# Newest Feeding Operation To Hold Open House Sunday

By MARSHALL DAY  
Staff Writer

Progress has spawned another feed lot for the Hereford area, and this time, Cattle Town, Inc., located nine miles west of Hereford between the Black and Summerfield communities, boasts one of the largest producing mills in the entire nation. Open house is scheduled for Sunday 2 to 5 p.m.

Cattle Town, Inc. opened gates to the 230-acre site on June 19 when the first load of cattle — 814 — were brought in. In the past five weeks, the head total has reached over 4,000. This is only one-fifth of the total capacity number expected to be in the lots by the first of October.

This TECO designed mill is of the latest design and is a continuous flow mill. That is, all in-

gredients are fed over weigh-belts into a collector conveyor. The weighbelts are pre-set from the control room to the proper amount of flow. The electronic controls take over at this point and maintain the set amount of each ingredient.

The mill, constructed by Thompson-Gill, Inc., of Madera, Calif., began operations on July 3. It is capable of handling seven different commodities through it on its continuous weigh-belt system, including milo, protein supplement, alfalfa hay cubes, ensilage and fat and molasses.

All ingredients such as silage, hay, rolled milo and minerals are fed into an elevator leg that leads to a large overhead continuous mixer where the fat and molasses are added. The liquids are also controlled electronical-

ly from the control room. The mixed feed is then deposited in five holding bins, which have a total capacity of 100 tons.

In the mill were installed four Ross Rolls with hydraulic controls that were manufactured in Oklahoma City. The two boilers are from Williams & Davis at Dallas and the silage pit is from Oswalt Industries at Hereford and was modified to suit the needs of the new mill.

The hay-cube crusher is a new product of TECO. The cuber, the elevator, conveyors, finished feed bins and mixers were all made in California by Thompson & Gill, Inc., and were shipped to Hereford to make "the finest mill that we have ever built," according to the builders, whose contract was approximately \$390,000.

The complete mill was assem-

bled by Pre-Fabricated Structures Company of Amarillo. The electrical work was done by Owens & Hollingsworth of Hereford and the plumbing was done by the Jim Pavicek Company, also of Hereford. The electronic controls were made especially for this application by the Flowcon Company of Anaheim, Calif.

Officers of the corporation include Bobby Owen of Hereford, president; Bobby Viegol of Hereford, vice president; and James Higgins of Hereford, secretary-treasurer. Hank Winters, a experienced in feedlot operations, is manager of the lot.

Other stockholders include Ellis Tatum, Wesley Barnett, Fern Barnett and Tommy Tatum, all of Farmer County, and See NEWEST FEEDING Page 2

BIRDS EYE VIEW — Shown here is a downward view of the new mill and office complex as seen from the top of the 115-foot ladder at the top of the mill. The mill is one of the largest in terms

# County Voters Okay Water Issue

## Webber Indicted By Grand Jury

After two days of deliberations, the Deaf Smith County Grand Jury Tuesday indicted Richard V. Webber, a 21-year old unemployed intendant with possession of marijuana and narcotic paraphernalia and indicated that at least three other county men would be indicted on similar charges following the reconvening of the group next Wednesday morning. Webber, who lived at 302 Ave. B while living here, was earlier charged with assault to murder in connection with a "cowboy-hippie" fight that occurred approximately two weeks ago. The indictment of Webber came after two days of deliberation by the Grand Jury and

stemmed from an investigation into local narcotic traffic in Deaf Smith County. Webber and 14 other area youths were arrested recently at a chicken coop approximately three miles north of Hereford. The arrest led to a Court of Inquiry which was held Friday in 69th District Court here in which some 25 youngsters were required to testify. Twelve youth, ranging in ages from 16 to 20 have been placed under restrictive custody of the Grand Jury and disposition of their cases has been delayed pending further investigation into the narcotic traffic.

District Attorney Jerry Tucker indicated Tuesday evening

that charges would probably not be filed against the youth unless their conduct again brought them before the courts. "If this happens," Tucker said, "then we will proceed with the indictments."

Tucker also indicated that two men, now under indictment on other charges, would probably be indicted on narcotic charges next week. The Grand Jury recessed Tuesday night about 10 o'clock after two full days of deliberation and will reconvene Wednesday morning, August 13 at 9 a.m. in the Grand Jury room of the courthouse.

Webber, who has been in and out of Hereford, came here in the early part of this year but was later committed to the state hospital at Wichita Falls for drug addiction. Upon his release he returned to Hereford, then went to Colorado for a short time before returning here. He had been back about a month before being picked up on the narcotic charges.

In a statement made to the Grand Jury Tuesday, District Attorney Jerry Tucker said that "it is obvious that numerous teenagers in the Hereford area have been smoking marijuana. Whether this activity is extensive, as I suspect it is, or just for kicks, is not the problem. The association of teenagers with people who deal in narcotic traffic, whether it be marijuana or hard drugs is a sure path to trouble," Tucker pointed out that simple possession of marijuana is against the law. "It carries a penalty as high as life imprisonment," he said and emphasizes that the only way for teenagers to get marijuana is to deal with a criminal, directly or indirectly. "These people are seeking profit by deliberately disobeying the law."

Tucker called a Court of Inquiry Friday, August 1 and question a number of teenagers suspected of smoking marijuana or of having knowledge of the narcotic traffic.

In talking to the Grand Jury Tuesday Tucker indicated that law enforcement officials have been under tremendous pressure to do something about the narcotic problem. "We have, and our efforts are continuing," he said. "As a result of last week's sessions, at least three individuals now face felony charges for supplying marijuana to minors."

## Little Action In Council Meeting

Discussion pertaining to the recent announcement of involuntary annexation of portions of South Hereford dominated the agenda Monday night at the regular scheduled meeting of the Hereford City Commission, and the light session culminated without an abundance of action being taken.

Meeting with the Commissioners concerning annexation of their property were Mr. and Mrs. Charlie Sowell, along with their legal council, former mayor Ray Cowser. However the Sowells were not present to protest the annexation, according to their attorney, but merely for clarification of certain regulations that would affect them and their property after coming into the city. The property, located south of the underpass on the east side of U. S. 385, has been under cultivation and will remain so for some time according to the Sowells, although it will come into the city zoned A-Residential. The property will continue to be taxed as farmland and will remain as such until subdivided, according to city officials.

The Sowells also pointed out that they now use an incinerator to handle their trash problem and requested permission to continue, and also desired to continue with their own sewage system. City Manager Dudley Bayne said that it would probably be some time before the city sewage system would be available at that location anyway, although the city water supply is now being used by the residents.

Also meeting with the council concerning the annexation was J. M. Hamby, who owns property farther south on 385. Hamby asked that his property be brought into the city zoned E for future business expansion. He was informed that he should meet with the Zoning Commission, meeting August 26th to consider zoning for all of the property to be annexed. The Zoning Commission will meet at 7:30 p.m. at the City Hall on that date.

Professor George Ritter, representing West Texas University at Canyon met with the council asking their endorsement of a project planned by the University. According to Ritter, a survey will be made in the area.

See LITTLE ACTION Page 2

## Turn Down Pay Raise For Lt. Governor, Legislators

Deaf Smith County voters went to the polls Tuesday to give a resounding 12 to 1 approval for Constitutional Amendment No. 2 concerning the Texas Water Plan approving at the same time 7 of the other 8 proposed amendments, but turning down the Legislature's salary increase by a vote of 620 against to 594 for. However, the vital water

### \$25,000 Damage In Fire Monday

A fire which apparently started in the heater room caused an estimated \$25,000 damages to the La Plata Beauty School, 921 East First, Monday about 2:51 p.m.

Hereford Volunteer Firemen answered the call shortly before 3 p.m. and when they arrived at the scene, they discovered that the fire, which started in the heater closet near the middle of the building, had spread throughout the other rooms. It was believed that the fire was fed when the main gas line, which ran through the heater closet, melted, allowing the gas to escape.

Firemen fought the blaze for about 2 1/2 hours before it was completely under control. Hazel Carter is manager of the Beauty School and the building is owned by N. D. Bartlett.

### Witherspoon Is On Committee

James Witherspoon, of Witherspoon-Alkin-Thomas & Langley Attorneys, has been appointed a member of the Income of Estates and Trusts of the Section of Taxation for the Association year 1969-70, it was announced.

The section, with membership now exceeding 11,700, is expected to play an increasingly important role with respect to legislation, regulations, administration and practice in the field of taxation.

The announcement was made by Charles C. MacLean, chairman, Section of Taxation.

See WEATHER Page 2

development authority amendment was lagging in state voting Wednesday morning and was believed to have been defeated as the East Texas and big city votes were counted.

The Deaf Smith County vote left little doubt about local concern for water as all 11 voting precincts and the absentee vote approved the crucial water amendment. A total of 1,295 persons voted in the election.

Final county vote on all 9 constitutional amendments were as follows:

1. Constitutional Deletions: For 888, Against 329
2. Water Development Authority: For 1203, Against 87
3. Legislators' Salaries: For 594, Against 620
4. Water Supply Tax Exemption: For 792, Against 430
5. Welfare Fund: For 778, Against 477
6. Bond Rates: For 615, Against 572
7. Employee Survivor Assistance: For 855, Against 386
8. Student Loans: For 862, Against 373
9. Annual Legislative Sessions: For 648, Against 570

On the state level voters apparently turned thumbs down on those issues they thought would cost them money with the exception of the amendment to raise the welfare ceiling by \$20 million to a top of \$80 million. The welfare issue was carrying by a two to one margin Wednesday morning as the Texas Election Bureau reported votes from 252 of 254 counties, 222 complete. The voters however, turned down the water development amendment, legislator's salary raises, water supply tax exemption, and the annual legislative sessions, while approving Amendments No. 1, 5, 6, 7, and 8. Those were the amendments concerning constitutional deletions, welfare fund increase, bond rates, employee survivor assistance and student loans. With the exception of the

water development amendment, the area vote generally went with the state vote. Voting was considered light throughout the state.

Deaf Smith County water officials expressed their disappointment Wednesday morning in the apparent defeat of Amendment No. 2, but indicated that it was just a set-back, not complete failure. Officials of the Deaf Smith County Water Association have worked hard in the area to get backing for the Texas Water Plan but apparently could not overcome voter apathy.

## GSPA Secures Election

Grain Sorghum Producers Association officially received certification to hold a referendum among grain producers in a 29-county area of the Texas Panhandle and Plains at a hearing before Texas Commissioner of Agriculture John C. White in Austin Monday morning.

Grain producers are now slated to vote on extended research and a promotional program designated to locate avenues toward cutting the cost of production and increasing profits.

On the same ballot, the farmers are to elect a Grain Sorghum Producers board of 12 men who will have the responsibility of developing programs and overseeing the funds aimed toward future farmer benefits.

Any farmer who produces grain may have his name on the ballot by submitting his nomination with signatures of ten other producers to the Grain Sorghum Producers Association thirty days prior to the referendum.

Any person qualified to vote who does not receive a ballot prior to Sept. 25 may obtain one from the local County Agricultural Agent's office. Deaf Smith County is included in the balloting.

Major proposition on the ballot is whether or not grain sorghum producers shall assess themselves a maximum amount of five cents per ton to be collected at the point of first processing or sale.

Balloting is to be done by mail. Polling place is 1213 Fourteenth St., Lubbock.

### Mixed Foursome Planned Sunday

The Hereford Ladies Golf Association has announced that there will be a Mixed Scotch Foursome tournament this Sunday at the local golf course. Tee-off time is set for 5 p.m. and all interested persons are invited to participate. Entry fee for the tournament is \$5 which includes the golf match and a dinner following the matches at 17.53 the Hereford Country Club.

"conservative" and that a 9.3 per cent collection at \$2.20 per \$100 will total \$1,423,120 — "although we have collected a higher percentage of these taxes in the past."

He then stipulated what these revenues are earmarked for in the future year:

With the estimated balance as of Sept. 1, additional tax payments anticipated, state funds, tuition, etc., total available funds were estimated at \$2,491,530. Budget is estimated at \$2,312,000.

However, the transportation will show a loss to the district of approximately \$54,700 — which they will pay themselves. But the interest and sinking fund balance of \$200,000 and \$468,720 anticipated in local taxes by Sept. 1 this year will bring its available funds to \$668,720. Estimated budget subtracted will leave an estimated budget balance of \$205,043 on Sept. 1, 1970.

Grand total overall for school operation is \$3,534,777 compared to \$3,061,333 last year.

Approved custodial and maintenance departments increase totaled \$577 per month, boosting the total to \$6,842 for 25 employees. Raises ranged from \$7 to \$40 per month, which Clark explained to the board as having been figured on a merit basis toward the individual employee's work record.

Schedule on the present bus route (29 at present with possibilities toward extending to 31 routes) was approved to cover monthly salaries on a mileage basis — which indicated additional money in most cases.

From Northwest Elementary School to the Labor Camp is the approved \$25 per one trip. For 8-10 miles one trip \$50, 10-20 miles one trip \$75, 20-30 miles two trips \$100, 30-40 miles one trip \$85, 40-50 miles one trip \$115, 50-60 miles one trip \$130, 60-70 miles one trip \$145, and 70-80 miles one trip \$160.

Others have already been prosecuted. I personally will continue a concentrated effort to seek out the major suppliers of narcotics or dangerous drugs in our area," he said.

Tucker, however, placed the burden of curbing the market to teenagers on the parents, saying that they must take the initiative in knowing what their children are doing and where they are both day and night. "Talk with your teenagers about the problem," he said. "Make yourself knowledgeable on the subject. Do not leave it up to teenagers to make adult decisions. Find out where they are going and what they are doing. Watch for symptoms of use of any drug."

Tucker's statement continues:

"A user of marijuana cannot normally be easily recognized, unless he is heavily under its influence. In the early stages of its use marijuana acts as a stimulant with resultant loud and rapid speaking, and laughter to the point of hysteria. The user normally has dilated pupils at all times while under the influence of marijuana and the whites of the eyes are very bloodshot and red colored. In the latter stages of use, marijuana has an effect similar to a depressant, in which the user may seem to be in a stupor, very similar to intoxication by alcohol, and will become very sleepy. Long term use will precipitate a general destruction of goals and aims. It will impair basic judgement decisions and moral values. Marijuana can produce hallucinations when taken."

**ELECTING CAC BOARD** — Three separate meetings were conducted at the Hereford Community Center Monday night toward examining candidates to be elected to the local Community Action Corporation board of directors. The six representatives (4 Latin 1 Negro and 1 Anglo) are set to represent the underprivileged on the CAC panel consisting of six other members representing public office holders and six representing private citizens. Shown at top left are a part of the Latin group who appeared for the election, with Alex Torres and the Rev. Michael Graham (lower right). At upper right, Tom Albracht is seen discussing

the CAC project with Mr. and Mrs. R. W. Botsford prior to the meeting. Rev. C. W. Allen (lower left) reported that he was not able to attend the Negro meeting, of which he had been placed in charge, because of surgery, and is still a patient at Deaf Smith County Hospital. However, Rev. Allen reported that the meeting was held nonetheless. The six candidates are to be announced at the regular CAC meeting at 8:30 p. m. this coming Monday at the Community Center, where other organizational business will be discussed. Roland Barton is temporary chairman. Staff Photos.

## Richards Is On Bearkat Roster

Gregg Richards, a 1966 graduate of Hereford High School and a standout football player here, is listed on the starting line-up of the Sam Houston Bearkats for the coming season. Richards, who has received two varsity letters at SHS at Huntsville, will be at the starting defensive back position for the coming year. The six-foot, 190-pound Richards was an honorable mention all-district 1-AAA his senior year with the Whitefaces.

The Bearkats, coached by Tom "Top Cat" Page, finished their 1968 season with a 5-4-1 ledger and with the recruiting done this year, things are looking better for the fourth place Lone Star Conference finishers of last year.

## Peace Corps To Test August 16

Deaf Smith County area residents interested in putting their skills to use in developing nations around the world are invited to take the Peace Corps Placement Test at 1:30 p. m., on Saturday, August 16, at the Post Office Building, Amarillo.

The Peace Corps uses the Placement Test to determine how an applicant can best be utilized overseas. The test measures general aptitude and the ability to learn a language, not education or achievement. The test requires no preparation and is non-competitive; an applicant can neither pass nor fail.

Persons interested in serving with the Peace Corps must fill out an application. If they have sent it to the tester before the test, Application forms are available from post offices or from the Peace Corps in Washington, D. C. 20525.

Fifteen thousand volunteers are currently serving in Asia, Africa, Latin America and the Pacific Islands, working with the people of those nations in self-help projects ranging from food production to health and education. More volunteers are needed for programs which will begin training soon.

ken in heavy doses.

"One local teenager described its effects on him to me last Friday. The term they most often use is 'It turns me on.' I have observed that this 'turns me on' means simply that it removes the restrictions of moral values and judgment that are most essential in modern society."

## Little Action ...

Continued From Page One

Hereford area in an effort to determine how many migrants are here during the summer months, where they go, where they come from and other general information that might be helpful to the local city government. The survey will be made by students of West Texas University who will receive credits for their work. The project is funded by the Office of Economic Opportunity. The council gave their endorsement to the project.

A request by the Texas Highway Department for an easement 30 ft. in width, 200 ft. total area near the old dump ground was approved. The easement was requested by the department so that they could keep the grounds cleared of weeds and litter near a culvert in that area. The easement was granted.

The council also authorized City Manager Dudley Bayne to look into the possibility of a lease-purchase plan for a used bulldozer to be used at the dump grounds.

The only other action taken during the meeting was the granting of a request for a change of zoning on a portion of prop-

## Funeral Rites For Father of Hereford Man

Funeral services for Lytle Herd Stevens of Dimmitt, father of Billy Joe Stevens of Hereford, were conducted Monday at the First United Methodist Church of Dimmitt with B. C. Talley, Church of Christ minister, officiating. Masonic graveside rites were held in Castro Memorial Gardens.

A long-time resident of Dimmitt, Mr. Stevens, 60, died Saturday of an apparent heart attack at his home.

Other survivors include his wife, Wannie, of the home; a daughter, Mrs. Barbara Wheat of Dimmitt; his mother, Mrs. Lessie Stevens of Canyon; brothers, Dudley of Las Vegas, N. M., Piner of Canyon and Roy Joe of Dallas; and six grandchildren.

Property adjacent to Marcum Auto Sales on North 25-Mile Avenue. The property belongs to Mrs. Juanita Boynton and will be rezoned from residential to business.

Read The Classified Ads Today.

## Feeding . . .

Continued From Page One

Kenneth Christie, Chester Wiggins, A. R. Dillard, Rocky Lee, Walter London and Floyd Cole, in addition to the three officers, all of Deaf Smith County.

Since all of the stockholders are farmers, they will be the ones to provide 60 to 70 percent of the milo used in the feeding operations.

Announcement of the new \$1 million feedlot was made in early December of last year, and actual construction was started on Jan. 4 of this year. Redi-Mix Concrete of Muleshoe constructed the pens and bunkers for the feedlot and West Texas Drilling set the wells. The lots were completed June 15 in time for the first load of cattle on June 19.

Cattle Town, Inc. is receiving most of its cattle from South Texas, Central Texas and New Mexico, it was pointed out and officers expect the lots to be filled to their capacity by early fall. If future needs warrant it, the corporation has an additional 250 acres that may be used to boost the capacity to about 70,000.

Open house for the new mill and feedlot is set for Sunday.

Lundy, a British Isle, has been given to Britain's National Trust as a coastal nature preserve. The island, known as Puffin Island in the tongue of the Vikings, measures three miles long by half a mile wide.

From 2 to 5 p. m. with everyone invited to attend.

Pvt. David Clayton is here for a 17-day leave with his mother, Mrs. Lena Grey and family. He is from Ft. Gordon, Georgia, and will report to Oakland, California, when his leave is up. Then he will leave for Vietnam.

Mr. and Mrs. Ralph Guest and Dude were Sunday evening ice cream guests of the Earl Brown family.

Sam Betts spent the weekend in Pampa with Carol Ann Royal and her parents.

Mr. and Mrs. Pat Blankenship and children spent the weekend in Borger with Mr. and Mrs. Homer Warren and visited other relatives. Sunday they spent the day at Lake Meredith.

Mr. and Mrs. Joe Lomax of Amarillo were Sunday dinner guests of the Oscar Bronniman family.

Mr. and Mrs. Frank Watson and Doug of Hereford visited Sunday with Mr. and Mrs. Davis Brown and Mrs. Irene Brown.

Pvt. David Clayton, Roxann Brownlee and Billy James spent Sunday in Colorado Springs, Colo., with Second Lt. and Mrs. Gary James.

Mrs. Davis Brown is attending a summer session at West Texas State University.

Mrs. D. P. Doherty and grandson Teddy Wilson spent the weekend in Amarillo with Mrs. Emma Lou Hall, where they held a family reunion Friday and everyone visited with Sgt. and Mrs. Ray Nickles and family of Minnesota.

Mrs. Julia Fincher spent the weekend in Amarillo with her son and family, the A. B. Finchers.

Johnny Fincher of Channing is spending a few days this week with the Jack Finchers.

Mrs. Joe Brownlee, Roxann, David and Shana and David Clayton visit in Amarillo Monday with Mrs. A. M. Chapman and Mr. and Mrs. Ronnie Dowdy and daughter.

Sharon Guest and Allen Hill of Amarillo were Sunday guests of the Ralph Guest family.

Mr. and Mrs. Pat Maupin of Hereford visited Sunday with the Earl Brown family, the Calvin Peters family and Mrs. Millie Maupin.

Mrs. Phillip Pinnell and Clifton of Plainview visited Friday with Mr. and Mrs. R. L. Pinnell and the F. A. Kromers and the R. C. Chism family where she left Clifton for the weekend.

Mrs. Glen King of Shamrock and Mrs. C. F. Archer of Mercedes visited recently with the Farris Kromer family.

Mr. and Mrs. P. N. Johnson visited in Canyon with the Billy Johnson family and the Bill Sterling family and were also in Lubbock Sunday.

Spec. 4 Clayton Thompson of Ft. Sheridan, Ill. is here for one week with his children Stacy and Clayton Lee and the M. A. Fergusons. Stacy will return with him for a longer visit.

Mr. and Mrs. Frank McDonald and Ken of Dallas visited Sunday and Monday with the R. L. Pinnells.

Mrs. Irene Brown, Mrs. Ruth Pinnell, Mrs. Kay Blankenship and Mrs. Naomi Kromer attended an annual reading conference Tuesday at West Texas State University in Canyon.

Mrs. Lorin Creitz was host to a Mary Kay cosmetic party in her home Wednesday afternoon. Miss Kay McCullum of Gruver was the distributor and she also visited with the Creitz family from Tuesday through Thursday. Attending the party were Mrs. Hazel Chilton, Mrs. Irene Brown, Mrs. Ann Wood, Mrs. Kay Blankenship, and Mrs. Daphne Sullivan.

Mr. and Mrs. Bill Gudger and children, Mrs. Joe Brownlee and family, Sharon McCown and Melanie Creitz attended the rodeo in Dumas Sunday evening where Joel Brownlee won second place in the bronc riding.

Mrs. George Rehrig and children of Oklahoma City visited Friday with the Farris Kromer family. Then they and Mrs. Phillip Pinnell spent the weekend at Red River.

Mr. and Mrs. Ivan Roberts and Peggy Brent of Sebeithia, Kansas, spent one week with Mrs. Billie Morell.

Mr. and Mrs. Vernon Wagner and son have moved from Florida to Queen City, Texas.

Monty Hale was in Northwest

Texas Hospital last week. But he is home now and doing some better.

The Adrian FFA boys held their meeting Monday night in the Ag. barn and had an ice cream supper and later played volleyball.

Mr. and Mrs. Frank Barker and son of Levelland visited one week with his mother, Mrs. Billie Morell.

Mr. and Mrs. Clifford Galley and Kara of Amarillo and Jackie Loveless spent the weekend at Ute Lake.

Visiting Monday with the Howard Engle family were Mr. and Mrs. Jess Sorrells of Harley and Monday and Tuesday visitors were Mr. and Mrs. Lester Owens of Big Spring.

Glenda Collins of Hartshorn, Okla., is visiting the Manuel Loveless family and Hoss Collins this week.

Mr. and Mrs. James Harris and family of Amarillo and the Wilbur Harris family spent the weekend at Ute. The Charlie Sullivan family joined them there Sunday.

Mr. and Mrs. Troy Allen of Ft. Worth spent the weekend with the E. E. Allens.

Mr. and Mrs. Claude Berryman and family of Snyder visited Sunday with the Horace

Betts family. They were on their way to Colorado.

T. J. Whitworth of California and moving to McAllister — visited recently with Hoss Collins.

Tommy and Jackie Loveless and Kara Galley visited in Hartshorn, Oklahoma, with the Lawrence Loveless family and the Homer Collins family. They left Tuesday and returned home Friday.

Valerie Lemmons and son of Albuquerque visited Tuesday with the Cal Jacksons.

Mr. and Mrs. Paul Tucker and family of Bartlett, Okla., were here last week with the Dick Rich family. The wives and children attended a movie in Amarillo Tuesday. Over the weekend they all went to Ute Lake, near Logan.

Mr. and Mrs. Conrad Bechtold of Darrouzett visited with the Rev. and Mrs. Don Travis and family.

Mrs. Virginia Garrett broke a small bone in her right foot Sunday. She has to stay off of it for a few days.

Rev. Don Travis returned home Friday from Dallas where he has attended a school for pastors for the past month.

Mike Wolfe of Crescent, Oklahoma, spent the weekend with

the Manuel Loveless family.

Among those at Ute Monday were Paul and Angela Heiselman, Mrs. Marney Flood of Amarillo, Mrs. Manuel Loveless and Tommy, Theresa Heiselman and Glenda Collins.

Mrs. Floyd Brown and Mrs. Joe Speed left Amarillo Sunday and flew to Seattle, where they will take a scenic bus across Canada on a tour.

Mr. and Mrs. John Heiselman and family spent Sunday at Clarendon with Mr. and Mrs. Kemp Thompson.

Mr. and Mrs. John Heiselman and family spent Sunday at Clarendon with Mr. and Mrs. Kemp Thompson.

Mrs. Joe Baumgardner of Wellington, Mrs. Barbara Gordon

## Brent Brown Ends School

PENSACOLA, FLA. — Navy Ensign Brent L. Brown, son of Mr. and Mrs. Bruce T. Brown of 535 Westhaven Drive, Hereford, has completed the four-week Flight Systems School at the Naval Aviation Schools Command at Naval Air Station, Pensacola.

and children of Dallas visited the Robert Jacobson family this week.

Mr. and Mrs. Bob Woods and children are in Austin this week on agriculture business.

Mrs. Kenneth Zaring was ill last week and in the hospital, but is feeling better at this writing.

Training during this phase of instruction includes basic aerodynamics, aviation physiology, naval air operations, air navigation, physical fitness and swimming.

He will now proceed to the next phase of training in the Naval Aviation Program.

Tony Keyes scored 56 goals in his three years of varsity soccer competition at Michigan State.

## Auxiliary Sets Harvest Dinner

Hereford Post 182, American Legion Auxiliary, conducted a business and installation meeting Tuesday night at the Legion headquarters in Veterans Memorial Park where they set Tuesday, Aug. 19, as the date of the annual Harvest Festival Dinner and elected committee chairmen for the event.

Breads committee is headed by Mrs. Ira Ott; meats, Mrs. Hazel Sparks and Mrs. Cecil Wilkins; desserts, Mrs. J. E. Young; table decorations, Mrs. Grant Hanna; beverages, Mrs. R. E. Stark; vegetable contact, Mrs. Sparks; and publicity, Mrs. S. T. Wiseman.

A report on the recent convention in San Antonio was made by Mrs. Elbert Vance. Mrs. Sam Williams, district president of the Auxiliary, also appeared and gave an additional report on the convention.

Auxiliary officers were installed by Mrs. Hanna. President is Mrs. LeRoy K. Williamson.

The Legion also had their officer installation. Their entire slate was re-elected for another term, with S. T. Wiseman as commander.

## Look Who's New

Mr. and Mrs. Pascual Delgado are the parents of a daughter, Criselda, born August 2. She weighed 6 lbs. 8 oz.

Mr. and Mrs. Juan Barrientes are the parents of a son, Edward, born August 11. He weighed 7 lbs. 15 1/2 oz.

Mr. and Mrs. Arnold Powell are the parents of a daughter, Kristi Raylene, born August 1. She weighed 7 lbs. 8 oz.

ron Wilhelm of Happy is planned for August 16.

Hostesses for the occasion were Mmes. Walt Warren, Melvin Kalka, Frank Bezner, Joe Wilhelm, Ed Bezner, Mark Lindeman, Walter Kuper, W. J. Lueb, Felix Fetsch, Ed Loerwald, C. W. James, Louis Dupnik, Norbert Skypala, Arhart Reinart, Kenneth Walterscheid and Alvin Schmucker.

Guests were received by Miss Vasek with her mother, Mrs. Cecilia Vasek and her fiancé's mother, Mrs. Charles Wilhelm of Happy.

The crystal appointed serving table was laid with white linen and centered with a pink and white arrangement of gladiolas. Mrs. Walterscheid and Mrs. Kalka served the punch and cake.

Registering the guests was Miss Grace Vasek, sister of the bride-elect.

A corsage of white carnations tied with turquoise bows was presented to the honoree.

Out-of-town guests included Mrs. Lawrence Wilhelm, Mrs. M. P. Nussbaum and Miss Dorothy Freick, all of Amarillo and Mrs. Tom Wilhelm of Happy.

Under the proposed Texas Water Plan, 67 major reservoirs and alternates for water supply would be added to the state's existing 157 major reservoirs.

A survey by the Kentucky Human Rights Commission shows that 20 Negroes hold elective office across the state, ranging from city offices to three legislative posts.

## Carlyle Family Reunion Is Held

The Carlyle family which came to Hereford in 1907 held its second family reunion in Hereford last weekend.

The group met in the home of the Cawthon Bryants for dinner Saturday evening and attended church Sunday followed by a luncheon at the Cason House.

Attending the reunion were Mr. and Mrs. Bill Cason, Mr. and Mrs. Charles Cason, Suzanne, Victor and Monte; Mr. and Mrs. Don Hutson, Robert, Gay and Mechelle, all of Duncanville, Tex.; Mr. and Mrs. Howard Carlyle of Muleshoe, N. M.; and Mrs. Joe Greer of Amarillo, Rev. and Mrs. Jene Greer, Darlene, Jene Jr. and John Higgins, Tex.

Also Mr. and Mrs. L. W. Carlyle, Mrs. D. H. Bryant, all of Hereford; Mrs. Orion Carter of Plainview; Mr. and Mrs. Wildon Carter, James and Linda of Pampa; Mr. and Mrs. Francis Bu-

## Boys Ranch Rodeo

The biggest Labor Day event of the Texas Panhandle is expected to attract a record crowd when the nearly 350 boys of Cal Farley's Boys Ranch celebrate the silver anniversary of the annual Boys Ranch Rodeo.

More than 100 of the boys will compete under RCA rules in the riding contests that will be held on August 31 and September 1 at 2:30 p. m. each day.

Considered the only one of its

kind in the nation, the rodeo was witnessed by approximately 10,000 people in 1968. Among those attending this year will be many of the Ranch's former boys and their families who will have a reserved section in the rodeo arena.

Other rodeo highlights will be the presentation of trophies to the Senior and Junior All-Around Cowboys, the crowning of a queen, and the appearance of the Boys Ranch Marching Band.

Each of the Ranch's boys will have some part in the rodeo. Those not appearing as contestants will be in specialty acts, park cars, sell soft drinks and pop corn, or help with the numerous jobs connected with the rodeo production.

Giant-size barbecue beef sandwiches will be sold to visitors who arrive early. Tickets for the two rodeo performances may be obtained in advance at the Boys Ranch office, PO Box 1890, Amarillo, Texas, or by calling 372-2341. Reserved box seats are \$2.50, and general admission is \$1.50. Children and servicemen in uniform will be admitted for 75 cents.

## Rites Pending For Brother of Leo Witkowski

Funeral services for Vern on John Witkowski of Plainview, brother of Leo Witkowski, 215 N. Texas, are pending with Lemons Funeral Home in Plainview.

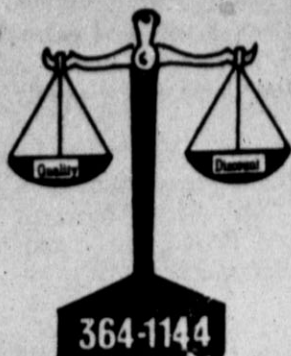

Mr. Witkowski, 54, died Tuesday in Harris Hospital in Fort Worth after a brief illness.

He was born in David City, Neb. and moved to Plainview in 1916 where he was employed by Gibson's Discount Center. A member of the Grace Presbyterian Church, he married Margaret Green June 3, 1936 in Amarillo.

Survivors include his wife; a son, John, stationed in Germany with the U. S. Army; daughters, Mrs. Reese Tanner of Fort Worth and Mrs. Jim Tingle of St. Louis, Mo.; his brother; a sister, Mrs. Malcom Haven of Texhoma; and six grandchildren.

## Washington Report

From Congressman  
**BOB PRICE** 18TH DISTRICT, TEXAS

1223 LONGWORTH OFFICE BUILDING, WASHINGTON, D.C. • 225-3746

Dear Friends:

This week the House debated at great length one of the most important appropriations that comes before it each year: funding of our education programs. When the final vote was taken on Thursday night, a number of amendments had been added to the bill and additional funds had been provided for school libraries, vocational education, college construction, student loans and aid to elementary and secondary schools. Also included were additional funds for Federally impacted areas, education of the handicapped and facilities for the mentally retarded.

The amendments adopted on the House floor would add approximately \$1 billion to the original budget requested by the Nixon Administration. A total of

\$17.7 billion was approved. This included funds, not only for the Department of Health, Education, and Welfare, but for the Department of Labor and related agencies such as the National Labor Relations Board, the Inter-Agency Committee on Mexican-American Affairs and others. The great bulk of the funds, however, went to HEW.

Some of the most interesting debate came over non-appropriation provision which some members tried to have deleted from the bill. The provision offered by Rep. Jamie Whitten of Mississippi, would forbid the Department of HEW to use any funds appropriated in the bill to force bussing of students, closing of any school or forcing any student to attend a school against the choice of his

parents. This would give congressional backing to Freedom of Choice plans and prevent cutting off Federal aid from school districts which the Department did not consider were moving speedily enough in implementing desegregation guidelines. Two attempts to knock this section out of the bill were defeated.

Since this legislation contains most of the money for student loans which Congress appropriates in each fiscal year, a provision was added to the bill which stated that no Federal aid should be granted to student rioters and no aid should be accorded to colleges that did not act to cut off aid to rioters.

Although this sounds wise, I was personally disappointed that no language was written into the bill which would enforce

these sections. They will stand shortly — if they are approved in the Senate and contained in the bill as signed by the President — as a part of the law of the land but there are no provisions for enforcement.

Because of the inclusion of funds for programs — such as vocational education, and aid to school libraries — which are important to the 18th District, I voted for the bill as it finally emerged from three days of floor amendments and debate.

No one will deny the importance of proper education for our young people. They have been brought into a world which is heavy with problems. Perhaps we can at least equip them better through deeper knowledge and better education.

The following residents of the 18th District were visitors to my Washington Office this week: Mr. & Mrs. Harry Whitlow, Jr., of Amarillo and Charles, Cheryl, Charise, and Don Whitlow; Mr. and Mrs. Dennis Ward of Memphis; Mr. and Mrs. Donald Olson of Canyon; Mr. & Mrs. Bill Sheehan of Dumas.

The paper and printing of my newsletters are not paid for at

## Luncheon Fetes Miss Witkowski

The Hereford Country Club was the setting Wednesday for a luncheon and linen shower honoring Miss Lou Ann Witkowski, bride-elect of Whitney Rounds.

Mrs. Owen Seamands and Mrs. D. C. McWhorter hosted the event where guests were teachers at La Plata Junior High School.

Receiving guests with the honoree were her mother, Mrs. Leo Witkowski and her fiancée's mother, Mrs. Herman Rounds. Decorating the lovely serving table was an attractive arrangement of hot pink carnations centered with a dove holding streamers with the engaged couple's names.

Others attending were Meses. Charles Bell, Gerald Haak, Roy Hartman, Lottie Wertenberger, Bussy Kaul, Frank Prowell, Buster Miller, Joe Frank Hucker, Miss Maarki Beblis, Miss Ann Prichard and Miss Jane Witkowski, sister of the honoree.

## Concerning Veterans

EDITOR'S NOTE: Veterans and their families are asking thousands of questions concerning the benefits their Government provides for them through the Veterans Administration. Below are some representative queries. Additional information may be obtained at any VA office.

Q — After I file my application for educational allowance under the G. I. Bill, how long does it take to get my Certificate of Eligibility from the Veterans Administration?

A — Normally, it takes about three or four weeks. It is best to file for your Certificate of Eligibility upon being discharged from the Armed Forces regardless of whether or not you intend to use it immediately.

Q — I was issued a Certificate of Eligibility for education in 1967. I was unable to attend school then, but I plan to enroll this fall. Is it for the same school and program. Should I get an updated certificate?

A — The original certificate is still good if the program of study and the school are still the same. A new certificate is required only if there is a change in your program or school.

Q — I understand I must make satisfactory progress in school in order to receive educational allowance from the Veterans Administration. What standard of progress does the VA require?

A — A veteran enrolled under laws administered by the VA conduct and progress in accordance with the standards and policies of the educational institution he attends. If the school suspends the student, G. I. Bill benefits will also be suspended.

Q — I have a Certificate of Eligibility for a G. I. loan that states it is valid through June 3, 1969. Can I get this date extended?

A — No. This date was determined by a formula set by law.

# Adult Classes Enroll

Pre-enrollment has been requested for Adult Education Classes so that the Hereford Schools may obtain the necessary information for classes to begin during the week of September 1.

The adult enrollment is now being taken by the Superintendent of Schools at 700 Union. It is also reported that enrollment may be accomplished via telephone by calling 364-0606.

Fees will range from \$10 to \$15 per semester, with one course offered without charge—Basic Adult English (Su Futro Con El Ingles).

Courses now being offered are Business English Composition, Speed Reading, Conversational Spanish, Furniture Repair and Upholstering, Vocational Office Education, Shorthand 1, Bookkeeping, Typing 1 and 11, and Welding.

As interest warrants, additional courses may be offered. Courses already set are offered on one or two nights per week (depending upon the course) on a two-semester basis.

## Coast Guard Academy Asks Applications

WASHINGTON, D. C. — Congressman Bob Price announced that applications for appointment as Cadet, United States Coast Guard, Class of 1974 are now being accepted.

Candidates interested in competing for appointment to the U. S. Coast Guard Academy must submit their application forms to the Academy prior to December 15, 1969, and must arrange through their secondary school guidance counselor to participate in the prescribed College Entrance Examination Board (CEEB) tests.

Only those test results prior to or including the December 6, 1969 administration of the College Entrance Examination Board tests will be accepted.

Congressman Price emphasized the opportunity offered qualified young men who choose this four-year academic program which leads to a Bachelor of Science degree and a commission as an officer in America's oldest continuous seagoing armed service.

"Appointments are made solely on a nationwide competitive basis; there are no separate quotas for states or districts and no special categories," he said. "I urge all qualified young men who are interested in this worthwhile profession to write for details and application forms as soon as possible to the Director of Admissions, U. S. Coast Guard Academy, New London, Connecticut 06320."

To be eligible for the next competition for appointment to the Coast Guard Academy, a candidate must be single, a citizen of the U. S., in excellent physical condition and must have reached his seventeenth but not his twenty-second birthday by July 1, 1970.

A high school diploma is the minimum educational requirement, although high school seniors assured of being graduated by June 30, 1970, are eligible to enter the competition if they will have at least 15 credits by that time. All applicants must have completed three units of English, and three units of mathematics including algebra and plane or coordinate geometry or their equivalents.

## Miss Roberson In Guatemala

Sandra Roberson, daughter of Mr. and Mrs. Deward Roberson, 310 Union, is presently in Zapapa, Guatemala where she is working with the Amigo De Las Americas.

Amigo De Las Americas is a non-profit, non-denominational group consisting of doctors and students who give their time to vaccinate the natives of various countries each year. Miss Roberson is one of 30 students and three doctors who are in Guatemala.

Miss Roberson, prior to going to Guatemala, studied art at the Institute Allende, San Miguel de Allende in Guanajuato, Mexico for six weeks. She returned to the states last of July for a short visit with

## Attendance Hits High At "Texas"

The bugle blew for the 200th time in the Palo Duro Canyon on Monday to announce the opening of performance of "Texas", the musical romance of Texas history by Paul Green.

The directors, Bill and Margaret Moore, gave the signal to the sound and light booth that it is time to begin for the two hundredth time, and the technical directors in the booth flashed the signal to the back stage areas.

Two men in the booth have been working there for all four seasons. They are John Brantley, sound director, and Pat Jarrett, lighting director. These are the two who produce the storm at the end of the first act which stirs audiences so convincingly.

Three Raillard boys have been busy for these two hundred nights on stage and in the front of the house as children, and now as young adults with parts in the play, playing the double bass, and working on the lights.

During all four seasons John Handy has led the orchestra with his fiddle, taking one day off to play a piano concerto with the Houston Symphony this July.

For four years Harold Orr friends before leaving for Guatemala last Sunday.

**CARD OF THANKS**  
I want to say thank you to Dr. McCrary and all the nurses who made my stay in the hospital such an enjoyable one. And thanks for all the cards, visits and prayers and to Mrs. Mc for the good food. You were all just wonderful and I love you.  
Alice Fullwood

**NEW TWIST**  
THORNTON, Colo. — A 32-year-old man was arrested in this Denver suburb for riding a horse while intoxicated. Police said his erratic maneuvers on the bewildered horse caused a traffic jam on a busy highway.

has done many of the tenor solos.

Though absent at times during the run of the show, Royal Brantley and Neil Hess have arranged the music and the choreography for all four seasons, serving as musical director and dance director for the production.

Raymond Raillard, Executive Vice-President, has held the organization together as general manager, ably assisted by the office manager, Bonnie Whittington.

Margaret Harper has been in charge of the publicity.

Wednesday, July 30, marked the halfway mark for the 1969 season of "Texas." Total attendance this year through the 30th has been 32,000. This compares with 28,000 at the halfway mark last year. So far, crowds have averaged 1,192 nightly.

## July Accidents At \$67 Million

AUSTIN — Traffic accidents in the Lone Star State during the past month picked the pockets of Texans to the tune of over \$67 million, the Texas Safety Association reported.

While preliminary reports indicate that rural fatalities, injuries and property damage cost Texans some \$25 million in the past four weeks, urban accident costs rang up a staggering \$42 million tab.

When all reports are in, the Safety Association further reported, July automobile crashes on Texas' streets and highways are expected to put traffic costs for the first seven months of the year over \$475 million.

Costs of accidents are based

on a formula supplied by the National Safety Council.

Noting an 18 percent increase in fatalities and an 11 percent increase in accidents on Interstate Highways in Texas during the past month, as compared to a similar period in July, 1968, the Safety Association called on the state's drivers to observe the following rules when traveling on high-speed roads:

- On entering a freeway, pick up speed quickly to match the flow of traffic.
- Choose a lane and stay with it. Signal well in advance if you must switch lanes.
- Keep right if you have to drive slower than other traffic.
- Leave plenty of space between your car and the vehicle ahead for emergency stopping.
- Plan exits in advance. Decrease speed sharply once you are on the exit ramp.

## Pettyjohn On Honor Roll

TEMPE, ARIZONA — Larry Pettyjohn, grandson of Mr. and Mrs. Otto Olson of 407 W. Fourth, Hereford, has been included on the Dean's Honor Roll at Arizona State University.

Pettyjohn previously attended schools in Hereford.

- If you have car trouble, get your vehicle well off the highway to make repairs.
- Watch for changes in speed limits. Decrease speed when driving at night.
- On long drives, take a break in driving every hour. Many safety rest areas are provided along Texas Highways.
- Plan exits in advance. Decrease speed sharply once you are on the exit ramp.

Thurs. August 7, 1969  
Sword Dancer was beaten by a nose in the 1959 Kentucky Derby but he won the Belmont that year. Arts and Letters was beaten by a neck in the 1969 Kentucky Derby but won the Belmont. Both were trained by Eliot Burch.

# USO Is Star's "Shining Hour"

By EARL MOSELEY  
Staff Writer

United Service Organizations (USO) is a federation of six voluntary agencies. Through these agencies, civilians serve the educational, religious, social, spiritual, and welfare needs of members of the armed forces in the United States and overseas. The USO maintains recreation centers in cities near military post and bases. They call it "Home Away From Home." Moreover, it provides organized entertainment for servicemen.

Given birth in 1941, the USO represents "the shining hour of show people" — actors, actresses, comedians, singers, bands — who have donated their time to entertain troops in local camps and on the front lines.

Notable among these performers is Bob Hope. Hope has given up his own Christmas holiday at home each year dating back to the 1940s for the entertainment of U.S. servicemen in far-flung outposts in both wartime and peacetime. He has made such tours under the auspices of the USO.

One of the first entertainers to volunteer for the USO shows was singer Al Jolson, a man who had seen top stardom in both stage and movies but whose popularity had declined by 1941. But he made a "military" comeback with the presence of World War II by telling the young servicemen that "you don't know me, but I am your grandmother's boyfriend."

Before World War II had ended, Jolson had traveled all over the world with the USO shows. In fact, the singer did so much that he wound up in a stateside military hospital suffering from exhaustion.

With the release of his screen biography, "The Jolson Story," and later "Jolson Sings Again" which detailed part of his USO experiences — the aging star made a strong "civilians" comeback in 1947. But he did not forget the USO. With the beginning of the Korean conflict, he made personal appearances before the troops there — and he died immediately following his last one in 1953. It was reportedly from exhaustion.

Entertainers were actually killed in action touring battle areas. Only a few months ago, a member of a rock and roll combo was killed in Vietnam while performing through the USO. Moreover, singer Jane Fonda suffered permanent spinal injuries from a plane crash while on a USO booking overseas.

There were many twists and turns which involved noted performers in their USO shows. One was the late Charles Laughton, who told the USO bookers that he could not sing nor dance but could read. He started out in veteran's hospitals, delivering passages from the Bible. And by the time of his death in 1962, the noted English actor (who had become an American citizen) had become even more noted simply from his readings from the Holy Scriptures — to servicemen.

Jack L. Warner, who was head of Warner Brothers studios and a lieutenant colonel in the U.S. Air Force, produced a multi-million dollar Irving Berlin musical in 1943 titled "This Is The Army," with all profits earmarked for the USO. With an all-star cast, two of the players were George Murphy and a

Ronald Reagan (the latter being released from the U.S. Army Signal Corps long enough to make the picture). It became the only motion picture in which the two actors appeared together professionally, prior to entering politics.

But the USO shows have by no means been dominated by male stars. Martha Raye was one of the ladies who started out with the late Kay Francis, Carole Landis, and Mitzi Green during World War II. As the only one of the quartet still living, she has made several trips to Vietnam. During the 1969 Academy Awards, Miss Raye was presented a special award for these activities — by Bob Hope.

Unusual circumstances have also been recorded through the feminine stars. Marlene Dietrich, the German actress who came to the United States prior to the rise of Nazism, returned to Europe as a USO frontlines entertainer on the side of the Allies. After the war with her homeland ended, Miss Dietrich was severely criticized in some circles there as "turncoat."

Among the stars who have toured Vietnam are John Wayne, Charlton Heston, the late Jayne Mansfield, Ann Margret, and Hugh O'Brian to name a few.

At the present, there are more than 200 USO operations in the United States, and 22 more overseas. More than 4,000 volunteers contribute their time to serve men and women in the armed forces. Servicemen and women pay more than 34-million visits to USO clubs and centers each year.

In Hereford, where the USO is a United Fund agency, the report is that "we didn't think twice about including their request. Their request for funds is based on the number of armed forces personnel from Deaf Smith County who are currently serving their country. We simply feel that it is our responsibility."

USO has no local officers.

## National Smile Week...

August 4-9

Sisterly smiles . . .

I don't know about this . . .

Anything you say . . .

May I eat first?

Identical smiles . . .

### Have You Smiled This Week?

Little smiles, big smiles, shy smiles and father and son smiles . . . Smiles in duplicate, all given sincerely -- some readily and some with a little coaxing, but everyone managed a smile for this photographer for National Smile Week.

This is easy . . .

Umm -- good . . .

O. K., just this once . . .

I surely will . . .

I will if you will, Dad . . .

# **Glady's Garden** By Gladys Howton Manjeot

## **TREES**

To grow a beautiful useful tree it sometimes takes more than a lifetime. In recent years, when talking with new homeowners, I have often had them say to me, "Oh! we want to plant trees, but we want quick, growing trees-trees that we can enjoy in our lifetime."

The largest kind of the trees grown are probably the giant redwoods of California. These date back to A. D. 531. They are the most durable of the cone-bearing trees of California. The giant redwoods grow to a greater height than any other American tree. Growing in a belt that extends into Oregon, these great cypress-like forest trees grow best where slopes are moderate, altitude is lower, soil deeper and water supply abundant. Those cut are usually the youngsters - from 400 to 800 years old. Getting a redwood to mill requires great experience and skill. The giant trunk must fall precisely where the cutter intends it to lie and an y-concussion could split or break the trunk making the tree valueless for commercial use.

All of this I have given you, to try to cause you to think how very much goes into the growing of a tree.

Just last winter in a monthly magazine and a newspaper, I read where the large giant redwood tree, which had been used to drive through (tunneled) on one of the most used of highways in California, had died. It made a fellow really want to cry when a great giant like that had lived its life span and served its place in history. No real causes for its dying was given, other than old age and the constant vibration it received by the passage of motor vehicles.

I do not remember the age of this mighty giant, but it was the oldest tree in America.

The interest in trees growing in Hereford has increased by the week, and I have some data, which I am sure is not entirely correct, but remember I always am ready to be corrected on any statement made, if in error.

## **OLDEST TREE**

The oldest tree which I received data on is the L Arbor Vitae (tree of life) which is now growing at the home of Mrs. Essie Cardwell and Miss Mary Bourn. The tree was planted in 1906 by Mr. Bourn, father of Mrs. Cardwell, Miss Mary and Mrs. Johnnie Fuqua. When the house had been completed, Mr. Bourn decided to plant some trees and selected the Arborvitae. He planted three in a diamond shape. Mrs. Cardwell says if they had all lived, they would have been enclosed from the world and passers-by.

This Arborvitae is evergreen, and sometimes is classified as a shrub. But it is of the genus Thuja or Thuya and is of the

pine family. It is often called white cedar and-or "Tree of Life."

Last year while visiting in the home at 711 E. Fourth, I particularly noticed the lovely tree. When I had completed my visit, I drove around the block and took good notice of the size and symmetry of the beautiful tree. Then I got out of the car and studied it close up. It was in excellent condition and showed that it had been cared for. I did not inquire if it had been trimmed to make it have its lovely shape, but if not, it had certainly grown beautifully.

In talking with Mrs. Cardwell this week she told me that the tree wasn't 'so well' this summer, that the extreme hot weather and bag worms and other insects had taken their toll. It is still pretty. However, she tells me it is beginning to split a bit in the center.

Wish we could get a good tree surgeon to treat it.

## **PRETTIEST TREE**

By vote of neighbors and friends, the mimosa tree growing on the northwest corner of the Robert Viegel yard at 511 N. Roosevelt, was voted to be the prettiest tree in Hereford. One lady when she called told me to be sure and go to see it in the late evening, just as the sunset glow was gleaming through the branches loaded with lovely lacy rose colored blossoms. I agree it was a lovely sight and one that would challenge any artist to paint it.

Another friend told me that she and her family really got more pleasure from the tree than the Viegel family does, as it was in front of their house and in-going from room to room they could see the tree and enjoy its loveliness.

The annual time of blooming, so stated a friend, is about the 21st of July. It is the prettiest at this time and the days following. It has been grown well, and has had good care.

I do not know if it has been pruned to have such a nice shape or whether it has grown that way naturally.

There have been other mimosa trees mentioned to me, one of which grows in the backyard at the Ralph McCullough home,

139 N. Texas Street. This is one of my favorite trees, and I like to drive over town and admire the pretty mimosa trees. I am a little bit partial to the ones which tend to grow a bit crooked, as I just like different shaped ones. I think they add to the interest of the landscaping.

However, a well-grown tree is supposed to grow straight, or according to its nature. I was told by a local nurseryman that one lady had him plant at least three mimosa trees before she had one that pleased her. She wanted it to have a twist and be a bit crooked.

## **MOST INTERESTING**

The silver-leaf maple tree growing in Dameron Park on Park Avenue:

I always slow down a bit when I drive by to enjoy the beauty of this old tree. I have no idea of its age, but I do know that it was growing in the park in June of 1915, which at that time was called Knight Park, having been named for Mayor Knight. I would say that this tree perhaps could be called the tree with the most "reminiscence" attached to it.

I cannot recall going by it very many times but what some one was having a picnic lunch underneath its shade; children playing around the tree; children climbing its beautiful, sturdy limbs; mother and children resting in its spacious shade; sometimes one or more sitting the crotch of the large tree; parked lovers beneath its spreading limbs in the moonlight. I can even visualize a rope swung tied to its strong limbs and children swinging and singing.

## **LARGEST TREES**

The Weeping Willow tree, which has been growing at the Dr. J. H. McCrary home, 702 S. Main St., is probably the largest elm tree in Hereford. The tree was planted by Mr. Hall about 16 years ago and by its growth and beauty it shows that it has received tender loving care.

Another large weeping willow tree mentioned to me is the one growing at 300 Westhaven Drive, at the Ralph Owens home. The color and shape of this tree is very pretty, and even though it loses a limb most every storm, it is still very nice.

There are other types of willows, and we have number of up-right willow trees. One that is especially pretty and that I enjoy (since I can see it from my front door) is the one growing at the Monk Johnson home, on Greenwood.

Another large tree that af-

fords the neighbors pleasure is the Chinese elm at the P.M. Houser home, 828 Park Avenue. It is one of the best shaped trees in town, and is a very happy tree, because the birds build their nests in its branches. Therefore, we have bird songs, and many pretty birds that flit through its green leaves. Etched against the blue sky it is something lovely to behold, as well as in the moonlight.

There is a large American elm tree at what we old timers call the J. D. Thompson home on 25 Mile Avenue. It is now owned by Mrs. Alton Fraser. The tree is sturdy, strong and adds much to the attractiveness of the property. Must be 40 or 50 years old.

Many American elms are in Hereford, but we have been saddened to learn that some have died this summer because of lack of water and attention. Then there is a disease which is prevalent among the American elms. It is a disease which has been imported (I believe from Holland). In a recent article in a horticulture magazine, I read that the American elm is almost becoming extinct in America because of this disease, and that it is not being planted as much because of this. It is also a slow growing tree.

The cottonwood tree at the Frank Cogdell home, 915 Park Ave., is a glossy beautiful tree and the largest of its kind in Hereford. I would like to know how old it is. One of my friends told me he thought it was the prettiest tree in Hereford.

Another large, old tree is the long leaf pine, which is growing at the corner of Aspen and Park Avenue. I cannot remember Hereford without this tree. When I first knew of it and really noticed it, it was when we visited my grandparents, the A. H. Owens, in 1914. At that time the place was an acreage and the tree was almost covered up with other trees.

During the years, an addition has been established, but the pine tree still stands and is a sentinel of beauty and remembrance.

At one time this place sold because of the number of nice trees which were growing around the home.

## **OTHER USEFUL AND ATTRACTIVE TREES**

One of my very favorite trees for this locality is the honey locust. It grows exceedingly well and comes in varieties which add color as well as shade and interest to landscaping designs.

The honey locusts at the Charles Noland home, 204 Texas, are good examples of how well they do here.

The silver leaf maple, red Japanese maple, scarlet maple, sunburst locust, fast growing ash, pilsdarc, white birch, moraine locust, American sycamore, oak (Mrs. N. E. Gass has one of the loveliest oak trees in Hereford), Lombardy poplar sweetgum, rare ginkgo fan tree (will grow here but is slow, also the pin oak, but I would not recommend either of these unless you are especially interested in different kinds of trees.) Mrs. Raph McCullough has a very pretty Hawthorn tree and it does well-a really beautiful tree.

Many varieties of evergreens do extremely well here. Perhaps one of the most popular is the spruce, both the green and the blue.

One of the loveliest blue spruces in Hereford is the one at the Coombs, 150 Ranger. This tree was transplanted from where it had been growing for years, and many friends and neighbors had their fingers crossed. They were afraid the beautiful spruce would not "make it", but it did and is a lovely, lovely spruce.

Have been worried this summer as we are losing too many of our trees and evergreens. I have studied it and some of the trouble can be attributed to lack of care, not enough of water, spraying, etc. Red spiders are very bad for evergreens, and there is not a better cure than to wash, full strong spray, each day with water, up and down. This must be done consistently.

Every other week use a Malition spray. Noticed today there were two or three large trees that looked like they were dying in Dameron Park. We cannot afford to lose our trees.

Mechanical injuries cause some damage that often results in losing a tree. Hazards created by automobiles hitting the trees, fire, windstorms, lightning, rodents, birds, accumulation of snow and ice plus homemade devices such as braces, clotheslines, dog runs, and tree houses. In short, anything that

can harm a tree should be eliminated. Take care of them. They are priceless.

## **HOME WITH MOST KINDS AND GREATEST ENJOYMENT**

The Itay Coneway home, 116 Rio Vista Drive, probably has the greatest variety of trees. They have Chinese elms, American elms, silver leaf maple, poplars, box elders, russian olives, and long-leaf pines. All of these have been growing at their home for years.

I do not know the oldest, but I do know that the long needle pines were given them by Mrs. Oliver and planted over 30 years ago.

The trees are so planted and grown that there is almost a constant shade which makes for

Fight the price/cost squeeze on your wheat with NITROMITE. Shamrock's fine brand of anhydrous ammonia. A preplant application of NITROMITE speeds early growth, producing lush, high-quality forage (and plenty of it!)—an important factor if you plan to graze cattle this winter. And the cash crop? NITROMITE delivers the most usable nitrogen per dollar to help increase yields without increasing cost appreciably. So come harvest, even if prices are low, you make out. If they're good, you'll be the big winner. Put down NITROMITE now. It'll give you a fighting chance in the marketplace.

**WHITE POTATO PIE** — A hearty dessert that is real soul food. The recipe comes from "A Good Heart and A Light Hand," a collection of traditional Negro recipes by Ruth L. Gaskins of Alexandria, Va.

LET'S COOK SOMETHING

## Best Soul Food Cookery

By CECILY BROWNSTONE  
Associated Press Food Editor

Eight cookbooks devoted to soul food now grace my shelves. Of these collections of traditional Negro recipes, I find "A Good Heart and A Light Hand" by Ruth L. Gaskins (Simon and Schuster) the most interesting and authentic.

Ruth Gaskins, a resident of Alexandria, Va., collected her recipes by gathering them from her Negro friends — most of whom now live in Alexandria but originally came from other parts of the South. Many of

these contributors are professional cooks, though Miss Gaskins is not. "A Good Heart and A Light Hand" is charmingly illustrated with black and white drawings, and the recipes are clearly written and efficiently organized.

When I asked a black friend who was born and raised in Pennsylvania which recipe in the Gaskins' book appealed to her most, she chose the White Potato Pie. I, too, was interested in the recipe because other white potato pies I had made were designed to accompany the main course and this one was sweet — a dessert pie. On testing the recipe, I found it had a most appealing and almost baffling texture. I pressed for a description. I'd say it was a cross between an old-fashioned lemon sponge pie and cheese cake.

One suggestion for those who make the pie: you may wish to use lemon rind and lemon juice in it instead of the lemon extract called for in too powerful quantity. Interestingly enough, lemon extract shows up over and over again in soul-food compilations — more so than in any other group of cookbooks.

**RUTH L. GASKINS' WHITE POTATO PIE**

¾ cup sugar  
½ stick butter  
¼ teaspoon salt  
2 eggs, separated  
1½ cups hot mashed potatoes  
½ cup milk  
1 tablespoon each: Vanilla and lemon extract  
1 unbaked pie shell  
Preheat oven to 450 degrees. Add sugar, butter, salt and slightly beaten egg yolks to hot potatoes. Then add milk and flavorings. Fold in the egg whites which have been stiffly beaten. The mixture should be fairly thin. Bake in a 9-inch pan which has been lined with the unbaked pie shell. Bake for 10

minutes. Reduce heat to 350 degrees and bake for 45 minutes longer or until knife inserted in center comes out clean.

**Food Editor's Notes:**  
You'll need to cook about ¾ pound of potatoes to yield the 1½ cups mashed potatoes called for; in measuring, pack potatoes down slightly after putting through a ricer.

For flavoring, I omit the lemon extract and use 1 teaspoon grated lemon rind and 1 tablespoon fresh lemon juice with the 1 tablespoon vanilla.

To help keep the top of the pie from cracking, beat the egg whites only until peaks that tilt over slightly form when the beater is slowly withdrawn.

If top of pie gets very dark before baking time is up, cover with a square of regular-weight aluminum foil.

Because the filling puffs up during baking — it recedes as the pie cools — make the pie crust shell with a high fluted edge. — C. B.

Use of plastic bags for packaging of industrial chemicals, lawn and garden products and oily and roughedged materials is expected to increase five percent over the 1968 volume of 105 million bags, according to John P. Sullivan, sales manager for U.S.I. Chemicals Film Products.

## Thinking Aloud

By BARBARA SWIMMER

Just back from a wonderful week's vacation, part of it in the mountains and the rest in the corn fields and the kitchen, it's going to take me a week to rest up and get back to work.

We stayed several days at a beautiful mountain resort near Red River, N. M., averaging 12 hours sleep a night and fishing the other 12 in their lovely private fishless lakes. All I was able to catch was a snake and a cold.

I guess anyone that fishes for two days with the same worm on their hook just because they don't like to handle them, deserves it.

I got my share of the nasty little critters when I got home, tho, shucking two-hundred ears of corn to put in the deep freeze.

Just think of the money I could have saved for worms if I had fixed the corn first.

When I say "we" fished for two days, that's kinda the over-

statement of the year. My husband's idea of a fishing trip is stopping at a grocery store on the way home and buying enough fish to convince the neighbors what a great fisherman he is.

By the way, please don't call me on the telephone and ask where I got the corn. I had a million calls recently after writing about sandhill plum picking and I'm a not gonna tell anyone else where they are. . . Now, if you want to know where we bought the fish, that's a different story. . .

Everytime we go fishing, if we ever catch any, my sons get the job of cleaning them. It was not easy convincing them what an honor this is, but I finally did it. There is one thing, tho, that has been hard to get through their thick little skulls, and that's why they can't hatch out the eggs. . . Next year I'm going to buy them a can of caviar and tell them to have at it. . .

I'm such a poor fisherman I can't even catch Charlie the Tuna. . .

On our way home, we went by Taos to see the Indians, but they weren't there. They were all on the other side of town watching the hippies. . .

Another vacation chore accomplished was making pickles. My sons eat pickles like they were going out of style and then there's my pregnant poodle. . . She hasn't tried the corn on the cob yet, but I guess that will be next. There's nothing like having a pickled pregnant poodle on your hands. . .

My dill pickle recipe for Sunshine Pickles is one of the greatest and I thought I might share it with my readers. It's the easiest and the best I have ever tried and believe you — me — I'm a trier.

Pack your cucumbers and one stem dill in jars, mix 1 cup salt, 1 quart vinegar, two quarts water, bring to boil and pour in jars. Seal and set them in the sun for 21 days and you have the best dill pickles in the world.

Just don't make the mistake I made last year. I waited until October to make them and I had to bring them in the house every night to keep them from freezing.

ing then put them back out the next morning. . . That was a chore. . .

A sure way to tell the hippie sexes apart: If it shows any sign of ambition at all, it's a girl.

To score means to cut shallow

slits or gashes in food. Scoring the fat on top of a ham helps to release the melting fat and the slits — if made in an attractive fashion — are decorative.

Use a ¼-cup measure, from a fractional cup measuring set, for pouring pancake batter onto the griddle. This way the pancakes will be of uniform size. And wait until underside is brown before flipping pancakes.

Cook that custard mixture over simmering, not boiling, water if you want a very smooth result.

## My Psalm

The clinched fist and the hesitating step show the danger which doubtless has caused this heart to throb. But the face is lighted by the silver lining and hope and trust will drive out the fear. Every man walks, some day, through the valley of the shadow, along a dangerous path. Suffering and opposition and uncertainty are our common lot. But God is our shepherd and no matter how unequal we feel He will carry us through. His rod and staff must be our comfort for "My Psalm" says so. And if He walks with us through the valley, every darkness will give way to light. His church is on the corner to help us. The Book on its pulpit will give us direction. The faithful company theointed which My Psalm talks about, will be as His rod that drives away our foes. Then, surely, we shall not walk alone for goodness and mercy shall follow us and we shall dwell in the house of the Lord forever. Amen.

## Miss Sowell Is Honored

A pre-nuptial courtesy honoring Miss Lynn Sowell, who was married to Eugene Jennings on Friday, was a lingerie shower recently in the Community Room of the First National Bank. Hosting the event was Mrs. Jerry Brannon.

Refreshment of punch and cake were served by Mrs.

Brannon and Miss Cynthia Leasure from a prettily appointed table centered with an arrangement of white carnations and royal blue bows.

Attending were Miss Jill Paschel, Mrs. Roy Crofford, Mrs. Wayne Jones, Mrs. Bill Johnson, Mrs. Jack Baker, Mrs. Larry Paschel, Mrs. J. B. Sowell Sr.

## At The Library

### Mistaken Marriage Ends In Death

Two exciting mysteries concerning a detective's tragic private life and international crime along with a very involved novel are available to the Deaf Smith County Library this week.

#### MURDER, LONDON-MIAMI

By John Creasey

There are two new mysteries now in the library, one of which is a new Roger West story which centers on the complicated and dangerous plight of Sir David Marshall. A distinguished scholar and an expert in international affairs, Marshall leads a tragic private life because of the insanity of his wife, Yolande. When she is murdered in a luxurious nursing home, Scott and Yard comes under strong pressure: Marshall is an important man.

The case takes Chief Superintendent West to the sunbaked glamour of Miami where he confirms, in a series of perilous encounters, that money, more often than not, is the root of all evil.

The second one which mystery fans will enjoy is "A CLUTCH OF COPPERS," by Gordon Ashe. Only Commissioner Patrick Dawlish of the Cr-

and Mrs. Wilbur Davis.

Out-of-town guests were Mrs. J. B. Sowell Jr. of Houston and Mrs. Mike Miller of Canyon.

me Haters can handle this case that has baffled many of the best detective minds in the world.

Policeman from all over the globe have gathered in London to discuss common problems of crime and crime detection. Two participating policemen arrive with a unique mechanism that is capable of identifying the heretofore faceless and anonymous hierarchy of "The Syndicate." Suddenly one is murdered, and the teenage daughter of the other, Captain Randy Patton of the New York police, is kidnapped.

Patrick Dawlish must decide whether to take the dangerous gamble that might uncover the murderers, save the girl, and, not so incidentally, cost him his life in the bargain.

#### MESABI

By Margaret Culkin Banning

Twenty years after Hugh Champlain arrives as a fledgling mining engineer at the vast open pits of the ore-rich Mesabi Iron Range, he is president of Greysolon, and one of the men who matter in Duluth, Minnesota. The perogatives of his position delight him. He occupies a stately house on the lakefront. The powers who run Consolidated Steel, the parent corporation in New York, esteem him highly and show it when he goes

East to attend the annual meeting. His work engrosses him as much as when he started-and as war in Europe comes closer, he can take special pride in the fact that it is work vital to his country's survival. Only in his personal life have mistaken marriage, ended a few years before by his wife's death, there been any shadows — a th. But even that has given him a much-loved daughter, now 18.

Solidity, security, satisfaction — all achieved and all soon to be shattered. His young daughter's elopement with a man he disapproves of represents to Hugh a rejection of everything he stands for. His business colleagues' insistence that Grey-solon look into converting low-grade taconite into useful iron force him into futile obstinacy. One great compensation does come to him. He falls in love with and marries a lovely and worldly woman, whose affection for him is deep, as is her preception of his strength and integrity. But even this solace proves impermanent.

MESABI is a novel of the life and times of Hugh Champlain, a deeply moving story of a complex business world, and a peculiarly American city formed by the world.

## Legislators at Work in Special Finance Session

By VERN SANFORD  
Texas Press Association

AUSTIN, Tex. — Legislators hit the ground running in their unwanted special session on finance.

Gov. Preston Smith was ready for them on opening day (July 28) with tax recommendations which included a one half of one per cent boost (to 3.5 per cent) in the sales tax. He also

suggested raising the car sales tax to 3.5 per cent, raising the cigarette tax three cents a pack and the corporation franchise tax 50 cents per \$1,000 (to \$3.25) on a temporary, two-year basis.

By the end of the first week, both houses had passed appropriations bills, and by start of the second, a 10-member House-Senate conference committee was busy trying to work out differences.

Senate recommended more than \$100 million more in spending than the House version. House members thought \$5.749 billion for the biennium was plenty, but senators figured \$5.852 billion was needed. General revenue amounts to \$1.188 billion in the House bill, \$1.230 billion in the Senate measure.

House would require at least \$286 million in new revenue. Senate about \$328 million. Neither figure included the \$30 million in additional public welfare spending proposed in the constitutional amendment on the August 5th ballot.

Speaker Gus Mutscher indicated he hoped for House agreement by the end of the second week on a tax bill to cover the budget which he said would be close to that recommended by the governor.

But such a bill stands little chance in the Senate, at least

in the near future.

### TREASURE WAR CONTINUES

The long controversy over General Land Office handling of treasure remains from a Spanish Galleon off the Padre Island coast turned physical when Rep. Jake Johnson of San Antonio tried to look at what the General Land Office is holding in its vaults.

An angry confrontation occurred when Johnson showed up with reporters and a three-man commission appointed by a District Court in Nueces County to examine the artifacts. The 400-year-old treasure has been the cause of friction between Johnson and Land Commissioner Jerry Sadler for some time.

Sadler thrust an open hand towards Johnson to prevent him from entering. Johnson says he was hit in the throat. Sadler says he grabbed Johnson's necktie.

Johnson took the floor of the House for a personal privilege speech and asked "older and wiser" members for guidance on what to do, charging it was a slap at the House and not just at him.

Reps. Neil Caldwell of Alvin and Don Cavness of Austin introduced legislation — an "antiquities code" — to set state policy for future treasure hunts. Their bill can be considered only if Governor Smith officially submits it.

Sadler sent out a press release saying he was defending the from entering. Johnson says he man inventory commission and reporters were allowed to enter.

Commission completed its check and sent the state archeologist off to Gary, Ind., to bring back 300 coins and artifacts still in the hands of Platoro, Ltd. Inc., the exploration firm which brought the treasure up from the Gulf floor.

A number of violations of the Texas "Open Beach" law on Galveston Island has been re-

flected by county and state officials' investigations, says Atty. Gen. Crawford Martin.

Representatives of the owners of beach property apparently violating the provisions of the state law, which requires all beaches to be public, have been invited to meet with Galveston County officials to see if they can be persuaded to eliminate the barriers without court action.

### COURTS SPEAK

State Supreme Court decided that the Alice National Bank will remain as the independent executor of the \$300 million Sarita Kennedy East estate.

Court adjourned until October 1 without taking action on the Sunday closing law challenge.

In other new decisions, the High Court:

Agreed with lower court prohibition against Granbury Independent School District's implementing a 1968 tax "equalization" program which would have brought about tax increases up to 700 per cent.

Upheld a lower court's view that the City of Vidor had full authority to enact 196 ordinance providing for warrant financing of a new city hall and levying city taxes.

### APPOINTMENTS

Senate elected Sen. H. J. (Doc) Blanchard of Lubbock its president pro tempore for the special session.

Governor Smith appointed Judge George Rodriguez of El Paso as district attorney for 34th judicial district, succeeding Barton Boling who resigned.

Senate confirmed Rodriguez and also C. B. Maynard of Bastrop as district judge of 21st judicial district and William Barber of Vernon to the State Board of Optometry Examiners.

Donald Paul Katz of Dallas

has been named deputy director of planning in the office of foreign investment of the U.S. Department of Commerce.

Three new members of Texas Industrial Commission have taken oaths of office. They are C. L. Cooke of Fort Worth, Lloyd L. Davis of Plainview and C. Truett Smith of Wylie. New T. E. C. staff members are L. B. Smith of Brady, and James H. Havey of Wichita Falls.

Lone Star Medal of Valor went to SP4 George D. Webb of New Braunfels, a National Guardsman, for his attempt to save the life of William A. Maxwell of New Braunfels who was knocked to the ground by a high voltage transmission line.

### GAS RATES

Texas Railroad Commission has taken under advisement a request of Lone Star Gas Company for a raise in gas rates sold to local systems in 512 Texas cities.

Representatives of the cities were at the hearing to oppose the proposed 3.4 cents per thousand cubic feet of gas raise. Richard Aughenbaugh, Fort Worth city public utilities supervisor, said the cities felt that an increase of no more than 2.77 cents to six cents would be in order, preferably 3.44 cents.

A decision will be reached by the commission sometime after a minimum waiting period of 30 days.

### HUNTING, FISHING LICENSES OUT

Two million licenses for 1969-70 hunting, fishing seasons will be shipped to 3,200 license sales agents by the Texas Parks and Wildlife Department on August 1.

Initial shipment will con-
