AROUND A Town

Sights and Faces Seen

It looks like the biggest Christmas in years, according to Hereford merchants who say that the rush has already reached what would have qualified as a last-minute stage in pre-war years. And this without the arrival of the heralded post-war appliances and merchandise.

"We got six living room suites a few days ago," says Jesse Stanford, "and there are only two left now." He adds that it's well to have the business, but discouraging to run out of many items before the demand is met.

It's now almost a case of finding substitutes for the substitute teachers in the Hereford schools as the epidemic of flu and bad colds continues to cause absences from the ranks of both teachers and students. The epidemic caused about 300 absences from the public schools one day early this week.

Coach H. V. Stanton has been put into a most embarrassing position, and it's up to the Whitefaces to maintain his reputation. He wrote to a hotel in Denton for accommodations for the team during its trip to the Cotton Bowl game and got the reply that the rooms were reserved—but it was the first time the hotel had taken a football team in four years—and only because the manager is a friend of Mr. Stanton's and is evidently relying on the coach to see that the Whitefaces are perfect gentlemen during their stay in Denton.

Neal Young, Machinist's Mate 1-c in the Seabees wired from Hueneme, Calif., Thursday that he would be home soon. Sunday (Continued on Page 12)

Mrs. Womble to Head Red Cross Fund Campaign

E. C. Eubanks, chairman of the Deaf Smith County Chapter, American Red Cross, this week announced the appointment of Mrs. Elizabeth Womble as chairman for the Red Cross Victory Fund drive which will be held in March.

Mrs. Womble, whose office has been down-town headquarters for the past three Red Cross membership drives, has done much work in organizing the previous drives and is thoroughly familiar with the program. Eubanks said, pointing out that the Chapter is pleased at her acceptance of the chairmanship.

The coming membership drive will be perhaps even more important than wartime drives. Mr. Eubanks stated, adding that Red Cross services to military personnel continue and at the same time aid to veterans is being expanded and the aid to civilian war victims is steadily increasing.

Catch a Turkey And Solve That Xmas Dinner Problem

Catch a turkey and he's yours!

That's the sporting proposition made by the Star Theatre and a group of Hereford business firms who plan to give away ten turkeys on Saturday night, Dec. 15 at 7 o'clock.

There are no strings attached either literally or figuratively, to the deal. The turkeys are going to be turned loose from the awning in front of the Star Theatre; and if you catch a turkey the Christmas dinner problem is all solved.

Local firms and business men who are sponsoring the event include Quality Food Store, City Drug, Elite Cafe, Streu Hardware, Little Fashion Shoppe, Star and Texas Theatres, Goodrich Store, Hereford Laundry, Francis Hardwick, Hereford Brand, Elizabeth Womble, Hereford Bakery and Carl McCaslin Lumber Co.

Cocanougher Herd Hits High Average

Averaging \$427.46, the 73 head of Hereford cattle totaled \$31,425 in the R. L. Cocanougher sale here Monday, Dec. 10. Buyers represented the entire Southwest, including numerous cattlemen from New Mexico.

The top bull went to Clyde Cocanougher of Hereford at \$1,000, and the top cow sold at \$860 to Slaton and Weyl of Plainview. Local cattlemen were enthusiastic over the large number of animals which sold to residents in the immediate Hereford territory.

Buyers from this section included R. W. Baird and Son, one bull; H. R. Cocanougher, two animals; L. L. Cannon, Summerfield, 5; Clyde Cocanougher, 9; Jack Frost, 1; Homer Ewton, 1; C. W. Frye, 10; Mrs. Frances Hess, 1; O. G. Hill, 1; LeGrand Bros., 1; D. L. McDonald, 1; H. H. Miller, Dawn, 11; E. H. Norton, 1; Mrs. J. R. Overstreet, 3; H. D. Robbins, 1; Marvin Spencer, 1; J. M. White, 1. Other animals went to Roswell, Hobbs and Lovington, N. M.; Graham, Claude, Midland, Canyon, Plainview and Stratford.

The sale was well attended and was one of the first held in Hereford in several years.

Rotary Makes Plans For Xmas Season

Christmas plans of the Hereford Rotary Club include a Ladies night program on Tuesday, Dec. 18, at the Christian Church; and a steak fry at which servicemen and discharged veterans and their fathers will be honor guests on Thursday night, Dec. 27.

In charge of the program on Dec. 18 will be Mr. and Mrs. Eddie Frier of Clovis, N. M. Mr. Frier, a Rotarian for 15 years, holds a 100 per cent attendance record for that time.

Performance Reports Due by Jan. 15, 1946

The closing date for reporting practices performed between Aug. 1 and Dec. 31, 1945, has been set for Jan. 15, 1946, it was announced this week by F. G. Collier of the Deaf Smith County AAA office.

The seeding of drilled crops on a contour—a practice now included in an 18 month program—if carried out by Dec. 31 is a 1945 practice and must be reported by Jan. 15, 1946, according to the AAA announcement. Because this practice is included in an 18 month program (July 1, 1944 to Dec. 31, 1945) payment may be made to the extent to which the practice was carried out during this period, even though it may have been applied twice to the same acreage.

Reports may be made to the county committee by mail or may be turned in direct at the AAA office in the courthouse.

Schools Get 10-Day Holiday for Christmas

Hereford Public Schools will dismiss on Friday, Dec. 21, and the Christmas holidays will continue through Jan. 1 with school scheduled to reconvene on Wednesday, Jan. 2.

Supt. Chester O. Strickland announced the holiday dates this week in response to many requests from school patrons who desire to make plans now for the Christmas vacation.

Need Longer List of Substitute Teachers

Anyone who will do substitute teaching in the Hereford Schools is asked to get in touch with Supt. Chester O. Strickland, who said this week that the schools are badly in need of a longer substitute list.

Because of the flu epidemic and the absence of many regular faculty members from their jobs, there has been a great need for more substitute teachers during the past couple of weeks, Strickland said.

Ramsey Rites Held Sunday

Funeral services for E. E. Ramsey, 78 year old retired farmer, were held Sunday afternoon at the First Christian Church, with Rev. Marvin Boyd and Rev. R. H. Cagle officiating. Mr. Ramsey died Saturday following a short illness.

Born in Missouri on July 28, 1867, Mr. Ramsey came to Hereford from Leavenworth, Kans., in 1905 and had been active in business and church activity. He was an honorary elder of the Christian Church at the time of his death and for many years taught a Sunday School class. Survivors include a sister, Miss Adda Ramsey of Hereford; a daughter, Mrs. Dorothy Swain of Kansas City, and one grand daughter.

Pallbearers at the services here were W. E. Dameron, Travis Dameron, F. M. Kester, Lynn C. Kester, J. C. Ricketts and Roy Smith.

Interment took place at the Mt. Muncie Cemetery in Kansas.

Just Two Days Left to Give Thanks to Yanks

Hereford people are falling down on the job of filling the Christmas gift boxes to give "Thanks to the Yanks who Gave."

That was the announcement made this week by Mrs. W. P. Graham of the American Legion Auxiliary, who said that thus far only a few gifts have been left in the boxes in various Hereford stores, and only two days remain for the project.

Gifts, wrapped and with contents designated on the outside, will be distributed to men and women in military and veterans hospitals. Mrs. Graham said, "Surely this is little enough to do for the men who have made the real sacrifices to bring our first peace-time Christmas in five years," she pointed out.

In addition to gifts for the servicemen themselves, gifts suitable for inclusion in the stock of the Auxiliary Gift Shops set up in hospitals may be used. At these gift shops the men may do their Christmas shopping conveniently and thus be able to remember their own families and friends at Christmas time.

Gifts may be left at Close, Haille and City Drugs; Streu and Henslee hardware stores, The Little Fashion Shoppe, The Vogue and the Hereford News Stand.

Herd Battles to 14-14 Tie, Penetration Edge Gives Bi-District Title to Blackhaws

Crippled by flu and matched against a rugged, hard fighting ball club the Hereford Whitefaces fought to a 14-14 tie but lost the game on penetrations to the Phillips Blackhaws, who repeated as bi-district champions last Friday.

Starting out on the offensive, the Whitefaces gave the Blackhaws some bad moments in the first quarter; then early in the second quarter drew the first score of the game on a pass, finally landed by Left Half Freddy Close after what looked like a juggling match with half the Blackhawk squad. Bob Davis added the extra point to leave Hereford ahead at the half by a 7 to 0 count.

But the Whiteface lead failed to stick after the Blackhaws put on the old touchdown punch early in the third quarter and tackled the Whiteface line for steady gains. Jackson went over from the nine yard line after a 15 yard run by Eldridge had put the ball into touchdown territory. The Blackhaws kept to the ground route to run their first extra point.

Settling down to a see-saw battle during the remainder of the third quarter the Blackhaws continued to make a steady margin on first downs but lacked the punch to con-

County His Till Dec. 31 to Meet E Bond Quota

Although the honor of meeting all quotas on schedule cannot now be claimed, residents of Deaf Smith County will still have the opportunity of subscribing the \$63,993.75 balance in E bonds which remained at the official end of the Victory Bond Drive on Dec. 8.

E Bond sales through December will be allowed to count on the quota, it is explained; and citizens are urged to take advantage of this last chance to buy bonds.

According to the official report issued Thursday morning, a total of \$156,502.75 in bonds had been sold here. Of this total, sales in the amount of \$89,006.25 were in Series E bonds. A total balance of \$93,497.25 was due on the drive.

Mercury Falls To Six Degrees

A cold wave that rolled into the territory Sunday morning sent temperatures scampering for the cellar and resulted in a season's low of six degrees on Monday morning, with slowly rising temperatures beginning Tuesday.

The mercury hit a 14 degree low on Sunday morning, went to six on Monday morning and hit a maximum in the low 30's during the day. On Tuesday morning the minimum temperature was 16 and it climbed to a maximum of 44 in the afternoon. Yesterday morning's low was 22 degrees with a high of 60 degrees during the afternoon.

No moisture accompanied the cold snap and while the frigid temperatures did no damage to stock in the Panhandle area, moisture is urgently needed for the wheat pasture.

V. F. W. Guests At Legion Xmas Party

Members of the V. F. W., their wives and sweethearts will be special guests at the annual Christmas Party of the American Legion and Legion Auxiliary on Tuesday night, Dec. 18, it was announced this week by Legion Commander W. C. Hromas.

The party will be held at the City Hall and will start at 7:30 o'clock.

Distribution of gifts from a Christmas tree will be one of the main features of the evening and all guests are asked to bring a gift, not to exceed 50 cents in value, to put on the tree.

Services will be held twice daily—at 10 in the morning and 7:30 o'clock at night, and Minister Camp will speak on a variety of thought-provoking subjects.

Some of the subjects listed are: Sunday—"Personal Evangelism" and "Where are We," Monday—"Can We See the Bible Alike?," Tuesday, "The Church of the New Testament," Wednesday, "Naaman the Leper."

Corbett Opens New Dry Cleaning Shop

Roger Corbett this week announced the opening of his cleaning shop, next door to his residence across the street east from Central School.

Mr. Corbett has had many years of experience in the dry cleaning business in Hereford, and invites his old friends to visit him in his new location.

Mrs. C. B. Williams, production chairman, and Mrs. Henry Hastings, sewing chairman, this week pointed to an alarming decrease in the number of volunteer workers reporting at the local Red Cross sewing rooms. Unless more women begin to take part in the work it may even be necessary to close the rooms entirely, they said.

At present workers are making and filling kit bags to be given to military personnel embarking for overseas duty. There are 260 of these kits to be made; and while seamstresses are needed, any woman able to help in the packing of the bags will find her services needed and appreciated at the Red Cross sewing room.

These kit bags, the chairmen point out, are needed just as greatly as they were during the war. Men are still going overseas to join occupation forces and morale services are as important now as they were during the war.

In addition the local sewing room has been asked to accept a quota of sewing for refugees. "We have accepted this job," Mrs. Hastings said, "and we feel that more women could and should help with the work."

At present the sewing room is open five days a week, with work scheduled by the various groups of church women—on Monday, the Methodists; Tuesday, Baptists; Wednesday, Presbyterians; Thursday, Christians; Friday, Catholics.

"Some of these groups have continued to serve loyally," Mrs. Hastings said, "but others have fallen down since the end of the war."

Mrs. Sammons Dies Following Long Illness

Mr. Eva E. Sammons, 59 year old, died Thursday at the Deaf Smith County Hospital following a long illness. Mrs. Sammons had been in the hospital for more than a month at the time of her death.

Funeral services and burial were at Lockney, Mrs. Sammons' home for several years. Her husband, W. F. Sammons, survives. Other survivors include a niece, Mrs. Marlin Gilliland of Hereford.

Mrs. Webb's Mother Dies in Albuquerque

Funeral services for Mrs. W. H. Driggers, who died Monday night in an Albuquerque (N. M.) hospital, are being held today in Albuquerque.

Mrs. Driggers was the mother of Mrs. Don Webb of Hereford and had visited here often with her husband, who has extensive cattle interests in this territory. She died as the result of a heart ailment and had been ill only a short time.

Library Closes For Week—Dec. 25 to Jan. 1

The county library will be closed from Dec. 25 through Jan. 1, Mrs. Clara McLean, librarian, announced this week. Library patrons are requested to keep the closing dates in mind in making plans for their holiday reading.

Abilene Pastor Speaks At Christian Church

Rev. J. T. McKisick of Abilene will preach at the First Christian Church next Sunday morning.

Rev. McKisick is well known here, having preached for the local Christian Church on numerous occasions. He also has a number of relatives in this community.

Aiming at the immediate pavement of all gaps in Highway 51 in this section of the state and at the eventual completion of the highway from the Big Bend Park in Texas through to Canada, the International Parks Highway Association was organized in Hereford Monday with representatives from eight Panhandle and South Plains cities taking part in the organization meeting.

Hill Elected President.

The meeting was called by the highway committee of the Hereford Chamber of Commerce, and J. E. Hill of Hereford was elected president of the association. Other officers are Bill Swanson of Vega, Z. O. Lincoln of Levelland and L. M. West of Channing, vice-presidents, T. A. Singer of Dimmitt, secretary, and the following directors: Julius Cox, Boise City, Okla.; J. T. Long, Odessa; Jack Spence, Channing; Raymond Thompson, Vega; Homer Johnson, Levelland; T. E. Seigler, Hereford; T. R. Davis, Hart, and D. W. Watkins, Littlefield.

A delegation from the association plans to meet with State Highway engineers in Amarillo Friday to push completion of paving already authorized and to present plans for extension of the program. Eventually the organization hopes to start chapters in every state crossed by the highway and to get a federal designation for some of the building projects.

Members of the highway committee of the local chamber of commerce who made plans for the association reorganization include T. E. Seigler, J. E. Hill, J. A. Pitman, Robert Veigel and W. A. Teter.

Detroit Man Dies in Local Hospital Friday

V. T. Mathews, 52 year old liquor dealer from Detroit, Mich., died at four o'clock Friday morning in the Deaf Smith County hospital of an internal hemorrhage.

Accompanied by his chauffeur, J. R. Jones, Mathews was enroute to Phoenix, Ariz., when he became critically ill and was rushed to the Hereford hospital last Thursday afternoon. Later investigation by Sheriff J. O. Newell revealed Mathews' home address, and the body was shipped to Detroit on Saturday.

The man was carrying slightly less than \$7,000 in cash when he was taken to the hospital; and officers are holding the money pending court proceedings and the settlement of the estate.

Investigation revealed that the man had a wife, Mrs. Margaret Mathews, 36, and a son in Detroit. Papers found among his possessions indicated that he was from Arizona with the intention of making his home there.

Plans for Cotton Bowl Trip Complete

About 30 Whitefaces, regulars and squad men on the 1945 team, will make the trip to Dallas for the Cotton Bowl Game on New Years Day, Coach H. V. Stanton stated this week.

The trip is being paid for by the voluntary contributions of Whiteface fans, who are sponsoring the entertainment as a gesture of appreciation to the boys who won district and fought to a tie in the bi-district game last week.

The trip will be made in the Ford School Bus, Coach Stanton said, and two of the Ford trustees, Bill Hutson and A. B. Higgins will accompany the Whitefaces.

Hotel reservations have already been made in Denton for the night of Dec. 31, and the Hereford team will go to Dallas the following morning.

Several Hereford men will accompany the team, Stanton said.

Do You Remember?

DECEMBER 15, 1905

The old Capitol Syndicate ranching property in Deaf Smith and Parmer counties, consisting of more than 1,500,000 acres, is now being sectioned and divided into townships for colonization purposes. A surveying corps of 15 men is working on the land east of Texico, New Mexico, and north of the Pecos Valley line of the Santa Fe System.

After about a week's illness, Mrs. Corrine Hough-Reed's earthly existence was brought to a close by Death's relentless hand Saturday morning, December the ninth.

If there are those in this city who have idle money, they would find a profitable field of investment in building substantial rent houses. The demand for houses in Hereford is likely to be in excess of the supply for some years to come.

Judge and Mrs. W. H. Russell are the happy parents of a five pound boy which was born on the 12th inst.

Albert Lowther of Colorado this week purchased a Western Union section two miles south-east of town and will move here early in the spring. Mr. Lowther is a brother-in-law of Rev. W. G. Kelly and will doubtless make us a good citizen.

Hereford is fast becoming the educational center of the Plains. With her 500 pupils, she can easily set the pace, educationally, for all the other Panhandle communities.

DECEMBER 17, 1925

Uncle Joe Ward, Deaf Smith County treasurer, celebrated his 76th birthday on Dec. 14. Relatives and friends surprised Mr. and Mrs. Ward with a bountiful dinner and the gathering indulged in a tremendous feast and a highly enjoyable social hour. Those present besides Mr. and Mrs. Ward were Mr. and Mrs. C. E. Wade and Miss Ruby, Mr. and Mrs. O. F. West and children, Mr. and Mrs. I. I. West and children, Mrs. Roy Lamann and son, Mrs. J. H. Cloyd, Miss Lee Wilson and Miss Dorothy Fullwood and little sister.

Five sections of land that surrounds the Flagg townsite have just been placed on the market for colonization. The Flagg ranch was owned by Col. C. T. Herring of Amarillo at the time it was placed on the market.

Five boy scouts had the time of their young lives last Friday and Saturday as the guests of Scoutmaster Allan Bell who took them to his ranch 45 miles north of Hereford and initiated them into the mysteries of coyote hunting. The boys enjoying this outing were Ward Garrison, Thomas Elliston, Woodrow Gilbreath, Robert Bell and George Higgins.

Bay View Club Studies Drama

The first of two scheduled programs on "Drama" was presented at the Bay View Club meeting held Thursday afternoon at the home of Mrs. Colby Conkwright. Mrs. Bob Wilson was leader of the program and gave a survey of plays on the war by Maxwell Anderson.

Beginning her discussion of the plays, Mrs. Wilson said that Anderson has tried to bring to the world in drama certain things that the American people need to know about the war. She discussed "Key Largo," the story of a coward and his conscience, "Candle in the Wind," which deals with Nazi-ism in conflict with Americanism and includes the fall of France. She told something of "The Eve of Saint Mark" which reveals the story of an American boy in the war, beginning with training camp and leading to the South Pacific. Climaxing her discussion was a review of "Storm Operation" as told by the author who went to North Africa as a war correspondent. "Storm Operation" covers the planning, landing, the junction of the two armies and the victory.

Mrs. F. T. Roloson reviewed "The Glass Menagerie" by Tennessee Williams which is one of the most popular plays of the season. She told something of the author and of the hit-play's success.

The reviewer brought to life characters presenting a touching picture of a troubled family. The mother who lives in the past, the crippled daughter, the hard-drinking father and the unhappy son.

She recommended the book for its human interest and as an aid in understanding young people in the family.

Guests attending the meeting were Mrs. J. M. Donnelly of Terra Haute, Ind., and Mrs. Gordon Alexander of Silverton. Members present were Mesdames D. H. Alexander, C. R.

G. W. Brumley, the Panhandle's foremost hog buyer, set them all another mark in enterprise this week when he returned from a trip to Athens, down in the Piney woods, and announced that he had purchased 1,000 head of feeder shoats... to fatten for the Panhandle market.

Mrs. J. M. Posey and Mrs. Geo. V. Stambaugh were special guests at the London Bridge Club party at the home of Mrs. Kellar Muse on Wednesday afternoon last week. High score awards went to Mrs. Henry Sears high and Mrs. Posey second high.

FACTS... for the VETERANS

(AMERICAN RED CROSS NEWS SERVICE)

(Oscar B. and Emma L. legally adopted Harold from a founding home when the boy was only a month old. Oscar and Emma were never married, but lived together under a common-law arrangement until Emma's death. When war broke out, Harold became a first lieutenant in the Army and was stationed in the Philippines where he was captured by the Japanese. Subsequently he was lost at sea when the Japanese tried to evacuate prisoners of war during the American invasion of the islands. In April 1945, Oscar was notified that the war department had made an official finding of death as of April 20, 1945. Oscar has received the forms making claim for death gratuity and accrued pay. Death gratuity in this case amounts to approximately \$1,200 and accrued pay is over \$5,000. Oscar is having difficulty in preparing the claims forms because his marriage to Emma was a common-law marriage and because his son, Harold, was adopted and was not issue of the marriage.)

In making claims for accrued pay, the Army may proceed with administration proceedings amounts up to \$1,000 to the next of kin. Amounts in excess of \$1,000 are held up until an administrator is appointed by the court. The local probate or county court has jurisdiction in transferring ownership of property to the legal heirs of a deceased resident. The court will determine Oscar's relationship and entitlement. Oscar should employ an attorney so that he himself can be appointed administrator of his son's estate. Since Lieutenant B. was legally adopted by Oscar, there should be no question in the latter's mind about the propriety of making claim for accrued pay and death gratuity because, for legal purposes, Harold is his son. Your local Red Cross chapter at the courthouse Hereford, is prepared to give you counsel and assistance with reference to benefits available to veterans and their dependents.

What Helps Agriculture Helps All of Us

WHAT is it that helps agriculture? We know that to grow good crops it takes good seed, fertile soil, a favorable climate, and the skill and experience of the individual. Likewise in the production of livestock you need well-bred animals, proper care and feeding, plus intelligent management.

Through better seeds and new types of plants like hybrid corn, through soil conservation methods, better land management, and improved machinery, through more effective control of pests and parasites, America has reached a level of food production never before achieved by any nation in history. Therein lies much of America's strength for the future.

By many a tragic example, history teaches us that when food supplies fail, nations fall. We of America must see to it that our agriculture becomes always a stronger, surer base for the economy of our nation. This is a task not only for you as producers but also for us who, by providing nationwide facilities and services, bridge the gap which separates farmers and ranchers from the distant consumers who must have their products.

And because our business is so closely linked with the land, we at Swift & Company are vitally interested in all developments that help agriculture. And so in these Swift pages we publish helpful information, knowing that a prosperous agriculture is essential to the livestock and meat industry—and to the prosperity of the nation as a whole.

OUR LIVESTOCK JUDGING METHODS

By R. G. JOHNSON

Head, Department of Animal Husbandry, Oregon State College

Domestic animals are machines for converting plant material into meat, fibers, and other human needs. Competition forces the modern farmer to evaluate efficiency in terms of tons or bushels per acre, dairy production in pounds of butterfat per cow per year, and poultry results in number of eggs per year. Thus, since the basic resource is feed and not animals, shouldn't livestock producers evaluate breeding stock on the basis of meat or of wool their offspring produces per 100 pounds of feed consumed?

The show ring standards for judging animals by external appearance have given us advancement up to a certain point, but breeding for the show ring does not always lead to efficient feed utilization.

A step in the right direction is the increasing use of proved sires. Today, through use of artificial insemination, the purebred breeder is greatly assisted in the establishment and increase of efficient blood lines.

Tomorrow's "yardstick" will not only be bigger yields per acre but also more pounds of meat and fiber per ton of feed.

WHAT DO YOU KNOW? How many of the amino acids essential to health are found in meat?

What governs the price of livestock?

In what dessert is meat an important ingredient?

Answers to these questions may be found in the various articles which are printed elsewhere on this page.

THE EDITOR'S COLUMN

A smart steer on range goes to where the forage is best. A smart livestock producer sells where the market is best. There are many sources of information to help him decide where that best market may be. Radio networks and nearby stations report daily on receipts and prices at central and local markets. Commission houses and their field men are ready to give personal advice on the best time and place to sell. Newspapers publish detailed descriptions of market conditions. Various timely reports are available from the U. S. D. A. and other impartial sources on trends and developments in the livestock-and-meat industry.

In making their bids, livestock buyers also use current market information. Acceptance of any price offered is entirely up to the producer or his sales agent. Meat packing plants and their buyers are located at so many widespread points that if a producer is not satisfied with prices offered by any one buyer, he has a choice of several others to which he may sell his animals.

Moreover, with 3,500 meat packing plants and 26,000 other concerns and individuals who slaughter livestock commercially, there is bound to be keen competitive bidding for your livestock. Barring meat rationing and price ceilings, livestock prices are governed by what the packer can get for the meat and by-products.

**A MERRY CHRISTMAS
and A HAPPY NEW YEAR**

"AMINOS" ARE IMPORTANT TO YOU! From the nutrition research laboratories comes the story of amino acids, mysterious substances found in the proteins we eat. Aminos are used by our bodies to build and rebuild our tissues, organs, and blood. They also help fight off infections.

Of the 23 known aminos, ten are absolutely essential to health and even to life itself. Meat is rich in all ten of them. That's why doctors, working to rebuild the shattered bodies of wounded servicemen, order diets with large amounts of meat. That is also why everybody should eat meat for health as well as for its fine flavor and its "stick-to-the-ribs" food value.

Swift and other meat packers, through The American Meat Institute, are telling this vital story of meat and its health-building aminos in many millions of advertising messages. As people read this story, there will be wider markets for meat—and the livestock you produce.

Martha Logan's Recipe for MINCEMEAT

Yield: 4 quarts
1 pound cooked beef 1½ pounds brown sugar
shank, chuck, or 1 quart cider
meat 2 teaspoons salt
1 cup meat stock 2 teaspoons nutmeg
½ pound suet 2 teaspoons cloves
4 pounds apples 3 teaspoons cinnamon
½ pound currants 5 tablespoons lemon juice
1 pound seeded raisins

Pare, core, and chop apples. Chop together currants and raisins. Add apples, sugar, cider, and meat stock. Cook about 5 minutes. Grind meat and suet. Add with seasonings to apple mixture. Simmer 1 hour, stirring frequently to prevent burning. Add lemon juice.

This mincemeat may be made ahead of time and canned for use throughout the holiday season.

SORGHUMS ON INCREASE AS CATTLE FEED

By A. D. WEBER

Head, Department of Animal Husbandry
Kansas State College

Proof that the new combine-type grain sorghums, Midland milo and Westland milo are the equal of corn as cattle feed, which was demonstrated recently at the Fort Hays Branch of the Kansas Agricultural Experiment Station, will interest feeders who fatten cattle in the Southwest.

Yearling steers fed these two new grains for 150 days gained 2½ pounds per head daily. This was equal to results gained by feeding yearling steers No. 2 corn over a like period. The steers in each lot graded the same (choice), and sold at the same price (\$17.00 per cwt.). All grains were fed at the rate of 13 pounds per head daily. Each ration included sweet sorghum silage, 37 pounds; cottonseed meal, 1½ pounds, and finely ground limestone, 1-10 pounds.

Three similar feeding trials also proved conclusively that the new combine-type grain sorghums compare favorably with corn as cattle fattening feed—Wheatland milo, Colby milo and Westland milo being tested in these trials.

Increasing use of native feed grains, such as these new type grain sorghums, will greatly benefit the stability and prosperity of this agricultural region.

Rev. Mann Speaks At Pres. Church, Sunday

Rev. W. R. Mann, Sunday School missionary from Canyon, will preach at the morning worship service at the Presbyterian Church on Sunday morning, Dec. 16.

An effort is being made to have an out-of-town pastor or layman to occupy the pulpit at all regular Sunday morning services until the church secures a regular pastor.

"The chief blow, which ought to be the final blow, to peacetime compulsory military training, comes not from the Army nor from the statesmen, but from scientists," says Dr. Charles F. Boss, Jr., chairman of the World Peace Commission of the Methodist Church—a body which opposes President Truman's proposed training plan.

"The statements of eminent scientists, including many who figured intimately in the development of the atomic bomb, are that the bomb and the discovery of the process of atomic fission have made large standing armies—and most of the equipment and techniques of modern warfare—obsolete. The conviction is growing that peacetime conscription and even modern types of bombers and

Students Name Atomic Bomb As No. 1 News Story of 1945

FORT WORTH, DEC.—The story of the atomic bomb was and is the No. 1 news story of 1945, in the almost unanimous opinion of students in the department of journalism at Texas Christian University, who characterized it as "an event of world-shaking importance."

"The A-bomb is not only the most important story of 1945, but also of 1946, 1947, 1948, and many years to come," one student commented. "It stopped one war, but the question is will it start another?"

The students, asked by Prof. J. Willard Ridings, T. C. U. journalism department head, to name the "10 Best News Stories of 1945," nominated 27 stories for final consideration. Those that placed first and second were so ranked by nearly everyone, but 19 stories received votes for inclusion on the "10 Best" list.

The No. 2 story, just barely behind the A-bomb story, is the "Allied Victory Over Germany and Japan." "Peace! It's wonderful!" was the paean of the people.

The remaining eight stories compositely rated as worthy of inclusion in the "10 Best," with typical comment, are:

3.—Death of President Roosevelt. "Taxicab drivers and prime ministers, friends and enemies—all mourned the passing of the man who, more than any other in his day, had labored to serve mankind."

4.—The San Francisco Conference. "Hope for tomorrow's world is born—appropriately enough, in the 'Land of Liberty.'"

5.—Labor Party Victory in England. "Social change at the polls instead of by force."

6.—Labor-Management Strife in U. S. "A confused public can scarcely judge the merits of the case, but it does realize that it is the 'innocent bystander' who is liable to get shot."

7.—Chinese Civil War. "Watched by the world as a testing ground of theories concerning international co-operation for world peace."

8.—Trials of War Criminals. "Law and order, on an international scale, is saying, 'Crime doesn't pay!'"

9.—Where is Hitler? "The people love a mystery story—but they know full well where they hope Hitler is!"

10.—Flag Raising on Iwo Jima. "Probably the first time a photograph has been included in the '10 Best News Stories' of any year. A thankful American people, emotionally overflowing, give their mass acceptance to this symbolic reincarnation of the 'Spirit of '76.'"

other equipment which were up to date until the bombing of Hiroshima are as obsolete as the armor of the medieval knights on display in London Tower.

Scientific facts support moral conviction that the United Nations Organization should lead in a genuine internationalization of the atomic bomb, in the universal abolition of peacetime compulsory military training; and by united action in the reduction of armaments.

With the end of the war and the reduction of the Army and Navy to "normal" size, there will be left some 1800 Protestant chaplains in the Army, the Navy and in the Veterans Administration, according to Dr. Seward Hiltner, of the Commissioner on Religion and Health of the Federal Council of Churches. About 400 more, he says, will be serving in Protestant hospitals, in state mental hospitals, in penal and correctional institutions, and in community institutions. But, in addition to all these, some 1800 additional Protestant ministers will be needed for chaplaincy places in social service agencies, hospitals, and institutions. There are indications that other hundreds of ministers will be sought as chaplains in industrial concerns.

Streu's Diary

DEAR DIARY:

Just two more weeks until Christmas—and still lots of people haven't started their shopping—still waiting for those metal toys and gadgets that can't possibly get here before Xmas—because they haven't even left the factories as yet. The rumors are flying thick and fast in Hereford—in Amarillo—in Houston—and I guess most everywhere else that the merchants are holding back the better toys—trying to get rid of war time products. I believe that any Hereford merchant will allow anyone to search his store for better stuff. We will.

It all stacks up to this—if folks just keep waiting—and waiting—for things that don't get in—there is going to be the goosh—awfullest mad scramble the last few days before Xmas that anyone has ever seen.

No good news for people needing gas ranges or heaters—they are not to be had till after the first of the year—this also applies to oil ranges—washing machines, refrigerators, pocket knives and hundreds of other items.

However, it isn't too long till the first—the only question remaining then will be "how long after the first of the year." It is impossible to predict accurately since we are dependent upon Labor, OPA, Government Controls, Transportation, Taxes and many other factors too complicated to foresee.

Enough of the black side of things—we have lots and lots of beautiful gifts for the ladies—myriad toys and games for the kiddies, and a few very nice gifts for men.

Looks like some folks are going to eat turkey for Xmas dinner—just a matter of catching the bird Saturday night—at the Star Theatre.

I'm always catching the bird—but it isn't the kind to eat.

SONS In the Service

Served on Light Cruiser

ON THE USS ST. LOUIS—(Delayed)—Joe L. Hamilton, radarman, third class, 102 East 10th st., Hereford, Tex., served on this light cruiser when she made a visit to Kilrun, Formosa.

After picking her careful way through mine-strewn Formosan water, "the heroine of Pearl Harbor" entered Kilrun harbor, Oct. 17, to cover landings by elements of the Chinese 70th Army and thus became the first American ship ever tied up to a Kilrun dock.

She was met by two-loads of Chinese civilians who bade her welcome with exploding strings of firecrackers and wined string music.

Equally intriguing, for the crew, was the ST. LOUIS' preceding assignment, patrolling China's Yangtze River, with frequent liberty in Shanghai.

The ST. LOUIS, which has been added to the "Magic Carpet" fleet, spent the last 40 days of the war swinging back and forth in the East China Sea, watching over mine sweep-

ers operating, in one of the world's largest minefields, and participating in anti-shipping sweeps along the China coast southeast of Shanghai.

Previously she played a major role in the securing of Okinawa and was a segment of Task Force 58 in carrier-plane strikes against the Japanese homeland.

Johnson is one of 1,107 high-point Navy veterans whom the "Magic Carpet" is bringing back to the States aboard the U. S. S. BELLEAU WOODS.

Passengers will go directly to the Separation Centers nearest their homes to complete the formalities of obtaining their discharges before returning to civilian life.

THIS WEEK... AT THE USO

The other day a soldier came into the USO with a suitcase and asked to leave it. When he passed by the piano, we noted that he stopped and picked up the guitar and looked it over, especially underneath, for a brief minute. When he was leaving the room he carefully picked it up again and strummed a bit. A few days later when we arrived at the USO at 2 P. M., the same fellow was seated on one of the front divans, and was playing some very good melodies on the guitar. We greeted him, and in the course of conversation he told us this story. Early in the war he had enlisted and when he left Hereford he took with him his guitar and while stationed in Washington, he gave his guitar to another soldier, this one came to the POW Camp at Hereford, and brought with him the guitar, he gave the guitar to the USO. In 1943 the first owner of the guitar returned to Hereford and found here his old guitar, and now again in 1945 after service overseas he returns and comes to the USO to find and play his old guitar. The person we are talking of is none other than our own J. C. Mitchell.

An interesting card came from Mrs. Evelyn Coyle. She is now at home in Pennsylvania and wishes to be remembered to her friends at Hereford. Snow and cold weather is being experienced at her hometown, but she is being kept very busy with her hobby shell-craft. Her husband, Sgt. Coyle, reports that when he left home, after his furlough there, that Evelyn had many orders for shell items to be completed before Christmas.

Sgt. Smith who has been stationed at Dalhart Branch Camp, returned to POW Camp, and paid us a visit. He is soon to go home as Mr. Smith, he says Mrs. Smith is now at their home in New York, and he is looking forward eagerly to joining her there before the Christmas holidays.

Pfc. Gomez wanted to pass some of the long hours, while he was waiting to leave for separation center, so decided to make some Christmas gifts. He joined some of the ladies who

Mr. and Mrs. Henry Andrews and Doris Jean were Amarillo visitors Monday.

Mr. and Mrs. Elbert Summers and son of Hart visited Sunday in the W. A. Springer home.

Mesdames H. E. Lindley and H. M. Mobley went to Amarillo Tuesday to move their daughters, Christine and Dorothy, to a new apartment. Christine and Dorothy spent Monday night at home. Miss Nellie Jo Warren of Amarillo spent Monday night with Christine Lindley.

Miss Ineta Stoner of Amarillo spent the week end with Dorothy Mobley.

Calliopians Study Advances in Medicine

Mrs. Richard Barnard was hostess Thursday evening to members of the Calliopean Club. A program on "Advances Made in Medicine During the War" was presented by Mrs. Jack Gilliland.

As an introduction to the subject Mrs. Gilliland said, "When one turns to the advances made in medicine one becomes acutely aware that wars, whatever their horrors, may contribute to creative human endeavor in that they stimulate work of such quality as has been done by medical science." The speaker outlined the wonderful and almost unbelievable new medicines, new methods of surgery and developments in science during World War 2.

The next meeting of the club will be in the form of the annual Christmas party on Dec. 20 at the home of Mrs. W. C. Pitman.

Those present included Mesdames Morgan Cain, Clyde Cave, Alton Fraser, J. T. Gilbreath Jr., Jack Gilliland, W. C. Pitman, Elizabeth Womble, L. B. Barnett, Misses Kathryn Davies, Mary Kate Brotherton, Eloyse

Following the dinner, gifts from the tree were distributed to the guests, who included Mesdames Cecil Williams, Flo Pitman, and the hostess, Mrs. Gentil DaRose was a guest.

WILL THERE BE A STEEL STRIKE?

Not if the CIO abides by its pledged word, given only last spring.

Question: What would be the general effect on the country of a steel strike?

Answer: Over 40 per cent of all the factory workers in the country earn their living by making steel into useful products for American life. A shut-down of the steel industry would be a disastrous blow to reconversion and would cause a serious loss in both wages and industrial production at a time when they were most needed.

Question: Is it true that the Steelworkers Union has pledged itself not to strike?

Answer: Yes. Every contract which the Union has signed this year with the various steel companies has a clause wherein the Union agrees not to strike during the life of the contract.

Question: Are those contracts still in effect?

Answer: Yes. They were signed in the spring of 1945 to run until October, 1946.

Question: Who signed for the Union?

Answer: Its international officials—Philip Murray, Van Bittner, Clinton Golden and others—and the local Union heads at the various plants.

Question: Is there no "escape clause" by which either side could end the agreements?

Answer: No. The Union demanded a fixed, long-term contract and got it.

Question: Why did they want a long-term contract?

Answer: In the Union's own words before the War Labor Board, "The Union's request for a termination date of October, 1946, is not made capriciously or pressed here for bargaining purposes. It represents the considered view of the Union that only such a term will adequately serve the needs of stability."

Question: Did the recent strike vote violate the contracts?

Answer: No. Only an actual strike would violate them.

Question: Haven't there been strikes already during the life of the contracts?

Answer: Yes. There were 998 strikes in steel plants during the past year alone. They were mostly local strikes which the Union characterizes as "wildcat," but they meant a big loss in production.

Question: Does the end of the war justify changing the contracts?

Answer: No. The bond was sealed on both sides and should be kept whether times be good or bad. The steel companies are continuing to live up to these agreements. If a strike is called, it will be in clear violation of the existing contracts.

A strike in the face of existing contracts would shatter any confidence in the validity of union agreements in the steel industry.

Hereford And County Trustees Discuss Schools

School problems for this area were reviewed last Thursday night when trustees of all Common School Districts, the Hereford District and the County Board met in a joint session in the County Court room.

The impossibility of continuing under existing conditions was outlined by Hereford officials and a general discussion of alternate possibilities followed. No definite action was taken.

ken, but trustees from districts now served by the Hereford Schools agreed to find out sentiment in their communities regarding possible consolidation. It was also disclosed that the boundaries of any consolidated district which might be created would be set by the County Board under existing laws.
