Lookingbill Annual Christmas Reunion Held Sunday Afternoon

Members of the Lookingbill family were together for the annual Christmas gathering Sunday afternoon in the home of Mr. and Mrs. L. H. Lookingbill, Sr. The reunion designated the first time in more than twenty-five years that the entire family has been together.

Christmas dinner at the Caisson House was served to Mr. and Mrs. Alton Lookingbill of Twin Falls, Idaho; Mr. and Mrs. Frank Lookingbill of Loco, Oklahoma; Mr. and Mrs. C. E. Lookingbill from Amarillo; Mrs. Effie Crow from Plainview; Mr. Harry Lookingbill from Plainview; Harry Lookingbill of Friona; Mr. and Mrs. L. B. Lookingbill of Summerfield; and Mr. and Mrs. L. H. Lookingbill, Sr. of Hereford.

Those calling in the afternoon for a later dinner in the L. H. Lookingbill, Sr. home at 15 Avenue J were Mr. and Mrs. L. H. Lookingbill, Sr. and Mrs. L. H. Lookingbill, Sr.

Buck One Of College Students To Join Tour

By DEBBIE BARNES Staff Writer

Wynn Buck, son of Mr. and Mrs. W. W. Buck of 402 Union has been selected to join a group of 15 upper-classmen from Austin College in Sherman, Tex. as to tour England during the month of January.

Being a senior at Austin and majoring in history have both been among the factors of qualification in his eligibility for the trip.

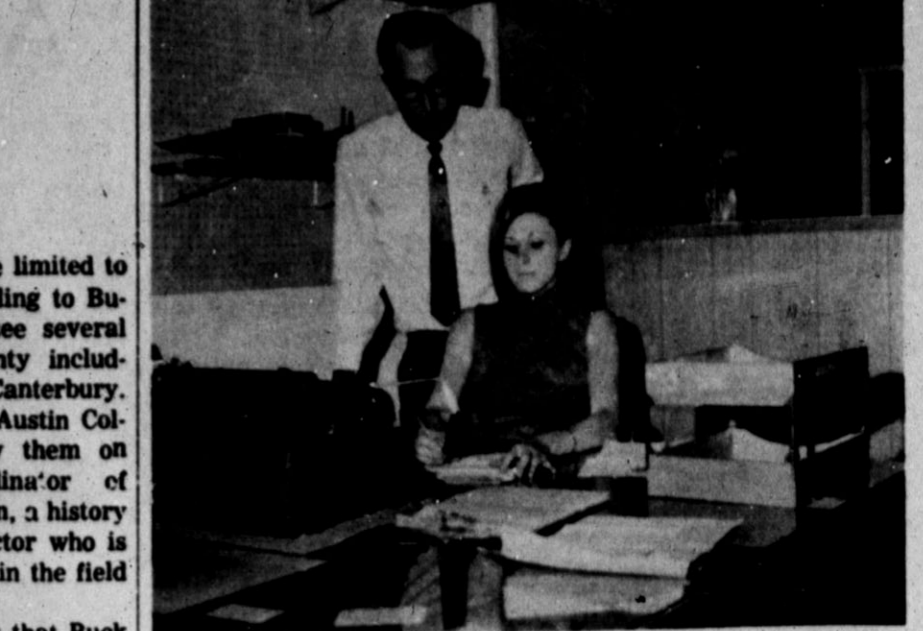

According to Buck, a separate month-long "January semester" is set aside by the college from the two regular terms each year for the purpose of a series of college sponsored tours and studies of foreign countries.

The tour will begin on December 27 and will last through January 30. It will consist of students studying the development of the city of London and its history through the ages.

Each of the 15 members of the group will be assigned to study a certain period in London's history. After completion of the separate reports, the notes and conclusions will be compiled and summarized for future use to the college.

Buck reports that a Presbyterian College in Florida will also participate in the college program by sponsoring a tour to England numbering almost the same amount of students and will join the Texas group upon arrival in London, making the total of nearly 25 American students to study and enjoy the informative tour.

Privileges of such a group will be numerous. They will be allowed to tour areas not viewed regularly by most tourists. During the stay, they will be engaged in research operations concerning English development through the studying of archives and library material provided throughout the country.

VOE STUDENT OF THE WEEK— Selected as this week's Voe student of the week is Jamie Edmondson, 17-year-old daughter of Mr. and Mrs. James N. Edmondson of 601 Star Street. Jamie is employed by her father at Vernon's of Hereford under the Vocational Office Education program at Hereford High School where she is a senior. Miss Edmondson plans to further her education at Texas Tech where she will major in English and minor in Music. Pictured with her above is Mr. Edmondson. —Staff Photo

Lone Star Topic Is Holiday Art

The subject of art, presented by Mrs. Virgil Dodson, Alkman Elementary School art teacher, and the Christmas story given by Mrs. Don Davidson was the program presented to members of Lone Star Study Club at their annual Christmas party held Tuesday afternoon in the home of Mrs. Bruce Brown. Co-hostesses were Mrs. C. O. Phillips and Mrs. Steve Williams.

Mrs. Dodson displayed arts and crafts made by her students and demonstrated uses for old greeting cards in crafts. Roll call was answered by each member with "what I do with old Christmas cards."

Following a gift exchange, refreshments were served from a holiday decorated tea table. Others attending were Mmes. Hardy-Benson, R. G. Blue, Opal Bookout, Thelma Chisum, John Jacobsen Jr., C. D. Kelton, Vivian Majors, G. W. Newsom and Miss Mildred Elliott.

The next meeting is scheduled at 3:30 p. m. Jan. 13 in the Newsom home.

Dr. Ballard Is Club Speaker

Dr. Nobis Ballard was guest speaker at a recent meeting of the Texas Nurses Association Sub-District held at the Deaf Smith County Hospital.

Dr. Ballard spoke on ethics in doctor and nurses' relationships with mutual respect between the two.

"A nurse must have technical knowledge and be able to put the knowledge to use," he said, and a doctor should inspire confidence in the nurses and patient.

Nurses attending were Mmes. Bobby Roberson, Peggy Oakes, Jean McKenzie, Laura Gibson, Kathy Westhoff, Jo Solomon, Joyce Seigler, June Rudd, Elsie Watley, Ester Guadiola, Mary Jane Burrus, Lon Onsted, Sally Gonzales, Barbara Collins and Carolyn Kuback.

The next meeting is scheduled at 7:30 p. m. on Jan. 15 at the hospital.

Iceland is a nation of 100 per cent literacy. The per capita publication of new books is almost 20 per cent greater than in the United States.

Winner . . .

Continued from Page 1.

ways existed a major force which has either driven a free nation to its eventual destruction or its inevitable glory. This force may be called Freedom's Challenge.

Freedom's challenge is probably one of the most difficult terms to define where it will be prevalent in everyone's mind and will also fit into a category of a challenge for all Americans. We Americans today have yet to challenge ourselves on the exact meaning of this term. While we are all willing to stand as the "Star Spangled Banner" is sung how many of us actually feel a lump rise in our throat or a sense of pride in our hearts when we see the "Stars and Stripes" pass on the streets or flying on a home or near a business?

As young Americans in a relatively new and growing country it is our duty not only to accept Freedom's Challenge but also to try to fulfill the duty that we owe to our country. "The handwriting is on the wall but all many of us do is criticize the formation of the letters." We must as loyal Americans unite in a combined effort to meet "Freedom's Challenge." Webster's defines challenge as an invitation to a contest, and truly freedom has given us a great challenge in a contest of powers to meet. It has left us the challenge of remaining united; it has given us the challenge of helping to protect the freedom of others; but most of all it has given us the challenge of standing up for what we believe in. It has given us the challenge of the security of America.

We as students and the youth of America must face this challenge head on and we must conquer much as did our forefathers when they carved a nation out of a wilderness. We as the youth of America must accept and conquer the challenge that freedom has laid before us. We must have faith in ourselves in our country, and in our God.

To satisfy these challenges that freedom has laid before us we must firstly practice living freedom in our daily lives and secondly we must develop a knowledge and understanding of what real freedom is. As youth of today it is our duty to realize that our freedom ends where another person's begins.

To really give the true meaning of freedom it cannot be taken from an encyclopedia or a dictionary but it must come from the inter-most being of an individual. That person must make freedom meaningful in his own life. He must live this freedom and he must try very hard to understand the exact meaning of freedom as he sees it.

As we live our lives and as they continue in the same sometimes routine fashion, we must still be able to realize that freedom does not come cheap and to protect that freedom with which we are blessed we must

sometimes yield to another's feelings and we must sometimes die when our freedom is challenged.

The downfall of freedom in many places has been the result of the growing lack of concern for justice, for moral laws, and the lessening of patriotic feeling among the people. As America's youth today we must as has been established in this generation let the "silent majority" be heard and in so doing we must let our own voices and opinions be heard. We must stand up for what we believe, we must fight, if necessary, for what we believe, and we must necessarily understand what we will support and stand up for America for what we believe in. This is Freedom's Challenge.

Project . . .

Continued from Page 1. To laws, the vehicle now owned by the city, can not make rural runs because it is not properly equipped.

Members of the Hereford Volunteer Fire Department, the county and the city commissioners have agreed to purchase a new emergency vehicle equipped to serve the rural area as well as the city. The fire department has agreed to put up \$1,500 themselves for the vehicle and both the city and county have also agreed to meet the remaining cost.

The budget to date was also discussed by the commissioners in final action for the meeting.

Thinking Aloud

By BARBARA DRYDEN

I guess I'm going to have to get on the ball and start my Christmas shopping and decorating before it passes me by. Sometimes I wish it would.

Now, my idea of Christmas decorating is to change the bulb in the porch light, but this does not hold true with my sons.

By the first of December, I begin finding all kinds of surprises slipped in by Scott-Son, like a green bulb over my kitchen stove and multi-colored lights in the dog house.

Then by the time the Christmas tree is up, always before any shopping is done, gifts begin to appear under and around the tree. Sure nuff, it's little goodies wrapped by Scott-Son, like dirty socks and tee-shirts and bits of jewelry that I have left laying around, sometimes it's the coffee pot, and this is hard to take.

I used to get alarmed when everything started disappearing because I thought the washing machine was eating things up, but I have learned that anything missing will always be found on Christmas morning. It's a little upsetting, tho, when you find the good ole, easy chair in the den missing, but there it is, next to the tree, with about four boxes of foil wrapping around it. Of course it's a mortal sin for anyone to guess what it is. . . . I have all the fun. . . .

We have little surprises around the house like a Christmas corsage pinned to the dog and Jingle Bells playing when

you turn on the water in the shower.

The older boys complain, tho, when it's so difficult to play pool with bows wrapped around the pool balls and bells on the cue stick. . . .

Children, Cal Farley observed, want more than anything else, some one to raise them. A guideline that I try my best to follow, for those with the responsibility of raising boys, he suggested the following which we feel would be of help to all parents.

Teach the boy to obey. This is the toughest job and the most important. It should begin the minute he opens his eyes.

Give him responsibility. Make him feel part of the working team at home, and later he will become part of the team of whatever sphere of life he enters.

Be specific with him. Let him know where you stand and therefore where he stands. Then his character is not confused by doubt, uncertainty or conflict.

Live with him. Help him enjoy his youth by showing him how his boyhood years can be used to equip him for manhood. Love him; Let him know it.

Have You Read The Want-Ads?

SUPPORTING YOUR TOWN

"No business man in any town should allow a newspaper published in his town to go without his name and business being mentioned somewhere in its columns. This does not mean you should have a whole, half or even a quarter page ad in each issue of the paper, but your name and business should be mentioned, if you do not use more than a two-line space.

A stranger picking up a newspaper should be able to tell what business is represented in a town by looking at the paper. This is the best possible town advertising. The man who does not advertise his business does an injustice to himself and the town. The man who insists on sharing the business that comes to town but refuses to advertise his own, is not a valuable addition to any town. The life of a town depends on the live, wide-awake and liberal advertising business man."

P. S. How many new residents and out of town shoppers saw your name and business today; this week?

DE STUDENT OF THE WEEK—Ruben Diaz, 17 year-old son of Mr. and Mrs. David Diaz, 115 Bradley, has been chosen at this week's DE student of the week. Diaz, a junior at Hereford High School, is employed under the Distributive Education program at C. R. Anthony's. After graduation Diaz hopes to become manager of a store. Pictured with him is Phil Guerrero, his supervisor. —Staff Photo

Stanton, La Plata Each Get Two Wins, One Loss

In cage action Monday night, both Stanton and La Plata teams wound up the night's activities with two wins and one loss.

For the Dogies ninth graders, six boys figured in on the scoring with nine boys seeing action against the Lubbock Estacado ninth graders. Stanton took the game from the Lubbock team by a score of 50-44 by a rally in the final few minutes which put the game out of reach for the visitors.

For the Stanton eighth grade, it was an even closer game as they defeated the visiting Estacado eighth team by a score of 27-26 with only seven seconds remaining on the clock. Estacado led all the way until the last two minutes of the game when the locals staged a rally. With only seven seconds on the clock, the Dogies were faced with a one-and-one at the free throw line with a two point lead and collected one of the free tosses for a three point lead.

Estacado, with only seven seconds left, made a field goal but time ran out for them and the locals picked up the win, 27-26.

Five eighth grade boys figured in the scoring for the locals with a total of 12 seeing action in the game.

The Dogie seventh graders were not so fortunate as were the other two Stanton teams as they fell to the visiting quintet, 30-34.

Estacado pulled out front in the final minute and a half to win the game after the lead had changed hands a number of times during the contest.

All three of the Stanton team will travel to Canyon today to do battle with the Canyon White teams. The seventh grade game is set to begin at 5 p. m. to be followed by the eighth and ninth grade games.

The Mavericks of La Plata were the victims of the same fate as were their counterparts from Stanton, as the ninth and eighth grade teams won and the seventh fell victim to the Friona squads.

The ninth grade Mavericks behind the hot shooting of Terry Champ, who burned the nets for 19 points, crushed the host Friona ninth, 55-39.

La Plata collected 19 points in the first stanza as compared to Friona's two, then went into the dressing room at half time

company reports 2x24. Despite the addition of communication links to South Vietnam, persons planning to talk to a serviceman there should plan ahead for holiday telephone calls.

"It is generally easier for a serviceman to call home than for his family to try reaching him in Vietnam," said Mike Patrick, manager of Southwestern Bell.

While calls originating in the U. S. can be placed only to Saigon, Patrick explained, servicemen can call the U. S. from Saigon, Ton Son Nhut, Long Binh, Cam Rahn Bay, Nha Trang, Bui Nhon and Da Nang.

He said travel restrictions and curfews also can make it difficult to locate a serviceman in Saigon — unless callers know the serviceman's unit, APO and telephone where he can be reached with a comfortable 30-7 lead. In the third period, the Mavericks hit for 14 additional points while the victors got 13 and in the final quarter, the locals got 11 and the Friona team counted 19 with the final score reading 55-39.

The win boosted the ninth grade's record for the year to 3-1 with a clean 2-0 district slate. La Plata's eighth grade Mavericks rallied for 12 points in the second period of their game while limiting their opponents to only four to win the game, 39-27.

Leading 9-6 going into the second period, the eighth grade locals hit for 12 points to carry a 21-10 halftime lead into the host team 9-7 and were outscored in only the final quarter, 10-9 to win the game.

Vanderzee and Waits each got eight points while other in the scoring included Brock with seven, Marsh and Schumacher and Harris with four each, Crume with two and Lauderback with one.

The eighth grade record now

Area Teachers Hold Workshop

Mrs. Jeany Mayberry, Mrs. Shirley King and Mr. Wayne Woodward, all La Plata Junior High instructors, attended Panhandle Education Service Organization Workshop in Amarillo last Friday and Saturday.

During the workshop, conducted by Dr. Frank Rice of the University of Nebraska, discussions took place concerning the benefits as well as the difficulties in having the Nebraska English Curriculum which is presently being taught in the 9th through the 12th grades in the Hereford school system.

Wildcats Fall To Stubborn Bovina

The Walcott Wildcats basketball teams had a disappointing night against the Bovina boys and girls Monday night as they both fell to their opponents.

In the girls' game, Walcott had a hard time finding range on the nets from the outset of the game, and fell by a final score of 24-14. The score at the half was 16-9 for the Bovina team, and they held that lead till the end.

In the boys game, it was somewhat closer as, at the half, the score was knotted at 10-10, but a shot just at the final buzzer by the Bovina team pulled the game away from the Wildcats, 27-26.

The Walcott girls' record now stands at two wins and two losses while the boys are three wins and one loss.

The next game for the Wildcats will be January 5 when they play host to the Sudan teams. On January 8-10, Walcott will host their own cage tournament which will include a round robin affair between Vega, Walcott, Bushland and Adrian.

TOMMY J. WHITNEY

Tommy Whitney At Fort Lewis For Army Basic

Tommy J. Whitney, 17, who volunteered for the Army on December 2, is presently undergoing basic training at Fort Lewis, Washington.

Prior to his Army training Whitney lived with Mr. and Mrs. W. I. Whitney of Route 2, and attended Dimmitt Schools.

The New York Yankees ended their American League season with five straight victories but finished fifth in the Eastern Division with an 80-81 record. Their final home game was rained out.

For COLDS take 666

Company Reports On Holiday Calls Over-Seas

Patrick also reminded residents of the 13-hour time difference between the U. S. and Saigon.

He went on to add that calls originating in Vietnam are handled "first come, first served."

"But when a serviceman does get to a telephone at one of the servicemen's Vietnam telephone centers," Patrick said, "it usually only takes a few minutes to reach the states."

While call volume — usually 350 daily — is expected to increase and may slow the handling of calls to Vietnam during the holidays, Patrick said, "handling calls between here and

there isn't nearly as difficult as it used to be."

In 1965, Patrick explained, the two commercial high frequency channels in Vietnam permitted the completion of only 30 calls a day during a four-hour period.

There are now 10 communication links for Vietnam service, Patrick said, and they generally are open and free of interference 12 to 15 hours a day.

The first three minutes of a station-to-station call to Vietnam cost \$9. A person-to-person call costs \$12 for the first three minutes. Additional minute rates for both kinds of calls are \$3.

Bobby Riddle Named Bowler Of Week In Sunset Keglers Play

Bobby Riddle, with 74 pins, was named "Bowler of the Week" in Sunset Keglers action last week.

Alice Lueb won the "High Individual Series" with a 533 while also taking the "High Individual Game" with a 2647 and also took the "High Team Game" with a 920.

Getting 500-or-better series were Alice Lueb with a 533 and Anne Radney with a 527.

Converting splits were Jerry Self, 4-7-10; Jean Henderson, 5-10; Helen Armit, 4-5; Willm Clark, -10; Lesvia Aguirre, 2-7-10; Jean Watts, 2-7 and 5-7; Bertha Arnold, 3-10; Stella Varner, 4-5-7 and 2-7 and Elanor Hudspeth, 3-10.

Last week's results show Justice Realtors won 3 and lost 1; Hereford Welding won 1 and lost 3; Jones Restaurant won 3 and lost 1; Village Beauty Shop won 1 and lost 3; Medics won 2 and lost 2; Pants Cag

won 2 and lost 2; B. J. Weaver won 2 and lost 2; Rutherford and Company won 2 and lost 2; Hereford Insurance won 2 and lost 2 and the Hereford Spa won 2 and lost 2.

Standings to date show Hereford Insurance, 42½-17½; Justice Realtors, 41-19; Rutherford and Company, 41-19; Jones Restaurant, 34-26; Hereford Spa, 32-28; Village Beauty Shop, 29-31; Hereford Welding (incomplete), 22-34; Medics, 22-38; The Pants Cage (incomplete), 20½-35½ and B. J. Weaver, chiropractor, 12-48.

Polynesia's stonefish is the most poisonous fish in the world. Its sting can kill a man in two hours.

Wyoming sophomore quarterback Gary Fox of Billings, Mont., completed 10 of 11 passes in the Cowboys' victory over the Air Force football team this fall.

stands at five wins and one loss.

For the seventh grade Mavericks, things were not so pretty as they dropped a 22-19 decision to the Friona seventh.

La Plata led 5-4 after the first quarter then fell behind 7-5 at the half. From there on out, it was Friona as they got nine in the third and five in the final while allowing the locals only six in the third and six in the final.

Harris led the scoring with nine points followed by Munneryn with four, Charest with three, Bryan with two and Ar-

ey with one.

The seventh grade's record leads two wins and one loss.

Next on the schedule for the Mavericks will be a game tonight against the Clovis, N. M. team on La Plata courts.

memo to advertisers

ABC

What is the A.B.C.?

chatting with a merchant the other day, we mentioned our "ABC figure."

"What," he asked, "is an ABC figure?"

Perhaps what we told him will also interest you.

This newspaper is a member of the Audit Bureau of Circulations, an independent, nonprofit organization of nearly 4,000 advertisers, advertising agencies, and publishers.

Its purpose is to provide accurate and factual reports on the circulations of member publishers. In the advertising and publishing industry, the ABC insignia is often referred to as the "hallmark of circulation values."

At regular intervals, an ABC traveling auditor visits our office to check our records. The findings of this physical audit are embodied in an Audit Report published by ABC — the report literally tells us what our circulation is.

Virtually everything an advertiser should know about our circulation is found in this report, facts and figures without opinions.

Few retailers bother to ask to see a copy of our report, yet we want you to know one is available anytime you are interested in the quality and quantity of our circulation audience — the audience for your advertising messages.

What is an ABC figure?

It is our way of assuring you that you get full measure for your advertising dollar in this newspaper.

Meat Processing Plants Feel Federal Pressures

By VERN SANFORD

AUSTIN, Tex. — Even though the State of Texas has been given a year's reprieve by the federal government, and the new plant inspection law will not become effective here until Dec. 15, 1970, State Department of Health inspectors are making visits to all plants which process meat and poultry.

Since October, they have contacted 2,200 plants, including 1,600 meat processing plants. Report is that on 916 of those had ever seen a health inspector before.

Each plant operator is advised of the basic cleanliness standards which must be met before a plant even can be inspected. Rules range from "keeping all pets and loose livestock out of the plant" to "remove all insecticides, pesticides or rodenticides" from the areas in which food products are stored, processed or retained.

Next year, the processing plants will have to pass inspections or be closed. So far, no plant has been put out of business, but some have folded up voluntarily when they saw the sanitary requirements they will have to meet.

So, if your favorite locker plant operator told you he could not process your deer this year because of the State Health Department, he was wrong. But he may be right in the future.

LOUISIANA — Texas Atty. Gen. Crawford Martin has filed suit in federal court against the State of Louisiana in a boundary dispute.

Question is where the Texas-Louisiana border is physically located on Sabine Lake and River, as well as Sabine Pass, from the Gulf to 32nd degree North longitude.

Louisiana claims the whole Sabine — meaning all the oil royalties — while Texas claims the boundary is in the middle of the lake. Texas would gain perhaps \$2 million in royalties if it wins the suit.

COURTS SPEAK — A Bexar County teenager challenging Texas laws permitting longer sentences for juvenile offenders than for adult criminals on similar offenses lost his appeal to the State Supreme Court. Court emphasized the civil nature of juvenile proceedings and that the aim is to train and rehabilitate rather than punish erring youngsters.

High court concluded that the Driscoll Foundation of Corpus Christi is not eligible for a tax reduction under a constitutional amendment permitting farm and ranch land on fringes of city to be taxed at agricultural value where farming is the owner's chief occupation.

Austin federal court has set the deadline for filing a brief in a case in which conservationists want to block construction of a golf course at Meridian State Park. Their purpose: to preserve the habitat of birdlife (the golden-cheeked warbler).

Three Circuit Court of Civil Appeals in Austin reversed a Beaumont district court's ruling and reinstated the teaching permit of the Beaumont Barber College Branch in Beaumont. State Board of Barber Examiners had revoked the school's license since it didn't meet a law which requires 2,800 square feet of

space and 2 of each kind of chair Court said the law was not valid, and was "arbitrary, unnecessary and unreasonable and has no relation to the public health or welfare."

Bottle club operators have appealed to the Third Court of Civil Appeals seeking an injunction to prevent the Texas Liquor Control Board from enforcing its new rule allowing guests in private clubs only where they are accompanied by or introduced by the member.

Bell County district court enjoined Central Texas Airlines from operating without a Texas Aeronautics Commission certificate but will permit flights from Killeen to Dallas until January 12 for benefit of Fort Hood GI's.

VOTERS — Nueces, Wichita and El Paso Counties presently have about the lowest voter registration figures among major Texas counties.

A survey on Dec. 4 of voter registration for 1970, compared with 1968, showed that Harris County already has re-registered 400,000 of its 590,000 — or 69 per cent.

By contrast Nueces County had registered 10 per cent, El Paso 25 per cent and Wichita about 5 per cent.

State law permits county tax assessor-collectors to mail out postcards which the previous year's registrants can sign and mail back to re-register.

Most major counties are following this permissive procedure. As a result, the big city counties of Harris, Dallas, Tarrant and Bexar have high percentages of their voters ready to vote in 1970. But counties where local officials do not choose to do so have re-registered only a few. Registration deadline is Jan. 31.

APPOINTMENTS — Gov. Preston Smith has named three psychologists to the new Texas State Board of Examiners of Psychologists. They are Dr. Alvin John North of Dallas, Dr. John Ingraham Wheeler of Houston and Dr. Carl Finley Hereford of Austin.

Other recent appointments by Smith include: Attorney for 110th judicial district — George Wayne Miller of Floydada.

State Board of Veterinary Medical Examiners — Dr. Roy Albert Riddels of Sherman and Dr. Gordon Spillman Yeargan Jr. of Gainesville.

Law Study Committee-Mental Health and Mental Retardation—Don Wooten of Snyder, Hale County Judge C. L. Abernethy and Mrs. Helen Jane Farabee of Wichita Falls.

State Board of Health named James L. Bearden of Andrews and Henry H. Sprouls of Tyler to State Sanitarian Advisory Committee.

Speaker Gus Mutscher appointed Reps. Bob Salter of Gatesville; Russell Cummings, Houston; James D. Cole, Greenville and Malouf Abraham, Canadian, to work with Rep. James W. Strouf of Dallas on a Texas Election Code study committee.

HOSPITAL FUNDS LET — State Board of Health allotted \$92,902 to Port Arthur for construction aid on new St. Mary Gates Memorial Hospital and \$27,125 in Hill-Burton federal assistance to the Central Plains General Hospital, Plainview.

State Commissioner of Health Dr. James E. Peavy says the 1970 state plan for construction and modernization of hospitals and related medical facilities is available for public review. Thirty-three applicants seek \$23.6 million in Hill-Burton funds for projects to cost \$68 million.

LOAN BONDS SOLD — Student loan bonds totaling \$15 million were sold at 6.2510 per cent interest to Harris Trust and Savings Bank and Associates of Chicago. Total interest on the bonds, over a 25-year period, will run to more than \$16.5 million.

Coordinating Board, Texas College and University System, is mulling a proposal to require co-signers on student-loan applications to assure better pay-backs.

Board approved petition for junior college election in Wilbarger County (Vernon) but rejected similar appeals for junior college votes in Yoakum County (on Texas-New Mexico line) and Hardeman County (Quanah).

ATTORNEY GENERAL SPEAKS — A trial court is not authorized to commit a criminally-accused person to a state mental hospital for examination with the consent of the hospital head, Atty. Gen. Martin said in a recent opinion.

In other new opinions, Martin concluded that: "A Texas Tech University professor is eligible to serve on Texas Air Control Board and draw \$25 a day travel pay."

"A school bus driver who fails to see that his vehicle is properly marked with eight-inch letters can be fined up to \$200 and jailed up to 90 days."

"A \$40,000 annual appropriation to Texas Fine Arts Commission can be spent in sharing costs of cultural programs in communities and neighborhoods over state."

"Law directing Houston to operate harbor fire boars and to enforce fire regulations on waterways and turning basins is unconstitutional."

"Pecos River Commission had authority to adopt 'Report on Review of Basic Data to Engineering Advisory Commission' nine years ago, though it was incomplete."

*County commissioners can make administrative, but not final judicial, determination as to whether a road is a county road or has been abandoned.

*Earmarked public welfare appropriation can be used for aid to state graduate schools of social work — for programs offered all students.

*New law does not eliminate common law defenses against injury suits for car accidents which have not taken steps to subscribe to workmen's compensation insurance.

*Attorney General Crawford Martin ruled that the Texas Fine Arts Commission may spend money to encourage cultural programs in small communities.

SHORT SNORTS

Governor Smith said he does not intend to call a special election in Bexar County to fill the Senate seat left by the late Sen. V. E. (Red) Berry, since no special legislative session is expected.

Speaker Gus Mutscher has requested the Texas Legislative Council to undertake a study of the use of DDT and other persistent pesticides in Texas.

Texas Water Rights Commission has opened offices in Laredo and Eagle Pass to help persons using water from the Middle Rio Grande file their claims in the first procedure for adjudication under the new Water Rights Adjudication Act.

Meeting For WT Ex-Students Set For Today

A meeting of the Ex-Student Board of Directors of West Texas State University is scheduled in Hereford today with the purpose of forming the Panhandle's third chapter of the organization to be the principle topic. The regular monthly meeting which is usually held in Canyon, has been set for 7:30 p. m. at the Caison House.

Troy Burrus, president of the Ex-Student Board of Directors will preside at the meeting which will feature Dr. Den Laycock, dean of school of teacher education, as the guest speaker. Also on the program will be Dr. Charles Smallwood, head of the university's department of agriculture and Duane Byars, the president-elect of the board of directors.

Letters have been mailed out to over 400 Hereford area residents who are past students at WTSU, according to the organization, but due to the mailing list being outdated and incomplete all other exes who do not receive a letter are urged to be present for the organization a l

meeting. do so with the board of directors and their wives at that time. A buffet dinner is planned at 7:30 and all wishing to eat may meet.

MAN'S STRUGGLE

Throughout the ages man has had his struggle. Ambition kindles a fire that sends him in search of higher and greater achievements. Too bad if his course deviates and his efforts become knotted in unethical procedure. *If we are to attain higher ground - if we are to scale the heights placed before us - then our efforts must be seasoned with the highest moral intent.* It is all too simple to get along when we compromise with evil and set up our code of rotten rules for attaining our selfish, material desires. If this man's climb is to be really successful - his efforts crowned with glory - *he will need God as his guide in his struggle.* You need the help of the church in your struggle.

HOLY BIBLE
YOU'IN THE CHURCH
THE CHURCH IN YOU
 Character is a by-product of the church. It is here that the family and influence for a better citizenship and a stronger democracy in the church the ministerial and the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday - live in the church and the church in you have a combination for good. Be a regular CHURCH GOER and a daily BIBLE READER.

Washington Report

From Congressman
BOB PRICE WITH DISTRICT, TEXAS

The House of Representatives last week approved the smallest foreign aid appropriation in history. The \$1.6 billion was more than \$1 billion less than requested by the Administration. It was adopted by a 200 to 195 vote. I was among the 195 voting against the bill for the reasons expressed in my recent newsletter when the authorization bill was passed.

These reasons being the \$19 billion which have been appropriated in past years but not spent, and secondly, the "shotgun" approach that has been taken in giving aid to nearly every country on the face of the earth.

I will not support foreign-aid legislation until such time as this aid is restricted to nations friendly to the United States who are willing to help themselves.

EXPORT CONTROL — By a vote of 238 to 157 those of us opposed to a drastic loosening of controls governing export of American goods to Communist countries were able to return the bill to committee.

The major effect of the bill would have been to remove restrictions on export of high quality machinery and techniques to Communist countries. This is exactly what the Reds want us

to do. This would allow them to continue to funnel their resources into their military and space programs by taking advantage of machinery and techniques we have perfected in this country.

VOTING RIGHTS — I was pleased to be on the prevailing side of a vote to amend the Voting Rights Act of 1965. That law banned literacy tests for voters in seven Southern States but not in the remainder of the nation. Because I believe this to be discrimination against one part of the country, I supported the Nixon Administration substitute which extends the coverage of the law to the entire country.

BILL INTRODUCTION — I am today introducing a bill to prohibit the use of the names of servicemen killed in Vietnam without the permission of their next of kin.

This bill is intended to stop the use of the names of our war

dead by extremists, Communists, and other militant leftists in so-called "peace demonstrations." Not only does this tarnish the names of our fallen soldiers, but is an insult to the valiant Americans who are daily

risking their lives to bring peace and freedom to the struggling people of South Vietnam.

Anyone, with the exception of news media, who used a dead soldier's name without the writ-

ten permission from the next of kin would be subject to a \$500 fine and/or up to one year in prison under provisions of the bill.

The largest of North America's freshwater fishes, sturgeons range from five to 12 feet long. The fish drags four sensitive barbels — a type of feeler — across the ocean bottom to help weak eyes find food.

FAMILY REUNION— Members of the Lindman family were together again Sunday in a reunion after a 20 year separation. Shown seated, from left, are, Mrs. Alvin Anderle, Sister M. Charlene, and Mrs. W. J. Schumacher, back row standing are Mark L., Florian, Jerome, Benedict and Charles.

Lindemans Are Reunited After 20 Years

"A wonderful time," was the comment heard from all sides when the Lindemans enjoyed a family reunion at the Knights of Columbus Hall last Sunday.

According to the family members it was the first time in 20 years that so many could attend the reunion.

Sister M. Charlene flew from Little Rock, Arkansas to attend, and others present were: Mr.

and Mrs. Charles Lindeman and family from Irving, Jerome from Longview, Mr. and Mrs. Benedict Lindeman from Conway, Mr. and Mrs. Alvin Anderle and family from Nazareth, Patsy from Amarillo, Mr. and Mrs. Gary Smith of Dawn.

Local family members attending were: Mr. and Mrs. F. E. Lindeman and family, Mr. and Mrs. W. J. Schumacher and family and Mr and Mrs. Mark Lindeman and Ann.

TWO FIRSTS IN ONE NEW YORK — Manhattan COLLEGE, A Catholic institution, has named its first woman theologian and first Protestant minister — Dr. Letty Mandeville Russell, a Presbyterian — to its religious studies faculty.

Notre Dame has beaten Army's football team 27 times while losing only eight times. Four games ended in ties.

LET'S COOK SOMETHING

Swedish Holiday Ham

Associated Press Food Editor
Swedish cooks have a fascinating way of brining a fresh ham for four to six weeks and then cooking it. They serve the ham cold for a Christmas or New Year celebration.

If you feel adventurous, you'll be interested in this recipe. It is absolutely authentic — the work of a young Swedish woman and her neighbor, an American home economist. When we served the Swedish Holiday Ham at our house all our tasters were delighted. You might enjoy the satisfaction of producing it yourself!

- SWEDISH HOLIDAY HAM**
10 to 12-pound fresh ham
1 tablespoon saltpeper, available at some drugstores
2 tablespoons salt
3 tablespoons sugar
Brine, see below
1/2 teaspoon peppercorns
2 bay leaves
3 carrots, pared and sliced
Coating, see below
3 tablespoons fine dry bread-crumbs

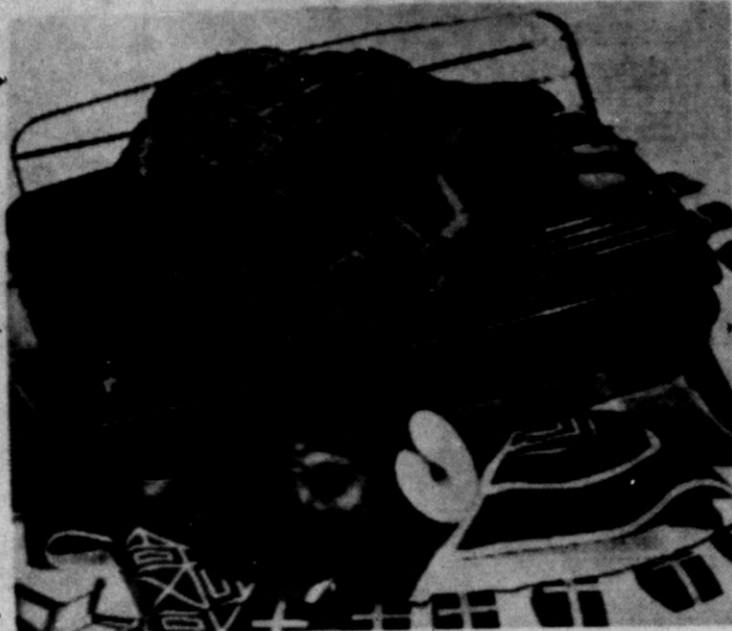

Choose a crock or enamelware (do not use aluminum or plastic) container large enough to hold the ham so that it can be completely covered with water; an enamelware infant's bathtub is ideal. The ham may be placed in the container in a horizontal or upright position.

To find out how much water it will take to cover the ham completely, place the ham in the container and cover with cold water, measuring the water as you add it. Make a note of how much water was needed and use this amount in preparing the Brine. Remove the ham and place it on a large platter or tray.

Stir together the saltpeper, salt and sugar. Massage the mixture over surface of the ham. Let ham stand, loosely covered if you like, in refrigerator or other cold place overnight.

Prepare the Brine so it, too, can stand overnight.

The next day place the ham in the chosen container and cover completely with the Brine. Cover container (with foil if necessary) and place in refrigerator or other cold place for 4

SWEDISH HOLIDAY HAM— After fresh ham is brined and cooked, it's browned on a V-shaped rack in a shallow roasting pan.

to 6 weeks.

After the ham has been brined for the required time, pour off the brine. Wash the container and return ham to it. Cover with fresh cold water, cover the container and soak overnight in refrigerator or other cold place.

Drain ham and place it in the large saucepot in which you are going to cook it. Cover with fresh cold water; add peppercorns, bay leaves and carrots. Cover saucepot and bring water to a boil. Reduce heat and cook in barely simmering water until ham is fork-tender and large bone in butt becomes loose and protrudes — 2 to 3 hours. Let ham stand in cooking water for about 5 hours. (Swedish cooks save the cooking water and reduce it by boiling to make "dopp," a dipping broth for various Swedish breads.)

Remove ham from broth and pat with paper toweling to remove excess fat. Cut off rind but leave a little of it, cut zig-zag fashion, near shank bone. Score fat in a diamond pattern. Prepare Coating and spread over the scored part of ham. Sprinkle with breadcrumbs.

Place ham on a V-shape rack in a shallow roasting pan. Bake in a 425-degree oven until golden-brown — 20 to 30 minutes. If rind does not brown, brush it with a little bottled gray coloring. According to Swedish

tradition, the ham is served cold; but you may depart from it, if you like, and serve the ham hot. Either way, accompany it with applesauce and cooked prunes in Swedish fashion.

The cooked ham must be stored in the refrigerator.

BRINE
For each 4 quarts of water needed to cover the ham, add 1 teaspoon saltpeper and 1 pound coarse non-iodized (kosher) salt. Bring water with saltpeper and salt to a boil; remove from heat, cover and let stand overnight.

COATING
Beat 1 egg white with a fork until frothy. Stir in 2 tablespoons sugar and 1 tablespoon dry mustard.

USE NICE NAMES

JOHANNESBURG, South Africa — Johannesburg motorists must resist the urge to use unflattering names for the city's newly established squad of female traffic cops, insists Traffic Chief Saville Dorfman. "Meter maids" is out. So is "boetebessie," and Afrikaans nickname derived from the word "boetebossie" — a noxious weed carrying a mandatory fine if found growing on municipal householders' property.

La Madre Study Club Hosts Christmas Party

Members of La Madre Mia Study Club held their annual Christmas party recently followed by a brief business session, in the home of Mrs. Bobby Owen. Co-hostess was Mrs. Dean Herring.

The resignation of Mrs. Harvey Penner, who is moving from Hereford, was accepted and members voted Mrs. Roger Williams to membership. Each member was assigned her area for the Mother's March scheduled Jan. 19.

Gifts were exchanged and holiday refreshments were served to Mrs. Penner, Waldo

Baxter, Charles Frye, Jerry Don Glover, Richard Ward, Don Walsler, James Gentry, Lynton Allred, Eugene Sparks, Don Lane, G. C. Merritt Jr., Ben Scott, Terry Hodges, David Honea, and Wayne Lady.

The first meeting of the new year will be Jan. 8 in the home of Mrs. Lady at 8 p.m.

GARDEN CLUB SPEAKER— Mrs. Hillman Owens, right, a member of Phillips Garden Club, presented Christmas arrangements, using scripture as background, to members of Hereford Garden Club and guests at

a meeting held Friday at the Community Center. Mrs. Ellis Tisdale, left, assisted Mrs. Owens with her demonstration and Mrs. Grace Wendell provided musical background for the event. —Staff Photo.

Holiday Show Presented To Hereford Garden Club

"It Is Written" was the topic of a program featuring Christmas arrangements for the entire home, using scripture as background, presented by Mrs. Hillman Owens of Phillips, to members and guests of Hereford Garden Club at a community Center. She was assisted in presenting the arrangements by Mrs. Ellis Tisdale and Mrs. Grace Wendell who provided musical background.

In introducing her lecture "the Christmas season affords many opportunities for worship." Searching for a different way to express the true meaning of Christmas, the program featured various Bible scriptures and the use of appropriate arrangements for special season.

One arrangement made for a girl's room was depicted by a small oasis tree covered with ropes of cotton, resembling fur, accessorized with a miniature woolly lamb.

Two outstanding arrangements characterized the part that hospitality plays in the glorious

Christmas time, some for formal dinners and others for the family.

Mrs. Owens emphasized the fact that "whatever we did at Christmas time, whether it be a gift or a lovely dinner party, we give of ourselves, and that is important, because Christmas is giving."

"Christmas is many things," she said, "manger scene, star, Christmas stories, blue, silver ribbons, wrapping paper, glist-

ening white snow and shining happy countenances."

Mrs. W. C. Hromas and Mrs. S. S. Williams served refreshments from a beautifully appointed Christmas table which featured holly and candles with sleighs loaded with a bounty of goodies.

Approximately 35 attended the special program.

IRS News

Each of the 18 million taxpayers in the United States who filed the now discontinued card 1040A Form last year, have either received a post card or will receive a post card within the next few days explaining the changes to the consolidated Form 1040, the Internal Revenue Service announced today.

This year all taxpayers will receive a larger, complete tax package that includes the one-page basis 1040 and addi-

tional pages or scheduls, which may or may not be used according to the taxpayer's needs.

Past 1040A users will find that except for a few lines, the new 1040 asks for the same information as the old card form and that they will probably not need to fill out more than one sheet of paper to make out their returns the card says.

In the past, taxpayers who used the 1040A could not take advantage of certain tax credits or exclusions and could not itemize their deductions. A principal reason for making the change to the new form is to en-

able taxpayers to take full advantage of the tax benefits the law provides, the post card says

Most taxpayers should receive their individual tax forms and instructions by mail the first of the week of January.

I AM LOOKING FOR A PARTICULAR TYPE OF WOMAN

I want a woman who is not satisfied with just a job, but one who will take a personal interest and help to build it. This woman will be past 30, have prestige, appearance, and the ability to instill confidence. If you can fill my requirements, \$14,000 to \$15,000, possible the first year. For appointment only, call Mrs. Jerry Eaton at 364-0707 between 2 and 4 p.m. Thursday and Friday or Monday and Tuesday.

Glady's Garden

By Gladys Howton Moninger

Am very thankful that I was taught to look for the beauties around me. Whether it be in nature or in the lives of others.

Last week while driving on the highway and approaching Hereford, at twilight, I noticed a jet plane with the trailing vapor making a very lovely picture in the twilight glow of eventide. The colors, and the fantastic designs of the vapor were indescribable. As darkness came, the lighted Christmas trees glowing in the windows, Christmas decorations on the streets. All making a very beautiful and interesting approach to the home town. Yes Hereford is fast becoming a very lovely lighted city, at this happy holiday time. To appreciate this it is necessary to drive about and note the beautiful creations of lights and other materials.

At the Botkins home on the corner of Elm and Westhaven, Old Santa is going in circles around a beautifully lighted tree. This would especially interest the small children... as well as the older ones.

Then Santa is very peacefully resting in the seat of an old Ford at the Billy Wayne Sisson home, 114 Liveoak. Am sure that he will get real busy as the gift-time approaches. The house is very lovely with its lights, and the soft glowing candles lighted in the inside, and the nativity scene depicted in the front enclosure, with bright poinsettia tucked here and there for accent.

Another home which is very beautifully done is the Ronald Zimmerman home on the corner of Westhaven and Hickory. To see it is to thrill at its beauty and originality.

There are many interesting and beautifully done doorway entrances, and windows. The front door decor at the Bill Waldrep home, 1003 E 3rd, is pretty, and the door decor at Rev. Brink's home 211 Sunset Drive is effectively done, portraying the scriptural background, and the true spirit of Christmas.

Many, many other pretty things are being created and have been done. Have you added your bit to add beauty to the home town?

Would be very fine if everyone would have at least a bit of colorful Christmas decorations. It is an easy thing to make an attractive wreath. Evergreens, with scarlet bows of ribbon, are attractive, and then a Western wreath can be fashioned with rope, spray in gold or silver or just natural color makes a very nice wreath. Another one can be created with cotton can be created with cotton burrs, placing berries in the center of the burr, and then adding a bit of glitter or ribbon to it. Also a wreath made of cotton bows, autumn leaves or other materials can be used to accent the bows, and to make them festive, spray with gold and toss

should also be done when using Christmas greens for arrangements) Place tree in the holder, and adds the solution. It will be necessary to add some water to the mixture around the tree each day. Result a more lovely tree, and one that has been so treated that there should be no danger of fire. Do use heavy precaution and watch for any fire hazards. Please no fires at this Joyous time of the year.

The following story was interesting, in that flowers were used to tell someone he loved her... but in a bit different manner. A St. Louis woman had a memorable twentieth wedding anniversary. Throughout the day, people called her, some friends, some complete strangers, each wishing her happiness and extending congratulations. Where was her husband, and what was he doing??? He was down town standing on a corner

handing out pretty fresh cut flowers. And giving to the passers by, to whom he gave the flowers, his wife's telephone number, and asking them to call her and wish her a happy anniversary.

Yes, flowers, tell many stories, and bear many messages. Send someone some fresh flowers, or a beautiful potted plant, and wish them happiness at Christmas time. Will make your Holiday a happier one.

Postage stamps... in sending out your greetings, if the postage stamps should become stuck together, lay a thin paper over them and run a hot iron carefully over them. The muckage

Auditions For "Texas" Are Scheduled Jan. 2

One hundred salaried positions will be filled in the company of the "Texas" Musical Drama before the opening rehearsal on May 31, 1970. Actors, Singers, and Dancers who wish to try out for the '70 season, will have the opportunity, on January 2, 1970. Auditions will be held in the Branding Iron Theatre on the campus of West Texas State University. The theatre is in the Fine Arts Building on Highway 87. The director, William A. Moore, who has been with "Texas" since its beginning and is responsible for its smooth production and his staff, will start to hear applicants at 1:00 P.M. Stage technicians and instru-

mentalists (banjo, standard guitar, violin, accordion and string base) will also be interviewed. During the past season, in 1969, the company included people trained in more than seven colleges and universities. They came from five states and had work from numerous private instructors. The directors invite everyone who is interested to try out, bringing a short memorized selection to show acting ability, a memorized song to indicate the quality of the singing voice, and rehearsal clothes if they wish to try out for dance. Since almost all roles involve some singing and dancing, applicants must demonstrate both abilities. The directors under-

Concerning Veterans

The Veterans Administration issued a reminder today to veterans and widows who receive pensions and to parents receiving compensation to be sure and return the income questionnaire enclosed with checks dated November 1. VA Administrator Donald E. Johnson said that VA benefits are paid to war veterans with limited income who are totally disabled for reasons not related to military service and to their widows, and to certain other dependents of veterans who meet income limitations. Where benefits are based on income, the VA, by law, cannot make payments unless it receives the questionnaire containing the estimated income for next year. Some 2,000,000 will receive questionnaires. Veterans and dependents who have questions were invited to contact their local VA office.

LOOKING IT OVER— John Wayne Sublett, Hereford, pictured second from right, was among the members of the West Texas State University judging team which competed recently in workshop sessions at the Allied Mills Research Center.

Sublett Member Of WTSU Team

John Wayne Sublett, a Hereford High School graduate, was among the members of 16 college judging teams and three state 4-H teams which participated in "workout sessions" at

the Allied Mills Research Center recently.

The sessions were to sharpen techniques prior to entering the Intercollegiate Livestock Judging contest held in conjunction with the 70th International Livestock Exposition in Chicago.

Two of the teams went on to win highest honors in the college event at the Amphitheater — the

University of Kentucky team winning top award on 4,599 out of 5,000 points in judging beef cattle, hogs, and sheep; and John M. Jarchow, a member of the University of Nebraska team who was awarded a new camera by Allied Mills for his individual high score of 44 out of a possible 1,000 points.

IRS News

It no longer is necessary for dealers to keep records of certain ammunition sales, B. Frank White, Regional Commissioner for the Southwest Region, Internal Revenue Service, said today.

Newly enacted legislation eliminates the need for dealers to keep records on sales of shotgun ammunition, ammunition suitable only for use in rifles, and component parts of these types of ammunition. Purchases of ammunition interchangeable between rifles and handguns, such as .22 caliber rimfire ammunition, continue to be subject to the recordkeeping requirements. Previously, the gun control act of 1968, required records for all ammunition sales.

Mr. White stressed, however, that no other aspect of the act, which is administered by the Alcohol, Tobacco and Firearms Division of the IRS, was changed by the legislation.

Persons engaged in selling ammunition still are required to be licensed under the act.

Anyone under 21 years of age cannot purchase handgun ammunition. However, individuals at least 18 can buy rifle and shotgun ammunition. Dealers must still require purchasers to identify themselves if there is doubt about their age.

Felons, persons under indictment for a felony, fugitives from justice, unlawful users of drugs, mental incompetents, and persons under 18 continue to be prohibited from purchasing ammunition of any type.

"The change in the law affects only shotgun and rifle ammunition, and their component parts. Dealers still are required to keep records on the sales of other ammunition, specifying the type and quantity of ammunition and identifying the buyer," Mr. White said.

Texas farmers are subject to self-employment tax for 1969 if their farm income is \$400 or more, Ellis Campbell, Jr., District Director of the Internal Revenue Service, advised today.

The self-employment tax rate is 6.9 percent with a maximum of \$538.20, and is in addition to income tax.

A self-employed farmer is one who operates his own business or farm. A farmer is also considered self-employed if he employs others to operate or work his farm even though he does not live on it himself.

A farmer must file a Federal Income Tax return and pay the self-employment tax due if his net earnings from self-employment are \$400 or more, even if his gross income is less than \$60 and he owes no income tax.

The self-employment tax applies to a maximum of \$7900. But this figure is reduced by any wages from which Social Security taxes were withheld.

A special optional provision in the law enables farmers to acquire Social Security credits even if they have a loss after expenses are deducted.

"Farm" as used in the Federal tax law relating to Social Security and self-employment taxes, includes stock, dairy, poultry, fruit, fur-bearing animals, and truck farms, and also plantations, ranches, and nurseries.

"Farmer's Tax Guide," IRS Publication 225, furnishes more detailed information on this subject. The booklet is available without charge by sending a post card to your county agent or IRS District Office.

David G. Parmer Is In California

Marine Private First class David G. Parmer, son of Mrs. W. L. Hendricks of 829 Ave. "K," Hereford, is serving with the Second Battalion, Third Marine Regiment at Marine Corps Base, Camp Pendleton, Calif.

The Battalion is a unit of the newly-formed Fifth Marine Expeditionary Brigade.

He will serve as a member of the Brigade's Regimental Landing Team.

In the 1969 Rose Bowl game, Rex Kern became the third Ohio State player to win the player of the game award. The others were Fred Morrison in 1950 and Dave Leggett in 1955.

Kings, Queens Name Winners

Eleanor Hudspeth, with a 578 series, and Bobby Harper, with a 601 series, were named "Bowlers of the Week" in Kings and Queens action last week.

Anne Radney rolled high game for the women with a 214 and a high series of 534 while for the men it was Ed Kluesner with a high game of 221 and a high series of 580.

Picking up splits were Ben Lueb, the 3-10; Leroy McDonald, 3-10; Raymond Lueb, 5-8; L. J. Clark, 3-10; Ed Kluesner, 4-5-7; Eleanor Hudspeth, 4-7-10; Anne Radney, 4-5-7; and Stanley Varner, 5-9-7.

In action last week, Team Number One won 4 and lost 0; Claudes Mobil Service won 0 and lost 4; Hereford Janitor Supply won 1 1/2 and lost 1 1/2; Stricklands Shell Service won 0 and lost 4; Reeves Chevrolet-Olds won 2 1/2 and lost 1 1/2; Vance Hall Sporting Goods won 0 and lost 4; Cougar Club won 0 and lost 1 1/2; Sunset Food Center won 4 and lost 0; Weatherford Gin won 4 and lost 0; Sunset Lanes won 1 1/2 and lost 2 1/2.

Standings to date show Sunset Lanes, 33 1/2-14 1/2; Sunset Food Center, 3-15; Team Number One, 31-17; Vance Hall Sporting Goods, 28-20; Cougar Club, 26-19 1/2; Hereford Janitor Supply, 25-23; Claudes Mobil Service, 19-29; Weatherford Gin, 18 1/2-31 1/2; Reeves Chevrolet-Olds, 14 1/2-33 1/2; and Stricklands Shell Service, 11-7.

Primitive peoples prized colorful cowries from the tropical waters of the Indian and Pacific Oceans for decoration and good luck. Given to a bride, they guaranteed offspring; attached to fishing nets, they promised a good catch.
