35TH YEAR, NO. 19

HEREFORD, DEAF SMITH COUNTY, TEXAS, THURSDAY, MAY 28, 1925

## MEETING OF HIWAY MEN AT DIMMITT

Secretary E. C. Eubanks of Hereford states that the annual meeting of the Texas-New Mexico Highway Association will be held in Dimmitt June 8. This route runs from Plainview through Dimmitt, Hereford, Grady and Tucumcari, N. M., into the Taos Mountains of New Mexico, national playground. Large delegations from the Texas towns, with good representation from the New Mexico points are looked for at the convention.

Luncheon will be prepared by the reception committee of the Castro Chamber of Commerce to serve those present. Dimmitt is expecting to lend every effort to create interest in this road. Over 200 visitors are expected to attend the meeting.

## DETAILED PLANS BEGUN FOR BIG COUNTY FAIR THIS FALL

Before Secretary Moss left Wednesday morning he held a conference with the County Fair committee at the office of the committee secretary, J. B. Elliston, where detailed plans were begun for a cracker-jack County Fair this fall and for the collection of exhibits at Amarillo and Dallas. There are a world of details to be worked out yet but the committee is on the job and will be ready to make a preliminary report soon, it is believed.

## New High School Site Being Cleared For Building

Work of clearing away the improvements on the Mounts site, purchased by the trustees of the Hereford Independent school district upon which to erect the new high school building, is proceeding as rapidly as possible, and the contractor will soon be able to get down to real work on the new structure. It is understood that J. W. Alexander, whose property adjoins the site on the east, has purchased all the old Mounts improvements and is moving them onto a portion of his own ground nearby.

The bonds have been approved by the attorney general and President Ireland of the school board states that he knows of no reason why the money should not be available within a few days with clear sailing ahead on the new building.

## PRESBYTERIANS HOLDING MEETINGS AT CHURCH THIS WEEK

The Rev. James T. Ross, Presbyterian minister now stationed at Stephenville, Texas, will preach at the local Presbyterian church Thursday, Friday and Saturday nights, and on next Sunday. All members of the church and the general public are invited to attend these services and meet the visitor.

Rev. Ross comes here with the view of looking over the Hereford field and to give the membership of the church an opportunity to form their opinion of him as a possible candidate for the pulpit, now vacant.

## FORMER BRAND FOREMAN IN HEREFORD LAST FRIDAY

Eagle Henderson, former citizen of Hereford and foreman of the Brand, now of Portales, N. M., passed through town last Friday enroute home from Amarillo, where his mother, Mrs. James P. Henderson, died Wednesday, May 20. She was buried in Amarillo Thursday. She is survived by her husband, five boys and two girls. She was 74 years of age. Her husband is living in Amarillo, where he has a daughter.

Mrs. Henderson's father was Jacob Buttram, pioneer settler of Deaf Smith county, will be remembered by old timers here. He came here about 1890 and at first settled at Old LaPlatta. When the county site was moved to Hereford he moved here also. He died about 1904 and is buried in the Hereford cemetery.

Miss Kathleen Hawkins returned on Thursday afternoon from Sherman, Texas, where she attended Kid Kee.

## Judge Alden Was Appreciated by Diners Monday

A crowd that overflowed the capacity of the Stockman's Cafe Monday at the Chamber of Commerce luncheon had the rare privilege of hearing a short address from Judge Geo. D. Alden of Boston, Mass., Chautauqua lecturer, who had just arrived for his lecture Monday night. Judge Alden held his audience spell-bound with his stories and a humorous account of how his life's course was changed at the age of twenty two by an original poem he composed. He dwelt upon the spirit of hospitality and boost in communities in the West as compared with the East, and left his hearers in keen anticipation of the treat in store for them at night.

President Black stated that secretary Moss desired to attend the annual meeting of state secretaries to be held at Marlin, Texas, May 28-30, and asked leave of absence, which was granted. W. E. Dameron, chairman of the hotel committee, discussed two projects which had been considered by the committee. He said he believed the time was now ripe for this project and urged consideration of it by the citizens. On motion of Geo. L. Muse the committee was continued and asked to work out a feasible plan of action. Secretary J. B. Elliston of the County Fair committee announced a meeting of the committee at his office at 5:00 p. m. He said the dates for the fair would have to be set soon, and that details of cash prizes to be offered would also have to be considered. President Black announced that the railroad meeting scheduled for Monday afternoon had been postponed because the chairman, D. L. McDonald, had been suddenly called out of town. The meeting closed with an appeal from Mr. Elliston for every business man in town to help the secretary with items of news that might be used for publicity purposes. Next week the meeting will be held at the City Cafe.

## Star Theatre is Sold; Big Film Opens on Friday

Beginning with Friday night's show the Star Theatre will be operated under new management. Geo. B. Overton, who has been proprietor of the play house for something over two years, has disposed of his interests to W. L. Pickett of Dimmitt, and the new manager will have charge with Friday night's picture.

It is understood that Mr. Overton will concentrate on his work at Coleman, Texas, where he and W. C. (Dubs) Pitman are operating a Merchants Bureau similar to the campaign put on here last year. Theatre patrons of Hereford will regret to see him leave, as he has undoubtedly given Hereford the best grade of picture shows the town has ever enjoyed. Mr. Overton was also engaged for several months last year in the capacity of secretary of the Hereford Chamber of Commerce.

Mr. Pickett was for two terms county clerk of Castro county and comes with the reputation of being an enterprising and up-to-date young business man in every sense of the word. He is beginning his new work with the presentation of a great picture Friday and Saturday of this week, the comedy sensation "Charley's Aunt," with Syd Chaplin in the title role. This new film star is a brother of the famous Charlie Chaplin.

"Charley's Aunt" probably holds more records for long-distance running on the stage than anything outside of "Uncle Tom's Cabin." The farce was written by Brandon Thomas and first produced in England in 1892. The remarkable thing about the play was the fact that it has run continuously for the last thirty-three years and still shows evidence of going strong.

"Charley's Aunt" is also credited with being the funniest play ever written, and in making the picture the producers have designed the scenario to keep all of the biggest laughing sequences in the play intact. Syd Chaplin plays the title role of "Charley's Aunt" from Brazil where nuts come from" and he is said to do the best work of his career.

## SUCCESSFUL CHAUTAUQUA CLOSES AFTER A WEEK OF ENTERTAINMENT AND PROFIT

The 1925 chautauqua passed into history Wednesday night after a week of instruction, information, music and fun. The general consensus of opinion seems to be that this program was fully on a par with any heretofore presented in Hereford. And, for the second time in the history of the chautauqua here, the sale of tickets actually exceeded the guarantee by a few dollars, leaving only a small expense account to be taken care of.

There was a better organization this year than usual, the town was more thoroughly canvassed, and great credit is due the faithful workers who never gave up the ship but fought it through to a successful conclusion. The chautauqua people themselves gave more aid to the local committee this year than ever before, and it showed in the finals. Credit is due superintendent Driscoll and Miss Batey, junior leader, for untiring efforts and courtesies during the week.

The average of the daily crowds at the two performances was higher in point of numbers, too, than in recent years. The program gave something for every taste and while some people did not like the lectures they almost invariably found interesting entertainment in other program features, and

vice versa. Of the lectures the appearance of Governor Bryan of Nebraska was perhaps the outstanding attraction, although everybody enjoyed Herbert Leon Cope, the humorist, on the first night and Judge Geo. D. Alden Monday night. The two plays drew immense crowds and much sincere praise and there is no doubt but that Mr. Warner struck a popular cord in their presentation. The Guatemalan Band, a distinct musical novelty, pleased the audiences with its Spanish music and melody and its popular music of the times, more understandable than classical music by the average American audience. The Shapiro Quartette and Stratford Trio also came in for commendatory mention.

The chautauqua is an institution that has grown in popularity with American audiences over the years, and its wealth of information, entertainment can be obtained by the average small town in no other way. Its manifest effect upon community life and thought has been so impressed upon the thinking men and women of this community that there is little doubt that the big tent is thoroughly established as a permanent annual investment in the hearts and activities of the people of Hereford.

## I. O. O. F. to Observe Memorial Day Next Sunday

Next Sunday, May 31, has been designated as Memorial Day by the I. O. O. F. and Rebekah lodges of Texas and the local organizations are planning to fittingly observe the occasion. Members of the lodge have been notified to meet at the hall at 3:00 p. m., and ceremonies at the Hereford cemetery will begin at 4:00 o'clock. The graves of all Odd Fellows and Rebekahs will be decorated. Following the lodge ceremonies the Rev. W. M. Hill of the Baptist church will close the day's observance.

## UNUSUAL NUMBER OF SICK

There has been an unusual number of sick people in the community the past few days, although all are reported as improved Thursday. The list includes Carl Cockrell, C. O. Lee, J. O. Newell and Buford Farmer.

## Railroad Meeting is Postponed For Time Being

The railroad meeting announced for last Monday afternoon was postponed on account of the unavoidable absence of D. L. McDonald, chairman of the committee in charge. Mr. McDonald states that he will issue a call for another meeting in the near future.

## MASONIC HOME BOYS' BAND TO VISIT HEREFORD TUESDAY

A special meeting of the Masonic lodge was scheduled for Thursday night when plans were to be laid for the reception of the Masonic Home Boys' Band, scheduled to arrive here Tuesday, June 9, for concerts and conferences with the local Masons during the afternoon. Cars will be provided to take the boys to their next stop. It is understood that Canyon will relay them to Hereford Tuesday morning.

## Carl Wins Suit Against Owners of Sanitarium

An unusually interesting case in district court Wednesday and Thursday of this week affected over sixty of Hereford's business men and was followed closely through its course by a large audience. The case was that styled C. H. Carl vs. O. M. Shore et als. It was the final termination, unless the case should be appealed, of the old Hereford Sanitarium matter.

Sixty three business men chipped in \$100 each several years ago and purchased from Mr. Carl the large house just west of Jones & McLean's Grain store and established therein a sanitarium for the care of the county's sick. The property was bought for \$5,000, \$2,000 cash and the balance in notes. The institution never paid and the suit grew out of misunderstandings over the terms of the agreement. The legal point at issue was whether or not the stock holders are personally liable for the difference between the amount paid on the property and the agreed purchase price, and interest. The defendants maintained that there had been an agreement that there would be no personal liability while the plaintiff took the opposite view. This point was submitted to the jury, who found in favor of Mr. Carl. Should the judgment be settled with this trial, and not appealed, it is understood that Mr. Carl will first have to sell the sanitarium property and if it fails to bring the amount of the judgment then the stockholders will have to pay the difference.

Other cases disposed of since last Thursday include:

Swift & Henry vs. Mrs. Nannie E. Mounts et al, suit on notes, judgment for defendant; P. W. Price et al vs. D. L. McDonald, suit on commission, judgment for plaintiff; State of Texas vs. Albert Hammer, manufacturing intoxicating liquor, verdict of five years in the penitentiary, with suspended sentence; J. P. Collins vs. E. C. Underwood et als, judgment for plaintiff; State of Texas vs. Albert Fallwell, unlawfully transporting intoxicating liquor, verdict of not guilty; International Harvester Co. vs. C. C. Bowman et al, judgment for plaintiff; State of Texas vs. D. F. Jones et al, order quashing citation of defendants Pitman and Cunningham; C. H. Carl vs. O. M. Shore et als, on trial.

Andrew Pinnell, who has been located in Hereford some time now as apprentice operator, is leaving the latter part of the week for Willard, N. M., where he will visit for a while before going to school in Topeka, Kansas, where he is to study telegraphy.

## GOOD RAINS INSURE FINE CROP YEAR

Two slow rains, the kind that soak in and do the most good, followed by calm, cloudy weather, has been the good fortune of this section of the world since last week. On Sunday night rain started, falling shortly after dark and continued most of the night. A strip of country beginning slightly west of town and extending to Dawn received perhaps the lightest rainfall of any section affected, the official gauge showing only three tenths of an inch here. But in nearly every direction the precipitation was much heavier, ranging from a half to two inches in spots. It is understood that the Clovis, N. M., country and a strip on north and west to Tucumcari did not get this rain, but in nearly every other section of the Texas Panhandle the welcome moisture was received.

Thursday morning, May 28, a drizzling rain fell from about two a. m. to daylight, measuring one tenth of an inch. Thursday the clouds still threatened all day with bright prospects of additional moisture.

Farmers are busy planting and grass, garden stuff and weeds are literally springing out of the ground. Crop prospects are excellent and the tension has been lifted to the vanishing point. More rain would not hurt a bit and will be welcomed, but enough has fallen so far to reveal that silver lining and to hold out a brilliant promise of a banner cotton and row crop year.

## George A. Stambaugh, Pioneer, Died Here Monday

The thinning ranks of Hereford's pioneers were further depleted on Monday, May 25, by the death of George A. Stambaugh, veteran merchant, who succumbed to pneumonia after an illness extending over ten days of two weeks. Funeral services were held at the First Christian church Tuesday afternoon at 3:00 o'clock, conducted by Rev. Fred W. O'Malley of Amarillo, and burial took place at the Hereford cemetery.

Mr. Stambaugh was 61 years of age. He is survived by his wife and one son, George Vivian Stambaugh, two brothers, Ollie and Willie Stambaugh of Celina, Texas, and two sisters, Mrs. A. E. London of Beeville, Texas, and Mrs. Joel Eiler of Clovis, N. M. The son, Geo. V., who recently graduated at the University of Southern California, arrived Tuesday in time for the funeral. Other relatives present were Walter and Boyd London, nephews of Hereford, D. and Earl Stambaugh, Mary Ellen and Iva Stambaugh of Celina, niece and nephews.

Deceased was born April 1, 1864, in Collin county, Texas, where he lived until he moved to Claude in 1898. He also resided a few months at Clarendon. He was married December 27, 1894, to Miss Inez I. Harris. He removed to Hereford in 1898.

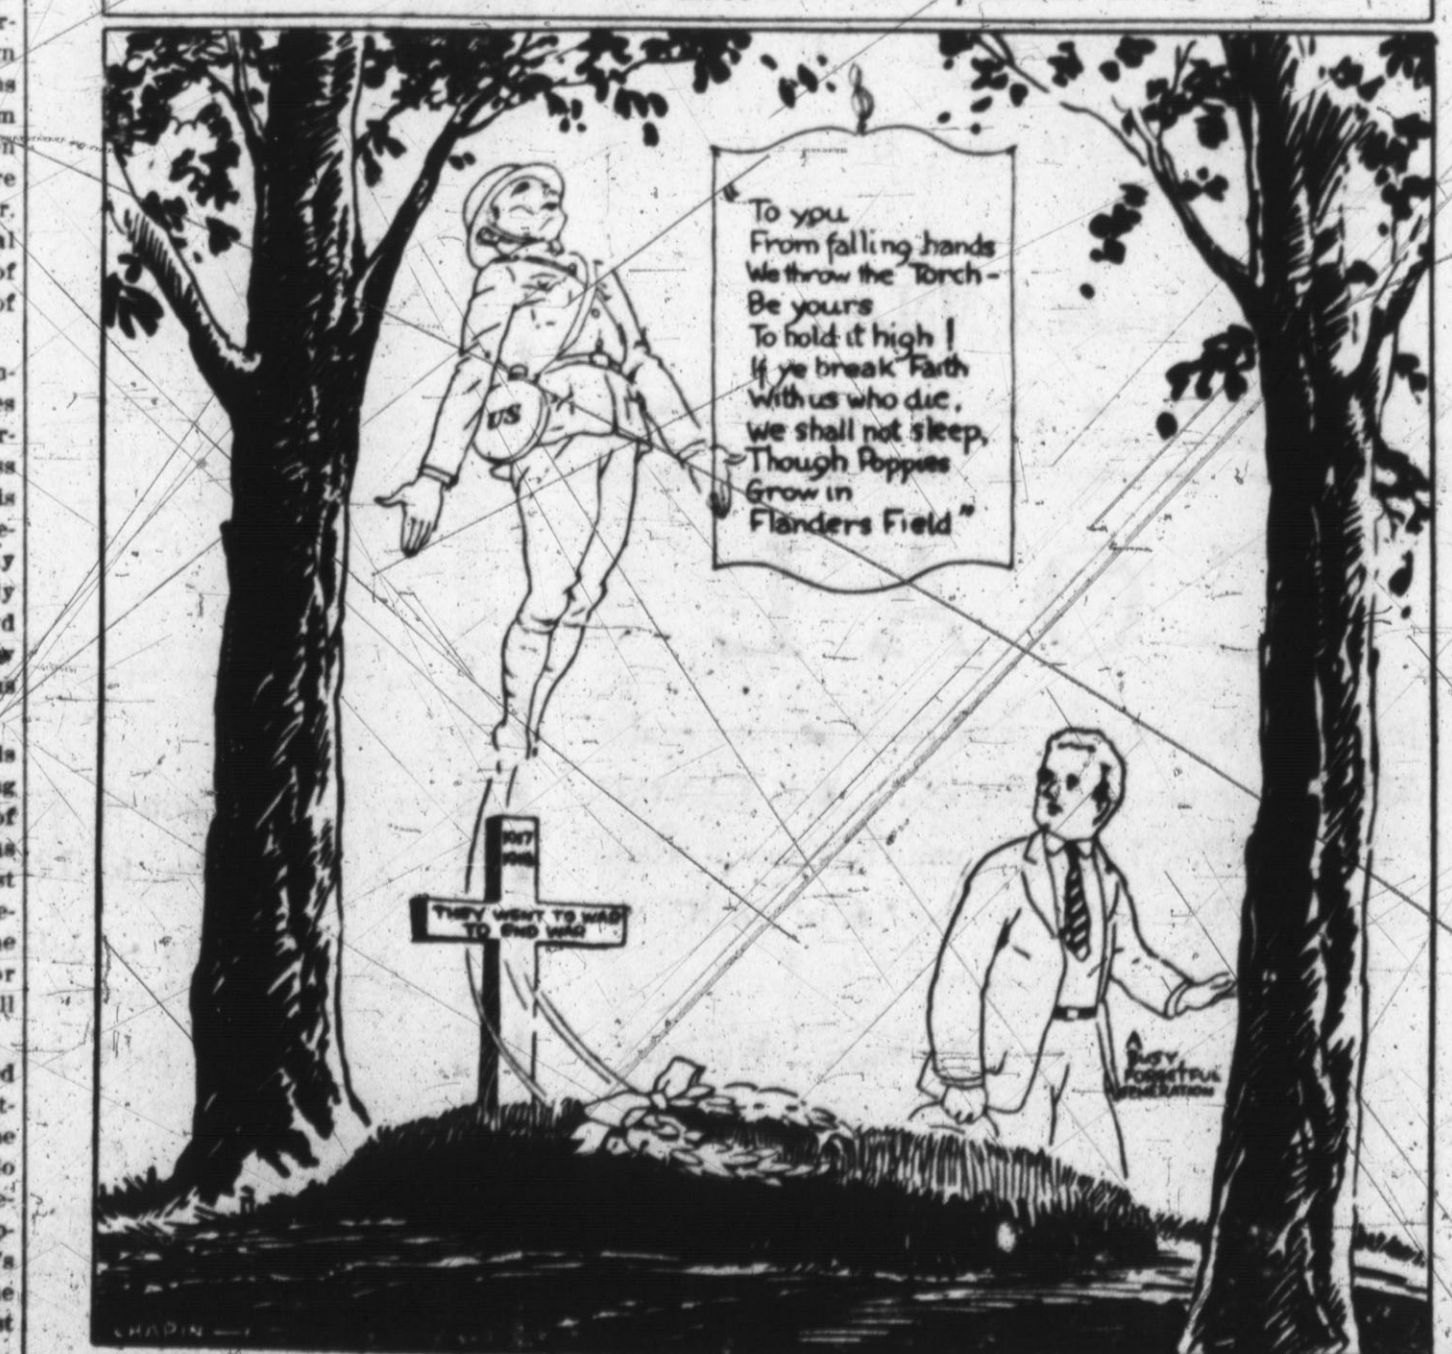

After deciding upon Hereford as his home he bought land and built the home which the family still occupies. He was engaged in the coal and grain business with the father of John Patton, a Mr. Garner and A. J. Lipscomb as partners, but after four or five years they sold out. He then purchased the old Smith-Walker business located on the site of the present Stambaugh store, and outside of one year spent in California has been continually in the general merchandise business here ever since.

Mr. Stambaugh had the distinction of being perhaps the second merchant to do business here, D. R. Gass being the first beyond question. Mr. Stambaugh was an active member of the Christian church all his life and was affiliated with the local lodge of Odd Fellows. His death is a blow to a wide circle of friends in this section of the Plains.

Clyde Gregg returned to Amarillo Sunday afternoon after spending the day at home with his father and sisters. Mr. Gregg was on his way back to the home office after a business trip in New Mexico.

## A THOUGHT FOR MEMORIAL DAY—Have We Kept Faith?

By A. B. CHAPIN

# In Confidence

Readers desiring a personal reply can address Miss Flo, in care of this newspaper

## IN CASE OF LOTS OF LOVE AND LITTLE CASH

Dear Miss Flo:

I have been going with a wonderful girl for almost two years. While we have often talked of marriage, I have hesitated at an immediate wedding. Consequently she believes that I do not love her—that I am playing with her. The fact of the matter is, I am not sure of myself. I am not sure that I can support a wife, because my salary is quite small. We have never talked over the financial end of the subject, so I don't suppose my sweetheart has the slightest idea of how very small my salary is. I have tried several times to tell her, but somehow my courage always fails me. I may be rather sentimental, but it seems to me the question of money should never enter into the question of love. Then, too, if she knows how darn small my salary really is, I am afraid she will want to break off. She has a very good position and while I do not know just what her salary is, I do know that she always buys the best of everything. Therefore, I am quite sure that I could not support her and keep a home on my earnings. That is, I couldn't support her as well as she is supporting herself. When I tell her that we cannot get married for at least another year or two, she tells me that if I love her, I wouldn't want to wait. I don't want to, but what is a fellow going to do?

H. H.

Well, H. H., you do have your troubles, don't you? and of course, the only thing for you to do is to talk things over with this wonderful girl. If she is as wonderful as you think, and she is, I am sure she will understand and perhaps if she likes her position, she will want to continue working after the wedding. In order to hasten the happy day, as for breaking off because of your small salary, if money means that much to her, it should be the wisest thing that could happen.

You know, H. H., there is no telling what women will do. You think she hasn't any idea of how small your salary is, but I have a hunch that if she has known you for two years, she knows a great deal more about your business affairs than you think she does. Naturally, she can't tell you about it—that's your job.

In the first place there's a world of difference between two of your statements. Not being able to support a wife at all, and not being able to support her in the way she has been accustomed to, are two different things. If you are unable to support her, you would be nothing less than a cad to marry her. But if you are able to support her, even though it be on a smaller scale, I see no reason why you shouldn't marry her telling her, of course, just how things stand. If she loves you, she may be willing to take a chance.

To a sentimental, romantic person, it may be rather a shock to be told that every girl should know the amount of her future husband's pay check. Common sense and self-interest demand that a couple talk in terms of dollars before marriage. It is a great deal better to talk money before marriage than to learn after marriage that you cannot keep up a home.

I am not advocating that a man should not marry until he can support a wife in luxury. In fact, I think a few bumps will do a lot toward bringing closer together. It doesn't take a fortune for a couple to marry on. Marriage, however, does mean making a home, and making a home means a pay check sufficient to cover the necessities with a few dollars left over to save for a rainy day. There should be a frank discussion of finances before a wedding date is thought of.

## DIMMITT NEWS

Dimmitt, Texas, May 25, 1925.

Mr. Wright of the Woolridge Lumber Company of Plainview, was in Dimmitt Saturday looking after their interests here. They have unloaded a car of lumber on their building site, but have not started construction of their plant yet. We did not learn if they were to start construction soon.

Mr. H. Hatch of Lameia was in Dimmitt Saturday seeking location for a General Merchantile store. Mr. Hatch is well pleased with future for Dimmitt and is seriously considering moving here. If he does he will give Dimmitt a first class business. We need it.

Mrs. Mayes Miller has been quite sick for the past week, and is very weak at this writing.

Rev. B. F. Fronorbarger announced that the Baptists of Castro county would hold their regular fifth Sunday meeting in Dimmitt, Sunday, May 31st, and urges all workers and deacons as well as members to attend these services.

Rev. W. U. Coughran filled his regular appointment at Lakeview, seven miles west of Tuttle, Sunday. Rev. Coughran reports about an inch of rain fall in that community Sunday night. He will preach at Sunnyside in the south part of Castro county Sunday, May 31, morning and night.

**RAIN IN CASTRO COUNTY.**  
The rain which fell over Castro county Sunday night ranged from  $\frac{1}{4}$  to 4 inches. The north half of the county received the lightest rainfall, Dimmitt and community received about two inches; Bethel, southwest, about two inches, and ten miles southeast a regular downpour.

Nazareth community received only about a quarter of an inch. But there has been sufficient rainfall we think in the county to insure the farmers a stand of cotton and other row crops.

In the south portion of the county reports have been received that a small twister accompanied the rain. Mr. Cone reports a sign being moved and damaged considerable. Mr. L. E. Walker reports a windmill torn up, he was in town buying a new one.

**HOWARD FAMILY INJURED.**  
Joe Howard and family were returning Sunday night from Florida, where they had spent the day with Mr. Howard's sister who is ill there, about ten miles east of Dimmitt they met Mr. Greenfield of near Happy go-blinded by the lights they collided, going east on the Highway and being hit at a rapid rate of speed. Mr. Howard's car stripped two fenders from Mr. Greenfield's car and hitting the trailer he was pulling caused Mr. Howard's car to turn completely over twice, crushing all four wheels, the windshield and top and smashing the fenders. The loss will be about \$150.

Mrs. Howard and the baby were thrown from the car, Mrs. Howard receiving sprained hips and back, the baby was thrown twenty feet from the car bruising its head, neck and shoulders, but neither Mrs. Howard or the baby are believed to be seriously hurt. Dr. Miller has made thorough examination and states they will be alright in a few days. Mr. Howard received a broken shoulder and will be removed to the sanitarium at Plainview in a few days to have the bones set and pictures taken of the break, it will be several weeks before he can return to work.

Mrs. Howard's niece was in the car and was thrown out but was not hurt at all. No one else was injured in the wreck.

No. 251  
**THE STATE OF TEXAS**  
County of Deaf Smith  
To the Sheriff or any Constable of Deaf Smith County, Greeting:  
**YOU ARE HEREBY COMMANDED**

to cause to be published once each week, for a period of 30 days, exclusive of the first day of publishing and the return day hereof, before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year, in said Deaf Smith County, Texas, a copy of the following notice, and post a copy of said notice in three public places in Deaf Smith County, Texas, one of which shall be at the Court house door of said County, and no two of which shall be in the same Town, City or Village, for at least 10 days, exclusive of the day of posting, before the first day of the term of court, to which this citation is returnable:

**THE STATE OF TEXAS**  
TO ALL PERSONS interested in the estate of Sarah E. Welliver, deceased, Percy Welliver, has filed in the County Court of Deaf Smith County, an application for the probate of the last will and testament of the said Sarah E. Welliver, deceased, and for appointment of him, the said Percy Welliver, as Independent Executor of said will, and for letters testamentary, which said application will be heard at the next term of said court, commencing on the first Monday in June, 1925, the same being the first day of June 1925, at the court house of Deaf Smith County, in the city of Hereford.

### TABULATION OF LOSS AND GAIN TO THE MEMBERSHIP OF THE TEXAS WHEAT GROWERS ASSOCIATION FOR THE 1924 POOL COMPARED WITH PRICES PAID OUTSIDE THE ASS'N.

Month	Percent Delivered	Avg. Price pd. outside Ass'n	Bushels Delivered	Gain thru Association	Value of Gain
June	.0991	.9983	240813	.2517	\$60,612.63
July	.5132	1.039	1,247,076	.211	263,133.04
Aug.	.1952	1.105	474,336	.145	68,778.72
Sept.	.0666	1.113	161,838	.137	22,171.81
	.8741		2,124,063		\$414,696.20
Oct.	.0422	1.282	102,546	.032	3,381.47
Nov.	.0382	1.33	92,826	.08	7,426.08
Dec.	.0263	1.492	63,909	.242	15,465.98
Jan.	.0109	1.722	26,487	.472	12,501.86
Feb.	.0065	1.65	15,795	.40	6,318.00
March	.0018	1.483	4,374	.233	1,029.14
	.1259		305,937		46,013.53

In addition to the above gain there was \$26,838.72 paid out as storage to the membership, and most of that storage was paid to this 12½% of the members delivering between October and March. This will cut their loss down very materially.

### RECAPITULATION

Total gain to .8741% of membership	\$414,696.20
Total loss to .1259% of membership	46,013.53
<b>Net gain to delivering membership (2300 members delivered)</b>	<b>\$368,682.67</b>
Storage paid to membership added to net gain	26,838.72
	<b>\$395,521.39</b>

In other words, the members of the Association have \$395,521.39 more money than they would have had they sold outside the Association the day they delivered to the Association. The small loss of the 12½% is made up in the additional prosperity of the 87½%. Had the entire wheat crop of Texas been put through the pool on the same basis, those dumping would have three million dollars more than they did receive.

**MORAL: POOL ALL YOUR WHEAT**

## FEEDING OF CATTLE EXPECTED TO BE NEW INDUSTRY HERE

Deaf Smith county is destined to become a great feeding center for beef cattle and hogs as a result of the recent establishment of the Panhandle Packing Plant at Amarillo; it is believed by County Agent R. O. Dunckle. This county has always raised a large amount of grain, sorgums and alfalfa which make fine feed for fattening but the long haul to market has kept this industry down. Statistics show that it takes around 35% of the canners and packers for marketing expenses while 6½% of the fat stuff will pay for this. The difference and the closeness to market will greatly stimulate the feeding industry here it is believed.

"Is your boss a crank?"  
"No indeed. Everybody in our firm is a self starter."

## THE OUTCOME OF A HARMLESS FLIRTATION

The Inn, like so many that dot the smaller resorts along the East Coast of Florida, was spotless, and there was a certain air of wholesomeness about it. Not so bad, I thought, as I stood viewing myself before the mirror of my dresser.

There was a light tap at the door of the room adjoining. I moved over toward the sound and asked softly, "Who's there?"

"It's I, Warren, I have a little 'night cap' for you and really it's delicious." "But how am I to get it?" I answered, "besides, really, I don't think I'd better."

"Nonsense," he whispered, "I brought this home from Paris. A small drink of it will make your dreams more lively."

I hesitated. A little couldn't possibly hurt me. Besides I was not sleepy and I would enjoy a few moments of Warren Fisher's bright conversation.

"But the key? It isn't here," I contended.

"That's all right, it's on this side. All I want is your permission, may I?"

The door opened slightly. "Hurry now," I was nervous, it's an unearthly hour for me to be entertaining you in such an informal manner," I adopted a tone of light banter.

Rats! these good people have been in their beds for hours. Besides, Sallie I just had to see you."

He came nearer. "Adoree, MY Adoree, you wonderful glorious creature," he put his arm about me and attempted to kiss me. "Don't, please, not here, I hate anything like this—somehow it seems so sordid, especially under these conditions."

"But Adoree, if you could know how I've longed for you, I've worshipped you ever since I left Pensacola. If you could realize how I've remembered each precious mannerism about you, the way you laugh, the bright wit that is as much a part of you as your radiant beauty. Oh! I want you for my own, mine, MINE, do you hear me?"

He drew me closer. "But your wife?" I pulled away sharply, "are you mad?" "Yes, for you, you wonderful person!"

I disliked very much the way things were going.

"But your wife?" I reiterated, "really you are not fair to her, Warren, and after all, she deserves some consideration."

"Oh, what difference does that make? Besides she's far, far away, she's only my wife, Adoree, while you are the light of my life and most of all, you are my sweetheart."

"No, no," I shuddered, as I began to realize the situation.

"What! you won't be my sweetheart?" he asked in amazement, "it is a much better arrangement, for matrimony is death to romance" and he held me closer, "don't you care for me a little?" His eyes were eager.

"Go to your room, immediately or I'll call down stairs" was my answer. "Ah, now, you weren't so offish when I made love to you on the pier in Pensacola that evening." He changed his tactics.

"You're insulting. I think you are perfectly revolting! At least I thought you were a gentleman even though you do flirt outrageously. And I'm leaving if I have to walk to Miami," I declared vehemently. "I'll wake every one in the Inn and tell them about you being so—horrid," I sobbed on the verge of hysterics.

"Come, come, do you think anyone would believe the old story of an automobile being out of commission?" He threw back his head and his lips curled in a sneering manner, "and don't think they'd be such boobs as to think you were not in this little party."

"Do you mean that the transmission was not broken and that you were stalling?" I demanded, my eyes flashing.

"So innocent, aren't you?" he questioned, "you society girls of this generation amuse me with your injured feelings. Do you think that you can lead a man on with the open wiles and veiled promises of an adventuress and then pull a baby stare when he accepts the invitation?"

I remembered the warning of Carliss Wright who had tried to show me the danger of the headlong speed in which, he said, I was racing. Oh if I had only listened! I would have had his love and protection and would have escaped this issue.

"They will believe me down stairs, I'll make them!" I stamped my foot and momentarily my rage was rising.

"Look at the time," he demanded, pointing to my wrist watch, "almost two o'clock in the morning. Is it likely they'd hear to such a story?"

## RUPTURE EXPERT HERE

Seeley Co's truss expert from Chicago will personally be at the Amarillo Hotel, and will remain in Amarillo Tuesday only, June 5. Mr. Seeley Says: "The Spermatic Shield will not only retain any case of rupture perfectly, but contracts the opening in 30 days on the average case. Being a vast advancement over all former methods—exemplifying instantaneous effects immediately appreciable and with standing any strain or position no matter the size or location. Large or difficult cases, or incisional ruptures (following operations) specially solicited. This instrument received the only award in England and in Spain, producing results without surgery. Injections, medical treatments or prescriptions." **Warning—All cases should be cautioned against the use of any elastic or web truss with under straps, as same rest where the lump is and not where the opening is, producing complications necessitating surgical operations.** Mr. Seeley has documents from

## LIVE STOCK THE KEY TO PERMANENTLY PROSPEROUS AGRICULTURE

By Edgar W. Cooley, Agricultural Extension Department International Harvester Company.

Live Stock farming is diversified farming and calls for a system of crop rotation. It helps maintain fertility, increase the value of the crops, reduces cost of transportation.

It means marketing the crops through live stock—selling the crops in the form of beef, pork, and mutton, and saving the fertility manure.

Live stock means more silos to preserve the green summer crops for winter feed. It means more legume crops—alfalfa, clover, etc.

Live stock utilizes cheap roughage, such as corn stover, fodder and straw, which usually goes to waste. There are millions of dollars worth of feed wasted every year in the United States, which should be converted into meat or milk.

**Live Stock Saves Waste**  
There is waste on every farm, and especially on grain farms, where few cattle are kept.

Live stock distributes the labor on the farm; gives something to do every day in the year; gives employment to every member of the family.

Live stock promotes industry and cultivates ambition among the boys and girls on the farm. It is essential to the highest development of agriculture and country life.

### Pig Skins Best Grain Sacks

Pig skins and steer hides are the best grain sacks a man can have on the farm. It is just hard to keep a pig from making a hog of himself as it is to keep a cow from giving milk, or a hen from laying eggs. The best receipt for continued au-

cess is to have something to sell every week in the year. We must make our living secure. We must not depend entirely upon one crop.

Live stock means better farms, better schools, better homes, better folks, better communities.

## WEEKLY NEWS SUMMARY

Furnished by West Texas Chamber of Commerce

**VERNON**—The Vernon Chamber of Commerce held recently a reorganization dinner with more than 250 present. The reorganization was done by Hubert M. Harrison, Manager of the Wichita Falls Chamber of Commerce. The work will be conducted in the future along the same lines as the Wichita Falls Chamber of Commerce.

**LUBBOCK**—The contract to build two depots and section houses from Doud

to the New Mexico line on the Santa Fe rail road was let to D. N. Leverton of Lubbock.

**CISCO**—The first meeting of the new Executive Board of the West Texas Chamber of Commerce will be held in Wichita Falls, June 14th.

**SHAMROCK**—The Wheeler County Court House bond issue held here recently carried by more than 400 majority. The Court House will be three stories high and fire proof. No wood will be used in the entire structure.

**ELECTRA**—This city has ordered a car of prison to feed the grass-hoppers.

**ABILENE**—Beginning last week, the Abilene Budget Committee has already raised more than \$8,000 of the \$21,000 budget for the year, according to Secretary T. N. Carswell.

**MIDLAND**—This city will soon vote on a new pavement law. If the new law carries, Midland will have many

streets including the bankhead highway through the city.

**TAHOKA**—The Commissioners Court was presented recently with road bond petition asking for an election to vote on \$500,000 bonds for hard surfaced roads in Lynn County.

**HASKELL**—The new amusement park will be opened to the public sometime between the 1st and 10th of June. Ample bath houses and other conveniences have been provided.

**MUNDAY**—Munday trade territory will be very materially benefited when the new bridge across the Brazos river north of here is completed.

**MULESHOE**—ONE farmer near here has the distinction of being the husband of an exceedingly industrious wife who owns 3,000 white leghorn hens.

Let's build a Hotel in 1925!

# Announcing the new STUDEBAKER Special Six Coach

Here is a low priced closed car that will appeal to those who do not want the ordinary type of coach. Studebaker builds this coach complete—body as well as chassis—thus saving the profit which other automobile manufacturers have to pay to outside body builders. As a result, the price is much lower than that of any other car of equal style, performance and dependability. Come in—let us show you this New Studebaker Coach.

Abundance of room for five passengers. Unusually wide doors. Broad seats. Plenty of leg room. No need for occupant of folding seat to get out when others enter or leave. Body finished in Wyandotte green, with satin-black top. Engine of remarkable power, smoothness and acceleration. Safety lighting control. Full-size balloon tires.

## THE PASSING DAY

By Will H. Mayer, Department of Journalism, University of Texas

Jess Adams is dead. That may not mean much to you, but if you had known him, your heart would be saddened at the announcement. He was a Texas country newspaper man, reared at Comanche and spending most of his manhood days at Coleman and Plainview, where he conducted successful newspapers. He died in France on a trip around the world, having started the trip to satisfy a lifelong desire to travel. In his life he did not accomplish any big things as the world counts great things, but he had a smile and a friendly greeting that thousands will long remember. That smile and greeting were indicative of the warm heart of the man, of his genuine love for his fellows, a feeling that found expression in his writings. He has passed with his day, but there is something in the lives of men like Jess Adams that lives on and on in the hearts of others.

## Menace of the Dog Bite

Seldom a day comes that the newspapers do not tell of numerous persons being bitten by mad dogs. At Dallas Sunday one pet poodle ran amuck and bit a woman and seven children and a number of other dogs. These people are now menaced by the dreaded hydrophobia, a most fearful disease. Other dogs are roaming around, and when they go mad will bite still other women and children. No one can feel safe with the cities and country infested with dogs and cats. Helpless children are their most numerous victims. Yet men will fight rather than surrender the privilege of keeping dangerous dogs. It is because men like affection, and dogs are most faithful in their affections until they become mad. The dog loves submissively and will suffer much abuse rather than give up its love. Except as a lover the dog is largely useless and few of them are worth the cost of caring for them.

## The Craze for Colors

Some one has said that the craze for many bright colors indicates that mankind is not far removed from the savage state and that people have primitive tastes. If this be true, we must be recindivating rapidly, for all about us is a regular riot of colors. The women especially are faddists in colors, and explain their fondness for the bright shades by saying that it pleases the men. Dresses outshine the rainbow in their brilliance, numerous colors often being found in one costume. Dress colors are enhanced by brilliant scarfs and legs vie with each other to see which can be the brightest stockings. A recent writer described a wizard as "the man who knows all the colors of his wife's silk stockings." Even the American savage would be put to shame to see how much brighter the women paint their faces than he could ever do with his colored pigments.

## Recklessness and Wrecks

Nearly every newspaper now carries a statistical statement of the number of traffic accidents occurring in its locality every day. The table has somewhat the dignity and appearance of a market report. So many killed today, so many crippled for life, so many in the hospitals. With one of these fables it is possible for any one to figure just what his chances are for getting back home when he leaves. It is satisfying to know that the chances are still slightly in his favor, although it is disheartening to see that they are steadily growing less. Recklessness and wrecks are increasing with alarming rapidity, and in the same ratio.

## BOY SCOUTS, 24 STRONG, ALL SET FOR CAMPING TRIP

About twenty four Boy Scouts of Hereford are preparing energetically and enthusiastically for a week's summer camping trip near Canyon, beginning next Tuesday. The boys will gather at the office of Ralph Barnett about 8:00 a. m. and leave for the camp site in the Buchanan & Rossen International truck. They will be accompanied by several scout masters and local supporters, while at the camp of the Panhandle Council of the Boy Scouts they will be under supervision of trained executives and leaders. The camp will be handled like an army training camp, with expert supervision in every detail. The list of boys who will go follows:

Duane Orr, Homer Brunley, William Parker, Marlin Gilliland, Thomas Ellison, James Gilliland, Newton-Gilliland, Charles Ferguson, Paul Wright Barnett, Alton Miller, Oliver Ray, Keith Guthrie, William Russell, Jack Miller, Ben Hodges, Ward Garrison, Charles Jowell, Geo. T. Higgins, Edgar Ireland, David Harrison, Edgar Johnson, Albert Ferris.

### Roads Good in Both Directions

Good roads are teaching progressive merchants at least one lesson; the other kind are past teaching. That lesson is that the roads leading away from their stores are just as good as those leading to them. People do not mind driving thirty miles or more to another town, if the merchants of the nearest town do not show that they are anxious for business. That is why the mossback places are drying up and the progressive places are getting bigger and better. Roads are a blessing or an injury according to the use that is made of them. If you allow them to be used to take trade elsewhere the fault is yours. Every town with good roads leading into it has equal opportunities with every other town; to grow; every merchant has equal opportunities for increasing his trade, or losing it, as he will, where there are good roads.

### Rapid Industrial Growth

A Dallas citizen proposes that the city invest at least \$1,000,000 in a permanent industrial exposition to show to the people of Texas what is being done in the industries in the State and to encourage further industrial development. It has not been a great many years since the combined industries of Texas would not have been much in excess of \$1,000,000, and the fact that this proposition is given serious consideration shows the marvelous recent developments. It is difficult to conceive what the future industrial growth may be.

### H. L. BRISBIN, AGED 49, DIED HERE SUNDAY MORNING

H. L. Brisbin, aged 49, died at his residence in Hereford last Sunday morning, May 24, about ten o'clock, of pneumonia. Funeral services were held at the home Tuesday morning, conducted by Rev. J. O. Haymes of the Methodist church, interment in the Hereford cemetery.

Mr. Brisbin had been a resident of Hereford for several years and leaves many sorrowing friends in the community. He is survived by his wife and three small children. A brother, G. W. Brisbin of Harrisburg, Ill., and an old friend from Lubbock, who was once a resident of Hereford, Harry Wood, attended the funeral services.

## PUBLICITY MAN FROM CASTRO COUNTY IS HERE NOW

Castro county and Dimmitt especially very keenly feels the loss sustained in the losing of T. D. Moss as a citizen not to speak of his earnest efforts to bring Dimmitt high school up to standard, Mrs. Moss sharing in this work as one of the teachers. Mr. Moss has been active in church and community, and has displayed the qualifications of a real honest to goodness citizen, and public spirited man.

There wasn't a public enterprise of any kind undertaken but that you would find him doing his best to help put it over. He gave to Castro county in the nine months here more publicity of a nature that is hard to get, than any other person could have done, the big daily newspapers of Texas carried more items from Dimmitt every week than of most any town in the state. Chamber of Commerce secretaries and publicity men over the state envied his ability. Mr. Moss was unrelenting in his efforts to keep something progressing all the time.

In his new role as secretary of the Chamber of Commerce of Hereford, we wish him well, and we wish him more than that, we trust that the Hereford citizens will not be so slow to recognize the value of his services as some of those in Dimmitt have been. —Castro County News.

## SECRETARY MOSS ATTENDS SESSION EXECUTIVES ASSOCIATION

Secretary T. D. Moss of the Hereford Chamber of Commerce left Wednesday for Marlin, Texas, where he will attend the sessions of the Texas Commercial Executive Association, in annual meeting at that place May 28-30.

This is the professional secretaries of the state in a round table discussion of their daily problems and troubles, and Mr. Moss expects to come home with many new ideas and better equipped to tackle the puzzlers he encounters in his work here.

## CLASS FROM W. T. S. T. C. VISIT HEREFORD NURSERY FRIDAY

Grafting, budding, shipping methods and the latest methods in the handling of fruit trees are being studied extensively by the Class in Horticulture at the West Texas State Teachers College under the direction of Frank R. Phillips, head of the Department of Agriculture. The class visited the Hereford Nursery, Friday afternoon for the purpose of gaining practical knowledge of these phrases of the work. The local nursery was selected by Phillips because it is the biggest and most successful in West Texas.

All the students, boys and girls alike are preparing themselves for the teaching profession or to do Home Demonstration work or County Agent work in West Texas. This is just one of the many trips the class is making in an effort to gain practical information of conditions in this section of the state.

Mr. and Mrs. J. N. Messenger and Mr. and Mrs. Clyde Beaty drove over to Bovina last week and took dinner with Mr. and Mrs. B. P. Abbott. Other guests present were: Mr. and Mrs. Geo. C. Messenger and babies, and Mr. and Mrs. E. P. Hollette and daughter from New Mexico. The occasion was the birthday of both Mrs. Messenger and Mrs. Abbott. All report an enjoyable day.

## DUNKLE, COUNTY AGENT IS ENCOURAGING DAIRYING

The record of the dairy herd at the West Texas State Teachers' College, at Canyon under the direction of the Agriculture Department proves that under favorable conditions the milk production in the Panhandle is equal to that of Wisconsin, one of the most noted, dairy states in the Union. Texas, a prize cow of the college herd produced 67 lbs. per day which shows what can be accomplished by proper feeding methods.

The record this herd is making in an adjoining county stimulates the interest for better livestock in Deaf Smith County. The dairy business is only in its infancy in this county. It is believed by County Agent R. O. Dunkle, and will grow by leaps and bounds in the next few years. The pure bred dairy herds have increased about 300% in the past three years in Deaf Smith county and pure bred cows can be found on a large number of the farms.

## MRS. C. L. MORRIS OF VEGA UNDER CARE OF DOCTORS

Mrs. C. L. Morris of Vega, formerly Miss Olive Wilson of this city, while in Amarillo Saturday underwent a medical examination and was rushed at once to the hospital there. It was pronounced that she had a serious heart trouble and should remain under the strict orders of the doctors for a few days. Mrs. Ruby Shirley motored to Amarillo Sunday afternoon and remained with her sister until she was taken to her home in Vega Tuesday.

Miss Waldine Wilson, who had been visiting her parents, Mr. and Mrs. J. H. Wilson, over the week end, returned with Mrs. Shirley to Amarillo Sunday afternoon.

## ROAD NOTICE TO NON-RESIDENT LAND OWNERS

THE STATE OF TEXAS, County of Deaf Smith, ss. We, the undersigned Jury of Freeholders, citizens of said Deaf Smith County, Texas, at its November Term, 1924, to view and establish a first class Road from S. E. Corner of Sec. 95, Bk. We are glad to have Mr. and Mrs. Earl Springer in our community and extend to them an invitation to join us in all our social activities.

Sunday School every Sunday morning at 10:30 o'clock. A cordial invitation is extended to one and all.

A pleasant time was had Tuesday afternoon of last week when the friends both old and young, of Mrs. Tom Sanders (was Grace Woolery) met at Frie to surprise her with a miscellaneous shower. Mrs. Sanders with mother Sanders came in response to an invitation to attend a club meeting. It was a complete surprise to her when one of the ladies presented to her the many beautiful and useful gifts. During the afternoon those present were

delightfully entertained with readings given by Mesdames Doyle Rose and Jim Sanders. Little Miss Dendy and Louise Sanders. Also several musical numbers rendered by the bride after which refreshments were served by the hostesses, Mrs. W. B. Green, Mrs. W. J. Sullivan, Mrs. Joe Stagner, Mrs. Walter Easter, Mrs. Carl Frye, Misses Irma Sullivan, Lottie Stagner, Eva and Zelma Sullenger. We all extend our congratulations to Mr. and Mrs. Sanders and wish for them many years of happiness and prosperity.

**WYCHE ITEMS**

Mrs. Golden Gold visited Miss Gladys Gold Tuesday.

Mr. Walt Bradley attended court in Hereford last week.

Faye Paddock had an operation last Tuesday.

Miss Lorine Williams and Ruth and Vera Dugan called on Mrs. A. E. Edwards and daughter, Ida, Tuesday afternoon.

Born to Mr. and Mrs. Harvey Nunn, May 19 a ten pound boy.

Miss Alberta Dugan visited Mrs. Ed Cox Tuesday afternoon.

Mr. and Mrs. Reece Hough and family, and Grandma Hough of Canyon, visited Leslie Roberson Sunday afternoon.

Mrs. Gorden Gold and Miss Callie McKinney visited Mrs. J. S. Wyche Sunday.

Mr. J. W. Dugan and family visited Mr. Jackson Sunday afternoon.

Miss Lois Clayton and Montie Cook visited Lorine Williams Saturday night.

Saturday night was "42" night. There was a nice program gotten up by the program committee.

Mrs. J. C. Williams was surprised last Thursday when some of the ladies brought their dinner and spent the day with her and did some sewing for her.

**CAMERON, N. M.**

Some very good singing was enjoyed at New Hope Sunday afternoon. Some of the visiting singers were Mr. and Mrs. Lee Hutchinson and daughter of Wheatland, Mr. and Mrs. D. B. Nation and sons of Ruth, Mr. Jack Whinery

**PLANT OUR HIGH GRADE COTTON SEED!**

If you want good seed that is acclimated to this country. Our seed were grown in Dawson county, which insures proper acclimation—high germination. Mebane and Half and Half at \$1.25 per bushel at Dimmitt.

Dimmitt, Texas

of Bellview, Mrs. W. I. Simms of Grady, the families of Messrs. Harry and Frank Frost of Wheatland and others including Ollie Smith from Fairview in the valley.

Little Ruth Cowway is spending the summer with her grandparents, Mr. and Mrs. A. W. Cameron, while her parents are at Motezuma College.

Dewey Pulliam moved last week to the house vacated by his father, west of Bellview.

The Rev. Hutchinson preached to a good sized crowd at New Hope Sunday morning.

Harry Frost has sold out his "Watkins" work to Mr. McDonald of Plain Park Woods came home from Amarillo last Wednesday for a short visit with his parents.

Buch Leach and Roy Chapman are running two tractors preparing land for Roy.

The Rev. R. A. Crawford and Mrs. Crawford and son Chester were shaking hands with friends at Grady the last of the week. Several from our community were there and were glad to meet their old pastor and friends.

Mr. Ollie Smith and family of Fairview were Sunday dinner guests of Mr. and Mrs. J. Z. Isler.

Odds Tillman and Charlie Tillman and their families were shopping at Grady Monday morning.

A. A. Dethrage and family and Jeff Moore and family called at the home of Virgil Dunn Sunday evening.

Mr. and Mrs. J. D. Cameron and Children went to Portales Saturday to attend the exercises in which Mrs. Cameron's sister, Miss Oriana Jordan was among the graduates Saturday night.

Mr. and Mrs. E. W. Leach were the guests of the R. C. Cogdill family on Friday night, and of Mrs. Dunn Saturday night.

The Misses Ella Davis, Alethea Lowe, and Mary Edith Brown were over night

guests of Miss Ruby Harbour Thursday night.  
Leo Woods who has been employed at Amarillo for some weeks returned home the last of the week.

The Wheatland schools enjoyed a picnic Thursday at the school house, it having been decided to change the place from the Canyon to the school house. A. A. Dethrage sold ice cream and pop at the occasion. The school closed the following day, Friday.

Harry Franklin Frost sustained a painful injury to his knee when his bicycle threw him while he and Bid Reed were racing in the Canyon.

A. J. Pettigrew called at A. W. Cameron's Monday to get a horse which they had bought of Mr. Cameron and it had strayed back.

Mr. and Mrs. Frank Young spent Saturday night with Mr. and Mrs. Hob Moss.

Mr. and Mrs. Whinery attended the singing at New Hope Sunday.

Frank Davis has been employed at Amarillo for several months.

Arnold Bunch and family moved to the valley last week.

J. R. Burnett and family and A. C. Johnston and family called on Mrs. M. A. Johnston Sunday evening.

Jim F. Taylor and the Grady singing class and the Ruth Class attended singing at Wheatland Monday night.

A double wedding occurred last Wednesday, Mr. Robert Reed and Miss Mary Fraser, and Mr. James Fraser and Miss Georgia Reed, were married at Texico and were guests at supper of

Mr. and Mrs. Frank Frost. Miss Fraser was a teacher in the Wheatland school and the others were pupils there. Their many friends extend congratulations.

Mrs. Lee Hutchinson is making a success of the chicken industry. She has 400 little chicks, but only has 100 hens which produce a 30-dozen case of eggs each week.

Lonnie Johnston and family spent Saturday night with Mrs. Johnstons parents, Mr. and Mrs. Powell.

Phil Mote is freighting some lumber and fencing to a farm south of Forrest for Robt. Eaton this week. It is a school section which Mr. Eaton has leased and expects to have some breaking done on it.

P. P. Vandevender met with a painful accident last Tuesday. He was riding a horse driving up a bunch of horses when one kicked him breaking

his leg just below the knee. The Belleview Sunday School has accepted an invitation to bring a program and assist in the children's day exercises at New Hope the second Sunday in June.

The families of J. O. Wood, A. C. Johnston, and Dewey Pulliam were dinner guests of Mr. and Mrs. Henry Stoval Sunday.

Mr. and Mrs. E. W. Leach, Mr. and Mrs. Odie Tillman, Mrs. A. S. Dunn, and Mr. and Mrs. Cliff Dunn ate ice cream at the home of Mr. and Mrs. Virgil Dunn Saturday night.

Lester Davis entertained Bureel and Nolan Tillman Sunday.

Mr. Whinery took dinner with the Lowe family Sunday.

**AN AGE OF GROWTH**

More and more each year, system and business-like methods are taking the place of old-fashioned ways of doing business.

In this Age of Growth—a Banking Age—men are finding their highest success through constant co-operation with their banking institution.

We want our depositors to know more about THEIR BANK and the many services and conveniences it offers.

**First State Bank & Trust Company**

OUR DEPOSITS ARE GUARANTEED BY THE STATE BANK GUARANTY FUND OF TEXAS

**SUMMERFIELD**

Every body is most all smiles this week around Summerfield. We were blessed with a 2 1/2 inch rain Sunday night, and a lot of hail fell in some places. Of course there has to be some bad along with the good. No great damage was done only in the gardens. Mr. and Mrs. M. F. Fencher and family spent Sunday in the home of Mr. and Mrs. Jacobs. Mrs. J. L. Lookingbill left for Paradise, Texas, on Tuesday of last week. She received word that her father was very ill. Mr. and Mrs. Joe Kendall and Betty Joe spent Saturday night and Sunday in the home of Mrs. Kendall's parents, Mr. and Mrs. J. C. Lance. The school closed Friday. The 7th grade had their closing exercises Friday night and received their diplomas. The Play "Miss Fearless & Company" was put on with a great success to a crowded house. Mr. and Mrs. B. A. Actley, Ruth and Christene spent Sunday afternoon in the home of Mr. and Mrs. D. R. Actley. Mr. and Mrs. C. R. Walser and family spent Sunday afternoon with Mr. and Mrs. S. L. Walser in Hereford. Miss Estelle Slaton was a visitor in the Johnson home last week. Mrs. Ray Roberson's sister, of Helena, Oklahoma is visiting here this week. Mrs. Beulah Roberson's sister, Mrs. Swane of Portales, New Mexico spent Sunday with her. Mrs. L. Johnson went to Canyon Saturday where she will visit her son Eaton for a few days. Mr. Rex Reeves, teacher of the Intermediate room, left Friday afternoon for his home in Clarendon, Texas. Mr. and Mrs. Alva Wilson and family spent Sunday with Mrs. Wilson's mother, Mrs. Beulah Roberson. Mr. and Mrs. Clyde Roberson and family of Hereford were out at Singing Sunday afternoon. Mr. and Mrs. Geo. Storey spent Sunday with Mr. and Mrs. Ray Roberson. The W. M. U. Met with Mrs. Joe Kendall last week, a large crowd was present and a good program was led by Mrs. Wilson. Next meeting will be with Mrs. Beulah Roberson the 4th. Visitors are welcome. Come!

**NORTH EAST CORNER (Fairview-Union Schools)**

We have been blessed with another rain of one-half inch, with the elements still threatening. This will be welcomed by all as the grass has gotten dry from the recent high winds. Our Sunday school at Paloduro is doing fine. The attendance last Sunday was ninety. Preaching services were held by the pastor, Rev. W. A. Stewart, but he resigned, to take effect after the night service. He is accepting work near Tulsa, Okla. It began raining before preaching was over and quite a few of the people spent the night in the church building. A home talent play entitled "An Arizona Cowboy" was given at the Wildorado school auditorium last Saturday night to a full house. Everyone enjoyed the two and one-half hours time to the fullest extent and the characters certainly played their part to the letter. The proceeds went to the fund for papering the W. O. W. hall. All characters in the play were Woodman and Woodman Circle members. There will be the annual picnic at Wildorado on next Saturday, May 30.

We hope everybody will attend. Bring your blankets well filled and forget your troubles for one day. The play mentioned above will be reproduced immediately after the noon hour after which there will be a ball game between two visiting teams. H. J. Oglesby and wife took Sunday dinner in the home of Mr. and Mrs. W. B. Bowen. C. O. Phillips, wife and little daughter motored to Hereford Sunday and spent the day with Mr. Phillips' parents, Mr. and Mrs. W. R. Phillips. County Commissioner J. C. Allred went to Hereford Monday on business. Rev. A. M. McDowell and wife visited in the home of R. A. Campbell Sunday afternoon. A delightful birthday party took place at the home of A. R. Norman on last Friday afternoon. It was Lee Norman's twelfth birthday and quite a number of the youngsters spent a pleasant afternoon with him. After they were tired of games etc. refreshments were served and all went home happy.

**FRIONA**

The copious showers of the past weeks and also that of Sunday night and Monday morning are causing farmers to wear a more cheerful expression. Hundreds of acres of row crop were planted last week and the last showers will provide sufficient moisture to bring these crops through the ground. It is estimated that a large acreage of cotton will be planted here this season. A new building is being erected just south of the postoffice which will be used by Mr. Horton of Muleshoe, as a real estate office. So, our town is gradually growing. Prof. and Mrs. H. J. Buckner departed from our midst Sunday for their three months vacation, which they expect to spend in some one of the good schools of the country. This will probably be either at Boulder, Colorado, Motezumas, New Mexico, Canyon, Texas or the State University at Austin. They will return to this place on the first of September to again take up their work in the Friona school, having been re-elected for two years. Mr. and Mrs. A. W. Henschel departed Saturday morning for a visit of several weeks with relatives and friends at the home of their youth in Minnesota. This is the first real vacation either of them have taken for several years and they truly deserve it. George Treider and Miss Viola Gischler were quietly married Sunday at one o'clock, p. m. at the home of the bride's parents, Mr. and Mrs. John Gischler. The ceremony was performed by Rev. Shelton, of the Congregational church, in the presence of the members of the immediate families and a very few invited guests. These young people will depart this week for a short visit with relatives in Iowa and thence on to Seattle, Washington, where they will make their future home. So far as is definitely known now there will be only two of last winter's teaching force returned, for the next term. Mr. Daugherty will go to school to prepare himself for the profession of architect. Mr. Durham lacks only one more year to complete his college course and Mrs. Durham will attend school in Canyon next winter. Miss Hicks will return to school to finish her college work; it is still hoped that Miss Brown will consent to return and Miss Gischler does not expect to teach any more. On account of the ill health of Mr.

Gischler, Mr. and Mrs. Carl C. Maurer and Huben Gischler have abandoned their plan of going to California to spend the summer. They may go later. The Santa Fe Railway Company has dug a well near the section house and have laid a pipe line from there to the stock pens near the east side of town. They have two large storage tanks from which it will supply water to its residence houses, the depot and the stock pens.

**SIMS COMMUNITY**

Jeff Reed made a business trip to Adrian last Wednesday. Omer Bartlett transacted business in Vega Wednesday of last week. Mrs. Mary Collier arrived by Adrian a few days ago and will spend the Summer with her son, J. P. Collier, and daughter, Mrs. P. M. McAdoo. Mrs. P. M. McAdoo and daughter, Mrs. Joe Speed and little son, Robert, visited with Mrs. J. A. Reed last Monday. Mrs. E. T. Whitten is enjoying a visit from her brother, Mr. McInter of Arizona. Mrs. Ben Rice was in Adrian Monday afternoon. Adrian school closed Friday night of last week. They rendered a fine program at the close of school. Miss Beatrice Hawn, daughter of Dr. C. E. Hawn of Adrian, has secured a school in Oklahoma and will teach there the coming year. E. C. Chapman of Adrian took his little son, Jack, to Amarillo for medical treatment this week. He has been sick for several days. We hope for him a speedy recovery. J. A. Reed and wife are enjoying a visit from their daughter, Mrs. Erle Wood, and little daughter, Frances, of Gallup, N. Mex. Farmers are very busy since the good rains recently—another good little rain Sunday night. E. C. Chapman of Adrian was in our community Monday afternoon.

**PRESIDENT OF W. T. S. T. C. PASSED THROUGH HERE SUN.**

President Hill of the West Texas State Teachers College at Canyon passed through Hereford last Sunday enroute to Littlefield, where he delivered the commencement address to the high school graduates.

**Water and Prosperity With a WITTE Engine**

"I'll drop you a line to let you know about my 15 H.P. Stationary Throttling Governor WITTE engine which I have installed and which is doing good work. I have a head of water to pump from that is about 25 feet and have irrigated six acres of alfalfa in one day. All farming done in this country is done by irrigation—we don't have to wait for snow or rain if we have the water and with a WITTE engine properly installed you have the water and prosperity will follow." W. P. Birchfield, Deming, N. Mex.

**Recommends WITTE**

"We are using our 25 H.P. WITTE Throttling Governor Engine pulling a 5 Inch Centrifugal Pump. It requires practically no attention—runs day in and day out and always starts on the first kick. We are certainly well pleased with the WITTE and can recommend it to anyone." David Turner, Portales, N. Mex.

**Truck Gardner Recommends**

"I have set my WITTE engine to handle a Centrifugal pump and I am using seven hundred feet of fire hose, carrying the water to my truck. I think I get about two hundred gallons a minute and I am certainly well pleased with my outfit." J. M. Sparks, Rock Port, Texas.

**WITTE Throttling Governor Engines**

are the favorites for irrigation work—big surplus of power for any emergency and sturdy construction that welcomes continuous hard work.

**Best For Irrigating—The Rugged, Dependable WITTE**

Here is the engine with a back-ground—for nearly half a century the WITTE Throttling Governor Engine has been known for its rugged, dependable qualities and performance. Simple and trouble-proof—at work every minute under any climatic conditions.

**Uses Cheapest Fuels**

Kerosene, Distillate, Gasoline, Tops and all similar low-grade fuels.

You get perfect performance with the WITTE, using the cheapest fuel in your locality. Specially designed for irrigation work—many exclusive features not found on any other engine. Fully equipped with WICO Magneto, the best system of high-tension ignition known. Easy to start. Any speed you want by merely turning thumb screw on the Speed Regulator.

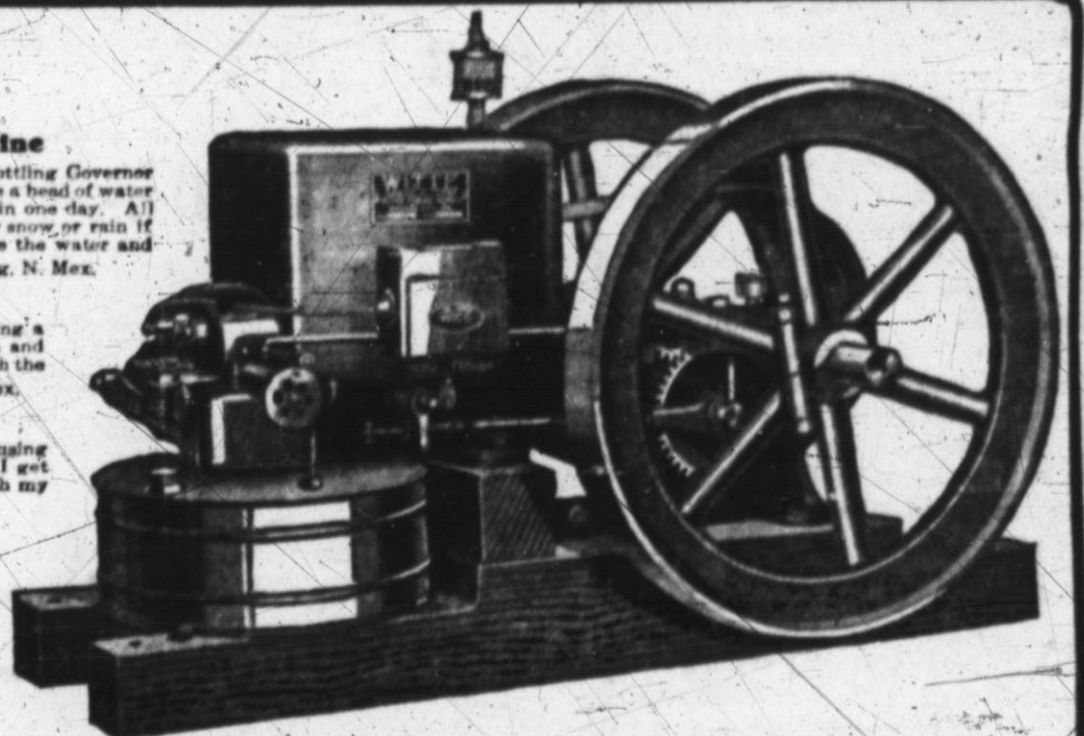

**Write Today for My New Engine Book—FREE**

**Write for It Today!** I want to send you my new engine book—the most interesting book about power that you have ever read. Fully illustrated. Tells all about this remarkable engine and how easily you can get it to do the hard jobs on your place. Shows details of equipment, many exclusive features and hundreds of vital points about application of power to your place. I'll also send you letters from my customers all over the world—over 150,000 of them—people who are actually using WITTEs on hard jobs and who know how it can work. Write me today, a postal will do. You are under absolutely no obligation by writing me, and my big book is sent at once, all postage paid.

### DANIEL BELL, STUDENT AT A. & M. GRADUATES THIS YEAR

Mr. and Mrs. Allen Bell and two young children and Mrs. Bell's mother Mrs. M. D. Daniel, left overland Sunday afternoon for College Station, Texas, where they go to witness the graduation of Mr. and Mrs. Bell's son, Daniel, who finishes his electrical engineering at the A. & M. College this year. While away they will visit at other points and expect to be gone several weeks.

### T. E. SHIRLEY INFORMS BRAND THAT HE IS STILL A BOOSTER

The Brand is in receipt of the following letter from T. E. Shirley, dated at McKinney, Texas, which shows that the spirit of boost which always animated this pioneer citizen of Deaf Smith county is still very much alive: "From the Fort Worth Star-Telegram I learn that you are to have a big get-together and fall-together meeting next Monday in Hereford to secure for the dear old town another railroad. 'Count me in with the booster bunch' and ready to do my part. Slogan: 'Hit the ball hard and make a sure winning' (or a home run.)"

### MRS. VIRGIL CUNNING AND BABIES GO TO PLAINVIEW

Mrs. Virgil Cuning and Babies are visiting relatives in Plainview.

### FRANK RICHARDS IS SICK REPORT HE HAS IMPROVED

Frank Richards has been on the sick list the past ten days, but is reported as improved now.

### METHODIST REVIVAL WILL BEGIN NEXT SUNDAY, MAY 31

A revival meeting will begin at the Methodist church next Sunday, May 31. The pastor will do the preaching and Miss Swisher will have charge of the music and organization. The meeting will be held in a large tent where the chautauqua tent has stood. The tent will perhaps be a few days in arriving and until it arrives, services will be held in the church.

Everybody in the community, regardless of your church affiliations is urged to attend and assist in every way possible to make the meeting a success.

If you can sing, come to the choir. If you have a musical instrument get into the orchestra.

A hearty welcome awaits you. This meeting is primarily for the good of Hereford and community, and secondarily for the upbuilding of a particular church.

J. O. HAYMES.

Seventy-five sheets of sixteen pound typewriter paper, 8 1/2 x 11, in a neat package, for only 25 cents.

### MOTOR MIKE

It's not a sin to spend your tin Where it will make you happy: So come and spend your tin with us:

We'll make your car run snappy.

Yes, we need your tin and you need our service. So come on, let's have a little reciprocity: we'll endeavor to give you expert service all along the line, selling you anything you need in accessories and parts, gasoline, grease, oils, etc.

**Beavers Bros.**

### THE TYPE-LOUSE ON A SPREE

Twas dead of night—the printing plant was quite and serene. When from his hole the type-louse stole upon the peaceful scene.

The louse was stepping high and wide, his heart was light and free, His soul advised his morals to bust forth upon a spree.

He lapped a drink of striped ink and roared a mighty roar.

Then mixed the red type with the black and dumped it on the floor.

He took a case of black-face quads and strewed them 'round the place, And with the type condenser smashed the bold-italic chase.

He hid the left-hand shooting sticks and roller setters, too, And smeared the paper stretcher with a stick of liquid glue.

He mixed the roman gothic with the ten-point nonparal,

And, generally speaking, wrecked the whole place all to hell—The Typographical Journal. —Anonymous.

### REV. HILL HAS GOOD TIME AT BAPTIST CONVENTION

Rev. W. R. Hill is back from the Baptist Convention at Memphis, Tenn., and reports a good meeting and an enjoyable trip. The Memphis Commercial Appeal ran the following article concerning Rev. Hill: "Rev. Warren R. Hill, pastor at Hereford, Texas, is one of the most scholarly, while younger pastors of the con-

vention. He was born at Humboldt, Tenn., is a graduate of Union University, Jackson, Tenn., and the Southern Baptist Theological Seminary, Louisville, Ky. His last pastorate before the present was the First Baptist church, Roswell, N. M., where he did a colossal work, during two and a half years. His present location is the biggest shipping point in the southwest for Hereford or white face cattle. Dr. Hill is a Baptist of the J. R. Graves, B. H. Carroll type, and is proud of it."

### Cynic Wants to Know

Disable: "I see some college professor has perfected a machine that will register the heat of a madens blush."

Dabble: "That'll do to tell—but where in this day and age will they find any blushes to try it on?"

### THE STATE OF TEXAS

To the Sheriff or any Constable of Deaf Smith County, Greeting:

You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continually and regularly published for a period of not less than one year in Deaf Smith county a copy of the following notice:

and you are also commanded to cause to be posted for ten days exclusive of the day of posting, before the return day hereof, at three of the most public places in Deaf Smith county, one of which shall be at the court house door, and no two which shall be in the same

city or town copies of the same following notice, to-wit:

**THE STATE OF TEXAS:**  
To all persons interested in the estate of W. A. Cowan, deceased.

Etta Cowan, has, on May 15th, 1925, filed in the county court of Deaf Smith county, the last will and testament of the said W. A. Cowan, deceased, and therewith her application for the probate of said will and testament, and for letters testamentary of the estate of said W. A. Cowan, which will be heard by the said court at the next term thereof, commencing on the first day of June, 1925, at the court house of said County in Hereford, at which time all persons interested in said estate are required to appear and answer said application, should they desire to do so.

Herein fail not, but have you before said court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed same.

Witness my hand and seal of office at Hereford, this 21st day of May 1925.

(seal) **BERRY ORR,**  
Clerk of the County Court Deaf Smith County, Texas

## Now Ready for Motor Car Owners! MOTOPOWER

The GASOLINE  That LUBRICATES

Motor car owners of this city can now get MOTOPOWER—The Gasoline that Lubricates! This is the motor fuel which has created such a tremendous sensation in other cities where it has been introduced. Its popularity has been instantaneous—it has made friends my the millions. It means new life for your motor, more mileage—fewer repair bills. MOTOPOWER contains no injurious chemicals or acids. It is absolutely guaranteed not to injure the finest motor or carburetor.

### Here's What MOTOPOWER Does

It lubricates—that in a nutshell is the big secret of MOTOPOWER Gasoline. MOTOPOWER is a heat-resisting oil. It lubricates the valves, the valve stems and behind the top piston rings. It softens and dissolves carbon. The natural result is better compression, which in turn gives you more power and more miles to the gallon.

MOTOPOWER lubricates the interior of your motor on the same principle that the interior of a steam engine is lubricated. Just as the oil goes in with steam on a steam engine, so does the oil of MOTOPOWER go into your motor with the gasoline vapor. Compression is the main thing in a motor, and MOTOPOWER maintains compression.

MOTOPOWER, with all its economy and efficiency, costs no more than ordinary gasoline. There is just one way to convince yourself that MOTOPOWER will do all we claim for it—save you money, save you trouble and give 100% satisfaction. Give it an actual test in your motor car.

Seeing is believing! Drive in and let us demonstrate how MOTOPOWER keeps your engine in condition to give you more power and more miles per gallon!
