SIX PAGES TODAY

BIG SPRING, TEXAS, TUESDAY EVENING, MARCH 4, 1930.

ASSOCIATED PRESS LEASED WIRE (AP)

TO RENEW OIL TARIFF PLEA

Second Air Passenger Line Established Through Big Spring

HOME TOWN TALK

By Beddy

Thanks to the president of the Central Labor Council for a letter in which he thanks this newspaper for space given reports of the activities of his organization. Such space was given as a part of the policy of the Herald to serve the entire public—rich and poor, old and young, employer and employee.

Came Tuesday, second day before the bond election, and with it one of those intangible, sourceless rumors, spreading rapidly into reports carrying for many people enough weight to be taken as facts.

This report was that the city administration is not meeting its obligations; in that payments of interest and principal on bonded indebtedness are not being made when such payments become due.

Now if our city government was either so hard up for money that it could not pay or its business was being conducted so carelessly that such payments were being neglected you would want to know it and so would we.

Following a report, therefore, we interviewed a gentleman whose reputation in this community is universally known to be top notch in every respect. That man is Mayor C. W. Cunningham, who is serving his first term on the city commission but will not be a candidate for a second term.

This report had more or less specifically been that the waterworks bond issue of 1912, amounting to \$50,000 was not being cared for properly.

We asked the mayor about this. He informed us that the issue of 1912 was in 40-year bonds with option to take up after 20 years all of the issue then outstanding. This 20-year period will not expire until in 1932. However, said the mayor, \$22,000 of this \$40,000 issue already has been paid and all interest payments have been made as rapidly as they became due.

This holds true, said the mayor, for all other bonded indebtedness, including bonds issued since the present administration took office.

It is our belief that many street rumors and reports are not based on fact. Perhaps they started because someone not informed about the facts wondered audibly whether this or that might not be true. Then someone else said he heard so-and-so say something was true; then it grows and grows.

It's a good idea to go to the best available source to learn facts about city governmental affairs; go to the mayor, the city manager, the commissioners or to the office records and books of the city.

Civic Chairmen Meet Tonight

Chairmen of all civic committees named to work with the civic committee of the Chamber of Commerce in the Clean-Up, Paint-Up campaign are urged to attend an important meeting at the Federal club clubhouse beginning at 7:30 p. m. Tuesday.

Lenten Services Are Announced

Lenten service at St. Mary's Episcopal church will open with evening prayer and penitential office in a Lenten talk by W. H. Martin at 8 o'clock Wednesday evening in the Episcopal church. All Christian people of the city are invited to join the Women's Auxiliary of the church in a World's Day of Prayer service in the church Friday morning.

SAFE WAY LINE NOW OPERATING

Chicago But 12 Hours From This City Via S.A.F.E.

With Pilot Chester Bailes at the controls of the graceful and exceedingly speedy Lockheed Vega monoplane the first regular schedule on the Southwest Air Fast Express extension line from Sweetwater to Big Spring and Midland was flown Monday afternoon and Tuesday morning. Passengers were aboard on both eastbound and westbound trips.

This is the second regular passenger line for which the Big Spring airport is a scheduled stop. For a year Southern Air Transport, lessee of the local port, has been maintaining daily service between Dallas and El Paso with division headquarters here.

12 Hours From Chicago
The Safe Way's new line placed Big Spring exactly 12 hours from Chicago. One may eat breakfast here, lunch in Tulsa and dinner in Chicago. The Safe Way ship will arrive from Sweetwater each evening at 5:25 p. m. Passengers from St. Louis and Kansas City may leave those points at 8:30 a. m. and 9:30 a. m. respectively, reach Tulsa at 12:25 p. m. and 12:05 p. m. respectively, arriving in Sweetwater at 5:10 p. m. following lunch in Tulsa and reach Big Spring at 5:35 p. m.

Leaving here at 7:30 a. m. via Safe Way passengers will reach Tulsa at 12:30 p. m. following a 20-minute stop in Sweetwater. Departure from Tulsa for St. Louis is at 12:45 p. m. with arrival in St. Louis at 4:15 p. m., just in time to catch the Universal ship for Chicago, where it is due at 7:30 p. m.

The Big Spring to Kansas City trip consumes 8 hours 10 minutes. Passengers reaching Tulsa at 12:30 p. m. from Big Spring and Sweetwater leave Tulsa at 1 p. m., reaching Kansas City at 3:35 p. m., going by way of Coffeyville and Chanute, Kansas.

Use Fords
One of the Ford all-steel trimotor airliners maintained on other lines by Safe Way will be put into service on the new extension line as soon as traffic justifies it, according to Phillip Shumway, traffic manager, who was here Tuesday.

Mr. Shumway complimented the Big Spring airport, declaring that its equipment is as good as any in West Texas and that it is due to receive more and more traffic. He said that airports throughout the southwest represent an average expenditure of three dollars per capita while the local airport, based on population of 12,000, represents expenditure of approximately \$6.50 per capita.

"Birds' nest where nests are built," Shumway observed. He said future of this as well as other airports in this section is assuredly bright, that this route is due to be the main trunk artery to the Pacific coast and that indications are the coming year will witness more frequent service by companies already operating.

A new passenger line between San Antonio, some point on the "T. & P." air line, and Amarillo still is being projected. Type of service maintained at airports in this section of the state will determine which city on the T. & P. will be designated on the north-south line, he predicted.

An idea of the possibilities of attracting air traffic was outlined by Mr. Shumway by citing the record at Tulsa, where there is now more traffic than in any other city of the world. During October 25 per cent more passengers arrived and departed via airplane from the Tulsa port than from that at Croydon, England. During one day as many as 350 passengers have passed through the Tulsa terminal.

STATE PEN TO SHUT GATES AT ONCE

HUNTSVILLE, Tex., March 4 (AP)—The prison board's orders that no more convicts shall be received "in the walls" here or at the prison farms until a less crowded condition obtains were received today by Warden E. F. Harrell, who announced they would go into effect immediately.

Men now en route will be received, under the board's instructions, but once they are cleared no more may come until his superiors so decide, Mr. Harrell said.

The present total prison population is 5,125, somewhat less than at one time about two months ago, he added, but greater than ever shown in any previous administration.

"The walls" (the main penitentiary here) held 962 men today, while about two months ago there were more than 1,100, the warden said. The reduction was made by the transfer of 233 men to the Wynne farm.

The inmates had said nothing about the board's action, Harrell said, but the warden's personal reaction—which probably will be theirs—was this:

"It's a lucky break for the men in jail waiting to come here. They won't have to work."

Debenport Decries Solons' Attitude
Prisoners convicted and sentenced to the Howard county jail awaiting transfer to Huntsville will be maintained over a reasonable period by the county, said H. R. Debenport, county judge, following an announcement from Austin that the state prison board had issued an order that no more convicts would be received within the walls at Huntsville or at prison farms until a less crowded condition obtains.

"If the state shows any inclination of leaving its prisoners on the hands of Howard county indefinitely, I will be in favor of taking the sentenced men to Huntsville, handing commitment papers to penitentiary officials and leaving the prisoners there," said Judge Debenport.

"The legislature is sitting down there in Austin squabbling over proposed locations for the prison rather than taking some uniform action to relieve the crowded situation, so I see no reason why Howard county should be forced to bear the expense of boarding prisoners that are unquestionably wards of the state. In days when insane asylums of the state were inadequate to accommodate all the inmates sent to the institutions, officers delivered the men with commitment papers and walked off leaving little choice in the matter for officials of the institutions. I am in favor of doing the same thing with convicted criminals if the necessity arises. Prisoners sentenced to Huntsville are wards of the state and not of Howard county. We will be fulfilling our obligation by delivering the men and more too for a transfer agent is supposed to transport the prisoners," declared Judge Debenport.

AUSTIN, March 4 (AP)—The senate today voted to table a resolution by Senator W. D. McFarlane of Graham to direct a committee of three to investigate "crowded conditions" and the situation generally in the prison system. The vote was 14 to 5.

McFarlane's resolution was presented after a telegram from County Attorney Gordon M. Burns of Walker county and others of Huntsville suggesting resignation of the board had been read. The board previously had said no more prisoners would be accepted by the system until the convict population had been decreased.

Taft's Condition Is Unchanged

WASHINGTON, March 4 (AP)—The condition of William Howard Taft was reported by his physicians at 2:30 p. m. as unchanged from the morning when they said he was resting comfortably.

MAURICE SHOP WILL OPEN HERE

Third And Runnels Location Chosen By Brown

The Maurice Shop, of which M. Brown, formerly of San Angelo, is owner and manager, will open in approximately two weeks at the corner of West Third and Runnels streets, in the Allen building, formerly occupied by the Betty Lee Shoppe.

Mr. Brown, who has been in the ladies' ready-to-wear business for ten years, said Tuesday that "when the Maurice Shoppe opens for business here it will be one of the most beautiful stores of the type in West Texas."

"We believe in Big Spring," said Mr. Brown. "I've been trying to get a suitable location here for two years. Now I've got it and I'm going to offer the women of Big Spring and her trade territory a line of ready-to-wear, shoes and millinery second to none."

The Maurice Shop management has no connection with that of the store formerly located in the building, A. Eron and A. Jacobs, who were in business here for almost two years, have retired from the ready-to-wear business here.

S. A. F. E. MAN IS SPEAKER

"Commercial air traffic has multiplied within the last sixty days by three to four times over what it was previously," declared Phillip Shumway, manager of the S.A.F.E. Way Air Lines, in an address to the members of the local Rotary club this noon.

Mr. Shumway told in detail of the development of commercial aviation and of the recent record development being due, in his opinion, to the reduced rates which have been put into effect by many of the lines.

B. Reagan spoke to the new members who were introduced at today's luncheon of their obligations as Rotarians. Those admitted to the club today were: Charles Quereau, Russell Richardson and J. W. Riggs.

W. T. Strange, president of the club, was elected delegate to the district convention of Rotary which will be held April 23 and 24 at Temple. Fred Keating made a short talk about his attendance at meetings of the Rotary Club of Washington, D. C. The Washington club has a membership of about two hundred and maintains an attendance record of eighty per cent.

Guests at today's luncheon were: Lee Brooks, Midland, Taylor Long, Midland, L. A. Sale, Dallas, Phillip Shumway, Tulsa, H. Staton, Lubbock, and W. H. Griffin of Big Spring.

Local Legion Call Is Issued

Members of the local post of the American Legion are urged to attend a special meeting Wednesday evening at 7:30 o'clock in the Chamber of Commerce offices.

Dr. C. W. Deats, post commander, said that plans will be made at the meeting to receive Ernest C. Cox, department commander; G. W. Allsbrook, executive committee member; B. H. Murphy, membership chairman and other officials of the legion in Texas, who will be here at noon Tuesday, March 11.

Wanda Lee Moore Claimed By Death

"Wanda Lee Moore, two-month-old daughter of Mr. and Mrs. J. B. Moore, died in the family residence at 132 Nolan street at 11 o'clock Tuesday morning after a brief illness.

The body has been prepared for burial by the Rix Mortuary and will be shipped to the former home of the parents in Arkansas on the 11:30 o'clock train this evening. Mr. Moore is employed by the Texas and Pacific Railway.

PIPELINE BILL OPPOSED BY WOLTERS

AUSTIN, March 4 (AP)—Disasters which he said would overtake the oil industry in this state if the regulatory bill proposed by the Independent Oil Producers were to become a law were outlined today before the house committee on oil, gas and mining by General Jacob F. Wolters, of Houston, attorney for the Texas Company.

General Wolters was on direct testimony when the committee recessed until tonight. Independents will cross examine him then.

Ernest May of Fort Worth, attorney for the Independents, stressed the main reasons why passage of the bill was necessary. They were: Need for state supervision of oil storage prices which the Independents consider unfair at this time; need for state authority to compel the pipe line companies to extend facilities to all wells; need for legislation which would compel the pipe lines to take the same percentage of independent oil as they handle for their own producing companies.

General Wolters said the need for oil and gas legislation at this time was not the proposed bill, but one which would compel the conservation of oil and natural gas. He was emphatic about the latter, pointing that billions of cubic feet are allowed to blow into the air daily which should be repressed back into the wells.

He said the bill would stimulate production through its clause to compel storage companies to store oil.

General Wolters explained that the Texas Pipe Line Company is engaged only as a carrier of oil, and that the production, refining and marketing was carried out by the Texas Company.

"You cannot force the Texas Pipe Line Company into the storage business when it would not be profitable, and the experience of years shows that the business of storing and warehousing oil for hire is not profitable," he said.

General Wolters termed the clause which would force pipe lines to post prices a "outrage," the only benefits of which would be reaped by the man just a few jumps ahead of the sheriff.

May told the committee that state regulation in West Virginia set the maximum price for storage at one cent per barrel, and that in Texas many were paying as high as three cents per barrel.

Store Installs New Fixtures

At considerable cost Grissom-Robertson Stores, Inc., operating a modern department store at 112-114 East Third street, are installing new fixtures throughout the store.

W. L. Rivers, manager of the store here, said Tuesday that the remodeling will be finished by Sunday night. All parts of the store are affected and the entire building will be furnished in mahogany finish fixtures.

The store is being rearranged to obtain better display facilities and additional convenience to patrons.

Earl Glaser Is Hurt In Crash

Earl Glaser was reported recovering from injuries received in an automobile accident on the Bankhead highway near Iatan Sunday afternoon.

Exact nature of Mr. Glaser's injuries except that he suffered a deep gash on his right cheek and another cut on his forehead, were not known.

Mr. Glaser was rushed to Westbrook where he received first aid treatment and was later brought to Big Spring in a Charles Eberley ambulance and taken to a local hospital where he received medical attention. So far as could be learned, Mr. Glaser was riding alone when his automobile overturned just west of Iatan. The accident occurred early Sunday afternoon. The ambulance from Big Spring was called at 2:03 p. m.

City Federation Workers Tell Why They Are Willing To Give Time And Energy To Its Work

CURTAINMENT IN REFINERIES NOW SOUGHT

WASHINGTON, March 4 (AP)— Curtailment of gasoline production was suggested to the industry today by the Federal Oil Conservation Board.

Operation of refineries six days a week instead of seven was proposed by the board, which is composed of four of President Hoover's cabinet members.

The board also called on the governors of the oil states of Texas, Oklahoma and California to point out to the industry the danger of waste that lies in increasing gasoline stocks.

PAMPA, Tex., March 4 (AP)—Admitting that voluntary proration in Gray county had failed, representatives of oil companies meeting here today approved a resolution to ask the State Railroad Commission to take charge of the proration in the flush production areas of Gray, Carson and Hutchinson counties. The motion included a request that a hearing on the proposal be held here soon. Representatives of the Gulf and Magnolia companies did not vote on the resolution.

AUSTIN, March 4 (AP)—In a letter to Ray Lyman Wilbur, Secretary of the Interior, Governor Moody suggested curtailing the importation of crude oil as a cure for the over production crisis now facing the oil industry in the United States. The communication was in answer to a letter received from Secretary Wilbur in which attention was called to the surplus of petroleum now at hand and advanced the theory that refining of petroleum could be brought back to a normal basis by closing the refineries one day each week.

Governor Moody pointed out that the theory of supply and demand in the gasoline and crude oil markets was not holding true since the excess of the demand had not resulted in a reduction in the price to the consumer. The governor contended that a decrease in the supply of gasoline would constitute an "excuse" on the part of producers to raise the price for this commodity, forcing the public to pay more than is present.

The governor also called attention to the fact that shutting down of the refineries would result in an increase in the alleged surplus of the crude product. Distressed marketing conditions was given by Governor Moody as one of the reasons why crude oil is being sold in many instances below the cost of production.

Merkel Officer Freed On Bond

ABILENE, March 4 (AP)—W. F. Denny, city marshal of Merkel, was free on \$2,500 bond today on a charge of assault with intent to murder in connection with the shooting yesterday of P. L. Frederickson.

Frederickson was shot from a passing automobile as he stood in the doorway of the city council chamber, waiting to present a petition for Denny's dismissal. Details of his charges against Denny were not learned, but city officials said they were family matters.

Denny, seen to fire from his automobile, drove to Abilene and surrendered. Frederickson was expected to recover.

Manila High School Strike Brings More Acts Of Violence

MANILA, March 4 (AP)—Further acts of violence in the strike of ten thousand Manila high school students resulted tonight in all available police reserves being called out. Threats were made by strikers to Lynch Luther B. Bewley, director of education, and Alejandro Albert, acting secretary of public instruction.

The Weather

West Texas: Generally fair, warmer tonight except in south-west portion; Wednesday, generally fair, warmer in southeast portion.

THOMAS TO SEEK DUTY ON IMPORTS

Tells Lobby Committee Coming

WASHINGTON, March 4 (AP)— Senator Thomas, Democrat, Oklahoma, today informed the senate lobby committee that he would introduce another amendment to the tariff bill providing for a duty on oil.

Thomas said his amendment probably would propose a duty of 80 cents a barrel on crude oil and 40 per cent ad valorem on refined products. The amendment that was defeated called for a duty of \$1 a barrel on crude oil and 50 per cent ad valorem on refined products.

An amendment by Thomas to impose a duty of \$1 a barrel on crude oil and 50 cents on refined products was defeated by the senate recently after a bitter contest during which charges of trading in votes were made on the floor of the senate.

"TOUGHER THAN A BIT"
WASHINGTON, March 4 (AP)—United States senators today were described before the senate lobby committee as much "tougher" than a 24 inch bit, the largest drill used in oil fields.

A telegram in that effect, sent by Earl Calloway, member of the Independent Oil Producers Association which unsuccessfully sought a tariff on crude oil, was read to the committee. It was addressed to Tex McIlroy of Amarillo, Texas.

"A 24 inch bit is a tough proposition," it said, "but compared with a United States senator, it is a feather bed."

Wirt Franklin, president of the producers association, on the stand at the time, said it was just "a telegram from one Irishman to another," adding Calloway was fond of "cracking jokes."

He said if the senators understood what "a 24 inch bit was" they would consider Calloway's reference a compliment.

Customs Officer Wounded In Gun Fight At El Paso

EL PASO, March 4 (AP)—R. E. Bowden, United States customs inspector, was wounded today as gunned again in a renewal of skirmishes between Mexican border smugglers and mounted border patrolmen. The fight occurred in the Buena Vista district and was one of three in which the officers attempted to halt efforts of the smugglers to run into El Paso.

Man Suspected Of Attack Rushed To Place Of Safety

RANGER, March 4 (AP)—A man arrested 10 miles south of here today in connection with an attack on a small girl last night was rushed to Eastland for safe keeping. Feeling was running high after 30 farmers had searched this section all night for the attacker. The man protested his innocence.

DIES IN WRECK
GOLDTHWAITE, Texas, March 4 (AP)—Elgin Rahl, 27, son of W. E. Rahl of this city, was killed instantly last night near Stephenville when the automobile he was driving overturned. A companion escaped serious injuries. The men were returning here from Fort Worth.

Mrs. Lon Sheeler, Misses Louise and Frances Sheeler, Miss Nellie Mae Sullivan accompanied by Cecil Jackson and Ford Goetz spent Sunday with friends in Abilene.

SPORTS ON PARADE

By STANLEY NORMAN

PIEY THE BOYS

Pity the early birds of baseball on a day like yesterday. Candidates with Texas league outfits that answered the first call yesterday in three or four scattered camps probably came back from the first session grumbling at the weather man. If many blustery days—such as Monday—are slated between now and official season opening date, there'll probably be several sets of legs and arms to lumber up in July and August.

HABE AT WORK

In an assortment of news dispatches from various baseball training headquarters, the one from St. Petersburg, Florida, where the New York Yankees are practicing through their setting up exercises, is probably the most interesting. The dope is that Babe Ruth eased through his first training grind of the season and that he is still unscathed.

HE'LL BE THERE

The Babe is a wise old duck. He has been playing professional baseball many years during which he has had ample opportunity to learn that \$75,000 salaries for a brief season's play, is above the average. Regardless of the fortune Ruth has saved, if he has saved one from his earnings, we will be the first to stand up and shout, "You Fool" if Babe allows his pride to interfere with signing a contract for \$75,000 annually. Babe wants an extra \$10,000 tacked to his salary check for the next four or five months—a natural desire to be sure—the Yankee boss figures the fiddler's racket too high—another natural reaction. Don't worry though, you boys and girls who enjoy seeing the Bambino's name in the lineup and who enjoy reading how he smacked one over the centerfield wall, for the Babe will be playing for the Yankees when the curtain is hoisted.

ANGELO STARTS

As is the case in Big Spring, brilliant prospects for the football season. The Bobcats took a pleasing from an El Paso high school in mid-district play last week and Coach Bill Wright is turning his eyes on spring football candidates. So far there is only one name mentioned among the more promising candidates. The man in question is T. J. Ross, Jr., who is alleged to have transferred from Amarillo.

TOO LATE

Old Inright Cross calls our attention to a report from Abilene that Joe Kendall, a 170-pound center from Trinidad, Colo., has been moved to the Eagle camp. Inright suggests we investigate the case, but his advice like most of his ravings is several hours or days behind the time. We investigated Joe Kendall as a possible recruit for Big Spring, but his record failed to measure up to requirements, so we stepped out and landed a good pivot man. Those coal miners around Trinidad grow rather husky and it may be a fertile field for some scouts if they are looking for beef, but Trinidad has never been particularly tough in its conference.

GOLF GOSSIP

There's considerable gossip making the rounds in Big Spring concerning a new golf course. Some of the younger fellows who enjoy clubbing the white pellet around the fairways are beginning to kick at the high membership rate of the country club. Non-members are charged 50 cents green fee and then are entirely excluded during the summer months when golf is really enjoyable. Those of the younger set we have talked with favor a large membership, low fee, an 18-hole course, a club house, lockers and a shower room. They believe golf interest in Big Spring can be stimulated 100 per cent under such an arrangement.

Wrigley And McCarty Predict Pennant For Cubs

BRUINS ADD THUNDER IN LATE DEALS

Hartnett's Recovery Is Cause For Optimism At Catalina Isle

(NOTE: This is the first of a series of first hand Associated Press stories on major league baseball prospects.)

BY PAUL R. MICKELSON Associated Press Sports Writer

SANTA CATALINA ISLAND, Calif., March 4. (AP)—When two such conservatives as William Wrigley, Jr., and Manager Joe McCarthy come out with flat statements that the Cubs will repeat their National League championship in 1930, it looks as if the Hydrar Circus will be a one-ring show this year.

Never before have these two baseball minds been so certain of winning, and from past performances and the successful raids they have made over the winter on the ivory markets, they have just cause for their optimism.

Supreme Confidence

"It will take a world war with plenty of conscription to beat us out of the pennant this year," said Wrigley as he watched the team finish its first week of practice on its magic island. "My players have everything that makes a super-championship club—pitching, batting, fielding and a fighting spirit seldom seen in baseball. They are all youngsters, too, averaging around 25 years. We are twenty per cent stronger than in 1929."

In addition to the fact that they won the championship last season by a large margin, two big developments came in favor of the Cubs this winter. They were the purchase of Lester Bell, who is expected to make the club several games stronger at third base and in the batting lineup, and the return to form of Leo "Gabby" Hartnett, whose loss all but wrecked their pennant hopes last season.

Hartnett In Form

Hartnett has surprised even the most optimistic during spring practice. The big catcher's arm appears to be strong as ever, and a week's rest finds him throwing the ball almost perfectly to second where he couldn't send an accurate toss to first a year ago when his salary wing suddenly went limp and failed to respond to treatment. Not only is Hartnett welcomed by McCarthy behind the plate as a mate of the reliable Zach Taylor, but he wields a heavy bludgeon at the plate.

If McCarthy has any worries this year, they rest on the pitching staff, which he is attempting to strengthen with a few "finds" out of eight rookie hurlers gained by Wrigley's big bank roll.

But even should all of them fail, he will have the two leading pitchers of the league in 1929, Charlie Root and Guy Bush, in addition to Pat Malone, the league's strike-out king; Sheriff Blake, victim of a lot of miserable breaks last year, and Ed Carlson, veteran who McCarthy believes is about to burn up the circuit.

Rookie Prospects

Malcolm Moss, obtained from Louisville of the American Association, and Bud Teahout, from Indianapolis, are two southpaws who may fulfill his wish for capable pitchers. Among the most promising right handed newcomers are Lynn Nelson, who won 15 and lost 4 for the championship Kansas City Blues; Ed Lautenbacher, 22-year-old giant recalled from Reading, Pa. farm; and Al Shealy, who cost a big slice of Wrigley coin to get away from St. Paul.

The infield and outfield carry no worries for the Bruins as the same performers—Rogers Hornsby at first; Elwood English at shortstop; Mack Wilson in centerfield; Kiki Taylor in right, and Riggs Stephenson in left, along with Bell at third, are expected to do even better than last year. Hornsby had a bothersome growth on his heel removed during the winter, and with more similarity with Cub policies would be as good as at least as his last season with the McCarthy team.

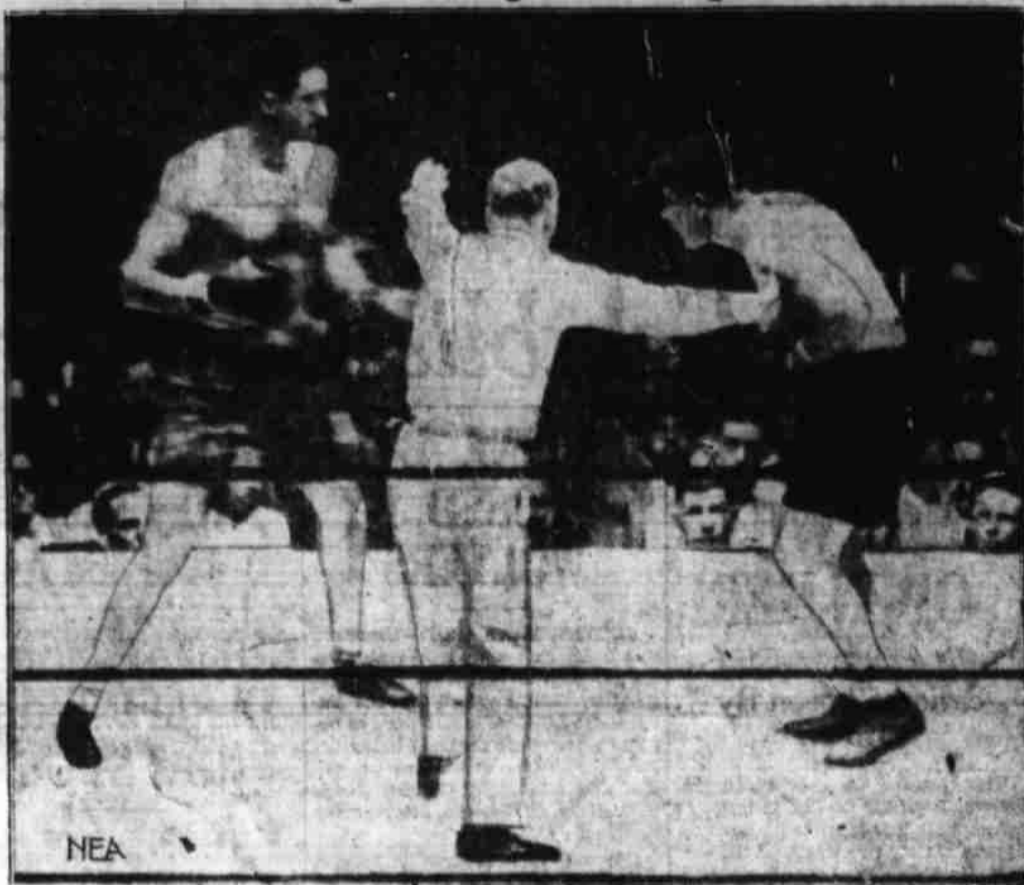

Reserves Plentiful

Reserves will be plentiful with outfielders Cliff Heathcote and Dan Taylor; first baseman "Slug" Felger and Herman Jones, a recruit obtained from Greenville, N. C.; catcher Johnny Schulte and in-liner Clarence Blair. Ray Schalk, former White Sox manager and catcher who coached the New York Giants last year, should bolster the coaching staff and aid in the development of pitchers.

FOR SALE

Farm and Ranch—40 acres irrigated running water; 4,000 deeded pasture land; 13,000 acres leased land. Ideal for sheep or cattle. Address Wyatt Johnson, Roswell, New Mexico—adv.

Risko Keeps Boring Into Campolo

NEA Service Telephoto. Flown to Atlanta by Western Air Express. Always eager to bore in, Johnny Risko of Cleveland gave Victorio Campolo, the huge Argentine, all the fighting he could handle in their ten-round semi-final bout at Miami. This picture shows Risko's tense attitude; he is at the right, ready to tear in again as E. R. Egan pushes him away after a clinch. At the end of the ten rounds McPhartland declared the fight a draw.

McLARNIN AND MANDELL EACH DRAW \$16,541.80

CHICAGO, March 4 (AP)—Jimmy McLarnin, the Dublin dynamo, received \$16,541.80 for beating lightweight champion Sammy Mandell, in the "rubber" 10-round bout in the Chicago stadium Saturday night. Mandell was rewarded with the same amount for doing the catching. The show drew 14,866 paying witnesses, for a gross gate of \$76,080.32.

What Congress Is Doing

TUESDAY Senate

Continues with tariff bill. Lobby committee resumes investigation of efforts to obtain oil duty in tariff bill.

House

Banking committee resumes branch, group and chain bank investigation.

Military affairs committee considers Wright bill to lease Muscle Shoals.

Judiciary committee resumes

hearings on proposal to modify or repeal dry law.

MONDAY Senate

Voted seven cent a pound duty on long staple cotton.

Senators Wagner and LaFollette requested legislation to relieve unemployment.

Investigation of administration of farm relief act proposed in resolution by Senator Nyce.

Adjourned in memory of late Representative Hughes of Virginia.

Ray Morrison Signs Five Year Contract To Coach Mustangs

DALLAS, Tex., Mar. 4 (AP)—Ray Morrison, dean of Southwest Conference football mentors, has thrown his lot with the Mustangs of Southern Methodist University for another five years.

Terms of his contract, announced last night, were not divulged, but the contract was said to carry a substantial salary increase, since it was reported that Morrison last week was offered \$12,000 a year and other inducements to take over Alabama Polytechnic.

LAST NIGHT'S BASKETBALL

At Abilene: Simmons 33, Southwestern 23.

At Brownwood: Howard Payne 36, St. Edwards 33.

At Ann Arbor: Purdue 44, Michigan 28.

At Bloomington: Indiana 31, Minnesota 23.

At Madison: Wisconsin 32, Ohio State 23.

At Atlanta: Duke 37, Kentucky 32.

At St. Louis: Oklahoma 30, Washington (St. Louis) 26.

At Fort Collins: Western State 32, Colorado Aggies 40.

At Topeka, Kas.: St. Mary's (Kas.) 31, Washburn 29.

Carnera Takes Six Rounds To Knockout Negro

PHILADELPHIA, March 4 (AP)—Primo Carnera, a man mountain from Italy, had another knockout victim to his growing list today and was \$10,000 richer by reason of his victory over Roy (Ace) Clark, Philadelphia negro.

Clark, an inch and a half taller than the ambling alp, though 37 pounds lighter, was rocked to sleep in the sixth round last night when Primo's ponderous right crashed against his jaw. Twice in the fourth Carnera found the range, and Clark went down for counts of eight and nine.

Simmons Five Throws Title Race In Tie

ABELENE, Tex., March 4 (AP)—Championship of the Texas Conference was divided today between Simmons University and Southwestern as a result of the Simmons' engers' decisive 33 to 23 defeat of the Pirate quintet last night.

Until last night's game, Southwestern's record was unblemished, while Simmons needed the win to place them on a par. Coaches of the two teams were expected to agree upon a play-off.

PURDUE BOILERMAKERS COP CONFERENCE CAGE TITLE

CHICAGO, March 4 (AP)—Riveted to the Purdue flagpole next to the 1929 football championship banner is the pennant symbolical of the undisputed 1930 Western conference basketball title.

Coach Ward Lambert's small, but high-powered, team last night swept a Michigan team from its path for the victory necessary to clinch the championship—its second solo title in the last 10 years, along with three ties for the top position.

Amazed! Way Tanlac Relieves "Rheumatism"

For years the remarkable results obtained from Tanlac in the treatment of general rundown conditions have amazed its users, but most surprising of all is the quick relief this remarkable medicine gives in cases of "rheumatism" and stomach ills that yield to nothing else.

Men and women who thought themselves beyond human aid, who suffered for years with pain from stomach and bowel troubles, neuritis, chronic headaches, dizziness, depression, constipation, who saw themselves daily going down into a sickly early old age have through the amazing stimulating and cleansing action of this REAL MEDICINE, Tanlac, found themselves once more in the possession of a strong healthy stomach and a body free from pain. One user says, "I suffered tortures from muscular rheumatism but after taking Tanlac for a couple of weeks I was over the rheumatism, my kidneys acting fine, my digestion in apple-pie order." Try it—get a bottle from the nearest druggist. Satisfaction guaranteed or money back. Accept no substitutes. (Advertisement)

Mrs. Brady Gains 16 Pounds On Sargon

MRS. LENA BRADY.

"AN actual gain of sixteen pounds and the best health I've had in years is what the Sargon treatment did for me. Nothing ever surprised me more in my life than my quick and remarkable improvement."

"Sargon Pills ended my constipation, and my skin has cleared. I am certainly thankful for this wonderful treatment."—Mrs. Lena Brady, 457 Edgewood Ave., Macou, Ga.

Times without number men and women have rejoiced in new-found health through Sargon at a time when they thought nothing would help them.

Frank Hodnett Candidate For Commissioner

Frank Hodnett, a resident and farmer in commissioners' precinct No. 1 for the past 12 years, announced Tuesday afternoon that he will be a candidate for county commissioner in the July primary.

Mr. Hodnett first came to Howard county 28 years ago but did not establish his permanent residence here until 1918.

At the request of numerous friends and voters in the precinct Mr. Hodnett consented to make the race. O. C. Baze is the present commissioner. Mr. Hodnett has no particular platform on which he will launch his campaign and she has no political axe to grind, according to his statement given The Herald.

Twenty Barbers Attend School

Approximately 20 barbers practicing the profession in Big Spring attended the third lesson of instruction in barber science work that is being offered here. The school was held in the Tonsor Barber Shop below the State National Bank on Main street Monday evening.

E. A. Raney, instructor of barber science, and who is engaged in conducting similar courses of instruction among barbers of Sweetwater, Abilene and San Angelo, was in personal charge of the lesson.

Both master and journeyman barbers in Big Spring are taking unprecedented interest in the instruction course, which it is said, will equip followers of the craft to offer a more scientific brand of service to their customers.

County Health Workers Meet The Howard County Health committee met Saturday afternoon in the federation clubhouse Saturday afternoon for the regular monthly session, when a smallpox vaccination conference was held with Miss Katherine Hagquist, state health nurse, officiating. Miss Hagquist expressed pleasure at the work done in public health in Howard county. She stressed the importance of correcting defects in small children, especially those of pre-school age. Several children of rural schools were given vaccination and 18 children were given the second dose of diphtheria toxoid. Mr. and Mrs. Gordon Phillips expect Mr. Phillips' sister, Miss Nell Phillips, to arrive from Cora, Kansas soon to be their house guest.

It Is Easy To End Fat

That is, in the right way, used by men physicians. No abnormal exercise or diet, but help to a gland that is slow. The recent large reduction in excess fat has been largely due to that gland.

Women's Missionary Union Holds An All-Day Session

The Women's Missionary Union of the First Baptist church held a particularly interesting and enthusiastic session Monday when the group met in the church parlors in all-day session.

The afternoon session was opened with prayer by Mrs. W. W. Grant, a devotional by Mrs. J. W. Barnett and a song by the assembly. Subject of the missionary program was "Beyond the City" and the following talks were given:

"Our Debt to the Country Church" by Mrs. R. V. Jones; prayer: by Mrs. R. C. Hatch; talk on "Why the Changes in the Rural Church" by Mrs. J. P. Dodge; song, a talk on "The Country Church" by Mrs. R. C. Hatch, and a closing prayer by Mrs. S. E. Gee.

Members present were: Mesdames W. D. Cornelson, Horace Jenkins, J. H. Copeland, S. E. Gee, R. C. Hatch, F. F. Gary, C. S. Holmes, J. L. Jones, K. S. Beckett, W. W. Grant, Harry Stalcup, S. E. Dano, R. V. Jones, B. F. Robbins, L. A. Wright, J. P. Dodge, J. C. Douglass, J. T. Mercer, A. P. Lloyd, B. Reagan, W. H. Buchanan, L. A. Cone, G. H. Hayward, C. G. Glasscock, T. C. Tucker, Clyde Hutchens, J. A. Boykin, Travis Reed, C. O. Murphy, R. A. Parker, J. F. Ori, W. S. Wilson, E. N. Duff, D. O. Mophin, S. C. Bennett, J. W. Barnett and W. R. Douglass.

W.M.S. In Meeting

The Women's Missionary society of the Methodist church met in regular business session Monday afternoon in the church parlors with Mrs. V. H. Fiewellen, president, presiding.

Ladies attending were as follows: Mesdames W. A. Miller, Lem Stallings, R. E. Gay, Joe Faucett, C. E. Shive, Fox Striplin, Hargrove, J. M. Manuel, W. A. Ricker, Fleaman, Russell Manion, V. H. Fiewellen, Bob Eubanks, Gus Pickle, Jack Hodges, W. D. McDonald, Joe B. Neel and Misses Mattie Hefley and Butterfield.

Sunbeam Band Holds Meeting

The Sunbeam band of the First Baptist church met at 4 o'clock Monday afternoon in the regular weekly meeting. Plans were completed for the band's part on the Wednesday evening prayer meeting service which will be given by the young people of the church.

Konjola Makes Good After All Else Failed!

St. Louis Lady Glad To Relate Her Fine Experience With New And Different Medicine

MRS. DORA BAUER

Konjola is a different medicine simply because it scores victory after victory in cases that have defied and resisted all medicines and treatments tried. This is not a boast. It is a fact established and proved in thousands of cases like that of Mrs. Dora Bauer, 3403 St. Vincent avenue, St. Louis.

"How I wish that every sufferer from neuritis could know what Konjola did for me. For ten years I endured agonies from this awful ailment. I had to keep my arms wrapped tightly to ease the pain. My digestion was bad, too, and this weakened me, making me still easier prey for neuritis. I can not remember how many medicines and treatments I tried, but found nothing to give relief, until I found Konjola. In just five weeks this remarkable medicine restored digestion, rid my system of poisons and impurities, and then the neuritis left as if by magic. What a boon Konjola proved to be to me. No wonder Konjola is known as the medicine with more than a million friends. It should have a billion."

Communications From Readers

The Herald will print communications that are acceptable to it. They must be free of libel and personal abuse. Short ones will be given preference. Author's names and addresses must be signed for publication. Only original communication addressed to The Herald will be printed; open letters or letters otherwise addressed to various persons in public life are not acceptable.

Dear Editor: A few lines in the interest of our beautiful city: Don't worry if your job is small. And your rewards are few: Remember that a mighty Oak Was once a "nut" like you.

Vote for more water, a better disposal plant, the east viaduct and be a Giant Oak: NOT A ROTTEN LIMB. A sound nut will bring forth a good tree; but a cracked nut will not even bring a "sapling"; will not even SPROUT; but lays dormant and ROTS.

Men, we have in our very grasp the building of a healthy city here of 25,000 within the next year; a city where every man who desires to work can find that employment in his line of work. Stand on the cement bridge one mile east of the city for ten minutes (if you can stand the stench and smell) and note well what is floating beneath your feet; and ponder well to yourself, how can the city of Big Spring escape an awful "epidemic"

WEAK, NERVOUS

Mississippi Lady Says She Felt Stronger, Better After Taking Cardui.

Greenwood, Miss.—Mrs. W. D. Taylor, of 1313 Carrollton Avenue, this city, has written of her use of Cardui as follows:

"About five years ago, I was in ill health. I suffered a great deal of pain in my sides and in the lower part of my body. I was weak and nervous, and at the least noise I felt like I must scream."

"At times I would have to go to bed. My head would ache. It would take me three or four days to get over these spells."

"A friend told me to take Cardui, which I did. After my first bottle, I saw some improvement. When I had taken three bottles, I felt stronger and better than I had in some time. I did not have any more of those bad spells."

"I certainly recommend Cardui." Thousands of other women recommend Cardui, after having found it of valuable assistance to them in building up their health.

Cardui is a purely vegetable medicine, and contains nothing harmful. The medicinal value of the herbs from which Cardui is extracted have been well-known in the history of medicine for more than six hundred years.

of fever and cholera" if what you see is not corrected. Who is it that wants this stench to continue? Is it a cracked nut? When did our city commence to DOUBLE and treble her population? Four years ago, when we put good and reliable men at the head of the city's affairs. Prior to this four years, look at the cracked-paving all over this city, one hundred and fifty feet of cracks in front of my own home; look at the canal dug out in Main street, that ruined the values of every piece of property on Main street; and is the laughing stock of every visitor coming to our city.

In voting for the removing and renewal of this disposal plant, you are voting with the giant oaks of our city, for the health of our city; and not following the dictates and schemes of some cracked nut. And every one knows that a disposal plant cannot be run successfully without water.

Why should this vote be delayed until after a certain election? This is a reflection on those who are in the race, and should be repudiated by them.

If you voted the wishes of a cracked nut, you would almost be a cracked-nut yourself—be careful.

Vote for a better and a larger Big Spring, so that ALL who may come here can work, if they want to work.

The new disposal plant will bring us health.

More water will bring us many manufacturers.

The viaduct will bring us "Safety First."

Be a Giant Oak, and not a DEAD LIMB.

Yours for 25,000 population within the coming year.

H. CLAY READ.

Vote On Pipe Line Bill Is Expected Soon

FORT WORTH, March 4.—A bill that promises to stabilize the oil industry in Texas, known as Senate Bill No. 234, is being considered by the Texas Legislature, having been introduced Monday, following submission of legislative needs of the independent oil operators by Governor Dan Moody. This bill asks for nothing that other states do not now enjoy and it is believed if passed and enacted as a law that gradually relief will be brought to the independent operators, to the State of Texas at large and to the University of Texas.

After studying careful details of the bill, State Senator C. C. Small, of Wellington, had the following to say regarding the merits of the measure:

"It is the purpose of this bill to equalize opportunities and facilities of the small independent producer and the large companies. The measure affects the purchasing and transportation of crude oil. It gives the railroad commission authority to regulate storage charges and prescribe fair rates, and forbids discrimination in storage facilities and charges. By providing for the issuance of warehouse receipts it enables the small producer to hold his oil for a better price. Meanwhile he is secured by provisions of bonded warehouses that his oil will be ready for delivery when sold.

"Nearly all Texas pipe lines are affiliated through stock ownership or otherwise with a major purchasing and producing company. This bill provides that any such company affiliated with the transportation company must purchase independent oil in proportion to its own production. That is, if it seeks to curtail independent production in a particular field by refusal to purchase beyond a limited quantity, it must play fair by curtailing its own production.

"The bill also authorizes the railroad commission to order the extension of transportation and storage facilities whenever the public interest requires it. Thus the independent producer will have recourse against any arbitrary or unjust refusal to afford him transportation to market or storage for his production.

"Under the present laws, the independent, can not force the carrier pipe line company to transport his oil unless he has a purchaser or storage tanks at a point of delivery along the line. Sometimes he can not find a purchaser for oil which he is forced to produce in protecting his lease from drainage by the large company, which is producing all it can and disposing of all it produces through its own facilities. By eliminating discrimination and by controlling the use to which these monopolies may be put and by affording fair storage facilities, these evils can be removed."

Indications Tuesday morning were that the measure would likely come to a vote within the next two or three days.

Mrs. Emmett Tinsley and daughter, Mr. and Mrs. J. J. Newman and Miss Pauline Sullivan and Miss Marie Newman spent Sunday in Lamesa and Lubbock.

West Texas Druggists To Convene In Fort Worth Thursday And Friday

SNYDER, Texas, March 4.—According to President Lee Stinson of the West Texas Pharmaceutical Association, the 24th semi-annual convention to be held at the Texas Hotel Fort Worth, March 6 and 7, promises to be the greatest gathering of the drug clan ever brought together in the state. The association starting with six members in 1918 has grown to 300 in 1930, which gives it the honor of being the largest regional druggist association in the world. In addition to West Texas membership, practically every state in the union is on the rolls of Secretary Lawrence Davis of Sweetwater.

President Stinson has had the cooperation of a group of Fort Worth retail druggists and jobbers in working out the program which

TO BE INVITED HERE

The West Texas Druggists' Association will be invited to hold its 1931 spring session in Big Spring by Shine Phillips, local druggist. Mr. Phillips' invitation was given added impetus Friday when the board of directors of the local Chamber of Commerce voted to include the organization's invitation with that of local druggists. Mr. Phillips is one of the leading members of the association and is a past president of the State Pharmaceutical Association.

will hold its first meeting Thursday afternoon, March 6, in the Crystal Ball Room at the Texas Hotel. City Manager O. E. Carr of Fort Worth will give the address of welcome, which will be responded to by R. W. Ernschaw of Ballinger. Reports of the president and secretary will follow, with addresses by Wade H. Lewis, sales director for the Southwestern Drug Association; Bob Mc-Nemer, sales manager of King Candy Co., and George W. Camp of Boston, associated with Liggett's.

LEE T. STINSON Snyder

Thursday evening the annual banquet will take place with Walter E. Scott, president of the Fort Worth Chamber of Commerce, as toastmaster, with talks by M. C. Anderson, Fort Worth; John A. Weeks, Ballinger, president of the Texas State Board of Pharmacy; and Master Salesman C. H. Thompson of Fort Worth. Following the banquet, a dance will be tendered the visiting ladies. Vaudeville en-

tainment will be offered at both the banquet and dance.

Friday morning the program will continue with talks by Dr. W. J. Danforth, Fort Worth; Jerry Waggoner, Hamlin; R. M. Wamsley, Dallas; Shine Phillips, Big Spring; and Walter D. Adams, secretary of the state association.

Following the last day session, the Southwestern Drug Association is tendering the visitors a luncheon, with J. M. Fenland of Dallas presiding.

Preliminary reservations at the Texas Hotel indicate that more than one thousand members and guests will attend the sessions, and hopes are being entertained that the meeting will be the largest attended in the history of any drug association body. President Lee Stinson of Snyder has been sending personal invitations to every member and has received a hearty response in his desire to make the March 6 and 7 meeting a signal success for the entire membership.

Officers of the association include: Lee Stinson, Snyder, president; E. E. Smith, San Angelo, vice president, and Lawrence Davis, Sweetwater, secretary-treasurer.

Executive committee: Shine Phillips, Big Spring; John A. Weeks, Ballinger; J. L. Hicks, Ranger; R. W. Ernschaw, Ballinger.

Program committee: Robert Mc-Nemer, Bob Grammer, M. C. Anderson, Paul Rogers and C. B. Ellis, all of Fort Worth.

Many of the druggists are planning on remaining over for Saturday, the opening day of the Fat Stock Show.

Auxiliary In Meeting

The woman's auxiliary of the Presbyterian church, meeting in the Old Manse Monday afternoon, held a business session and studied the sixth chapter of the text, the

'Do You Want a Baby?'

Regular \$1.00 Treatment sent free—one to each family

"I was married and longed for a baby every day with all my heart, but was denied," writes Mrs. L. Scheller, Indiana.

"So I sent for your prescription. While taking the second box I was unable to express my happiness. I never had a sick day. I became the mother of a fine 12 pound baby. I only knew our joy. I hope every woman who is in motherhood will take your medicine. You are welcome to use this letter and picture for publication. Thank you."

Married 11 years and doctors told me I would never have any children," writes Mrs. White, Pa. "I tried your medicine. Now I am to be a mother in October. My dearest wish realized."

Dr. DePew's treatment, a non-specific, based on Glandular activity, has been used with such results by thousands of women that for the next 30 days he offers to send a full dollar treatment, postpaid, no C. O. D. no cost, no obligation, free to every woman who writes "Children's Marriages Explained."

Dr. DePew has set aside 1000 free treatments for this month, so be sure and write today. He will also send a free booklet, "Children's Marriages Explained."

Simply send name, postcard will do, and remedy will be mailed in plain wrapper. Dr. DePew believes you will be surprised and delighted. Address Dr. DePew, Suite 1012, Cowles House, Kansas City, Mo.—adv.
