 She is planning to make a hotbed so that she will have fresh vegetables for her family of six during the winter. Mr. and Mrs. Carver have 300 chickens and three milk cows.  
 After totaling the results of her work, Mrs. Carver said to Pauline Lokey, home demonstration agent, "Miss Lokey, the Carvers are going to live high this winter. We certainly have a variety of foods."  
 When Miss Lokey asked her where she got the idea of having a 4-H pantry Mrs. Carver said, "The model 4-H Pantry exhibited at the Swisher county fair in 1930 gave me the idea. I studied the model and made up my mind then that if anyone could have a 4-H Pantry I could."  
 J. Ross Noland, the key banker in the county, has asked that Mrs. Carver's pantry be put on display in the First National Bank in Tulla. Mrs. Carver has consented to Mr. Noland's request, in order that the Swisher County women may study her pantry.

**C. SHUFORD, LAZBUDDY, WANTS COTTON PICKERS**

Clyde Shuford of Lazbuddy community, down in Farmer county, was in Hereford Saturday hunting folks to go to his farm and help him pick his cotton.  
 He says he has 200 bales ready to pick right now, has two buildings suitable for families to live in while picking, and will pay 30 cents a hundred for pulling the cotton off in the bolls.  
 His farm is reached by going two miles southwest of Summerfield along the highway, then straight south until crossing the Dimmitt-Bovina highway, and the first 500-acre cotton field on the left side of the road is his.

Back to fundamentals, with their feet on the ground and their heads in the clouds, this new race of pioneers work hard and dream hard. Dreams of the future of their vast country, and work hard to make that dream come true.
Right now, up there, farmers and farmers' wives are preparing for next winter, preparing to live during the next few months off the products of their farms and gardens which are today a drug on the market.
In the homes in that section the housewife is busy with a home canning outfit. Tomatoes and other vegetables are going in to the can, meat is being laid away for the winter, and the housewife of the Plains country will do her Saturday shopping from her own pantry shelves next winter.

Ray Chapman sold two hogs to Mr. Faukenberg this week.

Mrs. Bogle is improving in health at this writing.

Farmers are very busy harvesting their row crops.

## LIONS CLUB INTEREST GROWS IN NEW LOCATION

Better attendance than for many months greets each weekly luncheon of the Hereford Lions as they assemble Wednesday noons at the First Presbyterian dining room. With the piano for accompaniment the members sing to their hearts content, and the privacy of their own dining room gives the privilege of carrying on in a "brotherly" way that would seem embarrassing in public.

Voline Downs was in charge of this week's program and furnished orchestra music by Gordon Durham, E. W. Young and Geo. Smith to keep the Lions delighted during the luncheon hour. The Lions have taken on a concerted program of boosting and encouragement for the Hereford high school football team and are working toward better attendance during the present season of home games.

## Beating Inferiority Complex

He is the secretary of a local club and he struts through life as though he were an ex officio member of the Trinity. "How does he get that way?" wailed one exasperated member. "He has," answered a bored one, "a full length magnifying mirror in his room and he studies himself in it for a half hour every morning."—Exchange.

Panhandle Lumber Co. Hereford, Texas. D. H. ALEXANDER, Mgr.

Lady (in a pet store): I like this dog, but his legs are too short.

Saunders: Too short? Why, ma'am, they all reach the floor.

It's high time more women took part in elections. Just look at the way the men allow the political pot to boil over.

When you paint you want the paint that holds its color, goes farther and lasts longer, and we wish to say just here that you will find that kind of paint at our store.

Mighty hard to convince some folks that painting their home is money wisely spent, but when they hear of some neighbor who has made a big profit by doing so, then they listen, especially when we show such folks how inexpensive painting really is.

If your wife is away, right now would be a good time to paint those floors and give her a nice surprise when she comes home. Come in and let us quote you the price on floor paint and lacquer.

# Are Your Flues In Shape

Before your heating appliances go into service for fall and winter, see that they are in shape for the best and most effective service.

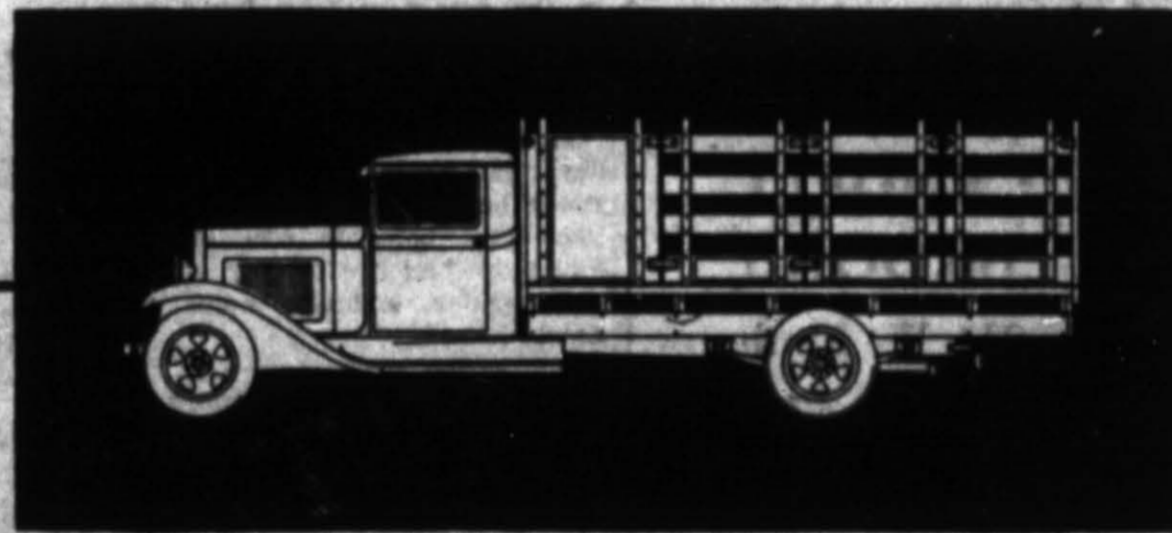

FLUES are of a very first importance. No stove is safe without a FLUE, whatever kind of fuel it burns. Gas is no exception.

FLUES oftentimes become clogged during the warm summer months, for example, birds sometimes build their nests in chimneys during this period, and it is a wise move to check them before the cold winter months come on.

## America's most economical truck

is now available in 25 different models priced as low as \$440—complete with body

NOTE: The model priced at \$440 is the open cab pick-up.

1 1/2-ton 157-inch Stake Truck \$810\* (Dual wheels standard)

By actual road performance, week after week, month after month—the six-cylinder Chevrolet has proved its right to be called America's most economical truck. Owners have found that on a ton-mile basis Chevrolet costs less for gas and oil, less for upkeep and less for service than any other truck—regardless of the number of cylinders. And price-comparison will show that this big, sturdy Chevrolet Six is one of the lowest-priced trucks you can buy.

Today, any truck user can apply this economy to his own particular work. The current Chevrolet commercial car line covers practically every delivery and hauling need. Twenty-five different models. Half-ton and 1 1/2-ton pay-load capacities. Three wheelbase lengths. A wide variety of Chevrolet-designed and Chevrolet-built bodies. Just name the type of truck you need—and you will very likely find it in Chevrolet's all-inclusive line.

Each Chevrolet truck has a 50-h.p. six-cylinder engine—25% more powerful than any other engine in a truck priced so low. Maximum load-capacity is assured by unusually large bodies, supported by long rigid frames and long parallel-mounted springs. And Chevrolet truck prices are among the lowest in the commercial car market.

Half-ton 100-inch wheelbase chassis \$355 (Dual wheels standard) 1 1/2-ton 131-inch wheelbase chassis \$520 (Dual wheels \$25 extra) 1 1/2-ton 157-inch wheelbase chassis \$590 (Dual wheels standard)

\*All truck chassis prices f. o. b. Flint, Michigan. All truck body prices f. o. b. Indianapolis, Indiana. Special equipment extra. Low delivered prices and easy C. M. A. C. terms.

**How One Woman Lost 10 Lbs. in a Week**

Mrs. Betty Luendeke of Dayton, writes: "I am using Kruschen to reduce weight—I lost 10 pounds in one week and cannot say too much to recommend it."

To take off fat easily, safely and quickly take one half teaspoonful of Kruschen in a glass of hot water every morning before breakfast—an 85 cent bottle lasts 4 weeks—Get it at the City Drug Store or any drug store in America. If this first bottle fails to convince you this is the easiest, safest and surest way to lose fat—money back.

**The Power Is On!**

Just turn the switch or push the button and power is on. Constantly and with assurance, electrical power from Texas Utilities is used each day for a multiplicity of things. It may be to light the smallest bulb in the city or turn the wheels of the largest motor, or again, a sewing machine or electric sweeper, but always and in the same strength, the power is there to perform the task. Every individual connected with the Texas Utilities is schooled to perform his task with accuracy and precision. Every person is trained to perform his task economically. Were these things not true we could not use the word "constant" in regard to power supplied by us. It is also our constant policy to serve the greatest number of customers at the lowest possible cost, and it is toward the fulfillment of this policy that everyone works.
