

KING-SIZED SODBUSTER—With this 60-foot, home made disc plow, Monroe Terrell of Dumas, Texas is tilling 3,300 acres of eastern Colorado wheat land near Hugo, Colo. Terrell claims it's the biggest plow in the world. He made it from surplus airplane bomber parts and used bomber tires. The plow is the result of three previous attempts, and turns under a quarter-section of land a day. (AP Photo.)

## Strikes In Building Trades Halt House Construction

More than 16,000 AFL building trades workers struck in the Detroit area today, and the walkout virtually halted all work on housing and commercial building.

At the same time, AFL cement workers in Pennsylvania, New York, Maryland, and Maine were ordered out on strike by the Cement, Lime and Gypsum Workers Union in a contract dispute.

The building strike was spearheaded by 9,000 carpenters, a union spokesman said. They were joined by 4,000 painters, 3,000 laborers and 500 cement finishers.

AFL leaders said the strike followed a breakdown yesterday of wage talks involving the carpenters and painters.

The Eastern Cement Workers' walkout idled workers at 20 plants in eastern Pennsylvania's "cement belt," 14 in New York's Hudson Valley, one in Maryland, and nine others in New York and Maine.

Although a 15-cent hourly increase, sought by the unions, appeared to have been agreed upon by most cement mills, disputes remained over seniority and other clauses.

Also in Detroit, the Ford Motor company notified the CIO United Auto Workers it would be ready to open negotiations next Monday on their contract, which terminates May 31.

Rep. E. O. Chapman, chairman of the investigating subcommittee which had related the Gatesville incident, first took the stand in protest against Ashley's statement.

"Those boys told us they received at least 35 licks," he said.

## Plans Complete For Two-Day Air Fair Here

Preparations are virtually complete for the first Big Spring Air Fair, scheduled at the Municipal Airport for Saturday and Sunday.

Local armen have made several visits by plane to cities and towns throughout the area, Smith said, and private pilots and dealers at points visited indicated that large delegations will be here for the event.

The group here hopes to have new 1947 models of most private planes on exhibition as well as some military ships. Although definite confirmation of plans for two Jet P-50's to appear here had not been received from military authorities this morning.

Model plane enthusiasts also will be welcomed at the fair, and a special section will be arranged to handle the miniature ships.

Three boosting expeditions were conducted Wednesday. Smith and Clyde Thomas Sr. visited airports in San Angelo, Ballinger, Coleman, Brye, Abilene, and Sweetwater, while planes from the Big Spring Flying Service made trips to Lamesa, Tahoka, Lubbock, Levelland, Littlefield, Brownfield and Seminole. Cecil Hamilton and Jack Cook visited at Midland, Odessa, Monahan and McCamey.

Veteran airmen, their faces grim and lined with weariness after two days of eye-straining flying, watched impatiently today as heavy overcast and pouring rain temporarily halted the air search for 15 persons, aboard a Trans-Canada Airlines transport missing since early Tuesday morning.

Manuel had been employed at the Byrd ranch for about a year. He is survived by his wife and one son, L. T. Manuel, two brothers, Faymon Manuel of Paris and D. H. Manuel; one sister, Mrs. Bessie Garrison of Fort Worth.

The Mexican chief executive mounted the steps of the podium. Immediately in front of him were members of the cabinets of the two countries. Piled in solidly behind them were senators and representatives.

He said "the most powerful force to uphold democracy lies not in tanks and ordnance, but in the conviction of the men who, when conflict finally breaks out, will drive the tanks and fire the cannon."

Speaking in his native Spanish, the mustached young visiting president added that civilization wanes "when the state curtails individual freedom . . . to impose its will or that of a political party" on its citizens.

"Civilization is the onward march to the full liberation of man," Aleman said, the process of "making man fully conscious of his own rights, entitling him to demand the same respect for them that he renders the rights of others."

He declared that any nation "under a tyrant's rule is not to be trusted. Nor can other countries live in the security beside it."

Aleman stated the mission of the United States in the troubled peacetime world is "to insure for the democracies a future of justice and freedom."

A thunder of applause, with an overtime of cowboy whoops, rolled through the big House chamber for two minutes when Aleman marched down the center aisle at 12:31 p.m.

Smiling and nodding his head in appreciation of the reception,

## Leaders Of AFL And CIO Start Talks On Merger

13,500,000 Men Affected If Two Unions Consolidate

WASHINGTON, May 1. (AP)—Ten leaders of the AFL and CIO faced each other around a conference table today and talked about merging the two great labor organizations while congress debated slapping new restrictions on unions.

Committees representing the two groups met for the first time in four years to discuss consolidation into one combined labor movement of more than 13,500,000 members.

The gathering brought together John L. Lewis, chief of the AFL United Mine Workers and his one-time associate, CIO president Philip Murray. But there was little outward sign that the reunion went beyond the barest formality.

As they met and clasped hands, Lewis asked: "How are you?"

Almost at the same moment, Murray inquired, "John, how are you?"

Both Murray and Green said in advance of the conference that they have "an open mind" on the unity proposal.

But little optimism could be found in either camp over the prospect of an early consolidation of the AFL's 7,500,000 and CIO's 6,000,000 members.

Murray thinks the two groups should demonstrate their solidarity first in fighting off common foes, wherever they may be. After that, would come talk about physical consolidation.

The AFL leadership wants the unions in the CIO to come back under the federation's banner—possibly with a brand new name—as the first step. Then co-operation would come naturally, the AFL contends.

How to get over that basic difference is the big issue immediately facing the committees representing the two big organized labor forces.

## Air Crash Fatal To T. E. Manuel

SWEETWATER, May 1.—Thomas Edgar Manuel, 35, of Colorado City, suffered fatal injuries in the crash of a private airplane three miles southwest of the Sweetwater Municipal airport at about 6:30 p. m. Wednesday.

Robert E. Byrd, 33, owners and pilot of the plane, remained in a critical condition at a local hospital. Manuel died at 9:30 p. m.

Manuel was employed by Byrd at the latter's ranch at Cuthbert, and the pair reportedly took the plane to the ranch Wednesday afternoon.

Witnesses said the plane returned over the Sweetwater airport at 6:15 p. m. and after three passes down a runway, proceeded down a canyon at low altitude, finally crashing into a power line.

Manuel had been employed at the Byrd ranch for about a year. He is survived by his wife and one son, L. T. Manuel, two brothers, Faymon Manuel of Paris and D. H. Manuel; one sister, Mrs. Bessie Garrison of Fort Worth.

# Two Killed In New Chain Of Tornadoes

## Northeast Texas Swept By Twisters

STORM DAMAGE AT MABANK, TEXAS—This is one of several buildings wrecked by a windstorm which struck Mabank, in East Texas. Mabank was one of several northeast Texas communities struck by windstorms the night of April 29. (AP Photo.)

ROCKWALL, May 1. (AP)—Two persons were killed indirectly by the latest of a series of four tornadoes which swept Northeast Texas Tuesday and Wednesday nights. Five persons were injured and a half dozen buildings were destroyed.

Injured directly by the tornado, were Mrs. Sam Richey, her daughter, Ida Lou Richey; Mary C. Alexander, and her daughter, Oteria Alexander.

Mrs. Jerry Husk, returning to her home at Alice after attending the funeral of her father at Paris, and Clay B. Neese of Houston, were killed in a highway accident at the west edge of Rockwall during the storm. Husk, operator of a bakery at Alice, was critically injured.

The tornado, which swept the bottoms of the east fork of the Trinity River between Garland and Rockwall, destroyed a new house on the outskirts of Rockwall and wrecked several houses in the river bottoms. No other injuries were reported.

Husk, who was driving his bakery truck, evidently was trying to avoid the oncoming tornado when his vehicle struck a telephone pole. He was taken to the Greenville hospital.

Private fliers from Dallas who watched the twister from the air said it tore up trees by the roots, sucked up water from the river and smashed houses at a point about 10 miles north of Terrell.

One of the fliers, Harold Grant, said he flew low and tried to communicate with persons whose homes were wrecked, but that they appeared dazed. Grant said the farmers sat on the wreckage of their houses.

The storm cut off direct telephone communication between Dallas and Rockwall. A heavy hail storm pelted Rockwall about 30 minutes before the tornado appeared.

Clover, Mabank and Odon were struck by small twisters Tuesday night. Six persons, all members of one family, were injured at Clover. Mabank suffered the worst property damage. A business building was damaged. Barns were destroyed and other buildings were damaged.

The chain of tornadoes occurred in a season of sweltering weather. The maximum at Dallas yesterday—93 degrees—was the hottest April 30 on the Weather Bureau's records.

Services for the deceased, who was a World War II veteran, were to be conducted at Sacred Heart Catholic church at 4 p. m. today, in charge of Father Theo Francis. Burial was to be in the local cemetery. Eberly Funeral home prepared the body for interment.

Salgado is survived by his mother, Mrs. Refugia Salvador of Big Spring, and two sisters, Mrs. Maria Ynez of Littlefield and Julia Salgado, Big Spring.

Members of the sheriff's office indicated this morning that Gonzales would be charged with murder.

AUSTIN, May 1. (AP)—Sen. Fred Harris of Dallas held the Senate floor through an entire morning session today in what appeared to be a filibuster in opposition to a new formula for allocating to counties the surplus in the road bond retirement fund.

When the Senate recessed for lunch Harris was still on the floor after taking it at 10:56 a. m. and was entitled to resume his hold upon reconvening at 2:30 p. m.

Harris said in the beginning he would not argue long against the bill by Sen. G. C. Morris of Greenville and he has made no reference to a filibuster. He has kept the floor with ease, however, with the aid of friendly senators also opposing the bill.

Morris' bill advocates the elimination of all consideration of a county's urban population in dividing surplus in the fund. Morris explained the new formula as a method of financing more rural roads.

NEW YORK, May 1. (AP)—A \$5,000,000 suit brought by Author Konrad Bercovic charging Charles Chaplin with plagiarism and breach of contract in the motion picture "The Great Dictator" has been settled for \$95,000, Federal Judge Harold S. Burke announced today.

any signs of burns but that Earl's head was crushed. Rescue squads said the bodies, found about 15 feet apart, indicated the men were walking toward the shaft when the explosion occurred.

Work of bringing the bodies out of the mine had been delayed, rescuers said, by a smoke pocket which spread over the blast area. They said it was necessary to carry each body through circuitous, low, narrow passages more than a half mile to the mine shaft.

Ross Wilson, son of the pit foreman, helped carry the bodies out. Three men who escaped unharmed from the shaft said they were

## Freak Train Crash Kills Four Persons

HUNTINGDON, Pa., May 1. (AP)—Steel plates protruding from a moving freight train early today ripped a hole in the side of the Pennsylvania Railroad's Flyer The American and wrecked another freight, killing four persons and injuring 42 others.

The freak crash occurred five miles west of here at 12:47 a. m. (CST) as two 16-foot long sheets of steel, laden lengthwise aboard an open gondola of a westbound freight, shifted suddenly so that their ends stuck out over adjoining tracks on either side.

Into one of these obstructions plunged the New York to St. Louis sleeper-coach passenger train, also eastbound on the parallel tracks. Ends of the inch-thick steel bit into the fourth passenger car, tearing a tremendous hole in its side.

The engine, mail car and another coach also were damaged. Moments later another freight moving east smashed into the steel protruding from the other side, sending the engine and tender crashing from the tracks and temporarily tying up all four main tracks of the PRR.

Dead and injured all were riding the passenger. Only victim identified immediately was Joseph Selnick, Jr., 18-year-old soldier from Pleasant Gap, Pa. The three others killed were two servicemen and a woman.

The list of business firms who signed petitions to close at 4 p. m. for the Big Spring-Sweetwater Longhorn league encounter grown to 121 at noon today. The Broncs and the Sports, who were to clash at 4:30 p. m. at the new park, were in first and second place, respectively, in the league standings this morning.

Business firms who signed since noon yesterday to close for the game included Luther Raymer, Tire Service, Rutledge Grocery and Market, J. C. Penney Co., C. R. Anthony Co., United Dry Goods, State Drug, Piggy-Wigly Grocery, National Farm Loan, Big Spring Herald, Big Spring chamber of commerce, Mark Wentz Insurance agency.

## More Business Firms To Close

Big Spring was ready this afternoon to celebrate the formal opening of the new high school ball park and to welcome the return of organized baseball to the city after a lapse of almost five years.

## New Break Seen In 'Phone Strike

WASHINGTON, May 1. (AP)—Telephone strike leaders called on pickets to hold their lines today as government conciliators predicted an "important development" at negotiations going on in the capital.

The National Federation of Telephone Workers, directing the 25-day-old walkout, sent officials to New York in an effort to head off a back to work movement and persuade members of four independent unions not to accept a tentative settlement.

Peter J. Manno, a government conciliator, said a break might come at 3 p. m. (CST), conference here between officials of the American Telephone and Telegraph long lines division and the American Union of Telephone Workers.

"The development failed to materialize as expected yesterday, but Manno told reporters it was only postponed and "you can expect it at 3 p. m. today, although something might happen before that time."

He replied "no comment" when asked about reports the government planned to propose a wage hike of \$4 to \$6 weekly as the basis for getting wage talks started in the long lines division. The NETW is demanding \$6.

The first ship since blast to dock at Texas City

TEXAS CITY, May 1. (AP)—The first step to enter the Texas City dock area since the explosions of April 16 and 17 is expected to tie up at the Pan American Refining Company pier at 5 p. m. today.

The SS Pan Pennsylvania was anchored in Bolivar Roads at Galveston this morning preparing to move toward this city's wrecked waterfront.

Fraud Trial Considers 'Cover Up' Records

WASHINGTON, May 1. (AP)—The prosecution in Andrew J. May's war fraud trial today pursued the trial of business records it charges were used to "cover up" payments it says a munitions combine made to the former Kentucky congress member.

Prosecutor William A. Paisley said in US District court that the government will attempt to prove that purported invoices for lumber sales were made out and back-dated a year after firms in the munitions combine sent \$33,000 to the Cumberland Lumber Company.

## Baseball Park Suit Underway

A jury had not been selected at noon today to hear the injunction suit instituted in 70th district court against the Big Spring Independent school board and there was no indication when Judge A. S. Mausey called a noon recess that the task could be completed this afternoon.

Members of the panel were ordered by Mausey to report back for duty at 1:15 p. m.

The defense was permitting attorneys for the plaintiffs to do most of the questioning of the members of the panel. At least half a dozen members of the original panel were excused after testifying they had already formed an opinion in the case, an effort to bar the school from establishing and maintaining a baseball park on its Highland Park property.

ALEMAN'S SON GIVES AUTOGRAPHS—Miguel Aleman, Jr., 14 (seated center) son of the President of Mexico, writes autographs for Boy Scouts on the steps of the capitol in Washington, after ceremonies making him an Eagle Scout. Young Miguel accompanied his father on a visit to the U.S. (AP Wirephoto.)

## New Walkouts Swell Texas Strike Ranks

The Texas strike ranks were swelled still further today as hundreds of workers joined thousands of others in walkouts to back up wage increase and other demands.

The latest strikes were those of bus and street car operators at Waco and refinery workers at six plants of the Phillips Oil Company in the Borger area.

Other major strikes in progress were the telephone workers, involving approximately 18,000, the Greyhound Bus Maintenance Workers and the Shell Oil Company workers in the Houston area.

Three Big Spring students, Reed Collins, Jean Buchanan and Darrell Flynn, have been placed on the honor roll at Abilene Christian college where all are attending as first year students.

Collins, son of Mr. and Mrs. A. R. Collins, is majoring in chemistry, while Flynn, son of Mr. and Mrs. Chester A. Flynn, is a Bible major. Miss Buchanan is the daughter of Mr. and Mrs. Sam F. Buchanan.

IF SHOES "BURN" FEET, HERE'S FAST RELIEF! Just do this in five minutes! Take 10 extra seconds to apply Meritt's Medicated Powder. Wonderfully speedily relieves chafing, itching, burning, clammy feet, chills up foot moisture, restores the pleasant odor. Feet feel more comfortable for hours. Unconditional money-back guarantee. Ask for Meritt's Medicated Powder - at drug counters everywhere.

# High School Press Club Has Chicken Barbecue

Members of the El Rodeo and Corral staffs, who make up the Big Spring High school press club, were entertained with a chicken barbecue at the city park Wednesday evening.

Around 45 persons attended, and guests included Mr. and Mrs. W. C. Blankenship, Mr. and Mrs. W. L. Read, Mr. and Mrs. Charles Romine, Marguerite Wood and Erma Steward, teacher and club sponsor.

Jane Turner was in charge of committees planning the entertainment, and Mr. and Mrs. Bill Olson prepared the meal.

Dates for other entertainments which mark the end of spring school term have been announced with a Bible class picnic at the

Kenny Thompson ranch Friday evening. The meal will follow a treasure hunt.

A faculty barbecue will be held at the city park next Monday evening, and the annual senior play will be staged at the city auditorium on Thursday evening.

Activities for the annual senior day outing at Christoval are being worked out by committees for May 19, and it was announced today that high school yearbooks will likely be distributed May 12.

Tentative plans have also been announced for an eighth grade picnic in May and an outing for the shorthand class.

## Patsy Joe Barbee Has Birthday Party

Patsy Joe Barbee was honored with a party recently when she celebrated her 12th birthday anniversary at the home of her parents.

Games were played and refreshments were served. Favors were sacks of candy and gum, and the serving table was centered with an arrangement of American Beauty roses.

Those attending were Nina Ruth Henderson, Billy Kathleen Carr, Agatha Ann Covert, Bob Faller, Doyle Maynard, Milton Davis, Gary Cagle, Lane Vaughn, and the honoree.

## Bids For Mail Route Asked

A re-advertising of bids for a four year contract on the San Angelo - Big Spring star mail route has been announced in San Angelo by O. B. Fields, postmaster.

Applications must be in the hands of the second assistant postmaster General, Washington, D.C., by 5:15 p.m. May 15, it has been announced.

The route operated daily, except Monday, leaving San Angelo at 1 a.m. and arriving at the Big Spring railroad station at 4 a.m. It is designed to expedite out going mail, particularly to the west, from San Angelo. It does not clear arrest the Big Spring postoffice.

## Program To Stabilize Emotions Of Drivers

FORT WORTH, May 1. (AP)—An educational program to stabilize the emotions of automobile drivers was advocated here today as a solution to traffic hazards by Dr. Robert L. Sutherland of Austin, director of the Hogg Foundation at the University of Texas.

Dr. Sutherland spoke before the opening session of the Texas Safety Conference at which nearly 1,000 delegates were in attendance. He told the delegates to the two-day conference that neither lists of safety rules nor the desire for self-preservation are sufficient to prevent accidents.

## Past Commander Of VFW Succumbs

SAN ANTONIO, May 1. (AP)—Funeral services for Max C. Walz, 55, a past national commander of the Veterans of Foreign Wars, will be held here tomorrow. He died at his home here Tuesday night.

Walz, a resident of San Antonio for 29 years, served as a lieutenant colonel on the staff of Gov. James V. Alfred.

He is survived by his widow, and four adopted children, including David W. and Elsie Fay Walz of Austin, and four sisters and three brothers, including Arthur Walz of Austin.

## May Day Program At Ackerly Well Attended

The Susannah Wesley class party, planned for Friday afternoon, has been postponed so that members may attend the annual May Day tea at the Episcopal church.

## A Weak, Run-Down Feeling Is Often A Warning

That The Red-Blood, Is Getting Low

If you do not feel like your real self, do not have the urge to be up and doing, why not check-up on your blood strength? Look at the palms of your hands, your fingernails, your lips, the lobes of your ears—are they pale and of color?

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out! A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have positively proven that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloating and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges through your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm feet, fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic builds Blood Strength.

SUNDAY-GO-TO-MEETING... Exquisite coat and bonnet set designed by models for the younger set. Pure silk, hand embroidered, with removable interlining.

# City Fiscal Report Shows \$685 Deficit

Receipts and expenditures for the city's fiscal year just about balanced (a deficit of \$685), final report on the municipality's financial affairs disclose.

Receipts for the 12-month-period ending March 31, 1947, were \$422,969 against disbursements of \$423,626.

Total assets of the City of Big Spring were \$3,565,973, including \$3,180,784 capital assets, cash of \$239,554, of which \$77,416 is in the general fund, \$81,938 in the construction fund, \$62,941 in the interest and sinking account, \$9,158 in the cemetery fund, \$6,600 in the airport fund. A total of \$36,800 in taxes are outstanding, \$22,000 of it in delinquent accounts. The city also holds \$24,000 in unsold bonds.

As for liabilities, the biggest account outside of reserves and surpluses (invested in property, etc.) is the \$1,070,000 bonded indebtedness. The city also has \$55,514 in vouchers payable, \$20,556 in watermeter deposits, and \$61,477 due other funds.

Largest single item under disbursements is for wages and salaries, totaling \$222,399, or more than half of the total expenditures.

\$138,862 of this went for labor in city operations with an additional \$24,568 in maintenance labor costs. Supervision (all department heads, foremen, etc.) entailed \$42,869 and clerk hire cost \$16,100.

Other big costs were: Equipment rental \$24,000, insurance and bonds \$8,300; special services (health, rodent control, water treatment, toning and lighting, garbage collection) \$8,700; plant and power \$32,000.

Contributions—\$24,600 (largely Veterans Hospital site); land \$7,400; pavement \$29,500; water meters \$4,400; water extensions \$4,700.

Disbursements by funds for the year was: City commission \$2,800; city secretary \$1,400; city manager and purchasing \$9,800; city hall and auditorium \$7,800; accounts \$3,300; legal \$1,350; tax \$8,800; engineering \$12,000; planning \$1,260; police \$53,400; fire \$35,400; protective inspection \$4,150; animal protection and inspection \$560; streets \$46,700; street lights \$5,000; water and sewer \$8,800; water production wells \$29,400; water treatment \$18,800; disposal \$16,000; water meter \$11,000; sewage collection \$5,800; sewage treatment \$20,000; (approximately \$9,000 regained through sale of effluent); health \$445.

Typus control \$11,377 (reimbursed except for supervision); trash and garbage collection \$31,000; street cleaning \$6,500; parks \$14,300; hospital site \$18,200; welfare \$400; labor camp cost \$5,200 (city's share); stores \$6,300; land \$7,400.

Under receipts the biggest item was \$195,000 for water service. Current taxes \$147,000; delinquent taxes \$4,400 (\$72,124 of taxes went to interest and sinking fund requirements); sewer service \$14,500; garbage collection \$14,600; paving payments \$29,900; fines and court costs \$13,600; gas franchise \$19,900; water taps \$7,000; effluent sale \$6,700; rodent control \$7,500; electric franchise \$6,000; telephone franchise \$2,300; occupation taxes \$4,400.

Outside of tax supported funds, special fund receipts, disbursements: Airport \$72,600 and \$64,000; cemetery \$6,500 and \$6,000; swimming pool and golf course \$19,400 and \$19,000; garage \$28,000 and \$40,000; parking meter \$11,000 and \$40,000 (meter costs being amortized).

The interest and sinking fund had \$72,400 receipts and expended \$104,000, absorbing some of the reserve. During the year the city retired \$66,000 in bonds and paid out \$38,000 in interest.

# May Fete Tonight

A large turnout is hoped for by local Girl Scout officials who Thursday added the final touches to a spring festival which will be presented here this evening at the city park amphitheatre at 7:30 o'clock.

The colorful May fete will feature a Maypole dance with skirts by each of the 19 troops.

Geraldine McGinnis, selected as Girl Scout queen, will be crowned in a special coronation ceremony preceding the program.

The Big Spring High School band, under the direction of Joe Haddon, will present a concert before the program gets underway.

# Newcomers Invited To Fellowship Tea

Newcomers to Big Spring will receive their official welcome Friday when the United Council of Church women entertains with a May fellowship tea in the parish house at St. Mary's Episcopal church at 3:30 p. m.

The 'Welcome Stranger' entertainment will be hosted by women of St. Mary's and the public is invited to attend.

Mrs. Camille Patterson will review the book, "David the King," and Mrs. Nell Frazier's girls ensemble will sing.

# Historical Meet Slated In Baird

Historians of this area will convene Saturday at Baird where the annual meeting of the West Texas Historical association will be in session.

Whether anyone from Big Spring will attend was not known immediately. B. Reagan has been active in the association for several years. John R. Hutto, Abilene, for a decade an outstanding historian here, will be present.

Among speakers are Mrs. L. L. Blackburn and J. Marvin Hunter, Jr., Baird; Col. M. L. Crimmins and Col. Harry M. Henderson, former army officers, will review early Texas historical events. Frank Haynes, Texas Tech, is to speak on colonization of the Halsel ranch.

# Merle Stewart Speaks At Kiwanis Luncheon

Merle Stewart was principal speaker at the Big Spring Kiwanis club's weekly luncheon today at the Crawford.

Addressing the group on "Kiwanis Education" Stewart quoted statistics which showed that 2,160 clubs are now in operation in the United States and Canada, representing a total membership of 180,000 men.

George Oldham and Athol Atkins were junior Kiwanians present for the luncheon.

The Kiwanis club will join other service organizations at a joint meeting at the Howard County Junior college on May 8.

# Barrera's Tavern License Suspended

Thirty patrons of the Barrera tavern will have to seek their refreshments elsewhere for the next 12 days.

J. M. Barrera, owner of the place was notified by members of the Texas Liquor Control board this morning that his beer and wine vending license was suspended, starting today, because he had sold beer during prohibited hours.

# SETTLES BEAUTY SHOP ANNOUNCES

That Madge Reinhardt A Specialist In Hair Styling And Hair Tinting WILL NOW BE WORKING WITH THEIR SHOP

Settles Hotel Phone 42

# Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your drugist and ask for four ounces of liquid Barcetrate (formerly called Barcol Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonsful twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloated disappears—how much better you feel. More alive, youthful appearing and active.

# Rebekahs Vote To Donate To Texas City Relief Fund

The Rebekah Lodge voted to send \$25 to the Texas City relief fund Tuesday evening when members met in regular session at the IOOF hall.

Grand Deputy Velma Cain appointed an official staff for installation services, the group includes Mrs. Hazel Lamar, deputy marshal; Mrs. Gertrude Newton, treasurer; Mrs. Viola Robinson, secretary; Mrs. Evelyn Roger, musician; and Mrs. Thelma Shepard, inside guardian.

Those attending the meeting were Mrs. Dorothy Pike, Mrs. Viola Robinson, Mrs. Chessie Walker, Mrs. Velma Cain, H. V. Crocker, Mrs. Eula Pond, Mrs. Sallie Kinard, Mrs. Opal Pond, Mrs. Mary Ethel Landers, Mrs. Rosalie Gilliland, Mrs. Bessie Sallee, Mrs. Zula Reeves, Mrs. Gertrude Cline, Mrs. Beatrice Bonner, Mrs. Ruth Wilson.

# Thompson To Speak On Unpardonable Sin At Meeting Tonight

"The Unpardonable Sin" is the subject of the sermon to be delivered by the Rev. Lloyd Thompson this evening at 8 o'clock at revival services which he is conducting at the First Christian church.

His message will be taken from the 12th chapter of Matthew, and special music will be directed by Miss Zada Brown. Organ and piano accompaniment will be furnished by Mrs. Jack Bronson and Mrs. Ed Hall.

A. V. Karcher and the Men's Bible class are sponsors for tonight's attendance with Mrs. Jennie Purser and the Bluebonnet class boosting attendance at the Friday evening sermon when the pastor speaks on "New Testament Monuments."

Mr. and Mrs. John Wayne Brown and daughter plan to leave Friday for their home in Long Beach, Calif., after visiting with his mother, Mrs. G. A. Brown.

# GI Aid To 65,000 Texas Vets Stopped

AUSTIN, Tex. May 1. (AP)—Financial aid to 65,000 unemployed and self-employed Texas veterans under the GI bill of rights stopped at 5 p. m. yesterday, the Texas Unemployment Compensation Commission announced.

The veterans administration in Washington notified the TUCC that servicemen's readjustment allowance funds were exhausted and that no more checks should be written until congress passes a deficiency appropriation.

The TUCC acts as agent for the veterans administration in Texas in handling both the unemployment and self-employment provisions of the GI bill of rights.

Wards AUTOMATIC up to 22-ft. water system. 350 gal. P.H. . . plenty of water for average farm family.

## Probe Approved For Holy Land

NEW YORK, May 1. (AP)—The United Nations assembly today overrode Arab protests and agreed without a record vote to consider creation of a committee of inquiry on Palestine.

Arab representatives had taken the floor one after another to oppose the British fact-finding proposal, but no opposing voice was raised when Assembly President Oswaldo Aranha of Brazil announced that he considered the proposal approved for inclusion on the work sheet of the extraordinary Palestine session.

Approval of the British proposal still left the assembly the task of settling the even more controversial question raised by Arab demands for consideration of Palestine independence.

## Coffin Production Employes Strike

DALLAS, May 1. (AP)—Approximately 75 coffin production employes of the Dallas Coffin Co. struck this morning after five months of negotiations failed to secure them a substantial wage increase.

The CIO United Furniture Workers Union represents the employes.

Largent Parks, president of the coffin concern, said that some of his employes were still on the job and that production was continuing.

## Lufkin Gets Funds

WASHINGTON, May 1. (AP)—The Federal Works Agency has announced a \$5,450 advance for planning a municipal building for Lufkin. Estimated cost of the building is \$189,500.

## 'Toughening' Of Strike Curb Measure Seen

WASHINGTON, May 1. (AP)—Elated over a preliminary victory, Republican leaders said today that "toughening" amendments to the Senate union-strike curbing bill are as good as approved.

But they shied away from a commitment on whether the Senate could override a possible veto by President Truman. Opponents of the bill, mainly Democrats, predict a veto and claim it will be upheld for lack of a two-thirds vote.

Senator Wherry (Neb.), the Republican whip, told reporters yesterday's smashing defeat of an effort to send the bill back to committee to be split into four measures "assured" final passage of the omnibus legislation, plus pending GOP-sponsored amendments.

The motion to recommit the bill, offered by Senator Morse (R-Or.), was defeated on a roll call vote, 59 to 35.

"I think that's a strong indication of how the Senate will vote on the amendments and final passage," Wherry said.

Senator Taft (R-Ohio) chairman of the Republican policy committee and of the labor committee, agreed. He said further he thinks that five or six Democrats who voted for Morse's motion will switch over to support the bill.

"But I don't know whether we will have as many Republicans with us as we did in opposition to the Morse proposal," Taft commented.

On the vote yesterday, 48 Republicans and 11 southern Democrats voted against the four-bill motion. Favoring it were 33 Democrats and two Republicans—Morse and Senator Langer (ND).

The GOP leader agreed that a final vote on the bill will not come until next week. Taft reiterated that he has no plans for a conference with Mr. Truman to find out what kind of labor legislation the Chief Executive would approve.

## Dr. W. E. Thompson Of Fort Worth, Dies

FORT WORTH, May 1. (AP)—Dr. W. E. Thompson, 55, Fort Worth physician for half a century and prominent in state medical circles and in civic and governmental affairs of Fort Worth for many years, died in a hospital here at 9 a.m. today.

Dr. Thompson was secretary of the Texas State Medical Association's board of trustees from its reorganization in 1904 until 1942, when he resigned and was made an honorary member and, a year later, member emeritus, of the association. He formerly was board chairman for 12 years of Fort Worth's City-County Hospital, was a medical department faculty member of old Fort Worth University, and was a member of the city council for nine years.

## Colonel Inspecting Recruiting Station

Col. Herbert Taylor, who recently succeeded Lt. Col. Teddy Sanford as commander of the El Paso US Army Recruiting district, arrived in Big Spring late Wednesday to inspect the local recruiting station. Sanford departed recently to attend Command General Staff school in Washington, D. C.

GUARD AT KREMLIN—A group of Russian youngsters (left) watch the ceremony of changing the guard at the Kremlin, heart of Soviet rule in the capital city of Moscow.

## Minor Problems Said Plaguing Solons

WASHINGTON, May 1. (AP)—An appeal to the public to avoid burdening Congressmen with minor local problems so that they may concentrate on national and international affairs was voiced today by former Rep. Hatton W. Summers, Texas Democrat.

He expressed his views at a ceremony in the House judiciary committee room, where his portrait was dedicated in the presence of an audience which included Attorney General Tom Clark, Supreme Court Justice Stanley Reed, and Texas members of Congress. Summers was chairman of the committee from 1930 until his voluntary retirement from Congress in January.

## Stage, Screen Stars Give Benefit Show

NEW ORLEANS, May 1. (AP)—Weary stars of screen and radio departed from New Orleans last night and early this morning after giving two performances before more than 7,000 New Orleansians to raise funds for relief of Texas City disaster victims.

The stars presented a two and a half hour performance at city auditorium and then repeated it at a \$100-per-plate dinner. Among those participating were Frank Sinatra, Jack Benny, Eddie "Rochester" Anderson, the Pied Pipers, Axel Stordahl's orchestra, Phil Harris, Jane Powell, Jean Sablon, Diana Lynn, Alice Faye, Majorie Reynolds, Phil Silvers, Connee Boswell and others. The two events are estimated to have raised \$85,000 for Texas City relief.

## Sweetwater Dentist Heads Association

SAN ANTONIO, May 1. (AP)—Dr. A. J. Wimberly of Sweetwater was named president elect of the Texas State Dental Society at its concluding session of the 67th annual convention here today. Under the society's rules he will not take office until after the convention to be held next April in Fort Worth.

Dr. Charles E. Butler of San Antonio, elected last year, takes office at the conclusion of this year's convention and will continue to serve until after the next convention.

Elected as vice presidents to serve this year were Dr. Horace Beacham of Dallas, northeast division; Dr. D. N. Cushing, San Antonio, southwest division, and Dr. J. A. Odum, Beaumont, southeast division.

## Restraining Order Against Bell Granted

FORT WORTH, May 1. (AP)—Judge Frank P. Culver granted a temporary restraining order to the Southwestern Bell Telephone Company against the Southwestern Telephone Workers Union late yesterday.

The court set a hearing for May 9 at which time the defendants were ordered to show cause why a temporary injunction should not be issued.

The order granted yesterday enjoins the union, its officers and the pickets from congregating at or near the company's plant entrances, from bodily blocking entrances to the buildings and a parking lot.

## 'Anti-Mass Picketing' Bill Signed By Jester

AUSTIN, May 1. (AP)—Gov. Beauford H. Jester today signed the so-called "anti-mass picketing bill," the fifth labor-restrictive measure enacted thus far during the 50th legislature.

## Star Bears Child

SANTA ANA, Calif., May 1. (AP)—Thirty-nine-year-old Bette Davis' first child, a seven-pound daughter, who was born today by caesarean section at Community Hospital, Dr. Vincent Carroll said both "are doing nicely."

## Service Curtailed

WASHINGTON, May 1. (AP)—The postoffice department said today that postal services in some communities are being curtailed slightly pending action by Congress on requests for more money to finance operations this month and next.

## PREFER ROSES TO DOGS

PORTLAND, Ore., (UP)—"The annual dog versus garden 'civil war' is in full swing here, with gardeners in the 'City of Roses' demanding a city ordinance keeping dogs on leashes, and dog-owners quoting liberally from poetry about "man's best friend" in defense.

## SUGAR MORE PRECIOUS

PAWTUCKET, R. I. (UP)—A thief who entered the home of Eugene L. Bergeron passed up jewelry and took only two sugar ration books.

DANCER—Milada Mladova of Oklahoma City, former Ballet Russe de Monte Carlo dancer, is now in the movies.

## Taxes Returned

WASHINGTON, May 1. (AP)—The Internal Revenue Department has announced that credits of \$173,670 for over-assessment of excess profits taxes for 1942 have been made to the Briggs-Darby Construction Co. of Pharr, Texas.

## INDIA CHAPTER ADOPTED

NEW DELHI, May 1. (AP)—The constituent assembly today adopted clauses for a fundamental rights charter in the constitution of an independent India.

### Contract Lapse Touches Off Two Minor Strikes In Steel Industry

NEW YORK, May 1. (AP)—Most of the nation's steel companies and their workers have agreed to re-negotiate contracts on a pattern increasing wages 15 cents an hour, but expiration of negotiation deadlines

last midnight touched off two strikes in the industry.

At Indiana Harbor, Ind., a spokesman for the CIO Steel Workers said a strike began at 12:01 a. m. (C.D.T.) at Inland Steel company, seventh largest producer in the nation, because contract terms had not been agreed upon. Negotiations were continuing.

The Inland walkout was the first major one in the industry this year.

Picket lines also were organized at midnight at the Trenton and Roehling, N. J., plants of John A. Roehling's Sons Co., cable manufacturers, because of a breakdown in negotiations. The company said its final offer was equivalent to the approximately \$6 a week increase accepted by other steelworkers.

The \$6 cents an hour, or \$6 a week, wage boost pattern which evolved from US Steel's negotiations last week was the basis for contract agreements between the steelworkers and four companies that were announced yesterday. The companies were Bethlehem Steel Corp., Republic Steel Corp., Crucible Steel Co. of America, and the Colorado Fuel and Iron Corp.

At Claymont, Del., the steelworkers reached a wage agreement with the Wirth Steel Company, averting a strike planned for midnight. Negotiations on other issues continued.

The Youngstown Sheet and Tube Co., which employs 17,000 in the Youngstown, Ohio, area and another 7,000 in Indiana Harbor and South Chicago, has extended the old contract to Saturday night to permit continued negotiations, a union spokesman said.

Negotiations also continued between the steelworkers and the Pittsburgh Steel Co., with work continuing at its Monessen, Pa., plant.

In most cases, the new contracts call for a 12 1/2 cents hike in straight time pay, with adjustments and other benefits bringing the total increase to about 15 cents. A Bethlehem spokesman said its 70,000 employees would average \$1.61 straight time pay under the new pay pattern.

In general, the raises were retro-active to April 1, when most steel contracts ran out.

**EARNED A REST**  
MILLBURY, Mass. (U.P.)—Mason H. Shaw, janitor of the Town Hall, has been granted his first vacation in 20 years. Selectmen voted unanimously to give him a rest with pay. Activities in the town hall will be suspended while Shaw takes it easy.

### Legal Notice

THE STATE OF TEXAS, To the Sheriff of the County of Howard County—  
**GREETING:**  
Frank Williamson, executor, and One Max Edwards, executor, of the estate of C. L. Williamson, deceased, having filed in our County Court their final account of the condition of the estate of said C. L. Williamson, deceased, together with an application to partition and distribute said estate and to be discharged from said administration, you are hereby commanded, that by publication of this writ once in a newspaper regularly published in the County of Howard, and said publication shall be not less than 10 days before the return day hereof, you give due notice to all persons interested in the account for, and by said Court on or before Monday the 13th day of May, A. D. 1947, when said account and application will be considered by said Court.

Witness, Lee Porter, Clerk of the County Court of Howard County, Texas.  
At my office in the town of Big Spring, this 30th day of April, A. D. 1947.

### Chamber Proposes Closed Shop Ban

WASHINGTON, May 1. (AP)—A proposed labor policy which would outlaw the closed shop and require a secret ballot of employees before the calling of a strike was presented today for consideration by the United States Chamber of Commerce.

The resolution was drafted by the chamber's 18-member policy committee headed by W. A. Kilinger, Sioux City, Iowa, builder. Approval was expected late today at the final business session of the 35th annual convention.

The proposal was far more drastic than some officers had anticipated. It did not call for the outright ban on industry-wide bargaining contained in a House-approved labor bill, but did urge federal prohibition of "monopolistic practices" through industry-wide bargaining or other means.

**ANGLER**—Mary Lou Jarrett of Springfield, Mass., goes angling for trout in the Westfield River near Woronoco.

### May Bows In With Gentle Breezes

By The Associated Press  
May made its Texas debut in generally fair weather.

Tornado winds over widely scattered sections yesterday gave way to gentle breezes today. With the passing of April came some of the highest temperatures of the year: Lampasas 99; Haskell 96, Abilene 93; Memphis 92, and 95 at Brady, Brownsville, Eastland and Laredo.

Besides a small tornado, in the Rockwall-Garland area of northern Texas, winds of 55-mile velocity were felt in the Laredo area, but no damage was reported. Rain measuring 1.57 inches fell at the border city. A light rain also fell in the Greenville area. Generally fair weather was forecast for most of the state tomorrow.

### Longview Opens Packing Plant

LONGVIEW, May 1. (AP)—Longview has another new industry—that of meat packing. A modern packing plant capable of handling 150 head of cattle and 300 hogs daily was formally opened today.

### Pioneer Week Observance Here Being Planned

Pioneer Week observances at Howard County Junior college are taking shape rapidly, E. C. Dodd, president, reported Thursday.

Arrangements for events at the college are being headed by the student council with Wesley Deata, vice-president and acting head of the council, directing the planning.

A high spot of the week will be the visitation by seniors of surrounding high schools on Friday, May 9, and a barbecue and ball. The chamber of commerce and five service clubs (Rotary, Elons, Kiwanis, American Business, Junior Chamber of Commerce and Business & Professional Women) are sponsoring the barbecue affair. So far as can be determined, the meeting will take the place of club meetings next week and club members will be the welcoming committee for visiting seniors.

First activity of the week will be a special student assembly Monday morning. On Wednesday and Friday male students at the college will hold "brush court" to enforce the beard growing edict of the week. Thursday the college literary guild will present a play.

Monday, Tuesday and Wednesday, chamber and college representatives will make three tours to invite seniors of high schools in this vicinity to visit the college on May 9. Following the barbecue on Friday at 6:30 p. m., there will be a ball with the HCJC orchestra, directed by Duke Neel, furnishing music. Both these events likely will be in the post gymnasium.

### Telephone Bills Will Be Late

Telephone bills may be late in reaching patrons this month.

Since office personnel is included among striking employees, Southwestern Bell management employees are working in skeleton shifts in an effort to keep up with essential bookkeeping. This, said the company, accounted for the delay in preparing checks to workers for wages and salaries earned before the start of the strike on April 7.

Local management representatives have no definite word on date of billing. It is possible that the account could be carried forward a month. Approximately two weeks of service are included in the bills due. Credit is given for lost service.

### HCJC Trustees To Meet Tonight

The Howard County Junior college board of trustees will meet at 8 o'clock tonight in the college library, E. C. Dodd, president, announced this morning.

The board probably will fill at least one position on the faculty and discuss possibilities of increasing the college's annual revenue, Dodd said.

## Over 3,000 Enrolled For Blue Cross

More than 3,000 persons in Big Spring and Howard county are now enrolled under the Blue Cross hospital service plan, W. R. Derr, Abilene, regional director, estimated Thursday.

Derr announced his figures upon a recapitulation following a two-week enrollment under the community plan. The campaign terminated Saturday. As a result, Derr said that a preponderance of firms employing five or more people had embraced the hospitalization service, and that several hundred individuals, who did not fall under the group classification, had been covered under the community feature.

The possibility that a second enrollment would be attempted something like six months hence was seen by Derr, who regarded the Big Spring and Howard county effort as one of the most successful campaigns "which has been conducted during the years I have been with the organization."

## Weather Forecast

Dept. of Commerce Weather Bureau  
**BIG SPRING AND VICINITY**—Fair and cooler today. Warmest Friday. Expected high tonight 81; low tonight 52; high Friday 82.

# Agreements May Represent Wedge

Agreements which affected some 43,000 New York and Pennsylvania telephone workers have been reached, and some observers look hopefully for a crack in the dike of local stalemate which has persisted since April 7.

The head of the National Federation of Telephone Workers sees in the settlement evidence that the Bell System's solid front is cracking. On the other hand, a Western Electric workers union official thinks that the \$3-\$4 per week compromise was a "sell out of other telephone workers." So, the "crumbling" can be viewed from divergent points from even the same side.

There is some reason for hope, however,

ever, for a settlement is evidence that settlements can be reached. They can be contagious, but only so if both parties to the dispute are willing to sit down and discuss basic issues frankly and with a desire to reach a ground for settlement. Talking is not enough. There must be a point of demand, a counter-offer, and a willingness to compromise. Thus far, these factors have not all been present in the telephone strike.

But we are nearer a climax, however, if for no other reason than that which every dry day is a drouth brings us that much nearer the time of a drouth-breaking. How long? Ah, that would be like predicting the weather.

# Play Ball; The Broncs Are Home

While there may be some disagreement as to where, there is pretty general agreement that baseball will find a popular following in Big Spring.

Today the Broncs, the local entry in the new Longhorn league, make their first home appearance. Things have been given a super-human rush in order to make possible the playing of the initial game this afternoon and conditions cannot be accurately based on what obtains until the plant is put into final shape. But from all indications, it will be one of the best of its type in this region, although not as large as some.

Once debris of building has been cleared and the balance of the fill has been completed, practically all of the playing area will be sodded. This indeed is a rarity in West Texas where players are used to performing on what they call a "peeled" di-

mond. It will accrue to the comfort of patrons too, as well as to areas in proximity. Immediately, there will be two principal traffic outlets which will diffuse the flow of automobiles. If it is possible in the future to open an artery from Sixth street a couple of blocks south to the plant, this situation will be greatly in hand. It will be of added value in the autumn when big crowds turn out for the football games.

Baseball fans (and there are more per capita here than in the average community) will enjoy rooting for the home team; encouraging their favorite pitcher to streak one by the batter; listening to the plunk of a ball into the mit or the sharp crack of hickory against the horsehide; and even begging to differ with the umpire. That's what makes it such a great game.

The Nation Today—James Marlow—

# Congress Visitors Feel Cheated

WASHINGTON, April 30. (AP)—Thousands come here to see Congress at work.

They see only a part of it. If doesn't look like much work to them.

They feel cheated right away. They wander into the Senate gallery, take a seat, and look down contentedly upon the senators at work.

There are 90 Senators but the visitor looks down at perhaps only five or six, one talking and the others listening or reading.

Pretty often, except at voting time, there are only that many on the floor at one time.

The other Senators stroll in and stroll out. The visitors, not

having seen them before, can't tell whether they're senators or clerks.

A senator flings open a swinging door in the back, ducks in, listens to the speech for a second, ducks right back out.

(He's either not interested in the subject or he's heard this same speech or something like it before.)

This steady activity—ducking in, bobbing out, marching across the floor, disappearing—goes on daily.

So the visitor, a little bewildered, withdraws quietly and, patiently plodding through the capitol halls, lands in the house gallery.

This looks better to him.

There are more men on the House floor.

(There are 435 House members, so more of them are bound to be on the floor at any one time than you'll find in the Senate.)

Once more the visitor wanders away, thinking maybe: so this is Congress.

What he doesn't know is that most of the senators and representatives are busy elsewhere, in committees or in their offices.

The visitor might get a better idea of Congress at work if he took the trouble to visit the committee meetings and listen, in there.

Affairs Of The World—DeWitt MacKenzie

# Judgment Of Solomon Required

As was anticipated, the Palestine problem is producing variegated fireworks right at the start of its consideration by a United Nations which isn't too happy in the knowledge that it must render a judgment of Solomon if the issue is to be settled.

There was one heavy outburst Tuesday when India challenged Sir Alexander Cadogan, British delegate, to give assurances that England would abide by recommendations of the Palestine session of the UN assembly. Sir Alexander retorted that Britain couldn't be expected to "spend blood and treasure single-handed" to carry out recommendations of the UN on the future of Palestine.

That could be the acme of diplomacy because, while it seems self-explanatory, it actually doesn't say "no" and it doesn't say "yes." One suspects that Sir Alexander was being non-committal in order to leave the way open for Britain's formal answer at a later date. However, that may be, the incident does illustrate the delicacy of the situation.

The UN is faced with what many pessimists would call an "impossible" task. It involves not only establishing a national home for Jews but safeguarding the interests of the big Arab population which outnumbered the Jews two to one—the total population of the country being estimated at close to 1,800,000. And there are other items—of which more anon.

Still, it strikes me that the problem would be susceptible of solution if it could be confined to the interests of the inhabitants. I observed during visits to the Holy Land that the rank and file of Jews and Arabs get along well together if left alone, despite clashes among the upper registers of the two races. The current conflict in Palestine isn't between Jews and Arabs, but between Jews and the British.

So it's our guess that if the UN finds an answer to the puzzle it will be based on the fundamental fact that the Jews and Arabs can live together amicably under normal conditions.

Unfortunately that isn't the whole story. If it were, the British government to abandon such an important base.

simple. The greatest obstacles lie in the fact that Palestine is so strategically located that its control is of vast interest to the major powers—militarily, politically and economically. As a military base it affords a powerful defense of the Middle East and safeguards the eastern approaches to the Suez Canal. The friendship of the many Arab peoples in that part of the world is being sought. And petroleum in Arabian hands is desired by many.

Thus we see that Palestine is the center of a mighty game of power politics. This has become hotter as Soviet Russia has reached for a place in the Eastern Mediterranean which heretofore has been dominated by Britain.

Palestine still remains an important link in Britain's chain of imperial defenses, and the fact that London has turned the question of a Jewish national home over to the UN doesn't mean that England is prepared to relinquish the mandate. Only necessity would impel the British government to abandon such an important base.

In Hollywood—Bob Thomas

# De-Emphasis On Sex Helps Peggy

HOLLYWOOD (AP)—Peggy Cummins is doing all right these days, thanks to a de-emphasis of sex.

The hard-luck kid has bounced back from one of the toughest breaks ever handed a movie actress, and her career is going full steam.

A year ago the little Irish gal was yanked out of the lead in the multi-million-dollar "Forever Amber" after a few weeks of expensive shooting. Few careers have been able to withstand such a blow and it looked like curtains for Peggy. She dropped from sight and worry pushed her weight below 90 pounds.

Then she snapped out of it. She was cast as a Boston girl in "The Late George Apley" and her work won her the lead in "Now, Rose."

Now she appears headed for the position of one of 20th-Fox's top actresses.

The reason appears to be a toning-down of sex.

Portraying Kathleen Winsor's sexy heroine was no small chore for the bright-faced girl.

Actually, she exudes more of a pixy-like charm than sex.

She is now determined to avoid any more Amber-like roles. In her next, "The Black Rose," she masquerades as a boy for half the picture.

You Can't Scoop—This Column Dept.:

Mrs. A. M. Thompson of San Diego announces the engagement of her daughter, Patricia, to Robert Joseph Thomas. Miss Thompson will be graduated from UCLA in June; her fiancé works for the Associated Press in Hollywood.

Joe E. Brown one of the finest men the show world can boast—is celebrating his 35th year in the business and it promises to be one of his best. In June he'll leave his record run of "Harvey" in Chicago to portray a Protestant minister in "The Tender Years" for Edward Alpersen.

It will be Joe's first straight screen role and can't open a whole new career for him. He'll resume "Harvey" in Detroit in September.

# Not 'George' Anymore

ABOARD A PULLMAN CAR NEARING INDIANAPOLIS, (AP) It isn't fashionable to call Pullman porters "George" anymore.

"Used to be ninety per cent of our customers called us 'George,'" said Chester Walker, who has "made all the states" in 22 years of railroad portering, "but it happens very seldom now. We have our own namecards in the car."

Walker, a slim, dignified and kindly man of 59, was born on Lincoln's birthday in Nashville, Tenn., in 1888. He works out of Indianapolis.

Dealing with the traveling public for more than two score years hasn't soured his temperament.

"You have to be a diplomat in handling people," he said. "But I enjoy my job. Most people are nice to handle. It's very seldom you get a grouch."

Walker said that traveling salesmen are the best consistent tipsters but—surprisingly—that women tip more than men.

"The average woman doesn't know the real value of money," he smiled, "but a man works for it and knows how hard it is to get."

He said that only one out of a dozen passengers tip as much as fifty cents for an overnight journey and two give nothing at all. He figured himself that a 35-cent tip was "just about right for an overnight journey but we don't count on it."

Veteran porters make up to 85 cents an hour, work 240 hours a month, they receive no pay for the two to four hours they sleep during an overnight train trip.

Portering on a crack railway train is largely an unexciting business of making beds, shining shoes and heating the baby bottles.

Walker has never been train-sick, never been in a bad train wreck. About the only thing out of the routine he remembers are the two times he helped give first aid when his Pullman berths unexpectedly had to be used as emergency maternity wards.

"One doctor we called delivered a nice boy baby for a lady while we held the train in Grand Central station in New York," he said. "She was in a lower berth. That was luck for her. Same thing happened once going into Pocatello, Idaho. She was in a lower berth too. No, I never heard of a baby being born in an upper berth."

The lady who can accomplish that feat will win our vote for the outstanding American mother of any year—Yes, even if she is a circus midget.

trains is largely an unexciting business of making beds, shining shoes and heating the baby bottles.

This Is No Circus, Horse Decides

COOTAMUNDRA, Australia. (AP)—A cart horse which saw an elephant for the first time in this country town of southeastern New South Wales dropped dead in the main street.

The horse, tethered to a post, shuddered and collapsed as the first elephant in a circus parade passed by.

Later motorists and motorcyclists were sent out by Secretary Ted Williams of the local Diggers' Race Club to warn horse trainers of the elephants danger.

Washington Merry-Go-Round—Drew Pearson

# A Victim Of The Hope Diamond

WASHINGTON.—The death of Evelyn Walsh McLean of Hope diamond fame closes a unique chapter in the life of Washington—a chapter featured not only by poker parties and politicians, jewels and caviar, but by humanity and humility.

The latter was a side of Mrs. McLean that the public did not know about. Probably no one person in the capital did more for servicemen during the war than Mrs. McLean.

Though she went in for celebrities, Mrs. McLean had an even longer list of friends whose names meant nothing in the society columns, but who were just plain folks. They were invited to her house because she liked them.

Mrs. McLean always said that the Hope diamond brought her bad luck, yet she clung to it. Her first child was killed in a traffic accident. Her husband died in an asylum for the insane. This winter her only daughter, the wife of ex-Senator Robert Reynolds of North Carolina, died of an overdose of sleeping tablets.

Friends sometimes asked Mrs. McLean why she did not sell the Hope diamond. Her reply was that it would only bring bad luck to other people. Once she temporarily traded the diamond to Elliott Roosevelt—for a dollar.

She had met Elliott accidentally in the Kit Kat Club in New York and invited him to her table. Elliott was so critical of his father and other members of the family that Mrs. McLean, a Republican and close friend of the Warren Harding, remonstrated.

"You shouldn't talk that way about your father," she said. "After all, I don't agree with a lot of things he's done. He's conscripted wealth and so on, but personally he's a fine man."

Finally, she gave Elliott the Hope diamond, and he in return gave her a silver dollar which he carried for luck. Then, remembering the bad-luck reputation of the diamond, Elliott got almost panic-stricken and started to retrieve his dollar by force. At that point, Mrs. McLean traded back her diamond.

CHIEF JUSTICE REBUFFED  
Mrs. McLean was so crushed at the death recently of her daughter that she shut herself up for weeks. Friends worried about her long seclusion, but she refused to see them. Only the servants remained with her in the spacious, brick Georgetown house, formerly owned by Ambassador Alexander Kirk of the Kirk soap millions.

Finally, kindly Fred Vinson, whose dignified obit as chief justice have never detracted from his human qualities, decided to try to cheer Mrs. McLean. He and Mrs. Vinson walked up to the McLean front door and knocked. A butler opened the door but did not let them in.

"Mrs. McLean is not seeing anyone," he said.

"Will you tell her that the Chief Justice and Mrs. Vinson just wanted to say hello for a moment?" requested Vinson. "Won't you just please tell her that we are here?"

But the butler was adamant. The Chief Justice and Mrs. Vinson turned away from the McLean door, and the sorrowing owner of the Hope diamond remained in virtual seclusion until the end came last week.

LABOR'S CONFERENCE  
Two men representing more people than the population of Australia sit down today to negotiate peace for American labor. They are William Green of the AFL and Phil Murray of the CIO. The two men may be even more difficult than the Moscow conference.

Green's attitude on labor peace has always been snobbish. He has offered the CIO a chance to return to the AFL, but little leadership inside the AFL. This the CIO has constantly rejected.

But today the grass-roots pressure from the ranks of labor is too strong, even for "Mother" Green. Labor all over the country has been demanding that the AFL and CIO forget their differences, work together to block the Hartley Labor bill.

Originally, one wing of the AFL, led by John L. Lewis, carpenter boss Bill Hutcheson and George Meany of the plumbers, thought they could do business with the Republicans. But the GOP labor blitz has left them disillusioned. Result is that the great majority of the AFL, led by teamster's head Dan Tobin, and garment workers' David Dubinsky sincerely feel that there must be labor peace.

AFL DEMANDS  
So, at today's labor talks, Bill Green will abandon his hitherto high-and-mighty attitude. However, he'll demand certain concessions from the CIO, and this will be his program:

- 1. Purge all Communists from the CIO.
- 2. Withdraw from the World Federation of Trade Unions.
- 3. Abolish the CIO Political Action Committee.

In return Green will offer the CIO equal membership on the AFL executive board; also complete autonomy for all CIO unions in industries where the CIO has a majority of the members.

Murray will accept some but

not all of these proposals. Also, he will have some counter proposals of his own. He will remind Green that the CIO is now twice as big as the AFL, which it left eleven years ago. He will point out that much of the AFL's size and success today is due to the dynamic competition given it by the CIO. Finally, he will express fear that creating a labor monopoly and abolishing competition will stunt, rather than spur unionization.

LABOR MERRY-GO-ROUND  
Most people don't realize that today labor is big business. The unions have investments in real estate running into tens of millions. Some of them own banks, and have even loaned money to industry. . . . Biggest road-block to labor peace is John L. Lewis—the same Lewis who led the CIO revolt out of the AFL. If the CIO comes back, his chance to become head of the AFL is diminished. . . . Lewis' technique will be to split the CIO, then try to pull certain CIO unions, friendly to him, into the AFL. . . . Murray, a canny Scotsman, is well aware of the Lewis tactics. He studied under Lewis' Welsh brawn for 25 years.

Prediction—Murray will propose that, as a test of AFL good faith, it cooperate with the CIO in a united front against the Hartley bill. If the CIO and AFL can't cooperate against the toughest labor bill in twenty years, Murray will argue, then there is no use talking about labor peace.

CAPITOL CHAFF  
Harold Young, Henry Wallace's rotund political adviser, who has been upset over the black eye his boss got in Europe, says that liberalism is dead. Dripping past the beautiful new Jefferson memorial recently, Young noticed a rope around Jefferson's neck. "My God!" he exclaimed. "They're even lynching Jefferson."

(A new bronze statue of Jefferson was being placed in the memorial) . . . Creekmore Fath, assistant director of the Democratic National Committee, has married a granddaughter of John Hay, Lincoln's secretary. . . . Secretary of Commerce W. Averell Harriman is being eyed by White House insiders as a possible running mate for Truman in '48. . . . The telephone strike delayed the transfer of Secretary of State Marshall's office out of the old State Department building. Finally, telephone men agreed to install one new phone for the secretary of state himself. (Copyright, 1947, The Bell Syndicate, Inc.)

TEXAS TODAY—Jack Rutledge  
Cowboys used to be content to swing a rope, but down in the Lower Rio Grande Valley they swing polo mallets now.

It's a lot of fun, the cowboys say, and it's good publicity for the Valley.

The Valley has all the citrus and cabbage it can use," says Charles M. Kindley of Harlingen. "What we need now is a year-round drawing card, like Polo."

Bill Freeman of the San Antonio Evening News says it's a fast growing sport. Horsemen get together and talk about their animals, and they enjoy playing polo.

Ten years ago polo was popular in the area. Fort Brown, now abandoned as an Army center, had a top ranking team, Col. 'Jingle' Wilson was one of the best players ever to straddle a pony.

Kindley, superintendent of street repairs at Harlingen, hopes that polo will develop other similar sports, such as riding and sulky driving.

Before he came to the Valley 13 years ago, Kindley managed and coached polo teams at Tulsa, Okla., and Wichita, Kas., and managed a tournament team at Augusta, Ga.

He persuaded a group of Valley stockmen and riders to participate in Sunday games near Harlingen, to get the ball rolling.

Their novices showed up for the first game wearing broad Stetsons, cowboy boots and riding in stock saddles.

They swung at the air that first day, but with coaching by Kindley and William Sothoff of Long Island, N. Y., a winter visitor, they soon began to show improvement.

Some are even switching to the regulation flat saddle, which is a real concession for a cowboy to make.

"We want a low-goal setup that will interest sportsmen who

# International Welsh

LLANGOLLEN, Wales (AP)—American visitors to Llangollen this summer will hear a polylingual medley of voices when Italian and Dutch choirs chant in Welsh. The first International Musical Eisteddfod ever held in Llangollen may sound more like Greek to them. Many European and several American choirs have already signed-up for this traditional competitive gathering of poets and minstrels.

# Local Draft Board Packs Away Files Of 6,000 Men

Selective Service records of more than 6,000 Howard county men will be consigned to memory on May 7 when the local board's office will be closed.

The "draft law" as it was commonly known, expired at midnight on March 31, but the voluminous files and records that accumulated during a six and a half year period still are being packed and assorted. Only recorded in the files is Howard county's contribution of man-power to World War II.

Records of the local board show a total of 6,169 registrants, of which 5,906 were whites and 263 Negroes. The board had recorded 1,977 discharges when the selective service law expired. Add to this figure 652 men who still are maintaining inactive reserve status, approximately 60 who were killed or died in the service, several others who remain on active duty and about 2,800 men are accounted for.

Although business was never dull at the draft board, the last year and a half of its official existence was a veritable "picnic" compared to the first five years. The selective service influence made impressions on those it touched, that could not be immediately erased by the mere expiration of a law. For example, the local board has received several requests for "draft cards" since March 31. Such requests remind workers at the board of five or six years ago, when it was necessary to issue repeated reminders to male citizens that they were required to carry classification cards on their person. But now they learn that a six and a half year habit is not easily broken.

The selective service law affected several other local persons in addition to the registrants and their families, however. The people who composed the board and the office personnel found themselves enmeshed in the county's war history also.

George White holds the record of longest service on the board and he also has the distinction of serving continuously as chairman of that group. Other members of the original board were H. C. Hooser and Bruce Frazier. Frazier served only a short time on the board before resigning to take over the duties of chief clerk at the board office. He was replaced on the board by T. C. Thomas.

Hooser resigned in Jan. of 1944, and he was succeeded by L. D. Thompson. The last change on the board was occasioned by Thompson's resignation in March of 1946, at which time T. A. Thigpen became a member. White, Thomas and Thigpen were serving when the law expired.

The ink was scarcely dry on the president's signature of the selective service law before the board's troubles began. From the first "draft call" they were confronted with the multiple responsibilities attached to making quotas, establishing classifications of registrants and a host of other worries, many of which subjected them to the wrath of unhappy registrants and their relatives.

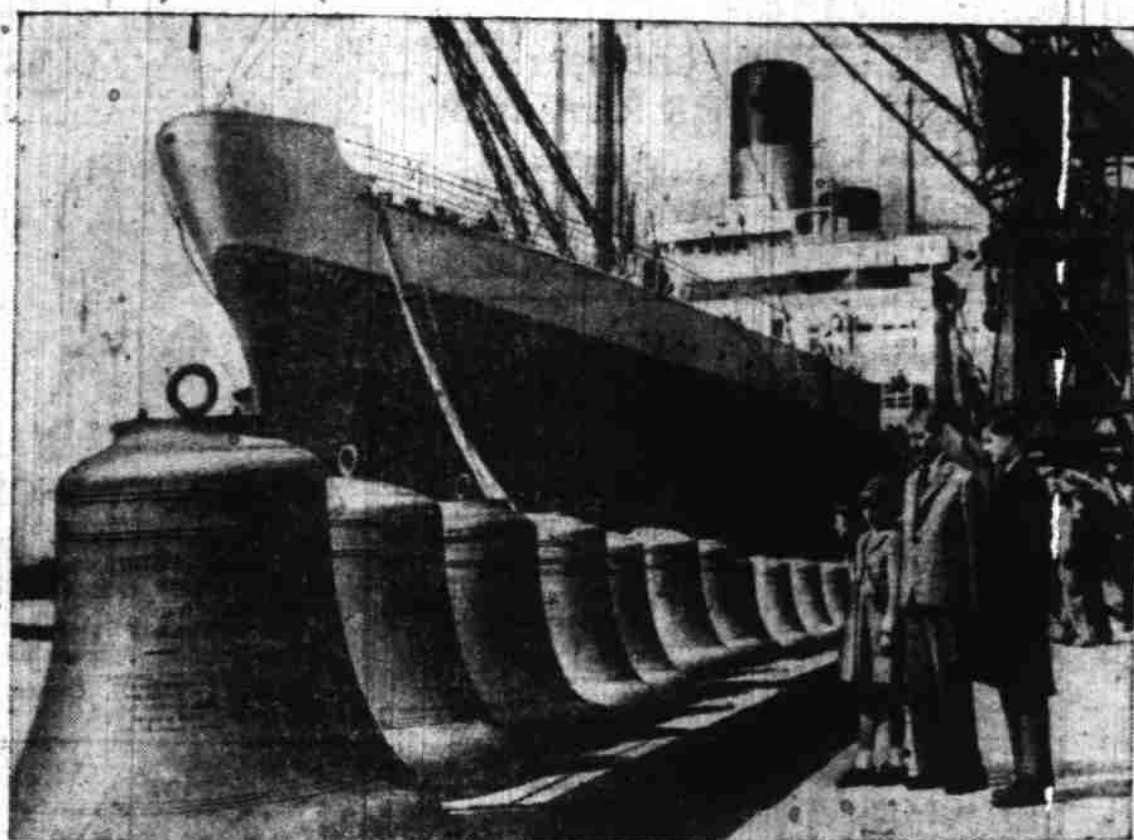

Many tasks also fell to the office staff. At one time, four full-time workers were employed at the office and extra help was called

in frequently during the first five years. Mrs. Weaver Brown took over the duties of clerk at the office in June of 1942 when Frazier resigned that position. Mrs. Brown then served continuously in that capacity and she is now completing the task of assorting records in preparation for the office's final closing.

## Seymour Stores Closed For 'Fish' Holiday

SEYMOUR, May 1. (AP)—Seymour business places were closed today for the observance of "Fish" holiday.

The observance of the holiday, only known one of its kind, started almost 20 years ago when May 1 was the opening of the fishing season. The custom has been continued even though the closed fishing season has been removed.

**CARILLON FOR GIFT**—This carillon, comprising 36 bells, made in England, was given to the First Presbyterian Church of Stamford, Conn., by a Swiss industrialist grateful for the hospitality of Stamford residents toward Swiss evacuated during the war.

## Texoma 'Gold Rush' For Fish Started

DENISON, May 1. (AP)—Last midnight was zero hour in the Lake Texoma "Gold Rush" for the prize-tagged fish in the \$50,000 Lake Texoma Fish Rodeo.

Today fishermen at the Denison station were awaiting the first fish which, whether granddaddy bass or lowly bream, will net the proud fisherman nearly \$1,000 in prizes.

## Cool Headed Pilot Spot Hot House

FULTON, Mo. (AP)—Mr. and Mrs. Russell Harris are grateful to the pilot of two airplanes for saving their farm house. The planes circled the house and had to drop down almost to the level of the second story windows before the Harris family was attracted into the yard. It was then the family discovered the roof was on fire. A quickly formed bucket brigade brought it under control.

## Now She Shops "Cash and Carry"

Without Painful Backache

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys.

The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

- \* Swinging mixing faucet... push button spray faucet.

Enjoy the finest and be MONEY AHEAD. Visit our display.

**BIG SPRING HARDWARE CO.**  
117-19 MAIN STREET BIG SPRING TEXAS

Drive a railroad spike with a tack hammer!

Sure it's a tough job and one you'd hate to tackle. But the railroads have a job that's just about as tough.

"What's that got to do with me? The railroad problem is not my problem," you say.

At first glance that's the way it appears... but let's look a little closer.

Where was the food grown or processed that you had for breakfast? It probably came from many different parts of the nation... by train.

What about that suit or dress you have on? Chances are it was made hundreds of miles away and was shipped to your town... by train.

What about your job or your business? The work you do, or the products or the services you sell are dependent, in some way, upon transportation... by train.

Maybe you are a farmer, a white-collar worker or a banker... it makes no difference who you are or what you do... your day-to-day living is intimately related to transportation... by train.

So whatever affects the railroads *does* affect you... and their problems are *related* to you.

One of the tough problems confronting the railroads today is that of making financial ends meet. Day-to-day "living ex-

penses" haven't left much "take home" pay for the railroads... and if there isn't something left after all the bills are paid, the railroads can't provide the improved freight and passenger services you demand and are entitled to.

The railroads need... and badly... an increase in their "take home" pay. The Supreme Court has said in a case involving regulated utilities that 6 per cent is a fair return, but during the past twenty-five years the average return for the railroads has amounted to only about 3 1/4 per cent.

1947 is expected to be one of the railroads' biggest peacetime years in volume of traffic, but the rate of return... the "take home" pay... is expected to be about 3 per cent or one half of what it should be.

If the railroads are to continue their program of improvements... they must have a sufficient return to maintain their credit and to attract capital.

That means a rate of return which will average for the railroads as a whole, not less than 6 per cent on what is invested in the properties.

All in all, no better investment can be made in the future of agriculture, industry and commerce than rail earnings which will make it possible for the railroads to provide modern and efficient service.

In the long run, what the railroads earn... what that "take home" pay amounts to... will have its effect upon your life, and the life of every American.

**Forger Confides, Sheriff Confines**

POPLAR BLUFF, Mo. (AP)—A hot check artist tried to cash a check for \$22 but was refused by a suspicious store clerk who summoned the sheriff after the man departed.

The suspect was standing on a street corner a few minutes later when a stranger accosted him.

"Did you finally get your check cashed?" the stranger asked.

"Yes, right down there at that store," the man answered. "Who are you?"

"I'm Bill Brent, the sheriff," said the stranger, leading him off to jail.

**New Cuban Cabinet Named In Shakeup**

HAVANA, Cuba, May 1. (AP)—Cuba had a new cabinet today, but some political observers expressed the opinion that it was only a stop-gap group and would be replaced once the current threat to President Ramon Grau San Martin's government had passed.

The cabinet of Prime Minister Carlos Prío Socarrés resigned yesterday, and last night the president appointed a new one made up of the erstwhile under secre-

**AT EDISON DINNER**—Shows at a Thomas Alva Edison Foundation dinner at the Waldorf-Astoria in New York are (left to right) Harvey S. Firestone, Jr., rubber executive; Charles F. Kettering, automotive official; and Charles Edison, son of the inventor.

aries of the old ministers.

The shift came a few days after a petition of non-confidence in the government was presented by 29 senators—more than enough to insure passage.

**Stalin, Bevin Agree To Resume Talks**

LONDON, May 1. (AP)—A government source said today Prime Minister Stalin and British Foreign Secretary Ernest Bevin had agreed at their Moscow meeting to resume talks between Russia and Great Britain on a revision of the Anglo-Soviet friendship treaty.

The informant, who may not be identified by name, said Stalin also expressed hope that Russia would have a wheat surplus after the next could get some if needed, probably at a lower price than from the United States or Canada.

**Rankin Sextet Joins 6-Man Grid Circuit**

Rankin (Upton county) has been admitted to the District 7 six-man football league, which will begin operations Sept. 19 and continue through Nov. 14.

Knott, a member of the circuit in 1946, has been moved into another conference.

Two Howard county schools—Coahoma and Forsan—hold membership in the district. Water Valley won the championship in 1946, Coahoma in '45.

**Human Fly, Eight, Tries Wrong Window**

SPRINGFIELD, Mo. (AP)—Deputy Sheriff Troy Garrison stared in amazement at an 8-year-old boy who walked through an open window into his second floor courthouse, the lad explained.

"I just been walking around the courthouse," the lad explained.

Garrison's investigation disclosed the boy's "walkaway" was a six-inch ledge around the building just below the second-story windows. The lad spent half an hour in the juvenile jail "jut to frighten him a little."

From where I sit... by Joe Marsh

**We Got to the Fish Fry After All**

That community fish fry was sure a great success. There were plenty of appetizing extras, and WH Dudley did a right wonderful job of frying the fish—soft and flaky inside—brown and crisp around the edges.

But we didn't get to go. The mascot was tired after working in the yard, and we just didn't want to leave her.

Then how did we know the fish was so good? Because the folks didn't forget us. They sent Skippy Henderson over with two steam-

ing covered plates of fish, and a pitcher of cool, sparkling beer. And we finished them off in front of our own fire.

From where I sit, that's one of the things that makes our town so nice a place to live in: a spirit of share and share alike. That plate of fish and glass of beer weren't just great eating, they were symbols of the thoughtfulness that makes for better living!

Joe Marsh

**Amish Group To Seek Freedom By Migration**

BERNE, Ind. (UP)—Twelve to 15 families are preparing to leave the land on which they were born and the farms on which they grew up for Tennessee, where they will not have to send their children to high schools.

Some 80 people, members of the Amish Reformed church of north of Berne, will move to Tennessee, where they have been granted freedom of religion and the right to have their own parochial school.

Enoch P. Habegger, one of the leaders of the congregation, and David J. Graber serve the church as pastors and will lead the mass exodus to a farm land about 75 miles south of Nashville, Tenn.

Members of the Amish Reformed church—a branch of other Amish—do not believe in sending their children to high school and some leaders are opposed to attendance at grade schools also. They believe that their youngsters will be led astray if they associate with "worldly" children.

A few months ago, two families, members of the sect, moved to Michigan rather than send a youth to high school to comply with a state law which says children must remain in school until they are 16.

The Amish Reformed church members are not to be confused with the Old Order Amish. Members of the emigrating sect drive automobiles and have all the modern conveniences in their homes. They buy their clothes in stores, although they are all in plain colors.

However, they lead a simple life and do not believe in associating with "the world."

Most of the members of the group are farmers, but a few have

**GARNER DISOWNS CHEWING GUM**

UVALDE, May 1. (AP)—John Nance Garner says those wads of chewing gum found under the Senate President's desk are not hold-overs from his days as vice president of the United States.

Senator Vandenberg (R-Mich) told Senator Flanders (R-Vt.) who explored the desk's under-surface and found the gum while presiding Tuesday, that "they belong to 'Cactus' Jack Garner."

"I never chewed gum," Garner told a reporter. "There's no friend and President P. of the Senate Vandenberg trying to put off on me the results of his luxurious chewing."

**Jurist, Writers To Air Views At Town Meeting**

A noted jurist and trio of writers on international affairs will air their views on the question recently facing the Moscow Conference, "What Should We Do About Germany Now?" when America's Town Meeting is aired over KBST tonight at 7:30.

Members of the forum panel, whose discussion will be moderated by George V. Denny, Jr., president of Town Hall, are Thurman Arnold, associate justice of the US Court of Appeals and former Attorney General of the United States; William L. Shirer, author, columnist and radio commentator; Rebecca West, British novelist and New Yorker correspondent at the Nuremberg trials; and Louis Lochner, author and member of the recent Hoover Mission to Germany.

**Coahoma Victor At Volley Ball**

FORSAN, May 1. — Coahoma won the senior girls' volleyball championship of District 21B by turning back Garden City in the finals, 28-20, here Tuesday.

Coahoma had attained the final round by thrashing Courtney, 37-14, while Garden City was disposing of Forsan, 31-24.

Coahoma won the only first round game, trouncing Sterling City, 55-18.

Honors in grammar school girls' play went to Garden City. The Bearkats hopped on Sterling City, 43-38, after earlier trimming Coahoma, 42-32.

**Continental Shifts Flight Schedules**

Continental Air Lines today announced minor schedule changes which are in effect with Thursday flights.

The northbound flight will depart at 10:49 a. m. instead of 10:26 a. m. as previously, and the southbound flight leaves at 7:56 p. m. instead of 8:05 p. m. Perhaps the most significant development is that the southbound flight makes connections at San Antonio that immediate flight may be had to Austin on a two hours and 35 minute table from Big Spring.

**SEEKS THIRD 10AA WIN FRIDAY**—The Big Spring high school baseball Steers, pictured above, invade Sweetwater Friday in search of their third conference win of the campaign. They've won two, lost three in tilts played to date. Left to right, top row, they are Don Smith, Marv Wright, Don Lester, Harry Weeg, Donnie Carter, Bo Anderson, Lloyd Spikes and Gene Shannon. Middle row, Amos Jones, Don Reeves, Harold Berry, The Robb, Billy Hammock, R. F. Doe, and James Boatman. Front row, left to right, Ray Walker, Ed Kohanek, Horace Rankin, Pete Fuglar, D. A. Miller and Farrol Barker. (Photo by Jack M. Haynes).

## Fair Of Texas League Games Go Overtime

Oklahoma City and San Antonio were forced into extra innings to win their games last night as the Texas League matched fine pitching against timely hitting.

A tenth inning home run gave Oklahoma City's Indians a 4-3 victory over the Shreveport Sports. A single in the tenth enabled San Antonio's Missions to beat the Dallas Rebels, 6-5. Two runs in the ninth gave Tulsa's Oilers a 6-4 victory over the Beaumont Exporters. The Houston Buffs downed the Fort Worth Cats, 4-2, in an eight-inning game, called to allow Fort Worth to catch a train.

Harry Schimmel, substitute Oklahoma City center fielder, broke up the game with Shreveport with his round-tripper in the tenth. A home run by the Indians' Joe Frasier in the eighth with a man on base had tied the game.

The victory boosted Oklahoma City from fourth to third place and ended Shreveport's six-game winning streak.

# Capacity Crowd Due To See Bronc-Sport Battle Today

## Locals Sweep Feline Series

BALLINGER, May 1. — Big Spring's Broncs swept a short series from the Ballinger Cats before some 600 fans here Wednesday night by winning a 10-3 decision behind the effective hurling of Jose Traspuerto.

Traspuerto, making his first

## BIG SPRING DAILY HERALD

Thursday, May 1, 1947

## LOOKING 'EM OVER

Not the crackerbox that it seems at first glance is the Big Spring baseball park, where today the resident Broncs are opening their home campaign against the Sweetwater Sports.

The fact is, the distance of the fences compares favorably with most of the big league orchards.

When the measuring rod was finally put down on the foul lines Wednesday, it was discovered the distance down the right field foul line to the wall is 302 feet, 6 inches, while the left field barrier extends 368 feet, 6 inches from the dish.

Compare that to the measurements in the Yankee Stadium, New York: Left field, 301 feet; center, 461; right, 296. Johnny Mize, the National League's current home run leader, aims his drives at a 257-foot, 8 inch wall in the Polo Grounds.

The Pittsburgh right field upright runs exactly 300 feet from the dish while the one in Ebbetts Field, Brooklyn, comes to an abrupt halt only 297 feet from the platter.

Here, the left hand ed sockers will usually be cobatting a south breeze, which means they get power as well as altitude into their wallpops.

## Baez Is Slated For Hill Chores

Riding high on the wings of a five-game winning skein, the Big Spring baseball Broncs return home today to open a seven-day home stay in a 4:30 o'clock bout with the Sweetwater Sports at the high school stadium.

The State street plant hasn't been completed but Contractor Arlie Suggs has given the 'go-ahead' signal to the local management to play afternoon games there. His workmen will take recess only during game time.

The Hosses, according to present plans, will play day contests today, Friday, Saturday, Sunday and Monday. The lighting system might be ready in time for the final two games of the current home stay—Tuesday and Wednesday.

Sweetwater meets the Hosses again Friday, then the Odessa Oilers move into town for a two game series starting Saturday. Vernon's Dusters will be in town Monday through Wednesday.

Humberto Baez, tiny righthander who beat Midland, 9-1, his first time out, gets the starting call in today's bout.

A capacity crowd of something like 1800 fans is due to turn out this afternoon.

Professional baseball comes to Big Spring for the third time with today's game. The sport was first introduced here in the late '20s, came back in 1938. It died a sudden death here in 1942 due to the war and the dearth of players.

The Big Springers are also doing business in their third professional league. The '20s saw them in the West Texas league along with Ballinger, San Angelo, Coleman, Abilene and Sweetwater.

The village was admitted to the West Texas-New Mexico league in 1938, at which time it assumed the franchise of the Wink team. Other members at the time were Lamesa, Clovis, Abilene, Lubbock, Midland, Amarillo and Odessa.

The Class D Longhorn league was organized late last year with six members—Big Spring, Sweetwater, Midland, Odessa, Ballinger and Vernon.

Big Spring was originally supposed to open here Wednesday, April 23, but the game was shifted to Midland because the stadium was only partly completed.

CLAUDE McADEN  
Club Prexy

already has enrolled more than 120 youngsters in the organization.

Langston and McAden intend to get the same thing started here as soon as they can find the time. The gang will have a special section at the park. Boys from 8 to 15 years of age will be eligible for membership.

The local brass trust believe working with such groups is the best way to make future fans.

Dopey Crow, the Stanton product who played mubball here several times last season, is pitching in the Midland city league this year.

## Lasses To Play In San Angelo

The Big Spring girls' softball team, sponsored by a group of local business men, are tentatively booked to play San Angelo's Red Chicks in Angelo.

Leon Bredemeyer, coach of the local contingent, has been drilling his charges three times weeks for the past several weeks.

A return game between the two contingents will probably be played here later in the season.

## Failure Of Star Southpaws To Go Route Puzzles Baseball World

(NY)—One of the enigmas of the young baseball campaign has been the poor pitching form displayed by Hal Newhouser and Howie Pollet, the premier southpaws of the major leagues.

Newhouser, Detroit's star hurler, who is generally rated as the best lefthander in the American league since Bob Grove, has lost his last three starts after opening the season for the Tigers with an auspicious shutout against the St. Louis Browns.

Pollet, the stylish St. Louis Cardinals twirler, who led all National league pitchers in games won and earned runs last year, in each of his three starts this season, has been battered out of the box and charged with the defeat.

Yesterday was the third straight time that Newhouser failed to go the route as the Boston Red Sox finished him off in the ninth inning to whip the Tigers. Mel Parnell, rookie southpaw ended the Red Sox four-game losing streak by holding the Bengals to four hits in registering his initial major league victory.

The skidding Cards took their seventh successive defeat, a 4-3 loss to the New York Giants at the Polo Grounds. The situation is so serious in St. Louis that President Sam Breaden announced he was flying to New York to see for himself just what is wrong with the world champions.

The Cards led until two out in the ninth yesterday, mainly because of home runs by Al (Red) Schependient and Stan Musial. The eighth-place Redbirds are now six full games behind the Brooklyn Dodgers.

The Chicago Cubs, behind the four-hit winning streak 3-1. The defeat was Brooklyn's first in nine starts at Ebbetts field and narrowed its first place lead over the Cubs and Pittsburgh Pirates to one game. The Dodgers' Jackie Robinson went hitless four times at bat, stretching his hitless streak to 20. The Pirates had three big innings, a four run fifth and three run eighth and ninth innings to

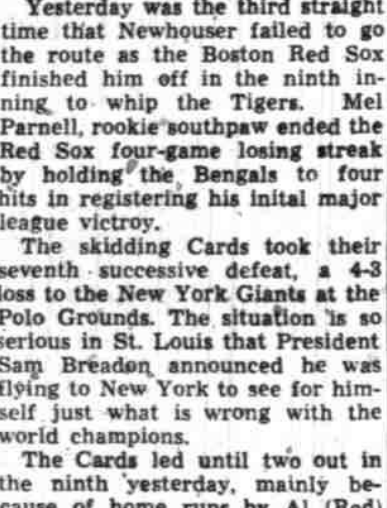

swamp the Phils in Philadelphia 11-4.

The Braves, behind Johnny Sain, topped the Cincinnati Reds in Boston 10-3. Sain fanned 10 batters and was helped by Bob Elliott, who got three hits and Earl Torgerson, who powered a homer and triple.

The New York Yankees' western invasion started in reverse as the Browns licked them 15-5 in St. Louis. Jeff Heath and Vern Stephens hit home runs.

The Chicago White Sox climbed into first place in the American league past the Yankees by defeating the Washington Senators 5-2 at Comiskey Park. Bob Kennedy helped Johnny Regney rack up his second win by punching out two doubles and driving in three runs.

The Philadelphia Athletics and Indians in Cleveland were rained out.

Vern Stephens tional league pitchers in games won and earned runs last year, in each of his three starts this season, has been battered out of the box and charged with the defeat.

## J'Pilot, Others Gather Support At Louisville

LOUISVILLE, Ky., May 1. (AP) The best-of-the-Derby favorite cheering the chowder society wound up its annual hair-pulling contest today in a photo finish between Riskolater, a stretch-runner who has made a career out of chasing one horse, and Bullet Proof, who is so small they'll have to hang a light on him so he'll be seen Saturday.

This society meets every May day, just about the time Derbytown gets filled up like a lot of large sardines in a small can.

With Phalanx and Faultless the reward-boys this time, and Star Reward and On Trust hot far off, the hair-pulling left a lot of newly-bald heads on the premises. There was loud support for what is Jet Pilot, the booming front-runner, and Liberty Road, a practically unheard-of galloper from Virginia, by way of New York, who is such a dark horse in Saturday's 73rd run for the roses they're calling him Coal-Mine Cal around here.

But when all the scalping was finished this time, Riskolater and Bullet Proof had the floor all to themselves for a wait. They're the young fellows oved most likely to be a rabbit instead of a horse, if a rabbit pops out of a hat when the field of 12 or 13 gets around to the paying teller's window Saturday.

## Lubbock Swamps Clovis, 28-2

Lubbock's Hubbers, rolling along unbeaten in eight games, have equaled the West Texas-New Mexico League record for victories at the start of the season.

Last night the Hubbers crushed Clovis 28-2, pounding the cellar-dwellers for 19 hits as the New Mexico club used seven pitchers attempting to stem the tide.

Lefty Lonergan pitched a six-hitter, struck out 14 and blasted a home run as Amarillo crushed Abilene's Blue Sox 16-1 to remain in second place.

In other games Borger edged Lamesa 10-9 when Leon Cato stole home in the eighth inning with the winning run and Albuquerque licked Pampa 7-6 with a two-run ninth inning rally.

## City Cage Meet Is Scheduled

Ward school basketball teams will compete in a city-wide basketball tournament May 8, 9 or 10. Coach Pat Murphy announced Wednesday.

Teams will be picked by grades and championships will be decided in each class, Murphy said.

Basketball goals have been placed on playgrounds of several of the schools, giving all the youngsters a chance to practice.

## Duck Season May Be Cut Sharply

CHICAGO, May 1. (AP)—A dry summer may result in sharp curtailment of the 1947 fall duck-hunting season.

Conservation authorities of the north central area agreed yesterday at the first of a series of regional conferences sponsored by the US Fish and Wildlife Service that an unfavorable duck-breeding season this year will make stringent measures necessary to protect a depleted duck population.

### Jim Minnick, Will Rogers' Friend, Dies

CROWELL, Tex., May 1. (AP)—Jim H. Minnick, 66, rancher who introduced Will Rogers to the world, cow ponies to international polo and dude ranching to Texas, died at his home near here yesterday.

Minnick and the late Will Rogers were close friends from the time they met as cowboy contestants at the St. Louis world's fair in 1904. A year later while assisting Colonel Zack Miller in putting on the first rodeo at Madison Square Garden, New York, Rogers got his first

stage contract and Minnick introduced the act for a week by riding his horse on the stage.

Minnick, who was a crack polo player at the turn of the century, shipped a train load of Texas cow ponies east in 1905 to try them out on polo fields. Several of them became well-known polo horses.

In the summer of 1905 Minnick got the idea of dude ranching and invited guests from Oklahoma and New York to spend a vacation on his ranch.

One guest, Miss Della Holthausen of New York, broke a shoulder and had to stay longer than she intended. Two years later they were married in New York and returned to Texas.

Mrs. Minnick, a son, Jim Minnick, Jr., a polo player, and five daughters survive.

A kind of flour is made from cottonseed.

### Whopping Education Fund Passes House

AUSTIN, May 1. (AP)—Turning a deaf ear on Gov. Beauford H. Jester's suggestion to trim appropriations, the House yesterday approved a \$56,797,101 appropriation measure for higher education in Texas the next two years.

This is \$10,000,000 more than the governor recommended for the state-supported colleges and universities.

It is approximately \$30,000,000 more than the previous legislature allotted for the present biennium. The vote by which the House sent the bill to the Senate was decisive, 121 to 1, and came after only ten minutes discussion.

There were other indications that the legislature may continue to ignore Jester's economy policy of paring down or omitting money bills.

In the Upper House, Sen. G. C. Morris and Sen. A. M. Alton, Jr., told the finance committee that Texas would get no more farm to market roads unless the legislature either hiked the state gasoline tax or passed an appropriation bill for the Highway Department.

They offered a bill to give the Highway Department \$15,000,000 a year for the next two years to construct rural roads.

Morris said they introduced the bill because "it has become more apparent as we hear the end of this legislative session that nothing is being done to obtain funds for new farm to market roads."

"If we want more farm to market roads we'll get them either by this means or by more taxes," Morris told the committee.

In the face of attempts in both houses during the past two days to pass resolutions setting May 13 as the date for final adjournment, a resolution was being circulated in the House seeking to forestall an attempt to adjourn until all major appropriation bills have been passed and approved by the governor.

Rep. Marvin Fertsch, author of the resolution, said he hoped to get 100 signatures before introducing the proposal on the House floor.

Fertsch also was trying to determine which of three proposed policies the House would prefer to follow with regard to appropriating money to carry on the state's business during the next biennium, Sept. 1, 1947 to Aug. 31, 1949.

He asked members to check the policy which they liked best of the following three:

1. To pass legislation appropriating funds as deemed necessary and then to pass a tax bill to pay for appropriations in excess of present or anticipated revenue.
2. Strict economy, cutting all appropriation bills and proposed new functions, including farm to market roads, to a point where the

House will believe there is no need for a new tax bill.

3. To pass these appropriations deemed necessary by the House by a four-fifths vote. This would place the state in the position of spending more money than is coming into the treasury—so-called deficit spending. Under present law, such spending may be authorized by a four-fifths vote of both houses.

Fertsch who has supported the demand for new taxes, said he would offer a resolution calling for the House to follow whichever of the three policies is preferred by the most members.

The huge appropriation bill for higher education was submitted to the House by Rep. Wodrow Bean of El Paso, chairman of the appropriations subcommittee which wrote the bill. He asked for quick passage in order to give it to the Senate and then to a conference committee to work out any differences between the House and Senate.

The bill makes the following annual allocations:

The Texas A&M College, \$5,388,948;

### Singapore Rickshas Banned By Council

SINGAPORE, May 1. (AP)—Rickshas disappeared from Singapore streets today as a municipal council ban against the human-drawn vehicles took effect.

The council voted the ban several months ago because it considered the ricksha puller's trade "degrading."

The rickshas are being replaced by bicycles with passenger sidecar.

**Fish Bait Sales Beat Teaching**

MURRAY, Ky. (AP)—Mrs. James Overby, president of the Calloway County Homemakers Club, says she made more money selling fish bait last year than she was paid as a school teacher in the past.

Mrs. Overby ventured into marketing business two years ago, selling watermelons. Last year she added fishing bait and rabbits. With part of her profits she purchased a deep freeze unit and plans to sell frozen rabbit meat this year.

There are about 12 million bicycles in the United States.

Film actress GALE STORM, star of "It Happened on Fifth Avenue," an Allied Artists release, is telling America's radio audience about TEXSUN.

"...for a pickup, there's nothing better than **TEXSUN grapefruit juice!**"

You, too, will know a good thing when you taste TEXSUN. The natural flavor from superior Rio Grande Valley grapefruit, is sealed in each can of TEXSUN. Rich in vitamin value... you'll delight in every healthful drop... ask your grocer for extra flavored TEXSUN.

**Pickles In Peppy Dishes Add Spice To Your Meal**

By CHARLOTTE ADAMS

A bit of pickle here and there—with other foods, or cooked in with them—can add a lot of pep to any spring dish. Below are some supper dishes to help persuade you of the truth of that thesis.

**Corn, Ham and Pickle Pancakes**  
1-2 cups flour  
3-4 teaspoon baking powder  
3-4 teaspoon salt  
3 tablespoons sugar  
1 egg, well beaten  
1-4 cups milk  
3 tablespoons melted butter or margarine  
1 cup canned or cooked corn  
3 3-ounce cans deviled ham (1 cup)

1-3 cup sweet pickle relish  
Hot applesauce  
Sift flour, Measure. Add baking powder, salt and sugar and sift again. Combine egg, milk, butter or margarine and corn slowly, mixing until smooth. Do not beat. Cook on a griddle or frying pan. (Makes about 16-20 pancakes.) Combine deviled ham and pickle relish. Spread between pancakes and stack. Serve with hot applesauce over top.

If desired, spread pancakes with the ham-pickle mixture, roll them up and top with hot applesauce.

There's nothing more suitable for spring meals than lamb. Here's a delightful way to use a left-over supply of that meat, it's beautifully flavored. Dill and lamb have an affinity, did you know?

**Lamb Souffle**  
3 tablespoons butter or margarine  
1-4 cup flour  
3-4 teaspoon salt  
1-8 teaspoon pepper  
1 cup milk  
1 cup ground cooked lamb  
3 eggs, separated

1-4 cup chopped dill pickle  
Melt butter or margarine in a saucepan over low heat. Add flour, salt and pepper and stir until blended. Remove from heat. Gradually stir in milk and return to heat. Cook, stirring constantly, until thick and smooth. Cool. Add lamb, beaten egg yolks and pickle and mix well.

Fold in stiffly beaten egg whites. Turn into greased casserole, filling it two-thirds full. Bake in a 325 degree oven 50 minutes or until a silver knife inserted into the center comes out clean. Serve at once.

The following whole-meal casserole can be prepared in the morning. It needs only to be piped into a pre-heated oven 30 minutes before supper time. With

it serve a good crisp green salad with French dressing.

**Cheese Baker**  
1 quart diced potatoes  
3 tablespoons butter or margarine  
3 tablespoons flour  
3-4 teaspoon salt  
1-8 teaspoon pepper  
1-2 cups milk  
1-2 teaspoon Worcestershire sauce  
1-1-2 cups shredded sharp cheese  
1-3 cup chopped dill pickle

Cook potatoes in boiling salted water to cover until almost tender. Drain. Meanwhile melt butter or margarine over low heat. Add flour, salt and pepper and stir until blended. Remove from heat. Gradually stir in milk. Return to heat and cook, stirring constantly, until thick and smooth. Add Worcestershire sauce, cheese, and pickles and stir until cheese melts. Add potatoes and mix gently. Pour into greased casserole. Bake in a 350 degree oven 30 minutes.

## Treat Your Toddler To A Delightful Tea Party

By CHARLOTTE ADAMS  
Associated Press Food Editor

Is there a toddler in your house? If so it's likely that you couldn't offer him a greater treat than that of having "tea" with Mummy. And it's a nice time for both of you to relax a bit from the rigors of a day with a baby, which can be fun, but wearing.

Make real tea for yourself, of course. Baby's can be the cambric variety most of us had when we were little. Or it can just be plain milk—but served in a tea-cup, please, to be really fun. (A non-breakable one, if you're afraid of your china.)

Some food goes with any really proper tea, and for this particular

one it must be something that's good for the baby and tasty for you. Since there is a baby in the house, there probably are several partly used jars of baby food in the refrigerator—and perhaps an opened package of cereal on the shelf. Here are a few suggestions for how to use them in tea-party food.

**Sandwich Fillings**  
Make blended beef: 1-2 package (3 ounces) cream cheese and 2 tablespoons butter or fortified margarine. Add any of the following to make a variety of fillings: One—

- 1 tablespoon strained carrots
- 1 tablespoon chopped apples
- Few drops orange or lemon juice, to taste.

Two—  
Strained apricots with farina—1 to 2 tablespoons—sufficient to make mixture spread.

Three—  
Strained vegetables or fruits (such as peas or pears), 1 to 2 tablespoons—sufficient to make mixture spread.

Spread between thin slices of white or whole wheat bread. Use fancy cutters for baby's sandwiches, such as a bird or a bunny. Or spread on zwieback, graham crackers or melba toast.

**Baby Cereal Margarons**  
(Top with nuts for grownups)  
3 hard-cooked egg whites  
1-3 cup baby's cereal  
3 tablespoons milk  
1-2 cup butter or fortified margarine

- 1-3 cup sugar
- 1 whole egg, not cooked
- 1-2 cup cake flour
- 1 teaspoon baking powder
- 1-4 teaspoon salt
- 1-4 teaspoon cinnamon

Heat the hard-cooked egg whites gently over steaming hot water if they have been stored in the refrigerator and have become cold and stiff. Break up, then rub through a very fine wire strainer. Add the baby cereal and mix. Add milk and mix well. Set aside while butter or margarine is creamed with sugar until fluffy. Add egg, whole, and beat well. Add the egg-white-cereal mixture. Mix well. Sift together the dry ingredients and add to first mix. Drop from teaspoon on well-greased sheet of brown wrapping paper, placed on cookie sheet. Top each with half a nut (for adults). Bake in 375 degree oven until the edges are browned and the cookies baked through. These will not brown over the top.

**Cereal Helmitis**  
1-3 cup butter or fortified margarine  
1-4 cup sugar  
1-4 cup molasses  
1 whole egg  
1 tablespoon strained baby fruit

- 1-4 cup raisins
- 1-4 cup flour
- 2 teaspoons baking powder

## Larger Tries To Get Railroad Credit Card

ST. LOUIS, (AP)—Donald V. Fraser, president of the Missouri-Kansas-Texas railroad, was looking over credit reports on thousands of applications which he poured into his office for travel-credit cards.

He was pleased with the lot—except this one: "This man is presently an inmate of San Quentin prison, serving sentence on charges of forging and passing worthless checks."

1-8 teaspoon salt  
1 to 1-4 cups baby cereal  
Cream butter or margarine with sugar and add molasses, egg and strained fruit. Mix well. Add raisins. Sift together flour, baking powder, salt. Add baby cereal to make a batter which will drop. Drop from a teaspoon onto well-greased brown wrapping paper, placed on a cookie sheet. Bake in 375 degree oven 12 to 15 minutes, taking care not to burn the bottom of the cookies. Makes 4 to 5 dozen cookies.

## Scientists And Millers Team Up To Give Homemakers Dependable Service

Have you ever wondered why the bag of Gold Medal "kitchen tested" flour today has the same baking characteristics as the one you bought last year . . . or five years ago? Or how it is that the flour sold in Kokomo, Ind., is the same quality as that sold in Sacramento, Calif., although not made from exactly the same wheat and milled in another section of the country?

Scientists and millers have teamed up to give modern homemakers this flour service. A visit to products control laboratories of General Mills where wheat samples are tested show that uniform baking results are no mere coincidence. Through careful analysis and by actual baking tests conducted daily in 18 mill laboratories, the company makes certain that every bag of flour lives to the standard of baking performance that homemakers anticipate.

In 1946 more than 1,500,000 in-

dividual tests were made by technicians and bakers for the purpose of checking wheat quality as well as the flour itself in test bakings of bread, cakes and pastries. Early each spring wheat harvest starts on Texas fields wheat survey crews, made up of millers, chemists, bakers and grain statisticians, follow the harvest northward into wheat growing areas of the US and Canada.

They collect samples from harvest fields and elevators and analyze them at nearby laboratories. The flour is given ash, protein and moisture tests and used in test bakings. From the analysis, the original wheat can be classified and its baking characteristics noted. Information gained is sent to company grain buyers to aid them in buying wheat. Once purchased, the wheat is filed away in company owned elevators. During the milling run, samples are constantly checked for quality at the mill laboratory. Baked into bread, the flour is examined for crust color, loaf volume, crumb color, texture and other characteristics. Finally, samples from all company mills are sent to Minneapolis, Minn., for tests under home conditions. With this testing by home economists on the Betty Crocker staff, homemakers are given assurance that every bag of flour produces a higher quality and more uniform baking results.

### Betty Crocker Golden Dream Cheese Souffle

(with Meat, Sea Food, and Vegetable variations)

- Melt . . . . . 4 tbsp. butter
- Blend in . . . . . 4 tbsp. Gold Medal "Kitchen-tested" Enriched Flour
- 1/2 tsp. salt

Remove from heat. Stir in . . . . . 1 cup milk Cook over low heat until thickened (about 5 minutes), stirring constantly.

Stir in until melted . . . 1 cup grated mild American cheese

Remove from heat. Beat until frothy . . . . 3 egg whites

Add and continue beating until stiff enough to hold a point . . . . . 1/2 tsp. cream of tartar

Fold in carefully . . . . the cheese mixture

Pour into a well greased 8-in. casserole (1 1/2 qt. capacity). Set casserole in pan of hot water (having water reach well up on casserole).

Bake 30 to 60 minutes in moderate oven (350°). The souffle will puff way up, and become golden brown on top. When done, a silver knife thrust into the center comes out clean. Serve immediately . . . preferably with cream sauce to which sautéed mushrooms, shrimp, cut-up green or ripe olives, capers, or chopped chives have been added.

Serves 6. NOTE: The addition of a little mustard or Worcestershire sauce (about 1/2 tsp.) gives a piquant flavor to Cheese Souffle.

**Meat or Sea Food Souffle**  
Use 1 cup finely ground, cooked meat (chicken, lamb, veal, etc.) or sea food (shrimp, crab meat, salmon, etc., seasoned with 1 tbsp. lemon juice) in place of cheese.

**Vegetable Souffle**  
Substitute 1 cup finely cut, well drained, cooked vegetables, seasoned to taste, for the cheese.

**PET AND QUADRUPLETS.**—Six-year-old Vern Reames of Chattooy, Wash., is proud of his pet milk goat, Daisy, who presented him with quadruplet kids. Vern's parents said it was the second time Daisy had brought forth four of a kind.

### Younger Officers To Get Command Posts In Service

WASHINGTON — Both the Army and Navy want to change their officer - promotion systems. Both have had bills introduced in Congress to effect the changes. Sponsors hope that if these two measures become law, it will mean the two services will be headed by young and aggressive officers who would reach command rank early enough in life "to meet the demands of modern war."

The navy proposal would restrict to five years the time during which an admiral could remain an admiral, except in extraordinary cases. After five years admirals would have to retire, thus assuring a continuous flow of young officers up through the ranks.

The navy estimates that officers would reach the rank of admiral at an average age of 53 under this proposal. It says officers are too old when they get to be admirals now.

All officers would have to be "selected" for promotion within a certain time after they had made their last promotion or go out of the navy. This has been navy policy for some time, but the new proposal would tighten this policy.

In certain circumstances it would allow junior officers to be jumped over the heads of their seniors without impairing the latter's opportunities for future promotion.

The present army method is entirely predicated upon seniority. The proposed system would put promotion on a combined seniority-selection basis similar to the navy's present system and is a radical departure from anything the army has ever done.

Under the army proposal officers who have been "in grade" for a certain determined length of time must either be selected for promotion or must get out of the army.

Selection boards would be made

### Carrier Leyte To Visit Turkey

ABOARD THE US AIRCRAFT CARRIER LEYTE IN THE MEDITERRANEAN, May 1. (AP)—With a week of rigorous training exercises completed, the US Aircraft Carrier Leyte and other units of the Mediterranean Task Force set course today for Istanbul, where they are scheduled to arrive tomorrow morning.

The light cruiser Dayton and two destroyers—The Purdy and Bristol—will accompany this 27,000-ton carrier on her four-day visit to Turkey.

Upon arrival the Dayton will fire a 21-gun national salute, which will be returned by the Turkish forts.

In the stay of the Task Force at Suda Bay, Crete, April 16 to 23, some 6,000 Cretans visited the American ships—the first to anchor there in about 20 years.

### AWKWARD PLACE FOR AUDITORIUM

SEASIDE, Ore., May 1. (AP)—Councilmen are puzzled by the legal problem they will have if construction of an \$80,000 public auditorium is approved in a special May 20 election.

City Attorney Thomas Chave, Jr., says an erroneous site description on the ballot puts the building in the center of Edgewood street.

up of senior officers who would examine the records of all officers eligible for promotion. They would certify only the best. Those not certified would be "passed over." Once an officer was passed over twice, out he would go.

Besides giving young officers a good opportunity to reach high rank within a reasonable time, this sort of system would enable them to get started in a civilian career while still young if they were passed over.

More important, the army measure would put in top spots officers best qualified to be there, and not just officers who have spent the longest time in uniform.

### French Workers To Demonstrate; Cabinet Shaky

PARIS, May 1. (AP)—Thousands of French workers celebrating May Day prepared to mass in the heart of the capital today as Socialist Premier Paul Ramadier's cabinet tottered over a labor dispute.

In a last-minute radio appeal last night, Ramadier called for "calm and order" in the celebration. His remarks appeared for the most part to be directed at some 30,000 Renault automobile workers on strike for a wage increase of 10 francs (8.4 cents) an hour.

The premier asserted that the working class wanted to keep the new French Republic, said it could do so only by "respecting law and order" and maintaining "financial stability" and declared its first May Day demand should be "maintenance of purchasing power."

"The future of this first spring-time of the fourth republic," he declared, "depends on your patience."

The cabinet is threatened with breakup because the communists have gone out in support of the strikers. Thus they have repudiated the wage-freezing policy of the cabinet in which the party is represented.

President of the Republic Vincent Auriol, a socialist, was due back in Paris from West Africa by plane this morning to preside over a cabinet meeting at which a showdown was expected tonight.

### Manifesto Issued

MOSCOW, May 1. (AP)—Sergei I. Vavilov, president of the Soviet Academy of Sciences, issued a manifesto today calling for formation of an organization to raise the educational level of workers throughout the USSR in an effort to build a better communist society.

## Russian Military Power Displayed At May Day Parade In Red Square

MOSCOW, May 1. (AP)—Flanked by leaders of the Soviet government and the communist party, Prime Minister Stalin watched Russia's traditional May Day display of military and civilian power today from atop the tomb of Nikolai Lenin in Red Square.

Foreign ambassadors and ministers, with their air, navy and military attaches, stood on either side of the tomb, obviously out to see Stalin and whatever the Soviet armed forces might be showing in the way of new military equipment.

Reviewing officer of the parade was long-mustached Marshal Semyon Budyenny, who rose to his present position from the rank of cavalry sergeant.

In a speech before the parade began, Marshal Budyenny declared the Soviet people were moving toward new successes in achieving communism, equal rights of the people and "honest collaboration between nations."

He concluded with the cry: "Hurrah For Comrade Stalin."

A hot bright sun beat down from a bright blue sky as massed bands played the Soviet national anthem and the Kremlin guns boomed the decreed 20 salvos.

Then the parade began, with cadets from Frunze Military Academy, led by heroes of the Soviet Union, leading the way. Following them came long lines of medal-laden heroes from the battles of Berlin, Budapest, Stalingrad, Leningrad, Vienna.

The military part of the parade was relatively small this year and ended at 11:15 a.m., to be followed by the long lines of civilians. Leading the second section of the march were sports groups, attired in white trousers and skirts and green and blue sweaters. Behind them came thousands more civilians in ordinary dress carrying the customary banners and signs.

Crowds out for the parade cheered and applauded Stalin as he emerged from the Kremlin with his party and walked up the stairs to the tribune atop Lenin's tomb.

The May Day order of the day, a traditional part of the Russian observance, was signed this year by Nikolai Bulganin, who succeeded Stalin two months ago as minister of armed forces. The order called on Russia's armed forces to maintain their "fighting preparedness."

Bulganin said that in a few days a most important stage of the Soviet Union's summer training program would begin, and added: "In this period, the army, navy and airforce should reach new successes in combat and political training and should solve the tasks placed before them."

### Prince Ferdinand Tells Of Bomb Plot

BERLIN, May 1. (AP)—Prince Louis Ferdinand of Prussia, grandson of the late Kaiser Wilhelm II, asserted today that he was "in association" with the abortive July 20, 1944 bomb plot against Adolf Hitler.

Prince Louis Ferdinand told the American-licensed newspaper Der Tagesspiegel this in an interview.

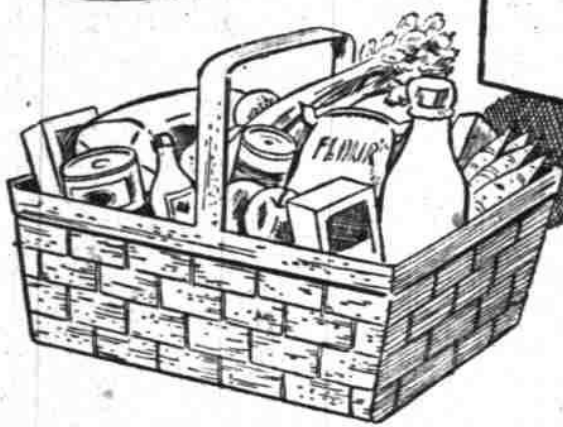

emerged from the Kremlin with his party and walked up the stairs to the tribune atop Lenin's tomb.

**Wind In Music Goes To Head**  
 WORCESTER, Mass. (AP)—It happened at Main and Franklin, Worcester's windiest corner.  
 A girl's hat blew off. A young man with a trumpet was grabbed for the headpiece. The case hit the sidewalk, and it popped the trumpet followed by sheet, after sheet of music. In 30 seconds most

of the pedestrians were chasing sheets of music, including the young lady who lost her hat.  
 F. S. She got her hat.  
 PPS. He retrieved most of his music.

**Bloodhounds Smell Scents From Still**

KENANSVILLE, N. C. (AP)—Sheriff Ralph J. Jones is waging all-out war on moonshine still operators in Duplin county. Out of his own pocket he bought a couple of registered bloodhounds.  
 When a big still was found near Magnolia, the operators fled. The bloodhounds were placed on the hot trail and started off.  
 A little way on, one dog stopped and barked in front of a pole of brush.  
 A search disclosed not a man hidden there but 10 gallons of Duplin white lightning.  
 Light travels about two-thirds as fast in glass as it does in water.

**Martin-Howard Soil Conservation District News**

N. H. Reed, rancher-cooperator with the Martin-Howard Soil Conservation District, plans to reduce the number of sheep on his ranch in the Vincent Soil Conservation District this summer. Reed will reduce his stocking rate to improve the cover of grass on his range.  
 A. T. Jordan, range conservationist with the SCS who inspected Reed's range last week found the pastures stood up well through the drought last year, but will need lighter grazing the rest of the year to give the better forage grasses a chance to make a good growth. Grass will stand dry weather if not grazed too closely, Jordan said, and with more favorable moisture conditions will recover more quickly than on ranges closely grazed. To keep the range vegetation in strong condition it has been found that 30 per cent to 50 per cent of each year's growth should be left ungrazed.  
 Reed also is building two new stock tanks on his ranch to get better distribution of grazing.  
 A section of shinnery pasture on S. F. Buchanan's place in the Coshoma group shows evidence of improvement as a result of good management. Little bluestem, one of the better grasses for this type of range, is spreading over the pasture which has been deferred from grazing since last fall. Buchanan reports that the pasture has been lightly stocked for a number of years and in addition is rested in the fall and spring each year. He has added another section of shinnery pasture to his conservation plan and will improve the pasture as part of his complete program of conservation measures in cooperation with the district. Buchanan also plans to reseed portions of his range with little bluestem, sand lovegrass and side oats grama this fall.  
 E. S. Conway, who completed a conservation plan on his farm in the Fairview group last week, terraced his land this year to hold as much rainfall on the land as possible. Conway told SCS technicians, who helped him make out his farm plan, that the only part of his farm which produced anything last year was above a small terrace.  
 "After a good rain last year I noticed water ran off my field carrying soil with it," Conway said, "and not enough moisture soaked into the ground to plant on."  
 In addition to terracing his farm, Conway plans to follow a good soil management program including cover crops and crop residue management in order to

**Marshall Asks Treaty Approval**

WASHINGTON, May 1. (AP)—Secretary of State Marshall is pressing for early ratification of four European peace treaties despite a move by some senators to delay action until Russia shows signs of compromising differences over Germany and Austria.  
 Marshall was said by senators to have informed Chairman Vandenberg (R-Mich.) of the Senate Foreign Relations Committee that the failure of the Big Four foreign ministers to reach agreement on principles at Moscow has not altered the State Department's desire for speedy action on the treaties.  
 Agreements with Italy, Bulgaria, Romania and Hungary have been pending since they were signed in Paris early in February.  
 Vandenberg's committee begins hearings on the Italian treaty today amid indications that delaying tactics will be employed against this agreement in the Senate itself, if not within the committee.  
 Senator Ferguson (R-Mich.), not a committee member, told a reporter he intends to do what he can to postpone a vote. He said he believes that if this and other treaties are ratified at once Russia will be less inclined toward an early settlement of German and Austrian issues.

**Court Denies Appeal Of Condemned Negro**

AUSTIN, May 1. (AP)—The Court of Criminal Appeals yesterday affirmed trial court proceedings which gave death sentence to Arthur Adams, Tarrant County negro, charged with murder in the death of his wife last June 16.  
 Court records said that Adams fired the fatal shot after his wife discovered him with another negro woman and queried him with: "Adams, what do you want to treat me like this for? How come you do me like you do."

**53 Additional Soil Checks Distributed**

A total of 53 additional checks, covering 49 farms and valued at \$3,335.10, have been distributed to Howard county farmers for soil conservation practices carried out during 1946.  
 The payments bring to \$25,312.93 the sum Howard county residents have realized out of the practices.  
 Contractors have already been paid \$6,959.85 for conservation work accomplished since Jan. 1, according to M. Weaver of the AAA office.  
 The average circumference of the human eyeball is three inches.

**Receipts Down At Stock Sale**

Depleted moisture on ranges and pastures in the area was blamed for a further decrease in receipts and prices at the West Texas Live-stock Auction company's weekly sale Tuesday.  
 There was virtually no demand for cows and calves, which found a strong market a few weeks ago. Other stocker animals also were off, and general receipts were light.  
 Approximately 300 head of cattle, mostly butcher and fat animals, went through the ring.  
 Fat cows brought from \$5.00 to 17.50; fat yearlings, 17.00-19.00; fat calves, 18.00-22.00; stocker cows; 10.00-13.50; stocker yearlings, 14.00-16.00; stocker calves, 17.50-19.80; canners and cutters, 8.00-12.00; bulls 14.50.  
 Twenty-five head of hogs also consigned to the sale topped at 22.90.  
 Only one-seventh of the land on Iceland can be cultivated.  
 The British call shock absorbers hydraulic dampers.

**Dr. John Harrington Of Baylor U Dies**

WACO, May 1. (AP)—Dr. John Thomas Harrington, chairman of the board of trustees of Baylor University and one of the founders of Hardin-Simmons University, died at his home Tuesday after an illness of several weeks.  
 He was 89.  
 Funeral services will be held at 2:30 this afternoon at the First Baptist church, where for more than 50 years he had been a deacon and Sunday School teacher.  
 Pat M. Neff, president of Baylor University will deliver a eulogy at the funeral services.

maintain and improve the condition of his land.  
 A cover crop of Abruzzi rye and vetch was worth \$50 per acre to W. E. Pigg, cooperator with the district southeast of Midland, according to Pigg. In addition to protecting the land from blowing and improving the fertility of the land, Pigg stated that he saved that much in feed bill from grazing furnished by the rye and vetch.  
 Pigg also has a field of Austrian Winter Peas and Dixie Wonder Peas, which is an improved and earlier maturing strain of Austrian Peas, for cover and soil improving. Both of these crops made good growth and offer possibilities for use in a well rounded conservation program. Pigg plans to harvest his cover crops to furnish seed for more plantings of the legumes and rye next fall.  
 N. H. Stanley completed a farm plan on the E. T. Branham place south of Luther last week. Included in his conservation program were terracing, contour farming, cover crops and crop residue management. Stanley also plans to protect his farm pasture from close grazing by using supplementary pastures of Johnson grass and small grain.

**WCTU Delegates On Tour Of Bars**

PASADENA, Calif., May 1. (AP)—Thirty-three white-haired women of the Pasadena WCTU, tramping from bar to bar in the hot sun, are carrying the temperance cause right into the cocktail lounges. They get attention and, with few exceptions, they get respect. Their leader, Mrs. Jessie Lee Cowie, 87, of Pasadena, a world missionary of the Woman's Christian Temperance Union who in her younger years campaigned for temperance through Australia, New Zealand, England and the South Sea Islands, said they hope to have their method become nationwide without any Carrie Nation tactics.

**Disappointed In Love, His Legacy Gladdens Brides Century Later**

BATON ROUGE, La., May 1 (U.P.)—A French bachelor who died more than a century ago, is still paying for new babies in West Baton Rouge parish today. Julien Poydras, frustrated in love in his native France, left a curious will when he died at 90. In it he bequeathed \$30,000 to the parish, "the interest of which sum shall be employed to endow the girls of the parish who may happen to get married." A lot of them happen to get married every year. Poydras, legend says, loved a poor girl. It was his romantic downfall, because French custom ruled against his marrying a girl who was too poor to provide a marriage dot. Poydras joined the French Navy. When he reached New Orleans, some years later, he was flat broke. But he scraped up enough cash to set himself up as a house-to-house peddler of miscellaneous goods. Acquired wealth

Later, he became one of Louisiana's richest and most influential men. He owned six plantations and more than 1,000 slaves. But he never married. This year, 23 parish brides benefited through the Poydras Fund, which is administered by a special commission he died by the sheriff. Each got a check for approximately \$50. The dowries have amounted to as much as \$500, depending on the number of brides who qualify each year. The transaction is typically French. The money goes to the husband, and the wife cannot demand the money for her personal use. But she generally decides how it is to be spent. Girls of the parish look forward to getting Poydras dowries. One waited 10 years to get married, hoping to cash in on a light year and get a large sum. She finally got \$500.

**City Governments Relieved As Homestead Tax Extension Killed**

AUSTIN, May 1. (AP)—City governments, hardpressed for revenues, breathed a deep sigh of relief recently when the House committee on constitutional amendments killed a proposal extending homestead tax exemptions to local levies. The committee quickly chopped the project down after a parade of municipal officials said such extension of tax exemptions would wreck the financial structures of their cities. Proponents of the proposed constitutional amendment argued that the same things were said years ago when homesteads up to \$3,000 in valuation were exempt from

state taxes. They said the state government's financial set-up was only slightly affected when the voters adopted this amendment to the constitution in 1933. The city officials reported that they might make up some of the deficit by adding such service charges as garbage collection fees, but that the money to run municipal governments "must come from somewhere." Proponents of the plan admitted that their amendment was dead for this session. They predicted it would be revived and ultimately the legislature would come around to submitting it to a vote of the people.

By Reps. William A. Miller and Searcy Bracewell of Houston, the proposed constitutional amendment would have exempted \$3,000 of the assessed taxable value "of all residence homesteads... occupied by the owners on his or her dependents... from all count, city, school district, drainage district, water district or other local taxation districts."

It would have expected such local taxation as would be required to pay bonded indebtedness applicable to such homesteads. Francis A. Vaughn, city manager of College Station, told the committee that in that small city of home owners, the adoption of such a constitutional amendment would have eliminated 66 per cent of the taxable values. He said there was very little else to tax there, except homes.

**SGT. O'MALLEY IS EMBARRASSED**

CHICAGO, May 1. (AP)—Sgt. Edward O'Malley of central police asked fellow officers yesterday to help him find his car. With embarrassment, he said they probably would be sure to notice it if it appears on the streets because it still bears 1946 license plates and a 1946 city vehicle sticker. He said he had not obtained 1947 licenses because he expected to buy a new car soon.

**ROLLING PINS SCARE MASHER**

CHICAGO, May 1. (AP)—Mabel Reynolds, 22, said a man approached her and "got fresh" just as she was about to enter a bakery. She screamed. Four husky bakers seized rolling pins and ran to her aid. But the "masher" fled and the bakers were unable to catch him. "Too much pastry," they explained, gasping for breath after the chase.

Stoffel's La Chine Muslin will be an ideal gift for Mother. Give her a dress length or make it for her... Stoffel's Muslin is sanforized... designs are small... in pastel and white backgrounds... 1.29 yd.

New Summer Muslin

**Independence Hall Security Secured**

PHILADELPHIA (AP)—"Twelve bells and all is well" in Philadelphia.

Independence Hall night watchmen at the completion of each hourly round of inspection must telephone City Hall and pass along the word that "all is well."

A recent fire across the street from the hallowed shrine of American Liberty disclosed the extensive fire alarm system which protects the venerable building. The Hall is equipped with its own fire alarm—Box 1776. It has an automatic sprinkler system and numerous hand extinguishers at strategic points.

Guards are put through periodic fire drills. One of their major tasks in event of a real emergency would be to wheel the Liberty Bell to a safe location. The striking of Box 1776 would bring four fire companies within a minute, fire officials said. Smoking is prohibited throughout the building.

**Oyster Mortality Rate To Be Probed**

COLLEGE STATION, Tex., May 1. (AP)—A staff of technicians is being assembled by the Texas A&M Research Foundation to investigate oyster mortality in Texas and Louisiana coastal water. Dr. A. A. Jakkula, executive director of the foundation, has announced.

Dr. C. R. Eisey, a biologist of the British Columbia Packers, Ltd., of Vancouver, has been engaged as a consulting expert for the investigation, sponsored by the Texas company to determine whether there is any abnormal oyster mortality along the coast.
