

## Assertion Draws Quick Denial

# Baby Dies From Hospital Neglect, Parents Charge

A local resident charged Wednesday that a baby died recently because of neglect on the part of local hospital officials to properly diagnose and treat the baby. He said the parents tried unsuccessfully several times to get the child admitted to the hospital.

Hospital officials denied the charges. They said the child had been treated several times at the hospital. Indications were the child was suffering from

dehydration and was uncared for, a hospital spokesman said.

Juan Jimenez reported the alleged incident in a letter to the editor. He said sometime during the first of August, Andres Villarreal, 7-week-old son of Mr. and Mrs. Celestino Villarreal, "got sick and was rushed to Deaf Smith County Hospital where he was refused admission."

He said the nurse at the hospital would not call any doctor

other than Dr. Howard Johnson, who had been treating the patient. He said the parents were also told the baby was not sick enough to be admitted, but the mother thought different and rushed the baby to the Friona hospital where he was admitted because he was dehydrated.

T. E. Seigler, hospital administrator, said the baby was first taken to Deaf Smith County hospital on Sept. 2 when it was 7 weeks old. He said history charts of the child indicate the child was very underfed and was being neglected by the parents.

"The charts say the child was 10 per cent dehydrated and was starving," Seigler said. "When he was admitted, he weighed less than he did at birth."

Seigler said the baby weighed over eight pounds when it was born, but when it was admitted it weighed seven pounds, four and one-half ounces.

Jimenez said the mother and father, after taking the child to Friona, where it was admitted for five days, returned a week later for more treatment.

"When he was told how much the baby's doctor bill would be, the father said that it was too much and they took the baby to Dimmitt," Jimenez said. "The baby was immediately admitted with diarrhea and he was there for 17 days, until Sept. 19."

"He was then sent home for four days but he was again taken to the hospital here on Thursday (Sept. 24) at 5:05 a. m. The parents were charged ten dollars for being in the emergency room only, because the doctor didn't even see them," he said.

Again they were told the baby was not sick enough to be admitted, he said, and to wait until 9 a. m. when the clinic opened and take him there. Jimenez said the family knew the baby was seriously sick so they again rushed him to the Dimmitt hospital where a doctor gave them a slip of paper that was to admit the baby to the hospital here.

"When they got here they were told they would have to wait and see a Hereford doctor because the child could not be admitted with orders from an out-of-town doctor," Jimenez said.

# No Vacancy, Yet, County Finds Out

The county commission sat in silence Wednesday at their special meeting to consider a successor to County Attorney John Alkin.

County Attorney John Alkin and Assistant County Attorney Rex Easterwood both had indicated their resignations would be coming early this week, and the commission had set aside Wednesday to resolve the matter of a new man in the position.

But neither had resigned at the time the commissioners began meeting at 1:20 p. m.

"I have had no word up to this point. Have any of you?" County Judge Williams asked.

"No sir, I haven't," one commissioner answered, and the three other commissioners indicated they had heard nothing either.

They discussed the possibility of talking further about the salary for the job but commissioner Earl Holt said, "If he's not going to resign then we're all just wasting our time."

"I don't think it would be proper to call anyone and ask whether they're resigning," the judge said, and the commissioners agreed.

After the meeting, the commissioners went to Alkin's law office, however, and talked further concerning the matter. They will meet again at 10 a. m. today and are expected to appoint Andy Shuval as county attorney.

Easterwood had been presumed the heir as county attorney until he met with commissioners and told them he would have to have the maximum salary, plus allowances for an assistant and a secretary, before he would take the post. The commissioners also talked with lawyer Andy Shuval about the job.

Wednesday, the possibility of getting an out-of-town man for the post also was advanced.

"You could appoint anybody from out of town (to assistant county attorney) for six months," commissioner Donald Hicks told Judge Williams, "and just let the salary stay what it is. And after six months, he's a legal resident of the county and could be appointed county attorney."

Even if Alkin resigned, he would under law continue to serve until the court accepted it.

"He (Alkin) wouldn't have to serve over here. He could do just like he's been doing," Hicks said, apparently referring to the operation of the office the past month, when Easterwood served as county attorney while

holding the office of assistant county attorney.

"I've thought about that, but he wouldn't want to put it off that long," commissioner Marcus Latham said. "His firm wouldn't be able to handle any cases over here."

Hicks said his understanding was that Alkin wanted out of the job primarily because of the work it required of other members in the Witherspoon, Alkin, Thomas and Langley firms, and this suggestion would free Alkin and his associates from the work of the office.

As it stood when the meeting adjourned, Easterwood apparently will continue functioning as county attorney.

The commissioners talked briefly about the attempts to buy right of way for expansion of U. S. 90 from Hereford to the Castro County line at Summerfield.

The 15 property owners along the highway have been asked to appear with the commissioners next Tuesday or Wednesday, with each of the 15 getting up to 30 minutes for comments concerning the value of their property.

Construction on the widening of the highway to a four-lane facility is expected to start next year, with bids to be let next spring or early next summer.

# City Commission Appoints Paul Hagar Fire Marshal

By MARSHALL DAY  
Staff Writer

Paul Hagar, 22, and a former resident of Hereford, was hired Wednesday to replace Terry Hale as fire marshal following Hale's resignation Sept. 21.

The hiring of Hagar was approved by the city commission during its meeting Monday night and he was contacted Tuesday and began as an employee of the city Wednesday.

Hagar attended high school here before joining the Marines and serving three years. He was discharged from the Marines this year and went to work with Western Electric in Chicago where he was employed for five months before moving back to Hereford.

He is the son of Mr. and Mrs. W. P. "Hap" Hagar, who is a member of the volunteer fire department.

Hale resigned the office last month, just a short time after fire chief Jap Dickerson had tried unsuccessfully to get Hale

dismissed on grounds the equipment was not being kept in adequate working condition.

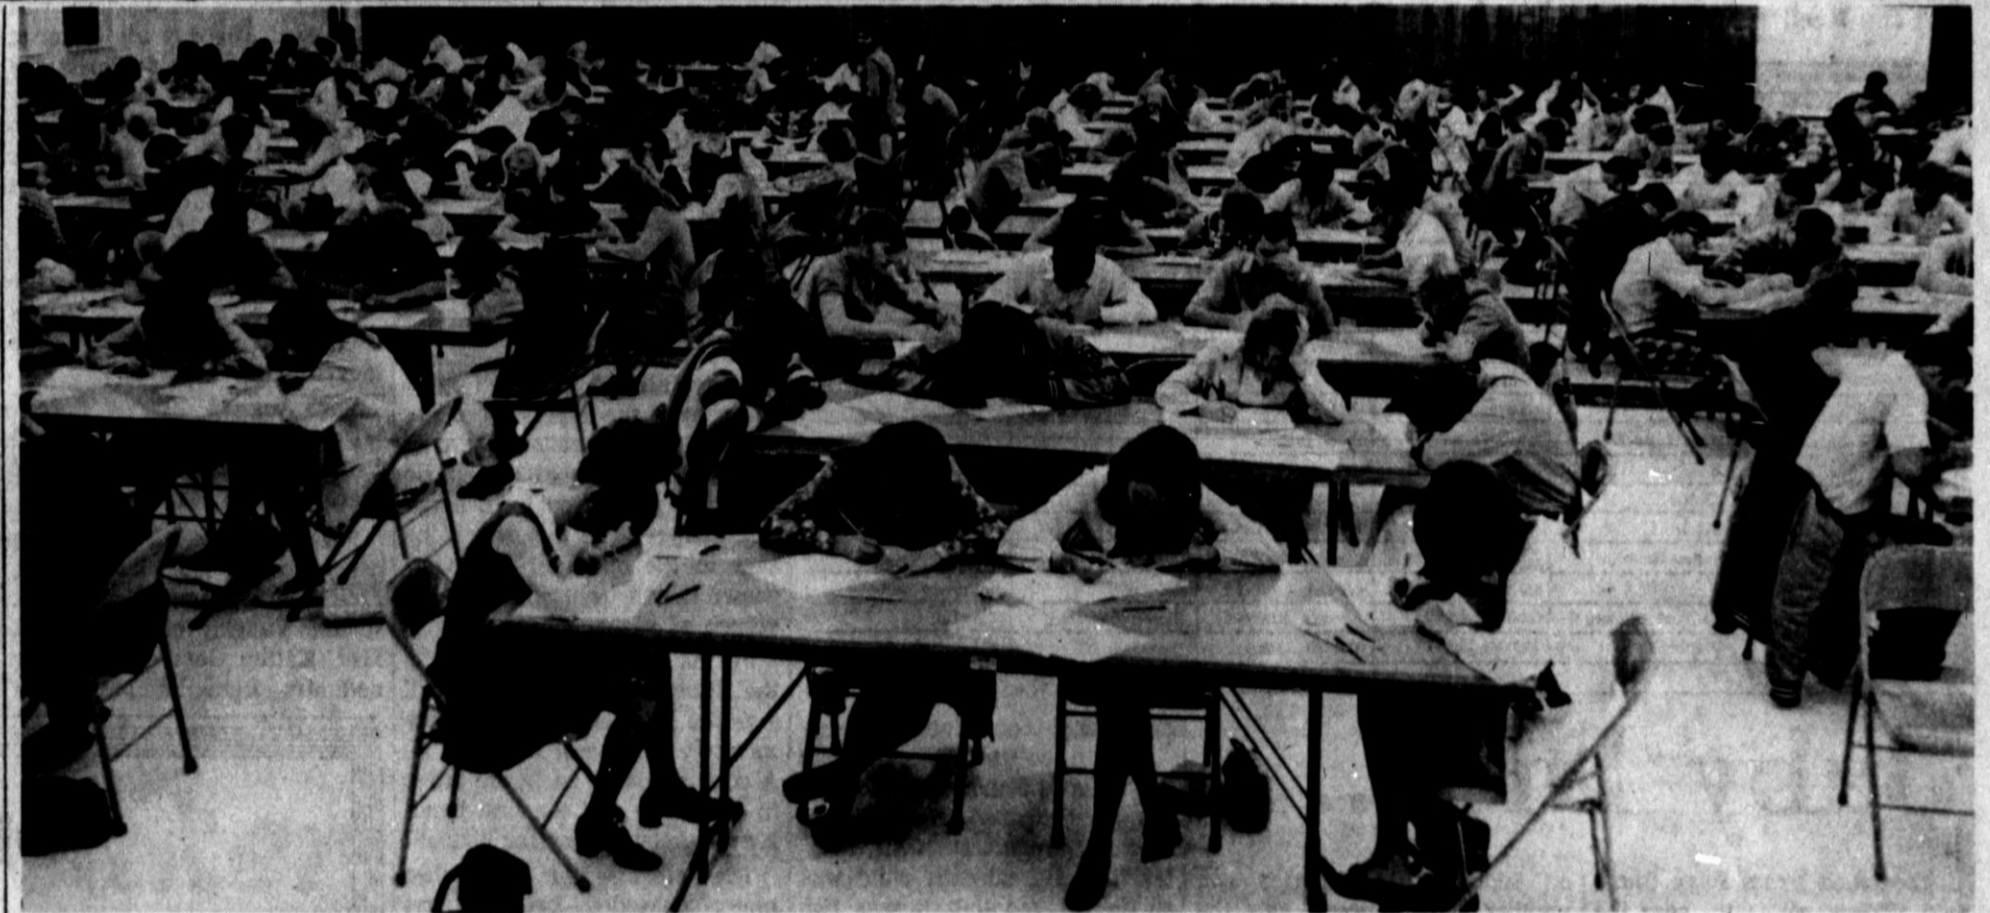

Hale will remain with the fire department to teach Hagar his job as fire marshal, which is expected to be about two weeks.

"Terry will stay for a couple of weeks to break Paul in and we will try to send Paul to a fire truck operators school to get him more acquainted with the operations," City manager Dudley Bayne said.

"If we can get him (Hagar) into a school right away Terry will stay until he gets back, but if we can't Terry will go ahead and leave in a week or two," he said.

The city commission approved the hiring of Hagar after receiving only two applications for the job.

"I don't think we can get anyone who has had the training to work for the salary we are offering," Bayne said during the Monday meeting. "We are one of the lowest

TESTS, TESTS, TESTS! — The senior class at Hereford High School went through the mill this week with a series of tests in the Bull Barn Monday and Tuesday. The tests were to determine aptitude and interest of the students in various areas to aid them in their future planning. —Photo by Betty Koelzer

# Sandies Invade Town Friday

By CHARLES RICHARDS  
News Editor

The Hereford Whitefaces, trying to keep their heads up despite four opening losses, clash here Friday night with the Amarillo Sandies.

The game is set for a 7:30 p. m. kickoff at Whiteface Stadium. Amarillo has a 2-2 record, having beaten Odessa and Plainview and lost to the state's No. 1 team, Wichita Falls, 34-7, and to Lubbock, 23-12.

Hereford coach Larry Wartes this week praised his offense as a good offense, one that is capable of moving the ball well, but said he has sensed a trend toward a defeatist attitude.

"In other words, our kids are not even tied before the game

starts. Our kids are playing behind when the game starts. I don't think Dumar should have beat us. I was disappointed they did. I think our kids' attitude had a lot to do with it."

Just before Wartes made the comment at the Booster Club Monday night, the fans were asked by Earl Stagner to search themselves and see if they had contributed anything to the pessimistic attitude.

"I know we have some people who were saying before the season started that we'd end up 0 and -10, and talk like this always gets back to the kids eventually, and it can't help but affect them," Stagner said. "Maybe some of the things we say to the boys may have indicated we felt that way. We ought to bring

our own attitude up to a winning attitude."

On paper, the Whitefaces look capable of winning. They have in quarterback Mike Wartes and split end Harold Schmucker the pair with the best aerial statistics in either District 3-AAAA or 4-AAAA.

That hasn't escaped the eye of Kenneth Clapp, head coach of the Sandies.

"They look pretty good to me. From what I've seen, they're a dangerous passing team and they've played some real close ball games. The quarterback looks like he does a real good job," Clapp said.

Local fans have taken encouragement from Amarillo's loss to Lubbock two weeks ago and the subsequent loss of Lub-

bock last week to Canyon, which is considered to have a less-potent team than Hereford.

Amarillo will counter with a strong running game headed by 165-pound halfback Lenny Turner and 180-pound fullback Larry Linger. Johnny Warren, Amarillo's quarterback is a good passer and kicker. He scored a touchdown and kicked three extra points in last week's victory over Plainview. Turner has scored three times this year for the Sandies.

At end, the Sandies have David Krill, who was named to the all-district team last year.

Hereford's running game may be hampered somewhat, with standout sophomore halfback Danny Harris on the sidelines. He received a knee injury last week and was kept out of action this week. Harris was taken to Amarillo Monday to have some fluid drained out of his knee and Wartes said he probably will wait until the rest of the fluid is drained out next week before sending Harris back into play.

Alan Wagner and Ricki Ward likely will start at the running backs this week, with Mike Wartes at quarterback and Jeff Loerwald at flanker.

Defensively, more Hereford players probably will see action this week because of sicknesses and injuries. Sophomore linebacker Win Short has a chest injury, and both linebacker Gary Lemons and defensive end Pat Betzen have missed workouts this week because of illness.

"Amarillo will be one of the better teams that we play. They are always strong defensively and tough. They are just going to try to beat you with good

football," Coach Wartes said. Rick Fenlaw, the Sandies' middle linebacker, is the defensive stalwart for the opponents.

Three of Hereford's four losses came by a combined total of 13 points. The Whitefaces overcame a 15-point deficit to rally for a 22-21 lead over Pampa in the fourth quarter before losing, 24-22, on a last-second field goal in the season opener.

Palo Duro romped to a 43-14 victory and Clovis then edged the Herd 20-12, before Lubbock Dumar escaped with a 17-14 triumph last week, after jumping out to an early 17-0 margin.

"I'm disappointed that we haven't won two or three of these games," Wartes said. "The thing that really disappoints me about our losing is that we have a good football team. If we were poor, I could accept the fact that we are 0 and 4. But these kids can do some things. They move the ball good and pass good."

Amarillo will start Krill and Mark Brewer at offensive ends, Danny Wood and Eddy Hartsfield at tackles, Mike Cosgrove and Paul George at guards and Rick Fenlaw at center. Herman Campbell will join Warren, Turner and Linger in the backfield.

Defensively, the Sandies will put up a five-man front consisting of Sears Woods at end, Wood and Hartsfield at tackles, and David Ray and Paul George at guards.

Linger is the linebacker on the side with the end, Fenlaw is middle linebacker, and Brewer is the linebacker away from its defensive end. Krill is the safety, with David Douthit at left halfback and Aaron Gilbreath at right halfback.

# Hereford Hosts European Beet Growers This Week

By MARSHALL DAY  
Staff Writer

A 36-member group of officers and members of various sugar beet grower associations in the common market area of Central Europe will be in Hereford Friday and Saturday to study the sugar beet growing, harvesting and processing in this area.

The group will include 30 men and six women from Switzerland, Germany, France, Spain, Italy, Ireland, the Netherlands and Austria.

The group is a delegation representing the Confédération Internationale Des Betteraviers Européens, or the International Confederation of Europe and Beet Growers.

"SUGAR BEET production in Europe is a very important industry the same as it is in America," said Jay Boston, president of the Texas-New Mexico Sugar Beet Growers Association. "In fact, these countries have been in sugar beet production for many, many years, and much longer than the United States. They produce sugar beets very scientifically, and in fact, they have developed and have used chemicals in disease control several years before the same products have been approved in America."

The stop in Hereford is part of a tour which will include stops in Fargo, N. D., San Francisco, Denver, Amarillo and Washington, D. C. The group will arrive in San Francisco and will make its way to this area by way of Denver.

While in Hereford the group will be hosted at the James Witherspoon home on Friday evening. The group will tour the area and points of interest by bus Saturday, with an old-fashioned farm barbecue noon meal at the farm home of Mr. and Mrs. Virgil Marsh, one of the directors of the Texas-New Mexico Sugar Beet Growers Association.

THE GROUP will be entertained at the Hereford Country Club Saturday evening, and will return to the airport in Amarillo early Sunday morning for the flight to Fargo.

"Each of these countries has controlled production, as well as import and export of sugar, comparable to the Sugar Act under which this country operates, which, of course, makes it a good business for growers in Europe," Boston said.

He said there is no free sugar market as such in these countries, thus assuring a constant supply of sugar at a reasonable price to the consumer very similar to the situation as exists in the United States.

ALTHOUGH THE technologists of the sugar beet industry

throughout the United States and various members of grower organizations have gone to Europe a number of times in recent years to study the European methods of producing and harvesting sugar beets and marketing beet sugar, this is the first time these European organizations have as a group visited the United States.

The trip to this area is a result of a recent visit by J. Louwes of the Netherlands who was so impressed with this area he recommended the group make Hereford one of the stops on its tour.

This area's cattle feeding operations will also be a highlight of the tour.

# Special Education Gets Boost Through New Federal Money

Area schools will receive a big impetus to their special education programs this year through the federal government's \$1.1 million grant to the 30 regional education service centers in Texas.

Hereford Supt. Roy Hartman said the new money thrown into the program will be of considerable benefit to the local school system, although Hereford already has a many-faceted special education set-up.

"It won't help us as much as it will Dimmitt, Friona and other schools in this area, of course," Hartman said, "because we already have 21 units of special education, a director and a counselor."

ford operates under, will receive \$55,000 to work out details of how to find and diagnose handicapped children in its own region, decide the types of classroom materials they need and then supply them, and offer necessary and other consultative services.

"We can get these diagnostic services that we've never been able to get before, over and above what we can offer," said Jim Holmes, director of special education in Hereford.

"It also will provide in-service training and workshops for all of our special education teachers and counselors. Our teachers will be able to go over and work with them in each of their specific areas," Holmes added.

The latest federal money is the newest in a four-year series of "seed money" federal grants under the Elementary and Secondary Education Act.

The federal government approved the grants after watching programs such as the one at Hereford over a period of several years and finding them to be workable and desirable.

Special education, which at one time was limited to work with the mentally retarded, covers many other areas now.

Among the classes in Hereford's special education program, for example, are those for the hard of hearing, the emotionally disturbed, pregnant students, the partially sighted and a number of other areas.

Soybean Assn. Sets Up Office In Plainview

The Texas Soybean Association has established its new office in Plainview as a result of the recently approved self assessment referendum passed by soybean growers in 23 surrounding counties.

The new office is located at 2700 Yonders in Plainview and all the monies received from the producer by the handler will be sent to the new office each month.

The referendum, passed by 86 per cent of the soybean producers in the area, calls for a one-half cent per bushel charge on soybeans purchased by a handling agency. The money will be sent to the office in Plainview where it will be used in the research of soybean production.

Forms will be furnished by the Plainview office that will give the producer a copy of how much he is assessed each load. A copy will also go to the office in Plainview and the first handler will keep a copy for himself.

These forms and any other material needed by the first handlers can be obtained from the soybean board in Plainview or by calling Area Code 806-293-3806 in Plainview.

homes or repair and remodeling of existing homes. Of the 26 permits, all were for home improvements except one for moving in a mobile home, one for adding to the County Club building, and one for moving in a home.

The largest permit issued during September was for the construction of a home in the amount of \$25,000. Another for the construction of a home was in the amount of \$22,500 and another for \$21,000.

The largest permit issued in August was for \$85,000 for the construction of a building for Pioneer Natural Gas.

Mrs. Chesser's Funeral Is Held Here Tuesday

The funeral of Mrs. Henry Chesser, 70, of 311 Western, was conducted Tuesday afternoon at Central Church of Christ, of which she was a member, by the minister, J. T. Marlin. Burial in West Park Cemetery was directed by Gilliland Funeral Home.

Mrs. Chesser died Sunday morning at a local hospital. She had been a resident of this county since 1947, when she moved from Oklahoma.

Born Aug. 14, 1900, at Forestburg, she was Ruby Pearl Freeman before her marriage there Sept. 17, 1916.

Surviving Mrs. Chesser are her husband; four daughters, Mrs. Bonnie Campbell and Mrs. Rhoda Vaughn of Hereford, Mrs. Kately Gess of Phoenix and Mrs. Buna Kirkpatrick of

Marietta, Okla.; two sons, J.B. Chesser of Dumas and Flake Chesser of Castine, Maine; 15 grandchildren and four great-grandchildren.

Rites Conducted At Amarillo For Woman, 79

Funeral services for Mrs. Crete Marie Trulove, 79, a resident of Kings Manor, were conducted Wednesday afternoon at graveside in Llano Cemetery of Amarillo by Dr. Walter Browers, pastor of Park Street United Methodist Church, Amarillo.

Mrs. Trulove died in Deaf Smith County Hospital Tuesday morning. Local arrangements for her funeral were in charge of Gilliland Funeral Home.

Her family has requested that memorials go to Kings Manor retirement home here. A resident of Amarillo since

Funeral Rites To Be Arranged For F. A. Phifer

Funeral arrangements for Forest Alonzo (Lonnie) Phifer, 59, of 427 Ave. I, are pending at Gilliland Funeral Home. Mr. Phifer died in Deaf Smith County Hospital late Tuesday after a short illness.

He was born at Hamlin Apr. 30, 1911, and came to Deaf Smith County in 1950 from Crosbyton. He married Izell Dempsey Dec. 7, 1964, at Clovis, N. M. He is survived by his wife;

1922, she was a native of Iowa and the widow of Otis Trulove, who died in 1954.

Survivors are three daughters, Mrs. E. D. Lamb and Mrs. Simon Williamson of Amarillo and Mrs. Ora Sorrenti of Farmington, N.M.; two sons, James of Tyler and Lawrence of Shreveport, La.

five daughters, Mrs. Nelda Ashford of O'Donnell, Mrs. Martha Fowler and Mrs. Leottie Born of Lubbock, Mrs. Sue Caster of Amarillo and Mrs. Carroll Baker of Atlanta, Ga.; and a son, Donald H. Phifer of Gordon, Conn.

Also surviving are four sisters, Mrs. Anna Dean of Artesia, N.M., Mrs. Ollie Eldridge of McAdoo, Mrs. Onie Macon of Levelland and Mrs. Beulah Woodford of Roswell; three brothers, Emmett of McAdoo, Willie of Lubbock and Leslie of El Paso; and 16 grandchildren.

FAMILY GRADUATION

FORT COLLINS, Colo. — Both Mrs. Robert J. Kelly and her son James, one of her nine children, received their high school diplomas this spring. Mrs. Kelly, 40, said she had to drop out of high school after her father died. Then she decided to take advantage of the adult completion programs in the schools.

Baby Dies...

Continued From Page One  
said. "They went to see the sheriff to see what they could do for them, but they didn't get anywhere. They were again told to wait until 9 a. m. when the clinic opened."

He said the parents went back to Dimmitt and the doctor sent them to the Migrant Health Clinic there. The nurse called the Public Health Clinic in Hereford and she was told the office would accept the child, Jiminez added.

"When they returned to Hereford the doctor was waiting for them and he started cursing them out. He told them they deserved to be put in jail for not taking care of the baby," Jiminez said. "But after all that he had said, the parents took the baby back to Dimmitt where the baby died Sunday (Sept. 27) at 5:05 a. m."

Seigler said the family had another child who had suffered from about the same problems of being underfed and not properly cared for.

on Sept. 19 Dr. Johnson and another Doctor went into the room and showed the parents how to feed and take care of the baby. They didn't even know how to do this properly."

He said on the morning of Sept. 24 the parents came back to the hospital to the emergency room and wanted to see Dr. Johnson. Dr. Johnson was out of town so the hospital called Dr. Ken Hunt but the parents took the child to Dimmitt and got a note from the doctor there that they thought would admit the child to the hospital here.

"Because of state law that says we can't admit a patient without approval of one of our own doctors here, we did not admit the child right away and the parents got mad and took him back to Dimmitt," Seigler said.

Seigler said the parents only came to see the child two or three times during the period he was in the hospital, according to nurses, and when the child was dismissed, they sent a sister to pick him up instead

of coming themselves. During the time the child was in the hospital here, the doctors gave it shots for polio and diphtheria and ran tests on it, Seigler said. He said the child was so dehydrated that it was two days after he was admitted before doctors could get a urine specimen.

He said the hospital spent \$725 for caring for the child, all of which probably will be charged off to charity since the parent said they could not pay.

City Grants Building Permits For \$335,300

The number of building permits issued and the total investment for the month of September were down by almost \$100,000 from the month of August.

During September, 28 permits were issued for a total investment of \$335,300 as compared to August total of \$420,735 in 32 permits.

Last month, of the \$335,300 spent on construction, \$318,900 was for either the erection of

Our invitation  
to you...

An invitation from Mayor James H. Sears Jr. and City Commissioners Bartley Dowell, Troy Carmichael, Rowland Barton, and H. A. Cavness, invite you to the open house of the new fire station to be held by members of the volunteer fire department and their wives.

The open house and public inspection of new fire equipment will be Saturday and Sunday, October 10 and 11, 1970. Everyone is welcome.

**ECUMENICAL CELEBRATION** — St. Anthony's parishioners honored both their expastor and new pastor Sunday with an ecumenical concelebrated Mass at noon. Rev. Fred Howard of St. Thomas Episcopal Church delivered the sermon of farewell and welcome.

**CONCELEBRATED SERVICE** — The four priests conducting the ritual were (left to right) Father Aedan Davis, associate pastor, Father Simeon Heine, retiring pastor, Father Boniface Riedmann, newly appointed pastor, and Father Michael Graham, associate pastor. Rev. Fred Howard is shown in the foreground. Students of the parochial school created the banners that decorated the church, and sang folk hymns during the service.

**DINNER-RECEPTION** — More than 500 persons attended the mid-day reception in the school. Ecumenical friends from throughout the city were on hand to greet the two priests at the affair hosted by the Parish Council of Catholic Women. Father Simeon is leaving today for his new assignment at Graymoor in New York. —Photos by Betty Koelzer

## Carol Dyer Takes Sunset Honors

Carol Dyer rolled 39 pins over her average to take bowler of the week tokens in Sunset Keglers play this week.

She also rolled a 547 for high individual series and a 213 for the high individual game.

Team No. 2 rolled a 2731 for high team series and H&H Sporting Goods had the high team game with a score of 642.

Converting splits were Helen Arntt, 2-5-7; Betty Kelley, 3-10; Betty Rusher, 4-5-7; Carol Dyer, 5-4; and Doris Wilson, 1-7.

In league play Lone Star Agency won three from the Cypress Sippers; Clarks House of Flowers dropped four to Team No. 2; Hereford Welding dropped three to Panis Cage; and H&H Sporting Goods won three from Team No. 4.

Team No. 2 leads the league with a 14-2 record followed by Lone Star Agency, 12½-3½; Panis Cage, 12-4; H&H Sporting Goods, 12-4; Cypress Sippers 5-11; Clarks House of Flowers, 4-12; Hereford Welding, 3-13; and Team No. 4, 1½-14½.

### NOTICE

is hereby given that application was made on the 21st day of July, 1970, by the Western Union Telegraph Company to the Federal Communications Commission to close the telegraph office located at 111 West Third, Hereford, Texas, and to provide services from Chateau Inn, 502 West First, Hereford, Texas, which therefore will be the office of the telegraph company. If the application is granted, entirely adequate and satisfactory counter and telephone acceptance and counter and physical delivery service will continue to be available from 8AM to 10PM Monday through Sunday through Chateau Inn, 502 West First, Hereford, Texas. Telephone delivery service will also be provided, at no added cost to the public, through the Western Union office at Dallas, Texas, which observes "Always Open" hours Monday through Sunday. Any member of the public desiring to protest or support the closing of this office may communicate in writing with the Federal Communications Commission, Washington, D. C. 20554, on or OCTOBER 28, 1970.

## Terry Hill Wins Contest And \$20 On Tie-Breaker

Four persons tied for first place with 17 correct selections out of the 20-game card in the Brand's fourth weekly football contest last week, but Terry Hill copped the \$20 top prize by coming closest on the tie-breaker.

Terry, whose wife Jeanette tied for first two weeks ago

and fell to second place on the tie-breaker, predicted a 21-14 Dunbar victory over Hereford, four points off the true 17-14 outcome.

He missed San Angelo's upset of Abilene Cooper, Canyon's victory over Lubbock and the St. Louis' Cardinals' triumph

over the Dallas Cowboys.

Dave Hopper and Carol Bryant of Hereford and Chris Hodges of Vega also predicted 17 correctly. Hopper picked Hereford to win, 20-13, and was 10 off the tie-breaker, taking the second place money of \$10. Carol (Dunbar 28-14) and Chris (Dunbar 28-14) both were 11 points off the tie-breaker and won \$3.50 each sharing the \$5 third prize.

Dave, besides missing the Hereford game, went down with Abilene Cooper and Lubbock. Carol incorrectly picked Lubbock, Abilene Cooper and Monahan, and Chris went down with Cooper, Happy and the Cowboys.

Twenty-one persons were a shade back with four misses.

Last week's results:

Lubbock Dunbar 17 Hereford 14, Canyon 16 Lubbock 12, Lubbock Coronado 15, Lubbock Estacado 14, Amarillo 23 Painview 0, Lubbock Monterey 28 Amarillo Tascosa 21, Farwell 80 Hart 7, Vega 54 Kress 24, San Angelo 13 Abilene Cooper 3, Muleshoe 34 Boys Ranch 27, Bovina 21 Happy 0, Hobbs 14 Monahan 0, Olton 35 Friona 7, Amarillo Palo Duro 38 Wichita Falls Rider 24, Floydada 35 Dimmitt 16, Abilene 14, Big Spring 7, Texas Tech 63 Santa Barbara 21, Texas 20 UCLA 17, Mississippi 48 Alabama 23, St. Louis Cardinals 20 Dallas Cowboys 7,

Houston Oilers 20 Cincinnati Bengals 13.

Marshall Day led the Brand's quartet of prognosticators with 15 right and 5 wrong. Charles Richard was 14-6, Jay Spain 13-7 and Lynn Brisendine 12-8.

Jim Loerwald, a Sul Ross student, retained the lead in the season-long competition for two Cotton Bowl tickets. He has picked 59 games correctly over the four weeks, three ahead of four others who have 56. One Cotton Bowl ticket goes to the second place and one to the third place predictor over the season.

Behind Loerwald are: 56 — Carol Bryant, S. T. Loerwald, Ronnie Roberts, Mary Shelton.

55 — Waldo Baxter, Butch Casey, Trinidad Gomez Jr., Terry Hill, George Loerwald, Jeff Loerwald, Dorothy Mercer, Joe Williamson.

54 — Jim Arney, Zula Arney, John David Bryant, David Dowell, Jimmy Howell, Mal Manchee, Pat Manchee, James Mercer, Dallas Phillips, Leland

Shelton, Curt Weyerman, 53 — Greg Albracht, Jim Clark, Marie Loerwald, Mrs. Taft McGee, Roger McQuigg, Clyde Schmer.

52 — Roy Gosnell, Joan Hopper, E. H. Loerwald, Fern Schmer.

51 — Mrs. Cawthon Bryant, B. F. Cain, Wayne Fuller, Ernest Gilmore, Dave Hopper, Leon McCutcheon, Ed Schroeter.

50 — Mrs. Barry Arwine, W. C. Beene, Cawthon Bryant, Max Goforth, Raymond Lueb, Irene McKinster, Gregg Richards, Mrs. A. J. Schroeder, Gilbert Sims, L. V. Watts.

Entry blanks are in both the Sunday and Thursday Brand. Entries are limited to one per person. The tie-breaker on the Hereford game each week is used to break a deadlock for any of the top three positions. Entries must be presented in the Brand office or mailed to Football Contest, Hereford Brand, P. O. Box 673, Hereford, by 5 p. m. on Friday the week of the contest.

## Top '68 Student Still Flying High

Jerry Kendrick, valedictorian of the 1968 graduating class at Hereford High School and now an employe of the Arlington police department, seems to enjoy being 3,500 feet in the air traveling at 120 miles per hour without an airplane to get to his destination.

Kendrick, in his year at the University of Texas at Arlington, has taken up the hobby of skydiving and has nothing but praise for the new-found sport.

"Skydiving is a rapidly growing sport, increasing its membership by about 12 per cent each year, with something like 30,000 members already," he said in a letter to his mother recently.

He said contrary to popular opinion, it is also a very safe sport "if you want to make it that way." He said there are different types of parachutes available, with some safer than others.

Generally speaking the parachutes with the highest rate of malfunction are also the most fun to fly and the most accurate. Surplus chutes and commercial chutes patterned after them have excellent safety records but are less maneuverable than their riskier cousins, he said.

"During free fall, the skydiver attains a terminal velocity of approximately 120 miles per hour and the opening shock is usually mild thanks to the use of a sleeve that fits over the canopy and slows its inflation

during opening so that the jumper is not stopped too abruptly," Kendrick said.

Reserve Parachutes do not have this feature to allow for immediate opening and their opening shock is considerable at terminal velocity. The rate of descent under a full canopy also varies from parachute to parachute and also upon the weight of the jumper and the wind, as well as the humidity to a certain extent.

He said malfunctions are not inevitably fatal as most people think. Indeed, he said, malfunctions are accepted as a natural companion of the sport and most experienced jumpers aren't worried about them.

"Modern parachutes are pretty steerable, and it's unusual for a jumper to find himself in a situation that he can't fly away from trees, fences, etc.," he said. "Surplus parachutes modified for commercial jumping have a forward speed of six to 10 miles per hour and commercial chutes may have a forward speed of up to 20 miles per hour.

"Any wind of course increases their forward speed," he said. Kendrick was recently commended for his work in computer training. The commendation said, though it is unusual for a student of one month to receive commendation, the instructor felt Kendrick deserved mention.

"Jerry has learned police computer format and teletype procedure very quickly and even though he has had prior computer experience, which has been an asset, he has demonstrated the ability to learn quickly and remember what he has been taught," said Lt. Noel E. Pryor, director of research and development at the school Kendrick is attending.

Kendrick is the son of Mrs. A. E. Cummins of 431 McKinley.

# Schmucker Keeps District Receiving Leadership

**RANDY AND RICK** — Rick Fangman, senior defensive guard from Hereford, talks with West Texas State University head football coach Joe Kerbel, center, and world shot put record holder Randy Matson, who is executive secretary of the Buffalo Club, a fund raising organization at West Texas State. —WTSU Photo

Harold Schmucker's three receptions against Dunbar kept him atop District 4-AAAA pass-catchers through the first four weeks of play.

Schmucker now has 12 receptions for 156 yards—an average of 13 yards per catch—for one touchdown as the mid-point of the season approaches.

He is closely pressed by Lubbock's Duane Sarten and Coronado's Joe Byrne. Sarten has caught 11 and Byrne 10, both for 147 yards.

Mike Wartes, in completing 12 of 21 last week for 155 yards, kept his leadership in both number of completions and total yards, although three others in the district have a higher percentage of completions.

The Hereford quarterback now has 32 completions in 67 passes for 441 yards, with two interceptions. His last week's play earned him accolades as the Brand's Offensive Player of the Week.

Besides his 12 completions to Schmucker, Wartes also has hooked up with John Sparks seven times for 76 yards, enough to put Sparks into fourth place in receiving statistics.

Charles Black, with 19 tackles against Dunbar, moved into fourth place in that category. He now has 54 for the year, trailing the 68 of leader Brooks West of Lubbock High. Gary Lemons is fifth with 53, Bruce

Batley seventh with 45, and Eugene Suttle and Dan Gorman are tied for 15th with 32.

Batley had 16 tackles against Dunbar, a performance that earned him Defensive Player of the Week. Gorman had 13, Sparks 12, Lemons 8, Monty Smith 7, David Campos 6, Win Short 6, Suttle 6, Steve Clark 5, Alan Ralley 4, Danny Charest 4, Ralph Waits 3, Pat Betzen 2, Jeff Loerwald 1, Ward 1, Chris Dzulak 1, Gonzales 1, Alvaro Cano 1, David Collins 1, Donny McDermitt 1 and Mike Emerson 1.

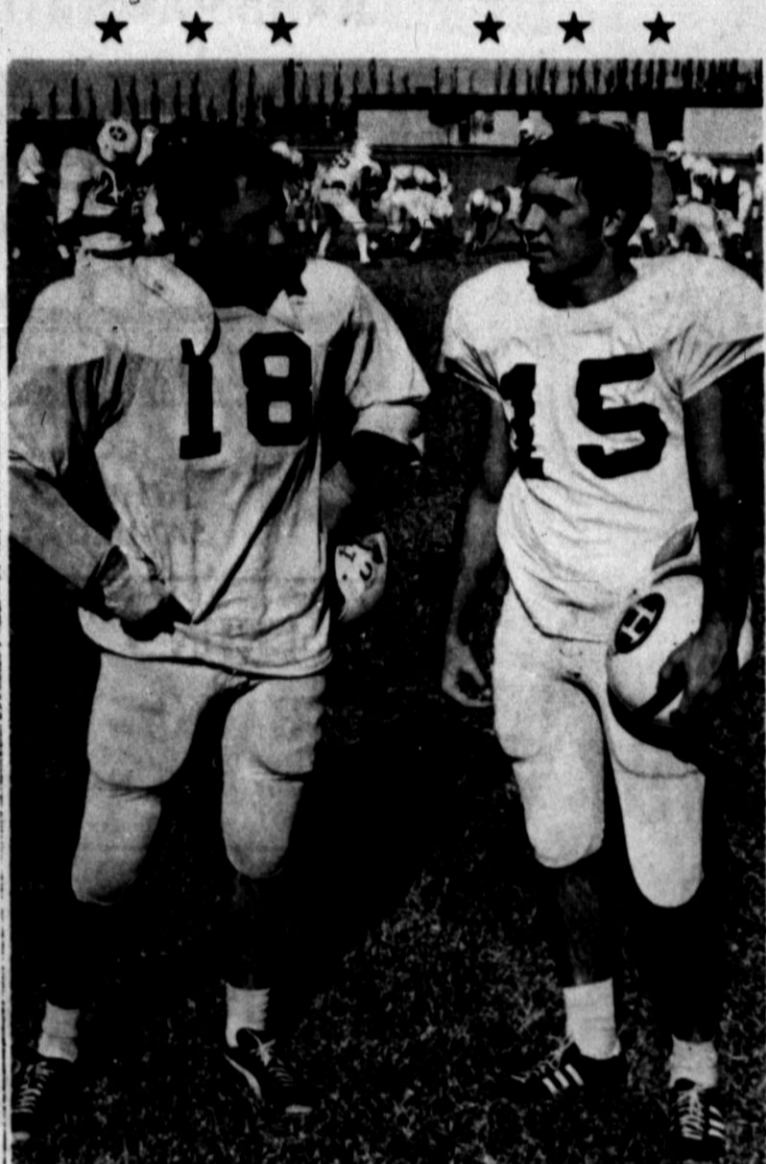

Suttle led Hereford last week in downfield blocks with 4; followed by Campos, Cano and McDermitt with 2; and Black, Clark, Wagner, Harris, Fidel Virgil, Collins, Gonzales and Ward with 1.

Alan Wagner is third in punt-

ing with a 34.7 yard average in 15 punts. Rudy Gonzales is in a three-way tie for third in interceptions with 2.

The only Whiteface player among the top 12 in rushing is Ricki Ward, who has 137 yards, good for 11th place. Wagner is

fourth in scoring with 20 points and Danny Harris is seventh with 16. The leading scorer is Coronado's Charlie Carpenter who has 30 points. Carpenter also is the leading rusher with 353 yards and five touchdowns in four games.

**PLAYERS OF WEEK** — Bruce Batley, left, and Mike Wartes are the Hereford Brand's Players of the Week for their play against Lubbock Dunbar last week. Batley made 16 tackles and Wartes threw six straight completions, including one for a touchdown, in a 12-for-21 night that netted 155 yards passing. Batley was named as Defensive Player of the Week and Wartes as Offensive Player of the Week.

# Texas Over Sooners By 23, Poll Says

Two of the top show-downs of the 1970 football season are highlights of Saturday's schedule. One game is in the Midwest, the other in the Far West. Seventeenth-ranked Stanford squares off against fourth-ranked Southern Cal. The Trojans, out after an unprecedented fifth straight Rose Bowl appearance, will probably give the Indians of Stanford-land a fit again this year. The difference: Southern Cal by 19.

In another big game, once-titled Nebraska, No. 6 in the nation, goes against once-beaten Missouri, rated 13th. This little bit of football dynamite will go off in Lincoln, and the tea leaves spell out a big win for Nebraska over Missouri by four points.

It doesn't look as though the three top-ranked football teams in the Harmon Rankings are in for any unusual trouble Saturday. It's quite a coincidence that at various times in past years, each of these three games has been billed as one of the feature games of the season.

Not so this year. No. 1 team Ohio State will smother Michigan State a bit... the spread is 34 points. Texas No. 2, will sink the sooners of Oklahoma by 23, and No. 3 Notre Dame will blitz the Army by 42 points.

The Cyclones of Iowa State are undefeated, and the Green Wave of Tulane is proud of a 3-1 record to date. However, it looks as though both bubbles will burst. The Cyclones run into Buffaloes, and the Wave will find Falcons in their hair. Tenth-ranked Colorado will stop Iowa State by 14 points, and eighth-ranked Air Force will defeat Tulane by eighteen points.

Seventh-ranked Auburn will stay on the victory trail, beating Clemson by 32. Michigan No. 14, will battle Purdue in a feature attraction in the Big Ten. The Bollermakers slipped back into the Top 20 this week — they're No. 19. The Wolverines are favored by five points.

Trouble may hit the Vols of Tennessee. Rated 11th, once-beaten Tennessee bumps heads with unbeaten, 18th-ranked Georgia Tech. It looks like defeat No. 1 for the YellowJackets, but it'll be a tough one... the Volunteers by just 11 points.

Georgia may be unranked, but Mississippi, rated fifth, could run into a real Bulldog. Penn. Georgia has lost two games by a total of just four points, and will be a 17-point underdog to the Rebels.

Finally, offense-minded Arizona State, No. 9, will whip Washington State by 37 points.

**SAFETY**  
**MELBOURNE, Australia** — All police in Victoria state have been instructed to wear seat belts at all times in police cars.

**REPLACE LAW**  
**GREEN MOUNTAIN FALLS, Colo.** — Residents of Green Mountain Falls, a mountain community west of Colorado Springs, voted this year to repeal an anti-liquor law that had stood on the books for 80 years.

# Sandies Will Upend Herd By 19 Points, System Says

Amarillo over Hereford by 19? There are those in Hereford who would argue, but that's the way the statewide Harris High School Football Rankings put the game this week.

The system also picks Borger to beat Plainview by 7, Lubbock over Caprock by 5, Coronado over Palo Duro by 1, Dimmitt over Friona by 17, Pampa over Canyon by 10, and Vega over Sudan by 13.

With the Whitefaces' four consecutive losses to open the season, the raters dropped the team to 172nd among the state's 219 Class AAAA teams with a power rating of 113.3.

Amarillo is rated No. 51, with a power rating of 132.7. According to the system, Amarillo will play 19.4 points better than Hereford this weekend.

Elsewhere in District 4-AAAA Monterey is rated at a lofty No. 15 position in the state. Odessa Permian and Abilene Cooper both are ranked in the top 10.

Here are the rankings:

- CLASS AAAA**
1. Wichita Falls 158.9
  2. Odessa Permian 155.3
  3. PA Jefferson 147.3
  4. Killen 147.3
  5. Abilene Cooper 146.9
  6. Beaumont Hebert 146.3
  7. Austin Reagan 146.3
  8. Baytown Lee 143.5
  9. SA Lee 142.4
  10. Greenville 142.3
- Also, 15. Monterey 140.6, 16. San Angelo 140.3, 37. Midland 136.1, 40. Abilene 135.3, 41. Coronado 135.1, 46. Palo Duro 134.0, 50. Tascosa 133.0, 51. Amarillo 132.7, 63. Big Spring 127.0, 86. **FOOD SPOILAGE**  
**NEW YORK** — Poor harvesting methods and spoilage of wheat is harvested because of lack of refrigeration and inadequate transportation contributes to wastage of at least 60 percent of the food produced in underdeveloped countries, according to R. L. Tyler, president of Tyler Refrigeration of Clark Equipment Co., Niles, Mich.

**PROVIDING FUNDS**  
**FRANKFORT, Ky.** — The state administration is providing \$500,000 to 30 local school districts whose property tax assessments won't provide enough operating money under the Minimum Foundation program.

**Warm, Fresh Air**

... direct from the manufacturer

Natural gas is the healthiest, most economical way to heat your house this winter. Gas is economical because it's the direct way to produce heat — you don't pay to convert heat to another energy source and then back to heat. And with gas you can afford to bring clean outside air into your home this winter instead of having to re-heat the same old stale air time after time.

So, if you're building or remodeling, be sure to specify gas heating. Gas is the "natural" fuel. It's like buying direct from the manufacturer. Call your heating contractor, plumber, or Pioneer Natural Gas.

**PIONEER NATURAL GAS COMPANY**

**GUARANTEED FRESHER OR DOUBLE YOUR MONEY BACK**

We know Plains Milk is fresh. To prove this to you we're offering to give you double your money back if you don't agree. Freshness is the key to high quality and we want you to know the difference that freshness makes.

Plains has been serving Hereford for 20 years and now has a branch plant in Hereford to assure their customers the freshest products possible.

# Gorman, Tech Picadors Play Arkansas Shoats

Hereford's Tony Gorman is listed as a defensive starter for the Texas Tech freshmen in their football game tonight against the Arkansas Shoats in Little Rock.

defensive tackle position in the Picadors' first and only game of the season, a 55-7 victory over New Mexico Military Institute.

team also started impressively, with a 30-6 victory over the SMU Ponies.

ies, 9-3. Last year the Shoats won 23-22 with Picador place kicker Dickie Ingram just missing a 55 yard field goal on the last play of the game.

## Luella Dool Is Bowler Of Week

Luella Dool, with 41 pins over her average, was named Bowler of the Week in Kings and Queens Bowling play recently.

Emile Dettman won High game scratch with a 213 and also took the high series handicap with a 688. Alice Lueh was the winner of the high game scratch with a 190 score and Luella Dool had a high series handicap with 652.

Bob's Barbecue had the high team game with 844 and the high team series with 2438.

In play last week, Bob's Barbecue took four from Hereford Janitors; Big Daddy's Restaurant won three from the Elks; Team No. 8 won three from

Reeve's Chevrolet; and Circle Three split two and two with Vance Hall Sporting Goods.

Picking up splits were Stella Varner, the 5-7; Bob Brooks, 3-8; Wilma Clark, 3-10; L. J. Clark, 5-10; Eleanor Hudspeth, 5-10; Luella Dool, 2-9 and 5-10; and Emil Dettman, 3-10 and 3-7-10.

Team standings show Bob's Barbecue with 7-1; Big Daddy's Restaurant, 6-2; Team No. 8, 6-2; Circle Three, 4-4; Hereford Janitor Supply 3-5; Vance Hall Sporting Goods, 2-6; Elks 2-8; and Reeve's Chevrolet 2-6.

The chateau, Chinon, in the Loire Valley in France, is supposedly where Joan of Arc won the king's confidence and support, and then went on to save besieged Orleans to become France's foremost heroine.

**CARD OF THANKS**

## West Texas Tries Northern Illinois There Saturday

CANYON, West Texas State University's Buffaloes pushed their football season record above the .500 mark Saturday night by downing an inspired East Carolina team, 42-30.

The Buffaloes took a 28-9 half-time lead and then held on for their lives when the East Carolina offense exploded for 21 points in the second half. The Pirates of coach Mike McGee had scored only two points during their first three outings of the season.

West Texas struck from long range for its scoring Saturday night. Ralph Anderson returned the game's first punt 66 yards for the opening score. Ed Holwig tossed a 31-yard scoring strike to Olan Thompson and Robert Jackson skirted end for 38 yards to provide the Buffs' opening three scores.

As East Carolina stacked its defense against the Buffalo rushing game, Ed Holwig picked the defense with his passing. The 6-4, 215-pound sophomore hit on nine of 14 passes for 141

yards and had no interceptions. Three of his passes were dropped by intended receivers.

Coach Joe Kerbel's Buffaloes journey to DeKalb, Ill., this Saturday to play the Northern Illinois University Huskies. Northern Illinois has a 1-3 season record, while the Buffaloes are 2-1.

The Huskies have fallen to powerful San Diego State, University of Montana and Miami of Ohio. They ripped Xavier, 18-0.

Halfback Ralph "Rocky" Thompson picked up 87 yards Saturday night against East Carolina to bring his three game season rushing total to 336 yards. He tallied one touchdown to up his total to six for the year.

Holwig's good passing night topped his season totals to 46 attempted, 25 completed, 379 yards gained and three touchdowns. He has suffered three interceptions.

Daryl Wynn leads the Buffaloes pass receivers with nine caught for 147 yards. Flanker Robert Jackson, who had four receptions Saturday night, has seven for 158 yards and one score.

Sophomore John Grigaby punted for a 40.1-yard average Saturday to increase his season's mark 39.2.

Freshman coach Jess Stiles was encouraged with the Picadors' victory, but said, "New Mexico did not have a real strong team. We made plenty of mistakes, and we have plenty of room for improvement. We will have to play better this week against Arkansas than we did against New Mexico if we expect to win."

Stiles will go with high school All-American Jimmy Carmichael at quarterback. Against the Broncos, he completed nine passes in 18 attempts for 213 yards and three touchdowns. Tight end Andre Tiltman hauled down three of the aeri-als with one going for a score.

"I was real impressed with the way Jimmy played, but you just can't overlook Joe Barnes. He did just about everything one player could do in a game," said Stiles. Barnes started the game at strong safety before moving to quarterback and offensive halfback. He ran back a punt 71 yards for a touchdown and he caught a 15 yard pass from Carmichael for his second score.

Although the Shoats are somewhat an unknown quantity to Stiles, he does know that their offense is spearheaded by two Dallas, Texas, recruits. Pete Tolley, Dallas Jefferson, and Dickie Morton, Dallas Kimball, led the Arkansas freshmen in their initial win. Tolley is the quarterback and Morton is a runningback.

Starting along with Carmichael in the Picador backfield will be running backs John Garner, San Antonio MacArthur, James Mosely, Lubbock Estacado, and flanker, Calvin Jones, Mount Pleasant.

The Picador-Shoat series began in 1958 with the Shoats taking a 33-0 win. Since then the teams have met 11 more times with Arkansas leading the series, 9-3.

# —Small Talk—

By SUE COLEMAN  
Women's Editor

That was a very fine vacation trip I've just had, but too short as usual.

HOWEVER, THERE WAS time to see the fall beauties of mountain country in southern Colorado and northern New Mexico, and people who are saying the leaf colors are not up to par this year just haven't been in the right places at their right times.

If I said the aspen color is at its peak right now, travelers this weekend might get to the same spots and find it not so good, so my recommendation will be tempered; last weekend there was a magnificent show. Also, there was a lot of aspen with leaves still green, especially around the Santa Fe-Red River area, but of course a sudden freeze could hit them and they could just be dead without turning yellow I suppose.

THE ROUTE ATHA McIver and I took last Saturday not only unfolded a continuously beautiful display of aspen, but blending colors of reds, golds and browns in underbrush — sometimes there were whole hillsides carpeted with the brush.

That was an unexpected color bonus; we had never seen

anything like it in the mountains. In places the cottonwoods and willows in valleys along the rivers were resplendent also, but in most places they were just beginning to turn and offered only spots of yellow.

We took a road across Colorado recommended to us by the Jay Spain family which traveled it on an earlier trip — and

we felt sorry for them all along the way because they weren't seeing it as we did, with all the color. It must have been striking enough with just the varied shades of green.

THE PAVED ROAD turns off the Raton-Denver highway at Colorado City, just past Walsenburg, and goes across to Ca-

non City through the picturesque little town of Rye, where the traveler should turn a square corner and go through the town proper instead of cutting across by the good-looking new schools.

Since that part of Colorado was all new to me I got my first sight of the Royal Gorge. Everyone says it is simply indescrib-

able so you're not going to catch me trying to describe it.

WE WERE JUST happy that we weren't there in the height of the tourist season, as we had plenty of opportunity to look at the canyon and the river and the other natural sights instead of at the other tourists.

We went from Canon City to Saguache and Pagosa Springs

over Wolf Creek Pass, then back southeast to Santa Fe, in fine autumn color all the way.

At Saguache we spent the night and at the motel when they found we were from Hereford they immediately asked if we knew the Bill Dameron's and the Minks and Bill Nelson — seems like a lot of Hereford has migrated up there!

RECEIVES CHECK — Viola Williams, director for Girls Town at Whiteface, Tex., receives a \$100 check from La Plata Junior High principal Alex Glass to be used for buying sugar and lard for the girls at Whiteface. The money was raised by the Junior Red Cross Executive committee through a candy sale.

FLAG FOR DAY CARE CENTER — The Los Ciboleros Chapter of the Daughters of the American Revolution, represented by Mrs. T. J. Carter, left, and Mrs. Joe Boozer, right, presented a new American flag to the Day Care Center which opened this week. Anna Jo Wilson, center, manager of the center, is shown helping install the banner. —Photo by Betty Koelzer

## Referendum Is Scheduled Monday

A mail referendum on 1971 crop wheat marketing quotas will be conducted Monday through Thursday of next week, Secretary of Agriculture Clifford M. Hardin has announced.

In the absence of the new legislation for the 1971 wheat crop, current law requires that the referendum be held. However, a second congressional resolution like one initiated last July 24, could result in a further postponement of the referendum. This congressional action could take place at any time prior to the start of a referendum on Monday.

Individual allotment notices will be mailed to about 1.6 million persons holding an interest in established farm wheat allotments.

Signed ballots need to be mailed or delivered to the county offices by next Thursday. Preliminary results of the referendum will be compiled and announced by USDA on or shortly after October 20.

Secretary Hardin announced last April 14, a national wheat marketing quota of 1.21 billion bushels and a national allotment of 43.5 million acres.

A two-thirds or more "yes" vote for marketing quotas would bring a domestic marketing certificate, valued at \$1.39 per bushel — 90 percent of parity as of July 1, 1970. Domestic certificates would be issued subject to penalty.

If the referendum fails to carry, the price-support loan rate would be mandatory at 90 percent of July 1971 parity. This would be \$1.41 per bushel based on current parity. Loans only would be available to producers remaining within their 1971 allotment acreages.

Program details necessary for producer participation in the mail referendum on marketing quotas were announced July 9, 1970. The referendum, originally scheduled for July 27-31, was postponed July 24 by a joint congressional resolution.

# Small Machine Could Mean Large Profits For Cattle, Hog Industries

Take a little device called an extruder, add soybeans and bring to bake at 250 degrees and you have instant gain for cattle and hogs through a high protein feed.

Big Tex Cattle and Grain Company's Elevators Division, managed by Allan Brockman, has purchased one of the extruders from a Des Moines, Iowa, concern and hopes to have it in operation here within the next two months.

The device, one of four in Texas, is similar to an old-fashioned meat grinder. It consists of augers that force soybeans through three dies and at the same time, by friction of the augers, bake the beans at 250 degrees and produce a crumb-

ed form of feed supplement. Through this process, the soybean comes out with a nitro-protein content of 36 per cent, which is very high and beneficial in feeding operations.

"It is exceptionally good for hog feed," Brockman said. "For cattle feeding it is mostly economical where a s with hog feeding it will be both economical and nutritional."

The extruder is a small machine about six inches across and three feet long. A 75 horsepower motor, which creates the necessary friction for the baking process, operates it.

The only other extruders in the state are at Tulia, Brownwood and Comanche. The machine was designed

for soybean processing, but is designed also to handle cotton seed, another high protein substance. The processing of cotton, however, is more complicated because a de-huller must be attached to the front of the machine.

"A ton of soybeans, in its natural form, has 360 pounds of oil," Brockman said, "and both cotton and soy beans have a protein ingredient used quite a bit in area feedlots."

The extruder is operated on a continuous time scale, processing about one ton of soybeans each hour.

Big Tex Cattle and Grain is planning to use the nitro-protein supplement in feeding cattle at its yard. It is expected to

create a need of about five tons of the substance to feed the 20,000 head of cattle in the Big Tex Feedlot.

"After we get all the bugs out of operating the device," Brockman said, "we will be interested

in extruding for the hog and cattle feeding operations or anything else that could use the substance."

The small device can be operated by one man or, because of the simplicity, one man

can operate six of the machines.

"There could be a very good demand for the extruded material because we raise our own soybeans in this area and we usually have to ship them to Lubbock where they take the

good things out of them and ship what is left back to feed companies in this area," Brockman said.

He said if the machine works out as expected, this will all be eliminated and can be done here at the company's location

10 miles west of Hereford between Summerfield and Black. Soybean farmers would be able to save two trips to Lubbock by selling their soybeans to the extruding firm.

Brockman said the Big Tex Cattle feedlot will use approximately 38,000 bushels of the substance during a year and if the market demand goes as expected they will be able to expand to about 70,000 bushels per year.

He said if the situation turns out to be a paying thing the firm could install as many as four more machines to meet the demand.

FIXING IT UP — Mike Galvan is shown with Power Mechanics teacher Dan Reed as he adjusts a valve on a lawn mower engine during the class being taught at La Plata Junior High School for the first time this year.

## See The Boys At La Plata

# Need A Lawn Mower Repaired?

By MARSHALL DAY Staff Writer  
Anyone who has a lawn mower that needs fixing can get it fixed for almost nothing and at the same time help some junior high students learn a trade.

Dan Reed, instructor for the La Plata Junior High Power Mechanics class, said anyone who has a mower to be fixed can contact the school and they will be given an approximate cost. This is usually just the cost of the items needed to repair it and not labor.

The Power Mechanics Class

which is being conducted for the first time at the school, is under the Coordinated Vocational Academic Education program of the state. There are some 30 boys enrolled in the class at La Plata who work with small engines two hours each day.

"The program consists of work with only 4-cycle engines such as lawn mower and we will stick with this although we may get into 2-cycle engines later on," Reed said.

The boys in the classes overhaul the engines from top to bottom, doing whatever work is

needed. In working with the engines, Reed said before the year is up, the class will have gone over every part of the engine and will have done everything there is to do to one.

Most of the class is directed at actual work on mower engines, but the students will eventually get into learning how to charge for a certain job, how to list the various parts used and their cost and anything pertaining to filling out a service ticket.

Unlike several of the programs of this type at the school,

the Power Mechanics class is also taught at Stanton Junior High School. In several of the other classes, where Stanton does not have a class, students from that school can transfer to La Plata to take advantage of the course offered.

"Throughout the year we will be tearing down the engines, putting new rings in them, doing valve jobs and just about anything they need," Reed said.

At this stage of the program,

"As it is now, one group tears it down and another puts it back together and the boys aren't getting the right opportunity to get fully involved in the work," Reed said.

To aid in the program, the class has been given a complete new set of tools by the state, with more expected to arrive in the future.

## Excerpts From Play Is Women's C Of C Program

Excerpts from the play, Dear Delinquent, to be presented by the Community Players at the Fine Arts Festival next week, was the program at the Women's Division of the Chamber of Commerce luncheon meeting Tuesday.

The program was brought by Mrs. Bessie Lee Wood, director of the production. Mrs. Bruce Brown, Fine Arts Committee Chairman, made the introduc-

tion. A comical piece from scene two, act one, was presented by Mrs. Curt Weyerman as Helen Chandler, Mrs. Bobby Byars as Penelope, Father Michael Graham as Sergeant Pigeon, and John Gilliland as David in place of Bruce Futrell.

One out-of-town guest welcomed was Mrs. Jane Berry, specialist in housing and home furnishings from Houston.

Other guests were Meses, Joe Frank Huckert, Buddy Bloomer, Buddy Pickens, Elmer Kimball, Bob Harin, and Joe Reinauer.

Welcomed as new members to the club were Mrs. Ted Panciera, Mrs. Dick Norwood and

Mrs. C. O. Taylor. Reports were given by Mrs. John Blocker, membership committee; Mrs. Milton Adams, public affairs; and Mrs. Jack Wilcox, Satellite School.

## Monthly TOPS Queen Named

Mrs. George Gutierrez was named TOPS Queen for September with a weight loss of 8 1/2 pounds, at a Tuesday morning meeting of the Calorie Patrol TOPS Club.

Mrs. Ansel Greenway was runnerup with a 7 3/4 lbs. loss. Total loss of the club for the past month was 29 lbs.

Mrs. Melvin Jayroe, leader, presided over a brief business session during which the week-end TOPS convention was discussed.

Mrs. Greenway and Mrs. Clarence Betzen gave the secretary's and treasurer's reports.

## Free Eye Clinic Continues Today

The final day of a two-day free eye clinic is scheduled from 2:30 to 9 p. m. today at the Public Health Clinic in Hereford.

The State Commission for the Blind will receive applications for any adult or child who has an eye disease.

Anyone needing transportation may call the Health Clinic at 364-2691.

Actual treatment will come later.

## Church Sponsors Mexican Dinner

The San Pablo Spanish Methodist Church will sponsor a Mexican supper Saturday from 5 to 9 p. m.

Tickets for the dinner at the church, 218 Kibbe St., are available at the door at \$1.50 for adults and 75 cents for children. Tickets also may be obtained by calling 364-3100.

## Evening Lions Sponsor Shoot

The Hereford Evening Lions Club will sponsor a Merchandise Shoot at 1 p. m. Sunday at the Hereford Gun Club range near the airport.

The shoot will begin at 1 p. m. and last until dark according to Gary Billingsly, a director for the club.

Ammunition will be available at the club house.

**APPRECIATION**  
Helen, I want to thank you for the 31 wonderful years we have had together. May God grant us many many more.

# Farm Leader Asks Price's Intervention In CCC Protest

(EDITOR NOTE: The following is a letter National Farmers Organization president Gerald McCathern wrote U. S. Rep. Bob Price this week concerning the recent U. S. Department of Agriculture action in putting grain from the Commodity Credit Corporation onto the market at this time.)

The Honorable Bob Price Room 507 Cannon House Office Bldg. Washington, D. C.

Dear Bob,

In answer to your request that I send you some information as to why I feel that the farmer at harvest time to

think that a branch of our Federal Government would have the power or even the desire to hurt a segment of its citizens by the misuse of its power is frightening.

It doesn't take a very smart person, Bob, to see how very easy it is for CCC stocks to be used to the detriment of the agriculture producer.

First of all, we must remember that farmers place on the market a years' supply of their

commodities during a 30-day period at harvest time. Most farmers today are forced to sell their years' labor and investment at the highest price offered during this 30-day period because of the necessity of meeting their financial obligations incurred in producing their crops. When you have a note due at the bank and the banker says "pay", you pay! And in order to get the money to pay, you sell your production — it is an economic fact.

Next, we must consider the situation that exists in the market place. There are only two sources of supply of agriculture commodities, (1) the producer and (2) the government which has acquired excess commodities during past years. Of course if only the producer's supply is placed on the market at a given time, he is in much better bargaining position to receive a fair price because of a decrease in competition. But we must also remember that competition still exists because each producer is in competition with all other producers.

Now add another competitor into the market place with a very large supply, the United States Government, and buyers are in a position to force the price down because they do not have to buy the farmers' production, they can get it from the government at the same price. (Plus the fact that they can buy it on credit at 8 per cent interest which is less than they are paying elsewhere.)

The only way they will buy the farmers production then is if he lowers his price below what the government is asking. The minute he lowers his price, the USDA can lower their price and so on until we reach the minimum level as set forth in the law which is much below cost of production.

Let's consider the argument that USDA is using, that this year's production is going to be much lower than anticipated usage because of corn blight and drought conditions, therefore, government stocks are going to be needed to fill this void.

Farmers concur with this fact. We know that production is very low in both the corn crop and the grain sorghum crop and that there will not be enough feed grains to supply the needs for a full 12 months before another crop can be harvested. But you must realize that we will produce enough to supply the needs for the first 9 months of the marketing year. We do not need any USDA supplies until our years production is depleted. We insist that USDA must be restricted from using their supplies in this method at harvest time to destroy the farmers markets.

In years such as we have experienced this year when production costs have soared and production is way down, farmers deserve and must receive higher prices for their production to offset their loss because of short production.

Bob, if anyone doubts the need of better prices for farmers then they should consider these statistics: Today grain sorghum prices are 45 per cent lower than 1948 while such things as interest rates are up 50 per cent, machinery costs up 100 per cent, farm labor up 100 per cent and fuel costs up 50 per cent.

The law of supply and demand will help us to receive better prices this year if only we can curtail these tactics by USDA.

Bob, you must be aware of what this action will cost the citizens of the State of Texas. Personally, for every 5 cents per hundred pounds USDA breaks the market or keeps it from advancing will take away from me, an individual producer, approximately \$1,000. For your 18th District it will mean a reduction in income to farmers of approximately \$10,000,000. And for the farmers of the State of Texas it will mean a \$20,000,000 reduction. This with only a 5 cent differential, and this action could mean the loss of as much as 25 cents per hundred which would multiply each of those losses by five.

Can we set idly by and let the farmers of this state suffer a \$100,000,000 loss of income because of the actions of a few

shallow thinking USDA policy makers who have never seen the inside of a working farm? I think not, and am certain that you and the rest of the citizens of this nation will agree, once they receive the truth about how farmers prices are regulated in the market place.

Bob, the farmers of the 18th District are placing on your shoulders the responsibility to fight this battle for us immediately in the proper places in Washington. And we are pleading with the people of Texas who are so dependent on Agriculture to make jobs and add income to their area, to also take up the fight with you to see that no government agency be allowed to misuse its powers to destroy a group of its citizens. If it is allowed, then what is to keep the Department of Defense from using its supply of manpower (service personnel) to go into direct competition with the wage earner if they feel that the worker is receiving too much wages in return for his labor.

Bob, with your kind permission, I am making this an open letter in order that people of your district will be able to understand a little better some of the problems facing the farmers.

Sincerely,  
Gerald McCathern  
Route 5

## Benefit Bridge Date Is Fixed

Date for a benefit bridge party was set at Oct. 22 by Kappa Iota Chapter of Beta Sigma Phi, in a meeting at First National Community Room Tuesday evening.

Ways and Means committee members, headed by Mrs. Gary Tyler, are in charge of arrangements for the bridge party, which will benefit the chapter's fund for service projects, national, state and local. All Kappa Iota members will

sell tickets in advance, priced at \$1.50.

A pledge ritual was conducted Tuesday for Mrs. Tom LeGate, Mrs. Kenney Ruland and Mrs. Merle Goff were hostesses.

Two speakers gave the program, Mrs. Joe Frank Huckert discussing The Art of Dressing, and Mrs. Gerald Burney sketching The History of Dress.

Also present were Mmes. Jim Aldridge, Tom Buchanan, Bill Lyman and Kirk Owsley.

## New Resident Is Greeted By XEA

A transfer member, Mrs. Bob Emery, who has just moved to Hereford from Joliet, Ill., was welcomed to Xi Epsilon Alpha Chapter of Beta Sigma Phi Tuesday evening, when Mrs. Jim Cramer was hostess in the REA Building.

Discussion of projects to finance the chapter's activities and community service work this year occupied most of the business hour. Plans were also made for attendance of several

members at the annual district convention of the sorority at Plainview Oct. 17 and 18.

Mrs. Rudy Metz was appointed chairman of arrangements for transportation of residents at Kings Manor in February, when the chapter will supply volunteer chauffeurs for shopping trips.

Others at the meeting were Mmes. Bill McDonald, C. D. Fitzgaird Jr., Duke Powell and Melvin Fowler.

## "See America First" LAE Members Told

Mrs. Hap Higgins presented a program entitled "Tourism at Home and Abroad" to members of La Afflatus Estudio club at the regular meeting Tuesday.

Mrs. B.F. Markham was hostess.

Mrs. Higgins placed emphasis on "Seeing America First."

Mrs. Markham reported on the recent County Federated

Clubs meeting and the thought for the day was read by Mrs. Glenn Witherspoon.

One new member, Miss Della Stagner, was voted into the club. Refreshments were served to

Mmes. T. W. Roberson, A. N. Hopson, Earl Clark, A. H. Cook, Emmett Hale, Walter Johnson, S. C. Ramey, and Al Hewitt.

**STAGE DRESSING** — Being fitted for his role as a butler in Hereford Community Players' next production, Dear Delinquent, Orval Watson is having his measure taken by Amy Gilliland, on the costumes committee. The three-act comedy will be presented in the Little Bull Barn Oct. 16 and 17.

Watson plays the proper British servant of a young London man-about-town who discovers a pretty girl burglar in his apartment and needs all the resourcefulness of the butler to get him out of the predicament he gets into.

## Former Coach, W. C. Newberry, To Speak Here

W. C. Newberry, former coach, administrator and presently with the Education Department of Southwest Texas State University, will be in Hereford Monday, Oct. 19 at 7:30 p. m. at the Hereford High School Auditorium.

His speech will be entitled "Teachers Are Almost Human," and his appearance here will be sponsored by the local chapter of the Texas State Teachers Association.

"This is not just for teachers," said Mike King, local TSTA president and social studies department head at Hereford High School, "because everyone needs to hear this man. He is just fabulous."

Newberry, 39, has spoken in 41 states while delivering over 300 speeches on topics ranging from athletics to the provoking issues of the times.

He was born and raised in Gonzales, and received his bachelor of Science in Physical Education from Southwest Texas State University. He received his Master of Education in Sociology from Stephen F. Austin State College and his Ph. D. from the University of Texas in

He was a football coach for 10 years and a school administrator for three years and his present position with Southwest Texas State is that as a teacher of Adolescent psycholo-

gy and Curriculum Theory. There will be no charge for the talk by Newberry, according to King.

## Letter To The Editor

Dear Editor:

The Sugar Blues and Calorie Patrol TOPS Clubs would like to express their appreciation for the help and cooperation given them on our recent Area Convention.

We would like to thank The Hereford Brand and KPAN Radio Station for the generous publicity given us.

Our thanks also to the Home Demonstration Council and the American Legion Auxiliary for the gift of decorations, and to the Deaf Smith County Chamber of Commerce for American Flag posters.

Our grateful appreciation to Morris Means who did the beautiful lettering on the award plaques which were decoupage'd by Mrs. Glenn Watts, to Mrs. Merlin Kaul who graciously consented to be our song leader, and to Ricky Lee for making us large cut-out letters.

We enjoyed eating a delicious low calorie luncheon served by the High School Cafeteria ladies, and received many compliments on the meal.

Our thanks also, we think, to the Dairy Queen for its outrageous directional sign, "Turn Here for Blubber Blowout."

Sincerely,  
The General Co-chairmen  
Mrs. Woodie (Lois) McDermitt of Sugar Blues TOPS  
Mrs. LeRoy (Mary) Williamson of Calorie Patrol TOPS.

According to National Geographic, most Laotians still believe sickness comes from offending a phi, one of the spirits that dwell everywhere.

NFO Members Attend Convention

nfo members - 2-36 bod. Some 18 members of the Deaf Smith County National Farmers Organization were in San Antonio recently for the Texas State National Farmers Organization annual convention. Representing Deaf Smith County were Mrs. Donald Kimball of Amarillo, Tony Brownman of Vega, Mr. and Mrs. Buck Allred, Mr. and Mrs. Royce Gretsinger, Benny Newbill and Harold Dean Moore all of Wildora, Mr. and Mrs. Gerald McCathern, Mr. and Mrs. A. R. Dillard, Mr. and Mrs. F. A. Marnell, James Bullard, John Jesko, Raymond Schlabs and James Hund of Hereford. The convention featured one of the most outstanding slates of speakers ever assembled for a farm convention. The program included talks by Johnny Watkins, television personality, farmer, rancher and auctioneer from Waco; Cary Palmer, representative of the Texas Department of the USDA Crops and Livestock Reporting Service; Arnold Paulson, one of the nation's top agricultural economists; NFO: vice president Erhard Pflingsten; Lt. Gov. Ben Barnes; John C. White, Texas Commissioner of Agriculture; William Stokes, president of the Federal Intermediate Credit Bank of Houston; Frank LeRoux, farmer, rancher and sales manager for the USDA; and NFO president Oren Lee Staley.

FHA Sponsors Salad Supper Friday Night

The high school chapter of the Future Homemakers of America will sponsor a salad supper between 5 and 7 p.m. Friday at the high school cafeteria prior to the Hereford-Amarillo football game. Cost of the supper is \$1.50 for adults and 75 cents for children under 12. All pre-school aged children will be admitted free. Proceeds from the salad supper will go to pay for the new carpet in the Home Economics Department at the high school. Twenty men rolled a tripartite series while participating in the 1970 ABC tournament. Fort Wayne's Chick Carr competed in his 56th consecutive ABC tournament in 1970.

Highlights And Sidelights From State Capital

# Amendment To Limit Taxes On Farm Land Draws Battle

AUSTIN — A fight is brewing over the proposed constitutional amendment to set the maximum limits on tax assessments of farm, ranch and timber land. An amendment No. 3 on the November 3 ballot would authorize the Legislature to provide a uniform method of assessment for lands based on their capability to support livestock raising or farm and forest crop production.

A 15-member special committee headed by State Sen. Wayne Connally of Floresville has completed the last of 11 hearings over the state on this measure. Its tentative report summarizing testimony favoring the amendment will be presented before November 3. Committee's recommendations to the Legislature will be delayed until next year.

"Agriculturists are saying they can no longer operate if taxes continue to increase as they have in recent years," Connally told newsmen. "When land on one side of a barbed wire fence is assessed at \$1,000 an acre, and the same land on the other side of the fence at \$150 an acre, somebody is going to cry."

An earlier amendment (1966) which had the same general purpose is "unworkable," say proponents of Amendment No. 3. Present provisions apply only to individual land owners, exclude timberlands and owners who earn less than half their income from their farm property.

Texas State Teachers Association is opposing the new amendment on grounds that it "could virtually destroy the tax base of many school districts" and open the door to favors for other groups.

Connally maintains the prop-

osal would not result in major revenue loss statewide and that the Legislature would have to appropriate supplemental funds to districts suffering income decline.

**CITY SALES TAXES UP** — Local option sales taxes in 420 cities brought municipal governments more than \$35 million for the second quarter of this year.

That is an increase from \$30.9 million the first quarter. Tax is calculated and refunded to cities by Comptroller Robert S. Calvert on a quarterly basis.

Biggest yield was to Houston, which received \$7.2 million for the second quarter. Dallas received \$5.6 million, San Antonio \$2.2 million, Fort Worth \$1.9 million, Austin \$1 million, El Paso \$1.1 million, Corpus Christi \$787,565, Lubbock \$663,733, Amarillo \$558,284 and Beaumont \$555,288.

**MEXICANS BUY TEXAS STOCK** Mexico groups have purchased about \$112,000 worth of cattle and 1,200 head of sheep and goats from Texas ranchers for developing better breeding stock.

John C. White, Texas Agriculture Commissioner, said two other groups from across the border will soon complete negotiations for buying 480 hogs and 80 Holstein cows, valued at about \$70,000. Agriculture Department publishes a state livestock directory in English and Spanish to aid in locating types of stock sought by buyers.

**ATTORNEY GENERAL RULES** — Atty. Gen. Crawford Martin has held that a profit or non-profit corporation may perform solid waste disposal services — garbage collection — for local

governments.

In other recent opinions, Martin held that:

House and Senate may pay the State Building Commission, under contract, for building repair and remodeling services at the state capitol, where a multi-million-dollar project is underway.

Lee Memorial Hospital in Bidings qualifies for exemption from ad valorem taxes as "purely public charity."

**MOPAC KILLS EAGLE** — Railroad Commission approved an application of the Missouri Pacific Lines to cancel the Texas Eagle, one of three remaining trans-Texas passenger trains.

Eagle connected Laredo, on the border, with St. Louis — via San Antonio, Austin, Palestine and Texarkana. Trains were promp-

tly ordered discontinued, although opponents of the cancelled service can appeal to courts. Commission said it had no choice but to allow cut-off of a train found unprofitable. MoPac said it was losing more than \$300,000 a year on the service.

National Association of Railroad Passengers charged MoPac deliberately shrank passenger revenue "by neglect and disdain." MoPac operated once-daily trains northbound and southbound.

**TEACHERS MAP PROGRAM** — Texas State Teachers Association, which won a long-term pay raise from the legislature last year has a seven-point legislative program for 1971 which

will require no major new state spending.

At the same time, teachers are looking over a proposed new code of ethics and standard practices which includes a flat pledge not to engage in strikes or organized work stoppages.

Code will be submitted in a February referendum by the commission. Commission can make further changes based on the referendum and will adopt a final code on June 1, to be effective September 1.

**JUDICIAL REFORM REVIEW SET** — Ten major proposals for Texas judicial reform are being reviewed and voted on at a meeting of the State Bar judicial section in Galveston on Thursday and Friday, (Oct. 1-

2) Proposals include statewide court redistricting by the commission, a merit system of selecting appellate judges, non-partisan election of district judges, conferring criminal jurisdiction on courts of civil appeals, free transfer of cases in metropolitan counties from court to court co-current jurisdiction for county courts-at-law with district courts where matters in controversy range from \$500 to \$10,000 giving district courts jurisdiction with county courts in probate cases, concurrent jurisdiction for district courts in property condemnation cases, and expanded writ powers for court of criminal appeals.

**TRADE ZONE APPROVED** — Gov. Preston Smith endorsed a federally-funded free trade zone application for McAllen.

Smith said the project would expand the economy of the area, provide more industry and jobs and improve relations with Mexico.

**SHORT SNORTS** Banking Department received application for new Port Neches Mid-County Bank.

Rep. Grant Jones of Abilene heads new Speakers committee to study insurance company problems. Rep. Jack Ogg of Houston is chairman of a panel studying nursing homes.

Texas' four largest metropolitan statistical areas accounted for 98 per cent of state's growth during the last decade, according to preliminary census data.

Promoters of liquor-by-the-drink amendment are bearing down on campaign theme that over-bar sales don't increase per capita consumption, while opponents argue exactly opposite in a warming battle of the ballots.

Texas Industrial Commission is sponsoring a trade seminar in Mexico City on November 2-10.

Residential building permits dropped 12 per cent in August, but the index of total urban construction rose two per cent.

Cotton stalk plowup deadline was extended until October 10 in Aransas, Brooks, Duval, Jim Hogg, Jim Wells, Kenedy, Kleberg, Nueces, San Patricio, Webb, Zapata, and parts of Hidalgo and Starr Counties in the pink bollworm control program.

**DE STUDENT OF THE WEEK** — Miss Betty Trevino, checker at Furr's Super Market, has been selected DE student of the week. She is a senior Distributive Education student at HHS and the daughter of Mr. and Mrs. Carlos Trevino, 314 Avenue I. Miss Trevino plans to attend San Angelo Business School and study merchandising and computer training. She is shown in above photo with Willie Wilcoxson, manager of Furr's. —Staff Photo

## Water Association Meets Monday

The board of directors of the Deaf Smith County Water Association will discuss on Monday the water problems in the High Plains during a breakfast meeting at the Caison House.

All interested persons are invited to attend, according to Denzil Pulliam, president of the local water association.

"In its continuing effort to study problems and propose solutions to the impending shortage of water in the local area DSCWA officers will present alternatives to the board as to what direction should be taken," Pulliam said.

He said lack of local interest will be discussed and some determination will be sought as to whether the people of Deaf Smith County desire to continue the local water organization. In addition, the principles and aims of Water, Inc. will be discussed. Some decision will be made concerning local activities with Water, Inc.

Tarantulas have no sense of hearing.

**IMPORTANT**

1. COOLANTS TAKE EXCESS HEAT FROM ENGINE. THIS HELPS KEEP OIL PASSAGES FROM GUMMING UP. YOUR ENGINE PARTS GET ADEQUATE OIL.

2. CIRCULATED COOLANTS RETURN TO RADIATOR. FLOW OF AIR & FAN RE-COOL THEM.

**COOLING SYSTEM SHOULD BE CHECKED REGULARLY TO PREVENT BUILD-UP OF SCALE.**

## At The Library Motor Racing In All Its Danger

Especially fond of race cars and interested in the men who operate them? Available at the Deaf Smith County Library this week is the story of one championship driver, Graham Hill, the man, father, and sportsman.

**LIFE AT THE LIMIT**  
by Graham Hill

Graham Hill is one of the Supreme figures in motor racing, a two-time winner of the world championship, and winner of the Indianapolis 500—the world's richest race—his first

time out. One of Great Britain's few world champions, he is also one of its best-loved and most endearing sporting personalities. This autobiography provides an engaging and lively look at Graham Hill, the man, father, and sportsman.

Life at the Limit makes explicit the relationship of the man to the machine and opens up the world of racing—a world of the unexpected where the excitement always runs high.

the full. Written with the same cool control, the wry sense of humor and humility that govern him when he's whipping around the circuit, illustrated with photographs of family, friends, and races, and filled with moving private and professional glimpses of the greats like Jim Clark, Stirling Moss, and others, Life at the Limit is an engrossing look at both the man at the wheel and his sport.

**THE SEVENTH GIRL**  
by Tom Pendleton  
(A Romantic Tale of Civil War Texas)

From the raw edge of the Texas frontier, laughing, peace-loving Harper Chandler and his bristling, combative young brother Troy view the distant flames of the beginning Civil War.

Each reacts in his own way to this death struggle between kinsmen; in each it creates a unique inner conflict. Caught between the brothers, desired by both and loving both is Kate McKenzie, a warm and appealing innocent of the wilderness, just blossoming into womanhood.

Abandoned by an adventure-seeking father, she survives, with the toughness of youth, as girl-of-all-work in the Saloon & Hide House of Dode Clancy, a personal involvement with cing frontier.

In this moving novel of young love and hate, violence and history, Tom Pendleton draws the reader immediately into real personal involvement with these intriguing young characters — an involvement which deepens as the novel builds irresistibly to its climax in the last surprising, spirit-lifting pages.

Tom Pendleton combines the story-teller's magic of his previous books with an authentic sense of history to create a persuasive and moving period novel. Yet the story of Kate and Harper and Troy has modern overtones of special meaning to today's readers, young and old alike, who are caught up in the conflicting currents of war, duty love of country and love of peace.

In the middle ages diamonds were prized for their alleged abilities to cure disease, ward off evil and bring good fortune. But Hindus believed that wearing a red-flecked diamond brought death.

Mr. and Mrs. Joe Landers to observe 50th Wedding Anniversary

## 50th Anniversary To Be Observed

Mr. and Mrs. Joe Landers of Route 4, Hereford, will be honored from 2-5 p. m. Sunday in their home in recognition of their Golden Wedding Anniversary.

They have three children, Roy Landers and Mrs. W. H. Nunley of Hereford, and Ross Joe of El Paso. They have six grandchildren and three great grandchildren.

Miss Lola Gunn and Joe Landers were married Oct. 9, 1920 in the home of the bride's parents, Mr. and Mrs. R. M. Gunn of Schoolton, Okla., formerly of Hereford.

Mr. and Mrs. Landers moved to Hereford in 1925 and have since farmed in the Westway Community.

The open house will be hosted by members of the Landers' family. Friends are invited to attend.

## Area CWU Meeting Slated

Area Church Women's United Organization will meet tomorrow at the First Christian Church with Hereford churches hosting the event.

Local churches participating are St. Thomas Episcopal, Wesley United Methodist, First Christian, First United Methodist, Presbyterian, and St. Anthony's Catholic.

Registration will begin at 9:30 a. m. with a luncheon at noon. Mrs. Claude McDougal will review "A New Man For Our Times" by Elton Trueblood.

Mrs. A. W. Tamm, district president, and Mrs. Fred Ruland, area vice president, will be present.

Other church women interested are cordially invited to attend.

## Sabra Traweck Is NMSU Pledge

Sabra Traweck, daughter of Mr. and Mrs. Curtis Traweck of Hereford, has pledged Zeta Tau Alpha sorority at New Mexico State University at Las Cruces, N. M.

Miss Traweck is a 1970 graduate of Hereford High School.

## Local TOPS Members Win Awards At Rally

Two members of local TOPS Clubs were presented awards at the TOPS Area Fall Rally Day held Saturday in Hereford.

Mrs. Steve Melwes was awarded a certificate as runner-up in the Stork Club division of the Sugar Blues TOPS (Take Off Pounds Sensibly) Club for her weight loss of 13 pounds.

Mrs. Melvin Jayroe was one of several graduating KOPS (Keep Off Pounds Sensibly) members achieving the goal of weight loss recommended by her doctor.

KOPS members must reach their weight loss goal and retain it for three months.

up the days' program based on the theme Make America Beautiful.

Gil Lamb of Radio Station KMUL, Muleshoe, made the presentation of awards to out-

### Jane Zinsler Elected To Student Senate

Jane Zinsler, a freshman student at West Texas State University, was elected to the student Senate last week. She is the daughter of Mr. and Mrs. Frank Zinsler of Route 5.

standing individuals and clubs throughout the area.

Musical entertainment by the Caison trio, Sandy, D'Ann and Rodney was provided at a luncheon in the high school cafeteria at noon. Songs were led by Mrs. Merlin Kaul with Mrs. Carl Wimberley as pianist.

Mrs. Frank Short of Tulsa, International KOPS Queen and a former member of the local Sugar Blues Club, presented division awards as climax of the program and closing event. She was assisted by Mona Spencer of Plainview, area supervisor. The next area convention will be held this spring in Lubbock.

## Cattle Feeders Approve Grant For Research

The president of the Texas Cattle Feeders Association has announced approval of a \$20,000 grant to Texas A&M University for research on feedlot disease problems.

"The grant was made by the Association to assist the University in expanding research programs directed toward a solution to the complex animal disease problems which confront the developing cattle feeding industry of the state," R.M. Carter, head of the TCFA, said.

The grant check, presented by Texas Cattle Feeders Association's Executive Vice-President Lloyd Bergsma, was accepted in behalf of Texas A&M University by S. B. Whittenburg

of Amarillo, a member of the Texas A&M University Board of Directors.

Dr. A. A. Price, dean of the Texas A&M College of Veterinary Medicine, said the feedlot research program will be directed by the Department of Veterinary Microbiology. However, the field work will be done at the U. S. Department of Agriculture's Southwest Great Plains Research Center at Bushland. Two research veterinarians, and supporting technicians, will be stationed at the Bushland Center.

Dr. Price added that a feedlot disease study program, now underway at the Texas A&M University Agricultural Research and Extension Center at Lubbock, will be transferred to the Bushland laboratory.

Carter said the grant is a part of the expanding research activities of the Texas Cattle Feeders Association.

Previous research grants were made this year to Texas A&M and to Texas Tech. Additional research programs are under study by the research committee of the association. The association will continue to devote a considerable percentage of Association funds to research.

### SPECIAL FEAST

LONDON — The Rev. H. J. Sillitoe, general secretary of the Society of King Charles the Martyr, says observance of the feast of St. Charles of England is on the increase in the Anglican Communion. More than 500 churches, including about 100 in the United States, hold a special mass on the anniversary of the King's execution on January 30, 1649. As he has done for the past 30 years, Father Sillitoe conducted a short act of devotion and laid a wreath at the spot where the monarch died in Whitehall.

### M.D. CHATTER Suggestion Delicious

Another busy month has past with fall activities running smoothly. Food preparation is still popular as the cooler weather increases appetites.

Mrs. Charles Wright made a suggestion on the already famous Butter Roll that was in last week's column. She says her mother, Mrs. Sam Downing of Sherman, makes Butter Roll and substitutes cocoa for the nutmeg both in the roll and in sprinkling over the top. Mrs. Wright calls the roll "My Delight."

Mrs. Wright and I didn't know just how much cocoa to add so we decided to add two shakes or one long dash — or, if you'd rather, a pinch of cocoa. She says her Butter Roll isn't nearly as good as her Mother's and naturally it isn't as the human taste has a lasting memory as well as the psychology of a mother's cooking. Childhood memories of food always remain vivid.

Answering some requests: This is a tasty plain white cake. It is a one-bowl cake that can be used with toppings, short cakes, iced or any kind of filling. It is adjusted for this altitude.

**QUICK CAKE**  
Measure into sifter: 2 C. Cake flour or 2 C. all purpose flour minus 4 Tablespoons  
1 1/4 t. baking powder  
3/4 t. salt  
1 1/4 c. sugar  
Measure into mixing bowl: 1/2 c. vegetable shortening  
Measure into cup: 1 cup milk  
1 t. vanilla  
Have ready: 2 eggs, unbeaten  
Stir shortening just to soften.

Sift in dry ingredients. Add 1/4 of the milk and mix until all flour is dampened. Then beat 2 minutes.

Add remaining milk and the eggs and beat 1 minute.

Mix cake by hand or at low speed of electric mixer. Count only actual beating time. Or count beating strokes.

Allow about 150 full strokes per minute. Scrape bowl and spoon often.

Have all ingredients at room temperature for best results. Line bottom of pans with paper; grease. Use two round 8-inch pans, 1 1/4 inches deep.

Preheat oven at 375 degrees bake for 25 minutes. Or if you prefer 8x8x2 or 10x10x2 inch pans at 350 degrees for 25 minutes.

Juston McBride has given us a bit of good news. This information is from Deaf Smith County 1969 Agricultural Statistics published by John C. White, Commissioner, Texas Department of Agriculture.

The good news: Cash receipts of total farm marketing in Deaf Smith county for 1968 was \$73,371,000 and the 1969 income was \$99,750,000. Therefore, an income increase of 26 million dollars over previous year.

There is a sheet in the office on the annual county statistics. Call us for a copy.

**OVER ESTIMATE**  
FRANKFORT, Ky. — Despite an economic slump elsewhere in the nation, this state reports it collected \$557 million for its general fund last fiscal year — \$1.5 million above the estimate made 18 months ago.

# WTSU Coeds Vie For Homecoming Queen

CANYON — The first Miss Homecoming theme "Greatest Show on Earth." Highlighting the pageant will be a performance of country western music by Miss Texas, Belinda Myrick of Midland.

## County Records \$3,575 In Bonds

United States Savings Bond sales in Deaf Smith County during the month of August totaled \$3,575, according to County Savings Bond Chairman Jim Sears. Sales for the eight-month period were \$70,384 which is 70 per cent of the 1970 goal of \$100,000. Texas sales during August amounted to \$15,063,651 while the year-to-date sales totaled \$121,269,825 for 67 per cent of the 1970 goal of \$179.9 million. Series E Sales alone during August 1970 were \$14,841,344

The contest is open to single WTSU coeds who have completed at least 20 semester hours with no lower than a 1.0 grade point average and are now enrolled for 12 hours. Each contestant must agree to remain single until the 1971 Miss WTSU is chosen, should she win the title.

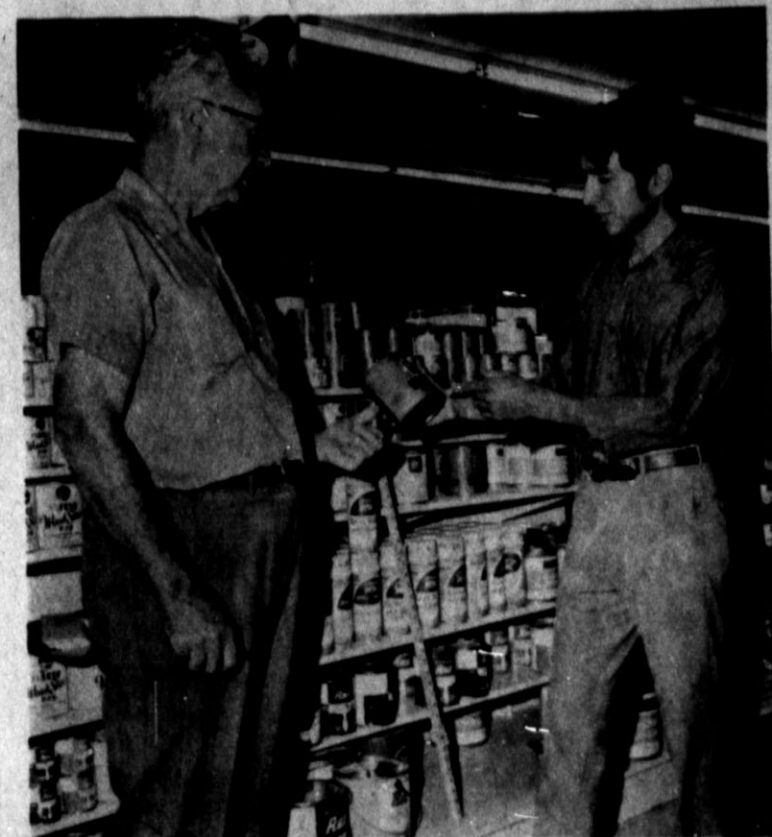

Sign-ups will be held this week in the Activities Center. A \$5 filing fee and a picture from each prospective contestant is required. Preliminary evening wear competition will be judged at the Homecoming pep rally in the WTSU fieldhouse at 10 a.m. Oct. 18.

After the pep rally, the contestants will have lunch with the judges and Miss Myrick. The judges will be given an opportunity to interview each contestant individually. Preliminary swimsuit competition will be judged. Ten semifinalists will be announced after each contestant is presented in evening attire during formal pageant competition that night. Following announcement of four runners-up, Miss WTSU will be named. While the audience sings the WTSU alma mater, she will walk down the runway. Ticket sales for the pageant begin Monday in the Student Union Building and the Activities Center. Prices are \$1.25 with a WTSU student ID card and \$1.50 without the card. The pageant will begin at 8:30 p. m. in the ballroom of the Activities Center.

## GRANTS TO SODEPAX

GENEVA, Switzerland — Two grants totalling \$440, 50 have been made to the joint Catholic-Protestant-Orthodox Committee on Society, Development and Peace (SODEPAX) working to make Christianity more relevant in the world and to enlist it in the cause of order and peace.

Sponsored by the World Council of Churches and the Roman Catholic Commission on Justice and Peace, the agency received \$300,000 from the Swiss-based Humanum Foundation and \$140,250 from the Ford Foundation.

ICT STUDENT OF THE WEEK — Ruben Diaz, 18-year-old son of Mr. and Mrs. Daivid Diaz, 115 Bradley, has been selected ICT student this week. Diaz is employed at Carl McCaslin Lumber Yard. He is shown in the above photo with Ben Childers, manager. Diaz plans to attend vocational school and continue his career in carpentry. —Staff Photo

Mrs. Gary Kriegshauser and sons from left, Todd, Chad, Coby, and pet dog, Snoopy

LET'S COOK SOMETHING

### Three Sons Provide Little Time For Idleness

By JANIE REINART  
Staff Writer

From hunting and fishing to motorcycle riding, sewing, antiquing and being full-time mother of three sons, Mrs. Gary Kriegshauser has little time to be idle and depressed.

"I have to have something to do all the time or I'd lose my mind!" said Mrs. Kriegshauser. "I get depressed if I'm not always busy."

The Kriegshausers' sons are Todd six, Coby five, and Chad two and a half. Todd is a first grade student at St. Anthony's and Coby is in kindergarten.

Antiquing is only one of Betty Mae's favorite past times having antiques a bedroom suite, piano bench, old trunks and stools, chairs, a sewing machine, tables numbering

16, and other pieces of furniture.

"I can't find anything else to antique now," she commented with a sigh. "Gary said he wouldn't be surprised if he came home one day and the kids were antiqued too," she laughed.

She especially enjoys antiquing items when it has special meaning for her. "I don't like to take pay for it," she said. "I just ask that my family and friends buy the paint."

This past summer Betty Mae took on a new hobby, new to her anyway — sewing. She learned sewing techniques from her mother-in-law, Mrs. Harold Kriegshauser, who, she boasted, "Can take a yard of material and do wonders with it."

Fishing, hunting and scouting for arrowheads, however,

can be found at the top of her list of favorite things to do.

"We always spend Thanksgiving Day at my dad's ranch right off the Caprock. It's about sixty miles from here, near Glenrio.

One of Kriegshauser's favorite dishes is a recipe belonging to his mother-in-law, Mrs. Ira Scott.

"It is more for guests than for family because it isn't a real economical dish," said Betty.

"It was mother's special dish, something we would have every time we went over for dinner after we were married. Gary liked it real well so I begged her for it and finally one day she parted with it."

If Mrs. Scott doesn't object, here it is:

# Students Learn Building Trades In New Class

By MARSHALL DAY  
Staff Writer

Some 15 students at La Plata Junior High School have been given the opportunity to learn-by-doing in the school's first pre-vocational building trades program.

The program, similar to the one at the high school, gives the students an opportunity to learn how to use their hands in a purposeful task while at the same time obtaining an overall exposure to math, reading, English and other subjects although not as thoroughly as the regular classes.

The program consists of two, two-hour classes taught by W. C. Osborn, in his first year at La Plata after teaching special education at Stanton last year.

The two-hour periods give the students enough time to work on various projects they will undertake during the year.

The idea of starting such a class in the junior high level is

to provide the students with an advanced opportunity to learn what they could study on the high school level.

The program is actually divided into three "phases" which allow the students to progress slowly to the high school level. Phase I is for the younger junior high school students and allows them more classroom work than actual labor of building. This phase prepares them for Phase II, also a preparatory measure for the high school level.

When the students reach the Phase III level in high school they are placed with various businesses throughout the city where they can attend school half a day and earn money by working the other half of the day.

The class now is building the foundation for a storage house

that will be placed in the patio of the school. They have already laid the foundation for the building.

The program was first conceived when Alex Glass, principal of La Plata, and Walter Bryan, vocational coordinator for the school system, visited other schools in the area and found similar programs being conducted. They took the good points from several other schools and applied them to the situation here, then made formal application to the state to get a program here.

Because the state only approved one program for the school district, La Plata was given the program and the state furnished all materials and equipment for the class.

Students from La Plata are not the only ones who can take advantage of the special trades

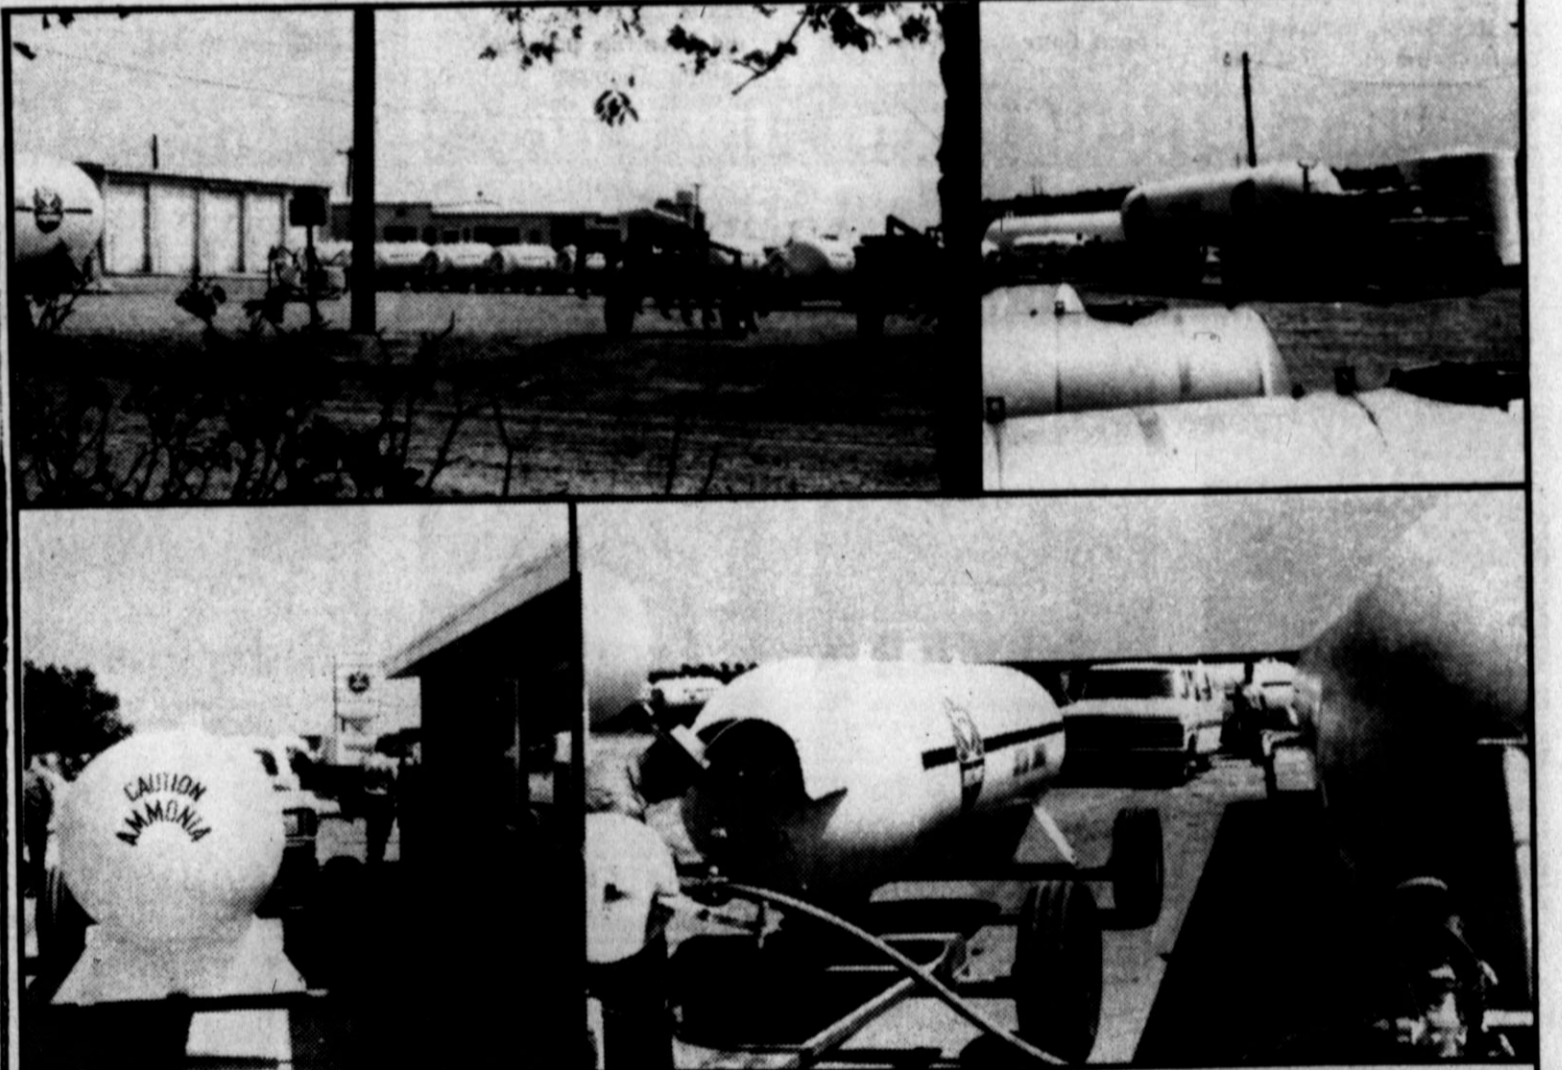

course. The principal at Stanton, Don Martin, got together with officials of the school and decided to allow students living in the Stanton school boundaries to attend La Plata if they wished to participate in the various programs.

After they finish their present project, students in the classes plan to build a classroom to house the overflow of students expected. The building will house their tools, equipment and materials and will also be their classroom.

Though the students attend the class for a two-hour period, their regular schedule is not affected. Instead of allowing the students several "elective" classes, the school officials substitute these with the two-hour class and add the student's regular "solid" subjects to make a six-hour class day.

**BUILDING TRADE** — Students in the La Plata building trades class are shown putting the finishing touches on a concrete foundation at the school which will serve as a base for a small storage building in the school's patio.

# Dr. Milton Adams--A Man Who Always Feels At Home

By MARSHALL DAY  
Staff Writer

At the podium facing a crowd, in a plane searching for a lost aircraft or amid a group of young boys, Dr. Milton C. Adams feels at home.

Adams, an optometrist, has found a number of ways to enjoy his past 52 years, and it seems he is always finding more ways to do it as the years go by.

Born in Sweetwater, in 1918, the son of a newspaper man, Adams moved with his family to Plainview shortly after he was born. He lived there until he was 5 years old when the family moved to Lockney where his father published the Lockney newspaper.

Adams lived there with his family until the sophomore year of high school when the family moved to Lubbock, where his father published the Lubbock County Herald.

He graduated from high school in Lubbock and, because he wanted to be an optometrist and the closest school for such training was in Chicago, off he went to Chicago.

He attended the Northern Illinois School of Optometry in Chicago, often working for free as an usher at the "Auditorium Theater" to get a chance to see the operas and sometimes even getting to fill in as an extra with some of the most famous names in the business.

"My greatest thrill, I guess, was getting to walk across the stage as an extra when George M. Cohen was playing "Yankee Doodle Dandy" in 1938," Adams said.

### WORKED WITH TOP NAMES

He said during the time he was associated with the stage, he worked with shows which included such names as Lily Pons, one of the greatest opera singers of that era, and "The Women," who were later to go on to greater fame as a road show.

"There was no pay for the ushers but I did it for the fun and experience of doing it and for the opportunity to broaden

Major Thompson, we would not have this privilege.

Major Thompson will only be in Hereford a short time. He'll be flying in that morning, and out again in the afternoon but we're trying to allow as much time as possible for a question and answer period following his speech. The public is invited to hear him and you may either come at 12:00 for the meal (which will cost you \$1.75) or if you prefer not to eat, you're welcome to come in at 12:30. We'll have extra chairs set up in the Civic Club Center ballroom. If you plan to come for the meal, we would ask that you contact Jim McDowell at McDowell Drug so that we will have an idea of the amount of food to prepare. But either way, do come. It will be worth your time.

my knowledge of the field of the opera," Adams said.

Adams received his degree from Northern Illinois School of Optometry in 1940 and went back to Lubbock to practice. It was while he was practicing his profession that he met the former Virginia Barr. They were married after he graduated from Texas Tech.

In 1942 Adams joined the Navy and served in the Pacific until 1946 when he was discharged. Although the ship which he was on operated in the war zone throughout the war, "it was never shot at."

Following his discharge in 1946, Adams and his wife moved in April of the same year to Hereford, where he bought the practice of Dr. F. M. Kester, the town's only optometrist. The office was then located at 140 West Third where Neat's Diner, is located, but in 1954 Adams moved the business to its present location at 335 North Miles.

"I was the only optometrist here until Gene (Hendon) came five or six years ago. There wasn't one in Friona or Dimmitt so I had a whole lot of area to cover at that time," he said.

### Became Active Lions Member

Two days after he moved to Hereford, Adams became a member of the Lions Club, and since that time has served in several offices, including the office of president he is now serving.

He served as secretary in 1969 and was first vice president several years ago. He has also served as a director for the organization and because of the offices, he has put in a lot of traveling, including a trip last year to Japan and a trip this year to Atlantic City for Lions conventions.

Lions, though a time-consuming organization, was not the only one Adams found time to involve himself with. He has served several offices with the Toastmasters Club, the American Legion and the Civil Air Patrol.

It was in 1958 when he first began flying, and since that time he has spent a great deal of his off time in business pertaining to the CAP.

"I always wanted to fly and in 1958 this was my first opportunity to learn," he said.

"Wilford Taylor III, who was then a student at West Texas State, came over here early every morning to give lessons and I soloed in about 11 hours. I didn't get my license until the next year, after I had a number of hours already."

He learned to fly in a Cessna 120 which belonged to a flying club here that consisted to a number of local doctors and businessmen.

In 1961 he became involved with the Civil Air Patrol as the fifth member to join the organization.

"This was just another opportunity to expand my knowledge in aviation and to put it to a

practical use if another flier ever needed it," Adams said.

In that organization, Adams started out as the finance officer and served two years. He then moved to the office of operations before taking over the Commander's spot, which he has held the past five years.

### Received Top Scout Award

Adams is a 1950 charter member of the Hereford Toastmasters Club and has served in every office in the organization. He has served three terms as educational vice president, two terms as president, one each as area governor, district governor and lieutenant governor, and two years as international director of the nine-state region.

Of all his accomplishments and awards, Adams is most proud of the "Silver Beaver" award given him in 1955 by the Boy Scout Council here.

This award is given to only one or two people each year and is the highest award given by the council.

Dr. Adams has served as Scout Master and Neighborhood and District Commissioner for the Boy Scout division and has been involved in the organization for quite some time.

"I've been in scouting as a registered scout for 40 years, which is probably longer than anyone else around this area, probably because I am the oldest around here," he laughed.

### Adams has also served two years as commander of the local American Legion Post.

"I've been in scouting as a registered scout for 40 years, which is probably longer than anyone else around this area, probably because I am the oldest around here," he laughed.

### HEIGHT QUESTION

PEORIA, Ill. — Policemen usually are the tall, husky type and short fellows usually are out of the picture.

Well, there's room for short fellows, too.

Peoria soon will be hiring not-so-tall policemen and firemen. An annual average of 10 candidates are rejected because of the minimum height restriction of 5-feet-8, according to Reginald V. Sipfle, city personnel director.

A new rule enables the city to hire men who are 5-feet-7.

Read the classified Want Ads

**ALWAYS AT HOME** — Dr. Milton C. Adams, who has served in a number of local civic organizations since he moved here almost 25 years ago, still finds time for these and others, despite his busy profession as an optometrist. Shown in the background here are just a few of the awards he has received in the past few years.

By MELVIN YOUNG

In 1949, 61 nations met in Geneva to establish new conventions for the protection of War Victims. This was a culmination of efforts which went back more than 100 years, and the results outlined the rights, privileges, and the protection of those held captive and also delineated the obligations of the captors.

These conventions have nothing to do with the winning or losing of a war, but rather the humane treatment of those men who have been captured during the fighting. All parties to the conflict now going on in Southeast Asia acceded to the Geneva Conventions of 1949, signifying their agreement to comply with the provisions.

It's very clear to everyone concerned; spelled out in simple language that even a child can understand. Article 2 of the Geneva Conventions states that the Conventions "shall apply to all cases of declared war or any other armed conflict which may arise between two or more of the High Contracting Parties, even if the state of war is not recognized by one of them."

Thus the parties to the conflict in Vietnam are bound by the Conventions to which they acceded.

Other important articles of the Conventions relate to the treatment of prisoners, their diet and the availability of medical attention when needed and also points out that all prisoners must be allowed complete latitude in the exercise of their religious duties and to allow prisoners to write directly to families informing relatives of their capture, their address and the state of their health. There are many other provisions covered in the Geneva documents of 1949 but the above are the ones we would like to deal with at this time. People in this country, and particularly the so-called Doves and pacifist groups need to be aware of the atrocities committed against fellow countrymen who have been captured by the North Vietnamese.

For instance, the North Vietnamese have consistently maintained that American soldiers and airmen captured are War Criminals and will be treated as such. They have paraded our airmen through the streets of Hanoi, subjecting them to physical and mental abuse and above all, have refused to release the names of our servicemen who have been captured. Currently there are some 1500 American men listed as "missing in action." Some of these may be dead. The bulk are believed to be interned in North Vietnamese prison camps. But their families do not know whether they are alive or dead. . . .

Some information has leaked out of course, and it is known that some of these men are alive. It is also known that the conditions under which these captured men are now living in the northern prison camps is deplorable. The basic daily food ration is insufficient, consisting mostly of pig fat, pumpkin soup and small portions of rice and bread. Medical care in these camps is laughable. It just simply doesn't exist.

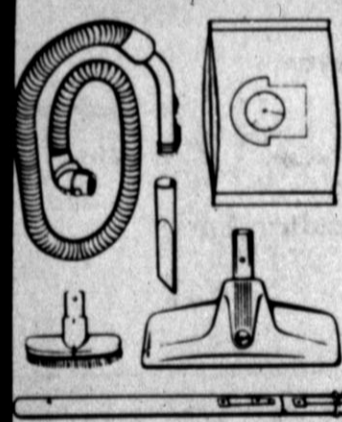

Apparently, the Communist government of North Vietnam has been trying to put pressure on the folks back home by refusing to release names of captured soldiers. Their apparent goal is to turn the "people back home" against the conflict in Southeast Asia in the hopes that the American people will force the withdrawal of forces in that area. However, as have most adversaries in the past, the North Vietnamese underestimate the American people. Now it is evident that they have lost the battle in this country. When 96 U. S. senators signed a protest over treatment of U. S. POWs, that solidarity of viewpoint surprised the North Vietnamese who had been carefully noting the concern over the war expressed by a large number of "doves." The issue is now beginning to embarrass the Communist delegates to the Paris peace talks.

Several of their propaganda plans have gone wrong. Late in 1968, the Communists released a group of airmen after about 6 months of imprisonment. Apparently they thought that these airmen, to show their gratitude, would go back to the United States and become an effective propaganda force for the Communists. Certainly they had spent enough time trying to "brainwash" them during their internment. However they could not have been more wrong. The men came back to the U. S., continuing on duty with the U. S. military and are now traveling over the country telling of the horrors of the enemy prison camps and very effectively turning the tide of U. S. and world opinion against the Communists.

One of these former PWs, Major Fred Thompson of Randolph Air Force Base in San Antonio, will be speaking before the Hereford Rotary Club, Monday, October 19th. Circle that date on your calendar for you're invited to attend and you'll sure want to be there to hear what he has to say. Major Thompson, like the others who have been released, has no explanation for his good fortune except the possible propaganda benefit to the Communists. He is thankful of course that he's back home and the experience has strengthened his determination to help contain the Communist movement in Southeast Asia. He knows of the horrors of the PW camps of North Vietnam and he knows of the anguish of families of the servicemen who are listed only as "missing in action."

He was one of the men so listed, Major Thompson's family did not know for sure whether he was alive or dead and probably wouldn't know to this day except he was one of the lucky ones who were released. We believe there were nine men in this group.

Major Thompson, who was once stationed in this area, was awarded the Silver Star and distinguished Flying Cross prior to his capture. He was also awarded the "Able Aeronaut" award by the Pacific Air Force for flying a safety in returning a crippled aircraft to the base after the engine had blown up. He is a veteran of 263 combat sorties, 23 of them over North Vietnam. He has risked his life 263 times for the people of this nation so that we may continue to sit home and enjoy the freedoms that we have taken for granted for so many years and the rewards of the most affluent society in history. Were it not for men like
