Breakfast Club To Receive Charter

By BARBARA SWIMMER
Staff Writer

Charter Night for the newly formed Kiwanis Club of Hereford, Whiteface Breakfast Club, has been scheduled for Friday at 8 p. m. at the Bull Barn, according to the Lt. Governor Division 6 of the Texas-Oklahoma District.

Presenting the charter to the club, of which Earl Stagner is president, will be Governor of the Texas-Oklahoma District Aubrey Irby.

This is the second club sponsored by the Kiwanis Club of Hereford in the past five weeks, the other being the Kiwanis Club of Dimmitt which was chartered April 21. President of the Dimmitt club is former Hereford resident Jerry Summers.

Because of the unusualness of sponsorship of two clubs in such a short time, visiting dignitaries of Kiwanis International

from the entire United States will be attending the event.

Guest speaker for the evening will be T. R. Johnson of Denver, Colo. who was named treasurer of Kiwanis International in July of 1968 at the 83rd annual international convention of Kiwanis in Toronto, Canada.

A Denver banking executive, Johnson has served in numerous offices of local, district and international clubs.

Active also in the leadership of his community in affairs other than Kiwanis, he is a member of the Denver Chamber of Commerce, and of the Friends of Denver Public Library. He is a past director of the Denver Better Business Bureau, and a former member of the Metropolitan Safety Council and of the Governor's Safety Committee.

Johnson is a retired U. S. Army Reserve Colonel and was senior warden of the Church of the Ascension. He and Mrs.

Johnson have two married daughters and four grandchildren.

A veteran of World War II, Aubrey Irby, who will present the charter, is the president and general manager of KZAK Radio Station at Tyler, and is a member of the Tyler club having served as president and chairman of numerous committees.

While serving as president of the local club, it doubled its membership and formed a breakfast club with 30 members.

He served as Lieutenant Governor of Division 14 in 1966, District Chairman Support of Churches in 1967, Governor in 1968 and District Governor in 1969.

An active member of the Baptist Church in Tyler, he and his wife Margaret have three children.

Other guests from Tyler include the district secretary B. W. "Bill" Wallis and Jack

Cates, district bulletin editor.

Employed by the Utilities Company, Wallis is a past president of the Tyler Downtown Club. He is a tremendous asset to the Texas-Oklahoma District.

Cates is an architect at Tyler and has done a great job with the Ki-Notes.

Other guests for the occasion will be Brad Yock, Governor of Key Club, Texas-Oklahoma District and Edward C. Keefe, District Chairman of Key Clubs and past international president from Oklahoma City, Okla.

Also attending is D. J. Steuber, district treasurer, who lives in Amarillo and is employed by the United Fund of Texas.

The Hereford Kiwanis Club was chartered in 1950 with 26 members and has grown to a membership of 77. Five of the charter members are still in the club.

The new Breakfast Club has 35 members for their charter.

Large Number Recognized During Awards Assembly

By MARSHALL DAY
Staff Writer

Over 200 students and athletes were recognized at the annual presentation of Awards of Individuals assembly which was held in the high school auditorium Monday morning.

Johnny Clark, superintendent of schools, made the presentation of salutatorian Martha Morgan and valedictorian Kathy Fooks.

Scholarships amounting to over \$2700 were presented to 20 individuals. The American Legion Auxiliary Scholarship for \$150 was awarded to Kay Goldson and a \$400 scholarship from the Hereford Lions Club went to James Simpson.

Receiving the Dawn Lions Club Scholarship for \$100 was

Gary Crume and he was also the recipient of the \$300 Hereford Kiwanis Club Scholarship. Lenn Sambrano was the recipient of the \$100 National Secretary Association Scholarship and also a scholarship presented by the Paisano Lions Club.

Jimmy Halle received a \$100 scholarship from the Music Study Club of Hereford while Janet Anderson was awarded a scholarship by the Easter Lions Club. Whiteface Booster Club president Earl Stagner presented Elgin Williams a \$200 scholarship and John Stagner and Danny Boyer were awarded \$150 scholarships by the Key Club.

National Honor Society Scholarship of \$150 went to Dennis Downey and the Hereford Classroom Teachers Association Scholarship was presented to Renette Hubble for \$200. Tri-Hi-Y presented three scholarships for \$250 to Joette Hanna, Ann Fridy and Patricia Hale and the Beta Sigma Phi Sorority Scholarship went to Dell Sealy. Janet Anders on received the Easter Lions Club Scholarship for \$250 and Doug Greeson received the Viola Chisholm Art Award.

Recognized as the top 12 seniors were Miss Fooks and Morgan, Russell Phillips, Marvin in Readhimer, David Downey, Cindy Cavness, Patricia Hill, Robert Grady, James Simps on, Lynn Fisher, Jan Turrentine and Dell Sealy.

H-Awards, presented for outstanding achievement in various fields of academic and athletic study, were presented to Stephen Druilk, English IV; Laquita Robison, English III; Susan Rudd, English II; Larry Payne, Creative Writing; Karen Bain, Algebra II; Margaret Schlabs, Geometry; Dennis Downey, Trig and Analysis; Greg Chisholm, Biology; Katie Morgan, Chemistry; Karen Bain, American History; Sara Bell, World History; and Jan Turrentine, Government.

Also, Dennis Downey, Typing I; Anna Johnson, Typing III; Martha Morgan, Bookkeeping; Kathy Fooks, Shorthand; Karen Bain, Latin; Laurel Davis, French; Chris Loerwald, Spanish; Patricia Cooper, German; Diana Adams, Speech; Steve Ray, Drama; Elgin Williams, Woodworking; Ross Baird, Metal Working; Sheldon White, General Drafting; Bill McMinn, Architectural Drafting; Mike Brumley, Power Mechanics; Danny Thompson, Crafts; Diana Adams, Vocational Homemaking; James Simpson, Vocational Agriculture; John Goodwin, DE; John Cantu, ICT; Kathy Skypala, VOE; Louis Garcia, Auto Mechanics; Dusty Duncan, Building Trades; Melody Ott, Cosmetology; Gary Sides, Electric

Trades; and Diolanda Mariscal, Vocational Adjustment.

Recognition was also given to Weldon Knabe, Boys P. E.; Mary Winter, Girls P. E.; Gail Rusher, Volleyball; Danny Boyer and Sandra Lemons, tennis; Billy Ohlig, Football; Bill McMinn, Basketball; Sheldon White, Baseball; Steve McAndrews, Track; Russell Phillips, golf; Luann Kendall, Round-Up; Gary Crume, Round-Up; Laquita Robison, Whiteface; Rosie Rogers, Choir; Dennis Downey AWARD, Page 2

Brothers Are Charged After Sunday Affray

Charges of being drunk and causing a disturbance were levied against two brothers early Sunday morning after a fight broke out during a dance at the Jim Hill Hotel. Daniel and Larry Barera of Hereford, were taken into custody early Sunday morning after a disturbance brought out a number of off duty police officers, sheriff's deputies, highway patrol and an LCB agent. The officers responded to a call for help from a city policeman who was attempting to break up the fight without success. Two other officers who were on duty at the time came to his aid and when the crowd at the dance attempted to shield one of the brothers from the officers, the off duty patrolmen were called to the scene. The incident happened about 1:15 a. m. Sunday morning.

One of the brothers, Larry Barera, was also charged with escape from lawful custody of a police officer. He had been handcuffed and placed in the patrol car by the city patrolman but escaped when the officer went back into the Jim Hill ballroom to assist others in dispersing the crowd. However, he surrendered to officers Monday afternoon about 5 p. m. and was fined \$50. Daniel Barera was released on bond pending setting up a trial date.

In an attempt to disperse the crowd at the dance, a city patrolman fired several shots of chemical mace into the air. Two shots were also fired into the ceiling of the hotel ballroom.

AWARDS ASSEMBLY — Awards and scholarships highlighted the annual Awards Assembly at the high school Monday morning as shown here, in top photo, Lanny Buck receiving a \$100 scholarship from Mrs. Richard Golden of the Dawn Home Demonstration Club and in bottom photo, 1969 football captains (from left) Gary Crume, Larry Guinn and Bill Cole present the district football championship trophy to high school principal Bill Michael. —Staff Photos

Shrine Clinic Is Set For Saturday

Fourteen of the state's leading medical and surgical authorities will be in Hereford Saturday to work the annual Oasis Shrine Children's Clinic, scheduled to begin at 8:30 a. m. at the Community Center.

Included in the all-day free clinic is Dr. Don Ryan, Speech, from Denton; Dr. Dean Harris, Audiology, from Dallas; Dr. J. E. Miller, Radiology, of Dallas; Dr. Tom Nash, Neurology, of Dallas; Dr. Maurice Dyer, Pediatrics, from Amarillo; Dr. Robert Leachman, Cardiology, from Houston; Dr. Norman Wright, ENT, of Amarillo; Dr. W. C. Sellman Jr., Plastic Surgery, of Dallas; Dr. C. E. Hicks, Cardiology, of Hereford; and Dr. J. E. Loveless, Orthopedics, of Dallas.

Also, Dr. Richard Shirley, Orthopedics, of Dallas; Dr. James Bertz, Dentistry, of Dallas; Dr. M. W. Nobles, Radiology, of Hereford. This year's clinic studies the 14th year that the Shriners of Dear Smith, Castro and Parmer counties have sponsored the event, according to C. P. Worthan, Oasis Shrine president.

The clinicians point out that a regular physical check-up for a well child is not the purpose of this clinic. The day is arranged for children to see specialists free of charge; specialists gathered in one building so that children's parents do not have to spend the time or money necessary to take the child from one specialist to another in different cities.

The clinic was started in Hereford with a lot of the organizational credit being attributed to Dr. L. B. Barnett, now of Center, Colo. Dr. Barnett saw the need for help for children, particularly children who were crippled because of polio. When the clinic first opened, many children were having to receive special treatment because of the crippling disease. Even though polio crippling has virtually been eliminated, children are still needing special attention in many areas according to Dr. A. T. Mims of Hereford Medical and Surgical Clinic. This day is devoted to assisting these children in having the proper diagnosis and recommendations. See CLINIC, Page 2

School To Begin In August, Band Split

By EARL MOSELEY
Staff Writer

School calendar approved by the Hereford Independent School District Board of Trustees for the 1969-70 semester will have classes beginning on Wednesday, August 27 — in the week prior to Labor Day.

One reason offered for the early starting date is that many colleges and universities throughout the country follow this practice. Another problem encountered along these lines (to extend school 179 days) is that Christmas and New Years Day will fall on Thursday, making it virtually impossible to maintain attendance immediately prior to and following them, school superintendent Johnny Clark Jr. pointed out. Therefore, the Christmas holidays are to be extended two full weeks.

Moreover, the Easter holidays are to be extended one full week.

Enrollment is set to begin Aug. 25-26 with a Labor Day holiday the following week. Thanksgiving will have two days (Thursday and Friday) and Christmas will be declared a holiday because of the TSTA District XVI meet.

Another of the many topics discussed at the Monday meeting of trustees ending the 1968-69 semester was the summer school program. Summer classes are to be conducted in the elementary schools under a tentative grant of \$96,135 with Mrs. Naomi Hopson in charge and Hereford High School is to conduct its regular summer program.

On the basis that the principal at Hereford High School has been on an 11-month pay basis until now (various people have worked the extra month without pay in past summers), trustees rectified the situation by adding the extra month on regular salary (approximately \$1,000) from local funds. However, it was pointed out that both principal G. W. Michael and assistant principal Keith Munnerlyn will be out of the city during the summer this year and a "summer" principal will be appointed later.

Under the summer school grant for elementary school pupils (kindergarten through sixth grade), 20 teachers and 20 teacher aides, along with two physical education teachers, one library, music, counselor, and a bilingual social worker will be employed. Clark described it as a migrant program "that is more than just preschool. It is for the children of migrant parents already in school who are having difficulties with the English language and with An-

gio children who are also having difficulties with their studies." He also pointed out that the program will give summer employment to "some of our better teachers."

The Hereford school system will be adding sixteen to eighteen teachers beginning with the fall semester, it was reported.

BAND TO SPLIT

Also approved by the trustees was a \$300 raise for Hereford High School band director Ben Gollehon after a review of the sweepstakes awards the band has received in state competition.

However, in view of the size of the high school band (155 members), plans are now underway to split it in half and hire an additional band director — who will also help with the junior high bands.

Dr. Milton C. Adams, commander of the Hereford Composite Squadron of the Civil Air Patrol, appeared before the board to voice appreciation toward the performance and conduct of the IHS band (the official Texas CAP band) who were first-place winners at last week's Adams said that due to the Vietnam war there was airlift space for only 78 band members and "fifteen of them had an opportunity to fly the plane — change course, ect., under supervision. I think that is a real step in the right direction."

On the matter of local graduation requirements, Clark reported that there has been some confusion with parents and students who have transferred here from other schools and "a survey is out now to see what other schools are offering regarding required courses." The survey is to be looked over at the June meeting.

Clark reported that the local school system has applied for a Vocational Administrative unit. Under transportation, report was made that the 72-passenger and special education buses should arrive here "before September," although they were a month or so late in submitting the order.

Ralph Owen, Wilburn A. Rex and Rex Lee were appointed to the Hereford Independent School District Board of Equalization. Among the teachers elected was Ronald D. Mayberry who is to become basketball coach here. Mayberry, from Van, Texas, previously played basketball during 1955-56 and has a good coaching record, it was reported. Married, his wife Jeany has also been elected as a teacher here. They are parents of a See SCHOOL, Page 2

New Feedlot Slated

Construction is scheduled to begin within the next few days on an additional 20,000 head capacity commercial feedlot located approximately 3 miles north of Summerfield just off Farm Market Road 1057, according to W. T. Carmichael, president of the newly formed feeding organization. Carmichael also announced the purchase of the interest of Ray Carlisle in the elevator facilities of Plains Farmers Gin located two miles west of Summerfield. Estimated cost of the elevator and the completed feeding operation is \$1.5 million.

Other officers and stockholders in the organization, which has not been named at this time, will be Frank Benzer, vice president; Hilrey Aven, secretary-treasurer; and directors Harry Alban, Seymour Alban, C. J. Berend, R. T. O'Daniel, Sidney E. Wasserman and S. Albert Mole.

Carmichael told the Board Tuesday that the elevator will continue to serve the farmers of the area as well as being a source of grain for the proposed feed lot. Allan Brockman has been hired as manager of the elevator.

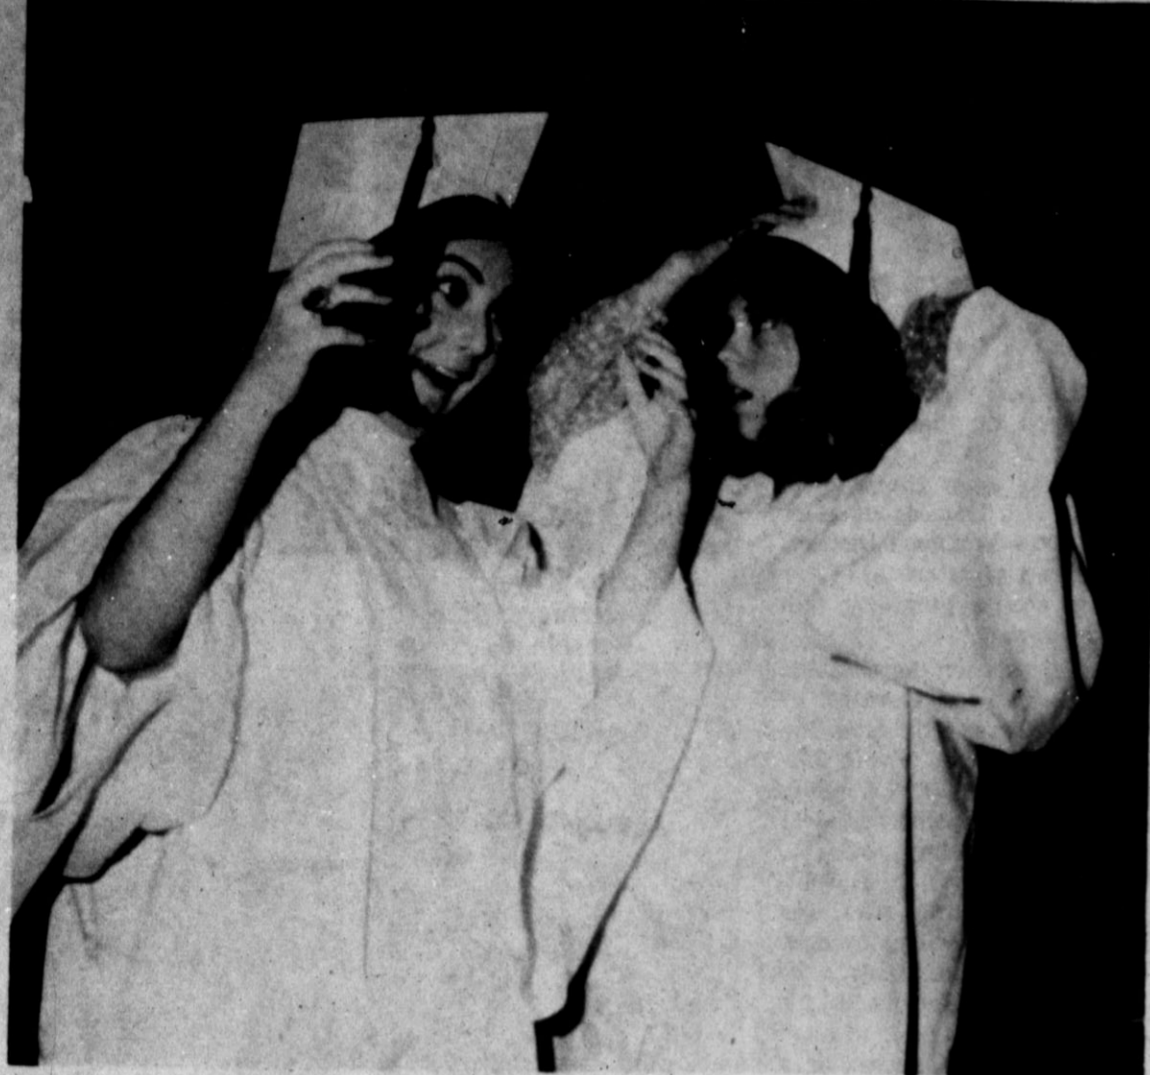

Carmichael said that announcement of the feed yard manager would be forthcoming within a few days.

Colt League Tryouts Begin

Tryouts for the second year for the Colt League will be held today and Friday beginning at 5 p. m. at the high school baseball field, according to Floyd Driver, president of the organization.

All boys 15 and 16 years of age are urged to attend the tryouts as there will be 3 teams in Hereford this year. Last season, there were only two teams, but Nazareth, who was in the league last year, dropped out and to compensate for the loss, Hereford was forced to add another team.

League rules state that a team must uniform at least 12 boys and for the league to continue, a minimum of 35 boys are needed at the tryouts. As many as 45 boys will be needed to completely fill the rosters of all three teams.

FAILED?!!! — Luann Kendall and Debra Walden, Hereford High School seniors, look as though they have just received word that their graduation will have to wait another year. Actually, seniors had just received their caps and gowns and emotions ran amuck for a short time while everyone tried their white garb on for fittings. — Staff Photo

Awards . . .

(Continued from Page 1)
 American Field Service students Sharon Watson and Theo Ten Have were recognized.
 College scholarships were recognized as Marvin Readhimer received an academic scholarship to Rice University with an \$1800 a year scholarship; Mike Kemp, music scholarship to West Texas State University; Larry Guinn, scholarship for football to East Central State College, Ada, Okla.; Jim Loerwald, football scholarship to Sul Ross State College, Alpine; Billy Ohlig, football scholarship to Panhandle State College, Goodwell, Okla.; Sheldon White, baseball scholarship at Eastern New Mexico University; Stephen Dziuk, accepted for the National science foundation summer program for high ability secondary students at Northern Arizona University, Flagstaff, Ariz., June 16-18 and he was also accepted to Southern Methodist University; and John Cockerham, accepted for the national science foundation summer program in chemistry, physics, and computer science for high ability secondary school students at Loyola University, New Orleans, Louisiana.
 Outstanding teenagers awards were presented to Patricia Hill, Lanny Buck and Marvin Readhimer and Miss Buck also received the Dazzlers of American Revolution Award. The Crisco Award for outstanding

Home Economics Students was presented to Joette Hanna.
 Recognized and presented their ribbons, and plaques for recent WTSU Industrial Arts Fair winners were Manuel Gallegos, Ross Baird and David Campos, Research Division; Robert Gordon, Jeff Massie and Larry Kuper, Model Division; David Jesko, Foundry Division; Campos, Gallegos and Baird, Research first place winners; Robert Gordon and Jeff Massie, Model; David Jesko, Foundry; and Kay Euler, Ceramics.
 Second place ribbons in the WTSU Fair went to Keven Patton, Cross Bow; Steve Jones, Power Mechanics; Gary Goheen Metals Written Test; Pat Brinkman, Woodwork; Linda House, Ceramics; Roy Reinart, Metals; Francisco Perez, Metals; David Cupell, Power Mechanics; Larry Kuper, Recreational Division; Pat Brinkman, Metals Written Test; and Sam Haschke, Metals.
 University Interscholastic League winners in literary competition included Pam Campbell and Diana Adams, second place in girls debate; Mary Keyes, first in girls informative speaking; Judy Hollingsworth, second in girls poetry; Diana Golden, third in girls prose; Kenneth Justice, second in boys informative speaking; Prehn Nanninga, second in boys persuasive; Bob Nelson, third in boys prose; Kevin Young, second in sliderule; Pat McCutchen, and Debra Huddleston, third in spelling; Stephen Dziuk, first in science; Steve Ray, one act play all-star cast; Patsy Paetzold, third in sliderule; and in regional, Mary Keyes, third in girls informative speaking; Dennis Downey, third in typing; Stephen Dziuk, fourth in science; Kevin Young, fifth in sliderule; and Jane Zinzer, fifth in journalism.
 At the state Industrial Cooperative Training meet, girls who placed and were recognized at the assembly included Melody Ott, excellent in wig styling and outstanding VICA girl; Bonnie Walker, superior with her notebook; JoAnn Coffee, very good in wig styling; and at the state VICA Contest at Irving, Miss Ott received an excellent in wig styling and Miss Walker an excellent in notebook.
 Graduates of Cosmetology include Janie Beltran Gomez, Jane Blea, Rosemary Fangm a n, Geneva Pena, Salliean Scott, Lucy Garcia, Mary Pesina, Becky Jesko, Sherri Jones, Annie Nunley, Alice Tijerina and Judy Lee.
 VOE winner at the regional meet in Midland was Barbara Brown with her first in production typewriting while science fair winners for the Hereford fair, who were recognized included Steve Carrothers, zoology; Joe Angel, medicine and health; Steve Loveall, botany; Dennis Mosely, physics; Carl Brown, chemistry; and Paul Hendon, earth and space science.
 Senior girls who won at the local fair included Kelly Barber zoology; Jan Tremble, botany; Rita Schumacker, medicine and health; Deborah Murry, chemistry; Marilyn Janes, physics; Karen Bain, math; Patricia Hill, math; and Mary Ann Hoffman, earth and space science.
 At the Panhandle Science Fair, Deborah Murry was honor-

able mention in chemistry; Patricia Hill was third in math; Karen Bain was second in math; Carl Brown was second in chemistry; and Joe Angel was second in medicine and health.
 Representatives to Boys and Girls State were named and include Jane Zinzer with LaQuitta Robinson as alternate and Santry Rush and Dennis Hicks as the Boys State alternate.
 Hi-Awards were presented for perfect attendance and the presentation of trophies to the school of the athletic, band and choir departments ended the assembly.

School . . .

(Continued from Page 1)
 small child.
 Other teachers elected were Kathleen Kellogg, Catherine Tubb, Ann M. Homer, Johnny Griggs, June Owens, Dianne Moseley, Billie Penn, and Keith Taylor.
 Among the teacher resignations accepted was that of Bobby Graves, a football coach at Muleshoe who was elected last month. Word was received that Graves has decided to remain at Muleshoe.
 Resignations also included those of Tommie Bischoff, Treva Taylor, Anita Messenger, Joyce Bryant, Betty Smith, Danny C. Smith, Imogene Bagwell, Mary Owens, Floyd Payne, and Sandra Moore.
BUILDING PROGRAM
 Clark reported that sub-contractors had been let on the new elementary school building and that mill work is now being done, materials approved. "Although it appears that the football stadium improvements were begun first, such is not the case. Tierra Blanca School is in construction stages." However, he said that the building will not be completed until April 1970 or later.
 The school budget was amended with capital outlay with approval of the trustees. Clark reported that financially "we are in good shape" but that he felt it wise to build surplus amounts at this time in order to cover the overbid of the school stadium construction and the possibility of the state-wide teacher pay raise bill which might be approved soon. He said he could see no reason why such a surplus could not be built toward offsetting these additional expenses.
 Hereford board members were invited to attend a Borger school board meeting, with the Borger board, in turn, coming to Hereford. Arrangements are pending.

Baptist Church Has Open House

Open house and dedication services are slated Sunday afternoon for the Mexican Baptist Church, according to its pastor Rev. Herman Martinez.
 The congregation has recently purchased the building north of Sugarland Mall on 25 Mile Ave. which previously housed the Calvary Baptist Church.
 Open house is scheduled between 3 and 4 p. m., Rev. Martinez said. Dedication services are to be conducted at 4 p. m. with Dr. Dallas P. Lee, who is with General Baptist Missions in Dallas, as speaker. Special music is also planned and the message is to be delivered by Rev. Moses Padilla Jr. of Morton.
 The Baptist mission of the First Baptist Church in Hereford had its beginning in 1953 at the Labor Camp, Rev. Martinez said. In 1957, they moved to 215 Morton.

Bilingual Project Approved Locally

PESO Bilingual Program has been approved for Central and Shirley elementary schools in Hereford, according to assistant superintendent Roy Hartman, with the announced change that one bilingual teacher will work with two teachers in each school on a half-day basis, instead of the originally-scheduled four teachers.
 Hartman reported that the school administration is "very pleased" with the setback on the plan. "Obviously the one bilingual teacher working with two teachers instead of four will be much more beneficial to the student," he said.

County-Utilities Agree

Knox Parr of the Texas Highway Department appeared with the Deaf Smith County Commissioners in regular session Monday to set an agreement with the local utility companies who will be moving their facilities (pipe lines, poles, overhead lines, etc.) from Hereford city limits west to the Castro County line when U. S. 60 is broadened into four lanes.
 Precinct 2 Commissioner Marcus Latham reported that final revisions on the maps for the highway widening project are now in the works at Austin and may be ready within the coming month. The maps must be approved by the state before right-of-way purchases can be made.
 Latham stated that, upon receipt of the maps, a public hearing is to be scheduled regarding the right of way. Under the law the public hearing will be advertised a minimum of 30 days prior to the hearing date.
 Agreement was reached with Pioneer Natural Gas Company, Deaf Smith County Rural Electric Cooperative, and West Texas Rural Telephone Co-op to move their utility services on an actual cost basis to the county and state (who will share the cost on a 50-50 basis). Each company reported that work would possibly be done in the coming fall and winter months.
 Vernon Inmon, manager of the telephone co-op, also discussed the matter of underground cables soon to be laid throughout the country. Various routes and specifications were discussed in the project, which Inmon reported that bids are to be let soon.
 Commissioners also restated their ruling which prohibits dances on Sundays at the Deaf Smith County Bull Barn. They stipulated that this ruling also covers the operation of carnivals on Bull Barn grounds on that day. Only such events as reunions are permitted on his day, they said.

Clinic . . .

(Continued from Page 1)
 for their particular problem.
 Pre-registration forms for the clinic must be signed by a family physician, according to Worthan, and presented at the Community Center which opens at 8:30 a. m. Saturday. Children will be checked by a doctor at the Community Center and then directed to one of the specialists at Hereford Clinic.
 Follow up reports show that many children have had their problems eliminated or helped because of recommendations from the specialists during these one day clinics.
 Children from infants to 18 years of age are accepted in the clinic and no charge at all is made. Usually between 300 and 400 examinations are made during each clinic. About 150 children are seen — many children needing attention in more than one area.
 Treatment is not part of the clinic plan or intention. Children are referred to other places for specific treatment. The clinic does help to get children into hospitals or clinics where they can receive the proper treatment. Shriners check in September to see which children have received treatment and investigate the case if the child has not, to see if funds are needed to continue with that case.
 Many cases are sent to Scottish Rite Hospital in Dallas and Shriners have helped to arrange for children to receive treatment in the state's crippled children's hospital. Many times, local funds are used to pay transportation and expenses that seem feasible.
 Specialists and volunteers who work the clinic receive nothing for their time, but several have said that they appreciate the opportunity to come to Hereford to help the area children. They consider it one of the best opportunities to see children who would otherwise not get the medical treatment they need.

At The Library

Possibility Of Monster Is Real

A book telling of the discovery of fossils to make the existence of a monster more possible and a novel about a newspaper photographer out to find a murderer are just two of the new books now available at the Deaf Smith County Library.
THE GREAT ORM OF LOCH NESS, by F. W. Holiday, is a new book in the Library telling of the existence or non-existence of the Loch Ness Monster. This has been perhaps the most entertaining, the most baffling and certainly the most protracted minor mystery of modern times.
 Despite a long history of reported sightings . . . many of them bearing all the prima facie appearance of complete authenticity . . . the pro-Monster case has, until now, always foundered on the argument put forward by zoologists and biologists that no species of animal known to man could possibly correspond with the sum total of characteristics reported by "sighters." To this basic objection Mr. Holiday suggests an answer which, if accepted, is bound originally applied for 26 such units in the area, it was reported, but only seven were approved for funding.
 Hartman pointed out that only one other area school district is to have two such units — Amarillo. One each has been approved for Friona, Hart, and Tulia.

Farnsworth take a swing at Murdock, and witnesses the fight that followed — all of which took place only twenty-four hours before Farnsworth's body was found in his parlor.
 In a double game of hares and hounds, watched closely by the police, mugged and shot at by person or persons unknown, Murdock sets out on the trail that leads to a notorious hoodlum and a number of highly respectable and prominent citizens.
 Once again George Coxe — whose books Erie Stanley Gardner has called "uniformly entertaining, gripping and exciting" — has woven a web of suspense that will not fail to entrap and engross his readers.

Buddy Poppy On Sale May 28

Buddy poppies are going on sale in Hereford on May 28 by the American Legion Auxiliary, according to Poppy chairman Mrs. Ira Ott.
 These poppies are made by patients in Veterans Hospitals and the monies are returned to them from the sales.
 An annual sale, Mrs. Ott reported that the local Legion Auxiliary is now making plans for the pre-Memorial Day (sale is on Wednesday) Buddy Poppy campaign for downtown Hereford and possibly some of the area grocery stores.

Brunch Closes Club's Season

Reminiscences on 60 years as a Federated Woman's Club highlighted the program of Pioneer Study Club as it ended another year with a brunch at the Caisson House Tuesday morning.

Mrs. J. M. Gilliland, only charter member still active in the club, and Mrs. Bess Werner, another longtime member, were the speakers.

They and Mrs. Ray Johnson, program chairman, recalled early days of the club, which celebrated its 60th anniversary with a tea last month. Prominently mentioned were Red Cross activity of members during World War I, and the project of maintaining Mothers Park at the north end of Main Street, which began in the club's first year and still continues.

Plans were completed for members to act as hostesses for the registration-coffee period at the annual Mid-Plains Pioneer Reunion here May 30, a duty they fulfill each year. They will wear costumes suggestive of women's dress in the city's

pioneer years. Officers made their annual reports including announcement by Mrs. Ralph McCullough, chairman of the bulb sales project which is the principal source of club funds, that bulbs are already on order for sale next fall. She and Mrs. O. G. Hill Sr., treasurer, made final reports on the anniversary tea.

In Mrs. Ted Panciera's report as vice president was the item of 101 hours given by members in hostess duty at Deaf Smith County Museum, another project to be repeated in the coming year. Mrs. L. B. Lookingbill summarized events of the recent spring convention at the Top of Texas District, Texas Federation of Women's Clubs.

Mrs. Delmar Sigle, president, and Mrs. McCullough presented a gift to Mrs. Floyd Coleman, society editor of The Hereford Brand, in appreciation for club publicity in the newspaper. Mrs. Frank Ball led the opening flag pledge.

Hostesses for the brunch, Mmes. McCullough, Panciera and Werner, had decked tables with a profusion of garden flowers arranged in straw hats. Each place was marked with a bouquet of tiny blooms in a miniature hat.

Members present included Mmes. W. C. Hromas, A. L. Manjeot, Mary Seigler, Wirt Phillips, J. V. Pickens, Allen Bell,

Medicare Switch Explained

Hospital Out For Voters

Total absentee vote has risen to 7 in the \$500,000 bond issue election for the 26-bed addition and other improvements at the Deaf Smith County Hospital by Wednesday afternoon, according to the County Clerk's office.

Election date is Tuesday. However, absentee balloting will continue here through Friday.

Hospital administrator T. E. Seigler reported that he felt "the voters here understand the need for hospital expansion and the importance of the bond issue" and that the only fear he and hospital board members have is "voter apathy" should they not go to the polls.

"I feel we have done all we can do to explain the situation toward overcrowding at the hospital," Seigler said. "We've been honest and sincere — and we feel that we would have been derelict in our duties if we hadn't planned expansion at this time. At our present rate of growth, we will be seriously overcrowded in the future."

But he was descriptive in the importance of the vote totals: "A good example is the recent Hereford Independent School Board election. Then, only one vote made the difference between two of the candidates. One vote means a lot."

Seigler said that he and the board members had discussed the matter of the voter at their Tuesday morning meeting. "None of us have heard any opposition to the expansion plans. But since there is no organized opposition, there is a possibility that people think it isn't necessary for them to vote. Of course, this isn't the case. Certainly those who are opposed will go to the polls — we need the others to go to the polls too."

He stated, "Frankly, whether they are for it or against it, we still want them to go out and vote. The recent city and school bond elections have shown voter strength here — which is impressive. We would like to see the same faith displayed at the hospital bond election."

The city bond election on July 16 for water facilities had an affirmative vote count of 1,097 with only 44 against — which gave the city its largest total

Fred Barrett, Bural France, Homer Rudd, William Wimberley, P. B. Sowell, Henry Hastings and H. E. Miller.

vote in history. Not far behind it was the new elementary school-football stadium improvements bond election on Oct. 11. The school vote tallied 846 and 145 against — the stadium was 723-288 on final count.

However, Seigler said that there had been reports of misunderstanding over converting the hospital's present obstetrics department into a Medicare unit. He said the confusion here has resulted in the fact that there are no sanitation facilities in this department.

"What we plan to do with this unit," he explained, "is to make it into an extended care unit for bedridden patients — only those who cannot possibly get to their feet. It does not mean that the other Medicare patients will not be put into other departments. Those who are able to get to their feet will be placed elsewhere. In fact, in slack hospital periods we plan to put all Medicare patients downstairs."

Seigler said this practice would also represent a savings for both the hospital and the patient. "We can keep down costs in these slack periods by placing all Medicare patients in other parts of the hospital. The staff

is the hospital's largest overhead expense. During these slack periods, we will have the nurse's take their earned vacations. All people can appreciate this. They share in the savings."

Clark, Holman, Hopson At Meet

Hereford schools superintendent Johnny Clark Jr. and assistant superintendent Robert Holman left for Dallas early Tuesday morning to attend the Conference On Educational Innovation, Confrontation With Change and are scheduled to return today.

Mrs. Naomi Hopson, counselor, has been in Dallas since Monday, where she had the opportunity to inspect the new school at nearby Plano (which the local administrators and trustees inspected prior to letting bids for construction of the new Tierra Blanca Elementary School here.)

The three, in the conference at the special invitation of Dr. J. W. Edgar of the Texas Education Agency, were to view programs on new instructional aids for elementary schools — transparencies for drama and linguistics, Programa de Educacion Interamerica with developed resource materials on Latin America for social studies, model learning center for mentally and physically handicapped featuring community and parental involvement, team teaching and flexible organization to lead to individualization of instruction in elementary school, a bilingual elementary program,

District Head Is Club Guest

With the president of First District, Texas Federation of Music Clubs, as program guest, Dawn Music Club closed a year with a luncheon in the home of Mrs. R. T. Stewart Tuesday afternoon. Mrs. M. G. Mathis of Amarillo was the visiting speaker.

Her talk was in observance of Federation Day, calling attention to value of state and national affiliation for music clubs to accomplish more than a local club can attempt. Mrs. Carl Wimberley presented the final lesson in a year's study course of Music Throughout the world. Music on the program featured piano solos. Mrs. Mathis played

popular selections, Misty, More and Maple Leaf Rag; Mrs. R. E. Curtis's solo was Finlandia (Sibelius); Mrs. Wimberley played Norwegian Bridal Procession and Mrs. Robert Strain, in The Hall of the Mountain King, both by the Norwegian composer Greig.

The hostess presented the final piano number, Rustle of Spring (Slindig) and Mrs. Jerry Haley added accordion selections, Lara's Theme and When I Grow Too Old to Dream.

Mrs. Carl Kleuskens and Mrs. A. O. Thompson were other guests of the club. Other members at the luncheon were Mmes. Clarence Betzen, J. B. Caraway, Edgar Lemons, Walter Lemons, Roy Manning, H. V. McCabe, Alfred Smith and Edgar Sowell.

teaching English as a second language in the primary grade, utilizing television and video tapes in music.

Other programs include junior high and high school innovations and the strengthening of home-school ties.

Among the nationally-recognized authorities on educational change who were set to speak included Dr. J. Richard Suchman, director of the Ortega Park Teachers Laboratory at Menlo Park, Calif., and Dr. Kenneth E. McIntire, professor of Educational Administration of the University of Texas in Austin.

Site of the conference was the Baker Hotel.

Vaughn Is On Band Staff

WEATHERFORD, Okla. — Another attendance record is expected to be broken here this summer when Southwestern State College holds its fourteenth annual band camp.

The week-long session is scheduled July 6-12 for students in grades seven through the freshman year in college, according to Harlan Lamkin, Southwestern band director.

The camp will have four different bands, with assignment of students determined by auditions.

Among the members of the instructional staff is Randy Vaughn of Stanton Junior High School, Hereford.

Helium is produced by the radioactive decay of uranium and a few other elements. Alpha particles given off by certain radioactive materials are merely helium nuclei.

with the Marnells here before continuing on to a convention at San Antonio.

Marnell said the Blairs were fascinated with Hereford and shot many pictures of its feed lots, cattle, and Holly Sugar plant.

Marnell Paid Unusual Visit

F. A. "Spec" Marnell of Hereford had a visitor last week whom he hasn't seen for 25 years — since the D-Day (June 6, 1944) invasion of France during World War II.

His visitor was Rev. Burton Blair, now a Presbyterian minister at Sioux Falls, S. Dak. The Rev. Blair and his wife had an opportunity to spend two days

Water Importation Delayed By Action

Water importation for the High Plains was dealt a blow last Monday, when the Board of Directors of Water, Inc. voted down a proposed legislative bill to allow the people to form a water authority. The water authority would have been a taxing agency not only meeting federal reclamation requirements of being able to contract for and sell imported water, but also would have been able to finance the selling of the concept to the entire nation.

The tax outlined in the bill was 5 cents on \$100 valuation. At a valuation of 20 percent of market value, most homeowners, for example, would pay less than \$3 per year toward the effort necessary to secure imported water to the area. If all the Texas High Plains were organized into such a water authority, an annual budget of about \$1,000,000 would be assured to carry out the task of making economic studies and performing other activities to show the rest of the nation that the loss of High Plains agricultural economy would be very costly to all national business interests.

It has been proven that the High Plains is running out of underground water. Its agriculture is one of the most productive and advanced in the nation, but it depends upon a large quantity and a dependable course of water. To a great degree, all forms of business activity in the High Plains depend upon its agricultural economy. The people of this area might find out sooner than they would like that no imported water means almost no agriculture, which means almost no business at all.

The water import project would be federally financed and then be repaid over a period of from 50 to 100 years. If it is authorized and appropriated in Congress, the federal government would expend some \$8 billion dollars to finance the construction of canals, reservoirs, pumping stations, and other facilities. Of course, if the water originates at the Mississippi River, the people of Louisiana and other Delta states would have to support the project, which they would, provided no water would ever be pumped out unless it clearly had no beneficial use to them, and if they acquired considerable benefit from the project.

Competition for the federal dollar is generally recognized, and it is believed by most leaders of county water associations in the High Plains that an educational program is needed to help the people throughout the

region to realize the importance of agriculture in a time of expanding population. They need to know the value of local agriculture, which includes the cattle feeding industry, to the national economy, and the need to conserve and put to beneficial use its precious water resources. These leaders believe that such a task requires a dependable source of income and enough finances to employ a competent staff, a public relations firm if needed, and to do a worthwhile job in time to secure water before agriculture declines drastically and people move away in hoards, according to officials of Deaf Smith County Water Association.

The main purpose of forming a taxing water authority was to have a dependable source of enough money to do the selling job and to spread its cost to all the people, since everyone has a stake in the matter. In this way, all property owners in the area of the authority would contribute, and the cost would not be borne by a few. Further, the people would testify to their desire to maintain irrigated agriculture and to support the water import project.

Many observers are convinced that the water program is a race against time. It takes a certain number of years to go through each step, such as Congressional action, or construction of the delivery system and the distribution networks. Delay on the part of people in the High Plains is most regrettable and extremely unfortunate.

However, if enough people

Workshop Set By Hereford Garden Club

Post-season activity for Hereford Garden Club will be a workshop on civic beautification and therapy projects this afternoon, Mrs. Ray Johnson, president, has announced.

Members will meet at 3 p.m. at Kings Manor to work with residents of that retirement home on a plot which the club maintains on the grounds. They will go on to Hereford High School for work in the memorial rose garden on the campus, then to the Campfire Girls Lodge where a beautification project began this year and will continue through another year.

The club ended a season of study and activity at a luncheon last Friday, when new officers were installed.

Emergency Care Course Offered

The first practical course on emergency care and transportation of the sick and injured to be held in the Northwest Texas Area is scheduled May 21, 22, and 23 in the auditorium of the Psychiatric Pavilion of the Northwest Texas Hospital.

Invited to attend the three-day course of lectures and demonstrations are ambulance attendants, policemen, firemen, safety engineers, rescue squads, nurses, public health, civil defense, and other officials or private citizens dealing with the handling of persons who are sick or injured due to accidents.

This course is given free of charge and is expected to attract attendance from a seventy-five mile area around Amarillo. It is given by the Texas State Department of Health and the Potter-Randall County Medical Society.

The death rate from accidental injuries can be reduced by improved training of emergency personnel according to Dr. Henry E. Martinez, a local Amarillo doctor who is acting as Program Chairman for the training school. A fast ride to the hospital by ambulance or other means has practically never saved a life. There is often only a few minutes to reestablish heart action and breathing, time too short for even a 90 mile-an-hour trip to the emergency room of the hospital. What is really needed are people well trained in emergency care to prepare the injured for transport. This means being able to make a quick survey, to determine medical priority, and to take the necessary life-saving measures.

To furnish this instruction, doctors and nurses from the Northwest Texas Area and members of local police and fire organizations and others will speak and demonstrate on a wide range of subjects, including resuscitation, cardiac massage, splinting of fractures, burns, and other medical emergencies. Aid to snake and spider bite victims, smoke and gas hazards, handling of emotionally disturbed patients, emergency childbirth, and traffic control at the accident scene will be covered.

with foresight have sufficient interest and are ready to do something about it, they will cause a change in organization so their leaders will no longer sit on the job, will stop quarrelling among themselves, and will get busy in a dedicated task of getting us water, rather than being so concerned about maintaining control, the official said.

No Injuries Are Reported

No injuries were reported in three accidents this week according to investigating officers.

Damage to two vehicles was estimated at \$430 in a collision at the intersection of Park Ave. and Miles Ave. Tuesday afternoon. Cars involved were driven by Jimmy Lee Daniel of Amarillo and Mary Beckman Dzuik of Rt. 4, Hereford.

The Dzuik automobile was traveling west on Park, meeting the Daniel car which was traveling east. Mrs. Dzuik attempted a left turn into the path of Daniel. The collision resulted.

An accident Saturday morning on Hwy. 385 at the intersection with W. 3rd and Clement Ave. involved cars driven by Hattie Grimm Gallagher of 722 Thunderbird and Billy Jack Kuykendall of 418 Long St.

Both vehicles were traveling south on 385 when the collision occurred.

A minor collision occurred Monday at Sta and Union Sts. when Mary Gooch, 220 Ave. J backed into a parked vehicle owned by Richard Patton.

and Mrs. Roy M. Landers, 205 Higgins, and Jo Ann Hershey, daughter of Mr. and Mrs. Harold Hershey, 309 Ave. B, were among the ten finalists in the Region-I contest.

Hosting the awards banquet was the Floyd County Soil and Water Conservation District at the Ducan Elementary School Cafeteria last Friday evening.

The theme for this year's contest was "How Conservation Helps Texas" and approximately 50,000 entries were judged. From the 50,000 ten winners were selected for Region-I which covers all of the Texas Panhandle and South Plains.

Attending the banquet from Hereford were Eldred Brown, chairman, board of supervisors, Tierra Blanca Soil and Water Conservation District; Mrs. Eldred Brown; Gerald McCathern, supervisor, Tierra Blanca Soil and Water Conservation District; Mrs. Joe Landers; Mrs. Roy Landers; Mr. and Mrs. Stanley Fry and Edward; Mr. and Mrs. Harold Hershey; and J. C. Brown, District Conservationist with the local SCS office, and Mrs. Brown.

Mr. and Mrs. R. C. Chism and children of Romero and Mr. and Mrs. Ed Pinnell and children of Channing visited Sunday.

BACKWOODS BOATS

For fishing backwoods lakes and streams, "cartoppers" are the answer.

These compact, lightweight floating packages provide the only solution to fishing streams too deep for wading and small inaccessible backwoods lakes seldom visited by most anglers.

While most of the emphasis these days is on glamorous large runabouts and cruisers, by no means has the small fishing craft left the outdoors scene. They are available in a wide variety of designs and sizes to fit a multitude of tasks, say the authorities at Mercury outboards, who offer a few pointers in selecting the proper hull.

Since portability is the basic requirement, confine your search to boats weighing under 120 pounds. You'll be doing plenty of lifting and carrying, so the lighter the better. Aluminum construction seems to be the best all-around choice, but strip-canvas designs that will accommodate an outboard and certain fiberglass hulls are suitable.

Canoes, the original backcountry craft, are natural cartoppers. Easy to handle, they're ideal for fishing rivers or small lakes. Aluminum canoes are especially light, won't soak up a additional pounds and take a beating. Choose a square stern model, hitch on a small outboard, and you seldom have to pick up a paddle.

Small skiffs are handy, too, and they offer more freedom of movement by occupants. The flat-bottom, square-end John boats are the best fishing platforms in calm waters. However, they can be tough to maneuver when a strong wind starts kicking up whitecaps.

Select your fishing rig with an eye toward the type of waters you'll be fishing most often and keep it light, advise the Mercury lads, then start looking for those lonely spots bypassed by the less adventurous. You'll discover a lot of action that's reserved exclusively for cartoppers.

Give That Graduate A New Bulova or Accutron From COWANS

afternoon with the Roscoe Pinnels.

Rita and Dude Speed entertained Mr. and Mrs. Ralph Guest and Mr. and Mrs. Joe Speed with dinner on Mother's Day.

The last meeting of the school year for the Adrian PTO was held Monday at 7:30 p. m. The program was Firearms Safety with Lt. Marvin Richardson of the Amarillo City Police.

There was also election and installation of the new officers. New president is Leland Burns, vice president-Don Travis; and

secretary-treasurer, Mrs. R. Lee Petty.

Hosts for the evening were Mr. and Mrs. Leland Burns, Mr. and Mrs. R. Lee Petty, Mr. and Mrs. Burnie Scott, Mr. and Mrs. M. H. Zaring, and Mr. and Mrs. George Gruhkey.

Dallas was the scene of the State Future Homemakers of America convention. Jan Cavin, Linda Engle, Jackie Lovelless and Mrs. Gayle Galley attended May 1, 2 and 3rd. They stayed at the Statler Hilton Hotel. While they were in Dallas, they visited Western Publishing Company, The Apparel Mart,

shopped at Neiman, Marcus and other stores. They went to the top of the Southland Life Insurance Company Building & on top of the First National Bank Building.

The meetings were held in Dallas Municipal Auditorium. On Saturday they left for Six Flags Over Texas and spent the night in The Inn of the Six Flags. They returned home on Sunday.

Mr. and Mrs. M. H. Zaring spent some time last week at Ute Lake.

The Caprock 4-H Clothing

Group met Wednesday afternoon in the school homemaker room. The discussion was on the clothing project and dress revue Mrs. Audrey Gruhkey met with the girls.

Mr. and Mrs. Morris W. Blankenship will make a long-awaited trip to the British Isles this summer, shortly after their son Sidney Duane Blankenship, 25, takes his exams at Mansfield College of Oxford University.

Blankenship was an honor student at Adrian High School, where he graduated in 1962, and at Abilene Christian College, where he received a bachel-

ors degree in 1966. He has scored some impressive "firsts."

He is the only American ever named president of the student body of an Oxford College. He also has captained the rowing team this year, a rare occurrence.

Scaling the heights is nothing new to the religious education major. After graduating as valedictorian of his high school class, he went on to scholastic honors at ACC. At the Abilene college he was vice president of the student association, junior class vice president and president of the 28-member student senate.

After receiving his degree, Blankenship went to Edinburgh, Scotland, for a period of study and later transferred to Mansfield, near London.

Blankenship expects to teach on the college level. If, he says he can "make his examinations this summer."

In the eyes of one of his most verbal boosters, Mrs. Hazel Chilton, now retired, but a teacher at Adrian for 21 years, there seems little likelihood he would not. Mrs. Chilton, his seventh and eighth-grade teacher, won't make the trip for Oxford graduation, but she plans special greetings to be transported by

Blankenship's parents, who farm in the Sims Community, south of Adrian.

Vickie Inman On Dean's List

COLUMBIA, Mo. — A total of 155 students in the School of Journalism, University of Missouri-Columbia, achieved honor status by winning placement on the Dean's List during the 1968-69 fall semester, Dean Earl English has announced.
 Making up the Dean's List are juniors and seniors with point averages ranging from at least 3.00 through a maximum of 4.00.

On the list is Vickie Loretta Inman, daughter of Mr. and Mrs. Burke Inman Sr. of 416 Star in Hereford. She is a senior student. Miss Inman worked on the staff of the Hereford Brand during the previous summer.

EVERY OCCASION CALLS FOR FLOWERS

Herd Is Knocked From Title Picture

All hopes for a possible district crown eluded the Whitefaces last weekend when they dropped a doubleheader to the Canyon Eagles, 5-1 and 2-1.
 Kevin LaFleur, seeing his first district action on the mound, held the Eagles to two hits, but the bats of his team mates failed to respond as they managed only two hits themselves.
 The first game of the doubleheader, which had previously been only a single game but was rained out, was played only five innings due to time.
 Hereford got on the score board first with their lone run in the bottom of the second inning when leftfielder Gary Crume got a base-on-balls, advanced to third on a fielder's choice, and scored on a single by second sacker Randy Ragan.
 Canyon scored their only two runs in the bottom of the third frame when their centerfielder reached first on an error by the Whiteface shortstop and scored on a double by the Eagle leftfielder. The leftfielder then scored on another double by the Cahyon short stop, giving them the margin of victory as they set the Whitefaces down in order the remaining two frames.

Sophomore Alan Wagner saw his first mound action of the season in the second game which the locals lost, 5-1.
 Neither team threatened in the first two frames of the second game, but a series of errors and hits by the Eagles in the bottom of the third stanza assured them five runs and the win. With one out, the Eagles collected five consecutive hits, including one double, one triple and one home run for their runs.
 Hereford collected their only run of the game in their last at-bat when Sheldon White got a free pass, advanced to second via a walk to Gary Crume and scored on a lofty double by Lynn Betts. With the bases loaded, the Eagle hurler struck out the side to end the game and preserve the win.
 The Whitefaces' final game of the season will be Saturday at 2 p. m. at Whiteface Field when they host the district champion Dumas Demons.
 A blizzard means winds of at least 35 miles an hour, much snow and temperatures of 20 degrees or lower, to the Weather Bureau. A severe blizzard requires 45-mile-an-hour winds, snow and 10-degree temperature

Veleda Season Ends At Supper

Titles of programs given this year on the general theme, Art of Living, were applied by Mrs. Bill Bradley, retiring president, to officers taking their posts for a new term as she conducted the installation at a supper in the Chaparral Restaurant Tuesday for Veleda Study Club.

Mrs. George Ritter became president for the 1969-70 year. Mrs. Gid Brown vice president, Mrs. Don Baugous secretary, Mrs. Billy Wayne Sisson treasurer, Mrs. Hugh Clearman corres-

pondent, Mrs. Glenn Watts historian. Mrs. Bradley will serve as parliamentarian.

A summer meeting date was set, July 8, when members will meet for a coffee with Mrs. Sisson and Mrs. Watts as hostesses. At that time plans will be made for the family night party which is an annual occasion during the summer vacation period.

Appointed by the new president to standing committees for next term were Mmes. Brown, J. R. Oglesby and Sisson, yearbook; Mmes. Baugous and Red Durham, service; Armon Lauderdale and George Olson, finance; Dale Barkley, Joe Frank Clark and Ronald Harpster, membership; Mmes. Watts, Clearman and Bradley, telephone.

A Maypole with streamers

leading to paper flowers at each place decorated the supper table. Mrs. Baugous was hostess chairman.

Places were laid for 12 members, with only two absent at this final meeting of a season.

Ex-Resident's Funeral Held

Funeral services for Earl B. Wages, 63, of Lubbock, former Hereford resident, were conducted Wednesday afternoon in Lubbock funeral chapel. He died Monday night in a hospital in that city. Burial was in the City of Lubbock Cemetery.

Mr. Wages lived in Hereford approximately seven years while he was employed by the Louie Squier Paving Co. A native Texan, he was born in Van Zandt County. He was a member of the Odd Fellows Lodge.

In addition to his wife, survivors are three daughters, Mrs. Bill Sisco of Lubbock, Mrs. Jack Taylor of Farwell and Mrs.

Spanish Theme In Club Dinner

Spanish atmosphere was accentuated at a dinner which closed a year for Lone Star Study Club Tuesday evening. Mmes. Floyd Dunavant, Jim Higgins and Ed Warren social committee members, were hostesses at La Cafe Hacienda, and were dressed in authentic Spanish costumes.

The theme was repeated in table decorations and in the dinner menu. Members repeated the club collect as the invocation.

Mrs. Vivian Major, president, and other new officers for a year were installed as the program feature. Mrs. Hardy Ben-

son, retiring president, conducted the installation.

The new vice president is Mrs. C. D. Kelton; Mrs. Isla Chapman is secretary, Mr. Glenn Witherspoon correspondent, Mrs. Jim Bookout treasurer and Mrs. Benson parliamentarian. They were elected in January.

A review of the past year and suggestions for next season shared interest during a business session.

Members present with the new officers were Miss Mildred Elliott, Mmes. R. G. Blue, Bruce Brown, Thema Chisum, J. J. Durham, H.E. Henkle, John Jacobson Jr., S.A. McCathern, G. W. Newsom, C. O. Phillips, S. S. Williams, Baker Womble, Robert Thompson and V. E. Dodson.

4-H Bake Show Winner Named County Queen

Christine Marnell was declared queen of the annual County 4-H Bake Show held recently in Community Center, and Beth Bezner was named alternate. The county queen is eligible to compete in the Better Baking Show at the Tri-State Fair in Amarillo next fall.

Judging is based on record books as well as skill in baking cinnamon rolls and muffins. Jane Witkowski was recognized for her entry in record books. Unusual in Deaf Smith County, a boy was cited as a baker in the contest when Tommy Bezner shared honors with Christine Marnell on cinnamon rolls. Charlotte Bezner won the award for muffins.

Other members who made entries were Beverly Cole and Linda Scumbato.

The Brogue Is Sold Tuesday

The Brogue in Sugarland Mall has been sold to Earl Jackson, Joe Easley and Dave Hopper. Sale was completed Tuesday. Former owners are Burns Hamilton and Jerry Avery, who have operated The Brogue for the past 2 1/2 years. Jackson said that he and Jimmy Bayne of Hereford would manage the store.

On the southwest edge of Cleveland, where Interstate 71 slashes through a fossil-rich section of shale, the city's Natural Science Museum has recovered tens of thousands of specimens of fish that swam in Devonian seas 350 million years ago.

BOOK EXPORTS UP

LONDON — British publishers exported books worth more than \$108 million in 1968, an increase of 16 per cent over the previous year. The rise was attributed partly to visits by publishers to the Philippines, Japan, Canada and Australia.

LET'S COOK SOMETHING

Eggs With Vegetables

By CECILY BROWNSTONE
Associated Press Food
Editor

How recipes travel! We've come upon an interesting poached egg and vegetable dish made by a French woman named Madeleine.

BUT THE DISH isn't French. Madeleine's husband, born in South Africa, taught her how to prepare it. When Madeleine came to New York to live she gave the recipe to a friend who passed it along to us.

Madeleine serves the egg dish for lunch. With a friend or two sitting by in the kitchen, she cooks while she talks.

She also starts a pot of coffee brewing, sets the table and cuts a loaf of French bread into chunks. Sweet butter goes on the table, too. Lunch is ready!

ONE CONFESSION we must make. Madeleine puts fresh tomatoes in her egg and vegetable dish. But because we found it convenient to use the sliced tomatoes that now come in cans —and think you may, too — this change in her recipe has been made.

If you have one of those casseroles with a non-stick coating, use it for this dish. It will look handsome when you bring it to the table and the lining will keep the eggs from adhering to the pan. A similar skillet will also work well.

EGGS MADELEINE

- 2 cans (each 14½ ounces) sliced baby tomatoes
- 2 slices bacon
- 1 cup green pepper, seeded and sliced into thin rings
- 1 medium onion, peeled and sliced into rings
- ¼ cup thin celery crescents
- 1 teaspoon pepper
- 4 large eggs
- Paprika

Turn tomatoes into a 1-quart measure; remove enough of the liquid so that tomatoes measure 3 cups.

In a 10-inch non-stick coated aluminum shallow casserole or skillet, cook bacon until crisp.

Remove bacon to paper toweling to drain; leave bacon fat in casserole. To bacon fat add the 3 cups tomatoes, green pepper, onion, celery, salt and pepper; over moderate heat simmer for 15 minutes.

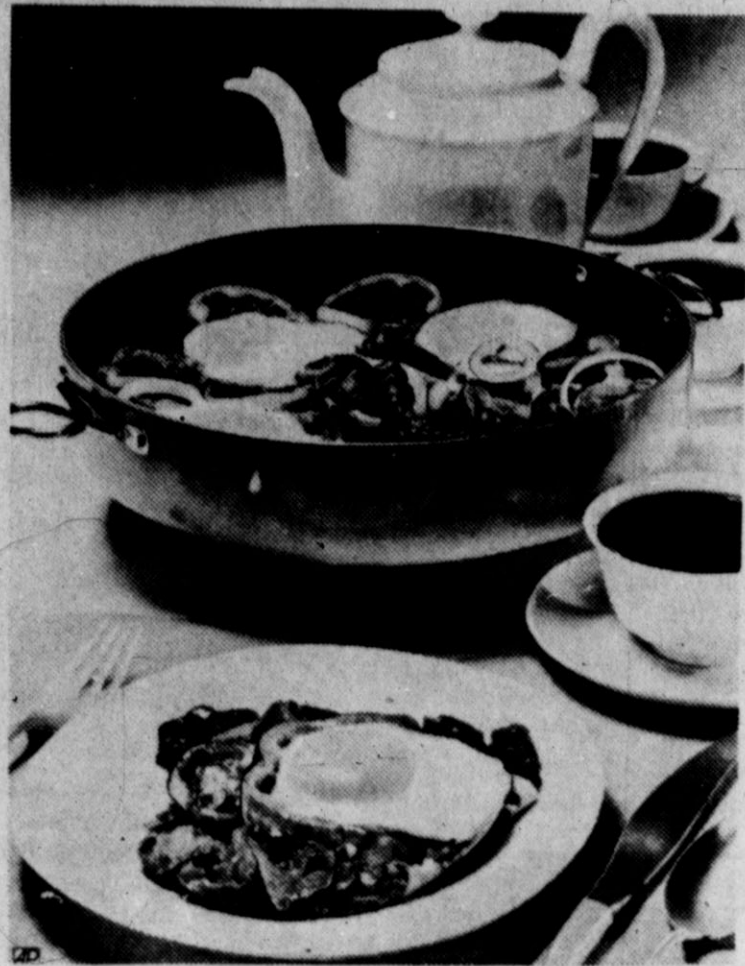

Break an egg into a saucer being careful not to puncture yolk; slip it onto tomato mixture. Add remaining eggs in the same way, covering as much as possible of tomato mixture. Sprinkle eggs with a little paprika. Cover tightly and simmer until eggs are firmly set — 3 to 5 minutes. Garnish with crumbled bacon.

Makes 4 servings.

Resident's Sister Dies

Funeral services for Mrs. Sarah D. Jones, 81, sister of Mrs. Stella Wood of Hereford, who died Saturday at St. Joseph's Hospital at Wellington, were held Monday in the Church of Christ at that city with the Rev. G. W. Cook, pastor, officiating.

Burial was in Quail Cemetery. A resident of Quail since 1902, Mrs. Jones was a native of Missouri. She was a member of a Quail pioneer family and married Henry D. Jones in 1905. He preceded her in death in 1965. Other survivors include a

LUNCHEON DISH — Eggs are poached atop tomatoes, green pepper, onion and celery.

W. F. Balls Are Honored On Golden Anniversary

Mr. and Mrs. W. F. Ball of 336 Star were honored on their golden wedding anniversary last Sunday afternoon when their five children and their families were hosts to a reception in the Fellowship Hall of the First Baptist Church.

Greeting guests in the receiving line with the honored couple were their children, Mrs. Carl Zimlich of Amarillo, Col. William E. Ball II of Houston, Frances D. Ball of Los Angeles, Calif., Mrs. Dave Thomas of Denton and Bob G. Ball of Chattanooga, Tenn.

Afternoon callers registered at a table draped with an antique hand embroidered cloth which was a wedding gift to the couple, and centered by a lovely golden floral arrangement. Presiding at the guest book were three of the Ball's granddaughters, Misses Diana Zimlich of Amarillo, Picki Thomas of Denton and Toni Ball of Lubbock.

The prettily appointed serving table was covered with a cut-work cloth and centered with a golden bouquet of flowers.

The three tiered wedding cake was surmounted by the golden numerals, 50.

Serving the punch were Mrs. Wirt Phillips, a sister of Mrs. Ball and a cousin, Mrs. A. T. Frye. Other members of the

daughter, Mrs. Dale Coleman of Dumas; sons, Rufus of Quail, R. E. and Cecil, both of Bula; four other sisters, Mrs. Roy Wingham of Kiowa, Okla., Mrs. Ira Self and Mrs. Elmer Hiett, both of Wellington, and Mrs. Leon Coleman of Oklahoma City. Brothers, Clarence and Carrol Blevins, both of Quail; 11 grandchildren and 2 great-grandchildren.

houseparty were three daughters-in-law, Mrs. F. D. Ball, Mrs. Bob Ball and Mrs. Bill Ball and a niece, Mrs. Paul Radovich from Dallas.

Other out-of-town guests for the occasion were Mrs. Paul Dishman and Lian of Dallas, Beverly Meschket of Lubbock, Ronnie Ball of Houston, Dave Thomas and children, Gary, Vick, Dicky and Davey, Mrs. Agnes Porter of Amarillo, William E. Ball III of Atlanta, Ga., Mrs. Anna Mae Corlock, Mrs. R. E. Russell, Mr. and Mrs. J. O. Roberson, and Dr. and Mrs. B. L. Storey and sons, all from Tucumcari.

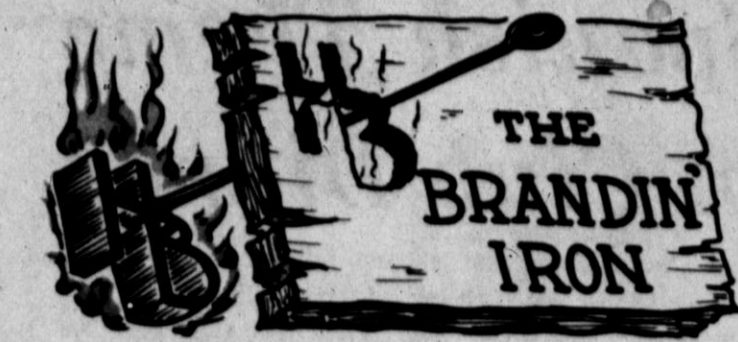

Mrs. Emer Richardson of Stater, Iowa, Dr. and Mrs. Brice Storey of Clovis, Mr. and Mrs. Steve Bavousett and children of Friona, Mrs. Lillian Lebow and Burl Dersey, both of Tucumcari, Mrs. Robbie Cogswell of Shreveport, La., Mrs. Walden E. Stith of Tucumcari, Mr. and Mrs. Quentin Lewis and Henry Schupp all of Amarillo.

Ball and Goochie-Sisk were married May 11, 1919 in Hereford. They moved to Missouri following the wedding and later resided in New Mexico until 1963 when they returned to Hereford.

MOHAIR PRIZE SET

PORT ELIZABETH, South Africa — Italian industrialist Count Dr. Angelo Zegna announced here he will award a Rand 2,000 (\$2,800) floating trophy to the producer of the highest quality kid mohair in the world.

Dr. Zegna, of Trivero, northern Italy, said South African sculptors will be invited to submit designs for the trophy and they will be judged by a panel of Italian art critics.

By MELVIN YOUNG

Heredity is something you believe in when your child's report card is straight "A."

A cartoon in the Dallas News this past week reminds us of the eleven fatal steps in the Communist formula for conquest. They are as follows:

1. Organization
2. Infiltration
3. Subversion
4. Propaganda
5. Agitation
6. Demonstrations
7. Violence
8. Armed Riots
9. Guerilla Warfare
10. Para-Military Force
11. Civil War with U. S. S. R. Intervention.

With the current rash of armed riots on and off campus, it would appear that we have already moved down to step number 8. Without trying to be alarmists, we would suggest that it's time to put a stop to the nonsense.

If you're like most Herefordites, you probably have a pocket full of credit cards — oil company, bank cards, etc. — and if you're an average home owner, you probably have never given thought to the consequences if those cards become lost or stolen. You might do well to think about it awhile.

Texas' Supreme Court has ruled a credit card is sufficient identification of someone who tries to buy something with it unless there are suspicious circumstances.

The court ruled in the case of Waldo Duke of Lubbock, whose Sears, Roebuck and Co. credit card was stolen while he was on a business trip to New York City and was used to make \$1,335 worth of purchases.

The question of whether Duke would have to pay for the purchases was left undecided. The Sears people have said that there was no evidence of lack of care in ascertaining the identification of the card holder saying that Sears was entitled to rely upon the card alone as identification unless circumstances presented cause for further inquiry. Whether Mr. Duke or the Sears organization will be liable for the purchases made by the unknown third party remains to be seen, but the entire controversy could have been averted. Most of us do not take adequate care in the handling of our credit cards, and certainly most stores, service stations, motels and restaurants do not use sufficient caution in ascertaining the identification of the card holder.

There is an alternative to losing your shirt however. Credit card insurance can be purchased along with your homeowners policy from any general insurance agency. This is not automatic coverage on the policy as many other things are, but can be added on for a slight fee. It's inexpensive and is well worth the money just for the peace of mind. Even then, of course, you should keep those credit cards in a safe place — either in your pocket or locked up in the glove compartment of your car.

James Welch, who managed Jim's Mister Shop in Hereford and before that was employed at Gaston's, is now back in Hereford and is managing the men's department at Gaston's downtown store. James says it's sure nice to be back in Hereford. "That Georgia mud wouldn't stick to my feet," he said.

Officers Are Elected In NSA For New Year

With Louise Gunther as president, officers for next year were elected in the Hereford Chapter of the National Secretaries Association, at a called meeting in Deaf Smith County Chamber of Commerce office Monday afternoon.

Mrs. Gunther, who was honored as Secretary of the Year in Hereford recently, will succeed Janie Victor as head of the chapter.

Elected with her were Thelma Lamm, vice president; Wanda Davidson, secretary, and Faye Dirks, treasurer. They

will be installed at a meeting May 26 in the REC Building. Announcement was made that Lynn Sombrano, a student in Hereford High School, was chosen as this year's recipient of the cash scholarship for secretarial studies given annually to a girl in the senior class.

Gifts That You Can Give With Pride From COWANS

LEGION SCHOLARSHIP WINNER — Kay Golden, daughter of Mr. and Mrs. O. Z. Golden of 105 Ave. I and a senior at Hereford High School, is congratulated by Mrs. Ira Ott after being awarded the annual American Legion Auxiliary scholarship of \$150 for the school of her choice. The child of a service veteran, Miss Golden was selected by an Auxiliary committee on her scholastic merits. —Staff Photo

Vietnam Films Ready

Congressman Bob Price has a color film on Vietnam and a man's first walk in space available for group showings.

"Four Days in Gemini 4" is a 30 minute documentary of the recordbreaking space flight by James A. McDivitt and the late Edward H. White.

The other film is one of a trip to Vietnam by Price and other members of a Congressional committee one year ago last January. The Vietnam film includes tours of several bases, helicopter scenes of combat zones and visits with Vietnam and Thailand villagers.

Either of the films, 16 mm sound-color, may be obtained for showing through the Amarillo Office of Congressman Price, Room 310 Post Office Building, Phone 376-5151, Extension 381.

Congressman Price announced that there will be two more

STUDY GRANT

REHOVOTH, Israel — The U. S. Air Force Aerospace Research Office in Europe has granted \$20,000 to Professor Ari Ben-Menahem of the Weizmann Institute's Applied Mathematics Department to study earthquakes and their causes.

Dance Recital Open To Public

Dozens of young dancers will appear in a variety program, the annual recital of Larrymoe Dance Studio, at 8:30 p. m. Saturday on the high school stage. The public is invited for the program.

One section of the recital will be a ballet version of the old favorite fairy tale, Hansel and Gretel, with colorfully costumed dancers as the forest animals gingerbread boys, angels and children. Chosen from five contestants for the role, Deborah Latham will appear as Gretel while Benny Moore will dance as Hansel, and Marie Roberson as the wicked witch.

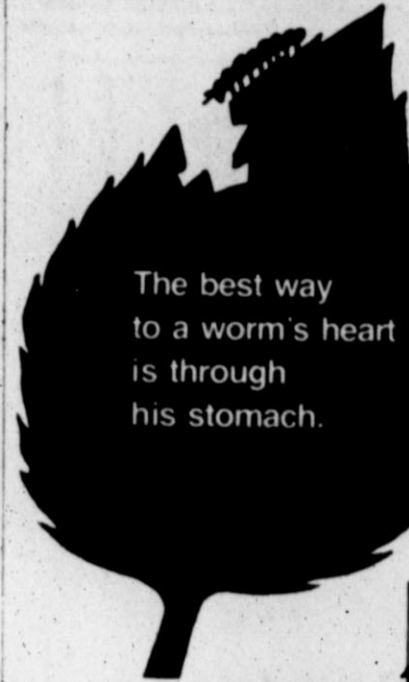

An idea of the varied numbers is given by some of their titles, including At The Ballgame, Happiness Is Show Biz and American Hoedown Howdy-Do.

Players Name Officers, Set Summer Play

A children's theater production for this summer was planned by Hereford Community Players Inc. at its May membership meeting Monday evening in the John Gilliland home, and late August was set as the time for presentation.

Mrs. Fred Howard is to direct the three-act play, The House at Pooh Corner, adapted from Winnie-The-Pooh stories which have been popular with children of two generations. High school and junior high girls and boys are expected to be cast as the small boy and his make-believe animal friends whose adventures make the story.

Officers for next year, the second year for the Community

Players, were elected with Tom Endrick as president. He will succeed Mrs. Gilliland in that office July 1. Mrs. Earl Wood was elected vice president, Miss Donna Johnson secretary and Mrs. Chick Holbert treasurer, the latter for a second term.

Final reports were made on ticket sales for the last play of the 1968-69 season, Charley's Aunt, which was staged early this month. It completed a program of three productions to make a successful initial year for the Players.

Three plays are slated for next season, after the summer production. Titles from which the three will be selected are A

-Small Talk-

By SUE COLEMAN
Women's Editor

Lots of people wax indignant about the problem of junk mail and the way it keeps the postoffice department out of balance, and annoys us who have our boxes stuffed daily with things we don't want, and gives postmen the backache and fallen arches.

UNTIL SOMEBODY passes those laws they keep talking about, my only recourse is to pitch the stuff in the wastebasket as quickly as possible and remember not to patronize anybody who solicits my business in such a way. But there is another mail problem which bothers me more.

It's the positive flood of begging letters, brochures and stamps that comes from charitable institutions, health foundations, homes for children and old people, and churches.

A FEW YEARS ago you got a letter occasionally asking for support of an orphanage, some special church program, a society aimed at the control of this or that disease. The TB Association sent Christmas seals, asking you to pay for and use them. That's about all.

Now it has grown to a deluge. Seems like every day there are seals in the mail, for all sorts of causes and at all times of year. The health societies send not a simple letter but an elaborate booklet printed in color with lots of pictures. Several times a year, too.

If you contribute to one of these causes their efforts redoubled, and you get a subscription to their monthly — some of them must be weekly — news publication, along with more letters and illustrated brochures.

IT MAKES ME slightly ill to

look at them, realizing the cost of all that slick paper, having the printing done, stamps and envelopes to mail them, not to mention the time required to fold, address, stamp, seal. . . . The small contribution I've made wouldn't nearly pay for it.

One solution occurs to me. Next time the annual drive comes around I'll just not send my usual modest contribution. Thus my name may be dropped from the mailing list and I won't get all that literature all year.

Since its value is more than the amount I can afford to give, by not making a contribution I'll add to the actual total which the organization has to spend on its cause. If enough small contributors should use that system, think of the profit resulting. And the postman would be happier, too.

A SHOW SPOT of Hereford at this time of year is in its usual form this spring, and you haven't nearly all seen the city's iris blooms if you haven't been by to see the garden behind

Audrey Thompson's house, 388 Ave. E. She has perhaps the biggest area planted solidly to iris that you'll find in the county, and right now there is a display that can only be described in terms like gorgeous, splendid and ooooh!

EMERGENCY MEASURE SANTA FE, N. M. —The New Mexico Penitentiary's shops ran out of license plate materials during the peak demand.

As a result, state officials ordered license plates from less populated counties to be issued in some of the state's more populous counties.

In New Mexico, license plates are ordinarily issued by county where the vehicle is registered.

Jewelry Gifts Are Lasting For That Graduate From COWANS

The north rim of the Grand Canyon was inhabited about A. D. 600, with the population gradually increasing. Then about 1150, at the height of their population, they departed forever.

Details on the master die of the Lincoln penny have been sharpened noticeably for the first time since the coin originally was struck in 1909. A heavy workload slowly obliterated details on the old die. The features became flat and lifeless.

Concerning Veterans

The Veterans Administration today urged the more than 300,000 veterans and service-

GI and His Debts

When a young man is inducted into military service, he must leave behind much that he cherishes: his home, his job, his sweetheart. But what about his debts? May he leave those behind?

In proper circumstances, he may indeed. Under the Soldiers' and Sailors' Civil Relief Act he may be relieved of all sorts of obligations—from installment contracts to mortgages, from leases to taxes.

The purpose of the Act is to protect the serviceman from undue financial pressures, partly out of concern for him as an individual, partly out of concern for military morale.

The Act does not go so far as to wipe out his obligations. If it did, merchants would be leery of giving credit to anyone subject to the draft.

But the act does allow a court to either reduce or postpone those obligations, often until after the GI returns to civilian life.

By and large, the relief to be granted lies within the discretion of the court. As a rule a court will not help a serviceman whose troubles are not really due to his military status. Thus:

A furniture dealer went to court to repossess some furniture from a soldier. The soldier promptly objected, claiming the protection of the Civil Relief Act. However, it turned out that he had defaulted on his payments long before joining the Army. Furthermore, he was earning as much money as a soldier as he had as a civilian.

Under these circumstances, the court decided to let the dealer take back his furniture.

On the other hand, a GI will usually be protected if his problem is service-connected, even though this means shifting some of the burden onto his creditor.

In one case a soldier was named defendant in a damage suit growing out of a pre-induction auto accident. Although the soldier was unable to appear in court, the plaintiff insisted that the trial should go ahead anyhow—since the soldier could present his defense by written deposition.

But the court decided to postpone the case, refusing to put the soldier at such a strategic disadvantage.

Admittedly, the postponement was hard on the plaintiff. But the court said that if the nation can demand sacrifices from the men in uniform, it can also demand sacrifices from those who remain behind.

men now enrolled in the nation's colleges and universities under the Post-Korean GI Bill to complete and return VA certification of attendance cards as soon as possible.

Now sent to college-level GI Bill trainees only once during each enrollment period, the certification was formerly required monthly in order for the veteran or serviceman to be paid his monthly VA educational assistance allowance.

The veteran or serviceman is asked to indicate if there has been a change in his enrollment as shown on the card, or if he terminated enrollment.

To help the VA anticipate his future educational assistance needs, he is also asked to check whether he will enroll in the same program and school for the next period.

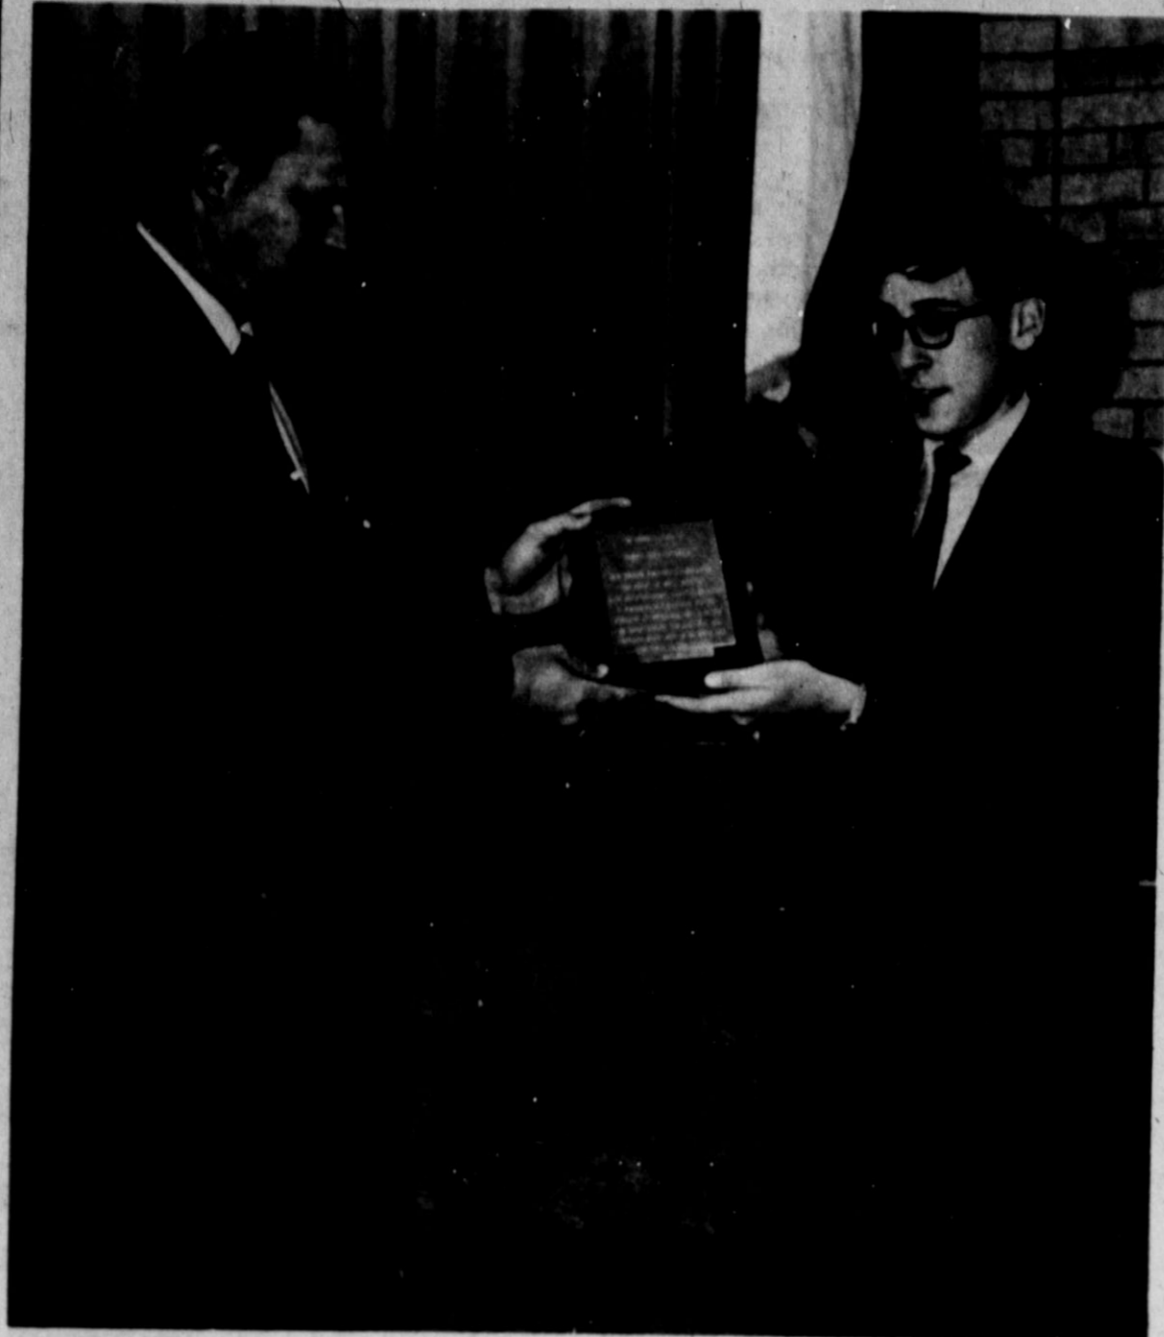

On the back of the card is a reminder that if the veteran or serviceman fails to complete and return the card to the VA office indicated on the card he will receive no further payment from the VA.

County-Utilities Agree

Knox Parr of the Texas Highway Department appeared with the Deaf Smith County Commissioners in regular session Monday to set an agreement with the local utility companies who will be moving their facilities (pipe lines, poles, overhead lines, etc.) from Hereford city limits west to the Castro County line when U. S. 80 is broadened into four lanes.

Precinct 2 Commissioner Marcus Latham reported that final revisions on the maps for the highway widening project are now in the works at Austin and may be ready within the coming month. The maps must be approved by the state before right-of-way purchases can be made.

Latham stated that, upon receipt of the maps, a public hearing is to be scheduled regarding the right of way. Under the law the public hearing will be advertised a minimum of 30 days

PRESENTED PLAQUE — Jerry Don George, principal at La Plata Junior High School was presented a plaque at an assembly recently, by student body president David Thomas. George has been promoted to Administrative Assistant of the Hereford Independent School District, effective July 1. —Staff Photo

prior to the hearing date.

Agreement was reached with Pioneer Natural Gas Company, Deaf Smith County Rural Electric Cooperative, and West Texas Rural Telephone Co-op to move their utility services on an actual cost basis to the county and state (who will share the cost on a 50-50 basis). Each company reported that work would possibly be done in the coming fall and winter months.

Vernon Inmon, manager of the telephone co-op, also discussed the matter of underground cables soon to be laid throughout the country. Various routes and specifications were discussed in the project, which

Inmon reported that bids are to be let soon.

Commissioners also restated their ruling which prohibits dances on Sundays at the Deaf Smith County Bull Barn. They stipulated that this ruling also covers the operation of carnivals on Bull Barn grounds on that day. Only such events as reunions are permitted on his day, they said.

Mica's color varies with chemical composition. It ranges from black to crystal transparency. Seen through a microscope, one of the commonest micas — muscovite — blazes with intense color.

Legislature Defies Smith

By VERN SANFORD
Texas Press Association
AUSTIN, Tex. —When will the special session be? That's the big question around the state capitol.

Legislative leaders defied Gov. Preston Smith by deciding to pass a one-year budget bill instead of the customary two-year plan. Reason given was to delay new taxation.

House Speaker Gus Mutscher announced the decision after two weeks of maneuvering and unsuccessful efforts to sell Governor Smith on the idea. Lt. Gov. Ben Barnes, who had instigated the single-year budget tactic, of course concurred.

Smith has stated about as plainly as he can that he considers the Legislature obliged to pass a biennial budget and balancing revenue measures this week.

His implied threat of vetoing a one-year bill, however, went unheeded.

Many legislators, who have strong misgivings about the course charted by their leaders, are convinced Smith will call back into session this summer to finish the budget-tax job, if they don't get the job done now. The conflict could be long and bitter.

Barnes and Mutscher want Smith to wait until after the 1970 elections to call a special session on appropriations and taxation for 1971.

House-Senate conferees on the budget went to work this week to trim earlier 1970 spending recommendations by some \$99 million in order that teachers can get a pay raise without a tax bill.

Mutscher is convinced this can be done while preserving a

"sound, progressive" budget for the first year of the biennium.

"Needless to say," observed House appropriations Committee Chairman Rep. W. S. Heatly of Paducah, "a lot of people are not going to get what they had hoped for."

BLITZ IS ON — With less than three weeks left in the regular legislative session, tempers are warming and floor action is steadily increasing.

Governor Smith's desk rapidly is being covered with bills, and he is signing them at the rate of two dozen or more a day.

Among measures sent to Smith last week were a bilingual education act, permitting instruction in a language other than English on a local option basis; an obscenity control measure; and an act creating a new Commission on Law Enforcement Officer Standards and Education.

House voted to license and regulate bail bondsmen, to set up a professional teachers qualifications commission, add 25 cents to auto inspection fees and add exhaust systems to items checked annually. Also to open juvenile court proceedings to the press when a minor previously classed as a delinquent is charged with a felony; replace the disturbing-the-peace law invalidated by the U. S. Supreme Court; recodify Texas education laws and provide a five-year prison term for selling narcotics to minors.

Senate approved state aid to cities and counties for cleaning and maintaining public beaches, new regulation of standards for the dental profession, a constitutional amendment to provide for a uniform method of assessing rural lands based on this yield, new qualifications for health and accident insurance agents, 22 additional district courts, and stiff punishment for false reports to police.

State Affairs Committee approved bills authorizing new me-

dical schools in Houston, Lubbock and Austin, new nursing schools at El Paso and San Antonio, a University of Texas at Dallas and a dental school at a site to be determined by the UT board of regents.

EDUCATION GROUP FORMED — Texas Council for Higher Education in its first meeting threw its weight behind legislation to expand higher education, including state aid to private colleges and universities.

Blue ribbon 160-member group endorsed additional colleges "where warranted" and contracting for services of independent institutions. Although members differed over tuition increases, they passed a resolution calling on the legislature to determine an "equitable division of financial support between the state and those individual directly benefitting from higher education." Former Congressman Lloyd Bentsen Jr. of Houston heads the council.

COURTS SPEAK — Merchants have a right to believe that a person presenting a credit card is the lawful owner. So held the Texas Supreme Court in a case

Vickie Inman On Dean's List

COLUMBIA, Mo. — A total of 155 students in the School of Journalism, University of Missouri-Columbia, achieved honor status by winning placement on the Dean's List during the 1968-69 fall semester, Dean Earl English has announced.

Making up the Dean's List are juniors and seniors with point averages ranging from at least 3.00 through a maximum of 4.00.

On the list is Vickie Loreta Inman, daughter of Mr. and Mrs. Burke Inman Sr. of 415 Star in Hereford. She is a senior student.

Miss Inman worked on the staff of the Hereford Brand during the previous summer.

involving a Lubbock man's disclaimer of a \$1,335 bill to Sears Roebuck as the result of a stolen card.

Brady radio station had the right to refuse an advertisement for the movie "The Graduate," says the Third Court of Civil Appeals.

Same court ordered a trial on suit to keep Railroad Commission from enforcing 1962 shipping rates for steel pipe and wrought iron.

Overturning lower courts, the State Supreme Court ordered a new trial in a Potter County suit charging a doctor with medical negligence.

High court said residential deed restrictions do not prohibit duplexes in an area.

Supreme Court will hear arguments June 4 on whether sales by an El Paso firm to two men in Mexico were exempt from state sales taxes as international wholesale transactions.

DRAFT CALL DOWN AGAIN — June draft call for Texas is 1,366, down from 1,453, in May, Col. Morris S. Schwartz, State Selective Service director, has announced.

Figure is the state's share of 25,900-man national quota.

A total of 8,220 will be forwarded for armed forces pre-induction physical and mental examinations next month in preparation for future calls, Schwartz said. Total for May was 8,234. June call-up is the lowest since January when 1,363 were on slate.

APPOINTMENTS — Governor Smith withdrew nomination of Dr. Emerson Emory of Dallas to State Board of Mental Health and Mental Retardation because Emory is committed to accept a state salaried job as a physician.

Martin Holter, formerly of Lockhart, has been appointed director of accounting for the Liquor Control Board, succeeding Kenneth W. Cook who was promoted to assistant administrator of LCB.

Smith reappointed Robert Leon of Austin to the board of trustees of the Teacher Retirement System. Members also selected Nat Williams of Lubbock and Willard Houser of Austin to the same board.

Morris Harrell of Dallas is new president-elect of State Bar of Texas and Jim Greenwood of Houston is junior bar president-elect.

Dallas Mayor Erik Jonsson has taken over as Texas Municipal League president.

SAFE TRAFFIC PLANS ASKED — Texas Highway Commission has invited 13 cities to join in a cooperative effort to plan urban traffic operations for increasing capacity and safety of streets and highways.

Those asked to participate were San Antonio, Texarkana, Wake Village, Odessa, El Paso, Beaumont, Port Arthur, Corpus Christi, Arlington, Fort Worth, Abilene, Austin and Wichita Falls.

POLLUTION RULES MAPPED — Land Commissioner Jerry Sadler announced new rules governing drilling and producing operations in Texas coastal waters, designed to minimize bay pollution like California's.

Major changes require electronic testing of all three strings of pipe, demand care to recapture hydrocarbons and other pollutants which have escaped and require pipelines to be laid

TOO SOON — T. H. Frame, manager of a clothing firm, received a letter addressed to the executor of his estate and expressing sympathy at his death.

Frame, 58, was "at first surprised and then amused." The letter came from the head office of the Automobile Association, which could not explain the error.

Hallmark
Father's Day Cards
McDOWELL DRUG
336 N. Main

at least 24 inches below the bottom of the Gulf.

Sadler said Texas has a greater need than California for safeguards.

SHORT SNORTS
House members pushing for a strong bill abolishing government immunity to damage suits lost their initial effort to pass

a measure to replace one vetoed by Governor Smith.

Rep. A. C. Atwood of Edinburg temporarily stalled the \$1800 teacher pay raise bill with a point of order in the House Appropriations Committee.

Rio Airways filed a supplemental application to serve Corpus Christi, San Antonio, Aus-

tin, Laredo, McAllen, Brownsville and Houston with Texas Aeronautics Commission.

State cannot recover damages from the U. S. Corps of Engineers for Houston Ship Channel dredging if San Jacinto Park bulkheads wear away, Atty. Gen. Crawford C. Martin concluded in a recent opinion.

SUPPORTING YOUR TOWN

"No business man in any town should allow a newspaper published in his town to go without his name and business being mentioned somewhere in its columns. This does not mean you should have a whole, half or even a quarter page ad in each issue of the paper, but your name and business should be mentioned, if you do not use more than a two-line space."
A stranger picking up a newspaper should be able to tell what business is represented in a town by looking at the paper. This is the best possible town advertising. The man who does not advertise his business does an injustice to himself and the town. The man who insists on sharing the business that comes to town but refuses to advertise his own, is not a valuable addition to any town. The life of a town depends on the live, wide-awake and liberal advertising business man."
P. S. How many new residents and out of town shoppers saw your name and business today; this week?

Historical Society To Meet May 24

The Panhandle-Plains Historical Society will hold its 48th Annual Meeting on May 24, 1969. The Executive Committee will meet at 2:00, the Board of Directors and the Members will meet jointly at 3:00, and the banquet meeting will be at 7:00. The afternoon meetings will be held in the Museum, but the banquet meeting will be held in Howard Johnson, Unlimited, in

Amarillo. The street address of Howard Johnson's Unlimited is Interstate 40 and Tee Anchor Boulevard. President Grady Hazlewood will preside at the 2:00 meeting of the Executive Committee. The schedule of business for this meeting is primarily closing the books and records for the year's activities. New business is usually postponed until the first meeting of the new Executive Committee.

President Hazlewood will preside at the 3:00 meeting to which all members are invited. At this meeting the various Committee Chairmen will report on the activities and accomplishments of their respective Committees. The last item of business for this session is the election of officers for the ensuing year. The current slate of officers is President, Senator Grady Hazlewood, of Canyon; First Vice-President, Mr. Robert Carr Vincent, a ranchman from Boise City, Oklahoma. Second Vice-President is Mr. Virgil Patterson, Chairman of the Board, First National Bank, Amarillo. Recording Secretary is Mrs. S. B. Whittenburg, of Amarillo. Executive Secretary and Treasurer is C. Boone McClure, who also serves as Director of the Museum. In addition to the election of officers for next year, the membership will select the Board of Directors for the 1969-70 fiscal year. The evening session, which includes the annual banquet, was moved this year to Amarillo. The University will be closed at the time of the banquet, and no service at the University Dining Hall was available.

The speaker for the banquet program is Colonel Wilson E. Speir, Director, Department of Public Safety, Austin, Texas. His subject will be "The Texas Rangers." The ranger force as paced under the command of the Director of the Department of Public Service a number of years ago, and Colonel Speir is the titular head of the ranger force. His subject, which he handles very well, is of high interest to all Texans. Long known as the most efficient force for law in the nation, the stories of the exploits of the rangers both breath-taking and amazing. During the first 82 years of existence, the ranger force lost only one prisoner, and that prisoner was in custody when jail in which he was held burned to the ground.

Tickets for the banquet are available at the Museum for \$3.00 each. Reservations may be made by mail or telephone. The Museum number is 655-3231. Admission to the two afternoon meetings is free. Members may bring guests, and so long as it is possible, reservations will be accepted including guests.

Henry Sears, president of the First National Bank, is on the board of directors.

Give That Graduate A New Wittnauer or Longines Watch From COWANS

Concerning Veterans

The Veterans Administration today cautioned veterans who will be transferring to new jobs in new locations this summer to get releases in writing from the VA on their present GI home loans.

The VA noted that private industry, more and more, is following the longstanding practices of the military services and government agencies of transferring personnel during the summer to avoid disrupting their children's schooling.

In the excitement of moving and concentration on the new job, the VA said, it is easy to overlook the fact that even though a veteran sells his present home he is still liable for his GI loan unless the loan is paid in full or the VA releases him in writing from all future liability.

The VA also pointed out that the veteran who sells his home because of a transfer to a new location will be entitled to restoration in order to purchase a home in his new community if his old GI loan is paid off.

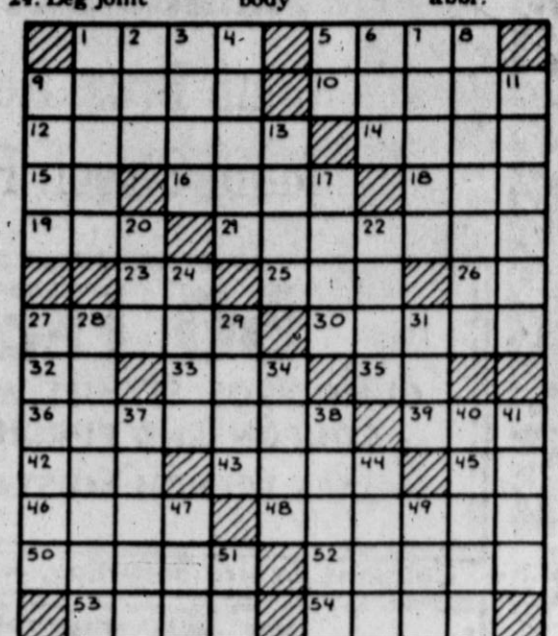

"Dear, you did such a grand job that my club's made me treasurer again . . .!"

BEACH BOYS SUE
LOS ANGELES — The Beach Boys, rock group, has filed a \$2 million law suit in Superior court here against Capitol Records. The group says there is a deficiency in royalty payments and producer's fees for Brian Wilson, group leader. The Beach Boys have formed their own record label, Brother Records, after seven years with Capitol.

For God So Loved The World

the Earth
IS HIS

The soil is God's priceless gift to man. It is a tangible gift neither plant, animal nor man can live without. We depend on soil for just about everything. Although a mixture of dead plants, animals, rocks and other forms of life, it constantly changes through weathering to retain its perpetual productiveness. But man has upset its natural balance with tools and fire and set in motion damaging erosion. Americans are guilty, and that's what we've got to stop. Jeremiah said, and let us say with him, "the whole land is made desolate, because no man layeth it to his heart." Then grieved Jeremiah said, "They have sown wheat, but shall reap thorns." Oh, God, let us be good Stewards of His Precious Soil, for, surely This Earth Is His.

WASHINGTON VISITORS — Five area men were in Washington D.C. last week to attend the Texas Electric Cooperative Congressional Dinner held at the Hotel America May 6. Enjoying a visit with Congressman Bob Price are from the left, James Hull, Deaf Smith County REC manager, A. W. Anthony Jr. of Friona, Elbert Harp of Abernathy, Price, Raymond Higginbotham and Eldred Brown, both of Hereford.

Adrian News

By ANN BEAVERS
Brand Correspondent

Mr. and Mrs. Floyd Collins of Rt. 1, Minco, Oklahoma, announce the engagement and approaching marriage of their daughter Karen Ann to Wayne Whaley, son of Mr. and Mrs. John Whaley of Rt. 1, Alma, Oklahoma, and formerly of Adrian. Miss Collins is a 1966 graduate of Minco High School, and is a senior, majoring in Business Education at Oklahoma State University, Stillwater. Whaley is a 1967 graduate of Adrian High School and is a sophomore, majoring in Mechanical Engineering at Oklahoma State University. The wedding is set for May 27, at 8 p. m. in the Church of Christ in Minco. All friends and relatives have been invited to attend.

Mrs. Charlie Sullivan took the fifth grade class on a field trip Monday to Amarillo. They visited the Southwestern Public Service, had lunch and spent the afternoon at Thompson Park.

Mrs. Ella Jones of Glenrio was in the Northwest Texas Hospital in Amarillo last week.

relocate at CAP National Headquarters said selection of the first three cadets to enter Air Force OTS under this program will be made in June.

Members of the Hereford Composite Squadron, with the largest cadet membership in the Texas Wing, are surveying this and other opportunities open to members of this USAF auxiliary.

Hereford CAP Surveying Plan

MAXWELL AFB, ALA. — Civil Air Patrol cadets who automatically advance one rank — from Basic Airman to Airman-upon enlistment in the Air Force have been given another preference recognition by the USAF.

Maj. Gen. Walter B. Putnam, CAP national commander, announced that USAF has approved three Officer Training School (OTS) spaces for qualified CAP cadets beginning in fiscal year 1970.

General Putnam said the Air Force action marks a giant stride in gaining additional recognition for the outstanding young men and women who participate in the CAP Cadet Training Program and opens the door to a rewarding and challenging officer career in the USAF.

The Aerospace Education Di-

Rev. and Mrs. Charles Bryant are visiting in Greenwood, Ark., for 10 days with Mr. and Mrs. F. O. Been.

Rev. Hardy Stevens of Amarillo was the visiting pastor at the First Baptist Church Sunday.

The Baptist Church honored the Adrian Senior Class and the high school faculty Tuesday night with a spaghetti supper in the fellowship hall. Beth Lloyd and Patty Zaring gave the entertainment.

Mr. and Mrs. Bill Gudgell and children and Mr. and Mrs. Hubert Bronniman and Shannon attended the roping at Roswell last Sunday and enjoyed a picnic at Clovis.

Mr. and Mrs. Joe Brownlee and family visited in Amarillo with Mr. and Mrs. A. M. Chapman. Also there were Mrs. Gary Grogen and Shawn and Mr. and Mrs. Wayne Driggs of Lubbock.

Mrs. Lena Gudgell and Mrs. Nannie Fortenberry visited Friday with Mrs. Emma Bales.

Commencement exercises for the Adrian seniors will be held Thursday, May 22 at 7 p. m. in the high school auditorium with Dr. Splawn of West Texas State University as the speaker.

Baccalaureate services will be held at the Adrian Methodist Church at 11 a. m. on Sunday.

Junior and senior banquet will be held Saturday in the Adrian School cafeteria.

The Adrian PTO All-Awards Reception will be held Thurs-

day, May 22, will be the last day of classes for Adrian School.

Mrs. Billy Brown and boys and Mrs. Grady Skaggs and children attended the circus in Amarillo Saturday morning.

Mr. and Mrs. Bob Lotspeich and boys of Hale Center visited the Keith Kromers Sunday.

Mr. and Mrs. Keith Kromer and Steven were Sunday dinner guests of Mr. and Mrs. Earl Kromer in Amarillo.

Mr. and Mrs. Joe Brownlee and family, Sharon McCown and Betty Whitten, Melanie Creitz and Jamie Conner attended the circus in Amarillo Sunday evening.

Mrs. Bill Gudgell and children visited Tuesday with the Joe Brownlee family.

Mr. and Mrs. Bill-Brownlee of Borger and Mr. and Mrs. B. B. Eubanks of Sunray visited one day last week with Mr. and Mrs. Fred Brownlee in Glenrio.

Mr. and Mrs. D. P. Doherty visited in Amarillo Saturday with Mr. and Mrs. J. M. Donnell.

Big Big YIELDER!

Farm Owner Loans

Farm Ownership loans are available to local farmers through the Farmers Home Administration, according to James Gouley, County Supervisor who serves Deaf Smith and Oldham counties from his office in Hereford.

Gouley stated that Farm Ownership loans are made to applicants for various purposes. Some loans enable tenant-operators to become owner-operators and others enable present owners to enlarge, improve or refinance their farms. Loans to purchase farms, in most cases, include funds to fully develop the farm.

In recent years, one of the most prominent uses of loan funds has been for the purchase and improvement of farms by young tenant farmers who are trying to establish themselves more soundly in the farming industry, Gouley said. With loan terms at 5 per cent interest and up to 40 years, the young farmer will more likely be able to pay the land debt, meet operating expenses and realize a profit.

District I of the Farmers Home Administration which is made up of 25 Texas Panhandle counties was serving about 300 Farm Ownership loans as of December 31, 1968.

READ THE WANT-ADS TODAY

Kiwanis Summer Movies

Members of the Hereford Kiwanis Club have planned a concentrated effort Monday and Tuesday toward selling tickets to the 1969 Summer Vacation Movies, which begin at the Star Theatre on May 31. There are 13 movies in all.

Tickets for twelve of the movies are priced at \$2.50 — with the first one, "Snow White and the 3 Stooges," offered free if the season ticket is purchased prior to May 31.

All features have been selected by the Kiwanis Club and are approved for children. The money is slated for Kiwanis community projects.

Tickets may be purchased from any Kiwanis member or at the box office of the Star Theatre.

TRANSPLANTS UPHELD
JOHANNESBURG, South Africa — Prof. Christiaan Barnard, the surgeon who performed the world's first human heart transplant, criticized opponents of heart transplants during a

lecture at Johannesburg's University of the Witwatersrand. "I think it is more immoral to bury a heart for the worms to devour than to use it to save the life of a human being," he said.

Between 7,000 and 20,000 self-proclaimed witches — a word that applies to both male and female practitioners — are believed active in Britain. Many belong to covens, a basic unit of 13 sorcerers.

AFTERNOON TEA — Mrs. A. Peterson, left, chats with Miss Diana Files who was the honoree Friday afternoon at a tea given by the Deaf Smith County Historical Society. A state museum consultant, Miss Files presented helpful suggestions about present arrangements and development of future plans for the museum. —Staff Photo

STUDENT PLAYS SOUGHT
LONDON —The British Broadcasting Corporation thinks more television plays should be written by university & college students. It is offering prizes of 500 pounds (\$1,300) and performance fees up to 600 pounds (\$1,440) for student plays that "closely examine the accepted values of our day."

Bergsma Reports On Cattle Prices

"Prices received for beef cattle during April 1969, averaged only 85 percent of parity", said Lloyd Bergsma, executive vice-president of the Texas Cattle Feeders Association, with headquarters in Amarillo.

beef prices is unfair in that it failed to tell the complete story," Bergsma stated.

"It is true that beef prices have increased during the past year, but", Bergsma continued, "you could hardly say they are out of line when they are 15 percent below parity".

Bergsma said, "With per capita beef consumption about double that of 15 years ago, the percent of consumer disposable income spent for beef has declined during the period from 3.5

percent to 2.5 percent. Compared to fifteen years ago, the American worker today works fifteen minutes less to purchase the same amount of beef."

"The beef producing industry is composed of several producing segments. The calf producer, the range man, feed grain producer, on to the cattle feeder, the meat packer and finally the retailer are involved in supplying the consumer with the highest-quality beef enjoyed by any nation in the world. Under

our free enterprise system, it is essential that each of the production segments receive prices that allow them a reasonable profit for their efforts."

"The calf producer and the feed grain producer have long been carrying on their segment of this beef producing industry at below production cost prices. They have been able to exist only through very low or negative returns for their labor, management and capital investment. This cannot continue."

"All segments of the beef producing industry have made rapid strides in improving their production efficiency. Modern research and technology are utilized to a high degree throughout the industry in bringing to the consumer the high quality beef products she has available to her in the retail store. The beef producing industry is very competitive, and all segments are making every effort to carry out their phase of production in the most economical manner. The industry does, however, want to share in the growth of the Nation's economy."

Recital In Piano To Be Given

Two-piano selections will be included on the recital program when pupils of Mrs. Buddy Peeler appear at 3 p. m. Sunday in First United Methodist Fellowship Hall. The public is invited to hear this spring recital, in which solos will also be presented.

The teacher will present gold certificates to three pupils, Al-

sia Ragsdale, Carol Reeve and Tracy Barber, who played in the recent Piano Guild auditions here. Their program numbers will be chosen from solos they played in the auditions; they will also play a prelude to the recital proper.

Students from Hereford, Friona and Muleshoe will appear, including Judy Detwiler, Lacy Easley, Dayne Mayfield, Kim Wert, Cathie Bell, Jimmy Hammock, Beckie Oglesby, Leesa and Kathi Sanderlin, Debbie Williams, Mary Wheeler, Laura Ballard, Cindy Hairgrove and Colleen Rudd.

CATTERMOLE HIEROGLYPH
IDAHO SPRINGS, Colo. — Pete Cattermole, a former U. S. forest ranger who devotes his time to Indian-style carvings in sandstone, signs each work with his own hieroglyph. This consists of a wildcat track, the letter R and the tail-dragging trail of a mole.

OPEN SUNDAYS 10 A

13 Accidents Is April Toll

The Texas Highway Patrol investigated 13 accidents on rural highways in Deaf Smith County during the month of April, according to Sergeant W. E. Wells, Highway Patrol Supervisor of

of this area. These crashes resulted in six persons injured, and an estimated property damage of \$7,460. The rural traffic accident summary for this county during the first four months of 1969 shows a total of 28 accidents resulting in one person killed, 14 persons injured, and an estimated property damage of \$35,005.

School will soon be out. This will be the signal for summer vacations to begin with hundreds of thousands of people heading for the open highways.

To help insure a safe vacation and summer driving, the sergeant suggests that you have the

following items on your car safety checked: 1. Check the tires for worn and cut spots. 2. Check the steering and wheel alignment. 3. Check all lights and mirrors. 4. Check springs and shock absorbers.

And as a final reminder the driver should be prepared for "DEFENSIVE DRIVING."

ORIGINATED WITH BIBB FRANKFORT, Ky. —John Bibb, an amateur horticulturist, developed Bibb Lettuce in his garden at Frankfort.

The lettuce has since won worldwide acceptance as a salad delicacy.

Student Aides In Methodist Choirs Awarded

Awards were presented to three student assistants who directed numbers in the annual service of choir recognition at First United Methodist Church Sunday evening. All the church choirs were heard in the service.

Miss Caye Clearman, assistant in the Crusader Choir, Miss Carolyn Langley, in the Carol Choir, and Miss Pam Garrison,

in the Cherub Choir, each received a gold cross awarded by the Choristers Guild of Texas.

In addition to these vocal groups, the Sanctuary Choir sang with accompaniment by a brass ensemble, by Charlie Bell on double bass and by Joy McCathern on oboe in its three numbers; and the Wesley Singers appeared with Libby Word and Suzanne Smith as flute accompanists, Tracy Barber as guitarist.

Handbell choirs which rang were the Ladies, Junior High and Crusader. Members moved up from one

A SENSATIONAL START AIR FORCE ACADEMY, Colo. — The first time that Curtis Martin, Air Force sophomore tailback, got his hands on the football in a varsity game he made a touchdown. He rambled 98 yards with the opening kickoff to score against Florida.

to the next of the children's choirs in a brief ceremony closing the program, which was directed by Robert M. Wert, minister of music, Don Baugous was organist and pianist for the Sanctuary Choir, Mrs. Tom Harkey pianist for other choirs.

NOT BANNED IN BOTSWANA LOBATSI, Botswana — Syd Milner is packing his cinema here by showing films banned in adjoining South Africa. He advertises in a government newspaper — Botswana doesn't have a newspaper — with the catchline "Another banned film from south of the border."

Many of the films weren't banned in South Africa because of sex scenes but because of their multi-racial backgrounds or what was considered to be excessive violence. They included "In the Heat of the Night," "Bonnie and Clyde" and "He-

re We Go Round the Mulberry Bush."

1200 REWARD for information leading to recovery of Suzie, a toy Pekingese, blond and white. Call 364-0951 before 8 p.m.

Legal Notice
NOTICE TO CONTRACTORS Sealed bids for approximately 29,000 cubic yards of soil to be excavated at the City of Hereford, Texas, will be received by the City Secretary at the City Hall, Hereford, Texas, until 2:00 P. M. June 2, 1969, and then said place publicly opened and read.

Bids will be submitted in sealed envelopes and marked "Bids for Soil to be Excavated at City of Hereford, Texas, June 2, 1969."

Successful bidder must furnish performance and payment bonds in the amount of five (5) per cent of the total maximum bid price payable without recourse to the City of Hereford, Texas, or a contract and execute performance and payment bonds within ten (10) days after notice of award of contract to him.

The successful bidder must furnish performance and payment bonds upon the forms which are attached hereto in the amount of 100 percent of the contract price from an approved surety company holding a permit from the State of Texas to act as surety or other surety or sureties acceptable to the Owner.

The right is reserved to reject any and all bids and to waive any informality in bids received. Plans, specifications and bidding documents may be secured from the Office of the City Manager, Hereford, and Bill R. McMorris & Associates, Inc., 6300 Canyon Drive, Amarillo, Texas 79106, until 5:00 P. M. of the date of opening of bids, which shall be twenty-five (25) days prior to the date of opening of bids, provided: (1) All documents are returned in good condition to Bill R. McMorris & Associates, Inc., not later than 48 hours prior to the time for receipt of bids; (2) The Contractor submits a bid and all documents are returned in good condition to Bill R. McMorris & Associates, Inc., not later than five (5) days after the time that bids are received.

PUBLIC HEARING NOTICE
Superior Feed Yards, Inc., 8 x 8 x 188 Hereford, Texas 79045, has applied to the Texas Water Quality Board for a regular permit relating to the control of a variable amount of rainfall runoff water containing wastes from its feedlot operations, located at approximately two (2) miles west of the City of Hereford on F.M. 2856 in Deaf Smith County, Texas. Superior Feed Yards, Inc., wholly retains the rainfall runoff water containing wastes in its feedlot or a playa lake or other area on company property. A public hearing on this application will be held in the Auditorium on the Fourth Floor of the Deaf Smith County Courthouse, 3000 Main Street, Hereford, Texas at 10:00 A. M. on June 5, 1969, to determine the conditions, if any, under which the permit may be granted. Additional information may be obtained by writing to the Texas Water Quality Board, 1108 Commerce Street, Austin, Texas 78701, for the purpose of gathering information and filing a comment on the granting of the permit should the Board be satisfied that the information presented upon facts and data related directly to the effects of the proposed waste discharge on the use of the waters in the State. Under the Texas Water Quality Act of 1967, determinations by the Board must be confined only to those matters which may affect water quality and hereby the use of the water. Any other basis for protesting is beyond the jurisdiction of the Board.

The Hearing Commission will prepare a written report prior to submission of the application to the Board for the purpose of gathering information and filing a comment on the granting of the permit should the Board be satisfied that the information presented upon facts and data related directly to the effects of the proposed waste discharge on the use of the waters in the State. Under the Texas Water Quality Act of 1967, determinations by the Board must be confined only to those matters which may affect water quality and hereby the use of the water. Any other basis for protesting is beyond the jurisdiction of the Board.

Notice is hereby given by the proctor and will that an application for a public hearing will be held at 10 A.M. on June 2, 1969 at the County Courthouse at Hereford, Texas for the purpose of gathering information concerning proposed hunting, fishing and trapping regulations for the above-named county.

As the result of action by the Texas Legislature, the Texas Parks and Wildlife Commission is responsible for the setting of seasons, bag limits, and means and methods of taking the wildlife resources in Deaf Smith County. All interested persons are urged to attend and comment upon the proposed regulations.

ADVERTISEMENT FOR BIDS PROJECT: WPC-TEX-539 OWNER: CITY OF HEREFORD, TEXAS

Sealed bids for constructing an additional sewage treatment plant for the City of Hereford, Texas, will be received by the City Manager, City Hall, until 2:00 PM (C. S. T.) June 2, 1969 and then at said office publicly opened and read aloud.

The information for Bidders, Form of Bid, Form of Contract, Plans, Specifications, and Forms of Bid Bonds, Performance and Payment Bonds, and other contract documents may be examined at the following: City Manager's Office, City Hall, Hereford, and McMorris and Associates, Inc., 6300 Canyon Drive, Amarillo, Texas.

Successful bidder must furnish performance and bidding documents may be secured from the office of the City Manager, City Hall, Hereford, or at the office of McMorris and Associates, Inc., 6300 Canyon Drive, Amarillo, Texas, 5:00 P. M. of the date of opening of bids, which shall be twenty-five (25) days prior to the time for receipt of bids; or (2) The Contractor submits a bid and all documents are returned in good condition to McMorris and Associates, Inc., not later than five days after the time that bids are received.

The Owner reserves the right to waive any informality in or to reject any or all bids.

Each bidder must deposit with his bid, security in the amount, form and subject to the conditions provided in the information

Glady's Garden

By Gladys Howton Manjeot

ENEMIES OF THE GARDEN

This is a picture of what? One of our worst enemies here in Hereford; The dandelion. I told one of my friends the other day that there was enough dandelions in Deaf Smith County to seed all of Texas and then have plenty left to seed some of the neighboring states. They are bad. They take nourishment from our lawns, the fields, crops and many other plants.

The past few weeks, Art (my husband) and I have driven many miles in and around Hereford. We have seen dandelions growing in bar-ditches, fields, lawns, gardens, orchards, the cemetery, downtown, vacant lots, parks, school grounds, alleys, etc. If this enemy is not controlled, it will take over. A concerted movement should be carried out, and everyone, not just a few, should do their part to rid us of this milky herb. . . which we call The Dandelion.

One of our local garden clubs has as its motto, "Civic Beauty is a Civic Duty." Another quote is "We can extend our

horizons and make this a better and more beautiful place in which to live, through study and service."

This, our common garden enemy, can be controlled by united effort and the know-how.

If you have a new lawn and there are not many of the dandelions showing, they can be controlled by using a few drops of gasoline dropped right in the heart of the plant. Then remove all blooms and seed. This should be done daily. It is not such a bad chore, can be done easily while mom prepares breakfast, and the early-morning exercise will be helpful. We have used this for years.

In areas where they have been allowed to grow and mature, and are numerous — then spraying is the remedy. A mixture of 4-D amine salts, Kuron (silvex), is effective when used against dandelions. Another mixture is Ortho's Weed-B-Gon, and also Amchem's mixture of Super D Weedone. Make the mixture a bit stronger than directions call for. We have found

DANDILIONS — Danger!

the latter to be very good and used it for years in killing dandelions in the alleys.

Remember, one application will not be sufficient, it will take several sprayings. The first will get the ones in bloom at that time, but the plant will have other buds and blossoms until it is completely killed. Do not dig dandelions and expect to get rid of them. You are just cultivating them, and others will come. . . larger and healthier.

A word of caution: If you are allergic to sprays or weeds, do not undertake the spraying yourself, but have a commercial sprayer. Be sure and know what is being used, ask him what the mixture is and the strength he is using it. This is important. Often pretense might

enter in and the mixture will not be beneficial.

In using any type spray (insecticide) be very cautious that directions are read carefully and that the cover is firmly returned to the container and that it is placed where a small child will not find it.

Another measure for control of dandelions is the use of one of the recommended mixtures. Keep it in a glass gallon container with a rubber tube attached. (This too should be kept where children will not be able to reach or use it.) Take the container with mixture and with the tube drop a few drops of insecticide in the center of the plant. This too should be a consistent plan or a personal project.

If the dandelions have matured, on the lawns or other places, mow using a catcher, and then empty the catcher and destroy the clippings. Spray thoroughly. The temperature should be at least 70 to 80 degrees, or hotter. This aids in helping the poison to penetrate the plants to

the roots, and the results will be better.

Our hometown is one which we should all be proud of. To have just pride we must fight this enemy, by waging a vigorous battle against this and other unsightly weeds which may in time ruin our lawns, parks, school grounds, and places of beauty. REMINDER: Any garden enemy causes extra expense. Remember how much it costs the farmer to grow a weed???

SUGGESTIONS: Garlic planted in the rose garden or near rose bushes serves to be an antibiotic against insects. They also add a note of interest, and are excellent for line materials in arrangements both fresh and dried.

Be sure and plant some white flowers. Our gardens are more attractive with some white blossoms. They are especially pretty at night and are lovely to be featured with a lighted effect. They are romantic in the moonlight, can be used in most any type of floral arrangement, and in all of our homes. Excellent for corsages.

Soon the roses will be blooming. If you did not get your pruning done, then do it as you cut your blooms. The bush can be shaped as you cut the blossoms. Have you fed the roses? If not it should be done now.

HOW BLOOMING:

Many beautiful iris, in the colors of the rainbow. Hereford is especially beautiful in May. My neighbor, Mrs. Mitchell, who is an iris lover, has already had many lovely blossoms both of the bearded and Dutch varieties.

I had the pleasure of working with some very nice iris blossoms last week. Gold, yellow, blue, purple, white, and bronze.

In cutting the blossoms for arrangements, use care in conditioning them for arranging. Cut blossoms and buds too. The old faded bloom can be removed and the buds will bloom. Thus you will have several days of pleasure from one arrangement.

There is nothing nicer to use with iris than the self foliage. Many interesting and attractive creations can be made with them. Try rolling the leaves, fasten with pick, then place in arrangement, cut in modernistic designs and accent with pen blossom, stagger the lengths of the leaves in the arrangement.

"The Army Green"

By Sfc BERT PINALES
U. S. Army Recruiter

After college, start your business career where the challenges come sooner. Where you'll get more out of your first job experience. Choose Army Officer Candidate School. The minute

the Army, pins bars on your shoulders, you take command. You guide. You counsel. You lead. You make decisions. You take on important responsibilities.

You would have to work for years in a civilian job before you'd get anywhere near this kind of success-building experience.

No wonder OCS-trained Army Officers make it big in the Army and in business. At a younger age. In more responsible jobs. YOUR FUTURE, YOUR DECISION. . . CHOOSE A R M Y OCS. Lt. Joe Hoey will be available for interviews today and Friday at the Student Union Hall at West Texas State University at Canyon. Qualification tests administered without obligation.

create a symmetrical arrangement of the leaves, then add one or two large blossoms for the focal center. Oh! the joy of flower arranging. . . truly a fascinating hobby.

HAY FROM LAWN GRASS: The tall blue grass previously mentioned, which was growing at the Reinhausers: It grew to maturity (knee high), was cut and dried and baled, loaded on a truck and made good eating for the cattle. Each step was one of interest. . . and amazement. . . and conservation.

The word impossible is not in a gardener's vocabulary. GLAD.

Age Eight

Mrs. Stanford Has Club Honor

Mrs. Jesse Stanford, member with a record of 50 years' service to Music Study Club, was made an honorary member at the annual May luncheon in the Calson House which closed another season Monday.

She is a past president of the club and has filled practically all its other offices and committee posts. Honorary membership was conferred on her as student honoree was recognized. Jim Halle is the music student who received this year's \$100 cash scholarship from the club.

He was present to receive

the award, and two recipients of past years, Misses Joy McCa-thern and Patsy McCutcheon, were also guests, as was Mrs. Bill Dameron, a former member who now lives in Colorado.

The club voted to sponsor the senior voice recital of Miss Suzanne Oglesby at 8:15 p. m. May 22 in the fellowship room of First Christian Church, and to be hostess at a reception after the recital. Miss Oglesby is a voice pupil of Mrs. D. W. Palmer, a member of the club.

Mrs. R. C. Godwin, who is leaving the president's office,

and Mrs. Bill Brady, immediate past president, were awarded membership in a national organization, the President's Chain.

Annual reports were made by retiring officers just before their successors were installed in a brief ceremony conducted by Mrs. Godwin. Mrs. Lowell Sharp, new president, announced appointive officers and committees who will serve next year.

Other officers for the new term are Mrs. Tom Burdett and Mrs. Steve Clements, vice presidents; Mrs. Wes Fisher, secretary; Mrs. Mack Cansler, correspondent; Miss Frances Dameron, treasurer; Mrs. C. J. Mountz, reporter-historian.

Mrs. A. O. Thompson gave a report of National Music Week activities sponsored by the club May 4-11. She was general chairman of arrangements.

Notice of the Names of Persons Appearing as the owners of Unclaimed Amounts Held By:

THE FIRST NATIONAL BANK

Box 593 — Hereford, Texas 79045

This notice is given and published pursuant to Section 3, Article 3272b, Revised Civil Statutes of Texas, in an effort to locate persons who are the depositors or owners of amounts in accounts that have remained inactive or dormant according to the provisions of Article 3272b for more than seven (7) years.

The unclaimed amounts due the depositors or owners listed herein will be paid upon proof of ownership at the office of the named depository within nine (9) months, and if unclaimed thereafter they may be subject to report to and conservation by the State Treasurer in accordance with said Article 3272b.

in cooperation with the
Cadillac Motor Car Division

For the fine-car buyer who wants the distinction of Cadillac and with the difference that makes his Cadillac a SPECIAL Cadillac

We are now displaying 12 Coupe DeVilles, Sedan DeVilles and El Dorados designed in exterior color and interior upholstery combinations which are unique, unusual, distinctive. Each automobile is different; plus 30 more Cadillacs in beautiful combinations.

You will delight in the Spring-Summer accents of color and tone of each dazzling automobile. Chateau Mauve, Chalice Gold Firemist and Wisteria are just a few of the eye catching colors you will see.

These 12 Cadillac "originals" will not be duplicated anywhere.

We invite you to personally inspect these "one-of-a-kind" Cadillacs beginning today.

These 12 "originals" were obtained in addition to our regular allotment because of Amarillo's enthusiastic acceptance of the 1969 Cadillac. These cars, unique in appearance and interior trim, are attractively priced. They will be a part of the more than 40 fresh, new Cadillacs we have available for this event.

It costs so little more to go Cadillac

Why not today?
