

City Braces For Mammoth July 4 Celebration

By BETTY KOELZER
Staff Writer

Hereford will celebrate the 194th birthday of the United States' declaration of independence Saturday in the "Honor America Day" theme to be used throughout the nation.

A mid-morning parade, a patriotic community program on the courthouse steps, and a noon barbecue will set the pace for the mid-summer holiday weekend.

July 4th Events

9:30 a.m. - Parade forms at 5th and Main.

10 a.m. - Parade begins.

11:30 a.m. - Community ceremony begins on courthouse steps.

12 noon - Program concludes with bell ringing around town.

12-2 p.m. - Oasis Shriners' barbecue at the Bull Barn.

8:30 p.m. - Knights of Columbus barbecue supper and dance at K of C Hall.

No Fireworks

City ordinances prohibit sales, distribution and shooting of fireworks within the city limits, reminds city manager Dudley Bayne.

Penalties for each violation may be up to \$300 per day says Bayne.

Band To Practice

Members of the high school band, including new sophomores, who wish to play in the July 4 celebration with the band will rehearse in the Hereford High School band hall at 8 p.m. today.

KC Supper Sat.

The Knights of Columbus will serve a barbecue supper Saturday evening, to be followed by a dance.

Members and their guests will meet at the Knights of Columbus Hall on Country Club Drive at 8:30 p.m. for the activities.

Admission for the supper and dance is \$4 per couple.

Close Friday

Saturday, an official holiday, will find a number of Hereford's businesses closed for the weekend.

City, county and utilities offices will take Friday as the first day of the long holiday weekend.

The two banks of the city will be closed Saturday, as will post office window service and deliveries.

Grocery stores about town will remain open for usual Saturday shoppers.

Legion Has Flags

The American Legion has American flags to sell, spokesman for the organization said this week.

Street size flags, three by five feet, cost \$3 and the pole

See EVENTS on Page 2

No fireworks display has been planned for Saturday evening, but the Knights of Columbus will serve a barbecue supper, to be followed by a dance at the KC Hall.

The idea for the parade was created June 15 during a gathering of Elks Lodge members. Richard Reich, traffic manager at Wilson Beef and Lamb Company, worked with parade committees in Chicago before moving to Hereford in January of this year.

Consequently, Reich was named marshal of the Hereford parade, and has aligned 37 groups to march in Saturday's procession.

A prize will be given for the youngster with the best decorated bike in the parade, Reich said.

These groups will form at 9:30 a.m. Saturday at 5th and Main, on the First Baptist Church parking lot, where the parade committee will set stakes Friday evening to designate the meeting places for the various groups.

Starting at 10 a.m., the parade will be led and followed by police escort, as the assembly marches south down Main Street to Second Street, turning left to Sampson Street. Turning left again onto Sampson, the parade will proceed until it reaches the west side of the courthouse.

The community ceremony will begin at 11:30 a.m. on the south steps of the courthouse. Instituted in 1964, it has continued each year since with interested citizens of the city participating in the program.

The American Legion and VFW will provide the color guard for the event. The high school band will play, as will the bell choir of the First United Methodist Church. Rev. C. W. Allen of St. John's Baptist Church will give the invocation.

Boy Scouts and Campfire Girls each will carry a small flag to show patriotism to the country.

Connie Goeringer will serve as master of ceremonies for the program. Bill Devers, Jim Sears, Mal Manchee, Kevin Young, Dale Young, Noe Salinas, David Thomas, Pete Nash and Darrell Rose will read excerpts from historical speeches.

A community choir, under the direction of Jim Hannaford, will sing.

The program will climax at

BULGING TIERRA BLANCA — The three-day accumulation of rain filled the Tierra Blanca Creek to overflowing Wednesday. The creek almost touches the bridge on the No. 3 hole at John Pitman Golf Course. The creek, 50 yards wide in some places on the course, made play impossible on No. 1, 6 and 9.

Gentle, Lingering Rain Breaks Drouth

Smarting from an over-dose of drought this year, Deaf Smith County received a thirst-quencher this week when rain soaked the county for three consecutive days.

Mild, gentle rain was the order of the week as it began falling late Sunday and continued intermittently through Tuesday night. As much as 2.5 inches was reported in some areas near Hereford, but the majority of the area received a "well-balanced" amount.

"It was quite general here and all over the county from what I hear," said H. L. Hershey, near the Dawn community.

"We received 1.6 inches over the three-day period, with most of it falling Monday night," Hershey said it was gentle rain with no hail or high winds. He said though the clouds looked as if they might be windy, there was very little accompanying the rain.

"The milo is planted in this area and the rain will be a wonderful boost."

Approximately nine-tenths of an inch was received at Com-

munity Grain south of Hereford, according to Gene King, manager of the elevator.

King said the rain was "pretty spotted" with some places reporting one-half inch and others nearby reporting as much as 1.75 inches. He said

most of the rain fell Monday night early.

As far as the crop situation is concerned, King said, that for all "practical purposes, the wheat is in with the exception of two or three farmers."

Phillip Miller, in the northwest part of the county, re-

ported about 1.75 inches of rain over the three-day period. This brought the month's total to 2.10 inches.

Miller said 7.1 fell late Tuesday night and early Wednesday morning, but the 36 that fell in the early morning could not be counted for the June total.

County Begins Distribution July 14-15 Of Free Food

BY MARSHALL DAY
Staff Writer

The commodity distribution program for low-income families will begin distributing commodities on a twice-a-month schedule beginning July 14.

Mattie K. Robinson, program coordinator, said the distribution office at 108 Ave. E will be open twice a month, two days at a time, for distribution purposes. The office will be open five days a week for ap-

plication screening but will be closed on the final two days of each month so books may be balanced.

Mrs. Robinson said persons will be unable to make application for the program on the days

Growers Discuss Vegetable Market In Meet Today

Area vegetable growers will meet at the Community Center today to discuss "improving vegetable markets and making them bring more money."

The meeting, according to Don Shipley, a director of the newly formed Texas Vegetable Marketing Association, is scheduled to start at 8:30 p.m.

"About a month ago, we held a meeting and elected officers and directors and received our charter as the Texas Vegetable Marketing Association," Shipley said.

The formation of the association was a result of work in the past several years by the Texas Vegetable Council to organize such a group to "get the vegetables marketed more effectively."

Since the Panhandle is the major vegetable-producing area in the state, Shipley said, the organization was formed here.

"We expect, as we grow, to get a central office located here," Shipley said.

He said the association has been signing up members for the past month, since they received their charter, and more are still joining.

"We don't have a whole lot of members, but we are growing," he said.

Tonight's meeting will be for informational purposes only and all interested vegetable growers are invited to attend.

on which commodities are being distributed.

"Distribution will begin Tuesday, July 14 and will be done the following day for persons living east of U.S. 385. On July 21 and 22, persons living west of U.S. 385 will be able to pick up their commodities," she said.

Mrs. Robinson set the following schedule for the following months:

Aug. 18 and 19, east of U.S. 385; Aug. 25 and 26, west of U.S. 385.

Sept. 15 and 16, east of U.S. 385; Sept. 22 and 23, west of U.S. 385.

Oct. 13 and 14, east of U.S. 385; Oct. 20 and 21, west of U.S. 385.

Nov. 17 and 18, east of U.S. 385; Nov. 24 and 25, west of U.S. 385.

Dec. 15 and 16, east of U.S. 385; Dec. 22 and 23, west of U.S. 385.

"People holding cards should call for their commodities on the dates specified," Mrs. Robinson said.

Cards will be issued to applicants after their forms have been checked and cleared. Persons seeking assistance under the program will apply for such and will be asked to fill out application forms. These forms will be checked by Mrs. Robinson and her assistant, Nell Williams, and if the family qualifies, a distribution card will be presented to them.

The card will be dated each month a person picks up his allowed amounts of commodities.

"If a person misses two pick-up dates in a row, they are automatically cancelled from the program," Mrs. Robinson said. "They can re-apply, but they must be re-certified before they can begin receiving commodities again."

No issues will be made at any other date during the month if a person misses a distribution date, Mrs. Robinson said.

Pioneer Gas Gets Approval For Rate Hike

By CHARLES RICHARDS
News Editor

Hereford area residents will be asked in the near future to pay more for their natural gas service.

The Texas Railroad Commission granted on Tuesday a 14 per cent increase in the amount Pioneer Natural Gas Co. can pay for its gas from gas suppliers.

In turn, Pioneer Natural Gas Co. will go individually to city councils in Hereford and about 60 other West Texas cities it serves and ask for a rate increase because of its higher expenditures for the gas it buys and because of its own higher operating expenses.

Bob Mills of Amarillo, director of public information for Pioneer Natural Gas, said Wednesday the company sought approval to pay a higher wholesale rate for natural gas because of a competitive situation that made it increasingly more difficult to get the gas. Other companies, he said, are paying more and in turn, transferring the natural gas to the east coast and elsewhere.

The increase in the price Pioneer can pay for its wholesale gas-raised Tuesday to \$3 from 26 cents per 1,000 cubic feet—will eventually affect all

the cities it serves except for Amarillo, which is on a different type set-up, Mills said.

"Now Pioneer needs to go before the individual city councils and try to get the increase in local rate," Mills said. "The company will have no further comment until we have had a chance to study the complete order from the commission. Any figure (on local rate requests) we would quote now would be a total guess. We can't arrive at this until we've had a chance to study the order more fully."

Pioneer made its request to the Railroad Commission last Oct. 9, and City Manager Dudley Bayne and officials of other cities across the area fought the proposed increase, appearing before the commission in opposition.

"Their first request was for 36 1/2 cents," Bayne said Wednesday. "If they had got that, they really would have hit us for a loop."

Bayne said he expects the gas company to come before the City Commission with its request for a local rate increase "within a year."

In any instances where city commissions refuse to go along with the increase proposal, Pioneer Natural Gas can appeal to the Railroad Commission.

In granting the wholesale gas price increase, the Railroad Commission took note of what is called a "unique" feature of

Screening Board Plans Interviews For Juvenile Job

The screening board appointed to review applications for the post of a county juvenile officer decided Tuesday night to delay further action for "about two or three weeks."

Lowell Sharp, chairman of the seven-man screening board, said another meeting will be called in the next couple of weeks so the board may conduct personal interviews with the six applicants for the job.

"We will possibly have all the applicants meet with us individually on some night, and we will conduct our interviews," Sharp said.

Seven applications were originally submitted to the board for consideration, but it was found that one applicant still had military obligations.

The board met June 23 to consider the applications and to discuss salary, qualifications and responsibilities of the proposed juvenile officer.

They delayed making a decision at that time on the applications, because they felt more would follow.

Accident Monday Injures Two

A 16-year-old Lubbock girl and a 25-year-old Hereford woman received minor injuries in a two-car accident Monday afternoon near the intersection of Union and Ave. F.

Mary Helen Torris, 16, and Audella Rocha, 25, were treated and released at Deaf Smith County Hospital following the accident.

Mrs. Rocha was traveling east on Union and apparently lost control of her vehicle. The 1964 Oldsmobile she was driving hit the rear of a parked car belonging to Frank Ramirez.

Damage to the Rocha vehicle was estimated at \$300 and damage to the Ramirez car was estimated at \$700.

Officers issued a citation for hitting a parked car and for driving without a driver's license.

Mrs. Lloyd Bentsen

Candidate's Wife, Mrs. Bentsen, Stops In City

Mrs. Lloyd Bentsen, wife of the Democratic nominee for the U. S. Senate, visited with Hereford women at the Country Club Wednesday during a 30-minute stop-over while travelling the Texas Trails.

Mrs. Bentsen, who has been campaigning for her husband by travelling the trails developed by the Texas Tourist Development Agency, continued to South Plains College in Levelland after the reception.

Other stops in the tour covered a vast area of the High Plains region of Texas.

Mrs. Bentsen was accompanied by her press secretary, Kelle Snyder.

"I hope that I'm helping further my husband's campaign," she commented. "That's what I'm working for. It's an age of television but I wouldn't take anything for the chance to travel around meeting voters face to face, getting to know them, letting them know that we are interested."

Building Permits Show Sharp Rise

Building permits for June jumped more than \$50,000 from the previous month, but the six-month total for this year remained considerably below the total for the same period in the previous two years.

Some 20 permits were issued during the month of June totaling \$251,700. The June total was up from the May total of \$197,575.

Henry Benson, at the city tax office, said although the total for the month was up over the previous month, the year's total is still down over the past two years. He said the number of permits for construction of residential homes is up for this time of year, but the homes being constructed are not of the top quality type.

"The main reason for the increase in the construction of residential homes," Benson said, "is the loosening up of Federal Housing Administration money."

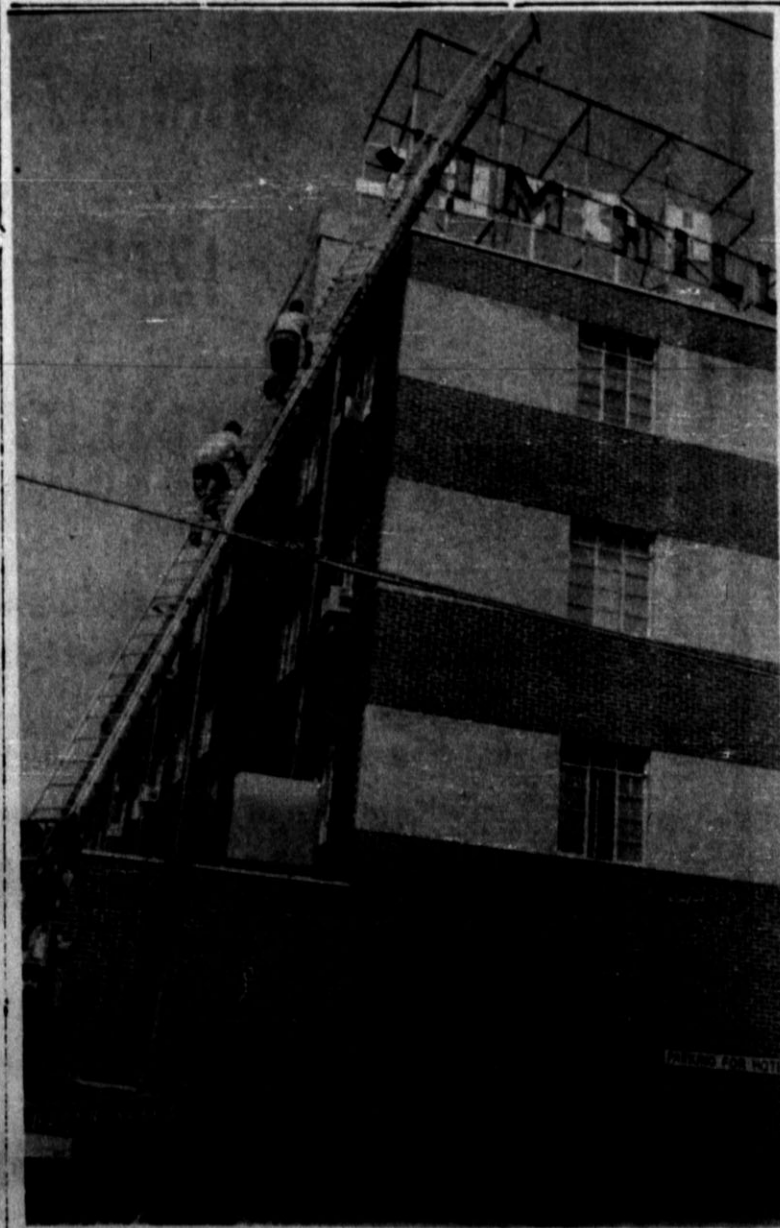

Benson said the tight money situation has provided homes that are not "real nice, but adequate because there are more buyers for this price-range homes."

During May, 16 permits were issued, and during June, 20 permits were issued. One-half of May's total permits were for the construction of homes but in June 13 of the 20 permits were for erection of residences.

Three in June were for moving mobile homes into Hereford, on for construction of 10 3,000-bushel grain bins, one for moving a residence into Hereford, one for erecting a garage and one for adding onto a home.

The largest permit issued during the past month was for \$38,000 for the construction of a house.

Total building investments for the first six months of this year have reached approximately \$2 million.

Household Hint

Oil paintings develop a dirty film in time. If you have a good oil, brighten it up by gentle sponging with mild soapuds. Don't let the canvas get soaked just wipe the surface clean.

JERSEY MIDI — Marshall Klugman uses the softest matte jersey in bright red for a gently smocked midi-length skirt and peasant blouse for STJ's collection.

LAFF - A - DAY

"Would you take over for a minute? I'd like to go outside and let out a healthy scream."

Walcott Voters Elect Board, Set July 16 Tax Election

Voters in the new Walcott Independent School District will decide July 16 whether to authorize their seven-man board of trustees, also new, to establish a tax rate to operate the school. Residents in the western portion of Deaf Smith County voted by an overwhelming 66-1 margin Friday to become an

independent school district instead of the common school district they have been in the past.

As an independent school district, Walcott will have the right to assess its own taxes, instead of operating on county funds, and that authority will come in the July 16 vote.

The school board was named by write-in votes Friday, concurrently with the other election. The area residents elected Elmo Hall, Jim Monroe, Ernest Brown, Buel Monroe, Richard Fortenberry, Edgar Hartley and Willis Duggan.

The board members will serve in its organizational meeting and chose Hall as president,

Monroe as vice president and Brown as secretary.

The board members will serve staggered terms.

Increasing costs for operating the school, which employs five teachers and a principal, were threatening the likelihood it would have to be closed.

About 100 students have been attending the school, which is open for grades 1-8. High school students have been going by bus to Hereford High School. The threatened closure would have meant elementary and grade school students also would have gone by bus daily to attend Hereford schools.

Hall said the area residents showed by their vote they are in favor of paying taxes to maintain the school.

"My children would have to go 50 miles to attend school in Hereford. This is true of many families," Hall said.

Shriners, or at the door. Some of the businesses about town that have available tickets are Jones Texaco, Hanna's Coffee Shop, Sonny's Mister Shop, Harold Close Drug and Dandy Don's Drive Up Grocery.

Events

(Continued from Page one)
costs \$1.

Anyone interested in obtaining one of the flags for the July 4 holiday may contact Ira Ott, 364-0588, or Grant Hanna, 364-5632.

Shrine Barbeque

The Oasis Shriners, with approximately 100 members in the local organization, will conduct their one fund-raising event of the year on Independence Day.

The group's second annual barbeque will begin at 12 noon Saturday at the Bull Barn and end at 2 p. m. Seven hundred fifty persons attended the first barbeque last year.

Jim Easley will direct the cooking of the meat for the dinner and chairman of the other foods are Grant Hanna and L. J. Clark.

Robert Wagoner, Reagan Looney and Pete Caviness, donated the three beefs to be used.

Tickets, \$1.00 for children and \$2.00 for adults, may be purchased from any of the

mcf for the next 500,00 cubic feet; and 27 cents per mcf for all over 1,000,000 cubic feet.

The form any request for a local rate increase would take is uncertain. It could concern all of the various stages in any rate category, or the company might ask that the minimum stay the same and that higher rates be assessed as the use increases.

Farmers Begins Receiving Checks

Farmers in Deaf Smith County today will receive their first payments under the 1970 wheat,

feed grain and cotton programs. After the first groups of payments today, additional checks will be distributed as fast as farmers can certify compliance with program requirements and the government can process the farm records and send the checks to Hereford.

Most payments should be completed by mid-August, if farmers who signed up will complete the necessary certification indicating that they have complied with all of the program provision.

payments are designed to compensate him for these voluntary contributions toward a more stable farm economy and a better environment," Bezner said.

In recent years, the U. S. Department of Agriculture had advanced partial payments to farmers during the spring sign-up period for the feed grain program only. The balance of the feed grain payment, and cotton and wheat payments were generally made starting in late July and continuing through August and September, or later.

"Because of budget restraints, partial payments could not be made this year. However, the Department made a commitment to farmers that full payments would be made as early as possible. That commitment is now being fulfilled."

City

(Continued from Page one)
noon with the appearance of the "Spirit of 76" fife and drum trio, dressed in uniform, which will accompany the crowd in the singing of the Star Spangled Banner.

The Kiwanis organization, under the direction of Calvin Goodin, will place the Lion's Club's folding chairs on the courthouse lawn. Stan Knox will provide the public address equipment.

Alex Glass heads the planning committee for the program, assisted by Rockey Lee and Miss Ann Pritchard.

The Oasis Shrine barbeque, at the Bull Barn, will follow the community ceremony.

Reich gave the following order for organizations marching in the parade: color guard, high school C. A. P. band, Mayor Jim Sears, Elks B. T. O. E.,

Women's Pioneer Club, Noon Lions Club, Evening Lions Club, Kiwanis Club, Rotary Club, Women's Study Group, American Legion, U. S. Navy float, U. S. Army float, V. F. W., Masons, Knights of Columbus, Boy Scouts, Cub Scouts, Campfire Girls, Hereford Fire Department, Hereford Truck Terminal float, Deaf Smith County Museum ice wagon, Federated Woman's Club, Lone Star Club, Hereford Garden Club, Daughters of the American Revolution, U. S. Air Force, Holly Sugar union, Spanish-American, high school cheer leaders with the victory bell, American Red Cross, Easter Lions Club, Dawn Lions Club, Newcomers Club, Hereford's Our Little Miss, Parade Marshal Reich and assistants Fred Cooper, Bob Emery and Dr. Tom Mercer, Waiting Wives Organization, Hereford Riding Club, Summerfield Riding Club, and decorated bicycles of any interested youth.

CARD OF THANKS

Don't forget the 4th of July program at the courthouse Saturday and be sure to go on down to the Bull Barn following the event for the big Oasis Shrine Club barbecue.

Proceeds from the barbecue will be used to further work of the children's clinic. Not only will you be helping a good cause, but you'll enjoy the barbecue.

—HB—
Herman Ford, who has just returned from a 30-day excursion to California and Hawaii, says the most beautiful place saw during the entire trip was 103 Elm Street. "It sure was good to get home".

Being a little smarter than some of us, Herman made arrangements for lawn care while he was away so he didn't have to face foot-high grass upon his return.

—HB—
The Easter Lions Club will be hosting a pancake supper July 10th at the Easter Community building with all proceeds of the affair going to the Bill Bolinger family who lost their home and all their furnishings in a fire last week.

There will be no ticket sales for the pancake supper. It will be strictly on a donation basis and the Lions hope to have a lot of hungry people out.

The supper will begin at 7 p. m.

John Smith is president of the Easter Lions and plans to be on hand to take your money.

—HB—

John McCleskey, who has just returned from a vacation trip to California, brought us a copy of a little advertising sheet published in Floydada, Texas in 1936 by Mrs. McCleskey's brother. And if you don't believe inflation has caught up with us, you should read some of the prices in the ads. For instance, one cleaning shop advertised the cleaning and pressing of suits for 25 cents while another offered to clean 2 suits for 40 cents. Men's work shirts were on special at one dry goods store for 39 cents and pure silk semi-fashion hose were on sale for 25 cents a pair.

However, the ad that caught our attention first was the one for a 5 room frame house with bath, garage and outbuildings, "well located" according to the real estate firm. The price was \$1,300 with \$130.00 cash down payment and balance at \$13.00 per month.

At today's standards, that would be dirt cheap, but we can still remember how hard it was to earn \$13.00 back in 1936.

We believe it's better like it is today.

—HB—
The rainfall received earlier this week not only cooled off the temperature, but it has apparently made a lot of farmers (and others) happy. Fortunately, almost all of the wheat had been cut before the rains started and we doubt that any other crop would have been damaged by the rains. And we know that a lot of homeowners will appreciate not having to water the lawn for a couple of days. That gets to be a chore when the temperature ranges around the 100 degree mark every day.

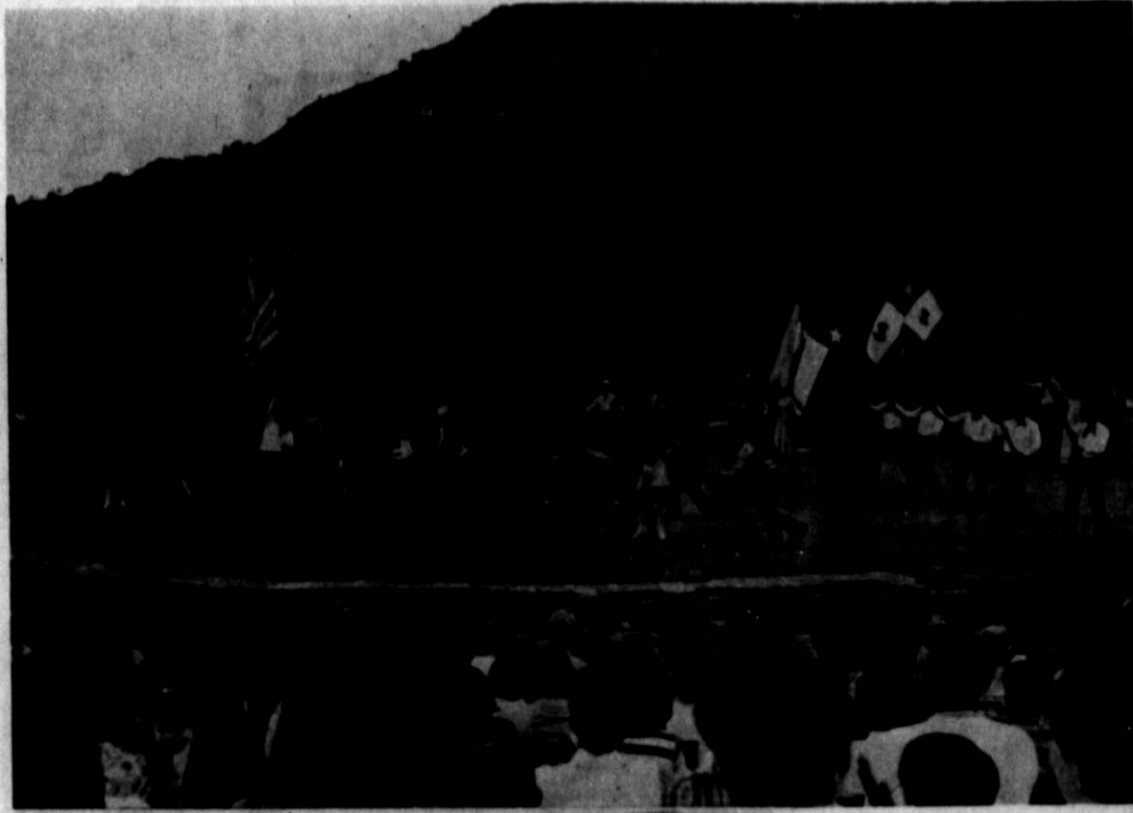

Incidentally, if the grass is greener on the other side of the fence, you can bet the water bill is higher too.

—HB—
Potatoes, onions and other crops are looking great and from the reports we've had, this may well be the year for both crops. Quality, quantity and price. We hope so.

—HB—

And then there's the story about the three Chinese gentlemen who visited the local bar. The first ordered a Mai Tai sour, the second a Honey Wong on the rocks. The third however declared "nothing for me, thank you. I'm pulling the rickshaw."

REQUIRED READING
SAN FRANCISCO — Rock music finally has become an accepted art form. Ralph Gleason's book, "Jefferson Airplane and the San Francisco Sound," is listed as required reading for the San Francisco Institute of Art's class of mass media and communications.

OPENING NIGHT AT "TEX-AS" — The show in the open air theatre at Palo Duro opened Friday evening to a large crowd. The upper photo is the opening scene; shown in the lower photo, front row, far right, is Hereford's Larry Kuper, playing George Hicks. Kuper is also an alternate in the male quartet. Kuper's parents, Mr. and Mrs. Henry Kuper, live in the Summerfield community. —Photos by Betty Koelzer

Specialists Gather Future Data

Teams of economists and business administration specialists from nine Texas colleges and universities are gathering information from across the state for possible help in planning a sound future for private and public agencies, institutions, business and industry.

Six members of the Texas Tech team are conducting in-depth interviews with executives in construction, services and wholesale and retail trade. The data gathered by this and the other eight teams will be processed for use in providing a sound basis for future planning.

The area included in the Tech team's map covers 56 counties from the Oklahoma Panhandle on the north to the Pecos River on the south—from Darrouzett to Fort Stockton and from Muleshoe on the west to Dickens on the east.

National input-output studies have been made, and several other states have completed their own surveys, but Texas is the first to develop regional projects which will provide a picture of economic relationships within regions and inter-regionally.

Institutions other than Tech participating in the study are the Universities of Texas at Austin, El Paso and Arlington, Hardin-Simmons University, Texas A & M University, Pan-American University, the University of Houston and Lamar State College.

The loftiest location in the United States is Mt. McKinley in Alaska, with an elevation of 20,320 feet.

Look Who's New

Mr. and Mrs. Charles Sellers are the parents of a son, Casey Dean, born June 29. He weighed 8 lbs. 4 oz.

Mr. and Mrs. Lonnie Shelton are the parents of a son, James Brian, born June 27. He weighed 6 lbs. 6 1/2 oz.

Mr. and Mrs. Francisco Bravo are the parents of a daughter, Olga Elena, born June 27. She weighed 7 lbs.

Federation Luncheons Announced

The 1970-71 schedule for the Deaf Smith County Federation of Women's Club meetings have been announced, according to Mrs. H. E. Miller.

The meetings will be covered dish luncheons at 12:30, all held at the Community Center.

Hostess clubs for a luncheon Sept. 29 will be Bud To Blossom Garden Club, Music Study Club and La Affiliatus Estudio Club.

Hostesses for the Jan. 29, 1971 meeting will be Summerfield Study Club, Hereford Garden Club and Hereford Ceramic Club.

The meeting April 29, 1971 will be hosted by Lone Star Study Club, Pioneer Study Club and Garden Beautiful Club.

More than 5,000 watershed lakes and reservoirs have been built by local communities with the help of the United States Department of Agriculture's Soil Conservation Service in the past 15 years.

...without army, or navy, or air force.
Thirteen small struggling colonies set themselves against imperial might, and they won. Led by men of character, devotion, courage and high ideals, the men of Valley Forge won our Independence, our Fourth of July. They were lovers of Liberty and of God. But our freedom did not come easy. God bless the memory of those historic patriots who laid everything on the altar for their country... their lands, their homes, their families, their very lives. Are we worthy to 'follow in their train?' Just what are we paying for this rich inheritance? Let us bow, on this Fourth of July, in devout gratitude. Let us help make "Christian America" truly Christian, more loyal and more Godly.

Welch-Petree Marry In Garden Ceremony

Mr. and Mrs. Lenney Ray Petree are now at home in Hereford after a honeymoon trip to Santa Fe and Cowles, N. M. They were married recently in a garden ceremony at the home of the bride's parents, Mr. and Mrs. Louis Welch of Friona. The bride is the former Myra Jan Welch. Petree is the son of Mr. and Mrs. G. W. Petree, 213 Ave. K. Bill Gipson, pastor of Sixth Street Church of Christ in Friona, officiated for the double ring service.

An arch of greenery and yellow chrysanthemums with flanking candelabra marked the place of ceremony in the garden. White silk ropes tied with yellow satin bows lined the bridal aisle down which Mr. Welch escorted his daughter.

The bride was attended by Mrs. Billy Frank of Amarillo as matron of honor and bridesmaids were Miss Gay Welch of Friona, sister of the bride; Miss Judy Self of Denver City and Miss Shelley Brown of Fort Worth, the brides' cousin.

Sid Shaw of Hereford was best man and groomsmen were Gary Crume and Karl French of Hereford and Billy Frank of

Amarillo. Ushers were Jay Potts and Larry Bain. Roline Petee, sister of the bridegroom, was flower girl and the bride's brother, Lynn Welch was ring bearer.

Mrs. Roy Miller, organist, presented a program of nuptial music and played the traditional wedding marches.

Candelight silk organza over peau de sole made the formal gown and chapel train of the bride. The empire bodice was overlaid with peau d'ange lace which formed the high Victorian neckline. The full lace sleeves were caught at the wrist by scalloped lace cuffs and the A-line skirt cascaded into a scalloped lace hemline. A camelot cap of lace held her bouffant veil of silk illusion and she carried a bouquet of stephanotis centered by a cattleya orchid.

Her only jewelry was a wedding ring which had belonged to her great-grandmother.

The feminine attendants wore gowns of yellow voile over taffeta styled with empire waistlines and gathered skirts. They wore white crocheted hats and gloves and carried nosegays of mixed

spring flowers. The reception honoring the bride and groom was held immediately following the ceremony. Guests were registered by Mrs. Larry Bain.

The bride's table was laid with white satin and net and held an arrangement of yellow pompon chrysanthemums and daisies with flanking candelabra. The 3-tiered wedding cake was decorated with yellow rosebuds and topped with a

Mrs. Lenney Ray Petree
... nee Jan Welch

miniature bride and groom. Miss Kathy Anderson of Plains and Mrs. Calvin Smith of Canyon resided at the silver appointed table.

Misses Joan Gail Brookfield and Kathy Cook of Friona were at the groom's table.

For traveling the bride wore a mint green linen dress with matching accessories. Her orchid corsage was lifted from her bridal bouquet.

The couple are both students at West Texas State University.

Miss McBride Places 5th In State Meet

Final results have been received concerning the State 4-H Public Speaking Contest held recently at Texas A & M.

Martha Ann McBride, daughter of Mr. and Mrs. Juston McBride, placed 5th out of 25 contestants.

Her speech was entitled "Will There Be A Silent Spring?"

legion cancels 1 18 bodoni

Legion Cancels July 4 Picnic

The American Legion and Auxiliary picnic scheduled for Saturday has been cancelled, according to Mrs. S. T. Wiseman, auxiliary president.

The event has been cancelled due to other activities scheduled that day.

The lowest spot on earth is the shore of the Dead Sea, between Jordan and Israel. It is 1,292 ft. below sea level.

PAELLA — Made with seafood and vegetables from the freezer in a special porcelainized cast-iron paella dish.

LET'S COOK SOMETHING

Paella Is A Party Dish

By Cecily Brownstone
Associated Press Food Editor.

If you are looking for a range-top main dish that will serve a party of eight to ten (second portions included), you may want to try this Seafood Paella.

This Paella is made a convenient way — with seafood and fish, onion and green pepper, peas and artichoke hearts all from the freezer. You can do your shopping ahead.

One of the new paella dishes, cast iron coated with porcelain enamel, is perfect to use for this recipe. But if a paella dish isn't on hand, you may use a shallow range-top casserole. No cover for the cook-and-serve dish is necessary.

SEAFOOD PAELLA

- 1 package (8 ounces) frozen lobster tails
- 1 package (1 pound) frozen fish fillets — ocean perch, cod, haddock or flounder
- 1 package (1 pound) frozen cleaned, peeled shrimp
- 1/4 cup olive oil
- 1/2 cup frozen chopped onions
- 1/2 cup frozen chopped green pepper
- 3 cups uncooked converted-type rice
- 5 bottles (each 8 ounces) clam broth
- 2 medium tomatoes, peeled and diced
- 1 can (4 ounces) pimientos, drained and cut into strips
- 1/4 teaspoon ground saffron
- 1 bay leaf
- 1/4 teaspoon black pepper
- 1 package (10 ounces) frozen peas
- 1 package (9 ounces) frozen artichoke hearts
- Salt to taste

Thaw lobster, fish fillets and shrimp according to package directions. If necessary, partially thaw vegetables to separate pieces.

Remove shells from lobster; cut into thirds. Cut fillets into 1-inch pieces.

Heat oil in a 3 1/2-quart paella dish or shallow range-top casserole. Add onion and green pepper; cook gently until thawed and tender. Add rice and cook, stirring, until evenly coated with oil. Add clam broth, tomatoes, pimientos, saffron, bay leaf and

Mrs. Gordon Is Shower Honoree

A post-nuptial shower honoring Mrs. Tommy Gordon, the former Miss Janice Higgins, was held Monday in the home of Mrs. Hilton Higgins, Route 4.

The honoree is the daughter of Mr. and Mrs. A.B. Higgins, Dawn.

Parents of the bridegroom are Mr. and Mrs. F.T. Gordon of Florida.

Co-hosting the courtesy with Mrs. R.B. Hutson were Mrs. J. B. Noland, Mrs. J.J. Durham, and Mrs. G.W. Newsom.

Corsages of daisies were presented to the honoree, her mother, and a sister-in-law, Mrs. Robert Higgins.

The serving table was covered with a re-embroidered gold nylon cloth over satin and centered with an arrangement of daisies and white tapers. Refreshments of cookies, cheese rolls, banana bread, and sandwiches were served from crystal and silver appointments by Mrs. Robert Higgins.

Approximately 45 guests attended or sent gifts.

Born to the saddle, Havasupai Indians of the Grand Canyon would rather ride than walk when visiting only two houses away. Some tribesmen own as many as 40 horses, according to National Geographic.

Hereford Woman Is Dist. VFW Prexy

Mrs. Wayne Driskill of Hereford was installed as District 13 President in ceremonies Sunday morning which concluded a 4-day VFW State Convention in Amarillo.

Others attending the event from Hereford were Mr. Driskill, C. L. Walker, Mrs. Leonard Davis, Mrs. Frances Parker, Mrs. Beatrice Cox, Mrs. Jim Loving and Mrs. Harry Coffin Jr.

Gov. Preston Smith and Congressman Bob Price were featured speakers in the opening session of the 50th annual event at the Civic Center Friday.

Other events included a memorial service, the Miss VFW contest and a Western dance. Auxiliary events Friday included hospital and youth activity workshops, department president's luncheon and afternoon workshops on membership, programs and community service.

Ted C. Connell of Killeen, past national VFW commander in chief and a presidential adviser on Veterans Affairs during the Johnson administration, was the speaker for the awards banquet Saturday night.

Elections and business meetings took up the final day of the golden anniversary convention which drew more than 4,000 VFW members to the city.

Cliff Teer of Waco is the new state commander and Mel Stanley of San Angelo was elected Texas senior vice commander.

Other officers included Dan Reyna of Raymondville, junior vice commander; Billie Borris of Austin, quartermaster; Julius Neunhoffer of Kerrville, judge advocate; The Rev. Ed Haffner of Brownwood, department chairman; Clyde Hall of Lubbock, department surgeon; Raymond E. Wood of Dallas, chief of staff; Martin Lambrecht of San Antonio, inspector, and F. M. Robinson of Austin, assistant adjutant. New National Council member is Ed Krenick of Austin.

The organization's women's auxiliary, meeting with the main Texas branch of the VFW at the Coronado Inn, also elected

ed officers. Mrs. Janis Ashworth of Port Arthur was elected president.

Others are Mrs. Fred Williams of Lubbock, senior vice president; Mrs. Anne T. James of Sherman, junior vice president; Mrs. Teer, chaplain; Mrs. Adele Binford of Dallas, treasurer; Mrs. Cecil H. Rhodes of Amarillo, department conductress; and Mr. Archie C. Smith, of Fort Worth guard.

Gertrude Tackitt Buried Monday

Funeral services for Mrs. Gertrude Frances Tackitt, 88, who died at 8 a. m. Saturday in a Sayre, Okla. Hospital, were conducted at 2 p. m. Monday in Rose Chapel of Gilliland Funeral Home.

The Rev. Clifford Trotter, pastor of the First United Methodist Church, officiated. Burial was in West Park Cemetery.

A resident of this area for 40 years, Mrs. Tackitt had made her home in Erick, Okla., with a daughter for the last several years.

She was born in Lauderdale County, Ala. and was a member of the First Methodist Church in Erick. Her husband, Frank Tackitt, died in 1963.

Survivors include a son, Frank J. Tackitt Jr. of Gresham, Ore. (four daughters, Mrs. Billy Lackey of Altus, Okla., Mrs. Irma Withrow of Grand Junction, Colo., Mrs. Vern Rosson of Erick, and Mrs. Guin Torbit of Hereford; five sisters, Mrs. Ida Riley of Liberty, Mrs. Val Smith and Mrs. Caddo Cheney, both of Okla. City, Okla., Mrs. Vera Reinhardt of San Antonio and Mrs. Pearl Culbertson of California.

Pallbearers for the service were T. J. Parsons, Charles Bell, Bernard Kimmy, V. P. Walker, John Lakey and John P. Torbit.

Sally Whiteside Mahan Graduates From Texas

Sally Mahan, daughter of Mr. and Mrs. C.R. Whiteside of Hereford, received her Master of Arts degree recently from the University of Texas at Austin. She was one of 136 Texans to receive their degrees from the University's Graduate School.

Mrs. Mahan was a 1963 graduate of Dumas High School. In 1940 a family could select from about 1,000 food items. Today the average supermarket has 8,000—many of which were not even available ten years ago.

HOW TO BE SURE YOU GET PERFECT-EATING MEATS EVERY TIME:

- 1 DEMAND USDA CHOICE GRADE**
The grading done by experts licensed by the U.S. Department of Agriculture is the only impartial meat grading. They award USDA CHOICE grade only to meat of top eating quality. This official grade gives dependable quality assurance. ("Grade A" is not a USDA grade. Neither is "USDA Star Beef," nor the retailer-named beef and packer-named beef being offered in this area. USDA GOOD Beef is a lower grade than USDA Choice.)
All cuts of Safeway Beef and Lamb are graded USDA CHOICE.
- 2 CHECK THE WAY MEAT IS TRIMMED**
Many markets leave lots of fat and bone and gristle on their steaks, chops and roasts. Customers buying these cuts pay steak, chop and roast prices for portions that are tough to eat or cannot be eaten at all. Smart homemakers know that because they have not been properly trimmed.
All Safeway meats are close-trimmed for better value and perfect eating.
- 3 WHERE SATISFACTION IS GUARANTEED**
Since most meals are planned around meats, you are entitled to complete satisfaction with every purchase. And certainly you shouldn't have to argue about a refund if any cut fails to please.
If ever you are not pleased with a Safeway meat purchase, just tell us and get all your money back. No need to return the meat.

At The Library

The Danger Of Using Pesticides

Worried about the use of pesticides? Want a safer method of pest control? Available this week at the Deaf Smith County Library is a book which tells the citizen what he can do today to change the situation of pesticides being used harmfully. Check into it today!

SINCE SILENT SPRING

By Frank Graham, Jr.

Rachel Carson's Silent Spring appeared in 1962 and was immediately recognized as one of those rare books which change the course of history. Its publication was greeted with a roar of protest—and of approval. Alarmed manufacturers of pesticides first tried to prevent the book's publication, then turned batteries of publicity agents to smearing book and author. Yet after seven years at the heart of controversy, Silent Spring stands vindicated, a prescient warning of things to come.

In *Silent Spring* Frank Graham describes the background of a remarkable woman and scientist, the genesis of her book, and her reaction to the great controversy. He goes on to tell how the pesticide question stands today. He reports the mounting evidence, world-wide, that confirms the dangers Rachel Carson saw—and the essential questions which still have not been studied.

This is a guide of the embattled citizen. Agency by agency, Mr. Graham outlines the contradictory policies of government. Here are the facts behind the Mississippi fish kills, the fire any program, herbicides in Vietnam, aerial spraying, and the conflicting policies of the Department of Agriculture.

Mr. Graham shows what the citizen can do now, today, to change the situation and reports the scientific advances (still pitifully few and ill-supported) which give promise of safer and

more practical pest control.

NEVER SLEEP THREE

IN A BED

by Max Braithwaite

There were ten Braithwaites. Mary and Warner — and their eight children — five boys and three girls. Max, sixth in the family line-up, was a fat, rather anxious little boy, unshakably determined to prove that he could do everything as well as anybody. How — and why — he couldn't is the main theme of this rollicking bitter-sweet memoir of Max Braithwaite's childhood in western Canada.

Set in the first quarter of the twentieth century, his autobiography moves from the tiny town of Nokomis, 'best in the West,' to Prince Albert, and thence to Saskatoon. It is not only an exuberant record of a remarkable family—it is also an exhilarating journey into a vigorous past that might have happened in any small town of the United States. Here are recreated the joys and terrors of an old-fashioned Halloween; the pain of school-days, when such phenomena as teenagers and juvenile delinquents did not exist; the honest pleasure of learning about sex from one's peers—and the horrific experience of being told about sex by one's parents; the hazards and satisfactions of harvesting on a prairie farm. Not to overlook the reasons why one should never sleep three in a bed!

Max Braithwaite has a unique capacity for being both tender and caustic—both nostalgic and uncompromisingly honest. He brings to vivid life the cozy, bigoted, essentially innocent world of his youth. His reminiscences are both highly entertaining and unexpectedly thought-provoking.

The United States has nearly 2.3 billion acres of land. Of this, about 630 million acres are suitable for regular cultivation.

By BARBARA SWIMMER
Women's Editor

Because of the valiant deeds of heroic ancestors, Americans enjoy all the blessings of Liberty. The National Society of the Daughters of the American Revolution was founded to perpetuate the memory and spirit of these men and women of vision and courage from whom we descended.

Members of Los Ciboleros Chapter of DAR have made plans to observe July 4 and will participate in the patriotic parade Saturday morning. They urge all citizens to join them as an inspiration to all who love our great country.

The local chapter became affiliated with the National Society of DAR on April 19 when the annual meeting was held in Washington D. C., attended by approximately 4,000 officers and delegates.

The national membership is about 187,000 in 3,000 chapters throughout the 50 states and District of Columbia and includes overseas units in several countries.

The historic Ciboleros Mexican buffalo hunters, for whom the chapter was named, began coming on the Caprock, which is now Norton, N. M., in large numbers before 1800. It was just west of the Deaf Smith County line and proceeded eastward on the ridge between Tierra Blanca and Palo Duro Creeks, straight down the ridge to Hereford.

At times the hunters used the bow and arrow, but often the lance, with which they quickly killed enough buffalo to supply their season's food.

In the early history of DAR, we learn that three meetings were required to complete the organization of the National Society, Daughters of the American Revolution; and at the third meeting, which was held at the home of Mrs. William D. Cabell (Mary Virginia Ellet) in Washington on Oct. 18, 1890, the colors of Washington's staff (dark blue and white) were chosen for the rosette and a seal and motto were decided upon. The motto was *Amor Patriae*, but in a

few weeks it was changed to "Home and Country." A seal bearing the image of a woman seated at a spinning wheel was adopted. The seal was twice modified.

The present seal conforms to the NSDAR Bylaws, which provide that the seal of society shall be charged with the figure of a Dame of the period of the American Revolution sitting at her spinning wheel, with 13 stars above her, the whole surrounded by a rim containing the name, the motto and dates '1776' and '1890.' The young woman who sat for the

sketch of the "Dame" was Miss Melkleham, one of the great-granddaughters of Thomas Jefferson.

The design of the insignia was invented by Dr. George Brown Goode, at that time Chairman of the Advisory committee of the National Society, and connected with the Smithsonian Institution, where he had his office.

The spinning wheel now on view in the DAR Museum is the one that had belonged to Dr. Goode's mother, from which he made his original sketch.

There is appealing symbolism

in the component parts of the designs of the Seal and Insignia of the National Society. The figure of the woman and of the spinning wheel represent the home, which is indeed the foundation of this nation. Most of the elements of good that favorably influence our national life come originally in some identifiable form from the American home. Herein, learning begins and education has its origin.

The stars on the Seal and the Insignia represent the 13 original states. They also signify our nation's history, and can be thought of, too, as representing

the idealism of true freedom, and the highest aspirations of "the men and women who achieved American Independence," and all those who have endeavored to preserve the freedom and independence of this great country.

The rim of the spinning wheel is an endless circle, and we may think of this as the necessity for endless patriotism in the strong support and progress that must never come to an end if this "democracy in a republic" is to continue for all time for all Americans. If the rim weakens and breaks, the usefulness of the wheel is lost.

Officers of the local chapter include Mrs. Jess Robinson, regent; Mrs. Earl Holt, vice regent; Mrs. Alfred Smith, re-

cording secretary; Mrs. Sue James, treasurer; Mrs. Tom Carter, registrar; Mrs. Charles Bell, historian; Mrs. H. M. Boozer, librarian; Mrs. V. O. Hennen, parliamentarian; and Mrs. Tom Sawyer, chaplain.

Other members include Mmes. Robert Cox, Stan Knox, L. W. Norvell, Van Osborn, Joe Reinauer, Jeff Smart, Roy J. Smith, James E. Wilson and Miss Mildred Elliott.

India's railroads suffered over \$360,000 in losses due to violence in different parts of the country in 1969 and the first month of this year, Railways Minister G. L. Nanda told Parliament. The violence was the result of communal rioting, banditry and vandalism, he said.

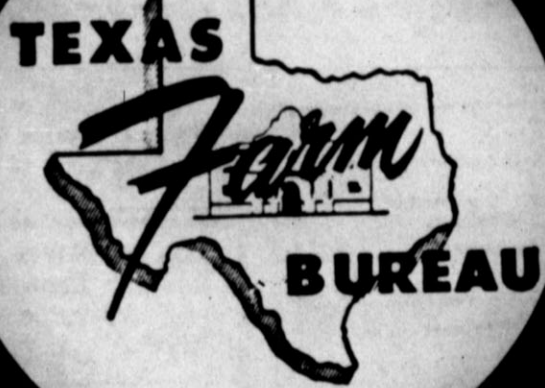

BRING OUT THE BEAR IN THE OLD MAN

Next time your man goes off hunting or fishing, do Smokey a little favor. When you cuddle close to say goodbye, whisper softly in your favorite ear: "Remember dear, only you can prevent forest fires."

THE HEREFORD BRAND

Editorials

The Hereford Brand, Hereford, Texas, Thursday, July 2, 1970 Page One

It's Too Good To Pass Up

The play "Texas," a musical characterization of Panhandle history, is underway again this summer in Palo Duro Canyon State Park.

It's an evening worth spending, and from Hereford it's only a short drive. You can get there in less than an hour.

The setting is in the canyon itself, with the steep 600-foot bluff behind the stage lending an air of credibility to the struggles of the settlers.

A wave of 75 singers and dancers—including one Hereford boy, Larry Kuper—reach into the past to reveal life in this area as it used to be.

Again, it's a booming good show. Especially in the sound effects and lighting department. When the play calls on a thunderstorm to hit, you'll swear you're in the middle of one and be

amazed no rain is falling. It's something that can't be adequately described. You have to see it.

A barbecue dinner is served before each performance from 6:45 to 8 p. m., with the show beginning at 8:45 p. m. Entrance to the park, about 15 miles east of Canyon on Farm-to-market Road 217, is \$1 before 6 p. m. and free afterward.

Tickets to the outdoor amphitheatre, open every night except Sunday through Aug. 31, are being offered this year through the local Chamber of Commerce.

Good For Any Driver

Most people who have been driving a car for years are pretty arrogant about it. They may not mean to be, but still they believe they know about all there is to know about cars and how to operate them — especially if they've never had a serious accident.

They may be right about that and still benefit enormously from a refresher course in driving. It's amazing how many traffic laws there are that even the most experienced of drivers don't know about. There are common-sense safety practices, too, that many people wouldn't think of unless someone called them to their attention.

As our streets and highways become more and more congested it becomes increasingly important to drive safely and defensively. Anyone who drives would benefit from a refresher course.

Wichita Beacon

Being Two-Faced

By this time only hermits must be ignorant of the fact that the government is putting on an intensive campaign to discourage Americans from smoking. Congress appropriated \$2.6 million in the anti-cigarette campaign, which is fine with us. Americans, especially young ones, should be warned against the danger of tobacco. But to put it bluntly, Congress is being utterly two-faced about this whole business.

It has appropriated \$73.2 million to encourage the consumption of tobacco in this country, to be sure, but among friendly nations abroad. Congress has authorized shipping to the poor abroad, under the Food for Peace Program, \$31.3 million worth of tobacco. It also has appropriated \$27.9 million to subsidize tobacco exports and most monstrous of all \$240,000 for cigarette advertising in other countries.

— Grand Rapids (Mich.) Press

Highlights and Sidelights FROM YOUR STATE CAPITOL

BY VERN SANFORD

AUSTIN, Tex. — A governor's committee has come up with proposals to withhold state money from segregated school districts and to create a Texas fair employment commission and department of housing.

Far-reaching recommendations in other areas were offered by the 50-member Governor's Committee on Human Relations which also urged that a permanent commission with increased funds and power be set up in the civil rights area.

A sub-committee panel was told there are 36 Texas school districts which have at least one all-Negro school. State funds finance about 80 per cent of school operations.

Dr. Abner McCall, president of Baylor University, Waco, led an unsuccessful flight to defeat the recommended cut-off of funds, arguing that the action would "punish children," not responsible officials. McCall said the remedy for segregated schools lies in federal courts.

All recommendations of the Committee, when finally drafted, will go to the Legislature, where many obviously will face cool reception. Among the proposals were these:

—Adoption of state housing and building codes;

—Open housing legislation and state aid on low-cost housing;

—Review of school textbooks to eliminate those which are "culturally or historically biased";

—Free lunches in schools for needy;

—A state minimum wage law in line with federal scales (now \$1.00 an hour);

—Broadened vocational technical education;

—Establishment of a civil grievance mechanism;

—Review of methods of juror selection in trials to eliminate racial discrimination;

—Better training for all police officers and more rigorous selection and review procedures for officers;

—Study of more humane crowd control methods, prompt punishment for police brutality and strengthened community relations programs for police and prosecutors.

NEW VOTERS UNDER 21?—Secretary of State Martin Dies Jr. calculates there could be as many as 395,000 voters under 21 added to Texas registration rolls if the federal 18-year-old vote act stands.

The state's chief election officer cited the Bureau of Census and University of Texas studies estimating there are approximately 594,000 Texans who are over 18 and under 21. About 66 per cent of eligible voters of all ages now register and in general elections about 75 per cent of those registered actually vote.

Dies predicted the U. S. Supreme Court will rule on the constitutionality of the new federal acts before January 1, its effective date. He said he hopes the ruling will be before October 1, start of the state's voter registration period for the 1971 voting year.

If there is no decision by that time, Dies said, problems will be created for registrars. In event the statute is ruled unconstitutional after October,

tax-assessors would have to go back and remove newly-added names of 18 to 21-year-olds.

COURTS SPEAK—U. S. District Judge Jack Roberts in Austin held that a suit for libel and slander brought by a former Richmond State School superintendent against state mental health-retardation officials posed no substantial federal question.

The state has appealed to the U. S. Court of Appeals in New Orleans a June 1 ruling by Federal Judge Reynaldo Garza at Brownsville taking jurisdiction in Platoro Inc. suit claiming treasure it recovered from Padre Island shipwreck.

The State Supreme Court set arguments for July 2 on whether irregularly scheduled charter buses need state permits to operate outside city limits.

A federal court in Albuquerque granted a temporary order restraining New Mexico ranchers and cattle raisers from spraying insecticide toxaphene on 2,000,000 acres of land which is a portion of the Canadian River inter-state watershed from which 11 Texas cities get their water supply in Moore, Hutchinson and Potter Counties.

Atty. Gen. Crawford Martin is appealing a Dallas federal court decision that Texas' abortion laws are unconstitutional.

AG OPINIONS—Coordinating Board, Texas College and University System has no statutory authority to fix enrollment limits for public colleges and universities, Attorney General Martin has held.

In other recent opinions, Martin concluded that:

The Texas Department of Correction is authorized to make application for a permit to conduct a barber school and receive a license on meeting rules.

The sheriff of Harris County is authorized to seize goats running at large in the county and impound them at fee.

PATROLMEN STAY—Governor Smith concurred in the Department of Public Safety's recommendation that Highway Patrolmen Jerry Byrd and Kenneth Stafford be retained on duty in the Mathis area.

The Mathis City Council has asked that the patrolmen be removed for beating prisoners. San Patricio County grand jury later found the officers guilty of no wrong and handed them commendation for "excellent work."

Smith produced a thick file of eyewitness affidavits stating the officers were trying to restore peace and that the prisoner who was "slapped" was struggling and cursing.

Mathis Mayor Winston Bott took strong exception to the finding and said he would appeal to federal agencies for investigation.

NEW YORK LAWYERS ARE GIVEN A LESSON

DELEGATION RED-FACED AFTER WILLIAMS' VISIT

By HENRY CATHCART
Central Press Washington Correspondent

WASHINGTON—A large delegation of New York lawyers who, amid much fanfare, traveled to Washington to lobby against U.S. intervention in Cambodia, learned a rudimentary lesson in case preparation from a senator from Delaware.

During their presentation in favor of the Cooper-Church amendment to Sen. John Williams, D-Del., the lawyers argued that stopping pay for soldiers in Cambodia would not affect the current effort there because the amendment would not become effective until July 1, the deadline President Nixon has set for American withdrawal.

The veteran senator, who will retire next year to his Delaware chicken farm, advised the big-city lawyers that the amendment would become effective on the date of enactment.

Much to Williams' surprise, the lawyers took exception to his point, referring to a New York Times description of the amendment. "Have any of you gentlemen read the amendment in question?" Williams asked the lawyers.

None had. He gave them copies. The lawyers expressed surprise and admitted that their misunderstanding of the amendment could change their position on it.

(A week later the Senate modified the amendment to make it conform with the President's declared intention to withdraw U.S. forces by July 1.)

After the session, Williams said he had told the group: "I only hope that in preparing cases for your clients that you not prepare them based entirely on what the newspapers say..."

Red-faced, the lawyers thanked the senator and departed.

BLACK MILITANTS in Washington are receiving training in the use of shotguns and high-powered firearms through a gun club affiliated with the National Rifle Association.

While no doubt embarrassing to the NRA, the leader of Washington's Black United Front proudly acknowledged the tie, after reporters questioned him about references to gun training in a recent speech.

The Rev. Douglas Moore had told a student audience that, instead of demonstrating against Cambodia and the Kent State slayings, his followers were "in the woods" practicing. "You should have seen a 13-year-old sister use a 12-gauge shotgun," he said.

Then, Moore appealed for money to buy guns and ammunition for target practice and "to shoot white rats."

When questioned about the gun training, Moore said his organization is utilizing the "good American principle" of using guns "for sporting purposes."

THE UNITED STATES NAVY, disturbed over spiraling drug abuse among naval personnel, is pushing educational programs to cut down drug use.

A surprising 3,500 men were discharged last year because of drug abuse.

Capt. Thomas Parham, a Navy chaplain and assistant to the chief of personnel for human relations, is traveling to large naval installations throughout the world, alerting senior officers to the magnitude of the problem and the concern of the Defense Department.

FORCED UNIONISM IN GOVERNMENT

If the American people are interested in protecting the right to work they will strongly protest against the postal "reform" bill approved by the Senate Post Office and Civil Service Committee and backed by the Nixon administration. If the current version of this bill is approved, it is virtually certain that compulsory unionism in time will become the rule in government employment and the rights of federal employees will be threatened.

There is talk that the postal bill is a "compromise." Close examination shows that it is nothing of the sort. Sacrificed will be government employees' right to work. Tragically, the administration is opening the door to forced unionism in the federal service.

It is astonishing and shocking that the Nixon administration should accept the principle that a union shop is a negotiable issue for collective bargaining by government workers. Yet this is what the administration has done.

There is a provision in the postal bill which provides for compulsory arbitration on issues on which an impasse has been reached. This means that if an issue reaches the compulsory arbitration stage, which is likely, the decision is in favor of the unions, a union shop would be established for postal workers. And if a union shop is approved for the postal service, one can be sure that it soon would be approved for every branch of the federal service.

In accepting this provision, the Nixon administration rejects the Republican Party platform, which stressed a public worker's right to refrain from joining a public employee union. The right to work, insofar as government employees are concerned, is a right to seek and maintain employment without the OK of any labor organization. Big Unionism believes that it "owns" jobs in business and industry. It op-

poses right-to-work laws for the states. It is unthinkable that a U. S. citizen should have to belong to a union in order to work for his country.

It is terribly important that the union shop issue in the postal service be spelled out with total clarity so that the American people will understand what is proposed. It is simply that an American citizen, in order to keep his job with Uncle Sam, would have to join a union.

That, I submit, is unconstitutional and should be resisted in the Congress by all parliamentary means. If those means fail, the union shop provision should be challenged in the courts. Next thing you know, there will be pressure to have a union of servicemen—as is being attempted in West Germany—with union officials challenging the authority of commanders and the state itself.

George Meany, head of the AFL-CIO, has been perfectly candid regarding his objectives. He told the House Post Office Committee last spring that he regards the postal bill as "only the beginning." If Big Unionism can get its foot in the door at the Post Office Department, he will try the same tactics elsewhere in government. As he put it, his organization will strive for the same degree of collective bargaining "for all civilian workers of the federal government."

In withholding the union shop provision from postal workers, the Congress certainly wouldn't be denying the postal workers any benefits. On the contrary, Congress would be protecting them against forced unionism—against compulsion exerted by union bosses.

Insofar as the nation is concerned, there is no obligation whatsoever to approve a union shop. Government employees are in a different relation to their employers than are workers in private enterprise. The American people, acting through the agency of the Congress and the Executive Branch, are the employers of federal workers.

THE GOOD EARTH CRUSADE

Conservation No Longer a 'Safe' Issue

By JOE WING

Maybe you should stop worrying so much about the Black Panthers or the White cross burners and save a little time for the Green Panthers.

And who might the Green Panthers be?

Says Phillip Berry, president of the hard hitting Sierra Club: "You can hear talk on the fringes of the conservationist movement about activating the green panthers."

The green panthers, he intimates, would be sort of a shock troop for the movement. He has tents to add:

"I don't condone violence but if by the end of this generation we can't lick the population problem and change the prevailing attitude towards use of land, water and air there will indeed be violence. I wouldn't be surprised in that case, to see angry young conservationists with machine guns walking into corporate offices."

In the same vein a college student, Tony Wagner, writing in a Sierra Club paperback book, Ecotactics, speaks of "the ecology of revolution," and adds:

"Why are so many young white radicals turning to tactics of violence? Many of us, if we are honest with ourselves, feel hopeless—afraid that there will be no future. It is our growing sense of hopelessness and frustration which leads us to resort to violence."

In another current paperback, Earth Read-Out, Keith Lampe notes that "Competition (capitalism) must be phased out and replaced with cooperative economic models."

DID YOU KNOW?

At birth, a whale may be half as long as its mother, making it the world's biggest baby.

One prehistoric turtle had a shell 12 feet in diameter, weighed about three tons.

Scientists think the Mayan empire fell because it failed to follow good farming practices.

Activism today...

... militantism tomorrow?

models." Speaking from his office in San Francisco, Mr. Berry, a 33-year-old trial lawyer, talked like an angry young man himself.

"If there ever was an issue worth going to war on, it's this one," he said. "We really are in a crisis. If the doomday predictors are not absolutely right, they have a clearer picture of the situation than many of the business-as-usual industrialists."

The doomday predictors are

scholars who have been foretelling the end of men on earth unless they cleanse the environment.

NEW BOOK

Alive in the Wild, edited by Victor H. Cahalane and illustrated by Robert Candy, provides handsome and fascinating closeups by close-to-nature servants on 35 living birds and beasts. Prentice Hall \$9.95.

Since Mr. Berry became president of The Sierra Club about a year ago he has "tried to make it as tough as it should be," through lawsuits, publications and other means. He has been stumping the country for a national code requiring corporations to protect the environment from production to disposal of their products.

Another widely known conservationist, Dr. Elvis J. Stahr, president of the National Audubon Society, and former presi-

dent of Indiana University, also discusses readily the chances for violence.

"It could happen eventually," he told me recently. "We have won victories in the past year that could not possibly have been won before. But the question is if the changes will be made fast and deep enough."

In a recent issue of the once staid Audubon magazine it was noted that "Now, suddenly, everybody is an ecologist. It may be that some of our new found friends in the political arena have joined us because they believe conservation is a 'safe' issue. If so, they'll be dropping us fast!"

Dr. Stahr continued in his conversation with me:

"Sometimes a little peaceful demonstration doesn't hurt anything, but it is extremely difficult to control if somebody wants to get it out of control. We don't approve of violence at all by anybody, but we do encourage people to tell officials what they are thinking."

If the thought of student radicals taking up the conservation cause tends to turn you off, as it seems to have turned off some people, better think twice.

The cause is too important for discard because of personal antipathies. And the campus conservationists need help. They get enough censure from some of their own peers who suspect them of turning bird watcher to escape "real" issues like Vietnam and civil rights. Actually conservation is so basic that even wars and rights fade when set beside it in the big picture of the future.

As Mr. Berry says, "it has to do with life itself."

WHAT YOU CAN DO

Your small, individual clean-up and conservation efforts are important. They won't save the world by themselves but they provide personal satisfaction as well as good examples for others. Don't slough off!

Miss Janice Lea Edwards Weds Butch Brorman

Miss Janice Lea Edwards became the bride of Alfred B. "Butch" Brorman in a double ring ceremony at 6 p. m. Wednesday in St. Anthony's Catholic Church. The Rev. Simeon Heine officiated and was celebrant of the Nuptial Mass. Mark

and Steven Brorman, nephews of the bridegroom, were acolytes. Parents of the bride are Mr. and Mrs. Calvin Edwards, 518 Star. Mr. Brorman is the son of Mr. and Mrs. Joe Brorman, Route 1.

Baskets of white gladiolas formed a background for the candlelight ceremony.

VAL LACE TRIMS GOWN

Given in marriage by her father, the bride was lovely in her formal Victorian styled gown of silk organza delicately detailed with rows of sheer val lace and embroidered organza. The bodice was highlighted by a lace V shaped yoke terminating in a point at the softly gathered waistline. Bands of lace circled the skirt and were repeated on the chapel-length Watteau train.

Her tiered veil of imported illusion was caught to a tiara of Chantilly lace encrusted with seed pearls and crystals and she carried a cascade of pink cymbidium orchids and white miniature carnations.

Mrs. Herman Jesko of Lubbock served her sister as matron of honor and bridesmaids were sisters of the couple, Miss Karen Edwards and Miss Helen Brorman.

The attendants wore formal pink empire gowns fashioned with floral bodices of silk organza and peau de soie skirts.

Pink satin bows with brief veils made their headpieces and they carried pink carnation nosegays.

BROTHER SERVES AS BEST MAN

Lawrence Brorman served his brother as best man. Mark Ben-

ner and David Spinhrne were groomsmen. Ushers were Wayne Edwards of Canyon, Herman Jesko of Lubbock, John and Ray Brorman, both of Adrian.

Mrs. Jim Cramer, organist, played the traditional wedding marches and accompanied Mrs. Elbert Vane as she sang "On This Day Oh Beautiful Mother," "What Could My Jesus Do More?" "Whiter Thou Guest" and "Mother At Thy Feet."

The bride and groom were honored at a reception following the ceremony in the Knights of Columbus Hall. Guests were registered by Mrs. Bonnie Hucker.

A pink satin cloth with a gathered pink net overskirt covered the serving table which held the 4-tiered wedding cake, topped with the traditional bride and groom. Mrs. Wayne Edwards, Mrs. Frank Brorman, Mrs. Don Davis and Mrs. Bill Price served cake and punch from crystal appointments.

Assisting in the houseparty were Misses Barbara and Margaret Paschel, nieces of the bridegroom.

For a honeymoon trip to Red River, N. M., the bride's traveling ensemble was a 2-piece knit dress with white accessories. Her orchid corsage was lifted from her bridal bouquet.

The bride is a recent graduate of Hereford High School and is employed by J. C. Penney's. The bridegroom attended HHS

and is engaged in farming north of Hereford.

Out-of-town guests were Mrs. and Mrs. Herman Jesko. Mrs. L. B. King and Mrs. G. L. Byers, all of Lubbock; Mr. and Mrs. Wayne Edwards, Canyon; Mrs. George Ward, Lynwood, Wash; Mrs. Charles King and Mr. and Mrs. Jack Galaway Jr., Amarillo; Mr. and Mrs. Marvin Batenhorst, Copperas Cove, Tex.; and Mr. and Mrs. Larry Wleck and family of Dalhart.

Shower Honors Deborah Hodges

Complimentary to Miss Deborah Hodges, bride-elect of Craig Fuller, a kitchen shower was given Monday evening at the First National Bank Party Room.

Hosting the courtesy were Misses Laurel Davis, Terie Beth Line, Cindy Lea, and Carmen

Malouf.

Guests were registered by Miss Cindy Lea.

Crystal appointed the serving table which was covered with a white linen cloth. Chartreuse candles held by a crystal candle holder and an arrangement of chrysanthemums centered the serving table.

Presiding at the table were Misses Malouf and Davis.

The honoree received guests with her mother, Mrs. A.E. Hodges.

For the evening, Deborah chose a one-piece yellow lineweave frock, fashioned with a long waistline and gathered skirt, and matching accessories. She wore a daisy corsage.

Approximately 30 guests attended.

46 Texans can live through this Fourth of July weekend. They should live. They deserve to be alive Monday after a relaxing holiday. But, according to estimates based on previous holidays in Texas, 46 Texans will die.

The Governor's Office and the Texas Department of Public Safety have urged motorists to DRIVE FRIENDLY. This means obeying state and local traffic laws, planning your travel so you won't

have to rush, avoiding driving and drinking. In other words, maintain a friendly driving attitude toward the other families who are also enjoying this holiday.

Most of the six million Texas drivers will be on the road at some time this holiday. If every driver makes an effort, 46 Texans can live. This weekend DRIVE FRIENDLY.

The Governor's Committee on Traffic Safety

A PUBLIC SERVICE MESSAGE BY THIS NEWSPAPER

46 Texans can live.

NOTICE TO ALL SYRACUSE CHINA OWNERS

The Syracuse China Company has notified all dealers that they will no longer make fine china and casual china. Special orders will be accepted for a short time subject to their stock on hand in the factory. This china will no longer be made — therefore should you need extras or fill-ins, contact us right away so we can have your order processed in time to be filled.

Miss Betsy Jarrett Is Bride Of Larry Moseley

Mrs. Larry James Moseley
... nee Betsy Jarrett

The Frio Baptist Church was the setting for an impressive wedding at 2:30 p. m. Sunday when Miss Betsy Ann Jarrett became the bride of Larry James Moseley. The double ring ceremony was conducted by the Rev. Sam Ogan, pastor.

The bride is the daughter of Buster Jarrett of Elfrida, Ariz. She makes her home here with Mr. and Mrs. Ernest Harder.

The bridegroom is the son of Mr. and Mrs. Jake Moseley, Route 1.

A heart shaped arch of greenery formed the background for basket arrangements of white gladiolas at the altar. Arrangements of greenery flanked the nuptial setting. A triple candelabra, where the couple lighted a memory candle, centered the altar.

Miss Jarrett was given in marriage by Mr. Harder and attended by Miss Linda Manley as maid of honor.

Dennis Moseley served his brother as best man and ushers were Norman Dean and J. D. Harder.

Little Miss Robin Baldwin, daughter of Mr. and Mrs. Eugene Baldwin, was flower girl and rings were carried to the altar on a satin pillow by Master Kevin Sparkman, son of Mr. and Mrs. Tommy Sparkman.

Candles were lighted by Miss Valerie Moseley, sister of the bridegroom and Miss Lynn Wright, the bride's cousin.

Mrs. Owen Andrews, organist, presented a program of nuptial music and played the traditional wedding marches.

Brial satin and illusion lace made the formal gown and chapel train of the bride. Lace covered the moulded bodice and made the long sheer sleeves which terminated with a point at the wrist. A lace panel in front, extended from the bodice to the formal hemline of the gown. Her 3-tiered veil of illusion was held by a crown of

although it depends on the dog and the comprehensiveness of the training. The training in some situations is only one month, he said, and some times lasts for six months.

TULL TO TOUR
LONDON—Jethro Tull has set its fourth U.S. concert tour for the middle of April through May.

Group leader Ian Anderson is usually singled out on lists of top pop flutists.

seed pearls and she carried a bridal bouquet of stephanotis centered by a cattleya orchid.

Her only jewelry, a diamond studded watch which matched her wedding ring, was a gift from the bridegroom.

The maid of honor wore a street-length princess styled dress of orchid crepe enhanced by matching lace on the bodice and extending to the hemline. A matching bow and brief veil made her headpiece and she carried a bouquet of white carnations.

A reception honoring the couple was held in the church Fellowship Hall where guests were registered by Miss Billie Kee.

White lace over orchid draped the serving table which held an orchid floral arrangement with flanking tapers. The 3-tiered wedding cake was topped with the traditional bride and groom. Misses Diana Lange and Billie Manion presided at the table.

For a wedding trip to Arizona, the bride traveled in an orchid brocade satin frock in A-line silhouette. She wore white access-

ories and an orchid corsage lifted from her bridal bouquet.

The couple will be at home in Hereford after July 10.

The bride is a senior student at Hereford High School and is employed by Harold Close Drug.

The bridegroom attended HHS and Amarillo Vocational College and is employed by Dick Norwood Chevrolet-Olds.

Out-of-town guests were Tommy, David and Roger Brown of Friona, Mr. and Mrs. Jimmy

Stockard and Tonya of Portales, Friona, Mr. and Mrs. Emil N. M., Mr. and Mrs. Roy Wright, Lynn and Susie of Canyon, Mr. and Mrs. Jim Beeson and Jane of Amarillo, Fred and Larry Jewel of Elida, N. M., Mr. and Mrs. Eldred Brown of Okla., Klemm of Ruidosa, N. M., Mrs. Spear of Dallas, Mr. and Mrs. Art Schmidt of Burlington, Colo. and Mr. and Mrs. Ewald Schmidt and Paulette of Clinton.

Dog Kennel Starts Here

A dog kennel has opened operation in Hereford.

Known as Belle Amie Kennels, it is located at 602-B Star Street, under the ownership of Kerry Thompson and his wife, Anne.

"We have purchased some show stock and will be specializing in Blue Merle Collies," Thompson said. His dogs will be entered in the show "circuit" that alternates between Amarillo, Plainview, Littlefield, Lubbock and other cities in this area.

For the time being, the Kennel has no facilities for taking care of animals for Hereford area residents who are leaving on vacations or other trips.

The Kennel's activities will consist of showing and grooming dogs, raising registered puppies for sale, and teaching

dog obedience classes.

"We hope to have facilities for boarding dogs (for owners who leave town and want their dogs cared for in their absence) by next summer," Thompson said.

His wife, 19, will be in charge of the kennel. She has working experience in Valley Rock Kennel in Mahopac, N. Y., where she was showing and grooming dogs.

Thompson said he and his wife just purchased a top dog for \$400 from Troy, N. Y., to start their line, and others will be purchased. The first puppies should be ready by Christmas, he said.

The first dog obedience classes will be started as soon as six or more dog-owners can be lined up. The average length of the classes is three months.

40 MONTHS GUARANTEE
WITH 16 MONTHS 100% ALLOWANCE

Foremost Protection Guarantee. Your Foremost tire protection guarantee covers all Foremost passenger tires (except our special high-performance tires) against all road hazard or defect failures. You are protected for the entire stated months of guarantee. If your tire fails during the guarantee period, return it to us and we will, at our option, repair your tire, or make an allowance based on the original purchase price, excluding applicable Federal Excise Tax, toward the purchase of a new applicable Foremost tire. We will allow 100% of the original purchase price, excluding applicable Federal Excise Tax, during the 100% allowance period. Thereafter, we will allow 50% or 25% of the original purchase price, excluding applicable Federal Excise Tax, toward the purchase of a new tire. (See chart below). Federal Excise Tax adjustment allowance will be made on the basis of the percent of the original tread remaining.

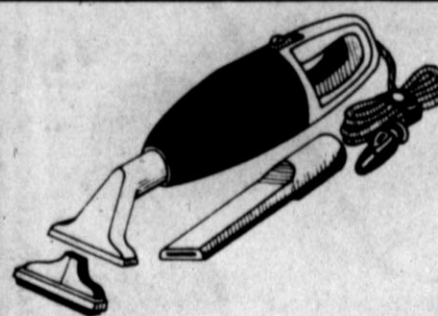

FOREMOST PROTECTION GUARANTEE CHART
HERE'S HOW YOUR GUARANTEE WORKS:

| Entire guarantee period | 40 months |
|-------------------------|--------------|
| 100% allowance period | 16 months |
| 50% allowance period | 17-27 months |
| 25% allowance period | 28-40 months |

Tread life Protection. We build into every Foremost tire safe traction indicators. They signal when your tire should be replaced. If your tire wears out (except for incorrect alignment) we will make an allowance based on the original purchase price, excluding applicable Federal Excise Tax, toward the purchase of a new tire. We will allow 1/3 during the first half or 1/4 during the second half of the stated months of guarantee. Federal Excise Tax adjustment allowance will be made on the basis of the percent of the original tread remaining.

This guarantee is not transferable. It is only for private passenger cars or passenger station wagons.

For Women

Bedroom Hide-A way For Those Who Have Space

You can have a beauty hide-away in your bedroom, if you can spare the space, 2 feet by 4 feet, advises well-known interior decorator, Michael Greer, who has designed such additions for clients.

"Women have told me that their husbands do not want to see powder, rouge, wig, eye-lashes, and so on, strewn about a dressing table — they don't want to see where it is all done," he says.

Greer has devised a number of solutions to the dressing table dilemma.

One of his favorite projects involves an area 24 inches by 48 inches. The project may be done

by a local carpenter of an experienced do-it-yourselfer (there are doors to be hung, and drawers to be built.) An interior designer might put the idea in perspective and handle the whole project, if one is at a loss to know how to begin, says Greer.

The hide-away may be placed neatly between two windows or at the corner of the room.

Plywood frames to the ceiling are 24 inches deep, and there are four doors — 12 inches each that form the closure of 48 inches across. They provide an additional 12 inches to the frame when they are folded and the area is being used. The dressing table top is 20 inches deep, and

the additional four inches between the table and door may be utilized for lever-type handles which Greer uses on such doors.

These basic dimensions may be used for various style tables. You may have drawers built to suit your needs, leaving room for your legs under the table. Greer used four drawers on either side of one larger one, but a woman might prefer to

have all the drawers on one side or one drawer may suit her purpose.

Greer used a large mirror, 32 inches across with 8-inch panels of translucent glass and light troughs on either side and across the top of the mirror. He decorated the translucent panels with stripes.

Flat narrow moldings were applied to the plain doors, and they were painted a contrasting color to the color scheme of the doors and room, and to match the three-quarter inch stripes on the drawers of the dressing ta-

ble. The ceiling molding should be made to conform to the new addition.

Greer used a buckram-backed silken embroidered valance at the ceiling molding for a very soft effect. You should make it look as feminine and luxurious as you can, he explains. Some women prefer special makeup light strips and these may be used around the mirror, if one prefers.

You can use any dressing table style that appeals to you. You may find a handsome ready-made table that will fit with-

in it. It will give you a good start and you can go on from there.

Greer, one of the best-known interior decorators, is author of the popular book, "Interior Design," which shows many simple ways to use functional ideas in a tasteful way. His clients include social and theatrical personalities. He was on the committee of the National Society of Interior Designers that decorated the diplomatic room of the White House during the Eisenhower and Kennedy administrations.

Letter To The Editor

Dear Editor:
First of all, let me say it is a privilege to live in a fine town such as Hereford.

The people are tops in every way. We have found everyone so friendly and of course we have also met a few old sore-heads along the way.

After having lived here for over 12 years, with the exception of a few months in 1963, we are finally being officially welcomed to Hereford and Deaf Smith County!

Our mail box is running over. We have been invited to attend nearly every church in town, except our own. We have, according to the various cards, gifts all over town.

Our oldest daughter will be a senior at HHS next year, our oldest son has been a member of Stanton Dodge Band for three years, and daughter No. 2 has been in band one year. Our other two sons have attended Alkman school for six and two years respectively. I have been an officer in Alkman P. T. O. for the last two years and also just completed the cosmetology course at La Plata Beauty School.

Again, we love Hereford and are proud to be part of such a vital and growing city so we say, to the fine businessmen, churches and others: Thanks, even though it is 12 years late.

Mrs. Tom Nance

**COMPLEXITY
FOR BUTTERFLY**
NEW YORK — Iron Butterfly, one of the best sellers of recordings during 1969, has replaced its lead guitarist Eric Brann with two lead guitarists: Mike Piner, formerly with the Blues Image, and Larry "Rhino" Reinhardt.
The idea is to produce a more complex sound. The first LP with the new personnel is to be called "Metamorphosis."
