SAN ANGELO AN UNHARMED

Howard County Federal Census Enumerators Are Named ORANGE, TEXAS, OFFICER SLAIN

HOME TOWN TALK

By Beddy

The biggest counting game the world has ever known will begin next Wednesday, April 2, when the fifteenth decennial census of the United States will be inaugurated by tens of thousands of enumerators in every part of every state and county of the nation.

In some parts of the country, no doubt, the census holds very little interest, because the communities know full well that no growth will be shown by it.

But in West Texas it holds tremendous interest. Why? Because every county, every town and city in this great region expects to find itself officially declared a larger place than it was when the last federal census was taken in 1920. This region's greatest growth has occurred during the past decade.

Yes, that terribly worn question, "How Many People Are There In Your Town?" soon will be answered. The fellows who have vowed their towns have larger population than yours and the other fellows, will all have their claims settled.

The big thing about this is that the U. S. census will settle it for ten years. Even now, more than nine years since the last census, the figures compiled then are referred to and quoted throughout the land.

According to those figures Big Spring has something like 4,500 persons.

Which leads to the statement that it is vitally important that every single man, woman and child of every color and kind and nationality who resides within the corporate limits of Big Spring should be included in the census. It ought to be a 100 per cent poll, a perfect census.

P. C. Beard of San Angelo, district director of the census, has appointed a capable staff of enumerators for Howard county. They will begin work next Wednesday, April 2, along with enumerators throughout the nation.

Let's cooperate with them. Let's answer all the questions that they are forced to answer in order to fill the federal requirements. Let's jump in and help make this what it ought to be.

It ought to be the means of placing Big Spring officially where she undoubtedly belongs. She is the biggest city between Abilene and El Paso, one of the eight or ten largest in the state west of Fort Worth.

Come on, let's all help count noses next month.

BORDEN TEST IS PLUGGING

The most recent oil test failure registered in this section is Moncreiff et al's No. 1 Munger, Borden county wildcat oil test, which was drilled to a total depth of 3,157 feet, steel line measurement.

No. 1 Munger is located 1,890 feet from the north and east lines of section 15, block 31, township 4 north, T. & P. Ry. Co. survey and is several miles from other tests drilled to date.

First water, amounting to one barrel per hour, was noticed at 3,290-95 feet. At 3,385 to 3,405 feet the water increased to a hole full and after drilling to a total depth of 3,517 feet, the test was abandoned and plugging started.

EX-RANGER AND WIFE ARRESTED

Woman Gives Version Of Shooting At Store

ORANGE, Texas, March 25. Will White, night patrolman here, was shot to death today.

N. E. Perkins, former Texas ranger and ex-prohibition agent, and his wife were charged with murder in connection with the shooting.

Called To Store
According to reports to police, White was shot to death when he, in company with Leonard Carr, policeman, went to Perkins' store to investigate some "loud talking" there.

According to Carr, Perkins was standing on the porch when they came up.

"What's the trouble in there?" Carr said White asked Perkins.

"I don't know," Perkins was quoted as saying.

Carr said Perkins then asked him to go across the street and get some cigarettes. He said he did this, and on his return Perkins told him:

"Get Sheriff Pate Brown; I've just killed White."

He said White was lying on the ground. There were two bullet wounds in his body.

Mrs. Perkins, according to Carr, said that White opened fire on Perkins and missed him.

"I ran into the house," she is reported to have said. "I heard several shots. When I got back he (White) was dead."

Perkins also is a former deputy sheriff here, and at one time was a member of the Orange police force.

White was 49 years old. He is survived by a widow and four children.

White was a brother of Sol M. White, former mayor of Orange.

Three Blazes Keep Station Hands Jumping

Three fires within a period of 12 hours Monday evening and Tuesday morning left the Big Spring fire department with little to be desired in the way of action.

Dan Wade, connected with the Tidwell Shows, received slight burns to the hands and feet at three o'clock Tuesday morning when one of the tents on the carnival grounds caught fire. Wade was removed to a local hospital, but was released Tuesday morning shortly after his wounds had been dressed.

The first of three fires was in Settles heights where electric wires became shorted in the home of Mr. Cicero and scorched wallpaper in one room. The damage was negligible.

A Yellow Cab burst into flames in the 1300 block on Johnson street at 8:15 Monday evening causing the second alarm to be issued. Interior of the car was damaged but the blaze was extinguished before the gasoline tank exploded. Flames originated near the engine.

J. S. Johnson, 68, Dies In Lubbock

LUBBOCK, Tex., March 25 (AP)—John Sidney Johnson, 68, retired Texas, Oklahoma and Arizona cattleman, died here today of heart trouble. Interment will be tomorrow. Johnson was prominent in Masonic and business circles and had extensive holdings in Lubbock and Knox counties.

Officer Accused

Maj. Charles A. Shepard, army surgeon, arrested in Denver charged with fatal poisoning last June of his wife. He has admitted his engagement to Grace Brandon (Belong), Brooks Field, Texas. He denies any connection with his wife's death.

Babbling Art Comes Across; Starts to Camp

CHICAGO, March 25 (AP)—Charles Arthur Shires reached an agreement with Charles A. Comiskey, owner of the Chicago White Sox today. He turned in his signed contract and will leave tonight for San Antonio, Texas, to pitch the club.

The babbling first baseman was reinstated immediately after he came to terms with Comiskey.

While the amount of his salary was not divulged, it was understood to be in the neighborhood of \$7,500, an amount Shires said he never would consider for his services as a member of the White Sox.

Organized Labor Asks Inquiry Into Parker's Decisions

WASHINGTON, March 25 (AP)—Representatives of organized labor today asked members of the senate sub-judiciary committee considering the nomination of Judge John J. Parker of North Carolina, for the supreme court bench to scrutinize closely Parker's opinions affecting labor as a judge of the federal circuit court of appeals for the fourth district.

Hawley School Girl Saves Two Mates

ABELLENE, Tex., March 25 (AP)—Ten-year-old Elsie Tarpley today was extolled as a heroine for her rescue of two schoolmates from a blazing school building at Hawley, near here.

After 25 pupils and two teachers had groped their way to safety through smoke that filled the halls yesterday, or had taken to the fire escape, the girl appeared at a door dragging a smaller companion under each arm.

The fire, origin of which was undetermined, broke out during a recess period.

FIFTEENTH SURVEY TO OPEN SOON

April 2 Marks Beginning Of Gigantic Task

Phocian C. Beard of San Angelo, supervisor of the United States fifteenth decennial census for the 13th Texas district was in Big Spring last week appointing enumerators and arranging preliminaries for the census enumeration of Big Spring and Howard county, which will begin April 2. All incorporated towns must be completed within two weeks. However, the rural areas are allowed thirty days.

In Howard County
Enumeration District No. 1, embraces Government Heights and that part of the town situated north of the track known as Mexican town. It begins at the viaduct, extends west along T. and P. tracks, to city limits thence along city limits north, thence east along city limits and thence south along west side of Lamesa Highway. This district will be enumerated by A. C. Scott.

District No. 2, begins at city limits on north, extends along east side of Lamesa Highway and Main Street to city limits, on the south, thence east along the city limits, thence north along the city limits, and thence west along city limits. This includes Washington Place and the whole area lies east of Main Street. This district will be enumerated by Miss Anna Mae Freeman.

District No. 3 lies west of Main Street, beginning at the T. and P. tracks and Main street, extends south along the west side of Main Street to 11th Street, thence west along north side of 11th street to the city limits, thence north along the city limits to T. & P. tracks, and thence along tracks to Main Street. This district will be enumerated by Miss Carolyn Earley.

District No. 4 begins at 11th street and extends west along 11th Street to city limits thence south along city limits, thence east along city limits to Main Street, thence north along Main Street to 11th Street. This district will be enumerated by Mrs. Johnnie Lee Porter.

George Chester Sewell will enumerate the district immediately outside of the city limits of Big Spring, known as Justice Precinct No. 1.

E. G. Damon will enumerate the district included in Justice Precinct No. 3, outside of Big Spring.

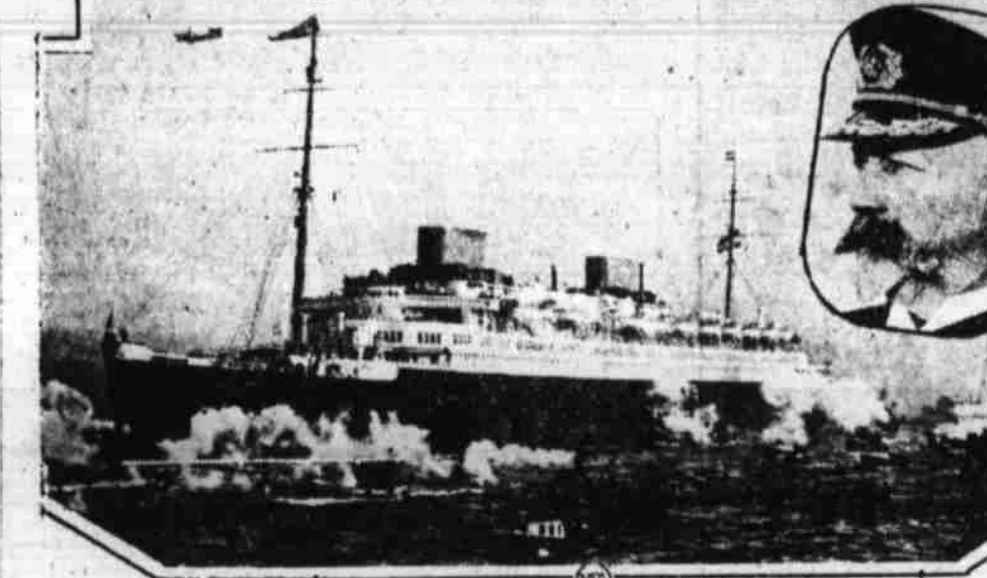

The Weather

West Texas: Partly cloudy, warmer tonight and Wednesday except in extreme west portion.

East Texas: Fair, frost in north and interior of east portion tonight; Wednesday partly cloudy, warmer in north and west portions. Light northerly winds on the coast.

MINERS EXPULSED TWENTY
INDIANAPOLIS, March 25 (AP)—The International Executive Board of the United Mine Workers of America today voted unanimously to expel from membership twenty members of the union who were active in calling the rump convention in Springfield, Ill., two weeks ago.

NEW SUPER-LINER SETS ATLANTIC RECORD

A new princess of the seas, the North German Lloyd liner Europa, shown above, churning through heavy seas and strong headwinds on her maiden voyage across the Atlantic to New York. A sister ship of the liner Bremen, previous holder of the record for the fastest Atlantic crossing—the Europa is captained by Commodore Nicolaus Johnson, upper right, senior skipper of the North German Lloyd line. Only one liner, the Leviathan, is larger than the Europa and the Bremen.

NEW YORK, March 25 (AP)—A new speed queen of the seas was enthroned today when the North German Lloyd liner Europa on her maiden voyage wrested the crown from her sister ship, the Bremen. The 51,000-ton racing greyhound passed Ambrose Lightship at 5:34 a. m. today, making the 3,100-mile crossing from Cherbourg, France, in 4 days, 17 hours and 8 minutes. She bettered by 15 minutes the record established last October by the Bremen, which on that occasion bettered by 18 minutes the time of her maiden voyage last July when she dethroned the long-reigning Cunard liner Mauretania.

The voyage of the Europa was made under more difficult weather conditions than those faced by the Bremen on her record-breaking run. She buffeted strong head winds and heavy seas.

PRODUCTION DECREASES

Abrupt Fall Follows Last Week's Sudden Increase

TULSA, Okla., March 25 (AP)—An abruptly as it started upward during the week ending March 15, the estimated daily average production of light and heavy crude oil in the United States coursed downward again during the week ending March 22 to register a total of but 2,540,806 barrels, 43,601 less than for the preceding week. Light oil, according to the current report of the Oil and Gas Journal, dropped 42,239 barrels, apparently due to continued proration in the midcontinent area and in accompaniment with a losing sixth vote in congress on a proposed oil tariff.

Oklahoma contributed 36,065 barrels of the total decrease of which 21,070 were registered in the Oklahoma City pool alone. This field is under virtually three-fourths complete curtailment of production. Both St. Louis-Pearson and the Seminole areas dropped. The northern miscellaneous fields climbed perceptibly.

West Texas area lost 2,479 barrels while the midcontinent area dropped 38,554 in light and heavy oil 500. The gulf coast heavy area gained approximately 2,000 barrels while the Southwest Texas area dropped slightly. California coursed downward 5,450 barrels recorded mainly in the Santa Fe Springs area.

The grand total production for the week ending March 15 had gained 46,099 barrels over the preceding week.

Box Bill Urged By Texas Solon

WASHINGTON, March 25 (AP)—Passage of the Johnson bill to extend the quota system to Western Hemisphere immigration was demanded in the house today by Representative Box, Democrat, Texas, as a means of preventing increased unemployment.

A survey of parts of the country having a large Mexican population, has convinced him, the Texas solon, that importation of Mexican labor aggravated unemployment in these sections and caused an overproduction of agricultural products, resulting in distress to American farmers.

NEW YORK, March 25 (AP)—Dr. Hugo Eckener, commander of the Dirigible Graf Zeppelin, announced today that, with the backing of a group of large industrial and banking concerns, organization of the International Zeppelin Transport Company for transatlantic airship service had been effected.

He said the capital had been subscribed and by the end of the year studies preparatory to actual operation would be completed.

The companies interested in the project include the National City Bank, the United Aircraft and Transport Corporation, the Union Carbide Company, the Aluminum Company of America and the Goodyear Zeppelin Corporation of Akron, O.

P. W. Litchfield, head of the Goodyear company, is president of the Zeppelin Transport Company, which was incorporated in Delaware last October.

Dr. Eckener said that airships larger than the Graf Zeppelin and more than twice the size of the United States Navy Dirigible Los Angeles would be built in both the United States and Germany for the service.

He said he favored Seville, Spain, as a site for the European airport for the dirigibles and some point near Baltimore or further south for the American terminal.

Mrs. C. T. Watson underwent a minor operation in a local hospital Monday and is reported doing nicely by hospital authorities.

MESSAGE IS RECEIVED IN HOME TOWN

Release Sought By Son In Mazatlan, Mexico

SAN ANGELO, March 25. (AP)—J. E. Bristow, kidnapped by Mexican bandits several days ago, is "unharmful," according to a message received here last night by his wife from their son, Gordon Bristow, at Mazatlan, Mexico, where he is negotiating for his father's release.

The message read: "Dad unharmful, but still captive. It will take some time to work this thing out so don't expect results too soon."

Bristow was reported kidnapped while on a mining exploration trip with two companions in the rugged country around Tepic, Mexico, on the west coast. The bandits were said to have sought a ransom of from 3,000 to 30,000 pesos. His family was seeking his release on the smaller sum.

Box Bill Urged By Texas Solon

WASHINGTON, March 25 (AP)—Passage of the Johnson bill to extend the quota system to Western Hemisphere immigration was demanded in the house today by Representative Box, Democrat, Texas, as a means of preventing increased unemployment.

A survey of parts of the country having a large Mexican population, has convinced him, the Texas solon, that importation of Mexican labor aggravated unemployment in these sections and caused an overproduction of agricultural products, resulting in distress to American farmers.

BUILDINGS ASSURED

\$230,000,000 Added To Fund; Hoover To Sign

WASHINGTON, March 25. (AP)—In line with President Hoover's desire for speeding up public buildings throughout the country, the Senate today passed the house bill to increase by \$230,000,000 the amount for federal building construction.

\$115,000,000 Outside
The bill provides that \$115,000,000 of the sum be expended outside the capital. The appropriation would be spread over a ten year period and increases the total amount for public building construction throughout the country outside of the capital to \$363,000,000 during this period.

DIRIGIBLES TO OPERATE

Dr. Eckener Announces Organization Of Company

NEW YORK, March 25 (AP)—Dr. Hugo Eckener, commander of the Dirigible Graf Zeppelin, announced today that, with the backing of a group of large industrial and banking concerns, organization of the International Zeppelin Transport Company for transatlantic airship service had been effected.

He said the capital had been subscribed and by the end of the year studies preparatory to actual operation would be completed.

The companies interested in the project include the National City Bank, the United Aircraft and Transport Corporation, the Union Carbide Company, the Aluminum Company of America and the Goodyear Zeppelin Corporation of Akron, O.

P. W. Litchfield, head of the Goodyear company, is president of the Zeppelin Transport Company, which was incorporated in Delaware last October.

Dr. Eckener said that airships larger than the Graf Zeppelin and more than twice the size of the United States Navy Dirigible Los Angeles would be built in both the United States and Germany for the service.

He said he favored Seville, Spain, as a site for the European airport for the dirigibles and some point near Baltimore or further south for the American terminal.

Mrs. C. T. Watson underwent a minor operation in a local hospital Monday and is reported doing nicely by hospital authorities.

Engineers Ask Use Of Citizens On City Projects

Signal Mount Lodge No. 372, Brotherhood of Locomotive Firemen and Engineers, Big Spring, in its regular meeting of March 19 adopted the following resolutions, which recommend that local men be employed on construction work to be done as a result of the adoption of bond issues in a recent special municipal election here:

Big Spring City Commission, Big Spring, Texas. Dear Sirs: In a recent bond election the city of Big Spring voted bonds for extensions and improvements to the sewer and water systems of the city to the extent of something like \$250,000 to be spent within the next few months for the said much needed extensions and improvements. Owing to the recent stock market crash unemployment has reached a peak of startling proportions through the country, and a canvass of our local conditions shows that Big Spring is no exception as there are many taxpayers of Big Spring out of steady employment. Signal Mt. Lodge No. 372, of L. F. & E. in regular session this date in the W. O. W. hall, Big Spring, wishes to take the liberty to suggest that in the expenditure of this money, an additional burden on the taxpayers of the city, the citizens and taxpayers of the city be given preference to all work done, as far as it is the power of the city officials to do so. In the event any of the work is to be done by contract we feel that a clause should be inserted in the contract whereby the employment of American citizens and Big Spring taxpayers would be guaranteed. Thanking you for any consideration that you might give to the vital problem of the unemployed of our city, we are, Yours respectfully, J. L. DEASON, President, I. S. BISHOP, Rec. Sec'y.

F. H. E. Well Is Near Lime Top

Attention of oil companies and independent interests owning acreage, royalty and leases in northern Glasscock and southern Howard counties was focused Tuesday on F. H. E. Oil Company's No. 1 Cox, which was reported drilling at a total depth of 2,155 feet in red rock and anhydrite.

BIG SPRING WOMEN WILL ATTEND P-T A CONCLAVE

Names of delegates from the Parent-Teacher associations of Big Spring who will attend the ninth annual child welfare conference of Texas Congress of Mothers and Parent-Teacher associations to open in Ballinger Thursday for a three-day session, have been announced by officers of the various city P-T. A. groups. The list does not include delegates from the high school P-T. A. since that organization was to meet Tuesday afternoon to select delegates simultaneously with the election of officers.

Delegates will be as follows: Mesdames W. R. Douglass, George A. Beard, G. C. Glasscock, G. H. Hayward, L. L. Freeman, A. M. Rippe, M. R. Showalter, L. E. Ed- dy, Della K. Agnell, Harvey Wil- liamson, Miss Miriam Kennedy and Miss Clara Secrest.

Mrs. Freeman, fifth vice president of the district, will preside over the Saturday morning session of the convention. Mrs. Showalter, county nurse, will deliver an address during the Friday afternoon session, on "Health."

The entire convention program follows:

Thursday Afternoon

2-4 p. m.—Registration of dele- gates and assignment of homes.

2:30-3:30 p. m.—Meeting of the pre-convention executive board.

3:30-4 p. m.—School of instruc- tion for all delegates and visitors, led by state officer.

4:30 p. m.—Banquet honoring state and district officers, at Methodist church by courtesy of the Ballinger Parent-Teacher Asso- ciation.

8:15 p. m.—At American legion hall, call to order by Mrs. Frank M. Pearce, general chairman; in- vocation, Rev. Bouman; Music, Ballinger high school orchestra; addresses of welcome. Three min- utes each by Mayor W. C. McCar- ver for the city, by Supt. H. C. Lyon for the school, by Mrs. B. C. Kirk for the Federated Clubs, by Mrs. Joe Simmons for the Rünnels county Parent-Teacher Association and by Mrs. Elmer Sheppard for the Ballinger Parent-Teacher Asso- ciation.

Response, Mrs. S. T. Gilmore, sixth district president.

Vocal solo, "A Little Child Shall Lead Them," Mrs. Alex McGregor.

Address, Mrs. Noyes Darling, Smith, state president.

Friday Morning

8-9 a. m., call to order by the district president, Mrs. S. T. Gilmore, invocation by Rev. McLaurin; as- sembly singing with Mrs. Simpson at the piano; rules and regulations, Mrs. C. R. Stephens.

9 a. m., Mrs. W. G. Davis, first vice president presiding; report of district officers; report of city council; report of county council.

10 a. m., home service, Mrs. P. C. McGlasson, state officer.

Vocal solo, Mrs. Thompson.

10:30 a. m.—Address on safety by Miss Olga Julger of the state fire insurance commissioner's office.

Reading, Mrs. H. K. Dunn; report of credential committee; announce- ments and adjournment.

Luncheon 12:15 p. m.; in the Doss building.

Friday Afternoon

Theme, "Child Health In The Sixth District."

1:45 p. m., call to order by Mrs. John Treadwell, seventh vice presi- dent, presiding; invocation, Rev. Kerr; Kindergarten children's roll; report of delegates.

2:30 p. m., Report of work in "Health" accomplished throughout the district with a 10-minute talk by each county health nurse pres- ent.

3:30 p. m., Mrs. H. C. Scale fourth vice president presiding.

Address, Dr. J. C. Anderson,

Midland Studies Roads To Sterling And Garden City

MIDLAND, March 25.—Delega- tions of Sterling City and Garden City citizens conferred this week with Midland chamber of com- merce officials regarding increas- ing travel over the road from Mid- land to Garden City and thence to Sterling City.

The visitors to Midland pointed out that due to paving on the road between Big Spring and Garden City, the road would be torn up and have rough detours for many months. They declared that some people bound for San Angelo were already being routed by Sweet-

water, many miles out of the way. The Sterling City and Garden City people propose to erect signs all the way from Midland to Ster- ling City giving mileage. They will send mileage lists to the Mid- land chamber of commerce to post in Midland. They asked for im- provement of the Midland county road which connects with the Glasscock road. The visiting dele- gation which is taking the initia- tive in increasing travel over the route were promised complete co- operation of the Midland chamber. Garden City met in the delega- tion were: Judge T. J. Parker, D. E. Fourhan, J. L. Parker, and T. Bogard. Those from Sterling City were: W. R. Hardy, Rogers Hef- ley, John Walraven, and Frank Cole.

Mrs. Elmo Wasson returned Monday evening from an extended visit with her parents in Corpus Christi.

Installation of officers; invitation for 1931; song, "God Be With You Till We Meet Again."

Pampa Man Awaits Grand Jury Action After Fatal Shooting

PAMPA, Tex., March 25 (AP)—Though his wife declared "an in- nocent man had been shot," Jack Yale, 32, was held here, awaiting action of the grand jury, in con- nection with the fatal shooting yester- day of Jesse McKee, alias Jack King, 28, in front of a rooming house.

Officers said McKee was wanted in Breckenridge on charges of having broken jail after he had been sentenced to two years in the penitentiary on theft charges.

Yale surrendered after the shoot- ing. His wife claimed the gun was

aimed at her, but it failed to dis- charge.

Mrs. Yale and McKee were reg- istered at the same rooming house. She asserted "there was nothing between McKee and me. The only time I was ever with him was when we went to a picture show together."

ARLINGTON BOY LEAVES NOTE ADVISING FRIENDS

ARLINGTON, Texas, March 25 (AP)—Harold Grogan, 23, son of Mr. and Mrs. J. M. Grogan, of Arling- ton, was found dead from a bullet wound through the heart in a hotel here today. A note in his pocket admonished friends to lead better lives.

Real Cigarette Pleasure

WHY BE SATISFIED with less smoking pleasure when for the same price you can have the luxury of Camels?

Camels stand alone. If you merely want to puff, anything will do. But if you want to know the true delight of smoking—to enjoy the mild, mellow fragrance of superbly blended Domestic and Turkish tobaccos, brought to perfection by the most scientific methods of manufacture but with none of the delicacy of its natural goodness lost or spoiled by over-treatment—then Camel is the cigarette for you.

You'll find in Camels all the exquisite enjoyment that can be packed into a smoke.

CAMEL the better cigarette

Konjola Seems At Its Best In Stubborn Cases

New And Different Medicine Goes To The Very Source Of Many Ills

MR. A. A. SMITHSON

No wonder Konjola makes good for all of its 32 ingredients work together in attacking the very causes of stomach, kidney, liver and bowel troubles, and of rheumatism, neuritis and nervousness. How strikingly this is illustrated in the case of Mr. A. A. Smithson, 117 North State street, Little Rock, Ark. Read his tribute to this medicine of medicines:

"For a long time I was the victim of indigestion and kidney trouble, and no wonder neuritis set in. The pain in my shoulders and neck no words can describe, and I kept losing strength and weight at a most discouraging rate. Every night I had to get up several times, and the loss of sleep added to my misery and generally run down condition. I was deeply discouraged when Konjola was recommended, and I had little faith left in any medicine. But Konjola proved a complete surprise. The first bottle proved that at least I had found the medicine I needed, and in four weeks the neuritis was driven out and my stomach and kidneys were functioning as they should. To me there is no medicine to compare with Konjola."

Konjola is sold in Big Spring at Collins Bros. drug store, and by all the best druggists in all towns throughout this entire section.—adv.

Clean Up Week Date Advanced

Final week of the clean up and paint up campaign now underway was postponed until the third week in April, according to a decision reached by chairman of various committees who assembled at the Womens Federation club house Monday night.

Publicity materials for the drive have reached Big Spring and will be distributed by Boy scout troops and by the publicity committee of the clean up and paint up campaign. Scouts will start distribution of posters and other display material Wednesday afternoon.

Due to inadequate attendance at the meeting Monday night, another session of chairman has been called for next Monday night, March 31. B. F. Robbins, chairman of the Chamber of Commerce civic committee under whose direction plans for the clean up and paint up campaign are progressing, registered disappointment over small attendance and interest in the work of cleaning the city, but expressed confidence that the next meeting will receive more whole hearted cooperation.

Materials for a children's play depicting some evils of filth, fire and insects have been placed in hands of D. H. Read, principal of the junior high school, and the cast will start practice within the next few days.

Committees to superintend work during the final week will be named at next Monday night's session and, consequently, Mr. Robbins is doubly anxious that all chairman report for work.

Mrs. Theo Thomas Auxiliary Leaders

Mrs. Theo Thomas was leader for the program of the weekly meeting of the Ladies' Auxiliary of the Episcopal church Monday afternoon in the parish house. A short business session presided over by the president, Mrs. Verd Van Gieson, and an opening prayer were preliminaries to the lesson.

Rev. W. H. Martin opened the thank offering boxes with a brief talk and an explanation of the use of the funds of the boxes.

Those present were: Mesdames John Clarke, Dee Hilliard, George Garrett, H. W. Leeper, Homer Martham, D. L. Ringler, Theo Thomas, W. C. Bray, Verd Van Gieson, Shine Phillips, J. S. Nunnally, Benjamin LaFevre, and Whitman.

LONDON—A gray-haired gentleman attracts attention occasionally by afternoon swims to the pond in Kensington Gardens where his selling of model yachts shows the experience of an expert. He is Charles Francis Adams, Secretary of the Navy of the U. S. A., and yachtsman by avocation.

First Presbyterian Auxiliary Convenes In New Building

Ladies of the First Presbyterian church initiated the pastors of the newly dedicated church Monday afternoon when they held a business meeting of the auxiliary. Reports from auxiliary officers and chairmen of committees were heard and accepted. Mrs. J. B. Lütler, second vice president, presided over the meeting in the absence of the president and first vice president. Plans were made for entertaining husbands of auxiliary members with a banquet in the church soon, the date to be announced later. The program for the fifth Monday March 31, when the Federated Missionary society will be entertained by the Presbyterian ladies, was announced, with Mrs. R. Owen, chairman, in charge. Mrs. L. S. McDowell was elected delegate to the Presbyterian meeting to be held in Clovis, N. M., April 29, with Mrs. C. P. Rogers, alternative. The meeting was characterized by a large attendance of ladies.

Methodist Societies Addressed By Miss Claiborne, Missionary

Members of the Birdie Bailey and the Womens' Missionary societies of the Methodist church heard Miss Elizabeth Claiborne of Nashville, Tenn., returned missionary from China, at a joint meeting of the two organizations Monday afternoon in the auditorium of the church. Miss Claiborne's address was followed by a reception and informal get together in the church parlors.

Miss Claiborne is at present on furlough from her work among the Chinese and is giving to American audiences in her speaking tour, a true picture of conditions as they are in China at present and described the nature of her work in the Asiatic country. Her talk was enlivened with amusing anecdotes of life in that eastern domain.

Guests were received following the speech and met the returned missionary. Mrs. Fred Miller and Mrs. J. E. Kuykendall poured tea in the social hour. The parlors were faintly decorated in seasonal flowers by Mrs. Gus Pickle and Mrs. C. C. Carter. Refreshments were planned and served by Mesdames C. W. Ditz, L. W. Croft, Wallace Ford and C. E. Shive.

The following were present: Mesdames F. B. Wilson, J. M. Manuel, John Davis, W. H. Ward, R. E. Gay, L. Stallings, D. M. Lovelace, T. W. Shaw, J. B. Harding, Ollie Harding, J. C. Holmes, Hugh Duncan, C. E. Talbot, L. S. Spector, R. A. Eubanks, R. E. Morris, Pete Johnson, J. E. Kuykendall, Rosie Harrison of Pluman, Ark., G. L. Rowsey, G. E. Fleeman, W. B. Tidwell, Hal S. Hart, Calvin Boykin, Eugene Harrows, John Currie, Joe M. Faucett, Fred H. Miller, I. H. Hamlett, C. T. Watson, Herbert Keaton, H. R. Tucker, Roger Gilmore of Roswell, N. M., J. L. Franks, L. A. Talley, L. H. Anderson, S. L. Baker, W. H. Remelo, A. Knickenbocker, C. Ellis, Clyde Thomas, Joe Pickle, W. R. Roberts, Delmont Cook, G. L. Lake, J. D. Delinger, M. L. Gate, J. A. Adams, C. M. Shumate, R. B. Tropman, C. C. Carter, V. R. Smitham, Joe E. Neel, J. B. Pickle, R. M. Ruffner, R. L. Beale, C. S. Ditz, George A. Stroud, T. E. Johnson, G. L. Rowsey, L. W. Croft, Wallace Ford, Max W. Howard, W. G. Bailey.

Squadron Of Army Planes Pass Here

SHREVEPORT, La., March 25.—Nineteen planes of the second bombardment group which stopped overnight here en route from Langley Field, Va., to Mather Field, Calif., for spring maneuvers took off between 8 and 8:30 a. m., today for Midland, Texas. They expected to arrive there about three p. m.

Fourteen of these planes passed over Big Spring at 1:40 p. m.

Sprenburg

SPRENBURG, March 27.—Attendance at Methodist Sunday School Sunday was 91.

Two convocations occurred at the morning service at this church following the preaching of a sermon on "Amazing Grace" by the pastor, the Rev. Hamilton Wright. One adult was baptized and one infant sprinkled. One adult united with the church.

The second quarterly conference of the Ackerly and Sprenburg churches will be held here next Saturday, when Dr. L. N. Lipscomb, presiding elder of the Sweetwater and Big Spring district, will preside. The divine will preach at 11 a. m. and at 2 and 8 p. m. The business session of the conference will be held at 3 p. m. For delegates from Ackerly, Flower Grove, Loyola and other places sandwiches will be served at the noon hour.

"Mayo" Bud Taylor is whipping his baseball team into service. A workout was given last Saturday and the boys did well. It is probable that there will be a game here next Saturday afternoon between Sprenburg and Flower Grove. Last year Sprenburg won the big baseball tournament at Lamesa and expects to go forward with another champion team this year.

Sprenburg won several honors at the interscholastic meet at Lamesa last Friday, carrying off the county championship in tennis, second in senior declamation and third in story telling.

Bill Bonner's Car Destroyed By Fire

An automobile belonging to Bill Bonner, Big Spring grocer, was nearly demolished by fire Monday night while the owner was driving in the vicinity of Iatan. Flames which destroyed all but two front wheels originated under the automobile hood.

Mr. Bonner, who was driving the automobile at the time, abandoned the machine before a gasoline tank exploded and before he received personal injury.

FOLLETT—Santa Fe to build side walk from depot connecting up with city pavement.

Herald Patterns Radio Station Sought Here

A DAINTY FROCK FOR A LITTLE MISS

6758. Chiffon is suggested for this little model, with frills of the same material. One could use taffeta, or crepe de chine, or cotton prints. As pictured in the large view, the sleeves are omitted. In a small front view, the dress is made with the sleeves—which are in bishop style—and without the collar. A pleasing development would be in light green or maize colored taffeta, with frills of chiffon or organdy.

The pattern is cut in 5 sizes: 1, 2, 3, 4 and 5 years. To make the dress as pictured in the large view for a 4 year size will require 2 yards of 35 inch material. Without collar and with sleeves, it will require 2 1/8 yards 35 inches wide. To trim the dress, with frills or ruffling, as illustrated will require 5-8 yard of material cut crosswise and in strips 1 1/2 inch wide and best finished with plect. The shoulder bow requires 1 1/8 yard of ribbon.

Pattern mailed to any address on receipt of 15c in silver or stamps by The Herald.

Send 15c in silver or stamps for our up-to-date spring and summer 1930 book of fashions.

Petroleum Tested For Prison Alcohol

OKLAHOMA CITY, March 25.—Tests seeking to ascertain if alcohol manufactured from petroleum might be responsible for a paralytic malady suffered by scores of persons here were made by state officials today, in the face of a declaration by the originator of the process for extraction of the alcohol that the investigation would be in vain.

James Folen, assistant state health commissioner, announced yesterday that tests had been ordered in the belief petroleum alcohol might have been used in the manufacture of Jamaica ginger. Many persons suffering with the paralysis have admitted drinking Jamaica ginger.

Dr. Robert Isham, Okmulgee, Okla., chemist credited with discovery of the process for making petroleum, or Iso-Propyl alcohol, said it could be drunk but would not cause intoxication or paralysis.

Airmail service between Berlin and Canary Islands will start this spring, operated by Deutsche Luft Hansa.

Stocks Rise

NEW YORK, March 25.—More than 100 issues were lifted to new high levels for 1930 on the New York Stock Exchange today, as passage of the tariff bill by the senate and reports of a check to the decline in steel mill operations prompted a wild "bull" demonstration. Trading was in such volume that the ticker fell some 45 minutes in arrears.

New Zealand contemplates a flying tactical service.

Dawson Invites Howard Farmers To Dairy Show

LAMESA, March 25.—An invitation to Howard county farmers is being extended by dairy farmers of Dawson county to attend a three day dairy short course in Lamesa, April 1, 2, and 3, during which noted dairy authorities and animal husbandry men will speak. The program will touch such subjects as feeding, breeding and marketing and will be discussed by educators who are schooled in certain phases of the farm industry.

Six Jersey heifers will be given away during the course, two each day. A \$350 register of merit Jersey bull, the gift of Ed C. Lassater, late noted Jersey cattle breeder of Falfurrias, will be given away during the last day of the course to farmers attending the educational meet.

Among those who have accepted places on the program are D. T. Simonds, president of the Texas Jersey Cattle club; K. M. Renner, head of the dairy manufacturing department of the Texas Technological college at Lubbock and S. C. Evans, extension service representative of the Texas A. & M. college, as well as a number of West Texas county agents.

An exhibit of dairy cattle and circle bulls will be held in connection with the short course, according to W. W. Evans, county agent, who has charge of arrangements for the course.

PATMAN FLAYS MITCHELL WASHINGTON, March 25.—Accusing Attorney General Mitchell of "following in the footsteps of Harry Daugherty, in his policy toward 'monopolies and trusts,'" Representative Patman, democrat, Texas, today urged the house to pass his resolution to investigate the federal trade commission trade practice conference work.

T. C. Thomas, apartment house builder, gave a short talk on his classification, as did Taylor Long, manager of the Snowwhite Creameries Co.'s local plant.

Miss Edith Cox, of Dallas, in the state home service department of the Southern Ice & Utilities Co., made a short talk, also Mrs. J. B. DeBridge, in charge of the company's local home service department. She explained the duties of this department consisted on assisting the housewives in their refrigeration problems, menus, etc.

E. C. Quereau, of San Antonio, father of Chas. Quereau, and Dr. Geo. F. Allen, of Aurora, Ill., uncle of Chas. Quereau, guests of the club made short talks. Dr. Allen has been spending the winters with Mr. Quereau in San Antonio for many years. They are on way back from a trip to Carlsbad, Cal.

Be Comfortable at Reasonable Prices

Something New. DALLAS, WHICH has specialized in booster and good will trips for many years, is to start something entirely new along that line on March 31.

Twenty-five (and no more) Dallas business executives will start on that date on a journey which will carry them into every important center in West Texas.

Some of them, no doubt, have never even seen West Texas, much less made a study of its achievements and potentialities.

What they see at Big Spring, San Angelo, Ballinger, Abilene, Sweetwater, Midland, Lubbock, Amarillo and other West Texas centers is going to surprise them out of a year's growth.

We can see the fine Italian hand of Homer D. Wade in this. Homer D. used to manage the West Texas chamber of commerce, and in that capacity no doubt he became acquainted with the colossal ignorance of the average Dallas business man when it comes to West Texas affairs.

It will be good for all concerned. West Texas will gain because it will make some new friends among the most powerful commercial and industrial leaders of Texas.

Wichita Daily Times: THE CLOSING hours of the fifth called session of the legislature served to emphasize the impression already given by that body.

It was lacking in comprehension of the problems before it. It had any understanding of the needs of Texas. It never betrayed it in its acts or in its discussions.

Its debates, for the most part, were on the intellectual level of the argument in a horse-racing race in a cross-road justice court.

Its course resembled that of a nervous woman driving a new car in heavy traffic.

If its proceedings can be said to have had anything of unity of purpose, that purpose was to antagonize the governor in every possible way, to block his program at every turn.

Granting that the opposition to the governor was justified, as to some measures, the legislature permitted its antipathy to blind it to the main tasks before it. We believe that the governor, for all his obstinacy and for all his errors, is far stronger with the people now than he was when the fourth called session began.

But because he was much nearer right than the legislature.

The principal aspects of the fifth called session were the fee bill and the prison rehabilitation measure. The former fails to change the essential nature of the fee system. It remains to be seen whether it does not cost the taxpayers more than the fee system has cost.

The prison bill which chief merit is a negative one. It is as bad a bill as the legislature at one time seemed about to pass, and it does make a start toward correcting the system's defects.

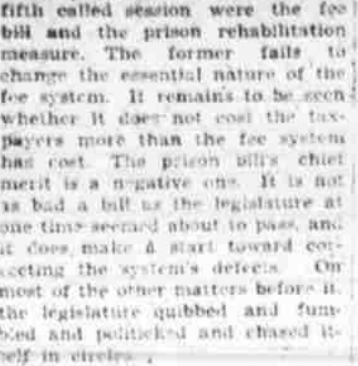

It seemed difficult for this legislature to deal with more than one idea at a time. The regular session was almost devoid of achievement, due largely to the fact that the highway bond question had to be disposed of.

It seemed to cause too much of a strain on the legislature's collective mind for anything else to be given thoughtful consideration. In each of the cases considered, the legislature has worn itself out wrestling with some one problem, lacking the capacity to consider more than one important question at a time.

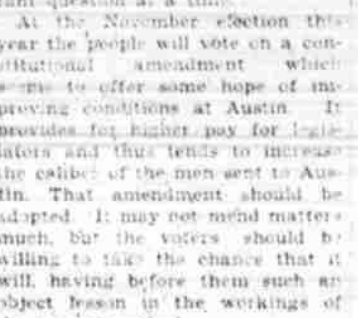

At the November session this year the people will vote on a constitutional amendment which seems to offer some hope of improving conditions at Austin. It provides for higher pay for legislators and thus tends to increase the caliber of the men sent to Austin. That amendment should be adapted. It may not seem matters much, but the voters should be willing to take the chance that it will, having before them such an object lesson in the workings of the present method.

Reports of many firms indicate 1929 was a record business year for Venezuela.

For County Treasurer: E. G. FOWLER, W. A. TROSCOTT.

For County Tax Assessor: ANDERSON BAILEY.

JACQUELINE ON HER OWN

able about Mrs. Hubbard's personal atmosphere. It was gin and cloves.

At odd times during the week Mrs. Hubbard was disposed to be friendly with her lodgers; but on Saturday evenings her motto was "Business is Business."

This was Monday, Jacqueline's bill was unpaid. Now they had produced a little bundle of treasury notes and peeled one off the top, handing it to the landlady.

"Praps you would like the first-floor front, my dear?" suggested Mrs. Hubbard. "I'll be hompily week after next. There's a sunny aspect in the afternoon between 3 and 5, and the bed's chaisnappin' with an overlay of pure horse-hair--my first husband's gift." Mrs. Hubbard sniffed. "The carpet's haxminator."

"I'll let you know later on, Mrs. Hubbard," said Jacqueline. "You may call me mother, if you like dear. Most of my lodgers call me mother. You got fond of me and it sounds homely."

Jacqueline fled upstairs. "If only she would stick to gin or cloves," she murmured. "It's the combination that beats me."

The glass was cracked diagonally, and Jacqueline's little face looked as if it had been sliced in two and imperfectly joined up.

She wagged her finger at this distorted reflection. "Now, look here, Miss Grey; you be careful. You're a rich woman now, and you've got to keep your head. Don't let it get swelled. Just take yourself in hand and don't think you're everybody just because you've got a checkbook."

"Also, don't go persuading yourself that you cut any ice in the way of prettiness, as the Americans put it, because if you do you'll be riding for a spill."

"That's the one thing, this glass would take the conceit out of a \$5,000-a-year screen beauty in with you, two peeps Great heavens, child--your nose!"

She flew at the powder-puff and delicately touched up the offending feature. "Of course, it's an affliction," she murmured, "but it's yours, my dear, and you've got to make the best of it. Perhaps it's for your good too. When you're inclined to get a bit above yourself, always remember your nose. It will keep you in your place."

"You're going among the real people now, my girl, and you've got to watch your step. You've got to show them that little Jacqueline is as good as any of them. If you don't I shall be ashamed of you for ever, and I shall take no further interest in you."

HOW'S your HEALTH

Edited by Dr. Ingo Goldstein, Academy of Medicine

TOOLS OF THE TRADE: One of the most common tools of the medical trade is the clinical thermometer, the instrument of means by which the temperature of the body is measured.

The history of this instrument is checked. The idea behind it is centuries old, but its modern form is of recent origin.

The great Galileo invented a simple form of thermometer, or barometer, about 1603. It was applied in the early part of the following century to the study of disease by the celebrated Paduan professor Santorini. Despite his successful work, the instrument was neglected by his contemporaries and we do not hear of it for more than a hundred years thereafter.

In the middle of the eighteenth century we find the clinical thermometer once again effectively employed by several physicians in Scotland. One of these was James Currie, editor and biographer of the poet Robert Burns, who became a famous practitioner spent an adventurous period in America. The clinical thermometer, even at this time, however, was not extensively used.

The basic science of thermometry or heat measurement had to be advanced further before a truly dependable thermometer could be produced, and the basic facts concerning temperature changes in the body could be gathered. This progress was achieved in 1849 in the work of Lord Kelvin.

Shortly thereafter the clinical thermometer's rank common both in hospitals and in private use. The modern small size mercury thermometer is the invention of Sir Clifford Allbutt, made in 1868.

Master Plumbers Plan Abilene Meet

ABILENE, March 24--To work out plans for the convention of Associated Master Plumbers of Texas here April 14-15 and 16, Hoche Newton and O. W. Ribble, both of Lubbock, president and secretary-treasurer, respectively, of the state organization were to be in Abilene Saturday.

Local arrangements for the convention are being handled by N. L. Hatcher. He announced a set of tentative plans Friday. W. H. Tate and Lucian Webb of Abilene and Otto Carter of Sweetwater are members of the arrangements committee.

More than 200 delegates are expected for the meeting. Representatives from the National Association of Master Plumbers, including R. G. Thomas of San Antonio, a director, will be on hand. V. N. Ehlers of Austin, state sanitary engineer, will be a speaker.

On the first night of the convention, Monday, a dance will be held at the Hilton hotel, and on the following night the plumbers will banquet guests of the Abilene Chamber of Commerce. Theatricals, bridge, luncheons and golf matches form a part of the program as outlined by the committee chairman.

Selection of officers and selection of the 1931 meeting place will come in the closing business session on Wednesday, April 16. The convention was held last year at McAllen.

Sinclair Marketing Facilities Enlarged

NEW YORK, March 25 (AP)--Harry F. Sinclair, chairman of the Sinclair Consolidated Oil Corporation, said today that plans are under way for the expansion of the corporation's marketing facilities.

He did not give any further details, but took occasion to deny they were to be taken over by one of the Standard Oil Companies.

SEKKRA, Egypt--Queen Marie diademes to have 13 at the dinner table. She hesitated when the guests at a luncheon tendered by archaeologists to her and Princess Isona were counted. The local chief of police, a native, was summoned to make a fourteenth.

OPINIONS OF OTHERS

The Legislature.

Wichita Daily Times: THE CLOSING hours of the fifth called session of the legislature served to emphasize the impression already given by that body.

It was lacking in comprehension of the problems before it. It had any understanding of the needs of Texas. It never betrayed it in its acts or in its discussions.

Its debates, for the most part, were on the intellectual level of the argument in a horse-racing race in a cross-road justice court.

Its course resembled that of a nervous woman driving a new car in heavy traffic.

If its proceedings can be said to have had anything of unity of purpose, that purpose was to antagonize the governor in every possible way, to block his program at every turn.

Granting that the opposition to the governor was justified, as to some measures, the legislature permitted its antipathy to blind it to the main tasks before it. We believe that the governor, for all his obstinacy and for all his errors, is far stronger with the people now than he was when the fourth called session began.

But because he was much nearer right than the legislature.

The principal aspects of the fifth called session were the fee bill and the prison rehabilitation measure. The former fails to change the essential nature of the fee system. It remains to be seen whether it does not cost the taxpayers more than the fee system has cost.

The prison bill which chief merit is a negative one. It is as bad a bill as the legislature at one time seemed about to pass, and it does make a start toward correcting the system's defects.

It seemed difficult for this legislature to deal with more than one idea at a time. The regular session was almost devoid of achievement, due largely to the fact that the highway bond question had to be disposed of.

It seemed to cause too much of a strain on the legislature's collective mind for anything else to be given thoughtful consideration. In each of the cases considered, the legislature has worn itself out wrestling with some one problem, lacking the capacity to consider more than one important question at a time.

At the November session this year the people will vote on a constitutional amendment which seems to offer some hope of improving conditions at Austin. It provides for higher pay for legislators and thus tends to increase the caliber of the men sent to Austin. That amendment should be adapted. It may not seem matters much, but the voters should be willing to take the chance that it will, having before them such an object lesson in the workings of the present method.

Strange Story Told In Court

BY RAYMOND BROOKS

AUSTIN, March 25.—A marriage-incident widow marching into a wealthy recluse's home. The man, bachelor, fanatic on spiritualism, barricading his room and calling for police.

A conspiracy to give him a wife, though he would not marry.

A forged marriage certificate.

The recluse's death mysteriously from poison. And a bitter fight for his fortune.

These are the elements, not of a penny thriller, but of a civil law suit now on trial on the question of venue before District Judge George Calhoun.

The Rev. J. Frank Norris, Fort Worth Baptist pastor, is among the long list of defendants named by J. B. Smith of Lipscomb county in this proceeding. The trial is going on in the same courthouse where the Rev. Norris was acquitted of the murder of Dexter Childs in his Fort Worth pastor's study.

Evidence is being taken on the question whether the trial can be held here, on the plea of privilege of Fort Worth attorneys defendant, who assert the right to have it tried in their home county.

Smith asserts he is a half-brother of the late John L. Jackson, who he asserts was a fanatic on spiritualism. Mrs. Sarah A. Vestal of Fort Worth is named as a defendant, and it was she, according to the pleadings which have been reviewed in the testimony before the court, who sought to marry Jackson. The pleadings assert the Rev. Norris, in whose flock Mrs. Vestal was a member, advised with her to win Jackson, or to set up a claim to being his wife.

It was alleged a marriage license was secured for Sarah A. Vestal and J. L. Jackson in Dallas, August 7, 1912, and that later a marriage certificate was written, signed by the name of the Rev. Slack.

It claimed that Mrs. Vestal, accompanied by two armed men, went to Jackson's house in Fort Worth and attempted to force him to marry her, but that he locked himself in a room and called officers, and had them arrested.

The petition asserted that Jackson was poisoned, and afterward the fight for his estate was made, the woman claiming to be his widow, and that various lawyers and others conspired to keep the half-brother, Smith, and a brother, Will A. Jackson, from inheriting the estate.

Smith asserted he is a man without book learning, and had been taught to trust lawyers and ministers of the gospel.

All the respondents in the action except Mrs. Vestal, Robert Ingersoll Jackson, whose claim to being a son of the deceased was contested, and the Rev. Norris were stated to be lawyers. Preston Martin, R. B. Hod and Sam Shadle were listed from Farker county. All others were from Fort Worth. The others named as defendants are: Henry L. Zweifel, N. A. Dodge, Henry L. Bromberg, W. F. Robertson, Marvin H. Brown, C. O. Eastus, A. J. Bashin, D. E. Lydick, W. A. Hager, W. P. McLean and W. B. Scott.

Musician Of Note Director Of Choral Club

BELTON, March 25.—Arthur Faguy-Cote, who directs the Baylor College Choral Club, which appears in Big Spring, April 1, under the auspices of the Big Spring high school senior class, is an outstanding musician as well as a teacher of voice.

His training and experience have enabled him to select a choral club to take on tour which gets unusual musical efforts and soloists who are artists. This is the third year he has directed a Baylor choral club.

Mr. Faguy-Cote, who is a native of Canada, has studied extensively in Europe. After graduating from the Conservatoire Lasalle, Montreal, he became juvenile lead at the National Theatre, Quebec, where he remained for two years. He then decided he preferred a musical career and went to Paris, France, where he studied three years with Emile Caseneuve, of the Conservatoire de Paris.

In 1913-14 he studied with Edward Iles at the Guild Hall School of Music, London, England. In 1915-16 he came to the United States on a concert tour and liked it so well that he has remained here except for brief European trips.

He taught in Lexington, Ky., in University of Oregon, and Grinnell College, Iowa, before coming to Baylor College four years ago.

Since coming to Texas he has become recognized as a leader in Central Texas music circles. At present he not only teaches voice in Baylor College and directs the choral club but he directs the Temple Civic Orchestra and Temple Ensemble Singers.

He has had many invitations to sing over radio stations in Texas and recently was a guest artist over WOAL of San Antonio.

Price Campbell Is Named President Of Utilities Concern

ARILENE, Tex., March 25 (AP)—Price Campbell of Abilene today was elected president of the West Texas Utilities Company.

Earl R. Hoppe, general superintendent, succeeded Campbell as vice-president. He also will retain the title of general superintendent in charge of operations.

Other officers re-elected were: Dan A. Gallagher, secretary; treasurer: R. M. Wolfe, auditor, and C. C. Sellers, assistant treasurer.

The following directors were elected: Martin J. Insull, Chicago, W. C. Sharpe, Chicago; James C. Kennedy, Dallas; J. M. Wagstaff, W. C. Swenson, Price Campbell, E. R. Hoppe, P. W. Campbell and R. M. Wolfe, all of Abilene.

Resolutions deploring the recent death of G. W. Fry while president were passed by the directors.

Social Meeting Planned By K. Of P.

Frontier Lodge No. 43, Knights of Pythias will observe a social meeting at 7:30 o'clock this evening in the Knights of Pythias hall, according to an announcement made by officers Tuesday afternoon.

Men are requested to bring a good supply of pennies, and other small coins, as they will be asked to purchase pies brought by the ladies, at one cent for each pound of avoirdupois which pertains to the lady baking the pie purchased.

A group of students from Mrs. Lee Weathers' expression classes will give an entertainment program. Other features have also been planned. The entertainment program is made up of Joe Beard, L. F. Smith and O. R. Bolinger.

All members and their ladies are issued an invitation to attend the party this evening.

Tap dancers given by the University of California extension division were so popular with the feminine sex that male classes will be added.

HERES A HOME FOR YOU
—either farm lands, vacant or improved lots, city water and lights; down payment and terms to suit. WRIGHT'S OFFICE, east of Airport.

Little Miss Hall Observes Birthday
Joella Hall, daughter of Mr. and Mrs. J. D. Hall Jr., 1405 Johnson street, observed her third birthday anniversary Monday afternoon with a tiny hot party in the home of her parents.

Children's games, featured by an Easter egg hunt, were the diversion of the young guests. A color scheme of pink and yellow was carried out in the birthday cake, ice cream and party favors which were individual pink candies in pink and yellow candy candle holders.

The little hostess received many gifts from her little guests. Those present were: Betty Fay and Barbara Collins, Nada Ruth Buffington, Jimmy Fay and Winnie Ruth Rogers, Bobby Caruth, Carl Crews, Jack Bobby Deen, and Louelle Wuche, Sarah Maude Johnson, Betty Ann Jeffers, Louise Eugene and Kenneth Thompson, J. C. and Goodrich Hejl of Midland, J. D. Crouch Jr., Billy Dunn, and Bobby James Hall.

WILLACOOCHIE, Ga. — By ukase of the city council of Willacoochie (pop 1211) it is unlawful for any male person to carry or go driving with any woman or girl between midnight and daylight unless good and sufficient reason can be given the city marshal.

Social Meeting Planned By K. Of P.

Frontier Lodge No. 43, Knights of Pythias will observe a social meeting at 7:30 o'clock this evening in the Knights of Pythias hall, according to an announcement made by officers Tuesday afternoon.

Men are requested to bring a good supply of pennies, and other small coins, as they will be asked to purchase pies brought by the ladies, at one cent for each pound of avoirdupois which pertains to the lady baking the pie purchased.

A group of students from Mrs. Lee Weathers' expression classes will give an entertainment program. Other features have also been planned. The entertainment program is made up of Joe Beard, L. F. Smith and O. R. Bolinger.

All members and their ladies are issued an invitation to attend the party this evening.

Tap dancers given by the University of California extension division were so popular with the feminine sex that male classes will be added.

ANNOUNCEMENTS

Lodge Notices
THE Rebecca Lodge meets every Thursday night, at 8 o'clock in the L. O. O. F. Hall. All visiting members are invited. Dr. Bennett's office, finder please return to Herald for reward.

Lost and Found 1
LOST: one pair of white gold rimmed glasses, Friday morning, between 411 Hill and Dr. Bennett's office; finder please return to Herald for reward.

Little Miss Hall Observes Birthday
Joella Hall, daughter of Mr. and Mrs. J. D. Hall Jr., 1405 Johnson street, observed her third birthday anniversary Monday afternoon with a tiny hot party in the home of her parents.

Children's games, featured by an Easter egg hunt, were the diversion of the young guests. A color scheme of pink and yellow was carried out in the birthday cake, ice cream and party favors which were individual pink candies in pink and yellow candy candle holders.

The little hostess received many gifts from her little guests. Those present were: Betty Fay and Barbara Collins, Nada Ruth Buffington, Jimmy Fay and Winnie Ruth Rogers, Bobby Caruth, Carl Crews, Jack Bobby Deen, and Louelle Wuche, Sarah Maude Johnson, Betty Ann Jeffers, Louise Eugene and Kenneth Thompson, J. C. and Goodrich Hejl of Midland, J. D. Crouch Jr., Billy Dunn, and Bobby James Hall.

WILLACOOCHIE, Ga. — By ukase of the city council of Willacoochie (pop 1211) it is unlawful for any male person to carry or go driving with any woman or girl between midnight and daylight unless good and sufficient reason can be given the city marshal.

ACTS LIKE IT WAS MADE FOR HER

SAN ANGELO LAUNDRY EMPLOYEE'S WIFE HAD BEEN ILL FOR WEEKS UNTIL SHE TOOK ORGATONE (ARGOTANE)

"This Orgatone (Argotane) acts just like it was made especially to fit my wife's case," said J. M. Gray, a well-known night watchman at the Troy Laundry, and who resides at 118 Allen street, San Angelo, Texas.

"The fact is, my wife hadn't seen a well day in some time," continued Mr. Gray, "and almost as soon as she started taking Orgatone it went right to the seat of her troubles and anybody could see that she was getting better. Her stomach had been giving her lots of trouble, she had no appetite, and she hardly ate enough to keep her on her feet. She was weak and nervous and all rundown, didn't rest well at night and would get up in the morning feeling tired out and not fit for a thing."

"Most everybody here seemed to be taking Orgatone (Argotane) for their troubles and I got some for my wife to take. She is just finishing another bottle and her appetite is better and she now eats a square meal and feels all right afterward. Her headaches are gone and her nerves are in better shape than they were before she began Orgatone. She rests better and gets up in the morning refreshed and feeling fine. I am surely glad we found Orgatone (Argotane) when we did, for it has done her more good than anything else she ever took before and we mean to stick to it from now on."

Genuine Argotane may be bought in Big Spring at the Cunningham & Phillips Drug Store.—adv.

Market Willing To Pay More For Longer Staple

WASHINGTON, March 25.—Studies now in progress in the Division of Cotton Marketing on the grade and staple of American cotton indicate that cotton growers are not now producing cotton of the various staple lengths in proportion to domestic consumption, says W. B. Lanham of the Bureau of Agricultural Economics, U. S. Department of Agriculture. They are producing a preponderance of the shorter staple lengths which, of necessity, compete with the short cotton produced in foreign countries, he says.

"American cotton farmers, like the producers of all other commodities, are presumably interested in growing the kind of cotton which they believe will return to them the greatest net profit. Since there is good mill demand for cotton around one inch in staple, it is reasonable to suppose that an increased production of these lengths would return enhanced profits to many growers."

Of the 14,187,000 bales of cotton which the Bureau of the Census reported as having been ginned from the crop of 1929-30, up to January 16, only about 1,650,000 were 1 to 1.32 inches in staple length, according to Mr. Lanham. If the staple lengths from 1.5 to 1.82 inches, inclusive, were grouped together, they would represent only about one-third of the entire production. More than half of all cotton produced was 7-8 of an inch or shorter. Inch cotton represented only a little more than half as much as did 1.3-1.6-inch cotton. It should be borne in mind, he says, that cotton less than 7-8 of an inch is not tenderable on future contracts.

"In considering the reduction of cotton production," Mr. Lanham asks, "should we not particularly stress the need for reduction of short-staple production?"

"It should be encouraging," he says, "to recall that production of cotton around an inch in length is not restricted to a few limited areas in the Cotton Belt. The studies by the Division of Cotton Marketing show that some inch cotton is being grown in practically all cotton growing sections. There must be, therefore, some other explanation for the production of such large quantities of short-staple cotton."

"Individual growers receive little encouragement to produce anything but the shortest cotton as long as buyers roughly average the grade and staple length and buy on this average. So long as this practice prevails, there is little hope that growers will plant varieties producing superior staples. They feel that very short-staple varieties produce more pounds of lint per acre than do varieties producing lint an inch or longer in staple."

"Buyers commonly pay for cotton on the basis of the average quality marketed at a given shipping point. Studies indicate that the average quality produced in that district. For instance, recent studies in Texas show that cotton produced at Henderson, Texas, averaged about 1-16 of an inch shorter than that produced at Hillboro, Texas. The average price received by the Henderson farmers was about \$5 per bale less than the price to Hillboro farmers."

At the present time, says Mr. Lanham, the difference in price between Middling 13-16 and Middling 1-inch cotton is \$5 to \$10 per bale on the spot market.

Republican Party To Produce Upheaval

PITTSBURGH, March 24 (AP)—While Secretary of the Treasury Andrew W. Mellon yesterday celebrated his seventy-fifth birthday quietly at his Pittsburgh residence, political intrigue was projected in a conference scheduled for tomorrow which might produce a startling shakeup in republican party plans for the May primaries.

The Post-Gazette Monday said it had learned of a proposal to be made at the conference of the interests of harmony between units of the republican party organization in Philadelphia and Allegheny county where Pittsburgh is located. Outstanding points of the proposal listed by the newspaper were: Retirement of United States Senator Joseph R. Grandy from the race for election to the senatorial post in favor of the man who appointed him, Governor John B. Fisher; withdrawal of the candi-

dates for the gubernatorial nomination of former state treasurer Samuel S. Lewis and of Francis Shunk Brown, Philadelphia, and substitution of Chief Justice Robert Von Schelsinger of the state supreme court.

Meat products turned out by California packers in 1929 were valued at \$125,000,000.

Robison Memorial Planned In Austin

SAN ANGELO, March 24 (AP)—A drive for a memorial in honor of the late J. T. Robison has been launched here and \$300 contributed toward the \$10,000 the Robison Memorial association expects to raise.

Sol Mayer, who resigned as president of the association because of the press of the business contributed the first \$100 and was followed by Robert Real of Kerrville and T. A. Kincaid of Ozona who each gave \$100.

W. F. Scarborough of Midland was chosen president to take the place of Mr. Mayer. Other officers elected were: H. M. Halbert of Sonora, first vice-president; Mr. Kincaid, second vice-president; John J. Means of Valentine, third vice-president; Roy E. Atwell of Sonora, treasurer; and Paul Vickers, of Midland, secretary.

A committee headed by Coke R. Stevenson of Junction, was appointed to obtain the location for the memorial on the capitol grounds at Austin.

J. T. Robison, state land commissioner for Texas for years, died recently.

THE new Conoco Germ-Processed Motor Oil is not only the fastest selling oil in Conoco history... it is establishing a new high mark in public acceptance... By a wholly new characteristic, Penetrative Lubricity, this motor oil is attracting motorists from other brands with a quickness unprecedented in the oil world... this would not be possible if this oil were not the finest and safest motor lubricant yet introduced.

It is the Germ Process which gives Conoco the essential points of superiority that make possible these things: 76% less motor wear; reduced carbon formation; lowered operating temperatures; greater gasoline mileage; resistance to dilution; and instant lubrication at the first touch of the starter.

The Germ Process adds to a supremely fine paraffin base oil, a precious oily essence lacking in all other oils. This makes possible the metal-penetrating safety factor that we call "Penetrative Lubricity." Try this new oil today... at the sign of the Red Triangle.

No Substitute For Tanlac

For Quick Relief of Stomach, Liver, Kidney and "Rheumatic" Troubles - Two of The Most Remarkable Endorsements Ever Given A Medicine

TANLAC WITHOUT EQUAL SAYS NURSE

Read this letter. It is one sent to us voluntarily by a practicing nurse, Mrs. B. Picard, whose advice anyone suffering from stomach troubles could well take.

"I have found Tanlac without equal as a remedy for stomach and liver troubles and I can certainly guarantee positive results in view of my long experience with this medicine. I had stomach troubles myself for years, could eat scarcely anything without suffering, never any appetite, always nervous and run-down. But as soon as I began Tanlac, it started to talk me right up. All stomach troubles were cured and never any pain, distress or constipation. Now I eat everything with perfect safety and with good results in less than 15 days. Tanlac is not a cost medicine. Every dollar is real value designed to do its part to make you well. Accept no substitute."

IN 21 DAYS KIDNEY-BLADDER, STOMACH TROUBLES END

Better by far than all the glowing promises in the world is the actual proof of what Tanlac has done for others who once suffered like you.

Mr. Charles L. Smith, a carpenter, suffered night and day for years until Tanlac got an end to it. He writes, "I was freed from a random condition for 2 1/2 years. I also had kidney and bladder troubles as well as indigestion and pain in stomach and side. My sleep was disturbed 4 or 5 times a night. I saw Tanlac advertised and decided to try it. I had taken 3 bottles of Tanlac, my kidney troubles and pains also disappeared and were cured. Tanlac gives results and does them quickly, for evidence is in it. It is a strong potent medicine. Get a bottle today at your drug store. Accept no substitute."

Remember May Promise But Tanlac Performs medicine that backs claims with a guarantee

Texas League Clubs Swinging Down Last Stretch

ROUTINE IS ON MENU IN LOOP CAMPS

Baltimore Exhibition Game With Dallas Is Not Impressive

(By The Associated Press) Swinging down the last stretch of training season, every baseball club in the Texas circuit settled to work today in anticipation of the season's opener three weeks hence.

With little on tap except routine, most of the teams cut their normal playing strength and most of the holdouts in camp, a short shrift of news came out of the camps.

One exhibition game was played, the Baltimore Orioles playing the second of a two game series with the Steers at Dallas. The Orioles took yesterday's exhibition, the score of 17 to 13 reflecting scant credit to either team.

President Fred Ankenman of the Houston Buffs had a conference with Corpus Christi fans on tap, fans in that section seeking a connection with the Buffs as a farm, in the proposed South Texas "D" circuit.

Ten runs made by the Fort Worth Cats in an exhibition with the T. C. U. squad added up to just nine more than the Christian Collegians could muster, and these nine were made off Buster Walker who held down the rubber for the Frogs in the first four rounds.

The Beaumont Exporters did a little practicing yesterday, between showers, making their workouts a sort of patchwork, running out on the field every time the sun decided to shine awhile.

Henry Richbourg, a boy that has developed in the springs overnight, is showing still further improvement and may make the boys forget about Buster Bell, the reactionist.

What is hoped to be the final organization meeting of the Big Spring city baseball league is scheduled Wednesday night.

Texas Girl Cage Team Advances In National Tourney

WICHITA, Kas., March 25 (AP)—Concluding first round games in the fourth annual National A. A. U. girls' basketball tournament are to be played here tonight with favorites expected to win.

The Sun Oilers, defending champions of Dallas, Texas, romped into the second round last night by virtue of a 49 to 6 victory over the Windblowns of Whitewater, Kas.

Other scores included: Wichita Wallensteins 52; American College, Omaha, 3.

Last Night's Fights

(By The Associated Press) NEW YORK—Johnny Risko, Cleveland, outpointed Victorio Campolo, Argentine, (10); Harry Smith, New York, and Frenchy Belanger, Winnipeg, drew, (10); Vincent Forgione, Philadelphia, knocked out Doc Conrad, Newark, N. J., (4).

BALTIMORE—Marty Gallagher, Washington, outpointed Al Friedman, Boston, (10).

ROCHESTER, N. Y.—Steve Halanko, Auburn, N. Y., outpointed Joe Gans, San Francisco, (8).

CHATTANOOGA, Tenn.—Warren Myers, Ohio, stopped Father Lumpkin, Florida, (6).

OMAHA, Neb.—Tony Herrera, Mexico, outpointed Tommy Horgan, Omaha, (10).

"MOTHER HUBBARD" LOOKS ON

Some one probably smacked a beautiful double, reminding Condie Mack and Bing Miller (1) of a similar hit from Bing's bat that won a world championship for the A's last fall. The scene is in Athletics' Fort Myers, Fla., training camp. Roger Cramer, (2), hard-hitting rookie infielder, figures extensively in Condie's plans, as does Jim Keesey (3), first baseman, who should prove a capable under-study to Jimmy Fox.

Walter Simmons, Brother of Famous Al, Showing With Cleveland Tribe

NEW YORK, March 25 (AP)—Walter Simmons is convincing observers of the Indians that he is on his way to emulating his big brother, Al, of the Athletics. Walter has the same stance, the same grip, and, in training camp at least, the same knack of crashing the ball. Two years in the minors, and the younger Simmons is expected to live up to his brother's description as "the second best foot-in-the-bucket hitter in the United States."

Rained out two days in succession, the Detroit Tigers hoped for better luck today as they prepared to meet the Toronto International League club in an exhibition game.

Manager Stanley Harris has been taking advantage of the rainy days to study the players he has in camp at Tampa, and the result is he has decided to send down four of them before starting for Detroit, where the Tigers open April 15.

Frank Barnes, pitcher, will be sent to Toledo, John Prudhomme, pitcher, to Toronto; William Steinecke, catcher, to Beaumont, Texas, and Charles Staples, pitcher, to Evansville, Ind.

Four Selected Eliminating the "Ifs and Buts," Manager Gabby Street has decided on the four hurlers who will deliver a pennant for the St. Louis Cardinals. He named Bill Hallahan, Al Grabowski, Flint Rhem and Syl Johnson, as being capable of delivering 17 victories each to say nothing of such mountaineers as Sherdel, Haines, Mitchell, Frank House and Ethel.

The batting order of the St. Louis Browns is already worrying Manager Bill Killefer who is undecided where Melillo will finally land. Should O'Rourke capture the third base job, the red-haired Italian will move down the batting order to take advantage of his ability to drive in runs, but should Sammy Hale oust O'Rourke then the Chicago boy will remain second up.

Pirates Ready The Pittsburgh Pirates are believed by Manager Jewel Ems to be in such good shape he has cancelled further morning workouts. George Grantham's bat is looking bigger to the pitchers every time the second baseman comes up. Yesterday his homerun out of the park beat Oakland.

Manager Donie Bush, of the Chicago White Sox, has decided who will be starting pitchers during the impending American League campaign, and is working on his selection of "extras." Red Faber, Al Thomas, Ted Lyons, Dutch Henry and Hal McKain, are Bush's first pick, with Pat Casaway, Ed Walsh, Jr., Bob Weiland and Ted Blankenship the most prominent of the other hurrying candidates.

NEW YORK—Barney Oldfield, who has been living in New York for six weeks, plans to return in May to Hollywood, though he rented his apartment there to Constantine Talmadge. "California is the only place to live," he explained.

Ninety-eight men were hurt during the raising of two buildings in New York.

DECISION FOR RISKO BOOED BY EXPERTS

Referee Donovan Casts Deciding Ballot For Baker Boy

By ALAN GOULD Associated Press Sports Editor NEW YORK, March 25 (AP)—Whether or not he ever climbs very high on the heavyweight championship ladder, Johnny Risko still is the giant-killer of the prize ring. Nevertheless, in the main event of a benefit card at Madison Square Garden last night, the Cleveland baker-boy needed some assistance on the occasion to take a close decision from his big Argentine rival, Victorio Campolo.

Risko, in a somewhat riotous finish to the job he began less than a month ago under the mellow moon of Miami, was given an unpopular victory over Campolo after ten bruising rounds. The Argentine, to a vast majority of experts as well as spectators, appeared to have a substantial margin on points. But the chunky Cleveland clouter gained the official verdict on a 2 to 1 ballot.

Referee Arthur Donovan decided the issue by voting for Risko. The two judges split, Charles F. Mathison voting for Campolo and George Patrick for Risko.

A crowd of 11,000 booted the verdict, even though it appeared a matter of poetic justice in behalf of Risko. At Miami Johnny got only a draw, after appearing to have piled up a big lead on points. Last night Campolo manifested improvement, took the lead at the outset and seemed to have a comfortable margin in spite of repeated warnings from the referee for illegal backhand chops or rabbit punches in the region of Risko's ear and neck.

\$31,372,250 Collected WASHINGTON, March 25 (AP)—The treasury said today that income tax collections as of March 21, amounted to \$31,372,250 a drop of \$15,955,861 as compared to the same day last year.

Bids On Ector and Andrews Tracts Offered by Texas University Will Be Opened by Lease Board March 29

Sealed competitive bids on two tracts in Ector county and eight tracts in Andrews county will be received until Saturday, March 29, by the board for the lease of University lands, according to decision reached by the board last session at Austin last Wednesday. The bids will be opened at 10 o'clock on the morning of March 29 at the general land office in Austin, the board reserving the right to reject all proposals.

The two tracts offered in Ector county, although less than three months old has six oil producers, a gas and 27 drilling operations, tests in various stages of preparing to spud or locations. Both tracts offer leases on which production has been obtained. One is the south half of the northwest quarter of section 2, block 35, adjoining on the west the south half of the northeast quarter of section 2, on which Cosden's No. 1-B University, a producer, is located.

Other Ector tract offered in the north half of the north half of section 2, block 35. The north half of the north half of the section is owned by Landreth and in the southeast corner of it is Landreth's No. 2-T University, sixth and latest producer in the pool, marking a south extension of one mile, less one location.

On the tracts in Ector county the University Board has fixed a minimum annual rental of not less than \$1 per acre and a royalty of not less than 1-8 of the gross production of oil and a royalty of not less than 1-8 of the dry gas, casinghead gas and residue gas. The eight tracts offered in Andrews county tracts offered shrduteain county constitute wildcat acreage and on them the University has fixed a minimum annual rental of not less than 50c an acre and a royalty of not less than 1-8 of the

Lamesa To Hold Cattle Exhibit

LAMESA, March 25.—An exhibit of show cattle and circle bulls will be held in connection with the three day dairy short course to be held here April 1, 2 and 3, according to W. W. Evans, county agent, who is directing the arrangements for the course being sponsored by a number of Dawson county citizens.

Better dairy methods, results accomplished and planting more feed crops for feeding cattle at home will be emphasized during the educational course. The program will treat such subjects as feeding, breeding dairy cattle and manufacturing dairy products. A register of merit bull was received this week from the noted Falfurrias Jersey farm, a gift to the course from Ed C. Lassater. This bull will be given to some community in this section along with eight Jersey heifers during the short course.

Dairy specialists and animal husbandmen who have accepted places on the program are D. T. Simonds, secretary of the Texas Jersey cattle club; S. C. Evans and J. L. Thomas, Texas A&M extension service representatives; K. M. Reener, of the dairy manufacturing department of the Texas Technological college at Lubbock; D. F. Eaton, county agent of Lubbock county; Roy Davis of Brownfield and other county agents from nearby South Plains counties.

Why Folks Stay Fat

Not always because of over-eating, but because a gland is weak. That gland largely controls nutrition. When it is weak one may nearly starve, yet stay fat. Modern physicians the world over now combat this great cause of obesity. And excess fat, in late years, has been disappearing fast. Marmola's prescription tablets contain the chief factors which they use. People have used them for 22 years—millions of boxes of them. And countless slender figures everywhere now show the amazing effects. Go try this right method to reduce, stop starving. Read the book! The box with the formula and reasons, ask your druggist today for a \$1 box of Marmola's and watch the change. (Advertisement)

Carnera Favored Over Trafton In Kansas City Ring

KANSAS CITY, March 25 (AP)—A heavy favorite, Primo Carnera, 270 pound man mountain from Italy, tonight will enter the ring here for a 10-round bout with George Trafton, former Chicago football professional.

Walter Eckersall Dies In Chicago

CHICAGO, March 25 (AP)—American amateur sport mourned today the death of one of its greatest figures, Walter Herbert Eckersall. The heart which powered his 145-pound body through four years of football on Amos Alonzo Stagg's 1903-4-5-6 University of Chicago teams, yesterday gave up a several months' struggle against illness and sadness caused by the death of his mother last fall while he was serving as an official in the Army-Notre Dame football game in New York.

EFFECTIVE RELIEF FOR WIDESPREAD ILL

Millions Enjoy It as Daily Diet

Constipation is an ancient ill. Modern diets with their soft foods have caused it to become about the most common ailment known to mankind. Lack of roughage in the diet is usually the cause. Add bulk to the diet and constipation disappears.

Kellogg's ALL-BRAN is bulk. Millions now eat it regularly. They are no longer subject to the evils of this dreaded disease, which is the source of many other physical ailments.

Use Kellogg's ALL-BRAN and it will never be necessary again to take pills and drugs that often create dangerous habits. Two tablespoons daily will prevent and relieve constipation—in recurring cases, with every meal. Kellogg's ALL-BRAN is delicious—and effective! Your grocer has ALL-BRAN in the red-and-green package. Made by Kellogg in Battle Creek.

Only Weighed 85 Lbs., Program Being Gains 15 Pounds Arranged For Open Meeting

MRS. REBECCA WALKER

"I only weighed 85 pounds when I started taking Sargon. Six bottles of this wonderful medicine increased my weight fifteen pounds, and I don't feel like the same woman. I suffered so with stomach trouble that I even thought I would be better off dead. I was so weak I could hardly get about. Sargon Soft Mass Pills entirely rid me of constipation. I believe this wonderful treatment saved my life." Mrs. Rebecca Walker, Elwood, Kans.

Many who wisely put Sargon to the test express amazement at the speed and thoroughness with which it goes to the very source of their ailments.

Program Being Arranged For Open Meeting

Details of the program for the Chamber of Commerce open meeting to be held Friday night were to be arranged at a meeting of the committee Tuesday afternoon. Carl Nicolson, division manager of the Texas Electric Service Company, is to be chairman of the open meeting and Ollie H. Webb, assistant to the president of the Texas and Pacific Railroad Company, has accepted the invitation to speak before the gathering. Members of the program committee who are arranging other features for the meeting Friday night are Mrs. W. A. Earnest, Ralph Linek, M. Wentz and J. E. Kuykendall.

is required by the constitution of the United States for the purpose of determining the representation of the several states in the House of Representatives, and whereas it is of the utmost importance to the interest of all of the people of the United States that this Census should be a complete and accurate report of the population and resources of the nation, I do hereby declare and make known that, under the law aforesaid, it is the duty of every person to answer all questions on the Census schedule applying to him or his family, and all other Census schedules as required by law, and that any person refusing to do so is subject to penalty.

E. E. Clayton of Amarillo was a visitor in Big Spring Sunday.

Baptist Circle Sessions Held Monday In Members' Homes

The Women's Missionary society of the First Baptist church met in regular circle sessions in homes of members Monday afternoon. The East circle met with Mrs. R. V. Jones on Nolan street for a business meeting and study on "Famous Women of the Bible" which was led by Mrs. Jones, Mrs. R. C. Hatch led the opening prayer. Delicious refreshments were served to: Meadames R. C. Hatch, J. S. Austin, E. Orr, John Orr, L. M. Gary, E. C. Mauphin, E. F. Williamson, W. W. Grant, J. T. Dodge, Miss Ozella Orr, and the hostess.

Mrs. B. F. Robbins was hostess to the Central circle in her home in the Alta Vista apartments. Mrs. F. F. Gary opened the meeting with a devotional and Mrs. Clyde Hutchens led the lesson from the last chapters of the study text "Stewardship in the Lives of Women." Delicious refreshments were served to the following ladies: Meadames F. F. Gary, John Woodley, Jess Slaughter, J. T. Mercer, Clifford Hurt, J. C. Douglass, Travis Reed, Clyde Hutchens and K. S. Beckett.

The Lucille Reagan circle met with Mrs. G. H. Hayward on Johnson street with Mrs. Robert T. Piner in charge of the lesson. Mrs. S. E. Gee led the prayer and Mrs. L. A. Cone took over the lesson for the afternoon on the subject "Things We Should Know." At the close of the afternoon refreshments were served by the hostess to Meadames J. D. Boykin, Robert T. Piner, M. L. Tinsley, S. C. Bennett, R. C. Pyeatt, J. H. Harper, Gee, C. C. Coffee, Sidney Woods, Carlton Sewell, W. D. Cornelson, W. A. Bass, C. G. Glascock and W. R. Douglass. Mrs. W. B. Buchanan entertained

the West circle in a Bible study session. Mrs. C. B. Holmes was in charge of the study hour which was opened with a prayer by the hostess. Mrs. B. Reagan gave the closing prayer.

Refreshments were served to the following members: Meadames R. A. Parker, T. C. Tucker, J. A. Boykin, Harry Stalcup, H. H. Squires, Olin Hull, C. S. Holmes, C. O. Murphy, B. Reagan, and M. H. Cravens. Mrs. Harry Lester and Mrs. Mack Pardue had charge of the Subban Band which met at 4 o'clock with 28 members present for the lesson.

Drilling Fails To Better Well For Group One

Deepening from 2,302 to 2,309 feet Monday afternoon failed to improve Group One Oil Corporation-Continental Oil Company's No. 1 Hart Phillips, according to reports received in Big Spring Tuesday morning which gave the well's swabbing rate at 33 barrels hourly. During a five hour swabbing test late last week, the well produced at the average rate of 37 barrels hourly, it was reported. What portion of that amount had accumulated during the time pay was being drilled is not known, but apparently some of the oil resulted from flush conditions.

Group One-Continental prepared to deepen the well still more Tuesday, but drilling will be continued slow, operators stated.

No. 1 Phillips is 330 feet from the north line and 990 feet from the west line of section 24, block 33, township 2 south, T&P Ry. Co., survey and is a south offset to Schermerhorn Oil Company's No. 3 Kloh, Rumsey and Abrams, which was drilling in pay at a total depth of 2,280 feet Monday morning. Pay was topped at 2,117 feet in Group One-Continental's No. 1 Phillips and at 2,120 feet in Schermerhorn's No. 3 Kloh, Rumsey and Abrams. Second pay was topped at 2,285 feet in No. 1 Phillips, but had not been reached at 2,280 feet in Schermerhorn's test when the last report was received.

What is rightfully claimed the "king of sports" is whale hunting aboard a regulation killer boat. These boats are made in Norway, are constructed of steel and range in length from 65 to 80 feet. They are especially equipped for their one and only purpose—the killing and capturing of whales. Every one of the crew is on "his toes," waiting and watching for the whale to spout. After he "blows," the gunner and captain begin to maneuver the boat, and try to outguess Mr. Whale.

Whales are crafty and oftentimes succeed in getting out of range for the rest of the day. In fact the one to be shown on the spur track west of Oil Well Supply Co., on Bankhead Highway two days beginning Saturday, March 26, gave the killers an all-day chase before she was harpooned. These harpoons are also the product of Norway, and weigh about 150 pounds. They are secured to more than 4000 feet of the finest manila hause and fired from a special cannon mounted on the bow of the boat. The end of the hause is made fast to gigantic steam winches, which are handled much the same as a smaller reel, letting out and then taking up the slack until the whale is exhausted. The 60-ton whale, together with her baby whale, that will be shown in Big Spring beginning Saturday, March 26, were captured hundred miles off Avalon Bay. They are carried in a special steel railroad car and are considered the best specimens ever placed on exhibition.

WASHINGTON—A certain pastime in Spain, in the words of Julius Klein, assistant secretary of commerce, arouses passionate enthusiasm, and the many contests attract vast outpouring of people. Bullfights? No! Soccer.

Dan Wade, who received treatment in a local hospital Monday evening for burns, has been dismissed from the hospital.

Miss Johnson Becomes Bride Of Mr. Porter

Miss Bernice Johnson, daughter of Mr. and Mrs. C. E. Johnson of 511 Bell street, became the bride of A. A. Porter, in a home wedding in the home of the bride's sister, Mrs. Herbert Johnson, 1800 Johnson street, Saturday evening. Rev. W. G. Bailey, pastor of the Methodist church, performed the riting ceremony. Only relatives witnessed the ceremony.

Mr. Porter is a clerk in the post office while Mrs. Porter has been employed in the offices of the Texas and Pacific Railway. The bridegroom is the son of Mrs. Mollie S. Johnson of 607 Johnson street.

Mr. and Mrs. Porter will make their home on Nolan street. Mrs. Porter was surprised by friends Monday evening with a miscellaneous shower when an array of beautiful gifts were presented her at the home of Miss Miriam Kennedy. Miss Ruth Rutherford was joint hostess with Miss Kennedy in the jolly event.

Delicious refreshments were served at the close of the evening to the following guests: Meadames C. E. Johnson, Leta Miller, Edmund Notestine, Felton Johnson, Ben Miller, John Porter, Willis Crenshaw, Robert Parks, Hayden Griffith, Jack Johnson, Josh Johnson, W. A. Reynolds, Wasson, N. R. Smith, F. P. Kennedy, and Misses Letha Whitmore, Mary Alice Leslie, Marie Paulson, Emily Bradley, Elizabeth Owen, Helen Hayden, Audrey Phillips, Irene Knuss, Vallia True, Jennie Lucille Kennedy, Dorothy Mae Miller, while gifts were sent by Misses Grace and Frances Sullivan, Anna Mae Freeman, Vesta Mosteller and Mrs. Florence McNew.

MRS. HUBB DIGGS BURNED BY EXPLODING STOVE

FORT WORTH, March 25 (AP)—Mrs. Hub Diggs was burned seriously today when a gasoline stove exploded in a Lake Worth camp.

Diggs received painful burns on the hands and arms when he beat out the flames that enveloped his wife.

The Diggs camp was burned to the ground. The explosion occurred in the bedroom of the camp when Mrs. Diggs attempted to light the stove.
