

In County Board Meeting Today

Bus Issue To Be Discussed

OUTSTANDING FARMERS — Recognized as the Lions Club Farmer of the Year for 1968 at the noon meeting Wednesday was Gerald McCathern (top photo) shown with his wife. In the bottom picture, G. V. and Elmo Hall, from left, were honored by the Dawn Lions Club as the 1969 Outstanding Farm Conservation Award winners. —Staff Photo

A situation involving the acceptance or rejection of four 72-passenger buses for the Hereford Independent School District is set for new discussion by the Deaf Smith County School Board of Trustees at a 10 a.m. meeting today in the office of County Judge H. C. Williams.

Although a special 48-passenger bus for Special Education students was approved at a recent meeting of the board, the 72-passenger buses were "tabled" for the time being.

Judge Williams, who is ex-officio head of the county school district, reported that under state law the county board must approve all local school bus purchases regardless of the school district where they will be used.

Serving on the county school board are Robert Strain, Grant Hanna, L. J. Strauss, Floyd Brown, and Don Baugous.

Judge Williams issued the statement that "there is no animosity between the two boards that I know of. The buses were not turned down — the matter was merely set aside. Board members said they felt there is a certain danger in the operation of the 72-passenger buses on some of the present routes. They certainly do not want any child killed. What they want is to merely talk over the situation with the Hereford school officials and trustees — just visit with them. This is certainly normal."

However, he did report that he had received communications from an official of Texas Education Agency in Austin requesting action on the buses. All buses are planned for use "hopefully" near the beginning of the new school term in September.

Johnny Clark Jr., superintendent of the Hereford schools, specified that the order for all five buses was made by the Hereford school board on the recommendation of Texas Education Agency.

Clark said, "Transportation is supposedly 100 percent state financed for schools. Because of this we have to rely on state decisions and recommendations. But for other (bus) services we do put local money into transportation. Really, we felt if there is a dispute between anyone regarding the buses, it is be-

tween the Texas Education Agency and the county board. And if there is a dispute between them, we do not want to become involved in it because of the county funds involved."

He reported that the Hereford school system has been successful in increasing the state grant here by some \$16,000 from the Texas Education Agency through "working with them."

A statement from the Hereford School Board of Trustees informed that "it just stands to reason that the thinking of our board, which has to bear any expense beyond what the state allows, cannot always be compatible with that of a group that has no financial or management responsibility. Hence this merely becomes a problem that needs to be submitted to the state for clarification."

Hereford school board members are Olin Parris, Raymond White, Ed Loerwald, Hilrey Aven, Hugh Clearman, Bill Gentry, and Dr. A. T. Mims.

On the matter of safety, Clark pointed out that all administrators and trustees of the Hereford board are equally as interested in this matter as the county board. Their plans include an inspection of all local roadways which school buses travel on a consistent basis.

While Clark said there are no plans for the Hereford board to meet with the county board at this time, there have been personal meetings between him and Judge Williams on the matter.

Absentee Vote Light In The Trustee Race

Only one absentee ballot had been cast in the Hereford Independent School District Board of Trustees election at press time Wednesday, the school tax office reported.

Election date for three trustee positions is April 5. Absentee balloting will continue through April 1.

Trustees reported that the April 5 election will fall one day prior to Easter and there is a possibility that a number of voters will be out of the city at this time. With four candidates on the ballot for three positions they emphasized that absentee voting should be stressed in such cases because of the importance of the election.

Two candidates are incumbents — two are newcomers. Olin Parris and Hugh Clearman have been on the board for some time. Lowell Shap and Wayne Phillips filed their intentions shortly before the deadline.

Brashear Now In Hospital

Marine Lance Cpl. E. G. (Gene) Brashear of Hereford is now a patient in a Naval Support hospital at an undisclosed location in South Vietnam.

His parents, Mr. and Mrs. George E. Brashear of 311 N. 25 Mile Ave., received a telegram from Washington on Wednesday stating that their son was in an accident on March 17 (Monday) and is suffering from carbon monoxide poisoning.

No other details were released on the accident.

However, L-Cpl. Brashear's present condition is listed as good, according to the Pentagon report, and his recovery prognosis excellent.

Brashear was shipped to Vietnam in January and has reportedly seen action in the Mekong Delta during the recent much-publicized offensive.

LONG CAKE! — Hereford American Legion Post Commander S. T. Wiseman and Auxiliary President Mrs. LeRoy Williamson are shown holding the "American Legion 50th Anniversary" cake which

was served as dessert Tuesday night at Legion headquarters in Veterans Memorial Park following a special dinner served in honor of the national celebration. —Staff Photo

City Council Buys Truck; Approves 1969-70 Budget

In the regular Monday night meeting of the City Commission, a record budget involving total revenues of \$1,079,656 and expenditure of \$1,071,333 was adopted for the city with other business covering a proposed annexation, bids on the Camp Fire Hut and bids on a truck to replace the one damaged in vandalism last year.

The record budget, adopted before only three persons other than the commissioners themselves, was over \$70,000 more than the record budget approved for last year.

Commissioners also opened bids for the Camp Fire Hut, located on Ninth St., with Bob Campbell high bidder with \$200. The money will be paid to the Camp Fire Council. Also, sealed bids on four used police cars were taken and each car was sold to the highest bidder. They brought a total of \$4,320.

The commission also took bids on a 1969 one-ton long-wheel base truck for the Health Department to replace the one burned last year in vandalism of the City Barn.

The bid by Orval Watson Ford of Hereford for \$2,684 was accepted by the commission.

No one was present for the public hearing on the proposed annexation located west of U. S. 385 and south to 15th St., so no protest was presented.

Estate Planning Program To Be Held Friday

Third program in a series on Estate Planning, presented in Dawn Community Center with the public invited, will be given at 7:30 p.m. Friday by Ed Garnett, area farm management specialist with the Texas Extension Service.

Dawn Home Demonstration Club is sponsoring the programs, presented by Deaf Smith County lawyers and Extension Service personnel. The talks are on various practical aspects of estate planning, investments and wills.

Services Held Wednesday For L. D. Krebs

The funeral of Lawrence D. Krebs, 57, was conducted Wednesday afternoon in Rose Chapel of Gliliand Funeral Home by the Rev. Clifford Trotter, pastor of First United Methodist Church. Burial was in West Park Cemetery.

Mr. Krebs, a resident of Hereford since 1962 and also for several years at an earlier period, had recently made his home in an Amarillo convalescent home, where his death occurred.

A native of Pennsylvania, he came to Texas from that state. He was a veteran of military service in World War II and a member of the Methodist Church.

He married Ruth Shuler in Pennsylvania in 1937; she died in 1965.

A niece, Mrs. C. T. Thames, lives in Hereford and a sister, Mrs. Catharine Enfield of San Benito, is formerly of this city. Other survivors are a stepdaughter, three grandchildren, one great-grandchild two other sisters and a brother.

Condition Of Ronnberg Boy Is Improved

The condition of Lanny Ronnberg, a sophomore student at Hereford High School, who was critically injured here Sunday, has improved and he has been moved from the intensive care ward at St. Anthony's Hospital to a private room.

Ronnberg, 15, is the son of Mr. and Mrs. Ed Ronnberg, who moved here recently from Greeley, Colo.

He was injured Sunday when he fell from the rear of an automobile while throwing snowballs. He was taken to Deaf Smith County Hospital and then transferred to the Amarillo hospital where he was suffering from a compound skull fracture and internal bleeding.

Friends of the family said that his doctor reported it would be seven days before he would be out of danger.

Board Dinner Set Friday

Past Hereford Independent School District Board of Trustees Dinner is set for 7:30 p.m. Friday in the Hereford High School cafeteria, according to superintendent Johnny Clark Jr.

All current and past board members have been invited for the dinner, along with other guests.

Plant Grows

ROCKPORT, MO. — Melvin Rolf, chairman of the board, and Gene Frye, president of Missouri Beef Packers Inc., announced Wednesday

at their annual stockholders meeting that plans are "well underway" for the construction of two additional plants.

Crowd Attends Despite Snow

NFO Family Fun Night was held Saturday night at the Little Bull Barn with approximately 125 people attending "in spite of the weather," according to secretary Mrs. F. A. Marnell.

Although highways were decked with snow, Mrs. Marnell said that there were still guests at the party who had driven in from Amarillo, Dimmitt and other area points. She reported that NFO was very pleased with the turnout.

Don Kimball of Amarillo gave a talk on the progress of NFO in Texas and reported that Frio and Bell counties had been chartered with two other counties set for charter.

Robert Hawkins from Hart gave his impersonation of comic Justin Wilson. Music was furnished by a band composed of Woody McDermitt, James Gentry, Norman Hodges, Jerry Don Glover, and Terrell Hodges. Afterward, Arliss Edwards presented slides which were made on his recent trip to Australia. Mrs. Marnell also reported that both adults and young people engaged in volleyball play and that "as it turned out, the size crowd we had was perfect for the section we had of the Little Bull Barn for heating."

These plants are reportedly in addition to the breaking and fabricating expansion at the Friona and Rockport plants announced in the annual reports, since negotiations are still underway.

Further details were not divulged. However, it was stated according to the present intentions of management that there would be no dilution of stock resulting from this expansion.

The decision to undertake this expansion was reportedly made following a thorough feasibility study.

Deadline For Signup Friday

The Agricultural Stabilization and Conservation Service office reminded that producers who want to take part in the 1969 farm programs for Wheat, Feed Grains or Upland Cotton may sign up through Friday.

The first step in participation is filing a program application at the County ASCS Office.

Deadline is Friday, March 21.

Federal Tax Bill, \$6,772,000 Here

(SPECIAL TO THE BRAND)

NEW YORK. — Beware of Ides of April, for that is when the taxman cometh to Deaf Smith County.

He will be on hand to collect personal income taxes from local residents on the basis of their 1968 earnings.

And the likelihood is that his visit will be more profitable for him than ever before.

The way it sizes up, local taxpayers will be forking up considerably more than they did last April 15th, when they produced close to \$5,515,000 for Uncle Sam.

That is the approximate amount that was turned in locally, as determined by an official breakdown of the statewide figures announced by the Internal Revenue Service, and from local income reports.

They show that the personal tax payments from the State of Texas as a whole came to \$3,447,000,000.

Some 0.16 percent of this total was contributed by residents of Deaf Smith County. And this year, because of the 10 percent surtax that is now in effect and because of the bigger earnings and higher employment ratio that prevailed in 1968, the expect-

ation is that the tax yield generally will be about 20 percent greater than it was a year ago.

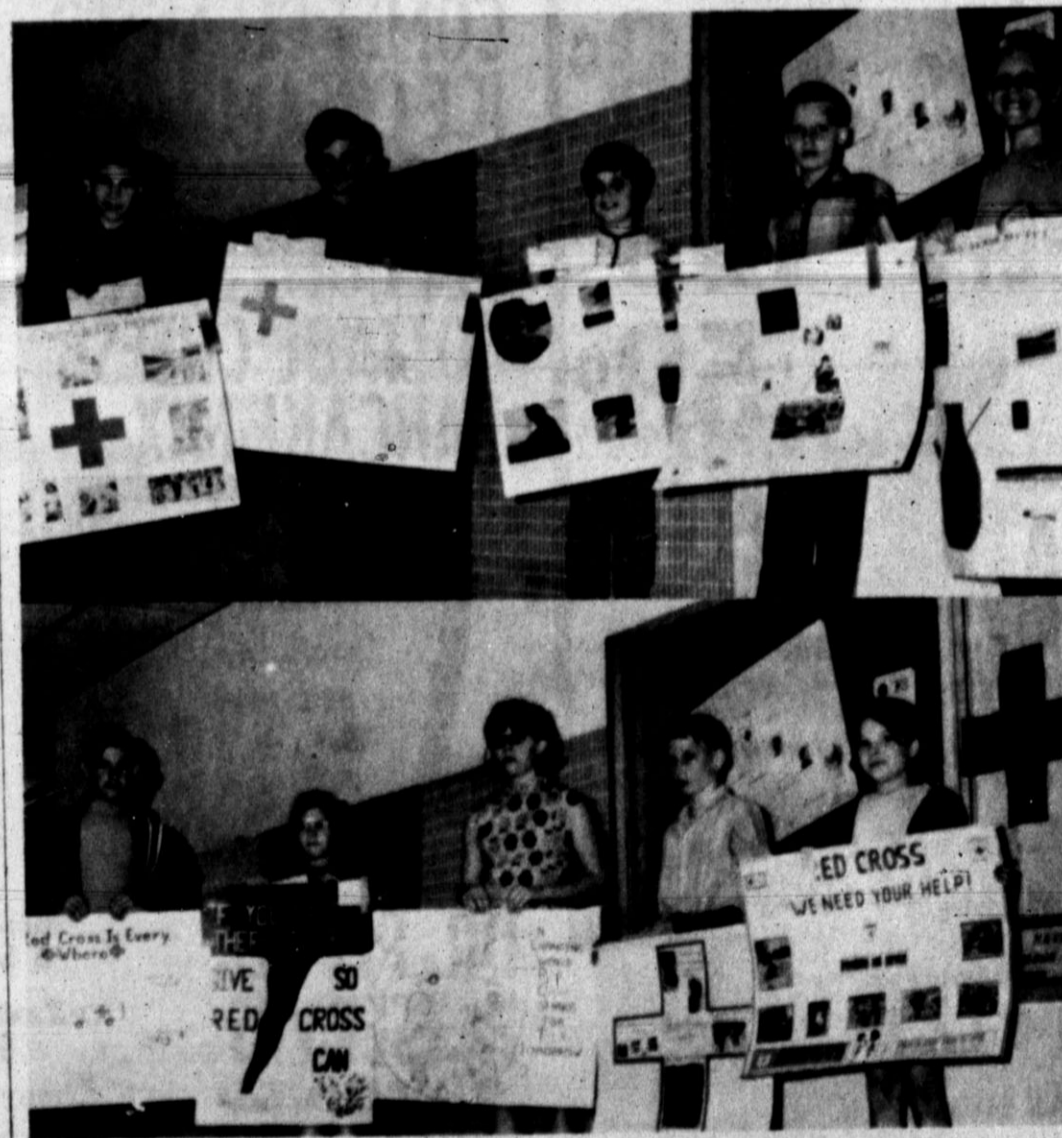

The current budget, submitted to Congress in January, indicates just how much of an increase is counted on by the Treasury Department. It calls for \$84.4 billion in personal income taxes, as against \$68.7 billion last year.

Taxpayers in the local area will be paying a commensurate share of this \$15.7 billion rise. On the basis of their economic gains in the past year, their forthcoming contribution is expected to be close to \$6,772,000, or about \$1,257,000 more than in 1968.

Some idea of what the next fiscal year will be like, from the standpoint of Federal taxes, is indicated in the new budget.

With the 10 percent surtax retained, it counts on collections of \$90.4 billion in personal income taxes a year hence, or \$6 billion more than at present.

For Deaf Smith County residents to carry their share of this rise without adjusting their mode of living would necessitate an average increase of 7 percent in earnings during 1969.

ELEMENTARY SCHOOL WINNERS — These ten Hereford elementary school students were, announced as winners in two divisions of the Red Cross poster contest. In Division 1 (above), Jackie Lynn Manning, first place, Northwest; James Alston, second place, Bluebonnet; Sherry Kelly, third place, Alkman. Honorable mention went to Mark Betzen, St. Anthony's, and David Lynn Arney,

Northwest. In Division 2, Steve Alston, first place, Bluebonnet; Pamela Mazurek, second place, St. Anthony's; Betty Banks, third place, Bluebonnet. Honorable mention went to Dennis Schilling, St. Anthony's, and Lynnette Cawthon, Central. Winners received cash prizes including \$10 first place, \$7.50 second place, and \$5 third place. —Staff Photos

Two Local Men On Task Force

Tom Murphy, director of the sugar beet policy staff for the Agriculture Stabilization and Conservation Service in Washington D. C., reported in a letter to Hereford attorney James W. Witherspoon that he, Witherspoon, and Jay Boston of Hereford had been reappointed to the Task Force for the coming year.

Boston and Witherspoon are officers in the Texas-New Mexico Sugar Beet Growers Association.

The American Power Boat Association's Gold Cup speedboat classic will be held Sunday, Sept. 28 in San Diego. There will be three 15-mile heats. Qualifying runs begin Sept. 26.

Produce Firm Fails To Pay

(Ft. Worth) — Emmanuel Corporation, a produce firm at 718 Thunderbird, Hereford, Texas, has failed to pay a reparation award of \$2,675 issued under the Perishable Agricultural Commodities Act to a shipper of East Grand Forks, Minn., the U. S. Department of Agriculture disclosed today.

Officials of USDA's Consumer and Marketing Service said the firm and its officers, directors and stockholders — Tom Sawyer, Anavi Buchanan and Ann D. Sawyer — are not entitled to conduct business under the PAC Act until the reparation award is satisfied. They may not be

employed by any PACA licensee without USDA approval.

C&MS officials said the Minnesota shipper complained that Emmanuel Corporation had failed to pay for three carloads of seed potatoes purchased in the interstate commerce. The firm was advised of the complaint, but did not answer the charges. USDA ordered payment of the full amount claimed due, plus interest.

Regulatory services of PACA for Texas and other southwestern states are handled by the Ft. Worth office, regulatory branch, fruit and vegetable division, C&MS, U.

AWESOME GIANT — The size of the giant water tower which is to provide water for the Wilson and Company plant, can be depicted by comparing it to size of the workman near the upper right corner of the dome. The tower will hold an estimated 400,000 gallons of water. —Staff Photo

SDA. Joseph E. Ward is in charge of the office, Room 9-c-03 Federal Office Bldg., 619 Taylor Street.

The PAC Act establishes a code of good business conduct for the produce industry. As a means of enforcing that code, it requires that interstate traders in fresh and frozen fruits and vegetables be licensed.

Diamonders Battered By Rebels In 10-2 Slugfest

Tascosa's undefeated Rebels took advantage of several Whiteface playing errors and uncountable mental mistakes Tuesday, handing the locals their fifth setback of the season, 10-2.

The AAAA Rebs received seven unearned runs in the game as they started the game off with two of them in the first frame.

After having little trouble with the locals in the top half of the initial inning, the hosts scored three runs in the first inning when Whiteface shortstop Randy Ragan erred on the first batter, the second got a free pass and the number three swinger connected for a round tripper for a 3-0 lead at the end of one.

Hereford was held again in the second frame, and the Rebels slipped another run across in the bottom of the second when the first batter walked and was followed by two consecutive hits to score. Neither team managed to score in the third, but Hereford narrowed the home team's lead to two runs when right fielder Gary Lemons

connected for a single, was sent to third on a single by third sacker Donnie McDermitt, and scored on another single by pitcher Keith Anderson. McDermitt then scored when Ragan connected for a single and the score stood at 4-2 for Tascosa.

The Rebels managed to get back the two runs plus three more in the bottom of the third when the Whiteface defense fell apart, committing two costly errors in the outfield.

After getting the first batter to pop out, the locals saw the second batter single and the next get a free pass. The top of the Tascosa lineup came around then and so did the first costly outfield error that killed the local's hopes. Leadoff Reb Mark Case bloomed one to right field where the sun caught it and the fielder lost it, allowing the two runners aboard to score. Two base-on-balls loaded the bases and another outfield error scored all three runs, giving the Rebs a comfortable 9-2 lead going into the fifth frame.

Hereford was shut out the remainder of the game, and the Tascosa team added insult to injury as they got one more run in the bottom of the fifth, ending the scoring, 10-2.

Anderson received the loss, but was the leading hitter for the Whitefaces as he went one-for-two. Ragan had one-for-three as did catcher Jim Loerwald, Lemons and McDermitt.

Hereford also received another setback on Monday at the hands of the Palo Duro Dons by a score of 5-1. Hereford drew first blood in the fourth by sending one runner around, but the Dons came back to tie the game up in the bottom of the frame, 1-1. Both teams were scoreless until the sixth, when the host Dons exploded for the game's final four runs and a 5-1 victory.

The locals will next see action Friday when they go to Plainview to battle the AAAA Bulldogs in a 4 p.m. game.

THERE SHE GOES — Whiteface first sacker Sheldon White watches a ball sail toward the outfield in Tuesday's game against the Tascosa Rebels. The 'Faces' lost the contest, 10-2.

Kings, Queens Name Bowlers

Bonnie Bauman and Chuck Clarke were named the "Bowlers of the Week" in Kings and Queens Bowling League play for last week as Mrs. Bauman had a "High Game" of 213 and a "High Series" of 545 and Clarke rolled a "High Game" of 229 and "High Series" of 574.

Missouri Beef Packers nabbed the "High Team Game" honors with a 808 and

also the "High Team Series" with a 2301.

Splits were picked up by Bertha Arnold, the 4-9; Bonnie Bauman, the 5-8-10; Jerry Self, the 5-10; Buddy Evans, the 5-7; and Audine Detman and Margaret Collins, the 3-10.

In action last week, One Hour Martinizing won 4 and lost 0; Missouri Beef Packers won 3 and lost 1; Sunset Lanes won 1 and lost 3; Quarterhorse Club won 0 and lost 4; Farmers Elevator won 1 and lost 3; Sunset Food Center won 1 and lost 3; Vance Hall Sporting Goods won 3

and lost 1; Hereford Janitor Supply won 3 and lost 1; Cougar Club won 3 and lost 1; and Powell's Mobil Service won 1 and lost 3.

Standings show Sunset Food Center, Sunset Lanes and Hereford Janitor Supply tied for first with 26-14 marks; Vance Hall Sporting Goods, 25-15; Missouri Beef Packers and Quarterhorse Club, 18-22; Cougar Club, 17½-22½; Farmers Elevator, 15½-24½; Powell's Mobil Service, 14-16; and One Hour Martinizing, 13-27.

Annual Rodeo Is Set March 27-29

West Texas State University Rodeo Association will host its Third Annual Intercollegiate Rodeo in the Tri-State Fair Coliseum in Amarillo with nightly performances on

March 27, 28 and 29 and a matinee at 2 p. m. March 29. Evening performances will begin at 7:30 p. m. and tickets may be obtained at Teepee Western Wear in Amarillo or from the WTSU Rodeo Association, P. O. Box 766, W.T. Canyon, Texas 79-015, or at the gate. Admission has been set at \$2 for general admission and \$3.50 for Box Seats.

Drags Are To Be March 30

AMARILLO — Amarillo dragway officials will try once again to get their ill-fated season opener off the ground following postponement of the event because of inclement weather last Sunday.

Some 200 entries have signed up for the rodeo, representing 13 different college teams from Texas, New Mexico and Oklahoma. Proceeds from the event will go toward a scholarship for a Boys Ranch graduate of West Texas State University, which will be given by the WTSU Rodeo Association.

The new race date, Sunday, March 30, hopefully will provide old man winter with enough time to complete his belated rush through the southwest while at the same time offering racers and race fans conditions more conducive to their enjoyment of the sport.

A handsome team trophy will be awarded to the high point boys' team and high point girls' team. Silver and gold trophy buckles will be given to the all-around boy and girl and to each event winner.

Although expectedly disappointed with their first "snow-out" in 10 years of operation, dragway officials expect an even larger turnout of fuel dragsters than was predicted for the March 16th date.

The rodeo, approved by the National Intercollegiate Rodeo Association, is the largest indoor winter college rodeo in the United States. Events will include, for the boys, bareback bronc riding, tie-down calf roping, saddle bronc riding, ribbon roping, bull dogging and bull riding. Girls events will include barrel racing, goat tying and break-away calf roping.

The reasons for such optimism are twofold. First, the extra two weeks should give several fuel crews enough time to complete work on cars which would not have been ready for the earlier start.

Announcer for the rodeo will be Nat Fleming, Wichita Falls, while Frank Hunter of Amarillo and Bill Stephens of Hereford will serve as judges. Rex Allen will be the specialty act.

And secondly, the rescheduled date is not in conflict with any other major race in the Southwest, whereas the March 16th date conflicted with top fuel race at New Orleans.

The same cars which were to have run on March 16th are expected to return for the March 30th race and the track also expects to pick up a dozen or more cars from South Texas, Arkansas and Louisiana which were committed to New Orleans on March 16th.

Kathy Whitworth set a Ladies PGA record by earning \$48,379.50 during 1968. She won 10 of the 30 golf tournaments in which she participated. It was her fourth straight year as leader.

League Changes Meeting Plans

Plans for the Colt League baseball meeting, which had been set for Friday night, have been changed for tonight, it was announced by Floy Driver, president of the organization.

Driver expressed the urgency of all interested persons to attend the meeting so that plans can be worked out for the coming season. He pointed out that Nazareth had dropped out of the League and to offset the loss of the team, Dimmitt and Hereford will each have two teams in the league.

Plans for the season, schedules, and discussion of the proposed lighting for the field, will be discussed at the meeting.

The meeting will be held in the Community Center Scout Room, beginning at 8 p. m.

Merchandise Shoot Is Set

Hereford Gun Club will host a "Merchandise Shoot," scheduled for Sunday, it was announced by Jim Lassiter, member of the club.

Practice rounds will begin at 1 p. m. with regulation shooting set for 2 p. m. Entry fees will vary according to the merchandise being shot for, which will include hams, bacon, turkeys and others.

Ammunition will be available at the range, and the public is invited to attend and participate in the shoot.

Lassiter also announced that there will be a meeting of members of the club tonight at the Pioneer Natural Gas Company building Flame Room, beginning at 8 p. m. All members are urged to attend.

Eric Allen, Michigan State freshman halfback, carried the football 71 times in his team's two 1968 games with Notre Dame's yearlings.

Track Meet Is Saturday

Hereford, defending champion of the Hereford Invitational Relays, will put its title on the line here this Saturday in this year's meet as some of the top teams in the state are to participate.

The meet will consist of two divisions in which eight teams will compose Division I and 11 for Division II. A. Bernathy, Wellington, Friona, Dimmitt, Sunray, Floydada, Boys Ranch and one other team will make up the field of Division I while Tascosa, Plainview, Clovis, Dunbar, Estacado, Canyon, Littlefield, Levelland, Tullia, Muleshoe and Hereford will finish out the field of Division II.

Expected to battle it out for the Division II title this year will be Estacado, Dunbar, and Tascosa. Estacado's 440 relay team has been clocked at 42.0 seconds, just one second off the national record. Both the Dunbar and Tascosa relay teams have also been clocked at times below 43 and are expected to be right in there with the other teams.

Finals for the meet will begin at 2 p. m. with the 440-yard relay and will be followed by the 880-yard dash at 2:10. At 2:25, the finals in the 120-yard high hurdles; at 2:40 the 100-yard dash; at 2:55 the 440-yard dash; and at 3:10 the 330-yard intermediate hurdles.

At 3:25, the 220-yard dash finals will be held and a special two mile relay for sophomores of all schools will take place at 3:40. The mile run will be at 3:55, the mile relay at 4:05 and the presentation of trophies to the winning teams will be at 4:15.

There will be no admission to the meet.

Boppers Benefit Is Set Tonight

The HHS "Bouncing Boppers" will clash with KPUR Radio station's "Bumbling Basketers" in a cage benefit game tonight at the Hereford High School gym beginning at 7:30. Admission to the game is \$1 for adults and

75 cents for students. Children under 12 will be admitted free.

Sponsored by the high school Student Council, the game is one of many played by KPUR's radio staff throughout the area.

Mrs. Stagner Elected Head Of Committee

At a recent meeting of mothers of athletes, Mrs. Earl Stagner was appointed chairman of the group and plans are now underway for the Athletic Banquet which is to be held Monday, April 28 at the Bullbarn.

Coaching the Hereford locals will be Pat Hughes and Ray Barber will serve as referee.

"Bouncing Boppers" team members include David Borstein, Eddie Berry, Bill Briscoe, Larry Dippell, Cuby Kitchens, Mal Manchee, Bill Narrell, Lester Payne, Harvey Penner, Fred Upshaw, Larry Wartes, Bill Devers, and Mike King.

Leading the cheers for the local locals will be Sue Painter, Biogene Anderson, Mozelle Neill, Glenda Whisenant, Helen Rose and Joyce Wartes.

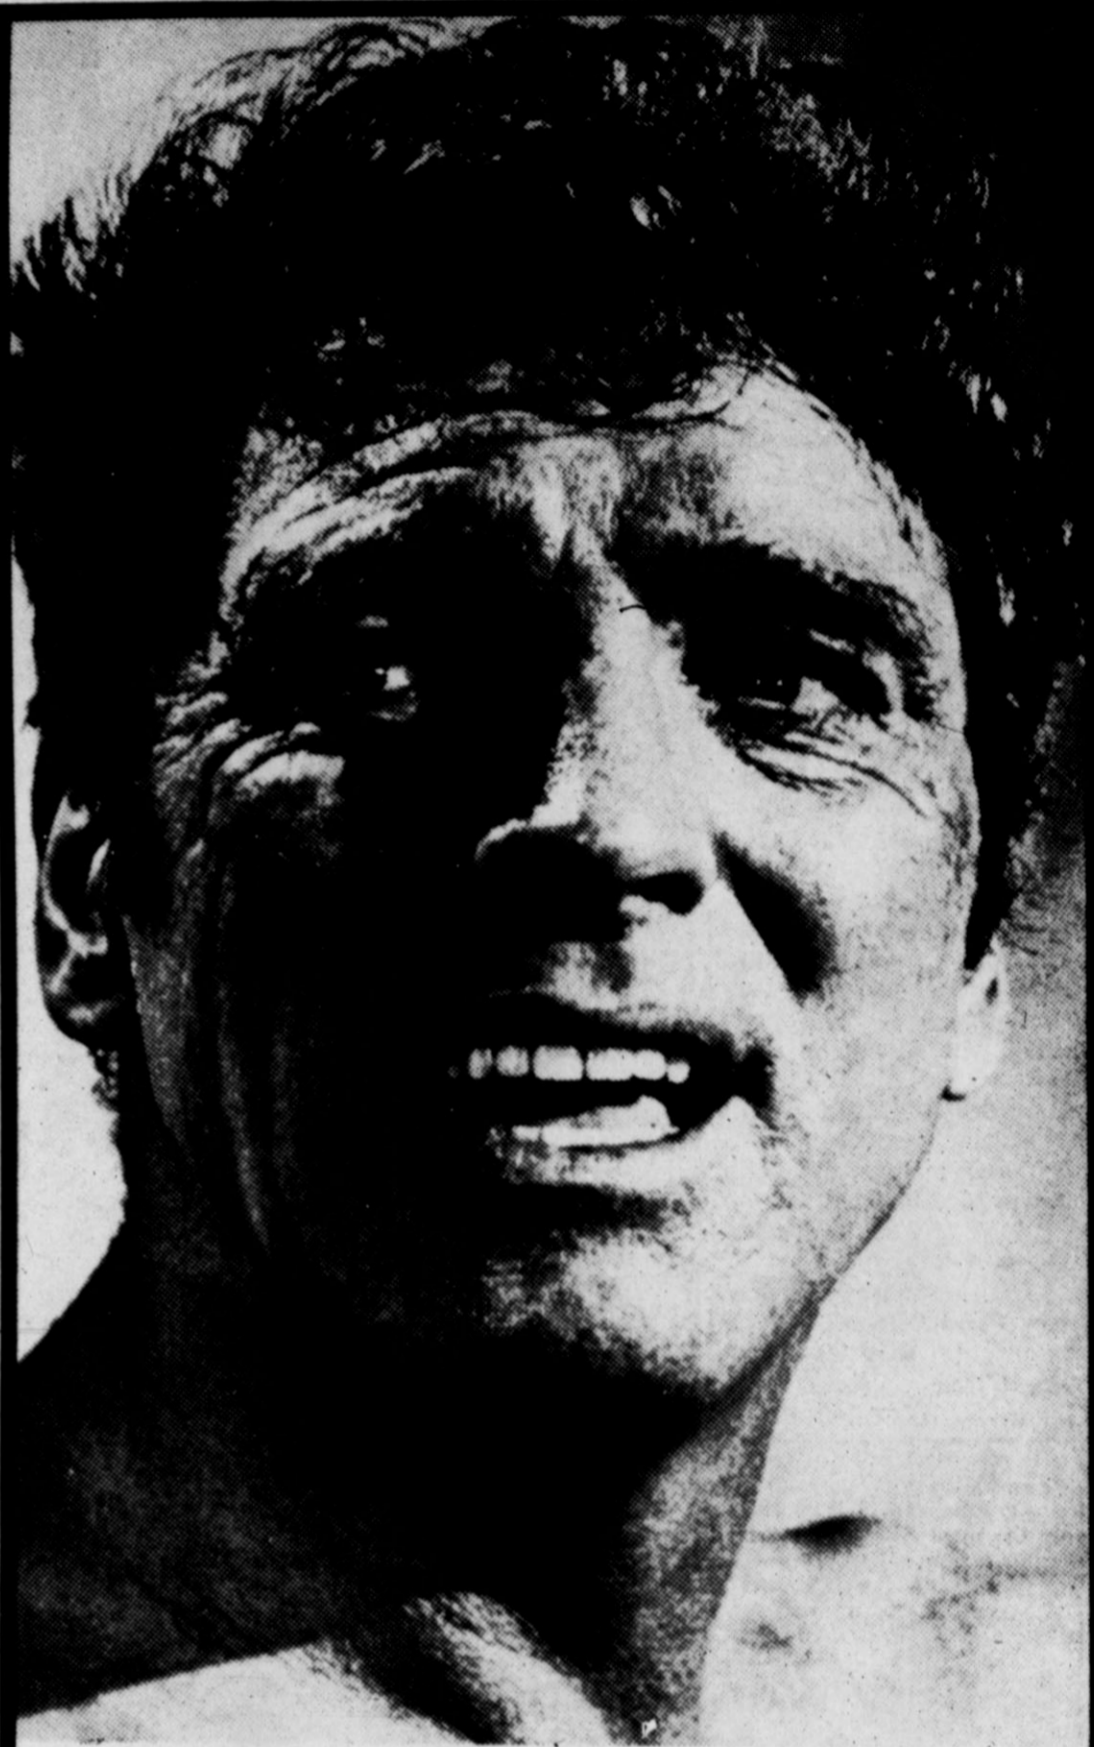

Committees were appointed and chairman selected for decorations, ticket sales and the final setting up of tables.

The public is cordially invited to attend the tilt which promises to be a new variety in basketball.

The next meeting will be at 5 p. m. Tuesday afternoon, March 25 at the Community Center.

All mothers of athletes are urged to attend these meetings.

Doug Sims of the Cincinnati Royals teaches school in the off-season.

Learn the seven warning signals of cancer. You'll be in good company.

1. Unusual bleeding or discharge.
 2. A lump or thickening in the breast or elsewhere.
 3. A sore that does not heal.
 4. Change in bowel or bladder habits.
 5. Hoarseness or cough.
 6. Indigestion or difficulty in swallowing.
 7. Change in a wart or mole.

Pioneer Natural To Be Listed On Stock Exchange

NEW YORK... March 19, 1969... Pioneer Natural Gas Company expects to be listed on the New York Stock Exchange in the very near future, according to a statement made today by C. I. Wall, chairman of the board and president of the company speaking before the New York Society of Security Analysts. Wall announced that the company had filed an application on Tuesday, March 18, for listing on the "Big Board."

Discussing the company's future with the Analysts, Wall stated that the combined deliveries of natural gas for new industrial loads connected during 1968 and under contract for future delivery should approach 200 million cubic feet per day.

Four executives of Pioneer made an appearance before the New York Security Analysts. In addition to Wall, the company was represented by B. P. Smith, executive vice president, E. S. Morris, senior vice president of Amarillo Oil Company, a wholly-owned subsidiary, and A. F. Cox, senior vice president of Pioneer and president of Amarillo Oil Company.

In his remarks to the group, Smith, who is chief financial officer for Pioneer, said "We believe the five-year period ending 1973 will call for capital expenditures by the company of at least \$50 million." He went on to say, "The company is pursuing and making studies

of diversification which may or may not be in related lines. We will be highly selective in any acquisitions and will form new subsidiary companies when appropriate. We are interested in any ac-

quisition or diversification that will benefit Pioneer's stockholders."

Morris, reporting on the activities of Pioneer's subsidiary, Amarillo Oil Company, discussed the present and future activity in the company's exploration for oil and gas. He said, "A greater emphasis was placed on Canada as an exploration province during 1968, and we plan to increase our efforts in this direction."

A. F. Cox outlined the date for constructing the mill has not been definitely set.

February 1, Amarillo Minerals, a Pioneer subsidiary, and its partners, in the Texas Coastal Gulf Area had discovered at least 4,000,000 pounds of uranium oxide with the first 1,000,000 feet of drilling. Cox indicated that Amarillo Minerals, together with partners, plans to construct the largest capacity mill that the ore reserves owned or controlled in the Texas Coastal Plain Area will support. He went on to say that the date for constructing the mill has not been definitely set.

In reporting further on the company's uranium exploration efforts, Cox pointed out that the company holds leases in Wyoming, Colorado, New Mexico, and Utah, as well as other areas of Texas. Additionally, the company has recently filed on some claims in an uranium-active area in northern Saskatchewan.

Cox completed his report by announcing that the company had started exploratory drilling in Wyoming, and went on to say, "It is our intention, of course, to concen-

trate our exploratory efforts in the immediate future to the Texas Coastal Plain Area, but also to have representation in the other areas of North America where uranium may be found."

PLAY 'EM RIGHT

The hardest thing about fishing is getting strikes. But probably the most disheartening is to hook a possible trophy then lose the fish before it's netted.

Landing fish, say the experts at Mercury outboards, always involves some luck, but, by using the right techniques, the odds can be shifted in your favor.

First, the hook must be set firmly — the exact force required depends on the fish. For instance, soft-mouthed species such as bass and pan varieties call for comparatively little power to sink a hook home, but for fish such as muskies you'll need a stiff rod and a hard solid strike.

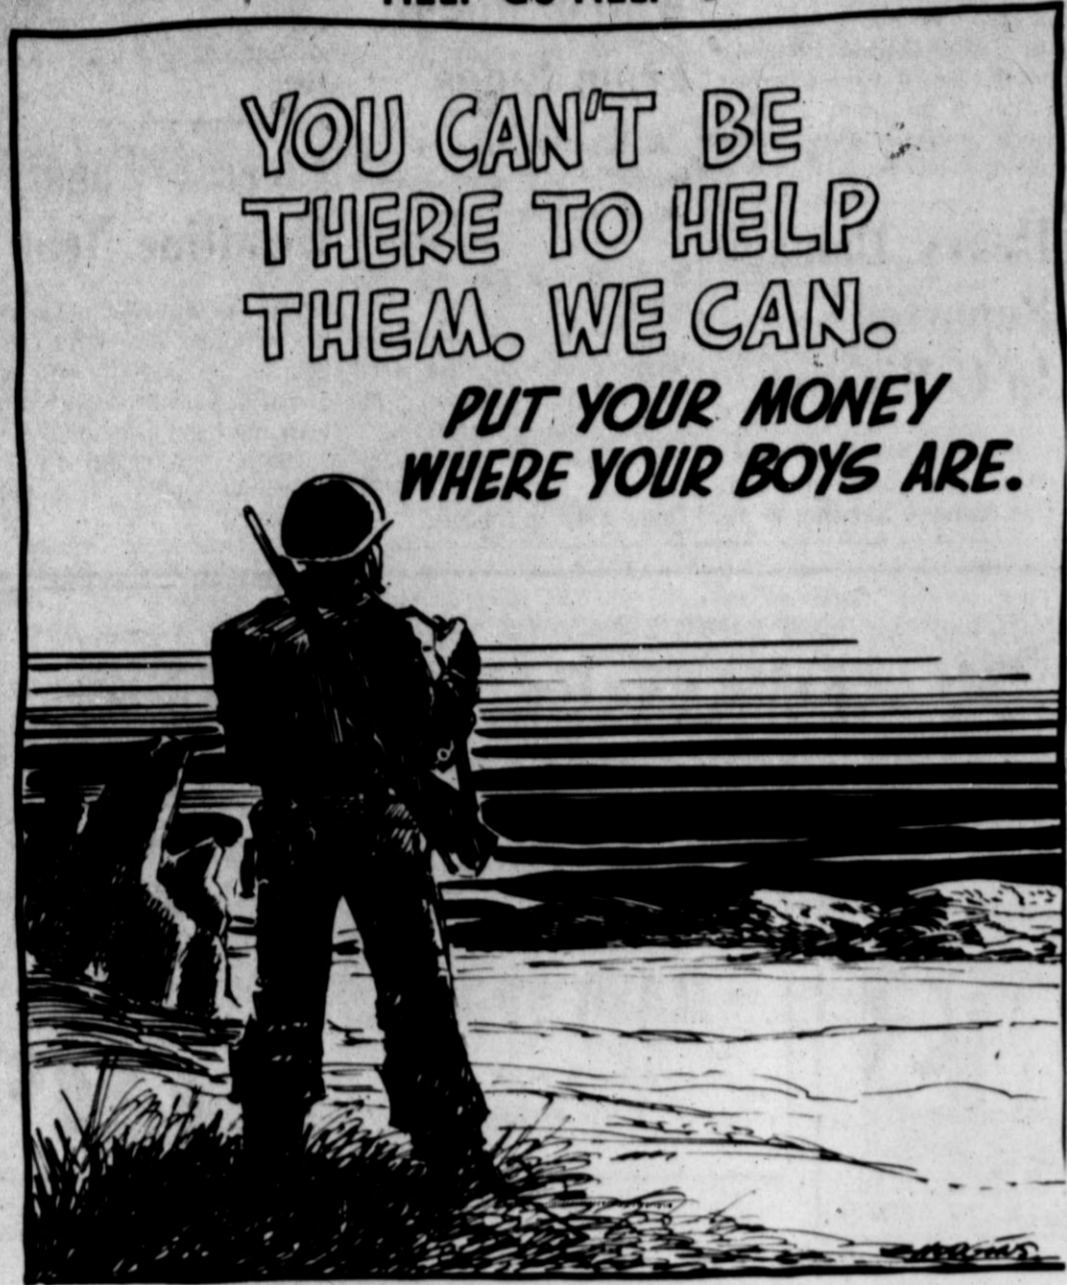

Playing a fish requires a good deal of discretion. You should never baby it, but, on the other hand, don't try to "horse" it in. Too much pressure is the sure way to snap leaders or jerk hooks free.

Finding a happy medium—calls for patience when a fish is strong and heads off across open water on a linestripping run. The further he goes against the line, the more tired he becomes, thus the more pressure you can safely bring against him works for you.

The most important point to remember is to never give the fish a chance to pull against anything solid. Should he jump, give him plenty of slack by dropping the rod momentarily, then recovering cautiously with the rod high. Work the rod in a pumping motion as you reel in line — lift, then lower and reel in a regular pattern.

All the fun in fishing is playing the quarry to the net. Whether you release a battler or put him on the table, the fight is the one thing that makes a certain trip memorable.

Santa Fe Gets New Equipment

Orders for about \$13½ million in equipment have been placed by Santa Fe Trail Transportation Co., a trucking subsidiary of Santa Fe Railway, John S. Reed of Chicago, president of the railway, announced today.

Included were 1,263 vans of various types, 100 chassis for handling containers, 600 refrigerating units and 27 diesel tractors.

"Purchase of this equipment directly relates to an annual growth rate in our piggyback traffic that exceeded 20 per cent," Reed said. "We expect this growth to continue and an adequate equipment supply is essential to meet the needs of our customers."

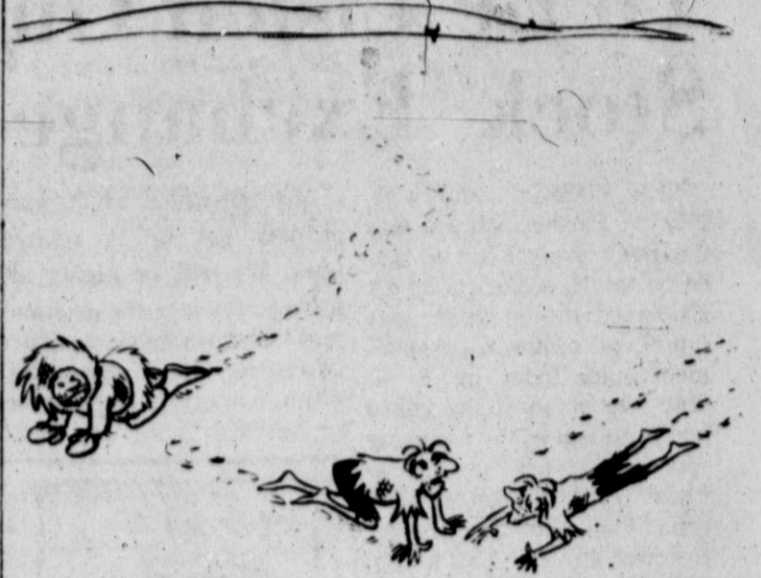

Strick Corp. of Fairless Hills, Pa., will supply 300 insulated trailers; Timpie Trailer Co. of Denver, Colo., is building 370 dry vans; Dorsey Trailers of Elba, Ala., will provide 150 insulated trailers and 100 container chassis; Highway Trailer Industries, Inc., of Edgerton, Wis., will supply 150 insulated trailers; 250 drop frame dry van trailers will come from Lufkin Foundry and Machine Co., Lufkin, Tex., and Pullman, Inc., of Chicago, will produce 43 dry van trailers.

The 600 refrigerating units were ordered from Thermo King Corp. of Minneapolis, Minn., and International Harvester Co. of Chicago, received the contract for 27 diesel tractors.

These orders are part of the railroad's previously announced \$190 million capital expenditure program for 1969.

The Detroit Tigers tied a record when they scored 10 runs in the third inning of the sixth World Series game.

Rebekah Lodge Sunday Brand Hears Program Will Carry Bee Winners

A reading, I Am The Flag, was given by Mrs. Naomi Murrell on the program for Hereford Rebekah Lodge at a meeting in the IOOF Hall Tuesday evening.

Mrs. A. N. Hopson presided for business. Mrs. Roy Manning, completing a year as district deputy president of District 5, thanked her fellow members for their help in making a successful year.

A social period closed the meeting for 15 members and a guest, Mrs. Mary Lou Weatherford of Dimmitt.

Althea Gibson Darben, who hopes to return to tennis during 1969, earned \$2,764.50 while playing in 19 Ladies PGA tournaments in 1968.

Lynn Moore of Ponca City, Okla., will captain Army's 1969 football team.

Due to the fact that the Spelling Bee was held Wednesday afternoon and winners not known at presstime, names and pictures of the champions will be carried in the Sunday Brand.

Asphyxiation Victim Is Recovering

John Sooter, 23, of 309 Ave. J, is reported in satisfactory condition at Deaf Smith County Hospital where he was taken Monday afternoon by ambulance, suffering from asphyxiation.

Sooter had not reported to work Monday because of illness and was found unconscious at 5:45 p. m. by his roommate, Bobby Baker.

He regained consciousness around midnight Monday, hospital authorities said.

Sampson Is Church Singer

Dan Sampson, Minister of Music at the First Baptist Church of Pasadena, Texas, will be the singer beginning Sunday when the First Baptist Church in Hereford will have former local resident Rev. Logan Cummings as speaker during "A Week of Christian Renewal" services, according to pastor Rev. Gerald Mann.

Sampson has been acclaimed for his tenor voice throughout the southern United States, Rev. Mann said. He has sung on many telecasts, radio broadcasts, and in the Houston Grand Opera. He was first-place winner in the National Association of Teachers of Singing contest. Sampson has also recorded two record albums.

He holds a BBS degree from Baylor University, a Master of Music degree from the University of Houston, and is completing a PhD in Music at the same institution. Rev. Cummings, now pastor of Woodlawn Baptist Church in Austin, graduated from Hereford High School in 1954. Rev. Mann reported that this occasion marks Cummings first return visit here as a preacher.

Cummings was noted here as a star basketball player and continued as such while attending Texas Tech in Lubbock, before becoming a minister.

Services will be conducted daily here at 10 a. m. and 7:30 p. m.

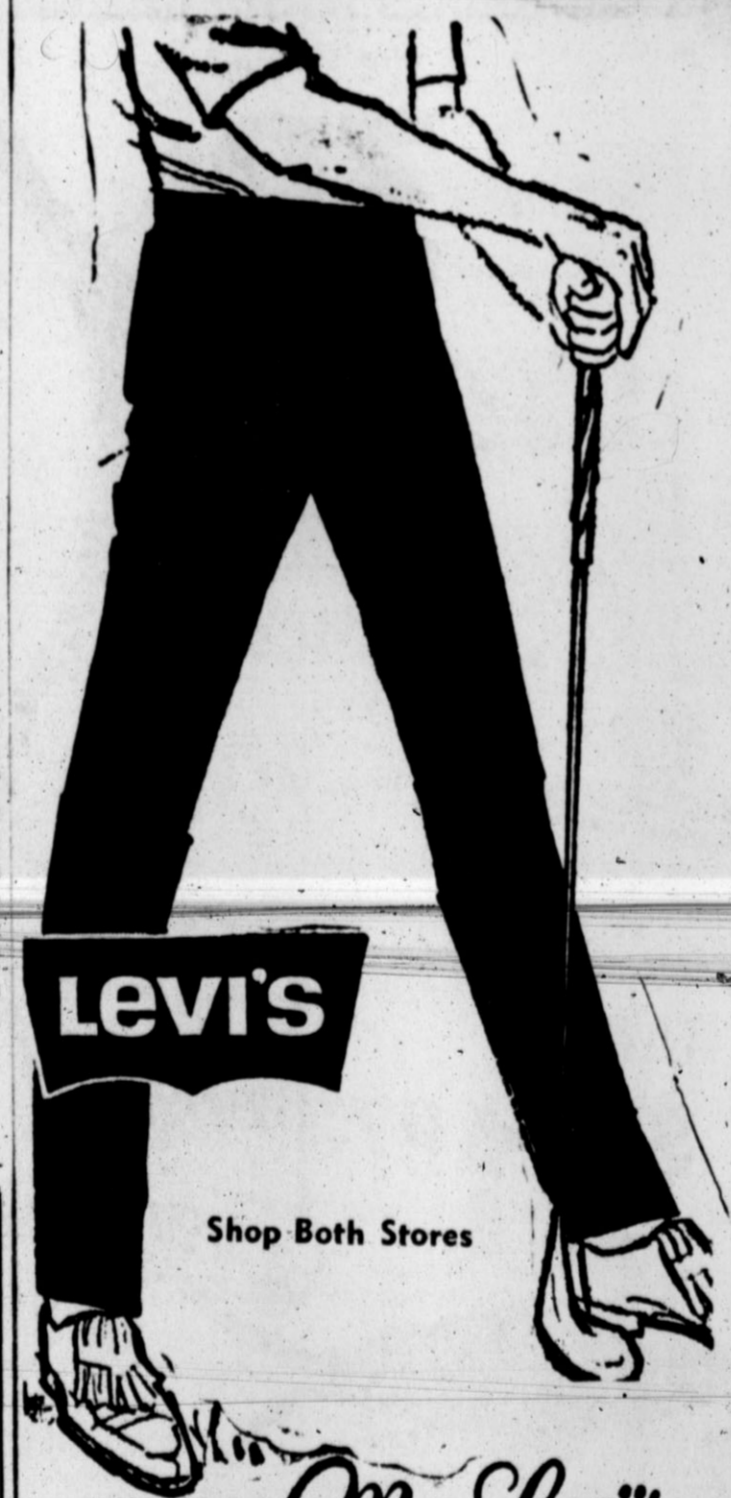

BIRTHDAY HONOREE AND FRIEND — F. L. Pinckert of 1014 East Third recently celebrated his 87th birthday with a family reunion in the home of his daughter, Mrs. Buddy Taylor of Canyon. His sons, Chub Pinckert of Hereford and Bob of Durango, Colo., were present as were his grandsons, Lt. Ovid Pinckert of Ft. Bragg, N.C., and Williford Taylor of Dallas, with their wives. Lt. Pinckert has just returned from Viet Nam after service with the 182nd Airborne Search and Destroy Unit. Mr Pinckert is pictured with his French poodle, Zsa Zsa, who shares his home.

Letter To Editor

Editor:
 We hear a lot about this being a progressive city and county, and it is — It's a wonderful place to live and the people are wonderful, but we would like to ask a few questions.
 North of the city on Avenue F, on a little dirt road about a quarter of a mile long there are two homes Mrs. Frank Wilhelms and

our own. This road has not had a road maintainer on it for three or four years. We have paid property taxes in this county since 1956 and Mrs. Wilhelm many years longer. Does not part of our taxes go for this purpose? Do you suppose we could withhold part of our taxes? Can there not be something done about this? All the work that has been done on this road the past three or four years has been done by us with a small tractor and blade.

Pupils Appear As Club Guests

A rhythm demonstration by a group of 10-year-old pupils from Bluebonnet School shared interest with a travelogue given by a club member on the program of La Afflatus Estuioio Club Tuesday afternoon.

Mrs. A. B. Higgins was hostess at First National Community Room. Mrs. Bud Durkee showed motion pictures and commented on her stay in Germany and trips over the Continent and in Great Britain last year. She made one trip across the Be-

rlin Wall and told of her observations on the visit to East Berlin.

The elementary school pupils used balls, bamboo rods and other objects to present drills in rhythmic action. They were accompanied by Anna Ruth Andrews and the assistant principal, Rodney Laughan.

Members who applauded the program were Mmes. S. C. Ramey, W. F. Johnson, A. H. Cook, Emmett Hale, B. A. Reddell, T. W. Roberson, A. L. Hewitt, George Suggs, Sam

Doctor's View Of War In Viet Nam Is Given

A doctor's experiences in Vietnam, presented informally in words and pictures, interested members of La Madre Mia Club at a recent meeting when Dr. Gerald Payne was the guest speaker. Mrs. Eugene Sparks and Mrs. Don Walser were hostesses in the Sparks home.

As a medical officer stationed in a rural area, Dr. Payne saw a side of the Vietnamese war not seen by many servicemen. He showed a number of pictures he had taken there, and answered questions asked by his hear-

ers. Mrs. Dean Herring was program chairman and introduced Dr. Payne, who has been a practicing physician in Hereford since his discharge from military service.

Plans were made in a business session with Mrs. Herschel Black presiding, for a trip May 1 to the campus of West Texas State University at Canyon to be guests at a program arranged by directors of the Opportunity Plan, and luncheon afterward.

La Madre Mia Club contributes to the Opportunity Plan, a loan fund for students, as its principal project

this year. Mrs. Elmo Rains was a guest at the club meeting.

Attend Meet In Canyon

Deaf Smith Chamber of Commerce manager Bill Thompson, committee chairman and directors are attending a Chamber leaders workshop being held in Canyon today.

Others attending the meeting representing Hereford are Rodney Laughan, Oliver Streu, Dale Young, Don Baugous, Roy Hartman, Jerry Don George, and Mrs. Ray Cowsett.

Thompson attended a similar workshop Wednesday in

Guests Share In Club Party

Guests were invited by La-Plata Study Club members for a special program Tuesday evening, when Mrs. Ansel McDowell was presented in a review of Taylor Caldwell's new novel, Testimony of Two Men, in the ballroom of Community Center.

Mmes. J. D. Neill, A. J. Schroeter and Ken Rogers were hostesses for the guest

day meeting. Mrs. Neill, yearbook chairman, was in charge of the program and presented the reviewer, who is president of the club.

Mrs. McDowell sketched with dramatic detail the story told in this novel about a brain surgeon and his artist brother.

Refreshments were served after the review from a table appointed in springtime yellow and green.

Guests registered were Mmes. Rex Lee, Ray Don King, Buddy Peeler, C. J.

Highlights And Sidelights

State Lawmakers Busy

By VERN SANFORD
Texas Press Association

AUSTIN, Tex. — Texas lawmakers are nearing the halfway mark of the 61st legislative session and the pace is beginning to quicken visibly.

More than 1,200 House bills and some 700 Senate bills (plus nearly 100 proposed constitutional amendments) were filed by Friday, the deadline for free-introduction of bills. A four-fifths majority now is required.

Although floor sessions are brief, a lot of legislation is getting passed — 63 bills last week alone, including some of the session's major business.

And the lights burn bright at the state capitol after midnight for some committees which schedule hearings on as many as a dozen bills at a time. Other committee meetings begin as early as 9 a.m. and last until floor action starts in the House and Senate.

So far, the Senate has reversed its usual form. It is cranking out general bills far faster than the House, where the representatives are pursuing a more methodical, look'em-over-carefully procedure.

Last week, for example, the Senate banged through 34 bills on its regular calendars, some so fast there was no time allowed for explanation, let alone debate. Across the rotunda, the House passed only 13 measures on major calendars, but representatives reduced the gap considerably by cranking through 16 local bills at a single, hour-long sitting. Gov. Preston Smith signed six more into law.

One thing is sure... as the second lap of an historic legislative session begins, things will get a lot faster and a lot more hectic before early June when adjournment is scheduled.

MAJOR BILLS MOVING
Legislature has completed action on, and handed the governor, a tough new measure providing fines up to \$200 and jail terms up to six months for disruptive activity on college campuses. Bill won't take effect until the start of the new school year.

Senate passed key bills to put sharp teeth in air and water pollution controls, require breath tests of suspected drunk drivers, require public agencies to give three days notice of their official meetings and provide tougher controls over teen-age drinking.

Other Senate bills would authorize payment of up to \$5,000 for moving homes and businesses displaced in highway right-of-way condemnation proceedings, remove the \$8,400 salary ceiling on which teachers contribute to retirement, establish a temporary Governor's Human Relations Committee, set up a new com-

mission to regulate credit unions and request the U.S. Congress to ease restrictions on cable television.

Both houses have passed their own version of bills to permit schools to teach in a foreign language those students who have difficulty with English in elementary grades, to lower from two years to one year the minimum time between elections to adopt or abolish city sales taxes and to close some public roads on state-owned land held for use of the Texas Department of Corrections.

House approved creation of a new Texas Technological College of Medicine at Lubbock and voted to strike down immunity of government units from lawsuits for damages. Representatives gave strong support to a bill to give the Legislature the right to set Washington's Birthday, Memorial Day, Columbus Day and Veterans Day holidays on Mondays to conform to the federal holidays.

Another House bill sent to the Senate would permit the state's 14 courts of civil appeals to issue writs of habeas corpus in domestic-relations cases.

Senate has adopted an amended version of a House bill to permit a statewide cooperative network of local libraries. Governor Smith now has the bill.

BILLS RUNNETH OVER.
Several education bills have been filed in the last few days. Rep. Guy Floyd of San Antonio wants the Attorney General's office to assist school districts threatened with the loss of Federal funds.

Rep. David Evans of San Antonio wants the state to contribute as much money to private school students as it does to public school students through the minimum Foundation School Program.

Rep. Jim Nugent filed a bill to prohibit the Legislature from enacting an individual state income tax.

Rep. Neal Solomon of Mount Vernon has a bill to allow the agriculture commissioner to prohibit the sale of any milk not meeting agriculture department standards.

Rep. David Alford of Wichita Falls introduced a one bill package prohibiting racing a car motor, sudden stops or starts, unnecessary horn-blowing, contesting speed, fighting, indecent language, throwing things, littering, loitering or intoxication on shopping center parking lots.

TAX TIME
House Speaker Gus Mutscher has been talking with legislators to see what sort of tax program they will support to pay for the new programs which they may pass. Governor Smith's tax program was introduced by Rep. Ben Atwell of Dallas. It also puts a \$10 "superrate" on all who violate the traffic laws where motion is involved.

COMMITTEES AT WORK
House State Affairs Committee got into the basic philosophies of rural life and business economics while considering a bill by Rep. Neal Solomon of Mt. Vernon. It should require telephone companies to maintain an office in every county seat they serve. Bill was sent to a subcommittee for further study.

Rep. Jack Blanton of Carrollton chairs the subcommittee.

Senate State Affairs Committee acted favorably on Sen. Tom Creighton's bill to cut the time period between local elections on the optional City Sales tax from two years to one. It has gone on to the Senate floor.

Also reported favorably by the Senate committee and tentatively approved by the Senate, was creation of a temporary Governor's Committee on Human Relations. It was sponsored by a triumvirate of liberal senators. Sponsors, however, lacked the endorsement of Sen. Joe Bernal of San Antonio — a leading liberal. He introduced a measure calling for a permanent state organization on human relations.

Texas physicians who specialize in organ transplants teamed up to testify for two bills by Rep. Jack Oge of Houston before a House Public Health Committee. Drs. Denton A. Cooley, Michael DeBakey and Robert Bloodwell spoke for an organ gift act which would allow donors or their next of kin to give parts of the body and another bill that would give the county medical examiner a chance to examine the organs prior to transplantation. Measures were sent to a subcommittee.

Drug bills are plentiful at committee meetings. Senate Jurisprudence Committee delayed for two more weeks Sen. Charles Herring's bill to set a mandatory five-year sentence for anyone over 21 giving narcotics to a minor.

House Public Education Committee sent to subcommittee Rep. Joe Golman's bill to include drug education in public school curriculum.

Senate Jurisprudence Committee approved a bill requiring appeals from Liquor Control Board orders to be heard in the county affected.

House State Affairs Committee sent to subcommittee a controversial bill that would require Texas school districts to adopt "continuing contracts" for their teachers. It would not allow dismissal except for specific circumstances.

A-G OPINIONS.
A bill which proposes to change the boundaries of two of the 31 state senatorial districts would be a general law and on the effective date.

COURTS SPEAK
Third Court of Civil Appeals upheld an injunction to keep the proposed Air Southwest from starting economy passenger flight service in big planes between San Antonio, Houston and Dallas-Fort Worth.

State Supreme Court, rejecting an appeal of the Trinity River Authority, upheld six percent interest assessment in a case where the authority was ordered to pay a larger amount than originally awarded for property condemned. Court said interest should go back to the original award while the case was on appeal to the jury.

High Court held juvenile delinquents are not exempt from court costs in proceedings where parents are able to pay.

APPOINTMENTS ANNOUNCED
Senate has approved 95 appointments by Governor Smith and former Governor Connally. Included are Gen. Ross Ayers of Friona as adjutant general, L. P. Gilvin of Amarillo as Parks and Wildlife Commission chairman, and Murray L. McWhorter of Austin to Veterans Land Board. Senate has not approved Connally's selection of William B. Blakemore of Midland to Texas Public Safety Commission.

Smith, meanwhile, has asked for the attorney general's opinion squarely on the subject of whether the term of State Securities Board member Randall C. Jackson of Abilene began on Jan. 15, or whether appointment (made by Connally just before he left office) should have been left to the new governor. Smith may also ask similar advice on appointments by Connally to the University of Texas and A&M boards of regents.

Ned Price, Texas Board of Insurance member, is the new president of the National Association of Insurance Commissioners.

Alfred Lehtonen of Austin will be administrator of Office of Interstate Land Sales in U.S. Department of Housing and Urban Development.

SHORT SNORTS
April 15 is the deadline for required motor vehicle inspections, says Col. Wilson E. Speir, Department of Public Safety director.

Texas Memorial Museum has loaned to the Institute of Texan Cultures in San Antonio a pair of Irish flintlock pistols used around the year 1830.

On April 15 the public school teachers won't be fooling — that's the day they will appear at hearings by Senate and House committees on bills to raise their pay.

Texas motor vehicle deaths reached an all-time high of 3,481 in 1968, an increase of three percent over 1967. DPS reports.

Red measles may be wiped out, due to a continuing immunization program in Texas, says the State Department of Health.

The Boston Celtics have won 10 of the last 12 National Basketball Association championships.

Al Kaline hit .379 in the World Series for the Detroit Tigers.

Calendar
The Community Calendar, which includes major events which will be of interest to Hereford and residents of the immediate area, will run in each issue of the Brand. The calendar will include events for the coming six months, and all individuals and organizations are urged to write or mail their event for inclusion.

MARCH
23 — School music recognition day sponsored by Music Study Club at Community Center, public invited, 3 p.m.

APRIL
3 — Schools dismiss for Easter holidays.
8 — Classes resume at school following Easter holidays.
26 — "Our Little Miss" pageant in High School Auditorium, Saturday evening.

MAY
25 — Baccalaureate services are tentatively scheduled for graduating seniors.
29 — Commencement exercises at HHS are tentatively scheduled.

Price Introduced Estate Tax Bill
A bill to ease what he termed "the devastating impact" of Federal estate taxes on the families of farmers, ranchers, and small businessmen was introduced Tuesday by Panhandle Congressman Bob Price.

Price said inflated and unrealistic land prices have caused higher and higher inheritance taxes and forced liquidation of family operations in many cases when a landowner died. The same applies to many small businessmen whose heirs find that high estate taxes make it impossible to carry the business on from one generation to the next, he said.

"Principal reason for estate tax discrimination is the requirement that the tax be imposed on 'fair market value' of the assets at the time of the owner's death," Price said. "More often than not these prices are vastly inflated and are in no way comparable to the actual ear-

Price demonstrated earning capacity and degree of ownership be considered under the "fair market value" option.
"Since the earning power of the shares of stock in an estate is generally considered the main factor in determining value, I believe that earning power should also be considered in the valuation of a farm, ranch, or closely held business for estate purposes," Price said.

The bill will be referred to the House Ways and Means Committee which has begun hearings on general tax reforms.

Carol Mann won 10 of 32 golf tournaments in 1968 and earned an official \$45,921.50.

Jack Zindel, junior middle guard on Michigan State's football team, wrestles at 177 pounds for the Spartan varsity team.

Those Crazy Episcopalians!
Imagine reading prayers from a book!
It's true. Episcopalians base a large share of every worship service on "The Book of Common Prayer," a very UNCommon piece of literature.

The word "common," in this instance, means "together." Most churches use a hymnal because they want to sing together. Episcopalians use a prayer book, too, because they like to pray together. No, one is ever asked to "lead in prayer," but each finds ample opportunity during the service to frame his own private prayers.

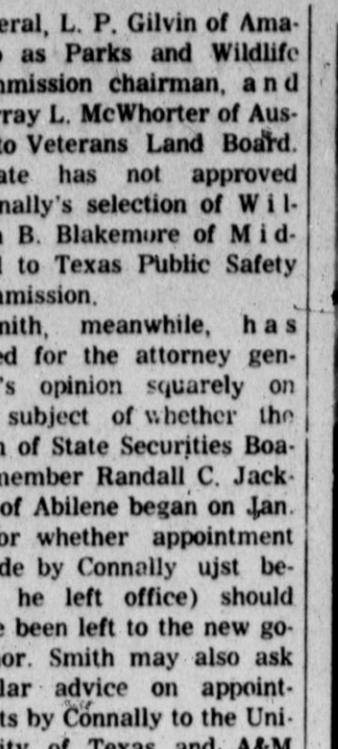

To those who decry written prayers, Episcopalians point out that The Lord's Prayer is just that... and yet its meaning to every Christian is undimmed by its being reproduced in print.

They believe there's good reason for following a carefully-planned schedule and form of services throughout the Christian year. For one thing, an individual church is thus spared from becoming mired in its minister's "hang ups." Pretty good point, these days?

The biblical background, the history, and the simple form of the Episcopal prayer book make a fascinating story. Your nearest Episcopal minister would be delighted to cover them in detail with you. Don't be afraid he'll "twist your arm." He won't.

Easter News

By RUBY STONE
Brand Correspondent
Easter Lions held Ladies Night and election of officers

at their regular meeting March 10 with a good crowd of members, wives and guests present. David Hutchins was elected president for the coming year, with Dwight Banks as first vice president; Larry Dobbs, second vice president; Dee Taylor, third vice president; Sam Ogan, secretary; James Dobbs,

treasurer; Earl Günther, tall-twister; Wayne Walsler, Lion Tamer; Fate Shannon and Fred Axe to serve on the board of directors. Humorous campaign speeches were made by members on behalf of each of the candidates, with some speaking on behalf of their opponents. Entertainment during the

counting of ballots was provided by the talented youth singers from the First Baptist Church of Friona. Outgoing president is Kenneth Frye. A waffle supper is slated by the Lions in April. Mrs. Janis Howell from Hereford visited Wednesday afternoon with Mr. and Mrs.

W. A. Epperson. Mr. and Mrs. J. H. Flood visited with the Fred Waltons Sunday afternoon. Mr. and Mrs. Pat Bradford and children from Dum as visited Saturday with the W. O. Markleys.

Louise Stone accompanied Mrs. Gordon Simmons of Tulsa to Fort Stockton on business. Mrs. Gary Burnett visited the John H. Burnetts Thursday afternoon. Mr. and Mrs. Pat Bradford and children of Dumas, and

Mr. and Mrs. W. O. Markley and children, visited Mr. and Mrs. G. H. LaPlant in Hereford. Easter Club met in the home of Mildred Garrison for their regular meeting Thursday. Those present were Anna Mae Burnett, Roslie Markley, Anna Margaret Moss,

S. T. Walton, Emerald Epperson, Ruby Stone, and the hostess. Anaesthesia was used during surgery in China as early as the 3rd century A. D. when Hua To gave patients wine, which acted as a general anaesthetic.

—Small Talk—

By SUE COLEMAN
Women's Editor

A very merry First-Day-Of-Spring to each and all! This is the day, my calendar says, with the note that the exact minute for spring to begin is 7:22 a. m. Sorry to have missed it, but my alarm is set to go off at 7:30 and another spring, more or less, hardly seems worth the trouble of moving it for just a few minutes.

SOMETHING THAT has puzzled me for a good many years and there's never been an explanation that made sense to me, is what happened to the positive statement in the books when I went to school, that spring began on March 21.

It went on to say that the first day of summer was

June 21; fall, Sept. 21, and winter, Dec. 21. No ifs and buts about it, those were the dates. Grandpa's almanac said so, too.

Sometime along the line when my attention was on something else, somebody revised all that. Now the date for changing a season can range around anywhere from the 20th, as for our current spring, to the 22nd — maybe farther for all I know.

WHAT WAS IT that shook up the seasons? Couldn't have been the atomic bomb, because they had shifted before it was developed. Maybe an earthquake or some other natural cataclysm?

Or did the guy who figures out the time to mark on the calendar (who does that, anyway?) do all the cal-

endars get their information from the same man, or committee, or whatever it is?) get in a hurry one year and change a season a day early, then had to shift back a day late the next year to make up, and so started a trend?

From my intelligent questions, you can see how much I know about astronomy or whatever science it is that changes the seasons. It might be best if I just pass along the information on the calendar and not get into the obscure angles.

Anyway, I can say welcome to spring, no matter what the thermometer says today, without adding, I hope, to the confusion.

FRIENDS OF THE Herschel Thurstons, who are by no means confined to members of First United Methodist Church where he was pastor for several years, greeted the couple with enthusiasm when they came for a visit on the weekend.

Since his retirement as a pastor last year, they have been living in Ute Park, N.M. A lot of Hereford folks were very happy to hear during their visit, talk of plans for their return to be at least part-time residents here again.

SIMPLE BUT DELICIOUS—A sandwich spread made with pimiento-stuffed green olives, grated cheddar cheese and mayonnaise.

LET'S COOK SOMETHING

Olive Spread Is Hand

By CECILY BROWNSTONE
Associated Press Food Editor

If you want a pleasant feeling — the secure feeling of knowing there's a delicious offering in the house to suit a number of mealtime and snacktime needs — make up a batch of Olive Cheese Spread.

WHEN I WAS A little girl three spreads featuring green olives were great favorites for sandwiches. And I remember how they evolved.

First time around my mother made a simple preparation — finely chopped pimiento-stuffed green olives mixed with mayonnaise; this to be used for sandwiches between slices of homemade bread.

The next time around she added grated cheddar cheese to the mixture. Still later came the third combination: she mixed the olives, mayonnaise and cheese with finely chopped walnuts.

NOWADAYS THESE spreads are likely to be used as much for canapes as for sandwiches. We like to put the Olive Cheese Spread in a fat blue crock and present it, along with tomato juice or some other drink, as a help-yourself topping for crackers. And all ages take to it. There was no generation gap at our house recently when the Olive Cheese Spread was enjoyed by a group of youngsters ranging from 10 to 18 as well as a group of adults.

There's something else you can do with this spread: use it as a stuffing for celery wedges or small-size tomatoes to serve as an hors d'oeuvre or salad.

OLIVE CHEESE SPREAD
1 pound mild cheddar cheese, grated medium fine
¾ cup mayonnaise-type salad dressing
1 jar (8 ounces) small pimiento-stuffed green olives, drained (about 1 one-third cups) and finely knife-chopped
In a medium mixing bowl

vigorously stir together cheese salad dressing and olives.

Turn into one or two jars or crocks; cover tightly; refrigerate.

Use as a spread for sandwiches and crackers and as a stuffing for celery wedges and small-size hollowed-out tomatoes.

Makes about 3½ cups.

Note: For a super sandwich use the Olive Cheese Spread along with sliced ham for the filling; add lettuce and toast the bread.

LITTLE LEAGUE SETS MEETING

Art Stoy, representative of the Hereford Little League, has announced that the organization will hold a meeting tonight at 7:30 at the Camp Fire Lodge.

He extended a special invitation to all persons interested in assisting with the organization this year.

First Americans On T. V. Friday

An archaeological "first" will be presented in the color telecast, "The First Americans," produced and directed by Craig Fisher and narrated by Hugh Downs, as noted scientists trace the travels of men and animals from Siberia, across the Bering land bridge into Alaska, down the Pacific Coast and into Arizona and Mexico to Latin America.

Actual bones of mammoths killed by these peoples as long as 11,000 years ago, will be shown in the icy prairies of Siberia — relics never before uncovered and to be seen on television for the first time.

"The First Americans" will be presented nationally by the Gas Industry and

sponsored locally by Pioneer Natural Gas Company, Friday, at 6:30 — 7:30 p. m., over the NBC-Color TV network, according to Hereford District Manager Dale Young. World-famous anthropologists from Soviet Russia and the USA trace the places of origin and the travels of the men who preceded the American Indians and became "The First Americans." Scientists in the expedition are A. P. Okladnikov, of the Soviet Academy of Sciences; Dr. Douglas Anderson, of Brown University; Vance Haynes, of Southern Methodist University; Junius Bird of the American Museum of Natural History; Dr. Willi am Lauthlin, University of Michigan; Dr. Roald Fryxell, Washington State University.

The expedition of scientists, camera and sound men, producer and narrator, rode jeep-like vehicles across the Siberian wasteland in temperatures going as low as 50 degrees below zero.

In hunting the mammoths, huge, elephant-like animals, the First Americans used short, thin spears. The hunters used them as the mator does his sword in felling the bull. One group of hunters "softened up" the beast with swift attacks, while another group plunged the spears deep in the "jugular" of the animal. A "manual" of hunter instruction was found in the form of cave drawings used to teach the young hunters how to make the kill.

Producer Craig Fisher, Peabody Award Winner, has written and produced a number of educational programs, among them, "Man, Beast and the Land," which appeared over NBC-Color TV last year.

Mrs. Bill Page Is Hostess To Messenger Club

Second in a two-part program on Color For You And Your Home, a demonstration on color choice was given by Argen Draper, County Home Demonstration Agent, at a meeting of Messenger H. D. Club Friday in Mrs. Bill Page's home.

Stuffed toys and pillows made by members for children in the Abilene State School were shown, and plans were discussed for making more in a club project of this year. Mrs. Page presided for business.

Refreshments were served to a guest, Mrs. Elwyn Hartman, Mrs. Draper and Mes. George Bumpass, J. E. Sorrells, S. N. Thweatt, H. D. Buse, Gene Bradley and Elmer Northcutt.

Patty Roach In Seminar

WIMBERLY, TEXAS — A Hereford college student, Patty L. Roach of Route 3, participated in the first Texas College Leadership Institute, March 14-16. She is a student at Texas Tech.

Seventy-five outstanding student leaders from 20 Texas colleges and universities participated. The Institute was conducted at the Holiday Hills Resort.

The training, sponsored by Humble Oil Education Foundation in cooperation with the Austin based National Leadership Institute, is patterned after courses available to corporate executives and is designed to improve decision making, communications and human relations techniques of the young leaders.

RESIDENT RETURNS AFTER FAMILY TRIP

Mrs. W. H. Awtrey Sr. returned home Monday after a week's trip to San Diego and Tiajuana, Mexico. She accompanied her brother, Gene Bryant of Anchorage, Alaska who had been her guest here; their sister, Mrs. E. T. Ward, and Mr. Ward of Portales also were in the party. They visited two days in the home of another brother, Wayland Bryant, at Tucson, and stopped at spots of historical interest in Yuma and Tombstone, Ariz. The visitor from Alaska is flying home from California.

Book Review

Small Book For Reminiscing Fun

By CORINNE NEELY

Gladys Miller has written her second book, which was recently released by Dorrance & Company. They also published her first book, Junior Dear, in 1968.

Titled *Mama The Preacher*, she uses the term loosely for mama was not ordained. It is not a preachy book but one full of humor and early day incidents which happened in one family.

Her family and friends say this delightful little book presents the true and real personality of the author even better than her first volume.

Those who know Mrs. Miller best, think of her as a very happy but practical person. An example of this was her earlier "Truisms" which were published in her column in *The Hereford Brand*. Some of these little adages are to be found in her newest book.

Mrs. Miller assures us in a short preface and a brief conclusion that this writing was done with only one aim in mind — to remind each of her readers of their own childhood. And she states that she hopes each will have happy recollections. That they, too, see the wisdom and the cleverness of their parents' teachings.

Her episode about the two young girls in the family who found in the old text book of their mother's, the simple form of the sign language is the one which caught our attention.

We had seen this sign language alphabet in our youth. But we never became proficient in its use as they did. But later we accomplished the same results when we used "pig-latin" and talked over the heads of the younger ones in the family.

But they pulled one better, later when they devised a color "cuss system" — red, black, blue and other hues.

You will enjoy this small book and do some reminiscing!

Clements In WTSU Frat

Larry Clements of Hereford is pledging Alpha Tau Omega National Social Fraternity at West Texas State University. He is a Junior student majoring in Marketing. He is the son of Mr. & Mrs. S. F. Clements of 208 Sunset Drive.

Ford's little Maverick is coming on April 17.

Import buyers! Wait!

Everybody else can start saving now at Ford's Countdown Sale.

Our great little answer to the economy imports is coming soon. We're in the countdown. But you don't have to wait another minute to save on Fairlanes, Falcons, Mustangs and Fords. We've even equipped special units with popular options to make them better buys than ever. Hurry while these special values are available.

Ford Galaxie 500 prices reduced up to \$144... save on popular options like a 390 V-8, air conditioning, tinted glass. Enjoy extras like vinyl trim, WSW tires, wheel covers, Rim-Blow steering wheel.

Fairlane Hardtop prices reduced up to \$101... get styling and go inspired by the specially modified Torinos that won the Riverside and Daytona 500's. Enjoy extras like vinyl roof, racing mirrors, wheel covers.

Falcon prices reduced up to \$52... you always save with Falcon. Now save with extras like wheel lip moldings, color-keyed wheels, tone paint, bright window frames, wheel covers and carpeting.

Mustang SportsRoof! Save up to \$173... get WSW tires, racing mirrors, hood scoop. Priced below the '68 SportsRoof similarly equipped, based on comparison of manufacturer's suggested retail delivered prices.

Fight the farm price/cost squeeze with NITROMITE... NITROMITE packs a powerful punch with more usable nitrogen per dollar to help increase yields without increasing your cost appreciably. Then even low prices can't floor you — if they're good, you'll be the big winner.

Put down some NITROMITE before you plant to give your crop a great big shot in the yield. It'll give you a fighting chance in the marketplace.

WINNING FORM — Kandy Hill, daughter of Mr. and Mrs. O. G. Hill Jr., was one of the first place winners for Southwest Texas State

College in recent gymnastics competition against the University of Texas.

Miss Hill Collects First In UT Meet

SAN MARCOS — Three Southwest Texas State College coeds carried first places in women's gymnastics competition against the University of Texas Saturday.

Gail Webster, Dallas freshman, carried first place in the balance beam event, scoring 8.98 out of a possible 10 points. First in floor exercises, with 8.56 points, was Kandy Hill, Hereford freshman. Raylene Bedgood, Alice junior, led the uneven bars event with a score of 9.3.

SWT's Diane Dow took second place in uneven bars competition and Ruthie Haggard tied the University of Texas gymnast for second in the balance beam event. Gail Webster placed third in floor exercises.

University of Texas gymnasts took first, second and third in the side-horse vaulting event, as well as second in floor exercising and third in balance beam and uneven bars.

SWT's Ruthie Haggard, San Antonio sophomore, was the only gymnast to compete in all four events and was named "All Around Winner."

Even with three first places out of the four events, SWT's total team score of 82.75 was not enough to top UT's total of 82.95.

Mrs. Darlene Schmidt, gymnastics meet director, says "They did great, and they are anxious to meet the University again. . . we know our weakness was in the vaulting and we're working hard on that."

The next women's gymnastics meet was March 15 at Texas Women's University in Denton.

Sampson Is Church Singer

Dan Sampson, Minister of Music at the First Baptist Church of Pasadena, Texas, will be the singer beginning Sunday when the First Baptist Church in Hereford will have former local resident Rev. Logan Cummings as speaker during "A Week of Christian Renewal" services, according to pastor Rev. Gerald Mann.

Sampson has been acclaimed for his tenor voice throughout the southern United States, Rev. Mann said. He has sung on many telecasts, radio broadcasts, and in the Houston Grand Opera. He was first-place winner in the National Association of Teachers of Singing contest. Sampson has also recorded two record albums. He holds a BBS degree

Players Slate Annual Dinner

Planned to set a precedent for annual membership sessions of Hereford Community Players Inc., the first such meeting will be held at a dinner in Hereford Country Club the evening of March 28. Members will invite guests, and anyone interested in membership is invited.

Reservations are to be made by Monday, March 24, to Mrs. W. C. Bill Gililand, reservations chairman, or to Mrs. John Gilliland or Mrs. Warren Owen, who have guest tickets available. Mrs. John Douglas Pitman

is general chairman of arrangements for the dinner, with Mrs. Fred Howard as assistant chairman. Mrs. Ross Cooley heads the committee on decorations.

Mrs. George Warner is program chairman, with Mrs. Estelle Wiley, Mrs. John Claypool and Miss Donna Johnson on her committee.

Three new directors, being elected now by mail ballots, will be introduced at the dinner by Orval Watson, president of the board of directors. Mrs. Gilliland, membership

from Baylor University, a Master of Music degree from the University of Houston, and is completing a PhD in Music at the same institution. Rev. Cummings, now pastor of Woodlawn Baptist Church in Austin, graduated from Hereford High School in 1954. Rev. Mann reported that this occasion marks Cummings first return visit here as a preacher.

Cummings was noted here as a star basketball player and continued as such while attending Texas Tech in Lubbock, before becoming a minister.

Services will be conducted daily here at 10 a. m. and 7:30 p. m.

Dan Sampson

president, will preside for the dinner, which marks the close of a business year for the Players. The group, comprising area residents interested in any phase of drama, was organized last summer.

One play remains to round out the first production season, which has already seen a three-act play and an evening of one-acts presented. Scheduled for staging May 1-3 is the comedy, Charlie's Aunt, now in rehearsal.

Heavy Damage Reported In Collision

Heavy damage was reported to two vehicles in a collision Monday morning at the intersection of East 5th and Schley.

The cars were driven by Jessie Ogle, 128 Kingwood and Bonnie Hamilton, 701 E. 4th, both of Hereford.

Total damage to the vehicles was reported at \$850. There were no injuries.

Employers will spend \$190 billion on employee benefits this year, ranging from private pension funds to transportation to and from work, a report compiled by the Chamber of Commerce of the United States reveals.

For God So Loved The World

Our Symbol

One of our most treasured relics is the Liberty Bell. It is so-called because it was rung on July 8, 1776 to summons the citizenry for the terse announcement that the Declaration of Independence had been adopted. Today, it remains the greatest symbol of a nation free from tyranny in government and intolerance in religion... that nation is America.

But one fact often overlooked is that when the historic bell was originally cast its makers turned to the Bible, to Leviticus, for the words inscribed around its contour: "Proclaim Liberty throughout the land unto all the inhabitants thereof." What a beginning! What a heritage! What a privilege to be a son or daughter of Freedom's Land. What a blessing to be an American.

How great is our Symbol!!!

IRISH LASSIE — Celebrating her first birthday on St. Patrick's Day is little Miss Kelly O'Lyn Poarch, daughter of Mr. and Mrs. Wesley Poarch of Fritch and formerly of Hereford. Poarch is on the teaching and coaching staff at Sanford-Fritch High School and Kelly's mother, pictured with her, is a student at West Texas State University at Canyon. Helping the honoree celebrate were her grandparents, Mr. and Mrs. V. H. Poarch and aunts, Lynne, Candy and Renee Poarch, all of Hereford, and the coaching staff and families at Fritch. —Staff Photo

Miss Dieter Honored At Pre-Wedding Party

Miss Sandra Dieter, whose marriage to Dennis Dale of Fort Detrick, Md., is to take place March 24, was honored at a shower Monday in the home of Mrs. Merlin Weber. Mrs. Allene Weber of Plainview, former home of the bride-elect, was co-hostess.

Miss Dieter, daughter of the D. W. Deiters, returned home recently from Loma Linda, Calif., where she has been employed. The marriage will be solemnized in the Seventh-Day Adventist Church here.

Colors chosen for the wedding, pastel and deep shades of pink, were used in table decorations at the shower. On a pink cloth, flowers and tapers in the two shades were placed in a candelabra arrangement.

Guests for the pleasantly informal party, in addition to the bride-to-be and her mother,

were Mrs. O. W. Schmidt of Plainview, Mrs. B.D. Fortner of Happy, Mmes. C. P. Grimes, George Cantrell, L. B. Kamenzind, Glenn Hetzler, Vernon Sherman, Minnie Dieter, Fred Sherman, Frank Cherry and Miss Pauline Kamenzind.

RATHER EAT PAKISTANI AHMEDABAD, India — An eight-member family eats in Pakistan but sleeps in India, according to a local political leader.

Their house is so situated in the Barmer border district of Rajasthan that the kitchen is in Pakistan but the bedroom is in India.

Socialist Party leader Ladli Mohan told a news conference he learned of the unusual house while on a tour of the border areas.

The head of the family prefers his kitchen to be in Pakistan because the foodgrains

The local club has set about organizing a Kiwanis Club in Dimmit, and in a meeting last week, Summers was elected president of the organization. —Staff Photo

Dumas Has 885 For Assembly

More than 885 people attended the "Make Wise Use of the Remaining Time" circuit assembly of Jehovah's Witnesses in Dumas, Friday through Sunday, March 14 to 16, according to George Humphries, presiding minister of the Hereford congregation.

The convention program opened as scheduled on Friday, at 6:45 p. m. despite blowing snow and ice, with a model school of ministry like that conducted in some 25,000 congregations of Jehovah's Witnesses worldwide, Humphries reported. An activity meeting later demonstrated teaching techniques used in the educational work carried on by the group throughout the earth, under the theme: "Paying Fully What We Owe to God."

Humphries said, "One of the highlights of the convention was the baptism-ordination service which was held on Saturday, and there were 15 who were ordained as Christian ministers. In similar services during 1968 some 82,000 new ministers were added to the ranks of Jehovah's Witnesses. The Saturday-evening program dealt with the urgency of the special study course that Jehovah's Witnesses are conducting with persons of all religions, free of charge. Upwards of one million such

study classes are being conducted."

Sunday saw the final sessions of the assembly with the main lecture, "Law and Order — When and How?" being delivered by L. M. Dugan of New York. "Shortly Jehovah God is due to demonstrate to all creation in heaven and earth that He is a living God, not a dead God. He is scheduled to accomplish this by the execution of all scoffers and law-defying people. His delay in doing this has not been due to weakness, but is an extension of mercy and patience that salvation might be gained by those who love righteousness," emphasized Dugan as he explained when and by what means "Law and Order" would be seen on the earth.

As local delegates have returned to Hereford all regular meetings and activities of the local congregation will be resumed, said Humphries.

At The Library

Man's Escape From Boredom

Man's escape from the boredom of married life and the third book in a series about the Sacramento Delta are two of the many books at the Deaf Smith County Library.

THE HUSBAND, by Sol Stein, — is Peter Carmody, a man most people would envy. He has a successful career, an attractive wife, two children he loves and who love him. Yet Peter Carmody has been playing at a marriage that has run down over the years through emotional attrition and boredom. Sometimes, when the martinis come fast enough and the determined, frenetic gaiety of friends momentarily fills up

the emptiness, the charade is almost convincing. But in the small, honest hours of the night, Peter recognizes his arrangement for what it is — the very opposite of living.

In an explosive self-confrontation, Peter gambles all he has against what he hopes to have in a life with Elizabeth, the woman he loves. Resented by his friends who lack the courage — perhaps the desperation — to break out of their own loveless arrangements and humiliated by the American way of divorce that strips him of his children, property, and self-respect, Peter touches despair — before realizing that making an honest, joyful con-

nection with Elizabeth is an affirmation of life worth any cost.

In Eric Stanley Gardner's new book — **DRIFTING DOWN THE DELTA** — his discovery of the Sacramento Delta generated such enthusiasm for its halcyon way of life that he immediately invested in a small "fleet" of boats and subsequently wrote three books about the region, of which this is the third.

Although his primary allegiance is to houseboats (he owns two River Queens) hatchmen everywhere will share his enjoyment of exploring the thousand miles of inland waterways which have made the area a boat man's paradise.

Increasing awareness of the assortment of vacation pleasures available has brought many changes to the Delta, but Mr. Gardner's delight in its infinite variety remains immutable.

Washington Report

From Congressman

BOB PRICE 10TH DISTRICT, TEXAS

1223 LONGWORTH OFFICE BUILDING, WASHINGTON, D. C. 20540

The highly successful flights of Apollo 8 and 9 are ample proof of the careful research, planning, management, and training and have gone into the space program. One more Apollo flight is scheduled before the actual moon landing planned for next summer.

As a new member of the House Science and Astronautics Committee, I have had the benefit during recent weeks of extensive briefings and a committee tour of NASA installations including Cape Kennedy, the Manned Spacecraft Center in Houston, the Marshall Space Flight Center, and other installations where plans are being projected beyond the moon landing.

What I have seen and heard seems almost fantastic. Ten years ago, I wouldn't have believed it, and have some difficulty now in realizing the accomplishments, values, and benefits of the space program.

A study made by the Subcommittee on NASA Oversight, to which I have been appointed, indicates that the space program has had a profound impact upon the lives of all Americans, and that the United States can look forward to increasing applications of space-developed research in the future. Many spin-off applications of the program are already in various stages of development and application. One of the projects the Apollo 9 astronauts undertook was a multispectral photography experiment and one of the areas photographed was Arizona farm lands. The U. S. Department of Agriculture and NASA want to know if orbital photography can detect signs of drought and plant disease. Success could mean, when experiments such as this become operational, they could provide information that would afford farmers time to save their crops.

Already of course, we are utilizing the communications capabilities of COMSAT from the orbiting satellites launched by NASA and others will be launched this year. The use of satellites for the transmission of telephone calls and telegrams between North America and Europe has been highly successful as has been the instantaneous TV broadcast of important news events such as President Nixon's recent trip to Europe. COMSAT plans to extend commercial satellite communications to more than two-thirds of the world.

Weather satellites, coupled with recent advances in high-speed computer technology, promise for the first time accurate meteorological prediction, both short and long term. At present, the United States and the rest of the world are still a long way from an accurate 5-day forecast, much less a 2-week forecast, but NASA and the Weather Bureau, under the Environmental Science Services Administration, are working on it. The results look promising, and perhaps the day of accurate weather forecasts is not too far distant.

Serving America's Farmers:
Providers of Plenty

Chapter Picks New Officers

Dr. Noble Ballard was guest speaker to Hereford Chapter, Young Homemakers of Texas, at a meeting in the homemaking parlor of Hereford High School Tuesday evening. Introduced by

Mrs. Charles Weatherford, he spoke on Sex Education for Pre-School Children.

A Coke party was planned for next Wednesday to honor the chapter's "little sister", a member of the Future Homemakers of America, as an event of national FHA week. Mrs. Larry Dobbs presided for business.

Refreshments were served by Mrs. Paul Jones and Mrs. Connie Urbanczyk. Guests for the program were Miss Terry Watson, Mmes. Tommy Sparkman, Curtis Ritchie and Bud Thomas.

Members present were Mmes. Jim Culpepper, John Drake, Charles Minchew, John Newton, Layton Sawyer, Leland Shelton, Bob Spaulding, Mike Watts, Carlton Richardson, Conny Rountree, Lewis Wygant and the sponsor, Mrs. M. T. Burelsmith.

St. Pat's Day Feted At Lunch

Irish stories and a bit of St. Patrick's history made up the program for the Past Matrons Club of the Order of Eastern Star, since the time of their quarterly luncheon fell on the Irish saint's holiday this year.

Tables at Ward's Restaurant were decorated in green and white in honor of the day and roll call was answered with Irish jokes. Mrs. Horace Hershey told of the life of Patrick, who was born in 372 A. D. and first went to Ireland as a captive of pirates in his youth, later to serve there as a bishop of the church.

Mrs. A. O. Thompson presided for business, including reports by members of visits to shut-ins, a club project this year. The next luncheon will be held in June.

Others present were Mmes. O. H. Culpepper, Lee Curry, Vivian Major, John Patton, Vern Witherspoon and Bill Hutson.

The program has also had a significant impact upon modern day medical practice as well as the computer industry. Space suits created for the Apollo project are being tested for use in foundries and other industries where protection is needed against extreme heat or cold and the suits might be adapted for use in firefighting and rescue work in toxic environments. However, males are not the only beneficiaries of space-suit technology. Laminating techniques for mending linings and outer material and advanced filament-winding techniques have been applied to brassiere supports. And, many other spin-off benefits are being applied commercially.

BOB PRICE

WHIRLYBIRD FLYING CUSTOMER — H. M. Gebo dropped into the parking lot of Hereford State Bank last week in his helicopter. The owner of seven Gebo farm supply distribution stores throughout the panhandle of Texas, Gebo stated that this means of transportation was very convenient for his business. Gebo came to Hereford to attend to business with Joel Hodges, right, vice-president of the bank. In the center is Wayne Fuller, manager of the local Gebo store. —Staff Photo

Newcomer's Bridge Club Is Organized

Members of the Hereford Newcomer's Club organized a bridge club Tuesday at a luncheon held at the Caison House. Presiding at the noon meet was the newly elected president, Mrs. Terry Bloxom.

Playing sessions are to be held on the third Tuesday and Thursday of each month. Tuesday's meetings will be held at 7:30 p. m. with the first session held this week in the home of Mrs. Fred Schmidt.

Scoring high tally in the playing session was Mrs. Rusty Wood.

Others attending were Mesdames Melvin Charest, C. L. Craig, Gene McNeely, Mike Patrick, Alvin Hayes, Terry Bloxom and the hostess.

The first morning session is to be today at 9:30 a. m. in the home of Mrs. Homer Crim, south on the Dimmitt highway.

Sponsored by the Welcome Wagon, the Newcomer's Club will hold their next meeting at the First National Bank on April 15 at 7:30 p. m. A style show will be featured.

Business establishments hosting Tuesday's meeting included The Hereford

Glady's Garden

By Gladys Howton Manjeot

We were welcomed home by a very pretty robin hopping around in the backyard. I hastened to take it some toasted bread with sesame seed in the crust. Seemed we had hardly gotten settled when it started snowing. The drapes were pulled as far as possible so that Art could lay and watch the snow come falling down, like pretty white feathers.

Our neighbors, Sydney Owens and son Doug and Owens Dull, kept the snow cleared away on the drive and sidewalks, so that friends could come for greetings or to bring some delicious food. Is really wonderful to be home again.

The grass in the backyard has an excellent growth and color. This can be attributed to the feeding in the fall, and the moisture derived from the snow and rains. It was also watered enough to keep it in good condition, but not enough to promote much growth. However, if the warm weather continues, it will soon be necessary to have it mowed. The grass seed planted was Kentucky Blue.

In checking trees, shrubs, and vines I found that the buds are swelling on the crab-apple, the evergreens have kept a lovely green glossy appearance and show some growth. Grapevines are swelling. Hope that all who have grapevines have gotten them pruned. This should have been done several weeks ago. Mr. Mitchell, our neighbor, who knows just how to prune and produce excellent grapes says it can be done even now, but do not delay. Prune carefully and thoroughly, the fruit is dependent upon the new growth. This is a chore which I hope to complete soon. We are trying to keep our vines restrained, and in a pleasing design on the back-

yard fence.

For the newcomers, grapes do well here and local dealers can advise as to the best varieties. Nothing much better than grape jelly on buttered toast or hot biscuits and for a refreshing drink homemade grape juice is very satisfying.

Another plant which I have grown and enjoyed is the Aphelandra. In visiting in the hospital rooms I have noticed that this is a favorite potted plant for giving. It is a plant which is grown commercially extensively, but it can be grown by the home gardener.

The Aphelandra is referred to as the zebra plant. It has showy bright-green leaves with prominent veins of yellow or whitish markings. They are grown primarily for their striking foliage, but the bright yellow, unusually shaped blossoms are pretty and very interesting in formation. And for the sick-room they are very nice as they do not have any fragrance or odor.

The color and formation of the blossoms is attractive. They are not too good for arranging, but the foliage is excellent because of coloring and texture as well as form. The bloom spike would be usable for spike or linear material for arranging. However they are not very good keepers, in arrangements as the edges often darken. But they do have lasting qualities on the plant.

Authoratives tell us that there is another variety which produces a dark red flower. I am not familiar with this variety but would like to know more about it.

Whatever the color of the blossom, the plant is an interesting and a very striking plant to grow. It does not bloom profusely and in some areas blooms only in

the fall of the year. In growing them I found they bloom only once a year. However am sure that growing conditions would have a tendency to affect this.

In subtropical areas of the south it is often grown the year-round as an outdoor bedding plant. However it would not winter in this locale. It is a lovely plant for window box planting, patio containers, or large urns or pots. The potted plants can be transplanted to the outdoor planters after danger of frost is past.

One of the most attractive planter boxes we had at our home on E Street was planted with Aphelandras.

To propagate it, take cuttings of partially ripened wood a few inches back of a growing tip. These cuttings root easily in a mixture of half sand and half potting soil, that is kept moist. It is best to propagate new plants each year. They can also be rooted in water, if this method is used best results would be from using well water which has not been treated. If rooted in water, do not let the roots become too long and matted, but plant when good roots appear, which seem strong and well grown.

When planted outside it should be protected with a covering for a few days or until well established. For planting use a good potting soil. They will need some plant food.

If grown as a house plant the aphelandra should "rest" after blooming for about two months, in an intermediate temperature. Withhold fertilizer, and water just enough to keep the leaves from wilting or shriveling. Then resume a regular feeding and watering program. Return potted plant to warm temperature and sunshine, and add some new soil to the pot.

Aphelandras may be purchased from florist or at garden centers.

DO. . . In preparing flower beds or other plants be sure and add some organic matter, vegetable or animal,

will decompose (under right conditions) and become humus. This is one of the essentials for good growth. Humus makes the soil more friable, and when spaded or added to soil soon it is incorporated into the soil, and in so doing adds the needed bacteria to multiply and release chemicals already in the soil.

Animal manures are the oldest source of humus used in gardening. The most effective way to use a small amount of animal manure is to incorporate it in the compost heap. However dried or dehydrated animal manures are very satisfactory. If used, be sure it has been sterilized so that weed seed or other foreign materials are killed.

One of the best commercial sources of humus is peat moss. There is little danger of getting an over-supply of humus for the general run of plants, on any soil.

Keep in mind that the foundation for a successful garden is the soil. We should always remember that our plants and seeds should be properly planted in the very best soil possible. Soil preparation should be done carefully before planting.

THANKS! The Manjeots would like to take this means of expressing sincere thanks and deep appreciation for every kindness, and expression of interest shown during Art's serious illness. We are deeply grateful, Glad and Art, Rosemary, Lloyd and children.

P.-S. We are enjoying our first bouquet of daffodils. They are so sunny and cheerful. Mrs. Werner tells me she has been enjoying lovely hyacinths for several days. They are so very fragrant and beautiful.

Safety Allen Brenner was Michigan State's most valuable football player in 1968. He received the Governor of Michigan award. In the upset of Notre Dame, Brenner saved three touchdowns.

Rebekah Lodge Hears Program

A reading, I Am The Flag, was given by Mrs. Naomi Murrell on the program for Hereford Rebekah Lodge at a meeting in the IOOF Hall Tuesday evening.

Mrs. A. N. Hopson presided for business. Mrs. Roy Manning, completing a year as district deputy president of District 5, thanked her fellow members for their help in making a successful year.

A social period closed the meeting for 15 members and a guest, Mrs. Mary Lou Weatherford of Dimmitt.

Mrs. Cabiness was elected vice president for next year. Mrs. Gerald Payne secretary. Mrs. Edwin Axe correspondent. Mrs. Gary Braden treasurer. Mrs. James Aldridge extension officer and Mrs. Gene Steers civil defense officer.

Chosen as delegates to the City BSP Council were Mmes Gene Larsen, Bob Spangler, Bob Pugh and Claypool, with Mrs. Gerald Turnbow as alternate. These new officers will be installed in May.

Plans were made for the preferential dinner honoring spring pledges, to be held Friday evening at La Cafe Hacienda. Mrs. Bill Barkley and Mrs. Gerald Burney were accepted as pledges, to add to the list already chosen

Mmes. Bill Lyman, Bob Pittman, Axe and Payne.

Spring rituals for pledges and members advancing to higher chapters of the sorority are to be held April 1 with the City Council as hostess group.

The New York Mets will be home next season for 37 day attractions and 37 night playing dates.

Michigan State's 1968 football team attracted 414,177 fans to its six home games in East Lansing, Mich.

Michigan State sophomore basketball forward Steve Sizemore of Tulsa, Okla., went to MSU on an Alumni Distinguished Scholarship, one of 10 awarded annually by the school in nationwide competition.

memo to advertisers

ABC

What is the A.B.C.?

Chatting with a merchant the other day, we mentioned our "ABC figure."

"What," he asked, "is an ABC figure?"

Perhaps what we told him will also interest you.

This newspaper is a member of the Audit Bureau of Circulations, an independent, nonprofit organization of nearly 4,000 advertisers, advertising agencies, and publishers.

Its purpose is to provide accurate and factual reports on the circulations of member publishers. In the advertising and publishing industry, the ABC insignia is often referred to as the "hallmark of circulation values."

At regular intervals, an ABC traveling auditor visits our office to check our records. The findings of this physical audit are embodied in an Audit Report published by ABC — the report literally tells us what our circulation is.

Virtually everything an advertiser should know about our circulation is found in this report, facts and figures without opinions.

Few retailers bother to ask to see a copy of our report, yet we want you to know one is available anytime you are interested in the quality and quantity of our circulation audience — the audience for your advertising messages.

What is an ABC figure?

It is our way of assuring you that you get full measure for your advertising dollar in this newspaper.

The Hereford Brand

BIRTHDAY RECALLS THE OLD — Campfire Girls today are amused at the uniform bloomers and middie their mothers may have worn as members of Hereford groups a generation ago, modeled left above by Patty Emerson and Rose Mary Dupnik as they stand at the front entrance of the old Campfire Hut at the corner of Ninth and Main Streets. As the 464 girls of local Campfire groups celebrate national Birthday Week beginning Sunday, they wear outfits like that of Diana Stuteville and Jeanette Holman, upper right, seated at

the side door of the hut which served Hereford Campfire Girls many years until the new Lodge was built last year. At the refrigerator in its modern kitchen, lower left, Horizon Club members Ginger Lyons and Junior High Campfire Girl Denise Poarch serve a cool drink to Bluebirds Rheneale King, Yvonne Vera and Donna Dawes. Finishing a cleanup chore on the Lodge grounds, lower right, are Elementary Campfire Girls Melody Kendrick, Lucinda Moreno and Milda Garza.

Adrian News

Brand Correspondent

The Adrian Pee Wee Basketball team traveled to Wilfordo Thursday for their first basketball game. The Adrian girls won their game by 4 points — final score was 12 to 8. But the Adrian boys were defeated by 11 points with a final score of 23 to 12. There will be a return game at Adrian Monday night.

Mrs. Hazel Chilton taught the fifth grade last week due to Mrs. Sullivan being ill.

Mr. and Mrs. Jake Fortenberry visited in Amarillo Sunday afternoon with Mr. and Mrs. Leon Beaver and children and Mrs. Ida B. Fortenberry and Robert.

Mr. and Mrs. Joe Brownlee and children visited Thursday evening with Mr. and Mrs. Bill Gudgell and children and Mrs. Lena Gudgell.

Mrs. D. P. Doherty is home after spending a week recuperating from the flu, with her sister in Amarillo.

Patty Fortenberry spent the weekend in Lubbock with Mr. and Mrs. Speck Cox.

Mrs. Sue Conner and Jamie visited Sunday with Mr. and Mrs. Bill Gudgell and children.

Mr. and Mrs. Lewis Spinks and Shane visited Saturday with the Joe Brownlee family.

The Adrian F. F. A. Banquet will be held this Friday night.

Lynn Betts spent Saturday overnight in Northwest Texas Hospital in Amarillo, due to an asthma attack.

Oscar Bronniman came home Saturday from St. Anthony's Hospital in Amarillo, where he spent all last week with the flu and having tests

run. Mr. and Mrs. E. E. Allen visited last Wednesday with Mrs. Lillie Reynolds in Amarillo and reported her doing fine.

Mr. and Mrs. Paul Knupp of Amarillo visited Thursday with Mr. and Mrs. E. E. Allen.

Jackie Kidder and Susan Holt, both seniors at West Texas State University, visited in Adrian Sunday with the Finchers and other friends.

School was dismissed Friday at 2 p. m. due to bad weather.

Mrs. Charlene Gilley and Marcie and Larry wee in a car accident Thursday morning in Amarillo, on her way to work. A lady ran a red light and reportedly hit Mrs. Gilley's car, knocking it into another car. Marcie received a couple of cuts around her eye and were all taken to St. Anthony's Hospital and treated and released. Marcie was the only one injured.

We would like to take this means of saying thanks to all our friends and neighbors who helped us during the illness and the death of our loved one. To all who brought food, flowers, cards and their prayers. May God bless each and everyone. The family of W. C. Briggs.

A birthday dinner was held Sunday for Mr. Joe Speed in the home of Mr. and Mrs. Ralph Guest and Dude. Attending were Mrs. Speed, Mr. and Mrs. Gordon Moore and children, Rita Speed and Kenneth Kirk of Canyon.

Mr. and Mrs. Gene Rudisell and Alessa of Amarillo visited Sunday afternoon with Mr. and Mrs. Lynn Worsham.

Mrs. Julia Fincher visited last week in Amarillo with relatives and in Channing with Mr. and Mrs. Sonny Fincher and family.

Mr. and Mrs. Tim Mullane of Albuquerque are parents

of a daughter Bonnie Lee, born March 12. Maternal grandparents are Mr. and Mrs. George Worsham and great-grandparents are the Lynn Worshams of Adrian.

I would like to take this means of saying thanks for all the food, flowers and prayers from our friends during my recent illness and my stay in the hospital. Mrs. D. P. Doherty.

Ken Forrester is in Africa on a business trip and plans to be gone around three weeks.

Mrs. Paul Jackson and Tonya of Vega visited the M. H. Zaring family Sunday.

Mr. and Mrs. Sheldon Proctor and children of Dalhart visited Sunday with Mrs. Lorene Proctor.

Mr. and Mrs. P. N. Johnson visited Sunday in Canyon with Mr. and Mrs. Bill Sterling and children and with Mr. and Mrs. Bill Johnson and children.

Tonya Jackson of Vega spent Thursday overnight with Mr. and Mrs. Shag McCown and Sharon, then spent Friday with Mr. and Mrs. M. H. Zaring and Patty.

Mrs. Millie Maupin and Mrs. Cal Jackson and Kenneth Hicks attended the Fox Theatre in Amarillo Sunday

Stereo Tapes Stolen From Automobiles

Two reports of stolen stereo tape players were received by Hereford police officers during the weekend.

Tommy Crawford, 400 Star, reported a radio and tape combination was stolen from his automobile parked in front of his home.

Another stereo tape player and 30 tapes, valued at \$200 was taken from a car owned by Larry Lazbadil of Dimmitt, which was parked at 63 Park Saturday night.

afternoon and saw Walt Disney's "Swiss Family Robinson."

Mike Horton and Kristi Rickard of West Texas State University visited the John Hortons Sunday.

Li. and Mrs. Gary James left last Thursday for Ft. Gordon, Augusta, Georgia, where he will be stationed for nine weeks. Then he will be stationed at Ft. Hood, Temple, Texas.

Asphyxiation Victim Is Recovering

John Sooter, 23, of 309 Ave. J, is reported in satisfactory condition at Deaf Smith County Hospital where he was taken Monday afternoon by ambulance, suffering from asphyxiation.

Sooter had not reported to work Monday because of illness and was found unconscious at 5:45 p. m. by his roommate, Bobby Baker. He regained consciousness around midnight Monday, hospital authorities said.

NO REPORTED INJURIES IN COLLISION HERE

Collision of two vehicles Saturday at 8:12 p. m. near the intersection of Park Ave. and Ave. I caused no injuries, according to Hereford City officers.

Vehicles were driven by Fred Douglas Ruland, 119 Sunset Dr. and Robert David Watts, 308 Star. Damage reported to Ruland's pickup was \$15 and a Volkswagen driven by Watts was reported at \$250.

NAY TAKES STOCK

ANNAPOLIS, Md. — Mike Stock is a new face on the Navy coaching staff this fall. The former Big 10 fullback from Northwestern is working with the Middie receivers.

Stock was freshman coach at the University of Buffalo for two seasons before moving here last spring.

Week's Program Set

Campfire Girls Mark National Birthday

Campfire Girls will stage the annual observance of their national Birthday Week beginning Sunday, when the 464 girls and 60 leaders of Hereford groups will present a series of programs in Sugarland Mall, place window displays in downtown and mall stores, and attend church in uniform Sunday morning.

Each member will go to the church of her choice for morning worship, wearing her Campfire costume for identification. Store window displays with posters and exhibits will be on view through the week.

A short program of Campfire songs and patriotic songs will be presented at 4:30 p. m. Monday, Tuesday, Thursday and Friday in the mall. Girls representing a different age level of the Campfire program will appear each afternoon.

Mrs. C. F. Newsom and Mrs. Earnest Langley will be in charge of the song program by Campfire Girls of junior high school age, will

sing Tuesday with Mrs. Lewis Lea and Mrs. J. M. Gooch as directors.

Youngest members in the program, the Bluebirds, will give the program Thursday in charge of Mmes. Albert Cherry, Penny Crim and Travis McPherson. The final program, with Mmes. Jack Allen, G. W. Sledge and Howard Hunter in charge, will be heard Friday at elementary school Campfire Girls sing.

Girls who will give the programs are to meet in the mall at 4:15 on the respective days, and be ready to sing at 4:30.

Birthday week is a nationwide celebration of the founding of the Campfire program in 1910. Founders Day is March 17, usually included in the week. It was observed in the individual groups, and Birthday Week was set to begin March 23 to avoid a conflict in activities here.

For the first three years the Campfire Girls operated nationally in one division, then the Bluebird program

for younger girls began in 1913. The organization was extended to include high school girls with formation of Horizon Clubs in 1941, and it is only in the present decade that Campfire Girls were divided into elementary school and junior high age groups.

In Hereford, the first Campfire group was formed in 1929 and other followed, then organization of the Campfire Council which is in its 24th year. Composed of adults devoted to backing the local program, the council is headed this year by Jack Allen as president.

Mrs. Lewis Lea is administrative secretary and Mrs. Glenn Watts is president of the Campfire Leaders Association, which comprises the 35 leaders and 25 assistants who work directly with the girls.

Work is centered here in the Campfire Lodge in North Park on East 14th Street, which was completed last summer and dedicated Sept. 22, the pride of all residents associated with the Campfire program.

The new building, constructed and furnished with funds from the Jim Hill Foundation and Hereford service clubs, supplies a large assembly room, kitchen and four separate meeting rooms with space for the varied activities of groups here.

FIRST IN LINE — When the special issue 6-cent stamp commemorating the 50th anniversary of the American Legion (right) went on sale at the Hereford Post Office Monday morning, the first local people to buy them were Post Commander S. T. Wiseman, with Ira Ott, Grant Hanna, W. J.

Smith, and C. L. Walker — all Legionaires and veterans. Behind the counter are Postmaster Nolan Grady and postal employee Ray Watson, the men who made the sale for Uncle Sam. —Staff Photo

An eagle dominates the design. Artist Robert Hallock of Newton, Conn., has adapted a portion of the national bird on the Great Seal of the United States for the red, white, blue and black vertical stamp. The eagle clutches an olive branch, the heraldic symbol of peace.

"The Army Green"

By Sfc BERT PINALES
U. S. Army Recruiter

Fellow stopped me on the street the other day and asked a question that sent me off to the library on a research project. He wanted to know from where the military salute stems.

As far as I could determine, it dates back to the cavemen. They would raise their hands in a formal greeting in order to prove that they were not carrying weapons.

I also found out that the armored knights of ancient days raised their right arms in greeting in order to lift their helmet visors and to show friendship by keeping

their sword hands away from their weapons.

QUIZ ANSWER

Here's the answer to our quiz of two weeks ago concerning the names of men who wore five-star rank. There were nine, all during World War II days: Eisenhower, Arnold, MacArthur, Bradley, Marshall, Nimitz, Halsey, Leahy, and King.

Many readers thought that General Pershing wore five stars. Generals Sherman, Sheridan and Grant held the rank of General of the Army, but they did not wear five stars.

ARMY'S GROCERY LIST

Christmas and Thanksgiving are long past but Army chefs are still talking about their holiday grocery list. According to most recent figures, servicemen ate 650,000 pounds of turkey (185,000 pounds in Vietnam alone), 16,500 gallons of giblet gravy, 245,000 pounds of dressing, 130,000 pumpkin and mince-meat pies, 182,000 pounds of mashed potatoes and 80,000 cans of sweet potatoes.

A NEW LIFE, A NEW WORLD, OF PROUD TRADITION

When you join the Women's Army Corps, you join a proud group of women.

Officially, the Women's Army Corps as it stands today came into being during World War II. It was in 1942, at the height of the war effort, when all available men were called for combat. Thousands of noncombatant jobs

had to be filled to keep the vast Army machine moving. An emergency measure was passed and the Women's Auxiliary Army Corps (WAAC) was formed. Thousands of women volunteered to meet the challenge, holding vital positions alongside the Nation's servicemen both overseas and the States. Their achievements were so outstanding that in 1943, a Congressional bill removed the "auxiliary" from their name making them a vital part of the wartime Army. After the war in 1948 — Congress made the Women's Army Corps a permanent part of our Country's military. Today, women are an integral part of the Army, performing many necessary jobs women do so well.

FACTS ABOUT THE ARMY

Did you know That Army participants in the recent Olympic games in Mexico City captured four golds, two silver and three bronze medals?

That soldiers seem to prefer movies with a military plot? We are indebted to Fort Carson, Colo., for this information.

TALLER AND TALLER

The Army keeps growing! Medical fitness standards for enlistment, induction, appointment of officers and retention have been revised upwards again. The maximum acceptable height is now 6 feet, 8 inches, two inches higher than the old maximum height.

Any of you big guys who want some hot poop on what's new in recruiting can come by and see us at U. S. Post Office Room 322 in Amarillo. We are going to raise the ceiling to make you comfortable.

We'd also like to see you short men and women and average-sized ones, too.

QUESTION OF THE WEEK

TALENT SHOW TODAY

Red Cross Talent Show is being staged today at 9 a.m. in the Hereford High School auditorium. The admission of \$1 for adults and 75 cents for children will be donated to the American Red Cross.

CARD OF THANKS

We would like to take this means to express our sincere appreciation to all the people who sent flowers and cards and for all the kind words of sympathy received after the loss of our mother and grandmother. God bless each of you.

Mr. and Mrs. Melvin Young, Penny and Holly

Lesly Awarded New Honors

LEXINGTON, MO. — Cadet Thomas L. Lesly, son of Mr. and Mrs. Luther Lesly of Route 4, Hereford, has earned academic honors for the first six weeks grading period of the second semester at Wentworth Military Academy.

Lesly has earned superior grades to qualify for the dean's Special Distinction List. Cadets who earn academic

honors during the specified grading periods at Wentworth are accorded extra privileges and are permitted to wear the Scholastic Bar on their uniform form.

XL

DeKalb Brand XL Hybrids have a reputation for high test weight as reported by corn farmers everywhere. Disease tolerant XL Hybrids are bred to dent early, and to produce heavy, lustrous ears while stalks are still green.

"DEKALB" is a Registered Brand Name. XL Hybrids is a Variety designation.

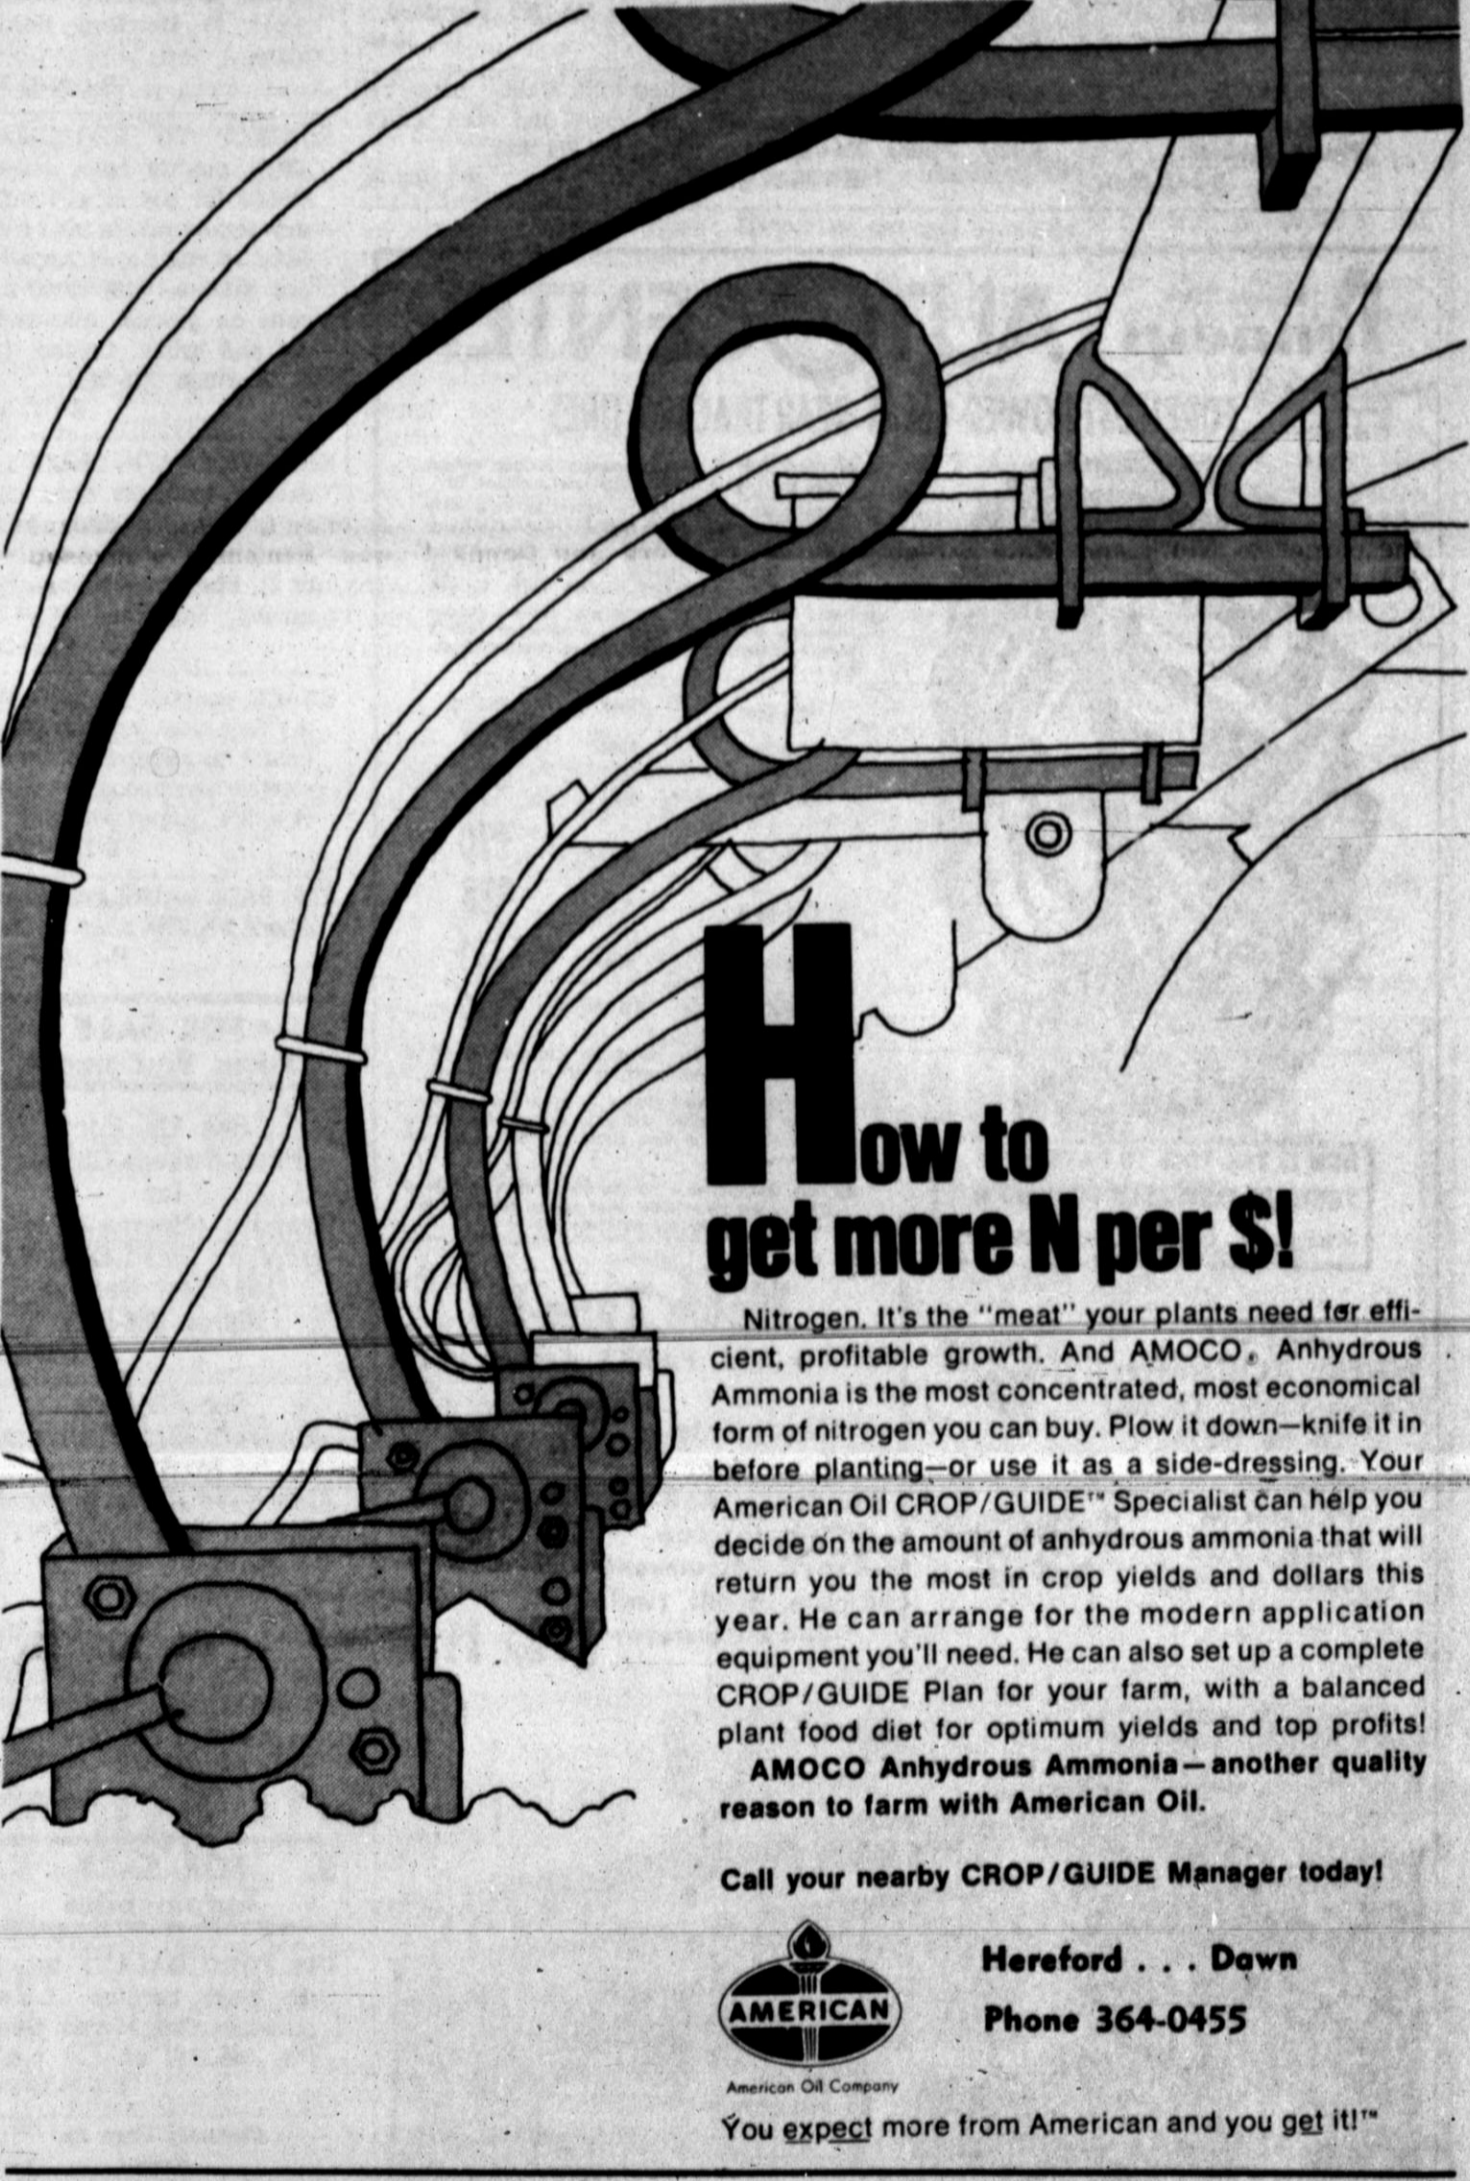

Big Name for Big Yields

If I join the Army, must I wear my uniform at all times?

The answer is no. You must wear your uniform during basic training but once you are assigned to a unit or a school, you can wear civilian clothing when off duty.

How to get more N per \$!

Nitrogen. It's the "meat" your plants need for efficient, profitable growth. And AMOCO Anhydrous Ammonia is the most concentrated, most economical form of nitrogen you can buy. Plow it down—knife it in before planting—or use it as a side-dressing. Your American Oil CROP/GUIDE™ Specialist can help you decide on the amount of anhydrous ammonia that will return you the most in crop yields and dollars this year. He can arrange for the modern application equipment you'll need. He can also set up a complete CROP/GUIDE Plan for your farm, with a balanced plant food diet for optimum yields and top profits!

AMOCO Anhydrous Ammonia—another quality reason to farm with American Oil.

Foremost Power Cleat Rear Tractor Tires

- All Nylon Body — for extra strength. Protects against bruise and impact breaks. Eliminates moisture rot.
- Rugged Deep Bitting Cleats — delivers powerful drive wheel pulling power in all soils.
- Polybutadiene Tread — Tough abrasion resistant tread resists cutting and chipping, delivers added mileage, and longer tire life.
- Heavy Duty Sidewalls — minimize carcass damage from cuts and snags. Specially compounded rubbers provide outstanding protection against weather checking.
- Wide Flat Tread — distributes load more evenly for added traction and longer tire life.
- Open Center Tread Design — gives more traction, better biting action, and pulls harder. Open center tread and curved base cleats provide natural self-cleaning action.
- Fully Guaranteed — for the life of the tire, without limit as to time or tread wear against defects in factory workmanship and materials.

Shooting The Bull At HHS

The Whiteface Band will be traveling to Austin to play for a Civil Air Patrol audience on May 10. Members of the band returned from solo and ensemble contest last week where they won 33 first and 7 second places in the high school division.

SENIOR HAPPENINGS: Final orders were taken this week for caps and gowns! The day is soon approaching! At the same time, plans are being made for the Senior Banquet. The date of which is to be announced later. The Theme Committee is busy reviewing the themes that have been submitted for the event.

ATTENTION, SENIOR MOTHERS! Within the next week, your senior will bring home an announcement for the Senior Parents Meeting. Keep your eyes open.

The formal initiation of new Tri-Hi-Y members will be

Watch Stolen From Lions Club Auction

An accutron wrist watch, valued at \$125 was reported stolen Saturday from the Lions Club radio auction location in the old Hickory Log Restaurant in Sugarland Mall.

The theft is being investigated by the City Police Department.

WILD MOUSE CHASE

CAPE TOWN, South Africa — British painter Terence Cuneo unintentionally led security police here on a wild goose chase.

Cuneo puts a tiny mouse into each of his paintings and the captain and officers of a passenger liner, learning this tried in vain to find the rodent in the print of a Cuneo painting hanging in an officer's cabin.

Eventually they cabled the publisher asking where the mouse was and received the answer: "Up the telegraph post first right."

Police found the message suspicious and boarded the ship for an explanation. They stayed to help find the mouse.

TRANSMISSION STOLEN FROM AUTOMOBILE

A 4-speed transmission, valued at \$350 was reported stolen Monday from a 1968 Chevrolet owned by C. R. Caperton, 604 Ave. F.

Belonging to Caperton's son, the car had not been driven during the weekend, so the time of the theft could not be pinpointed.

City police officers are investigating the theft.

DO YOU KNOW?

The Hereford Benefit Association is still climbing toward our goal of 1000 members.

We hope YOU will help us to reach that goal soon, by joining us.

WHEN we have 1000 members enrolled we will pay Beneficiaries \$1,000.00.

If you are interested in a good deal

cluded on the program was an illustrated discussion on the water of the area. The society invites all interested students in grades 9-12 to attend the next meeting which will be held on April 14 at 5:30 p. m. at the Deaf Smith County Museum. The public is also encouraged to remember San Jacinto Day, April 21, by visiting the museum.

Members of the Forensics Union are preparing the one act play, "The Valiant," for District competition. Members of the cast include Judy

Hollingsworth, Steve Ray, Bob Nelson, Mike Kemp, Randy Corlis and Arvis Southward.

ATTENTION: The HHS Bouncing Boppers will play against the KPUR Bumbling Basketeers at 7:30 tonight. Adults can see this spectacle for \$1, students for .75, and children under 12 free. A game not to be missed!

The English classes are planning to publish a journal of student writing from a 11 high school English classes.

Students having any original writing are encouraged to bring them to room 119 for submission to the journal.

Hereford will be well represented at U. I. L. District Competition, reports Mr. Mal Manchec, sponsor of the Forensics Union. He reported that 32 students are entered in the literary events which include Debate, Poetry Interpretation, Ready Writing, Prose Interpretation, Short-hand, Typing, and Spelling. Mr. Manchec is also sponsoring the activities of the one

act play cast. The Red Cross Talent Show will be held today during activity period. The purpose of the show, which is open to anyone in High School, is to raise money for the Red Cross. A local representative of the Red Cross will award 1st, 2nd, and 3rd prizes.

There will be a dance Friday night at the Community Center from 9 to 12. Music will be by The Undertakers.

The FHA officers will leave tomorrow for the area

FHA meeting in Lubbock. FHA Week is from March 23-30, activities will include a Parent Box Supper, a Young Homemakers' Coke Party, and a Hobo Day.

Congratulations to Steve Shane, Connie Hoover, and Diane London on winning the local Soil and Water Conservation Essay Contest. Congratulations also go to Mr. Devers on his new daughter and to Coach Hughes on his new appointment as assistant principal at LaPlata next semester.
