## Legal Snags Cause Hospital Bids Will Get Second Chance

County commissioners and members of the hospital board, in a meeting Monday, announced that all previous bids on the half-million dollar addition to the hospital will be discarded and new bids will be opened at a date to be set soon.

Bids, which had been opened at the last meeting of the group two weeks ago, revealed that the lowest bid, which was \$506,587.00, was \$108,000 more than was expected. Commissioners and members of the hospital board, though not accepting the low bid by Lloyd L. Richards, of Amarillo, asked him to view the plans and see what cuts, if any, could be made in the original plans to bring it back down close to the \$400,000 cost of construction.

After hitting several legal "snags," the commission decided to let all previous bids go back and to have the architect redraw the plans under the present contract.

The commissioners also opened bids for a pickup to be used by the county and accepted the low bid by Orval Watson Ford

for \$1,879.21 for a 1970 Ford 1/2 ton. The county received \$1,290.33 for trade-in on its old vehicle.

Other bids were by Oglesby Implement for a 1970 International for \$1,895 with trade-in and by Dick Norwood Chevrolet-Olds for \$1,896.58 with trade-in.

For repairs to be done on the county jail roof, which has caused problems in the past due to its inability to shed water, the county court approved a bill for \$2,176 to repair it.

In other action, the court, on

the contingency that the city and school officials go along with the plan, to raise the pay of J. W. McMorries, consultant for Hereford, from his present \$4,500 to \$5,500 per year. Under the present system, the city pays for 15.55 per cent of his salary, the county 47.53 per cent and the school, 36.92 per cent.

At the last meeting of the school board, trustees there also elected to hike his pay if the other two bodies decided to go along with the increase, now leaving it up to the city to make the final okay.

Another bid, also by Orval Watson Ford Company, was accepted by the commissioners for a 1970 Mercury Monterey for use by the sheriff's office to replace one damaged in a high-speed chase last week. The bid by Watson was for \$2,552.60 with trade-in.

Other bids viewed were by Watson for a 1970 Ford Galaxie for \$2,671.01 with trade-in and by Jones Motors for a 1970 Plymouth for \$3,000 with trade-in.

The real estate auction, was held Tuesday morning to sell property belonging to, but no longer needed by, the Texas Highway Department. High bidders for the property, located adjacent to the Red Carpet Inn on West U. S. 60, were Owen Seaman and D. C. McWhorter for \$30,000.

The property sold included all of lots 68, 69, 70, 71, 72, 73, and part of lots 74 and 75 of the Higgins Subdivision Block 9, Womble Addition, Section 80, Block K-3.

## Hollowell Is Winner

From a total of some 134 entrants, Leo Hollowell, 308 Western, proved to be the best guesser in this year's Hereford Brand Football Contest, and picked up first place money of \$25.

Hollowell predicted 21 of the 23 games correct to win the first place prize. He missed the predictions on the Perryton-Caprock game and the Dumas-Tascosa game.

Taking second place was Wynn Buck, of Sherman, son of Mr. and Mrs. W. W. Buck of Hereford. Buck hit on 20 of 23, missing the Muleshoe-Abernathy game, the Perryton-Pampa game and the Canyon-Phillips game. Had he gotten one of those right, he would have won first place as the total number of Hereford winning scores was 181 and he guessed 182. Hollowell guessed 131 as the total winning points, but missed the fewer number of games.

Jeff Carlile, 124 Kingwood, received third place prize of \$10 as he was another of many that missed only three. He missed guessed the Perryton-Caprock, Hereford-Phillips and Muleshoe-Abernathy games and predicted a total of 185 points for Hereford during the season.

There were some seven persons who tied at missing only three games, but were eliminated through the tie-breakers and the total number of winning points.

## Youth Jailed Following High-Speed Chase Here

A 17-year-old Hereford High School senior, who led members of local law enforcement authorities on a high-speed chase last week, was sentenced to 90 days in the county jail, fined \$100 and cost, and had his driver's license suspended for 12 months in a trial held Monday in the county court.

Leonard John Lindeman, son of Mr. and Mrs. F. E. Lindeman, Route 4, was charged with driving while intoxicated, in addition to other charges, which stemmed from the chase.

The chase began near the block of U. S. 385 when an officer observed Lindeman taking off from a stopped position at a fast speed, and attempted to pull him over near U. S. 385 and Plains Ave. Lindeman then took off north of town and officers from the Highway Patrol department, sheriff's office and Liquor Control Board were summoned to assist with the chase.

The chase came to an end seven miles north on U. S. 385 and three miles east on Farm to Market 1062 when Lindeman collided with one of the cars belonging to the sheriff's office. An officer had pulled the car to the side of the road and had

gotten out to make an attempt to stop the boy, and the boy drove into the left front of the sheriff's car, causing an estimated \$900 damage.

Several times during the chase, Lindeman had whipped the car around, while traveling at a high rate of speed, and headed back on the pursuing authorities.

Also, when the chase began in town, Lindeman struck another car on Avè. B in his attempt to get away. Damage to that car was estimated at \$200.

Lindeman pled guilty to the charges against him, and he was given the sentence.

In addition to the sentence and fines, restrictions were also placed on the youth. Due to the fact that he is a senior at the

high school, he will be required to attend school during the time he is serving his sentence.

He is required to be at his first morning class ten minutes prior to the first bell of the first class for the day. He must also be confined to the school grounds throughout the day and must return to the jail within ten minutes of the final bell at school.

It was also pointed out that if the youth should "make a run for it," he will be filed on as an escapee.

Lindeman will be released on Sundays to attend the church of his choice.

The court, due to the circumstances of the case, handled it as both an adult and as a juvenile case.

## Operations Underway For Implement Classes

Officials of the Texas Employment Commission report that enough participants have been located to meet the required minimum amount of students necessary to start the ball rolling on plans for the Implements Mechanics Class which is scheduled to begin December 8.

The main purpose of the class is to train low-income workers in the field of implement mechanics, and all classes are in cooperation with the Hereford school system.

Operation details under way show classes will be held in the old Davis Implement building located on the corner of Second St. and Miles Avenue.

The Hereford school administrators have selected Merrill Parker to be instructor of the group of boys who have enrolled in the 36-week course.

These classes will be conducted along the same line as the Auto Mechanics Class which is now in progress at Hereford High School under the direction of Bill McDowell.

The Auto Mechanics Class is conducted eight hours a day from 4 p. m. to 12 midnight. The new Implements Class will be held on about the same schedule.

It will be carried out under what is now called Manpower Development and Training Act which is supervised by the President.

Qualifications for enrollment in the Implements Mechanics Class are that a person be 18 years of age or older and possess an eighth grade education or more. Above all, the student must have a real desire to learn and become a first rate mechanic.

Officials report that students who enroll in the class and qualify under the course are eligible to draw a training allowance depending on several factors. This allowance can run anywhere from \$39 per week and up, depending mainly on the number or dependents the student has.

Reports show several business men in Hereford are in grave need of qualified mechanics. This factor along with the others should be a valuable benefit to any student participating in the course.

Recruiting reports show a total of 14 interested pupils have qualified for the project. Among those area students, ten are from Hereford, three are from Amarillo and one is from Plainview.

According to Lester Rape, TEC official, the class is still

open for further enrollment and he urges anyone interested, who meets the listed qualifications, to contact the Texas Employment Commission before the deadline.

## Minnie E. Dent Services Held At Plainview

Mrs. Minnie Elizabeth Dent, 88, of Hereford, a former Plainview resident, died at 12:45 a. m. Monday in Deaf Smith County Hospital.

Last rites were conducted at 4 p. m. Tuesday in Lemons Memorial Chapel at Plainview. Burial was in a Plainview cemetery.

Bob Hadkins, minister of the Clovis, N. M. Church of Christ, officiated, assisted by Robert LaCoste, minister of the Hereford Church of Christ.

A resident of Hereford for 12 years, Mrs. Dent moved here from Plainview. She was born in Berry County, Mo. and was a member of the Church of Christ. She married the late H. H. Dent in 193 in Seligman, Mo.

Survivors include a daughter, Mrs. Dwight Banks of Hereford; two sisters, Mrs. Nora Hoker of Pleasant Hill, Mo. and Mrs. Dovie Edens of Kansas City, Mo. and three grandchildren.

## Local Woman's Mother Dies At Dimmitt

Funeral services for Mrs. Katie England Sinclair, 70, of Dimmitt, mother of Mrs. Dorothy Shannon of Hereford, were conducted at 2:30 p. m. Tuesday in the First Baptist Church of Dimmitt.

Dr. Raymond Perkins, pastor officiated, assisted by Rev. Jim Pickens, pastor of the First United Methodist Church.

Mrs. Sinclair died Saturday night at her home.

A long-time resident of Castro County, she was born April 19, 1899 in Bell County. She was a member of the First Baptist Church.

Other survivors include her husband, B. E. — three sons, Billy B. of Salinas, Calif., Albert of Albuquerque and Ivan Earl of Dallas; three sisters and brothers, 12 grandchildren and two great-grandchildren.

## Young Girl Becomes 8th Traffic Fatality

Rosemary Lopez, 12-year-old daughter of Mr. and Mrs. Alexander Lopez of 240 Grand Ave. became the eighth traffic fatality of the year for Deaf Smith County when she died as a result of injuries sustained in an accident here Sunday.

The young girl and five other members of the Lopez family were returning from the fields here they had been working early Sunday morning, when the

1959 Ford station wagon they were in hit a rough spot in the road.

Investigating officers from the Highway Patrol reported that the young girl was thrown from the car, which, after hitting the rough spot, went out of control and flipped two-and-one-half times. The girl was rushed to Deaf Smith County Hospital for emergency treatment, but died about 10:45 a. m.

The car, driven by the father, was traveling south on a county road about five miles northeast of the city when the accident occurred. It rolled the two-and-one-half times, went through a fence and came to rest on its top.

All occupants of the car escaped serious injury. Funeral mass for the girl was read Tuesday at St. Anthony's Catholic Church, with burial in St. Anthony's Catholic Cemetery.

Survivors include her parents, six brothers and two sisters.

## Businesses Will Be Closed Today

Businesses throughout the city will be closed today in observance of the day in which we should give thanks for what we have — Thanksgiving.

All city and county offices will be closed today in addition to most other Hereford businesses, banks, and stores.

The Brand will also be closed today.

## HHS Council Takes Office

BY JERRY ODOM  
Staff Writer

Although high school students do not have the right to vote they do have their own type governing body. It is known as the student council. "The Student Council is the backbone of student activities," said Ray Barber, co-sponsor of this Hereford High organization.

For the first time in the history of the school, the student council now holds a district office. They were elected the position of secretary at the 21st annual Top of Texas Student Council Convention held at Tascosa High School last Saturday.

Barber said that the all-day event was directed in a political sense.

Twenty schools and approximately 500 students from 23 counties in District I attended the convention. Thirty-five students represented the Hereford High School Student Council. To start the day there was a general assembly at 8:15 in the

morning. Dr. Martin from South Texas was the guest speaker.

Afterwards the students divided into various debating groups where they studied the different problems facing the Student Council. Barber said that after the hour-long discussion period several compliments were made to him on how well the Hereford council members participated in the groups. Another period of this type was held after lunch of which "everything was similar to politics on the national level."

The final activity of the day was the afternoon general assembly. This one was devoted to elections of the district offices. Paul here, Hereford Student Council resident, gave a campaign speech for Hereford as a debate for secretary.

Opponents of Hereford for the secretarial office were Canyon and Borger. "Canyon dropped out of the race quickly," said Barber, "and got into the thick of the district presidential

race."

"Hereford had an excellent campaign. We used campaign literature that was prepared weeks in advance that would fit almost any big political deal. We also distributed little giveaway items which we obtained from the Hereford State Bank, the First National Bank, and the Chamber of Commerce. We'd like to thank these businesses for their support."

Bubble gum was given to the council members with the slogan on the wrapper reading, "Don't Blow it Vote for Hereford."

Theme of the Hereford campaign was Unity Through Communication," Barber said. "We are trying to rejuvenate the district, create more interest, and make all aware of the Student Council."

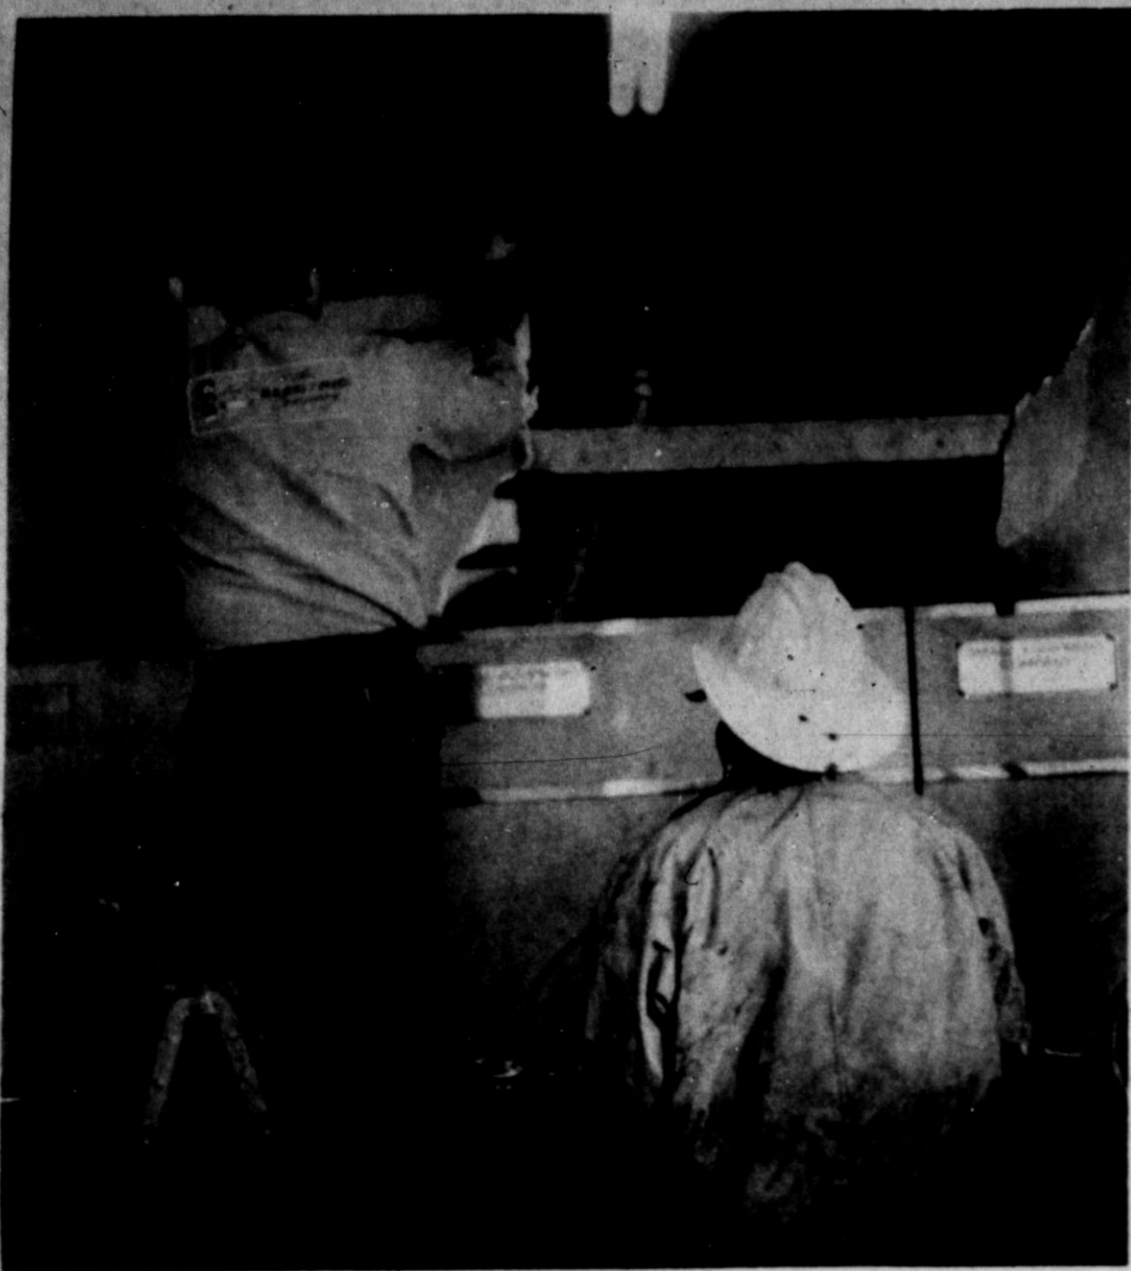

Tascosa High nominated Hereford for secretary and it was seconded by Pampa. Hereford was elected by almost a 2-1 ratio.

Other schools elected to an office were Amarillo High for President, Palo Duro High for Vice President, and Phillips for Parliamentarian.

Barber said, "We wanted to run for secretary because it is the most important office. Since we were elected we will host this year's district meeting at Hereford sometime next October."

"We plan sometime in future years to run for a state office. Our activities for this year include the writing of a school handbook which contains all the policies of the school which govern the students." Also helping sponsor the Student Council this year is principal Jerry Don George who aided the group in their secretarial campaign.

Barber was very pleased with the all-out participation of the Student Council last Saturday. "I have never been out with a group of kids that I have been prouder of," he said.

## National Study Proves Hereford Income High

NEW YORK, Nov. 24 — A recent study by the Federal Reserve Board, the Institute of Life Insurance and others, shows Hereford residents richer than they think?

What is the net worth of the average local family, taking into account its cash savings, the equity in its home, its car, investments, insurance, pension reserves, clothing and the like? A family balance sheet, in which the assets are listed in one column and the liabilities in another, may prove to be an eye-opener, as most people have never figured out how much they have accumulated over the years.

They know, in a general way, that they are better off than they once were, in most cases, but they have never worked it out in dollars and cents.

Some help in this direction is now available through national studies made by the Federal Reserve Board, the Institute of Life Insurance and others.

They find that the earning capacity of a family and its net worth are directly related. Those in the higher brackets have assets equal to several times their annual incomes while those with modest incomes have accumulated proportionately less.

Related to Hereford and to the current earning levels in the area, the national figures indicate an average net worth of \$18,300 per family locally.

The amount applies to the so-called "average" family. It lumps together all age groups — the older ones, who have been adding to their assets over the

years, as well as the younger ones, who are on the way up.

For typical families in some specific brackets, the estimates are as follows: those with after-tax incomes of \$5,000 to \$7,000 a net worth ranging from \$10,500 to \$15,500, those with \$7,000 to \$9,000, net worth of \$15,500 to \$21,000, and those in the \$12,000 to \$15,000 bracket, assets of \$38,000 to \$63,000.

For the population of Hereford as a whole, the total net worth comes to an estimated \$76,800,000.

Included is the value of all housing, automobiles, household equipment, life insurance, wearing apparel, bank accounts, business interests and stock holdings.

On the other side of the ledger are installment debt, mortgages, medical bills, payments due on the car and all other obligations.

## Dinner Planned For Legislators

Panhandle educators will honor Texas Legislators at a dinner Tuesday, December 9, 1969 at 6:30 p. m. in the Caprock High School Cafeteria in Amarillo.

Senator Jack Hightower of Vernon along with Representatives Malouf Abraham, Canadian; Tom Christian, Claude; Ralph Wayne, Plainview; Hudson Moyer and Walter Knapp of Amarillo will be in attendance.

Mrs. Edna Stephenson, President of District XVI and teacher from Borger will preside.

Entertainment will be furnished by the Psycho-ceramics, a humorous musical group, composed of Bob Clouch, Principal of Sunrise School, Jack Lancaster, Principal of Sanborn School, and Saxton Murdock, an engineer at Pantex.

The tickets for the dinner may be obtained from local T. S. T. A. Unit Presidents at \$2.50 until December 4th.

## Letter To The Editor

Editor:

I would like to take this means, if I may, of commending the City Commissioners and Mayor of Hereford upon their selection of Chief of Police, Don Brush. In my estimation Don is a fine citizen. The father of two children, he and his wife, Sunny, are home owners in south Hereford. Don is Sunday School Superintendent at the Grace Gospel Church where his family attend regularly.

Certainly in these somewhat trying times Hereford is blessed in having such a dedicated Christian, as Mr. Brush, heading such an important force.

I, personally, feel that it is our duty to help, and appreciate our law enforcement officers in any way we can as I am sure they have many problems and we are entrusting much to them.

Sincerely,  
Leon J. Bell

## Miss Donna Olson Complimented By Bridal Showers

Miss Donna Olson, December bride-elect of Larry Baggett of Albuquerque, was complimented recently with two bridal showers, one held Saturday in the home of Mrs. Baker Womble and the other held the previous week in Albuquerque.

At the miscellaneous shower Saturday, guests were greeted by Mrs. Womble and received by the honoree, her mother, Mrs. Gorge Olson, her grandmothers, Mrs. Carrie Doaks and Mrs. Louie Olson and her great-grandmother, Mrs. L. M. Harris.

Guests were registered by Miss Kathy Duncan.

The service table was laid with a white net with lace and satin cloth, over pink satin and centered with a massive floral arrangement featuring sweetheart roses with chrysanthemums, carnations and baby's breath in shades of pink. Refreshments were served from silver appointments by Miss Lois Marie Dunn, Mrs. Dorman Duggan and Mrs. A. L. Manjeot.

All members of the receiving line were presented corsages of sweetheart roses and carnation. Co-hostesses with Mrs. Womble for the event were Misses Claude McGowan, Austin Rose Jr., Ira Scott, Pat Robinson, A. L. Manjeot, Robert Strain, Earnest Langley, J. J. Durham, Joel Hodges, John Seiver, Clin-

ton Jackson, Floyd Cole, Grant Hanna, L. B. Wortham, Pete Caviness, Ralph Packard and E. C. Hewitt.

Approximately 60 guests attended.

The miscellaneous shower, at Albuquerque, hosted by friends of the prospective bridegroom's mother, was held in the home of Mrs. Ralph Strothers.

Guests were greeted by Mrs. Strothers and received by Miss

Olson, her mother, Mrs. Olson, her fiance's mother, Mrs. Leroy Baggett and his sister, Miss Sherric Baggett.

The serving table was draped with white and pink accessories. A bride's cake decorated in shades of pink centered the table.

Refreshments were served informally and the evening was spent in casual conversation and games.

Gerald E. Mann

### Gerald E. Mann Receives Degree

Gerald E. Mann, Hereford, will receive the Doctor of Theology degree during commencement exercises at Southwestern Baptist Theological Seminary, 7:30 p. m., December 19, in Truett Auditorium.

Rev. Mann, who is presently Pastor of the First Baptist Church, resides with his wife, the former Lois Wright and their two children at 231 Ranger St.

Other educational degrees he has acquired include a B. A. from the University of Corpus Christi and a B. D. from Southwestern Baptist.

L. L. Morris, pastor of First Baptist Church, Midland, Texas will deliver the commencement address. He served as chairman of the executive board of the Baptist General Convention of Texas and is a member of the board of trustees of Baylor University. He studied at College of Marshall, which is in the East Texas Baptist College and received the Bachelor of Arts degree from Baylor University in 1943. The East Texas Baptist College conferred the Doctor of Divinity degree in 1964 and Baylor University conferred the honorary degree in May, 1960.

Seminary president Robert E. Naylor will present degrees and diplomas to approximately 119 candidates from Southwestern's three schools. Included will be 18 students from the School of Church Music, 32 from the School of Religious Education, and 71 from the School of Theology. Preceding the commencement ceremonies, candidates will be honored at a president's

### Awards To Be Received For Christmas Decor

The High Plains Center for the Performing Arts will institute an annual awards program

for the best Christmas home decorations in the high plains area beginning in December.

Three awards will be given to include: fifty dollars and a trophy, first prize; twenty-five dollars and a trophy, second prize; a trophy alone, third prize. In addition, a permanent trophy plaque will be retained

at the center with the names of winners being added each year.

To enter the contest, interested persons should submit a color photograph which best depicts their external Christmas home decorations. The entrant's name, address and telephone number should be printed on the back of the photograph. Entries are to be mailed to "Home Decorations, High Plains Center for the Performing Arts, P. O. Box 7563, Amarillo, Texas 79109." Entries must be postmarked by December 20, to be eligible.

An awards presentation and luncheon will be held at 12 noon on December 24th. At the Colonial Cafeteria in Amarillo. Winners will be notified in advance to insure their presence at the awards luncheon.

The contest is not limited to the Amarillo area, and participation is encouraged from all residents of the high plains. For further information contact: Claire Williamson, (806) 373-7052 or, 372-6687.

# Glady's Garden

By Gladys Howton Manjeot

**HAPPINESS. THANKSGIVING.** Who are the happiest people on earth? A craftsman artist whistling over his job, seeking to do it well. A little child building sand castles. A mother, after a busy day, caring for the needs of the baby and the family. A doctor who has finished a difficult and dangerous operation and saved a human life. The farmer who turns the dark brown soil, and then later harvests the crops.

Happiness lies in a constructive job well done, and springs from a heart filled with THANKSGIVING for the material, and spiritual gifts of life. May this THANKSGIVING for the material, and spiritual gifts of life. May this Thanksgiving seas on be one of true, heartfelt Thanksgiving for His many special and everyday blessings.

We had some special happy moments this week. Art (Mr. Manjeot) and I drove to Amarillo, and selected a route that would take us through a large part of the rural country. Saw many good fields of crops, pretty ranch and farm homes, and one nice large lake. Since the wind was blowing about fifteen or twenty miles an hour the waves churning up white caps, and the ducks were having a wonderful time riding the waves and staying on top. I would like to have stopped and watched the waves roll in and the fighting spirit of the ducks, but since we were to keep an appointment, we had to hurry along. The more we drove and the more fields and pastures I saw, the more I was made to realize that we of this area are specially blessed. The harvest, and the fine cattle (they are so pretty in the pastures) ONE HOME WE PASSED BY, WAS SO ATTRACTIVE, AND WELL KEPT, that again I wanted to stop, get out, and make some new friends... but on we went. (I later learned that our friends the Lemons lived there)

WE CAME BY THE Wildlife Refuge, where the Cranes are kept. It is beautiful country and most thrilling when one gets

Lubbock, and assisted a committee in judging for the Sears Awards. As always I learned much, and was delighted to read and study about the various club and the Civic Beautification that they are doing. One that especially interested me, was the project being developed by a Garden Club in Big Spring. This is out where the natural springs are, and the place which the town took its name from. Native plant materials are being used, and walking paths, and nature trails are being constructed. The water for the plants will be used from the springs. Machines and equipment for this have been installed and are now being used. Was delighted while reading and studying it, that I read about an old friend and a former business man of Hereford, Roy Peet. He was assisting the club with clean-up, reclamation, etc.

Another different project, was the Frangrant Garden for the blind which The Lubbock garden club has established at The Garden Center. The design is excellent, and the paths are so made that they are very functional. This is being done especially for the blind, and they can feel and smell the fragrance of the blossoms, and the foliage which has pleasing odor. Spicy ever greens, and herb like plants. It is indeed a worthwhile project and truly makes a beauty spot on the grounds at the Lubbock Garden Center.

When Bessie (Mrs. O. G. Hill Sr.) and I take off on one of these Garden Club jaunts, one never knows where we will finally stop and how we will return. This time we returned via Whiteface (near Girls town), Morton, Muleshoe, and Friona. Looked over some beautification projects at Morton, and was delightfully pleased with the progress shown, and really what it does for the area in which it is located.

WE CAME BY THE Wildlife Refuge, where the Cranes are kept. It is beautiful country and most thrilling when one gets

to see the fowls all together. We were really disappointed that we didn't get to see the cranes, as we had previously, on other trips through that vicinity. We did not take note of the very attractive and useable rest area that had been completed on top of one of the mesas. The view is really picturesque and fascinating from this point.

Another gorgeous thing of nature that I just loved was one evening I was approaching town and noted the drifting clouds. I have never seen the coloring more beautiful. It looked like deep rosy cotton candy, and the formations were fantastic. Another evening, late, I saw some more luscious, beautiful coloring in the clouds as they drifted over the Holly Plant. (No these weren't caused by the smoke as I have previously stated but by VAPOR.) They were a color I have never seen before or after, and as I looked at the beauty created in the sky, a jet plane shoot upward and its trail was of another lovely color... was a beautiful picture of coloring and formations I will never forget.

As we approach Thanksgiving, I am GLAD that I have been taught the glories of nature and the beauty, and pure satisfaction that one can derive from it.

### BEAUTY SPOTS

Have been noticing some very lovely berried plants an shrubs in town, the planting of nandinas at the McCaslin home is beautiful.

The hedge planting at the J.N. Harding home is most attractive, and well kept and now that the fall days have added extra color, it is beautiful.

Have started another Beautification project. Have any of you Herefordites noticed it? If

not you will in the near future, especially in the spring time when it becomes a bloom with beautiful scarlet tulips. Oh but it is fun to plan and work, and note changes.

Hint for the pumpkin pie, especially for those who count calories. Instead of using whipped cream, make a sauce & fill with fruit-cake mix, or of orange sections cut small and raisins, and use it for topping rather than the cream. Is really delicious and better for us, especially after having a big Thanksgiving Dinner.

Next week we will start on ideas, stories, etc. relative to the glorious Christmas time.

### THANKSGIVING

Thanksgiving is a family time

When thoughts go home again To the memories of childhood And the things we did back then,

To the turning leaves, the autumn air, The table laden down with goodies, Such as cranberry sauce, pumpkin pie, The turkey golden brown and succulent,

Yes Thanksgiving is family time — A real GLAD day in November

That's filled with thoughts of happy hours Which will be always remembered, And THANKS given for,

GLAD

## Look what's happened since Maverick was introduced in April.

Your Ford Dealer's holding the price line. **Maverick. Still \$1995\***

When it comes to prices, you know what's going on. And what's going up. But there's one thing still going straight. Maverick. It holds the line. And its small price makes it America's biggest car value. Here are the facts about our Simple Machine.

It's simple to drive. You get the passing power of a 105-hp Six. Great gas mileage too.

It's simple to park. Maverick can turn in a tighter circle than the leading import.

It's simple to service. Maverick is easier and less expensive to maintain than an economy import. It needs fewer oil changes, fewer chassis lubrications.

It's simple to repair. You can do many routine maintenance jobs yourself.

It's simple to own. Maverick saves you money when you buy it. And when you drive it. That's the reason our small car is going over big.

Maverick lets you stop worrying about rising costs. Come see the Simple Machine at your Ford Dealer's now.

For more information about Maverick see your Ford Dealer or write: Maverick Catalog, Dept. M-4, P.O. Box 1500, Dearborn, Michigan 48121.

\*Ford's suggested retail price for the car. White sidewall tires are not included; they are \$30.00 extra. Since dealer preparation charges (if any), transportation charges and state and local taxes vary, they are not included, nor is extra equipment that is specially required by state laws.

## Mrs. Thomas Hosts Bridesmaids Lunch

The home of Mrs. T. B. Thomas, 418 Sunset Dr. was the setting Saturday for a luncheon complimenting the bridal attendants for her daughter, Deborah, who will become the bride of Larry Noland on Friday.

Lunch was served buffet style from a table decorated with a miniature bride. Plate favors of small bottles of perfume were presented to the guests.

The honorees attending were Mrs. Brad Johnson, Mrs. John Bob Drake and Miss Judith Morrison of Amarillo.

Other guests included Mmes. Joe Shultz, J. B. Noland, J. C. Morrison, R. L. Layman and Holly, G. C. Merritt Jr. and Mickey, G. C. Merritt Sr., Mark Hicks, M. C. Kaul, Bussy Kaul and Jim Ed and Whitney Drake.

## GSPA Urging Farmers To Join In Campaign

The Grain Sorghum Producers Association launched its 1970 membership campaign this week, and statements for dues have been mailed to farmers throughout this grain sorghum producing area.

A. W. Anthony, Jr., Frio area farmer and GSPA President, pointed out, "GSPA dues are not to be mistaken with the collection of the five cents per ton assessments, at the elevators for the research and promotion work to be carried on by the Texas Grain Sorghum Producers Board."

All the legislative work of GSPA has to be carried on with the dues paid to the Association. The dues for 1970 have been set at \$10 per member in the area of Texas that farmers are paying the five cents per ton to Texas Grain Sorghum Producers Board. In areas outside the 29 county referendum area, dues will continue to be based upon two pounds per 1,000 pounds of production. The \$10 membership dues plus the assessment will average the same for a million pound producer, as the regular ton pounds per 1,000 pounds production.

"We feel the grain sorghum farmers must be represented when Congress Farm Organizations, U. S. Department of Agriculture, and others are writing laws that affect our future."

"This is our purpose," Anthony added. Of immediate importance are issues such as: (1) Extension of feed grain program of (GSPA is working for an extension with income improvements), (2) Limitations of payments (GSPA is opposing limitations at any level), (3) and any legislation or government policies affecting our producers in labor problems, cost-price squeeze, export restrictions, etc.

Statements have been mailed along with the November issue of GSPA's Newsletter. A return envelope will be enclosed for members to use in mailing dues to GSPA Headquarters at 1212 14th St., Lubbock, Texas.

## Kings, Queens Name Winners

L. V. Watts, with a 595 handicap series, and Pauline McDonald, with her 183 high game and 499 series, were named "Bowlers of the Week" in Kings and Queens play recently.

L. J. Clark rolled a 210 for the men's high game and Alice Lueb rolled a 546 series and a 199 game as a substitute player for the women.

Converting splits were Bertha Arnold, the 4-5-7, the 5-7 and the 5-10; Wilma Clark, the 5-6; Luella Doal, the 5-10 and Bonnie Jones, the 5-7.

A RECORD HANDLE. RUIDOSO DOWNS, N. M. — The pari-mutuel handle for the 1969 Ruidoso Downs horse race season reached an all time high of \$12,586,015.

The previous high handle was in 1964 when there were 62 racing dates compared to 52 in 1969. The 1964 season handle was \$12,308,448.

Track General Manager Richard Thompson said the 1969 wagering was up 17 per cent from 1968. He said there was an increase in attendance and on all segments of wagering this season which ended Labor Day.

## DSC H.D. Council Meet To Name Committees For Annual Luncheon

Committees for the Annual Appreciation Luncheon scheduled Feb. 23, 1970 were named at a Home Demonstration Council of Deaf Smith County meeting held Monday at the court house.

Each club will elect a candidate in Jan. for "Woman of the Year" who is to be presented at that time.

A "Festive Foods" program was announced by Argen Draper to be given Dec. 3 at the Bull Barn. Program times will be 2:30 and 7:30 p. m. All club members are asked to bring a friend.

After the treasurers report was given Mrs. Leo Witkowski gave the 4-H report concerning attendance at the awards banquet.

Final plans were made for the Christmas party to be held Dec. 8 at 2:30 p. m. in the Club Room at the Community Center. All members are urged to attend.

Past projects participated in by the various clubs were mentioned as being work on the Community Center, visits to Sattellite Day Care School, helping girls at Girls Town, providing transportation for people at Westgate, making cookies for Vietnam, and filling Ditty Bags.

received a copy of IGA of Texas' pledge to motorists.

Mr. U. V. Pierce, President of the Hereford Chapter of IGA of Texas said, "The signing of the 1,000th member, Clifton Noonkester of Fort Worth, points up the fact that IGA is now the largest state organization of independent automotive repair shop owners in the nation. The pledge of service is the Association's code of ethics which requires members to:

Perform high quality repair service at a fair and just price;

Furnish an itemized list of all parts and mechanical adjustments included in the price charged for service;

Encourage ethical trade practices and discourage and refrain from misleading advertising;

Consider it the duty of a ll members to advise customers of any real or potentially dangerous condition on their vehicle."

He also commented that IGA of Texas has chapters in 39 Texas cities and members-at-large in 34 other cities throughout the state.

There are 14 garages in Hereford which are member firms of the local Chapter of IGA. Estimates show approximately 75 people are furnished with jobs through these business in the area.

Local IGA members also offer and approve apprenticeship programs. At this time one apprentice is training for a future position and four Industrial Cooperative Training students sponsored through the high school program are now employed.

"LUKEWARM" PROBLEM. NEW YORK — Some Christians have "only enough religion to be inoculated against the real thing," says the Rev. Dr. Ben Mohr Herberster, who retired recently after eight years as president of the United Church of Christ.

He told guests at a banquet in his honor that "lukewarm" church members reduce the "temperature of an otherwise devoted people" and become "a millstone around the life of the average congregation."

THE SMALL GIVE THANKS — The young people of America appear to be just as thankful this special season as anyone. These and other bulletin boards were prepared by the students of Aikman Elementary School in their rooms to set the right spirit of mind for Thanksgiving. —Staff Photo

## Concerning Veterans

EDITOR'S NOTE: Veterans and their families are asking thousands of questions concerning the benefits their Government provides for them through the Veterans Administration. Below are some representative queries. Additional information may be obtained at any VA office.

Q — I am a disabled veteran of World War II. I dropped my GI insurance many years ago. Can I apply for GI insurance now?

A — No. Disabled veterans of World War II were last given the opportunity of applying for insurance from May 1, 1965, through May 2, 1966.

Q — I plan to move to Mexico and make my home there. Can I obtain a GI loan for the purchase of property or start a business there?

A — No, such GI loans cannot be made outside the United States, its territories, or its possessions.

Q — If I receive disability retirement from the military, but elect to receive VA compensation in lieu of retired pay,

## WTSU Pulling For Fifth Win

CANYON, Tex. — A team trying for a 500 season in its final game is a dangerous foe and that is just the type of club West Texas State University's Buffaloes face Saturday in Hattiesburg, Miss.

The Southern Mississippi Southerners have won four football battles this fall and lost five. They will make an effort to push their final season record to 5-5.

The Buffaloes of coach Joe Kerbel stand 6-3 for the season, winning four in a row after a slow start.

Coach P. W. "Bear" Underwood's Southerners were handicapped by injuries early in the season. An open date two weeks ago allowed some of these injuries to come around and Southern Mississippi took a 14-7 decision over East Carolina Saturday.

West Texas had its open date Saturday and the Buffaloes enter this week in good physical condition.

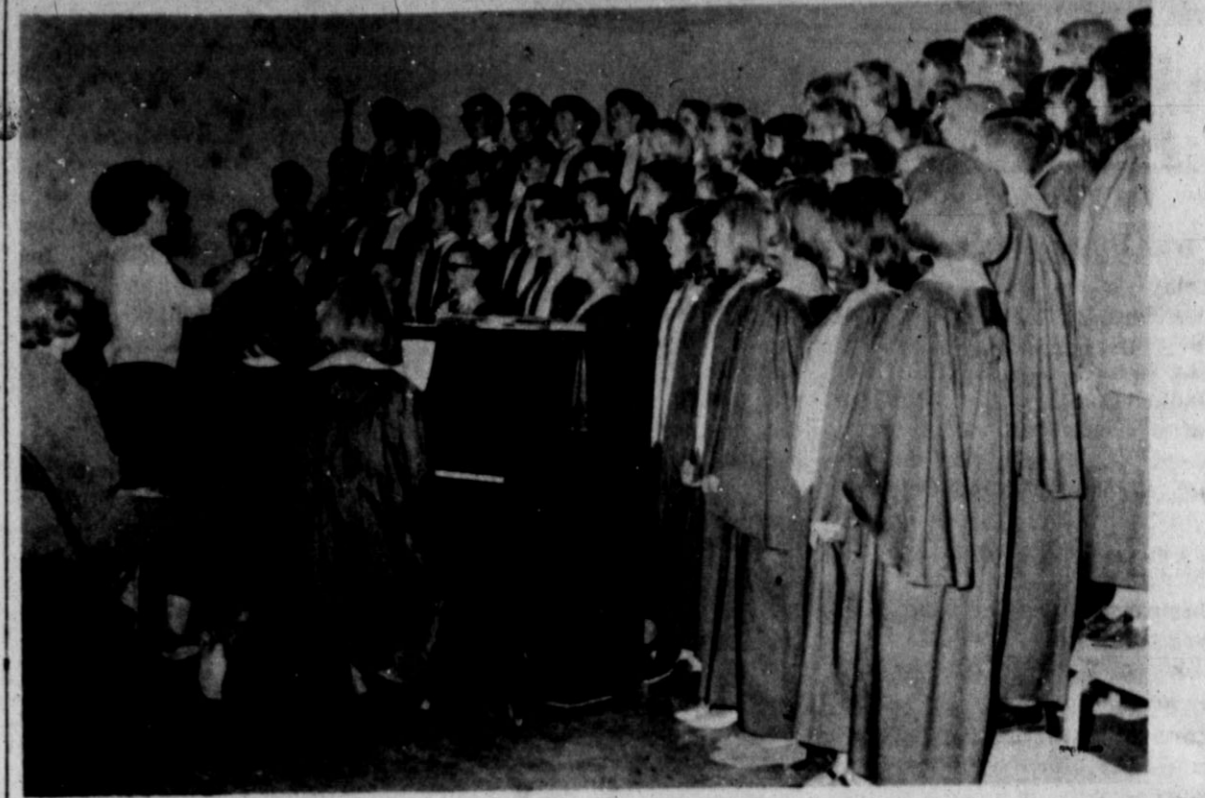

This will be the second game in a row the Buffaloes are dedicating to their seniors. They dedicated the victory over Bowling Green to the seniors as that was their final home game and Saturday's clash will be their final contest as members of the Buffalo squad.

Heading the list of seniors is fullback Duane Thomas. The 220-pound Dallas product has 2,335 career yards and holds third place among the school's all-time leading ball carriers. He needs 140 yards against the Southerners to replace Bill Cross as the school's second leading rusher.

Thomas had 1,031 yards in 185 carries this fall.

Center Joe Kerbel, Jr., and guard Dag Azam are other offensive starters who are seniors. Defensive starters who are seniors are guard John Notaro, tackle Randy Robson, corner backs Billy Lantow and Gary Connors and safety Troy Anderson.

Another senior is punter Roland Reichardt, who is averaging 39.3 yards per kick on 46 efforts.

ENTERTAIN ROTARIANS — The La Plata Junior High mixed choir, directed by Mrs. Jane Gulley, presented the "Spirit of Thanksgiving" through words and music to members of the Rotary Club Monday. Miss Donna

Munnerlyn and James Davis were readers and Miss Susan Hewitt was student accompanist. Adult accompanist was Mrs. Evelyn Hacker. —Staff Photo

will my wife and family still be eligible for hospital care? A — Yes. The choice of VA compensation does not eliminate any other military retirement privileges.

### Farm And Ranch Club Luncheon Held Thursday

Farm and Ranch Club members enjoyed a covered dish luncheon Thursday at the regular meeting held in the home of Mrs. C. T. Douglas followed by a short business session with Mrs. W. W. Thomas presiding.

The afternoon was spent visiting and discussing plans for the club's Christmas party scheduled Dec. 18 in the home of Mrs. Thomas, president, beginning at 12:30 p. m.

In attendance at the meeting were Mmes. Phillip Miller, Paul Rudd, W. W. Thomas, Jack Weaver, John E. Hill, Wayne Johnson, Eldon Sorrells, G. V. Hall, and guest Mrs. Trent Johns on.

### Revival Set For Dec. 1-7 At Westway

Westway Baptist Church will hold revival services Dec. 1-7 beginning each evening at 7 p. m.

Evangelist for the services will be Hugh Jack Norwood with Sammy Nicholes, singer.

Following the Friday evening revival there will be a fellowship to which the public is cordially invited to attend.

### KEITH OLIVERS HOST DINNER

Mr. and Mrs. Keith Oliver, 221 Ave. A, were host to a pre-Thanksgiving dinner held Sunday at their home.

Guests attending were Mr. and Mrs. Britt Oliver, Mr. and Mrs. Jack Oliver and Scott, all of Canadian; Mr. and Mrs. Boyce Farris of Wheeler, Mr. and Mrs. Donald Gandy, Tonjala and Brian, Pampa; Mr. and Mrs. Tom Davis Oliver, Connie, Penny and Howard, Amarillo; Mr. and Mrs. David Hix, Sissy, Maxine, Judy, John Becky, and Mark of Hereford and Mrs. Robert Mulkins of Amarillo.

I thank God every day for my three lovely and healthy sons whom I love very much.

So many times I forget myself and lose my temper with them and reprimand them for small things that don't really matter, when I should be thanking God for their health and zest.

HAPPY THANKSGIVING

## Thinking Aloud

By BARBARA DRYDEN

Every year the American people observe a day of Thanksgiving. This day means a real family get-together with a feast of turkey, dressing and all the trimmings. But this isn't all it should mean because on this day more than any other, we should remember our blessings and be thankful.

We, the American people are the most blessed people of the world today. We live in a free and bountiful land under democratic government. There are fine schools in which rich and poor alike can learn. There are churches where Catholic, Protestant or Jew can worship God as he pleases. Our land of mountains, plains and rivers offer plenty to all. We have opportunities in many fields to make what we want and what we have is our own. The American people can have prosperity and more recreation time than many Europeans dream of.

In Europe a yell means fear or pain; in America it means a playing child or an excited fan at a football game. Here, when Junior comes home with a sprain or bruises, he probably got them in a hard fought basketball tussle, not in an enemy work camp.

Yes, our life is happy. We have everything including hamburgers and popcorn. How thankful we should be.

Let's not fool ourselves by thinking we are superior beings who deserve more than the other fellow. We're not just lucky, we are truly blessed. Unless we realize these blessings came to us through men giving their lives, not only in war but also in work and sweat, and prepare ourselves to defend our blessings, some day we may find ourselves in a different life.

Let's give thanks to God, our Creator, and make ourselves worthy of our blessings.

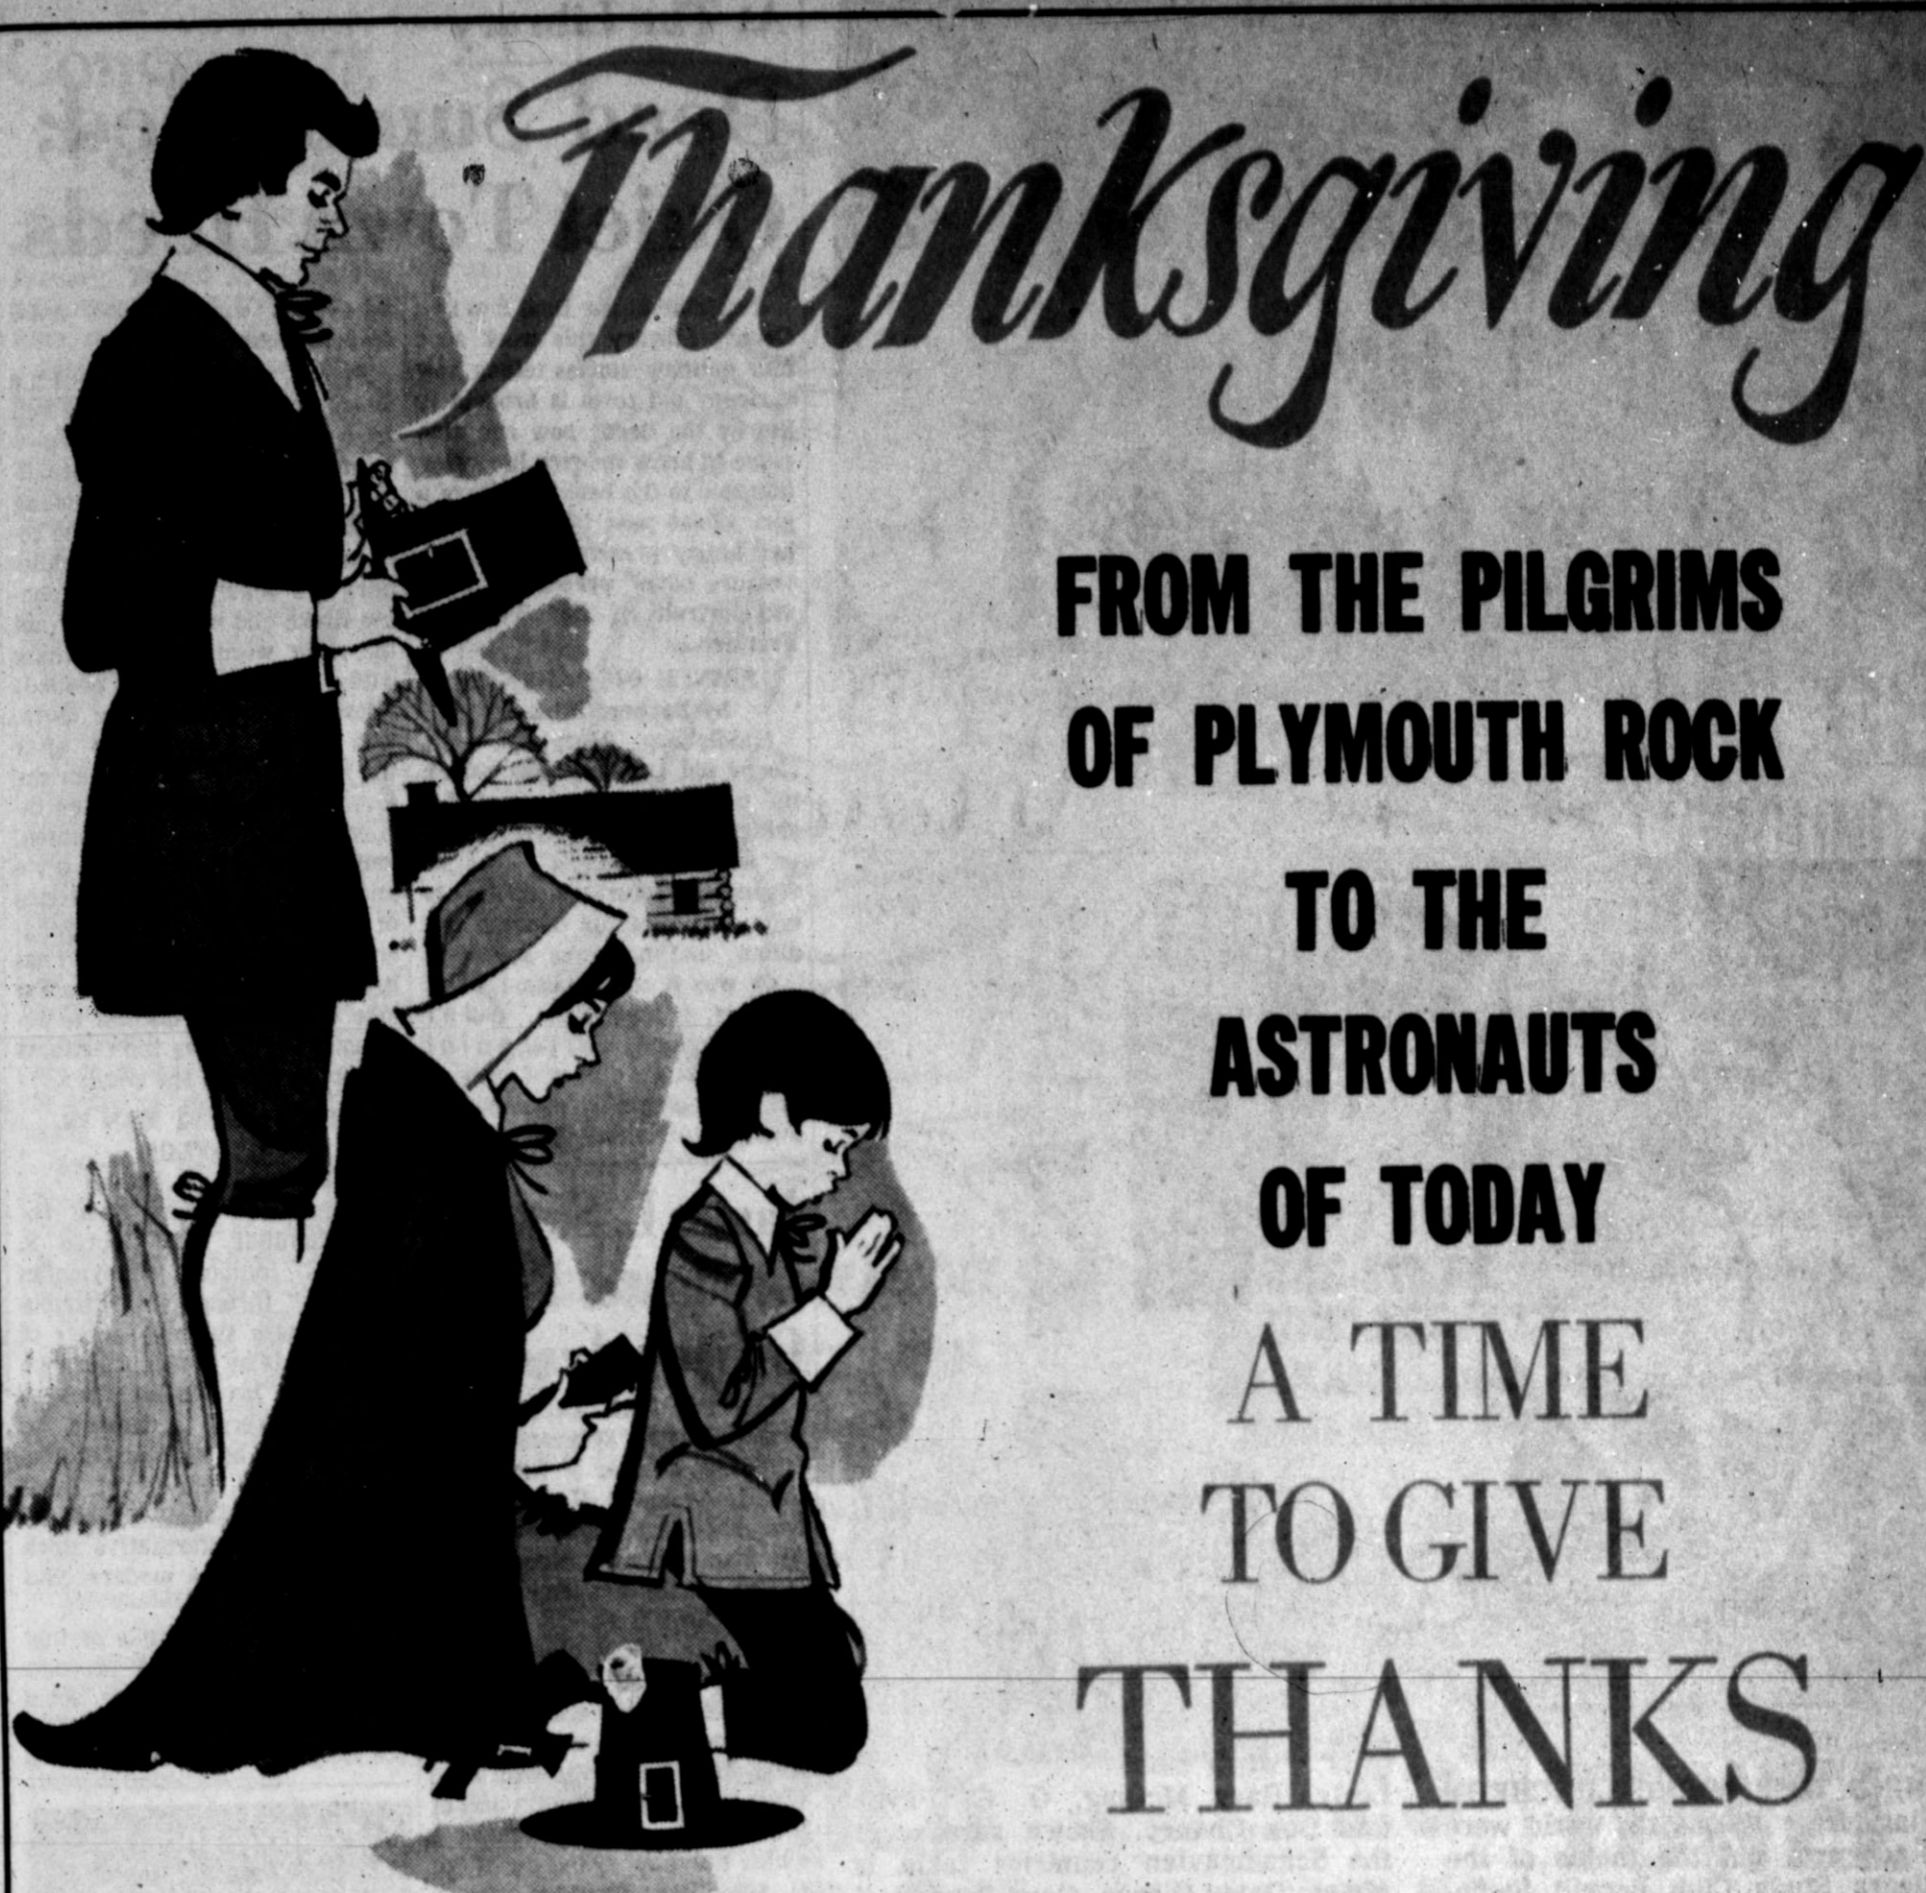

### Hereford Ceramic Club Art Show In Progress

An Art Show, given by members of the Hereford Ceramic Art Club, began Monday and will continue each day through Dec. 6 at the First National Bank, according to Mrs. Bill Stengel, president of the club.

All of the items in the display

were made by members of the club, who met recently for a workshop at the Community Center to finish the work.

Items on display include all kinds of Christmas decorations such as Santas, candle holders and Nativity sets.

**Dead Summoned; Quiet Town Heeds**

Available at the Deaf Smith County Library this week are four enticing stories telling how a sleepy old town is brought to life by the dead; how one man came to know the rich life; what happens to the beautiful life of a girl whose past interferes with her happy present; and an adventure novel presenting a vivid portrait of the Western Frontier.

**PRINCE OF DARKNESS**  
by Barbara Michaels  
Middleburg, Maryland — a sleepy old Colonial town, where the wealthy weekenders of Washington and Baltimore mingled with descendants of the seventeenth-century founders, to enjoy a life of fox hunting, tradition, and harmless snobbery. Or was it so harmless? Peter Stewart, a mysterious visitor from England, saw the quiet town through different eyes — as a sleeping cat, watching his own odd activities through slitted

**James L. Suttle Graduates From Officers Academy**

SAN BERNARDINO, Calif. — Senior Master Sergeant James L. Suttle, brother of Leroy Suttle, 118 Avenue J, Hereford, Tex has graduated from the U. S. Air Force Senior Noncommissioned Officer Academy at Norton AFB, Calif. Sergeant Suttle, who received advanced military leadership and management training, is a fuels superintendent at Dover AFB, Del. He serves with the 436th Supply Squadron, a unit of the Military Airlift Command which provides global airlift for U. S. military forces.

The sergeant, who previously served at Wiesbaden AB, Germany, attended Hereford High School and completed requirements for his diploma after entering the Air Force. His wife, Dorothy, is the daughter of Mr. and Mrs. Paul Jones, 10516 N.E. 47th Place, Seattle.

**FOR LOVE OF A DOCTOR**

by Elizabeth Seifert  
As Dr. John Buell's wife, Connie had everything she had ever wanted — a husband she loved and respected, children, a beautiful home. She had never told John about Scott Stringer or about her foolish, reckless elopement with him when she was sixteen. Scott had deserted her and after she had heard that he had died, she had never mentioned his name again. She and John lived in the happy present until that night the uninvited guest came with his frightening demands. Then the shabby secret in Connie's past threatened their marriage and even their faith in each other.

A varied and fascinating host of characters and a realistic description of a surgeon's career give depth to this dramatic story of a girl who would do anything to protect her family. Here is a worthy addition to Elizabeth Seifert's many well-loved "Doctor" novels.

**TIMOTHY BAINES**  
By John H. Culp  
Mr. Culp again displays his

remarkable tale-telling skills in Timothy Baines, an engrossing novel of adventure, richly drawn characters, and an authentic, vivid portrait of the Western Frontier.

Timothy Baines tells the story of three unique people who meet during the latter half of the nineteenth century in what is now eastern Oklahoma but was then known only as Indian Territory. Dorch McIntyre, part Indian, comes to practice medicine among the Chickasaws and Choctaws in retribution for a crime he committed during the Civil War. Denna Cart is a fiery individualist who falls in love with McIntyre, and Timothy Ba-

ines is a wise and cheerful hunchback who is Dorch's "gentleman's gentleman." The interaction of these starcrossed people at a time when vast changes are occurring in the lives and traditions of those along the frontier — to white and Indian alike — makes for an exciting and superbly told story of desire, murder, and revenge.

**Friona Man In Honored Group**

WITH U. S. COMBAT AIR FORCES, Vietnam — Deep in the Mekong Delta surrounded by swampland and rice paddies, U. S. Air Force personnel at Binh Thuy Air Base, including staff Sergeant James T. Varner, have been given unique recognition by the Republic of Vietnam for their assistance to the Vietnamese.

Sergeant Varner and fellow servicemen have been awarded the Vietnamese Civic Action Medal, marking the first time the honor has been bestowed "en masse."

Installation personnel were cited for completing more than 80 projects during the past year to better the welfare of the Vietnamese and Viet Cong (VC) defectors. Base-sponsored programs ranged from construction of an orphanage in Binh Loc hamlet to homes for VC war-wounded and abandoned to Vietnamese government officials.

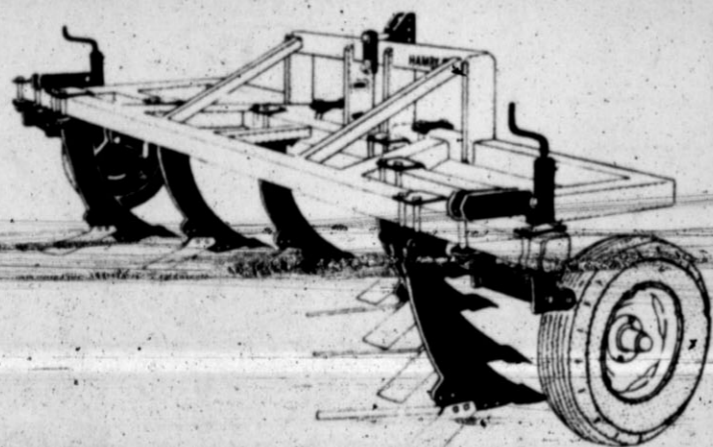

Sergeant Varner, son of Mr. and Mrs. J. R. Varner of 1021 Pierce Ave., Friona, Tex. is an administrative specialist with the 632nd Combat Support Group of the Pacific Air Forces headquarters for air operations in Southeast Asia, the Far East and the Pacific area.

The sergeant attended Friona

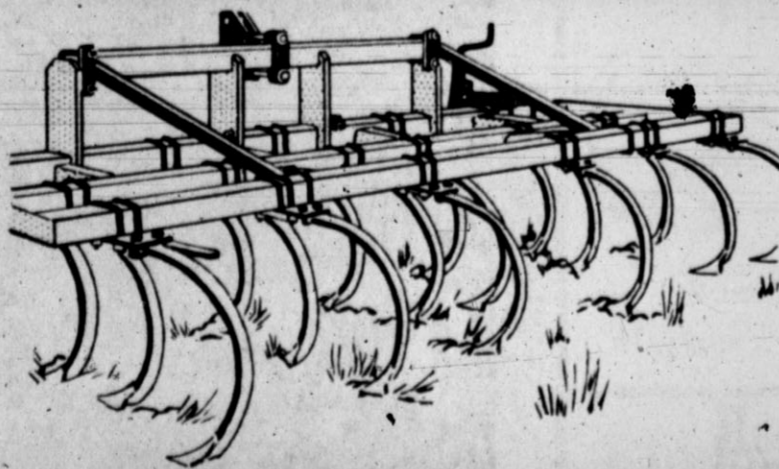

High School and completed requirements for his diploma after entering the service. His wife, Mary, is the daughter of Mr. and Mrs. Elmo Dean of Rt. 2, Friona.

**What is the A.B.C.?**

Chatting with a merchant the other day, we mentioned our "ABC figure."

"What," he asked, "is an ABC figure?"

Perhaps what we told him will also interest you.

This newspaper is a member of the Audit Bureau of Circulations, an independent, nonprofit organization of nearly 4,000 advertisers, advertising agencies, and publishers.

Its purpose is to provide accurate and factual reports on the circulations of member publishers. In the advertising and publishing industry, the ABC insignia is often referred to as the "hallmark of circulation values."

At regular intervals, an ABC traveling auditor visits our office to check our records. The findings of this

physical audit are embodied in an Audit Report published by ABC — the report literally tells us what our circulation is.

Virtually everything an advertiser should know about our circulation is found in this report: facts and figures without opinions.

Few retailers bother to ask to see a copy of our report, yet we want you to know one is available anytime you are interested in the quality and quantity of our circulation audience — the audience for your advertising messages.

What is an ABC figure?

It is our way of assuring you that you get full measure for your advertising dollar in this newspaper.

### Concerning Veterans

Bigger checks for approximately 168,000 widows are due in January, Donald E. Johnson, Administrator of Veterans Affairs, announced today.

Signed by the President on October 27, 1969, a new law (PL 91-66) authorizes increases for most widows of servicemen and veterans who are eligible for dependency and indemnity compensation.

These payments, Johnson explained, are authorized for widows of servicemen and veterans who died on or after January 1, 1957, of service-connected causes.

The new legislation does not affect payments to survivors receiving compensation under laws that preceded the program.

New dependency and indemnity compensation rates provide \$167 monthly for the widow of the lowest ranking enlisted man compared to a minimum of \$135 at present. Similar increases are provided for eligible widows of other enlisted men and officers.

Effective December 1, the increase will show up first in checks received in January. This increase is automatic and no application is needed.

Widows with minor children will get an extra \$20 per month per child under the legislation. With few exceptions, they get nothing extra now. Forms for making application for children allowances will be mailed to all widows automatically, Johnson said.

Recipients who are patients in nursing homes, or who are helpless or blind to the point that they need regular aid and attendance of another person, may receive an extra \$50 per month under the law.

# For God So Loved The World

reasons

To Be

Thankful

**Read the 150th Psalm for a clue.**

It begins and ends with a call for all men to praise God.  
 Let everything that hath breath praise the Lord. Perhaps we would do well to follow David in this matter of being Thankful. Our Pilgrim Fathers did. They put God right in the center of every Thanksgiving day. It was the Lord's Day . . . not just another day void of work. Then just what is there about Thanksgiving, about God, that makes me glad? What is it that lifts my face to Heaven when I am sad and when I am glad? Too many times we find the weak, the hungry, the sick and the sad way out in front with their Thanksgiving to God for His fairness, His kindness and His goodwill.  
 Certainly the Great God goes beyond justice to establish love as the central virtue. He gave up His Son to prove it to us beyond a doubt. He calls on us to be very Thankful for health, if we have it — for wealth, if we own it — and for that friend who can turn us on when our way is dark.  
 He invites all of us to live like women and men who know very well about God, . . . to be grateful for the few days He gave us which have been full of the trouble He promised. Don't ever let us say a final farewell to dear ones, but let us be Thankful for His promise that we may find them again.  
 Thank you, Lord, for these reasons and many more. Amen.

### Christmas Decor Program Given Wyche H.D. Club

A program on making Christmas decorations and centerpieces was presented by Mrs. Wayne Jones Thursday to members of Wyche Home Demonstration Club at a meeting held at the Chaparral Restaurant. Hostess for the meeting was Mrs. Byron Grover.

In a brief business session, members made plans for their Christmas supper scheduled at 7:30 p. m. Dec. 6 at the Community Room of the First National Bank.

Others attending were Mes. Leroy Bodkin, Norman Hodges, Charles Packard, Ira Ott, G.W. Duncan, L. C. Hewitt Jr., Bill Ellis and C. F. Newsom.

#### COAST GUARD HIDES NAVY

MAALEA, Maui, Hawaii — An object that was thought to be a Navy training torpedo when it washed up on a beach, has been identified as an underwater mine.

After it was identified, the Coast Guardsmen did a little art work on it — to be sure the Navy knew who had recovered it for them, and then left a short, but meaningful message: "Help keep our beaches clean" was printed on the 1,000-pound cylinder.

LET'S COOK SOMETHING

## Duckling Italian Style

AN OLD WORLD FAVORITE duckling can be prepared in many ways to reflect the various cultures of Western Europe. This Italian style stuffed duckling provides an air of Mediterranean elegance to your dinner table and is easy to prepare. Shredded parmesan cheese sprinkled over the duckling during the last 15 minutes of roasting imparts a flavor and crustiness to the breast worthy of special comment. Serve with tossed salad with Italian red onions, Boston bibb lettuce, crispy bread sticks and a garnish of cherry tomatoes.

Ranging from 3½ to 5½ pounds in weight, duckling is readily available in supermarket frozen meat display cases. For your convenience, the National Duckling Council suggests that you keep a brace of fresh frozen duckling in your freezer. Roasted in your oven or barbecued on your rotisserie, duckling is a delight.

Italian Style Stuffed Duckling  
1 frozen duckling (4½ to 5 pounds), defrosted

1 clove garlic  
½ pound pork sausage meat  
1 cup diced celery  
½ cup coarsely chopped onion  
1 tablespoon cooking oil  
3 cups ½-inch bread cubes  
½ cup sliced pitted black olives  
½ teaspoon rosemary  
1 teaspoon oregano  
2 tablespoons sherry, optional  
¼ cup shredded parmesan cheese

Wash and drain duckling; dry skin gently with paper toweling. Rub body cavity with cut surface of garlic clove. Sprinkle body and neck cavities with salt using ½ teaspoon salt. Cook sausage meat, celery and onion in oil until celery is tender, but not brown and meat is crumbly.

For Gifts that you can give with pride  
COWAN JEWELERS

Drain off excess fat. Add bread cubes, olives, remaining ¼ teaspoon salt, seasonings and sherry; toss gently. Fill neck and body cavities loosely with stuffing. Skeer neck skin to back, cover opening of body cavity with aluminum foil and tie legs together loosely. Place on rack in shallow roasting pan. Bake in slow oven (325 degrees F.) until meat on drumsticks is tender, about 3 hours. Sprinkle cheese over duck the last 15 minutes of roasting. Yield: 3 to 4 servings.

## Texas Traffic Toll Is A "State Of Emergency"

**By VERN SANFORD**  
**AUSTIN, Tex.** — A "State of emergency" exists for reducing Texas' traffic toll, Gov. Preston Smith warned in addressing some 700 safety-minded persons who answered his call to attend a public support conference to discuss the problem and how to solve it.

Result is a new statewide safety campaign. I got underway immediately and is focusing efforts on the holiday period Thanksgiving, Christmas and New Years. These are the times when accident frequency is unusually high.

Smith reminded the conference of community leaders that 10 Texans a day die in automobile accidents. Figures provided by the Texas Safety Association reveal that last month alone the loss — dollarwise — amounted to \$77 million. Crashes in Texas' urban areas account for \$50 million of this figure.

Causes? Higher speed limits, abolishing the old merit-rating insurance plan which called for higher premiums on bad-risk drivers and a 1965 law which allows judges to probate misdemeanor sentences including traffic offenses were blamed for the climbing death rate.

Whatever the cause, 3,481 died last year, 217,000 were hurt and \$875 million in economic losses chalked up. Department of Public Safety statistics indicate 3,700 will die this year unless holiday safety campaigns are a remarkable success.

"The grim reality," said Smith, "is that one out of every seven motor vehicles registered in Texas was involved in an accident in 1968. The certainty of 10 Texans losing their lives on the highways of our state each and every day is more than tragic. It constitutes a crisis — a crisis that, in my mind, is a state of emergency."

**OIL ALLOWABLE ROCKET-ED** — State oil production allowable zooms to a near record 62.7 per cent of potential for December under a Railroad Commission order.

December figure is highest set under present formulas except for last June's 63.5 per cent. It will authorize a maximum 3,770,319-barrel daily production. This is 472,051 more than November which was limited to 3,298,268 barrel daily. Estimated daily production during December is expected to average out at 3,194,476.

Five of 14 major crude oil purchasers asked for an allowable increase. Eight asked retention of the November level, and only one sought a reduction.

**EDUCATION'S INVESTMENTS** — Moving more heavily into equities instead of debt investments, the Texas State Board of Education has decided to put 60 per cent of its income into corporation stocks. It may increase that to 70 per cent if it finds bargains in the stock market in November and December.

Board took this action after two vice presidents of the Chase Manhattan Bank, the board's fiscal advisors, suggested heavier investments in common stocks. Voters of Texas have removed the constitutional limit that the fund's money must go 50 per cent into municipal and government bonds.

Board of Education buys from \$4 million to \$5 million worth of securities a month. It put the \$4.1 million it got from cash bonuses on oil and gas leases on Nov. 4 mainly into U. S. treasury bills. This was timed so as to fill in the gaps in the year ahead and hold average buying to about \$4 million.

**COURTS SPEAK** — State Supreme Court in a major will contest held that 22-year-old Army Sgt. Albert Buckman Wharner III is sole heir to the \$45 million oil-ranching estate of Electra Waggoner (for whom the town of Electra was named).

High Court set arguments for December 17 in a case which will determine if private clubs in dry areas can hire agents to buy liquor for "locker system" pools. Four months ago the Third Court of Civil Appeals holding against the State Liquor Control Board, said such a procedure is legal.

Sixteen-year-sentence of a 17-year-old Dallas youth for possession of marijuana was reversed by the Court of Criminal Appeals on grounds that there was no evidence the boy was ever in the room where burned marijuana was found.

San Antonio discount stores have filed a motion for reconsideration of a split Supreme Court Decision on upholding Saturday-Sunday closing law's constitutionality.

According to Col. Wilson E. Speir, director of Texas Department of Public Safety.

Unless things pick up, forecasts Speir, car owners are going to be waiting in some mighty long lines at garages and service stations around the April 15 deadline.

During the state fiscal year which ended August 31, 6.3 million vehicles were inspected. Since September 1, only 538,000 have gone through the required check. All inspection stickers issued after September 1 will expire 12 months from date of issue. All new stickers must be displayed before April 15, however. Stickers this year will go on driver's side of windshield.

**VALLEY VISTAS YANKED** — James W. Griffith, new Southwest Regional Office of Economic Opportunity boss, announced withdrawal and reassignment of 15 VISTA anti-poverty workers in Cameron and Willacy counties.

Griffith charged that Volunteers in Service to America were made "scapegoats of local political disputes" and subjected to "harassment, uncertainty and threats." He said the VISTA group in the two counties were responsible people and there was no evidence of improper action on their part. Griffith lashed Cameron County commissioners for again requesting the governor to remove them after a 90-day truce period had been agreed on for reassessing VISTA work. There is, Griffith concluded, a shortage of such workers, and they will be sent where they are needed and wanted.

**APPOINTMENTS ANNOUNCED** — Gov. Preston Smith named the members of the new Texas State Board of Examiners of Psychologists, then changed his mind about qualifications of three of the six, pending a more specific definition of "accredited" colleges — a requirement of appointees.

# Children's Descriptions Prove To Be Amusing

"Telephones are a lot easier to answer than to tell what makes them go humm, buzz and rrrr."

For a fifth grade student, this was a whale of an answer to the question put before the class: Tell what you know about the telephone.

Harold Dunn, fifth grade teacher at Kirkwood, Missouri, has compiled selected essays of his young students during the process of learning about pro-

tons, whales and telephones, and has come to the conclusion that children view technology differently than do adults.

Here are some imaginative thoughts on how the telephone works, scrawled on tablet paper by the grade school youngsters: "Get a drum. Beat on it. No-

tice how it vibrates. Then yippee because now you understand how the insides of a telephone work."

"The diaphragm is where the carbon grains snuggle and hugle together." "Once they know a fact for certain they hang on to it tena-

lously: "Another name for the mouthpiece is the transmitter but I think I will just stick with the first word and learn it good."

Confusion sometimes takes over completely:

"One good way I figures out how to tell between the receiver and the transmitter is that one of them starts the sound when I can ever think which it is."

Some mind-bogglers on the vastness of the telephone industry:

"The telephone has a plural known as mass communica-

tions." "There are something like 80 million telephones in America today. Eighty million is bigger than the largest known whale."

Historical comments on the telephone:

"Communication has not always been by phone for many ancient years ships had to send messages by flashing mirrors. But it is not good to do so now. Once my brother was spanked for flashing a mirror in the eyes of passerbying people."

"The Romans did not have telephones. They used smoke signals, but I forget whether

they did it in AC or DC times." "I was thinking the telephone was invented before the telegraph. When I learned different, all the thoughts I was going to say went in a swallow down my throat."

Notes for a biography of Alexander Graham Bell:

"It took much hard work for Mr. Bell to think out how to get everything worked out so people could talk on the telephone. He had to keep thinking around-the-clock, twelve days a week."

"He said his first sentence over the phone in 1876. This was really in the 19th century but for

some reason time travels faster than dates." "On the subject of electricity: "Electricity has been with us forever and maybe even longer."

"Much of our proton supply goes into the making of electricity."

**GIVES MONEY**

**NEW DELHI** — India gave the tiny mountain kingdoms of Bhutan, Sikki m and Nepal almost \$30 million for development projects and flood relief in 1968-69, according to an official report.

**WHITE JOIN BLACKS**  
**ST. LOUIS** — For the first time in Southern Baptist history, one of the denomination's mainly white congregations, Christ Memorial Baptist Church here, has also joined a black denomination, the National Baptist Convention, U. S. A.

Now dually aligned both with the big white and black conventions, the church's pastor, the Rev. Bill Little, said it was "a way of saying to black Baptists, 'you have something to give to help me, and I have something to learn from you.'"
