## In Search Of First 1970 Football Victory

# Whitefaces Meet Rugged Palo Duro Saturday

By CHARLES RICHARDS  
News Editor  
The Hereford Whitefaces, a victim of the clock in their first journey into the dangers of Class AAAA football, make a wary trek to Amarillo Saturday to test the dangerous Palo Duro Dons.

Fairgrounds, east of downtown Amarillo.  
Tickets for the rare Saturday game are on sale at the Hereford Schools administration office through Friday and at Hereford Bakery through Saturday.  
A pep rally at 4:15 p. m. Saturday will send the Hereford players off. It will be in the

fieldhouse parking area just south of Whiteface Stadium and probably will last about 20 minutes. It is open to both students and the general public.  
Once at Amarillo, Hereford fans will park in the South parking lot and enter through South Gate 3 and sit in the east stands in Section Q, which is the center section.

The Dons are favored by 13 points to win the game.  
They won the District 3-AAAA championship a year ago and are the choice to repeat in 1970. Palo Duro is plentiful in both size and speed, areas Hereford classifies as its biggest weaknesses. Hereford Head Coach Larry Wartes rates the Dons as having "the potential to be one

of the top teams in Texas."  
One of Palo Duro's biggest weapons, however, was listed by Coach George Kirk this week as a questionable performer against Hereford. That's explosive 5-7, 180-pound Ralph Scott, who bursts from his left half-back spot with blazing 9.7 speed. Scott was hit on a kickoff return in the second quarter of the

Dons' 25-8 loss to Dumas last Saturday, fumbled and sat out the remainder of the game with a thigh injury.  
Kirk said if the unanimous all-district halfback of 1969 can't go, the starting job will fall on Ray T. Jones, a 155-pounder who can do no better than 9.9.  
"We won't know about Scott

for sure, until later," Kirk said. He planned to look hard at how Scott performed in Wednesday's workout and make the decision on that basis.  
Bruce Scott, the Dons' quarterback and defensive end, is definitely out because of a severe sprain of the right wrist suffered against Dumas, Kirk said. He probably will be sidelined for two weeks.

"We are just real beat up and our starting lineup may change some still. We had a lot of kids banged up the other night and we are going to have to just wait and see. It's the first time we've received that many injuries in one ball game in a long time. We haven't been able to go real hard this week because of it."  
The Whitefaces have a couple of question spots because of injury. Jeff Loerwald hurt an ankle and Donny McDermitt his right shoulder in the Pampa game. McDermitt probably will see considerable action at quick guard, but Loerwald is more doubtful.  
Loerwald, whose 58 yards rushing from the wingback spot last week led Hereford and put him second in the district after the first week of play is also the Herd's kick specialist. If he is sidelined, the kickoff chores will go to Albert Pena. The punting situation still is unresolved, and Coach Wartes was considering bringing up someone from the junior varsity team.

## The Many Moods Of A Football Coach...Larry Wartes

## Will Weather Woes Hit Beet Crops Again?

Area sugar beet growers are keeping their fingers crossed this week, hoping the 1970 sugar beet crop will not suffer like last year's because of the recent cool, rainy weather that is hovering over the county.  
Sugar beet crops of last year suffered through one of the worst seasons in history because of weather exactly like that which the area has been experiencing. Last year's bad weather hit at almost exactly the same time as this year's.  
Paul Willis, field man for Holly, said the company has taken a number of sugar samples during the past four weeks and the content has constantly risen, but, the weather is "ideal leaf spot weather."  
The cool, cloudy weather allows the virus to set on sugar beets and grow, and it also stops the photosynthesis process which allows the sugar content to increase.  
"There have been very few reports of leaf spot virus," Willis said, "mainly because most of the farmers are more conscious of the problem this year and are on a spray program."  
"With the new chemicals we have, this will also help the situation some," he said.  
County Agriculture Agent Justin McBride confirmed Willis' report that the cloudy weather, cool conditions and no sunshine build up to the leaf spot possibility.

ing the past week did nothing to help the sugar beet situation with reports of as much as one inch very common throughout the county.  
An employee of Pitman Grain at Milo Center said that a ree received eight-tenths of an inch Wednesday, and that at some locations east and west of there, there were reports of as much as 1.25 inches. Wednesday's rain was a blessing for the area, since it had been since early September since the last rain, but the farmers were "wanting sun shine and not the foggy weather," the employe said.  
About 12 miles south of Hereford, at Easter Fertilizer, four-tenths of an inch was reported Wednesday night with Sunday registering one-half inch and Saturday 1.50 inches.  
In the western portion of the county, at the Phillip Miller farm, one-half inch of moisture was reported from Wednesday's moisture. Miller said it was still misting and drizzling early Wednesday morning.  
Temperatures throughout the Panhandle were considerably lower last week and early this week, and this is expected to have some effect on the sugar beet crop.

## He Tells Commissioners

# Aikin To Resign As County Atty.

County Attorney John Aikin told the Deaf Smith County Commissioners Court Monday he plans to resign because the annual salary of \$6,500 isn't enough to make it worth his while.  
In a simultaneous move, County Clerk B. F. Cain gave the commissioners three documents filed together in his office at 10:25 a. m. Sept. 7 — resignations by Hazen Wood and Tom Kendrick as assistant county attorneys and a request by Aikin that Rex W. Easterwood be appointed the new assistant county attorney.  
Wood and Kendrick are associated with Aikin in a partner in the firm of Witherspoon, Aikin, Thomas and Langley. Since Aikin became county attorney, younger members of the firm have rotated in the position of assistant county attorney, and doing much of the work required of a county attorney.  
Easterwood is a partner in the firm of Tubb, Lowder and Easterwood.  
"I'm going to have to turn this county attorney thing loose. It's just costing me more money every month. You're going to have to pay somebody more," Aikin told the commissioners in their regular semi-monthly meeting.  
"I expect to resign probably sometime next month. I asked Rex to take it. He, of course, is the assistant," Aikin added. He said a few moments later "it will be up to the court to name a successor."  
Under the state election code, if a county official resigns prior to 30 days before a general election, each party committee in the county has a right to put a name on the ballot as a candidate for the unexpired term. If a resignation comes within 30 days of the general election or after the general election, it is up to the Commissioners' Court to appoint someone for the remainder of the term.  
Who names the successor will depend, then, on whether Aikin resigns on or after Oct. 3 — if he carries through on his announced intention to quit.  
Easterwood told the Brand Tuesday he has "no comment... not at this point" on being named assistant county attorney. "We (he and Aikin) have worked out just briefly some arrangements. Everything is very tentative. Nothing is definite. I just thought I would get my feet wet and see how things work out."  
About the resignations of him and Kendrick, Wood said he wanted to stress they by no means came because of any

personality conflicts or lack of cooperation by anyone.  
"Things like this absolutely did not enter into it at all. I think it was an agreed-upon thing within this office. It was becoming a fulltime job and that was what we were working into. And your editorials have been going to this also — that maybe we need a fulltime criminal attorney. It is not something you do on a parttime basis. We weren't doing it on a part-time basis, and that entered into it."  
One of the proposals to reduce the heavy criminal court load in this county is to abolish the job of county attorney and establish in its place the office of county criminal attorney. The attorney functioning in the new job would have many of the same duties as a district attorney, but he would handle only cases in this county.

Both Hereford and Palo Duro had trouble holding onto the ball in last week's first game. The Herd lost five fumbles and Palo Duro four.  
Hereford's fumbles preceded all three Pampa touchdowns in a 24-22 Harvester victory Friday night that was capped by a 35-yard field goal as time ran out.  
One of the Palo Duro fumbles came at the Dumas 12, thwarting a serious drive. The Dons also mounted several other unsuccessful bids to score. They penetrated to the Dumas 8 in the first quarter but were held and missed a field goal try from the 21. When the first half ended, Palo Duro was on the Dumas 2 with three downs left.  
Palo Duro overwhelmed Dumas in the rushing department, 341 yards to 70, but Dumas quarterback Bobby Laughry put together a passing game that netted 194 yards and made up the difference. But even then, in completing 14 of 36, Laughry had to overcome a bad start. The Palo Duro defensive halfbacks, Ray Jones and Dennis Cunningham, intercepted two of his first four efforts.  
Palo Duro had only four completions in 12 attempts for 46 yards, and had two aeriels picked off by Dumas.  
"So I guess you can say we're a running team, but we didn't really plan it that way," Kirk said. "We were throwing the ball in our scrimmages and we planned to throw it quite a bit the other night but we didn't have much success."  
With Bruce Scott out, the Palo Duro passing game rests in See Whitefaces Page Two

## For Robbery By Assault

# Fugitive Jailed Here

George Howell, 23, wanted in three states on charges from rape to escape from a federal prison, was arraigned Wednesday before Justice of the Peace Bill Rowland and bond set at \$20,000 on a charge of robbery by assault.  
Howell is charged with the knife robbery of a motel in Glenrio, where a man allegedly pulled a knife on the owner of the motel, James Carl Guinn, and stole his money and car.  
He was picked up three miles west of Amarillo early Wednesday morning by Department of

Public Safety officers and turned over to Deaf Smith County deputy sheriff Harold Wheeler.  
The owner of the motel told officers he had picked Howell up near Flagstaff, Ariz. and had given him a ride as far as Glenrio. He said Howell then waited a short time before returning to the motel where the robbery took place.  
Sheriff's office authorities said someone passed by the motel and heard Guinn kicking the walls of the heater closet where he had been left gagged and bound to a pipe.

After Howell's arrest, local authorities sent out for a report on him and found he is wanted in Danville, Ill. He was convicted of rape and given a 10-year sentence but overpowered a jailer and operator and escaped before he was sent to the penitentiary.  
He is wanted in Springfield, Ill., for escape and also in Jacksonville, Fla. for escape from a federal prison. On July 24, the Federal Bureau of Investigation issued another warrant for Howell for interstate transportation of stolen motor vehicle.

## Booster Club Meets Friday At Caison House

The second weekly morning breakfast meeting of the Whiteface Booster Club will start at 7 a. m. Friday at the Caison House Restaurant.  
Head Coach Larry Wartes will talk about last week's game and the prospects of his team against Amarillo Palo Duro Saturday.  
Milton Durham, Booster Club president, invited all supporters of the team to attend the breakfast.  
The club also meets on Monday nights, starting at 7 p. m., at the Community Center. At those meetings, Wartes narrates a film of the previous week's game and reports on the next game.

## Clearman Gets Life Membership In Kings Manor Foundation

BY SUE COLEMAN  
Life membership in Kings Manor Founders Association was presented to Hugh Clearman, who has served as president since its formation in 1966, as Shirley Garrison succeeded him in the office at the fifth annual Founders Day dinner Monday.  
New officers and directors were elected at the dinner, where Clearman announced that \$20,722 has been added this year to the Founders Fund with

## Lunch Fee Rises At Walcott School

The Walcott Independent School Board of Trustees voted in their meeting last week to raise the price of lunchroom meals 10 cents a day in an effort to keep from going farther in debt.  
L. B. "Scat" Russell, superintendent, said the meals have been raised from 30 cents to 40 cents, effective Oct. 1.  
"They had been 30 cents for a long time, and we were just losing money all the time," he said. "We were going farther and farther in the hole."  
Russell said this was the first hike in cafeteria meals in many years.  
The board also adopted the amended school budget of last year and designated the First National Bank as the schools' depository.  
Last week's meeting was the fourth meeting of the newly created Walcott Independent School Board of Trustees, according to Russell.

## Clearman Gets Life Membership In Kings Manor Foundation

promised gifts expected to total \$30,000, the 1970 goal.  
The dinner in First United Methodist fellowship hall was attended by approximately 250 persons. Dr. John A. English, executive director, introduced guests from 18 cities and announced that tickets had been purchased with gifts to the Founders Fund by others residing from Houston to Tucson, Ariz.  
Officers named for the administration include Ed Jacobson

## Clearman Gets Life Membership In Kings Manor Foundation

of Adrian as vice president and Mrs. J. T. Gee of Friona secretary-treasurer. Robert Thompson and Jimmy Allred of Hereford and Guy McGill of Andrews were elected as directors and Winifred Tucker of Meadow was re-elected. Clearman will be an ex officio board member.  
Welcomed as new life members of the association were Mr. and Mrs. Garrison, Mr. and Mrs. Allred, Mrs. H. L. Benefield, Mr. and Mrs. H. G. Fain, Mr. and Mrs. C. H. Hamilton,

## Clearman Gets Life Membership In Kings Manor Foundation

Mr. and Mrs. J. O. Haymes.  
Mrs. H. K. Kendrick, chairman of Kings Manor board of trustees, accepted the ash gift from the association in a dedication ceremony conducted by Dr. Charles Lutrick, Amarillo district superintendent of United Methodist Churches.  
John A. Murdock of the church's general board of health and welfare ministries at Evanston, Ill., was guest speaker. He said United Methodist churches maintain homes in

## Clearman Gets Life Membership In Kings Manor Foundation

which more than 25,000 older persons reside, noting that in the United States more than 10 percent of the population is now over 65 years of age.  
Problems faced by most of these persons are low income, housing, health and status changes, the speaker said. Such homes as Kings Manor can help by providing contacts, using talents and enriching lives of the aging, he continued, and the local church can encourage service through the home into the

## Clearman Gets Life Membership In Kings Manor Foundation

community.  
The Rev. Clifford Trotter, First United Methodist pastor, was master of ceremonies for the program, which began with the invocation by the Rev. Jim Pickens of Dimmitt.  
Music was supplied by a group from First United Sanctuary choir, directed by Robert M. Wert, singing contemporary arrangements of new and old hymns. The benediction was by Mrs. Hilton Higgins, president of Kings Manor Auxiliary.

# County Keeps \$25 Limit For Lawyers

The County Commission authorized Judge H. C. Williams this week to crack down on attorneys who have been declining to represent juveniles because the token \$25 fee was not as high as they would like.

The action came after County Attorney John Aikin answered their call and replied to their two-pronged question about whether the attorneys had to represent clients who asked for court-appointed lawyers and whether the county's fee of \$25 was out of line.

"They do have to take it and you are out of line," Aikin told the commissioners. But he told the court that as strict as the Supreme Court is getting about requiring the court to appoint a lawyer, often even when a court appearance is not invol-

ed, the number of instances probably would get too high to allow the county to pay any more.

"I don't see how you can go over \$25 within the liberality of the (court) decisions. Twenty-five dollars is not fair compensation and I'll not represent to you that it is, but you could go way over (your budget) in a hurry," Aikin said.

"All attorneys admitted to practice in a particular court are officers of that court. They're subject to the direction of the court in whatever way the court deems necessary."

The situation arose because commissioners spotted in the monthly bills a payment of \$50 to several attorneys, which is in conflict with a decision on the commissioners' court records that no more than \$25 be given.

Judge Williams said he was responsible for doubling the fee. He did it unaware that the court had set down the limitation, he said.

The judge said he felt the higher fee was a necessity because lawyers in Hereford had been turning him down almost without exception when he approached them to represent a juvenile on a case where a court-appointed lawyer was required.

The lawyers, he said, have been telling him "I have to go out of town" or "I'm busy right now, call somebody else."

After he raised the fee temporarily to \$50 a day he got a warmer response.

"If you have a number of cases to try, you just can't sit around and wait for the spirit to move somebody," Aikin agreed. "It's something to be cooperative with the attorneys, make your calls in alphabetical rotation and make other arrangements in certain cases to keep from working a hardship on someone."

But it's something else if the judge just meets refusal from the attorneys because they don't like the fee, even as it means the worry to a civil lawyer of trying a criminal case, Aikin continued.

Commissioner Donald Hicks saw an analogy between the demand on a general citizen's time for an entire day of jury duty for only \$4 and the requirement that attorneys represent a client for \$25 a day.

"I don't think they should get any special privileges, just because they are attorneys," Hicks said.

The commissioners found in a quick check that other counties are paying approximately the same. In Randall County the fee is \$25 minimum, depending on the amount of work and the number of visits an attorney has to make; in Moore County it is "\$25 per day usually"; in Hale it is "\$25 per day on a criminal case, possibly more on some cases taking more time"; and in Potter County, it is \$25 in one court and \$25 in another court and \$50 if it goes to trial.

The district court also pays attorneys a \$25 fee but the lawyers have been answering the call to go there, the commissioners were told. Judge Williams said he understood the lawyers were preparing a plea that the fees be raised in that court.

# Whitefaces...

(Continued From Page One)

the hands of Russell Stambaugh a senior in his first year of varsity ball. He weighs 152 pounds, about 35 pounds less than Scott. He went three quarters against Dumas. Kirk considers Stambaugh "a pretty good football player."

The lack of solid, proven material in the line is what Kirk considers his biggest problem area. At the same time, he is blessed with the presence — on both offense and defense — of Gary Monroe, a 203-pound senior who is being billed for All-State honors this season.

Monroe will line up at left tackle on offense and right guard on defense. Guy Dutton, a 190-pound senior guard, also is a two-way performer who many feel will stack up high in post-season all-star voting.

The starting offensive Palo Duro line will average 191 pounds, Hereford's 170½. The Whitefaces have only eight boys on their entire squad to tip more than 170 on the scales and Palo Duro has more than twice that many.

This is the probable lineup for Palo Duro:

The Dons will have at offensive ends John Taylor, a 175-pound sticky-handed senior receiver who also does the team's

kicking, and 180-pound senior Dennis Cunningham, a defensive starter in 1969. Monroe and Edmond Demerson, a 185-pound senior, man the offensive tackles; Dutton and 200-pound Curtis Lawrence are at the guards; and Jerry Grim, 190 pounds, is at center.

Stambaugh is the quarterback and 171-pound Charles Ward is the fullback. If Ralph Scott is able to play at left halfback, Jones will move to right halfback to put two players in the backfield who can beat 10-1 at in the hundred. If Scott is out, Jones will be at left half and 150-pound Mike King, a 10-flat sprinter, will take over right halfback.

Seven of those players are slated to start on defense also. Kirk has installed Dutton and Monroe as the two middle men on his six-man defensive front. Grim and Norman Swanson, a 174-pound senior, are the defensive tackles, and Taylor and 150-pound senior Bobby Asberry are the defensive ends.

Mark Nobles, a 175-pounder, is at left linebacker and 175-pound Kingery Nickerson is at right linebacker. Cunningham is the left defensive halfback and Jones the right defensive halfback, with King at safety.

# David Dowell Wins First Grid Contest

David Dowell won the \$20 first prize in the first weekly Hereford Brand Football contest by correctly predicting 18 of the 20 games on the card.

He was the only one of the 112 entrants to miss only two, although three other prognosticators missed but three. The picks put Dowell into an early lead also for the season-long competition for two Cotton Bowl tickets. Those will be given to the person making the most correct predictions over the entire season, with one ticket going to the second best and one to the third best.

Jim Loerwald, Clyde Schmer and Ernest Gilmore each mis-

sed three games, but Loerwald was awarded second place because his prediction of a 20-15 Hereford victory on the tie-breaker left him 11 points off the correct score (22-24). He got the \$10 runnerup money.

Schmer (Pampa 31-4) Gilmore (Pampa 28-3) were 25 points off and will split the \$5 third place money.

Dowell missed the Stanford upset of Arkansas and the Amarillo Caprock victory over Odessa Ector.

Loerwald, in addition to missing the Hereford-Pampa game, also failed to predict Dumas' victory over Palo Duro and Stanford's win over Arkansas.

Schmer incorrectly picked Odessa over Amarillo, Arkansas over Stanford and Virginia Tech over Virginia. Gilmore was wrong in taking Plainview over Lubbock Estacado, Arkansas and Odessa.

Entry forms for each week's contest will be carried in both the Sunday and Thursday issues of the Brand. These forms should either be brought to the Brand by 5 p. m. Friday or mailed to the Brand with a postmark no later than 6 p. m. on Friday. If mailed in, the forms should be addressed to Football Contest, Hereford Brand, P. O. Box 673, Hereford, Tex., 79045.

Only one entry is allowed per person per week.

For those interested in how they are faring with others in the season-long contest, a chart in the Hereford Brand office lists all the entrants and the number of week-by-week correct predictions.

# Concert Drive For Members Still Underway

Final days of Hereford Community Concert Association's annual membership drive will see efforts intensified to enroll area residents for the coming season, when at least three concerts will be given here for members only.

A kickoff dinner Monday evening opened the week's drive to seek new members; workers had already invited those on roll to renew memberships. The campaign closes Saturday and the CCA board will decide that day on the remainder of this year's program.

Already scheduled is a concert Nov. 7 by the Oberkirchen Children's Choir and one March 2 by Don Shirley, pianist.

Mrs. John E. Smith, drive chairman, has announced that captains have been assigned to receive memberships in communities around Hereford.

Mrs. James Eddleman is the captain in Friona, Mrs. Earl Holt, Dimmitt; Mrs. Donald Hicks, Vega area; Mrs. Ray Stewart, Dawn; Mrs. George Brakebill, Walcott community and Mrs. Smith, Easter.

Residents wishing memberships but not contacted by a worker are invited to visit or telephone the Chamber of Commerce office, where campaign headquarters is being maintained with Mrs. Roy Hartman as office manager.

In addition to the captains leading workers in Hereford, two special volunteers are assisting in the drive. Mrs. Jack McKinster is chairman of new-comer prospects for the second year and Mrs. Jack Wilcox is chairman of industry memberships.

Mrs. Joe Reinauer is current president of Hereford CCA, and Mrs. Norma Weaver is here as representative of the New York office of Columbia Artists and Community Concerts, giving advice and help to workers.

Mrs. Bob Word was chairman of kickoff dinner arrangements, with Mrs. Albert Ricketts as co-chairman. They decorated tables with figures of musicians playing instruments, and the centerpiece was a decorated cake baked by Mrs. Brice Glass in the shape of a grand piano.

Organ music during dinner was by Mrs. Jim Cramer.

# Juvenile Trial For Goheen, Myers Set For Sept. 29-30

The trials of juveniles Dennis Goheen and Thomas Myers, charged in the March 29 burglary of two local homes, has been set by County Judge H. C. Williams for Sept. 29 and 30 in the county courtroom.

The two juveniles, along with Gary Goheen, 18 and considered an adult under the state laws, were arrested April 11 in connection with the burglaries and vandalism of the Charles Hoover and John McNeely homes.

Myers, 14, and Dennis Goheen, 16, will be tried in juvenile court and the other Goheen youth will be tried in district court.

The trial and several pre-trial hearings were scheduled for the case, but delays were obtained by representing attorneys. Ed Line is representing the Myers youth and Andy Shuval is representing the younger Goheen boy.

The burglaries and vandalism occurred in late March when both the Hoover and McNeely families were out of town for a few days. In the Hoover burglary, nearly \$2,100 in money was taken along with several rings, watches, and a knife.

In the McNeely burglary, several watches, an assortment of liquor and a knife were taken.

Also at the Hoover home, considerable damage was done when mustard and catsup was smeared over the carpet and furniture, and the beds in the house were ripped with a knife. Several furniture items were also reported broken.

The three youths were arrested April 11 when the Myers boy attempted to change a \$50 bill

at a local food store. Store employees, who had been warned to be on the lookout for persons trying to change large bills, called the police.

Officers questioned Myers, who named the two Goheen youths as accomplices, and told officers where they might find the money and items taken in the burglaries.

Officers found \$770 in the roof of the Myers home, and \$1,481 was found in a camera box in one of the Goheen boys' rooms.

# PD Tickets Go On Sale At Two Locations

Football tickets for the Hereford-Palo Duro game Saturday night in Amarillo are on sale at the school administration office at Union and Avenue E and at Hereford Bakery, 519 Park Ave.

Bobbie Kitchens, bookkeeper, said the tickets will be on sale at the administration office through Friday and at the bakery through Saturday.

Price of the tickets is \$2 for adults and 75 cents for students. Mrs. Kitchens also reported the season football ticket sales, which ended Friday, surpassed the 1969 total by 23 tickets.

"We sold 612 season tickets," she said. "We felt we would sell more than the 589 we sold last year, but we didn't know until everyone picked them up on the last day."

# Two Groups Meet Jointly Saturday

Young Farmers of Texas from over the Panhandle-Plains area will convene in Hereford Saturday, hold an afternoon program and business session, then join Young Homemakers of Texas delegates for the annual awards banquet at 8:30 p. m. in the high school cafeteria.

New officers for Area I YFT and YHT will be elected and installed in the daytime meetings. Awards to the Star Young Farmer and to outstanding chapters of both organizations will be presented as the highlight of the banquet.

Mrs. David Prewitt of Ralls, area YHT president, and Glenn Odom of Dimmitt will introduce winners of the respective groups.

The awards are sponsored by Pioneer Natural Gas, Electric Utility Companies of Texas and Southwestern Public Service Co.

Electric cooperatives from over the area, Gifford-Hill Western, Taylor-Evans Co. and United Farm Industries will sponsor the dinner. Bill Sarpalus of Canyon, past state president of Future Farmers of America, will be the speaker.

Master of ceremonies is Jimmy Myers of Silverton, area YFT president. Roy Hartman, superintendent of Hereford schools, will greet convention visitors and entertainment by Jim Hannaford of Hereford is scheduled.

Young Homemakers of Texas will begin their registration at 9:30 a. m. and a morning session at 10 a. m. after a coffee hour. Mrs. David Prewitt of Ralls is area president of this group.

Mrs. Bud Thomas is president of the Hereford YHT chapter and Lewis Block of the Young Farmers. Mrs. Charles Weatherford is chairman of local convention arrangements.

# Grazing, Haying Prohibited Under Farm Programs

The chairman of the county Agricultural Stabilization and Conservation Service committee has reminded farmers cooperating in the 1970 feed grain and wheat programs that they may not graze livestock on diverted acreage until Oct. 15.

Haying or other uses are not permitted on acreage which farmers agreed to divert from production in return for farm program benefits, said Frank Bestner.

The farm program agreements entered into by producers cover the entire calendar year.

As part of the effort to balance production with demand, feed grain and wheat producers agreed to divert a portion of their cropland from production and maintain it in a conserving use. In return for participating in the programs they earned price support payments or wheat marketing certificates, and their program crops are eligible for price-support loans.

Practically all farm program payments in Deaf Smith County have now been made. Farmers' diverted acreage must continue to be maintained, however, and no grazing is permitted until Oct. 15th. In the event of intentional violation, a farmer may lose all program benefits.

# Fly Your Flags For Constitution

Hereford residents were asked to fly their flags, both at home and at work, today through next Wednesday in celebration of Constitution Week as proclaimed by President Nixon.

The Constitution was signed 183 years ago this week, on Sept. 17, 1787.

The local Los Ciboleros chapter of the National Society of the Daughters of the American Revolution (DAR) is lending efforts to make Hereford area persons aware of the celebration.

"We ask your cooperation that in your prayers, announcements and programs that this great document be remembered," said Mrs. Stan Knox, chairman of Constitution Week in the local DAR chapter.

When Benjamin Franklin signed the Constitution, he remarked: "Thus I consent to this constitution because I expect no better and because I am not sure it is not the best."

Windsor Castle is in the form of a parallelogram, 1,800 feet by 560 feet.

# Publication Cites Three Educators From Hereford

Three Hereford educators have been selected to appear in the 1970 edition of an awards publication known as "Outstanding Educators of America."

The publication recognizes and honors men and women who have distinguished themselves by exceptional service, achievement and leadership in education. Each year more than 5,000 of the country's foremost educators are featured.

From Hereford, the honorees are Supt. Roy Hartman, Assistant Supt. Bob Holman and Ethel Womble. Local standards of excellence are the bases for their selection.

Guidelines for selection include an educator's talents in the classroom, contributions to research, administrative abilities and any civic and professional recognition previously received.

# Night Classes Start For Adults

Adult education classes in six subjects will begin Oct. 5 at Hereford High School. Vocational Education director Walter Bryan announced this week.

Registration is underway now. Persons interested in any of the night classes should phone the administration office, 364-0006, or go to the building at the corner of Union and Avenue F.

Tuition is \$10 per course, and there is no limit on the number of students. There are no restrictions on income, place of residence or anything else, except that the person have \$10 a be on hand for the classes.

Being offered are bookkeeping, typing, shorthand, welding, auto tuneup and conversational Spanish. The classes are three hours long and will be conducted one night each week.

The welding class is about 40 hours of duration, auto tuneup about 60, typing and shorthand about 65 to 70, bookkeeping about 70 and conversational Spanish about 70 to 80.

# Farmers Elect 25 ASC Committeemen

Farmers of Deaf Smith County have elected a total of 25 ASC community committeemen and alternates in a mail election conducted earlier this month, according to Frank J. Bezner, chairman of the County Agricultural Stabilization and Conservation (ASC) Committee. ASC community committees assist the County ASC Commit-

tee in administering farm programs in Deaf Smith County, such as wheat and cotton acreage allotments, feed grain bases, sugarbeet proportionate shares, and agricultural conservation cost-sharing measures. They also help keep local producers informed of farm program provisions and regulations. Following are the newly elec-

ted ASC community committeemen in Deaf Smith County, listed in the order of chairman, vice-chairman, member, first alternate and second alternate:

Community "A" — Alfred Reinart, Clarence A. Betzen, J. D. Gilbert, Jr., Leroy Bodkin, and Dick Fellers.

Community "B" — Gerald McCathern, S. A. Fangman, George E. Turrentine, Hilton Higgins, and Edwin Axe.

Community "C" — Eldred A.

Brown, Elmer Northcutt, Richard Fortenberry, Bertram Jack, and George Ritter.

Community "D" — Leland C. Burns, M. W. "Webb" Blankenship, Elmo Hall, C. F. Hoinfeld, and Larry Harris.

Community "E" — George Cassetty, Wayne Richardson, Joe F. Brorman, Bill Cleavinger and Laverne Schenk.

The just-elected ASC community committeemen will convene Sept. 25, at 9:00 a. m. in the Community Center in a meeting open to public. They will elect one county committeeman to serve a three-year term and two alternates to serve one-year terms. After the vacancies are filled, the community committeemen will determine which of the three regular members of the County

ASC Committee will be Chairman and Vice-Chairman.

Each of the five ASC community committees are made up of three members and two alternates, who serve for a one-year period. The candidate in each ASC community who received the largest number of votes is the committee chairman. Second highest is vice-chairman, third is regular committee member; fourth and fifth in the number of votes received are first and second alternates.

Lee Maye hit .290 in 31 games with Washington last season, after being obtained from Cleveland where he hit .228 in 72 games. With the Senators this season he hit .290 in his first 53 games.

**DEDICATION CEREMONY** — Exalted Ruler C. D. Kelton, left, receives two flags from Freddie Cooper during dedication ceremonies Sunday at the new lodge. The flags, one an American flag and the other the Texas flag, have both flown over the capitol.

## Stanton, LaPlata Play FB Today

Stanton's ninth grade Dogies and La Plata's ninth grade Mavericks will open their 1970 football season today when the Mavericks go to Pampa and the Dogies host Dumas.

The Stanton game is slated at 5:30 p. m. at Whiteface Stadium, immediately following the high school junior varsity game. La Plata's game is set for a 4 p. m. start in Pampa and the team will leave here at 1:30 following a pep rally at 1 p. m. at the junior high school gymnasium.

Stanton will also have a pep rally beginning at 2:10 p. m. to-

day. La Plata's eighth grade opens its season Sept. 24 when they journey to Dumas with the ninth grade for a 4 p. m. game. The seventh grade does not start the season until Oct. 1 when they go to Borger for their opener.

Stanton's seventh and eighth grades begin the year Sept. 29 when they host Plainview Estacado at 5 p. m.

Cuby Kitchens, Jeff Smart and Keith Fanning coach the Stanton teams while Grady Allen, Terrell Bell and Joe Kerbel Jr. coach the La Plata teams.

**GETTING READY** — The Stanton Dogies are getting a little advice and coaching from Jeff Smart, Cuby Kitchens and Keith Fanning as they prepare for the season opener today with the Dumas team.

## Fire Causes Heavy Damage At Holland Home

A fire which occurred about 2:30 p. m. Tuesday caused an estimated \$4,500 damage to the roof and attic at the home of T. H. Holland, 248 Northwest Dr. Some 28 men and four pieces

of equipment were dispatched to the scene of the fire, and firemen fought the blaze about 20 minutes before getting it under control. They remained at the house for about an hour to make sure the fire was completely out.

Cause of the fire was unknown, according to Jap Dickerson, Fire Chief, but it was believed it started from faulty electrical wiring. Dickerson said there were two possibilities as to the origin of the fire.

## Funeral Plans Pending For J. W. Holman

Arrangements are pending for the funeral of James William Holman, 55, of Route 1, whose death occurred suddenly Tuesday night. The service and burial will be directed by Gilliland Funeral Home.

Mr. Holman, who was born May 14, 1915 at Glover, Okla., came to Deaf Smith County in 1940 from Garvin Co. in that state. He married Vera L. Chatman Dec. 29, 1945 in Hereford.

His wife survives him, with a daughter, Marta Marcel; son, Gregory Keith; three sisters; Mrs. Lola Curtsinger of Hereford, Mrs. Agnes Perry of Clovis and Ms. Ann Johnson of Denver; and a brother, Lesley, of Paramount, Calif.

**HEAVY DAMAGE** — An estimated \$4,500 damage was done to the home of T. H. Holland when a fire broke out in the attic about 2:30 p.m. Tuesday. Firemen fought the fire some 20 minutes before getting it under control.

# America, your new cars are ready! The 1971 Fords.

**New Ford Pinto**  
Priced and sized like little imports, but roomier. Quiet and stable. Goes a long way between gas stops, service intervals, even styling changes. Put a little kick in your life.

**Mustang Mach I**

**'71 Mustang**  
How does a nice homegrown Mustang stand up to the great road cars of Europe? Beautifully. With great looks and handling, at a fraction of the cost. With six models, seven engines and a long, long list of options.

**'71 Ford**  
Outside, it's getting noisier. Inside a '71 Ford LTD, it's a quiet world born of strength wrapped in luxury. Take a quiet break. In the 1971 Ford. Ford gives you better ideas.

**CCA CAMPAIGN WORKERS** — Mrs. Roy Hartman, right, is in charge of the headquarters of Hereford Community Concert Association's membership drive this week, in the Chamber of Commerce offices. Mrs. Jack McKinster, left, is chairman of newcomer prospects and Mrs. Jack Wilcox is in charge of soliciting industry memberships during the only week

of the year in which area residents may become CCA members and so attend the concerts presented here. In front of Mrs. Wilcox is the cake in the shape of a grand piano, which decorated the table at the Kickoff dinner Monday and then was sent for headquarters for the staff to eat with coffee.

## Lawmen Play Scene In Traveling Movie

BY MARSHALL DAY  
Staff Writer

Acting isn't a prerequisite for being a highway patrolman, but Chuck Moore and Don Samuels will tell you being a highway patrolman could have its acting advantages.

Moore and Samuels are officers with the local Department of Public Safety and spent some time last week in front of the movie cameras near Bellview, N. M.

Both officers were filmed for a short scene for "Two Lane Blacktop." It is a movie about two men who both have fast-built cars. They get into an argument as to which is the fastest and decide to race from the west coast to the east coast with the titles of both cars going to the winner.

The titles are left with a holder and the loser has to pay for all tickets both drivers get during the course of the coast-to-coast race.

The scene in which Samuels and Moore are involved is one where the officers stop the driver of one of the cars. Just as they begin questioning him, the other driver, who is losing the race, pulls up and tells the officers the other driver had run him off the road and was driving irrationally and that maybe he is on dope or drugs.

The losing driver then jumped in his 1955 Chevrolet and takes off while Moore and Samuels begin questioning the unsuspecting driver, who becomes angry when confronted with the accusations of the other driver.

Scenes such as the one filmed near Bellview will be filmed throughout the U. S. as the actors and technical crew stops at different locations to shoot on-the-spot scenes.

Sheriff Travis McPherson, who was on the scene of the shooting (pun intended) said the actors were "real hard-working and there was no foolishness at all." The crew began shooting the scene at 8 p. m. and did not finish until about 4:30 a. m.

McPherson said they shot the scene over and over trying to get it down just right. They

must have worn an inch of rubber off the tires trying to get it perfect.

The filming crew included 25 to 30 workers and their equipment was hauled around in trucks and chartered buses. On one truck there were three identical 1955 Chevrolets used for different filming techniques, McPherson said.

"One of them was the one with a 500 horsepower engine

and another one had a mount on the side where the cameraman would ride during the high speed chases," he said. "Each had something different about it for a certain part in the movie." McPherson said while the crew was filming in Tucumcari, it got a little disgusted when it tried to film one scene in a Tucumcari cafe.

"They were supposed to make this one scene at this cafe, but the owner was drunk and so were a few of his customers and they ruined the whole scene. The filming crew was real disappointed with that scene," he said.

After the day's filming near Bellview, the crew went on to Oklahoma for scenes in that state.

### SPENDING 30 DAYS HERE

Mrs. Callie Orthman of Albuquerque is in Hereford for a month-long visit with her sister, Mrs. LeRoy Brannon, 503 Miles, and her son, Lewis Orthman Jr. and family of Walcott.

### VISITING FROM CANADA

Mrs. LeRoy Brannon had unexpected dinner guests from Red Deer, Alberta, Canada in her home Tuesday evening. Murray Bescom and Dallas Doran left Wednesday morning to continue a vacation trip back to Canada.

## Letter To The Editor

Dear Editor,

A party was held Sept. 2, 1970 for all the Mexican-American workers of a shed. The music was great until it stopped. We turned around and saw an officer who had turned off the switch to the mike which automatically stopped the music and caused the singer to stop. All he did was signal that the party was over and herded the people out.

I ask the citizens of Hereford, "is this fair?" We are not animals to be herded out like that. That left all the Mexican Americans mad. Why couldn't the officer politely interrupt and ask us to leave instead of being rude? We would have understood. Fortunately most of us would have understood the meaning of "This is all, Go home."

These musicians were there to play till a certain time because they were getting paid for it. They don't care what the people do, they are interested in playing good music for their entertainment. So naturally when someone comes over and unplugs their amplifiers while the musicians are in the middle of a song and it happens without an explanation, everyone gets upset and loses respect for the law.

We respect the law but we expect to be respected also. True, there are always people disturbing the peace, but should we all be judged by a few bad ones? When something like this occurs and nothing is done about it, naturally all the respect is not going to be there any more. I sincerely hope that nothing like this occurs again because then it may be starting something that will be bad for our community. Right now so far, we have expected for any office to protect us that is why we respect the law. We are not against them doing their job in keeping the city ordinances and arresting those that are corrupting our community but in small incidents like this I don't think we deserve all this rudeness and treatment like animals.

I hope there will be a better understanding between the officers and the minority groups in the future.

**WEEK PROCLAIMED** — After signing the proclamation of Constitution Week in Hereford, Mayor Jim Sears shakes hands with Mrs. Jess Robinson, regent of Ciboleros Chapter of the Daughters of American Revolution, which is sponsoring observance of the week here. Mrs. Stan Knox, left, signifies approval of the procla-

mation's contents as she reads the freshly-signed paper. The DAR Chapter will hear a program this afternoon emphasizing the meaning of the week as Wesley Gulley, local attorney, speaks on the subject, The U.S. Constitution Past, Present and Future.

## Miss Richardson Is Married Here

Mr. and Mrs. Randall Lynn Griffith are at home in Hereford after their marriage in a simple ceremony Friday afternoon, followed by a reception. The bride is the former Miss Martha Lue Richardson, daughter of Mr. and Mrs. Hardy Richardson of Route 1.

Only close relatives were present for the wedding, in the office of Justice of the Peace Bill Rowland who officiated. Mrs. Charles Wood, matron of honor to her sister, and Dennis Britten of Canyon, best man, were the couple's attendants.

The reception was in the Charles Wood home, 623 Avenue J. Table decorations were in red and white for the serving of cake and punch by Mrs. Joe Zinser and Mrs. Ed Derrick.

The 50 guests included out-of-town relatives and friends: Mr. and Mrs. Gary Griffith of Wich-

ita Falls, Mr. and Mrs. D. A. Griffith, Vanda and Ronnie Griffith of Amarillo, Mr. and Mrs. J. N. Richardson and Mrs. Francis Childs of Floydada, Mr. and Mrs. Glen Barris of Clovis and Dough Britten of Canyon.

The bride is an employe of Easley Feed Yards here and the bridegroom, son of Mr. and Mrs. D. A. Griffith, is a student in West Texas State University.

### GRAVESIDE RITES HELD

A graveside funeral service for the infant daughter of Mr. and Mrs. Ramon Acosta, West New York St., was conducted Sunday afternoon in St. Anthony's Cemetery by the Rev. Michael Graham of St. Anthony's Catholic Church. Burial was directed by Gilliland Funeral Home.

## Man Is Jailed In Recent Theft Of Ward Gin

Reymundo Guerra, 26, of Hereford, was in Deaf Smith County jail in lieu of \$2,000 bond this week in connection with the Sept. 5 burglary of Ward Gin.

Deputy Sheriff Harold Wheeler arrested Guerra Friday three miles east of town on U. S. 69, where Guerra had stopped his truck along the highway to do some work on it.

Wheeler said Guerra was using some of the tools stolen from Ward Gin, and the tires on the truck were the ones stolen from the gin also. He said Guerra had been under suspicion for some time before his arrest.

The deputy said a man jacked up a semi-truck at the gin and took the wheels from the vehicle, then apparently broke into the gin building and he got the tools.

Guerra also is suspected of

the theft of four truck tires in July that belonged to Wally Guerrero.

Total estimated amount of the two burglaries and thefts was between \$800 and \$900, Wheeler said.

The 1969 All-Star baseball game was scheduled for floodlights but it rained the night of the game and was played the next day in Washington.

— my son and me. Here is a man guiding the steps of a young life. This boy is seeking the world through the eyes of a man — a father. They play together, discuss important issues together and, they go to church together. *To be a father is about the highest privilege that ever comes to any man.* And to be a good father takes about all there is of any one of us. How foolish if we neglect to include regular church attendance in our program while he is growing up. What a tragedy if we fail to introduce him to God and overlook the importance of fellowship through a prayer life. Here is an opportunity for your best to show up... it will culminate into one of Life's great Romances.

MRS. JONNY CLOUD AND SON BRAD . . .

LET'S COOK SOMETHING

## Italian Restaurant Source Of Recipe

By JANIE REINART  
Staff Writer

An Italian Restaurant in New York was the source of a favorite spaghetti sauce recipe belonging to Mrs. Jonny Cloud, and, as most recipes do, this one passed through many hands before finally reaching Judy Cloud.

"THE OWNER OF THE restaurant had a daughter who was a good friend of my aunts. My aunt gave the recipe to mother (Mrs. Harold Kriegshauser) and she gave it to me," she said.

Here it is:

**SPAGHETTI SAUCE**

- 1 No. 3 can tomatoes
- 1 can water
- 3 cloves garlic, chopped
- 5 bay leaves

Combine above ingredients and simmer one hour.

Add 1 small can tomato paste and simmer 15 minutes.

Saute 1 pound ground hamburger meat and one medium onion until brown. Salt to taste. Drain off fat and add meat to tomato mixture.

Then add one can mushroom soup and simmer for 45 minutes to an hour. A small can mushroom pieces can be added if desired.

Cook one large package spaghetti and drain.

Serve spaghetti topped with sauce and grated American or Italian cheese.

MRS. CLOUD FEELS however, that there are better things to do than cook. For instance swimming, a good football game, or motorcycling with her husband.

Jonny Cloud, vice president in commercial loans at the First National Bank, chose the recipe to be used in this article.

His lovely, blue-eyed wife said "When we married five years ago Jonny knew I could not cook and he sort of dreaded the experience but I surprised him, and myself!"

"I JUST FOLLOWED some of mother's recipes and they came out fine. I called her on

the phone a lot at first too," she laughed.

"Jonny taught me a few things about cooking also. He was a bachelor for so long he had to know how to cook. He taught me how to make tacos and enchiladas."

The Clouds' 4-year-old son Brad has his favorites too. What else could it be for a youngster than peanut butter and honey bread?

"Brad usually stays out of the kitchen when I'm busy, unless he wants something, of course," she said.

OTHER ACTIVITIES Judy participates in are the St. Anthony's Catholic Church choir, making banners for the church

and sketches for the church newsletter. She served as vice president of the Antonian Circle last year.

She enjoys sewing, and staining old furniture. She is now in the process of antiques her son's room.

"I would like to paint more often but it seems I've always got at least five projects going at one time so I stay behind," she smiled.

Since the banks began to close on Saturdays, Judy says her husband curtails her house-keeping chores, but she enjoys the extra time she can spend with him.

# Better ideas make better cars. THE 1971 MERCURYS.

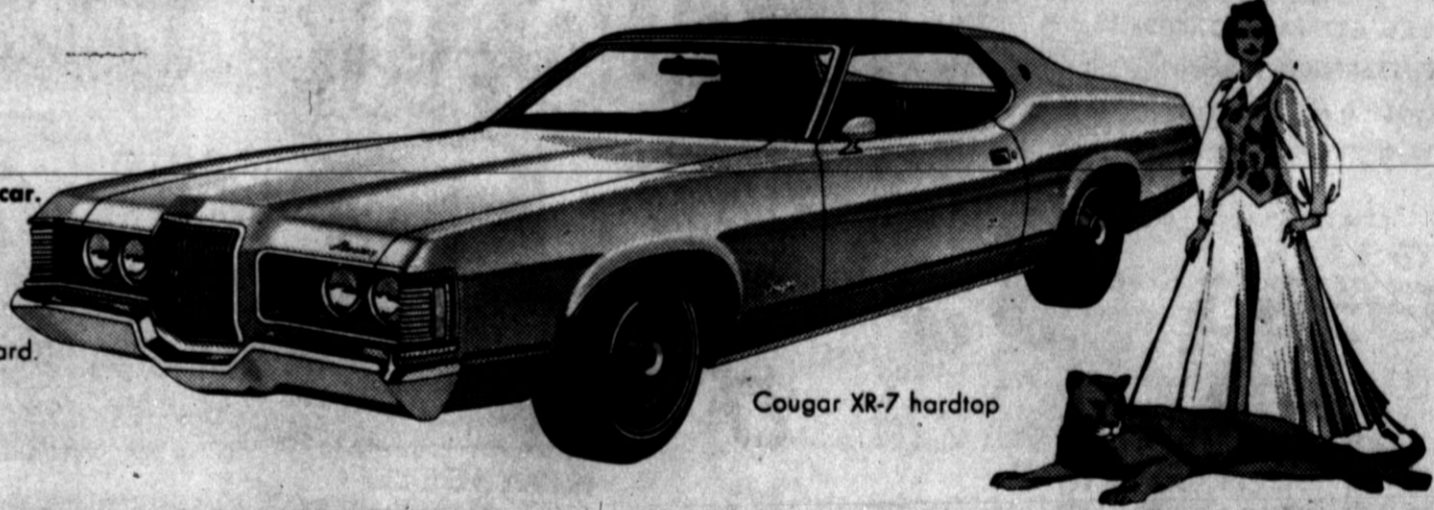

Marquis Brougham 4-door hardtop

### 1971 Mercury Marquis. A better medium-priced car.

1. Take the most dramatic styling in the medium-priced class.
2. Add the best ride ideas from the world's most prestigious cars.
3. And you have a better medium-priced car.
  - Concealed headlamps standard.
  - Select-Shift automatic transmission standard.
  - Steel guard rails in the doors standard.
  - 429 cu. in. V-8 engine standard.
  - Power steering standard.
  - Power front disc brakes standard.
  - Power windows standard (Brougham only).

### 1971 Mercury Cougar. A better personal car.

1. Take the best sports-car ideas.
2. Add the best luxury-car ideas.
3. And you have a better luxury sports car.
  - All new for '71. Even more elegant. Styled with European flair.
  - Hi-back bucket seats standard.
  - Accented with leather in XR-7.
  - 351 cu. in. V-8, floor-mounted shift standard.
  - Sequential rear turn signals standard.
  - Steel guard rails in the doors standard.
  - Unique vinyl roof for XR-7.
  - Three hardtops including XR-7 and GT.
  - Two convertibles.

Cougar XR-7 hardtop

Comet 2-door sedan

### 1971 Mercury Comet. A better small car.

1. Take the best small-car ideas.
2. Add big-car styling and performance.
3. Result: a better small car.
  - Low price. Mercury's lowest-priced car.
  - Easy handling, parking.
  - Gas economy that rivals imports.
  - Simple maintenance.
  - Choice of 2- or 4-door sedan. Also a GT.
  - Choice of three "sixes" or V-8.

A better idea for safety: Buckle up.

# Manor Auxiliary Host To Score On Home Tour

Scores of visitors saw three of Hereford's beautiful homes in a tour Tuesday afternoon sponsored by Kings Manor Auxiliary, which benefited by the scores of dollars paid for tour tickets.

This first fund-raising event for the Auxiliary, which was organized earlier in the year with Mrs. Hilton Higgins as president, will finance current projects. It is intended specifically to buy materials for crafts classes at the Manor, United Methodist retirement home here.

Homes open for the tour were those of Mr. and Mrs. Gaylord Newell, Mr. and Mrs. Frank Ford, Mr. and Mrs. Keith Jorde. All present a look of elegance,

but at the same time are designed for family living with evidences that they are used by children as well as adults.

The Jorde home has been lived in longest of the three, and has well-established trees, grass and flowering plants to enhance its outside-the-city setting. Its family room with ceiling the height of the two-story building, and balcony opening on the upstairs bedrooms, is a spot of interest.

Early American in spirit, the living room of the Newell home is the family room. Behind it is a solarium with green plants focusing interest on a fountain, and a glass wall opening to the backyard with play equipment.

That yard is in view also of wide kitchen-dinette windows.

All rooms of the Ford home are used to display a collection of western paintings and sculpture, including a Charles Russell painting of Indian warriors over the living room mantel and one of Harold Bugbee's ink drawings of Comanches in the entry. Dark wood in paneling and furniture is a foil for colors in the decor over the house.

Auxiliary members served in turn with hostess groups in each of these homes. Arrangements were in charge of the finance committee, with Mrs. J. H. McCrary as chairman. Mmes. Rudy Metz, C. P. Worthan and Ray Carille are other members.

**PCCW OFFICERS INSTALLED** — Mrs. Claude McDougal left, conducted the installation ceremony for St. Anthony's Parish Council of Catholic Women, at which time Mrs. James Hund second from left, assumed the

presidency with Mrs. Johnny Valasquez as vice-president, Mrs. Lanny Bezner as secretary-treasurer, and Mrs. Raymond Schlabs as parliamentarian. —Photo by Betty Koelzer

## Pianist Gives Program

Tunes popular in the 1920's and 1930's were recalled to members of La Afflatus Estudio

Club Tuesday afternoon at Mrs. T. W. Roberson's home, when the hostess gave the program. She talked of music of those decades and played a number of songs as piano solos. Mrs. Al Hewitt introduced the program with a thought for the day.

Refreshments were served in an informal social period to Mmes. A. H. Cook, Sam Morgan, Walter Johnson, S. C. Ramsey, George Suggs, W. F. Markham, A. N. Hopson, Earl Clark and Hewitt.

## Fortas Speaks At Tech Today

**LUBBOCK** — Former U. S. Supreme Court Justice Abe Fortas will come to Lubbock tonight to deliver the first lecture in Texas Tech's University Speakers Series for the fall semester.

His address at 7:15 p. m. in Municipal Auditorium will be open to the public without charge.

Speaking on the topic "The Present Dangers to Liberty," the noted jurist is expected to discuss implications of today's legal revolution with particular reference to individual rights and the protection of human dignity in an increasingly complex society.

## Concordia Choir Accepts Schelter

John H. Schelter has been selected for membership in the College Choir at Concordia Lutheran College, Austin, for the 1970-71 school year.

The son of Rev. & Mrs. H. J. Schelter, 303 Western, Hereford, John is a freshman ministerial student and a member of Emmanuel Lutheran Church, where his father is Pastor.

The College Choir, Concordia's tour choir, is a 46-voice mixed group which annually conducts a tour through several states and makes many appearances in Texas.

# Local Woman's Son Assigned To Army Research Center

Lieutenant Colonel Thomas A. Stumm, son of Mrs. Margaret R. Stumm of Hereford has been assigned to the U. S. Army Mobility Equipment Research and Development Center, Fort Belvoir, as Special Item Manager for Commercial Construction Equipment.

A native of South Bend, Indiana, Lt. Col. Stumm received his commission in the Corps of Engineers and a degree in military engineering from the U.S. Military Academy, West Point, in 1951. He took his Master's in electrical engineering from Purdue University in 1956. He also is a graduate of the Command and General Staff College, Fort Leavenworth, Kansas.

In his assignment in the Republic of Vietnam, he was executive officer of the 79th Engineer Group and Commanding Officer, 588th Engineer Battalion (Combat). Previously, he had served in Korea; Germany, and, in 1965-66, as advisor to

the Royal Thai Engineer School and Rajburi, Thailand. State-side assignments have been with the Seattle District; Granite City Engineer Depot; instructor in the Department of Electrical Engineering, U. S. Military Academy; Nuclear Power Division, Office of the Chief of Engineers; and as R&D Coordinator, Defense Atomic Support Agency (DASA).

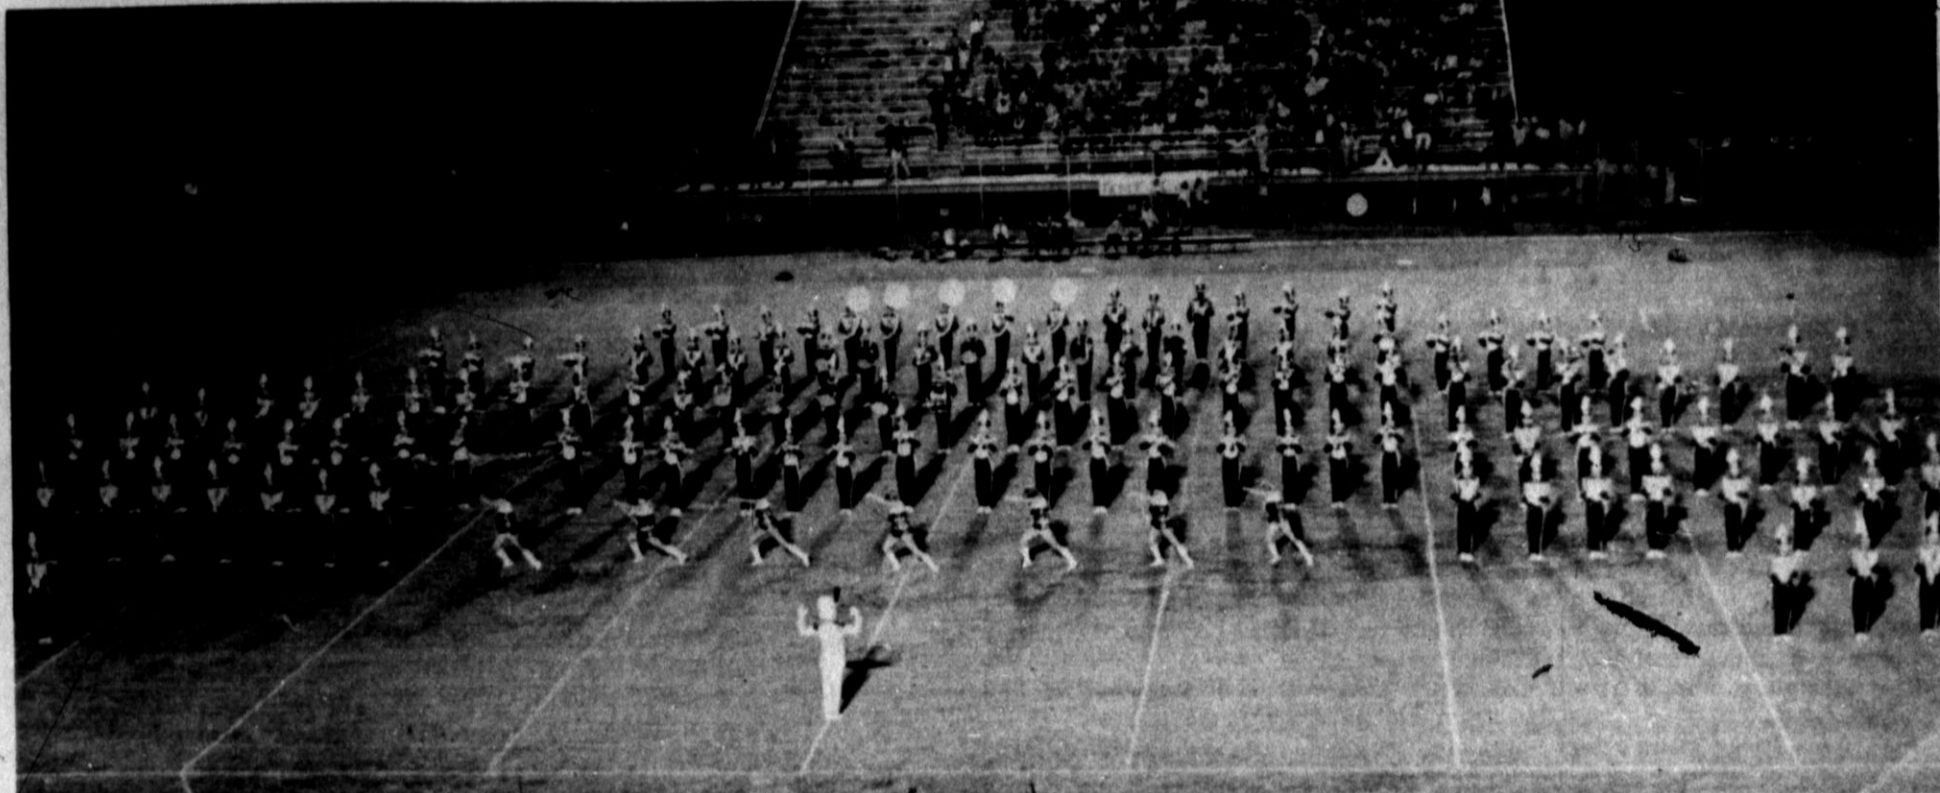

Lt. Col. Thomas A. Stumm

Included in his awards and decorations are the Bronze Star with two Oak Leaf Clusters, the Joint Service Commendation Medal with Oak Leaf Cluster, Army Commendation Medal, and the Air Medal.

He is a Registered Professional Engineer in the State of Vermont.

During his assignment at the Center, Lt. Col. Stumm and his wife, Gloria Ann, and children, Sharon Marie, Kathryn and Thomas, are residing at 8232 Cooper St., Alexandria.

The R&D Center, where he is serving, is responsible for research, development and engineering for round-the-clock mobility in some 15 fields of military engineering ranging from earthmoving and construction equipment to bridges and detection devices.

HALF-TIME PERFORMANCE — High School band members from both Hereford and Pampa performed during half-time of last week's football game at the Whiteface Stadium. Shown in formation above are the Hereford band and twirlers. Cheerleaders and Pep Squad were also at the game spurring the team on during the initial game of the season. —Photo by Tommy Koelzer

## Texas Is Heavy Choice Saturday

Nineteen of last year's top 20 college football teams see action this Saturday with only Ohio State marking time until next week. And until they're knocked off their lofty perches, they have to remain the 20 most respected teams in the country.

National champion Texas, with designs on a repeat performance in 1970, meets California in Austin. The Longhorns should separate the men from the Bears. Texas is favored by 20 points.

Third-ranked Louisiana State, overlooked, ignored, by-passed—call it what you will—by all bowl selection committees last November, clashes with Texas A & M.

The spread: 27 points; the winner: L. S. U.

A bowl-loser that wasn't supposed to be a bowl-loser was 5th-ranked Auburn. The Tigers should muss up Southern Mississippi by about 42 points. Another bowl-loser was Michigan, rated 6th in 1969. The Wolverines, pre-season favorite along with Ohio State for the Big Ten title, play Arizona in Ann Arbor. Michigan will win by 29.

Unless Northwestern has made fantastic strides since the end of the 1969 season, the Wildcats are in for a long afternoon against 7th-rated Notre Dame. The Irish are topheavy favorites by 36 points.

And then there's undefeated Penn State. The Nittanians will rack up victory No. 31 against Navy this Saturday. The Middies will be bombed by about 40 points.

One of the top games of the day could be the meeting in Memphis between Mississippi and Memphis State. The Rebels favored to win the Southeast conference this year, were rated 10th in 69—the Tiggers were 21st. Mississippi will nip State by just 9 points.

Returning to the football wars this week will be last year's 11th-rated team, Tennessee. The Vols take on S. M. U., and are favored to rattle the Mustangs by 17 points.

Houston, Purdue, and Georgia—17th, 18th, and 19th respectively in last year's final ratings, —open their '70 seasons Saturday. Houston will bump the Orangemen of Syracuse by 22 points, Purdue will win over T. C. U. by 15 — and Georgia should wrap up a 13 point opening win over Tulane.

### THUMBS UP

BOURNEMOUTH, England — The accident prevention subcommittee of the Bournemouth Council has turned thumbs-up on a French idea of getting children across the road safely. The idea is that drivers would stop if a child gave the thumbs-up signal at the roadside.

## POLITICAL CALENDAR

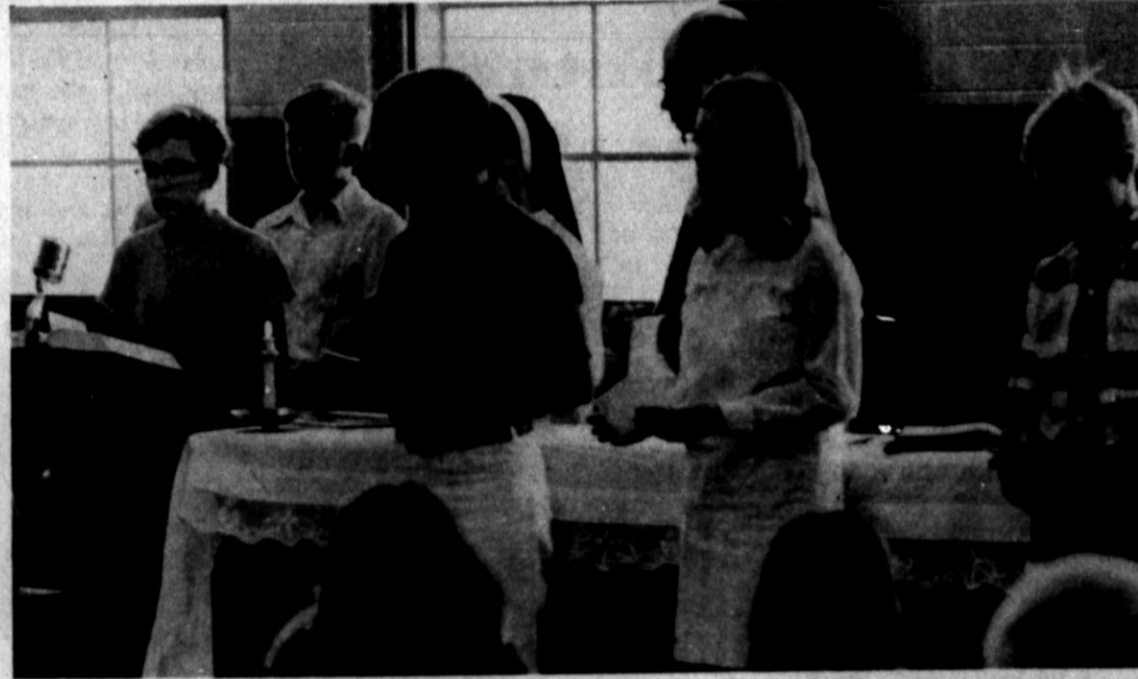

GENERAL ELECTION November 3, 1970

- For County Judge: H. C. "Hank" Williams (D)
- For Commissioner, Pct. 2: Marcus Latham (D)
- For Commissioner, Pct. 4: R. Donald Hicks (D)
- For Justice of Peace: Glen Nelson (D)
- For County Treasurer: Vesta Mae Nunley (D)
- For State Senator, 31st Senatorial District: Malout Abraham (R)
- Max R. Sherman
- For District Clerk: Lucille Posty (D)
- For County Clerk: B. F. Cain (D)
- For District Judge, 69th Judicial District: Archie MacDonald (D)
- For House of Representatives, 18th Congressional District:

### BIRTH ANNOUNCED

Mr. and Mrs. Dennis R. Farley, 222 Centre, are the parents of a daughter, Michelle Denise, born Sept. 4 in an Amarillo hospital. She weighed 7 pounds at birth. The Farleys have an older child, two-year-old Michael Wayne.

Rare among Pacific island peoples, the Balinese fear the sea encircling their homeland, demons.

ST. ANTHONY'S SCHOOL CELEBRATION — Student Council officers accepted their duties for the coming year during a special Mass last week in the school auditorium. Shown, left to right, in the foreground, are the new officers—Ruben Mancillas, president, Frank Mancillas, vice-president,

Mary LaFleur, secretary-treasurer, and Greg Koenig, parliamentarian. Looking on in the background are Michael Foster, class representative, Sister Genevieve, school principal, and Father Michael Graham, council sponsor and celebrant of the service. —Photo by Betty Koelzer

## Optometrists Pick Adams As V.P.

Dr. Milton Adams was elected vice president of the Panhandle Optometric Society during the organization's bi-monthly meeting Sunday in Hereford.

Dr. Adams has served as president of the association on two different occasions. The officers are elected for one-year terms.

Dr. Ken McCarty was elected president and Dr. Guy Martin was elected secretary-treasurer.

Representatives and their wives from Tulsa, Memphis, Dallas, Amarillo and Hereford attended the meeting hosted by Dr. Adams and Dr. Eugene Hendon, local optometrists.

The association ate lunch at

the Country Club and toured the newly built office of Dr. Hendon before assembling in Dr. Adams' office for a business session Sunday afternoon.

The men discussed plans for future meetings including the educational section to be held in November. They also discussed new laws affecting optometrists and the duties of the newly elected officers.

During the men's business session, the wives, who form the association's auxiliary, put together brochure packets which will be distributed to drivers education classes.

AUXILIARY — Members of the Panhandle Optometric Society Auxiliary, which met here Sunday, include, from left, Mrs. Milton Adams, Mrs. Gene Hendon, Mrs. Hugh Stickel Jr., Mrs. Morris Webb and Mrs. Ken McCarty.

OPTOMETRISTS MEET — In Hereford for the bi-monthly meeting of the Panhandle Optometric Society and Auxiliary were, from left standing, Hugh Strickland, Jack Rose, Guy Martin, Milton Adams, Morris Webb and, seated left to right, Francis Benson, Melvin Davis, Ken McCarty and Eugene Hendon.

HERE'S JOHNNY!

bright star in broad stripes

The American Way with Wool is handsomely evident in Johnny's double breasted suit of brown pure wool worsted. Broad shadow stripes alternating with maroon pin stripes define the trimly shaped waist. Six buttons with one wide peak lapel rolled to the lowest button for a long line that appears to add height. Other artful additions: the deeply flapped pockets and the heightened center vent. \$110.00

Warm, Fresh Air

... direct from the manufacturer

Natural gas is the healthiest, most economical way to heat your house this winter. Gas is economical because it's the direct way to produce heat — you don't pay to convert heat to another energy source and then back to heat. And with gas you can afford to bring clean outside air into your home this winter instead of having to re-heat the same old stale air time after time.

So, if you're building or remodeling, be sure to specify gas heating. Gas is the "natural" fuel. It's like buying direct from the manufacturer. Call your heating contractor, plumber, or Pioneer Natural Gas.

**PIONEER NATURAL GAS COMPANY**

# Students Take Trip, Get High On Reading

By MARSHALL DAY  
Staff Writer

Students in a La Plata Junior High English class Saturday got a first hand look at a subject never before taught in the school system.

Some 14 of the class of 30 took a field trip to Amarillo Saturday night to attend the motorcycle races and to get a better look at the subject they are studying in the book "Scramble."

The students got a second

delight when Wayne Woodward, a teacher at La Plata who was entered in the race, had trouble with his motorcycle and let the students help him fix it.

Tuggie, Amarillo television personality, and part owner of the raceway, let the students in free to the races and provided them with refreshments.

"Educators feel that better reading makes better writers and better conversationalists, and the book we are studying makes the students want to

read," said Judy Birdsong, teacher for the class.

She said wheels have always been a symbol of being more grown up and the authors of the textbooks have centered their efforts toward this area. The first book is "Scramble" and the second in the group is "Flea" which pertains to race car driving.

Mrs. Birdsong said later this year it is hoped the class can advance on to the other two books in this program. They are "Grand Prix" and "Indianapolis 500," both of which deal with auto racing.

"The authors are people who have actually experienced the subjects of the books. The books are about eight chapters long with questions to test the student's reading skill," she said.

"The best way to motivate the students, we feel, is to let them experience a real race; to get dirt in their eyes and hear the noise in their ears," she said.

Mrs. Birdsong said the class hopes to take more trips of this type before school is out this year, because this type of experience "gives the students a common subject to discuss."

# Soybean Farmers Vote On Money For Research

Soybean producers in Deaf Smith and 22 other Texas counties will vote Sept. 26 on a proposed assessment of themselves of a half cent per bushel for research, disease and insect control and sales promotion.

Each county will have a central voting place, and only actual producers are eligible to vote. Texas Soybean Association headquarters at Plainview, was authorized by Texas Agriculture Commissioner John C. White to hold the election.

W. B. Tilson, president of the association, said that absentee ballots may be obtained at the county agent's office in each county and must be returned not later than Sept. 26.

A two-thirds majority of those voting is necessary before the half-cent assessment at the point of processing or first sale can be collected. Nine producers also are to be elected to a board which will administer the program.

Ballots will be counted by a group composed of a county judge from the soybean area, a representative of the A & M extension service, a representative of the Texas Department of Agriculture.

Results of the election will be announced by Commissioner White.

Counties in the soybean area are Bailey, Bowie, Briscoe, Castro, Crosby, Deaf Smith, Parmer, Swisher, Lamb, Hale, Floyd, Lubbock, Red River, Lamar, Delta, Fannin, Orange, Jefferson, Chambers, Liberty, Hardin, Harris, and Galveston.

# Young Attends Heart Confab

Dale Young is a delegate to the 35th Texas Heart Association Convention and Annual Assembly, which starts Friday in Dallas.

He will attend various workshops pertaining to public education, community service, publicity and public relations.

He will meet with 16 other delegates from this region to discuss campaign goals for the coming year.

"Hereford and Deaf Smith County have always responded well to the needs of humanitarian institutions," Young said before leaving. "In keeping with the aims of the Heart Association, local efforts will deal with acquisition of heart research funds, and publication of knowledge concerning the normal heart and circulation and the causes, diagnosis, prevention and treatment of heart disorders."

# Chris Tannahill Finishes Course In Helicopters

FT. WOLTERS, Tex. — Second Lt. Chris L. Tannahill, son of Mr. and Mrs. Collis Tannahill of Route 1, Friona, recently completed a 16 week helicopter pilot course at the Army Primary Helicopter School at Ft. Wolters, near Mineral Wells.

During the course, he was trained to fly Army helicopters and learned to use them in tactical maneuvers.

He will undergo flight training at the Army Aviation School at Ft. Rucker, Ala.

# Adult Education Classes Begin Monday At Camp

Some 43 persons have enrolled for the adult education classes to be conducted at the Community Action Agency Center in the Labor Camp, beginning at 7:30 p. m. Monday.

Lorenzo Granado, coordinator for the center, said testing was done on all applicants to determine what level each individual was in and to see what subjects each was weak or strong in.

He said actual instruction classes will begin Monday, but anyone who wishes to get into the program may do so by contacting him at the center located in the Labor Camp.

Granado also said the public is invited to a board of directors meeting at 8 p. m. Monday at the center.

# Local Draft Call Hits 1970 High

The draft call for Deaf Smith, Parmer, Castro and Randall counties hit a peak for the year with nine young men to be called for physicals and 16 to be called for induction during October.

The October call for Texas is 674 and no man will be selected and ordered for induction with a random sequence number higher than 195.

Next month's quota is down from 704 in September.

The state quota for October is part of the national quota for 12,000 men, all for the Army.

The state quota for pre-induction physical and mental examinations in October is 4,285, down from 7,171 in September.

Men sent for these examinations will be limited to those with random sequence numbers 1 through 195 from the drawing in December 1969 and numbers 1 through 100, from the July 1970 drawing for those born in 1951.

# Wartes: Team Needs Support From Fans

By MARSHALL DAY  
Staff Writer

Head football coach and athletic director Larry Wartes told members of the Rotary Club Monday their support of the athletic program is needed during Hereford's uphill climb in AAAA competition.

"We have a fine group of boys with us this year, but they are going to face a lot of defeats in life and if we can help them shake them off it is going to be a lot better than people think," he said.

"We need — and it may be a plea — your support. You saw our game the other night and well, at one time we had two boys on the line that weighed under 150 pounds, but they still got out there and competed," Wartes said.

The coach said that during all the 20 years he has coached, he cannot remember a more disappointing game, simply because of mistakes by both the coaches and the players. He said despite the mistakes, the players came back and looked as if they were going to win.

"We are going to meet some real good, big teams this year

and we are going to need your support," he said.

Wartes pointed out the Dumas-Palo Duro game which Dumas won 25-8 last week, and said Dumas' tradition of winning was probably one of the main reasons they did win the game. He said the people of Dumas support their teams and always have, and this is one of the reasons they have been such a great school.

But, he said, you need to be a big winner before you can get the support.

"Three years ago when I came here we had teams like Hale Center and Floydada on our schedule, but there have been a lot of changes since then and there are going to have to be a lot more changes and a lot more support if things are going to get better," he said.

"We have a wonderful group of students at our high school, and we have a wonderful group of athletes, but they are going to need your support during our long uphill climb," the coach said.

"We have a wonderful group of students at our high school, and we have a wonderful group of athletes, but they are going to need your support during our long uphill climb," the coach said.

"We have a wonderful group of students at our high school, and we have a wonderful group of athletes, but they are going to need your support during our long uphill climb," the coach said.

# Alice Lueb Takes Bowling Honors

Alice Lueb rolled a 233 game and a 522 series to take individual honors in the first week of action in the Sunset Keglers Bowling League.

Team No. 3 had the top game, 915, and top series, 2544, in taking the team lead for the first week. It beat Team No. 4, 3 1/2 to 1/2 for the best mark in the league. Team No. 2 is alone in second place with a 3-1 record.

Team No. 5, the 'Pants Cage; Team No. 6, Cypress Sippers; Team No. 7, Clark's House of Flowers; and Team No. 8 are tied for third with 2-2 marks.

Team No. 1, Hereford Welding, has a 1-3 mark and is in seventh place.

Four women converted splits. Peggy White brought down the 5-7 split, Betty Kelley the 3-7-10, Myrna Buckley the 2-7, and Bertha Arnold the 5-7.

# New Fire Truck In Amarillo Still

Hereford's new long-awaited \$1,762 American La France firetruck arrived in Hereford Aug. 10, but it is still waiting for its first call.

The new truck came by rail car when it was unloaded, factory officials discovered something amiss in the engine. The vehicle was taken to Amarillo, where it was discovered the pistons had crystallized. The parts were replaced, but again crystallized, and officials have ordered new engine for the truck.

City manager Dudley Bayne said Monday the engine has arrived in Amarillo, and mechanics are now awaiting the arrival of the dual heads. This, he said, is expected in the next few weeks.

Bayne said the city hopes to have the fire truck ready for open house at the new fire station sometime in October. The open house has been tentatively set for the last weekend in Fire Prevention Week, around Oct. 10 and 11.

Bayne also said the fire department will not be taking children on rides as they have during past Fire Prevention Weeks, because of a new state law that allows persons to sue the city, county or state for personal injury. Also, he said, too many volunteer firemen would be taken away from their jobs.

The Torts Claims Law makes the city liable for any accident which might occur during a ride on the fire truck.

School buses will take some students to the fire station to see the building and new truck, though, Bayne said.

by MELVIN YOUNG

Like most homeowners, we enjoy and appreciate the beauties of a big, well-kept backyard, and like many homeowners, when it comes to the "labor" of keeping that yard beautiful, we can think of too many other things we had rather do. It takes a lot of work to keep a yard manicured to perfection and a garden free of weeds. And then there's the alley to worry about too.

Of course some people really enjoy digging in the soil and find the yard and garden a welcome relief from the problems of business, and you can spot these homeowners immediately. They have more flowers than anyone else in the block and their homes will look like garden club showplaces.

We always appreciate them more because we realize how much work it takes to keep it that way.

—HB—

The rain which fell Tuesday night has given some relief to those who have been pouring water to the lawns and it also has cooled off the area, although the amount received will not go very far towards making a wheat crop. However, there have been some substantial rains in all directions around us so others will benefit. Certainly, we're happy for them. And of course, there is still a possibility that we'll receive more before the week is out.

—HB—

And then there's the story of the old boy in court facing a pornography charge.

"It ain't so," he allows. "I don't even own a pornograph."

—HB—

Liquor by the drink will be an issue in the November elections and you'll be hearing quite a bit about it from now until that time. The issue will appear on the general election ballot as an amendment to the constitution allowing the sale of mixed drinks in Texas. This has been unconstitutional in our state since the mid 30's.

Senator Joe Christi of El Paso, and George Christian, who was Lyndon Johnson's press secretary in Washington, are now traveling over the state in behalf of the amendment, primarily trying to educate the voting public concerning contents of the amendment. For instance, many people believe that if this amendment to the constitution passes, all counties will become "wet" counties. This, of course, is not the case. There would still have to be a local option election in each county before that could hap-

pen.

It will however, allow the sale of mixed drinks in counties that are now legally selling liquor in package stores, etc., and will, if Christi's figures are correct, add roughly \$10 million in tax revenue to the state coffers annually. Actually, that figure is probably conservative due to the increase in tourism anticipated if liquor by the drink passes.

Christie also says that liquor by the drink, contrary to popular belief, lends itself to moderation in drinking rather than the alternative.

In a study made by his group in states that have voted liquor by the drink in recent years, the figures reveal that in 5 out of the 9, consumption of alcohol has either remained the same or dropped, while in the others, the consumption has risen less than the national average.

Christie says the present situation, with hundreds of private clubs flourishing in dry counties, is unhealthy and dishonest. For instance, Hereford at one time, had as many as 12 private clubs, most of which were serving mixed drinks to anyone who would walk in and sign a guest card, and Deaf Smith County, supposedly dry, maintains a full time Liquor Control Board Agent.

By the way, most of the clubs are now operating because of poorly written, loosely worded legislation of past years and as long as the law enforcement agencies have to go to court for interpretations of the law, then the clubs will continue to operate.

—HB—

New cars are showing amid a raft of labor troubles including a threatened transportation strike that could effect delivery from those auto plants not on strike. Dealers throughout the country are worried, and with good cause. This is the time of year when they can sell all the cars they can get and when they have the best opportunity to make a little profit. A strike will hurt them worse than it will the manufacturers in our opinion.

—HB—

And now it seems that women wearing metal-reinforced bras are fouling up the works with the airlines.

Safety gadgets, installed to detect guns being smuggled aboard aircraft, are being rendered ineffective due to the metal in the ladies' bras. Unfortunately, a mere machine can't tell the difference between the straps and gun metal.

Oh well, back to the old drawing board.

# Sugarland Mall Plans Carnival

A carnival will be in operation from Monday through Saturday on the parking lot at Sugarland Mall.

The rides will be similar to those at the Lions Club Carnival two months ago.

Businessmen in the mall met Tuesday night in their regular meeting at K-Bobs Steak House and discussed the carnival, other upcoming promotions and plans for Christmas decorations, according to Ivan Tipps, president of the Sugarland Mall association.

The October call for Texas is 674 and no man will be selected and ordered for induction with a random sequence number higher than 195.

Next month's quota is down from 704 in September.

The state quota for October is part of the national quota for 12,000 men, all for the Army.

The state quota for pre-induction physical and mental examinations in October is 4,285, down from 7,171 in September.

Men sent for these examinations will be limited to those with random sequence numbers 1 through 195 from the drawing in December 1969 and numbers 1 through 100, from the July 1970 drawing for those born in 1951.

# Eugenia Fish Is Satisfactory In Hospital

Eugenia Fish, 14-year-old Stanton Junior High student injured in an unusual automobile accident last week, was reported in satisfactory condition Wednesday at High Plains Baptist Hospital in Amarillo.

She was crossing Avenue G near the intersection of Avenue G and Park Avenue. A car driven by a 17-year-old Hereford boy hit her and pinned her between the car and another one which was stopped in the road.

After examination at Deaf Smith County Hospital, she was transferred to the Amarillo hospital. She underwent surgery for a broken knee and multiple cuts.

The teen-ager still is confined to bed, hospital officials said.

# USDA Plans No Restriction On Beet Crop

The U. S. Department of Agriculture announced Wednesday that proportionate shares (farm acreage allotments) will not be established for the 1971 crop of sugar beets.

Plantings in 1970 totaled about 1,445,000 acres. At average sugar yields per acre, sugar production would amount to about 3,300,000 tons, raw value or about 300,000 tons less than this year's marketing quota. The effective inventory on Jan. 1, 1971 (sugar on hand plus 1970 crop beet sugar produced after that date) will likely be about 2,525,000 tons — a quantity well below the desirable level.

The 1967 through 1969 crops were unrestricted. Proportionate shares were established for the 1970 crop, initially at 1,450,000 acres. Restrictions were removed altogether in April 1970 because of lower than anticipated sugar recovery from the 1969 crop and indications that total plantings would be less than the acreage allotted for the 1970 crop.

At a public hearing in Boise, Idaho, on July 29, 1970, spokesmen for the large majority of growers and all of the beet sugar processors recommended that the 1971 crop of sugarbeets not be restricted.

The Secretary of Agriculture is required by the Sugar Act to establish proportionate shares in each domestic sugar producing area if he determines that in the absence of such shares, the production of sugar from a crop would be greater than the quantity needed to enable the area to meet its quota and provide a normal carryover inventory of sugar for the calendar year during which the larger part of the sugar from such crop normally would be marketed. Most of the sugar from the 1971 crop will be marketed in 1972.

In 1519 the Aztec capital of Tenochtitlan on the site of present Mexico City had an estimated population of 300,000 — larger than the contemporary London of Henry VIII.

To Area Newsmen

# Senator Makes Push For Liquor By Drink

State Senator Joe Christie of El Paso, chairman for the Texans For Enforceable Liquor Laws (TELL), was in Amarillo Monday for a meeting with area newsmen to discuss his liquor by the drink campaign for Texas.

Christie told the group which included Melvin Young, general manager of the Brand, the state was losing an estimated \$10-million to \$15-million a year in tax revenue, and the state is suffering a fantastic loss from the tourist trade because of the 1935 constitutional amendment prohibiting open saloons.

TELL, a committee of citizens

concerned with the passage of the No. 2 constitutional amendment, is a group formed to gather and disseminate educational material about the sale of liquor by the drink.

Christie explained during the conference that "what the amendment does is grant the legislators authority to pass a local option bill, then it comes back to the local folks to do what they will with it."

The El Paso legislator and members of the committee took fact-finding trips to other states to gather information from states that have legalized liquor by the drink. Christie said they

have taken the good points from each states law and combined them in his proposed bill.

TELL has been getting considerable opposition, Christie said from the Texans Who Care organization which is seeking to stop the passage of the amendment because of its fear of increased consumption. Christie said studies in Tennessee indicate liquor by the drink incline one to moderation or to "take the bottle out of the car."

Christie was accompanied on the campaign by adviser George Christian, former press secretary for Lydon B. Johnson.

## Calendar Of Events

**THURSDAY**

## Adrian Youth Is New Eagle Scout

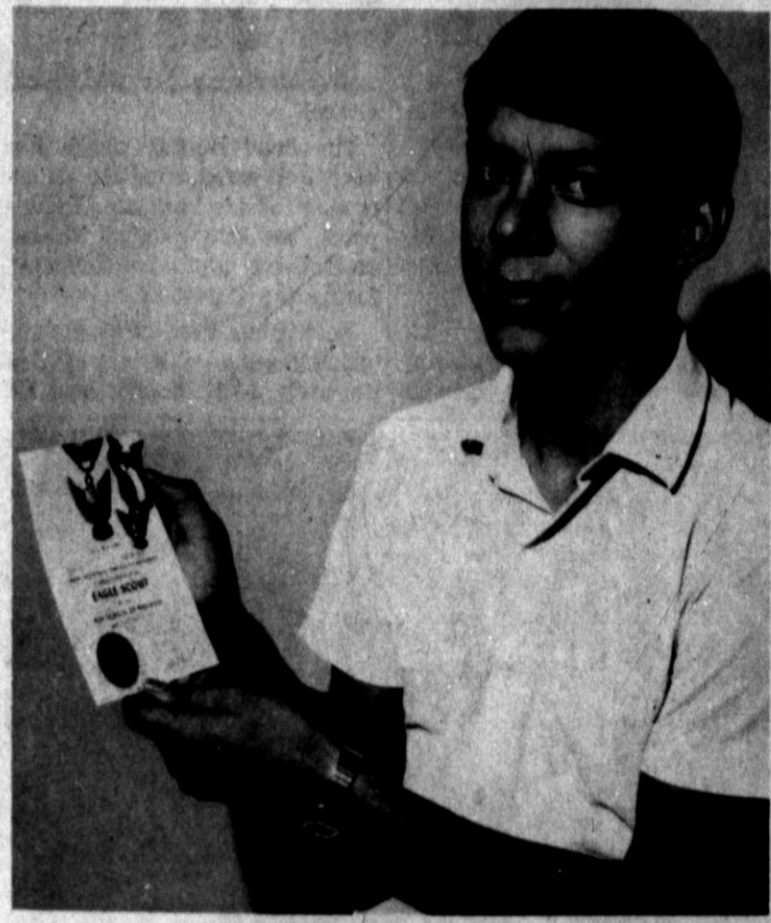

Billy James, son of Mr. and Mrs. W. H. James Sr. of Adrian, was presented his Boy Scout Eagle Badge recently by Adrian Scoutmaster Grady Skaggs.

The presentation was made during Labor Day weekend in the home of his parents. James was home for the weekend from his job as a computer operator for an Amarillo insurance company.

James started in scouting in 1960 in Boy Scout Troop 32. Since he has been in scouting he has been quartermaster, cook, patrol leader, senior patrol leader, junior assistant scoutmaster and assistant scoutmaster.

Mrs. Hardy Benson hostess. Hereford Art Guild, 7:30 p. m. Community Center.  
 Young Mothers Study Club, 8 p. m., Mrs. A. T. Griffin hostess.  
 Valeda Study Club, 8 p. m., Mrs. Glenn Watts hostess.

**WEDNESDAY**  
 Noon Lions, Civic Club Center, noon.  
 Avenue Baptist Church WMU at church, 7 p. m.

RECEIVES BADGE — Billy James, of Adrian, is shown with the Eagle Badge which he received recently. James is the son of Mr. and Mrs. W. H. James Sr. of Adrian.

## O. C. Curtsinger Funeral Service Slated Thursday

Funeral services for Ollie C. Curtsinger, resident of Hereford since 1902, will be conducted at 10 a. m. today in Rose Chapel of Gilliland Funeral Home by the Rev. J. L. Bozeman, pastor of Temple Baptist Church. Burial will be in West Park Cemetery.

Mr. Curtsinger, who resided at 131 Ave. D, died at the age of 84 Tuesday morning in an Amarillo hospital.

He was a member of the family of the late J. D. Curtsinger, which came to this county early in the present century from Collin County. Mr. Curtsinger was born in that county April 2, 1886. He married Leona Johnson Feb. 25, 1915, at Memphis, Tex.

Survivors are a son, O. C. Curtsinger Jr., a sister, Mrs. Georgia Beach and a brother, Joe Curtsinger, all of Hereford. Two grandchildren also survive.

# Statistics Favor Whitefaces After First Week Of Play

Several Hereford gridirers stand at the top of the statistics after the first week of play by members of Class 4-AAAA.

Danny Harris is the league's leading scorer with 16 points, with the two touchdowns and two 2-point extra points he scored against Pampa. He leads Charlie Carpenter of Coronado and Troy Price of Monterey, who each have a pair of touchdowns for 12 points.

John Page is one of six players among the five district schools who scored one touchdown Friday.

Jeff Loerwald, who is injured and may see only limited or no action Friday, is third in rushing with 50 yards in three carries. Ahead of him are two Monterey players. Glen Yarbrough 183 yards in 16 carries and Troy Price with 67 yards in 17 carries. Page is sixth in rushing with 43 yards, Harris seventh with 43 and Ward ninth with 36 yards.

Quarterback Mike Wartes is the conference's leading passer with a 56.3 accuracy mark, completing 7 of 13 for 82 yards. Technically he is behind Lubbock High's Chad Utley, who threw only one pass but completed it for a 43-yard touchdown. Larry Williamson of Lubbock completed 9 of 16 for 106 yards, Gary Olive of Coronado 6 of 13 for 141 yards, Glen Yarbrough of Monterey hit on 5 of 13 for 59 yards and Freddy Jackson of Plainview hit 2 of 10 for 18 yards. Olive, Yarbrough and Jackson each had one pass intercepted.

Harold Schmucker shares the receiving leadership with Joe Byrne of Coronado with four receptions each, although Byrne has more yardage. Byrne stretched his receptions out to 58 yards, 11 more than Schmucker.

John Sparks is deadlocked for third with two other players with two receptions. Utley, of Lubbock High, got 47 yards, like Schmucker, however, Sparks got 30 yards and Zoe Simpson of Plainview had 18 yards on his pair of catches.

Gary Lemons and Eugene Suttle finished high among the district performers in tackles the first week. Lemons' 15 tackles were second only to Brooks West of Lubbock, who had 18. Suttle and Dee McCurry of Coronado each garnered 13 tackles. Charles Ray "Spider" Black was tied for 10th with 10 tackles. Farther down the list, Sparks had 8, Rudy Gonzales and Dan Gorman 7.

Lemons, Sparks and Alan Ralley were among nine players who were listed with one fumble recovery each.

In the punting department, Hereford was on the bottom. Coronado's Byrne punted four times for a 47.9 average, Steve Vaughn of Lubbock eight times

for a 46.8 average, David McPherson of Plainview seven for a 39.9 average, Darrell Jarnigan of Monterey four times for a 32.0 average, Loerwald of Hereford three times for a 26.7 average and Gonzales of Hereford one time for a 20.9 average.

As a team, Hereford's 193 yards rushing and 82 yards passing put the Whitefaces second to Monterey in total offense. The Plainmen had 289 yards rushing and 59 passing for a total of 336 yards, 51 yards more than Hereford.

Lubbock High had 81 rushing, 148 passing, 229 total; Coronado had 127 rushing, 191 passing, 228 total; and Plainview had 129 rushing, 18 passing, 147 total.

Defensively, Monterey again led, yielding 97 rushing, 75 passing, for a total of 172 yards. Lubbock was second, with 175 rushing, 17 passing, 232 total by its opponent.

Hereford gave up 264 yards on the ground, 79 in the air for 343 total. Plainview yielded 144

yards rushing, 212 yards passing, 356 total, and Coronado, playing the state's No. 1 team, gave up 337 rushing, 47 passing, 384 total.

Hereford lost five fumbles, Lubbock three, Coronado two, while Monterey and Plainview went the entire game without losing the ball. Hereford had the fewest yards penalized, 25 in five penalties. Monterey was penalized six times for 63 yards, Plainview seven for 83, Coronado four for 50 and Lubbock High eight for 84.

Lubbock and Monterey intercepted one pass each and Plainview two.

## Rating System: Palo Duro Over Hereford By 13 Points

The Harris Rating System dropped Palo Duro in its statewide rating system from No. 17 to No. 73 this week after the Don's 25-0 loss last week to Dumas.

But still the Amarillo school is a 13-point choice over Hereford, which remained in its No. 158 spot among Class AAAA schools after dropping a close 24-22 decision in the final second to Pampa.

Palo Duro has a strength rating of 129.5 and Hereford 115.5. The predicted point difference between two teams can be obtained by comparing the point totals of any two teams by simple subtraction.

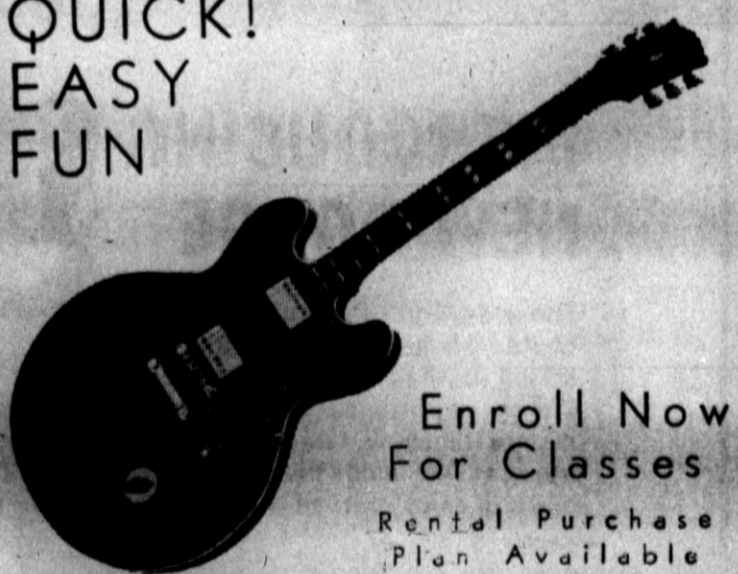

The strength ratings generally vary considerably the first three weeks of the season as teams settle into place.

The ratings:  
 Class AAAA  
 1. Austin Reagan 151.5, 2. Wichita Falls 151.3, 3. Galveston Ball 149.9, 4. Odessa Permian 148.8, 5. Abilene Cooper 146.9, 6. Abilene 146.5, 7. Port Arthur Jeff 146.3, 8. Galena Park 145.1, 9. San Antonio Lee 143.4, 10. Dallas S. O. Cliff 143.2, 15. Coronado 139.8, 18. Monterey 139.2, 24. Amarillo 137.8, 28. San Angelo 137.2, 29. Midland 137.2, 38. Wichita Falls Rider 134.8, 62. Tascosa 130.5, 71. Caprock 128.8, 72. Borger 128.8, 73. Palo Duro 128.5, 87. Lubbock 126.1, 190. Odessa 124.9, 194. Plainview 121.5, 124. Big Springs 121.4,

143. Pampa 119.1, 158. Hereford 115.5, 170. Midland Lee 113.7.  
 Class AAA  
 1. Dumas 139.4, 3. Monahans 136.8, 7. Brownwood 133.4, 8. Estacado 132.8, 14. Lamesa 129.4, 18. Sweetwater 127.6, 24. Snyder 124.8, 34. Seminole 121.2, 35. Brownfield 121.2, 37. # Buffs Open Season Against Lamar Tech

CANYON — West Texas State University's Buffaloes went through their final warm-up scrimmage Saturday afternoon prior to their season opening football game this Saturday night in Beaumont against the Lamar Tech Cardinals.

Coach Joe Kerbel's Buffaloes have encountered at least one thing this past week that is in

common with what they will meet in their game against Lamar Tech—hot, humid weather.

The weather became so hot and humid Wednesday, Kerbel ordered his charges into shorts for the afternoon practice session.

"The practice sessions are harder on players than playing a game as they don't face an

opponent during practice," said Kerbel.

The head Buffalo coach has been impressed with the development of his ball club to this point, but said the team needs much more improvement before facing the Cardinals.

Kerbel has been stressing the passing game during much of the early drills. Sophomores Ed

Holwig, the first unit signal-caller, and Ron Leach have both been impressive with their throwing.

The Buffaloes return their top five pass receivers from last fall's squad and all have been catching the ball with regularity this fall. Halfback Olan Thompson paced the team in receiving last year with 19 receptions. Split end Daryl Wynn caught 15 passes, flanker Robert Jackson had 13, as did right end Willie Walker, while halfback Ralph Thompson had six.

"Our pass blocking is still in need of work, but on most occasions it has been satisfactory," said Kerbel.

The offensive line, responsible for most of the pass protection, has a new look this fall, with only one player returning as a regular at the position he filled last fall.

The one returning starter is 6-4, 270-pound tackle Wayne Adams. He is joined at the other tackle post by squadman Joe Fiola, who was a defensive lineman last fall. The guards are Dale Donoho, who started several games last fall at tackle, and letterman Reginald Bassett, Senior letterman Jerry Cryer appears to have nailed down the starting center berth.

Fullback Ramse Faleafina,

who is filling the shoes of last fall's leading ground gainer, Duane Thomas, has impressed Kerbel with his blocking and ball-carrying.

Faleafina, a stocky 218-pound junior, is called "The Coconut Kid" by coach Kerbel. Born in Samoa, Faleafina was raised in Honolulu. He backed up Thomas last fall. Thomas was the number one draft selection of the Dallas Cowboys.

Kerbel looks for an improved defense this fall, but a lack of experience, especially along the defensive line, could hinder that improvement.

Only Stan Hansen returns as a defensive starter from the spring game along the defensive line. The Las Cruces, N. M., senior is expected to start at one tackle berth.

Junior college transfers are presently starting at the other three positions along the line, but another returning regular from last season is pushing all three players.

Alex Davis is presently starting at the tackle position opposite Hansen, while Thomas Tate and David Denney are at the guard slots.

Rick Fangman, Hereford senior, started at guard last fall, but accidentally shot himself in the foot with a .22 rifle while hunting during the spring and lost his starting berth. He is playing both guard and tackle this fall.

The corner back berths are being handled by letter men from last fall, Charles Horton and Larry Matthews.

Ralph Anderson, the club's defensive captain, is at one safety berth, and will be starting for the third straight year. Letterman Mike Hrcir presently holds the other safety post, but is being pushed by returning regular Raymond Brown.

The three linebackers are all starters from last fall. Harold

Stuart will be starting for his third year at an outside backer slot, opposite Windy Williams Panhandle junior. Borger junior Bill McKinney is the middle linebacker.

Sophomore John Grigsby has been impressive with his punting this fall, as have placement kickers Matias Garza and Jim Albracht. Leach is also a talented punter and placement kicker.

## Chapter Member Speaks

The ancient history of perfumes and cosmetics was traced by Mrs. Delbert Bainum as she presented the program for Alpha Alpha Chapter of Beta Sigma Phi Tuesday evening.

Even primitive savages use their own forms of cosmetics, she said, and in the earliest years of civilization perfumes were used by both men and women. She told of the creation by ancient Egyptians of perfumes as we now know them.

Mrs. Bainum was hostess at her home for the chapter meeting and first program of a new season. Mrs. Larry Summers directed a brief business period.

Also present were Mmes. Harold Beauchamp, Howard Gore, John Schneider, Max Stipe, Joe Story, James Shearer, Margaret Johnson, Hicks Roberson and Ollene Williams.

Frank Howard of the Washington Senators struck out 77 times in his first 76 games this season.

**CLUB BEGINS 35TH YEAR** — As Lone Star Study Club opened its 35th year with a brunch Saturday, it honored two charter members still active in its programs. They are Mrs. Jim Higgins, left, and Mrs. Robert Thompson, standing in top photo as Mrs. C. D. Keiton, 1970-71 president, pours coffee for them. Brunch hostesses, bottom photo from left, were Mmes S. S. Williams, Jim Bookout, R. G. Blue (seated) and G. W. Newsum, members of the yearbook committee and Mrs. J. J. Durham, in whose home the meeting was held. Mrs. Blue is yearbook chairman.

**At The Library**

# The Originator Of Planned Parenthood

Ever wondered where the idea of planned parenthood came from or whose idea it was? Available at the Deaf Smith County Library this week is a complete novel on the woman who founded it and her reasons for doing so. Check into it today.

**THE CRUSADER**  
By Noel Gerson

Mrs. Margaret Higgins Sanger was physically a tiny woman, with dark red hair and a piquant face and a brisk bearing. She could be gentle, charming and persuasive. She could also be willful and aggressive; some people found her hellishly difficult to deal with.

She was possessed with the single-minded zeal of the true visionary, and she dedicated her inexhaustible energy, her whole being, her whole life to a cause: birth control.

This novel tells Margaret Sanger's story; it makes a tale as dramatic as any pure fiction though it is firmly based on fact. Margaret Sanger's crusade took its first impetus from her experiences in the seething tenements of New York in the early 1890's.

A trained nurse, the young Margaret visited countless families and unmarried women too who were too poor to come with even one child but who produced six or eight or ten children simply because they didn't know how to stop.

Over and over, mothers implored Margaret for advice, thinking she must have a secret that would help them stop the children coming. But Margaret, in her despair and mounting fury, had nothing to tell them.

What was worse, she knew nowhere she could send these women for help. The medical profession, along with the rest of the society of the United States in the first years of this century, was still shackled by Victorian prudery combined with ignorance and wild misinformation.

Most doctors could recommend only that women stay away from their husbands. Margaret Sanger grew increasingly appalled - and increasingly determined to change the picture.

from a faltering one-woman effort to a worldwide organized campaign. She wrote and distributed books and newsletters, badgered doctors, researched, lectured, proselytized, fought, begged, even got herself put in jail for civil disobedience. She succeeded finally in making herself famous and notorious: she was loved, even revered by millions of women; she was despised by conservative forces to whom tampering with nature's great procreative plan was repugnant.

Margaret Sanger started the Planned Parenthood Federation of America and the International Planned Parenthood Foundation. She inspired the founding of countless other groups dedicated to helping women control the size of their families.

By the end of her career, she had almost single-handedly transformed contraception from a taboo topic to a completely acceptable and very important subject of national concern.

In the Crusader Noel B. Gerson has brought to life the vivid and controversial Margaret Sanger. Mr. Gerson does not gloss over the eccentricities, the rank egotism, the subterfuge and driving zeal that won Margaret her many enemies. Yet at the same time he evokes a personality which could be pure delight.

Margaret Sanger could and did make herself irresistible, when she felt inclined. Of her many relationships with men, perhaps the most curious and touching was her long love affair with Havelock Ellis: a major intellectual figure among Margaret's contemporaries and the author of the monumental *Studies in the Psychology of Sex*.

The liaison with Ellis (among others) is explored with subtlety and grace in this novel. Margaret Sanger emerges not only as a pioneering force in recent social history, but also as a passionate and complex and memorable woman.

**THE PEOPLE IN GLASS HOUSE**

By June Drummond

This is a suspense novel of power play within an industrial empire, of putative bastardry, of vicious blackmail. It centers around the Villiers—mother and son—who control this vast empire.

The mother, Grace Villiers, does not have long to live, and she wants her son Adam to take

over the presidency as natural heir. Wally Kepple, the director of finance (and Grace's lover) also wants the presidency. Only his love for Grace holds him back—while she is still alive.

On Christmas night they are paid a visit at Glass House—the corporation's London domain—by Emma Salt. She makes it clear to them that she intends to blackmail the Villiers.

Adam hires a private detective to unravel the mysterious but definite threat Emma seems to offer. Their investigations lead them to New York and Amsterdam and uncover parts of the Villiers history that even Grace and Adam hadn't known about.

Emma Salt's threat of blackmail takes on a more menacing tone when it becomes clear that the basis of her threat lies even farther afield and involves a priceless collection of jewels, reputedly stolen many years before.

The bringing of family skeletons to light, the concomitant power play and most intriguing of all, the investigation leading to who Emma Salt really is are themes that are finely interwoven to make a splendid suspense novel, written with the wit, the economy, and the style one has come to expect from June Drummond.

A man went to his doctor and complained of a pain in his ankle. On examining, the doctor inquired: "How long have you been walking around with this?"

"Two weeks."

"Why, your ankle is broken. Why did you not come to me sooner?"

"Well, doctor, every time I say something is wrong with me, my wife declares, 'Now you will HAVE to stop smoking!'"

## Club's Season Opened

The ranch home of the G. C. Merritts was La Madre Mia Club's meeting place to open a new year, with yearbook committee members as hostesses. A ranch style breakfast was served.

Mrs. Jerry D. Glover and Mrs. Eugene Sparks, who served with Mrs. Merritts on the yearbook committee, and Mrs. Lynton Allred, who as club president is an ex officio member, formed the hostess group.

They presented yearbooks for the coming season outlining a varied program with topics ranging from New Ideas in Interior Decorating to Marriage Is a 60-60 Proposition.

Plans were initiated for a

holiday tour of homes to raise funds for a service project yet to be selected.

Also present were Mmes. Waldo Baxter, Ray Moore, Charles Frye, Dave Honea, Dale Sains, Herschel Black, Dean Herring, Bud Snyder, Don Lane, James Gentry, C. D. Adams, Ben Scott, Wayne Lady, Gerald Martin, Bobby Owen, Don Walser and Richard Ward.

**HIGH COST**

LONDON — Britain spends 5,911 pounds (\$14,198) a year to maintain each of its 385,000 servicemen, compared with 4,791 pounds (\$11,897) for each of 453,000 men four years ago, according to the Defense Ministry. It says the per-man increase is the result of pay raises and purchases of sophisticated equipment.

**THE LITTLE DELI**  
**THE NEWEST IDEA IN VENDING**

Now for the first time distributorships for THE LITTLE DELI are available in this area. As a LITTLE DELI distributor you can earn \$800 to \$1200 per month in your spare time. You do no selling, need no experience. We contract all accounts. You merely restock with popular, nationally advertised, individually packaged delicatessen meat and cheese products. THE LITTLE DELI is the most exciting new idea in merchandising.

You need a good car, and must be able to spend 4 to 12 hours per week! Cash investment of \$2100 to \$4900 required for equipment and inventory. We encourage your investigation and will gladly exchange references with you!

## Clinic Auxiliary Offers Speakers For City Clubs

Financial aid for the program of Deaf Smith County Public Health Clinic Auxiliary will be asked of organizations as well as individuals, and the Auxiliary will supply speakers for any interested group, Mrs. James E. Higgins, coordinator, announces.

Organized to give support in work and funds to the recently-opened clinic, the Auxiliary is at present mainly concerned with the planned parenthood center which will be a part of the clinic's services.

Women's clubs which are returning to meeting schedules after the summer vacation, as well as the organizations which meet throughout the year, are

## Cultural Club Meets Resumed

After a summer recess, meetings began for Cultural Home Demonstration Club in the home of Mrs. Paul Corbett Friday. Eight members were present for the informal meeting.

Each agreed to bring five gift items for U. S. servicemen on combat duty, to be packed in

being requested to contribute to the Auxiliary.

Any club which will include a speaker on its program this fall is asked to notify Mrs. Higgins; the assistant coordinator, Mrs. Kenny Gear, or the publicity chairman, Mrs. Homer Garrison.

Membership in the auxiliary is open to any interested resident who will volunteer some time and service to aid the clinic, Ms. Higgins adds.

The Lord knew what he was doing when he made Sunday a day of rest, realizing the time would come when there would be noisy power mowers in most neighborhoods on Saturdays.

**FLOWER SHOW IS SUBJECT**—Hereford Garden Club met for a salad luncheon Friday and discussed plans for its annual fall flower show; to be held Oct. 17 in First National Bank. Yearbooks for the coming season were distributed by the committee

pictured. From left are Mrs. Ray L. Johnson, yearbook chairman and also flower show chairman, Mmes. R. L. Layman, A. M. Stoy, L. W. Norvell and J. V. Pickens. Mrs. Norvell is beginning the second year of a two-year term as president.

## FHA Expects Record Year In Building, Improvements

A record year of homebuilding and home improvement through credit services of the Farmers Home Administration is in prospect for rural America, said James Gouddy County FHA supervisor.

The Farmers Home Administration, a department of Agriculture agency, supplements other housing credit available in rural towns of up to 5,500 population, as well as in the rural countryside.

Gouddy said the year begun July 1 appears certain to set a record in the rural housing program. The agency is geared to virtually double its housing services, with \$1.4 billion in authority nationally to insure home loans for families of low and moderate income.

"Key to the program's rapid growth is a new position of equality for rural America in the nation's housing goal," Gouddy said. "Rural areas have half of

the nation's bad housing, and they now have half of the nation's housing goal for the 1970's.

"We expect the sharp uptrend in rural housing to continue. In the Farmers Home Administration, we fully expect to do our part in bringing rural housing up to modern standards for every family."

Gouddy said progress in rural housing has been speeded up through new authorizations put into effect by Farmers Home earlier this year. "We now make loans to rural homesite development organizations, and we work with rural builders to assure that homes they build on a multiple basis will meet quality standards for Farmers Home loan insurance."

Gouddy asserted that the rural housing program is "one of the main channels pouring private capital into rural community progress." Farmers Home Administration insured loans

a loan cannot be covered by a local lending institution. Farmers Home advances the loan from a revolving fund, then finds an investor elsewhere to take over the government insured

loan note. Loans are made in Deaf Smith and Oldham counties through the Farmers Home Administration office at 313 W. 3rd Street, Hereford.

DOWNTOWN HEREFORD

## Silver Wedding Reception Set

The silver wedding anniversary of Mr. and Mrs. Grant Hanna, who were married in Hereford and have lived here through the ensuing quarter of a century, will be marked with open house Saturday afternoon in the Civic Center.

Relatives of the couple here will be hosts, and invite friends to call between the hours of 2

and 5 p. m.

Miss Troyce Stambaugh, daughter of Mr. and Mrs. Troy D. Stambaugh, and Grant Hanna were married Sept. 17, 1945. They have been active in the American Legion and Auxiliary, holding state and district posts as well as top offices in the local organization, and in First United Methodist Church.

Mr. and Mrs. Grant Hanna married 25 years

The Hannas are parents of two daughters, Cynthia and Joette, both students in Texas Women's University at Denton after graduation from Hereford High School.

Mr. and Mrs. Hanna are managers of Hereford Civic Center and owners of Hanna's Coffee Shop.

## Holly Announces Appointment Of Carrol Hanson

The appointment of Carrol R. Hanson as senior assistant master mechanics at Holly Sugar Corporation's Hereford factory was announced recently by George W. Miles, Jr., vice president and general manager.

Hanson joined Holly in 1956 and from that date until his transfer to Hereford, spent the entire period in Holly's engineering department at the Colorado Springs headquarters.

He is a graduate of Heald's Engineering College in San Francisco with a bachelor's degree in mechanical engineering. He served in the Navy from 1944 to 1946 and from 1949 to 1954 served with the Army Corps of Engineers as a captain.

He and his wife, Lavanda and three sons live at 234 Hickory.

## TSTA Meeting Set Today In Amarillo

Ways for improving and strengthening the teaching profession will be discussed at the 1970 fall workshop for District XVI of the Texas State Teachers Association. The meeting will be held from 5 to 9 p. m. today at Bonham Junior High School in Amarillo.

Teachers from public schools throughout the 30-county district are expected to attend, according to Robert Holman of Hereford, district president.

Holman, assisted by L. H. Blocker of Dalhart, district president elect, will be in charge of the program.

The area educators will plan their 1970-71 activities and objectives to harmonize with the statewide program for the 127, 836-member association.

Archie A. Roberts, Beeville school superintendent and state president elect of TSTA, will speak at the workshop. TSTA staff members will serve as consultants.

Chairmen for seven discussion sessions will be Mrs. Edna Stephenson, Borger; Kenneth Gibson and Allen Herron, Amarillo; Roy Hartman and

Mike King, Hereford; Mrs. Pauline Green, Dumas; and Alma Perkins, Canyon.

Counties in TSTA District XVI are Armstrong, Briscoe, Presidio, Reeves, Terrell, Ward, Carson, Castro, Childress, Collingsworth, Dallam, Deaf Smith, Donley, Gray, Hall, Hansford, Hartly, Hemphill, Hutchinson, Lipscomb, Moore, Ochiltree, Oldham, Parmer, Potter, Randall, Roberts, Sherman, Swisher, and Wheeler.

About the turn of the century, Italy's Guglielmo Marconi wireless across the English Channel, and in 1901 he leaped the Atlantic with a signal, a feat Thomas Edison had predicted was "impossible."

## Luncheon Opens Music Club Year

Gift of a record player and records to the new Children's Day Care Center was planned for Music Study Club members meeting for a luncheon at the Cason House which initiated their 1970-71 season Monday.

They voted 100 percent support of Hereford Community Concert Association with memberships in the annual drive this week.

Announcement was made that the club received an award of merit from Texas Federation of Music Clubs for its program on American Music in February, 1970. Mrs. Dale Young presided for business.

Yearbooks were presented by Mrs. Tom Burdett, who noted that since the club has scheduled meetings only once each month, programs will be longer and so more interesting.

Mrs. W. S. Fisher was welcomed on her return to club membership after an absence from the city. Mrs. Burdett introduced Mrs. Allen Cansler as a guest.

The luncheon invocation was by Mrs. A. O. Thompson. Mrs. T. W. Carmichael led group singing of The Federation Hymn, with Mrs. A. J. Schroeter as accompanist.

Other members at lunch were Mmes. S. F. Clements, Ellis Coombes, W. E. Dameron, Paul Lyons, J. C. McCracken, C. J. Mountz, T. W. Roberson, Jack Keeling, J. T. Gilbreath, Ed Lane, Frances Parker, Lowell Sharp, Wayne Thomas, R. P. Coneway, Glenn Snyder, S.O. Wilson and Miss Frances Dameron.

## Local Women's Relative Dies

Funeral services for Richard A. Watkins, 86, of Dayton, Ohio, brother of Mrs. Henry Tiefel, 336 E. Fourth, were conducted Saturday at Muncie, Ind., and burial was in Highland Cemetery at Terre Haute, Ind., his former home.

In addition to Mrs. Tiefel, survivors living in Hereford are two nieces, Mrs. Jim Lovin and Mrs. P. B. Sowell.

## Small Talk

By SUE COLEMAN  
Women's Editor

Figuring the percentages is one thing, but figuring out what the percentages mean is sometimes more baffling, especially to someone who figures with a non-mathematical mind like mine.

ALL SORTS OF things are rated in figures, which mean all sorts of things according to the base used. I think that is the theory of the New Math, which you don't hear much about these days, either because they've gone back quietly to the old math, or else the new variety has grown old and uninteresting.

This is a roundabout way of explaining a set of figures, and I got off the track by accident. What I planned to talk about

is the system of figuring awards made for Beauty Spots of the Month in Hereford.

Awards for the residential and non-residential beauty spot are announced with the point rating of each, and Bruce Carter, who is in charge of this phase of the Chamber of Commerce beautification committee's work, says she is often asked what the rating means.

IT IS MADE on the basis of 100 points for perfection. Fifty points are given on General Appearance, and under that heading comes neatness and cleanliness, 20 points; relation of plantings, 20; balance and unity, 10.

Second consideration, is Harmony of Overall Picture which counts 25 points, 15 of them for

color and the other 10 for harmony of architecture. The remaining 25 points are for Beauty — eye appeal, 15 points, and effectiveness overall, 10 points.

The rest is up to the judging committee and nobody's telling us who they are; that's a secret, but they surely do pick out some pretty places to mark with that Beauty Spot sign.

PEOPLE WHO LIKE good music and live in easy driving distance of Canyon know they can hear excellent programs during the WTSU term in recitals by faculty members and advanced students of the music department.

The current series began Sunday afternoon when Bill Evans, piano instructor, played for an hour and a half to an audience which almost filled the Branding Iron Theater on the WT CAMPUS. Gary Gardner gave a program of flute solos Monday night.

NEXT SUNDAY at 3 p. m. George Eason, another pianist and one who has been heard in concert here, will be the faculty soloist. Chris Munn will be presented in the senior voice recital at 4 p. m. Sept. 28.

Two more Sunday matinee programs have been announced by Donald Todd, violinist, on Oct. 11 and by Dale Peters, who will give a harpsichord lecture Oct. 18, both at 3 p. m. Peters is to follow his lecture with a harpsichord recital at 8:15 a. m. that evening.

These programs are all open to the public, without admission charge. A good many Hereford

people make a habit of attending, and some newcomers may like to know they are available.

In 1933 playwright George Bernard Shaw returned home to Britain saying, "there are three things which I shall never forget about America — the Rocky Mountains, the Statue of Liberty and Amos 'n' Andy."

Kentucky's highest court has upheld a 1968 law requiring motorcyclists to wear helmets. The Court of Appeals said the act is intricately related to public welfare.

Oldest stained glass in the world represents the Prophets. It is in a window of the cathedral of Augsburg, Bavaria, Germany.

## Glady's Garden

By Gladys Howton Manjeot

For many years, it has been my pleasure to sell many of the spring flowering bulbs for my study club, The Pioneer Club.

It is rewarding in many ways, one of which is the idea of the beauty which will be created by the beautiful spring flowers, you get to meet new friends, re-new acquaintances with old friends, and there is always something to learn. . . . and I do learn many things.

This fall one of my friends asked me if I knew the name of the corn, that was planted in the fall, grew its foliage in the spring, and then blossomed in the early fall.

Since it had a rather difficult name to remember and to pronounce, I told her I would learn the correct pronunciation etc., and call her. I knew well what she was speaking of, as the flower was one of my mother's favorites. She always had a bed of them, and our family looked forward to the enjoyment they gave us each year.

The name is Colchicum and is grown from a corn. Is planted in the fall, when other spring flowering bulbs, corns, etc. are planted. It differs in its growth pattern in that the foliage comes up in the early spring, in large ungainly clumps, which require quite a bit of space.

However, the foliage is lovely and makes an ideal background for some of the smaller spring flowering bulbs. As summer comes on with the hot weather, the foliage yellows and by the time the many perennials are in full bloom the foliage is gone.

Then suddenly, in the early fall, a beautiful cluster of showy translucent lilac-rose cup like blossoms erupt from the ground almost stemless. The florets are attached to fragile flower tubes which are really stronger than they look and the blossoms last two or more weeks.

Makes a very lovely spot of beauty for the late garden. Is fascinating because of the delightful surprise when the sweet flowers appear and gives the garden that something special for the waning fall days.

Let me caution you, if a and when you plant the Colchicum,

make a good size bed for them and then after the foliage has dried down be sure and mark the place because one without thinking will cut the bottom buds off as they are ready to burst through the ground.

The history of the Colchicum (pronounced COLE-chi-cum) is interesting. It is of the lily family and the name reflects the legendary origins of the flowers which came from ancient Asian land of Colchis. They can be planted as early as after planting and will grow in any good mellow garden soil with a minimum amount of moisture until just before blooming then more is needed. They can be planted as early as August but can also be planted when other bulbs corns etc. are being planted.

Responds well to half-day of sun, is recommended that sweet alyssum thyme of sedums be planted in the bed with the Col-

chicum. These give a nice frame for the blossoms as they appear as well as a medium of holding moisture and protection for the corns. Whatever is selected to plant with them should be shallow rooted.

Many varieties of colchicum exist according to authorities that I studied from. Some refer to them as the "botanist nightmare." Corns come in several sizes and the colors of the blossoms vary. The Giant or Lilac Wonder which produces blossoms larger than eight inches are very hardy and the corns are large.

Authorities also tell us the Colchicum corns and seedars the sources of a powerful drug. The medicine developed from them is used in the treatment of gout and other ailments.

Although the drug produced is highly poisonous the gardener need not be afraid of them. There is no risk involved in that they are produced in the garden. They are most interesting.

### GARDEN TIPS.

Fall days are rewarding days because there is much color in the garden yet there are also many fall chores that need to be done.

Start plants for potting. Cuttings from geraniums should be taken and rooted for potting. Cut on a slant or break off of the mother plant and either start them in water or sand and peat moss. When a root system is established, then pot, and condition them for indoors.

Other cuttings to be made are from coleus Joseph-Cot and ivies. Each of these will make good materials for indoor winter plants.

Root cuttings of Evergreens can also be taken now. Abellias barberries euonymus hollies photinias pivets pyracantha's and other evergreens may be rooted this month. Set the cuttings in a firmly packed mixture of peat moss and sand or in a bed made by spreading a two-inch layer of sharp sand over a mixture of topsoil peat moss and sand. Be sure and pack firmly and keep moist to promote quick results. Shade from hot sun until they have rooted.

Other plants can be started by layering if you wish some extra plants of some of your favorites. Forsythia is an excellent shrub to layer. Also grapes can be propagated in this way.

To layer, take a long branch, attach to ground and cover where the branch is attached keep moist, and then in the spring or time for planting, cut this from the mother plant and transplant to desired location in garden.

Feed Asparagus for a good crop next year. When feeding add a dash of salt along with the fertilizer. Cease cutting the asparagus and let it mature now.

Give The Bare Spots in Lawn extra attention. First ascertain the cause and treat for this. Then, if needed, re-seed bare places and water carefully. Soon these unsightly spots will be gone.

**BEAUTY SPOTS TO SEE:**  
 The lovely expanse of well-kept lawns at the LaPlata School also the roses around the flag pole.

Lavish showing of miniature marigolds in yellow and bronze at the Hunter home on Park Avenue. Very colorful and eye catching.

Glorious Heavenly Blue morning glories at Mrs. Jeff Gilbreath's 441 N. Lee St. These make beautiful morning arrangements.

The Roundelay Roses in The Peace Memorial Garden at Hereford High have been unusually lovely this summer and will be even prettier these fall days. Cool weather makes color more intense and often the blossoms are larger.

**KEEP A SONG IN YOUR HEART** a sprayer, hoe and clippers near, these fall gardening days.

**DORMOUSE DAMAGE**  
 LONDON — If you hear complaints from a voice that is "squeaky with a snuffling 'wooflewoofle'" it will be a gils gils, better known as the fat or squirrel-tailed dormouse.

The Country Landowners' Association, disturbed by damage to trees credited to the gils gils, has mounted a campaign against them. As the association delicately put it, the snuffing creature will be "subject to approaches of official bodies."

The poetic description of the dormouse's voice comes from the Handbook of British Mammals, which doesn't give the remedy when the dormouse stops snuffling and starts chewing bark.

**You Can Help Elect "Oofie!"**

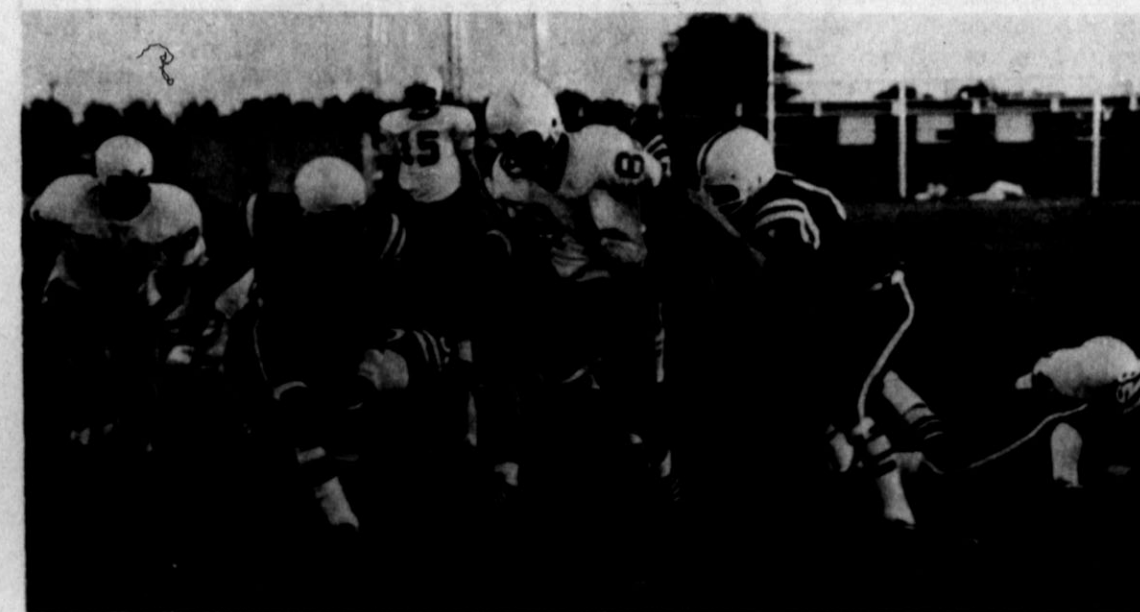

... as your next State Senator. If you don't know anything about him, ask some of your friends as he is widely known over the Panhandle.

- He is an experienced businessman in many fields. He has been Mayor of Canadian for two terms and is completing his second term in the Legislature. His record as a proven conservative is outstanding. By the end of his term he will have saved the Taxpayers of Texas over \$20,000 on his expense account. This is more than his salary and several thousand dollars more than any of the other 150 members have saved.
- The Panhandle team will consist of a Senator and 5 Representatives. Three of them will be brand new and the other two will only be serving their second term. It is obvious that we must have an experienced Senator who is a proven Conservative and knows the ropes to head up the team.
- If elected, he will continue to represent the People of the Panhandle and not the politicians. Here's your chance to elect a dedicated hard working man to serve you. He has no conflict of interest and is only interested in a better Texas. He is well known for trying to promote efficiency in State Government. He will appreciate your help in his campaign and urges you to write him at Canadian for some more information.

IN FOR THE SCORE — Johnny Clark, Pampa quarterback, goes one yard for a touchdown in the third quarter that lifts the Harvesters' lead to 21-6 over Hereford. Pampa quarterback Dale Ammons (15) stands at rear. —Photo by Betty Koelzer

GOALWARE BOUND — John McCarroll, Pampa halfback, heads toward the goal in the first quarter of Friday night's season opening football game in Hereford. He scored from 15 yards for the first touchdown for the visitors in their 24-22 triumph. Closing in on the try to stop him are Gary Lemons (63) and Rudy Gonzales (11). —Photo by Betty Koelzer

### Cuellar-Mendes Vows Exchanged

In a ceremony at the home of the bride's parents, the marriage of Miss Isabel Cuellar and Ricardo Mendes Jr. was solemnized Saturday with County Judge H. C. Williams officiating. The bride is the daughter of Mr. and Mrs. Albino Cuellar, Route 3, and the bridegroom's parents are Mr. and Mrs. Ricardo Mendes of 209 Norton. Miss Melida Garza was maid of honor and Carlos Mendez the best man. Mrs. Mike Guerrero was bridesmaid of the bouquet and Mrs. Juan Mata bride's maid of the album.

Other bridesmaids were Misses Blanch Torres, Elizabeth Torres, Rebecca Garza and Elvira Balderaz; Groomsmen included Juan Mata and Mike Guerrero. White satin made the bride's gown, trimmed with lace in daisy pattern around the Victorian neckline, on cuffs of the full sleeves, and in bands down the front to form a panel effect. The same lace edged her illusion veil, which was held by a satin coronet and extended to form a cathedral train. The bridal bouquet was of white roses and orange blossoms. Feminine attendants wore street length frocks in rainbow colors and carried roses. A reception in Knights of Columbus Hall followed the wedding, with the bride's parents as hosts. Miss Balderaz was at the guest book. Others in the house party were Misses Elena

Rodriguez, Alicia Franco, Elida Balderaz and Julia Rodriguez. After a trip, Mr. and Mrs. Mendes will be at home later this month at Elm Courts. For travel the bride wore a silver grey taffeta dress in princess style, with long bell sleeves and lace trim. She is employed at Kings Manor and the bridegroom with Holly Sugar. Out of city guests for the wedding were Mr. and Mrs. Alonso Zamora and family and Alfredo Zamora of Houston, Mr. and Mrs. Ruben Rodriguez of Sterling City.

Mrs. Ricardo Mendes Jr. and Isabel Cuellar

### Twig Girdlers Cause Damage

Gardeners and homeowners in the area may be noticing some occasional girdling on the branches of some of their prize shrubs and trees. In some cases, twigs will begin to drop to the ground. That's the work of the twig girdler, explains Dr. Bill Clymer of Lubbock, area entomologist with the Texas Agricultural Extension Service. The insect pest gets its name from the type of damage it does. The female laboriously makes a notch-like incision through the bark and into the wood of twig after twig. She then deposits her eggs in small niches on the severed portions. The girdling is done so that larvae that hatch from the eggs will have wood in a suitable condition of moisture and decay.

Clymer describes the adult beetles as being from three-quarters to an inch long and colored brown to grayish. Their most noticeable characteristic are the long antennae that are longer than the beetle's body. Although the beetles are only trying to make a proper home for their offspring, they do cause considerable damage to shade, fruit and nut trees, adds the entomologist. The girdled twigs die and either hang on the tree or fall to the ground. Young trees may be more susceptible to injury.

Hickory, pecan, oak, persimmon, poplar and honey locust are among the trees attacked by the beetles. Pecans can be deformed and the nut crop reduced in persimmon, the beetle wounds afford entrance for a deadly wilt fungus disease.

According to Clymer, girdling begins during the late summer and the damage at this time may go unnoticed. Close inspection of wilted twigs is necessary to see whether they have been notched. In the fall, girdling damage becomes more apparent as the twigs began to drop to the ground.

Malathion or carbaryl (Sevin) provide effective chemical con-

trol of the beetles if applied to coincide with their girdling and egg laying activities. Applications should be made when the first girdled twigs are noticed. Three applications at two-week intervals are usually necessary. Clymer adds that beetle infestations can also be reduced by gathering and burning all severed twigs since the larvae remain in them until spring.

### Local Men Enroll At New School

Ken Bob Shannon and Paul E. Hubbard, both of Hereford, have enrolled in classes at the new Texas State Technical Institute School at Amarillo. Shannon is the son of Mr. and Mrs. L. F. Shannon of Route 2, and he is enrolled in the Building Construction Craftsmanship Course. Hubbard is the son of Mr. and Mrs. L. E. Hubbard of 815 South Lee and he is majoring in Commercial Art and Advertising. Enrollment ended Tuesday at T. S. T. I.

Base for use as a Vocational-Technical School.

Purchase of the property (1,500 acres, including buildings and equipment) was not accomplished until June 27 of this year, at which time work was begun to open classes as of September 1, 1970.

Other courses being offered this trimester (State Tech's school year is divided into three 15-week periods called trimesters) include Lives to Live and Ranch Operations, Graphics and Design Technology, Farm and Industrial Equipment Mechanics, and Technical Communications.
