue road bonds up to a fourth of assessed valuation on vote of taxpayers.

No. 6 — Increasing value of homesteads exempt from forced sale.

No. 7 — Providing for consolidation of local government functions and inter-agency contracts for performance of governmental services.

Disappointing lease sale — School Land Board got disap-

pointing results from its sealed bid oil and gas lease sale on public school lands. High bids averaged only \$36 an acre, lowered by the \$15.52 per acre average of over 16 thousand acres leased in El Paso County where there is no oil or gas production.

Land Commissioner Jerry Sadler said the indications from Congress that the 27.5 per cent depletion allowance will be cut undoubtedly hampered bidding. Also, sales scheduled for Louisiana and heavy spending on Alaskan leases cut the bids.

Of 770 tracts offered, only 184 drew bids. Total high bids were \$4,113,368.64.

COURTS SPEAK — Supreme Court split six to three in upholding the constitutionality of the controversial Saturday-Sunday closing laws. Chief Justice Robert W. Calvert wrote the dissenting opinion, contending that the statute prohibiting the sale of 46 items on consecutive days of weekends should be knocked out.

High Court granted a writ of error and agreed to hear oral arguments on December 10 on Houston landowners' complaints that the YMCA should not be allowed to erect a building in Houston's Post Oak Estates subdivision where lots are a minimum of three acres in size.

Supreme Court rejected the appeal of a Dallas man who claimed part interest in vast holdings of oil-businessman J. D. Wrather Jr.

Reversing an intermediate court and affirming a trial court, the state's top civil court held that neither party in a Gregg County auto accident case was entitled to damages.

Court of Criminal Appeals affirmed a 30-year sentence of black militant Lee Otis Johnson of Houston, convicted of possession of marijuana after he gave a "cigarette" to an undercover police agent.

U. S. District Court in Tyler ruled that a teacher cannot be dismissed from a job because of political activity.

SHORT SNORTS  
Governor Smith received a \$500,000 check representing the federal government's share of the purchase of a 1,956-acre Galveston State Park (formerly the Maco Stewart Ranch) with matching funds to come out of the \$75 million state park bond issue.

Dr. B. B. Vail Jr., veterinarian in charge of the screwworm eradication program in Texas, told the Animal Health Commission that this year may set a record low in screwworm cases—158 reported this year, against

9,268 reported last year.

Mrs. Lyndon Johnson has established a cash award of \$500 to go to the Texas Highway Department foreman who has contributed most to the aesthetic pleasure and recreational opportunities for the motoring public; award will be made in September, 1970, at the Lyndon B. Johnson State Park.

State Treasurer Jesse James reports that October cigarette stamp sales reached \$14,014,947.76, partly due to the higher tax rate which went into effect October 1.

November 1 saw 324 private clubs and 664 taverns in 17 counties and 22 city governments holding special late hours (2 a. m.) permits under the new law.

Atty. Gen. Crawford Martin has urged the Federal Power Commission to establish "just" gas prices for wells in the Texas Gulf Coast and Hugoton-Anadarko Field of the Panhandle.

Governor's Criminal Justice Council has recommended an allocation of \$213,340 in federal funds (to be matched by state and local money) in Texas' continued crime fight.

Texas Ranger Capt. Clint Peoples of Waco has been named first senior captain of Rangers, top post in that select law enforcement organization.

## Local Resident's Brother Dies

Services were held Friday at 2:30 p. m. for Thomas Charles Overstreet 73, a Panhandle pioneer, who died Wednesday morning at his home in White Deer.

Burial was in the First Baptist Church where Rev. A. E. Burnes of the church and Rev. Marvin L. Roark, pastor of the First United Methodist Church officiated. Burial was in Memory Gardens Cemetery under the direction of Carmichael-Whitley Funeral Directors.

Overstreet was born at Comanche, Indian Territory, on June 13, 1896. When he was 13, his parents, James Buchanan Overstreet and Missouri Hamlin Overstreet, homesteaded south of White Deer.

As a youth, he finished school in the one room schoolhouse at White Deer.

In 1921, he married Miss Jewell Harris at Pampa.

Mr. Overstreet was the last surviving charter member of the First Baptist Church here. For almost 48 years, he had been a Mason.

Survivors include: his wife, a

son, Thomas Charles Jr., of Borger; two daughters, Mrs. Georgia McDonald of Pampa and Mrs. Ouida Nell Shurley of Jal, N.M.; a brother, Rufus of Hereford; four sisters, Mrs. Iva Lee Upham of Pampa, Mrs. Leola Banks and Mrs. Geneva Fralley, both of Borger, and Mrs. Arrie Morrow of Fresno, Calif., seven grandchildren and two great-grandchildren.

The Texas Easter Seal Society offers assistance to crippled children and adults.

He is pictured above with his supervisor, Mr. Don Zimmerman. Hutcherson's plans for the future include studying to be an Elementary Education teacher. —Staff Photo

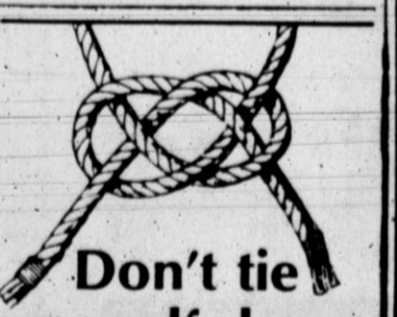

## Mass Read For Casmino Lucero

Mass was said at 10 a. m. Saturday for Casmino Lucero 28, of Gruver who was killed last Wednesday when the pickup in which he was riding struck a road roller near Spearman. Services were held in St. Peter and Paul Catholic Church with Rev. Kelvin Hand officiating. Funeral arrangements were handled by Boxwell-Morris on, burial was in the Dumas Cemetery.

He had lived in Gruver for only nine months where he was a farm laborer and a member of the Catholic Church. He was born in 1941 in Chatarillo, New Mexico.

One of Lucero's brothers, Alfredo 29, of Gruver who was riding with him suffered injuries.

Survivors include Lucero's wife, Mary; three daughters Cecilia, Diane, and Maria, all of the family home; his father, Esquel Lucero of Hereford; seven brothers, Alfredo of Gruver, Margarito and Bennie, both of Muleshoe; Florencio of Vega, Jose C. of Portales and Jose S. of Dumas; four sisters Mrs. Socorro Herrera of Dumas, Mrs. Sadie Armstrong of Las Vegas, N. M., Mary Lou Gallegos, and Mrs. Tina Rodriguez, both of Amarillo, and Mrs. Rose Morales of Valmora, N.M.

NEW SYSTEM RECOMMENDED FRANKFORT, Ky. — A Legislative Research Commission report has recommended a public defender system for Kentucky. Currently, judges assign a lawyer without pay to defend a poor person.

## Paschel Named To TFU Board

Abilene will host the Sixty-sixth Annual Convntion of Texas Farmers Union December 4-8. According to the officials of the statewide general farm organization, the fact that the Rolling Plains is generally referred to as "Farmers Union Country" assures a large attendance and the "biggest convention in the organization's history." The convention headquarters will be the Windsor Hotel.

An array of interesting speakers and an activity — packed program awaits those farm and ranch families who will attend the convention this year. Among the headline speakers expected to address the convention are Tony T. Dechant of Denver, president of National Farmers Union; Paul Babey president of the Alberta Farmers Union, Alberta, Canada; Senator Ralph Yarborough; Fred Heinkel of Missouri, president of the Mid-continent Farmers Association, Gordon Twedt, president of Mon-

tana Farmers Union; and Ray Novak of Denver, executive vice president, National Farmers Union Insurance.

The convention will give priority attention to adopting a state program to guide the policy direction of the organization during the coming year. The first draft of the proposed program, composed of resolutions from the 120 chartered county organizations, will be written by a drafting committee that will meet prior to the convention. Those appointed to the committee are: Jerry Warren, Gorman, Texas; Anthony Paschel, Hereford, Texas; Gerald Goldston, Brownfield, Texas; Kiefer Cauble, Roby, Texas; A. J. Wleczyk, Richmond, Texas; Bennie Poulson, Crosbyton, Texas; Ronnie Eschberger, Roberts, Texas; Justin Rosenfeld, Waco, Texas; W. E. Ruple, Charlotte, Texas; David Burgess, Tulia, Texas.

State officers for 1970 and delegates to the National Farmers Union Convention will be elected by secret ballot from nominations made on the floor of the convention. The National Farmers Union Convention will be held in Denver in March.

The two-year terms of offices for district directors from Dis-

trict 1, 3, 5, 7, and 9 will expire at this year's meeting of the board of directors, and Executive Committee members from these districts will be elected for a two-year term. The meeting of the full Board of Directors will be held at the convention location on Thursday, December 4.

Special activities for the ladies and young people have been planned. A ladies luncheon and "all cotton style show" will highlight the special events Saturday, and the Maid of Cotton, Cathy Muirhead of Denton, is expected to attend. For the young people, a special youth program has been planned with a

Saturday morning brunch and special entertainment for the teenagers. Baby sitting service will be provided for the young children. Other highlights of the convention include a press, radio and legislative awards ceremony plus workshop sessions for county officers and directors.
