# Commissioners Discuss Hospital Bond, Purchase Pickup

Possibilities of a hospital bond election in the near future for additional expansion highlighted the business of County Commissioners Court at their regular session Monday, along with approval of bids on gas and oils and a pickup truck.

Representatives of Pioneer Natural Gas Co. of Amarillo and Bryant Brothers appeared before the commissioners and a deal was worked out providing for specifications on gas and water line crossings throughout Deaf Smith County.

Wayne Thomas, local attorney who is on the Deaf Smith County Hospital Board, described current needs and preparations in motion for additional hospital space at this time. Although nothing has been finalized in either the architectural or future bond plans, he

pointed out that a master plan for future expansion will also be included in view of population increases computerized for the immediate area.

Thomas reported that the hospital had risen to almost a million dollar business here and that a visit to the hospital at almost any time would reveal the increasing needs for additional room. A consideration included is whether a wing will be added to the ground floor ("there isn't too much space left on the ground at this time," he related) or additional floors.

Also under discussion was the possibility of creating a hospital district in Deaf Smith County at a later date. An architect for the proposed project is also under consideration.

Thomas said, however, that the mat-

ter of any hospital additions would be left entirely in the hands of the voters and that details of the entire plan would be turned over to them "as soon as possible."

He and the commissioners agreed that the best policy was in giving the people of the county "all the facts in detail" at the earliest feasible time.

In the action regarding future pipeline crossings beneath county roads, both Pioneer Natural Gas and Bryant Brothers (who do much of the construction work for the gas company) were in accord with whatever safety provisions were stipulated by the Court. They assured commissioners that they were as eager for such measures as anyone else, in view of the fact that they could be held liable in

cases of accidents resulting from poor work.

Commissioners agreed that "all gas lines crossing county roads shall be crossed by drilling so that the road is left in exactly the same condition as before the gas line was placed under said road."

They also added a provision for water lines:

"All water crossings must be of steel. All ditches crossing county roads must be water packed to its original compaction and run at right angles to the road."

These additions were reportedly enacted upon by the Court due to a gas line crossing (old pipe being removed and new pipe installed at the same time) at a site in Precinct 1 prior to the last rain, which caused

a hazard when the section of roadway was washed out and had to be replaced at 2 a. m.

The company representatives also agreed to road warning signals of some appropriate type at construction sites in the future.

The county gas-oil bid went to Texasaco, after commissioners computerized last year's gallon consumption against this year's prices and found the saving to be \$42 over the other two bids. Gulf Oil Company and Phillips 66 also entered bids — all three were "very close together" in prices.

For Precinct 2, a bid of \$1,225 for a pickup truck was accepted over one other bid of \$1,232.18. Low bid was a Orsborn Chevrolet with the slightly higher bid by Orval Watson Ford, both of Hereford.

A floor scrubbing machine, owned by the Deaf Smith County Hospital but reported as too large for their purposes, was "sold" to the Deaf Smith County Bull Barn for their use — while the hospital plans to purchase a smaller one. Commissioners pointed out that the purchase was simply a matter of transfer of funds in county use.

Precinct 2 Commissioner Marcus Latham reported that the necessary maps which will be provided by the State Highway Department before purchases along U. S. 60 can be made for widening purposes have still not been received by the Court.

Latham reported that he had talked to highway representatives with the slight hope that "it could be two months longer" before they will be received here.

## Local Bands Win In Area Contest

In University Interscholastic League band competition last Saturday, Hereford High School, and Stanton and La Plata Junior High Schools collected numerous first and second division ratings in competition against other district 1-AAA schools.

La Plata saw 16 of its students win first division ratings while 24 collected second division and four, third division ratings.

Gary London, Catherine Emerson, Julie McDermitt and David Thomas were first division winners in Clarinet Quartet while Anita Hughes received a first in flute solo.

The Flute Quartet of Anita Hughes, Angela Bruggs, Dee Dee Boardman and Patti Turrentine received a first division rating, and the Brass Sextet of Lewis Aven, Brent Combs, David Hicks, Charles Allison, Steve Barnes and Brad Lind were other first division winners, David Hicks

also was awarded a first in French Horn Solo.

Collecting second division ratings for La Plata were Dee Dee Boardman, Flute Solo; Gary London, Clarinet Solo; Bobby Garcia, Iris Garcia, Charles Ross and Terry Morgan, Saxophone Quartet; John Martin, Jerry Ward, Terry Champ and Johnny Jimenez, Cornet Quartet; Ralph Waits, Lewis Aven, Dan Higgins and Brent Combs, Cornet Quartet; Charles Allison, Gary Hicks, Jerry Ward, Sandy Caison, Kenneth Aycock, Gary Hicks and Brad Lind, Brass Sextet.

Third division ratings were received by Larry Justice, Glen Harris, John Jorde and Gary Dillard, Cornet Quartet.

Of the 40 students from the high school who participated in the contest, 33 received first division ratings while the remaining seven collected second division awards. Band members were entered in Brass Sextet, Woodwind Quintet; Saxophone Quartet, Cornet Trio, Trombone Quartet, Flute Quartet, Clarinet Quartet and Ranch Horn Quartet.

Principals of all local schools were present for the Tuesday night meeting of the Hereford Independent School District Board of Trustees for the re-election of teachers — which included important changes — and the changes in grade equivalents set to begin in September.

Among other items discussed were building program plans that saw a possible change in the location chosen at a recent meeting for the baseball diamond and early interest in the football stadium special seating offered to the public on an optional

basis.

On the subject of teachers, each principal endorsed his present staff and requested they be returned to faculties next year in the same assignments that they presently hold — considering there are some who will not return for various reasons of their own.

In one instance, it was reported that HHS World History, Government teacher and athletic coach W. H. (Cubby) Kitchens had requested that he not be reassigned as head basketball coach beginning with the next semester.

The board took the matter under advisement and will reassign Kitchens later. But he will remain on the faculty.

American History and Government teacher Mike King will become head of social studies in the school system and Malcolm Manchee was designated as director of literary events.

Following review of several local faculty member considerations, the board was unanimous in their selection of HHS biology and athletic coach Pat Hughes to become assistant principal at La Plata Junior High School in September, when Alex Glass will become principal and Jerry Don George will move into the office as an assistant administrator. Hughes came on the Hereford faculty last year.

## Final Concert Slated

Renewal of present memberships in Hereford Community Concerts Association will be available at the final concert of this season in the high school auditorium Saturday evening. Bill Thompson, membership chairman, announces.

The boxoffice will be open at 7:15 p. m. for those wishing to renew memberships before the program by the Clebanoff Strings and Orchestra, which will begin at 8 p. m.

New memberships will be on sale for next season early in September, during the annual membership week. The board of directors has booked two "hold" attractions for the 1969-70 program and the remainder of the schedule will be filled after the membership drive.

Already booked are Ferrante and Teicher, best-known two-piano team on the American concert circuit, and Javier de Leon's Fiesta Mexicana, a group of singers, dancers and instrumentalists from Mexico City.

Playing together since they were six-year-old prodigies at the Julliard School of Music in New York City, Ferrante and Teicher are widely known from concert tours, recording, playing theme music for films and broadcasting. They have evolved a distinctive style which has earned them years of fame and put them at the top of their particular musical field.

Colorful costumes from the Indian and Spanish background of Mexico complement the music and movement which make up the unusual Fiesta Mexicana show. The company of 30 presents an entertainment unique in today's concert world, say reviewers in cities where they have performed in recent years.

This week's concert for holders of Community Concert membership cards is by a group which actually presents two programs in one.

The first half of a Clebanoff concert is a classic program by an ensemble of 15 strings, with music by such composers as Mozart, Bach, Tchaikowski and Britten. For the second half, adding piano, accordion, harp and percussion, the orchestra plays a pop concert.

Originated in 1957, the orchestra was formed to meet

## License Tags Deadline Near

The nearing deadline for purchasing vehicle license tags is April 1, according to tax assessors collecting for N. L. Miller.

Friday morning Mrs. Miller reported that 3,014 tags had been sold.

The last week in February the total was only 1,560 with a total last year of 15,300 tags.

The tags are required to be on the vehicles by midnight, March 31.

Joy McCathern and Denny Hicks received first division ratings on Class I solos.

Stanton had 23 first division winners and 13 second division winners representing their school in the competition.

Alesia Ragesdale received a first in Flute Solo; Alan Brooks, Marcia Fiebel, Howard Fish, Tracy Barber and

was announced for the end of the present school term. They are Madeline Bell, Aikman; Hazel Bruner, Central; Gladys Setliff, Northwest; Erma Walker, Shirley; and Caudie Brown, La Plata.

Resignations were accepted for Sandra Millegan, Lydia Garcia, Sharon Corica Cowell, and Jeninne Blackburn. Floyd Payne resigned as head of the math department only.

Election of new teachers included Patricia Hagar, kindergarten at Northwest; Margaret Irby, general business at Stanton Jr. High; and A. B. Lyles, math at La Plata.

**NEW SCHOOL, STADIUM**

Superintendent Johnny Clark Jr. told the board that architect Herbert Brasher had made a new study of the football stadium — baseball diamond situation and had come to the conclusion that the present location of the diamond would not have to be moved "and it wouldn't change anything that has been decided on the football stadium construction." The diamond would be located on the east side of the stadium.

However, Clark said there would be further discussion on this point as to its feasibility. The board agreed to rescind their original motion should the east side prove more practical. Their earlier motion had the diamond facing southeast.

Clark also reported that 200 cards had been mailed to area sports fans regarding preferences for special seating at the football stadium. He said that it is still too early for an accurate estimate as the cards are just now being returned to them, but from those which had been received 35 were in favor of the seats (90 seats) against 19 who had said no to the offer. Also, eleven cards had requested 16 electrical outlets.

He further reported that interest in the construction bids had also been received for the new elementary school and stadium. However, he said that he felt the stadium construction would be less a hazard than the new school, in the face of inflationary building costs which have risen to the point where some contractors will no longer submit bids

## Recharge Wells Cost-Share Here

To encourage the installation of recharge wells, cost-share assistance will be approved for two wells in Deaf Smith County this year, according to J. C. Brown, District Conservationist with the local Soil Conservation Service.

The Soil Conservation Service, Agricultural Research Service, and the Agricultural Stabilization and Conservation Service are working together to locate suitable locations for these wells.

Two geographical areas have been selected in Deaf Smith County in which cost-share assistance could be approved for installing new recharge wells. One area is northwest of Hereford about 20 to 35 miles out. This would be in loose, coarse sand. The other approved area would be in east Deaf Smith County in a fine, unconsolidated sand area.

To receive cost-share assistance for the recharge modification, the irrigation well must be drilled new and meet the specifications of the Soil Conservation Service, Brown said. The recharge well should be located in close proximity to playa lakes that have a drainage area of at least 200 acres and an average surface area of not less than 25 acres.

Cost-sharing of 70 per cent

of the cost of performing the approved modification measures, not to exceed \$2500, has been set up for participants in Deaf Smith County. Items for which cost-shares are offered are limited to concrete packer, air vent, underground intake line from lake to well, intake control valve and intake line screen.

Also to be approved would be a device for estimating rates of recharge, facilities for handling well discharge when water is not used in irrigation system, collection facility, gravel pack if needed and establishing cover in the lake bed if needed.

The playa lake site must be approved before any construction begins, according to Brown.

"Anyone planning to put down a new irrigation well in the areas mentioned, should consider this assistance that is available," Brown said. "The personnel of the Soil Conservation Service or ASCS office will be glad to answer any questions on this practice."

## Pitman Named All-District

Hereford's Marsh Pitman, junior, was the only Whiteface cager to be elected to the elite All-District basketball team, making it a long with four others who won second team honors.

Tallest player on the varsity squad, standing six feet two inches, Pitman tied for top scoring honors on the Whiteface squad with senior Dusty Duncan, both having 263 season points. Pitman due to the bi-district football playoffs, played fewer game than did Duncan as they both averaged 11.4 points per tilt.

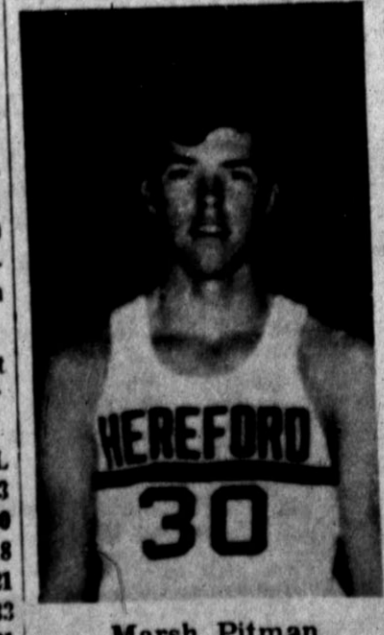

In district play, Pitman upped his scoring to 12.1 in 10 games.

He also led the team in rebounds, snatching 175 in 19 games.

Also selected to the teams for district 1-AAA were: First Team, six-foot-three Bob Gobin of Perryton; six-foot-five Scott Doore, also of Perryton; six-foot-one Mike Henthorne of Tulla; six-foot-one Bob Thorpe of Dumas; and five-foot-eleven Jackie Thrasher of Canyon. All members of the first team were seniors.

Making up the second team were Pitman; Dickie McWhorter, five-foot-nine of Perryton; Alan Carson, six-foot-six of Dumas; Jerry Landrum, five-foot-ten of Canyon; and Mike Gleason, six-foot-four of Tulla.

Perryton, winner of district 1-AAA, bi-district and regional honors, wound up their season last Saturday as they dropped a heart breaker to Kerrville. Tivy in the state finals, 55-54.

# Mall Set For Good Friday Free Showings

Sugarland Mall merchants are set to sponsor an Easter Shop and Show Matinee at the Star Theatre in Hereford on Good Friday.

Although there has been a business increase in local stores, some merchants reported that during the pre-Christmas Shop and Show matinee their business had been much better than on the same dates last year. Therefore they have decided to try it again during Easter, it was reported.

All that is necessary is to bring the child to the theatre. There is no charge. In this manner, mothers will have a free babysitter while they shop.

Good Friday this year falls on April 4. Two free showings are scheduled — at 9:45 a. m. and 2 p. m. Title of the feature is "Apache Uprising." With it will be a 3 Stooges Comedy.

ROTARY SPEAKER — Judy Hollingsworth, speaker at the Monday noon meeting of the Rotary Club, presented her program on her trip to Washington, D. C. as a part of the REC. sponsored Youth Tour Program.

# No Injuries In Accident

No injuries were reported in a wreck Monday afternoon at Blevins and 14th St. Cars driven by Nelda McCullar and La Jean Latham Henry collided when the McCullar vehicle backed out of the Alkman School parking lot and struck the other car.

A citation was issued for improper backing.

Damage totaled an estimated \$75.

## Two Local Students Will Participate In State Meet

Barbara Brown, junior at Hereford High School, and Kathy Skypala, senior, will participate in the State Youth Leadership Conference for Vocational Office Education

students at Abilene Friday and Saturday.

The girls will represent the OEA (Office Education Association) Club which is composed of students enrolled in VOE.

Miss Brown, who won first

place in production typewriting at the area conference in Midland, will compete with 15 other students in that category.

Miss Skypala will attend the Abilene State Meet, as a voting delegate to the confer-

ence for state officers. Each chapter may send two voting delegates to represent their school. Miss Brown will act as the other delegate.

in fear of loss. But he released the information that the new school was "the most economical" type of construction now afforded.

Bids will be opened by the trustees on Thursday, March 27 at 5 p.m.

### ABSENTEE VOTING

Trustee Bill Gentry, the only one of three incumbents who did not choose to run for re-election on the board, pointed out that the election date of April 5 is one day in advance of Easter and that many local voters would possibly not be in the city to cast their ballot due to the holiday. He stressed that in view of the importance of this election local voters should be reminded of the absentee deadline — which is March 16 through April 1 at the Hereford Schools Tax Office.

Incumbents in the race are Trustee President Olin Paris and immediate past president Hugh Clearman, with Lowell Sharp and Wayne Phillips as the newcomers. The four men are running for three posts on the board. Approval of the contract with Southwest Development Laboratory of Austin was made which guarantees 100 per cent funding of the new migrant program here, headed by Joe Soto.

As a result of a depth study conducted by the HHS counselors, and intermittent conferences with principal G. W. Michael, Bill Phillips, Wilma Braddy, Robert Thompson, Keith Munn-

nerlyn, and Robert Holman, it was concluded that the method of assessing student achievement in the high school should be modified. All course work will be classified as Advanced, Standard, or Developmental courses and in grading teachers will use the scale, A, B, C, D, and F, in all subjects except physical education, band and choir. Grade points are to be assigned to each letter grade that more equitably reflects levels of course work and accomplishment.

Texas Education Agency varified the new policy regarding Cosmetology in the school system as 1,000 hours instead of the proposed 1,500, but pointed out that 500 hours must be allotted to either biology, chemistry, math, English, salesmanship, or business education.

Clark, who led the fight to retain Cosmetology at 1,000 hours in public schools because he felt that it would damage both student and other subjects, said that the extra 500 hours in the other subjects would not present any kind of a problem because the student has spent this amount of time in such courses in the past.

Enrollment in the schools is 34 down from last month but still 365 higher than at this same period last year, it was reported.

Coordinator of Special Services Tom Harkey is making plans for a bus driver workshop during the month for drivers here and schools in surrounding counties which will "impress safety" following the recent bus-student accident at Farwell which took the life of a child. He also said that another workshop is planned for April through the cooperation of the Texas Department of Public Safety.

### TAX OFFICE

Tax assessor-collector Orpha Click reported that total tax collections were 94.87 per cent collected thus far this year compared to 93.80 at this same time last year — with approximately \$90,000 more on the tax roll.

Total collected is \$1,426,227.02. Whole total is \$1,538,487.72.

Click said that a meeting has been set-up in Amarillo Monday "to try to work out a uniform tax rendition on livestock in surrounding counties under the state law." He reported that various counties had employed different practices in this matter but had come to the conclusion that the law would be more workable with less misunderstanding if all followed the same practice.

Trustees agreed on a resolution for their stand against the financial part of the Governor's Committee Recommendations regarding the schools. Through tapping reserves in the school districts, they felt that districts would lose a lot of money in local fund assignments.

Clark told the trustees it was his opinion that the school district consolidation is part of the recommendations "may be a red herring to cover up for this more important recommendation." He estimated that \$100,000 per year might be lost here an-

nually if this section is passed.

On the discussion of a topic which has become increasingly popular — professional negotiations with teachers — throughout the nation, Clark said that he had talked with TSTA president Gary Billingsley here regarding local feelings and that Billingsley had agreed to survey the local teachers in this respect but that to date "no one has expressed any disapproval over the way negotiations are currently conducted here."

Clark remarked that "there is a healthy attitude between the teachers and the board" here.

Thursday, May 29, at 8 p.m. in the La Plata gymnasium was approved as the date, time and place of the forthcoming graduation exercises. Trustees had said that some had wanted the graduation to be held in the football stadium but it would be impossible to have it there this year because of construction. Baccalaureate services are scheduled for Sunday, May 25.

Other than the bid opening date of March 27, the next trustee meeting is scheduled for April 1 at 8 p.m. due to Clark's trip to the Scandinavian counties which will have him out of the country from April 4-26. But there will be a meeting on April 8 for the swearing in of the three new trustees.

# Small Talk

**By SUE COLEMAN**  
Women's Editor

To all the people who wanted to join me in celebrating my favorite national week, National Procrastination Week, I'll have to admit that I put off telling you about it last week as my part of the observance. Let's just all put off paying any attention to it until the date comes around again next year.

**IT WAS A PERFECTLY** beautiful wedding, the guests said of the ceremony in First Baptist Church at Wilson Saturday evening when Jane Stoker of that community and Larry Hill were married. The bride was perfectly beautiful too, as a bride should be, even though she left the hospital for the ceremony.

She was injured in an automobile accident Wednesday morning after she had spent the night here in the home of her fiancée's parents, the Elmer Kimballs, and was enroute to Lubbock early in the day to be ready for a party in her honor that evening.

The collision occurred on the edge of Anton as she was driving east on U. S. 84 and an Anton woman, also alone in her car, was driving across the highway on a farm road intersection. Both drivers were injured and both cars heavily damaged.

The pretty bride-elect was taken to a Littlefield hospital with a leg badly cut and bruised and numerous other less serious hurts. She left the hospital for the wedding and walked to and from the altar for the ceremony, although she sat in a wheel chair for the reception.

She was brought to Deaf Smith County Hospital for a few days until her recovery is complete, so she is "at home" here even though it will be a little while before she will be in the new-lyweds' apartment at the Lynette.

**HOPE NOBODY** has had bad luck making the tomato bread for which the recipe was given in the Sunday pa-

per. Seems like recipes supply a fertile spot for errors to slip in.

In the first place, you should use one-fourth cup of butter instead of one-half cup (by writing out the fractions, maybe that will turn out right) then you should use celery seed instead of celery salt.

And Martha Lueb says the instructions should read "turn the dough out on the board and knead" instead of "pour out", because the dough is too stiff to pour.

But let's consider that a technicality — anything you can dump out of the bowl is "poured" so far as I'm concerned. Just get the dough out on the board and go ahead with the kneading.

## DWI Charges Filed Against Jose Cuellar

Charges for driving while intoxicated were filed against Jose Davila Cuellar, 18, 209 Kibbe, after the 1966 Chevrolet pickup he was driving apparently went out of control and collided with the traffic signal light at the intersection of US 60 and 385.

The accident occurred at 12:20 a. m. Tuesday. Damage to the pole and the pickup was estimated at \$1400.

Cuellar refused medical aid and was taken to the county jail.

**HONOLULU** —Donn Tyler was busily dubbing radio commercials here recently when the electric power went out. He and the engineers waited around in the dark for a half hour, finally closed shop and went home.

## LET'S COOK SOMETHING

# Pie For Refreshments

**By SUE COLEMAN**  
Women's Editor

Back in the 1930's when she became a charter member of one of the first Home Demonstration Clubs organized in Randall County, Mrs. Carl Schroeder was interested in its programs on foods.

**AT THAT TIME** the emphasis was on production of food on the family farm, and preservation of food grown at home. Mrs. Schroeder has followed the changing H. D. program on foods, which now stresses principles of good nutrition, but still remembers those early lessons and spends a great deal of time each summer canning vegetables which her husband grows in a backyard garden.

She enjoys cooking for her family and for company on such occasions as club and church meetings. One of her favorite recipes for refreshments on those occasions is the following:

### STRAWBERRY MARSHMALLOW PIE

Mix 2 cups graham cracker crumbs and 1 stick margarine, melted. Press this mixture in pie plate and chill to form crust.

Chill in ice tray two-thirds cups evaporated milk. While it is chilling, put into a heavy pan 32 large marshmallows (10 oz. pkg.) and one-third cup water. Chill until mixed and stir over low heat until marshmallows are just melted.

Remove from heat and stir in 1 tsp. lemon juice and 1/4 cup water. Chill until mixture is very thick but not set.

Whip chilled evaporated milk until stiff. Fold in the marshmallow mixture, then fold in 1 quart fresh strawberries, washed and stemmed. Put the mixture in the crumb crust, placing a few whole strawberries on top. Chill until firm.

This amount makes 2 large pies, which may be made a day or two before serving. Frozen strawberries may be used, but the fresh berries are better.

**MRS. SCHROEDER**, who last month was selected as County Home Demonstration Club Woman of the Year to receive an annual award presented by the Hereford Brand, has a background of 36 years in H. D. Clubs.

She and her husband were among signers of the petition which persuaded Randall County commissioners to employ an H. D. Agent there in 1933, and she joined the Ralph Club as a young farm wife.

Daughter of a farmer, she had grown up near Pampa and Canyon, where she completed high school studies and married. She is the former Verna Carter, born at Manchester, in northern Oklahoma, just before Oklahoma became a state. Her children still tease her about being an "Indian territory native," although she has been a Texan since the age of four.

**THE SCHROEDERS** mov-

Mrs. Carl Schroeder canning is a hobby

ed to Deaf Smith County in 1944 and farmed five years in the Westway community. At retirement, they bought the home at 205 Norton where Schroeder used his ability as a carpenter to install convenient built-ins and the couple keep the neat cottage and paling fence painted gleaming white.

After a few years, Mrs. Schroeder moved her membership from Westway H. D. Club to West Hereford Club, which is unusual in that its members are almost all of retirement age, and so slant their programs to the interests of that age group.

In the three clubs where she has been a member she has served in practically all offices. She has attended two state conventions of Texas H. D. Association and numerous district meetings, as an H. D. member she worked a number of years as a 4-H Club leader.

**OTHER COMMUNITY** service has been given time also. She was on the Randall County Rating Board during World War II and also worked with the Farm Security Administration. She assisted in Cub Scout programs several years.

A member of Avenue Baptist Church, she has been active in the Women's Missionary Union and is a past president. Now she is director of the church's Sunbeam Band, organization for children, and has worked in Vacation Bible School for a quarter of a century, enjoying the work with children as a hobby.

She has four grandchildren, the youngest the five-month-old daughter of the Schroeders' only daughter, Mrs. Clark Vencil of Dallas. A son, Robert, lives at Pampa with his wife and three sons. The older son is Sgt. 1-C Carl Schroeder, a career soldier stationed at Aberdeen Proving Grounds in Maryland after three tours of duty in Vietnam.

# Players Vote On Directors, Cast Comedy

Ballots for election of three new directors were distributed to members of Hereford Community Players at the March meeting in Community Center Monday evening, and announcement was made of the complete cast and dates for the spring play.

Members not present Monday will receive ballots by mail, to be returned by March 21. Retiring members of the nine-member board of directors to be replaced this year are Mrs. John Douglas Pitman, Mrs. Spicer Gripp and Darrell Rose.

The three elected will be introduced at the first annual membership dinner March 28 in Hereford Country Club, which will be open to prospective members also.

Mrs. John Claypool, Mrs. Estelle Wiley and Miss Donna Johnson were appointed to serve with Mrs. George Warner on the program committee for the dinner; Mrs. Ross Cooley reported on decoration plans.

Dates for presentation of the vintage comedy, Charlie's Aunt, the Players' next production, will be May 1-3, it was announced by John Gilliland, director. Mrs. Earl Wood is to serve as assistant director.

The cast will be headed by John Murdoch as Lord Fancourt Babberly, the somewhat scatterbrained titled youth, student in an English university in the 1890's, who is persuaded by a couple of friends to masquerade as the aunt of one.

Rodney Laubhan will have the role of Charlie and Paul Arnpriester of Jack, the students who must have a chaperone if they are to entertain their sweethearts at tea in their apartment. Carole Byers and Deborah Baker

tower study which are customarily held locally.

Highlight of the assembly will be Lester M. Dugan's discourse "Law and Order When and How?" Dugan has been a minister of Jehovah's Witnesses since 1932 when he was ordained. Since then he has served as a traveling minister since 1947 and as a district supervisor since 1959. He has had considerable experience in managing large assemblies of Jehovah's Witnesses, serving as department head at the International Assembly in New York City where 252,000 attended.

All local activities will resume Tuesday, March 18, at the Kingdom Hall, 319 Avenue I.

will play Amy and Kitty, the proper British young ladies. As Amy's guardian, Ed Schroeter will enact a money-hungry elderly man who de-

cides to marry the supposedly rich aunt, while Bill McDonald will appear as Sir Francis Chesney, Jack's father who reluctantly decides to become a suitor for the aunt's hand — and fortune — to recoup losses to his family fortune.

Adding to plot complications, Lorene Johnson will appear as the real aunt and Viola Moore as the girl whom Lord Fancourt admires, while Gilliland will take the role of Brassett, the "gentleman's gentleman."

# Music of Area Is on Program

Composers living in the Panhandle wrote music heard on the program of Music Study Club Monday afternoon, when Texas Composers Day was observed and plans were completed for a school music recognition program later this month.

The meeting was in Mrs. Bill Bradley's home with Mrs. Paul Lyons as co-hostess. Mrs. Dale Young was program leader.

Four Sacred Songs For the Night by Dr. Houston Bright of West Texas State University music faculty were sung by a choral group directed by Mrs. D. W. Palmer and accompanied by Mrs. Bill Devers, pianist.

The singers included Mmes. Mack Cansler, Tom Burdett, W. T. Carmichael, Steve Clements, W. E. Dameron, A.O. Thompson, Wes Fisher and Young.

Mrs. R. C. Godwin sang sacred music by Charlotte Wood of Amarillo, a setting for The Lord's Prayer and another selection titled Let Not Your Heart Be Troubled.

Arrangements for the program by school musicians were announced; approximately 85 students in the A Cappella Choir and a group from the Whiteface Band will perform music they are performing in spring contests. Bill Devers will direct the choir selections and Ben Golehon the band.

The program will be given in Community Center at 3 p.

m. Sunday March 23, open to the public.

Another musical program with the public invited will be sponsored by the club March 30, when Miss Judy Hollingsworth will be presented in senior voice recital at Avenue Baptist Church. She is a voice pupil of Mrs. Allen Cansler.

Several members of the club discussed plans to attend conventions of Texas Federation of Music Clubs to be held at Brownwood March 26-29, and the National Federation of Music Clubs, to begin Apr. 18 in Albuquerque.

Newly elected officers of the Za-Ni-Ka campfire group are Melinda Matthews president; Elizabeth Phillips, vice-president; Rennee Payne, secretary; Marie Johnson, treasurer; Sheryl Wright, scribe and Luanne Kidsfather, song leader.

## Mustering-In Service Held In Lodge Unit

Mustering-in ceremonies for new members were conducted after a recent covered dish dinner for the Hereford Canton and Ladies Auxiliary of Patriarchs Militant in the IOOF Hall. H. G. DeLoach and Jerrell Otwell of Muleshoe were the recruits to the canton, their wives to the auxiliary.

After the ceremony in the canton, with E. E. Bishop presiding, and a brief business meeting of the auxiliary in charge of Mrs. Leonard Davis, a joint meeting was held with canton members assisting in the mustering service for the auxiliary.

On the mustering team were Mrs. A. N. Hopson as president; Mmes. Davis and Clarence Beauford, aides; Mrs. Frank Snyder of Muleshoe; vice president; Mmes. Guy Lawrence and Archie Love, aides; Mrs. Tom Berry of Muleshoe, chaplain; Mrs. A. R. Rogers, past president; Mrs. Ben Conklin, officer of the day; Conklin, guard; John Gooch, Berry, Bishop and Otwell, guards.

Visitors were present from Plainview and special visitors were Past Grand Master of Texas, Raymond Gage of Circle Back, and Mrs. Gage, past president of the Rebekah Assembly of Texas and Auxiliary of the World.

## Icy Streets Cause Wreck

Icy street conditions were the cause of an automobile accident Monday morning at the intersection of Miles Ave. and Park Ave.

A 1966 Pontiac driven by Allen Earl Myers, 108 8th St. was in collision with a 1962 Dodge driven by Alan Reeves, 328 Ave. D.

The Reeves car attempted to make a right turn onto Miles Ave. and slid into the Myers car which was stopped at a stop sign.

A citation issued by investigating officers was for negligent collision by excessive speed for the conditions.

**Some People Can Fall Asleep Any Place**

If you have trouble sleeping, science has found a non-habit-forming way to bring natural-like sleep.

If you're one of those people who can fall asleep easily, almost any place, you're fortunate. But if you can't sleep because of simple nervous tension or daily problems, you need SOMINEX — the modern aid to sleep.

**Absolutely Not Habit-Forming**

Just take two SOMINEX capsules as directed for 100% safe sleep. You enjoy restful natural-like sleep, yet you'll be alert to any emergency. That's because SOMINEX contains no barbiturates, no bromides, no narcotics. In the morning, you wake up refreshed, without that dull, "morning-after" feeling. And SOMINEX is absolutely not habit-forming.

SOMINEX was tested in three leading hospitals and among hundreds of private patients. SOMINEX is so effective, it is used with confidence by more men and women than all other advertised sleeping aids combined. So if you can't sleep, just take two SOMINEX capsules before retiring. You'll enjoy a wonderful night's sleep. No prescription needed. Take SOMINEX tonight — and sleep!

A 4-year volunteer, he has one year left in the service.

### Annual Stockholders' Meet Attended By Herefordites

Mr. and Mrs. Ira Scott and George Turrentine have just returned from Houston where they attended the annual Stockholders' Meeting of The Federal Land Bank. The meeting was attended by representatives from 73 Federal Land Bank Associations located throughout Texas. About 450 persons attended.

Delegates, alternates, and guests heard President Herbert H. Decker give the annual report and addresses by W. R. Poage, Representative from the 11th Congressional District of Texas and Arthur A. Smith, Senior Vice President and Economist with the First National Bank in Dallas.

The Federal Land Bank of Houston makes long-term loans on farm and ranch property at the lowest interest cost consistent with sound business practices. Five times in the 52-year history of the System the billed interest rate on loans outstanding has been voluntarily reduced, it was reported.

The Federal Land Bank Association of Hereford makes and services loans in this area. Members of the board of directors are President Ira Scott, George Turrentine, J. R. Hickman, Charlie Burk, and Frank Bezy. Vice President. The local manager, Woodrow B. Wilson, also attended.

READ WHAT THESE PEOPLES AGRI-ENGINE CUSTOMERS HAVE TO SAY!

Ken Vickers, Vickers Bros. Farm, Dalhart: "We farm 1500 acres and we feel your engine maintenance program is the main thing. It saves us time when we could be doing something else. Your engine program also keeps from tying our money up in investment."

Charles Vickers, Vickers Bros. Farm, Dalhart: "Our first year farming up here in the Dalhart country we used five high-speed engines and after running these engines for a year, we feel that over a three to four year period they would not stand up like the slow-speed Peoples engine. Our two new Peoples engines will irrigate 400 acres."

"I believe that as happy as we are now with these engines, that any time we have one of ours to go out, we would just turn over to a slow speed engine with Peoples."

"We didn't realize how much time we spent servicing and taking care of our engines. Since we've gotten these two Peoples engines, we certainly can compare the time saved."

### No Injuries In Accident

No injuries were reported in a wreck Monday afternoon at Blevins and 14th St. Cars driven by Nelda McCullar and La Jean Latham Henry collided when the McCullar vehicle backed out of the Aikman School parking lot and struck the other car.

A citation was issued for improper backing. Damage totaled an estimated \$75.

## Book Reviewed For Texas Day

Sixtieth anniversary celebration plans for Pioneer Study Club were announced at a meeting Tuesday afternoon, when Texas Day was observed on the program with a book review by Mrs. Ted Panciera. The review and business meeting followed a luncheon in the Caison House.

Mrs. Panciera told the story of Allen R. Bosworth's book, *New Country*, based on his recollections of his own family in Texas during early years of this century. Bosworth is a native of this state, born in 1901 and now a reporter on a Los Angeles newspaper.

The book, written in 1960, tells the story of a family in which the father was one of the restless pioneers, always seeking something better in new country, while the mother, the stronger character, wanted a settled home for her children.

Mrs. Ralph McCullough, general chairman for a tea April 8 which will observe the club's 60th birthday, announced committees for that event, which will be held in Community Center ballroom.

As A&M, which is now Tarleton State College. He graduated from A&M in 1943 with bachelor of science degree in animal husbandry. He was a member of the livestock judging team and was in the top 25 percent of his graduating class.

He was then inducted into the Armed services and served in the European theater as a member of combat engineers, for three years until April of 1946 when he was discharged as a captain. He has remained in the Army Reserve for 27 years and is now a lieutenant colonel. He instructs a class in Command and General Staff School held in Amarillo every Thursday evening.

On discharge from the service McBride returned to Brownwood and taught at the Veterans Vocational Agricultural School which was administered by Brown County school superintendent's office and later by Howard Payne College. He then became supervisor of the Vocational teachers and remained there for seven years during which time he married Ruth Virginia Ehrke. Their teenage daughter, Martha Ann, was born there just before they moved to North Carolina, where McBride became manager of Bryanstone Hereford Farms, then later moved to the Fin-Crest Hereford Farm, both at Raleigh, N. C.

After dispersal of the Fin-Crest herd in 1960 they moved back to Texas where he became employed by Texas Animal Health Commission, a state supervisor in administering the Brucellosis control program. McBride worked out of Austin and they lived at Brownwood. He joined the Extension Service in 1962 and his first assignment as county agent was for Oldham County. They

About 400 invitations are being mailed.

All members of the club will serve as hostesses, and will be dressed in the styles of pioneer days in Hereford when the club was organized. Yearbooks and history books of the past 60 years will be on display. The club president, Mrs. Delmar Sigle, will head the receiving line.

On the arrangements committee with Ms. McCullough are Mmes. Ray Johnson, Sigle and L. H. Lookingbill Sr. In charge of decorations are Mmes. W. C. Hromas, O. G. Hill Sr., R. L. Wilson and A. L. Manjeot.

The courtesy committee includes Mmes. H. E. Miller, Frank Ball, B. E. Brumley, and Bob Hamman, the costumes committee Mmes. Bess Werner, Henry Hatings and Burl France, the committee on book and picture display, Mmes. Hastings, Wirt Phillips, M. L. Simpson and Barrett.

Presiding in turn at the registration table will be Mmes. E. S. Ireland, France, Werner and Allan Bell. On serving committees will be Mmes. P. B. Sowell, William Wimberly and Paul Rudd, tea and coffee; Mms. Panciera, Herman Ford, John Patton and J. V. Pickens, food; Mmes. Mary Seigler, C. L. Craig, Frank Ball, N. E. Gass and Mis Roberta Campbell, dishes.

Announcement was made of the convention March 27-28 at Dalhart of the Top of Texas District, Texas Federation of Women's Clubs. Mmes. Johnson, Lookingbill, McCullough, and Sigle are Pioneer Club members to have parts on the program.

A contribution was voted to the fund drive of the Cystic Fibrosis Foundation. Mrs. Johnson introduced the book reviewer, Mrs. Bell led the flag pledge and Mrs. Miller the invocation. Mrs. A. O. Brents was a guest and 19 members were present.

## Missing Plane Reported Here

Members of the Hereford Civil Air Patrol, who participated in a "missing aircraft" search in December, were once again called to assist following the report of another missing aircraft last week.

Charles Olsen, 41, pilot of the missing red and white Cessna 180, had left Milwaukee, Wis. enroute to Springerville, Ariz. late last week. He had filed no flight plan and was not immediately reported as missing due to this fact.

Information received from Alva, Okla. said that the pilot had touched down the reef for refueling and had gone on to Gage, Okla. where he again stopped, purchasing charts. He departed Gage at approximately 3:35 p. m. Friday and was last heard from at 5:04 p. m. that same day when he radioed Amarillo Air Terminal Flight Service Station, asking for weather information between Amarillo and Albuquerque.

Wednesday morning, as many as 12 planes searched the area between Amarillo and Albuquerque with flights ranging from 30 to 60 miles on either side of U. S. Highway 66. CAP units from numerous area cities joined in search which was based at Tradewind Airport in Amarillo.

It was not known whether or not Olsen was alone in the plane.

Hereford Civil Air Patrol members were put on standby alert Monday at 5 p. m., but were unable to participate in the search due to extreme weather conditions in the area. Several members of the local unit were finally able to go up Wednesday morning and late Tuesday evening.

CAP officials in Amarillo reported Wednesday afternoon that the wreckage of an aircraft had been spotted in Eastern New Mexico, but no additional information was available at press time.

## Planning Is Underway For Proposed Day Care Center

Plans for a proposed Day Care Center for Hereford were formulated at a noon meeting of the Day Care Center Task Force Committee of the Deaf Smith County Chamber of Commerce held Tuesday at the Country Club.

Mrs. Joe Easley, committee chairman, presided at the meeting.

If Hereford is to have this badly needed project, the public needs to be educated to the facts and needs of such a project.

The child care problem is getting to the critical point, with a growing community and added industries. However, more and more people are becoming aware of the need for such facilities, according to committee members.

Although still in the planning stages, the proposed center will require a minimum of indoor play space of 35 square feet per child in rooms other than kitchen, bathrooms and rooms not available to the children for play purposes and sufficient outdoor play space to provide play for each child during the day.

Projects such as these in Amarillo and Tulla have met with amazing success, committee member were told.

Attending the meeting were Chamber manager Bill Thompson, committee chairman, Mrs. Joe Easley and committee members, Don Zimmerman, Cameron Gault and Mme. Jimmie Gillentine, Hazen Woods, Virgil Marsh and O. A. Smith.

## Club Stages Show and Tell

Antiques owned by members of Lone Star Club were starred on the "show and tell" program given Tuesday afternoon in the home of Mrs. Jim Higgins. Mrs. Hardy Benson was co-hostess.

Each member was asked to bring a favorite old possession or to describe an antique she owns, and the result was an especially interesting program. The hostess showed a small cabinet of beautiful wood, which had been built as a medicine cabinet and was used in her family many years.

An old-fashioned thimble with no bottom in it, and

pieces of Haviland china were among the interesting items. Mrs. C. D. Kelton displayed small glasses handed down in her family for several generations, and Mrs. Coy Phillips had a ring which she values as an heirloom.

Mrs. Norman Bookout and her two daughters, Dana and Christi, of Amarillo were guests. Mrs. Bookout is Mrs. G. W. Newsom's daughter.

Members present included Mmes. Vivian Major, Newsom, Ed Warren, S. S. Williams, Glenn Witherspoon, V. E. Dodson, John Jacobson Jr., Floyd Dunavant, Thelma Chisum, Ila Chapa-

## At The Library.

## Pearl Buck's Stories New

The Deaf Smith County Library has two new books to offer the reading public. One is a novel concerning a woman's struggle to uncover her husband's past and the other is a book of various short stories.

A masterpiece of mood and suspense, *THE MINERVA STONE*, by Anne Maybury, is the story of a rich and glamorous group of people caught in a web of evil which threatens to destroy them all.

When Sarah marries television star Miall Rhodes to whom she is drawn like a moth to a flame, she has no reason to believe that the rich, full life she had led in her family's home at Guinever, a lovely old castle on the English coast, will not continue. But almost from the start, she and her family, including her wild, crippled half sister, Dido, her domineering father, Lester, and her beautiful folk-singing sister, Nina, become involved in the ominous secrets behind Niall's public image to which he seems intent on sacrificing everything — including Sarah. Strange clues — an indecipherable note, a headless doll, a mysterious woman in long green gloves, and the Minerva Stone itself — all point to the secret horror of Niall's past life. Bewildered, her life in the balance, Sarah begins a desperate

struggle to find the truth of her husband's past and to free herself from his strange hold.

**THE GOOD DEED** — This is the first collection of Pearl Buck's stories in book form since 1961. It brings together ten stories, one almost a novella, of which six have never been published before. The other four have appeared only in magazines, here and abroad.

While there is almost never a time when Pearl Buck is not at work on a novel, she finds opportunity to write many shorter fiction pieces besides, and these attest to the variety of her story-telling ability.

Asian settings and themes form the connecting thread of the stories in this volume. They range in time from World War II to the 1960's, and in place from China, India, and Korea to New York's Chinatown. The characters are both Asian and American travelers and servicemen and students, women and men.

Once more Miss Buck exhibits her understanding knowledge of peoples East and West, their conflicts and their sympathies.

COUNTY AGENT Juston McBride enjoys the challenge of extension work in Deaf Smith County. —Staff Photo

## Extension Work Great Challenge

By BARBARA SWIMMER Staff Writer

"Extension work here is a great deal more challenging than in other counties," says Deaf Smith County Agent Juston McBride, "with the tremendous expansion in feed lot industry and the various fields ranging from irrigated vegetable and grain crops to the cattle industry."

A resident of Hereford since 1965, McBride says he doesn't have to worry about finding things to do — just time to do them.

He was reared on a farm in Brown County and attended schools at May, Texas. His parents, Mr. and Mrs. Emory A. McBride who now live at Blanket, Tex. farmed on a small cotton farm.

Juston and his older brother, Heston — who everyone thought was his twin — did the usual farm work and became interested in agricultural work through their activities in 4-H and FFA during their school years. They had a great desire to win top honors in a large stock show but were unable to accomplish this until Juston's last year in high school and first year in college when they won the Champion Calf.

The sales of steers at a premium price enabled them to fulfill their dream and buy their first registered Hereford cattle which developed into the McBride Hereford Ranch at Blanket and Llano which his father and brother now operate.

Juston McBride speaks with pride when he tells of the grand champion steers his herd has produced for the Fort Worth Livestock Show and numerous other champions over the state.

After graduating from May High School, McBride attended John Tarleton Agricultural College, a branch of Tex-

as A&M, which is now Tarleton State College. He graduated from A&M in 1943 with bachelor of science degree in animal husbandry. He was a member of the livestock judging team and was in the top 25 percent of his graduating class.

## What is the A.B.C.?

Chatting with a merchant the other day, we mentioned our "ABC figure."

"What," he asked, "is an ABC figure?"

Perhaps what we told him will also interest you.

This newspaper is a member of the Audit Bureau of Circulations, an independent, nonprofit organization of nearly 4,000 advertisers, advertising agencies, and publishers.

Its purpose is to provide accurate and factual reports on the circulations of member publishers. In the advertising and publishing industry, the ABC insignia is often referred to as the "hallmark of circulation values."

At regular intervals, an ABC traveling auditor visits our office to check our records. The findings of this

physical audit are embodied in an Audit Report published by ABC — the report literally tells us what our circulation is.

Virtually everything an advertiser should know about our circulation is found in this report, facts and figures without opinions.

Few retailers bother to ask to see a copy of our report, yet we want you to know one is available anytime you are interested in the quality and quantity of our circulation audience — the audience for your advertising messages.

What is an ABC figure?

It is our way of assuring you that you get full measure for your advertising dollar in this newspaper.

# "The Army Green"

By Sfc BERT PINALES  
U. S. Army Recruiter

Anyone who has ever served in the Army will be delighted with this piece of news.

The Army is working towards lightening the load of the soldier by decreasing the weight of 21 items of clothing and equipment. Emphasis is being placed on developing clothing and equipment that will permit maximum combat efficiency and still provide a high degree of protection against battlefield hazards and the natural environment.

Among equipment the Army hopes to "melt off" weight are the poncho, helmet, entrenching tool and combat footwear.

### THE COMMANDER'S A WOMAN

There is one all-male unit in Vietnam that is commanded by a woman. It is the 305th Medical Detachment, an Army Reserve unit called up and sent to Vietnam.

In command of this outfit is Colonel Anna Brady, a prominent Philadelphia orthopedic surgeon. She is currently on leave of absence, as head of the orthopedic section of the Frankford Hospital in Philadelphia and the faculty of the Women's Medical College.

According to unit members, they do not refer to Colonel Brady as the "old man," an affectionate Army term for the commander. "We just call her 'mom,'" one enlisted man said.

### INSTANT CITIZENSHIP

A new law makes it possible for most aliens in the Armed Forces to become eligible immediately to apply for American citizenship. The new law waives all waiting requirements and could save a serviceman a wait of up to five years. To be eligible, a person must enlist in the United States or in a U. S. territory.

If anyone wants additional information, he can contact us at US Post Office, Room 322 in Amarillo or call us at 373-4214, collect.

### FACTS ABOUT THE ARMY Did you know

—That not all generals in the Army are West Point graduates? Out of the 489 generals in the Army today, 155 received their commissions through ROTC and 46 through Officers Candidate School.

—That there is equality of pay in the Army among sexes? Women in the service make the same amount of money as men holding similar rank.

—That the Army has a blue uniform? It is called the "Dress Blues" and is usually worn for formal occasions.

### THE RIGHT WOMEN IN THE RIGHT JOB

Careful planning is the basis of all career assignments in the U. S. Army. The WAC Officer Program is no exception. Every possible consideration is given to your career preferences. Your entire background is studied—apti-

des, potentialities, skills, your college, major, and civilian job history, if any—all factors are weighed carefully with an eye to directing you into the job of your choice. The Army is fully aware that you will be more valuable to both yourself and them when you are in the type of career field that suits you best.

When you start your first assignment, you'll be on a supervisory level. You're directly responsible for a group of subordinates right from the beginning. You may also serve in a variety of assignments, gaining experience and exploring the full range of your capabilities. Then if you decide to extend your commitment beyond the first two years, you will have established a definite career pattern of your own choice in the field that suits you best.

Because of this dual opportunity of choice and responsibility, you'll see that the WAC Officer Program offers the serious-minded girl a real head start on her future.

### THE ARMY'S SCIENTIFIC

Whoever said that the Army isn't involved in modern science? Here are two items about some of our activities: The Army's nuclear power plant barge "Sturgis" is on station in Gatun Lake, Canal Zone, supplying 10,000 KW of power to the United States element stationed there.

The world's largest balloon—587 feet tall—was launched by the Army over New Mexico carrying a 65 pound scientific payload to measure atmospheric conditions. While up in the sky, it also set a new altitude record for free floating balloons—158,000 feet.

### THIS WEEK'S QUESTION

Young men and women often ask us this question:

—Would it be possible for you to visit my folks and tell them about the opportunities available in the Army?

Our answer is always the same: Of course. We would be delighted to have parents visit our recruiting office or to visit them at home at their convenience. Just call us at 373-4214 and we'll be on our way.

## Board Releases Receipt Totals

Hereford, Independent School Board released Wednesday, the total receipts from the 1968-69 basketball season and the net profit from the high school production of "Oklahoma!"

Figures show that this year the gross receipts from basketball games is \$2,052.35 as compared to \$2,092.10 for last year. Due to higher cost of out-of-town games this year, the net profit this year was down to \$599.46 as compared to \$944.72 for the 1967-68 season.

Ticket sales for the production of "Oklahoma!" totaled \$1,651.23 and net profit from that amount totaled \$279.74.

# Larry Hill and Bride To Make Home Here

The marriage of Miss Lucy Jane Stoker, daughter of Mr. and Mrs. W. P. Stoker of Wilson, and Alfred Larry Hill, son of Mr. and Mrs. Elmer L. Kimball, 521 Star, was solemnized in First Baptist Church of Wilson at twilight Saturday.

The Rev. Louis Shambek, minister of First United Methodist Church at Prosper and uncle of the bridegroom, read the ceremony before a candlelight altar, centered with an arch of greenery topped with wedding bells. Tall silver candelabra held tapers on either side, flanked with sunbursts of palm leaves. Crystal votive cups centered in lemon leaves marked pew ends.

Given in marriage by the father, the bride wore an empire gown of Chantilly lace over pearly silk with petal point sleeves, a portrait neckline and a redingote skirt edged with scallops of the lace. Her lace-bordered mantilla of illusion extended to form a chapel train.

She carried a cascade of phalaenopsis orchids and staphanotis centered with a white cattleya orchid.

Attending her were Mrs. Charles Bishop of Lubbock as matron of honor, Mrs. Charles J. Kibbe of Columbus, Ohio, sister of the bridegroom, and Mrs. Bill Smith of Post as bridesmaids. Lee Kimball of Pratt, Kan., served his brother as best man.

Charles J. Knibbe and Valton Maeker of Wilson were groomsmen. Kerry Campbell of Wilson head usher, Gary Drusedow of Haskell and Ed Talley of Odessa ushers.

The bride's attendants were dressed in empire frocks, the floor-length skirt of ice blue and the bodice of moss green lace, bell-sleeved. Their headpieces were moss green double Dior bow framed in tiered veils of ice blue illusion, and their nosegays of green-throated white pom-pom tied with ribbon streamers in love knots.

The bride's mother wore a navy crepe suit with neckline accent of seed pearls and navy accessory. The bridegroom's mother chose a pale lemon coat ensemble with bone accessories. Both had corsages of French daisies and baby-breath.

A reception after the wedding was in the church fellowship hall, where Mrs. Monty Neighbors of Lubbock served the cake and Miss Jeanene Ligon, niece of the bride, poured mint punch. Mmes. Johnnie Cook, Earl Cummings, E. R. Petty and Cecil Fields assisted.

A five-branched silver candelabrum with arrangement of white feathered mums, green and white stock and lemon leaves centered the cutwork cloth which was laid over moss green. The cake, in three-tier, was ornamented with white sugar roses and green leaves.

San Angelo State College after graduation from Wilson High School; Hill, a graduate of Hereford schools, began college work in Texas Lutheran College, Seguin.

Mr. and Mrs. Hill will be at home in the Lynette Apartments, Both have been students at Texas Technological College, Lubbock, where his fraternity was Omega Tau. Mrs. Hill attended

Guests who went from Hereford to the wedding, in addition to the bridegroom's family, were the Rev. and Mrs. Clifford Trotter, Mr. and Mrs. Earnest Langley, Mrs. Pete Caviness, Mendy Stevenson, Mr. and Mrs. Olin Parris.

Among guests from other cities were the bride's great-grandfather, J. H. Stoker of El Paso, also Mrs. Don Richards of Brazil, Messrs. and Mrs. Jack Kassahn of Shallowater, K. E. Sherman of

El Paso, Paul Stoker of Dallas; O. C. Phippen of Bridgeport, L. K. Stoker of Arlington.

## Color Matched For Members In Club Lesson

Colors were "tried on" to match hair, eyes and skin tones of members at the meeting of West Hereford H. D. Club Tuesday afternoon. Mrs. Blanche Haradin was hostess in her home.

Argen Draper, County H. D. Agent, was in charge of the program on Color For You, and demonstrated use of a color wheel. Mrs. Robert Boyd directed recreation and Miss Mary Bradley presided for business.

Next meeting will be in Miss Bradley's home March 26 with a program on the subject, What I Like Best To Cook.

Present were Miss Evelyn Bell, Mmes. Ulys Pierce, Roy Boyd, John Jacobsen Sr., D. R. Grimes, Carl Schroeder, E. M. Cox.

## Past Stars, Present Members on Program

Recordings by past stars of opera were played to climax the program of Dawn Music Club Tuesday afternoon in the home of Mrs. Clarence Betzen, with Mrs. J. B. Caraway as co-hostess.

Musical selections by members included the overture to Rossini's opera, William Tell, played as a piano solo by Mrs. William Wimberley; Prayer (Tschalkowski), vocal solo by Mrs. R. T. Stewart with Mrs. Carl Wimberley as accompanist, and Intermezzo (Mascagni), piano solo by Mrs. Jerry Haley.

The recordings, by Gallucci, Caruso, Lanza, de Luca and Grace Moore, were owned by Mrs. Carl Wimberley. Mrs. H. V. McCabe told

the story of the Hymn of the Month, Christians Do Not Thou See Them? and also reviewed articles from publications of the National Federation of Music Clubs.

The entire club sang the Hymn of the Month and three Italian songs, with Mrs. Haley as accompanist.

Plans were made for a guest day tea to be held in Dawn Baptist Church April 15. The arrangements committee includes Mmes. Roy Manning, R. E. Curtisger, Edgar Sowell and Robert Strain.

Attending the Tuesday meeting were Mmes. Walter Lemons, Edgar Lemons, Alfred Smith, Strain and those on program.

## Methodist Men Will Sponsor Chili Supper Saturday Night

The Methodist Men of the First United Methodist Church are sponsoring a chili supper to be held Saturday, March 15 from 5 p. m. to 7:30 p. m. at the church, according to choir director Bob Wert.

Price for the meal is \$1 for adults and 75 cents for children. Homemade pie will be served.

Proceeds from the event will be to underwrite the Crusader Choir trip to Oklahoma City April 18-19 when they will take part in the Oklahoma Junior Choir Festival.

Anyone holding tickets to the Community Concert are extended the cordial invitation to come by and eat before attending the concert.

## Stanton Choir Students Win Awards At UIL Competition

The Stanton Jr. High School Choir students won numerous awards in competition at the University Interscholastic

League Region I, North Zone, solo and ensemble contest held March 1 at Canyon.

## Music Pupils Play Recital

The spring recital of the Dawn Musettes, a junior music club, was presented at Dawn Sunday afternoon for an audience of families and friends.

Piano solos were played by Terry Owens, Danny Billhart, Mark Betzen, Bette Stewart, Rhonda Hagar, Denny Brillhart, Julie Owens and Sharon Owens. Cathy Carter played a flute solo; Denny and Danny Billhart sang a duet, Jerry Stewart and Linda Stewart vocal solos. Mrs. R. T. Stewart and Mrs. Carl Wimberley were the accompanists.

Eight of the pupils had participated in the recent Junior Festival of District One, Texas Federation of Music Clubs, in Hereford; one was given a rating of superior and five of excellent. Cathy Carter and Jerry Stewart competed in Interscholastic League music contests at Canyon last week, each for a rating of two.

El Paso, Paul Stoker of Dallas; O. C. Phippen of Bridgeport, L. K. Stoker of Arlington.

Soloists winning 1st division were Susie Hickman, accompanied by Becky Hickman; Vance McGee accompanied by Mrs. David Treadwell and Elizabeth Lyons and Joan Waters, accompanied by Mrs. Paul Lyons.

Winning 1st division for trio was Lori Hopson, Nelson Norton and Vickie Keenan.

Second division solo winners were Holly Young, accompanied by Mrs. David Treadwell; Terri Carter, accompanied by Nelda Norton; Jaime Pitman was accompanied by Nancy Fisher and Mrs. Treadwell accompanied Glenda Dodson.

Two madrigal groups consisting of Rebecca Suarez, Beverly Auten, Karen Edwards, Georgette Malouf, Vance McGee, Rodney Neill, Gony Gonzales, Allen Lemons and Carla Murphey, Terri Carter, Jane Lyons, Jaime Pitman, Bill Caraway, Denise Murray, Kevin Betzen and David Spain won second division.

Second division trio was won by Marlene Tooley, Judy Tremble and Karen Edwards.

Susie Henderson won 3rd division solo and 3rd division trio included Debbie Slaughter, Betty Durham and Warr Ella Smith.

## Washington Report

From Congressman BOB PRICE 10TH DISTRICT, TEXAS

In a recent Washington Report on student disorders, I said that the Congress and the President have a clear responsibility to put "law and order" ahead of anything else and to enact and enforce stringent laws to deal with Communist conspiracies as well as the flagrant disregard of human rights.

Since then, U. S. Attorney General John N. Mitchell has said he expects to authorize criminal prosecution of "hard-line militants" who he says have been crossing state lines to incite riots by college students.

Last year, 1 and other Congressmen introduced anti-riot legislation which became part of the 1968 Civil Rights Act, and makes it a Federal offense to cross state lines with intent to incite, organize, encourage or take part in a riot.

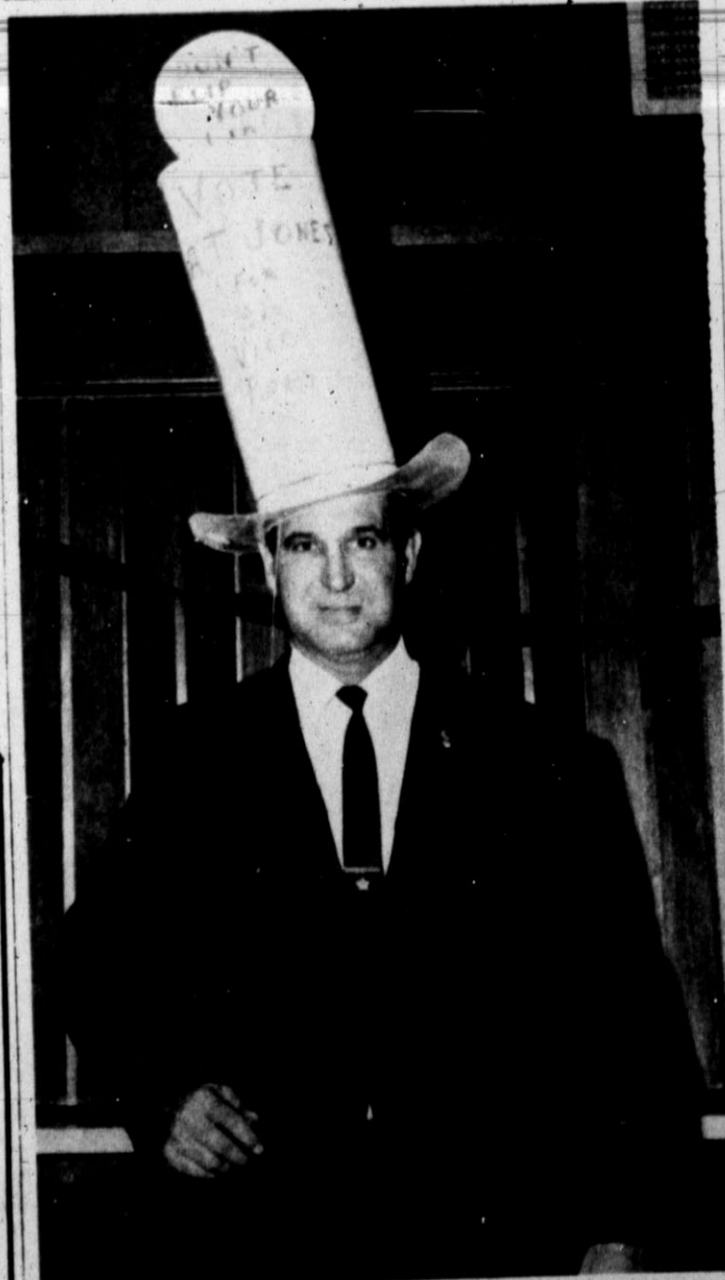

These are encouraging words in view of the mounting mass of evidence of a national or international conspiracy behind the student unrest. The same faces appear at one disorder after another on campuses across the nation. The Attorney General appears to be convinced that a small group of people is making "almost a vocation" of starting trouble on the campus. "There is a distinction between the hard-liner with the militant approach and the young innocent who likes to protest," he said. "We should break out the hard-liners and distinguish them from the others."

Governor Ronald Reagan at the National Governors Conference here recently proposed a Federal investigation to determine if there is a nationwide plan or organization behind the current outbreaks. Attorney General Mitchell said the Justice Department is already making

such an investigation. At the same time, President Nixon directed Vice President Agnew to discuss with the governors what action, consistent with the traditional independence of American universities, might be taken at the state and Federal levels to cope with the growing lawlessness and violence on our campuses.

In a letter to the Reverend Theodore M. Hesburgh, President of Notre Dame, Nixon said that if the integrity of our universities is to be preserved, then certain principles must be re-established and certain basic rules enforced. "Intimidation and threats remain outlaw weapons in a free society," he wrote. In speaking of the student rebellions, George F. Kennan, diplomat, historian, and educator, said: "Universities are there for purposes of education. They are not supposed to be exercises in political democracy. The term democracy refers to the procedures of Government and defines the relationship between the individual citizen and those who hold the ultimate power of disposal over his person and property; it has no proper applicability to the administration of the educational process."

"Higher education," Kennan said, "is not absolute right nor is the enjoyment of it devoid of responsibilities. In an age when there are far more applicants for enrollment in our leading institutions than these institutions can handle, there is no reason anyone should be tolerated as a student on one of these campuses who is not prepared to give the university his respect and whose presence and activity there are disruptive of the educational progress of other students."

# Bufs to Encounter Ohio In NIT Cage Tilt Friday

CANYON, Tex. — After a 27-year absence, West Texas State returns to the National Invitation Tournament in New York's Madison Square Garden, meeting Ohio University Friday night.

The first round game starts at 6 p. m. (est), and a near-capacity crowd of 19,000 is expected. It will be the largest audience ever to see the Buffaloes play basketball.

West Texas takes a regular season record of 18 victories and 7 defeats into the prestigious tournament. Ohio of the Mid-American Conference won 16 of 24 games.

The only other time that West Texas participated in the NIT was when All-American Price Brookfield led the Buffaloes into the finals and Brookfield was named to the all-tournament first team.

It has been 14 years since the Buffs appeared in a post-season basketball tournament. The last appearance was in 1955 when West Texas lost to All-American Bill Russell and national champion San Francisco 89-66 in the first round of the NCAA.

The invitation to appear in this year's NIT is an accomplishment to Coach Dennis Walling who started rebuilding West Texas' basketball program one season ago after the Buffaloes had won only seven games the previous two years.

The current won-lost record is the school's best since the 1951-2 team posted a 19-9 mark.

West Texas and Ohio are not strangers in athletic competition. Although they have never met in basketball, they have played each other three times in football.

The Buffaloes won the first game 15-14 in the 1962 Sun Bowl. The two teams arranged home-and-home games for 1964 and 1965 with Ohio winning at Canyon the first

year 16-14 and the Buffaloes taking the last contest 7-0.

Ohio, with more than 17,000 enrollment, finished one game behind champion Miami of Ohio in the recently completed Mid-American Conference basketball campaign. Ohio had a 9-3 record.

Last Saturday Miami upset nationally ranked Notre Dame in the first round of the NCAA tournament. Ohio edged Miami 60-59 during the season.

The Bobcats, who won 7 and lost 16 a year ago and finished last in the conference, have taken 10 of their last 11 games and will carry a five-game winning streak into the NIT. Five of their eight losses during the recent season were to Big Ten Conference teams and all came on the road.

Among the prominent teams they have beaten are Indiana 80-70, NIT-bound Army 68-60 in the consolation game of the Milwaukee classic after losing by only six points to Wisconsin, and Loyola of Chicago 103-92.

West Texas also has victories over some outstanding teams to its credit. The Buffs have shipped Colorado State University, New Mexico State and Weber State, all of whom posted first-round triumphs in the NCAA tournament last week; Houston on the Cougars' home floor and Utah State twice.

The Buffaloes narrowly missed scoring double triumphs over New Mexico State and Colorado State. They lost to New Mexico State 69-68 at Las Cruces and 55-53 to Colorado State at Fort Collins when a basket with three seconds to play decided the contest.

Ohio also has one previous appearance in the NIT, gaining the finals of the 1941 classic, the year before West Texas was first invited.

The Bobcats lost to Long Island University, one of the best teams in the nation during that era, 56-42 after beating Duquesne 55-40 and City College of New York, another Eastern power, 45-43. The present Ohio coach, James E. Snyder was a starting guard on that Bobcat team.

West Texas and Ohio are similar in strength and scoring power. The Buffaloes are averaging 87.6 points a game and Ohio is averaging 84.2. The Bobcats have a slightly better defensive, yielding 78.4 points a game to West Texas' 81.

The Buffaloes' shooting percentage are better, making 47.4 per cent of their field goals and 70.8 per cent of their free throws as compared to Ohio's 43.4 and 67.8 averages.

During the regular season the Bobcats showed a superior rebounding average — 52.7 per game to West Texas' 47.6.

Both teams have at least one outstanding shooter — Simmie Hill, the 6-foot-6 All-American, for West Texas and 6-foot-3 Gerald McKee, twice all-conference, for Ohio. Each is the leading rebounder for his team.

Hill, a senior, broke his own single season scoring record by tossing in 598 points this past season. He averaged 23.9 points a game and 11.3 rebounds. He is the third leading all-time scorer at West Texas with 1,171 points.

McKee, the only senior on the Ohio starting five, scored 445 points — an 18.5 average — and holds the school's career scoring record of 1,270 points. He is averaging 9.5 rebounds a game.

West Texas' only other starting senior, Mike Mitchell takes a 17.5 scoring average into the NIT and a career total of 1,174 points, second highest in West Texas history.

Two other Buffs also are averaging in double figures — juniors James McCloud, with 14.2, and Dale Blaut, with 11.2.

The winner of the West Texas-Ohio game meets the winner of the Rutgers-Tennessee game, also scheduled Friday night, on Monday night.

All West Texas games will be broadcast by radio station KGNC, Amarillo, with Warren Hasse, the voice of the Buffaloes, doing the play-by-play from Madison Square Garden.

Other first round pairings: Thursday night — St. Peter's of New Jersey vs. Tulsa, and Florida vs. Temple. Saturday night — South Carolina vs. Southern Illinois and Army vs. Wyoming. Sunday afternoon — Boston College vs. Kansas (national television) and Fordham vs. Missouri Valley Conference runnerup.

### Wildlife Refuge Is Reopened

UMBARGER. — Paul Ferguson, manager of the Buffalo Lake National Wildlife Refuge, advised today that as of March 1 a portion of the refuge public use area was reopened to visitors for recreational activities. This designated portion is annually closed during the November through February waterfowl use period.

A recreational use permit is required before entry. The daily \$1 permit may be obtained from the self-service station located at the main west entrance. A supply of the 1969 annual \$7 Golden Eagle Passports are now on hand and available for purchase at the refuge office. Office hours are 8 a. m. to 4:30 p. m. Monday through Friday. Ferguson reminds the public that entry hours are still 6 a. m. through 10 p. m. daily.

Ferguson said construction of the new entrance area to be located below the dam adjacent to the state road will begin this spring and should be completed by early summer. The west side entrance will be maintained until the new area is completed. The old east side entrance has been permanently closed. Ferguson stated that sanitary facilities have been updated with the addition of two recently constructed public comfort stations. These are high standard stations containing lavatories, interior lighting, drinking fountains, and flush toilets. One unit is located below the refuge office on the west side and the other is south of the boat ramp on the east side.

Boat owners will not be required to have their craft inspected prior to operating on the lake this year; however, all boaters are reminded that operation must comply with applicable state and federal regulations. The refuge staff will be happy to courtesy inspect boats as in the past for any owner who so desires.

Manager Ferguson also said that for the first time an area located near the south end will be permanently closed to vehicular traffic. This area has been set aside as a

marked with signs stating "Closed to Vehicles" and ranges from Catfish Point on the west side from the boundary north to Duck Bay. Visitors desiring may enter this back area on foot or by horse. The lake portion will be open to boat traffic as in the past. Hiking, birdwatching, na-

here and presenting to us their personal needs is what is necessary to obtain a personal vision of others," Rev. Baum said.

All people are welcome to attend the services.

## Drag Season to Open at Amarillo

AMARILLO — Four months of idleness will end for Texas racing fans Sunday when the South Central Pro Fuel Dragster Circuit stages its 1969 Inaugural event at Amarillo Dragway.

The one-day race is expected to attract more than 25 of the quickest double-A fuel dragsters in a five-state area comprised of Texas, Oklahoma, New Mexico, Kansas and Colorado.

The Sunday race will be the first of five scheduled during the spring and summer at Amarillo dragway and one of three pro fuel circuit meets to be conducted under National Hot Rod Association sanction.

The NHRA is the only spokesman for drag racing recognized by automobile racing organizations worldwide and is the only body which may certify world records in the quarter mile from a standing start.

Among the top cars which are pre-entered for the Sunday event are those campaigned by Bennie Osborn of Sand Springs, Okla., Jimmy Nix of Oklahoma City, Ed Renck of Pueblo, Colo., Bud Dabler and Harold Wilson, both of Wichita, Kan., The Carroll Brothers of Dallas, Vance Hunt of Arlington, Prentiss Cunningham of Lubbock and Bob Pavoni of Albuquerque.

Those cars, and all others pitted at the track at 1 p. m. will run in the first round of top fuel elimination for a portion of the \$3,600 purse.

The cars registering the quickest elapsed times will then advance into the eight-car finals for a shot at the \$1,000 top prize.

Pit gates will open at 7 a. m. with time trials in all stock and street classes continuing until the 1 p. m. top fuel deadline.

AWARDS ASSEMBLY — Lettermen on the 1968 football teams were presented their letter jackets in an assembly at the high school recently. Here, junior Richie Lyons is receiving his jacket from coach Larry Dipple.

# Legislators To Consider Demonstration, Law Bills

By VERN SANFORD  
Texas Press Association  
AUSTIN, Tex. — Legislation dealing with peace officers and rebellious students are the dominant bills under consideration by the lawmakers.

Approved by the House was a measure that would provide criminal penalties for anyone involved in violent campus disruptions at both public and private schools throughout the state. Vote on the bill, by Rep. Joe Shannon of Fort Worth, was 135 to 12. It now goes to the Senate for action.

One of the two Negro members in the House, Rep. Curtis Graves of Houston, spoke against the bill saying it was "the kind of legislation that causes a backlash. If this passes, I predict this type of violence may come to our state, and each of us will regret passing it."

A clause in the bill outlawing disruptions by "loud or boisterous conduct" was deleted from the bill after some members said it was ambiguous and feared it might find the same fate as the state's disorderly conduct ordinance.

Last year a three judge panel in Waco ruled the disorderly conduct ordinance unconstitutional for not being specific enough. An appeal was made and the U. S. Supreme Court still is considering the measure.

Several amendments were added to the proposed bill, including one that would bar a student from attending a State-financed or assisted school for two years following three convictions for violation of the act. If a student were convicted twice under the act, he could not receive any State loans. Another amendment assures students taking part in demonstrations the right to peaceful protest.

A trespass bill by Rep. Merton Murray of Harlingen is awaiting action. This bill would make it unlawful for anyone "with a malicious and mischievous intent" to trespass on the property of someone else, including campuses. It now is in the House Committee on Criminal Jurisprudence.

Other bills were filed dealing with law enforcement. Senate Youth Affairs Committee voted to report favorably to the Senate two bills designed to provide fairer hearings on juvenile offenders, which could include some of the demonstrators — especially at high schools.

One of the proposals would require the court to appoint an attorney to represent a juvenile offender, if the parents cannot afford one. If the judge determines that the parents can afford an attorney, he can require that they get one.

Both of the bills were proposed by Sen. Criss Cole of Houston, who is chairman of

the committee.

Another measure would require the defense attorney in juvenile actions to furnish transcripts of the trial in case of an appeal.

Sen. Jack Hightower of Vernon introduced a measure to help raise the standards of law enforcement officers.

This bill would give the Commission on Law Enforcement Officers Standards and Education the authority to certify persons as being qualified for police or other law enforcement jobs, and would set minimum standards. After Sept. 1, 1970, all appointive peace officers would be required to meet the educational, training, physical, mental and moral criteria set by the Commission. Elected officers, such as sheriffs and constables, would not have to qualify.

**MONEY, MONEY, MONEY**

— With \$71.6 million of Gov. Preston Smith's \$261.5 million revenue package under constitutional challenge and another \$38.5 million source under sharp criticism, Texas' chief executive apparently will be offering some alternative recommendations so Smith told newsmen that if the attorney general holds substantial parts of his program unconstitutional, that is just what he will do.

Atty. Gen. Crawford Martin was due to hand down an opinion this week on the validity of diverting permanent school fund-bound land-lease money to current education spending. Most authorities agreed earlier with Land Commissioner Jerry Sandler that the diversion is unconstitutional. Also, few were willing to wager much on the governor's suggestion for raising \$38.5 million by a \$10 surtax on traffic tickets.

While Smith's tax program drew widespread grumbling, nobody had anything better to offer.

House Speaker Gus Mutscher viewed with "alarm" the governor's all-consumer-tax approach and said he had hoped for a "better balance" with business-consumer levies.

Meanwhile, the tax committee held its first full-dress session. Out of seven bills aired, two offered some hope of additional revenue. One would raise an estimated \$51 million by increasing the liquor tax 40 cents a four-fifths bottle. Another sought to subject Texas-based insurance companies to personal property taxation. The others, in one way or another, would cost the state money by reductions of, or exemptions from, existing levies.

**BILLS, BILLS AND MORE BILLS** — Legislators are wading in a pond of bills that soon will pass the 1,000 mark.

Sen. Henry C. Gover of Houston has introduced a resolution directing the Texas Coordinating Board for Colleges and Universities and the University of Texas

Board of Regents to enter into negotiations to buy the Baylor College of Medicine at Houston.

A five-man sub-committee of the Higher Education Committee is studying a bill which would do away with the required six-hours of government or political science and six-hours of American or Texas history in Texas colleges. It is proposed by Rep. Don Cavness of Austin.

A proposal to create a state-wide library system was sent to a sub-committee by the Senate Committee on State Affairs. Sen. A. M. Alkin of Paris and Senator Hightower are co-sponsors of the bill.

Rep. Joe Salem of Corpus Christi has introduced a resolution asking the House of Representatives to do something about poverty. His proposal calls for a five-man study committee ad eum of house members.

Senator Grover also has introduced a bill which would allow the state to aid cities in raising policemen's and firemen's salaries.

A proposal that would permit Texas cities to lend each other police officers in emergencies has gone to a sub-committee of the House Urban Affairs Committee Rep. Felix McDonald of Edinburg is sponsor of the bill.

A bill backed by chain optometrists (TSO, Lee and others) to limit the state Board of Optometrist's law-making powers has Senate committee approval.

Proposed constitutional amendments to lower the voting age to 18, knock out annual voter registration requirement and grant old folks a \$3,000 overall property tax exemption found its way to the Senate calendar.

Houston legislators have offered bills to strengthen the state's open meetings law, to require posting of advance notices of all government agency session.

San Antonio Sen. V. E. (Red) Berry has introduced a proposed constitutional amendment to divide Texas into two states — North Texas and South Texas.

**LEGISLATION ADVANCES** — In the sharpest debate of the session, the House passed a tough bill to control disruptive activities on Texas school campuses and sent it to Senate.

Earlier the House approved a long string of bills including creation of a new medical school at San Antonio, changing the name of Stephen F. Austin State College at Nacogdoches to Stephen F. Austin State University and lengthening the minimum time between local sales tax elections from two years to one. Later, representatives passed a law requiring eggs to be labeled as Texas or out-of-state products. A bill to increase city employee retirement benefits was dropped after an amendment excluded the Texas Municipal League staff.

An early House showdown was expected on the \$3.5 billion water bond constitutional amendment.

Senate voted authority or separate State Commission for Rehabilitation Service to Handicapped, approved a \$468,931 emergency appropriation to rebuild the old fire-damaged gymnasium at Southwest Texas State College, changed the name of Corpus Christi State School to Bruce Reagan State School (in honor of former senator), and passed a bill to allow Texans to buy long guns and ammunition in contiguous states.

Both houses agreed on bills creating a commission to administer the Admiral Chester W. Minitz Memorial Museum in Fredericksburg, and to designate an Animal Health Commission to prescribe tick-dipping material and regulations.

Governor Smith signed into law a bill by Rep. Bill Clayton dissolving the Earth-Springlake Hospital District.

**AG OPINIONS** — Although state employees, covered by 1966 amendments to the federal fair labor standards act have valid claim for overtime pay, the claim does not apply where the worker has been granted compensatory time off the job at time and a half pay. Atty. Gen. Crawford Martin has held.

Other recent opinions concluded that: "Annexation of Briggs Independent; School District by Burnet Independent School District is valid.

"A card distribution pyramid plan constitutes illegal lottery. Those which make misrepresentations are in violation of the Texas Consumer Credit Code, and those relying on price fixing or exclusive dealing violate the anti-trust act.

"Eminent domain power proposed for the State Water Development Board under a new bill would be superior to that of local water districts. "General or perimeter enclosure around tract which surrounds another tract under different ownership and

## Letter To Editor

Mr. Editor:

Please permit me to plead in the defense of our native doves. Each year over 80 percent of all doves in North America are eliminated. A few by the forces of nature, but by far, the large majority are massacred by hunters here in the United States.

control does not constitute such boundary marker necessary to sustain trespass conviction. Opinion request was prompted by Hardin County hunting club leases.

**COURTS SPEAK** — Texas Supreme Court invalidated Houston's annexation ordinances of 1962 and 1965 over Pasadena land, and upheld the smaller city's 1965 ordinance taking in 5,000 acres in the same general area.

High Court refused to recognize Amalgamated Transit Union as the bargaining agent for the Dallas Public Transit System. Decision, upholding the intermediate court, said that Dallas is authority in ownership, control and operation of its own bus system.

Court ordered the trial in a medical malpractice suit brought by Leslie Bond against Mercantile National Bank for accepting a \$21,124 forged check. Court also backed the lower court verdict favoring Mercantile in its suit claiming Fort Worth National Bank was liable because it endorsed the check first.

**APPOINTMENTS** — In a surprise move, Governor Smith named former State Highway Engineer DeWitt C. Greer to the State Highway Commission.

Other appointments included the following:

John Green of Odessa as Ector County district attorney; Fritz Lanham of Baytown as director of state-local relations in the governor's office; Jess B. Gilmer of El Paso to the Rio Grande Compact Commission; and Augusto Alberto Vidales of San Antonio to the staff in the Texas Office of Economic Opportunity.

The dove has long been the emblem of innocence, purity, beauty, peace, life, love, hope and of immortality. Since the baptism of Jesus the dove has been the symbol of the Christ Spirit dwelling in the hearts of men.

To each admirer of animated art, doves are birds of living beauty, and their voice gives the sweetest notes this side of Heaven. The doves' domestic desires are to be man's orchard and garden companions, and the guardians of his fields and vineyards.

There ought to be laws, state and federal, giving the mourning doves back to a kinder, gentler people, for the beloved birds, they so truly are.

Howard H. Caudle,  
449 N. 18th St.,  
Grand Junction, Colo.

# Jackson's Trip Nearing End

Latest report — and perhaps the last to be received from Pakistan — arrived early in the week from Mr. and Mrs. Clinton Jackson, on the heels of the Farmers and World Affairs Inc. announcement that they would return to Hereford Friday.

No word had been received from several lives there, and their report was filed prior to reports of new outbreaks in Karachi over the weekend.

The report was dated March 4 from Karachi, capital of West Pakistan:

"This is our last day in Pakistan. We have met so many nice people and have had every courtesy given to us. The people here — all over both East and West Pakistan — like Texas. We are proud we are Texans!

"Some parts of the north in West Pakistan reminds us a lot of our area around Hereford. We've seen a lot of beautiful Mex-Pak wheat in West Pakistan, as well as a lot of vegetables and other crops.

"These people are trying so hard to better their farming. It is a slow, hard process. We are afraid our farmers at home would give up in a hurry — These people are so grateful for so little.

"We have also met a lot of nice Americans. Didn't know so many Americans were out of the country."

**DEMONSTRATIONS**

"We have seen some peaceful demonstrations since we have returned to West Pakistan. It is nothing here like it is in the east wing. It has been bad here, though. Today was supposed to have been a general strike day — but things got calmed down so there hasn't been a general strike. Some people did strike so some businesses are closed.

"This is an exciting time to be here, as so many things are happening and there will be so many changes that will be made with the coming election. But we don't know if it will be for the better or not. So many are afraid it will be worse.

"China is trying hard to be friends here, especially in the east wing where the masses of people are so great. We will be anxiously watching the outcome of the elections. After being here six weeks, we feel a part as the people have made us their friends. In a way it is sad not to be able to help them more.

"We leave tomorrow (last Wednesday) for New, Del h i

## Legal Notice

**PUBLIC NOTICE OF THE REQUIREMENT FOR RECORDATION AND LIMITATION OF CERTAIN CLAIMS OF WATER RIGHTS.**

Notice is here given as required by Section 4 of the Water Rights Adjudication Act of 1967 (Article 7542a, Vernon's Civil Statutes) that all claims of riparian water rights, all claims under Article 7500a, Revised Civil Statutes of Texas, 1925, to

impound, divert or use public waters for other than domestic and livestock purposes for which no permit has been issued, all claims of water rights under the Irrigation Acts of 1889 and 1895 which were not filed with the State Board of Water Engineers in accordance with the Irrigation Act of 1913, as amended, and all other claims of water rights other than claims under permits and certified filings, must be recorded with the Texas Water Rights Commission. Section 4 does not apply to use of

water for domestic and livestock purposes as the same is defined by Commission Rules.

On or before September 1, 1969, every person claiming any water right to which Section 4 applies shall file with the Commission a sworn statement setting forth the nature of the claim of water right. Claims to which the Section applies shall be recognized only if valid under existing law and only to the extent of actual application of water to beneficial use without waste during any

calendar year from 1963 to 1967, inclusive. However, in any case where any claimant of a riparian right has prior to August 28, 1967, commenced or completed the construction of works designed to apply a greater quantity of water to beneficial use, such right shall be recognized to the extent of the maximum amount of water actually applied to beneficial use without waste during any calendar year from 1963 to 1970, inclusive; provided an additional sworn statement is filed on or before July 1, 1971. Failure to file the sworn statement or statements in substantial compliance with Section 4 shall extinguish and bar any claim of water right to which the Section applies.

Instructions and forms for recording claims may be obtained without cost from the Texas Water Rights Commission, P. O. Box 12396, Capitol Station, Austin, Texas 78711.

## Help HIM Measure Up

Every man can help some boy to *measure up*; to keep his feet on the ground, his heart courageous and his compass pointed to the tasks ahead. And if it is my boy you have helped, I shall be everlastingly glad. Every father will join me in saying, "God Bless You." Best of all, the Heavenly Father will know and be quick to say, "My Son saved a world, and who knows what the son you help will do for good." Boys clubs and concerned women and men are contributing time and wealth to help your boy and mine *start right*. Every man can hold his head higher if he can remember that he helped a boy *measure up* to his true potential.

# Glady's Garden

By Gladys Howton Manjeot

"NATURE'S FRIENDS" Have made a new friend. Almost every morning when I leave my room, to go in for breakfast I am greeted by the sweetest song from a bird perched high in the tree top, near the Texas Lou Motel. It is a small bird, but its song is lovely. I do not know the name of the new bird friend but hope to get the information from my friend Vera Deason who is a good authority on birds of the plains. Art also shares with me his two new friends. They are "Upsie" and "Downsie." They are a beautiful golden color with flashing white.

graceful tails. Their home is a neat fish bowl, placed near his bed, so he can watch their entertaining movements. It is excellent therapy for him, in that they aid in passing the time, and are really quite soothing to tired muscles, and add interest to four walls in a hospital room) Zozia and Bob Gilliland were the thoughtful donors. They knew how he liked fishing and fish.

The moisture of the snow and rain is wonderful. Gardening will be uppermost in our minds now. The world will take on a new look, because spring bulbs will soon be flowering, and the plants and lawns will be greatly benefited.

As you plan for new plantings, I would like to remind you of one that I had last year that was really nice. Some of you have perhaps grown it, but if you haven't please include in your list of purchases FOUNTAIN GRASS (Pennisetum ruppelii.) It adapts itself to many phases of landscaping, either as an individual clump, or in long dramatic borders. It also combines well with evergreens, flowering annuals or perennials, colorful shrubs, and will add that certain effect which gardeners are seeking for. It is excellent for plantings near a water fall, or fountain, and can be used to good advantage for accent planting in a corner grouping.

Fountain Grass has many attractive merits, some of these are grace, action, soft coloring, and interest. The height is approximately four-foot. Location and care will change this to some degree. Main color is a pleasing green, and after it has reached its growth in height, it sends out ten-inch spikes, which when open, are rose, purple, or bronze tints. These are very adaptable for arranging in that they are useful for spike or linear material, which we do not have an abundance of in our gardens. (These dry well if cut at the proper time).

There are many other grasses on the market which are lovely to grow. Study these and add some to your garden design.

Save some of the water from the melting snow, it is excellent for houseplants. The other day I was in a beauty shop having my hair done, and I could not help from noticing the luxurious plants which were growing so beautifully in the planters. First I checked on the various varieties which were growing on the texture of the foliage, the deep color, and the light exposure, then I asked my friend what she used to feed the plants. She replied, "Oh I don't feed them, I just am careful about the potting soil this is most important. Then I always try to catch rain water and melted snow and use this to water the plants, using care that I do not over-water. This is very important in the maintenance of houseplants. Then, too I exercised care in selecting the location for the planters" (they were brick and were so constructed that they made ideal dividers.)

Later she asked me if I was familiar with the Alo Vera plant. At first I did not recognize it by the botanical name, then when she told me more about it I remembered it was a succulent, and popular plant for dish gardens, rock gardens, potted plants, and stump gardens.

In our discussion I learned that it was another plant which had medicinal properties. A small piece of the plant juice rubbed on a cut or bruise will heal. It is also useful in

## DI-SYSTON controls piercing, sucking pests

DI-SYSTON works systemically. As the chemical is released, plant roots absorb it along with soil nutrients. The powerful chemical is then circulated in the plant sap stream to all parts of the foliage, killing piercing and sucking insects and spider mites as they feed.
