## Autumn Rituals Of BSP Held

Rituals to initiate pledges and advance members in the program of Beta Sigma Phi Sorority were conducted Tuesday evening in Community Center with the City BSP Council playing hostess.

A setting in black and gold, sorority colors, was arranged for the ceremonies in which members of all three Hereford chapters took part. Bouquets of yellow roses, the Beta Sigma Phi flower, centered the ritual table and also the side table from which refreshments were served.

Formal dress, candlelight and the special decorations marked the event as the highlight of autumn programs for Hereford Beta Sigma Phi.

Full membership in Kappa Iota Chapter after their pledge period was marked for Mmes. Tom LeGate, Merle Goff and Bobby Jones as they took part in the traditional ritual of jewels.

Fall pledges to the chapter who were welcomed in the third ritual are Mmes. Delbert Laing, Arvell Williams, Fred Ruland, Gary Gore and Freddie Well.

On the hostess committee for the evening were Mrs. Delbert Balnum and Mrs. John Schneider of Alpha Alpha, preceptor chapter; Mrs. Pat Parker and Mrs. Jim Cramer of Xi Epsilon Alpha; Mrs. Kenneth Ruland and Mrs. Goff of Kappa Iota.

Received to membership in Xi Epsilon Alpha, the exemplar chapter, in one ceremony were Mrs. Jim Aldridge, advancing from Kappa Iota Chapter; Mrs. Bob Emery, transferred from an Albert Lea, Minn., chapter of the international sorority; and Mrs. Cliff Jones, transferred from Cortez Colo.

## Pete Curtis Family Has A Few Soldiers

With one son in the combat area of Viet Nam, one stationed in Germany, one on the east and another on the west coast of the United States, Mr. and Mrs. Pete Curtis of 337 Ave. K have had their attention to U. S. military affairs widely divided in recent months.

Now three of the boys are expected home this month and Specialist 4 Bryan Curtis, who has just received discharge from the Army after 15 months of service in Viet Nam, is back to stay.

PFC Curtis Cole, who has had nine months on Army duty in Germany, reached the U. S. last week for a 40-day leave before he reports for his new assignment to Viet Nam, for which he volunteered.

He stopped at Cherry Point, N. C., to visit his brother, Sgt. Carl Cole of the Marine Corps, before coming on to Hereford to visit his mother and sisters, Carol and Christi Cole.

Forrest Curtis, a Navy hospital corpsman, is due to come home after graduation Nov. 12 from the first phase of his training in San Diego. After a leave period, he is to report to Portsmouth, Va., for further schooling as a surgical technician. He enlisted in the Navy last March.

Only Bryan waited to be drafted for military service. He worked for one year in Hereford after graduation from high school but the others went from school to service as enlistees. All attended Hereford High School.

On his way home after discharge last month, Bryan took time for a visit with his brother in San Diego.

All entered the service with the idea of "going ahead and getting it over with" and then making their lives with military duty behind them, Mrs. Curtis says.

Carl and Forrest have both given some thought to military

careers, but the other two boys are certain of their desire to return to civilian life.

The four were unmarried when they began military service, but Carl has since married. His wife's home was in Greenville, S. C. He has been in the Marine Corps more than two years and is due now for an assignment to overseas service. He and his wife visited here when he was on leave in August.

Pete Curtis is with Holly Sugar Co. and came to Hereford when the local plant was being built seven years ago. Mrs. Curtis and her children have lived here "10 or 12 years altogether — we've left Hereford for short times, but always came back." She is employed in the J. C. Penney store.

### New Chemical Is Recommended For Corn Borer

A new chemical may hold promise for control of the Southwestern Corn Borer, the primary nemesis to High Plains corn production.

Results from a pilot study of the chemical use at the High Plains Research Foundation at Halfway indicates that "Furadan", a product of Niagara Chemical Company, reduced corn stalk lodging and increased yields as much as 16 bushels per acre.

According to Dr. Douglas Owen, weed scientist at the Foundation, the experiment was a pilot test including a no-treatment check, the recommended 10 pounds per acre, and 20 and 40 pound rates applied as a sidedress application in the furrow when corn plants were 18 to 24 inches high. A fifth treatment was 40 pounds per acre applied over the top in the whorl of the corn plants.

Dr. Owen said that in the control plot 21 per cent of the corn crop was lost due to lodging. At the recommended 10 pounds of material per acre, lodging was reduced to 6.1 per cent.

He pointed out that the chemical was not labeled by the U. S. D. A. for use on the corn borer but it was recommended for control of other corn insects. "It might possibly be labeled for the corn borer by next year" Owen said.

Butch Casey missed three predictions in the weekly Brand Football Contest, as did 10 other people, but missed the tie-breaker by only one point to win the \$20 first place prize money as the contest goes into its final week of the high school grid season.

Others who missed only three games were Claudie Ragan, Gary Yosten, Waldo Baxter, Mrs. Taft McGee, Mal Manchee, Gary Kirkland, Don Cherry, Gregg Yosten and Darrel Dirks.

**It's nice to have enough money to retire on.**

**It's also nice to be around when it's time to retire.**

You want to save a nest egg to retire on? Fine. All we suggest is that you be here to enjoy it. What to do? See your doctor for a thorough health checkup once a year, including a procto. And for women, also a Pap test. In short, the works.

Because most cancers are curable if spotted in time. But your doctor won't be able to spot anything — unless you give him the chance.

If you do, you'll improve your chances of enjoying your retirement. To a ripe old age.

On the subject of the American Flag, National Geographic says that George Washington supposedly reported to the Second Continental Congress: "We take the stars from the heavens, the red from our mother country, separating it by white stripes, thus showing that we have separated from her, and the white stripes shall go down to posterity representing liberty."

# WTSU Buffaloes Battle Bowling Green Saturday

**PE PROGRAM** — Leo Gasca, Latin American Physical Education star, presented a program on acrobatic routines at a Southern School Assemblies Tuesday afternoon at La Plata Junior High. West Texas State University's Buffaloes, their eyes set on rebounding from their first shut-out in 53 games, travel to Bowling Green, Ohio, for a Saturday afternoon game against Bowling Green University.

Western Michigan's big and physical Broncos blanked the Buffaloes, 20-0, Saturday afternoon in Buffalo Bowl. It was the first shutout handed to a Joe Kerbel-coached football team since a 40-0 beating by New Mexico State in the 1964 season.

Kerbel's Buffaloes will finish the season without the services of 218-pound junior fullback Ramese Faleafine, presently the club's second leading rusher.

Faleafine injured his left knee against Western Michigan and underwent an operation Sunday morning. He had carried the ball 131 times for 506 net yards this season and scored

six touchdowns.

"We are sad at the loss of Ram for the year, but we are also pleased that the operation appears to have been highly successful," said Kerbel.

The Buffaloes will carry a 5-3 record into Saturday's clash with Bowling Green, which is suffering through its first losing season since 1964. Bowling Green's Falcons have a 2-5-1 record and are closing their season with Saturday's game.

Rocky Thompson rushed for 74 net yards Saturday and now has 725 yards for the season. He also leads the Buffaloes in scoring with 66 points.

Quarterback Ed Holwig and split end Daryl Wynn entered West Texas State's career leaders in their departments Saturday. Holwig hit on 19 of 37 passes to increase his season's total of 75 completions. That ties the

6-4, 215-pound sophomore from Highspire, Pa., with Bobby Lane for sixth place among career leaders in passing completions. Lane, who graduated in 1952, had 75 completions in 207 attempts. Royce Hillman, a 1956 graduate, had 97 career completions for fifth place, so Holwig has a shot in the final two games of taking over that slot.

Wynn caught four passes Saturday for 39 yards and now has 21 receptions for the season and 36 for a career. The 6-4 junior from Follett moved into the eighth place among the school's all-time receivers with that total, replacing Roy Armentrout, who had 34.

Despite its losing record, Bowling Green has ranked among the nation's leaders this year in team defense. Prior to Saturday's 34-7 loss to Ohio University the Falcons had been

averaging allowing only 232 yards per game by their foes. That average increased to 257.3 Saturday, but it should still rank the Falcons among the nation's top 20. They were 12th prior to Saturday.

The offense is led by quarterback Vern Wireman, who holds 13 school passing records. He has hit on 50 of 153 passes for 524 yards this fall. Tailback Julius Livas and Roger Murray have rushed for 238 and 226 yards respectively.

Receiver Bill Pittman leads the team in that department

with 19 receptions for 213 yards. He also leads in kickoff returns with 21 for 514 yards and in punt returns with 18 for 178 yards.

Bowling Green and West Texas were both beaten by 20

points by Western Michigan. The Falcons fell, 23-3, to the Broncos earlier this year.

Wide receiver Paul Flatley captains the Atlanta Falcons of the National Football League.

"What bothers me," says one sage, "is the way the kids are rebelling these days. They may tell us to pay off the national debt ourselves."

We have been pleased and encouraged by the results of the first three months of operation of the local Public Health Clinic and would like to reiterate our wholehearted support for this fine organization. According to an article in the Sunday Brand, 1,264 persons were treated in the first 3 months and a total of 2,179 immunizations were given. But the actual medical treatment and immunizations given at the Public Health Clinic may be the minimal benefit from the clinic compared to the long range benefits attained through the educational processes.

Certainly it is good to immunize the children for the prevention of disease, and it goes without saying that the ill and indigent must be treated. But through the educational efforts of the nurses and volunteer workers at the Public Health Clinic, those helped may not have to come back so often. These people must learn to care for themselves and their future problems. Many of these offspring and take those precautions necessary to prevent things we take for granted, and it's a little difficult for most of us to realize that some people have never been taught basic sanitation and health requirements.

We realize too that there will be complaints against the clinic. Some because of lack of understanding; others perhaps as an obvious effort to cause trouble. Unfortunately, we still have such people in this world. But it doesn't take one long to discover that there is little basis for the attacks and that the clinic is doing a wonderful job. The immediate benefits are great. The long range benefits will be immeasurable.

What happens to the economy when a major auto manufacturing company is struck? It hurts, and a long way down the economic chain. Perhaps you think you haven't been touched, but here's what Business Week magazine has to say about it.

Instead of an average \$120 to \$130 weekly take-home pay, UAW strikers have been living on \$30 to \$40 a week from the union. Non-striking workers in dependent businesses have been laid off by the thousands. Other thousands have had overtime eliminated or their workweek reduced. But the payless paydays and diminished paychecks are having an equally harsh effect in their communities.

A priest in one Illinois church has said that collections are way off, and indicated that it was easiest to give up putting money in church baskets first. Community fund drives are suffering all through the areas where the strike is hurting most. Beauty parlors in the areas and ready-to-wear stores are not getting the traffic from the wives of the strikers. As a matter of fact, all retail businesses are suffering. This in turn hurts the national economy and the loss of revenue to the federal government is tremendous. It also hurts cities who rely on sales tax and city income tax for revenue.

Moreover, the federal government is giving up \$10-million in food stamp aid to the strikers monthly and you can bet that this will be paid with your tax money, and we might add also that strikers are not apt to be going to the supermarket to buy prime Texas mulo fed beef either.

Besides all that, the thousands of GM dealers throughout the country might as well take a vacation since they have nothing to sell. Many have laid-off employees and those who have not are keeping the men on in anticipation of the end of the strike. You can't just turn out good salesmen and expect to pick them up again when the strike ends. However, some businesses are forced to do so when activities have been curtailed by strikes.

And cities are affected too. Pontiac, Michigan for instance has now laid off 173 city workers and apparently is facing the probability of having to lay off a few police and firemen.

The fall-off in business has also adversely affected GM's profit picture, and a lot of GM stockholders may be left without dividend checks for the last quarter. There are a lot of retired people who have invested their earning down through the

years in GM stocks and a lot of these people need this income to keep from dipping into their savings.

As a matter of fact, the nationwide General Motors strike costs are now piling up at an estimated rate of \$160-million per day. And that, whether you think so or not, affects all of us.

Incidentally, the 430,000 plus workers now out on strike are listed as "unemployed" in the national employment index. We suppose the President will be blamed for that too.

A friend, we're told, is one who knows all your faults and still likes you.

### New Book, Red Rooster Country, Is Distributed

Tales and legends of Southwestern Texas are featured in a new book introduced early in November.

"Red Rooster Country" derives its name from the unique practice of the San Angelo Standard-Times of reproducing a crowing red rooster on page one whenever there is a general rain in its far-flung area.

Mike Cox, the author, is a working young reporter who has served newspapers in San Angelo and Lubbock, and is now on the staff of the Austin American-Statesman. He is a third generation Texas newspaperman. The volume is dedicated to his grandfather, L. A. Wilke, who is now a free-lance writer residing in Austin.

Sub-title of the book is "A Rag tag Collection of Stories About A Hunk of the Lone Star State Bigger Than Ohio". Contents include 88 yarns that skitter hither and yon over an area from Fredericksburg to Pecos and from Snyder to the Big Bend. "Red Rooster Country" is illustrated with dozens of photographs, some of rare historic character, and with sketches by the author's wife, Fay Cox.

An autograph appearance of the author was held at San Angelo Saturday afternoon, Nov. 7 at the Angelus Book Shop.

Published by Pioneer Book Publishers, Inc. of Hereford, "Red Rooster Country" appears in a large 8 1/2 x 10 1/2 format with a hardback cover of red and sand.

The 128-page book contains an index and is priced at \$7.50. It is available at The Hereford Brand and Christian Book Store.

## Dogies Stop Mavs In Rival Contest

The Stanton Dogies seventh and eighth grade teams Tuesday won the battle for city supremacy by downing the La Plata Mavericks in High Plains Conference play.

The seventh grade edged the La Platans, 8-0 and the eighth grade stopped the Mavericks, 12-6.

The wins assured the seventh grade at least a tie for the High Plains Conference Championship with La Plata and possibly Canyon while the eighth grade championship is still undecided between Stanton, La Plata and possibly Canyon.

The Stanton seventh graders scored in the fourth period for that game's only touchdown on a 15-yard scoring toss from quarterback Albert Gonzales to

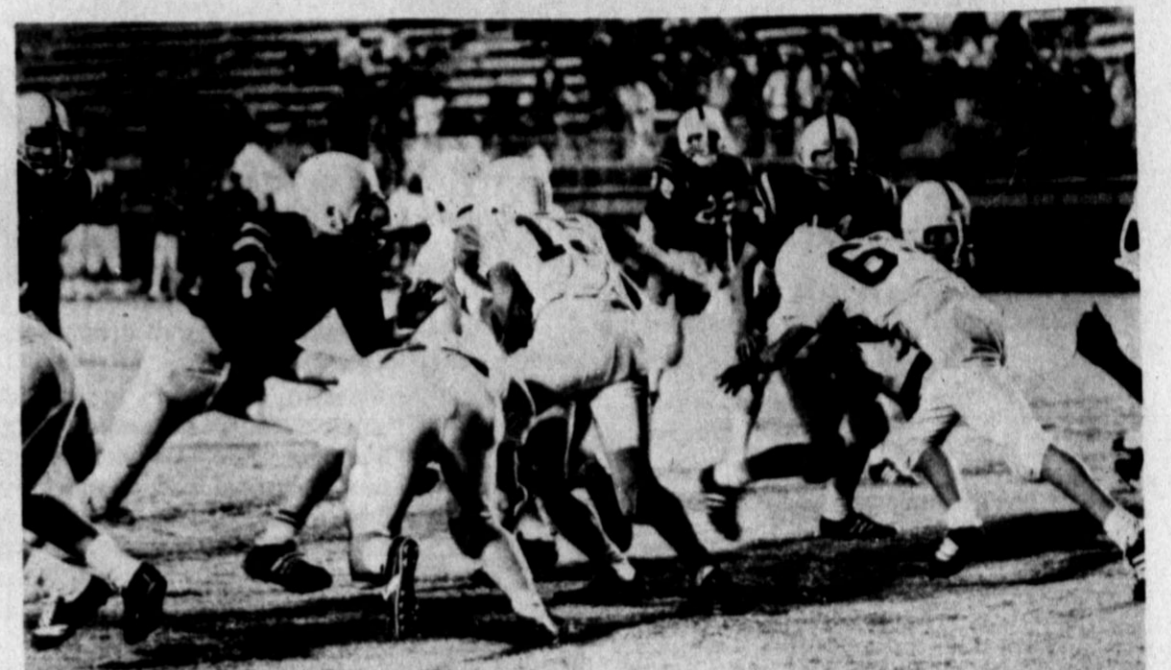

Mario Gamez. The attempt for the extra points failed.

With just a few seconds left in the game Stanton caught a La Plata running back in the end zone for a safety to round out the scoring.

A rally by the La Plata eighth grade fell short in its game with Stanton as they scored their only touchdown in the fourth quarter after being down by two touchdowns going into the final minutes of play.

Stanton took the lead with just seconds left in the first half on a pass from Hank Stringer to Sammie Rodriguez.

The Dogies scored their other touchdown in the third quarter on an 8-yard run by Darrell Williams.

DOGIE WIN — The Stanton Dogies' Tuesday's city duel between the two eighth grade, in white, proved too much for the La Plata Mavericks in rival, 12-6.

## Farmers Begin Receiving Shares Of Export Pool

Deaf Smith County wheat farmers eligible to receive individual shares of the 1968 wheat export certificate pool have been notified of their eligibility according to Frank J. Bezner, Chairman of the County Agricultural Stabilization and Conservation (ASC) Committee.

He said all producers whose share of the \$4.2 million pool would be \$3 or more have been notified how much their share is. If a producer wants his refund, he should request it from his ASCS County office. If he chooses, he may leave his share in the pool, which will be then used to finance research into domestic use of wheat in human nutrition and industry.

Wheat producers whose share in the export certificate pool is less than \$3 will not be notified by their County ASCS office. However, they may obtain a refund by going to the County office to request it — or they may leave the money in the pool for wheat research.

"Each farmer who is entitled to share in the 1968 wheat export certificate pool has the same option," explained Mr. Bezner. "He may claim the money, or he may allow it to be used for research and promotion of U. S. wheat. Farmers have until December 25 to make their decision.

The certificate pool was accumulated in 1968 when world market price was at times higher than the U. S. price, and wheat exporters were required to buy export certificates. The law provided that the pool — about \$4.2 million — was to be distributed pro rata among wheat program participants.

"It sounds like a lot of money, and it is, when it's in one chunk," Bezner said. "But distributed among eligible producers it would add up only to a few dollars each, at best, for most, less than a dollar for a great many. With this fact in mind, Congress passed the Wheat Research and Promotion Act, which permits farmers to pass up their pro rata share and let the money be used to promote future use of wheat."

**HOBBY SHOW** — An estimated 25,000 items are annually displayed in the New Mexico State Fair hobby show. They range from gem and button collections to antique automobiles.

## Holiday Tradition Topic Of Program

"America is the melting pot for all traditions," Mrs. George Olson told Veleada Study Club members at a Tuesday afternoon meeting in the home of Mrs. James Trail.

In explaining various holiday traditions and decorations, Mrs. Olson said "New Year's Day is the only holiday the whole world celebrates together. July Fourth and Thanksgiving are truly American holidays with Christmas totally Christian."

"Easter is the first Sunday after the first full moon after

March 21 each year with the idea of new clothes representing a new beginning," she said. "Lent comes from the word lent which means spring."

Mrs. Olson displayed centerpieces of Christmas candles, greenery and ornaments, some versatile and usable for other occasions, followed by a demonstration of how to make a net Christmas tree and tablecloth and wreaths of fringed burlap.

Mrs. Leonard Frye was welcomed as special guest. In business the group voted to donate to the Deaf Smith County Museum, which they will tour Nov. 24.

Others present were Mmes. Howard Birdwell, Bill Bradley, Joe Frank Clark, Hugh Clearman, Richard Ottesen, Allen Parson, Billy Wayne Sisson, and Glenn Watts.

## People who cook with pride cook with GAS. Mrs. Cecil Burke does.

Some of the world's best cooks are found in the kitchens of America, and they give themselves every cooking advantage, like gas range cooking. Good cooks like Mrs. Burke and nine out of 10 professional chefs agree that precise temperature control makes the difference in good cooking, and with gas you get exactly that. Gas also gives immediate response and constant temperature, so important in oven cooking.

So, give yourself every advantage and cook with gas. Remember, people who cook with pride cook with gas.

Here's one of Mrs. Burke's favorite recipes.

**JEWEL CHEESE PUFFS**

# Edward Fairbanks Speaks At Church

The Rev. Edward R. Fairbanks, an Assembly of God missionary to Nicaragua, will be guest speaker Sunday at the 11 a. m. worship services at the First Assembly of God Church here, at Union and Ave. G.

The Rev. H. T. Goodwin is pastor of the church.

Rev. Fairbanks and his wife Jannetta were engaged in Bible school work, literature distribution, and evangelism during their past term of missionary service in Haiti. He served as the director of the Bible school. In 1961 the Fairbanks began their missionary work in the Negro Republic of Haiti. Having completed their second term of service, they will begin their third term along the shores of the Mosquito Coast of Eastern Nicaragua.

The Mosquito Coast is hot and sultry. The land is low, wet, swampy, and covered with tropical forests and jungle. The

coastal population is of Mosquito Indian, Spanish, and Jamaican Negro ancestry. Because of the dense jungles, most of the Eastern-coast people live along the 337 miles of coastline. A boat will be the only means of evangelization as there are very few roads. The Fairbanks will live in a simple wood frame house. This house will include a classroom for there will be no school for their sons Drexell, age 12, and Douglas, six.

Rev. Edward Fairbanks

The Rev. and Mrs. Fairbanks attended Southwestern Assemblies of God College, Wazahachle, Texas, where he received his B. S. degree and she received her diploma. He pastored the Assembly of God church

# Taxpayers Ask IRS

This column of questions and answers on federal tax matters is provided by the local office of the U. S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

Q) Can I deduct the contribution I made to one of the candidates running for office here?

A) No, contributions to political candidates and campaigns are not deductible.

Q) As part of my job I work at home a lot and have a little office for myself. How do I handle my deduction for this?

A) To qualify for a deduction, you must show you are required to provide your own space and facilities as a condition of your employment and you use it regularly for business purposes.

You must also show the portion of your home used for this purpose and the time it is so used.

For example, if the office space accounts for 10 per cent of the space in your home, you may take 10 per cent of such items as rent, depreciation, heat, light, insurance, real estate taxes and mortgage interest. If you use the office portion only half the time for business purposes then you may deduct only 5 per cent of the expenses as a business deduction.

Q) If I give presents to some of my customers can I deduct the cost as a business expense?

A) Yes, business gifts are a deductible expense as long as they do not exceed \$25, to any one customer during the

year. If gifts total more than \$25, only \$5 may be deducted. A gift to a customer's wife or child must generally be included with any gift to the customer himself in figuring the \$25 limit.

Note that gifts which cost \$4 or less are not subject to this limit if your name is clearly and permanently printed on the item and is one of a number of identical items distributed by you. This would cover calendars, pens and similar items.

Q) My brother had some heavy medical expenses last year and I helped him out with them. Can I deduct this on my return?

A) As a general rule, only medical expenses paid for a dependent may be deducted with your other medical expenses. This rule would not apply if you could have claimed your brother as a dependent except for the fact that he had

income of \$25 or over or filed a joint return with his wife. If you think this exception applies in your case, be sure to have a good record of what you contributed to your brother's support for the year.

**LUBBOCK WOMEN ON TOUR** — Visitors from the Women's Division of Lubbock Chamber of Commerce, 46 of them, were guests of the local Chamber's women members Tuesday for a tour of the Holly Sugar plant, a bus drive over the city and luncheon at Hereford Country Club. Hair under scarfs in the brisk West Texas wind; the women

saw loaded trucks and mountains of sugar beets outside the plant before they were conducted through the buildings. At left are Mrs. H. A. Anderson immediate past president, and Mrs. Jack Strong, new president of the Lubbock group, with Mrs. M. C. Adams, chairman of public affairs in the hostess Women's Division who planned the

tour. She and Mrs. Jack McKinster, Hereford president, welcomed visitors at the luncheon, introduced officers and committee heads and asked each to give a brief report of the work done this year in this county. The morning bus ride gave the Lubbock women a glimpse of public buildings, schools, churches, and homes over the city.

### Dimmitt Man Is Injured In 2-Car Collision

A Dimmitt man remains in serious condition in an Amarillo hospital from head injuries suffered in an automobile accident in Hereford Saturday evening.

A car driven by Johnny Howard Coody, 22, of Dimmitt, collided with a vehicle driven by Tommy Sanchez, 23, of Hereford, on U. S. 385 near Arrowhead Drive in at 10:21 p. m. Saturday.

Witnesses told investigating officers that Coody traveling north and in the process of passing a third vehicle, went into a broad slide and collided with the southbound Sanchez vehicle. Sanchez and with his passengers were treated and released at Deaf Smith County Hospital. With Sanchez were his wife, Jessica, 21, their children, Johnny, 4, and Steve, 3 months, and a relative, Rose Perales, 10.

Coody was examined at the local hospital and transferred to the Amarillo Veterans Administration Hospital by Gililand ambulance. Authorities there said Coody remains under observation for serious head injuries. They planned to transfer the patient to the Albuquerque Veterans Hospital. Both automobiles were demolished in the mishap.

Lubbock is ranked No. 123 in the state, just as it was last week, while Hereford advanced one spot from No. 160 to No. 159 by virtue of its strong first-half showing against Monterey. ## Alibates Site Is Club Topic

Texas' first national monument, Alibates Flint Quarries and Indian Ruins, was presented in picture slides and narration for the program of Pioneer Study Club Tuesday after a luncheon at Big Daddy's Cafe.

Mrs. Paul Rudd told the story of the site in the Panhandle where men of the Paleolithic Age as well as Plains Indians dug down to the coming of the white man, quarried flint to make arrowheads which were prized all over the southwest and midwest to the Canadian border.

Mrs. Ray Johnson showed the slides, and also displayed specimens of the flint rock which she brought from outside the monument when she visited there a few years ago.

Mmes. Henry Hastings, H. E. Miller and Mary Seigler were hostesses, who decorated luncheon tables in autumn colors.

Mrs. Miller gave the invocation and Mrs. John Patton a Thought for the Day.

In the business meeting with Mrs. Ted Panclera in charge,

Mrs. Burl France made a report on welfare work, and reminded members to bring gifts to fill their usual Christmas basket for needy residents.

Gifts were brought for the Christmas gift shop at the Amarillo Veterans Hospital, and the club voted to buy house slippers for gifts to the patients there.

Plans were made for the annual Christmas party, to be held at Hereford Country Club Dec. 8 with Mrs. Kermit Lawson of Pampa, president of Top of Texas Federated Women's clubs as special guest.

Mmes. O. G. Hill Sr., Panclera and Johnson are to attend a workshop in civic improvement, to be held for Top of Texas clubs in Amarillo Tuesday.

Other members at the luncheon were Mmes. Bess Werner, R. L. Wilson, William Wimberley, P. B. Sowell, M. L. Simpson, Delmar Sigle, J. V. Pickens, Wirt Phillips, Ralph McCullough, W. C. Hromas, Herman Ford, C. L. Craig, Allan Bell, Fred Barrett and Frank Ball.

# Highlights and Sidelights From Your STATE CAPITOL by Vern Sanford

**By VERN SANFORD**  
Texas Press Association

**AUSTIN, Tex.** — Half a dozen few amendments have been added to the Texas Constitution, including one authorizing sale of liquor-by-the-drink.

Passage of Amendment 2, however, does not mean automatic mixed drink dispensing. Amendment merely repeals the ban on open saloons and empowers the legislature to pass a law regulating liquor-by-the-drink.

Starting next January, lawmakers must first act to establish procedures, licensing requirements and regulations. Then, local option elections must be held to determine where mixed drink sales are wanted by voters.

Many observers feel there actually will be no legal sales of booze over the bar in public establishments before the end of 1971. Others think preliminaries will be disposed of in some areas by mid-year, but that would mean passage of the bill by a two-thirds majority to place it in immediate effect. More likely effective date of legislation is next September, with elections to follow.

Other constitutional changes would provide for:

- Disciplinary action, including censure, of all judges.
- Appointed (by governor) three-man State Building Commission.
- County issue of road bonds up to one-fourth of assessed value of all local real property, on majority vote of property taxpayers.
- Increase from \$5,000 to \$10,000 in value of homestead which is exempt from forced sale.
- Laws permitting all counties to consolidate certain services and offices.
- Amendment to permit farm and assessment on the basis of crop yield was defeated.

**GOP'S ECONOMIZING** — Texas Republican party began off-year cutting back on its opera-

tion 24 hours after the general election.

Headquarters staff here shrank suddenly from 23 to eight and further reduction is expected.

Slash in staff and a move to smaller offices were described as the "collective decision" of top party leaders including Sen. John Tower, State Chairman William Steger of Tyler and National Committeeman Peter O'Donnell Jr. of Dallas.

Party spokesmen said GOP, following the election defeat, has serious debt problems and has no choice but to retrench.

**Democratic leaders** — Gov. Preston Smith, Senator-elect Lloyd Bentsen and Lt. Gov. Ben Barnes — meanwhile, began sizing up Tower for attack in 1972 election. Barnes said he is thinking about running against Tower himself, although he has not firmly ruled out the governor's race.

**ATTORNEY GENERAL RULES** — Texas Water Development fund loans may be used to build sewage treatment plants, Atty. Gen. Crawford Martin has held. He said the state also may own such plants.

In other recent opinions, Martin concluded that:

- Federal technicians employed by the Texas National Guard have the right to belong to a labor union, but state-paid Guard technicians have no such right.
- Del Rio city councilman may not accept employment as executive director of Val Verde County Community Action Agency, although he has the right to select which job to keep, and may be ousted by legal action if he doesn't vacate one.
- County clerk does not have authority to issue a marriage license to those presently legally married to each other under common law unless they meet age and-or parental consent requirements and waiver of "I am not presently married" oath is obtained from county judge.
- Texas State Board of Ex-

aminers in Fitting and Dispensing of Hearing Aids has no authority to conduct educational seminars; Board rule requiring all license applicants to furnish a home and business address in Texas is void and unenforceable.

—Texas Water Quality Board can make a lump sum payment to Gulf Coast Waste Disposal Authority of the remaining portion of \$100,000 appropriated to the Board for the current fiscal year.

—Parks & Wildlife Department has authority to contract with Texas Highway Department for construction of a bridge over the proposed water exchange pass through Mustang Island.

—A County Commissioner does not vacate his office automatically when he moves to another part of the county.

**TAX BURDEN LOWER** — Texans may be tax-shy after reading what is going to happen to them in the next legislative session, but they are better off than most industrial state residents,

according to a new study.

Only Ohio among 19 most industrial states has a lower state and local tax burden, Texas research League reports. Texans' 1969 burden amounted to 8.5 per cent of personal income. Ohio's was 8.3 per cent, study showed.

Louisiana and Oklahoma had 10.7 and 9.4 per cent, respectively. League's study found that a Houston family of four with gross income of \$10,000 would have paid \$510 in 1968, excluding city sales tax. Same family would have paid \$545 in Cleveland and \$691 in Boston.

In the \$3,500 income class, Texas ranks 19th among the 13 states in tax burden, while in the \$50,000 class, Texas is 12th. Rich or poor, said the League, Texas' burden is relatively low.

**BOUNDARY DISPUTE STUDIED** — Attorney General Martin met with city officials in Orange and Port Arthur to view the area in boundary dispute between Texas and Louisiana.

More than 30,000 acres in Sabine Lake are involved in the lawsuit. This includes 3,000 acres of reclaimed land, plus submerged lands in the western half of Sabine River. Louisiana claims ownership of water boundary to the western shore, while Texas claims to the middle of the Sabine. Texas has taxed submerged lands and has given leases on lands, as well as jointly financing bridges across the river with Louisiana.

**EMPLOYMENT DOWN** — For the first time in more than

20 years, September unemployment figure for Texas exceeded joblessness for August. Texas Employment Commission reported a tenth of one per cent hike in the jobless rate.

Just three times since 1947 has the September rate ever been as high as August. Last September's total climbed 3,000 to 179,500; but overall the state average was just 3.8 per cent. High was in Laredo with 8.5 per cent unemployed, and low in Houston and Austin —with just 2.7 per cent.

**SHORT SHORTS**

Governor approved and sent to Washington applications for alcohol safety action programs in Houston, San Antonio, Dallas, El Paso and Central Texas Council of Governments area of six counties.

Court of Criminal Appeals received a \$16,000 grant toward a \$46,936 program of augmenting administrative capabilities of court.

Savings and loan associations seek branch offices in Pasadena, San Antonio and Houston.

Cigarette taxes dropped \$600,000 in October, but that's \$1.2 million higher than a year ago —or \$15.2 million total for the month.

Interscholastic League Legislative Council agreed to have 1,300 member schools vote on relaxing rules on athletic amateur awards.

Mackenzie Municipal Water Authority in High Plains got \$300,000 from the Texas water

**Chamber Warns Of No-Diet Plan To Lose Weight**

A diet plan promising dramatic loss of weight with no diet restrictions—except use of the plan's pills—was the subject today of a warning by the Deaf Smith County Chamber of Commerce.

The Chamber said the Council of Better Business Bureaus (CBBB), of which it is a member, has received hundreds of letters from consumers complaining that Anapax Products, promoter of the plan, cashed their checks, but failed to fill their orders, grant requested refunds, or acknowledge their complaints.

According to CBBB, Anapax did not respond to BBB inquiries sent to its address listed in its advertisements . . . P. O. Box 194, Ryder Station, Brooklyn, New York.

Although no information was provided, CBBB learned from the firm's incorporation papers filed with the state of New York that the president is one Theresa Nappi and the treasurer is Gerard Nappi.

On June 22, the case was turned over to the Post Office Department. In July, CBBB issued a report which concluded that, in view of Anapax's refusal to substantiate its claims, advertising of the product was not in the public interest.

On September 25, Anapax Products was charged with false and misleading advertising in a complaint by the Post Office Department.

In full-page magazine advertisements, Anapax claimed that its method was developed by a New York doctor, whose name was not disclosed, who "wrote that he helped 10,000 overweight men and women lose all the weight they desired. . . . No calories to count. They ate as much or more than ever."

"Government actions," says CBBB, "as well as scientific reports confirm that obesity is a complex health problem, especially if the amount of weight loss is more than 10 per cent of normal weight for the individual. Significant weight loss should not be undertaken without competent medical supervision, since the reasons for overweight may or may not be due to mere overeating."

"Advertising such as used by Anapax, which suggests losing weight is a relatively simple process and, particularly, that a substantial change can be achieved solely by use of such a formula, method or system, is not in accord with current nutritional views."

Types of buttonholes for different fabrics and styles of clothing were shown by Argen Draper, County Home Demonstration Agent, at West Hereford H. D. Club at a meeting Tuesday in the home of Mrs. Wes Bradley.

Mrs. Draper showed how some of the buttonholes were made as she discussed their use.

Miss Mary Bradley presided for business which included plans for a luncheon Nov. 24 in the home of Mrs. W. H. Awtry.

Other members at the meeting were Mmes. E. M. Cox, D. R. Grimes, D. W. Allmon, John Jacobsen Sr., Albert Farris, Roy Boyd, Robert Boyd and Miss Evelyn Bell.

Improved public health measures have encouraged a giant population explosion that threatens to outrun agricultural production in Colombia. The South American country's 21 million population will rise to 300 million by 1970 if the current trend continues.

LET'S COOK SOMETHING

Old-Time Pound Cake Is Man's Favorite

By SUE COLEMAN Women's Editor

When she makes her husband's favorite cake, Mrs. Charlie Burk uses an old recipe and follows it to the letter, weighing the ingredients instead of measuring them, beating it by hand instead of with the electric mixer.

THEN SHE BAKES IT in an electric roaster-oven, one of her most modern household appliances.

Perhaps this indicates an unwillingness to forsake tradition, or to be bound by it, as one characteristic of the ranch wife from northwestern Deaf Smith County.

Vivian and Charlie Burk are longtime (about 30 years) but not oldtime residents of the Bippus community, where their neighbors honored them at the annual Bippus reunion this year. The country was far past the pioneer stage when they built the comfortable five-room house that was their first home.

IT IS STILL their home, but with more rooms added several years ago. It is still set in a vast area of grassland, but now a part of that rangeland is under irrigation and growing crops. Burk is still principally a rancher, who does a little dryland farming to grow feed for his cattle, but the irrigation wells have added a new dimension to his work.

Mrs. Burk is pleased that the cropland is near enough to the house that growing green plants are a part of the summer view from her wide kitchen window, along with a part of the orchard, some pecan trees that she grew from the nuts, and shade trees she has set out and watered.

"I came from a place where trees grow wild out being watered, and felt I couldn't do without them here," she explains, "so I've been pulling a hose around ever since I got here!"

AS A RESULT, THE Burk place has grown so that she started from plants and cuttings brought from her native Denton County — a redbud tree, a mass of honeysuckle vine at a back window, a row of lilac bushes down the front fence — as well as a thriving orchard, a cluster of pine trees at one side of the house and some more-ordinary West Texas plants.

It wasn't only the treeless plains that were new to Vivian Burk when she came to this county just after her marriage; she had lived in cities practically all her life, and had to become accustomed to living more than 25 miles from town, several miles from her nearest neighbor.

Born on a farm in Denton County, she attended school in Denton, where her family moved when she was a small child. She went on to North Texas State University there, then

taught several years in Wichita Falls public schools before she married Burk, whom she had known since they were children, he is also a Denton County native.

HER MOTHER LIVED with the Burks several years, until her death in 1963. When she became ill and other members of the family came frequently to visit her, the Burks decided their house was too small and added a large den, kitchen, utility room and attached garage.

Because she likes to cook, Vivian Burk planned a kitchen and family dining area that is one of the most attractive rooms in the house, with a picture window that extends across the entire wall above her sink.

Her special pride is a small room opening from the kitchen between the range and a cabinet, a room which could be an old fashioned pantry to keep supplies, but is in fact a very efficiently-equipped work room where most of the meal preparation takes place.

"I LIKE TO WORK BY myself, and here I can do that, no matter how many people are in the kitchen," Mrs. Burk says. Cabinets from the old kitchen line one wall, with counter space beneath to hold cooking materials, and the utensils she uses most are hung conveniently on the opposite wall, in easy reach.

Cooking, specially baking, is her favorite household task, but she also likes to sew and makes dresses for a neighbor's daughters as well as for herself. Although she was a teacher of art in primary grades, she has never turned to art as a hobby.

"Since I stopped teaching it's never interested me; it's work," she dismisses that subject.

SHE ATTENDS BIPPUS Community Church and for about 15 years has taught the teenagers' class in Sunday School. For about the same length of time she has been a member of Bippus Home Demonstration Club, serving in its offices including that of president and representative to the County H. D. Council.

Giving her recipe for the old-fashioned pound cake, she suggests that it may be beaten at slow speed by an electric mixer

with sugar mixture and beat several minutes. Weigh and sift flour and add it gradually to the mixture, beating hard all the time. Continue to beat a few minutes, then bake in buttered and floured pan about an hour at 350 degrees.

MRS. BURK HAS ALWAYS used butter in this cake until she experimented lately with margarine, and now the Burks both think they prefer the latter. It makes a somewhat more delicate cake, but the butter does give it the distinctive flavor found in the real old-time pound cake like grand-ma made.

The cake may be iced with an orange or lemon icing, but is delicious without any topping.

Women's spring fashions come out about the same time that income tax goes in and neither seems to have any sympathy with a slim bank account.

Concert Performers, Visitors Entertained

Appearance of 36 appealing German youngsters here Saturday night in the first Community Concert program of this season was turned into a social occasion for several groups, as Hereford residents entertained the singers themselves and out-of-towners here for the concert.

Girls and boys of the Oberkirchen Children's Choir and adults traveling with them were taken on a bus ride Saturday afternoon for relaxation before they sang that evening in the high school auditorium.

Art Reinauer, teenage son of the Joe Reinauers, played host to the visitors, some of his age and many younger, showing them a cattle feeding lot and the cowboy attendants, and vegetable packing operations at the E. C. Reinauer Co. sheds.

Mrs. Joe Reinauer, president of Community Concert Association here, and Mrs. John E. Smith, learning that the choir members liked tea to drink before they sang and at intermission, prepared that drink backstage for them Saturday evening, then added cookies after the concert.

Out-of-city visitors were welcomed before the curtain was raised Saturday evening as Hazen Wood, public relations chairman, spoke for the Concert Association.

A number of CCA members came from Canyon, admitted to Hereford concerts in a reciprocity arrangement which took an equally large group of local members to the neighboring city for its first program recently.

There were also several from Amarillo, including Evelyn Wagner and Mr. and Mrs. Eddie Melin, who were guests of Mrs. Henry Sears. Residents of Dim-

Members of the local office who were honored were Alley, Duke Powell, branch manager trainee; Lupe Alvarado, credit assistant; and Patricia Selman, loan stenographer.

The Hereford office, along with the offices in Borger, Pampa and Amarillo, were the only SIC branches in this part of the nine-state operation area to receive special recognition.

Humorist Will Speak To AARP Jimmie R. Caddell, humorous speaker from Amarillo, will speak at an open meeting of American Association of Retired Persons tonight at 7 in the Community Center.

Caddell's talk will be entitled "His Experience in the Hospital." Bob Wert, First United Methodist Church choir director, will lead singing entertainment.

Persons 55 years of age and up may attend as a member or guest.

Local SIC Office Dinner Honoree

Larry Alley, Branch Manager for Southwestern Investment Company, along with the entire staff of the SIC Finance office here, were honored Tuesday at a company dinner in Amarillo.

The office here was presented a framed scroll of recognition by Creighton B. Lynch, SIC senior vice president from the company's headquarters in Amarillo.

Members of the local office who were honored were Alley, Duke Powell, branch manager trainee; Lupe Alvarado, credit assistant; and Patricia Selman, loan stenographer.

mitt and Friona, members of the Hereford CCA, were in the audience too. Guests of the Reinauers from Dallas were Dr. and Mrs. Lee Alexander and their daughter, Miss Linda Alexander.

After the concert Mrs. D. W. Palmer invited friends from Amarillo and Canyon, some of them faculty members of West Texas State University music department, to her home for an informal hour of conversation and coffee.

A few Hereford CCA members assisted in entertaining the visitors in the big living room where a hospitable fire blazed on the hearth. Mrs. Wendell Heine of Amarillo poured a coffee at the dining table, and a variety of sweets was served.

Leading actor and singer in the WTSU Opera Workshop show for the opening performance tonight will be Larry Kuper of Hereford, with the role of Falstaff in the comic opera, *Merry Wives of Windsor*.

**TWO CASTS HAVE** been designated for the production; the one headed by Jerry Doan of WTSU music faculty will perform Friday and Saturday nights. Staging will be in the Branding Iron Theater on WT campus.

Kuper has sung on many occasions here and appeared in high school musicals including the lead role of the cowboy, Curly, in *Oklahoma!* when he was a senior.

The part of Falstaff, the fat roisterer in Elizabethan taverns who was originally created by Shakespeare, is a classic comedy role on stages of England and America and will give the Hereford student a chance at broad comedy as well as singing.

**THERE HAS BEEN** a good deal of visiting by and with the Joe Reinauer family lately. First, Joe Jr. flew his parents to Dallas for a visit in the home of Dr. and Mrs. Lee Alexander, then the Alexanders' daughter,

Linda, joined them for a flight to California.

They visited Lieut. Jim Reinauer's family including the baby daughter, Lara, in Coronado, and went on to Santa Cruz where Violet Reinauer's mother, Mrs. Ray Miller, lives.

A day at Disneyland was included during their stay on the West Coast and there they saw the Joe Smiths, formerly of Hereford, Smith, who taught in Hereford schools, is now a teacher at Riverside.

The Alexanders were here from Dallas over the weekend as guests in the Reinauer home. Other recent visitors have been Mrs. Fred Reinauer Sr. of Oklahoma City and her daughter, Mrs. Jack Summers, who were house guests of the Eddie Reinauers.

**A FRIEND FROM** high school days, not seen for a long time, paid a visit to Delight Williams last weekend. She is Mrs. Hurl Churchill of Long Beach, Calif., who with her husband was enroute to Florida.

They stopped for a short visit with Judge Hank and Delight and the report is that there was a lot of "Don't you remember?" conversation and a lot of fun.

**FROM MRS. BILL BIVENS** of Tullia, a note says the Progressive Study Club of that city invites interested Deaf Smith County residents to its annual tea and home tour from 2 to 6 p. m. Tuesday.

## Questions About Social Security

(Have you a question about social security? Address it to: Travis C. Briggs, District Manager, Social Security Administration, 317 East Third Street, Amarillo, Texas. You will receive an answer in this column or by mail.)

**Q.** My husband passed away ten days ago. We were both receiving social security benefits under his number. Is a burial payment going to be made, and who will receive it?

**A.** Yes, a burial payment will be made, provided by husband's social security benefit was based on his being fully insured. The burial payment will go to you, if you and your husband were living together at the time of death. If you were separated due to marital difficulties, the payment will go to the funeral home, or if the funeral home has been paid, to the person or persons who paid the funeral expenses.

**Q.** My husband passed away several years ago. At the time of death, I received the burial payment. Since then, I have drawn a widow's check from social security. Will there be a burial payment made for me at my death?

**A.** If you have not worked long enough under social security to be insured under your own number, there will be no burial payment made for you. There can be only one burial payment made on each social security number, and that is made on the death of the wage earner.

## Taxes Here Are Below Average, Figures Indicate

Persons in this county paid less taxes than other Texas and other Americans, a national survey indicates.

On the basis of figures and data on Deaf Smith County from various sources, each person in Deaf Smith County paid \$250 in taxes in the past fiscal year to pay for state and local government.

The average elsewhere in Texas was \$276, which was \$33 more than in 1968. The tax load was \$271 per capita in the West South Central states as a whole.

The average in the United States — thanks to much higher tax load in the major metropolitan areas — was \$380 over the past year, about \$42 higher than the 1968 fiscal year and \$63 higher than the 1967 fiscal year.

The report reveals that the \$76 per capita paid by New York State residents was the highest in the country and that the \$221 in the State of Arkansas was the lowest.

The tax per person, for some-

one in this county is less than half that of someone living in New York.

Some idea of the extent to which state and local taxes have been mounting in recent years may be gained from the figures. They show that the total tax load in 1969 was \$84 billion, or 155 percent more than it was 10 years ago.

In Deaf Smith County, in the past year, the state-local tax burden came to approximately \$5,325,000.

The financial needs of local governments are rising relentlessly as the payrolls for public employees and the cost of materials, equipment, services and capital improvements continue to expand in line with price rises in other areas of the economy.

In some communities, the amount spent for local government operations is adequately covered by their revenues. In many others, however, it has been necessary to go deeper into debit financing.

As in every other section of the country, with the outlays for public services increasing year after year, the tax burden grows heavier.

The demand is for more police protection, better schools, improved health facilities, more roads and highways and a host of other needs and wants. All of which cost money.

A new regulation says employers can't bar anyone from a job because of age. We could be in for an outbreak of 70-year-old go go dancers.

# SCS Calls No-Tillage Farming Success, Plans More

ANOTHER ATTEMPT — On the C. T. and Donald Douglas farm west of the city, another attempt at no-tillage farming is being made as shown here where wheat has been planted on about 75 acres where corn has already been harvested.

No-tillage farming, tried locally on the Chester Wiggins farms west of Hereford, surpassed all expectations of local Soil Conservation Service officials and steps are already being taken to use the time-saving method in the production of other crops.

J. C. Brown, conservationist with the local SCS office, said the yield results of the grain sorghum into grain sorghum stubble experiment have been compiled and show a slight decrease in per acre yield over crops planted under normal conditions.

The no-tillage plot of land yielded an average of 7,477 pounds per acre as compared to a check plot which, under normal operations, yielded an average of 8,253 pounds per acre.

"This no-tillage program was strictly on a trial basis to see the possibilities of planting crops without preparation to save time, money and work," Brown said.

The grain sorghum crop was planted on the Wiggins farm on May 11 and after planting, Wiggins sprayed one time with a contact herbicide and weed control.

He also established a check plot to compare with the other no-tillage crop and the check plot was treated as it normally would have been. He carried out 12 operations on the check plot in getting the crop established and put down with 200 pounds of anhydrous ammonia and 250 pounds of 17-32-0 dry fertilizer.

Anhydrous ammonia was also used on the no-tillage plot, applied through the watering process.

Brown said the yield looked real favorable, especially since the test was the first attempt at no-tillage planting. However, he said, they ran into several problems during the course of the operation.

"We encountered irrigation problems due to the residue in the water furrows and there was quite a presence of volunteer sorghum," he said. "We also had some weeds that were not controlled, probably because of the late application."

Brown said with the success of the no-tillage trial, other crops in the area are being considered for the same operation.

## Sheriff Speaks Of Self Defence

Travis McPherson, Deaf Smith County Sheriff, spoke to Garden Beautiful members on Self Defense For Women at a Friday afternoon meeting in the home of Mrs. V. O. Hennon with Mrs. Roy Smith, as co-hostess. An open discussion period of questions and answers followed.

He said there have already been some cases where wheat has been planted over corn stubble and the idea of no-tillage is really catching on in this area.

Mrs. W. T. Weatherly, guest, was welcomed.

In business the group discussed its recent Tour of Homes and made plans to landscape Deaf Smith County Hospital grounds after construction is completed.

Members in attendance were Mmes. N. D. Bartlett, Tom Carter, Charlie Hood, Charlie Noland, Deward Roberson, Don Robinson, J. L. Woodford and T. E. Seigler.

## Folk Songs Are Heard By Club

Folk songs in the musical heritage of America were discussed in the program given for Music Study Club Monday afternoon. Mrs. A. O. Thompson, Mrs. W. T. Carmichael and Mrs. A. J. Schroeter were hostesses in Mrs. Tom Burdett's home. Members played and sang familiar songs derived from the various sources, cowboy, mountain people, Indian and Negro, which were listed by Mrs. Wesley Fisher in her introductory talk, Folk Music: From the Soul of the People.

She said that a true folk song must be typical of a people and part of their daily lives, and that Indian music has not survived in America except as the basis for more advanced compositions evolved by such composers as Macdowell.

Effect of the Negro with his African origin on American music, especially in the spirituals, was surveyed and works by Stephen Foster and George Gershwin were cited as showing that influence.

Mrs. Judson Nowotny sang Down in the Valley and He's Gone Away accompanied by Mrs. Ellis Coombes, pianist. A duet, Come Where my Love Lies Dreaming (Foster) was sung by Mrs. Carmichael and Mrs. Dale Young with Mrs. Schroeter at the piano.

Mrs. J. C. McCracken and Mrs. Clifford Trotter played an old dance tune, Skip to My Lou, as a piano duet and another, I Got Rhythm (Gershwin) was presented by Mrs. Wayne Thom-

as and Mrs. Burdett. Also by Gershwin, Summertime was sung by Mrs. Mack Cansler, accompanied by Mrs. Joe Hacker. Mrs. D. W. Palmer directed the club chorus which sang Foster's Beautiful Dreamer, with Mrs. Bill Penn accompanying. Mrs. Buddy Peeler was leader and Mrs. Hacker pianist as the club sang the Hymn of the Month chosen by the National Federation of Music Clubs, We Gather Together.

This hymn, often heard at Thanksgiving, recalls perils and affirms the prophetic faith of the Bible that God cares for his people even as he punishes their sins, Mrs. Peeler said. She termed the final stanza "A glorious psalm of praise, rising to a climax in the prayer, 'O Lord, make us free!'"

In a business meeting members voted to contribute to the club scholarship fund instead of exchanging gifts at Christmas. Mrs. Carmichael and Mrs. Thompson gave reports on the recent convention of District I, Texas Federated Music Clubs, which they attended at Gruver.

## Inside WASHINGTON MARCH OF EVENTS

GRAND JURY PROBING FORMER CONGRESSMAN CIVIL SUITS FILE UP FOR EX-IOWA PASTOR

By HENRY CATHCART Central Press Washington Correspondent

WASHINGTON—There is a great personal tragedy behind the federal grand jury probe into the business affairs of former Rep. Merwin Coad, an Iowa Democrat and ordained minister who served in the House between 1956 and 1962.

Sixteen years ago the pastor of Central Christian Church in Boone, Iowa, became the first Iowa Democrat to win election to Congress since 1940.

Coad was only 32. He was a personable fellow who had parlayed work in his church, Kewanee, the Jaycees and the Iowa Society for Crippled Children and Adults into a promising political career.

All this suddenly ended in June of 1961. The Iowa congressman established residence in Alabama so he could obtain a "quickie" divorce from his wife and mother of his four children.

Later that month he married the 26-year-old ex-wife of his administrative assistant. Promptly the new Mrs. Coad was placed on the congressman's payroll at a salary of \$12,517 a year, the highest paid "aide" in Coad's office.

The congressman had the good sense not to allow voters back in Iowa the chance to respond to his behavior in Washington. He did not seek re-election and left Congress at the end of 1962.

HEAT BUILDS UP—In the summer of 1963 Coad was discovered on the payroll of the Agency for International Development as a \$75-a-day "consultant." He was one of several former congressmen who had found comfortable slots in the federal bureaucracy, thanks to friends in the Kennedy administration. But with Coad's questionable record, Republicans began gunning for his resignation. The heat was too much for the administration to stand. In early fall Coad was allowed to resign, before he was fired.

# Children's Choir From Germany Opens Community Concert Season

Responding to repeated applause by singing an encore, Dixie — with a German accent — Oberkirchen Children's Choir charmed Community Concert Association members with a varied program in the high school auditorium Saturday evening, opening a new CCA season.

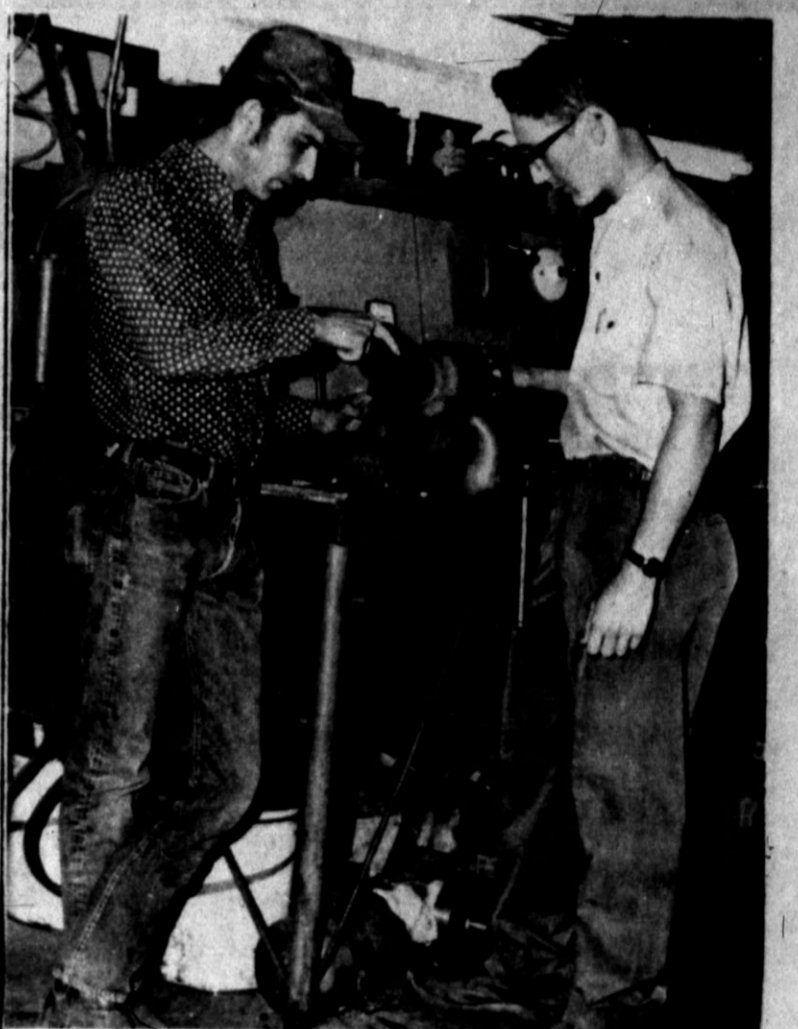

Fresh faces and bright peasant costumes of the 36 singers, who range in age from mid-teens downward, and their poised onstage caught the attention of the audience, which was soon as much impressed by their disciplined musicianship.

They sang a group of German art songs and ballads, one in English, before intermission, when they gave their encore rendition of the lively southern song. Afterwards, the program was made up of folk songs, grave and gay, from their own and other countries.

They closed with two religious songs, then an encore sang the familiar Lullaby by Brahms and the song which was written for them and which became a popular hit, Happy Wanderer.

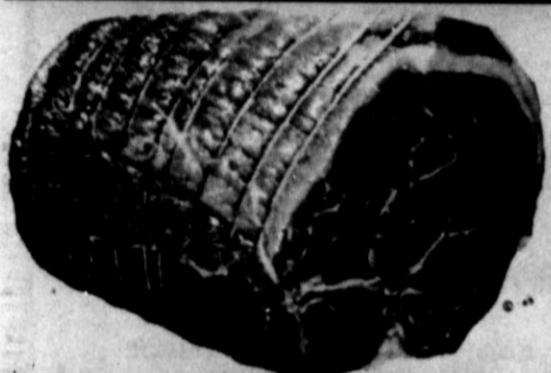

Next program scheduled for Community Concert members here will be in February by a pair of folk singers, Arliss and Crofut, Pianist Don Shirley is to bring his instrumental ensemble here for the spring concert in early March.

# Generations Clash

Keeping up to date with turmoil within the Catholic Church! At the Deaf Smith County Library this week is a story of clashes between generations and how the Catholic Church is involved. Check it out today.

**THE SANDBOX TREE**  
By Thomas Fleming

Angry fathers, hurt mothers, sons and daughters tormented by doubt and hostility — the Sandbox Tree could not be more contemporary. Yet the book is set in 1948 and the narrator describes himself as a "historian writing as a novelist." In this, his sixth and most ambitious novel, Thomas Fleming blends his talents to tell a story that can become an American classic.

Like the sandbox tree, whose fruit explodes at a certain point of ripeness, innocent, obedient Margaret Connolly, rebellious Faith Kilpatrick — and the whole city in which they live — are trembling on the brink of a new life, new consciousness. For their generation, the ghetto world of American Catholicism no longer makes sense.

But there are no simple solutions for those who must cope with historic turning points. Margaret is passionately drawn to Dick Thornton, a protestant who is in turn struggling to escape from another kind of ghetto — the small town of his birth. Bitter ex-Catholic Larry Donahue becomes both Faith's lover and merciless inquisitor.

Watching, and often tensely participating in these two love stories, are parents and grandparents, with their own values. As in our own decade, they too are divided. But for Faith's father, Judge James Kilpatrick, Chief Justice of the state, the anguish is especially acute.

He sees in Margaret the lost innocence of another Margaret, the woman he had made his mistress, and in Faith the dangerous logic of his own rebellion against Catholicism. Blending comedy and tragedy, the Judge thrashes in a web of compromises created by his mordant realism and his ironic idealism.

The Sandbox Tree brilliantly illuminates the roots of the current turmoil within the Catholic Church. For those who want insight and perspective on clashes between the generations, it is as relevant as tomorrow's newspaper. But it also never ceases to be a moving, dramatic story infused with the narrative power that has been the hallmark of Thomas Fleming's novel.

## Judge Not

St. Matthew warned us against judging others. We may look contemptuously at our neighbor, our competitor, but we must not judge him. We may even point a finger, but God strongly warned against it. "Judge not, that ye be not judged. For with what judgment ye judge, ye shall be judged: and with what measure ye mete, it shall be measured to you again" (Matthew 7:1-2). God cautioned us well. It could not have been spoken more plainly. He urged us to obey His word. He even called accusers, hypocrites, and demanded that they rid themselves of all judgment acts.

God tempers justice with mercy, but He will not hold him guiltless who commits a judgment sin.

Too often transgressors resent the kindly judge who sits in court to serve his country and his God. But the bar of justice is broad and God's mercy is not strained. His judgment, not ours, must prevail. For it is written that we must pay for our error. We must face our record in court. But those who attend church more, go to court less.
