## Sale of Anxiety 4th Herefords Will Hold County Attention

All is in readiness for the reception of the fanciers and breeders of royally pedigreed Herefords in the city on Thursday of next week, January 28. The sale will begin promptly at 1:00 o'clock, according to W. T. Womble, sales manager, and it is expected the 50 head of extra select bulls will go rapidly under the hammer of the nationally-known livestock auctioneer, Col. Fred Reppert, and his corps of assistants will put them on the sales block.

The ladies of the Eastern Star lodge will have refreshments of sandwiches and coffee available before the sale, but Mr. Womble advises those who eat to do it and be done with all detracting influences, as when the sale starts the auctioneers are due every bit of attention of all bidders and spectators.

Hereford breeders from all parts of the United States are expected to be in attendance. As usual, the big sale will be held in the gas-heated pavilion specially built for the purpose years ago, now the property of Deaf Smith County, and used for fairs and public or private exhibitions suited to that type of building. Its circular tiers of seats arranged in amphitheatre form around the exhibition space and auctioneer's stand make an ideal place to accommodate the crowds that attend the sales each year. The commodious stables of the pavilion keep the animals in choice condition for the sale, and they have been brought in as weather and road conditions would permit for the past week.

Spectators and visitors are cordially welcomed by the gentlemen but they ask that good order be kept that full effect of the auctioneers' and each bidder's expression may be heard.

It will be a day of days for Deaf Smith county.

**S. O. Wilson For Commissioner In No. 1**

S. O. Wilson, dairyman extraordinary and well liked citizen of precinct No. 1, is announcing his candidacy as a candidate for commissioner from the southeast corner of the county.

Mr. Wilson has lived here six years, and is known far and wide for his fair dealings in business ways and his desire to be just to all. His dairy, which furnishes milk to the greater part of the city, enjoys a record for dependability that surpasses his customers' expectations.

A varied business training and a long experience in the administration of places of public and business trust, has fitted him well for the position he seeks. He invites investigation of his career as bookkeeper and manager of lumber companies, hardware organizations, his own drug store which he sold before coming here, and of his life and work since coming to the county. At present he has just been re-elected as president of the Farmers Creamery with the vote endorsement of its members stockholders for past work and of confidence in his future ability.

Mr. Wilson would make the county and his precinct an excellent commissioner.

**J. T. Cunningham Out For Sheriff's Office**

The announcement column of the Brand this week has added to it the name of John T. Cunningham, who is again making the race for sheriff and tax collector.

Mr. Cunningham is too well known to Deaf Smith County residents to need any introduction—they are all his friends. He is one of the most influential farmers, stockmen and registered Hereford cattle breeders of the county. He has been a resident, tax-paying property owner here for the past 14 years. With exception of a short term when appointed as constable, he has not sought public office until the campaign two years ago when he was defeated for sheriff.

If elected Mr. Cunningham has the qualifications to make the county a good sheriff.

**Jas. R. Robinson for Commissioner**

Jas. R. Robinson is joining the ranks of candidates for office this week by announcing for commissioner of precinct No. 1. His 20 years of residence in Deaf Smith county makes him well acquainted with the needs of the position for which he asks. Mr. Robinson says he helped bring the beautiful court house to the county every cent of taxes he ever paid in his life has been paid in this county; he is a property tax-paying citizen, and feels he can take a positive, forward-looking stand for the best interests of the community.

Mr. Robinson is now living on his farm two miles southeast of town. He is experienced in all the activities of the community business interests here in Hereford the past few years acquainting him with the needs of business people. He would make the precinct and county a creditable commissioner.

**Artis Russell Out for County Judgeship**

Artis Russell steps up to the candidates' platform this week by announcing for the office of county judge and ex-officio superintendent of schools. He covers his qualifications in a brief way that carries an appeal to the voters with it—he has lived his whole life before them here and they all know him just about as well as he knows himself.

Artis is a clean built, straight-thinking young man of unquestioned merit, and would serve the county well as its judge. His legal training fits him well for the judicial duties of the office and he is amply qualified to administer the commissioners court and school duties as they would come to him as part of the work.

**Mrs. P. A. Turnbow Dies Suddenly Wednesday**

Mrs. P. A. Turnbow, aged 68, died suddenly Wednesday evening, January 20, at the family home, 102 Lee Avenue. She had been in failing health for the past several months.

Mrs. Turnbow was one of the real pioneers of the territory, having made her home in Castro and Deaf Smith counties for the past 35 years.

She is survived by her husband, a daughter, Mrs. D. R. Grimes; a son, Willard, both of Hereford; two daughters, Mrs. Ina Kearns and Mrs. Maggie Lou Hollister of Los Angeles, California; five grand children; a brother in Mayville, Oklahoma, and a sister in Tulsa, New Mexico.

Funeral arrangements are not complete, pending word of those living at a distance who will desire to come. It is thought the funeral will be held Sunday.

**Neals Celebrate Golden Wedding**

The home of Mr. and Mrs. W. E. Neal was the scene of a joyous occasion Tuesday of this week when they celebrated their golden wedding anniversary. The coming of a son, Roy E., from his home in Lawrenceville, Illinois, the day before, to help them memorialize the event, made the day one of extreme pleasure. He brought with him a profusion of beautiful hot-house roses, he being a florist, and the brand was remembered with a gorgeous bouquet of them. Mrs. J. C. Ricketts and family of Hereford, and Leslie Neal and family of Amarillo were a daughter and son who were present for the day.

W. E. Neal and Miss Dora Heath were married at Lawrenceville, Illinois, January 19, 1862, by Rev. J. L. Griffin in the parsonage of the First Christian church. They made their home there until 1914 when they moved to Hereford, and have since continued their residence here. A host of warm friends will be glad to know of the half century of married life the Neals have passed and wish them many more delightful years of companionship. Announcements printed in gold were sent by the happy couple to those whom they felt nearest and dearest to them.

## Golfers Meet to Elect Officials

A called meeting of members of the Hereford Golf Club brought out 17 for a reorganization session Wednesday evening of last week, to get the work of the club started for 1932.

J. M. Posey was re-elected as president, A. R. Posey chosen as secretary-treasurer, and Dow Mercer was again made chairman of the greens committee. These officials will choose what ever assistants from the membership they wish at any time.

The club membership fees of \$12 each half-year will be the same as last year. A new ruling was made to permit boys of school age the privileges of the course provided they showed diligence in learning and practicing the etiquette and courtesies of the game with due regard for and appreciation of the course and the obligations upon each member to assist in keeping it in the best of condition possible. Fees for boys if school were set at \$5 for each half year. College students home for the two or three months vacation will be given player privileges for that period for the price of a schoolboy's half year.

Two members, R. H. Hopkins and Homer Fox, were chosen by the club to act as an advisory committee in dealing with the school boys as they enter the club, to teach them due respect for the privilege of playing, the property of the club; and the etiquette and courtesies to be expected of them as members.

The club voted to continue its participation in the Wheatland Golf League should it again be operative this year. A feeling of optimism for a successful year for the club was freely expressed at the meeting, the past season being one of the best since its organization a number of years ago.

## Mrs. Beas Turrentine Wants to Be Clerk

Mrs. Beas Turrentine has placed her name among those who announce as candidates for the office of county and district clerk.

She, like most of those who ask for public office, is well known to the voters of the county. Living on her quarter section west of town, Mrs. Turrentine has kept her family going as a farmer since the death of her husband, Dr. D. E. Turrentine, here four years ago. Two fine sons, six and eight and a daughter of twelve, are the care and pride of her household. In addition to farming her own land, Mrs. Turrentine has leased adjacent property to have more room for diversified farming activities, and she has been so successful at the job that her advice on local farming questions and their solution is sought by many progressive farmers here. She is one of the seven directors of the Farmers Creamery, Inc., a local cooperative dairy products institution that made and sold on Eastern markets over nine carloads of Cream O' Plains butter made from Deaf Smith county cream, during 1931.

Mrs. Turrentine is well qualified to do the work for which she is asking. For four years she was office manager, bookkeeper and accountant for the E. W. Harrison Elevator here, and her business ability is respected by all who know of and have watched the administration of her farm operations.

**J. T. Guinn Asks To Be Re-Elected**

J. T. Guinn, present commissioner of Precinct No. 3 of Deaf Smith county, is the first to announce his candidacy for that office, subject to the action of the Democratic primary July 23. Mr. Guinn has been commissioner from the west end of the county and is asking for re-election.

In making his statement to the voters, he calls attention to the careful administration given county affairs during the past two years, the number of new roads built in his precinct as well as over the county, and the way the highways have been maintained.

Mr. Guinn has tried to make the county a good and efficient commissioner, endeavoring to govern expenditures as he felt it would be the desire of the taxpayers to have them used, that full value might be received.

**Officials Make Inspection Trip**

Tomorrow County Agent Dunkle will have on his program of operations the accompanying of E. M. Rganbrecht, swine specialist of A. & M. College; Seth B. Holman of Amarillo, and P. C. Bennett, county agent of Potter county, on a trip of inspection to the four farms of Deaf Smith county that are taking part this year in the Swine Production Contest.

These men will check the work being done by the contestants and give individual advice concerning the correct keeping of records, the feeding, sanitation, care and management of the hogs entered in the contest.

Ben Wright, four miles east; Mrs. Beas Turrentine, five miles west; Lester Galley, eight miles northeast, and M. H. Koelzer, three miles east, are the four participants.

Mrs. Robert Withers of Abilene visited in Hereford Thursday and Friday of last week.

## WHEAT GROWS FROM AUTOMOBILE BATTERY

"From the dead the living came" is the theme of this week's story to the Brand. Voline Downs manager of Brumley Chevrolet called a representative of the paper to witness an unusual phenomenon last Friday.

A "dead" automobile battery that had been thrown on the junk heap some time ago, had come to life. Sprouts of wheat were growing out of the holes in the top of the cells and from cracks in the battery walls. The acids with which a battery are filled, it was thought would have killed the germ life in the grain.

It is presumed the battery was from a wheat truck, for how else could the grains have got down into the plates, but who would have left the tops off the cells to let grain fall in?

## T. & P. Hearing Middle February

Advice from Judge Jno. P. Slaton, who heads the T. & P. Railway committee of the chamber of commerce, and press dispatches from Washington, tells that the long awaited oral argument for the proposed 330 miles of Texas & Pacific Northern new railway extension north from Big Spring through Hereford to Vega, will be heard before the Interstate Commerce Commission. The date has been set for Tuesday, February 17.

At the present time, owing to depressed conditions over the entire country, great optimism is not felt for granting of the petition at this meeting, however, the communities to be affected by it are hopeful of success. Should it fall at next month's meeting, the question in all probability will not be definitely closed. Ultimately the T. & P. N. will be built, but the economic conditions of the country at the present time may delay the granting of the application.

**E. M. Jack Announces for Commissioner In 3**

E. M. Jack, who lives southwest of Syndicate school house in precinct No. 3, places his candidacy for commissioner from the west end of the county before the voters out there, in this issue.

While only living here for the past two years, Mr. Jack has owned for 4 1/2 years the half section he has well improved to make an ideal rural home. He and Mrs. Jack, with their three children, were citizens of near Lockney in Floyd county before moving to Deaf Smith County. He is the type of citizen the progressive people are encouraging to locate here and invite to take an interest in community affairs.

He has improved his farm with a modern country home and equipment for diversified farming, chickens, hogs and Jersey cows producing a steady income for the family. He farms wheat, cotton and row crops. He credits Mrs. Jack with raising enough garden produce to feed the family this summer and she has canned enough, he says, to feed them for a year without having to buy more.

His neighbors who know Mr. Jack, from their appreciation of his understanding and ability, have encouraged him to announce for the office of commissioner, and he says he feels he knows the needs of the precinct and can give the county his part of a business-like administration.

## S. L. Walser Asks to Be Commissioner

J. T. Walser, who made the race in precinct No. 2 for commissioner two years ago, has again announced as a candidate for the office. He ran an exceptionally good race then, and who ever beats him will have to take his candidacy into consideration this year.

He is a resident tax payer and property owner who has made one of the trust and most dependable citizens the county has known, is a conservative, quiet dispositioned fellow who goes about his daily tasks without any flurry, but accomplishes results that are the envy of his associates.

Mr. Walser would not be a disappointment to his constituents as a commissioner should they elect him to the office.

## W. M. (Mal) Stewart Asks Re-Election

W. M. (Mal) Stewart, present commissioner of precinct No. 4 places his announcement asking for re-election in this issue of the Brand, subject to the action of the voters at the Democratic primary, July 23.

This is Mr. Stewart's first term as commissioner and the present court has been sorely tried by the conditions of the times, but the members have administered the affairs of the county to keep it in the most substantial financial condition of any in the Panhandle.

In asking for re-election, Mr. Stewart refers to his record in the past term as an outstanding credential of his ability to serve the county well, and says the experience gained should make him the more valuable another term.

## Organize North-South Highway

Four Deaf Smith County representatives attended a meeting in Littlefield Tuesday to assist in the organization of the Panhandle North and South Highway Association, having for its purpose the designation of the Vega-Hereford-Dimmitt-Littlefield, etc., road as a state highway, beginning with a bridge over the Canadian River and going south across the Plains for a great distance.

The meeting chose Arthur Duggin of Littlefield as president and J. E. Hill of Hereford as vice-president, with two directors from each county affected, the county judge by virtue of his office automatically becoming one of them and the other to be selected from among prominent citizens of the county. W. E. Dameron, president of the Hereford chamber of commerce was chosen to serve with County Judge Earl W. Wilson as the members from Deaf Smith.

This movement is well in keeping with the proposed paved highway program being promoted here and if successful will result in the state paying for one-half of the north and south route across this county, which is no small item.

However, this is no time to let up on the drive to keep pushing forward on the proposed highway movement here. Deaf Smith county is less interested in through highways than it is in serving its own immediate needs. Its own program can easily be made in such a way that all credit for a later designated state route will be given for every cent spent on local highways, and the waiting for state designation will greatly delay important and pressing local circumstances. No dilly-dallying is necessary.

## Citizens Meeting Nominates Candidates for City Offices

### LIONS INITIATE NEW MEMBERS AT LUNCHEON

The Lions club had an enjoyable luncheon Wednesday noon, when three cubs were conducted into full membership with due ceremony, Mayor E. S. Ireland, I. O. Crosthwaite and Glenn Weir taking the count. As the latter expressed his sentiments when called on for a talk, "I am glad to be whatever we are, whether Lions or whatever."

The club was presented a flag by Boss Lion Prestice Rosson. An announcement of deep concern to the members was made by him when he extended an invitation from the Lions' wives to meet, Tuesday evening, February 2, for an entertainment by the ladies at "his wife's house" as the result of a secret meeting they held at "John McLean's wife's house" the day before. The club accepted promptly and without a dissenting murmur.

Dr. R. E. Perkins was a guest of the club this week.

### Creamery Elects Same Officials

The stockholders of the Farmers' Creamery, Inc., in annual meeting last Friday voted an expression of appreciation to the directors for the successful conducting of the business during the past year, and extended a sincere mark of confidence in their ability by electing them back to their offices for the coming year.

The officials are S. O. Wilson, president; Herman Schuitz, vice-president and manager; Lester Galley, secretary-treasurer, who, with Mrs. Beas Turrentine, J. L. Lookingbill, George Lewis and Fred Pittner make up the board of directors.

The report of the year's operation of the creamery showed there had been manufactured and sold 186,000 pounds of butter, something over nine carloads. The business was operated at a profit in one of the most distressing periods of financial history. The stockholders voted to leave this profit in reserve as an operating fund, rather than distribute it as individual profits, to offset the possibility of interest payments on loans to balance operating expenses during the coming year.

### C. T. Kibbe Wants to Serve as County Judge

C. T. Kibbe becomes a candidate for county judge and ex-officio superintendent of schools with his announcement in the Brand this week. Mr. Kibbe is well known over the county as a business man and farmer and is highly respected for his integrity and ability.

Official duties in other places qualify him well for the routine of the office work, his contact with civic and county affairs for the past several years of his residence has made him well acquainted with conditions and the handling of them, his farming interests have kept him in close touch with rural needs and activities, giving him excellent qualifications to understand, look after and administer the business of the county.

Mr. Kibbe would make Deaf Smith County a good judge.

### J. Wallace Robinson Wants to Be Sheriff

J. Wallace Robinson, better known as Jimmie, throws his hat into the political ring this week by announcing as candidate for sheriff. His popularity as operator of the Texas Meat Market for the past several years, to which he has recently added a fine grocery business, has acquainted him with nearly everyone in the county, and his genial personality keeps them coming back for the pleasure of his friendship.

Jimmie goes about his campaigning in a business-like manner. He first says that to be sheriff he has to have enough votes to get elected, and that is the thing to be done. If elected he says the next big job is to make a good sheriff, and he is also right in that. Then he says there is more to being sheriff than totting a gun and throwing folks in jail, that he feels it a pretty big and responsible job to look after things in such a way that much of the harsher methods won't be necessary.

Isn't that just like Jimmie? He would do it, too, if he were elected. Everyone who comes in contact with him has confidence in him and counts on him coming through—and he does.

Too many dogs running around loose in Hereford. You can see them in all directions, and it is high time they were getting thinned out. Everybody agrees on that. But where is the work to start?

Now comes Charlie Boyd, city marshal, and issues warning to keep up the dogs whose owners want to guarantee their survival. Someone has to kill off the dogs, and it is up to the owners to see their pets stay alive, if they want them to.

That's fair enough, and no one should complain about such measures being taken. Now, let's not ask Charlie why he has not done something about so-and-so's mongrel instead of jumping on our—let's each one take care of his own, and let Charlie take care of what's left running promiscuously about town.

**Twenty-One Years Ago In Hereford**

(From Files of The Brand of January 27, 1911.)

The Goodnight bucalo ranch had been incorporated under a state charter.

A number of farmer adjacent to Hereford had begun shipping cream and were well pleased with the remuneration received. A lengthy article discussed the proper care and preparation of the cream for most satisfactory shipping.

Nearly all the front page of The Brand was taken up with a history of irrigation, its possibilities and methods of operation.

Rev. J. W. Story, former Meth-

odist pastor here and at that time presiding elder of the Clarendon district, had been in Hereford renewing his citizenship by paying a poll tax.

Canyon had played a combination high school and college team of basketball an outdoor game in a stiff north wind, and let down the locals with a 25 to 8 score. Carter, Rogers, Thomas, Johnson and Moore made up the Hereford team. Pug Cavitt and the two Lair boys of Canyon got credit for the best playing.

A picture of C. O. Lee with beautiful "handlebar" mustaches was used in his real estate advertising in The Brand.

Someone was having The Brand advertise for a good second-hand top buggy.

A. W. Gregg was advertising for a lady's shirt and tea jacket he had lost between town and his home, and pleaded for its return as he didn't want his hair thinned.

J. R. Mosely, known as the only and original Mosely, had returned from a visit to Mineral Wells.

The Mother's Club had met at the home of Mrs. D. C. Laird with Meses. Hattie Rutherford, I. H. Spratt and Carl Gilliland, having important parts in the program.

Not all parents are able to take advantage of the advice given in these school room clinics by placing their children under a professional's care, but many times corrective home measures can be taken by following the advice of the health nurse, and great inconvenience or suffering in later life may be escaped.

Those parents who do take advantage of the suggestions made at the clinics are repaid many times over. There are people who still do not seem to understand the fact that all delinquent tax penalties and interests are cancelled if the debt is paid before February 1st in every circumstance, with the possible exception of 1930 taxes the saving effected the taxpayer is 15 per cent or over. No matter what year or years taxes have gone delinquent, how much the penalty and the interest accrued amounts to, the whole excess is cancelled if the tax alone is paid during January.

From all the groaning heard about tax-paying time, it would appear those who say they have been ruined by high taxes, penalty and interest, would take advantage of the situation, and be happily reinstated by tax payment before the end of this month.

But all penalties and interest go back in force beginning February 1. Don't forget that. The period of penalty and interest cancellation is nearly past.

Spring is coming. Pansies have been blooming through the snow in J. A. Buckner's yard, and the dandelions down along the creek on the golf course keep sticking their golden heads up through the grass. Take a look at the elm buds the next time you are walking down the street and see for yourself what is happening.

The examinations being conducted by the county health service, directed by Miss Grace Buzzell and assisted by physicians, surgeons and dentists of the county as they visit the school rooms of Hereford and rural communities of Deaf Smith are most commendable.

### JESUS AND THE SAMARITAN WOMAN

John 4:9-26

9. The Samaritan woman therefore saith unto him, How is it that thou, being a Jew, askest drink of me, who am a Samaritan woman? (For Jews have no dealings with Samaritans.)

10. Jesus answered and said unto her, If thou knewest the gift of God, and who it is that saith to thee, Give me to drink; thou wouldest have asked of him, and he would have given thee living water.

11. The woman saith unto him, Sir, thou hast nothing to draw with, and the well is deep; whence then hast thou that living water?

12. Art thou greater than our father Jacob, who gave us the well, and drank thereof himself, and his sons, and his cattle?

13. Jesus answered and said unto her, Every one that drinketh of this water shall thirst again;

14. But whosoever drinketh of the water that I shall give him shall never thirst; but the water that I shall give him shall become in him a well of water springing up unto eternal life.

The woman saith unto him, Sir, give me this water, that I thirst not, neither come all the way hither to draw.

16. Jesus saith unto her, Go call thy husband, and come hither.

17. The woman answered and said unto him, I have no husband. Jesus saith unto her, Thou saidst well, I have no husband;

18. For thou hast had five husbands; and he whom thou now hast is not thy husband: this hast thou said truly.

19. The woman saith unto him, Sir, I perceive that thou art a prophet.

20. Our fathers worshipped in this mountain; and ye say, that in Jerusalem is the place where men ought to worship.

21. Jesus saith unto her, Woman, believe me, the hour cometh, when neither in this mountain, nor in Jerusalem, shall ye worship the Father.

22. Ye worship that which ye know not; we worship that which we know; for salvation is from the Jews.

23. But the hour cometh, and now is, when the true worshippers shall worship the Father in spirit and truth: for such doth the Father seek to be his worshippers.

24. God is a Spirit: and they that worship him must worship in spirit and truth.

25. The woman saith unto him, I know that Messiah cometh (he that is called Christ): when he is come, he will declare unto us all things.

26. Jesus saith unto her, I that speak unto thee am he.

Golden Text: Christ Jesus came into the world to save sinners. 1 Tim. 1:15.

Time: December or January, A. D. 27 (see verse 35, harvest in

Palestine coming in April.) Place: Sychar, in Samaria, near the ancient Sechem.

#### Introduction.

On their way northward from Judea to Galilee, Jesus and his disciples came to Jacob's Well close to Sychar and near the ancient Shechem, situated between Mounts Ebal and Gerizim. It was six o'clock in the afternoon, according to Roman reckoning, when Jesus, wearied with his journey, seated himself on the stone steps of the curbing around the well. The disciples went into the village to purchase food and so Jesus was probably left alone; though it may have been that "John remained with Jesus and overheard the conversation he reported". At present Jacob's Well furnishes an abundance of good water; it is now seventy-five feet deep and about eight feet in diameter.

Christ went northward by the shortest route, which led through Samaria, the middle division of Palestine. Most Jews taking that journey made a detour to the east and went up along the eastern bank of the Jordan in order to avoid the territory of the hated Samaritans, with whom (verse 9) they had no more dealings than absolutely necessary. The Samaritans erected their own rival temple on the summit of Mount Gerizim, which, however, was destroyed about B. C. 120 by John Hyrcanus, so that in Christ's day the Samaritans merely worshipped on the site of their former temple. Their religion in the time of Christ was not far from that of the Sadducees. They looked for the coming of the Messiah and accepted the Pentateuch as their Bible, but rejected the rest of the Old Testament. A pitiful remnant of the Samaritans still exists and worships where they worshipped ages ago.

#### Asking a Favor.

Sychar had a plenty of water but it came from the lime strata of Mt. Ebal, and people then as now go much farther to this well to get soft water. While Jesus sat there a woman came with her pitcher to draw water from the well, for that was regarded as women's work. She is called "a woman of Samaria", not meaning the ancient capital, which was six miles distant, but the country of Samaria; she was a Samaritan woman. It was considered improper for a rabbi to talk much with a strange woman, and this woman would be recognized at once by the pure-hearted Saviour as a woman of abandoned character. Besides, she was a despised Samaritan; and yet he asks a favor of her! One of the ways to get close to another person is to do him a kindness, but still a better way is to seek and receive a kindness at his hand. Also Christ was longing for the woman's salvation, which was drink to his soul. "The whole incident is an acted parable of the gospel. The words of Jesus, 'Give me to drink,' are an expression of the thirst of God. Jesus thirsted beside the well of Sychar to show us that

thus God thirsts for our recovery from our state of sin and misery."—Rev. Hugh MacMillan, F. T. R. E.

#### A Well of Water.

"Jesus answered and said unto her. If thou knewest the gift of God, 'Thou earnest in thinking that it is I who need thy help, when thou rather hast need of mine.' 'Thou wouldest have asked of him, and he would have given thee living water.' By 'living water' the Jews meant moving water, the water of a stream, in contrast with the 'dead' or stagnant water of a pool or cistern or such a well as Jacob had dug. What is this Jesus is saying? His cure for the satisfaction of sin is a greater satisfaction. 'The living water signifies the Spirit of God given to all them who believe.'—Thomas Chalmers. 'Where there is water, there is life; where there is life, there is water. The land is barren and dry where no water is, but even the wilderness may be made to blossom as the rose if the clouds do but pour their moisture upon it. Is not water, in its various beneficent manifestations, a fitting symbol of the divine life which flows from the heart of Christ to enrich the souls of his human brethren?'—Rev. H. N. Grimley.

#### Earthly Pleasures Do Not Satisfy.

"Every one that drinketh of this water shall not thirst again." "Physical good does not satisfy a man's soul any more than intellectual truth of beauty meets the cravings of his body. You cannot feed a hungry soul with a dainty

dish, enrich a poor soul with gold, or clothe a naked soul with lace and diamonds, yet thousands are guilty of the foolish endeavor. Our Lord feeds with immortal bread the hungry soul, enriches the poor in spirit with incorruptible treasure of power and peace, and clothes the inner man of the heart with a royal raiment of spiritual righteousness. Men can never be satisfied by any stream of which cattle drink." "But whosoever drinketh of the water that I shall give him shall never thirst." "Our Lord is here distinguishing between two kinds of happiness, the temporary and the permanent. One satisfies for a time, the other continues throughout all time."—Dean George Hodges.

#### True Worshipers.

"But the hour cometh, and now is." The time of man's freedom in the Spirit from local restrictions of worship was coming in its fullness, and had already begun in that very conversation of Jesus with the despised Samaritan woman, a conversation breaking over all the bonds of formal religion, and leaping forth into the liberty of the children of God. "When the true worshippers shall worship the Father in spirit and truth." "The characteristics of true worship are only two, 'spirit,' 'truth,'—heart, head, emotion, intelligence; the whole man going forth to lose himself in fellowship with the Unseen. Hence, Hegel writes truly, 'Worship is primarily an inward act of faith, the living communion of the ego with God.'—Rev. George C. Lorimer, D. D. "For such doth

the Father seek to be his worshippers." "Note the emphasis in this reply on the word 'Father' (v. 21 and twice in this verse) This name of God, which we teach children to use in earliest years, came to her, it may be, now for the first time. The yearning of the human spirit is that of a child seeking the Author of his being. The seeking is not human only. The Father also seeketh his child, and seeth him when he is a great way off (Luke 15:20)." —Archdeacon H. W. Watkins.

#### Messiah Cometh.

"The woman saith unto him, I know the Messiah cometh (he that is called Christ)." The Samaritans, though they accepted only the Pentateuch, based their expectations of the Messiah on such passages as Deut. 18:15-20. "When he is come he will declare unto us all things." The woman was confused. She was not able to rise to the height of Christ's sublime utterances; but she had faith to believe that the coming Messiah

would make it all clear to her.

#### I Am He.

"Jesus saith unto her, I that speak unto thee am he." This seems to have been our Lord's first declaration of his Messiahship, and it is one of the clearest he ever made. "No one before her had been so honored as this woman; not Nicodemus in the privacy of a personal interview; not as yet the disciples nearest to him in the narrow circle of friends, and not of course, the Jews demanding his authority for expelling with platted thong from the holy temple its lusting profaners."—Rev. Samuel H. Giesy, D. D.

While our Lord was speaking with the woman, the disciples returned from Sychar with food, and were surprised at his unconventional act, but had far too much reverence for him to speak about it. When the disciples pressed food upon him, he made the memorable reply, "I have meat to eat that ye know not. My meat is to do the will of Him that sent me

and to accomplish His work." Then he bade them raise their eyes and see the fields already whitening for the harvest.

#### Special Lessons.

"It is a significant fact that Samaria was opened to evangelism through the medium of a woman of low social rank and of ill repute. She was the latch of the door which Christ found ready for his hand."—J. D. Freeman.

"The supreme interest and importance of this chapter lies not only in the conversation of the woman, but in the effect that her testimony had upon the men of the city."—Rev. Cyril Bickersteth.

### Again Plan Trip To Galley Silo

The long delayed visit of local dairymen and interested farmers to the Lester Galley farm north-east of town has again been arranged by County Agent R. O. Dunkle, this time for next Saturday afternoon, January 23.

The cars that will make the trip will leave after noon from his office. The occasion of the visit is to inspect and see in operation a trench silo Mr. Galley constructed at his dairy farm last summer, and is using to supply succulent green feed to his stock this winter.

The trench type of silo is featured in this territory because of the ease with which it is constructed and from which it is possible to take the ensilage for consumption.

### LIONS LADIES NIGHT PROVES ENTERTAINING

Hilarity and good fellowship were outstanding in the program of the Hereford Lions last Thursday night when the members entertained their wives and friends. Boss Lion S. P. Rosson, as toastmaster, administered justice when he could keep up with what was going on and didn't get misled by interested parties who influenced him to the contrary. Tailtwister Whaley had Dave McCurdy assisting him in detecting punishable offenses and they performed valiantly (?). Dave Alexander was fun-maker of the occasion when others would permit him to make his jokes intelligible. Lion Ralph Smith was song (?) leader, and Lion Kessle on a scheduled talk about Lion Relations kept (?) the question away from the home atmosphere of discussing foreign, poor and possibility of "rich" relatives. The Lions' creed and fellowship activities were also presented.

Non-members appearing on the evening's program were Rev. and Mrs. E. P. Gieser and Miss Martha Duncan; while Mr. and Mrs. J. D. Buchanan were guests of the occasion.

Miss Nell Ayres, drouth area nurse at Lubbock, member of the state health department, visited Miss Grace Buzell Tuesday.

### Club Yearbooks In Printers' Hands

The Brand is this week making the yearbooks for the rural clubs of the county. The books will be attractively bound in a new type of cover, and will be made to federated club specifications.

Too great tribute cannot be paid the club women of Deaf Smith County this year for the issuance of the text for their year's work. Last year a demonstration agent assisted them in collecting and arranging the programs and material and assembled them into the accepted compact order of their seasons' and most advantageous use. This year, without extension service help, the clubs of the county have diligently selected material and arranged one of the most creditable outlines of study and work for their associational plans through 1932 that the writer has ever seen.

The 125 books being printed will be souvenirs in a great many homes after their usefulness as texts is past. The theme of the book is citizenship.

**GLADYS PHILIPPI HAS RECOVERED USE OF FOOT**

Gladys, 12 year old daughter of Mr. and Mrs. A. H. Philippi, is back in school this week with a foot formed and growing as a normal child's foot should be. She has been under a surgeon's care for several months in an effort to correct a foot made crooked by infantile paralysis.

Last Thursday she was taken to Amarillo and the final cast was removed from the foot and it was revealed perfectly straight and normal.

## Seen On the Screen at the Star

Tallulah Bankhead, whose admirable work in "Tarnished Lady" carried her to new heights of popularity, is starred in "The Cheat", showing Monday and Tuesday at the Star. Miss Bankhead, who is cast in neither of the sophisticated roles to which she is so adaptable, portrays a character which gives her talent opportunity for full expression.

Wednesday of next week Manager J. C. Parker throws open the doors of the theatre with an invitation for everyone to be his guest at a free showing of "Heart Break", starring Charles Farrell. Hoot Gibson in "The Gay Buckaroo" is another of the better class western pictures, showing matinee and night Saturday.

Rev. Mark Beavers, presiding elder of the Clarendon district of the Methodist church, visited relatives and friends in Hereford Monday.

## TO THE VOTERS OF DEAF SMITH COUNTY

I am in the race for sheriff. The first big job ahead of me is to get the votes necessary for election. I am going to try to do this in the fairest and cleanest way I know how, and I want your help.

If I am elected, the next big job is to make the right sort of sheriff. As every one knows, I have had no experience as an office-holder of any kind, but I have had experience in dealing with the public in general, and right here in Hereford most all of my life.

Toting a pistol and putting people in jail is only a part of the sheriff's job. Besides handling the business and putting folks in jail when they need it, his contact and influence with the citizenship in the right way has a lot to do with the smooth-running of the community.

I figure that this office requires one's full time and his very best efforts all the time, and, if I am elected, I pledge myself to this end. I respectfully solicit your support.

2-1p J. WALLACE ROBINSON

## TO THE VOTERS

This is to announce my candidacy to the office of County Judge and Ex-Officio Superintendent of the schools of Deaf Smith County, subject to the action of the Democratic Primary, July 23.

I have spent almost 35 years in Deaf Smith County, and have seen it grow from a pasture land to its present state of development. I feel that during my life here I have gained a knowledge of the needs of the county as a whole.

The schooling that I have received in Texas, and later in Iowa, enables me to fully appreciate the value of educating the youth of today, in order that they may be better prepared for useful citizenship.

As the support of my family depends upon the products from the soil, it gives me an understanding of the rural problems, and the business associations I have had gives me confidence in my ability to be of service to you in the office for which I am asking your support.

Your vote and influence will be greatly appreciated. 2-1p C. T. KIBBE.

## TO THE VOTERS

I am announcing my candidacy for the office of commissioner of Precinct No. 1 of Deaf Smith County, subject to the action of the Democratic primary, July 23.

I think I am competent to handle the office. I have lived here 30 years, and have always been interested in the welfare and up-building of Hereford and Deaf Smith county. I believe I am thoroughly familiar with the wants and needs of the people of this county.

If I am elected I will strive at all times to give the people a fair deal, and at the same time make them an energetic, progressive and economic servant.

I respectfully solicit your vote and influence.

JAS. R. ROBINSON.

## TO THE VOTERS

I wish to announce my candidacy for the office of county commissioner of Precinct No. 2 of Deaf Smith county, subject to the action of the Democratic primary election, July 23, 1932.

I have been a citizen and taxpayer of Deaf Smith county for 15 years. I also stand for good sound management of the entire county, and if you entrust the office to me I shall perform my duty to the best of my ability.

I want to thank the many voters that voted for me two years ago when I made the race for county commissioner in precinct No. 2. I now solicit the entire vote and influence of every voter in the district. I beg to remain, yours for service. 2-1p S. L. WALSER.

## ANNOUNCEMENT

To the Voters of Precinct No. 3: I am announcing for the office of county commissioner of precinct No. 3, subject to the action of the Democratic primary July 23. I am a property taxpaying citizen living upon a half section I improved for diversified farming two years ago. I know the needs of our precinct and believe I am qualified to represent its citizens and community in a businesslike administration.

I invite investigation of my candidacy, and solicit your influence and support. 2-1p E. M. JACK.

## TO THE VOTERS OF COMMISSIONERS PRECINCT NO. 4

I do hereby respectfully ask you to give me your vote and support in my candidacy for re-election as your commissioner. I have used my best judgment in managing the affairs entrusted to me and if you see fit to return me to the office it will be my desire to continue to do my duty to the best of my ability. 2-1c W. M. (Mal) STEWART.

## TO THE VOTERS

I am announcing for County Judge and Ex-Officio County School Superintendent, because I need the office and want it. I am 24 years old and have lived in Hereford all of my life. Most of the people know as much about me as I do about myself. I promise to perform the duties of the office in a competent manner, and favor an economical program. I am a dyed-in-the-wool Democrat. Your vote and influence will be greatly appreciated. 2-1p ARTIS RUSSELL.

## TO THE VOTERS

After being solicited by a number of friends to again make the race for Sheriff and Tax Collector, I am announcing as a candidate, subject to the Democratic Primary, July 23.

I will sincerely appreciate your vote and influence. 2-1p J. T. CUNNINGHAM.

**STATE OF TEXAS**

To the Sheriff or any Constable of Deaf Smith County, Greeting:

You are hereby commanded to summon O. H. Peterson, Randolph Holland, Edith Bergh Holland, Jesse Harrington, each of whom are non-residents of the State of Texas, and The Godfrey Investment Company, a non-resident of the state of Texas, and which is a foreign corporation, incorporated under the laws of the State of Oklahoma, with its office and place of business in Oklahoma City, Oklahoma, and Elmer C. Holland, Bernice J. Holland and Leigh F. Watson, whose residences are unknown, by making publication of this citation, to appear at the

next regular term of the District Court of Deaf Smith County, Texas, to be held at the Court House in the City of Hereford, on the First Monday in February, 1932, being the 1st day of February, 1932, then and there to answer a petition filed in said Court on the 30th day of December, 1931, the file number of which is 1938, in which suit Guy E. Varnum is plaintiff, and W. E. Stevens, W. S. Day, Claude Higgins, H. W. Engle, The First National Bank of Hereford, a corporation, O. H. Peterson, Randolph Holland, and wife, Edith Bergh Holland, Elmer C. Holland and wife, Bernice J. Holland, Leigh F. Watson, Jesse Harrington, and The Godfrey Investment Company, a corporation, are defendants.

The Cause of action alleged in said petition is substantially as follows, that:

The defendants, Elmer C. Holland and wife, Bernice J. Holland, executed and delivered to defendant, The Godfrey Investment Company, payable to its order, on the 1st day of May, 1935, a real estate first mortgage bond, dated April 15, 1925, said bond bearing interest from May 1, 1925, to maturity at the rate of 6 1/2 per cent per annum, interest payable annually, on May 1, 1926, and on the 1st day of each May thereafter until maturity of said bond, and as evidence of said interest installments said defendants, at the time said bond was executed and executed and delivered to said defendant, The Godfrey Investment Company, payable to its order, ten interest notes or coupons, each for the sum of \$292.50, said interest or coupon notes maturing, one on May 1, 1926, and one on May 1, of each succeeding year thereafter until and including May 1, 1935, and that said bond and each of said coupon or interest notes provide that it shall bear interest after maturity at the rate of ten per cent per annum, and said bond provides that if default be made for ten days in the payment of any sum, either principal or interest after due, then the holder thereof, at his election, may declare the entire amount of said bond due and payable and that such election shall be made and evidenced by written notice thereof, transmitted to the makers thereof by registered mail, and said bond provides that if it be placed in the hands of an attorney for collection, after its original or expedited maturity, the makers thereof shall pay the legal holder thereof, as attorney's fees, the additional sum of \$450.00.

That as security for the payment of said bond, defendants, Elmer C. Holland and wife, Bernice J. Holland, executed and delivered to J. A. Huser, as trustee, a deed of trust, dated April 15, 1925, recorded in Deed of Trust Records of Deaf Smith County, Texas, in book 28, at pages 287 to 290, conveying to said trustee, all of the following described lands situated in Deaf Smith County Texas, to-wit:

The N 1/4 and the SE 1/4 of Section 86, Block K-4, Certificate No. 1-380, F. S. & F. Survey, containing 488.8 acres.

That on April 15, 1925, said defendants, Elmer C. Holland and Bernice J. Holland, executed and delivered to J. A. Huser, as trustee, a second deed of trust on said land, which is recorded in Book 28, at page 290, Deed of Trust Records, Deaf Smith County, Texas, to secure payment of two notes for the respective sums of \$100.00 and \$75.00 each, executed by the defendants, Elmer C. Holland and Bernice J. Holland, and payable to the order of the defendant, The Godfrey Investment Company, said notes dated April 15, 1925, and due May 1, 1926, and May 1, 1927, respectively, and said deed of trust specified and provided that it was subordinate and inferior to the said deed of trust lien on said land securing the payment of said bond for \$4,500.00.

That after said bond for \$4,500.00 was so executed and delivered to defendant, The Godfrey Investment Company, it, for a valuable consideration paid by the Citizens Savings Bank and Trust Company, a corporation, endorsed, sold, assigned and delivered said bond and transferred and assigned the said deed of trust lien on said land securing said bond, to said Citizens Savings Bank and Trust Company; And thereafter, before May 1, 1931, for a valuable consideration paid by plaintiff, to it said Citizens Savings Bank and Trust Company sold, assigned and delivered said bond and all interest installments notes or coupons to plaintiff, who is the legal and equitable owner and holder thereof.

That after said bond and said two deeds of trust had been executed, filed and so recorded, defendants, Randolph Holland and Edith Bergh Holland by a written instrument, dated April 15, 1927, recorded in Deed Records of Deaf Smith County, Texas, in book 56, at page 113, for a valuable consideration paid by defendant, Leigh F. Watson, sold and conveyed to said Watson, all right, title, interest and estate in and to a 1-32 royalty of all the oil and gas produced and saved from the following portions of said lands so covered and conveyed by said deeds of trust, to-wit:

An undivided Northwest quarter of the Northwest quarter of the Northwest quarter of said section 86.

That on February 5, 1930, by deed of that date, recorded in Deed Records of Deaf Smith County, Texas, in Book 63, at page 535, defendants, Elmer C. Holland and Bernice J. Holland, Randolph Holland and Edith Bergh Holland, sold and conveyed to Karl D. Engle all of said lands covered and conveyed by said two deeds of trust, but in said deed they reserved and retained an undivided 1-8 of all the oil and gas and other minerals in and under said North one-half of said Section 86, and as part of the consideration for the purchase price of said land, the said Engle executed and delivered to defendant, Randolph Holland, payable to his order seven notes, all dated February 5, 1930, one for \$1150.00 due May 1, 1930, and six for \$400.00 each, due on or before 1, 2, 3, 4, 5, and 6 years from their date respectively and in addition to the vendor's lien retained in said deed to the said Engle to secure the payment of said notes, said Engle executed and delivered to J. E. Hill, as trustee, a deed of trust on said land, which is recorded in Deed of Trust Records of Deaf Smith County, Texas, in book 33, at page 003.

That by deed dated April 10, 1930, recorded in book 64, at page 373, Deed Records of Deaf Smith County, Texas, said Karl D. Engle and wife, Hazel J. Engle, sold and conveyed all of said lands covered by said two deeds of trust to defendant, W. E. Stevens, and as part payment thereof said Stevens assumed the payment of said bond for \$4,500.00, which assumption was recited in the said deed of conveyance and executed and delivered to defendant, H. W. Engle, payable to his order, seven notes, each for the sum of \$652.22, all dated April 10, 1930, and due 1, 2, 3, 4, 5, 6, and 7 years from March 22, 1930, and a vendor's lien was expressly retained in said deed to secure the payment of said notes.

That the defendant, The Godfrey Investment Company, is claiming a lien on all of said lands included in said deed of trust securing said \$4,500.00 note; defendant Randolph Holland is claiming a vendor's lien and deed of trust lien on said land to secure the payment of said notes executed by said Karl D. Engle; defendant O. H. Peterson is claiming some interest in said notes; defendants, Elmer C. Holland, Bernice J. Holland, Randolph Holland, and Edith Bergh Holland are claiming some interest or title in and to an undivided 1-8 of all the oil and gas and other minerals in and under said North one-half of said section 86, by reason of said reservation in said deed from them to said Engle; defendant H. W. Engle is claiming a vendor's lien on all of said land covered by said

deed of trust, securing said bond, by reason of the seven vendor's lien notes so executed to him by defendant, Stevens; and defendants, The First National Bank of Hereford, W. S. Day, Claude Higgins and Jesse Harrington, are each and all claiming an interest in said seven notes so executed to defendant, H. W. Engle as well as the vendor's lien on said land securing their payment.

That plaintiff's deed of trust lien on said land is superior to said deed of trust lien thereon, securing said notes for the respective sums of \$100.00 and \$75.00 each; is superior to all rights and title of defendant, Watson in and to said land acquired by him in said mineral deed from defendants, Randolph Holland and Edith Bergh Holland; is superior to the vendor's lien and deed of trust lien on said land securing the payment of the said seven notes so executed by said Karl D. Engle; is superior to the mineral rights reserved in said deed to defendant Karl D. Engle; and is superior to the vendor's lien on said land securing the payment of said seven notes executed to defendant, H. W. Engle; and is superior to any rights that defendants, H. W. Engle, The First National Bank of Hereford, W. S. Day, Claude Higgins and Jesse Harrington, and either of them, have or own in and to said seven notes or the vendor's lien on the land securing their payment.

That the interest note that matured May 1, 1926, 1927, 1928, 1929, and 1930, have all been paid but default was made in payment of said interest note due May 1, 1931, and that said interest note, no part thereof, and said bond and no part thereof has ever been paid to plaintiff's damage; and after default was made in payment of said interest note, and more than ten days after its maturity, plaintiff, the legal and equitable owner and holder thereof, at said time and who is now such owner and holder, on account of said default declared said bond due and pay-

able, and as evidence thereof, transmitted to each of said makers and defendant, W. E. Stevens, in the registered mail of the United States, at their respective Post Office addresses, a written notice that plaintiff had so declared said bond due and payable and thereafter placed said bond in the hands of his attorney for collection, and agreed to pay said attorney the attorney's fees provided for in said bond, and for that reason said attorney's fees are also due and unpaid.

Plaintiff seeks to recover judgment against all of the defendants for the full amount of said bond, principal, interest and attorney's fees, for costs of suit; a decree that his deed of trust lien securing said bond is superior to any rights title, interest, claim and estate in and to said lands, or liens thereon, of each and all of defendants and for foreclosure of his deed of trust lien on said land, as to and against each and all defendants and for special and general relief.

You are hereby commanded to summon said defendants, O. H. Peterson, Randolph Holland, Edith Bergh Holland, Jesse Harrington, The Godfrey Investment Company a foreign corporation, Elmer C. Holland, Bernice J. Holland, and Leigh F. Watson, and each of them, and to serve this citation by making publication of this citation once in each week, for four consecutive weeks previous to the return day hereof, in some newspaper published in your County; but if there be no newspaper published in your County, then in any newspaper published in the nearest county where a newspaper is published.

Herein, fall not, but have you before said Court, on the first day of the next term thereof, this writ with your return thereon, showing how you have executed the same.

Witness, L. H. Foster, Clerk of the District Court of Deaf Smith County, Texas.

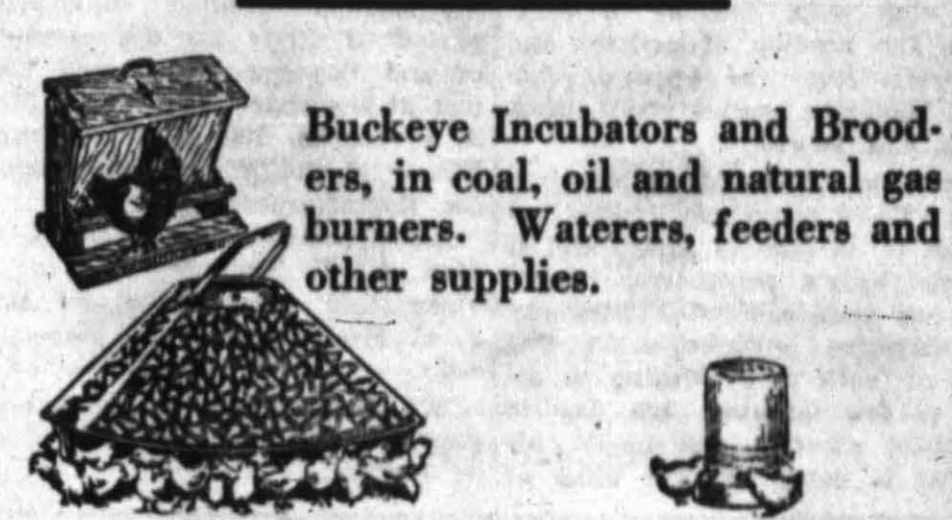

Given under my hand and seal of the District Court of Deaf Smith County, Texas, in the City of Hereford, Texas, on this the

30th day of December, 1931. (Seal) L. H. FOSTER, Clerk, District Court, Deaf Smith County, Texas.

Issued December 30, 1931. L. H. FOSTER, Clerk, District Court, Deaf Smith County, Texas. 51-4

**Health Is At Your Open Window**

Oxygen is necessary to breathing. Oxygen is taken from the air by a gas flame just the same as by any other kind of flame. Fresh air supplies oxygen.

So, for your health's sake, let a little fresh air in. If you must have a fire to dress by, have it in another room. If you live in a small apartment and sleep in your living room, turn out the fire and raise the windows when you go to bed.

**Water Heaters Without Flue Pipes Are A Menace**

Many gas appliances, including some well-constructed room heaters, are safe to use without flue connections in WELL-VENTILATED rooms. However, it is advisable that all appliances using gas in considerable quantities should be connected with flues, for even the most efficient types may produce poisonous gas when the flame is first lighted.

If your water heater—or any other kind of a heater—is in the bath room, turn it out when you are ready for your bath. It requires approximately 10 cubic feet of air to supply sufficient oxygen to burn one cubic foot of gas—and there usually is little or no fresh air coming into the average bathroom.

Natural gas, when properly used, not only is efficient and economical, but it also is safe.

West Texas Gas Company places a higher value on the health, safety and good will of consumers than upon any revenue it might derive from gas that is not properly used.

### Foods and Clothing Classes.

The foods and clothing classes, under the direction of Miss Parker, just written and handed in very interesting themes on subjects of Practical Values of Me, and Practical Value of Me. Since the students have been graded it was found that no certain class ranked predominately high grades, but that on the contrary the best grades were made by students from various classes. The girls expressed the opinion that they had learned much from the study of these subjects and that they had learned much from the study of these subjects and that they had learned much from the study of these subjects.

## At Girls! Here's A Tip For You

All over the world Kruschen is appealing to girls and women who strive for an attractive, free from fat figure that cannot fall to win admiration. appetizing, economical and balanced meals. The studying of preservation of meats, fruits and vegetables enabled the girls really to help their mothers in putting up these things for the family during the winter months. Besides the actual study of foods such information on decorating and setting a table, service, arranging kitchen equipment, child care and health habits is found to be in close relationship and of great advantage to the girls taking Foods.

The Clothing class seems to have learned equally as much. Their themes indicate that the study of Personal Hygiene and Grooming has not only informed them of the elementary facts, but made them critics of themselves and others on the points included in this. Care of the Skin and the Selection of Underwear were other topics that had benefited them immediately. It is found that the clothing pupils have also studied many related subjects and have applied their information as faithfully as the Foods students.

### Important Discoveries in History

Recent examinations have brought to light many discoveries in the field of history. The students in this field disagree on some of the established beliefs of older historians, but they have made their contribution in that they have given us food for thought. The most disconcerting discoveries are listed below:

Ann Hathaway led the first settlers to Connecticut.

Roger Bacon led the first rebellion against royal authority in the Colonies.

Roger Williams founded Rhode Island for Quakers.

La Salle founded Rhode Island for Spain.

Lief Ericson founded Maryland for England.

In 1000 A. D. Lee Ficker came to America.

1000—significant for war with England.

Abraham Lincoln proposed the Albany Congress.

In 1497 Da Gama rounded Cape Horn. (This takes much glory from Magellan, who formerly was renowned for a voyage in 1519.)

The First Continental Congress met in Virginia in 1619.

The western boundary of the United States in 1783 was the Atlantic. (This discovery is of interest to geographers. Is our coast line rising or sinking? Is our a floating continent?)

Jefferson presided over the Constitutional convention. (This fact, if true, a good example of the early use of remote control or transatlantic messages, for Jefferson was in France.)

Caucus: A name given at the national convention to Andrew Jackson. (Another to add to his long list of nick-names.)

Dante was minister of finance for Louis XVI. (Some Inferno!)

Patrick Henry was the leading statesman in Europe after 1815.

Dante wrote "Wealth of the Nations." (More Inferno.)

Dante was called the "Citizen King".

Garibaldi established the Bank of France. (A good bank, Napoleon.)

The Hapsburgs replaced the Roman Catholic church in England.

Without work, no amount of talent, no amount of influence, will carry a man very far in this world.—Cardinal Gibbons.

### How I Would Grade.

Semi-final examinations were passed last week, that is to say, they were passed by some. We hope the majority was large, in fact, we would like to see it unanimous.

Some grades will be high, more will be mediocre, and a few will be low. The student body as a whole would like to advise its teachers that while we have a depression on we earnestly hope that they will lose sight of this fact in grading papers. We bespeak you when putting down the final grade on a paper not to become confused and get that grade mixed up with the present price of wheat or some other commodity. We hope that no grade will be as low as was the ladder of old Mother Hubbard.

### LUETA BORDEN.

### Basketball Schedule.

This season's basketball schedule may be officially announced for the Whitefaces with a few games that may be matched. It follows: January 22: Vega, there. January 23, Tulla, there. January 29, Dimmitt tournament. February 2, Canyon, there. February 5, Amarillo, there. February 6, Tulla, here. February 9, Canyon, here. February 12, Clovis, there. February 13, open. February 18-19, Canyon district meet.

We hope the fans will note that there are only two more home games and will make an appointment to be there to help their boys win their games. Good home support at home games will make them want to win these out of town games, so let's get behind these boys and girls and put more pep in them so that they may bring home victory from these dated opponents.

### Exemption Honor Roll.

The exemptions were many and varied for the semi-final examinations, though probably not numerous enough to please some people. The following list of students and the subjects in which they were exempt show that we really have some intelligent students in Hereford high. ### Locals Defeat Vega.

Saturday night the Whiteface basketball squads won their games with the Vega teams. The girls game was very close, with the Hereford girls only one point ahead, with a 38-37 score. If the game had ended one minute sooner it is hard to tell which would have won, for the score grew rapidly at the end of the game, see-sawing back and forth as it grew. The football yell "Yea team, fight!" could have been used as a yell, for that is what they did the last half, tugged and fought.

The boys game was hard, with each player trying to run up his score, but in vain, for each team's defense was hard to break through. Each team tossed a few goals and finally the Whitefaces broke loose and as the game ended came out on the larger end of a 20-13 score. This makes another victory for each of the boys' team and girls' team, which should encourage them to be better players.

### Dental Examination.

Monday, Tuesday and Wednesday, January 11-12-13, the entire student body of Hereford high school was submitted to a few dental examinations by Drs. Wiltshire and Heard. We do not know the condition of the average school child's teeth, but we feel sure that such examination helped individuals who have not been paying very close attention to their teeth.

### Cowhand Party.

Last Friday night, January 15 the Cowhands had a kid party at the high school gymnasium. Practically all the Cowhands and their girls were there, making about 52 present in all. After playing a lot of kid games, all were ushered into the cafeteria room where refreshments of brown beans, cornbread and onions were served. All were dressed in the costume which represented the type party it was.

### Hi-Y Donates to Charity.

The Hi-Y is getting bigger and better everyday. A short time ago the local churches made a plea for any and all kinds of clothing for charity. The Hi-Y responded immediately. Each member brought all the clothing from his home that was not usable there and donated it to the Hi-Y box. When it came time to deliver the clothing it was found they had filled two huge boxes. Now who can say the Hi-Y has not done its part?

### Mysteries?

When Brunell asked in the office for a circumference?

Why the plural of vertex is vertexes?

Who prepared and handed in Lueta's English notebook?

Why Sally Skelton plays paper dolls with her sister?

Who said: "I wouldn't mind putting my nose in somebody's else business if business were warm." (It was a cold day.)

Reardon, in history class: You know I've got a cousin clawing around down in the Amazon River valley.

W. J.: Yeah, by golly, it's a monkey, though.

### Hereford Whiteface.

By "Chick" Copeland. When sight and sound of our high school.

Fade in the long, dreary years, You will recall in your heart again Memories of old songs and cheers. You who have fought for the old school.

Placing her standards so high, You who have stood for fair, square sports, Will hear her students cry: Hereford Whiteface, Hereford Whiteface.

Wave your banners high, Hereford Whiteface, Hereford Whiteface, Fight until you die.

We'll not forget you, for you are true blue, Standing always for right—Hear her calling, calling to you ever, Honor the Maroon and White!

"A burnt child dreads the fire," said Miss Crawford. "Now who can give me a sentence meaning the same thing?"

"I can," piped up a Senior. "A washed child dreads the water."

Helen Briggs: I don't believe you love me any more. You used to hold my hands for hours at a time.

Stanford Knox: That, my dear, was to keep you away from the piano.

# Local Youths To Attend Meet

Hereford will be well represented at the Older Boys Conference to be held at Wichita Falls January 29 and 31, according to word given out by G. M. Hudson, sponsor for the H-Y organization in Hereford. It will be remembered that the issue of The Brand of January 7 contained a list of questions the boys over the Central and Northwest district of Texas had sent in asking that they be discussed at the coming convention. Five distinct groups of Hereford are working toward or have completed arrangements to send boys to the meeting, among them being the Methodist, Christian, Baptist, Presbyterian and Church of God; the Sunday school, men's Bible class, brotherhood clubs, etc. assuming the sponsorship of the respective church. A number of Hereford boys have been active in this work, which is closely allied to the Y. M. C. A. and H-Y work, but boys need not be members of such organizations to be eligible to attend. It is expected that 500 boys will be at Wichita Falls. Hereford's quota is 15, and probably will be as large as there will be ways for them to go. Among those probable of attendance from here are Noel Bryant, Carl Spratt, W. R. Schel- hagen, Leelle Culwell, Billie Phillips, George Smith, Burl Alexander, Stanford Knox and others who will be determined later. Bed, and breakfast for the boys will be provided while they are there. The state is divided into three districts for the Older Boys Conventions, the Southeast, Southwest, and Central and North Texas of which the Panhandle is a part. The work of the convention consists of the discussion of questions relative to religion and religious attitudes as they affect a boy's life or he must face in his every-day existence. The colored youth of the state meet at a separate time and place from those of the white boys. Speakers of state-wide authority in educational and religious training will discuss the questions the boys have asked. Should any one of Hereford have failed to preserve the questions above referred to, The Brand will gladly present a copy of the January 7th issue to all who are interested. Speakers and educators of such prominence as Paul W. Horn, president of Texas Tech College, and others will address the conference.

J. VanLondon, could not be attended by him, but he sent word that he will be here tomorrow to go into the proposition with the court. At that time the discussion will deal with securing the services of an accredited engineer to explore for suitable caliche deposits and reach an acceptable contract for the engineer's services in making the estimates necessary to determine the amount of bond issue to be voted upon. The meeting last Friday disposed of some necessary details relative to routes, locations, etc., as recommended by the chamber of commerce to the commissioners court. no designations being attempted at that time beyond the main thoroughfares of the county, which will naturally receive first consideration.
