Sights and Faces Seen

Tom Sanders and Glenn Weir have a unique business arrangement. Weir has a fine horse, but because of an injury, is unable to ride him. Tom likes to ride, so for an hour each day, Tom exercises Glenn's horse while Glenn works at Tom's Cafe. Everybody's happy, apparently, unless it's the horse, who wasn't consulted in the matter.

Speaking of horses, there'll be some good ones on display at the Rodeo arena Sunday. The Hereford Roping Club has invited the Amarillo range riders to be here at that time. They'll do some fancy roping and riding.

Jim Lipscomb says he knew the rain Tuesday night didn't amount to more than half an inch because the water wasn't over the road in front of his house. It didn't. The rain gauge showed only .45 inch.

Local anglers who aren't having too much luck at Buffalo Lake should look up Clarence Schulz. He's the man who gets all the big ones that got away from somebody else. His haul last week-end was more than 80 pounds of fish, mostly channel cat weighing one and a half to two and a half pounds... but the prize was an 11 pound Blue cat.

Hereford has a new taxi. Alvin Ward and Ewell Fox have opened the Courtesie Cab Company. Headquarters are at Ike's Cafe, and the phone is 432.

Hailed Out Wheat Makes Come-back On Arnold Farm

L. L. Arnold, who lives 10 miles south of Hereford and just over the line in Castro county, has one for the records.

On a field of wheat and barley which was judged 100 percent destroyed in the big hailstorm a few weeks ago, Arnold is now figuring on cutting a better than average crop.

He has 40 acres of wheat that should cut about 25 bushels to the acre and 100 acres in barley that he estimates will make 50 bushels to the acre... barring another hail storm.

A month ago when most farmers in that area were plowing up their fields after seeing their wheat crop beaten into the ground by hail, Arnold turned the water on his "just to see what would happen."

Apparently just about everything did. The grain "suckered out" from the old stalks and has been growing rapidly since. Arnold says he'll be cutting it about the middle of July.

There's a legend in Deaf Smith county about farmers making a bumper wheat crop just after such a hail storm, but this is the first time in recent years that anything like that has happened.

June 30 Will Be Wayland Day at Baptist Church

Sunday, June 30, has been set aside as "Wayland College Day" at the First Baptist Church in Hereford, according to Rev. R. H. Cagle, local pastor.

An offering will be taken throughout the day to aid in building a new Men's Dormitory to house returned servicemen clamoring for admission to the college. The foundation for the building has already been laid, and \$130,000 of the \$200,000 required for the construction has already been raised in the Panhandle, Cagle said.

Some students from the college will be present at the local church on June 30 to give special music, and to speak to the congregation on behalf of the college.

Deadline Passes For Filing Names On Primary Ballot

The deadline for candidates is past. Last Saturday was the final day for filing of names for the Democratic Primary ballot.

The County Democratic Committee met Monday, according to County Chairman Cliff Aker, to determine the order of names on the ballot and the proportionate cost for county and precinct candidates.

Next Saturday, June 22, is the date set for candidates to pay their assessments.

Three county and two precinct offices are uncontested. Robert Thompson for county clerk, Mrs. Velma Hodges for county treasurer, and Carl Gilliland for County Attorney, will have no opponents on the official ballot. All three are candidates for re-election.

A. L. Thomas, candidate for Justice of the Peace in Precinct 1, and Jeff Roberson, candidate for County Commissioner in Precinct 2, both for re-election, will have no opponents.

Three candidates, T. H. Foster, Mrs. Bess Werner, and W. H. Russell, have announced for County Judge; and four, Horace Batse, Joe Bishop, Leland Robbs, and J. C. Reese, have announced for Sheriff.

In Precinct 1, Troy Moore, the incumbent, and Vern Witherspoon are candidates for commissioner. In Precinct 3, H. D. Culpepper, the incumbent, will be opposed by J. T. Guinn in the Commissioners race; and in Precinct 4, John Morris and Hardy Benson oppose Commissioner H. D. Culpepper for the Commissioners' office.

Rainbow Chapter To Attend Grand Assembly Friday

Rainbow Girls of the Hereford chapter have chartered a bus and will go in a group to attend the Grand Assembly of the Order of Rainbow Girls in Amarillo on Friday, June 21.

The three day session, beginning Thursday and lasting through Saturday, will be held at Khyva Temple with chapters from all over the district attending.

Voting delegates from the Hereford group who will attend all three days are: Mrs. A. L. Manjeot, mother advisor; Helen Ann Pitman, worthy advisor; Anne Morgan, assistant worthy advisor, and Ocella Guseman, charity.

The Hereford Order will furnish three pages for the session. They will include Peggy Barnard, Lucy Welty and Mary Beth Scott.

Assembly of God Bible School Will Close Tomorrow

Vacation Bible School at the Hereford Assembly of God Church will close tomorrow night (Friday) with commencement exercises at the church, beginning at 8:30 o'clock, Rev. S. E. Eldridge, pastor, announced today.

Special features by the class will make up the program.

Sixty children have been enrolled in the two-week school, with an average daily attendance of more than 50.

Misses Stella and Ethel Peterson and Juanita Ragland of Plainview have been in charge of the school, assisted by local workers, Ms. E. M. Rice, Margaret Fay Miles and May Jackson.

Three teams are battling in a near tie for top honors in the Municipal Softball league as play nears the mid-season mark. At the 5-game level last weekend, Summerfield, VFW, and Fire Department were in a three-way tie for the lead, each with four games won, one lost.

With a victory Tuesday night over the Sunday School nine, Summerfield pushed into a technical half-game lead, but the challenging Veterans and Firemen each meet second-division opponents this weekend and will have a better than even chance to even the score.

A 12-week schedule is planned for the league, with a Shaughnessy play-off between the four top teams slated to wind up the season in August.

The past week's play saw the under-dog Lions Club nine come out of the cellar by knocking over the KC's to go into a tie for fifth place with the Sunday School.

Thursday night, the Firemen kept their grip on the top rung by defeating the High School, 12 to 2. Anderson and Wilson, dividing time on the mound for the Firemen, held the school-boys to 4 hits, while the Fire Department batters collected 14 bingles off Joe Bishop.

Friday night, the Veterans renewed their lease on the title spot with a 6 to 3 win over Sunday school. Bell pitched a 4 hit game for the winners, and Black, on the mound for Sunday school, gave up only 3 hits in the fairly close battle.

Monday night the Lions roared, and topped the KC's 14 to 10 in a contest that saw opposing pitchers divide honors by giving up nine hits each. Close and Woodell divided time on the mound for the Lions, and Loerwald pitched for the Knights.

Tuesday night, Summerfield won a close decision, 4 to 3, over the Sunday schoolers. Sunday school collected 9 hits off Pitcher Batse, while Black, tossing for the Saints, gave up only five bingles.

The schedule: Thursday (tonight) June 20: High school vs. VFW; Friday, June 21: Firemen vs. DeMolay; June 24: High school vs. Sunday school; June 25: Firemen vs. VFW; June 27: Lions vs. Summerfield, and June 28: DeMolay vs. KC.

The standings:

Summerfield	5	1	.833
Fire Dept.	4	1	.800
VFW	4	1	.800
High School	2	2	.500

Kit-napped Kittens Cat-nap Calmly As Hen Takes Rap

It was a clean case of kit-napping.

Mrs. J. W. Davidson of Friona reports the story of a brooding hen that forcibly adopted a pair of new-born kittens and fought off all attempts by the mother to claim her own.

The pet cat, according to Mrs. Davidson, gave birth to two kittens and, seeking a comfortable home for her offspring, carried them into the hen house and deposited them in one of the nests which Mrs. D. had prepared for her laying hens.

That's where Biddy took over. The mother cat, after unsuccessful attempts to dislodge the hen, came into the Davidson kitchen, uttered a few pleading "meows" and dashed back to the nest. This performance was repeated several times until Mrs. Davidson finally followed her to the hen house, where she discovered the hen in complete charge of the nest, the kittens cat-napping calmly while Mama Cat tooted a cat-fit.

Mrs. Davidson removed the hen, placed her in a coop for two days, then released her. Soon Mother Cat was back at the kitchen door, crying for help. The hen had again taken over the kittens, and resisted all efforts at peace-making.

Biddy is now back in the coop on charges of "kitty larceny."

Estimates of Wheat Yield Up As Harvest Gets Into Full Swing Throughout County

Showers Halt Harvest for Few Hours

Heavy showers over most of the county Tuesday night temporarily halted harvest crews, but warming weather Wednesday afternoon dried fields rapidly and the break in harvest was brief.

Nearly half an inch of moisture was measured in Hereford, according to E. A. Witherspoon, who is in charge of the official gauge at the city hall. The rainfall measured there amounted to .45 inch.

South of Hereford, heavier rain was reported, with up to an inch of rain falling five miles south.

North and west the showers were scattered, ranging from less than a quarter in some localities to an inch in others. Three-quarters to an inch of moisture was reported from 17 miles northwest of the city.

Lightest rainfall was apparently to the east and northeast, where scattered reports mention only light showers.

The rain was accompanied in this area by a severe electrical storm.

Petition Asking \$350,000 Hospital Bonds to Be Presented to County

Petitions were being circulated this week asking the County Commissioners Court to order a bond election for the purpose of voting \$350,000 in county bonds for the construction and equipping of proposed new additions to the Deaf Smith County Sanitarium.

Guy Carlander, Amarillo architect who designed the North-west Texas Hospital in that city, was employed several months ago by the board of directors of the local sanitarium to draw up plans for the proposed new additions and modernization of the present structure.

Preliminary plans have been prepared, and the board of directors last week decided to prepare and circulate the petitions. They will be presented to the County Commissioners at an early date.

The proposed additions to the hospital would increase its bed capacity from 14 to 65, according to tentative plans released by the directors in February.

At that time, a joint meeting of the board of directors of the county sanitarium and the County Commissioners Court was held, and the Commissioners voted unanimous approval for the proposed program.

Overcrowding at the hospital has become so great in recent months that nurses' quarters have been taken over for hospital rooms, and nurses have been boarded out in nearby homes.

The petition, which has already been signed by more than the required number of qualified voters, states:

"We, the undersigned, voters and resident citizens and property taxpayers of Deaf Smith County, respectfully petition the Commissioners Court to call a bond election to construct an addition to the present Deaf Smith County Sanitarium, and to equip same, on property belonging to Deaf Smith County in the city of Hereford, in the sum of \$350,000 for such additions, buildings, improvements and equipment in connection with the present hospital building.

"We believe that a first class hospital, properly equipped, would be to the advantage of Deaf Smith County and the surrounding area, and is a necessity to the health and (Continued on Page 8)

More Combines Needed Says County Agent

Wheat harvest was in full swing over the county this week, and harvest crews were delayed only briefly in most localities by the showers Tuesday night.

While it is still too early for accurate estimates on the yield in this county, most growers and grain men are optimistic and predict that the yield will be considerably higher than estimates placed it a month ago.

Consensus among grain men is that between two and two and a half million bushels will be produced in Deaf Smith county, despite the drought and hail which have made heavy inroads in the crop. Last year's short crop brought in little more than a million bushels. These figures compare unfavorably with the normal yield of between three and a half and four million bushels in this county, and with 1941's record crop of nearly eight million.

Harvest this year is a week to ten days earlier than normal, and grain men predict that all wheat will be harvested by the middle of July.

Wheat brought in so far has shown good test. Over 50 percent of the crop delivered to the elevators to date has tested No. 1 grade, and much of the rest is testing 58 and better.

Dry land wheat, generally of better quality than irrigated grain, is yielding from 6 to 15 bushels to the acre, early reports indicate, and is averaging 8 to 10 bushels. Irrigated wheat is running as high as 35 to 40 bushels to the acre in isolated cases, but the average will be considerably lower.

Gene Albracht reports some wheat that is cutting 40 bushels to the acre. Wally Roberson reports a yield of 20 bushels on wheat that was watered only (Continued on Page 8)

Danny McLallen Is Only Panhandle Boy at JRC Camp

Danny McLallen, son of Mr. and Mrs. S. B. McLallen, returned Sunday from a two-weeks Junior Red Cross training school at Camp Clear Fork, Crystal Springs, Missouri.

Since Hereford had the only active Junior Red Cross chapter this year in the Panhandle, Hereford High school was the only Panhandle school qualified to send a delegate to the training school. Danny, a sophomore next year, was chosen by the executive secretary of the Deaf Smith county chapter of the American Red Cross, Mrs. Dyalthis Brady, and the Junior Red Cross counselor, Mrs. Sam Hock. Although the conference was held primarily for the Mid-western area, the 130 students present were representative of all four Junior Red Cross districts, including the entire United States.

The purpose of the school was to train presidents for next year's Junior Red Cross chapters and to make delegates responsible for organizing new chapters where needed. Included in the classes, held six hours each day, were courses in history, nutrition, water safety, forest fire service and first aid.

Danny's present plans include the organization of a county council early in the next school term to enlist every school in Deaf Smith county in Junior Red Cross work. Activities of the JRC take in the support of the National Children's Fund, helping in hospitals, sponsoring organized recreation for young people and many other community services.

W. J. SMITH TO DALLAS

After spending ten days in a local hospital, W. J. Smith was removed to a Dallas Hospital Sunday where he will receive medical treatment. He was accompanied by Mrs. Smith.

Lloyd Manjeot, son of Mr. and Mrs. Art Manjeot, has received a promotion from S 1-c to MAM 3-c. Manjeot is stationed in the Fleet Post Office, Pearl Harbor.

Kids Club Begins Softball League Play Yesterday

The Hereford Kids Club, summer recreation program for Hereford youngsters sponsored by local service clubs, began play yesterday in a softball league.

Three teams have been formed, Coach H. V. Stanton, director of the program, said, and a fourth may be organized later. The three teams will play a regular round robin schedule for the remainder of the summer.

The town has been divided into three sections, and the three teams organized represent the Northeast, Northwest, and South. The southern section may be divided to form two teams if enough boys turn out for the program.

Northeast and South teams met in the first game yesterday afternoon. All teams will practice today, and South meets Northwest tomorrow.

Beginning Monday, Northeast will meet Northwest, Wednesday Northeast will play South, and Friday South will play Northwest. Alternate days are set aside for practice.

Coaches for two of the teams have already been selected. Danny Russell and J. W. Roberson will coach the Northeast squad, and Jack London and Jack Simmons will coach South.

More boys are still needed for the recreation program, Stanton said. With the closing of all Bible schools this week, a larger turnout is anticipated. As many teams will be organized as are required to take care of the boys interested.

An increase has already been noted in attendance among the younger group, Stanton said this week. Boys under fourth-grade age are meeting daily in the morning at the high school gymnasium for games, tumbling, and physical training programs.

Solution Offered Farmers for Feed, Grain Shortages

A series of emergency measures to help farmers tide-over this summer's grain and feed shortage, and get fulest meat, milk and egg production for world food needs, was recommended here today by authorities of the American Foundation for Animal Health.

Recommended steps include these:

"Cull out unproductive, over-age, or sterile animals.

"If dairy cows do not conceive, have them examined for sterility, and dispose of them if they cannot be restored to usefulness.

"Make maximum use of pasture to conserve on grain.

"Keep abundant water before animals and poultry; it increases grains, reduces feed consumption.

"If livestock disease outbreaks occur, segregate well animals promptly. Every animal lost to disease means a complete loss also of the feed it has consumed.

"Have stock vaccinated against preventable diseases, such as hog cholera, swine erysipelas, anthrax, and such diseases as may be periodic threats in the locality.

"Do not feed straight grains; that is wasteful. See that grain rations are carefully balanced with supplements to stretch feed supplies."

The Foundation points out that there is likely to be a serious shortage of meat, milk, and poultry products next winter, and that there will be excellent property if farmers can carry them through to the fall and winter season.

Mrs. Mason Neilly of Clovis and Mrs. Earl Morris of Albuquerque, N. M., were guests of their aunts, Mrs. Carl Frye and Miss Mattie Woodburn last week. Also visiting Mrs. Frye and Miss Woodburn last week were their sister, Mrs. Edgar Betts and Mr. Betts, of Clovis. Mr. and Mrs. Betts are former residents of Hereford.

Terry Higgins Gets Cablegram on Birthday

Terry Higgins celebrated his sixth birthday with an enjoyable party given by his mother, Mrs. Jack Higgins on June 11. Games were played and gifts were opened. The party was highlighted by a cablegram which read, "Happy Birthday, Terry" and was from his father who is with the occupation army in Germany.

Attending the party were Mettie Lee and Mrs. Roots, Tommy and Billy Woodford, Wendall Wilson, Charles Homer Whitehead, Carl Worth Covington, Bruce, Jerry and Lynn Bybee, Julia Ann Pertain, Virginia and Suzanne Higgins and the honoree, Mrs. Higgins was assisted by her sister, Patricia Frye.

Heisleman Club Features Gifts

Mrs. Bob Wingate was hostess to members of the Heisleman Home Demonstration Club Thursday afternoon.

During the business meeting, presided over by Mrs. Tom Fields, a report on the council meeting was heard, a food donation for overseas relief was voted upon and boxes were assembled for Philippine relief. Mrs. Bob Wingate was named assistant reporter and members answered roll call by naming trees and shrubs planted last year.

Miss Sadie Lee Oliver, CHDA, gave a lesson on "My Double" (dress forms) and discussed the home landscape problem.

An attractively appointed lace-covered table for the refreshment course was centered with spring flowers and lighted tapers. Mrs. Tom Fields, president, was complimented with a gift shower.

Members and guests attending were Mesdames: Tom Fields, V. E. Lemke, Paul Metcalf, J. A. Campsey, Dock Campsey, A. B. Carter, D. R. Stinnett, E. N. Jacobson, N. L. Jacobson, Bob Caldwell, Henry Browning, Harold Browning, Lorin Creutz, Judson of Clovis, Miss Ruth Caldwell of Bovina, Miss Oliver and the hostess.

The July meeting will be held with Mrs. Bob Caldwell on July 11.

Miss Thelma McMinn has returned from a three weeks' vacation trip to Denver, Colorado.

Girls Auxiliary Has House Party At Summerfield

SUMMERFIELD, June 18 — The Girls' Auxiliary of the Summerfield Baptist Church gathered at the church last Wednesday night and went to the home of Mrs. D. C. Walsler for a house party. Twenty girls were present.

Davies-Sparkman Vows Solemnized

Of interest in Hereford is the wedding of Miss Jane Helen Davies, daughter of Mrs. Esther F. Davies, of Coffeyville, Kansas, and Wayne Thomas Sparkman, son of Mr. and Mrs. M. T. Sparkman of Hereford.

Vows were exchanged Sunday afternoon at 4:30 o'clock at the home of the bride's mother against a background of tall palms, baskets of white gladioli and white fever-few and white tapers in seven branched candelabra. Dr. R. E. Gordon, of St. Paul's Methodist Church in Wichita, officiated at the double ring ceremony, assisted by Dr. C. I. Goldsmith, pastor of the Coffeyville Methodist Church. Candles were lighted by Mrs. Marvin Sollenberger of Wichita.

A prelude of piano music was played by Mrs. George Reish, aunt of the bride, who accompanied Miss Blanche McWhirter of Gainville, a cousin of the bride-groom, who sang "At Dawning" and "I Love You Truly."

The bride who was given in marriage by her twin brother, John Howell Davies, wore a traditional white satin wedding gown made princess style with lace inserts at each side of the front and down the back to the tip of the full length train. The long sleeves ended in points at the hands. Clusters of flowers held the full length veil of illusion in place, and she carried a sheaf of regal lilies tied with a wide satin bow from which fell satin streamers knotted with white daisies.

Attendants to the bride were her sisters, Mrs. Harry Neptune Jr. of Kansas City, wearing peach net and lace, and Mrs. Robert E. McDonald of West Palm Beach, Fla., who wore aqua Mouseline de sole. Their corsages were of pastel colored iris. Jimmy Sparkman of Hereford, served his brother as best man and Master Stephen Davies Neptune, nephew of the bride, acted as ring bearer.

Auxiliary Meets

The Woman's Auxiliary of the Presbyterian Church met in a general meeting at the church Tuesday afternoon.

A program, arranged by Mrs. Pete Cowart, was presented with the central theme, "The Hands of Christ and Our Hands."

Mrs. Bill Blood was the reader and Mrs. Russell Wingart gave the musical background.

Those taking part were Mrs. Chas. Hill, Mrs. Evelyn Vaughn, Mrs. J. T. Glibreath Jr., Mrs. Bruce Woodell and Mrs. Howard Gault.

Father's Day Reunion Held

A Father's Day get-together marked June 18 for G. P. Owen and his family. A dinner at noon was featured when gifts were presented.

Those attending were Mr. and Mrs. Malcolm Cassels and children, Mr. and Mrs. Gerald Wilson, Miss Ruth Akins of Memphis. Mr. and Mrs. Jack Owen of Dewitt, Mo., talked with the honoree by telephone.

Rev. Charles Wilson has arrived home after serving overseas with the Navy for the past year. He is visiting his wife's mother, Mrs. A. M. Jones, and other relatives. Mrs. Wilson and little daughter, Linda Pat, has been in Hereford while her husband was away.

St. Anthony's Guild

St. Anthony's Guild met at the home of Mrs. Frank Brinkman Wednesday afternoon with Mrs. Geo. Hund, president, conducting the business meeting. Father Albert Heald was in charge of the lesson for the afternoon and members voted to use the fund from the Parish dinner given last Sunday, as a donation to the Veterans' Home.

Attending were Mesdames: Geo. Hund, Felix Urbanczyk, Ed and Gene Loerwald, Henry Bromman, Alton Robinson, Joe Bednorz, Henry Hellman, Joe Huckert, John Albracht, Bill Warren, Roy Wagner, and Father Albert Heald.

South Hereford H. D. Club Meets

Mrs. A. C. Flowers was hostess to the South Hereford Home Demonstration Club Tuesday

afternoon. A short business session was held when a new meeting time was voted upon. The meetings will be held from now on at three o'clock and all members will be fined one penny for each minute late.

Miss Sadie Lee Oliver, CHDA, demonstrated canning methods and equipments.

Refreshments were served to Mesdames: Clarence Hollabaugh, Ethel Layman, O. R. McGhee, O. B. Russell, Steve Williams, Julia Sowell, W. H. Goettsch, Miss Evelyn Bell and Miss Oliver.

Mr. and Mrs. J. E. Lester and two sons of Pueblo, Colo., are guests of her mother, Mrs. W. B. Dameron, and other relatives here.

JOE EVANS LOSES FINGERS IN COMBINE ACCIDENT

Joe Evans lost two fingers in a harvest accident last Friday when he caught his hand in the machinery of a combine. He was admitted to the Deaf Smith County Sanitarium for emergency treatment.

Mrs. Ted Houston and children have gone to Wichita, Kansas, after visiting her parents, Mr. and Mrs. F. H. Oberthier, here. They will be joined in Wichita by Mrs. Houston's late husband's mother for a vacation trip to Minnesota.

Mrs. Clay Bowsher returned Monday from Greenville where she visited relatives.

New Dormitories At West Texas Open in Fall

CANYON, Texas, June 18—Conner Hall, new dormitory planned to take care of 100 unmarried World War veterans enrolled in West Texas State College this fall, is expected to be ready for occupancy of the fall semester.

The one-story rambling building of a modified colonial design has been named for L. G. Conner, the founder of Canyon and the man who gave the campus site to the State of Texas where West Texas State College was located here in 1909.

President J. A. Hill is making every effort to provide sufficient housing for all students who wish to attend West Texas State College this fall. An addition to Randall Hall provides for the care of 100 more girls. A centrally located cafeteria will increase capacity and reduce feeding problems. All the new facilities are to be ready at the opening of college, September 17.

Summerfield

BY MRS. GUY WALSER

Misses Charlene Jones and Freda Tullis went to Dimmitt, and Plainview Saturday. They taught a BTU study course in the local church last week.

WMU met at the church last Friday afternoon with Mrs. Tandy Legg in charge of the program. Attending were Mesdames L. L. Cannon, B. E. Roberson, Kenneth Neill, Lynn Powellson, C. R. Walser, D. C. Walser, Jim Clark, Ralph McLean, O. B. Sumner, Gene Johns, and the leader, Mrs. D. C. Walser and Mrs. Ralph McLean sang a duet.

Potato Yields Being Cut from 25 to 50 Percent By Leafhopper, Flea Beetle

About seventy-five percent of our potato crop is being badly damaged by the Potato Leafhopper and Flea Beetle. These two insects are hurting most fields under the ground as well as most top foliage. Serious losses will be shown at harvest time unless the proper controls are applied.

FLEA BEETLE are small and also very active. They do not take much food in one spot, their injury consists of very small rounded or irregular holes eaten through or into the leaf. These small holes give an opportunity for the entrance of destructive plant diseases. Besides the injury by the adult, the larvae of flea beetles commonly feed on the roots of potato plants, riddling them with tunnels on eating off small rootlets, the life cycle is about 10 days. The larvae also will puncture the tuber which exposes the tuber to diseases such as scab, etc.

CONTROL MEASURES—FLEA BEETLE are hard to control and best results have been obtained with arsenates in combination with copper dusts, or a 20 percent of cryolite dust mixture.

POTATO LEAFHOPPER is the most injurious pest of potatoes. They feed on the underside of the leaves, sucking the sap from the veins and in some manner not fully explained, cause the trouble known as TIPBURN or HOPPERBURN. The first symptoms of this trouble is the appearance of a triangular brown spot at the tip of the leaf. Similar triangles may appear at the end of each lateral veinlet, or the entire margin may roll upward and turn brown at one time, as though scorched from fire or drought. Infestation of leafhopper causes loss by greatly cutting the yield by producing, mostly tubers so small that they are often not worth harvesting.

CONTROL MEASURES—Dust mixtures containing copper with a metallic copper content of not less than 4% has proven most effective, using from one week to ten day intervals.

I have looked at about 1500 acres of potatoes during the past week and find that the same condition exists in 85% of all fields, some bad and most close to being bad. Many growers have made several applications of sulphur alone, which has not been of any value this year other than the first application, as sulphur is best only for Payallid, and we have not had much of Payallid this year. Payallid only operates in cool weather and when the temperature becomes 90 degrees for as long as two hours during the day this insect stops, so for the last thirty days growers should have not had to worry about the Payallid, also the Colorado beetle will be seen unless most growers make some effort to check this infestation. Regardless whether we supply your insecticides or not, I feel more interested in seeing the Hereford area raising more potatoes and obtaining the proper yield average and this can not be done unless growers give more attention to their insect control.

Mexican laborers are already beginning to swarm into Hereford for the harvest season, and the number is expected to pass the 3,000 mark by the time the peak is reached next month.

City Sanitarian C. A. Purcell has declared the influx of la-

borers to be a threat to community health unless suitable quarters could be found for them.

State and federal public health agencies, alarmed by Purcell's reports of the local situation, had brought all possible pressure to bear on the Federal Housing Authority to secure emergency housing available at the Prisoner of War Camp.

F. J. Moss, Senior Sanitary

Engineer with the U. S. Public Health Service at Dallas, in a letter to Purcell Saturday, wrote: "Immediately upon receipt of a letter from Dr. George W. Cox (State Health Officer) this office wrote to Washington relative to the need for the earliest possible transfer of the Hereford Prisoner of War Camp in order that this property might be available for the housing of itinerant Mexican labor . . . this reports cited the need for this emergency housing and recommended that the property be made available to Hereford at the earliest possible date."

The report referred to was by Elmer D. Shirck of the Public Health Department, which stated in part, "These people (Mexican laborers) have been living in tents, trucks, and in the open, on the streets, in vacant lots and areas adjacent to the town of Hereford. There are no sanitation facilities available for these indiscriminate dwelling units, and a serious health hazard is presented by these unsanitary conditions."

Shirck indicated in his report that a proper disposition of the POW camp would be to utilize it for housing of this type.

a syndicated cartoon, "Strange As It Seems," in a recent edition reported that Ann Lee, Broadway actress and native Texan, drinks only Deaf Smith county water. It's gotta be good, or else Miss Lee has had a long dry spell, because Expressman Sank Ramey reports that a flea couldn't wet his lips on the water that's been shipped to New York from this part of the country in recent months.

The first load of wheat was dumped in the big new elevator at Pitman Grain Company Tuesday night.

one time. The crop will run close to 25 percent better than estimates of a month ago, grain men report. This is in line with better than expected yields over most of the Panhandle-Plains area. Floyd county, with harvest virtually completed last week, reported yield of 25 percent higher than estimated, and the same trend is becoming apparent throughout the area.

This county is still short of combines, and local elevators report a shortage of box cars for shipping grain.

County Agent Hugh Clearman said Wednesday that he could place at least 20 combines immediately if they were available. No. 1 wheat was bringing \$1.70 per bushel at local elevators yesterday.

Progressive

BY MRS. IRA RICKETTS

Mrs. J. W. Vick has been enjoying a visit from her daughter and grandson, Mrs. Owen Neel and Wayne, of Lella Lake.

Mr. and Mrs. Lewis Harvey and Harold and Homer attended the farm sale at her brother's place, Fred Bauer, at Happy Wednesday.

The annual Father's Day get-together here was observed June 16 at the State Park in Hereford instead of at the Fred Saltzman home as in other years. Those enjoying the outing this year were Messrs. and Mesdames: C. C. and Bill Bowman, D. Y. and Calvin Edwards and families, Fred Saltzman, Glenn Rutter, Ira Ricketts, C. E. Watts and Patsy, H. L. Hershey and boys, A. C. Hershey and children, Clyde Russell and children, and A. L. Biggs and sons of Amarillo; Mesdames W. F. Gregory and Sylvester Fangman; Misses Augustine Gregory, Norma Lea and Mary Edwards, June Reynolds and Leta Glyn Rutter; and Millard and Jake Gregory, Leland Rutter, Glenn Ricketts, and Dan Hershey.

Mrs. J. W. Vick and Mrs. Owen Neel called on Mrs. D. Y. Edwards Thursday afternoon.

Mrs. W. R. Moore of Dawn called on Mrs. C. E. Watts Sunday afternoon.

Mr. and Mrs. J. M. Ruthardt and Yvonne visited in the Lewis Harvey home Friday.

A musical and surprise party honoring Mr. and Mrs. Clois Kemp was held at the home of Mr. and Mrs. A. G. Kemp Saturday night. Attending were Mr. and Mrs. C. E. Watts and Patsy, Mr. and Mrs. Calvin Edwards, Bill Bowman, Earline Kemp, Norma Lea Edwards, Mary Edwards, Rae Dell Griffith, John Snyder, Alton Kemp McCreary, Orval Edwards, Harold and Homer Harvey. Refreshments of cookies and punch were served.

Mrs. Clyde Russell was a luncheon guest of Mrs. Anita Gentry of Belen, New Mexico, at the home of Mrs. Nona Jowell.

Mr. and Mrs. Clois Kemp spent Thursday night in the home of Mrs. Kemp's parents, Mr. and Mrs. C. E. Watts.

Mr. and Mrs. J. C. Ricketts were visitors in the home of Mrs. Ricketts Sunday night.

J. A. Ricketts is helping Lewis Barclay through harvest, and spent Saturday night and Sunday night with his grandparents, Mr. and Mrs. Ira Ricketts, and Sunday with his grandfather and grandmother Hershey in Hereford.

E. A. Harris of Plainview was in this community Thursday and called in the Lewis Harvey home. Mr. Harris has wheat interests here.

Wheat harvest got underway at Progressive last week, but it is still too early to make an estimate of the yield.

Mrs. Noel Higgins and small son, Donald Walter, are staying with her parents, Mr. and Mrs. G. H. Hamm, for a few days.

Jimmie Green is reported to be improving at the Pollo Clinic in Plainview.

Mr. and Mrs. Lewis Harvey, Harold and Homer, were business visitors in Amarillo Saturday.

Mr. and Mrs. Jim Ricketts and children left for their home at Carlsbad Friday after spending a week here visiting relatives and friends. J. A. stayed for the summer, and is helping in the harvest.

Mr. and Mrs. H. L. Hershey helped Mr. and Mrs. Ray Hershey move into their new home Thursday.

ATTEND WEDDING

Mr. and Mrs. Paul Mathers and children were in Clarendon Sunday to attend the wedding of their nephew, Wm. L. Mathers of Canadian, and Miss Charlotte Word, who taught in Hereford last winter.

The wedding was held at the S. J. Ranch, home of the bride's parents, Mr. and Mrs. Millard Word.

Miss Kathryn Easter of Dimmitt, who also attended the wedding, returned home with the Mathers.

Major W. E. Culbertson and wife, of Delavan, Illinois, are here during harvest, and are stopping at the Texas Hotel. They have two farms out North-west, in the Overstreet neighborhood, both farms rented out and in wheat. Mr. Culbertson is secretary of the Illinois Grain

Dealers Association, and its executive head, a position he has held for more than twenty years.

Mrs. Dolly Behrens of Oakland, Calif., has arrived here for a week's visit with her mother, Mrs. J. F. Ward.
